30-1-102. Fees of county treasurer - repeal. (1) The county treasurer shall charge and receive the following fees:

(a) Upon all money received by him or her for town and city taxes except as otherwise provided in section 42-3-107 (24)(c), whether such towns or cities are incorporated under the general laws or by special charter, and anything in said charter to the contrary notwithstanding, and upon all school taxes in counties of the first class, one percent; in counties of the second class, one percent; in counties of every other class, one percent on school taxes and two percent on town and city taxes; except that a collection fee not exceeding one-quarter of one percent shall be charged as provided in section 22-54-119 and no collection fee shall be charged on other school taxes exempt by law from said collection fees;

(b) Upon all moneys received by him for taxes of every other kind in counties of the first class, one percent; second class, one and one-half percent; third class, two percent; fourth class, three percent; fifth class, five percent;

(c) For receiving all moneys other than taxes, one percent, except moneys received from all federal funds derived from any and all sources. No collection fees shall be charged upon any moneys collected and distributed under the provisions of sections 22-54-106 and 22-54-115, C.R.S., or upon other school moneys exempt by law from said collection fees;

(d) Repealed.

(e) For advertising delinquent personal property taxes, ten dollars or the cost of advertising, whichever is greater;

(f) For certifying the amount of taxes due on any parcel of real estate, and for certifying outstanding sales for unpaid taxes with the amount required for redemption, ten dollars for each certificate;

(g) In connection with a sale for delinquent taxes, for advertising each property description that is separately identified by its own parcel number for general property tax purposes, the estimated cost of advertising but not less than ten dollars;

(h) Repealed.

(i) For each certificate of purchase delivered, four dollars;

(j) For endorsing the amount of subsequent taxes paid on tax certificates and the date of payment in the book of tax sales, five dollars for each certificate;

(k) For processing an application for treasurer's deed, thirty-five dollars if the application is not advertised and seventy-five dollars if the application is advertised;

(l) For the assignment of a certificate of purchase, made to the county, city, town, or city and county at any tax sale, to a person desiring to purchase land covered by such certificate, four dollars;

(m) For each notice of purchase required by section 39-11-128 (1), C.R.S., to be served before a treasurer's deed may be issued, the cost of publication in a newspaper where such publication is required;

(n) For each certificate of redemption delivered, seven dollars;

(o) (I) For services in collecting drainage district assessments on or before December 31, 2025, such amount as the board of directors of the district may allow, but not less than twenty-five dollars nor more than one hundred dollars per annum. This subsection (1)(o)(I) is repealed, effective July 1, 2026.

(II) For services in collecting drainage district assessments on and after January 1, 2026, twenty-five hundredths of one percent upon all money received by the county treasurer for assessments levied by the drainage district;

(p) (I) For services in collecting irrigation district assessments on or before December 31, 2025, such amount as the board of directors of the district may allow, but not less than twenty-five dollars nor more than one hundred dollars per annum. This subsection (1)(p)(I) is repealed, effective July 1, 2026.

(II) For services in collecting irrigation district assessments on and after January 1, 2026, twenty-five hundredths of one percent upon all money received by the county treasurer for assessments levied by the irrigation district;

(q) For services rendered in handling the payment of principal and interest on bonds of a school district, such amount as the county treasurer and the board of education shall agree upon, which shall be determined in accordance with the prevailing rate charged for similar services rendered by commercial banks in the state of Colorado;

(r) For preparation of a distraint warrant, fifteen dollars;

(s) For research, the amounts specified in section 24-72-205;

(t) For the notice, computation, and recording provided in section 32-1-1604, C.R.S., thirty dollars.

(1.5) The county treasurer may charge and receive the fee specified in section 42-4-510 (2)(a) for issuing an authentication of paid ad valorem taxes and a transportable manufactured home permit.

(2) None of the provisions of this section shall be applicable to any moneys received or collected by any county treasurer for any hospital established under the provisions of part 3 of article 3 of title 25, C.R.S., or for any health service district embracing only an entire county established under the provisions of article 1 of title 32, C.R.S.

(3) In addition to any other fees to which the county treasurer is entitled and notwithstanding the provisions of subsection (2) of this section, the county treasurer may charge an administrative fee of five dollars when the payment of any real property tax statement, exclusive of any license fees collected pursuant to sections 35-40-205 and 35-57.5-116, C.R.S., is less than ten dollars. The fee shall be credited to the county general fund, pursuant to section 30-25-105, to cover the cost of processing such tax statement.

30-1-103. Fees of county clerk and recorders - report - repeal. (1) Fees collected by county clerk and recorders are as follows: For filing or recording each document for which a fee is not specifically provided, except tax schedules and claims against the county, for which no fee is allowed, in cities and counties and in counties of every class, the fee is forty dollars for each document; except that no fee is allowed for filing or recording a certificate of death, a verification of death document, or a certified copy thereof.

(2) In cities and counties and in every county, the following fees apply:

(a) For taking and certifying each affidavit, two dollars;

(b) For each certificate and seal, one dollar;

(c) Repealed.

(d) For certificate of magistracy under seal, two dollars;

(e) For taking acknowledgments, two dollars;

(f) to (i) Repealed.

(j) For copies of records, a fee in an amount determined pursuant to section 24-72-205 (5), C.R.S.;

(k) to (m) Repealed.

(3) County governments shall be exempt from all fees authorized to be collected under the provisions of this section whenever the county or any agency thereof is the grantor or grantee of the document being recorded or whenever a delegate child support enforcement unit files or records documents for the purpose of collecting child support, child support arrears, maintenance, maintenance when combined with child support, retroactive support, or child support debt.

(4) (Deleted by amendment, L. 2010, (HB 10-1007), ch. 71, p. 243, § 1, effective April 5, 2010.)

(5) The fee described in subsection (1) of this section will be collected on any filing received by the county clerk and recorder as an authorized agent of the executive director of the department of revenue pursuant to section 38-29-128 or 42-6-121.

(6) This section is repealed, effective December 31, 2029.

30-1-104. Fees of sheriff. (1) Fees collected by sheriffs shall be as follows:

(a) For serving and returning summonses or other writ of process in a criminal action not specified in this section, with or without complaint attached, on each party served, in counties of every class, actual expenses, but not more than fifteen dollars;

(a.5) For serving and returning a summons or other writ of process in other than a criminal action not specified in this section, with or without complaint attached, on each party served, in counties of every class, actual expenses, but not more than thirty-five dollars;

(b) For making a return on a summons in a criminal action not served, for each party, in counties of every class, actual expenses, but not more than five dollars;

(b.5) For making a return on a summons in other than a criminal action not served, for each party, in counties of every class, actual expenses, but not more than twenty dollars;

(c) For serving and returning each subpoena in a criminal action on each witness, in counties of every class, actual expenses, but not more than seven dollars and fifty cents;

(c.5) For serving and returning each subpoena in other than a criminal action on each witness, in counties of every class, actual expenses, but not more than sixty dollars;

(d) For making return on a subpoena in a criminal action not served, in counties of every class, five dollars;

(d.5) For making a return on a subpoena in other than a criminal action not served, in counties of every class, actual expenses, but not more than twenty dollars;

(e) For serving each juror in counties of every class, ten dollars;

(f) For serving and returning writ of attachment or replevin on each party, in counties of every class, mileage, as described in paragraph (h.5) of this subsection (1), and actual expenses;

(g) For serving garnishee summons on each party, in counties of every class, actual expenses, but not more than twenty dollars;

(h) Mileage for each mile actually and necessarily traveled in serving each writ, subpoena, or other process in a criminal action, not less than twelve cents nor more than the maximum mileage allowance provided for state officers and employees under section 24-9-104, C.R.S., as determined by resolution of the board of county commissioners of each county or as provided by the charter of a home rule county; except that actual and not constructive mileage shall be allowed in all cases; and, where more than one warrant is served by any officer on one trip, the actual mileage only shall be allowed such officer, and the actual mileage shall be apportioned among the several warrants served on the trip;

(h.5) For mileage:

(I) Not to exceed the mileage rate authorized for county officials and employees pursuant to section 30-11-107 (1)(t), for each mile actually and necessarily traveled in serving each writ, subpoena, or other process in an action other than a criminal action; or

(II) A sheriff may establish a zone- or zip code-based mileage fee structure. The zone- or zip code-based mileage fee structure shall establish a single mileage fee for the service of any writ, subpoena, or other process in an action, other than a criminal action, in each separate zone or zip code, as applicable, in the county. The applicable single mileage fee for a zone or zip code shall be charged for all papers served in the zone or zip code regardless of the number of

attempts or actual mileage traveled by a sheriff within the zone or zip code during a sheriff's operational period. The single mileage fees for each zone or zip code shall be set by resolution of the board of county commissioners for the county and posted pursuant to section 30-1-108.

(i) In making demand for payment on executions when payment is not made, in counties of every class, one dollar;

(j) For levying execution or writ of attachment, besides actual custodial and transportation costs necessarily incurred in counties of every class, mileage, as described in paragraph (h.5) of this subsection (1), and actual expenses;

(k) For levying writ of replevin, besides actual custodial and transportation costs necessarily incurred in counties of every class, mileage, as described in paragraph (h.5) of this subsection (1), and actual expenses;

(l) No custodian shall be appointed by the sheriff to take custody of goods by him or her attached, nor shall any deputy be placed in charge thereof, unless the plaintiff or his or her attorney shall request the appointment of such custodian in writing; such custodian or deputy shall receive twelve dollars per diem of twelve hours, or fraction thereof, which shall be taxed as costs in the case;

(m) For making and filing for record a certificate of levy on attachment or other cases, in counties of every class, actual expenses, but not more than thirty dollars;

(n) For committing and discharging convicted prisoners to and from the county jail, in counties of every class, a reasonable fee, not to exceed thirty dollars, which fee shall be collected directly from prisoners at the time of commitment, but shall be refunded to any prisoner who is not convicted;

(o) For serving writ with aid of posse comitatus with actual expenses necessarily incurred in executing said writ, in counties of every class, actual expenses, but not more than sixty dollars; for serving same without aid in counties of every class, actual expenses, but not more than four dollars;

(p) For attending before any judge, court not being in session, with prisoners with writ of habeas corpus for each day of twelve hours, or fraction thereof, in counties of every class, twelve dollars;

(q) For attending courts of record when in session, per diem of twelve hours, or fraction thereof, in counties of every class, twelve dollars; but the attendance upon the county court shall be certified by the judge of said court at the close of each month;

(r) For advertising property for sale, besides the actual cost of the advertising, in counties of every class, actual expenses, but not more than thirty dollars;

(s) For making certificates of sale previous to execution of deed, or on sales of personal property, in counties of every class, actual expenses, but not more than thirty dollars;

(t) For executing and acknowledging deed of sale of real estate, in counties of every class, actual expenses, but not more than forty dollars;

(u) For taking, approving, and returning bond in any case, in counties of every class, a reasonable fee, not to exceed ten dollars;

(v) For executing capias or warrant in criminal cases, on each prisoner named therein, in counties of every class, two dollars;

(w) For transporting insane or other prisoners, besides the actual expenses necessarily incurred, in counties of every class, not less than twelve cents per mile nor more than the maximum mileage allowance provided for state officers and employees under section 24-9-104,

C.R.S., as determined by resolution of the board of county commissioners of each county or as provided by the charter of a home rule county, and for the service of mittimus or other process order, whether written or otherwise, in transporting prisoners, in counties of every class, not less than twelve cents per mile nor more than the maximum mileage allowance provided for state officers and employees under section 24-9-104, C.R.S., as determined by resolution of the board of county commissioners of each county or as provided by the charter of a home rule county; except that such mileage shall be only by one officer and no mileage shall be charged upon the guards attending the officer having custody of the prisoner and further except that the guards attending the officer in charge of the prisoner shall receive, besides the expenses necessarily incurred, the sum of twelve dollars per diem of twelve hours, or fraction thereof, to be paid out of the county treasury;

(x) For his or her services in sales of real estate on an execution or decree, order of court, or other court process, besides actual expenses, in counties of every class on all bids under three thousand dollars, twenty dollars; and on all sums bid over three thousand dollars, one percent; but such commission shall in no case exceed the sum of one hundred dollars;

(y) For money collected by sale of personal property, in counties of every class, on all sums bid under five hundred dollars, five percent; on all sums bid over five hundred dollars and under one thousand dollars, six percent; and on all sums bid over one thousand dollars, seven percent; but no fee shall be charged for an auctioneer or other person for making sales of personal property; and in no case shall such commission exceed the sum of one hundred dollars;

(z) For money collected or settlements made without sale, after writ of execution, attachment, or replevin has been placed in his or her hands and levy or demand for payment has been made on the proper party, in counties of every class, on all amounts under five hundred dollars, three percent; on all amounts over five hundred dollars and under one thousand dollars, two percent; and on all amounts over one thousand dollars, one and one-half percent; but the fee in no case shall exceed the sum of one hundred and fifty dollars; and the plaintiff or any person making any settlement shall be liable to the sheriff for such fees;

(aa) For pursuing and capturing, or pursuit without capture, when previously authorized by the board of county commissioners, each prisoner charged with the commission of any crime denominated a felony, beyond the limits of said county, in counties of every class, all necessary expenses of such pursuit, upon a verified, itemized account being presented for the same, together with twelve dollars per diem of twelve hours for the time occupied in such pursuit;

(bb) For serving and returning writ of ne exeat or body attachment, in counties of every class, actual expenses, but not more than twenty dollars;

(cc) For serving copy of execution when making levy on shares of stock under execution, on each party served, in counties of every class, actual expenses, but not more than sixty dollars;

(dd) For making certificates of levy on shares, or otherwise, in counties of every class, actual expenses, but not more than thirty dollars;

(ee) For making return on execution, in counties of every class, actual expenses, but not more than sixty dollars;

(ff) For executing certificate of redemption, in counties of every class, actual expenses, but not more than thirty dollars;

(gg) For service and execution of any writ of restitution or order of possession of premises, besides actual transportation costs necessarily incurred in counties of every class,

actual expenses not to exceed two hundred dollars; except that a sheriff may charge for actual expenses in excess of two hundred dollars if the work performed exceeds two hours in duration. A sheriff may charge a fee under this paragraph (gg) after the sheriff has provided a detailed accounting of his or her actual expenses to the person requesting such service. Actual transportation costs assessed pursuant to this paragraph (gg) shall only be charged once per location for each service or execution.

(1.5) If the cost of serving any writ of restitution or order of possession of premises may be provided at a lower cost to a county by a private provider, such county shall contract with a private provider pursuant to a competitive bidding system in which a contract to provide the service of such writs is awarded to the lowest bidder. The provisions of this subsection (1.5) shall not be deemed to authorize that services related to the execution of any writ of restitution or order of possession of premises be provided through private contracting.

(2) As used in this section, "actual expenses" means those personnel and processing costs incurred in typing, processing, filing, and serving said process papers but does not include mileage. Subject to the limitations contained in this section, the fee for each type of service shall be fixed by ordinance or resolution.

30-1-116. Officers shall collect fees in advance. (1) Except as provided in section 30-1-106, every officer shall collect every fee, as prescribed, for services performed by him or her in advance, if the same can be ascertained, and when any officer negligently or willfully fails to collect any such fee, the same shall be charged against his or her salary.

(2) In proceedings where a public administrator, special administrator, receiver, or other person is appointed by the court to take possession of assets of an estate in which there are no funds immediately available to pay fees, the fees need not be paid in advance, but shall be paid as soon as funds become available.

(3) No officer shall collect fees in advance in any collection action initiated pursuant to section 18-1.3-506, C.R.S.

30-1-119. Separate fee funds kept - definition. (1) Except as otherwise provided in subsection (2) of this section, all fees collected by county officers except those collected pursuant to section 30-1-102 (3) shall be paid over to the county treasurer and shall be kept by him in separate funds to be known as:

- (a) The "sheriff's fee fund";
- (b) The "county clerk's fee fund";
- (c) The "county treasurer's commission and fee fund".

(2) The revenues generated annually from the fee for committing and discharging prisoners authorized pursuant to section 30-1-104 (1)(n) must be distributed as follows:

(a) (I) The county shall expend an amount equal to twenty percent of the revenues generated annually from the fee to administer a community-based treatment program for the treatment of offenders with a behavioral, mental health, or substance use disorder committed or discharged by the county if the county has established, or the board of county commissioners chooses to establish, such a community-based treatment program.

(II) For purposes of this subsection (2)(a), "community-based treatment program" means a community-based program that provides management and treatment services to persons with behavioral, mental health, or substance use disorders in the criminal or juvenile justice system, designed, at a minimum, to reduce recidivism and hospitalization of these persons.

(b) The county shall expend an amount equal to twenty percent of the revenues generated annually from the fee for training of the sheriff and deputy sheriffs and other local law enforcement officers. The training may include a crisis intervention training component to meet the needs of offenders with behavioral or mental health disorders; and

(c) The county shall expend the balance of the revenues generated annually from the fee for law-enforcement-related expenditures to defray the costs of processing prisoners into and out of custody.

(C) Category V-C counties consist of the counties of Bent and Dolores;

(D) Category V-D counties consist of the county of Cheyenne.

(VI) (A) Category VI-C counties consist of the counties of Jackson and Sedgwick;

(B) Category VI-D counties consist of the county of Kiowa.

(b) On and after January 1, 2016, the general assembly may amend the provisions of paragraph (a) of this subsection (1.5) by bill to move a county to any of the categories for which salaries are specified in subsection (2.3) of this section to another category. Such amendment shall be made only after giving due consideration to the variations among the counties including population, the number of persons residing in unincorporated areas, assessed valuation, motor vehicle registrations, building permits, military installations, and such other factors as may be relevant to reflect the variations in the workloads and responsibilities of county officers and the tax resources of the several counties.

(2) The annual salaries of county officers whose term of office begins prior to January 1, 2002, shall be as follows:

	County Commissioners	County Sheriffs	County Treasurers, Assessors, and Clerks
(a) Category I	63,203	71,293	63,203
(b) Category II	51,827	57,768	51,827
(c) Category III	41,714	53,091	41,714
(d) Category IV	35,394	47,782	35,394
(e) Category V	32,613	36,405	32,613

(2.1) On and after January 1, 2002, but prior to January 1, 2007, the annual salaries of county officers whose term of office begins on or after January 1, 2002, but prior to January 1, 2007, shall be as follows:

County

	County Commissioners	County Sheriffs	Treasurers, Assessors, and Clerks	County Coroners
(a) Category I	63,203	95,000	75,500	75,500
(b) Category II	51,827	75,000	62,000	32,000
(c) Category III	41,714	65,000	50,000	25,000
(d) Category IV	35,394	57,000	42,500	17,000
(e) Category V	32,613	42,000	37,500	6,500

(2.2) On and after January 1, 2007, but prior to January 1, 2016, the annual salary of a county officer whose term of office begins on or after January 1, 2007, but prior to January 1, 2016, is as follows:

	County Commissioners	County Sheriffs	County Treasurers, Assessors, and Clerks	County Coroners	County Surveyors
(a) Category I	87,300	111,100	87,300	87,300	5,500
(b) Category II	72,500	87,700	72,500	44,200	4,400
(c) Category III	58,500	76,000	58,500	33,100	3,300
(d) Category IV	49,700	66,600	49,700	22,100	2,200

(f) Category VI	39,700	46,500	39,700	9,000	1,000

(2.3) (a) Except as provided in subsections (2.3)(b) to (2.3)(f) of this section, on and after January 1, 2016, the annual salary of a county officer whose term of office begins on or after such date is as follows:

[Insert 30-2-102(2.3)(a).pdf here]

(b) Prior to January 1, 2018, and prior to January 1 each two years thereafter, the director of research of the legislative council appointed pursuant to section 2-3-304 (1) shall adjust the amount of each annual salary in each category specified in subsection (2.3)(a) of this section in accordance with the percentage change over the period in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its applicable predecessor or successor index. The director of research shall post the adjusted annual salary amounts on the website of the general assembly. The annual salary of a county officer whose term of office begins on or after the date the salaries have been adjusted pursuant to this subsection (2.3)(b) must be as adjusted by the director of research.

(c) The annual salaries of full-time coroners for category II, III, and IV counties, as displayed in bold text and within parentheses in the table in subsection (2.3)(a) of this section, apply only to coroners whose terms begin on or after January 1, 2023, and must be adjusted prior to January 1, 2024, and prior to January 1 each two years thereafter in accordance with subsection (2.3)(b) of this section.

(d) The salary of a full-time category II coroner is equal to the salary of a category II county commissioner, category II county treasurer, category II county assessor, and category II county clerk as indicated by the table in subsection (2.3)(a) of this section. The board of county

commissioners may decline the full-time status of a category II coroner for cause, but only after the coroner is given notice and an opportunity to be heard by the board of county commissioners in a public hearing.

(e) A coroner in a category III county may, in consultation with and with approval by the board of county commissioners, determine if a full-time position is appropriate. If a full-time position is agreed upon, the salary of a full-time category III coroner is equal to the salary of a category III county commissioner, category III county treasurer, category III county assessor, and category III county clerk as indicated by the table in subsection (2.3)(a) of this section.

(f) A coroner in a category IV county may, in consultation with and with approval by the board of county commissioners, determine if a full-time position is appropriate. If a full-time position is agreed upon, the salary of a full-time category IV coroner shall be equal to the salary of a category IV county commissioner, category IV county treasurer, category IV county assessor, and category IV county clerk as indicated by the table in subsection (2.3)(a) of this section.

(2.5) Repealed.

(2.7) (Deleted by amendment, L. 97, p. 308, § 1, effective August 6, 1997.)

(2.8) The general assembly hereby finds and declares that:

(a) The rate of compensation of elected county officers shall be provided in accordance with the provisions set forth in section 15 of article XIV of the state constitution;

(b) The salaries of county commissioners, sheriffs, treasurers, assessors, clerk and recorders, coroners, and surveyors have been fixed by law through the enactment of this section.

(c) (Deleted by amendment, L. 98, p. 409, § 1, effective April 21, 1998.)

(3)(a) to (d) Repealed.

(e) Except as provided in subsection (3)(f) of this section, no elected county officer shall have his or her compensation increased or decreased during the term of office to which he or she has been elected or appointed. All actual and necessary expenses of an elected officer incurred while engaged in business on behalf of the county may be allowed by the board of county commissioners and paid out of the county treasury.

(f) An elected county officer in a county classified for salary purposes under subsection (1.5)(a)(III), (1.5)(a)(IV), (1.5)(a)(V), or (1.5)(a)(VI) of this section may elect in his or her sole discretion to receive an amount of salary that is lower than the amount provided for in this section. The amount of the lower salary received by an officer shall be fifty percent of the amount of the salary otherwise provided for the officer as set forth in this section. Any such election shall be set forth in writing and recorded with the office of the county clerk and recorder during the month of November. Any additional money available to a county as a result of an elected county officer making an election pursuant to this subsection (3)(f) shall remain available for expenditure in the county general fund. An elected county officer who elects to receive a lower salary pursuant to this subsection (3)(f) may subsequently elect to receive a higher salary so long as the amount of the higher salary does not exceed the amount provided for in this section. In no event shall an elected county officer make more than one election per year pursuant to this subsection (3)(f).

(4) The board of county commissioners may adjust the salaries established in this section pro rata for county officers working part-time.

(5) The salaries established pursuant to this section shall remain in effect until such time that section 15 of article XIV of the constitution of the state of Colorado is amended to authorize

or direct the board of county commissioners in each county to fix the compensation of county officers.

(6) If any provision of this section is found to be unconstitutional by a court of competent jurisdiction, the remaining provisions of this section are valid, unless the court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed.

30-2-104. Compensation of deputies and assistants. (1) (a) The county clerk and recorders, county treasurers, county assessors, county coroners, and surveyors of the respective counties may appoint such deputies, assistants, and employees as shall be necessary at the compensation, payable at least once each month, as fixed by the officers with the approval of the boards of county commissioners of their respective counties. Except for those employees provided for pursuant to article 1 of title 26, C.R.S., boards of county commissioners may adopt a classification and compensation plan for all county employees paid in whole or in part by the county. The classification and compensation plan shall include workweek formulas of not less than forty hours designed to satisfy the varying requirements of each county service and county department as provided in paragraph (b) of this subsection (1). Upon acceptance by an elected official, the plan shall become binding upon the employees of that office. Changes in benefits, pay grades, and job classifications of employees shall thereafter be made in accordance with the plan.

(b) (I) Notwithstanding any other provision of law to the contrary, workweek formulas shall take into account the various services provided by the county, the operation of the various county departments, and the demands which such services and operations have in requiring employees to be on the job in a manner which is not in conformity with the basic forty-hour workweek which generally characterizes office work.

(II) Such workweek formulas may provide for work time in excess of forty hours during consecutive seven-day calendar periods. In such cases, computation of forty-hour pay periods may be based on an averaging formula covering more than such seven-day calendar period.

(III) Authorized overtime work shall relate to such averaged workweeks where determined in the classification and compensation plan applicable to a described department or service.

(IV) All employees who work overtime pursuant to any classification and compensation plan shall receive overtime compensation, either in cash or in compensatory time.

(2) In the event litigation is instituted relating to compensation or classification, the burden of proof shall be upon the plaintiff or the elected official instituting such action. Costs of any litigation instituted by an elected official shall be paid out of the county general fund.

30-2-106. Undersheriffs and deputies - salaries - report of fees. (1) Undersheriffs and deputy sheriffs shall be appointed by the sheriffs of their respective counties, and their salaries shall be paid at least once each month. In all counties the salaries of the undersheriff and deputy sheriff shall be fixed by the sheriff, with the approval of the board of county commissioners.

(2) The undersheriff and each deputy sheriff shall make to the sheriff a report in writing, under oath, of all fees collected of any description whatsoever and of all expenditures and necessary expenses relating to the discharge of the duties of his office.

(3) In addition thereto such sheriffs, undersheriffs, and deputy sheriffs shall be allowed such mileage as shall be determined by resolution of the board of county commissioners of each county or as provided by the charter of a home rule county, within the limits provided under section 30-11-107 (1)(t), for each mile actually and necessarily traveled in the performance of their duties.

30-2-108. Coroner - compensation - mileage.

(1) (a) Repealed.

(b) In counties of every class, the coroner shall be reimbursed for such mileage as shall be determined by resolution of the board of county commissioners of the county or as provided by the charter of a home rule county, within the limits provided under section 30-11-107 (1)(t), for each mile actually and necessarily traveled in going to and returning from the place of investigation or the place of inquest, which reimbursement shall be paid out of the county treasury.

(c) In counties of every class, the board of county commissioners shall provide for reimbursement to coroners for expenses related to travel by the coroner for the purpose of testifying as a witness or acting in any other official capacity with respect to any legal proceeding involving a death investigated by that coroner. Such reimbursement may include a mileage allowance for each mile actually and necessarily traveled in an amount determined by the board within the limits provided under section 30-11-107 (1)(t) and actual and necessary lodging, subsistence, and incidental expenses as determined by the board. Such reimbursement shall be paid out of the county treasury.

(d) In counties of every class, the board of county commissioners may provide for additional compensation to be paid to any coroner who performs a post-mortem examination of the body of a deceased person pursuant to section 30-10-606 (2), which compensation shall be paid out of the county treasury.

(2) In addition to the fees provided in subsection (1) of this section, the coroner shall receive the same fees for summoning jurors and witnesses, and swearing jurors and witnesses, as are now allowed by law for like service. For all services performed in place of the sheriff, the coroner shall receive the same fees as are allowed to the sheriff for like service.

LOCATION AND BOUNDARIES

ARTICLE 5

County Boundaries

30-5-101. Legislative declaration - county boundaries. (1) The general assembly recognizes that in the establishment of the state of Colorado the counties of the territory of Colorado were adopted as the counties of the new state and that there have been additional counties established by law and in accordance with then current methods of surveying and describing county boundaries. The general assembly finds and declares that it is desirable to revise the descriptions of county boundaries to update and establish by law more precise definitions of the boundaries of the several counties of this state as they are known to exist with the use of modern methods and equipment. It is not the intent of the general assembly to effect the transfer of land from one county to another or to adversely affect the title of any property merely because of the redefinition of county boundaries.

(2) The following shall be the boundaries of the respective counties of this state.

ARTICLE 6

Location, Change, and Settlement of Boundaries

30-6-100.3. Definitions. As used in this article, unless the context otherwise requires, "county" means any county or city and county.

Source: L. 86: Entire section added, p. 1034, § 1, effective July 1.

30-6-101. Survey of boundaries - arbitration. Wherever the boundary lines of any county are so indefinite as to make it impossible to determine where such lines are, and when a portion of territory by reason of such indefinite description is claimed by two counties, the board of county commissioners of each county so claiming said territory is authorized to have a survey made to define the boundaries. If it occurs that either county is dissatisfied with the boundary line as thus determined, it may be entitled to require of the other an arbitration for the settlement of the matter, from which arbitration there shall be no appeal, and the decision shall be final.

30-6-102. Board of arbitration. When such arbitration is required, the board of county commissioners of each county shall choose one person from their county, and such persons shall select a third person who shall not be a resident of either county, and such three persons so chosen shall constitute a board of arbitration for the purposes mentioned in section 30-6-101.

30-6-103. Arbitration - agreements - oaths - expenses. All counties, before entering into such arbitration by their boards of county commissioners, shall sign such agreements as required by law concerning arbitrations, and the board of arbitrators, before acting in such capacity, shall take such oath as prescribed by law. The expense of survey and arbitration shall be equally borne by each county, to be paid out of the county general fund.

30-6-105. Annexation - petition - notice to voters. When a majority of the taxpaying electors residing in that portion of the territory of any county proposed to be stricken off and annexed to an adjoining county shall petition the board of county commissioners of the county in which such territory is situate to have such portion stricken off and annexed to the adjoining county, giving the area and general boundaries of such territory by natural objects and monuments as near as may be, and shall deposit with such board of county commissioners an

amount of money sufficient to pay the expenses of the surveying and platting of such territory, it is the duty of the said commissioners to have such territory surveyed and platted in a suitable manner and to cause to be submitted to the registered electors of such county at the general election next after the filing of such petition and plat with them the question of whether such portion of the territory of their county shall be so stricken off. The board of county commissioners shall also require the county clerk and recorder, in giving the notice required by law of the general election then next ensuing, to insert therein a notice to said registered electors that the question of striking off such territory from their county, particularly describing such territory by metes and bounds as shown by said survey, will be submitted to them for their approval or rejection and that they should designate on their ballots their approval thereof, which shall be expressed by the words "for the new county line", or their dissent thereto, expressed by the words "against the new county line". The board of county commissioners of the county to which such territory has been annexed may, in their discretion, pay the necessary expenses of such survey and plat by warrant on the treasury as in other cases.

30-6-106. Annexation - adjoining county. Upon the receipt of the said petition and deposit by the board of county commissioners, they shall immediately give notice of the fact to the board of county commissioners of the adjoining county to which the petitioners desire said territory should be annexed, and the board of county commissioners of the adjoining county shall, upon receipt of the same, require the county clerk of that county, in giving notice of the next general election, to notify the electors of that county of the proposed annexation, particularly setting forth by metes and bounds in said notice the description of the said territory, that the question of such annexation will be submitted to them at said election, and that said electors shall designate on their ballots their dissent from or agreement thereto, which dissent or agreement shall be expressed as is provided in section 30-6-105.

30-6-107. Annexation - election result - proclamation. When the votes cast at the annexation election have been duly canvassed, the county clerk of each of said counties shall transmit the result of said election, as to this question, along with the other returns, to the secretary of state, and if such canvass shows that a majority of the votes cast at said election in each of the said counties was in favor of the question submitted in the respective counties mentioned in section 30-6-106, the secretary of state shall immediately make proclamation thereof, setting forth a description of said territory, as it is described in said notice, plat, and survey, and that by virtue of such majority vote in said counties such territory has been stricken off from the one county, naming it, and annexed to the other county, naming it.

30-6-108. County clerk and recorders to record. It is the duty of the county clerk and recorders of the said counties to record at length said proclamation of the secretary of state, together with said survey and plat, in the deed records of his county, and thereafter the county line so established shall be the lawfully constituted line between said counties, and the said territory so annexed to such county shall be subject to the jurisdiction of the county to which it has been so added, and shall be a part and parcel thereof.

30-6-109. Liabilities of annexed territory. The territory so stricken off from any county and annexed to the adjoining county shall be held to pay its ratable proportion of all then existing liabilities of the county from which it has been taken. Such ratable proportion of liabilities, as soon as the proclamation has been made, shall be fixed by the board of county commissioners of the county from which it is taken, and certified to the board of county commissioners of the county of which it becomes a part; and said board of county commissioners of the last mentioned county shall cause a special tax to be levied upon the property subject to taxation in such annexed territory for one, two, or three years, until such ratable proportion has been fully collected and paid, and the money, when collected, shall be refunded to the county from which the territory has been taken.

30-6-109.5. Annexation - county airports - agreements between governing bodies - approval. (1) Any provision of this article to the contrary notwithstanding, the territory of one county may be stricken off and annexed to an adjoining county, whether such territory is contiguous to such adjoining county or not, for the purpose of building and operating a major air carrier airport if the annexing county has a population of more than four hundred thousand and the boards of county commissioners of the two counties enter into an agreement for such annexation and the annexation agreement is subsequently ratified pursuant to the provisions of this section.

(2) Any such annexation agreement shall include, at a minimum:

- (a) A description of the boundaries of the territory to be stricken off and annexed;
- (b) A provision for the reversion of such territory to the county from which it is to be stricken off if the purposes of the annexation are not achieved;
- (c) A provision that any consideration paid by the annexing county go to or for the benefit of the county and any school district from which the annexed territory is to be stricken off; and
- (d) A provision designating either the next general election or a special election on a date certain as the ratification election for the proposed annexation agreement.

(3) In order to enter into such an agreement for the striking off and annexation of territory, each board of county commissioners shall be required to approve the agreement by a majority vote at a regular board meeting after not less than seven days' notice to the public and the opportunity for oral and written public comment on the agreement. Such notice shall be published in at least one newspaper of general circulation in the county or counties involved.

(4) After approval of the annexation agreement pursuant to subsection (3) of this section, the board of county commissioners of the county from which the territory is proposed to be stricken off shall submit such proposed annexation agreement to the registered electors of such county, pursuant to section 3 of article XIV of the state constitution, at the next general election or at a special election. Such election shall be governed by the provisions of the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S., and shall be paid for by the county in which it is held.

(5) Failure of the registered electors to ratify the annexation agreement by majority vote shall defeat the proposed annexation, and the territory shall not be stricken off. The agreement shall be null and void.

30-6-109.7. Minor boundary adjustments. (1) (a) The general assembly hereby finds and declares that:

(I) The existence of certain irregular and irrational boundaries between portions of the city and county of Denver and the neighboring counties of Adams, Arapahoe, and Jefferson has resulted in confusion and inefficiency in the delivery of public services, including police, fire, and emergency medical services, to properties on or near such boundaries; and

(II) Such irregular boundaries jeopardize the ability of landowners to utilize and develop their property and impose increased costs and service delays when those landowners seek development approval.

(b) The general assembly further finds and declares that it is the purpose of this section to:

(I) Create a statutory mechanism, permitted by section 3 of article XIV of the Colorado constitution, that provides landowners with a limited means by which such irregular and irrational boundaries may be corrected for territory located in the city and county of Denver and in the counties of Adams, Arapahoe, and Jefferson;

(II) Limit the minor boundary adjustments under this section to no more than fifty acres per adjustment and to no more than two hundred fifty acres for each such county; and

(III) Permit a minor county boundary adjustment only if such adjustment is requested by one hundred percent of the landowners of property within the territory that is subject to such adjustment and only after the consent of all affected counties, municipalities, and school districts has been obtained.

(2) Any provision of this article to the contrary notwithstanding, a portion of the territory of one county may be stricken off and added to an adjoining county without an election pursuant to the procedure contained in this section.

(3) (a) A petition initiating a minor boundary adjustment that is signed by one hundred percent of the landowners of the territory of a county proposed to be stricken off may be

submitted to the board of county commissioners in which such territory is situate. The petition shall include a map, survey, and legal description giving the area and general boundaries of such territory.

(b) Upon receipt of the petition, the board of county commissioners in which such territory is situate shall conduct a hearing on the petition after not less than thirty days' notice to the public and allow the opportunity for oral and written comment on the petition. Such notice shall be published in at least one newspaper of general circulation in such territory. All owners of real property in the territory and any special district organized pursuant to title 32, C.R.S., that serves the territory are to be notified of such hearing by first-class mail not less than ten days and not more than thirty days before the hearing.

(c) Following such hearing, the board of county commissioners in which such territory is situate shall act by resolution to approve or deny the minor boundary adjustment initiated by the petition. In the event the minor boundary adjustment is denied, no further action shall be taken.

(d) As used in this subsection (3), "landowner" means the owner in fee of any undivided interest in a given parcel of land that is within the boundaries of the territory of the county proposed to be stricken off. If the mineral estate has been severed, the landowner is the owner in fee of an undivided interest in the surface estate and not the owner in fee of an undivided interest in the mineral estate.

(4) No resolution approving a boundary adjustment shall be adopted or effective pursuant to this section unless:

(a) The territory to be stricken off and added to an adjoining county is contiguous to such adjoining county;

(b) The total area of the territory to be stricken off and added to an adjoining county does not exceed fifty acres;

(c) Both the county from which such territory is to be stricken off and the adjoining county to which such territory is to be added are represented on the boundary control commission established by section 1 of article XX of the Colorado constitution and the governing bodies of such counties have consented by resolution to the adjustment;

(d) As to any county boundary adjustment under this section which will result in the detachment of area from any school district and the attachment of the same to another school district, the board of directors of the school district to which such area will be attached and the board of directors of the school district from which such area will be detached have consented by resolution to such adjustment;

(e) The governing body of any municipality having incorporated territory contiguous to or contained within any portion of the territory to be stricken off has consented, by ordinance or resolution, to such adjustment.

(5) If a minor boundary adjustment is approved pursuant to this section, the board of county commissioners of the county from which such territory is to be stricken off shall negotiate an intergovernmental agreement with the adjoining county to which such territory is to be added. The intergovernmental agreement shall set forth the terms adjusting the boundary of each county and shall include, but not be limited to, the following:

(a) A description of the purpose of the minor boundary adjustment and of the petition initiating such adjustment;

(b) A provision specifying that obligations that are in any way secured by property taxes or other revenue streams from the territory to be stricken off shall be paid as provided in section 30-6-109.

(6) Upon approval by both counties of an intergovernmental agreement described in subsection (5) of this section, the board of county commissioners of each county that is a party to the agreement shall adopt a resolution approving the minor boundary adjustment. A copy of each resolution shall be recorded in the deed records of each county pursuant to section 30-6-108. Effective upon such recordation, the new county boundary so established shall be the lawfully constituted line between each county, and the territory stricken off from one county and added to the adjoining county shall be subject to the jurisdiction of such adjoining county and a part and parcel of the area of such adjoining county; except that the effective date of such new boundary for the purpose of general taxation shall be on and after the next January 1.

(7) Not more than two hundred fifty acres may be stricken from or added to any county pursuant to the provisions of this section.

(8) Except as provided by subsection (8.5) of this section, no territory of a county that contains an occupied residential unit may be stricken off and added to an adjoining county pursuant to this section. As used in this subsection (8), "occupied residential unit" means a building, or that portion of a building, designed for use predominantly as a place of residency by a person, a family, or families.

(8.5) Subsections (3) and (8) of this section shall not apply to a minor boundary adjustment if the county to which territory will be added is bound by the intergovernmental agreement negotiated pursuant to subsection (5) of this section to use the territory solely for park and open space purposes.

(9) In addition to any other requirements contained in this section, prior to the initiation of any minor boundary adjustment in which territory is proposed to be stricken off of the counties of Adams, Arapahoe, or Jefferson and added to the city and county of Denver, a decision approving the proposed minor boundary adjustment shall be made by a majority vote of the six-member boundary control commission, established by section 1 of article XX of the state constitution.

Source: L. 98: Entire section added, p. 800, § 1, effective August 5. L. 2003: (8) and (10) amended and (8.5) added, p. 1323, § 1, effective August 6.

Editor's note: Subsection (10) of this section contained a provision that repealed the entire section effective August 5, 2003. Subsection (10) was deleted by amendment in House Bill 03-1239 to give continuing effect to the section. The bill also amended subsection (8) and added a new subsection (8.5). This bill did not contain a safety clause. A bill without a safety clause usually takes effect on the day following the expiration of the ninety-day period after adjournment of the general assembly. Therefore, House Bill 03-1239 would normally take effect on August 6, 2003, one day after the repeal of the section was to take effect. An argument could be made that the deletion of the repealer and the other amendments to the section were of no effect because the repeal had already taken effect on the previous day. However, such an interpretation would defeat the general assembly's purpose in enacting the bill. For that reason, if a court is asked to address this circumstance, it could reach the conclusion that the amendment

deleting the repeal should be given effect as of the date the governor signed the bill on April 22, 2003, rather than the technical effective date (see *People v. Tacorante*, 624 P.2d 1324 (Colo. 1981), where a similar conclusion was reached). In view of these factors, the repeal of this section is not reflected in the version printed above; rather, the section appears as amended by House Bill 03-1239.

30-6-110. Boundaries - survey - action to settle. When the boundary lines of any county in this state are so indefinite that a portion of territory, by reason of such indefinite description, is claimed by two counties, and such fact appears by petition of the board of county commissioners of either county to the state engineer, it is the duty of such state engineer, in connection with the county surveyor of each of such counties, to run out and establish such lines as nearly as may be in accordance with such defective description, fix and define such boundary line by monuments in accordance with rules issued by the state board of licensure for architects, professional engineers, and professional land surveyors, and to furnish the board of county commissioners of each of said counties with a description of such line as soon thereafter as may be practical, deposit such survey as a land survey plat in each county, and file a Colorado land survey monument record on each monument found or set, as specified in section 38-53-104. When such line is established it shall be the boundary line between said counties, unless one of said counties, within six months from the day of filing the description of said line by the state engineer with the board of county commissioners of such county, commences an action in a court of competent jurisdiction in this state to determine and settle such disputed line, and prosecute the same with due diligence until its final determination, or has settled such disputed line, within said six months, by arbitration. If the county surveyor of either of such counties shall not appear or assist the state engineer in making such survey after due notice so to do, it shall in no manner affect or invalidate such survey, or the boundary lines as they may be fixed by such state engineer.

30-6-111. State engineer - reimbursement for expenses. The office of the state engineer shall be reimbursed for the expenses of any survey conducted in connection with a boundary dispute pursuant to section 30-6-110, and such expenses shall be borne equally by the counties involved in the boundary dispute.

30-6-113. Compliance with boundary control commission requirements. In addition to any other requirements, a decision approving the proposed annexation by a majority vote of the six-member boundary control commission established by section 1 of article XX of the state constitution shall be made prior to the initiation of any annexation procedures pursuant to this article to annex land from the counties of Adams, Arapahoe, or Jefferson to the city and county of Denver.

Location and Removal of County Seats

30-8-101. County seat - removal - election. When an election is ordered by the board of county commissioners of any county on the question of removal or location of the county seat, it is the duty of such board of county commissioners to appoint special judges and registers of such elections, and to provide a special ballot box in each voting precinct in which shall be deposited all the ballots cast at such election in such precinct on the question of location or removal of the county seat.

30-8-102. Special registration. It is the duty of the judges and registers so appointed to make a special registration of the voters of each precinct who have resided in the county at least six months, and in such precinct at least ninety days, prior to the day designated for holding such election, which day shall be the day designated by law for holding a general election, and no other.

30-8-103. Polling places - special ballot. The election shall be held at the same places at which the general election is ordered to be held, but the vote for or against removal or location of the county seat shall be by a special ballot, separate and distinct from the general ticket voted at said election, which ballot shall be deposited in the special ballot box provided for in section 30-8-101, and no vote shall be counted for or against said removal or location which is not deposited in such special ballot box.

30-8-104. Removal - when. No county seat shall be removed until the expiration of thirty days after the canvass of the votes by the county canvassers upon the question of location or removal, nor until the board of county commissioners of such county has made and entered of record on its journal an order directing such removal. The board shall make such order within thirty days after the county canvass is completed, unless enjoined or restrained from so doing by an order of the district court of said county or by the supreme court.

30-8-105. Elections - laws applicable. All laws now in force relating to elections shall apply to elections held upon the question of removal or location of county seats, except that the

question of location of such county seats shall be contested in the district court of said county in the first instance, but may be removed to the district court of any other county under the provisions of the Colorado rules of civil procedure relating to change of the place of trial, and shall be also subject to appeal as provided by law and the Colorado appellate rules. Not less than two-thirds of all the legal votes cast shall be necessary to effect the removal of the county seat of any county in this state.

30-8-106. Election contests - laws applicable. All laws governing contests of elections shall be applicable to contests of county seat elections; except that the board of county commissioners of the county shall in all cases be the contestee, and that the contest shall be conducted in the district court of the proper county. Such district court may appoint a magistrate to take testimony in relation to the grounds of contest alleged by the contestor, which magistrate may sit to take evidence in any precinct of his county.

30-8-107. County seats - removal - petition - election. (1) When the taxpaying electors of any county in this state are desirous of changing the county seat of the county in which they reside from the place where such county seat has been permanently located, they may at any time present to the board of county commissioners of such county a petition signed by a majority of such taxpaying electors whose names shall appear on the last tax roll. No names shall be withdrawn from said petition after the same has been presented to the board of county commissioners, except in cases of actual fraud in the procuring of signatures to the same.

(2) Thereupon it is the duty of the board to require the county clerk and recorder, in giving notice for the next general election, to notify the registered voters of said county to designate upon their ballots at such election the place of their choice; and, if upon canvassing the votes polled or given it appears that any one place has two-thirds of all legal votes polled or given, such place shall be the county seat, and notice of any change thereby made shall be given as provided by law. Where there are no county buildings and the petition so states, it shall not be necessary for such majority to be more than a mere majority of all the legal votes cast to effect such removal.

(3) The term "taxpaying electors" as used in this section means only those persons who are qualified voters under the registration and election laws of this state, and who in the calendar year last preceding the year in which such petition is presented as aforesaid have paid a tax, or

are liable for the payment of such tax, on real or personal property assessed to them and owned by them in the county in which such petition is presented.

Const., and §§ 1-4-205 and 1-4-206; for prohibited appointments by outgoing officers, see § 24-50-402; for provisions regarding official bonds, see article 13 of title 24; for standards of conduct for county officials, see article 18 of title 24.

PART 1

GENERAL PROVISIONS

30-10-101. Offices - inspection of records - failure to comply - penalty. (1) (a) Every sheriff, county clerk and recorder, and county treasurer shall keep his or her respective office at the county seat of the county and in the office provided by the county, if any such has been provided, or, if there is none provided, then at such place as the board of county commissioners shall direct. Subject to the provisions of part 2 of article 72 of title 24, C.R.S., and any judicially recognized right of privacy, all books and papers required to be in such offices shall be open to the examination of any person, but no person, except parties in interest, or their attorneys, shall have the right to examine pleadings or other papers filed in any cause pending in such court.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), the sheriff, county clerk and recorder, county treasurer, and clerk of the district and county courts may maintain his or her office at a location other than the county seat when authorized to do so pursuant to part 1 of article 5 of title 13, C.R.S.

(c) Notwithstanding any other provision of law to the contrary, the sheriff, county clerk and recorder, and county treasurer may keep one or more offices outside of the county seat or such other place authorized pursuant to part 1 of article 5 of title 13, C.R.S. Any such office shall be in addition to his or her respective office kept pursuant to paragraph (a) of this subsection (1) and shall be within the same county. Any such additional office may be kept only if the board of county commissioners of such county makes office space or funding available to provide for the office.

(d) As used in this section, "office" shall mean a place where some or all of the duties of a sheriff, county clerk and recorder, county treasurer, or clerk of the district and county courts are conducted.

(2) Subject to the provisions of subsection (2.5) of this section, any person or corporation and their employees engaged in making abstracts or abstract books or in the business of title insurance, as defined in section 10-11-102 (3), C.R.S., shall have the right, during usual business hours and subject to such rules and regulations as the officer having the custody of such records may prescribe, to inspect and make memoranda, copies, or photographs of the contents of all such books and papers for the purpose of their business; but any such officer may make reasonable and general regulations concerning the inspection of such books and papers by the public or by such abstractors or title insurance personnel. If, for the purpose of making such copies, it becomes necessary to remove such records from the room where they are usually kept to some other room in the courthouse where such copying apparatus may be installed for such purpose, the county clerk and recorder, in his or her discretion, may charge to the person or corporation making such copies a fee of ten dollars per hour for the service of the deputy who has charge of such records while they are being so copied; but such fees shall not be charged to one person or corporation unless the same fee is likewise charged to every person or corporation copying such records.

(2.5) (a) In lieu of affording the right of inspection and copying set forth in subsection (2) of this section, any clerk and recorder may make available to abstractors, title insurance personnel, and others, by subscription and on such medium as the clerk and recorder shall determine in accordance with the provisions of section 30-10-407, a daily copy in bulk of all documents recorded and filed in such office or less than all if the clerk and recorder determines it to be feasible to sort the bulk as requested. Such bulk copy shall be available to the subscriber no later than the third business day following the date of recording or filing. The fee to be charged by the clerk and recorder for bulk copies supplied in accordance with this subsection (2.5) shall be sufficient to cover the direct and indirect costs of production incurred by the clerk and recorder.

(b) Upon tender of the appropriate fee as provided in section 30-1-103 (2)(j), the clerk and recorder shall furnish single copies of documents upon demand.

(c) The clerk and recorder shall not be required to conduct a search of the real estate records in order to locate any document for copying or for any other purpose.

(3) If any person or officer refuses or neglects to comply with the provisions of this section, he shall forfeit for each day he so refuses or neglects the sum of five dollars, to be

collected by civil action, in the name of the people of the state of Colorado, and pay it into the school fund; but this shall not interfere with or take away any right of action for damages by any person injured by such neglect or refusal.

30-10-102. All money delivered to treasurer - penalty for failure. (1) Except as provided in subsection (2) of this section, every county clerk and recorder, district attorney, sheriff, or other state or county officer appointed by law, required or permitted to receive and pay over to the county treasurer any taxes, fines, fees, or other moneys whatsoever, within thirty days after the receipt of such moneys, shall pay the same over to the county treasurer, and together therewith such officer so paying over the same shall deliver to the county treasurer a statement of the amount of such moneys so collected by him and paid over, which statement shall be signed by the person paying the same, sworn to before the county treasurer, and then filed and preserved in the office of such treasurer. Every person falsely swearing in any such statement is guilty of perjury in the second degree. The county treasurer shall not demand or receive any fee for administering the oath required by this section.

(2) Fines and fees levied and collected in state courts for which no specific disposition is provided shall be paid to the department of the treasury for deposit in the general fund.

30-10-105. When office becomes vacant. (1) Every county office shall become vacant, on the happening of any one of the following events, before the expiration of the term of office:

- (a) The death of the incumbent;
- (b) The resignation of the incumbent;
- (c) The removal of the incumbent;
- (d) The incumbent's ceasing to be an inhabitant of the county for which he was elected or appointed;
- (e) The incumbent's refusal or neglect to take an oath or affirmation in accordance with section 24-12-101, to give or renew his or her official bond, or to deposit such bond within the time prescribed by law;
- (f) The decision of a competent tribunal declaring void his election or appointment;
- (g) The incumbent is declared incapacitated in the manner provided in subsection (4) of this section.

(h) Repealed.

(2) In the event a county officer is found guilty of any felony or infamous crime by a court or jury, the board of county commissioners shall immediately suspend such county officer from office without pay until his conviction is final and he has exhausted, or by failure to assert them has waived, all rights to new trial and all rights of appeal. At the time such officer's conviction is final and he has exhausted, or by failure to assert them has waived, all rights to appeal and new trial, the said board shall remove such officer from office and his successor shall be appointed as provided by statute, unless during such period of suspension a successor has been duly elected and qualified and said successor, whether so appointed or elected, shall be the duly constituted officer.

(3) Should the officer suspended from office by the board of county commissioners as provided in this section be found not guilty in a state or federal court either on appeal, original trial, or new trial, the board shall forthwith reinstate such officer and give him his back pay, unless during such period of suspension a successor to such suspended officer has been duly elected and qualified. In the event a successor to such suspended officer has been so elected and qualified, such suspended officer shall receive his back pay only up to the expiration date of his regular term of office and he shall not be reinstated or paid further unless he is such person duly elected and qualified.

(4) (a) Any county officer shall be declared incapacitated when there is a judicial determination that he is unable to routinely and fully carry out the responsibilities of his office by virtue of mental or physical illness or disability and he has been so unable for a continuous period of not less than six months immediately preceding the finding of incapacity. The quantum of proof required, the procedures to be followed, and the rights reserved to the subject of any determination of incapacity under this subsection (4) shall be those specified for the appointment of guardians in part 3 of article 14 of title 15, C.R.S., to the extent applicable.

(b) A proceeding to determine incapacity under this subsection (4) shall be commenced in the district court by a majority of the board of county commissioners. With respect to a county commissioner, proceedings shall be commenced when said commissioner fails to attend any regular meeting of the board of county commissioners for a period of six months. With respect to

any county officer other than a county commissioner, proceedings shall be commenced when such officer fails to report to his office or other regular place of business for a period of six months.

(c) In any county having a population of less than one hundred thousand, the county shall be represented in the district court by the district attorney or by a qualified attorney acting for the district attorney who is appointed by the district court for that purpose. In any county having a population of one hundred thousand or more, the county shall be represented by the county attorney or a qualified attorney acting for the county attorney who is appointed by the district court for that purpose.

30-10-304. Meetings of board in counties over one hundred thousand. (1) Except as otherwise permitted under subsection (2) of this section, each board of county commissioners of a county containing more than one hundred thousand inhabitants shall hold at least two meetings in each week of each year; but in the months of July and August of each year the board will not be required to hold more than two meetings in each of those months.

(2) Each board of county commissioners of a county containing more than one hundred thousand inhabitants may hold fewer than two meetings in each week of each year on the basis of, without limitation, the following circumstances:

- (a) A lack of a quorum caused by illness;
- (b) Scheduling conflicts with meetings of professional organizations whose membership includes county commissioners;
- (c) Inclement weather;
- (d) Natural disasters or emergency conditions;
- (e) Special events; or

(f) Any other circumstance that a majority of the board deems reasonable justification for not holding the meeting in the majority's sole discretion.

(3) The board chair may cancel a regularly scheduled meeting of the board. If the decision to cancel a meeting is made more than twenty-four hours in advance of the meeting, the board shall promptly provide notice to the public of the cancellation in the same manner in which it customarily provides the public notice of its meetings.

30-10-306. Commissioners' districts - vacancies - definitions. (1) Each county must be divided into three compact districts by the board of county commissioners. Each district must be as nearly equal in population as possible based on the redistricting population data prepared by staff of the legislative council and office of legislative legal services, or any successor offices, in accordance with section 2-2-902. In no event shall there be more than five percent deviation between the most populous and the least populous district in each county, at the time such district boundaries are adopted. Each district must be numbered consecutively and must not be subject to alteration more often than once every two years. One county commissioner must be elected from each of such districts by the voters of the whole county. If any county commissioner, during his or her term of office, moves from the district in which he or she resided when elected, his or her office thereupon becomes vacant. All proceedings by the board of county commissioners in formation of such districts not inconsistent with this section are confirmed and validated.

(2) Each county having a population of seventy thousand or more that has chosen to increase the members of the board of county commissioners from three to five must be divided into three or five districts by the board of county commissioners according to the method of election described in section 30-10-306.5 (5) or (6) or section 30-10-306.7. When applicable, the board of county commissioners shall divide the county into districts in accordance with the final redistricting plan approved in accordance with section 30-10-306.4. The districts must be as nearly equal in population as possible based on the redistricting population data prepared by staff of the legislative council and office of legislative legal services, or any successor offices, in accordance with section 2-2-902. In no event shall there be more than five percent deviation between the most populous and the least populous district in each county, at the time such district boundaries are adopted. Each district must be numbered consecutively and is not subject to alteration more often than once every two years; except that, notwithstanding subsection (3) of

this section, the board may alter the districts to conform to precinct boundaries that are changed in accordance with section 1-5-103 (1), based on the division of the state into congressional districts or an approved plan for redistricting of the members of the general assembly when necessary to ensure that no precinct is located in more than one district. County commissioners are elected at large or from districts according to the method of election described in section 30-10-306.5 (5) or (6) or section 30-10-306.7. If any county commissioner required to be resident in a district moves during his or her term of office from the district in which he or she resided when elected, his or her office thereupon becomes vacant. All proceedings by the board of county commissioners in formation of such districts not inconsistent with this section are confirmed and validated.

(3) When a board of county commissioners determines to change the boundaries of commissioner districts or when new districts are created, such changes or additions must be made only in odd-numbered years and, if made, must be completed by July 1 of such year, except in cases of changes resulting from either changes in county boundaries or from a final redistricting plan in accordance with section 30-10-306.4.

(4) Notwithstanding subsections (1) to (3) of this section, after each federal census of the United States, each commissioner district must be established, revised, or altered to assure that such districts are as nearly equal in population as possible based on the redistricting population data prepared by staff of the legislative council and office of legislative legal services, or any successor offices, in accordance with section 2-2-902. In no event shall there be more than five percent deviation between the most populous and the least populous district in each county, at the time such district boundaries are adopted. The establishment, revision, or alteration of districts required by this subsection (4) must be completed by September 30 of the second odd-numbered year following such census. If a district is revised or altered in accordance with this subsection (4) in a manner that excludes the residence of a county commissioner elected to represent the district, the county commissioner remains eligible and may continue to hold the office of county commissioner until his or her term of office expires.

(5) No less than thirty days before adopting any resolution to change the boundaries of commissioner districts, or create new commissioner districts, unless the board of county commissioners is making such changes in accordance with a final redistricting plan in accordance with section 30-10-306.4, the board of county commissioners shall hold a public hearing on the proposed district boundaries.

(6) As used in this section and sections 30-10-306.1 to 30-10-306.4, unless the context otherwise requires:

(a) "Advisory committee" means a group of persons who are not nonpartisan staff of the county who are assigned to assist the commission by the board of county commissioners. The board of county commissioners may delegate any functions but the final adoption of a plan to the advisory committee. The advisory committee must be composed of an equal number of members who are affiliated with the state's largest political party, affiliated with the state's second largest political party, and not affiliated with any political party. For purposes of this subsection (6)(a), the state's two largest political parties shall be determined by the number of registered electors affiliated with each political party in the state according to voter registration data published by the secretary of state for the earliest day in January of the redistricting year for which such data is published.

(b) "Commission" means a county commissioner district redistricting commission, whether the commission is an independent county commissioner district redistricting commission or not. A county commissioner district redistricting commission can be made up solely of the members of a county's board of county commissioners.

(c) (I) "Community of interest" means any group in a county that shares one or more substantial interests that may be the subject of action by the board of county commissioners, is composed of a reasonably proximate population, and should be considered for inclusion within a single district for purposes of ensuring its fair and effective representation.

(II) Such interests include but are not limited to matters reflecting:

(A) Shared public policy concerns of urban, rural, agricultural, industrial, or trade areas; and

(B) Shared public policy concerns such as education, employment, environment, public health, transportation, water needs and supplies, and issues of demonstrable regional significance.

(III) Groups that may comprise a community of interest include racial, ethnic, and language minority groups, subject to compliance with sections 30-10-306.3 (1)(b) and (4)(b), which subsections protect against the denial or abridgement of the right to vote due to a person's race or language minority group.

(IV) "Community of interest" does not include relationships with political parties, incumbents, or political candidates.

(d) "Independent commission" means an independent county commissioner district redistricting commission created in accordance with section 30-10-306.1 (2).

(e) "Plan" means a depiction of the boundaries of county commissioner districts.

(f) "Population" means the total population data referenced in section 2-2-901 and prepared by the staff of the legislative council and office of legislative legal services, or any successor offices, in accordance with section 2-2-902 (4).

(g) "Race" or "racial" means a category of race or ethnic origin documented in the federal decennial census.

(h) "Redistricting year" means the second odd-numbered year following the year in which the federal decennial census is taken or the year following a county electing to have any number of its county commissioners not elected by the voters of the whole county.

(i) "Staff" means the nonpartisan staff of the county who are assigned to assist the commission by the board of county commissioners.

30-10-306.1. Commission created - commission composition and appointment. (1)

The board of county commissioners in each of the following counties must designate a county commissioner district redistricting commission, and are encouraged to convene an independent county commissioner district redistricting commission, in order to adopt a plan to divide the relevant county into as many districts as there are county commissioners elected by voters of their district:

(a) Counties that have any number of their county commissioners not elected by the voters of the whole county;

(b) Counties that have any number of their county commissioners not elected by the voters of the whole county that change the number of county commissioners in the county; and

(c) Counties that have all of their county commissioners elected by the voters of the whole county that then elect to have any number of their county commissioners not elected by the voters of the whole county.

(2) In appointing members to an independent commission, a board of county commissioners is encouraged to:

(a) Appoint persons who accurately reflect the political affiliations of the residents of the county, including unaffiliated residents;

(b) Appoint persons who accurately reflect the county's racial, ethnic, gender, and geographic diversity; and

(c) Avoid conflicts of interest based on partisan alignments.

(3) The board of county commissioners in a county described by subsection (1) of this section may not revise or alter county commissioner districts, beyond making de minimis revisions or alterations, unless the board of county commissioners makes such revisions or alterations during a redistricting year in accordance with a final redistricting plan pursuant to section 30-10-306.4.

30-10-306.2. Commission organization - procedures - transparency - voting requirements. (1) The board of county commissioners shall appoint staff as needed to assist the commission. Staff or the advisory committee shall acquire and prepare all necessary resources, including computer hardware, software, and demographic, geographic, and political databases, as far in advance as necessary to enable the commission to begin its work immediately upon convening.

(2) The commission shall not vote upon a final plan until at least seventy-two hours after it has been proposed to the commission in a public meeting or at least seventy-two hours after it has been amended by the commission in a public meeting, whichever occurs later.

(3) (a) All county residents, including individual members of the commission, may present proposed redistricting plans or written comments, or both, for the commission's consideration.

(b) The commission shall provide meaningful and substantial opportunities for county residents to present testimony, either in person or electronically, at hearings. If the hearings are held in person, each hearing must be held in a different third of the county. If the hearings are held electronically, the board of county commissioners shall either solicit feedback from the whole county for each hearing or solicit feedback from a different third of the county for each hearing. The board of county commissioners shall ensure that these hearings are broadly promoted throughout the county. The commission shall not approve a redistricting plan until at least three hearings have been held. No gathering of members of the commission can be considered a hearing for this purpose unless it is attended, in person or electronically, by at least a majority of the members of the commission. The commission shall establish the necessary elements of electronic attendance at a commission hearing.

(c) The commission shall maintain a website through which any county resident may submit proposed plans or written comments, or both, without attending a hearing of the commission. The commission shall ensure that the website is easily accessible and contains a record of the commission's activities and proceedings, including the commission's directions to staff or an advisory committee on proposed changes to any plan and the commission's rationale for such changes.

(d) The commission shall publish all written comments pertaining to redistricting on its website or comparable means of communicating with the public as well as the name of the county resident submitting such comments. If the commission, advisory committee, or staff have a substantial basis to believe that a person submitting such comments has not truthfully or accurately identified himself or herself, the commission need not consider and need not publish such comments but must notify the commenter in writing of this fact. The commission may withhold comments, in whole or in part, from the website or comparable means of communicating with the public that do not relate to redistricting plans, policies, or communities of interest.

(e) The commission shall provide simultaneous access to the hearings by broadcasting them via its website or comparable means of communicating with the public, allowing both electronic and in-person public testimony, and maintaining an archive of such hearings for online public review.

(4) (a) Members of the commission are guardians of the public trust and are subject to antibribery and abuse of public office requirements as provided in parts 3 and 4 of article 8 of title 18, as amended, or any successor statute.

(b) To ensure transparency in the redistricting process:

(I) (A) The commission and the members of the commission are subject to open meetings requirements as provided in part 4 of article 6 of title 24, as amended, or any successor statute.

(B) Except as provided in subsections (4)(b)(I)(D) and (4)(b)(I)(F) of this section, a member of the commission shall not communicate with staff or any members of the advisory committee on the mapping of county commissioner districts unless the communication is during a public meeting or hearing of the commission.

(C) Except for public input and comment, staff shall not have any communications about the content or development of any plan outside of public hearings with anyone, including any members of the advisory committee, except other staff members. Likewise, except for public input and comment, members of the advisory committee shall not have any communications about the content or development of any plan outside of public hearings with anyone, including staff, except other members of the advisory committee. Communications about the content or development of any plan include communications about how plans will be drawn to satisfy the criteria in section 30-10-306.3, specific parameters related to the interpretation of the criteria in section 30-10-306.3, and requests for the drawing of additional plans. Staff or members of the advisory committee shall report to the commission any attempt by anyone to exert influence over the staff's or advisory committee's role in the drafting of plans.

(D) One or more staff may be designated to communicate with members of the commission or advisory committee and, in the case of a commission that is composed of the board of county commissioners, administrative staff of the county, regarding administrative matters, the definition and scope of which shall be determined by the commission. Likewise, one or more members of the advisory committee may be designated to communicate with members of the commission or staff regarding administrative matters, the definition and scope of which shall be determined by the commission. Any communication that occurs outside of a public meeting or hearing of the commission between staff and a member of the advisory committee, beyond those allowed by this subsection (4)(b)(I)(D), must be documented and made a part of the public record.

(E) If a member participates in a communication prohibited by this section, the communication and any complaints associated with it must be made part of the public record and documented on the website.

(F) Staff may make a completed proposed plan that staff prepared as a result of a request made in a public hearing available to the public on the commission's website. In addition, staff may communicate with a member of the commission or the advisory committee to clarify directions that were given to staff during a public meeting regarding the creation of a proposed plan, so long as staff makes a record of the content of the communication available to the public on the commission's website.

(II) The commission, each member of the commission, the advisory committee, each member of the advisory committee, and staff are subject to open records requirements as provided in part 2 of article 72 of title 24, as amended, or any successor statute; except that plans in draft form and not submitted to the commission are not public records subject to disclosure. Work product and communications among staff, members of the advisory committee, and between staff and the advisory committee are subject to disclosure once a plan is adopted by the board of county commissioners.

(III) Persons who contract for or receive compensation for advocating to the commission, to one or more members of the commission, to the advisory committee, to one or more members of the advisory committee, or to staff for the adoption or rejection of any plan, amendment to a plan, mapping approach, or manner of compliance with any of the mapping criteria specified in section 30-10-306.3 are lobbyists who must disclose to the secretary of state any compensation contracted for, compensation received, and the person or entity contracting or paying for their lobbying services. Such disclosure must be made no later than seventy-two hours after the earlier of each instance of such lobbying or any payment of such compensation.

The secretary of state shall publish on the secretary of state's website or comparable means of communicating with the public the names of such lobbyists, as well as the compensation received and the persons or entities for whom they work within twenty-four hours of receiving such information. The secretary of state shall adopt rules to facilitate the complete and prompt reporting required by this subsection (4)(b)(III) as well as a complaint process to address any lobbyist's failure to report a full and accurate disclosure, which complaint must be heard by an administrative law judge, whose decision may be appealed to the court of appeals.

30-10-306.3. Criteria for determination of county commissioner districts - definition. (1) In adopting a county commissioner district redistricting plan, the commission shall:

(a) Make a good-faith effort to achieve mathematical population equality between districts, as required by the constitution of the United States, but in no event shall there be more than five percent deviation between the most populous and the least populous district in each county, at the time such district boundaries are adopted; and

(b) Comply with the federal "Voting Rights Act of 1965", 52 U.S.C. sec. 10301, as amended.

(2) (a) As much as is reasonably possible, the commission's plan must preserve whole communities of interest and whole political subdivisions, such as cities and towns; except that a division of such city or town is permitted where, based on a preponderance of the evidence in the record, a community of interest's legislative issues are more essential to the fair and effective representation of residents of the district. When the commission divides a city or town, it shall minimize the number of divisions of that city or town.

(b) Districts must be as compact as is reasonably possible.

(3) (a) Thereafter, the commission shall, to the extent reasonably possible, maximize the number of politically competitive districts.

(b) In its hearings in various locations in the county, the commission shall solicit evidence relevant to competitiveness of elections in the county and shall assess such evidence in evaluating proposed plans.

(c) When the commission approves a plan, the staff or advisory committee shall, within seventy-two hours of such action, make publicly available, and include in the commission's record, a report to demonstrate how the plan reflects the evidence presented to, and the findings concerning, the extent to which competitiveness in district elections is fostered consistent with the other criteria set forth in this section.

(d) For purposes of this subsection (3), "competitive" means having a reasonable potential for the party affiliation of the district's county commissioner to change at least once between federal decennial censuses. Competitiveness may be measured by factors such as a

proposed district's past election results, a proposed district's political party registration data, and evidence-based analyses of proposed districts.

(4) No plan may be approved by the board of county commissioners or the commission if the plan:

(a) Has been drawn for the purpose of protecting one or more incumbent members, or one or more declared candidates, of the board of county commissioners, or any political party; or

(b) Has been drawn for the purpose of or results in the denial or abridgement of the right of any citizen to vote on account of that person's race or membership in a language minority group, including diluting the impact of that racial or language minority group's electoral influence.

(5) So long as the commission has complied with the requirements of subsections (1) through (4) of this section, in adopting a county commissioner redistricting plan, the commission may consider congressional districts, state house of representative districts, and state senate districts in order to minimize the number of necessary voting precincts in a county.

30-10-306.4. Deadlines for preparation, amendment, and approval of plans. (1) The board of county commissioners shall establish deadlines to ensure that the board of county commissioners shall adopt a plan for the redrawing of county commissioner districts no later than September 30 of the redistricting year. These deadlines must include dates by which the following must be accomplished:

(a) The designation of a commission, in accordance with section 30-10-306.1;

(b) The appointment of staff and an advisory committee as needed to assist the commission and the acquisition of all necessary resources to enable the commission to begin its work, in accordance with section 30-10-306.2 (1);

(c) The creation of a website and a method for county residents to present testimony, in accordance with section 30-10-306.2 (3);

(d) The submission of written comments to staff or an advisory committee by any member of the public and any member of the commission on the creation of not less than three plans for county commissioner districts, created by staff or an advisory committee alone, and on communities of interest that require representation in one or more specific areas of the county. Staff or an advisory committee shall consider such comments in creating the plans, and such comments shall be part of the record of the commission's activities and proceedings. Staff and the advisory committee shall keep each plan confidential until it is published online or by a comparable means of communicating with the public using generally available technologies. The commission may provide direction for the development of these plans through the adoption of standards, guidelines, or methodologies to which staff and the advisory committee shall adhere, including standards, guidelines, or methodologies to be used to evaluate a plan's competitiveness, consistent with section 30-10-306.3 (3)(d).

(e) The creation, presentation to the commission, and publishing online of the plans. At public hearings at which the plans are presented, staff or an advisory committee shall explain how the plans were created, how the plans address the categories of public comments received, and how the plans comply with the criteria prescribed in section 30-10-306.3.

(f) Three public hearings on the plans, in accordance with 30-10-306.2 (3)(b), in which the commission solicits feedback from the county;

(g) The request by any member of the commission or group of members of the commission for staff or an advisory committee to prepare additional plans or amendments to plans. Any such request must be made in a public hearing of the commission but does not require commission approval.

(h) The adoption of a final plan by the commission.

(2) The commission may adjust the deadlines specified in subsection (1) of this section, if conditions outside of the commission's control require such an adjustment to ensure that the board of county commissioners can approve a plan for the redrawing of county commissioner districts no later than September 30 of the redistricting year.

(3) The commission may grant its staff the authority to make technical de minimis adjustments to the adopted plan.

(4) Upon adoption of the plan approved by the commission, the commission shall provide copies of the published plan to the secretary of state and the department of local affairs.

(5) Notwithstanding any provision of law to the contrary, a county commissioner may remain on the board of county commissioners, even if he or she no longer resides in the district he or she represents, until the expiration of his or her term of office, so long as the county commissioner resided in the district he or she represented immediately before a plan for the redrawing of county commissioner districts was adopted in accordance with this section.

30-10-306.5. Procedure to increase number of county commissioners. (1) In any county having a population of seventy thousand or more, the membership of the board of county commissioners may be increased from three to five members pursuant to this section.

(2) Subject to referral as provided in this subsection (2), a board of county commissioners may pass a resolution increasing its membership to five members and designating not fewer than two of the methods of election set forth in subsection (5) or (6) of this section. The resolution shall be referred to the registered electors of the county at a general election. If a majority of votes cast are in favor of the referred resolution, the board of county commissioners shall take such action as is necessary to assure that the increased number of county commissioners are elected at the next general election according to the procedure for election contained in the referred resolution which received the largest number of votes cast.

(3) (a) In the alternative, a petition signed by at least eight percent of the total number of qualified electors of a county voting for all candidates for the office of secretary of state at the last preceding general election shall be sufficient to place on the ballot at a general election the

question of whether to increase the membership to five members with a designation of not fewer than two of the methods of election set forth in subsection (5) or (6) of this section.

(b) If a majority of the votes cast on a question placed on the ballot pursuant to paragraph (a) of this subsection (3) are in favor of increasing the membership, the board of county commissioners shall pass a resolution increasing the membership to five members and providing for the election of the increased number of county commissioners at the next general election according to the procedure for election specified in such question which received the largest number of votes cast.

(4) (Deleted by amendment, L. 94, p. 1269, § 1, effective May 22, 1994.)

(5) (a) If three county commissioners are to be resident in districts and two elected by the voters of the whole county, they shall be elected as set forth in this subsection (5). Members resident in districts elected pursuant to this subsection (5) may be elected by the voters of the whole county or may be elected only by voters resident in the district from which the member runs for election.

(b) If the first general election after the voters' approval of such increase is held in 1976 or any fourth year thereafter, two members resident in districts and one at-large member shall be elected to four-year terms at said election, and one at-large member shall be elected to fill the vacancy until the next general election, and two members, one resident in a district and one at large, shall be elected to four-year terms at said next general election. Thereafter, three members, two resident in districts and one at large, shall be elected at the general elections which occur each four years after the first general election following such resolution, and two members, one resident in a district and one at large, shall be elected at the general election which occurs two years after the first general election following such resolution and every fourth year thereafter.

(c) If the first general election after the voters' approval of such increase is held in 1978 or any fourth year thereafter, two members, one resident in a district and one at large, shall be elected to four-year terms at said election, and one at-large member shall be elected to fill the vacancy until the next general election, and three members, two resident in districts and one at large, shall be elected to four-year terms at said next general election. Thereafter, two members, one resident in a district and one at large, shall be elected at the general elections which occur each four years after the first general election following such resolution, and three members, two resident in districts and one at large, shall be elected at the general election which occurs two years after the first general election following such resolution and every fourth year thereafter.

(d) Prior to March 1 of the election year, the board of county commissioners shall designate the at-large position from which a commissioner is to be elected to a two-year term to fill a vacancy described in paragraph (b) or (c) of this subsection (5).

(6) (a) If five county commissioners resident in districts are to be elected, they shall be elected as set forth in this subsection (6). Members elected pursuant to this subsection (6) may be elected by the voters of the whole county or may be elected only by voters resident in the district from which the member runs for election.

(b) If the first general election after the voters' approval of such increase is held in 1982 or any fourth year thereafter, two members resident in districts shall be elected to four-year terms at said election, and one member resident in a district shall be elected to fill the vacancy until the next general election, and three members resident in districts shall be elected to four-year terms at said next general election. Thereafter, two members resident in districts shall be elected at the general elections which occur each four years after the first general election

following such resolution, and three members resident in districts shall be elected at the general election which occurs two years after the first general election following such resolution and every fourth year thereafter.

(c) If the first general election after the voters' approval of such increase is held in 1984 or any fourth year thereafter, three members resident in districts shall be elected to four-year terms at said election, and one member resident in a district shall be elected to fill the vacancy until the next general election, and two members resident in districts shall be elected to four-year terms at said next general election. Thereafter, three members resident in districts shall be elected at the general elections which occur each four years after the first general election following such resolution, and two members resident in districts shall be elected at the general election which occurs two years after the first general election following such resolution and every fourth year thereafter.

(d) The board of county commissioners shall designate the district from which a commissioner is to be elected to a two-year term to fill a vacancy described in paragraph (b) or (c) of this subsection (6).

(7) Signature requirements governing petitions for a race involving a seat on the board of county commissioners for the next four calendar years immediately following an election at which the voters have approved an increase in the number of county commissioners from three to five under this section are specified in section 1-4-801 (2)(e), C.R.S., for major political party candidates, and section 1-4-802 (2), C.R.S., for candidates who do not wish to affiliate with a major political party. Following the first four calendar years after such a change in the membership of the board of county commissioners has been approved by the voters, the signature requirements for a petition for a county commissioner candidate must follow the procedures specified in section 1-4-801 (2)(a), C.R.S., for major political party candidates, and section 1-4-802 (1)(c)(VI), C.R.S., for candidates who do not wish to affiliate with a major political party, as applicable.

30-10-306.7. Procedure for electing county commissioners. (1) In any county having a population of seventy thousand or more which has increased the membership of the board of county commissioners to five pursuant to sections 1-4-205 (3)(a), C.R.S., and 30-10-306.5, the registered electors may, either by referendum or by initiative, change the method of electing said members or reduce the membership of the board of county commissioners to three, pursuant to the procedures in this section.

(2) (a) In any such county, the method of electing members of the board of county commissioners may be changed to any one of the following methods:

(I) Five commissioners resident in five districts, elected by the voters of the whole county or elected only by voters resident in the district from which the member runs for election. In such case, the procedures for election shall be in accordance with section 30-10-306.5 (6). The county clerk and recorder shall make any other necessary provision to effectuate the change in method of election.

(II) Three commissioners resident in three districts, elected by the voters of the whole county or elected only by voters resident in the district from which the member runs for election. In such case, the procedures for election shall be in accordance with subsection (5) of this section.

(III) Five commissioners elected as follows: Three commissioners resident in three districts and elected by voters resident in those districts and two commissioners elected at large; or three commissioners resident in districts and elected by voters of the whole county and two commissioners elected at large. In such case, the procedures for election shall be in accordance with paragraph (a) of subsection (5) of this section.

(b) The registered electors of such a county may, either by referendum or by initiative, decrease the members of the board of county commissioners from five to three. In such case, the term of office of all members serving on the board shall expire at the time the next duly elected board takes the oath of office following the first general election after the voters' approval of such decrease, and three new members shall be elected in accordance with sections 1-4-205 (2), C.R.S., and 30-10-306. Two seats, as determined by lot, shall be elected for four-year terms and the remaining seat shall be elected for a two-year term of office in accordance with sections 1-4-205 (2), C.R.S., and 30-10-306. The county clerk and recorder shall make any necessary changes to effectuate the decrease in membership.

(3) (a) Subject to referral as provided in this subsection (3), a board of county commissioners may pass a resolution decreasing the membership of the board, as provided in subsection (2) of this section. Prior to the ninetieth day before the next general election, the board of county commissioners shall request that the county clerk and recorder place the resolution on the ballot for referral to the registered electors of the county at the next general election.

(b) Subject to referral as provided in this subsection (3), a board of county commissioners may pass a resolution changing the method of electing the members of the board. The resolution shall be referred to the registered electors of the county at a general election. If any number of the county commissioners are not elected by the voters of the whole county when the board of county commissioners passes this resolution, then the resolution must designate no fewer than two of the methods of election set forth in subsection (2) of this section. If a majority of votes cast are in favor of the resolution, the board of county commissioners shall take such action as is necessary to ensure that the county commissioners are elected at the next general election according to the procedure for election contained in the resolution that received the largest number of votes cast.

(4) In the alternative, a petition signed by at least eight percent of the total number of qualified electors of a county voting for all candidates for the office of secretary of state at the last preceding general election shall be sufficient to place on the ballot at a general election the question of whether to change the method of electing members of the board or to decrease the membership of the board. In the case of a petition to change the method of electing members of the board, such petition shall specify the method of election according to subsection (2) of this section. Such a petition, shall be delivered to the county clerk and recorder prior to the ninetieth day before the next general election with a request that the question be placed on the ballot for referral to the registered electors of the county at the next general election.

(5) (a) If a majority of the votes cast on the question are in favor of changing the method of electing the five commissioners or providing for three commissioners, as provided in

subsection (2)(a)(II) or (2)(a)(III) of this section, the board of county commissioners shall change the boundaries of the commissioner districts so as to create three districts as nearly equal in population as possible based on the most recent federal census of the United States minus the number of persons serving a sentence of detention or confinement in any correctional facility in the county as indicated in the statistical report of the department of corrections for the most recent fiscal year. The districts must be numbered consecutively and are not subject to alteration more often than once every two years; except that, notwithstanding section 30-10-306 (3), the board may alter the districts to conform to precinct boundaries that are changed in accordance with section 1-5-103 (1), based on the division of the state into congressional districts or an approved plan for redistricting of the members of the general assembly when necessary to ensure that no precinct is located in more than one district. All other provisions of sections 1-4-205 (3)(a) and 30-10-306 (2) and (3) relating to the method of electing members, as provided in this subsection (5)(a), are applicable; except that, when districts are created, such changes must be completed by July 1 of the odd-numbered year immediately preceding the general election.

(b) (I) Upon adoption of the boundaries of the three commissioner districts pursuant to subsection (2) of this section, it shall be decided by lot which of the five presently elected commissioners shall serve each of the three commissioner districts and which two commissioners shall serve the county at large.

(II) If more than one presently elected commissioner resides within the boundaries of the same newly created commissioner district, those commissioners shall first determine by lot which of them will serve that district and which of them will represent the county at large. The remaining commissioners shall then determine by lot which of them will serve the two remaining districts and which of them will serve as the second commissioner at large.

(III) The county clerk and recorder shall establish the time, place, and manner in which such lots shall be conducted and shall declare the official results of such lots immediately thereafter.

(c) In the event that the registered electors of a county vote to change the method of election pursuant to this subsection (5), the terms of office of the five presently elected commissioners shall not be affected.

(d) Thereafter, the method of election in such counties shall be as provided in sections 1-4-205 (3)(a), C.R.S., and 30-10-306.5 (5).

(6) Signature requirements governing petitions for a race involving a seat on the board of county commissioners for the next four calendar years immediately following an election at which the voters have approved a decrease in the number of county commissioners from five to three under this section are specified in section 1-4-801 (2)(e), C.R.S., for major political party candidates, and section 1-4-802 (2), C.R.S., for candidates who do not wish to affiliate with a major political party. Following the first four calendar years after such a change in the membership of the board of county commissioners has been approved by the voters, the signature requirements for a petition for a county commissioner candidate must follow the procedures specified in section 1-4-801 (2)(a), C.R.S., for major political party candidates, and section 1-4-802 (1)(c)(VI), C.R.S., for candidates who do not wish to affiliate with a major political party, as applicable.

30-10-311. Bonds or insurance of county commissioners. (1) Except as provided in subsection (2) of this section, each county commissioner of the several counties of this state is required to execute a bond, payable to the people of the state of Colorado, conditioned that the commissioner will faithfully and honestly discharge the duties of the office of county commissioner so long as the commissioner continues in office, and that the commissioner will not, either directly or indirectly, misappropriate, or permit to be misappropriated, any of the funds or property of said county while in office; that the commissioner will not, while in office,

be interested or concerned in any manner, directly or indirectly, in any sale, purchase, bargain, or contract whereby any sum of money or thing in action becomes due to such commissioner from such county, or from any person from such county; and that the commissioner will at all times transact the business of such county economically, and to the best of the commissioner's ability, for the best interest of such county.

(2) In lieu of the bond required by subsection (1) of this section, a county may purchase crime insurance coverage on behalf of the county commissioner to protect the people of the county from any malfeasance on the part of the commissioner while in office.

30-10-318. Recovery for all damage - liability. In all suits upon the official bonds or insurance policies required by section 30-10-311, the recovery against a member of the board of county commissioners shall not be limited to a proportionate amount of the damage proved, but the recovery on the bond of each shall be for the whole amount of damage proved. If any member of a board of county commissioners knowingly acquiesces in any misappropriation of the funds of a county, or in the allowance of bills that are not legally allowable, or in the payment thereof, the sureties or insurer of the county commissioner, as applicable, shall be liable

for all damages, both proximate and remote, that the county sustains for reason thereof, to be recovered as provided.

30-10-406. County clerk and recorder - duties - filing requirements. (1) The county clerk shall be ex officio recorder of deeds and shall have custody of and safely keep and preserve all the documents received for recording or filing in his or her office. During the hours the office is open for business, the clerk and recorder shall also record or cause to be recorded in print, or in a plain and distinct handwriting, or electronically, in suitable books or electronic records to be provided and kept in the clerk and recorder's office, all documents authorized by law to be recorded in his or her office and shall perform all other duties required by law.

(2) Upon recording any document to which a documentary fee applies, the clerk and recorder shall forward a clear, complete, and accurate copy of such document to the office of the county assessor. The clerk and recorder may forward the copy electronically to said office.

(3) (a) All documents received for recording or filing in the clerk and recorder's office, except a verification of application form as defined in section 38-29-102 (13), C.R.S., shall contain a top margin of at least one inch and a left, right, and bottom margin of at least one-half of an inch. The clerk and recorder may refuse to record or file any document that does not conform to the requirements of this paragraph (a).

(b) Repealed.

(4) The county clerk and recorder shall perform the duties prescribed in article 22 of title 15, C.R.S., with respect to the recording and processing of designated beneficiary agreements and revocations of such agreements.

30-10-406.5. Redaction of first five digits of social security numbers on public documents. (1) A county clerk and recorder shall redact the first five digits of a social security number from a public document recorded with the clerk and recorder if:

- (a) The document is in electronic form; and
- (b) The clerk and recorder has the equipment needed to make the redaction.
- (c) (Deleted by amendment, L. 2024).

(2) A county clerk and recorder may leave a social security number unredacted upon the request of the individual assigned the social security number or that individual's designee by power of attorney or appointment of personal representative, custodian, conservator, or guardian.

30-10-407. Microfilm and optical imaging records - when - standards for optical imaging systems. (1) When authorized by the board of county commissioners, the county clerk and recorder in counties, or cities and counties, may record the documents lawfully filed for record in his or her office by making and preserving microfilm or optical images thereof. Such county clerk and recorder shall properly index the same in the manner required by law. When the microfilm or optical imaging method of recording has been approved by the board of county commissioners and adopted by the county clerk and recorder, at least one microfilm reader to make the microfilms legible or at least one computer terminal to access optical imaging records shall be provided, and as many more microfilm readers or computer terminals as may prove necessary to give reasonable service to the public shall also be provided.

(2) At least two microfilms or two optical imaging database records shall be made of each recorded document, which shall be kept in separate buildings as far as reasonably may be done in order that they may not be subject to the same hazards. All sets of the microfilm and all optical imaging computer data shall be constantly under the control of the county clerk and recorder. One set of microfilm or one copy of the optical imaging database shall always be kept by the county clerk and recorder, so that the same is available to the public during the hours that said county clerk and recorder's office is open for business and so that persons desiring to inspect or examine the record may do so by means of microfilm reader and facilities or by means of optical imaging computer terminals maintained in said county clerk and recorder's office. Said records shall not be removed from the county clerk and recorder's office at any time for any purpose, except the security copy, which shall be kept in a security vault approved by the board of county commissioners and the county clerk and recorder. The security copy of the microfilm or optical image media may be deposited in the county records section of the department of personnel.

(3) (Deleted by amendment, L. 2004, p. 376, § 1, effective July 1, 2004.)

(4) Any document which cannot be satisfactorily recorded by microfilm or by optical imaging may be recorded by other methods of photographing or by transcribing by typewriter or by longhand.

(4.3) Regardless of the method by which a document is recorded, legible size prints shall be made on demand for the fee provided by law; except that the county clerk and recorder shall not be required to provide a print during the first three business days after a document is recorded.

(4.5) Any optical imaging system utilized by a county clerk and recorder shall, at minimum, produce permanent records which do not permit additions, deletions, or other changes to the original documents.

(5) Nothing in this section shall abridge or limit the power of any court to compel the production of any microfilm or optical imaging records in any proceeding.

30-10-408. Grantor and grantee indices to be kept by county clerk and recorder. (1)

(a) Every county clerk and recorder shall keep a grantor index and a grantee index in the clerk and recorder's office. The grantor index may be divided into seven columns, with heads to the respective columns as follows:

Time of Reception	Names of Grantors	Names of Grantees	Type of Document
Volume and Page Where Recorded	Remarks		Description of Tract

(b) The clerk and recorder shall make correct entries in the grantor index of every document filed or recorded, as required by law, concerning or affecting real estate, under the appropriate headings, entering the names of the grantors in alphabetical order.

(2) (a) The grantee index may be divided into seven columns, with heads to the respective columns as follows:

Time of Reception	Names of Grantors	Names of Grantees	Type of Document
Volume and Page Where Recorded	Remarks		Description of Tract

(b) The clerk and recorder shall make correct entries in the grantee index of every document filed or recorded, as required by law, concerning or affecting real estate under the appropriate heading, entering the names of the grantees in alphabetical order.

(2.5) The county clerk and recorder shall properly enter a recorded document in the grantor and grantee indices as soon as practicable but not later than seven business days after the date on which the document is recorded.

(3) (a) In counties with the capability, the county clerk and recorder may substitute printouts, microfiches, aperture cards, or other legible photographic or electronic processes for the books and indices required by subsections (1) and (2) of this section. The security and public inspection provisions of section 30-10-407 shall apply to all such printouts, microfiches, aperture cards, or other photographic or electronic records. Both the grantor and grantee indices may be combined in one alphabetical listing with proper coding to indicate grantor and grantee, with both the grantor and grantee appearing in proper alphabetical order.

(b) A general index of releases may be maintained on printouts, microfiches, or aperture cards, by other legible photographic or electronic process, or in a separate book of releases containing a space to enter new index numbers of releases on a numerical listing of the original recording information of the document being released.

(c) Records kept under the provisions of this subsection (3) may substitute reception or index numbers for volume, film, or page numbers, and any electronic records may contain indices for as many years as the county clerk and recorder may deem useful for public inspection.

30-10-409. Reception book - form - contents - acceptance for recording. (1) The county clerk and recorder shall also keep a reception book, each page of which shall be divided into five columns, with heads to the respective columns as follows:

Time of Reception	Names of Grantors	Names of Grantees	To Whom Delivered	Fees Received
-------------------------	-------------------------	-------------------------	-------------------------	------------------

(2) When any document has been accepted by the clerk and recorder for recording and the proper fee has been paid, such document shall be deemed to be recorded for all purposes. After a document has been received, the clerk and recorder shall endorse upon such document information, which may be in electronic form, noting the day, hour, and minute of its acceptance for recording, the index or reception number, the volume, film or page where recorded, if such are used, and the fee received for recording the same and shall immediately make an entry of the same in the reception book, under the appropriate heading, with the amount paid as fee for recording the same. A document shall be deemed accepted as of the date and time of its endorsement. The clerk and recorder's endorsement may be done electronically. When such endorsement is made electronically, the endorsement shall be immediately perceptible and reproducible. Any document, except those filed and recorded pursuant to section 38-29-205, C.R.S., that is received by 1 p.m. on a business day shall be endorsed by the end of that day. Any

document that is received after 1 p.m. on a business day shall be endorsed by 5 p.m. on the following business day. Those documents received pursuant to section 38-29-205, C.R.S., shall be endorsed by the clerk and recorder within three business days. After a document has been endorsed and processed for recording, the clerk and recorder, without additional fee or charge, shall deliver it by regular mail, electronic delivery, or personal delivery to the person authorized to receive the same, writing the name of the person to whom it is delivered in an appropriate column in the reception book.

(3) In counties with the capability, the county clerk and recorder may substitute printouts, microfiches, aperture cards, or other legible photographic or electronic processes for the reception book required by this section; except that proper audit controls of cash receipts shall be maintained in compliance with governmental audit procedures.

(4) No clerk and recorder shall be bound to perform any of the duties required to be performed for which a fee is required unless such fee has been paid or tendered.

(5) A clerk and recorder who decides to accept electronic filings shall establish procedures for such electronic filings that are consistent with any standards or rules established by the electronic recording technology board pursuant to section 24-21-403, C.R.S. No electronic filings shall be accepted by the clerk and recorder until the clerk and recorder has established and made publically available the procedures for electronic filings. Nothing in this article shall be interpreted to require any clerk and recorder to accept electronic filings. Nothing in this article shall abridge the power of any clerk and recorder to accept or reject electronic filings in accordance with the provisions of section 38-35-202, C.R.S.

(6) (a) The deadlines set forth in sections 30-10-407 (4.3) and 30-10-408 (2.5) and subsection (2) of this section shall be extended for a reasonable period of time if an extenuating circumstance prevents the clerk and recorder from meeting such deadlines.

(b) As used in this subsection (6), "extenuating circumstance" means a disaster, as defined in section 24-33.5-703 (3), C.R.S., or a technical difficulty related to computer hardware or software that is outside the control of the clerk and recorder.

(c) No deadline shall be extended pursuant to this subsection (6), unless the clerk and recorder makes a written finding of extenuating circumstances that is available to the public. Such finding shall include the deadline that has been extended, the reason for the extension, and the period of the extension.

(d) In the case of an extension related to a technical difficulty related to computer hardware or software, the period of extension shall not exceed seven days.

30-10-410. File of plats or maps - index - names. The clerk and recorder shall maintain a file of all subdivision plats presented for recording in accordance with law and all common interest community plats or maps presented for recording in accordance with section 38-33.3-

201, C.R.S. Subdivision plats shall be indexed in the grantor index under the name of the person that signs and acknowledges the plat as the owner and dedicator and in the grantee index under the name of the plat shown thereon. The clerk and recorder shall also keep an alphabetical index of such subdivision plats by the name of the plat. Common interest community plats or maps shall be indexed in the same manner as the declaration for such community, as provided in section 38-33.3-201, C.R.S.

30-10-421. Filing surcharge.

(1) (a) (Deleted by amendment, L. 2014.)

(b) Beginning July 1, 2004, and through December 31, 2029, the county clerk and recorder shall collect a surcharge of one dollar for each document received for recording or filing in the clerk and recorder's office. The surcharge is in addition to any other fees permitted by statute.

(c) Beginning January 1, 2017, and through April 30, 2029, the county clerk and recorder shall collect the surcharge imposed by the electronic recording technology board under section 24-21-403 (2) for each document received for recording or filing in the clerk and recorder's office. The surcharge is in addition to any other fees permitted by statute.

(1.5) The surcharge described in subsection (1) of this section shall not be collected on any filing received by the county clerk and recorder as an authorized agent of the executive director of the department of revenue pursuant to section 38-29-128 or 42-6-121, C.R.S.

(2) Repealed.

(3) (a) A county clerk and recorder shall transmit monthly each surcharge collected in accordance with paragraph (c) of subsection (1) of this section to the state treasurer, who shall credit the same to the electronic recording technology fund created in section 24-21-404, C.R.S. Any money transmitted to the state treasurer is collected on behalf of the electronic recording technology board and is excluded from the county's fiscal year spending.

(b) The county clerk and recorder shall retain the proceeds of the surcharge collected pursuant to paragraph (b) of subsection (1) of this section. Such proceeds shall be utilized to defray the costs of establishing, maintaining, improving, or replacing an electronic filing system.

(c) The county clerk and recorder shall place all surcharges that he or she retains pursuant to this subsection (3) in a separate, segregated account.

(4) County governments shall be exempt from all fees authorized to be collected under the provisions of this section if the county or any agency thereof is the grantor or grantee of the document being recorded or if a delegate child support enforcement unit files or records documents for the purpose of collecting child support, child support arrears, maintenance, maintenance when combined with child support, retroactive support, or child support debt.

(1) A sheriff shall be elected in each county for the term of four years and, except as provided in subsection (2) of this section, before entering upon the duties of office, shall execute to the people of the state of Colorado a bond, with at least three sufficient sureties, in the sum of not less than five thousand nor more than twenty thousand dollars, which the board of county commissioners, or, if it is not in session, the county clerk and recorder, subject to the approval of such board at its next session thereafter, shall specify and approve. When approved, the bond shall be filed in the office of the county clerk and recorder, and no person shall be received as surety who is not worth at least two thousand dollars over and above the surety's just debts.

(2) In lieu of the bond required by subsection (1) of this section, a county may purchase crime insurance coverage in an amount not less than ten thousand dollars on behalf of the sheriff to protect the people of the county from any malfeasance on the part of the sheriff while in office.

30-10-501.5. Qualifications. (1) No person is eligible for nomination, election, or appointment to the office of sheriff unless the person:

(a) Is a citizen of the United States, is a citizen of the state of Colorado, and is a resident of the county to which the person is to be appointed or elected;

(b) Possesses a high school diploma or its equivalent or a college degree;

(c) Has had a complete set of fingerprints taken by a qualified law enforcement agency and has submitted a receipt evidencing the fingerprinting at the time of filing his or her written acceptance pursuant to section 1-4-601 (3), 1-4-906, or part 10 of article 4 of title 1, or at the time of filing an affidavit of intent pursuant to section 1-4-1101, as applicable. The law enforcement agency shall forward the fingerprints to the Colorado bureau of investigation. The bureau shall utilize the fingerprints, its files and records, and those of the federal bureau of investigation for the purpose of determining whether the person has ever been convicted of or pleaded guilty or entered a plea of nolo contendere to any felony charge under federal or state laws. The Colorado bureau of investigation shall notify the county clerk and recorder of the county for which the person is a candidate of the results of the fingerprint analysis. If a conviction or plea is disclosed, the person is unqualified for the office of sheriff, unless pardoned. The results of the fingerprint analysis are confidential; except that the county clerk and recorder may divulge whether the person is qualified or unqualified for the office of sheriff.

30-10-501.6. Training. (1) Every person elected or appointed to the office of sheriff for the first time shall:

(a) Attend a minimum of eighty clock hours at a new sheriff training course developed and facilitated either by the county sheriffs of Colorado, incorporated, or any other training resource agency approved by the Colorado peace officers standards and training board, the first time such training course is given after the person's election or appointment. The Colorado peace officers standards and training board shall have discretion to allow the substitution of any combination of education, experience, and training deemed by the board to be equivalent to such new sheriff training course.

(b) Obtain basic peace officer certification within one year of taking office. An extension may be granted by the Colorado peace officers standards and training board of up to one year to obtain such certification upon just cause shown. The Colorado peace officers standards and training board shall issue written findings of fact supporting such an extension.

(2) Every sheriff must possess basic peace officer certification and shall undergo at least the number of clock hours of in-service training required for all certified peace officers by the Colorado peace officers standards and training board, but in no case less than twenty hours. Such training shall be provided either by the county sheriffs of Colorado, incorporated, or any other training resource agency approved by the Colorado peace officers standards and training board, every year during such sheriff's term. The Colorado peace officers standards and training board shall have discretion to waive in-service training upon presentation of evidence by the sheriff demonstrating just cause for noncompletion of such training. The Colorado peace officers standards and training board shall have discretion to allow the substitution of any combination of education, experience, and training deemed by the board to be equivalent to such in-service training.

(3) The county shall only pay all reasonable costs and expenses of new sheriff and in-service training.

30-10-501.7. Enforcement. (1) In the event a sheriff fails to comply with the requirements set forth in section 30-10-501.6, such sheriff's pay must be suspended by the board of county commissioners in accordance with subsection (2) of this section. Such sheriff's pay shall be reinstated with back pay by the board of county commissioners upon completion of said requirements in accordance with subsection (2) of this section.

(2) In any circumstances set forth in subsection (1) of this section, the Colorado peace officers standards and training board shall notify the board of county commissioners of the sheriff's failure to comply with the requirements of said subsection (1) and that state law requires the county commissioners to immediately suspend such sheriff's pay until the requirements of section 30-10-501.6 have been complied with. After the sheriff's compliance with the provisions of section 30-10-501.6, the Colorado peace officers standards and training board shall immediately notify the board of county commissioners of the sheriff's compliance and that state law requires the board of county commissioners to reinstate such sheriff's pay and provide him or her any back pay.

30-10-513. Duties of sheriff - coordination of fire suppression efforts for forest, prairie, or wildland fire - expenses - definition. (1) (a) Subject to the provisions of any relevant plans or agreements, it is the duty of the sheriff to assume the responsibility for coordinating fire suppression efforts in case of any prairie, forest, or wildland fire or wildfire occurring in the unincorporated area of the county outside the boundaries of a fire department or that exceed the capabilities of the fire department to control or extinguish.

(b) In the case of a prairie, forest, or wildland fire occurring within the jurisdictional boundaries of one or more fire departments that does not exceed the capabilities of the fire department to control or extinguish, the sheriff or the division of fire prevention and control in the department of public safety may assist the chief of the fire department in controlling or extinguishing such fire, and, in connection with such assistance, the sheriff may solicit such additional assistance from such persons as the sheriff and the fire chief deem necessary. The sheriff may assume command of such incidents with the concurrence of the fire chief.

(c) In the case of a prairie, forest, or wildland fire that exceeds the capabilities of the fire department to control or extinguish and that requires mutual aid and outside resources, the sheriff shall appoint an incident commander to provide the command and control infrastructure required to manage the fire. The sheriff shall assume financial responsibility for fire fighting efforts on behalf of the county and the authority for the ordering and monitoring of resources.

(d) When a wildfire exceeds the capability of the county to control or extinguish, the sheriff shall be responsible for seeking the assistance of the state by requesting assistance from the division of fire prevention and control in the department of public safety. The sheriff and the director of the division of fire prevention and control shall enter into an agreement concerning the transfer of authority and responsibility for fire suppression and the retention of responsibilities.

(2) The director of the division of fire prevention and control may assume any duty or responsibility given to the sheriff under this section with the concurrence of the sheriff.

(3) (a) The board of county commissioners of any county may allow the sheriff, undersheriffs, deputies, municipal or county fire departments, fire protection districts, fire authorities, and such other persons as may be called upon to assist in controlling or extinguishing a prairie, forest, or wildland fire such compensation and reimbursement for other expenses necessarily incurred as the board deems just.

(b) The board of county commissioners of any county may allow a fire department, fire protection district, or volunteer fire department compensation and reimbursement from a county funding source for other expenses necessarily incurred in controlling or extinguishing a prairie, forest, or wildland fire within the jurisdiction or boundaries of the fire department, fire protection district, or volunteer fire department if the circumstances set forth in section 24-33.5-1220 (6)(a)(I), (6)(a)(II), and (6)(a)(III) are met, as the board deems just.

(4) The board of county commissioners of any county in the state may make such appropriation as it may deem proper for the purpose of controlling fires in its county. The board of county commissioners is authorized to levy a special tax subject to approval of the voters upon every dollar of valuation of assessment of the taxable property within the county for the purpose of creating a fund that shall be appropriated, after consultation with representatives of fire departments, fire protection districts, and fire authorities in the county, to prevent, control, or extinguish such fires anywhere in the county and to fix the rate of levy.

(5) The agency that has jurisdiction over any wildland fire in the state shall manage the fire using the incident command system as defined in section 29-22.5-102 (3).

(6) As used in this section, unless the context otherwise requires, "fire department" has the same meaning as set forth in section 24-33.5-1202 (3.9).

30-10-513.5. Authority of sheriff relating to fires within unincorporated areas of county - liability for expenses. (1) (a) The sheriff of any county may request assistance from a fire protection district or municipality in controlling or extinguishing a fire occurring on private property if, in the judgment of such sheriff, the fire constitutes a danger to the health and safety of the public or a risk of serious damage to property. Except as provided in subsection (3) of this section, any fire protection district or municipality assisting in controlling or extinguishing such fire is entitled to reimbursement from the property owner on whose property the fire occurred or from the party responsible for the occurrence of such fire for the reasonable and documented costs resulting from such assistance. The fire protection district or municipality may recover the costs incurred in a civil action against the property owner or the responsible party or may, by resolution of its board or governing body adopted at a public hearing after notice to the affected parties, certify to the county treasurer the amount of any costs incurred that remains uncollected after diligent effort for a period greater than one hundred eighty days. Such certification is subject to the appeal process and all other remedies, if any, provided in the "State Administrative Procedure Act", article 4 of title 24, C.R.S. If the fire protection district or municipality prevails, the amount certified shall be collected by the treasurer in the same manner as taxes are authorized to be collected pursuant to section 39-10-107, C.R.S. To defray the costs of collection, the treasurer shall be authorized to charge an amount equal to ten percent of the amount collected.

(b) For purposes of this subsection (1), "fire occurring on private property" means:

(I) A fire occurring on property not located within a fire protection district or municipality providing fire protection services.

(II) (Deleted by amendment, L. 93, p. 1253, § 1, effective July 1, 1993.)

(c) This section does not prohibit a county from reimbursing a fire protection district, fire department, or volunteer fire department for expenses necessarily incurred in controlling or extinguishing a prairie, forest, or wildland fire from a county funding source in accordance with section 30-10-513 (3)(b).

(2) (a) An owner of private property who has contracted with a fire protection district for fire protection services shall advise the sheriff of such contract and any fire protection districts with which such district has mutual aid agreements. In the event that a fire occurs on such property, the sheriff shall make a reasonable attempt to secure the services from such district. If the district does not respond, he shall make a reasonable attempt to secure such services from any of the districts with which such district has mutual aid agreements. If services cannot be secured, the sheriff, in his discretion, may attempt to secure fire protection services from any other district or municipality, and, if services are provided, the owner of the property or the party responsible for the fire shall be liable for the costs incurred by such district or municipality. Such costs may be assessed and collected in the manner provided in subsection (1) of this section.

(b) No sheriff shall be held liable for failure to secure fire protection services as required by paragraph (a) of this subsection (2) unless the failure was due to willful misconduct, gross negligence, or bad faith.

(3) Any property owner who desires to conduct a controlled burn of a structure or building located on such property shall notify the county sheriff of the date when such controlled

burn will be conducted. Any property owner providing such notification shall not be liable for any costs under this section resulting from the response by a fire protection district or municipality to such controlled burn due to any person informing or warning such district or municipality of the fire arising from such burn.

30-10-524. Sheriff to provide identification cards to retired peace officers upon request - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Peace officer" means a certified peace officer described in section 16-2.5-102, C.R.S.

(b) "Photographic identification" means a photographic identification that satisfies the description at 18 U.S.C. sec. 926c (d).

(2) Except as described in subsection (3) of this section, on and after August 7, 2013, if a sheriff's office has a policy, on August 7, 2013, of issuing photographic identification to peace officers who have retired from the sheriff's office, and the sheriff's office discontinues said policy after August 7, 2013, the sheriff's office shall continue to provide such photographic identification to peace officers who have retired from the sheriff's office if:

(a) The peace officer requests the identification;

(b) The peace officer retired from the sheriff's office before the date upon which the sheriff's office discontinued the policy; and

(c) The peace officer is a qualified retired law enforcement officer, as defined in 18 U.S.C. sec. 926c (c).

(3) Before issuing or renewing a photographic identification to a retired law enforcement officer pursuant to this section, a law enforcement agency of the state shall complete a criminal background check of the officer through a search of the national instant criminal background check system created by the federal "Brady Handgun Violence Prevention Act", Pub.L. 103-159, the relevant portion of which is codified at 18 U.S.C. sec. 922 (t), and a search of the state integrated criminal justice information system. If the background check indicates that the officer is prohibited from possessing a firearm by state or federal law, the law enforcement agency shall not issue the photographic identification.

(4) The sheriff's office may charge a fee for issuing a photographic identification to a retired peace officer pursuant to subsection (2) of this section, which fee shall not exceed the direct and indirect costs assumed by the sheriff's office in issuing the photographic identification.

(5) Notwithstanding any provision of this section to the contrary, a sheriff's office shall not be required to issue a photographic identification to a particular peace officer if the sheriff elects not to do so.

(6) If a sheriff's office denies a photographic identification to a retired peace officer who requests a photographic identification pursuant to this section, the sheriff's office shall provide the retired peace officer a written statement setting forth the reason for the denial.

30-10-525. Disclosure of knowing misrepresentation by a peace officer required - disclosure waivers - reports - definitions. (1) Subject to the limitations of this section, a sheriff's office that employs, employed, or deputized on or after January 1, 2010, a peace officer who applies for employment with another Colorado law enforcement agency shall disclose to the hiring agency information, if available, indicating whether the peace officer's employment history included any instances in which the peace officer had a sustained violation for making a knowing misrepresentation:

(a) In any testimony or affidavit relating to the arrest or prosecution of a person or to a civil case pertaining to the peace officer or to the peace officer's employment history; or

(b) During the course of any internal investigation by a law enforcement agency, which investigation is related to the peace officer's alleged criminal conduct; official misconduct, as described in section 18-8-404 or 18-8-405, C.R.S.; or use of excessive force, regardless of whether the alleged criminal conduct, official misconduct, or use of excessive force occurred while the peace officer was on duty, off duty, or acting pursuant to a service contract to which the peace officer's employing agency is a party.

(2) The disclosure described in subsection (1) of this section is required only upon the presentation of a written waiver to a sheriff's office, which waiver explicitly authorizes the sheriff's office to disclose the information described in said subsection (1), has been signed by the applicant peace officer, and identifies the Colorado law enforcement agency that is considering the applicant peace officer for employment. A sheriff's office that receives such a waiver shall provide the disclosure to the Colorado law enforcement agency that is considering the applicant peace officer for employment not more than seven days after such receipt.

(3) A sheriff's office is not required to provide the disclosure described in subsection (1) of this section if the sheriff's office is prohibited from providing such disclosure pursuant to a binding nondisclosure agreement to which the sheriff's office is a party, which agreement was executed before August 5, 2015.

(4) (a) A sheriff's office shall notify the local district attorney whenever the sheriff's office determines there is a sustained finding that any peace officer of the sheriff's office has made a knowing misrepresentation:

(I) In any testimony or affidavit relating to the arrest or prosecution of a person or to a civil case pertaining to the peace officer or to the peace officer's employment history; or

(II) During the course of any internal investigation by a law enforcement agency, which investigation is related to the peace officer's alleged criminal conduct; official misconduct, as described in section 18-8-404 or 18-8-405, C.R.S.; or use of excessive force, regardless of whether the alleged criminal conduct, official misconduct, or use of excessive force occurred while the peace officer was on duty, off duty, or acting pursuant to a service contract to which the peace officer's employing agency is a party.

(b) A sheriff's office shall provide the notice described in paragraph (a) of this subsection (4) not more than seven days after the sheriff's office determines there is a sustained finding that a peace officer of the sheriff's office has made a knowing misrepresentation, as described in said paragraph (a).

(5) A sheriff's office is not liable for complying with the provisions of this section.

(6) As used in this section, unless the context requires otherwise, "state or local law enforcement agency" means:

(a) The Colorado state patrol created pursuant to section 24-33.5-201, C.R.S.;

(b) The Colorado bureau of investigation created pursuant to section 24-33.5-401, C.R.S.;

(c) A county sheriff's office;

(d) A municipal police department;

(e) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124, C.R.S.; or

(f) A town marshal's office.

30-10-526. Sheriff office hiring - required use of waiver - definitions. (1) A sheriff's office shall require each candidate that it interviews for a peace officer position who has been employed by another law enforcement agency or governmental agency to execute a written waiver that explicitly authorizes each law enforcement agency or governmental agency that has employed the candidate to disclose the applicant's files, including internal affairs files, to the interviewing sheriff's agency and releases the interviewing sheriff's office and each law enforcement agency or governmental agency that employed the candidate from any liability related to the use and disclosure of the files. A law enforcement agency or governmental agency may disclose the applicant's files by either providing copies or allowing the sheriff's office to review the files at the law enforcement agency's office or governmental agency's office. A candidate who refuses to execute the waiver shall not be considered for employment by the sheriff's office. The sheriff's office interviewing the candidate shall, at least twenty-one days prior to making the hiring decision, submit the waiver to each law enforcement agency or governmental agency that has employed the candidate. A state or local law enforcement agency or governmental agency that receives such a waiver shall provide the disclosure to the sheriff's office that is interviewing the candidate not more than twenty-one days after such receipt.

(2) A state or local law enforcement agency is not required to provide the disclosures described in subsection (1) of this section if the agency is prohibited from providing the disclosure pursuant to a binding nondisclosure agreement to which the agency is a party, which agreement was executed before June 10, 2016.

(3) A state or local law enforcement agency or governmental agency is not liable for complying with the provisions of this section or participating in an official oral interview with an investigator regarding the candidate.

(4) As used in this section, unless the context otherwise requires:

(a) "Files" means all performance reviews, any other files related to job performance, administrative files, grievances, previous personnel applications, personnel-related claims, disciplinary actions, and all complaints, early warnings, and commendations, but does not include nonperformance or conduct-related data, including medical files, schedules, pay and benefit information, or similar administrative data or information.

(b) "State or local law enforcement agency" means:

(I) The Colorado state patrol created pursuant to section 24-33.5-201, C.R.S.;

(II) The Colorado bureau of investigation created pursuant to section 24-33.5-401, C.R.S.;

(III) A county sheriff's office;

(IV) A municipal police department;

(V) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124, C.R.S.; or

(VI) A town marshal's office.

30-10-527. Behavioral health professionals - grant applications encouraged - definition - repeal. (1) Each sheriff is encouraged to adopt a policy whereby mental health professionals, to the extent practicable, provide:

(a) On-scene response services to support deputy sheriffs' handling of persons with mental health disorders; and

(b) Counseling services to deputy sheriffs.

(2) In implementing a policy as described in subsection (1) of this section, a sheriff shall not require a mental health professional to counsel both a person with a mental health disorder and a deputy sheriff if, in the judgment of the mental health professional, doing so would constitute a conflict of interest or a breach of a professional code of ethics.

(3) For the purposes of this section, each sheriff's office is encouraged to apply annually for a grant from the peace officers behavioral health support and community partnerships grant program created in section 24-32-3501.

(4) As used in this section, "mental health professional" means a mental health professional licensed to practice medicine pursuant to article 240 of title 12 or a person licensed as a mental health professional pursuant to article 245 of title 12.

(5) This section is repealed, effective September 1, 2027.

