6-1-109. Remedies. (1) If any person fails to cooperate with any investigation pursuant to section 6-1-107 or fails to obey any subpoena pursuant to section 6-1-108, the attorney general or a district attorney may apply to the appropriate district court for an appropriate order to effect the purposes of this article 1. The application shall state that there are reasonable grounds to believe that the order applied for is necessary to investigate a deceptive trade practice as defined in this article 1. If the court is satisfied that reasonable grounds exist, the court in its order may:

(a) Grant injunctive relief restraining the sale or advertisement of any property by such person;

(b) Require the attendance of or the production of documents by such person, or both;

(c) Grant such other or further relief as may be necessary to obtain compliance by such person.

6-1-110. Restraining orders - injunctions - assurances of discontinuance. (1) Whenever the attorney general or a district attorney has cause to believe that a person has engaged in or is engaging in any deceptive trade practice listed in section 6-1-105 or part 7 or 13 of this article 1, the attorney general or district attorney may apply for and obtain, in an action in the appropriate district court of this state, a temporary restraining order or injunction, or both, pursuant to the Colorado rules of civil procedure, prohibiting the person from continuing the practices, or engaging therein, or doing any act in furtherance thereof. The court may make such orders or judgments as may be necessary to prevent the use or employment by the person of any such deceptive trade practice or that may be necessary to completely compensate or restore to the original position of any person injured by means of any such practice or to prevent any unjust enrichment by any person through the use or employment of any deceptive trade practice.

(2) Where the attorney general or a district attorney has authority to institute a civil action or other proceeding pursuant to the provisions of this article 1, the attorney general or district attorney may accept, in lieu thereof or as a part thereof, an assurance of discontinuance of any deceptive trade practice listed in section 6-1-105 or part 7 or 13 of this article 1. The assurance may include a stipulation for the voluntary payment by the alleged violator of the costs of investigation and any action or proceeding by the attorney general or a district attorney and any amount necessary to restore to any person any money or property that may have been acquired by the alleged violator by means of any such deceptive trade practice. Any such assurance of discontinuance accepted by the attorney general or a district attorney and any such stipulation filed with the court as a part of any such action or proceeding is a matter of public record unless the attorney general or the district attorney determines, at the discretion of the attorney general or district attorney, that it will be confidential to the parties to the action or proceeding and to the court and its employees. Upon the filing of a civil action by the attorney general or a district attorney alleging that a confidential assurance of discontinuance or stipulation accepted pursuant to this subsection (2) has been violated, the assurance of discontinuance or stipulation becomes a public record and open to inspection by any person.

Proof by a preponderance of the evidence of a violation of any such assurance or stipulation constitutes prima facie evidence of a deceptive trade practice for the purposes of any civil action or proceeding brought thereafter by the attorney general or a district attorney, whether a new action or a subsequent motion or petition in any pending action or proceeding.

(3) When the attorney general or a district attorney shows by a preponderance of evidence that a mortgage broker, mortgage originator, mortgage lender, mortgage loan applicant, real estate broker, real estate agent, real estate appraiser, or closing agent, other than a person who provides closing or settlement services subject to regulation by the division of insurance, has continued to participate in the origination of mortgage loans in violation of section 38-40-105, C.R.S., after having been previously enjoined from practices in violation of such section, the attorney general or district attorney may, in addition to any other remedies, apply for and obtain, in the court that has previously issued an injunction, a further injunction against continuing to participate in the business of originating mortgage loans for up to five years.

(4) In addition to any other remedy available under this section, when the attorney general or district attorney has cause to believe that a person has engaged in or is engaging in a deceptive trade practice described in section 6-1-720, the attorney general or district attorney may apply for and obtain, in an action in the appropriate district court of this state, an order forfeiting any tickets obtained, or the proceeds from the resale of any such tickets, in violation of section 6-1-720.

6-1-116. Investigation of unfair business practices by regulated persons - district attorney requests for records from licensing authorities - interagency agreements with attorney general - legislative declaration - definitions. (1) The general assembly hereby finds, determines, and declares that:

(a) Federal and state consumer protection and unfair trade laws, such as those prohibiting unfair or deceptive trade practices, price fixing, and monopolization, exist to protect consumers against unfair business practices that undermine fair competition, a thriving small business sector, and consumers' rights to make informed economic decisions;

(b) District attorneys and the attorney general are tasked with, and have the expertise needed for, enforcing consumer protection laws in the state;

(c) A licensing authority might have information relevant to a complaint alleging that a person that the licensing authority regulates has committed unfair or deceptive trade practices; and

(d) Therefore, it best serves the consumer protection interests of the state to allow a licensing authority to share with a district attorney or the attorney general information regarding a regulated person, which information may be relevant to a consumer protection investigation of the regulated person.

(2) (a) Upon receiving a complaint alleging a violation of the consumer protection laws set forth in this article 1, a district attorney may request records from a licensing authority regarding a person that is the subject of the complaint if the complaint alleges that:

(I) The complainant suffered damages in an amount of at least twenty thousand dollars and the district attorney determines the amount of damages alleged appears to be a reasonable amount in relation to the alleged conduct forming the basis of the complaint; or

(II) Two or more persons regulated by the licensing authority jointly engaged in conduct that forms the basis of the complaint.

(b) Notwithstanding any other provision of law that may prohibit a licensing authority from complying with this subsection (2), to facilitate the district attorney's investigation into and enforcement of the complaint, a licensing authority shall provide the district attorney with copies of, or access to inspect, the records requested if the licensing authority has already determined it will not take action against the regulated person or persons.

(c) This subsection (2) does not apply to a person regulated by a board or commission.

(3) In addition to the costs and attorney fees that the regulated person or persons complained of are entitled to recover from the complainant pursuant to section 6-1-113 (3), if a court determines that the complaint is frivolous, groundless, and was filed in bad faith, or if the regulated person or persons prevail or substantially prevail in the matter, the court's order may also require the complainant to pay the regulated person's or persons' costs incurred, actual damages sustained, and reasonable attorney fees incurred in relation to:

(a) The district attorney's or attorney general's investigation of the matter; and

(b) The licensing authority's investigation of a complaint against the regulated person or persons if the court determines that the two complaints were filed by the same complainant and in regard to the same matter.

(4) Subject to approval by the head of an executive department, a state licensing authority within the department may enter into an interagency agreement with the attorney general or the attorney general's designee for the referral of any complaint that appears to allege a violation of this article 1 or article 2 or 4 of this title 6. The interagency agreement may provide for referrals of complaints, information sharing, confidentiality requirements, and other terms that facilitate the investigation and enforcement of complaints alleging violations of consumer protection or unfair trade laws.

(5) Any copies of records that a licensing authority sends to a district attorney, the attorney general, or the attorney general's designee pursuant to this section are records of the investigation of a prosecuting attorney pursuant to section 24-72-204 (2)(a)(I) and are not subject to the right of inspection under the "Colorado Open Records Act", part 2 of article 72 of title 24.

(IV) Certain adaptive equipment can be necessary for persons with a disability to drive an automobile; and

(V) The provision of such adaptative equipment is reasonable and not a fundamental alteration of the services provided by a rental car agency.

(b) Therefore, it is the intent of the general assembly in enacting this section to prevent discrimination against persons with a disability by requiring that such persons have the ability to make online reservations for automobiles with adaptive equipment with rental car agencies that rent at least some motor vehicles with a gross weight of less than four thousand pounds.

(2) As used in this section, unless the context otherwise requires:

(a) "Adaptive equipment" means hand controls, left foot accelerators, spinner knobs, and pedal extenders.

(b) "Lessee" means any person or organization obtaining, or attempting to obtain, the use of a rental motor vehicle from a lessor under the terms of a rental agreement.

(c) "Lessor" means any person or organization in the business of providing rental motor vehicles of which some have a gross weight of less than four thousand pounds to the public, excluding a person or organization that is in the business of operating an online platform to connect third-party vehicle owners with third-party vehicle drivers to enable peer-to-peer car sharing, as defined in section 6-1-1202 (2), within Colorado.

(d) "Person with a disability" means a person who is considered to have a disability, as that term is defined in 42 U.S.C. sec. 12102.

(e) "Remote location" means a location of the lessor's business that is more than a two hour drive from the Denver International Airport.

(f) "Small business" means a lessor that owns no more than fifty motor vehicles.

(3) Lessors shall provide an option for lessees to request the installation of adaptive equipment while making rental motor vehicle reservations on the lessor's website and during in-person reservations.

(4) Lessors shall conspicuously incorporate into any reservation or reservation confirmation that includes a request for adaptive equipment:

(a) A list of the adaptive equipment requested by the lessee;

(b) Acknowledgment by the lessor that it will provide the adaptive equipment requested by the lessee; and

(c) The date and time that the lessor will provide the lessee with a rental motor vehicle with adaptive equipment installed and ready for use.

(5) (a) A lessor must fulfill a reservation made by a lessee for the provision of a motor vehicle with adaptive equipment within forty-eight hours of the lessor receiving the reservation, unless the lessee requests that the lessor provide the motor vehicle at the lessor's business location at the Denver International Airport or at a remote location of the lessor's business.

(b) A lessor must fulfill a reservation made by a lessee for the provision of a motor vehicle with adaptive equipment at the lessor's business location at the Denver International Airport within eight working hours after the lessor receives the reservation and an employee trained in the installation of adaptive equipment is on duty at the lessor's business location at the Denver International Airport.

(c) A lessor must fulfill a reservation by a lessee for the provision of a motor vehicle with adaptive equipment at a remote location of the lessor's business within seventy-two hours of the lessor receiving the reservation.

(d) The requirements of this subsection (5) do not apply in the case of an occurrence of an event beyond the lessor's reasonable control, including severe weather, acts of God, or acts of terrorism.

(6) A lessee who is subject to a violation of this section by a small business occurring on or afer July 1, 2026, or by a lessor that is not a small business occurring on or after July 1, 2025, may bring a civil suit in a court of competent jurisdiction and is entitled to any of the following remedies:

(a) A statutory fine of two thousand five hundred dollars, payable to each plaintiff for each violation;

(b) The recovery of actual monetary damages;

(c) An award of attorney fees and costs to a lessee who prevails under this subsection (6);

(d) A court order requiring compliance with the applicable provisions of this section; and

(e) Any other equitable relief deemed appropriate by a court of competent jurisdiction.

(7) Nothing in this section limits the rights of persons with a disability provided under state or federal law related to discrimination.

6-1-208. Notification of chain laws. During September 1 through May 31 of each year, a lessor shall notify, at the time of rental, a lessee of the requirements of, duties in, and the penalty for violating section 42-4-106 (5) and whether the rental motor vehicle complies with section 42-4-106 (5). The notification must be made in a clear and conspicuous manner orally, upon the lessor's electronic platform, or by a sign within the lessor's business.

PART 3

PREVENTION OF TELEMARKETING FRAUD

6-1-301. Legislative declaration. The general assembly hereby finds, determines, and declares that the use of telephones for commercial solicitation is rapidly increasing; that this form of communication offers unique benefits, but entails special risks and poses the potential for abuse; that the general assembly finds that the widespread practice of fraudulent and deceptive commercial telephone solicitation has caused substantial financial losses to thousands of consumers, and, particularly, elderly, homebound, and otherwise vulnerable consumers, and is a matter vitally affecting the public interest; and, therefore, that the general welfare of the public and the protection of the integrity of the telemarketing industry requires statutory regulation of the commercial use of telephones.

6-1-303. Registration of commercial telephone sellers. (1) No commercial telephone seller shall conduct business in this state without having registered with the attorney general at least ten days prior to the conduct of such business. Individual employees of the commercial telephone seller are not required to register. A commercial telephone seller conducts business in this state if the telephone solicitations of prospective purchasers are made from locations in this state or solicitation is made of prospective purchasers located in this state.

(2) A registration shall be effective for one year after the date of filing with the attorney general. Each application for registration or renewal thereof shall be accompanied by a filing fee, determined and collected by the attorney general, but such filing fee shall not exceed two hundred fifty dollars for an application for registration or one hundred dollars for an application for renewal.

(3) Whenever, prior to expiration of a commercial telephone seller's annual registration, there is a material change in the information required by subsection (5) of this section, the seller shall, within ten days, file an addendum updating the information with the attorney general.

(4) Each application for registration shall be in writing and shall contain such information regarding the conduct of the commercial telephone seller's business and the personnel conducting the business as is required by law. The application shall be submitted on a form provided by the attorney general and shall be verified by a declaration signed by each principal of the commercial telephone seller under penalty of perjury. The declaration shall specify the date and location of signing. The information submitted pursuant to this section shall be available for public inspection.

(5) Each application for registration or renewal pursuant to this section shall contain the following information:

(a) The name or names of the commercial telephone seller, including all names under which the commercial telephone seller is doing or intends to do business, if different from the name of the seller, and the name of any parent or affiliated organization;

(b) The seller's business form and the date and place of organization;

(c) The complete street addresses of all locations from which the commercial telephone seller is or will be conducting business, including a designation of the seller's principal business location;

(d) A listing of all telephone numbers, including pay-per-call numbers, to be used by the commercial telephone seller;

(f) A description of the goods, services, property, or extension of credit the commercial telephone seller is offering for sale and a copy of all sales scripts the commercial telephone seller

requires salespersons to use when soliciting prospective purchasers, or, if no sales script is required to be used, a description of the sales presentation;

(g) All rules, regulations, terms, restrictions, and conditions to receiving any prize, bonus, award, gift, or premium, if applicable, including a description of each prize, bonus, award, gift, or premium, and the actual or approximate odds of a purchaser's receiving such prize, bonus, award, gift, or premium;

6-1-304. Unlawful telemarketing practices. (1) A commercial telephone seller engages in an unlawful telemarketing practice when, in the course of any commercial telephone solicitation, the seller:

(a) Conducts business as a commercial telephone seller without having registered with the attorney general, as required by section 6-1-303;

(b) Fails to allow the purchaser in any telephone sales transaction to cancel any purchase or agreement to purchase goods, services, or property at any time before the expiration of three business days after the purchaser's receipt of such goods, services, or property by delivering or mailing to the commercial telephone seller written notice of cancellation. Notice of cancellation, if sent by mail, is deemed to be given as of the date the mailed notice was postmarked.

(c) Fails to refund all payments made by any purchaser in any telephone sales transaction within thirty days after the commercial telephone seller receives notice of cancellation from the purchaser; except that:

(I) If the purchaser has received goods or property from the commercial telephone seller, other than an item represented as free, the commercial telephone seller shall refund all payments made by the purchaser within thirty days after the commercial telephone seller's receipt of the returned goods or property;

(II) If the purchaser has received services, including those received during the course of a pay-per-call service call, which services cannot, by their nature, be returned, the commercial telephone seller is not required to refund payments to the purchaser;

(d) Fails to disclose to the purchaser during a telephone solicitation that the purchaser has the cancellation rights set forth in paragraph (b) of this subsection (1);

(e) Misrepresents to any person that the person has won a contest, sweepstakes, or drawing, or that the person will receive free goods, services, or property;

(f) Represents that the seller's goods, services, or property are "free" if the commercial telephone seller charges or collects a fee from the purchaser in exchange for providing or delivering such goods, services, or property;

(g) Makes any reference to the commercial telephone seller's compliance with this article to any purchaser without also disclosing that compliance with this article does not constitute approval by any governmental agency of the seller's marketing, advertisements, promotions, goods, or services;

(h) Engages in any deceptive trade practice defined in section 6-1-105 or part 7 of this article.

(2) Paragraphs (b) and (d) of subsection (1) of this section do not apply to a transaction in which the consumer obtains a full refund for the return of undamaged or unused goods or a cancellation of services by giving notice to the seller within seven days after receipt by the consumer and the seller processes the refund or cancellation within thirty days after receipt of the returned merchandise or the consumer's request for refund for services not performed or a pro rata refund for any services not yet performed for the consumer. The availability and terms of the return and refund privilege shall be disclosed to the consumer orally by telephone and in writing with any advertising or promotional material or with the delivery of the product or service. If a seller offers consumers an unconditional guarantee, a clear disclosure of such guarantee by using the words "satisfaction guaranteed", "free inspection", or "no-risk guarantee" satisfy the disclosure requirements of this subsection (2).

(3) The unlawful telemarketing practices listed in this section are in addition to and do not limit the types of unfair trade practices actionable at common law or under other civil and criminal statutes of this state.

(4) (a) On or after September 1, 2005, a person commits an unlawful telemarketing practice if the person knowingly:

(I) Lists a cellular telephone number in a directory for a commercial purpose unless the person whose number has been listed has given affirmative consent, through written, oral, or electronic means, to such listing; or

(II) Uses a scanning device or other electronic means to identify a cellular telephone number and to make a commercial telephone solicitation to a cellular telephone.

(b) This subsection (4) shall not apply to a commercial telephone solicitation that is in relation to a preexisting commercial relationship between the person and the person who owns the cellular telephone.

6-1-305. Penalties. (1) In addition to the remedies available under sections 6-1-110, 6-1-112, and 6-1-113:

(a) Any person who, after receiving written notice of noncompliance from the attorney general or a district attorney, conducts business as a commercial telephone seller without having registered with the attorney general as required by section 6-1-303 commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.;

(b) Any commercial telephone seller who knowingly engages in any unlawful telemarketing practice as defined in section 6-1-304 (1)(b) to (1)(h) commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.;

PART 4

WARRANTIES FOR ASSISTIVE TECHNOLOGY ACT

6-1-401. Legislative intent. (1) It is the intent of the general assembly to encourage and promote independent living and self-sufficiency for persons with disabilities and to reduce their need to rely on publicly funded supports. Of an estimated forty-nine million Americans with disabilities, approximately seventy percent of them are unemployed or underemployed. Having safe, reliable assistive technology represents a most essential need given the many barriers to independent living and self-sufficiency people with disabilities face.

(2) The goal of meeting this essential need can be furthered by assuring that assistive technology provided to persons with disabilities is of quality and is covered by adequate warranties to maintain their assistive technology in proper working condition, to assure availability of appropriate loaner replacement assistive technology while their own is being repaired, and to encourage manufacturers and dealers to cooperatively pool assistive technology resources for loaner purposes to assure availability without an undue burden.

(3) The general assembly finds and declares it is in the state's best interest to adopt this part 4.

Source: L. 97: Entire part added, p. 604, § 1, effective July 1.

(2) "Consumer" means:

(b) "Early termination cost" includes any prepayment penalty under a finance arrangement.

(5) "Early termination savings" means any expense or obligation that a wheelchair lessor avoids as a result of performing the acts described in paragraph (a) of subsection (4) of this section. "Early termination savings" includes any interest charge that the wheelchair lessor would have paid to finance the wheelchair or, if the wheelchair lessor did not finance the wheelchair, the difference between the total amount the lessee was obligated to pay over the period of the lease term remaining after the early termination date and the present value of that amount on the early termination date.

(6) "Express warranty" means an express warranty as set forth in sections 4-2-313 and 4-2.5-210, C.R.S. An express warranty shall cover every part of a new wheelchair except the tires and batteries.

(7) "Lessor" means a person or entity that leases a wheelchair to a consumer or that holds the lessor's rights under a written lease or any agents of that person or entity.

(8) "Loaner" means a wheelchair that is provided to the consumer for use free of charge that is not required to have the functional capabilities equal to or greater than those of the original wheelchair but that meets the following conditions:

(a) It is in good working order;

(b) It performs at a minimum the most essential functions of the original wheelchair in light of the disabilities of the user;

(c) It is usable by the consumer given the consumer's impairments; and

(d) Any difference between the loaner and the original wheelchair does not create a threat to safety.

(9) "Manufacturer" means a person or entity that manufactures or assembles wheelchairs and any agents of that person or entity, including an importer, a distributor, an authorized servicer, a factory branch, a distributor branch, and warrantors of the manufacturer's wheelchairs. "Manufacturer" does not include a dealer.

(10) "Modular assembly" means a device added to the wheelchair base to accommodate the special needs of the consumer, such as seating systems, tilt or recline systems, and specially adapted control modules.

(11) "Nonconformity" means a defect that substantially impairs the use, reliability, value, or safety of a wheelchair and that is covered by an express warranty applicable to such wheelchair or a component of such wheelchair. "Nonconformity" does not include a defect that is the result of abuse, neglect, or the unauthorized modification or alteration of a wheelchair by a consumer.

