(IV) The opinion must be based on standards adopted from time to time by the Actuarial Standards Board or its successor, and on such additional standards as may be prescribed in the valuation manual.

(V) In the case of an opinion required to be submitted by a foreign or alien company, the commissioner may accept the opinion filed by that company with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to a company domiciled in this state.

(VI) Except in cases of fraud or willful misconduct, the appointed actuary is not liable for damages to any person, other than the insurance company and the commissioner, for any act, error, omission, decision, or conduct with respect to the appointed actuary's opinion.

(VII) Disciplinary actions capable of being taken by the commissioner against the company or the appointed actuary must be defined in rules promulgated by the commissioner.

(c) Every company with outstanding life insurance contracts, accident and health insurance contracts, or deposit-type contracts in this state and subject to regulation by the commissioner,

except as exempted in the valuation manual, shall also annually include in the opinion required by this subsection (2) an opinion of the same appointed actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified in the valuation manual, when considered in light of the assets held by the company with respect to the reserves and related actuarial items, including the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the company's obligations under its policies and contracts, including the benefits under and expenses associated with the policies and contracts.

(d) Each opinion required by paragraph (c) of this subsection (2) is governed by the following provisions:

(I) A memorandum, in form and substance as specified in the valuation manual and acceptable to the commissioner, must be prepared to support each actuarial opinion.

(II) If the insurance company fails to provide a supporting memorandum at the request of the commissioner within a period specified in the valuation manual, or the commissioner determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the valuation manual or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare the supporting memorandum required by the commissioner.

Source: L. 92: Entire section added, p. 1494, § 23, effective July 1. L. 2015: Entire section amended, (HB 15-1048), ch. 63, p. 153, § 2, effective August 5.

Editor's note: Subsection (1.1) is similar to former subsection (1)(e) as it existed prior to 2015.

10-7-115. Insurable interest - 170 (c) organizations.

Notwithstanding any other provision of law, any organization that meets the requirements of section 170 (c) of the federal "Internal Revenue Code of 1986", as amended, may own or purchase life insurance on an insured who gives written consent to the ownership or purchase of that insurance. The provisions of this section do not limit or abridge any insurable interest or right to insure now existing at common law or by statute, shall be construed liberally to sustain the existence of an insurable interest, and shall stand as a declaration of existing law applicable to all life insurance policies whenever issued, in existence on or after March 20, 1992.

Source: L. 92: Entire section added, p. 1760, § 1, effective March 20.

Editor's note: This section was originally numbered as § 10-7-114 by House Bill 92-1031 but was renumbered on revision for ease of location.

10-7-116. Military sales - rules.

The commissioner shall promulgate rules, consistent with federal law, to define dishonest, unfair, and deceptive marketing and sales practices to military personnel and their families. The rules shall not affect federal insurance programs under 38 U.S.C. sec. 1965 et seq.

Source: L. 2007: Entire section added, p. 1990, § 1, effective August 3.

PART 2

GROUP LIFE INSURANCE

10-7-201. Group life insurance.

(1) No policy of group life insurance shall be delivered in this state unless:

(a) The policyholder was formed for purposes other than obtaining insurance, or is a trust established by one or more employers or by one or more labor unions, or by one or more employers and one or more labor unions; and

(b) (Deleted by amendment, L. 2010, (HB 10-1203), ch. 47, p. 177, § 1, effective March 29, 2010.)

(c) An individual eligible for coverage is subject to such uniformly applied standards of insurability as may be imposed by the insurer.

(d) Repealed.

(2) Insurance under any group life insurance policy may be extended to insure dependents.

(3) Repealed.

L. 83: (1)(d) repealed, p. 463, § 2, effective March 16. L. 2010: (1) amended, (HB 10-1203), ch. 47, p. 177, § 1, effective March 29.

Editor's note: Subsection (1)(f) was amended in House Bill 77-1232. Those amendments were superseded by the repeal and reenactment of the section in House Bill 77-1445.

10-7-202. Policy provisions.

(1) No policy of group life insurance shall be delivered in this state unless it contains in substance the following provisions, or provisions which in the opinion of the commissioner are more favorable to the certificate owners, or at least as favorable to the certificate owners and more favorable to the policyholder; except that paragraphs (f) to (j) of this subsection (1) shall not apply to policies issued to a creditor to insure debtors of such creditor; that the standard provisions required for individual life insurance policies shall not apply to group life insurance policies; and that, if the group life insurance policy is on a plan of insurance other than the term plan, it shall contain a nonforfeiture provision which in the opinion of the commissioner is equitable to the certificate owners and to the policyholder, but nothing in this section shall be construed to require that group life insurance policies contain the same nonforfeiture provisions as are required for individual life insurance policies:

(a) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the death benefit coverage shall continue in force unless the policyholder has given the insurer written notice of discontinuance in advance of the date of discontinuance and in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the policy was in force during such grace period.

(b) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue; and that no statement made by any person insured under the policy relating to his insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's lifetime nor unless it is contained in a written instrument signed by him;

(c) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured

shall be deemed representations and not warranties, and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to the certificate owner, to his assignee, or to his beneficiary;

(d) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of his coverage;

(e) A provision specifying an equitable adjustment of premiums or of benefits or of both to be made in the event the age of a person insured is misstated, such provision to contain a clear statement of the method of adjustment to be used;

(f) A provision that any sum becoming due by reason of the death of the person insured shall be payable to the beneficiary designated by the certificate owner, subject to the provisions of the policy and in the event there is no designated beneficiary as to all or any part of such sum living at the death of the person insured, and subject to any right reserved by the insurer in the policy and set forth in the certificate to pay at its option a part of such sum not exceeding five thousand dollars to any person appearing to the insurer to be equitably entitled thereto by reason of having incurred verifiable funeral expenses or other verifiable expenses when such expenses are incident to the last illness or death of the person insured;

(g) A provision that the insurer will issue to the policyholder for delivery to the certificate owner an individual certificate setting forth a statement as to the insurance protection provided, to whom the insurance benefits are payable, and the rights and conditions set forth in paragraphs (h), (i), and (j) of this subsection (1);

(h) A provision that, if the insurance, or any portion of it, on a person covered under the policy ceases because of termination of employment or of membership in the class eligible for coverage under the policy, the certificate owner shall be entitled to have issued to him by the insurer, without evidence of insurability, an individual policy of life insurance without disability or other supplementary benefits; except that application for the individual policy shall be made, and the first premium paid to the insurer, within thirty-one days after such termination, and except that:

(I) The individual policy, at the option of the certificate owner, shall be on any one of the forms, except term insurance, then customarily issued by the insurer at the age and for the amount applied for;

(II) The individual policy shall be in an amount not in excess of the amount of life insurance which ceases because of such termination; except that any amount of insurance which has matured as an endowment, whether in one sum or in installments or in the form of an annuity, shall not, for the purposes of this provision, be included in the amount which is considered to cease because of such termination; and

(III) The premium on the individual policy shall be at the insurer's then customary rate applicable to the form and amount of the individual policy, to the class of risk to which the insured person then belongs, and to his age attained on the effective date of the individual policy;

(i) A provision that, if the group policy terminates or is amended so as to terminate the insurance of any class of insured persons, the owner of each certificate with respect to a person insured thereunder whose insurance terminates and who has been so insured for at least five years prior to such termination date shall be entitled to have issued to him by the insurer an individual policy of life insurance, subject to the same conditions and limitations as are provided by paragraph (h) of this subsection (1); except that the group policy may provide that the amount of such individual policy shall not exceed the smaller of the amount of the person's life insurance protection ceasing because of the termination or amendment of the group policy, less the amount of any life insurance for which he is or becomes eligible under any group policy issued or reinstated by the same or another insurer within thirty-one days after such termination, and two thousand dollars;

(j) A provision that, if a person insured under the group policy dies during the period within which the certificate owner would have been entitled to have an individual policy issued to him in accordance with paragraph (h) or (i) of this subsection (1) and before such an individual policy has become effective, the amount of life insurance which the certificate owner would have been entitled to have issued to him under such individual policy shall be payable as a claim under the group policy, whether or not application for the individual policy or the payment of the first premium therefor has been made.

(2) The provisions of paragraphs (h) to (j) of subsection (1) of this section shall apply to any insurance issued pursuant to section 10-7-201 on the life of a spouse of an employee or member.

Source: L. 19: p. 441, § 2. C.L. § 2595. CSA: C. 87, § 165. L. 47: p. 584, § 2. CRS 53: § 72-6-2. C.R.S. 1963: § 72-6-2. L. 67: p. 174, § 2. L. 77: (2) amended, p. 522, § 2, effective July 1. L. 83: IP(1), (1)(c), and (1)(f) to (1)(j) amended, p. 461, § 1, effective July 1. L. 85: (1)(f) amended, p. 386, § 1, effective July 1.

ANNOTATION

Where the final group policy is not issued at the time of an employee's death, but is ultimately issued subsequent thereto, the rights of the parties are governed by the terms of the orally agreed temporary insurance, if such insurance was in existence

at the time of the employee's death. Wells v. Connecticut Gen. Life Ins. Co., 469 F.2d 1231 (10th Cir. 1972).

If terms of group and individual policy are similar, then they are continuing

contract. If the terms of an individual life insurance policy are the same as those of a group life insurance policy or if the terms of the individual policy are in accord with the provisions of the conversion clause in the group policy, then the individual policy and the group policy would be deemed a single, continuing, contract to the end that the individual policy would commence to run as the date of issuance of the group policy; however, if the terms of the individual

policy differ from the terms of the group policy and are not in accord with the provisions of the conversion clause in the group policy, then the individual policy is separate and distinct from the group policy to the end that the individual policy would commence to run from the date of issuance of the individual policy. *Binkley v. Manufacturers Life Ins. Co.*, 471 F.2d 889 (10th Cir. 1973).

10-7-203. Employer defined.

The term "employer" as used in sections 10-7-201 and 10-7-202 includes counties, cities, cities and counties, incorporated towns, school districts, and other political subdivisions of this state; and such subdivisions, in order to promote the better efficiency of its employees, may insure its employees, or any class thereof, under a policy of group insurance covering life, health, or accident insurance for such employees and may pay, or authorize to be paid, out of the corporate revenue of such political subdivisions the premiums required from time to time to maintain such group insurance in force; and, if such employees are required to contribute to the cost of their insurance, deductions for this purpose may be made from their salaries.

10-7-204. Reciprocal provisions.

Policies of group insurance, when issued in this state by any company not organized under the laws of this state, may contain any provision required by the law of the state or territory or district of the United States under which the company is organized. Any group policy may be issued or delivered in this state which in the opinion of the commissioner contains provisions on any one or more of the several foregoing requirements more favorable to the employer or to the employee than required prior to April 4, 1919. Policies issued in other states or countries by companies organized in this state may contain any provision required by the laws of the state, territory, district, or country in which the same are issued, anything in this part 2 to the contrary notwithstanding.

10-7-205. Exemption from execution.

No policy of group insurance, nor the proceeds thereof, when paid to any employee thereunder, shall be liable to attachment, garnishment, or other process, or be seized, taken, appropriated, or applied by any legal or equitable process or operation of law, to pay any debt or liability of such employee, or his beneficiary, or any other person who may have a right thereunder, either before or after payment, nor shall the proceeds thereof, where not made payable to a named beneficiary, constitute a part of the estate of the employee for the payment of his debts.

Source: L. 19: p. 443, § 4. **C.L.** § 2597. **CSA:** C. 87, § 167. **CRS 53:** § 72-6-5. **C.R.S. 1963:** § 72-6-5.

Cross references: For property and earnings exempt from execution, see article 54 of title 13.

ANNOTATION

A named beneficiary of a group life insurance policy is entitled to exempt the policy proceeds under this section. This section provides an exemption pursuant to which a named beneficiary may claim an

exemption in the proceeds of a policy of group life insurance, as against the debts of the insured or of the beneficiary himself or herself. In re Fahey, 352 B.R. 288 (Bankr. D. Colo. 2006).

10-7-206. Issuance and valuation of policies - annual statement.

(1) Any life insurance company may issue life or endowment insurance, with or without annuities, upon the group plan, as defined in section 10-7-201, with special rates of premiums less than the usual rates of premiums for such policies. Group policies issued prior to the operative date of the "Standard Nonforfeiture and Valuation Act" may be valued on any accepted table of mortality and interest assumption adopted by the company for that purpose, but in no case shall the standard for any such policy be lower than the medico-actuarial table of mortality, or such other table of mortality as may be approved by the commissioner, with interest assumption at three and one-half percent. Group policies issued on or after the operative date of

the "Standard Nonforfeiture and Valuation Act" shall be valued in accordance with the provisions of sections 10-7-309 to 10-7-313.

(2) All policies of group insurance shall be segregated by the company into separate classes, the mortality experience kept separate, and the number of policies, amount of insurance, reserves, premiums, and payments to the policyholders thereunder, together with the mortality table and interest assumption adopted by the company, shall be reported separately in the company's annual financial statement.

Source: L. 19: p. 444, § 5. C.L. § 2598. CSA: C. 87, § 168. L. 45: p. 416, § 3. CRS 53: § 72-6-6. L. 61: p. 465, § 12. C.R.S. 1963: § 72-6-6.

Cross references: For the operative date of the "Standard Nonforfeiture and Valuation Act", see § 10-7-315.

10-7-207. Assignment.

Nothing in this title or in any other law shall be construed to prohibit any person insured under a group life insurance policy from making an assignment of all or any part of his incidents of ownership under such policy, including, but not limited to, the privilege to have issued to him an individual policy of life insurance pursuant and subject to the provisions of section 10-7-202 and the right to name a beneficiary. Subject to the terms of the policy or agreement between the insured, the group policyholder, and the insurer, relating to assignment of incidents of ownership thereunder, such an assignment by an insured is valid for the purpose of vesting in the assignee, in accordance with any provisions included therein as to the time at which it is to be effective, all of such incidents of ownership so assigned, but without prejudice to the insurer on account of any payment it may make or individual policy it may issue prior to receipt of notice of the assignment.

Source: L. 71: p. 721, § 1. C.R.S. 1963: § 72-6-7.

PART 3

STANDARD NONFORFEITURE AND VALUATION ACT

10-7-301. Short title.

This part 3 shall be known and may be cited as the "Standard Nonforfeiture and Valuation Act".

Source: L. 61: p. 460, § 1. CRS 53: § 72-20-1. C.R.S. 1963: § 72-19-1.

10-7-301.5. Definitions.

As used in this part 3, unless the context otherwise requires:

(1) "Accident and health insurance" means contracts that incorporate morbidity risk and provide protection against economic loss resulting from accident, sickness, or medical conditions and as may be specified in the valuation manual.

(2) "Appointed actuary" means a qualified actuary who is appointed in accordance with the valuation manual to prepare the actuarial opinion required in section 10-7-114 (2).

(3) "Company" means an entity that:

(a) Has written, issued, or reinsured life insurance, accident and health insurance, or deposit-type contracts in this state and has at least one such policy in force or on claim; or

(b) Has written, issued, or reinsured life insurance, accident and health insurance, or deposit-type contracts in any state and is required to hold a certificate of authority to write life insurance, accident and health insurance, or deposit-type contracts in this state.

(4) "Deposit-type contract" means a contract that does not incorporate mortality or morbidity risks and as may be specified in the valuation manual.

(5) "Life insurance" means a contract that incorporates mortality risk, including annuity and pure endowment contracts and as may be specified in the valuation manual.

(6) "NAIC" means the National Association of Insurance Commissioners.

(7) "Operative date of the valuation manual" means the date described in section 10-7-313.3 (2).

(8) "Policyholder behavior" means any action a policyholder, contract holder, or any other person with the right to elect options, such as a certificate holder, may take under a policy or

contract subject to this part 3 including lapse, withdrawal, transfer, deposit, premium payment, loan, annuitization, or benefit elections prescribed by the policy or contract but excluding events of mortality or morbidity that result in benefits prescribed in their essential aspects by the terms of the policy or contract.

(9) "Principle-based valuation" means a reserve valuation that uses one or more methods or one or more assumptions determined by the insurer and is required to comply with section 10-7-313.4 as specified in the valuation manual.

(10) "Qualified actuary" means an individual who is qualified to sign the applicable statement of actuarial opinion in accordance with the American Academy of Actuaries qualification standards for actuaries signing such statements and who meets the requirements specified in the valuation manual.

(11) "Tail risk" means a risk that occurs either when the frequency of low probability events is higher than expected under a normal probability distribution or when there are observed events of very significant size or magnitude.

(12) "Valuation manual" means the manual of valuation instructions adopted by the NAIC as specified in this part 3 or as subsequently amended.

Source: L. 2015: Entire section added, (HB 15-1048), ch. 63, p. 157, § 3, effective August 5.

10-7-302. Compulsory policy provisions.

(1) On and after the operative date of this part 3, no policy of life insurance, except as stated in section 10-7-307, shall be delivered or issued for delivery in this state by any foreign or domestic life insurance company unless it contains in substance the following provisions or corresponding provisions which, upon findings of fact by the commissioner, are at least as favorable to the defaulting or surrendering policyholder as are the minimum requirements specified in this section, and are essentially in compliance with section 10-7-306.1:

(a) That, in the event of default in any premium payment after premiums have been paid for at least one full year, the company will grant, upon proper election and notice thereof to the company not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such amount as may be specified in this part 3. In lieu of such stipulated paid-up nonforfeiture benefit, the company may substitute, upon proper request not later than sixty days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits.

(b) That, upon surrender of the policy within sixty days after the due date of any premium payment in default after premiums have been paid for at least three full years in the case of ordinary insurance or five full years in the case of industrial insurance, the company will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be specified in this part 3;

(c) That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty days after the due date of the premium in default;

(d) That, if the policy becomes paid-up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the company will pay, upon surrender of the policy within thirty days after any policy anniversary, a cash surrender value of such amount as may be specified in this part 3;

(e) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method used in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies, a statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefits, if any, available under the policy on each policy anniversary either during the first twenty policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the company on the policy.

(f) A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance laws of the state in which the policy is delivered; an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy;

(g) A notice prominently printed on the first page of the policy or attached thereto stating in substance that the policyholder shall have the right to return the policy within fifteen days of its

delivery and to have any premium refunded if, after examination of the policy, the policyholder is not satisfied for any reason and, in the case of a variable life insurance policy, the amount refunded shall be the account value calculated as of the date the policy is returned plus any policy fee or charge deducted from the policy. Any refund made pursuant to this paragraph (g) shall be paid directly to the policyholder by the insurer in a timely manner.

(2) Any of the foregoing provisions or portions of this section not applicable by reason of the plan of insurance, to the extent inapplicable, may be omitted from the policy.

(3) The company shall reserve the right to defer the payment of any cash surrender value for a period of six months after demand therefor with surrender of the policy.

Source: L. 61: p. 460, § 2. CRS 53: § 72-20-2. C.R.S. 1963: § 72-19-2. L. 77: (1)(f) R&RE and (2) amended, p. 523, §§ 1, 2, effective July 1. L. 81: IP(1), (1)(a), and (1)(e) amended, p. 542, § 1, effective July 1. L. 92: (1)(g) added, p. 1564, § 76, effective May 20. L. 99: (1)(g) amended, p. 1007, § 2, effective August 4.

Cross references: For the operative date of this part 3, see § 10-7-315.

10-7-303. Computation of cash surrender value.

(1) (a) Except as provided in paragraphs (b) and (c) of this subsection (1), any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by section 10-7-302, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of:

(I) The then present value of the adjusted premiums, as defined in sections 10-7-305 and 10-7-305.1, corresponding to premiums which would have fallen due on and after such anniversary; and

(II) The amount of any indebtedness to the company on the policy.

(b) For any policy issued on or after the operative date of section 10-7-305.1 which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value referred to in paragraph (a) of this subsection (1) shall be an amount not less than the sum of the cash surrender value as defined in said paragraph (a) for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value as

defined in said paragraph (a) for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.

(c) For any family policy issued on or after the operative date of section 10-7-305.1 which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse reaches age seventy-one, the cash surrender value referred to in paragraph (a) of this subsection (1) shall be an amount not less than the sum of the cash surrender value as defined in said paragraph (a) for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and the cash surrender value as defined in said paragraph (a) for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse.

(2) Any cash surrender value available within thirty days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit, whether or not required by section 10-7-302, shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the company on the policy.

Source: L. 61: p. 461, § 3. CRS 53: § 72-20-3. C.R.S. 1963: § 72-19-3. L. 81: Entire section amended, p. 543, § 2, effective July 1.

10-7-304. Computation of nonforfeiture benefit.

Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the cash surrender value then provided for by the policy or, if none is provided for, that cash surrender value which would have been required by this part 3 in the absence of the condition that premiums shall be paid for at least a specified period.

Source: L. 61: p. 462, § 4. CRS 53: § 72-20-4. C.R.S. 1963: § 72-19-4.

10-7-305. Adjusted premiums.

(1) This section shall not apply to policies issued on or after the operative date of section 10-7-305.1. Except as provided in subsection (3) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding extra premiums

charged because of impairments or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of:

- (a) The then present value of the future guaranteed benefits provided for by the policy;
- (b) Two percent of the amount of insurance, if the insurance is uniform in amount, or of the equivalent uniform amount, as defined in subsection (2) of this section, if the amount of insurance varies with duration of the policy;
- (c) Forty percent of the adjusted premium for the first policy year;
- (d) Twenty-five percent of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less. In applying the percentages specified in paragraph (c) of this subsection (1) and this paragraph (d), no adjusted premium shall be deemed to exceed four percent of the amount of insurance or uniform amount equivalent thereto. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(2) In the case of a policy providing an amount of insurance varying with the duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; except that, in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten, the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten were the amount provided by such policy at age ten.

(3) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision, unless such term insurance benefits are disregarded under section 10-7-306, shall be equal to: The adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by the adjusted premiums for such term insurance, the two latter premiums being calculated separately and as specified in subsections (1) and (2) of this section.

(4) Except as otherwise provided in subsection (5) of this section, all adjusted premiums and present values referred to in this part 3 shall be calculated on the basis of the commissioners 1958 standard ordinary mortality table for ordinary insurance and the 1941 standard industrial mortality table for industrial insurance; except that:

(a) For any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six years younger than the actual age of the insured;

(b) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, in the case of ordinary insurance, the rates of mortality assumed may be not more than those shown in the commissioners 1958 extended term insurance table, and, in the case of industrial insurance, the rates of mortality assumed may be not more than one hundred thirty percent of the rates of mortality according to the 1941 standard industrial mortality table;

(c) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner;

(d) All calculations shall be made on the basis of the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Such specified rate of interest shall not exceed three and one-half percent per annum; except that a rate of interest not exceeding five and one-half percent per annum may be used for policies issued on or after July 1, 1977, and except that for any single-premium whole life or endowment insurance policy a rate of interest not exceeding six and one-half percent per annum may be used.

(5) (a) In the case of industrial policies issued on or after the operative date of this subsection (5), as defined in paragraph (b) of this subsection (5), all adjusted premiums and present values referred to in this part 3 shall be calculated on the basis of the commissioners 1961 standard industrial mortality table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Such specified rate of interest shall not exceed three and one-half percent per annum; except that a rate of interest not exceeding five and one-half percent per annum may be used for policies issued on or after July 1, 1977, and except that for any single-premium whole life or endowment insurance policy a rate of interest not exceeding six and one-half percent per annum may be used. However, in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1961 industrial extended term insurance table and except that, for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

(b) After April 9, 1965, any company may file with the commissioner a written notice of its election to comply with the provisions of this subsection (5) after a specified date but before January 1, 1968. After the filing of such notice, then, upon such specified date (which shall be the operative date of this subsection (5) for such company), this subsection (5) shall become

operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subsection (5) for such company shall be January 1, 1968.

Source: L. 61: p. 462, § 5. CRS 53: § 72-20-5. C.R.S. 1963: § 72-19-5. L. 65: p. 770, § 1. L. 77: (4)(a), (4)(d), and (5)(a) amended, p. 524, § 3, effective July 1. L. 81: IP(1) amended, p. 544, § 3, effective July 1.

10-7-305.1. Adjusted premiums for new policies.

(1) (a) This section shall apply to all policies issued on or after the operative date of this section. Except as provided in subsection (7) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of:

- (I) The then present value of the future guaranteed benefits provided for by the policy;
- (II) One percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and
- (III) One hundred twenty-five percent of the nonforfeiture net level premium as specified in subsection (2) of this section.

(b) In applying the percentage specified in subparagraph (III) of paragraph (a) of this subsection (1), no nonforfeiture net level premium shall be deemed to exceed four percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(2) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(3) In the case of policies which cause on a basis guaranteed in the policy unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums

other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums, the future adjusted premiums, nonforfeiture net level premiums, and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(4) Except as otherwise provided in subsection (7) of this section, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of:

(a) The sum of the then present value of the then future guaranteed benefits provided for by the policy, and the additional expense allowance, if any; over

(b) The then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(5) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of:

(a) One percent of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and

(b) One hundred twenty-five percent of the increase, if positive, in the nonforfeiture net level premium.

(6) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing the amount specified in paragraph (a) by the amount specified in paragraph (b) of this subsection (6) where:

(a) This paragraph (a) equals the sum of:

(I) The nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred; and

(II) The present value of the increase in future guaranteed benefits provided for by the policy; and where

(b) This paragraph (b) equals the present value of an annuity of one per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.

(7) Notwithstanding any other provisions of this section to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

(8) All adjusted premiums and present values referred to in this part 3 for all policies of ordinary insurance issued on or after the operative date of this section shall be calculated on the basis of the commissioners 1980 standard ordinary mortality table or, at the election of the company for any one or more specified plans of life insurance, on the basis of the commissioners 1980 standard ordinary mortality table with ten-year select mortality factors; for all policies of industrial insurance issued on or after the operative date of this section shall be calculated on the basis of the commissioners 1961 standard industrial mortality table; and for all policies issued in a particular calendar year on or after the operative date shall be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this section for policies issued in that calendar year, subject to the following:

(a) At the option of the company, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this section, for policies issued in the immediately preceding calendar year.

(b) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by section 10-7-302, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any.

(c) A company may calculate the amount of any guaranteed paid-up nonforfeiture benefit, including any paid-up additions under the policy, on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

(d) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1980 extended term insurance table for policies of ordinary insurance and not more than the commissioners 1961 industrial extended term insurance table for policies of industrial insurance.

(e) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the tables specified in this subsection (8).

(f) (I) For policies issued prior to the operative date of the valuation manual, any commissioners standard ordinary mortality tables, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by rule promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the commissioners 1980 standard ordinary mortality table with or without ten-year select mortality factors or for the commissioners 1980 extended term insurance table.

(II) For policies issued on or after the operative date of the valuation manual, the valuation manual shall provide the commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the commissioners 1980 standard ordinary mortality table with or without ten-year select mortality factors or for the commissioners 1980 extended term insurance table. If the commissioner approves by rule any commissioners standard ordinary mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

(g) (I) For policies issued prior to the operative date of the valuation manual, any commissioners standard industrial mortality tables, adopted after 1980 by the national association of insurance commissioners, that are approved by rule promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the commissioners 1961 standard industrial mortality table or the commissioners 1961 industrial extended term insurance table.

(II) For policies issued on or after the operative date of the valuation manual, the valuation manual shall provide the commissioners standard mortality table for use in determining the minimum nonforfeiture standard that may be substituted for the commissioners 1961 standard industrial mortality table or the commissioners 1961 industrial extended term insurance table. If the commissioner approves by rule any commissioners standard industrial mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, then that minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the valuation manual.

(9) (a) For policies issued prior to the operative date of the valuation manual, the nonforfeiture interest rate per annum for any policy issued in a particular calendar year must be equal to one hundred twenty-five percent of the calendar year statutory valuation interest rate for

such policy as defined in this part 3, rounded to the nearer one-quarter of one percent; except that the nonforfeiture interest rate may not be less than four percent.

(b) For policies issued on or after the operative date of the valuation manual, the nonforfeiture interest rate per annum for any policy issued in a particular calendar year must be as provided by the valuation manual.

(10) Notwithstanding any other provision in this article to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(11) On or after July 1, 1981, any company may file with the commissioner a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1989, which specified date shall be the operative date of this section for such company. If a company makes no such election, the operative date of this section for such company shall be January 1, 1989.

Source: **L. 81:** Entire section added, p. 544, § 4, effective July 1. **L. 2015:** IP(8), (8)(f), (8)(g), and (9) amended, (HB 15-1048), ch. 63, p. 159, § 4, effective August 5.

Editor's note: "Commissioners Standard Ordinary Mortality Table" is an actuarial table used to compute the minimum nonforfeiture values of ordinary life insurance policies. The Commissioners Standard Ordinary Mortality Table reflects the probability that people in various age groups will die in a given year.

10-7-305.2. Future premium determination - standards.

(1) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurance company based on the then present estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in section 10-7-302, 10-7-303, 10-7-304, 10-7-305, or 10-7-305.1, then:

(a) The commissioner must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by section 10-7-302, 10-7-303, 10-7-304, 10-7-305, or 10-7-305.1;

(b) The commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds;

(c) The cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this part 3, as determined by regulations promulgated by the commissioner.

Source: L. 81: Entire section added, p. 547, § 5, effective July 1.

10-7-306. Calculation of values - supplemental rules.

(1) Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in sections 10-7-303 to 10-7-305.1 may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall not be less than the amounts used to provide such additions.

(2) Notwithstanding the provisions of section 10-7-303, additional benefits shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this part 3, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits in the following events or circumstances:

- (a) In the event of death or dismemberment by accident or accidental means;
- (b) In the event of total and permanent disability;
- (c) As reversionary annuity or deferred reversionary annuity benefits;
- (d) As term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this part 3 would not apply;
- (e) As term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child;
- (f) As other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits.

Source: L. 61: p. 464, § 6. **CRS 53:** § 72-20-6. **C.R.S. 1963:** § 72-19-6. **L. 81:** (1) amended, p. 548, § 6, effective July 1.

10-7-306.1. Calculation of values - new policies.

(1) (a) This section, in addition to all other applicable sections of this part 3, shall apply to all policies issued on or after January 1, 1985. Any cash surrender value available under a policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ, by more than two-tenths of one percent of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years, from the sum of:

- (I) The greater of zero and the basic cash value specified in this section; and
- (II) The present value of any existing paid-up additions less the amount of any indebtedness to the company under the policy.

(b) The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, if there had been no default, less the then present value of the nonforfeiture factors, corresponding to premiums which would have fallen due on and after such anniversary. However, the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in section 10-7-303 or 10-7-305, whichever is applicable, shall be the same as are the effects specified in section 10-7-303 or 10-7-305, whichever is applicable, on the cash surrender values defined in that section. The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in section 10-7-305 or 10-7-305.1, whichever is applicable.

(c) Except as is required by subsection (2) of this section, such percentage:

(I) Must be the same percentage for each policy year between the second policy anniversary and the later of:

(A) The fifth policy anniversary; and

(B) The first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten policy years; and

(II) Must be such that no percentage after the later of the two policy anniversaries specified in subparagraph (I) of this paragraph (c) may apply to fewer than five consecutive policy years.

(2) No basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy, as defined in section 10-7-305 or 10-7-305.1, whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value. All adjusted premiums and present values referred to in this section shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other provisions of this part 3. The cash surrender values referred to in this section shall include any endowment benefits provided for by the policy.

(3) Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment shall be determined in manners consistent with the manners specified for determining the analogous minimum amounts in sections 10-7-302, 10-7-303, 10-7-304, 10-7-305.1, and 10-7-306. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those listed in section 10-7-306 shall conform with the principles of this section.

Source: L. 81: Entire section added, p. 548, § 7, effective July 1.

10-7-307. Exemptions.

(1) Sections 10-7-302 to 10-7-306.1 shall not apply to any of the following:

(a) Reinsurance;

(b) Group insurance;

(c) A pure endowment;

(d) An annuity or reversionary annuity contract;

(e) Any term policy of uniform amount, which provides no guaranteed nonforfeiture or endowment benefits, or renewal thereof, of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy;

(f) Any term policy of decreasing amount, which provides no guaranteed nonforfeiture or endowment benefits, on which each adjusted premium, calculated as specified in sections 10-7-305 and 10-7-305.1, is less than the adjusted premium so calculated, on a term policy of uniform amount, or renewal thereof, which provides no guaranteed nonforfeiture or endowment benefits, issued at the same age and for the same initial amount of insurance and for a term of twenty years or less expiring before age seventy-one, for which uniform premiums are payable during the entire term of the policy;

(g) Any policy which provides no guaranteed nonforfeiture or endowment benefits, for which no cash surrender value, if any, or present value of any paid-up nonforfeiture benefit, at the beginning of any policy year, calculated as specified in sections 10-7-303, 10-7-304, 10-7-305, and 10-7-305.1, exceeds two and one-half percent of the amount of insurance at the beginning of the same policy year; nor

(h) Any policy which shall be delivered outside this state through an agent or other representative of the company issuing the policy.

(2) For purposes of determining the applicability of sections 10-7-302 to 10-7-306.1, the age at expiry for a joint term life insurance policy shall be the age of expiry of the oldest life.

Source: L. 61: p. 464, § 7. **CRS 53:** § 72-20-7. **C.R.S. 1963:** § 72-19-7. **L. 81:** Entire section R&RE, p. 549, § 8, effective July 1.

10-7-308. Waiver prohibited.

No agreement between the company and the policyholder or applicant for insurance contrary to the provisions of sections 10-7-301 to 10-7-307, or contrary to the provisions of section 10-3-205, shall be held to waive any of such provisions.

Source: L. 61: p. 465, § 8. **CRS 53:** § 72-20-8. **C.R.S. 1963:** § 72-19-8.

10-7-309. Minimum standard of valuation - rules.

(1) Except as otherwise provided in subsection (2) of this section and in section 10-7-309.5, the minimum standard for the valuation of all policies issued by any domestic or foreign life insurance company, on or after the operative date provided in paragraph (b) of subsection (2) of this section, must be the commissioners reserve valuation methods defined in sections 10-7-310, 10-7-310.5, and 10-7-313, five percent interest for group annuity and pure endowment contracts and three and one-half percent interest for all other such policies and contracts, or in the case of policies and contracts, other than annuity and pure endowment contracts, issued on or after July 1, 1977, five and one-half percent interest for single-premium life insurance policies and four and one-half percent interest for all other such policies, and the following tables:

(a) For ordinary policies of life insurance issued on the standard basis, excluding any disability or accidental death benefits in such policies: The commissioners 1958 standard ordinary mortality table, but, for any category of such policies issued on female risks, all

modified net premiums and present values referred to in this part 3 may be calculated, at the option of the company, according to an age not more than six years younger than the actual age of the insured; and for such policies issued on or after the operative date of section 10-7-305.1:

- (I) The commissioners 1980 standard ordinary mortality table; or
 - (II) At the election of the company for any one or more specified plans of life insurance, the commissioners 1980 standard ordinary mortality table with ten-year select mortality factors; or
 - (III) Any ordinary mortality table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such policies;
- (b) For industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in the policies: The 1941 standard industrial mortality table for policies issued prior to the operative date of section 10-7-305 (5), and for policies issued on or after the operative date the commissioners 1961 standard industrial mortality table or any industrial mortality table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such policies;
 - (c) For individual annuity and pure endowment policies, excluding any disability and accidental death benefits in such policies: The 1937 standard annuity mortality table or, at the option of the company, the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the commissioner;
 - (d) For group annuity and pure endowment policies, excluding any disability and accidental death benefits in such policies: The group annuity mortality table for 1951, any modification of the table approved by the commissioner, or, at the option of the company, any of the tables or modifications of tables specified for individual annuity and pure endowment policies;
 - (e) For total and permanent disability benefits in or supplementary to ordinary policies: The tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit, or any tables of disablement rates and termination rates, adopted after 1980 by the NAIC, that are approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for the policies. Any table must, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.
 - (f) For accidental death benefits in or supplementary to policies: The 1959 accidental death benefits table or any accidental death benefits table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such policies. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(g) For group life insurance, life insurance issued on the substandard basis and other special benefits: Such tables as may be approved by the commissioner.

(2) (a) Except as provided in section 10-7-309.5, the minimum standard of valuation for individual annuity and pure endowment contracts issued on or after the operative date of this subsection (2), as defined in paragraph (b) of this subsection (2), and for all annuities and pure endowments purchased on or after said operative date under group annuity and pure endowment contracts, must be the commissioners reserve valuation methods defined in sections 10-7-310 and 10-7-310.5 and the following tables and interest rates:

(I) For individual single-premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts: The 1971 individual annuity mortality table, or any individual annuity mortality table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the commissioner, and seven and one-half percent interest;

(II) For individual annuity and pure endowment contracts, other than single-premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts: The 1971 individual annuity mortality table, or any individual annuity mortality table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the commissioner, and five and one-half percent interest for single-premium deferred annuity and pure endowment contracts and four and one-half percent interest for all other such individual annuity and pure endowment contracts;

(III) For all annuities and pure endowments purchased under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts: The 1971 group annuity mortality table, or any group annuity mortality table, adopted after 1980 by the NAIC, that is approved by rule promulgated by the commissioner for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of these tables approved by the commissioner, and seven and one-half percent interest.

(b) On or after July 1, 1977, any company may file with the commissioner a written notice of its election to comply with the provisions of this subsection (2) after a specified date but before January 1, 1979, which is the operative date of this subsection (2) for a company, but a company may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts. If a company makes no such election, the operative date of this subsection (2) for such company is January 1, 1979.

10-7-309.5. Minimum standards of valuation for new policies - definition.

(1) The calendar year statutory valuation interest rates, as defined in this section, must be the interest rates used in determining the minimum standard for the valuation of:

(a) Life insurance policies issued in a particular calendar year, on or after the operative date of section 10-7-305.1;

(b) Individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982;

(c) Annuities and pure endowments purchased in a particular calendar year on or after January 1, 1982, under group annuity and pure endowment contracts; and

(d) The net increase, if any, in a particular calendar year after January 1, 1982, in amounts held under guaranteed interest contracts.

(2) The calendar year statutory valuation interest rates ("I") shall be determined as follows, and the results rounded to the nearer one-quarter of one percent:

(a) For life insurance:

$$I = .03 + W (R1 - .03) + W/2 (R2 - .09).$$

(b) (I) For single-premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W (R - .03).$$

(II) In the formulas used in paragraph (a) of this subsection (2) and this paragraph (b), "R1" is the lesser of R and .09, "R2" is the greater of R and .09, "R" is the reference interest rate defined in this section, and "W" is the weighting factor defined in this section.

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in paragraph (b) of this subsection (2), the formula for life insurance stated in paragraph (a) of this subsection (2) shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of ten years and the formula for single-premium immediate annuities stated in said paragraph (b) shall apply to annuities and guaranteed interest contracts with guarantee durations of ten years or less.

(d) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single-premium immediate annuities stated in paragraph (b) of this subsection (2) shall apply.

(e) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single-premium immediate annuities stated in paragraph (b) of this subsection (2) shall apply.

(3) (a) If the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this paragraph (a) differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of one percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year.

(b) For purposes of applying the provision of paragraph (a) of this subsection (3), the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of when section 10-7-305.1 becomes operative.

(4) The weighting factors referred to in the formulas stated in subsection (2) of this section are given in the following tables:

(a) (I) The weighting factors for life insurance:

GUARANTEE DURATION (YEARS)	WEIGHTING FACTORS

10 or less	.50
More than 10 but not more than 20	.45
More than 20	.35

(II) For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy.

(b) The weighting factor for single-premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

.80

(c) The weighting factors for other annuities and for guaranteed interest contracts, except as stated in paragraph (b) of this subsection (4), shall be as specified in the following tables (subparagraphs (I), (II), and (III)) and according to the following rules and definitions (subparagraphs (IV), (V), and (VI)):

(I) For annuities and guaranteed interest contracts valued on an issue year basis:

GUARANTEE DURATION (YEARS)	WEIGHTING FACTORS FOR PLAN TYPE		
	A	B	C
5 or less	.80	.60	.50
More than 5 but not more than 10	.75	.60	.50

More than 10 but not more than 20	.65	.50	.45
More than 20	.45	.35	.35

(II) For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in subparagraph (I) of this paragraph (c) increased by:

PLAN TYPE		
A	B	C
.15	.25	.05

(III) For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than twelve months beyond the valuation date, the factors shown in subparagraph (I) or derived in subparagraph (II) of this paragraph (c) increased by:

PLAN TYPE		
A	B	C
.05	.05	.05

(IV) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of twenty years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(V) "Plan type", as used in the tables in subparagraphs (I), (II), and (III) of this paragraph (c), is defined as follows:

(A) **Plan type A:** At any time policyholder may withdraw funds only: (i) with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (ii) without such adjustment but in installments over five years or more; or (iii) as an immediate life annuity; or (iv) no withdrawal permitted.

(B) **Plan type B:** Before expiration of the interest rate guarantee, policyholder may withdraw funds only: (i) with adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (ii) without such adjustment but in installments over five years or more; or (iii) no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

(C) **Plan type C:** Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five years either: (i) without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (ii) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(VI) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, "issue year basis of valuation" refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract, and "change in fund basis of valuation" refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(5) The "reference interest rate" referred to in subsection (2) of this section shall be defined as follows:

(a) For all life insurance, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year next preceding the year of issue, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.;

(b) For single-premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest

contracts with cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or year of purchase, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.;

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in paragraph (b) of this subsection (5), with guarantee duration in excess of ten years, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.;

(d) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in paragraph (b) of this subsection (5), with guarantee duration of ten years or less, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.;

(e) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of twelve months, ending on June 30 of the calendar year of issue or purchase, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.;

(f) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in paragraph (b) of this subsection (5), the average over a period of twelve months, ending on June 30 of the calendar year of the change in the fund, of Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc.

(6) In the event that Moody's corporate bond yield average - monthly average corporates is no longer published by Moody's Investors Service, Inc., or in the event that the NAIC determines that Moody's corporate bond yield average - monthly average corporates, as published by Moody's Investors Service, Inc., is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the NAIC and approved by rule promulgated by the commissioner, may be substituted.

Source: L. 81: Entire section added, p. 552, § 10, effective July 1. L. 2015: IP(1), (1)(a), (1)(b), (1)(c), and (6) amended, (HB 15-1048), ch. 63, p. 162, § 6, effective August 5.

10-7-310. Life and endowment reserves.

(1) Except as otherwise provided in sections 10-7-310.5 and 10-7-313, reserves, according to the commissioners reserve valuation method for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of paragraph (a) of this subsection (1) over paragraph (b) of this subsection (1), as follows:

(a) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due; except that such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy;

(b) A net one-year term premium for such benefits provided for in the first policy year.

(1.5) For any life insurance policy issued on or after January 1, 1985, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit, a cash surrender value, or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date, which for the purposes of this subsection (1.5), means the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium, shall, except as otherwise provided in section 10-7-313, be the greater of the reserve as of such policy anniversary calculated as described in the introductory portion to and paragraphs (a) and (b) of subsection (1) of this section and the reserve as of such policy anniversary calculated as described in said portion and paragraphs of said subsection (1), but with:

(a) The value defined in said paragraph (a) being reduced by fifteen percent of the amount of such excess first year premium;

(b) All present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date;

(c) The policy being assumed to mature on such date as an endowment; and

(d) The cash surrender value provided on such date being considered as an endowment benefit. In making the comparison the mortality and interest bases stated in sections 10-7-309 and 10-7-309.5 shall be used.

(2) Reserves according to the commissioners reserve valuation method for life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, group annuity and pure endowment policies purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the federal "Internal Revenue Code of 1986", as now or hereafter amended, disability and accidental death benefits in all policies and contracts, and all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the principles of subsection (1) of this section; except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

Source: L. 61: p. 467, § 14. CRS 53: § 72-20-10. C.R.S. 1963: § 72-19-10. L. 77: IP(1) and (2) amended, p. 525, § 5, effective July 1. L. 81: (1.5) added, p. 557, § 11, effective July 1. L. 2000: (2) amended, p. 1840, § 9, effective August 2.

10-7-310.5. Individual annuity and pure endowment reserves.

(1) This section applies to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 408, as now or hereafter amended.

(2) Reserves according to the commissioners annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contracts, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining

guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

Source: **L. 77:** Entire section added, p. 526, § 6, effective July 1. **L. 2000:** (1) amended, p. 1840, § 10, effective August 2. **L. 2015:** (1) amended, (HB 15-1048), ch. 63, p. 163, § 7, effective August 5.

10-7-311. Minimum aggregate reserves.

(1) In no event shall a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after July 1, 1992, be less than the aggregate reserves calculated in accordance with the methods set forth in sections 10-7-310, 10-7-310.5, 10-7-313, and 10-7-313.1 and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

(2) In no event shall the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the appointed actuary to be necessary to render the opinion required by section 10-7-114.

Source: **L. 61:** p. 468, § 15. **CRS 53:** § 72-20-11. **C.R.S. 1963:** § 72-19-11. **L. 77:** Entire section amended, p. 527, § 7, effective July 1. **L. 81:** Entire section amended, p. 557, § 12, effective July 1. **L. 92:** Entire section amended, p. 1497, § 24, effective July 1. **L. 2015:** Entire section amended, (HB 15-1048), ch. 63, p. 163, § 8, effective August 5.

10-7-312. Optional standards.

(1) Reserves for any category of policies or benefits as established by the commissioner may be calculated, at the option of the company, according to any standards that produce greater aggregate reserves for the category than those calculated according to the minimum standard provided in this part 3, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, must not be greater than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for in the policies or contracts.

(2) Any company that at any time has adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard provided in this part 3 may adopt a lower standard of valuation with the approval of the commissioner, but not lower than the minimum provided in this part 3; except that, for the purposes of this part 3, the holding of additional reserves previously determined by the appointed actuary to be necessary to render

the opinion required by section 10-7-114 shall not be deemed to be the adoption of a higher standard of valuation.

Source: L. 61: p. 468, § 16. CRS 53: § 72-20-12. C.R.S. 1963: § 72-19-12. L. 77: (1) amended, p. 527, § 8, effective July 1. L. 92: (2) amended, p. 1497, § 25, effective July 1. L. 2015: Entire section amended, (HB 15-1048), ch. 63, p. 163, § 9, effective August 5.

10-7-313. Minimum reserves.

(1) If in any contract year the gross premium charged by a company on any policy is less than the valuation net premium for the policy calculated by the method used in calculating the reserve on the policy but using the minimum standards of mortality and rate of interest, the minimum reserve required for the policy is the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for the policy or the reserve calculated by the method actually used for the policy but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium.

(2) The minimum valuation standards of mortality and rate of interest referred to in this section are those standards stated in sections 10-7-309 and 10-7-309.5; except that for any life insurance policy issued on or after January 1, 1985, for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and that provides an endowment benefit, a cash surrender value, or a combination of endowment benefit and cash surrender value in an amount greater than the excess premium, the provisions of this section must be applied as if the method actually used in calculating the reserve for the policy were the method described in section 10-7-310, ignoring subsection (1.5) of that section. The minimum reserve at each policy anniversary of the policy must be the greater of the minimum reserve calculated in accordance with section 10-7-310, including subsection (1.5) of that section, and the minimum reserve calculated in accordance with this section.

Source: L. 61: p. 469, § 17. CRS 53: § 72-20-13. C.R.S. 1963: § 72-19-13. L. 77: Entire section amended, p. 527, § 9, effective July 1. L. 81: Entire section amended, p. 557, § 13, effective July 1. L. 2015: Entire section amended, (HB 15-1048), ch. 63, p. 164, § 10, effective August 5.

10-7-313.1. Minimum reserves - exceptions.

(1) In the case of any plan of life insurance that provides for future premium determination, the amounts of which are to be determined by the insurance company based on then-present estimates of future experience, or in the case of any plan of life insurance or annuity that is of such a nature that the minimum reserves cannot be determined by the methods described in sections 10-7-310, 10-7-310.5, and 10-7-313, the reserves that are held under any such plan must:

- (a) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and
- (b) Be computed by a method that is consistent with the principles of this part 3, as such appropriateness and method is determined by rules promulgated by the commissioner.

Source: L. 2015: Entire section added, (HB 15-1048), ch. 63, p. 164, § 11, effective August 5.

Editor's note: This section is similar to former § 10-7-313.5 as it existed prior to 2015.

10-7-313.2. Minimum standards for other coverages including accident and health insurance contracts - rules.

The commissioner may promulgate rules prescribing minimum standards applicable to the valuation of plans or products not otherwise included within this article and in conformance with standards as adopted by the NAIC. The commissioner shall promulgate rules containing the minimum standards applicable to the valuation of health plans, including disability, sickness, and accident, issued on or after the operative date of this part 3 and prior to the operative date of the valuation manual. For accident and health insurance contracts issued on or after the operative date of the valuation manual, the standard prescribed in the valuation manual is the minimum standard of valuation required under section 10-7-101 (2)(a)(IV).

Source: L. 2015: Entire section added, (HB 15-1048), ch. 63, p. 165, § 11, effective August 5.

Editor's note: This section is similar to former § 10-7-313.7 as it existed prior to 2015.

10-7-313.3. Valuation manual for policies issued on or after the operative date of the valuation manual - rules.

(1) For policies issued on or after the operative date of the valuation manual, the standard prescribed in the valuation manual is the minimum standard of valuation required under section 10-7-101 (2)(a)(IV), except as provided under subsection (5) or (7) of this section.

(2) The operative date of the valuation manual is January 1 of the first calendar year following the first July 1 as of which all of the following have occurred:

(a) The valuation manual has been adopted by the NAIC by an affirmative vote of at least forty-two members, or three-fourths of the members voting, whichever is greater.

(b) The "Standard Valuation Law", as amended by the NAIC in 2009, or legislation including substantially similar terms and provisions, has been enacted by states representing greater than seventy-five percent of the direct premiums written as reported in the following annual statements submitted for 2008: Life, accident, and health annual statements; health annual statements; or fraternal annual statements.

(c) The "Standard Valuation Law", as amended by the NAIC in 2009, or legislation including substantially similar terms and provisions, has been enacted by at least forty-two of the following fifty-five jurisdictions: The fifty states of the United States, American Samoa, the American Virgin Islands, the District of Columbia, Guam, and Puerto Rico.

(3) Unless a change in the valuation manual specifies a later effective date, changes to the valuation manual are effective on January 1 following the date when the change to the valuation manual has been adopted by the NAIC by an affirmative vote representing:

(a) At least three-fourths of the members of the NAIC voting, but not less than a majority of the total membership; and

(b) Members of the NAIC representing jurisdictions totaling greater than seventy-five percent of the direct premiums written as reported in the following annual statements most recently available prior to the vote in paragraph (a) of this subsection (3): Life, accident, and health annual statements; health annual statements; or fraternal annual statements.

(4) The valuation manual must specify all of the following:

(a) Minimum valuation standards for and definitions of the policies or contracts subject to section 10-7-101 (2)(a)(IV). The minimum valuation standards must be:

(I) The commissioners reserve valuation method for life insurance contracts, other than annuity contracts, subject to section 10-7-101 (2)(a)(IV);

(II) The commissioners annuity reserve valuation method for annuity contracts subject to section 10-7-101 (2)(a)(IV); and

(III) Minimum reserves for all other policies or contracts subject to section 10-7-101 (2)(a)(IV).

(b) Which policies or contracts or types of policies or contracts that are subject to the requirements of a principle-based valuation in section 10-7-313.4 (1) and the minimum valuation standards consistent with those requirements;

(c) For policies and contracts subject to a principle-based valuation under section 10-7-313.4:

(I) Requirements for the format of reports to the commissioner under section 10-7-313.4 (2)(c), which reports must include information necessary to determine whether the valuation is appropriate and in compliance with this part 3;

(II) Assumptions for risks over which the company does not have significant control or influence;

(III) Procedures for corporate governance and oversight of the actuarial function, and a process for appropriate waiver or modification of the procedures;

(d) For policies not subject to a principle-based valuation under section 10-7-313.4, the minimum valuation standard must either:

(I) Be consistent with the minimum standard of valuation prior to the operative date of the valuation manual; or

(II) Develop reserves that quantify the benefits, guarantees, and funding associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring;

(e) Other requirements, including those relating to reserve methods, models for measuring risk, generation of economic scenarios, assumptions, margins, use of company experience, risk measurement, disclosure, certifications, reports, actuarial opinions and memorandums, transition rules, and internal controls; and

(f) The data and form of the data required under section 10-7-313.6, to whom the data must be submitted, and the valuation manual may specify other requirements including data analyses and reporting of analyses.

(5) In the absence of a specific valuation requirement or if a specific valuation requirement in the valuation manual is not, in the opinion of the commissioner, in compliance with this part 3, then the company shall, with respect to such requirements, comply with minimum valuation standards prescribed by the commissioner by rule.

(6) The commissioner may engage a qualified actuary, at the expense of the company, to perform an actuarial examination of the company and opine on the appropriateness of any

reserve assumption or method used by the company or to review and opine on a company's compliance with any requirement set forth in this part 3. The commissioner may rely upon the opinion, regarding provisions contained within this part 3, of a qualified actuary engaged by the commissioner of another state, district, or territory of the United States. As used in this subsection (6), the term "engage" includes employment and contracting.

(7) The commissioner may require a company to change any assumption or method that in the opinion of the commissioner is necessary in order to comply with the requirements of the valuation manual or this part 3, and the company shall adjust the reserves as required by the commissioner. The commissioner may take other disciplinary action as permitted under this title.

10-7-313.4. Requirements of a principle-based valuation.

(1) A company shall establish reserves using a principle-based valuation that meets the following conditions for policies or contracts as specified in the valuation manual. The valuation must:

(a) Quantify the benefits, guarantees, and funding associated with the contracts and their risks at a level of conservatism that reflects conditions that include unfavorable events that have a reasonable probability of occurring during the lifetime of the contracts. For policies or contracts with significant tail risk, the valuation must reflect conditions appropriately adverse to quantify the tail risk.

(b) Incorporate assumptions, risk analysis methods, and financial models and management techniques that are consistent with, but not necessarily identical to, those utilized within the company's overall risk assessment process, while recognizing potential differences in financial reporting structures and any prescribed assumptions or methods;

(c) Incorporate assumptions that are derived in one of the following manners:

(I) The assumption is prescribed in the valuation manual.

(II) For assumptions that are not prescribed, the assumptions must:

(A) Be established utilizing the company's available experience, to the extent it is relevant and statistically credible; or

(B) To the extent that company data is not available, relevant, or statistically credible, be established utilizing other relevant, statistically credible experience.

(d) Provide margins for uncertainty, including adverse deviation and estimation error, such that the greater the uncertainty the larger the margin and resulting reserve.

(2) A company using a principle-based valuation for one or more policies or contracts subject to this section as specified in the valuation manual must:

(a) Establish procedures for corporate governance and oversight of the actuarial valuation function consistent with those described in the valuation manual;

(b) Provide to the commissioner and the board of directors an annual certification of the effectiveness of the internal controls with respect to the principle-based valuation. The company shall design the controls to assure that all material risks inherent in the liabilities and associated assets subject to the valuation are included in the valuation and that valuations are made in accordance with the valuation manual. The certification shall be based on the controls in place as of the end of the preceding calendar year.

(c) Develop, and file with the commissioner upon request, a principle-based valuation report that complies with standards prescribed in the valuation manual.

(3) A principle-based valuation may include a prescribed formulaic-reserve component.

10-7-313.8. Confidentiality - definitions.