- 30-10-529. Coordinator for voting at county jails or detention centers - definitions.**
- (1) As used in this section, unless the context otherwise requires:
- (a) "Ballot information booklet" means the ballot information booklet published and distributed pursuant to section 1-40-124.5.
 - (b) "Designee" means an individual designated pursuant to subsection (2) of this section.
- (2) Each sheriff shall designate at least one individual to facilitate voting for all confined eligible electors at a county jail or detention center.
- (3) The designee shall:
- (a) Coordinate with the county clerk and recorder pursuant to section 1-7.5-113.5;
 - (b) Ensure that all confined eligible electors have reasonable access to the ballot information booklet, the information required by section 1-40-125, and any election-related materials that are prepared and provided to the designee in support of or in opposition to any candidate or issue on the ballot;
 - (c) Ensure that notice of the date and time for in-person voting at the jail or detention center pursuant to section 1-7.5-113.5 (4)(a) is provided to confined individuals, including notice that, if eligible to vote, confined individuals may register to vote during the in-person voting;
 - (d) Provide to confined individuals information regarding eligibility to vote, how confined individuals can verify or change their voter registration, and how confined individuals, if eligible to vote, can register to vote;
 - (e) Ensure that confined individuals who want to verify or change their voter registration or register to vote have reasonable access to resources to do so;
 - (f) Establish a location at the county jail or detention center for confined eligible electors to return their ballots for collection by a team of bipartisan election judges acting at the direction of the clerk and recorder pursuant to section 1-7.5-113.5 (3)(c)(I), and provide information to confined individuals concerning the methods by which ballots can be returned, the location in the county jail or detention center where ballots can be returned, and the deadlines for returning ballots; and
 - (g) Establish a process for a confined eligible elector to have the opportunity to cure a deficiency on their ballot pursuant to sections 1-7.5-107 (3.5) and 1-7.5-107.3 (1.5).
- (4) Information provided by the designee and actions taken by the designee pursuant to this section must be in accordance with any applicable provisions concerning elections set forth in title 1.

(5) Any failure by the sheriff or the designee to comply with the requirements of this section is subject to assessment of a civil penalty to be determined by the district court for the judicial district in which the county jail or detention center is located, payable by the county. The civil penalty is in the amount of five thousand dollars per violation. The office of court executive of the judicial district shall transmit fines collected pursuant to this subsection (5) to the state treasurer, who shall credit the same to the department of state cash fund created in section 24-21-104 (3)(b).

30-10-530. Jail standards advisory committee - creation - duties - cash fund - definition - repeal. (1) The department of public safety shall contract with the county sheriffs of Colorado to create a jail standards advisory committee.

(2) (a) The jail standards advisory committee consists of:

(I) Two sheriffs, or their designees, appointed by a statewide organization representing the county sheriffs of Colorado, or its successor organization;

(II) Two county commissioners appointed by Colorado counties, incorporated, or its successor organization;

(III) The state public defender or the state public defender's designee;

(IV) One physical or behavioral health professional with experience working in a jail appointed by the legislative oversight committee for Colorado jail standards created in section 2-3-1901; and

(V) One person representing a statewide organization that advocates on behalf of people experiencing incarceration appointed by the legislative oversight committee for Colorado jail standards created in section 2-3-1901.

(b) To the extent possible, the members must reflect the geographic, racial, and ethnic diversity of the state, and, when possible, include one or more members who is a person with a disability.

(c) The members' terms are for two years; except that the initial terms for the members appointed pursuant to subsections (2)(a)(I) and (2)(a)(IV) of this section are for three years. A member may be reappointed for more than one term. The appointments must be made by July 1, 2024.

(3) The jail standards advisory committee shall begin meeting in July of 2024 and shall plan assessments of jails to begin in January of 2025.

(4) The jail standards advisory committee shall select a chair from among its members and may adopt bylaws as necessary to fulfill its duties.

(5) The jail standards advisory committee shall perform the following duties:

(a) To set rules and establish guidelines and procedures for the advisory committee;

(b) To advise the attorney general on the selection of peer assessors to perform jail assessments for compliance with the jail standards in collaboration with the attorney general's office pursuant to section 24-31-118. Jail assessors shall have expertise in the relevant subject areas of the jail standards and, when appropriate, have worked in jails.

(c) To set a schedule for jail assessments with the expectation that each jail is inspected at least every five years;

(d) In consultation with peer assessors, to set rules and establish guidelines and minimum procedures for jail assessments, which at a minimum require:

- (I) Reviewing the written policies and procedures at the jail;
- (II) Physically inspecting the jail's facilities;
- (III) Interviewing relevant staff of the jail; and
- (IV) When appropriate, interviewing individuals who are incarcerated in the jail;

(e) In cooperation with the peer assessors, to complete a report for each jail assessment, which includes reports of standards which the jail is out of compliance with, and includes any recommendations for improvement;

(f) To establish rules and a process for jails to seek a variance from jail standards;

(g) To review variance requests and approve or deny variance requests;

(h) To determine guidelines for what is provided on the dashboard pursuant to section 24-33.5-503 (1)(ee);

(i) To submit an annual report to the legislative oversight committee;

(j) To make recommendations to the legislative oversight committee about any legislative actions which would support compliance with the jail standards, improve the implementation of jail standards, or improve operations of jails consistent with the jail standards;

(k) To recommend changes to the jail standards to the legislative oversight committee; and

(l) To engage cooperatively with county commissioners, sheriffs, and those working in jails. This includes providing information about the jail standards and jail assessments and making recommendations to improve the operation of jails consistent with the jail standards.

(6) The jail standards advisory committee may make recommendations to the general assembly regarding methods to seek improvements to comply with jail standards.

(7) (a) The jail standards advisory committee cash fund is created in the state treasury. The fund consists of money appropriated by the general assembly.

(b) (I) For state fiscal years commencing on or before July 1, 2024, the state treasurer shall credit all interest and income derived from the deposit and investment of money in the jail standards advisory committee cash fund to the fund.

(II) For state fiscal years commencing on and after July 1, 2025, in accordance with section 24-36-114 (1), the state treasurer shall credit all interest and income derived from the deposit and investment of money in the jail standards advisory committee cash fund to the general fund.

(III) (A) On June 30, 2025, the state treasurer shall transfer six thousand seventy-five dollars from the jail standards advisory committee cash fund to the general fund.

(B) This subsection (7)(b)(III) is repealed, effective July 1, 2026.

(c) The department of public safety shall expend money from the fund to reimburse costs related to the jail standards advisory committee.

(8) The jail standards advisory committee shall annually submit a report to the legislative oversight committee for Colorado jail standards created in section 2-3-1901 to include:

- (a) The results and status of any assessments conducted that year by county;
- (b) The number and nature of variances granted;
- (c) Recommendations regarding jail standards; and

(d) Recommendations regarding funding or other necessary supports for local jails to comply with jail standards.

(9) For purposes of this section, "jail standards" means the jail standards adopted by the legislative oversight committee concerning Colorado jail standards pursuant to section 2-3-1901 (2) and any subsequent revisions to the standards.

30-10-601.6. Coroners standards and training board. (1) There is hereby created in the department of public health and environment the Colorado coroners standards and training board.

(2) The C.C.S.T. board is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of public health and environment.

(3) (a) The C.C.S.T. board shall consist of eight members. The chairperson and the vice-chairperson of the C.C.S.T. board shall be elected annually by the members of the C.C.S.T. board with the requirement that the chairperson be either a coroner or a forensic pathologist.

(b) The members of the C.C.S.T. board shall be appointed by the governor as follows:

(I) A coroner of a county with a population of fifty thousand or more;

(II) A coroner of a county with a population of less than fifty thousand but more than fifteen thousand;

(III) A coroner of a county with a population of fifteen thousand or less;

(IV) A county commissioner of a county with a population of fifty thousand or more;

(V) A county commissioner of a county with a population of less than fifty thousand;

(VI) A pathologist who is actively engaged in performing postmortem examinations for a county in this state and who is a member of the Colorado medical society;

(VII) A chief of police from a municipality in this state or a county sheriff; and

(VIII) A district attorney from a judicial district in this state.

(c) The governor shall appoint each member of the C.C.S.T. board for a term of three years; except that the terms shall be staggered so that no more than three members' terms expire in the same year.

(d) If a county coroner, county commissioner, county sheriff, chief of police, or district attorney leaves that office, that person's term on the C.C.S.T. board shall expire. The governor shall appoint a suitable person to fill the vacancy on the C.C.S.T. board for the unexpired term.

(4) The members of the C.C.S.T. board shall receive no compensation for their services but may be reimbursed for actual and necessary expenses incurred in the performance of their official duties.

(5) (a) The C.C.S.T. board may accept and expend gifts, grants, and donations to pay the direct expenses of the C.C.S.T. board. The C.C.S.T. board shall transmit all gifts, grants, and donations to the state treasurer, who shall credit the money to the coroner training fund created in section 30-10-601.8 (5). Any unencumbered state money remaining in the fund upon the repeal of this section shall be transferred to the general fund.

(b) (Deleted by amendment, L. 2011, (HB 11-1303), ch. 264, p. 1173, § 85, effective August 10, 2011.)

(6) The department of public health and environment staff is not required to provide any financial support or perform any administrative duties related to the operation of the C.C.S.T. board.

(7) The attorney general shall be the legal advisor to the C.C.S.T. board. A deputy or assistant attorney general chosen by the attorney general or the attorney general's designee shall attend each meeting of the C.C.S.T. board to provide legal counsel to the C.C.S.T. board as requested by the board.

30-10-601.7. Duties of the Colorado coroners standards and training board. (1) In addition to its other duties set forth in this part 6, the C.C.S.T. board shall:

- (a) Develop a curriculum for a forty-hour training course for new coroners and approve the qualifications of the instructors who teach the course;
- (b) Approve training providers to certify coroners in basic medical-legal death investigation pursuant to section 30-10-601.8 (2); and
- (c) Approve training providers and programs used to fulfill the annual twenty-hour in-service training requirement specified in section 30-10-601.8 (3).

30-10-601.8. Training - fees - coroner training fund. (1) A person who is elected or appointed to the office of coroner for the first time shall attend, at the first opportunity after the election or appointment, a training course for new coroners of at least forty hours using the curriculum developed by the C.C.S.T. board. The course shall be prepared and presented by qualified instructors from the Colorado coroners association or another training provider approved by the C.C.S.T. board. At the request of a new coroner, the C.C.S.T. board may decide that a combination of education, experience, and training satisfies the requirement to complete the training course for new coroners.

(2) A person who is elected or appointed to the office of coroner for the first time shall, within one year of taking office, obtain certification in basic medical-legal death investigation from the Colorado coroners association or another training provider approved by the C.C.S.T. board. The C.C.S.T. board may grant an extension of up to one year to obtain such certification for just cause. The C.C.S.T. board shall issue written findings of fact supporting the extension.

(3) Each coroner shall complete a minimum of twenty hours of in-service training provided by the Colorado coroners association or by another training provider approved by the C.C.S.T. board during each year of the coroner's term. At the request of a coroner, the C.C.S.T. board may decide that a combination of education, experience, and training satisfies the requirement to complete twenty hours of in-service training annually.

(4) The county shall pay the costs of new coroner and in-service training. The fees charged by the C.C.S.T. board for training programs may include costs incurred in the establishment and operation of the C.C.S.T. board.

(5) The C.C.S.T. board shall by rule establish fees for training programs. All fees collected shall be transmitted to the state treasurer, who shall credit the same to the coroner training fund, which fund is hereby created. The moneys in the fund are hereby continuously appropriated to the C.C.S.T. board for the purposes of this part 6. In accordance with section 24-

36-114, C.R.S., all interest derived from the deposit and investment of moneys in the fund shall be credited to the general fund.

(6) Each county coroner or his or her designee shall create a policy for the training of deputy coroners and make the policy available for public inspection.

30-10-601.9. Enforcement. (1) If a coroner fails to comply with the requirements of section 30-10-601.8, the C.C.S.T. board shall notify the board of county commissioners that the coroner is not in compliance with the training requirements of section 30-10-601.8 and that state law requires the county commissioners to suspend the coroner's salary. Upon receipt of such notice, the board of county commissioners shall suspend the coroner's salary.

(2) If the C.C.S.T. board determines that a coroner whose salary has been suspended in accordance with subsection (1) of this section is in compliance with the training requirements of section 30-10-601.8, the C.C.S.T. board shall notify the board of county commissioners that the coroner is in compliance with the training requirements and that state law requires the board of county commissioners to reinstate the coroner's salary with back pay. Upon receipt of such notice, the board of county commissioners shall reinstate the coroner's salary with back pay.

30-10-602. Coroner and deputy coroner - duties - oath or affirmation - bond - insurance. (1) The coroner of each county is authorized to appoint a deputy. Any such appointment shall be in writing and shall be filed in the office of the coroner. The coroner of each county may delegate any of the coroner's powers to one or more deputies who shall then have the same duties with respect thereto as the coroner has. Any act of a deputy shall be done in the name of the coroner and signed by the deputy performing such act. A deputy coroner shall hold office during and subject to the pleasure of the coroner. Except as provided in subsection (2) of this section, each coroner and deputy coroner shall take an oath or affirmation in accordance with section 24-12-101 and file the bond required by law to be filed by the coroner.

(2) In lieu of the bond required by subsection (1) of this section, a county may purchase crime insurance coverage on behalf of the deputy coroner to protect the people of the county from any malfeasance on the part of the deputy coroner while in office.

30-10-606. Coroner - inquiry - grounds - postmortem - jury - certificate of death. (1) The responding law enforcement agency shall notify the coroner when a death is discovered or confirmed as soon as practicable after the scene is safe and secure. The coroner shall immediately notify the district attorney or his or her designee if by prior agreement, and then at his or her discretion proceed to the scene to view the body. Upon arrival of the coroner, law enforcement shall make all reasonable accommodations to allow the coroner to collect time-sensitive information such as body and scene temperature, lividity, and rigor. The coroner, in cooperation with law enforcement, shall make all proper inquiry in order to determine the cause and manner of death of any person in his or her jurisdiction who has died under any of the following circumstances:

(a) If the death is or may be unnatural as a result of external influences, violence, or injury;

- (a.3) Due to the influence of or the result of intoxication by alcohol, drugs, or poison;
 - (a.5) As a result of an accident, including at the workplace;
 - (a.7) When the death of an infant or child is unexpected or unexplained;
 - (b) When no physician is in attendance or when, though in attendance, the physician is unable to certify the cause of death;
 - (c) From a death that occurs within twenty-four hours of admission to a hospital;
 - (d) Repealed.
 - (e) From a disease which may be hazardous or contagious or which may constitute a threat to the health of the general public;
 - (f) If the death occurs from the action of a peace officer or while in the custody of law enforcement officials or while incarcerated in a public institution;
 - (g) When the death was sudden and happened to a person who was in apparent good health;
 - (h) When a body is unidentifiable, decomposed, charred, or skeletonized; or
 - (i) Circumstances that the coroner otherwise determines may warrant further inquiry to determine cause and manner of death or further law enforcement investigation.
- (1.1) The coroner shall request that jurisdiction of a death be transferred to the coroner of the county in which the event which resulted in the death of the person occurred, with the jurisdiction effective upon the acceptance by the receiving coroner. The transfer shall be in writing, and a copy thereof shall be maintained in the offices of the transferring and receiving coroners. The district attorney from each county involved in the transfer shall be contacted prior to the transfer unless prior agreements have been established.
- (1.2) (a) When a person dies as a result of circumstances specified in subsection (1) of this section or is found dead and the cause of death is unknown, the person who discovers the death shall report it immediately to law enforcement officials or the coroner, and the coroner shall take legal custody of the body.
- (b) The body of any person who dies as a result of circumstances specified in subsection (1) of this section shall not be removed from the place of death prior to the arrival of the coroner or his or her designee or without the authority of the coroner or his or her designee unless it is necessary to identify the victim, to protect the property from damage or destruction, or to preserve and protect evidence, or protect life, health, or safety. The coroner, in consultation with the district attorney or local law enforcement agency, shall facilitate the timely removal of the body to preserve and protect evidence. The coroner may order the removal of the body for further investigation or release the body to the next of kin if no further investigation is required by law enforcement.
- (c) If a suicide note related to the death is found at the place of death, the coroner or law enforcement agency according to a prior agreement shall take custody of the note as well as any other documentation related to the cause or manner of death as is appropriate. If there is no prior agreement, law enforcement shall have the authority to take custody of the suicide note and shall provide a copy of the suicide note to the coroner. The coroner shall have the authority to view the suicide note prior to receiving a copy.
- (d) In the case of a noncriminal investigation, the coroner in collaboration with local law enforcement shall identify the deceased, determine the deceased's next of kin, and notify the appropriate next of kin or other persons of the death.

(e) In the case of a noncriminal investigation, in order to assist with the identification of the deceased, location and identity of next of kin, and determination of the cause and manner of death, the coroner, in cooperation with law enforcement, has the authority to collect, examine, and store, or request law enforcement to collect, examine, and store, any documents, evidence, or information, including information available in electronic devices such as phones or computers subject to the limitations in the fourth amendment to the United States constitution and section 7 of article II of the Colorado constitution.

(f) When in the course of a coroner investigation, a death becomes suspicious or the possibility of criminal activity arises, the coroner shall immediately consult with the district attorney and law enforcement in the jurisdiction where the events that caused the death occurred.

(g) In the case of a noncriminal investigation, the coroner may take custody of prescription medications dispensed to the deceased to assist in determining the cause and manner of death subject to the limitations in the fourth amendment to the United States constitution and section 7 of article II of the Colorado constitution. The coroner shall properly document, store, and dispose of the medications or request law enforcement to document, store, and dispose of the medications.

(2) The coroner or his or her designee shall perform a forensic autopsy or have a forensic autopsy performed as required by section 30-10-606.5 or upon the request of the district attorney. Failure to comply with this section may be prosecuted as a violation of section 18-8-405, C.R.S.

(2.5) In the case of a noncriminal investigation, the coroner, in cooperation with the public administrator if applicable, may take appropriate measures to safeguard the property and its contents. The coroner may charge the costs of securing the premises against the estate of the deceased. A coroner who secures or safeguards the property and its contents is immune from civil liability for damage to or loss of the property or its contents.

(2.7) A coroner shall comply with information requests for statistical or research purposes from the department of public health and environment and the department of transportation.

(3) When the coroner has knowledge that any person has died under any of the circumstances specified in subsection (1) of this section, he may summon forthwith six citizens of the county to appear at a place named to hold an inquest to hear testimony and to make such inquiries as he deems appropriate.

(4) (a) In all cases where the coroner has held an investigation or inquest, the certificate of death shall be issued by the coroner.

(b) Any certificate of death issued by a coroner shall be filed with the registrar and shall state the findings concerning the nature of the disease or the manner of death, and, if from external causes, the certificate shall state the manner of death. In addition, the certificate shall include the information described in section 25-2-103 (3)(b), C.R.S., whenever the subject of the investigation or inquest is under one year of age.

(c) A copy of the certificate of death or affidavit of presumed death, including any related documents and statements of fact, shall be retained indefinitely in the applicable county in a secure location in an appropriate county facility accessible only to the county coroner or the coroner's designee and in a manner that is consistent with the county's record retention policy and federal law.

(5) Nothing in this section shall be construed to require an investigation, autopsy, or inquest in any case where death occurred without medical attendance solely because the deceased was under treatment by prayer or spiritual means alone in accordance with the tenets and practices of a well-recognized church or religious denomination.

(6) (a) Notwithstanding sections 12-245-220 and 13-90-107 (1)(d) or (1)(g), the coroner holding an inquest or investigation pursuant to this section has the authority to request and receive a copy of:

(I) Any autopsy report or medical information from any pathologist, physician, dentist, hospital, or health-care provider or institution if such report or information is relevant to the inquest or investigation; and

(II) Any information, record, or report related to treatment, consultation, counseling, or therapy services from any licensed psychologist, professional counselor, marriage and family therapist, social worker, or addiction counselor, certified addiction counselor, unlicensed psychotherapist, psychologist candidate registered pursuant to section 12-245-304 (3), marriage and family therapist candidate registered pursuant to section 12-245-504 (4), licensed professional counselor candidate registered pursuant to section 12-245-604 (4), or person described in section 12-245-217, if the report, record, or information is relevant to the inquest or investigation.

(b) The coroner or his or her designee shall, at the request of the district attorney or attorney general, release to the district attorney or attorney general any autopsy report or medical information described in subparagraph (I) of paragraph (a) of this subsection (6) that the coroner obtains pursuant to paragraph (a) of this subsection (6).

(c) The coroner or his or her designee shall not release to any party any information, record, or report described in subparagraph (II) of paragraph (a) of this subsection (6) that the coroner obtains pursuant to paragraph (a) of this subsection (6).

(d) Any person who complies with a request from a coroner or his or her designee pursuant to paragraph (a) of this subsection (6) shall be immune from any civil or criminal liability that might otherwise be incurred or imposed with respect to the disclosure of confidential patient or client information.

(e) A coroner holding an inquest or investigation pursuant to this section may request a health-care facility that is licensed or certified in accordance with the requirements of article 3 of title 25 to retain and keep safe in its control any blood draw or admission blood sample taken from the individual that is the subject of the inquest or investigation. Upon request, the health-care facility shall retain the blood draw or admission blood sample for fourteen days. The coroner shall serve the retention request on the deceased individual's attending physician, clinical leadership of the health-care facility where the deceased individual expired, or the health-care facility's laboratory that has the deceased individual's blood draw or admission blood sample in its control.

30-10-606.5. When autopsy performed - jurisdiction - qualifications to perform - definition. (1) (a) The coroner shall perform a forensic autopsy or have a forensic autopsy performed in accordance with the circumstances in the most recent version of the "forensic autopsy performance standards" adopted by the national association of medical examiners, when the death is apparently nonnatural and occurs in a facility or during services regulated by the department of human services, and when the death is the result of an automobile accident and a hospital physician has not documented the extent of the injuries.

(b) If a person is involved in an incident that requires the person to be transported to a medical facility outside the county where the incident occurred and the person dies en route to or at the medical facility outside the county where the incident occurred, the coroner for the county where the incident occurred shall take possession of the body and shall comply with the provisions of this section.

(2) (a) Except as provided in paragraphs (b) and (c) of this subsection (2), all forensic autopsies required to be performed pursuant to subsection (1) of this section shall be performed by a board-certified forensic pathologist.

(b) A physician who has completed a forensic pathology fellowship and is practicing forensic pathology in Colorado and who is not a board-certified forensic pathologist as of May 4, 2011, may perform a forensic autopsy required pursuant to subsection (1) of this section.

(c) A forensic pathologist who has completed a forensic pathology fellowship may perform forensic autopsies for four years from the date of completion of the fellowship before becoming a board-certified forensic pathologist.

(d) A pathology resident or forensic pathology fellow may perform a forensic autopsy required pursuant to subsection (1) of this section under the direct supervision of a board-certified forensic pathologist.

(e) For purposes of this subsection (2), "direct supervision" means supervision that is within the facility where a pathology resident or forensic pathology fellow is performing an

autopsy and that requires a board-certified forensic pathologist's presence and availability for prompt consultation.

30-10-606.7. Autopsy reports - death of a minor - confidential - exceptions - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Autopsy report" means the report of the coroner or the coroner's designee on the post-mortem examination of a deceased individual to determine the cause or manner of death, including any written analysis, diagram, photograph, or toxicological test results.

(b) "Minor" means a person under the age of eighteen years.

(2) (a) Notwithstanding any other provision of law, an autopsy report prepared in connection with the death of a minor is not a public record as defined in part 2 of article 72 of title 24.

(b) Notwithstanding the provisions of subsection (2)(a) of this section, upon written request of one of the individuals or entities specified in this subsection (2)(b), the coroner or the coroner's designee shall provide a copy of the autopsy report prepared in connection with the death of a minor only to such requesting individual or entity. Such individuals or entities are as follows:

(I) A parent or legal guardian of the deceased if the parent or legal guardian submits a copy of a written request to the coroner for a copy of the report and an affidavit, signed by the parent or legal guardian under the penalty of perjury, verifying the parent's or legal guardian's relationship to the decedent;

(II) A law enforcement or criminal justice agency, including a district attorney, that is either investigating the death or prosecuting a criminal violation arising out of the death upon the request of the law enforcement or criminal justice agency, including a district attorney;

(III) A requesting party in a civil case where the moving party demonstrates to the court that the autopsy report is discoverable in accordance with rule 26 (b)(1) of the Colorado rules of civil procedure (C.R.C.P.), upon the entry of a specific order of the court authorizing disclosure of the autopsy report, and in accordance with any protective order necessary to limit disclosure of the identity of the deceased and other identifying personal information;

(IV) Counsel for the defendant, or the defendant if the defendant is not represented by counsel, for discovery purposes in a criminal case upon the entry of a specific order of the court authorizing disclosure of the autopsy report in accordance with rule 16 of the Colorado rules of criminal procedure only if discovery has not otherwise been provided to counsel or the defendant and in accordance with any protective order necessary to limit disclosure of the identity of the deceased and other personally identifying information;

(V) A state child fatality prevention review team established pursuant to section 25-20.5-406 or a local or regional child fatality prevention review team established pursuant to section 25-20.5-404 upon the request of the applicable review team;

(VI) The Colorado department of public health and environment as necessary for the collection of data in accordance with the national violent death reporting system and the Colorado unintentional drug overdose reporting system;

(VII) The Colorado child fatality review team, as defined in section 26-1-139 (2)(e), upon the request of the review team;

(VIII) A county department of human or social services in connection with the investigation of an incidence of alleged abuse or neglect of a minor;

(IX) The division of youth services in the department of human services in connection with the investigation of a fatality that has occurred within a state-owned or -operated facility;

(X) A health-care facility that is licensed or certified in accordance with the requirements of article 3 of title 25 at which facility the deceased had previously received treatment;

(XI) A community clinic, as defined in section 25-1.5-103 (2)(a.5), or a treating hospital for inclusion within the medical records of the deceased;

(XII) An eye bank, an organ procurement organization, or a tissue bank, as those terms are defined in section 15-19-202 (10), (16), and (31), respectively;

(XIII) A local or regional domestic violence fatality review team, as defined in section 24-31-701 (4), or the Colorado domestic violence fatality review board created in section 24-31-702 (1) upon the request of a team or the board, as applicable;

(XIV) The Colorado department of human services in connection with the investigation of a fatality that has occurred within any facility that is licensed under the "Child Care Licensing Act", part 3 of article 5 of title 26.5;

(XV) The office of the child protection ombudsman established in section 19-3.3-102 (1)(a);

(XVI) A health-care provider licensed in accordance with the requirements of title 12 that had previously established a patient-provider relationship with the deceased;

(XVII) The Colorado maternal mortality review committee created in section 25-52-104 (1) for the purpose of conducting public health death reviews of deceased individuals who are pregnant or within one year postpartum;

(XVIII) The Colorado department of public health and environment and county public health agencies as described in section 25-1-506 for the purpose of data collection as it relates to the Colorado department of public health and environment's authority under section 25-1.5-102 and subsequent board of health rules;

(XIX) The Colorado department of public health and environment's health facility and emergency medical services division for the purpose of health facilities and emergency medical services investigations; or

(XX) The public if the death occurs while the minor is in the custody or under the supervision of the state or a local government, including a law enforcement agency, a detention facility, while under foster care, or in a public school.

(3) (a) Notwithstanding any other provision of this section, upon written request by any individual, a coroner shall not release a copy of the autopsy report prepared in connection with the death of a minor, and shall instead release the following information pertaining to the death of a minor:

(I) Cause of death;

(II) Time, place, and manner of death;

- (III) Age, gender, and race or ethnicity of the deceased minor; and
- (IV) Name of the deceased minor.

(b) The coroner shall release the information required in subsections (3)(a)(I) to (3)(a)(IV) of this section within three business days of receipt of the written request or three business days after receiving the information, whichever is later. If the information is incomplete when released, the coroner shall disclose that any missing information remains under investigation or is otherwise unknown.

(4) (a) Notwithstanding any other provision of this section, any person may petition a district court to allow the person access to an autopsy report prepared in connection with the death of a minor. The petitioner shall serve process on the coroner and a member of the deceased minor's next of kin pursuant to the C.R.C.P. For purposes of this subsection (4), "next of kin" may include a parent, stepparent, legal guardian, grandparent, aunt, uncle, sibling, or lawful representative of the deceased minor. The district court shall hold a hearing that includes the petitioner, coroner, and a member of the deceased minor's next of kin, if available. The hearing must be conducted in accordance with the applicable rules of the C.R.C.P. that govern the simplified procedure for civil actions and shall not include a jury. The district court shall grant the petitioner access to the report upon a finding that:

(I) Public disclosure of the report substantially outweighs any harm to the privacy interests of the deceased and the members of the family of the deceased; and

(II) The information sought by the petitioner is not otherwise publicly available.

(b) Upon receipt of a petition by proper service of process, a coroner shall disclose the name of the deceased minor and the name and address of a member of the deceased minor's next of kin for whom the autopsy report is sought, if available, to the district court, which shall disclose the name and address to the petitioner under a protective order prohibiting the petitioner from disclosing the name and address to anyone except for the purpose of serving process to a member of the deceased minor's next of kin pursuant to this subsection (4)(b).

30-10-611. Testimony written and subscribed - fees. The testimony shall be reduced to writing, under the coroner's order, and subscribed by the witnesses, and the person writing such testimony shall be paid from the county treasury the same fees prescribed for jurors attending inquests concerning deaths. Such testimony, in the discretion of the coroner, may be taken down in shorthand by a competent stenographer, who shall first be sworn by the coroner to correctly take down such testimony and correctly transcribe the same. The stenographer shall receive the usual per diem and fees paid official court reporters for like services to be paid by the board of county commissioners. Upon the request of the coroner, the stenographer shall transcribe the testimony and transmit it to the coroner, and it shall not be necessary in such case for the witnesses to subscribe the same. If the testimony is not transcribed and transmitted, the stenographer shall file his name and address and the notes of the testimony with the district court, and the district court shall keep such materials for a period of seven years from the time of the transmittal of the coroner's inquisition. The coroner shall return his inquisition and list of witnesses to the district court, and such notes if transcribed and transmitted by such stenographer shall have the same force and effect as testimony written out under the coroner's order and subscribed by the witnesses.

30-10-619. Conflicts of interest of county coroners. (1) A coroner who owns, operates, is employed by, or otherwise has an interest in a funeral establishment is deemed to have a conflict of interest and shall not direct business to such establishment when performing his or her duties under this part 6.

(2) Nothing in this section shall prevent a person from taking the body of the deceased to a funeral establishment in which the coroner has an interest if such person decides to do so without the suggestion of the coroner.

(3) The provisions of this section shall not apply if an emergency situation exists and the coroner acts in good faith to prevent a health hazard.

(4) Any person who knowingly violates subsection (1) of this section commits a petty offense and shall be punished as provided in section 18-1.3-503.

(5) This section shall apply to county coroners who take office after the general election in 1982.

30-10-624. Required toxicology screening for a suicide, overdose death, or accidental death - annual report - working group. (1) (a) The association representing coroners shall establish a working group to study methods to test for all scheduled drugs and the presence and quantity of THC, including and identifying how long ago the THC was consumed, if the presence of THC was in conjunction with alcohol and scheduled drugs, and its metabolite in each case of a non-natural death, excluding homicide, of a person under twenty-five years of age. The working group shall consult with an epidemiologist, a medical toxicologist, an addiction specialist, and a medical examiner or forensic pathologist and may consult with the department of public health and environment. The methodology shall include means to identify

prescription drugs, and other federally scheduled substances that have a substantial potential for overdose and addiction, by using evidence-based practices. These recommendations shall be completed by July 1, 2022; except that the methodology to identify prescription drugs, and other federally scheduled substances that have a substantial potential for overdose and addiction, by using evidence-based practices shall be completed by November 1, 2022, and reported to the house of representatives health and insurance committee and the senate health and human services committee, or their successor committees.

(b) Beginning January 1, 2022, the coroner shall complete a full toxicology screen, including testing for the presence of THC, alcohol, and scheduled drugs, in each case of a non-natural death, excluding homicide, of a Colorado resident under twenty-five years of age. Upon request of a county, the department of public health and environment shall reimburse a coroner for the costs associated with completing a toxicology screen. In addition, at the request of a county, the department of public health and environment or the local health department may provide training and supplies for toxicology draws.

(c) The coroner shall share the information collected pursuant to subsection (1)(a) of this section with the department of public health and environment for inclusion into the violent death reporting system. However, the information collected by the coroner and shared with the department is not a public record under the "Colorado Open Records Act"; except that the information shall be made available to a parent or a duly appointed legal representative of the deceased upon request. The department shall make the de-identified aggregate of the information provided pursuant to this subsection (1)(c) available for research purposes.

(d) In the event of a death in a hospital, if clinically indicated, the hospital-treating clinician shall order the toxicology screen as described in subsection (1)(a) of this section and document the results of the toxicology screen to the health information exchange in the medical record.

(2) The department of public health and environment shall produce an annual report of the information reported in subsections (1)(b) and (1)(c) of this section beginning January 2, 2023, and annually each year thereafter. The report can be produced in conjunction with the report required pursuant to section 25-3-126.

30-10-707. Treasurer to receive and pay moneys. It is the duty of the county treasurer to receive all moneys belonging to the county, from whatsoever source they may be derived, and all other moneys which are by law directed to be paid to him. All money received by him for the use of the county shall be paid out by him only on the orders of the board of county commissioners, according to law, except where special provision for the payment thereof is otherwise made by law.

30-10-708. Deposit of funds in banks and savings and loan associations. (1) In all counties of this state, the county treasurer shall deposit all the funds and moneys of whatever kind that come into the treasurer's possession by virtue of the office, in the treasurer's name as treasurer, in one or more state banks, national banks, or, in compliance with the provisions of article 47 of title 11, C.R.S., savings and loan associations that have previously been approved and designated by written resolution duly adopted by a majority vote of the board of county commissioners, which shall be entered in its minutes. The board, by written resolution similarly adopted, may authorize the county treasurer to invest all or any part of the funds and moneys in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S. For the purposes of investment of funds of the county as set forth in said part 6, the board, by written resolution, may appoint one or more custodians of the funds, and such persons shall give surety bonds in such amounts and form and for such purposes as the board requires.

(2) All securities so purchased shall be duly registered in the name of the county treasurer and shall be deposited and safely kept in the custody of some state bank or any national bank. No such security shall be sold or otherwise disposed of except pursuant to a resolution of said board of county commissioners similarly adopted, which resolution shall also approve and designate the bank or banks in which such proceeds shall then be deposited, or such resolution may in lieu thereof authorize the reinvestment of such proceeds in any of the securities specified in subsection (1) of this section.

(3) and (4) Repealed.

(5) No county treasurer, or member of the board of county commissioners, who acted in good faith in approving and designating such depository, is liable for loss of public funds deposited by such county treasurer or his deputies by reason of the default or insolvency of such depository; nor shall any county treasurer who invests any such funds or any member of the board of county commissioners who in good faith authorizes such investment be liable for any loss on account of such investment.

(6) Subject to the requirements of part 7 of article 75 of title 24, C.R.S., funds of the county may be pooled for investment with the funds of other local government entities.

30-10-709. Treasurer to keep accounts - settlement of accounts - resolution of findings - report to board of county commissioners - contempt. (1) The county treasurer

shall keep a just and true account of the receipt and expenditure of all moneys that come into his or her hands by virtue of the office, in books to be kept by the treasurer for that purpose, which books shall be open at all times for the inspection of the board of county commissioners, or any member thereof, and to all county and state officers; and, at the meetings in July and January of the board of county commissioners, or at such other time as the board may direct, the treasurer shall settle with said board his or her account as treasurer, and, for that purpose, the treasurer shall exhibit to said board all his or her books, accounts, and all vouchers relating to the same, to be audited and allowed.

(2) In addition to the audit described in subsection (1) of this section, the treasurer may periodically cause to be performed an audit of the operations and accounts of the county treasurer's office.

(3) If a recommendation or finding is contained in the final report of any audit conducted pursuant to subsection (1) or (2) of this section or section 29-1-603, C.R.S., the treasurer shall promptly address the recommendation or finding and shall report to the board of county commissioners regarding the disposition of the recommendation or finding no later than ninety days after the issuance of the final audit report. If a treasurer fails to address a recommendation or finding or fails to report to the board as required by this subsection (3), the board may apply to a court of competent jurisdiction for an order compelling the treasurer to comply with the provisions of this subsection (3). If the court issues an order compelling the treasurer to comply with the provisions of this subsection (3) and the treasurer fails to comply, the treasurer shall be subject to penalties for contempt of the court issuing the order. Nothing in this subsection (3) shall be construed to limit the ability of the board or any other person to pursue any other legal remedy available to the board or person with regard to the actions of the treasurer.

30-10-710. Apportionment and separation of funds. It is the duty of the county treasurer to apportion and keep all taxes collected by him or her in the several funds for which the taxes were levied, and it shall not be lawful to use the moneys belonging to any fund for the purpose of paying warrants drawn upon some other fund or for the purpose of paying warrants issued before April 2, 1998, which properly should have been drawn upon some other fund; but the amount of interest gained through the investment of county funds, regardless of the origin of such funds, may be credited to the general fund of the county by the county treasurer, unless such investment is made from specific funds allocated for a definite purpose and so maintained. The treasurer and the sureties on his or her official bond or the insurer on the crime insurance policy, as applicable, shall be liable at the action of any taxpayer of the county for any violation of this section.

30-10-711. Payment of warrants - call published. (1) County orders and warrants, properly made and issued, shall be entitled to a preference as to payment, according to the order of time in which they may be presented to the county treasurer; but where two or more orders are presented at the same time, precedence shall be given to the order or warrant of the oldest date, and when two or more orders are presented at the same time, and there are no funds to the credit of the proper fund in the treasury to pay the same, the same shall be registered in the order of their date, precedence being given to the warrant of the oldest date. When there is in the treasury, to the credit of any fund, five hundred dollars or more, against which fund there are any outstanding and unpaid lawful warrants or orders, the county treasurer shall immediately give public notice of the fact by a written notice posted for thirty days at the outer door of the office of the treasurer. The treasurer, at the same time, shall call in for payment all outstanding and unpaid lawful warrants and orders drawn on said fund which the moneys in the treasury will pay and which are entitled to payment from said funds.

(2) Such notice shall also contain the number, date, and amount of such warrants and orders as are entitled to payment and call upon the holders thereof to present the same for payment to the treasurer within thirty days from the day of the posting of said notice, and that interest on the sums due by said warrants and orders will cease to accrue thereon after the last day of said posting of said notice, and interest shall cease to accrue on said sums accordingly. Such notice shall be dated at the county seat, be signed by the treasurer, and a record of the same be kept in the office of the treasurer in a book provided for that purpose; and such books shall be open to inspection and examination at all reasonable hours. Such funds shall be held by the county treasurer for the payment of the warrants and orders called by him, until the expiration of six years from the date of registry of such warrants and orders, when the same shall be paid out upon such other warrants or orders as are entitled to payment on the day of the expiration of the six years.

(3) The treasurer shall pay by electronic transfer any written authorization issued by the board of county commissioners directing the treasurer to make payment of claims against the county electronically.

(4) Payment of county warrants and orders by electronic transfer shall be made only after the treasurer approves the release of funds for such electronic transfer.

(5) Repealed.

30-10-903. Duties and powers of the county surveyor. (1) The duties of the county surveyor are:

(a) To represent the county in boundary disputes between adjoining counties pursuant to section 30-6-110, and in section or quarter corner disputes pursuant to section 30-10-906, and to locate lost, destroyed, or disputed corners and boundaries pursuant to section 38-44-104;

(b) To notify the county attorney of any unsettled boundary disputes or boundary discrepancies within the county which may come to his attention;

(c) To file in the office of the county surveyor, or in the office of the county clerk and recorder if there is no office for the county surveyor in the county, all surveys, field notes, calculations, maps, and any other records pertaining to work authorized and financed by the board of county commissioners. All surveys made by the county surveyor or his deputies shall be numbered consecutively by the county surveyor, and all field notes and calculations pertaining to such surveys shall be endorsed by the county surveyor with the number of the survey to which they pertain.

(2) The county surveyor may, when authorized by the board of county commissioners, and when financially compensated by agreement between the surveyor and the board of county commissioners:

(a) Conduct surveys to establish the boundaries of county property, including road rights-of-way, or any other surveys necessary to the county;

(b) Accept for filing maps of surveys that establish monuments and keep a current record of all survey monuments within the county;

(c) Examine all survey maps and plats before they are recorded by the county clerk and recorder to ensure proper content and form;

(d) Conduct geodetic control surveys, vertical control surveys, or any surveys for the purpose of geographic information systems;

(e) Conduct or supervise construction surveys necessary to the county;

(f) Provide reference monuments for or the remonumentation or monument upgrades of public land survey system monuments that are destroyed by county construction or other functions; and

(g) Provide other services requiring the expertise of a professional land surveyor as agreed upon by the county surveyor and the county board of commissioners.

(3) The county commissioners may elect to have any service specified in subsection (2) of this section contracted out to a qualified private professional surveyor or survey firm, or have another department in the county that employs Colorado licensed surveyors perform the work.

30-10-905. Remuneration - expenses. (1) In counties of every class, the board of county commissioners may provide for additional compensation by agreement between the county surveyor and the board of county commissioners to be paid to the county surveyor who performs services for the county in addition to the duties specified in section 30-10-903, which compensation shall be paid out of the county treasury.

(2) The board of county commissioners may authorize any material and equipment necessary for the performance of any of the duties of the county surveyor; but, the material and equipment so provided shall not be used for any purpose other than to perform the duties of the county surveyor.

(3) A county surveyor and any of his deputies may engage in private survey practice, if such private practice does not interfere with the performance of their official duties.

(4) Except as provided in section 30-10-906, no county surveyor nor any of his deputies shall accept any remuneration other than that provided by the board of county commissioners for the performance of any act required as part of his official duties.

(5) While engaged in an act necessary to the performance of his official duties, no county surveyor nor any of his deputies shall perform any act not directly related to his official duties.

30-10-906. Disputed boundaries - notice - establishment of legal corner monument. (1) Whenever the proper location of any section corner or quarter section corner is in dispute, a corner monument shall be established by the county surveyor for the county in which such corner is located pursuant to this section.

(2) (a) Upon receipt of an application from any party in interest and the fee required pursuant to subsection (4) of this section and subsequent to giving notice as required pursuant to paragraph (b) of this subsection (2), the county surveyor shall gather evidence and conduct any necessary surveys to establish the location of a monument.

(b) Within two weeks of receipt of an application and fee pursuant to paragraph (a) of this subsection (2), the county surveyor shall give notice including the date when such surveyor will be in the vicinity of the disputed corner in the following manner:

(I) For parties whose property rights might be affected by the establishment of the location of a monument, by written notice;

(II) For parties to whom written notice cannot be given because of an incorrect address or because there are more than fifty known affected landowners, by publishing for four consecutive weeks in a newspaper of general circulation in the applicable county or, if there is no newspaper published in such county, in some newspaper of general circulation published in the nearest county;

(III) For all professional land surveyors who have filed a monument record on the disputed corner or on any aliquot corner within one mile thereof and all professional land surveyors known to have performed land surveys in the vicinity of the disputed corner, by written notice to the extent practicable.

(3) (a) On the date given in the notices pursuant to subsection (2) of this section, the county surveyor shall proceed to establish the corner monument in accordance with section 38-51-103, C.R.S., and with the field notes of original surveys made by the United States by firmly planting a monument at the points found. The county surveyor shall accurately take and note courses and distances from such established monument to one or more prominent objects of a permanent nature if there are any in the vicinity and make a plat or map of the survey.

(b) The county surveyor shall record the survey and a statement of the proceedings, including the application, notice, and names of the parties in interest, in the records of the office of the county surveyor.

(c) Any corner monument established pursuant to this section shall be the true and legal monument defining the boundary corner as stated in the record of the survey; except that any affected party may, pursuant to article 44 of title 38, C.R.S., appeal the result within six months after the date the corner monument is established.

(4) (a) The reasonable fees and expenses incurred by the county surveyor in establishing a corner shall be paid by the party applying therefor.

(b) At the time the application is filed, the county surveyor shall estimate the probable fees and expenses to be incurred in establishing the corner and shall collect that amount from the applicant.

(c) After the corner has been established, if the estimated amount exceeds the actual fees and expenses, the excess shall be refunded. If the fees and expenses exceed the estimated amount, the applicant shall pay the difference to the county surveyor.

PART 1

GENERAL PROVISIONS

30-11-101. Powers of counties. (1) Each organized county within the state is a body corporate and politic and as such is empowered for the following purposes:

- (a) To sue and be sued;
- (b) To purchase and hold real and personal property for the use of the county, and acquire lands sold for taxes, as provided by law;
- (c) To sell, convey, or exchange any real or personal property owned by the county and make such order respecting the same as may be deemed conducive to the interests of the inhabitants; and to lease any real or personal property, either as lessor or lessee, together with any facilities thereon, when deemed by the board of county commissioners to be in the best interests of the county and its inhabitants;
- (d) To make all contracts and do all other acts in relation to the property and concerns necessary to the exercise of its corporate or administrative powers. Any such contract may by its terms exceed one year and shall be binding upon the parties thereto as to all of its rights, duties, and obligations.
- (e) To exercise such other and further powers as may be especially conferred by law;
- (f) To develop, maintain, and operate mass transportation systems, which power shall be vested either individually in the board of county commissioners or jointly with other political subdivisions or governmental entities formed pursuant to the provisions of part 2 of article 1 of title 29, C.R.S. Except as provided in paragraph (j) of this subsection (1), this provision shall not

apply to any county or portion thereof encompassed by the regional transportation district as formed pursuant to the provisions of article 9 of title 32, C.R.S. Counties, by ordinance adopted, administered, and enforced in accordance with part 4 of article 15 of this title, shall have the authority: To fix, maintain, and revise passenger fees, rates, and charges, and terms and conditions for such systems; to prescribe the method of development, maintenance, and operation of such mass transportation systems; and to receive contributions, gifts, or other support from public and private entities to defray the operating costs of such systems.

(g) To provide for the payment of construction, installation, operation, and maintenance of street lighting by ordinance adopted, administered, and enforced in accordance with part 4 of article 15 of this title and to assess, either in whole or in part, the cost of constructing, installing, operating, and maintaining such street lighting against the property in the vicinity of such street lighting in proportion to the frontage of the property abutting the road, street, or alley where such street lighting is so constructed, installed, operated, and maintained;

(h) To enter into contracts with the executive director of the department of corrections pursuant to section 16-11-308.5, C.R.S., for the placement of persons under the custody of the executive director in county jails or adult detention centers;

(i) To dispose of abandoned personal property acquired by an elected county official or county employee in performing official duties. Said personal property may be disposed of only after the exercise of due diligence to determine the owner of such personal property. Such personal property may be sold, discarded, or used for county purposes as the board of county commissioners deems to be in the best interests of the county.

(j) For any county located in whole or in part within the boundaries of the regional transportation district, to provide transit services in cooperation with and pursuant to consultation with the board of directors of the district. For purposes of this paragraph (j), "county" means any county or city and county.

(k) To coordinate, pursuant to 43 U.S.C. sec. 1712, the "National Environmental Policy Act of 1969", 42 U.S.C. sec. 4321 et seq., 40 U.S.C. sec. 3312, 16 U.S.C. sec. 530, 16 U.S.C. sec. 1604, and 40 CFR parts 1500 to 1508, with the United States secretary of the interior and the United States secretary of agriculture to develop land management plans that address hazardous fuel removal and other forest management practices, water development and conservation measures, watershed protection, the protection of air quality, public utilities protection, and private property protection on federal lands within such county's jurisdiction;

(l) To conduct or participate in forest health projects as defined in section 37-95-103 (4.9) within and outside the boundaries of the county.

(m) Independently initiating and bringing civil actions to enforce:

(I) Parts 1, 2, 5, 7, 9, 11, 12, and 14 of article 12 of title 38; and

(II) Beginning January 1, 2026, parts 4, 8, and 10 of article 12 of title 38.

(2) Counties have the authority to adopt and enforce ordinances and resolutions regarding health, safety, and welfare issues as otherwise prescribed by law. In addition to any other enforcement or collection method authorized by law, if a county passes an ordinance or resolution of which a violation would be a class 2 petty offense, the county may elect to apply the penalty assessment procedure set forth in section 16-2-201, C.R.S., and may adopt a graduated fine schedule for multiple offenses. If a specified offense would be an unclassified misdemeanor, a county may elect to downgrade the offense to a class 2 petty offense and apply

the penalty assessment procedure under circumstances deemed appropriate and prescribed by the county in an ordinance or resolution.

(3) (a) Notwithstanding any law to the contrary, a contract between a county and a private attorney who the county retains in relation to a civil action described in subsection (1)(m) of this section shall specify an hourly rate, not to exceed five hundred dollars per hour, at which the county compensates the private attorney.

(b) A county may use an amount equal to or less than ten percent of any monetary award received as a result of a civil or criminal action commenced pursuant to subsection (1)(m) of this section to cover the costs of that civil action, including attorney fees.

(c) In commencing a civil action pursuant to subsection (1)(m) of this section, a county may confer with any housing authority created pursuant to title 29 that serves the county in whole or in part.

30-11-104. County buildings - acquisition of land or buildings by eminent domain authorized. (1) (a) Each county, at its own expense, shall provide a suitable courthouse, a sufficient jail, and other necessary county buildings and keep them in repair.

(b) For any penal institution that begins operations on or after August 30, 1999, that is operated by or under contract with a county, the county may establish standards relating to space requirements, furnishing requirements, required special use areas or special management housing, and environmental condition requirements, including but not limited to standards pertaining to light, ventilation, temperature, and noise level. If a county does not adopt standards pursuant to this paragraph (b), the penal institution operated by or under contract with the county shall be subject to the standards adopted by the department of public health and environment pursuant to section 25-1.5-101 (1)(i), C.R.S. In establishing such standards, the county is strongly encouraged to consult with national associations that specialize in policies relating to correctional institutions.

(2) Each county has the power to acquire, by eminent domain, land or buildings, or both, for the provision of court and district attorney facilities, jails, and other necessary facilities specifically related thereto. (a) To make such orders concerning the property belonging to the county as it deems expedient;

(b) To examine and settle all accounts of the receipts and expenses of the county, to examine and settle and allow all accounts chargeable against the county, and, when so settled, to issue county orders therefor as provided by law;

(c) To build and keep in repair county buildings and cause the same to be insured in the name of the county treasurer for the benefit of the county and, in case there are no county buildings, to provide suitable rooms for county purposes;

(d) (I) To apportion and order the levying of taxes as provided by law; except that, for purposes of the application of any occupational privilege tax, oil and gas wells and their associated production facilities shall not be considered a business or occupation subject to such tax; and

(II) To contract loans in the name and for the benefit of the county for the purpose of erecting necessary public buildings and making or repairing public roads or bridges, when such loans have been authorized by a vote of the legal voters of the county;

(e) To represent the county and have the care of the county property and the management of the business and concerns of the county in all cases where no other provisions are made by law;

(f) To set off, organize, and change the boundaries of precincts in their respective counties and to designate and number such precincts in accordance with sections 1-5-101 and 1-5-101.5, C.R.S.;

(g) To establish one or more voting places in each election precinct, as the convenience of the inhabitants may require;

(h) To lay out, alter, or discontinue any road running into or through such county and also to perform such other duties respecting roads as may be required by law;

(i) To grant such licenses and perform such other duties as are or may be prescribed by law;

(j) To acquire land for, lay out, construct, maintain, and repair airports and landing strips for aircraft, to enter into leases, and to fix and collect charges or fees for the use of such airports and landing strips;

(k) To provide in the county budget for dumping grounds within the county to be used for such purposes as may be prescribed by the board;

(l) To enter into agreements with any municipality for the joint use and occupation of public buildings. The consideration to be paid for such use and occupation shall be paid each year out of current revenues which shall be appropriated annually, and any agreement to make such annual payment shall not be considered or held to be creation of an indebtedness of the county within any constitutional or statutory limitation.

(m) To negotiate with the board or boards of county commissioners of another county or counties, and with the board of governors of the Colorado state university system of Colorado

state university, for agricultural extension service to be furnished such counties, and to be financed on a pro rata share by the counties receiving such service;

(n) To create, by resolution duly adopted, the office of county manager, or administrative assistant to the board of county commissioners, or county budget officer, or any other such office as may, in its judgment, be required for the efficient management of the business and concerns of the county. When so created, the board has power to make appointments to such offices, to prescribe the duties to be performed by such appointees, to fix the compensation to be paid to such appointees, and to pay the same from the county general fund. Any persons appointed to such offices shall serve at the pleasure of the board of county commissioners.

(o) To cooperate with other counties and with the state forester in the organization and training of rural fire fighting groups, payment for the operation and maintenance of fire fighting equipment and in sharing the cost of suppressing fires;

(o.5) Repealed.

(p) To purchase all necessary uniforms of the county sheriff, undersheriff, and deputies of the county; but no such uniforms shall be supplied to those persons deputized to perform particular acts, and all such uniforms shall be and remain the property of the county;

(q) To organize, own, operate, control, direct, manage, contract for, or furnish ambulance service;

(r) To provide in the county budget for services for the aged, including but not limited to social and recreational services, medical services, transportation, and homemaker services;

(s) To appropriate moneys from sources other than ad valorem taxes to multijurisdictional housing authorities or housing authorities established under part 5 of article 4 of title 29, C.R.S., from the county general fund;

(t) To set, by resolution duly adopted or by the method provided in the charter of a home rule county, mileage for all county officers, employees, and agents in an amount not less than twenty cents per mile nor more than a rate per mile equal to the standard mileage rate allowed pursuant to 26 U.S.C. sec. 162, as amended, and regulations promulgated thereunder, for each mile actually and necessarily traveled while on official county business;

(u) To expend moneys or make assessments pursuant to paragraph (z) of this subsection (1) for the maintenance of drainage structures and facilities and to accept dedicated or deeded drainage easements or drainageway tracts as county property once drainage structures and facilities on such easements or tracts have been completed and found to meet county specifications and standards;

(v) To provide a job diversion program directing persons making application for or receiving assistance under the Colorado works program, as described in part 7 of article 2 of title 26, C.R.S., into bona fide public or private sector employment;

(w) To expend moneys or make assessments pursuant to paragraph (z) of this subsection (1) for the construction, reconstruction, improvement, or extension of drainage facilities within the unincorporated or incorporated areas of the county and to acquire, by gift, purchase, lease, or the exercise of the right of eminent domain, all lands, easements, or rights in land which are necessary in connection with such construction, reconstruction, improvement, or extension. Drainage facilities shall not be provided in any area which is within an existing drainage district organized or created pursuant to law without the approval of such district.

(x) Repealed.

(y) To expend moneys or make assessments pursuant to paragraph (z) of this subsection (1) for the construction, maintenance, repair, or installation of curbs, gutters, sidewalks, and related structures along residential and commercial streets or alleys and in residential or commercial subdivisions within the unincorporated areas of the county; except that, prior to making an assessment for any purpose authorized by this paragraph (y), the county shall consider cost-sharing alternatives so that a portion of the cost of any project authorized in this paragraph (y) is incurred and paid by the county;

(z) To prescribe, by ordinance adopted, administered, and enforced in accordance with part 4 of article 15 of this title, the mode in which the charges on the respective owners of lots or lands, and on the lots or lands, shall be assessed and determined for the purposes authorized in paragraphs (u), (w), and (y) of this subsection (1);

(aa) To establish policies and procedures regarding entering into contracts binding on the county, and to delegate its power to enter into such contracts pursuant to such policies and procedures, where amounts specified in such policies and procedures and where such contracts otherwise comply with limits and requirements set forth in such policies and procedures;

(bb) To provide for the preservation of the cultural, historic, and architectural history within the county by ordinance or resolution; to delegate the power to designate historic landmarks and historic districts to an historic preservation advisory board; to accept dedicated or deeded easements or other historic property and to expend moneys for the maintenance of such deeded historic land, facilities, and structures; and to receive contributions, gifts, or other support from public and private entities to defray the maintenance costs of such historic land, facilities, and structures;

(cc) By resolution, memorial, plaque, or limited gift, to honor, commemorate, memorialize, or acknowledge outstanding service or other events, including death or retirement of individuals, or actions, accomplishments, or achievements deserving of recognition;

(dd) To enter into installment purchase contracts or shared-savings contracts or otherwise incur indebtedness under section 29-12.5-103, C.R.S., to finance energy conservation and energy saving measures and enter into contracts for an analysis and recommendations pertaining to such measures under section 29-12.5-102, C.R.S.;

(ee) Repealed.

(ff) To set, by written resolution duly adopted by a majority vote of the board and entered in its minutes prior to the county treasurer being sworn into office, the amount of a surety bond to be executed by the treasurer and to authorize the purchase of such a bond by the board;

(gg) To authorize the use of electronic records or signatures and adopt rules, standards, policies, and procedures for use of electronic records or signatures pursuant to article 71.3 of title 24, C.R.S.;

(hh) To establish an affordable housing dwelling unit advisory board for the county in accordance with the requirements of article 26 of title 29, C.R.S.;

(ii) To provide in the county budget for programs that support education and outreach on environmental sustainability and for financing capital improvements for energy efficiency retrofits and the installation of renewable energy fixtures, as defined in section 30-11-107.3, for private residences and commercial property within the county but that do not exempt the county from the requirements of any other statute;

(jj) To encourage homeowners to participate in utility demand-side management programs where applicable;

(kk) ***[Editor's note: This version of subsection (1)(kk) is effective until January 1, 2026.]***

(I) To adopt a resolution to authorize, in consultation with the local board of health, local public health agencies, and any water and wastewater service providers serving the county, the use of graywater, as defined in section 25-8-103 (8.3), C.R.S., in compliance with any regulation adopted pursuant to section 25-8-205 (1)(g), C.R.S., and to enforce compliance with the board's resolution.

(II) Before adopting a resolution to authorize the use of graywater pursuant to subparagraph (I) of this paragraph (kk), a board of county commissioners is encouraged to enter into a memorandum of understanding with the local board of health, local public health agencies, and any water and wastewater service providers serving the county concerning graywater usage and the proper installation and operation of graywater treatment works, as defined in section 25-8-103 (8.4), C.R.S.

(kk) ***[Editor's note: This version of subsection (1)(kk) is effective January 1, 2026.]***

(I) To adopt a resolution, in consultation with the local board of health, local public health agencies, and any water and wastewater service providers serving the county, regarding the use of graywater, as defined in section 25-8-103 (8.3), in compliance with any regulation adopted pursuant to section 25-8-205 (1)(g), and to enforce compliance with the board's resolution. A board of county commissioners:

(A) May adopt a resolution prohibiting the installation of graywater treatment works, as defined in section 25-8-103 (8.4), and the use of all graywater or prohibiting one or more categories of graywater use that the water quality control commission establishes in rules adopted pursuant to section 25-8-205 (1)(g); and

(B) Pursuant to section 25-8-205.4 (2)(b), shall notify the division of administration within the department of public health and environment of any resolution adopted pursuant to subsection (1)(kk)(I)(A) of this section. A board of county commissioners that sends notice pursuant to this subsection (1)(kk)(I)(B) may subsequently authorize the installation of graywater treatment works and the use of graywater or authorize categories of graywater use previously prohibited at any time by adopting a resolution. A board of county commissioners that subsequently authorizes the use of graywater shall promptly notify the division of administration within the department of public health and environment of the subsequent authorization.

(II) A board of county commissioners that has not prohibited all graywater use pursuant to subsection (1)(kk)(I) of this section is encouraged to enter into a memorandum of understanding with the local board of health, local public health agencies, and any water and wastewater service providers serving the county concerning graywater usage and the proper installation and operation of graywater treatment works, as defined in section 25-8-103 (8.4).

(II) To enter into loan agreements with any governmental entity that is created by or located within the county in accordance with section 30-25-106.5; and

(mm) To establish and administer an incentive program to directly incentivize improvement in an area of specific local concern related to the use of real property in the county in accordance with section 30-11-132.

(2) (a) Subject to the provisions of part 1 of article 1 of title 29, C.R.S., the board of county commissioners of each county has exclusive power to adopt the annual budget for the operation of the county government, including all offices, departments, boards, commissions, other spending agencies of the county government, and other agencies which are funded in whole or in part by county appropriations. All such entities shall make appropriate budget recommendations each year to the board of county commissioners for the operation of their respective offices; but the final budget determination of each board of county commissioners shall be binding upon each of the respective offices, departments, boards, commissions, other spending agencies of the county government, and other agencies which are funded in whole or in part by county appropriations.

(b) Every decision made by the board of county commissioners in exercising its budget-making power shall be presumed to be a valid exercise of the power granted by paragraph (a) of this subsection (2).

(3) The board of county commissioners of any county eligible to receive impact assistance grants pursuant to part 3 of article 25 of this title may certify a dollar amount to the parks and wildlife commission pursuant to part 3 of article 25 of this title.

30-11-107.3. Incentives for installation of renewable energy fixtures - definitions. (1) Notwithstanding any law to the contrary, any county may offer an incentive, in the form of a county property tax or sales tax credit or rebate, to a residential or commercial property owner who installs a renewable energy fixture on his or her residential or commercial property.

(2) For purposes of this section, unless the context otherwise requires:

(a) "County" means any county or city and county.

(b) "Renewable energy fixture" means any fixture, product, system, device, or interacting group of devices installed behind the meter of any residential or commercial building that produces energy from renewable resources, including, but not limited to, photovoltaic systems, solar thermal systems, small wind systems, biomass systems, or geothermal systems.

30-11-107.5. Lodging tax. (1) In accordance with the procedures set forth in this section, the board of county commissioners of each county, for one or more of the purposes specified in subsection (1.5) of this section, may levy a county lodging tax of not more than six percent on the purchase price paid or charged to persons for rooms or accommodations as included in the definition of "sale" in section 39-26-102 (11); except that the tax does not apply within any municipality levying a lodging tax.

(1.5) (a) Subject to the limitation set forth in subsection (1.5)(b) of this section, a county board of commissioners may levy the tax specified in subsection (1) of this section for the purpose of:

- (I) Advertising and marketing local tourism;
- (II) Housing and childcare for the tourism-related workforce, including seasonal workers, and for other workers in the community;
- (III) Facilitating and enhancing visitor experiences;
- (IV) Public infrastructure maintenance or improvements; or
- (V) Enhancing public safety measures by funding local law enforcement, fire protection services, and emergency medical services.

(b) If, after January 1, 2022, there is a new lodging tax created or the allowable uses of an existing lodging tax are expanded in accordance with subsection (3)(a.5) or (3)(a.7) of this section, at least ten percent of the lodging tax revenue must be used for the purpose of advertising and marketing local tourism.

(2) (a) The county lodging tax shall be collected, administered, and enforced as specified in part 2 of article 2 of title 29.

(b) The department of revenue shall perform, on an annual basis, an analysis to determine the net incremental cost of such collection, administration, and enforcement. The department of revenue shall retain only the amount determined to be necessary by the cost analysis, and in no event shall that amount exceed three and one-third percent of the amount collected. Such amount retained shall be transmitted to the state treasurer, who shall credit the same to the general fund, and such amount shall be subject to appropriation by the general assembly for the net incremental cost of such collection, administration, and enforcement.

(c) Any person or entity providing rooms or accommodations as included in the definition of "sale" referred to in subsection (1) of this section is liable and responsible for the payment of an amount equivalent of up to six percent of all such sales made and shall quarterly, unless otherwise provided by law, make a return to the executive director of the department of revenue for the preceding tax-reporting period and remit an amount equivalent up to the said six percent on such sales to said executive director.

(3) (a) The board of county commissioners may, by resolution, approve a proposal for a county lodging tax or to increase the rate of an existing lodging tax; thereupon, such proposal for the county lodging tax or increased rate shall be referred to the registered electors of the unincorporated areas and the municipalities subject to the lodging tax at a general or a coordinated election.

(a.5) If, prior to January 1, 2022, the voters of a county approved a county lodging tax for the purpose of advertising and marketing local tourism, the board of county commissioners may, by resolution, approve a proposal to allow the county lodging tax revenues to also be used for any of the additional purposes specified in subsection (1.5)(a)(II) or (1.5)(a)(III) of this section. The county shall refer the proposal to the registered electors of the unincorporated areas and the municipalities subject to the lodging tax at the next general or coordinated election.

(a.7) If, prior to January 1, 2025, the voters of a county approved a county lodging tax for the purposes specified in subsection (1.5)(a)(I), (1.5)(a)(II), or (1.5)(a)(III) of this section, the board of county commissioners may, by resolution, approve a proposal to allow the county lodging tax revenues to also be used for any of the additional purposes specified in subsection (1.5)(a)(IV) or (1.5)(a)(V) of this section. The county shall refer the proposal to the registered electors of the unincorporated areas and the municipalities subject to the lodging tax at the next general or coordinated election.

(b) (I) A proposal for a county lodging tax under subsection (3)(a) of this section must contain a description of the proposed tax, must state the amount to be imposed, and must describe any municipality within the county that has such a tax and is therefore excluded from the election proposed in subsection (3)(a) of this section and any resulting lodging tax.

(II) If any additional lodging tax or statewide tax on lodging facilities is enacted or levied after January 1, 1987, which in combination with the lodging tax authorized by this section exceeds six percent, the tax under this section shall be reduced by that amount that the total tax exceeds the six percent maximum specified in subsection (1) of this section.

(c) Repealed.

(d) No public moneys from any source shall be expended directly or indirectly to urge electors to vote in favor or against the imposition of the lodging tax. Nothing in this paragraph (d) shall be construed as prohibiting an elected official from expressing his personal opinion concerning the imposition of the lodging tax.

(e) Upon the adoption of the resolution by the board of county commissioners approving a county lodging tax proposal in accordance with subsection (3)(a) or (3)(a.5) of this section, the county clerk and recorder shall publish the text of the proposal four separate times, a week apart, in a newspaper of general circulation within the county. The cost of the election must be initially paid out of the general fund of the county. If the county lodging tax is approved, the general fund of the county must be reimbursed out of the county lodging tax fund described in subsection (4)(a) of this section. The conduct of the election shall conform, so far as practicable, to the general election laws of the state.

(f) (I) If a proposal for a county lodging tax or an increase in the rate of an existing lodging tax under subsection (3)(a) of this section is approved by a majority of the registered electors from the municipality or unincorporated area subject to the lodging tax voting thereon, the county lodging tax or increased rate becomes effective as provided in part 2 of article 2 of title 29. If a proposal to expand the allowable uses under subsection (3)(a.5) or (3)(a.7) of this section is approved by a majority of the registered electors from the municipality or unincorporated area voting thereon, the county may also use the lodging tax revenue for any of the additional approved uses as specified in subsection (1.5) of this section

(II) If a majority of the registered electors voting thereon fail to approve the county lodging tax, the question shall not be submitted again to such electors for a period of one year following the date of said election.

(g) If a county seeks to use lodging tax revenue for a purpose specified in subsection (1.5)(a) of this section, then the ballot issue authorizing the use must specify how the county will spend the lodging tax revenue under either subsection; except that this requirement does not apply if a county seeks to use lodging tax revenue for the purpose of advertising and marketing local tourism set forth in subsection (1.5)(a)(I) of this section.

(h) (I) If, prior to January 1, 2025, voters of a county approved specific allocations of lodging tax revenue for designated purposes and the county subsequently seeks voter approval to increase the rate of the existing tax, the previously approved allocations are preserved as follows:

(A) The dollar amount or percentage of the lodging tax revenue dedicated to voter-approved purposes under the tax rate in effect at the time of the voter approval remains in effect as a baseline regardless of any subsequently approved tax rate increase or approval of additional allowable uses. Any additional allocation of revenue pursuant to subsection (3)(h)(II) of this section does not reduce or otherwise affect the baseline allocation preserved in this subsection (3)(h)(I).

(B) The preserved allocation set forth in subsection (3)(h)(I)(A) of this section is calculated based on the tax rate in effect at the time of voter approval, regardless of any subsequent increase in the overall tax rate.

(II) A county that receives voter approval for an increase in the tax rate after January 1, 2025, in accordance with subsection (3)(a) of this section and that before January 1, 2025, received voter approval to specifically allocate lodging tax revenue under a lower rate may allocate the revenue attributable to the difference between the previously approved lower rate

and the newly approved increased rate for any purposes allowed in subsection (1.5)(a) of this section including the designated purposes that previously received voter approval for specific allocations of lodging tax revenue under the tax rate at the time of that voter approval. The county must be able to clearly delineate the amount of lodging tax revenue that is specifically allocated in accordance with prior voter approval based on the tax rate at the time of that voter approval, any additional allocations the county makes to the purposes that received voter approval for the specific allocations, and allocations of lodging tax revenue for additional purposes specified in subsection (1.5)(a)(IV) or (1.5)(a)(V) of this section that the county receives voter approval for in accordance with subsection (3)(a.7) of this section.

(III) Nothing in this section prevents a county from seeking voter approval to modify previously approved specific allocations of lodging tax revenue for the allowed purposes set forth in subsection (1.5)(a) of this section.

(4) (a) All revenue collected from such county lodging tax, except the amounts retained under subsection (2) of this section, shall be credited to a special fund designated as the county lodging tax fund, hereby created. The fund shall be used only for the purposes approved by voters and to reimburse the general fund of the county for the cost of the election in accordance with subsection (3)(d) of this section. No revenue collected from such county lodging tax shall be used for any capital expenditures, with the exception of capital expenditures for the purposes set forth in subsection (1.5)(a) of this section.

(b) Upon approval of a lodging tax for the purpose of advertising and marketing local tourism by the electors pursuant to this section, the county commissioners shall select a panel of no less than three citizens to administer the lodging tax fund; except that, if the money in the fund may also be used for any other purpose, then the panel shall only administer the portion of the fund that the board of county commissioners identifies as being available for advertising and marketing local tourism. The county commissioners shall appoint members from the tourism industry within the municipalities or unincorporated areas from which the lodging tax is collected. Where there is an established and proven marketing entity within the county formed for the purpose of advertising and marketing tourism, the panel is encouraged to use that entity, and that entity shall provide an accounting to the panel and to the county commissioners.

(c) The panel, to the extent feasible, shall advertise and market tourism for the benefit of those unincorporated areas and municipalities from which the lodging tax originated.

(5) Nothing provided in this section shall in any way prohibit municipalities and counties from cooperating to create countywide uniform lodging taxes with voluntary abandonment of municipal lodging tax ordinances.

(6) Repealed.

30-11-107.7. County rental tax on the rental of personal property - procedures - apportionment. (1) As used in this section, unless the context otherwise requires:

(a) "Personal property" means personal property which:

(I) Is not subject to ad valorem tax pursuant to section 39-3-119, C.R.S., or specific ownership tax pursuant to section 42-3-107, C.R.S.; and

(II) The owner thereof is regularly engaged in the sale, rental, or both sale and rental of such personal property and rents such personal property to another individual or corporation, in which the owner does not have any interest whatsoever, for one or more periods of thirty days or less in any calendar year.

(b) "Personal property" does not include any residential real property as defined for property tax purposes in section 39-1-102 (14.5), C.R.S.

(2) (a) In accordance with the procedures set forth in this section, the board of county commissioners of each county may levy a rental tax on personal property which is rented in such county. The rate of any rental tax levied pursuant to this section shall be not more than one percent of the amount of the rental payment paid or charged to persons who rent such personal property.

(b) The board of county commissioners may, by resolution, approve a rental tax on personal property which is rented in the county. Such resolution shall contain a description of the rental tax on personal property which is rented, state the rate of rental tax to be levied, and specify the effective date of the resolution.

(c) (I) Any rental tax levied pursuant to the provisions of this section shall be collected, administered, and enforced as specified in part 2 of article 2 of title 29.

(II) The department of revenue shall perform, on an annual basis, an analysis to determine the net incremental cost of such collection, administration, and enforcement. The department of revenue shall retain only the amount determined to be necessary by the cost analysis, and in no event shall that amount exceed three and one-third percent of the amount collected. Such amount retained shall be transmitted to the state treasurer, who shall credit the same to the general fund, and such amount shall be subject to appropriations by the general assembly for the net incremental cost of such collection, administration, and enforcement.

(3) (a) During the month of January of each year, the county treasurer of any county which levies a rental tax pursuant to this section shall calculate, for such county and each political subdivision located within the boundaries of such county, the percentage which the dollar amount of ad valorem taxes levied by each such political entity is of the aggregate dollar amount of ad valorem taxes levied in such county during the preceding calendar year. The percentages so calculated shall be used for the apportionment between the county itself and each political subdivision located within such county of the aggregate amount of rental tax revenue to be distributed by the department of revenue to the county treasurer during the current calendar year.

(b) All rental taxes collected by the county treasurer shall be apportioned, credited, and distributed to the county and to each political subdivision located within such county on the tenth day of each month for all rental taxes collected during the immediately preceding month.

30-11-107.9. County tax for public safety improvements - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Public safety improvements" means capital expenditures or operational costs associated with a public safety organization.

(b) "Public safety organization" means a law enforcement agency or office, district attorney's office, judicial district, coroner's office, a fire protection district, fire department, or any other public entity dedicated to providing services related to public safety, public health, or emergency management at the county or local level in the state.

(2) In accordance with the procedures set forth in this section, the board of county commissioners of each county may levy a sales tax for public safety improvements of not more than two percent on the sale of tangible personal property of retail and services taxable in such county pursuant to the provisions of section 39-26-104. All net revenues collected by a county after the payment of the costs of collection, administration, and enforcement to the department of revenue in accordance with subsection (4) of this section shall be used exclusively for public safety improvements.

(3) The board of county commissioners of a county may by resolution approve a proposal for a county public safety improvements tax; thereupon the public safety improvements tax proposal must be submitted to the registered electors of the county at the next general election, the next biennial county election, or the next election held on the first Tuesday of November in an odd-numbered year as determined by the board of county commissioners. The proposal shall contain a description of the tax including its purposes and shall state the amount to be imposed. The proposal may include a provision to also seek voter approval to retain and expend all or a portion of the revenues of the tax from district fiscal year spending for purposes of section 20 of article X of the state constitution. The conduct of the election shall conform so far as practicable to the general election laws of the state and with the provisions of said section 20.

(4) (a) The county public safety improvements tax shall be collected, administered, and enforced as specified in part 2 of article 2 of title 29.

(b) The department of revenue shall perform, on an annual basis, an analysis to determine the net incremental cost of such collection, administration, and enforcement. The department shall retain only the amount determined to be necessary by the cost analysis, and in no event shall that amount exceed three and one-third percent of the amount collected. Such amount retained shall be transmitted to the state treasurer, who shall credit the same to the general fund, and such amount shall be subject to appropriation by the general assembly for the net incremental cost of such collection, administration, and enforcement.

(5) No public moneys from any source shall be expended directly or indirectly to urge electors to vote in favor or against the imposition of a county public safety improvements tax.

Nothing in this subsection (5) shall be construed as prohibiting an elected official from expressing his or her personal opinion concerning the imposition of the tax.

30-11-123. New business facilities - expansion of existing business facilities - incentives - limitations - authority to exceed revenue-raising limitations - legislative declaration - definitions. (1) (a) The general assembly hereby finds and declares that the health, safety, and welfare of the people of this state are dependent upon the attraction of new private enterprise as well as the retention and expansion of existing private enterprise; that incentives are often necessary in order to attract private enterprise; and that providing such incentives stimulates economic development in the state and results in the creation and maintenance of new jobs.

(b) Notwithstanding any law to the contrary, any county may negotiate for an incentive payment or credit with any taxpayer who establishes a business facility, as defined in section 39-30-105.1 (6)(b), in the county. In no instance may any negotiation result in an annual incentive payment or credit that is greater than the amount of the taxes levied by the county upon the taxable personal property located at or within the business facility and used in connection with the operation of the business facility for the current property tax year. The term of any agreement made prior to August 6, 2014, pursuant to the provisions of this subsection (1) may not exceed ten years, including the term of any original agreement being renewed. The term of any agreement made on or after August 6, 2014, pursuant to this subsection (1) may not exceed thirty-five years, which does not include the term of any prior agreement.

(1.5) (a) Notwithstanding any law to the contrary, a county may negotiate an incentive payment or credit for a taxpayer that has an existing business facility located in the county if, based on verifiable documentation, the county is satisfied that there is a substantial risk that the taxpayer will relocate the facility out of state.

(b) The documentation required pursuant to paragraph (a) of this subsection (1.5) must include information that the taxpayer could reasonably and efficiently relocate the facility out of state and that at least one other state is being considered for the relocation. In order to be eligible for a payment or credit under this subsection (1.5), a taxpayer must identify the specific reasons why the taxpayer is considering leaving the state.

(c) A county shall not give an annual incentive payment or credit under this subsection (1.5) that is greater than the amount of the taxes levied by the county upon the taxable personal property located at or within the existing business facility and used in connection with the operation of the existing business facility for the current property tax year. The term of an agreement made prior to August 6, 2014, pursuant to this subsection (1.5) shall not exceed ten years, and this limit includes any renewals of the original agreement. The term of an agreement made on or after August 6, 2014, pursuant to this subsection (1.5) shall not exceed thirty-five years, and this limit does not include the term of any prior agreement. A county shall not give an annual incentive payment or credit under this subsection (1.5), unless the board of county commissioners approves the payment or credit at a public hearing.

(2) Notwithstanding any law to the contrary, any county may negotiate for an incentive payment or credit with any taxpayer who expands a facility, as defined in section 39-30-105.1 (6)(e), the expansion of which authorizes a taxpayer to claim a credit described in section 39-30-105.1, and that is located in the county. In no instance may any negotiation result in an annual incentive payment or credit that is greater than the amount of the taxes levied by the county upon the taxable personal property directly attributable to the expansion, located at or within the expanded facility, and used in connection with the operation of the expanded facility for the current property tax year. The term of any agreement made prior to August 6, 2014, pursuant to the provisions of this subsection (2) may not exceed ten years, including the term of any original agreement being renewed. The term of any agreement made on or after August 6, 2014, pursuant to this subsection (2) may not exceed thirty-five years, which does not include the term of any prior agreement.

(3) For purposes of this section, "county" means any county or city and county.

(4) (Deleted by amendment, L. 94, p. 2833, § 3, effective January 1, 1995.)

(5) Any county that negotiates any agreement pursuant to the provisions of this section shall inform any municipality in which a new business facility would be located, or an existing or expanded business facility is located, whichever is applicable, of such negotiations.

(6) Any county may adjust the amount of its tax levy authorized pursuant to the provisions of section 29-1-301, C.R.S., or pursuant to a county home rule charter, whichever is applicable, by an additional amount which does not exceed the total amount of annual incentive payments or credits made by such county in accordance with agreements negotiated pursuant to the provisions of this section or section 39-30-107.5, C.R.S.

30-11-124. Fire planning authority. (1) The board of county commissioners of each county in the state, subject to the requirements of section 25-7-123, C.R.S., may prepare, adopt, and implement a county fire management plan that details individual county policies on fire management for prescribed burns, fuels management, or natural ignition burns on lands owned by the state or county. Such plans shall be developed in coordination with the county sheriff, the division of fire prevention and control in the department of public safety, and the appropriate state and local governmental entities. All interested parties shall have the opportunity to comment on the plan prior to its adoption and implementation.

(2) County fire management plans created pursuant to subsection (1) of this section shall:

(a) Clearly define appropriate responses in order to mitigate immediate threats to public safety; and

(b) Set forth the conditions under which prescribed or natural ignition fires shall be managed.

(3) Any county that adopts and adheres to a county fire management plan shall be accorded liability protection pursuant to article 10 of title 24, C.R.S.

(4) Federal government agencies, subject to the provisions of sections 25-7-106 (7) and (8) and 25-7-114.7 (2)(a)(III), C.R.S., and private landowners may enter into memoranda of understanding with the board of county commissioners to include public or private lands that are within the boundaries of the county under the county fire management plan. Counties may purchase an indemnification insurance policy and private landowners who enter into memoranda of understanding with the board shall have the opportunity to opt into such policy.

(5) Nothing in this section shall infringe upon or otherwise affect the ability of agricultural producers to conduct burning on their property.

30-11-125. Licensing program for building contractors - contents of program - requirements - exceptions - definitions. (1) As used in this section, unless the context otherwise requires:

(a) (I) "Building contractor" means a building contractor who for compensation directs, supervises, or undertakes any work for which a county building permit is required. A county

licensing program established in accordance with the provisions of this section shall exclude from the definition of "building contractor" any person whose sole function in the work for which a county building permit is required is to perform labor under the supervision or direction of a building contractor.

(II) "Building contractor" shall not include an electrician required to be licensed by the state pursuant to article 115 of title 12 or a plumber required to be licensed by the state pursuant to article 155 of title 12.

(b) "County" means any county or city and county in the state.

(c) "Municipality" means any home rule or statutory city or town in the state.

(d) "Person" means any individual, corporation, limited liability company, partnership, association, or other legal entity.

(2) Subject to the requirements of this section, any county that has adopted a building code may establish a licensing program to require a person who engages in the business of being a building contractor within the unincorporated areas of the county to obtain a license from the county prior to engaging in the business. The county may develop the licensing program in accordance with the requirements of this section, and any such program may include one or more of the following:

(a) Procedures that a building contractor would follow in order to obtain or renew a license, including the submission of any documentation or information as may be required by the county;

(b) A requirement that the building contractor achieve a passing grade on a nationally recognized examination promulgated by the international code council that is commonly used and accepted in the industry;

(c) Specification of the duration of the license issued by the county;

(d) Subject to the requirements of subsection (3) of this section, the imposition of a reasonable fee to be charged by the county to a building contractor to cover the costs of any testing required to be performed by the county, the processing of the application, or any other costs incurred by the county in connection with the issuance or renewal of a license; or

(e) Grounds for the revocation or suspension of a license issued by the county, grounds for the revocation or suspension of a building permit issued for a project for which the building contractor is found not to be in compliance with the county's licensing requirements, or grounds for the imposition of any lesser sanction, which shall be based on objective standards and criteria developed from the county building code, and procedures to be followed by the county in carrying out the revocation, suspension, or other sanction based upon such grounds, including a process for appealing any sanction so imposed.

(3) Any county that establishes a licensing program pursuant to this section shall issue a license to a building contractor holding a valid license issued by another county or municipality in the state without requiring the building contractor to take or achieve a passing grade on any examination conducted by the county if the license issued by such other county or municipality required the building contractor to achieve a passing grade on a nationally recognized examination promulgated by the international code council commonly used and accepted in the industry. In the case of a building contractor holding a valid license issued by another county or municipality in the state, the fee charged by a secondary county for issuance or renewal of a license in accordance with the requirements of this section shall be reasonable and limited to

costs incurred by the secondary county in processing the application and otherwise administering the issuance or renewal of a license required by this section.

(4) If a building contractor applying for a license complies with the requirements for obtaining a license established by the county, the county shall issue a provisional license to the building contractor no later than seven business days after the building contractor has submitted a complete application. Notwithstanding the provisions of subsection (5) of this section, any failure on the part of the county to issue a nonprovisional license within forty-five days after submission of a complete application to a building contractor who has otherwise satisfied all other requirements for obtaining a license shall not preclude the building contractor from engaging in the business of being a building contractor and applying for a building permit for unincorporated areas of the county.

(5) Except as otherwise provided in subsection (4) of this section, no person shall engage in the business of being a building contractor within the unincorporated areas of any county that has adopted a licensing program created pursuant to this section unless the person holds a valid license issued or recognized by the county in accordance with the requirements of this section.

(6) Notwithstanding any other provision of this section:

(a) The provisions of this section shall apply to any licensing program operated or administered by a county that is in existence as of August 3, 2007. Any licensing program operated or administered by a county as of August 3, 2007, that satisfies or is amended to satisfy the requirements of this section is hereby ratified as compliant with the requirements of this section and need not be reestablished by the county.

(b) Nothing in this section shall be construed to require any individual to hold a license to perform repair or maintenance work on his or her own property, nor shall it prevent a person from employing an individual on either a full-time or a part-time basis to perform repair or maintenance work on his or her own property who is not licensed under the provisions of this section.

30-11-126. Workforce development - incentives - limitations - authority to exceed revenue-raising limitations - legislative declaration - definitions. (1) (a) The general assembly hereby finds and declares that:

(I) The health, safety, and welfare of the people of Colorado as well as the economic development and growth of local communities in the state depend on the development of a workforce that meets the needs of employers in the state;

(II) Financial incentives are often necessary to attract resources for workforce development, and such incentives can be particularly effective when offered at the local level; and

(III) Providing such incentives stimulates economic development in the state and results in the creation and maintenance of new jobs.

(b) The general assembly further finds and declares that it is in the best interests of the citizens of the state and the economic development of local governments within the state to create an incentive at the county level for taxpayers to contribute to a program that allows

counties to provide financial assistance to county residents to pursue post-secondary education or training.

(2) For purposes of this section, "county" means any county or city and county.

(3) Any county may establish a workforce development program, to be known as "bright future Colorado", to provide financial assistance to county residents who pursue post-secondary education or training from an accredited institution of higher education or certified training program. A county workforce development program may include, but need not be limited to, county residents who are high school graduates, county residents who have successfully completed a high school equivalency examination, as defined in section 22-33-102 (8.5), C.R.S., or county residents who are veterans. Any county that establishes a workforce development program may also establish a workforce development fund to accept contributions for the purpose of the program.

(4) (a) Notwithstanding any law to the contrary, a county that has established a workforce development program may offer an incentive, in the form of a county property tax credit or rebate, to a residential or commercial property owner in the county who contributes to a county workforce development fund.

(b) A county shall not make any appropriation in furtherance of a workforce development program or give any credit or rebate pursuant to this section unless the board of county commissioners approves the total program amount annually at a public budget hearing.

30-11-127. Pioneer trail - designation - signs. (1) The board of county commissioners may designate, by resolution, any public roads in the county as a section of a pioneer trail. A pioneer trail consists of public roads that follow as closely as possible the original trails or routes of travel of national historic significance. To make such designation, the board must identify all of the roads that make up the pioneer trail. The board shall not designate a pioneer trail across public lands on a road administered by the federal government unless the road is designated as open to travel by the appropriate federal land management agency. Except as set forth in subsection (2) of this section, the designation of the pioneer trail is effective upon the date of the resolution.

(2) If a county designates any portion of a state highway as a pioneer trail, the designation is not effective unless the general assembly, acting by joint resolution, also designates the portion of the state highway as part of the pioneer trail.

(3) If any of the designated roads are part of the state highway system, the board of county commissioners shall send a copy of the resolution to the department of transportation. If any of the designated roads are on public lands administered by the federal government, the board shall send a copy of the resolution to the appropriate federal land management agency.

(4) A county may post, or allow to be posted, identifying and informative signs related to the pioneer trail along county roads.

(5) The authority to designate a pioneer trail is intended to highlight Colorado's cultural and historical heritage and to promote historical tourism and education. Nothing in this section affects existing rights-of-way or ownership of public roads.

30-11-128. Mobile home parks - definition. (1) The board of county commissioners of each county has the power to adopt, administer, and enforce ordinances and resolutions to provide for the safe and equitable operation of mobile home parks throughout the unincorporated areas of the county. These ordinances and resolutions may be enacted within the scope of the "Mobile Home Park Act", part 2 of article 12 of title 38, and further as the board deems necessary to protect home owners' equity in the safe use and enjoyment of the mobile homes and mobile home lots, including but not limited to the imposition of penalties or adoption of a local registration system.

(2) Except as provided in subsection (3) of this section, an ordinance or resolution enacted by a county's board of county commissioners is only enforceable within the unincorporated area of the county.

(3) One or more contiguous counties and any municipality or town within each county may enter into intergovernmental agreements to extend the applicability of any ordinance or resolution adopted under this section to and throughout any participating county, municipality, or town.

(4) For purposes of this section, "home owner", "landlord", "mobile home", "mobile home lot", and "mobile home park" have the same meaning as they are defined in section 38-12-201.5.

30-11-129. Third-party food delivery service fee restrictions - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Declared public health disaster emergency" means the declared public health disaster emergency to address the COVID-19 pandemic of 2020, as declared by the governor by executive order.

(b) "Retail food establishment" means a retail food establishment, as defined in section 25-4-1602 (14), that pays an annual license fee as required by section 25-4-1607. "Retail food establishment" does not include grocery stores or convenience stores.

(c) "Third-party food delivery service" means any person, company, website, mobile application, or other internet service that offers or arranges for the sale and the same-day delivery or same-day pickup of prepared food or beverages from a retail food establishment.

(2) During a declared public health disaster emergency, the board of county commissioners of each county may adopt, administer, and enforce ordinances and resolutions, applying to the county's unincorporated area only, that:

(a) Limit the amount of the fee that a third-party food delivery service may charge to a retail food establishment, excluding fees related to credit card processing, within the county

where indoor dining is prohibited and until indoor dining is again permitted in the county at a capacity of at least fifty percent or below at the discretion of the county;

(b) Restrict the ability of a third-party food delivery service to reduce the compensation rate paid to a delivery service driver or withhold gratuities or tips to a retail food establishment, its staff, or any delivery service driver to offset revenue reductions resulting from any ordinance or resolution enacted pursuant to subsection (2)(a) of this section;

(c) Require a third-party food delivery service to disclose to a consumer using the third-party food delivery service to make a purchase from a retail food establishment any commission, fee, or other monetary payment charged by the third-party food delivery service to the retail food establishment for a purchase from the retail food establishment; and

(d) Restrict a third-party food delivery service's ability to perform a service for a retail food establishment without the retail food establishment's consent.

(3) A board of county commissioners that adopts an ordinance or resolution pursuant to subsection (2) of this section is immune from liability for all claims for injury resulting from any economic damage that a party may incur due to the ordinance or resolution except to the extent that the ordinance or resolution is held by a court of competent jurisdiction to constitute a taking of private property in violation of the United States or state constitution.

30-11-130. Equipping wind-powered energy generation facilities with light mitigating technology - enforcement - definitions. (1) A board may adopt and enforce an ordinance or resolution authorizing the board to impose a civil penalty on the owner or operator of a new wind-powered energy generation facility in the amount of one thousand dollars per day if the board determines that the owner or operator of the facility was required to, but failed to, comply with section 38-30.7-106.

(2) One or more contiguous counties and any municipality within each county may enter into an intergovernmental agreement to extend the applicability of any ordinance or resolution adopted under this section to and throughout a participating county or municipality.

(3) As used in this section, unless the context otherwise requires:

(a) "Board" means the board of county commissioners in the county in which a wind-powered energy generation facility is located or will be located.

(b) "Wind-powered energy generation facility" or "facility" means a facility, with a nameplate capacity of fifty kilowatts or greater, used in the generation of electricity by means of turbines or other devices that capture and employ the kinetic energy of the wind.

30-11-131. Regulation of pesticide use - definitions. (1) A board of county commissioners that adopts an ordinance that concerns pesticides shall file the following with the commissioner of agriculture in accordance with section 35-10-112.5 (4):

- (a) A certified copy of the ordinance; and
 - (b) A map or legal description of the geographic area that the board of county commissioners intends to regulate under the ordinance.
- (2) As used in this section, unless the context otherwise requires:
- (a) "Commissioner of agriculture" means the commissioner of the department of agriculture appointed pursuant to section 35-1-107 (1) or the commissioner's designee.
 - (b) "Pesticide" has the meaning set forth in section 35-10-103 (10).

Source: L. 2023: Entire section added, (SB 23-192), ch. 350, p. 2102, § 11, effective August 7.

30-11-132. Property tax incentive programs for areas of specific local concern - definitions. (1) As used in this section, unless the context otherwise requires:

(a) (I) "Area of specific local concern" means a use of real property in a county that is determined by a board of county commissioners to be diminishing or unavailable based on verifiable data and which use the board of county commissioners finds and declares necessary for the preservation of the health, safety, or welfare of the residents of the county, including as to matters of equity, access to housing, and access to education.

(II) "Area of specific local concern" does not include a use of real property in a county that harms or may reasonably be expected to harm a disproportionately impacted community as defined in section 24-4-109 (2)(b)(II).

(III) "Area of specific local concern" does not include a use of real property in a county that prevents or may reasonably be expected to prevent meeting the minimum greenhouse gas emission reduction goals and deadlines established in section 25-7-102 (2)(g).

(b) "County" means any county or city and county in the state.

(c) "County property tax credit or rebate" means a partial or full credit or refund of county property taxes owed or paid by a program participant in accordance with a county property tax levy.

(d) "Incentive program" means a property tax credit or rebate program intended and designed to directly incentivize improvement in an area of specific local concern as specified in a resolution or an ordinance adopted by a board of county commissioners.

(e) "Municipality" has the same meaning as set forth in section 31-1-101 (6).

(f) "Program participant" means an owner of real property in the county that has applied and meets the criteria set forth by resolution or ordinance adopted by the board of county commissioners to participate in an incentive program and that in fact participates in the incentive program.

(2) Notwithstanding any law to the contrary, a county may offer an incentive, in the form of a county property tax credit or rebate, to a property owner that is a program participant in an incentive program established in accordance with this section.

(3) (a) An incentive program must be established by resolution or ordinance adopted by a board of county commissioners at a hearing that is open to the public and that includes an opportunity for public testimony. The county must notify the clerk of each municipality that is

wholly or partly located in the county and that may be impacted by the incentive program of the hearing at least thirty days in advance. The notice must describe the specific area of local concern, including the use of real property, addressed by the incentive program and the proposed county property tax credit or rebate. Each municipality must have an opportunity to submit written comments and provide testimony at the hearing.

(b) An ordinance or a resolution adopted by a board of county commissioners must include:

(I) The board of county commissioners' findings and determinations regarding the diminishment or unavailability of a use of real property in the county that gives rise to an area of specific local concern that is the basis for the incentive program; and

(II) Specific criteria for the qualification of program participants.

(4) The opportunity to be a program participant must be equally available to all owners of the same class of real property located in the county whose use of their property is an area of specific local concern.

(5) (a) The board of county commissioners shall, on an annual basis, evaluate each incentive program established pursuant to this section to determine its effectiveness in improving each area of specific local concern identified in the ordinance or resolution creating the incentive program.

(b) The board of county commissioners shall, on an annual basis, publicize the results of the evaluation of each incentive program established pursuant to this section at a hearing that is open to the public and that includes an opportunity for public testimony.

(c) The board of county commissioners may renew an incentive program for not more than one year if the board of county commissioners determines that the incentive program has been and is likely to continue to be effective in addressing each area of specific local concern identified in the ordinance or resolution creating the incentive program.

30-11-133. Construction and maintenance of equestrian facilities. (1) (a) A county may construct and maintain equestrian road crossings or horse-trailer parking necessary to access equestrian trails. Equestrian road crossings may be used by other pedestrians and need not contain infrastructure not normally used for pedestrian road crossings.

(b) A county may require a person that is developing land for residential or commercial use to construct equestrian road crossings, horse-trailer parking, or equestrian-safety road improvements in order to obtain the necessary permits.

(c) A county may install signs, in accordance with section 30-28-141, that notify the public of equestrian road crossings, horse-trailer parking, or equestrian-safety road improvements.

(2) A county may identify locations where equestrian road crossings are needed to safely use horse trails. When a location is identified, the county may construct and maintain the equestrian road crossing. The crossing must:

- (a) Have appropriate signs notifying road users of the equestrian crossing; and
- (b) Be clearly marked on the road.
- (3) A county shall obtain the permission of the department of transportation to construct an equestrian facility described in subsection (1) of this section on a state highway or a right-of-way for a state highway.

PART 2

CITY AND COUNTY OF DENVER

30-11-201. Merger not to affect pending actions. No action or proceeding to which any municipality merged into the city and county of Denver is a party or in which it is in any way interested shall abate by reason of such merger, but the same shall survive and be prosecuted to a conclusion under its title as borne by it at the time of such merger; and any judgment or decree entered therein shall be enforceable by or against the city and county of Denver to the full extent of the interest or liability of the said municipality so merged, the same as if said city and county of Denver were expressly made a party thereto. No right or cause of action by or against any such municipality so merged shall be lost or extinguished by reason of such merger, and the same shall be thereafter enforced and prosecuted by or against the city and county of Denver.

PART 3

OIL, GAS, AND MINERAL RIGHTS

30-11-301. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Landfill-generated methane gas" means those gases resulting from the biological decomposition of landfilled solid wastes, including methane, carbon dioxide, hydrogen, and traces of other gases, and shall be referred to in this part 3 as "landfill gas".

(1.5) "Oil and gas" means oil, gas, casinghead gas, condensate, and hydrocarbons or any one or more of them.

(2) "Real estate owned by a county" and "county lands" means any real estate acquired and owned by a county under the laws relating to taxation or otherwise.

Cross references: For definitions applicable to this article, see § 30-26-301 (2)(d).

30-11-302. Oil, gas, and mineral rights - reservation of - sale. (1) In any sale of county lands made by any county acting through its board of county commissioners, a valid reservation of oil and gas and other minerals in such lands may be made when in the opinion of the board of county commissioners it is deemed to be for the best interest of the county. Oil and gas and other mineral rights or any of them thus reserved by a county upon the sale of such real estate may be sold by order of the board of county commissioners at public sale to the highest and best bidder after four weeks' prior notice by publication two times in a newspaper of general circulation in the county in which the land is situated, said notice to describe the oil and gas or other mineral rights to be sold, the location of the land involved, and the date, time, and place of such sale; but a copy of said notice shall be mailed, postage prepaid, by the board of county commissioners to the owner of the surface at the time of such notice as shown by the records in the office of the county assessor of the county in which such lands are situated at the last-known address of such owner as shown by said books of the county assessor, and that a copy of said notice shall be mailed, postage prepaid, by the board of county commissioners to the person in possession of the surface.

(2) In the sale of reserved oil and gas rights under any tract of land, the number of acres contained in any one parcel or unit of sale of such rights shall not exceed the total number of acres of such surface land sold by the county to the purchaser thereof at the time of reservation therefrom of the oil and gas rights thus offered for sale. Nothing contained in this section shall

prevent a county from selling any number of such units or parcels at any public sale. The board of county commissioners has the right to reject any and all bids.

(3) Mineral rights, other than oil and gas, reserved as provided in this section may be leased for exploration, development, and production purposes upon such terms and conditions as may be prescribed and contracted by the board of county commissioners in the exercise of its best judgment and as such board deems to be for the best interests of the county. Any such lease of mineral rights, other than oil and gas, shall be for a term not to exceed twenty-five years and as long thereafter as such minerals are produced. Leases of any such mineral rights made or entered into by the board in conformity with the provisions of this section prior to February 25, 1955, are hereby confirmed, validated, and declared to be legal and valid insofar as the authority of any such board is concerned.

30-11-303. Oil and gas rights - leases - royalties. (1) Any county acting by its board of county commissioners may lease any real estate or any interest therein owned by the county for oil and gas exploration, development, and production purposes upon such terms and conditions as may be prescribed and contracted by the board of county commissioners in the exercise of its best judgment, and as such board deems to be for the best interests of the county.

(2) Any such lease of oil and gas rights shall be for a term not to exceed five years and as long thereafter as oil or gas is produced and shall provide for a royalty of not less than twelve and one-half percent of all oil and gas produced, saved, and marketed, or the equivalent market value thereof, which royalty may be reduced proportionately under appropriate provision in such lease if the interest of the county is less than a full interest in the land or oil and gas rights in the land described in such lease.

(3) When, in the opinion of the board of county commissioners and because of the size, shape, or current use of any tract of county real estate, the public interest so requires, any lease of such tract may provide that no drilling shall be conducted on the land covered thereby, in which case such lease shall be for a term not to exceed ten years and so long thereafter as the county may share in royalties payable on account of production of oil or gas from lands adjacent to such tract of county land so leased.

30-11-304. Agreements to pool lands for production purposes. When deemed by the board of county commissioners to be in the best interest of the county, any county acting by its board of county commissioners may enter into any unit agreement providing for the pooling or consolidation of acreage covered by any oil and gas lease executed by such county with other acreage for oil and gas exploration, development, and production purposes and providing for the apportionment or allocation of royalties among the separate tracts of land included in such unit agreement on an acreage or other equitable basis, and may by such agreement, with the consent of its lessee, change any and all of the provisions of any lease issued by such county including the term of years for which such lease was originally granted in order to conform such lease to

the terms and provisions of such unit agreement and to facilitate the efficient and economic production of oil and gas from the unit lands.

30-11-306. Legislative declaration concerning landfill gas. The general assembly hereby declares that landfill gas constitutes a hazard to the health, welfare, and safety of the people of this state, whether such gas has accumulated as a result of a public or private landfill operation, and that the extraction of landfill gas will ameliorate this dangerous condition, and further declares that the development of landfill gas will provide a valuable, alternate energy resource to the citizens of this state. In order to diminish this hazard and utilize this energy resource, the powers of counties are hereby expanded to authorize landfill gas exploration, development, and production; the financing thereof; the marketing and sale of landfill gas to any public or private person or entity; and the county use thereof for any purpose.

Source: L. 80: Entire section added, p. 651, § 3, effective July 1.

30-11-307. County authority relating to landfill gas. (1) To accomplish the purposes specified in section 30-11-306, counties are granted the following powers:

(a) To acquire, hold, use, transfer, and convey any real property or any interest therein for purposes of landfill gas exploration, production, and development;

(b) To engage in any and all activities respecting the exploration, development, production, distribution, marketing, and sale of landfill gas to any person or public or private entity, or for county uses;

(c) (I) To acquire by gift, purchase, or condemnation necessary easements and rights-of-way, for ingress and egress and for the installation of facilities related to collection and distribution of landfill gas; except that the power of condemnation granted in this paragraph (c) shall not extend to acquisition of landfill gas in place nor shall such power be available to a county until the county has entered into a contract with the owner of such landfill gas for the development, extraction, and purchase of such landfill gas, and except that such condemnation shall not interfere with the normal use of any real property, or other property appurtenant thereto, which is devoted or dedicated to a public utility use or upon which landfill gas abatement or

recovery facilities have been placed in operation and shall be limited to the maximum reasonable width or area necessary to install, operate, and maintain such rights-of-way, ingress and egress, and collection and distribution facilities.

(II) Any interest in real property acquired by condemnation pursuant to this paragraph (c) shall terminate upon the completion of use of such real property, or any interest therein, for landfill gas operations, and any such condemnation shall be in the manner provided in part 1 of article 6 of title 38, C.R.S.

(d) To enter into contracts, including intergovernmental contracts, and to perform all acts necessary to produce, distribute, and market landfill gas;

(e) To issue general obligation bonds, after approval of the qualified electors of the county, for purposes of financing the exploration, development, production, distribution, and marketing of landfill gas;

(f) To issue revenue bonds authorized by action of the board of county commissioners, without the approval of the qualified electors of the county, for purposes of financing the exploration, development, production, distribution, and marketing of landfill gas. Such revenue bonds shall be issued in the manner provided in part 4 of article 35 of title 31, C.R.S., for the issuance of revenue bonds by municipalities; except that such revenue bonds may be sold in one or more series at par, or below or above par, at public or private sale, in such manner and for such price as the county, in its discretion, shall determine. Such revenue bonds and interest coupons, if any, appurtenant thereto shall never constitute the debt or indebtedness of the county within the meaning of any provision or limitation of the state constitution or statutes, and shall not constitute nor give rise to a pecuniary liability of the county or a charge against its general credit or taxing powers, and such revenue bonds and the income therefrom are exempt from taxation, except inheritance, estate, and transfer taxes.

PART 4

LAW ENFORCEMENT AUTHORITIES

30-11-401. Short title. This part 4 shall be known and may be cited as the "Law Enforcement Authority Act of 1969".

Source: L. 69: p. 239, § 2. **C.R.S. 1963:** § 36-27-2.

30-11-402. Legislative declaration. It is the intent of the general assembly in the enactment of this part 4 to provide an alternative and additional means to provide law enforcement for the citizens of this state, especially those residing in developed or developing unincorporated areas of counties, to combat the rising crime rate therein, and to better assist police and other law enforcement agencies in the prevention of crime and in the detection and apprehension of criminal offenders.

Source: L. 69: p. 239, § 1. C.R.S. 1963: § 36-27-1. L. 71: p. 346, § 1.

30-11-403. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Area" or "territory" means all areas of land in a county included or proposed to be included in a law enforcement authority, which may consist of all or a portion of the unincorporated area of the county but may not include any single tract or parcel of property containing twenty acres or more without the written consent of the owner thereof, unless such tract or parcel would be entirely within the boundaries of an area.

(2) (a) (I) An "elector" of an authority means a person who, at the designated time or event, is registered to vote in general elections in this state; and

(II) Who has been a resident of the authority or the area to be included in the authority for not less than thirty days; or

(III) Who or whose spouse owns taxable real or personal property within the authority or the area to be included within the authority, whether or not said person resides within the authority.

(b) A person who is obligated to pay general taxes under a contract to purchase real property within the authority shall be considered an owner within the meaning of this subsection (2). The ownership of property on which a specific ownership tax is paid pursuant to law shall not qualify a person as an elector. Taxable property shall mean real or personal property subject to general ad valorem taxes.

(c) Registration pursuant to the general election laws or any other laws shall not be required.

(3) "Law enforcement authority", referred to in this part 4 as an "authority", means a taxing unit which may be created by a county in this state for the purpose of providing additional law enforcement by the county sheriff to the residents of the developed or developing unincorporated area of the county.

(4) "Publication", when no manner of publication is specified, means publication once a week for three consecutive weeks in a newspaper of general circulation in the area of the authority. It shall not be necessary that publication be made on the same day of the week in each of the three consecutive weeks, but not less than fourteen days, excluding the day of first publication, shall intervene between the day of the first publication and the day of the last publication, and publication shall be complete on the day of the last publication.

Cross references: For definitions applicable to this article, see § 30-26-301 (2)(d).

30-11-404. Organization of authority. (1) The board of county commissioners of any county in this state may by resolution create an authority pursuant to the provisions of this part 4, which authority shall be a political subdivision of this state.

(2) No resolution creating an authority under this part 4 shall be adopted by a board of county commissioners unless prior notice of such action, including the date, time, and place of meeting of said board, shall be made by publication, and an opportunity to be heard in person or by counsel shall be afforded to persons desiring to appear.

- (3) The resolution creating such an authority shall contain the following:
- (a) The name of the proposed district, which shall include the name of the county and the words "law enforcement authority";
 - (b) A general description of the territory included in the authority, with such certainty to enable a property owner to determine whether or not his property is within the authority; and
 - (c) Where applicable, the specific powers and duties of the authority, as provided in this part 4, but if the authority is authorized to exercise all such powers and duties under this part 4, only a general statement to this effect need be included.
- (4) The resolution creating any such authority shall not take effect until thirty days following the canvass of votes cast at the election conducted pursuant to section 30-11-405.
- (5) On the effective date of such resolution, the board of county commissioners shall, ex officio, constitute the governing board of the authority and shall exercise the powers and duties prescribed in this part 4 and in the resolution.

30-11-405. Election. (1) The board of county commissioners shall call a special election in the area proposed to be included in the authority, as described in the resolution, which election shall be held not less than thirty nor more than forty-five days after adoption of the resolution by the board of county commissioners.

(2) No authority shall be created unless the proposition to create such authority shall first be submitted to and approved by the electors of the authority.

(3) Notice of the election shall be by publication and shall contain the question to be submitted, the date of the election, the times that the polls shall be open, and the place of each polling place. Designation of election precincts and polling places and election contests shall be pursuant to the provisions of part 8 of article 1 of title 32, C.R.S.

(4) Said election shall otherwise be conducted, insofar as practicable, as are general elections. Election judges shall be appointed and compensated by the board of county commissioners, and their powers and duties shall be defined and exercised pursuant to the comparable provisions of law governing general elections, except that they shall be appointed without regard to political affiliation. All costs of such election shall be paid out of the county general fund.

(5) If a majority of those electors of the authority voting at said election have voted in favor of such proposition, said authority shall be approved and the resolution creating the same shall become effective as provided in section 30-11-404.

30-11-406. Powers of law enforcement authority. (1) Each law enforcement authority formed pursuant to this part 4 has the following powers, except as otherwise limited by the resolution creating the same:

- (a) To have perpetual existence;
- (b) To sue and be sued and be a party to suits, actions, and proceedings;

(c) To enter into contracts and agreements with the sheriff of the county in which the authority is located to provide law enforcement services for the authority, except as otherwise provided in this part 4;

(d) To employ such administrative, clerical, and professional employees as may be necessary to carry out the purposes of the authority;

(e) To levy a tax not to exceed five mills for the 1982 property tax year or seven mills for the 1983 property tax year and each property tax year thereafter on the taxable property within the area of the authority, for the payment of the operating expenses of the authority. In any case in which an authority proposes to impose a mill levy which is the maximum mill levy allowable under this paragraph (e) or which is in excess of the certified mill levy computed pursuant to section 30-11-406.5, such authority shall follow the procedure set forth in section 30-11-406.5.

Source: L. 69: p. 241, § 6. C.R.S. 1963: § 36-27-6. L. 81: (1)(e) amended, p. 1399, § 13, effective June 19.

30-11-406.5. Procedure for levying property tax - public disclosure - county assessor's duties. (1) No later than August 25 of each year, each county assessor shall certify to each authority within the assessor's county the total valuation for assessment of all taxable property located within the territorial limits of the authority and the mill levy that when applied to such valuation for assessment, exclusive of the increased valuation for assessment attributable to annexation or inclusion of additional land, the improvements thereon, and personal property connected therewith within the authority for the preceding year, or attributable to new construction and personal property connected therewith within the authority for the preceding year, or attributable to increased volume of production for the preceding year by a producing mine if said mine is wholly or partially within the authority and if such increase in volume of production causes an increase in the level of services provided by the authority, or attributable to previously legally exempt federal property that becomes taxable if such property causes an increase in the level of services provided by the authority, will raise the same property tax revenue as was raised the previous year.

(2) Any authority which proposes to impose a mill levy in excess of the mill levy for the previous year shall submit such proposal at an election in accordance with section 20 of article X of the state constitution and title 1, C.R.S.

30-11-407. Short-term loans for new authorities. In order to provide funds for a new authority to operate prior to the receipt of revenues from property taxes, an authority may contract with any person, corporation, association, or company for a short-term loan, not to exceed the amount necessary for such operation, and such loan shall be fully paid within twelve months; but subsequent short-term loans may be made in each budget year in smaller amounts

and shall be paid within six months. Such subsequent loans shall be scheduled to liquidate the accumulated debt fully in a period not to exceed ten years after the date of the first loan. Interest paid on such loans shall be exempt from taxation by the state or any political subdivision thereof.

30-11-408. Detachment - dissolution. (1) Upon the effective date of the annexation to any city, town, or city and county, or the incorporation of any territory included in an authority, upon the certification thereof by the clerk of such municipality, the territory so annexed or incorporated shall be detached from such authority as of the effective date thereof, if such be January 1 of any year; otherwise, such detachment shall take effect on the following January 1, for purposes of general property taxation. Property so detached shall not thereafter be liable for any portion of the outstanding indebtedness of the authority.

(2) Upon the annexation or incorporation of fifty percent or more of the area of the territory included in any authority, or upon petition by ten percent of the electors and the approval of a majority of the electors of the authority voting at a special election called for that purpose, pursuant to the applicable provisions of section 30-11-405, any authority formed under this part 4 shall be dissolved effective the following January 1, except that if any indebtedness of the authority is unpaid and outstanding, the authority shall continue in existence for taxation purposes only until all obligations of the authority are paid.

30-11-410. Power to contract for provision of law enforcement services. (1) The governing body of a municipality and the board of county commissioners may contract for the purpose of providing law enforcement, including enforcement of municipal ordinances, by the sheriff within the boundaries of the municipality.

(2) The law enforcement authority and the sheriff may contract with other law enforcement agencies or with municipalities for the provision of law enforcement services within the unincorporated areas of the county.

PART 5

COUNTY HOME RULE CHARTERS

Cross references: For provisions on home rule counties, see article 35 of this title.

30-11-501. County home rule charters. Any county in this state, pursuant to the provisions of this part 5, may establish the organization and structure of county government which shall be submitted to and adopted by a majority vote of the registered electors of the county which shall be known as a county home rule charter.

Source: L. 71: p. 349, § 1. C.R.S. 1963: § 36-28-1. L. 85: Entire section amended, p. 1344, § 8, effective April 30.

30-11-502. Charter commission. (1) Following the adoption of a resolution by the board of county commissioners, or upon the submission of a petition of not less than five percent of the registered electors of the county, requesting that a charter commission be established, the board of county commissioners shall call an election to be held on or before the next general election for the purpose of determining whether or not a charter commission shall be elected. The board of county commissioners shall publish notice of the election at least sixty days prior to the election.

(2) (a) At least sixty days before the election provided for in section 30-11-503, the board of county commissioners shall divide the county into three compact districts; such districts to be as nearly equal in population as possible, for the purpose of electing charter commission members by district according to subsection (4) of this section.

(b) If the provisions of paragraph (a) of this subsection (2) are not met before sixty days prior to the election provided for in section 30-11-503, no member of the board of county commissioners of the county shall thereafter be entitled to or earn any compensation for his services or receive any payment for salary or expenses, nor shall any member be eligible to succeed himself in office.

(3) (a) The charter commission shall consist of the following members and be elected from the district as follows:

(I) In counties having a population of less than fifty thousand, eleven members, three of whom shall reside in and be elected from each commissioner district within the county and two to be elected at large;

(II) In counties having a population of fifty thousand or more, twenty-one members, six of whom shall reside in and be elected from each commissioner district and three to be elected at large.

(b) Eligibility to serve on the commission shall extend to all qualified electors of the county. Any vacancy in the charter commission shall be filled by majority vote of the members of the charter commission.

(4) Candidates for the charter commission shall be nominated by filing with the county clerk and recorder, on forms supplied by the county clerk and recorder, a nomination petition signed by at least twenty-five registered electors of the county and a statement by the candidate consenting to serve if elected. Said petition and statement must be filed within thirty days after publication of the election notice. A second notice of the election shall be published by the said commissioners and include the names of candidates for the charter commission.

Source: L. 71: p. 349, § 1. C.R.S. 1963: § 36-28-2. L. 85: (1) and (4) amended, p. 1344, § 9, effective April 30.

Editor's note: In 2004, the provisions within subsection (3) were renumbered on revision to conform to statutory format.

30-11-503. Election on formation of charter convention and designation of members. (1) At the election, voters shall cast ballots for or against forming the charter commission. If a majority of the registered electors voting thereon vote for forming the charter commission, a commission to frame a charter shall be deemed formed.

(2) At the election voters shall also cast ballots for electing the requisite number of charter commission members. Those candidates receiving the highest number of votes shall be elected. In the event of tie votes for the last available vacancy, the clerk shall determine by lot the person who shall be elected.

Source: L. 71: p. 350, § 1. C.R.S. 1963: § 36-28-3. L. 85: (1) amended, p. 1345, § 10, effective April 30.

30-11-504. Development of proposed charter. (1) A charter commission elected pursuant to section 30-11-503 shall meet on a date designated by the board of county commissioners for the purposes of organization within thirty days after the election. The charter commission shall elect a chairman and a vice-chairman from among its membership. Further meetings of the commission shall be held upon call of the chairman or a majority of the members of the commission. All meetings shall be open to the public. A majority of the charter commission shall constitute a quorum. The commission may adopt such other rules for its operations and proceedings as it deems necessary or desirable. Members of the commission shall receive no compensation but shall be reimbursed for necessary expenses pursuant to law.

(2) The charter commission shall conduct a comprehensive study of the operation of county government and of the ways in which the conduct of county government might be improved or reorganized. Within two hundred forty days after its initial meeting, the charter commission shall present to the board of county commissioners a proposed charter, upon which it shall have held three public hearings at intervals of not less than fifteen nor more than thirty days, and notice of these public hearings shall be published not less than fifteen days prior to each public hearing in a newspaper of general circulation within the county. Within ten days of the last of such public hearings, the charter commission shall incorporate any amendments it

deems desirable. A majority vote of the members of the charter commission in favor of a proposed charter for the county shall be required to forward said charter to the board of county commissioners for the setting of a referendum election as provided in section 30-11-505.