(12) "Reasonable attempt to repair" means that one of the following has occurred within the term of an express warranty applicable to a new wheelchair or within one year after first delivery of a wheelchair to a consumer, whichever occurs earlier:

(a) The same nonconformity is subject to repair at least three times by the manufacturer, lessor, or any of the manufacturer's authorized dealers; or

(13) "Replacement wheelchair" means a wheelchair of comparable quality, size, and function.

6-1-403. Express warranty required - authorized servicers. (1) (a) Except as provided in subsection (2) of this section, a consumer who purchases or leases a new wheelchair either directly or indirectly through a dealer or lessor shall receive an express warranty for such wheelchair. The manufacturer shall issue this express warranty that shall extend for not less than one year after first delivery to the consumer.

(b) Except as provided in subsection (2) of this section, a selling dealer shall provide an express warranty for any modifications made by the dealer that shall also extend for not less than six months after first delivery to the consumer.

(2) Notwithstanding the provisions of subsection (1) of this section, the warranty for the specialty control module shall be limited to the warranty provided by the manufacturer of such specialty control module or ninety days, whichever is longer.

(3) If a manufacturer or dealer fails to furnish the express warranty required by this section, the wheelchair shall be covered by a warranty the same as if an express warranty had been provided by the manufacturer or dealer pursuant to this section.

(4) Any entity that sells or leases wheelchairs in this state, including any entity that sells or leases through mail order or catalogue sales, shall designate an authorized servicer for such chairs that is located in this state in reasonable proximity to the consumer.

(5) (a) In the event that the selling dealer from whom the consumer purchased the wheelchair goes out of business or ceases to be an authorized dealer or service center for the manufacturer, or if the dealer or consumer moves or relocates to a location that makes it unreasonable for the consumer to seek warranty service from the selling dealer, or if the consumer is dissatisfied with the selling dealer, the consumer shall be responsible for contacting the manufacturer or another authorized dealer which will be responsible for facilitating the warranty service required with an authorized dealer, to be mutually agreed upon by the consumer

and the manufacturer, which entity shall be referred to as the alternative warranty service provider.

(b) In the event that an alternative warranty service provider is designated pursuant to paragraph (a) of this subsection (5), the consumer may only seek warranty service from such alternative warranty service provider.

(c) To the extent reasonable and possible, the manufacturer shall take into account the independent mobility resources of the consumer when determining the alternative warranty service provider pursuant to the provisions of this subsection (5).

Source: L. 97: Entire part added, p. 607, § 1, effective July 1.

6-1-404. Remedies. (1) If a new wheelchair does not conform to the applicable express warranty and the consumer reports the nonconformity to the manufacturer, the lessor, the selling dealer, or the alternative warranty service provider, and makes the wheelchair available for repair within the warranty period, the nonconformity shall be repaired at no charge to the consumer. Any repairs performed pursuant to the provisions of this section shall be warranted for a period not less than the original warranty period. When the wheelchair is not safely moveable and there is no reasonable way for the consumer to deliver the wheelchair to the manufacturer or dealer, the manufacturer or dealer shall be responsible for the return of the wheelchair, or the wheelchair may be repaired on site at the option of the dealer.

(2) If the manufacturer authorizes the dealer or lessor to make the repair, the dealer or lessor shall make the repair and then be reimbursed by the manufacturer for the dealer's or lessor's cost for parts, labor, and repair if the nonconformity is a manufacturer's defect. A manufacturer shall respond to the dealer's or lessor's request for authorization to make a repair by the end of the business day that immediately follows the day such a request is made.

(3) When a wheelchair covered by an express warranty is tendered by a consumer to the manufacturer, selling dealer, alternative warranty service provider, or lessor for the repair of a defect, malfunction, or nonconformity to which the warranty is applicable, the consumer shall receive a loaner if the out-of-service period exceeds one day and shall keep the loaner until the requirements of section 6-1-405 or 6-1-406 are fulfilled. (a) If the wheelchair was purchased, take the following action at the direction of the consumer:

(I) Accept a return of the wheelchair, provide a replacement wheelchair of equal or greater value, and refund any collateral costs to the consumer, a holder of a perfected security interest in the wheelchair, or a third-party purchaser; or

(II) Accept a return of the wheelchair and refund to the consumer, holder of a perfected security interest in the wheelchair, or third-party purchaser not more than the full purchase price plus any finance charge, sales tax, shipping costs, and collateral costs paid;

(b) If the wheelchair was leased, take all of the following actions at the direction of the consumer:

(I) Accept a return of the wheelchair;

(II) (A) Refund to the lessor and any holder of a perfected security interest in the wheelchair the current value of the written lease.

(B) For purposes of this subparagraph (II), "current value of the written lease" means the sum of the total amount for which the consumer is obligated during the term of the lease remaining after the early termination date, the dealer's early termination costs, and the value of the wheelchair on the lease expiration date, if the lease sets forth that value, less the lessor's early termination savings.

(III) Refund to the consumer or third-party purchaser the amount paid under the lease plus any collateral costs.

(5) (a) In the event that a dispute arises as to liability under this part 4 between or among a manufacturer, dealer, lessor, or consumer, and the consumer is covered by any third-party insurer, such third-party insurer shall not be relieved of any obligation to provide benefits covered under its plan or applicable law.

(b) In the event that a wheelchair is found to be defective, the third-party payor described in paragraph (a) of this subsection (5) shall have all rights of recovery, including the right to costs, that the consumer would have had under this part 4.

(b) A description of the applicable resale time share legally sufficient for recording or other legal transfer;

(c) A description of the method or documentation by which the transfer of the resale time share will be completed, including whether:

(g) The date by which all acts sufficient to transfer the resale time share in accordance with the time share resale transfer agreement are estimated to be completed. The time share resale entity shall use commercially reasonable good faith efforts to complete the transfer of the subject time share within the estimated period. (j) The following statement clearly and conspicuously and in substantially the following form:

We [name of time share resale entity] will use commercially reasonable good faith efforts to transfer ownership of your resale time share to another person within the period we estimate for completing the transfer. If a time share resale entity transfers or offers to transfer, or receives compensation in connection with the transfer of, a resale time share to a person who has a demonstrated pattern of nonpayment of assessments or taxes or the demonstrated inability to meet payment obligations, the actions of the time share resale entity are prima facie evidence of a violation of this subsection (3).

(4) A time share resale entity shall supervise, manage, and control all aspects of the time share resale transfer agreement and the offering of the resale time share by any affiliate, agent, contractor, or employee of that time share resale entity. A violation of this section is a violation by the time share resale entity and by the person actually committing the conduct that constitutes the violation.

(VIII) In the event that the health club elects to cancel, revoke, or terminate the bond, it posts a notice of such action, in twenty-four-point bold-faced type, to its customers, on the front door of such health club; or

(b) "Covered entity" means a person, as defined in section 6-1-102 (6), that maintains, owns, or licenses personal information in the course of the person's business, vocation, or occupation. "Covered entity" does not include a person acting as a third-party service provider as defined in subsection (1)(i) of this section.

(c) "Determination that a security breach occurred" means the point in time at which there is sufficient evidence to conclude that a security breach has taken place.

(d) "Encrypted" means rendered unusable, unreadable, or indecipherable to an unauthorized person through a security technology or methodology generally accepted in the field of information security.

(IV) Substitute notice, if the covered entity required to provide notice demonstrates that the cost of providing notice will exceed two hundred fifty thousand dollars, the affected class of persons to be notified exceeds two hundred fifty thousand Colorado residents, or the covered entity does not have sufficient contact information to provide notice. Substitute notice consists of all of the following:

(A) Email notice if the covered entity has email addresses for the members of the affected class of Colorado residents;

(B) Conspicuous posting of the notice on the website page of the covered entity if the covered entity maintains one; and

(C) Notification to major statewide media.

(g) (I) (A) "Personal information" means a Colorado resident's first name or first initial and last name in combination with any one or more of the following data elements that relate to

the resident, when the data elements are not encrypted, redacted, or secured by any other method rendering the name or the element unreadable or unusable: Social security number; student, military, or passport identification number; driver's license number or identification card number; medical information; health insurance identification number; or biometric data;

(B) A Colorado resident's username or email address, in combination with a password or security questions and answers, that would permit access to an online account; or

(C) A Colorado resident's account number or credit or debit card number in combination with any required security code, access code, or password that would permit access to that account.

(II) "Personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records or widely distributed media.

(h) "Security breach" means the unauthorized acquisition of unencrypted computerized data that compromises the security, confidentiality, or integrity of personal information maintained by a covered entity. Good faith acquisition of personal information by an employee or agent of a covered entity for the covered entity's business purposes is not a security breach if the personal information is not used for a purpose unrelated to the lawful operation of the business or is not subject to further unauthorized disclosure.

(i) "Third-party service provider" means an entity that has been contracted to maintain, store, or process personal information on behalf of a covered entity.

(2) **Disclosure of breach.** (a) A covered entity that maintains, owns, or licenses computerized data that includes personal information about a resident of Colorado shall, when it becomes aware that a security breach may have occurred, conduct in good faith a prompt investigation to determine the likelihood that personal information has been or will be misused. The covered entity shall give notice to the affected Colorado residents unless the investigation determines that the misuse of information about a Colorado resident has not occurred and is not reasonably likely to occur. Notice must be made in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, consistent with the legitimate needs of law enforcement and consistent with any measures necessary to determine the scope of the breach and to restore the reasonable integrity of the computerized data system.

(a.2) In the case of a breach of personal information, notice required by this subsection (2) to affected Colorado residents must include, but need not be limited to, the following information:

(I) The date, estimated date, or estimated date range of the security breach;

(II) A description of the personal information that was acquired or reasonably believed to have been acquired as part of the security breach;

(III) Information that the resident can use to contact the covered entity to inquire about the security breach;

(IV) The toll-free numbers, addresses, and websites for consumer reporting agencies;

(V) The toll-free number, address, and website for the federal trade commission; and

(VI) A statement that the resident can obtain information from the federal trade commission and the credit reporting agencies about fraud alerts and security freezes.

(a.3) If an investigation by the covered entity pursuant to subsection (2)(a) of this section determines that the type of personal information described in subsection (1)(g)(I)(B) of this

section has been misused or is reasonably likely to be misused, then the covered entity shall, in addition to the notice otherwise required by subsection (2)(a.2) of this section and in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, consistent with the legitimate needs of law enforcement and consistent with any measures necessary to determine the scope of the breach and to restore the reasonable integrity of the computerized data system:

(I) Direct the person whose personal information has been breached to promptly change his or her password and security question or answer, as applicable, or to take other steps appropriate to protect the online account with the covered entity and all other online accounts for which the person whose personal information has been breached uses the same username or email address and password or security question or answer.

(II) For log-in credentials of an email account furnished by the covered entity, the covered entity shall not comply with this section by providing the security breach notification to that email address, but may instead comply with this section by providing notice through other methods, as defined in subsection (1)(f) of this section, or by clear and conspicuous notice delivered to the resident online when the resident is connected to the online account from an internet protocol address or online location from which the covered entity knows the resident customarily accesses the account.

(a.4) The breach of encrypted or otherwise secured personal information must be disclosed in accordance with this section if the confidential process, encryption key, or other means to decipher the secured information was also acquired in the security breach or was reasonably believed to have been acquired.

(a.5) A covered entity that is required to provide notice to affected Colorado residents pursuant to this subsection (2) is prohibited from charging the cost of providing such notice to such residents.

(a.6) Nothing in this subsection (2) prohibits the notice described in this subsection (2) from containing additional information, including any information that may be required by state or federal law.

(b) If a covered entity uses a third-party service provider to maintain computerized data that includes personal information, then the third-party service provider shall give notice to and cooperate with the covered entity in the event of a security breach that compromises such computerized data, including notifying the covered entity of any security breach in the most expedient time possible, and without unreasonable delay following discovery of a security breach, if misuse of personal information about a Colorado resident occurred or is likely to occur. Cooperation includes sharing with the covered entity information relevant to the security breach; except that such cooperation does not require the disclosure of confidential business information or trade secrets.

(c) Notice required by this section may be delayed if a law enforcement agency determines that the notice will impede a criminal investigation and the law enforcement agency has notified the covered entity that conducts business in Colorado not to send notice required by this section. Notice required by this section must be made in good faith, in the most expedient time possible and without unreasonable delay, but not later than thirty days after the law enforcement agency determines that notification will no longer impede the investigation and has notified the covered entity that conducts business in Colorado that it is appropriate to send the notice required by this section.

(d) If a covered entity is required to notify more than one thousand Colorado residents of a security breach pursuant to this section, the covered entity shall also notify, in the most expedient time possible and without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681a (p), of the anticipated date of the notification to the residents and the approximate number of residents who are to be notified. Nothing in this subsection (2)(d) requires the covered entity to provide to the consumer reporting agency the names or other personal information of security breach notice recipients. This subsection (2)(d) does not apply to a covered entity who is subject to Title V of the federal "Gramm-Leach-Bliley Act", 15 U.S.C. sec. 6801 et seq.

(e) A waiver of these notification rights or responsibilities is void as against public policy.

(f) (I) The covered entity that must notify Colorado residents of a data breach pursuant to this section shall provide notice of any security breach to the Colorado attorney general in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, if the security breach is reasonably believed to have affected five hundred Colorado residents or more, unless the investigation determines that the misuse of information about a Colorado resident has not occurred and is not likely to occur.

(II) The Colorado attorney general shall designate a person or persons as a point of contact for functions set forth in this subsection (2)(f) and shall make the contact information for that person or those persons public on the attorney general's website and by any other appropriate means.

(g) The breach of encrypted or otherwise secured personal information must be disclosed in accordance with this section if the confidential process, encryption key, or other means to decipher the secured information was also acquired or was reasonably believed to have been acquired in the security breach.

(3) **Procedures deemed in compliance with notice requirements.** (a) Pursuant to this section, a covered entity that maintains its own notification procedures as part of an information security policy for the treatment of personal information and whose procedures are otherwise consistent with the timing requirements of this section is in compliance with the notice requirements of this section if the covered entity notifies affected Colorado residents in accordance with its policies in the event of a security breach; except that notice to the attorney general is still required pursuant to subsection (2)(f) of this section.

(b) A covered entity that is regulated by state or federal law and that maintains procedures for a security breach pursuant to the laws, rules, regulations, guidances, or guidelines established by its state or federal regulator is in compliance with this section; except that notice to the attorney general is still required pursuant to subsection (2)(f) of this section. In the case of a conflict between the time period for notice to individuals that is required pursuant to this subsection (3) and the applicable state or federal law or regulation, the law or regulation with the shortest time frame for notice to the individual controls.

(4) **Violations.** The attorney general may bring an action in law or equity to address violations of this section, section 6-1-713, or section 6-1-713.5, and for other relief that may be appropriate to ensure compliance with this section or to recover direct economic damages resulting from a violation, or both. The provisions of this section are not exclusive and do not

relieve a covered entity subject to this section from compliance with all other applicable provisions of law.

(5) **Attorney general criminal authority.** Upon receipt of notice pursuant to subsection (2) of this section, and with either a request from the governor to prosecute a particular case or with the approval of the district attorney with jurisdiction to prosecute cases in the judicial district where a case could be brought, the attorney general has the authority to prosecute any criminal violations of section 18-5.5-102.

(f) "Section 1031 exchange" means an exchange conducted pursuant to 26 U.S.C. sec. 1031 that allows investors to defer the tax on capital gains.

(g) "Taxpayer exchange funds" or "exchange funds" means money a taxpayer entrusts to an exchange facilitator.

(3) **Deceptive trade practices.** A person engages in a deceptive trade practice when a person acts as an exchange facilitator and:

(a) (I) Except as specified in subparagraph (III) of this paragraph (a), fails to notify all current clients of any change in control of the exchange facilitator within two business days after the effective date of the change by:

(A) Facsimile, email transmission, or first-class mail; and

(B) Posting such notice on the exchange facilitator's website for a period ending not sooner than ninety days after the change in control.

(II) The notice required in subparagraph (I) of this paragraph (a) shall specify the name, address, and other contact information of the transferees.

(III) If the exchange facilitator is a publicly traded company and remains a publicly traded company after a change in control, the exchange facilitator need not notify its client of the change in control.

(IV) For purposes of this paragraph (a), "change in control" means any transfer within twelve months of more than fifty percent of the assets or ownership interests, directly or indirectly, of the exchange facilitator.

(b) (I) Fails to maintain adequate financial assurance and errors and omissions insurance or deposits. An exchange facilitator may maintain bonds, insurance policies, deposits, or irrevocable letters of credit in excess of the amounts required by this subparagraph (I). An exchange facilitator shall at all times:

(A) Maintain a fidelity bond or bonds executed by an insurer authorized to do business in this state in the amount of at least one million dollars and maintain a policy of errors and omissions insurance, in an amount of at least two hundred fifty thousand dollars, executed by an insurer authorized to do business in this state;

(B) Deposit an amount of cash or irrevocable letters of credit in an amount of at least the sum of the amounts specified in sub-subparagraph (A) of this subparagraph (I) in an interest-bearing deposit account or in a money market account with a financial institution of the

(C) Deposit all exchange funds in a qualified escrow or qualified trust as those terms are defined under 26 CFR 1.1031(k)-1 (g)(3) with a financial institution and provide that any withdrawals from such qualified escrow or qualified trust require the taxpayer's and the exchange facilitator's written authorization.

(II) A person claiming to have sustained damage by reason of the failure of an exchange facilitator to comply with this section may file a claim to recover damages from the bond or deposit described in this paragraph (b).

(c) Fails to act as a custodian for all exchange funds, including money, Colorado property, other consideration, or instruments received by the exchange facilitator from or on behalf of the taxpayer, except funds received as the exchange facilitator's compensation. As used in this paragraph (c), "custodian" means a person who has the same responsibilities as a fiduciary under Colorado law to protect and preserve assets and shall not mean a person who has the same responsibilities as a fiduciary under Colorado law to increase assets or to accomplish other fiduciary duties. Exchange funds are not subject to execution or attachment on any claim against an exchange facilitator. An exchange facilitator shall not knowingly keep or cause to be kept any money in a financial institution under any name designating the money as belonging to a taxpayer unless the money equitably belongs to the taxpayer and was actually entrusted to the exchange facilitator by the taxpayer. Taxpayer exchange funds in excess of two hundred fifty thousand dollars shall be invested or deposited in such manner as to require both the taxpayer's and the exchange facilitator's commercially reasonable means of authorization for withdrawal, including: The taxpayer's delivery to the exchange facilitator of the taxpayer's authorization to disburse exchange funds, and the exchange facilitator's delivery to the depository of the exchange facilitator's authorization to disburse exchange funds; or delivery to the depository of both the taxpayer's and the exchange facilitator's authorizations to disburse exchange funds. An exchange facilitator shall provide the taxpayer with written notification of the manner in which the exchange funds will be invested or deposited, shall invest or deposit exchange funds for the benefit of the taxpayer in investments that meet a standard of care that an ordinarily prudent investor would use when dealing with the property of another, and shall satisfy investment goals of liquidity and preservation of principal. For purposes of this paragraph (c), a prudent investor standard of care shall be deemed to have been violated if:

(I) A taxpayer's exchange funds are commingled by the exchange facilitator with the operating accounts of the exchange facilitator or with the exchange funds of another taxpayer; except that an exchange facilitator may aggregate exchange funds. For purposes of this subparagraph (I):

(A) "Aggregate" means to combine exchange funds of multiple taxpayers for investment purposes to achieve common investment goals and efficiencies. Exchange funds that have been aggregated into common investments shall be readily identifiable by the financial institution or other regulated investment custodian holding the funds as to each taxpayer for whom they are held through an accounting or subaccounting system.

(B) "Commingle" means to mix together exchange funds of taxpayers with other funds belonging to or under the control of the exchange facilitator in such a manner that a taxpayer's exchange funds cannot be distinguished from other funds belonging to or under the control of the exchange facilitator.

