

Colorado Revised Statutes 2025

TITLE 2

LEGISLATIVE

CONGRESSIONAL DISTRICTS

ARTICLE 1

Congressional Districts

Editor's note: (1) Colorado's apportionment of congressional representatives pursuant to the 2000 federal census increased from six representatives to seven representatives. In November 2002, Congressional elections were held in seven districts described in a redistricting plan created by the district court for the city and county of Denver and affirmed in *Beauprez v. Avalos*, 42 P.3d 642 (Colo. 2002). The districts, however, described in section 2-1-101 (1) were created in Senate Bill 03-352 for use in congressional elections to be held in November 2004 and thereafter. Senate Bill 03-352 was the subject of several court actions:

(a) *Keller v. Davidson* was filed in the district court for the city and county of Denver and subsequently removed to federal district court. On January 23, 2004, the district court denied a motion to file amended counterclaims and stayed the proceedings pending a final ruling in *Salazar v. Davidson*, discussed below. The district court opinion appears at 299 F. Supp. 2d (D. Colo. 2004). On October 15, 2004, the district court dismissed the matter.

(b) *Salazar v. Davidson*, case number 03SA133, and the related case of *Davidson v. Salazar*, case number 03SA147, were original actions filed with the Colorado Supreme Court. The Colorado Supreme Court held Senate Bill 03-352 unconstitutional and ordered the secretary of state to conduct congressional elections according to the plan approved in *Beauprez v. Avalos*. *People ex rel. Salazar v. Davidson*, 79 P.2d 1221 (Colo. 2003). The United States Supreme Court denied a writ of certiorari in *Colorado General Assembly v. Salazar*, 541 U.S. 1093 (2004).

(2) In *Hall v. Moreno*, 2012 CO 14, 270 P.3d 961, the Colorado Supreme Court ordered the secretary of state to implement the redistricting plan for Colorado's congressional districts adopted by the Denver District Court.

2-1-100.5. Legislative declaration. The general assembly hereby finds and declares that the state of Colorado shall be divided into districts pursuant to the official figures of the most recent decennial census of the United States. The general assembly further finds and declares that such figures are the most reliable data that the state has available and that the use of any other data or of any data adjustments may create a serious risk of inaccuracy and injustice in establishing congressional districts to represent the citizens of Colorado.

2-1-101.5. Definitions. As used in this article 1, unless the context otherwise requires:

(1) "Congressional commission" means the independent congressional redistricting commission created pursuant to section 44 of article V of the state constitution.

(2) "Major political party" means one of the two largest political parties as determined by the number of registered electors with each political party according to voter registration data published by the secretary of state for the earliest day in January of the year in which members of the congressional commission are appointed.

(3) "Voting Rights Act of 1965" means the federal statute, codified at 52 U.S.C. sec. 10301 et seq., as referred to in the ballot measure adopted by voters in 2018 to add section 48.1 (1)(b) to article V of the state constitution.

2-1-103. Citation for federal "Voting Rights Act of 1965" - legislative declaration.

(1) The voters of Colorado considered and overwhelmingly approved legislatively referred measures at the 2018 general election to establish balanced commissions to set district lines for both the United States house of representatives and the Colorado general assembly.

(2) The voters were aware that among the protections provided by these referred measures was the incorporation of the protections provided by federal law including the "Voting Rights Act of 1965", as amended.

(3) Because of a misprint in the measures referring these constitutional amendments to the voters, the federal statute was correctly cited as "the federal 'Voting Rights Act of 1965'" but incorrectly cited as "52 U.S.C. sec. 50301, as amended" when the proper citation is "52 U.S.C. sec. 10301 et seq., as amended."

(4) The general assembly finds and declares that voter intent was clear and should not be frustrated by a clerical error in referring to a federal law that has long been applied by federal courts and the Colorado courts in the redistricting context and was intended to be applied based on the measures' context and legislative analyses provided to voter households in advance of the 2018 general election.

2-1-104. Precinct boundaries. (1) (a) Pursuant to the provisions of sections 1-5-101 and 1-5-102, the clerk and recorder of each county, subject to the approval of its board of county commissioners, shall redraw the general election precincts in such county to ensure that no general election precinct is contained within more than one state representative, state senatorial, or congressional district.

(b) Not more than one week after such approval of precinct boundaries and in accordance with sections 1-5-101 and 1-5-102, the board of county commissioners shall file with the secretary of state a copy of the county precinct boundary map showing thereon the revised and reestablished general election precinct boundaries and the boundaries of any legislative or congressional district, if said county is divided into two or more state representative, state senatorial, or congressional districts.

(2) The board of county commissioners shall notify the county chair of each of the two major political parties of any general election precinct boundaries revised and reestablished in accordance with the provisions of this section within five days after the establishment of precinct boundaries in accordance with the provisions of this section.

2-1-105. Maps of legislative districts. (1) At the time of submission of a final congressional plan to the Colorado supreme court for its review and determination in accordance with section 44.5 of article V of the state constitution, the congressional commission shall provide the supreme court with a copy of all maps showing the division of the state into legislative districts and necessary supportive evidence, pursuant to the supreme court rules adopted for such proceedings.

(2) As soon as possible after approval of a final plan by the Colorado supreme court, the congressional commission shall prepare and file with the secretary of state copies of census maps showing thereon each legislative district and a description of each district in terms of official census units. The congressional commission shall also file with the county clerk and recorder in each county the necessary maps and descriptions of each legislative district located within the boundaries of such county.

2-1-106. Attachments and detachments. (1) If any area of the state is omitted from the redistricting plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such omission, shall determine to which congressional district the area should be assigned as follows:

(a) If the area is surrounded by a congressional district, the area must be assigned to said district; and

(b) If the area is contiguous to two or more congressional districts, the area must be assigned to the district that has the least population according to the latest national census.

(2) If any area of the state is included in two or more congressional districts in the redistricting plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such inclusion, shall detach said area from the congressional district or districts having the largest population and shall designate such area as being assigned to the district having the least population; except that, if such area is wholly surrounded by a congressional district and inadvertently is also included in another district, the secretary of state shall assign such area to the district wholly surrounding such area, regardless of population.

(3) (a) If a county clerk and recorder discovers that a border between two congressional districts divides a residential parcel between the two districts and the clerk and recorder wishes to have the border moved, the clerk and recorder shall submit to the secretary of state documentation, satisfactory to the secretary of state, evidencing such division. If the secretary of state believes that the border should be moved, the secretary of state shall propose moving the border between the two districts to a visible feature normally relied upon by the United States census bureau such that the border:

(I) Does not split a residential parcel;

(II) Moves the remaining portion of the residential parcel into the least populated of the two districts; except that, if the border is a border between both congressional districts, the remaining portion of the residential parcel must be moved into the least populated of the two congressional districts;

(III) Would not result in a violation of section 44.3 (1)(a) of article V of the state constitution based upon the latest national census;

(IV) Minimizes the impact on the affected community for purposes of establishing polling locations; and

(V) Minimizes changes in distances from the redistricting plan approved by the Colorado supreme court.

(b) If the secretary of state proposes moving any border pursuant to this subsection (3), the secretary of state shall describe any potential changes in populations of affected congressional districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state satisfy the criteria established in subsection (3)(a) of this section, the supreme court may approve said assignments. If the supreme court determines that the assignment does not satisfy the criteria established in subsection (3)(a) of this section, the supreme court shall deny the proposed assignment.

(4) Following the assignment of any area pursuant to the provisions of subsection (1) or (2) of this section, the secretary of state shall certify the population of such assigned area and any changes in populations of affected congressional districts, based on the latest national

census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state would not result in a violation of the population requirements of section 44.3 (1)(a) of article V of the state constitution, the supreme court shall approve said assignments. If the supreme court determines that the assignments would result in a violation of the population requirements of section 44.3 (1)(a) of article V of the state constitution, the supreme court shall certify a revised reapportionment plan to the secretary of state.

2-1-107. Changes in county and municipal boundaries. Whenever the boundaries of a congressional district coincide with the boundaries of a county or municipality and said county or municipal boundaries are changed by annexation or detachment, the boundaries of the congressional district remain the same until such time as a new redistricting is made following a national census as provided in sections 44 to 44.6 of article V of the state constitution.

(2) The secretary of state shall provide any candidate for legislative office or any Colorado citizen with a copy of a map showing the boundaries for any congressional district upon request. Individual district maps must be provided to any resident of a congressional district without charge. A nominal charge, not to exceed the actual cost, may be determined and collected pursuant to section 24-21-104 (3) for copies of congressional district maps for which an individual is not a resident.

This subsection (1)(b)(I) is repealed, effective July 1, 2028.

(II) For the period commencing on the first day of the legislative session beginning in January of 2021, and ending on the day before the first day of the legislative session beginning in January of 2022, all members of the general assembly whose terms commence on the first day of the legislative session beginning in January of 2021 shall receive as an annual base compensation for their services forty thousand two hundred forty-two dollars, which is the same amount as the annual base compensation for their services for members of the general assembly

(III) On or after January 1, 2027, all members of the general assembly shall receive for their services an annual base compensation in the amount set by the commission.