(3) In the event that the charter commission fails to present a charter to the board of county commissioners after the specified time, the charter commission shall recess for a period of not less than thirty days nor more than ninety days. The board of county commissioners shall then call the charter commission to begin a second attempt to present a charter which shall be presented within a period of ninety days. In the event a second attempt to present a charter to the board of county commissioners also fails, the charter commission shall be excused from its duties and dissolved by the board. All records, files, and proceedings of the charter commission shall be submitted to the board of county commissioners for storage and safekeeping as a public record. A new charter commission shall be elected on dissolution as provided in section 30-11-502.

(4) The board of county commissioners is authorized to establish a special county charter fund and establish a mill levy therefor when the charter commission has submitted a preliminary budget approved by the board of county commissioners. The expenses of the charter commission shall be verified by a majority vote of the commission and shall be submitted to the board of county commissioners for approval, which approval shall not be unreasonably withheld. If approved, payment shall be made from the special county charter fund. The charter commission may employ a staff, may consult and retain experts, and may purchase, lease, or otherwise provide for such supplies, materials, equipment, and facilities as it deems necessary or desirable. The board of county commissioners may accept funds, grants, gifts, and services for the charter commission from the state of Colorado, the government of the United States or any of its agencies, or other sources, public or private.

30-11-505. Referendum election on charter - adoption or rejection. (1) Upon submission to the board of county commissioners of a charter by the charter commission, the board of county commissioners shall call a special election, to be paid for from the special county charter fund and held pursuant to the Colorado election laws. The special election shall be held not more than ninety days nor less than forty-five days after the board of county commissioners receives the proposed charter; however, if a coordinated election or general election is to be held within sixty days after the board of county commissioners receives the proposed charter, the special election shall be held as part of the coordinated election or general election. The board of county commissioners shall publish in a newspaper of general circulation within the county a complete text of the proposed charter not less than ten days prior to the special election. At the special election a referendum of the registered electors of the county shall be held to determine the question of whether the proposed charter as submitted shall be adopted. Notice of the election on the proposed charter shall be published at least thirty days prior to the election.

(2) If a majority of those voting on the question favor the adoption of the charter, the said charter shall become effective January 1 of the succeeding year or at such other time as the

charter may provide. Such charter, once adopted by the electors, may be amended only by the registered electors of the county.

(3) If a majority of the voters disapprove the proposed charter, the charter commission may proceed to prepare a revised proposed charter in the same manner provided for preparation, submission, and election on the proposed charter. The election on any revised proposed charter must be held not less than ninety nor more than one hundred eighty days after the election rejecting the proposed charter. The charter commission shall not submit more than one proposed charter and one revised proposed charter. If a majority of the voters disapprove the proposed charter, or the revised proposed charter, if one is submitted, no new referendum may be held during the next twelve months following the date of the last disapproval.

(4) Upon acceptance or rejection of the proposed charter or the revised proposed charter, if one is submitted by the registered electors of the county, the charter commission shall be dissolved, and all property of the charter commission shall thereupon become the property of the county, and the board of county commissioners shall adopt a resolution to that effect.

30-11-506. Procedure to amend or repeal charter. (1) Action to amend a charter shall be initiated by:

- (a) A petition signed by at least five percent of the registered electors of the county; or
- (b) A resolution adopted by the board of county commissioners submitting the proposed amendment to the registered electors.

(2) Action to repeal a charter or to form a new charter commission may be initiated by a petition signed by at least fifteen percent of the registered electors of the county.

(3) (a) Within thirty days of initiation of a proposed amendment, repeal, or charter convention measure, the board of county commissioners shall publish notice of and call an election to be held not less than thirty nor more than one hundred twenty days after said publication. The text of any proposed amendment shall be published with said notice.

(b) If the proposal is for a charter commission, the election shall be scheduled at least sixty days after publication of the notice. The procedure for the forming and functioning of a new charter commission shall comply as nearly as practicable with provisions relating to formation and functioning of an initial charter commission.

(4) If a majority of the registered electors voting thereon vote for a proposed amendment, the amendment shall be deemed approved. If a majority of the registered electors voting thereon vote for repeal of the charter, the charter shall be deemed repealed, and the county shall proceed to organize and operate pursuant to the statutes applicable to statutory counties.

30-11-511. Board of county commissioners - home rule counties. A home rule county shall provide all mandatory county functions, services, and facilities and shall exercise all mandatory powers required by statute. A home rule county may provide such permissive functions, services, and facilities and may exercise such permissive powers as authorized by statute applicable to nonhome rule counties, except as may be otherwise prohibited or limited by the county charter or the constitution of Colorado. Any power, function, service, or facility vested by statute in a particular county officer, agency, or board, including a board of county commissioners, may be exercised or performed within a home rule county by such county officer, agency, or board or by any other county officer, agency, or board designated in the home rule charter. For home rule counties, the term "board of county commissioners" means the governing body of the county designated by the county.

30-11-602. Legislative declaration. (1) The general assembly hereby declares that it is the purpose of this part 6 to assist in promoting and protecting telecommunications research facilities of the United States which are located within the state of Colorado.

(2) Specifically, it is the purpose of this part 6 to:

(a) Avoid undue interferences caused by emanation of electrical impulses from electrical equipment functioning in the area surrounding telecommunications research facilities of the United States;

(b) Promote the public interest by encouraging economic improvement and development of this state, and further, to promote educational and scientific research within this state;

(c) Encourage the continued operational capability of telecommunications research facilities of the United States in areas of this state, which, in turn, will encourage and contribute to the economic improvement and development of the state and will promote educational and scientific research within this state.

30-11-603. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Expressways" or "major arterials" means those rights-of-way used primarily for fast or heavy traffic; and "collector streets" means those rights-of-way which have four lanes or more of moving traffic which carry traffic from local streets to the system of major arterials and highways and move traffic to parks, schools, and shopping centers serving residential neighborhoods.

(2) "Governing body" means a city council, a board of trustees of a town, or a board of county commissioners.

(3) "Planning commission" means the regional planning commission, county planning commission, district planning commission, or zoning commission, as the case may be, which has the responsibility of preparing plans for zoning or the making or adopting of plans for the physical development of the unincorporated and incorporated territory located within a distance of two miles from the perimeter of any telecommunications research facility of the United States.

(4) "Telecommunications research facility of the United States" means a site presently owned by the United States in this state consisting of not less than fifteen hundred contiguous acres in area and having located thereon technical electronic facilities of a value of more than five million dollars operated by an agency of the United States, and which technical electronic facilities are principally utilized in a program of scientific research in telecommunications and related atmospheric science, involving highly sensitive reception, observation, measurement, and recording of radio waves from distant emanation of experimental signals, radio astronomical sources, or electromagnetic phenomena of the atmosphere or ionosphere.

30-11-605. Powers and duties of governing bodies, planning commissions, and boards of adjustment. (1) Upon being requested to do so by an agency of the United States, the governing body shall determine if any telecommunications research facility of the United States is located wholly or partially within its jurisdiction. If such determination results in a finding that such a facility is so located, the planning commission, the board of adjustment, and the governing body shall, from and after April 23, 1969, be bound by the following: When considering any request for rezoning, exceptions to or variances from the terms of zoning regulations, or changed or additional uses of land within a distance of two miles from the perimeter of any telecommunications research facility of the United States, the planning commission, the board of adjustment, and the governing body shall consider, in a like manner as those criteria set forth in sections 30-28-115 and 31-23-303, C.R.S., and other criteria applied to the consideration of requests for rezoning, exceptions to or variances from zoning regulations, or changed or additional uses of land, any data presented as to the effect that development made pursuant to such request will have on such telecommunications research facility of the United States, including what interference may be caused to said facility by the emanation of electrical impulses from electrical equipment that may be installed if such request is approved.

(2) If approval for any request for rezoning to a zoning district, for an exception to or variance from the terms of any zoning regulation, or for a changed or additional use of land, which will permit hospitals, industrial, business, or commercial uses is sought within a distance of two miles from the perimeter of any telecommunications research facility of the United States, the planning commission, the board of adjustment, and the governing body may request reasonable information regarding the proposed use to be made from the applicant submitting the request for approval, including, but not limited to, a summary of the kinds of industrial electrical equipment expected to be installed on such property if the approval being sought is given.

(3) Within a distance of two miles from the perimeter of any telecommunications research facility of the United States, any approval of a subdivision plat in a residential zoning district and any approval for rezoning from existing districts to other districts that may exist or be created by the zoning resolution of any city, town, or county in which a telecommunications research facility of the United States is located shall be granted only if the covenants set forth in paragraphs (a) to (e) of subsection (4) of this section are included in the subdivision plat or as part of the rezoning request, which covenants shall be filed for recording with the county clerk and recorder following approval by the governing body; but said governing body may, under reasonable circumstances, waive the application of any one or more of said covenants with respect to all or any part of the affected land. The requirements set forth in this subsection (3) shall not apply to the approval of subdivision plats in single-family residential zoning districts where the minimum lot area permitted is one acre or more if the subdivision plat is approved, to requests for rezoning to single-family residential zoning districts in which the minimum lot area on unsubdivided land will be one acre or more if the rezoning request is approved, or to requests for rezoning to forestry or agricultural districts.

(4) The covenants referred to in subsection (3) of this section are as follows:

(a) All electrical distribution lines and service lines and all telephone lines shall be placed underground.

(b) No neon signs of any kind shall be permitted on any part of the property.

(c) No electrical fences shall be erected on any part of the property.

(d) All street lights shall be shielded so as to minimize upward illumination.

(e) No arc welding equipment or remote control garage door openers which employ a radiating type of receiver shall be installed or operated from a permanent location on the property.

(5) No expressways or major arterials shall be authorized or constructed within a distance of one mile from the perimeter of any telecommunications research facility of the United States and, unless the governing body specifically makes an exception therefor, no collector streets shall be authorized or constructed within a distance of one mile from the perimeter of any telecommunications research facility of the United States.

(6) The limitations of this part 6 shall be incorporated in any zoning resolution, building code resolution, or both, in any city, town, or county in which a telecommunications research facility of the United States is located, and each such city, town, or county shall enforce the same as provided by law.

(7) The governing body shall determine, with the assistance of a surveyor, if necessary, the boundaries of lands located in such city, town, or county, or both, as the case may be, affected by the limitations imposed by this part 6 and shall record such boundaries in the office of the county clerk and recorder of said county.

PART 1

CONTROL AND LICENSING OF PET ANIMALS

Editor's note: This article was numbered as article 12 of chapter 36, C.R.S. 1963. The substantive provisions of this part 1 were repealed and reenacted in 1977, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 1 prior to 1977, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

30-15-100.3. Definitions. As used in this part 1, unless the context otherwise requires:

(1) (a) "Pet animal" means and includes any animal owned or kept by a person for companionship or protection or for sale to others for such purposes.

(b) Except as otherwise provided in this subsection (1), "pet animal" does not include wildlife, livestock used for any purpose or which is stray as defined in section 35-44-101, or animals which are owned or bought and sold through the efforts of those that are licensed, inspected, or both by the United States department of agriculture, the Colorado department of agriculture, or both; however, nothing in this subsection (1) shall be construed to exempt such animals from county control regulations.

Editor's note: This section is similar to former § 30-15-101 (3) as it existed prior to 2025.

30-15-101. Pet animal control and licensing. (1) (a) The board of county commissioners of any county may adopt a resolution for the control and licensing of dogs and other pet animals as provided in this part 1. The resolution may:

(I) Require licensing of dogs and other pet animals by owners and impose reasonable conditions and fees on the same. No registration permit or license shall be issued by any board of county commissioners unless and until the owner of a dog, cat, or ferret exhibits to the board or designated official a valid rabies vaccination certificate indicating the dog, cat, or ferret has been vaccinated against rabies by a licensed veterinarian. The county pet animal control resolution may exempt dogs, cats, or ferrets below a specified age from licensing and registration or vaccination requirements, or both; except that the recommendations of the department of public health and environment shall be followed concerning the minimum age for the vaccination.

(II) Require that dogs and other pet animals be under control at all times and define "control", which may vary from time to time, place to place, and animal to animal;

(III) Define "vicious dog" and "vicious animal";

(IV) Establish a dog pound, or other animal holding facility, and engage personnel to operate it and otherwise to enforce the county dog control resolution or any other resolution concerning the control of pet animals;

(V) Provide for the impoundment of animals which are vicious, not under control, or otherwise not in conformity with the resolutions;

(VI) Establish terms and conditions for the release or other disposition of impounded animals;

(VII) Establish such other reasonable regulations and restrictions for the control of dogs and other pet animals as the board of county commissioners may deem necessary.

(b) The control provisions of such resolution, as provided in subparagraph (II) of paragraph (a) of this subsection (1), shall not apply to dogs while actually working livestock, locating or retrieving wild game in season for a licensed hunter, or assisting law enforcement officers or while actually being trained for any of these pursuits.

(2) In order to implement the provisions of this section, any county or municipality may enter into an intergovernmental agreement pursuant to the provisions of part 2 of article 1 of title 29, C.R.S., to provide for the control, licensing, impounding, or disposition of dogs or other pet animals or to provide for the accomplishment of any other aspect of a county or municipal dog control or pet animal control licensing resolution or ordinance.

(3) Repealed.

(2) Amendments to this section by House Bill 94-1137 and House Bill 94-1029 were harmonized.

(3) Subsection (3) was relocated to § 30-15-100.3 in 2025.

30-15-102. Violations - penalties. (1) Any violation of any provision of a county resolution adopted pursuant to this part 1 not involving bodily injury to any person is a petty

offense. If authorized by the county resolution, the penalty assessment procedure provided in section 16-2-201 may be followed by an animal control officer or any arresting law enforcement officer for any such violation. As part of said county resolution authorizing the penalty assessment procedure, the board of county commissioners may adopt a graduated fine schedule for violations of said resolution not involving bodily injury to any person. Such graduated fine schedule may provide for increased penalty assessments for repeat offenses by the same individual.

(2) Any offense involving bodily injury to any person by a dog or other pet animal shall be a class 2 misdemeanor, and any violator shall be punished as provided in section 18-1.3-501, C.R.S., for each separate offense.

(3) Whenever a county animal control officer has probable cause to believe that a violation of subsection (1) or (2) of this section, of the county's dog control and licensing resolution, or of the county's resolution concerning the control of pet animals has been committed, the officer may issue a citation or summons and complaint to the violator, stating the nature of the violation with sufficient particularity to give notice of said charge to the violator.

30-15-103. Disposition of fines and forfeitures. All fines and forfeitures for the violation of county resolutions adopted pursuant to this part 1 and all moneys collected by the county for licenses or otherwise shall be paid into the treasury of the county at such times and in such manner as may be prescribed by resolution; or, if there is no resolution providing for the payment, it shall be paid to the county treasurer at once.

30-15-105. Animal control officers - peace officer designation. Personnel engaged in animal control, however titled or administratively assigned, may issue citations or summonses and complaints enforcing the county dog control resolution or any other county resolution concerning the control of pet animals or municipal ordinance without regard to the certification requirements of part 3 of article 31 of title 24, C.R.S. Personnel so engaged shall be included within the definition of "peace officer, firefighter, or emergency medical service provider engaged in the performance of his or her duties" in section 18-3-201 (2), C.R.S. Nothing in this part 1 is intended to vest authority in any person so engaged to enforce any resolution, ordinance, or statute other than the county dog control resolution or any other county resolution concerning the control of pet animals or municipal ordinance.

PART 2

CAMPFIRES - EXTINGUISHING

30-15-201. Penalty for leaving campfire unattended. (1) (a) Any person who starts or maintains a campfire commits the offense of leaving a campfire unattended if he or she knowingly or recklessly:

- (I) Fails to reasonably attend the campfire at all times; or
- (II) Fails to thoroughly extinguish the campfire before leaving the site.

(b) (I) A person who commits the offense of leaving a campfire unattended commits a petty offense.

(II) A person who commits the offense of leaving a campfire unattended where the campfire is located in a forested or grassland area commits a class 2 misdemeanor.

30-15-302. Board of county commissioners to designate area. (1) The board of county commissioners of any county in this state may designate, by resolution, areas in the unincorporated territory of such county in which it is unlawful for any person to discharge any firearms, except a duly authorized law enforcement officer acting in the line of duty, but nothing in this subsection (1) shall prevent the discharge of any firearm in shooting galleries or in any private grounds or residence under circumstances when such firearm can be discharged in such a manner as not to endanger persons or property and also in such a manner as to prevent the projectile from any such firearm from traversing any grounds or space outside the limits of such shooting gallery, grounds, or residence.

(2) No area shall be so designated under authority of subsection (1) of this section unless it has an average population density of not less than one hundred persons per square mile in the area designated, and, before making any such designation, the board of county commissioners shall hold a public hearing thereon at which any interested person shall have an opportunity to be heard. The provisions of article 3 of title 33, C.R.S., concerning the state's liability for damages

done to property by wild animals protected by the game laws of the state shall not apply to any area designated by a board of county commissioners under authority of this part 3.

(3) Nothing in this section shall be construed to restrict or otherwise affect any person's constitutional right to bear arms or his right to the defense of his person, his family, or his property.

PART 4

GENERAL REGULATIONS

30-15-401. General regulations - definitions. (1) In addition to those powers granted by sections 30-11-101 and 30-11-107 and by parts 1, 2, and 3 of this article 15, the board of county commissioners may adopt ordinances for control or licensing of those matters of purely local concern that are described in the following enumerated powers:

(a) (I) (A) To provide for and compel the removal of rubbish, including trash, junk, and garbage, from lots and tracts of land within the county, except industrial tracts of ten or more acres and agricultural land currently in agricultural use as the term agricultural land is defined in section 39-1-102 (1.6), C.R.S., and from the alleys behind and from the sidewalk areas in front of such property at such time, upon such notice, and in such manner as the board of county commissioners may prescribe by ordinance, including removal performed by the county upon notice to and failure of the property owner to remove such rubbish, and to assess the reasonable cost thereof, including five percent for inspection and other incidental costs in connection therewith, upon the lots and tracts from which such rubbish has been removed. Ordinances passed by a board of county commissioners for the removal of rubbish pursuant to this sub-subparagraph (A) shall include provisions for applying for and exercising an administrative entry and seizure warrant issued by a county or district court having jurisdiction over the property from which rubbish shall be removed. Any assessment pursuant to this sub-subparagraph (A) shall be a lien against such lot or tract of land until paid and shall have priority over all other liens except general taxes and prior special assessments. In case such assessment is not paid within a reasonable time specified by ordinance, it may be certified by the clerk to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of

collection, in the same manner as other taxes are collected. The laws of this state for assessment and collection of general taxes, including the laws for the sale and redemption of property for taxes, shall apply to the collection of assessments pursuant to this sub-subparagraph (A).

(B) A county court or district court having jurisdiction over property from which rubbish shall be removed pursuant to the ordinances authorized by sub-subparagraph (A) of this subparagraph (I) shall issue an administrative entry and seizure warrant for the removal of such rubbish. Such warrant shall be issued upon presentation by a county of ordinance provisions which meet the requirements of sub-subparagraph (A) of this subparagraph (I) and a sworn or affirmed affidavit stating the factual basis for such warrant, evidence that the property owner has received notice of the violation and has failed to remove the rubbish within a reasonable prescribed period of time, a general description of the location of the property which is the subject of the warrant, a general list of any rubbish to be removed from such property, and the proposed disposal or temporary impoundment of such rubbish, whichever the court deems appropriate. Within ten days following the date of issuance of an administrative entry and seizure warrant pursuant to the provisions of this sub-subparagraph (B), such warrant shall be executed in accordance with directions by the issuing court, a copy of such issued warrant shall be provided or mailed to the property owner, and proof of the execution of such warrant, including a written inventory of any property impounded by the executing authority, shall be submitted to the court by the executing authority.

(I.5) (A) To provide for and compel the removal of weeds and brush from lots and tracts of land within the county except agricultural land currently in agricultural use as the term agricultural land is defined in section 39-1-102 (1.6), C.R.S., and from the alleys behind and from the sidewalk areas in front of such property at such time, upon such notice, and in such manner as the board of county commissioners may prescribe by ordinance, including removal performed by the county upon notice to and failure of the property owner to remove such weeds and brush, and to assess the reasonable cost thereof, including ten percent for inspection and other incidental costs in connection therewith, upon the property from which such weeds have been removed. Ordinances passed by a board of county commissioners for the removal of weeds and brush pursuant to this sub-subparagraph (A) shall include provisions for applying for and exercising an administrative entry and seizure warrant issued by a county or district court having jurisdiction over the property from which weeds and brush shall be removed. Any assessment pursuant to this sub-subparagraph (A) shall be a lien against such property until paid and shall have priority based on its date of recording. A county shall not compel the removal of weeds and brush pursuant to this sub-subparagraph (A) upon any lot or tract of land within the county during such time that a mortgage or deed of trust secured by the lot or tract of land is being foreclosed upon.

(B) In case such assessment is not paid within a reasonable time specified by ordinance, it may be certified by the clerk to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected. The laws of this state for assessment and collection of general taxes, including the laws for the sale and redemption of property for taxes, shall apply to the collection of such assessments pursuant to this sub-subparagraph (B).

(C) A county court or district court having jurisdiction over property from which weeds and brush shall be removed pursuant to the ordinances authorized by sub-subparagraph (A) of this subparagraph (I.5) shall issue an administrative entry and seizure warrant for the removal of

such weeds and brush. Such warrant shall be issued upon presentation by a county of ordinance provisions which meet the requirements of sub-subparagraph (A) of this subparagraph (I.5) and a sworn or affirmed affidavit stating the factual basis for such warrant, evidence that the property owner has received notice of the violation and has failed to remove the weeds and brush within a reasonable prescribed period of time, a general description of the location of the property which is the subject of the warrant, and the proposed disposal of such weeds and brush. Within ten days following the date of issuance of an administrative entry and seizure warrant pursuant to the provisions of this sub-subparagraph (C), such warrant shall be executed in accordance with directions by the issuing court, a copy of such issued warrant shall be provided or mailed to the property owner, and proof of the execution of such warrant shall be submitted to the court by the executing authority.

(II) To inspect vehicles proposed to be operated in the conduct of the business of transporting ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials and to determine, among other things, that any such vehicle has the following:

(A) A permanent cover of canvas or equally suitable or superior material designed to cover the entire open area of the body of such vehicle;

(B) A body so constructed as to be permanently leakproof as to such discarded materials;

(C) Extensions of sideboards and tailgate, if any, constructed of permanent materials;

(III) To contract with persons in the business of transporting and disposing of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials to provide such services, but in no event on an exclusive territorial basis, to every lot and tract of land requiring such services within the unincorporated area of the county or in conjunction with the county on such terms as shall be agreed to by the board of county commissioners. Nothing in this subparagraph (III) shall be deemed to preclude the owner or tenant of any such lot or tract from removing discarded materials from his lot, so long as appropriate standards of safety and health are observed.

(IV) To regulate the activities of persons in the business of transporting ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials within the unincorporated area by requiring each such person to secure a license from the county and charging a fee therefor to cover the cost of administration and enforcement and by requiring adherence to such reasonable standards of health and safety as may be prescribed by the board of county commissioners and to prohibit any person from commercially collecting or disposing of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials within the unincorporated area without a license and when not in compliance with such standards of health and safety as may be prescribed by the board;

(V) To do all acts and make all regulations which may be necessary or expedient for the promotion of health or the suppression of disease, limited to the following:

(A) In addition to the authority given counties under section 18-4-511, C.R.S., to restrain, fine, and punish persons for dumping rubbish, including trash, junk, and garbage, on public or private property;

(B) (Deleted by amendment, L. 2008, p. 2054, § 11, effective July 1, 2008.)

(C) To adopt reasonable regulations for controlling pollution caused by wood smoke;

(D) In addition to the authority given counties under article 5 of title 35, C.R.S., to establish mosquito control areas, to assess the whole cost thereof against those persons

especially benefitted by the service, and, if a person's portion of the assessment is not paid within a reasonable time as specified by ordinance, to direct that the assessment, which shall be a lien against the property of such person, be certified by the county clerk and recorder to the county treasurer for collection in the same manner as other taxes are collected;

(VI) To require every person in the business of transporting ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials to and from disposal sites to have, before commencing such operations, in such motor vehicle a motor vehicle liability insurance policy or evidence of such policy issued by an insurance carrier or insurer authorized to do business in the state of Colorado in the sum of not less than one hundred fifty thousand dollars for damages for or on account of any bodily injury to or the death of each person as the result of any one accident, in the sum of not less than one hundred fifty thousand dollars for damages to the property of others as the result of any one accident, and in the total sum of not less than four hundred thousand dollars for damages for or on account of any bodily injury to or the death of all persons and for damages to the property of others. Any liability for failure to comply with the requirements of this subparagraph (VI) shall be borne by the individual, partnership, or corporation who owns such vehicle.

(b) To prevent and suppress riots, routs, affrays, disturbances, and disorderly assemblies in any public or private place;

(c) To suppress bawdy and disorderly houses and houses of ill fame or assignation; to suppress gaming and gambling houses, lotteries, and fraudulent devices and practices for the purpose of gaining or obtaining money or property; and to regulate the promotion or wholesale promotion of obscene material and obscene performances, as defined in part 1 of article 7 of title 18, C.R.S.;

(d) To restrain and punish loiterers and prostitutes;

(d.5) To discourage juvenile delinquency through the imposition of curfews applicable to juveniles, the restraint and punishment of loitering by juveniles, and the restraint and punishment of defacement of, including the affixing of graffiti to, buildings and other public or private property by juveniles by means that may include restrictions on the purchase or possession of graffiti implements by juveniles. The board of county commissioners, when enacting an ordinance to carry out the powers granted by this subsection (1)(d.5), may make it unlawful for a retailer to sell graffiti implements to juveniles but shall not dictate the manner in which the retailer displays graffiti implements. For purposes of this subsection (1)(d.5), "juvenile" means a juvenile as defined in section 19-2.5-102 and "graffiti implement" means an aerosol paint container, broad-tipped marker, gum label, paint stick or graffiti stick, or etching equipment.

(e) To control unleashed or unclaimed animals, except those animals defined in section 35-44-101 (1), C.R.S.;

(f) To use the county jail for the confinement or punishment of offenders, subject to such conditions as are imposed by law and with the consent of the board of county commissioners;

(g) To authorize the acceptance of a bail bond when any person has been arrested for the violation of any ordinance and a continuance or postponement of trial is granted. When such bond is accepted, it shall have the same validity and effect as bail bonds provided for under the criminal statutes of this state.

(h) (I) To control and regulate the movement and parking of vehicles and motor vehicles on public property; except that:

(A) Misdemeanor traffic offenses and the posted speed limit on any state highway located within the county are matters of statewide interest;

(B) For the purposes of any minimum parking requirement a board of county commissioners imposes, the board of county commissioners is subject to article 35 of title 29 and section 30-28-140; and

(C) For the purpose of regulating the installation of electric vehicle charging stations, the board of county commissioners is subject to section 30-28-212.

(II) The county may establish fire lanes and emergency vehicle access on public or private property zoned commercial or residential and provide for fines and punishment of violators;

(i) To regulate and license escort bureaus, escorts, and escort bureau runners to the extent permitted under article 11.8 of title 29;

(j) To regulate and license secondhand dealers to the extent permitted under article 13 of title 18, C.R.S.;

(k) To regulate and license pawnbrokers as provided in section 29-11.9-102;

(k.5) To require registration of persons who engage in door-to-door selling of merchandise or goods and the delivery thereof within the county; except that nonprofit organizations which are exempt from the income tax imposed under article 22 of title 39, C.R.S., and schools shall not be subject to county requirements imposed under this paragraph (k.5);

(l) (I) To adopt reasonable regulations for the operation of establishments open to the public in which persons appear in a state of nudity for the purpose of entertaining the patrons of such establishment; except that such regulations shall not be tantamount to a complete prohibition of such operation. Such regulations may include the following:

(A) Minimum age requirements for admittance to such establishments;

(B) Limitations on the hours during which such establishments may be open for business; and

(C) Restrictions on the location of such establishments with regard to schools, churches, and residential areas.

(II) The board of county commissioners may enact ordinances which provide that any establishment which engages in repeated or continuing violations of regulations adopted by the board shall constitute a public nuisance. The county attorney of such county, or the district attorney acting pursuant to section 16-13-302, C.R.S., may bring an action in the district court of such county for an injunction against the operation of such establishment in a manner which violates such regulations.

(III) Nothing in the regulations adopted by the board of county commissioners pursuant to this paragraph (l) shall be construed to apply to the presentation, showing, or performance of any play, drama, ballet, or motion picture in any theater, concert hall, museum of fine arts, school, institution of higher education, or other similar establishment as a form of expression of opinion or communication of ideas or information, as differentiated from the promotion or exploitation of nudity for the purpose of advancing the economic welfare of a commercial or business enterprise.

(m) (I) In addition to the authority given counties in article 12 of title 25, C.R.S., to enact ordinances which regulate noise on public and private property except as provided in subparagraph (II) of this paragraph (m); prohibit the operation of any vehicle that is not equipped with a muffler in constant operation and is not properly maintained to prevent an increase in the

noise emitted by the vehicle above the noise emitted when the muffler was originally installed; and prohibit the operation of any vehicle having a muffler that has been equipped or modified with a cutoff and bypass or any similar device or modification. For the purposes of this paragraph (m), "vehicle" shall have the same meaning as that set forth in section 42-1-102 (112), C.R.S.

(II) Ordinances enacted to regulate noise on public and private property pursuant to subsection (1)(m)(I) of this section do not apply to:

(A) Property used for purposes which are exempt, pursuant to section 25-12-103, C.R.S., from noise abatement; and

(B) Property used for: Manufacturing, industrial, or commercial business purposes; and public utilities regulated pursuant to title 40.

(n) To provide for and compel the removal of snow on sidewalks within the county, at such time, upon such notice, and in such manner as the board of county commissioners may prescribe by ordinance, including removal performed by the county upon notice to and failure of the property owner to remove such snow and to assess the whole cost thereof, and other incidental costs in connection therewith, upon the property from which such snow has been removed;

(n.5) (I) To ban open fires to a degree and in a manner that the board of county commissioners deems necessary to reduce the danger of wildfires within those portions of the unincorporated areas of the county where the danger of forest or grass fires is found to be high based on competent evidence.

(II) Subject to subparagraph (IV) of this paragraph (n.5), the board of county commissioners in each county that has a substantial forested area shall, by January 1, 2012, develop an open burning permit system for the purpose of safely disposing of slash. In developing an open burning permit system, the board is encouraged to consult with the division of fire prevention and control, established in section 24-33.5-1201, C.R.S., and shall:

(A) Collaborate with county and local jurisdictions such as the sheriff's office and fire protection districts, identify the agencies responsible for burner education, permitting, and compliance, and consider developing an education plan to inform private property owners of the benefits, criteria, and required processes for slash pile burning;

(B) Consider and be consistent with existing laws and processes that ban, regulate, or have developed recommendations concerning open burning, including sections 18-13-109, 18-13-109.5, 23-31-312, 23-31-313 (6)(a)(II) and (6)(a)(III), 25-7-106 (7) and (8), 25-7-123, 29-20-105.5, and 30-11-124, C.R.S.;

(C) Consider existing county ordinances;

(D) Consider existing scientific and applied knowledge of safe burning conditions, including consideration of, and the advisability of specifying permit limitations concerning, the number of slash piles that may be burned at one time per person who is monitoring the burn, the size of slash piles, temperature, humidity, snow cover, wind conditions, overhead and other types of electric utility facilities, including adequate distances from such facilities, fuel type and moisture content, slope, and setbacks from real estate improvements;

(E) Exempt broadcast burns conducted within federal and state guidelines that have a written prescribed fire plan and agricultural burns; and

(F) Include mechanisms to notify individuals with respiratory conditions, if requested by the individual, and contiguous landowners of the date, time, and location of slash pile burns.

(III) Nothing in this paragraph (n.5) infringes upon or otherwise affects the ability of agricultural producers to conduct burning on their property.

(IV) A board of county commissioners that has an open burning permit system on April 13, 2011, need not comply with the requirements of subparagraph (II) of this paragraph (n.5) until the board materially alters the system.

(V) For purposes of this subsection (1)(n.5):

(A) "Competent evidence" includes the use of the national fire danger rating system, predictions of future fire danger such as those issued by the national interagency coordination center or any successor entity, localized evidence of low fuel moisture content, and any other similar indices or information.

(B) "County that has a substantial forested area" means a county that has at least forty-four percent forest cover as determined by the state forester appointed pursuant to section 23-31-207, C.R.S.

(C) "Open burning" means fire that a person starts and that is intentionally used for forest management.

(D) "Slash" means woody material less than six inches in diameter consisting of limbs, branches, and stems that are free of dirt. "Slash" does not include tree stumps, roots, or any other material.

(n.7) To prohibit or restrict the sale, use, and possession of fireworks, including permissible fireworks, as defined in section 24-33.5-2001 (5) and (11), for a period no longer than one year within all or any part of the unincorporated areas of the county. Such an ordinance shall be in effect for the period between May 31 and July 5 of any year only if the county adopts a resolution specifying that the ordinance remains in effect for such period, which resolution includes an express finding of high fire danger, based on competent evidence, as defined in subsection (1)(n.5) of this section. However, if the county adopts a resolution specifying that the ordinance remains in effect for such period, or any portion of such period, and subsequent to the adoption of the resolution, a change in the weather occurs resulting in competent evidence that the high fire danger is not present and no longer will be present during the remainder of the period, the county shall endeavor to promptly consider whether to exercise its legislative discretion to rescind the restrictions it has adopted on the sale, use, and possession of fireworks. Notwithstanding any other provision of this subsection (1)(n.7), the ordinance remains in effect and is fully enforceable until the restrictions have been rescinded.

(o) In addition to the authority given counties under sections 30-10-513.5 and 30-15-401.5, to enact ordinances to restrain and punish any person who gives, makes, or causes to be given a false alarm of fire and to assess costs associated with such false alarms;

(o.5) To provide by ordinance for the regulation and licensing of alarm systems which transmit information to law enforcement or other public safety officials located within the county;

(p) In addition to the authority given counties under article 7 of title 29, C.R.S., and part 7 of article 20 of this title, to establish by ordinance and regulation the fees for certificates, permits, licenses, and passes for users in order to provide the funds for recreational facility development and to offset the costs of emergency search and rescue operations on public lands and the construction, operation, and maintenance of recreation paths on public property; except that areas, lakes, properties, and facilities under the control and management of the division of

parks and wildlife shall be exempt from any such fees for certificates, permits, licenses, passes, or any other special charges;

(q) To provide for and compel the removal of any building or structure, except for a building or structure on affected land subject to the "Colorado Mined Land Reclamation Act", as the term "affected land" is defined in section 34-32-103 (1.5), C.R.S., or on lands subject to the "Colorado Surface Coal Mining Reclamation Act", pursuant to article 33 of title 34, C.R.S., the condition of which presents a substantial danger or hazard to public health, safety, or welfare, or any dilapidated building of whatever kind which is unused by the owner, or uninhabited because of deterioration or decay, which condition constitutes a fire hazard, or subjects adjoining property to danger of damage by storm, soil erosion, or rodent infestation, or which becomes a place frequented by trespassers and transients seeking a temporary hideout or shelter, at such time, upon such notice, and in such manner as the board of county commissioners may prescribe by ordinance, including the removal performed by the county upon notice to and failure of the property owner to remove such building or structure, and to assess the whole cost of such removal, including incidental costs and a reasonable fee for inspection which fee shall not exceed five percent of the total amount due in connection therewith, upon the property from which such building or structure has been removed. Any assessment pursuant to this paragraph (q) shall be a lien against such property until paid. If such assessment is not paid within a reasonable time as specified by ordinance, it may be certified by the clerk and recorder to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected.

(r) (I) To regulate distressed real property by requiring that such real property be secured, maintained, and insured by the owner of such real property or, if applicable, by a holder of a lien that has taken possession of such real property pursuant to part 6 of article 38 of title 38, C.R.S., or any receiver appointed to take possession of or to preserve the real property. The county may require that real property owners, a holder in possession pursuant to part 6 of article 38 of title 38, C.R.S., or any receiver appointed to preserve or take possession of real property provide to the county planning and zoning department contact information for the person or entity responsible for the preservation of the real property.

(II) For purposes of this paragraph (r), "distressed real property" means any real property in foreclosure or any vacant or abandoned real property.

(s) (I) To license and regulate an owner or owner's agent who rents or advertises the owner's lodging unit for a short-term rental, and to fix the fees, terms, and manner for issuing and revoking licenses issued therefor. As used in this subsection (1)(s)(I), "owner's agent" does not include a vacation rental service, except as set forth in subsection (1)(s)(IV) of this section.

(II) The licensing or regulation under the authority conferred in subsection (1)(s)(I) of this section does not affect whether a lodging unit is a residential improvement, as defined in section 39-1-102 (14.3).

(III) To regulate a vacation rental service; except that this authority is limited to:

(A) Requiring a vacation rental service that displays a short-term rental listing for a lodging unit located in the county to require the lodging unit owner or owner's agent to include a local short-term rental license or permit number, if applicable, in any listing for the short-term rental on the vacation rental service's website or other digital platform; and

(B) Requiring a vacation rental service to remove a listing for a short-term rental from the vacation rental service's website or other digital platform after notification by the county that

the owner of the listed lodging unit has had the owner's local short-term rental license or permit suspended or revoked or has been issued a notice of violation or similar legal process for not possessing a valid local short-term rental license or permit or that the county has a prohibition on short-term rentals that applies to the lodging unit. The notification must identify the listing's uniform resource locator (URL) or other specified digital location to be removed and state the reason for the removal. The vacation rental service shall remove the listing from the website or other digital platform within seven days of receiving the notification from the county.

(IV) If a vacation rental service provides additional services for the owner that are related to the owner's lodging unit but unrelated to providing a means of offering the lodging unit for short-term rentals through the person's website or other digital platform, then the board of county commissioners may license or regulate the vacation rental service as an owner's agent under subsection (1)(s)(I) of this section with respect to those additional services.

(V) To facilitate a vacation rental service's ability to comply with an ordinance adopted by a county under the authority conferred by subsection (1)(s)(III) of this section, a county, upon request of the owner of a hotel unit that is located in a building with one or more lodging units or a vacation rental service on which a hotel unit that is located in a building with one or more lodging units is listed, shall provide written verification that the hotel unit is exempt from the ordinance because it is not a lodging unit. Multiple hotel units may be included in one request. The written verification provided may include an exemption number or other type of identifier for the hotel unit and a single exemption number or other type of identifier may be used for multiple hotel units.

(s.5) As used in subsection (1)(s) of this section, unless the context otherwise requires:

(I) "Hotel unit" means a portion of a structure that is:

(A) Used by a business establishment to provide commercial lodging to the general public for predominantly overnight or weekly stays;

(B) Classified as a hotel or motel for purposes of property taxation;

(C) Not a unit, as defined in section 38-33.3-103 (30), in a condominium; and

(D) Zoned or otherwise permitted by the local jurisdiction for the use specified in subsection (1)(s.5)(I)(A) of this section.

(II) "Lodging unit" means any property or portion of a property that is available for lodging; except that the term excludes a hotel unit.

(III) "Short-term rental" means the rental of a lodging unit for less than thirty days.

(IV) "Vacation rental service" means a person that operates a website or any other digital platform that provides a means through which an owner or owner's agent may offer a lodging unit, or portion thereof, for short-term rentals, and from which the person financially benefits;

(t) To require registration of businesses in the unincorporated portions of the county; except that such power does not include the power to license, collect a fee, or collect fines for such registrations. The county shall only publish registration information in a manner such that the business type is aggregated and does not allow for segregation of individuals or business who supplied the information.

(1.5) In addition to any other powers, the board of county commissioners has the power to adopt a resolution or an ordinance to:

(a) Regulate the possession or sale of cigarettes, tobacco products, or nicotine products, as defined by section 18-13-121 (5), to a minor consistent with section 18-13-121 (3);

(b) Limit smoking, as defined in section 25-14-203 (16), in any manner that is no less restrictive than the limitations set forth in the "Colorado Clean Indoor Air Act", part 2 of article 14 of title 25; and

(c) License or otherwise regulate the sale of cigarettes, tobacco products, or nicotine products.

(1.7) In addition to any other powers, a board of county commissioners may charge a fee for a local license and adopt resolutions or ordinances to establish requirements on businesses engaged in the storage, extraction, processing, or manufacturing of industrial hemp, as defined in section 35-61-101 (7), or hemp products, as defined in section 25-5-427 (2)(d). A county shall not impose additional food production regulations on hemp processors or hemp products if the regulations conflict with state law.

(2) (a) (I) Except as provided in subparagraph (II) of this paragraph (a), the ordinances described in subsection (1) of this section shall apply throughout the unincorporated area of the county including public and state lands and to any incorporated town or city that elects by ordinance or resolution to have the provisions thereof apply.

(II) The board of county commissioners may designate, by resolution, areas in the unincorporated territory of the county exclusively within which an ordinance adopted pursuant to this section shall apply. The board shall set forth a rational basis for the designation and hold a public hearing prior to making the designation at which any interested person shall have an opportunity to be heard.

(b) Any regulation imposed prior to January 1, 1980, by resolution adopted under any provision of law may, upon suitable accommodation to the pertinent ordinance adoption procedure set forth in this part 4, be reimposed by ordinance. In such cases the resolution shall continue in force and effect until the ordinance which replaces it becomes effective.

(c) Nothing in this part 4 shall be construed to affect any proceeding arising under or pursuant to the provisions of law in effect immediately prior to January 1, 1980.

(3) Paragraph (a) of subsection (1) of this section shall not apply to the transportation of sludge and fly ash or to the transportation of hazardous materials, as defined in the rules and regulations adopted by the chief of the Colorado state patrol pursuant to section 42-20-104 (1), C.R.S.

(4) Paragraph (a) of subsection (1) of this section shall not apply to the transporting of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials which are collected by a city, county, city and county, town, or other local subdivision within its jurisdictional limits, provided every vehicle so engaged in transporting the discarded materials has conformed to vehicle standards at least as strict as those prescribed in subparagraph (II) of paragraph (a) of subsection (1). Such governing body shall not grant an exclusive territory or regulate rates for the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials.

(5) Any provision of paragraph (a) of subsection (1) of this section to the contrary notwithstanding, the governing body of a city and county shall not be precluded from adopting ordinances, regulations, codes, or standards or granting permits issued pursuant to home rule authority; except that such governing body shall not grant an exclusive territory or regulate rates for the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials.

(6) If the board of county commissioners or the governing body of any other local governmental entity is providing waste services, including the collection and transportation of ashes, trash, waste, rubbish, garbage, or industrial waste products or any other discarded materials, within the limits of any county or other local subdivision on or after April 19, 1994, any private person seeking also to offer those services shall first give a one-year public notice advising of the intent to offer the services. If a private person or persons are providing waste services within the limits of any county or other local subdivision on or after April 19, 1994, any board of county commissioners or the governing body of any other local governmental entity seeking also to offer those services shall first give a one-year public notice advising of the intent to offer the services. The public notice shall be given in a local newspaper of general circulation in the area served by the waste service provider. The requirements of this subsection (6) shall not apply to any municipality or city and county subject to subsection (7.5) of this section.

(7) (a) Notwithstanding any other provision of law, nothing in this section shall prohibit the providing of waste services by a private person, if that person is in compliance with applicable rules and regulations, within the limits of any municipality, city and county, or special district operating pursuant to article 1 of title 32, if those services also are provided by a governmental body within the limits of that governmental unit. The governmental body may not compel industrial or commercial establishments or multifamily residences of eight or more units to use or pay user charges for waste services provided by the governmental body in preference to those services provided by a private person.

(b) Subject to the limitation set forth in subsection (6) of this section and notwithstanding paragraph (a) of this subsection (7) and subsection (7.5) of this section or any other provision of law, nothing in this section shall prohibit the providing of waste services by a private person within the limits of any county or other local subdivision if that person is in compliance with applicable rules and regulations. If services also are provided by a governmental body within the limits of the county or other local subdivision, the governmental body shall not compel any resident, including, but not limited to, an owner or tenant of industrial or commercial establishments or multifamily residences, to use or pay user charges for waste services provided by the governmental body in preference to those services provided by a private person.

(7.5) (a) Any requirement that municipal residents use or pay user charges for residential waste services pursuant to paragraph (a) of subsection (7) of this section may be affected by utilization of the initiative and referendum power reserved to the municipal electors in section 1 (9) of article V of the Colorado constitution.

(b) The governing body of any municipality or city and county that chooses, after April 19, 1994, to require use of or to commence the imposition of a fee for residential waste services pursuant to paragraph (a) of subsection (7) of this section in all or any portion of the jurisdiction, including any portion of the jurisdiction annexed after April 19, 1994, may do so subject to the following requirements:

(I) The governing body shall provide written notice to any private person who lawfully provides waste services within the jurisdiction and shall give a six-month public notice in a newspaper of general circulation within the jurisdiction prior to requiring the use or initial imposition of the fee. The notice shall include:

(A) The date upon which, and the area within the jurisdiction where, requiring use of or billing for residential waste services will commence; and

(B) An explanation of the option to request an opportunity to submit a proposal to provide residential waste services to that area.

(II) Any person may, within thirty days following publication or receipt of the notice, request in writing the opportunity to submit a proposal to provide residential waste services within the portion of the jurisdiction where required use of those services or imposition of the fee will commence. A request for an opportunity to submit a proposal shall suspend required use of the services or imposition of the residential waste services fee until a request for proposal process, as set forth in paragraph (c) of this subsection (7.5), is completed. Any person who has requested in writing an opportunity to submit a proposal to provide residential waste services pursuant to this subparagraph (II) is eligible to participate in the proposal process. If no written request is received within the time permitted, the governing body may proceed to require use of or impose a fee for residential waste services without conducting a request for proposal process as set forth in paragraph (c) of this subsection (7.5).

(III) Any municipality or city and county that complies with paragraph (c) of this subsection (7.5) shall not be subject to the provisions of section 31-12-119, C.R.S.

(IV) The requirements set forth in this subsection (7.5) shall not apply to any municipality or city and county that is legally requiring use of or imposing a fee for residential waste services within its jurisdiction pursuant to paragraph (a) of subsection (7) of this section on April 19, 1994, and, having complied with the notice requirements of subsection (6) of this section applicable at the time of the initiation of such residential waste services, chooses to extend the requirement for use of or imposition of the fee for residential waste services to areas within the jurisdiction that have not been annexed after April 19, 1994.

(c) The governing body shall conduct any request for a proposal process required pursuant to this subsection (7.5) as follows:

(I) The governing body shall mail a request for proposals to all private persons who are eligible to submit a proposal. The request for proposals shall include a description of the portion of the jurisdiction to which residential waste services will be provided and shall request a proposed price of providing those services.

(II) When the jurisdiction issuing the request for proposals chooses to submit a proposal, a certification of an independent auditor stating that the public entity's proposed price is not based on subsidization from entity revenue streams or operations unrelated to the provision of waste services shall be appended to the proposal.

(III) Following review of all proposals properly submitted, the governing body shall award a contract for the provision of residential waste services based upon the criteria set forth in the request for proposals.

(d) As used in this subsection (7.5), "residential waste services" means the collection and transportation of ashes, trash, waste, rubbish, garbage or industrial waste products, or any other discarded materials from sources other than industrial or commercial establishments or multifamily residences of eight or more units.

(7.7) (a) If the governing body of a jurisdiction selects a proposal submitted by the jurisdiction, any private person who submitted a proposal may request a review of the selection as provided in this subsection (7.7). A request for review shall be submitted to the governing body in writing within ten days following selection of the jurisdiction's proposal. The filing of a request shall suspend the award until the completion of the review provided in this subsection (7.7).

(b) (I) Upon receipt of a request, the governing body, or its designee, shall promptly select a reviewing auditor to conduct the review. The reviewing auditor shall commence and complete its review as expeditiously as practicable.

(II) As a part of that review, the reviewing auditor shall afford the person who submitted the request for review the opportunity to present the reviewing auditor his or her views with respect to the governing body's determination, subject to any reasonable procedures, guidelines, and limitations as the reviewing auditor may prescribe, including but not limited to requiring that those views be expressed in writing and submitted by a specific date and time. No person shall be permitted to alter any previously submitted proposal in any respect.

(III) The reviewing auditor shall review each of the proposals submitted, but the review shall be limited to determining:

(A) Whether the selection of the jurisdiction's proposal was made in a manner contrary to the procedure set forth in subsection (7.5) of this section or in the request for proposals;

(B) Whether the selection of the jurisdiction's proposal was clearly erroneous in light of the criteria set forth in the request for proposals; and

(C) Whether the certification of an independent auditor provided pursuant to subparagraph (II) of paragraph (c) of subsection (7.5) of this section is materially inaccurate.

(IV) Should the reviewing auditor find that the governing body's selection of a proposal was improper, the determination of the governing body shall be void, and the governing body shall reconsider as expeditiously as is practicable all proposals timely submitted and determine which proposals it will accept, giving due regard to the determination of the reviewing auditor. No person shall be entitled to alter any previously submitted proposal in any respect. If the reviewing auditor finds that the governing body's selection of a proposal was proper, the selection shall be valid and conclusive and shall not be subject to further challenge or review.

(V) The reviewing auditor's fee for performing a review pursuant to this subsection (7.7) shall be paid by the private person requesting the review; except that, if the governing body's selection of a proposal is found to be improper by the reviewing auditor, the municipality or city and county shall pay the fee.

(c) As used in this subsection (7.7), a reviewing auditor shall be a qualified, licensed, independent public accountant or public accounting firm selected by the governing body and shall certify to the governing body in writing that it is not being retained currently, has not been retained within the previous five years, and currently has no basis for believing it will be retained in the future by the governing body, any persons who have submitted proposals, or, to the accountant's or firm's knowledge after due inquiry, any of the governing body's or person's affiliates, partners, or relatives for the performance of accounting or other services.

(8) No ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power pursuant to this section or section 30-11-101 (1)(f) or (1)(g) or 30-11-107 (1)(u), (1)(w), (1)(y), (1)(z), or (1)(bb) or 25-1-508 (5)(g) or (5)(j), C.R.S., shall apply within the corporate limits of any incorporated municipality, nor to any municipal service, function, facility, or property whether owned by or leased to the incorporated municipality, outside the municipal boundaries, unless the municipality consents. If the municipality consents that any ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power shall apply within the municipality or to municipal services, functions, facilities, or property outside the municipal boundaries, such ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power shall be uniform within the municipality and the applicable

unincorporated areas of the county, unless the county and the municipality agree otherwise pursuant to part 2 of article 1 of title 29, C.R.S.

(9) (a) No ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power pursuant to this section shall apply within the jurisdictional boundaries of any special district enumerated in this subsection (9), nor to any special district service, function, facility, or property whether owned by or leased to the special district outside the special district boundaries if such ordinance, resolution, rule, regulation, service, function, or exercise of an authorized power would duplicate or interfere with any service or facility authorized and provided by such special district or contravene any power authorized and exercised by such special district, unless the county is specifically empowered by law to exercise authority with respect thereto, or the county and the special district agree otherwise pursuant to part 2 of article 1 of title 29, C.R.S.

(b) For purposes of this subsection (9), "special district" means any special district established pursuant to article 1 of title 32, C.R.S., the three lakes water and sanitation district established pursuant to article 10 of title 32, C.R.S., the urban drainage and flood control district established pursuant to article 11 of title 32, C.R.S., any metropolitan sewage disposal district established pursuant to part 4 of article 4 of title 32, C.R.S., any drainage district established pursuant to article 20 of title 37, C.R.S., the Cherry Creek basin water quality authority established pursuant to article 8.5 of title 25, C.R.S., any regional service authority established pursuant to article 7 of title 32, C.R.S., and the regional transportation district established pursuant to article 9 of title 32, C.R.S.

(10) Repealed.

(11) (a) (I) If a county is the permittee of a municipal separate storm sewer system permit issued pursuant to part 5 of article 8 of title 25, C.R.S., the board of county commissioners may adopt a storm water ordinance to develop, implement, and enforce the storm water management program required by the permit.

(II) The storm water ordinance may specify that the county may:

(A) Provide for and compel the abatement of any condition that causes or contributes to a violation of the permit or requirement from any property located within the unincorporated portion of the county at such time, upon such notice, and in such manner consistent with the terms of the permit as the board of county commissioners may prescribe by ordinance;

(B) Perform the abatement upon notice to and failure of the property owner to abate such condition; and

(C) Assess the reasonable cost of the abatement, including five percent for inspection and other incidental costs in connection therewith, upon the property from which such condition has been abated.

(III) Storm water ordinances adopted pursuant to this subsection (11) shall include provisions for applying for and exercising an administrative entry and seizure warrant issued by a county or district court having jurisdiction over the property from which the condition is to be abated. An assessment pursuant to this subsection (11) shall, once recorded, be a lien against such property until paid and shall have priority based upon its date of recording. If the assessment is not paid within a reasonable time specified by ordinance, the county clerk and recorder may certify that fact to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected. The laws of this state for assessment and collection of general taxes, including the

laws for the sale and redemption of property for taxes, shall apply to the collection of assessments pursuant to this subsection (11).

(b) (I) A county court or district court having jurisdiction over the property from which such condition is to be abated pursuant to the storm water ordinance shall issue an administrative entry and seizure warrant for the abatement of such condition upon presentation by a county of:

(A) Ordinance provisions that meet the requirements of paragraph (a) of this subsection (11);

(B) A sworn or affirmed affidavit stating the factual basis for such warrant;

(C) Evidence that the property owner has received notice of the condition and has failed to abate the condition within a reasonable prescribed period;

(D) A general description of the location of the property that is the subject of the warrant; and

(E) A general list of corrective action needed.

(II) Within ten days after the date of issuance of an administrative entry and seizure warrant pursuant to the provisions of this paragraph (b), the executing authority shall:

(A) Execute such warrant in accordance with directions by the issuing court;

(B) Provide or mail a copy of such warrant to the property owner; and

(C) Submit proof of the execution of such warrant, including a written inventory of any property impounded by the executing authority, to the court.

30-15-401.4. Statewide policy to prevent the operation of illicit massage businesses - local regulation authorized - background checks required - legislative declaration - definitions. (1) (a) The general assembly finds and declares that:

(I) Illicit massage businesses present a facade of legitimate services, concealing that the primary business is the sex and labor trafficking of victims who are trapped in these businesses;

(II) Human trafficking is a growing problem throughout Colorado;

(III) All local governments in the state already have authority to enact resolutions or ordinances to establish licensing authorities to regulate or otherwise regulate massage facilities and to deter and shut down illicit massage facilities; and

(IV) Because preventing the operation of illicit massage facilities by requiring current and prospective operators, owners, and employees of massage facilities to submit to periodic background checks is a matter of statewide concern and licensing and other regulation of massage facilities is a matter of mixed statewide and local concern that local governments have significant discretion to address in accordance with local needs, it is necessary, appropriate, and in the best interest of all Coloradans to:

(A) Require, uniformly throughout the state as a matter of statewide policy, that every current and prospective operator, owner, and employee of a massage facility submit to a

background check, which generally means a fingerprint-based criminal history record check, as required by this section; and

(B) Require every local government in the state that has a massage facility within its jurisdictional boundaries to establish a local process that ensures that the background checks are conducted throughout the state in accordance with the requirements and limitations set forth in this section.

(V) to (VIII) Repealed.

(b) The general assembly further finds and declares that:

(I) A local government may adopt a resolution or ordinance to establish business licensure requirements to regulate massage facilities or to regulate and prohibit unlawful activities for the sole purpose of deterring illicit massage businesses and preventing human trafficking;

(II) It is critical for effective local enforcement against human trafficking that local governments work together against this increasing criminal activity;

(III) Licensing authorities and local law enforcement agencies are encouraged to report to the department of regulatory agencies information regarding criminal activities involving massage therapists;

(IV) Most licensed massage therapists in Colorado are practicing lawfully and ethically; and

(V) The general assembly does not intend to make the practice of lawful massage therapy more difficult for massage therapists in Colorado.

(2) As used in this section, unless the context otherwise requires:

(a) "Advertise" means to publish, display, or disseminate information and includes, but is not limited to, the issuance of any card, sign, or direct mail, or causing or permitting any sign or marking on or in any building or structure or in any newspaper, magazine, or directory, or any announcement or display via any televised, computerized electronic, or telephonic networks or media.

(a.3) "Applicant" means a person who has submitted an application to a licensing authority for an initial license or renewal of a license to operate a massage facility.

(a.5) "Background check" means a fingerprint-based criminal history record check conducted in accordance with subsection (4)(c.5) of this section and section 24-33.5-424.5. "Background check" also includes, to the extent allowed or required, as applicable, by section 24-33.5-424.5 (1)(g) when a fingerprint-based criminal history record check cannot be completed or reveals a record of arrest without disposition, a criminal history record check using the Colorado bureau of investigation's records and a name-based judicial record check, as defined in section 22-2-119.3 (6)(d), performed using state judicial department records.

(a.7) Except as otherwise provided in subsection (2)(a.7)(II) of this section, "employee" means:

(I) (A) An individual who is employed by a massage facility; or

(B) An independent contractor who is hired by a massage facility to perform work that is part of the routine operations of the massage facility.

(II) For the purpose of determining who is required to submit to a background check required by subsection (4)(c.5) of this section, "employee" does not include:

(A) A massage therapist; or

(B) An independent contractor who performs janitorial services or other routine facility maintenance services for a massage facility and has no contact with or only incidental contact with clients of the massage facility.

(b) "Erotic parlor" means a facility that entices clients through advertising or other business practices directed towards sexual desire, lust, or passion.

(c) "Fully clothed" means fully opaque, nontransparent material that must not expose an employee's genitalia or substantially expose the employee's undergarments.

(d) "Illicit massage business" means a business that may provide massage but engages in human trafficking-related offenses, as described in sections 18-3-503 and 18-3-504.

(e) "Licensing authority" means the governing body of a local government or, if a local government has exercised its authority to adopt a resolution or ordinance that establishes licensure requirements for massage facilities or to regulate and prohibit unlawful activities related to massage facilities, any authority designated by the local government's charter or in a resolution or ordinance to administer or enforce the business licensure requirements, regulations, or prohibitions for massage facilities established by the local government.

(e.5) "Local government" means a home rule or statutory county, a city and county, or a home rule or statutory municipality.

(e.7) "Local law enforcement agency" means:

(I) A county sheriff's office;

(II) A municipal police department; or

(III) A town marshal's office.

(f) "Massage" or "massage therapy" has the same meaning as defined in section 12-235-104 (4).

(g) "Massage facility" means any place of business where massage therapy or full body massage is practiced or administered.

(h) "Massage therapist" has the same meaning as defined in section 12-235-104 (5).

(h.3) "Operator" means a person that is licensed by a licensing authority to operate a massage facility in accordance with a local resolution or ordinance or a person that is operating a massage facility without a license within the territory of a local government that does not require licensure of massage facilities; except that, for the purpose of determining whether a person is required to submit to a background check required by subsection (4)(c.5) of this section, "operator" does not include a massage therapist.

(h.5) "Owner" means a person other than an operator that holds a legal ownership interest in a massage facility; except that a person that is not involved in the operation of a massage facility and whose ownership interest consists only of stock in a publicly traded company that owns or operates a massage facility is not an owner.

(i) "Person" means a natural person, partnership, association, company, corporation, or organization or managing agent, servant, officer, partner, owner, operator, or employee of any of them.

(j) "Solo practitioner" means a licensed massage therapist, as defined in section 12-235-104 (5), performing the practice of massage therapy independently.

(k) "Table shower" means an apparatus for the bathing or massaging of a person on a table or in a tub.

(3) (a) In addition to any other powers, a local government may adopt a resolution or ordinance to establish business licensure requirements or to regulate and prohibit unlawful

activities to prevent the operation of illicit massage businesses that engage in human trafficking-related offenses as described in sections 18-3-503 and 18-3-504. If a local government adopts a resolution or ordinance to establish business licensure requirements pursuant to subsection (4) of this section or to prohibit unlawful activities pursuant to subsection (5) of this section, the resolution or ordinance must not be more restrictive than the requirements set forth in this section.

(b) When developing a resolution or ordinance for adoption pursuant to this section, a county and a municipality within the county shall consult with each other. By mutual agreement between a county and a municipality within the county, a municipality may elect to have a county's resolution or ordinance adopted pursuant to this section apply to massage facilities operating within the jurisdictional boundaries of the municipality in lieu of adopting its own ordinance or resolution.

(c) A local government is not required to adopt a resolution or ordinance as otherwise required by this subsection (3) if there are no massage facilities operating within the jurisdictional boundaries of the local government.

(3.5) Except as otherwise provided in subsection (3)(c) of this section, a local government shall establish a process in accordance with 34 U.S.C. sec. 41101, which must be established by ordinance or resolution, in accordance with 34 U.S.C. sec. 41101; must meet the criteria established by the federal bureau of investigation in implementing 34 U.S.C. sec. 41101; and must be performed in accordance with section 24-33.5-424.5, to require that, as a condition for a person remaining as or becoming an operator, owner, or employee:

(a) An operator, owner, or employee on the effective date of the resolution or ordinance submit to a background check performed in accordance with section 24-33.5-424.5 on or before the earlier of July 1, 2026, or any other date specified by a local government in its process;

(b) A prospective employee submit to a background check performed in accordance with section 24-33.5-424.5 before commencing employment with a massage facility; and

(c) A prospective operator or owner submit to a background check performed in accordance with section 24-33.5-424.5 at least thirty days before, as applicable, being granted a license to operate a massage facility or assuming an ownership interest in a massage facility that would make the prospective owner an owner.

(4) (a) If a local government adopts a resolution or ordinance to establish business licensure requirements for massage facilities as set forth in subsection (3)(a) of this section, the business licensure requirements may only include:

(I) Requiring that a massage facility obtain a license prior to opening for business and operating as a massage facility;

(II) Requiring a reasonable administrative fee not to exceed one hundred fifty dollars for issuing or renewing licensure applications. The fee must not be based on the number of employees. This subsection (4)(a)(II) applies only to new businesses applying for a license or renewal on or after August 10, 2022. Businesses that hold a license before August 10, 2022, are exempt from the administrative fees described in this subsection (4)(a)(II).

(III) Designating a licensing authority to receive, review, approve, or deny applications;

(IV) Allowing a licensing authority or a licensing authority's designee to deny an application if:

(A) A required administrative fee is not paid;

(B) The local government zoning or subdivision regulations do not allow for the operation of a massage facility;

(C) The applicant or an owner, prospective owner, or employee has been convicted of or entered a plea of guilty or nolo contendere that is accepted by the court for a felony or misdemeanor for solicitation of a prostitute, as described in section 18-7-202; a human trafficking-related offense, as described in section 18-3-503 or 18-3-504; money laundering, as described in section 18-5-309;

(D) The applicant or an owner, prospective owner, or employee is registered as a sex offender or is required by law to register as a sex offender, as described in section 16-22-103;

(E) (Deleted by amendment, L. 2024).

(F) The applicant has one or more previous revocations or suspensions of a license to operate a massage facility;

(G) An employee of the massage facility for which the applicant has filed an application for a license has not submitted to a required background check before commencing employment with the massage facility pursuant to subsections (4)(c) and (4)(c.5) of this section; or

(H) The applicant or an owner or prospective owner of the massage facility for which the applicant has filed an application for a license has not submitted to a required background check pursuant to subsections (4)(c) and (4)(c.5) of this section at least thirty days before, as applicable, being granted a license to operate the massage facility or assuming an ownership interest in a massage facility that would make the prospective owner an owner.

(V) Allowing a licensing authority or a licensing authority's designee the discretion to deny an application after considering, in accordance with section 24-5-101, an applicant's, owner's or prospective owner's, or employee's or prospective employee's conviction of or plea of guilty or nolo contendere that is accepted by the court for a felony or a misdemeanor for fraud or theft or embezzlement, as described in section 18-4-401;

(VI) Requiring licensees to maintain a list of employees on site with the start date of employment, full legal name, date of birth, home address, telephone number, and employment position of each employee;

(VII) Requiring licensees and employees to have valid government identification, including but not limited to a form of identification described in section 24-21-521 (4)(a) and, for licensed massage therapists, a form of identification required for licensed massage therapists as described in section 24-34-107 (1), that must be immediately presented to a licensing authority or the licensing authority's designees upon request;

(VIII) Requiring licensed massage therapists to maintain copies of valid massage therapy licensure, as required by article 235 of title 12, that must be immediately presented to a licensing authority, the licensing authority's designees, or law enforcement upon request;

(IX) Requiring licensees to maintain a complete set of records, which may include accounts, invoices, payroll, employment records, and a log book of all massage therapy administered at the massage facility. The log book must include, but need not be limited to, the date, time, and type of massage therapy administered, and the name of the massage therapist administering the massage therapy. The licensee shall retain the records in the log book for a minimum of one year following the administration of massage therapy. Local law enforcement or the licensing authority, or the licensing authority's designee, may inspect the set of records during business hours.

(X) Designating the licensing authority, or the licensing authority's designees, responsible for the enforcement of the resolution or ordinance;

(XI) Setting penalties for the violation of prohibited activities as described in subsection (5) of this section;

(XL.5) Granting the licensing authority, or the licensing authority's designees, authority to revoke or suspend a license if:

(A) The licensee employs a person who has not submitted to a background check or an owner of the massage facility has not submitted to a background check as required pursuant to subsections (4)(c) and (4)(c.5) of this section;

(B) The licensee employs a person who has been convicted of or entered a plea of nolo contendere that is accepted by the court for an offense listed in subsection (4)(a)(IV)(C) of this section or is registered as a sex offender or is required by law to register as a sex offender, as described in section 16-22-103; or

(C) An owner of the licensed massage facility has been convicted of or entered a plea of nolo contendere that is accepted by the court for an offense listed in subsection (4)(a)(IV)(C) of this section or is registered as a sex offender or is required by law to register as a sex offender, as described in section 16-22-103; and

(XII) Granting a licensing authority, or licensing authority's designees, the authority to revoke or suspend a license for violating prohibited acts pursuant to subsection (5) of this section. A licensing authority, or the licensing authority's designees, may temporarily suspend a license with a hearing to be scheduled within fifteen days when the licensing authority finds:

(A) The licensee willfully failed to disclose any information on the application as required;

(B) The licensee knowingly permitted a person who does not hold a valid license pursuant to section 12-235-107 to perform massage therapy;

(C) A pattern of activity that the massage facility is committing human trafficking-related offenses, as described in sections 18-3-503 and 18-3-504; and

(D) The licensee failed to permit an inspection at a time the massage facility was open for business.

(b) The licensing authority may issue a temporary massage facility license upon receipt of a completed massage facility license application involving the sale or change of ownership in a business. The temporary massage facility license is valid for thirty days, and the licensing authority shall renew the temporary massage facility license every thirty days until approval or denial of the massage facility license.

(c) In investigating the fitness of any applicant, owner or prospective owner, or employee or prospective employee, a licensing authority shall require the applicant, owner or prospective owner, or employee or prospective employee to submit to a background check in accordance with subsection (4)(c.5) of this section. When considering an applicant's, owner's or prospective owner's, or employee's or prospective employee's criminal history record, the licensing authority shall also consider any information provided by the applicant, owner or prospective owner, or employee or prospective employee regarding the criminal history, including, but not limited to, evidence of mitigating factors, rehabilitation, character references, and educational achievements, especially the mitigating factors pertaining to the period between the applicant's, owner's or prospective owner's, or employee's or prospective employee's last criminal conviction and the consideration of the applicant's, owner's or prospective owner's, or

employee's or prospective employee's application for a license or renewal, ownership or prospective ownership of a massage facility, or employment or prospective employment by a massage facility.

(c.5) Repealed.

(d) A licensing authority, or the licensing authority's designee, may report information to the department of regulatory agencies regarding criminal activity involving a licensed massage therapist.

(4.5) (a) A person is prohibited from being an owner if the person either:

(I) Has not submitted to a required background check at least thirty days before assuming an ownership interest in a massage facility that would make the prospective owner an owner pursuant to subsections (4)(c) and (4)(c.5) of this section; or

(II) Has been convicted of or entered a plea of nolo contendere that is accepted by the court for an offense listed in subsection (4)(a)(IV)(C) of this section or is registered as a sex offender or is required by law to register as a sex offender, as described in section 16-22-103.

(b) An operator or owner is prohibited from employing as an employee a person who has not submitted to a required background check pursuant to subsections (4)(c) and (4)(c.5) of this section.

(c) An operator or owner that learns that a prospective employee or employee has been convicted of or entered a plea of nolo contendere that is accepted by the court for an offense listed in subsection (4)(a)(IV)(C) of this section or is registered as a sex offender or is required by law to register as a sex offender, as described in section 16-22-103, may hire the prospective employee to work at a massage facility or continue to employ the employee at a massage facility if the operator or owner believes that employing the prospective employee or employee does not pose a threat to customers or employees of the massage facility.

(5) A local government may adopt a resolution or ordinance to prohibit activities to prevent the operation of illicit massage businesses that engage in human trafficking-related offenses as described in sections 18-3-503 and 18-3-504. Prohibited activities include:

(a) Allowing a person who does not hold a massage therapy license pursuant to section 12-235-107 to perform massage in a massage facility;

(b) Advertising to a prospective client that services, including prostitution, sexual acts, escort services, sexual services, or services related to human trafficking disguised as legitimate services, are available;

(c) Permitting sexual acts or sexual services within or near a massage facility or in relation to massage therapy;

(d) Denying inspection of a massage facility by law enforcement or inspectors of a licensing authority;

(e) Refusing, interfering with, or eluding immediate identification of employees of the massage facility to law enforcement or a licensing authority's appointed inspectors;

(f) Failing to immediately report to law enforcement any act of sexual misconduct occurring in a massage facility;

(g) Allowing an employee or contractor of a massage facility to provide massage therapy without being fully clothed;

(h) Requiring client nudity as part of a massage without the client's prior consent;

(i) Allowing a massage facility to be open and practicing massage therapy without a licensed massage therapist on the premises;

(j) Permitting a person in a massage facility to make an agreement with an employee or contractor to engage in any prostitution-related offense in the massage facility or any other location;

(k) Permitting a massage facility to be used for housing, sheltering, or harboring any person, or as living or sleeping quarters for any person; except that an owner and the owner's family members who operate a massage facility as a home business are exempt from the prohibited activity in this subsection (5)(k); and

(l) Operating an erotic parlor on the premises of a massage facility.

(6) (a) If authorized by the local government resolution or ordinance, a law enforcement officer may follow the penalty assessment procedure described in section 16-2-201 for any violation of the prohibitions set forth in subsection (5) of this section. As part of the local government ordinance or resolution authorizing the penalty assessment procedure, the local government may adopt a graduated fine schedule for violations of the prohibitions set forth in subsection (5) of this section. A graduated fine schedule may provide for increased penalty assessments for repeat offenses by the same person.

(b) A local government may specify in the resolution or ordinance that a massage facility that engages in two or more violations of the resolution or ordinance is a public nuisance, as described in section 16-13-303, unless the violation is already a public nuisance, as described in section 16-13-303. The county attorney of a county, the city attorney of a city and county, the city or town attorney of a municipality, or the district attorney acting pursuant to section 16-13-302, may bring an action in the district court of the county for an injunction against the massage facility that violates the resolution or ordinance.

(7) A massage facility does not include:

(a) Training rooms in public and nonpublic institutions of higher education, as defined in section 23-3.1-102 (5);

(b) Training rooms of recognized professional or amateur athletic teams;

(c) Offices, clinics, or other facilities in which medical professionals licensed by the state of Colorado, or any other state, provide massage services to the public in the ordinary course of the medical profession;

(d) Medical facilities licensed by the state;

(e) Barber shops, beauty salons, and other facilities in which barbers and cosmetologists licensed by the state provide massage services to the public in the ordinary course of the profession;

(f) Bona fide athletic clubs that are not engaged in the practice of providing massage therapy to the members or to the public for remuneration or if an athletic club does not receive more than ten percent of its gross income providing massages to the athletic club's members or to the public;

(g) A place of business where a person offers to perform or performs massage therapy:

(I) For seventy-two hours or less in a six-month period; and

(II) As part of a public or charity event in which the primary purpose is not to provide massage therapy; and

(h) A place of business where a licensed massage therapist practices as a solo practitioner and:

(I) Does not use a business or assumed name; or

(II) Uses a business or assumed name and provides the massage therapist's full legal name or license in each advertisement, and each time the business name or assumed name appears in writing; and

(III) Does not maintain or operate a table shower.

30-15-401.5. Fire safety standards. (1) In addition to any other powers granted by the general assembly, the board of county commissioners of each county has the power to adopt ordinances to provide for minimum fire safety standards which shall be modeled upon those contained in the uniform fire code, including the table of contents, indices, appendices, and tables, as promulgated by the international conference of building officials, the international fire code institute, and the western fire chiefs association.

(2) A board of county commissioners may adopt such ordinances only after it has approved the formation of and received the recommendations of a permanent commission, to be known as the fire code adoption and revision commission. The commission shall consist of the board or its designees, the fire chiefs whose departments or districts lie partially or wholly within the portion of the affected county encompassed by the proposed fire code, and such other members as the board may appoint. Members of the commission appointed by the board shall serve at the pleasure of the board. Members of the commission shall receive no compensation or reimbursement of expenses for their services on the commission.

(3) Such ordinances shall apply to all or a portion of the unincorporated area of the county and any incorporated town or city which elects by ordinance or resolution to have the provisions thereof apply.

(4) A fire protection district or county improvement district providing fire protection services may propose fire code provisions for its district that may be different from the minimum fire safety standards adopted by the county. Such provisions shall be effective within the petitioning fire protection district or county improvement district providing fire protection services only upon the approval of the board.

(5) No fire code provisions adopted pursuant to this section shall apply within any municipality unless the governing body of the municipality adopts a resolution stating that such provisions shall be applicable within its boundaries.

(6) The provisions of subsection (3) of this section shall not apply to farms or ranches.

(7) Fire protection districts organized pursuant to article 1 of title 32, C.R.S., and county improvement districts providing fire protection services organized pursuant to part 5 of article 20 of this title shall enforce the fire safety standards adopted by county ordinances within the fire district's jurisdiction. The county commissioners may contract with an enforcement agency for areas of the county not receiving fire protection.

(8) Nothing in this section shall be construed to affect the validity of any ordinance adopted by a board of county commissioners before July 1, 1985.

(9) Nothing in this section shall be construed to require a board of county commissioners to provide fire protection services to any area of the county or to require a board of county commissioners to adopt fire safety standards.

(10) Notwithstanding any other provision of this section, no fire protection district shall prohibit the sale of permissible fireworks, as defined in section 24-33.5-2001 (11), within its jurisdiction.

30-15-401.7. Determination of fire hazard area - community wildfire protection plans - adoption - legislative declaration - definitions. (1) (a) The general assembly hereby finds, determines, and declares that:

(I) Community wildfire protection plans, or CWPPs, are authorized and defined in section 101 of Title I of the federal "Healthy Forests Restoration Act of 2003", Pub.L. 108-148, referred to in this section as "HFRA". Title I of HFRA authorizes the secretaries of agriculture and the interior to expedite the development and implementation of hazardous fuel reduction projects on federal lands managed by the United States forest service and the bureau of land management when these agencies meet certain conditions. HFRA emphasizes the need for federal agencies to work collaboratively with local communities in developing hazardous fuel reduction projects, placing priority on treatment areas identified by the local communities themselves in a CWPP. The wild land-urban interface area is one of the identified property areas that qualify under HFRA for the use of this expedited environmental review process.

(II) The development of a CWPP can assist a local community in clarifying and refining its priorities for the protection of life, property, and critical infrastructure in its wildland-urban interface area. The CWPP brings together diverse federal, state, and local interests to discuss their mutual concerns for public safety, community sustainability, and natural resources. The CWPP process offers a positive, solution-oriented environment in which to address challenges such as local fire-fighting capability, the need for defensible space around homes and housing developments, and where and how to prioritize land management on both federal and nonfederal lands. CWPPs can be as simple or complex as a local community desires.

(III) The adoption of a CWPP brings many benefits to the state and adopting local community, including:

(A) The opportunity to establish a locally appropriate definition and boundary for the wildland-urban interface area;

(B) The opportunity to study the effect of fire ratings and combustibility standards for building materials used in wildland-urban interface areas;

(C) The establishment of relations with other state and local government officials, local fire chiefs, state and national fire organizations, federal land management agencies, private homeowners, electric, gas, and water utility providers in the subject area, and community groups, thereby ensuring collaboration among these groups in initiating a planning dialogue and facilitating the implementation of priority actions across ownership boundaries;

(D) Specialized natural resource knowledge and technical expertise relative to the planning process, particularly in the areas of global positioning systems and mapping, vegetation management, assessment of values and risks, and funding strategies; and

(E) Statewide leadership in developing and maintaining a list or map of communities at risk within the state and facilitating work among federal and local partners to establish priorities for action.

(IV) CWPPs give priority to projects that provide for the protection of at-risk communities or watersheds or that implement recommendations in the CWPP.

(V) CWPPs assist local communities in influencing where and how federal agencies implement fuel reduction projects on federal lands and how additional federal funds may be distributed for projects on nonfederal lands, and in determining the types and methods of treatment that, if completed, would reduce the risk to the community.

(VI) The development of CWPPs promotes economic opportunities in rural communities.

(b) By enacting this section, the general assembly intends to facilitate and encourage the development of CWPPs in counties with fire hazard areas in their territorial boundaries and to provide more statewide uniformity and consistency with respect to the content of CWPPs in counties needing protection against wildfires.

(2) As used in this section, unless the context otherwise requires:

(a) "CWPP" means a community wildfire protection plan as authorized and defined in section 101 of Title I of the federal "Healthy Forests Restoration Act of 2003", Pub.L. 108-148.

(b) "Fire hazard area" means an area mapped by the Colorado state forest service, identified in section 23-31-302, C.R.S., as facing a substantial and recurring risk of exposure to severe fire hazards.

(3) (a) Not later than January 1, 2011, the board of county commissioners of each county, with the assistance of the state forester, shall determine whether there are fire hazard areas within the unincorporated portion of the county.

(b) Not later than one hundred eighty days after determining there are fire hazard areas within the unincorporated portion of a county, the board of county commissioners, in collaboration with the representatives of the organizations or entities enumerated in section 23-31-312 (3), C.R.S., that established the guidelines and criteria, shall prepare a CWPP for the purpose of addressing wildfires in fire hazard areas within the unincorporated portion of the county. In preparing the CWPP, the board shall consider the guidelines and criteria established by the state forester and such representatives pursuant to section 23-31-312 (3), C.R.S.

(c) Notwithstanding any other provision of this section, a county that has already prepared a CWPP or an equivalent plan as of August 5, 2009, and, in connection with such preparation, considered the guidelines and criteria established by the state forester and designated representatives pursuant to section 23-31-312 (3), C.R.S., shall not be required to prepare a new CWPP to satisfy the requirements of this section.

30-15-402. Violations - penalty - surcharges - victim and witness assistance - brain injury trust fund. (1) Any person who violates any county ordinance adopted pursuant to this

part 4 commits a civil infraction or, in the case of traffic offenses, commits a traffic infraction, and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars for each separate violation. If authorized by the county ordinance, the penalty assessment procedure provided in section 16-2-201 may be followed by any arresting law enforcement officer for any such violation. As part of said county ordinance authorizing the penalty assessment procedure, the board of county commissioners may adopt a graduated fine schedule for such violations. Such graduated fine schedule may provide for increased penalty assessments for repeat offenses by the same individual. In the case of county traffic ordinance violations, the provisions of sections 42-4-1701 and 42-4-1703, and sections 42-4-1708 to 42-4-1718, shall apply; except that the fine or penalty for a violation charged and the surcharge thereon if authorized by county ordinance shall be paid to the county.

(2) In addition to the penalties prescribed in subsection (1) of this section, persons convicted of a violation of any ordinance adopted pursuant to this part 4 are subject to:

(a) A surcharge of ten dollars that shall be paid to the clerk of the court by the defendant. Each clerk shall transmit the moneys to the court administrator of the judicial district in which the offense occurred for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district pursuant to section 24-4.2-103, C.R.S.

(b) (Deleted by amendment, L. 2004, p. 1012, § 1, effective August 4, 2004.)

(3) In addition to the penalties prescribed in subsection (1) of this section, persons convicted of operating a vehicle in excess of the speed limit in violation of an ordinance adopted pursuant to section 30-15-401 (1)(h) are subject to a surcharge of twenty dollars that shall be paid to the clerk of the court by the defendant. Each clerk shall transmit the money to the state treasurer, who shall credit the same to the Colorado brain injury trust fund created pursuant to section 26-1-309.

30-15-402.5. Enforcement personnel - peace officer designation. (1) Personnel designated by ordinance duly adopted to enforce county ordinances adopted pursuant to this part 4, however titled or administratively assigned, may issue citations or summonses and complaints enforcing county ordinances without regard to the certification requirements of part 3 of article 31 of title 24, C.R.S.

(2) Nothing in this section is intended to vest authority in any person so engaged to enforce any resolution or ordinance through execution of an administrative entry and seizure warrant issued pursuant to section 30-15-401 or through exercise of any power other than the power to issue a citation or summons and complaint as described in subsection (1) of this section.

30-15-404. Majority must vote for ordinances - proving ordinances. All ordinances shall require for their passage or adoption the concurrence of a majority of the board of county commissioners. All ordinances may be proven by the seal of the county, and, when printed in book or pamphlet form and purporting to be printed and published by authority of the county, the same shall be received in evidence in all courts and places without further proof.

Source: L. 79: Entire part added, p. 1145, § 1, effective May 24.

30-15-405. Record and publication of ordinances. All ordinances, as soon as may be after their adoption, shall be recorded in a book kept for that purpose and shall be authenticated by the signatures of the chairman of the board of county commissioners and the county clerk and recorder. All ordinances of a general or permanent nature and those imposing any fine, penalty, or forfeiture, following adoption, shall be published by title only and shall contain the date of the initial publication and shall reprint in full any section, subsection, or paragraph of the ordinance which was amended following the initial publication. Publication following adoption may be in full at the discretion of the board of county commissioners. It is a sufficient defense to any suit or prosecution for such fine, penalty, or forfeiture to show that no publication was made. If there is no newspaper published or having a general circulation within the limits of the county, then, upon a resolution being passed by the board of county commissioners to that effect, ordinances may be published by posting copies thereof in three public places within the limits of the county, to be designated by the board of county commissioners. Except for ordinances calling for special elections or necessary to the immediate preservation of the public health or safety and containing the reasons making the same necessary in a separate section, such ordinances shall not take effect and be in force before thirty days after they have been so published. The excepted ordinances shall take effect upon adoption. A copy of an appropriate section or sections of the book of ordinances provided for in this section, certified as correct by the county clerk and recorder, shall be taken and considered in all courts of this state as prima facie evidence that such ordinances have been published as provided by law.

30-15-406. Reading before board of county commissioners - publication. No ordinance shall be adopted by any board of county commissioners of any county in this state unless the same has been previously introduced and read at a preceding regular or special meeting of such board and published in full in one newspaper of general circulation published in such county at least ten days before its adoption. If there is no such newspaper published in the county, copies of the proposed ordinance shall be posted in at least six public places in such county at least ten days prior to its adoption. Such previous introduction of such ordinance at

such preceding meeting of the board of county commissioners and the fact of its publication in such newspapers or by posting shall appear in the certificate and the attestation of the county clerk and recorder on such ordinance after its adoption.

30-15-410. County courts - jurisdiction. County courts, in their respective counties, have jurisdiction in prosecutions of violations of county ordinances. The simplified county court procedures set forth in part 1 of article 2 of title 16, C.R.S., and the penalty assessment procedures set forth in part 2 of said article shall be applicable to the prosecution of violations of county ordinances. Any summons and complaint brought in any county court shall be filed in the name of the county by and on behalf of the people of the state of Colorado. Any process issued from a county court shall be likewise denominated. It is the duty of the sheriff and undersheriff and deputies, in their respective counties, to enforce the provisions of county ordinances.

PART 5

DANCE HALLS

Editor's note: This part 5 was added with relocations in 2017. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

30-15-501. License required. No person, partnership, or corporation shall operate, conduct, carry on, or maintain a public dance hall, booth, pavilion, or other place where public dances are held without first obtaining a license therefor. Any person, firm, or corporation desiring such license shall make application therefor in writing to the board of county commissioners of the county in which the public dance hall, booth, pavilion, or other place is proposed to be located. The application shall state the name and address of the applicant, if a person; the names and addresses of all the persons composing the partnership, if a partnership; and the names and addresses of the officers and directors of the corporation, if a corporation; a full description of the place and premises at which it is proposed to conduct and carry on such public dances; and the term for which the license is desired. The board of county commissioners has the authority, within its discretion, to grant such license to an applicant for the current calendar year or part thereof unexpired upon the payment by the applicant of a fee of twenty-five dollars to the county treasurer. The license shall authorize the person, firm, or corporation receiving it to operate, conduct, and carry on a public dance hall, booth, or pavilion at such place for the term from the date of its issue to the end of the current calendar year for which it is issued. This part 5 shall not apply to incorporated cities and towns.

PART 1

GENERAL ASSISTANCE

30-17-101. Legislative declaration. It is the intent of the general assembly in the enactment of this part 1 to enable each county to provide a means of temporary general assistance to poor persons who reside in the county or to transients. Such temporary general assistance is necessarily restricted by the limited ability of county government to make appropriations therefor.

30-17-102. Counties may provide temporary general assistance to the poor. Each county may provide temporary general assistance to the poor who reside in the county or to transients. If such provision is made, each county may provide eligible recipients with such relief as, in the judgment of the board of county commissioners, is needed.

Source: **L. 81:** Entire article R&RE, p. 1451, § 1, effective May 22.

30-17-103. Standards and guidelines. (1) If a temporary general assistance program is undertaken, the board of county commissioners of each county, by ordinance, shall establish standards and guidelines for determining who is eligible to receive temporary general assistance, what types of assistance shall be offered, what amounts of assistance shall be paid, and for what periods of time such assistance shall be offered.

(2) In adopting and promulgating such standards and guidelines, the board of county commissioners may establish requirements of residency for a specified minimum period, not to exceed six months, and may also set different residency requirements for different types of relief.

(3) The board of county commissioners, in the standards and guidelines adopted pursuant to this article, may require that any applicant for temporary general assistance search for employment and accept employment that is offered and also enroll with the divisions of employment and training and unemployment insurance in order to be eligible to receive temporary general assistance. The requirements, however, do not apply to an applicant who is unable to work due to a temporary disability. The board may require verification of a disability by a medical examination. The requirements to search for employment do not apply to persons who are sixty-five years of age and older.

Editor's note: The effective date for amendments to subsection (3) by House Bill 12-1120 (chapter 27, Session Laws of Colorado 2012) was changed from August 8, 2012, to June 1, 2012 by House Bill 12S-1002 (First Extraordinary Session, chapter 2, p. 2432, Session Laws of Colorado 2012.)

30-17-104. Burial expenses. Each county shall also provide for the decent burial of any person who dies within the county who does not leave sufficient funds for such burial and whose

family is either financially unable to provide for such burial or cannot be contacted within a reasonable time.

30-17-107. Reimbursement to county. If at any time the recipient of temporary general assistance acquires funds or other property, he shall be answerable to the county for the expense of the relief furnished. If the recipient fails to reimburse the county upon demand, the county may assert its claim for reimbursement in any court of competent jurisdiction.

PART 1

SOLID WASTES DISPOSAL SITES AND FACILITIES

Law reviews: For article, "Solid Waste Disposal: Caught in the Act?", see 16 Colo. Law. 1010 (1987).

30-20-100.5. Legislative declaration. (1) The general assembly hereby finds and declares that:

- (a) Proper disposal of solid wastes is a matter of mixed statewide and local concern;
- (b) Improper disposal of solid wastes poses significant public health risks, environmental hazards, and long-term liability for the citizens of the state;

(b.5) State and local governments have a joint responsibility to work in partnership to address environmental and public health risks that may result from local-government-owned landfills, and public officials must ensure the safe and cost-effective management and disposal of solid waste for their communities;

(c) (I) Colorado citizens are increasingly voicing their concerns about solid waste issues. Such concerns include the following:

(A) How citizens can make maximum use of waste reduction and recycling programs as part of such citizens' personal environmental commitment;

(B) Concerns of citizens relating to the siting of a solid wastes site and facility near their homes; and

(C) Challenges to public officials to react responsibly to assure safe and cost-effective solid waste management and disposal for their community over the next five to ten years.

(II) Reflecting such concerns, private citizens and companies have joined with local and state officials to address the needs of Colorado concerning solid waste.

(d) Optimal solid waste management in Colorado should include the following elements:

(I) The state government, local governments, and private companies and citizens of Colorado each must play important roles in the management of solid waste in Colorado.

(II) A statewide system of integrated solid waste management planning is necessary to meet Colorado's solid waste disposal needs over the next twenty years. Local governments and their citizens should be encouraged to work toward consensus concerning their solid waste disposal needs and concerning the types and numbers of solid wastes sites and facilities necessary or desirable in their areas.

(III) State and local efforts in this area must be focused toward the reduction of the volume and toxicity of the waste stream. Realistic waste reduction goals should be established and state and local solid waste management goals should strive to achieve such goals through source reduction, recycling, composting, and similar waste management strategies.

(IV) Renewed efforts and new mechanisms are needed to ensure the full participation of the public in all phases of solid waste decision-making. All participants and concerned parties must contribute to a continuing, dedicated effort to inform and educate the public concerning solid waste and its impact on public health and the environment.

(V) A strong component of statewide waste management efforts shall be the minimization of illegal disposal of solid wastes through the provision of the appropriate kinds and numbers of solid waste sites and facilities as needed to handle, treat, and dispose of solid waste in all areas of the state.

30-20-101. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Approved site or facility" means a site or facility for which a certificate of designation has been obtained, as provided in this part 1.

(1.5) "Closed site or facility" means a site or facility that has been closed in accordance with provisions of the federal regulations pursuant to subtitle D of the federal "Resource Conservation and Recovery Act of 1976", as amended, as published in 40 CFR 258.60, and in the manner specified in the approved certificate of designation application at the time of approval of the site or facility or in a closure plan that has been approved by the department.

(2) "Department" means the department of public health and environment.

(2.3) "Excluded scrap metal" means processed scrap metal, unprocessed home scrap metal, and unprocessed prompt scrap metal.

(2.5) "Governing body having jurisdiction" means the board of county commissioners if a site and facility is located in any unincorporated portion of a county and means the governing body of the appropriate municipality if a site and facility is located within an incorporated area.

(2.6) "Home scrap metal" means scrap metal generated by steel mills, foundries, and refineries, including, but not limited to, turnings, cuttings, punchings, and borings.

(2.7) "Landfill gases" means gases formed by the decomposition of buried solid waste. Landfill gases include, but are not limited to, methane.

(2.8) "Municipality" means a home rule or statutory city, town, or city and county or a territorial charter city.

(3) "Person" means an individual, partnership, private or municipal corporation, firm, board of a metropolitan district or sanitation district, or other association of persons.

(3.5) "Processed scrap metal" means scrap metal that has been manually or physically altered to separate it into distinct materials to enhance economic value or to improve the handling of materials. Processed scrap metal includes, but is not limited to:

(a) Scrap metal that has been baled, shredded, sheared, chopped, crushed, flattened, cut, melted, or separated by metal type; and

(b) Fines, drosses, and related materials that have been agglomerated.

(3.7) "Prompt scrap metal" means scrap metal generated by the metal working or fabrication industries, including, but not limited to, turnings, cuttings, punchings, and borings. "Prompt scrap metal" includes industrial metal scrap and new scrap metal.

(4) "Recyclable materials" means any type of discarded or waste material that is not regulated under section 25-8-205 (1)(e), C.R.S., and can be reused, remanufactured, reclaimed, or recycled, but not including recycled auto parts or excluded scrap metal that is being recycled, or scrap that is composed of worn out metal or a metal product that has outlived its original use, commonly referred to as obsolete scrap.

(5) "Recycling operation" means that part of a solid wastes disposal facility or a part of a general disposal facility at which recyclable materials may be separated from other materials for further processing.

(5.5) "Shredded circuit boards" means shredded electronic circuit boards that:

(a) Are stored in containers that are sufficient to prevent any release to the environment prior to recovery; and

(b) Do not contain mercury switches, mercury relays, nickel-cadmium batteries, or lithium batteries.

(5.8) "Solid and hazardous waste commission" means the solid and hazardous waste commission created in section 25-15-302, C.R.S.

(6) (a) "Solid waste" means any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility, and other discarded material,

including solid, liquid, semisolid, or contained gaseous material resulting from industrial or commercial operations or from community activities.

(b) "Solid waste" does not include:

- (I) Any solid or dissolved materials in domestic sewage;
- (II) Agricultural wastes;
- (III) Solid or dissolved materials in irrigation return flows;
- (IV) Industrial discharges which are point sources subject to permits under the provisions of the "Colorado Water Quality Control Act", article 8 of title 25, C.R.S.;

(V) Materials handled at facilities licensed pursuant to the provisions on radiation control in article 11 of title 25, C.R.S.;

(VI) Exploration and production wastes, as defined in section 34-60-103, except as the exploration and production wastes may be deposited at a commercial solid waste facility;

(VII) Excluded scrap metal that is being recycled; or

(VIII) Shredded circuit boards that are being recycled.

(7) "Solid wastes disposal" means the storage, treatment, utilization, processing, or final disposal of solid wastes.

(8) "Solid wastes disposal site and facility" means the location and facility at which the deposit and final treatment of solid wastes occur.

(8.5) (Deleted by amendment, L. 2006, p. 1133, § 14, effective July 1, 2006.)

(9) "Transfer station" means a facility at which refuse, awaiting transportation to a disposal site, is transferred from one type of containerized collection receptacle and placed into another or is processed for compaction.

(10) "Water quality control commission" means the water quality control commission created in section 25-8-201, C.R.S.

30-20-101.5. Additional powers of the department - legislative declaration. (1) The general assembly hereby finds and declares that a solid waste management program shall be created in and administered by the department and shall be implemented to protect human health and the environment in a manner that:

- (a) Promotes a community ethic to reduce or eliminate waste problems;
- (b) Is credible and accountable to the industry and the public;
- (c) Is innovative and cost effective; and
- (d) Protects the environmental quality of life for affected residents as required by the requirements of this part 1 and any rules promulgated in connection therewith.

(2) The department shall develop, implement, and continuously improve as necessary policies and procedures for carrying out its statutory responsibilities at the lowest possible cost while satisfying the legislative intent expressed in subsection (1) of this section. At a minimum, the policies and procedures shall, to the extent practicable, include the establishment of the following:

- (a) Cost-effective level-of-effort guidelines for reviewing submittals, including without limitation permit applications and design and operation plans to assure conformity with regulatory requirements, taking into consideration the degree of risk addressed and the complexity of the issues raised;

- (b) Cost-effective level-of-effort guidelines for performing inspections that focus on major violations of regulatory requirements that pose an immediate and significant threat to human health and the environment;

- (c) Cost-effective level-of-effort guidelines for enforcement activity;

- (d) Schedules for the timely completion of department activities including without limitation submittal reviews, inspections, and inspection reports;

- (e) A prioritization methodology for completing activities that focuses on actual risk to human health and the environment;

- (f) A preference for compliance assistance with at least ten percent of the annual budget amount of the program being allocated to compliance assistance efforts;

- (g) A preference for alternative dispute resolution mechanisms to timely resolve disputed issues; and

- (h) A mechanism that continuously assesses and provides incentives for further improvements and policies and procedures of the department.

(3) Notwithstanding section 24-1-136 (11)(a)(I), on or before February 1, 2008, and not later than February 1 of each year thereafter, the department shall submit a report to the standing committee of reference in each house of the general assembly exercising jurisdiction over matters concerning public health and the environment that describes the status of the solid waste management program, the department's efforts to satisfy its statutory responsibilities at the lowest possible cost while meeting the legislative intent specified in subsection (1) of this section, and the department's implementation of the authority to accept environmental covenants created pursuant to section 25-15-321.

30-20-102. Unlawful to operate site and facility without certificate of designation - rules - exceptions. (1) Except as otherwise specified in this section, a person who owns or operates a solid wastes disposal site and facility shall first obtain a certificate of designation from the governing body having jurisdiction over the area in which such site and facility is located.

(2) Except as otherwise specified in this section, solid wastes disposal by any person is prohibited except on or at a solid wastes disposal site and facility for which a certificate of designation has been obtained as provided in section 30-20-105.

(3) A person other than a governmental unit may dispose of the person's own solid wastes on the person's own property, as long as such solid wastes disposal site and facility complies with the rules of the solid and hazardous waste commission and does not constitute a public nuisance. For the purposes of this part 1, such solid wastes disposal site and facility shall be an approved site for which obtaining a certificate of designation under section 30-20-105 is unnecessary. This subsection (3) does not preclude any person from applying for a certificate of designation for the disposal of the person's own solid wastes on the person's own property.

(4) A person who is engaged in mining operations pursuant to a permit issued by the mined land reclamation board or office of mined land reclamation that contains an approved plan of reclamation may dispose of solid wastes generated by such operations within the permitted area for such operations. For the purposes of this part 1, such solid wastes disposal site and facility is an approved site for which obtaining a certificate of designation under section 30-20-105 is unnecessary.

(5) Any site and facility operated for the purpose of processing, reclaiming, or recycling recyclable materials shall not be considered a solid wastes disposal site and facility and shall not require a certificate of designation as a solid wastes disposal site and facility; except that, after an initial accumulation period specified by rule, such a site or facility shall maintain documentation that proves recyclable materials are being recycled at the site at a rate that approximately equals the rate at which recyclable materials are being collected. The solid and hazardous waste commission shall promulgate rules to specify what time periods and volumes of recyclable materials constitute operations that qualify for this exemption and to define what materials shall be deemed to be recyclable materials for the purposes of this subsection (5); except that such rules shall not define the term "recyclable materials" to include materials that are likely to contaminate groundwater or create off-site odors as a result of processing, reclaiming, recycling, or storage prior to recycling. This subsection (5) does not apply to activities regulated under section 25-8-205 (1)(e), C.R.S.

(6) The final use for beneficial purposes, including fertilizer, soil conditioner, fuel, and livestock feed, of biosolids that have been processed and certified or designated as meeting all applicable rules of the solid and hazardous waste commission and the department of agriculture does not require a certificate of designation for such final use. In addition, the use of manure as a

fertilizer or soil conditioner or the composting on the site of generation of manure with other compatible materials necessary for effective composting as part of a standard agricultural practice does not require a certificate of designation.

(7) A transfer station shall not be deemed to be a solid wastes disposal site and facility and shall not require a certificate of designation as a solid wastes disposal site and facility. The department shall promulgate regulations establishing health and safety standards for the operation of transfer stations.

(7.5) (a) On or after August 8, 2012, a governing body having jurisdiction shall not require a certificate of designation for waste impoundments or other solid wastes disposal operations of drinking water treatment residuals generated on-site at a drinking water treatment facility. A certificate of designation for waste impoundments or other solid wastes disposal operations of drinking water treatment residuals generated on-site at a drinking water treatment facility issued before August 8, 2012, is voidable at the option of the facility.

(b) A drinking water treatment facility that does not require a certificate of designation pursuant to paragraph (a) of this subsection (7.5) shall comply with the rules of the solid and hazardous waste commission for waste impoundments and solid wastes disposal.

(c) Nothing in paragraph (a) or (b) of this subsection (7.5) limits the application of other local government land use regulations to waste impoundments or solid wastes disposal operations at a drinking water treatment facility.

(8) The solid and hazardous waste commission, by rule, may specify types of composting facilities, by size, volume, or other suitable criteria that provide equivalent protection of public health and the environment that would not be required to obtain a certificate of designation.

(2) Section 2 of chapter 48, Session Laws of Colorado 2012, provides that the act amending subsections (1), (2), (3), (4), and (6) and adding (7.5) applies to solid wastes impounded or disposed of before, on, or after August 8, 2012.

30-20-102.5. Requirement for certificate of designation deemed satisfied - when. A certificate of designation for a hazardous waste disposal site issued pursuant to article 15 of title 25, C.R.S., shall be deemed to satisfy any requirement for a certificate of designation imposed by this part 1.

Source: L. 81: Entire section added, p. 1359, § 3, effective July 1.

30-20-103. Application for certificate. (1) Any person desiring to own or operate a solid wastes disposal site and facility shall make application to the governing body having jurisdiction over the area in which such site and facility is or is proposed to be located for a certificate of designation. Such application shall be accompanied by a fee to be established by the governing body having jurisdiction, which fee shall be based on the anticipated costs that may be incurred by such governing board in the application review and approval process and shall not be refundable. The application shall set forth the location of the site and facility; the type of site and facility; the type of processing to be used, such as sanitary landfill, composting, or incineration; the hours of operation; the method of supervision; the rates to be charged, if any; and such other information as may be required by the governing body having jurisdiction over the area. The application shall also contain such engineering, geological, hydrological, and operational data as may be required by the department by rule. All such applications shall be referred to the department for review and for recommendation as to approval or disapproval, which shall be based upon criteria established by the solid and hazardous waste commission, the water quality control commission, and the air quality control commission. Such review and recommendation of an application by the department shall include a technical review of the environmental and public health issues provided in section 30-20-110 that are raised by the proposed site and facility. As a part of the department's review of an application for a solid wastes site and facility, the department shall provide a period of not less than thirty days during which members of the public may review and make comments concerning such application.

(2) Upon receiving an application for a solid wastes disposal site and facility, the department shall perform an initial examination to establish the completeness of the information submitted. Such initial examination shall be completed within thirty days after the department receives such application. The department shall mail written notification to the applicant within such time period of the department's decision either to begin its review of such application or to reject such application because of incompleteness.

(3) After the initial approval of an application pursuant to the provisions of subsection (2) of this section, the department shall determine whether it shall complete the review of the application or whether it shall offer the applicant the option of having such application reviewed by a private contractor. Such determination shall be made pursuant to the provisions of section 30-20-103.7 (1). If the department reviews such application, the department shall complete such review within one hundred fifty days after the date of issuance of its initial approval of such application.

30-20-103.7. Review of applications by private contractors. (1) (a) Upon issuing an initial approval of an application for a solid wastes disposal site and facility under the provisions of section 30-20-103 (2), the department shall determine whether it will be able to complete review of such application within one hundred fifty days. If the department determines that it is capable of completing the review within the required time period, it shall commence review under the provisions of section 30-20-103. If the department determines that it cannot complete the review of an application within such time period, the department shall offer the applicant the option of having such application reviewed by a private contractor within one hundred fifty days or having such application reviewed by the department. If the applicant chooses to have such application reviewed by the department, the department shall not be required to complete its review within the one-hundred-fifty-day time period.

(b) A county shall not reject an application for a solid wastes disposal site and facility solely because the review of such application was performed by a private contractor under the provisions of this section.

(2) (a) The department shall maintain a register of private contractors to review applications for solid wastes disposal sites and facilities. The department is hereby authorized to contract with such private contractors pursuant to the provisions of part 14 of article 30 of title 24, C.R.S., for inclusion on such register. Any such contract shall be between the department and the private contractor. An applicant shall be responsible for the fee charged by a private contractor for the review of such applicant's application, but shall not be a party to such contract. The department shall contract with a sufficient number of private contractors to allow reassignment of an application if it is necessary to disqualify one or more private contractors because of conflicts of interest or other reasons.

(b) If the department assigns an application to a private contractor under the provisions of this section, such private contractor shall provide the department and the applicant with the fee schedule of such private contractor and with an estimate of the fee to be charged for the review of such application.

(c) Upon being notified of the identity of the assigned private contractor and upon receiving such private contractor's fee schedule and estimated fee, an applicant has the option to allow the application review to commence or to reject the private contractor. If such applicant rejects a private contractor, the department shall assign a second private contractor. If such applicant rejects the second private contractor, the department shall review such applicant's

application, but the department shall not be required to complete such review within the one-hundred-fifty-day time period.

(d) The review of an application for a solid wastes disposal site and facility by a private contractor shall be based upon the same criteria as is used by the department of public health and environment under the provisions of section 30-20-103.

(e) During the review period for an application, a private contractor shall contact the applicant and the department concerning any problems such private contractor finds in such application and shall offer the applicant an opportunity to provide such materials or explanations as the private contractor determines are necessary to complete review of such application or to make necessary amendments to such application.

(3) Any moneys which are collected by the department from solid wastes disposal site and facility applicants in payment for private contractor application review fees shall be transmitted to the state treasurer, who shall credit the same to the solid waste management fund created in section 30-20-118. Such moneys collected for the fees charged by private contractors shall be annually appropriated by the general assembly to the department for the sole purpose of transferring such fees to such private contractors in payment for their services.

30-20-104. Factors to be considered. (1) In considering an application for a proposed solid wastes disposal site and facility, the governing body having jurisdiction shall take into account:

(a) The effect that the solid wastes disposal site and facility will have on the surrounding property, taking into consideration the types of processing to be used, surrounding property uses and values, and wind and climatic conditions;

(b) The convenience and accessibility of the solid wastes disposal site and facility to potential users;

(c) The ability of the applicant to comply with the health standards and operating procedures provided for in this part 1 and such rules and regulations as may be prescribed by the department;

(d) Recommendations by county, district, or municipal public health agencies.

(2) Except as provided in this part 1, designation of approved solid wastes disposal sites and facilities shall be discretionary with the governing body having jurisdiction, subject to judicial review by the district court of appropriate jurisdiction.

(3) (a) Prior to the issuance of a certificate of designation, the governing body having jurisdiction shall require that the report, which shall be submitted by the applicant under section 30-20-103, be reviewed and a recommendation as to approval or disapproval be made by the department and shall be satisfied that the proposed solid wastes disposal site and facility conforms to the local government's comprehensive land use plan and zoning restrictions, if any. Any technical conditions of approval made by the department in its final report shall be incorporated as requirements in the certificate of designation. The application, report of the department, comprehensive land use plan, relevant zoning ordinances, and other pertinent information shall be presented to the governing body having jurisdiction at a public hearing to be held after notice. Such notice shall contain the time and place of the hearing, shall state that the

matter to be considered is the applicant's proposal for a solid wastes disposal site and facility, shall provide a description of such proposed site and facility, and shall provide a description of the geographic area that is within three miles of such proposed site and facility. The notice shall be published in a newspaper having general circulation in the county or municipality in which the proposed solid wastes disposal site and facility is located at least ten but no more than thirty days prior to the date of the hearing. In addition, the notice of such public hearing shall be posted at a conspicuous point in at least one location at the offices of the governing body having jurisdiction and in at least one location at the proposed site. Such notice shall be posted for a period beginning at least thirty days before the public hearing and continuing through the date of such hearing.

(b) At the public hearing held pursuant to the provisions of this subsection (3), the governing body shall hear any written or oral testimony presented by governmental entities and residents concerning such proposed site or facility. All such testimony shall be considered by the governing body having jurisdiction in making a decision concerning such application. For the purposes of this subsection (3), "residents" means all individuals who reside within the geographic area controlled by the governing body having jurisdiction or within three miles of the proposed site and facility or who own property which lies within three miles of such proposed site and facility without regard to which county or municipality such individuals reside within.

30-20-104.5. Closure and postclosure care estimates - corrective action cost estimates - financial assurance requirements - rules. (1) The solid and hazardous waste commission shall promulgate rules that implement financial assurance requirements for the final closure of solid wastes disposal sites and facilities, the conduct of postclosure care for such sites and facilities, and the undertaking of any corrective action made necessary by the migration of contaminants from such sites and facilities into groundwater. Such rules shall include, but are not limited to, the following requirements:

(a) That the owner or operator of any solid wastes disposal site and facility shall maintain:

(I) A detailed written estimate of the cost of hiring a third party to close the largest area of such site and facility which has or will require a cover during the active life of such site and facility; and

(II) A detailed written estimate of the cost of hiring a third party to conduct postclosure care at such site and facility;

(b) That the owner or operator of any solid wastes disposal site and facility that is required to undertake a corrective action program pursuant to the requirements of subpart E of the federal regulations promulgated pursuant to the provisions of subtitle D of the federal "Resource Conservation and Recovery Act of 1976", as amended, shall maintain a detailed written estimate of the cost of hiring a third party to perform such corrective action;

(c) That the owner or operator of any solid wastes disposal site and facility shall notify the department when the cost estimates required by paragraphs (a) and (b) of this subsection (1) have been placed in the operating file for such site and facility;

(d) That the owner or operator of any solid wastes disposal site and facility shall:

(I) Express the cost estimates required by paragraphs (a) and (b) of this subsection (1) in current dollars;

(II) Annually adjust such cost estimates to account for inflation; and

(III) Increase such cost estimates under the following circumstances:

(A) The cost estimate for the cost of hiring a third party to close such site and facility maintained pursuant to the provisions of subparagraph (I) of paragraph (a) of this subsection (1) shall be increased if changes to the closure plan for such site and facility or changes in the conditions of such site and facility increase the maximum cost of closure at any time during the remaining active life of such site and facility.

(B) The cost estimate for the cost of hiring a third party to conduct postclosure care for such site and facility maintained pursuant to the provisions of subparagraph (II) of paragraph (a) of this subsection (1) shall be increased if changes to the postclosure plan for such site and facility or changes in the conditions of site and facility increase the maximum cost of postclosure care for such site and facility.

(C) The cost estimate, if any, for the cost of hiring a third party to undertake corrective action for such site and facility maintained pursuant to the provisions of paragraph (b) of this subsection (1) shall be increased if changes in the corrective action program for such site and facility or changes in the conditions of such site and facility increase the maximum cost of corrective action for such site and facility.

(e) That the owner or operator of any solid wastes disposal site and facility shall comply with the financial assurance requirements mandated by the rules of the solid and hazardous waste commission promulgated pursuant to subsection (3) of this section.

(2) The owner or operator of a solid wastes disposal site and facility may reduce the amount of a cost estimate maintained pursuant to the provisions of paragraph (a) or (b) of subsection (1) of this section if such cost estimate exceeds the maximum cost of completing the actions contemplated by such cost estimate.

(3) (a) The solid and hazardous waste commission shall promulgate rules that require the owner or operator of a solid wastes disposal site and facility to establish sufficient financial assurance to pay for the cost estimates required by paragraphs (a) and (b) of subsection (1) of this section. No solid wastes disposal site and facility shall operate without being in compliance with the financial assurance requirements contained in such rules. Such rules shall include, but shall not be limited to, provisions that define the mechanisms that may be used by the owner or operator of a solid wastes disposal site and facility to establish sufficient financial assurance pursuant to this section. The mechanisms to establish financial assurance that are defined by the commission shall include, but are not limited to, those mechanisms authorized by the federal regulations promulgated pursuant to subtitle D of the federal "Resource Conservation and Recovery Act of 1976", as amended.

(b) (I) The sufficiency of the financial assurance provided pursuant to the provisions of paragraph (a) of this subsection (3) for any proposed solid wastes disposal site and facility shall be reviewed as part of the department's review of the application for such proposed site and facility pursuant to the provisions of this section.

(II) The sufficiency of the financial assurance provided pursuant to the provisions of paragraph (a) of this subsection (3) for any solid wastes disposal site and facility that is in existence at the time the applicable regulations of the department become effective shall be

reviewed pursuant to the procedures established by the department. Such review may be performed either by the department or by a private contractor hired by the department for the purpose of completing such review. The department is authorized to impose a fee for any such review that is performed by the department; except that such fee shall not exceed the actual documented costs incurred by the department in the performance of such review. Except as otherwise provided in this section, any such review that is performed by a private contractor shall be conducted pursuant to the provisions of section 30-20-103.7.

(3.5) The department, pursuant to the provisions of part 14 of article 30 of title 24, C.R.S., is authorized to contract with one or more private contractors for the purpose of conducting the third-party closure, postclosure care, or corrective action at a solid waste facility as may be necessary. The department is authorized to expend such moneys for closure, postclosure care, or corrective action as is made available to the department by operation of law from the financial assurance mechanisms provided by the owner or operator of the solid wastes site and facility. Any such contract shall be between the department and the private contractor. The owner or operator shall not be a party to such contract. The department may disallow a contractor because of conflicts of interest or other reasons. The department may contract with the governing body that issued the certificate of designation to conduct such closure, postclosure care, or corrective action.

(4) The rules promulgated by the solid and hazardous waste commission pursuant to this section shall comply with the federal regulations promulgated pursuant to subtitle D of the federal "Resource Conservation and Recovery Act of 1976", as amended. Such rules shall require that all solid wastes disposal sites and facilities be fully in compliance with such rules by the date established in the federal "Resource Conservation and Recovery Act of 1976", as amended, and its regulations.

30-20-105. Certificate - state financial assurance requirements. (1) If the governing body having jurisdiction deems that a certificate of designation should be granted to the applicant, it shall issue the certificate, and such certificate shall be displayed in a prominent place at the site and facility. Such governing body shall not issue a certificate of designation if the department has recommended disapproval pursuant to section 30-20-103.

(2) No governing body having jurisdiction shall require an applicant for a certificate of designation to obtain any financial assurance mechanism or amount in addition to that required by the provisions of section 30-20-104.5.

(3) The department, on behalf of the solid and hazardous waste commission, shall consult the governing body having jurisdiction prior to the promulgation of the rules called for in this section and prior to accepting a financial assurance. The recommendations of such governing body shall be considered in formulating the rules and establishing the amount of financial assurance to be posted.

30-20-107. Designation of exclusive sites and facilities. The governing body of any county or municipality may by ordinance designate and approve one or more solid wastes disposal sites and facilities, either within or without its corporate limits, if designated and approved by the governing body having jurisdiction, as its exclusive solid wastes disposal site and facility or sites and facilities, and thereafter each such site and facility shall be used by such county or municipality for the disposal of its solid wastes; but, prior to any such designation and approval, such governing body shall hold a public hearing to review the disposal method to be used and the fees to be charged, if any.

(2) Any municipality or county acting by itself or in association with any other such governmental unit may establish and operate an approved site and facility under such terms and conditions as may be approved by the governing bodies of the governmental units involved.

(3) Any county or municipality acting by itself or in association with any other such governmental unit may acquire by condemnation such sites as are needed for trash disposal purposes.

30-20-109. Commission to promulgate rules - definitions. (1) The solid and hazardous waste commission shall promulgate rules for the engineering design and operation of solid wastes disposal sites and facilities, which may include:

(a) The establishment of engineering design criteria applicable, but not limited, to protection of surface and subsurface waters, suitable soil characteristics, distance from solid wastes generation centers, access routes, distance from water wells, disposal facility on-site traffic control patterns, insect and rodent control, methods of solid wastes compaction in the disposal fill, confinement of windblown debris, recycling operations, fire prevention, and final closure of the compacted fill;

(b) The establishment of criteria for solid wastes disposal sites and facilities which will place into operation the engineering design for such disposal sites and facilities;

(c) (Deleted by amendment, L. 91, p. 958, § 3, effective July 1, 1991.)