(II) Exchange funds are loaned or otherwise transferred to any person or entity affiliated with the exchange facilitator; except that this subparagraph (II) shall not apply to a transfer or loan made to a financial institution that is the parent of or affiliated with the exchange facilitator or from an exchange facilitator to an exchange accommodation titleholder, as defined in federal internal revenue service revenue procedure 2000-37, as required under the section 1031 exchange contract; or

(III) Exchange funds are invested in a manner that does not provide sufficient liquidity to meet the exchange facilitator's contractual obligations to the taxpayer and does not preserve the principal of the exchange funds. The deposit of funds in a financial institution exempted from this section pursuant to sub-subparagraph (B) of subparagraph (II) of paragraph (c) of subsection (2) of this section shall be deemed to be sufficiently liquid to meet the requirements of this subparagraph (III).

(VI) Wilfully fails to fulfill an exchange facilitator's contractual duties to the taxpayer to deliver property or funds to the taxpayer unless such failure is due to circumstances beyond the control of the exchange facilitator;

(VII) Materially violates this section or aids, abets, or knowingly permits any person to violate this section;

(VIII) Commits an act that does not meet generally accepted standards of practice for ordinarily prudent investors or fails to perform an act necessary to meet generally accepted standards of practice for ordinarily prudent investors;

(IX) Fails to keep appropriate business and transaction records, falsifies such records, or knowingly and wilfully makes incorrect entries of an essential nature on such records; except that an exchange facilitator may dispose of records after a reasonable time pursuant to the exchange facilitator's document retention and document destruction policy;

(XI) Is convicted of or pleads guilty or nolo contendere to a felony or any crime defined in title 18, C.R.S., that relates to the person's employment as an exchange facilitator. A certified

copy of the judgment of a court of competent jurisdiction of the conviction or plea shall be prima facie evidence of the conviction or plea.

6-1-724. Unlicensed alternative health-care practitioners - deceptive trade practices - short title - legislative declaration - definitions. (1) This section shall be known and may be cited as the "Colorado Natural Health Consumer Protection Act".

(2) The general assembly hereby finds and declares that:

(a) According to a July 2009 report from the national institute of health's national center for complementary and alternative medicine, which was based on 2007 survey data:

(I) Thirty-eight percent of Americans use complementary and alternative medicine; and

(II) Americans spent nearly thirty-four billion dollars in out-of-pocket costs in a twelve-month period for complementary and alternative medicine;

(b) It is estimated that more than one million five hundred thousand Coloradans currently receive a substantial volume of health-care services from complementary and alternative health-care practitioners;

(c) Those studies further indicate that individuals who use complementary and alternative health-care services represent a wide variety of age, ethnic, socioeconomic, and other demographic categories;

(d) Although complementary and alternative health-care practitioners are not regulated by the state and are not required to obtain a state-issued license, certification, or registration, the provision of alternative health-care services in some circumstances may be interpreted as the provision of a health-care service that only a professional who is licensed or otherwise regulated by the state may perform, thereby subjecting complementary and alternative health-care practitioners to potential fines, penalties, and restrictions of their practices even though their practices do not pose an imminent and discernable risk of significant harm to public health and safety;

(e) Because the state recognizes and values the freedom of consumers to choose their health-care providers, including the ability to choose a person who is not regulated by the state, the intent of this section is to protect consumer choice and, in consideration of the public's health and safety, to remove technical barriers to access to unregulated health-care practitioners and include appropriate consumer protections and disclosures as required in this section; and

(f) Nothing in this section:

(I) Requires a person engaged in complementary and alternative health care to obtain a license, certification, or registration from the state as long as the person practices within the parameters of this section;

(II) Limits the public's right to access complementary and alternative health-care practitioners or the right of an unregulated complementary and alternative health-care practitioner to practice.

(3) As used in this section, unless the context otherwise requires:

(a) "Complementary and alternative health-care practitioner" means a person who provides complementary and alternative health-care services in accordance with this section and who is not licensed, certified, or registered by the state as a health-care professional.

(b) (I) "Complementary and alternative health-care services" means advice and services:

(B) That are not prohibited by subsection (6) of this section.

(II) "Complementary and alternative health-care services" include:

(A) Healing practices using food; food extracts; dietary supplements, as defined in the federal "Dietary Supplement Health and Education Act of 1994", Pub.L. 103-417; nutrients; homeopathic remedies and preparations; and the physical forces of heat, cold, water, touch, sound, and light;

(B) Stress reduction healing practices; and

(C) Mind-body and energetic healing practices.

(c) A person who fails to comply with subsection (7) of this section is subject to the enforcement provisions, civil penalties, and damages specified in part 1 of this article.

(6) A complementary and alternative health-care practitioner providing complementary and alternative health-care services under this section who is not licensed, certified, or registered by the state shall not:

(d) Use general or spinal anesthetics, other than topical anesthetics;

(e) Administer ionizing radioactive substances for therapeutic purposes;

(4) A person consulting, advising, or assisting on a veterans' benefits matter shall not guarantee, either directly or by implication, a successful or specific outcome in a veterans' benefits matter, including that a veteran is certain to receive specific veterans' benefits or that a veteran is certain to receive a specific level, percentage, or amount of veterans' benefits.

(5) A person seeking compensation for consulting, advising, or assisting on a veterans' benefits matter shall, before rendering any services, memorialize in readable, clear, and unambiguous language in a written contract signed by both parties the terms and conditions of the agreement for services, including a description of the services; the disclosures required pursuant to subsection (6)(a) of this section; and how the amount of compensation is determined and paid.

PART 8

SWEEPSTAKES AND CONTESTS

6-1-801. Legislative finding, declaration, and intent. (1) The general assembly hereby finds, determines, and declares that a vast number of sweepstakes and contests have been and are being directed to Colorado consumers; that Colorado consumers may have paid millions of dollars to purchase goods or services to enter sweepstakes and contests based on representations created by the sponsors of those sweepstakes and contests; that these sweepstakes and contests may be targeted to certain vulnerable Colorado consumers; that there is a compelling need to curtail and prevent the most deceptive practices in connection with the promotion of sweepstakes and contests; that there is a compelling need for more complete disclosure of rules and operation of sweepstakes and contests in which money or other valuable consideration may be solicited; that preventing the deceptive promotions of sweepstakes and contests is a matter vitally affecting the public interest; and, therefore, that statutory regulation of sweepstakes and contests is necessary to the general welfare of the public.

(2) It is the intent of the general assembly to require that Colorado consumers be provided with all relevant information necessary to make an informed decision concerning sweepstakes and contests. It is also the intent of the general assembly to prohibit misleading and deceptive prize promotions. The terms of this part 8 shall be construed liberally in order to achieve this purpose.

(2) Not later than January 1, 2002, the public utilities commission shall contract with a designated agent, which shall maintain the website and database containing the Colorado no-call list. If no more than one entity bids on the contract, the public utilities commission may award, at its discretion, such contract.

(3) (a) Not later than July 1, 2002, the designated agent, using the designated state internet website, shall develop and maintain the Colorado no-call list database with information provided by residential subscribers and, as soon as practicable after March 25, 2003, shall include information provided by wireless telephone service subscribers.

(b) The public utilities commission shall establish, by rule, guidelines for the designated agent for the development and maintenance of the Colorado no-call list so that the no-call list can easily be accessed by persons or entities desiring to make telephone solicitations, and by state and local law enforcement agencies. As soon as practicable after March 25, 2003, the public utilities commission shall promulgate rules that:

(I) Specify that there shall be no cost for a residential subscriber or wireless telephone service subscriber to provide notification to the designated agent that such subscriber objects to receiving telephone solicitations;

(II) Specify that there shall be an annual registration fee of not more than five hundred dollars for persons or entities that wish to make telephone solicitations or otherwise access the database of telephone numbers and zip codes contained in the Colorado no-call list database. The public utilities commission shall determine such fee on a sliding scale so that persons or entities with fewer than five employees shall pay no fee. In addition, there shall be no fee charged to conforming list brokers or nonprofit corporations, as defined in section 7-121-401 (26), C.R.S. The maximum fee shall be charged only to persons or entities with more than one thousand employees. Moneys collected from such fees shall cover the direct and indirect costs related to the creation and operation of the Colorado no-call list. Moneys from such fees shall be collected by and paid directly to the designated agent. The public utilities commission shall have the authority to annually adjust the fees below the stated maximum based on revenue history of the fees received by the designated agent. The designated agent shall provide means for online registration and credit card payment of fees charged pursuant to this subparagraph (II). Each such person or entity shall provide a current business name, business address, email address if available, and telephone number when initially registering for the no-call list. This information shall be updated when changes occur.

(III) Specify that the method by which each residential subscriber and wireless telephone service subscriber may give notice to the designated agent of his or her objection to receiving such solicitations, or may revoke such notice, shall be exclusively by entering the area code, phone number, and zip code of the subscriber directly into the database via the designated state internet website or by using a touch-tone phone to enter the area code, phone number, and zip code of the subscriber via a designated statewide, toll-free telephone number maintained by the designated agent as a part of the Colorado no-call list;

(IV) Specify that the date of every notice received in accordance with subparagraph (III) of this paragraph (b) be recorded and included as part of the information in the no-call list;

(V) Require the designated agent to provide updated information about the Colorado no-call list program on the designated state website, subject to supervision by the public utilities commission;

(VI) Prohibit the designated agent or any person or entity collecting information to be transmitted to the designated agent from making any use or distribution of subscriber information contained in the no-call list except as expressly authorized under this part 9;

(VII) Specify the methods by which additions, deletions, changes, and modifications shall be made to the Colorado no-call list database and how updates of the database shall be made available to persons or entities desiring such updates. Such methods shall include provisions to remove from the Colorado no-call list, on at least an annual basis, any telephone number that has been disconnected or reassigned.

(VIII) Require the designated agent to maintain an automated, online complaint system for residential subscribers and wireless telephone service subscribers to report suspected violations over the internet website. The automated, online complaint system shall have the capability to collect, sort, and report suspected violations to the appropriate state enforcement agency electronically for enforcement purposes.

(IX) Specify that the no-call list shall be available on line at the Colorado no-call list website to a person or entity desiring to make telephone solicitations if the person or entity has registered in accordance with the provisions of subparagraph (II) of this paragraph (b). The list shall be available in a text or other compatible format, at the discretion of the public utilities commission, but shall allow telephone solicitors to select and sort by specific zip codes and telephone area codes. Telephone solicitors and conforming list brokers shall not receive additional compensation for distributing the Colorado no-call list, but are encouraged to freely distribute the Colorado no-call list at no cost.

(X) Specify such other matters relating to the database as the public utilities commission deems necessary or desirable.

(c) If the federal government establishes one or more official databases of residential or wireless telephone service subscribers who object to receiving telephone solicitations, the designated agent is authorized to provide appropriate data from the official Colorado no-call list exclusively for inclusion in an official, national do-not-call database. To the extent allowed by federal law, the designated agent shall ensure that the Colorado no-call list includes that portion of an official national do-not-call database that relates to Colorado.

(4) The state shall not be liable to any person for gathering, managing, or using information in the Colorado no-call list database pursuant to this part 9 and for enforcing the provisions of this part 9.

(5) The designated agent shall not be liable to any person for performing its duties under this part 9 unless, and only to the extent that, the designated agent commits a willful and wanton act or omission.

(6) As soon as practicable after March 25, 2003, the designated agent shall update the database, on an ongoing basis, with information provided by residential subscribers, wireless telephone service subscribers, and local exchange providers.

(7) No person shall place the telephone number of another person on the Colorado no-call list without the authorization of the person to whom the number is assigned.

(8) Repealed.

(3) The remedies, duties, prohibitions, and penalties of this section are not exclusive and are in addition to all other causes of action, remedies, and penalties provided by law.

PART 11

COLORADO FORECLOSURE PROTECTION ACT

SUBPART 1

GENERAL PROVISIONS

6-1-1101. Short title. This part 11 shall be known and may be cited as the "Colorado Foreclosure Protection Act".

Source: L. 2006: Entire part added, p. 1330, § 1, effective May 30.

6-1-1102. Legislative declaration. The general assembly hereby finds, determines, and declares that home ownership and the accumulation of equity in one's home provide significant social and economic benefits to the state and its citizens. Unfortunately, too many home owners in financial distress, especially the poor, elderly, and financially unsophisticated, are vulnerable to a variety of deceptive or unconscionable business practices designed to dispossess them or otherwise strip the equity from their homes. There is a compelling need to curtail and to prevent the most deceptive and unconscionable of these business practices, to provide each home owner with information necessary to make an informed and intelligent decision regarding transactions with certain foreclosure consultants and equity purchasers, to provide certain minimum requirements for contracts between such parties, including statutory rights to cancel such contracts, and to ensure and foster fair dealing in the sale and purchase of homes in foreclosure. Therefore, it is the intent of the general assembly that all violations of this part 11 have a significant public impact and that the terms of this part 11 be liberally construed to achieve these purposes.

(b) When it is claimed or appears to the court that a foreclosure consultant contract or any clause of such contract may be unconscionable, the parties shall be afforded a reasonable opportunity to present evidence as to its commercial setting, purpose, and effect, to aid the court in making the determination.

(c) In order to support a finding of unconscionability, there must be evidence of some bad faith overreaching on the part of the foreclosure consultant or associate such as that which results from an unreasonable inequality of bargaining power or other circumstances in which there is an absence of meaningful choice for one of the parties, together with contract terms that are, under standard industry practices, unreasonably favorable to the foreclosure consultant or associate.

Source: L. 2006: Entire part added, p. 1338, § 1, effective May 30. **L. 2010:** Entire section amended, (HB 10-1133), ch. 350, p. 1616, § 4, effective January 1, 2011.

(a) The name, business address, and telephone number of the equity purchaser;

(b) The street address and full legal description of the residence in foreclosure;

(c) Clear and conspicuous disclosure of any financial or legal obligations of the home owner that will be assumed by the equity purchaser. If the equity purchaser will not be assuming any financial or legal obligations of the home owner, the equity purchaser shall provide to the

(d) The total consideration to be paid by the equity purchaser in connection with or incident to the acquisition by the equity purchaser of the residence in foreclosure;

(e) The terms of payment or other consideration, including, but not limited to, any services of any nature that the equity purchaser represents will be performed for the home owner before or after the sale;

NOTICE REQUIRED BY COLORADO LAW

Until your right to cancel this contract has ended, (Name) or anyone working for _____ (Name) CANNOT ask you to sign or have you sign any deed or any other document.

(2) The contract required by this section survives delivery of any instrument of conveyance of the residence in foreclosure, but does not have any effect on persons other than the parties to the contract or affect title to the residence in foreclosure.

Source: L. 2006: Entire part added, p. 1339, § 1, effective May 30. **L. 2010:** IP(1)(j) amended, (HB 10-1133), ch. 350, p. 1617, § 5, effective January 1, 2011.

6-1-1113. Cancellation. (1) In addition to any right of rescission available under state or federal law, the home owner has the right to cancel a contract with an equity purchaser until 12 midnight of the third business day following the day on which the home owner signs a contract that complies with this part 11 or until 12 noon on the day before the foreclosure sale of the residence in foreclosure, whichever occurs first.

(2) Cancellation occurs when the home owner personally delivers written notice of cancellation to the address specified in the contract or upon deposit of such notice in the United States mail, properly addressed, with postage prepaid.

(3) A notice of cancellation given by the home owner need not take the particular form as provided with the contract and, however expressed, is effective if it indicates the intention of the home owner not to be bound by the contract.

(4) In the absence of any written notice of cancellation from the home owner, the execution by the home owner of a deed or other instrument of conveyance of an interest in the residence in foreclosure to the equity purchaser after the expiration of the rescission period creates a rebuttable presumption that the home owner did not cancel the contract with the equity purchaser.

Source: L. 2006: Entire part added, p. 1340, § 1, effective May 30.

6-1-1114. Notice of cancellation. (1) (a) The contract shall contain, as the last provision before the space reserved for the home owner's signature, a conspicuous statement in at least twelve-point bold-faced type, as follows:

You may cancel this contract for the sale of your house without any penalty or obligation at any time before _____ (Date and time of day). See the attached notice of cancellation form for an explanation of this right.

(b) The equity purchaser shall accurately specify the date and time of day on which the cancellation right ends.

(2) The contract shall be accompanied by duplicate completed forms, captioned "notice of cancellation" in at least nine-point bold-faced type if the contract is printed or in capital letters if the contract is typed, followed by a space in which the equity purchaser shall enter the date on which the home owner executed the contract. Such form shall:

(a) Be attached to the contract;

(b) Be easily detachable; and

(c) Contain the following statement, in at least nine-point type if the contract is printed or in capital letters if the contract is typed:

NOTICE OF CANCELLATION

_____ (Enter date contract signed). You may cancel this contract for the sale of your house, without any penalty or obligation, at any time before _____ (Enter date and time of day). To cancel this transaction, personally deliver a signed and dated copy of this Notice of Cancellation in the United States mail, postage prepaid, to _____, (Name of purchaser) at _____ _____ (Street address of purchaser's place of business) NOT LATER THAN _____ (Enter date and time of day). I hereby cancel this transaction _____ (Date) _____ (Seller's signature)

(3) The equity purchaser shall provide the home owner with a copy of the contract and the attached notice of cancellation.

(4) Until the equity purchaser has complied with this section, the home owner may cancel the contract.

6-1-1115. Options through reconveyances. (1) A transaction in which a home owner purports to grant a residence in foreclosure to an equity purchaser by an instrument that appears to be an absolute conveyance and reserves to the home owner or is given by the equity purchaser an option to repurchase shall be permitted only where all of the following conditions have been met:

(a) The reconveyance contract complies in all respects with section 6-1-1112;

(b) The reconveyance contract provides the home owner with a nonwaivable thirty-day right to cure any default of said reconveyance contract and specifies that the home owner may exercise this right to cure on at least three separate occasions during such reconveyance contract;

(c) The equity purchaser fully assumes or discharges the lien in foreclosure as well as any prior liens that will not be extinguished by such foreclosure, which assumption or discharge

shall be accomplished without violation of the terms and conditions of the liens being assumed or discharged;

(d) The equity purchaser verifies and can demonstrate that the home owner has or will have a reasonable ability to make the lease payments and to repurchase the residence in foreclosure within the term of the option to repurchase under the reconveyance contract. For purposes of this section, there is a rebuttable presumption that the home owner has a reasonable ability to make lease payments and to repurchase the residence in foreclosure if the home owner's payments for primary housing expenses and regular principal and interest payments on other personal debt do not exceed sixty percent of the home owner's monthly gross income; and

(e) The price the home owner must pay to exercise the option to repurchase the residence in foreclosure is not unconscionable. Without limitation on available claims under section 6-1-1119, a repurchase price exceeding twenty-five percent of the price at which the equity purchaser acquired the residence in foreclosure creates a rebuttable presumption that the reconveyance contract is unconscionable. The acquisition price paid by the equity purchaser may include any actual costs incurred by the equity purchaser in acquiring the residence in foreclosure.

(c) Consent to venue in a county other than the county in which the property is located; or

6-1-1117. Prohibited conduct. (1) The contract provisions required by sections 6-1-1111 to 6-1-1114 shall be provided and completed in conformity with such sections by the equity purchaser.

(2) Until the time within which the home owner may cancel the transaction has fully elapsed, the equity purchaser shall not do any of the following:

(a) Accept from a home owner an execution of, or induce a home owner to execute, an instrument of conveyance of any interest in the residence in foreclosure;

(b) Record with the county recorder any document, including, but not limited to, the contract or any lease, lien, or instrument of conveyance, that has been signed by the home owner;

(c) Transfer or encumber or purport to transfer or encumber an interest in the residence in foreclosure to a third party; or

(d) Pay the home owner any consideration.

(3) Within ten days following receipt of a notice of cancellation given in accordance with sections 6-1-1113 and 6-1-1114, the equity purchaser shall return without condition the original contract and any other documents signed by the home owner.

(4) An equity purchaser shall make no untrue or misleading statements of material fact regarding the value of the residence in foreclosure, the amount of proceeds the home owner will receive after a foreclosure sale, any contract term, the home owner's rights or obligations incident to or arising out of the sale transaction, the nature of any document that the equity purchaser induces the home owner to sign, or any other untrue or misleading statement concerning the sale of the residence in foreclosure to the equity purchaser.

6-1-1119. Unconscionability. (1) An equity purchaser or associate may not facilitate or engage in any transaction that is unconscionable given the terms and circumstances of the transaction.

(2) (a) If a court, as a matter of law, finds an equity purchaser contract or any clause of such contract to have been unconscionable at the time it was made, the court may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or so limit the application of any unconscionable clause as to avoid an unconscionable result.