(1) For purposes of this section:

(a) "Confidential information" means:

(I) A memorandum in support of an opinion submitted under section 10-7-114 and any other documents, materials, and other information, including all working papers and copies of working papers, that were created, produced, or obtained by or disclosed to the commissioner or any other person in connection with the memorandum;

(II) All documents, materials, and other information including all working papers and copies of working papers, that were created, produced, or obtained by or disclosed to the commissioner or any other person in the course of an examination made under section 10-7-313.3 (6); except that, if an examination report or other material prepared in connection with an examination made under part 2 of article 1 of this title is not held as private and confidential information, an examination report or other material prepared in connection with an examination made under section 10-7-313.3 (6) is not confidential information to the same extent as if the examination report or other material had been prepared under part 2 of article 1 of this title;

(III) Any reports, documents, materials, and other information developed by a company in support of or in connection with an annual certification by the company under section 10-7-313.4 (2)(b) that evaluate the effectiveness of the company's internal controls with respect to a principle-based valuation and any other documents, materials, and other information, including all working papers and copies of working papers, that were created, produced, or obtained by or disclosed to the commissioner or any other person in connection with the reports, documents, materials, and other information;

(IV) Any principle-based valuation report developed under section 10-7-313.4 (2)(c) and any other documents, materials, and other information, including all working papers and copies of working papers, that were created, produced, or obtained by or disclosed to the commissioner or any other person in connection with the report; and

(V) Experience data, experience materials, and any other documents, materials, data, and other information, including all working papers and copies of working papers, created, produced,

or obtained by or disclosed to the commissioner or any other person in connection with the experience materials.

(b) "Experience data" means any documents, materials, data, and other information submitted by a company under section 10-7-313.6.

(c) "Experience materials" means experience data and any other documents, materials, data, and other information, including all working papers and copies of working papers, created or produced in connection with the experience data, in each case that include any potentially company identifying or personally identifiable information that is provided to or obtained by the commissioner.

(2) Privilege for, and confidentiality of, confidential information.

(a) Except as provided in this section, a company's confidential information is confidential by law, privileged, not subject to part 2 of article 72 of title 24, C.R.S., not subject to subpoena, and not subject to discovery or admissible in evidence in any private civil action; except that the commissioner is authorized to use the confidential information in the furtherance of any regulatory or legal action brought against the company as a part of the commissioner's official duties.

(b) The commissioner or any person who received confidential information while acting under the authority of the commissioner shall not be permitted or required to testify in any private civil action concerning any confidential information.

(c) (I) In order to assist in the performance of the commissioner's duties, the commissioner may share confidential information:

(A) With other state, federal, and international regulatory agencies and with the NAIC and its affiliates and subsidiaries; and

(B) In the case of confidential information specified in subparagraphs (I) and (IV) of paragraph (a) of subsection (1) of this section only, with the actuarial board for counseling and discipline, or its successor, upon request stating that the confidential information is required for the purpose of professional disciplinary proceedings and with state, federal, and international law enforcement officials.

(II) The commissioner may share confidential information under sub-subparagraphs (A) and (B) of subparagraph (I) of this paragraph (c) only if the recipient agrees, and has the legal authority to agree, to maintain the confidentiality and privileged status of the confidential information in the same manner and to the same extent as required for the commissioner.

(d) Except as provided in this section, the commissioner may receive documents, materials, data, and other information, including otherwise confidential and privileged documents, materials, data, or information from the NAIC and its affiliates and subsidiaries, from regulatory

or law enforcement officials of other foreign or domestic jurisdictions, and from the actuarial board for counseling and discipline, or its successor, and shall maintain as confidential or privileged any document, material, data, or other information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, data, or other information.

(e) The commissioner may enter into agreements governing sharing and use of information consistent with this section.

(f) No waiver of any applicable privilege or claim of confidentiality in the confidential information may occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in this section.

(g) A company may assert a privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this section, and the privilege shall be enforced in any proceeding in, and in any court of, this state.

(h) As used in this section, "regulatory agency", "law enforcement agency", and the "NAIC" include their employees, agents, consultants, and contractors.

(3) Notwithstanding subsection (2) of this section, confidential information specified in paragraphs (a) and (c) of subsection (1) of this section:

(a) May be subject to subpoena for the purpose of defending an action seeking damages from the appointed actuary submitting the related memorandum in support of an opinion submitted under section 10-7-114 or principle-based valuation report developed under section 10-7-313.4 (2)(c) by reason of an action required by this part 3 or by rules promulgated under this part 3;

(b) May otherwise be released by the commissioner with the written consent of the company; and

(c) Once any portion of a memorandum in support of an opinion submitted under section 10-7-114 or a principle-based valuation report developed under section 10-7-313.4 (2)(c) is cited by the company in its marketing or is publicly volunteered to a governmental agency other than a state insurance department or is released by the company to the news media, all portions of the memorandum or report are no longer confidential.

Source: L. 2015: Entire section added, (HB 15-1048), ch. 63, p. 169, § 12, effective August 5.

10-7-313.9. Single state exemption.

(1) The commissioner may exempt specific product forms or product lines of a domestic company that is licensed and doing business only in Colorado from the requirements of section 10-7-313.3 if:

(a) The commissioner has issued an exemption in writing to the company and has not subsequently revoked the exemption in writing; and

(b) The company computes reserves using assumptions and methods used prior to the operative date of the valuation manual in addition to any requirements established by the commissioner and promulgated by rule.

(2) For any company granted an exemption under this section, sections 10-7-114 and 10-7-309 to 10-7-313.2 are applicable. With respect to any company applying this exemption, any reference to section 10-7-313.3 found in sections 10-7-114 and 10-7-309 to 10-7-313.2 is not applicable.

10-7-315. Operative date.

At any time after April 11, 1961, and before January 1, 1966, any company may file with the commissioner a written notice of its election to comply with the provisions of this part 3 after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date (which shall be the operative date of this part 3 for such company) this part 3 shall become operative with respect to policies thereafter issued by such company. If a company makes no such election, the operative date of this part 3 for such company shall be January 1, 1966.

10-7-316. Effect on existing policies.

Nothing in this part 3 shall be construed as affecting any policy issued by any company prior to the operative date provided for in section 10-7-315.

Source: L. 61: p. 469, § 20. **CRS 53:** § 72-20-16. **C.R.S. 1963:** § 72-19-16.

PART 4

VARIABLE CONTRACTS

10-7-401. Sales not prohibited.

The provisions of section 10-3-1104 shall not prohibit the sale and issuance by life insurance companies of contracts providing for payments which vary directly according to investment experience in connection with the sale and issuance by such life insurance companies of other forms of life insurance and annuities as are provided for in this title.

Source: L. 61: p. 447, § 5. **CRS 53:** § 72-2-18. **C.R.S. 1963:** § 72-2-16.

10-7-402. Investment contract funds - separate accounts.

(1) A domestic life insurance company may establish one or more separate accounts and may allocate thereto amounts, including without limitation proceeds applied under optional modes of settlement or under dividend options, to provide for life insurance or annuities and benefits incidental thereto, payable in fixed or variable amounts or both and may accumulate or hold funds paid pursuant to funding agreements or guaranteed investment contracts, subject to the following:

(a) The income, gains, and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains, or losses of the company.

(b) Except as may be provided with respect to reserves for guaranteed benefits and funds referred to in paragraph (c) of this subsection (1), amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurance

companies, and the investments in such separate account shall not be taken into account in applying the investment limitations otherwise applicable to the investments of the company.

(c) Except with the approval of the commissioner and under such conditions as to investments and other matters as he may prescribe, which shall recognize the guaranteed nature of the benefits provided, reserves for benefits guaranteed as to dollar amount and duration and for funds guaranteed as to principal amount or stated rate of interest shall not be maintained in a separate account.

(d) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation or, if there is no readily available market, as provided under the terms of the contract or the rules or other written agreement applicable to such separate account; except that, unless otherwise approved by the commissioner, that portion, if any, of the assets of such separate account equal to the company's reserve liability as provided in paragraph (c) of this subsection (1) shall be valued in accordance with the rules otherwise applicable to the company's assets.

(e) Amounts allocated to a separate account in the exercise of the power granted by this section shall be owned by the company, and the company shall not be, nor hold itself out to be, a trustee with respect to such amounts. To the extent provided under the applicable contracts, that portion of the assets of any such separate account which is equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the company may conduct.

(f) No sale, exchange, or other transfer of assets may be made by a company between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made by a transfer of cash or by a transfer of securities having a readily determinable market value, if such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts if, in his opinion, such transfers would not be inequitable.

(g) To the extent such company deems it necessary to comply with any applicable federal or state laws, such company, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may provide for persons having an interest therein appropriate voting and other rights and special procedures for the conduct of the business of such account, including without limitation special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants, and the selection of a committee, the members of which need not be otherwise affiliated with such company, to manage the business of such account.

Source: L. 71: p. 712, § 1. C.R.S. 1963: § 72-2-45. L. 2003: IP(1) amended, p. 2045, § 1, effective May 22.

10-7-403. Where benefits are payable in variable amounts.

Any contract providing benefits payable in variable amounts, delivered or issued for delivery in this state, shall contain a statement of the essential features of the procedures to be followed by the insurance company in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will so vary and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.

Source: L. 71: p. 713, § 1. C.R.S. 1963: § 72-2-46.

10-7-404. Authority to issue variable contracts.

(1) No company shall deliver or issue for delivery within this state variable contracts unless it is licensed to do a life insurance or annuity business in this state and the commissioner is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. In this connection, the commissioner shall consider among other things:

- (a) The history and financial condition of the company;
- (b) The character, responsibility, and fitness of the officers and directors of the company; and
- (c) The law and regulations under which the company is authorized in the state of domicile to issue variable contracts.

(2) If the company is a subsidiary of an admitted life insurance company or affiliated with such company through common management or ownership, it may be deemed by the commissioner to have complied with the provisions of this section if either it or the parent or the affiliated company meets the requirements of this section.

Source: L. 71: p. 713, § 1. C.R.S. 1963: § 72-2-47.

10-7-405. Construction.

(1) Notwithstanding any other provision of law, the commissioner has sole authority to regulate the issuance and sale of variable contracts and to issue such reasonable rules and regulations as may be appropriate to carry out the purposes and provisions of sections 10-7-402 to 10-7-405.

(2) Except for sections 10-3-204, 10-7-102 (1)(g) to (1)(i), 10-7-202 (1)(a), 10-7-302 to 10-7-306, and 10-7-501 to 10-7-510, and, except as otherwise provided in sections 10-7-402 to 10-7-405, all pertinent provisions of this title shall apply to separate accounts and contracts relating thereto. Any individual variable life insurance or annuity contract, delivered or issued for delivery in this state, shall contain grace, reinstatement, and nonforfeiture provisions appropriate to such a contract. The reserve liability for variable contracts shall be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

(3) Notwithstanding any other provision of law, the term "company" as used in sections 10-7-402 to 10-7-404 includes fraternal benefit societies licensed to do business in this state under article 14 of this title.

Source: L. 71: p. 714, § 1. C.R.S. 1963: § 72-2-48. L. 77: (2) amended, p. 528, § 10, effective July 1.

PART 5

**STANDARD NONFORFEITURE LAW FOR INDIVIDUAL DEFERRED
ANNUITIES**

10-7-501. Short title.

This part 5 shall be known and may be cited as the "Standard Nonforfeiture Law for Individual Deferred Annuities".

Source: L. 77: Entire part added, p. 528, § 11, effective July 1.

10-7-502. Exemptions.

This part 5 shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the federal "Internal Revenue Code of 1986", as now or hereafter amended. Nor shall this part 5 apply to any premium deposit fund, variable annuity, investment annuity, immediate annuity, deferred annuity contract after annuity payments have commenced, or reversionary annuity, or to any contract delivered outside this state through an agent or other representative of the company issuing the contract.

Source: L. 77: Entire part added, p. 528, § 11, effective July 1. **L. 2000:** Entire section amended, p. 1840, § 11, effective August 2.

10-7-503. Compulsory contract provisions.

(1) No contract of annuity, except as stated in section 10-7-502, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which, in the opinion of the commissioner, are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

(a) That, upon cessation of payment of considerations under a contract or upon written request of the contract owner, the company shall grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in sections 10-7-505 to 10-7-508 and 10-7-509 (1);

(b) If a contract provides for a lump-sum settlement, that, upon surrender of the contract at or prior to the commencement of any annuity payments, the company shall pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in sections 10-7-505, 10-7-506, 10-7-508, and 10-7-509 (1). The company may reserve the right to defer the payment of such cash surrender benefit for a period not to exceed six months after demand with surrender of the contract after requesting in writing and receiving approval in writing from the commissioner. The request shall address the necessity and equitability of the deferral to all policyholders.

(c) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(d) A statement that any paid-up annuity, cash surrender, or death benefits that may be available under the contract shall not be less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract, or any prior withdrawals from or partial surrenders of the contract.

(2) Notwithstanding subsection (1) of this section, a deferred annuity contract may provide that, if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract. A contract that does not provide cash surrender or death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of an annuity payment shall include a statement in a prominent place in the contract that such benefits are not provided.

Source: L. 77: Entire part added, p. 528, § 11, effective July 1. L. 2004: (1)(a), (1)(b), and (1)(d) amended and (2) added, p. 817, § 1, effective July 1.

10-7-504. Minimum nonforfeiture amounts - rules.

(1) The minimum values specified in sections 10-7-505 to 10-7-508 and 10-7-509 (1) of any paid-up annuity, cash surrender, or death benefits available under an annuity contract shall be based upon the following minimum nonforfeiture amounts:

(a) (I) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at a rate of interest authorized by subsection (3) of this section of the net considerations, as defined in subsection (2) of this section, paid prior to such time, decreased by the following:

(A) The sum of any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest authorized by subsection (3) of this section;

(B) An annual contract charge of fifty dollars, accumulated at rates of interest authorized by subsection (3) of this section;

(C) The amount of any indebtedness to the company on the contract, including interest due and accrued.

(II) (Deleted by amendment, L. 2004, p. 818, § 2, effective July 1, 2004.)

(b) and (c) (Deleted by amendment, L. 2004, p. 818, § 2, effective July 1, 2004.)

(2) The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be equal to eighty-seven and one-half percent of the gross considerations credited to the contract during such contract year.

(3) (a) The interest rate used to determine minimum nonforfeiture amounts shall be the lesser of the following:

(I) Three percent per annum; or

(II) If specified in the contract that the interest rate will reset, the five-year constant maturity treasury rate reported by the federal reserve as of a specified date or averaged over a period reduced by one hundred twenty-five basis points so long as:

(A) The rate is rounded to the nearest one-twentieth of one percent;

(B) The reset is specified in the contract to be no longer than fifteen months before the contract issue or redetermination date under sub-subparagraph (E) of this subparagraph (II);

(C) The resulting interest is not less than fifteen one-hundredths percent;

(D) The interest rate applies for an initial period and may be redetermined for additional periods;

(E) Any redetermination date, basis, and period is stated in the contract; and

(F) The basis is the date or average over a specified period that produces the value of the five-year constant maturity treasury rate used at each redetermination date.

(b) During the period or term that a contract provides substantive participation in an equity indexed benefit, the contract may increase the reduction authorized in subparagraph (II) of paragraph (a) of this subsection (3) by an additional rate not to exceed one hundred basis points to reflect the value of the equity indexed benefit. The present value of the additional reduction at the contract issue date and at each redetermination date shall not exceed the market value of the benefit. The commissioner may disallow or limit the additional reduction.

(c) The commissioner may adopt rules to implement paragraph (b) of this subsection (3) and to provide further adjustments to the minimum forfeiture amounts for contracts that provide substantive participation in an equity indexed benefit and for other contracts for which the commissioner determines adjustments are justified.

Source: L. 77: Entire part added, p. 529, § 11, effective July 1. **L. 2003:** (1)(a) amended, p. 1345, § 1, effective August 6. **L. 2004:** Entire section amended, p. 818, § 2, effective July 1. **L. 2021:** (3)(a)(II)(C) amended, (SB 21-259), ch. 387, p. 2587, § 1, effective June 30.

10-7-505. Computation of annuity benefit.

Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

Source: L. 77: Entire part added, p. 530, § 11, effective July 1.

10-7-506. Computation of cash surrender benefit.

For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at the time of surrender. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

Source: L. 77: Entire part added, p. 530, § 11, effective July 1.

10-7-507. Computation of paid-up annuity nonforfeiture benefit.

(1) For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit

provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract.

(2) For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at the time of the insured's death.

Source: L. 77: Entire part added, p. 530, § 11, effective July 1.

10-7-508. Determination of maturity date.

For the purpose of determining the benefits calculated under sections 10-7-506 and 10-7-507, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

Source: L. 77: Entire part added, p. 531, § 11, effective July 1.

10-7-509. Calculations of values - supplemental rules.

(1) Any paid-up annuity, cash surrender, or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

(2) For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance

portion computed as if each portion were a separate contract. Notwithstanding the provisions of sections 10-7-505 to 10-7-508 and subsection (1) of this section, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment, and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts and paid-up annuity, cash surrender, and death benefits that may be required by this part 5. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless additional benefits separately would require minimum nonforfeiture amounts and paid-up annuity, cash surrender, and death benefits.

10-7-510. Effective date - applicability of part.

On or after July 1, 2004, a company may elect to apply this part 5 to annuity contracts on a contract form-by-contract form basis. Otherwise, this part 5 shall apply to all annuity contracts created on or after July 1, 2005, and between July 1, 2004, and July 1, 2005, this part 5 as it existed on June 30, 2004, shall apply to all other annuity contracts.

PART 6

VIATICAL SETTLEMENTS

10-7-601. Short title.

This part 6 shall be known and may be cited as the "Viatical Settlements Act".

Source: L. 2005: Entire part added, p. 1293, § 1, effective January 1, 2006.

10-7-602. Definitions.

As used in this part 6, unless the context otherwise requires:

(1) "Advertising" means any written, electronic, or printed communication or any communication by means of recorded telephone messages or transmitted on radio, television, the internet, or similar communications media, including film strips, motion pictures, and videos, published, disseminated, circulated, or placed directly before the public in this state for the purpose of creating an interest in or inducing a person to sell, assign, devise, bequest, or transfer the death benefit or ownership of a policy pursuant to a viatical settlement contract.

(2) "Business of viatical settlements" means an activity that involves, but is not necessarily limited to, the offering, solicitation, negotiation, procurement, effectuation, purchasing, investing, financing, monitoring, tracking, underwriting, selling, transferring, assigning, pledging, or hypothecating of viatical settlement contracts.

(3) "Chronically ill", with reference to an individual, means that the individual:

(a) Suffers from a disease or disability that prevents the individual from independently performing two or more routine but necessary activities of daily living, which activities include, without limitation, eating, toileting, transferring, bathing, dressing, or continence;

(b) Requires substantial supervision to protect the individual from threats to health and safety due to severe cognitive impairment; or

(c) Has a level of disability similar to that described in paragraph (a) of this subsection (3), as determined by the federal department of health and human services.

(4) (a) "Financing entity" means an underwriter, placement agent, lender, purchaser of securities, purchaser of a policy or certificate from a viatical settlement provider, credit enhancer, or entity that has a direct ownership in a policy that is the subject of a viatical settlement contract, and:

(I) Whose principal activity related to the transaction is providing funds to effect the viatical settlement or purchase of one or more viaticated policies; and

(II) Who has an agreement in writing with one or more licensed viatical settlement providers to finance the acquisition of viatical settlement contracts or to provide stop-loss insurance.

(b) "Financing entity" does not include a nonaccredited investor.

(5) "Fraudulent viatical settlement act" includes:

(a) An act or omission by a person who, knowingly or with intent to defraud, for the purpose of depriving another of property or for pecuniary gain, commits or engages in, or permits its employees or agents to commit or engage in, acts including:

(I) Presenting, causing to be presented, or preparing with knowledge or belief that it will be presented to or by a viatical settlement provider, financing entity, insurer, insurance producer, or other person, false material information, or concealing material information, as part of, in support of, or concerning a fact material to one or more of the following:

(A) An application for the issuance of a viatical settlement contract or policy;

(B) The underwriting of a viatical settlement contract or policy;

(C) A claim for payment or benefit pursuant to a viatical settlement contract or policy;

(D) Premiums paid on a policy;

(E) Payments and changes in ownership or beneficiary made in accordance with the terms of a viatical settlement contract or policy;

(F) The reinstatement or conversion of a policy;

(G) The solicitation, offer, effectuation, or sale of a viatical settlement contract or policy;

(H) The issuance of written evidence of a viatical settlement contract or policy; or

(I) A financing transaction;

(II) Employing any device, scheme, or artifice to defraud related to viaticated policies;

(b) In the furtherance of a fraud or to prevent the detection of a fraud a person commits or permits its employees or agents to:

(I) Remove, conceal, alter, destroy, or sequester from the commissioner the assets or records of a licensee or other person engaged in the business of viatical settlements;

(II) Misrepresent or conceal the financial condition of a licensee, financing entity, insurer, or other person;

(III) Transact the business of viatical settlements in violation of laws requiring a license, certificate of authority, or other legal authority for the transaction of the business of viatical settlements; or

(IV) File with the commissioner or the chief insurance regulatory official of another jurisdiction a document containing false information or otherwise conceal information about a material fact from the commissioner;

(c) Embezzlement, theft, misappropriation, or conversion of moneys, funds, premiums, credits, or other property of a viatical settlement provider, life insurance producer, insurer, insured, viator, policyowner, or other person engaged in the business of viatical settlements or insurance;

(d) Recklessly entering into, negotiating, or otherwise dealing in a viatical settlement contract, the subject of which is a policy that was obtained by presenting false information concerning a fact material to the policy, or by concealing, for the purpose of misleading another, information concerning a fact material to the policy, where the viator or the viator's agent intended to defraud the insurance company that issued the policy. "Recklessly" means engaging in the conduct in conscious and clearly unjustifiable disregard of a substantial likelihood of the existence of the relevant facts or risks, when such disregard involves a gross deviation from acceptable standards of conduct.

(e) Attempting to commit, assist, aid or abet in the commission of, or conspiracy to commit, the acts or omissions specified in this subsection (5).

(6) "Life insurance producer" means a person licensed as a resident or nonresident insurance producer pursuant to article 2 of this title who has received qualification for life insurance coverage or a life line of coverage pursuant to section 10-2-407 (1)(a).

(7) "NAIC" means the national association of insurance commissioners or any analogous successor organization.

(8) "Person" means a natural person or a legal entity including, but not limited to, an individual, partnership, limited liability company, association, trust, or corporation.

(9) "Policy" means an individual or group policy, group certificate, contract, or arrangement of life insurance affecting the rights of a resident of this state or bearing a reasonable relation to this state, regardless of whether delivered or issued for delivery in this state.

(10) "Related provider trust" means a titling trust or other trust established by a licensed viatical settlement provider or a financing entity for the sole purpose of holding the ownership or beneficial interest in viaticated policies in connection with a financing transaction. The trust shall have a written agreement with the licensed viatical settlement provider under which the licensed viatical settlement provider is responsible for ensuring compliance with all statutory and regulatory requirements and under which the trust agrees to make all records and files related to viatical settlement transactions available to the commissioner as if those records and files were maintained directly by the licensed viatical settlement provider.

(11) "Special purpose entity" means a corporation, partnership, trust, limited liability company, or other similar entity formed only to provide, either directly or indirectly, access to institutional capital markets for a financing entity or licensed viatical settlement provider.

(12) "Terminally ill" means having an illness or sickness that is reasonably expected to result in death in twenty-four months or less.

(13) "Viatical settlement contract" means a written agreement establishing the terms under which compensation or anything of value is paid, which compensation or value is less than the expected death benefit of the policy, in return for the viator's assignment, transfer, sale, devise, or bequest of the death benefit or ownership of any portion of the policy. "Viatical settlement contract" includes a contract for a loan or other financing transaction with a viator secured primarily by an individual or group life insurance policy, other than a loan by a life insurance company pursuant to the terms of the policy, or a loan secured by the cash value of a policy. "Viatical settlement contract" also includes an agreement with a viator to transfer ownership or change the beneficiary designation at a later date regardless of the date that compensation is paid to the viator. "Viatical settlement contract" does not mean a written agreement entered into between a viator and a person having an insurable interest in the insured's life.

(14) "Viatical settlement provider" means a person, other than a viator, who enters into or effectuates a viatical settlement contract. "Viatical settlement provider" does not include:

(a) A bank, savings bank, savings and loan association, credit union, or other licensed lending institution that takes an assignment of a policy as collateral for a loan;

(b) The issuer of a policy providing accelerated benefits pursuant to the policy;

(c) An authorized or eligible insurer that provides stop-loss coverage to a viatical settlement provider, financing entity, special purpose entity, or related provider trust;

(d) A natural person who enters into or effectuates no more than one agreement in a calendar year for the transfer of policies for any value less than the expected death benefit;

(e) A financing entity;

(f) A special purpose entity;

(g) A related provider trust; or

(h) An accredited investor or qualified institutional buyer as defined, respectively, in regulation D, rule 501, or rule 144A of the federal "Securities Act of 1933", as amended, who purchases a viaticated policy from a viatical settlement provider.

(15) "Viaticated policy" means a policy that has been acquired by a viatical settlement provider pursuant to a viatical settlement contract.

(16) "Viator" means the owner of a policy who is a resident of this state and who enters or seeks to enter into a viatical settlement contract. For the purposes of this part 6, a viator is not limited to an owner of a policy insuring the life of an individual with a terminal or chronic illness or condition except where specifically addressed. If there is more than one owner on a single

policy and the owners are residents of different states, the transaction shall be governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all owners. "Viator" does not include:

- (a) A licensee as provided by this part 6, including a life insurance producer;
- (b) An accredited investor or qualified institutional buyer as defined, respectively, in regulation D, rule 501, or rule 144A of the federal "Securities Act of 1933", as amended;
- (c) A financing entity;
- (d) A special purpose entity; or
- (e) A related provider trust.

Source: L. 2005: Entire part added, p. 1293, § 1, effective January 1, 2006.

Cross references: For regulation D, rule 501, see 17 CFR 230.501; for rule 144A, see 17 CFR 230.144A.

10-7-603. Licensing.

(1) (a) No person shall act on behalf of a viator or otherwise negotiate, as defined in section 10-2-103 (7.9), viatical settlement contracts between a viator and one or more viatical settlement providers unless such person is a life insurance producer and has been licensed as a resident producer with a life line of authority in his or her home state for at least one year.

(b) Not later than thirty days after the first day of negotiating a viatical settlement on behalf of a viator, the life insurance producer shall notify the commissioner of the activity on a form prescribed by the commissioner, and shall pay an applicable fee to be determined by the commissioner by rule. Notification shall include an acknowledgment by the life insurance producer that he or she will operate in accordance with this part 6.

(c) Irrespective of the manner in which the life insurance producer is compensated, a life insurance producer is deemed to represent only the viator, and the insurer that issued the policy being viaticated shall not be responsible for any act or omission of a life insurance producer or viatical settlement provider arising out of or in connection with the viatical settlement transaction, unless the insurer receives compensation from the viatical settlement provider or life insurance producer for the viatical settlement contract.

(d) Notwithstanding paragraph (a) of this subsection (1), a person licensed as an attorney, certified public accountant, or financial planner accredited by a nationally recognized accreditation agency, who is retained to represent the viator and whose compensation is not paid directly or indirectly by the viatical settlement provider may negotiate viatical settlement contracts without having to obtain a license as a life insurance producer.

(2) (a) No person may operate as a viatical settlement provider without first obtaining a viatical settlement provider license from the commissioner.

(b) Application for a viatical settlement provider license shall be made to the commissioner on a form prescribed by the commissioner, and an application shall be accompanied by a fee to be determined by the commissioner by rule.

(c) A license may be renewed from year to year, on the anniversary date of initial issuance, upon payment of an annual renewal fee as determined by the commissioner by rule. Failure to pay the fee by the renewal date shall result in expiration of the license.

(d) The applicant for a viatical settlement provider license shall provide information on forms prescribed by the commissioner. The commissioner may, at any time, require the applicant to fully disclose the identity of all stockholders, partners, officers, members, and employees, except stockholders owning fewer than five percent of the shares of an applicant whose shares are publicly traded, and the commissioner may refuse to issue a license in the name of a legal entity if not satisfied that any officer, employee, stockholder, partner, or member of the entity who may materially influence the entity's conduct meets the standards of this article.

(e) A license issued to a legal entity authorizes all partners, officers, members, and designated employees to act as viatical settlement providers, as applicable, under the license, if all of those persons are named in the application and any supplements to the application.

(f) Upon the filing of an application and the payment of the license fee, the commissioner shall make an investigation of each applicant and issue a license if the commissioner finds that the applicant:

- (I) Has provided a detailed plan of operation;
- (II) Is competent and trustworthy and intends to act in good faith in the capacity involved by the license for which an application was submitted;
- (III) Has a good business reputation and has had experience, training, or education so as to be qualified in the business for the license for which an application was submitted;
- (IV) If a legal entity, provides a certificate of good standing from the state of its domicile; and
- (V) Has provided an anti-fraud plan that meets the requirements of this part 6.

(g) The commissioner may not issue a license to a nonresident applicant unless a written designation of an agent for service of process is filed and maintained with the commissioner or unless the applicant has filed with the commissioner the applicant's written, irrevocable consent that any action against the applicant may be commenced against the applicant by service of process on the commissioner.

(h) A viatical settlement provider shall provide to the commissioner new or revised information about officers, stockholders who own ten percent or more of the provider's stock, and all partners, directors, members, and designated employees within thirty days after the change.

Source: L. 2005: Entire part added, p. 1298, § 1, effective January 1, 2006.

10-7-604. Licensure - refusal to issue - suspension - revocation - refusal to renew.

(1) The commissioner shall refuse to issue, suspend, revoke, or refuse to renew the license of a viatical settlement provider if the commissioner finds after compliance with subsection (3) of this section that:

- (a) There was any material misrepresentation in the application for the license;
- (b) The licensee or any of its officers, partners, members, or key management personnel has been convicted of fraudulent or dishonest practices, is subject to a final administrative action, or is otherwise shown to be untrustworthy or incompetent;
- (c) The licensee demonstrates a pattern of unreasonable payments to viators;
- (d) The licensee or any of its officers, partners, members, or key management personnel has been found guilty of, or has pleaded guilty or nolo contendere to, any felony, or to a misdemeanor involving fraud or moral turpitude, regardless of whether a judgment or conviction has been entered by the court;
- (e) The licensee has entered into any viatical settlement contract that has not been approved pursuant to this part 6;
- (f) The licensee has failed to honor contractual obligations set out in a viatical settlement contract;
- (g) The licensee no longer meets the requirements for initial licensure;
- (h) The licensee has assigned, transferred, or pledged a viaticated policy to a person other than a viatical settlement provider licensed in this state; an accredited investor or qualified institutional buyer as defined, respectively, in regulation D, rule 501, or rule 144A of the federal

"Securities Act of 1933", as amended; a financing entity; a special purpose entity; or a related provider trust; or

(i) The applicant or licensee or any of its officers, partners, members, or key management personnel, or any life insurance producer acting on behalf of the applicant or licensee, has violated this part 6.

(2) The commissioner may suspend, revoke, or refuse to renew the license of a life insurance producer if the commissioner finds that such life insurance producer has violated this part 6.

(3) If the commissioner denies a license application or suspends, revokes, or refuses to renew the license of a viatical settlement provider, or suspends, revokes, or refuses to renew the license of a life insurance producer, the commissioner shall conduct a hearing in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S., and may use a hearing officer pursuant to section 10-1-127.

Source: L. 2005: Entire part added, p. 1300, § 1, effective January 1, 2006.

Cross references: For regulation D, rule 501, see 17 CFR 230.501; for rule 144A, see 17 CFR 230.144A.

10-7-605. Forms approval.

A person may not use a viatical settlement contract or provide to a viator a disclosure statement form in this state unless such contract or form is first filed with and approved by the commissioner. Any settlement contract form or disclosure form filed with the commissioner shall be deemed approved if it has not been disapproved within sixty days after the filing. The commissioner shall disapprove a viatical settlement contract form or disclosure statement form if, in the commissioner's opinion, the contract or provisions contained in it are unreasonable, contrary to the interests of the public, or misleading or unfair to the viator.

Source: L. 2005: Entire part added, p. 1301, § 1, effective January 1, 2006.

10-7-606. Annual reports.

(1) Each viatical settlement provider shall file with the commissioner by March 1 of each year an annual statement containing such information as the commissioner prescribes by rule.

This information is limited to only those transactions in which the viator is a resident of this state and does not include individual transaction data regarding the business of viatical settlements or data that compromises the privacy of personal, financial, or health information of the viator or insured.

(2) Except as otherwise allowed or required by law, a viatical settlement provider, life insurance producer, information bureau, rating agency or company, or other person with actual knowledge of a viator or insured's identity may not disclose that identity as a viator or insured or the viator's or insured's financial or medical information to another person unless the disclosure is:

(a) (I) Necessary to effect a viatical settlement contract between the viator and a viatical settlement provider; and

(II) The viator or insured or both, as may be required, have provided prior written consent to the disclosure;

(b) Provided in response to an investigation or examination by the commissioner or another governmental officer or agency or pursuant to this article;

(c) A term of or condition to the transfer of a policy by one viatical settlement provider to another viatical settlement provider;

(d) Necessary to permit a financing entity, related provider trust, or special purpose entity to finance the purchase of policies by a viatical settlement provider and the viator and insured have provided prior written consent to the disclosure;

(e) Necessary to allow the viatical settlement provider or its authorized representative to make contacts for the purpose of determining health status; or

(f) Required to purchase stop-loss coverage.

Source: L. 2005: Entire part added, p. 1301, § 1, effective January 1, 2006.

10-7-607. Examinations.

(1) Authority, scope, and scheduling of examinations.

(a) The commissioner may conduct an examination under this part 6 of a licensee as often as the commissioner in his or her sole discretion deems appropriate.

(b) For purposes of completing an examination of a licensee under this part 6, the commissioner may examine or investigate any person, or the business of any person, in so far as

the examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the licensee.

(c) In lieu of an examination under this part 6 of any foreign or alien licensee licensed in this state, the commissioner may, at the commissioner's discretion, accept an examination report on the licensee as prepared by the commissioner for the licensee's state of domicile or port-of-entry state.

(2) Record retention requirements.

(a) A person required to be licensed under this part 6 shall for five years retain copies of all:

(I) Proposed, offered, or executed contracts, underwriting documents, policy forms, and applications from the date of the proposal, offer, or execution of the contract, whichever is later;

(II) Checks, drafts, or other evidence and documentation related to the payment, transfer, deposit, or release of moneys from the date of the transaction; and

(III) Other records and documents related to the requirements of this part 6.

(b) This section does not relieve a person of the obligation to produce the documents listed in paragraph (a) of this subsection (2) to the commissioner after the retention period has expired if the person has retained the documents.

(c) Records required to be retained by this subsection (2) shall be legible and complete and may be retained in paper, photograph, microprocess, magnetic, mechanical, or electronic media, or by any process that accurately reproduces or forms a durable medium for the reproduction of a record.

(3) Conduct of examinations.

(a) Upon determining that an examination should be conducted, the commissioner shall issue an examination warrant appointing one or more examiners to perform the examination and instructing the examiner as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the examiner's handbook adopted by the NAIC. The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate.

(b) Every licensee or person from whom information is sought, and its officers, directors, and agents, shall provide to the examiners timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, assets, and computer or other recordings relating to the property, assets, business, and affairs of the licensee being examined. The officers, directors, employees, and agents of the licensee or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of a licensee, by its officers, directors, employees, or agents, to submit to examination or to comply

with any reasonable written request of the commissioner shall be grounds for suspension, refusal, or nonrenewal of any license or authority held by the licensee to engage in the viatical settlement business or other business subject to the commissioner's jurisdiction. Any proceedings for suspension, revocation, or refusal of any license or authority shall be conducted pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

(c) The commissioner shall have the power to issue subpoenas, to administer oaths, and to examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction and, upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order shall be punishable as contempt of court.

(d) When making an examination under this part 6, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners. The reasonable cost of such examiners' services shall be borne by the licensee that is the subject of the examination.

(e) Nothing contained in this part 6 shall be construed to limit the commissioner's authority to terminate or suspend an examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination shall be prima facie evidence in any legal or regulatory action.

(f) Nothing contained in this part 6 shall be construed to limit the commissioner's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or licensee workpapers or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action that the commissioner may, in his or her sole discretion, deem appropriate.

(g) The licensee shall pay the charges incurred in the examination, including the expenses of the commissioner or the commissioner's designee and the expenses and compensation of the commissioner's examiners and assistants. If a licensee believes that the fees assessed are unreasonable in relation to the examination performed, the licensee may appeal the assessments to and seek judicial review by the district court in and for the city and county of Denver pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S. If no hearing is requested or, if after a hearing and appeal process, the licensee refuses or fails to pay, the commissioner or his designee shall promptly institute a civil action against the licensee to recover the expenses of examination.

(4) Examination reports.

(a) Examination reports shall consist only of facts appearing upon the books, records, or other documents of the licensee, its agents, or other persons examined, or as ascertained from the

testimony of its officers or agents or other persons examined concerning its affairs, and such conclusions and recommendations as the examiners find reasonably warranted from the facts.

(b) No later than sixty days following completion of the examination, the examiner in charge shall file with the commissioner a verified written report of examination under oath. Upon receipt of the verified report, the commissioner shall transmit the report to the licensee examined, together with a notice that shall afford the licensee examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report.

(c) Within thirty days after the end of the period allowed for the receipt of written submissions or rebuttals, the commissioner shall fully consider and review the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers, and enter an order:

(I) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the licensee is operating in violation of any law, rule, or prior order of the commissioner, the commissioner may order the licensee to take any action the commissioner considers necessary and appropriate to cure the violation.

(II) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information and refiling; or

(III) Calling for an investigatory hearing with no less than twenty days' notice to the licensee for purposes of obtaining additional documentation, data, information, and testimony.

(d) All orders entered pursuant to this subsection (4) shall be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, the relevant examiner workpapers, and any written submissions or rebuttals. Any examination warrant issued pursuant to paragraph (a) of subsection (3) of this section shall be considered a final administrative decision, review of which may be sought in the district court in and for the city and county of Denver pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., and shall be served upon the licensee by certified mail together with a copy of the adopted examination report. Within thirty days after the issuance of the adopted report, the licensee shall file affidavits executed by each of its directors stating under oath that they have received a copy of the adopted report and related orders.

(e) Hearings conducted pursuant to this section shall be subject to the following requirements:

(I) Any hearing conducted pursuant to this section by the commissioner or the commissioner's authorized representative shall be conducted as a nonadversarial, confidential investigatory proceeding as necessary for the resolution of any inconsistencies, discrepancies, or

disputed issues apparent upon the face of the filed examination report or raised by or as a result of the commissioner's review of relevant workpapers or by the written submission or rebuttal of the licensee. Within twenty days after the conclusion of any hearing, the commissioner shall enter an order pursuant to subparagraph (I) of paragraph (c) of this subsection (4).

(II) The commissioner shall not appoint an examiner as an authorized representative to conduct the hearing. The hearing shall proceed expeditiously, with discovery by the licensee limited to the examiner's workpapers that tend to substantiate any assertions set forth in any written submission or rebuttal. The commissioner or the commissioner's representative may issue subpoenas for the attendance of any witnesses or the production of any documents considered relevant to the investigation, whether under the control of the commissioner, the company, or other persons. The documents produced shall be included in the record, and testimony taken by the commissioner or the commissioner's representative shall be under oath and preserved for the record. Nothing contained in this section shall require the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(III) The hearing shall proceed with the commissioner or the commissioner's representative posing questions to the persons subpoenaed. Thereafter, the licensee and the division may present testimony relevant to the investigation. Cross-examination may be conducted only by the commissioner or the commissioner's representative. The licensee and the commissioner shall be permitted to make closing statements and may be represented by counsel of their choice.

(f) If the commissioner determines that regulatory action is appropriate as a result of an examination, the commissioner may initiate any proceedings or actions provided by law.

(g) No provision of this part 6 shall prevent or be construed as prohibiting the commissioner from disclosing the content of an examination report, a preliminary examination report or its results, or any related matter to the insurance division of this or any other state or country, to law enforcement officials of this or any other state, or to any agency of the federal government at any time, subject to the written agreement of the recipient to hold such information confidential and to treat it in a manner consistent with this part 6.

(5) Confidentiality of examination information.

(a) Names and individual identification data for all viators shall be considered private and confidential information and shall not be disclosed by the commissioner unless required by law.

(b) (I) Except as otherwise provided in this part 6, all examination reports, working papers, recorded information, and documents, and copies thereof, produced by, obtained by, or disclosed to the commissioner or any other person in the course of an examination made under this part 6, or in the course of analysis or investigation by the commissioner of the financial condition or market conduct of a licensee, are:

(A) Confidential by law and privileged;

(B) Not subject to article 72 of title 24, C.R.S.;

(C) Not subject to subpoena; and

(D) Not subject to discovery or admissible in evidence in any private civil action.

(II) The commissioner is authorized to use the documents, materials, or other information described in subparagraph (I) of this paragraph (b) in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(III) For the purposes of this paragraph (b), "this part 6" includes the law of another state or jurisdiction that is substantially similar to this part 6.

(c) Documents, materials, or other information, including, but not limited to, all working papers and copies thereof in the possession or control of the NAIC and its affiliates and subsidiaries are:

(I) Confidential by law and privileged;

(II) Not subject to subpoena; and

(III) Not subject to discovery or admissible in evidence in any private civil action if they are:

(A) Created, produced, or obtained by or disclosed to the NAIC and its affiliates and subsidiaries in the course of assisting an examination made under this part 6, or assisting the commissioner in the analysis or investigation of the financial condition or market conduct of a licensee; or

(B) Disclosed to the NAIC or its affiliates and subsidiaries under paragraph (d) of this subsection (5) by the commissioner.

(d) The commissioner or any person that received the documents, material, or other information while acting under the authority of the commissioner, including the NAIC and its affiliates and subsidiaries, is permitted to testify in any private civil action concerning any confidential documents, materials, or information subject to paragraph (a) of this subsection (5).

(e) In order to assist in the performance of the commissioner's duties, the commissioner:

(I) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to paragraph (a) of this subsection (5), with other state, federal, and international regulatory agencies, with the NAIC and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities if the recipient agrees to maintain the confidentiality and privileged status of the document, material, communication, or other information;

(II) May receive documents, materials, communications, or information, including otherwise confidential and privileged documents, materials, or information, from the NAIC and its affiliates and subsidiaries, and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information; and

(III) May enter into agreements governing the sharing and use of information consistent with this subsection (5).

(f) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in paragraph (e) of this subsection (5).

(g) A privilege established under the law of any state or jurisdiction that is substantially similar to the privilege established under this subsection (5) shall be available and enforced in any proceeding in, and in any court of, this state.

(h) Nothing contained in this part 6 shall prevent or be construed as prohibiting the commissioner from disclosing the content of an examination report, a preliminary examination report or its results, or any related matter to the commissioner of any other state or country, to law enforcement officials of this or any other state or agency of the federal government at any time, or to the NAIC, if the person receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this part 6.

(i) Nothing in this part 6 shall immunize a party who discloses information to the commissioner from disclosing that information pursuant to an independent inquiry or restrict the admissibility of such independently obtained information.

(6) Conflict of interest.

(a) An examiner may not be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of, or owns a pecuniary interest in, any person subject to examination under this part 6. This section shall not be construed to automatically preclude an examiner from being:

(I) A viator;

(II) An insured in a viaticated policy; or

(III) A beneficiary in an insurance policy that is proposed to be the subject of a viatical settlement contract.

(b) Notwithstanding any provision of paragraph (a) of this subsection (6) to the contrary, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified

public accountants, or other similar individuals who are independently practicing their professions, even though these persons may from time to time be similarly employed or retained by persons subject to examination under provisions of this part 6.

(7) **Cost of examinations.** The expenses incurred in conducting any examination shall be paid by the licensee or applicant.

(8) **Immunity from liability.**

(a) No cause of action shall arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives, or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out the provisions of this part 6.

(b) No cause of action shall arise from, nor shall any liability be imposed against any person for, the act of communicating or delivering information or data to the commissioner, the commissioner's authorized representative, or an examiner pursuant to an examination made under this part 6, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This paragraph (b) does not abrogate or modify in any way any common law or statutory privilege or immunity enjoyed by any person identified in paragraph (a) of this subsection (8).

(c) A person identified in paragraph (a) or (b) of this subsection (8) shall be entitled to an award of attorney fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this part 6, and the party bringing the action was not substantially justified in doing so. For purposes of this paragraph (c), a proceeding is substantially justified if it had a reasonable basis in law or fact at the time that it was initiated.

(9) **Investigative authority of the commissioner.** The commissioner may investigate suspected fraudulent viatical settlement acts and persons engaged in the business of viatical settlements.

10-7-608. Disclosures.

(1) With each application for a viatical settlement contract, a viatical settlement provider or life insurance producer shall provide the viator with at least the following information, in a separate document signed by the viator and the viatical settlement provider or life insurance

producer, no later than the time the application for the viatical settlement contract is signed by all parties:

(a) That there exist possible alternatives to a viatical settlement contract, including any accelerated death benefits or policy loans offered under the viator's life insurance policy;

(b) That some or all of the proceeds of the viatical settlement contract may be taxable under federal income tax and state franchise and income taxes, and assistance may be sought from a professional tax advisor;

(c) That proceeds of the viatical settlement contract may be subject to the claims of creditors;

(d) That receipt of the proceeds of a viatical settlement contract may adversely affect the viator's eligibility for medicaid or other government benefits or entitlements, and advice may be obtained from the appropriate government agencies;

(e) That the viator has the right to rescind a viatical settlement contract before the earlier of thirty calendar days after the date upon which the viatical settlement contract is executed by all parties or fifteen calendar days after the receipt of the viatical settlement proceeds by the viator. Rescission, if exercised by the viator, is effective only if both notice of the rescission is given and repayment of all proceeds and any premiums, loans, and loan interest to the viatical settlement provider is made within forty-five days after the end of the rescission period. If the insured dies during the rescission period, the viatical settlement contract is deemed to have been rescinded, subject to repayment of all viatical settlement proceeds and any premiums, loans, and loan interest being made to the viatical settlement provider within the rescission period.

(f) That funds must be sent to the viator within three business days after the viatical settlement provider has received the insurer's or group administrator's acknowledgment that ownership of the viaticated policy has been transferred and the beneficiary has been designated;

(g) That entering into a viatical settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy, to be forfeited by the viator, and that the viator may seek assistance from an independent financial adviser;

(h) The following statement: "All medical, financial, or personal information solicited or obtained by a viatical settlement provider or a life insurance producer about an insured, including the insured's identity or the identity of family members, a spouse, or a significant other, may be disclosed as necessary to effect the viatical settlement contract between the viator and the viatical settlement provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years."

(i) That the insured may be contacted by either the viatical settlement provider or its authorized representative for the purpose of determining the insured's health status. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once each month if the insured has a life expectancy of one year or less.

(2) In addition to the information described in subsection (1) of this section, the disclosure to a viator shall include distribution of a brochure, approved by the commissioner, describing the process of viatical settlements.

(3) No later than the date the viatical settlement contract is signed by all parties, the viatical settlement provider shall provide the viator with at least the following information, displayed conspicuously in the viatical settlement contract or in a separate document signed by the viator and the viatical settlement provider:

(a) The affiliation, if any, between the viatical settlement provider and the issuer of the insurance policy to be acquired pursuant to the viatical settlement contract;

(b) The name, address, and telephone number of the viatical settlement provider;

(c) If a policy to be acquired pursuant to a viatical settlement contract has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be acquired pursuant to a viatical settlement contract, the viator shall be informed of the possible loss of coverage on the other lives under the policy and advised to consult with his or her insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement contract;

(d) The dollar amount of the current death benefit payable to the viatical settlement provider under the policy. If known, the viatical settlement provider shall also disclose the availability of additional guaranteed insurance benefits, the dollar amount of accidental death and dismemberment benefits under the policy or certificate, and the viatical settlement provider's interest in those benefits.

(e) The name, business address, and telephone number of the independent third-party escrow agent, and the fact that the viator may inspect or receive copies of the relevant escrow or trust agreements or documents.

(4) If the viatical settlement provider transfers ownership or changes the beneficiary of the policy, the viatical settlement provider shall communicate the change in ownership or beneficiary to the insured within twenty days after the change.

Source: L. 2005: Entire part added, p. 1309, § 1, effective January 1, 2006.

10-7-609. General requirements.

(1) (a) A viatical settlement provider entering into a viatical settlement contract shall first obtain:

(I) If the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a viatical settlement contract; and

(II) A document in which the insured consents to the release of his or her medical records to a viatical settlement provider or insurance producer and, if the policy was issued less than two years after the date of application for a viatical settlement contract, to the insurance company that issued the policy.

(b) The insurer shall respond to a request for verification of coverage submitted by a viatical settlement provider or life insurance producer not later than thirty calendar days after the date the request is postmarked. The request for verification of coverage shall be made on a form approved by the commissioner. The insurer shall complete and issue the verification of coverage or indicate in which respects it is unable to respond.

(c) Before or at the time of execution of the viatical settlement contract, the viatical settlement provider shall obtain a witnessed document in which the viator consents to the viatical settlement contract, represents that the viator has a full and complete understanding of the viatical settlement contract, acknowledges that the viator has a full and complete understanding of the benefits of the policy, acknowledges that the viator is entering into the viatical settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.

(d) If a life insurance producer performs any of the activities required of the viatical settlement provider by this subsection (1), the viatical settlement provider is deemed to have fulfilled the requirements of this section.

(2) Medical information solicited or obtained by a licensee is subject to the applicable provisions of state law relating to confidentiality of medical or protected health information.

(3) A viatical settlement contract entered into in this state shall provide the viator with an unconditional right to rescind the contract before the earlier of thirty calendar days after the date when the viatical settlement contract is executed by all parties or fifteen calendar days after the receipt of the viatical settlement proceeds by the viator. Rescission, if exercised by the viator, is effective only if both notice of the rescission is given and repayment of all proceeds and any premiums, loans, and loan interest to the viatical settlement provider is made within the rescission period. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded if repayment of all viatical settlement proceeds and any

premiums, loans, and loan interest to the viatical settlement provider is made within forty-five days after the end of the rescission period.

(4) The viatical settlement provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or beneficiary directly to an independent escrow agent. If the viator erroneously provides the documents directly to the viatical settlement provider, the viatical settlement provider shall immediately notify the escrow agent and shall pay or transfer the proceeds of the viatical settlement contract into an escrow or trust account maintained in a state or federally chartered financial institution whose deposits are insured by the federal deposit insurance corporation within three business days after the date the escrow agent receives the documents, or after the date the viatical settlement provider receives the documents. Upon payment of the viatical settlement proceeds into the escrow account, the escrow agent shall deliver the original change in ownership, assignment, or beneficiary forms to the viatical settlement provider or related provider trust. Upon the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the viatical settlement proceeds to the viator.

(5) Failure to tender consideration to the viator for the viatical settlement contract within the time required renders the viatical settlement contract voidable by the viator for lack of consideration until consideration is tendered to and accepted by the viator.

(6) A contact with the insured, for the purpose of determining the health status of the insured by the viatical settlement provider after the viatical settlement contract has been executed, may be made only by the licensed viatical settlement provider or its authorized representatives and is limited to once every three months for insureds with a life expectancy of more than one year, and not more than once each month for insureds with a life expectancy of one year or less. The viatical settlement provider shall explain the procedure for these contacts at the time of entry into the viatical settlement contract. The limitations provided for in this subsection (6) do not apply to a contact with an insured for reasons other than determining the insured's health status. A viatical settlement provider is responsible for the actions of his or her authorized representatives.

Source: L. 2005: Entire part added, p. 1311, § 1, effective January 1, 2006.

10-7-610. Limited purchase in incontestability period.

(1) It is a violation of this part 6 for a person to enter into a viatical settlement contract within a two-year period commencing with the date of issuance of the policy unless the viator certifies to the viatical settlement provider that one or more of the following conditions has been met within the two-year period:

(a) The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy, if the total of the time covered under the conversion policy plus the time covered under the prior policy is at least twenty-four months. The time covered under a group policy shall be calculated without regard to a change in insurance carriers if the coverage has been continuous and under the same group sponsorship.

(b) The viator submits independent evidence to the viatical settlement provider that one or more of the following conditions has been met within the two-year period:

(I) The viator or insured is terminally or chronically ill; or

(II) The viator or insured disposes of his or her ownership interests in a closely held corporation pursuant to the terms of a buyout or other similar agreement in effect at the time the insurance policy was initially issued.

(2) Copies of the independent evidence described in paragraph (b) of subsection (1) of this section and documents required must be submitted to the insurer when the viatical settlement provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

(3) If the viatical settlement provider submits to the insurer a copy of independent evidence provided for in paragraph (b) of subsection (1) of this section when the viatical settlement provider submits a request to the insurer to effect the transfer of the policy to the viatical settlement provider, the copy is deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this section and the insurer shall respond timely to the request.

Source: L. 2005: Entire part added, p. 1313, § 1, effective January 1, 2006.

10-7-611. Advertising - legislative intent.

(1) It is the intent of the general assembly that the purpose of this section is to provide a prospective viator with clear and unambiguous statements in the advertisement of a viatical settlement contract and to assure the clear, truthful, and adequate disclosure of the benefits, risks, limitations, and exclusions of a viatical settlement contract. This purpose is to be accomplished by the establishment of guidelines and standards of permissible and impermissible conduct in the advertising of a viatical settlement contract to assure that a product description is presented in a manner that prevents unfair, deceptive, or misleading advertising and is conducive to accurate presentation and description of a viatical settlement contract through the advertising media and material used by a licensee.

(2) This section applies to an advertising of a viatical settlement contract or a related product or service intended for dissemination in this state, including internet advertising viewed by a person located in this state. Where disclosure requirements are established pursuant to federal regulation, this section shall be interpreted so as to minimize or eliminate conflict with federal regulation wherever possible.

(3) Each viatical settlement licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of an advertisement of its contracts, products, and services. An advertisement, regardless of by whom written, created, designed, or presented, is the responsibility of the licensee, as well as of the individual who created or presented the advertisement. A system of control by the licensee shall include regular notification, at least once a year, to agents and others authorized to disseminate advertisements, of the requirements and procedures for approval before the use of an advertisement not furnished by the licensee.

(4) An advertisement shall be truthful and not misleading in fact or by implication. The form and content of an advertisement of a viatical settlement contract shall be sufficiently complete and clear so as to avoid deception. It may not have the capacity or tendency to mislead or deceive. Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the commissioner from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.

(5) (a) The information required to be disclosed pursuant to the provisions of this section may not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.

(b) An advertisement may not omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving the public as to the nature or extent of any benefit, loss covered, or state or federal tax consequence. The fact that the viatical settlement contract offered is made available for inspection before consummation of the sale, or that an offer is made to refund the payment if the viator is not satisfied, or that the viatical settlement contract includes a "free look" period that satisfies or exceeds legal requirements, does not remedy misleading statements.

(c) An advertisement may not use the name or title of a life insurance company or a life insurance policy unless the advertisement has been approved in writing by the insurer.

(d) An advertisement may not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or in any manner an incorrect or improper practice.

(e) The words "free", "no cost", "without cost", "no additional cost", or "at no extra cost", or words of similar import may not be used with respect to a benefit or service unless true. An

advertisement may specify the charge for a benefit or service or may state that a charge is included in the payment or use other appropriate language.

(f) (I) Any testimonial, appraisal, or analysis used in an advertisement shall:

(A) Be genuine;

(B) Represent the current opinion of the author;

(C) Be applicable to the viatical settlement contract, product, or service advertised, if any; and

(D) Be accurately reproduced with sufficient completeness to avoid misleading or deceiving prospective viators as to the nature or scope of any testimonial, appraisal, analysis, or endorsement.

(II) In using any testimonial, appraisal, or analysis, the viatical settlement licensee makes as its own all the statements contained in them, and the statements are subject to all the provisions of this section.

(III) If the individual making a testimonial, appraisal, analysis, or endorsement has a financial interest in the viatical settlement provider or related entity as a stockholder, director, officer, employee, or otherwise, or receives a benefit, directly or indirectly, other than required union scale wages, that fact must be disclosed prominently in the advertisement.