(d) The establishment of a reviewing fee to be charged by the department for the review of any written recommendation and findings of a private contractor who has acted in lieu of the department to review an application for a solid wastes disposal site and facility under the provisions of section 30-20-103.7 for compliance with the state's requirements. Such fee shall not exceed actual and reasonable costs and shall not exceed five thousand dollars.

(e) The establishment of a fee for the technical review described in section 30-20-119 (2), which fee shall not exceed ten thousand dollars, or the actual cost of such technical review.

(1.5) (a) As used in this subsection (1.5):

(I) "EP waste" means exploration and production waste, as that term is defined in section 34-60-103, C.R.S.

(II) "EP waste disposal facility" means a commercial solid wastes disposal site and facility that accepts the deposit of EP waste.

(b) The solid and hazardous waste commission shall promulgate rules that are specifically applicable to the deposit of EP waste at an EP waste disposal facility. The rules shall include the following:

(I) Mandatory set-backs of EP waste disposal facilities of one-half mile from all residences, educational facilities, day care centers, hospitals, nursing homes, jails, hotels, motels, other occupied structures, or outside activity areas such as parks and playing fields as designated in the rules;

(II) Mandatory fabricated liners and monitoring requirements as necessary to prevent the migration of EP waste to groundwater;

(III) Waste analysis and reporting requirements to ensure that only EP waste is disposed of at an EP waste disposal facility;

(IV) Fencing and netting requirements to prevent the public and wildlife from accessing EP waste disposal facilities;

(V) Contingency plans to respond to emergencies, including adequate freeboard, overflow ponds, or both; and

(VI) Financial assurance requirements that are adequate to cover closure and reclamation costs.

(c) Except as provided in paragraph (e) of this subsection (1.5), an EP waste disposal facility that accepted EP waste on or before June 4, 2008, and that had not begun closure by June 4, 2008, shall:

(I) File an application pursuant to section 30-20-103 within three months after the rules promulgated pursuant to this subsection (1.5) become effective with the governing body having jurisdiction to amend the facility's certificate of designation to incorporate the requirements specified in the rules; and

(II) Comply with the rules promulgated pursuant to this subsection (1.5) within twenty-four months after they become effective, unless the EP waste disposal facility demonstrates to the department no later than eighteen months after the rules become effective why it cannot timely comply with the rules and the department agrees to a compliance schedule. In such case, the department may extend the compliance deadline to no more than thirty-six months after the rules become effective; except that nothing in this subsection (1.5) shall be deemed to:

(A) Require an EP waste disposal facility that lawfully accepted EP waste on or before June 4, 2008, to comply with the set-back requirements of this subsection (1.5); or

(B) Place an EP waste disposal facility into noncompliance because of an alleged violation of a set-back requirement of this subsection (1.5) due solely to the fact that a residential or other occupied structure or a designated outside activity area is established within the set-back distance on or after issuance of the certificate of designation pursuant to this subsection (1.5).

(d) The department shall:

(I) Coordinate with the energy and carbon management commission created in section 34-60-104.3 (1), governing bodies having jurisdiction, and the federal bureau of land management to identify potential EP waste disposal sites that are located reasonably close to oil and gas operation areas on either federal or nonfederal land and that meet the set-back requirements of this subsection (1.5); and

(II) To the extent practicable, encourage governing bodies having jurisdiction and the federal bureau of land management to approve the siting of EP waste disposal sites at locations identified pursuant to this paragraph (d) when so requested by a commercial operator.

(e) (I) Upon the recommendation of the department, the solid and hazardous waste commission may waive, for individual impoundments, the requirement imposed pursuant to paragraph (c) of this subsection (1.5) that an EP waste disposal facility that accepted EP waste on or before June 4, 2008, but had not begun closure by that date, must install fabricated liners. The department may recommend a waiver only if all of the following conditions are met:

(A) There have been no unpermitted discharges to groundwater or surface water from the operation of the facility;

(B) Each impoundment for which a waiver is requested is located more than one thousand feet from any public or private water well or surface water;

(C) The owner or operator complies with mandatory monitoring and reporting requirements as determined by the department, including, but not limited to, individual impoundment leak detection monitoring; and

(D) The owner or operator is not subject to any outstanding compliance orders or enforcement actions with regard to the design, operation, or closure of the facility.

(II) If, at any time, the department determines that one or more of the conditions specified in subparagraph (I) of this paragraph (e) are no longer met, the department may bring the relevant information to the solid and hazardous waste commission with a recommendation to rescind the waiver of the requirement to install fabricated liners. If the solid and hazardous waste commission determines that one or more of the conditions are no longer being met, the solid and hazardous waste commission may rescind the waiver and instruct the department to establish a compliance schedule for the owner or operator to install fabricated liners.

(2) The solid and hazardous waste commission may promulgate rules concerning:

(a) The establishment of an initial examination of each application for a solid wastes disposal site and facility to establish the completeness of the information submitted. Such initial

examination shall be completed within thirty days after the department receives such application, and the department shall mail written notification to an applicant and to the governing body having jurisdiction within such time period stating the decision of the department to begin its review of such application or to reject the application based on incompleteness.

(b) The establishment of a fee for the review of solid wastes disposal site and facility submittals and the preoperation inspection for such site and facility, for the attendance of department staff at public meetings and associated activities, and for the assessment of remediation activities concerning closed or old disposal sites or spill and incident clean-ups. The total fee charged for the review of an application or amendments to an application shall not exceed the actual documented costs incurred by the department in the performance of these activities and shall be subject to the maximum levels established in accordance with the provisions of subsection (2.5) of this section. Such review shall be completed within one hundred fifty days from date of issuance of the department's decision to begin its review. Moneys from the collection of such fees shall be credited to the solid waste management fund pursuant to the provisions of section 30-20-118. Such moneys shall be used solely to support the application review process and to support the staff of the department involved with such process.

(c) (Deleted by amendment, L. 98, p. 882, § 9, effective July 1, 1998.)

(d) The establishment of criteria for composting sites and facilities for which a certificate of designation is not required under section 30-20-102 (8).

(2.5) The solid and hazardous waste commission shall promulgate rules pertaining to the assessment of annual fees and document review and activity fees to offset program costs from solid waste disposal sites and facilities in accordance with the following requirements:

(a) Annual fees shall be established for solid waste disposal sites and facilities that are not required to pay solid waste user fees imposed pursuant to section 25-16-104.5, C.R.S. The fee imposed by this paragraph (a) shall not exceed five thousand dollars per year per facility; except that a monofill facility that contains coal combustion products shall be exempt from the fee imposed by this paragraph (a). The annual fee shall be uniform among owners of the same type of, and similarly sized, facility and shall consider the department's level of effort in regulating the facilities.

(b) The hourly charge for the document review and activity fees shall be established at a rate comparable to industry rates for performing similar tasks with maximum levels on document review and activity fees that reflect timely and cost-effective reviews.

(c) The department shall provide a receipt for the fees paid pursuant to this subsection (2.5), shall transmit such payments to the state treasurer, and accept the state treasurer's receipt in return for the payments transmitted. The state treasurer shall credit one hundred percent of the fees transmitted pursuant to this paragraph (c) to the solid waste management fund created in section 30-20-118 (1) to be used by the department in carrying out its duties and responsibilities concerning solid waste management.

(2.7) If the department determines that a site or facility is or has been subject to payment of the annual fee requirements pursuant to subsection (2.5) of this section and has not paid any portion of the amount of fees due and owing, in addition to any other remedies the department may have in such circumstances as provided by law, the department may assess the site or facility an additional fee to offset program costs caused by the site or facility, which additional fee shall be equivalent to double the amount of the estimated annual fee, without interest, that the site or facility would have paid the department if the fee had been paid as required by law.

(3) Any applicant aggrieved by a recommendation of the department concerning an application for a solid wastes disposal site and facility shall be entitled to a hearing and review pursuant to the provisions of the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

(4) (a) Any and all rules promulgated by the department of public health and environment prior to the transfer of its rule-making authority under this section to the state board of health shall remain in full force and effect after the date of such transfer.

(b) All acts, orders, and rules adopted by the state board of health under the authority of this part 1 prior to July 1, 2006, that were valid prior to said date and not otherwise subject to judicial review shall, to the extent that they are not inconsistent with said part, be deemed and held to be legal and valid in all respects, as though issued by the solid and hazardous waste commission under the authority of this part 1. No provision of this part 1 shall be construed to validate any actions, orders, or rules that were not valid when adopted by the board of health prior to such date.

30-20-110. Minimum standards. (1) The rules promulgated by the solid and hazardous waste commission and implemented by the department shall contain the following minimum standards:

(a) Such sites and facilities shall be located, operated, and maintained in a manner so as to control obnoxious odors and prevent rodent and insect breeding and infestation, and they shall be kept adequately covered during their use.

(b) Such sites and facilities shall comply with the health laws, standards, rules, and regulations of the department, the water quality control commission, and all applicable zoning laws and ordinances.

(c) No radioactive materials or materials contaminated by radioactive substances shall be disposed of in sites or facilities not specifically designated for that purpose.

(d) A site and facility operated as a sanitary landfill shall provide means of finally disposing of solid wastes on land in a manner to minimize nuisance conditions such as odors, windblown debris, insects, rodents, and smoke; and shall provide compacted fill material; shall provide adequate cover with suitable material and surface drainage designed to prevent ponding and water and wind erosion and prevent water and air pollution; and, upon being filled, shall be left in a condition of orderliness and good esthetic appearance and capable of blending with the surrounding area. In the operation of such a site and facility, the solid wastes shall be distributed in the smallest area consistent with handling traffic to be unloaded; shall be placed in the most dense volume practicable using moisture and compaction or other method approved by the department; shall be fire, insect, and rodent resistant through the application of an adequate layer of inert material at regular intervals; and shall have a minimum of windblown debris which shall be collected regularly and placed into the fill.

(e) Sites and facilities shall be adequately fenced so as to prevent waste material and debris from escaping therefrom, and material and debris shall not be allowed to accumulate along the fence line.

(f) Solid wastes deposited at any site and facility shall not be burned, other than by incineration in accordance with a certificate of designation issued pursuant to section 30-20-105; except that, in extreme emergencies resulting in the generation of large quantities of combustible materials, authorization for burning under controlled conditions may be given by the department.

(g) All facilities shall have a waste characterization plan approved by the department that is consistent with the certificate of designation for the facility. The plan shall outline screening methodologies and waste handling procedures and shall include a hazardous waste exclusion plan.

(h) Material that is beneficially used shall be incorporated into the soil in the shortest time frame that is practicable, allowing for weather conditions. Materials that may be beneficially used under this section may not be stockpiled for long periods or used in such a manner that the material constitutes a public nuisance.

(i) Minimum standards for facilities that do not need a certificate of designation under section 30-20-102 (5) shall include an annual report of quantities of materials managed at the site.

(j) Such minimum standards shall require the reporting, documentation, or remediation of spills at illegal disposal sites, abandoned disposal sites, or contaminated sites.

(2) Any provision of section 25-7-108, C.R.S., to the contrary notwithstanding, the board of county commissioners in any county with less than twenty-five thousand population, according to the latest federal census, and any municipality within a county which county has a population under ten thousand and subject to approval of the board of county commissioners, is authorized to develop regulations, by resolution or ordinance, permitting the noncommercial burning of trash in the unincorporated area and, if appropriate, the incorporated areas of said county; except that no permit shall be issued which shall allow the county, or municipality if appropriate, to exceed primary and secondary ambient air quality standards as prescribed by

federal laws and regulations adopted pursuant thereto, or which would contribute to any other county or municipality exceeding primary or secondary ambient air quality standards as prescribed by federal laws and regulations adopted pursuant thereto.

(3) As used in subsection (2) of this section, "noncommercial burning of trash" includes the burning of wood waste in wigwam wood waste burners.

30-20-110.5. Beneficial use of biosolids - water quality control commission to set fees - fund created - repeal. (1) The water quality control commission shall establish, and may revise as necessary, a schedule of nonrefundable fees to cover the reasonable costs of implementing a program for the beneficial use of biosolids. Such fees shall be imposed upon the producers of biosolids that are applied for beneficial use. In no event shall the fee exceed two dollars and forty cents per dry ton of biosolids.

(2) Repealed.

(3) All fees collected pursuant to subsection (1) of this section shall be transmitted to the state treasurer, who shall credit the same to the biosolids management program fund, which fund is hereby created. The moneys in such fund shall be subject to annual appropriation to the department by the general assembly, which shall review expenditures of such moneys to assure that they are used to accomplish the purposes of this section. Any interest earned on moneys in the fund shall remain in the fund to be used for purposes of this section.

(4) (a) On June 30, 2026, the state treasurer shall transfer any unexpended and unencumbered money remaining in the biosolids management program fund created in subsection (3) of this section to the clean water cash fund created in section 25-8-210 (4)(a).

(b) This section is repealed, effective July 1, 2026.

30-20-111. Departments to render assistance. The department and county, district, and municipal public health agencies shall render technical advice and services to owners and operators of solid wastes disposal sites and facilities and to municipalities and counties in order to assure that appropriate measures are being taken to protect the public health, safety, and welfare. In addition, the department has the duty to coordinate the solid wastes program under

this part 1 with all other programs within the department and with the other agencies of state and local government which are concerned with solid wastes disposal.

30-20-112. Revocation of certificate. The governing body having jurisdiction, after reasonable notice and public hearing, shall temporarily suspend or revoke a certificate of designation that has been granted by it for failure of a site and facility to comply with all applicable laws, resolutions, and ordinances or to comply with the provisions of this part 1 or any rule or regulation adopted pursuant thereto.

30-20-113. Inspection - enforcement - nuisances - violations - civil penalty. (1) A person shall not:

(a) Abandon a solid wastes disposal site and facility or operate, maintain, or close such a facility in a manner that violates any of the provisions of this part 1, any rule or regulation adopted pursuant thereto, or any certificate of designation issued under section 30-20-104;

(b) Dispose of solid waste at a location other than a site designated for such use by a county or municipality, unless otherwise exempted by this part 1 or unless the person is disposing of his or her own waste on his or her own property;

(c) Dispose of solid wastes in any manner that violates any of the provisions of part 10 of this article or any rule adopted pursuant thereto;

(d) Repealed.

(e) Violate any provision of part 14 of this article or any rule adopted pursuant to part 14 of this article.

(2) (a) Whenever the department finds that any solid wastes disposal site and facility or any person is in violation of subsection (1) of this section, the department may issue an order requiring that the site and facility or person comply with any such requirement, rule, or certificate of designation and may request the attorney general to bring suit for injunctive relief or for penalties pursuant to this section. The department shall not be required to conduct a hearing in accordance with section 24-4-105, C.R.S., before issuing an order pursuant to this subsection (2).

(b) (I) An order issued pursuant to this subsection (2) may include an administrative penalty assessment as provided in subsection (4) or (5) of this section. In lieu of imposing an administrative penalty assessment for a violation of subsection (1) of this section, the department may seek to have a civil penalty imposed, as provided in subsection (4) or (5) of this section, for such violation. The department shall bring an action for a civil penalty in the district court for the judicial district in which the violation occurred.

(II) If the department issues an order that does not contain an administrative penalty assessment, the department shall not be precluded from subsequently imposing an administrative penalty assessment or seeking a civil penalty for the violations detailed in the order.

(c) The department shall serve an order issued pursuant to this subsection (2) on the person who is the subject of the order by personal service or by certified mail. In addition to imposing an administrative penalty, the order may prohibit the person from engaging in specified activity in violation of subsection (1) of this section or may require the person to comply with the requirements of part 1 or part 10 of this article. The order shall take effect upon issuance unless otherwise specified in the order.

(2.5) (a) A person against whom an order has been issued, referred to in this section as the "requesting party", may submit a written request to the office of administrative courts in the department of personnel for a hearing on the order and shall provide a copy of the request to the executive director of the department or the executive director's designee. The requesting party shall file the request for hearing by personal service or by certified mail within thirty calendar days after the effective date of the order. An administrative law judge from the office of administrative courts shall conduct the hearing in accordance with section 24-4-105, C.R.S., except as otherwise specified in this section.

(b) If a request for a hearing is filed, payment of any monetary penalty is stayed pending a final decision by the administrative law judge after the hearing on the merits. Absent a motion to stay the order pursuant to paragraph (c) of this subsection (2.5), the requesting party shall comply with any other requirements of the order. If the administrative law judge grants a motion to stay the order, the department shall not be precluded from imposing a penalty against the requesting party for subsequent violations of subsection (1) of this section.

(c) (I) The requesting party may submit a motion to the administrative law judge to stay the enforcement of the order pending the outcome of the hearing. The administrative law judge may grant the motion to stay any portion of the order if he or she determines that the balance of equities favors the requesting party. In making his or her determination, the administrative law judge shall consider the following factors:

(A) The probability of serious harm to the requesting party if the motion for a stay is denied;

(B) The probability that no serious harm to the public health or the environment will occur if the motion for a stay is granted;

(C) The merits of the requesting party's case; and

(D) The public interest.

(II) If the administrative law judge grants a stay of all or a portion of the order, the requesting party shall not be excused from its obligations under applicable laws, rules, permits, and valid, existing orders.

(III) The administrative law judge shall expedite hearings and determinations on a motion to stay an order. The requesting party bears the burden of proof in a motion to stay an order.

(d) Except as provided in subparagraph (III) of paragraph (c) of this subsection (2.5), the department bears the burden of proof by a preponderance of the evidence in a hearing pursuant to this subsection (2.5).

(e) (I) Upon the motion of a party to the hearing, and in the discretion of the administrative law judge, an administrative law judge may request an interpretive rule from the solid and hazardous waste commission pertaining to any rule that is at issue in the hearing, but only if there is no genuine issue of material fact or the parties have stipulated to the material facts for the purposes of the interpretive rule. The administrative law judge may adjust the

schedule of the hearing to accommodate the receipt of an interpretive rule. In making a determination on a motion to request an interpretive rule, the administrative law judge shall consider the following factors:

(A) Whether the plain language of the rule in question is clear and unambiguous;

(B) Whether the proposed construction of the rule in question would lead to an absurd result; and

(C) Whether the solid and hazardous waste commission has previously issued an interpretive rule concerning the subject of the request for an interpretive rule.

(II) Notwithstanding section 24-4-103 (1), C.R.S., if the administrative law judge requests, and the solid and hazardous waste commission agrees to issue, an interpretive rule, the commission shall give notice to the public of the interpretive rule-making proceeding in accordance with section 24-4-103, C.R.S. The commission shall provide the notice within forty-five days after receipt of the request. The commission shall accept written material, not to exceed fifteen pages in length, from any interested person if it is provided within fifteen days after the date that notification is given. The commission shall issue the written interpretive rule no later than thirty days after the deadline for the submission of written material. The legal effect of any such interpretive rule shall be determined in accordance with applicable law and is not presumed to be binding on any party to the hearing.

(f) Notwithstanding section 24-4-105 (15), C.R.S., any appeal of a determination of the administrative law judge pursuant to this subsection (2.5) shall be filed in the appropriate district court in accordance with section 24-4-106, C.R.S.

(2.7) The department shall bring an action for a violation of subsection (1) of this section within two years after the date the department discovers an alleged violation or within five years after the date the alleged violation occurred, whichever date occurs earlier; except that the limitation period is tolled during any period that a person intentionally conceals the alleged violation. For the purposes of this section, "intentionally" shall have the meaning provided for such term in section 18-1-501 (5), C.R.S.

(3) Any solid wastes disposal site and facility found to be abandoned or inactive or that is operated, maintained, or closed in a manner so as to violate any of the provisions of this part 1 and part 10 of this article or any rule adopted pursuant thereto shall be deemed a public nuisance, and such violation may be enjoined by the department, the board of county commissioners of the county wherein the violation occurred, or the governing body of the municipality wherein the violation occurred.

(4) Any person who violates paragraphs (b) and (c) of subsection (1) of this section shall be subject to a clean-up and cease-and-desist order issued by the department or by the board of county commissioners if the violation occurred in the unincorporated area of the county or by the governing body of a municipality if the violation occurred within the municipality. Any person who fails to comply with such orders shall be subject to an administrative or civil penalty of not more than ten thousand dollars for each day of such violation. The violation and civil penalty shall be determined and enforced by a court of competent jurisdiction upon action instituted by the board or governing body that issued the orders. The violation and administrative penalty shall be determined and enforced in accordance with subsections (2), (2.5), and (5.5) of this section. Any penalty collected shall be distributed to the county or municipality that instituted the action.

(5) (a) Any person who is found pursuant to subsection (2) of this section to be in violation of subsection (1) of this section or who fails to comply with an order issued by the department shall be subject to an administrative or civil penalty of not more than ten thousand dollars for each day of such violation.

(b) Any penalty collected by the department under this part 1 or part 10 of this article shall be paid to the state treasurer; however, notwithstanding this paragraph (b), the department may enter into settlement agreements regarding any penalty or claim under this part 1 or part 10 of this article. Any settlement agreement may include but is not necessarily limited to the payment or contribution of moneys to state or local agencies for environmentally beneficial purposes.

(5.5) (a) In determining the amount of an administrative or civil penalty imposed pursuant to subsection (4) or (5) of this section for a violation of subsection (1) of this section, the department, the administrative law judge, or the court shall consider the following factors:

(I) The seriousness of the violation;
(II) Whether the violation was intentional, reckless, or negligent;
(III) The impact upon or the threat to public health or the environment as a result of the violation;

(IV) The degree, if any, of recalcitrance or recidivism upon the part of the violator;
(V) The economic benefit realized by the violator as a result of the violation;
(VI) The voluntary and complete disclosure by the violator of the violation in a timely manner after discovery of, and prior to the department's knowledge of, the violation, as long as all reports required to be submitted under state environmental laws have been submitted as and when required;

(VII) The full and prompt cooperation by the violator following disclosure of the violation, including, when appropriate, entering into and implementing a good faith and legally enforceable agreement to undertake compliance and remedial efforts;

(VIII) The existence of a regularized and comprehensive environmental compliance program or an environmental audit program that was adopted in a timely and good faith manner and that includes sufficient measures to identify and prevent future noncompliance; and

(IX) Other aggravating or mitigating circumstances or factors.

(b) The factors contained in subparagraphs (VI), (VII), and (VIII) of paragraph (a) of this subsection (5.5) shall be mitigating factors and may be applied, together with other factors, to reduce the amount of the penalty.

(6) The department, by its duly authorized representatives, shall have the power to enter and inspect each solid wastes disposal site and facility, as well as any property, premises, or place in which solid waste is reasonably believed to be located for the purposes of determining compliance with the requirements, rules, and certificate of designation issued pursuant to this part 1 and part 10 of this article. Such employee or representative shall have access to all such sites and facilities during any time when the site or facility is open to the public. If such entry or inspection is denied or not consented to and no emergency exists, the department is empowered to and shall obtain from the district court for the judicial district in which such property, premises, or place is located a warrant to enter and inspect any such property, premises, or place prior to entry and inspection. The district courts of this state are empowered to issue such warrants upon a showing that such entry and inspection is required to verify that the purposes of this part 1 and part 10 of this article are being carried out.

(7) The solid and hazardous waste commission shall establish such rules as are necessary to implement this section.

(8) Nothing in this section shall preclude or preempt the authority of a county or municipality to adopt or enforce its own local resolutions or ordinances.

(9) **[Editor's note: This version of subsection (9) is effective until July 1, 2026.]** Notwithstanding any other provision of this part 1 or part 10 of this article other than section 30-20-110.5, the processing, application, storage, or composting of biosolids or other materials under rules promulgated pursuant to section 25-8-205 (1)(e), C.R.S., shall be excluded from this part 1 and part 10 of this article.

(9) **[Editor's note: This version of subsection (9) is effective July 1, 2026.]** Notwithstanding any other provision of this part 1 or part 10 of this article 20, the processing, application, storage, or composting of biosolids or other materials under rules promulgated pursuant to section 25-8-205 (1)(e) are excluded from this part 1 and part 10 of this article 20.

30-20-114. Violation - penalty. Any person who violates any provision of this part 1 commits a petty offense. Nothing in this part 1 shall preclude or preempt a municipality from enforcement of its local ordinances. Each day of violation shall be deemed a separate offense under this section.

30-20-115. Solid wastes disposal site and facility fund - tax - fees. (1) Any governing body having jurisdiction is authorized to establish a solid wastes disposal site and facility fund. The governing body having jurisdiction may levy a solid wastes disposal site and facility tax, in addition to any other tax authorized by law, on the taxable property within a county or

municipality, the proceeds of which shall be deposited to the credit of said fund and appropriated to pay the cost of land, labor, equipment, and services needed in the operation of solid wastes disposal sites and facilities and for any other solid wastes management purpose in or on behalf of that county or municipality. Any governing body having jurisdiction is also authorized, after a public hearing, to fix, modify, and collect service charges from users of solid wastes disposal sites and facilities or transfer stations for the purpose of financing solid wastes management in that county or municipality. In the event that a countywide solid waste disposal site and facility tax has been imposed with the consent of a majority of the voters in the county, that tax may continue to be collected countywide and may accrue to the county's solid waste disposal site and facility fund, notwithstanding any subsequent taxes as may be levied by any municipalities within the county under this section.

(2) (a) Nothing in subsection (1) of this section shall be construed to authorize any governing body having jurisdiction to collect service charges from users of any privately owned or operated site and facility that is for the primary purpose of processing, reclaiming, or recycling:

- (I) Recyclable materials;
- (II) Excluded scrap metal;
- (III) Auto parts; or
- (IV) Scrap that is composed of worn out metal or a metal product that has outlived its original use, commonly referred to as obsolete scrap.

(b) Nothing in this subsection (2) shall be construed to prohibit any governing body having jurisdiction from levying or collecting service charges from users of a solid wastes disposal site and facility at which recycling occurs.

30-20-116. Privately owned solid wastes disposal site and facility - user fees. Unless otherwise provided by home rule charter or contractual agreements, user fees to be charged at any privately owned solid wastes disposal site and facility shall not be increased unless notice of such increase is published in a newspaper of general circulation within the county where such site and facility is located at least once thirty days prior to the effective date of such increase. The provisions of this section shall not apply to any hazardous waste disposal site.

The siting and operation of a solid waste-to-energy incineration system by any county or municipality separately or according to an intergovernmental agreement as authorized in part 9 of this article or part 10 of article 15 of title 31, C.R.S., shall not be subject to the provisions of this part 1, but such exemption shall, in no manner, limit the authority of a county or

municipality to regulate a solid waste-to-energy incineration system as otherwise provided by law.

30-20-118. Solid waste management fund - created. (1) There is hereby created in the state treasury a fund to be known as the solid waste management fund, which consists of money collected pursuant to sections 30-20-103.7 and 30-20-109. The money shall be appropriated annually to the department by the general assembly. Except as provided in section 25-15-314, the money in the solid waste management fund shall not be credited or transferred to the general fund or any other fund of the state.

(2) Moneys in the solid waste management fund may be appropriated by the general assembly for the implementation of the department's solid waste program pursuant to this part 1.

(3) Notwithstanding subsection (1) of this section, on June 30, 2020, the state treasurer shall transfer three hundred sixty-three thousand two hundred forty-three dollars from the solid waste management fund to the general fund.

Editor's note: Amendments to this section by Senate Bill 91-160, Senate Bill 91-168, and Senate Bill 91-174 were harmonized.

30-20-119. Disposal of low-level radioactive waste. (1) No person shall dispose of low-level radioactive waste generated through the production of nuclear power or nuclear weapons, or any tools and equipment contaminated with slight amounts of radioactivity at power plants, hospitals, or research laboratories, that the United States nuclear regulatory commission or department of energy classified as low-level radioactive waste as of July 3, 1990, but which may be classified as below regulatory concern after that date, at any solid wastes disposal site and facility without the express written permission of the appropriate governmental entity which has the authority to grant a certificate of designation for such solid wastes disposal site and facility pursuant to section 30-20-102. This prohibition does not apply to products and materials specifically exempted by the United States nuclear regulatory commission prior to July 3, 1990; however, all other federal, state, and local regulations governing any other toxic or hazardous property of these products and materials shall still apply.

(2) The appropriate governmental entity described in subsection (1) of this section shall require a technical review by the department of the low-level radioactive waste proposed to be disposed when permission is requested pursuant to subsection (1) of this section, and the department shall make a written recommendation to the governmental entity as to whether such waste should be accepted. The appropriate governmental entity shall charge a fee established

pursuant to section 30-20-109 (1)(d) to the applicant for such technical review and transmit such fee to the department.

30-20-120. Imminent and substantial endangerment from solid waste - definitions.

(1) As used in this section, "imminent and substantial endangerment from solid waste" means:

(a) Conditions involving landfill gases, groundwater contamination, landfill leachate, or discharges to surface water; and

(b) Physical hazards originating from solid waste that present a threat to public health and safety or the environment.

(2) (a) The department is authorized to expend moneys from the solid waste management fund created in section 30-20-118 to respond to and mitigate imminent and substantial endangerment from solid waste.

(b) When expending any moneys pursuant to this section, the department shall give priority to mitigating the imminent nature of the endangerment instead of expending moneys for characterizing the endangerment. The department shall use its best efforts to minimize moneys expended for characterizing the endangerment.

(3) The department shall not pursue an action under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980", 42 U.S.C. sec. 9601 to 9675, to seek recovery of its costs incurred pursuant to this section.

(4) At any reasonable time, in order to implement this section, the department, upon consent or upon obtaining a search warrant, shall have free and unimpeded access to all property that is the site of the solid waste, including all buildings, yards, warehouses, and storage facilities on such property in which it is reasonably believed that an imminent and substantial endangerment from solid waste exists.

(5) The provisions of this section do not apply to sites regulated by the energy and carbon management commission created in section 34-60-104.3 (1) or by the oil inspection section of the department of labor and employment pursuant to article 20 of title 8.

(6) Nothing in this section shall be construed to constitute a waiver of immunity that is otherwise applicable to the department or its employees, agents, or representatives.

(7) Repealed.

30-20-122. Additional duties of the department - data collection on recycling, solid waste, and solid waste diversion - report. (1) (a) The department shall collect information and data on recycling, solid waste, and solid waste diversion. Data required to be collected by the department on recycling, solid waste, and solid waste diversion as required by this subsection (1) includes:

(I) Statewide and regional solid waste stream components such as type of material, quantities of each material, and flow of each material;

(II) The proportion of solid waste generated in the state that has been diverted to other uses that may be based upon a model established by the federal environmental protection agency for the purpose of calculating a recycling rate;

(III) Reutilized materials, amounts, and rates;

(IV) Technical and innovative solid waste management developments;

(V) A statewide inventory of sites and facilities performing recycling or other solid waste processing or diversion;

(VI) The number of jobs created and any other economic impacts resulting from the awarding of Colorado circular community enterprise grants and funding made available pursuant to section 25-16.5-109 (6); and

(VII) Other data as necessary to further the purposes of this part 1.

(b) On or before February 1, 2009, and annually on or before February 1 of each calendar year thereafter, the department shall submit a report to the standing committee of reference in each house of the general assembly exercising jurisdiction over matters concerning public health and the environment that includes a summary of the information or data collected pursuant to paragraph (a) of this subsection (1) and all evaluations and conclusions drawn from the information or data collected.

(2) The department shall hold any information or data submitted to it by solid waste entities pursuant to subsection (1) of this section as confidential business information upon request of the submitting entity if the information or data satisfies the definition of trade secret as specified in sections 7-7-102 (4) and 18-4-408 (2)(d), C.R.S. The burden of proving that the information or data is protected as a trade secret shall be upon the party asserting the claim.

30-20-124. Closed landfill remediation grant program - creation - administration - application process - uses of grant program money - advisory committee - rules - fund - evaluation - report - definitions - repeal. (1) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Advisory committee" means the closed landfill remediation grant program advisory committee created in subsection (6) of this section.

(b) "Cleanup program" means an investigation or remediation conducted and funded pursuant to a state or federal law or program other than this part 1, such as:

(I) The federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980", 42 U.S.C. sec. 9601 et seq., as amended;

(II) The brownfields program of the federal environmental protection agency and the department;

(III) A federal radiation control program such as the "Uranium Mill Tailings Radiation Control Act", 42 U.S.C. sec. 7901 et seq., as amended;

(IV) Article 11 of title 25 concerning radiation control;

(V) Article 15 of title 25 concerning hazardous waste; or

(VI) The federal "Resource Conservation and Recovery Act of 1976", 42 U.S.C. sec. 6901 et seq., as amended.

(c) "Closed landfill" means a landfill that no longer accepts new waste for disposal.

(d) "Commission" means the solid and hazardous waste commission created in section 25-15-302.

(e) "Eligible local government" means a local government that owns a closed landfill that:

(I) Was formerly but is no longer operated by the local government or by any state or federal agency and for which the local government is solely financially responsible for closure and post-closure care;

(II) Is not subject to any investigation or remediation pursuant to a cleanup program; and

(III) Does not have any fully funded private sector financial assurance mechanism in place that adequately resolves the public health and environmental risks associated with the landfill.

(f) "Fund" means the closed landfill remediation grant program fund created in subsection (8) of this section.

(g) "Grant program" means the closed landfill remediation grant program created in subsection (2) of this section.

(h) (I) "Landfill" means a discrete area of land or an excavation where solid wastes are placed for final disposal.

(II) "Landfill" includes:

(A) An ash monofill;

(B) A construction and demolition waste landfill;

(C) An industrial landfill;

(D) A sanitary landfill;

(E) A tire monofill; and

(F) Any similar facility where final disposal of solid waste occurs.

(III) "Landfill" does not include a land application unit, a waste impoundment, or a waste pile.

(i) "Local government" means a home rule or statutory city, county, or city and county.

(2) **Grant program created.** The closed landfill remediation grant program is created to provide grants to eligible local governments to help pay the costs of environmental remediation efforts for and management of closed landfills that are owned by the eligible local governments. Subject to annual appropriation, grants shall be paid from money in the fund.

(3) **Administration.** On and after July 1, 2024, the department shall administer the grant program in accordance with rules promulgated by the commission pursuant to subsection (7) of this section and shall consult with the advisory committee to:

(a) Evaluate grant applications using criteria established by the rules; and

(b) Award grants to eligible local governments.

(4) **Application process.** To receive a grant, an eligible local government must apply to the department in accordance with the rules promulgated by the commission pursuant to subsection (7)(a)(I) of this section.

(5) **Uses of grant program money.** (a) An eligible local government that receives a grant from the grant program shall use the grant money only to pay for reasonable costs necessary to assess and remediate risks posed by the local government's closed landfill and to comply with applicable law, including paying reasonable expenses necessary to:

(I) Take emergency, preventive, or corrective actions at a closed landfill;

(II) Investigate, design, and implement appropriate remediation actions in accordance with applicable regulations, including retaining private third parties to advise the local government and to perform tasks;

(III) Develop, prepare, and implement plans such as work plans, implementation plans, annual monitoring plans, contingency plans, community relations plans, materials management plans, and post-closure plans, including document review and activity fees in accordance with rules promulgated by the commission;

(IV) Develop and implement a plan for public involvement in the development, implementation, modification, or expansion of remediation measures; and

(V) Perform post-closure care activities, including:

(A) The use of institutional and engineering controls to ensure site conditions remain protective of public health, safety, and welfare and the environment; and

(B) Post-closure monitoring.

(b) When expending any money pursuant to this section, the department, the commission, and any eligible local government that receives a grant from the grant program shall give priority to mitigating the risks posed by solid waste in accordance with section 30-20-101.5 (2) and rules promulgated by the commission concerning the management of solid waste.

(6) **Advisory committee created.** (a) The closed landfill remediation grant program advisory committee is created in the department to review grant applications and advise the department as described in subsection (3) of this section. On or before May 1, 2024, the commission shall appoint five members to the advisory committee, including:

(I) Two members representing local governments;

(II) Two members representing the department; and

(III) One member with technical expertise who is not affiliated with a local government or with the department.

(b) The members of the advisory committee serve terms of three years; except that:

(I) One of the members initially appointed pursuant to subsection (6)(a)(I) of this section serves an initial term of one year; and

(II) One of the members initially appointed pursuant to subsection (6)(a)(II) of this section serves an initial term of two years.

(c) The members of the advisory committee serve without compensation.

(7) **Rules.** (a) On or before June 1, 2024, the commission shall promulgate rules for the administration of the grant program as described in this section. At a minimum, the rules must include:

(I) Procedures and timelines by which an eligible local government may apply for a grant;

(II) Safeguards that ensure that the department awards grants on a fair and equitable basis consistent with established priorities;

(III) Criteria for evaluating grant applications and awarding grants;

(IV) Criteria for determining grant amounts;

(V) Reporting requirements for grant recipients; and

(VI) The circumstances, if any, under which a grant applicant may be required to demonstrate matching funds.

(b) When developing criteria for evaluating grant applications and awarding grants pursuant to subsection (7)(a)(III) of this section, the commission shall require that the department:

(I) Before finalizing any decision to award or deny a grant, interview an official of the applicant eligible local government who is familiar with the closed landfill site that is the basis of the grant application;

(II) Give priority to grant applications that concern remediation efforts at closed landfills that are subject to existing compliance orders and at closed landfills that pose the greatest actual risk to public health and the environment. When determining actual risk to public health and the environment, the commission shall require the department to:

(A) Prioritize remediation that enables the state and local governments to protect public health and the environment in a manner that makes efficient use of limited grant funding; and

(B) Consider an eligible local government's technical assessment of the actual risk posed to public health and the environment.

(III) (A) Consider giving priority to grant applications received from eligible local governments that commit matching funds from other sources to pay the costs of the remediation activities that are the basis of the grant application and consider giving priority to grant applications received from eligible local governments based on expenses incurred to date by the eligible local governments in attempting to implement the remediation that is the basis of their grant applications.

(B) In making the considerations described in subsection (7)(b)(III)(A) of this section, consider whether certain eligible local governments should be required to contribute a lower amount or percentage of matching funds than other eligible local governments based on population, as determined pursuant to the most recently published population estimates from the state demographer appointed by the executive director of the department of local affairs.

(8) **Cash fund created.** (a) The closed landfill remediation grant program fund is created in the state treasury. The fund consists of:

(I) Money that the general assembly may appropriate or transfer to the fund from the general fund or any other fund; and

(II) Money credited to the fund as gifts, grants, and donations pursuant to subsection (8)(d) of this section.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and shall not be credited or transferred to the general fund or any other fund.

(c) The money in the fund is subject to annual appropriation by the general assembly to the department for use for the purposes set forth in this section. The department may expend up to two and one-half percent of the money that is annually appropriated to the department from the fund to pay administrative costs incurred by the department, the commission, and the advisory committee.

(d) The department is authorized to seek, accept, and expend gifts, grants, and donations for the purposes of this section and shall transmit any money received from gifts, grants, or donations to the state treasurer for deposit in the fund.

(e) On August 31, 2033, the state treasurer shall transfer all unexpended and unencumbered money in the fund to the general fund.

(9) **Evaluation and funding recommendations.** On or before February 1, 2026, and on or before February 1 every three years thereafter, the commission shall evaluate the current and future financial needs of the grant program and make written recommendations to the general assembly regarding funding.

(10) **Report.** (a) On or before November 1, 2025, and on or before November 1 of each year thereafter, the department shall prepare and post on its public website a report that summarizes the use of all grant money awarded under the grant program in the preceding fiscal year. At a minimum, the report must include:

(I) The number of grant applicants;

(II) The amount of grant money requested by each applicant;

(III) The eligible local governments that were awarded grants;

(IV) The amount of grant money awarded to each grant recipient;

(V) A description of the grant recipient's use of the grant money; and

(VI) The amount of money remaining in the fund on the date of the report.

(b) The department may include the report described in subsection (10)(a) of this section in the department's annual report to the committees of reference of the general assembly pursuant to section 30-20-122 (1)(b).

(11) **Repeal.** This section is repealed, effective September 1, 2033. Prior to the repeal, the grant program and the advisory committee are scheduled for review in accordance with section 24-34-104.

PART 2

DISPOSAL DISTRICTS (1953 ACT)

Cross references: For the "Special District Act", see article 1 of title 32.

30-20-201. Legislative declaration. It is declared that the creation of disposal districts, having purposes and powers provided in this part 2, will serve a public use and will promote the health, safety, prosperity, security, and general welfare of the inhabitants of said districts.

Source: L. 53: p. 475, § 1. CRS 53: § 89-11-1. C.R.S. 1963: § 89-11-1.

30-20-202. Creation - proviso. (1) Whenever a county has established and maintains a county public health agency or, in conjunction with one or more adjacent counties, a district public health agency as provided by part 5 of article 1 of title 25, C.R.S., such county may establish one or more disposal districts. Such district shall be composed of the unincorporated area benefited by the establishment of the proposed disposal district for the collection and disposal of garbage, waste, and trash. The boundaries of such district are to be designated by the board of county commissioners of the county.

(2) It is the duty of the county board of health or the district board of health, which the county maintains under the authority of part 5 of article 1 of title 25, C.R.S., upon request from the board of county commissioners of such county, to formulate a tentative plan for the formation of such disposal district, said plan to include: Recommendations as to the area to be benefited; a detailed estimate of annual costs for the operation and maintenance of the district affairs and the equipment and personnel thereof; boundaries and the approximate valuation for assessment therein; and proposed rules, regulations, and schedules for the district. Upon completion of said plan, the board of health shall certify such plan to the board of county commissioners.

(3) Before the adoption of any resolution of the board of county commissioners creating a disposal district, a public hearing shall be held by the board to ascertain the sentiment of residents within the proposed area toward the establishment of such district. For the purposes of such hearing, the board of county commissioners shall give notice thereof, which notice shall set forth the time, date, place, and purpose of such hearing, shall set forth a description of the proposed boundaries, and shall be published once weekly for three consecutive weeks in a newspaper published and of general circulation in the county. The date for such hearing shall not be sooner than five days nor later than thirty days following the date of the last publication of said notice.

(4) After the hearing, the board of county commissioners may, at any regularly scheduled meeting, change, amend, reject, or adopt the certified plan, and by resolution create a disposal district.

(5) Any provisions in this part 2 to the contrary notwithstanding, no tract or parcel of real estate used for manufacturing, mining, railroad, or industrial purposes, which, together with the buildings, improvements, machinery, and equipment thereon situate, shall have a valuation for assessment in excess of twenty-five thousand dollars at the date of the adoption by the board of county commissioners of a resolution creating a disposal district, shall be included in any

district organized under this part 2 without the written consent of the owner thereof. No personal property shall be included within any district which is situate upon real estate not included in such district. If, contrary to the provisions of this subsection (5), any such tract, parcel, or personal property is included in any district, the owner thereof, on petition to the board of county commissioners which adopted the resolution creating the district, shall be entitled to have such property excluded from the district free and clear of any contract, obligations, lien, or charge to which it may or might have been liable as a part of the district.

30-20-203. Powers. (1) The board of county commissioners, following the creation of such district and acting on behalf thereof:

(a) Shall in each year determine the amount of money necessary to be raised by taxation after taking into consideration all sources of revenue of the district, and shall fix, in addition to such other taxes as may be levied by such board of county commissioners, a rate of levy, not to exceed one-half mill, to be levied upon every dollar of valuation for assessment of the property within the district, which levy, together with other revenues of the district, will raise the amount required by the district annually to supply funds for paying the expenses, acquisition of equipment, costs of operation, maintenance, and employment of personnel therefor;

(b) May establish and fill a position of county sanitation engineer to supervise and manage the manner of collection and disposing of trash, waste, and garbage of the district, and fix the compensation attached to such position to be paid from the funds of the district, or may authorize an administrative official of the county to assume the functions of such position in addition to his customary duties, and provide for the additional compensation that may be allowed for such official to be paid from the funds of the district;

(c) May provide with the funds of the district for the employment of personnel to operate and manage the facilities for the collection and disposal of trash, waste, and garbage within the district;

(d) May enter into and execute contracts on behalf of the district with any firm, corporation, or individual to provide for the collection or disposal, or both, of trash, wastes, and garbage within the district, the revenues from which, if any, shall be solely for the uses and benefits of the district;

(e) May enter into and execute contracts on behalf of the district with any incorporated village, town, city, or other district for the joint operation of any dump, sanitary fill, or other satisfactory means of garbage and trash disposal, the revenue from which, if any, shall be solely for the uses and benefits of the district;

(f) May by lease, contract, or otherwise provide areas or dumps within or without the boundaries of the district for the disposal of waste, trash, and garbage collected by the district, the costs for which shall be borne by the district;

(g) May acquire by purchase or lease or otherwise provide for equipment for the collection and disposal of garbage, waste, and trash, the costs of which shall be borne by the district;

(h) May promulgate and adopt on behalf of the district such schedules, rules, or regulations as may be necessary for the orderly collection of trash, wastes, or garbage from the

district, and for the maintenance and operation of dumps, sanitary fills, or other satisfactory disposal methods and collection areas, which, when so adopted, may be administered and enforced by the county or district public health agency, as the case may be, as provided in other cases by sections 25-1-506 and 25-1-514, C.R.S.;

(i) May enlarge the area of the district by inclusion of other unincorporated areas, after giving notice of and holding a public hearing thereof, as provided for the creation of the district under section 30-20-202. The area to be included may or may not be adjacent to the district.

(j) May exclude any area from the district or dissolve any district created under this part 2, after giving notice of and holding a public hearing thereon, as provided for the creation of the district under section 30-20-202.

PART 3

PUBLIC PROJECTS

30-20-301. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Governmental agency" means any county or municipality in the state only.

(2) "Public project" means any lands, buildings, structures, works, machinery, equipment, or facilities suitable for and intended for use as public property for public purposes or suitable for and intended for use in the promotion of the public health, public education (where county boundaries and school district boundaries are coterminous), public welfare, or the conservation of natural resources, including the planning of any such lands, buildings, improvements, structures, works, machinery, equipment, or facilities, and shall also include existing lands, buildings, improvements, structures, works, and facilities, as well as improvements, renovations, or additions to any such lands, buildings, improvements, structures, works, or facilities.

(3) "Public purposes" includes, but is not limited to, the supplying of public water services and facilities, public sewer services and facilities, and lands, buildings, improvements,

equipment, and facilities for public education (where county boundaries and school district boundaries are coterminous).

(4) Repealed.

PART 4

SEWER AND WATER SYSTEMS

30-20-401. Definitions. As used in this part 4, unless the context otherwise requires:

- (1) "Board" means the board of county commissioners.
- (2) "Consumer" means any public or private user of water facilities or sewerage facilities, or both.
- (3) "Joint system" or "joint water and sewer system" means water facilities and sewerage facilities combined, operated, and maintained as a single public utility and income-producing project.
- (4) "Sewerage facilities" means any one or more of the various devices used in the collection, treatment, or disposition of sewage or industrial wastes of a liquid nature, or storm, flood, or surface drainage waters, including all inlets, collection, drainage, or disposal lines, intercepting sewers, joint storm and sanitary sewers, sewage disposal plants, and outfall sewers; all pumping, power, and other equipment and appurtenances; all extensions, improvements, remodeling, additions, and alterations thereof; and any and all rights or interest in such sewerage facilities.
- (5) "System" means sewerage facilities or water facilities or water and sewerage facilities combined.
- (6) "Water facilities" means any one or more devices used in the collection, treatment, or distribution of water for domestic and other legal uses, including systems of raw and clear water and distribution storage reservoirs, deep and shallow wells, pumping, ventilating, and gaging stations, inlets, tunnels, flumes, conduits, canals, collection, transmission, and distribution lines, infiltration galleries, hydrants, meters, and filtration and treatment plants and works; all pumping, power, and other equipment and appurtenances; all extensions, improvements, remodeling, additions, and alterations thereof; and any and all rights or interests in such water facilities.

30-20-402. Powers. (1) In addition to the powers which it may now have, any county without an election of the qualified electors thereof has power under this part 4:

- (a) To acquire by gift, purchase, lease, or exercise of the right of eminent domain, to construct, to reconstruct, to improve, to better, and to extend water facilities or sewerage facilities, or both, wholly within or wholly without the county, or partially within and partially without the county, and to acquire by gift, purchase, or the exercise of the right of eminent domain lands, easements, and rights in land in connection therewith;
- (b) To operate and maintain water facilities or sewerage facilities, or both, for its own use and for the use of public and private consumers and users within and without the territorial boundaries of the county, but no water service or sewerage service, or combination of them,

shall be furnished in any other county or in any municipality unless the approval of such other county or municipality is obtained as to the territory in which the service is to be rendered;

(c) To accept loans or grants, or both, from the United States under any federal law to aid in financing the cost of engineering, architectural, or economic investigations or studies, surveys, designs, plans, working drawings, specifications, procedures, or other action preliminary to the construction of water facilities or sewerage facilities, or both;

(d) To accept loans or grants, or both, from the United States under any federal law for the construction of necessary water facilities or sewerage facilities, or both;

(e) To enter into joint operating agreements, contracts, or arrangements with consumers concerning water facilities or sewerage facilities, or both, whether acquired or constructed by the county or consumer, and to accept grants and contributions from consumers for the construction of water facilities or sewerage facilities, or both. When determined by its board to be in the public interest and necessary for the protection of the public health, any county is authorized to enter into and perform contracts, whether long-term or short-term, but in no event exceeding fifty years, with any consumer for the provision and operation by the county of sewerage facilities to abate or reduce the pollution of waters caused by discharges of wastes by a consumer and the payment periodically by the consumer to the county of amounts at least sufficient, in the determination of such board, to compensate the county for the cost of providing, including payment of principal and interest charges, if any, and of operating and maintaining the sewerage facilities serving such consumer.

(f) To prescribe, revise, and collect in advance or otherwise from any consumer or any owner or occupant of any real property connected therewith or receiving service therefrom rates, fees, tolls, and charges, or any combination thereof, for the services furnished by, or the direct or indirect connection with, or the use of, or any commodity from, such water facilities or sewerage facilities, or both, including, without limiting the generality of the foregoing, minimum charges, charges for the availability of service, tap fees, disconnection fees, reconnection fees, and reasonable penalties for any delinquencies, including but not necessarily limited to interest on delinquencies from any date due at a rate of not exceeding one percent per month, or fraction thereof, reasonable attorney fees, and other costs of collection, without any modification, supervision, or regulation of any such rates, fees, tolls, or charges by any board, agency, bureau, commission, or official other than the board of county commissioners collecting them; and, in anticipation of the collection of the revenues of such water facilities or sewerage facilities, or joint system, to issue revenue bonds to finance in whole or in part the cost of acquisition, construction, reconstruction, improvement, betterment, or extension of the water facilities or sewerage facilities, or both; and to issue temporary bonds until permanent bonds and any coupons appertaining thereto have been printed and exchanged for the temporary bonds;

(g) To pledge to the punctual payment of said bonds and interest thereon all or any part of the revenues of the water facilities or sewerage facilities, or both, including the revenues of improvements, betterments, or extensions thereto, thereafter constructed or acquired, as well as the revenues of existing water facilities or sewerage facilities, or both;

(h) To enter into and perform contracts and agreements with other counties or with municipalities for or concerning the planning, construction, lease, or other acquisition and the financing of water facilities or sewerage facilities, or both, and the maintenance and operation thereof. Any such counties or municipalities so contracting with each other may also provide in any contract or agreement for a board, commission, or such other body as their boards or

governing bodies may deem proper for the supervision and general management of the water facilities or sewerage facilities, or both, and for the operation thereof, and may prescribe its powers and duties and fix the compensation of the members thereof.

(i) To make all contracts, execute all instruments, and do all things necessary or convenient in the exercise of the powers granted in this section, or in the performance of its covenants or duties, or in order to secure the payment of its bonds; except that no encumbrance, mortgage, or other pledge of property, excluding any pledged revenues, of the county is created thereby, and except that no property, other than money, of the county is liable to be forfeited or taken in payment of said bonds, and except that no debt on the credit of the county is thereby incurred in any manner for any purpose; and

(j) To issue water, or sewer, or joint water and sewer refunding revenue bonds to refund, pay, or discharge all or any part of its outstanding water, or sewer, or joint water and sewer revenue bonds issued under this part 4 or under any other law, including any interest thereon in arrears or about to become due, or for the purpose of reducing interest costs or effecting other economies or of modifying or eliminating restrictive contractual limitations appertaining to the issuance of additional bonds or to any county water facilities or sewerage facilities, or both, as provided in section 30-20-410.

30-20-403. Authorization of facilities and bonds. (1) The acquisition, construction, reconstruction, lease, improvement, betterment, or extension of any water facilities or sewerage facilities, or both, and the issuance in anticipation of the collection of revenues of such facilities of bonds to provide funds to pay the cost thereof may be authorized under this part 4 by action of the board of county commissioners taken at a regular or special meeting by a vote of a majority of the members of the board.

(2) The board, in determining such cost, may include all costs and estimated costs of the issuance of said bonds; all engineering, inspection, fiscal, and legal expenses; interest which it is estimated will accrue during the construction or other acquisition period and for a period of not exceeding one year thereafter on money borrowed or which it is estimated will be borrowed pursuant to this part 4; any discount on the sale of the bonds; costs of financial, professional, and other estimates and advice; contingencies; any administrative, operating, and other expenses of the county prior to and during such acquisition period and for a period of not exceeding one year thereafter, as may be determined by the board; and all other expenses as may be necessary or incident to the financing, acquisition, improvement, equipment, and completion of any water or sewerage facilities, joint water and sewer system, or part thereof, and the placing of the same in operation; and also such provision or reserves for working capital, operation, maintenance, or replacement expenses or for payment or security of principal of or interest on any bonds during or after such an acquisition or improvement and equipment as the board may determine; and also reimbursements to the federal government, or any agency, instrumentality, or corporation thereof, of any moneys theretofore expended for or in connection with any such water or sewerage facilities, or both.

30-20-404. Bond provisions. (1) Revenue bonds issued under this part 4 shall bear interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, payable semiannually or annually, and evidenced by one or two sets of coupons, if any, executed with the facsimile or manually executed signature of any official of the county; except that the first coupon appertaining to any bond may evidence interest not in excess of one year. The resolution authorizing the issuance of such bonds shall specify the maximum net effective interest rate. Such bonds may be issued in one or more series, may bear such date, may mature at such time not exceeding the estimated life of the water facilities or sewerage facilities, or both, to be acquired with the bonds proceeds, as determined by the board, but in no event beyond forty years from their respective dates, may be in such denomination, may be payable in such medium of payment, at such place within or without the state, including but not limited to the office of the county treasurer, may carry such registration privileges, may be subject to such terms of prior redemption in advance of maturity in such order or by lot or otherwise at such time with or without a premium, may be executed in such manner, may bear such privileges for reissuance in the same or other denomination, may be so reissued, without modification of maturities and interest rates, and may be in such form, either coupon or registered, as may be provided by the board.

(2) The board may provide for preferential security for any bonds, both principal and interest, to be issued under this part 4 to the extent deemed feasible and desirable by such board over any bonds that may be issued thereafter.

(3) Said bonds may be sold at, above, or below the principal amounts thereof, but they may not be sold at a price such that the net effective interest rate of the issue of bonds exceeds the maximum net effective interest rate authorized.

(4) Bonds may be issued with privileges for conversion or registration, or both, for payment as to principal or interest, or both; and, where interest accruing on the bonds is not represented by interest coupons, the bonds may provide for the endorsing of payments of interest thereon; and the bonds generally shall be issued in such manner, in such form, either coupon or registered, with such recitals, terms, covenants, and conditions, and with such other details as may be provided by the board, except as otherwise provided in this part 4.

(5) Subject to the payment provisions in this part 4 specifically provided, said bonds, any interest coupons thereto attached, and any temporary bonds shall be fully negotiable within the meaning of and for all the purposes of article 8 of title 4, C.R.S., except as the board may otherwise provide; and each holder of each such security, by accepting such security, shall be conclusively deemed to have agreed that such security, except as otherwise provided, is and shall be fully negotiable within the meaning and for all purposes of article 8 of title 4, C.R.S.

(6) Notwithstanding any other provision of law, the board in any proceedings authorizing bonds under this part 4:

(a) May provide for the initial issuance of one or more bonds, in this subsection (6) called "bond", aggregating the amount of the entire issue;

(b) May make such provision for installment payments of the principal amount of any such bond as it may consider desirable;

(c) May provide for the making of any such bond, payable to bearer or otherwise, registrable as to principal or as to both principal and interest and, where interest accruing thereon is not represented by interest coupons, for the endorsing or payments of interest on such bonds; and

(d) May further make provision in any such proceedings for the manner and circumstances in and under which any such bond may in the future, at the request of the holder thereof, be converted into bonds of smaller denominations, which bonds of smaller denominations may in turn be either coupon bonds or bonds registrable as to principal, or principal and interest, or both.

(7) If lost or completely destroyed, any security in this part 4 authorized may be reissued in the form and tenor of the lost or destroyed security upon the owner furnishing, to the satisfaction of the board: Proof of ownership; proof of loss or destruction; a surety bond in twice the face amount of the security, including any unmatured coupons appertaining thereto; and payment of the cost of preparing and issuing the new security.

(8) Any officer authorized to execute any bond, after filing with the secretary of state his manual signature certified by him under oath, may execute or cause to be executed with a facsimile signature in lieu of his manual signature any bond authorized in this part 4 if such a filing is not a condition of execution with a facsimile signature of any interest coupon and if at least one signature required or permitted to be placed on each such bond, excluding any interest coupon, shall be manually subscribed. An officer's facsimile signature has the same legal effect as his manual signature.

(9) The county clerk and recorder may cause the seal of the county to be printed, engraved, stamped, or otherwise placed in facsimile on any bond. The facsimile seal has the same legal effect as the impression of the seal.

(10) The resolution authorizing any bonds or other instrument appertaining thereto may contain any agreement or provision customarily contained in instruments securing revenue bonds, including, without limiting the generality of the foregoing, covenants designated in section 30-20-407.

30-20-405. Signatures on bonds. (1) The bonds and any coupons bearing the signatures of officers in office on the date of the signing thereof shall be valid and binding obligations of the county, notwithstanding that before the delivery thereof and payment therefor any or all of the persons whose signatures appear thereon shall have ceased to be officers of the county issuing the same.

(2) Any officer authorized or permitted to sign any bond or interest coupon, at the time of its execution and of the execution of a signature certificate, may adopt as and for his own facsimile signature the facsimile signature of his predecessor in office in the event that such facsimile signature appears upon the bond or coupons appertaining thereto, or upon both the bond and such coupons.

30-20-407. Covenants in bond resolution. (1) Any resolution under this part 4 authorizing the issuance of bonds, or trust indentures, or other instruments appertaining thereto to finance in whole or in part the acquisition, construction, reconstruction, improvement, betterment, or extension of water facilities or sewerage facilities, or both, may contain covenants as to:

(a) The rates, fees, tolls, or charges, or combination thereof, to be charged for the services, facilities, and commodities of said water facilities or sewerage facilities, or both, and the use and disposition thereof, including but not limited to the foreclosure of liens for, and collection of, delinquencies, the discontinuance of services, facilities, or commodities, or use of any water system or any sewer system, or joint system, prohibition against free service, the collection of penalties and collection costs, including disconnection and reconnection fees, and the use and disposition of any revenues of the county, derived or to be derived from any water facilities or sewerage facilities, or both;

(b) The creation and maintenance of reserves or sinking funds and the regulation, use, and disposition thereof to secure the payment of the principal of and interest on any bonds or of operation and maintenance expenses of any water system, sewer system, joint system, or part thereof; the determination or definition of revenues from any water system, sewer system, or joint system and of the expenses of operation and maintenance of such system; and the source, custody, security, use, and disposition of any such reserves or sinking funds, including but not limited to the powers and duties of any trustee with regard thereto;

(c) A fair and reasonable payment by the county to the account of said water facilities or sewerage facilities, or both, for the services, commodities, or facilities furnished said county by said water facilities or sewerage facilities, or both;

(d) The issuance of other or additional bonds or instruments payable from or constituting a charge against the revenue of such water facilities or sewerage facilities, or both; the payment of the principal of and interest on any bonds and the sources and methods thereof; the rank or priority of any bonds as to any lien or security for payment, or the acceleration of any maturity of any bonds, or the issuance of other or additional bonds payable from or constituting a charge against or lien upon any revenues pledged for the payment of bonds and the creation of future liens and encumbrances thereagainst and limitations thereon; and the purpose to which the proceeds of the sale of bonds may be applied and the custody, security, use, expenditure, application, and disposition thereof;

(e) Books of account, the inspection and audit thereof, and other records appertaining to a water system, sewer system, or joint system; the insurance to be carried by the county and use and disposition of insurance moneys; the acquisition of completion or surety bonds appertaining to any project, funds or personnel, and the use and disposition of any proceeds of such bonds; the assumption or payment or discharge of any indebtedness, other obligation, lien, or other claim relating to any part of a water system, sewer system, or joint system or any securities having or which may have a lien on any part of any revenues of such system; and limitations on the powers of the county to acquire or operate, or permit the acquisition or operation of, any plants, structures, facilities, or properties which may compete or tend to compete with the water system, sewer system, or joint system;

(f) The rights, liabilities, powers, and duties arising upon the breach by the county of any covenants, conditions, or obligations; defining events of default; the payment of costs or expenses incident to the enforcement of the bonds or of the provisions of the resolution

authorizing the bonds or any trust indenture or other instrument appertaining thereto or of any covenant or contract with the holders of the bonds; the procedure, if any, by which the terms of any covenant or contract with, or duty to, the holders of bonds, the bond resolution, any trust indenture, or other instrument may be amended or abrogated; the amount of bonds to which the holders, or any trustee, must consent and the manner in which such consent may be given or evidenced; and the terms and conditions upon which any or all of the bonds shall become or may be declared due before maturity and the terms and conditions upon which such declaration and its consequences may be waived;

(g) The terms and conditions upon which the holders of the bonds or any portion or percentage of them may enforce any covenants or provisions made under this part 4 or duties imposed thereby; and

(h) All such acts and things as may be necessary or convenient or desirable in order to secure its bonds or, in the discretion of the board of county commissioners, tend to make the bonds more marketable, notwithstanding that such covenant, act, or thing may not be enumerated in this part 4, it being the intention of this part 4 to give a county power to do all things in the issuance of bonds and for their security consistent with continued public ownership of the sewerage facilities or water facilities.

30-20-408. No county liability on bonds. Revenue bonds issued under this part 4 shall not constitute an indebtedness of the county within the meaning of any constitutional or statutory limitations. Each bond issued under this part 4 shall recite in substance that said bond, including interest thereon, is payable solely from the revenues pledged to the payment thereof and that said bond does not constitute a debt of the county within the meaning of any constitutional or statutory limitations.

30-20-409. Remedies of bondholders. (1) Subject to any contractual limitations binding upon the holders of any issue of bonds, or trustee therefor, including but not limited to the restriction of the exercise of any remedy to a specified proportion or percentage of such holders, any holder of bonds, or trustee therefor, shall have the right and power, for the equal benefit and protection of all holders of bonds similarly situated:

(a) By mandamus or other suit, action, or proceeding at law or in equity to enforce his rights against the county and its board and any of its officers, agents, and employees and to require and compel such county or such board or any such officers, agents, or employees to perform and carry out their duties and obligations under this part 4 and their covenants and agreements with the bondholders;

(b) By action or suit in equity to require the county and the board thereof to account as if they were the trustee of an express trust;

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders; and

(d) To bring suit upon the bonds.

(2) No right or remedy conferred by this part 4 upon any holder of bonds or any trustee therefor is intended to be exclusive of any other right or remedy, but each such right or remedy is cumulative and in addition to every other right or remedy and may be exercised without exhausting and without regard to any other remedy conferred by this part 4 or by any other law.

30-20-410. Refunding bonds. (1) Any bonds issued for any refunding purpose authorized in section 30-20-402 (1)(j) may either be delivered in exchange for the outstanding bonds authorized to be refunded or may be sold as provided in this part 4.

(2) No bonds may be refunded under this part 4 unless they either mature or are callable for prior redemption under their terms within ten years from the date of issuance of the refunding bonds or unless the holders thereof voluntarily surrender them for exchange or payment. No maturity of any bond refunded may be extended over fifteen years. The rate of interest on such refunding bonds shall be determined by the board. The principal amount of the refunding bonds may exceed the principal amount of the refunded bonds if the aggregate principal and interest costs of the refunding bonds do not exceed such unaccrued costs of the bonds refunded, excluding from the computation of such limitation the amount of the principal of any refunding bonds issued to pay any interest in arrears or about to become due on the bonds refunded.

(3) The proceeds of refunding bonds shall either be immediately applied to the retirement of the bonds to be refunded or be placed in escrow to be applied to the payment of the bonds upon their presentation therefor. Any escrowed proceeds, pending such use, may be invested or reinvested in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S. Such escrowed proceeds and investments, together with any interest to be derived from any such investment, shall be in an amount at all times sufficient to pay the bonds refunded as they become due at their respective maturities or due at prior redemption dates as to principal, interest, any prior redemption premium due, and any charges of the escrow agent payable therefrom.

(4) Refunding revenue bonds may be made payable from any revenues derived from the operation of any water facilities or sewerage facilities or of both water facilities and sewerage facilities comprising a joint water and sewer system, notwithstanding the pledge of any such revenues for the payment of the outstanding bonds issued by the county which are to be refunded is thereby modified.

(5) Bonds for refunding and bonds for any other purpose authorized in this part 4 may be issued separately or issued in combination in one series or more.

(6) Except as expressly provided or necessarily implied in this section and in section 30-20-402 (1)(j), the relevant provisions in this part 4 pertaining to revenue bonds not issued for refunding purposes shall be equally applicable in the authorization and issuance of refunding revenue bonds, including their terms and security, the bond resolution, rates, fees, tolls, service charges, and other aspects of the bonds.

(7) The determination of the board, that the limitations under this part 4 imposed upon the issuance of refunding bonds have been met, shall be conclusive in the absence of fraud or arbitrary and gross abuse of discretion.

30-20-411. Incontestable recital in bonds. Any resolution authorizing, or any trust indenture or other instrument appertaining to, any bonds under this part 4 may provide that each bond therein authorized shall recite that it is issued under authority of this part 4. Such recital shall conclusively impart full compliance with all of the provisions of this part 4, and all bonds issued containing such recital shall be incontestable for any cause whatsoever after their delivery for value.

Source: L. 71: p. 363, § 1. C.R.S. 1963: § 36-29-11.

30-20-412. Application of bond proceeds. (1) All moneys received from the issuance of any bonds authorized in this part 4 shall be used solely for the purpose for which issued and the cost of any project thereby delineated.

(2) Any accrued interest and any premium shall be applied to the payment of the interest on or the principal of the bonds, or both interest and principal, or shall be deposited in a reserve therefor, as the board may determine.

(3) Any unexpended balance of such bond proceeds remaining after the completion of the acquisition or improvement and equipment of the project or the completion of the purpose for which such bonds were issued shall be paid immediately into the fund created for the payment of the principal of said bonds and shall be used therefor, subject to the provisions as to the times and methods for their payment as stated in the bonds and the proceedings authorizing or otherwise appertaining to their issuance, or into a reserve therefor.

(4) The validity of said bonds shall not be dependent on nor affected by the validity or regularity of any proceedings relating to the acquisition or improvement and equipment of the project or the proper completion of any project for which the bonds are issued.

(5) The purchaser of the bonds shall in no manner be responsible for the application of the proceeds of the bonds by the county or any of its officers, agents, and employees.

30-20-413. Continuing rights of bondholders. The failure of any holder of any bond or coupon issued under this part 4 to proceed, as provided in section 30-20-409, or in any proceedings appertaining to the issuance of such bond or coupon, shall not relieve the county, its board, or any of its officers, agents, and employees of any liability for failure to perform or carry out any duty, obligation, or other commitment.

30-20-414. Validation. All revenue bonds or other obligations payable solely from revenues of a water or sewer system, and any coupons appertaining thereto, appertaining to a water system, sewer system, or joint water and sewer system issued or purportedly issued prior to June 2, 1971, and all acts and proceedings had or taken or purportedly had or taken before that date, by or on behalf of any county under law or under color of law, preliminary to and in the

authorization, execution, sale, and issuance of all water revenue bonds, sewer revenue bonds, and joint water and sewer revenue bonds, including any coupons appertaining thereto, the authorization and execution of all other contracts, and the exercise of other powers in this part 4, are validated, ratified, approved, and confirmed, except as provided in section 30-20-415, notwithstanding any lack of power, authority, or otherwise, other than constitutional, and notwithstanding any defects and irregularities, other than constitutional, in such securities, acts, and proceedings in such authorization, execution, sale, and issuance and in such exercise of powers; and such securities and other contracts are and shall be binding, legal, valid, and enforceable obligations of such county to which they appertain in accordance with their terms and their authorization proceedings.

30-20-415. Effect of and limitations upon validation. This part 4 shall operate to supply such legislative authority as may be necessary to validate any such securities issued prior to June 2, 1971, and other contracts of such counties executed before said date and any acts and proceedings taken before said date appertaining to the issuance of such securities or execution of other contracts by such counties or otherwise which the general assembly could have supplied or provided for in the law under which such securities were issued or such other contracts were executed and such acts or proceedings were taken; but this part 4 shall be limited to the validation of such securities, other contracts, acts, and proceedings to the extent to which the same can be effectuated under the state and federal constitutions. This part 4 shall not operate to validate, ratify, approve, confirm, or legalize any bond or coupon, other contract, act, proceedings, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined, and it shall not operate to confirm, validate, or legalize any bond or coupon, other contract, act, proceedings, or other matter which was determined in any legal proceeding prior to June 2, 1971, to be illegal, void, or ineffective.

30-20-416. Compulsory sewer connections - owner to be notified. (1) In addition to the powers already had by counties, they have the following powers as enumerated below:

(a) Whenever the board of county commissioners of a county having a public sewerage system determines that the county sewer line is within four hundred feet of the boundary line of any premises located within the county and the board deems it necessary for the protection of public health that the owners of one or more of such premises shall connect their premises with the public sewer, thirty days' notice in writing shall be given to said owners, by registered mail, notifying them to connect their premises with the sewer, the date of the notice to begin as of the date of registering the same for mailing.

(b) If the work of making the connection is not begun within thirty days, the board shall notify the county engineer to prepare plans and specifications for making the connection with the public sewer, including water and service pipe for flushing purposes, if the owner has given notice and proof to said board of his financial inability to make the connection himself and if it is only for the necessary connection of a water closet or of a privy in an outhouse or both.

Source: L. 71: p. 364, § 1. C.R.S. 1963: § 36-29-16.

30-20-417. Resolution adopted. The plans or specifications shall be filed in the county clerk and recorder's or engineer's office, and a resolution shall be adopted by the board ordering or prescribing in general terms the contemplated sewerage connections, giving location of the premises and the name of the owner and authorizing the county clerk and recorder to advertise for bids. The advertisement for bids shall be the same as is now provided for in other cases wherein counties receive bids. The board of county commissioners shall let the contract to the lowest responsible bidder who shall furnish satisfactory security, but it shall have the right to reject all bids.

30-20-418. Cost of connection. The entire costs of all sewerage and water connections, closets, equipment pipe, sewer pipe, labor, and necessary engineering, legal, and publication expenses shall be ascertained by the board of county commissioners, including an amount of six percent additional for costs of inspection, collections, and other incidentals. The cost to each owner shall be determined according to the material used and work done under the contract in connecting such property to the public sewer and water main. The engineering, legal, and publication expenses shall be charged in proportion as each connection bears to the whole. The cost to each owner shall be billed to him and if unpaid shall be collected in the same manner as other rates, fees, tolls, and charges of the system.

30-20-420. Failure to pay rates and charges - lien. In the event any user of the system neglects, fails, or refuses to pay the rates, fees, tolls, and charges fixed by the board of county commissioners for the connection with and use of the system, said user shall not be disconnected from said system or refused the use of said system unless the user is outside the boundaries of the county, but the rates, fees, tolls, and charges due therefor may be certified by the county clerk and recorder to the board of county commissioners of the county in which said delinquent user's property is located and shall become a lien upon the real property so served by said system and collected in the manner as though they were part of the taxes.

30-20-421. Prior rates and charges declared valid. Any such rates and charges for the connections with, and use of, the system of any county declared or established prior to June 2,

1971, by resolution of the board of county commissioners are, and the same are declared to be, valid and ratified.

30-20-422. Construction of this part 4. The powers conferred by this part 4 shall be in addition and supplemental to and not in substitution for, and the limitations imposed by this part 4 shall not affect, the powers conferred by any other law. Bonds may be issued under this part 4 without regard to the provisions of any other law. The water facilities or sewerage facilities, or both, may be acquired, purchased, constructed, reconstructed, improved, bettered, and extended, and bonds may be issued under this part 4 for said purposes, notwithstanding that any law may provide for the acquisition, purchase, construction, reconstruction, improvement, betterment, and extension for like purposes, and without regard to the requirements, restrictions, debt, or other limitations or other provisions contained in any other law, including, but not limited to, any requirement for any restriction or limitation on the incurring of indebtedness or the issuance of bonds. Insofar as the provisions of this part 4 are inconsistent with the provisions of any other law, the provisions of this part 4 shall be controlling.

PART 5

COUNTY PUBLIC IMPROVEMENT DISTRICT ACT

Law reviews: For article, "Improvement Districts for Colorado Counties, Cities, and Towns", see 30 Colo. Law. 53 (Jan. 2001).

30-20-501. Short title. This part 5 shall be known and may be cited as the "County Public Improvement District Act of 1968".

Source: L. 68: p. 162, § 2. **C.R.S. 1963:** § 36-25-2.

30-20-502. Legislative declaration. It is hereby declared that the organization of public improvement districts, having the purposes and powers provided in this part 5, shall serve a public use and will promote the health, safety, prosperity, security, and general welfare of the inhabitants of said districts.

Source: L. 68: p. 162, § 1. **C.R.S. 1963:** § 36-25-1.

30-20-503. Definitions. As used in this part 5, unless the context otherwise requires:

(1) (a) (I) (A) An "elector" of a district is a person who, at the designated time or event, is registered to vote in accordance with the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S.; and

(B) Who is a resident of the district or the area to be included in the district; or

(C) Who or whose spouse or civil union partner owns taxable real or personal property within the district or the area to be included in the district whether or not said person resides within the district.

(II) Where the owner of taxable real or personal property specified in sub-subparagraph (C) of subparagraph (I) of this paragraph (a) is not a natural person, an "elector" of the district shall include a natural person designated by such owner to vote for such person. Such designation shall be in writing and filed with the county clerk and recorder. Only one such person may be designated by an owner.

(b) A "taxpaying elector" of a district is an elector of a district who or whose spouse or civil union partner owns taxable real or personal property within the district or the area to be included within the district, whether or not said person resides within the district. Where the owner of taxable real or personal property specified in this paragraph (b) is not a natural person, a "taxpaying elector" of the district shall include a natural person designated by such owner to vote for such person. Such designation shall be in writing and filed with the county clerk and recorder. Only one person may be designated by an owner.

(c) A person who is obligated to pay general taxes under a contract to purchase real property within the district shall be considered an owner within the meaning of this subsection (1). The ownership of property on which a specific ownership tax is paid pursuant to law shall not qualify a person as an elector nor as a taxpaying elector. Taxable property means real or personal property subject to general ad valorem taxes.

(d) Registration pursuant to the general election laws or any other laws shall not be required.

(2) "Governing body" means a board of county commissioners in a county.

(3) "Improvement district", referred to in this part 5 as a "district", means a taxing unit that may be created by any county in this state for the purpose of constructing, installing, acquiring, operating, or maintaining any public improvement or for the purpose of providing any service so long as the county that forms the district is authorized to perform such service or provide such improvement under the county's home rule charter, if any, or the laws of this state, and except as otherwise provided in this subsection (3). "Public improvement" or "service" shall not include any facility identified in section 30-20-101 (8) or (9), nor shall the terms include services identified in section 30-15-401 (4) to (7.7) unless the district provides such services consistent with part 4 of article 15 of this title. No such district shall provide the same improvement or service as an existing special district within the territory of such existing special district unless the existing special district consents. A district may consist of noncontiguous tracts or parcels and may be organized wholly or partially within an existing special district if it is not providing the same service as the special district. For purposes of this part 5, a district may be created by or within a county for the purpose of constructing, installing, acquiring, operating, maintaining or providing fire protection regardless of whether or not the county is authorized to provide fire protection improvements or services. For purposes of this subsection (3), "fire protection" shall have the same meaning as "firehouses, equipment, and firefighters" as described in section 30-35-201 (22).

(4) "Publication", if no manner of publication is specified, means publication once a week for three consecutive weeks in a newspaper of general circulation in the district. It shall not be necessary that publication be made on the same day of the week in each of the three consecutive weeks, but not less than fourteen days, excluding the day of first publication, shall

intervene between the day of the first publication and the day of the last publication, and publication shall be complete on the day of the last publication.

(2) For the legislative declaration in HB 14-1164, see section 1 of chapter 2, Session Laws of Colorado 2014.

30-20-504. Authority of governing body. (1) Within the unincorporated territory of any county, the governing body of such county is hereby vested with jurisdiction, power, and authority to establish districts for the acquisition, construction, installation, operation, or maintenance of improvements or the provision of services authorized by this part 5. The governing body of a county may establish a district wholly or partially within the boundaries of any municipality or partially within the unincorporated territory of another county if such municipality or county consents by resolution to the establishment of such district.

(2) If a municipality annexes or incorporates any territory within an established district, such territory shall remain in the district unless the municipality notifies the district's board of the municipality's intent to exclude the territory annexed or incorporated from the district. If the municipality notifies the board of its intent to exclude such territory, such exclusion shall take effect January 1 of the year following such notice. Any property excluded from the district under this subsection (2) shall remain subject to payment of its share of any indebtedness or bonds that are outstanding on the date of such exclusion.

(3) At such time as all of the territory included within an existing district that has no outstanding indebtedness or bonds is annexed or incorporated into a municipality, the governing body of the municipality shall exercise all duties of the governing body of the district but continue to act under this section as if it were the board of county commissioners. The presiding officer of the governing body of the municipality shall be ex officio the presiding officer of the board, the clerk of the municipality shall be ex officio the secretary of the board, and the treasurer of the municipality shall be ex officio the treasurer of the board and district.

30-20-505. Organization petition - contents. (1) The organization of a district shall be initiated by a petition filed in the office of the clerk of the board of county commissioners of the county creating the district. The petition shall be signed by not less than thirty percent or two hundred of the electors of the proposed district, whichever is less. After the filing of a petition, no signer shall be permitted to withdraw his or her name therefrom.

- (2) The petition shall set forth:
- (a) The name of the proposed district, which shall include the name of the county creating the district, a descriptive name or number, and the words "public improvement district";
 - (b) A general description of the improvements to be constructed, installed, acquired, operated, or maintained or the services to be provided by the district;
 - (c) The estimated cost of the proposed improvements or the estimated annual cost of providing the proposed services;
 - (d) A general description of the boundaries of the district or the territory to be included therein, with such certainty as to enable a property owner to determine whether or not his or her property is within the district;
 - (e) The names of three persons who shall represent the petitioners and who have the power to enter into agreements relating to the organization of the district, which agreements shall be binding on the district, if created;
 - (f) A prayer for the organization of the district; and
 - (g) A statement that either:
 - (I) The boundaries of the proposed district include at least one hundred eligible electors;
 - (II) The boundaries of the proposed district include at least one eligible elector for each five acres of land included within the proposed district; or
 - (III) The petition is signed by one hundred percent of the owners of taxable real property to be included in the proposed district.
- (3) No petition with the requisite signatures shall be declared void on account of alleged defects. The governing body, at any time, may permit the petition to be amended to conform to the facts by correcting any errors in the description of the territory, or in any other particular. Similar petitions or duplicate copies of the same petition for the organization of the same district may be filed and together shall be regarded as one petition. All such petitions filed prior to the hearing on the first petition filed shall be considered by the governing body the same as though filed with the first petition.
- (4) If the petition is signed by one hundred percent of the owners of the taxable real property to be included in the district and the petition contains a waiver request, the board of county commissioners may, at its discretion, waive all or any of the requirements for notice, publication, and a hearing set forth in sections 30-20-507 and 30-20-508.

30-20-506. Bond of petitioners. At the time of filing the petition or at any time prior to the time of hearing on said petition a bond shall be filed, with security approved by the governing body, or cash deposit made sufficient to pay all expenses connected with the proceedings in case the organization of the district is not effected. If at any time during the organization proceedings the governing body is satisfied that the bond first executed or the amount of cash deposited is insufficient in amount, it may require the execution of an additional bond or the deposit of additional cash within a time to be fixed, not less than ten days distant, and upon failure of the petitioners to file or deposit the same, the petition shall be dismissed.

30-20-507. Notice of hearing. As soon as possible after the filing of such petition, the governing body shall fix, by order, a place and time, not less than twenty days nor more than forty days after the petition is filed, for a hearing thereon. Thereupon the clerk of the governing body shall cause notice by publication to be made of the pendency of the petition, of the purposes and boundaries of the proposed district, and of the time and place of hearing thereon. The clerk shall also forthwith cause a copy of said notice to be mailed to each elector of the district at the elector's last-known address, as disclosed by the tax records of the counties and the last official voter registration lists. The clerk shall also cause a copy of said notice to be mailed to each municipality located within three miles of the boundaries of the proposed district at the same time notice is mailed to the electors of the district.

30-20-508. Hearing - dismissal - findings - declaration - when action barred. (1) On the day fixed for such hearing or at any adjournment thereof or, if the hearing is waived under section 30-20-505 (4), at any meeting at which a resolution creating a district is considered, the governing body shall ascertain from the tax rolls of the counties in which the district is located, from the last official registration list, and from such other evidence which may be adduced, the total number of electors of the district.

(2) If it appears that said petition is not signed by at least the number of electors required under section 30-20-505 (1) or if it is shown that the proposed improvement or service will not confer a general benefit on the district or that the cost of the improvement or service would be excessive as compared with the value of the property in the district, the governing body shall thereupon dismiss the petition and adjudge the cost against those executing the bond filed to pay such costs. No appeal or other remedy shall lie from an order dismissing said proceeding. Nothing in this section shall be construed to prevent the filing of subsequent petitions for similar improvements or services or for a similar district. The right so to renew such proceeding is hereby expressly granted and authorized.

(3) The finding of the governing body upon the question of the genuineness of the signatures and all matters of fact incident to such determination shall be final and conclusive on all parties in interest, whether appearing or not.

(4) (a) Upon the hearing, if required, or without a hearing pursuant to section 30-20-505 (4), if it appears that a petition for the organization of a district has been duly signed and presented in conformity with this part 5 and that the allegations of the petition are true, the governing body, by resolution duly adopted and made effective, shall adjudicate all questions of jurisdiction and may order that the question of the organization of the district and such other matters as the governing body deems appropriate including, but not limited to, the issuance of bonds or other matters for which voter approval is required under section 20 of article X of the Colorado constitution, be submitted to the electors at an election to be held for that purpose in accordance with the provisions of articles 1 to 13 of title 1, C.R.S. Unless provided otherwise in section 20 of article X of the Colorado constitution, such election may be held either at a special election within not less than sixty days but not more than one hundred eighty days after the date

the governing body adopted the resolution or in conjunction with a general election, ballot issue election, or ballot question election.

(b) At an election held under paragraph (a) of this subsection (4), the electors of the district shall vote for or against the organization of the district and such other matters as the governing body deems appropriate, including, but not limited to, the issuance of bonds or matters for which voter approval is required under section 20 of article X of the Colorado constitution. If a majority of the votes cast at the election are in favor of the organization, the governing body shall adopt a resolution declaring the district organized.

(c) If a petition filed with the governing body complies with section 30-20-505 (4), the governing body may adopt a resolution declaring the district organized without any notice, hearing, election, or the filing of a bond.

(d) If the governing body adopts a resolution in accordance with paragraph (b) or (c) of this subsection (4), the governing body shall give the district the corporate name specified in the petition by which, in all proceedings, it shall thereafter be known. Thereupon the district shall be a public or quasi-municipal subdivision of the state of Colorado and a body corporate with the limited proprietary powers set forth in this part 5.

(e) Nothing in this subsection (4) authorizes a governing body to waive an election otherwise required under section 20 of article X and section 6 of article XI of the Colorado constitution or to hold an election inconsistent with the election requirements in said section 20.

(5) If a resolution is adopted establishing the district, such resolution shall finally and conclusively establish the regular organization of the district against all persons, unless an action attacking the validity of the organization is commenced in a court of competent jurisdiction within thirty days after the adoption of such resolution.

30-20-510. Governing body constitutes board - duties. The governing body of the county in which the district is located shall constitute ex officio the board of directors of the district. The presiding officer of the governing body shall be ex officio the presiding officer of the board, the clerk of the governing body shall be ex officio the secretary of the board, and the

treasurer of the county shall be ex officio the treasurer of the board and district. Such board shall adopt a seal. The secretary shall keep in a visual text format that may be transmitted electronically a record of all its proceedings, minutes of all meetings, certificates, contracts, and all corporate acts, which shall be open to inspection by the owners of property in the district, as well as by all other interested parties. The treasurer shall keep permanent records containing accurate accounts of all money received by and disbursed for and on behalf of the district.

30-20-511. Meetings. The board shall hold meetings, which shall be open to the public, in a place to be designated by the board as often as the needs of the district require, on notice to each member of the board. A quorum of the governing body shall constitute a quorum at any meeting. Notice of time and place of all regular and special meetings shall be posted in three public places within the limits of the district and in the county courthouse at least three days previous to such meetings.

30-20-512. General powers of district. (1) The district has the following limited powers:

- (a) To have perpetual existence;
- (b) To have and use a corporate seal;
- (c) To sue and be sued, and be a party to suits, actions, and proceedings;
- (d) Except as otherwise provided in this part 5, to enter into contracts and agreements affecting the affairs of the district, including contracts with the United States and any of its agencies or instrumentalities. A notice shall be published for bids on all construction contracts for work or material, or both, involving an expense of one thousand dollars or more. The district may reject any and all bids, and if it appears that the district can perform the work or secure material for less than the lowest bid, it may proceed so to do.

- (e) To borrow money and incur general obligation indebtedness and evidence the same by bonds, certificates, warrants, notes, and debentures in accordance with the provisions of this part 5 and to issue revenue bonds or special assessment bonds in accordance with the provisions of this part 5;

- (f) To acquire, construct, install, operate, and maintain the improvements or provide the services contemplated by this part 5, including improvements located outside the boundaries of the district, and all property, rights, or interest incidental or appurtenant thereto, and to dispose of real and personal property and any interest therein, including leases and easements in connection therewith; but any improvement or service, other than described in the organization petition, shall be first approved by either a petition signed by not less than fifty percent of the taxpaying electors in the district or by election;

(g) To refund any general obligation indebtedness, revenue bonds, or special assessment bonds of the district without an election; otherwise, the terms and conditions of refunding bonds shall be substantially the same as those of an original issue of bonds of the district;

(h) To have the management, control, and supervision of all the business and affairs of the district and of the acquisition, construction, installation, operation, and maintenance of district improvements or the provision of services;

(i) To have and exercise the power of eminent domain in the same manner provided by law for the condemnation of private property for public use, to take any property necessary to the exercise of the powers granted in this part 5;

(j) To construct and install improvements across or along any public street, alley, or highway, and to construct works across any stream of water or watercourses. However, the district shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as completely or unnecessarily to impair the usefulness thereof. The use and occupation of streets, alleys, and highways, and the construction or installation of improvements by any district, shall be in accordance with the provisions of all applicable county resolutions and with such reasonable rules and regulations as may be prescribed by the governing body of the county.

(k) To fix, and from time to time to increase or decrease, rates, tolls, or charges for any revenue-producing services or facilities furnished by the district, and to pledge such revenue for the payment of any indebtedness of the district. Until paid, all rates, tolls, or charges shall constitute a perpetual lien on and against the property served, and any such lien may be foreclosed in the same manner as provided by the laws of the state of Colorado for the foreclosure of mechanics' liens. With respect to revenue-producing services or facilities, the board shall shut off or discontinue service for delinquencies in the payment of such rates, tolls, or charges, or for delinquencies in the payment of taxes levied pursuant to this part 5, and shall prescribe and enforce rules and regulations for connecting with and disconnecting from such services and facilities.

(l) To adopt and amend bylaws, not in conflict with the constitution and laws of the state or with the resolution of the county affected, for carrying on the business, objects, and affairs of the board and of the district;

(m) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted in this part 5. Such specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes and intent of this part 5.

(n) In a district providing fire protection services:

(I) To create and maintain a firefighters' pension fund, under the provisions of parts 2 and 4 of article 30.5 of title 31, C.R.S., subject to the provisions of article 31 of said title, and a volunteer firefighter pension fund under part 11 of article 30 of title 31, C.R.S.; and

(II) To adopt and enforce fire codes, as the board deems necessary, but no such code shall apply within any municipality or the unincorporated portion of any county unless the governing body of the municipality or county, as the case may be, adopts a resolution stating that the code or specific portions thereof shall be applicable within the portion of the municipality or the county that is within the district's boundaries; except that nothing in this subsection (1)(n) shall be construed to affect any existing fire codes that have been adopted by the governing body of a municipality or county. Notwithstanding any other provision of this section, no district

providing fire protection service shall prohibit the sale of permissible fireworks, as defined in section 24-33.5-2001 (11), within its jurisdiction.

(o) To conduct an election in accordance with articles 1 to 13 of title 1, C.R.S., for any purpose the board deems necessary or required.

(2) A district has the power to construct, maintain, and operate safety measures that are necessary to allow the county to restrict the sounding of locomotive horns at highway-rail grade crossings in compliance with 49 U.S.C. sec. 20153, as amended, and the applicable rules of the federal railroad administration. The district shall construct, maintain, and operate the safety measures in accordance with the provisions of section 40-4-106, C.R.S., and the standards of safety prescribed by the public utilities commission pursuant to section 40-29-110, C.R.S.

30-20-512.5. Local improvement districts - authority to establish. In order to defray all or any portion of the costs of the improvements or services provided by the district, the board may establish local improvement districts within the boundaries of the district. Such local improvement districts may be established whenever the board determines that property in the district will be especially benefitted by such improvements or services. The method of creating local improvement districts, making the improvements or providing the services, and assessing the costs thereof shall be as provided in part 6 of this article. However, the electors eligible to vote on any question under this section shall either be electors of the district or electors within the proposed local improvement district, as determined by the board. In addition, the board shall perform the duties of the governing body as set forth in part 6 of this article, and the secretary of the district shall perform the duties of the county clerk and recorder as set forth in part 6 of this article. The improvements that the local improvement district may construct and the services that the local improvement district may provide shall be the improvements and the services that the district may provide under this part 5.

30-20-513. Determination of special benefits - factors considered. (1) The term "benefit", for the purposes of assessing a particular property within a public improvement district, particularly with respect to storm sewer drainage and to drainage improvements to carry off surface waters, includes, but is not limited to, the following:

- (a) Any increase in the market value of the property;
- (b) The provision for accepting the burden from specific dominant property for discharging surface water onto servient property in a manner or quantity greater than would naturally flow because the dominant owner made some of his property impermeable;
- (c) Any adaptability of property to a superior or more profitable use;
- (d) Any alleviation of health and sanitation hazards accruing to particular property or accruing to public property in the improvement district if the provision of health and sanitation is paid for wholly or partially out of funds derived from taxation of property owners of the improvement district;
- (e) Any reduction in the maintenance costs of particular property or accruing to public property in the improvement district if the maintenance of the public property is paid for wholly or partially out of funds derived from taxation of property owners of the improvement district;
- (f) Any increase in convenience or reduction in inconvenience accruing to particular property owners, including the facilitation of access to and travel over streets, roads, and highways;
- (g) Recreational improvements accruing to particular property owners as a direct result of drainage improvement.

30-20-514. Power to levy taxes. In addition to the other means of providing revenue for such districts, the board has the power to levy and collect ad valorem taxes on and against all taxable property within the district. Such power shall not prevent the issuance of obligations payable solely from the income of revenue-producing facilities.

30-20-515. Determining and fixing rate of levy. The board shall determine annually the amount of money necessary to be raised by a levy on the taxable property in the district, taking into consideration other sources of revenue of the district, and shall fix a rate of levy which, when levied upon every dollar of valuation for assessment of taxable property within the district, together with other revenues, shall raise the amount required by the district during the ensuing fiscal year for paying expenses of organization and the costs of acquiring, constructing, installing, operating, and maintaining the improvements or works of the district or providing the services of the district and promptly to pay in full when due all interest on and principal of general obligation bonds or indebtedness and other obligations of the district. In the event of accruing defaults or deficiencies, additional levies may be made as provided in section 30-20-516. At the time of certifying other tax levies, the board shall certify to the board of county commissioners of each county in which the district or a portion thereof lies the rate of levy so

determined with directions that, at the time and in the manner required by law for levying of taxes for county purposes, such board of county commissioners shall levy such tax upon the valuation for assessment of all taxable property within the district at the rate so fixed and determined, in addition to such other taxes as may be levied by such board of county commissioners.

30-20-516. Levies to cover deficiencies. The board, in fixing and determining the rate of levy, shall take into account the maturing indebtedness for the current and ensuing year on the contracts, bonds, interest on bonds, deficiencies, and defaults of prior years of the district, and shall make provision for the payment thereof. In case the money produced from such levy, together with other revenues of the district, is not sufficient to punctually meet the payments on the contracts, bonds, and interest on bonds of the district, and to pay defaults and deficiencies of the district, then the board, from year to year, shall make such additional levies of taxes as may be necessary for meeting such payments, and notwithstanding any limitations, such levies shall be made and continued until the indebtedness of the district is fully paid.

30-20-517. County officers to levy and collect taxes - liens. It is the duty of the governing body to levy the taxes certified to it, as provided in this part 5. It is the duty of all officials charged with the duty of collecting taxes to collect and enforce such taxes at the time, in the form and manner, and with like interest and penalties as other taxes are collected and, when collected, to pay the same to the district ordering its levy and collection. The payment of such collections shall be made monthly to the treasurer of the district and paid into the depository thereof to the credit of the district. All taxes levied under this part 5, together with the penalties for default in payment thereof, and all costs of collecting same, shall constitute a lien, until paid, on and against the property taxed, as in the case of other general taxes.

30-20-518. Property sold for taxes. The taxes provided for in this part 5 shall be a part of the general taxes and shall be paid accordingly. Sales of properties for delinquencies shall be in the same manner as is provided in the statutes of the state of Colorado for the sale of property for nonpayment of taxes.

30-20-519. Reserve fund. Whenever any indebtedness has been incurred by a district, it is lawful for the board to levy taxes and collect revenue for the purpose of creating a reserve fund in such amount as the board may determine, which may be used to meet the obligations of the district, for operating charges and depreciation, and to provide extensions and betterments of the authorized improvements of the district.

30-20-520. Inclusion or exclusion - petition - notice - hearing - order. (1) The boundaries of any district organized under the provisions of this part 5 may be changed in the manner prescribed in this section, but the change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect, impair, or discharge any contract, obligation, lien, or charge for or upon which it might be liable or chargeable had any such change of boundaries not been made. The owners of property proposed to be included or excluded may file with the board a petition, in writing, praying that such property be included in or excluded from the district. The petition shall describe the property owned by the petitioners and shall be verified. The petition shall be accompanied by a deposit of money sufficient to pay all costs of the inclusion or exclusion proceedings. The secretary of the board shall cause notice of filing of such petition to be given and published, which notice shall state the filing of such petition, names of petitioners, and descriptions of property sought to be included or excluded, and the prayer of said petitioners.

(2) Such notice shall state that all persons having objections to the petition may appear in the office of the board at the time set in said notice, and show cause why the petition should not be granted. The board, at the time and place set in the notice, or at such times to which the hearing may be adjourned, shall proceed to hear the petition and all objections thereto. The failure of any person interested to show cause shall be deemed an assent on his part to the inclusion or exclusion of such property as prayed for in the petition. If the petition is granted, the board shall adopt a resolution to that effect and file a certified copy of same with the county clerk and recorder of the county in which the property is located. Thereupon said property shall be included or excluded from the district.

30-20-522. Board can issue bonds - form - legislative declaration. (1) To carry out the purposes of this part 5, the board is hereby authorized to issue bonds of the district. Such bonds shall bear interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, payable at such times as determined by the board, and shall be due and payable in installments at such times as determined by the board and extending not more than twenty years from date of issuance. The form and terms of said bonds, including provisions for their sale, payment, and redemption, shall be determined by the board. To the extent required by section 20 of article X of the Colorado constitution, such bonds shall not be issued unless first approved at an election held for that purpose in accordance with articles 1 to 13 of title 1, C.R.S. If the board so determines, such bonds may be redeemable prior to maturity, with or without payment of a premium, but no premium shall exceed three percent of the principal thereof. The bonds shall be executed in the name of and on behalf of the district and signed by the presiding officer of the board with the seal of the district affixed thereto and attested by the secretary of the board. Such bonds shall be in such denominations as the board shall determine. Interest coupons, if any, shall bear the original or facsimile signature of the presiding officer of the board. Under no circumstances shall any of said bonds be considered or held to be an indebtedness, obligation, or liability of the counties or municipalities in which the district or any portion thereof is located, and bonds issued pursuant to the provisions of this part 5 shall contain a statement to that effect.

(2) The general assembly finds and declares that:

(a) In performing its duties under section 20 of article X and section 6 of article XI of the Colorado constitution, the general assembly must balance the interests of controlling public debt, preserving local control, and reasonably restraining most of the growth of government;

(b) In balancing these constitutional interests through the exercise of its legislative authority, the general assembly has enacted limitations on the ability of county public improvement districts to incur indebtedness;

(c) A statutory restriction has been imposed on the amount of bonded indebtedness that county public improvement districts can incur with voter approval;

(d) From time to time, changes to such limitations imposed on county public improvement districts are necessary in order to keep these constitutional interests properly balanced in light of changing circumstances;

(e) Section 20 (1) of article X of the Colorado constitution prohibits the weakening of "other limits on district revenue, spending, and debt" without future voter approval;

(f) No change in county public improvement district debt occurs by virtue of statutory changes that increase a limit when the debt would not actually increase without such district voter approval;

(g) Any actual weakening of county public improvement district debt limitation occurs only when such district voter approval is obtained under an increased limit; and

(h) By requiring voters to give approval at the county public improvement district level for any weakening of a county public improvement district limit on debt, the voter approval requirement of section 20 (1) of article X of the Colorado constitution is satisfied in a manner achieving a reasonable result through legislative harmonization of constitutional provisions.

30-20-527. Procedure. Any district organized pursuant to this part 5 may be dissolved after notice given and a hearing held in the manner prescribed by sections 30-20-507 and 30-20-508. After hearing any protests against, or objections to, dissolution, if the board determines that it is in the best interests of all concerned to dissolve the district, it shall so provide by resolution, a certified copy of which shall be filed in the office of the county clerk and recorder in the county in which the district is located. Upon such filing, the dissolution shall be complete. However, no district shall be dissolved until it has satisfied or paid in full all of its outstanding indebtedness, obligations, and liabilities, or until funds are on deposit and available therefor.

30-20-532. Confirmation of board actions and powers. (1) In its discretion, the board may file a petition at any time in the district court in any county in which the district or a portion thereof is located for a judicial examination and determination of any power conferred, any securities issued by the district or authorized to be issued by the district, any taxes, assessments, or service charges levied or otherwise made by the district or contracted to be levied by the district or otherwise made by the district, or of any other act, proceeding, or contract of the district whether or not such act, proceeding, or contract has been taken or executed, including proposed contracts for any improvement, proposed securities of the district to defray in whole or in part the cost of the project, the proposed acquisition, improvement, equipment, maintenance, operation, or disposal of any property pertaining thereto, or any combination thereof.

(2) A petition filed under subsection (1) of this section shall set forth the facts upon which the validity of such power, securities, taxes, assessments, charges, act, proceeding, or contract is founded. The presiding officer of the district shall verify the petition before it is filed with the district court by signing said petition.

(3) Any action filed under this section shall be in the nature of a proceeding in rem. The district court shall have jurisdiction over all parties interested in the proceeding upon the publication and posting of a notice in accordance with this part 5.

(4) The clerk of the district court in which a petition is filed shall provide notice of such filing. The notice shall include: A brief outline of the contents of the petition; the time, date, and location of the hearing; and the location where a complete copy of any documents at issue in the petition may be examined. The clerk shall serve the notice by:

(a) Publishing the notice at least once a week for five consecutive weeks by five weekly insertions in a newspaper of general circulation in the counties and municipalities in which the district is located; and

(b) Posting the notice in the office of the district at least thirty days prior to the date of the hearing on the petition.

(5) Any owner of property within the boundaries of the district or any other person interested in the petition filed by the board may appear at the hearing by either filing a motion to dismiss or an answer to the petition at least five days prior to the hearing date or within such time as the court may allow. The petition shall be taken as confessed by all persons who fail to appear.

(6) The petition and notice shall be sufficient to give the district court jurisdiction, and, upon hearing, the district court shall examine and determine all matters affecting the question submitted, shall make such findings with reference thereto, and shall render such judgment and decree thereon as the case warrants.

(7) Unless otherwise specified in this part 5, the Colorado rules of civil procedure shall govern any actions filed under this section in matters of pleading and practice.

(8) Costs may be divided or apportioned among any contesting parties in the discretion of the district court.

(9) Review of the judgment of the district court may be had as in other similar cases; except that such review shall be applied for within thirty days after the time of the rendition of such judgment or within such additional time as may be allowed by the court within thirty days.

(10) The district court shall disregard any error, irregularity, or omission that does not affect the substantial rights of the parties.

(11) All cases in which there may arise a question of validity of any matter provided for under this section shall be advanced as a matter of immediate public interest and concern and shall be heard at the earliest practicable moment.

PART 6

LOCAL IMPROVEMENT DISTRICTS - COUNTIES

Law reviews: For article, "Improvement Districts for Colorado Counties, Cities, and Towns", see 30 Colo. Law. 53 (Jan. 2001).

30-20-601. Power to make local improvements. Except as otherwise provided in this part 6, any county in this state may construct any of the local improvements mentioned in this part 6 and fund such improvements by assessing the cost thereof, wholly or in part, upon the property especially benefited by such improvements or, for the funding of improvements authorized by section 30-20-603 (1)(a), (1)(a.5), and (1)(c), by imposing a sales tax throughout the district or by utilizing a combination of such assessments and tax. The improvements shall be authorized by resolution duly adopted and shall be constructed under the direction of the county

engineer or other officer having similar duties or under the direction of the board in accordance with plans and specifications adopted by the board.

30-20-601.5. Legislative declaration - inclusion of energy efficiency and renewable energy production projects in local improvement districts. (1) The general assembly finds, determines, and declares that:

(a) The production and efficient use of energy will continue to play a central role in the future of this state and the nation as a whole; and

(b) The development, production, and efficient use of renewable energy will advance the security, economic well-being, and public and environmental health of this state, as well as contributing to the energy independence of our nation.

(2) The general assembly further finds, determines, and declares that the inclusion of energy efficiency and renewable energy production projects for residential and commercial use in local improvement districts, and powers conferred under this part 6, as well as the expenditures of public moneys made pursuant to this article, will serve a valid public purpose and that the enactment of this part 6 is expressly declared to be in the public interest.

Source: L. 2008: Entire section added, p. 1294, § 8, effective May 27.

30-20-602. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Assessment unit" means an area within a district which is separately defined for determining assessments payable pursuant to this part 6.

(1.5) "Board" means:

(a) The board of county commissioners of a county or city and county.

(b) Repealed.

(1.7) and (1.8) Repealed.

(2) "District" means the geographical division of the county or counties within which any local improvements are made or proposed, when so declared by resolution of the board. There may be noncontiguous parts or sections within the same county included in one district; except that, in a district in which a sales tax is levied, a noncontiguous part or section may only be included if the owners of any property within such part or section petitioned to be included in the district. No district shall include territory that is included in an undissolved district that was formed for the same type of improvement. Notwithstanding any other provision of this part 6 and except in the case of a district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado, no district in which a sales tax is levied pursuant to section 30-20-604.5 shall be formed that includes territory within a municipality, and any such district shall be as compact as possible. Except as provided in section 30-20-603 (11.5)(b)(I), no district that crosses county boundaries may be formed by intergovernmental agreement or otherwise.

(2.5) "Drainage facility" means any land and improvements thereon, if any, used for the conveyance of water runoff.

(2.7) (a) "Elector of the district" means a person who, at the designated time or event, is registered to vote in accordance with the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S., and:

(I) Who is a resident of the district or the area to be included in the district; or

(II) Who or whose spouse or civil union partner owns taxable real or personal property within the district or the area to be included in the district whether or not said person resides within the district.

(b) Where the owner of taxable real or personal property specified in subparagraph (II) of paragraph (a) of this subsection (2.7) is not a natural person, an "elector of the district" shall include a natural person designated by such owner to vote for such person. Such designation shall be in writing and filed with the county clerk and recorder. Only one such person may be designated by an owner.

(2.8) "Energy efficiency improvement" means an installation or modification that is designed to reduce energy consumption in residential or commercial buildings and includes, but is not limited to, the following:

(a) Insulation in walls, roofs, floors, and foundations and in heating and cooling distribution systems;

(b) Storm windows and doors, multiglazed windows and doors, heat-absorbing or heat-reflective glazed and coated window and door systems, additional glazing, reductions in glass area, and other window and door system modifications that reduce energy consumption;

(c) Automatic energy control systems;

(d) Heating, ventilating, or air conditioning and distribution system modifications or replacements in buildings or central plants;

(e) Caulking and weatherstripping;

(f) Replacement or modification of lighting fixtures to increase the energy efficiency of the system without increasing the overall illumination of a residential or commercial building unless such increase in illumination is necessary to conform to the applicable building code for the proposed lighting system;

(g) Energy recovery systems;

(h) Daylighting systems; and

(i) Any other modification, installation, or remodeling approved as a utility cost-savings measure by the board.

(2.9) "Informational products and materials" means any marketing or advertising device used to promote the general development of business within a district, but does not include any marketing or advertising device used to promote a single store or company.

(3) "Owner" means the person holding record fee title to real property; except that a person obligated to pay general taxes under a contract to purchase real property shall be considered the owner thereof for the purposes of this part 6, and in such case any other person holding record fee title to such property shall not be considered the owner thereof.

(4) "Property" means all land, whether platted or unplatted, regardless of improvements thereon and regardless of lot or land lines. Lots may be designated in accordance with any recorded map or plat thereof and unplatted lands by any definite description.

(4.3) "Qualified community location" means:

(a) If the affected local electric utility is not an investor-owned utility, an off-site location of a renewable energy improvement that:

(I) Is wholly owned, through either an undivided or a fractional interest, by the owner or owners of the residential or commercial building or buildings that are directly benefited by the renewable energy improvement;

(II) Provides energy as a direct credit on the owner's utility bill; and

(III) Is an encumbrance on the property specifically benefited;

(b) If the affected local electric utility is an investor-owned utility, a community solar garden, as that term is defined in section 40-2-127 (2), or a community geothermal garden, as that term is defined in section 40-2-127.5 (2).

(4.5) "Registered elector" means an elector, as defined in section 1-1-104 (12), C.R.S., who has complied with the registration provisions of the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S., and who resides within or is eligible to vote in the county.

(4.7) (a) "Renewable energy improvement" means a fixture, product, system, device, or interacting group of devices that produces energy from renewable resources, including photovoltaic systems, solar thermal systems, small wind systems, biomass systems, hydroelectric systems, or geothermal systems, as may be included in the approval of the district by the board, and that either:

(I) Is installed behind the meter of a residential or commercial building; or

(II) Directly benefits a residential or commercial building through a qualified community location.

(b) No renewable energy improvement shall be authorized that interferes with a right held by a public utility under a certificate issued by the public utilities commission under article 5 of title 40, C.R.S. Nothing in this part 6 limits the right of a public utility, subject to article 3 or 3.5 of title 40, C.R.S., or section 40-9.5-106, C.R.S., to assess fees for the use of its facilities, or modifies or expands the net metering limitations established in sections 40-2-124 (7) and 40-9.5-118, C.R.S. Primary jurisdiction to hear any disputes concerning whether a renewable energy improvement interferes with such a right shall lie:

(I) In the case of a regulated utility, with the public utilities commission; and

(II) In the case of a municipally owned utility, with the governing body of such municipality.

(c) "Renewable energy improvement" includes an improvement to the efficiency of a traditional energy fixture.

(5) "Street" means any road or other public thoroughfare.

(6) "Unincorporated area" means any territory within a county which is not within the boundaries of any municipality.

30-20-603. Improvements and funding authorized - how instituted - conditions - definitions. (1) (a) (I) A district may be formed in accordance with the requirements of this part 6 for the purpose of constructing, installing, acquiring, or funding, in whole or in part, any public improvement so long as the county that forms the district is authorized to provide such improvement or provide for such funding under the county's home rule charter, if any, or the laws of this state. Public improvements or the funding of public improvements must not include any facility identified in section 30-20-101 (8) or (9). A district shall not provide the same improvement as an existing special district within the territory of the existing special district unless the existing special district consents.

(II) The improvements authorized by this part 6 may consist, without limitation, of constructing, grading, paving, pouring, curbing, guttering, lining, or otherwise improving the whole or any part of any street or providing street lighting, drainage facilities, or service improvements, in the unincorporated area of a county or wholly or partly within the boundaries of any municipality within the county if such municipality consents by ordinance to the improvements. If improvements within a municipality are so included in a county improvement district by municipal consent, the county may construct or acquire such improvements, assess property within the municipality benefited by the improvements, and enforce and collect such assessments, in the manner provided in this part 6. The improvements authorized by this part 6 may include, without limitation, the construction of sidewalks adjacent to any such streets or maintenance roads adjacent to any such drainage facilities.

(III) Prior to the establishment of any improvement district for the purpose of providing street lighting, arrangements, by contract or otherwise, must be established under which the owners of property included within the district are responsible for the maintenance and operation of the street lighting improvement. The costs of maintenance and operation of the street lighting improvements shall not be paid from the county general fund.

(IV) Drainage facilities shall not be provided in any area that is within an existing drainage district organized or created pursuant to law without the approval of the district.

(V) As used in this subsection (1)(a), "service" includes the services provided by a public utility as defined in section 40-1-103, as well as broadband internet service as defined in section 40-15-102 (3.5), cable television service as defined in section 29-27-102 (2),

telecommunications service as defined in section 40-15-102 (29), and information service as defined in 47 U.S.C. sec. 153 (24), or any successor section.

(a.5) In a district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado and in which a sales tax is levied pursuant to section 30-20-604.5, the improvements may also consist of the provision of transportation services, vehicles, equipment, parking, and improvements in the district. Transportation services may be provided by the district in an area within the regional transportation district as described in section 32-9-106.1, C.R.S., if the regional transportation district consents to the provision of such services.

(b) Additionally, the improvements authorized by this part 6 may consist of constructing, installing, or otherwise improving the whole or any part of any system for the transmission or distribution of water or for the collection or transmission of sewage, or both such systems.

(c) If any improvement or transportation services authorized by this subsection (1) are funded by sales tax, the tax may also be used for the operation and maintenance of such improvement or services, for the production and distribution of informational products and materials, and for the organization, promotion, marketing, and management of public events.

(d) The improvements authorized by this part 6 may include the construction, maintenance, and operation of safety measures that are necessary to allow the county to restrict the sounding of locomotive horns at highway-rail grade crossings in compliance with 49 U.S.C. sec. 20153, as amended, and the applicable rules of the federal railroad administration. The district shall construct, maintain, and operate the safety measures in accordance with the provisions of section 40-4-106, C.R.S., and the standards of safety prescribed by the public utilities commission pursuant to section 40-29-110, C.R.S.

(e) The improvements authorized by this part 6 may include, where specified or generally provided for in the resolution of the board approving the district, any renewable energy improvement or energy efficiency improvement to any residential or commercial property within the district.

(f) Any district formed pursuant to this part 6 and the county that forms the district shall implement the funding authorized by this part 6 for service improvements as defined in paragraph (a) of this subsection (1) in a nondiscriminatory and technologically and competitively neutral manner.

(g) (I) A public utility or telecommunications service improvement funded by a district established pursuant to this part 6 shall be constructed only by or in agreement with a public utility or telecommunications service provider duly authorized by the public utilities commission, as applicable, to provide service, facilities, plants, or systems in the area in which the public utility or telecommunications service improvement is to be constructed and shall be owned, operated, and maintained by the public utility or telecommunications service provider. All other service improvements as defined in subsection (1)(a) of this section funded pursuant to this part 6 shall be constructed by or in agreement with the service provider and owned and operated by the service provider. Neither a district formed pursuant to this part 6, nor the county that forms the district, shall:

(A) Use the authority set forth in this section to provide, directly or indirectly, any services as defined in subsection (1)(a) of this section; or

(B) Have any right, title, or interest in any service improvement as defined in subsection (1)(a) of this section funded by a district established pursuant to this part 6.

(II) In compliance with the procedures set forth in subsection (1)(g)(I) of this section, a rural county may establish a local improvement district only in an unserved area to contract with a telecommunications service provider or a broadband internet service provider to fund the construction of broadband internet service improvement.

(III) For purposes of this subsection (1)(g):

(A) Repealed.

(A.5) "Broadband internet service" has the same meaning as set forth in section 40-15-102 (3.5).

(B) "Rural county" means any county that has a population of fewer than sixty thousand inhabitants.

(C) "Unserved area" has the same meaning as set forth in section 40-15-102 (32)(a).

(h) Nothing in this part 6 shall extend, diminish, or otherwise alter the jurisdiction of the public utilities commission created in section 40-2-101, C.R.S.

(2) (a) The board may declare by resolution any local improvement district authorized by this part 6 and may by resolution order the improvements authorized by subsection (3) of this section; except that, if written protests are submitted prior to the hearing referred to in subsection (6) of this section by the owners of property within the proposed district or assessment unit, which property, based upon the proposed method of assessment, would bear more than one-half of the total proposed assessments within the district or the assessment unit, the board shall not proceed with such local improvement district or assessment unit based on the preliminary order so protested. Such protests shall not prevent the board from adopting a subsequent preliminary order for such improvements, subject to notice, hearing, and protest as provided in this part 6.

(b) If the district is initiated by resolution of the board of county commissioners, the commissioners shall, in addition to the notice provided for in subsection (6) of this section, make reasonable attempts to deliver or mail to each address within the district a brief written synopsis of the proposed improvements no less than ten days before the hearing. This shall not be interpreted to mean that insufficient notice has been given if any property owner claims not to have received the notice, provided that the commissioners have made a bona fide effort to comply.