(b) When it is claimed or appears to the court that the contract or any clause thereof may be unconscionable, the parties shall be afforded a reasonable opportunity to present evidence as to its commercial setting, purpose, and effect, to aid the court in making the determination.

(c) In order to support a finding of unconscionability, there must be evidence of some bad faith overreaching on the part of the equity purchaser or associate such as that which results from an unreasonable inequality of bargaining power or under other circumstances in which there is an absence of meaningful choice for one of the parties, together with contract terms that are, under standard industry practices, unreasonably favorable to the equity purchaser or associate.

(1) (a) Except as provided in subsection (1)(b) of this section, a car sharing program shall assume the liability of a shared car owner for any bodily injury or property damage to third parties, or uninsured and underinsured motorist or personal injury protection losses, during the sharing period up to an

Source: L. 2021: Entire part added, (SB 21-190), ch. 483, p. 3445, § 1, effective July 1, 2023.

6-1-1302. Legislative declaration. (1) The general assembly hereby:

(a) Finds that:

(I) The people of Colorado regard their privacy as a fundamental right and an essential element of their individual freedom;

(II) Colorado's constitution explicitly provides the right to privacy under section 7 of article II, and fundamental privacy rights have long been, and continue to be, integral to protecting Coloradans and to safeguarding our democratic republic;

(III) Ongoing advances in technology have produced exponential growth in the volume and variety of personal data from individuals, including minors, being generated, collected, stored, and analyzed, and these advances present both promise and potential peril;

(IV) The ability to harness and use data in positive ways is driving innovation and brings beneficial technologies to society, but it has also created risks to privacy and freedom; and

(V) The unauthorized disclosure of personal information, including a minor's personal information, and loss of privacy can have devastating impacts ranging from financial fraud,

identity theft, and unnecessary costs in personal time and finances to destruction of property, harassment, reputational damage, emotional distress, and physical harm;

(b) Determines that:

(I) Technological innovation and new uses of data can help solve societal problems and improve lives, and it is possible to build a world where technological innovation and privacy can coexist; and

(II) States across the United States are looking to this part 13 and similar models to enact state-based data privacy requirements, including data privacy requirements specifically targeted at minors' data, and to exercise the leadership that is lacking at the national level; and

(c) Declares that:

(I) By enacting this part 13, Colorado will be among the states that empower consumers, including minors, to protect their privacy and require companies to be responsible custodians of data as they continue to innovate;

(II) This part 13 addresses issues of statewide concern and:

(A) Provides consumers the right to access, correct, and delete personal data and the right to opt out not only of the sale of personal data but also of the collection and use of personal data;

(A.5) Provides minors the right to control their personal data;

(B) Imposes an affirmative obligation upon companies to safeguard personal data; to provide clear, understandable, and transparent information to consumers about how their personal data are used; and to strengthen compliance and accountability by requiring data protection assessments in the collection and use of personal data; and

(C) Empowers the attorney general and district attorneys to access and evaluate a company's data protection assessments, to impose penalties where violations occur, and to prevent future violations.

(b) Shall be processed solely to the extent that the processing is necessary, reasonable, and proportionate to the specific purpose or purposes listed in this section or as otherwise authorized by this part 13.

(5) If a controller processes personal data pursuant to an exemption in this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (4) of this section.

6-1-1305. Responsibility according to role. (1) Controllers and processors shall meet their respective obligations established under this part 13.

(2) Processors shall adhere to the instructions of the controller and assist the controller to meet its obligations under this part 13. Taking into account the nature of processing and the information available to the processor, the processor shall assist the controller by:

(a) Taking appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligation to respond to consumer requests to exercise their rights pursuant to section 6-1-1306;

(b) Helping to meet the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to section 6-1-716; and

(c) Providing information to the controller necessary to enable the controller to conduct and document any data protection assessments required by section 6-1-1309. The controller and processor are each responsible for only the measures allocated to them.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement the measures.

(5) Processing by a processor must be governed by a contract between the controller and the processor that is binding on both parties and that sets out:

(a) The processing instructions to which the processor is bound, including the nature and purpose of the processing;

(b) The type of personal data subject to the processing, and the duration of the processing;

(c) The requirements imposed by this subsection (5) and subsections (3) and (4) of this section; and

(d) The following requirements:

(I) At the choice of the controller, the processor shall delete or return all personal data to the controller as requested at the end of the provision of services, unless retention of the personal data is required by law;

(II) (A) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this part 13; and

(B) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this part 13 using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable. The processor shall provide a report of the audit to the controller upon request.

(6) In no event may a contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this part 13.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data are to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to the instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, it is a controller with respect to the processing.

(8) (a) A controller or processor that discloses personal data to another controller or processor in compliance with this part 13 does not violate this part 13 if the recipient processes the personal data in violation of this part 13, and, at the time of disclosing the personal data, the disclosing controller or processor did not have actual knowledge that the recipient intended to commit a violation.

(b) A controller or processor receiving personal data from a controller or processor in compliance with this part 13 as specified in subsection (8)(a) of this section does not violate this part 13 if the controller or processor from which it receives the personal data fails to comply with applicable obligations under this part 13.

6-1-1305.5. Responsibility according to role - processing data of minors. (1) A processor shall adhere to the instructions of a controller and shall assist the controller to meet the controller's obligations under sections 6-1-1308.5 and 6-1-1309.5, taking into account the nature of the processing and the information available to the processor. The processor shall assist the controller by:

(a) Taking appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligations under section 6-1-1308.5; and

(b) Providing information to enable the controller to conduct and document data protection assessments pursuant to section 6-1-1309.5.

(2) A contract between a controller and a processor must satisfy the requirements in section 6-1-1305 (5).

(3) Nothing in this section shall be construed to relieve a controller or processor from the liabilities imposed on the controller or processor by virtue of the controller's or processor's role in the processing relationship as described in sections 6-1-1308.5 and 6-1-1309.5.

(4) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data is to be processed. A person that is not limited in the person's processing of personal data pursuant to a controller's instructions, or that fails to adhere to the instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, the processor is a controller with respect to the processing and may be subject to an enforcement action under section 6-1-1311.

6-1-1306. Consumer personal data rights. (1) Consumers may exercise the following rights by submitting a request using the methods specified by the controller in the privacy notice required under section 6-1-1308 (1)(a). The method must take into account the ways in which consumers normally interact with the controller, the need for secure and reliable communication relating to the request, and the ability of the controller to authenticate the identity of the consumer making the request. Controllers shall not require a consumer to create a new account in order to exercise consumer rights pursuant to this section but may require a consumer to use an existing account. A consumer may submit a request at any time to a controller specifying which of the following rights the consumer wishes to exercise:

(a) **Right to opt out.** (I) A consumer has the right to opt out of the processing of personal data concerning the consumer for purposes of:

(A) Targeted advertising;

(B) The sale of personal data; or

(C) Profiling in furtherance of decisions that produce legal or similarly significant effects concerning a consumer.

(II) A consumer may authorize another person, acting on the consumer's behalf, to opt out of the processing of the consumer's personal data for one or more of the purposes specified in subsection (1)(a)(I) of this section, including through a technology indicating the consumer's intent to opt out such as a web link indicating a preference or browser setting, browser extension, or global device setting. A controller shall comply with an opt-out request received from a person authorized by the consumer to act on the consumer's behalf if the controller is able to authenticate, with commercially reasonable effort, the identity of the consumer and the authorized agent's authority to act on the consumer's behalf.

(III) A controller that processes personal data for purposes of targeted advertising or the sale of personal data shall provide a clear and conspicuous method to exercise the right to opt out of the processing of personal data concerning the consumer pursuant to subsection (1)(a)(I) of this section. The controller shall provide the opt-out method clearly and conspicuously in any privacy notice required to be provided to consumers under this part 13, and in a clear, conspicuous, and readily accessible location outside the privacy notice.

(IV) (A) Repealed.

(B) Effective July 1, 2024, a controller that processes personal data for purposes of targeted advertising or the sale of personal data shall allow consumers to exercise the right to opt out of the processing of personal data concerning the consumer for purposes of targeted advertising or the sale of personal data pursuant to subsections (1)(a)(I)(A) and (1)(a)(I)(B) of this section by controllers through a user-selected universal opt-out mechanism that meets the technical specifications established by the attorney general pursuant to section 6-1-1313.

(C) Notwithstanding a consumer's decision to exercise the right to opt out of the processing of personal data through a universal opt-out mechanism pursuant to subsection (1)(a)(IV)(B) of this section, a controller may enable the consumer to consent, through a web page, application, or a similar method, to the processing of the consumer's personal data for purposes of targeted advertising or the sale of personal data, and the consent takes precedence over any choice reflected through the universal opt-out mechanism. Before obtaining a consumer's consent to process personal data for purposes of targeted advertising or the sale of personal data pursuant to this subsection (1)(a)(IV)(C), a controller shall provide the consumer with a clear and conspicuous notice informing the consumer about the choices available under this section, describing the categories of personal data to be processed and the purposes for which they will be processed, and explaining how and where the consumer may withdraw consent. The web page, application, or other means by which a controller obtains a consumer's consent to process personal data for purposes of targeted advertising or the sale of personal data must also allow the consumer to revoke the consent as easily as it is affirmatively provided.

(b) **Right of access.** A consumer has the right to confirm whether a controller is processing personal data concerning the consumer and to access the consumer's personal data.

(c) **Right to correction.** A consumer has the right to correct inaccuracies in the consumer's personal data, taking into account the nature of the personal data and the purposes of the processing of the consumer's personal data.

(d) **Right to deletion.** A consumer has the right to delete personal data concerning the consumer.

(e) **Right to data portability.** When exercising the right to access personal data pursuant to subsection (1)(b) of this section, a consumer has the right to obtain the personal data in a portable and, to the extent technically feasible, readily usable format that allows the consumer to transmit the data to another entity without hindrance. A consumer may exercise this right no more than two times per calendar year. Nothing in this subsection (1)(e) requires a controller to provide the data to the consumer in a manner that would disclose the controller's trade secrets.

(2) **Responding to consumer requests.** (a) A controller shall inform a consumer of any action taken on a request under subsection (1) of this section without undue delay and, in any event, within forty-five days after receipt of the request. The controller may extend the forty-five-day period by forty-five additional days where reasonably necessary, taking into account the complexity and number of the requests. The controller shall inform the consumer of an extension within forty-five days after receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller shall inform the consumer, without undue delay and, at the latest, within forty-five days after receipt of the request, of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (3) of this section.

(c) Upon request, a controller shall provide to the consumer the information specified in this section free of charge; except that, for a second or subsequent request within a twelve-month period, the controller may charge an amount calculated in the manner specified in section 24-72-205 (5)(a).

(d) A controller is not required to comply with a request to exercise any of the rights under subsection (1) of this section if the controller is unable to authenticate the request using commercially reasonable efforts, in which case the controller may request the provision of additional information reasonably necessary to authenticate the request.

(3) (a) A controller shall establish an internal process whereby consumers may appeal a refusal to take action on a request to exercise any of the rights under subsection (1) of this section within a reasonable period after the consumer's receipt of the notice sent by the controller under subsection (2)(b) of this section. The appeal process must be conspicuously available and as easy to use as the process for submitting a request under this section.

(b) Within forty-five days after receipt of an appeal, a controller shall inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support of the response. The controller may extend the forty-five-day period by sixty additional days where reasonably necessary, taking into account the complexity and number of requests serving as the basis for the appeal. The controller shall inform the consumer of an extension within forty-five days after receipt of the appeal, together with the reasons for the delay.

(c) The controller shall inform the consumer of the consumer's ability to contact the attorney general if the consumer has concerns about the result of the appeal.

6-1-1307. Processing de-identified data. (1) This part 13 does not require a controller or processor to do any of the following solely for purposes of complying with this part 13:

(a) Reidentify de-identified data;

(b) Comply with an authenticated consumer request to access, correct, delete, or provide personal data in a portable format pursuant to section 6-1-1306 (1), if all of the following are true:

(I) (A) The controller is not reasonably capable of associating the request with the personal data; or

(B) It would be unreasonably burdensome for the controller to associate the request with the personal data;

(II) The controller does not use the personal data to recognize or respond to the specific consumer who is the subject of the personal data or associate the personal data with other personal data about the same specific consumer; and

(III) The controller does not sell the personal data to any third party or otherwise voluntarily disclose the personal data to any third party, except as otherwise authorized by the consumer; or

(c) Maintain data in identifiable form or collect, obtain, retain, or access any data or technology in order to enable the controller to associate an authenticated consumer request with personal data.

(2) A controller that uses de-identified data shall exercise reasonable oversight to monitor compliance with any contractual commitments to which the de-identified data are subject and shall take appropriate steps to address any breaches of contractual commitments.

(3) The rights contained in section 6-1-1306 (1)(b) to (1)(e) do not apply to pseudonymous data if the controller can demonstrate that the information necessary to identify the consumer is kept separately and is subject to effective technical and organizational controls that prevent the controller from accessing the information.

6-1-1308. Duties of controllers. (1) **Duty of transparency.** (a) A controller shall provide consumers with a reasonably accessible, clear, and meaningful privacy notice that includes:

(I) The categories of personal data collected or processed by the controller or a processor;

(II) The purposes for which the categories of personal data are processed;

(III) How and where consumers may exercise the rights pursuant to section 6-1-1306, including the controller's contact information and how a consumer may appeal a controller's action with regard to the consumer's request;

(IV) The categories of personal data that the controller shares with third parties, if any; and

(V) The categories of third parties, if any, with whom the controller shares personal data.

(b) If a controller sells personal data to third parties or processes personal data for targeted advertising, the controller shall clearly and conspicuously disclose the sale or processing, as well as the manner in which a consumer may exercise the right to opt out of the sale or processing.

(c) A controller shall not:

(I) Require a consumer to create a new account in order to exercise a right; or

(II) Based solely on the exercise of a right and unrelated to feasibility or the value of a service, increase the cost of, or decrease the availability of, the product or service.

(d) Nothing in this part 13 shall be construed to require a controller to provide a product or service that requires the personal data of a consumer that the controller does not collect or maintain or to prohibit a controller from offering a different price, rate, level, quality, or selection of goods or services to a consumer, including offering goods or services for no fee, if the offer is related to a consumer's voluntary participation in a bona fide loyalty, rewards, premium features, discount, or club card program.

(2) **Duty of purpose specification.** A controller shall specify the express purposes for which personal data are collected and processed.

(3) **Duty of data minimization.** A controller's collection of personal data must be adequate, relevant, and limited to what is reasonably necessary in relation to the specified purposes for which the data are processed.

(4) **Duty to avoid secondary use.** A controller shall not process personal data for purposes that are not reasonably necessary to or compatible with the specified purposes for which the personal data are processed, unless the controller first obtains the consumer's consent.

(5) **Duty of care.** A controller shall take reasonable measures to secure personal data during both storage and use from unauthorized acquisition. The data security practices must be appropriate to the volume, scope, and nature of the personal data processed and the nature of the business.

(6) **Duty to avoid unlawful discrimination.** A controller shall not process personal data in violation of state or federal laws that prohibit unlawful discrimination against consumers.

(7) **Duty regarding sensitive data.** A controller shall not process or sell a consumer's sensitive data without first obtaining the consumer's consent or, in the case of the processing of personal data concerning a known child, without first obtaining consent from the child's parent or lawful guardian.

6-1-1308.5. Duties of controllers - duty of care - rebuttable presumption. (1) (a) A controller that offers any online service, product, or feature to a consumer whom the controller

actually knows or willfully disregards is a minor shall use reasonable care to avoid any heightened risk of harm to minors caused by the online service, product, or feature.

(b) In any enforcement action brought by the attorney general or a district attorney pursuant to section 6-1-1311, there is a rebuttable presumption that a controller used reasonable care as required under this section if the controller complied with this section.

(2) Unless a controller has obtained consent in accordance with subsection (3) of this section, a controller that offers any online service, product, or feature to a consumer whom the controller actually knows or willfully disregards is a minor shall not:

(a) Process a minor's personal data:

(I) For the purposes of:

(A) Targeted advertising;

(B) The sale of personal data; or

(C) Profiling in furtherance of decisions that produce legal or similarly significant effects concerning a consumer;

(II) For any processing purpose other than the processing purpose that the controller disclosed at the time the controller collected the minor's personal data or that is reasonably necessary for, and compatible with, the processing purpose that the controller disclosed at the time the controller collected the minor's personal data; or

(III) For longer than is reasonably necessary to provide the online service, product, or feature;

(b) Use any system design feature to significantly increase, sustain, or extend a minor's use of the online service, product, or feature; or

(c) Collect a minor's precise geolocation data unless:

(I) The minor's precise geolocation data is reasonably necessary for the controller to provide the online service, product, or feature;

(II) The controller only collects and retains the minor's precise geolocation data for the time necessary to provide the online service, product, or feature; and

(III) The controller provides to the minor a signal indicating that the controller is collecting the minor's precise geolocation data and makes the signal available to the minor for the entire duration of the collection of the minor's precise geolocation data; except that this subsection (2)(c)(III) does not apply to any service or application that is used by and under the direction of a ski area operator, as defined in section 33-44-103 (7).

(3) (a) A controller shall not engage in the activities described in subsection (2) of this section unless the controller obtains:

(I) The minor's consent; or

(II) (A) If the minor is a child, the consent of the minor's parent or legal guardian.

(B) A controller that complies with the verifiable parental consent requirements established in the "Children's Online Privacy Protection Act of 1998", 15 U.S.C. sec. 6501 et seq., as amended, and the regulations, rules, guidance, and exemptions adopted pursuant to said act, as amended, is deemed to have satisfied any requirement to obtain parental consent under this subsection (3)(a)(II).

(b) (I) A controller that offers any online service, product, or feature to a consumer whom that controller actually knows or willfully disregards is a minor shall not:

(A) Provide any consent mechanism that is designed to substantially subvert or impair, or is manipulated with the effect of substantially subverting or impairing, user autonomy, decision-making, or choice; or

(B) Except as provided in subsection (3)(b)(II) of this section, offer any direct messaging apparatus for use by a minor without providing readily accessible and easy-to-use safeguards to limit the ability of an adult to send unsolicited communications to the minor with whom the adult is not connected.

(II) Subsection (3)(b)(I)(B) of this section does not apply to an online service, product, or feature of which the predominant or exclusive function is:

(A) Electronic mail; or

(B) Direct messaging consisting of text, photos, or videos that are sent between devices by electronic means, where messages are shared between the sender and the recipient, only visible to the sender and the recipient, and not posted publicly.

(4) Subsections (2)(a) and (2)(b) of this section do not apply to any service or application that is used by and under the direction of an educational entity, including a learning management system or a student engagement program.

6-1-1309. Data protection assessments - attorney general access and evaluation - definition. (1) A controller shall not conduct processing that presents a heightened risk of harm to a consumer without conducting and documenting a data protection assessment of each of its processing activities that involve personal data acquired on or after July 1, 2023, that present a heightened risk of harm to a consumer.

(2) For purposes of this section, "processing that presents a heightened risk of harm to a consumer" includes the following:

(a) Processing personal data for purposes of targeted advertising or for profiling if the profiling presents a reasonably foreseeable risk of:

(I) Unfair or deceptive treatment of, or unlawful disparate impact on, consumers;

(II) Financial or physical injury to consumers;

(III) A physical or other intrusion upon the solitude or seclusion, or the private affairs or concerns, of consumers if the intrusion would be offensive to a reasonable person; or

(IV) Other substantial injury to consumers;

(b) Selling personal data; and

(c) Processing sensitive data.

(3) Data protection assessments must identify and weigh the benefits that may flow, directly and indirectly, from the processing to the controller, the consumer, other stakeholders, and the public against the potential risks to the rights of the consumer associated with the processing, as mitigated by safeguards that the controller can employ to reduce the risks. The controller shall factor into this assessment the use of de-identified data and the reasonable expectations of consumers, as well as the context of the processing and the relationship between the controller and the consumer whose personal data will be processed.

(4) A controller shall make the data protection assessment available to the attorney general upon request. The attorney general may evaluate the data protection assessment for

compliance with the duties contained in section 6-1-1308 and with other laws, including this article 1. Data protection assessments are confidential and exempt from public inspection and copying under the "Colorado Open Records Act", part 2 of article 72 of title 24. The disclosure of a data protection assessment pursuant to a request from the attorney general under this subsection (4) does not constitute a waiver of any attorney-client privilege or work-product protection that might otherwise exist with respect to the assessment and any information contained in the assessment.