(IV) An advertisement may not state or imply that a viatical settlement contract, benefit, or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between an organization and the licensee is disclosed. If the entity making the endorsement or testimonial is owned, controlled, or managed by the licensee or receives payment or other consideration from the licensee for making an endorsement or testimonial, that fact must be disclosed in the advertisement.

(V) If an endorsement refers to benefits received under a viatical settlement contract, all pertinent information shall be retained for a period of five years after its use.

(VI) An advertisement may not contain statistical information unless it accurately reflects recent and relevant facts. The source of all statistics used in an advertisement shall be identified.

(VII) An advertisement may not disparage insurers, viatical settlement providers, insurance producers, policies, services, or methods of marketing.

(VIII) The name of the viatical settlement licensee shall be identified clearly in all advertisements about the licensee or its viatical settlement contract, products, or services, and if any specific viatical settlement contract is advertised, the viatical settlement contract must be identified either by form number or some other appropriate description. If an application is part

of the advertisement, the name of the viatical settlement provider shall be shown on the application.

(IX) An advertisement may not use a trade name, group designation, name of the parent company of a licensee, name of a particular division of the licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the licensee if the advertisement has the capacity or tendency to mislead or deceive as to the true identity of the licensee or to create the impression that a company other than the licensee has any responsibility for the financial obligation under a viatical settlement contract.

(X) An advertisement may not use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise appear to be of such a nature that they tend to mislead prospective viators into believing that the solicitation is in some manner connected with a government program or agency.

(XI) An advertisement may state that a licensee is licensed in the state where the advertisement appears if it does not exaggerate that fact or suggest or imply that a competing licensee may not be so licensed. The advertisement may ask the audience to consult the licensee's website or contact that state's division of insurance to find out if that state requires licensing and, if so, whether the licensee or any other company is licensed.

(XII) An advertisement may not create the impression that the viatical settlement provider or its financial condition or status; the payment of its claims; or the merits, desirability, or advisability of its viatical settlement contracts are recommended or endorsed by any government entity.

(XIII) The name of the actual licensee shall be stated in all of its advertisements. An advertisement may not use a trade name, group designation, name of any affiliate or controlling entity of the licensee, service mark, slogan, symbol, or other device in a manner that has the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity has any responsibility for the financial obligation of the licensee.

(XIV) An advertisement may not, directly or indirectly, create the impression that any division or agency of the state or of the United States government endorses, approves, or favors:

- (A) A licensee or its business practices or methods of operation;
- (B) The merits, desirability, or advisability of a viatical settlement contract;
- (C) Any viatical settlement contract; or
- (D) Any policy or life insurance company.

(XV) If the advertiser emphasizes the speed with which the viatical settlement contract occurs, the advertising must disclose the average time frame, from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.

(XVI) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six months.

Source: L. 2005: Entire part added, p. 1314, § 1, effective January 1, 2006.

10-7-612. Fraudulent acts.

(1) (a) A person shall not commit a fraudulent viatical settlement act.

(b) A person shall not knowingly or intentionally interfere with the enforcement of the provisions of this part 6 or investigations of suspected or actual violations of this part 6.

(c) A person in the business of viatical settlements shall not knowingly or intentionally permit a person convicted of a felony involving dishonesty or breach of trust to participate in the business of viatical settlements.

(2) (a) A viatical settlement contract and an application for a viatical settlement contract, regardless of the form of transmission, shall contain the following statement or a substantially similar statement: "Any person who knowingly presents false information in an application for insurance or viatical settlement contract is guilty of a crime and, upon conviction, may be subject to fines or confinement in prison, or both."

(b) The lack of a statement as provided for in paragraph (a) of this subsection (2) does not constitute a defense in any prosecution for a fraudulent viatical settlement act.

(3) (a) A person engaged in the business of viatical settlements having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be, or has been committed shall provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(b) Another person having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be, or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(4) (a) No civil liability shall be imposed upon, and no cause of action shall arise from the otherwise lawful conduct of, a person who furnishes information concerning suspected,

anticipated, or completed fraudulent viatical settlement acts, or suspected or completed fraudulent insurance acts, if the information is provided to or received from:

- (I) The commissioner or the commissioner's employees, agents, or representatives;
- (II) Federal, state, or local law enforcement or regulatory officials or their employees, agents, or representatives;
- (III) A person involved in the prevention and detection of fraudulent viatical settlement acts or that person's agents, employees, or representatives;
- (IV) The NAIC, the national association of securities dealers, or the North American securities administrators association, or their employees, agents, or representatives, or another regulatory body overseeing life insurance or viatical settlement contracts; or
- (V) The insurer that issued the policy covering the life of the insured.

(b) Paragraph (a) of this subsection (4) does not apply to a statement made with actual malice. In an action brought against a person for filing a report or furnishing other information concerning a fraudulent viatical settlement act or a fraudulent insurance act, the party bringing the action shall plead specifically any allegation that paragraph (a) of this subsection (4) does not apply because the person filing the report or furnishing the information did so with actual malice.

(c) A person identified in paragraph (a) of this subsection (4) is entitled to an award of attorney fees and costs if the person is the prevailing party in a civil cause of action for libel, slander, or another relevant tort arising out of activities in carrying out the provisions of this part 6 and the party bringing the action was not substantially justified in doing so. For purposes of this section, a proceeding is substantially justified if it had a reasonable basis in law or fact at the time that it was initiated.

(d) This section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in paragraph (a) of this subsection (4).

(e) Paragraph (a) of this subsection (4) does not apply to a person's furnishing information concerning the person's own suspected, anticipated, or completed fraudulent viatical settlement acts or suspected, anticipated, or completed fraudulent insurance acts.

(5) (a) The documents and evidence provided pursuant to subsection (4) of this section or obtained by the commissioner in an investigation of suspected or actual fraudulent viatical settlement acts are privileged and confidential, are not a public record, and are not subject to discovery or subpoena in a civil or criminal action.

(b) Paragraph (a) of this subsection (5) does not prohibit release by the commissioner of documents and evidence obtained in an investigation of suspected or actual fraudulent viatical settlement acts:

(I) In administrative or judicial proceedings to enforce laws administered by the commissioner;

(II) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent viatical settlement acts, or to the NAIC; or

(III) At the discretion of the commissioner, to a person in the business of viatical settlements that is aggrieved by a fraudulent viatical settlement act.

(c) Release of documents and evidence pursuant to paragraph (b) of this subsection (5) does not abrogate or modify the privilege granted in paragraph (a) of this subsection (5).

(6) This part 6 does not:

(a) Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine, and prosecute suspected violations of law;

(b) Prevent or prohibit a person from voluntarily disclosing information concerning fraudulent viatical settlement acts to a law enforcement or regulatory agency other than the division; or

(c) Limit the powers granted elsewhere by the laws of this state to the commissioner or to an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

(7) (a) A viatical settlement provider shall adopt anti-fraud initiatives reasonably calculated to detect, assist in the prosecution of, and prevent fraudulent viatical settlement acts. The commissioner may order or, if a licensee requests, may grant modifications of the following initiatives as necessary to ensure an effective anti-fraud program. The modifications may be more or less restrictive than the initiatives if the modifications may reasonably be expected to accomplish the purpose of this section. Anti-fraud initiatives include:

(I) Fraud investigators, who may be viatical settlement providers or employees or independent contractors of those viatical settlement providers; and

(II) An anti-fraud plan that is submitted to the commissioner. The anti-fraud plan shall include, but not be limited to:

(A) A chart outlining the organizational arrangement of the anti-fraud personnel who are responsible for the investigation and reporting of possible fraudulent viatical settlement acts and investigating unresolved material inconsistencies between medical records and insurance applications; and

(B) A description of the procedures for detecting and investigating possible fraudulent viatical settlement acts and procedures for resolving material inconsistencies between medical

records and insurance applications, a description of the procedures for reporting possible fraudulent viatical settlement acts to the commissioner, and a description of the plan for anti-fraud education and training of underwriters and other personnel.

(b) Anti-fraud plans submitted to the commissioner are privileged and confidential, are not public records pursuant to article 72 of title 24, C.R.S., and are not subject to discovery or subpoena in a civil or criminal action.

Source: L. 2005: Entire part added, p. 1317, § 1, effective January 1, 2006.

10-7-613. Penalties.

(1) In addition to the penalties and other enforcement provisions of this part 6, if a person violates the provisions of this part 6 or any rule implementing this part 6, the commissioner may seek an injunction in a court of competent jurisdiction and may apply for temporary and permanent orders as the commissioner determines are necessary to restrain the person from committing the violation.

(2) A person damaged by the acts of a person in violation of this part 6 may bring a civil action against the person committing the violation in a court of competent jurisdiction.

(3) The commissioner may issue a cease-and-desist order to a person who violates any provision of this part 6 or of any rule or order promulgated by, or written agreement entered into with, the commissioner pursuant to this part 6.

(4) When the commissioner finds that an activity in violation of this part 6 presents an immediate danger to the public that requires an immediate final order, the commissioner may issue an emergency cease-and-desist order reciting with particularity the facts underlying the findings. The emergency cease-and-desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for ninety days. If the commissioner begins nonemergency cease-and-desist proceedings, the emergency cease-and-desist order remains effective absent an order by a court of competent jurisdiction pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

(5) In addition to the penalties and other enforcement provisions of this part 6, a person who violates this part 6 is subject to civil penalties of up to ten thousand dollars for each violation pursuant to an order of the commissioner. The commissioner's order may require a person found to be in violation of this part 6 to make restitution to a person aggrieved by violations of this part 6.

(6) (a) A person who violates a provision of this part 6 after the commissioner has issued a cease-and-desist order to the person commits a class 2 misdemeanor and, upon conviction, shall pay restitution to a person aggrieved by the violation. Restitution shall be ordered in addition to a fine or imprisonment, but not instead of a fine or imprisonment.

(b) A person who violates paragraph (a) of this subsection (6), upon conviction, shall be sentenced based on the greater of the value of property, services, or other benefits wrongfully obtained or attempted to be obtained, or the aggregate economic loss suffered by any person as a result of the violation. A person shall be fined not more than:

(I) One hundred thousand dollars or imprisoned for not more than twelve months, or both, if the value of the viatical settlement contract is more than thirty-five thousand dollars;

(II) Twenty thousand dollars or imprisoned for not more than nine months, or both, if the value of the viatical settlement contract is more than two thousand five hundred dollars but not more than thirty-five thousand dollars;

(III) Ten thousand dollars or imprisoned for not more than six months, or both, if the value of the viatical settlement contract is more than five hundred dollars but not more than two thousand five hundred dollars; or

(IV) Three thousand dollars or imprisoned for not more than three months, or both, if the value of the viatical settlement contract is five hundred dollars or less.

(c) In a prosecution under paragraph (a) of this subsection (6), the value of a viatical settlement contract within a six-month period may be aggregated and the defendant charged accordingly in applying the provisions of this section. If two or more offenses are committed by the same person in two or more counties, the accused may be prosecuted in a county in which one of the offenses was committed for all of the offenses aggregated as provided by this section. The statutory limitation period does not begin to run until the insurance company or law enforcement agency is aware of the fraud, but the prosecution may not be commenced later than seven years after the act has occurred.

Source: L. 2005: Entire part added, p. 1320, § 1, effective January 1, 2006.

10-7-614. Unfair trade practices.

A violation of this part 6 shall constitute an unfair trade practice pursuant to part 11 of article 3 of this title and be subject to the penalties contained in such part 11.

Source: L. 2005: Entire part added, p. 1322, § 1, effective January 1, 2006.

10-7-615. Rules.

(1) The commissioner may:

(a) Promulgate rules implementing this part 6;

(b) Establish standards for evaluating the reasonableness of payments under a viatical settlement contract for a person who is terminally or chronically ill. This authority includes, but is not limited to, regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise, or bequest of a benefit under a policy. If the insured is not terminally or chronically ill, a viatical settlement provider shall pay an amount greater than the cash surrender value or accelerated death benefit then available.

(c) Establish appropriate licensing requirements, fees, and standards for continued licensure for a viatical settlement provider and a fee for life insurance producers;

(d) Require a bond or other mechanism for financial accountability for a viatical settlement provider; and

(e) Adopt rules governing the relationship and responsibilities of an insurer and a viatical settlement provider, a life insurance producer, and others in the business of viatical settlements during the period of consideration or effectuation of a viatical settlement contract.

Source: L. 2005: Entire part added, p. 1322, § 1, effective January 1, 2006.

10-7-616. No preemption - Colorado Securities Act - authority of division of securities.

Nothing in this part 6 preempts or otherwise limits the provisions of the "Colorado Securities Act", article 51 of title 11, C.R.S., or any rules, orders, policy statements, notices, bulletins, or other interpretations issued by or through the commissioner of securities or the commissioner of securities' designee acting pursuant to the "Colorado Securities Act". Compliance with this part 6 does not constitute compliance with any applicable provision of the "Colorado Securities Act" or any rules, orders, policy statements, notices, bulletins, or other interpretations issued by or through the commissioner of securities or the commissioner of securities' designee acting pursuant to the "Colorado Securities Act".

Source: L. 2005: Entire part added, p. 1323, § 1, effective January 1, 2006.

10-7-617. Application.

A viatical settlement provider lawfully transacting business in this state may continue to do so pending approval or disapproval of the person's application for a license as long as the application is filed with the commissioner not later than thirty days after publication by the commissioner of an application form for licensure of viatical settlement providers. If the publication of the application form is prior to January 1, 2006, the filing of the application shall not be later than thirty days after January 1, 2006.

Source: L. 2005: Entire part added, p. 1323, § 1, effective January 1, 2006.

10-7-618. Continuation of business.

Notwithstanding any provision of this part 6 to the contrary, a person who has lawfully negotiated viatical settlement contracts between a viator and one or more viatical settlement providers for at least one year immediately prior to January 1, 2006, may continue to negotiate viatical settlements in this state for a period of one year from January 1, 2006, if such person registers with the commissioner on a form prescribed by the commissioner. Such registration form shall be published by the commissioner not later than thirty days after January 1, 2006, and shall require a person registering to evidence that he or she has lawfully negotiated viatical settlement contracts. The form shall also include an acknowledgment by such person that he or she will operate in accordance with and comply with this part 6.

Source: L. 2005: Entire part added, p. 1323, § 1, effective January 1, 2006.

10-7-619. Viatical settlements cash fund - created.

All direct and indirect expenditures of the commissioner and the division in administering this part 6 shall be paid from the viatical settlements cash fund, which fund is hereby created in the state treasury. All fees collected pursuant to this part 6 shall be transmitted to the state treasurer, who shall credit them to the viatical settlements cash fund. All moneys credited to the viatical settlements cash fund shall be used as provided in this section, shall not be deposited in or transferred to the general fund of this state or to any other fund, and shall be subject to annual appropriation by the general assembly for the purpose of defraying the expenses of the commissioner and the division in administering this part 6. All interest derived from the deposit

and investment of moneys in the viatical settlements cash fund shall be credited to the viatical settlements cash fund.

Source: L. 2005: Entire part added, p. 1323, § 1, effective January 1, 2006.

10-7-620. Severability.

If any provision of this part 6 is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining provisions of this part 6, and to this end the provisions of this part 6 are expressly declared to be severable.

Source: L. 2005: Entire part added, p. 1324, § 1, effective January 1, 2006.

PART 7

INSURABLE INTEREST ACT

10-7-701. Short title.

This part 7 shall be known and may be cited as the "Insurable Interest Act".

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 972, § 1, effective May 27.

10-7-702. Definitions.

As used in this part 7, unless the context otherwise requires:

(1) "Business entity" means a legal entity, including a joint venture, partnership, corporation, limited liability company, or business trust.

(2) "Person" means any natural person, business entity, association, or trust.

(3) "Policy" means an individual or group policy, group certificate, contract, or arrangement of life insurance affecting the rights of a resident of this state or bearing a reasonable relation to this state, regardless of whether delivered or issued for delivery in this state.

(4) "Settlor" means a person who executes a trust instrument, including a person for whom a fiduciary or agent is acting.

(5) "Stranger originated life insurance" means an act, practice, or arrangement to initiate a life insurance policy for the benefit of a third-party investor who, at the time of policy origination, has no insurable interest in the insured. Stranger originated life insurance practices include cases in which life insurance is purchased with resources or guarantees from or through a person or entity who, at the time of inception, could not lawfully initiate the policy themselves and where, at the time of inception, there is an arrangement or agreement, whether verbal or written, to directly or indirectly transfer the ownership of the policy or the policy benefits to a third party. Trusts that are created to give the appearance of insurable interest and are used to initiate policies for investors violate insurable interest laws and the prohibition on wagering on life. "Stranger originated life insurance" does not include lawful viatical settlement contracts as permitted by part 6 of this article, provided that such contracts are not for the purpose of evading regulation under this article.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 972, § 1, effective May 27.

10-7-703. Insurance on the life of another.

A person shall not procure or cause to be procured or effected a policy upon the life of another individual unless the benefits under the policy are payable to the insured, to the personal representative of the insured's estate, or to a person having, at the time the policy is issued, an insurable interest in the individual insured.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 973, § 1, effective May 27.

10-7-704. Insurable interest.

(1) An insurable interest, with reference to insurance on the life of another, exists only as follows:

(a) An individual has an insurable interest in the life of another person in whom the individual has a substantial interest engendered by love and affection in the continuation of the life of the insured and who are:

(I) Related within the fifth degree or closer, as measured by the civil law system of determining degrees of relation, either by blood or marriage to the insured;

(II) Stepchildren of the insured or their descendants; or

(III) Individuals who are designated as beneficiaries of insurance policies for life insurance coverage on the life of the insured under a designated beneficiary agreement executed pursuant to article 22 of title 15, C.R.S.;

(b) An individual has an insurable interest in the life of another person if such individual has a lawful and substantial interest in the continued life of the insured, as distinguished from an interest that would arise only from, or would be enhanced in value by, the death of the individual insured;

(c) An individual party to a contract for the purchase or sale of an interest in a business entity has an insurable interest in the life of each other individual party to the contract, but only for the purpose of carrying out the intent and purpose of the contract;

(d) A trustee of a trust has an insurable interest in the life of an insured under a life insurance policy as provided in section 15-5-114;

(e) A guardian, trustee, or other fiduciary, acting in a fiduciary capacity, has an insurable interest in the life of any person for whose benefit the fiduciary holds property and in the life of any other individual in whose life the person has an insurable interest so long as the life insurance proceeds are used primarily for the benefit of persons having an insurable interest in the life of the insured;

(f) An organization described in section 170 (c) of the federal "Internal Revenue Code of 1986", as amended, has an insurable interest in the life of any person who consents in writing to the organization's ownership or purchase of that insurance pursuant to section 10-7-115;

(g) A trustee, sponsor, or custodian of assets held in any plan governed by the "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq., or in any other retirement or employee benefit plan, has an insurable interest in the life of any participant in the plan, but only if consent is obtained in writing from the participant before the insurance is purchased. An employer, trustee, sponsor, or custodian may not retaliate or take adverse action against a participant who does not consent to the issuance of insurance on the participant's life.

(h) A business entity has an insurable interest in the life of any of the owners, directors, officers, partners, or managers of the business entity or any affiliate or subsidiary of the business entity, or key employees or key persons of the business entity, affiliate, or subsidiary, but only if consent is obtained in writing from the key employees or key persons before the insurance is purchased. The business entity, affiliate, or subsidiary may not retaliate or take adverse action against any key employee or key person who does not consent to the issuance of insurance on the key employee or key person's life. For purposes of this paragraph (h), "key employee" or "key person" means an individual whose position or compensation is described in section 101 (j)(2)(A)(ii) of the federal "Internal Revenue Code of 1986", as amended.

(i) A financial institution or other person to whom a debt is owed, whether for the purposes of premium financing or otherwise, has an insurable interest in the life of the borrower or any of the owners, directors, officers, partners, or managers of the borrower; key employees, guarantors, or key persons of the borrower; or any of the foregoing of an affiliate or a guarantor of the borrower, but only if consent is obtained in writing from such persons before the insurance is purchased; except that such insurable interest is limited to the amount of the debt owed plus reasonable interest and service charges. The proceeds payable upon the death of an insured in excess of the total outstanding debt owed shall be paid to the estate of the individual insured.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 973, § 1, effective May 27. **L. 2018:** (1)(d) amended, (SB 18-180), ch. 169, p. 1192, § 3, effective January 1, 2019.

10-7-705. Insured's own life.

An individual has an insurable interest in the individual's own life, and an individual of competent legal capacity who procures or effects a policy on the individual's own life may designate any person as the beneficiary and, unless the individual elects an irrevocable beneficiary designation, change the beneficiary at any time thereafter.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 975, § 1, effective May 27.

10-7-706. Reliance on statements.

An insurer is entitled to rely upon all reasonable statements, declarations, and representations made by an applicant for life insurance relative to the existence of an insurable interest. No insurer incurs legal liability, except as set forth in the policy, by virtue of untrue statements, declarations, or representations relied upon in good faith by the insurer.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 975, § 1, effective May 27.

10-7-707. Consent of insured.

(1) A policy upon the life of an individual, other than a policy of noncontributory group life insurance, shall not be effected unless, at or before the time the policy is effectuated, the

individual insured, having legal capacity to contract, applies for or consents in writing to the policy and its terms. Consent may be given by another person in the following cases:

- (a) A spouse may consent to insurance on the other spouse;
- (b) A parent or a person having legal custody of a minor may consent to the issuance of a policy on a dependent child;
- (c) A court-appointed guardian of a person may consent to the issuance of a policy on the person under guardianship;
- (d) A court-appointed conservator of a person's estate may consent to the issuance of a policy on the person whose estate is under conservatorship;
- (e) An attorney-in-fact may consent to the issuance of a policy on the person that appointed the attorney-in-fact for the limited purpose of replacing one or more policies with one or more new policies if, as the result of the replacement, the aggregate amount of life insurance on the person remains the same or decreases;
- (f) A trustee of a revocable trust may consent to the issuance of a policy on the life of a settlor of the trust; and
- (g) A court of general jurisdiction may give consent to the issuance of a policy upon a showing of facts that the court considers sufficient to justify the issuance of the policy.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 975, § 1, effective May 27.

10-7-708. Prohibited practices.

(1) It is unlawful for any person to procure, or cause to be procured or effected, a policy in violation of section 10-7-703. Such conduct is an unfair or deceptive act or practice pursuant to section 10-3-1104.

(2) It is unlawful for any person to engage in stranger originated life insurance or otherwise wager on life. Such conduct is an unfair or deceptive practice pursuant to section 10-3-1104.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 976, § 1, effective May 27.

10-7-709. Actions to recover death benefits.

If the beneficiary, assignee, or other payee received the death benefits under a life insurance policy procured or effected in violation of this article, the personal representative of the insured's estate or other lawfully acting agent may maintain an action to recover the death benefits from the person receiving them.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 976, § 1, effective May 27.

10-7-710. Legitimate insurance transactions.

(1) Except where a life insurance policy is procured or effected in violation of section 10-7-708, nothing in this article prevents:

- (a) An owner of a policy, whether or not the owner of the policy is also the subject of the insurance, from entering into a viatical settlement contract;
- (b) Any person from soliciting a person to enter into a viatical settlement contract; or
- (c) An owner or beneficiary from enforcing the payment of all benefits and proceeds of the policy obtained under a viatical settlement contract.

Source: L. 2011: Entire part added, (SB 11-182), ch. 227, p. 976, § 1, effective May 27.

PART 8

UNCLAIMED LIFE INSURANCE BENEFITS ACT

10-7-801. Short title.

The short title of this part 8 is the "Unclaimed Life Insurance Benefits Act".

Source: L. 2019: Entire part added, (SB 19-088), ch. 110, p. 463, § 4, effective July 1, 2020.

10-7-802. Definitions.

As used in this part 8, unless the context otherwise requires:

(1) "Contract" means an annuity contract. The term does not include an annuity used to fund an employment-based retirement plan or program if:

- (a) The insurer does not perform the record-keeping services; or
- (b) The insurer is not committed by terms of the annuity contract to pay death benefits to the beneficiaries of specific plan participants.

(2) "Death master file" means the United States social security administration death master file or other databases or service that is at least as comprehensive as the United States social security administration death master file for determining that an individual reportedly has died.

(3) "Death master file match" means a search of the death master file that results in a match of the social security number or the name and date of birth of an insured, annuity owner, or retained asset account holder.

(4) "Knowledge of death" means:

- (a) Receipt of an original or valid copy of a certified death certificate; or
- (b) A death master file match validated by the insurer in accordance with section 10-7-803 (2)(a)(I).

(5) "Policy" means any policy or certificate of life insurance that provides a death benefit. The term does not include:

(a) A policy or certificate of life insurance that provides a death benefit under an employee benefit plan:

(I) Subject to the federal "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq., as amended; or

(II) Under any federal employee benefit program;

(b) A policy or certificate of life insurance that is used to fund a pre-need funeral contract or prearrangement;

(c) A policy or certificate of credit life or accidental death insurance; or

(d) A policy issued to a group master policyholder for which the insurer does not provide record-keeping services.

(6) "Record-keeping services" means those services which the insurer has agreed with a group policy or contract customer to be responsible for obtaining, maintaining, and administering in its own or its agents' systems information about each individual insured under an insured's group insurance contract, or a line of coverage thereunder, including at least the following information:

- (a) Social security number or name and date of birth;
- (b) Beneficiary designation information;
- (c) Coverage eligibility;
- (d) Benefit amount; and
- (e) Premium payment status.

(7) "Retained asset account" means a mechanism whereby the settlement of proceeds payable under a policy or contract is accomplished by the insurer or an entity acting on behalf of the insurer depositing the proceeds into an account with check or draft writing privileges, if those proceeds are retained by the insurer or its agent, pursuant to a supplementary contract not involving annuity benefits other than death benefits.

Source: L. 2019: Entire part added, (SB 19-088), ch. 110, p. 463, § 4, effective July 1, 2020.
L. 2020: (5)(a)(I) amended, (HB 20-1402), ch. 216, p. 1043, § 14, effective June 30.

10-7-803. Insurers - duty to compare names of insureds with death master file and to locate beneficiaries.

(1) An insurer shall make a good faith effort to determine the death of an insured upon receipt of knowledge of death.

(2) An insurer shall perform a comparison of its insureds' in-force policies, contracts, and retained asset accounts against a death master file, on at least a semiannual basis, by using the full death master file once and thereafter using the death master file update files for future comparisons to identify potential matches of its insureds. For those potential matches identified as a result of a death master file match, the insurer shall do the following:

(a) Within ninety days of a death master file match, the insurer shall:

(I) Complete a good faith effort, which must be documented by the insurer, to confirm the death of the insured or retained asset account holder against other available records and information; and

(II) Determine whether benefits are due in accordance with the applicable policy or contract, and, if benefits are due in accordance with the applicable policy or contract:

(A) Use good faith efforts, which shall be documented by the insurer, to locate the beneficiary or beneficiaries; and

(B) Provide the appropriate claims forms or instructions to the beneficiary or beneficiaries to make a claim including the need to provide an official death certificate, if applicable under the policy or contract.

(b) With respect to group life insurance, the insurer shall confirm the possible death of an insured if the insurer maintains at least the following information of those covered under a policy or certificate:

(I) Social security number or name and date of birth;

(II) Beneficiary designation information;

(III) Coverage eligibility;

(IV) Benefit amount; and

(V) Premium payment status.

(c) An insurer shall implement procedures to account for:

(I) Common nicknames, initials used in lieu of a first or middle name, use of a middle name, compound first and middle names, and interchanged first and middle names;

(II) Compound last names, maiden or married names, and hyphens, blank spaces, or apostrophes in last names;

(III) Transposition of the "month" and "date" portions of the date of birth; and

(IV) Incomplete social security numbers.

(d) To the extent permitted by law, the insurer may disclose minimum necessary personal information about the insured or beneficiary to a person who the insurer reasonably believes may be able to assist the insurer with locating the beneficiary or person otherwise entitled to payment of the claims proceeds.

(3) An insurer or its service provider shall not charge any beneficiary or other authorized representative for any fees or costs associated with a death master file search or verification of a death master file match conducted pursuant to this section.

(4) The benefits from a policy, contract, or a retained asset account, plus any applicable accrued contractual interest shall first be payable to the designated beneficiaries or owners and in the event said beneficiaries or owners cannot be found, shall be transferred to the Colorado administrator as unclaimed property pursuant to the "Revised Uniform Unclaimed Property Act", article 13 of title 38.

(5) An insurer that fails to comply with this section is subject to the civil penalties in accordance with section 10-1-310. A private cause of action for a violation of this section is not permitted.

This article shall be known and may be cited as the "Credit Insurance Act".

Source: L. 69: p. 536, § 2. C.R.S. 1963: § 72-28-2. L. 92: Entire section amended, p. 1569, § 81, effective May 20.

10-10-102. Legislative declaration.

The purpose of this article is to promote the public welfare by regulating credit insurance. Nothing in this article is intended to prohibit or discourage reasonable competition. The provisions of this article shall be liberally construed.

Source: L. 69: p. 536, § 1. C.R.S. 1963: § 72-28-1. L. 92: Entire section amended, p. 1569, § 82, effective May 20.

10-10-103. Definitions.

As used in this article, unless the context otherwise requires:

- (1) "Commissioner" means the commissioner of insurance of Colorado.
- (2) "Credit insurance" means insurance on a debtor to provide indemnity for payments or loan balance, or any combination thereof, becoming due on a specific loan or other credit transaction upon the occurrence of a contingency for which insurance is obtained.
- (3) (Deleted by amendment, L. 92, p. 1569, § 83, effective May 20, 1992.)
- (4) "Creditor" means the lender of money or vendor or lessor of goods, services, property, rights, or privileges for which payment is arranged through a credit transaction, or any successor to the right, title, or interest of any such lender, vendor, or lessor, and an affiliate, associate, or subsidiary of any of them, or any director, officer, or employee of any of them, or any other person in any way associated with any of them.
- (5) "Debtor" means a borrower of money or a purchaser or lessee of goods, services, property, rights, or privileges for which payment is arranged through a credit transaction.

(6) "Indebtedness" means the total amount payable by a debtor to a creditor in connection with a loan or other credit transaction.

(7) "Truncated coverage" means credit insurance that provides a term of insurance coverage for a period that is shorter than the full term of the indebtedness remaining at the time the insurance coverage is elected. The term does not include credit insurance coverage that terminates on attainment of a specific age.

Source: L. 69: p. 536, § 4. C.R.S. 1963: § 72-28-4. L. 92: (2) and (3) amended, p. 1569, § 83, effective May 20. L. 2000: (7) added, p. 151, § 1, effective August 2.

10-10-104. Application of article.

All insurance in connection with loans or other credit transactions shall be subject to the provisions of this article. Insurance shall not be subject to the provisions of this article where the issuance of such insurance is an isolated transaction on the part of the insurer not related to an agreement or a plan for insuring debtors of the creditor.

Source: L. 69: p. 536, § 3. C.R.S. 1963: § 72-28-3. L. 85: Entire section amended, p. 302, § 14, effective May 10. L. 92: Entire section amended, p. 1569, § 84, effective May 20. L. 2000: Entire section amended, p. 168, § 1, effective August 2.

10-10-105. Forms of credit life insurance and credit accident and health insurance. (Repealed)

Source: L. 69: p. 537, § 5. C.R.S. 1963: § 72-28-5. L. 86: (2) added, p. 593, § 1, effective March 26. L. 92: Entire section repealed, p. 1569, § 85, effective May 20.

10-10-106. Amount of credit insurance.

(1) The initial amount of credit insurance shall not exceed the total amount repayable under the contract of indebtedness and, where an indebtedness is repayable in substantially equal installments, the amount of insurance shall at no time exceed the scheduled or actual amount of unpaid indebtedness, whichever is greater.

(2) Notwithstanding the provisions of subsection (1) of this section, insurance on agricultural credit transaction commitments, not exceeding one year in duration, may be written up to the amount of the loan commitment on a nondecreasing or level term plan.

(3) Notwithstanding any other provision of this section, insurance on educational credit transaction commitments may be written for the amount of the portion of such commitment that has not been advanced by the creditor.

(4) The total amount of periodic indemnity payable by credit accident and health insurance in the event of disability, as defined in the policy, shall not exceed the aggregate of the periodic scheduled unpaid installments of the indebtedness; and the amount of each periodic indemnity payment shall not exceed the original indebtedness divided by the number of periodic installments.

Source: L. 69: p. 537, § 6. C.R.S. 1963: § 72-28-6. L. 92: (1) amended, p. 1570, § 86, effective May 20.

10-10-107. Term of credit insurance.

The term of any credit insurance shall, subject to acceptance by the insurer, commence on the date when the debtor becomes obligated to the creditor; except that, where a group policy provides coverage with respect to existing obligations, the insurance on a debtor with respect to such indebtedness shall commence on the effective date of the policy. Where evidence of insurability is required and such evidence is furnished more than thirty days after the date when the debtor becomes obligated to the creditor, the term of the insurance may commence on the date on which the insurance company determines the evidence to be satisfactory, and in such event there shall be an appropriate refund or adjustment of any charge to the debtor for insurance. The term of such insurance shall not extend more than thirty days beyond the scheduled maturity date of the indebtedness except when extended without additional cost to the debtor, unless the debtor has agreed in writing. If the indebtedness is discharged due to renewal or refinancing prior to the scheduled maturity date, the insurance in force shall be terminated before any new insurance is issued in connection with the renewed or refinanced indebtedness. In all cases of termination prior to scheduled maturity, a refund shall be paid or credited as provided in section 10-10-110.

Source: L. 69: p. 537, § 7. C.R.S. 1963: § 72-28-7. L. 83: (1)(b) amended, p. 512, § 1, effective May 16. L. 92: Entire section amended, p. 1570, § 87, effective May 20.

10-10-108. Provisions of policies and certificates of insurance - disclosure to debtors.

(1) All credit insurance shall be evidenced by an individual policy or, in the case of group insurance, by a certificate of insurance, which individual policy or group certificate of insurance shall be delivered to the debtor.

(2) Each individual policy or group certificate of credit insurance shall, in addition to other requirements of law, set forth:

- (a) The name and home office address of the insurer;
- (b) The name of the debtor or, in the case of a certificate under a group policy, the identity by name, or otherwise, of the debtor;
- (c) The premium or amount of payment, if any, by the debtor separately for credit insurance;
- (d) A description of the coverage, including the amount and term thereof, and any exceptions, limitations, and restrictions, and it shall state that the benefits shall be paid to the creditor to reduce or extinguish the unpaid indebtedness and, wherever the amount of insurance exceeds the unpaid indebtedness, that any such excess shall be payable to a beneficiary, other than the creditor, named by the debtor or to his estate.

(3) Said individual policy or group certificate of insurance shall be delivered to the insured debtor at the time the indebtedness is incurred, except as provided in subsection (4) of this section.

(4) (a) If said individual policy or group certificate of insurance is not delivered to the debtor at the time the indebtedness is incurred, a copy of the application for such policy or a notice of proposed insurance, signed by the debtor, shall be delivered to the debtor at the time such indebtedness is incurred, setting forth:

- (I) The name and home office address of the insurer;
- (II) The name of the debtor;
- (III) The premium or amount of payment by the debtor, if any, separately for credit insurance;
- (IV) The amount, term, and a brief description of the coverage provided.

(b) The copy of the application for, or notice of, proposed insurance shall also refer exclusively to insurance coverage and shall be separate and apart from the loan, sale, or other credit statement of account, instrument, or agreement unless the information required by this subsection (4) is prominently set forth therein. Upon acceptance of the insurance by the insurer and within thirty days of the date upon which the indebtedness is incurred, the insurer shall cause the individual policy or group certificate of insurance to be delivered to the debtor. Said

application or notice of proposed insurance shall state that upon acceptance by the insurer, the insurance shall become effective as provided in section 10-10-107.

(c) If the named insurer does not accept the risk, the debtor shall receive a policy or certificate of insurance setting forth the name and home office address of the substituted insurer and the amount of the premium to be charged, and, if the amount of premium is less than that set forth in the notice of proposed insurance, an appropriate refund shall be made.

Source: L. 69: p. 538, § 8. C.R.S. 1963: § 72-28-8. L. 92: (1), (2), and (4)(a)(III) amended, p. 1570, § 88, effective May 20.

10-10-109. Filing form certification - filing of rating data - withdrawal of forms.

(1) All policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders delivered or issued for delivery in this state shall be certified, and the schedules of premium rates pertaining thereto shall be filed with the commissioner pursuant to subsections (3), (3.5), and (4) of this section.

(2) Repealed.

(2.5) (a) For credit insurance directly written by a state or national bank, an insurer may, by form number, elect to be subject to and have its premium rate or schedule of premium rates determined pursuant to paragraph (b) or paragraph (c) of this subsection (2.5). For credit insurance not directly written by a state or national bank, an insurer shall have its premium rate or schedule of premium rates determined by paragraph (c) of this subsection (2.5).

(b) A premium rate or schedule of premium rates shall be deemed reasonable for all purposes under this article if the rate or schedule produces, or reasonably may be expected to produce, a ratio of incurred claims to earned premium of not less than forty percent.

(c) (I) Except for credit insurance directly written by a state or national bank where the insurer has elected to be subject to paragraph (b) of this subsection (2.5), an insurer's premium rate or schedule of premium rates shall be reasonable in relation to the benefits provided and shall not be excessive, inadequate, nor unfairly discriminatory. The commissioner may establish rates that may be used by any insurer without filing. In establishing such rates, the commissioner shall consider and provide for the following component rating elements:

- (A) Actual and expected loss experience;
- (B) General and administrative expenses;
- (C) Loss settlement and adjustment expenses;

- (D) Reasonable creditor compensation;
- (E) Investment income;
- (F) The manner in which premiums are charged;
- (G) Other acquisition costs;
- (H) Reserves;
- (I) Taxes;
- (J) Regulatory license fees and fund assessments;
- (K) Reasonable insurer profit; and
- (L) Other relevant data consistent with generally accepted actuarial standards.

(II) The commissioner has the authority to promulgate rules to assure that the premium rates are reasonable in relation to the benefits provided, including the authority to regulate the compensation component of the premium rates and to limit the type and kind of benefits to which the rates shall apply. The commissioner shall work with the regulated community in the development of the component rating elements. Each credit insurer that receives combined direct credit insurance premiums in this state in the amount of one hundred thousand dollars or more shall be subject to an administrative assessment of not more than one thousand five hundred dollars per insurer annually to provide the division of insurance with funds to perform duties required by this paragraph (c).

(3) All insurers providing credit insurance that are authorized by the commissioner to conduct business in Colorado shall submit to the commissioner:

(a) An annual report listing any policy forms, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders issued or delivered in this state. Such listing shall be submitted on or before July 15, 2000, and on or before July 1 of each subsequent year. Each annual report shall include a certification by an officer of the organization that, to the best of the officer's knowledge, each policy form, certificate of insurance, notice of proposed insurance, application for insurance, endorsement, or rider in use complies with Colorado law.

(b) A list of new policy forms, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders. Such list shall also include a certification by an officer of the organization that, to the best of the officer's knowledge, each policy form, certificate of insurance, notice of proposed insurance, application for insurance, endorsement, or rider in use complies with Colorado law.

(3.5) If an insurer elects to file pursuant to paragraph (c) of subsection (2.5) of this section, commencing July 1, 2002, the insurer shall offer only component rating for credit insurance premiums pursuant to subsection (2.5) of this section for all new policies, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders delivered or issued for delivery and phase in all existing creditor accounts to component rating accounts by no later than July 1, 2003.

(4) The commissioner shall have the power to examine and investigate insurers authorized to conduct business within Colorado to determine whether credit insurance policy forms, certificates of insurance, notices of proposed insurance, applications for insurance, endorsements, and riders comply with the certification made by the insurer's officer and with Colorado law. The commissioner may promulgate rules regarding the elements necessary in an insurer's certification of compliance with Colorado law.

(5) and (6) (Deleted by amendment, L. 2000, p. 467, § 7, effective August 2, 2000.)

(7) Any order or final determination of the commissioner under the provisions of this section shall be subject to judicial review.

(8) (a) If, after an examination or investigation of an insurer, the commissioner has cause to believe that such insurer or any rate, rating schedule, rating plan, or rating system made or used by the insurer does not comply with applicable requirements, the commissioner shall give notice in writing to such insurer, stating in the notice in what manner and to what extent such noncompliance is alleged to exist and specifying a reasonable time, not less than ten days after the date of receipt of such notice, by which such noncompliance shall be corrected.

(b) If the commissioner has good cause to believe that an insurer's noncompliance is willful or, if within the period prescribed by the commissioner in the notice issued in accordance with paragraph (a) of this subsection (8), the insurer does not either make such changes as may be necessary to correct the noncompliance specified by the commissioner or establish to the satisfaction of the commissioner that such specified noncompliance does not exist, the commissioner may hold a public hearing in accordance with section 24-4-105, C.R.S., on the subject of the noncompliance.

(c) (I) If, after a public hearing, the commissioner finds that any rate violates the applicable provisions of this title, the commissioner may issue an order to the insurer specifying in what respects such violation exists and stating when, within a reasonable period of time, the further use of such rate or rating system by such insurer or rating organization in contracts of insurance made after such time shall be prohibited. In such order, the commissioner may require a refund to the policyholder in an amount equal to the excess premium plus a maximum of eighteen percent interest. The amount of the refund, plus interest, shall be computed from the effective date of the rate used on the individual policyholder contract to the commencement date of the hearing on the rate. Interest shall be computed as simple interest per annum.

(II) In addition to any other remedies or penalties provided by law, the commissioner may suspend or revoke, in whole or in part, the certificate of authority of any insurer that fails to comply with an order of the commissioner within the time specified in such order. The commissioner shall not suspend or revoke the license or certificate of authority for failure to comply with an order until the time prescribed for an appeal of the order has expired, or, if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension or revocation of a certificate of authority shall become effective. An order of suspension shall remain in effect for the period fixed by the commissioner unless the commissioner modifies or rescinds such suspension or until the order upon which such suspension is based is modified, rescinded, or reversed. No license shall be suspended or revoked except pursuant to a written order of the commissioner, stating the commissioner's findings, made after a hearing held upon not less than ten days' written notice to such insurer specifying the alleged violation.

(d) (I) If, after a public hearing, the commissioner finds that the violation of any of the applicable provisions of this title was willful, the commissioner may suspend or revoke, in whole or in part, the certificate of authority of such insurer.

(II) If a failure to comply with an order of the commissioner within the time specified in such order is willful, the insurer shall be liable to the state in an amount not to exceed five thousand dollars for such failure. The commissioner shall collect such amount and may bring a civil action in the name of the people of the state of Colorado to enforce collection. Such penalty may be in addition to the remedy provided in subparagraph (I) of this paragraph (d). All moneys collected by the commissioner shall be paid into the general fund.

(e) Any finding, determination, rule, ruling, or order made by the commissioner pursuant to this subsection (8) is subject to judicial review by the court of appeals. Such review shall be performed in accordance with the provisions of section 24-4-106 (11), C.R.S.

Source: L. 69: p. 539, § 9. C.R.S. 1963: § 72-28-9. L. 92: (2) and (6) amended, p. 1571, § 89, effective May 20. L. 2000: (1), (2), (3), (4), (5), and (6) amended, p. 467, § 7, effective August 2. L. 2001: (2.5) added, p. 891, § 2, effective June 1; (1) amended, (2) repealed, and (3.5) and (8) added, pp. 892, 891, §§ 1, 3, effective July 1, 2002.

Cross references: For the legislative declaration contained in the 2000 act amending subsections (1), (2), (3), (4), (5), and (6), see section 1 of chapter 135, Session Laws of Colorado 2000.

10-10-110. Premiums and refunds.

(1) (a) If an insurer has elected to file pursuant to section 10-10-109 (2.5)(b), the insurer may revise its schedules of premium rates from time to time and shall file such revised schedules with the commissioner. No insurer shall issue any credit insurance policy for which the premium rate exceeds that determined by the schedules of such insurer as then on file with the commissioner.

(b) If an insurer has elected to file pursuant to section 10-10-109 (2.5)(c), the insurer may file with the commissioner and use any premium rate or schedule of premium rates that is less than or equal to the premium rate established by the commissioner. Insurers shall not use premium rates higher than the premium rates established by the commissioner.

(2) (a) Upon prepayment in full of the indebtedness, all credit insurance issued on such indebtedness shall terminate.

(b) An insurer, upon receiving notice pursuant to section 5-4-108 (2), C.R.S., that a refund or credit of unearned premiums on insurance issued under this article is required by section 5-4-108 (1), C.R.S., shall make the appropriate refund or credit to the person entitled thereto within thirty days of receipt of such notice. The formula to be used in computing the refund or credit shall be filed with and approved by the commissioner. No refund of less than one dollar need be made.

(3) If a creditor requires a debtor to make any payment for credit insurance and an individual policy or group certificate of insurance is not issued, the creditor shall immediately give written notice to such debtor and shall promptly make an appropriate credit to the account.

(4) The amount charged to a debtor for any credit insurance shall not exceed the premiums charged by the insurer, as computed at the time the charge to the debtor is determined.

(5) Nothing in this article shall be construed to authorize any payments for insurance now prohibited under any statute, or rule thereunder, governing credit transactions.

Source: L. 69: p. 540, § 10. **C.R.S. 1963:** § 72-28-10. **L. 88:** (2) R&RE, p. 340, § 2, effective July 1. **L. 92:** (1), (3), and (4) amended, p. 1572, § 90, effective May 20. **L. 2001:** (1) amended, p. 894, § 4, effective July 1, 2002.

10-10-111. Issuance of policies.

All policies of credit insurance shall be delivered or issued for delivery in this state only by an insurer authorized to do an insurance business therein and shall be issued only through holders of licenses or authorizations issued by the commissioner.

Source: L. 69: p. 540, § 11. **C.R.S. 1963:** § 72-28-11. **L. 92:** Entire section amended, p. 1572, § 91, effective May 20.

10-10-112. Claims.

(1) All claims shall be promptly reported to the insurer or its designated claim representative, and the insurer shall maintain adequate claim files. All claims shall be settled as soon as possible and in accordance with the terms of the insurance contract.

(2) All claims shall be paid either by draft drawn upon the insurer or by check of the insurer to the order of the claimant to whom payment of the claim is due pursuant to the policy provisions or upon direction of such claimant to one specified.

(3) No plan or arrangement shall be used whereby any person, firm, or corporation, other than the insurer or its designated claim representative, is authorized to settle or adjust claims. The creditor shall not be designated as claim representative for the insurer in adjusting claims, but a group policyholder may, by arrangement with the group insurer, draw drafts or checks in payment of claims due to the group policyholder subject to audit and review by the insurer.

Source: L. 69: p. 540, § 12. **C.R.S. 1963:** § 72-28-12.

10-10-113. Existing insurance - choice of insurer.

When credit insurance is required as additional security for any indebtedness, the debtor shall, upon request to the creditor, have the option of furnishing the required amount of insurance through existing policies of insurance owned or controlled by him or of procuring and furnishing the required coverage through any insurer authorized to transact an insurance business within this state.

Source: L. 69: p. 541, § 13. **C.R.S. 1963:** § 72-28-13. **L. 92:** Entire section amended, p. 1572, § 92, effective May 20.

10-10-114. Enforcement.

The commissioner may, after notice and hearing, issue such rules and regulations as he deems appropriate for the supervision of this article. If the commissioner finds that there has been a violation of this article or any rules or regulations issued pursuant thereto, and after written

notice thereof and hearing given to the insurer or other person authorized or licensed by the commissioner, he shall set forth the details of his findings, together with an order for compliance by a specified date. Such order is binding on the insurer or other person authorized or licensed by the commissioner on the date specified, unless sooner withdrawn by the commissioner or a stay thereof has been ordered by a court of competent jurisdiction.

Source: L. 69: p. 541, § 14. C.R.S. 1963: § 72-28-14.

10-10-115. Judicial review.

Any party to the proceeding affected by an order of the commissioner shall be entitled to judicial review by the court of appeals by following the procedure set forth in section 24-4-106 (11), C.R.S.

Source: L. 69: p. 541, § 15. C.R.S. 1963: § 72-28-15. L. 92: Entire section amended, p. 1572, § 93, effective May 20.

10-10-116. Penalties.

In addition to any other penalty provided by law, any person, firm, or corporation which violates an order of the commissioner after it has become final, and while such order is in effect, shall, upon proof thereof to the satisfaction of the court, forfeit and pay to the division of insurance a sum not to exceed two hundred fifty dollars which may be recovered in a civil action; except that, if such violation is found to be willful, the amount of such penalty shall be a sum not to exceed one thousand dollars. The commissioner, in his discretion, may revoke or suspend the insurance license or certificate of authority of the person, firm, or corporation guilty of such violation. Such order for suspension or revocation shall be upon notice and hearing and shall be subject to judicial review as provided in section 10-10-115.

Source: L. 69: p. 541, § 16. C.R.S. 1963: § 72-28-16.

10-10-117. Insurance expense not computed as cost of loan.

In connection with insurance which is permitted under this article, the premium and any gain or advantage to the creditor, or to any employee, affiliate, or associate of the creditor, from such

insurance or its sale shall not be deemed to be an additional or further interest, discount, or charge, and the creditor may receive commissions on the premium paid for such insurance if the creditor or an employee of the creditor is a duly licensed insurance broker or agent under the insurance laws of the state of Colorado.

Source: L. 69: p. 541, § 17. C.R.S. 1963: § 72-28-17.

Cross references: Agents and brokers referenced in this section are referred to as insurance producers, pursuant to part 4 of article 2 of this title 10. (See chapter 257, Session Laws of Colorado 1993.)

10-10-118. Charge accounts.

Nothing in this article shall be construed to permit credit insurance to be required by any creditor for revolving charge accounts or any other charge accounts for the purchase of goods or services.

Source: L. 69: p. 541, § 18. C.R.S. 1963: § 72-28-18. L. 92: Entire section amended, p. 1572, § 94, effective May 20.

10-10-119. Truncated coverage.

(1) If the debtor elects truncated coverage, at the time of election the creditor shall inform the debtor in writing of the term of the insurance coverage and that the coverage will terminate prior to the scheduled maturity date of the indebtedness.

(2) A group certificate or individual policy providing truncated credit insurance coverage shall disclose the term of the truncated insurance coverage and specify that the term of insurance coverage will terminate prior to the scheduled maturity date of the indebtedness. The termination disclosure shall appear in prominent type on the first page of the group certificate or individual policy.

10-11-102. Definitions.

As used in this article 11, unless the context otherwise requires:

(1) "Affiliate" or "subsidiary" means a person who directly or indirectly, through one or more intermediaries:

- (a) Controls a title insurance agent or title insurance company;
- (b) Is controlled by a title insurance company; or
- (c) Is under common control with a title insurance agent or title insurance company.

(1.3) "Affiliated business arrangement" means an arrangement in which:

(a) (I) A settlement producer or an associate of such producer has either an affiliate relationship with, or a direct beneficial ownership interest of more than one percent in, a title insurance company or title insurance agent; or

(II) A title insurance company or a title insurance agent who has either an affiliate relationship with, or a direct beneficial ownership interest of more than one percent in a settlement producer; and

(b) (I) Either the settlement producer or the agent of the settlement producer directly or indirectly refers settlement service business to that title insurance company or title insurance agent or affirmatively influences the selection of that title insurance company or title insurance agent; or

(II) Either the title insurance company or the title insurance agent directly or indirectly refers settlement services business to a settlement producer or associate or affirmatively influences the selection of the settlement producer or associate.

(1.5) "Alien title insurance company" means a title insurance company incorporated or organized under the laws of a foreign nation, or of any province or territory thereof, not included under the definition of a foreign title insurance company.

(2) "Applicants for insurance" includes all those, whether or not a prospective insured, who from time to time apply to a title insurance company, or to its agent, for title insurance and who at the time of such application are not agents for a title insurance company.

(2.5) "Associate" means a person who has one or more of the following relationships with a person in a position to refer settlement service business:

(a) A spouse, parent, or child of such person;

(b) A corporation or business entity that controls, is controlled by, or is under common control with such person;

(c) An employer, officer, director, partner, franchiser, or franchisee of such person; or

(d) Anyone who has an agreement, arrangement, or understanding with such person, the purpose or substantial effect of which is to enable the person in a position to refer settlement service business to benefit financially from referrals of such business.

(3) The "business of title insurance" means the making or proposing to make, as insurer, guarantor, or surety, of any contract or policy of title insurance; or the transacting or proposing to transact, as insurer, guarantor, or surety, any phase of title insurance, including solicitation, negotiation preliminary to execution, execution of a contract of title insurance, and transacting matters subsequent to the execution of the contract and arising out of it, including reinsurance,

and the performance of closing and settlement services by a title insurance company or title insurance agent in conjunction with the issuance of any contract or policy of title insurance.

(3.5) "Closing and settlement services" means providing services for the benefit of all necessary parties in connection with the sale, leasing, encumbering, mortgaging, creating a secured interest in and to real property, and the receipt and disbursement of money in connection with any sale, lease, encumbrance, mortgage, or deed of trust.

(3.6) Repealed.

(3.7) "Gap coverage" means insuring, guaranteeing, or indemnifying owners of real property, or others interested therein, against loss or damage suffered by reason of matters appearing of record in the office of the clerk and recorder subsequent to the date of issuance of a title insurance commitment and prior to the recording of closing documents for the real property concerned.

(3.9) "Net admitted assets" means the title insurance company's net admitted assets as reported pursuant to section 10-3-208.

(4) "Net retained liability" means the total liability retained by a title insurance company under any policy or contract of insurance, or under a single insurance risk as defined in or computed in accordance with subsection (7) of this section, after the purchase of reinsurance.

(5) "Premium" for title insurance is the amount charged by a title insurance company, agent for a title insurance company, or either of them to an insured or an applicant for insurance for the assumption by the title insurance company of the risk created by the issuance of the title insurance policy, including the cost of doing business and a reasonable profit, but excluding service charge, if any.

(6) "Service charge" is the amount charged by a title insurance company, agent for a title insurance company, or either of them to an insured or an applicant for insurance to cover the cost of procuring and examining evidence of title.

(6.5) (a) "Settlement producer" means a person who is in a position to refer business that is incident to or a part of a settlement service. "Settlement producer" includes, but is not limited to, a person who:

- (I) Buys or sells an interest in real property;
- (II) Lends or borrows moneys with an interest in real property as security;
- (III) Acts as an agent, representative, attorney, or employee of a person who:
 - (A) Buys or sells an interest in real property; or
 - (B) Lends or borrows moneys with an interest in real estate as security;

(IV) Is an associate of a person described in this subsection (6.5).

(b) Nothing in this subsection (6.5) shall be construed to include a title insurance company or a title insurance agent.

(6.7) "Settlement service" means any service provided in connection with a real estate settlement. "Settlement services" include, but are not limited to, the following:

- (a) Title searches;
- (b) Title examinations;
- (c) The provision of title certificates;
- (d) Title insurance;
- (e) Services rendered by an attorney;
- (f) The preparation of title documents;
- (g) Property surveys;
- (h) The rendering of credit reports or appraisals;
- (i) Pest and fungus inspections;
- (j) Services rendered by a real estate broker;
- (k) Services rendered by a real estate appraiser;
- (l) Home inspection services;
- (m) The origination of a loan;
- (n) The taking of a loan application;
- (o) Processing of a loan;
- (p) Underwriting and funding of a loan;
- (q) Escrow handling services;
- (r) The handling of the processing; and
- (s) Closing of settlement.

(7) "Single insurance risk" means the insured amount of any policy or contract of title insurance issued by a title insurance company unless two or more policies or contracts are simultaneously issued on different estates in identical real property, in which event, it means the sum of the insured amounts of all such policies or contracts. Any such policy or contract that insures a mortgage interest that is excepted in a fee or leasehold policy or contract, and which

does not exceed the insured amount of such fee or leasehold policy or contract, shall be excluded in computing the amount of a single insurance risk.