(2.5) (a) The boundaries of any district organized under the provisions of this part 6 may be changed in the manner prescribed in this subsection (2.5); except that the change of boundaries of the district shall not impair or affect the district's organization or rights in or to property or any of the district's rights or privileges whatsoever, nor shall the change affect or impair or discharge any contract, obligation, lien, or charge for or upon which the district might be liable or chargeable had any such change of boundaries not been made. The owners of property proposed to be included or excluded may file a petition with the board, in writing, requesting that such property be included in or excluded from the district. The petition shall describe the property owned by the petitioners and shall be verified. The petition shall be accompanied by a deposit of moneys sufficient to pay all costs of the inclusion or exclusion proceedings. The county clerk and recorder shall cause notice of the filing of such petition to be given and posted, which notice shall state the filing of such petition, the names of the petitioners, descriptions of the property sought to be included or excluded, and the request of said petitioners.

(b) The notice of the filing of a petition required by paragraph (a) of this subsection (2.5) shall inform all persons having objections to appear at the time and place stated in said notice and show cause why the petition should not be granted. The board, at the time and place mentioned in the notice or at any time to which the hearing may be adjourned, shall proceed to hear the petition and all objections thereto that may be presented by any person showing cause why said petition should not be granted. The failure of any interested person to show cause shall be deemed as an assent on the person's part to the inclusion or exclusion of such property as requested in the petition. If the change of boundaries of the district does not adversely affect the district and if the petition is granted, the board shall adopt a resolution changing the boundaries of the district accordingly and record a certified copy of the resolution with the county clerk and recorder of the county in which the property is located, and the property is thereafter included in or excluded from the district as applicable.

(c) The board shall take into consideration and make a finding regarding all of the following factors when determining whether to grant or deny the petition:

(I) The best interests of all of the following:

(A) The property to be included or excluded in the local improvement district;

(B) The local improvement district for which the change of boundaries is proposed; and

(C) The county or counties in which the local improvement district is located;

(II) The relative cost and benefit to the property to be included in or excluded from the district; and

(III) The ability of the local improvement district to provide economical and sufficient improvements or services to both the property to be included or excluded and all of the properties within the district's boundaries.

(d) All property included in or excluded from a district is subject to the levy of taxes, assessments, or both, for the payment of the property's proportionate share of any indebtedness of the district outstanding at the time of the property's inclusion or exclusion.

(3) (a) Except as to improvements initiated by the board as authorized by subsection (2) of this section, no improvement shall be ordered under this part 6 unless a petition for the same is first presented, subscribed by the owners of property to be assessed for more than one-half of the entire costs estimated by the board to be assessed, and, except as specified in this section, nothing in this part 6 shall restrict the right of such owners from securing any particular kind or variety of improvements petitioned for. In any case where a proposed improvement district includes two or more assessment units, the owners of property to be assessed for more than one-half of the entire costs estimated by the board to be assessed in each assessment unit shall petition as specified in this part 6. In any case where a proposed improvement district formed prior to December 31, 2002, plans to provide transportation services and improvements pursuant to paragraph (a.5) of subsection (1) of this section and to levy a sales tax pursuant to section 30-20-604.5 to fund such services and improvements, the owners of the taxable real and personal property within the proposed improvement district having a valuation for assessment of not less than fifty percent of the valuation for assessment of all real or personal property within the district shall sign the petition presented to the board.

(b) If the owners of property to be assessed for more than one-half of the entire costs estimated by the board to be assessed shall petition for any particular kind of improvement and for any particular materials to be used in the same, the improvement must be ordered in

accordance with the petition, and the materials so designated shall be used, except as otherwise provided in this section.

(c) If the material petitioned for by the owners of property to be assessed for more than one-half of the entire costs estimated by the board to be assessed is one that does not encourage competition, it shall be the right of the petitioners to state in the petition the maximum price per square yard, or linear foot, or per unit at which the improvement is desired, and no contract shall be let for any such improvement at a price exceeding the maximum price fixed in said petition, excluding the cost of engineering, collection, inspection, incidentals, and interest.

(4) The board shall encourage competition, by advertising for and receiving bids for such construction, and, so far as possible within the limits of the petition, shall describe all materials by standard or quality in the specifications.

(5) Before contracting for or ordering any work to be constructed whether initiated by the board or by petition, a preliminary order shall be made by the board, adopting preliminary plans and specifications for the same, definitely describing the materials to be used, or stating that one of several specified materials shall be chosen, determining the number of installments and time in which the cost of the improvement shall be payable, if any, and the property, if any, to be assessed for the same, as provided in this part 6, and requiring an estimate of the cost to be made by the county engineer or any similar officer or employee, together with a map of the district in which the improvement is to be made, and a schedule showing the approximate amounts, if any, to be assessed upon the several lots or parcels of property within the district. The cost estimates and approximate amounts to be assessed shall be formulated in good faith on the basis of the best information available to the board but shall not be binding.

(6) The county clerk and recorder shall give notice, by advertisement once in a newspaper of general circulation in such county, to the owners of any property to be assessed of:

- (a) The kind of improvements proposed;
- (b) The number of installments;
- (c) The time in which the cost will be payable;
- (d) Repealed.
- (e) The extent of the district to be improved;
- (f) The probable cost per front foot or other unit basis which, in the judgment of the board, reflects the benefits which accrue to the properties to be assessed, as shown by the estimates of the engineer;
- (g) The time, not less than thirty days after the publication, when a resolution authorizing the improvements will be considered;
- (h) That said map and estimate and schedule showing the approximate amounts to be assessed and all resolutions and proceedings are on file and may be seen and examined by any person interested at the office of the county clerk and recorder or other designated place at any time within said period of thirty days; and
- (i) That all complaints and objections that may be made in writing concerning the proposed improvement by the owners of any real estate to be assessed will be heard and determined by the board before final action thereon.

(7) The finding by resolution of the board that said improvements were duly ordered after notice duly given and after hearing duly held and that such proposal was properly initiated by the said board or that a petition was presented and that the petition was subscribed by the

required number of owners shall be conclusive of the facts so stated in every court or other tribunal.

(8) Any resolution or order in the premises may be modified, confirmed, or rescinded at any time prior to the passage of the resolution authorizing the improvements.

(9) The specifications for paving may include sidewalks, curbs, gutters, and grading, and sufficient culverts, sewers, or drains necessary to carry off the surface waters across or along the line of the street improved, and such other incidentals to paving as, in the judgment of the board, may be required. The specifications may also provide that bidders shall agree to enter into contract to do the work and maintain the same in good repair for a period of five years; and the contract may be entered into in accordance therewith.

(10) If, before any such improvements are made, any piece of real estate to be assessed already has an improvement conforming to the general plan or satisfactory to the board, an allowance therefor may be made to the owner, and such allowance may be deducted from the owner's assessment and from the contract price.

(11) Any other provision of this part 6 notwithstanding, the board may initiate an improvement district for the purpose of acquiring existing improvements of a character authorized by this part 6, in which case the provisions of section 30-20-601 concerning construction under the direction of county officers and the provisions of subsections (4) and (5) of this section concerning competitive bidding and preliminary plans and specifications shall not apply.

(11.5) (a) Any other provision of this part 6 notwithstanding, the board may initiate an improvement district for the purpose of encouraging, accommodating, and financing improvements of a character authorized by paragraph (e) of subsection (1) of this section. Any such district shall include only property for which the owner has executed a contract or agreement consenting to the inclusion of such property within the district, and such consent may occur subsequent to the adoption of the resolution of the board forming the district. The contract or agreement shall note the existence of any first priority mortgage or deed of trust on the property, the identity of the record holder thereof, and the penalty for default provided in section 30-20-615 clearly stating that default, like the penalties that exist for default on any mortgage or any other special assessment, may result in the loss of the applicant's home. Within thirty days of a person's submission of an application to the district, the board shall provide written notice to the record holder of any first priority mortgage or deed of trust on the real property that the person is participating in the district. The inclusion of such property within the district subsequent to the adoption of the resolution of the board forming the district may be made by the adoption of a supplemental or amending resolution of the board. For districts formed for the purpose of encouraging, accommodating, and financing renewable energy improvements or energy efficiency improvements, subsections (4), (5), and (6) of this section concerning competitive bidding, preliminary plans and specifications, and notice, section 30-20-601 concerning construction under the direction of county officers, section 30-20-622 concerning contracts for construction, and section 30-20-623 concerning contract provisions do not apply. For such districts, the owner of property within a district may arrange improvements that qualify pursuant to the resolution of the board authorizing improvements for the district and may obtain financing for said improvements from the district through the process set forth in the resolution forming the district.

(b) (I) Districts formed for the purposes authorized in paragraph (e) of subsection (1) of this section may cross county boundaries and include properties in multiple counties, whether such counties are contiguous or noncontiguous, if the boards of county commissioners of the affected counties have entered into an intergovernmental agreement or memorandum of understanding regarding the sharing of incremental costs attributable to the district's crossing of county boundaries, with such costs becoming part of the total assessment allocated to each participating landowner.

(II) For any district that may include properties in other counties, the board shall notify the boards of county commissioners and the county treasurers of such counties, at least ten days in advance of the public meeting at which it will be discussed, of the potential inclusion of such properties. The originating board shall consider comments sent by such boards of county commissioners or county treasurers concerning the potential addition of properties from their counties if the comments have been received by the date of the public meeting.

(III) If a municipality that has territory in multiple counties, one of which has created a district for the purposes authorized in paragraph (e) of subsection (1) of this section, desires to consent to the inclusion within such district of any of the properties within its entire incorporated boundary, the municipality shall expressly state in its ordinance granting consent that any property located in the municipality, irrespective of the county in which such property is located, may be included in the district.

(12) The board is authorized to enter into contracts and agreements with any owner of property within the district or any other person concerning the construction or acquisition of improvements, the assessment of the cost thereof, the waiver or limitation of legal rights, or any other matter concerning the district.

(13) At or about the time of the adoption by the board of any resolution creating a district, a copy of such resolution shall be provided to the county assessor, the county treasurer, and the division of local government in the department of local affairs. The board shall make a good faith attempt to comply with this subsection (13), but failure to comply shall not affect or impair the organization of any district, the construction or acquisition of improvements therein, the levying and collection of assessments, or any other matter pursuant to the provisions of this part 6.

30-20-604. Cost assessed in accordance with benefits. (1) Except for those improvements fully funded by the sales tax pursuant to section 30-20-604.5, the cost of improvements constructed or acquired pursuant to this part 6, or such part thereof as may be assessed against the property specially benefited, including the intersections of streets, may be assessed on property, without regard to lot or land lines, on a frontage, zone, or other equitable basis, in accordance with benefits, as the same may be determined by the board.

(2) When the board determines that the improvement of any street or alley, including the intersections of streets and alleys, or any other improvement authorized by this part 6 results in special benefits to the county and the owners of property within the district, that portion of the cost of the improvement which results in a special benefit to the county may be assessed against the county and be payable in installments, as provided in this part 6. The determination by the board as to the property to be assessed and the amount of special benefits shall be conclusive of the facts stated therein.

(3) No cost of improvements to streets or alleys shall be assessed to any property where reasonable access to the street or alley is denied the owner of the property.

(4) Any district formed for the purpose of encouraging, accommodating, and financing improvements as authorized in section 30-20-603 (11.5) shall assess the costs of the improvements to each property whose owner has entered into a contract or agreement for the improvements. The contracts and agreements entered into with the owner of property, as authorized by the board, shall be conclusive regarding the special benefit to the property and the amount that may be assessed against the property.

30-20-604.5. District sales tax - repeal. (1) (a) The board of any county or of any city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado and that subsequently becomes a city and county for the purpose of funding all or a portion of the cost of any improvements constructed or transportation services provided pursuant to section 30-20-603 (1)(a), (1)(a.5), and (1)(c), may levy a sales tax throughout the district upon every transaction or

other incident with respect to which a sales tax is authorized pursuant to section 29-2-105; except that such tax may be levied only upon those transactions specified in section 39-26-104 (1)(a), (1)(b), (1)(e), and (1)(f).

(b) This subsection (1) is repealed, effective December 31, 2028.

(2) (a) The tax shall be collected, administered, and enforced as specified in part 2 of article 2 of title 29. The department of revenue shall retain an amount not to exceed the net incremental cost of such collection, administration, and enforcement and shall transmit such amount to the state treasurer, who shall credit the same to the districtwide sales tax fund, which fund is hereby created; except that in no event shall:

(I) Any district formed prior to or on July 1, 1993, pay in any given fiscal year commencing on or after July 1, 1994, more than an amount equal to the amount paid by the district in the 1993-94 fiscal year; as adjusted in accordance with changes in the department of labor, bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its applicable predecessor or successor index;

(II) Any district formed after July 1, 1993, pay in any given fiscal year commencing after the first full fiscal year of operation more than an amount equal to the amount paid by the district in the first full fiscal year of operation, as adjusted in accordance with changes in the department of labor, bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its applicable predecessor or successor index.

(a.5) Repealed.

(b) The general assembly shall appropriate annually from the districtwide sales tax fund to the department of revenue the amount necessary for the department's collection, administration, and enforcement of the districtwide sales tax. Any moneys remaining in said fund attributable to districtwide sales taxes collected in the prior fiscal year shall be transmitted to the county which established the district for which a districtwide sales tax has been levied; except that, prior to the transmission to the county of such moneys, any moneys appropriated from the general fund to the department of revenue for collection, administration, and enforcement of a districtwide sales tax shall be repaid.

(3) The tax authorized by this section shall not exceed one percent.

(4) (a) (I) Except as provided in subparagraph (II) of this paragraph (a), a proposal for a districtwide sales tax shall be referred to the registered electors of the county who reside within the boundaries of the district, either by resolution of the board or by petition initiated and signed by five percent of the registered electors who reside within the boundaries of the district.

(II) In a district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado, a proposal for a districtwide sales tax shall be referred to the electors of the district, either by resolution of the board or by petition initiated and signed by five percent of the electors of the district.

(b) Such proposal shall contain a description of the proposed tax, including its purposes, and shall state the amount of tax to be imposed.

(c) (I) Any election held under this section shall conform to the requirements of section 20 of article X of the Colorado constitution.

(II) (A) Except as provided in sub-subparagraph (B) of this subparagraph (II), upon its being presented with a petition requesting a proposal for such sales tax, the board, upon

certification of the signatures on the petition, shall submit such proposal to the registered electors residing within the district.

(B) In a district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado, the board, after being presented with a petition requesting a proposal for such sales tax and upon certification of the signatures on the petition, shall submit such proposal to the electors of the district.

(d) (Deleted by amendment, L. 99, p. 516, § 14, effective April 30, 1999.)

(e) (I) (A) If approved by a majority of the registered electors voting thereon, the sales tax shall become effective as provided in part 2 of article 2 of title 29.

(B) (Deleted by amendment, L. 2024.)

(II) (Deleted by amendment, L. 99, p. 516, § 14, effective April 30, 1999.)

(5) (a) Except as provided in paragraph (b) of this subsection (5), all revenue collected from such sales tax, except the amounts retained under subsection (2) of this section, shall be credited to a special fund designated as the sales tax street improvement fund, such designation to include the name or description of the district. The fund shall be used only to pay the costs of the district improvements authorized by section 30-20-603 (1)(a) and (1)(c), the costs of debt service on bonds issued pursuant to section 30-20-619 (4), if any, or both of such costs.

(b) In a district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado, all revenue collected from such sales tax, except the amounts retained under subsection (2) of this section, shall be credited to a special fund designated as the sales tax street improvement fund, such designation to include the name or description of the district. The fund shall be used only to pay the costs of the district improvements and transportation services authorized by section 30-20-603 (1)(a.5) and (1)(c), the costs of debt service on bonds issued pursuant to section 30-20-619 (4), if any, the costs of operations, maintenance, and replacement, and the costs of organization of the district.

(6) (a) When the total cost of the improvements constructed pursuant to section 30-20-603 (1)(a), including the cost of all debt service thereon, if any, has been paid, the board shall cease to levy and collect the sales tax originally imposed pursuant to this section and shall repeal the ordinance authorizing such tax.

(b) Notwithstanding paragraph (a) of this subsection (6), if an improvement includes the use of sales tax for the improvement's operation or maintenance, the board shall continue to levy and collect the sales tax as specified in the resolution authorizing such tax.

(7) (a) Notwithstanding the provisions of section 30-20-602 (2), if any territory within a district is annexed by or incorporated into a municipality and revenue bonds have been issued pursuant to section 30-20-619 (4) prior to the date of such annexation or incorporation, the levy of the sales tax authorized by this section shall continue in such annexed or incorporated territory until the later of:

(I) The date upon which no bonds remain outstanding, whether issued before, on, or after the date of annexation or incorporation, so long as such bonds are refunding bonds or such bonds are issued for improvements which were authorized as of the date of annexation or incorporation; or

(II) The date of completion of all improvements which were authorized for such district as of the date of annexation or incorporation.

(b) The provisions of this subsection (7), as amended, shall apply to any territory within a district which has been annexed by or incorporated into a municipality, regardless of the date of annexation or incorporation.

(8) Notwithstanding subsection (7) of this section, that portion of the sales tax authorized by this section that is used for the operation or maintenance of improvements constructed pursuant to section 30-20-603 (1) shall not apply to any territory within a district that has been annexed by or incorporated into a municipality.

(9) The board may appoint an independent board of directors to perform the functions of the board under this part 6 in a district providing transportation services and improvements in accordance with the terms of the resolution or ordinance establishing the district.

(10) Notwithstanding any other provision of law, the provisions of this part 6 relating to the assessment of local improvement costs upon the property in a district that benefits from such improvements shall not apply to any district formed prior to December 31, 2002, by a city that has been authorized to become a city and county pursuant to an amendment to the state constitution that has been approved by the registered electors of the state of Colorado and that levies a sales tax pursuant to this section to fund local improvements authorized by section 30-20-603 (1)(a.5) and (1)(c).

30-20-605. Property of irregular form - assessment. Whenever any lot or parcel of land is V-shaped or of any irregular form, such allowance may be made by resolution in any assessment as may be equitable and just, or any allowance may be refused, and, in case of any unusual area or proportion of intersections, the county may pay not exceeding one-half of the

cost of any such intersection, and in such case the remainder only shall be assessed against the property improved.

30-20-606. Determination of special benefits - factors considered. (1) The term "benefit", for the purposes of assessing a particular property within an improvement district, particularly with respect to drainage improvements to carry off surface waters, includes, but is not limited to, the following:

- (a) Any increase in the market value of the property;
- (b) The provision for accepting the burden from specific dominant property for discharging surface water onto servient property in a manner or quantity greater than would naturally flow because the dominant owner made some of his property impermeable;
- (c) Any adaptability of property to a superior or more profitable use;
- (d) Any alleviation of health and sanitation hazards accruing to particular property or accruing to public property in the improvement district if the provision of health and sanitation is paid for wholly or partially out of funds derived from taxation of property owners of the improvement district;
- (e) Any reduction in the maintenance costs of particular property or accruing to public property in the improvement district if the maintenance of the public property is paid for wholly or partially out of funds derived from taxation of property owners of the improvement district;
- (f) Any increase in convenience or reduction in inconvenience accruing to particular property owners, including the facilitation of access to and travel over streets, roads, and highways;
- (g) Recreational improvements accruing to particular property owners as a direct result of drainage improvement.

(2) As used in connection with any district formed for the purpose of encouraging, accommodating, and financing improvements as authorized in section 30-20-603 (11.5), the term "benefit" shall include, but not be limited to, any acknowledged value set forth in the contracts and agreements entered into by the owner of the assessed property.

30-20-607. Statement of expenses - apportionment. Upon completion of any local improvement or upon completion from time to time of any part thereof and upon acceptance thereof by the board or whenever the total cost of any improvement or of any such part thereof can be reasonably ascertained either prior to, during, or subsequent to the construction of the improvements, the board shall cause to be prepared a statement showing the whole cost of the improvement, including costs of inspection and collection, capitalized interest on any bonds issued for such period as the board may deem necessary, capitalized bond reserves, and all other incidental costs, the portion thereof, if any, to be paid by assessments, the portion thereof, if any,

to be paid through the sales tax imposed pursuant to section 30-20-604.5, the portion thereof, if any, to be paid by the county, and the portion thereof to be assessed upon each lot or tract of land to be assessed for the same, which statement shall be filed in the office of the county clerk and recorder. If the board should deem the basis of assessment to be inequitable in any case, a just and equitable assessment shall be made upon the basis of benefits accruing to any property assessed by reason of the improvements made.

30-20-608. Notice of apportionment. (1) Upon receipt of the statement filed pursuant to section 30-20-607, the county clerk and recorder shall notify, by advertisement once in some newspaper of general circulation in said county, the owners of any property to be assessed that said improvements have been, or are about to be, completed and accepted, therein specifying:

- (a) The whole cost of the improvement;
- (b) The portion, if any, to be paid by such county and the portion, if any, to be paid from a districtwide sales tax;
- (c) The share, if any, apportioned to each lot or tract of land;
- (d) That any complaints or objections which may be made in writing by the owners to the board of county commissioners, and filed in the office of the clerk within twenty days from the publication of such notice, will be heard and determined by the said board before the passage of any resolution assessing the cost of said improvements; and

- (e) The date when and place where such complaints or objections will be heard.

(2) Any district formed for the purpose of encouraging, accommodating, and financing improvements as authorized in section 30-20-603 (11.5) shall not be required to provide a notice of apportionment by publication; rather, such notice, if any, may be provided in the time and manner set forth in the contract or agreement entered into for each property included in the district.

30-20-609. Hearing on objections. Except for a district formed for the purposes authorized in section 30-20-603 (11.5), at the time specified in the notice required pursuant to section 30-20-608 (1) or at some adjourned time, the board shall hear and determine all such complaints and objections and may make such modifications and changes as may seem equitable and just or may confirm the first apportionment. The board shall, by resolution, assess the cost of the improvements, and the passage of the resolution shall be prima facie evidence of the fact that

the property assessed is benefited in the amount of the assessments and that the assessments have been lawfully levied.

30-20-610. Assessment constitutes a lien - filing with county clerk and recorder - corrections. (1) All assessments made in pursuance of this part 6, together with all interest thereon and penalties for default in payment thereof, and all costs in collecting the same shall constitute, from the effective date of the assessing resolution, a perpetual lien in the several amounts assessed against each lot or tract of land and shall have priority over all other liens excepting general tax liens. As to any subdivisions of any land assessed in pursuance of this part 6, the assessment lien may be apportioned by the board in such manner, if any, as may be provided in the assessing resolution.

(2) The county clerk and recorder shall file with his office copies of the assessing resolution after its final adoption by the board for recording on the land records of each lot or tract of land assessed within the county, as provided in article 30, article 35, or article 36 of title 38, C.R.S. In addition, the county clerk and recorder shall file copies of such assessing resolution after its final adoption by the board with the county assessor and the county treasurer. The county assessor is authorized to create separate schedules for each lot or tract of land assessed within the county pursuant to such resolution.

(3) No delays, mistakes, errors, or irregularities in any act or proceeding authorized or required by this part 6 shall prejudice or invalidate any final assessment; but the same may be remedied by subsequent filings, amending acts, or proceedings, as the case may require. When so remedied, the same shall take effect as of the date of the original filing, act, or proceeding. If in any court of competent jurisdiction any final assessment made in pursuance of this part 6 is set aside or if for any other reason the board determines it to be necessary to alter any final assessment made pursuant to this part 6, the board, upon notice as required in the making of an original assessment, may make a new assessment in accordance with the provisions of this part 6.

(4) To provide for unanticipated increases in the costs of improvements, the amount of any assessment imposed before the completion of the related improvements may be increased to a total amount not in excess of the special benefit conferred upon the affected property if, not more than ninety days following the completion of such improvements, the board gives notice of its intent to consider the amendment of such assessment, stating the time and place that a public hearing shall be held thereon, and holds such public hearing, in the same manner as provided for hearings held pursuant to sections 30-20-608 and 30-20-609. At the conclusion of such public hearing, the board may determine whether to amend one or more assessments within a district. Any such amendment shall take effect as of the date of the original assessment.

(5) If, as the result of any subdivision, resubdivision, vacation of right-of-way, or other action taken subsequent to the adoption of the assessment resolution, any new lot or parcel is

created within a district, the board may, without a public hearing and with the consent of the owner of the new lot or parcel, modify the assessment resolution to reapportion all or any part of the total amount assessed in the district to such new lot or parcel.

30-20-611. Assessment roll. The county clerk and recorder, or such other officer or agent of the county as may be directed by the board in the preliminary order, shall prepare a local assessment roll in book form showing, in suitable columns, each piece of land assessed, the total amount of assessment, the amount of each installment of principal and interest if, in pursuance of this part 6, the same is payable in installments, and the date when each installment will become due, with suitable columns for use, in case of payment of the whole amount or of any installment or penalty, and he shall deliver the same, duly certified, under the county seal, to the county treasurer for collection.

30-20-612. When assessments payable - installments. All special assessments for local improvements shall be due and payable within thirty days after the effective date of the assessing resolution without demand, but all such assessments may be paid, at the election of the owner, in installments with interest as provided in section 30-20-614. All special assessments for local improvements authorized in section 30-20-603 (11.5) may be due and payable at such alternate time or times as set forth in the assessing resolution.

30-20-613. Effect of payment in installments. Failure to pay the whole assessment within said period of thirty days shall be conclusively considered and held to be an election on the part of all persons interested, whether under disability or otherwise, to pay in such installments. All persons so electing to pay in installments shall be conclusively held and considered as consenting to said improvements. Such election shall be conclusively held and

considered as a waiver of any right to question the power or jurisdiction of the county to construct the improvements, the quality of the work, the regularity or sufficiency of the proceedings, the validity or the correctness of the assessments, or the validity of the lien thereof; except that, with respect to local improvements authorized in section 30-20-603 (11.5), the owner for each property included in the district shall retain all rights otherwise existing by contract or by law against parties other than the county with respect to the financed energy efficiency improvement or renewable energy improvement.

30-20-614. How installments paid - interest. In case of such election to pay in installments, the assessments shall be payable in two or more installments of principal, the first of which installments shall be payable as prescribed by the board in not more than five years and the last in not more than twenty years, with interest in all cases on the unpaid principal. The number and amounts of payment of installments, the period of payment, and the rate and times of payment of interest shall be determined by the board and set forth in the assessing resolution. The times of payment of installments shall be the same as the times of payment for installments of property taxes as specified in section 39-10-104.5 (2), C.R.S.; except that all special assessments for local improvements authorized in section 30-20-603 (11.5) may be payable at such alternate times as provided by the board in the assessing resolution and the board may enter into agreements with third parties to assist the treasurer with the administration and collection of such installments.

30-20-615. Penalty for default - payment of balance. Failure to pay any installment, whether of principal or interest, when due shall cause the whole of the unpaid principal to become due and collectible immediately, and the whole amount of the unpaid principal and accrued interest shall thereafter draw interest at the rate established pursuant to section 5-12-106 (2) and (3), C.R.S., until the day of sale; but, at any time prior to the day of sale, the owner may pay the amount of all unpaid installments, with interest at the penalty rate set by the assessing resolution, and all costs of collection accrued and shall thereupon be restored to the right thereafter to pay in installments in the same manner as if default had not been suffered. The owner of any property not in default as to any installment or payment may, at any time, pay the whole of the unpaid principal with the interest accruing to the maturity of the next installment of

interest or principal; except that any owner who pays the whole of the unpaid balance pursuant to this section may be assessed a prepayment premium not to exceed three percent of the unpaid principal, the amount of which premium shall be specified in the resolution imposing the assessment.

30-20-616. Payment in full - assessment roll returned - payment of share. (1) Except for a district formed for the purposes authorized in section 30-20-603 (11.5), as to which the assessments shall be paid pursuant to the contracts and agreements entered into by the owner of the assessed property, payment may be made to the county treasurer at any time within thirty days after the effective date of the assessing resolution. At the expiration of said thirty-day period, the county treasurer shall return the local assessment roll to the county clerk and recorder, therein showing all payments made thereon, with the date of each payment. The county clerk and recorder shall certify the roll under the seal of the county and deliver it to the county treasurer, with the clerk's warrant for the collection of the same. The county treasurer shall provide a receipt for the roll, and all such rolls shall be numbered for convenient reference.

(2) The owner of any divided or undivided interest in the property assessed may pay his share of any assessment, upon producing evidence of the extent of his interest, satisfactory to the treasurer having the roll in charge; but the assessment lien shall remain on the entire property assessed until the entire assessment is paid, except as otherwise provided pursuant to section 30-20-610.

30-20-617. Sale of property for nonpayment - county may purchase property on default. (1) In case of default in the payment of any installment of principal or interest when due, the county treasurer shall advertise and sell all property concerning which such default is suffered for the payment of the whole of the unpaid assessments thereon. Said advertisements and sales shall be made at the same times, in the same manner, under all the same conditions and penalties, and with the same effect as provided by general law for sales of real estate in default of payment of the general property tax.

(2) At any sale by the county treasurer of any property for the purpose of paying any special assessment for local improvements made under the provisions of this part 6 in the district, the county treasurer, having written authority from the board, may purchase any such

property without paying for the same in cash and shall receive certificates of purchase therefor in the name of the county. The certificates shall be received and credited at their face value, with all interest and penalties accrued, on account of the assessments in pursuance of which the sale was made. The certificates may thereafter be sold by the county treasurer at their face value, with all interest and penalties accrued, and assigned by him to the purchaser in the name of the county. The proceeds of such sale shall be credited to the fund created by resolution for the payment of such assessments respectively. In the event that all bonded indebtedness incurred in payment for said local improvements has been discharged in full, said certificates may be sold by the board for the best price obtainable at public sale, at auction, or by sealed bids in the same manner and under the same conditions as is provided in subsection (4) of this section. The proceeds shall be credited to the general fund of said county. Such assignments shall be without recourse, and the sale and assignments shall operate as a lien in favor of the purchaser and assignee as is provided by law in the case of sale of real estate in default of payment of the general property tax.

(3) Any county as such purchaser has the right to apply for tax deeds on such certificates of purchase at any time after three years from the date of issuance of said certificates, and such deeds shall be issued as provided by law for issuance of tax deeds for the nonpayment of the general property tax.

(4) Cumulatively with all other remedies, any county which is the owner of property by virtue of a tax deed, or is the owner of property otherwise acquired, in satisfaction or discharge of the liens represented by such certificates of sale, may sell such property for the best price obtainable at public sale, at auction, or by sealed bids. Such sales shall be after public notice by the county treasurer or the county clerk and recorder to all persons having or claiming any interest in the property to be sold or in the proceeds of such sale by publication of such notice three times, a week apart, in a weekly or daily newspaper of general circulation within the county in which the property is located. Such notice shall describe the property and state the time, place, and manner of receiving bids; except that the time fixed for the sale shall not be less than ten days after the last publication. The county may reject any and all bids. Any interested party, at any time within ten days after the receipt of bids for the sale of property, may file with the county a written protest as to the sufficiency of the amount of any bid made or the validity of the proceedings for the sale. If the protest is denied, such person, within ten days thereafter, shall commence an action in a court of competent jurisdiction to enjoin or restrain the county from completing the sale. If no such action is commenced, all protests or objections to the sale shall be waived, and the county shall then convey the property to the successful bidder by quitclaim deed.

(5) In addition to all other remedies, any county which is a holder of certificates of purchase may bring a civil action for foreclosure thereof in accordance with article 38 of title 38, C.R.S., joining as defendants all persons holding record title, persons occupying or in possession of the property, persons having or claiming any interest in the property or in the proceeds of foreclosure sale, all governmental taxing units having taxes or other claims against said property, and all unknown persons having or claiming any interest in said property. Any number of certificates may be foreclosed in the same proceeding. In such proceeding the county, as plaintiff, is entitled to all relief provided by law in actions for an adjudication of rights with respect to real property, including actions to quiet title.

(6) The proceeds of any such sale of property shall be credited to the appropriate special assessment fund. The county shall deduct therefrom the necessary expenses in securing deeds and taking proceedings for the sale or foreclosure.

(7) When any county has sold or conveyed at a fair market value certificates of purchase or property which it has acquired in satisfaction or discharge of special assessment liens, such sales and conveyances are hereby validated and confirmed as against all parties having or claiming any interest in such property or the proceeds of such sale.

(8) It is hereby declared that the purpose of this section is to restore delinquent property to the tax rolls and to realize the greatest possible amount from such property for the benefit of all persons and taxing bodies having liens thereon.

30-20-618. Power of board to contract debt - question submitted to voters. The board shall have power to contract an indebtedness on behalf of the county, and upon the credit thereof, by borrowing money or issuing the negotiable interest-bearing bonds of the county for the purpose of providing a fund to pay such part of the cost of improvements authorized by this part 6 as may be determined by the board, subject, however, to constitutional limitations. No such debt shall be created for such purposes unless the question of incurring the same, including the question of the maximum net effective interest rate, shall be submitted at a special election, which election shall be called and conducted, the votes canvassed, and the result declared in the same manner as other county elections on questions of incurring bonded indebtedness.

30-20-619. Issuing bonds - property specially benefited. (1) For the purpose of paying all or such portion of the cost of any improvement constructed or acquired under the provisions of this part 6 as may be assessed against the property specially benefited and not paid by the sales tax authorized by section 30-20-604.5 or by the county, special assessment bonds of the county may be issued, of such date, in such form, and on such terms, including, without limitation, provisions for their sale, payment, and redemption, as may be prescribed by the

board, bearing the name of the street or district improved and payable in a sufficient period of years after such date to cover the period of payment provided, and in convenient denominations. All such bonds shall be issued upon estimates approved by the board, and the county treasurer shall preserve a record of the same in a suitable book kept for that purpose. All such bonds shall be subscribed by the chair of the board, countersigned by the county treasurer, with the county seal affixed, and attested by the county clerk and recorder; except that the county treasurer need not countersign a bond issued by a district formed for the purposes authorized in section 30-20-603 (11.5). Such bonds shall be payable out of the moneys collected on account of the assessments made for said improvements, from reserve accounts, if any, established to secure the payment of such bonds, and from any other legally available moneys. All moneys collected from such assessments for any improvement shall be applied to the payment of the bonds issued, until payment in full is made of all the bonds, both principal and interest, or to fund or replenish reserve accounts, if any, established to secure the payment of such bonds. The bonds may be sold, under such terms and conditions as are established by the board, in such amounts as will be sufficient to pay for the cost of the improvements.

(2) Whenever three-fourths of the bonds issued pursuant to subsection (1) of this section for an improvement constructed under this part 6 have been paid and canceled and for any reason any remaining assessments are not paid in time to pay the remaining bonds for the district and the interest due thereon, the county may pay, from legally available moneys, the bonds when due and the interest due thereon and may reimburse itself by collecting the unpaid assessments due the district.

(3) When all bonds of an improvement district have been paid, any moneys remaining to the credit of such district may be transferred to a special surplus and deficiency fund, and whenever there is a deficiency in any improvement district bond fund to meet the payment of outstanding bonds for other improvement districts and interest due thereon, or to redeem such outstanding bonds in accordance with any estimated redemption schedule used in connection with the sale of such bonds, the deficiency may be paid from the moneys available therefor in the surplus and deficiency fund.

(4) For the purpose of paying all or such portion of the costs of any improvement constructed pursuant to section 30-20-603 (1)(a) and (1)(c) to which the revenues from any sales tax imposed pursuant to section 30-20-604.5 have been pledged, revenue bonds may be issued, which shall be payable solely from such sales tax. Such bonds shall be issued on the terms set forth in section 29-2-112, C.R.S.

(5) In connection with the issuance of bonds payable solely from special assessments as provided in subsection (1) of this section, the board may provide by resolution for the submission of the question of issuing such bonds to the electors eligible to vote on the question. In that case, the board may provide by resolution that all registered electors of the county shall be eligible to vote on the question or that only electors of the district shall be eligible to vote on the question.

(6) In connection with the issuance of bonds payable from special assessments which are additionally secured as provided in subsection (2), (3), or (4) of this section, the board may provide by resolution for the submission of the question of issuing the bonds to all registered electors of the county.

(7) Notwithstanding any other provision of this part 6, bonds issued in accordance with the requirements of this section may be payable from the assessments levied in one or more improvement districts.

(8) Notwithstanding any other provision of this part 6, any district formed for the purpose of encouraging, accommodating, and financing improvements as authorized in section 30-20-603 (11.5) may be authorized to:

(a) Issue one or more series of bonds, and bonds of any such district may be payable from the assessments levied pursuant to one or more assessment resolutions; and

(b) Jointly finance the improvements of multiple such districts located in one or more counties by intergovernmental agreement of the organizing counties or through other legally available means. Such intergovernmental agreement may include provisions for, among other things, the transfer of revenues collected pursuant to this part 6, including assessment payments, penalty payments pursuant to section 30-20-615, and property sale proceeds pursuant to section 30-20-617, from the county treasurer of the county in which a property is located to the county treasurer for the county issuing bonds pursuant to this section.

30-20-619.5. Issuing refunding bonds. (1) The board may issue one or more series of bonds to refund all or any portion of the outstanding bonds issued by one or more improvement districts pursuant to section 30-20-619. Any such bonds shall be issued in accordance with the provisions of article 56 of title 11, C.R.S. In such case, for purposes of complying with the requirements of article 56 of title 11, C.R.S., any bonds issued to refund all or any portion of the outstanding bonds of one or more improvement districts shall be deemed to be revenue bonds, the refunded bonds shall be deemed to be revenue obligations, and the assessments shall be deemed to be revenue.

(2) Any bonds issued pursuant to this section may refund all or any portion of the outstanding bonds of one or more improvement districts and may be secured by a combination of assessments levied on all or a specifically identified portion of the assessed property located within such districts.

(3) Two or more series of bonds may be issued to refund the outstanding bonds of one or more districts, and each series may be secured by assessments levied on different portions of the assessed property located within the districts that have outstanding bonds.

(4) Except as otherwise provided in subsection (5) or (6) of this section, in connection with the issuance of refunding bonds pursuant to this section, the board may amend the

resolution imposing the assessment to modify all or any portion of the following terms describing the assessment as specified in the resolution:

- (a) The rate of interest the board charges on unpaid installments;
- (b) Any penalty for prepayment of an assessment;
- (c) The principal balance due and owing on the assessment;
- (d) The dates upon which unpaid assessments are due;
- (e) The number of years over which unpaid assessments are due; or
- (f) Any other term specified in the resolution as necessary to make the resolution conform to the requirements of this section.

(5) Before the board may amend the resolution imposing the assessment to increase the amount of principal and interest due and owing under the assessment, the number of years over which unpaid assessments are due, or the amount of any unpaid assessments, the board shall:

(a) Obtain consent in writing to the amendment to the resolution from the owner of each tract of land that would be affected by the amendment; or

(b) (I) Set a place and time, not less than twenty days nor more than forty days after the date of such setting, for a hearing on the proposed amendment.

(II) Thereupon, the clerk of the board shall cause notice by publication to be made of the pendency of the proposed amendment, a summary of the terms of such amendment as described in subsection (4) of this section, and of the time and place of the hearing on the proposed amendment.

(III) All complaints and objections made in writing concerning the proposed amendment by the owners of any property in the district shall be heard and determined by the board before final action is taken. If the owners of the tracts upon which more than one-half of the affected assessments, measured by the unpaid assessment balance, submit written protests to the amendment to the board on or before the date specified in the notice, the board shall not adopt the proposed amendment. Any proposed amendment may be modified, confirmed, or rescinded prior to passage of the resolution authorized under subsection (4) of this section.

(6) Notwithstanding any other provision of law, in order either to issue refunding bonds or to amend a resolution of the board imposing an assessment pursuant to this section, the board shall make written findings that:

(a) The obligation of the county shall not be materially or adversely impaired with respect to any outstanding bond secured by the assessments; and

(b) The principal balance of any assessment shall not increase to an amount such that the aggregate amount that is assessed against any one particular tract of land exceeds the maximum benefit to the tract that is estimated to result from the project that is financed by the assessment and refunding of the outstanding bonds.

30-20-622. Contracts for construction - bond - default. (1) Except as provided in this section, all local improvements made under the provisions of this part 6 shall be constructed by independent contract, and all contracts shall be let by the board. All such contracts shall be let to the lowest reliable and responsible bidder, after public advertisement once in a newspaper of general circulation in such county; except that after such advertisement, if it be determined by the board that the bids are too high or that the proposed improvement can be made by the county for less than the bid of the lowest reliable and responsible bidder, such county is empowered to provide for doing the work by hiring labor by the day or otherwise and to arrange for purchasing necessary material, all under the supervision of the board.

(2) Except when the county does the work, no contract shall be made without a surety bond for its faithful performance, with sufficient sureties, to be approved by the board. No surety shall be accepted or approved by the board other than a corporate surety company, unless he is the owner of real estate in this state, free and clear of all encumbrances, in double the amount of his liability on all bonds upon which he may then be surety. Upon default in the performance of any contract, the board may advertise and relet the remainder of the work in like manner, without further resolution, and deduct the cost from the original contract price or, with the approval of the board, advance any excess out of the funds of the county and recover the same by suit on the original bond. In all advertisements the right shall be reserved to reject any or all bids, and, upon rejecting all bids, if deemed advisable by the board, other bids may be advertised for.

(3) Notwithstanding the provisions of subsection (1) of this section and the provisions of section 24-92-104 (3), C.R.S., all construction contracts for any improvements funded in whole or in part by the district sales tax authorized by section 30-20-604.5 or by revenue bonds issued pursuant to section 30-20-619 (4) shall be awarded by competitive sealed bidding pursuant to the procedures set forth in article 92 of title 24, C.R.S.

30-20-623. Provisions to be inserted. Every contract shall provide that it is subject to the provisions of the laws under which the county exists and of the resolution authorizing the improvement; that the aggregate payment thereon shall not exceed the amount appropriated; that, upon ten days' written notice to the contractor, the work under such contract, without cost or claim against the county, may be suspended for substantial cause; and that, upon complaint of any owner of land to be assessed for the improvement that the improvement is not being constructed in accordance with the contract, the board may consider the complaint and make such order in the premises as shall be just, and such order shall be final.

30-20-624. Utility connections may be ordered before paving - costs - default. Before paving in any district in pursuance of this part 6, the board may order the owners of property therein to connect their several premises with the gas, water, or sewer mains or with any other utility in the street in front of their several premises. Upon default of any owner for thirty days after such order to make such connections, the city or town may contract for and make the connections at such distance, under such regulations, and in accordance with such specifications as may be prescribed by the board. The whole cost of each connection shall be assessed against the property with which the connection is made, and the cost shall be paid upon the completion of the work and in one sum. The cost shall be assessed, shall become a lien, and shall be collected in the same manner as is provided in this part 6 for the assessment and collection of the cost of other special improvements. Upon default in the payment of any such assessment, the property shall be sold in like manner and with like effect.

30-20-625. No action maintainable - exception - grounds - limitations. (1) No legal or equitable action shall be brought or maintained to enjoin the collection of assessments levied under this part 6 except upon the grounds:

(a) That notice of a hearing upon the amount of the assessment was not given as required in this part 6, and any person presenting objections to the board at or before the hearing on assessment shall be deemed to have waived this ground;

(b) That the hearing upon the amount of the assessment as provided in this part 6 was not held;

(c) That the improvement ordered was not one authorized by this part 6.

(2) No action shall be brought under paragraph (c) of subsection (1) of this section unless the objections on which such action is based have been presented to the board in writing prior to the hearing on the proposed improvements as provided in section 30-20-603 (6)(i). Any action brought with respect to the ordering of any improvements, the creation of any district, the authorization or issuance of any bonds, the levying of any assessments, or any other action taken under this part 6 shall be commenced within thirty days after the effective date of the resolution ordering the improvements, creating the district, authorizing or issuing bonds, or levying assessments or the performance of any other action complained of or else shall be thereafter perpetually barred.

30-20-627. Local improvements completed - dissolution. When the local improvements specified in the preliminary order referred to in section 30-20-603 (5) and specified in the resolution authorizing the improvements have been completed and any debt incurred or bonds issued have been paid, the board shall take all steps necessary to dissolve the district and, upon completion of such steps, shall declare, by resolution, that the district is dissolved; except that this requirement does not apply to a district formed for the purposes authorized in section 30-20-603 (11.5). Upon dissolution, any moneys remaining to the credit of such district that have not been transferred to a special surplus and deficiency fund as permitted in section 30-20-619 (3) may be used for any county purpose as determined by the board, including, without limitation, the reimbursement to the county of any county moneys spent to provide any portion of the costs of the local improvements completed within the dissolved district.

PART 7

RECREATION DISTRICTS - COUNTY

30-20-701. Legislative declaration. It is declared that the creation of recreation districts, having the purposes and powers provided in this part 7, will serve a public use and will promote the health, safety, prosperity, security, and general welfare of the inhabitants of said districts.

Source: L. 47: p. 698, § 1. **CSA:** C. 136, § 5. **CRS 53:** § 114-2-1. **C.R.S. 1963:** § 114-2-1.

30-20-702. County may establish districts. (1) Whenever a county has acquired property for recreational purposes, as authorized in sections 29-7-101 to 29-7-104, C.R.S., such county may establish a recreation district. This district shall be composed of the unincorporated area benefited by the establishment of the proposed recreational facility, the boundaries to be designated by the board of county commissioners. If a county planning commission has been created in the county under the authority of part 1 of article 28 of this title, it is the duty of such planning commission, upon request from the board of county commissioners, to formulate a tentative plan for the formation of such recreation district. The plan shall include recommendations as to the area to be benefited and boundaries and powers of the district. Upon completion of the plan, the county planning commission shall certify such plan to the board of county commissioners.

(2) Before the creation of a recreation district, a hearing thereon shall be held by the board of county commissioners to ascertain the sentiment of residents of the area toward the establishment of such a district. Notice of the hearing, stating the time, place, date, and purpose of the hearing, and including a description of the proposed boundaries, shall be published once weekly for three consecutive weeks in a newspaper published and of general circulation in the county.

(3) After the hearing, the board of county commissioners, at any regularly scheduled meeting, may change, amend, reject, or adopt the plan formulated and certified by the county planning commission and by resolution create a recreation district.

30-20-702.5. Acquisition of land by Larimer county authorized. (1) The general assembly finds and declares that it is in the best interests of the state for Larimer county to acquire certain properties in the floodplain areas of the Big Thompson canyon and the north fork thereof. In making such acquisitions, Larimer county shall be subject to the findings of the

Colorado water conservation board with respect to the location of said floodplain areas. The county shall establish a recreation district pursuant to the provisions of this article for the purpose of making the acquisitions authorized and for the further purposes of the future management, control, and financing of all park and recreational areas developed following such acquisitions. In acquiring lands as authorized, the county and the recreation district shall seek primarily lands near inhabited areas which are unlikely to be the subject of direct acquisition by the federal forest service or other federal agency.

(2) The division of parks and wildlife, as a part of its duties under section 33-10-108, C.R.S., shall undertake the duties of coordinating federal, state, and local efforts and contributions, in the development of the land acquired pursuant to this section, in order that the people of the state shall receive benefits from the park and recreational facilities thus acquired.

30-20-703. Powers of county commissioners. (1) Acting on behalf of such district, the board of county commissioners may:

(a) Levy a tax on all real and personal property situated within the district not to exceed one mill, the proceeds of which shall be used within the district for operation, maintenance, capital improvements, acquisition of additional property, and employment of a staff to supervise a program of activities, and receive gifts of money or property for construction and operation of recreational facilities and programs; but if the recreational district comprises the entire county, the board of county commissioners is authorized to appropriate from the general fund for this purpose and no special levy is authorized;

(b) Establish a board of five residents of the district who own real estate within the district and who have paid a tax thereon for at least one year preceding their selection, to administer the facility, and to supervise the conduct of the recreational programs. Each member of the board, upon approval by a majority of the taxpaying electors residing in the district voting on the question at a general election, may receive as compensation for his services a sum not in excess of six hundred dollars per annum, payable not to exceed twenty-five dollars per meeting attended. Terms of such board members shall be so arranged that the term of one member expires each year. The manner of selection and the powers shall be determined by the board of county commissioners in its order creating the recreation district.

(c) Provide for the employment of personnel to operate and manage the facilities and recreation programs, and cooperate with other public and private agencies in the operation and management of the facilities and program;

(d) Provide for the creation of a reserve fund adequate to meet the obligations of the district, for maintenance and operating charges and depreciation, and to provide replacements of and betterments to the improvements of the district.

PART 8

CEMETERY DISTRICTS

Editor's note: Prior to the enactment of this part 8 in 1981, the substantive provisions of this part 8 were located in part 1 of article 5 of title 32. For a detailed comparison of this part 8, see the comparative tables located in the back of the index.

Cross references: For definitions applicable to this part 8, see § 30-26-301 (2)(d).

30-20-801. Creation of cemetery districts. The board of county commissioners of any county shall create cemetery districts within its county upon petition of the property owners within said districts, in accordance with the provisions of this part 8.

Source: L. 81: Entire part added, p. 1613, § 12, effective June 19.

30-20-802. Petition for creation of district. Upon presentation to the board of county commissioners of a petition setting forth the name of the proposed cemetery district, a description of the boundaries of said district, the names of three taxpaying electors resident within such district to be appointed as the first board of directors of said proposed district, and a request for the organization thereof, signed by a majority of the taxpaying electors resident therein, it is the duty of the board of county commissioners of such county to examine the petition and, if it finds that the petition is regular and in due form as provided, and if the board of county commissioners finds that said petition has been signed by a majority of the taxpaying electors, to enter a resolution in its proceedings establishing said cemetery district and to file a certified copy of such resolution with the county clerk and recorder.

Source: L. 81: Entire part added, p. 1613, § 12, effective June 19.

30-20-803. Board of directors - meetings. (1) Immediately after the creation of a cemetery district, the board of county commissioners shall appoint a board of directors for the cemetery district, consisting of the three members recommended in the petition filed with the board of county commissioners. One of the members shall hold the office for two years, one for four years, and one for six years. Thereafter the term of office for each director is six years. Vacancies in the board of directors shall be filled by the board of county commissioners. The board of county commissioners may remove any director for cause, but only after the director is given notice and an opportunity to be heard before the board of county commissioners at a public hearing.

(2) All special and regular meetings of the board of directors must be held at locations that are within the boundaries of the cemetery district or that are within the boundaries of any county in which the cemetery district is located, in whole or in part, or in any county so long as the meeting location does not exceed twenty miles from the district boundaries. The provisions of this subsection (2) governing the location of meetings may be waived only if the proposed change of location of a meeting of the board appears on the agenda of a regular or special meeting of the board and if a resolution is adopted by the board stating the reason for which a meeting of the board is to be held in a location other than under the provisions of this subsection (2) and further stating the date, time, and place of such meeting.

30-20-804. District officers. The officers of such cemetery district shall be the president and a secretary who shall be elected annually by the board of directors from its own members.

Source: **L. 81:** Entire part added, p. 1613, § 12, effective June 19.

30-20-805. Powers of district. (1) From and after the filing of the resolution establishing such district with the county clerk and recorder, the cemetery district shall be a body corporate and shall have the following powers:

(a) To acquire, hold, and convey real and personal property for cemetery purposes within said district;

(b) To sue and be sued in its corporate name;

(c) To receive, acquire, and hold donations or bequests of real or personal property;

(d) To sell burial plots in the cemetery property acquired by said district;

(e) To draw warrants upon the county treasurer for cemetery purposes;

(f) To determine annually the amount of tax not to exceed four mills, to be levied upon the taxable property of said district, to acquire, care for, and maintain such cemetery for the ensuing year, and to certify the same to the board of county commissioners. Any amount of tax levy not previously established by resolution nor previously approved by the electors must be authorized by a vote of the electors of that cemetery district.

30-20-806. Taxation. The board of county commissioners is authorized to levy a tax not to exceed four mills so certified to it by said cemetery district against all taxable property within said cemetery district which tax shall be collected by the county treasurer. If the district embraces the entire county, the board of county commissioners is authorized to appropriate from the general fund money for this purpose and no special tax shall be made.

30-20-808. Abandoned graves - right to reclaim. (1) If there is a lot, grave space, niche, or crypt in a cemetery in which no remains have been interred, no burial memorial has been placed, and no other improvement has been made for a continuous period of no less than seventy-five years, a cemetery district may initiate the process of reclaiming title to the lot, grave space, niche, or crypt in accordance with this section.

(2) A cemetery district seeking to reclaim a lot, grave space, niche, or crypt shall:

(a) Send written notice of the cemetery district's intent to reclaim title to the lot, grave space, niche, or crypt to the owner's last-known address by first-class mail; and

(b) Publish a notice of the cemetery district's intent to reclaim title to the lot, grave space, niche, or crypt in a newspaper of general circulation in the area in which the cemetery is located once per week for four weeks.

(3) The notice required by subsection (2) of this section shall clearly indicate that the cemetery district intends to terminate the owner's rights and title to the lot, grave space, niche, or crypt and include a recitation of the owner's right to notify the cemetery district of the owner's intent to retain ownership of the lot, grave space, niche, or crypt.

(4) If the cemetery district does not receive from the owner of the lot, grave space, niche, or crypt a letter of intent to retain ownership of the lot, grave space, niche, or crypt within sixty days after the last publication of the notice required by paragraph (b) of subsection (2) of this section, all rights and title to the lot, grave space, niche, or crypt shall transfer to the cemetery district. The cemetery district may then sell, transfer, or otherwise dispose of the lot, grave space, niche, or crypt without risk of liability to the prior owner of the lot, grave space, niche, or crypt.

(5) A cemetery district that reclaims title to a lot, grave space, niche, or crypt in accordance with this section shall retain in its records for no less than one year a copy of the notice sent pursuant to paragraph (a) of subsection (2) of this section and a copy of the notice published pursuant to paragraph (b) of subsection (2) of this section.

(6) If a person submits to a cemetery district a legitimate claim to a lot, grave space, niche, or crypt that the cemetery district has reclaimed pursuant to this section, the cemetery district shall transfer to the person at no charge a lot, grave space, niche, or crypt that, to the extent possible, is equivalent to the reclaimed lot, grave space, niche, or crypt.

(7) Notwithstanding any provision of law to the contrary, on and after August 7, 2006, a cemetery district shall not convey title to the real property surveyed as a lot in a cemetery for use as a burial space. A cemetery district may grant interment rights to a lot, grave space, niche, or crypt in a cemetery.

30-20-901. Legislative declaration. The general assembly hereby finds and declares that methods for the efficient and economical production of usable energy should be achieved whenever possible and that the use of flammable waste material for the conversion of heat into steam, electrical power, or any other form of energy could provide energy in an efficient and economical manner. For such purposes, the provisions of this part 9 are enacted to authorize counties to develop this type of energy for their own use and the use of the public.

30-20-903. County authority relating to solid waste-to-energy incineration systems.
(1) The board of county commissioners of any county has the power to:

(a) Acquire, hold, use, transfer, and convey any real or personal property for the purpose of developing and operating a solid waste-to-energy incineration system;

(b) Engage in any activities relating to the siting, development, and operation of a solid waste-to-energy incineration system and to the production and sale of energy from such system;

(c) Issue revenue bonds authorized by action of the board of county commissioners, without the approval of the qualified electors of the county, for purposes of financing the siting and development of a solid waste-to-energy incineration system and the production and marketing of energy from such system. Such revenue bonds shall be issued in the manner provided in part 4 of article 35 of title 31, C.R.S., for the issuance of revenue bonds by municipalities; except that such revenue bonds may be sold in one or more series at par, or below or above par, at public or private sale, in such manner and for such price as the county, in its discretion, shall determine. Such revenue bonds and interest coupons, if any, appurtenant thereto shall never constitute the debt or indebtedness of the county within the meaning of any provision or limitation of the state constitution or statutes, and shall not constitute nor give rise to a pecuniary liability of the county or a charge against its general credit or taxing powers. Such revenue bonds and the income therefrom are exempt from taxation, except inheritance, estate, and transfer taxes.

(d) Enter into contracts, including intergovernmental contracts pursuant to section 29-1-203, relating to the acts authorized by this part 9;

(e) Establish such terms and conditions by contract, resolution, or any other method for the siting, development, and operation of a solid waste-to-energy incineration system and the production and sale of energy from such system;

(f) Set, maintain, and revise charges for the disposal of solid waste at a solid waste-to-energy incineration system facility and for the sale of energy from such system for the purpose of financing the property, facilities, and operation of the system;

(g) Exercise any other powers which are essential in performing the acts authorized by this part 9;

(h) Perform any nonlegislative acts authorized by this part 9 by means of an agent or by contract with any person, firm, or corporation.

PART 10

SOLID WASTES DISPOSAL LIMITATIONS

Cross references: For the legislative declaration contained in the 2005 act enacting this part 10, see section 1 of chapter 285, Session Laws of Colorado 2005.

30-20-1001. Definitions. As used in this part 10, unless the context otherwise requires:

(1) "Consumer product" means any device that is primarily intended for personal or household use and is typically sold, distributed, or made available to the general population through retail or mail-order distribution. Such term does not include vehicles, motorcycles, wheelchairs, boats, or other forms of motive power. The term does include, but is not limited to, computers, games, telephones, radios, and similar electronic devices.

(2) "De minimis quantities of used oil" means small spills, leaks, or drippings from pumps, machinery, pipes, and other similar equipment during normal operations; except that the term shall not include used oil discarded as a result of abnormal operations resulting in substantial leaks, spills, or other releases.

(3) "Land disposal" means placing, discarding, or otherwise disposing of residentially generated solid wastes:

(a) In any solid wastes disposal site and facility, transfer station, or treatment, storage, or disposal facility operated by the state, a local government, or a private entity;

(b) In sewers, drainage systems, septic tanks, surface or groundwaters, watercourses, or any body of water; or

(c) On the ground.

(4) "Lead-acid battery" means a battery that:

(a) Consists of lead and sulfuric acid;

(b) Is used as a power source; and

(c) Is not intended as a power source for consumer products.

(5) "Lubricating oil" means the fraction of crude oil or synthetic oil used to reduce friction in motorized equipment. "Lubricating oil" includes rerefined oil.

(6) (a) "Person" means an individual.

(b) "Person" shall not include waste haulers as defined in subsection (16) of this section.

(7) "Residentially generated" means used lead-acid batteries and used oil generated by a person.

(8) "Retailer" means any corporation, limited liability company, partnership, individual, sole proprietorship, joint-stock company, joint venture, or other private legal entity that engages in the sale of new lead-acid batteries or lubricating oil directly to the end user.

(9) "Solid waste" shall have the same meaning as set forth in section 30-20-101 (6).

(10) "Solid wastes disposal" shall have the same meaning as set forth in section 30-20-101 (7).

(11) "Solid wastes disposal site and facility" shall have the same meaning as set forth in section 30-20-101 (8).

(12) Repealed.

(13) "Transfer station" shall have the same meaning as set forth in section 30-20-101 (9).

(14) "Used lead-acid battery" means any lead-acid battery that is no longer functional or no longer used for its primary purpose.

(15) "Used oil" means any residentially generated motor oil, refined from crude oil or a synthetic oil, that has been used and as a result of that use is contaminated by physical or chemical impurities.

(16) "Waste hauler" means any individual or any employee or agent of a partnership, private, county, or municipal corporation, firm, board of a metropolitan district, or other association of persons that haul waste under contract, agreement, or as otherwise provided by law, to solid wastes disposal sites and facilities.

(17) and (18) Repealed.

(19) "Wholesaler" means any corporation, limited liability company, partnership, individual, sole proprietorship, joint-stock company, joint venture, or other private legal entity that sells new lead-acid batteries or lubricating oil for resale.

30-20-1002. Lead-acid batteries - disposal limitations. (1) On and after July 1, 2007, land disposal of residentially generated used lead-acid batteries shall be prohibited.

(2) A person shall dispose of used lead-acid batteries by delivering the batteries to:

(a) A retailer or wholesaler engaged in lead-acid battery collection or recycling;

(b) A secondary lead smelter; or

(c) A collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

(3) A retailer shall dispose of used lead-acid batteries by delivering the batteries to:

(a) The agent of a wholesaler or a secondary lead smelter;

(b) A battery manufacturer for delivery to a secondary lead smelter; or

(c) A collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

(4) (a) Waste haulers shall notify customers that the land disposal of lead-acid batteries is prohibited.

(b) The notice required by paragraph (a) of this subsection (4) shall explain that lead-acid batteries shall be disposed of by delivery to a retailer or wholesaler engaged in lead-acid battery collection or recycling, a secondary lead smelter, or a collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

Source: **L. 2005:** Entire part added, p. 1253, § 2, effective August 8.

30-20-1003. Lead-acid batteries - collection for recycling. (1) A retailer selling replacement lead-acid batteries in the state may:

(a) Accept from customers, at the point of transfer, used lead-acid batteries of the same general type and in a quantity at least equal to the number of new batteries purchased, if offered by customers; and

(b) Collect a deposit of at least ten dollars on the sale of an automotive-type replacement lead-acid battery that is not accompanied by the return of a used lead-acid battery of the same general type. All deposits shall inure to the benefit of the retailer unless the person paying the deposit pursuant to this subsection (1) returns a used automotive lead-acid battery to the retailer within thirty days of the date of sale, in which case the deposit shall be returned to the customer.

30-20-1005. Used oil disposal limitations. (1) On and after July 1, 2007, land disposal of residentially generated used oil shall be prohibited.

(2) Notwithstanding subsection (1) of this section, a person may dispose of an item or substance that contains de minimis quantities of used oil in a solid wastes disposal site and facility under subsection (1) of this section if:

(a) To the extent reasonably possible, all oil has been removed from the item or substance; and

(b) No free-flowing oil remains in the item or substance.

(3) A person shall dispose of used oil by delivery to:

(a) A retailer or wholesaler engaged in used oil collection or recycling; or

(b) A collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

(4) A retailer shall dispose of used oil by delivery to the agent of a wholesaler or to a collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

(5) Every quart of improperly disposed oil shall constitute a separate violation.

(6) (a) Waste haulers shall notify customers that the land disposal of used oil is prohibited.

(b) The notice required in paragraph (a) of this subsection (6) shall explain that used oil shall be disposed of by delivery to a retailer or wholesaler engaged in used oil collection or recycling or a collection or recycling facility operating under the laws of this state or under rules promulgated by the United States environmental protection agency.

Source: **L. 2007:** Entire part added, p. 1810, § 2, effective August 3.

30-20-1102. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is the policy of the state of Colorado to encourage public contracting procedures that encourage competition, openness, and impartiality to the maximum extent possible.

(b) Competition exists not only in the costs of goods and services, but in the technical competence of the providers and suppliers in their ability to make timely completion and delivery and in the quality and performance of their products and services.

(c) Timely and effective completion of public projects can be achieved through a variety of methods when procuring goods and services for public projects.

(d) In enacting this part 11, the general assembly intends to establish for county governments and certain districts formed by county governments an optional alternative public project delivery method.

(1) "Agency" means any county, city and county, home rule county formed in accordance with the provisions of article 35 of this title, any county public improvement district formed in accordance with the provisions of part 5 of article 20 of this title, any other district that a county or a city and county may create pursuant to the authority provided in article 20 of this title that is a budgetary unit exercising construction contracting authority or discretion, and any special taxing district formed by a home rule county in accordance with the provisions of part 9 of article 35 of this title.

(2) "Contract" means any agreement for designing, building, altering, repairing, improving, demolishing, operating, maintaining, or financing a public project.

(3) "Cost-reimbursement contract" means a contract under which a participating entity is reimbursed for costs that are allowable and allocable in accordance with the contract terms and provisions of this part 11.

(4) "Integrated project delivery" or "IPD" means a project delivery method in which there is a contractual agreement between an agency and a single participating entity for the design, construction, alteration, operation, repair, improvement, demolition, maintenance, or financing, or any combination of these services, for a public project.

(5) "IPD contract" means a contract using an integrated project delivery method.

(6) "Participating entity" means a partnership, corporation, joint venture, unincorporated association, or other legal entity that provides appropriately licensed planning, architectural, engineering, development, construction, operating, or maintenance services as needed in connection with an IPD contract.

(7) "Public project" means any lands, buildings, structures, works, machinery, equipment, or facilities suitable for and intended for use as public property for public purposes or suitable for and intended for use in the promotion of the public health, public welfare, or public education, to the extent the boundaries of an agency and a school district are coterminous, or for the conservation of natural resources, including the planning of any such lands, buildings, improvements, structures, works, machinery, equipment, or facilities. "Public project" shall also include existing lands, buildings, improvements, structures, works, and facilities, as well as improvements, renovations, or additions to any such lands, buildings, improvements, structures, works, or facilities, including without limitation any sewerage facility as defined in section 30-20-401 (4), any water facility as defined in section 30-20-401 (6), any joint system as defined in section 30-20-401 (3), and any operation or maintenance programs for the operation and upkeep of such projects.

(8) "Public purposes" includes, but is not limited to, the supplying of public water services and facilities, public sewerage services and facilities, and lands, buildings,

improvements, equipment, and facilities for public education, to the extent the boundaries of the agency and school district are coterminous.

30-20-1104. Integrated project delivery contracts - authorization - effect of other laws. (1) Notwithstanding any other provision of law, any agency may award an IPD contract for a public project under the provisions of this part 11 upon the determination by such agency that integrated project delivery represents a timely or cost-effective alternative for a public project.

(2) Nothing in this part 11 shall be construed as exempting any agency or participating entity from applicable federal, state, or local laws, rules, resolutions, or ordinances governing labor relations, professional licensing, public contracting, or other related laws, except to the extent that an exemption is granted under such legal authority or is created by necessary implication from such legal authority.

Source: L. 2007: Entire part added, p. 1812, § 2, effective August 3.

30-20-1105. Integrated project delivery contracting process - prequalification of participating entities - apprentice training. (1) An agency may prequalify participating entities for IPD contracts by public notice of its request for qualifications prior to the date set forth in the notice. A request for qualifications may contain the following elements and such additional information as may be requested by the agency:

(a) A general description of the proposed public project;

(b) Relevant budget considerations;

(c) Requirements of the participating entity, including:

(I) If the participating entity is a partnership, limited partnership, limited liability company, joint venture, or other association, a listing of all of the partners, general partners, members, joint venturers, or association members known at the time of the submission of qualifications;

(II) Evidence that the participating entity, or the constituent entities or members thereof, has completed or has demonstrated the experience, competency, capability, and capacity, financial and otherwise, to complete projects of similar size, scope, or complexity;

(III) Evidence that the proposed personnel of the participating entity have sufficient experience and training to completely manage and complete the proposed public project; and

(IV) Evidence of all applicable licenses, registrations, and credentials required to provide the proposed services for the public project, including but not limited to information on any revocation or suspension of any such license, registration, or credential.

(d) The criteria for prequalification.

(2) From the participating entities responding to the request for qualifications, the agency shall prepare and announce a short list of participating entities that it determines to be most qualified to receive a request for proposal.

(3) Where an apprentice training program registered by the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by the United States

department of labor exists in the county, or a comparable agency for the training of apprentices is available in the county:

(a) Each participating entity shall demonstrate to the agency that it has access to the certified or recognized program or a comparable alternative; and

(b) Each participating entity shall demonstrate that each of its subcontractors, at any tier, selected to perform work under a contract with a value of two hundred fifty thousand dollars or more has access to the certified or recognized program or a comparable alternative.

30-20-1106. Requests for proposals - evaluation and award of integrated project delivery contracts. (1) An agency shall prepare and publish a request for proposals for each IPD contract that may contain the following elements and such other elements as may be requested by the agency:

(a) The procedures to be followed for submitting proposals;

(b) The criteria for evaluation of a proposal, which criteria may provide for selection of a proposal on a basis other than solely the lowest costs estimates submitted;

(c) The procedures for making awards;

(d) Required performance standards as defined by the participating entity;

(e) A description of the drawings, specifications, or other submittals to be provided with the proposal, with guidance as to the form and the acceptable level of completion of the drawings, specifications, or submittals;

(f) Relevant budget considerations or, for an IPD contract that includes operation or maintenance services, the life-cycle cost analysis for the contract;

(g) The proposed scheduling for the project; and

(h) The stipend, if any, to be paid to participating entities responding to the request for proposals who appear on the agency's short list pursuant to section 30-20-1105 (2) but whose proposals are not selected for award of the IPD contract.

(2) After obtaining and evaluating proposals according to the criteria and procedures set forth in the request for proposals in accordance with the requirements specified in subsection (1) of this section, an agency may accept the proposal that, in its estimation, represents the best value to the agency. Acceptance of a proposal shall be by written notice to the participating entity that submitted the accepted proposal.

(3) With respect to performance under each IPD contract, the agency and participating entity shall comply with all laws applicable to public projects.

(4) Notwithstanding any other provision of law, a participating entity selected for award of an IPD contract is not required to be licensed or registered to provide professional services as defined in section 24-30-1402 (6), C.R.S., if the person or firm actually performing any such professional services on behalf of the participating entity is appropriately licensed or registered and if the participating entity otherwise complies with applicable state licensing laws and requirements related to such professional services.

Source: L. 2007: Entire part added, p. 1814, § 2, effective August 3.

30-20-1108. Types of contracts. Subject to the requirements of this section, an agency making use of the provisions of this part 11 may award any type of contract that will promote the best interests of the agency; except that the use of a cost-plus-a-percentage-of-cost contract under this part 11 is prohibited. An agency may award a cost-reimbursement contract only when a determination is made in writing that such contract is either likely to be less costly to the agency than any other type of contract or that it is impracticable to obtain the required construction or other services authorized under this part 11 unless the cost-reimbursement contract is used. Operation and maintenance elements may be procured on a cost-reimbursement basis under or in connection with an IPD contract.

PART 12

RURAL CLEAN ENERGY PROJECT FINANCE PROGRAM

30-20-1201. Short title. This part 12 shall be known and may be cited as the "Rural Clean Energy Project Finance Program Act".

Source: L. 2008: Entire part added, p. 1315, § 3, effective May 27.

30-20-1202. Definitions. As used in this part 12, unless the context otherwise requires:

- (1) "Board" means the board of county commissioners of a county or a city and county.
- (2) "Clean energy" means energy derived from biomass, as defined in section 40-2-124 (1)(a)(I); geothermal energy; solar energy; small hydroelectricity; nuclear energy, including nuclear energy projects awarded funding through the United States department of energy's advanced nuclear reactor programs; wind energy; and hydrogen derived from the other energy sources listed in this subsection (2).
- (3) "Cooperative electric association" shall have the same meaning as set forth in section 40-9.5-102, C.R.S.
- (4) "Eligible applicant" means an individual property owner or a group of property owners that do not own the entirety of a cooperative electric association and that seek to construct, expand, or upgrade an eligible clean energy project located or to be located on the applicant's property.
- (5) "Eligible clean energy project" means a project owned by an eligible applicant that produces or transmits clean energy for public benefit only, has a nameplate rating of no more than fifty megawatts and is not a part of a larger project with a nameplate rating of more than fifty megawatts, and is located within the certificated service area of a cooperative electric association. "Eligible clean energy project" includes transmission lines to the point of entry to the power grid of a cooperative electric association, a generation and transmission electric

corporation or association, or any federal agency and any other equipment or facility, including, but not limited to, substation upgrades needed to deliver the clean energy produced by an eligible clean energy project to a market.

30-20-1203. Eligible clean energy project financing - county approval - private activity bond financing. (1) An eligible applicant may apply to the board of the county or city and county in which it proposes to construct, expand, or upgrade an eligible clean energy project for assistance in the financing of the project. Subject to the requirements and limitations specified in federal law, the "Colorado Private Activity Bond Ceiling Allocation Act", part 17 of article 32 of title 24, C.R.S., and subsection (2) of this section, if the board approves the application, it may provide financing assistance by issuing tax-exempt private activity bonds in a minimum amount of five hundred thousand dollars for a geothermal energy project and one million dollars for any other type of eligible clean energy project on behalf of the eligible applicant.

(2) A board shall issue tax-exempt private activity bonds on behalf of an eligible applicant to finance an eligible clean energy project subject to the following requirements and limitations:

(a) The board shall enter into agreements with the eligible applicant under which:

(I) The board agrees to loan to the eligible applicant the net proceeds of the bonds issued so that the eligible applicant can finance all or a portion of the eligible clean energy project; and

(II) The eligible applicant agrees that it has the sole responsibility to pay, either directly or indirectly through the board or a bond trustee, all financial obligations owed to bondholders and that it shall provide and maintain any reserve deemed necessary by the board to ensure that the financial obligations are paid;

(b) The bonds issued shall specify that bondholders may not look to any county or city and county revenues for repayment of the bonds. The bonds shall further specify that the only sources of repayment for the bonds are revenues provided by the eligible applicant, property of the eligible applicant, or credit enhancement obtained by the eligible applicant that may be pledged to the payment of the bonds; and

(c) The repayment term for the bonds issued shall not exceed fifteen years for a geothermal energy project and ten years for any other type of eligible clean energy project and may, for a geothermal energy project only, be correlated to the revenue stream of the eligible clean energy project being financed by the bonds so long as the amount of scheduled bond payments for any fiscal year does not exceed seventy-five percent of the estimated amount of project revenues for the fiscal year.

(3) Because private activity bonds are payable only from the sources specified in paragraph (b) of subsection (2) of this section, such bonds shall not be deemed to create county or city and county indebtedness or a multiple-fiscal year obligation within the meaning of any

provision of the state constitution or the laws of this state, and a board may issue such bonds without voter approval.

(4) The rates charged by an eligible applicant for the delivery of clean energy produced by an eligible clean energy project shall be set to allow recovery of all costs necessarily incurred to deliver the clean energy to a market, including, but not limited to, the costs of substation upgrades, transmission lines to the point of entry to the power grid of a cooperative electric association, and any wheeling charges imposed by a cooperative electric association.

PART 13

FEDERAL MINERAL LEASE DISTRICTS

30-20-1301. Short title. This part 13 shall be known and may be cited as the "Federal Mineral Lease District Act".

Source: L. 2011: Entire part added, (HB 11-1218), ch. 169, p. 580, § 1, effective May 9.

30-20-1302. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that it is committed to making sure that all available funding received from federal mineral leasing and distributed as specified in section 34-63-102 (5.4)(c), C.R.S., is used to alleviate social, economic, and public finance impacts resulting from the development of natural resources in this state, subject to the limitations provided for in the federal act.

(2) The general assembly further finds and declares that the purpose of this legislation is to maximize the long-term benefit of funding derived from federal mineral leasing by authorizing the creation of federal mineral lease districts as funding and service delivery mechanisms, which will, consistent with sound financial practices, result in the greatest use of financial resources for the greatest number of citizens of this state, with priority given to those communities designated as impacted by the development of natural resources covered in the federal act.

(3) The general assembly further finds and declares that federal mineral lease districts provide an effective mechanism to expedite the distribution of funding, without the use or increase of ad valorem and other taxes, to those communities designated as impacted by the development of natural resources covered by the federal act.

30-20-1303. Definitions. As used in this part 13, unless the context otherwise requires:

(1) "County" means a home rule or statutory county in this state and includes a city and county.

(1.5) "Distribute" means to grant, loan, commit, or otherwise expend available funding to achieve the purposes of the district consistent with this part 13.

(2) "District" means a federal mineral lease district created pursuant to this part 13.

(2.5) "Federal act" means section 35 of the federal "Mineral Lands Leasing Act" of February 25, 1920, as amended.

(3) "Funding" means the direct distribution of money from the local government mineral impact fund to counties as described in section 34-63-102 (5.4)(c) or a distribution to the county in accordance with section 34-63-104 (3).

(4) "Resolution" means a resolution initiated and adopted by a board of county commissioners of a county to create a federal mineral lease district as described in section 30-20-1304 (2).

Source: L. 2011: Entire part added, (HB 11-1218), ch. 169 p. 581, § 1, effective May 9. **L. 2012:** (1.5) and (2.5) added, (SB 12-031), ch. 84, p. 276, § 2, effective April 6. **L. 2018:** (3) amended, (HB 18-1249), ch. 51, p. 491, § 1, effective March 22.

30-20-1304. Power to create federal mineral lease districts. (1) Except as otherwise provided in this part 13, any county may create a district, so long as the district is created through a resolution adopted as specified in subsection (2) of this section no later than June 30, 2011, and each June 1 of every year thereafter.

(2) A board of county commissioners shall create a district by duly adopting, by majority vote, a resolution to that effect, and the resolution shall set forth:

(a) The name of the county creating the district;

(b) Repealed.

(c) A description of the boundaries of the district, which may include any municipality within the county creating the district;

(d) The name of the district; and

(e) The number of directors of the district. There shall be no fewer than three directors for a district, and the total number of directors shall be an odd number.

(3) Repealed.

(4) No later than the first business day after the adoption of a resolution, the county clerk and recorder shall transmit a certified copy of the resolution to the executive director of the department of local affairs, who shall, upon receipt of the certified copy of the resolution, allocate all future funding directly to the district. The state treasurer shall allocate all funding in accordance with section 34-63-104 (3) directly to the district.

(5) A district organized pursuant to this part 13 may be dissolved by the district board after not less than fifteen days' notice to the public is given and a hearing is held. The notice shall be published in at least one newspaper of general circulation in the county in which the district is located. After hearing any protests against or objections to dissolution, if a majority of the district board determines that it is in the best interests of all concerned to dissolve the district, the district board shall so provide by resolution, and verified copies of the resolution shall be filed within three business days with the office of the county clerk and recorder in the county in which the district is located and with the executive director of the department of local affairs. Upon such filings, the dissolution shall be complete, except that no district shall be dissolved until all funding is distributed consistent with this part 13 and has satisfied or paid in full all of its outstanding indebtedness, obligations, and liabilities.

(6) Notwithstanding any other provision in subsection (5) of this section, any board of county commissioners of a county that initiated and passed a resolution to create a district as described in section 30-20-1304 (2) as such section existed before April 6, 2012, may, within ninety days of April 6, 2012, initiate and pass a resolution to dissolve the district. For any district dissolved pursuant to this subsection (6), all undistributed funding shall be paid over to the county.

30-20-1305.5. Powers of a district. (1) Each district formed pursuant to this part 13 is an independent public body politic and corporate. Each district is a public instrumentality, and its exercise of the powers specified in this part 13 are deemed and held to be the performance of an essential public function. A district is not an agency of county or state government and is not subject to administrative direction by any department, commission, board, or agency of a county or the state.

(2) In addition to any other powers granted to a district by this part 13, a district has the following powers:

- (a) To sue and be sued;
- (b) To enter into contracts and agreements including those described in section 29-1-201, C.R.S.;
- (c) To acquire real or personal property or an interest in real or personal property;
- (d) To sell, convey, lease, exchange, transfer, or otherwise dispose of all or any part of the district's property or assets;
- (e) To enter into grant or loan agreements;
- (f) In order to carry out the purposes of this part 13, to borrow money as evidenced by revenue bonds, certificates, warrants, notes, and debentures in accordance with the provisions of this part 13;
- (g) To adopt an official seal;
- (h) To distribute funding to an area outside the district boundaries consistent with this part 13;
- (i) To provide services consistent with the federal act and this part 13; and
- (j) To invest funding as set forth in section 30-20-1307.

(3) A district does not have the power to levy and collect taxes or to use the power of eminent domain.

(4) Each district formed under this part 13 is subject to the "Local Government Budget Law of Colorado", part 1 of article 1 of title 29, C.R.S., and the "Colorado Local Government Audit Law", part 6 of article 1 of title 29, C.R.S.

30-20-1306. Board of directors - appointment or election - removal. (1) (a) (I) Except as provided in subparagraph (II) of this paragraph (a), immediately after the creation of a district, the board of county commissioners of the county shall, by majority vote, appoint a board of directors for the district. The number of directors on the board shall be as set forth in the resolution creating the district.

(II) If the board of county commissioners finds that the board of directors for the district should be elected rather than appointed, the board of county commissioners shall outline the method of such an election by duly adopting by majority vote a resolution to that effect. The election procedures shall comply with the election requirements set forth in articles 1 to 13 of title 1, C.R.S.

(b) Members of the board of directors may be county commissioners from the county that created the district, representatives of the governing body of municipalities included in the district, or other officials representing the interests of areas impacted by mineral lease activities.

(c) County commissioners serving on the board of directors, if any, shall not constitute a majority on the board of directors.

(d) The officers of the board of directors shall be the president and a secretary who shall be elected annually by the board of directors from its own members.

(e) (I) Members of the board of directors shall serve staggered terms so that not more than one director's term expires in any one year, and thereafter terms shall be for three years each, and each term shall commence on January 15.

(II) Notwithstanding subparagraph (I) of this paragraph (e), every board of county commissioners of a county that initiated and passed a resolution to create a district as described in section 30-20-1304 (2) as such section existed before April 6, 2012, shall, within ninety days of April 6, 2012, pass a resolution fixing the initial terms of all existing directors. The resolution shall designate at least one director whose initial term shall expire on January 15, 2013, at least one director whose initial term shall expire on January 15, 2014, and at least one director whose initial term shall expire on January 15, 2015. Successor directors shall serve three-year terms.

(2) (a) Each director shall hold office until the expiration of the term to which such director is appointed or elected or until a successor has been duly appointed or elected.

(b) Vacancies on the board of directors shall be filled by a majority vote of the board of county commissioners.

(c) The board of county commissioners of the county may remove any director for official misconduct, incompetence, neglect of duty, or other good cause shown, so long as the removal occurs after the director in question is given notice and an opportunity to be heard before the board of county commissioners at a public hearing.

(3) All special and regular meetings of the board of directors for a district shall be held pursuant to part 4 of article 6 of title 24, C.R.S.

30-20-1307. Board of directors - powers and duties. (1) (a) Except as otherwise provided in subsection (1)(b) of this section, the board of directors of a district shall distribute all of the funding the district receives from the department of local affairs to areas that are socially or economically impacted, either directly or indirectly, by the development, processing, or energy conversion of fuels and minerals leased under the federal act; except that the board of directors may elect to invest up to fifty percent of the funding as specified in subsection (5) of this section.

(b) The board of directors may use up to ten percent of the annual funding for any administrative costs of the district; except that any investment-related expenses are excluded from the calculation of the district's administration costs.

(c) Notwithstanding any other provision of this part 13, the board of directors of a district may reserve, or invest as specified in subsection (5) of this section, all or a portion of the funding for use in subsequent years.

(2) The board of directors may review any reports or studies made and may seek any additional reports or studies it deems necessary regarding the distribution of funding in the district.

(3) The board of directors may cooperate or contract with any other district to provide any function or service lawfully authorized to each of the cooperating or contracting districts, including the sharing of costs, only if the cooperation or contracts are authorized by each district with the approval of each district's board of directors. Any contract providing for the sharing of costs may be entered into for any period, not to exceed the existence of the district and notwithstanding any provision of law limiting the length of any financial contracts or obligations of governments. Any such contract shall set forth fully the purposes, powers, rights, obligations, and responsibilities, financial and otherwise, of the contracting parties. Where other provisions of law provide requirements for special types of intergovernmental contracting or cooperation, those special provisions shall control.

(4) The board of directors may exercise any of the powers set forth in section 30-20-1305.5.

(5) If the board of directors elects to invest the portion of the funding as allowed in subsection (1)(a) of this section:

(a) The portion of the funding to be invested shall be held in a fund established by a resolution enacted by the district;

(b) The board of directors shall make investments pursuant to the investment policy described in subsection (6) of this section and in a manner that complies with the "Uniform Prudent Investor Act", article 1.1 of title 15;

(c) The board of directors may invest the portion of the funding in any investment in which the board of trustees of the public employees' retirement association may invest the funds of the association pursuant to section 24-51-206;

(d) The board of directors may engage the services of investment advisors. The selection of investment advisors must be made following an open and competitive process.

(e) The board of directors may appropriate and disburse any part of the invested funding and all sums in excess thereof, including interest, dividends, or similar appreciated values, but shall do so only upon the enactment of a resolution identifying the reason for the appropriation and disbursement;

(f) The board of directors shall ensure that, at all times, liquid investment assets or other funding not invested remain at a level sufficient to pay for all budgeted and outstanding obligations of the district in any fiscal year; and

(g) The board of directors, individually or as a group, shall not engage in any activities that might result in a conflict of interest with respect to their fiduciary responsibility for the district.

(6) The board of directors shall adopt an investment policy resolution and shall review the investment policy annually. The investment policy must include:

(a) An acknowledgment of the board of director's fiduciary responsibility with respect to oversight of the district's investment policy;

(b) Performance benchmarks for all investments and for all investment advisors who may be hired by the board of directors;

(c) A requirement for the preparation and publication of annual financial statements that must include, at minimum, information regarding starting balances, contributions, investment income, and losses, if any, and any investment fees incurred;

(d) Careful consideration of investment fees or other brokerage costs which might reduce investment returns; and

(e) A requirement that the board of directors annually review the investments and annually set appropriations to be included in the trust fund.

PART 14

STRATEGIES FOR WASTE TIRES

30-20-1401. Legislative declaration - rules - enforcement - recyclable material.

(1) The general assembly finds and declares that:

(a) In order to protect the environment and the public health, there is a special need to address problems created by the disposal of waste tires and the lack of recycling and beneficial reuse of waste tires;

(b) In adopting this part 14, the general assembly has encouraged the development of techniques for resource recovery, recycling, and reuse of waste tires; however, there is still room for improvement regarding the management of waste tires in Colorado;

(c) The management of waste tires at the state level promotes economic development and provides substantial environmental impacts across the state;

(d) It is in the state's interest to provide for the recovery, recycling, reuse, and management of waste tires through a government-run enterprise;

(e) Providing statewide waste tire recycling, beneficial reuse, and management constitutes a valuable service and benefit, and a waste tire management enterprise would provide useful business services to tire retailers, automobile dealers, automobile repair shops, service stations, automotive fleet centers, waste tire haulers, waste tire collection facilities, waste tire processors, recycling and waste facilities, landfills, consumers, and all residents of Colorado;

(f) The waste tire management enterprise will aid in the proper management of waste tires by providing financial incentives and rebates for the recycling of waste tires into end-use tire-derived products, which financial incentives and rebates directly compensate people who properly dispose of or recycle waste tires, provide fee payers more convenient waste tire and disposal options, increase the production of tire-derived products, and positively impact human health and safety and the environment;

(g) It is necessary, appropriate, and in the best interest of the state to acknowledge that, by providing the business services specified in this part 14, the enterprise engages in an activity conducted in the pursuit of a benefit, gain, or livelihood and therefore operates as a business;

(h) Consistent with the determination of the Colorado supreme court in *Nicholl v. E-470 Public Highway Authority*, 896 P.2d 859 (Colo. 1995), that the power to impose taxes is inconsistent with enterprise status under section 20 of article X of the state constitution, it is the conclusion of the general assembly that the waste tire enterprise fee collected by the enterprise is a fee, not a tax, because the fee is imposed for the specific purpose of allowing the enterprise to defray the costs of providing the business services specified in sections 30-20-1404 and 30-20-1405 to consumers who ultimately pay the enterprise fee, which enterprise fee is imposed at rates that are reasonably calculated based on the cost of providing the services needed by those consumers;

(i) So long as the enterprise qualifies as an enterprise for the purposes of section 20 of article X of the state constitution, the revenue from the waste tire enterprise fee collected by the enterprise is not state fiscal year spending, as defined in section 24-77-102 (17), or state revenues, as defined in section 24-77-103.6 (6)(c), and does not count against either the state fiscal year spending limit imposed by section 20 of article X of the state constitution or the excess state revenues cap, as defined in section 24-77-103.6 (6)(b)(I); and

(j) The enterprise created in this part 14 is necessary to continue Colorado's management of waste tires and provide incentives to local governments; for-profit waste tire management, recycling, and reuse companies; and other organizations that are involved in waste tire recycling, beneficial reuse, and management.

(2) (a) The commission, in consultation with the enterprise, shall promulgate rules for the implementation and enforcement of sections 30-20-1403, 30-20-1404, and 30-20-1405, as applicable.

(b) The commission, in consultation with the department, shall promulgate rules for the implementation and enforcement of sections 30-20-1403 and 30-20-1405.5 and other sections of this part 14, as applicable.

(3) The department shall enforce this part 14 through its enforcement authorities, including those specified in sections 30-20-113 and 30-20-114.

(4) After tires are used for their original intended purpose, they must be used beneficially, recycled, or reused; except that, if authorized by section 30-20-1414 (1)(b), they may be disposed of at a permitted solid waste facility. Because they can be reused, remanufactured, reclaimed, or recycled, waste tires are a recyclable material as defined in section 30-20-101 (4). As recyclable materials, waste tires must be collected, managed, and transported in accordance with the manifest system required by section 30-20-1417 (2) and recycled into tire-derived product, thereby being transformed from a recyclable material into a new product. The department shall consider tires that have been collected under a tire collection program registered pursuant to section 30-20-1411 to have been managed under an approved

established tire collection program for purposes of the federal commercial industrial solid waste incinerator rules, 40 CFR part 60 subparts CCCC and DDDD.

30-20-1402. Definitions. As used in this part 14, unless the context otherwise requires:

(1) "Alternative daily cover" means at least three inches of earthen material or other suitable material placed over the exposed solid waste at the end of each operating day, or at such frequencies as needed to prevent or minimize nuisance conditions.

(1.2) "ASTM standard D6270" means the American Society for Testing and Materials standard entitled "Standard Practice for Use of Scrap Tires in Civil Engineering Applications", effective on December 15, 2017.

(1.5) "Beneficial user" means a person who uses solid waste for energy recovery in a manufacturing process or as an effective substitute for natural or commercial products, in a manner that does not pose a threat to human health or the environment. Avoidance of processing or disposal cost alone does not constitute beneficial use.

(1.7) "Board of directors" or "board" means the board of directors of the enterprise.

(2) "Commission" means the solid and hazardous waste commission created in section 25-15-302, C.R.S.

(3) "Department" means the department of public health and environment.

(4) "End user" means a person who:

(a) Uses a tire-derived product for a commercial or industrial purpose;
(b) Uses a whole waste tire to generate energy or fuel; or
(c) Consumes tire-derived product or uses tire-derived product in its final application or in making new materials with a demonstrated sale to a third-party customer.

(4.5) "Enterprise" means the waste tire management enterprise created in section 30-20-1403.

(5) "Mobile processor" means a person who processes waste tires at a location other than the location of the person's certificate of registration.

(6) "Motor vehicle" means a self-propelled vehicle that is designed for travel on the public highways and that is generally and commonly used to transport persons and property over the public highways or a low speed electric vehicle. "Motor vehicle" includes automobiles, minivans, all trucks, motor homes, and motorcycles.

(7) "Public project" means:

(a) A publicly funded contract entered into by a governmental body of the executive branch of this state that is subject to the "Procurement Code", articles 101 to 112 of title 24, C.R.S.; and

(b) A publicly funded contract entered into by a county, municipal government, or special district, including a school district or recreation district.

(7.5) "Rural county" means a county with a population of fewer than sixty thousand residents.

(8) "Tire" means a rubber cushion that fits around a wheel.

(9) "Tire-derived product" means matter that:

(a) Is derived from a process that uses whole tires as a feedstock, including shredding, crumbing, and chipping;

(b) Adheres to established engineering or other appropriate specifications or to established product end user specifications or customer conditions of acceptance;

(c) Has a demonstrated benefit associated with the end use;

(d) Can be used as a substitute for or in conjunction with a commercial product or raw material; and

(e) Has either been sold and removed from the facility of a processor or has been used on site by the processor.

(9.5) "Ton" means a unit of weight equal to two thousand pounds.

(10) "Trailer" means a wheeled vehicle, without motive power, that is designed to be drawn by a motor vehicle.

(11) "Used tire" means a tire that was previously used as a tire and is graded and classified for reuse as a tire based on specifications and criteria maintained pursuant to section 30-20-1410 (1)(a).

(12) "Waste tire" means a tire that is modified from its original specifications but not processed into a tire-derived product, is no longer being used for its initial intended purpose as a tire, and is not a used tire.

(12.5) "Waste tire administration fee" or "administration fee" means money collected pursuant to section 30-20-1403 (2.5)(b).

(13) "Waste tire cleanup program" or "program" means the program created by this part 14.

(14) "Waste tire collection facility" means a facility at which waste tires are stored awaiting pickup by a registered waste tire hauler for transportation to a registered waste tire processor or registered waste tire monofill.

(14.5) "Waste tire enterprise fee" or "enterprise fee" means money collected pursuant to section 30-20-1403 (2.5)(a).

(15) "Waste tire generator" means a person who generates waste tires. The term includes new tire retailers, used tire retailers, automobile dealers, automobile dismantlers, public and private vehicle maintenance shops, garages, service stations, car care centers, automotive fleet centers, local government fleet operators, and rental fleet operators.

(16) "Waste tire hauler" means a person who transports ten or more waste tires in any one load.

(17) "Waste tire monofill" means part or all of a solid wastes disposal site and facility that has been issued a certificate of designation and at which only waste tires are accepted.

(18) "Waste tire processor" means a person who processes a waste tire into a tire-derived product.

30-20-1403. Waste tire recycling, beneficial reuse, and management - waste tire fees - distribution - rules.

(1) Repealed.

(1.5) **Enterprise.** (a) (I) There is created in the department the waste tire management enterprise. The enterprise is and operates as a government-owned business within the department to collect the waste tire enterprise fee charged by retailers of new tires pursuant to subsection (2.5) of this section and to use the waste tire enterprise fee to promote waste tire recycling, beneficial reuse, and management strategies in Colorado.

(II) The enterprise is and operates as a government-owned business within the department for the purpose of conducting the business activities specified in this section. The enterprise is a **type 1** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department.

(III) The enterprise constitutes an enterprise for purposes of section 20 of article X of the state constitution so long as it retains the authority to issue revenue bonds and receives less than ten percent of its total revenues in grants from all Colorado state and local governments combined. So long as it constitutes an enterprise pursuant to this subsection (1.5)(a), the enterprise is not subject to section 20 of article X of the state constitution.

(b) The enterprise's primary powers and duties are to:

(I) Collect the waste tire enterprise fee;

(II) Promote waste tire recycling, beneficial reuse, and management strategies throughout Colorado;

(III) Issue revenue bonds payable from the revenues of the enterprise to promote the waste tire recycling, beneficial reuse, and management strategies specified in this section;

(IV) Publish each year, on the department's website and as otherwise deemed appropriate by the board, the waste tire recycling, beneficial reuse, and management strategies that the board has prioritized through the collection of the waste tire enterprise fee;

(V) Adopt, amend, or repeal policies for the regulation of the enterprise's affairs and the conduct of the enterprise's business consistent with this part 14;

(VI) (A) Contract with any public or private entity, including state agencies, consultants, and the attorney general's office, for professional and technical assistance, office space and administrative services, advice, and other services related to the conduct of the affairs of the enterprise. The board shall encourage diversity in applicants for contracts and shall generally avoid using single-source bids.

(B) The enterprise shall pay a fair market rate to any public entity, private entity, contractor, or consultant, which may include a state agency, the attorney general's office, or the department, that is hired by the enterprise to perform duties pursuant to this subsection (1.5)(b).

(VII) Prepare and submit an annual financial report pursuant to subsection (1.5)(i) of this section.

(c) The enterprise is governed by a board of directors. The board consists of the following nine members:

(I) Two members appointed by the executive director of the department to represent the department, including one with expertise in sustainability and one with expertise in compliance;

(II) One member appointed by the executive director of the department who represents a county that has experience with the management of waste tires; and

(III) Six members appointed by the executive director of the department who are representatives of nonprofit and for-profit entities engaged in the recovery, recycling, reuse, and management of waste tires, including a tire retailer, a waste tire collection facility, a waste tire

processor, and a waste tire hauler. To the extent practicable, the representation of nonprofit and for-profit entities must be balanced equally.

(d) Of the members appointed to the board of directors pursuant to subsection (1.5)(c)(III) of this section, at least one member must do business in a rural county in the state.

(e) (I) The member representing the department who has expertise in sustainability and is appointed pursuant to subsection (1.5)(c)(I) of this section shall call the first meeting of the board.

(II) The board shall elect a chair from among its members to serve for a term not to exceed two years.

(III) The board shall meet quarterly, and the chair of the board may call additional meetings as necessary for the board to complete its duties.

(IV) The term of office for a board member is three years; except that four of the six members appointed pursuant to subsection (1.5)(c)(III) of this section serve initial terms of two years. A board member may serve unlimited terms.

(f) (I) A member of the board of directors, except for members appointed pursuant to subsections (1.5)(c)(I) and (1.5)(c)(II) of this section, may receive a per diem stipend while on official enterprise business.

(II) The per diem stipend shall be at least equal to the Colorado state employee per diem for intra-state travel as established by the department of personnel.

(III) All members of the board of directors may receive reimbursement for actual and necessary expenses incurred while on official enterprise business.

(IV) The enterprise may use money in the waste tire management enterprise fund, created in section 30-20-1404, to pay the per diem stipend to a board member and to reimburse a board member for actual and necessary expenses incurred as part of the enterprise's operating expenses.

(g) The department shall provide office space and administrative staff to the enterprise, if requested by the board. In accordance with subsection (1.5)(b)(VI)(B) of this section, the enterprise shall pay the department a fair market rate for any office space or administrative staff used by the board in performance of the enterprise's duties.

(h) (I) The department may transfer money from any legally available source to the enterprise for the purpose of defraying expenses incurred by the enterprise before it receives fee revenue. The enterprise may accept and expend any money so transferred, and, notwithstanding any state fiscal rule or generally accepted accounting principle that could otherwise be interpreted to require a contrary conclusion, such a transfer is a loan from the department to the enterprise that is required to be repaid and is not a grant for purposes of section 20 (2)(d) of article X of the state constitution or as defined in section 24-77-102 (7).

(II) All money transferred as a loan to the enterprise must be credited to the waste tire administration, enforcement, market development, and cleanup fund, created in section 30-20-1404 (1)(a). Loan liabilities that are recorded in the waste tire administration, enforcement, market development, and cleanup fund but that are not required to be paid in the current state fiscal year shall not be considered when calculating sufficient statutory fund balance for purposes of section 24-75-109.

(III) As the enterprise receives sufficient revenue in excess of expenses, it shall reimburse the department for the principal amount of any loan made by the department, plus interest at a rate agreed upon by the department and the enterprise.

(i) (I) On or before June 30, 2026, and every June 30 of each year thereafter, the enterprise shall prepare and submit an annual financial report to legislative council staff and the joint budget committee of the general assembly.

(II) The financial report prepared by the enterprise pursuant to subsection (1.5)(i)(I) of this section must include the enterprise's projected revenue and expenditures and proposed budget for the following fiscal year.

(III) The enterprise shall post a copy of the enterprise's financial report on the enterprise's public website.

(2) Repealed.

(2.5) **Waste tire enterprise fee and waste tire administration fee.** (a) (I) Effective July 1, 2025, retailers of new motor vehicle tires and new trailer tires shall collect a waste tire enterprise fee in an amount to be set by the enterprise, in coordination with the commission. The waste tire enterprise fee amount must not exceed two dollars and fifty cents on the sale of each new tire. The maximum per tire enterprise fee amount may be adjusted by the enterprise every two years in accordance with any annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for the Denver-Aurora-Lakewood metropolitan area for all items paid by all urban consumers, or its applicable successor index.

(II) Effective July 1, 2025, the board of directors may review the waste tire enterprise fee on an annual basis and, in accordance with the fee amount limit set forth in subsection (2.5)(a)(I) of this section, adjust the waste tire fee amount so that the waste tire enterprise fee is imposed in an amount that is:

(A) Reasonably related to the direct and indirect costs of operating the enterprise in accordance with this part 14 and the services provided by the enterprise, which costs must not exceed the equivalent of one-half of the waste tire enterprise fee collected for each new tire sold pursuant to this subsection (2.5);

(B) Sufficient to pay costs associated with providing rebates as described in section 30-20-1405; and

(C) Sufficient to provide grants to eligible entities pursuant to the waste tire management grant program established in section 30-20-1418.

(b) (I) Effective July 1, 2025, retailers of new motor vehicle tires and new trailer tires shall collect a waste tire administration fee in an amount to be set by the commission, in coordination with the department.

(II) The commission may review the waste tire administration fee on an annual basis and adjust the administration fee amount so that it covers the direct and indirect costs of conducting the regulatory and administrative functions of the department in implementing this part 14.

(III) The waste tire administration fee amount must not exceed half of the amount of the waste tire enterprise fee; except that the minimum amount of the waste tire administration fee on the sale of each new tire must be fifty cents or more.

(c) (I) On and after July 1, 2025, retailers of new motor vehicle tires and new trailer tires shall collect both the enterprise fee and the administration fee from the consumer at the point of sale.

(II) The receipt from the retailer to the consumer for every new motor vehicle tire or new trailer tire purchased must contain the following statement in the largest bold-faced type capable based on point-of-sale software and on existing invoice printers, not to exceed fifteen points: **"Section 30-20-1403, Colorado Revised Statutes, requires retailers to collect a waste tire**

enterprise fee set by the waste tire management enterprise, which is a government-owned business within the department of public health and environment, and a waste tire administration fee set by the solid and hazardous waste commission on the sale of each new motor vehicle tire and each new trailer tire."

(III) The retailer shall submit to the enterprise by the twentieth day of each quarter of each calendar year the enterprise fee collected pursuant to this section in the preceding quarter of the calendar year, together with any report required by the enterprise. The enterprise shall transmit the enterprise fees to the state treasurer, who shall credit them in accordance with subsection (3)(a) of this section or as specified in rules promulgated by the commission.

(IV) The retailer shall submit to the department by the twentieth day of each quarter of each calendar year the administration fee collected pursuant to this section in the preceding quarter of the calendar year, together with any report required by the department. The department shall transmit the administration fees to the state treasurer, who shall credit them in accordance with subsection (3)(b) of this section or as specified in rules promulgated by the commission.

(3) (a) Beginning on July 1, 2025, the state treasurer shall distribute the revenue from the waste tire enterprise fee assessed in subsection (2.5)(a) of this section as follows:

(I) The portion of the enterprise fee collected to cover the costs described in subsection (2.5)(a)(II)(A) of this section to the waste tire management enterprise fund created in section 30-20-1404;

(II) The portion of the enterprise fee collected to cover the costs described in subsection (2.5)(a)(II)(B) of this section to the end users fund created in section 30-20-1405;

(III) All interest earned on the investment of money in the waste tire management enterprise fund to the waste tire management enterprise fund. Any unexpended and unencumbered money in the waste tire management enterprise fund at the end of any fiscal year shall remain in the waste tire management enterprise fund.

(IV) All interest earned on the investment of money in the end users fund to the end users fund. Any unexpended and unencumbered money in the end users fund at the end of any fiscal year shall remain in the end users fund.

(b) (I) Beginning on July 1, 2025, the state treasurer shall distribute the revenue from the waste tire administration fee assessed in subsection (2.5)(b) of this section to the waste tire administration fund created in section 30-20-1405.5.

(II) All interest earned on the investment of money in the waste tire administration fund shall be credited to the waste tire administration fund. Any unexpended and unencumbered money in the waste tire administration fund in excess of sixteen and one-half percent of the previous state fiscal year's expenditures at the end of any fiscal year shall remain in the waste tire administration fund.

30-20-1404. Waste tire management enterprise fund - creation - rules. (1) (a) There is created in the state treasury the waste tire management enterprise fund, referred to in this section as the "fund", consisting of the fee revenue credited pursuant to section 30-20-1403 (2.5)(a) and any other money appropriated or transferred to it. Money credited to the fund is continuously appropriated to the enterprise for the purposes set forth in this section and to pay the enterprise's reasonable and necessary operating expenses.

(b) The state treasurer shall credit all interest earned on the investment of money in the fund to the fund. Any unexpended and unencumbered money in the fund at the end of any fiscal year shall remain in the fund.

(2) The enterprise may, in consultation with the department, use the money in the fund for:

(a) Collecting the waste tire enterprise fee assessed in section 30-20-1403 (2.5)(a);

(b) to (e) Repealed.

(f) Hiring a contractor to clean up waste tires and tire-derived product that have been illegally disposed of or have been disposed of at a landfill pursuant to section 30-20-1009 (2) and funding a grant program to reimburse local governing authorities for cleaning up waste tires and tire-derived products that have been illegally disposed of or have been disposed of at a landfill pursuant to section 30-20-1009 (2);

(g) Financing one-time or occasional community cleanup events where waste tires are accepted for drop-off by persons not engaged in commercial or industrial activity and where, at the conclusion of the event, the waste tires are either picked up by a registered waste tire hauler or transported to a registered waste tire hauler or to any registered facility;

(h) Training and hiring contractors to provide training in the implementation of this part 14;

(i) to (n) Repealed.

(o) Encouraging waste tire market development;

(p) Repealed.

(q) The payment of any bonds issued pursuant to section 30-20-1403 (1.5)(b);

(r) Reimbursement of any contractors used for cleanup and remediation activities engaged in pursuant to subsections (2)(f) and (2)(g) of this section;

(s) The payment of per diem and the reimbursement of actual and necessary expenses for board members while on official enterprise business;

(t) Funding grants in accordance with the waste tire management grant program established in section 30-20-1418; and

(u) Any other activity necessary to implement section 30-20-1403, as determined by the board of directors.

(3) and (4) Repealed.

(5) (a) In providing assistance pursuant to this section, the enterprise shall give primary consideration to protection of public health and the environment.

(b) In awarding contracts for services pursuant to this section, the enterprise may give preferential bidding treatment to individuals or entities that will recycle, pursuant to rules of the department concerning recycling, and reuse, rather than dispose of, the waste tires.

(6) The enterprise shall, either itself or through a contractor, create a priority abatement list of illegal waste tire disposal sites.

(7) The enterprise, in coordination with the department and the department of transportation, shall systematically investigate and research the use of tire-derived aggregates in technically feasible and economically viable civil applications associated with the department of transportation's roadway mission. The department shall include any findings regarding tire-derived aggregates, as appropriate, in the department's annual report to the general assembly.

(8) Repealed.

(See L. 2024, pp. 3102, 3111.)

30-20-1405. End users fund - creation - quarterly rebates - rules - repeal. (1) (a) There is created in the state treasury the end users fund, referred to in this section as the "fund", consisting of the fee revenue credited pursuant to section 30-20-1403 (3)(a)(II).

(b) The state treasurer shall credit all interest and any other return on the investment of money in the fund to the fund. Money credited to the fund is continuously appropriated to the enterprise for the purposes set forth in this section.

(1.5) Repealed.

(2) (a) The enterprise, in consultation with the department, shall use the money in the fund to provide quarterly rebates to in-state:

(I) End users; and

(II) Retailers that sell tire-derived products.

(b) A waste tire hauler of tires in a rural county is only eligible for rebates pursuant to this subsection (2) if the waste tire hauler is also an end user or has contracted with an end user that is also a waste tire hauler.

(3) The rebate is subject to the following conditions:

(a) The enterprise shall pay the rebate amount quarterly, on a per-ton basis; and

(b) Once the enterprise has paid a rebate on a particular quantity of tire-derived product, every part of that particular quantity of tire-derived product is no longer eligible for payment of the rebate.

(4) (a) The enterprise, in consultation with the commission, shall annually set the amount of the rebate, on a per-ton basis, and the enterprise shall pay the set rebate amount for each ton of qualified tire-derived product. The enterprise shall calculate the rebate to equal, but not exceed, the amount of the anticipated income transferred into the fund during each succeeding twelve-month period.

(b) Each year, the enterprise shall continue to provide the rebate in accordance with the tiered structure set forth in subsection (5)(e) of this section until:

(I) All qualified rebate requests submitted in that year are satisfied; or

(II) There is insufficient money in the fund to support additional rebate payments.

(5) The commission shall promulgate rules governing administration of the rebate. On and after the effective date of this section, as amended, the commission shall consult with the enterprise in adopting rules governing administration of the rebate. The commission's rules must include the following:

(a) A quarterly rebate schedule for qualified recipients, with the first end user payout in July 2020, to be issued for end uses that occur between April 1, 2020, and June 30, 2020;

(b) A requirement that twenty-five percent of the expected annual rebate amount be held in reserve before paying the first quarterly rebate;

(c) If the balance of the fund is anticipated to be insufficient to pay out all of the rebates applied for, a requirement that the enterprise:

(I) Give notice of the anticipated insufficiency to all end users that during the preceding twelve months have submitted an application for a rebate; and

(II) Pay a proportionally reduced rebate beginning with tier 1 and rural waste tire hauler rebate recipients, continuing to tier 2 rebate recipients, and ending with tier 3 rebate recipients;

(d) A requirement that an end user that qualifies for a rebate by utilizing waste tires for:

(I) Alternative daily cover must verify with the enterprise that the alternative daily cover meets all specification standards for all type-B tire-derived aggregate, as established by the ASTM standard D6270; and

(II) Tire-derived aggregate must verify with the enterprise that the tire-derived aggregate meets all specification standards for all type-A and type-B tire-derived aggregate, as established by the ASTM standard D6270; and

(e) Three tiers of rebate amounts that the enterprise may pay out based on the amount of the waste tire that was used and destroyed as follows:

(I) Tier 1: Full rebates going to crumbed rubber end uses and end uses that completely destroy the waste tire for the purpose of energy recovery or other clean technologies as defined and approved by rule;

(II) Tier 2: Fifty percent of the full rebate going to end uses such as molded products and rubber mulch; and

(III) Tier 3: Twenty-five percent of the full rebate going to tire bale end uses and end uses for alternative daily cover and tire-derived aggregate that meet the ASTM standard D6270.

(6) The enterprise:

(a) Shall pay:

(I) The rebate only for waste tires that are generated and processed in Colorado; and

(II) An end user only if the end use involves tire-derived products in Colorado or use of the entire waste tire to generate energy or fuel in Colorado; and

(b) May deny:

(I) The rebate to a person that is out of compliance with any state or federal environmental laws, rules, or regulations; and

(II) All future rebates pursuant to this section and grants of money from the waste tire management enterprise fund created in section 30-20-1404 to an applicant that knowingly or intentionally provides false information to the enterprise when applying for a rebate or for a grant of money from the waste tire management enterprise fund.

(7) Waste tires obtained from rural counties are eligible for an additional rebate amount of twenty-five dollars per ton; however, the additional rebate amount must not exceed the rebate amount for tier 3 rebates as determined by rule pursuant to subsection (5)(e)(III) of this section. To qualify for the additional rebate amount set forth in this subsection (7), an end user must provide evidence to the enterprise documenting the county of origin for each waste tire.

(8) The enterprise shall require that an end user submit an application for a rebate that contains self-certifications provided by the end user regarding:

(a) The total tonnage of tires processed; and

(b) The total tonnage of tires collected in rural counties.

(9) (a) On or after January 1, 2026, and until December 31, 2041, the enterprise may issue rebates applied for pursuant to this section.

(b) The commission, in consultation with the enterprise, shall repeal any rules concerning the fund and implementation of this section once the enterprise has issued the final rebates pursuant to subsection (9)(a) of this section.

(c) On July 1, 2042, the state treasurer shall transfer any money left in the fund to the general fund.

(10) This section is repealed, effective December 31, 2042.

30-20-1405.5. Waste tire administration fund - creation - clean up - reimbursement - penalties - rules. (1) (a) There is created in the state treasury the waste tire administration fund, referred to in this section as the "fund".

(b) The fund consists of the waste tire administration fee revenue credited to the fund pursuant to section 30-20-1403 (3)(b) and any other money appropriated or transferred to it.

(c) Money credited to the fund is continuously appropriated to the department for the purposes set forth in subsection (2) of this section.

(2) The department may use the money in the fund for the reasonable direct and indirect costs of conducting the regulatory and administrative functions of the department in implementing this part 14, including:

(a) Inspecting new motor vehicle tire and new trailer tire retailers to determine whether all fees are being collected;

(b) Enforcing the requirements of this part 14 pursuant to existing authority, including sections 30-20-113 and 30-20-114;

(c) Developing a system to address the receipt by registered persons of unmanifested waste tires from unregistered waste tire haulers;

(d) Maintaining an online complaint form and process for law enforcement, fire departments, and citizens to report potential waste tire violations;

(e) Reimbursing the division of fire prevention and control in the department of public safety for:

(I) Inspections of facilities where waste tires are present conducted by the division of fire prevention and control to determine whether the waste tire collection facilities, waste tire processors, and waste tire monofills are in compliance with the rules promulgated by the director of the division pursuant to section 24-33.5-1203.5 (2); and

(II) Technical and other assistance the division of fire prevention and control provides to the department or the public related to waste tires, including assistance related to:

(A) The development of fire prevention education materials; and

(B) Review of fire prevention plans;

(f) Registering and regulating waste tire haulers, waste tire generators, used tire managers, waste tire collection facilities, waste tire processors, mobile processors, waste tire monofills, and end users in accordance with sections 30-20-1408 to 30-20-1417;

(g) Providing grants to law enforcement, fire departments, local health departments, state agencies, and any other applicable entities for purchasing equipment and supplies to implement this part 14;

(h) Training of and enforcement by entities that enforce this part 14;

(i) Awarding grants and developing educational programs for enforcement, fire prevention and suppression, proper waste tire management and disposal, training, and customer technical assistance; and

(j) Any other regulatory or administrative costs related to the department's authority and duties in implementing this part 14.

(3) If the department is denied access or if consent to access has not been given to clean up a site where the department reasonably believes waste tires exist illegally, the department may obtain from the district court for the judicial district in which the property is located a warrant to enter the property and remove the waste tires.

(4) (a) In addition to any penalties assessed, the department may issue an order requiring the owner or operator to compensate the department for the cost of remediation of the site, and the department may request the attorney general to bring suit for compensation from the owner or operator for money expended remediating the site. The department shall use the recovered money to reimburse the fund for actual costs of remediating the site and of seeking

compensation pursuant to this section. The state treasurer shall credit all additional money to the general fund.

(b) The department may place a lien on a property on which the department funds the remediation of waste tires pursuant to this section until the costs of remediation have been repaid to the department. If complete repayment has not been made before a sale of the property, the department shall be repaid in full, to the extent possible, from proceeds of the sale.

30-20-1408. Waste tire haulers. (1) A person who transports ten or more waste tires in any one load shall:

(a) Transport the waste tires either out of state or to a registered waste tire generator, waste tire hauler, waste tire collection facility, waste tire processor, waste tire monofill, approved beneficial user of whole waste tires, municipal or county-owned waste tire collection area, or municipal or privately owned solid waste landfill in compliance with the rules promulgated pursuant to this article;

(b) Register with the department as a waste tire hauler pursuant to rules promulgated pursuant to this section;

(c) Affix to the vehicle used for such transportation a waste tire hauler decal acquired from the department pursuant to section 30-20-1417 (1);

(d) Comply with the manifest requirements of section 30-20-1417 (2), including creating and maintaining, for at least three years, records relating to such transportation;

(e) Submit an annual report to the department; and

(f) Complete and submit self-certification documentation as required by the department.

(2) A waste tire hauler that is not also registered as a waste tire collection facility, waste tire processor, or waste tire monofill shall not have on site:

(a) More than one thousand five hundred waste tires at any one time;

(b) A waste tire for more than three days; or

(c) Waste tires outside the waste hauler's vehicle or trailer.

(3) Law enforcement officers have authority to stop a person or persons hauling waste tires in violation of this section; impound the vehicle being used in violation of this section; and issue a citation to the driver.

(4) A government entity that removes illegally disposed waste tires is exempt from this section if the waste tires are disposed of or recycled in accordance with this part 14.

(5) Nothing in this section prohibits a beneficial user of waste tires from transporting waste tires to a department-approved beneficial use location.