(5) A single data protection assessment may address a comparable set of processing operations that include similar activities.

(6) Data protection assessment requirements apply to processing activities created or generated after July 1, 2023, and are not retroactive.

6-1-1309.5. Data protection assessments - heightened risk of harm to minors. (1) A controller that, on or after October 1, 2025, offers any online service, product, or feature to a consumer whom such controller actually knows or willfully disregards is a minor shall conduct a data protection assessment for the online service, product, or feature if there is a heightened risk of harm to minors. The controller shall conduct the data protection assessment:

(a) In a manner that is consistent with the requirements established in section 6-1-1309; and

(b) That addresses:

(I) The purpose of the online service, product, or feature;

(II) The categories of a minor's personal data that the online service, product, or feature processes;

(III) The purposes for which the controller processes a minor's personal data with respect to the online service, product, or feature; and

(IV) Any heightened risk of harm to minors that is a reasonably foreseeable result of offering the online service, product, or feature to minors.

(2) A controller that conducts a data protection assessment pursuant to subsection (1) of this section shall:

(a) Review the data protection assessment as necessary to account for any material change to the processing operations of the online service, product, or feature that is the subject of the data protection assessment; and

(b) Maintain documentation concerning the data protection assessment for the longer of:

(I) Three years after the date on which the processing operations cease; or

(II) The date the controller ceases offering the online service, product, or feature.

(3) A single data protection assessment may address a comparable set of processing operations that include similar activities.

(4) If a controller conducts a data protection assessment for the purpose of complying with another applicable law or regulation, the data protection assessment is deemed to satisfy the requirements established in this section if the data protection assessment is reasonably similar in scope and effect to the data protection assessment that would otherwise be conducted pursuant to this section.

(5) If a controller conducts a data protection assessment pursuant to subsection (1) of this section or a data protection assessment review pursuant to subsection (2)(a) of this section and determines that the online service, product, or feature that is the subject of the assessment poses a heightened risk of harm to minors, the controller shall establish and implement a plan to mitigate or eliminate the heightened risk.

(6) (a) A data protection assessment conducted pursuant to this section:

(I) Is confidential, except as provided in subsection (6)(b) of this section; and

(II) Is not a public record, and is exempt from public inspection and copying, under the "Colorado Open Records Act", part 2 of article 72 of title 24.

(b) (I) A controller shall make a data protection assessment conducted pursuant to this section available to the attorney general upon request. The attorney general may evaluate the data protection assessment for compliance with section 6-1-1308.5 and with other laws, including this article 1.

(II) The disclosure of a data protection assessment pursuant to a request from the attorney general does not constitute a waiver of any attorney-client privilege or work-product protection that might otherwise exist with respect to the assessment and any information in the assessment.

(7) Data protection assessment requirements apply to processing activities created or generated after October 1, 2025, and are not retroactive.

6-1-1310. Liability. (1) Notwithstanding any provision in part 1 of this article 1, this part 13 does not authorize a private right of action for a violation of this part 13 or any other provision of law. This subsection (1) neither relieves any party from any duties or obligations imposed, nor alters any independent rights that consumers have, under other laws, including this article 1, the state constitution, or the United States constitution.

(2) Where more than one controller or processor, or both a controller and a processor, involved in the same processing violates this part 13, the liability shall be allocated among the parties according to principles of comparative fault.

6-1-1311. Enforcement - penalties - repeal. (1) (a) Notwithstanding any other provision of this article 1, the attorney general and district attorneys have exclusive authority to enforce this part 13 by bringing an action in the name of the state or as parens patriae on behalf of persons residing in the state to enforce this part 13 as provided in this article 1, including seeking an injunction to enjoin a violation of this part 13.

(b) Notwithstanding any other provision of this article 1, nothing in this part 13 shall be construed as providing the basis for, or being subject to, a private right of action for violations of this part 13 or any other law.

(c) For purposes only of enforcement of this part 13 by the attorney general or a district attorney, a violation of this part 13 is a deceptive trade practice.

(d) (I) Repealed.

(II) Prior to any enforcement action pursuant to subsection (1)(a) of this section to enforce section 6-1-1305.5, 6-1-1308.5, or 6-1-1309.5, the attorney general or district attorney must issue a notice of violation to the controller if a cure is deemed possible. If the controller fails to cure the violation within sixty days after receipt of the notice of violation, an action may be brought pursuant to this section. This subsection (1)(d)(II) is repealed, effective December 31, 2026.

(2) The state treasurer shall credit all receipts from the imposition of civil penalties under this part 13 pursuant to section 24-31-108.

The attorney general may update the rules that detail the technical specifications for the mechanisms from time to time to reflect the means by which consumers interact with controllers. (b) Require controllers to inform consumers about the opt-out choices available under section 6-1-1306 (1)(a)(I);

(c) Not adopt a mechanism that is a default setting, but rather clearly represents the consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of personal data pursuant to section 6-1-1306 (1)(a)(I)(A) or (1)(a)(I)(B);

(d) Adopt a mechanism that is consumer-friendly, clearly described, and easy to use by the average consumer;

(e) Adopt a mechanism that is as consistent as possible with any other similar mechanism required by law or regulation in the United States; and

(f) Permit the controller to accurately authenticate the consumer as a resident of this state and determine that the mechanism represents a legitimate request to opt out of the processing of personal data for purposes of targeted advertising or the sale of personal data pursuant to section 6-1-1306 (1)(a)(I)(A) or (1)(a)(I)(B).

(3) By January 1, 2025, the attorney general may adopt rules that govern the process of issuing opinion letters and interpretive guidance to develop an operational framework for business that includes a good faith reliance defense of an action that may otherwise constitute a violation of this part 13. The rules must become effective by July 1, 2025.

Biometric data and biometric identifiers - controllers - duties and requirements - written policy - prohibited acts - right to correct biometric identifiers - right to access biometric identifiers - remedies and civil actions - rules - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Collect", "collection", or "collecting" means to access, assemble, buy, rent, gather, procure, receive, capture, or otherwise obtain any biometric identifier or biometric data pertaining to a consumer by any means, online or offline, including:

(II) Includes a protocol for responding to a data security incident that may compromise the security of biometric identifiers or biometric data, including a process for notifying a consumer when the security of the consumer's biometric identifier or biometric data has been breached, pursuant to section 6-1-716; and

(III) Includes guidelines that require the deletion of a biometric identifier on or before the earliest of the following dates:

(A) The date upon which the initial purpose for collecting the biometric identifier has been satisfied;

(B) Twenty-four months after the consumer last interacted with the controller; or

(C) The earliest reasonably feasible date, which date must be no more than forty-five days after a controller determines that storage of the biometric identifier is no longer necessary, adequate, or relevant to the express processing purpose identified by a review conducted by the controller at least once annually. The controller may extend the forty-five-day period described in this subsection (2)(a)(III)(C) by up to forty-five additional days if such an extension is

reasonably necessary, taking into account the complexity and number of biometric identifiers required to be deleted.

(b) A controller shall make its policy adopted pursuant to subsection (2)(a) of this section available to the public; except that a controller is not required to make available to the public:

(I) A written policy that applies only to current employees of the controller;

(II) A written policy that is used solely by employees and agents of the controller for the operation of the controller; or

(III) The internal protocol for responding to a data security incident that may compromise the security of biometric identifiers or biometric data.

(3) **Processors - security breach protocols.** A processor of biometric identifiers or biometric data must have a protocol for responding to a data security incident that may compromise the security of biometric identifiers or biometric data, including a process for notifying the controller when the security of a consumer's biometric identifier or biometric data has been breached, pursuant to section 6-1-716.

(4) **Collection and retention of biometric identifiers - requirements - prohibited acts.** (a) A controller shall not collect or process a biometric identifier of a consumer unless the controller first:

(I) Satisfies all duties required by section 6-1-1308;

(II) Informs the consumer or the consumer's legally authorized representative in a clear, reasonably accessible, and understandable manner that a biometric identifier is being collected;

(III) Informs the consumer or the consumer's legally authorized representative in a clear, reasonably accessible, and understandable manner of the specific purpose for which a biometric identifier is being collected and the length of time that the controller will retain the biometric identifier; and

(IV) Informs the consumer or the consumer's legally authorized representative in a clear, reasonably accessible, and understandable manner if the biometric identifier will be disclosed, redisclosed, or otherwise disseminated to a processor and the specific purpose for which the biometric identifier is being shared with a processor.

(b) A controller that processes a consumer's biometric identifier shall not:

(I) Sell, lease, or trade the biometric identifier with any entity; or

(II) Disclose, redisclose, or otherwise disseminate the biometric identifier unless:

(A) The consumer or the consumer's legally authorized representative consents to the disclosure, redisclosure, or other dissemination;

(B) The disclosure, redisclosure, or other dissemination is requested or authorized by the consumer or the consumer's legally authorized representative for the purpose of completing a financial transaction;

(C) The disclosure, redisclosure, or other dissemination is to a processor and is necessary for the purpose for which the biometric identifier was collected and to which the consumer or the consumer's legally authorized representative consented; or

(D) The disclosure, redisclosure, or other dissemination is required by state or federal law.

(c) A controller shall not:

(I) Refuse to provide a good or service to a consumer based on the consumer's refusal to consent to the controller's collection, use, disclosure, transfer, sale, retention, or processing of a

biometric identifier unless the collection, use, disclosure, transfer, sale, retention, or processing of the biometric identifier is necessary to provide the good or service;

(II) Charge a different price or rate for a good or service or provide a different level of quality of a good or service to any consumer who exercises the consumer's rights under this part 13; or

(III) Purchase a biometric identifier unless the controller pays the consumer for the collection of the consumer's biometric identifier, the purchase is unrelated to the provision of a product or service to the consumer, and the controller has obtained consent as described in subsection (4)(a) of this section.

(d) A controller or processor shall store, transmit, and protect from disclosure all biometric identifiers using the standard of care within the controller's industry and in accordance with sections 6-1-1305 (4) and 6-1-1308 (5).

(e) A controller shall obtain consent from a consumer or from the consumer's legally authorized representative before collecting the consumer's biometric data, as required by section 6-1-1308 (7).

(5) **Right to access biometric data - applicability - definition.** (a) Except as described in subsection (5)(b) of this section, at the request of a consumer or a consumer's legally authorized representative, a controller that collects the consumer's biometric data shall disclose to the consumer, free of charge, the category or description of the consumer's biometric data and the following information:

(I) The source from which the controller collected the biometric data;

(II) The purpose for which the controller collected or processed the biometric data and any associated personal data;

(III) The identity of any third party with which the controller disclosed or discloses the biometric data and the purposes for disclosing; and

(IV) The category or a description of the specific biometric data that the controller discloses to third parties.

(b) The requirements of subsection (5)(a) of this section apply only to:

As used in this subsection (5)(b)(II), "common branding" means a shared name, service mark, or trademark that a consumer would reasonably understand to indicate that two or more entities are commonly owned.

(III) A joint venture or partnership consisting of no more than two businesses that share consumers' personal data with each other.

(6) **Use of consent by employers.** (a) An employer may require as a condition of employment that an employee or a prospective employee consent to allowing the employer to collect and process the employee's or the prospective employee's biometric identifier only to:

(I) Permit access to secure physical locations and secure electronic hardware and software applications; except that an employer shall not obtain the employee's or prospective employee's consent to retain biometric data that is used for current employee location tracking or the tracking of how much time the employee spends using a hardware or software application;

(II) Record the commencement and conclusion of the employee's full work day, including meal breaks and rest breaks in excess of thirty minutes;

(III) Improve or monitor workplace safety or security or ensure the safety or security of employees; or

(IV) Improve or monitor the safety or security of the public in the event of an emergency or crisis situation.

(b) An employer and its processor may collect and process an employee's or prospective employee's biometric identifier for uses other than those described in subsection (6)(a) of this section only with the employee's or prospective employee's consent. An employer may not require that an employee or prospective employee consent to such collection or processing as a condition of employment or retaliate against an employee or prospective employee who does not consent to such collection or processing.

(c) So long as consent that is obtained for collection and processing as described in this section satisfies the definition of consent provided in section 6-1-1303 (5), consent is considered to be freely given and valid for the purposes described in subsection (6)(a) of this section.

(d) Nothing in this section restricts an employer's or its processor's ability to collect and process an employee's or prospective employee's biometric identifier for uses aligned with the reasonable expectations of:

(I) An employee based on the employee's job description or role; or

(II) A prospective employee based on a reasonable background check, an application, or identification requirements in accordance with this section.

(7) **Rules.** The department of law may promulgate rules for the implementation of this section, including rules promulgated in consultation with the office of information technology and the department of regulatory agencies establishing appropriate security standards for biometric identifiers and biometric data that are more stringent than the requirements described in this section.

(3) "Online marketplace" means any person that operates a consumer-directed electronically based or accessed platform that:

(B) A copy of a valid government-issued record or tax document that includes the business name and physical address of the high-volume third-party seller;

(c) A business tax identification number or, if the high-volume third-party seller does not have a business tax identification number, an individual taxpayer identification number; and

(II) There have been no changes to the high-volume third-party seller's information; and

(c) If a high-volume third-party seller does not provide the information or certification required under subsection (1) of this section, and after the online marketplace provides the seller with written or electronic notice and an opportunity to provide such information or certification not later than ten days after the issuance of such notice, suspend any future sales activity of the seller on the online marketplace until the seller provides the information or certification.

(3) **Verification required.** (a) The online marketplace shall:

(I) Verify the information collected under subsection (1) of this section not later than ten days after the collection; and

(II) Verify any change to such information not later than ten days after being notified of the change by a high-volume third-party seller in response to the notice required by subsection (2)(a) of this section.

(b) In the case of a high-volume third-party seller that provides a copy of a valid government-issued tax document, any information contained in such document shall be presumed to be verified as of the date of issuance of the document.

(c) Data collected solely to comply with the requirements of this section may not be used for any other purpose unless required by law.

(d) To protect data that has been collected in compliance with this section from unauthorized use, disclosure, access, destruction, or modification, an online marketplace shall implement and maintain reasonable security procedures and practices, including administrative, physical, and technical safeguards, appropriate to the nature of the data and the purposes for which the data will be used.

(4) **Disclosure required.** (a) An online marketplace shall require a high-volume third-party seller with an aggregate total of twenty thousand dollars or more in annual gross revenues on the online marketplace, and that uses the online marketplace's platform, to provide, and, except as provided in subsection (4)(b) of this section, disclose to consumers in a conspicuous manner in the order confirmation message or other document or communication made to a consumer after a purchase is finalized and in the consumer's account transaction history:

(II) The physical address of the seller;

(III) Contact information for the seller, to allow users of the online marketplace to engage in direct, unhindered communication with the high-volume third-party seller, including a current working phone number, a current working email address, or other means of direct electronic messaging that the online marketplace may provide for the high-volume third-party seller; and

(IV) Whether the high-volume third-party seller used a different seller to supply the consumer product to the consumer upon purchase, and, upon the request of an authenticated purchaser, the information described in subsections (4)(a)(I) to (4)(a)(III) of this section relating to any such seller that supplied the consumer product to the purchaser, if the seller is different than the high-volume third-party seller listed on the product listing prior to purchase.

(b) (I) Subject to subsection (4)(b)(II) of this section, upon the request of a high-volume third-party seller, an online marketplace may allow for the seller to provide partial disclosure of the identity information required pursuant to subsection (4)(a) of this section in the following situations:

(A) If the high-volume third-party seller certifies to the online marketplace that the seller does not have a business address and only has a residential street address, or has a combined business and residential address, the online marketplace may disclose only the country and, if applicable, the state in which the high-volume third-party seller resides and may inform consumers that there is no business address available for the high-volume third-party seller and that consumer inquiries should be submitted to the high-volume third-party seller by telephone, email address, or other means of electronic messaging that the online marketplace provides the seller.

(B) If the high-volume third-party seller certifies to the online marketplace that the seller is a business that has a separate physical address for product returns, the online marketplace may disclose only the seller's physical address for product returns.

(C) If a high-volume third-party seller certifies to the online marketplace that the seller does not have a telephone number other than a personal telephone number, the online marketplace shall inform consumers that there is no telephone number available for the seller and that consumer inquiries should be submitted to the seller's email address, or other means of electronic messaging that the online marketplace provides the seller.

(II) If an online marketplace becomes aware that a high-volume third-party seller has made a false representation to the online marketplace in order to justify the provision of a partial disclosure pursuant to subsection (4)(b)(I) of this section or that a high-volume third-party seller that has requested and received an allowance for a partial disclosure pursuant to subsection (4)(b)(I) of this section has not provided responsive answers within a reasonable time frame to consumer inquiries submitted to the seller by telephone, email address, or other means of electronic messaging that the online marketplace provides the seller, the online marketplace shall, after providing the seller with written or electronic notice and an opportunity to respond not later than ten days after the issuance of the notice, suspend any future sales activity of the seller unless the seller consents to the disclosure of the identity information required under subsection (4)(b)(I)(A) of this section.

(b) An online marketplace shall alert a law enforcement agency if the online marketplace knows or should have known that a third-party seller is selling or attempting to sell stolen goods to a consumer in Colorado, unless the online marketplace has received a notice from the law enforcement agency that the same third-party seller is suspected or attempting to sell the same stolen goods on the online marketplace to a consumer in Colorado. An online marketplace shall establish:

(I) A mechanism that allows the online marketplace to communicate with a law enforcement agency in a timely and confidential manner, through a link to a dedicated web page, online portal, or point of contact; and

(II) Internal systems, staff, and written policies to monitor product listings to detect and prevent organized retail crime.

(6) **Compliance.** If a high-volume third-party seller does not comply with the requirements to provide and disclose information under this section, the online marketplace shall, after providing the seller with written or electronic notice and an opportunity to provide or disclose such information not later than ten days after the issuance of such notice, suspend any future sales activity of such seller until the seller complies with the requirements.

Cross references: For the legislative declaration in HB 24-1136, see section 1 of chapter 460, Session Laws of Colorado 2024.

6-1-1601. Social media platform - youth users - definition. (1) On or after January 1, 2026, a social media platform must establish a function that either:

(a) Meets the criteria in subsection (2) of this section and be informed by the standards established in subsection (5) of this section; or

(b) Displays a pop-up or full screen notification to a user who attests to being under the age of eighteen when the user:

(I) Has spent one cumulative hour on the social media platform during a twenty-four-hour period; or

(II) Is on a social media platform between the hours of 10 p.m. and 6 a.m.

(2) The function established pursuant to subsection (1) of this section must provide users who are under the age of eighteen with information about their engagement in social media that helps the user understand the impact of social media on the developing brain and the mental and physical health of youth users. The information must be supported by data from peer-reviewed scholarly articles or the sources included in the mental health and technology resource bank established in section 22-2-127.8 (1).

(3) If the social media platform establishes the function described in subsection (1)(b) of this section, the function must repeat at least every thirty minutes after the initial notification.

(4) (a) As used in this section, "social media platform" means an internet-based service, website, or application that:

(I) Has more than one hundred thousand active users in Colorado;

(III) Enables one or more users to create or post content that can be viewed by other users of the medium; and

(IV) Includes a substantial function to allow users to interact socially with each other within the service or application. A service or application that provides electronic mail or direct messaging services does not meet the criteria described in this subsection (4) on the basis of that function alone.