The director of research of the legislative council appointed pursuant to section 2-3-304 (1) shall post the amount of the current annual base compensation payable to a member of the general assembly pursuant to this subsection (1)(b) on the website of the general assembly.

(1.5) Repealed.

(2) The compensation for the services of the members of the general assembly shall be adjusted as follows:

Such certification shall be submitted to the state controller.

(d) For purposes of this subsection (2), "session" means any regular meeting of either house of the general assembly in its respective chamber to consider the passage of legislation and any meeting of all committees of either house. No other meetings shall be considered sessions.

(e) (I) The president of the senate or the speaker of the house of representatives may approve a member of their respective house for an absence for purposes of a long-term illness, parental leave in excess of the maximum period set forth in subsection (2)(e)(II) of this section, or another similar purpose, and a member receiving such approval shall not be required to forfeit compensation as set forth in subsections (2)(a) and (2)(b) of this section.

(II) Any member of the general assembly may be absent for purposes of parental leave for a maximum of twelve weeks, plus up to an additional four weeks for a serious health condition related to pregnancy complications or childbirth complications, during session and shall not forfeit compensation as set forth in subsections (2)(a) and (2)(b) of this section. However, nothing in this subsection (2)(e)(II) exempts a member of the general assembly from receiving any approval required by subsection (2)(e)(I) of this section or legislative rules for any period of absence for purposes of parental leave that is longer than the duration specified in this subsection (2)(e)(II).

(3) (a) When the general assembly is in recess for more than three days or is not in session, in addition to the base compensation specified in subsection (1) of this section, the following members of the general assembly shall be entitled to the further sum of ninety-nine dollars per day through December 31, 2026, and, on or after January 1, 2027, the amount set by

(III) The president of the senate, the speaker of the house of representatives, the senate and house majority and minority leaders for attendance to matters pertaining to the general assembly, whether such matters are at the capitol or elsewhere. In addition, the persons who have been chosen after a general election to serve as president, speaker, and majority and minority leaders for the next legislative biennium shall be entitled to the same compensation as is provided for current leaders under this subparagraph (III), so long as such new leaders are members of the current general assembly.

(b) The director of research of the legislative council shall approve payroll vouchers and vouchers for per diem payments incurred in connection with attendance by members of both houses at meetings of the statutory committees listed under article 3 of this title, a committee of any such agency, any interim committee authorized by law, by joint resolution, or by resolution of either house, or any committee of reference described in subparagraph (V) of paragraph (a) of subsection (3) of this section.

(c) Prior approval of expenses incurred by members of any legislative committee created by law in connection with the activities of any national or regional organization in which Colorado officially participates shall be obtained from the chairperson of the appropriate committee.

Mileage rates shall not exceed those authorized for the executive department.

(b) With the approval of the executive committee of the legislative council, members of the general assembly shall be entitled to reimbursement for all actual and necessary expenses incurred due to extraordinary or unforeseen circumstances related to the legislative business of the member.

(c) The executive committee of the legislative council may establish guidelines regarding reimbursements and substantiation requirements for actual and necessary travel expenses incurred by members of the general assembly.

Also, prior to adjournment of a session to a day certain, the general assembly may terminate by joint resolution the compensation of its officers and employees during such period of adjournment, but each house may designate by resolution such officers and employees as are necessary to complete, to

the extent possible during such period of adjournment, the clerical work and records of the proceedings of such session and fix their terms of service.

(2) The presiding officer of either house is hereby authorized to recall such officers or employees of his house as may be required to render clerical or other services to committees of his house or joint committees of both houses meeting between sessions of the general assembly.

Any such statement of deficiency shall be enforceable as a debt to the state of Colorado and may be enforced in the appropriate court by the attorney general.

The fiscal information on such measures shall include the average amount of such fee collected annually by such agency from each individual, family, or business, whichever is applicable, paying such fee and a projection of the average amount of such fee that will be collected from each individual, family, or business subsequent to the creation of or increase in such fee.

(2.5) If a legislative measure creates a new criminal offense, increases or decreases the crime classification of an existing criminal offense, or changes an element of an existing offense that creates a new factual basis for the offense, the fiscal note shall include the following:

(a) A description of the elements of the proposed new crime or a description of the new, amended, or additional elements of an existing crime;

(b) An analysis of whether the new crime, or changes to an existing crime, may be charged under current Colorado law;

(c) A comparison of the proposed crime classification to similar types of offenses;

(d) An analysis of the current and anticipated future prevalence of the behavior that the proposed new crime, or changes to an existing crime, intends to address; and

(e) A description of gender and minority data as it relates to the general Colorado population and available data on gender and minority offender and crime victims populations potentially affected by the proposed measure.

(3) (a) Each state department, agency, or institution shall cooperate with and provide information on the fiscal impact of a legislative measure in the manner requested by the staff of the legislative council for consideration by the staff in connection with the preparation of a fiscal note for the measure.

(b) The state department, agency, or institution shall substantiate the calculation of the fiscal impact of the legislative measure in its response to a request for information made pursuant to paragraph (a) of this subsection (3) by providing any documentation that clearly identifies any assumptions supporting that calculation and a narrative discussion of the justification for any increase or decrease in workload.

(A) The measure has been amended;

(B) There is newly discovered information that was previously unavailable that warrants modification of the original calculation and narrative submitted by the state department, agency, or institution; or

(C) Technical errors are discovered that warrant modification of the original calculation and narrative submitted by the state department, agency, or institution.

(II) Information supporting a modification to the fiscal impact shall be submitted in the manner requested by the staff of the legislative council by the head of the state department, agency, or institution.

(4) In addition to any other requirement under this section or in the legislative rules for legislative service agency review of the fiscal impact of legislative measures, the general assembly shall also provide for legislative service agency review of the fiscal impact of legislative measures considered by committees of the general assembly meeting during the legislative interim. For each interim, the deadlines and guidelines adopted prior to each interim by the executive committee of the legislative council for requesting and finalizing interim committee bills must allow for sufficient time between the public release of the fiscal note for a particular measure by the staff of the legislative council and the final vote by the applicable legislative interim committee so that members of the committee are able to consider the fiscal note in voting on the measure. For each interim, the specific dates by which these requirements will be satisfied must be specified in the applicable set of deadlines and guidelines for that interim. Except as otherwise provided in this subsection (4), all other requirements governing legislative service agency review of the fiscal impact of legislative measures considered during regular legislative sessions that are specified in this section or in the legislative rules also govern the requirements of this subsection (4).

note shall include a statement that a report has been prepared by the contractors for the legislative proposal pursuant to section 10-16-155 and submitted to the director of research of the legislative council by the division, including an indication of how the contractors' final report may be obtained in its entirety.

(b) "Disparities" means the difference in economic, employment, health, education, or public safety outcomes between the state population as a whole and subgroups of the population defined by socioeconomic status, race, ethnicity, sex, gender identity, sexual orientation, disability, geography, or any other relevant characteristic for which data are available.

(2) (a) Commencing with the second regular session of the seventy-second general assembly and during each regular session thereafter, the staff of the legislative council shall prepare demographic notes on legislative bills as specified in subsection (2)(b) of this section.

(b) The speaker of the house of representatives, the minority leader of the house of representatives, the president of the senate, and the minority leader of the senate may each request the preparation of a demographic note on up to five legislative bills, or more at the discretion of the director of research of the legislative council.

(c) Prior to commencing work on a demographic note, the staff of the legislative council shall meet with the member of leadership requesting the demographic note and with the sponsor of the legislative bill to discuss whether a demographic note can practically be completed for that legislative bill. (1) The general assembly hereby declares that the provisions of the Colorado rules of civil procedure which govern the service of process on the state, on officers, agents, or employees of the state, and on departments and agencies of the state do not expressly address service on the general assembly; that such rules require delivery of a copy of any process to the attorney general, even though by statute the attorney general does not represent the general assembly; that confusion

has existed about how the general assembly should be served; and that clarification of the procedure for serving the general assembly would be beneficial for all parties who may become involved in future litigation.

a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section. The committee shall state in a report to the full house the reasons for its finding. If the full house affirms by a majority vote the finding of the committee, the cited person shall be held in contempt.

(5) If the contempt citation is initiated by the house itself because of a contempt committed before the house, the person to be cited shall be punished for contempt if the house itself finds, by a majority vote, after notice and a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section.

2-2-507. Attachments and detachments. (1) If any area of the state is omitted from the redistricting plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such omission, shall determine to which senatorial or representative district the area should be assigned as follows:

(a) If the area is surrounded by a representative or senatorial district, the area shall be assigned to said district; and

(b) If the area is contiguous to two or more representative or senatorial districts, the area shall be assigned to the district that has the least population according to the latest national census.

(2) If any area of the state is included in two or more senatorial or representative districts in the redistricting plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such inclusion, shall detach said area from the senatorial or representative district or districts having the largest population and shall designate such area as being assigned to the district having the least population; except that, if such area is wholly surrounded by a senatorial or representative district and inadvertently is also included in another district, the secretary of state shall assign such area to the district wholly surrounding such area, regardless of population.