(8) "Title insurance" means insuring, guaranteeing, or indemnifying owners of real property or others interested therein against loss or damage suffered by reason of liens or encumbrances upon, defects in, or the unmarketability of the title to said property.

(8.5) "Title insurance agency" means a corporation, partnership, foreign entity, or domestic entity as those terms are defined in section 7-90-102, or association or other legal entity that transacts the business of title insurance.

(9) "Title insurance agent" means a person authorized by a title insurance company to solicit insurance or to collect premiums or to issue or countersign policies in its behalf.

(10) "Title insurance company" means any domestic company organized under the provisions of this article for the purpose of insuring titles to real property; any title insurance company organized under the laws of another state or foreign nation and licensed to insure titles to real estate within this state; and any domestic, foreign, or alien company having the power and authorized to insure titles to real estate within this state on or before July 1, 1969, and which meets the requirements of this article.

(11) "Title insurance entity" means a title insurance agent, title insurance agency, or title insurance company.

(2) Subsection (8.5) was numbered as subsection (9.5) in Senate Bill 18-125 but has been renumbered on revision for ease of location.

ANNOTATION

Law reviews. For article, "'Good Funds' Law and New Title Insurance Regulations",

see 18 Colo. Law. 233 (1989).

10-11-103. Compliance with article required.

On and after July 1, 1969, no company shall underwrite or issue a policy of title insurance or otherwise engage in the business of title insurance in this state unless authorized by the provisions of this article to transact such a business.

Source: L. 69: p. 521, § 1. **C.R.S. 1963:** § 72-26-3.

ANNOTATION

This article provides a rather comprehensive set of regulations for title insurance companies and specifically provides that title insurance rates shall be regulated in the manner provided for regulation of casualty and surety insurance. Commander Leasing Co. v. Transamerica Title Ins. Co., 477 F.2d 77 (10th Cir. 1973).

Plaintiff's contention which characterized Colorado's purported regulation of the title insurance business as a "mere sham and a pretense" and not affording "effective" and "meaningful" regulation does not stand up when the Colorado regulatory statutes are examined. Commander Leasing Co. v. Transamerica Title Ins. Co., 477 F.2d 77 (10th Cir. 1973).

Both domestic and foreign title insurance companies subject to regulation. Both domestic and foreign title insurance companies are and have been subject to the general regulatory powers

vested in the state insurance commissioner. Commander Leasing Co. v. Transamerica Title Ins. Co., 477 F.2d 77 (10th Cir. 1973).

State's unfair practices act and an illegal restraint of trade act are applicable to the business of title insurance. Commander Leasing Co. v. Transamerica Title Ins. Co., 477 F.2d 77 (10th Cir. 1973).

Effect of regulation on private antitrust action. The business of title insurance is the "business of insurance", and the state of Colorado regulates the title insurance business to the end that under the McCarran act, a federal statute exempting the insurance business from the federal antitrust laws if it is regulated by the state, a private antitrust action would not lie against certain title insurance companies doing business in Colorado. Commander Leasing Co. v. Transamerica Title Ins. Co., 477 F.2d 77 (10th Cir. 1973).

10-11-104. Corporate form required.

Any domestic title insurance company formed after July 1, 1969, shall be organized as a stock corporation as provided in section 10-3-101.

Source: L. 69: p. 521, § 1. **C.R.S. 1963:** § 72-26-4.

10-11-105. Financial requirements prior to this article.

(1) Every domestic title insurance company which on July 1, 1969, has the capital required by law and whose reserve fund required by law has been approved by the state bank commissioner shall have until July 1 in the tenth year after July 1, 1969, to comply with the financial requirements of this article, but the capital and reserve fund of each such title insurance company shall at no time be less than that required by law immediately prior to July 1, 1969.

(2) The reserve fund required by law immediately prior to July 1, 1969, for each domestic title insurance company engaged in the business of title insurance shall be supervised by the commissioner on and after July 1, 1969. As soon as practicable, the state bank commissioner shall furnish to the commissioner a list of all such title insurance companies and an inventory of securities and deposits approved by said bank commissioner for the reserve fund of each such company, and shall deliver to the commissioner all such securities and deposits then on deposit with the state bank commissioner and all safe deposit box keys, deposit receipts, certificates of deposit, and other evidences or means of control thereof to the commissioner. Every bank, savings and loan association, or other escrow or depository agent is authorized to accept the substitution of the commissioner for the state bank commissioner on any certificate of deposit or deposit receipt or any authority to enter a safe deposit box with reference to any reserve fund of a title insurance company. Every such bank, savings and loan association, or other escrow or depository agent and the state bank commissioner shall be held harmless from any liability as a result of such substitution and shall take such action as may be necessary or advisable to effect such substitution.

Source: L. 69: p. 521, § 1. **C.R.S. 1963:** § 72-26-5.

10-11-106. Determination of insurability required.

(1) No policy or contract of title insurance shall be written unless and until the title insurance company has caused to be conducted a reasonable examination of the title and has caused to be made a determination of insurability of title in accordance with sound underwriting practices for

title insurance companies. Evidence thereof shall be preserved and retained in the files of the title insurance company or its agent for a period of not less than seven years after the policy or contract of title insurance has been issued. In lieu of retaining the original copy, the title insurance company, or the agent of the title insurance company, may, in the regular course of business, establish a system whereby all or part of these writings are recorded, copied, or reproduced by any photographic, photostatic, microfilm, microcard, miniature photographic, or other process which accurately reproduces or forms a durable medium for reproducing the original. This section shall not apply to either a company assuming no primary liability in a contract of reinsurance or a company acting as a coinsurer if one of the other coinsuring companies has complied with this section.

(2) A title insurance company shall not be obligated to make a written disclosure to its prospective insureds prior to the issuance of a title insurance policy of the following documents if a reasonable examination of title referred to in subsection (1) of this section reveals a recorded document that:

- (a) Is a spurious lien or spurious document as defined in section 38-35-201, C.R.S.;
- (b) Is not, according to sound underwriting practices for title insurance companies, an impairment of record concerning the property to be insured; or
- (c) Although it may purport to do so, does not encumber the property to be insured.

Source: L. 69: p. 522, § 1. C.R.S. 1963: § 72-26-6. L. 97: Entire section amended, p. 38, § 4, effective March 20. L. 99: (1) amended, p. 27, § 1, effective August 4.

10-11-107. Powers.

- (1) Every title insurance company has the following powers:
- (a) To do the business defined in section 10-11-102 (3) and (8);
 - (b) To own, manage, and maintain sets of abstract books and to make, compile, and sell abstracts of title to real estate;
 - (c) To acquire by purchase or otherwise, and to hold, sell, mortgage, or otherwise dispose of, real estate and personal property, or any interest therein, either within or without the state of Colorado and to loan or borrow money upon such real estate or personal property.

Source: L. 69: p. 522, § 1. C.R.S. 1963: § 72-26-7. L. 83: (1)(b) amended, p. 512, § 1, effective May 16.

ANNOTATION

Law reviews. For article, "'Good Funds' Law and New Title Insurance Regulations", see 18 Colo. Law. 233 (1989).

10-11-108. Prohibitions.

(1) A title insurance company or title insurance agent shall not:

(a) Engage in the business of guaranteeing the payment of the principal or the interest of bonds, notes, or other obligations;

(b) Transact, underwrite, or issue any kind of insurance other than title insurance;

(c) Give or receive or attempt to give or receive remuneration in any form pursuant to any agreement or understanding, oral or otherwise, for the referral of title insurance business;

(d) Give or receive or attempt to give or receive any portion or percentage of any charge made or received in connection with the business of title insurance if such charge is not for services actually rendered. For purposes of this article, "services actually rendered" shall include but not be limited to a reasonable examination of a title, including instruments of record, and a determination of insurability of such title in accordance with sound underwriting practices; "services actually rendered" shall not include the mere referral of title insurance business.

(2) Nothing in this article, or in any other provision of law governing the insurance industry, shall be construed to prohibit:

(a) Compensation by a title insurance company of an attorney who is licensed to practice in Colorado for services actually rendered in connection with a real estate transaction, regardless of whether such attorney represents a client in such real estate transaction. Compensation of the attorney for services actually rendered shall not include the payment of an hourly fee paid by the client combined with a payment from the title insurance company for the same service; except that prior to issuing any title insurance commitment, such attorney shall disclose to any party represented by such attorney in the transaction for which the commitment shall be issued that such attorney may be compensated for the issuance of such title insurance commitment.

(b) Payment to any person of a bona fide salary or compensation for payment of goods and facilities actually furnished or for services actually rendered.

(3) Any party to a transaction which is subject to this section shall have a right of action for any actual loss or damage resulting from any violation of this section.

Source: L. 69: p. 522, § 1. C.R.S. 1963: § 72-26-8. L. 92: Entire section amended, p. 1748, § 1, effective April 24.

ANNOTATION

Law reviews. For article, "Affiliated Business Arrangements: Compliance with RESPA and H.B. 06-1141", see 35 Colo. Law. 65 (Nov. 2006).

By failing to require "good funds" to complete a real estate closing in violation

of § 38-35-125 and this section, title insurance agency injected an "illegal purpose" into the situation and the bargain became illegal. Guardian Title Agency, LLC v. Matrix Capital Bank, 141 F. Supp. 2d 1277 (D. Colo. 2001).

10-11-109. Unearned premium reserve.

(1) In lieu of those reserves required for other insurance companies, every domestic title insurance company, and every foreign or alien title insurance company which under the state of domicile is not required to maintain a substantially equivalent unearned premium reserve, shall, in addition to other reserves, establish and maintain a reserve to be known as the "unearned premium reserve" for title insurance, which shall, at all times and for all purposes, constitute the unearned portions of premiums due or received and shall be charged as a reserve liability of such title insurance company in determining its financial condition.

(2) The unearned premium reserve shall be retained and held by such title insurance company for the protection of the policyholders' interest in policies which have not expired. Except upon liquidation, dissolution, or insolvency, assets equal to the amount of such reserve shall not be subject to distribution among depositors or other creditors or stockholders of such title insurance company until all claims of policyholders or holders of other title insurance contracts or agreements of such title insurance company have been paid in full and all liability on the policies or other title insurance contracts or agreements, whether contingent or actual, has been discharged or lawfully reinsured. Income from the investment of the amount of such reserve shall be the unrestricted property of the title insurance company.

Source: L. 69: p. 522, § 1. C.R.S. 1963: § 72-26-9.

10-11-110. Amount of unearned premium reserve - release.

(1) The unearned premium reserve of every title insurance company required to maintain such reserves in this state shall consist of:

(a) The amount of the unearned premium reserve held as of July 1, 1969, pursuant to law; and

(b) The amount of all additions required to be made to such reserve by this section, less the withdrawals therefrom as permitted by this section.

(2) On and after July 1, 1969, every title insurance company shall add to its unearned premium reserve, in respect to each title insurance policy, leasehold policy, contract, or reinsurance agreement issued by it, a sum equal to one dollar for each such policy, contract, or agreement, plus fifteen cents for each one thousand dollars face amount of net retained liability on each such policy, contract, or reinsurance agreement, as defined in section 10-11-102 (4), or the amount reinsured by it, and shall separately record the aggregate amounts so set aside and reserved in respect to such policies, contracts, or agreements written in each calendar year.

(3) The amounts set aside as additions to the unearned premium reserve shall be deducted from income in determining net profits of any title insurance company.

(4) For the purposes of determining the amounts of the unearned premium reserve that may be withdrawn pursuant to subsection (5) of this section, all policies, contracts of title insurance, or reinsurance agreements of title insurance shall be considered as dated July 1 in the year of issue.

(5) On and before December 31, 2000, the aggregate of the amounts set aside in unearned premium reserve in any calendar year pursuant to subsection (2) of this section shall be released from said reserve and restored to income pursuant to the following formula: One-tenth of said aggregate sum on July 1 of each of the five years next succeeding the year of addition to the reserve and one-thirtieth of said aggregate sum on July 1 of each succeeding year thereafter until the entire sum has been so released and restored to income. On and after January 1, 2001, the aggregate of the amounts set aside in unearned premium reserve in any calendar year pursuant to subsection (2) of this section shall be released from said reserve and restored to income in accordance with the formula prescribed by nationally recognized insurance statutory accounting principles.

(6) (Deleted by amendment, L. 2001, p. 286, § 11, effective March 30, 2001.)

(7) If substantially the entire outstanding liability under all policies, contracts of title insurance, and reinsurance agreements of any such title insurance company shall be reinsured, the value of the consideration received by a reinsuring title insurance company authorized to transact the business of title insurance in this state shall constitute, in its entirety, unearned

portions of original premiums and shall be added to its unearned premium reserve, and shall be deemed, for recovery purposes, to have been provided for liabilities assumed during the year of such reinsurance. The amount of such addition to the unearned premium reserve of such assuming title insurance company shall be not less than two-thirds of the amount of the unearned premium reserve required to be maintained by the ceding title insurance company at the time of such reinsurance.

Source: L. 69: p. 523, § 1. C.R.S. 1963: § 72-26-10. L. 2001: (5) and (6) amended, p. 286, § 11, effective March 30.

10-11-111. Reserve for unpaid losses and loss expense.

(1) Each title insurance company, in addition to other reserves, shall at all times establish and maintain reserves against unpaid losses, and against loss expense, and shall calculate such reserves by making a careful estimate in each case of the loss and loss expense likely to be incurred by reason of every claim presented, pursuant to notice from or on behalf of the policyholder, of a title defect in or lien or adverse claim against the title insured that may result in a loss or cause expense to be incurred for the proper disposition of the claim. The sums of the items so estimated shall be the total amounts of the reserves against unpaid losses and loss expenses of such title insurance company.

(2) The amounts so estimated may be revised from time to time as circumstances warrant but shall be redetermined at least once each year.

(3) The amounts set aside in such reserves in any year shall be deducted in determining the net profits for such year of any title insurance company.

Source: L. 69: p. 524, § 1. C.R.S. 1963: § 72-26-11.

10-11-112. Net retained liability.

The net retained liability of any title insurance company under any single insurance risk, as defined in section 10-11-102 (4) and (7), shall not exceed fifty percent of the net amount remaining after deducting from the sum of its capital, surplus, unearned premium reserve, and voluntary reserves the value, if any, assigned in such summation to its title plant, all as shown in its most recent report on file with the commissioner. The same limitation shall apply to any secondary risk assumed by means of reinsurance or to any policy of excess coinsurance; except that, whenever the primary retained liability of a ceding company equals or exceeds ten percent

of the single insurance risk liability, the net retained or assumed liability limit of this section may be increased by an additional two hundred fifty thousand dollars, but in no event above one hundred percent of the net amount remaining after deducting from the sum of its capital and surplus the value, if any, assigned in such summation to its title plant, all as shown by its most recent report on file with the commissioner. Nothing in this section is intended to limit the amount of a single insurance risk, as defined in section 10-11-102 (7), that may be written by a title insurance company; but it shall cede to one or more other title reinsurers, on or before the effective date of such writing, such portion of the said risk as shall be sufficient to bring its net retained liability thereunder within the limits prescribed in this section; and each such cession of risk shall be within the limits of this section as applied to the sum of the capital, surplus, unearned premium reserve, and voluntary reserves, less the value, if any, assigned in such summation to the title plants of the reinsuring company, as shown by its most recent report on file with the supervisory agency in the state of its domicile.

Source: L. 69: p. 524, § 1. C.R.S. 1963: § 72-26-12.

10-11-113. Power to reinsure.

Any title insurance company may cede reinsurance of all or any part of its liability under one or more of its policies, contracts, or reinsurance agreements of title insurance to any reinsurer which meets or exceeds the financial requirements of a title insurance company to do business in this state and is authorized to engage in the business of reinsurance of title insurance in this or any other state; but no larger amount of reinsurance shall be ceded to any reinsurer on a single policy or contract of title insurance, or on any single insurance risk, as defined in section 10-11-102 (7), than such reinsurer would be permitted to retain if authorized to engage in the business of title insurance in this state. Any title insurance company may also reinsure policies of title insurance issued by other insurance companies on risks located in this state or elsewhere. Any domestic title insurance company or any foreign or alien title insurance company authorized to do business in this state shall pay to this state taxes required on all business taxable within this state and reinsured, as provided in this section, with any foreign or alien company not authorized to do business within this state. Issuance of contracts of reinsurance by a reinsurer not authorized to engage in the business of title insurance in this state but authorized to engage in the business of title insurance or in the business of reinsurance of title insurance in any of the United States, which contracts reinsure policies of title insurance issued by a title insurance company authorized to engage in the business of title insurance in this state on real property located in this state, shall not of itself constitute the doing of business in this state by such reinsurer.

Source: L. 69: p. 525, § 1. **C.R.S. 1963:** § 72-26-13.

10-11-114. Legal investments and admitted assets.

(1) Title insurance companies shall comply with the investment requirements for other insurance companies under the laws of this state but, in addition, may invest in a title plant. Such title plant shall be considered an admitted asset as provided by nationally recognized insurance statutory accounting principles. The real estate in which the title plant is housed shall be considered an investment under section 10-3-218. Subject to the limitations of this section and with the approval of the commissioner, a title insurance company may enter into agreements with one or more other title insurance companies authorized to do business in this state whereby such companies shall participate in the ownership, management, and control of a title plant to serve the needs of all such companies, or such companies may hold stock of a corporation owning and operating a title plant for such purposes.

(2) A title insurance company shall include as an admitted asset accounts receivable relating to gross premiums, less agent retention, in the course of collection. Accounts receivable that are more than ninety days past due from the date of notification of the issuance of the policy shall not be included as an admitted asset.

Source: L. 69: p. 525, § 1. **C.R.S. 1963:** § 72-26-14. **L. 2001:** Entire section amended, p. 287, § 12, effective March 30.

Cross references: For the regulation of insurance company's investments, see §§ 10-3-213 to 10-3-237.

10-11-115. Prior investments.

Any investment of a title insurance company lawfully acquired before July 1, 1969, and which but for this section would be considered ineligible as an investment on such date shall be disposed of within five years from such date. The commissioner, upon application and proof that forced sale of any such investment would be contrary to the best interests of the title insurance company and its policyholders, may extend the period for sale or disposal of such investment for a further reasonable time, in no event to exceed three years.

Source: L. 69: p. 525, § 1. **C.R.S. 1963:** § 72-26-15.

10-11-116. Title insurance agents licensed.

(1) (a) Title insurance agents shall be licensed in the manner provided for insurance producers in part 4 of article 2 of this title, except as otherwise provided in this section.

(b) Full-time employees of a corporate contractual agent of a title insurance company authorized by such company or such contractual agent to issue or countersign binders or policies in behalf of such title insurance company shall be so licensed.

(c) A license shall be issued to an attorney-at-law licensed to practice in this state if a title insurance company notifies the commissioner in writing of the name and address of each such attorney it desires to appoint as its agent and upon payment of the fees required by sections 10-3-207 and 24-31-104.5, C.R.S.

(2) No individual, partnership, corporation, or other legal entity contractually authorized by a title insurance company as its agent to issue or countersign binders or policies on its behalf, other than an attorney otherwise qualified under subsection (1)(c) of this section, shall be licensed unless, in addition to all other requirements of this article and of articles 1 to 3 of this title, the agent possesses actual paid-in cash capital, or, if an individual, has a net worth, of at least ten thousand dollars.

(3) Title insurance agents possessing a title plant, as described in section 10-11-114, may satisfy the requirements of subsection (2) of this section by submitting to the commissioner of insurance, in a form acceptable to the commissioner, the written affidavit of a certified public accountant stating that the agent's actual investment in the title plant equals or exceeds the applicable amount set forth in subsection (2) of this section, or, alternatively, that the aggregate of the agent's paid-in cash capital or net worth, as applicable, and the agent's actual investment in the title plant equals or exceeds the applicable amount set forth in subsection (2) of this section.

(4) A licensed contractual agent of a title insurance company shall preserve and retain its closing and settlement services and escrow files for a period of not less than seven years after the closing, or completion, of said files. In lieu of retaining the original files, a licensed contractual agent of a title insurance company may, in its regular course of business, establish a system whereby the files are recorded, copied, or reproduced by any photographic, microfilm, or other process which accurately reproduces or forms a durable medium for reproduction of the original files. Upon cessation of business by a contractual agent of a title insurance company the files shall be deposited with the division of insurance or with a title insurance company or licensed contractual agent of a title insurance company authorized by the division of insurance.

L. 93: (1)(a) amended, p. 1390, § 7, effective January 1, 1995. L. 99: (4) amended, p. 27, § 2, effective August 4. L. 2010: (1)(c) amended, (HB 10-1385), ch. 204, p. 883, § 5, effective May 5. L. 2012: (1)(c) amended, (SB 12-110), ch. 158, p. 561, § 7, effective July 1.

10-11-117. Title insurance agents - certain names prohibited.

On and after July 1, 1969, no agent for a title insurance company shall adopt a firm name containing the words "title insurance", "title guaranty", or "title guarantee", unless such words are followed by the words "agent" or "agency". The words "agent" or "agency" must be in the same size and type as the words preceding them. This section shall not apply to any title insurance company acting as agent for another title insurance company.

Source: L. 69: p. 526, § 1. C.R.S. 1963: § 72-26-17.

10-11-118. Title insurance - rules.

(1) Title insurance rates and fees shall be regulated in the manner provided in part 4 of article 4 of this title.

(2) Prior to the effective date of any new or amended rate or fee, every title insurance company and title insurance agent shall file with the commissioner the new or amended rate or fee, with justification for the new or amended rate or fee. Each filing shall set forth its effective date, which shall be no earlier than thirty days after its receipt by the commissioner. The commissioner may promulgate rules to implement this subsection (2).

(3) No title insurance company or title insurance agent shall use any rate or fee in the business of title insurance prior to its effective date, and no rate or fee increase or decrease shall apply to title policies or services that have been contracted for prior to such effective date. All rates or fees shall be readily available to the public in each office of the title insurance company or title insurance agent in the county to which said rates or fees apply.

ANNOTATION

Law reviews. For article, "New Title Insurance Rates Authorized", see 11 Colo. Law 931 (1982).

10-11-119. Laws applicable.

In addition to the provisions of this article, the laws governing insurance companies, except as they are inconsistent with the provisions of this article, shall apply to the business of title insurance and to title insurance companies.

Source: L. 69: p. 526, § 1. **C.R.S. 1963:** § 72-26-19.

10-11-120. Corporate existence preserved.

The repeal of article 12 of chapter 31, C.R.S. 1963, shall not affect the corporate existence of corporations organized under the provisions of said article 12 if such corporations are on July 1, 1969, engaged in the business of title insurance or title insurance agents in this state. Such corporations in all other respects shall be subject to the provisions of this article and shall file with the commissioner a copy of its articles of incorporation and all amendments thereto certified by the secretary of state.

Source: L. 69: p. 527, § 5. **C.R.S. 1963:** § 72-26-20.

10-11-121. Application of article - other laws applicable.

The provisions of this article shall apply to all title insurance companies, title insurance rating organizations, title insurance agents, applicants for title insurance, policyholders, and persons and business entities deemed to be engaged in the business of title insurance. In addition to the provisions of this article, the laws governing insurance companies, except as they are

inconsistent with the provisions or purposes of this article, shall apply to such persons and entities.

Source: L. 69: p. 528, § 6. **C.R.S. 1963:** § 72-26-21. **L. 92:** Entire section amended, p. 1573, § 95, effective May 20.

10-11-122. Title commitments - rules.

(1) Every title insurance agent or title insurance company shall provide, along with each commitment for an owner's policy of title insurance pertaining to a sale of residential real property as defined in section 39-1-102 (14.5), C.R.S., a statement disclosing the following information:

- (a) That the subject real property may be located in a special taxing district;
- (b) That a certificate of taxes due listing each taxing jurisdiction will be obtained from the county treasurer of the county in which the subject real property is located or that county treasurer's authorized agent unless the proposed insured provides written instructions to the contrary; and
- (c) That information regarding special districts and the boundaries of such districts may be obtained from the board of county commissioners, the county clerk and recorder, or the county assessor.

(2) Failure of a title insurance agent or a title insurance company to provide the statement required by subsection (1) of this section shall subject such agent or company to the penalty provisions of section 10-3-111 but shall not affect or invalidate any provisions of the commitment for title insurance.

(3) (a) Before issuing any owner's policy of title insurance pertaining to a sale of residential real property, unless the proposed insured provides written instructions to the contrary, a title insurance agent or title insurance company shall obtain a certificate of taxes due from the county treasurer or the county treasurer's authorized agent.

(b) To address circumstances in which a certificate of taxes cannot be obtained from the county treasurer or the county treasurer's authorized agent during the period in which the county treasurer is certifying the tax rolls, the commissioner of insurance shall promulgate rules, in accordance with article 4 of title 24, C.R.S., that identify alternative documentation that may be used and relied upon during that period. If a title insurance agent or title insurance company uses alternative documentation during this period, the agent or company shall obtain a tax certificate when it becomes available from the county treasurer or the county treasurer's authorized agent.

(4) (a) If a title insurance agent or title insurance company is required to provide the statement required by subsection (1) of this section, the agent or company shall also provide a statement substantially as follows:

COLORADO NOTARIES MAY REMOTELY NOTARIZE REAL ESTATE DEEDS AND OTHER DOCUMENTS USING REAL-TIME AUDIO-VIDEO COMMUNICATION TECHNOLOGY. YOU MAY CHOOSE NOT TO USE REMOTE NOTARIZATION FOR ANY DOCUMENT.

(b) Failure of a person to provide the statement required by this subsection (4) does not subject the person to any liability under this article 11 or to the penalty provisions of section 10-3-111 and does not affect or invalidate any provisions of the commitment for title insurance.

Cross references: For the legislative declaration in SB 20-096, see section 1 of chapter 130, Session Laws of Colorado 2020.

10-11-123. Notification of severed mineral estates.

(1) For purposes of this section:

(a) "Mineral estate" means a mineral interest in real property.

(b) "Severed" means that the surface owner does not own all or any part of the mineral estate.

(c) "Surface estate" means an interest in real property that does not include the full mineral estate as shown by recorded documents that impart constructive notice in the office of the clerk and recorder of the county in which the real property is situated.

(d) "Surface owner" means the owner of the surface estate and any purchaser with rights under a contract to purchase all or part of the surface estate.

(2) A title insurance agent or title insurance company shall provide, as part of each title commitment for the issuance of an owner's title insurance policy, the following written statement when it is determined that a mineral estate has been severed from the surface estate:

(a) That there is recorded evidence that a mineral estate has been severed, leased, or otherwise conveyed from the surface estate and that there is a substantial likelihood that a third party holds some or all interest in oil, gas, other minerals, or geothermal energy in the property; and

(b) That such mineral estate may include the right to enter and use the property without the surface owner's permission.

(3) In determining compliance with this section, a title insurance agent or title insurance company may rely on recorded documents that impart constructive notice in the office of the clerk and recorder of the county in which the real property is situated and shall not be liable for any errors or omissions in such records.

(4) A title insurance company or title insurance agent may rely on any document purporting to sever mineral interests to act as notice of such severance when such document is recorded in the office of the county clerk and recorder in the county in which the real property is situated.

(5) A title insurance agent or title insurance company shall be deemed to be in compliance with this section when it relies on any document purporting to sever mineral interests or to act as notice of such severance when such document is recorded in the office of the county clerk and recorder of the county in which the real property is situated. No title insurance agent or title insurance company shall be liable for obligations above, or for an amount in excess of, those stated in the owner's policy of title insurance issued pursuant to the commitment for failure to comply with the provision of subsection (2) of this section.

Source: L. 2001: Entire section added, p. 485, § 1, effective July 1.

ANNOTATION

Law reviews. For article, "Tension Relationship Between Surface and Mineral Beneath the Surface: The Evolving Estates", see 30 Colo. Law. 67 (Dec. 2001).

10-11-124. Affiliated business arrangements - rules - investigative information shared with division of real estate.

(1) (a) An affiliated business arrangement is permitted where the person referring business to the affiliated business arrangement receives payment only in the form of a return on an investment and where it does not violate the provisions of section 10-11-108 (1).

(b) A title insurance company or a title insurance agent making a referral as part of an affiliated business arrangement shall disclose the affiliation in accordance with the federal "Real Estate Settlement Procedures Act of 1974", as amended, 12 U.S.C. sec. 2601 et seq.

(c) Neither a title insurance company nor a title insurance agent shall require the use of an affiliated business arrangement or a particular settlement producer as a condition of obtaining title insurance services from the company or agent. For the purposes of this paragraph (c), "require the use" shall have the same meaning as "required use" in 12 CFR 1024.2.

(2) The commissioner may promulgate rules concerning the creation and conduct of an affiliated business arrangement, including, but not limited to, rules defining what constitutes a sham affiliated business arrangement. Nothing in this subsection (2) shall be construed to increase a fee or create a licensure program for affiliated business arrangements. The commissioner shall adopt the rules, policies, or guidelines issued by the United States department of housing and urban development concerning the federal "Real Estate Settlement Procedures Act of 1974", as amended, 12 U.S.C. sec. 2601 et seq. Rules adopted by the commissioner shall be at least as stringent as the federal rules and shall ensure that consumers are adequately informed about affiliated business arrangements. The commissioner shall consult with the real estate commission pursuant to section 12-10-218 (5) concerning rules the real estate commission may promulgate concerning affiliated business arrangements. Neither the rules promulgated by the commissioner nor the real estate commission may create a conflicting regulatory burden on an affiliated business arrangement.

(3) The division may share information gathered during an investigation of an affiliated business arrangement with the division of real estate.

ANNOTATION

Law reviews. For article, "Affiliated Business Arrangements: Compliance with RESPA and H.B. 06-1141", see 35 Colo. Law. 65 (Nov. 2006).

10-11-125. Fees, salaries, compensation, or other payments.

(1) Nothing in section 10-11-124 or 10-11-126 shall be construed to prohibit payment of a fee to:

- (a) An attorney for services actually rendered;
- (b) A title insurance company to its duly appointed agent for services actually performed in the issuance of a policy of title insurance; or
- (c) A lender to its duly appointed agent for services actually performed in the making of a loan.

(2) Nothing in section 10-11-124 or 10-11-126 shall be construed to prohibit payment to any person of:

- (a) A bona fide salary or compensation or other payment for goods or facilities actually furnished or for services actually performed; or
- (b) A fee pursuant to cooperative brokerage and referral arrangements or agreements between real estate brokers.

(3) It shall not be a violation of section 10-11-124:

- (a) For an affiliated business arrangement to require a buyer, borrower, or seller to pay for the services of any attorney, credit reporting agency, or real estate appraiser chosen by the lender to represent the lender's interest in a real estate transaction; or
- (b) For an affiliated business arrangement where an attorney or law firm represents a client in a real estate transaction and issues or arranges for the issuance of a policy of title insurance in the transaction directly as agent or through a separate corporate title insurance agency that may be established by that attorney or law firm and operated as an adjunct to his or her law practice.

ANNOTATION

Law reviews. For article, "Affiliated Business Arrangements: Compliance with RESPA and H.B. 06-1141", see 35 Colo. Law. 65 (Nov. 2006).

10-11-126. Affiliated business arrangements - enforcement - penalties.

(1) The commissioner shall have the same remedies available to him or her as those available to the administrator of the department of housing and urban development in the federal "Real Estate Settlement Procedures Act of 1974", as amended, 12 U.S.C. sec. 2607.

(2) In addition to any other remedies available to the commissioner pursuant to this title, after notice and a hearing pursuant to section 24-4-105, C.R.S., the commissioner may assess a penalty for a violation of this article or a rule promulgated under this article. The penalty shall be the amount of remuneration improperly paid and shall be paid to the person aggrieved by the violation or apportioned among multiple aggrieved persons as determined by the commissioner.

(3) No person shall be liable for a violation of section 10-11-124 if such person proves by a preponderance of the evidence that such violation was not intentional and resulted from a bona fide error notwithstanding maintenance of procedures that are reasonably adopted to avoid such error.

Source: **L. 2006:** Entire section added, p. 268, § 2, effective July 1. **L. 2007:** (1) amended, p. 2020, § 11, effective June 1.

ANNOTATION

10-11-127. Fiduciary responsibilities of title insurance entities - definition of fiduciary funds - deceptive act or practice - rules.

(1) A title insurance entity and its affiliates or subsidiaries in possession of fiduciary funds received and belonging to others shall hold those funds in a fiduciary capacity.

(2) The commissioner shall promulgate reasonable rules that are consistent with this section and are necessary or proper to:

(a) Require the segregation and accounting of fiduciary funds;

(b) Require notice to the commissioner by title insurance companies that are aware of a violation of the fiduciary fund segregation and accounting rules, and the appointment, suspension, or dismissal of title insurance agents; and

(c) Provide for the implementation and administration of this section.

(3) For the purposes of this section, "fiduciary funds" means any money received in conjunction with closing and settlement services other than a fee charged by the title insurance company or title insurance agent to perform the closing and settlement services for a real estate transaction.

Source: L. 2018: Entire section added, (SB 18-125), ch. 73, p. 640, § 2, effective March 29.

PART 2

TITLE INSURANCE COMMISSION

10-11-201. Title insurance advisory group - meetings - response by commissioner - subject to review - repeal.

(1) Twice each year, the commissioner shall hold a meeting of representatives of the title insurance industry, who are referred to in this section as the "title insurance advisory group" or "advisory group". The advisory group is an advisory body to the commissioner concerning the promotion of fair competition, consumer protection, and regulatory compliance in matters of title insurance. Nothing in this section divests the commissioner of the commissioner's authority to regulate the business of insurance.

(2) Meetings of the advisory group must be open to the public, and any member of the public may participate in a meeting.

(3) Members of the title insurance advisory group are not employees of the division and shall not receive compensation for service on the advisory group.

(4) The commissioner shall hold the first meeting of the title insurance advisory group on or before January 31 each year, and the commissioner shall hold the second meeting of the advisory group on or after June 1, but before August 1, each year unless an alternate time is proposed and accepted by the commissioner.

(5) The commissioner or the commissioner's designee shall attend each of the two regular meetings described in subsection (4) of this section. Advisory group members may conduct additional meetings as the commissioner deems appropriate.

(6) The commissioner shall respond in writing to formal written proposals or recommendations presented to the commissioner by the title insurance advisory group at a meeting.

(7) This section is repealed, effective September 1, 2029. Before the repeal, the advisory group is scheduled for review in accordance with section 2-3-1203.

PART 1

MUTUAL INSURANCE COMPANIES AND MUTUAL PROTECTIVE ASSOCIATIONS

10-12-101. Mutual protective associations.

(1) One hundred or more persons, desiring to form and be members of a mutual protective association, are authorized to and may insure each other against loss or damage by any peril or perils resulting in physical loss or damage to property, including theft of personal property, situated in this state in which said persons have an insurable interest if said persons first subscribe their names and addresses to articles of association which provide and set forth:

(a) The name of said association, which shall contain the words "protective association";

(b) The city or town where the principal office of the association is located and where the books and records are maintained;

(c) The names and addresses of directors who shall serve for the first year of existence of the association, which number of directors shall not be less than three nor more than seven and which directors must be members;

(d) That members shall be entitled to one vote each and shall elect directors at each annual meeting for a term not to exceed three years, after the first year of existence. The members of said association shall consist of the one hundred or more persons subscribing the articles of association who shall also be policyholders bona fide applicants for insurance at the time their names are subscribed to the articles and, in addition, all other persons becoming policyholders thereafter for the period during the year in which their policies are in full force and effect. The policies of the members shall be effective concurrently with, or within one year from, the granting of a certificate of authority to said association. If the period of insurance coverage is less than a year, each member will be a full-fledged member for a complete year.

(e) The specific risks which said association purposes to insure, which shall be one or more of the risks specified in this section;

(f) The manner in which premiums will be charged or assessments levied against the members for the purpose of paying losses and expenses of management of said association; except that each association organized on or after April 20, 1949, and authorized to insure against any insurable risks specified in the articles of association and all said associations which charge an advance premium instead of operating on the pure assessment basis shall at all times maintain on deposit with the commissioner a sum equal to twenty-five thousand dollars in cash or convertible securities as a guaranty fund to guarantee faithful performance of the contract. Upon dissolution, such guaranty fund shall become the property of the person who deposits it, subject to all claims provided for in sections 10-12-101 to 10-12-104.

(2) County mutual protective associations now operating in Colorado upon a pure assessment plan and such associations which do not write insurance upon growing crops but operate upon an assessment plan with the stated liability of each member set forth in its policies need not maintain any deposit with the commissioner nor maintain any reserves as provided in this section.

(3) Each association operating on an advance premium system and authorized to insure against any insurable risks specified in this section shall allocate and set aside at least sixty-five percent of all annual gross premiums received under all policies as a loss reserve to be used only for the payment of losses. In the event said loss reserve is insufficient to meet all adjusted loss claims for the year, an amount not exceeding five percent of the net premiums received shall be taken from the guaranty fund and added to the loss reserve to make up any deficit. The amount of said loss reserve then shall be distributed ratably among all policyholders suffering loss.

(4) Losses are defined as the actual amount paid the members and do not include any adjusting expenses or other expenses. If all losses are paid in full in any year and there is an excess sum remaining in the loss reserve, such excess sum shall be retained in the loss fund and shall be available for the following purposes in this order: Payment of current losses; recoupment by the company of all sums which have been removed from the guaranty fund in prior years to pay excess losses; as a permanent loss reserve fund.

10-12-102. Association to file articles - bylaws.

After the articles of association have been subscribed and acknowledged in the manner provided for Colorado corporations, a certified copy thereof shall be filed with the commissioner, who shall obtain the approval of the attorney general and otherwise investigate to determine whether the association has complied with the provisions of sections 10-12-101 to 10-12-104. The association shall adopt bylaws and prepare applications and a list of policyholders, all of which, together with any amendments thereto, shall be filed with the commissioner. The commissioner shall issue a certificate of authority to an association which in his opinion has complied with the provisions of sections 10-12-101 to 10-12-104, and, if any provision has not been complied with, the commissioner shall suspend the certificate of authority until such time as compliance has been effected.

Source: L. 49: p. 458, § 2. CSA: C. 87, § 91(2). CRS 53: § 72-5-2. C.R.S. 1963: § 72-5-2.

10-12-103. Noncompliance a misdemeanor - penalty.

(1) Upon failure of any association to comply with the provisions of sections 10-12-101 to 10-12-104, whether or not in possession of a valid certificate of authority, the officers and directors jointly and severally are guilty of a misdemeanor and, upon conviction thereof, each shall be punished by a fine of not less than five hundred dollars nor more than fifteen hundred dollars for each act in violation of sections 10-12-101 to 10-12-104.

(2) Any order or decision of the commissioner shall be subject to review, which shall be on the basis of the record of the proceedings before the commissioner and shall not be limited to questions of law, by appeal to the district court of the city and county of Denver at the instance of any party in interest.

(3) Such companies, organized and operating under existing laws, shall not be required to reorganize their corporate structure in order to be eligible to operate under sections 10-12-101 to 10-12-104.

Source: L. 49: p. 458, § 2. CSA: C. 87, § 91(2). CRS 53: § 72-5-3. C.R.S. 1963: § 72-5-3.

10-12-104. Fees - annual statement - tax.

(1) The association shall pay to the division of insurance the fees as prescribed pursuant to section 10-3-207 (4).

(2) (a) Each agent, solicitor, special agent, or salaried representative soliciting business in this state shall be licensed by the division of insurance upon application of the association and shall be subject to the insurance licensing laws of the state. The fee for the initial license is five dollars, and the fee for filing each annual notice of intention to keep the agent's license in force is two dollars.

(b) Notwithstanding the amount specified for any fee in paragraph (a) of this subsection (2), the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

(3) The association shall render an annual statement of accounts and such records of the financial condition of the association as may be required by the commissioner, who shall furnish forms for this purpose. The commissioner shall have the same supervisory authority over such association as is provided by law in the case of other insurance companies and associations, and the commissioner shall collect two and one-fourth percent premium tax from each of the associations or companies as provided in section 10-3-209.

Source: L. 49: p. 459, § 3. CSA: C. 87, § 91(3). CRS 53: § 72-5-4. C.R.S. 1963: § 72-5-4. L. 65: p. 753, § 4. L. 67: p. 33, § 1. L. 91: (1) amended, p. 1233, § 7, effective June 5. L. 98: (2) amended, p. 1327, § 31, effective June 1.

10-12-105. Guaranty fund of mutual companies.

(1) Guaranty fund certificates may be issued to provide a guaranty fund for domestic life and fire insurance companies incorporated upon the mutual plan and for domestic casualty insurance associations incorporated upon the assessment plan, such fund to be held as security for the payment of all losses and other policy liabilities of such companies. Guaranty fund certificates may draw interest or dividends not exceeding in the aggregate eight percent per annum, which shall only be paid from the profits of the company. The certificates may only be retired or redeemed by using the profits of the company for that purpose, but the full fund as required of each kind of mutual and assessment company by this title (except article 15), and article 14 of title 24, C.R.S., shall at all times be maintained. Such guaranty fund shall be a liability until redeemed or retired. It shall only be used to pay policy claims or liabilities when the contingent mutual liability of the policyholders has been drawn upon and found insufficient to meet the losses of policy claims or when the directors for any cause fail to provide for the payment of policy claims.

(2) Upon satisfying himself of such failure, the commissioner shall suspend the certificate of authority of such company and apply to the district court for an order restraining said company from doing further business; and the court may appoint a receiver or issue such decrees and orders as may best serve the interests of the members or policyholders and of the public; and the disbursement or distribution of the guaranty fund shall then be made under the court's direction; but the fund shall first be used to pay policy claims or losses, and, if any of the fund then remains, it shall be used to pay creditors, if any, and the then remaining portion of the fund shall be used to redeem outstanding guaranty fund certificates, or, if none are outstanding, it shall be distributed among the members of the company as the court may direct. The profits of a domestic mutual insurance company or association are that portion of its cash funds not required for the payment of losses and expenses and not set apart for the unearned premium reserve or any other purpose required by law.

10-12-106. Fees of mutual companies.

Mutual and assessment companies, unless otherwise specified in this title (except article 15), and article 14 of title 24, C.R.S., are required to pay the same fees and be under the same supervision and authority of the commissioner as companies that are engaged in the same kind of

insurance business and that are organized upon the joint-stock plan, and they shall comply with the general laws of this title, unless otherwise specified, and be subject to the penalties provided therein.

Source: L. 13: p. 364, § 65. C.L. § 2538. CSA: C. 87, § 82. CRS 53: § 72-5-6. C.R.S. 1963: § 72-5-6. L. 92: Entire section amended, p. 1573, § 98, effective May 20. L. 2004: Entire section amended, p. 903, § 24, effective May 21. L. 2012: Entire section amended, (HB 12-1266), ch. 280, p. 1508, § 39, effective July 1.

10-12-107. Ownership of profits.

Every domestic insurance company incorporated upon the mutual or assessment plan shall state clearly in its policies or certificates that the accumulations of profits of such corporations over and above all proper liabilities are the sole property of the members or policyholders in good standing and that the same shall be distributed in a just and equitable manner in case such company is reinsured or ceases to do business.

Source: L. 13: p. 364, § 66. C.L. § 2539. CSA: C. 87, § 83. CRS 53: § 72-5-7. C.R.S. 1963: § 72-5-7.

10-12-108. Mutual insurance companies - corporation policyholders.

Any public or private corporation, board, or association in this state or elsewhere may make applications and enter into agreements for and hold policies in any domestic or foreign mutual insurance company. Any officer, stockholder, trustee, or legal representative of any such corporation, board, or association or any estate may be recognized as acting for or on its behalf for the purpose of such membership but shall not be personally liable upon such contract of insurance by reason of acting in such representative capacity. The right of any corporation organized under the laws of this state to participate as a member of any such mutual insurance company is declared to be incidental to the purpose for which such corporation is organized and as much granted as the rights and powers expressly conferred.

Source: L. 21: p. 465, § 8. C.L. § 2564. CSA: C. 87, § 134. CRS 53: § 72-5-8. L. 55: p. 457, § 1. C.R.S. 1963: § 72-5-8.

10-12-109. Mutual insurance companies - voting powers.

Every member of the company shall be entitled to one vote or to a number of votes based upon the insurance in force, the number of policies held, or the amount of premiums paid, as may be provided in the bylaws.

Source: L. 21: p. 465, § 9. C.L. § 2565. CSA: C. 87, § 135. CRS 53: § 72-5-9. L. 55: p. 457, § 1. C.R.S. 1963: § 72-5-9.

10-12-110. Mutual insurance companies - premiums and premium deposits.

The policies shall provide for a premium or premium deposit payable in cash and, except as provided in this section, for a contingent premium at least equal to the premium or premium deposit. Such mutual company may issue a policy without a contingent premium while it has a surplus equal to the capital required of a domestic stock insurance company transacting the same kinds of insurance, and in no event shall the holder of any such policy be liable for a greater amount than the premium or premium deposit expressed in the policy. If at any time the admitted assets are less than the reserve and other liabilities, the company shall immediately collect upon policies with a contingent premium a sufficient proportionate part thereof to restore such assets, but no member shall be liable for any part of such contingent premium in excess of the amount demanded within one year after the termination of the policy. The commissioner may, by written order, direct that proceedings to restore such assets be deferred during the time fixed in such order.

Source: L. 21: p. 465, § 10. C.L. § 2566. CSA: C. 87, § 136. CRS 53: § 72-5-10. L. 55: p. 457, § 1. C.R.S. 1963: § 72-5-10.

10-12-111. Mutual life assessment companies prohibited - when.

No life insurance company which is organized under the mutual assessment plan or which issues contracts, the performance of which is contingent upon the payment of assessments or calls made upon its members, shall do business in this state, except such companies authorized on April 15, 1913, to do business in this state and which value their assessment policies or certificates of membership as yearly renewable term policies, according to the standard of valuation of life insurance policies prescribed by the laws of this state. No such company shall provide in any contract of insurance for any cash or other benefit to accrue to any living member

or policyholder or to any beneficiary except a death benefit from life insurance upon the yearly renewable term plan.

Source: L. 13: p. 358, § 60. C.L. § 2533. CSA: C. 87, § 77. CRS 53: § 72-5-11. L. 55: p. 458, § 1. C.R.S. 1963: § 72-5-11.

Cross references: For the valuation of life policies, see § 10-7-101.

10-12-112. Validation clause.

All transactions, otherwise lawful and not inconsistent with sections 10-12-108 to 10-12-111, are hereby validated as though done pursuant to said sections.

PART 4
MUTUAL INSURANCE COMPANIES

10-12-401. Legislative declaration.

It is the intent of the general assembly by the enactment of this part 4 that the legal existence and status of mutual insurance companies formed under this part 4 and the members thereof be recognized beyond the limits of this state and that, subject to any reasonable registration requirements, any such mutual insurance company transacting business outside this state be granted the protection of full faith and credit under section 1 of article IV of the constitution of the United States.

Source: L. 91: Entire part added, p. 1219, § 1, effective May 24.

10-12-402. Scope of provisions.

This part 4 shall apply to all domestic and foreign mutual insurers, including captive insurance companies organized as mutual insurers, transacting or being organized to transact any of the kinds of business for which insurance companies regulated by this title are permitted.

Source: L. 91: Entire part added, p. 1219, § 1, effective May 24.

10-12-403. Mutual insurer defined.

For purposes of this part 4, a "mutual" insurer is an insurance corporation without capital stock, owned by its policyholders collectively, who have the right to vote in the election of its directors.

Source: L. 91: Entire part added, p. 1219, § 1, effective May 24.

10-12-404. Company name.

The corporate name of any company organized under this article shall contain the word "mutual" and shall not be the same as and shall be distinguishable on the records of the secretary of state from the name of any domestic company or of any foreign or alien company authorized to transact business in this state.

Source: L. 91: Entire part added, p. 1220, § 1, effective May 24. **L. 2000:** Entire section amended, p. 988, § 102, effective July 1.

10-12-405. Applicability of other code and corporation code provisions.

Domestic mutual insurers, incorporating or qualifying to transact any or all of the classes of insurance designated in section 10-3-102, shall be subject to all provisions of this title generally applicable to other incorporated insurers, specifically including the provisions of article 3 of this title, and in case of conflict between this part 4 and other provisions of this title, the provisions of this part 4 shall control. Domestic mutual insurers shall be subject to additional articles of this title as they are applicable to the class or classes of insurance made by such domestic mutual insurer. Domestic mutual insurers shall not be required to have or issue capital stock or shares nor shall they be required to distribute an annual report to a member other than at the time of the initial policy issuance or once each year on renewal. Except as otherwise provided in this part 4, incorporated mutual insurers shall be deemed to be incorporated or organized under the general corporation law of this state.

Source: L. 91: Entire part added, p. 1220, § 1, effective May 24.

10-12-406. Lines of business.

When permitted by its articles of incorporation, a company may be organized under this part 4 to make insurance to the same extent and for the same purposes as permitted for domestic insurance companies under section 10-3-102 or for captive insurance companies under section 10-6-107.

Source: L. 91: Entire part added, p. 1220, § 1, effective May 24. **L. 94:** Entire section amended, p. 1648, § 88, effective May 31.

10-12-407. Bylaws.

The bylaws shall provide that each policyholder of the company shall be a member of the company and shall be entitled to one or more votes based upon the amount of insurance in force, the number of policies held, or the amount of premium paid, as shall be stated in such bylaws. The bylaws may permit voting by proxy.

Source: L. 91: Entire part added, p. 1220, § 1, effective May 24.

10-12-408. Liability of members.

(1) A member of a mutual insurance company organized under this article is not liable to any other member, to the company, or to any creditor of the company for the payment of losses or expenses of the company beyond payment of premiums for insurance issued to such member, nor may any member be assessed for any liability of the company.

(2) A mutual insurance company may, if permitted by its articles of incorporation or bylaws and if provision therefor is clearly disclosed to its members on the face of the policy, make contingent premium assessments on its members.

(3) No person is liable for any obligation arising from membership unless the person was admitted to membership upon the person's application or with the person's consent.

Source: L. 91: Entire part added, p. 1220, § 1, effective May 24.

10-12-409. Dividends.

(1) The board of directors or trustees of any company which is subject to the provisions of this part 4 and which writes life, accident, or accident and health insurance may declare dividends to its members.

(2) After retaining sufficient funds for the payment by the company of all outstanding policy and other obligations, the board of directors or trustees of any company which is subject to the provisions of this article and which writes casualty, fidelity and surety, fire, elements and marine, or similar insurance may from time to time fix and determine the amount of dividends payable, or of unabsorbed or unused premiums or premium deposits to be returned, to each policyholder, may establish reasonable classifications or groupings of policyholders and plans for the distribution of such dividends or refunds upon each general kind of insurance or groups or classes thereof, and may establish reasonable territorial divisions upon policies expiring during a fixed period.

(3) The declaration and payment of dividends by any company subject to the provisions of this part 4 shall be subject to the following conditions:

(a) No dividends shall be declared or paid at any time except out of the earned, as distinguished from contributed, surplus nor when the surplus of the company is less than the original surplus required for the kind or kinds of insurance the company is authorized to write nor when the payment of such dividends will reduce its surplus to less than such amount.

(b) No dividends shall be declared or paid contrary to any restriction contained in the articles of incorporation.

Source: L. 91: Entire part added, p. 1221, § 1, effective May 24.

10-12-410. Insolvency or impairment of mutual insurance company.

A mutual insurance company is deemed insolvent when its admitted assets are less than all of its liabilities, excluding from such liabilities the aggregate amount of its guaranty fund, and is deemed impaired when its admitted assets are less than its liabilities, including as a liability the aggregate amount of its guaranty fund, or when its surplus is less than the minimum requirements of section 10-3-201.

Source: L. 91: Entire part added, p. 1221, § 1, effective May 24.

10-12-411. Conversion of domestic mutual insurer to domestic stock or other form of insurer.

(1) Any domestic mutual insurer may submit to the commissioner a petition and plan to convert, without reincorporation, into a domestic stock or other form of insurer pursuant to the requirements of this section.

(2) The petition and plan shall set forth with specificity the terms and conditions of the proposed conversion and shall do all of the following:

(a) Certify that the plan has been adopted by a majority vote of the board of directors of the insurer;

(b) Certify that the plan and the proposed conversion will not be prejudicial to the policyholders of the insurer;

(c) Specify the method and basis for the issuance of the capital stock of the converted stock or other form of insurer; and

(d) Provide copies of proposed amendments to the insurer's articles of incorporation and bylaws or other documents of organization to effectuate the conversion.

(3) The commissioner shall preliminarily approve the conversion after receiving the information provided in subsection (2) of this section.

(4) After receiving preliminary approval from the commissioner, the insurer shall do all of the following:

(a) Give notice, either personally or through mailing at least twenty-one days before the time fixed for the meeting, to the last-known postal address of each policyholder that the question of the conversion will be voted upon at a regular or special meeting of the policyholders. Such notice shall fairly but briefly describe the proposed conversion plan.

(b) Approve the conversion plan and any necessary amendments to the insurer's articles of incorporation and bylaws or other documents of organization, at the regular or a special meeting held in pursuance of the call and notice, by the affirmative vote of not less than two-thirds of the policyholders voting in person or by proxy; and

(c) Submit the conversion plan, together with proper proof that it has been approved by the policyholders as provided in this section, to the commissioner for final approval. The conversion plan shall not become effective until the commissioner issues an amended certificate of authority to the petitioner.

(5) Upon the issuance of the amended certificate of authority, the conversion shall be effective and the mutual insurer shall immediately become a stock or other form of insurer rather than a mutual insurer. The conversion into a stock or other form of insurer shall not affect any

suits, rights, or contracts of the mutual insurer. In all other respects the rights and properties of the mutual insurer shall continue to be the property of the resulting stock or other form of insurer, which shall remain bound by all the obligations and liabilities of the mutual insurer. The stock or other form of insurer shall be deemed to have been organized at the time the converted mutual insurer was originally organized.

(6) Notwithstanding the requirements of paragraphs (a) and (b) of subsection (4) of this section, in the event of insolvency of the insurer, its board of directors by a majority vote may, in its petition, request that the commissioner waive the requirements of notice to and approval by the policyholders before submitting the petition and plan of conversion. Such petition shall specify both of the following:

(a) The method and basis for the issuance of the converted insurer's shares of its capital stock or other indication of ownership to an independent party in connection with an investment by such independent party in an amount sufficient to restore the insurer to a sound financial condition; and

(b) That the conversion shall be accomplished without distribution to the past, present, or future policyholders, if the commissioner finds that the value of the insurer, due to insolvency, is insufficient to warrant any such distribution.

(7) If the commissioner, upon review of the plan of conversion and the financial examination, finds that the domestic mutual insurer meets statutory requirements with respect to capital, surplus fund, and assets, the commissioner may, by a written order, waive the requirements of paragraphs (a) and (b) of subsection (4) of this section.

(8) A domestic mutual insurer may, by a majority vote of its directors and upon approval of the commissioner, abandon such plan for conversion at any time before the issuance of the final order of the commissioner. Upon such abandonment, all rights and obligations arising out of the plan shall terminate and the insurer shall continue to conduct its business as a domestic mutual insurer as though no such plan had ever been adopted.

10-13-100.3. Definitions.

As used in this article 13, unless the context otherwise requires:

(1) "Attorney" means an attorney, attorney-in-fact, agent, or other representative, as described in section 10-13-102.

(2) "Subscribers" means individuals, partnerships, and corporations of this state authorized to exchange reciprocal or interinsurance contracts, as described in section 10-13-101.

Source: L. 2025: Entire section added, (SB 25-275), ch. 377, p. 2037, § 41, effective August 6.

10-13-101. Interinsurance contracts.