(b) "Social media platform" does not include an internet-based service or application in which the predominant or exclusive function is:

(I) Providing electronic mail;

(II) Facilitating commercial transactions, if the interaction with other users or account holders is generally limited to:

(A) The ability to upload a post and comment on reviews or the ability to display lists or collections of goods for sale or wish lists; and

(B) The primary function of the platform is focused on online shopping or e-commerce rather than interactions between users or account holders;

(III) Facilitating teleconferencing and video conferencing features that are limited to certain participants in the teleconference or video conference and are not posted publicly or for broad distribution to other users;

(IV) Facilitating crowd-sourced content for reference guides such as encyclopedias and dictionaries;

(V) Providing cloud-based electronic services, including cloud-based services that allow collaborative editing by invited users;

(VI) Consisting primarily of news, sports, entertainment, or other content that is preselected by the provider and not user generated and any chat, comment, or interactive functionality that is provided incidental to, directly related to, or dependent upon provision of the content;

(VII) Interactive gaming, virtual gaming, or an online service that allows the creation and uploading of content for the purpose of interactive or virtual gaming;

(VIII) Providing information concerning businesses, products, or travel information, including user reviews or rankings of businesses or products;

(X) Selling enterprise software to businesses, governments, or nonprofit organizations;

(XI) Providing a streaming service that streams only licensed media in a continuous flow from the service, website, or application to the end user and does not require a user or account

holder to obtain a license for the media by agreement with a social media platform's terms of service;

(XII) Providing an online service, website, or application that is used by or under the direction of an educational entity, including a learning management system, a student engagement program, or a subject- or skill-specific program, for which the majority of the content is created or posted by the provider of the online service, website, or application and the ability to chat, comment, or interact with other users is directly related to the provider's content;

(XIII) Providing or obtaining technical support for a platform, product, or service;

(XIV) Providing career development opportunities, including professional networking, job skills, learning certifications, and job posting and application services;

(XV) Focused on facilitating academic or scholarly research; or

(XVI) Reporting or disseminating news information for a mass medium, as defined in section 13-90-119.

(5) The chief information officer in the office of information technology, in consultation with the director of the center for health and environmental data division of the Colorado department of public health and environment and the temporary stakeholder group established in section 22-2-127.8, shall establish standards for a user tool or function that meets the requirements of subsection (1) of this section for a social media platform. The standards must:

(a) Recommend intervals for notification frequency that are similar to those in subsection (3) of this section;

(b) Provide sample messaging for the content of the notification;

(c) Be informed by data and research on the efficacy of notifications; and

(d) Recommend the age range of users who would most benefit from notifications.

6-1-1702. Developer duty to avoid algorithmic discrimination - required documentation. (1) On and after June 30, 2026, a developer of a high-risk artificial intelligence system shall use reasonable care to protect consumers from any known or reasonably foreseeable risks of algorithmic discrimination arising from the intended and contracted uses of the high-risk artificial intelligence system. In any enforcement action brought on or after June 30, 2026, by the attorney general pursuant to section 6-1-1706, there is a rebuttable presumption that a developer

used reasonable care as required under this section if the developer complied with this section and any additional requirements or obligations as set forth in rules adopted by the attorney general pursuant to section 6-1-1707.

(2) On and after June 30, 2026, and except as provided in subsection (6) of this section, a developer of a high-risk artificial intelligence system shall make available to the deployer or other developer of the high-risk artificial intelligence system:

(a) A general statement describing the reasonably foreseeable uses and known harmful or inappropriate uses of the high-risk artificial intelligence system;

(b) Documentation disclosing:

(I) High-level summaries of the type of data used to train the high-risk artificial intelligence system;

(II) Known or reasonably foreseeable limitations of the high-risk artificial intelligence system, including known or reasonably foreseeable risks of algorithmic discrimination arising from the intended uses of the high-risk artificial intelligence system;

(V) How the high-risk artificial intelligence system should be used, not be used, and be monitored by an individual when the high-risk artificial intelligence system is used to make, or is a substantial factor in making, a consequential decision; and

(d) Any additional documentation that is reasonably necessary to assist the deployer in understanding the outputs and monitor the performance of the high-risk artificial intelligence system for risks of algorithmic discrimination.

(3) (a) Except as provided in subsection (6) of this section, a developer that offers, sells, leases, licenses, gives, or otherwise makes available to a deployer or other developer a high-risk artificial intelligence system on or after June 30, 2026, shall make available to the deployer or other developer, to the extent feasible, the documentation and information, through artifacts such as model cards, dataset cards, or other impact assessments, necessary for a deployer, or for a third party contracted by a deployer, to complete an impact assessment pursuant to section 6-1-1703 (3).

(b) A developer that also serves as a deployer for a high-risk artificial intelligence system is not required to generate the documentation required by this section unless the high-risk artificial intelligence system is provided to an unaffiliated entity acting as a deployer.

(4) (a) On and after June 30, 2026, a developer shall make available, in a manner that is clear and readily available on the developer's website or in a public use case inventory, a statement summarizing:

(I) The types of high-risk artificial intelligence systems that the developer has developed or intentionally and substantially modified and currently makes available to a deployer or other developer; and

(II) How the developer manages known or reasonably foreseeable risks of algorithmic discrimination that may arise from the development or intentional and substantial modification of the types of high-risk artificial intelligence systems described in accordance with subsection (4)(a)(I) of this section.

(b) A developer shall update the statement described in subsection (4)(a) of this section:

(I) As necessary to ensure that the statement remains accurate; and

(II) No later than ninety days after the developer intentionally and substantially modifies any high-risk artificial intelligence system described in subsection (4)(a)(I) of this section.

(5) On and after June 30, 2026, a developer of a high-risk artificial intelligence system shall disclose to the attorney general, in a form and manner prescribed by the attorney general, and to all known deployers or other developers of the high-risk artificial intelligence system, any known or reasonably foreseeable risks of algorithmic discrimination arising from the intended uses of the high-risk artificial intelligence system without unreasonable delay but no later than ninety days after the date on which:

(a) The developer discovers through the developer's ongoing testing and analysis that the developer's high-risk artificial intelligence system has been deployed and has caused or is reasonably likely to have caused algorithmic discrimination; or

(b) The developer receives from a deployer a credible report that the high-risk artificial intelligence system has been deployed and has caused algorithmic discrimination.

(6) Nothing in subsections (2) to (5) of this section requires a developer to disclose a trade secret, information protected from disclosure by state or federal law, or information that would create a security risk to the developer.

(7) On and after June 30, 2026, the attorney general may require that a developer disclose to the attorney general, no later than ninety days after the request and in a form and manner prescribed by the attorney general, the statement or documentation described in subsection (2) of this section. The attorney general may evaluate such statement or documentation to ensure compliance with this part 17, and the statement or documentation is not subject to disclosure under the "Colorado Open Records Act", part 2 of article 72 of title 24. In a disclosure made pursuant to this subsection (7), a developer may designate the statement or documentation as including proprietary information or a trade secret. To the extent that any information contained in the statement or documentation includes information subject to attorney-client privilege or work-product protection, the disclosure does not constitute a waiver of the privilege or protection.

6-1-1703. Deployer duty to avoid algorithmic discrimination - risk management policy and program. (1) On and after June 30, 2026, a deployer of a high-risk artificial intelligence system shall use reasonable care to protect consumers from any known or reasonably foreseeable risks of algorithmic discrimination. In any enforcement action brought on or after June 30, 2026, by the attorney general pursuant to section 6-1-1706, there is a rebuttable presumption that a deployer of a high-risk artificial intelligence system used reasonable care as required under this section if the deployer complied with this section and any additional requirements or obligations as set forth in rules adopted by the attorney general pursuant to section 6-1-1707.

(2) (a) On and after June 30, 2026, and except as provided in subsection (6) of this section, a deployer of a high-risk artificial intelligence system shall implement a risk management policy and program to govern the deployer's deployment of the high-risk artificial intelligence system. The risk management policy and program must specify and incorporate the principles, processes, and personnel that the deployer uses to identify, document, and mitigate known or reasonably foreseeable risks of algorithmic discrimination. The risk management policy and program must be an iterative process planned, implemented, and regularly and systematically reviewed and updated over the life cycle of a high-risk artificial intelligence system, requiring regular, systematic review and updates. A risk management policy and program implemented and maintained pursuant to this subsection (2) must be reasonable considering:

(I) (A) The guidance and standards set forth in the latest version of the "Artificial Intelligence Risk Management Framework" published by the national institute of standards and technology in the United States department of commerce, standard ISO/IEC 42001 of the International Organization for Standardization, or another nationally or internationally recognized risk management framework for artificial intelligence systems, if the standards are substantially equivalent to or more stringent than the requirements of this part 17; or

(B) Any risk management framework for artificial intelligence systems that the attorney general, in the attorney general's discretion, may designate;

(II) The size and complexity of the deployer;

(III) The nature and scope of the high-risk artificial intelligence systems deployed by the deployer, including the intended uses of the high-risk artificial intelligence systems; and

(IV) The sensitivity and volume of data processed in connection with the high-risk artificial intelligence systems deployed by the deployer.

(b) A risk management policy and program implemented pursuant to subsection (2)(a) of this section may cover multiple high-risk artificial intelligence systems deployed by the deployer.

(3) (a) Except as provided in subsections (3)(d), (3)(e), and (6) of this section:

(I) A deployer, or a third party contracted by the deployer, that deploys a high-risk artificial intelligence system on or after June 30, 2026, shall complete an impact assessment for the high-risk artificial intelligence system; and

(II) On and after June 30, 2026, a deployer, or a third party contracted by the deployer, shall complete an impact assessment for a deployed high-risk artificial intelligence system at least annually and within ninety days after any intentional and substantial modification to the high-risk artificial intelligence system is made available.

(b) An impact assessment completed pursuant to this subsection (3) must include, at a minimum, and to the extent reasonably known by or available to the deployer:

(I) A statement by the deployer disclosing the purpose, intended use cases, and deployment context of, and benefits afforded by, the high-risk artificial intelligence system;

(II) An analysis of whether the deployment of the high-risk artificial intelligence system poses any known or reasonably foreseeable risks of algorithmic discrimination and, if so, the nature of the algorithmic discrimination and the steps that have been taken to mitigate the risks;

(III) A description of the categories of data the high-risk artificial intelligence system processes as inputs and the outputs the high-risk artificial intelligence system produces;

(IV) If the deployer used data to customize the high-risk artificial intelligence system, an overview of the categories of data the deployer used to customize the high-risk artificial intelligence system;

(V) Any metrics used to evaluate the performance and known limitations of the high-risk artificial intelligence system;

(VI) A description of any transparency measures taken concerning the high-risk artificial intelligence system, including any measures taken to disclose to a consumer that the high-risk artificial intelligence system is in use when the high-risk artificial intelligence system is in use; and

(VII) A description of the post-deployment monitoring and user safeguards provided concerning the high-risk artificial intelligence system, including the oversight, use, and learning process established by the deployer to address issues arising from the deployment of the high-risk artificial intelligence system.

(c) In addition to the information required under subsection (3)(b) of this section, an impact assessment completed pursuant to this subsection (3) following an intentional and substantial modification to a high-risk artificial intelligence system on or after June 30, 2026, must include a statement disclosing the extent to which the high-risk artificial intelligence system was used in a manner that was consistent with, or varied from, the developer's intended uses of the high-risk artificial intelligence system.

(d) A single impact assessment may address a comparable set of high-risk artificial intelligence systems deployed by a deployer.

(e) If a deployer, or a third party contracted by the deployer, completes an impact assessment for the purpose of complying with another applicable law or regulation, the impact assessment satisfies the requirements established in this subsection (3) if the impact assessment is reasonably similar in scope and effect to the impact assessment that would otherwise be completed pursuant to this subsection (3).

(f) A deployer shall maintain the most recently completed impact assessment for a high-risk artificial intelligence system as required under this subsection (3), all records concerning each impact assessment, and all prior impact assessments, if any, for at least three years following the final deployment of the high-risk artificial intelligence system.

(g) On or before June 30, 2026, and at least annually thereafter, a deployer, or a third party contracted by the deployer, must review the deployment of each high-risk artificial intelligence system deployed by the deployer to ensure that the high-risk artificial intelligence system is not causing algorithmic discrimination.

(4) (a) On and after June 30, 2026, and no later than the time that a deployer deploys a high-risk artificial intelligence system to make, or be a substantial factor in making, a consequential decision concerning a consumer, the deployer shall:

(I) Notify the consumer that the deployer has deployed a high-risk artificial intelligence system to make, or be a substantial factor in making, a consequential decision before the decision is made;

(II) Provide to the consumer a statement disclosing the purpose of the high-risk artificial intelligence system and the nature of the consequential decision; the contact information for the deployer; a description, in plain language, of the high-risk artificial intelligence system; and instructions on how to access the statement required by subsection (5)(a) of this section; and

(III) Provide to the consumer information, if applicable, regarding the consumer's right to opt out of the processing of personal data concerning the consumer for purposes of profiling in furtherance of decisions that produce legal or similarly significant effects concerning the consumer under section 6-1-1306 (1)(a)(I)(C).

(b) On and after June 30, 2026, a deployer that has deployed a high-risk artificial intelligence system to make, or be a substantial factor in making, a consequential decision concerning a consumer shall, if the consequential decision is adverse to the consumer, provide to the consumer:

(I) A statement disclosing the principal reason or reasons for the consequential decision, including:

(A) The degree to which, and manner in which, the high-risk artificial intelligence system contributed to the consequential decision;

(B) The type of data that was processed by the high-risk artificial intelligence system in making the consequential decision; and

(C) The source or sources of the data described in subsection (4)(b)(I)(B) of this section;

(II) An opportunity to correct any incorrect personal data that the high-risk artificial intelligence system processed in making, or as a substantial factor in making, the consequential decision; and

(III) An opportunity to appeal an adverse consequential decision concerning the consumer arising from the deployment of a high-risk artificial intelligence system, which appeal must, if technically feasible, allow for human review unless providing the opportunity for appeal is not in the best interest of the consumer, including in instances in which any delay might pose a risk to the life or safety of such consumer.

(c) (I) Except as provided in subsection (4)(c)(II) of this section, a deployer shall provide the notice, statement, contact information, and description required by subsections (4)(a) and (4)(b) of this section:

(A) Directly to the consumer;

(B) In plain language;

(C) In all languages in which the deployer, in the ordinary course of the deployer's business, provides contracts, disclaimers, sale announcements, and other information to consumers; and

(D) In a format that is accessible to consumers with disabilities.

(II) If the deployer is unable to provide the notice, statement, contact information, and description required by subsections (4)(a) and (4)(b) of this section directly to the consumer, the deployer shall make the notice, statement, contact information, and description available in a

manner that is reasonably calculated to ensure that the consumer receives the notice, statement, contact information, and description.

(5) (a) On and after June 30, 2026, and except as provided in subsection (6) of this section, a deployer shall make available, in a manner that is clear and readily available on the deployer's website, a statement summarizing:

(I) The types of high-risk artificial intelligence systems that are currently deployed by the deployer;

(II) How the deployer manages known or reasonably foreseeable risks of algorithmic discrimination that may arise from the deployment of each high-risk artificial intelligence system described pursuant to subsection (5)(a)(I) of this section; and

(III) In detail, the nature, source, and extent of the information collected and used by the deployer.

(b) A deployer shall periodically update the statement described in subsection (5)(a) of this section.

(6) Subsections (2), (3), and (5) of this section do not apply to a deployer if, at the time the deployer deploys a high-risk artificial intelligence system and at all times while the high-risk artificial intelligence system is deployed:

(a) The deployer:

(I) Employs fewer than fifty full-time equivalent employees; and

(II) Does not use the deployer's own data to train the high-risk artificial intelligence system;

(b) The high-risk artificial intelligence system:

(I) Is used for the intended uses that are disclosed to the deployer as required by section 6-1-1702 (2)(a); and

(II) Continues learning based on data derived from sources other than the deployer's own data; and

(c) The deployer makes available to consumers any impact assessment that:

(I) The developer of the high-risk artificial intelligence system has completed and provided to the deployer; and

(II) Includes information that is substantially similar to the information in the impact assessment required under subsection (3)(b) of this section.

(7) If a deployer deploys a high-risk artificial intelligence system on or after June 30, 2026, and subsequently discovers that the high-risk artificial intelligence system has caused algorithmic discrimination, the deployer, without unreasonable delay, but no later than ninety days after the date of the discovery, shall send to the attorney general, in a form and manner prescribed by the attorney general, a notice disclosing the discovery.

(8) Nothing in subsections (2) to (5) and (7) of this section requires a deployer to disclose a trade secret or information protected from disclosure by state or federal law. To the extent that a deployer withholds information pursuant to this subsection (8) or section 6-1-1705 (5), the deployer shall notify the consumer and provide a basis for the withholding.

(9) On and after June 30, 2026, the attorney general may require that a deployer, or a third party contracted by the deployer, disclose to the attorney general, no later than ninety days after the request and in a form and manner prescribed by the attorney general, the risk management policy implemented pursuant to subsection (2) of this section, the impact assessment completed pursuant to subsection (3) of this section, or the records maintained

pursuant to subsection (3)(f) of this section. The attorney general may evaluate the risk management policy, impact assessment, or records to ensure compliance with this part 17, and the risk management policy, impact assessment, and records are not subject to disclosure under the "Colorado Open Records Act", part 2 of article 72 of title 24. In a disclosure made pursuant to this subsection (9), a deployer may designate the statement or documentation as including proprietary information or a trade secret. To the extent that any information contained in the risk management policy, impact assessment, or records includes information subject to attorney-client privilege or work-product protection, the disclosure does not constitute a waiver of the privilege or protection.

6-1-1704. Disclosure of an artificial intelligence system to consumer. (1) On and after June 30, 2026, and except as provided in subsection (2) of this section, a deployer or other developer that deploys, offers, sells, leases, licenses, gives, or otherwise makes available an artificial intelligence system that is intended to interact with consumers shall ensure the disclosure to each consumer who interacts with the artificial intelligence system that the consumer is interacting with an artificial intelligence system.

(2) Disclosure is not required under subsection (1) of this section under circumstances in which it would be obvious to a reasonable person that the person is interacting with an artificial intelligence system.

(a) Comply with federal, state, or municipal laws, ordinances, or regulations;

(b) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by a federal, a state, a municipal, or other governmental authority;

(c) Cooperate with a law enforcement agency concerning conduct or activity that the developer, deployer, or other person reasonably and in good faith believes may violate federal, state, or municipal laws, ordinances, or regulations;

The application shall state that there is reasonable cause to believe that the order applied for is necessary to investigate, prosecute, or terminate a violation of this article. If the court is satisfied that reasonable cause exists, the court may:

(a) Require the attendance of or the production of documents by such person, or both;

(b) Assess a civil penalty of up to five thousand dollars for such failure to appear and answer questions, written or otherwise, or such failure to produce documents unless the court finds that the failure to appear, to answer questions, or to produce documents was substantially justified or that other circumstances make an assessment of a civil penalty unjust;

(c) Award the attorney general reasonable costs and attorney fees in making this application unless the court finds that the failure to appear, to answer questions, or to produce documents was substantially justified or that other circumstances make an award of costs and attorney fees unjust;

(d) Enter any protective order as provided for in the Colorado rules of civil procedure;

In that event, the court may direct the damages to be paid to the general fund of the state or to some other governmental or public entity as the court deems appropriate or may require that damages be paid as rebates or price reductions to future consumers.

(4) In addition to any other remedies provided in this article 4, the attorney general may request, and a court may make, orders or judgments as may be necessary to:

Water and Energy Efficiency Standards

Editor's note: This article 7.5 was added in 2014 and was not amended prior to 2019. It was repealed and reenacted in 2019, resulting in the addition, relocation, or elimination of sections as well as subject matter. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

6-7.5-101. Legislative declaration. (1) The general assembly finds and determines that efficiency standards for certain products sold in Colorado:

(a) Assure consumers and businesses that such products meet minimum efficiency performance levels, thus reducing energy and water waste and saving consumers and businesses money on utility bills;

(b) Protect consumers and businesses against manufacturers who would otherwise sell, in Colorado, less efficient appliances that they cannot sell in states that have higher standards;

(c) Save energy and thus reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity, natural gas, and other fuels;

(d) Improve electric system reliability and potentially reduce the need for new energy and water infrastructure based on the resulting energy and water savings;

(e) Apply to products available at a price equal to or less than noncompliant products, or available at a minimal cost premium;

(f) Have saved Coloradans billions of gallons of water since 2014, when WaterSense standards were enacted for plumbing fixtures, without sacrificing quality or product performance; and

(g) Contribute to the economy of this state by helping to better balance supply and demand for both energy and water, thus reducing the upward pressure on prices for electricity, natural gas, and water caused by increased demand. In addition, efficiency standards allow consumers and businesses to use the money they save on utility bills to purchase local goods and services.

(2) Therefore, the general assembly declares that the adoption of energy and water efficiency standards in accordance with this article 7.5 is a matter of state and local concern and serves the public interest of the people of Colorado.