If the secretary of state believes that the border should be moved, the secretary of state shall propose moving the border between the two districts to a visible feature normally relied upon by the United States census bureau such that the border:

(II) Moves the remaining portion of the residential parcel into the least populated of the two districts; except that, if the border is a border between both senatorial and representative districts, the remaining portion of the residential parcel shall be moved into the least populated of the two representative districts;

(III) Would not result in a violation of section 48.1 (1)(a) of article V of the state constitution based upon the latest national census;

(IV) Minimizes the impact on the affected community for purposes of establishing polling locations; and

(V) Minimizes changes in distances from the redistricting plan approved by the Colorado supreme court.

(b) If the secretary of state proposes moving any border pursuant to this subsection (2.5), the secretary of state shall describe any potential changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state satisfy the criteria established in subsection (2.5)(a) of this section, the supreme court may approve said assignments. If the supreme court determines that the assignment does not satisfy the criteria established in subsection (2.5)(a) of this section, the supreme court shall deny the proposed assignment.

(3) Following the assignment of any area pursuant to the provisions of subsection (1) or (2) of this section, the secretary of state shall certify the population of such assigned area and any changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state would not result in a violation of the population requirements of section 48.1 of article V of the state constitution, the supreme court shall approve said assignments. If the supreme court determines that the assignments would result in a

violation of the population requirements of section 48.1 of article V of the state constitution, the supreme court shall certify a revised reapportionment plan to the secretary of state.

(2) (a) Starting as soon as practicable after March 20, 2020, the department shall collect and maintain an electronic record of the legal residence, presumptively outside of the correctional facility, and other demographic data, for any person entering its custody. At a minimum, this record must contain the last-known complete street address prior to incarceration, the person's race, whether the person is of Hispanic origin, and whether the person is over eighteen years of age. To the degree possible, the department shall also allow the legal residence to be updated as appropriate.

(b) On or before May 1 of each year in which the federal decennial census is taken and in which the United States census bureau counts incarcerated persons as residents of correctional facilities, the department shall deliver to nonpartisan staff a report that includes, for each person incarcerated in a facility operated by or under contract with the department for whom the records of the department indicate a legal residence in this state:

The unique identifier must enable nonpartisan staff to address inquiries about specific address records to the department without making it possible for anyone outside of the department to identify the person to whom the address record pertains.

(II) The street address of the correctional facility in which such person was incarcerated on the decennial census day;

(III) The last-known address of such person prior to incarceration or other legal residence, if known;

(c) The department shall provide the data specified in subsection (2)(b) of this section in an electronic format as specified by nonpartisan staff.

(d) The information required to be provided to nonpartisan staff pursuant to this subsection (2) must not include the name of any incarcerated person and must not allow for the identification of any such person except to the department. Notwithstanding the "Colorado Open Records Act", part 2 of article 72 of title 24, or any other provision of law, the information is confidential and nonpartisan staff or any other state agency or local government entity shall not disclose any information from the report except as redistricting data aggregated by census block for purposes specified in subsection (4) of this section.

(3) Nonpartisan staff shall request each agency that operates a federal facility in this state that incarcerates persons convicted of a criminal offense to provide it with a report including the information listed in subsection (2)(b) of this section.

(4) Pursuant to subsection (5) of this section, nonpartisan staff shall prepare redistricting population data to reflect incarcerated persons at their residential addresses in this state rather than their place of incarceration. This data prepared by nonpartisan staff is the necessary census data provided to and to be used by the independent legislative and congressional redistricting commissions established pursuant to sections 44 and 46 of article V of the state constitution and in the establishment of county commissioner districts pursuant to section 30-10-306. PART 23

BLACK COLORADAN RACIAL EQUITY STUDY

2-2-2301. Legislative declaration. (1) (a) The general assembly finds, determines, and declares that:

(I) The legacy of slavery, racial discrimination, and systemic racism has harmed Black Coloradans and continues to harm Black Coloradans in material ways. Black individuals and communities, whose unpaid labor formed the basis for wealth and power in this country, are owed the opportunity and resources to build wealth and power for themselves. Like many western states, Colorado is widely perceived as historically abstinent from participating in slavery. However, slavery was only fully abolished in the Colorado constitution in 2018.

(II) Colorado demonstrates a track record of racial discrimination, resulting directly in racial disparities. The Ku Klux Klan wielded great influence and power in Denver and in state politics in the 1920s. Major Colorado towns such as Denver, Grand Junction, Pueblo, and Canon City were hotbeds of Klan activity. The Klan in Colorado peaked in 1925. By this time, it had infiltrated all levels of the state government. The Klan controlled many members of the legislature, held a state supreme court judgeship and seven Denver district court benches, and had controlling majorities in some town councils. Some of the most notable klansmen at the time included the mayor and police chief of Denver and the governor of Colorado.

(III) The impact of those in power transpires into policies, systems, and practices adopted at the state level. Those policies, systems, and practices are built upon over decades and further ingrain inequities that have a disparate impact on Black Coloradans.

(IV) In 2020, the home ownership gap between Black and white Coloradans was thirty-one percent. Just twenty-five percent of adult Black Coloradans have earned a postsecondary degree or credential, while ninety-one and four-tenths percent of tier one jobs identified in the Colorado workforce development council's 2022 talent pipeline report and seventy and four-tenths percent of tier two jobs require a postsecondary credential. In Colorado, Black individuals constitute five percent of the population but seventeen percent of those in jail and eighteen percent of those in prison. At thirteen and seven-tenths percent unemployment, Black workers in Colorado faced higher unemployment rates than other racial groups surveyed between May 2021 and April 2022. Black Coloradans experience a wide array of negative health outcomes at rates that are disproportionate to white Coloradans in the following areas: Food insecurity, infant mortality, childhood asthma, diabetes, and HIV and AIDS. The average Black Coloradan has a life expectancy nearly three years fewer than the average white Coloradan.

(V) Disparities in both K-12 education and postsecondary training, including higher education and workforce training; home ownership; health disparities and access to health care; and a systemically unjust criminal justice system, combined with police brutality, have contributed to a reality in which half of Black families in Colorado are considered low-income.

A lack of access to economic mobility and financial prosperity has impacted Black Coloradans for generations. Black Coloradans' lost earnings and assets detract from Colorado's labor force and tax base, as well as the growth of Colorado's economy.

(VI) Racial equity studies are tools used to qualify and quantify past discrimination and recommend certain corrective measures as may be warranted by the study's findings.

(b) Therefore, the general assembly declares that an independent study must be conducted and a steering committee be created in the state historical society to determine the extent to which Black Coloradans have experienced and continue to experience racial discrimination directly linked to harmful practices, systems, and policies of the state and to quantify the economic impacts of any discrimination discovered during the study.

2-2-2302. Definitions. As used in this part 23, unless the context otherwise requires:

(1) "Commission" means the Black Coloradan racial equity study commission created in section 2-2-2303.

(2) "Economic analysis" means the economic analysis conducted by a third-party entity pursuant to section 2-2-2306.

(4) "Historically impacted Black Coloradans" or "Black Coloradans" means African American persons, including individuals who have origins in any of the Black racial groups, who have resided or who are residing in Colorado.

(5) "Historical research" means the historical research conducted by the state historical society pursuant to section 2-2-2305.

(6) "State historical society" or "society" means the state historical society established in section 24-80-201 and commonly known as history Colorado.

(7) "Study" means the study to determine any potential historical and ongoing effects of slavery and subsequent systemic racism on Black Coloradans conducted pursuant to this part 23.

Source: L. 2024: Entire part added, (SB 24-053), ch. 368, p. 2474, § 1, effective August 7.

2-2-2303. Black Coloradan racial equity study - third-party entity qualifications - commission created - membership - staff support - legislative intent. (1) (a) There is established in the legislative department the Black Coloradan racial equity study commission to conduct a study to determine, and make recommendations related to, any potential historical and ongoing effects of slavery and subsequent systemic racism on Black Coloradans that may be attributed to practices, systems, and policies of the state. The commission is only required to conduct a study if, pursuant to section 2-2-2309, sections 2-2-2304, 2-2-2305, 2-2-2306, and 2-2-2307 become effective. The goals of the study are to:

(I) Determine the extent to which Black Coloradans have experienced and continue to experience racial discrimination directly linked to harmful practices, systems, and policies of the state that have existed historically or that continue to exist;

(II) Quantify the economic impact on Black Coloradans, including impacts on individuals and families, of any discrimination discovered during the study, to the extent that the study establishes that disparities attributable to past or present discrimination exist; and

(III) Identify measures that are consistent with the constitution to address the effects of discrimination that may be attributed to practices, systems, and policies of the state.

(b) The study includes historical research conducted by the society pursuant to section 2-2-2305 and an economic analysis conducted pursuant to section 2-2-2306.