(6) The department may issue a waiver relating to any requirement of this section.

30-20-1409. Waste tire generators - requirements - exemptions. (1) A waste tire generator shall, as specified by the commission by rule:

- (a) Register with the department;
- (b) Affix a decal required pursuant to section 30-20-1417 (1) to the required location;
- (c) Maintain records, including the manifest required by section 30-20-1417 (2), relating to such generation;
- (d) Engage only a registered waste tire hauler to transport the waste tires the generator generates;
- (e) Develop and maintain written criteria for distinguishing waste tires from used tires, keep the criteria on site, and make the criteria available for inspection;
- (f) Clearly identify waste tires and used tires according to the criteria developed pursuant to paragraph (e) of this subsection (1); and
- (g) Organize used tires for sale in a manner that allows the inspection of each individual tire.

(2) A waste tire generator is subject to the following requirements:

- (a) A generator that is not also registered as a waste tire collection facility, waste tire processor, or waste tire monofill shall not have on site more than one thousand five hundred waste tires at any one time;
 - (b) A generator that sells replacement tires in Colorado shall not refuse to accept from a customer, at the point of transfer, waste tires of the same general type and in a quantity at least equal to the number of new tires purchased;
 - (c) A generator may accept waste tires; and
 - (d) A generator shall complete and submit to the department self-certification documentation as required by the department.
- (3) The department may issue a waiver relating to any requirement of this section.

30-20-1410. Used tire management. (1) A person who accumulates, stores, transports, or dispenses used tires shall:

- (a) (I) Develop written criteria for distinguishing waste tires from used tires, maintain the criteria on site, and make the criteria available for inspection;
- (II) Clearly identify waste tires and used tires according to the criteria developed pursuant to subparagraph (I) of this paragraph (a);

(b) (I) Develop written criteria for distinguishing used tires being held for sale in Colorado from used tires being held for sale outside Colorado, maintain the criteria on site, and make the criteria available for inspection;

(II) Clearly identify used tires being held for sale in Colorado and used tires being held for sale outside Colorado according to the criteria developed pursuant to subparagraph (I) of this paragraph (b); and

(c) Organize used tires for sale in a manner that allows the inspection of each individual tire.

(2) A person shall not sell a used tire if doing so would violate any of the conditions listed in section 42-4-228, C.R.S.

(3) The department may issue a waiver relating to any requirement of this section.

30-20-1411. Waste tire collection facility - requirements - exemptions. (1) A person who owns or operates a waste tire collection facility shall, as specified by the commission by rule:

(a) Establish and maintain financial assurance;

(b) Register with the department;

(c) Affix a decal required pursuant to section 30-20-1417 (1) to the required location;

(d) Develop and maintain an engineering design and operations plan, including a fire prevention and control plan and a plan for emergency response;

(e) Maintain records, including the manifests required by section 30-20-1417 (2), relating to the collection of waste tires;

(f) Develop and maintain a closure plan;

(g) Submit an annual report to the department; and

(h) Complete and submit self-certification documentation as required by the department.

(2) A waste tire collection facility that is not also registered as a waste tire processor or waste tire monofill shall not have on site more than seven thousand five hundred waste tires at any one time.

(3) A local, state, or federal agency that stores waste tires as part of a roadside cleanup activity is exempt from this section if the agency stores fewer than one thousand five hundred waste tires at the facility and the waste tires are disposed of or recycled in accordance with this part 14.

(4) The department may issue a waiver relating to any requirement of this section.

30-20-1412. Waste tire processors - requirements. (1) A waste tire processor shall, as specified by the commission by rule:

(a) Establish and maintain financial assurance;

(b) Register with the department;

(c) Affix a decal required pursuant to section 30-20-1417 (1) to the required location;

(d) Develop, maintain, keep available for inspection, and comply with an engineering design and operations plan, including a fire prevention and control plan, and a plan for emergency response;

(e) Maintain records, including the manifests required by section 30-20-1417 (2), relating to the collection of waste tires;

(f) Develop and maintain a closure plan;

(g) Submit an annual report to the department; and

(h) Complete and submit self-certification documentation as required by the department.

(2) A waste tire processor is subject to the following:

(a) A waste tire processor that is not also registered as a waste tire monofill shall not have at the processing facility at any one time more than the lesser of:

(I) One hundred thousand waste tires;

(II) The amount of waste tires allowed under local requirements; or

(III) The amount of waste tires anticipated in the waste tire processor's financial assurance instrument.

(b) Following a one-year accumulation period, the weight or volume of waste tires that are processed must be at least seventy-five percent of the total weight or volume of waste tires received and currently in storage over a three-year rolling average. The calculation and accumulation period specified in this paragraph (b) must be based on a measure approved by the commission by rule.

(3) The department may issue a waiver relating to any requirement of this section.

Source: L. 2014: Entire part added, (HB 14-1352), ch. 351, p. 1589, § 1, effective July 1.

30-20-1413. Mobile processors - requirements. (1) A mobile processor shall, as specified by the commission by rule:

(a) Establish and maintain financial assurance in the amount of ten thousand dollars if not already registered as a waste tire collection facility, waste tire processor, or waste tire monofill;

(b) Register the mobile processor's permanent business address with the department;

(c) Affix a decal required pursuant to section 30-20-1417 (1) to the required location;

(d) Develop and maintain an engineering design and operations plan, including a fire prevention and control plan;

(e) Maintain mobile processing records, including the manifests required by section 30-20-1417 (2), relating to the mobile processing of waste tires;

(f) Submit an annual report to the department;

(g) Not lease or own the property on which the processing occurs;

(h) Not accept or accumulate waste tires unless also registered as a waste tire processor at the property on which the processing occurs;

(i) Notify and receive permission from the local governing authority to process waste tires at the location for any period of time;

(j) Not process waste tires at a location for more than thirty consecutive days unless the mobile processor:

(I) Receives department approval to process at the location; and

(II) Remains in compliance with all state and local environmental requirements at the location of mobile processing; and

(k) Complete and submit self-certification documentation as required by the department.

(2) The department may issue a waiver relating to any requirement of this section.

Source: L. 2014: Entire part added, (HB 14-1352), ch. 351, p. 1590, § 1, effective July 1.

30-20-1414. Limitations on the disposal of tires. (1) (a) Except as specified in paragraph (b) of this subsection (1), a person shall dispose of waste tires only by delivery to a generator engaging in waste tire collection, to a waste tire processor, to a waste tire monofill, or to a waste tire collection facility.

(b) If a person is able to establish that due diligence has been conducted and no reasonable option for disposing of a waste tire as specified in paragraph (a) of this subsection (1) is available, then the person may dispose of the waste tire in a solid wastes disposal site and facility or transfer station.

(2) A waste tire generator and an owner or operator of a waste tire collection facility shall arrange for the commercial hauling of waste tires only with a hauler who is currently registered pursuant to section 30-20-1408.

(3) Each waste tire improperly disposed of constitutes a separate violation.

Source: L. 2014: Entire part added, (HB 14-1352), ch. 351, p. 1590, § 1, effective July 1.

30-20-1415. Waste tire monofills - requirements. (1) An owner or operator of a waste tire monofill shall, as specified by the commission by rule:

(a) Establish and maintain financial assurance;

(b) Register with the department;

(c) Affix a decal required pursuant to section 30-20-1417 (1) in the required location;

(d) Maintain a certificate of designation that contains an engineering design and operations plan, including a fire prevention and control plan, plan for emergency response, inventory reduction plan, and closure plan;

(e) Maintain records, including the manifests required by section 30-20-1417 (2), relating to the storage of waste tires;

(f) Submit an annual report to the department;

(g) Comply with the monofill's certificate of designation;

(h) Comply with the commission's rule on final disposal of waste tires;

(i) Complete and submit self-certification documentation as required by the department;

(j) On an annual basis, for every one waste tire received, end use at least two waste tires, or process at least two waste tires into tire-derived product; and

(k) Not place any waste tires into monofill storage after January 1, 2018, and shall close, or cause to be closed, the waste tire monofill by July 1, 2034.

(2) A governing body having jurisdiction shall not grant an application for a landfill designated for the disposal only of tires. Nothing in this section limits modifications to existing landfills that accept waste tires.

(3) After soliciting public comment, the department may issue a waiver relating to any requirement of this section; except that the department shall not issue a waiver of subsection

(1)(j) or (1)(k) of this section to a waste tire monofill owner or operator unless the owner or operator has demonstrated that it has achieved a net reduction on an annual basis in the number of waste tires in the monofill or unless an emergency event of limited duration such as a fire or flood, as defined by the commission, has occurred.

30-20-1417. Decals - manifests. (1) **Decals.** (a) A person shall not store in Colorado ten or more waste tires for any purpose unless:

- (I) The department has issued a decal pursuant to this section; and
- (II) The person has, pursuant to rules promulgated pursuant to section 30-20-1401 (2), affixed the decal to a uniform location at the address used to store the waste tires or the vehicle used to haul waste tires or processing equipment.

(b) The department shall issue a decal to a person if the person has submitted an application to the department containing all information required by rule promulgated pursuant to section 30-20-1401 (2) and is not in violation of any requirement of this part 14.

(c) Decals are valid for a period determined by the commission by rule. A decal issued pursuant to this section must contain the information required by rule promulgated pursuant to section 30-20-1401 (2), including at least an expiration date and the decal number.

(2) **Uniform manifests.** (a) A person shall not accept for transportation ten or more waste tires unless the person has completed a uniform manifest, available from the department's website, in a form established by the department containing the information specified by rule promulgated pursuant to section 30-20-1401 (2), including at least the following:

- (I) The manifest number;
- (II) The decal number of the vehicle used to transport the tires;
- (III) The person's name, address, telephone number, and signature, under penalty of perjury;
- (IV) The current date; the waste tire registration number, name, address, and telephone number of the source of the tires; and the waste tire registration number, name, address, and telephone number of the facility to which the waste tires will be transported; and
- (V) The number or weight of tires in the load.

(b) A waste tire hauler or mobile processor shall retain one copy of the manifest and, within a time period established by the commission by rule, shall provide one copy of the manifest to:

(I) The source of the waste tire; and

(II) The facility to which the waste tires are transported.

(c) (I) The waste tire hauler or mobile processor, the source of the waste tire, and the facility to which the waste tires are transported shall each keep a copy of the manifest for at least three years after the date stated on the manifest.

(II) The department may enter and inspect the facility of any of the entities named on the manifest during normal business hours and may request a copy of the manifest. Failure to keep the manifest as required by this subparagraph (II) or to produce the manifest upon request by the department or the department's agent is a violation of this section.

30-20-1418. Waste tire management grant program - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "Eligible entity" means the following entities that provide services related to waste tire recycling, beneficial reuse, and management in Colorado:

(I) Municipalities, counties, and cities and counties;

(II) Nonprofit and for-profit businesses involved in waste tire recycling, beneficial reuse, and management; and

(III) Institutions of higher education and public or private schools.

(b) "Grant program" means the waste tire management grant program created in this section.

(2) (a) There is created the waste time management grant program, which shall be administered by the enterprise.

(b) The enterprise shall, subject to available appropriations and revenues, award grants from the waste tire management enterprise fund, created in section 30-20-1404, in accordance with this section.

(3) (a) The purpose of the grant program is to:

(I) Promote the development of waste tire recycling, beneficial reuse, and management strategies in accordance with this part 14;

(II) Develop waste tire recycling, beneficial reuse, and management facilities and infrastructure; and

(III) Expand waste tire recycling, beneficial reuse, and management services to fee payers.

(b) The grant program is intended to provide economic and technical assistance to eligible entities in their efforts related to the recycling, beneficial reuse, and management of waste tires.

(4) (a) An eligible entity may submit an application to the enterprise for a grant pursuant to the application policies and procedures established by the board.

(b) At a minimum, an application submitted to the board must include the following information:

(I) An application narrative that describes how the eligible entity will use the grant, including how the grant will promote the recycling, beneficial reuse, and management of waste tires;

(II) An estimate of the cost of the equipment, infrastructure, or project the eligible entity is intending to fund with the grant and whether the equipment, infrastructure, or project meets the requirements specified in subsection (5) of this section;

(III) The amount of in-kind contributions or matching funds, if any, to the project budget from the applicant or other sources outside of the grant; and

(IV) Whether there is local community support for the grant application.

(5) (a) The board may award grants to eligible entities for the following purposes:

(I) The purchase of waste tire recycling, beneficial reuse, and management equipment or infrastructure;

(II) Staffing of waste tire recycling, beneficial reuse, and management facilities;

(III) Marketing and communications for waste tire recycling, beneficial reuse, and management services;

(IV) Policy and research development related to waste tire recycling, beneficial reuse, and management strategies;

(V) Community engagement regarding waste tire recycling, beneficial reuse, and management; and

(VI) Other projects or uses as determined by the board.

(b) (I) The board may award grants to an eligible entity for the purchase of equipment or infrastructure, but no more than fifty percent of the cost of any equipment or infrastructure can be funded through the grant program.

(II) The board may award grants to an eligible entity that fund one hundred percent of the cost of a project that does not involve the purchase of equipment or infrastructure.

(c) In awarding grants to eligible entities, the board is subject to the following conditions:

(I) Up to forty percent of the enterprise's annual grant funding may go to a single award; and

(II) If the board awards a grant to an eligible entity for the purchase of infrastructure or equipment, the eligible entity is ineligible to receive a grant for the following five years.

(6) (a) (I) The board shall establish criteria and policies to determine which grants to award from the grant applications, which criteria and policies it shall make available to applicants.

(II) The board shall give priority to projects that advance sustainable design, production, recoverability, reuse, repair, or recycling of waste tires, with the highest priority given to projects that would keep waste tire material available for remanufacturing.

(b) The board shall establish policies for the grant program, which must include:

(I) An application form and application procedures;

(II) A deadline each year for when grant program applications must be submitted;

(III) A policy that requires a grant recipient to enter into a grant agreement with the board that includes a scope of work and deadlines for the achievement of that work;

(IV) Criteria for measuring progress of the projects that receive funding through the grant program;

(V) A policy that requires annual reporting by grant recipients on the progress of the project financed by the grant; and

(VI) A policy regarding a grant recipient's noncompliance with the grant agreement entered into by the grant recipient and the board, which policy may include a mechanism for the board to convert the grant recipient's grant to a loan with interest.

(7) (a) The grant program is funded by the waste tire enterprise fee. The board may designate up to ten percent of the revenue generated from the enterprise fee to the grant program in any given year.

(b) The board shall not award any grants to eligible entities through the grant program after December 31, 2040.

County Agricultural Research

30-24-101. Legislative declaration. Agricultural crop and livestock producers are constantly faced with the problem of new insects, diseases, depletion of soil fertility, lack of information as to market demands and preferences, and of other distributive practices. Some counties have need for more research work than others. Such counties, if placed in a position to provide for agricultural research work with laboratory facilities, management, and some labor, would be able to cooperate with the technical personnel of the state and federal research agencies and better meet these local demands for research work.

30-24-102. Authority of county commissioners. (1) For the purposes set forth in this article, the boards of county commissioners of the several counties of the state are authorized to:

(a) Purchase or rent land for use in county agricultural research work;

(b) Purchase or rent laboratory facilities for use in county agricultural research work;

(c) Purchase or rent laboratory equipment and supplies for use in county agricultural research work;

(d) Employ such management and common labor as they consider necessary to provide for the proper efficiency of the county agricultural research work;

(e) Make provision for a county agricultural research advisory committee, to serve without compensation, composed of members representing the different agricultural groups in the county and elected by such agricultural groups under such procedure and policy as the board of county commissioners may determine;

(f) Enter into cooperative agreements with the boards of county commissioners of other counties to economically carry out the purposes of this article;

(g) Enter into cooperative agreements with the board of governors of the Colorado state university system for the assistance of Colorado state university, including all of its agencies, in

the developing and financing of the projects to be included in the operations of the county agricultural research work each year;

(h) Enter into cooperative agreements through Colorado state university with the proper federal research agencies.

30-25-104. Judgment against a county, how paid - tax levy. (1) When a judgment is given and rendered against a county of this state in the name of its board of county commissioners or against any county officer in an action prosecuted by or against him in his official capacity or name of office, when the judgment is for money and is a lawful county charge, no execution shall issue thereon, but the same may be paid by the levy of a tax upon the taxable property of said county. When the tax is collected by the county treasurer, it shall be paid over, as fast as collected by him, to the judgment creditor, or his assigns, upon the execution and delivery of proper vouchers therefor; but nothing in this section shall operate to prevent the board of county commissioners from paying any such judgment by a warrant drawn by them upon the ordinary county fund in the county treasury. The power conferred to pay such judgment by a special levy of such tax shall be held to be in addition to the taxing power given and granted to such board to levy taxes for other county purposes. The board of county commissioners shall levy under this law such taxes as shall be sufficient to discharge such judgment in the next fiscal year; but in no event shall such annual levy exceed a total of ten mills for one or more judgments exclusive of mill levies for other county purposes. The board of county commissioners shall continue to levy such taxes, not to exceed a total of ten mills annually, exclusive of mill levies for other county purposes, but in no event less than ten mills if such judgment will not be discharged by a lesser levy until such judgment is discharged.

(2) Any and all taxes levied to pay the last payment upon or to pay any such judgment shall be valid, whether the sum sought to be raised thereby exceeds the sum due on such judgment, principal and interest or not; but such excess of the sum required shall not exceed a sum equal to ten percent of such required sum, and no sale of real estate made to make such taxes shall be invalid by reason of such excess, if the same is within the above specified limit. All levies to pay judgments shall be made as near as possible to raise a sum equal to that due on the judgment, for which payment the tax is levied; but, nevertheless, any excess levied, if such does not exceed the said ten percent of the sum due and desired to be paid, shall not invalidate any tax levy upon or tax sale of real or personal estate made to raise, make, or collect the said sum due and excess.

30-25-106. Fund - purposes. (1) The board of county commissioners is authorized to appropriate money from the county general fund for all ordinary county expenses, including the administrative expenditures of elective and appointive offices, library, agricultural extension service, fire protection, fairs, advertising, airports, health, rodent control, water conservation, weed control, pest control, predatory animal control, and all other general county purposes authorized by law, except expenditures for public welfare, roads and bridges, debt service, public hospitals, public works, contingencies, and purposes voted by the electors.

(2) The board of county commissioners is authorized to appropriate money from the general fund derived from federal payment in lieu of taxes to public school districts containing lands from which the payment is derived.

(3) Notwithstanding the provisions of subsection (1) of this section, the board of county commissioners is authorized to transfer money from the county general fund to the county road and bridge fund created in section 43-2-202 if the governor declares, by executive order or proclamation, a disaster emergency in the applicable county pursuant to section 24-33.5-704 (4). The board of county commissioners is authorized to make the transfers until eight years after the date of the governor's declaration of an emergency in the county. The eight years begins the day after the date of the governor's final declaration of an emergency for the disaster, including all extensions to the declaration. Any county general fund money transferred into the county road and bridge fund must be used for the purposes of disaster response and recovery in a manner consistent with the permissible uses of money in the county road and bridge fund.

30-25-106.5. Infrastructure loans to governmental entities within a county - authorization - limitations. (1) Notwithstanding any other provision of law, the board of county commissioners of a county, in consultation with the county treasurer, is authorized to make loans to any governmental entity that is created by or located within the county and that undertakes infrastructure projects within the county. The board of county commissioners shall analyze or cause to be analyzed any such loan using the underwriting standards adopted pursuant

to subsection (3) of this section before making the loan, and any such loan is also subject to the following requirements:

(a) The source of the loan must be legally available money that is not otherwise encumbered or obligated, and the amount loaned must not cause the total outstanding principal balance of all loans made pursuant to this subsection (1) to exceed eight percent of the amount of such money available at the time the loan is made;

(b) The loan must have a specified repayment term, and the loan recipient shall agree to pay the county interest on the loan at an initial rate that is equal to or greater than the rate of return earned on all county financial investments for the twelve months preceding the date on which the loan is made;

(c) The loan recipient shall use loan proceeds for the sole purpose of funding public infrastructure projects, including but not limited to the construction, operation, maintenance, or repair of transportation and recreational infrastructure; and

(d) The board of county commissioners shall make the loan by entering into an intergovernmental agreement with the loan recipient that establishes the terms and conditions of the loan. Before entering into such an intergovernmental agreement:

(I) The board of county commissioners shall approve the public infrastructure project to be funded by the loan and the terms and conditions of the loan at a meeting of the board held in accordance with the open meeting requirements of part 4 of article 6 of title 24; and

(II) The board of county commissioners or the loan recipient shall pursue private sector options, including but not limited to financial institutions doing business within the county, for funding the public infrastructure project to be funded by the loan and report regarding the options pursued at the board meeting held pursuant to subsection (1)(d)(I) of this section.

(2) Because it is required to be repaid, a loan made pursuant to subsection (1) of this section is not an expenditure to which the limitations on expenditures from the county general fund set forth in section 30-25-106 (1) apply.

(3) Before making loans as authorized by subsection (1) of this section, the board of county commissioners shall adopt underwriting standards. The underwriting standards must require, at a minimum, that each proposed loan be analyzed with respect to the risks of the loan, market rates, and loan terms.

30-25-107. Contingent fund. The board of county commissioners is authorized to establish a contingent fund to provide for expenditures caused by an act of God, or the public enemy, or some contingency that could not have been reasonably foreseen at the time of adoption of the budget, to redeem outstanding warrants lawfully issued, and shall fix rates of levy annually for such fund.

30-25-108. Board to examine county orders. The board of county commissioners, at its January and July sessions of each year, or oftener if necessary, shall carefully examine the

county orders returned by the county treasurer by comparing each order with the record of orders in the clerk's office. It shall cause to be entered on said record, opposite to the entry of each order issued, the date when the same was canceled.

30-25-109. Allowance of accounts. No account shall be allowed by the board of county commissioners unless the same is made out in separate items, and the nature of each item stated, and where no specified fees are allowed by law the time actually and necessarily devoted to the performance of any service charged in such account shall be specified. Nothing in this section shall be construed to prevent any such board from disallowing any account, in whole or in part, when so rendered nor from requiring any other or further evidence of the truth and propriety thereof as it may think proper.

30-25-110. Claims presented to board - when - how paid. (1) Any claim or demand held by any person against a county shall be presented for audit and allowance to the board of county commissioners of the proper county, in due form of law, before an action in any court shall be maintainable thereon, and all claims, when allowed, shall be paid by a county warrant or order, drawn by said board on the county treasury, upon the proper fund in the treasury, for the amount of such claim. It is the duty of the board of county commissioners to ensure that all warrants and orders issued on or after April 2, 1998, are drawn upon the proper fund in the treasury and that there are sufficient moneys in said fund. Such warrant or order shall be signed by the chairperson of the board, permanent or temporary, and attested by the county clerk and recorder, and said warrant or order shall specify the amount and value of the claim or service for which it is issued and be numbered and dated in the order in which it is issued.

(2) The general county fund shall be known and designated on the books of the county treasury as the "county general fund", and the general road fund shall be known and carried on the books of said county treasury as the "county road and bridge fund". Such warrants and orders, payable on demand, shall be drawn and issued upon the county treasurer, or against any funds in his hands, only when at the time of drawing and issuing the same there shall be sufficient moneys in the appropriate fund in the treasury to pay such warrants and orders. Whenever there are no moneys in the county treasury of a county to the credit of the proper fund to meet and defray the necessary expenses of the county, it is lawful for the board of county commissioners of such county to provide that county warrants and orders of such county may be drawn and issued against and in anticipation of the collection of taxes already levied for the payment of such expenses to the extent of eighty percent of the total amount of the taxes levied. Warrants and orders so drawn and issued under the provisions of this section shall show upon their faces that they are payable solely from the fund upon which the same are drawn and the taxes levied to form the same when collected and not otherwise.

(3) County warrants and orders may be in such form as the board of county commissioners may provide and may be made payable to the order of the payee or to the bearer.

The board of county commissioners may direct the treasurer to pay by electronic transfer any written authorization issued by the board for electronic payment of claims against the county. For purposes of this section, "order" means all orders and authorizations issued by the board of county commissioners for the payment of claims against the county. "Order" includes any check issued by the board of county commissioners and any written authorization issued by the board of county commissioners directing the treasurer to make payment of claims against the county by electronic transfer.

(4) The person to whom such last-named warrants and orders are allowed and delivered shall be held to have accepted the same in full payment and satisfaction of the claim for which the same were issued; and the obligations of said warrants are limited as stated; and said warrants shall be paid only from the fund drawn upon and the taxes levied, appropriated, collected, or paid into the county treasury to create, constitute, and form said fund. The taxes provided by law therefor shall be credited to said fund until all warrants drawn shall be fully paid, satisfied, and discharged, both principal and interest. Said limited and last-named warrants and orders shall not operate as a debt of said county and shall not be held to add to or increase the debt or indebtedness of said county.

30-25-111. Proceedings published - failure - penalty. (1) It is the duty of the board of county commissioners of each county to publish in at least one legal newspaper in the county a report of each claim, except salary warrants, and expenditure by it allowed and paid and taxes rebated, disclosing the name of and the amount paid to each individual or firm, a description of the services or material furnished to the county, and, as to other items, the nature of the claim and disclosing the fund charged with each expenditure. Such report shall contain a statement of any contracts for the expenditure of money not paid immediately made by the board of county commissioners, disclosing the nature and purpose of the contract, the parties thereto, and the amounts involved therein. Such reports shall be published at least monthly within thirty days following the end of the period for which made. If no legal newspaper is located in the county, either such reports shall be published in a newspaper of an adjacent county which has general circulation in the county for which the report is made, or the board shall cause such statements to be posted in three conspicuous places in said county, one of which shall be the courthouse door. The county accounting office, if there is one, and otherwise the county clerk and recorder, if he is acting as the accounting agency for the county, shall provide to the board of county commissioners all information necessary for the publication. The published report shall state that it is published under the direction of the board of county commissioners. Nothing in this section shall be construed as requiring the board of county commissioners to publish or make public the names of or individual public welfare payments to, or in behalf of, indigent persons receiving assistance from public welfare programs financed, in whole or in part, by federal or state funds, or any combination thereof, when such publication is specifically forbidden by law.

(1.5) Salary information for all county employees and officials shall be published twice annually in the manner provided in subsection (1) of this section. The first publication shall be in August and shall include each employee's title and gross monthly salary for the prior June. The second publication shall be in February and shall list each employee by title, along with the total amount of gross salary paid to such employee during the prior calendar year. Each publication of salary information shall be accompanied by the countywide average percentage of salary that is paid in addition to regular wages as fringe benefits, including, but not limited to, insurance, medical care, retirement plans, housing, transportation, or other subsidized employee expenses.

(2) It is the duty of the board of county commissioners of each county to publish in some legal newspaper published in the county the semiannual financial statement furnished to the board of county commissioners by the county treasurer which shall include in separate columns the balance at the beginning of the period in each fund kept by the treasurer, the collections to each fund from current taxes, delinquent taxes, miscellaneous collection and transfers, withdrawals from each fund showing cash disbursements, transfers and treasurer's fees, and the balance at the end of the period in each fund. The statement shall be published within sixty days following June thirtieth and December thirty-first each year. If no legal newspaper is located in the county, either such reports shall be published in a newspaper of an adjacent county which has general circulation in the county for which the report is made or the board of county commissioners shall cause such statements to be posted in three conspicuous places in said county, one of which shall be the courthouse door. The county clerk and recorder shall furnish a copy of such proceedings for such publication.

(3) Any willful violation of any provision of this section by any county commissioner or by any person acting as clerk or otherwise for the board of county commissioners in connection with such published reports and the statements contained therein is a misdemeanor, and any person convicted of any violation shall be punished by a fine not exceeding one hundred dollars.

(4) Failure to publish salary information as provided in subsection (1.5) of this section shall be punishable by a civil penalty of not less than five hundred nor more than one thousand five hundred dollars.

The clerk of the board, upon such appeal being taken, shall immediately give notice thereof to the chairman of the board of county commissioners, and shall make out a brief return of the proceedings in the case before the board with its decision thereon, and shall file the same, together with the bond and all papers in the case in his possession, with the clerk of the district court. The appeal shall be docketed and tried in a summary manner, and costs shall be awarded as in appeals from county courts to district courts. If the amount involved exceeds the sum of three hundred dollars, the applicant, within ten days after taking such appeal, shall file a complaint as in other cases in the district court, a copy of which shall also be served upon the clerk of the board, and answer shall be made thereto as in other cases. If the county clerk and recorder is an interested party in such claim, the giving of notice shall be made on the chairman of the board of county commissioners, and the bond provided for in section 30-25-112 shall be approved by the chairman of the board of county commissioners.

30-25-202. Capital expenditures fund - tax levy - purposes. (1) For the purpose of providing and accumulating moneys for capital expenditures, the board of county commissioners of each county is authorized to create, by resolution, a capital expenditures fund which shall be used solely for capital expenditures. Moneys from any source may be credited to such fund unless otherwise provided by law; except that no moneys dedicated to the payment of general obligation bonds shall be credited to such fund and except that no moneys restricted to county road and bridge funds pursuant to sections 43-2-202 and 43-2-203, C.R.S., and no moneys required to be expended from such funds pursuant to such sections shall be credited to or

expended from a capital expenditures fund. Moneys credited to a capital expenditures fund shall not revert to or be transferred to any other fund.

(2) For the purposes of this section, "capital expenditure" means an expenditure made by a county for long-term additions or betterments, which expenditure, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance. The term includes, but is not limited to, expenditures for the acquisition, development, construction, and renovation of capital facilities, capital projects, and capital equipment.

(3) In any year, in the course of the preparation and adoption of the county budget pursuant to part 1 of article 1 of title 29, C.R.S., the board of county commissioners may levy a property tax on all taxable real and personal property in the county for the purpose of raising revenue for capital expenditures. Moneys raised from such tax shall be credited to the capital expenditures fund. Nothing in this section shall be construed as preventing the use of any other moneys which are not contained in the capital expenditures fund from being used for capital expenditures. Nothing in this section shall be construed to violate or to exceed the revenue limitation of part 3 of article 1 of title 29, C.R.S.

(4) Any county which has any moneys in a public works fund on April 3, 1984, shall establish a capital expenditures fund, shall transfer all moneys in its public works fund to its capital expenditures fund, and shall make appropriations out of such capital expenditures fund to fund projects which otherwise would have been funded from such public works fund.

PART 3

IMPACT ASSISTANCE GRANTS

30-25-301. Legislative declaration. The general assembly hereby recognizes that withdrawal of lands from county tax rolls for the purpose of wildlife conservation and public recreation may create financial impacts on counties in which such lands are located. The general assembly further recognizes that such withdrawal may necessitate financial support and assistance by the state. It is the intent of the general assembly in enacting this part 3 to provide the means by which the state may provide such necessary assistance through impact assistance grants.

Source: L. 79: Entire part added, p. 1153, § 1, effective June 22.

30-25-302. Eligibility - determination of impact - procedures - legislative declaration. (1) (a) Except as provided in section 33-60-104.5, C.R.S., for real property interests acquired with funds made available from the great outdoors Colorado trust fund, in any county in which the division of parks and wildlife owns property, the board of county commissioners of the county shall certify once a year during the regular tax assessment period, to the parks and wildlife commission, the current dollar amount representing the negative financial impact that the ownership has on the county's finances and the finances of any political subdivision that lies within the county. In calculating the dollar amount, the board of county commissioners shall take into consideration the following factors:

(I) The estimated assessment of ad valorem taxes on such land if such land was zoned for agriculture and was privately owned;

(II) The cost incurred by the county for services required or provided on such land which would not be required or provided if the land was not owned by said divisions; and

(III) The costs incurred by other political subdivisions which provide services on or to such land.

(b) (Deleted by amendment, L. 2011, (SB 11-208), ch. 293, p. 1389, § 15, effective July 1, 2011.)

(2) The board of county commissioners of any county certifying the current dollar amount pursuant to subsection (1) of this section shall include with such certification an itemized statement of its reasons for determining the amount.

(3) The parks and wildlife commission shall review the dollar amounts certified pursuant to subsection (1) of this section and shall certify to the general assembly these dollar amounts. In making its determinations, the parks and wildlife commission shall consider the factors set forth in subsection (1) of this section and may consider any additional relevant factors. All certifications to the general assembly must include an explanation of the grounds upon which the determinations of the certified amounts are based. The parks and wildlife commission shall include an estimate of the amount to be certified for impact assistance grants in their budget requests for each fiscal year.

(4) (a) The general assembly may make an appropriation in the form of an impact assistance grant to any county qualifying for such grant upon certification by the parks and wildlife commission of the amount for the grant. Appropriations concerning lands purchased with wildlife cash or other wildlife moneys must be made from the wildlife cash fund. Appropriations concerning lands purchased with general fund or parks and outdoor recreation cash or other parks and outdoor recreation moneys must be made from the general fund or the parks and outdoor recreation cash fund.

(b) As soon as possible after receiving an impact assistance grant, the board of county commissioners shall pay to each school district, special district, or other political subdivision located within the county that portion of the impact assistance grant attributable to the amount certified by the county on behalf of the school district, special district, or political subdivision. Prior to making such payment, the total amount of the impact assistance grant shall be reduced by an amount equal to the costs incurred by the treasurer in administering the grants.

(c) Nothing in this section shall be construed to alter the requirement set forth in section 10 of article XXVII of the state constitution that, for property acquired by a state agency pursuant to article XXVII of the state constitution, payments in lieu of taxes shall be made with moneys made available from the great outdoors Colorado trust fund as provided in section 33-60-104.5, C.R.S.

(5) Repealed.

(6) The general assembly hereby finds and declares that the acquisition of large amounts of property by the division of parks and wildlife, through the great outdoors Colorado program or otherwise, can have serious financial consequences for the counties and political subdivisions in which the property is located. It is therefore the intent of the general assembly that any plans for acquisition of property by the division of parks and wildlife include provisions for the payment of impact assistance grants pursuant to this section or payments in lieu of taxes pursuant to section 33-60-104.5, C.R.S., whichever is applicable.

Bonds

PART 1

BONDS - FUNDING - FLOATING INDEBTEDNESS

30-26-101. Exchange of warrants for bonds - notice. (1) It is the duty of the board of county commissioners of any county having a floating indebtedness exceeding five thousand dollars, upon the petition of fifty registered qualified electors of said county, to publish for the period of thirty days, in a newspaper published within said county, a notice requesting the holders of the warrants of such county to submit, in writing, to the board of county commissioners of said county, within sixty days from the date of the first publication of such notice, a statement of the amount of warrants of such county which they will exchange for the bonds of such county, to be issued under the provisions of this part 1, and the rate at which they will exchange such warrants for such bonds, taking such bonds at par. In case no newspaper is published within such county, such notice may be published in such newspaper published in the city of Denver as the board of county commissioners may select.

(2) It is the duty of such board of county commissioners, upon the petition of fifty of the registered qualified electors of such county, to publish, for the period of at least thirty days immediately preceding a general election, in some newspaper published within such county a notice that at said general election there will be submitted the question whether the board of county commissioners shall issue bonds of such county under the provisions of this part 1 in exchange, at a certain rate, for the warrants of such county issued prior to the date of the first publication of the notice, which rate shall be determined by the board of county commissioners, and it shall be stated in said notice. The question of whether such county indebtedness shall be funded under the provisions of this part 1 and the maximum net effective interest rate such funding bonds shall bear shall be submitted at the next ensuing general election or may be submitted at a special election which said board is empowered to call for that purpose, at any time after the expiration of sixty days from the date of the first publication of the notice, on the

petition of fifty registered qualified electors. Said board shall publish, for the period of at least thirty days immediately preceding such special election, in some newspaper published within such county a notice that such question will be submitted at such election. In case no newspaper is published within such county, the board of county commissioners shall cause such notice to be posted in at least two conspicuous places in each of the election precincts of such county, at least thirty days prior to the said election, general or special. Such election shall be held and the results thereof determined in the same manner as provided for authorization of other bonded indebtedness in accordance with part 3 of this article.

(3) The county clerk and recorder of such county shall make out and cause to be delivered to the judges of election in each election precinct in the county, prior to the election, a certified list of the registered qualified electors in such county; and no person shall vote upon the question of the funding of the county indebtedness unless he has the necessary qualifications as provided by law.

(4) If the issuance of said bonds is approved at such election, the board of county commissioners may issue to any person or corporation holding any county warrant issued prior to the date of the first publication of the notice coupon bonds of such county in exchange therefor at a rate not exceeding that named in the notice published by the board of county commissioners. Should any of the bonds so voted be not exchanged for county warrants, as provided in this part 1, the board of county commissioners may sell the bonds so voted at, above, or below their par values and with the proceeds of such sale redeem or buy the warrants not so exchanged, subject to the provisions of this part 1, but the proceeds of such sale of bonds shall be applied to the purchase or redemption of such warrants and for no other purpose whatever.

(5) No bond shall be issued of less denomination than fifty dollars and, if issued for a greater amount, for some multiple of that sum. The bonds shall bear interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, the interest to be paid semiannually at the office of the county treasurer or at the city of New York, at the option of the holders thereof, upon the production of the proper coupons for the same, the bonds to be payable at the pleasure of the county after ten years from the date of their issuance, but absolutely due and payable twenty years after the date of issue. The whole amount of bonds issued under this part 1 shall not exceed the sum of the county indebtedness at the date of the first publication of the notice submitting the question of funding the county indebtedness; and the amount shall be determined by the board of county commissioners, and a certificate made of the same, and made a part of the records of the county; and any bond issued in excess of that sum shall be void.

30-26-102. Election on bond issue - duties of judges. (1) All persons voting on the question of funding indebtedness shall vote by separate ballot, which shall be deposited in a box to be used for that purpose only and on which ballot shall be printed the words "for funding county debt" or "against funding county debt"; and if, upon canvassing the vote, which shall be canvassed in the same manner as the vote for county officers, it appears that a majority of all the votes cast upon the question so submitted is for funding the county debt, the board of county commissioners shall be authorized to carry out the provisions of this part 1, and the canvassing board shall certify the vote, and it shall be made a part of the county records.

(2) The judges of election shall make and certify to the county clerk and recorder a separate list of the names of the electors voting upon the question of the funding of the county indebtedness in the order in which the ballot of the elector so voting is received, and each ballot shall be numbered in the order in which it is received and the number recorded on the said list of voters opposite the name of the voter who presents the ballot.

30-26-104. Bonds - how executed. All bonds which may be issued under the provisions of this part 1 shall be signed by the chairman of the board of county commissioners, countersigned by the county treasurer of the county, and attested by the clerk and recorder of said county, and shall bear the seal of the county upon each bond, and shall be numbered and registered in a book kept for that purpose by the county treasurer in the order in which they are issued; each bond shall state upon its face the amount for which the same is issued, to whom issued, and the date of its issuance.

30-26-105. Form of bonds - redemption fund. The board of county commissioners is authorized to prescribe the form of such bonds, and the coupons thereto, and to provide for the half-yearly interest accruing on such bonds actually issued and delivered; they shall levy annually a sufficient tax to fully discharge such interest; and, for the ultimate redemption of such bonds, they shall levy annually, after nine years from the date of such issuance, such tax upon all the taxable property in their county as shall create a yearly fund equal to ten percent of the whole amount of such bonds issued, which fund shall be called the redemption fund. All taxes for

interest on and for the redemption of such bonds shall be paid in cash only and shall be kept by the county treasurer as a special fund to be used in payment of interest on and for the redemption of such bonds only; and such taxes shall be levied and collected as other taxes.

30-26-106. Redemption - order of payment - notice. It is the duty of the county treasurer, when there are sufficient funds in his hands to the credit of the redemption fund to pay in full the principal and interest of any such bonds, immediately to call in and pay as many of such bonds and accrued interest thereon as the funds on hand will liquidate. Such bonds shall be paid in the order of their number; and, when any bonds or coupons issued under this part 1 are taken up, it is the duty of such treasurer to certify his action to the board of county commissioners, who shall cancel the same, so that they can be plainly identified, and cause a record to be made of the same. When it is desired to redeem any of such bonds, the county treasurer shall cause to be published for thirty days, in some newspaper at or nearest the county seat of the county and in a newspaper published in the city of Denver, a notice that certain county bonds, by numbers and amounts, will be paid upon presentation, and at the expiration of thirty days such bonds shall cease to bear interest.

BONDS - FUNDING AND REFUNDING BY NEW COUNTY

Cross references: For the "Public Securities Refunding Act", see article 56 of title 11.

30-26-201. Fund or refund liabilities. Any county in this state, formed and established from the territory of another county, or other counties, may fund, or refund, any of the liabilities imposed on such new county by section 4 of article XIV of the state constitution and the law forming and establishing such county, in the same manner, and with the like force and effect, as if such liabilities were originally contracted, in the form in which they may exist, by such new county.

PART 3

BONDS - BUILDINGS, ROADS, OTHER

30-26-300.3. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Registered qualified elector" means an individual who is legally qualified to register to vote in this state and in the county wherein the individual's vote is offered and who has complied with the registration provisions of the "Uniform Election Code of 1992".

Source: L. 2025: Entire section added, (SB 25-275), ch. 377, p. 2088, § 257, effective August 6.

30-26-301. Creation of debt for buildings and roads - election - definitions. (1) When the board of county commissioners of any county deems it necessary to create an indebtedness for the purpose of erecting necessary public buildings, making or repairing public roads or bridges, developing, maintaining, and operating mass transportation systems, acquiring or building or acquiring and building airports and landing strips including the necessary land therefor and approaches thereto, by an order entered of record specifying the amount required and the object for which such debt is created, they shall submit the question to a vote at a general or special election. The general or special election provided for under this part 3 may be combined with the election on a proposal for a countywide sales tax, use tax, or both, provided for in part 1 of article 2 of title 29. The board shall cause to be posted a notice of such order, which states, among other things, the maximum net effective interest rate at which such bonds may be issued, in some conspicuous place in each voting precinct in the county, for at least thirty days preceding the election, and all persons voting on that question shall vote by separate ballot whereon are placed the words "for county indebtedness" or "against county indebtedness", such ballots to be deposited in a box provided by the board of county commissioners for that purpose.

(2) (a) No county shall contract any debt by loan in any form unless the proposition to create such debt shall first be submitted to and approved by the registered qualified electors of the county.

(b) If a majority of those electors of the county voting at such election vote in favor of the proposition to contract said debt, the board of county commissioners is authorized to contract said debt.

(c) The board of county commissioners of any county shall submit to the registered qualified electors of the county the question of contracting a bonded indebtedness for any one or more of the purposes authorized by law.

(d) The order submitting the question of contracting an indebtedness shall contain a statement of the maximum net effective interest rate at which said indebtedness may be incurred.

As used in articles 11, 15, and 17, parts 1, 3 to 6, and 8 of article 20, articles 25 and 26, and part 2 of article 28 of this title 30 and part 2 of article 6 of title 25, article 3 of title 29, part 5 of article 15 of this title 30, and article 5 of title 41, unless the context otherwise requires:

(I) "Net effective interest rate" of a proposed issue of bonds means the net interest cost of said issue divided by the sum of the products derived by multiplying the principal amount of such issue maturing on each maturity date by the number of years from the date of said proposed bonds to their respective maturities.

(II) "Net interest cost" of a proposed issue of bonds means the total amount of interest to accrue on said bonds from their date of issuance to their respective maturities, plus the amount of any discount below par or less the amount of any premium above par at which said bonds are being or have been sold. In all cases the net effective interest rate and net interest cost shall be computed without regard to any option of redemption prior to the designated maturity dates of the bonds.

(e) (I) The board of county commissioners of any county, having received approval at an election to issue bonds and having determined that the limitations of the original election question are too restrictive to permit the advantageous sale of the bonds so authorized, may submit at another general or special election either the question of issuing the bonds, or any portion thereof, at a higher maximum net effective interest rate than the maximum interest rate or maximum net effective interest rate approved at the original election, or the question of issuing the bonds, or any portion thereof, to mature over a longer period of time than the maximum period of maturity approved at the original election, or both such questions.

(II) An election held pursuant to this paragraph (e) shall be held in substantially the same manner as an election to authorize bonds initially, except as may be required for the submission of the limited question or questions permitted under this paragraph (e).

(III) If the changes submitted are not approved at an election held pursuant to this paragraph (e), such result shall not impair the authority of the board at a later time to issue the bonds originally approved within the limitations established at the first election.

(3) If, upon canvassing the vote, which shall be canvassed in the same manner as the vote for county officers, it appears that a majority of all the votes cast are for county indebtedness, the board of county commissioners shall be authorized to contract the debt in the name of the county. The aggregate amount of indebtedness of any county shall not be in excess of three percent of the actual value, as determined by the assessor, of the taxable property in the county.

30-26-302. Bond issue - limitation - interest - redemption. The board of county commissioners, when authorized as provided in section 30-26-301, may make and issue coupon bonds of the county not exceeding the amounts authorized by the electors, payable at the pleasure of the county but absolutely due and payable twenty years after such date, bearing interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, payable annually or semiannually; such interest and principal, when due, shall be payable at the office of the county treasurer of the county or at such other location as the board of county commissioners may designate. The board of county commissioners shall prescribe the form of said bonds and the coupons thereto; and, to provide for the principal and interest and redemption premiums accruing on the bonds, it shall provide for the levying of a tax which, together with such other revenue, assets, or funds as may be pledged, will be sufficient to pay the principal, interest and redemption premiums, if any, accruing on the bonds.

30-26-303. Redemption - notice - interest - order of payment. When it appears to the board of county commissioners upon examination of the books and accounts of the county treasurer that there are sufficient funds in his hands to the credit of the redemption fund to pay in full the principal and accrued interest of any of such bonds, it is the duty of such board immediately to call in and pay as many of such bonds and accrued interest thereon as the funds ascertained to be on hand will liquidate, and said board shall thereupon cancel such redeemed bonds and all uncanceled interest coupons issued therewith. The bonds shall be called in and paid in the order of their issuance, as nearly as may be practicable, and when it is desired to redeem any of such bonds by said board it shall cause to be published for thirty days in some newspaper at or nearest the county seat of the county a notice that certain county bonds, specifying the number and amounts, will be paid upon presentation, and at the expiration of such thirty days such bonds shall cease to bear interest.

30-26-304. Bonds - signed - attested - sealed - denomination - amount. The bonds shall be signed by the chairman of the board of county commissioners and attested by the county clerk and recorder and bear the seal of the county upon each bond and shall be numbered and registered in a book kept for that purpose in the order in which they are issued. Each bond shall state upon its face the amount for which the same is issued, to whom issued, and the date of its

issuance; but no bond shall be of a lesser denomination than fifty dollars, and, if issued for a greater amount, for some multiple of that sum; and the aggregate amount of such bonds issued shall not exceed the sum entered of record by the board of county commissioners, and any bond issued in excess of said sum shall be null and void.

30-26-305. Sale of bonds - rate - redemption - cancellation. The board of county commissioners has the right to sell any of such bonds, but no bond shall be sold unless for cash, and not then at a discount of more than fifteen percent of its par value. The money arising from the sale of such bonds shall be forthwith used for the objects for which the debt was created, and for no other purpose whatever. When any such bonds or any coupons are redeemed, the board of county commissioners, in the presence of the clerk of said board or his deputy, shall cancel such bonds or coupons by writing the word "canceled" on the face of such bonds or coupons, and such board shall make a record of the proceedings, stating what bonds or coupons were canceled.

PART 4

BONDS - REFUNDING

Cross references: For the "Public Securities Refunding Act", see article 56 of title 11.

30-26-401. Refunding bonds authorized. The board of county commissioners of any county in this state may issue negotiable coupon bonds, to be denominated refunding bonds, for the purpose of refunding any of the bonded indebtedness of such county, whether due or not due, or which may become payable at the option of such county, or by consent of the bondholders, or by any lawful means, whether such bonded indebtedness existed on March 30, 1917, or was thereafter created, and there are not funds in the treasury of such county available for the payment or redemption of such bonds; but the amount of such refunding bonds to be issued under the provisions of this part 4 shall first be determined by such board of county commissioners, and a certificate of such determination shall be made and entered in the records of the county prior to the issuance of said refunding bonds.

30-26-402. Issuance - no election. Whenever such board of county commissioners deems it expedient to issue refunding bonds under the provisions of this part 4, such refunding bonds may be issued without the submission of the question of issuing such refunding bonds to a vote of the registered qualified electors of such county.

30-26-403. Resolution for issue - form of bonds - coupons - term. (1) If the board of county commissioners determines to issue refunding bonds, such board shall thereupon adopt a resolution which shall not be subject to the referendum provisions of any statute providing for the issue of said refunding bonds in accordance with the provisions of this part 4. Such resolution shall fix the date of said refunding bonds, shall designate the denomination thereof, the rate of interest, the maturity date, which shall not be more than twenty-five years from the date of said refunding bonds, and the place of payment, within or without the state of Colorado, of both principal and interest, and shall prescribe the form of said refunding bonds.

(2) Such refunding bonds shall be negotiable in form, shall recite the title of the act under which they are issued, shall be executed in the name of the county and signed by the chairman of the board of county commissioners and countersigned by the county treasurer, with the seal of the county affixed thereto and attested by the county clerk and recorder. The interest accruing on such refunding bonds shall be evidenced by semiannual interest coupons thereto attached, bearing the engraved facsimile signature of the county treasurer, and when so executed such coupons shall be the binding obligations of the county, according to their import.

(3) In the adoption of said resolution providing for the issue of such refunding bonds, the board of county commissioners shall make the principal of the debt payable in equal annual installments during the currency of the period, not exceeding twenty-five years, within which the debt is to be discharged; but the date of maturity of the first installment of the debt shall be not more than five years from the date of said refunding bonds.

30-26-404. Disposition of bonds - outstanding canceled. All such refunding bonds may be exchanged, dollar for dollar, for the bonds to be refunded, or they may be sold at not less than their par value, as directed by the board of county commissioners, and the proceeds thereof shall be applied only to the purpose for which such refunding bonds were issued. Such refunding bonds shall not be issued until the outstanding bonds to be refunded have been called in and canceled in an amount equal to or in excess of the bonds so issued, and all accrued interest on any such bonds to be refunded shall be paid before such refunding bonds are issued.

30-26-405. Interest - how paid - redemption fund. The interest accruing on such refunding bonds issued pursuant to the provisions of this part 4 prior to the time when tax levies are available therefor shall be paid out of the general revenues of the county, and, for the purpose of reimbursing such general revenues and for the payment of subsequently accruing interest, the board of county commissioners issuing such refunding bonds or the proper tax-assessing and tax-collecting officers upon whom shall devolve the duty of levying and collecting county taxes shall levy annually a sufficient tax upon all the taxable property in the county fully to discharge

such interest, and, for the ultimate redemption of such refunding bonds, they shall levy annually such a tax upon all the taxable property in such county as will create a fund sufficient to discharge each annual installment of such refunding bonds at the maturity thereof, which fund shall be called the redemption fund. All taxes for interest on and for the redemption of such bonds shall be paid in cash only and shall be kept by the county treasurer as a special fund to be used only in payment of the interest upon and for the redemption of such bonds, and such tax shall be levied and collected as other county taxes are levied and collected. The tax provisions for the ultimate redemption of such bonds shall be set forth in the resolution authorizing their issue and shall set forth the years in which such taxes shall be levied for the creation of said redemption fund.

PART 5

COUNTY CAPITAL IMPROVEMENT TRUST FUNDS

30-26-501. Short title. This part 5 shall be known and may be cited as the "County Capital Improvement Trust Fund Financing Act".

Source: L. 82: Entire part added, p. 484, § 1, effective July 1.

30-26-502. Legislative declaration. (1) It is hereby declared to be the public policy of the state to facilitate, assist, and promote the efforts of counties within this state in the planning, construction, acquisition, improvement, equipping, maintenance, and operation of public projects.

(2) It is further the intent of the general assembly:

(a) To authorize counties in this state to finance the acquisition, construction, and improvement of public improvements, buildings, and facilities which such counties are authorized to acquire, construct, and improve;

(b) That this part 5 shall operate only as a grant of additional financing authority and shall not be construed to authorize counties to finance the acquisition, construction, or improvement of any public improvements, buildings, or facilities which such counties are not otherwise authorized to acquire, construct, or improve pursuant to applicable provisions of law;

(c) To vest such counties with all powers that may be necessary to enable them to accomplish such financing purposes, including the power to issue negotiable revenue bonds,

notes, and other obligations payable as set forth in this part 5, which powers in all respects shall be exercised for the benefit of the inhabitants of this state and for the promotion of their health, safety, and welfare.

30-26-503. Definitions. As used in this part 5, unless the context otherwise requires:

(1) "Board" means the board of county commissioners or other governing body of any county.

(2) "Bonds" means any revenue bonds or other obligations issued by a county pursuant to this part 5 but does not include general obligation bonds.

(3) "County" means any county within this state.

(4) "County capital improvement trust fund" means any one or more of the county capital improvement trust funds established pursuant to this part 5.

(5) "Obligations" means notes, contracts, leases, and refunding obligations issued by a county pursuant to this part 5.

(6) "Person" means any individual, firm, partnership, association, or corporation or two or more or any combination of such entities.

(7) "Political subdivision" means counties, special districts, water conservation districts, irrigation districts, municipal corporations, school districts, and all other political subdivisions of the state.

(8) "Project" means any land, building, facility, or other improvement and all real or personal property, and any undivided or other interest in any of the foregoing, which is acquired, constructed, or improved or which is to be acquired, constructed, or improved by any county with the proceeds of any bonds issued by such county pursuant to this part 5 or with the principal of any county capital improvement trust fund expended by such county pursuant to this part 5, to the extent and only to the extent that such county is authorized to undertake any acquisition, construction, or improvement of such project under the laws of this state.

Cross references: For definitions applicable to this article, see § 30-26-301 (2)(d).

30-26-504. Authority for establishment of county capital improvement trust funds.

(1) Each county is hereby authorized to create a county capital improvement trust fund to be used for the purposes set forth in this part 5.

(2) Moneys on deposit in any county capital improvement trust fund, and the proceeds from the investment of such funds, shall be used solely and exclusively for the purposes authorized by this part 5 and shall be inviolate for any other purpose.

(3) Moneys on deposit in any county capital improvement trust fund shall be under the exclusive control of the board of the county for which such fund shall be established and shall be invested by the county treasurer of such county in accordance with the applicable provisions of laws concerning the investment of county funds. Earnings from the investment of moneys in any county capital improvement trust fund shall remain in such fund until applied in accordance with the provisions of this part 5. Any county may, to the extent otherwise authorized by law,

appropriate funds of such county for deposit in such county capital improvement trust fund from any revenues, funds, or moneys of such county which are legally available for such purposes. Any moneys so appropriated by the board for deposit in any county capital improvement trust fund may be invested and reinvested as set forth in this part 5, and all such moneys on deposit in any county capital improvement trust fund shall be applied by the board only in accordance with the provisions of this part 5.

(4) The board of each county for which a county capital improvement trust fund is created may:

(a) Appropriate moneys on deposit in the county capital improvement trust fund of such county for any lawful county project, to the extent that such funds are not otherwise encumbered;

(b) Allocate and distribute among any political subdivision within such county all or any portion of the county capital improvement trust fund of such county for the purpose of assisting any capital improvement to be undertaken by any such political subdivision, to the extent that such funds are not otherwise encumbered;

(c) Pledge to the payment of the principal of, any premium on, and the interest on any bonds issued by such county pursuant to provisions of this part 5 all or any portion of the county capital improvement trust fund of such county; and

(d) Do any and all things necessary to effect the purposes and exercise the powers authorized under the provisions of this part 5.

(5) The board of each county for which a county capital improvement trust fund is established shall prepare guidelines consistent with the provisions of this part 5 for the allocation, distribution, pledging, investment, and expenditure of any moneys from time to time on deposit in the county capital improvement trust fund established for such county.

(6) If any portion of this part 5 is held unconstitutional by a decision of the Colorado court of appeals, the Colorado supreme court, or any federal court, moneys on deposit in each county capital improvement trust fund shall be transferred to the county general fund; such transfer shall take effect on the day after such decision becomes final.

(7) No moneys deposited in a capital improvement trust fund shall be appropriated, allocated, pledged, or distributed for a project if any statute, ordinance, resolution, or contract otherwise limits or restricts the use of such money for the particular type of project.

30-26-505. Bonds - issuance - terms. (1) Any county, in addition to all other powers authorized by law, may, from time to time:

(a) Issue revenue bonds, in such principal amounts as the county may deem necessary or appropriate, for the purpose of financing any project, including the payment, funding, or refunding of the principal of, any premium on, and the interest on any bonds issued by such county, whether the bonds or interest to be funded or refunded have or have not become due;

(b) Establish or increase any reserve funds deemed necessary to secure payment of such bonds or interest thereon; and

(c) Appropriate moneys necessary to pay for all other costs or expenses of the county incident to and necessary to carry out its authorized corporate and public purposes powers under this part 5.

(2) Bonds issued pursuant to the authority of this part 5 shall constitute special obligations of the county issuing such bonds and shall be payable solely out of any county capital improvement trust fund moneys or the income from the investment thereof, to the extent that all or a portion of the same are made available for such purpose by the board of the county issuing such bonds. Bonds issued by any county pursuant to the authority of this part 5 may also be payable, in whole or in part, from any funds, revenues, income, or other moneys which are otherwise lawfully available for such purpose and which may be pledged by such county for the purpose of paying the principal of, any premium on, and the interest on its bonds.

(3) Any such bonds may also be payable, in whole or in part, from the revenues and receipts derived from the project financed with such issue of bonds and may be additionally secured by a pledge of any grant, subsidy, or contribution from the United States or any agency or instrumentality thereof, from the state or any governmental agency thereof, or from any person unless otherwise prohibited by applicable state or federal law.

(4) Whether or not such bonds are of such form and character as to be negotiable instruments under the terms of the "Uniform Commercial Code", title 4, C.R.S., all such bonds are hereby made negotiable instruments within the meaning of and for all the purposes of said title, subject only to the provisions contained in such bonds for registration.

(5) Any such bonds shall be authorized by the board, may be issued in one or more series, and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates of interest, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable from such sources in such medium of payment at such place or places within or without the state, and be subject for such terms of redemption, with or without premium, as the board may provide.

(6) Any such bonds may be sold at public or private sale at such price or prices and in such manner as the board shall determine.

(7) Any such bonds may be issued under the provisions of this part 5 without obtaining the consent of any department, division, commission, board, bureau, or agency of the state and without any other proceeding or happening of any other conditions for other things than those proceedings, conditions, or things which are specifically required by this part 5, including, in particular, all such bonds, so long as and to the extent that such bonds are payable exclusively from all or any portion of any county capital improvement trust fund created pursuant to this part 5, and such bonds may be issued without the requirement of any approval by the electorate of the county issuing such bonds.

(8) Any such bonds shall not be in any way construed to be a debt or liability of the state or any political subdivision thereof and shall not create or constitute any indebtedness, liability, or obligation to the state or to any such political subdivision or be or constitute a pledge of the faith and credit of the state or of any such political subdivision; but all such bonds, unless funded or refunded by bonds of such county, shall be payable solely from revenues or funds pledged or available for the payment as authorized in this part 5. Each bond issued by a county pursuant to this part 5 shall contain on its face a statement to the effect that the county issuing such bonds is obligated to pay the principal of, any premium on, and the interest on such bonds only from revenues or funds of such county pledged for such payment, that neither the state nor any other political subdivision thereof is obligated to pay such principal of, any premium on, and the interest on such bonds, and that neither the faith and credit of the taxing power of the state nor

any political subdivision thereof is pledged for the payment of the principal of, any premium on, and the interest on any such bonds.

(9) All expenses incurred in carrying out the provisions of this part 5 shall be payable solely from the revenues or funds provided or to be provided under the provisions of this part 5, and nothing in this part 5 shall be construed to authorize any county to incur any indebtedness on behalf of or payable by the state or any political subdivision thereof other than such county.

(10) The board of a county may, in any resolution relating to the issuance of any such bonds and in order to secure the payment of such bonds, make such covenants as otherwise authorized by law to do or refrain from doing such acts and things as may be necessary, convenient, and desirable in order to better secure bonds, which covenants will, in the opinion of the board, tend to make such bonds more marketable.

30-26-506. Pledge of revenues, funds, or other property lien. Any pledge of revenues, moneys, funds, or other property made by a county pursuant to the provisions of this part 5 shall be valid and binding from the time when the pledge is made; the revenues, moneys, funds, or other property so pledged and thereafter received by such county shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act. The lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the county, irrespective of whether such parties have notice thereof. Any resolution or any other instrument by which a pledge of revenues, moneys, or funds is created shall be filed or recorded with the county.

30-26-508. Bonds - exempt from taxation. Any bonds issued under the provisions of this part 5, the transfer of any such bonds, and the income from such bonds shall be free from taxation by the state or any political subdivision or other instrumentality of the state.

Source: L. 82: Entire part added, p. 488, § 1, effective July 1.

30-26-509. Annual audit. Each county for which a county capital improvement trust fund has been established shall prepare and submit, in accordance with the provisions of article 1 of title 29, C.R.S., an annual audit report of its activities with respect to such fund for the preceding fiscal year.

Source: L. 82: Entire part added, p. 488, § 1, effective July 1.

30-26-510. Bonds - eligible for investment. Bonds issued under the provisions of this part 5 are hereby made securities in which all insurance companies, trust companies, banking associations, savings and loan associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest moneys, including capital, under the control of or belonging to such entities. Public entities, as defined in section 24-75-601 (1), C.R.S., may invest public funds in such bonds only if said bonds satisfy the investment requirements established in part 6 of article 75 of title 24, C.R.S. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds is authorized by law.

30-26-511. Agreement of counties. (1) Any county is authorized to enter into agreements with the state or any of its agencies or departments, any of its political subdivisions, any agency or department of the United States, or any person with respect to any project in order to facilitate the financing, acquisition, and construction of such project and to promote the purposes of this part 5. Such agreements may be for a term covering the life of a project, for any other term, or for any indefinite period. Pursuant to any such agreement, counties or persons may obligate themselves to make payments in amounts which shall be sufficient to enable such counties or persons to pay their expenses and the interest and principal payments (whether at maturity or upon sinking fund redemption) for any bonds issued pursuant to this part 5, to maintain reasonable reserves for debt service, operation and maintenance, and renewals and replacements, and to meet the requirements of any rate covenant with respect to debt service coverage contained in any resolution, trust indenture, or other security instrument.

(2) The obligations of a governmental agency or persons under an agreement with the county or arising out of the default by any other purchaser with respect to such an agreement shall not be construed to constitute debt of the governmental agency or persons. To the extent provided in agreements with the county, such obligations shall constitute special obligations of the governmental agency or persons and shall be payable solely from the revenues and other moneys derived by the governmental agency or persons.

PART 1

COUNTY PLANNING

30-28-101. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Disposition" means a contract of sale resulting in the transfer of equitable title to an interest in subdivided land; an option to purchase an interest in subdivided land; a lease or an assignment of an interest in subdivided land; or any other conveyance of an interest in subdivided land which is not made pursuant to one of the foregoing.

(2) "Evidence" means any map, table, chart, contract, or other document or testimony, prepared or certified by a qualified person to attest to a specific claim or condition, which evidence shall be relevant and competent and shall support the position maintained by the subdivider.

(3) "Municipal planning commission" means any planning commission or other body charged with the functions of such commission of any city, city and county, or incorporated town, whether created pursuant to the authority of state statute or of home rule charter.

(4) "Planning commission" means either a planning commission or, in a county where there is no planning commission, the board of county commissioners.

(5) "Plat" means a map and supporting materials of certain described land prepared in accordance with subdivision regulations as an instrument for recording of real estate interests with the county clerk and recorder.

(6) "Preliminary plan" means the map of a proposed subdivision and specified supporting materials, drawn and submitted in accordance with the requirements of adopted regulations, to permit the evaluation of the proposal prior to detailed engineering and design.

(7) "Region" means the area encompassed by a regional planning commission, being the combined land areas subject to the jurisdiction of the participating governmental units.

(8) "Sketch plan" means a map of a proposed subdivision, drawn and submitted in accordance with the requirements of adopted regulations, to evaluate feasibility and design characteristics at an early state in the planning.

(9) "Subdivider" or "developer" means any person, firm, partnership, joint venture, association, or corporation participating as owner, promoter, developer, or sales agent in the planning, platting, development, promotion, sale, or lease of a subdivision.

(10) (a) "Subdivision" or "subdivided land" means any parcel of land in the state which is to be used for condominiums, apartments, or any other multiple-dwelling units, unless such land when previously subdivided was accompanied by a filing which complied with the provisions of this part 1 with substantially the same density, or which is divided into two or more parcels, separate interests, or interests in common, unless exempted under paragraph (b), (c), or (d) of this subsection (10). As used in this section, "interests" includes any and all interests in the surface of land but excludes any and all subsurface interests.

(b) The terms "subdivision" and "subdivided land", as defined in paragraph (a) of this subsection (10), shall not apply to any division of land which creates parcels of land each of which comprises thirty-five or more acres of land and none of which is intended for use by multiple owners.

(c) Unless the method of disposition is adopted for the purpose of evading this part 1, the terms "subdivision" and "subdivided land", as defined in paragraph (a) of this subsection (10), shall not apply to any division of land:

(I) Which creates parcels of land, such that the land area of each of the parcels, when divided by the number of interests in any such parcel, results in thirty-five or more acres per interest;

(II) Which could be created by any court in this state pursuant to the law of eminent domain, or by operation of law, or by order of any court in this state if the board of county commissioners of the county in which the property is situated is given timely notice of any such pending action by the court and given opportunity to join as a party in interest in such proceeding for the purpose of raising the issue of evasion of this part 1 prior to entry of the court order; and, if the board does not file an appropriate pleading within twenty days after receipt of such notice by the court, then such action may proceed before the court;

(III) Which is created by a lien, mortgage, deed of trust, or any other security instrument;

(IV) Which is created by a security or unit of interest in any investment trust regulated under the laws of this state or any other interest in an investment entity;

(V) Which creates cemetery lots;

(VI) Which creates an interest in oil, gas, minerals, or water which is severed from the surface ownership of real property;

(VII) Which is created by the acquisition of an interest in land in the name of a husband and wife or other persons in joint tenancy or as tenants in common, and any such interest shall be deemed for purposes of this subsection (10) as only one interest;

(VIII) Which is created by the combination of contiguous parcels of land into one larger parcel. If the resulting parcel is less than thirty-five acres in land area, only one interest in said land shall be allowed. If the resulting parcel is greater than thirty-five acres in land area, such land area, divided by the number of interests in the resulting parcel, must result in thirty-five or more acres per interest. Easements and rights-of-way shall not be considered interests for purposes of this subparagraph (VIII).

(IX) Which is created by a contract concerning the sale of land which is contingent upon the purchaser's obtaining approval to subdivide, pursuant to this article and any applicable county regulations, the land which he is to acquire pursuant to the contract;

(X) Which creates a cluster development pursuant to part 4 of this article.

(d) The board of county commissioners may, pursuant to rules and regulations or resolution, exempt from this definition of the terms "subdivision" and "subdivided land" any division of land if the board of county commissioners determines that such division is not within the purposes of this part 1.

(11) "Subdivision improvements agreement" means one or more security arrangements which a county shall accept to secure the actual cost of construction of such public improvements as are required by county subdivision regulations within the subdivision. The "subdivision improvements agreement" may include any one or a combination of the types of security or collateral listed in this subsection (11), and the subdivider may substitute security in order to release portions of the subdivision for sale. The types of collateral which may be used as security under the "subdivision improvements agreement" are as follows: Restrictions on the conveyance, sale, or transfer of any lot, lots, tract, or tracts of land within the subdivision as set forth on the plat or as recorded by separate instrument; performance or property bonds; private or public escrow agreements; loan commitments; assignments of receivables; liens on property; letters of credit; deposits of certified funds; or other similar surety agreements. Security, other than plat restrictions, required under the "subdivision improvements agreement" shall equal in value the cost of improvements to be completed but shall not be required on the portion of the subdivision subject to plat restriction. The county shall not require security arrangements with collateral arrangements in excess of the actual cost of construction of the public improvements. The amount of security may be incrementally reduced as subdivision improvements are completed.

(12) "Unincorporated" means situated outside of cities and towns, so that, when used in connection with "territory", "areas", or the like, it covers, includes, and relates to territory or areas which are not within the boundaries of any city or town.

30-28-103. County planning commission. (1) Except as otherwise provided in this subsection (1), the board of county commissioners of any county within the state is authorized to appoint a commission of not less than three and not more than nine members, to be known as the county planning commission; except that, in counties of the state having a population of fifteen thousand or less desiring to establish a commission, the board of county commissioners may constitute the commission, or the board of county commissioners may appoint a separate body to serve as the commission. In counties of the state having a population of one hundred thousand or more, the board of county commissioners is authorized to appoint a commission of not less than three and not more than fifteen members.

(2) Each of such members of the commission shall be a resident of the county. The term of appointed members of the commission shall be three years and until their respective successors have been appointed, but the terms of office shall be staggered by making the appointments so that approximately one-third of the members' terms expire each year. Members of the commission on July 1, 1977, shall serve the remainder of the terms for which they were appointed. Thereafter, members shall be appointed pursuant to this subsection (2).

(3) The members of the commission shall receive such compensation as may be fixed by the board of county commissioners, and the board of county commissioners shall provide for reimbursement of the members of the commission for actual expenses incurred. The board of county commissioners shall provide for the filling of vacancies in the membership of the commission and for the removal of a member for nonperformance of duty or misconduct. The board of county commissioners may appoint associate members of such commission, each of whom shall be a resident of the county, and, in the event any regular member is temporarily unable to act owing to absence from the county, illness, interest in any matter before the commission, or any other cause, his place may be taken during such temporary disability by an associate member designated for that purpose.

30-28-104. Chairman - rules - staff - information - grants and gifts. (1) The county planning commission shall elect a chairman from its members, whose term shall be for one year, and the commission may create and fill such other offices as it may determine. The commission shall adopt such rules and regulations governing its procedure as it may consider necessary or advisable and shall keep a record of its proceedings, which record shall be open to inspection by the public at all reasonable times. The board of county commissioners has the authority to employ experts and a staff and shall pay such expenses as may be deemed necessary for carrying out the powers conferred and the duties prescribed in this article. The county planning commission is directed to make use of the expert advice and information which may be furnished by appropriate federal, state, county, and municipal officials, departments, and agencies and in particular by the director of the division of planning in the department of local affairs of the state of Colorado. All state officials, departments, and agencies having information,

maps, and data pertinent to county planning or zoning are authorized and directed to make the same available for the use of the county planning commission as well as to furnish such other technical assistance and advice as they may have available for such purpose.

(2) The county planning commission is specifically empowered to receive and expend all grants, gifts, and bequests, specifically including state and federal funds and other funds available for the purposes for which the commission exists, and to contract with the state of Colorado, the United States, and all other legal entities with respect thereto. The county planning commission may provide, within the limitations of its budget, matching funds wherever grants, gifts, bequests, and contractual assistance are available on such basis.

30-28-105. Regional planning commission. (1) The governing body or, in charter cities, the officials having charge of public improvements of any municipality or group of municipalities, together with the boards of county commissioners of any counties in which such municipality or group of municipalities is located or of any adjoining counties; or the governing bodies or, in charter cities, the officials having charge of public improvements of any municipality or group of municipalities, acting independently of the boards of county commissioners in which such municipality or group of municipalities is located; or the boards of county commissioners of any two or more counties may cooperate in the creation of a regional planning commission for any region defined as may be agreed upon by said cooperating governing bodies or officials or boards limited to a region within the jurisdiction of said cooperating governing bodies.

(2) The number and qualifications of members of any such regional planning commission, their terms, and the method of their appointment or removal shall be such as may be determined and agreed upon by said cooperating governing bodies or officials and boards; but each participating county or municipality shall be entitled to at least one voting representative. The regional planning commission shall elect its chairman, whose term shall be one year, with eligibility for reelection. The commission may create and fill such other offices as it may determine.

(3) Any board of county commissioners or other county officials or the chief executive officer of any municipality, from time to time, upon the request of the commission and for the purpose of special surveys, may assign or detail to the commission any members of staffs of county or municipal administrative departments or may direct any such department to make for the commission special surveys or studies requested by the commission.

(4) The proportion of the expenses of the regional planning commission to be borne respectively by any governing body cooperating in the establishment and maintenance of the commission shall be such as may be determined and agreed upon by the cooperating bodies or officials or boards, and they are authorized to appropriate or cause to be appropriated their respective shares of such expense.

(5) Within the amounts duly appropriated or otherwise received, the regional planning commission has the power to appoint such clerical and stenographic employees and such technically qualified staff as are necessary to do the work of the commission. The regional

planning commission has the further power to contract for such other services, facilities, and personnel as it may require within its means, including the services of professional planners and other consultants.

(6) The regional planning commission is specifically empowered to receive and expend all grants, gifts, and bequests, specifically including state and federal funds and other funds available for the purposes for which the commission exists, and to contract with the state of Colorado, the United States, and all other legal entities with respect thereto. The regional planning commission may provide, within the limitations of its budget, matching funds wherever grants, gifts, bequests, and contractual assistance are available on such basis.

(7) A regional planning commission shall be a body politic and corporate, with power to sue and be sued. It shall be liable on its undertakings, contractual or otherwise. The individual members thereof and the cooperating governing bodies or officials and boards shall not be liable on the undertakings of the commission, contractual or otherwise, regardless of the procedure by which such undertakings, or any of them, may be entered into.

(8) The regional planning commission has the power to adopt articles to regulate and govern its affairs, whether as an incorporated association or otherwise, in the performance of the regional planning functions as defined by statute; such articles shall contain rules pertaining to the transaction of the commission's business. The regional planning commission shall keep records of its resolutions, transactions, contractual undertakings, findings, and determinations, which records shall be public records. The regional planning commission has and shall exercise all powers necessary or incidental to exercise fully the powers and authority conferred in this section.

(9) A regional planning commission may, to the extent provided for in a resolution adopted by a board of county commissioners, perform the functions of a county planning commission as provided for in this part 1.

(10) Nothing in this part 1 shall preclude participation by any county or municipality in more than one regional planning commission.

30-28-106. Master plan - definitions. (1) It is the duty of a county planning commission to make and adopt a master plan for the physical development of the unincorporated territory of the county, subject to the approval of the county commission having jurisdiction thereof. When a county planning commission decides to adopt a master plan, the commission shall conduct public hearings, after notice of such public hearings has been published in a newspaper of general circulation in the county in a manner sufficient to notify the public of the time, place, and nature of the public hearing, prior to final adoption of a master plan in order to encourage public participation in and awareness of the development of such plan and shall accept and consider oral and written public comments throughout the process of developing the plan.

(2) (a) It is the duty of a regional planning commission to make and adopt a regional plan for the physical development of the territory within the boundaries of the region, but no such plan shall be effective within the boundaries of any incorporated municipality within the region unless such plan is adopted by the governing body of the municipality for the

development of its territorial limits and under the terms of paragraph (b) of this subsection (2). When a regional planning commission decides to adopt a master plan, the commission shall conduct public hearings, after notice of such public hearings has been published in a newspaper of general circulation in the region in a manner sufficient to notify the public of the time, place, and nature of the public hearing, prior to final adoption of a master plan in order to encourage public participation in and awareness of the development of such plan and shall accept and consider oral and written public comments throughout the process of developing the plan.

(b) Any plan adopted by a regional planning commission shall not be deemed an official advisory plan of any municipality or county unless adopted by the planning commission of such municipality or county.

(3) (a) The master plan of a county or region, with the accompanying maps, plats, charts, and descriptive and explanatory matter, must show the county or regional planning commission's recommendations for the development of the territory covered by the master plan. The master plan of a county or region is an advisory document to guide land development decisions; however, the master plan or any part thereof may be made binding by inclusion in the county's or region's adopted subdivision, zoning, platting, planned unit development, or other similar land development regulations after satisfying notice, due process, and hearing requirements for legislative or quasi-judicial processes, as appropriate.

(a.3) (I) The county or regional planning commission shall follow the procedures in section 24-32-3209. For purposes of this section, any special district that supplies water to the area covered by the master plan is a neighboring jurisdiction as defined in section 24-32-3209 (1)(h).

(II) In adopting or amending a master plan, the county or regional planning commission shall consider the following, where applicable or appropriate, and any other information deemed relevant by the county or regional planning commission:

(A) The applicable housing needs assessments published pursuant to sections 24-32-3702 (1)(b), 24-32-3703, and 24-32-3704;

(B) The statewide strategic growth report created pursuant to section 24-32-3707;

(C) The natural land and agricultural opportunities report published pursuant to section 24-32-3708; and

(D) The Colorado water plan adopted pursuant to section 37-60-106.3.

(a.5) The master plan must include:

(I) A narrative description of the procedure used for the development and adoption of the master plan, including a summary of any objections to the master plan made by neighboring jurisdictions as defined in section 24-32-3209 (1)(h) and a description of the resolution or outcome of the objections;

(II) (A) A water supply element developed in consultation with entities that supply water for use within the county or region to ensure coordination on water supply and facility planning. Nothing in this section requires the public disclosure of confidential information related to water supply or facilities.

(B) The water supply element must estimate a range of water supplies and facilities needed to support the potential public and private development described in the master plan, and include water conservation policies, to be determined by the county or local governments within a region, which may include goals specified in the Colorado water plan adopted pursuant to section 37-60-106.3 and policies to implement water conservation and other Colorado water plan

goals as a condition of development approval, for subdivisions, planned unit developments, special use permits, and zoning changes.

(C) A county or region with a master plan that includes a water supply element shall ensure that its master plan includes water conservation policies at the first amending of the master plan, but not later than July 1, 2025.

(D) Nothing in this subsection (3)(a.5)(II) supersedes, abrogates, or otherwise impairs the allocation of water pursuant to the state constitution or any other provision of law, the right to beneficially use water pursuant to decrees, contracts, or other water use agreements, or the operation, maintenance, repair, replacement, or use of any water facility.

(E) The department of local affairs may hire and employ one full-time employee to provide educational resources and assistance to a county or region that includes water conservation policies in the water supply elements of master plans as required by this subsection (3)(a.5)(II).

(III) A strategic growth element that integrates elements of the master plan to discourage sprawl and promote the development or redevelopment of vacant and underutilized parcels in urban areas to address the demonstrated housing needs of the county or region and mitigate the need for extension of infrastructure and public services to develop natural and agricultural lands for residential uses. The strategic growth element must include:

(A) A description of existing and potential policies and tools to promote strategic growth and prevent sprawl;

(B) An analysis of vacant and underutilized sites that identifies vacant, partially vacant, and underutilized land near existing or planned transit or job centers that could be used for infill development, redevelopment, and new development of housing; assesses the general feasibility of the development or redevelopment of such sites for residential use based on existing and needed infrastructure, transportation capacity, access to public transit, and public facilities and services to serve such sites; describes the public benefits of the development or redevelopment of such sites to the county or region as an alternative to the development of previously undeveloped natural or agricultural land; and, in a manner that is consistent with the master plan, designates such sites for which development or redevelopment is deemed to be generally feasible for future uses that include residential uses in a manner that addresses the demonstrated housing needs of the county or region at all income levels; and

(C) An analysis of undeveloped sites that identifies previously undeveloped parcels that are not adjacent to developed land, including existing natural and agricultural land, under consideration for future development, and, for a county or region in a metropolitan planning organization established under the "Federal Transit Act of 1998," 49 U.S.C. sec. 5301 et seq., as amended, land outside of census urban areas as defined by the United States bureau of the census; assesses the general feasibility of the development of such sites for residential use based on existing and needed infrastructure, transportation capacity, access to public transit, and public facilities and services to serve such sites; and describes the long-term fiscal impact to the county or region of the construction, ownership, maintenance, and replacement of infrastructure and public facilities and the provision of public services to serve development of such sites;

(IV) The most recent housing action plan or plans adopted by the county or municipalities within the region pursuant to section 24-32-3705; and

(V) For a master plan by a regional planning commission, the most recent version of the master plan required by section 31-12-105 (1)(e) by each municipality that is part of the regional

planning commission and a description of how each jurisdiction will integrate that plan into the master plan.

(a.7) (I) A county or region with a master plan shall ensure that its master plan includes a water supply element and a strategic growth element as required by subsection (3)(a.5) of this section at the first amending of the master plan that occurs on or after January 1, 2026, but not later than December 31, 2026. The master plan of a county or region adopted or amended after December 31, 2026, must include a water supply element and strategic growth element as required by subsection (3)(a.5) of this section. The county or region must update the water supply element and strategic growth element no less frequently than every five years.

(II) A county or region with a master plan is not required to include a strategic growth element, if the county or region has not received funding to include the strategic growth element pursuant to section 24-32-3710 and either:

(A) Has a population of twenty thousand or less in the county's unincorporated territory and has experienced negative population change in the most recent decennial census; or

(B) Has a population of five thousand or less in the county's unincorporated territory.

(a.9) The master plan may include, where applicable or appropriate:

(I) The general location, character, and extent of existing, proposed, or projected streets or roads, rights-of-way, viaducts, bridges, waterways, waterfronts, parkways, highways, mass transit routes and corridors, and any transportation plan prepared by any metropolitan planning organization that covers all or a portion of the county or region and that the county or region has received notification of or, if the county or region is not located in an area covered by a metropolitan planning organization, any transportation plan prepared by the department of transportation that the county or region has received notification of and that applies to the county or region;

(II) The general location of public places or facilities, including public schools; culturally, historically, or archaeologically significant buildings, sites, and objects; playgrounds, forests, reservations, squares, parks, airports, aviation fields, military installations; and other public ways, grounds, open spaces, trails, and designated federal, state, and local wildlife areas. For purposes of this section, "military installation" has the same meaning as specified in section 29-20-105.6 (2)(b).

(III) The general location and extent of public utilities, terminals, capital facilities, and transfer facilities, whether publicly or privately owned, for water, light, power, sanitation, transportation, communication, heat, and other purposes and any proposed or projected needs for capital facilities and utilities, including the priorities, anticipated costs, and funding proposals for such facilities and utilities;

(IV) The acceptance, widening, removal, extension, relocation, narrowing, vacation, abandonment, modification, or change of use of any of the public ways, rights-of-way, including the coordination of such rights-of-way with the rights-of-way of other counties, regions, or municipalities, grounds, open spaces, buildings, properties, utilities, or terminals referred to in subsections (3)(a.5)(II)(C), (3)(a.9)(I), (3)(a.9)(II), and (3)(a.9)(III) of this section;

(V) Methods for assuring access to appropriate conditions for solar, wind, or other alternative energy sources, including geothermal energy used for water heating or space heating or cooling in a single building, for space heating for more than one building through a pipeline network, or for electricity generation;

(VI) The general character, location, and extent of community centers, townsites, housing developments, whether public or private; the existing, proposed, or projected location of residential neighborhoods and sufficient land for future housing development for the existing and projected economic and other needs of all current and anticipated residents of the county or region; and urban conservation or redevelopment areas. If a county or region has entered into a regional planning agreement, the agreement may be incorporated by reference into the master plan.

(VII) The general location and extent of forests, agricultural areas, flood control areas, and open development areas for purposes of conservation, food and water supply, sanitary and drainage facilities, flood control, or the protection of urban development;

(VIII) A land classification and utilization program;

(IX) Projections of population change and housing needs to accommodate the projected population for specified increments of time. The county or region may base these projections upon data from the department of local affairs and upon the county's or region's local objectives.

(X) The location of areas containing steep slopes, geological hazards, endangered or threatened species, wetlands, floodplains, floodways, and flood risk zones, highly erodible land or unstable soils, and wildfire hazards. For purposes of determining the location of such areas, the planning commission should consider the following sources for guidance:

(A) The Colorado geological survey for defining and mapping geological hazards;

(B) The United States fish and wildlife service of the United States department of the interior and the parks and wildlife commission created in section 33-9-101 for locating areas inhabited by endangered or threatened species;

(C) The United States army corps of engineers and the United States fish and wildlife service national wetlands inventory for defining and mapping wetlands;

(D) The federal emergency management agency for defining and mapping floodplains, floodways, and flood risk zones;

(E) The natural resources conservation service of the United States department of agriculture for defining and mapping unstable soils and highly erodible land; and

(F) The Colorado state forest service for locating wildfire hazard areas.

(b) Any master plan of a county or region which includes mass transportation shall be coordinated with that of any adjacent county, region, or other political subdivision, as the case may be, to eliminate conflicts or inconsistencies and to assure the compatibility of such plans and their implementation pursuant to this section and sections 30-11-101, 30-25-202, and 30-26-301.

(c) The master plan of a county or region shall also include a master plan for the extraction of commercial mineral deposits pursuant to section 34-1-304, C.R.S.

(d) The master plan of a county or region may also include plans for the development of drainage basins in all or portions of the county or region. When county subdivision regulations require the payment of drainage fees, as provided in section 30-28-133 (11), the master plan shall include the plan for the development of drainage basins.

(e) In creating the master plan of a county or region, the county or regional planning commission may take into consideration the availability of affordable housing within the county or region. Counties are encouraged to examine any regulatory impediments to the development of affordable housing.

(f) (Deleted by amendment, L. 2007, p. 612, § 1, effective August 3, 2007.)

(g) The master plan of a county or region may include designated utility corridors to facilitate the provision of utilities to all developments in the county or region.

(4) (a) Each county that has not already adopted a master plan and that meets one of the following descriptions shall adopt a master plan within two years after January 8, 2002:

(I) Each county or city and county that has a population equal to or greater than ten thousand and the population of which has demonstrated an increase of either:

(A) Ten percent or more during the calendar years 1994 to 1999; or

(B) Ten percent or more during any five-year period ending in 2000 or any subsequent year;

(II) Each county or city and county that has a population of one hundred thousand or more.

(b) To the extent the county does not meet a description specified in subparagraph (I) or (II) of paragraph (a) of this subsection (4), the counties of Clear Creek, Gilpin, Morgan, and Pitkin shall adopt a master plan within two years after January 8, 2002.

(c) The department of local affairs shall annually determine, based on the population statistics maintained by said department, whether a county is subject to the requirements of this subsection (4), and shall notify any county that is newly identified as being subject to said requirements. Any such county shall have two years following receipt of notification from the department to adopt a master plan.

(d) Once a county is identified as being subject to the requirements of this subsection (4), the county shall at all times thereafter remain subject to the requirements of this subsection (4), regardless of whether it continues to meet any of the descriptions in paragraph (a) of this subsection (4).

(5) A master plan adopted in accordance with the requirements of subsection (4) of this section shall contain a recreational and tourism uses element pursuant to which the county shall indicate how it intends to provide for the recreational and tourism needs of residents of the county and visitors to the county through delineated areas dedicated to, without limitation, hiking, mountain biking, rock climbing, skiing, cross country skiing, rafting, fishing, boating, hunting, shooting, or any other form of sports or other recreational activity, as applicable, and commercial facilities supporting such uses.

(6) The master plan of any county adopted or amended in accordance with the requirements of this section on and after August 8, 2005, shall satisfy the requirements of section 29-20-105.6, C.R.S., as applicable.

(7) Notwithstanding any other provision of this section, no master plan originally adopted or amended in accordance with the requirements of this section shall conflict with a master plan for the extraction of commercial mineral deposits adopted by the county pursuant to section 34-1-304, C.R.S.

(8) A county or regional planning commission shall submit the master plan and any separately approved water supply element and strategic growth element to the division of local government in the department of local affairs. The division of local government shall review master plans and may provide comments to the commission.

(9) (a) As used in this subsection (9):

(I) "Equestrian" has the meaning set forth in section 31-23-206 (9)(a)(I).

(II) "Equestrian zone" means an area that a county determines is suburban or urban and contains:

(A) An equestrian fairground, public equestrian riding arena, public equestrian center, or public riding trail;

(B) An equestrian-centric residential neighborhood where equestrians regularly ride and that was zoned in such a manner as to allow housing privately owned equines but is now being developed for primarily residential use or that is zoned in such a manner as to allow housing privately owned equines;

(C) A keystone property; or

(D) Roads or trails that equestrians use and that are related to an area described in subsections (9)(a)(II)(A) to (9)(a)(II)(C) of this section.

(III) "Keystone property" means a property that has at least one of the following equestrian facilities:

(A) Boarding facilities that provide housing for equines, training for equestrians, or equine service and education programs;

(B) Equine stables that facilitate animal welfare rescue programs or equine therapy programs;

(C) Breeding facilities for equines; or

(D) Nonpublic equestrian venues that provide services to the equestrian community.

(IV) "Suburban or urban" means the population and traffic density are sufficient to cause significant and regular interactions between equestrians and motor vehicles or other residents.

(b) A county planning commission may identify and show on the master plan the location of and character of existing or proposed equestrian infrastructure, venues, and equestrian zones.

(c) A county may organize public events to educate the public about equestrian use of recreational trails and roads and the duties of users of trails and roads with regard to equestrian users. A county may partner with local horse advocacy groups to educate the public about these matters or to hold the public events.

30-28-107. Surveys and studies. In the preparation of a county or regional master plan, a county or regional planning commission shall make careful and comprehensive surveys and studies of the existing conditions and probable future growth of the territory within its jurisdiction. The county or regional master plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted, and harmonious development of the county or region which, in accordance with present and future needs and resources, will best promote the health, safety, morals, order, convenience, prosperity, or general welfare of the inhabitants, as well as efficiency and economy in the process of development, including such distribution of population and of the uses of land for urbanization, trade, industry, habitation, recreation, agriculture, forestry, and other purposes as will tend to create conditions favorable to health, safety, energy conservation, transportation, prosperity, civic activities, and recreational, educational, and cultural opportunities; will tend to reduce the wastes of physical, financial, or human resources which result from either excessive congestion or excessive scattering of population; and will tend toward an efficient and economic utilization, conservation, and production of the supply of food and water and of drainage, sanitary, and other facilities and resources.

30-28-108. Adoption of plan by resolution. A county or regional planning commission may adopt the county or regional master plan as a whole by a single resolution or, as the work of making the whole master plan progresses, may adopt parts thereof, any such part to correspond generally with one or more of the functional subdivisions of the subject matter which may be included in the plan. The commission may amend, extend, or add to the plan or carry any part of it into greater detail from time to time. The adoption of the plan or any part, amendment, extension, or addition shall be by resolution carried by the affirmative votes of not less than a majority of the entire membership of the commission. The resolution shall refer expressly to the maps and descriptive matter intended by the commission to form the whole or part of the plan. The action taken shall be recorded on the map and descriptive matter by the identifying signature of the secretary of the commission.

30-28-109. Certification of plan. The county planning commission shall certify a copy of its master plan, or any adopted part or amendment thereof or addition thereto, to the board of county commissioners of the county. The regional planning commission shall certify such copies to the boards of county commissioners of the counties lying wholly or partly within the region. The county or regional planning commission shall certify such copies to the planning commission of all municipalities within the county or region. Any municipal planning commission which receives any such certification may adopt so much of the plan, part,

amendment, or addition as falls within the territory of the municipality as a part or amendment of or addition to the master plan of the municipality, and, when so adopted, it shall have the same force and effect as though made and prepared, as well as adopted, by such municipal planning commission.

30-28-110. Regional planning commission approval - required when - recording. (1)

(a) Whenever any county planning commission or, if there is none, any regional planning commission has adopted a master plan of the county or any part thereof, no road, park, or other public way, ground, or space, no public building or structure, or no public utility, whether publicly or privately owned, shall be constructed or authorized in the unincorporated territory of the county until and unless the proposed location and extent thereof has been submitted to and approved by such county or regional planning commission.

(b) In case of disapproval, the commission shall communicate its reasons to the board of county commissioners of the county in which the public way, ground, space, building, structure, or utility is proposed to be located. Such board has the power to overrule such disapproval by a vote of not less than a majority of its entire membership. Upon such overruling, said board or other official in charge of the proposed construction or authorization may proceed therewith.

(c) If the public way, ground, space, building, structure, or utility is one the authorization or financing of which does not, under the law governing the same, fall within the province of the board of county commissioners or other county officials or board, the submission to the commission shall be by the body or official having such jurisdiction, and the commission's disapproval may be overruled by said body by a vote of not less than a majority of its entire membership or by said official. In the case of a utility owned by an entity other than a political subdivision, the submission to the commission shall be by the utility and shall not be by the public utilities commission; however, the commission's disapproval may be overruled by the public utilities commission by a vote of not less than a majority of its entire membership.

(d) The acceptance, widening, removal, extension, relocation, narrowing, vacation, abandonment, change of use, or sale or lease of or acquisition of land for any road, park, or other public way, ground, place, property, or structure shall be subject to similar submission and approval, and the failure to approve may be similarly overruled.

(e) The failure of the commission to act within thirty days after the date of official submission to it shall be deemed approval, unless a longer period is granted by the submitting board, body, or official.

(2) (a) In any geographic area of common planning jurisdiction, which area consists of part or all of several counties for which a regional plan has been duly adopted, the district, county, or municipal planning commission shall refer to the regional planning commission for review any proposed new or changed land use plan, zoning amendments, subdivision proposals, housing codes, sign codes, urban renewal projects, proposed public facilities, or other planning functions which clearly affect another local governmental unit, or which affect the region as a whole, or which are the subject of primary responsibility of the regional planning commission.

(b) In any geographic area of common planning jurisdiction which involves part or all of only one county for which a regional plan has been duly adopted, the district, county, or

municipal planning commission shall refer to the regional planning commission for review any proposed new or changed land use plan, zoning amendments, subdivision proposals, housing codes, sign codes, urban renewal projects, proposed public facilities, or other planning functions which clearly affect another local governmental unit, or which affect the region as a whole, or which are the subject of primary responsibility of the regional planning commission.

(c) The regional planning commission shall, within thirty days after the receipt of such referral, report to the district, county, or municipal planning commission on the effect of the referred matter on the regional plan. This time may be extended by mutual agreement. If, during the review time, a satisfactory adjustment in the referred matter cannot be worked out, the regional planning commission may report to the district, county, or municipal planning commission that this referred matter is inconsistent with the regional plan. In that case, if the district, county, or municipality has theretofore adopted the regional plan for the development of its area, the concurrent vote of two-thirds of the total membership of the district, county, or municipal planning commission shall be required to issue a different independent report on such matters. In all instances, the regional planning commission may also forward its report on the referred matter to the governing body of the governmental unit having authority to decide the matter.

(d) The failure of the regional planning commission to reply within thirty days after the receipt of the referral, or within the agreed extension of time, shall be deemed approval of the matter referred.

(e) A failure on the part of any district, county, or municipal planning commission to refer to the regional planning commission any plan or authorization provided for in paragraphs (a) and (b) of this subsection (2) shall be deemed a determination by such district, county, or municipal planning commission that the matter is local in nature.

(f) The regional planning commission, on its own initiative, may initiate a review of any matter involving its regional planning functions, whether such matter has been referred to it or not, if the subject of the review affects two or more local jurisdictions and may make a report of the result of such review to the governing bodies of the jurisdictions involved.

(g) The provisions of this subsection (2) shall not apply to any proposed business or industrial zoning change of less than twenty acres nor to any proposed residential zoning change or subdivision of less than forty acres.

(3) (a) All plans of streets or highways for public use, and all plans, plats, plots, and replots of land laid out in subdivision or building lots and the streets, highways, alleys, or other portions of the same intended to be dedicated to a public use or the use of purchasers or owners of lots fronting thereon or adjacent thereto, shall be submitted to the board of county commissioners for review and subsequent approval, conditional approval, or disapproval. It is not lawful to record any such plan or plat in any public office unless the same bears thereon, by endorsement or otherwise, the approval of the board of county commissioners and after review by the appropriate planning commission.

(b) The approval of said plan or plat by such commission shall not be deemed an acceptance of the proposed dedication by the public. Such acceptance, if any, shall be given by action of the governing body of the municipality or by the board of county commissioners. The owners and purchasers of such lots shall be presumed to have notice of public plans, maps, and reports of such commission affecting such property within its jurisdiction.

(4) (a) Any subdivider, or agent of a subdivider, who transfers legal or equitable title or sells any subdivided land before a final plat for such subdivided land has been approved by the board of county commissioners and recorded or filed in the office of the county clerk and recorder is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars nor less than five hundred dollars for each parcel of or interest in subdivided land which is sold. All fines collected under this paragraph (a) shall be credited to the general fund of the county. No person shall be prosecuted, tried, or punished under this paragraph (a) unless the indictment, information, complaint, or action for the same is instituted prior to the expiration of eighteen months after the recordation or filing in the office of the county clerk and recorder of the instrument transferring or selling such subdivided land. The board of county commissioners may provide for the enforcement of subdivision regulations by means of withholding building permits. No plat for subdivided land shall be approved by the board of county commissioners unless at the time of the approval of platting the subdivider provides the certification of the county treasurer's office that all ad valorem taxes applicable to such subdivided land, for years prior to that year in which approval is granted, have been paid.

(b) The board of county commissioners of the county in which the subdivided land is located has the power to bring an action to enjoin any subdivider from selling subdivided land before a final plat for such subdivided land has been approved by the board of county commissioners.

(c) The board of county commissioners shall distribute, or cause to be distributed, the sets of plans or plats submitted to the agencies as referred to in section 30-28-136 (1).

(d) Any violation of paragraph (a) of this subsection (4) is prima facie evidence of a fraudulent land transaction and shall be grounds for the purchaser to void the transfer or sale.

(e) This subsection (4) applies only with respect to parcels of land less than thirty-five acres in area.

(5) (a) Notice of the filing of preliminary plans of any type required by this section to be submitted to a district, regional, or county planning commission or to the board of county commissioners, if the situs of these plans lies wholly or partially within two miles of the corporate limits of a municipality but not within the corporate limits of another municipality, shall be referred to the town or city clerk of such municipality by the county planning commission or, if there be none, by the board of county commissioners. Within fourteen days of the receipt of such plans, the municipality, by action of its city council or town board, or, if one exists, by action of its planning commission, may make its recommendations to the board of county commissioners, which shall forward the same to the district, regional, or county planning commission, if any. Failure of the town board, city council, or agents designated by them to make any recommendation within fourteen days of the receipt of such plans shall constitute waiver of its right to make such recommendation.

(b) If such recommendation is made by the municipality, it shall be taken into consideration by the board of county commissioners and district, regional, or county planning commission, if any, before action is taken upon the plans. The board of county commissioners and district, regional, or county planning commission, if any, shall take no action on such plans until the recommendation of the municipality is received or until fifteen days after receipt of the preliminary plans, whichever is sooner.

30-28-111. Zoning plan. (1) The county planning commission of any county may, and upon order by the board of county commissioners in any county having a county planning commission shall, make a zoning plan for zoning all or any part of the unincorporated territory within such county, including both the full text of the zoning resolution and the maps, and representing the recommendations of the commission for the regulation by districts or zones of the location, height, bulk, and size of buildings and other structures, percentage of lot which may be occupied, the size of lots, courts, and other open spaces, the density and distribution of population, the location and use of buildings and structures for trade, industry, residence, recreation, public activities, or other purposes, access to sunlight for solar energy devices, and the uses of land for trade, industry, recreation, or other purposes. To the end that adequate safety may be secured, the county planning commission may include in said zoning plan provisions establishing, regulating, and limiting such uses on or along any storm or floodwater runoff channel or basin as such storm or floodwater runoff channel or basin has been designated and approved by the Colorado water conservation board in order to lessen or avoid the hazards to persons and damage to property resulting from the accumulation of storm or floodwaters.

(2) The county planning commission or the board of adjustment of any county, in the exercise of powers pursuant to this article, may condition any portion of a zoning resolution, any amendment thereto, or any exception to the terms thereof upon the preservation, improvement, or construction of any storm or floodwater runoff channel designated and approved by the Colorado water conservation board.

30-28-112. Certification of plan - hearings. The county planning commission shall certify a copy of the plans for zoning all or any part of the unincorporated territory within the county, or any adopted part or amendment thereof or addition thereto, to the board of county commissioners of the county. After receiving the certification of said zoning plans from the commission and before the adoption of any zoning resolutions, the board of county commissioners shall hold a public hearing thereon, the time and place of which at least fourteen days' notice shall be given by one publication in a newspaper of general circulation in the county. Such notice shall state the place at which the text and maps so certified by the county planning commission may be examined. No substantial change in or departure from the text or map so certified by the county planning commission shall be made unless such change or departure is first submitted to the certifying county planning commission for its approval, disapproval, or suggestions and, if disapproved, shall receive the favorable vote of not less than a majority of the entire membership of the board of county commissioners. The county planning

commission shall have thirty days after such submission within which to send its report to the board of county commissioners.

30-28-113. Regulation of size and use - districts - definitions - repeal. (1) (a) Except as otherwise provided in section 34-1-305, C.R.S., when the county planning commission of any county makes, adopts, and certifies to the board of county commissioners plans for zoning the unincorporated territory within any county, or any part thereof, including both the full text of a zoning resolution and the maps, after public hearing thereon, the board of county commissioners, by resolution, may regulate, in any portions of such county that lie outside of cities and towns:

- (I) The location, height, bulk, and size of buildings and other structures;
- (II) The percentage of lots that may be occupied;
- (III) The size of yards, courts, and other open spaces;
- (IV) The uses of buildings and structures for trade, industry, residence, recreation, public activities, or other purposes;
- (V) Access to sunlight for solar energy devices; and
- (VI) The uses of land for trade, industry, residence, recreation, or other purposes and for flood control.

(b) (I) In order to accomplish such regulation, the board of county commissioners:

(A) May divide the territory of the county that lies outside of cities and towns into districts or zones of such number, shape, or area as it may determine, and, within such districts or any of them, may regulate the erection, construction, reconstruction, alteration, and uses of buildings and structures and the uses of land; and

(B) May require and provide for the issuance of building permits as a condition precedent to the right to erect, construct, reconstruct, or alter any building or structure within any district covered by such zoning resolution.

(II) (A) Except as otherwise provided in this section, the aggregate of all charges or other related or associated fees a county shall impose or assess to install an active solar energy system or geothermal energy system shall not exceed the lesser of the county's actual costs in issuing the permit or five hundred dollars for a residential application or one thousand dollars for a nonresidential application if the device or system produces fewer than two megawatts of direct current electricity or an equivalent-sized thermal energy system, or that exceed the county's actual costs in issuing the permit if the device or system produces at least two megawatts of direct current electricity or an equivalent-sized thermal energy system. A county may increase its fees or other charges as authorized by this subsection (1)(b)(II) by no more than five percent on an annual basis until the five hundred dollar limitation specified in this subsection (1)(b)(II) is achieved. The county shall clearly and individually identify all fees and taxes assessed on an application subject to this subsection (1)(b)(II) on the invoice. The general assembly hereby finds that there is a statewide need for certainty regarding the fees that can be assessed for permitting such devices or systems, and therefore declares that this subsection (1)(b)(II) is a matter of statewide concern. This subsection (1)(b)(II) is repealed, effective December 31, 2029.

(B) In the case of a nonresidential application, on an individual installation basis only, if the county incurs actual costs for issuing the permit that are greater than one thousand dollars,

the county is entitled to recovery of its actual costs for issuing the permit by submitting in writing and disclosing to the applicant for the particular permit proof of the county's actual costs.

(C) As used in this subsection (1)(b)(II), "active solar energy system" means a single system that contains electric generation, a thermal device, or is an energy storage system as defined in section 40-2-202 (2), and "geothermal energy system" means a system that uses geothermal energy for water heating or space heating or cooling in a single building, for space heating for more than one building through a pipeline network, or for electricity generation.

(2) The county planning commission may make and certify a single plan for the entire unincorporated portion of the county or separate and successive plans for those parts which it deems to be urbanized or suitable for urban development and those parts which, by reason of distance from existing urban communities or for other causes, it deems suitable for nonurban development. Any resolution adopted by the board of county commissioners may cover and include the unincorporated territory covered and included in any such single plan or in any of such separate and successive plans. No resolution covering more or less than the territory covered by any such certified plan shall be adopted or put into effect until and unless it is first submitted to the county planning commission which certified the plan to the board of county commissioners and is approved by said commission or, if disapproved, receives the favorable vote of not less than a majority of the entire membership of such board. All such regulations shall be uniform for each class or kind of building or structure throughout any district, but the regulations in any one district may differ from those in other districts.

30-28-114. Enforcement - inspector - permits. The board of county commissioners may provide for the enforcement of the zoning regulations by means of the withholding of building permits, and, for such purpose, may establish and fill a position of county building inspector and may fix the compensation attached to said position, or may authorize one or more administrative officials of the county to assume some or all functions of such position in addition to their customary functions. Such board may also fix a reasonable schedule of fees for the issuance of such permits. After the establishment of such position and the filling of the same, it shall be unlawful to erect, construct, reconstruct, alter, or change the use of any building or other structure within the unincorporated territory covered by such zoning regulations without obtaining a building permit from such county building inspector. Such building inspector shall

not issue any permit unless the plans for the proposed erection, construction, reconstruction, alteration, or use fully conform to all zoning regulations then in effect.

30-28-115. Public welfare to be promoted - legislative declaration - construction - definitions. (1) Such regulations shall be designed and enacted for the purpose of promoting the health, safety, morals, convenience, order, prosperity, or welfare of the present and future inhabitants of the state, including lessening the congestion in the streets or roads or reducing the waste of excessive amounts of roads, promoting energy conservation, securing safety from fire, floodwaters, and other dangers, providing adequate light and air, classifying land uses and distributing land development and utilization, protecting the tax base, securing economy in governmental expenditures, fostering the state's agricultural and other industries, and protecting both urban and nonurban development.

(1.5) (a) The general assembly finds and declares that access to outpatient clinical facilities providing reproductive health care, as defined in section 25-6-402 (4), is a matter of statewide concern and that, for purposes of zoning and other land use planning, such facilities fall within the meaning of a medical office use, a medical clinic use, a health-care use, and other facilities that provide outpatient health-care services.

(b) For the purposes of zoning and other land use planning, every local government that has adopted or adopts a zoning ordinance shall recognize the provision of outpatient reproductive health care, as defined in section 25-6-402 (4), as a permitted use in any zone in which the provision of general outpatient health care is recognized as a permitted use.

(c) Nothing in this subsection (1.5) restricts or supersedes the authority of a local government to enact uniform zoning ordinances and other land use regulations that comply with this subsection (1.5).

(2) (a) The general assembly hereby finds and declares that it is the policy of the state to assist persons who have an intellectual and developmental disability to live in typical residential surroundings. Further, the general assembly declares that the establishment of state-licensed group homes for the exclusive use of persons with intellectual and developmental disabilities, which are known as community residential homes as defined in section 25.5-10-202, C.R.S., is a matter of statewide concern and that a state-licensed group home for eight persons with intellectual and developmental disabilities is a residential use of property for zoning purposes. The phrase "residential use of property for zoning purposes", as used in this subsection (2), includes all forms of residential zoning and specifically, although not exclusively, single-family residential zoning. As used in this section, "person with a developmental disability" has the same meaning as "person with an intellectual and developmental disability" as set forth in section 25.5-10-202, C.R.S.

(b) (I) (Deleted by amendment, L. 2001, p. 103, § 1, effective March 21, 2001.)

(II) The general assembly declares that the establishment of group homes for the aged for the exclusive use of not more than eight persons sixty years of age or older per home is a matter of statewide concern. The general assembly further finds and declares that it is the policy of this state to enable and assist persons sixty years of age or older who do not need nursing facilities and who so elect to live in normal residential surroundings, including single-family

residential units. Group homes for the aged must be distinguished from nursing facilities, as defined in section 25.5-4-103, and institutions providing life care, as defined in section 11-49-101. Every county that adopts a zoning ordinance shall provide for the location of group homes for the aged. A group home for the aged established under this subsection (2)(b)(II) must not be located within seven hundred fifty feet of another group home, unless otherwise provided for by the county.

(b.5) The general assembly declares that the establishment of state-licensed group homes for the exclusive use of persons with behavioral or mental health disorders, as defined in section 27-65-102, is a matter of statewide concern and that a state-licensed group home for eight persons with behavioral or mental health disorders is a residential use of property for zoning purposes, as defined in section 31-23-301 (4). A group home for persons with behavioral or mental health disorders established pursuant to this subsection (2)(b.5) must not be located within seven hundred fifty feet of another such group home or of another group home as described in subsections (2)(a) and (2)(b) of this section, unless otherwise provided for by the county. A person must not be placed in a group home without being screened by either a professional person, as defined in section 27-65-102 (27), or any other mental health professional designated by the director of a facility, which facility is approved by the commissioner of the behavioral health administration. Persons determined to be not guilty by reason of insanity to a violent offense must not be placed in such group homes, and any person who has been convicted of a felony involving a violent offense is not eligible for placement in such group homes. This subsection (2)(b.5) must be implemented, where appropriate, by the rules of the department of public health and environment concerning residential treatment facilities for persons with behavioral or mental health disorders. Nothing in this subsection (2)(b.5) exempts such group homes from compliance with any state, county, or municipal health, safety, and fire codes.

(b.7) The general assembly finds and declares that it is the policy of the state to encourage, promote, and assist persons who are in recovery from substance use disorders to live in residential neighborhoods. Further, the general assembly declares that the use of recovery residences, as defined in section 27-80-129 (1)(b), by persons in recovery from substance use disorders is a matter of statewide concern and that recovery residences are a residential use of property for zoning purposes and subject only to the regulations of like dwellings in the same zone.

(c) Nothing in this subsection (2) shall be construed to supersede the authority of municipalities and counties to regulate such homes appropriately through local zoning ordinances or resolutions, except insofar as such regulation would be tantamount to prohibition of such homes from any residential district. This section is specifically not to be construed to permit violation of the provisions of any zoning ordinance or resolution with respect to height, setbacks, area, lot coverage, or external signage or to permit architectural designs substantially inconsistent with the character of the surrounding neighborhood. This section is also not to be construed to permit conducting of the ministerial activities of any private or public organization or agency or to permit types of treatment activities or the rendering of services in a manner substantially inconsistent with the activities otherwise permitted in the particular zoning district. If reasonably related to the requirements of a particular home, a local zoning or other development regulation may, without violating the provisions of this section, also attach specific location requirements to the approval of the group home, including the availability of such

services and facilities as convenience stores, commercial services, transportation, and public recreation facilities.

(2.5) In connection with an application for development approval of the siting of a new facility to be used exclusively as a group home for the aged or for at-risk adults under the county's subdivision, zoning, platting, planned unit development, or other similar land development regulations, in addition to any other information required to be submitted, the county may request the applicant to submit a transportation plan showing how the operators of the facility intend to meet the transportation needs of the residents of the facility. The sufficiency of the transportation plan submitted pursuant to this subsection (2.5) may be considered by the county in reviewing the application but may not, by itself, constitute grounds for denying the application.

(3) (a) As used in this subsection (3), unless the context otherwise requires:

(I) Repealed.

(II) "Equivalent performance engineering basis" means that by using engineering calculations or testing, following commonly accepted engineering practices, all components and subsystems will perform to meet health, safety, and functional requirements to the same extent as required for other single family housing units.

(b) (I) No county may have or enact zoning regulations, subdivision regulations, or any other regulation affecting development, which exclude or have the effect of excluding homes or structures from the county that are:

(A) Factory-built structures, as defined in section 24-32-3302 (11) and certified by the division of housing created in section 24-32-704 or a party authorized to act on its behalf;

(B) Manufactured homes certified by the United States department of housing and urban development through its office of manufactured housing programs, a successor agency, or a party authorized to act on its behalf; or

(C) Homes that meet or exceed, on an equivalent performance engineering basis, standards established by the county building code.

(I.5) A county shall not impose more restrictive standards on factory-built structures than those the county applies to site-built homes in the same residential zones. As used in this subsection (3)(b)(I.5), "restrictive standards" means zoning regulations, subdivision regulations, and any other regulation affecting development, including standards related to:

(A) Home size or sectional requirements;

(B) Improvement location;

(C) Minimum floor space;

(D) Permanent foundations;

(E) Setback standards; and

(F) Side-yard standards.

(II) Nothing in this subsection (3) prevents a county from enacting any zoning, developmental, use, aesthetic, or historical standard, including, but not limited to, requirements relating to permanent foundations, minimum floor space, unit size or sectional requirements, and improvement location, side yard, and setback standards to the extent that such standards or requirements are applicable to existing similar housing or structures or new site-built housing within the specific use district of the county.

(III) Nothing in this subsection (3) precludes any county from enacting county building code provisions for unique public safety requirements such as snow load roof, wind shear,

wildfire risk, and energy conservation factors, unless it is a factory-built structure certified by the division of housing created in section 24-32-704 or a party authorized to act on its behalf or a manufactured home certified by the United States department of housing and urban development through its office of manufactured housing programs, a successor agency, or a party authorized to act on its behalf. A county must comply with the requirements established by the division of housing for factory-built structures and the United States department of housing and urban development for manufactured homes.

(IV) Nothing in this subsection (3) shall be deemed to supersede any valid covenants running with the land.

30-28-116. Regulations may be amended. From time to time the board of county commissioners may amend the number, shape, boundaries, or area of any district, or any regulation of or within such district, or any other provisions of the zoning resolution. Any such amendment shall not be made or become effective unless the same has been proposed by or is first submitted for the approval, disapproval, or suggestions of the county planning commission. If disapproved by such commission within thirty days after such submission, such amendment, to become effective, shall receive the favorable vote of not less than a majority of the entire membership of the board of county commissioners. Before finally adopting any such

amendment, the board of county commissioners shall hold a public hearing thereon, and at least fourteen days' notice of the time and place of such hearing shall be given by at least one publication in a newspaper of general circulation in the county.

30-28-117. Board of adjustment. (1) The board of county commissioners of any county which enacts zoning regulations under the authority of this part 1 shall provide for a board of adjustment of three to five members and for the manner of the appointment of such members. Not more than half of the members of such board may at any time be members of the planning commission. The board of county commissioners shall fix per diem compensation and terms for the members of such board of adjustment, which terms shall be of such length and so arranged that the term of at least one member will expire each year. Any member of the board of adjustment may be removed for cause by the board of county commissioners upon written charges and after a public hearing. Vacancies shall be filled for the unexpired term in the same manner as in the case of original appointments. The board of county commissioners may appoint associate members of such board, and, in the event that any regular member is temporarily unable to act owing to absence from the county, illness, interest in a case before the board, or any other cause, his place may be taken during such temporary disability by an associate member designated for that purpose.

(2) The board of county commissioners shall provide and specify in its zoning or other resolutions general rules to govern the organization, procedure, and jurisdiction of said board of adjustment, which rules shall not be inconsistent with the provisions of this part 1. The board of adjustment may adopt supplemental rules of procedure not inconsistent with this part 1 or such general rules.

(3) Any zoning resolution of the board of county commissioners may provide that the board of adjustment, in appropriate cases and subject to appropriate principles, standards, rules, conditions, and safeguards set forth in the zoning resolution, may make special exceptions to the terms of the zoning regulations in harmony with their general purpose and intent. Where feasible, special exception may be made for the purpose of providing access to sunlight for solar energy devices. The board of county commissioners may also authorize the board of adjustment to interpret the zoning maps and pass upon disputed questions of lot lines or district boundary lines or similar questions, as they may arise in the administration of the zoning regulations.