ARTICLE 7.7

Standards for Construction Projects
that Receive State Financial Assistance

6-7.7-101. Legislative declaration. (1) The general assembly finds that:

(a) Appliances certified by the Energy Star program meet strict energy efficiency and performance guidelines set by the federal environmental protection agency and the United States department of energy and can save an estimated twenty to thirty percent more energy than appliances that are not certified by the Energy Star program;

(b) New building construction projects that use taxpayer dollars to purchase equipment should ensure that the equipment has lower lifetime costs to operate and maintain;

(c) Many projects that receive state financial assistance aim to assist vulnerable lower-income households, and installing appliances certified by the Energy Star program could lower the costs of the energy bills of these households over time; and

(d) Saving energy is crucial in:

(I) Avoiding the most serious effects of climate change and preserving Colorado's way of life, the health of communities, and the natural environment;

(II) Achieving the statewide greenhouse gas emission reduction goals; and

(III) Reducing costs for Coloradans.

(2) The general assembly therefore determines and declares that it is in the public interest of the health and environment of the state to require that new building construction projects that receive state financial assistance use covered energy-consuming products that are certified by the Energy Star program.

6-7.7-102. Definitions. As used in this article 7.7, unless the context otherwise requires:

(1) "Covered energy-consuming product" means an appliance, device, or piece of equipment that is:

(a) Powered by electricity or fuel;

(b) Designed to perform one or more specific tasks inside a residential or commercial building, such as cooking, washing, drying, heating, cooling, providing domestic hot water, printing, or digital entertainment; and

(c) Covered within the scope of the Energy Star program.

(2) "Energy Star program" means the federal program authorized by 42 U.S.C. sec. 6294a, as amended.

(3) "Social cost of carbon" means the social cost of carbon dioxide emissions developed by the public utilities commission pursuant to section 40-3.2-106.

(4) "State financial assistance" means allocations from the general fund or other legislative allocations, state taxpayer funds, rebates, grants, or loans provided or administered by the state.

Source: L. 2024: Entire article added, (SB 24-214), ch. 191, p. 1090, § 3, effective May 17.

6-7.7-103. Energy-efficiency standards for certain building construction projects that receive state financial assistance - record retention requirements - waivers - exemptions - standardized resources - enforcement - civil penalties. (1) On and after January 1, 2025, except as set forth in subsection (3) or (4) of this section, recipients of state financial assistance for new building construction projects that include the specification, provision, or purchase of covered energy-consuming products shall use covered energy-consuming products certified by the Energy Star program.

(2) On and after January 1, 2025, a state agency that provides or administers state financial assistance for a new building construction project shall:

(a) Include the requirements of subsection (1) of this section in the state agency's criteria or guidance for applying for or receiving state financial assistance for new building construction projects;

(b) Request an attestation signed by a recipient of state financial assistance for new building construction projects that declares that:

(I) The requirements of subsection (1) of this section have been or will be followed; or

(II) The recipient of the state financial assistance is requesting a waiver pursuant to subsection (3) of this section; and

(c) Respond to waiver requests received pursuant to subsection (3) of this section.

(3) A state agency that provides or administers state financial assistance for new building construction projects may issue a standardized waiver from the requirements of subsection (1) of this section for a new building construction project if the recipient demonstrates, through evidence and attestation from a licensed professional engineer or design professional, that:

(a) No covered energy-consuming product certified by the Energy Star program and that meets the functional requirements of the project is reasonably available to the applicant; or

(b) Taking energy cost savings and the social cost of carbon into account, no covered energy-consuming product certified by the Energy Star program is cost-effective over the life of the product.

(4) The following new building construction projects are exempt from the requirements of this section:

(a) Projects that have passed the design phase before January 1, 2025, and would require significant redesign to include a covered energy-consuming product certified by the Energy Star program; and

(b) Projects that have received a permit from a local government for the use of a covered energy-consuming product before January 1, 2025.

(5) If the attorney general, by a preponderance of the evidence, believes that a person has violated or caused another person to violate subsection (1) of this section, the attorney general may bring a civil action on behalf of the state to seek the assessment of a civil penalty of up to the total amount of state financial assistance received by the violator on or after January 1, 2025, which amount must be transmitted to the state treasurer, who shall credit the amount to the energy fund created in section 24-38.5-102.4 (1)(a)(I).

Creditors not electing to take property shall be paid an equal pro rata in cash, fixing by appraisement or sworn evidence in courts such price or value upon each piece, parcel, or item of property as shall make it bear and pay its proportion of the entire indebtedness of the estate, and as shall be just and equitable between the assignor and the creditors and all persons interested in the assigned estate. When the court authorizes the assignee to exchange such property in payment of the proved indebtedness of the estate at the prices so fixed, and when, in the opinion of the court, the best interests of the estate are promoted thereby, it may order the assignee to first offer such property at public auction; and, in that case, it shall provide by its order the kind and form of notice to be given of such sale. The assignee at such sale shall offer and sell the property to the highest and best bidder therefor in proved accounts against the estate, and he shall not accept any bid lower than the price fixed by the court on the property so offered.

(7) Any person who violates or causes another to violate any provision of this article shall forfeit and pay to the general fund of the state a civil penalty of not more than five thousand dollars for each such violation.

(8) A court shall award costs, attorney fees, and expert witness fees to the attorney general in all actions where the attorney general successfully enforces this article.

CHARITABLE SOLICITATIONS

ARTICLE 16

Colorado Charitable Solicitations Act

6-16-101. Short title. This article shall be known and may be cited as the "Colorado Charitable Solicitations Act".

Source: L. 88: Entire article added, p. 350, § 1, effective July 1.

6-16-102. Legislative declaration. The general assembly hereby finds that fraudulent charitable solicitations are a widespread practice in this state that results in millions of dollars of losses to contributors and legitimate charities each year. Legitimate charities are harmed by such fraud because the money available for contributions continually is being siphoned off by fraudulent charities, and the goodwill and confidence of contributors continually is being undermined by the practices of unscrupulous solicitors. The general assembly further finds that legitimate charities provide many public benefits and that charitable donations are a direct result of public trust in charities. The general assembly therefore finds that the provisions of this article, including those involving pertinent information to be filed in a timely manner by charitable organizations and disclosures to be made by paid solicitors, are necessary to protect the public's interest in making informed choices as to which charitable causes should be supported. Furthermore, these provisions are intended to help the secretary of state investigate allegations of wrongdoing in charities, without having a chilling effect on donors who wish to give anonymously or requiring public disclosure of confidential information about charities.

"Charitable organization" does not include the department of revenue collecting voluntary contributions for organ and tissue donations under the provisions of sections 42-2-107 (4)(b)(V) and 42-2-118 (1)(a)(II), C.R.S.

(2) "Charitable purpose" means any benevolent, educational, philanthropic, humane, scientific, patriotic, social welfare or advocacy, public health, environmental conservation, civic, or other eleemosynary purpose, any objective of law enforcement officers, firefighters, other persons who protect the public safety, or veterans, or any objective of sponsoring the free or subsidized attendance of persons at any event.

secretary of state upon a form prescribed by the secretary of state. Each chapter, branch, or affiliate of a charitable organization that is required to file a registration statement under this section either shall file a separate registration statement or shall report the necessary information to its parent charitable organization, which then shall file a consolidated registration statement.

(2) The registration statement must be signed and affirmed under penalty of perjury as defined in section 18-8-503 by an officer of the charitable organization, which may include its chief fiscal officer, and must contain the following information:

(a) The name of the charitable organization, the purpose for which it is organized, and the name or names under which it intends to solicit contributions;

(b) The address and telephone number of the principal place of business of the charitable organization and the address and telephone number of any offices in this state, or, if the charitable organization does not maintain an office in this state, the name, address, and telephone number of the person that has custody of its financial records;

An organization that was first legally established within the past year and thus does not have financial information or a form 990 for its most recent fiscal year shall provide to the secretary of state a financial report based on good faith estimates for its current fiscal year on a form prescribed by the secretary of state. (c) A charitable organization shall report any changes of name, address, principals, corporate forms, tax status, and any other changes that materially affect the identity or business of the charitable organization to the secretary of state within thirty days after the change.

(5) (a) Every charitable organization required to register under this section shall annually file with the secretary of state a financial report for the most recent fiscal year on a form prescribed by the secretary of state, or, in the discretion of the secretary of state, a copy of the charitable organization's federal form 990, with all schedules except schedules of donors, for the most recent fiscal year. The financial report must be filed on or before the earlier of the fifteenth day of the eighth calendar month after the close of each fiscal year in which the charitable organization solicited in this state or the date authorized for filing a form 990 with the internal revenue service. A charitable organization that is unable to file a copy of its form 990 return or the secretary of state's financial form by the prescribed deadline may request an extension of the filing deadline from the secretary of state. (b) Upon request, the charitable organization shall provide the secretary of state with a copy of its application for extension of time to file with the internal revenue service in order to verify the date authorized for filing its form 990 with the internal revenue service.

(6) The following are not required to file a registration statement:

All such fees collected shall be deposited in the department of state cash fund created in section 24-21-104 (3)(b), C.R.S.

(8) The secretary of state shall examine each registration to determine whether the applicable requirements of this section are satisfied. The secretary of state shall notify the charitable organization within ten days after receipt of its application of any deficiencies therein, otherwise the registration shall be deemed approved as filed. The secretary of state shall issue each approved applicant a registration number.

(9) A charitable organization that is required to register under this article 16 shall not:

PART 3

6-18-301. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that the rapidly changing health-care market provides unique opportunities for health-care providers to organize themselves into new forms of collaborative systems to deliver high quality health care at competitive market prices to cooperatives and other purchasers. This part 3 is enacted to encourage such collaborative arrangements and to further market-based competition among health-care providers.

(2) The general assembly further recognizes that in order to achieve the most effective use of resources and medical technology to respond to changing market conditions, providers who would otherwise be competitors with each other will need to horizontally integrate in order to develop collaborative arrangements to guarantee an adequate number of providers to service the market and to vertically integrate in order to guarantee that those who receive services will have a continuum of care as appropriate to their care needs.

(3) The general assembly also recognizes that to effect such new forms of collaborative systems and integration of providers to service the market will require an analysis of existing methods of providing services, contracting, collaborating, and networking among providers and the extent and type of regulatory oversight of licensed provider networks or licensed individual providers which is appropriate to protect the public.

6-18-302. Creation of provider networks - requirements. (1) (a) Providers are hereby authorized to conduct business collaboratively as provider networks. Such networks are entities existing on or before July 1, 1994, that meet the definition of a provider network or may be created as any lawful entity under title 7, C.R.S., or as otherwise allowed by law. Provider networks existing on or before July 1, 1994, and provider networks created on and after July 1, 1994, conducting business pursuant to this part 3, in addition to the matters otherwise required, shall be subject to this article.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), if a provider network or individual provider organized on or after July 1, 1994, or organized prior to said date, proposes or is engaged in the transaction of insurance business, as defined in section 10-3-903, C.R.S., or the activities of a health maintenance organization as defined in section 10-16-102 (35), C.R.S., such provider network or individual provider must hold a certificate of authority

from the commissioner of insurance to do business as an insurance company under title 10, C.R.S., or to establish a health maintenance organization under section 10-16-402, C.R.S.

(II) The fact that a provider network or individual provider has a capitated contract or other agreement with a carrier, pursuant to which the provider network or individual provider shares some of the risk of providing services to groups or individuals covered under a health-care coverage plan issued by a carrier, shall not, in and of itself, be grounds for a determination by the commissioner of insurance that the provider network or individual provider is engaged in the transaction of insurance business.

(III) The commissioner of insurance, in consultation with providers and other appropriate persons, shall evaluate the need for specific legislation or rules for the licensure of provider networks and individual providers and, if determined appropriate, shall make recommendations thereon to the general assembly and governor and shall adopt such rules that are specific to licensed provider networks and licensed individual providers as provided in section 10-1-108 (13), C.R.S. A licensed provider network or licensed individual provider shall be subject to applicable provisions of title 10, C.R.S., except as otherwise provided in statute or rule adopted pursuant to section 10-1-108 (13), C.R.S.

(IV) Every licensed provider network that conducts insurance business in the state of Colorado shall:

(A) Obtain from the commissioner of insurance, before the start of business, a certificate of authority authorizing the provider network to conduct business in the state of Colorado;

(B) Maintain its principal and home office in the state of Colorado, maintain such books and records in this state, and maintain principal banking relationships with a bank chartered by the state of Colorado or a member bank of the federal reserve system;

(C) Hold at least one board of directors' meeting each year in the state of Colorado;

(D) Include in the provider network's management and administrative agreements, for essential insurance services, a provision that allows the commissioner reasonable access to examine such books and records; and

(E) For purposes of this paragraph (b), substantially perform in the state of Colorado the essential functions of the licensed provider network's principal and home office, including, but not limited to, the provision and administration of health-care services, the issuance of health-care plans, the maintenance of health-care provider relations, and the provision of consumer information and services.

(2) If applicable, a network organized on and after July 1, 1994, is organized when the articles of organization are filed by the secretary of state or, if a delayed effective date is specified in the articles as filed with the secretary of state and a certificate of withdrawal is not filed, on such delayed effective date. The existence of the network begins upon organization.

(3) If applicable, each provider network shall file a report pursuant to section 7-136-107, C.R.S., and pay a fee to the secretary of state which shall be determined and collected pursuant to section 24-21-104 (3), C.R.S., in lieu of all franchise or corporation license taxes.

(4) A provider network or individual provider may request that specified information submitted to the division of insurance be kept confidential because it is a trade secret as defined in section 7-74-102 (4), C.R.S. The division shall honor such request unless the commissioner determines that the information is already public knowledge or that its confidentiality would be contrary to the public interest or the provider subsequently authorized the commissioner to release such information.

(1) Except as provided in subsection (2) of this section, the fact that an entity or provider is a member of a provider network shall not exempt such entity or provider from any licensure or regulatory statute, nor shall any scope of practice of any provider be expanded, reduced, or otherwise modified by virtue of membership in or affiliation with any provider network.

ARTICLE 19

Transactions Involving Licensed Hospitals

Law reviews: For article, "Attorney General Review of Asset Transfers by Nonprofit Hospitals", see 28 Colo. Law. 37 (Feb. 1999).

PART 1

GENERAL PROVISIONS

6-19-101. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that all licensed and certified hospitals provide a service to the public by making health-care services available to the communities they serve.

(2) Furthermore, for purposes of the attorney general's authority over the transfer of nonprofit hospital assets, all nonprofit hospitals shall be deemed to hold all of their assets in trust, and those assets shall be deemed to be dedicated to the specific charitable purposes set forth in the articles of incorporation or other organic documents of the nonprofit entities that hold them in trust. The public is the beneficiary of this trust. Nonprofit hospitals have a substantial and beneficial effect on the provision of health care to the people of Colorado, providing as part of their charitable purposes uncompensated care to the uninsured or underinsured and including, but not limited to, providing moneys and support for health-related research and education or other community benefits. The general assembly also finds that transfers of the assets of nonprofit hospitals to the for-profit sector may directly affect the character and extent of the charitable use of those assets or the proceeds from the assets. The public also has an interest in knowing that the transfer of the assets of a nonprofit hospital, or the proceeds from the assets, preserves, to the extent practicable, their charitable purpose. The general assembly believes it is in the best interest of the public to ensure that the public interest is fully protected whenever the assets of a hospital are transferred to a for-profit entity except in the ordinary course of business.

(3) The general assembly further finds and declares that all transfers of hospital assets or control have the potential to impact the communities they serve. This article is intended to protect the public interest, to assure that nonprofit assets of hospitals are preserved to serve the charitable purposes to which they were dedicated, and to provide the public notice of all

transfers of assets of hospitals that constitute covered transitions as defined in this article and shall be construed with these purposes in mind.

(4) The general assembly further finds and declares that the addition of the factors to be considered in relation to the term "material change" in section 6-19-203 (1) is intended to clarify the provisions of this article.

6-19-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Covered transaction" means any transaction that would result in the sale, transfer, lease, exchange, or other disposition of fifty percent or more of the assets of a hospital. A series of transactions taking place in any five-year period, which would result in the aggregate of the transfer of fifty percent or more of a hospital's assets, shall in all circumstances be deemed to be a covered transaction. "Covered transaction" shall also include the sale, transfer, or other disposition of the control of a parent company, holding company, or other entity controlling a hospital. For the purposes of this subsection (1), "fifty percent or more of the assets" shall be based on the fair market value of all of the assets of the hospital.

(2) "For-profit entity" means a business corporation, general partnership, limited partnership, limited liability limited partnership, limited liability partnership, limited liability company, limited partnership association, and cooperative.

(3) "Hospital" means a licensed or certified hospital as described in section 25-1.5-103 (1)(a)(I) and (1)(a)(II), C.R.S.

(2) Whenever the attorney general has reason to believe that a person has engaged in or is engaging in a covered transaction without complying with the provisions of this article, the attorney general may apply for and obtain, in an action in the appropriate district court of this state, a temporary restraining order or injunction, or both, pursuant to the Colorado rules of civil procedure prohibiting such person from continuing such noncompliance or engaging therein or doing any act in furtherance thereof. The court may make such further orders or judgments, at law or in equity, as may be necessary to remedy such noncompliance.

6-19-202. Notice. Notice shall be provided by the parties to a covered transaction according to section 6-19-103 and shall include a statement on the charitable purposes of each nonprofit entity entering into the covered transaction as well as a statement concerning the relationship of these purposes to the hospital involved in the transaction. 6-19-203. Attorney general review and assessment. (1) A covered transaction under this part 2 that will not result in a material change in the charitable purposes to which the assets of the hospital have been dedicated, and will not result in a termination of the attorney general's jurisdiction over those assets caused by a transfer of a material amount of those assets outside of the state of Colorado, shall proceed without further review. In considering whether a material change results from the transaction, the attorney general shall consider, among other factors, reductions in the availability and accessibility of health-care services in the communities served by the hospital.

(2) When a transaction covered by this part 2 will result in a material change in the charitable purposes to which the assets of the hospital have been dedicated, or a termination of the attorney general's jurisdiction over the hospital assets caused by a transfer of a material amount of those assets outside the state of Colorado, the attorney general may exercise his or her common law authority to assess and review or challenge the transaction as deemed appropriate by the attorney general. If the attorney general decides to conduct an assessment or review the following provisions shall apply to such actions of the attorney general:

(a) The attorney general shall perform a review and assessment to the extent practicable and with due consideration to the financial circumstances of the parties to the transaction. The attorney general is further authorized to:

(I) Hire experts, at the expense of the parties to the transaction, as similarly provided for in section 6-19-406 (1)(b) and to accept and expend grants or donations, or both, as similarly provided for in section 6-19-406 (1)(e);

(II) Contract and consult with other state agencies as similarly provided for in section 6-19-406 (1)(a);

(III) Require production of material documentation, such as the proposed agreements relating to the proposed transaction, agreements regarding collateral transactions relating to the proposed transaction, and any reports of financial and economic analysis that the nonprofit entity reviewed or relied on in negotiating the proposed transaction. These documents shall be treated in the same manner as set forth in section 6-19-404 (4).

(IV) Hold a public hearing as similarly provided for in section 6-19-404 (1). The attorney general shall provide a written determination within the time frames or extended time frames as similarly provided for in section 6-19-402 (2).

(b) The attorney general shall have the authority to allow a transaction that satisfies the following criteria:

(I) The assets continue to be dedicated to charitable purposes;

(II) The directors or trustees of the parties to the transaction have not acted unreasonably in light of the financial circumstances of the parties;

(III) The directors or trustees of the parties to the transaction have not acted unreasonably in accommodating the affected community or communities; and

(IV) The directors or trustees of the parties to the transaction have not breached their fiduciary duties or otherwise engaged in misconduct in such transaction.

(c) The attorney general shall liberally construe the criteria set forth in paragraph (b) of this subsection (2) in favor of allowing a transaction to proceed.

(1) The proposed transaction shall comply with the provisions of this section, and the parties to the transaction shall include in the filing required by section 6-19-402 documentation and certification from the parties, either joint or several as appropriate, that the covered transaction will comply with the following:

(a) The transaction shall be in the public interest. A transaction is not in the public interest unless appropriate steps have been taken to safeguard the value of nonprofit hospital assets being transferred and to ensure that any proceeds of the transaction are dedicated to the charitable purposes.