Subscribers are authorized to exchange reciprocal or interinsurance contracts with each other, or with individuals, partnerships, and corporations of other states and countries, providing indemnity among themselves from any loss which may be insured against under other provisions of the law, excepting life insurance, if such subscribers, through their attorneys, attorneys-in-fact, agents, or other representatives, deposit and maintain on deposit with the commissioner moneys or securities of the value of fifty thousand dollars as security for the performance of all such contracts issued in this state or in any other state or country by such subscribers and as security

for any act or omission by an attorney-in-fact required to be bonded for or secured against under any attorney-in-fact bond required by the laws of any state in which the reciprocal or interinsurance exchange does business. Such securities shall be such as are required for lawful investments of capital and reserve of domestic insurance companies by the provisions of sections 10-3-215 to 10-3-230. In lieu of such deposit or part thereof, the commissioner may accept a certificate of the public official having supervision over insurers in any other state to the effect that a like deposit by such insurer or a like part thereof in an equal or a greater amount is held in public custody in such state. The offices through which such indemnity is exchanged shall be classified as reciprocal or interinsurance exchanges.

ANNOTATION

Applied in Benham v. Pryke, 636 P.2d 1339 (Colo. App. 1981).

10-13-102. Licensing of solicitors.

Contracts may be executed by an attorney duly authorized and acting for subscribers. Each attorney or exchange doing business in this state shall be required to license each solicitor, agent, special agent, special representative, or salaried representative soliciting business in this state. Such representative need not be a resident of this state, nor will such representative be required to countersign policies issued. The application for such license shall be made by the employer, and the commissioner shall issue to such individual requested in the application the required license upon payment of the usual agent's license fee if the individual is found by the commissioner to be qualified therefor.

Source: L. 13: p. 373, § 81. C.L. § 2554. CSA: C. 87, § 98. L. 47: p. 590, § 2. CRS 53: § 72-4-2. C.R.S. 1963: § 72-4-2. L. 2025: Entire section amended, (SB 25-275), ch. 377, p. 2037, § 43, effective August 6.

Cross references: For fees for licensing agents, see § 10-3-207.

10-13-103. Declaration of subscribers.

(1) Such subscribers so contracting among themselves shall through their attorney file with the commissioner of this state a declaration verified by the oath of such attorney setting forth:

(a) The name or title of the office at which such subscribers propose to exchange such indemnity contracts. Such name or title shall not be so similar to any other name or title previously adopted by a similar organization or by any insurance corporation or association as in the opinion of the commissioner is calculated to result in confusion or deception.

(b) The kind of insurance to be effected or exchanged;

(c) A copy of the form of policy contract or agreement under or by which such insurance is to be effected or exchanged;

(d) A copy of the form of power of attorney or other authority of such attorney under which such insurance is to be effected or exchanged, which shall show the allowance for expense;

(e) The location of the office from which such contracts or agreements are to be issued;

(f) That applications have been made for indemnity upon at least one hundred separate risks aggregating not less than one and one-half million dollars, as represented by executed contracts or bona fide applications to become concurrently effective, or, in case of liability or compensation insurance, covering a total payroll of not less than one and one-half million dollars;

(g) A financial statement in such form as the commissioner may require;

(h) Such other information as the commissioner may deem necessary for the protection of the public.

Source: L. 13: p. 373, § 81. L. 15: p. 273, § 1. C.L. § 2554. CSA: C. 87, § 98. CRS 53: § 72-4-3. C.R.S. 1963: § 72-4-3.

10-13-104. Venue of actions - service of process.

Concurrently with the filing of the declaration provided for by the terms of section 10-13-103, the attorney shall file with the commissioner an instrument in writing executed by him for said subscribers, conditioned that, upon the issuance of the certificate of authority provided for in section 10-13-111, action may be brought in the county in which the property insured thereunder is situated, and service of process may be had upon the commissioner or deputy commissioner in

all suits in this state arising out of such policies, contracts, or agreements, which service shall be valid and binding upon all subscribers exchanging at any time reciprocal or interinsurance contracts through such attorney. Three copies of such process shall be served, and the commissioner shall file one copy, forward one copy to said attorney, and return one copy with his admission of service.

Source: L. 13: p. 373, § 81. C.L. § 2554. CSA: C. 87, § 98. CRS 53: § 72-4-4. C.R.S. 1963: § 72-4-4. L. 73: p. 847, § 2. L. 86: Entire section amended, p. 556, § 8, effective July 1. L. 89: Entire section amended, p. 438, § 10, effective July 1. L. 92: Entire section amended, p. 1574, § 99, effective July 1.

10-13-105. Maximum indemnity on single risk.

There shall be filed with the commissioner by such attorney a statement under oath showing the maximum amount of indemnity upon any single risk, and such attorney, as often as the same is required, shall file with the commissioner a statement verified by his oath to the effect that he has examined the commercial rating of such subscribers as shown by the reference book of a commercial agency having at least one hundred thousand subscribers and that from such examination or from other information in his possession it appears that no subscriber has assumed on any single risk an amount greater than ten percent of the net worth of such subscriber.

Source: L. 13: p. 373, § 81. C.L. § 2554. CSA: C. 87, § 98. CRS 53: § 72-4-5. C.R.S. 1963: § 72-4-5.

10-13-106. Certificate of authority issued.

(1) Upon the filing of the required papers, it is the duty of the commissioner to examine and pass upon the same and, if found in accordance with this title, to issue a certificate of authority which shall expire on April 1 next succeeding.

(2) To qualify for authority to transact insurance business in this state after July 1, 1971, every interinsurance exchange or reciprocal exchange shall possess and maintain an unencumbered surplus in an amount of not less than three hundred thousand dollars. Any interinsurance exchange or reciprocal exchange currently authorized to transact insurance business in this state need not meet such surplus requirements until five years after July 1, 1971; except that the surplus of any such interinsurance exchange or reciprocal exchange shall be

increased annually at the rate of twenty percent of the difference between its surplus as of December 31, 1970, and three hundred thousand dollars. Upon written request and for good reason shown, the commissioner may waive the requirement for any one annual surplus increase, with the provision that said surplus increase will be accomplished in full within the next year, together with the surplus increase scheduled for that year.

Source: L. 13: p. 373, § 81. C.L. § 2554. CSA: C. 87, § 98. CRS 53: § 72-4-6. C.R.S. 1963: § 72-4-6. L. 71: p. 719, § 1. L. 2001: (1) amended, p. 1267, § 6, effective June 5.

ANNOTATION

Under this section the competency of insurers is passed upon, and determined, by the insurance commissioner. Consol. Underwriters v. Indus. Comm'n, 117 Colo. 239, 185 P.2d 1013 (1947).

Insurance commissioner has discretion under subsection (1) to issue a new annual certificate of authority to an interinsurance

exchange which fails to meet the unencumbered surplus requirement for original certification when he is acting under his regulatory authority to rehabilitate the interinsurance exchange in the same manner as any other insurance company in §§ 10-3-401 to 10-3-414. Alias Smith & Jones v. Barnes, 695 P.2d 302 (Colo. App. 1984).

10-13-107. Reserve required.

There shall be maintained at all times an unearned premium reserve computed on a monthly or more frequent pro rata basis. The computation of this reserve shall be based upon premium deposits other than membership fees and without any deduction for expenses and the compensation of an attorney.

Source: L. 13: p. 373, § 81. C.L. § 2554. CSA: C. 87, § 98. CRS 53: § 72-4-7. C.R.S. 1963: § 72-4-7. L. 71: p. 720, § 2. L. 75: Entire section R&RE, p. 369, § 1, effective July 1.

10-13-108. Annual financial report.

(1) Such attorney shall make a sworn annual report to the commissioner of the business of the preceding year ending December thirty-first, on or before the first day of March succeeding, showing that the financial condition of affairs at the office where such contracts are issued is in accordance with the standard of solvency, and shall furnish such additional information and

reports as may be required to show the total premiums or deposits collected, the total losses paid, the total amounts returned to subscribers, and the amounts retained for expenses and subject to taxation. Such attorney shall not be required to furnish the names and addresses of any subscribers, except for purposes of verifying by the commissioner the reports furnished under section 10-13-105. These names and addresses are not to be filed or to become any part of the public records. The report shall be on a form prescribed by the commissioner.

(2) The business affairs and assets of any reciprocal or interinsurance exchange or attorney's office shall be subject to examination by the commissioner.

Source: L. 13: p. 373, § 81. **C.L.** § 2554. **CSA:** C. 87, § 98. **CRS 53:** § 72-4-8. **C.R.S. 1963:** § 72-4-8. **L. 64:** p. 144, § 74.

10-13-109. Authority conferred on corporations.

Any corporation organized under the laws of this state, in addition to the rights, powers, and franchises specified in its articles of incorporation, has full power to exchange insurance contracts of the kind and character mentioned in section 10-13-101. The right to exchange such contracts is declared to be incidental to the purposes for which such corporations are organized and as much granted as the rights and powers expressly conferred.

Source: L. 13: p. 373, § 81. **C.L.** § 2554. **CSA:** C. 87, § 98. **CRS 53:** § 72-4-9. **C.R.S. 1963:** § 72-4-9.

Editor's note: The word "corporation" as used in this section is limited to those engaged in the business of insurance or suretyship. See definition in § 10-1-102 (6).

10-13-109.5. Exchange may hold and convey real estate.

(1) Any reciprocal or interinsurance exchange authorized to transact business in this state may, in its own name, purchase, take, receive, lease, or otherwise acquire, own, hold, improve, use, and otherwise deal in and with real property, or have an interest in real property, wherever situated, and may sell, convey, assign, encumber, mortgage, pledge, lease, exchange, transfer, and otherwise dispose of all or any part of such real property or interest.

(2) (a) To encumber, transfer, or otherwise affect an estate or interest in real property in its own name, a reciprocal or interinsurance exchange shall execute and record, in the office of the clerk and recorder in the county in which such real property is located, a statement of authority that sets forth:

(I) The name of the reciprocal or interinsurance exchange;

(II) The address, including the street address, if any, of the reciprocal or interinsurance exchange; and

(III) The name of the person or entity authorized to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(b) The statement of authority shall be executed and acknowledged by the secretary or assistant secretary of the reciprocal or interinsurance exchange who is not the person authorized to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(c) An official with whom a statement of authority is recorded may charge and collect a fee for such recordation not to exceed the fee for recordation of an encumbrance or transfer of real property.

(d) After recording, a statement of authority, as it may be amended from time to time, shall remain effective until a cancellation thereof is recorded. An amendment or cancellation of a statement of authority shall meet the requirements for execution and recording of an original statement.

(e) The recorded statement of authority, any amendment thereof, and any cancellation thereof shall constitute prima facie evidence of the facts recited therein, the authority of the person executing such statement, amendment, or cancellation to execute and record such statement, amendment, or cancellation, and the authority of the person or entity named therein to encumber, transfer, or otherwise affect an estate or interest in real property in the name of the reciprocal or interinsurance exchange.

(3) Any contract, deed, lease, mortgage, deed of trust, purchase or sale agreement, or any other contract, document, or instrument to be executed in the name of the reciprocal or interinsurance exchange may be executed by the person or entity designated in the recorded statement of authority of the reciprocal or interinsurance exchange.

(4) Notwithstanding the provisions of section 38-30-123, C.R.S., the power of attorney or other authorizing document actually executed by subscribers to the reciprocal or interinsurance exchange shall not be filed or recorded in or become part of the public records.

(5) The validity of transactions described in subsection (1) of this section entered into prior to July 1, 1996, and the rights, duties, and interests contained therein shall remain unimpaired

and may be completed, confirmed, or enforced in accordance with the law or custom in effect prior to July 1, 1996, or pursuant to the terms of this section.

Source: L. 96: Entire section added, p. 145, § 1, effective April 8.

10-13-110. Noncompliance a misdemeanor.

Any attorney, agent, or representative who, except for the purpose of applying for a certificate of authority, exchanges any contracts of indemnity of the kind and character specified in section 10-13-101 or directly or indirectly solicits or negotiates any application for the same without first complying with the provisions of this title is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars.

10-13-111. Annual certification - revocation.

Each attorney by or through whom are issued any policies of or contracts for indemnity of the character referred to in this title shall procure from the commissioner annually a certificate of authority stating that all the requirements of this title have been complied with, and, upon such compliance and the payment of the fees and taxes required by this title, the commissioner shall issue such certificate of authority. The commissioner may revoke or suspend any certificate of authority issued in case of breach of any of the conditions imposed by this title after reasonable notice has been given said attorney in writing so that he may appear and show cause why such action should not be taken. Pending such investigation, no information shall be published, but, in case of revocation or suspension of a certificate of authority, notice of the same shall be published by the commissioner in the Denver daily newspapers. Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

L. 2000: Entire section repealed, p. 1617, § 3, effective August 2.

10-13-113. Additional penalties.

In addition to the foregoing penalties and where not otherwise provided, the penalty for failure or refusal to comply with any provisions or terms of this title, upon the part of the attorney, shall be the refusal, suspension, or revocation of the certificate of authority by the commissioner, and publication of his act, after due notice and opportunity for hearing as provided for in section 10-13-111.

PART 1

DEFINITIONS - STRUCTURE AND PURPOSE

10-14-101. Definitions.

As used in this article, unless the context otherwise requires:

- (1) "Benefit contract" means the agreement for the provision of benefits authorized by section 10-14-401, as that agreement is described in section 10-14-404.
- (2) "Benefit member" means an adult member who is designated by the governing documents of the society to be a benefit member under a benefit contract.
- (3) "Certificate" means the document issued as written evidence of the benefit contract.
- (4) "Governing documents" mean the society's articles of incorporation, constitution, bylaws, and rules, however designated.
- (5) "Lodge" means any subordinate member unit of the society, known as camps, courts, councils, branches, or by any other designation as described in section 10-14-103.
- (6) "Premium" means any premium, rate, dues, or other required contributions by whatever name known, which are payable under the certificate.
- (7) "Rule" means any rule, regulation, or resolution adopted by the supreme governing body or board of directors which is intended to have general application to the members of the society.

(8) "Society" means a fraternal benefit society as set forth in section 10-14-102, unless otherwise indicated.

Source: L. 93: Entire article amended with relocations, p. 585, § 1, effective July 1.

Editor's note: The former § 10-14-101 was relocated to § 10-14-102 in 1993.

10-14-102. Fraternal benefit societies - what constitutes.

Any incorporated society, order, or supreme lodge, without capital stock, conducted solely for the benefit of its members and their beneficiaries and not for profit, operated on a lodge system with ritualistic form of work, having a representative form of government, and which provides any of the benefits enumerated in section 10-14-401, is hereby declared to be a fraternal benefit society.

Source: L. 93: Entire article amended with relocations, p. 586, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-101 as it existed prior to 1993, and the former § 10-14-102 was relocated to § 10-14-103.

ANNOTATION

Annotator's note. Since § 10-14-102 is similar to § 10-14-101 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

For a nonprofit corporation lacking indicia of fraternal society, see *Int'l Serv. Union Co. v. People ex rel. Wettengel*, 101 Colo. 1, 70 P.2d 431 (1937).

Lack of lodge system and representative government subject corporation to premium tax. The general assembly imposes a tax upon gross premium income of insurance companies. Fraternal and benevolent corporations defined as those which have a lodge system with a ritualistic form of work and representative form of government are exempted. It has clearly defined what is meant by "lodge system" and "representative government". Since the reorganization, Homesteaders has

not had a lodge system; it has not had a representative form of government; nor has it performed any ritualistic work. These are requirements essential to a status that would

exempt it from the tax under discussion. *Beery v. Homesteaders Life Co.*, 146 Colo. 218, 361 P.2d 127 (1961).

10-14-103. Lodge system - defined.

(1) A society is operating on the lodge system if it has a supreme governing or legislative body and subordinate lodges into which members are elected, initiated, or admitted in accordance with its governing documents, and rituals. Subordinate lodges shall be required by the governing documents of the society to hold regular meetings at least once in each month in furtherance of the purposes of the society.

(2) A society may, at its option, organize and operate lodges for children under the minimum age for adult membership. Membership and initiation in local lodges shall not be required of such children, nor shall they have a voice or vote in the management of the society.

Source: L. 93: Entire article amended with relocations, p. 586, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-102 as it existed prior to 1993, and the former § 10-14-103 was relocated to § 10-14-104.

ANNOTATION

Annotator's note. Since § 10-14-103 is similar to § 10-14-102 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotation to this section.

Society's constitution is part of insurance contract. Under the laws of Colorado governing fraternal and benefit societies, the constitution of such a society is made a part of the contract between the society and the insured. *Neighbors v. Westover*, 99 Colo. 231, 61 P.2d 585 (1936).

10-14-104. Representative form of government - defined.

(1) A society has a representative form of government when:

(a) The supreme governing body is either:

(I) An assembly composed of delegates elected directly by the members or at intermediate assemblies or conventions of members or their representatives, together with other delegates as may be prescribed in the society's governing documents. A society may provide for the election of delegates by mail. The elected delegates shall constitute at least a majority of the delegates and not less than two-thirds of the votes of the assembly and not less than the number of votes required to amend the society's governing documents. The assembly shall be elected, shall meet at least once every four years, and shall elect a board of directors to conduct the business of the society between meetings of the assembly. Vacancies on the board of directors between elections may be filled in the manner prescribed by the society's governing documents.

(II) A board composed of persons elected by the members, either directly or by their representatives in intermediate assemblies, and any other persons prescribed in the society's governing documents. A society may provide for election of the board by mail. Each term of a board member shall not exceed four years. Vacancies on the board between elections shall be filled in the manner prescribed by the society's governing documents. Those persons elected to the board shall constitute at least a majority of the board and not less than the number of votes required to amend the society's governing documents. A person filling the unexpired term of an elected board member shall be considered to be an elected member. The board shall meet at least semiannually to conduct the business of the society.

(b) The officers of the society are elected either by the supreme governing body or by the board of directors, pursuant to the governing documents of the society;

(c) Only benefit members are eligible for election to the supreme governing body, the board of directors, or any intermediate assembly; and

(d) Each voting member has one vote. No vote may be cast by proxy.

Source: L. 93: Entire article amended with relocations, p. 586, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-103 as it existed prior to 1993, and the former § 10-14-104 was relocated to § 10-14-503.

10-14-105. Purposes and powers.

(1) A society shall operate for the benefit of members and their beneficiaries by:

(a) Providing benefits as specified in section 10-14-401; and

(b) Operating for one or more lawful social, intellectual, educational, charitable, benevolent, moral, fraternal, patriotic, or religious purposes for the benefit of its members, which may also be extended to others. Such purposes may be carried out directly by the society, or indirectly through subsidiary corporations or affiliated organizations.

(2) Every society shall have the power to adopt governing documents for the government of the society, the admission of its members, and the management of its affairs. Each society shall have the power to change, alter, add to, or amend such governing documents and shall have such other powers as are necessary and incidental to carrying into effect the objects and purposes of the society.

Source: L. 93: Entire article amended with relocations, p. 588, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-113 (1)(b) and (6) as they existed prior to 1993, and the former § 10-14-105 was relocated to § 10-14-401.

PART 2

MEMBERSHIP

10-14-201. Qualifications for membership.

(1) A society shall specify in its governing documents or rules:

(a) Eligibility standards for each and every class of membership. If benefits are provided on the lives of children, the minimum age for adult membership shall be set at not less than fifteen years of age and not greater than twenty-one years of age.

(b) The process for admission to membership for each membership class; and

(c) The rights and privileges of each membership class. Only benefit members shall have the right to vote on the management of the insurance affairs of the society.

(2) A society may also admit social members who shall have no voice or vote in the management of the insurance affairs of the society.

(3) Membership rights in the society are personal to the member and are not assignable.

Source: L. 93: Entire article amended with relocations, p. 588, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-108 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-201 is similar to § 10-14-108 as it existed prior to the 1993 amendment to article 14, which resulted in the relocation of provisions, a relevant case decided under that provision has been included in the annotations to this section.

Retroactive amendment to the charter of a fraternal benefit society as to the age limit of members held not to apply to one who procured his alleged membership by misrepresenting his age. *Wiltshire v. Modern Woodmen of Am.*, 76 Colo. 460, 232 P. 925 (1925).

Person who misrepresents age is not aided by retroactive lowering of age limit.

10-14-202. Principal office - meetings - communications to members - grievance procedures.

(1) The principal office of any domestic society shall be located in this state and comply with the provisions of section 10-3-128. The meetings of its supreme governing body may be held in any state, district, province, or territory wherein such society has at least one subordinate lodge, or in such other location as determined by the supreme governing body, and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in this state.

(2) (a) A society may provide in its governing documents for an official publication in which any notice, report, or statement required by statute to be given to members, including notice of election, may be published. Such required reports, notices, and statements shall be printed conspicuously in the publication. If the records of a society show that two or more members have the same mailing address, an official publication mailed to one member is deemed to be mailed to all members at the same address unless a member requests a separate copy.

(b) Not later than June 1 of each year, a synopsis of the society's annual statement, as of the immediately preceding December 31, providing an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each benefit member of the society or, in lieu thereof, such synopsis may be published in the society's official publication.

(c) A society may provide for procedures in its governing documents for grievances or complaints by members.

Source: L. 93: Entire article amended with relocations, p. 589, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-119 as it existed prior to 1993.

10-14-203. No personal liability.

(1) The officers and members of the supreme governing body or any subordinate body of a society shall not be personally liable for any benefits provided by a society.

(2) Any person may be indemnified and reimbursed by any society for expenses reasonably incurred by, and liabilities imposed upon, such person in connection with or arising out of any action, suit, or proceeding, whether civil, criminal, administrative, or investigative, or threat thereof, in which the person may be involved by reason of the fact that such person is or was a director, officer, employee, or agent of the society or of any firm, corporation, or organization which such person served in any capacity at the request of the society. A person shall not be so indemnified or reimbursed in relation to any matter in such action, suit, or proceeding as to which such person is finally adjudged to be or have been guilty of breach of a duty as a director, officer, employee, or agent of the society or in relation to any matter in such action, suit, or proceeding, or threat thereof, which has been made the subject of a compromise settlement, unless in either case the person acted in good faith for a purpose the person reasonably believed to be in or not opposed to the best interests of the society and, in a criminal action or proceeding, in addition, had no reasonable cause to believe that such conduct was unlawful. The determination whether the conduct of such person met the standard required to justify indemnification and reimbursement in relation to any matter described in this subsection (2) may only be made by the supreme governing body or board of directors by a majority vote or a quorum consisting of persons who were not parties to such action, suit, or proceeding or by a court of competent jurisdiction. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of no contest as to such person shall not in itself create a conclusive presumption that the person did not meet the standard of conduct required to justify indemnification and reimbursement. The right of indemnification and reimbursement pursuant to this subsection (2) shall not be exclusive of other rights to which such person may be entitled as a matter of law and shall inure to the benefit of such person's heirs, executors, and administrators.

(3) A society shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the society, or who is or was serving at the request of the society as a director, officer, employee, or agent of any other firm, corporation, or organization against any liability asserted against such person and incurred by such person in

any such capacity or arising out of such person's status as such, whether or not the society would have the power to indemnify the person against such liability under this section.

(4) No director, officer, employee, member, or volunteer of a society serving without compensation shall be liable, and no cause of action may be brought, for damages resulting from the exercise of judgment or discretion in connection with the duties or responsibilities of such person for the society unless such act or omission involved willful or wanton misconduct.

Source: L. 93: Entire article amended with relocations, p. 589, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-120 as it existed prior to 1993.

10-14-204. Waiver.

The governing documents of the society may provide that no subordinate body nor any of its subordinate officers or members shall have the power or authority to waive any of the provisions of the governing documents of the society. Such provision shall be binding on the society and every member and beneficiary of a member.

Source: L. 93: Entire article amended with relocations, p. 590, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-121 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-204 is similar to § 10-14-121 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

Waiver of nonpayment of premiums or dues. Where it is established that an

insurance society accepted payment of premiums after the insured was in default, and that it was aware of such default, a waiver is established, and the case does not fall within this section, concerning waivers of the provisions of the laws and constitution of such societies. *Lagrow v. Head Camp, Pac. Jurisdiction, Woodmen of World*, 75 Colo. 466, 226 P. 1086 (1924);

PART 3

GOVERNANCE

10-14-301. Organization.

(1) A domestic society organized on or after July 1, 1993, shall be formed as follows: Seven or more citizens of the United States, a majority of whom are citizens of this state, who desire to form a fraternal benefit society may make, sign, and acknowledge before some officer competent to take acknowledgments of deeds, articles of incorporation. Such articles of incorporation shall contain:

(a) The proposed corporate name of the society, which shall not so closely resemble the name of any society or insurance company as to be misleading or confusing;

(b) The purpose for which it is being formed and the mode in which its corporate powers are to be exercised. Such purposes shall not include more liberal powers than are granted by this article.

(c) The names and residences of the incorporators and the names, residences, and official titles of all the officers, trustees, directors, or other persons who are to have and exercise the general control and management of the affairs and funds of the society for the first year or until the ensuing election at which all such officers shall be elected by the supreme governing body, which election shall be held not later than one year from the date of issue of the letter of authorization.

(2) The articles of incorporation, duly certified copies of the society's bylaws and rules, copies of all proposed forms of certificates, applications therefor, and circulars to be issued by the society, and a bond conditioned upon the return to applicants of the advanced payments if the organization is not completed within one year shall be filed with the commissioner, who may require such further information as the commissioner deems necessary. The bond with sureties approved by the commissioner shall be in such amount, not less than three hundred thousand dollars nor more than one million five hundred thousand dollars, as is required by the commissioner. All documents filed are to be in the English language. If the purposes of the society conform to the requirements of this article and all provisions of the statutes have been complied with, the commissioner shall furnish the incorporators a letter of authorization authorizing the society to solicit members as provided in this section.

(3) No letter of authorization granted under the provisions of this section shall be valid after one year from its date or after such further period, not exceeding one year, as may be authorized by the commissioner upon good cause shown, unless the five hundred applicants required in

subsection (4) of this section have been secured and the organization has been completed as provided in this section. The articles of incorporation and all other proceedings pursuant thereto shall become null and void one year from the date of the letter of authorization, or at the expiration of the extended period, unless the society shall have completed its organization and received a certificate of authority to do business as provided in this section.

(4) Upon receipt of a letter of authorization from the commissioner, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its tables of rates, and shall issue to each such applicant a receipt for the amount so collected. No society shall incur any liability other than for such advance premium, nor issue any certificate, nor pay, allow, offer, or promise to pay any benefit to any person until:

(a) At least ten subordinate lodges have been established into which the five hundred applicants have been admitted;

(b) There has been submitted to the commissioner, under oath of the president, secretary, or corresponding officer of such society, a list of such applicants, giving their names, addresses, date each was admitted, name and number of the subordinate lodge of which each applicant is a member, and the amount of benefits to be granted and premiums therefor; and

(c) It is shown to the commissioner, by sworn statement of the treasurer or corresponding officer of such society, that at least five hundred applicants have each paid in cash at least one regular monthly premium as provided, which premiums in the aggregate shall amount to at least one hundred fifty thousand dollars. The advance premiums shall be held in trust during the period of organization, and, if the society has not qualified for a certificate of authority within one year, as specified in this section, the premiums shall be returned to said applicants.

(5) The commissioner may make such examination and require such further information as the commissioner deems advisable. The society shall submit articles of incorporation, which shall be issued in triplicate, to the commissioner and attorney general for examination. After being approved, the articles shall be filed and recorded in the office of the secretary of state who shall issue a certificate of incorporation. A copy of the articles, certified by the secretary of state, shall be filed with the commissioner. Upon presentation of satisfactory evidence that the society has complied with all the statutory provisions, including the establishment of a deposit with the commissioner of three hundred thousand dollars, unless the commissioner accepts a lesser amount, the commissioner shall issue to the society a certificate to that effect and that the society is authorized to transact business pursuant to the provisions of this article. The commissioner shall cause a record of the certificate of authority to be made. A certified copy of the record may be given in evidence with like effect as the original certificate of authority.

Source: L. 93: Entire article amended with relocations, p. 591, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-113 (1) to (5) as they existed prior to 1993.

Cross references: For persons before whom acknowledgments of deeds may be taken, see § 38-30-126.

10-14-302. Amendments to governing documents.

(1) A domestic society may amend its governing documents in accordance with the provisions thereof by action of its supreme governing body at any regular or special meeting thereof or, if its governing documents so provide, by referendum. Such referendum may be held in accordance with the provisions of its governing documents by the vote of the voting members of the society, by the vote of delegates or representatives of voting members, or by the vote of local lodges. A society may provide for voting by mail. No amendment submitted for adoption by referendum shall be adopted unless, within six months after the date of submission thereof, a majority of the members voting shall have signified their consent to such amendment by one of the methods specified in this section. Whenever a domestic society desires to amend its articles of incorporation, it shall file its certificate of amendment with the commissioner before filing the same with the secretary of state, and if the commissioner, with the advice of the attorney general, finds the same to be legally adopted and in due legal form and not in conflict with statutory provisions governing societies, then and not otherwise the certificate of amendment shall be filed with the secretary of state. Any other amendment of the governing documents of the society shall be filed with the commissioner. If the commissioner, with the advice of the attorney general, finds the amendment to be legally adopted and in due legal form and not in conflict with statutory provisions governing societies, then the amendment shall become operative upon filing, unless a later time is provided in the amendment or in the society's governing documents.

(2) Within ninety days after any amendment becomes operative, the amendment or amendments, or a synopsis thereof, shall be furnished to all members of the society either by mail or by publication in full in the official publication of the society. The affidavit of any officer of the society or of anyone authorized by it to mail any amendments or synopsis thereof, stating facts which show that the same have been duly addressed and mailed, shall be prima facie evidence that such amendments or synopsis thereof have been furnished to the addressee.

(3) Every foreign or alien society authorized to do business in this state shall file with the commissioner and the secretary of state a duly certified copy of all amendments of, or additions

to, its articles of incorporation within ninety days after the enactment of the same in accordance with the provisions set forth in subsection (1) of this section. Any other amendment of the governing documents of the society shall be filed with the commissioner within ninety days after enactment.

(4) Printed copies of the governing documents, as amended, certified by the secretary or corresponding officer of the society, shall be prima facie evidence of the legal adoption thereof.

Source: L. 93: Entire article amended with relocations, p. 594, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-123 as it existed prior to 1993.

10-14-303. Institutions.

A society may create, maintain, and operate, or may establish organizations to operate, not-for-profit institutions to further the purposes permitted by section 10-14-105 (1)(b). Such institutions may furnish services free or at a reasonable charge. Any real or personal property owned, held, or leased by the society for this purpose shall be reported in every annual statement.

Source: L. 93: Entire article amended with relocations, p. 595, § 1, effective July 1.

10-14-304. Reinsurance.

(1) A domestic society may, by a reinsurance agreement, cede any individual risk or risks in whole or in part to an insurer (other than another fraternal benefit society) having the power to make such reinsurance and authorized to do business in this state. It may take credit for the reserves on such ceded risks to the extent reinsured, but no credit is allowed as an admitted asset or as a deduction from liability to a ceding society for reinsurance made, ceded, renewed, or otherwise becoming effective after July 1, 1993, unless the reinsurance complies with the applicable provisions of part 7 of article 3 of this title and all pertinent insurance rules.

(2) Notwithstanding the limitation in subsection (1) of this section, a society may reinsure the risks of another society in a consolidation or merger approved by the commissioner under section 10-14-305.

Source: L. 93: Entire article amended with relocations, p. 595, § 1, effective July 1. **L. 2014:** (1) amended, (HB 14-1315), ch. 295, p. 1218, § 7, effective January 1, 2015.

10-14-305. Consolidations and mergers.

(1) A domestic society may consolidate or merge with any other society by complying with the provisions of this section. It shall file with the commissioner:

(a) A certified copy of the written contract containing in full the terms and conditions of the consolidation or merger;

(b) A sworn statement by the president and secretary or corresponding officers of each society showing the financial condition thereof on a date fixed by the commissioner but not earlier than the society's most recent financial report required pursuant to section 10-14-602;

(c) A certificate of such officers, duly verified by their respective oaths, that the consolidation or merger has been approved by a two-thirds vote of the supreme governing body of each society, such vote being conducted at a regular or special meeting of each such body, or, if the society's governing documents so permit, by mail;

(d) Evidence that at least sixty days prior to the action of the supreme governing body of each society, the text of the contract has been furnished to all members of each society either by mail or by publication in full in the official publication of each society; and

(e) Any other information deemed necessary by the commissioner.

(2) If the commissioner finds that the contract is in conformity with the provisions of this section, that the financial statements are correct, and that the consolidation or merger is just and equitable to the members of each, the commissioner shall approve the contract and issue a certificate to such effect. Upon such approval, the contract shall be in full force and effect unless any society which is a party to the contract is incorporated under the laws of any other state or territory. In such event the consolidation or merger shall not become effective unless and until it has been approved as provided by the statutes of such state or territory and a certificate of such approval filed with the commissioner of this state or, if the statutes of such state or territory contain no such provision, then the consolidation or merger shall not become effective unless and until it has been approved by the commissioner or equivalent regulatory agency of such state or territory and a certificate of such approval filed with the commissioner of this state. In case such contract is not approved, it shall be inoperative, and the fact of its submission and its contents shall not be disclosed by the commissioner.

(3) Upon the consolidation or merger becoming effective as provided in this section, all the rights, franchises, interests, duties, and liabilities of the consolidated or merged societies in and to every species of property, real, personal, or mixed, and things in action thereunto belonging

shall be vested in the society resulting from or remaining after the consolidation or merger without any other instrument; except that conveyances of real property may be evidenced by proper deeds, and the title to any real estate or interest therein vested under the laws of this state in any of the societies consolidated or merged shall not revert or be in any way impaired by reason of the consolidation or merger but shall vest absolutely in the society resulting from or remaining after such consolidation or merger.

(4) The affidavit of any officer of the society or of anyone authorized by it to mail any notice or document stating that such notice or document has been duly addressed and mailed shall be prima facie evidence that such notice or document has been furnished the addressees.

Editor's note: This section is similar to former § 10-14-115 (1) as it existed prior to 1993.

10-14-306. Conversion of fraternal benefit society into a mutual or stock life insurance company.

Any domestic fraternal benefit society may be converted and licensed as a mutual life insurance company or stock life insurance company by compliance with all the requirements of this title pertaining to a life insurance company. A plan of conversion shall be prepared in writing by the board of directors setting forth in full the terms and conditions of conversion. The affirmative vote of two-thirds of all members of the supreme governing body at a regular or special meeting shall be necessary for the approval of such plan. No such conversion shall take effect unless and until approved by the commissioner, who may give such approval if the commissioner finds that the proposed change is in conformity with the statutory requirements and not prejudicial to the certificate holders of the society.

Editor's note: This section is similar to former § 10-14-115 (2) as it existed prior to 1993.

PART 4

CONTRACTUAL BENEFITS

10-14-401. Benefits.

(1) A society may provide the following contractual benefits as authorized by the certificate of authority issued:

- (a) Death benefits;
- (b) Endowment benefits;
- (c) Annuity benefits;
- (d) Temporary or permanent disability benefits;
- (e) Hospital, medical, or nursing benefits;
- (f) Monument or tombstone benefits to the memory of deceased members; and
- (g) Such other benefits as authorized for life insurers and which are not inconsistent with this article.

(2) A society shall specify in its rules those persons who may be issued, or covered by, the contractual benefits in subsection (1) of this section, consistent with providing benefits to members and their dependents. A society may provide benefits on the lives of children under the minimum age for adult membership upon application of an adult person.

Source: L. 93: Entire article amended with relocations, p. 597, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-105 as it existed prior to 1993.

10-14-402. Beneficiaries.

(1) The owner of a benefit contract shall have the right at all times to change the beneficiary in accordance with the governing documents of the society unless the owner waives this right by specifically requesting in writing that the beneficiary designation be irrevocable. A society may, through its governing documents, limit the scope of beneficiary designations and shall provide that no revocable beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the benefit contract.

(2) A society may make provision for the payment of funeral benefits to the extent of such portion of any payment under a certificate as might reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member. The portion so paid shall not exceed the sum of one thousand dollars.

(3) If at the death of any person insured under a benefit contract there is no lawful beneficiary to whom the proceeds shall be payable, the amount of such benefit, except to the extent that funeral benefits may be paid as provided in subsection (2) of this section, shall be payable to the estate of the deceased insured the same as other property not exempt; except that, if the owner of the certificate is other than the insured, such proceeds shall be payable to such owner.

Source: L. 93: Entire article amended with relocations, p. 598, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-107 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-402 is similar to § 10-14-107 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

Confinement of benefits to limited class is distinguishing feature of fraternal benefit insurance. One of the distinguishing features of fraternal benefit insurance from ordinary insurance is that the payment of death benefits in the former is usually confined to limited classes of persons. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

No one outside of the class designated is eligible as a beneficiary. *Mund v. Rehaume*, 51 Colo. 129, 117 P. 159 (1911).

Who are eligible as beneficiaries is determined by the laws of the state where the society is organized. *Mund v. Rehaume*, 51 Colo. 129, 117 P. 159 (1911); *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

Beneficiaries take under policy and not by inheritance. A fraternal order, the death of a member in which entitles his surviving kin to certain benefits, is, for the purpose of determining who is entitled to the benefit, treated as a mutual insurance company, and the certificate of membership as a policy of life insurance, and, so far as possible, as the last will of the member. The policy measures the rights of the parties. The beneficiaries

take thereunder and not by inheritance. *Empire Ranch & Cattle Co. v. Jones*, 51 Colo. 128, 117 P. 176 (1911).

Person named as beneficiary is presumed a legal one notwithstanding incorrect description by relationship. In the absence of proof to the contrary, the presumption is that the person named as beneficiary in a fraternal benefit certificate is a legal one, notwithstanding the description by relationship of the person designated is not strictly correct. The test is: Does she come within one of the eligible classes? *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

Intent of insured in designating beneficiary is often sought. The intent of a member of a fraternal insurance society in designating a beneficiary in a certificate, like that of a testator, is often sought for in construing the certificate. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

Rights of beneficiary become vested on date of decedent's death. The rights of a

party entitled to the fund under a fraternal benefit certificate become vested on the date of the decedent's death. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

Attempted change of beneficiary not made in prescribed manner is inoperative. As a general rule, an attempted change of beneficiary under a fraternal benefit certificate is inoperative if not made in the manner prescribed by the constitution and by laws of the association. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

A divorced wife may take as beneficiary. If a divorced wife has an insurable interest in the life of the husband, this will support a policy of insurance, and if she is dependent on him when he dies, e.g., for monthly payments of alimony, she is eligible to take as a beneficiary, although not then his wife. *Rose v. Bhd. of Locomotive Firemen & Enginemen*, 80 Colo. 344, 251 P. 537 (1926).

10-14-403. Benefits not attachable.

No money or other benefit, charity, relief, or aid to be paid, provided, or rendered by any society shall be liable to attachment, garnishment, or other process or to be seized, taken, appropriated, or applied by any legal or equitable process or operation of law to pay any debt or liability of a member, beneficiary, or any other person who may have a right thereunder either before or after payment by the society.

Source: L. 93: Entire article amended with relocations, p. 599, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-122 as it existed prior to 1993.

ANNOTATION

Fund realized from fraternal society insurance not liable for decedent's debts.

It is provided by this section that the fund shall not be liable for the debt of any certificate holder or beneficiary named

therein. *Hendrie & Balthoff Mfg. Co. v. Platt*, 13 Colo. App. 15, 56 P. 209 (1899) (decided prior to L. 11, p. 434, § 21, the earliest source of this section).

10-14-404. Benefit contract.

(1) Every society authorized to do business in this state shall issue to each owner of a benefit contract a certificate specifying the amount of benefits provided pursuant thereto. The certificate, together with any riders or endorsements attached thereto, the governing documents of the society, the application for membership, the application for insurance and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof shall constitute the benefit contract, as of the date of issuance, between the society and the owner, and the certificate shall so state. A copy of the application for insurance and declaration of insurability, if any, shall be endorsed upon or attached to the certificate. All statements on the application shall be representations and not warranties. Any waiver of this provision shall be void.

(2) Any changes, additions, or amendments to the governing documents of the society duly made or enacted subsequent to the issuance of the certificate shall bind the owner and the beneficiaries and shall govern and control the benefit contract in all respects as though such changes, additions, or amendments had been made prior to and were in force at the time of the application for insurance; except that no change, addition, or amendment shall destroy or diminish benefits which the society contracted to give the owner as of the date of issuance.

(3) Any person upon whose life a benefit contract is issued prior to attaining the age of majority shall be bound by the terms of the application and certificate and by all the governing documents of the society to the same extent as though the age of majority had been attained at the time of application.

(4) A society shall provide in its governing documents that if its reserves as to all or any class of certificates become impaired its board of directors or corresponding body may require that there shall be paid by the owner to the society the amount of the owner's equitable proportion of such deficiency as ascertained by its board, and that if the payment is not made it shall stand as an indebtedness against the certificate and draw interest not to exceed the rate specified for certificate loans under the certificates or in lieu of or in combination therewith; however, the

owner may accept a proportionate reduction in benefits under the certificate. The society may specify the manner of the election and which alternative is to be presumed if no election is made.

(5) Copies of any of the documents specified in this section, certified by the secretary or corresponding officer of the society, shall be received as evidence of the terms and conditions thereof.

(6) No certificate shall be delivered or issued for delivery in this state unless a copy of the form has been filed with the commissioner in the manner provided for like policies issued by life insurers in this state. Every life, accident, health, or disability insurance certificate and every annuity certificate issued on or after July 1, 1994, shall meet the standard contract provision requirements not inconsistent with this article for like policies issued by life, sickness, and accident insurers in this state; except that a society may provide in its certificates for a grace period for payment of premiums of one full month. The certificate shall also contain a provision stating the amount of premiums which are payable under the certificate and a provision reciting or setting forth the substance of any sections of the society's governing documents in force at the time of issuance of the certificate which, if violated, will result in the termination or reduction of benefits payable under the certificate. If the governing documents of the society provide for expulsion or suspension of a member, the certificate shall also contain a provision that any member so expelled or suspended, except for nonpayment of a premium or within the contestable period for material misrepresentation in the application for membership or insurance, shall have the privilege of maintaining the certificate in force by continuing payment of the required premium.

(7) Benefit contracts issued on the lives of persons below the society's minimum age for adult membership may provide for transfer of control of ownership to the insured at an age specified in the certificate, but no less than the legal age of majority. A society may require approval of an application for membership to effect this transfer and may provide in all other respects for the regulation, government, and control of such certificates and all rights, obligations, and liabilities incident thereto and connected therewith. Ownership rights prior to such transfer shall be specified in the certificate.

(8) A society may specify the terms and conditions on which benefit contracts may be assigned.

Source: L. 93: Entire article amended with relocations, p. 599, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-109 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-404 is similar to § 10-14-109 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

This section does not validate every bylaw that might be adopted. For example, it could not render effective a bylaw which would change the contract so as to impair vested rights or deprive a member of substantial rights conferred expressly or impliedly by the contract itself. The reason is that "the obligation of every contract is protected from the state interference by the federal constitution". *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

It contemplates only bylaws or amendments thereto that are reasonable, and does not intend to make valid any amendment which otherwise would be void on the ground of being unreasonable. *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

Bylaw requiring actual proof of death for recovery is unreasonable. A bylaw of a fraternal insurance society providing that the absence or disappearance of a member without proof of actual death shall not entitle his beneficiary to recover on a benefit certificate, is unreasonable, and invalid as to a beneficiary under a certificate issued before the adoption of the bylaw. *Modern Woodmen of Am. v. White*, 70 Colo. 207, 199 P. 965 (1921).

10-14-405. Nonforfeiture benefits, cash surrender values, certificate loans, and other options.

(1) For certificates issued prior to July 1, 1994, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan, or other option granted shall comply with the statutory provisions applicable immediately prior to July 1, 1993.

(2) For certificates issued on or after July 1, 1994, each certificate shall provide for paid-up nonforfeiture benefits, cash surrender values, loans, or other options in an amount and type not less than the corresponding amount ascertained in accordance with the statutes of this state applicable to life insurers issuing policies containing like benefits based upon applicable mortality tables.

Source: L. 93: Entire article amended with relocations, p. 601, § 1, effective July 1.

PART 5

FINANCIAL

10-14-501. Investments.

A society shall invest its funds only in such investments as are authorized by the statutes of this state including but not limited to sections 10-3-210 to 10-3-242 and part 8 of article 3 of this title for the investment of the assets of life insurers.

Source: L. 93: Entire article amended with relocations, p. 601, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-111 as it existed prior to 1993.

10-14-502. Funds.

(1) All assets shall be held, invested, and disbursed for the use and benefit of the society, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any apportionment on the surrender of any part thereof, except as provided in the benefit contract.

(2) A society may create, maintain, invest, disburse, and apply any special fund or funds necessary to carry out any purpose permitted by the governing documents of such society.

(3) A society may, pursuant to resolution of its supreme governing body and with prior written approval of the commissioner, establish and operate one or more separate accounts and issue contracts on a variable basis, subject to the statutory provisions and regulations regarding life insurers establishing such accounts and issuing such contracts. To the extent the society deems it necessary to comply with any applicable federal or state statutes, or any rules issued pursuant thereto, the society may:

(a) Adopt special procedures for the conduct of the business and affairs of a separate account;

(b) Provide, for persons having beneficial interests therein, special voting and other rights, including without limitation special rights and procedures relating to investment policy, investment advisory services, selection of certified public accountants, and selection of a committee to manage the business and affairs of the account; and

(c) Issue contracts on a variable basis to which section 10-14-404 (2) and (4) shall not apply.

Source: L. 93: Entire article amended with relocations, p. 602, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-110 as it existed prior to 1993.

Cross references: For the provisions regarding variable contracts issued by life insurers, see part 4 of article 7 of this title 10.

10-14-503. Exemptions.

Except as provided in this section, societies shall be governed by the provisions of this article and shall be exempt from all other provisions of the insurance statutes of this state unless the terms of such statutes expressly apply to societies, or unless any such insurance statute is specifically made applicable to societies by this article. Societies shall comply with the applicable provisions of section 10-3-208; part 7 of article 3 of this title; and article 16 of this title.

Source: L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1. **L. 2001:** Entire section amended, p. 1048, § 30, effective July 1. **L. 2013:** Entire section amended, (HB 13-1115), ch. 338, p. 1971, § 6, effective March 31, 2015. **L. 2016:** Entire section amended, (SB 16-189), ch. 210, p. 756, § 12, effective June 6.

Editor's note: This section is similar to former § 10-14-104 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-503 is similar to § 10-14-104 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, relevant cases construing that provision have been included in the annotations to this section.

Fraternal societies are exempt from general insurance laws. An intention is manifest in the laws governing fraternal benefit societies to exempt them from the provisions of the general insurance laws of the state, particularly by the provisions of this section. *Neighbors v. Westover*, 99 Colo. 231, 61 P.2d 585 (1936).

They are also not controlled by general corporation law. The legislative policy of Colorado has been to differentiate between commercial corporations and fraternal benefit societies, the latter being controlled

by the provisions of this article and not by title 7 of these statutes. *Sovereign Camp of Woodmen of World v. Woodmen of World*, 73 Colo. 57, 213 P. 579 (1923).

10-14-504. Taxation.

Every society organized or licensed under this article is hereby declared to be a charitable and benevolent institution, and all of its funds shall be exempt from all and every state, county, district, municipal, and school tax other than taxes on real estate and office equipment.

Source: L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-133 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-504 is similar to § 10-14-133 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

Corporation must have all the indicia of a fraternal society to avoid premium tax. The general assembly imposes a tax upon gross premium income of insurance companies. Fraternal and benevolent corporations defined as those which have a lodge system with a ritualistic form of work and representative form of government are exempted. It has clearly defined what is meant by "lodge system" and "representative government". Since the reorganization, Homesteaders has not had a lodge system; it

has not had a representative form of government; nor has it performed any ritualistic work. These are requirements essential to a status that would exempt it from the tax under discussion. *Beery v. Homesteaders Life Co.*, 146 Colo. 218, 361 P.2d 127 (1961).

Fraternal benevolent societies are not exempt from sales taxes that were not contemplated in 1911 when they were declared to be "charitable and benevolent institution[s]" when such sales tax was first adopted in 1935 and the legislature imposed the tax on "all sales and purchases of tangible personal property at retail". This is particularly true if the legislation that created the tax listed specific exemptions that did not include fraternal benevolent

societies. Colo. Dept. of Rev. v. Woodmen of the World, 919 P.2d 806 (Colo. 1996).

The reintroduction of the words "and every" to a phrase making it read "all and every state tax" does not strengthen and reaffirm the broad scope of the

exemption for fraternal benefit societies, it merely was replaced after being determined by the revisor of statutes to be redundant. The meaning of the phrase remains unchanged. Colo. Dept. of Rev. v. Woodmen of the World, 919 P.2d 806 (Colo. 1996).

10-14-505. Rules and regulations of commissioner.

The commissioner may establish and from time to time amend such reasonable rules and regulations as are necessary to enable the commissioner to carry out the commissioner's duties under the laws of this state and the provisions of this article.

Source: L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1.

PART 6

REGULATION

10-14-601. Valuation.

(1) Standards of valuation for certificates issued prior to July 1, 1994, shall be those provided by the statutes applicable immediately prior to July 1, 1993.

(2) The minimum standards of valuation for certificates issued on or after July 1, 1994, shall be based on the valuation methods, standards, and practices (including interest assumptions) set forth in the statutes of this state applicable to life insurers issuing policies containing like benefits.

Source: L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1.

Cross references: For provisions regarding valuation of life insurance policies, see §§ 10-7-101, 10-7-309, and 10-7-309.5.

10-14-602. Reports.

Reports shall be filed in accordance with the provisions of this section. Every society transacting business in this state shall annually, on or before the first day of March, file with the commissioner a true statement of its financial condition, transactions, and affairs for the preceding calendar year, unless for cause shown such time has been extended by the commissioner. The statement shall at least include the substance of that which is required by what is known as the convention blank form adopted from year to year by the national association of insurance commissioners for fraternal benefit societies, including any instructions, procedures, and guidelines not in conflict with the provisions of this article, actuarial statements and requirements of reserves in accordance with the statutes of this state applicable to life insurers, and any additional information required by the commissioner.

Source: L. 93: Entire article amended with relocations, p. 603, § 1, effective July 1.

10-14-603. Annual certificate of authority.

Societies that are authorized to transact business in this state as of July 1, 1993, and all societies authorized thereafter, may continue such business until June 30, 1994. The authority of all such societies may thereafter be renewed annually but shall terminate on the last day of the succeeding June. However, a certificate of authority so issued shall continue in full force and effect unless specifically terminated. For each such certificate of authority or renewal the society shall pay to the division of insurance fees as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S. A duly certified copy or duplicate of such certificate of authority shall be prima facie evidence that the society is a fraternal benefit society within the meaning of this article.

Source: L. 93: Entire article amended with relocations, p. 604, § 1, effective July 1. **L. 2010:** Entire section amended, (HB 10-1385), ch. 204, p. 884, § 6, effective May 5. **L. 2012:** Entire section amended, (SB 12-110), ch. 158, p. 561, § 8, effective July 1.

Editor's note: This section is similar to former § 10-14-116 (1) as it existed prior to 1993.

10-14-604. Cash capital.

To avoid situations where a society's transactions would create undue financial risks to its enrollees, subscribers, certificate holders, or the people of this state, the regulations specified in

this section are authorized. The commissioner may by regulation establish standards consistent with those of the national association of insurance commissioners which require any society to maintain a minimum surplus level. The minimum surplus level shall reflect the type, volume, and nature of the insurance business being transacted and the type of entity for which the surplus levels are being established in accordance with the assessment features of societies. The regulation may additionally require the submission of an opinion by a qualified actuary which states whether the surplus level of the entity is sufficient for the authority requested.

Source: L. 93: Entire article amended with relocations, p. 604, § 1, effective July 1.

10-14-605. Examination of societies.

The examination of societies, both at the initial formation and at any time during which any such society is authorized to transact business in this state, shall follow the same standards and procedures that apply to life insurers. The cost of any such examination may be assessed by the commissioner to be paid by the society.

Source: L. 93: Entire article amended with relocations, p. 604, § 1, effective July 1.

Cross references: For provisions relating to examination of insurance companies, see part 2 of article 1 of this title 10 and § 10-3-806.

10-14-606. Publications.

Pending, during, or after an examination or investigation of any domestic, foreign, or alien society, the commissioner shall make public no financial statement, report, or finding, nor shall the commissioner permit to become public any financial statement, report, or finding affecting the status, standing, or rights of any such society, until a copy thereof has been served upon such society at its home office or until such society has been afforded a reasonable opportunity to answer any such financial statement, report, or finding and to make such showing in connection therewith as it may desire.

Source: L. 93: Entire article amended with relocations, p. 604, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-130 as it existed prior to 1993.

10-14-607. Grounds for injunction, liquidation, and receivership of domestic society.

(1) The commissioner shall notify a domestic society when the commissioner upon investigation finds that a domestic society:

- (a) Has exceeded its powers;
- (b) Has failed to comply with any provision of this article;
- (c) Is not fulfilling its contracts in good faith;
- (d) Has a membership of less than four hundred after an existence of one year or more;
- (e) Is conducting business fraudulently or in a manner hazardous to its members, creditors, or the public; or
- (f) Is using methods which, although not otherwise specifically proscribed by statute, nevertheless renders its operation hazardous, or its condition unsound, to its members or the public.

(2) If the commissioner notifies a society pursuant to subsection (1) of this section, the commissioner may utilize the procedures, practices, standards, and provisions of parts 4 and 5 of article 3 of this title. In applying said provisions, the application of the assessment feature of the certificate shall be first considered.

Source: L. 93: Entire article amended with relocations, p. 605, § 1, effective July 1.

10-14-608. Foreign or alien society - admission.

No foreign or alien society shall transact business in this state without a certificate of authority issued by the commissioner. Any such society desiring admission to this state shall comply substantially with the requirements and limitations of this article applicable to domestic societies, excluding any deposit requirements in section 10-14-301 (5). Any such society may be authorized to transact business in this state upon filing with the commissioner such information as may be requested.

Source: L. 93: Entire article amended with relocations, p. 605, § 1, effective July 1.

10-14-609. Suspension - revocation - denial of license of foreign or alien society.

(1) The commissioner shall notify a foreign or alien society of any of the deficiencies specified in this subsection (1) and state in writing the reasons for the commissioner's dissatisfaction when the commissioner, upon investigation, finds that a foreign or alien society transacting or applying to transact business in this state:

- (a) Has exceeded its powers;
- (b) Has failed to comply with any provision of this article;
- (c) Is not fulfilling its contracts in good faith;
- (d) Is conducting its business fraudulently or in a manner hazardous to its members, creditors, or the public; or
- (e) Is using methods which, although not otherwise specifically proscribed by statute, nevertheless renders its operation hazardous, or its condition unsound, to its members or the public.

(2) As part of the notification required by subsection (1) of this section, the commissioner shall at once issue a written notice to the society requiring that the deficiency or deficiencies which exist be corrected. After such notice, the society shall have a thirty-day period in which to comply with the commissioner's request for correction, and, if the society fails to comply, the commissioner shall notify the society of such findings of noncompliance and require the society to show cause on a date named why its certificate of authority should not be suspended, revoked, or denied. If on such date the society does not present good and sufficient reason why its authority to do business in this state should not be suspended, revoked, or denied, the commissioner may suspend or deny the certificate of authority of the society to do business in this state until satisfactory evidence is furnished to the commissioner that such suspension or denial should be withdrawn, or the commissioner may revoke the authority of the society to do business in this state.

(3) Nothing contained in this section shall be taken or construed as preventing any foreign or alien society from continuing in good faith all contracts made in this state during the time such society was legally authorized to transact business in this state.

(4) In addition to the provisions of subsections (1) to (3) of this section, the provisions of section 10-1-110, except for the provisions of paragraphs (a) to (c) of subsection (1) of said section, shall apply to societies doing business in this state.

Source: L. 93: Entire article amended with relocations, p. 605, § 1, effective July 1. **L. 2003:** (4) amended, p. 618, § 18, effective July 1.

10-14-610. Injunction.