(c) (I) It is the intent of the general assembly that the study be funded entirely by gifts, grants, and donations; that gifts, grants, and donations will be received throughout the course of the study; and that no additional general fund money be appropriated for the implementation of the study.

(II) The study is contingent on money being available to carry out the study. If money is not available for the commission, state historical society, or any other entity to carry out its duties required pursuant to this part 23, the commission, society, or entity is not required to carry out the duties. A contract with a third-party entity must provide that the contract is contingent on funds being available for that purpose.

(2) (a) A third-party entity that enters into an agreement with the commission or society to conduct economic analysis or research pursuant to this part 23 must have:

(I) Experience working with Black communities;

(II) An understanding of Black history and culture, with demonstrated experience working on issues related to Black history, social equity, civil rights, and economic mobility; and

(1) As used in this section, "state agency" means a state agency that submits a budget request to the joint budget committee in accordance with section 2-3-208, whether the request is submitted directly by the state agency or by the office of state planning and budgeting on behalf of the state agency.

(2) Each state agency shall develop a long-range financial plan on or before November 1, 2019, and update the plan on or before November 1 of each of the next four years thereafter. The purpose of the long-range financial plan is to:

(a) Require the state agency to anticipate and strategically plan for future contingencies that may impact the state agency's ability to meet its performance goals;

(b) Assist the state agency as it prepares its annual budget request;
(c) Provide additional information to the general assembly so that it can appropriate money in light of possible future changes; and

(d) Provide notice to the public about the potential growth or decline of state government in the future.

(3) The department of state, the department of treasury, the department of law, and the judicial branch shall each publish the required components of the long-range financial plan for their respective state agencies. The office of state planning and budgeting shall publish the required components of the long-range financial plan in its annual budget instructions for all other state agencies. A long-range financial plan submitted pursuant to this subsection (3) may include the following components:

(a) A statement of the state agency's mission;
(b) A description of the major functions of the state agency;
(c) A description of the state agency's performance goals;
(d) A performance evaluation of the state agency's major programs, including an identification of programs that may not be meeting the program objectives or performance goals, and a recommendation on strategies to improve performance;

(e) A description of anticipated trends, conditions, or events that could impact the ability of the state agency to meet its goals and objectives; and

(f) A description of any programs currently funded in whole or in part with federal funds or gifts, grants, or donations that the department anticipates will decrease in the future and, therefore, may require state money as a backfill.

(4) Each state agency shall submit a copy of its long-range financial plan to the joint budget committee along with its budget request that is submitted in accordance with section 2-3-208; except that, if the office of state planning and budgeting submits a budget request on behalf of a state agency, the office may also submit the state agency's long-range financial plan.

(5) Notwithstanding section 24-1-136 (11)(a)(I), the requirement to update and submit the long-range financial plan continues as set forth in subsection (2) of this section. A long-range financial plan remains in effect until it is updated for the next state fiscal year. To the extent possible, the state agency shall utilize information that is included in the state agency's annual performance report prepared in accordance with section 2-7-205.

(6) Each state agency shall post its long-range financial plans on its official website at the same time it is submitted to the joint budget committee.

2-3-210. Evidence-based decision-making - budget requests - legislative declaration.

(1) The general assembly hereby finds and declares that:

(a) The use of the best available research evidence in the analysis of programs and practices implemented and delivered by state agencies is an effective means through which

funding decisions concerning the improvement, expansion, discontinuation, or redirection of funds can be achieved;

(b) The integration of the best available research evidence regarding the effectiveness of programs, practices, or incremental changes to programs and practices within the budget process will provide members of the general assembly information that can be used in the prioritization of requests for funding for new or existing programs and practices in the state; and

(c) Evidence-based decision-making is the intersection of the best available research evidence, decision-makers' expertise, constituent needs, and implementation context. Evidence-based decision-making recognizes that research evidence alone is not the only contributing factor to policy and budget decisions.

(2) Repealed.

(3) (a) If a state agency or the office of state planning and budgeting includes information on the best available research evidence regarding the effectiveness of a program or practice in a budget request, request for a supplemental appropriation, or budget request amendment submitted in accordance with section 2-3-208, the state agency or office shall describe the program or practice using one of the following evidence designations:

(I) "Evidence-informed" means that the best available research evidence supports the effectiveness of the program or practice, as demonstrated by at least one quality evaluation that shows improvement over time;

(II) "Harmful" means that the best available research evidence shows the program or practice is associated with harm, as demonstrated by at least one quality evaluation that shows harm over time;

(III) "Insufficient evidence" means that the best available research evidence is not yet robust enough to achieve the harmful, evidence-informed, promising, or proven evidence designations outlined in this subsection (3)(a);

(IV) "Promising" means that the best available research evidence supports the effectiveness of the program or practice, as demonstrated by at least one quality evaluation with a strong comparison group; or

(V) "Proven" means that the best available research evidence supports the effectiveness of a program or practice, as demonstrated by at least one quality randomized controlled trial or at least two quality evaluations with strong comparison groups.

(a.5) (I) If a budget request, request for a supplemental appropriation, or budget request amendment does not meet the definition of a program or practice, the state agency or the office of state planning and budgeting may include with its request that an evidence designation is not applicable.

(II) If the best available research evidence regarding a program or practice in a budget request, request for a supplemental appropriation, or budget request amendment does not include an evaluation measuring relevant outcomes that meets the methodological requirements for an evidence designation set forth in subsection (3)(a) of this section, the state agency or the office of state planning and budgeting may include that the request is ineligible for an evidence designation.

(b) If subsection (3)(a) of this section applies, the state agency or the office of state planning and budgeting shall also provide the following information to justify its selected evidence designation:

(I) A summary of the best available research evidence about the program or practice;

(II) Any plans to evaluate the program or practice to build evidence regarding its effectiveness; and

(III) Information concerning how the best available research evidence is connected to the budget request, request for a supplemental appropriation, or budget request amendment.

(c) If subsections (3)(a) and (3)(b) of this section apply, joint budget committee staff, as part of the responsibilities described in section 2-3-204, shall review the information provided pursuant to subsection (3)(b) of this section and other relevant evidence, as necessary. Joint budget committee staff shall include an evidence designation pursuant to subsection (3)(a) of this section or state that such designation is not applicable or that the request is ineligible pursuant to subsection (3)(a.5) of this section as part of any recommendation it makes regarding a budget request, request for a supplemental appropriation, or budget request amendment.

(4) and (5) Repealed.

(6) State agencies shall participate in the evidence-based decision-making process, including investing in building evidence, as applicable, to work toward the harmful, evidence-informed, promising, and proven evidence designations outlined in this section.

2-3-301. Legislative council created - executive committee created. (1) There is hereby created a legislative council, which consists of an executive committee, six senators with majority party members appointed by the president of the senate and minority party members appointed by the minority leader of the senate, with the approval of a majority vote of the members elected to the senate, and six representatives with majority party members appointed by the speaker of the house of representatives and minority party members appointed by the minority leader of the house of representatives, with the approval of a majority vote of the members elected to the house of representatives. Except as otherwise provided in subsection (1.5) of this section, the executive committee consists of the president of the senate, the majority leader of the senate, the minority leader of the senate, the speaker of the house of representatives, the majority leader of the house of representatives, and the minority leader of the house of

representatives, all of whom are ex officio members of the council. The speaker of the house of representatives and the president of the senate shall alternately serve as the chair and vice-chair of the executive committee and serve for one-year terms. All ex officio members of the council have and may exercise all the powers, privileges, and duties of other members.

(1.5) (a) In order to expedite the work of the executive committee, for each period commencing after a general election and ending following the convening of the next general assembly when a new executive committee is formed pursuant to subsection (1) of this section, a temporary executive committee comprised of the legislators selected by their respective party caucuses as the speaker of the house of representatives, the president of the senate, and the majority and minority leaders of the senate and the house of representatives for the next general assembly shall be formed.

(b) Except as otherwise provided in paragraph (c) of this subsection (1.5), the temporary executive committee shall assume all of the duties and powers of the executive committee previously formed in accordance with subsection (1) of this section.

(c) The executive committee previously formed pursuant to subsection (1) of this section shall retain all powers and duties related to any special session of the general assembly called prior to the convening of the next general assembly and all legislative management functions pertaining to matters arising prior to the convening of the next general assembly.

(2) Appointments or reappointments of all members of the council shall be made no later than ten days after the convening of the first regular session of each general assembly. An appointing authority may make an appointment to temporarily replace a current member of the committee appointed by that appointing authority; except that a temporary appointment does not require approval of a majority of the members elected to the applicable body. Membership on the council terminates with the appointment of a member's successor or upon the termination of a member's term of office in the general assembly, whichever first occurs. A member may be appointed to succeed himself or herself.

(3) The party representation on the council shall be in proportion generally to the relative number of members of the two major political parties in each house of the general assembly, but in no event shall a minority party be represented by less than one council member from the senate and two council members from the house of representatives.

(4) Vacancies in the membership of the council shall be filled in the same manner as original appointments are made.

(5) The legislative council may be a committee of reference for bills and joint resolutions that allocate any additional legislative staff resources.