(4) Meetings of the board of adjustment shall be held at the call of the chairman and at such other times as the board in its rules of procedure may specify. The chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses by application to the district court. The court, upon proper showing, may issue subpoenas and enforce obedience by contempt proceedings. All meetings of the board of adjustment shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

(5) The governing body of a county that has entered into an intergovernmental agreement with a municipality located or partially located within that county for the purposes of

joint participation in land use planning, subdivision procedures, and zoning pursuant to the authority granted in section 31-23-227 (2), C.R.S., may enter into an intergovernmental agreement with that municipality for the purpose of establishing a joint zoning board of adjustment for a specific area designated in the intergovernmental agreement.

30-28-118. Appeals to board of adjustment. (1) (a) Appeals to the board of adjustment may be taken by any person aggrieved by his inability to obtain a building permit or by the decision of any administrative officer or agency based upon or made in the course of the administration or enforcement of the provisions of the zoning resolution. Appeals to the board of adjustment may be taken by any officer, department, board, or bureau of the county affected by the grant or refusal of a building permit or by other decision of an administrative officer or agency based on or made in the course of the administration or enforcement of the provisions of the zoning resolution. The time within which such appeal shall be made, and the form or other procedure relating thereto, shall be as specified in the general rules provided by the board of county commissioners to govern the procedure of such board of adjustment or in the supplemental rules of procedure adopted by such board.

(b) No such appeal to the board of adjustment shall be allowed for building use violations that may be prosecuted pursuant to section 30-28-124 (1)(b).

(2) Upon appeals the board of adjustment has the following powers:

(a) To hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, decision, or refusal made by an administrative official or agency based on or made in the enforcement of the zoning resolution;

(b) To hear and decide, in accordance with the provisions of any such resolution, requests for special exceptions or for interpretation of the map or for decisions upon other special questions upon which such board is authorized by any such resolution to pass;

(c) Where, by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the enactment of the regulation or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation enacted under this part 1 would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon, the owner of such property, to authorize, upon an appeal relating to said property, a variance from such strict application so as to relieve such difficulties or hardship if such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zone plan and zoning resolutions. In determining whether difficulties to, or hardship upon, the owner of such property exist, as used in this paragraph (c), the adequacy of access to sunlight for solar energy devices installed on or after January 1, 1980, may properly be considered. Regulations and restrictions of the height, number of stories, size of buildings and other structures, and the height and location of trees and other vegetation shall not apply to existing buildings, structures, trees, or vegetation except for new growth on such vegetation.

(3) The concurring vote of four members of the board in the case of a five-member board and of three members in the case of a three-member board shall be necessary to reverse

any order, requirement, decision, or determination of any such administrative official or agency or to decide in favor of the appellant.

30-28-119. District planning commissions. (1) Whether or not a county planning commission has been created, the board of county commissioners of any county which is unzoned, on petition, from time to time, may appoint district planning commissions for the purpose of preparing plans for zoning certain portions of the unincorporated territory within such county. Such petition shall:

(a) Be signed by more than fifty percent of the qualified electors who are residents in the proposed district and more than fifty percent of the residents and nonresidents who own more than fifty percent of the area of real property situated within the boundaries of the district described in the petition;

(b) Request the appointment of a planning commission for such district;

(c) Contain all of the following:

(I) A list of the parcels of land as shown in the records of the county assessor to be included within the proposed district;

(II) A list of proposed planning commissioners; and

(III) A map that shows the boundaries of the proposed district and the total number of acres within the proposed district and that meets the minimum standards for land surveys and plats provided in article 51 of title 38, C.R.S.;

(d) Be submitted to the county clerk and recorder.

(1.3) The county clerk and recorder shall review the petition and prepare a report for the board of county commissioners. The board of county commissioners may adopt rules on processing the petition and establish a reasonable fee for the cost of reviewing the petition.

(1.6) At the next regular meeting following the receipt of the report, the board of county commissioners shall determine the sufficiency of the petition and, if found to be sufficient, shall order a public hearing to be held on the question of whether a planning commission for the proposed district should be appointed. The board of county commissioners shall hold the public hearing not more than sixty days after the date the petition is determined sufficient. The petitioner has the burden of proof that a planning commission for the proposed district should be appointed.

(2) Notice of the time, place, and purpose of such hearing, containing a description of the boundaries of the proposed district, shall be given by publication in a newspaper of general circulation within the county by one publication at least fourteen days prior to the date of such hearing and shall be mailed by the petitioner for the appointment of a planning commission at least fourteen days before the hearing by certified mail to each person who owns property within the proposed district as shown in the records of the county assessor.

(2.3) Any owner of property included within the boundaries of the proposed district shall be entitled to protest the appointment of a planning commission by filing with the board of county commissioners a written statement setting forth in brief the grounds of the protest or by presenting evidence of the grounds of the protest at the hearing. At the time and place specified

in said notice, the board of county commissioners shall sit for the purpose of determining whether the public interest requires that a planning commission for the proposed district should be appointed. A person protesting the appointment of the planning commission for the proposed district has the burden of proof that a planning commission should not be appointed.

(2.7) At the next regular meeting after termination of the hearing, the board of county commissioners, if satisfied that the public interest requires such action, may enter an order appointing a district planning commission and may exclude parcels of land from the proposed district. The district planning commission shall consist of three or five members, each of whom shall be a resident of the district and the owner of real property situated therein.

(3) (a) The members of such commission shall serve for terms of not more than three years as determined by the board of county commissioners. They shall serve without compensation. The board of county commissioners shall provide for the filling of vacancies in the membership of the commission and for the removal of a member for nonperformance of duty or misconduct.

(b) The district planning commission:

(I) Has all the powers and is subject to all the duties by this part 1 conferred and imposed upon county planning commissions insofar as such powers and duties relate to zoning and in respect to the territory included within the boundaries of such proposed district;

(II) Shall develop proposed plans and regulations for the zoning of the proposed district; and

(III) Shall hold public hearings and certify a copy of the proposed zoning plans, including the full text of the zoning resolution and the maps, to the board of county commissioners of the county, and, if a county planning commission has been created in the county wherein the said district is situated, such plans must first be reviewed by the commission.

(c) (I) After receiving the certification of said zoning plans from the commission and before the creation of the planning district and adoption of any zoning resolutions, the board of county commissioners shall hold a public hearing in the manner prescribed in section 30-28-112 on the question of establishing the planning district. Notice of the time, place, and purpose of the hearing shall be made in the same manner as provided in subsection (2) of this section.

(II) Any property owner within the proposed district may protest inclusion of the owner's property within the district by filing with the board of county commissioners a written statement setting forth briefly the grounds of the protest or by presenting evidence of the grounds of the protest at the hearing. The owner has the burden of proof that the public interest requires exclusion of the owner's property from the district. The board of county commissioners may exclude any parcel of land from the proposed district if the board determines it is within the public interest.

(III) If the board of county commissioners determines it is in the public interest, the board may:

(A) Enter an order after the hearing that establishes the planning district, describes the boundaries of the district, and gives the district an appropriate and distinctive name;

(B) By resolution, adopt all or any part of the proposed zoning plan and regulations; and

(C) By resolution, exercise, as to the territory included within the boundaries of such district, all the powers conferred upon it by law.

(IV) The zoning regulations established for the district may be administered in the same manner as all other land use regulations of the county or as otherwise provided in the district zoning regulations.

(4) Wherever the regulations for a district made pursuant to this section require a greater width or size of yards, courts, or other open spaces, require a lower height of buildings or smaller number of stories, require a greater setback from a road or street, require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in or under any other regulations made under the authority of this part 1 and effective within the same territory, the provisions of the regulations for such district made pursuant to this section shall govern. Wherever the provisions of other regulations made under the authority of this part 1 and effective within the territory of a district established pursuant to this section impose higher standards than are imposed by the regulations for such district made pursuant to this section, the provisions of such other regulations shall govern.

(5) The boundaries of a planning district may be increased or decreased from time to time through the addition or deletion of contiguous property by order of the board of county commissioners pursuant to petition signed by the owners of more than fifty percent of the area of the real property to be added or deleted or on motion of the board of county commissioners after published notice, opportunity for protest, and hearing, as provided in the case of original establishment of a district.

(6) Planning districts may be dissolved by action of the board of county commissioners if the affected county adopts a zoning resolution which covers the district in question. Action for dissolution may also be initiated by a petition calling for dissolution of the district signed by more than fifty percent of the qualified electors who are residents in the district and more than fifty percent of the residents and nonresidents who own more than fifty percent of the area of real property situated within the boundaries of the district or by the board of county commissioners. The board shall hold a public hearing at the county seat within the county on the question of the dissolution of the district. A notice of the time, place, and purpose of such hearing, containing a description of the boundaries of the district, shall be given by publication in a newspaper of general circulation within the county by one publication at least fourteen days prior to the date of such hearing. Prior to the hearing, the county planning commission shall review the proposed dissolution at a public meeting and shall transmit its findings to the board of county commissioners. Any owner of property included within the boundaries of the proposed district shall be entitled to protest the dissolution by filing with the board of county commissioners a written statement setting forth in brief the grounds of the protest or by providing evidence on the grounds of the protest at the hearing. At the time and place specified in said notice, the board of county commissioners shall sit for the purpose of determining whether or not such district should be dissolved, and, at such time and place, it shall consider and pass upon any protests filed. The board of county commissioners, if satisfied that the public interest would be served by such action, shall enter an order dissolving the planning district, or, if satisfied that the public interest would be served by retaining such district, the board shall enter an order dismissing such petition.

30-28-120. Existing structures - county property. (1) The lawful use of a building or structure or the lawful use of any land, as existing and lawful at the time of the adoption of a zoning resolution or, in the case of an amendment of a resolution, at the time of such amendment, may be continued, although such use does not conform with the provisions of such resolution or amendment, and such use may be extended throughout the same building if no structural alteration of such building is proposed or made for the purpose of such extension. The addition of a solar energy device or a device used as part of a system that uses geothermal energy for water heating or space heating or cooling to such building shall not necessarily be considered a structural alteration. The board of county commissioners may provide in any zoning resolution for the restoration, reconstruction, extension, or substitution of nonconforming uses upon such terms and conditions as may be set forth in the zoning resolution.

(2) If any county acquires title to any property by reason of tax delinquency and such property is not redeemed as provided by law, the future use of such property shall be in conformity with the then provisions of the zoning resolution of the county, or with any amendment of such resolution, equally applicable to other like properties within the district in which the property acquired by the county is located.

30-28-121. Temporary regulations. The board of county commissioners of any county, after appointment of a county or district planning commission and pending the adoption by such commission of a zoning plan, where in the opinion of the board conditions require such action, may promulgate, by resolution without a public hearing, regulations of a temporary nature, to be effective for a limited period only and in any event not to exceed six months, prohibiting or regulating in any part or all of the unincorporated territory of the county or district the erection, construction, reconstruction, or alteration of any building or structure used or to be used for any business, residential, industrial, or commercial purpose.

30-28-122. Submission to division of planning. Before finally adopting and certifying any plan, either master or zoning, the planning commission, regional, county, or district, making such plan shall submit such plan to the division of planning of the department of local affairs for advice and recommendations. The director of the division of planning, within thirty days after such submission, shall present his advice and criticism in respect to such plan. Such advice and criticism shall be advisory only, and the commission submitting such plan shall not be bound thereby. If such advice and criticism have not been presented within such period of thirty days, the approval of such plan by the director of the division of planning shall be presumed.

30-28-123. Higher standards govern. Wherever the regulations made under authority of this part 1 require a greater width or size of yards, courts, or other open spaces, or require a lower height of buildings or smaller number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in or under any other statute, the provisions of the regulations made under authority of this part 1 shall govern. Wherever the provisions of any other statute require a greater width or size of yards, courts, or other open spaces, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required by the regulations made under authority of this part 1, the provisions of such statute shall govern.

30-28-124. Penalties. (1) (a) It is unlawful to erect, construct, reconstruct, or alter any building or structure in violation of any regulation in, or of any provisions of, any zoning resolution, or any amendment thereof, enacted or adopted by the board of county commissioners under the authority of this part 1. Any person, firm, or corporation violating any such regulation, provision, or amendment thereof, or any provision of this part 1 commits a civil infraction. Each day during which such illegal erection, construction, reconstruction, or alteration continues shall be deemed a separate offense.

(b) (I) It is unlawful to use any building, structure, or land in violation of any regulation in, or of any provision of, any zoning resolution, or any amendment thereto, enacted or adopted by any board of county commissioners under the authority of this part 1. Any person, firm, or corporation violating any such regulation, provision, or amendment commits a civil infraction. Each day during which such illegal use of any building, structure, or land continues shall be deemed a separate offense.

(II) Whenever a county zoning official authorized pursuant to section 30-28-114 has personal knowledge of any violation of this paragraph (b), he or she shall give written notice to the violator to correct the violation within ten days after the date of the notice. Should the violator fail to correct the violation within the ten-day period, the zoning official may request that the sheriff of the county issue a summons and complaint to the violator, stating the nature of the violation with sufficient particularity to give notice of the charge to the violator. The summons and complaint shall require that the violator appear in county court at a definite time and place stated therein to answer and defend the charge.

(III) One copy of said summons and complaint shall be served upon the violator by the sheriff of the county in the manner provided by law for the service of a criminal summons. One copy each shall be retained by the sheriff and the county zoning official, and one copy shall be transmitted by the sheriff to the clerk of the county court.

(c) It is the responsibility of the county attorney to enforce the provisions of this subsection (1). In the event that there is no county attorney or in the event that the board of county commissioners deems it appropriate, the board of county commissioners may appoint the

district attorney of the judicial district to perform such enforcement duties in lieu of the county attorney.

(2) In case any building or structure is or is proposed to be erected, constructed, reconstructed, altered, or used, or any land is or is proposed to be used, in violation of any regulation or provision of any zoning resolution, or amendment thereto, enacted or adopted by any board of county commissioners under the authority granted by this part 1, the county attorney of the county in which such building, structure, or land is situated, in addition to other remedies provided by law, may institute an injunction, mandamus, abatement, or other appropriate action or proceeding to prevent, enjoin, abate, or remove such unlawful erection, construction, reconstruction, alteration, or use. In the event that there is no county attorney or in the event that the board of county commissioners deems it appropriate, the board of county commissioners may appoint the district attorney of the judicial district to perform such enforcement duties in lieu of the county attorney.

30-28-124.5. County court actions for civil penalties for zoning violations. (1) It is unlawful to erect, construct, reconstruct, alter, or use any building, structure, or land in violation of any regulation in, or of any provisions of, any zoning resolution or any amendment thereof, enacted or adopted by the board of county commissioners under the authority of this part 1. In addition to any penalties imposed pursuant to section 30-28-124, any person, firm, or corporation violating any such regulation, provision, or amendment thereof or any provision of this part 1 may be subject to the imposition, by order of the county court, of a civil penalty in an amount of not less than five hundred dollars nor more than one thousand dollars. It is within the discretion of the county attorney to determine whether to pursue the civil penalties set forth in this section, the remedies set forth in section 30-28-124, or both. Each day after the issuance of the order of the county court during which such unlawful activity continues shall be deemed a separate violation and shall, in accordance with the subsequent provisions of this section, be the subject of a continuing penalty in an amount not to exceed one hundred dollars for each such day. Until paid, any civil penalty ordered by the county court and assessed under this subsection (1) shall, as of recording, be a lien against the property on which the violation has been found to exist. In case the assessment is not paid within thirty days, it may be certified by the county attorney to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected. The laws of this state for assessment and collection of general taxes, including the laws for the sale and redemption of property for taxes, shall apply to the collection of assessments pursuant to this subsection (1). Any lien placed against the property pursuant to this subsection (1) shall be recorded with the clerk and recorder of the county in which the property is located.

(2) (a) In the event any building or structure is erected, constructed, reconstructed, altered, or used or any land is used in violation of any regulation or provision of any zoning resolution, or amendment thereto, enacted or adopted by any board of county commissioners under the authority granted by this part 1, the county attorney of the county in which such

building, structure, or land is situated, in addition to other remedies provided by law, may commence a civil action in county court for the county in which such building, structure, or land is situated, seeking the imposition of a civil penalty in accordance with the provisions of this section.

(b) A county zoning official designated by resolution of the board of county commissioners shall, upon personal information and belief that a violation of any regulation or provision of any zoning resolution enacted under the authority of this part 1 has occurred, give written notice to the violator to correct the violation within ten days after the date of the notice. If the violator fails to correct the violation within the ten-day period or within any extension period granted by the zoning official, the zoning official, the sheriff of the county, or the county attorney may issue a summons and complaint to the violator, stating the nature of the violation with sufficient particularity to give notice of the charge to the violator.

(c) One copy of the summons and complaint issued pursuant to paragraph (b) of this subsection (2) shall be served upon the violator in the manner provided by law for the service of a county court civil summons and complaint in accordance with the Colorado rules of county court civil procedure. The summons and complaint shall also be filed with the clerk of the county court and thereafter the action shall proceed in accordance with the Colorado rules of county court civil procedure.

(d) If the county court finds, by a preponderance of the evidence, that a violation of any regulation or provision of a zoning resolution, or amendment thereto, as enacted and adopted by the board of county commissioners, has occurred, the court shall order the violator to pay a civil penalty in an amount allowed pursuant to subsection (1) of this section. The penalty shall be payable immediately by the violator to the county treasurer. In the event that the alleged violation has been cured or otherwise removed and the violator has notified the county zoning official of the cure or removal at least five business days prior to the appearance date in the summons, then the county attorney shall so inform the court and request that the action be dismissed without fine or appearance of the defendant.

(3) Upon the filing with the court of a receipt issued by the county treasurer showing payment in full of a civil penalty assessed pursuant to this section and upon the filing of an affidavit of the county zoning official that the violation has been cured, removed, or corrected, the court shall dismiss the action and issue a satisfaction in full of the judgment so entered. The court may also dismiss the action upon a motion of the county attorney indicating that the matter has been otherwise resolved.

(4) If a receipt showing full payment of the civil penalty or the affidavit or the motion by the county attorney required by subsection (3) of this section is not filed, the action shall continue and the court shall retain jurisdiction to impose an additional penalty against the violator in the amount specified in subsection (1) of this section. The additional penalty shall be imposed by the court upon motion filed by the county and proof that the violation has not been cured, removed, or corrected. Thereafter, the action shall continue until the filing with the court of a receipt issued by the county treasurer showing payment in full of the civil penalty and any additional penalties so assessed and the filing of an affidavit of the county zoning official that the violation has been cured, removed, or corrected, or until a motion by the county attorney to dismiss the action is granted by the court.

30-28-125. Filing with county clerk and recorder. Upon the adoption of any zoning ordinance or regulation, or map, the board of county commissioners shall file a certified copy of each in the office of the county clerk and recorder, which copies shall be accessible to the public. The county clerk and recorder shall index such ordinances and regulations as nearly as possible in the same manner as he indexes instruments pertaining to the title of land.

30-28-126. Appropriation authorized. The board of county commissioners is empowered to appropriate out of the general county fund such moneys, otherwise unappropriated, as it may deem fit to finance the work of the county and district planning commissions and of the boards of adjustment, and to enforce the zoning regulations and restrictions which are adopted, and to accept grants of money and service for these purposes and other purposes, in accordance with this part 1, from either private or public sources, state or federal.

30-28-127. Public utilities exceptions. None of the provisions of this part 1 shall apply to any existing building, structure, or plant or other equipment owned or used by any public utility. After the adoption of a plan, all extensions, betterments, or additions to buildings, structures, or plant or other equipment of any public utility shall only be made in conformity with such plan, unless, after public hearing first had, the public utilities commission orders that such extensions, betterments, or additions to buildings, structures, or plant or other equipment are reasonable and that such extensions, betterments, or additions may be made even though they conflict with the adopted plan.

30-28-129. Inclusion of land in regional planning commission. Any county or municipality adjacent to an area under the jurisdiction of a regional planning commission may be included in such regional planning commission by agreement between its board of county

commissioners, or governing body, or in charter cities the officials having charge of public improvements and the governing bodies which are members of the regional planning commission. Any such county or municipality, upon being included in the regional planning commission, shall be subject to all provisions of this part 1 relating to regional planning commissions.

30-28-130. Notice of intent to withdraw. Written notice of intent to withdraw shall be given to the regional planning commission at least ninety days prior to the date of intended withdrawal, and no withdrawal shall be effective until such notice has been given. In the event of withdrawal of a county or municipality, no refund shall be made of any moneys paid to the regional planning commission.

30-28-131. Planning commission responsibilities in a common geographic area. The regional planning commission shall have primary responsibility for those broad plans described in section 30-28-106 (3) and surveys and studies described in section 30-28-107 which clearly affect the physical development of two or more governmental units. The district, county, or municipal planning commission shall have primary responsibility for all other plans, surveys, and studies and implementation thereof in zoning, subdivision, housing, recreation, transportation, public works, health and safety, and other similar subjects.

30-28-132. Concurrent planning jurisdiction - authorized agreements and contracts. (1) In any instance where a regional planning commission is unable to perform on time and in sufficient detail a plan or survey or study which is its primary responsibility and where such plan or survey or study has been requested and is urgent for the development of a district, county, or municipality, then, upon formal notice to the regional planning commission, the local commission may proceed to make such plan or survey or study for its own area. In such instances, the regional planning commission may adopt such plan or survey or study as part of its regional plan and may take primary responsibility for the expansion of the study or plan into other jurisdictions.

(2) A regional planning commission may agree or contract with any governmental or quasi-governmental body within the region to make any plan or survey or study for such governmental or quasi-governmental body, irrespective of whether such plan or survey or study is the primary responsibility of such regional planning commission.

(3) A regional planning commission may agree or contract with any constituent government to have it make any plan or survey or study which is the primary responsibility of the regional planning commission.

30-28-133. Subdivision regulations. (1) Every county in the state that does not have a county planning commission on July 1, 1971, shall create a county planning commission in accordance with the provisions of section 30-28-103. Every county planning commission in the state shall develop, propose, and recommend subdivision regulations, and the board of county commissioners shall adopt and enforce subdivision regulations for all land within the unincorporated areas of the county in accordance with this section not later than September 1, 1972. Before finally adopting any subdivision regulations, the board of county commissioners shall hold a public hearing thereon, and at least fourteen days' notice of the time and place of such hearing shall be given by at least one publication in a newspaper of general circulation in the county. Before adopting any such subdivision regulations, the board of county commissioners may revise, alter, or amend any such subdivision regulations developed, proposed, or recommended by the county planning commission. Such subdivision regulations shall be in full force and effect and enforced by the board of county commissioners.

(2) Prior to the adoption of the regulations referred to in this section, a public hearing shall be held thereupon in the county in which said territory or any part thereof is situated. A copy of such regulations shall be filed with the county clerk and recorder of the county in which said territory is situated.

(3) Subdivision regulations adopted by a board of county commissioners pursuant to this section shall require subdividers to submit to the board of county commissioners data, surveys, analyses, studies, plans, and designs, in the form prescribed by the board of county commissioners, of the following items:

(a) Property survey and ownership of the surface and mineral estates including mineral lessees, if any;

(b) Relevant site characteristics and analyses applicable to the proposed subdivision including the following, which shall be submitted by the subdivider with the sketch plan:

(I) Reports concerning streams, lakes, topography, and vegetation;

(II) Reports concerning geologic characteristics of the area significantly affecting the land use and determining the impact of such characteristics on the proposed subdivision;

(III) In areas of potential radiation hazard to the proposed future land use, evaluations of these potential radiation hazards;

(IV) Maps and tables concerning suitability of types of soil in the proposed subdivision, in accordance with any standard soil classifications and procedures therefor, for the proposed use;

(c) A plat and other documentation showing the layout or plan of development, including, where applicable, the following information:

(I) Total development area;

(II) Total number of proposed dwelling units;

(III) Total number of square feet of proposed nonresidential floor space;

(IV) Total number of proposed off-street parking spaces, excluding those associated with single-family residential development;

(V) Estimated total number of gallons per day of water system requirements where a distribution system is proposed;

(VI) Estimated total number of gallons per day of sewage to be treated where a central sewage treatment facility is proposed or sewage disposal means and suitability where no central sewage treatment facility is proposed;

(VII) Estimated construction cost and proposed method of financing of the streets and related facilities, water distribution system, sewage collection system, storm drainage facilities, and such other utilities as may be required of the developer by the county;

(VIII) Maps and plans for facilities to prevent storm waters in excess of historic runoff, caused by the proposed subdivision, from entering, damaging, or being carried by conduits, water supply ditches and appurtenant structures, and other storm drainage facilities;

(d) Adequate evidence that a water supply that is sufficient in terms of quality, quantity, and dependability will be available to ensure an adequate supply of water for the type of subdivision proposed. Such evidence may include, but shall not be limited to:

(I) Evidence of ownership or right of acquisition of or use of existing and proposed water rights;

(II) Historic use and estimated yield of claimed water rights;

(III) Amenability of existing rights to a change in use;

(IV) Evidence that public or private water owners can and will supply water to the proposed subdivision stating the amount of water available for use within the subdivision and the feasibility of extending service to that area;

(V) Evidence concerning the potability of the proposed water supply for the subdivision.

(e) Evidence that provision has been made for facility sites, easements, and rights of access for electrical and natural gas utility service sufficient to ensure reliable and adequate electric or, if applicable, natural gas service for the proposed subdivision. Submission of a letter of agreement between the subdivider and utility serving the site shall be deemed sufficient to establish that adequate provision for electric or, if applicable, natural gas service to a proposed subdivision has been made.

(4) Subdivision regulations adopted by the board of county commissioners pursuant to this section shall also include, as a minimum, provisions governing the following matters:

(a) Sites and land areas for schools and parks when such are reasonably necessary to serve the proposed subdivision and the future residents thereof. Such provisions may include:

(I) Reservation of such sites and land areas, for acquisition by the county;

(II) Dedication of the sites and land areas to the county, to a school district, or to the public or, in lieu thereof, payment of a sum of money not exceeding the fair market value of the sites and land areas or a combination of such dedication and such payment; except that the value of the combination shall not exceed the fair market value of the sites and land areas. Any sums, when required, or moneys to be paid to the board of county commissioners pursuant to this paragraph (a) may, if approved by the board of county commissioners, be paid directly to a school district. If the sites and land areas are dedicated to the county, to a school district, or the public, the board of county commissioners may, at the request of the affected entity, sell the land. The subdivider shall have a right of first refusal to purchase all or a portion of any land dedicated by the subdivider to a county, school district, or other public entity pursuant to this subparagraph (II) before the land is sold, transferred, or conveyed to any party other than a school district. Prior to selling or otherwise transferring ownership of the land, the county, school district, or other public entity selling the land shall provide written notice to the subdivider of its intention to sell or transfer ownership of all or any portion of the land. The subdivider shall then have sixty days to provide written notice to the county, school district, or other public entity of the subdivider's interest in purchasing all or a portion of the land to be sold. The purchase of the land by the subdivider shall be upon such terms and conditions and for such

consideration as the parties may mutually agree; however, in no event shall the purchase price exceed the fair market value of the land at the time the subdivider dedicated the land to the county, school district, or other public entity. Any right of first refusal created pursuant to this subparagraph (II) shall expire twenty years from the date the land was dedicated by the subdivider to a county, school district, or other public entity. Except as provided in subsection (4.3) of this section, any such sums, when required, or moneys paid to the board of county commissioners from the sale of the dedicated sites and land areas shall be held by the board of county commissioners:

(A) For the acquisition of reasonably necessary sites and land areas or for other capital outlay purposes for schools or parks;

(B) For the development of the sites and land areas for park purposes; or

(C) For growth-related planning functions by school districts for educational purposes;

(III) Dedication of such sites and land areas for the use and benefit of the owners and future owners in the proposed subdivision;

(b) Standards and technical procedures applicable to storm drainage plans and related designs, in order to ensure proper drainage ways, which may require, in the opinion of the board of county commissioners, detention facilities which may be dedicated to the county or the public, as are deemed necessary to control, as nearly as possible, storm waters generated exclusively within a subdivision from a one hundred year storm which are in excess of the historic runoff volume of storm water from the same land area in its undeveloped and unimproved condition;

(c) Standards and technical procedures applicable to sanitary sewer plans and designs, including soil percolation testing and required percolation rates and site design standards for on-lot sewage disposal systems when applicable;

(d) Standards and technical procedures applicable to water systems.

(4.3) After final approval of a subdivision plan or plat and receipt of dedications of sites and land areas or payments in lieu thereof required pursuant to subparagraph (II) of paragraph (a) of subsection (4) of this section, the board of county commissioners shall give written notification to the appropriate school districts and local government entities. Following such notice, a school district or local government entity may request periodic transfer on no longer than an annual basis of such land or moneys to the district or entity. When a board of county commissioners determines that the school district or local government entity has demonstrated a need for the land or moneys based on a long-range capital plan or evidence of the impact of the subdivision on the district or entity, or both, it shall periodically transfer on no longer than an annual basis the land or moneys to the appropriate school district or local government entity. The district or entity shall use the transferred land or moneys only for a purpose authorized by subparagraphs (A) to (C) of subparagraph (II) of paragraph (a) of subsection (4) of this section. Any moneys received by the board of county commissioners that are transferred pursuant to this subsection (4.3) are not county revenues for purposes of paragraph (d) of subsection (7) of section 20 of article X of the state constitution.

(4.5) Subdivision regulations adopted by a board of county commissioners may provide for the protection and assurance of access to sunlight for solar energy devices by considering the use of restrictive covenants or solar easements, height restrictions, side yard and setback requirements, street orientation and width requirements, or other permissible forms of land use controls.

(5) No subdivision shall be approved under section 30-28-110 (3) and (4) until such data, surveys, analyses, studies, plans, and designs as may be required by this section and by the county planning commission or the board of county commissioners have been submitted, reviewed, and found to meet all sound planning and engineering requirements of the county contained in its subdivision regulations.

(6) No board of county commissioners shall approve any preliminary plan or final plat for any subdivision located within the county unless the subdivider has provided the following materials as part of the preliminary plan or final plat subdivision submission:

(a) Evidence to establish that definite provision has been made for a water supply that is sufficient in terms of quantity, dependability, and quality to provide an appropriate supply of water for the type of subdivision proposed;

(b) Evidence to establish that, if a public sewage disposal system is proposed, provision has been made for such system and, if other methods of sewage disposal are proposed, evidence that such systems will comply with state and local laws and regulations which are in effect at the time of submission of the preliminary plan or final plat;

(c) Evidence to show that all areas of the proposed subdivision which may involve soil or topographical conditions presenting hazards or requiring special precautions have been identified by the subdivider and that the proposed uses of these areas are compatible with such conditions.

(7) and (8) (Deleted by amendment, L. 2005, p. 668, § 6, effective June 1, 2005.)

(9) The subdivision regulations adopted under this section may provide that, without a hearing or compliance with any of the submission, referral, or review requirements in this section and section 30-28-136, the board of county commissioners may approve a correction plat if the sole purpose of such correction plat is to correct one or more technical errors in an approved plat and where such correction plat is consistent with an approved preliminary plan. However, if the technical error or errors of an approved plat meet the description of any errors under section 38-51-111 (2), C.R.S., a surveyor's affidavit of correction, as defined in section 38-51-102, C.R.S., shall be prepared in lieu of a correction plat.

(10) It is recognized that surface and mineral estates are separate and distinct interests in land and that one may be severed from the other and that the owners of subsurface mineral interests and their lessees, if any, are entitled to the notice specified in section 24-65.5-103, C.R.S., and shall be recognized by the commission as having the same rights and privileges as surface owners.

(11) The subdivision regulations adopted under this section may provide for the payment of a sum of money or proof of a line of credit or other fees in connection with a subdivision on a per-acre basis, to represent an equitable contribution to the total costs of the drainage facilities in the drainage basin in which the subdivision is located. The subdivision regulations shall provide for the repayment to a subdivider, from any surplus basin funds available, of any costs he incurs because of compliance with the plans for the development of drainage basins in excess of the sum of the drainage fees assessed against his acreage. When the subdivision regulations require such payment, a plan for the development of drainage basins shall be adopted pursuant to section 30-28-106 (3)(d). The provisions of this section shall not apply to any area which is within an existing drainage district organized or created pursuant to law without the approval of such district.

(12) The subdivision regulations adopted under this section may provide that a subdivider is entitled to fair-share reimbursement of the cost of any streets and related facilities, water distribution systems, sewage collection systems, storm drainage facilities, and other improvements the county requires the subdivider to construct adjacent to or outside the subdivision. Any such reimbursable costs shall be paid to the subdivider, less any reimbursement by the county, by the owner or owners of property that is adjacent to or has presumed use of the improvements when that property is developed. Subdivision regulations providing for such reimbursement shall prescribe the period, not to exceed fifteen years from the date of completion of an improvement, during which a subdivider may seek reimbursement. Subdivision regulations providing for such reimbursement may entitle subdividers to interest on the amount to be reimbursed.

30-28-133.1. Subdivision plan or plat - access to public highways. No person may submit an application for subdivision approval to a local authority unless the subdivision plan or plat provides, pursuant to section 43-2-147, C.R.S., that all lots and parcels created by the subdivision will have access to the state highway system in conformance with the state highway access code.

30-28-133.5. Review of plats and other plans. (1) The process for review and approval of any plat or other plan required by section 30-28-133 or 30-28-133.1, for any agreement required by section 30-28-137, or for plans for extensions, betterments, or additions to buildings, structures or plant or other equipment of a public utility under section 30-28-127 shall be conducted pursuant to duly adopted county resolutions, ordinances, or regulations that are available to the applicant prior to commencement of such process. The denial of a plat, plan, or agreement shall be supported by written findings specifying the provisions that the plat, plan, or

agreement failed to address or satisfy. The denial of any plat, plan, or agreement shall be based on a failure to conform to the requirements of the adopted resolution, ordinance, or regulation.

(1.5) (a) County resolutions, ordinances, or regulations required by subsection (1) of this section may provide for the delegation by a board of county commissioners to one or more county administrative officials the authority to:

(I) Approve or deny final plats, amendments to final plats, and correction plats insofar as the findings required by section 30-28-133 (6) have previously been made by either the board of county commissioners of the county or by one or more county administrative officials to whom the matter has been delegated in connection with the preliminary plan with which the final plat complies;

(II) Approve subdivision improvement agreements and other agreements required in connection with a final plat, an amendment to a final plat, or correction plat;

(III) Review and approve the data, surveys, analyses, studies, plans, and designs submitted in connection with a final plat, amendment to a final plat, or correction plat; and

(IV) Review and approve any subdivision exemption as authorized by section 30-28-101 (10)(d).

(b) Any delegation of authority made pursuant to subsection (1.5)(a) of this section shall not include:

(I) The approval of any agreement for the expenditure of public funds; or

(II) The waiver or restriction of any appeal process provided by county resolution, ordinance, or regulation.

(c) Any delegation of authority made pursuant to subsection (1.5)(a) of this section must include procedures for public notice and the submission of written comments prior to the administrative approval or denial of a final plat or amendment to a final plat and for the appeal to a board of county commissioners of the county of such administrative approval or denial.

(2) Nothing in this section shall be construed to preclude a county from taking any action permitted by law with respect to the plat, plan, or agreement based on the consideration of the rights and privileges of the owners of subsurface mineral interests and their lessees pursuant to section 30-28-133 (10).

(3) During the administrative review of any plat, plan, or agreement, the county shall make every effort to apprise the applicant of any deficiency or nonconformity in the plat, plan, or agreement prior to any required public hearing. A technical dispute between a licensed or registered professional of the applicant and the county may be referred, at the applicant's request, to a qualified employee in the appropriate state department for a recommendation to facilitate a resolution of the dispute.

(4) The county planning commission or board of county commissioners may request redesign of all or any portion of a plat or plan submitted for approval, but any such request shall be based on specific, objective criteria. If the applicant redesigns the plat or plan in accordance with the request, no further redesign shall be required unless necessary to comply with a duly adopted county resolution, ordinance, or regulation.

(5) Any required public hearing on any plat, plan, or agreement shall be conducted expeditiously and concluded when all those present and wishing to testify have done so. No public hearing shall continue for more than forty days from the date of commencement without the written consent of the applicant. Any continuation of a public hearing shall be to a date certain.

(6) Unless withdrawn by the applicant, any plat, plan, or agreement that has been neither approved, conditionally approved, nor denied within a time certain mutually agreed to by the county and the applicant at the time of filing shall be deemed approved under sections 30-28-127, 30-28-133, 30-28-133.1, or 30-28-137. Such time period may be extended by the county to receive a recommendation from any agency to which a plat or plan was referred pursuant to section 30-28-136, but such extension shall not exceed thirty days unless the agency has notified the county that it will require additional time to complete its recommendation.

(7) Any requirement set forth in this section may be waived in writing by the applicant.

30-28-134. Telecommunications research facilities of the United States - inclusions in planning and zoning. Any zoning plan, modification thereof, or variance therefrom adopted or granted under this part 1 on or after April 23, 1969, shall comply with the requirements of part 6 of article 11 of this title.

30-28-135. Safety glazing materials. The board of county commissioners of each county in this state shall adopt standards governing the use of safety glazing materials for hazardous locations in the unincorporated areas of the county. No building permit shall be issued for the construction, reconstruction, or alteration of any structure in the unincorporated area of such county unless such construction, reconstruction, or alteration conforms to the standards adopted pursuant to this section. The county building inspector shall inspect all places to determine whether such places are in compliance with the standards for the use of safety glazing materials.

30-28-136. Referral and review requirements. (1) Upon receipt of a complete preliminary plan submission, the board of county commissioners or its authorized representative shall distribute copies of prints of the plan as follows:

- (a) To the appropriate school districts;
- (b) To each county or municipality within a two-mile radius of any portion of the proposed subdivision;
- (c) To any utility, local improvement and service district, or ditch company, when applicable;
- (d) To the Colorado state forest service, when applicable;
- (e) To the appropriate planning commission;
- (f) To the local conservation district board within the county for explicit review and recommendations regarding soil suitability, floodwater problems, and watershed protection. Such referral shall be made even though all or part of a proposed subdivision is not located within the boundaries of a conservation district.

(g) When applicable, to the county or district public health agency or the state department of public health and environment for its review of the on-lot sewage disposal reports, for review of the adequacy of existing or proposed sewage treatment works to handle the estimated effluent, and for a report on the water quality of the proposed water supply to serve the subdivision. The department of public health and environment or county or district public health agency to which the plan is referred may require the subdivider to submit additional engineering or geological reports or data and to conduct a study of the economic feasibility of a sewage treatment works prior to making its recommendations. No plan shall receive the approval of the board of county commissioners unless the department of public health and environment or county or district public health agency to which the plan is referred has made a favorable recommendation regarding the proposed method of sewage disposal.

(h) (I) To the state engineer for an opinion regarding material injury likely to occur to decreed water rights by virtue of diversion of water necessary or proposed to be used to supply the proposed subdivision and adequacy of proposed water supply to meet requirements of the proposed subdivision. If the state engineer finds such injury or finds inadequacy, he shall express such finding in an opinion in writing to the board of county commissioners, stating the reason for his finding, including, but not limited to, the amount of additional or exchange water that may be required to prevent such injury. In the event the subdivision is approved notwithstanding the state engineer's opinion, the subdivider shall furnish to all potential purchasers a copy of the state engineer's opinion prior to the sale or a synopsis of the opinion; except that the subdivider need not supply the potential purchaser with a copy of such opinion or synopsis if, in the opinion of the board of county commissioners, the subdivider has corrected the injury or inadequacy set forth in the state engineer's finding.

(II) A municipality or quasi-municipality, upon receiving the preliminary plan designating said municipality or quasi-municipality as the source of water for a proposed subdivision, shall file, with the board of county commissioners and the state engineer, a statement documenting the amount of water which can be supplied by said municipality or quasi-municipality to proposed subdivisions without causing injury to existing water rights. The state engineer shall file, with said board of county commissioners, written comments on the report. If, in the judgment of the state engineer, the report is insufficient to issue an opinion, the state engineer shall notify the board of county commissioners to this effect, indicating the deficiencies.

(i) To the Colorado geological survey for an evaluation of those geologic factors that would have a significant impact on the proposed use of the land; except that, upon written request from the board of county commissioners or the board's authorized representative, the Colorado geological survey may exempt any preliminary plan from this referral and review requirement.

(2) The agencies named in this section shall make recommendations within twenty-one days after the mailing by the county or its authorized representative of such plans unless a necessary extension of not more than thirty days has been consented to by the subdivider and the board of county commissioners of the county in which the subdivision area is located. The failure of any agency to respond within twenty-one days or within the period of an extension shall, for the purpose of the hearing on the plan, be deemed an approval of such plan; except that, where such plan involves twenty or more dwelling units, a school district shall be required

to submit within said time limit specific recommendations with respect to the adequacy of school sites and the adequacy of school structures.

(3) The provisions of this part 1 shall not modify the duties or enlarge the authority of the state engineer or the division engineers nor divest the water courts of jurisdiction over actions concerning water right determinations and administration; neither shall any opinion of the state engineer submitted under subsection (1)(h) of this section nor any finding by a board of county commissioners concerning subdivision water supply matters create any presumption concerning injury or noninjury to water rights; and neither the state engineer's opinion nor the finding of the board of county commissioners may be used as evidence in any administrative proceeding or in any judicial proceeding concerning water right determinations or administration.

(4) Repealed.

30-28-137. Guarantee of public improvements. (1) No final plat shall be recorded until the subdivider has submitted and the board of county commissioners has approved one or a combination of the following:

(a) A subdivision improvements agreement agreeing to construct any required public improvements shown in the final plat documents, together with collateral which is sufficient, in the judgment of said board, to make reasonable provision for the completion of said improvements in accordance with design and time specifications; or

(b) Other agreements or contracts setting forth the plan, method, and parties responsible for the construction of any required public improvements shown in the final plat documents which, in the judgment of said board, will make reasonable provision for completion of said improvements in accordance with design and time specifications.

(2) As improvements are completed, the subdivider may apply to the board of county commissioners for a release of part or all of the collateral deposited with said board. Upon inspection and approval, the board shall release said collateral. If the board determines that any of such improvements are not constructed in substantial compliance with specifications, it shall furnish the subdivider a list of specific deficiencies and shall be entitled to withhold collateral sufficient to ensure such substantial compliance. If the board of county commissioners determines that the subdivider will not construct any or all of the improvements in accordance with all of the specifications, the board of county commissioners may withdraw and employ from the deposit of collateral such funds as may be necessary to construct the improvement in accordance with the specifications.

(3) The board of county commissioners or any purchaser of any lot, lots, tract, or tracts of land subject to a plat restriction which is the security portion of a subdivision improvements agreement shall have the authority to bring an action in any district court to compel the enforcement of any subdivision improvements agreement on the sale, conveyance, or transfer of any such lot, lots, tract, or tracts of land or of any other provision of this part 1. Such authority shall include the right to compel rescission of any sale, conveyance, or transfer of title of any lot, lots, tract, or tracts of land contrary to the provisions of any such restriction set forth on the plat or in any separate recorded instrument, but any such action shall be commenced prior to the issuance of a building permit by any county where so required or otherwise prior to commencement of construction on any such lot, lots, tract, or tracts of land.

(4) In addition to any other remedy set forth in this part 1, the board of county commissioners, or any purchaser of any lot, lots, tract, or tracts of land in a recorded plat, shall have the authority to bring an action for injunctive relief to enforce any plat restriction, plat note, plat map, or provision of a subdivision improvements agreement and for damages arising out of failure to adhere to any such plat restriction, plat note, plat map, or provision of a subdivision improvements agreement. Nothing in this part 1 shall require the board of county commissioners to bring any action referred to in this subsection (4).

30-28-138. Referral to municipality. Notwithstanding any provision of law to the contrary, the board of county commissioners shall refer any proposed land use decision that involves a business or agricultural activity identified in section 31-15-501 (1)(a) and (1)(d), C.R.S., to the governing body of a municipality for review and comment if such business or agricultural activity lies wholly or partially within one mile of the corporate limits of the municipality.

30-28-139. Merger of lots - notice - hearing - assessment of merged parcels. (1) Notwithstanding any other provision of law, where a county ordinance, regulation, or resolution provides for the merger of two or more parcels of land for the purpose of eliminating interior lot lines, obsolete subdivisions, or otherwise, the ordinance, regulation, or resolution shall provide that:

(a) Prior to the completion of the merger, the county shall send notice of the county's intent to complete the merger to each owner of the affected parcels by certified mail. The notice shall also specify that each such owner may request a hearing on the proposed merger pursuant to paragraph (b) of this subsection (1), and shall specify action to be taken by such owner to request such hearing, including, without limitation, the requirement that said owner shall request the hearing within one hundred twenty days of the date the notice required by this paragraph (a) is received by said owner.

(b) (I) Prior to the completion of the merger, where each owner of an affected parcel has timely requested a hearing on the proposed merger satisfying the requirements of paragraph (a) of this subsection (1), a public hearing on said merger shall be held before the board of county

commissioners of said county. The hearing shall be conducted for the purpose of allowing the board to discuss with the owner of each affected parcel its reasons for proceeding with the merger and to give each owner the opportunity to submit any basis provided under law for challenging the merger. In such case, notice of the time, place, and manner of the hearing shall be provided to each owner of the affected parcels and also published in a newspaper of general circulation in the county in a manner sufficient to notify the public of the time, place, and nature of said hearing.

(II) Where the owner of each affected parcel fails to timely request a hearing on the proposed merger satisfying the requirements of paragraph (a) of this subsection (1), no such hearing is required, and the affected parcels shall be merged in accordance with the requirements of this subsection (1).

(c) In order to give the owner of the parcels the opportunity to take whatever remedial action is allowed under law, the hearing authorized by paragraph (b) of this subsection (1) shall take place no sooner than ninety days following the date of the notice required by paragraph (a) of this subsection (1).

(2) No merger of parcels that is the subject of a hearing pursuant to subsection (1) of this section shall be effective unless:

(a) The owner of the parcels has given his, her, or its consent to the merger of said parcels; and

(b) The merger has been approved by a majority of the board of county commissioners.

(3) Upon completion of any merger of parcels in accordance with the requirements of this section, the county shall:

(a) For purposes of the levying and collection of the tax on real and personal property, assess the merged parcels as one parcel of real property; and

(b) File of record a notice of merger in the office of the clerk and recorder of deeds for the county in which the merged parcels of real property are located, and such notice shall constitute prima facie evidence that all of the requirements of subsection (1) of this section have been satisfied.

(4) Notwithstanding any other provision of this section, the requirements of subsections (1) and (2) of this section shall not apply to any merger of parcels of land that is requested in writing by each owner of an affected parcel.

(5) Nothing in this section shall be construed to abrogate or otherwise diminish or expand any rights a landowner may have under article 68 of title 24, C.R.S., pertaining to vested property rights.

Editor's note: Section 2 of chapter 132, Session Laws of Colorado 2003, provides that provisions of this section addressing the requirements of notice and hearing only apply to mergers that take effect on or after October 1, 2003, and that provisions of this section addressing the assessment of merged parcels as one parcel of real property for purposes of the levying and collection of the tax on real and personal property apply to mergers that take effect prior to, on, and after October 1, 2003, but shall not be construed to require a reassessment of property for property tax years commencing prior to January 1, 2003.

30-28-140. Parking and electric vehicle charging stations - legislative declaration.

(1) (a) The general assembly finds that:

(I) Colorado has adopted economy-wide greenhouse gas emission goals of, at minimum, a twenty-six percent reduction by 2025, a fifty percent reduction by 2030, and a ninety percent reduction by 2050;

(II) The governor's "Colorado Greenhouse Gas Pollution Reduction Roadmap", released on January 14, 2021, identifies transportation as a leading source of greenhouse gas pollution and identifies vehicle electrification as a key strategy for reducing greenhouse gas pollution from the transportation sector;

(III) Motor vehicle pollution, including greenhouse gas emissions, does not stay within the geographic boundaries of the local government where it is emitted;

(IV) According to the United States department of energy, an electric vehicle produces an average of less than one-fourth of the emissions over its lifetime than the average emissions of a motor vehicle powered by an internal combustion engine;

(V) Sales of electric vehicles currently account for more than ten percent of all new vehicle sales in Colorado, and this market share is projected to increase to more than eighty percent by 2032;

(VI) Buildings constructed today will need to accommodate higher numbers of electric vehicles within the lifetime of these buildings;

(VII) People may forgo purchasing or driving an electric vehicle because they are concerned about the availability of charging stations;

(VIII) Local government provisions that set minimum requirements for parking may create a disincentive to install charging stations if a parking space served by a charging station is not counted toward meeting the minimum parking requirement; and

(IX) Fewer charging stations act as a disincentive to purchase or drive an electric vehicle.

(b) The general assembly declares that minimum parking requirements, to the degree that they lower the number of charging stations available to electric vehicle drivers, decrease electric vehicle use, which causes more pollutants to be emitted into the environment and lowers the air quality of other local government jurisdictions and Colorado as a whole. Therefore, minimum parking requirements are a matter of mixed local and statewide concern to the degree that they lower the number of charging stations available to electric vehicle drivers.

(2) For the purposes of any minimum parking requirement imposed by a board of county commissioners:

(a) Any parking space served by an electric vehicle charging station or any parking space used to site electric vehicle charging equipment must be counted as at least one standard automobile parking space; and

(b) Any van-accessible parking space that is designed to accommodate a person in a wheelchair, is served by an electric vehicle charging station, and is not designated as parking reserved for a person with a disability under section 42-4-1208 must be counted as at least two standard automobile parking spaces.

(3) This section does not lower the protections provided for people with disabilities, including the number of parking spaces for people that are mobility impaired, than the protections provided by the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and parts 6 and 8 of article 34 of title 24.

30-28-141. Equestrian map and signs. (1) A county may publish a map showing the location of and character of existing or proposed equestrian infrastructure. The map may be published on the county's website. The map must include:

(a) Equestrian venues, including fairgrounds, equestrian parks, public arenas, and riding schools;

(b) Equestrian trail infrastructure, including trails, designated trailer parking, and access points to trails;

(c) Equestrian-designated road crossings; and

(d) Equestrian zones, as defined in section 30-28-106 (9)(a)(II).

(2) A county may post road signs bearing the universal equestrian sign symbol and the words "wide and slow" on roads determined to be equestrian zones in accordance with section 30-28-106 (9)(a)(II).

PART 2

BUILDING CODES

30-28-201. Commissioners may adopt - emission performance standards required - reporting. (1) A board of county commissioners is authorized to adopt ordinances and a building code consistent with the uniform building code, 1988 edition, as promulgated by the international conference of building officials and as revised from time to time, in all or part of the county, and not embraced within the limits of any incorporated city or town. Buildings or structures used for the sole purpose of providing shelter for agricultural implements, farm products, livestock, or poultry may be excepted. The requirements shall be uniform for each class of dwelling, building, or structure. The board of county commissioners may employ qualified technical experts to assist in the preparation of the text of such ordinances and the area building code.

(2) By the date established in section 25-7-407, C.R.S., every board of county commissioners of a county which has enacted a building code, and thereafter every board of

county commissioners of a county which enacts a building code, shall enact a building code provision to regulate the construction and installation of fireplaces in order to minimize emission levels. Such building code provision shall contain standards which shall be the same as or stricter than the approved emission performance standards for fireplaces established by the air quality control commission in the department of public health and environment pursuant to section 25-7-407, C.R.S.

(3) Every board of county commissioners, when adopting or updating any building code, shall adopt and enforce a building energy code that meets or exceeds the standards in one of the three most recent versions of the international energy conservation code pursuant to section 30-28-211.

(4) By January 1, 2020, every board of county commissioners of a county which has enacted a building code and an energy code shall report the current version of their county's building and energy codes to the Colorado energy office. Thereafter, every board of county commissioners is encouraged to report any change in their county's building and energy code to the Colorado energy office within a month of changing their county's building and energy codes.

30-28-202. Designation of zoned area - hearing. (1) The county planning commission of any county, upon request from the board of county commissioners of the county, may designate part or all of the county for the adoption of a building code. The county planning commission shall certify a copy of the building code to the board of county commissioners of the county. After receiving the certification of said building code from the county planning commission and before the adoption of any building code, the board of county commissioners shall hold a public hearing on the proposed text. The time and place of the hearing shall be designated in a notice to be given by publication once weekly for four consecutive weeks in a newspaper of general circulation in the county. Such notice shall state the place at which the text of the proposed building code may be inspected and the description of the areas to be covered by the code. No substantial change in or departure from the proposed text so certified by the county planning commission shall be made unless such change or departure is first submitted to the certifying county planning commission for its approval, disapproval, or suggestions.

(2) The county planning commission shall have thirty days from such submission within which to send its report to the board of county commissioners. The opinion of the county planning commission shall be advisory only, and, upon receipt thereof, the board of county commissioners may accept, reject, or amend the proposed change or departure. After a public hearing has been held thereon, the board of county commissioners, by resolution, may adopt a building code for all or part of the county.

30-28-204. Amendment of building code. [*Editor's note: This version of this section is effective until January 1, 2026.*] The board of county commissioners from time to time by resolution may alter and amend any county building code after public hearing, notice of which hearing shall be given by at least one publication in a newspaper of general circulation in the county at least fourteen days prior to said hearing. In no case shall the area covered by the building code be extended or changed unless the same has been proposed by or is first submitted for the approval, disapproval, or suggestions of the county planning commission. Unless the county planning commission acts within thirty days, approval shall be assumed. The opinion of the county planning commission shall be advisory only and not binding upon the board of county commissioners.

30-28-204. Amendment of building code. [*Editor's note: This version of this section is effective January 1, 2026.*]

(1) The board of county commissioners from time to time by resolution may alter and amend any county building code after public hearing, notice of which hearing shall be given by at least one publication in a newspaper of general circulation in the county at least fourteen days prior to said hearing. In no case shall the area covered by the building code be extended or changed unless the same has been proposed by or is first submitted for the approval, disapproval, or suggestions of the county planning commission. Unless the county planning commission acts within thirty days, approval shall be assumed. The opinion of the county planning commission shall be advisory only and not binding upon the board of county commissioners.

(2) When a board of county commissioners or a regional building department operating through an intergovernmental agreement with a board of county commissioners adopts or substantially amends any county building code, or updates an already adopted building code with a succeeding version of the international building code, the board or regional building department shall ensure that the building code meets or exceeds the accessibility standards adopted in one of the two most recent versions of the international building code, as adopted by the International Code Council or a successor organization. Adoption of the energy-efficient building codes in accordance with section 30-28-211 does not constitute a substantial amendment or update to the building codes for purposes of this subsection (2). The accessibility standards adopted by a board of county commissioners or regional building department in accordance with this subsection (2) cannot provide less protection than what is required by the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq.

(3) The requirements for ensuring accessibility standards in accordance with subsection (2) of this section do not apply to one- and two-family dwellings and townhomes that comply with the International Residential Code, as adopted by the International Code Council or a successor organization, or that comply with a local building code whose accessibility standards are equivalent to the accessibility standards in the International Residential Code.

30-28-205. County building inspector - permit required - appeal. (1) The county building inspector, as authorized in section 30-28-114, may be authorized by the board of county commissioners to administer and enforce the building code adopted pursuant to this part 2; and the board of county commissioners shall fix a reasonable schedule of fees for the issuance of building permits by the county building inspector. After the adoption of the building code, it shall be unlawful to erect, construct, reconstruct, alter, or remodel any structure, dwelling, or building in the designated area, except buildings or structures used for the sole purpose of providing shelter for agricultural implements, farm products, livestock, or poultry without first obtaining a building permit from the county building inspector. The county building inspector shall not issue any permit unless the plans for the proposed erection, construction, reconstruction, alteration, or remodeling fully conform to the regulations and restrictions in the building code.

(2) No permit fee provided for pursuant to the provisions of subsection (1) of this section shall be charged unless an inspection is actually made by such inspector who is fully qualified to perform the required type of inspection.

(3) The county building inspector shall not issue any permit unless the plans and specifications for such proposed erection, construction, reconstruction, alteration, or remodeling conform to the regulations and restrictions in said building code. All such proposed erection, construction, reconstruction, alteration, or remodeling shall bear the seal of an architect or engineer licensed by the state of Colorado, unless the preparation of plans and specification is exempted by section 12-120-403. Such plans and specifications prepared by architectural or engineering subdisciplines shall be so designated and shall bear the seal and signature of the architect or engineer for that subdiscipline.

30-28-206. Board of review - qualifications - powers. (1) The board of county commissioners of any county which enacts a building code under the authority of this part 2 may provide for a board of review of three or five members and for the manner of appointment of

such members. Members of the board shall be experienced in building construction. The board of county commissioners may fix per diem compensation and terms for the members of such boards of review, which terms shall be of such length and so arranged that the terms of at least one member will expire each year. Any member of the board of review may be removed for cause by the board of county commissioners upon written charges and after a public hearing. Vacancies shall be filled for the unexpired term in the same manner as in the case of original appointments. The board of county commissioners shall provide and specify in its building code or other resolution general rules to govern the organization, procedure, and jurisdiction of said board of review, which rules shall not be inconsistent with the provisions of this part 2, and the board of review may adopt supplemental rules of procedure not inconsistent with this part 2 or such general rules.

(2) Any building code adopted by the board of county commissioners may provide that the board of review, in appropriate cases and subject to appropriate principles, standards, rules, conditions, and safeguards set forth in the building code, may make special exceptions to the terms of the building code in harmony with their general purpose and intent. The board of county commissioners also may authorize the board of review to formulate suggested amendments to the building code for the consideration of the board of county commissioners. In addition, the board of review may adopt substantive rules and regulations based on the provisions of the building code adopted by the board of county commissioners. In no case, however, shall these rules become effective unless a public hearing thereon has been conducted by the board of review. Notice of the hearing, stating its time and place and where the text of the proposed substantive rules and regulations may be inspected, shall be given in the same manner as provided in the initial adoption of the code.

30-28-207. Board of review - meetings - appeals. (1) Meetings of the board of review shall be held at the call of the chairman and at such other times as the board in its rules of procedure may specify. The chairman or, in his absence, the acting chairman may administer oaths and compel the attendance of witnesses. All meetings of the board of review shall be open to the public. The board shall keep minutes of its proceedings showing the vote of each member upon each question or, if absent or failing to vote, indicating such fact, and it shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

(2) Appeals to the board of review may be taken by any person aggrieved by his inability to obtain a building permit or by any officer, department, board, or bureau of the county affected by the grant or refusal of a building permit. Any person, officer, department, board, or bureau may appeal to the board of review from the decision of any administrative officer or agency based upon or made in the course of the administration or enforcement of the provisions of the building code. The time within which such appeal shall be made, and the form or other procedure relating thereto, shall be as specified in the general rules provided by the board of county commissioners to govern the procedure of such board of review or in the supplemental rules of procedure adopted by such board.

30-28-208. Copies of code available - evidence. Upon the adoption of such area building code, the board of county commissioners shall file certified copies thereof in its office, which copies shall be accessible to the public at a cost not to exceed that of printing the same. The board of county commissioners shall also file a notice with the county clerk and recorder setting forth a description of the area subject to the building code. Copies of the code printed by authority of the board of county commissioners shall be prima facie evidence of the original text in all courts and tribunals of this state.

30-28-209. Violation - injunction and other remedies. (1) (a) It is unlawful to erect, construct, reconstruct, or alter any building or structure in a manner that results in a violation of any regulation in, or of any provisions of, the area building code, or any amendment thereof, enacted or adopted by the board of county commissioners under the authority of this part 2. Any person, firm, or corporation violating any such regulation, provision, or amendment thereof, or any provision of this part 2, commits a civil infraction. Each day during which such illegal erection, construction, reconstruction, or alteration continues shall be deemed a separate offense.

(b) (I) It is unlawful to use any building or structure in violation of any regulation in, or of any provision of, the area building code, or any amendment thereto, enacted or adopted by any board of county commissioners under the authority of this part 2. Any person, firm, or corporation violating any such regulation, provision, or amendment thereof commits a civil infraction. Each day during which such illegal use of any building or structure continues shall be deemed a separate offense. Nothing in this subsection (1)(b)(I) prohibits the use of any building or structure in violation of an otherwise applicable building code where the use complies with any building code that was in effect at the time the building or structure was erected, constructed, reconstructed, or altered.

(II) Whenever a county building inspector authorized pursuant to sections 30-28-114 and 30-28-205, or any inspector employed by an intergovernmental entity created in accordance with the requirements of part 2 of article 1 of title 29, C.R.S., who exercises the functions of a county building inspector, has personal knowledge of any violation of the requirements of subparagraph (I) of this paragraph (b), he or she shall give written notice to the violator to correct the violation within ten days after the date of the notice. Where the violator fails to correct the violation within the ten-day period, the county building inspector may request that the sheriff of the county issue a summons and complaint to the violator, stating the nature of the violation with sufficient particularity to give notice of the charge to the violator. The summons and complaint shall require that the violator appear in county court at a definite time and place stated therein to answer and defend the charge.

(III) One copy of the summons and complaint shall be served upon the violator by the sheriff of the county in the manner provided by law for the service of a criminal summons. One copy each shall be retained by the sheriff and the county building inspector, and one copy shall be transmitted by the sheriff to the clerk of the county court.

(c) It is the responsibility of the county attorney to enforce the provisions of this subsection (1). Where there is no county attorney or in the event that the board of county commissioners deems it appropriate, the board may appoint the district attorney of the judicial district in which the building or structure is located to perform such enforcement duties in lieu of the county attorney.

(2) In case any building or structure is, or is proposed to be, erected, constructed, reconstructed, altered, or used in violation of any regulation or provision of the area building code, or amendment thereto, enacted or adopted by any board of county commissioners under the authority granted by this part 2, the county attorney of the county in which such building, structure, or land is situated, in addition to other remedies provided by law, may institute an injunction, mandamus, abatement, or other appropriate action or proceeding to prevent, enjoin, abate, or remove such unlawful erection, construction, reconstruction, alteration, or use. Where there is no county attorney or in the event that the board deems it appropriate, the board may appoint the district attorney of the judicial district in which the building or structure is located to perform such enforcement duties in lieu of the county attorney.

30-28-210. County court actions for civil penalties for building violations. (1) It is unlawful to erect, construct, reconstruct, alter, maintain, or use any building, structure, or land in violation of this part 2 or any provisions of the area building code. In addition to any penalties imposed pursuant to section 30-28-209, any person, firm, or corporation violating any provision of this part 2 or any provision of the area building code may be subject to the imposition, by order of the county court, of a civil penalty in an amount of not less than five hundred dollars nor more than one thousand dollars. It is within the discretion of the county attorney to determine whether to pursue the civil penalties set forth in this section, the remedies set forth in section 30-28-209, or both. Each day after the issuance of the order of the county court during which such unlawful activity continues shall be deemed a separate violation and shall in accordance with the subsequent provisions of this section, be the subject of a continuing penalty in an amount not to exceed one hundred dollars for each such day. Until paid, any civil penalty ordered by the county court and assessed under this subsection (1) shall, as of recording, be a lien against the property on which the violation has been found to exist. In case the assessment is not paid within thirty days, it may be certified by the county attorney to the county treasurer, who shall collect the assessment, together with a ten percent penalty for the cost of collection, in the same manner as other taxes are collected. The laws of this state for assessment and collection of general taxes, including the laws for the sale and redemption of property for taxes, shall apply to the collection of assessments pursuant to this subsection (1). Any lien placed against the property pursuant to this subsection (1) shall be recorded with the clerk and recorder of the county in which the property is located.

(2) (a) In the event any building or structure is erected, constructed, reconstructed, altered, maintained, or used in violation of this part 2 or of any provision of the area building code, the county attorney of the county in which such building or structure is situated, in

addition to other remedies provided by law, may commence a civil action in county court for the county in which such building or structure is situated seeking the imposition of a civil penalty in accordance with the provisions of this section.

(b) A building inspector designated by resolution of the board of county commissioners shall, upon personal information and belief that a violation of this part 2 or of any provision of the area building code has occurred, give written notice to the violator to correct the violation within ten days after the date of the notice. If the violator fails to correct the violation within the ten-day period or within any extension period granted by the building inspector, the building inspector, the sheriff of the county, or the county attorney may issue a summons and complaint to the violator stating the nature of the violation with sufficient particularity to give notice of the charge to the violator.

(c) One copy of the summons and complaint issued pursuant to paragraph (b) of this subsection (2) shall be served upon the violator in the manner provided by law for the service of a county court civil summons and complaint in accordance with the Colorado rules of county court civil procedure. The summons and complaint shall also be filed with the clerk of the county court and thereafter the action shall proceed in accordance with the Colorado rules of county court civil procedure.

(d) If the county court finds, by a preponderance of the evidence, that a violation of this part 2 or of any provision of the area building code has occurred, the court shall order the violator to pay a civil penalty in an amount allowed pursuant to subsection (1) of this section. The penalty shall be payable immediately by the violator to the county treasurer. In the event that the alleged violation has been cured or otherwise removed and the violator has notified the building inspector of the cure or removal at least five business days prior to the appearance date in the summons, then the county attorney shall so inform the court and request that the action be dismissed without fine or appearance of the defendant.

(3) Upon the filing with the court of a receipt issued by the county treasurer showing payment in full of a civil penalty assessed pursuant to this section and upon the filing of an affidavit of the county building inspector that the violation has been cured, removed, or corrected, the court shall dismiss the action and issue a satisfaction in full of the judgment so entered. The court may also dismiss the action upon a motion of the county attorney indicating that the matter has been otherwise resolved.

(4) If a receipt showing full payment of the civil penalty or the affidavit or the motion by the county attorney required by subsection (3) of this section is not filed, the action shall continue and the court shall retain jurisdiction to impose an additional penalty against the violator in the amount specified in subsection (1) of this section. The additional penalty shall be imposed by the court upon motion filed by the county and proof that the violation has not been cured, removed, or corrected. Thereafter, the action shall continue until the filing with the court of a receipt issued by the county treasurer showing payment in full of the civil penalty and any additional penalties so assessed and the filing of an affidavit of the county building inspector that the violation has been cured, removed, or corrected, or until a motion by the county attorney to dismiss the action is granted by the court.

30-28-211. Energy efficient building codes - legislative declaration - definitions. (1)

The general assembly hereby finds and declares that there is statewide interest in requiring an effective energy efficient building code for the following reasons:

(a) Excessive energy consumption creates effects beyond the boundaries of the local government within which the energy is consumed because the production of power occurs in centralized locations.

(b) Air pollutant emissions from energy consumption affect the health of the citizens throughout Colorado.

(c) The strain on the grid from peak electric power demands is not confined to jurisdictional boundaries.

(d) There is statewide interest in the reliability of the electrical grid and an adequate supply of heating oil and natural gas.

(e) Controlling energy costs for residents and businesses furthers a statewide interest in a strong economy and reducing the total cost of housing in Colorado.

(f) More recent energy codes are more effective at ensuring building durability and structural integrity and protecting public health and safety through better:

(I) Moisture management to prevent mold, mildew, and rot;

(II) Airflow management; and

(III) Protection during severe weather.

(g) More recent energy codes incorporate newer building technologies, techniques, and materials and offer more options for builders.

(h) Businesses and residents in low-income communities and rural areas of the state deserve at least the same durability, health and safety, and energy cost savings from energy efficient buildings as those in wealthier, urban, and suburban areas of the state.

(i) Highly energy efficient homes and buildings can reduce energy use and help consumers save money on energy bills.

(j) Highly energy efficient and low-carbon new homes and buildings are critical for meeting the greenhouse gas pollution reduction targets established in section 25-7-102 (2)(g).

(2) As used in this section, unless the context otherwise requires:

(a) "Building code" means regulations related to energy performance, electrical systems, mechanical systems, plumbing systems, or other elements of residential or commercial buildings.

(a.5) "Colorado plumbing code" has the meaning set forth in section 12-155-103 (1.4).

(a.8) "Elevator and escalator code" means the rules adopted in accordance with section 9-5.5-112.

(b) "Energy code" means a subset of building codes related to the total energy performance and carbon emissions of residential and commercial buildings.

(b.5) "International energy conservation code" means the energy code published by the international code council or a successor organization.

(b.8) "National electrical code" has the meaning set forth in section 12-115-103 (8).

(c) "Office" means the Colorado energy office created in section 24-38.5-101, C.R.S.

(3) Every board of county commissioners that has adopted and enforced one or more building codes, or that adopts and enforces one or more building codes after July 1, 2022, shall adopt and enforce an energy code that applies to the construction of, and major renovations and

additions to, all commercial and residential buildings as required by the energy code in the county to which the building code applies.

(3.5) (a) A board of county commissioners that has adopted and enforced one or more building codes, and that updates one or more building codes on or after July 1, 2023, and before July 1, 2026, shall adopt and enforce an energy code that achieves equivalent or better energy performance than the 2021 international energy conservation code and the model electric ready and solar ready code language developed for adoption by the energy code board pursuant to section 24-38.5-401 (5) at the same time other building codes are updated.

(b) A board of county commissioners that has adopted and enforced one or more building codes, and that updates one or more building codes on or after July 1, 2026, shall adopt and begin enforcing an energy code that achieves equivalent or better energy and carbon emissions performance than the model low energy and carbon code developed for adoption by the energy code board pursuant to section 24-38.5-401 (6) at the same time other building codes are updated.

(c) (I) Notwithstanding subsections (3.5)(a) and (3.5)(b) of this section, a board of county commissioners representing a rural county is required to adopt and enforce an energy code that achieves equivalent or better energy performance than one of the last three most recent editions of the international energy conservation code rather than either an energy code that achieves equivalent or better energy performance than the 2021 international energy conservation code and the model electric ready and solar ready code language identified for adoption by the energy code board pursuant to section 24-38.5-401 (5) or an energy code that achieves equivalent or better energy and carbon emissions performance than the model low energy and carbon code identified for adoption by the energy code board pursuant to section 24-38.5-401 (6) if, while the grant program established pursuant to section 24-38.5-403 is accepting applications, the board of county commissioners applies for and is not awarded a grant that significantly assists in energy code adoption and enforcement training.

(II) As used in this subsection (3.5)(c), a rural county means a county with a population of less than thirty thousand people, as determined pursuant to the most recently published population estimates from the state demographer appointed by the executive director of the department of local affairs.

(d) When adopting or updating a building code prior to July 1, 2023, a board of county commissioners shall adopt and enforce an energy code that achieves equivalent or better energy performance than one of the three most recent editions of the international energy conservation code.

(e) Notwithstanding the timing requirement of subsection (3.5)(a) of this section, a board of county commissioners may comply with subsection (3.5)(a) of this section when the board adopts one or more building codes other than the national electrical code, the elevator and escalator code, and the Colorado plumbing code or by June 30, 2026, whichever is earlier, if:

(I) The board of county commissioners adopts or updates:

(A) The national electrical code by reference when adopted or updated by the state electrical board;

(B) The elevator and escalator code by reference when adopted or updated by the director of the division of oil and public safety within the department of labor and employment; or

(C) The Colorado plumbing code by reference when adopted or updated by the state plumbing board; and

(II) The adoption or update of the national electrical code, the elevator and escalator code, or the Colorado plumbing code occurs on a timing cycle different from the scheduled adoption or update of one or more building codes other than the national electrical code, the elevator and escalator code, or the Colorado plumbing code.

(f) Notwithstanding the timing requirement of subsection (3.5)(b) of this section, a board of county commissioners may comply with subsection (3.5)(b) of this section when the board adopts one or more building codes other than the national electrical code, the elevator and escalator code, and the Colorado plumbing code or by June 30, 2030, whichever is earlier, if:

(I) The board of county commissioners adopts or updates:

(A) The national electrical code by reference when adopted or updated by the state electrical board;

(B) The elevator and escalator code by reference when adopted or updated by the director of the division of oil and public safety within the department of labor and employment; or

(C) The Colorado plumbing code by reference when adopted or updated by the state plumbing board; and

(II) The adoption or update of the national electrical code, the elevator and escalator code, or the Colorado plumbing code occurs on a timing cycle different from the scheduled adoption or update of one or more building codes other than the national electrical code, the elevator and escalator code, or the Colorado plumbing code.

(g) Notwithstanding the requirements set forth in subsections (3.5)(a) and (3.5)(b) of this section, a board of county commissioners is not required to adopt and enforce an energy code that meets the requirements of subsections (3.5)(a) and (3.5)(b) of this section solely as a result of adopting the wildfire resiliency code.

(4) Repealed.

(5) The following buildings are exempt from subsections (3) and (3.5) of this section:

(a) Any building that is otherwise exempt from the provisions of the building code adopted by the board of county commissioners of the county in which the building is located and buildings that do not contain a conditioned space;

(b) Any building that does not use either electricity or fossil fuels for comfort heating. A building will be presumed to be heated by electricity even in the absence of equipment used for electric comfort heating if the building is provided with electrical service in excess of one hundred amps, unless the code enforcement official of the county determines that the electrical service is necessary for a purpose other than for providing electric comfort heating.

(c) Historic buildings that are listed on the national register of historic places or Colorado state register of historic properties and buildings that have been designated as historically significant or that have been deemed eligible for designation by a local governing body that is authorized to make such designations; and

(d) Any building that is exempt pursuant to the energy code.

(6) Notwithstanding any other provision of this section, the board of county commissioners of a county that is required to adopt or update an energy code may make any amendments to the energy code that the board deems appropriate for local conditions, so long as the amendments do not decrease the effectiveness or energy efficiency of the energy code.

(7) (a) The office shall ensure that information explaining the requirements of the energy code and describing acceptable methods of compliance is available to builders, designers, engineers, and architects.

(b) The office shall provide boards of county commissioners with technical assistance concerning the implementation and enforcement of the energy code.

(8) Nothing in this section restricts the ability of an investor-owned utility with approval from the public utilities commission to:

(a) Provide incentives or other energy efficiency program services to help the board of county commissioners of any county or builders comply with the requirements of this section; or

(b) Earn shareholder incentives and claim credits towards its regulatory requirements for energy or greenhouse gas emission savings achieved as a result of incentives provided by the utility to help the board of county commissioners of any county or builders comply with the requirements of this section.

(9) A utility not subject to regulation by the public utilities commission may provide incentives or other energy efficiency program services as they so choose to assist the board of county commissioners of any county or any builders in complying with the requirements of this section.

(10) (a) A utility may count mass-based emissions reductions associated with the requirements of this section towards compliance with its requirements under section 25-7-105 (1)(e)(X.7) or (1)(e)(X.8), section 40-3.2-108 (3)(b), or any similar greenhouse gas emissions reduction program or set of requirements.

(b) A utility subject to regulation by the public utilities commission shall not count energy savings or greenhouse gas emissions reductions achieved through the requirements of this section for the purpose of calculating a shareholder incentive established pursuant to sections 40-3.2-103 (2)(d) and 40-3.2-104 (5) if the utility has not provided a financial investment for code adoption as documented in a plan approved by the commission.

30-28-212. Charging station restriction rules prohibited - accessible charging stations - definitions. (1) Notwithstanding any authority granted to a board of county

commissioners by this part 2, the board shall not adopt an ordinance or a resolution prohibiting the installation of or utilization of electric vehicle charging stations unless the ordinance or resolution is narrowly drafted to address a bona fide safety concern. The board shall not restrict parking based on a vehicle being a plug-in hybrid vehicle or plug-in electric vehicle.

(2) A county official shall not prohibit the installation of or utilization of an electric vehicle charging station, or restrict parking based on a vehicle being a plug-in hybrid vehicle or plug-in electric vehicle, unless expressly authorized by ordinance or resolution.

(3) Any ordinance or resolution promulgated by the board of county commissioners that prohibits the installation of or utilization of electric vehicle charging stations, or that restricts parking based on a vehicle being a plug-in hybrid vehicle or plug-in electric vehicle, is subject to judicial review in the district court with jurisdiction over the county.

(4) (a) For an electric vehicle charging station constructed or replaced on or after January 1, 2026, no fewer than five percent or one vehicle charging space should incorporate the standards from the access board until applicable regulations are issued by the federal department of justice or the federal department of transportation.

(b) As used in this subsection (4):

(I) "Access board" means the United States access board.

(II) "Electric vehicle charger" means a device with one or more charging ports and connectors for charging electric vehicles.

(III) "Electric vehicle charging station" or "charging station" means a common location with one or more electric vehicle chargers.

(IV) "Replaced" means substantially modified or substituted with another unit, as indicated by a change in the serial number, electric vehicle supply equipment ID, or EVSE ID, or model name.

(V) "Vehicle charging space" means a space to park an electric vehicle for charging.

30-28-213. Electric motor vehicle charging systems - county permitting procedures - permit application - approval process - definitions. (1) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Administrative review process" means a process:

(I) In which an EV charger permit is approved, approved with conditions, or denied by administrative staff of a county permitting agency based solely on the application's compliance with objective standards set forth in county zoning laws or other county laws; and

(II) That does not require a public hearing, a recommendation, or a decision by an elected or appointed public body or hearing officer except as provided in subsection (4)(d) of this section.

(b) "Colorado energy office" means the Colorado energy office created in section 24-38.5-101.

(c) (I) "County permitting agency" means the entity or entities for a county that are responsible for issuing an EV charger permit for the construction of an electric motor vehicle charging system.

(II) "County permitting agency" may include:

(A) A county building department or agency;

(B) A county planning department or agency; or

(C) A county public works or road and bridge department or agency.

(d) "Disproportionately impacted community" has the meaning set forth in section 24-4-109 (2)(b)(II).

(e) "Electric motor vehicle charging system" or "charging system" has the meaning set forth in section 38-12-601 (6)(a).

(f) "EV charger permit" means the final approval of an application for installation of an electric motor vehicle charging system that a county may require to authorize an applicant to commence construction of the charging system and a permit application for an electrical permit established under article 115 of title 12 and issued by the state electrical board.

(g) "Objective standard" means a standard that:

(I) Is uniformly verifiable and ascertainable by reference to an available external or uniform benchmark or criterion by the applicant and county permitting agency staff prior to the applicant's filing of an EV charger permit application; and

(II) Does not require county permitting agency staff to make a subjective determination concerning an EV charger permit application.

(2) (a) On or before December 31, 2025, the board of county commissioners of a county with a population of twenty thousand or more according to the 2020 federal census shall do one of the following:

(I) Adopt an ordinance or resolution to incorporate the same standards and permitting process or less restrictive standards and permitting process as the standards and permitting process described in the EV charger permitting model code developed by the Colorado energy office pursuant to subsection (3) of this section;

(II) (A) Adopt an ordinance or resolution that establishes objective standards and an administrative review process to be used by the county permitting agency during the county's review of applications for EV charger permits in accordance with subsections (4) and (5) of this section.

(B) An ordinance or resolution adopted by the county pursuant to this subsection (2)(a)(II) shall be developed in consultation with the local fire department or fire district, any electric utilities serving the county, and other relevant stakeholders, as determined by the county.

(III) Adopt an ordinance or resolution that establishes that the county does not intend to adopt an ordinance or resolution in accordance with subsection (2)(a)(I) or (2)(a)(II) of this section and that the county permitting agency will continue to utilize the county's existing permitting review process for EV charger permit applications.

(b) On or before March 1, 2026, a county that is subject to the requirements of subsection (2)(a) of this section shall submit a report to the Colorado energy office describing the county's compliance with subsection (2)(a) of this section.

(c) On or before January 31, 2027, a county subject to the requirements of subsection (2)(a) of this section shall submit a report to the Colorado energy office regarding each

application for an EV charger permit that was received by the county permitting agency between December 31, 2025, and December 1, 2026. The report must include:

(I) The final determination made by the county permitting agency for each EV charger permit application; and

(II) For each EV charger permit application submitted to the county permitting agency, the duration between the date that the EV charger permit application was deemed complete by the county permitting agency and the date that the county permitting agency made a final determination on the EV charger permit application.

(d) If the board of county commissioners of a county adopts the EV charger permitting model code pursuant to subsection (2)(a)(I) of this section or adopts an ordinance or resolution in accordance with subsection (2)(a)(III) of this section, the requirements of subsections (4) and (5) of this section do not apply to the county.

(3) (a) On or before March 31, 2025, the Colorado energy office shall publish an EV charger permitting model code that contains guidelines for the adoption of EV charger permit standards and permitting processes for counties.

(b) The EV charger permitting model code developed by the Colorado energy office pursuant to subsection (3)(a) of this section must be developed in consultation with counties, representatives from disproportionately impacted communities, public electric utilities, and other relevant stakeholders, as determined by the Colorado energy office.

(c) The EV charger permitting model code developed by the Colorado energy office in accordance with this subsection (3) shall only apply to a county's land use and zoning permitting processes and shall not contravene:

(I) State electrical permitting requirements or procedures;
(II) County electrical permitting requirements or procedures;
(III) State electrical inspection requirements;
(IV) County electrical inspection requirements; or
(V) National electric code requirements or regulations related to electric motor vehicle charging systems.

(d) The EV charger permitting model code developed by the Colorado energy office in accordance with this subsection (3) shall not contain required timelines that a county permitting agency must comply with for the review, approval, or denial of EV charger permit applications.

(4) (a) A county permitting agency shall approve, conditionally approve, or deny an application for an EV charger permit using the county's administrative review process to determine if the proposed electric motor vehicle charging system is in compliance with the county's objective standards.

(b) A county permitting agency shall not deny or place conditions on an EV charger permit application unless the denial or conditions are for the purpose of reasonably protecting public health or safety.

(c) If a county permitting agency denies an application for an EV charger permit, the county permitting agency shall make written findings that the proposed electric motor vehicle charging system would violate the county's objective standards or would not be reasonably protective of public health or safety and send those written findings to the applicant within three business days after the date the county permitting agency denies the application.

(d) An applicant for an EV charger permit that is denied a permit or has conditions placed on the approval of an EV charger permit by a county permitting agency may appeal the county permitting agency's decision to the board of county commissioners of the county.

(e) The requirements of this subsection (4) do not apply to counties that adopt the EV charger permitting model code pursuant to subsection (2)(a)(I) of this section or adopt an ordinance or resolution in accordance with subsection (2)(a)(III) of this section.

(5) (a) The county permitting agency must make available to prospective applicants for EV charger permits a checklist of all requirements that must be included in an application for an EV charger permit.

(b) A county permitting agency shall review an application for an EV charger permit to confirm that the application sufficiently meets the requirements of the checklist described in subsection (5)(a) of this section.

(c) A county permitting agency shall consider an application for an EV charger permit that satisfies the requirements of the checklist described in subsection (5)(a) of this section a complete application.

(d) If an applicant for an EV charger permit submits an application that does not meet all the requirements of the checklist described in subsection (5)(a) of this section, the county permitting agency shall, within three business days after the date the county permitting agency determines the application is not sufficient, send a written notice to the applicant that details all of the deficiencies with the application and any additional information required for the application to be considered complete.

(e) The requirements of this subsection (5) do not apply to counties that adopt the EV charger permitting model code pursuant to subsection (2)(a)(I) of this section or adopt an ordinance or resolution in accordance with subsection (2)(a)(III) of this section.

(6) (a) The Colorado energy office shall provide technical assistance to counties to assist a county in complying with the requirements of this section, including providing:

(I) Support for the development and adoption of county codes; and

(II) Materials and support for training county permitting agency staff with interpreting and applying EV charger permit standards and processes.

(b) The Colorado energy office shall use money in the electric vehicle grant fund, created in section 24-38.5-103, to provide technical assistance to counties in accordance with this subsection (6).

(c) The Colorado energy office shall prioritize providing technical assistance to counties that have a significant number of disproportionately impacted communities.

(7) Regardless of the ordinance or resolution adopted by a board of county commissioners in accordance with subsection (2)(a) of this section, a county permitting agency shall, within three business days after the date the county permitting agency makes the determination to approve, conditionally approve, or deny an application, send notice to an applicant for an EV charger permit that states the county permitting agency's determination on the applicant's EV charger permit application.

PART 3

ESTABLISHMENT OF SUBDIVISION EXEMPTION PLATS FOR THE PURPOSE OF CORRECTING LEGAL DESCRIPTIONS

30-28-301. Legislative declaration. (1) The general assembly hereby finds and declares that, in certain areas of the state, property has been conveyed as irregular parcels or as parcels platted prior to establishment of current subdivision regulations. Situations exist where the physical layout of lots conveyed in this manner are not in dispute, but the legal descriptions of these lots contain inaccuracies such that conflicts exist in the written record locating property boundaries. These conflicts in the legal descriptions jeopardize the ability of property owners to utilize and to convey their property. These conflicts often affect a number of properties such that the most efficient means of correcting them is to create a subdivision exemption plat for the area which can be used as a uniform basis for legal descriptions. The inability of property owners to resolve conflicts in legal descriptions is contrary to the public welfare and interferes with efficient and economic development and utilization of land.

(2) It is the purpose of this part 3 to provide for the preparation of subdivision exemption plats for unplatted areas or for areas platted prior to current subdivision regulations which can be used as a uniform basis for legal descriptions of such areas.

Source: L. 88: Entire part added, p. 1117, § 1, effective April 20.

30-28-302. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Irregular, divided area" means an area containing parcels of less than thirty-five acres which are either irregular parcels or parcels which were platted prior to June 1, 1972.

(2) "Irregular parcel" means a parcel of land which is not uniquely defined on a subdivision plat but which is described by any of the following methods:

- (a) An aliquot part of a section;
- (b) A metes and bounds description;
- (c) A book and page or reception number reference;
- (d) Any so-called "assessor's tract";
- (e) A description which calls only for the owner's or adjoiner's name.

(3) "Land division study area" means an area of land which qualifies as an irregular, divided area as defined in subsection (1) of this section, and which has been designated by the board of county commissioners for the purpose of preparing a plan for platting in accordance with the provisions of section 30-28-304.

(4) "Land surveyor" means a person registered or licensed pursuant to part 3 of article 120 of title 12.

(5) "Parcel" means a contiguous area of land, except for intervening easements and rights-of-way with a continuous boundary defined either by the methods specified in subsection

(2) of this section, when the description of the parcel has been recorded in the office of the county clerk and recorder or by reference to a recorded subdivision plat.

(6) "Property owner" or "owner" means the person or persons who hold title to a parcel of land as shown on the property tax assessment roll in the office of the county assessor.

(7) "Subdivision exemption plat" or "exemption plat" means a subdivision plat which depicts a division of land or the creation of an interest in property for which the board of county commissioners has granted an exemption from subdivision regulations pursuant to section 30-28-101 (10)(d) and which is suitable for recording pursuant to section 38-51-105, C.R.S.

(8) "Subdivision plat" means a map of a platted subdivision recorded for the purpose of creating land parcels which can be identified uniquely by reference to such map.

30-28-303. Creation of land division study area. (1) Upon petition of the property owners who represent not less than ten percent of the land in an irregular, divided area, the board of county commissioners may create a land division study area.

(2) At any regular meeting of the board of county commissioners, the board may designate an area of land as a land division study area if:

(a) The notice and comment provisions of subsection (3) of this section have been complied with; and

(b) The board finds that the area proposed for inclusion in the study qualifies as an irregular, divided area.

(3) Prior to designating an area of land as a land division study area, the board of county commissioners shall publish its intent to consider such designation thirty days prior to the meeting in a newspaper of general circulation in the county. Such notice shall include the time and place of the hearing and an invitation to the public to comment on the proposed designation.

Source: L. 88: Entire part added, p. 1118, § 1, effective April 20.

30-28-304. Preparation and adoption of plan for platting notice - withdraw from plan - requirements for adoption. (1) (a) The board of county commissioners shall have prepared a plan for platting the land division study area.

(b) The plan shall include the estimated cost for preparing a subdivision exemption plat and the estimated amount which must be assessed against each property included in the plan in order to repay the cost of the exemption plat. Costs associated with the following activities shall be eligible for inclusion in the cost estimate:

(I) Surveying and engineering;

(II) Drafting;

(III) Computerized mapping;

(IV) Aerial photography;

(V) Monumentation;

(VI) Title research and documentation;

(VII) Preparation of deeds;

(VIII) Court costs; and

(IX) Project administration.

(c) In addition to the costs set forth in subparagraphs (I) to (IX) of paragraph (b) of this subsection (1), the estimated cost may include a contingency amount of up to fifteen percent of the total costs set forth in such subparagraphs.

(2) (a) The board of county commissioners shall conduct a public hearing to consider adoption of the plan for platting described in subsection (1) of this section and to allow owners of property in the land division study area an opportunity to register either their agreement or objection to having their property included in any subdivision exemption plat for the land division study area.

(b) Notice of the time and place of the hearing shall be given at least thirty days prior to the hearing by publication in a newspaper of general circulation in the county and by certified mail to owners of property included in the land division study area. In addition to the time and place of the hearing, the notice shall include at a minimum the following information:

(I) A map showing the properties included in the land division study area, including the approximate location of parcel boundaries;

(II) The purpose for which the study area was created;

(III) The process by which a subdivision exemption plat for the land division study area can be prepared;

(IV) The cost estimates for preparation of a subdivision exemption plat, with conspicuous notification that such costs would be assessed against the properties included in the exemption plat;

(V) The opportunity for the property owner to object to this property being included in any subdivision exemption plat for the land division study area; and

(VI) A copy of the plan for platting prepared pursuant to subsection (1) of this section.

(3) (a) Any property owner may elect to withdraw from the plan for platting described in subsection (1) of this section by submitting a written request by certified mail to the county clerk and recorder prior to the date of the hearing or by appearing at the hearing and informing the board of county commissioners of his decision to withdraw from the plan.

(b) The board of county commissioners shall exclude properties of owners who request withdrawal pursuant to paragraph (a) of this subsection (3) from any plan adopted for platting the land division study area.

(c) The board of county commissioners shall not adopt a plan for platting if the withdrawal of property owners from participation would result in an increase in the amount of the assessment against the remaining properties from that amount which was stated in the plan, unless written consent is obtained from all owners who elect to participate in the plan for platting.

(4) Prior to adoption of any plan for platting a land division study area:

(a) The board of county commissioners shall obtain written consent from each property owner who elects to participate in the plan. Consent on the part of a property owner to participate in the plan shall constitute consent to the following:

(I) Preparation of a subdivision exemption plat for his property;

(II) Temporary conveyance of title to his property to the district court as provided in section 30-28-307;

(III) Payment of the assessment against his property for the cost of preparing the subdivision exemption plat;

(b) Each property owner participating in the plan shall provide evidence of title insurance or other evidence of title which is acceptable to the board of county commissioners for the property which shall be included in the plan for platting. The board of county commissioners shall have the authority to evaluate evidence of title and to exclude properties where title has not been proven to the board's satisfaction.

(5) The board of county commissioners shall adopt the plan for platting by resolution by a majority vote of the full membership of the board.

Source: L. 88: Entire part added, p. 1119, § 1, effective April 20.

30-28-305. Preparation of subdivision exemption plat. (1) The board of county commissioners shall have a subdivision exemption plat prepared for those properties in the land division study area for which the owners have:

(a) Not elected to withdraw from the plan as provided in section 30-28-304 (3);

(b) Given written consent to participate in the plan for platting and have supplied adequate evidence of title as required by section 30-28-304 (4).

(2) The exemption plat shall be prepared by a professional land surveyor, and shall assign a lot number to each of the properties included in the exemption plat.

Source: L. 88: Entire part added, p. 1121, § 1, effective April 20.

30-28-306. Preparation of deeds. The board of county commissioners shall have deeds prepared for each of the properties included in the subdivision exemption plat, using the exemption plat as the basis for the legal description of such properties. Deeds prepared under the provisions of this section shall constitute a legal means for the conveyance of property only upon recordation of the subdivision exemption plat in the office of the county clerk and recorder.

Source: L. 88: Entire part added, p. 1121, § 1, effective April 20.

30-28-307. Conveyance of title to district court. (1) Upon completion of the preparation of the subdivision exemption plat and of the deeds for the parcels included in the exemption plat, each property owner participating in the subdivision exemption plat shall convey the existing title to his property to the district court having jurisdiction over the property which is to be platted.

(2) The district court shall hold each title in escrow and shall act as the property owner for all properties conveyed in this manner for purposes of executing the owner's certificate for consent to the subdivision of the properties as indicated in the subdivision exemption plat.

Source: L. 88: Entire part added, p. 1121, § 1, effective April 20.

30-28-308. Recordation of subdivision exemption plat. Upon execution of the owner's certificate by the district court, the board of county commissioners shall have the subdivision exemption plat recorded in the office of the county clerk and recorder.

Source: L. 88: Entire part added, p. 1121, § 1, effective April 20.

30-28-309. Reconveyance of title to property owners. (1) Upon recordation of the subdivision exemption plat by the county clerk and recorder, the district court shall reconvey the titles held by the court pursuant to section 30-28-307 to the property owners who conveyed title to their properties to the district court. The district court shall convey title by means of the deeds which were prepared in accordance with section 30-28-306.

(2) (a) A failure to record the subdivision exemption plat and to reconvey title from the district court to the participating property owners within five working days from the date title is conveyed to the district court shall void the original conveyance to the district court.

(b) Voiding of the original conveyance shall not preclude subsequent attempts to convey property to the district court for the purposes stated in this part 3, and the limitation on the length of time the district court may hold title to properties so conveyed shall apply to any subsequent conveyance attempts.

Source: L. 88: Entire part added, p. 1121, § 1, effective April 20.

30-28-310. Assessment of costs. (1) (a) The board of county commissioners shall have the authority to assess all eligible costs incurred in preparing the subdivision exemption plat against the properties included in the exemption plat. The maximum amount of such assessment shall be the maximum cost estimate which was included in the plan for platting. The board of county commissioners may establish a schedule of not more than ten years for repayment of the assessment.

(b) The assessment shall become part of the property taxes owed for the affected properties, and the board of county commissioners shall have power to collect delinquent assessments in the same manner that delinquent property taxes are collected. The amount assessed against each of the affected properties shall be proportionate to the benefit received.

(2) The district court shall have the authority to charge for the costs incurred in administering sections 30-28-307 and 30-28-309. Such costs shall be paid by the county at the time these duties are performed, and the county shall be reimbursed for such costs by adding a proportionate amount of such costs to the property owners' assessments which are levied in accordance with subsection (1) of this section.

Source: L. 88: Entire part added, p. 1122, § 1, effective April 20.

30-28-311. Cancellation of process. (1) After adoption of the plan for platting as set forth in section 30-28-304, the board of county commissioners shall cancel the procedures set forth in this part 3 for the creation of a subdivision exemption plat upon:

(a) Written request from at least seventy-five percent of the participating property owners; or

(b) Refusal on the part of one or more property owners to convey title as required by section 30-28-307.

(2) The board of county commissioners shall have the authority to assess costs as provided in section 30-28-310 against the properties included in the adopted plan for work completed prior to cancellation of the process.

Source: L. 88: Entire part added, p. 1122, § 1, effective April 20.

30-28-312. Limitation on liability. Property owners and any persons representing themselves as property owners who convey property to the district court under the provisions of this part 3 shall bear full responsibility for the condition of the title they hold to the property and for any subsequent litigation regarding defective title. Administration by the board of county commissioners and the district court of the procedures set forth in this part 3 shall not confer liability upon them or anyone in their employ for any litigation regarding defective title of any property which is included in a subdivision exemption plat prepared pursuant to this part 3.

Source: L. 88: Entire part added, p. 1122, § 1, effective April 20.

30-28-313. Severability. If any section, clause, provision, or portion of this part 3 shall be found unconstitutional or otherwise invalid by a court of competent jurisdiction, the remainder of this part 3 shall not be affected.

PART 4

CLUSTER DEVELOPMENT

30-28-401. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is in the public interest to encourage clustering of residential dwellings on tracts of land that are exempt from subdivision regulation by county government pursuant to section 30-28-101 (10)(c)(X), thereby providing a means of preserving common open space, of reducing the extension of roads and utilities to serve the residential development, and of allowing landowners to implement smart growth on land that is exempt from subdivision regulations.

(b) Landowners should have the option to consider cluster development when subdividing land into parcels in a manner that constitutes an alternative to the traditional thirty-five acre interests described in section 30-28-101 (10)(c)(I).

(c) A process should be available for the development of parcels of land for residential purposes that will authorize the use of clustering, water augmentation, density bonuses, not to exceed two units for each thirty-five acre increment, or other incentives, and the transfer of development rights and fulfill the goals of the county to preserve open space, protect wildlife habitat and critical areas, and enhance and maintain the rural character of lands with contiguity to agricultural lands suitable for long-range farming and ranching operations.

Source: L. 96: Entire part added, p. 1880, § 2, effective June 6.

30-28-402. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Rural land use process" means a planning process duly enacted and adopted by a county which is designed to offer a land use option for single family residential purposes that

differs from traditional thirty-five acre divisions of land, as described in section 30-28-101 (10)(c)(I).

Source: L. 96: Entire part added, p. 1881, § 2, effective June 6.

30-28-403. Cluster development. (1) A cluster development is any division of land that creates parcels containing less than thirty-five acres each, for single-family residential purposes only, where one or more tracts are being divided pursuant to a rural land use process and where at least two-thirds of the total area of the tract or tracts is reserved for the preservation of open space. No rural land use process as authorized by this section shall approve a cluster development that would exceed one residential unit for each seventeen and one-half acre increment.

(2) As a condition of approving a cluster development, a rural land use process shall require that the cluster development plan to set aside land to preserve open space or to protect wildlife habitat or critical areas not permit development of such land for at least forty years from the date the plan is approved.

Source: L. 96: Entire part added, p. 1881, § 2, effective June 6. **L. 2001:** (1) amended, p. 157, § 1, effective August 8.

30-28-404. Water - sewage - roadways - notification to state engineer. (1) In an effort to preserve open space and water resources, a cluster development may obtain only one well permit for each single-family residential lot pursuant to sections 37-90-105 and 37-92-602, C.R.S., subject to the provisions of subsection (2) of this section.

(2) Except in areas of the state where unappropriated water is available for withdrawal and the vested water rights of others will not be materially injured and except inside designated groundwater basins, a water court-approved plan for augmentation shall be required and shall accompany any county-approved rural land use plan when the water usage in the cluster development would exceed an annual withdrawal rate of one acre-foot for each thirty-five acres within the cluster development. Nothing in this section shall be construed to preclude the use of treated domestic water provided by any public or private entity.

(3) No later than ten days after approval of a cluster development pursuant to a county's rural land use process, the board of county commissioners shall notify the state engineer of such approval and shall provide the state engineer a copy of the approved rural land use plan that includes the cluster development.

APPORTIONMENT OF FEDERAL MONEYS

ARTICLE 29

Apportionment of Federal Moneys from Public Lands

Editor's note: This article was numbered as article 9 of chapter 112, C.R.S. 1963. The substantive provisions of this article were repealed and reenacted in 1973, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1973, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume. For a detailed comparison of this article, see the comparative tables located in the back of the index.

30-29-101. Receipts from national forests - legislative intent. (1) All moneys received by the state treasurer from the federal government under provisions of the act of congress of May 23, 1908, as amended, 16 U.S.C. sec. 500, relating to receipts from national forests, referred to in this section as "national forest payments", shall be credited to a clearing account.

(2) The state treasurer shall pay over the national forest payments within thirty days after receipt of the payments to the treasurers of the several counties of the state in which national forests are located, on the basis of the acreage of national forest land located in each county and in accordance with information provided by the appropriate agency of the federal government as to source and amount.

(3) (a) The boards of county commissioners of the counties receiving the payments specified in subsection (2) of this section shall allocate a minimum of twenty-five percent to the county road and bridge fund and a minimum of twenty-five percent to the public schools in the county; except that the county may allocate less than twenty-five percent of the national forest payments to the county road and bridge fund in order to maximize the receipt by the county of federal payments in lieu of taxes pursuant to 31 U.S.C. sec. 6901 et seq., referred to in this section as "PILT". The allocation of the remaining fifty percent of the national forest payments shall be determined pursuant to the provisions of paragraph (b) of this subsection (3).

(b) (I) A total of three representatives from the school districts in the county and three members of the board of county commissioners, or their designees, shall meet and shall negotiate the remaining percentage allocation of the national forest payments to either the public schools in the county or the county road and bridge fund. In determining the allocation of the national forest payments, the parties shall seek to maximize the total amount of federal funds that may be received by the county and the public schools in the county.

(II) Unallocated national forest payments shall remain unspent until such time as the parties agree upon the allocation of the national forest payments between the county road and bridge fund and the public schools in the county.

(c) If there is more than one school district in the county, the amount allocated to each district shall be in the proportion that its pupil enrollment during the preceding school year bears to the aggregate pupil enrollment in all districts in the county during said preceding school year.

(4) Notwithstanding the minimum percentage allocations to the public schools in the county and the county road and bridge fund set forth in paragraph (a) of subsection (3) of this section, in any federal fiscal year in which the national forest payments received by the state from the federal government are less than six million dollars, the parties specified in paragraph (b) of subsection (3) of this section shall allocate one hundred percent of the national forest payments to either the public schools in the county or the county road and bridge fund pursuant to the provisions of paragraph (b) of subsection (3) of this section.

(5) Repealed.

Editor's note: Subsection (5)(c) provided for the repeal of subsection (5), effective July 1, 2011. (See L. 2010, p. 2029.)

30-29-102. Receipts from flood control projects. (1) All moneys received by the state treasurer from the federal government under provisions of Public Law 526, 79th Congress, Second Session, approved July 24, 1946, relating to flood control projects, shall be credited to a clearing account.

(2) As soon as practicable after receipt of the moneys specified in subsection (1) of this section, the state treasurer shall pay over said moneys to the treasurers of the several counties of the state in which flood control projects are located, in accordance with information provided by the appropriate federal agency as to location and amount.

(3) The boards of county commissioners of the counties receiving the payments specified in subsection (2) of this section shall allocate twenty-five percent thereof to the county road and bridge fund and seventy-five percent thereof to the public schools of the county. If there is more than one school district in the county, the amount allocated to each district shall be in the proportion which its pupil enrollment during the preceding school year bears to the aggregate pupil enrollment in all districts in the county during said preceding school year.

FLOOD CONTROL

ARTICLE 30

Control of Streamflow

30-30-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Channel" means that area of a stream where water normally flows between banks and not that area beyond where vegetation exists.

(2) "Obstruction" means sandbars formed by the natural flow of a stream, temporary structures, planks, snags, and debris in and along the existing channel which cause a flood hazard.

Source: L. 74: Entire article added, p. 230, § 1, effective May 14.

30-30-102. Authority to remove obstructions in streams. (1) The board of county commissioners of each county shall have authority within its respective county, for flood control purposes only, to remove or cause to be removed any obstruction to the channel of any natural stream which causes a flood hazard, and for such purpose only the board of county

commissioners shall have a right of access to any such natural stream, which access shall be accomplished through existing gates and lanes, if possible. Such authority includes the right to modify existing diversion or storage facilities at no expense to the diverter of a water right, but it shall in no way alter or diminish the quality or quantity of water entitled to be received under any vested water right.

(2) Except in case of imminent flood danger, such right of access shall be exercised only as follows:

(a) Upon five days' notice to the landowner and to the owner of any other property or leasehold interest in the area to be inspected, including public utilities, the board of county commissioners shall have a right of access to any natural stream for the purpose of inspecting it and determining if there are obstructions to its channel which create a flood hazard.

(b) If the board of county commissioners determines that there are obstructions on the property owner's property which in its opinion create a flood hazard, it shall give him written notice of those conditions. Thereafter the board of county commissioners shall negotiate with the owner to reach agreement as to the existence of such conditions and as to the procedures necessary for the elimination thereof. If such agreement is reached, the owner, if he requests, shall be given a reasonable time within which to eliminate such conditions himself, and such agreement may provide for compensation to the owner for such work.

(c) If the board of county commissioners and the owner cannot reach such agreement, then, unless the owner consents to access by the board of county commissioners, the board of county commissioners shall have access only through the institution of proceedings in the district court for a mandatory order compelling the owner to permit access for the purposes specified in subsection (1) of this section. In such court proceedings, it shall be appropriate for the court to consider the necessity for and the reasonableness of the request of the board of county commissioners for access and to award to the owner such payment, if any, as may be proper to compensate him for damages to his property resulting from the flood control work on his property as authorized by the board of county commissioners.

(d) Whenever such action occurs within the boundaries of a municipality, the board of county commissioners shall consult with the governing body of that municipality.

(3) Prior to the initiation of any flood control work under this article, the board of county commissioners shall give the division of parks and wildlife written notice, specifying the conditions which in its opinion create a flood hazard and the location of such. This subsection (3) shall not apply in the case of imminent flood danger.

COUNTY REVITALIZATION

ARTICLE 31

County Revitalization

30-31-101. Short title. The short title of this article 31 is the "County Revitalization Law".

Source: L. 2024: Entire article added, (HB 24-1172), ch. 387, p. 2638, § 1, effective August 7.

30-31-102. Legislative declaration. (1) The general assembly finds and declares that:

(a) There exist in counties of the state unincorporated areas that would benefit from revitalization and economic investment that will not occur without additional funding;

(b) The existence of these areas impair successful development and redevelopment within counties and harms the welfare of county residents in ways that harm the surrounding communities, and the revitalization of these areas is a matter of public policy and statewide concern in order that the state and its counties not continue to be underutilized and placed in a condition that harms the welfare of these areas;

(c) Certain revitalization areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this article 31, since the prevailing conditions in county revitalization areas may make the reclamation of the area by conservation or rehabilitation impracticable;

(d) Potential revitalization areas, or portions thereof, through the means provided in this article 31, may be susceptible of conservation or rehabilitation in such a manner that the conditions enumerated in this section may be improved or remedied;

(e) Revitalization areas may be conserved and rehabilitated through appropriate public action, as authorized or contemplated in this article 31, and the cooperation and voluntary action of the owners and tenants of property in revitalization areas;

(f) The powers conferred by this article 31 are for public uses and purposes for which public money may be expended and the police power exercised; and

(g) The necessity in the public interest for the provisions enacted in this article 31 is declared as a matter of legislative determination.

- (2) The general assembly further finds and declares that:
- (a) County revitalization areas created for the purposes described in subsections (1)(a) and (1)(b) of this section must not include agricultural land except in connection with the limited circumstances described in this article 31; and
- (b) The inclusion of agricultural land within county revitalization areas is a matter of statewide concern.

30-31-103. Definitions. As used in this article 31, unless the context otherwise requires:

(1) "Agricultural land" means any parcel of land or any contiguous parcels of land that, regardless of the uses for which the land has been zoned, the county assessor has classified as agricultural land for purposes of the levying and collection of property tax pursuant to sections 39-1-102 (1.6)(a) and 39-1-103 (5)(a), at any time during the five-year period before either the date of adoption of a county revitalization plan or any modification of a county revitalization plan.

(2) "Bonds" means any bonds, including refunding bonds, notes, interim certificates or receipts, temporary bonds, certificates of indebtedness, debentures, or other obligations issued as authorized by this article 31.

(3) "Brownfield site" means real property and the development, expansion, redevelopment, or reuse of real property that is complicated by the presence of a substantial amount of one or more hazardous substances, pollutants, or contaminants, as designated by the United States environmental protection agency.

(4) "Business concern" has the same meaning as "business", as defined in section 24-56-102 (1).

(5) "County revitalization area" means a revitalization area that the governing body designates as appropriate for the county revitalization project.

(6) "County revitalization authority" or "authority" means a corporate body organized pursuant to this article 31.

(7) "County revitalization plan" means a plan for the county revitalization project that:

(a) Conforms to a general or master plan for the physical development of the county as a whole;

(b) Indicates land acquisition, development, redevelopment, rehabilitation, and additional land and capital improvements;

(c) Includes zoning and planning changes, if any, land uses, maximum densities, and building requirements; and

(d) Defines the plan's relationship to defined local objectives respecting appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements.

(8) "County revitalization project" means undertakings and activities that take advantage of revitalization areas in accordance with the county revitalization plan. Such undertakings and activities may include:

(a) Acquisition of a revitalization area or any portion thereof;

(b) Demolition and removal of buildings and improvements;

(c) Installation, construction, or reconstruction of streets, utilities, parks, playgrounds, and other improvements;

(d) Disposition of any property acquired or held by the authority as a part of the county revitalization project for county revitalization areas. Disposition includes sale, initial leasing, or temporary retention by the authority at the fair value of the property for use in accordance with the county revitalization plan.

(e) Carrying out plans for a program through voluntary action and the regulatory process for the repair, alteration, and rehabilitation of buildings or other improvements in accordance with the county revitalization plan; and

(f) Acquisition of any property necessary to achieve the objectives of the county revitalization plan.

(9) "Displaced person" has the same meaning as set forth in section 24-56-102 (2), and also includes any individual, family, or business concern displaced by an authority acquiring real property through the exercise of eminent domain.

(10) "Governing body" means the board of county commissioners of the county within which an authority is established or proposed to be established.

(11) "Obligee" means any bondholder, agent, trustee for any bondholder, lessor demising to an authority property used in connection with the county revitalization project of the authority, assignee of such lessor's interest or any part thereof, or the federal government when it is a party to any contract or agreement with an authority.

(12) "Public body" means the state of Colorado and any county, quasi-municipal corporation, board, commission, authority, political subdivision, or public corporate body of the state.

(13) "Real property" means lands, lands under water, structures, easements, franchises, and incorporeal hereditaments and every estate and right therein, legal and equitable, including terms for years and liens by way of judgment, mortgage, or otherwise.

(14) "Revitalization area" means an area that, upon the implementation of the county revitalization plan, substantially promotes the sound growth of the county, improves economic and social conditions, and furthers the health, safety, and well-being of the public by the actualization of one of the following opportunity factors:

(a) Investment in critical infrastructure, including water, sanitary sewer and storm water systems and management, electricity, and other public utilities to achieve desired levels of residential density and employment growth;

(b) Improvement of mobility and increased access to transportation corridors and multimodal transportation options;

(c) Development of affordable housing proximate to enhanced transportation hubs and corridors;

(d) Development of economic opportunities for job creation and growth in entrepreneurship and successful location of existing businesses;

(e) Expansion of access to healthy food systems, community medical services, public parks, or public education opportunities;

(f) Improvement of circulation patterns and enhancement of safe and reliable public transportation systems;

(g) Remediation of contaminated soils or water;

(h) Clearance, abatement, or rehabilitation of structurally unsound, deteriorating, or otherwise unsafe structures; or

(i) Redevelopment of former landfills, floodplains, or other areas challenged by topography that, in their present condition, pose a threat to public health and safety.

(15) "Urban-level development" means an area in which there is a predominance of either permanent structures or above-ground or at-grade infrastructure.

30-31-104. County revitalization authority. (1) (a) Any twenty-five registered electors of a county may file a petition with the governing body or its designee, or the governing body may adopt a resolution, setting forth that there is a need for a county revitalization authority in the county.

(b) (I) Upon the filing of a petition or the adoption of a resolution described in subsection (1)(a) of this section, a county shall give notice of the time, place, and purpose of a public hearing where the governing body will determine the need for the county revitalization authority in the county. This notice must also include a general description of the land that would be part of the county revitalization area. The county must give this notice to every municipality within three miles of the proposed authority at least thirty days before the hearing.

(II) A county shall provide the notice described in this subsection (1)(b) at its own expense by publishing the notice at least thirty days preceding the day on which the hearing is to be held in a newspaper having a general circulation in the county or, if there is no such newspaper, by posting the notice in at least three public places within the county at least thirty days preceding the day on which the hearing is to be held.

(III) At the hearing held pursuant to the notice described in this subsection (1)(b), the governing body shall grant a full opportunity to be heard to all county residents, taxpayers, municipalities within three miles of the proposed authority, and other interested persons.

(c) After the hearing held pursuant to the notice described in subsection (1)(b) of this section, the governing body shall adopt a resolution finding a need for and creating the county revitalization authority if the governing body:

(I) Determines that there are one or more revitalization areas in the county outside of existing urban renewal authorities;

(II) Determines that the acquisition, clearance, rehabilitation, conservation, development, redevelopment, or any combination thereof of such revitalization areas is necessary and in the interest of the public health, safety, or welfare of the county residents; and

(III) Declares it to be in the public interest that the county revitalization authority be created and exercises the powers provided in this article 31.

(d) (I) If the governing body adopts a resolution in accordance with subsection (1)(c) of this section, the governing body shall appoint authority commissioners as provided in subsection (2) of this section.

(II) If the governing body, after a hearing held pursuant to subsection (1)(b) of this section, determines that it cannot make the determinations and declaration enumerated in subsection (1)(c) of this section, it shall adopt a resolution denying the petition filed pursuant to subsection (1)(a) of this section. Only beginning six months after the denial of such a petition

may registered electors file subsequent petitions with the governing body or its designee, setting forth that there is a need for the county revitalization authority in the county.

(2) (a) (I) An authority consists of no fewer than three and no more than eight authority commissioners.

(II) (A) If at least one taxing entity has joined the authority pursuant to subsection (6) of this section, one authority commissioner must be a board member of a special district selected by agreement of the special districts levying a mill levy within the boundaries of the county revitalization authority area that have joined the county revitalization authority.

(B) If no special district appoints an authority commissioner, then the special district appointment remains vacant until the applicable appointing authority makes the appointment pursuant to this subsection (2)(a).

(III) If the governing body appoints an even number of authority commissioners, the governing body shall designate an authority commissioner as the authority commissioner who casts the deciding vote in the case of an otherwise tie vote.

(b) (I) Authority commissioner terms are for four years; except that the governing body shall assign terms of four years or fewer for the initial authority commissioners so that authority commissioners serve for staggered terms.

(II) The governing body shall fill authority commissioner vacancies, other than those that occur due to the expiration of terms, for the remaining unexpired term; except that a vacancy of the special district-appointed seat must be filled by agreement of the affected special districts.

(III) An authority commissioner holds office until the governing body appoints the authority commissioner's qualified successor.

(c) (I) The governing body shall designate the chairperson for the first year of the authority. When the office of the first chairperson of the authority becomes vacant and annually thereafter, the authority shall select a chairperson and vice-chairperson from among its members.

(II) An authority may employ a secretary, an executive director, technical experts, and such other officers, agents, and employees as it may require and shall determine their qualifications, duties, and compensation.

(III) An authority may call upon the county attorney and employ its own counsel and legal staff for legal services.

(IV) An authority may delegate powers and duties to one or more of its agents or employees as it deems proper.

(d) The governing body shall file with the county clerk and recorder a certificate of the appointment or reappointment of any authority commissioner, and the certificate is conclusive evidence of the due and proper appointment of the authority commissioner.

(e) An authority commissioner receives no compensation for services rendered, but is entitled to reimbursement for necessary expenses, including traveling expenses, incurred in the discharge of the duties described in this article 31.

(f) A majority of the authority commissioners constitutes a quorum.

(3) (a) (I) Upon appointment as an authority commissioner, an authority commissioner shall file a certificate with the division of local government in the department of local affairs setting forth that the governing body, after the hearing required by subsection (1)(b) of this section, made the findings and declaration required in subsection (1)(c) of this section and appointed the authority commissioner.

(II) Upon an authority commissioner filing such a certificate, the authority commissioner and any successor constitutes the county revitalization authority, which is a body corporate and politic.