No application or petition for injunction in proceedings for, the dissolution of, or the appointment of a receiver for any domestic, foreign, or alien society or lodge thereof shall be recognized in any court of this state unless made by the attorney general upon request of the commissioner.

Source: L. 93: Entire article amended with relocations, p. 606, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-128 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-610 is similar to § 10-14-128 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

This section and § 10-14-127 should be construed together because if we construe

the latter alone, said word "such" would be meaningless. *Woodmen of World v. McCue*, 88 Colo. 209, 294 P. 947 (1930).

"Such domestic society" refers to a society about to be dissolved, and the attorney general is the only one authorized to maintain an injunction suit against a society in that condition. *Woodmen of World v. McCue*, 88 Colo. 209, 294 P. 947 (1930).

10-14-611. Licensing of agents.

Agents of societies shall be licensed in accordance with the statutory provisions regulating the licensing, revocation, suspension, or termination of a license of resident and nonresident agents as provided in part 4 of article 2 of this title, and subject to the exceptions provided in section 10-2-401 (3).

Source: L. 93: Entire article amended with relocations, p. 606, § 1, effective July 1; (2) amended, p. 1390, § 8, effective January 1, 1995. **L. 94:** Entire section amended, p. 741, § 2, effective January 1, 1995.

Editor's note: This section is similar to former § 10-14-116 (2) as it existed prior to 1993. Amendments made to § 10-14-116 (2) by House Bill 93-1270 were renumbered and harmonized with Senate Bill 93-072 and relocated to this section.

10-14-612. Unfair methods of competition and unfair and deceptive acts and practices.

Every society authorized to do business in this state shall be subject to the provisions of part 11 of article 3 of this title relating to unfair insurance trade practices; except that nothing in such provisions shall be construed as applying to or affecting the right of any society to determine its eligibility requirements for membership, or be construed as applying to or affecting the offering of benefits exclusively to members or persons eligible for membership in the society by a subsidiary corporation or affiliated organization of the society.

Source: L. 93: Entire article amended with relocations, p. 607, § 1, effective July 1.

PART 7

MISCELLANEOUS

10-14-701. Service of process.

Societies authorized to do business in this state shall be subject to the same provisions and requirements regarding service of process as life insurers in accordance with section 10-3-107.

Source: L. 93: Entire article amended with relocations, p. 607, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-118 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-701 is similar to § 10-14-118 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

Process on foreign societies must be made on insurance commissioner. Under this section service of process upon foreign societies can only be made upon the commissioner of insurance. The provisions of title 7 are not applicable to such societies. *Galligan v. Independent Order of Foresters*, 84 Colo. 198, 269 P. 584 (1928).

10-14-702. Fees.

Except as otherwise specifically provided in this article, societies shall pay the applicable fees specified in sections 10-3-207 and 24-31-104.5, C.R.S., and be subject to the assessment of late fees pursuant to section 10-3-109 (3).

Source: L. 93: Entire article amended with relocations, p. 608, § 1, effective July 1. **L. 2010:** Entire section amended, (HB 10-1385), ch. 204, p. 884, § 7, effective May 5. **L. 2012:** Entire section amended, (SB 12-110), ch. 158, p. 562, § 9, effective July 1. **L. 2016:** Entire section amended, (SB 16-189), ch. 210, p. 756, § 13, effective June 6.

10-14-703. Review.

All final decisions and findings of the commissioner made under the provisions of this article shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Source: L. 93: Entire article amended with relocations, p. 608, § 1, effective July 1.

10-14-704. Penalties.

(1) Any person, officer, member, or examining physician of any society authorized to do business under this article 14 who knowingly or willfully makes any false or fraudulent statement or representation in or with reference to any application for membership, or for the purpose of obtaining money from or benefit in any society transacting business under this article 14 commits a petty offense.

(2) Any person who willfully makes a false statement of any material fact or thing in a sworn statement as to the death or disability of a certificate holder in any such society for the purpose of procuring payment of a benefit named in the certificate of such holder and any person who willfully makes any false statement in any verified report or declaration under oath required or authorized by this article is guilty of perjury in the second degree.

(3) Any person who solicits membership for, or in any manner assists in procuring membership in, any fraternal benefit society not licensed to do business in this state, or who solicits membership for, or in any manner assists in procuring membership in, any such society not authorized as provided in this article to do business in this state as defined in this article is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars.

(4) Any society, or any officer, agent, or employee thereof neglecting or refusing to comply with, or violating any of the provisions of this article, the penalty for which neglect, refusal, or violation is not specified in this section, is guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than two thousand dollars.

Source: L. 93: Entire article amended with relocations, p. 608, § 1, effective July 1. **L. 2021:** (1) amended, (SB 21-271), ch. 462, p. 3148, § 116, effective March 1, 2022.

Editor's note: This section is similar to former § 10-14-134 as it existed prior to 1993.

Cross references: For the provisions relating to perjury in the second degree, see § 18-8-503 and § 18-1.3-501; for the penalty for a petty offense, see § 18-1.3-503.

10-14-705. Exemption of certain societies.

(1) Nothing in this article shall be construed to affect or apply to:

(a) Grand or subordinate lodges of masons, odd fellows, or knights of Pythias (exclusive of the insurance department of the supreme lodge knights of Pythias) or the junior order of united American mechanics (exclusive of the beneficiary degree or insurance branch of the national council junior order united American mechanics); nor to grand or subordinate lodges of societies, orders, or associations now doing business in this state which provide benefits exclusively through local or subordinate lodges; nor to similar societies which do not issue insurance certificates. Members of lodges of the independent order of odd fellows, knights of Pythias, and other organizations paying periodical or funeral benefits shall not be individually liable for the

payment of periodical or funeral benefits or other liabilities of the lodge or other organizations, but the same shall be payable only out of the treasury of such lodges or organizations.

(b) Orders, societies, or associations which admit to membership only persons engaged in one or more crafts or hazardous occupations, in the same or similar lines of business, insuring only their own members and their families, and the ladies' societies or ladies' auxiliaries to such orders, societies, or associations.

(2) The commissioner may require from any society or association, by examination or otherwise, such information as will enable the commissioner to determine whether such society or association is exempt from the provisions of this article.

(3) Any fraternal benefit society organized and incorporated before June 2, 1911, and operating within the definition set forth in sections 10-14-101 to 10-14-104, providing for benefits in case of death or disability resulting solely from accidents, but which does not obligate itself to pay death or sick benefits, may be licensed under the provisions of this article and shall have all the privileges and be subject to all the provisions and regulations of this article; except that the provisions of this article requiring medical examinations, valuations of benefit certificates, and that the certificate shall specify the amount of benefits shall not apply to such society.

Source: L. 93: Entire article amended with relocations, p. 608, § 1, effective July 1.

Editor's note: This section is similar to former § 10-14-132 as it existed prior to 1993.

ANNOTATION

Annotator's note. Since § 10-14-705 is similar to § 10-14-132 as it existed prior to the 1993 amendment to article 14 which resulted in the relocation of provisions, a relevant case construing that provision has been included in the annotations to this section.

By this section the general assembly has given express recognition in the insurance

laws to "grand or subordinate lodges of Masons", and the words "Mason" and "Masonic" have thus acquired a secondary meaning. These references emphasize the danger of the indiscriminate and unauthorized use of such name, even more so than in ordinary cases. *Prince Hall Grand Lodge v. Hiram Grand Lodge*, 85 Colo. 17, 273 P. 648 (1928).

10-15-101. Legislative declaration.

The general assembly declares that the business of selling preneed contracts whereby the seller agrees to provide final disposition or funeral merchandise or services in the future or for future

use is affected with a public interest, and the preservation of the safety and welfare of the public from unconscionable dealing requires regulation of the sale of the contracts and of the disposition of funds obtained as a result of the sales.

Source: **L. 95:** Entire article R&RE, p. 1031, § 1, effective May 25. **L. 2021:** Entire section amended, (SB 21-006), ch. 123, p. 489, § 5, effective September 7.

Editor's note: This section is similar to former § 10-15-101 as it existed prior to 1995.

ANNOTATION

Law reviews. For article, "Disposition of Last Remains — Planning Aspects", see 11 Colo. Law. 2986 (1982).

Free competition in the area of preneed funeral contracts assures that the interests

of the public will be advanced, and that members of the public will be assured of obtaining a contract best suited to their desires and needs. *Mem'l Gardens, Inc. v. Olympian Sales & Mgmt. Consultants, Inc.*, 661 P.2d 296 (Colo. App. 1982).

10-15-102. Definitions.

As used in this article 15, unless the context otherwise requires:

(1) "Broker" means any contract seller who must utilize the services of a general provider to fulfill the terms of a preneed contract.

(1.5) "Cash advances" means consideration which can be used at the time of need at the discretion of the contract buyer or his or her heirs, assigns, or authorized representatives for merchandise or services the prices of which are not guaranteed in a preneed contract and which merchandise or services are ancillary and in addition to merchandise and services the prices of which are guaranteed in a preneed contract.

(2) "Cemetery" means any place, including a mausoleum, niche, or crypt, in which there is provided space either below or above the surface of the ground for the interment of the remains of human bodies.

(3) "Commissioner" means the commissioner of insurance.

(4) "Common trust funds" means a common trust as defined by the provisions of article 24 of title 11, C.R.S. This article does not preclude the use of a common trust to the extent that the individual contract seller complies with the provisions of this article.

(5) "Contract buyer" means a person who purchases merchandise and services through a preneed contract.

(6) "Contract seller" means a person who sells or offers to sell funeral goods, merchandise, or services through a preneed contract.

(7) "Final resting place" means a space, either below or above the surface of the ground, for the interment of the remains of human bodies.

(8) "Funds" means money paid by a contract buyer, excluding interest, finance charges, and late fees paid, for the purchase of a preneed contract.

(8.5) "Funeral goods" has the same meaning as in section 12-135-103 (17).

(9) "General provider" means a person who engages, on a contract basis, in the usual business of providing the merchandise and performing the services, at time of need, for the final disposition of a deceased human body, and does not include subcontractors of a general provider.

(10) "Merchandise" means goods which are normally sold or offered for sale directly to the public for use in connection with funeral services and does not include overhead items.

(11) "Overhead items" means items such as embalming fluid, sanitary supplies, and other items used in the performance of funeral services.

(12) "Person" means an individual, partnership, firm, joint venture, corporation, company, association, joint stock association, or limited liability company.

(13) (a) "Preneed contract" means any written contract, agreement, or mutual understanding, or any security or other instrument that is convertible into a contract, agreement, or mutual understanding, whereby, upon the death of the preneed contract beneficiary, a final resting place, merchandise, or services are provided or performed in connection with the final disposition of the beneficiary's body. Consideration for a preneed contract is funds, deposits, or the assignment of life insurance benefits.

(b) "Preneed contract" does not include:

(I) A contract for merchandise whereby the buyer takes physical possession of the merchandise at the time of entering into the contract; or

(II) A transportation protection agreement.

(c) (Deleted by amendment, L. 2013.)

(14) "Preneed contract beneficiary" means, for any preneed contract entered into on or after July 1, 1967, any person specified in the preneed contract, upon whose death a final resting place, merchandise, or services of any nature shall be provided, delivered, or performed.

(15) "Preneed contract price" means the total price listed on a preneed contract for all items listed and includes cash advances.

(16) "Services" means any services that may be used to care for and prepare deceased human bodies for final disposition.

(16.5) "Transportation protection agreement" means an agreement that primarily provides for the coordination and arrangement, by a third party that is not a general provider, of services related to:

(a) The preparation of human remains for the purpose of transportation; or

(b) The transportation of human remains.

(17) "Trustee" means a chartered state bank, savings and loan association, credit union, or trust company that is authorized to act as fiduciary and that is subject to supervision by the state bank or financial services commissioner or a national banking association, federal credit union, or federal savings and loan association authorized to act as fiduciary in Colorado.

(18) "Trust funds" means funds deposited by a contract seller with a trustee.

(19) "Trust instrument" means the documents pursuant to which a trustee receives, holds, invests, and disburses trust funds.

Editor's note: This section is similar to former § 10-15-102 as it existed prior to 1995.

10-15-103. License procedure - records - examination of records - definition - rules.

(1) (a) A contract seller shall not enter into a preneed contract or accept any funds or other consideration without a license from the commissioner. To be valid, an application for an initial license must be in writing, signed by the applicant, and duly verified on forms furnished by the commissioner. Each application must be accompanied by payment of five hundred dollars and proof of either the net worth or surety bond requirements established by the commissioner by rule.

(b) (I) With the submission of the initial application described in paragraph (a) of this subsection (1), each applicant shall submit a set of fingerprints to the commissioner. The commissioner shall forward such fingerprints to the Colorado bureau of investigation for the purpose of conducting a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation.

(I.5) When the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (1)(b) reveal a record of arrest without a disposition, the commissioner shall require that applicant to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(II) For purposes of this paragraph (b), "applicant" means an individual and, in the case of a corporation, each officer and director of the corporation.

(2) Upon receipt of a complete initial application and license fee, the commissioner shall issue a license to the applicant unless the commissioner determines that:

- (a) The applicant has made false statements or misrepresentations in such application; or
- (b) The applicant does not meet the conditions of subsection (1) of this section; or
- (c) The applicant is not duly authorized to transact business in the state of Colorado; or
- (d) Any officer, director, or controlling shareholder of the applicant has been convicted of a crime involving fraud or misappropriation or misuse of funds; or
- (e) The applicant has not filed a preneed contract, general provider contract, or trust agreement and assignment form, where applicable, which comply with the provisions of this article; or
- (f) The applicant is an insurance company.

(3) (a) The contract seller shall keep accurate accounts, books, and records of all transactions, copies of all preneed contracts, dates and amounts of payments made and accepted thereon, the name and address of each contract buyer, copies of all annual reports, the name of the preneed contract beneficiary as to each preneed contract, the name of the trustee holding trusted funds received under each preneed contract, copies of statutory reports made to the trustee and statutory reports provided by the trustee, and any other information necessary to verify compliance with the provisions of this article.

(b) Such records as stated in paragraph (a) of this subsection (3) shall be kept by the contract seller for at least five years following the earliest of the following:

- (I) The death of the preneed contract beneficiary; or
- (II) The removal of funds from trust; or

(III) The termination of the assignment of life insurance benefits.

(4) (a) The commissioner may investigate the books, records, and accounts of a contract seller to ensure that trust funds, preneed contracts, and preneed insurance policies comply with this article 15. The commissioner, or a qualified person designated by the commissioner, may examine the books, records, and accounts of the contract seller as often as necessary and may require the attendance of and examine under oath all persons whose testimony the commissioner needs for this purpose.

(b) The commissioner shall make every reasonable effort to utilize examiners employed by the division of insurance in preference to designating persons who are not employees of the division of insurance to perform examinations. If evidence of a violation of this article is known, the commissioner may designate a qualified person who is not an employee of the division of insurance to examine a contract seller, and the contract seller shall directly pay the reasonable expenses and charges of the examiner. The examinee may contest the amount of fees, costs, and expenses charged by the examiner by filing an objection with the commissioner that sets forth the charges the examinee considers to be unreasonable, together with the basis for disputing the charges. Amounts that are disputed are not due to the examiner until the commissioner has reviewed the objection and made a written finding that the disputed charges were reasonable for the examination performed.

(5) (a) Every license shall expire on June 30. Every license shall be renewed annually and automatically extended upon filing of a complete application on a form provided by the commissioner, demonstration of compliance with the conditions of subsection (2) of this section, payment of the fee prescribed in paragraph (b) of this subsection (5), and the filing of the annual report which shall be due by March 31 of each year. A filing made later than March 31 may be subject to a late fee of up to one hundred dollars per day for each day received after such date. If the contract seller is in compliance with this section, the contract seller shall be deemed licensed unless and until notified by the commissioner that the renewal does not comply with this section.

(b) The commissioner shall establish the annual renewal fee by rule based on the cost of regulating the industry and the outstanding preneed contract obligations of the contract sellers.

(6) Notwithstanding the amount specified for any fee in this section, the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

Editor's note: This section is similar to former § 10-15-103 as it existed prior to 1995.

10-15-103.5. Scope of article - exemptions.

(1) This article does not apply to a person providing a developed final resting place within a designated cemetery approved for the interment, entombment, or inurnment of human remains.

(2) (a) A person providing an undeveloped final resting place is exempt from this article if the cemetery where the undeveloped final resting place is located contains unsold developed final resting places representing at least twenty-five percent of the outstanding paid-in-full contracts for undeveloped final resting places.

(b) If the specific and identifiable final resting place is not developed for use at the time of need and full payment has been made, then the contract must provide the purchaser with an immediate alternate and comparable final resting place at the same cemetery or with a full refund of moneys paid to qualify for the exemption under this subsection (2).

Source: **L. 2013:** Entire section added, (SB 13-125), ch. 287, p. 1517, § 3, effective August 7.

10-15-104. Annual report.

Each contract seller shall file with the commissioner a report, on a calendar year basis, on a form provided by the commissioner. In the report, each contract seller that is required to deposit funds with a trustee shall state the name of each trustee where trust funds are on deposit and the amount remaining on deposit in the trust fund on December 31. Any contract seller that has voluntarily or involuntarily discontinued the sale of preneed contracts need not obtain a renewal of its license but shall continue to make annual reports to the commissioner until all the contracts have been fully performed.

Source: **L. 95:** Entire article R&RE, p. 1036, § 1, effective May 25. **L. 2013:** Entire section amended, (SB 13-125), ch. 287, p. 1517, § 4, effective August 7.

Editor's note: This section is similar to former § 10-15-104 as it existed prior to 1995.

Cross references: For state laws relating to investment of funds by savings and loan associations, see § 11-41-114; for investment of funds by banks, see § 11-105-304; for investment of funds by credit unions, see § 11-30-104.

10-15-105. Contract requirements - refund - full performance.

(1) (a) The preneed contract shall bind the contract seller, or the heirs, assigns, or duly authorized representatives of the contract seller, to provide the services or merchandise contained in the preneed contract.

(b) (I) The contract seller shall certify pursuant to subparagraphs (II), (III), and (IV) of this paragraph (b) with the commissioner each form of preneed contract offered or sold by such contract seller unless the contract seller notifies the commissioner that it will use preauthorized forms made available by the commissioner. For preneed contracts that are funded by the assignment of life insurance benefits, the assignment shall be deemed to be part of the preneed contract, and the contract seller shall certify pursuant to subparagraphs (II), (III), and (IV) of this paragraph (b) with the commissioner a copy of each form of assignment.

(II) Each contract seller of preneed contracts shall submit an annual report to the commissioner listing any forms of preneed contracts and each form of assignment used or to be used by the contract seller. Such listing shall be submitted on or before July 15, 2000, and on or before July 1 of each subsequent year. The annual report shall include a certification by the contract seller that, to the best of the seller's knowledge, each form for preneed contracts and assignments in use complies with Colorado law. The commissioner may promulgate rules specifying the necessary elements of the certification.

(III) Each contract seller shall submit to the commissioner a list of new preneed contracts and forms of assignment. Such listing shall include a certification by the contract seller that, to the best of the seller's knowledge, each new preneed contract or form of assignment proposed complies with Colorado law. The commissioner may promulgate rules specifying the necessary elements of the certification.

(IV) The commissioner shall have the power to examine and investigate the preneed contract seller to determine whether the preneed contracts or forms of assignment comply with the seller's certification and Colorado law.

(c) At the time the preneed contract is entered into, the contract seller shall furnish the contract buyer with an accurate copy of the preneed contract.

(d) If the contract seller is a broker, or if the preneed contract requires any services to be performed or merchandise to be provided by a general provider other than the contract seller, the contract seller shall furnish the contract buyer with a copy of the agreement or a certificate evidencing an agreement between the contract seller and such general provider whereby the general provider or the heirs, assigns, or duly authorized representatives of such general provider are obligated to perform the services or provide the merchandise as stated in the preneed contract. Such agreement or certificate shall state that the general provider shall perform the contract services and provide the merchandise specified in the agreement between the contract seller and the general provider, under any fully paid preneed contract, without recourse against the contract buyer or his or her heirs, assigns, or duly authorized representatives for any funds due from the contract seller. Each such agreement or certificate evidencing each agreement shall be filed with the commissioner. As an alternative to having a separate agreement with a general provider, the preneed contract shall contain a signature and statement of guarantee by the general provider or an authorized agent of said general provider to provide the merchandise and services as agreed in the preneed contract.

(2) A preneed contract shall be written in clear, understandable language and shall be printed or typed in at least eight-point type.

(3) A preneed contract shall conform to all other applicable state and federal statutes and regulations.

(4) Each preneed contract shall:

(a) State on its face that "This preneed contract is not insurance; however, preneed contracts and contract sellers are subject to regulation by the Colorado Division of Insurance."

(b) State the name and address of the principal office of the preneed contract seller and, if not the same, the name and address of the principal office of the general provider;

(c) Identify the contract buyer and the preneed contract beneficiary;

(d) State the terms and conditions for cancellation by the contract buyer within the first seven days of the contract buyer's signature to the preneed contract during which period the contract buyer may provide the contract seller with written notice of cancellation. The contract seller shall forward a one hundred percent refund to the contract buyer within ten calendar days of receipt of the written cancellation.

(e) Provide that the contract buyer may cancel the preneed contract at any time after the seven-day period provided in paragraph (d) of this subsection (4) and that any return of consideration be made to the contract buyer, heirs, assigns, or duly authorized representatives in a timely manner, not to exceed thirty days after the date of the request for return of consideration in lieu of performance, and not to exceed forty-five days after the date of request for return of consideration in case of default or cancellation;

(f) Contain a provision expressing the right of the contract seller to perform under the preneed contract if the heirs, assigns, or duly authorized representatives of the preneed contract beneficiary have not canceled the preneed contract within one hundred sixty-eight hours after the death of the preneed contract beneficiary, or if previously authorized to perform prior to such one hundred sixty-eight hours;

(g) Specify the services or merchandise, or both, to be provided, and clearly indicate that the preneed contract seller guarantees and fully pays for each such service or merchandise, or both, when it is provided, except for cash advances;

(h) Contain a provision providing that the preneed contract seller shall provide merchandise as described in the preneed contract or of equivalent quality;

(i) (I) State on its face the manner in which it is funded. Each preneed contract shall clearly state the terms of the consideration between the contract seller and the contract buyer.

(II) Such terms shall require that the contract buyer be responsible for paying any unpaid balance of the preneed contract price.

(III) Where the consideration is an assignment of life insurance benefits, excluding annuities, any unpaid balance shall not exceed the price of the services or merchandise provided at the time of death of the preneed contract beneficiary, based on the general provider's general price list then in force, in excess of the value of the assignment. Such assignment shall not require the payment of any unpaid balance after the third anniversary of the issue date of the preneed contract. The contract seller may require any assignment which has been reduced in value by action of the policy owner to be returned to full value.

(j) Contain a provision stating that the contract seller is responsible for furnishing the merchandise and services expressed in the preneed contract unless the contract buyer is in default, the contract is canceled, or the assignment funding the contract is void, canceled, or otherwise reduced in value by action of the contract buyer. The preneed contract shall provide that in the case of the death of the preneed contract beneficiary, the contract buyer or, if the contract buyer is deceased, such buyer's heirs, assigns, or duly authorized representatives are entitled to a full return of consideration instead of performance by the contract seller. It shall further provide whether or not a preneed contract, in case of default or cancellation, a preneed contract which has not been performed, or promissory note executed in connection therewith,

may allow the contract seller to retain liquidated damages. In no event shall such liquidated damages exceed the lesser of the funds received or fifteen percent of the total preneed contract price. Such liquidated damages are deemed to be the reasonable value of administrative and sales costs incurred.

(5) Any preneed contract for which merchandise has been contracted, manufactured, and placed in storage shall guarantee that the merchandise, when delivered, shall be merchantable and fit for its intended purpose.

(6) No contract seller shall condition a preneed contract upon the purchase of any other item or contract unless such preneed contracts, other contracts, and any other item can be independently purchased at the same stated price. Nothing in this section shall prohibit the sale, purchase, or assignment of life insurance benefits to be identified in the preneed contract and be used as full or partial consideration to fund a preneed contract.

(7) The contract seller shall be deemed to have fully performed under the preneed contract when:

(a) The services or merchandise, or both, contracted for have actually been used in conjunction with the death of the preneed contract beneficiary; or

(b) The services contracted for have actually been furnished; or

(c) The contract buyer has taken physical possession of the merchandise; or

(d) The merchandise contracted for, which the contract buyer has agreed to purchase prior to need, has been manufactured and placed in storage and a certificate of title or warehouse receipt has been issued in the contract buyer's name, any such certificate of title or warehouse receipt having effectively and unalterably transferred ownership of the merchandise to the contract buyer and all such merchandise having been fully protected by casualty insurance against all hazards; or

(e) Full payment to the manufacturer has been made by the contract seller within forty-five days after the sale of the merchandise contracted for, which the contract buyer has agreed to purchase prior to need, by the contract buyer, the merchandise has been manufactured not later than six months thereafter and placed in storage, and a certificate of title or warehouse receipt has been issued in the contract buyer's name, any such certificate of title or warehouse receipt having effectively and unalterably transferred ownership of the merchandise to the contract buyer and all such merchandise having been fully protected by casualty insurance against all hazards, as stated in paragraph (d) of this subsection (7); or

(f) The merchandise contracted for, which the contract buyer has agreed to purchase prior to need, has been installed upon or placed within the interment site of the contract buyer, including the place of interment, entombment, or ground burial.

(8) In any preneed contract that includes merchandise contracted for pursuant to paragraphs (d) and (e) of subsection (7) of this section, upon full payment for the merchandise by the contract buyer, the title shall be deemed transferred to the contract buyer.

(9) (a) Notwithstanding any other provision of this section to the contrary, upon the request and consent of the contract buyer, a preneed contract, related trust, or assignment of the ownership or the benefits of a life insurance policy may be made irrevocable. However, the contract buyer, or the person with the right of final disposition may, at any time before performance, transfer the funds or the assignment to another contract seller or general provider as required by applicable laws.

(b) The contract buyer or, if the contract buyer has died, the person authorized to direct the disposition of the deceased contract buyer may select another funeral provider to provide the prearranged funeral merchandise and services. If another provider is selected, the original preneed seller may retain up to fifteen percent of the original preneed contract purchase price.

(10) (a) The contract seller shall:

(I) Disclose the name and address of the trustee who holds the preneed contract funds; and

(II) Notify the buyer when the preneed contract funds are deposited into trust.

(b) To comply with this subsection (10), the disclosure must advise the consumer to contact the commissioner if confirmation is not received by a specified time.

ANNOTATION

General assembly did not intend all preneed contracts to be terminable at will and such contracts may be subject to the tort

of intentional interference with contract relations. *Mem'l Gardens v. Olympian Sales & Mgmt.*, 690 P.2d 207 (Colo. 1984).

10-15-106. Preexisting contracts.

This article shall not be construed so as to impair or affect the obligation of any preexisting lawful contract.

Source: L. 95: Entire article R&RE, p. 1041, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-106 as it existed prior to 1995.

10-15-107. Deposit of funds with trustee.

(1) If a contract seller enters into a preneed contract in which the consideration is funds, the contract seller shall deposit not less than seventy-five percent of the total preneed contract price with a trustee. The contract seller shall deposit all funds in excess of twenty-five percent of the total preneed contract price with a trustee within forty-five days after receipt thereof. All funds deposited with a trustee shall be deposited under the terms of a trust instrument, which shall not be inconsistent or in conflict with the provisions of this article, and shall be held in trust by the trustee pursuant to the provisions of this article. Copies of all trust instruments and amendments to such trust instruments shall be filed with the commissioner.

(2) For each deposit with a trustee, the contract seller shall make a record of, and provide the trustee with, the name and address of the contract buyer, the total preneed contract price, and the amount of trustable funds. The contract seller shall keep such record, as to each contract buyer, until five years following the earlier of:

- (a) The death of the preneed contract beneficiary; or
- (b) The removal of funds from trust.

(3) Within thirty days following the last day of the calendar quarter, the contract seller shall provide to the trustee a detailed listing of all preneed contracts outstanding, the name and address of each contract buyer, the total preneed contract price, accumulated receipts, and the total amount of funds trusted for each preneed contract. If the trustee finds a significant discrepancy between such cumulative listing and the aggregate deposits in trust, the trustee shall contact the contract seller in order to reconcile the discrepancy. If the trustee is unable to resolve such discrepancy to the trustee's satisfaction, the trustee shall promptly notify the commissioner in writing of such discrepancy.

Editor's note: This section is similar to former § 10-15-107 as it existed prior to 1995.

10-15-108. Standard for investments by trustees.

(1) Savings and loan associations acting as trustees under the terms of this article shall invest trust funds as otherwise authorized under the laws of this state relating to the investment of funds by savings and loan associations and the federal law governing such investments, but savings and loan associations shall accept trust funds only to the extent that the full amount thereof is insured by the federal deposit insurance corporation or its successor.

(2) Banks and trust companies acting as trustees under the terms of this article shall be subject to the following investment standards: In acquiring, investing, reinvesting, exchanging, retaining, selling, and managing property for the benefit of others, trustees shall be required to have in mind the responsibilities which are attached to such offices and the size, nature, and needs of the estates entrusted to their care and shall exercise the judgment and care under the circumstances then prevailing which men of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital. Within the limitations of the standards set forth in this subsection (2), trustees are authorized to acquire and retain every kind of property, real, personal, and mixed, and every kind of investment, specifically including, but not by way of limitation, bonds, debentures, and other corporate obligations, savings accounts in insured savings and loan associations, stocks, preferred or common, securities of any open-end or closed-end management type investment company or investment trust, and participations in common trust funds, which men of prudence, discretion, and intelligence would acquire or retain for their own account.

(3) Credit unions acting as trustees under the terms of this article shall invest funds received under an account agreement as authorized under the laws of this state or the United States relating to the investment of funds by credit unions, but a credit union shall accept trust funds only to the extent that the full amount thereof is insured by the national credit union share insurance fund or other insurer approved by the commissioner of financial services.

Source: L. 95: Entire article R&RE, p. 1041, § 1, effective May 25. **L. 2004:** (1) amended, p. 148, § 52, effective July 1.

Editor's note: This section is similar to former § 10-15-108 as it existed prior to 1995.

10-15-109. Disbursements - excess trust assets.

At reasonable times, and unless the trustee is notified by the commissioner that the preneed seller is in violation of the provisions of this article or by the contract seller not to disburse trust assets, the trustee shall disburse excess trust assets to the contract seller in accordance with the terms of the preneed contract between the contract buyer and the contract seller. The trustee shall not disburse any excess trust assets until such time as the value of such trust assets exceeds the total of all funds paid by the contract buyers under the preneed contracts. If more than one trust account is used by the contract seller, the aggregate of all trust accounts must exceed the total of all funds paid by all contract buyers before any disbursement by the trustee. It is the obligation and responsibility of the trustee to conduct at least annual valuations of the market value of the assets held in trust, which may include accrued interest.

Source: L. 95: Entire article R&RE, p. 1042, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-109 as it existed prior to 1995.

10-15-110. Discharge of preneed contract - disbursements by trustees.

(1) Before disbursing any trust assets to discharge a preneed contract, the trustee shall determine that the amount of assets to be released does not exceed the funds trusted.

(2) If a preneed contract is canceled by the contract buyer or the contract buyer's heirs, assigns, or duly authorized representatives, the trustee shall require a copy of the signed cancellation request before releasing trust assets.

(3) If a preneed contract is canceled by the contract seller due to a default by the contract buyer, the trustee shall require an affidavit from an officer or owner of the contract seller setting forth such default before releasing funds.

(4) If a preneed contract is performed by the contract seller, the trustee shall require an affidavit from an officer or owner of the contract seller setting forth such performance before releasing funds.

Source: L. 95: Entire article R&RE, p. 1042, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-110 as it existed prior to 1995.

10-15-111. Insurance-funded preneed contracts.

(1) If a contract seller enters into a preneed contract in which the consideration is the assignment of life insurance benefits, such preneed contract shall state that all or part of such assigned funds shall be paid to the contract seller to pay for the services or merchandise, or both, included in the preneed contract. The preneed contract and the assignment shall identify the policy being assigned including the name of the issuing company. The initial benefit assigned shall not exceed the preneed contract price when the assignment is executed. The purchaser of any insurance policy to be assigned under a preneed contract must have an insurable interest in the life of the preneed contract beneficiary.

(2) If the value of the assignment exceeds the price of the preneed contract services or merchandise, or both, at the time of the death of the preneed contract beneficiary, based on the general provider's general price list in force in accordance with the regulations of the federal trade commission, the excess amounts shall be paid to the beneficiary under the policy or, if none, to the estate of the preneed contract beneficiary.

Source: L. 95: Entire article R&RE, p. 1043, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-111 as it existed prior to 1995.

10-15-111.5. Change of ownership - rules.

(1) (a) A sale of an existing preneed contract that changes who provides funeral goods and services is void unless approved by the commissioner under this section. To transfer ownership, the contract seller must report a pending sale of the preneed contract to the commissioner in writing at least fourteen days before the sale closing. The notice must include:

(I) The name and address of the contract seller;

(II) The name and address of the organization proposing to acquire ownership of the preneed contract, referred to in this section as the "transferee";

(III) The name and address of the owners, operators, corporate officers, partners, or members of the transferee;

(IV) The name and address of the financial institution where preneed funds are held;

(V) The name under which preneed funds are held;

(VI) A description of each preneed contract, arrangement, or agreement included in the sale;

(VII) An accounting of the trust fund and all transferred and outstanding preneed contracts, including the number of pending contracts, the full contract value, the current value for each contract, a record of all disbursements from preneed trust accounts within the last twenty-four months, and the information required in the annual report;

(VIII) Any documents or amendments thereto concerning the trust or insurance funds, or any other preplanning or prefunding agreements;

(IX) A copy of the notice proposed to be sent to the contract buyers after the transfer; and

(X) Any other information that is reasonably required by the commissioner by rule.

(b) The commissioner may, by rule or order, waive or reduce any or all of the requirements in subparagraphs (I) to (X) of paragraph (a) of this subsection (1) as unnecessary or inappropriate in the public interest or for the protection of the contract buyers.

(2) (a) The commissioner shall approve the contract seller's application for change of ownership by written authorization if:

(I) The accounting is complete, accurate, and shows the trust fund is whole and intact;

(II) All required information and documents are filed with the commissioner; and

(III) The transferee holds a valid contract seller's license, or is qualified under section 10-15-103 for a contract seller's license, and is able to perform all transferred preneed contracts in accordance with this article.

(b) The commissioner shall approve or disapprove of the sale of an existing preneed contract in writing within sixty days after receiving the report required by paragraph (a) of subsection (1) of this section. If the commissioner fails to disapprove of the sale in writing within sixty days, the sale is deemed approved.

(3) (a) The contract seller, or person with an interest in the contract, remains liable for all funds and transactions until the effective date of the transfer.

(b) Any discrepancies, malfeasance, or fraud prior to the sale of the preneed contract is the responsibility of the seller, for which the seller is liable.

(4) Within thirty days after approval by the commissioner, the transferee of a preneed contract shall send a notice to the last-known address of each contract buyer informing the buyer of the change in ownership and the assumption of the obligation to perform the preneed contract.

Source: L. 2013: Entire section added, (SB 13-125), ch. 287, p. 1518, § 6, effective August 7.

10-15-111.7. Disposition of unclaimed preneed funeral contracts - unclaimed property trust fund.

(1) Notwithstanding the failure of a preneed contract for funeral services beneficiary's heirs, assigns, or duly authorized representative to cancel a preneed contract for funeral services within one hundred sixty-eight hours after the death of the preneed contract beneficiary, each contract seller shall require a trustee with whom preneed contract funds have been deposited for a preneed contract that is unclaimed to report to the state treasurer as provided in section 38-13-401. The trustee shall comply with the requirements of the "Revised Uniform Unclaimed Property Act", article 13 of title 38, for deposit of the unclaimed preneed contract funds into the unclaimed property trust fund created in section 38-13-801 (1)(a).

(2) Except as otherwise specified in section 38-13-201 (1)(m) for a legacy preneed contract, as defined in section 38-13-102 (13.3), a preneed contract for funeral services is unclaimed at the earlier of the following:

(a) Three years after the date on which the contract seller has knowledge of the death of the preneed contract beneficiary, obtained through any source, including a declaration of death, a death certificate, a comparison of the contract seller's records against the United States social security administration's death master file, or other equivalent resource;

(b) The date the preneed contract beneficiary, if living, would have attained one hundred fifteen years of age; or

(c) Sixty-five years from the date that the preneed contract was executed.

(3) Except as otherwise specified in section 38-13-406 (1) for a legacy preneed contract, as defined in section 38-13-102 (13.3), for purposes of this section, the amount reportable for an unclaimed preneed contract is the amount paid by the contract buyer to the contract seller, less selling costs not to exceed fifteen percent of the total preneed contract price, liquidated damages, and contractual offsets, as authorized by law.

(4) Subsection (2)(a) of this section does not require a contract seller to compare the contract seller's records to the United States social security administration's death master file.

10-15-112. Rules.

The commissioner may, after notice and hearing as provided in article 4 of title 24, C.R.S., promulgate such rules as may be reasonably necessary for the effective administration of and not inconsistent with the provisions of this article.

Source: L. 95: Entire article R&RE, p. 1043, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-112 as it existed prior to 1995.

10-15-113. Applicability of administrative procedure act.

All procedures for the issuance, suspension, or revocation of licenses shall be pursuant to sections 24-4-104 to 24-4-107, C.R.S., except where inconsistent with the provisions of this article. Any final action with respect to the issuance, suspension, or revocation of licenses shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Editor's note: This section is similar to former § 10-15-113 as it existed prior to 1995.

10-15-114. Investigations - actions against licensees.

(1) The commissioner may impose an administrative fine not to exceed one thousand dollars for each separate offense; may issue a letter of admonition; may place a contract seller on probation under the commissioner's close supervision on such terms and for such time as the commissioner deems appropriate; and may refuse to renew, may revoke, or may suspend the license of any contract seller if, after an investigation and after notice and a hearing pursuant to the provision of section 24-4-104, C.R.S., the commissioner determines that the contract seller has:

- (a) Failed to comply with or has violated any provision of this article or any regulation or order lawfully made pursuant to and within the authority of this article; or
- (b) Used false or misleading advertising or made any false or misleading statement or concealment in the contract seller's application for licensure; or
- (c) Employed any device, scheme, or artifice which results in defrauding a contract buyer; or
- (d) Disposed of, concealed, diverted, converted, or otherwise failed to account for any funds or assets of any contract buyer which are subject to regulation pursuant to this article; or
- (e) Committed any act that constitutes a violation of the "Colorado Consumer Protection Act", article 1 of title 6, C.R.S.; or
- (f) Been convicted of, or any officer, director, or controlling shareholder has been convicted of, a crime involving fraud or misappropriation or misuse of funds; or
- (g) Failed to provide appropriate records requested by the commissioner as part of an investigation of a complaint filed with the commissioner.

Editor's note: This section is similar to former § 10-15-114 as it existed prior to 1995.

ANNOTATION

Three-month suspension was not an abuse of discretion by the division where the seller of insurance-funded pre-need funeral contracts engaged in selling such contracts on forms not approved by the division, continued to sell such contract after being advised by the division that such contracts were not approved, and failed to specify in the contracts the purchase price for funeral goods and services, all of which violate statutory provisions governing the sale of pre-need funeral contracts. *Guardian Plans v. Div. of Insurance*, 793 P.2d 615 (Colo. App. 1990).

Division was not equitably estopped from suspending license of pre-need funeral contract seller who engaged in selling insurance-funded pre-need contracts in violation of statutes governing the sale of such contracts. Even though the division initially approved such contracts, it did so without sufficient information to render knowing approval of the seller's operation for selling life insurance or annuity funded contracts, and reliance by the seller on the division's action was, therefore, not reasonable. *Guardian Plans v. Div. of Insurance*, 793 P.2d 615 (Colo. App. 1990).

10-15-115. Injunctions - cease-and-desist orders.

(1) Whenever the commissioner has reasonable cause to believe that any person is violating any provision of this article or any rule or order promulgated pursuant to this article, the commissioner may:

(a) In the name of the people of the state of Colorado, through the attorney general, apply for an injunction in any court of competent jurisdiction to perpetually enjoin such person from committing any act prohibited by this article; or

(b) After notice and hearing pursuant to sections 24-4-104 and 24-4-105, C.R.S., issue an order to cease and desist the act or acts violating any provision of this article. A copy of the cease-and-desist order shall be furnished to each party.

Editor's note: This section is similar to former § 10-15-115 as it existed prior to 1995.

10-15-116. Surrender of license.

(1) A contract seller may surrender a license by:

(a) Filing written notice with the commissioner;

(b) Submitting a list of all outstanding preneed contracts, including the name of the contract buyer, the method of funding for the preneed contract, the preneed contract price, the amount of funds received, and the amount of funds held in trust;

(c) Paying all outstanding fines and invoices due to the state of Colorado; and

(d) Submitting the current certificate of authority.

(2) Upon receipt of the notice, the commissioner shall review the preneed contract seller's trust funds and evidence of all outstanding preneed contracts.

(3) Upon determining that the available assets are sufficient to meet any remaining preneed contract liabilities, the commissioner shall deactivate the license.

(4) The contract seller shall continue to keep the trust fund intact and in trust after the license is inactive, and the trustee shall disburse the funds in trust in accordance with preneed contracts until the funds are exhausted.

(5) The commissioner has jurisdiction over the inactive contract seller and to require the reports required by section 10-15-104 and inspect the records required by this article so long as there are funds in trust or preneed contracts that are not fulfilled. When the funds in trust are exhausted or each preneed contract is fulfilled, the commissioner shall finally cancel the license of the contract seller.

(6) Upon a finding that an emergency exists that will harm consumers, the commissioner may by order administer preneed contracts and accounts if the business of the contract seller closes due to financial insolvency, criminal activity, or license suspension.

Editor's note: This section is similar to former § 10-15-116 as it existed prior to 1995.

10-15-117. Reinstatement of license.

The commissioner may reinstate a suspended license or issue a new license to a person whose license has been revoked if no fact or condition then exists which clearly would have justified the commissioner in refusing originally to issue such license and the violations of this article which preceded the suspension or revocation of the license have been corrected.

Source: L. 95: Entire article R&RE, p. 1045, § 1, effective May 25.

Editor's note: This section is similar to former § 10-15-117 as it existed prior to 1995.

10-15-118. Violation.

(1) Any person who violates any provision of this article 15 commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501. Any person who violates the trust fund provisions of this article 15 or any other misappropriation of funds commits theft pursuant to section 18-4-401.

(2) The commissioner may apply to a court of competent jurisdiction for the appointment of a receiver if the commissioner determines that such appointment is necessary to protect the interests of the contract buyers.

ANNOTATION

Due process requires that terms of penal statute be explicit. The terms of a penal statute creating a new offense, such as this section, must be sufficiently explicit to inform those who are subject to its provisions, and what conduct on their part

will render them liable to its penalties. *Mem'l Trusts, Inc. v. Beery*, 144 Colo. 448, 356 P.2d 884 (1960) (decided prior to L. 61, p. 476, § 16, the earliest source of this section).

10-15-119. Immunity from prosecution.

(1) If any person asks to be excused from attending and testifying or from producing any books, papers, records, correspondence, or other documents at any hearing on the ground that the testimony or evidence required of the person may tend to incriminate the person or subject the person to a penalty or forfeiture, and, notwithstanding such request, the commissioner directs such person to give such testimony or produce such evidence, such person shall nonetheless comply with such direction but the person shall not thereafter be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which the person testifies or produces evidence pursuant thereto; and no testimony so given or evidence so produced shall be received against such person upon any criminal action, investigation, or proceeding. However, no person who has filed a waiver pursuant to subsection (3) of this section shall be immune from prosecution on account of testimony given or evidence produced.

(2) No person so testifying shall be exempt from prosecution or punishment for any perjury in the first degree committed by the person while so testifying, and the testimony or evidence so given or produced shall be admissible against the person upon any criminal action, investigation, or proceeding concerning such perjury; nor shall the person be exempt from the refusal, revocation, or suspension of any license, permission, or authority conferred, or to be conferred, pursuant to the laws of this state.

(3) Any person may execute, acknowledge, and file in the office of the commissioner a statement expressly waiving his or her immunity or privilege with respect to any transaction, matter, or thing specified in such statement, and thereupon the testimony of such person or such evidence in relation to such transaction, matter, or thing may be received or produced before any judge or justice, court, tribunal, grand jury, or other authority, and if it is so received or produced, such individual shall not be entitled to any immunity or privilege on account of such testimony so given or evidence so produced. A waiver executed pursuant to this subsection (3) shall be valid only if it is:

- (a) Entered into voluntarily;
 - (b) Executed by a person with the intellectual capacity to understand the consequences of executing such a waiver;
 - (c) Not executed under threat, coercion, or duress; and
 - (d) (I) Entered into knowingly.
- (II) For purposes of this paragraph (d), a waiver is entered into knowingly when the person executing such waiver has been informed of his or her right to confer with independent legal counsel.

Cross references: For perjury in the first degree, see § 18-8-502.

10-15-120. Rule against perpetuities inapplicable.

No trust created pursuant to the provisions of this article, nor any interest therein, shall be deemed to be invalid by any existing law or rule against perpetuities or accumulations or

suspension of the power of alienation and such trust and any interest therein may continue for such time as may be necessary to accomplish the purposes for which it may be created.

Delivery of notices and documents by electronic means - definitions - consent required - withdrawal of consent - employers - immunity from liability - posting of plans and endorsements on carrier website - applicability - rules.	10-16-206.	Third-party ownership of individual sickness and accident insurance policies.
		10-16-207.	Requirements of other jurisdictions.
		10-16-208.	Conforming to statute.
		10-16-209.	Application for policy.
		10-16-210.	Notice - waiver.
		10-16-211.	Age limit.
		10-16-212.	Exemption from attachment and execution.
		10-16-213.	Industrial sickness and accident insurance.
		10-16-214.	Group sickness and accident insurance.
		10-16-215.	Blanket sickness and accident insurance.
		10-16-216.	Examinations.
		10-16-216.5.	Hearing procedure and judicial review - violations - penalty.
		10-16-217.	Application of part 1 of this article and part 2.
		10-16-218.	Judicial review.
		10-16-219.	Benefits for care in tax-supported institutions - behavioral health

PART 2

SICKNESS AND ACCIDENT INSURANCE

10-16-200.3.	Definitions.		
10-16-201.	Form and content of individual sickness and accident insurance policies.		
10-16-201.5.	Renewability of health benefit plans - modification of health benefit plans. (Repealed)		
10-16-202.	Required provisions in individual sickness and accident policies.		
10-16-203.	Optional provisions in individual sickness and accident insurance policies.		
10-16-204.	Inapplicable or inconsistent provisions in individual policies of sickness and accident insurance.		

	disorders - mental health disorders - intellectual and developmental disabilities.	10-16-311.	Group benefits for depositors of banks - benefits for subscribers in public institutions.
10-16-220.	Minimum standards for sickness and accident plans.	10-16-312.	Contracts with other organizations.
10-16-221.	Statewide health care review committee - creation - membership - duties - repeal. (Repealed)	10-16-313.	Licensing of representatives. (Repealed)
10-16-222.	Termination of policies.	10-16-314.	Payment for examinations of corporations.
	PART 3	10-16-315.	Revocation of certificate - appeal.
	NONPROFIT HOSPITAL, MEDICAL-SURGICAL, AND HEALTH SERVICE CORPORATIONS	10-16-316.	Complaints.
10-16-301.	Legislative declaration.	10-16-317.	Exemption of direct payment methods.
10-16-302.	Incorporation and organization - exemptions.	10-16-317.5.	Assignment of benefits.
10-16-303.	Filing of articles of incorporation.	10-16-318.	Prospective reimbursement.
10-16-304.	Contents of articles.	10-16-319.	Effective date.
10-16-305.	Directors.	10-16-320.	Investment of funds.
10-16-306.	Contracts - benefits for long-term care insurance.	10-16-321.	Medicare supplement benefit standards.
10-16-307.	Authority to do business.	10-16-322.	Filing of health policies.
10-16-308.	Automatic extension of certificate.	10-16-323.	Conversion of corporation to mutual insurance company. (Repealed)
10-16-309.	Requirements for certificate of authority.	10-16-324.	Conversion of corporation to a stock insurance company.
10-16-310.	Surplus - guarantee fund deposit - regulations.	10-16-325.	Termination of health policies.

PART 4
HEALTH MAINTENANCE
ORGANIZATIONS

- 10-16-401. Establishment of health maintenance organizations.
- 10-16-402. Issuance of certificate of authority - denial.
- 10-16-403. Powers of health maintenance organizations.
- 10-16-404. Governing body.
- 10-16-405. Fiduciary responsibilities.
- 10-16-406. Evidence of coverage - rules.
- 10-16-407. Information to enrollees.
- 10-16-408. Open enrollment.
- 10-16-409. Complaint system.
- 10-16-410. Investments.
- 10-16-411. Protection against insolvency.
- 10-16-412. Statutory deposit.
- 10-16-413. Prohibited practices.
- 10-16-413.5. Return to home - legislative declaration - definitions.
- 10-16-414. Regulation of agents.
- 10-16-415. Powers of insurers and nonprofit hospital, medical-surgical, and health service corporations.

- 10-16-417. Suspension or revocation of certificate of authority.
- 10-16-418. Rehabilitation, liquidation, or conservation of health maintenance organization.
- 10-16-419. Administrative procedures.
- 10-16-420. Penalties and enforcement.
- 10-16-421. Statutory construction and relationship to other laws.
- 10-16-421.5. Acquisition of control of or merger of a health maintenance organization.
- 10-16-422. Filings and reports as public documents.
- 10-16-423. Confidentiality of health information.
- 10-16-424. Commissioner's authority to contract.
- 10-16-425. Applicability of provisions.
- 10-16-426. Medicare supplement benefit standards.
- 10-16-427. Contractual relations.
- 10-16-428. Prohibition concerning state-funded medical assistance. (Repealed)
- 10-16-429. Termination of contract.

PART 5
PREPAID DENTAL CARE PLANS

- 10-16-416. Examination.
- 10-16-501. Legislative declaration.

10-16-502.	Establishment of prepaid dental care plan organizations.	10-16-603.	Independent medical examinations - governing standard.
10-16-503.	Application for certificate of authority.	10-16-604.	Financial interest in future care of patient prohibited.
10-16-504.	Issuance of certificate of authority.	10-16-605.	Independence of examiners.
10-16-505.	Guarantee fund deposit.	10-16-606.	Applicability.
10-16-506.	Reserve requirement - exception.	PART 7	
10-16-507.	Enrollee coverage by prepaid dental care plan organizations - form filing requirements.	CONSUMER PROTECTION

PART 1
GENERAL PROVISIONS

10-16-101. Short title.

This article shall be known and may be cited as the "Colorado Health Care Coverage Act".

Source: L. 92: Entire article R&RE, p. 1617, § 1, effective July 1.

ANNOTATION

Law reviews. For article, "H.B. 94-1210: Health Insurance Reform", see 24 Colo. Law. 2331 (1994). For article, "Managed	Health Care in Colorado: Current Consumer Protection Standards", see 27 Colo. Law. 91 (July 1998).

10-16-102. Definitions.

As used in this article 16, unless the context otherwise requires:

(1) "Actuarial certification" means a written statement by a member of the American academy of actuaries or other individual acceptable to the commissioner that a small employer carrier is in compliance with the provisions of part 10 of this article, based upon the person's examination, including a review of the appropriate records and of the actuarial assumptions and methods used by the small employer carrier in establishing premium rates for applicable health benefit plans.

(2) "Affiliate" or "affiliated" means any entity or person that directly or indirectly, through one or more intermediaries, controls or is controlled by, or is under common control with, a specified entity or person.

(3) "Affiliation period" means a period of time, not to exceed two months, during which a health maintenance organization does not collect premiums and coverage issued is not yet effective.

(4) "Basic health-care services" means health-care services that an enrolled population of a health maintenance organization organized pursuant to the provisions of part 4 of this article might reasonably require in order to maintain good health, including, at a minimum, emergency care, inpatient and outpatient hospital services, physician services, outpatient medical services, and laboratory and X-ray services.

(5) "Benefits ratio" means the ratio of the value of the actual benefits, not including dividends, to the value of the actual premiums, not reduced by dividends, over the entire period for which rates are computed to provide coverage. "Benefits ratio" is also known as "targeted loss ratio".

(6) "Bona fide association" means, with respect to health insurance coverage offered in Colorado, an association that:

- (a) Has been actively in existence for at least five years;
- (b) Has been formed and maintained in good faith for purposes other than obtaining insurance and does not condition membership on the purchase of association-sponsored insurance;
- (c) Does not condition membership in the association on any health-status-related factor relating to an individual, including an employee of an employer or a dependent of an employee, and clearly so states in all membership and application materials;
- (d) Makes health insurance coverage offered through the association available to all members regardless of any health-status-related factor relating to the members or individuals eligible for coverage through a member and clearly so states in all marketing and application materials;
- (e) Does not make health insurance coverage offered through the association available other than in connection with a member of the association and clearly so states in all marketing and application materials; and
- (f) Provides and annually updates information necessary for the commissioner to determine whether or not an association meets the definition of a bona fide association before qualifying as a bona fide association for the purposes of this article.

(7) "Bona fide volunteer":

- (a) Has the meaning set forth in section 31-30-1202, C.R.S.;
- (b) Means any volunteer member of a not-for-profit nongovernmental entity that is organized to provide firefighting services, emergency medical services, or ambulance services; and
- (c) Means any volunteer member of a rescue unit as defined in section 25-3.5-103, C.R.S.

(8) "Carrier" means any entity that provides health coverage in this state, including a franchise insurance plan, a fraternal benefit society, a health maintenance organization, a nonprofit hospital and health service corporation, a sickness and accident insurance company, and any other entity providing a plan of health insurance or health benefits subject to the insurance laws and rules of Colorado.

(9) (a) "Case characteristics" means demographic characteristics that are considered by the carrier in the determination of premium rates for individuals and small employers.

(b) "Case characteristics" are limited to the following demographic characteristics, as further defined and determined by the commissioner by rule:

- (I) The age of covered individuals;
- (II) Geographic location of the policyholder;
- (III) Family size; and
- (IV) Tobacco use.

(10) "Catastrophic plan" means an individual health benefit plan that does not provide a bronze, silver, gold, or platinum level of coverage, as those coverage levels are described in section 10-16-103.4, and is available only to individuals under thirty years of age or who meet the eligibility requirements in federal law for participation in a catastrophic plan.

(11) "Child-only plan" means a health benefit plan issued on or after April 29, 2011, that provides coverage to an individual under twenty-one years of age. A "child-only plan" does not include coverage provided to a dependent under an individual or group health benefit plan.

(12) "Church plan" has the same meaning as set forth in 29 U.S.C. sec. 1002 (33) of the federal "Employee Retirement Income Security Act of 1974".

(13) "Commissioner" means the commissioner of insurance.

(14) "Control" has the same meaning as set forth in section 10-3-801 (3).

(15) "Covered person" means a person entitled to receive benefits or services under a health coverage plan.

(16) "Creditable coverage" means benefits or coverage provided under:

(a) Medicare, the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., or the children's basic health plan established pursuant to article 8 of title 25.5, C.R.S.;

(b) An employee welfare benefit plan or group health insurance or health benefit plan;

(c) An individual health benefit plan;

(d) A state health benefits risk pool; or

(e) Chapter 55 of title 10 of the United States Code, a medical care program of the federal Indian health service or of a tribal organization, a health plan offered under chapter 89 of title 5, United States Code, a public health plan, or a health benefit plan under section 5 (e) of the federal "Peace Corps Act", 22 U.S.C. sec. 2504 (e).