No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, a legislative member may submit a request in writing to the legislative council created in section 2-3-301 (1) regarding an issue that he or she wishes to study during the next interim between sessions. At minimum, the request must specify:

- (a) The scope of the policy issues to be studied;
- (b) The number of meetings that would be necessary to study the issues;
- (c) The suggested number and composition of legislative members on the interim committee;
- (d) Whether other nonlegislative members should have a role in the interim committee;
- (e) Whether a task force would be necessary to assist the interim committee in studying the scope of issues and, if so, the members and composition of such a task force; and
- (f) (I) An estimate of the maximum number of bills the interim committee will need in order to address the issues studied by the interim committee.

(II) Any interim committee bills are exempt from the five-bill limitation specified in rule 24 of the joint rules of the senate and the house of representatives.

(2) No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, the director of research of the legislative council shall determine the number of interim committee meetings that may be held within the

(3) (a) No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, the legislative council shall meet to review and prioritize requests made by legislative members pursuant to subsection (1) of this section. Such review and prioritization must take into account the information provided by the director of research of the legislative council as specified in subsection (2) of this section. The legislative council shall also determine if any of the prioritized interim committees may create a task force. If a task force is approved, such task force shall include no more than two legislative members, one from the majority party and one from the minority party of the interim committee. Legislative members on a task force are only entitled to receive necessary travel costs and are not entitled to per diem pursuant to section 2-2-307. For purposes of carrying out the task force's duties, the legislative council may accept and expend money, gifts, grants, donations, services, and in-kind donations from any public or private entity for any direct or indirect costs associated with the duties of the task force; except that the legislative council may not accept money, gifts, grants, donations, services, or in-kind donations if acceptance is subject to conditions that are inconsistent with state law or requires a predetermined conclusion or result from the task force. The legislative council shall request that the entity offering the money, gift, grant, donation, services, or in-kind donation submit a letter prior to the offer specifying the amount of money, gift, grant, or donation offered, or the estimated value of the services or in-kind donation offered, the period for which the money, gift, grant, donation, services, or in-kind donation is available, and the specific purposes for which the money, gift, grant, donation, services, or in-kind donation is to be used.

(b) The president of the senate, the speaker of the house of representatives, and the minority and majority leaders of both houses shall appoint the legislative members to any prioritized interim committees or approved task forces.

(c) After the general assembly has adjourned, if an issue is brought to the attention of the executive committee of the legislative council and the executive committee determines that the issue is the result of changed circumstances or new circumstances and is appropriate material for an interim committee that is meeting during that interim between legislative sessions, the executive committee of the legislative council may add the interim committee by adopting a resolution. The resolution must include the items specified in the legislative member's written request for an interim study.

(d) Repealed.

(e) (I) Notwithstanding any provision of this section, the legislative council shall not prioritize any interim committees or approve any task forces for the 2025 interim. (c) The bonds may be sold at public or private sale at such price or prices, in such manner, and at such times as determined by the executive committee or governing board of the organization, and such executive committee or governing board may pay all fees, expenses, and commissions that it deems necessary or advantageous in connection with the sale of the bonds. The power to fix the date of the sale of the bonds, to receive bids or proposals, to award and sell bonds to fix interest rates, and to take all other action necessary to sell and deliver the bonds may be delegated to an officer or agent of the organization. Any outstanding bonds may be refunded by the organization pursuant to resolution of the executive committee or governing board of the organization. All bonds and any interest coupons applicable thereto are declared to be negotiable instruments.

(g) The organization may purchase its bonds out of any available funds and may hold, pledge, cancel, or resell such bonds subject to and in accordance with agreements with the holders thereof.

(h) Any bonds issued by the organization and the transfer of and income from any bonds issued by the organization shall be exempt from all taxation and assessments in the state.

(i) Bonds issued under this article shall be deemed issued on behalf of the organization but shall not be deemed to constitute a multiple-fiscal year direct or indirect district debt or other financial obligation whatsoever of the state for purposes of section 20 of article X of the state constitution or a debt, liability, obligation, or pledge of the full faith and credit of the state or any political subdivision thereof other than the organization, but shall be payable solely from the revenue or property of the organization pledged for such payment. Each bond issued on behalf of the organization under this subsection (4) shall contain on its face a statement to the effect that neither the state nor any political subdivision thereof other than the organization shall be obligated to pay the same or the interest thereon and that neither the full faith and credit nor the taxing power of this state nor any political subdivision thereof other than the organization is pledged to the payment of the principal or interest on such bond.

(j) Nothing in this subsection (4) shall be construed to obligate the general assembly to subscribe to membership or pay membership fees to any organization declared to be a joint governmental agency of the state pursuant to subsection (2) of this section.

2-3-502. Committee on legal services - membership - duties. (1) Except as provided in part 3 of this article, the committee shall supervise and direct the operations of the office of legislative legal services.

(2) The committee may designate one or more subcommittees from among its membership to perform any duties of the committee with respect to the supervision and direction of the office of legislative legal services.

(3) The membership of the committee consists of ten members of the general assembly. The ten legislative members of the committee are as follows: The respective chairs of the house and senate committees on judiciary or their respective designees; four members from the house of representatives, two from each major political party, one of whom shall be an attorney-at-law, if there is an attorney-at-law in each party, appointed by the speaker and the minority leader of the house of representatives, respectively, with the approval of a majority of the members elected to the house of representatives; and four members from the senate, two from each major political party, one of whom shall be an attorney-at-law, if there is an attorney-at-law in each party, appointed by the president and the minority leader of the senate, respectively, with the approval of a majority of the members elected to the senate.

(4) The eight appointive members of the committee shall be appointed no later than ten days after the convening of the first regular session of each general assembly. An appointing authority may make an appointment to temporarily replace a current member of the committee appointed by that appointing authority. In addition, the president of the senate may make an appointment to temporarily replace the chair of the senate committee on judiciary or the chair's respective designee currently serving on the committee and the speaker of the house of the representatives may make an appointment to temporarily replace the chair of the house committee on judiciary or the chair's designee currently serving on the committee; except that a temporary appointment made pursuant to this subsection (4) does not require approval of a majority of the members elected to the applicable body. Membership on the committee of each such appointive member terminates upon the appointment of his or her successor or upon termination of a member's term of office in the general assembly, whichever first occurs. The membership of a judiciary committee chair terminates upon the termination of his or her term of office in the designated position. Any member may be appointed to succeed himself or herself on the committee. Vacancies in the committee's membership shall be filled in the same manner as original appointments; except that the approval of the members elected to the general assembly is not necessary if any such appointment is made when the general assembly is not in session.

(5) The committee shall select from among its members a committee chair and vice-chair, and it shall prescribe its own rules of procedure. The committee may meet as often as necessary, but it shall meet at least twice in each calendar year.

(6) Members of the committee shall be reimbursed for necessary expenses incurred in the performance of their duties and shall be paid the same per diem compensation as provided by law for members of interim legislative committees for each day of attendance.

(7) If any law or other document of this state refers to the legislative drafting committee or to the committee on statute revision, said law or other document shall be deemed to refer to the committee on legal services.

(8) Notwithstanding any provision of section 24-6-402 to the contrary, the committee may take action on the question of retaining legal counsel pursuant to section 2-3-1001 by a poll of the committee members without holding a meeting, unless a committee member objects to polling on the question. The director of the office of legislative legal services or the director's designees may conduct the poll by in-person, electronic, or digital communication with committee members. Approval of the question by a majority of the committee members in response to the poll has the same effect as if the question were approved by a majority vote of the committee members taken in a committee meeting. If the committee approves a question by poll, the committee shall post on the committee website a notice of vote to retain counsel that at a minimum specifies the name of the legal counsel to be retained, the legal matter for which the legal counsel will provide representation, and the committee, agency, or individual that the legal counsel will represent. The notice of vote to retain counsel shall be posted within three business days after the poll is completed.

(3) (a) Except as otherwise provided in subsection (3)(b) or (3.5) of this section, records created and maintained by the legislative human resources division that are related to a workplace harassment complaint or investigation under the workplace harassment policy, a complaint under the workplace expectations policy, or an inquiry or request concerning workplace harassment or conduct, whether or not the complaint, investigation, inquiry, or request leads to a formal or informal complaint or resolution process, are not public records as defined in section 24-72-202 (6) and shall not be made available for public inspection.

The director shall ensure that the executive summary does not contain information that would disclose the identity of the complainant or any witness.

2-3-1203. Sunset review of advisory committees - legislative declaration - definition - repeal. (1) (a) The general assembly finds and declares that advisory committees are beneficial to government since they help involve private citizens in the daily operations of government and provide the government with a system for using the expertise of its citizens. However, historically there was no legislative supervision that would allow for the systematic review of these committees to identify those committees that may have outlived their usefulness yet remained in the statutes and those committees that may have failed to perform the functions

for which they were created. To assure that newly created advisory committees are supervised and subjected to review, the life of a newly created advisory committee may not exceed ten years, and the statutory authorization for the committee must include a corresponding repeal provision. The general assembly, acting by bill, may reschedule the review date for an advisory committee to a later date if the rescheduled date does not violate the ten-year maximum life provision. Newly created advisory committees are subject to the review provisions of this section.