(b) In any suit, action, or proceeding involving the validity or enforcement of any bond, contract, mortgage, trust indenture, or other agreement of the authority, the authority must be conclusively deemed to have been established in accordance with the provisions of this article 31 upon proof of the filing of the certificate described in this subsection (3). A copy of the certificate, duly certified by the director of the division of local government in the department of local affairs, is admissible in evidence in any such suit, action, or proceeding.

(4) (a) (I) Neither any authority commissioner, authority officer, or employee of an authority nor any immediate family member of any such authority commissioner, officer, or employee may acquire any interest, direct or indirect, in any county revitalization project or in any property included or planned to be included in any county revitalization project.

(II) An authority commissioner shall not have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any county revitalization project.

(b) (I) (A) If an authority commissioner, authority officer, or employee of an authority owns or controls an interest, direct or indirect, in any property included or planned to be included in the county revitalization project, the authority commissioner shall immediately disclose the interest in writing to the authority. The disclosure must be entered upon the minutes of the authority.

(B) Upon a disclosure made pursuant to subsection (4)(b)(I)(A) of this section, the authority commissioner, officer, or other employee shall not participate in any action by the authority affecting the carrying out of the county revitalization project planning or the undertaking of the project, unless the authority determines that, notwithstanding the personal interest, the participation of the authority commissioner, officer, or employee would not be contrary to the public interest.

(II) Acquisition or retention of any interest described in subsection (4)(b)(I)(A) of this section without a determination by the authority that the interest is not contrary to the public interest or willful failure to disclose any such interest constitutes misconduct in office.

(5) (a) The governing body may remove an authority commissioner for inefficiency or neglect of duty or misconduct in office only after the authority commissioner has been given a copy of the charges that the governing body made against the authority commissioner and the authority commissioner has had an opportunity to be heard in person or through counsel before the governing body.

(b) If any authority commissioner is removed, the governing body shall file a record of the proceedings, together with the charges made against the authority commissioner and any related findings, in the office of the county clerk and recorder.

(6) (a) Any taxing entity, other than a school district or the county, that levies taxes in an area that would fall under the county revitalization plan proposed by the authority may file a petition with the authority requesting to join the authority.

(b) Within thirty days of receiving the notice described in subsection (6)(a) of this section, the authority shall hold a public hearing to determine whether the taxing entity that filed a petition should be included in the authority.

(c) The incremental property tax revenue of a taxing entity that either does not file a petition in accordance with subsection (6)(a) of this section or that the authority decides not to include in the authority during a hearing held in accordance with subsection (6)(b) of this section shall not be allocated under the county revitalization plan proposed by the authority.

30-31-105. Powers of an authority. (1) An authority has all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this article 31, including the power to:

- (a) Sue and to be sued;
- (b) Adopt and alter a seal;
- (c) Have perpetual succession;
- (d) Make, and from time to time amend and repeal, bylaws, orders, rules, and regulations to effectuate the provisions of this article 31;
- (e) Undertake county revitalization projects;
- (f) Make and execute any and all contracts and other instruments which it may deem necessary or convenient to the exercise of its powers under this article 31, including contracts for advances, loans, grants, and contributions from the federal government or any other source;
- (g) Arrange for the furnishing or repair by any person or public body of services, privileges, works, streets, roads, public utilities, or educational or other facilities for or in connection with a project of the authority;
- (h) Dedicate property acquired or held by the authority for public works, improvements, facilities, utilities, and other purposes;
- (i) Agree, in connection with any of the authority's contracts, to any conditions that the authority deems reasonable and appropriate under this article 31, including conditions attached to federal financial assistance, and to include in any contract made or let in connection with any project of the authority provisions to fulfill such conditions as it may deem reasonable and appropriate;
- (j) Arrange with the county or other relevant public body to plan, replan, zone, or rezone any part of the area of the county or other public body in connection with any project proposed or being undertaken by the authority under this article 31;
- (k) Enter, with the consent of the owner, any building or property in order to make surveys or appraisals and to obtain an order for this purpose from a court of competent jurisdiction if entry is denied or resisted;
- (l) Acquire any property by purchase, lease, option, gift, grant, bequest, devise, or otherwise to acquire any interest in property by condemnation, including a fee simple absolute title, in the manner provided by the laws of the state for the exercise of the power of eminent domain by any other public body. Property already devoted to a public use may be acquired in a like manner; except that no property belonging to the federal government or to a public body may be acquired without its consent. Any acquisition of any interest in property by condemnation by an authority must be approved as part of the county revitalization plan or the substantial modification of the county revitalization plan, as provided in section 30-31-109, must

be approved by a majority vote of the governing body in which the property is located, and must satisfy the requirements of section 30-31-106.

(m) Hold, improve, clear, or prepare for redevelopment any property acquired by condemnation by an authority;

(n) Mortgage, pledge, hypothecate, or otherwise encumber or dispose of its property;

(o) Insure any property or operations of the authority against any risks or hazards; except that no provision of any other law with respect to the planning or undertaking of projects or the acquisition, clearance, or disposition of property by public bodies may restrict an authority from exercising powers under this article 31 with respect to a project of the authority unless the general assembly so states;

(p) (I) Invest any of the authority's money not required for immediate disbursement in property or in securities in which public bodies may legally invest money subject to their control pursuant to part 6 of article 75 of title 24, and to redeem such bonds as the authority has issued at the redemption price established therein or to purchase such bonds at less than redemption price. All such bonds issued by and then redeemed or purchased by an authority are canceled.

(II) Deposit any money not required for immediate disbursement in any depository authorized in section 24-75-603. For the purpose of making such deposits, the authority may appoint, by written resolution, one or more persons to act as custodians of the money of the authority. Such persons shall give surety bonds in such amounts and form and for such purposes as the authority requires.

(III) Borrow money and apply for and accept advances, loans, grants, and contributions from the federal government or any other source for any of the purposes of this article 31 and to give such security as the federal government or other lender may require;

(IV) Make appropriations and expenditures of its funds; and

(V) Set up, establish, and maintain general, separate, or special funds and bank accounts or other accounts as it deems necessary to carry out the purposes of this article 31;

(q) Make and submit, or resubmit to the governing body for appropriate action, the authority's proposed plans and modifications to those plans as necessary for the carrying out of the purposes of this article 31. Such plans must include:

(I) A roadmap to assist the county in its preparation of a workable program for utilizing appropriate private and public resources to take advantage of revitalization areas, to encourage needed county revitalization, to provide for the redevelopment of revitalization areas, or to undertake such activities as may be suitably employed to achieve the objectives of such a workable program, which may include provisions for:

(A) The rehabilitation or conservation of revitalization areas or portions of those areas by replanning, removing congestion, providing public improvements, and encouraging the rehabilitation and repair of deteriorated or deteriorating structures; and

(B) The clearance and redevelopment of revitalization areas or portions of those areas;

(II) County revitalization plans;

(III) Plans for the relocation of those individuals, families, and business concerns situated in the county revitalization area which will be displaced by the county revitalization project. These relocation plans may include data setting forth a feasible method for the temporary relocation of such individuals, families, and business concerns and showing that there will be provided, in the county revitalization area or in other areas not generally less desirable in regard to public utilities and public and commercial facilities, and at rents or prices within the

financial means of such individuals, families, and business concerns, decent, safe, and sanitary dwellings and commercial spaces equal in number to and available to such individuals, families, and business concerns and reasonably accessible to their places of employment or business.

(IV) Plans for undertaking a program of voluntary repair and rehabilitation of buildings and improvements;

(V) Plans for the enforcement of state and local laws, codes, and regulations relating to:

(A) The use of land;

(B) The use and occupancy of buildings;

(C) Building improvements; and

(D) The repair, rehabilitation, demolition, or removal of buildings and improvements;

and

(VI) Financing plans, maps, plats, appraisals, title searches, surveys, studies, and other preliminary plans and work pertinent to any proposed plans or modifications;

(r) Make reasonable relocation payments to or with respect to individuals, families, and business concerns situated in the county revitalization area that will be displaced as provided in subsection (1)(q)(III) of this section for moving expenses and actual direct losses of property including, for business concerns, goodwill and lost profits that are reasonably related to relocation of the business, resulting from their displacement for which reimbursement or compensation is not otherwise made, including the making of such payments financed by the federal government;

(s) Develop, test, and report methods and techniques for taking advantage of the revitalization areas within the county and carry out demonstrations and other activities for taking advantage of the revitalization areas; and

(t) Rent or provide by other means, including accepting the use of suitable quarters furnished by the relevant county or any other public body, suitable quarters for the use of the authority and equip such quarters with furniture, furnishings, equipment, records, and supplies as the authority deems necessary to enable it to exercise its powers under this article 31.

(2) No authority has power to levy or assess ad valorem taxes, personal property taxes, or any other form of taxes including special assessments against any property.

(3) No municipality is required to provide services within the boundaries of the county revitalization area or to provide or expand infrastructure or facilities to serve a county revitalization project; except that the authority or county and a municipality may enter into an intergovernmental agreement regarding the provision of services within the boundaries of the county revitalization area or to provide or expand infrastructure or facilities to service a county revitalization project.

(4) Nothing in this article 31 shall be construed to affect the authority of a municipality to regulate and plan for the use of land or affect any agreement between a municipality and a landowner or public body relating to the use or development of land.

30-31-106. Acquisition of private property by eminent domain by authority for subsequent transfer to private party - restrictions - exceptions - right of civil action - damages - definitions. (1) (a) Except as provided in this subsection (1) or subsection (2) of this

section, private property acquired by eminent domain by an authority pursuant to section 30-31-105 (1)(I) shall not later be transferred to a private party unless:

(I) The owner of the property consents in writing to acquisition of the property by eminent domain by the authority;

(II) The authority determines that the property is no longer necessary for the purpose for which the authority originally acquired the property, and the authority first offers to sell the property to the owner from which the authority acquired the property, if the owner can be located, at a price not more than that paid by the authority, and the owner of the property declines the authority's offer;

(III) The property acquired by the authority is abandoned; or

(IV) The owner of the property requests or pleads in an eminent domain action that the authority acquiring the property also acquire property that is not essential to the purpose of the authority's acquisition on the basis that acquiring less property would leave the owner of the property holding an uneconomic remnant.

(b) Notwithstanding any other provision of this section, a transfer that satisfies the requirements of this subsection (1) is not subject to the provisions of subsection (2), (3), or (4) of this section.

(2) (a) If a proposed transfer of private property acquired by an authority by eminent domain does not satisfy one of the requirements specified in subsection (1)(a) of this section, such property may later be transferred to a private party only after the following conditions are satisfied:

(I) The governing body makes a determination that the property is located in a revitalization area and that the county revitalization project for which the property was being acquired will commence no later than seven years from the date the governing body made the revitalization area determination. For purposes of this subsection (2)(a)(I), the governing body's determination of whether a particular area or property is a revitalization area must be based upon information that is reasonably current when the governing body makes the determination.

(II) Not later than the commencement of the negotiation of an agreement for the redevelopment or rehabilitation of property acquired or to be acquired by eminent domain, the authority provides notice and invites proposals for redevelopment or rehabilitation from all property owners, residents, and owners of business concerns located on the property acquired or to be acquired by eminent domain in the county revitalization area by mailing notice to their last known address of record. The authority may, at the same time, invite proposals for redevelopment or rehabilitation from owners of business concerns, other interested persons who may not be property owners, or residents within the county revitalization area and may provide public notice thereof by publication in a newspaper having a general circulation within the county in which the authority has been established.

(III) In the case of a set of parcels to be acquired by the authority in connection with the county revitalization project, at least one of which parcels is owned by an owner refusing or rejecting an agreement for the acquisition of the entire set of parcels, the authority makes a determination that the redevelopment or rehabilitation of the remaining parcels is not viable under the county revitalization plan without the parcel at issue.

(b) (I) Any owner of property located within the county revitalization area may challenge the determination of a revitalization area made by the governing body pursuant to subsection (2)(a)(I) of this section by filing, not later than thirty days after the determination, a

civil action in district court pursuant to C.R.C.P. 106 (a)(4) for judicial review of the exercise of discretion on the part of the governing body in making the determination. Any such action must be governed in accordance with the procedures and other requirements specified in C.R.C.P. 106 (a)(4); except that the governing body has the burden of proving that, in making its revitalization area determination, it neither exceeded its jurisdiction nor abused its discretion.

(II) If the owner is the prevailing party on a challenge brought pursuant to this subsection (2)(b), an authority seeking to acquire property by eminent domain in accordance with the requirements of this subsection (2) shall reimburse the owner of the property for reasonable attorney fees incurred by the owner in connection with the acquisition.

(c) Notwithstanding any other provision of law, any determination made by the governing body pursuant to subsection (2)(a) of this section is a legislative determination and not a quasi-judicial determination.

(d) Notwithstanding any other provision of this article 31, an authority's eminent domain authority shall not exceed that of the county where the authority is located.

(3) (a) (I) Any authority that exercises the power of eminent domain to transfer acquired property to another private party as authorized in accordance with the requirements of this section shall adopt relocation assistance and land acquisition policies to benefit displaced persons that are consistent with those set forth in article 56 of title 24 to the extent applicable to the facts of each specific property and at the time of the relocation of the owner or the occupant. An authority shall provide compensation or other forms of assistance to any displaced person in accordance with the adopted policies.

(II) In the case of a business concern displaced by the acquisition of property by eminent domain, the authority shall make a business interruption payment to the business concern not to exceed the lesser of ten thousand dollars or one-fourth of the average annual taxable income shown on the three most recent federal income tax returns of the business concern.

(b) In any case where the acquisition of property by eminent domain by an authority displaces individuals, families, or business concerns, the authority shall make reasonable efforts to relocate those individuals, families, or business concerns within the county revitalization area. This relocation must be consistent with the uses provided in the county revitalization plan or in areas within reasonable proximity to, or comparable to, the original location of such individuals, families, or business concerns.

(4) As used in this section, unless the context otherwise requires, "private property" or "property" means, as applied to real property, only a fee ownership interest.

30-31-107. Condemnation actions by authorities - effect of other provisions. Notwithstanding any other provision of law, any condemnation action commenced by an authority must satisfy the requirements of section 38-1-101. To the extent that there is any conflict between this article 31 and section 38-1-101, section 38-1-101 controls.

30-31-108. Disposal of property in county revitalization area. (1) (a) An authority may sell, lease, or otherwise transfer real property or any interest therein acquired by the authority as part of the county revitalization project for residential, recreational, commercial, industrial, or other uses, or for public use in accordance with the county revitalization plan, subject to such covenants, conditions, and restrictions, including covenants running with the land and the incorporation by reference of the provisions of the county revitalization plan or any part thereof as the authority deems to be in the public interest or necessary to carry out the purposes of this article 31.

(b) The purchasers, lessees, transferees, and their successors and assignees described in this subsection (1) are obligated to devote the real property described in this subsection (1) only to the land uses, designs, building requirements, timing, or procedures specified in the county revitalization plan and may be obligated to comply with other requirements that the authority determines are in the public interest, including the obligation to begin any improvements on such real property that are required by the county revitalization plan within a reasonable time.

(c) (I) The real property or interest described in subsection (1)(a) of this section must be sold, leased, or otherwise transferred at not less than its fair value as determined by the authority for uses in accordance with the county revitalization plan.

(II) In determining the fair value of real property for uses in accordance with the county revitalization plan, an authority shall take into account:

(A) The uses provided in the county revitalization plan;

(B) The restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee; and

(C) The objectives of the county revitalization plan in relation to taking advantage of revitalization areas.

(d) (I) Real property acquired by an authority which, in accordance with the provisions of the county revitalization plan, is to be transferred must be transferred as rapidly as feasible in the public interest consistent with the county revitalization plan.

(II) Any contract for the transfer of real property described in this section and the county revitalization plan, or any part of the contract or plan as the authority may determine, may be recorded in the land records of the county in such manner as to afford actual or constructive notice.

(2) (a) An authority shall only dispose of real property in the county revitalization area to private persons under such reasonable competitive bidding procedures as the authority prescribes or as provided in this subsection (2).

(b) (I) An authority, by public notice by publication once each week for two consecutive weeks in a newspaper having a general circulation in the county, before the execution of any contract to sell, lease, or otherwise transfer real property, and before the delivery of any instrument of conveyance pursuant to this section, may invite proposals from and make available all pertinent information to any person interested in undertaking the redevelopment or rehabilitation of the county revitalization area or any part thereof.

(II) Notice given in accordance with this subsection (2)(b) must identify the relevant portion of the area and must state that such further information as is available may be obtained at the office designated in the notice.

(c) An authority shall consider all redevelopment or rehabilitation proposals received in accordance with subsection (2)(b) of this section and the financial and legal ability of the persons

making the proposals to carry them out and may negotiate with any persons for proposals for the purchase, lease, or other transfer of any real property acquired by the authority in the county revitalization area.

(d) An authority may accept such proposals as it deems to be in the public interest and in furtherance of the purposes of this article 31.

(e) An authority shall file a notification of intention to accept a proposal with the governing body not less than fifteen days before any such acceptance. Thereafter, the authority may execute the proposal in accordance with the provisions of subsection (1) of this section and deliver deeds, leases, and other instruments and take all steps necessary to effectuate the proposal.

(3) An authority may temporarily operate and maintain real property acquired in the county revitalization area pending the disposition of the property for redevelopment without regard to the provisions of subsection (1) of this section for such uses and purposes as it deems desirable even if those uses and purposes are not in conformity with the county revitalization plan.

(4) Notwithstanding subsection (1) of this section, an authority may set aside, dedicate, and devote project real property to public uses in accordance with the county revitalization plan or set aside, dedicate, and transfer real property to the county or to any other appropriate public body for public uses in accordance with the county revitalization plan with or without compensation for such property, with or without regard to the fair value of such property as determined in subsection (1) of this section, and upon or subject to such terms, conditions, covenants, restrictions, or limitations as the authority deems to be in the public interest and as are consistent with the purposes and objectives and the other applicable provisions of this article 31.

30-31-109. Approval of county revitalization plans by local governing body - definitions. (1) (a) An authority may not undertake the county revitalization project for the county revitalization area unless, based on evidence presented at a public hearing, the governing body has determined by resolution that the area is a revitalization area and has designated the area as appropriate for a county revitalization project.

(b) (I) Notwithstanding any other provision of this article 31, within thirty days of commissioning a study to determine whether an area is a revitalization area in accordance with the requirements of subsection (1)(a) of this section, the authority shall provide notice to any owner of private property located in the area that is the subject of the study by mailing notice to the owner by regular mail at the last-known address of record and to any municipality within three miles of the proposed area. The notice must state that the authority is commencing a study necessary for making a determination as to whether the area in which the owner owns property is a revitalization area. Within seven days of making such determination, the authority or the county, as applicable, shall also provide notice of the determination to any owner of private property located in the area that is the subject of the study by mailing notice to the owner by regular mail at the last-known address of record.

(II) As used in this subsection (1)(b), "private property" means, as applied to real property, only a fee ownership interest.

(c) (I) The boundaries of an area that the governing body determines to be a revitalization area must be drawn as narrowly as the governing body determines feasible to accomplish the planning and development objectives of the proposed county revitalization plan. The governing body shall not approve the county revitalization plan until a general plan for the county has been prepared. In making the determination as to whether a particular area is a revitalization area pursuant to the provisions of this article 31, any particular condition found to be present may satisfy as many of the factors referenced in section 30-31-103 (14) as are applicable to the condition.

(II) Notwithstanding any other provision of this article 31, no county revitalization area may contain any agricultural land unless:

(A) The agricultural land is a brownfield site;

(B) Not less than one-half of the county revitalization area as a whole consists of parcels of land containing urban-level development that, at the time of the designation of such area, the governing body determines to be a revitalization area in accordance with the requirements of subsection (1)(a) of this section, and not less than two-thirds of the perimeter of the county revitalization area as a whole is contiguous with urban-level development as determined at the time of the designation of such area;

(C) The agricultural land is an enclave within the territorial boundaries of the county and the entire perimeter of the enclave has been contiguous with urban-level development for a period of not less than three years as determined at the time of the designation of the area; or

(D) Each public body that levies an ad valorem property tax on the agricultural land agrees in writing to the inclusion of the agricultural land within the county revitalization area.

(III) Notwithstanding any other provision of this article 31, the county revitalization authority must not overlap with an urban renewal authority, and the boundaries of the county revitalization area must not overlap with a municipality, except where the property is subsequently annexed into the municipality or pursuant to section 30-31-118.

(d) A county revitalization plan that is approved or substantially modified must include a legal description of the county revitalization area, including the legal description of any agricultural land proposed for inclusion within the county revitalization area pursuant to subsection (1)(c)(II) of this section.

(2) (a) Prior to approving a county revitalization plan, a governing body shall submit the plan to the county planning commission for review and recommendations as to the plan's conformity with the general plan for the development of the county as a whole. The county planning commission shall also review and provide recommendations as to the plan's interaction with applicable municipal plans for the development of unincorporated territory if the county revitalization plan includes property that is included within a municipal plan adopted pursuant to section 31-12-105 (1)(e)(I) or section 31-23-212.

(b) The planning commission shall submit its written recommendations to the governing body within thirty days after receipt of the plan.

(c) Upon receipt of the recommendations of the planning commission or, if no recommendations are received within thirty days, without such recommendations, a governing body may proceed with the hearing on the proposed county revitalization plan required by subsection (5) of this section.

(3) (a) At least thirty days prior to the hearing described in subsection (5)(a) of this section on a county revitalization plan or a substantial modification to a county revitalization plan, the county or the authority shall submit a county revitalization impact report along with the county revitalization plan or modification to a county revitalization plan to every municipality within one mile of the county revitalization area. The county revitalization impact report must include, at a minimum, the following information concerning the impact of such a county revitalization plan:

(I) An estimate of the impact of the county revitalization project on municipal services and infrastructure;

(II) An estimate of the cost and extent of additional municipal infrastructure and services that are anticipated to be needed to serve development within the proposed county revitalization area, and the benefit of improvements within the county revitalization area to existing municipal infrastructure;

(III) A statement setting forth the method under which the authority or the county will finance, or that agreements are in place to finance, any additional municipal infrastructure and services to serve development in the county revitalization area for the duration of the county revitalization project; and

(IV) Any other estimated impacts of the county revitalization project.

(b) The inadvertent failure of a county or an authority to submit a county revitalization plan, substantial modification to a county revitalization plan, or a county revitalization impact report, as applicable, to a municipality in accordance with the requirements of subsection (3)(a) of this section neither creates a cause of action in favor of any party nor invalidates any county revitalization plan or substantial modification to a county revitalization plan.

(c) Notwithstanding any other provision of this section, a city and county is not required to submit an urban renewal impact report satisfying the requirements of subsection (3)(a) of this section.

(4) Upon request of the county or the authority, each municipality that is entitled to receive a copy of a county revitalization plan or a substantial modification to a county revitalization plan shall provide available municipal data and projections to the county or the authority to assist in preparing a county revitalization impact report pursuant to subsection (3) of this section.

(5) (a) A governing body shall hold a public hearing on the county revitalization plan or a substantial modification of an approved county revitalization plan no less than thirty days after giving public notice of the hearing.

(b) The notice for the public hearing must:

(I) Be published by the governing body in a newspaper having a general circulation in the county;

(II) Describe the time, date, place, and purpose of the hearing;

(III) Generally identify the county revitalization area covered by the plan;

(IV) Outline the general scope of the county revitalization project under consideration; and

(V) Be provided by the county to every municipality within three miles of the authority.

(c) If an authority intends to acquire private property by eminent domain within the county revitalization area that is to be subsequently transferred to a private party in accordance with the requirements of section 30-31-106 (2), the governing body, before commencing the

acquisition of the property, shall hold a public hearing on the use of eminent domain as a means to acquire the property. The governing body shall only hold this hearing after written notice of the time, date, place, and purpose of the hearing has been provided to each owner of property, as property is defined in section 30-31-106 (4), that is within the county revitalization area at least thirty days before the date of the hearing. In order to authorize the use of eminent domain as a means to acquire property, a governing body shall base its authorization decision on a finding of revitalization area conditions without regard to the economic performance of the property to be acquired.

(d) At the hearing held pursuant to the notice described in this subsection (5), the governing body shall grant a full opportunity to be heard to all municipalities within three miles of the authority.

(6) Following the hearing described in subsection (5) of this section, the governing body may approve the county revitalization plan if the governing body finds that:

(a) A feasible method exists for the relocation of individuals and families who will be displaced by the county revitalization project in decent, safe, and sanitary dwelling accommodations within their means and without undue hardship to such individuals and families;

(b) A feasible method exists for the relocation of business concerns that will be displaced by the county revitalization project in the county revitalization area or in other areas that are not generally less desirable with respect to public utilities and public and commercial facilities;

(c) The governing body has taken reasonable efforts to provide written notice of the public hearing prescribed by subsection (5) of this section to all property owners, residents, and owners of business concerns in the proposed county revitalization area at their last-known address of record at least thirty days before such hearing. The notice must contain the same information as required for the notice described in subsection (5) of this section.

(d) No more than one hundred twenty days have passed since the commencement of the first public hearing of the county revitalization plan pursuant to subsection (5) of this section;

(e) If the county revitalization plan contains property that was included in a previously submitted county revitalization plan that the governing body failed to approve pursuant to this section, at least twenty-four months have passed since the commencement of the prior public hearing concerning such property held pursuant to subsection (5) of this section, unless substantial changes have occurred since the commencement of the hearing that resulted in a determination that such property constituted a revitalization area pursuant to section 30-31-103 (14);

(f) The county revitalization plan conforms to the general plan of the county as a whole and considers applicable municipal plans for the development of unincorporated territory, if the county revitalization plan includes property that is included within a municipal plan adopted pursuant to section 31-12-105 (1)(e)(I) or section 31-23-212;

(g) The county revitalization plan will afford maximum opportunity, consistent with the sound needs of the county as a whole, for the rehabilitation or redevelopment of the county revitalization area by private enterprise;

(h) The authority or the county will adequately finance, or that agreements are in place to finance, any additional county and municipal infrastructure and services required to serve development within the county revitalization area for the period in which all or any portion of

the property taxes described in subsection (13)(a)(II) of this section and levied by the county are paid to the authority;

(i) The adoption of the plan will not create an undue burden on any municipality that provides municipal services or that owns, controls, or maintains any infrastructure or facilities that are impacted by the adoption of the plan, excluding any burden that has not been addressed pursuant to subsection (6)(h) of this section; and

(j) No property is included in the county revitalization plan that is subject to a pending annexation agreement or for which annexation proceedings have been commenced within the past three years.

(7) In addition to the findings otherwise required of the governing body pursuant to subsection (6) of this section, if the county revitalization plan seeks the acquisition of private property by eminent domain for subsequent transfer to a private party pursuant to section 30-31-106 (2), the governing body may approve the county revitalization plan where it finds, in connection with a hearing satisfying the requirements of subsection (5) of this section, that the county revitalization plan has met the requirements of section 30-31-106 (2) and that the principal public purpose for adopting the county revitalization plan is to facilitate redevelopment in order to take advantage of revitalization areas.

(8) If the county revitalization area consists of an area of open land which, under the county revitalization plan, is to be developed for residential uses, the governing body must first have determined that:

(a) A shortage of housing of sound standards and design which is decent, safe, and sanitary exists in the county;

(b) The need for housing accommodations has been or will be increased as a result of taking advantage of revitalization areas;

(c) The opportunity factors in the county revitalization area and the shortage of attainable housing create a risk to the public health and safety; and

(d) The acquisition of the area for residential uses is an integral part of and essential to the program of the county.

(9) If the county revitalization area consists of an area of open land which, under the county revitalization plan, is to be developed for nonresidential uses, the local governing body must first have determined that:

(a) Such nonresidential uses are necessary and appropriate to facilitate the proper growth and development of the community in accordance with sound planning standards and local community objectives; and

(b) The contemplated acquisition of the area may require the exercise of governmental action, as provided in this article 31, because of being in a revitalization area.

(10) (a) The county revitalization plan may be modified at any time; but, if the county revitalization plan is modified after the lease or sale by the authority of real property in the county revitalization project area, the modification is subject to such rights at law or in equity as a lessee or purchaser or the purchaser's successor in interest may be entitled to assert. If the modification to a county revitalization plan will substantially change provisions of the county revitalization plan regarding land area, land use, authorization to collect incremental tax revenue, the extent of the use of tax increment financing, the scope or nature of the county revitalization project, the scope or method of financing, design, building requirements, timing, or procedure, as previously approved, or where the modification will substantially clarify a plan that, when

approved, was lacking in specificity as to the county revitalization project or financing, then the modification is a substantial modification to the county revitalization plan and subject to all of the requirements of this section.

(b) Any proposed county revitalization plan modification must be submitted to the governing body for approval.

(c) Not less than thirty days before approving any modification of the county revitalization plan, the governing body or authority shall provide a detailed written description of the proposed modification to each taxing entity that levies taxes on property located within the county revitalization area and to each municipality within three miles of the county revitalization area along with a notice of the date and time of the meeting at which the governing body will consider the modification.

(d) If the county revitalization plan is modified after the lease or sale by the authority of real property in the county revitalization project area, that modification is subject to such rights at law or in equity as a lessee or purchaser or their successor in interest may be entitled to assert.

(e) The county revitalization plan modification is substantial and subject to all of the requirements of this section if the modification will substantially:

(I) Change provisions of the county revitalization plan regarding the following as previously approved:

- (A) Land area;
- (B) Land use;
- (C) Authorization to collect incremental tax revenue;
- (D) The extent of the use of tax increment financing;
- (E) The scope or nature of the county revitalization project;
- (F) The scope or method of financing;
- (G) Design;
- (H) Building requirements; or
- (I) Timing or procedure; or

(II) Clarify a plan that, when approved, was lacking in specificity as to the county revitalization project or financing.

(f) Any taxing entity that levies taxes on property located within the county revitalization area and any municipality with territory within three miles of the county revitalization area may file an action in a state district court exercising jurisdiction over the county in which the county revitalization area is located for an order determining, under a de novo standard of review, whether the modification is a substantial modification. If requested by the taxing entity or municipality, the court shall enjoin any action by the authority pursuant to the modification until the court has determined whether the modification is a substantial modification and, if the court makes such a determination, the court shall further enjoin any action by the authority pursuant to the modification until the authority complies with subsection (8) of this section.

(11) (a) No action may be brought to enjoin any activity of the authority pursuant to the county revitalization plan, including the issuance of bonds, the incurrence of other financial obligations, or the pledge of revenue, unless the action is commenced within forty-five days after the date on which the authority provided notice of its intention regarding the undertaking or activity.

(b) (I) The notice required by subsection (11)(a) of this section must:

(A) Describe the undertaking or activity proposed by the authority and specify that any action to enjoin the undertaking or activity must be brought within forty-five days from the date of the notice; and

(B) Be published in a newspaper of general circulation in the county.

(II) On or before the date of publication of the notice of intention required by subsection (11)(a) of this section, the authority shall also mail a copy of the notice to each taxing entity that levies taxes on property within the county revitalization area and to each municipality within three miles of the county revitalization area.

(12) Upon the approval by the governing body of the county revitalization plan or a substantial modification to the county revitalization plan, the provisions of that plan are controlling with respect to the land area, land use, design, building requirements, timing, or procedure applicable to the property covered by that plan, except to the extent inconsistent with the laws of a municipality following annexation of such property.

(13) (a) Notwithstanding any law to the contrary, any county revitalization plan, as originally approved or as later modified pursuant to this article 31, may contain a provision that the property taxes of specifically designated public bodies that have joined the authority pursuant to section 30-31-104 (6), if any, levied after the effective date of the approval of such county revitalization plan upon taxable property in the county revitalization area each year or that county sales taxes collected within said area, or both such taxes, by or for the benefit of the designated public body must be divided for a period not to exceed thirty years after the effective date of adoption of such a provision, as follows:

(I) That portion of the taxes produced by the levy at the rate fixed each year by or for each such public body upon the valuation for assessment of taxable property in the county revitalization area last certified before the effective date of approval of the county revitalization plan or, as to an area later added to the county revitalization area, the effective date of the modification of the plan, or that portion of county sales taxes collected within the boundaries of said county revitalization area in the twelve-month period ending on the last day of the month before the effective date of approval of said plan, or both such portions, must be paid into the funds of each such public body as are all other taxes collected by or for the public body.

(II) That portion of the property taxes or all or any portion of the sales taxes, or both, in excess of the amount of property taxes or sales taxes paid into the funds of each such public body in accordance with the requirements of subsection (13)(a)(I) of this section must be allocated to and, when collected, paid into a special fund of the authority to pay the principal of, the interest on, and any premiums due in connection with the bonds of, loans or advances to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, the authority for financing or refinancing, in whole or in part, the county revitalization project, to make payments under an agreement executed pursuant to this section, or for any other purposes authorized by this article 31. Any excess county sales tax or property tax collections not allocated pursuant to this subsection (13)(a)(II) must be paid into the funds of the county or other taxing entity, as applicable. Unless and until the total valuation for assessment of the taxable property in the county revitalization area exceeds the base valuation for assessment of the taxable property in the county revitalization area, as provided in subsection (13)(a)(I) of this section, all of the taxes levied upon the taxable property in such county revitalization area must be paid into the funds of the respective public bodies. Unless and until the total county sales tax collections in the county revitalization area exceed the base year county sales tax collections in such county revitalization

area, as provided in subsection (13)(a)(I) of this section, all such sales tax collections must be paid into the funds of the county. When such bonds, loans, advances, and indebtedness, if any, including interest thereon and any premiums due in connection therewith, have been paid, all taxes upon the taxable property or the total county sales tax collections, or both, in the county revitalization area must be paid into the funds of the respective public bodies, and all money remaining in the special fund established pursuant to this subsection (13)(a)(II) that has not previously been rebated and that originated as property tax increment generated based on the mill levy of a taxing entity, other than the county, within the boundaries of the county revitalization area must be repaid to each taxing entity based on the pro rata share of the prior year's property tax increment attributable to each taxing entity's current mill levy in which property taxes were divided pursuant to this subsection (13). Any money remaining in the special fund not generated by property tax increment is excluded from any such repayment requirement. Notwithstanding any other provision of law, any additional revenues resulting because the voters have authorized the municipality, county, or special district to retain and spend said revenues pursuant to section 20 (7)(d) of article X of the state constitution subsequent to the creation of the special fund pursuant to this subsection (13)(a)(II) or as a result of an increase in the property tax mill levy approved by the voters of the municipality, county, or special district subsequent to the creation of the special fund, to the extent the total mill levy of the municipality, county, or special district exceeds the respective mill levy in effect at the time of approval or substantial modification of the county revitalization plan, must not be pledged by an authority for the payment of any bonds of, any loans or advances to, or any indebtedness incurred by the authority without the consent of the relevant municipality, county, or special district. To the extent the authority has received the notification specified in this subsection (13)(a)(II), such additional revenues must then be promptly repaid by the authority to the county or other taxing entity. The authority must be notified of the amount of additional revenues and the calculations used in computing the amount by the applicable county or other taxing entity before making repayment and, in any event, not later than February 1 of each fiscal year following the year in which a voter-approved revenue increase has taken effect. The authority and county or any other taxing entity may negotiate for the purpose of entering into an agreement on the issues of the amount of repayment, the mechanics of how repayment of the additional revenues will be accomplished, a method for resolving disputes regarding the amount of repayment, and whether the county or taxing entity will waive the repayment requirement, singularly or in combination, and may enter into an intergovernmental agreement regarding any of these issues.

(III) In calculating and making payments as described in subsection (13)(a)(II) of this section, the county treasurer may offset the authority's pro rata portion of any property taxes that are paid to the authority under the terms of subsection (13)(a)(II) of this section and that are subsequently refunded to the taxpayer against any subsequent payments due to the authority for the county revitalization project. The authority shall make adequate provision for the return of overpayments in the event that there are not sufficient property taxes due to the authority to offset the authority's pro rata portion of the refunds. The provisions of this subsection (13)(a)(III) do not apply to a city and county.

(IV) No property within a revitalization area pursuant to which any bonds of, loans or advances to, or indebtedness incurred by an authority pursuant to subsection (13)(a)(II) of this section are outstanding may be included within an urban renewal area or any other property tax

increment area unless the authority enters into an agreement that provides for either the assumption or the defeasance of all such bonds, loans, advances, or indebtedness.

(V) A county revitalization plan shall not be affected by the annexation of any property in the county revitalization area.

(b) The portion of taxes described in subsection (13)(a)(II) of this section may be irrevocably pledged by the authority for the payment of the principal of, the interest on, and any premiums due in connection with such bonds, loans, advances, and indebtedness. This irrevocable pledge does not extend to any taxes that are placed in a reserve fund to be returned to the county for refunds of overpayments by taxpayers; except that this limitation on the extension of the irrevocable pledge does not apply to a city and county.

(c) As used in this subsection (13), "taxes" includes, without limitation, all levies authorized to be made on an ad valorem basis upon real and personal property or county sales taxes; but nothing in this subsection (13) requires any public body to levy taxes.

(d) If the county revitalization area includes single- and multi-family residences, a school district which includes all or any part of the county revitalization area must be permitted to participate in an advisory capacity with respect to the inclusion in the county revitalization plan of the provision provided for by this subsection (13).

(e) If there is a general reassessment of taxable property valuations in any county including all or part of the county revitalization area subject to division of valuation for assessment under subsection (13)(a) of this section or a change in the sales tax rate levied in any county including all or part of the county revitalization area subject to division of sales taxes under subsection (13)(a) of this section, the portions of valuations for assessment or sales taxes under subsections (13)(a)(I) and (13)(a)(II) of this section must be proportionately adjusted in accordance with the reassessment or change.

(f) Notwithstanding the thirty-year period of limitation set forth in subsection (13)(a) of this section, any county revitalization plan, as originally approved or as later modified pursuant to this article 31, may contain a provision that the county sales taxes collected in the county revitalization area each year or the county portion of taxes levied upon taxable property within the area, or both such taxes, may be allocated as described in this subsection (13) for a period in excess of thirty years after the effective date of the adoption of the provision if the existing bonds are in default or about to go into default; except that the taxes may not be allocated after all bonds of the authority issued pursuant to such plan including loans, advances, and indebtedness, if any, and interest thereon, and any premiums due in connection therewith have been repaid.

(g) Notwithstanding any other provision of this section, if one or more of the conditions specified in subsection (1)(c)(II) of this section have been satisfied so that agricultural land is included within the county revitalization area, the county assessor shall value the agricultural land at its fair market value in making the calculation of the taxes to be paid to the public bodies pursuant to subsection (13)(a)(I) of this section solely for the purpose of determining the tax increment available pursuant to subsection (13)(a)(II) of this section. Nothing in this section affects the actual or required classification of agricultural land for property tax purposes, and nothing in this section affects the taxes actually to be paid to the public bodies pursuant to subsection (13)(a)(I) of this section, which must continue to be based on the agricultural classification of such land unless and until it has been reclassified in the normal course of the assessment process.

(h) The manner and methods by which the requirements of this subsection (13) are to be implemented by county assessors must be contained in such manuals, appraisal procedures, and instructions, as applicable, that the property tax administrator is authorized to prepare and publish pursuant to section 39-2-109 (1)(e).

(i) Within the twelve-month period before the effective date of the approval or modification of the county revitalization plan requiring the allocation of money to the authority pursuant to subsection (13)(a) of this section, the municipality, county, or special district is entitled to the reimbursement of any money that the municipality, county, or special district pays to, contributes to, or invests in the authority for the project. The reimbursement must be paid from the special fund of the authority established pursuant to subsection (13)(a) of this section.

(14) (a) Notwithstanding any other provision of law, the governing body may provide in the county revitalization plan that the valuation attributable to the extraction of mineral resources located within the county revitalization area is not subject to the division that is otherwise required by subsection (13)(a) of this section. In such circumstances, the taxes levied on the valuation must be distributed to the taxing entities as if the county revitalization plan was not in effect.

(b) As used in this subsection (14):

(I) "Mineral resources" has the same meaning as specified in section 36-1-100.3 (3).

(II) "Valuation attributable to the extraction of mineral resources" includes:

(A) The value of oil and gas leaseholds and land and subsurface oil and gas well equipment that is valued for assessment purposes as real property under sections 39-7-102 and 39-7-103; and

(B) Surface oil and gas well equipment and submersible pumps and sucker rods that are located on oil and gas leaseholds and land and that are valued for assessment purposes as personal property under section 39-7-103.

(15) The county in which the county revitalization authority has been established shall timely notify the assessor when:

(a) The county revitalization plan or a substantial modification of the plan has been approved that contains the provisions referenced in subsection (13)(a) of this section or a substantial modification of the plan adds land to the plan, which plan contains the provisions referenced in subsection (13)(a) of this section;

(b) Any outstanding obligation incurred by the authority pursuant to the provisions of subsection (13) of this section has been paid off; and

(c) The purposes of the authority have otherwise been achieved.

(16) (a) Not later than thirty days after the county has provided the county assessor the notice required by subsection (15)(a) of this section, the county assessor may provide written notice to the county if the assessor believes that agricultural land has been improperly included in the county revitalization area in violation of subsection (1)(c)(II) of this section.

(b) If the notice described in subsection (15)(a) of this section is not delivered within the required thirty-day period, the inclusion of the land in the county revitalization area as described in the county revitalization plan is incontestable in any suit or proceeding notwithstanding the presence of any cause.

30-31-110. Disaster areas. (1) Notwithstanding any other provisions of this article 31, when the governing body certifies that an area is in need of redevelopment or rehabilitation as a result of a flood, fire, hurricane, earthquake, storm, or other catastrophe for which the governor has certified the need for disaster assistance pursuant to the "Federal Disaster Relief Act", Pub. L. 81-875, as amended, or any other relevant federal law, the governing body may deem such an area to be a revitalization area.

(2) The authority may prepare and submit to the governing body a proposed county revitalization plan and proposed county revitalization project for an area deemed a revitalization area pursuant to subsection (1) of this section or for any portion thereof, and the governing body may, by resolution, approve such a proposed county revitalization plan and county revitalization project with or without modifications without regard to the provisions of this article 31 requiring a general or master plan for the physical development of the county as a whole, review by the planning commission, or a public hearing.

30-31-111. Issuance of bonds by an authority. (1) An authority has power to issue bonds of the authority from time to time in its discretion to finance its activities or operations pursuant to this article 31, including the repayment with interest of any advances or loans of funds made to the authority by the federal government or other source for any surveys or plans made or to be made by the authority in exercising its powers pursuant to this article 31 and also has power to issue refunding or other bonds of the authority in its discretion for the payment, retirement, renewal, or extension of any bonds previously issued pursuant to this section and to provide for the replacement of lost, destroyed, or mutilated bonds previously issued pursuant to this section.

(2) (a) Bonds issued pursuant to this section may be general obligation bonds of the authority the payment of which, as to principal and interest and premiums, if any, the full faith, credit, and assets, acquired and to be acquired, of the authority are irrevocably pledged.

(b) Bonds issued pursuant to this section may be special obligations of the authority which, as to principal and interest and premiums, if any, are payable solely from and secured only by a pledge of any income, proceeds, revenues, or funds of the authority derived or to be derived by it from or held or to be held by it in connection with its undertaking of any project of the authority, including money to be paid to an authority pursuant to section 30-31-109 (13) and including any grants or contributions of money made or to be made by it with respect to any such project and any money derived or to be derived by it from or held or to be held by it in connection with its sale, lease, rental, transfer, retention, management, rehabilitation, clearance, development, redevelopment, preparation for development or redevelopment, or its operation or other utilization or disposition of any real or personal property acquired or to be acquired by it or held or to be held by it for any of the purposes of this article 31 and including any loans, grants, or contributions of funds made or to be made to it by the federal government in aid of any project of the authority or in aid of any of its other activities or operations.

(c) Bonds issued pursuant to this section may be special obligations of the authority that, as to principal and interest and premiums, if any, are payable solely from and secured only by a pledge of any loans, grants, or contributions of money made or to be made to it by the federal

government or other source in aid of any project of the authority or in aid of any of its other activities or operations.

(d) Bonds issued pursuant to this section may be contingent special obligations of the authority which, as to principal and interest and premiums, if any, are payable solely from any money available or becoming available to the authority for its undertaking of the project involved in the particular activities or operations with respect to which the contingent special obligations are issued but payable only if money is or becomes available as provided in this subsection (2).

(3) Notwithstanding any other provisions of this section, any bonds issued pursuant to this section, other than the contingent special obligations covered by subsection (2)(d) of this section, may be additionally secured as to the payment of the principal and interest and premiums, if any, by a mortgage of any county revitalization project, or any part thereof, title to which is then or thereafter in the authority or of any other real or personal property or interests therein then owned or thereafter acquired by the authority.

(4) Notwithstanding any other provisions of this section, general obligation bonds issued pursuant to this section may be additionally secured as to payment of the principal and interest and premiums, if any, as provided in either subsection (2)(b) or subsection (2)(c) of this section, with or without being also additionally secured as to payment of the principal, interest, and premiums, if any, by a mortgage as provided in subsection (3) of this section or a trust agreement as provided in subsection (5) of this section.

(5) Notwithstanding any other provision of this section, any bonds pursuant to this section may be additionally secured as to the payment of the principal, interest, and premiums, if any, by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state of Colorado.

(6) Bonds issued pursuant to this section do not constitute an indebtedness of the state of Colorado or of any county, municipality, or public body of the state of Colorado other than the county revitalization authority issuing such bonds and are not subject to the provisions of any other law or of the charter of any county relating to the authorization, issuance, or sale of bonds.

(7) Bonds issued pursuant to this section are issued for an essential public and governmental purpose and, together with interest thereon and income therefrom, are exempt from all taxes.

(8) (a) Bonds issued pursuant to this section must be authorized by a resolution of the authority and may be issued in one or more series and must bear such date, be payable upon demand or mature at such time, bear interest at such rate, be in such denomination, be in such form, either coupon or registered or otherwise, carry such conversion or registration privileges, have such rank or priority, be executed in the name of the authority in such manner, be payable in such medium of payment, be payable at such place, be subject to such callability provisions or terms of redemption, with or without premiums, be secured in such manner, be of such description, contain or be subject to such covenants, provisions, terms, conditions, and agreements including provisions concerning events of default, and have such other characteristics as may be provided by the resolution or by the trust agreement, indenture, or mortgage, if any, issued pursuant to the resolution.

(b) The seal, or a facsimile thereof, of the authority must be affixed, imprinted, engraved, or otherwise reproduced upon each of its bonds issued pursuant to this section.

(c) Bonds issued pursuant to this section must be executed in the name of the authority by the manual, or facsimile signatures of such of its officials as may be designated in the said resolution or trust agreement, indenture, or mortgage; except that at least one signature on each such bond must be a manual signature.

(d) Coupons, if any, attached to bonds issued pursuant to this section must bear the facsimile signature of an official of the authority designated pursuant to this subsection (8).

(e) A resolution or trust agreement, indenture, or mortgage may provide for the authentication of the pertinent bonds by the trustee.

(9) Bonds issued pursuant to this section may be sold by the authority in such manner and for such price as the authority may determine, at par, below par, or above par, at private sale or at public sale after notice published before sale in a newspaper having general circulation in the county or in another medium of publication that the authority may deem appropriate.

(10) Bonds issued pursuant to this section may be exchanged by the authority for other bonds issued by it pursuant to this section.

(11) Bonds issued pursuant to this section may be sold by an authority to the federal government if the authority sells less than all of the authorized principal amount of the bonds to the federal government, the authority may sell the balance or any portion of the balance at private sale at par, below par, or above par, at an interest cost to the authority not to exceed the interest cost to the authority of the portion of the bonds sold by the authority to the federal government.

30-31-112. Property of an authority exempt from taxes and from levy and sale by virtue of an execution. (1) (a) All property of an authority, including all money owned or held by it for any of the purposes of this article 31, is exempt from both the levy of property taxes and sale by virtue of an execution, and no such execution or other judicial process may issue against the property of an authority nor may a judgment against the authority be a charge or lien upon such property.

(b) This subsection (1) does not apply to or limit either:

(I) The right of obligees to foreclose or otherwise enforce any mortgage, deed of trust, trust agreement, indenture, or other encumbrance of the authority; or

(II) The right of obligees to pursue any remedies for the enforcement of any pledge or lien given by the authority pursuant to this article 31 on its rents, income, proceeds, revenues, loans, grants, contributions, and other money and assets derived or arising from any project of the authority or from any of its operations or activities pursuant to this article 31.

(2) All property of an authority acquired or held by it for any of the purposes of this article 31, including all money of an authority acquired or held by it for any of these purposes, is public property used for essential public and governmental purposes, and both the property and the authority are exempt from all taxes of the state of Colorado or any other public body; except that this tax exemption for any property ends when the authority sells, leases, or otherwise disposes of the particular property to a purchaser, lessee, or other alienee that is not a public body entitled to tax exemption with respect to the particular property.

30-31-114. Cooperation by public bodies with county revitalization authorities. (1) Any public body, within its powers, purposes, and functions and for the purpose of aiding an authority in or in connection with the planning or undertaking pursuant to this article 31 of any plans, projects, programs, works, operations, or activities of an authority whose area of operation is situated in whole or in part within the area in which the public body is authorized to act, upon terms as the public body shall determine, may:

(a) Sell, convey, or lease any of the public body's property or grant easements, licenses, or other rights or privileges therein to the authority;

(b) Incur the entire expense of any public improvements made by the public body in exercising the powers mentioned in this section;

(c) Do everything necessary to aid or cooperate with the authority in or in connection with the planning or undertaking of any plans, projects, programs, works, operations, or activities;

(d) Enter into agreements with the authority respecting action to be taken pursuant to any of the powers set forth in this article 31, including agreements respecting the planning or undertaking of any plans, projects, programs, works, operations, or activities which the public body is otherwise empowered to undertake;

(e) Cause public buildings and public facilities, including parks, playgrounds, recreational, community, educational, water, garbage disposal, sewer, sewage, sewerage, or drainage facilities, or any other public works, improvements, facilities, or utilities which the public body is otherwise empowered to undertake, to be furnished within the area in which the public body is authorized to act;

(f) Furnish, dedicate, accept dedication of, open, close, vacate, install, construct, reconstruct, pave, repave, repair, rehabilitate, improve, grade, regrade, plan, or replan public streets, roads, roadways, parkways, alleys, sidewalks, and other public ways or places within the area in which the public body is authorized to act to the extent that the items or matters are, under any other law, otherwise within the jurisdiction of the public body;

(g) Plan or replan and zone or rezone any part of the area under the jurisdiction of the public body or make exceptions from its building regulations;

(h) Cause administrative or other services to be furnished to the authority; or

(i) Designate any portion of the sales tax revenue it receives to the authority.

(2) If at any time title to or possession of the whole or any portion of any project of the authority under this article 31 is held by any governmental agency or public body, other than the

authority, which is authorized by law to engage in the undertaking, carrying out, or administration of any project, including any agency or instrumentality of the United States, the provisions of the agreements referred to in subsection (1)(d) of this section inure to the benefit of and may be enforced by the governmental agency or public body.

(3) Any public body referred to in subsection (1) of this section may, in addition to its authority pursuant to any other law to issue its bonds for any purposes, issue and sell its bonds for any of the purposes of the public body stated in this section.

(4) For the advancement of the public interest and for the purpose of aiding and cooperating in the planning, acquisition, demolition, rehabilitation, construction, or relocation, or otherwise assisting the operation or activities of the county revitalization project located wholly or partly within the area in which it is authorized to act, a public body may enter into agreements, which may extend over any period notwithstanding any provision of law to the contrary, with an authority respecting action taken or to be taken pursuant to any of the powers granted by this article 31.

30-31-115. Designation - transfer - abolishment. (1) Notwithstanding any other provision of this article 31, the governing body may designate itself as the authority when originally establishing an authority. A transfer of an existing authority to the governing body may be accomplished only by majority vote at a regular election.

(2) When the governing body designates itself as the authority or transfers an existing authority to the governing body pursuant to subsection (1) of this section, the governing body shall appoint the authority commissioners in accordance with section 30-31-104 (2).

(3) The governing body of the county may, by resolution, provide for the abolishment of the county revitalization authority so long as adequate arrangements have been made for payment of any outstanding indebtedness and other obligations of the authority. Any such abolishment is effective upon a date set forth in the ordinance and this date must not be later than six months after the effective date of the ordinance.

30-31-116. Regional tourism projects. (1) A county revitalization authority that is designated as a financing entity pursuant to part 3 of article 46 of title 24, has all the powers necessary or convenient to carry out and effectuate the purposes and provisions of part 3 of article 46 of title 24, including the power to receive state sales tax increment revenue generated within an approved regional tourism zone, as defined in section 24-46-303 (11), and to disburse and otherwise utilize such revenue for all lawful purposes, including financing eligible costs and the design, construction, maintenance, and operation of eligible improvements, as such terms are defined in section 24-46-303 or otherwise incorporated into the commission's conditions of approval.

(2) Notwithstanding section 30-31-109 (8), authorization to receive state sales tax increment revenue pursuant to part 3 of article 46 of title 24, is a material modification to the

plan, and corresponding changes to the plan may be made by the governing body of the authority to incorporate the use of state sales tax increment revenue without the requirement of submission to or approval by the governing body of the county that has established the authority.

(3) Any county revitalization authority that receives state sales tax increment revenue, whether pursuant to designation as a financing entity pursuant to part 3 of article 46 of title 24, or pursuant to a contract entered into with any such financing entity, shall not use the state sales tax increment revenue to acquire property through the exercise of eminent domain.

(4) Nothing in this section eliminates the requirements for the authorization of a new county revitalization authority pursuant to this article 31.

30-31-118. Inclusion of incorporated territory in a county revitalization area. (1) Notwithstanding any other provision of this article 31, a county revitalization plan, county revitalization project, or county revitalization area may include incorporated territory that is within the boundaries of a municipality and contiguous to a portion of an urban renewal area located outside of the municipality's boundaries. No such territory shall be included in the plan, project, or area without the consent of the governing body of the municipality exercising jurisdiction over the incorporated territory proposed for inclusion and the consent of each owner of, and each holder of a recorded mortgage or deed of trust encumbering, real property within the incorporated area proposed for inclusion.

(2) In addition to the procedures for approval of a proposed county revitalization plan by the county pursuant to section 30-31-109, incorporated territory must only be included in the county revitalization plan, project, or area upon the approval of the governing body of the municipality:

(a) Making a determination that the area proposed for inclusion in the county revitalization plan is a revitalization area and designating the area as appropriate for a county revitalization project in the manner provided in section 30-31-109 (1);

(b) Referring the county revitalization plan to the planning commission of the municipality for a determination as to the conformity of the county revitalization plan with the general plan for development for the municipality in the manner provided in section 30-31-109 (2);

(c) Conducting a public hearing and making findings and a determination to approve inclusion of the incorporated territory in the county revitalization plan, project, or area in the manner provided in section 30-31-109 (5)(a), (5)(b)(I) through (5)(b)(IV), (5)(c), (5)(d), (6), (8), and (9);

(d) Making an additional finding that each owner of, and each holder of a recorded mortgage or deed of trust encumbering, real property in the incorporated territory proposed for inclusion in the county revitalization plan, project, or area consents to the inclusion; and

(e) Determining whether the incorporated territory must be included in any provision for the division of taxes in the county revitalization area as authorized by section 30-31-109 (13), and, if so determined, notifying the county assessor of such inclusion as required by section 30-31-109 (15).

(4) Any county revitalization plan approved in accordance with this section may be modified as provided in section 30-31-109 (10); except that a modification must be approved by the governing body of the municipality, the county, and the authority.

(5) An authority, a county, and a municipality may, consistent with the requirements of this section, enter into an intergovernmental agreement to further effectuate the purposes of this section and to provide for the inclusion of incorporated territory in a county revitalization area.

(6) This section does not apply to the inclusion of territory in a county revitalization area as a result of annexation.

HOME RULE

ARTICLE 35

Home Rule Counties

PART 1

GENERAL PROVISIONS

30-35-101. Short title. This article shall be known and may be cited as the "Colorado County Home Rule Powers Act".

Source: L. 81: Entire article added, p. 1461, § 1, effective June 8.

30-35-102. Legislative declaration. The general assembly declares that, in order to better meet and resolve problems of growth and urbanization and to promote the health, safety, security, and general welfare of the people, county government should be strengthened and provided more flexibility in its powers; therefore, this article is enacted with the intent to implement the provisions of section 16 of article XIV of the state constitution to provide home rule powers for the counties of this state and shall be liberally construed to effect such intent.

Source: L. 81: Entire article added, p. 1461, § 1, effective June 8.

30-35-103. Home rule counties - general powers. (1) Any county which adopts, has adopted, or proposes to adopt a county home rule charter to establish the organization and

structure of county government, pursuant to the provisions of part 5 of article 11 of this title, may provide in such charter, or amendment thereto for the adoption of all or certain of the home rule powers authorized pursuant to the provisions of this article. In addition to powers authorized in this article, a home rule county, and its officers and employees, shall have all the powers of any county not adopting a home rule charter, except as otherwise provided in this article or in the charter or in the state constitution.

(2) None of the home rule powers granted in this article shall be exercised by a home rule county within the corporate limits of any municipality or territory annexed thereto, nor shall any fee, tax, assessment, or levy of any kind be imposed within such municipality for the exercise of any of the county home rule powers which are not authorized for nonhome rule counties, unless consent thereto is first given by the governing body of such municipality. Nothing contained in this article shall affect the power, otherwise granted by law, of a home rule county to own, operate, and maintain real and personal property within the corporate limits of any municipality.

(3) Notwithstanding any other provision in this part 1, none of the powers authorized in this article shall be applied to any municipal property, functions, services, or facilities, whether provided or located within or outside municipal boundaries, as the boundaries may from time to time exist, unless consent thereto is first given by the governing body of the municipality. This part 1 shall not be construed as limiting the authority of any municipality nor as expanding the authority of any county with respect to any municipality or any municipal property, functions, services, or facilities.

(4) A home rule county shall provide all mandatory county functions, services, and facilities and shall exercise all mandatory powers as are required by law for counties not having home rule powers. A home rule county may provide all permissive functions, services, and facilities and may exercise all permissive powers granted in this article and by other law applicable to counties not having home rule powers, except as otherwise provided in this article or in the charter or in the state constitution.

(5) A home rule county shall be a body politic and corporate, under such name and style as prescribed by law, and may sue and be sued, contract or be contracted with, acquire and hold real and personal property, have a common seal which it may change and alter at pleasure, and have such other privileges as are incident to corporations of like character or degree, not inconsistent with its charter or the laws of this state.

PART 2

GENERAL POWERS

30-35-201. Powers of governing bodies. The governing body of a home rule county shall exercise such duties and authority and shall have all the powers and responsibilities as provided by law for governing bodies of counties not adopting a home rule charter and shall also have all of the following powers that have been included in the county's home rule charter or in any amendment thereto, pursuant to the provisions of section 30-35-103 (1):

(Administrative Powers)

- (1) **Finances.** To control the finances and property of the corporation;
- (2) **Appropriations.** To appropriate moneys for corporate purposes only, and provide for payment of debts and expenses of the corporation;
- (3) **Public entertainment.** To appropriate moneys in an amount not exceeding six-tenths of one mill on the valuation for assessment for the purpose of giving public concerts and entertainments by such corporation;
- (4) **Advertising.** To appropriate moneys for the purpose of advertising the business, social, and educational advantages, the natural resources, and the scenic attractions of the corporation;
- (5) **Taxes.** To levy and collect taxes for general and special purposes on real and personal property, as provided by statute;
- (6) **Indebtedness.** (a) To contract an indebtedness on behalf of the county and upon the credit thereof, by borrowing money or issuing the bonds of the county, for any public purpose of the county, including, but not limited to, the supplying of water and sewer facilities service, the purchase of land, and the purchase, construction, extension, and improvement of public roads, streets, buildings, facilities, and equipment, and for the purpose of supplying a temporary deficiency in the revenue for defraying the current expenses of the county;
- (b) The total amount of indebtedness for all purposes shall not at any time exceed three percent of the valuation for assessment of the county as determined by the county assessor, except such debt as may be incurred in supplying water, and no loan for any purpose shall be made unless it is by ordinance, which shall be irrevocable until the indebtedness therein provided for is fully paid or discharged, specifying the purposes to which the funds to be raised shall be applied, and providing for the levying of a tax which, together with such other revenues, assets, or funds as may be pledged, shall be sufficient to pay the annual interest on, and extinguish the principal of, said debt within the time limited for the debt to run, which, excepting such debt as may be incurred in supplying water, shall not be more than thirty years; except that said tax when collected shall only be applied for the purposes in said ordinance specified, until the indebtedness is paid and discharged; but no debt shall be created unless the question of incurring the same is submitted, at a regular or special election of the county, to the registered electors thereof and a majority of the registered electors voting upon the question vote in favor of creating such debt.
- (c) No statutory provisions of any other law limiting or fixing tax rates shall limit the provisions of this subsection (6).
- (d) Bonds issued under this subsection (6) may mature serially during a period of not more than thirty years from the date thereof, in which event the amounts of such annual maturities shall be fixed by the governing body; except that bonds issued to supply water may mature over a longer period. If the governing body so determines, said bonds may be redeemable prior to maturity with or without payment of a premium, not exceeding three percent of the principal thereof. In any event said bonds shall be subject to call commencing not later than fifteen years from the date thereof. The right to redeem all or part of said bonds prior to their maturity, and the order of any such redemption, shall be reserved in the ordinance authorizing the issuance of bonds and shall be set forth on the face of said bonds.

(e) The ordinance or resolution submitting the question of contracting an indebtedness shall contain a statement of the maximum net effective interest rate at which said indebtedness may be incurred. For the purposes of this article:

(I) "Net effective interest rate" of a proposed issue of bonds shall be defined as the net interest cost of said issue divided by the sum of the products derived by multiplying the principal amount of such issue maturing on each maturity date by the number of years from the date of said proposed bonds to their respective maturities.

(II) "Net interest cost" of a proposed issue of bonds shall be defined as the total amount of interest to accrue on said bonds from their date to their respective maturities, plus the amount of any discount below par or less the amount of any premium above par at which said bonds are being or have been sold. In all cases the net effective interest rate and net interest cost shall be computed without regard to any option of redemption prior to the designated maturity dates of the bonds.

(f) (I) The governing body, having received approval at an election to issue bonds and having determined that the limitations of the original election question are too restrictive to permit the advantageous sale of the bonds so authorized, may submit, at another regular or special election, either the question of issuing the bonds, or any portion thereof, at a higher maximum net effective interest rate than the maximum interest rate or maximum net effective interest rate approved at the original election or the question of issuing the bonds, or any portion thereof, to mature over a longer period of time than the maximum period of maturity approved at the original election, or the governing body may submit both such questions.

(II) An election held pursuant to this paragraph (f) shall be held in substantially the same manner as an election to authorize bonds initially, except as may be required for the submission of the limited question or questions permitted under this paragraph (f).

(III) At an election held pursuant to this paragraph (f), if the changes submitted are not approved, such result shall not impair the authority of the governing body at a later time to issue the bonds originally approved within the limitations established at the first election.

(7) **Officers and employees.** To provide by ordinance for the powers, duties, appointment, term of office, removal, and compensation of all officers and employees of the county not otherwise provided for by the state constitution or by statute or by charter and to provide for a retirement plan for such officers and employees;

(8) **Supplies.** To provide by ordinance that all the paper, printing, stationery, fuel, and other supplies needed for the use of the county shall be furnished by contract let to the lowest responsible bidder;

(9) **Charges on land.** To prescribe, by general ordinance, the mode in which the charges on the respective owners of lots or lands, and on the lots or lands, shall be assessed and determined for the purposes so authorized by law. Any such charge, when assessed, shall be payable by the owners at the time of the assessment, personally, and also be a lien upon lots or parcels of land from the time of the assessment. Such charge may be collected and such lien enforced by a proceeding in law or in equity, either in the name of such corporation or of any person to whom it shall have directed payment to be made. In any such proceedings where pleadings are required, it shall be sufficient to declare generally for work and labor done and materials furnished on the particular street, alley, or highway, for sewerage, or for water used. Proceedings may be instituted against all the owners, or any of them, to enforce the lien against all the lots or parcels of land, or each lot or parcel, or any number of them embraced in any one

assessment; but the judgment or decree shall be for each separately for the amount properly chargeable to each. Any proceedings may be severed in the discretion of the court for the purpose of trial, review, or appeal.

(10) **Vacancies.** To fill any vacancy occurring by death, removal, or resignation of any member of the governing body or other elective county officer by the appointment of a successor, and such appointee shall hold his office only until the next election, when the vacancy shall be filled by election as in other cases;

(11) **Grants of rights-of-way.** To grant, by ordinance and upon such terms and conditions as may be prescribed therein, rights-of-way through, over, across, and under roads, streets, and alleys;

(Public Works and Services)

(12) **Buildings.** To construct and maintain public buildings;

(12.5) **Energy conservation measures.** To enter into installment purchase contracts or shared-savings contracts or otherwise incur indebtedness under section 29-12.5-103, C.R.S., to finance energy conservation and energy saving measures and enter into contracts for an analysis and recommendations pertaining to such measures under section 29-12.5-102, C.R.S.

(13) **Streets and public grounds.** (a) To plan, establish, open, alter, widen, extend, grade, pave, or otherwise improve roads, streets, alleys, avenues, sidewalks, parks, and public grounds, and vacate the same, and to direct and regulate the landscaping within the rights-of-way of such roads, streets, and, avenues and on public grounds; to regulate the use of the same; to prevent and remove encroachments or obstructions upon the same; to provide for the lighting of the same; and to provide for the maintenance of the same;

(b) To regulate the openings therein for the laying-out of gas or water mains and pipes and the building and repairing of sewers, tunnels, and drains or for any other purpose;

(c) To regulate the use of sidewalks along the streets and alleys, and all structures thereunder, and to require the owner or occupant of any premises to keep the sidewalks free from snow and other obstructions;

(d) To regulate and prevent the throwing or depositing of ashes, garbage, or any offensive matter in, and to prevent any injury to, any road, street, avenue, alley, or public ground;

(e) To provide for and regulate crosswalks, curbs, and gutters;

(f) To regulate and prevent the use of roads, streets, sidewalks, and public grounds for the erection of signs, signposts, awnings, awning posts, and utility poles and for the posting of handbills and advertisements; to regulate and prohibit the exhibition or carrying of banners, placards, advertisements, or handbills upon the streets or public grounds or upon the sidewalks; and to regulate and prevent the flying of flags, banners, or signs across the streets or from houses or other structures;

(g) To regulate the numbering of houses and lots and to name and change the name of any road, street, avenue, alley, or other public place;

(14) **Bridges and tunnels.** To construct and maintain bridges, viaducts, and tunnels and to regulate the use thereof;

(15) **Sewers and water mains.** To construct and maintain culverts, drains, sewers, water mains, septic tanks, and cesspools and to regulate their use and to assess, either in whole

or in part, the cost of the construction of sewers, water mains, and drains upon the lots or lands adjacent to and opposite the improvements in proportion to the frontage of such lots or lands abutting upon the road, street, or alley wherein such sewer, water main, or drain is to be laid. The benefit to the public generally, if any, shall be determined by ordinance and shall be assessed against the county, and the balance may be assessed against the lots or lands and the owners thereof, according to the frontage.

(16) **Lease or purchase of canals.** To purchase or lease any canal or ditch already constructed, or which may hereafter be constructed, and all the rights, privileges, and franchises of any person or corporation owning the same or having any interest or right therein, and to hold and operate the same in the same manner as the persons or corporations from whom the same may be purchased or leased might otherwise do, if such purchase or lease is made for the purpose of supplying, by said ditch or canal, water for the use of the people of the county and if a majority of the registered electors of the county voting at any regular election held for the election of county officers vote in favor of said purchase;

(17) **Obligations - repair - management.** In making a purchase or lease pursuant to subsection (16) of this section, to assume all obligations and other duties which by law devolve upon the owner of such ditch or canal from whom the same may be purchased or leased by virtue of subsection (16) of this section and to repair, improve or enlarge said canal or ditch or any flume, dam, or gate connected therewith and, for such objects, to levy and collect taxes in the same manner as other taxes are levied and collected by law. The management of such ditch or canal shall be under the control of the governing body of a home rule county.

(18) **Counties may purchase water rights.** To purchase water and water rights for the purpose of supplying counties and the inhabitants thereof with water. When deemed necessary and proper, the governing body of a county may purchase and hold the lands with which said water right is connected, whether the same is within or beyond the corporate limits thereof.

(19) **May divert waters - sell lands.** To divert the waters acquired by purchase, to the amount and extent theretofore lawfully appropriated, for the use of the county and the inhabitants thereof and to sell such lands whenever the governing body of a county may deem such course advisable;

(20) **Ratification of prior rights purchased.** To exercise the right to hold and retain water rights, or such lands and water rights as may have been purchased prior to June 8, 1981, by any county in this state for the purpose of providing water for the use thereof or for the use of its inhabitants, such right hereby being given and ratified and confirmed to the county; and also to exercise the right to divert the water belonging to such rights for the use of the county and the inhabitants thereof; and to sell and dispose of such lands so purchased separate and apart from the water rights as provided in subsection (19) of this section;

(21) **Water pollution control.** (a) To cooperate with and report to the water quality control commission and the department of public health and environment concerning any instances of water pollution, but this paragraph (a) shall not be construed to affect any activity conducted in compliance with any valid permit, license, or other authority granted or issued by any agency of the state or federal government;

(b) To apply for and to accept grants or loans or any other aid from the federal or state government or any agent or instrumentality thereof or any private agency;

(c) To construct, reconstruct, lease, improve, better, and extend sewerage facilities and sewage treatment works wholly within or wholly without the county or partially within and partially without the county;

(d) To issue its general obligation bonds or other general obligations for the purpose set forth in, and within the limitations prescribed by, subsection (6) of this section and to issue its revenue bonds or obligations for such purpose in accordance with law;

(e) To provide that such bonds or obligations or any part thereof may be sold to the state of Colorado or the United States of America or any agency or instrumentality of either at private sale and without advertisement;

(f) To cooperate with other local public bodies and with state and federal agencies by contract for the joint construction and financing of sewerage facilities and sewage treatment works and the maintenance and operation thereof;

(g) To enter into joint operating agreements with industrial enterprises and accept gifts or contributions from such industrial enterprises for the construction, reconstruction, improvement, and extension of sewerage facilities and sewage treatment works. When determined by its governing body to be in the public interest and necessary for the protection of the public health, the county is authorized to enter into and perform contracts, whether long-term or short-term, with any industrial establishment for the provision and operation by the county of sewerage facilities to abate or reduce the pollution of waters caused by discharges of industrial wastes by the industrial establishment and the payment periodically by the industrial establishment to the county of amounts at least sufficient, in the determination of such governing body, to compensate the county for the cost of providing, including the payment of the principal and any interest charges, and of operating and maintaining the sewerage facilities serving such industrial establishment.

(22) **Firehouses, equipment, and firefighters.** To erect firehouses, and provide fire equipment for the extinguishment of fires and to provide for the use and management of the same; to determine the powers and duties of the members of the fire department in taking charge of property to the extent necessary to bring under control and extinguish any fire and to preserve and protect property not destroyed by fire; and to restrain persons from interfering with the discharge of the duties of the members of the fire department in connection with the fighting of any fire;

(23) **Hospitals and places of relief.** (a) To erect, establish, and maintain public hospitals, medical dispensaries, and other health facilities;

(b) The limitations on borrowing and incurring indebtedness set forth in section 25-3-304 (2), C.R.S., shall not apply to county hospitals established in home rule counties, as that term is defined in part 5 of article 11 of this title. The board of public hospital trustees in such home rule counties shall have the power to borrow money and enter into long term leases even where such indebtedness may not be repaid for more than one year and such indebtedness shall not require the approval of the board of county commissioners of such county unless such power to approve such indebtedness is specifically reserved to the board of county commissioners in the county home rule charter. The home rule county shall incur no liability as a result of the actions to incur indebtedness by such board of public hospital trustees.

(24) **Cemeteries.** To establish and regulate cemeteries within or without the corporation and acquire lands therefor, by purchase or otherwise, and to cause cemeteries to be removed;

(25) **Franchise and charges for utilities.** When the right to build and operate such water or cable television systems is granted to private individuals or incorporated companies by the county, to make such grant to inure for a term of not more than twenty-five years and to authorize such individuals or company to charge and collect from each person supplied by them with water or such water or cable television charges as may be agreed upon between said person or corporation so building said works and the county; and to enter into a contract with the individual or company constructing said works to supply the county with water for fire purposes and for such other purposes as may be necessary for the health and safety thereof and to pay therefor such sums as may be agreed upon between said contracting parties;

(26) **Assessments for utility charges.** To assess from time to time, when constructing such water or cable television systems, in such manner as they shall deem equitable upon each tenement or other place supplied with such service, such charges as may be agreed upon by the governing body. At the regular time for levying taxes in each year, said county is hereby empowered to levy and cause to be collected, in addition to the other taxes authorized to be levied, a special tax on taxable property in the county. Such tax, with charges hereby authorized, shall be sufficient to pay the expenses of operating and maintaining such systems. If the right to build, maintain, and operate such systems is granted to private individuals or incorporated companies by the county, and the county shall contract with said individuals or companies for the supplying of such services for any purpose, the county shall levy each year and cause to be collected a special tax as provided for above, sufficient to pay off such charges so agreed to be paid to said individuals or company constructing said systems, but the said special tax shall not exceed the sum of three mills on the dollar for any one year.

(27) **Water facilities and taxes.** To construct public wells, cisterns, and reservoirs in the roads, streets, and other public and private places within the county, or beyond the limits thereof, and to provide proper pumps and conduits or ditches, for the purpose of supplying such county with water; and to levy an equitable and just tax or charge upon all consumers of water for the purpose of defraying the expense of such improvements;

(28) **Supply water to outside consumers.** To supply water from their water systems to consumers outside of the county and to collect therefor such charges, upon such conditions and upon such limitations as the county may impose by ordinance;

(29) **Parks - recreational facilities - conservation easements.** (a) To acquire, establish, and maintain such lands, or interests in land, within the county as in the judgment of the governing body may be necessary, suitable, or proper for boulevards, parkways, avenues, driveways, and roadways or for park or recreational purposes for the preservation or conservation of sites, scenes, open space, and vistas of scientific, historic, aesthetic, or other public interest.

(b) "Interests in land", as used in subsections (29) to (39) of this section, means and includes any and all rights and interests in land less than the full fee interest, including, but not limited to, future interests, easements, covenants, and contractual rights. Every such interest in land held pursuant to this subsection (29), when recorded, shall be deemed to run with the land to which it pertains for the benefit of the county holding such interest and may be protected and enforced by a county in any court of general jurisdiction by any proceeding known at law or in equity.

(c) Any county may unite with any other similarly authorized political subdivision of this state in acquiring, establishing, and maintaining any property which a county is authorized to acquire, establish, or maintain pursuant to this subsection (29).

(30) **Lands or interests in land acquired.** With respect to lands, or interests in land, for any of the purposes mentioned in subsection (29) of this section, to acquire, either by gift, devise, or purchase, but no land shall be purchased for such purpose until the governing body shall adopt an ordinance authorizing such acquisition and stating the location and legal description of the lands to be acquired and, in case of purchase, the price to be paid and the manner of payment or unless the proposal to acquire such lands shall be submitted upon petition pursuant to subsection (33) of this section and approved by the electors of the county. Lands or interests in land given or devised to a county for the purposes mentioned shall be accepted or refused by ordinance passed by the governing body of the county.

(31) **Management - licenses - franchises.** Exclusively, to manage and control all parks, pleasure grounds, boulevards, parkways, avenues, driveways, and roads as mentioned in subsection (29) of this section and, exclusively, to lay out, regulate, and improve the same, to prohibit certain or heavy traffic therein and thereon, to grant or refuse licenses to vend goods on the roads, streets, or sidewalks within three hundred feet of any park entrance and on the streets and sidewalks adjoining parks, and to establish and maintain necessary rules and regulations for the proper supervision and government thereof. The county shall have such additional powers relating thereto as may be prescribed by ordinance, and the governing body shall provide, by ordinance, for the enforcement of such rules and orders.

(32) **Bequests for park purposes.** Upon such trusts or conditions as may be approved by the county real or personal property may be granted, bequeathed, devised, or conveyed to the county for the purpose of the improvement or ornamentation of any park, pleasure ground, boulevard, parkway, avenue, driveway, or road or for the establishment or maintenance in parks or pleasure grounds of museums, zoological or other gardens, collections of natural history, observatories, libraries, monuments, or works of art. All such property or the rents, issues, and profits thereof shall be subject to the exclusive management and control of the county.

(33) **Acquisition and bonds submitted to electors.** (a) For any of the purposes named in subsection (29) of this section within the county limits, to acquire, by purchase, gift, devise, or exchange, lands, or interests in land, which may be necessary, suitable, or proper. No lands or interests in land shall be so acquired by purchase unless the governing body has adopted an ordinance in accordance with the provisions of subsection (30) of this section. No indebtedness shall be created nor shall any bonds be issued for acquiring such lands or interests in land, unless the question of incurring such debt and issuing such bonds shall have been submitted at a regular election to a vote of those persons qualified to vote on authorization of other bonded indebtedness and approved as required by subsection (6) of this section.

(b) The governing body, upon petition of the registered electors of the county, equal in number to ten percent of the total number of such electors voting at the last regular election of the county, shall submit at the next regular election either or both of the questions of acquisition or of incurring bonded indebtedness by separate ordinance. In the ordinance submitting the question of the acquisition of such lands or interests in land, the governing body shall state the location of the land or interests in land proposed to be acquired, describing the same by legal subdivisions, wherever practicable, and the consideration to be given for the purchase and the manner of payment; and, in the ordinance submitting the question of incurring indebtedness, the

governing body shall state the maximum net effective interest rate at which the bonds may be issued. If the only question to be submitted is the acquisition of such properties, the question may be submitted at a regular or special election. If the acquisition or incurring of indebtedness or both have been approved as required by subsection (6) of this section, the governing body shall acquire such lands or interests in land, incur said indebtedness, or both, pursuant to said authorization.

(34) **Park fund - certified vouchers.** To provide for a park fund which shall consist of moneys levied, collected, and appropriated therefor and coming into the fund by donation or otherwise. All moneys collected and credited to the park fund shall be used for the maintenance and improvement of parks, parkways, boulevards, avenues, driveways, and roads and shall be expended by the county as in their judgment the needs of such property shall require. The same shall be drawn upon the proper officers of the county, upon vouchers properly authenticated.

(35) **Maximum tax levy - moneys credited.** (a) As a part of the annual levies authorized by law, to annually levy, assess, and collect upon each dollar of taxable property within the county not more than one and one-half mills for the purposes of said park fund, the proceeds of which shall be collected in the same manner as other county taxes and shall be appropriated to the park fund.

(b) All moneys collected or received or levied or appropriated by the county for park purposes shall be deposited in the county treasury to the credit of the park fund. Any portion thereof remaining unexpended at the end of any fiscal year or at any other time shall not in any event revert into the general fund nor be subject to appropriation for general purposes.

(36) **Acquisition of park land by assessment and bond sale.** In addition to the powers conferred to acquire lands for parks and parkways by the sale of the general bonds of the county, to acquire boulevards, parkways, avenues, driveways, and roads, in the manner provided in subsection (37) of this section, the same to be paid for by special assessments upon all the other real estate, except avenues, boulevards, streets, and roads, in the county or partly out of the proceeds of the sale of the general bonds of the county and partly by such assessments as the same may be determined by ordinance.

(37) **Acquisition by condemnation.** For the purpose of acquiring lands for boulevards, parkways, avenues, driveways, and roads, to select and, by a suitable proceeding in the name of the county and without the passage of any ordinance, to condemn real property, to purchase any real property so selected for one or more boulevards, parkways, avenues, driveways, or roads, and to select routes and streets for the purpose of establishing and maintaining a system of connecting boulevards and pleasure ways or parkways therein. All such condemnation proceedings shall be in accordance with the general laws of the state, so far as the same are applicable, but the benefit to other lands shall be ascertained and assessed.

(38) **Park bonds.** To pay for the parks and pleasure grounds, boulevards, parkways, avenues, driveways, and roads established by any county, or such part thereof, as may be determined by the county, in park bonds of the county of a date and form prescribed by the county, bearing the name of the county, and payable to bearer at such times and in a sufficient period of years to cover the period of payments provided for, with interest annually at a rate or rates such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, as may be determined by the governing body. The bonds shall be signed by the executive officer, countersigned by the county clerk and recorder, and

bearing the seal of the county endorsed thereon, the interest to be evidenced by suitable coupons attested by a facsimile of the signature of the county clerk and recorder.

(39) **Control of park grounds.** In all cases where any home rule county has acquired lands for parks, parkways, boulevards, or roads, to have full police power and jurisdiction and full power and authority in the management, control, improvement, and maintenance of and over any and all such lands so acquired; to have power and authority to provide by ordinance for the regulation and control of its lands so acquired and to prevent the commission of any and all acts which are or may be declared unlawful and to prosecute and punish the violation of any ordinances in its county courts. A county shall have like power and jurisdiction to regulate and prevent the erection, construction, and maintenance, within three hundred feet of any such park, parkway, boulevard, or road, of any advertisement or of any billboard or other structure for advertisements, and the county shall also have like power and jurisdiction over the use of any public roads, boulevards, or parkways within such parks and running over or through or between such lands and any public roads, boulevards, or parkways between any such parks or pleasure ground and its county boundaries.

(Building and Zoning Regulations)

(40) **Planning and zoning.** To exercise the powers of planning and zoning pursuant to the provisions of article 28 of this title;

(Condemnation Powers)

(41) **Streets and sewers.** To extend, by condemnation or otherwise, any road, street, alley, or highway, over or across, or to construct any sewer under or through any railroad track, right-of-way, or land of any railroad company, within the county jurisdiction, but, where no compensation is made to such railroad company, the county shall restore such railroad track, right-of-way, or land to its former condition or in a sufficient manner not to have impaired its usefulness;

(42) **Public transportation - rights-of-way.** To grant the use of, or right to lay down, any railroad track in any road or street of the county to any public transportation company;

(43) **Utilities.** To condemn and appropriate so much private property as shall be necessary for the construction and operation of sewers in such manner as may be prescribed by law;

(Ordinance Power)

(44) **Power and penalties.** To pass all ordinances and rules and make all regulations proper or necessary to carry into effect the powers granted to home rule counties, with such fines and penalties as the governing body shall deem proper, but no fine or penalty shall exceed three hundred dollars, and no imprisonment shall exceed ninety days for one offense;

(45) **Enforcement.** To enact and provide for the enforcement of all county ordinances necessary to protect life, health, and property; to prevent and remove nuisances defined by statute and upon complaint to the district attorney; to preserve the general welfare, order, and security of the county and its inhabitants;

(46) **Parking - facilities.** To provide, by ordinance, for the construction, maintenance, and operation of public parking facilities, buildings, stations, or lots by the county and to pay for the cost thereof by general tax levy or otherwise or by the issuance of bonds of the county, which bonds may be retired by revenues assessed and collected as rentals, fees, or charges from the operation of such facilities or from parking meter rentals or charges.

30-35-202. Power to sell public works - sell or lease property. (1) The governing body shall have the following additional powers:

(a) To sell and dispose of public utilities, public buildings, real property used or held for park purposes, or by other real property used or held for any governmental purposes. Before any such sale of a park or recreation facility shall be made, the question of said sale and the terms and consideration thereof shall be submitted at a regular election and approved in the manner provided for authorization of bonded indebtedness by section 30-35-201 (6);

(b) By ordinance, to sell and dispose of any other real property owned by the county upon such terms and conditions as such governing body may determine at a regular or special meeting;

(c) To lease any real property, together with any facilities thereon, owned by the county when deemed by the governing body to be in the best interest of the county. Any lease for a period of more than one year shall be by ordinance. Any lease for one year or less than one year shall be by resolution or ordinance.

(2) All leases and deeds of conveyance executed and acknowledged by the proper officers of the county and purporting to have been made pursuant to the provisions of this section shall be deemed prima facie evidence of due compliance with all the requirements hereof.

PART 3

ORDINANCES - PENALTIES

30-35-301. Duty to make and publish ordinances. A county adopting any of the home rule powers under this article shall make and publish, from time to time, ordinances, not inconsistent with the laws of the state, for carrying into effect or discharging the powers and duties conferred by this article and as seems necessary and proper to provide for the safety, preserve the health, promote the prosperity, and improve the morals, order, comfort, and convenience of such county and the inhabitants thereof. Such ordinances may be in addition to those authorized by section 30-15-401, and the provisions of sections 30-15-402 to 30-15-411 shall also apply to such ordinances.

PART 4

ORDINANCE CODES ADOPTED BY REFERENCE

30-35-401. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Adopting county" means any home rule county adopting an ordinance pursuant to the provisions of this part 4.

(2) "Code" means any published compilation of statutes, ordinances, rules, regulations, or standards adopted by the federal government or the state of Colorado, or by an agency of either of them, or by any municipality or county within the state of Colorado. It includes any codification or compilation of existing ordinances of the adopting county. The operation of this article as to published compilations of any organization or institution shall be limited to building codes, which may embrace any of the following subjects: The construction, alteration, repair, removal, demolition, equipment, use and occupancy, location, and maintenance of buildings or other structures, whether erected before, on, or after June 8, 1981.

(3) "County clerk" means the county clerk and recorder or equivalent officer.

(4) "Governing body" means the governing body of a home rule county.

(5) "Primary code" means any code which is directly adopted by reference in whole or in part by any ordinance passed pursuant to this part 4.

(6) "Published" means issued in printed, lithographed, multigraphed, mimeographed, or similar form.

(7) "Secondary code" means any code which is incorporated by reference, directly or indirectly, in whole or in part, in any primary code or in any secondary code.

Source: L. 81: Entire article added, p. 1473, § 1, effective June 8.

30-35-402. Adoption by reference - title. If all the procedures and requirements of this part 4 are complied with, any home rule county is authorized to enact any ordinance which adopts any code by reference, in whole or in part; and such primary code, thus adopted, may in turn adopt by reference, in whole or in part, any secondary codes duly described therein. However, every primary code and every secondary code which is incorporated in any such adopting ordinance shall be specified in the title of the ordinance.

Source: L. 81: Entire article added, p. 1474, § 1, effective June 8.

30-35-403. Notice - hearing. After the first reading of the adopting ordinance and of the code to be adopted thereby, and of any secondary codes therein adopted by reference, the governing body shall schedule a public hearing thereon. Notice of the hearing shall be published twice in a newspaper of general circulation in the adopting county, once at least fifteen days preceding the hearing and once at least eight days preceding it. If there is no such newspaper, the notice shall be posted in the same manner as provided for the posting of a proposed ordinance. The notice shall state the time and place of the hearing. It shall also state that copies of the primary code and also copies of the secondary codes, if any, being considered for adoption are on file with the county clerk and recorder and are open to public inspection. The notice shall also contain a description which the governing body deems sufficient to give notice to interested

persons of the purpose of the code and of any secondary code incorporated therein by reference, the subject matter of each such code, the name and address of the agency by which each has been promulgated, or, if a municipality or county, the corporate name of such municipality or county which has enacted such code, and the date of publication of such code or codes, and in the case of a code of any municipality or county the notice shall contain specific reference to code or codes of a given municipality or county as they existed and were effective at a given date.

30-35-404. Adopting ordinance - adoption of penalty clauses by reference prohibited. After the hearing, the governing body may amend, adopt, or reject the adopting ordinance in the same manner in which it is empowered to act in the case of other ordinances; but nothing in this article shall be deemed to permit the adoption by reference of any penalty clauses which may appear in any code which is adopted by reference. Any such penalty clauses may be enacted only if set forth in full in the adopting ordinance. All changes or additions to any code made by the governing body shall be published in the manner which is required for ordinances.

Source: L. 81: Entire article added, p. 1474, § 1, effective June 8.

30-35-405. Publication of ordinance. Nothing contained in this part 4 shall be deemed to relieve any home rule county from the requirement of publishing in full the ordinance which adopts any such code, and all provisions applicable to such publication shall be fully carried out. The adopting ordinance shall contain the same description of the primary adopted code and of each secondary code incorporated therein by reference, as required in the notice of hearing in section 30-35-403.

Source: L. 81: Entire article added, p. 1474, § 1, effective June 8.

30-35-406. Filing of public record - sale of copies. Not less than three copies of each primary code adopted by reference, and of each secondary code pertaining thereto, all certified to be true copies by the county executive officer and the county clerk, shall be filed in the office of the county clerk at least fifteen days preceding the hearing and shall be kept there for public inspection while the ordinance is in force. After the adoption of the code by reference, one of the copies of the primary code and of each secondary code may be kept in the office of the chief enforcement officer instead of in the office of the county clerk. Following the adoption of any code, the county clerk shall at all times maintain a reasonable supply of copies of the primary code and of any secondary codes incorporated in it by reference, available for purchase by the public at a moderate price.

PART 5

ACTIONS BY OR AGAINST HOME RULE COUNTIES

30-35-501. Review without bond. In all actions, suits, and proceedings in any court in this state in which a county of this state shall be a party, such county may take an appeal or writ of certiorari, as provided by law or rule of court, without giving bond.

Source: L. 81: Entire article added, p. 1475, § 1, effective June 8.

PART 6

BONDS - FUNDING - FLOATING DEBT

30-35-601. Funding bonds - determination of indebtedness. The governing body of a home rule county may issue negotiable coupon bonds, to be denominated funding bonds, for the purpose of funding any of the legal floating indebtedness of the county, whether such indebtedness is existing on or is created on or after June 8, 1981. The specific indebtedness to be funded and the amount of such funding bonds to be issued under the provisions of this part 6 shall first be determined by the governing body and a certificate of such determination shall be made and entered in and upon the records of the county prior to the issuance of said funding bonds. Nothing in this part 6 shall be construed to repeal or amend any law limiting the indebtedness of the county.

Source: L. 81: Entire article added, p. 1475, § 1, effective June 8.

30-35-602. Floating indebtedness defined. The term "floating indebtedness", as used in this article, includes all obligations of the county to pay money, of whatever kind or character, except indebtedness evidenced by the outstanding, negotiable interest-bearing bonds of the county.

Source: L. 81: Entire article added, p. 1475, § 1, effective June 8.

30-35-603. Bond election - judgments. (1) Whenever the governing body deems it expedient to issue funding bonds under the provisions of this article, it shall direct, by ordinance, that the question be submitted, at a regular election, in the manner provided for authorization of other bonded indebtedness in section 30-35-201 (6). At any election held under the provisions of this part 6, the question of authorizing the funding of all or any part of the floating indebtedness of the county may be submitted as one question of determination, irrespective of the form or date of such indebtedness. The election shall be conducted as nearly as may be in conformity with the provisions of the general election laws. The election notice shall specify, in addition to the time and places for holding said election, the qualifications for persons to vote on such question, the amount of the indebtedness to be funded, and the amount of funding bonds proposed to be issued at the rate of interest they shall bear. At such election, the ballots or voting machine tabs shall contain the words "For the Funding Bonds" and "Against the Funding Bonds".

(2) No election shall be necessary to authorize the governing body of a home rule county to issue bonds for the purpose of funding indebtedness in the form of a valid subsisting judgment against the county.

30-35-604. Ordinance - form and maturity of bonds. (1) If the governing body determines to issue funding bonds for the purpose of paying and discharging any valid and subsisting judgment against the county or if, upon canvassing the vote cast at any election held under the provisions of this part 6, it is determined by the governing body that a majority of the legal votes cast upon the question submitted are in favor of funding, the governing body shall make such determination a part of the official records of the county, and the governing body shall immediately thereafter adopt an ordinance, which shall not be subject to the referendum provisions of any law, providing for the issue of said funding bonds in accordance with the provisions of this article. Such ordinance shall fix the date of said funding bonds; shall designate the denominations thereof, the rate of interest, the maturity date which shall not be more than twenty-five years from the date of said funding bonds, and the place of payment, within or without the state of Colorado, of both principal and interest; and shall prescribe the form of said funding bonds.

(2) Such funding bonds shall be negotiable in form, shall recite the title of the act under which they are issued, shall be executed in the name of the county and signed by the executive officer, countersigned by the treasurer, and attested by the county clerk and recorder and shall have the seal of the county affixed thereto. The interest accruing on such funding bonds shall be evidenced by interest coupons thereto attached, bearing the engraved facsimile signature of the treasurer of the county. When so executed such coupons shall be the binding obligations of the county, according to their import. In the adoption of said ordinance providing for the issue of such funding bonds, the governing body shall make the principal of the debt payable in substantially equal annual installments during the period, not exceeding twenty-five years, within which the debt is to be discharged. The date of the maturity of the first installment of the debt shall be not more than five years from the date of said funding bonds.

30-35-605. Disposition of bonds. All such funding bonds may be exchanged, dollar for dollar, in satisfaction of the indebtedness to be funded, or they may be sold at not less than their par value, as directed by the governing body, and the proceeds thereof shall be applied only to the purpose for which such funding bonds were issued.

30-35-606. Taxes for interest and redemption. The interest accruing on such funding bonds issued pursuant to the provisions of this part 6 prior to the time when tax levies are available therefor shall be paid out of the general revenues of the county. For the purpose of reimbursing such general revenues and for the payment of subsequently accruing interest, the governing body issuing such funding bonds, or the proper tax assessing and collecting officers upon whom shall devolve the duty of levying and collecting county taxes, shall levy annually a sufficient tax upon all of the taxable property in the county fully to discharge such interest. For the ultimate redemption of such funding bonds, they shall levy annually such a tax upon all the taxable property in the county as will create a fund sufficient to discharge each annual installment of such funding bonds at the maturity thereof, which fund shall be called the redemption fund. All taxes for interest on and for the redemption of such bonds shall be paid in cash only and shall be kept by the county treasurer as a special fund to be used only in payment of the interest upon and for the redemption of such bonds. Such tax shall be levied and collected as other county taxes are levied and collected. The tax provisions for the ultimate redemption of such bonds shall be set forth in the ordinance authorizing their issue and shall set forth the years in which such taxes shall be levied for the creation of said redemption fund.

30-35-607. Ordinance irrevocable. Any ordinance authorizing an issue of funding bonds under the provisions of this part 6 and providing for the levy of taxes for the payment of the interest upon the principal of such funding bonds shall not be altered or repealed until the indebtedness thereby authorized has been fully paid.

PART 7

BONDS - REFUNDING BONDED DEBT

30-35-701. Refunding bonds - amount. The governing body of a home rule county may issue negotiable coupon bonds, to be denominated refunding bonds, for the purpose of refunding any of the bonded indebtedness of the county whether due or not, or which has or may become payable at the option of the county or by consent of the bondholders, or by any lawful means, whether such bonded indebtedness is existing on or is created on or after June 8, 1981. The amount of such refunding bonds to be issued under the provisions of this part 7 shall first be

determined by the governing body, and a certificate of such determination shall be made and entered in and upon the records of the county prior to the issuance of said refunding bonds.

30-35-702. Vote of electors - when not required. Whenever such governing body deems it expedient to issue refunding bonds under the provisions of this part 7 and the net interest cost and the net effective interest rate of the proposed issue of refunding bonds does not exceed the net interest cost and net effective interest rate of the issue of bonds to be refunded, such refunding bonds may be issued without the submission of the question of issuing such refunding bonds to a vote of the qualified electors of the county. The issuance of bonds under this part 7 for the purpose of refunding bonds which were originally issued to supply water to the county shall not require approval of such electors.

Source: L. 81: Entire article added, p. 1477, § 1, effective June 8.

30-35-703. Vote of electors - when required - procedures. (1) Whenever such governing body deems it expedient to issue refunding bonds under the provisions of this part 7 and either the net interest cost or the net effective interest rate of the proposed issue of refunding bonds exceeds the net interest cost or the net effective interest rate, respectively, of the issue of bonds to be refunded, the governing body, by ordinance or resolution, shall submit the question of issuing said refunding bonds at a special election called and held for that purpose or at a regular election of county officers; but bonds issued under this part 7 for the purpose of refunding bonds which were originally issued to supply water to the county shall not require such approval of the electors. An election held under this section shall be held in the manner provided for the authorization of an original bonded indebtedness in section 30-35-201 (6).

(2) At any election held under the provisions of this part 7, the question of authorizing the refunding of all or any part of the then outstanding bonded indebtedness of the county may be submitted as one question for determination, whether such bonds are of the same or of different issues.

(3) The election shall be conducted as nearly as may be in conformity with the provisions of the general election laws.

(4) The election notice shall specify, in addition to the time and places for holding said election, the qualifications for persons to vote on such question, the amount and date of the bonds to be refunded, the amount of refunding bonds proposed to be issued, and the maximum net effective rate of interest at which they may be issued.

(5) At such election the ballots or voting machine tabs shall contain the words "For the Refunding Bonds" and "Against the Refunding Bonds".

30-35-704. Ordinance for bond issue - bonds. (1) If the governing body determines to issue refunding bonds without an election by meeting the requirements set forth in sections 30-35-701 to 30-35-703, or if, upon canvassing the vote cast at any election held under the provisions of this part 7, it is determined by the governing body that a majority of the legal votes

cast upon the question submitted are in favor of refunding, the governing body shall make such determination a part of the official records of the county and shall immediately thereafter adopt an ordinance providing for the issuance of said refunding bonds in accordance with the provisions of this part 7.

(2) Such ordinance shall fix the date of said refunding bonds, shall designate the denominations thereof, shall designate the maximum net effective interest rate, the rate or rates of interest of individual bonds, the maturity dates, and the place or alternate places of payment within or without the state of Colorado, of both principal and interest, and shall prescribe the form of said refunding bonds.

(3) Such refunding bonds shall be negotiable in form, shall recite the title of the ordinance under which they are issued, and shall be executed in the name of the county and signed by the executive officer, countersigned by the treasurer, with the seal of the county affixed thereto, and attested by the county clerk and recorder. The interest accruing on such refunding bonds shall be evidenced by interest coupons thereto attached, bearing the engraved facsimile signature of the treasurer of the county. When so executed, such coupons shall be the binding obligations of the county, according to their import.

(4) In the adoption of said ordinance providing for the issuance of said refunding bonds, the governing body shall make the principal of the debt payable in annual or semiannual installments commencing not later than five years after the date of such bonds and maturing during a period not exceeding thirty-five years from the date thereof. The amounts of such maturities shall be fixed by the governing body. The right to redeem all or any part of said issue of bonds prior to the respective maturities thereof and the order of any such redemption may be reserved in said ordinance, and, if so reserved, shall be set forth on the face of said bonds.

(5) Outstanding bonds, which are secured by a pledge of specific special funds or revenues of the county in addition to the general ad valorem tax revenues of said county, may be refunded under the provisions of this part 7, and substantial compliance with the provisions of this article shall be deemed and taken to be sufficient to legally authorize such refunding and the issuance of refunding bonds for such purpose, without further actions being taken by the county. Such a pledge of specific special funds or revenues need not be made to additionally secure the refunding bonds so issued, but such funds or revenues may be so pledged if it is deemed advisable by the governing body of the county.

30-35-705. Exchange - sale - proceeds - amounts. Such refunding bonds may be exchanged dollar for dollar for the bonds to be refunded, or they may be sold at, above, or below their par value at a price or prices such that the net effective interest rate of the issue of refunding bonds does not exceed the maximum net effective interest rate authorized. Such refunding bonds shall be in a principal amount not exceeding the principal amount of the bonds to be refunded, as directed by the governing body, and the proceeds thereof shall be applied only to the purpose for which such refunding bonds were issued. The principal amount of said refunding bonds may be the same as or less than the principal amount of the bonds to be refunded, if due, adequate, and sufficient provision has been made for the payment, or redemption, and retirement of said bonds to be refunded and the payment of the interest accruing and having accrued thereon in accordance with this article.

30-35-706. Tax for payment of refunding bonds. The interest accruing on such refunding bonds issued pursuant to the provisions of this part 7 prior to the time when the proceeds of tax levies are available therefor shall be paid out of the general revenues or any other revenues of the county available therefor. For the purpose of reimbursing such general revenues or other revenues and for the payment of subsequently accruing interest, the governing body shall levy annually a sufficient tax upon all the taxable property in the county fully to discharge such interest. For the ultimate payment or redemption of such refunding bonds there shall be certified and levied annually such a tax upon all the taxable property in such county as will create a fund sufficient to pay or redeem and discharge such refunding bonds at or prior to their respective maturities; but in the event the bonds to be redeemed and the interest thereon accruing would have been paid from taxes levied upon only part of the taxable property in the county, the taxes levied for payment or redemption of the refunding bonds, and the interest accruing thereon, shall be levied in the same manner and upon only the same taxable property as would have been levied for payment of the bonds to be refunded if no refunding of said bonds had been made and accomplished. As collected, all taxes levied for payment of interest on and for the payment or redemption of the principal of such bonds shall be kept by the treasurer of the county in a special fund, to be used only in the payment of the interest upon and for the payment or redemption of the principal of such bonds. Such tax shall be levied and collected in the same manner as other county taxes are levied and collected. The ordinance authorizing the issuance of said bonds shall set forth the years in which such taxes shall be levied for the creation of said fund.

30-35-707. Ordinance not to be altered. 30-35-708. Combined issues - procedures. Any such refunding bonds may be issued to refund one or more issues of outstanding bonds of a county; but no two or more issues of outstanding bonds may be refunded by a single issue of refunding bonds unless the taxable property upon which tax levies are being made for payment of each such outstanding issue of bonds is identical to the taxable property on which such levies are being made for the payment of all other outstanding bonds proposed to be refunded by such single issue of refunding bonds. In the event that two or more issues of outstanding bonds of a county are to be refunded by the issuance of a single issue of refunding bonds, as provided in this section, the net interest cost and net effective interest rate on the bonds to be refunded shall be computed as if all of said bonds had originally been combined as a single issue aggregating the total of the smaller issues, and the results of this computation shall be compared with the net interest cost and net effective interest rate on the whole of the single refunding issue for purposes of determining the necessity of

submitting the question of issuing such refunding bonds to a vote of the registered electors of the county.

30-35-709. Application of refunding bond proceeds - procedures - limitations. (1)

The proceeds derived from the issuance of any refunding bonds under the provisions of this part 7 shall either be immediately applied to the payment, or redemption, and retirement of the bonds to be refunded and the cost and expense incident to such procedures, or shall immediately be placed in escrow to be applied to the payment of said bonds upon their presentation therefor and the costs and expenses incident to such proceedings and for no other purpose or purposes whatsoever until the bonds being refunded have been paid in full and discharged, and all accrued interest thereon has also been paid in full, upon which occurrences the escrow shall terminate, and any funds remaining therein shall be returned to the county and may be used to pay other bonds of the county.

(2) The costs and expenses incident to the refunding of outstanding bonded indebtedness, the issuance of refunding bonds, and the establishment and maintenance of escrow accounts, pursuant to the provisions of this part 7, may be paid from any moneys or funds of the county which are legally available therefor. Any moneys or funds of the county legally available therefor may be placed in any escrow account established under the provisions of this article and may be used and expended for the purposes specified in the escrow agreement if such procedure is deemed by the governing body to be in the best interests of the county.

(3) Any escrowed funds, pending such use, may be invested or, if necessary, reinvested only in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S., maturing at such times as to ensure the prompt payment of the bonds refunded under the provisions of this article and the interest accruing thereon.

(4) Escrowed funds and investments, together with any interest to be derived from such investments, shall be in an amount which at all times shall be sufficient to pay the bonds refunded as they become due at their respective maturities or as they are called for redemption and payment on prior redemption dates, as to principal, interest, any prior redemption premium due, and any charges of the escrow agent payable therefrom. The computations made in determining such sufficiency shall be verified by a certified public accountant.

(5) For the purpose of implementing the provisions of this part 7, the governing body of any county shall have the power to enter into escrow agreements and to establish escrow accounts with any commercial bank having full trust powers located within this state which is a member of the federal deposit insurance corporation under protective covenants and agreements whereby such accounts shall be fully secured by direct obligations of the United States, or shall be invested in such direct obligations only, in such amounts as will be sufficient and maturing at such times so as to ensure the prompt payment of the bonds refunded, and the interest accruing thereon, under the provisions of this part 7.

(6) In no event shall the aggregate amount of bonded indebtedness of any county exceed the maximum allowable amount as determined pursuant to the provisions of the state constitution, statutes, and charter applicable to such county. In determining and computing such aggregate amount of bonded indebtedness of any home rule county, bonds which have been refunded, as provided in this part 7, either by immediate payment, or redemption and retirement,

or by the placement of the proceeds of refunding bonds in escrow shall not be deemed outstanding indebtedness from and after the date on which sufficient moneys are placed with the paying agent of such outstanding bonds for the purpose of immediately paying, or redeeming, and retiring such bonds, or from and after the date on which the proceeds of said refunding bonds are placed in such an escrow.

(7) The issuance of refunding bonds by any home rule county for the purposes and in the manner authorized by this article, or under the provisions of any other enabling law, shall never be interpreted or taken to be the creation of an indebtedness which would require the approval of the qualified electors of the county, and no such approval shall be required for the issuance of such refunding bonds except as is specifically required by this part 7 or such other law under which said refunding bonds are sought to be issued or have been issued.

(8) No bonds may be refunded under the provisions of this part 7 unless the holders thereof voluntarily surrender said bonds for immediate exchange or immediate payment or unless said bonds either mature or are callable for redemption prior to their maturity under their terms within ten years from the date of issuance of the refunding bonds, and provisions shall be made for paying, or redeeming, and discharging all of the bonds refunded within said period of time.

30-35-710. Registration of refunding bonds. Whenever any home rule county issues refunding bonds under the provisions of this part 7, the governing body shall direct that the county clerk and recorder, as a part of said county clerk and recorder's duties, register said bonds in a book to be kept by him for that purpose, and when so registered, the legality thereof shall not be open to contest by the county or by any other person or corporation in behalf of the county for any reason whatever. It is the duty of the county clerk and recorder to register said bonds, noting the principal amount, the date of issuance and maturity, and rate or rates of interest of said bonds.

30-35-711. Redemption of refunding bonds prior to maturity - procedures. (1) In the event that any bonds of a home rule county, either bonds issued for refunding purposes or bonds issued for other purposes as set forth in section 30-35-201 (6), have been or are made redeemable prior to their respective maturities and the governing body determines that all or any part of such bonds should be called for redemption, according to their terms, it is the duty of the county clerk and recorder, as soon as the governing body has authorized the redemption, to cause notice to be given of such action.

(2) Such notice shall be given by publication at least one time in a newspaper customarily used by said county for legal notices at least thirty days prior to the date on which said bonds are to be redeemed and paid. Such notice shall contain the place or places and date on which said bonds shall be redeemed and paid, shall describe the bonds by their legal designation, date, number, and amount, and shall state that after the date so fixed for redemption and payment the interest on said bonds shall cease.

(3) After the date so fixed for redemption and payment, the bonds so called for redemption and payment shall cease to draw interest.

PART 8

BONDS - TO PAY MATURED SPECIAL ASSESSMENT

30-35-801. Power to issue bonds - purpose. Subject to the provisions of this part 8, any home rule county shall have power and authority to issue its negotiable coupon bonds for the purpose of paying any special assessment bonds or obligations which it has issued or may issue, together with interest thereon, when it appears that there is not, or will not be, sufficient money for the payment of the same at maturity in the particular fund out of which payment should be made.

30-35-802. Question submitted. No bonds shall be issued under this part 8 until the question of issuing the same has been submitted, at a regular election of a home rule county, to a vote of those persons qualified to vote on authorization of other bonded indebtedness and approved as required by section 30-35-201 (6).

30-35-803. Ordinance - taxes - interest - disposition. The issuance of any bonds voted on in accordance with this part 8 shall be authorized by an ordinance, which shall be irrevocable until the bonds therein provided for shall have been fully paid or discharged, specifying the purpose to which the funds to be raised shall be applied and providing for the levy of a tax sufficient to pay the annual interest and extinguish the principal of such bonds within fifteen but not less than ten years from the creation thereof. Such tax, when collected, shall be applied only to the purpose specified in such ordinance until such bonds shall be paid or discharged. Such bonds shall bear interest at a rate or rates and shall be exchanged or sold at a price or prices so that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized. Interest shall be paid semiannually and shall be payable at such place, be in such denominations, and be executed by such officers as may be prescribed in such ordinance. Such bonds may be exchanged for outstanding matured and overdue special assessment bonds or obligations and interest thereon or they may be sold and the proceeds thereof used for the purpose specified in this part 8.

30-35-804. Construction - disposition of delinquent assessment. Nothing in this part 8 shall be construed to release or discharge any special assessment which is now, or may become, a lien on or against any property. Any home rule county issuing bonds under this part 8 shall be subrogated to the rights of the holders or owners of the outstanding special assessment bonds or obligations paid. If, after the issuance of bonds authorized by this part 8, the delinquent or defaulted special assessments, or any part thereof, are collected and the special assessment bonds or obligations payable out of the particular special assessment fund have been redeemed by means of bonds issued under this part 8, the amounts so collected shall be used to pay the principal of and the interest on the bonds authorized and the tax levies therefor shall be reduced in a like manner.

PART 9

SPECIAL TAXING DISTRICTS

30-35-901. Special taxing districts authorized. In accordance with the provisions of section 18 of article XIV of the state constitution, the governing body of a home rule county may establish special taxing districts within the county to facilitate the furnishing of services and the collection of ad valorem taxes or charges for such services, or both such taxes and charges.

Source: L. 81: Entire article added, p. 1483, § 1, effective June 8.

30-35-902. Definitions. As used in this part 9, unless the context otherwise requires:

(1) "Registered elector" or "elector" means an individual who resides within a home rule county and is registered and otherwise qualified to vote in county elections in such county.

(2) "Special taxing district" or "district" means a geographic area within a home rule county designated and delineated by the governing body of a home rule county to facilitate the furnishing of services and improvements and the collection of ad valorem taxes or charges for such services, or both such taxes and charges; however, such collection of taxes or charges, or both, shall not be in addition to or in lieu of any taxes or charges, or both, specifically provided for and limited by any statute for the same purpose, including, but not limited to, taxes for law enforcement authorities, roads and bridges, and the like.

Source: L. 81: Entire article added, p. 1483, § 1, effective June 8.

30-35-903. Use of districts. (1) Such special taxing districts shall be used when a service or level of service which a county is authorized to provide is to be provided in substantially less than the entire area included within the county and where resulting ad valorem taxes or charges may vary from those imposed in other areas within the county.

(2) As long as the service is provided to the included territory, a special taxing district may include, subject to the limitations of section 30-35-103 (2), any territory within a county.

The included territory need not be contiguous if the noncontiguous territory is essential to the provision of such services or improvements, and the same territory may lie within more than one special taxing district so long as there is no duplication of services or improvements.

(3) No tract or parcel of real estate used for manufacturing, mining, railroad, agricultural, or industrial purposes, together with the buildings, improvements, machinery, or equipment or other personal property thereon, for which no direct benefit is provided by the services or improvements of the special taxing district, shall be included therein without the written consent of the owner thereof. If, contrary to the provisions of this subsection (3), any such tract, parcel, or other property thereon is included in any special taxing district, the owner thereof, upon petition to the governing body of the home rule county, shall be entitled to have the same excluded from the special taxing district free and clear of any contract, obligation, lien, or charge to which it might have been liable as a part of the special taxing district.

Source: L. 81: Entire article added, p. 1484, § 1, effective June 8.

30-35-904. Formation of districts. (1) Special taxing districts may be established pursuant to the provisions of this section.

(2) (a) The governing body of a home rule county may by resolution propose the formation of such district which resolution shall designate the proposed boundaries thereof, specify the proposed service or services, and set forth the methods of financing proposed for such district.

(b) The governing body shall present the proposal at a public hearing to be held within sixty days after introduction of such resolution, with notice thereof to be published not less than fifteen days before the date set for hearing.

(c) At such hearing any registered elector of the county may be heard on the proposal, including questions of inclusion in or exclusion from the district, and all such objections shall be determined by the governing body on the basis of the public interest, taking into consideration the needs of the people and the availability of the service to the territory which is the subject of any such objection.

(d) The governing body may continue the hearing as necessary and may, after the conclusion thereof, enact the proposed resolution, with or without amendments, or may reject the proposed resolution.

(e) Decisions of the governing body concerning the formation of a special taxing district are not subject to review unless action is instituted by a registered elector to review such proceedings within forty-five days after passage of the resolution. Any such review shall extend only to the question of whether the governing body exceeded its jurisdiction or abused its discretion. If the court so finds, it shall remand the matter to the governing body for further proceedings, consistent with such findings.

(3) (a) A petition, signed by at least eight percent of the registered electors in the proposed district, shall be sufficient to require the governing body of a home rule county to pass a resolution creating the proposed special taxing district.

(b) At the top of each page of the petition must be printed, in plain red letters no smaller than the impression of ten-point, bold-faced type, the following:

WARNING:

IT IS AGAINST THE LAW:

For anyone to sign this petition with any name other than his own, or to knowingly sign his name more than once for the same measure, or to sign such petition when not a registered elector.

DO NOT SIGN THIS PETITION UNLESS YOU ARE A REGISTERED ELECTOR

TO BE A REGISTERED ELECTOR, YOU MUST BE:

1. At least eighteen years of age.
2. A citizen of the United States.
3. A resident of the state of Colorado for at least twenty-two days.
4. A resident of the precinct in which you live.
5. Registered to vote in the county.

Do not sign this petition unless you have read or had read to you the proposal in its entirety and understand its meaning.

(c) The petition shall only be signed by registered electors of the proposed district with their own signatures, after which shall be written their residence addresses, including street and number, if any, city or town, and the date of signing.

(d) To each petition there shall be attached an affidavit of the person who circulated the petition, which shall state the person's address, that he or she is a resident of the state, a citizen of the United States, and at least eighteen years of age, that each signature thereon was affixed in his or her presence, that each signature thereon is the signature of the person whose name it purports to be, that to the best of his or her knowledge and belief each of the persons signing the petition was at the time of signing a registered elector of the proposed district, and that he or she has not or will not in the future pay any money or thing of value to any signer for the purpose of inducing the signer to affix his or her signature to the petition.

(e) The petition shall contain all the information required by subsection (2)(a) of this section.

(f) The petition shall be on pages eight and one-half inches wide by fourteen inches long with a margin of two inches at the top for binding. The signature sheets shall have ruled lines and be numbered consecutively.

(4) No restraining order or temporary injunction pending final judgment of the district court and enjoining the formation of, the inclusion or exclusion of territory in, or the operation of the special taxing district may be issued. Any final judgment which has the effect of enjoining the formation of, the inclusion or exclusion of territory in, or the operation of a special taxing district shall automatically be stayed upon the filing of any appeal of such decision, and no application for supersedeas shall be necessary. Such stay shall continue in full force and effect pending final disposition of the proceedings.

(5) Changes in the boundaries or major changes in the basic or essential nature of services or financing of a special taxing district may be initiated by resolution of the governing body or by petition signed by five percent of the registered electors of the district, and such proposals shall be considered in the same manner as provided in this section for proposals for the original formation of a district.

(6) Upon adoption of a resolution forming a district, the governing body of the home rule county shall function as the governing board of such district.