(16.5) "Dementia diseases and related disabilities" is a condition where mental ability declines and is severe enough to interfere with an individual's ability to perform everyday tasks. Dementia diseases and related disabilities includes Alzheimer's disease, mixed dementia, Lewy body dementia, vascular dementia, frontotemporal dementia, and other types of dementia.

(17) "Dependent" means a spouse, a partner in a civil union, an unmarried child under nineteen years of age, an unmarried child who is a full-time student under twenty-four years of age and who is financially dependent upon the parent, and an unmarried child of any age who is medically certified as disabled and dependent upon the parent. "Dependent" includes a designated beneficiary, as defined in section 15-22-103 (1), C.R.S., if an employer elects to cover a designated beneficiary as a dependent.

(17.5) "EISA" means the federal "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq.

(18) (a) "Eligible employee" means a full-time employee in a bona fide employer-employee relationship with an employer that has not been established for the purpose of obtaining a small group plan. The term does not include:

(I) An employee who works on a temporary or substitute basis;

(II) An individual and his or her spouse or partner in a civil union with respect to a trade or business, whether incorporated or unincorporated, that is wholly owned by the individual or by the individual and his or her spouse or partner in a civil union; or

(III) A partner in a partnership and his or her spouse or partner in a civil union with respect to the partnership; except that a partner and his or her spouse or partner in a civil union may participate in a small group plan established to cover one or more eligible employees of the partnership who are not partners in the partnership.

(b) Notwithstanding any provision of law to the contrary, an eligible employee of a small employer who could also be considered a dependent of the small employer must receive taxable income from the small employer in an amount equivalent to minimum wage for working full-time on a permanent basis in order to be considered an employee of the small employer.

(c) Nothing in this subsection (18) limits the employer's traditional ability to set valid and acceptable standards for employee eligibility based on the terms and conditions of employment, including a minimum weekly work requirement in excess of thirty hours and eligibility based upon salaried versus hourly workers and management versus nonmanagement employees.

(19) "Emergency service provider" means a local government, or an authority formed by two or more local governments, that provides firefighting and fire prevention services, emergency medical services, ambulance services, or search and rescue services, or a not-for-profit

nongovernmental entity organized for the purpose of providing any of those services through the use of bona fide volunteers.

(20) "Enrollee" means:

- (a) An individual who is or has been enrolled in a health maintenance organization;
- (b) An individual who is or has been enrolled in an individual or group prepaid dental care plan as a principal subscriber and includes the individual's dependents who are entitled to prepaid dental care services under the plan solely because of their status as dependents of the principal subscriber; or
- (c) An individual who is or has been enrolled in a health coverage plan.

(21) "Enrollee coverage" means a health coverage plan issued pursuant to this article to an enrollee setting out the coverage to which the enrollee is entitled under the health coverage plan.

(22) (a) "Essential health benefits" has the same meaning as set forth in section 1302 (b) of the federal "Patient Protection and Affordable Care Act", as amended, Pub.L. 111-148;

(b) "Essential health benefits" includes:

- (I) Ambulatory patient services;
- (II) Emergency services;
- (III) Hospitalization;
- (IV) Laboratory services;
- (V) Maternity and newborn care;
- (VI) Behavioral, mental health, and substance use disorder services, including behavioral health treatment;
- (VII) Pediatric services, including oral and vision care;
- (VIII) Prescription drugs;
- (IX) Preventive and wellness services and chronic disease management; and
- (X) Rehabilitative and habilitative services and devices.

(23) "Essential health benefits package" means the essential health benefits package required under section 1302 (a) of the federal act and includes coverage that:

- (a) Provides for the essential health benefits;
- (b) Limits cost sharing for this coverage in accordance with section 1302 (c) of the federal act; and

(c) For individual and small employer health benefit plans, provides bronze, silver, gold, or platinum levels of coverage described in section 1302 (d) of the federal act, as specified in section 10-16-103.4.

(24) "Established geographic service area" means the entire state of Colorado or, for plans that do not cover the entire state, any county within which the carrier is authorized to have arrangements established with providers to provide services.

(25) "Evidence of coverage" means any certificate, agreement, or contract issued to an enrollee by a health maintenance organization setting out the coverage to which the enrollee is or was entitled.

(26) "Exchange" means the Colorado health benefit exchange created in article 22 of this title.

(27) "Executive director" means the executive director of the department of public health and environment.

(27.5) "FDA" means the food and drug administration in the United States department of health and human services, or any successor entity.

(28) "Federal act" means the federal "Patient Protection and Affordable Care Act", Pub.L. 111-148, as amended by the federal "Health Care and Education Reconciliation Act of 2010", Pub.L. 111-152, and as may be further amended, including any federal regulations adopted under the federal act.

(29) "Federal law" includes the federal act, PHA, HIPAA, EISA, and any federal regulation implementing these federal acts.

(30) "Government plan" has the same meaning as set forth in 29 U.S.C. sec. 1002 (32) of the federal "Employee Retirement Income Security Act of 1974", and as in any federal governmental plan.

(31) "Grandfathered health benefit plan" means a health benefit plan provided to an individual or employer by a carrier on or before March 23, 2010, for as long as it maintains that status in accordance with federal law and includes any extension of coverage under an individual or employer health benefit plan that existed on or before March 23, 2010, to a dependent of an individual enrolled in the plan or to a new employee and his or her dependents who enroll in the employer health benefit plan. This article, as it existed prior to May 13, 2013, applies to grandfathered health benefit plans on and after May 13, 2013.

(32) (a) "Health benefit plan" means any hospital or medical expense policy or certificate, hospital or medical service corporation contract, or health maintenance organization subscriber contract or any other similar health contract subject to the jurisdiction of the commissioner available for use, offered, or sold in Colorado.

- (b) "Health benefit plan" does not include:
- (I) Accident only;
 - (II) Credit;
 - (III) Dental;
 - (IV) Vision;
 - (V) Medicare supplement;
 - (VI) Benefits for long-term care, home health care, community-based care, or any combination thereof;
 - (VII) Disability income insurance;
 - (VIII) Liability insurance including general liability insurance and automobile liability insurance;
 - (IX) Coverage for on-site medical clinics;
 - (X) Coverage issued as a supplement to liability insurance, workers' compensation, or similar insurance;
 - (XI) Automobile medical payment insurance; or
 - (XII) Specified disease, hospital confinement indemnity, or limited benefit health insurance if the types of coverage do not provide coordination of benefits and are provided under separate policies or certificates.
- (c) Solely with respect to section 10-16-118, "health benefit plan" excludes individual short-term limited duration health insurance policies.
- (33) "Health-care services" means any services included in or incidental to the furnishing of medical, behavioral, mental health, or substance use disorder; dental, or optometric care; hospitalization; or nursing home care to an individual, as well as the furnishing to any person of any other services for the purpose of preventing, alleviating, curing, or healing human physical illness or injury, or behavioral, mental health, or substance use disorder. "Health-care services" includes the rendering of the services through the use of telehealth, as defined in section 10-16-123 (4)(e).
- (34) "Health coverage plan" means a policy, contract, certificate, or agreement entered into, offered, or issued by a carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health-care services.
- (35) "Health maintenance organization" means any person who:

(a) Provides, either directly or through contractual or other arrangements with others, health-care services to enrollees; and

(b) Provides, either directly or through contractual or other arrangements with other persons, health-care services, including, at a minimum, emergency care, inpatient and outpatient hospital services, physician services, outpatient medical services, and laboratory and X-ray services; and

(c) Is responsible for the availability, accessibility, and quality of the health-care services provided or arranged.

(36) "Health status" means the determination by a carrier of the past, present, or expected risk of an individual or the employer due to the health conditions of the individual or the employees of the employer.

(37) "Health-status-related factor" means any of the following factors:

(a) Health status;

(b) Medical condition, including both physical illnesses and mental health disorders;

(c) Claims experience;

(d) Receipt of health care;

(e) Medical history;

(f) Genetic information;

(g) Evidence of insurability, including conditions arising out of acts of domestic violence; and

(h) Disability.

(38) "Hearing aid" means amplification technology that optimizes audibility and listening skills in the environments commonly experienced by the patient, including a wearable instrument or device designed to aid or compensate for impaired human hearing. "Hearing aid" includes any parts or ear molds.

(38.3) "HIPAA" means the federal "Health Insurance Portability and Accountability Act of 1996", Pub.L. 104-191.

(38.5) "HIV prevention drug" means preexposure prophylaxis, post-exposure prophylaxis, or other drugs approved by the FDA for the prevention of HIV infection.

(39) "Index rate" means the premium rate established for a market segment based on the total combined claims costs for providing essential health benefits within the single risk pool of that market segment.

(40) "Intermediary" means a person authorized by health-care providers to negotiate and execute provider contracts with carriers on behalf of such providers.

(40.5) (a) "Large employer" means any person that:

(I) Is actively engaged in business;

(II) Employed an average of more than fifty eligible employees on business days during the immediately preceding calendar year, except as provided in subsection (40.5)(c) of this section; and

(III) Was not formed primarily for the purpose of purchasing insurance.

(b) For purposes of determining whether an employer is a "large employer", the number of eligible employees is calculated using the method set forth in 26 U.S.C. sec. 4980H (c)(2)(E).

(c) In the case of an employer that was not in existence throughout the preceding calendar quarter, the determination of whether the employer is a large employer is based on the average number of employees that the employer is reasonably expected to employ on business days in the current calendar year.

(d) The following employers are single employers for purposes of determining the number of employees:

(I) A person or entity that is a single employer pursuant to 26 U.S.C. sec. 414 (b), (c), (m), or (o); and

(II) An employer and any predecessor employer.

(41) "Licensed health-care provider" has the same meaning as in section 10-4-601.

(42) "Local government" means any city, county, city and county, special district, or other political subdivision of this state.

(43) "Managed care plan" means a policy, contract, certificate, or agreement offered by a carrier to provide, deliver, arrange for, pay for, or reimburse any of the costs of health-care services through the covered person's use of health-care providers managed by, owned by, under contract with, or employed by the carrier because the carrier either requires the use of or creates incentives, including financial incentives, for the covered person's use of those providers.

(43.5) "MHPAEA" means the federal "Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008", Pub.L. 110-343, as amended, and all of its implementing and related regulations.

(44) "Minor child" means any person under eighteen years of age.

(45) "Network" means a group of participating providers providing services to a managed care plan. For the purposes of part 7 of this article, any subdivision or subgrouping of a network is considered a network if covered individuals are restricted to the subdivision or subgrouping for covered benefits under the managed care plan.

(46) "Participating provider" means a provider, either within or outside of Colorado, that, under a contract with a carrier or with its contractor or subcontractor, has agreed to provide health-care services to covered persons with an expectation of receiving payment, other than coinsurance, copayments, or deductibles, directly or indirectly, from the carrier.

(47) "Patient with diabetes" means a person with elevated blood glucose levels who has been diagnosed as having diabetes by an appropriately licensed health-care professional.

(48) "Person" means any individual, partnership, association, trust, or corporation and includes any hospital licensed or certified in this state, independent practice association of physicians, or professional service corporation for the practice of medicine.

(48.5) "PHA" means the federal "Public Health Service Act", 42 U.S.C. sec. 201 et seq.

(49) (a) "Pharmacy benefit management firm", "pharmacy benefit manager", or "PBM" means any entity doing business in this state that administers or manages prescription drug benefits, including claims processing services and other prescription drug or device services as defined in section 10-16-122.1, on behalf of any carrier that provides prescription drug benefits to residents of this state, either pursuant to a contract with the carrier or as an entity that is related to, associated by common or other ownership with, or otherwise associated with the carrier.

(b) "Pharmacy benefit management firm", "pharmacy benefit manager", or "PBM" does not include:

(I) A health-care facility licensed or certified by the department of public health and environment pursuant to section 25-1.5-103 (1)(a);

(II) A provider;

(III) A consultant who only provides advice as to the selection or performance of a pharmacy benefit management firm; or

(IV) A nonprofit health maintenance organization that offers managed care plans that provide a majority of covered professional services through a single, contracted medical group and that operates its own pharmacies.

(50) "Policy of sickness and accident insurance" means any policy or contract of insurance against loss or expense resulting from the sickness of the insured, the bodily injury or death of the insured by accident, or both.

(50.5) "Post-exposure prophylaxis" means a drug or drug combination that meets the same clinical eligibility recommendations provided in CDC guidelines, as defined in section 12-280-125.7.

(50.7) "Preexposure prophylaxis" means a drug or drug combination that meets the same clinical eligibility recommendations provided in CDC guidelines, as defined in section 12-280-125.7.

(51) "Premium" means all moneys paid as a condition of receiving coverage from a carrier, including any fees or other contributions associated with the health benefit plan.

(52) "Prepaid dental care plan" means any contractual arrangement through an entity organized pursuant to part 5 of this article to provide, either directly or through arrangements with others, dental care services to enrollees on a fixed prepayment basis or as a benefit of the enrollees' participation or membership in any other contract, agreement, or group.

(53) "Prepaid dental care plan organization" means any person who undertakes to conduct one or more prepaid dental care plans providing only dental care services.

(54) "Prepaid dental care services" means services included in the practice of dentistry, as defined in article 220 of title 12, that are provided to enrollees under a prepaid dental care plan.

(55) "Producer" means a person licensed by the division who solicits, negotiates, effects, procures, delivers, renews, continues, services, or binds health benefit plans and is licensed to conduct these activities in Colorado.

(56) "Provider" means any physician, dentist, optometrist, anesthesiologist, hospital, X ray, laboratory and ambulance service, or other person who is licensed or otherwise authorized in this state to furnish health-care services.

(57) "Rate increase" means an increase in the current rate.

(58) "Rating period" means the calendar period for which premium rates established by a carrier are assumed to be in effect.

(59) "Restricted network provision" means any provision of an individual or group health benefit plan that conditions the payment of benefits, in whole or in part, on the use of health-care providers that have entered into a contractual arrangement with the carrier to provide health-care services to covered individuals.

(59.5) "Rural independent pharmacy" means a prescription drug outlet that is privately owned by at least one licensed pharmacist with no ownership interest by or affiliation with a chain pharmacy or a publicly traded prescription drug outlet.

(60) "Short-term limited duration health insurance policy" or "short-term policy" means a nonrenewable individual health benefit plan with a specified duration of not more than six months that meets the following requirements:

(a) The policy is issued only to individuals who have not had more than one short-term policy providing the same or similar nonrenewable coverage from any carrier within the past twelve months and so states in all marketing materials, application forms, and policy forms. An applicant is eligible for coverage if a short-term carrier includes in its application form the following:

Have you or any other person to be insured been covered under two or more nonrenewable short-term policies during the past twelve months? If "yes", then this policy cannot be issued. You must wait six months from the date of your last such policy to apply for a short-term policy.

(b) The policy contains the following disclosure in ten-point or larger, bold-faced type in all marketing materials, application forms, and policy forms:

This policy does not provide portability of prior coverage. As a result, any injury, sickness, or pregnancy for which you have incurred charges, received medical treatment, consulted a health-care professional, or taken prescription drugs within twelve months before the effective date of this policy will not be covered under this policy.

(61)(a) Repealed.

(b) "Small employer" means any person that:

(I) Is actively engaged in business;

(II) Employed an average of at least one but not more than fifty eligible employees on business days during the immediately preceding calendar year, except as provided in subsection (61)(e) of this section; and

(III) Was not formed primarily for the purpose of purchasing insurance.

(c) For purposes of determining whether an employer is a "small employer", the number of eligible employees is calculated using the method set forth in 26 U.S.C. sec. 4980h (c)(2)(E).

(d) In order to be classified as a small employer with more than one employee when only one employee enrolls in the small employer's health benefit plan, the small employer shall submit to the small employer carrier the two most recent quarterly employment and tax statements substantiating that the employer had two or more eligible employees. Such small employer group shall also meet the participation requirements of the small employer carrier.

(e) In the case of an employer that was not in existence throughout the preceding calendar quarter, the determination of whether the employer is a small employer is based on the average number of employees that the employer is reasonably expected to employ on business days in the current calendar year.

(f) The following employers are single employers for purposes of determining the number of employees:

(I) A person or entity that is a single employer pursuant to 26 U.S.C. sec. 414 (b), (c), (m), or (o); and

(II) An employer and any predecessor employer.

(62) "Small employer carrier" means a carrier that offers health benefit plans covering eligible employees of one or more small employers in this state.

(63) "Small group sickness and accident insurance", "small group plan", and "small group policy" mean that form of group sickness and accident insurance issued by an entity subject to part 2 of this article, that form of group service or indemnity type contract issued by an entity organized pursuant to part 3 of this article, or that form of policy issued by an entity organized pursuant to part 4 of this article that provides coverage to small employers located in Colorado. These terms include a bona fide association plan if such plan provides coverage to one or more eligible employees of a small employer in Colorado.

(64) "Standing referral" means a referral by the covered person's primary care provider to a specialist or specialized treatment center participating in the carrier's network for ongoing treatment of a covered person.

(65) "Student health insurance coverage" means a type of individual health insurance coverage that is provided pursuant to a written agreement between an institution of higher education, as defined in the "Higher Education Act of 1965", and a health carrier and provided to students enrolled in that institution of higher education and their dependents, that:

(a) Does not make health insurance coverage available other than in connection with enrollment as a student, or as a dependent of a student, in the institution of higher education;

(b) Does not condition eligibility for health insurance coverage on any health-status-related factor related to a student or a dependent of a student; and

(c) Meets any additional requirement that may be imposed by law.

(66) "Targeted loss ratio" means the ratio of expected policy benefits over the entire future period for which the proposed rates are expected to provide coverage to the expected earned premium over the same period. The anticipated loss ratio shall be calculated on an incurred basis as the ratio of expected incurred losses to expected earned premium.

(67) "Uncovered expenditures" means the costs of those health-care services:

(a) That are covered under the health maintenance organization's health-care plans but are not guaranteed, insured, or assumed by a person or organization other than the health maintenance organization; or

(b) For which a provider has not agreed to hold enrollees harmless if the provider is not paid by the health maintenance organization.

(68) "Valid multistate association" means an association that has:

(a) Been in active existence for at least five years;

(b) Been organized and maintained in good faith for purposes other than to obtain insurance;

(c) A minimum of five hundred members;

(d) A constitution, charter, or bylaws that provide for regular meetings, at least annually, to further the purposes of the members;

(e) Collected dues or solicited contributions for members; and

(f) Provided the members with voting privileges and representation on the governing board and committees.

(69) "Waiting period" means, with respect to a group health benefit plan and an individual that is a potential participant or beneficiary in the plan, the period that must pass with respect to the individual, as determined by the plan sponsor, before the individual is eligible to be covered for benefits under the terms of the plan.

275), ch. 377, p. 2038, § 44, effective August 6; (59.5) added, (HB 25-1222), ch. 259, p. 1328, § 2, effective August 6.

Editor's note: (1) (a) The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

(b) Subsection (61)(e) and subsection (68) are similar to former §§ 10-16-105 (12) and 10-16-214 (2)(b), respectively, as they existed prior to 2013.

(2) The provisions of this section, including the amendments made by House Bill 94-1210, were renumbered in 1994 to conform to C.R.S. numbering format.

(3) Amendments to subsection (22.5) by House Bill 96-1082 and House Bill 96-1216 were harmonized.

(4) Amendments to subsection (40) by House Bill 02-1003 and House Bill 02-1013 were harmonized.

(5) Subsection (17) was numbered as subsection (14) in Senate Bill 13-011 (see L. 2013, p. 160). That provision was harmonized with this section as it appears in House Bill 13-1266.

(6) Subsection (61)(a)(II) provided for the repeal of subsection (61)(a), effective December 31, 2015. (See L. 2013, p. 903.)

(7) Subsections (40.5) and (61) are repealed when the conditions under § 10-16-105.1 (3.5)(e)(II) have occurred.

2002. For the legislative declaration in the 2011 act adding subsections (10.3) and (36.3), see section 1 of chapter 133, Session Laws of Colorado 2011. For the legislative declaration in SB 17-242, see section 1 of chapter 263, Session Laws of Colorado 2017. For the legislative declaration in SB 18-091, see section 1 of chapter 35, Session Laws of Colorado 2018. For the legislative declaration in HB 21-1068, see section 1 of chapter 439, Session Laws of Colorado 2021. For the legislative declaration in HB 21-1297, see section 1 of chapter 452, Session Laws of Colorado 2021. For the legislative declaration in HB 25-1222, see section 1 of chapter 259, Session Laws of Colorado 2025.

(3) In 2008, subsections (5.3), (36.5), and (43.7) were enacted by the "Fair Accountable Insurance Rates Act". For the short title and legislative declaration, see sections 1 and 2 of chapter 439, Session Laws of Colorado 2008.

(4) For the short title ("Behavioral Health Care Coverage Modernization Act") in HB 19-1269, see section 1 of chapter 195, Session Laws of Colorado 2019.

ANNOTATION

Annotator's note. Since § 10-16-102 is similar to § 10-8-101 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

There exists a presumption that a violent and unexplained death from external causes is accidental. *Simonton v. Continental Cas. Co.*, 32 Colo. App. 138, 507 P.2d 1132 (1973).

It is a question of fact for a jury. The question of whether decedent's drug dependency was a "sickness or disease" so as not to fall under decedent's accident insurance policy was a question of fact for the jury. *Simonton v. Continental Cas. Co.* 32 Colo. App. 138, 507 P.2d 1132 (1973).

Jury may find death from drug dependency is an accident. Where the jury determined that the drug dependency of the deceased was not a sickness or disease and that death was therefore caused by accident, this conclusion is supported by the evidence which demonstrated that decedent was using drugs for treatment of pain caused by pancreatitis, had been using drugs in this way for approximately 10 years, and, although there were instances when abuse of the drugs did result in decedent's intoxication, the evidence indicates these were only isolated incidents. *Simonton v. Continental Cas. Co.*, 32 Colo. App. 138, 507 P.2d 1132 (1973).

10-16-103. Proposal of mandatory health-care coverage provisions.

(1) Every person or organization which seeks legislative action which would mandate a health coverage or offering of a health coverage by an insurance carrier, nonprofit hospital and health-care service corporation, health maintenance organization, or prepaid dental care plan organization as a component of individual or group policies shall submit a report to the legislative committee of reference addressing both the social and financial impacts of such coverage, including the efficacy of the treatment or service proposed.

(2) Guidelines for assessing the impact of proposed mandated or mandatorily offered health coverage to the extent that information is available shall include, but not be limited to, the following:

(a) The social impact of such mandatory coverage, including, but not limited to, the following:

(I) The extent to which the treatment or service is generally utilized by a significant portion of the population;

(II) The extent to which the insurance coverage is already generally available to the general population;

(III) The extent to which the lack of coverage results in persons avoiding necessary health-care treatments;

(IV) The extent to which the lack of coverage results in unreasonable financial hardship;

(V) The level of public demand for the treatment or service, including the public level of demand for insurance coverage of such treatment or service;

(VI) The level of interest of collective bargaining agents in negotiating privately for inclusion of this coverage in group contracts;

(b) The financial impact of such mandatory coverage, including, but not limited to, the following:

(I) The extent to which the coverage will increase or decrease the cost of the treatment or service;

(II) The extent to which the coverage will increase the appropriate use of the treatment or service;

(III) The extent to which the mandated treatment or service will be a substitute for more expensive treatment or coverage;

(IV) The extent to which the coverage will increase or decrease the administrative expenses of insurance companies and the premium and administrative expenses of policyholders;

(V) The impact of this coverage on the total cost of health care in Colorado.

Editor's note: This section is similar to former § 10-8-125 as it existed prior to 1992.

10-16-103.3. Commission on mandated health insurance benefits - cash fund - purpose - creation - duties - repeal. (Repealed)

Source: L. 2003: Entire section added, p. 1791, § 1, effective May 20. **L. 2005:** (9) amended, p. 1026, § 1, effective June 2. **L. 2007:** (1)(b) amended, p. 176, § 4, effective March 22. **L. 2008:** (10) added, p. 2076, § 4, effective June 3.

Editor's note: Subsection (9) provided for the repeal of this section, effective July 1, 2010. (See L. 2005, p. 1026.)

10-16-103.4. Essential health benefits - requirements - rules.

(1) Carriers offering individual or small group health benefit plans in this state shall ensure that the coverage includes the essential health benefits package. This subsection (1) does not apply to grandfathered health benefit plans.

(2) Except as provided in subsection (3) of this section, carriers subject to subsection (1) of this section shall offer health benefit plans that provide at least one of the following levels of coverage:

(a) **Bronze level.** A health benefit plan in the bronze level provides a level of coverage designed to provide benefits actuarially equivalent to sixty percent of the full actuarial value of the benefits provided under the plan.

(b) **Silver level.** A health benefit plan in the silver level provides a level of coverage designed to provide benefits actuarially equivalent to seventy percent of the full actuarial value of the benefits provided under the plan.

(c) **Gold level.** A health benefit plan in the gold level provides a level of coverage designed to provide benefits actuarially equivalent to eighty percent of the full actuarial value of the benefits provided under the plan.

(d) **Platinum level.** A health benefit plan in the platinum level provides a level of coverage designed to provide benefits actuarially equivalent to ninety percent of the full actuarial value of the benefits provided under the plan.

(3) A carrier that offers an individual health benefit plan that does not provide a bronze, silver, gold, or platinum level of coverage, as described in subsection (2) of this section, meets the requirements of this section with respect to any policy year if the plan is a catastrophic plan, as defined in section 10-16-102 (10).

(4) If a carrier subject to subsection (1) of this section offers an individual health benefit plan in any level of coverage specified in subsection (2) of this section, the carrier shall also offer coverage in that level as child-only coverage.

(5) A carrier subject to subsection (1) of this section shall ensure that the annual cost-sharing and annual deductible limitations imposed under the health benefit plan it offers do not exceed the limitations under federal law.

(6) **Exclusion.** This section does not apply to stand-alone dental plans offered separately or in conjunction with a health benefit plan.

(7) The commissioner may adopt rules as necessary for the implementation and administration of this section and to ensure consistent requirements for pediatric dental benefits under this section regardless of the method by which a health benefit plan is purchased.

Source: L. 2013: Entire section added, (HB 13-1266), ch. 217, p. 919, § 2, effective May 13.
L. 2014: (7) amended, (HB 14-1053), ch. 7, p. 89, § 1, effective February 19.

10-16-103.5. Payment of premiums - required term in contract - rules - definition.

(1) (a) Every contract for a health benefit plan between a carrier and a policyholder shall require the policyholder to pay premiums for each individual covered under the policyholder's policy:

(I) Through the date that the policyholder notifies the carrier that the individual covered under the policy is no longer eligible or covered;

(II) Through the date that the policyholder notifies the carrier that the policyholder no longer intends to maintain coverage for the group through the carrier; or

(III) Through the date that the individual covered under the policy is no longer eligible or covered if the policyholder notifies the carrier within ten business days after the date that the individual is no longer eligible or covered because the individual left employment without notice to the employer or the individual is an employee whose employment was terminated for gross misconduct.

(b) Subsection (1)(a)(III) of this section does not apply if a dependent is no longer covered because the dependent becomes enrolled in the children's basic health plan, established pursuant to article 8 of title 25.5. If the dependent becomes enrolled in the children's basic health plan, the policyholder shall notify the carrier of the change in coverage at least thirty days prior to the date that the dependent is no longer covered.

(c) If the policyholder notifies the carrier within the ten-day period pursuant to subsection (1)(a)(III) of this section, the carrier is not required to provide benefits to the individual after the date that the individual is no longer eligible or covered under the policy, unless the individual elects to continue health insurance coverage pursuant to the federal "Consolidated Omnibus Budget Reconciliation Act of 1985", 29 U.S.C. sec. 1161 et seq., as amended, or section 10-16-108.

(d) Nothing in this subsection (1) precludes a carrier and policyholder from agreeing to a date other than a date specified in subsection (1)(a)(III) of this section.

(e) The commissioner may promulgate rules concerning the eligibility notifications in this subsection (1) in order to ensure consistency among policyholders and carriers.

(f) For the purposes of this subsection (1), "gross misconduct" means a deliberate wrongdoing by the employee that fundamentally undermines the relationship of trust and confidence between the employer and employee.

(2) Premiums shall be paid according to the premium payment provisions of the contract. The carrier shall include in the contract, in the billing notice, or in the application process for coverage, an option for the policyholder to make monthly premium payments and an option to make premium payments by automatic electronic transfer.

10-16-103.6. Copayment-only prescription payment structures - required inclusion in health benefit plans - rules.

(1) (a) In addition to the requirements in section 10-16-103.4 (2), for health benefit plans issued or renewed on or after January 1, 2023, each carrier that offers an individual or small group health benefit plan shall offer at least twenty-five percent of its health benefit plans on the exchange and at least twenty-five percent of its plans not on the exchange in each bronze, silver, gold, and platinum benefit level in each service area as copayment-only payment structures for all prescription drug cost tiers.

(b) For each copayment-only payment structure for prescription drugs:

(I) The copayment amount for the highest prescription drug cost tier must not be greater than one-twelfth of the health benefit plan's out-of-pocket maximum amount;

(II) The copayment amounts between the two highest prescription drug cost tiers must have a cost difference of at least ten percent;

(III) No more than fifty percent of the drugs on the prescription drug formulary used to treat a specific condition may be placed on the highest prescription drug cost tier; and

(IV) Each carrier shall use "Rx Copay" at the end of the marketing names for each copayment-only payment structure.

(2) The commissioner may promulgate rules to implement and enforce this section.

Source: L. 2022: Entire section added, (HB 22-1370), ch. 184, p. 1228, § 1, effective August 10.

10-16-104. Mandatory coverage provisions - applicability - rules - legislative declaration - definitions.

(1) **Newborn children.**

(a) All group and individual sickness and accident insurance policies and all service or indemnity contracts issued by any entity subject to part 3 or 4 of this article shall provide coverage for a dependent newborn child of the insured or subscriber from the moment of birth.

(b) (I) Coverage for a hospital stay for a newborn following a normal vaginal delivery shall not be limited to less than forty-eight hours. If forty-eight hours following delivery falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(II) Coverage for a hospital stay for a newborn following a cesarean section shall not be limited to less than ninety-six hours. If ninety-six hours following the cesarean section falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(III) The provisions of subparagraphs (I) and (II) of this paragraph (b) shall not apply in any case in which the decision to discharge the newborn prior to the minimum length of stay otherwise required under subparagraphs (I) and (II) of this paragraph (b) is made by an attending provider with the agreement of the mother.

(IV) Nothing in this paragraph (b) shall be construed to require a mother who is a participant or beneficiary to give birth in a hospital or to stay in the hospital for a fixed period of time after the birth of her child.

(V) Nothing in this paragraph (b) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan; except that such coinsurance or other cost sharing for any portion of a period within a hospital length of stay required under subparagraphs (I) and (II) of this paragraph (b) may not be greater than such coinsurance or cost sharing for any other sickness, injury, disease, or condition that is otherwise covered under the policy or contract.

(c) (I) Except as provided for cleft lip and cleft palate coverage in sub-subparagraph (A) of subparagraph (II) of this paragraph (c) and for inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids and for which medically standard methods of diagnosis, treatment, and monitoring exist pursuant to sub-subparagraph (A) of subparagraph (III) of this paragraph (c), the benefits available to newborn children shall consist of coverage of injury or sickness, including all medically necessary care and treatment of medically diagnosed congenital defects and birth abnormalities for the first thirty-one days of the newborn's life, notwithstanding policy limitations and exclusions applicable to other conditions or procedures covered by the policy. Except as provided in sub-subparagraph (C) of subparagraph (II) of this paragraph (c), such coverage shall be subject to copayment, deductible, and aggregate dollar policy maximums that are no higher than are generally applicable under the policy to all other sicknesses, diseases, and conditions otherwise covered under the policy.

(II) (A) With regard to newborn children born with cleft lip or cleft palate or both, there shall be no age limit on benefits for such conditions, and care and treatment shall include to the extent medically necessary: Oral and facial surgery, surgical management, and follow-up care by plastic surgeons and oral surgeons; prosthetic treatment such as obturators, speech appliances, and feeding appliances; medically necessary orthodontic treatment; medically necessary prosthodontic treatment; habilitative speech therapy; otolaryngology treatment; and audiological assessments and treatment.

(B) Cleft lip, cleft palate, or any condition or illness which is related to or developed as a result of the cleft lip or cleft palate shall be considered to be compensable for coverage under the provisions of sub-subparagraph (A) of this subparagraph (II).

(C) If a dental insurance policy, a contract for dental insurance, or an enrollee coverage contract issued pursuant to this article is in effect at the time of the birth, or is purchased after the birth, of a child with cleft lip or cleft palate or both, it shall provide fully for any orthodontics or dental care needed as a result of the cleft lip or cleft palate or both. Such policy or contract may contain the same copayment provisions for the coverage of cleft lip or cleft palate or both as apply to other conditions or procedures covered by the policy or contract.

(III) (A) Coverage for inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids as well as severe protein allergic conditions includes, without limitation, the following diagnosed conditions: Phenylketonuria; maternal phenylketonuria; maple syrup urine disease; tyrosinemia; homocystinuria; histidinemia; urea cycle disorders; hyperlysinemia; glutaric acidemias; methylmalonic acidemia; propionic acidemia; immunoglobulin E and nonimmunoglobulin E-mediated allergies to multiple food proteins; severe food protein induced enterocolitis syndrome; eosinophilic disorders as evidenced by the results of a biopsy; and impaired absorption of nutrients caused by disorders affecting the absorptive surface, function, length, and motility of the gastrointestinal tract. Covered care and treatment of such conditions shall include, to the extent medically necessary, medical foods for home use for which a physician who is a participating provider has issued a written, oral, or electronic prescription.

(B) There is no age limit on benefits for inherited enzymatic disorders specified in subparagraph (A) of this paragraph (III) except for phenylketonuria. The maximum age to receive benefits for phenylketonuria is twenty-one years of age; except that the maximum age to receive benefits for phenylketonuria for women who are of child-bearing age is thirty-five years of age.

(C) As used in this subparagraph (III), "medical foods" means prescription metabolic formulas and their modular counterparts and amino acid-based elemental formulas, obtained through a pharmacy, that are specifically designated and manufactured for the treatment of inherited enzymatic disorders caused by single gene defects involved in the metabolism of amino, organic, and fatty acids and for severe allergic conditions, if diagnosed by a board-certified allergist or board-certified gastroenterologist, for which medically standard methods of diagnosis, treatment, and monitoring exist. Such formulas are specifically processed or formulated to be deficient in one or more nutrients. The formulas for severe food allergies contain only singular form elemental amino acids. The formulas are to be consumed or administered enterally either via tube or oral route under the direction of a physician who is a participating provider. This sub-subparagraph (C) shall not be construed to apply to cystic fibrosis patients or lactose- or soy-intolerant patients.

(D) Coverage of medical foods, as provided under this subparagraph (III), shall only apply to insurance plans that include an approved pharmacy benefit and shall not apply to alternative medicines. Such coverage shall only be available through participating pharmacy providers. Nothing in this subparagraph (III) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost-sharing methods.

(d) If payment of a specific premium is required to provide coverage for a child, the policy may require that notification of birth of the newborn child and payment of the required premium must be furnished to the insurer or other entity within thirty-one days after the date of birth in order to have the coverage continue beyond such thirty-one-day period.

(e) The requirements of this section shall apply to all individual sickness and accident policies issued on and after July 1, 1975, and to all blanket and group sickness and accident policies issued, renewed, or reinstated on and after July 1, 1975, and to all subscriber or enrollee coverage contracts delivered or issued for delivery in this state on and after July 1, 1975.

(f) (I) Any contract of a prepaid dental plan of an entity subject to the provisions of part 5 of this article applied for that provides family coverage shall, as to such coverage of individuals in the family, also provide that the benefits applicable for children shall be payable with respect to a newly born child of the insured from the instant of such child's birth to the same extent that such coverage applies to other individuals in the family. If payment of a specific premium or capitation amount is required to provide coverage for a child, the contract may require that notification of birth of a newly born child and payment of the required premium or capitation amount shall be furnished to the organization within thirty-one days after the date of birth in order to have the coverage continue beyond the thirty-one-day period.

(II) The coverage for newborn children shall include any orthodontics or dental care needed as the result of the child being born with a cleft lip or cleft palate or both. The contract providing such coverage may contain the same copayment provisions as apply to other conditions or procedures covered by the contract.

(g) The health-care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (1) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(1.3) Early intervention services.

(a) As used in this subsection (1.3), unless the context otherwise requires:

(I) "Division" means the unit within the department of human services that is responsible for developmental disabilities services.

(II) "Early intervention services" means services as defined by the division in accordance with part C that are authorized through an eligible child's IFSP but that exclude nonemergency medical transportation; respite care; service coordination, as defined in 34 CFR 303.12 (d)(11); and assistive technology, unless assistive technology is covered under the applicable insurance policy or service or indemnity contract as durable medical equipment.

(III) "Eligible child" means an infant or toddler, from birth through two years of age, who is an eligible dependent and who, as defined by the department pursuant to section 26.5-3-402 (11), has significant delays in development or has a diagnosed physical or mental condition that has a high probability of resulting in significant delays in development or who is eligible for services pursuant to section 27-10.5-102 (11)(c).

(IV) "Individualized family service plan" or "IFSP" means a written plan developed pursuant to 20 U.S.C. sec. 1436 and 34 CFR 303.340 that authorizes early intervention services to an eligible child and the child's family. An IFSP shall serve as the individualized plan, pursuant to section 27-10.5-102 (20)(c), C.R.S., for an eligible child from birth through two years of age.

(V) "Part C" means the early intervention program for infants and toddlers who are eligible for services under part C of the federal "Individuals with Disabilities Education Act", 20 U.S.C. sec. 1400 et seq.

(VI) "Qualified early intervention service provider" or "qualified provider" means a person or agency, as defined by the division in accordance with part C, who provides early intervention services and is listed on the registry of early intervention service providers pursuant to section 26.5-3-408 (1).

(b) (I) All individual and group sickness and accident insurance policies or contracts issued or renewed by an entity subject to part 2 of this article on or after January 1, 2008, and all service or indemnity contracts issued or renewed by an entity subject to part 3 or 4 of this article on or after January 1, 2008, that include dependent coverage shall provide coverage for early intervention services delivered by a qualified early intervention service provider to an eligible child. Early intervention services specified in an eligible child's IFSP shall qualify as meeting the standard for medically necessary health-care services as used by private health insurance plans.

(II) (A) The coverage required by this subsection (1.3) must be available annually to an eligible child from birth up to the child's third birthday for early intervention services for each dependent child per calendar or policy year. The commissioner shall specify, by rule, the extent of the coverage for early intervention services required by this subsection (1.3), which, except for grandfathered health benefit plans, must require coverage of a number of early intervention services or visits that is actuarially equivalent to the dollar limit of the benefit as it existed prior to May 13, 2013.

(B) For grandfathered health benefit plans, the coverage required by this subsection (1.3) per calendar or policy year for early intervention services for each eligible dependent child from birth up to the child's third birthday is limited to six thousand three hundred sixty-one dollars, including case management costs. Effective January 1, 2014, and each January 1 thereafter, the commissioner shall annually adjust the dollar limit for early intervention services coverage based on the Denver-Aurora-Lakewood consumer price index or, if applicable, its predecessor or successor index for the state fiscal year that ends in the immediately preceding calendar year, or by an additional amount equal to the increase by the general assembly in the annual appropriated rate to serve one child for one fiscal year in the state-funded early intervention program if that increase is more than the consumer price index increase.

(III) Except as provided in paragraph (d) of this subsection (1.3), the coverage shall not be subject to deductibles or copayments, and any benefits paid under the coverage required by this subsection (1.3) shall not be applied to an annual or lifetime maximum benefit contained in the policy or contract. Unless the carrier agrees prior to the provision of early intervention services, a carrier shall not be required to pay a reimbursement rate for early intervention services provided by a nonparticipating provider that exceeds the reimbursement rate allowed for comparable early intervention services provided by a participating provider.

(IV) Any limit on the amount of coverage for early intervention services specified by the commissioner by rule pursuant to sub-subparagraph (A) of subparagraph (II) of this paragraph (b) or, for grandfathered health benefit plans, specified in sub-subparagraph (B) of subparagraph (II) of this paragraph (b) shall not apply to:

(A) Rehabilitation or therapeutic services that are necessary as the result of an acute medical condition or post-surgical rehabilitation;

(B) Services provided to a child who is not participating in part C and services that are not provided pursuant to an IFSP. However, such services shall be covered at the level specified in paragraph (b) of subsection (1.7) of this section.

(c) This subsection (1.3) shall not apply to the following:

(I) Short-term, accident, fixed indemnity, or specified disease policies, disability income contracts, limited benefit health insurance, as defined by the commissioner by rule, credit disability insurance, or a medicare supplement policy as defined in section 10-18-101 (4);

(II) Workers' compensation or similar insurance;

(III) Automobile medical payment insurance or insurance under which benefits are payable with or without regard to fault and required by law to be contained in any liability insurance policy or equivalent self-insurance.

(d) (I) The coverage required by this subsection (1.3) may be offered through a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223; except that a carrier may apply deductible amounts for the required coverage if it is not considered by the United States department of treasury to be preventive or to have an acceptable deductible amount.

(II) If a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223 requires a deductible or copayment amount for the coverage required by this subsection (1.3), the deductible or copayment amount may be paid by the state as determined by rules adopted by the commissioner in accordance with article 4 of title 24, C.R.S., in consultation with the division of insurance.

(d.5) (I) Upon notice from the department of early childhood pursuant to section 26.5-3-409 (1) that a child is eligible for early intervention services, the carrier shall submit payment of benefits for the eligible child in accordance with this subsection (1.3)(d.5)(I) and section 26.5-3-409 (1). If the eligible child is covered by a grandfathered health benefit plan, the carrier shall submit payment in the amount specified in subsection (1.3)(b)(II)(B) of this section, as adjusted annually pursuant to said subsection. If the eligible child is covered by any other policy or contract subject to this subsection (1.3), the carrier shall submit payment in an amount that equals the approximate value of the number of early intervention services or visits specified by the commissioner pursuant to subsection (1.3)(b)(II)(A) of this section.

(II) Qualified early intervention service providers that receive reimbursement in accordance with this paragraph (d.5) shall accept the reimbursement as payment in full for services provided under this subsection (1.3) and shall not seek additional reimbursement from either the covered person or the carrier.

(e) Within ninety days after the division determines that a child is no longer an eligible child for purposes of this subsection (1.3), the division shall notify the carrier that the child is no longer eligible and that the carrier is no longer required to provide the coverage required by this subsection (1.3) for that child.

(f) Use of available coverage under this subsection (1.3) for the cost of early intervention services is mandatory, consistent with the requirements of part C. An eligible child must fully utilize available coverage under this subsection (1.3) prior to accessing state general funds or federal part C funds. A carrier shall not terminate or fail to renew health coverage on the basis that an eligible child has accessed or will be accessing early intervention services under this subsection (1.3).

(g) Early intervention services shall be provided as specified in the eligible child's IFSP, and such services shall not duplicate or replace treatment for autism spectrum disorders provided in accordance with subsection (1.4) of this section. Services for the treatment of autism spectrum disorders provided in accordance with subsection (1.4) of this section shall be considered the

primary service to an eligible child, and early intervention services provided under this subsection (1.3) shall supplement, but not replace, services provided under subsection (1.4) of this section.

(1.4) Autism spectrum disorders.

(a) As used in this subsection (1.4), unless the context otherwise requires:

(I) "Applied behavior analysis" means the use of behavior analytic methods and research findings to change socially important behaviors in meaningful ways.

(II) "Autism services provider" means any person who provides direct services to a person with autism spectrum disorder, is licensed, certified, or registered by the applicable state licensing board or by a nationally recognized organization, and meets one of the following:

(A) Has a doctoral degree with a specialty in psychiatry, medicine, or clinical psychology, is actively licensed by the Colorado medical board, and has at least one year of direct experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders;

(B) Has a doctoral degree in one of the behavioral or health sciences and has completed one year of experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders;

(C) Has a master's degree or higher in behavioral sciences and is nationally certified as a "board certified behavior analyst" or certified by a similar nationally recognized organization;

(D) Has a master's degree or higher in one of the behavior or health sciences, is credentialed as a related services provider, and has completed one year of direct supervised experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism spectrum disorders. For the purposes of this sub-subparagraph (D), "related services provider" means a physical therapist, occupational therapist, or speech therapist.

(E) Has a baccalaureate degree or higher in behavioral sciences and is nationally certified as a "board certified associate behavior analyst" by the behavior analyst certification board or by a similar nationally recognized organization; or

(F) Is nationally registered as a "registered behavior technician" by the behavior analyst certification board or by a similar nationally recognized organization and provides direct services to a person with an autism spectrum disorder under the supervision of an autism services provider described in sub-subparagraph (A), (B), (C), (D), or (E) of this subparagraph (II).

(III) "Autism spectrum disorders" or "ASD":

(A) Has the same meaning as set forth in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders in effect at the time of the diagnosis; and

(B) Includes the following disorders, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders in effect at the time of the diagnosis: Autistic disorder, Asperger's disorder, and atypical autism as a diagnosis within pervasive developmental disorder not otherwise specified.

(IV) "Health benefit plan", does not include:

(A) Short-term limited duration health insurance policies; or

(B) Individual grandfathered health benefit plans.

(V) "Individualized education program" shall have the same meaning as provided in section 22-20-103, C.R.S.

(VI) "Individualized family service plan" shall have the same meaning as provided in section 27-10.5-102, C.R.S.

(VII) "Individualized plan" has the same meaning as provided in section 25.5-10-202, C.R.S.

(VIII) "Pharmacy care" means medications prescribed by a physician licensed by the Colorado medical board under the "Colorado Medical Practice Act", article 240 of title 12.

(IX) "Psychiatric care" means direct or consultative services provided by a psychiatrist licensed by the Colorado medical board under the "Colorado Medical Practice Act", article 240 of title 12.

(X) "Psychological care" means direct or consultative services provided by a psychologist licensed by the state board of psychologist examiners pursuant to part 3 of article 245 of title 12 or a social worker licensed by the state board of social work examiners pursuant to part 4 of article 245 of title 12.

(XI) "Therapeutic care" means services provided by a speech therapist; an occupational therapist or occupational therapy assistant licensed to practice occupational therapy pursuant to article 270 of title 12; a physical therapist licensed to practice physical therapy pursuant to article 285 of title 12; or an autism services provider. "Therapeutic care" includes, but is not limited to, speech, occupational, and applied behavior analytic and physical therapies.

(XII) "Treatment for autism spectrum disorders" shall be for treatments that are medically necessary. The treatments listed in this subparagraph (XII) are not considered experimental or investigational and are considered appropriate, effective, or efficient for the treatment of autism. "Treatment for autism spectrum disorders" shall include the following, as medically necessary:

(A) Evaluation and assessment services;

(B) Behavior training and behavior management and applied behavior analysis, including but not limited to consultations, direct care, supervision, or treatment, or any combination thereof, for autism spectrum disorders provided by autism services providers;

(C) Habilitative or rehabilitative care, including, but not limited to, occupational therapy, physical therapy, or speech therapy, or any combination of those therapies. For a person who is also covered under subsection (1.7) of this section, the level of benefits for occupational therapy, physical therapy, or speech therapy shall exceed the limit of twenty visits for each therapy if such therapy is medically necessary to treat autism spectrum disorders under this subsection (1.4).

(D) Pharmacy care and medication, if covered by the health benefit plan;

(E) Psychiatric care;

(F) Psychological care, including family counseling; and

(G) Therapeutic care.

(XIII) "Treatment plan" means a plan developed for an individual by an autism services provider and prescribed by a licensed physician or a licensed psychologist pursuant to a comprehensive evaluation or reevaluation for an individual consisting of the individual's diagnosis; proposed treatment by type, frequency, and anticipated treatment; the anticipated outcomes stated as goals; and the frequency by which the treatment plan will be updated. The treatment plan shall be developed in accordance with the patient-centered medical home as defined in section 25.5-1-103 (5.5), C.R.S.

(b) (I) All health benefit plans issued or renewed in this state must provide coverage for the assessment, diagnosis, and treatment of autism spectrum disorders for a child pursuant to this subsection (1.4).

(II) Nothing in this subsection (1.4):

(A) Requires or permits a carrier to reduce benefits provided for autism spectrum disorders if a health benefit plan already provides coverage that exceeds the requirements of this subsection (1.4) and rules adopted by the commissioner;

(B) Prevents a carrier from increasing benefits provided for autism spectrum disorders; or

(C) Limits coverage for physical or mental health benefits covered under a health benefit plan.

(c) Treatment for autism spectrum disorders shall be prescribed or ordered by a licensed physician or licensed psychologist.

(d) A health benefit plan offered to residents of this state providing basic health-care services that is delivered, issued for delivery, or renewed in this state shall not exclude autism spectrum

disorders or impose additional requirements for authorization of services that operate to exclude coverage for the assessment, diagnosis, and treatment of autism spectrum disorders.

(e) Except as otherwise provided in paragraph (b) of this subsection (1.4), the coverage required under this subsection (1.4) shall not be subject to dollar limits, deductibles, or coinsurance provisions that are less favorable to an insured than the dollar limits, deductibles, or coinsurance provisions that apply to physical illness generally under the health benefit plan. The benefits of this subsection (1.4) shall be in addition to any benefits provided for in subsections (1.3) and (1.7) of this section.

(f) Benefits provided by a carrier on behalf of a covered individual for any care, treatment, intervention, service, or item, the provision of which was for the treatment of a health condition not diagnosed as an autism spectrum disorder, shall not be applied toward any maximum benefit amount established under this subsection (1.4).

(g) A carrier may not deny or refuse to provide otherwise covered services, refuse to issue, renew, or reissue, or otherwise restrict or terminate coverage under a health benefit plan because the individual or his or her covered dependent is diagnosed with an autism spectrum disorder or due to the individual's or dependent's utilization of services for which benefits are mandated by this subsection (1.4).

(h) Any review of a treatment plan or any appeal of a decision regarding treatment shall be subject to the rules of the commissioner on prompt investigation of health plan claims involving utilization review and denial of benefits.

(i) Nothing in this subsection (1.4) shall be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education program, or an individualized plan. The services required to be covered by this subsection (1.4) shall be in addition to any services provided to an individual under an individualized family service plan, an individualized education program, or an individualized plan.

(j) Coverage under this subsection (1.4) is subject to all terms, conditions, definitions, restrictions, exclusions, limitations, and utilization review of health-care services that apply to any other coverage under the health benefit plan, including the treatment under the health benefit plan of services performed by participating and nonparticipating providers.

(1.5) (Deleted by amendment, L. 2009, (HB 09-1204), ch. 344, p. 1802, § 2, effective January 1, 2010.)

(1.7) Therapies for congenital defects and birth abnormalities.

(a) After the first thirty-one days of life, policy limitations and exclusions that are generally applicable under the policy may apply; except that all individual and group health benefit plans shall provide medically necessary physical, occupational, and speech therapy for the care and

treatment of congenital defects and birth abnormalities for a covered child from the child's third birthday to the child's sixth birthday.

(b) The level of benefits required in paragraph (a) of this subsection (1.7) shall be the greater of the number of such visits provided under the policy or plan or twenty therapy visits per year each for physical therapy, occupational therapy, and speech therapy. Said therapy visits shall be distributed as medically appropriate throughout the yearly term of the policy or yearly term of the enrollee coverage contract, without regard to whether the condition is acute or chronic and without regard to whether the purpose of the therapy is to maintain or to improve functional capacity.

(c) Repealed.

(d) The health-care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits required pursuant to this subsection (1.7) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) Complications of pregnancy and childbirth.

(a) Any sickness and accident insurance policy providing indemnity for disability due to sickness issued by an entity subject to the provisions of part 2 of this article and any individual or group service or indemnity contract issued by an entity subject to part 3 of this article shall provide coverage for a sickness or disease which is a complication of pregnancy or childbirth in the same manner as any other similar sickness or disease is otherwise covered under the policy or contract. Any sickness and accident insurance policy providing indemnity for disability due to accident shall provide coverage for an accident which occurs during the course of pregnancy or childbirth in the same manner as any other similar accident is covered under the policy.

(b) Any sickness and accident insurance policy providing coverage for sickness on an expense-incurred basis shall provide coverage for a sickness or disease which is a complication of pregnancy or childbirth in the same manner as any other similar sickness or disease is otherwise covered under the policy.

(3) Maternity coverage.

(a) (I) (A) All group sickness and accident insurance policies providing coverage within the state and issued to an employer by an entity subject to part 2 of this article 16, all group health service contracts issued by an entity subject to part 3 or 4 of this article 16 and issued to an employer, all individual sickness and accident insurance policies issued by an entity subject to part 2 of this article 16, and all individual health-care or indemnity contracts issued by an entity subject to part 3 or 4 of this article 16, except supplemental policies covering a specified disease or other limited benefit, must insure against the expense of normal pregnancy and childbirth or provide coverage for maternity care and provide coverage for contraception in the same manner

as any other sickness, injury, disease, or condition is otherwise covered under the policy or contract; except that coverage for contraception must be consistent with the requirements in section 10-16-104.2.

(B) Individual sickness and accident insurance policies or contracts may exclude coverage for pregnancy and delivery expenses on the grounds that pregnancy was a preexisting condition; except that the exclusion for a pregnancy as a preexisting condition under the policy or contract does not apply for any subsequent pregnancies. Group sickness and accident insurance policies or contracts must not exclude coverage for pregnancy and delivery expenses on the grounds that pregnancy was a preexisting condition.

(II) Coverage for a hospital stay following a normal vaginal delivery shall not be limited to less than forty-eight hours. If forty-eight hours following delivery falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(III) Coverage for a hospital stay following a cesarean section shall not be limited to less than ninety-six hours. If ninety-six hours following the cesarean section falls after 8 p.m., coverage shall continue until 8 a.m. the following morning.

(IV) The provisions of subparagraphs (II) and (III) of this paragraph (a) shall not apply in any case in which the decision to discharge prior to the minimum length of stay otherwise required under subparagraphs (II) and (III) of this paragraph (a) is made by an attending provider with the agreement of the mother.

(V) Nothing in this paragraph (a) shall be construed to require a mother who is a participant or beneficiary to give birth in a hospital or to stay in the hospital for a fixed period of time after the birth of her child.

(VI) Nothing in this paragraph (a) shall be construed as preventing a carrier from imposing deductibles, coinsurance, or other cost sharing in relation to benefits for hospital lengths of stay in connection with childbirth for a mother or newborn child under the plan; except that such coinsurance or other cost sharing for any portion of a period within a hospital length of stay required under subparagraphs (II) and (III) of this paragraph (a) may not be greater than such coinsurance or cost sharing for any other sickness, injury, disease, or condition that is otherwise covered under the policy or contract.

(VII) ***[Editor's note: Subsection (3)(a)(VII) is effective January 1, 2027.]*** Except for a standardized health benefit plan offered pursuant to section 10-16-1305, for a health benefit plan providing maternity coverage pursuant to this subsection (3) that is issued or renewed on or after January 1, 2027, the health benefit plan must provide coverage without cost sharing for up to three prenatal care office visits.

(b) The requirement in paragraph (a) of this subsection (3) shall not apply to policies or contracts purchased by employers who employ any number of full-time or part-time employees

in fewer than fifteen full-time employee positions or to employers who employ any number of full-time or part-time employees for not more than six consecutive months each year on a seasonal basis if such coverage as required in paragraph (a) of this subsection (3) is provided by the employer in one of the following methods:

(I) **Self-insurance.** All employers who elect under this subparagraph (I) to utilize self-insurance for providing this benefit shall provide written notice to affected employees and to the health insurance carrier of its choice to self-insure.

(II) A policy purchased from an insurance company authorized to do business in this state which meets all of the requirements of the division of insurance for that purpose;

(III) A contract issued by an entity subject to the provisions of part 3 or 4 of this article;

(IV) A combination of the methods of obtaining insurance authorized in subparagraphs (I) to (III) of this paragraph (b).