(b) As used in this section, "advisory committee" means an advisory body, including but not limited to a commission, council, or board.

(2) (a) A legislative committee of reference designated pursuant to section 2-3-1201 shall consider whether to continue or to continue with modification an advisory committee whose statutory authority is scheduled to repeal and may recommend the consideration of a bill as it deems necessary to continue the advisory committee.

(b) (I) Each advisory committee shall submit the following information to the department of regulatory agencies:

(A) The names of the current members of the advisory committee;

(B) All revenues and all expenditures, including advisory committee expenses per diem paid to members and any travel expenses;

(C) The dates the advisory committee met and the number of members who attended each meeting;

(D) A list of the advisory proposals the advisory committee made and an indication as to whether each proposal was acted on, implemented, or enacted into statute; and

(E) The reasons why the advisory committee should continue.

(II) The information required by subparagraph (I) of this paragraph (b) must be for the fiscal year in which the advisory committee makes the submission as well as the prior fiscal year. The advisory committee must submit the information before July 1 of the year preceding the year in which the statutory authorization for the advisory committee repeals.

(III) The department of regulatory agencies shall analyze and evaluate the performance of each advisory committee scheduled for repeal under this section. The department of regulatory agencies shall submit a report setting forth the analysis and evaluation to the office of legislative legal services by October 15 of the year preceding the date established for repeal.

(c) A legislative committee of reference designated in section 2-3-1201 shall conduct hearings for each advisory committee that submits the information required by paragraph (b) of this subsection (2).

(d) A bill recommended for consideration under this subsection (2) must be introduced in the house of representatives in even-numbered years and in the senate in odd-numbered years.

(e) A bill recommended for consideration under this subsection (2) does not count against the number of bills to which the sponsor is limited by a law or joint rule of the senate and house of representatives.

(a.3) To review and make required recommendations on reports from state agencies and state institutions of higher education, including reports from:

(I) The office of the state architect on the approved and unapproved facility management plans and facility management plan updates pursuant to section 24-30-1303.5 (3.5), C.R.S., and acquisitions and dispositions pursuant to sections 24-30-1303.5 (6) and 24-82-102, C.R.S.;

(IV) The parks and wildlife commission in the department of natural resources on the acquisition or disposition of certain interests in real property pursuant to section 33-10-107 (2), C.R.S.;

(a.5) To study any requests submitted by the transportation commission for state highway reconstruction, repair, and maintenance projects to be funded from money transferred to the capital construction fund pursuant to section 24-75-302 (2), specifically for such purpose. On or before October 1 of each year, the transportation commission may submit its request, based on the statewide transportation improvement programs, with a prioritized list of recommended state highway reconstruction, repair, and maintenance projects with the priority of projects on the list determined on the basis of greatest need without regard to location in the

state. If the transportation commission submits a request, the capital development committee shall determine from the submitted request the number of projects on the list that may be funded from money available in the capital construction fund for state highway reconstruction, repair, or maintenance projects. Only projects on the list may be funded from money available in the capital construction fund for state highway reconstruction, repair, or maintenance projects, and the projects must be funded in the priority determined by the transportation commission; except that, if a project on the list cannot be funded because an alternative source of funding for the project has become available, a court order has enjoined the project, or an act of God has made the project construction unfeasible, the transportation commission shall submit the next phase of that project or the next project on that regional priority list to the capital development committee for approval as an addition to the list in lieu of the project that cannot be funded. No substitute project submitted by the transportation commission from the regional priority list shall be approved by the capital development committee if funding said project would result in the delay of any other project on the list. Upon approval of an amended list, the department of transportation shall provide a copy of the amended list to the members of the joint budget committee, the transportation, housing, and local government committee in the house of representatives, and the transportation and energy committee in the senate, or any successor committees. Projects on the list submitted by the transportation commission by October 1 or on an amended list submitted as provided in this subsection (1)(a.5) may be funded from money transferred to the capital construction fund and available in the current fiscal year or money to be transferred to the capital construction fund for the fiscal year beginning the following July 1.

(c) To make determinations, pursuant to rule 45 of the joint rules of the senate and the house of representatives, of the priority to be accorded to the proposals made by the various state agencies and state institutions of higher education with respect to capital construction, controlled maintenance, and capital renewal proposals, based upon information made available to the capital development committee from any sources with respect to estimates of revenues available for such purposes;

(d) To forecast the state's requirements for capital construction, controlled maintenance, and capital renewal as may be necessary or desirable for adequate presentation of the planning and implementation or construction of such projects and to forecast the projected available revenue to meet the state's requirements for capital construction, controlled maintenance, and capital renewal. (h) To review all acquisitions of real property by a state agency or state institution of higher education; except that, for any state agency or state institution of higher education that has statutory authority as of June 6, 2014, to acquire real property and such statutory authority

specifies a process whereby the capital development committee either reviews, reviews and approves, or approves such an acquisition, then such statutory authority controls. If a state agency or state institution of higher education has statutory authority as of June 6, 2014, to acquire real property and such statutory authority does not include a process whereby the capital development committee either reviews, reviews and approves, or approves such acquisition, then this paragraph (h) controls. Section 23-1-106, C.R.S., and any budget instructions of the office of state planning and budgeting that specify thresholds regarding the submission of acquisitions of real property as capital budget requests operate to limit the review specified in this paragraph (h).

(2) Nothing in this section shall in any way limit or reduce the powers of the governor, through the office of state planning and budgeting and the office of the state architect, to establish executive branch priorities and procedures.

(3) Repealed.

PART 2

CONSTRUCTION OF STATUTES

Cross references: For editorial matters from which no implication or presumption of a legislative construction is to be drawn, see § 2-5-113 (4).

2-4-201. Intentions in the enactment of statutes. (1) In enacting a statute, it is presumed that:

- (a) Compliance with the constitutions of the state of Colorado and the United States is intended;
- (b) The entire statute is intended to be effective;
- (c) A just and reasonable result is intended;
- (d) A result feasible of execution is intended;
- (e) Public interest is favored over any private interest.

2-4-203. Ambiguous statutes - aids in construction. (1) If a statute is ambiguous, the court, in determining the intention of the general assembly, may consider among other matters:

- (a) The object sought to be attained;
- (b) The circumstances under which the statute was enacted;
- (c) The legislative history, if any;

2-4-204. Severability of statutory provisions. If any provision of a statute is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the statute are valid, unless it appears to the court that the valid provisions of the statute are so essentially and

inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.

2-4-205. Special or local provision prevails over general. If a general provision conflicts with a special or local provision, it shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision, unless the general provision is the later adoption and the manifest intent is that the general provision prevail.

If statutes enacted at the same or different sessions of the general assembly are irreconcilable, the statute prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-211. Common law of England. The common law of England so far as the same is applicable and of a general nature, and all acts and statutes of the British parliament, made in aid of or to supply the defects of the common law prior to the fourth year of James the First, excepting the second section of the sixth chapter of forty-third Elizabeth, the eighth chapter of thirteenth Elizabeth, and the ninth chapter of thirty-seventh Henry the Eighth, and which are of a general nature, and not local to that kingdom, shall be the rule of decision, and shall be considered as of full force until repealed by legislative authority.

Source: L. 73: R&RE, p. 1425, § 1. **C.R.S. 1963:** § 135-1-213.

2-4-214. Use of relative and qualifying words and phrases. The general assembly hereby finds and declares that the rule of statutory construction expressed in the Colorado supreme court decision entitled *People v. McPherson*, 200 Colo. 429, 619 P.2d 38 (1980), which holds that ". . . relative and qualifying words and phrases, where no contrary intention appears, are construed to refer solely to the last antecedent with which they are closely connected . . ." has not been adopted by the general assembly and does not create any presumption of statutory intent.

Source: L. 81: Entire section added, p. 347, § 1, effective May 18.

2-4-215. Each general assembly a separate entity - future general assemblies not bound by acts of previous general assemblies. (1) The general assembly finds and declares, pursuant to the constitution of the state of Colorado, that each general assembly is a separate entity, and the acts of one general assembly are not binding on future general assemblies. Accordingly, no legislation passed by one general assembly requiring an appropriation shall bind future general assemblies.

(2) Furthermore, the general assembly finds and declares that when a statute provides for the proration of amounts in the event appropriations are insufficient, the general assembly has not committed itself to any particular level of funding, does not create any rights in the ultimate recipients of such funding or in any political subdivision or agency which administers such funds, and clearly intends that the level of funding under such a statute is in the full and complete discretion of the general assembly.

Source: L. 85: Entire section added, p. 289, § 1, effective June 11.