(b) The transaction results in continuing access to health-care services for the affected community.

(c) No director, officer of the board, chief executive officer, chief operating officer, or chief financial officer of the nonprofit entity submitting the filing or a nonprofit charitable organization receiving the proceeds of the covered transaction shall benefit directly or indirectly from the transaction.

(d) The nonprofit entity proposing the transaction shall use due diligence in selecting the for-profit entity that is a party to the transaction and in negotiating the price and other terms and conditions of the transaction.

(e) Proceeds of the covered transaction shall be set aside in an amount equal to the fair market value of the hospital assets being transferred. Fair market value shall be determined at the time of the transaction and include consideration of market value, going concern value, net asset value, and any other significant relevant factors.

(f) The distribution of the proceeds of the covered transaction shall be made only to one or more existing or new charitable organizations operating pursuant to 26 U.S.C. sec. 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended.

(g) Each nonprofit charitable organization receiving the proceeds of the covered transaction, its directors, officers, and staff shall be and remain independent of the parties to the transaction and their affiliates. Except as provided in this paragraph (g), no person who is a director, officer of the board, chief executive officer, chief operating officer, or chief financial officer of any party to the transaction submitting the notice and filing, at the time the notice is submitted or at the time of the transaction, shall be qualified to be an officer of the board, chief executive officer, chief operating officer, or chief financial officer of the nonprofit charitable organization receiving the proceeds of the covered transaction. The nonprofit entity that is a party to the proposed transaction shall include in its notice and filing the proposed membership of the initial board of directors of the nonprofit charitable organization that is to receive the proceeds of the covered transaction that shall represent the diverse interests of the affected communities and include persons from the area affected by the transaction. Notwithstanding the requirements of this paragraph (g), each nonprofit charitable organization receiving the proceeds of the covered transaction may have persons affiliated with parties to the transaction or their affiliates serve on its board of directors provided that such persons do not constitute more than one-third of the members of the board.

(h) A nonprofit charitable organization receiving the proceeds of the covered transaction shall put mechanisms in place to avoid conflicts of interest and to prohibit grants or other actions benefiting its board of directors or management beyond the reasonable value of their services or substantially benefiting the for-profit entity.

(i) The charitable mission and functions of the nonprofit charitable organization receiving the proceeds of the covered transaction shall reflect the historical charitable purposes of the nonprofit entity proposing the transaction.

6-19-404. Attorney general review. (1) No later than thirty days after the attorney general has received the completed notice and filing pursuant to section 6-19-402, the attorney general shall hold at least one public hearing in the service area of the hospital involved in the transaction, at which the attorney general shall allow any person to either file written comments and exhibits or appear and make a statement about any aspect of the transaction, including, but not limited to, whether the proposed transaction complies with the requirements of section 6-19-403. At least seven days prior to each public hearing, the attorney general shall submit a press release providing pertinent information about the hearing, including the time and place of the hearing, to one or more newspapers of general circulation in the affected communities and notify the mayor of the city or city and county and the board of county commissioners of the county in which the hospital is located. The public hearing shall be a legislative rather than an adjudicative hearing.

(2) The attorney general shall have the power to subpoena documents or witnesses, require and administer oaths, and require statements at any time that are reasonably necessary to assess an application or monitor compliance with this section.

(3) If any person fails to cooperate with any investigation pursuant to this section or fails to obey any subpoena issued pursuant to this section, the attorney general may apply to the appropriate district court for an appropriate order to effect the purposes of this section. The application shall state that there are reasonable grounds to believe that the order applied for is necessary to carry out the attorney general's duties under this section. If the court is satisfied that reasonable grounds exist, the court, in its order, may:

(a) Require the attendance of or the production of documents by such person, or both;

(b) Grant such other or further relief as may be necessary to obtain compliance by such person.

(4) Except for documents the attorney general determines to be confidential as a matter of law, the documents filed pursuant to section 6-19-402 shall be available to the public for review and copying during normal business hours at both the attorney general's office and the offices of the parties to the transaction. Reasonable costs of copying shall be borne by the parties if copies are requested at their offices.

For a period of not less than five years, the for-profit entity shall provide the attorney general with an annual report detailing its activities to satisfy the requirements of section 6-19-403 at the time of the review and assessment. 6-19-406. Attorney general powers. (1) The attorney general has the following powers:

(a) To contract with, consult with, and receive advice from any state agency on those terms and conditions that the attorney general and the executive director deem appropriate;

(b) To contract with persons including, but not limited to, attorneys, accountants, actuaries, financial analysts, and health-care analysts as is reasonable and necessary to assist in reviewing a proposed transaction. Contract costs shall be borne by the parties to the transaction and shall not exceed an amount that is reasonably necessary to conduct the review and assessment.

(c) To adopt regulations or guidelines as necessary in order to carry out the requirements of this section;

(d) The discretion to determine, consistent with the requirements of section 6-19-404, the degree of administrative review of the transaction that is necessary to determine whether the transaction conforms with the requirements of section 6-19-403. This determination shall be made by taking into consideration, among other things, the size of the transaction, the size of all

communities affected by the transaction, the impact on the communities, and the past performance of the for-profit entity.

(e) To accept and expend grants or donations, or both, not to exceed fifty thousand dollars for the purpose of the implementation of this article. Any such grants or donations shall be deposited into and expended from the nonprofit health care entity review cash fund created in paragraph (f) of this subsection (1).

(f) To request and receive from the for-profit entity such sums as may be prescribed by the attorney general to cover the necessary and actual costs for monitoring for the ensuing five-year period to ensure that the transaction remains in compliance with the requirements of section 6-19-403. Any moneys collected pursuant to this paragraph (f) shall be transmitted to the state treasurer, who shall credit the same to the nonprofit health care entity review cash fund, which fund is hereby created in the state treasury. The moneys in such fund shall be continuously appropriated for the direct and indirect costs of such monitoring. In accordance with section 24-36-114, C.R.S., all interest derived from the deposit and investment of this fund shall be credited to the general fund.

(g) To hold a hearing after twenty days' notice to the affected parties if the attorney general receives information that the attorney general deems sufficient to indicate that the nonprofit charitable organization or for-profit entity may not be fulfilling its obligations pursuant to section 6-19-403. If, after such hearing, the attorney general determines that proof of the noncompliance is probable, he or she shall institute proceedings in district court to require corrective action. The attorney general shall retain oversight of the corrective action for as long as necessary to ensure compliance. Nothing in this section shall be construed to limit the attorney general's power to enforce compliance with this section after the expiration of the five-year period contemplated by paragraph (f) of this subsection (1).

6-19-407. Attorney general review and assessment. (1) The attorney general may review any notice and filing made under this part 4 and assess whether the proposed transaction complies with the requirements of section 6-19-403.

(2) If, after review and assessment, the attorney general concludes that all of the requirements of section 6-19-403 have been met, the attorney general shall issue a written assessment and conclusion to such effect on the proposed transaction. If the attorney general concludes, after discussions with the parties to the transaction, that all of the requirements of section 6-19-403 have not been met, or if the attorney general is unable to conclude whether or not all of the requirements of section 6-19-403 have been met, the attorney general shall issue a written assessment and conclusion to such effect on the proposed transaction. Such nonconclusive or noncomplying assessment and conclusion shall include specific findings on each of the requirements of section 6-19-403. The attorney general may also issue a written statement that a formal assessment and review has not been determined necessary for the covered transaction or that the transaction does not constitute a covered transaction.

(3) The attorney general may challenge any proposed transaction at any time through injunction, declaratory order, or otherwise, in the district court of the jurisdiction in which the nonprofit entity proposing the transaction has its principal place of business or where the hospital involved in the transaction is located. If the attorney general's assessment and review

under this section is challenged in court, the attorney general's conclusions shall be the focus of the review by the reviewing court and shall be given strong deference by such court. The burden shall be upon the proponents of the transaction to establish that the attorney general's conclusions are not in conformance with statutory provisions. The court shall have the power to issue whatever orders are necessary to ensure compliance with the provisions of section 6-19-403.

the medical debt and the health-care provider shall indemnify the medical creditor for any fees awarded as part of the judgment in connection with the medical debt.

(c) As the term "medical creditor" is defined in section 6-20-201 (6)(a), refund any excess amount to the patient if the patient has paid any part of the medical debt or if any of the patient's money has been seized or levied in excess of the amount that the patient owes after application of required discounts;

(c) If it is determined that the patient should have been screened pursuant to section 25.5-3-502 and is eligible for discounted care pursuant to section 25.5-3-503 or that the bill underlying the medical debt is eligible for reimbursement through a public health-care coverage program and the debt is not returned to or recalled by the medical debt seller, the medical debt buyer shall adhere to procedures that must be specified in the agreement that ensures the patient will not pay, and has no obligation to pay, the medical debt buyer and the medical creditor together more than the patient is personally responsible for paying.

(6) The medical debt seller shall indemnify the medical debt buyer for any amount paid for a debt that is returned to or recalled by the medical debt seller.

(7) Nothing in this section limits or affects a health-care provider's right to pursue against any party other than the patient the collection of personal injury, liability, uninsured, underinsured, medical payment rehabilitation, disability, homeowner's, business owner's, workers' compensation, fault-based insurance, subrogated claims, or other claims not against the patient.

6-22-104. Residential roofing contract - payment from insurance proceeds - right to rescind - return of payments. (1) (a) A property owner who enters into a written contract with a roofing contractor to perform roofing work on the property owner's residential property, the payment for which will be made from the proceeds of a property and casualty insurance policy issued pursuant to part 1 of article 4 of title 10, C.R.S., may rescind the contract within seventy-two hours after the property owner receives written notice from the property and casualty insurer that the claim for payment for roofing work on the residential property is denied in whole or in part. The property owner's right of rescission under this subsection (1) does not apply when the property and casualty insurer denies, in whole or in part, a claim related to a request for supplemental roofing services if the damage requiring the supplemental roofing services could not have been reasonably foreseen as a necessary and related roofing service at the time of the initial roofing inspection or the execution of the initial roofing contract.

roofing work actually performed on the residential property in a workmanlike manner consistent with standard roofing industry practices, but the roofing contractor may retain only an amount required to compensate the roofing contractor for the actual work performed.

(4) Nothing in this section abrogates the roofing contractor's right to pursue common law remedies for the reasonable value of roofing materials ordered and actually installed on the residential property pursuant to a contract for roofing work before the property owner rescinded the contract, as long as the roofing contractor performed the roofing services consistent with roofing industry standards for workmanlike performance of roofing services.

Nothing in this subsection (3) precludes a roofing contractor from discussing, on behalf of the property owner, the scope of repairs with a property and casualty insurer when the roofing contractor has a valid contract with the property owner of the residential property on which the roofing contractor has contracted to perform roofing work.

6-24-106. Endowment care fund. (1) A cemetery authority of an endowment care cemetery shall establish an irrevocable endowment care fund for each endowment care cemetery owned, maintained, or operated by it in a state bank or trust company authorized to act as fiduciary and under the supervision of the banking board or in a national banking association authorized to act as fiduciary or in a state or federally chartered savings and loan association authorized to act as a fiduciary. The endowment care fund shall be invested in investments lawful for trustees, which shall not include investments in nor mortgages on property owned or contracted for by the cemetery authority or any owned or affiliated company.

(2) (a) A cemetery authority of an endowment care cemetery shall make deposits in the endowment care fund or, if it operates more than one endowment care fund, in the appropriate endowment care fund, in accordance with one of the following plans:

(I) Plan A:

It shall deposit in the fund not more than thirty days after any sale is completed at least fifteen percent of the sales price of any grave space and at least ten percent of the sales price of any crypt or niche, and in case any sale has not been completed within sixty months after date of first payment, it shall deposit in the fund, not later than one month after the sixtieth month, at least fifteen percent of the sales price of any grave space and at least ten percent of the sales price of any crypt or niche. (II) Plan B:

It shall deposit, not later than thirty days after the end of the fiscal year in which the payments are received, fifteen percent of all payments received on account of the sale of any grave space and at least ten percent of all payments received on account of the sale of a niche or crypt. This deposit requirement applies to all uncompleted sales contracts that carry an endowment care provision.

(III) Plan C: (applicable only to sale of niches or crypts in a mausoleum)

It shall deposit in its endowment care fund for the mausoleum, not later than thirteen months after the end of its fiscal year in which any sale is completed, at least ten percent of the sale price of any niche or crypt, and in case any sale has not been completed within twenty-four months after date of first payment, it shall deposit in the fund, not later than one month after the end of its fiscal year in which the last day of the twenty-four month period occurs, at least ten percent of the sales price of any niche or crypt. A sale is completed at the time the final payment is made and no balance remains due to the cemetery authority, whether or not a deed has been issued. If a contract of sale is rewritten, the date of first payment under the original contract of sale shall be the date of first payment under the rewritten contract of sale.

(b) As to any endowment care cemetery in operation on July 1, 1965, this subsection (2) shall only apply to all sales contracts entered into on or after the date.

(3) (a) The cemetery authority of an endowment care cemetery, before commencing operation, on or after July 1, 1965, shall have on deposit in the endowment care fund a sum in accordance with the following scale:

For 10,000 or less population $10,000
For more than 10,000 but less than 20,000 population $15,000
For 20,000 but less than 25,000 population $20,000
For 25,000 or more population $25,000

(b) "Population" means the people residing within a twenty-mile radius of the location of the endowment care cemetery, the population figure to be taken from the latest federal decennial census.

(c) The cemetery authority for the endowment care cemetery shall thereafter make deposits in accordance with subsection (2) of this section. When the deposits have reached twice the amount stated in the above table, the cemetery authority may withdraw the sum of the initial

deposit in amounts equal to the amounts deposited thereafter until the initial deposit has been withdrawn.

(4) A cemetery authority of a nonendowment care cemetery which converts to operation as an endowment care cemetery on or after July 1, 1965, shall deposit in its endowment care fund the sum of ten thousand dollars before making any further sale of any grave space or niche or crypt. The cemetery authority for the cemetery shall thereafter make deposits in accordance with subsection (2) of this section until total deposits into the endowment care fund have reached twenty thousand dollars. It may thereafter withdraw from the initial ten thousand dollar deposit amounts equal to the amounts of deposits thereafter made until the entire ten thousand dollar initial deposit has been withdrawn and replaced by deposits in accordance with subsection (2) of this section.

(5) The cemetery authority of an endowment care cemetery that constructs foundations for the setting of markers or memorials and receives payment for the care of the markers or memorials as part of the cost of foundation construction, setting charges, or itemized endowment requirements shall deposit all of the care payments in their irrevocable endowment care fund not later than one month after the end of its fiscal year in which the payments are received.

(6) The cemetery authority of an endowment care cemetery shall keep in its principal office a copy of the report referred to in section 6-24-107, which shall be available to any grave space, niche, or crypt owner or his or her duly authorized representative for inspection and study.

(7) (a) The endowment care fund, for all purposes, shall constitute a nonprofit irrevocable trust fund. The fiduciary shall not distribute principal from an endowment care fund; except that principal may be distributed from the fund to the extent that a unitrust election is in effect under subsection (8)(a)(II) of this section.

(b) Endowment care is a provision for the benefit and protection of the public by preserving and keeping cemeteries from becoming unkempt and places of reproach and desolation in the communities in which they are situated. The income from the fund is for the benefit of the public for the purposes provided for in the trust agreement.

(8) (a) The cemetery authority of an endowment care cemetery may choose the distribution as income of either of the following from the endowment care fund:

(I) All net income, including net realized capital gains; or

(II) An amount set and administered in accordance with part 3 of article 1.2 of title 15 for unitrust elections.

(b) (I) A cemetery authority may request that the fiduciary convert an endowment care fund to a unitrust. To take effect during a specific calendar year, the request must be made by delivering written instructions to the fund's fiduciary by November 2 of the year before the trust is converted. Once the fiduciary and the cemetery authority agree on the terms and conditions of conversion, the distribution method, and the distribution rate, these terms remain in effect until the fiduciary and the cemetery authority agree to a change.

(II) Disbursements from the trust shall be made on a monthly, quarterly, semi-annual, or annual basis, as agreed upon by the cemetery authority and the fiduciary. If the fiduciary and cemetery authority are in agreement, the fiduciary need not obtain any court approval or notify a court to set or change the timing of disbursements.

(III) The fiduciary is subject to part 3 of article 1.2 of title 15 when administering an endowment care fund for which the unitrust election has been made; except that, in the event of a conflict between this section and part 3 of article 1.2 of title 15, this section controls.

(c) If the fiduciary does not receive written instructions from the cemetery authority informing the fiduciary of the method of income distribution chosen, then the fiduciary shall calculate and disburse the earned net income under subsection (8)(a)(I) of this section on a monthly basis.

ARTICLE 29

Colorado 340B Contract Pharmacy Protection Act

6-29-101. Short title. The short title of this article 29 is the "Colorado 340B Contract Pharmacy Protection Act".

Source: L. 2025: Entire article added, (SB 25-071), ch. 313, p. 1637, § 2, effective August 6.

6-29-102. Legislative declaration. (1) The general assembly finds and determines that:

(a) The 340B drug pricing program requires drug manufacturers to provide drug discounts on identified outpatient drugs to 340B covered entities as a condition of medicaid and medicare part B covering those drugs;

(b) Congress created the 340B program in 1992, stating that the program's benefits "enable [covered] entities to stretch scarce Federal resources as far as possible, reaching more

eligible patients and providing more comprehensive services." (H.R. Rep. No.102-384 (II), at 12 (1992)).

(c) The 340B program supports Colorado's medically vulnerable and underserved populations by providing additional resources to 340B covered entities and allowing these entities to determine the most effective use of these resources;

(d) The 340B program is a critical component of Colorado's safety net infrastructure;

(e) Colorado has sixty-eight hospitals statewide that participate in the 340B program, with nearly ninety percent of these hospitals operating under unsustainable long-term margins;

(f) Additionally, Colorado has twenty federally qualified health centers, or FQHCs, all of which participate in the 340B program and sixty-five percent of which currently operate with negative margins;

(g) Colorado hospitals participating in the 340B program utilize program benefits to address their communities' unique needs, which include providing direct prescription drug discounts, subsidizing uncompensated charity care and medicaid underpayments to remain financially operational, supporting opioid use disorder treatment, funding mobile health-care and immunization clinics, and paying for chemotherapy and infusion centers;

(h) Colorado's FQHCs are the primary care medical home for one in seven Coloradans, with eighty-nine percent of FQHCs' patients in 2023 living with family incomes below two hundred percent of the federal poverty guideline and twenty-three percent uninsured;

(i) Colorado's FQHCs utilize 340B program benefits to address their communities' unique needs, which include reduced drug prices for patients, provider recruitment and retention, and expansion of oral health and behavioral health services that the FQHCs would otherwise not be able to offer;

(j) Further, Colorado's FQHCs experienced an estimated loss of four million three hundred dollars in 340B program savings in the last two years;

(k) Conversely, in 2023, sixteen of the largest pharmaceutical companies reported six hundred eighty-four billion dollars in earnings in their annual financial reports, a figure that was higher than the gross domestic product of eighty-eight percent of the countries in the world;

(l) In addition, the eight largest pharmaceutical companies paid a combined two billion dollars in federal taxes on two hundred fourteen billion dollars of domestic revenue in 2022, according to their 10-K annual financial reports;

(m) In 2022, Colorado hospitals provided two billion one hundred million dollars of community benefit;

(n) Starting in 2020, pharmaceutical manufacturers began to unlawfully place restrictions on 340B covered entities using contract pharmacies to dispense drugs to patients, unilaterally limiting the 340B program's benefits; and

(o) In a letter dated July 28, 2023, from William Tong, attorney general of Connecticut, to the United States senate 340B working group, and signed by twenty-two other bipartisan attorneys general, the attorneys general declared that "outpatient pharmacies are a key mechanism for the delivery of life-saving drugs to eligible patients, including those who have limited access to transportation, live in remote or rural areas, or are confined to their homes and rely on mail-order pharmacies."

(2) Therefore, the general assembly declares that this article 29 prohibiting pharmaceutical manufacturers from imposing limitations or placing restrictive conditions on 340B covered entities is necessary to protect Colorado's vulnerable patients and safety net

providers and to ensure that much-needed financial resources generated by the 340B program remain in Colorado for the benefit of the public.