2-4-216. Limitations on statutory programs. (1) When the general assembly creates statutory programs which are not required by federal law and which offer and provide services or assistance or both to persons in this state, the general assembly gives rise to a reasonable expectation that such services or assistance or both will be provided by the state in a manner consistent with the statutes which created the programs. However, the general assembly does not commit itself or the taxpayers of the state to the provision of a particular level of funding for such programs and does not create rights in the ultimate recipient to a particular level of service or assistance or both. The general assembly intends that the level of funding, and thus the level of service or assistance or both, shall be in the full and complete discretion of the general assembly, consistent with the statute which created the program.

(2) In the statutes creating some of these programs, the general assembly expressly conditions any rights arising under such programs by the use of the words "within available appropriations" or "subject to available appropriations" or similar words of limitation. The purpose of the use of these words of limitation is to reaffirm the principles set forth in subsection (1) of this section.

(3) At the time such a program is created, the general assembly appropriates funds for its implementation, taking into account many factors, including but not limited to the availability of revenues, the importance of the program, and needs of recipients when balanced with the needs of recipients under other state programs. The amount of the initial appropriation indicates a program's priority in relation to other state programs. The general assembly reasonably expects that the priority of the program will be subject to annual changes which will be reflected in the modification of the annual appropriation for the program. If the general assembly desires a substantive change in the program, or to eliminate the program, that can be accomplished by amendment of the statutory law which created the program.

(4) It is the purpose of the general assembly, through the enactment of this section, to clarify that the rights, if any, created through the enactment of statutory programs are subject to substantial modification through the annual appropriation process, so long as the modification is consistent with the statute which created the program.

PART 3

AMENDATORY STATUTES

2-4-301. Multiple amendments to the same provision - one without reference to the other. If amendments to the same statute are enacted at the same or different sessions of the general assembly and one amendment is without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the amendment prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-303. Penalties and liabilities not released by repeal. The repeal, revision, amendment, or consolidation of any statute or part of a statute or section or part of a section of any statute shall not have the effect to release, extinguish, alter, modify, or change in whole or in part any penalty, forfeiture, or liability, either civil or criminal, which shall have been incurred under such statute, unless the repealing, revising, amending, or consolidating act so expressly provides, and such statute or part of a statute or section or part of a section of a statute so repealed, amended, or revised shall be treated and held as still remaining in force for the purpose of sustaining any and all proper actions, suits, proceedings, and prosecutions, criminal as well as civil, for the enforcement of such penalty, forfeiture, or liability, as well as for the purpose of sustaining any judgment, decree, or order which can or may be rendered, entered, or made in such actions, suits, proceedings, or prosecutions imposing, inflicting, or declaring such penalty, forfeiture, or liability.

PART 5

CONSTRUCTION OF LAWS FOR THE SOUTHERN UTE INDIAN TRIBE AND THE SOUTHERN UTE INDIAN RESERVATION

Editor's note: Section 1 of chapter 265 (SB 25-061), Session Laws of Colorado 2025, provides that the act adding this part 5 applies to laws passed on or after August 6, 2025.

2-4-501. Purpose - legislative declaration. (1) The general assembly finds and declares that in the absence of clear expressions of legislative intent regarding whether legislation is intended to apply to the Tribe, its officials and employees acting in their official capacities, tribally controlled entities, or Tribal lands within the reservation, the resulting ambiguity substantially increases the likelihood of unnecessary jurisdictional disputes between the state of Colorado, the Tribe, and entities or persons who are subject to the laws of the state of Colorado or the Tribe.

(2) The general assembly finds, therefore, that the purpose of this part 5 is to establish rules for the construction of laws passed by the general assembly to limit the interpretation and application of laws to the Tribe, its officials and employees acting in their official capacities, tribally controlled entities, and Tribal lands within the reservation.

Source: L. 2025: Entire part added, (SB 25-061), ch. 265, p. 1366, § 1, effective August 6.

2-4-502. Definitions. As used in this part 5, unless the context otherwise requires:

(3) "State" means the state of Colorado.

(4) "Tribal lands" means lands within the exterior boundaries of the reservation that are owned in fee simple by the Tribe or a tribally controlled entity. "Tribal lands" also means trust

lands, including land assignments and allotments, within the exterior boundaries of the reservation.

(5) "Tribally controlled entity" means a division of the Tribe or a business organization that is a subsidiary owned by the Tribe or an affiliate in which the Tribe owns a controlling interest.

(6) "Tribe" means the Southern Ute Indian Tribe.

Source: L. 2025: Entire part added, (SB 25-061), ch. 265, p. 1367, § 1, effective August 6.

2-4-503. Rules of construction. (1) If the general assembly enacts a new law or materially amends an existing law that is silent as to its application to the Tribe or to tribally controlled entities; purports to apply statewide; or grants a governmental agency or entity civil, criminal, or regulatory authority, it is presumed that the law does not apply within the exterior boundaries of the reservation to the Tribe, including the Tribe's officials and employees acting in their official capacities, to a tribally controlled entity, or to Tribal lands.

(2) Nothing in this part 5 intends to modify federal law, including, but not limited to, Pub.L. 98-290, 98 Stat. 201 and the rules Pub.L. 98-290, 98 Stat. 201 established for jurisdiction within the reservation boundaries.

(3) Nothing in this part 5 is intended to apply outside of the reservation boundaries.

(4) The civil and criminal laws of the state are presumed to apply within a municipality to Indians and persons other than Indians as set forth in Pub.L. 98-290, 98 Stat. 201; except that nothing in this part 5 limits the concurrent jurisdiction of the Tribe over the conduct of Indians within a municipality.

2-4-504. Tribal consent to application of state laws. (1) Nothing in this part 5 prevents the Tribe from requesting inclusion in legislation pending before the general assembly.

(2) The governor and state agencies, in exercising the powers of the executive branch, may determine that the Tribe or the Tribe's governmental divisions are eligible for participation in state programs and grant funding that may be used within the reservation and that are designed to improve infrastructure, health care and treatment, telecommunications, transportation, education, law enforcement, environmental protections, wildlife resource management, water management, or other governmental functions and services, even if the law creating the program does not explicitly authorize participation by the Tribe.

(2) The general assembly finds, therefore, that the purpose of this part 6 is to establish rules for the construction of laws passed by the general assembly to limit the interpretation and application of laws to the Tribe, its officials and employees acting in their official capacities, tribally controlled entities, and Tribal lands within the reservation.

(3) The revisor, with the approval of the committee, may employ such additional professional and clerical staff, within limits of appropriations, as may be necessary for the preparation and publication of the statutes under this article. In addition, the committee may obtain, by contract, such technical and professional assistance as it deems advisable for the efficient and accurate preparation and publication of such statutes, including but not limited to preparation of annotations and indices.

2-5-105. Publication contract - legislative declaration. (1) (a) Consistent with the requirement of section 8 of article XVIII of the state constitution that the general assembly provide for the publication of the laws passed at each session, the state acknowledges its

obligation to provide official sets of statutes that are reasonably priced, accurate, and easy to use. In fulfillment of this obligation, the general assembly provides for distribution of statutes to state and local government agencies and the courts, without charge, in accordance with section 2-5-116 and provides for sale of statutes to the public in accordance with sections 2-5-111 and 2-5-118.

(b) The general assembly hereby finds and declares that:

(I) This section is enacted to assure that the obligation set forth in paragraph (a) of this subsection (1) is met consistent with the requirements of section 29 of article V of the state constitution governing the printing, binding, and distribution of the laws;

(II) An official, softbound, fully annotated set of statutes that is republished in its entirety annually and that is prepared under the supervision and direction of the committee on legal services of the general assembly meets that obligation; and

(III) On and after January 1, 1997, annual, softbound, official statutes shall be printed as a continuation of the original enactment of the Colorado Revised Statutes printed in accordance with the provisions of this article.

(2) On and after January 1, 1997, the work of the printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes, originally entitled Colorado Revised Statutes 1973, and other similar operations precedent to the distribution thereof when published shall be performed pursuant to a contract or contracts bid and entered into in the manner directed by the committee on legal services in accordance with this section. Such contract or contracts shall be bid by employing standard bidding practices including, but not limited to, the use of requests for information, requests for proposals, or any other standard vendor selection practices determined by the committee to be best suited to selecting an appropriate printing contractor. The executive director of the department of personnel shall provide such technical advice and assistance regarding bidding procedures as deemed necessary by the committee.

(3) (a) It is the intent of the general assembly that the work of printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes be submitted to bid and any contract or contracts be awarded by the committee on legal services at least one year prior to the expiration of the current printing contract on December 31, 1997. However, if the committee determines that a further extension of the current contract would facilitate preparation of Colorado Revised Statutes in a new format and that such an extension would be in the public interest, the committee may extend such contract for an additional period not to exceed five years. The committee shall determine whether such an extension should be granted and, subject to the five-year limitation, the duration of any extension. Subsequent contracts for the work of printing, binding, packaging, and distribution shall be rebid at the direction of the committee on legal services prior to the expiration of a contract or, if an extension is granted, prior to the expiration of the extension period. Subsequent contracts shall be awarded at least six months prior to the expiration of a prior contract or extension period. The committee shall assure that the work is rebid at least every ten years. Such contract or contracts shall be awarded to the lowest responsible bidder or bidders and the determination thereof by the committee shall be final.

(b) The terms and conditions of any contract shall be determined by the committee on legal services, subject to the following:

(I) The term of any contract shall not exceed five years; however, the committee on legal services may extend the term of any such contract for one additional period of not more than five years if it finds that such an extension would be in the public interest; and

(II) Any contract shall contain adequate procedures to allow for verification of actual costs of printing.

(c) The methods and terms of sale of Colorado Revised Statutes to the public shall be included in the contract as an alternative provision as provided for in section 2-5-111.

(d) The committee on legal services may authorize such enhancements to or improvements in Colorado Revised Statutes as the committee deems appropriate.

(e) In the award of said contract or contracts, the committee on legal services shall take into consideration the policies set forth in the "Unfair Practices Act", article 2 of title 6, C.R.S.

(f) In determining the lowest responsible bidder in the award of said contract or contracts or in determining whether to extend any such contract as provided for in paragraph (b) of this subsection (3), the committee on legal services shall take into consideration the economic, fiscal, and tax impacts of the award or extension on the state of Colorado, its citizens, and its businesses. The information must be provided in writing and shall be verifiable by legal services staff.

2-5-113. Effect of enactment of Colorado Revised Statutes 1973 - legislative construction not based on editorial matters. (1) Colorado Revised Statutes 1973 was enacted as a repeal and reenactment of Colorado Revised Statutes 1963 and the supplements thereto, as provided for in section 2-5-122, as said section existed upon its repeal.

(2) The effect of the enactment of the Colorado Revised Statutes 1973, as of its effective and operative date, shall be:

(a) To repeal all statutes and parts of statutes of a general and permanent nature not contained in the Colorado Revised Statutes 1973;

(b) To revive no law repealed or superseded before the effective and operative date of the Colorado Revised Statutes 1973;

(c) To affect no act done, right accrued, or obligation incurred or imposed by law prior to that effective and operative date;

(d) Neither to abate nor otherwise affect any action, suit, or proceeding pending on such effective and operative date;

(e) To affect no penalty or forfeiture incurred before such effective and operative date, except that where a punishment, penalty, or forfeiture is mitigated by any provision of the Colorado Revised Statutes 1973, that mitigating provision shall apply to any judgment pronounced after that effective and operative date; and

(f) To have no effect on the running or ending of a limitation or period of time prescribed for acquiring a right, barring a remedy, or for any other purpose, where the time limitation began to run before that effective and operative date and the same or a similar limitation is prescribed in Colorado Revised Statutes 1973.

(3) The provisions of Colorado Revised Statutes 1973, insofar as they are the same in substantial intent, effect, and meaning as those of prior laws, shall be given effect as though a continuation of those laws and not as new enactments. If, however, any act set out in the prior laws and reenacted by Colorado Revised Statutes 1973 or any supplement thereto is alleged to have had a defective title when originally enacted, that defect is cured by enactment of the Colorado Revised Statutes 1973 or any supplement thereto.

(4) The classification and arrangement by title, article, and numbering system of sections of Colorado Revised Statutes, as well as the section headings, source notes, annotations, revisor's notes, and other editorial material, shall be construed to form no part of the legislative text but to be only for the purpose of convenience, orderly arrangement, and information; therefore, no implication or presumption of a legislative construction is to be drawn therefrom.

2-5-115. Copyright by state. Colorado Revised Statutes and ancillary publications thereto, as published, shall be the sole property of the state of Colorado as owner and publisher thereof. The committee, or its designee, may register a copyright for and in behalf of the state of Colorado in any and all original publications and editorial work ancillary to the Colorado Revised Statutes that are prepared by the general assembly or its staff. The committee shall use its best efforts to ensure that any federal copyright registered pursuant to this section is appropriately maintained. (1) The revisor shall prepare for approval by the committee an official list of the state, district, county, and municipal officials and state boards, commissions, divisions, and agencies who shall receive for official use sets of Colorado Revised Statutes, including a sufficient number of volumes for exchange with other states and territories on a reciprocal basis.

(2) The office of legislative legal services shall distribute such sets to the officials and agencies so listed, taking a receipt for each set so delivered.

2-5-117. Softbound volumes - ancillary publications. (1) Following the regular legislative session convening after January 1, 1997, the revisor, under the supervision and direction of the committee, shall annotate, arrange, and prepare for publication all laws of a general and permanent nature enacted at that session and at any special session intervening since the last preceding regular legislative session. Such laws shall be combined with the laws previously contained in the original hardbound volumes or replacement volumes and with the laws contained in the 1996 cumulative supplements for those volumes. Such combined laws shall be republished in accordance with this article in a fully annotated, softbound set of statutes.

(2) After each regular legislative session convening after January 1, 1998, the preparation for publication shall be as a republication of the entire set of statutes in softbound format that combines newly enacted laws with those published in the preceding year.

(3) Such softbound volumes, when, in like manner as is provided for enactment of Colorado Revised Statutes 1973, certified and reported to the general assembly by the committee, approved and enacted by the general assembly, published, and deposited with the secretary of state, shall be received, recognized, and referred to in like manner as Colorado Revised Statutes. Each year's set of softbound volumes shall become effective on the date specified in section 2-5-126 (2).

(4) The committee may issue such ancillary publications as it considers necessary or desirable in aid of the general use and purposes of Colorado Revised Statutes.

(IV) Recognizes that other persons, agencies, or political subdivisions may, from time to time, also publish, reprint, or otherwise distribute the statutes in print, electronic, or other digital format without the use of the statutory database containing the official text of the statutes as prepared by the general assembly or its staff.

(c) Publication, reprinting, or distribution of any of the publications ancillary to the statutes of the state of Colorado, as prepared by the general assembly or its staff, other than pursuant to sections 2-5-101 to 2-5-116, may be made only as provided for in this section.

Such fee and costs shall be determined by the committee, and any fee shall be in an amount that the committee determines is necessary to pay for state property interests in the statutes, to pay for the use of any material copyrighted by the state, and to pay for expenses incurred by the committee to ensure the accuracy of the statutes.

(II) (Deleted by amendment, L. 92, p. 959, § 1, effective April 29, 1992.)

(2.5) (a) Any person, agency, or political subdivision desiring to publish, reprint, or distribute, whether by use of printed matter or by use of computer or other electronic means, any of the publications ancillary to the statutes of the state of Colorado shall make prior written application to the committee, in which the applicant:

(I) Specifies what ancillary publications it seeks to publish;

(II) States generally the purpose for the publication, reprinting, or distribution and the persons or classes of persons to receive copies thereof;

(III) Demonstrates to the satisfaction of the committee that such ancillary publications will be accurately reproduced; and

(IV) Agrees to pay the costs and fees required by the committee.

(b) If the committee finds from the application that such distribution meets the requirements of this subsection (2.5) and that it will not be detrimental to the interests of the citizens of the state, it may authorize distribution of such ancillary publications specified in the application. Upon satisfactory arrangements for the payment by such person, agency, or political subdivision of any costs and fees, the committee may provide copies of such ancillary publications in printed or electronic format.

(3) (a) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

(4) The general assembly hereby finds and declares that this section and the other provisions of this article are enacted in furtherance of the general assembly's legislative duty to provide for the publication of the laws as required by section 8 of article XVIII of the state constitution and that any acts of the committee or its staff in implementing these provisions are legislative in character. The purpose of this section is to ensure that the official statutes are made available to the courts, state and local government agencies, and other users; that copies of the Colorado Revised Statutes, when published, reprinted, or distributed to interested citizens, accurately state the law in effect when those copies are prepared; and that unofficial publications, reprintings, or distributions of the statutes are not mistaken for the official statutes produced and enacted in accordance with this article. Any person, agency, or political subdivision that publishes, reprints, or otherwise distributes the statutes of the state of Colorado, with or without any ancillary publications to the statutes, shall reproduce them accurately.

(5) (a) Any publication, reprinting, or distribution that is published in accordance with paragraph (a) of subsection (2) of this section using the statutory database containing the official text of the statutes may contain a notice, approved by the committee, that indicates that it is an officially sanctioned publication using the official text of the Colorado Revised Statutes. Except for the official statutes provided for in subsection (1) of this section, publications of the statutes shall not contain any notice or other indication that they are official statutes of this state.

(b) to (d) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

JOINT LEGISLATIVE OVERSIGHT COMMITTEES

2-7-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) A multiplicity of powers, duties, and functions have been assigned to the executive branch of state government in accordance with law and have been undertaken by the executive branch on its own initiative or at the behest of the federal government;

(c) While the initial assignment or undertaking of powers, duties, and functions may be reasonable, the assignment or undertaking may become obsolete because of changes in the nature of the problem sought to be solved or because of the passage of time;

(d) The interests of cost-effective and expedited delivery of services, avoidance of excessive tax burdens, and better government would be served by regular analytical review of the powers, duties, and functions of executive agencies by the general assembly for the purpose of determining whether there is a public need for continued existence of such powers, duties, and functions and whether the public need would be better served by the elimination, reassignment, or expansion of said powers, duties, and functions.