(c) An entity authorized under the provisions of part 3 or 4 of this article to issue service or indemnity-type contracts shall offer coverage for maternity care to both married and unmarried women in individual, nonfamily contracts and shall offer the same coverage and the same payment of costs for maternity benefits to unmarried women that it offers to married women.

(d) A carrier offering a health benefit plan in the state shall reimburse participating providers who provide covered health-care services related to labor and delivery within the scope of the provider's practice in a manner that:

(I) Promotes high-quality, cost-effective, and evidence-based care;

(II) Promotes high-value, evidence-based payment models; and

(III) Prevents risk in subsequent pregnancies.

(e) **Doula services - rules - definitions.**

(I) As used in this subsection (3)(e), unless the context otherwise requires:

(A) "Billing guidance" means guidance from the department of health care policy and financing concerning coverage and billing for doula services after consideration of the findings and recommendations for doula services resulting from the stakeholder process required pursuant to section 25.5-4-506.

(B) "Doula" means a trained birth companion who provides personal, nonmedical support to pregnant and postpartum people and their families prior to childbirth, during labor and delivery, and during the postpartum period and who has the qualifications and training required by the state.

(C) "Doula services" means services provided by a doula.

(D) "Medical assistance program" means the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5.

(II) In the large group market, maternity coverage pursuant to this subsection (3) must include coverage for doula services, to the extent practicable, for the same scope and duration of coverage that is included in the department of health care policy and financing's request submitted pursuant to section 25.5-4-506 for federal authorization for doula services under the medical assistance program. The benefit may include the same qualifications for individuals providing doula services as recommended in the billing guidance for individuals providing doula services under the medical assistance program.

(III) Except as provided in subsection (3)(e)(VI) of this section, in the individual and small group markets, maternity coverage pursuant to this subsection (3) must include coverage for doula services if the services are within the doula's area of professional competence and the doula services are:

(A) Currently reimbursed when rendered by any other health-care providers; or

(B) Covered as part of the maternity essential health benefit.

(IV) This subsection (3)(e) applies to, and the division shall implement the requirements of this subsection (3)(e) for, large employer health benefit plans issued or renewed in this state on or after July 1, 2025, or twelve months after the date on which the department of health care policy and financing submits its request pursuant to section 25.5-4-506 for federal authorization for doula services under the medical assistance program, whichever is later.

(V) With respect to individual and small group health benefit plans, the division shall:

(A) Review the actuarial review conducted pursuant to section 10-16-155.5 and submit to the federal department of health and human services the division's determination as to whether the benefit specified in this subsection (3)(e) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) Request that the federal department of health and human services confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(VI) This subsection (3)(e) applies to, and the division shall implement the requirements of this subsection (3)(e) for, individual and small group health benefit plans issued or renewed in this state upon the earlier of:

(A) Twelve months after the federal department of health and human services confirms the division's determination or otherwise informs the division that the coverage specified in this subsection (3)(e) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(B) The passage of more than three hundred sixty-five days since the division submitted its determination and request for confirmation pursuant to subsection (3)(e)(V) of this section, and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department's unreasonable delay a preclusion from requiring defrayal by the state.

(VII) The commissioner may promulgate rules as necessary to implement this subsection (3).

(4) (Deleted by amendment, L. 2009, (HB 09-1204), ch. 344, p. 1802, § 2, effective January 1, 2010.)

(5) Repealed.

(5.5) Behavioral, mental health, and substance use disorders - utilization review criteria - federal treatment limitation requirements - meaningful benefits - rules - definitions.

(a) (I) Every health benefit plan subject to part 2, 3, or 4 of this article 16, except those described in section 10-16-102 (32)(b), must provide coverage:

(A) For the prevention of, screening for, and treatment of behavioral, mental health, and substance use disorders that is no less extensive than the coverage provided for any physical illness, that complies with the requirements of the MHPAEA, and that does not discriminate in its benefit design against individuals because of their present or predicted behavioral, mental health, or substance use disorder;

(B) At a minimum, for the treatment of substance use disorders in accordance with the American Society of Addiction Medicine criteria for placement, medical necessity, and utilization management determinations as set forth in the most recent edition of "The ASAM Criteria: Treatment Criteria for Addictive, Substance-related, and Co-occurring Conditions"; except that the commissioner may identify by rule, in consultation with the department of health care policy and financing and the behavioral health administration in the department of human services, alternate nationally recognized and evidence-based substance-use-disorder-specific not-for-profit utilization review criteria that is consistent with generally accepted standards of substance use disorder care for placement, medical necessity, or utilization review, if the American Society of Addiction Medicine criteria are no longer available or relevant or do not follow best practices for substance use disorder treatment; and

(C) For medically necessary treatment of covered behavioral, mental health, and substance use disorder benefits, including services that are consistent with criteria, guidelines, or consensus recommendations from nationally recognized not-for-profit clinical specialty associations of the relevant behavioral, mental health, or substance use disorder specialty.

(I.5) (A) All utilization review and utilization review criteria must be consistent with current generally accepted standards of behavioral, mental health, and substance use disorder care.

(B) In conducting utilization review of covered services for the diagnosis, prevention, and treatment of behavioral or mental health disorders, a health benefit plan shall apply the criteria and guidelines set forth in the most recent version of the treatment criteria developed by unaffiliated nationally recognized not-for-profit clinical specialty associations of the relevant behavioral or mental health disorders. In conducting utilization review of covered services for the diagnosis, prevention, and treatment of substance use disorders, a health benefit plan shall apply the criteria specified in subsection (5.5)(a)(I)(B) of this section.

(C) In conducting utilization review relating to service intensity, level of care placement, or any other patient care decisions that are within the scope of the sources specified in subsections (5.5)(a)(I)(B) and (5.5)(a)(I.5)(B) of this section, a health benefit plan shall not apply different, additional, conflicting, or more restrictive utilization review criteria than the criteria set forth in those sources. If the requested service intensity or level of care placement is inconsistent with the health benefit plan's assessment using the relevant criteria, as part of any adverse benefit determination, the health benefit plan shall provide full detail of its assessment and the relevant criteria used in the assessment to the provider and the covered person.

(D) In conducting utilization review that is outside the scope of the criteria specified in subsections (5.5)(a)(I)(B) and (5.5)(a)(I.5)(B) of this section or related to advancements in technology or types of levels of care that are not addressed in the most recent versions of the sources specified in those subsections, a health benefit plan shall conduct utilization review in accordance with subsection (5.5)(a)(I.5)(A) of this section. If a health benefit plan purchases or licenses utilization review criteria pursuant to this subsection (5.5)(a)(I.5)(D), the health benefit plan shall verify and document before use that the criteria comply with the requirements of subsection (5.5)(a)(I.5)(A) of this section.

(E) A health benefit plan must not limit benefits or coverage for chronic behavioral, mental health, or substance use disorders to short-term symptom reduction at any level-of-care placement.

(II) (Deleted by amendment, L. 2013.)

(III) (A) Except as provided in subsections (5.5)(a)(III)(B) and (5.5)(a)(III)(C) of this section, any preauthorization or utilization review mechanism used in the determination to provide the coverage required by this subsection (5.5)(a) must be the same as, or no more restrictive than, that used in the determination to provide coverage for a physical illness. The commissioner shall adopt rules as necessary to implement and administer this subsection (5.5).

(B) A health benefit plan subject to this subsection (5.5) must provide coverage without prior authorization for a five-day supply of at least one of the FDA-approved drugs for the treatment of opioid dependence; except that this requirement is limited to a first request within a twelve-month period.

(C) A health benefit plan subject to this subsection (5.5) must provide coverage for at least one opiate antagonist, as defined in section 12-30-110 (7)(d).

(IV) In the event of a concurrent review for a claim for coverage of services for the prevention of, screening for, and treatment of behavioral, mental health, and substance use disorders, the service continues to be a covered service until the carrier notifies the covered person of the determination on the claim.

(V) A carrier offering a health benefit plan subject to the requirements of this subsection (5.5) shall:

(A) Comply with the nonquantitative treatment limitation requirements specified in 45 CFR 146.136 or 29 CFR 2590.712, or any successor regulation, regarding any limitations that are not expressed numerically but otherwise limit the scope or duration of benefits for treatment, which, in addition to the limitations and examples listed in 45 CFR 146.136 (c)(4)(ii) and (c)(4)(vi) or 29 CFR 2590.712 (c)(4)(ii) and (c)(4)(vi), or any successor regulation, and 78 Fed. Reg. 68246 (November 13, 2013) and 89 Fed. Reg. 77586 (September 23, 2024), include the methods by which the carrier establishes and maintains its provider networks pursuant to section 10-16-704 and responds to deficiencies in the ability of its networks to provide timely access to care;

(B) Comply with the financial requirements and quantitative treatment limitations specified in 45 CFR 146.136 (c)(2) and (c)(3) or any successor regulation or 29 CFR 2590.712 (c)(2) and (c)(3);

(C) Not apply any nonquantitative treatment limitations to benefits for behavioral, mental health, and substance use disorders that are not applied to medical and surgical benefits within the same classification of benefits;

(D) Establish procedures to authorize medically necessary treatment with an appropriate nonparticipating provider and to provide services to make available the covered service if a covered service is not available within established time and distance standards, and within a reasonable period, after a service is requested, and with the same coinsurance, deductible, or copayment requirements, accruing to in-network annual cost-sharing limits, as would apply if the services were provided by a participating provider, and at no greater cost to the covered person than if the services were obtained at or from a participating provider;

(E) If a covered person obtains a covered service from a nonparticipating provider because the covered service is not available within established time and distance standards, reimburse treatment or services for behavioral, mental health, or substance use disorders required to be covered pursuant to this subsection (5.5) that are provided by a nonparticipating provider using the same methodology the carrier uses to reimburse covered medical services provided by nonparticipating providers and, upon request, provide evidence of the methodology to the covered person or provider;

(F) Not reverse or alter a determination of medical necessity made pursuant to this subsection (5.5), including downgrading or bundling the coding of a claim, through a review or audit of a claim, except in cases of fraud or where the covered person did not have a valid policy when the service was provided.

(VI) If a health benefit plan provides any benefits for a mental health condition or substance use disorder in any classification of benefits, it must provide meaningful benefits for that mental health condition or substance use disorder in every classification in which medical or surgical benefits are provided. Whether the benefits provided are meaningful benefits is determined in comparison to the benefits provided for medical conditions and surgical procedures in the classification and requires, at a minimum, coverage of benefits for that condition or disorder in each classification in which the health benefit plan provides benefits for one or more medical conditions or surgical procedures. A health benefit plan does not provide meaningful benefits unless it provides benefits for a core treatment for that condition or disorder in each classification in which the health benefit plan provides benefits for a core treatment for one or more medical conditions or surgical procedures. A core treatment for a condition or disorder is a standard treatment or course of treatment, therapy, service, or intervention indicated by generally accepted standards of behavioral, mental health, and substance use disorder care. If there is no core treatment for a covered mental health condition or substance use disorder with respect to a classification, the health benefit plan is not required to provide benefits for a core treatment for such condition or disorder in that classification, but must provide benefits for such condition or disorder in every classification in which medical or surgical benefits are provided.

(b) The commissioner:

(I) May adopt rules as necessary to ensure that this subsection (5.5) is implemented and compliantly administered;

(II) May adopt rules to establish carrier utilization review compliance in accordance with subsection (5.5)(a)(I.5) of this section;

(III) May adopt rules as necessary to specify data testing requirements to determine plan design and application of parity compliance for nonquantitative treatment limitations using outcomes data;

(IV) May adopt rules to set standard definitions for coverage requirements, including processes, strategies, evidentiary standards, and other factors;

(V) May adopt rules to establish specific timelines for carrier compliance to provide comparative analysis information to the division for review, including the effect of a carrier's lack of sufficient comparative analyses to demonstrate compliance; and

(VI) May adopt rules to establish reasonable time periods and documentation of such time periods for visits with a provider for treatment of a behavioral, mental health, or substance use disorder after an initial visit with a provider.

(c) A carrier offering a managed care plan that does not cover services provided by an out-of-network provider may provide that the benefits required by this subsection (5.5) are covered benefits if the services are rendered by a provider who is designated by and affiliated with the managed care plan only if the same requirement applies for services for a physical illness.

(c.3) This subsection (5.5) applies to any individual, entity, or contracting provider that performs utilization review functions on behalf of a health benefit plan.

(c.5) A carrier offering a health benefit plan shall not adopt, impose, or enforce terms in its policies or provider agreement, in writing or in operation, that undermine, alter, or conflict with the requirements of this subsection (5.5).

(d) As used in this subsection (5.5):

(I) "Appropriate nonparticipating provider" means a provider who is accessible and has the training and experience necessary to provide age-appropriate, medically necessary treatment of a behavioral, mental health, or substance use disorder.

(II) "Behavioral, mental health, and substance use disorder":

(A) Means a condition or disorder, regardless of etiology, that may be the result of a combination of genetic and environmental factors and that falls under any of the diagnostic categories listed in the mental disorders section of the most recent version of the "International Statistical Classification of Diseases and Related Health Problems", the "Diagnostic and Statistical Manual of Mental Disorders", or the "Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood"; and

(B) Includes autism spectrum disorders, as defined in subsection (1.4)(a)(III) of this section.

(III) "Generally accepted standards of behavioral, mental health, and substance use disorder care" means standards of care and clinical practice that are generally recognized by health-care providers practicing in relevant clinical specialties such as psychiatry, psychology, clinical social work, psychiatric nursing, addiction medicine and counseling, and behavioral health treatment. Valid, evidence-based sources reflecting generally accepted standards of behavioral, mental health, and substance use disorder care include peer-reviewed scientific studies and medical literature; clinical practice guidelines and recommendations of nonprofit health-care provider professional associations, specialty societies, and federal government agencies; and drug labeling approved by the FDA.

(IV) "Medically necessary treatment" means a service or product addressing the specific needs of a patient for the purpose of screening, preventing, diagnosing, managing, or treating a

behavioral, mental health, or substance use disorder or its symptoms, including minimizing the progression of the disorder, in a manner that is:

(A) In accordance with the generally accepted standards of behavioral, mental health, and substance use disorder care;

(B) Clinically appropriate in terms of type, frequency, extent, site, and duration; and

(C) Not primarily for the economic benefit of the insurer or purchaser or for the convenience of the covered person, treating physician, or other health-care provider.

(V) "Utilization review" means prospectively, retrospectively, or concurrently reviewing and approving, modifying, delaying, or denying requests by health-care providers, covered persons, or their authorized representatives for coverage, based in whole or in part on medical necessity, or for out-of-network services required pursuant to subsection (5.5)(a)(V)(D) of this section.

(VI) "Utilization review criteria" means an evaluation of the necessity, appropriateness, and efficiency of the use of health-care services, procedures, and facilities, including out-of-network services required pursuant to subsection (5.5)(a)(V)(D) of this section. "Utilization review criteria" does not include an independent medical examination provided for in any policy.

(e) (I) This subsection (5.5) does not expand coverage requirements beyond the state essential health benefits benchmark plan as required pursuant to 45 CFR 156.111.

(II) If an exclusion for behavioral health, mental health, or substance use disorder services is not permitted under the MHPAEA, coverage for these services must meet the requirements of this subsection (5.5).

(6) Dependent children.

(a) No entity subject to the provisions of this article or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall refuse to accept and honor an otherwise valid claim for a covered benefit that is filed by either parent of a covered child, or by the state department of human services in the case of an assignment under section 26-13-106, C.R.S., who submits valid copies of medical bills. A claim submitted by a custodial parent who is not the insured under a policy issued by an entity subject to the provisions of this article or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall be deemed a valid assignment of benefits for payment to the health-care provider.

(b) An entity described in subsection (6)(a) of this section must not refuse to provide coverage for a dependent child under the health plan of the child's parent for the sole reason that:

(I) The child does not live in the home of the parent applying for the policy; or

(II) The child does not live in the insurer's service area, notwithstanding any other provision of law restricting enrollment to the persons who reside in an insurer's service area; or

(III) The child's parents were not married at the time of his or her birth; or

(IV) The child is not claimed as a dependent on the child's parent's federal or state income tax return.

(c) When a dependent child is enrolled in a health insurance plan of a parent with whom the child resides less than fifty percent of the time, the entity described in paragraph (a) of this subsection (6) shall:

(I) Provide to the dependent child's parent with whom the child resides the majority of the time information that is necessary for the dependent child to obtain medical benefits and services;

(II) Allow the parent described in subparagraph (I) of this paragraph (c), the health-care provider with such parent's approval, or the state to submit claims for covered services without the approval of the other parent;

(III) Make payments directly to the parent described in subparagraph (I) of this paragraph (c), the health-care provider, or the state medical assistance agency on claims submitted pursuant to subparagraph (II) of this paragraph (c).

(d) Whenever a parent of a dependent child with whom the child resides less than fifty percent of the time is subject to a court or an administrative order to provide health-care coverage for the dependent child, and such parent is eligible for family health-care coverage through the parent's employment, the entity described in paragraph (a) of this subsection (6) shall:

(I) Permit such parent to enroll the dependent child under the family coverage plan, regardless of any enrollment season restriction;

(II) Enroll the dependent child upon application for enrollment by the parent with whom the child resides the majority of the time, the state medical assistance agency, or the state child support enforcement agency or a delegate child support enforcement unit if the parent with whom the child resides less than fifty percent of the time is enrolled in a family coverage plan but fails to enroll the dependent child, regardless of any enrollment restrictions;

(III) Not cancel or revoke enrollment of the dependent child, or eliminate coverage for the dependent child, unless the insurer is provided with satisfactory written proof that:

(A) The court or administrative order for health-care coverage is no longer in effect; or

(B) The child is or will be enrolled in a comparable plan through another insurer, which enrollment takes effect no later than the effective date of the cancellation or revocation of enrollment or the elimination of coverage.

(e) An entity described in paragraph (a) of this subsection (6) shall not impose on the state medical assistance agency that is assigned the right to recover medical costs on behalf of a medical assistance recipient any requirement that is not imposed on or applicable to other agents or assignees.

(6.5) Adopted child - dependent coverage.

(a) Whenever an entity described in paragraph (a) of subsection (6) of this section offers coverage for dependent children under a health plan, the entity shall provide benefits to a child placed for adoption with an enrollee, policyholder, or subscriber under the same terms and conditions that apply to a natural dependent of an enrollee, policyholder, or subscriber, regardless of whether adoption of the child is final.

(b) An entity described in paragraph (a) of subsection (6) of this section shall not deny or restrict coverage to an adopted child of an enrollee, policyholder, or subscriber or a child placed for adoption with an enrollee, policyholder, or subscriber on the basis of a preexisting condition if the child would otherwise be eligible for enrollment or coverage and the adoption or placement occurs while the adoptive parent or parent with whom the child is placed is enrolled in the plan.

(c) For the purposes of this subsection (6.5), unless the context otherwise requires:

(I) "Child" means a person who has not attained eighteen years of age.

(II) "Placed for adoption" means circumstances under which a person assumes or retains a legal obligation to partially or totally support a child in anticipation of the child's adoption. A placement terminates at the time such legal obligation terminates.

(6.7) Medical assistance recipients - denial of coverage - liability to state.

(a) No entity subject to the provisions of this article, article 8 of this title, or section 607 (1) of the federal "Employee Retirement Income Security Act of 1974", as amended, shall refuse to enroll a person for the sole reason that the person is a medical assistance recipient for whom coverage is sought pursuant to section 25.5-4-210, C.R.S., or refuse to accept and honor an otherwise valid claim for a covered benefit which is filed in the case of an assignment under the provisions of articles 4, 5, and 6 of title 25.5, C.R.S.

(b) An entity subject to this subsection (6.7) that is liable as a third party for the medical costs of a medical assistance recipient or that recovers or may recover medical costs from a third party who is liable to a medical assistance recipient for medical costs is liable to the state pursuant to section 25.5-4-301 (4), C.R.S.

(c) The state is deemed to have acquired the rights as an assignee of the medical assistance recipient to any payment by a third party for medical costs.

(7) Repealed.

(8) Availability of hospice care coverage.

(a) As used in this subsection (8), unless the context otherwise requires:

(I) "Home health services" means home health services as defined in section 25.5-4-103 (7), C.R.S., which are provided by a home health agency certified by the department of public health and environment.

(II) "Hospice care" means hospice services provided to a terminally ill individual by a hospice care program, licensed and regulated by the department of public health and environment pursuant to sections 25-1.5-103 (1)(a)(I) and 25-3-101, C.R.S., or by others under arrangements made by such hospice care program.

(b) Notwithstanding any other provision of the law to the contrary, no individual or group policy of sickness and accident insurance issued by an insurer subject to the provisions of part 2 of this article and no plan issued by an entity subject to the provisions of part 3 of this article which provides hospital, surgical, or major medical coverage on an expense incurred basis shall be sold in this state unless a policyholder under such policy or plan is offered the opportunity to purchase coverage for benefits for the costs of home health services and hospice care which have been recommended by a physician as medically necessary. Nothing in this paragraph (b) shall require an insurer to offer coverages for which premiums would not cover expected benefits. This paragraph (b) shall not apply to any insurance policy, plan, contract, or certificate which provides coverage exclusively for disability loss of income, dental services, optical services, hospital confinement indemnity, accident only, or prescription drug services.

(c) The insurer or entity may adopt standards and criteria for eligibility to be applied to home health services programs and hospice care programs consistent with standards established in rules and regulations of the department of public health and environment.

(d) The commissioner, in consultation with the department of public health and environment, may establish by rule and regulation requirements for standard policy and plan provisions which state clearly and completely the criteria for and extent of insured coverage for home health services and hospice care. Such provisions shall be designed to facilitate prompt and informed decisions regarding patient placement and discharge.

(9) Repealed.

(10) Prostate cancer screening.

(a) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, which are delivered or issued for delivery within the state by an entity subject to the provisions of part 2 of this article and all individual and group health-care service or indemnity contracts issued by an entity subject to the provisions of part 3 or 4 of this article, as well as any other group health-care

coverage offered to residents of this state, shall provide coverage for annual screening for the early detection of prostate cancer in men over the age of fifty years and in men over the age of forty years who are in high-risk categories, which coverage by entities subject to part 2 or 3 of this article shall not be subject to policy deductibles. Such coverage shall be the lesser of sixty-five dollars per prostate cancer screening or the actual charge for such screening. Such benefit shall in no way diminish or limit diagnostic benefits otherwise allowable under a policy. This coverage shall be provided according to the following guidelines:

(I) The screening shall be performed by a qualified medical professional, including without limitation a urologist, internist, general practitioner, doctor of osteopathy, nurse practitioner, or physician assistant.

(II) The screening shall consist, at a minimum, of the following tests:

(A) A prostate-specific antigen ("PSA") blood test;

(B) Digital rectal examination.

(III) At least one screening per year shall be covered for any man fifty years of age or older.

(IV) At least one screening per year shall be covered for any man from forty to fifty years of age who is at increased risk of developing prostate cancer as determined by the man's physician for an entity subject to part 2 or 3 of this article, or as determined by a participating physician for an entity subject to part 4 of this article.

(b) The requirements of this subsection (10) shall apply to all individual sickness and accident insurance policies and health-care service or indemnity contracts issued on or after January 1, 1996, and to all group accident and sickness policies and group health-care service or indemnity contracts issued, renewed, or reinstated on or after January 1, 1996.

(c) For purposes of this subsection (10), "sickness and accident insurance policy" does not include short-term, accident, fixed indemnity, specified disease policies or disability income contracts, and limited benefit or credit disability insurance, or such other insurance as defined in section 10-18-101 (3) or by the commissioner. The term also does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and which is required by law to be contained in any liability insurance policy or equivalent self-insurance.

(d) The health-care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits provided pursuant to this subsection (10) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(11) Repealed.

(12) Hospitalization and general anesthesia for dental procedures for dependent children.

(a) All individual and all group sickness and accident insurance policies that are delivered or issued for delivery within the state by an entity subject to part 2 of this article and all individual and group health-care service or indemnity contracts issued by an entity subject to part 3 or 4 of this article, except supplemental policies that cover a specific disease or other limited benefit, must provide coverages for general anesthesia, when rendered in a hospital, outpatient surgical facility, or other facility licensed pursuant to section 25-3-101, C.R.S., and for associated hospital or facility charges for dental care provided to a dependent child, as dependent is defined in section 10-16-102 (17), of a covered person. Such dependent child shall, in the treating dentist's opinion, satisfy one or more of the following criteria:

- (I) The child has a physical, mental, or medically compromising condition; or
- (II) The child has dental needs for which local anesthesia is ineffective because of acute infection, anatomic variations, or allergy; or
- (III) The child is an extremely uncooperative, unmanageable, anxious, or uncommunicative child or adolescent with dental needs deemed sufficiently important that dental care cannot be deferred; or
- (IV) The child has sustained extensive orofacial and dental trauma.

(b) A carrier may:

(I) Require prior authorization for general anesthesia and outpatient surgical facilities or hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions; and

(II) Require that if coverage is provided through a managed care plan, the benefits mandated pursuant to this subsection (12) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the carrier; and

(III) Restrict coverage to include anesthesia provided by an anesthesia provider only during procedures performed by an educationally qualified specialist in pediatric dentistry or other dentist educationally qualified in a recognized dental specialty for which hospital privileges are granted or who is certified by virtue of completion of an accredited program of post-graduate hospital training to be granted hospital privileges.

(c) The provisions of this subsection (12) shall not apply to treatment rendered for temporal mandibular joint (TMJ) disorders.

(13) Diabetes.

(a) Any health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides hospital, surgical, or medical expense insurance shall provide coverage for diabetes that shall include equipment, supplies, and outpatient self-management training and education, including medical nutrition therapy if prescribed by a health-care provider licensed to prescribe such items pursuant to Colorado law, and, if coverage is provided through a managed care plan, such qualified provider shall be a participating provider in such managed care plan.

(b) Diabetes outpatient self-management training and education when prescribed shall be provided by a certified, registered, or licensed health-care professional with expertise in diabetes.

(c) The benefits provided in this subsection (13) are subject to the same annual deductibles or copayments established for all other covered benefits within a given policy.

(d) Private third-party payors shall not reduce or eliminate coverage due to the requirements of this subsection (13).

(14) Prosthetic devices.

(a) Any health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides hospital, surgical, or medical expense insurance shall provide coverage for benefits for prosthetic devices that equal those benefits provided for under federal laws for health insurance for the aged and disabled pursuant to 42 U.S.C. secs. 1395k, 1395l, and 1395m and 42 CFR 414.202, 414.210, 414.228, and 410.100, as applicable to this subsection (14).

(b) As used in this subsection (14), "prosthetic device" means an artificial device to replace, in whole or in part, an arm or leg.

(c) A health benefit plan may require prior authorization for prosthetic devices in the same manner that prior authorization is required for any other covered benefit.

(d) (I) Except as provided in subsection (14)(d)(II) of this section, covered benefits are limited to the most appropriate prosthetic device models that adequately meet the medical needs of the covered person as determined by the covered person's treating physician.

(II) With respect to a covered person, covered benefits include an additional prosthetic device or devices if the treating physician determines that the additional prosthetic device or devices are necessary to enable the covered person to engage in physical and recreational activities, including running, bicycling, swimming, climbing, skiing, snowboarding, and team and individual sports.

(III) The division shall submit to the federal department of health and human services:

(A) A determination as to whether the benefit specified in subsection (14)(d)(II) of this section is in addition to an essential health benefit that requires the state to defray the cost pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department confirm the division's determination within sixty days after receiving the division's submission.

(IV) Subsection (14)(d)(II) of this section applies to, and the division shall implement the requirements for, large employer policies and contracts issued or renewed on or after January 1, 2025. Subsection (14)(d)(II) of this section applies to, and the division shall implement the requirements for, individual and small group policies and contracts issued on or after January 1, 2025, if:

(A) The division receives confirmation or any other notification from the federal department of health and human services that the coverage specified in subsection (14)(d)(II) of this section does not constitute an additional benefit that requires the state to defray the cost pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(B) The federal department of health and human services fails to respond to the request submitted by the division pursuant to subsection (14)(d)(III) of this section within three hundred sixty-five days after submission of the request, in which case the division shall consider the federal department's unreasonable delay a confirmation that the coverage specified in subsection (14)(d)(II) of this section does not require the state to defray the cost pursuant to 42 U.S.C. sec. 18031 (d)(3)(B).

(e) Repairs and replacements of prosthetic devices are also covered, subject to copayments and deductibles, unless necessitated by misuse or loss.

(f) A carrier may require that, if coverage is provided through a managed care plan, the benefits mandated pursuant to this subsection (14) shall be covered benefits only if the prosthetic devices are provided by a vendor and prosthetic services are rendered by a provider who contracts with or is designated by the carrier, to the extent that a carrier provides in-network and out-of-network services, the coverage for the prosthetic device shall be offered no less extensively.

(15) and (16) Repealed.

(17) Human papillomavirus vaccines - rules - definition.

(a) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, that are delivered or issued for delivery within the state by an entity subject to part 2 of this article 16 and all individual and group health-care service or indemnity contracts issued by an entity subject to part 3 or 4 of this article 16, as well as any other group health-care coverage offered to residents of

this state, shall provide coverage for the full cost of human papillomavirus vaccination for all individuals for whom a vaccination is recommended by the ACIP. If the ACIP no longer recommends human papillomavirus vaccinations, the commissioner may adopt rules to require coverage in accordance with subsection (18) of this section.

(b) The requirements of this subsection (17) shall apply to all individual sickness and accident insurance policies and health-care service or indemnity contracts issued on or after January 1, 2008, and to all group accident and sickness policies and group health-care service or indemnity contracts issued, renewed, or reinstated on or after January 1, 2008.

(c) For purposes of this subsection (17), "sickness and accident insurance policy" does not include short-term, accident, fixed indemnity, specified disease policies or disability income contracts, and limited benefit or credit disability insurance, or such other insurance as described in section 10-18-101 (3) or by the commissioner. The term also does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, or insurance under which benefits are payable with or without regard to fault and which is required by law to be contained in a liability insurance policy or equivalent self-insurance.

(d) The health-care service plan issued by an entity subject to the provisions of part 4 of this article may provide that the benefits provided pursuant to this subsection (17) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(e) As used in this subsection (17), "ACIP" has the meaning set forth in subsection (18)(c)(I) of this section.

(18) Prevention health-care services - legislative declaration - rules - definitions.

(a) (I) The following policies and contracts that are issued or renewed in this state must provide coverage for the total cost of the preventive health-care services specified in subsections (18)(b), (18)(b.3), (18)(b.7), and (18)(b.8) of this section:

(A) All individual and all group sickness and accident insurance policies, except supplemental policies covering a specified disease or other limited benefit, that are delivered or issued for delivery within the state by an entity subject to part 2 of this article;

(B) All individual and group health-care service or indemnity contracts issued by an entity subject to part 3 or 4 of this article; and

(C) Any other individual or group health-care coverage offered to residents of this state.

(II) Repealed.

(III) (A) Except as provided in subsection (18)(a)(III)(B) of this section, coverage required by this subsection (18) is not subject to policy deductibles, copayments, or coinsurance.

(B) For purposes of grandfathered health benefit plans, coverage required by this subsection (18) is not subject to policy deductibles or coinsurance. Copayments may apply as required by the grandfathered health benefit plan.

(b) The coverage required by this subsection (18) must include coverage for the preventive health-care services listed in subsections (18)(b)(I) to (18)(b)(XI) of this section in accordance with the A or B recommendations of the task force, recommendations established by the ACIP, or preventive care and screening as provided for in the comprehensive guidelines. If the A or B recommendations of the task force, the ACIP, or the comprehensive guidelines are repealed, modified, or otherwise no longer in effect, the commissioner may adopt rules to require compliance with the guidelines or recommendations that were in effect in January 2025, or that comply with the recommendations of the nurse-physician advisory task force for Colorado health care created in section 12-30-105 and developed in compliance with the requirements set forth in section 12-30-105 (5), that apply to coverage of the following preventive health-care services:

(I) Unhealthy alcohol use screening for adults, depression screening for adolescents and adults, and perinatal maternal counseling for persons at risk. The services specified in this section may be provided by a primary care provider, behavioral health-care provider, as defined in section 25-1.5-502 (1.3), or mental health professional licensed or certified pursuant to article 245 of title 12.

(II) Cervical cancer screening;

(III) Repealed.

(IV) Cholesterol screening for lipid disorders;

(V) (A) Colorectal cancer screening coverage for tests for the early detection of colorectal cancer and adenomatous polyps.

(B) In addition to covered persons eligible for colorectal cancer screening coverage in accordance with the A or B recommendations of the task force, colorectal cancer screening coverage required by this subparagraph (V) shall also be provided to covered persons who are at high risk for colorectal cancer, including covered persons who have a family medical history of colorectal cancer; a prior occurrence of cancer or precursor neoplastic polyps; a prior occurrence of a chronic digestive disease condition, such as inflammatory bowel disease, Crohn's disease, or ulcerative colitis; or other predisposing factors as determined by the provider.

(VI) Child health supervision services and childhood immunizations pursuant to the schedule established by the ACIP;

(VII) Influenza vaccinations pursuant to the schedule established by the ACIP;

(VIII) Pneumococcal vaccinations pursuant to the schedule established by the ACIP;

(IX) Tobacco use screening of adults and tobacco cessation interventions by primary care providers;

(X) (A) Any other preventive services included in the A or B recommendation of the task force or required by federal law; any other recommendations established by the ACIP; or any other preventive care and screening, as provided for in the comprehensive guidelines.

(B) This subsection (18)(b)(X) does not apply to grandfathered health benefit plans.

(XI) (A) Counseling, prevention, and screening for a sexually transmitted infection, as defined in section 25-4-402 (10); except that the coverage under this subsection (18)(b)(XI) must be provided to all covered persons regardless of the covered person's gender.

(B) The division shall submit to the federal department of health and human services its determination as to whether the benefit specified in this subsection (18)(b)(XI) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B) and a request that the federal department confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(C) This subsection (18)(b)(XI) applies to large employer policies or contracts issued or renewed on or after January 1, 2022, and to individual and small group policies and contracts issued on or after January 1, 2023, and the division shall implement the requirements of this subsection (18)(b)(XI) if the division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (18)(b)(XI) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); the federal department of health and human services has otherwise informed the division that the coverage does not require state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or more than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (18)(b)(XI) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department's unreasonable delay a preclusion from requiring defrayal by the state.

(b.3) For health benefit plans issued or renewed on or after January 1, 2025, if counseling, prevention, and screening for a sexually transmitted infection, as required in subsection (18)(b)(XI) of this section, are covered services, the health benefit plan must provide the coverage without cost sharing, regardless of the covered person's gender, and the coverage must include, consistent with task force requirements, coverage for HIV prevention drugs and services necessary for initiation and continued use of HIV prevention drugs, including office visits, testing, vaccinations, and monitoring services.

(b.5) (I) The coverage required pursuant to this subsection (18) must include a preventive breast cancer screening study that is within appropriate use guidelines as determined by the American College of Radiology, the National Comprehensive Cancer Network, or their successor entities.

(II) Notwithstanding other coverage provisions of subsection (18)(b.5)(I) of this section, a policy or contract subject to this subsection (18) must cover an annual breast cancer screening using the appropriate noninvasive imaging modality or combination of modalities recognized by the American College of Radiology or the National Comprehensive Cancer Network, or their successor entities, for all individuals possessing at least one risk factor for breast cancer, including:

- (A) A family history of breast cancer;
- (B) Being forty years of age or older; or
- (C) An increased lifetime risk of breast cancer determined by a risk factor model, such as Tyrer-Cuzick, BRCAPRO, or Gail, or by other clinically appropriate risk assessment models.

(III) The coverage required pursuant to this subsection (18)(b.5) must include:

(A) A medically necessary and appropriate diagnostic examination of the breast that is used to evaluate an abnormality seen or suspected from a screening examination for breast cancer or used to evaluate an abnormality detected by another means of examination; and

(B) A medically necessary and appropriate supplemental examination of the breast that is used to screen for breast cancer when there is no abnormality seen or suspected and that is based on personal or family medical history or additional factors that increase the individual's risk of breast cancer, including heterogeneously or extremely dense breasts.

(IV) The coverage required pursuant to this subsection (18)(b.5) must cover the following services, without cost-sharing requirements, including deductibles, coinsurance, copayments, or any maximum limitation on the application of such deductibles, coinsurance, or copayments or similar out-of-pocket expenses:

- (A) Breast cancer screening studies;
- (B) Diagnostic examinations of the breast that are medically necessary and appropriate, in accordance with the National Comprehensive Cancer Network guidelines, including such an examination using contrast-enhanced mammography, diagnostic mammography, breast magnetic resonance imaging, breast ultrasound, or molecular breast imaging; and
- (C) Supplemental examinations of the breast that are medically necessary and appropriate, in accordance with the National Comprehensive Cancer Network guidelines, including such an

examination using contrast-enhanced mammography, breast magnetic resonance imaging, breast ultrasound, or molecular breast imaging.

(V) If application of this subsection (18) would make a covered person's health savings account contributions ineligible under section 223 of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 223, this subsection (18) applies to the deductible applicable to the covered person's health benefit plan after the covered person has satisfied the minimum deductible amount under 26 U.S.C. sec. 223; except that, with respect to items or services that are preventive care pursuant to 26 U.S.C. sec. 223 (c)(2)(C), this subsection (18) applies, regardless of whether the minimum deductible under 26 U.S.C. sec. 223 has been satisfied.

(b.7) (I) For large employer policies and contracts issued or renewed on or after January 1, 2022, and for individual and small group policies and contracts issued or renewed on or after January 1, 2023, the coverage required by this subsection (18) must include an annual mental health wellness examination of up to sixty minutes that is performed by a qualified mental health-care provider. The coverage for an annual mental health wellness examination must be no less extensive than the coverage provided for a physical examination and must comply with the requirements of the MHPAEA.

(II) The division shall conduct an actuarial study to determine the effect, if any, the coverage required by this subsection (18)(b.7) has on premiums.

(III) Within one hundred twenty days after July 6, 2021, the division shall submit to the federal department of health and human services:

(A) Its determination as to whether the coverage specified in this subsection (18)(b.7) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(IV) This subsection (18)(b.7) applies to large employer policies or contracts issued or renewed on or after January 1, 2022, and to individual and small group policies and contracts issued on or after January 1, 2023, and the division shall implement the requirements of this subsection (18)(b.7), if:

(A) The division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (18)(b.7) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B);

(B) The federal department of health and human services has informed the division that the coverage does not require state defrayal; or

(C) More than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (18)(b.7) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department's unreasonable delay a preclusion from requiring defrayal by the state.

(b.8) (I) The coverage required by this subsection (18) must include annual kidney function screening services designed to identify patients at risk for chronic kidney disease, including glomerular filtration rate, or "GFR", testing and urine testing for screening albumin and creatinine levels.

(II) All large employer health benefit plans issued or renewed in this state on or after January 1, 2027, shall provide coverage for kidney function screening services.

(III) (A) Except as provided in subsection (18)(b.8)(III)(B) of this section, and to the extent that such coverage is not in addition to benefits provided pursuant to the state benchmark plan required pursuant to 45 CFR 156.111, all individual and small group health benefit plans issued or renewed in this state on or after January 1, 2028, shall provide coverage for kidney function screening services.

(B) Subsection (18)(b.8)(III)(A) of this section is inoperative and the state shall not assume an obligation for the coverage required pursuant to subsection (18)(b.8)(III)(A) of this section if the division determines that the benefit specified in subsection (18)(b.8)(III)(A) of this section requires state defrayal of the cost of coverage pursuant to a provision of the federal act, including 42 U.S.C. sec. 18031 (d)(3)(B) or a successor provision, and the implementing regulations or the state is otherwise required to defray the cost of coverage required pursuant to subsection (18)(b.8)(III)(A) of this section.

(IV) The coverage required by this subsection (18)(b.8) may be offered through a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223; except that a carrier may apply deductible amounts for the required coverage if it is not considered by the United States department of the treasury to be preventive or to have an acceptable deductible.

(c) As used in this subsection (18):

(I) "ACIP" means the advisory committee on immunization practices to the centers for disease control and prevention in the federal department of health and human services, or any successor entity.

(II) "A recommendation" means a recommendation adopted by the task force that strongly recommends that clinicians provide a preventive health-care service because the task force found there is a high certainty that the net benefit of the preventive health-care service is substantial.

(III) "B recommendation" means a recommendation adopted by the task force that recommends that clinicians provide a preventive health-care service because the task force found there is a high certainty that the net benefit is moderate or there is moderate certainty that the net benefit is moderate to substantial.

(III.5) "Breast cancer screening study" and "breast imaging" mean:

(A) A mammogram, with or without a clinical exam, for individuals at average risk;

(B) A mammogram or other noninvasive imaging modality or modalities, as recommended by the medical provider; or

(C) A mammogram, with or without a clinical exam, and medically recommended subsequent noninvasive imaging modality or modalities that fall within appropriate use guidelines as determined by the American College of Radiology, the National Comprehensive Cancer Network, or their successor entities, for the early detection of breast cancer for individuals at average risk who have an incomplete mammogram result or for individuals at high risk.

(III.6) "Comprehensive guidelines" means the following comprehensive guidelines supported by the health resources and services administration in the United States department of health and human services:

(A) Preventive care and screening for women; and

(B) Evidence-informed preventive care and screening for infants, children, and adolescents.

(III.7) "Mental health wellness examination" means an examination that seeks to identify any behavioral or mental health needs and appropriate resources for treatment. The examination may include:

(A) Observation; a behavioral health screening; education and consultation on healthy lifestyle changes; referrals to ongoing treatment, mental health services, and other necessary supports; and discussion of potential options for medication; and

(B) Age-appropriate screenings or observations to understand a covered person's mental health history, personal history, and mental or cognitive state and, when appropriate, relevant adult input through screenings, interviews, and questions.

(III.9) "Qualified mental health-care provider" means:

(A) A physician licensed to practice medicine pursuant to article 240 of title 12 who has specific board certification or training in psychiatry or other mental or behavioral health-care areas;

(B) A physician assistant licensed pursuant to article 240 of title 12 who has training in psychiatry or mental health;

(C) A psychologist licensed pursuant to part 3 of article 245 of title 12;

(D) A clinical social worker licensed pursuant to part 4 of article 245 of title 12;

(E) A marriage and family therapist licensed pursuant to part 5 of article 245 of title 12;

(F) A professional counselor licensed pursuant to part 6 of article 245 of title 12;

(G) An addiction counselor licensed pursuant to part 8 of article 245 of title 12; or

(H) An advanced practice registered nurse, as defined in section 12-255-104 (1), with specific training in psychiatric nursing.

(IV) "Task force" means the U.S. preventive services task force, or any successor organization, sponsored by the agency for healthcare research and quality, the health services research arm of the federal department of health and human services.

(d) The health-care service plan issued by an entity subject to part 4 of this article may provide that the benefits provided pursuant to this subsection (18) shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(e) (I) A carrier shall reimburse a pharmacist employed by an in-network pharmacy for prescribing and dispensing HIV prevention drugs to a covered person. A carrier shall provide a pharmacist who prescribes and dispenses HIV prevention drugs to a covered person pursuant to section 12-280-125.7 an adequate consultative fee or, if medical billing is not available, an enhanced dispensing fee, that is equivalent or that is provided to a physician or advanced practice registered nurse.

(II) This subsection (18)(e) does not apply to an integrated health-care delivery system that dispenses a majority of prescription drugs through integrated pharmacies.

(f) The commissioner may adopt rules as necessary to implement and enforce this subsection (18), including rules that require coverage of additional preventive health-care services not listed in subsections (18)(b)(I) to (18)(b)(XI) of this section as recommended by the task force, ACIP, comprehensive guidelines, or nurse-physician advisory task force for Colorado health care.

(g) A health insurance policy that qualifies for a health savings account pursuant to 26 U.S.C. sec. 223 is exempt from subsections (18)(b) and (18)(f) of this section to the extent the exemption is necessary to allow the policy to qualify for a health savings account pursuant to the requirements in the federal law.

(18.1) Contraception.

(a) Policies or contracts described in subsection (18)(a)(I) of this section issued or renewed in this state must provide coverage for the total cost of contraception, as defined in section 2-4-401 (1.5).

(b) The coverage required by this subsection (18.1) is not subject to policy deductibles, copayments, or coinsurance.

(c) This subsection (18.1) does not apply to grandfathered health benefit plans.

(d) (I) The division shall submit to the federal department of health and human services:

(A) Its determination as to whether the benefit specified in this subsection (18.1) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(II) This subsection (18.1) applies to large employer policies or contracts issued or renewed on or after January 1, 2022, and to individual and small group policies and contracts issued on or after January 1, 2023, and the division shall implement the requirements of this subsection (18.1), if:

(A) The division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (18.1) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B);

(B) The federal department of health and human services has otherwise informed the division that the coverage does not require state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(C) More than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (18.1) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department's unreasonable delay a preclusion from requiring defrayal by the state.

(19) Hearing aids for children - legislative declaration.

(a) The general assembly hereby finds and determines that the language development of children with partial or total hearing loss may be impaired due to the hearing loss. Children learn the concept of spoken language through auditory stimuli, and the language skills of children who have hearing loss improve when they are provided with hearing aids and access to visual language upon the discovery of hearing loss. The general assembly therefore declares that

providing hearing aids to children with hearing loss will reduce the costs borne by the state, including special education, alternative treatments that would otherwise be necessary if a hearing aid were not provided, and other costs associated with such hearing loss.

(b) Any health benefit plan that provides hospital, surgical, or medical expense insurance, except supplemental policies covering a specified disease or other limited benefit, must provide coverage for hearing aids for minor children who have a hearing loss that has been verified by a physician licensed pursuant to article 240 of title 12 and by an audiologist licensed pursuant to article 210 of title 12. The hearing aids must be medically appropriate to meet the needs of the child according to accepted professional standards. Coverage must include the purchase of the following:

(I) Initial hearing aids and replacement hearing aids not more frequently than every five years;

(II) A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the child;

(III) Services and supplies including, but not limited to, the initial assessment, fitting, adjustments, and auditory training that is provided according to accepted professional standards.

(c) The benefits accorded pursuant to this subsection (19) shall be subject to the same annual deductible or copayment established for all other covered benefits within the insured's policy and utilization review as provided in sections 10-16-112, 10-16-113, and 10-16-113.5. The benefits shall also be subject to part 7 of this article.

(d) Health benefit plans issued by an entity subject to this part 1 may provide that the benefits required pursuant to this section shall be covered benefits only if the services are deemed medically necessary.

(20) Clinical trials and studies.

(a) All individual and group health benefit plans shall provide coverage for routine patient care costs that a policy or certificate holder, or his or her dependent, receives during a clinical trial if:

(I) The covered person's treating physician, who is providing covered health-care services to the person under the health benefit plan contract, recommends participation in the clinical trial after determining that participation in the clinical trial has the potential to provide a therapeutic health benefit to the covered person;

(II) The clinical trial or study is approved under the September 19, 2000, medicare national coverage decision regarding clinical trials, as amended;

(III) The patient care is provided by a certified, registered, or licensed health-care provider practicing within the scope of his or her practice and the facility and personnel providing the treatment have the experience and training to provide the treatment in a competent manner;

(IV) Prior to participation in a clinical trial or study, the covered person has signed a statement of consent indicating that the covered person has been informed of the procedure to be undertaken, alternative methods of treatment, the general nature and extent of the risks associated with participation in the clinical trial or study, the coverage provided by an individual or group health benefit plan will be consistent with the coverage provided in the covered person's health benefit plan, and all out-of-network rates will apply; and

(V) The covered person suffers from a condition that is disabling, progressive, or life-threatening.

(b) The coverage required pursuant to paragraph (a) of this subsection (20) does not include:

(I) Any portion of the clinical trial or study that is paid for by a government or a biotechnical, pharmaceutical, or medical industry;

(II) Coverage for any drug or device that is paid for by the manufacturer, distributor, or provider of the drug or device;

(III) Extraneous expenses related to participation in the clinical trial or study including, but not limited to, travel, housing, and other expenses that a participant or person accompanying a participant may incur;

(IV) An item or service that is provided solely to satisfy a need for data collection or analysis that is not directly related to the clinical management of the participant;

(V) Costs for the management of research relating to the clinical trial or study; or

(VI) Health-care services that, except for the fact that they are being provided in a clinical trial, are otherwise specifically excluded from coverage under the covered person's health plan.

(c) Nothing in this subsection (20) shall:

(I) Preclude a carrier from asserting the right to seek reimbursement from the entity conducting the clinical trial or study for expenses arising from complications caused by a drug or device used in the clinical trial or study;

(II) Be interpreted to provide a private cause of action against a carrier for damages arising as a result of compliance with this section.

(d) For the purposes of this section:

(I) "Clinical trial" means an experiment in which a drug or device is administered to, dispensed to, or used by one or more human subjects. An experiment may include the use of a

combination of drugs as well as the use of a drug in combination with an alternative therapy or dietary supplement.

(II) "Routine patient care cost" means all items and services that are a benefit under a health coverage plan that would be covered if the covered person were not involved in either the experimental or the control arms of a clinical trial; except the investigational item or service, itself; items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; items and services customarily provided by the research sponsors free of charge for any enrollee in the trial; routine costs in clinical trials that include items or services that are typically provided absent a clinical trial; items or services required solely for the provision of the investigational items or services, the clinically appropriate monitoring of the effects of the item of service, or the prevention of complications; and items or services needed for reasonable and necessary care arising from the provision of an investigational item or service, including the diagnosis or treatment of complications.

(21) Oral anticancer medication.

(a) Any health benefit plan that provides coverage for cancer chemotherapy treatment shall provide coverage for prescribed, orally administered anticancer medication that has been approved by the FDA and is used to kill or slow the growth of cancerous cells. The orally administered medication shall be provided at a cost to the covered person not to exceed the coinsurance percentage or the copayment amount as is applied to an intravenously administered or an injected cancer medication prescribed for the same purpose. A medication provided pursuant to this subsection (21) shall be prescribed only upon a finding that it is medically necessary by the treating physician for the purpose of killing or slowing the growth of cancerous cells in a manner that is in accordance with nationally accepted standards of medical practice, clinically appropriate in terms of type, frequency, extent site, and duration, and not primarily for the convenience of the patient, physician, or other health-care provider. This subsection (21) does not require the use of orally administered medications as a replacement for other cancer medications. Nothing in this subsection (21) prohibits coverage for oral generic medications in a health benefit plan. Nothing in this subsection (21) prohibits a carrier from applying an appropriate formulary or other clinical management to any medication described in this subsection (21). For the purposes of this subsection (21), the treating physician for a patient covered under a health maintenance organization's health benefit plan shall be a physician who is designated by and affiliated with the health maintenance organization.

(b) A carrier shall not achieve compliance with this subsection (21) by imposing an increase in patient out-of-pocket costs with respect to anticancer medications used to kill or slow the growth of cancerous cells covered under a policy beyond the modifications permitted pursuant to section 10-16-105.1 (5).

(22) Prescription eye drop refill coverage.

(a) Any health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides coverage for prescription eye drops shall provide coverage for:

(I) A renewal of prescription eye drops if:

(A) The renewal is requested by the insured at least twenty-one days for a thirty-day supply of eye drops, forty-two days for a sixty-day supply of eye drops, or sixty-three days for a ninety-day supply of eye drops, from the later of the date that the original prescription was distributed to the insured or the date that the last renewal of the prescription was distributed to the insured; and

(B) The original prescription states that additional quantities are needed and the renewal requested by the insured does not exceed the number of additional quantities needed; and

(II) One additional bottle of prescription eye drops if:

(A) A bottle is requested by the insured or the health-care provider at the time the original prescription is filled; and

(B) The original prescription states that one additional bottle is needed by the insured for use in a day care center, school, or adult day program. The additional bottle is limited to one bottle every three months.

(b) The prescription eye drop benefits covered under this subsection (22) are subject to the same annual deductibles, copayment, or coinsurance established for all other prescription drug benefits under the health benefit plan.

(23) Infertility diagnosis and treatment - fertility preservation services.

(a) Except as provided in subsection (23)(e) of this section and subject to subsection (23)(f) of this section, all individual and group health benefit plans issued or renewed in this state shall provide coverage for the diagnosis of and treatment for infertility and standard fertility preservation services.

(b) The coverage required by this subsection (23) includes three completed oocyte retrievals with unlimited embryo transfers in accordance with the guidelines of the ASRM, using single embryo transfer when recommended and medically appropriate.

(c) The health benefit plan shall not impose:

(I) Any exclusions, limitations, or other restrictions on coverage of fertility medications that are different from the exclusions, limitations, or other restrictions imposed on any other prescription medications covered under the health benefit plan; or

(II) Deductibles, copayments, coinsurance, benefit maximums, waiting periods, or other limitations on coverage for the diagnosis of and treatment for infertility and standard fertility preservation services, except as otherwise specified in this subsection (23), that are different from deductibles, copayments, coinsurance, benefit maximums, waiting periods, or other limitations imposed on benefits for services covered under the health benefit plan that are not related to infertility.

(d) The commissioner shall adopt rules consistent with and as are necessary to implement this subsection (23).

(e) A religious employer may request and a carrier subject to this subsection (23) shall grant an exclusion from the coverage required under this subsection (23) in a health benefit plan if the required coverage conflicts with the religious organization's bona fide religious beliefs and practices. A religious employer that obtains an exclusion under this subsection (23)(e) shall provide its employees reasonable and timely notice of the exclusion of the coverage described in this subsection (23) from the health benefit plan the religious employer offers to its employees.

(f) (I) This subsection (23) applies to, and the division shall implement the requirements of this subsection (23) for, large employer health benefit plans issued or renewed in this state on or after January 1, 2023.

(II) This subsection (23) applies to, and the division shall implement the requirements of this subsection (23) for, individual and small group health benefit plans issued or renewed in this state twelve months after the federal department of health and human services determines that the coverage specified in this subsection (23) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B).

(g) As used in this subsection (23):

(I) "ACOG" means the American College of Obstetricians and Gynecologists or its successor organization.

(II) "ASCO" means the American Society of Clinical Oncology or its successor organization.

(III) "ASRM" means the American Society for Reproductive Medicine or its successor organization.

(IV) "Diagnosis of and treatment for infertility" means the procedures and medications recommended by a licensed physician that are consistent with established, published, or approved medical practices or professional guidelines from ACOG or ASRM for diagnosing and treating infertility.

(V) "Failure to impregnate or conceive" means the failure to establish a clinical pregnancy after twelve months of regular, unprotected sexual intercourse or therapeutic donor insemination for a woman under the age of thirty-five, or after six months of regular, unprotected sexual

intercourse or therapeutic donor insemination for a woman thirty-five years of age or older. Conception resulting in a miscarriage does not restart the twelve-month or six-month clock to qualify as having infertility.

(VI) "Infertility" means a disease or condition characterized by:

(A) The failure to impregnate or conceive;

(B) A person's inability to reproduce either as an individual or with the person's partner; or

(C) A licensed physician's findings based on a patient's medical, sexual, and reproductive history, age, physical findings, or diagnostic testing.

(VII) "Licensed physician" means a person licensed by the Colorado medical board pursuant to article 240 of title 12 to practice medicine in this state.

(VIII) "Standard fertility preservation services" means procedures and services that are consistent with established medical practices or professional guidelines published by ASRM or ASCO for a person who has a medical condition or is expected to undergo medication therapy, surgery, radiation, chemotherapy, or other medical treatment that is recognized by medical professionals to cause a risk of impairment to fertility.

(24) Living organ donation - rules - definitions.

(a) (I) All individual and group health benefit plans issued or renewed in this state on and after January 1, 2022, shall provide coverage for health-care services related to living organ donation for a covered person who is a living organ donor.

(II) The health benefit plan shall not impose any deductibles, copayments, coinsurance, benefit maximums, waiting periods, or other limitations on coverage for health-care services related to living organ donation.

(III) The commissioner shall adopt rules consistent with and as are necessary to implement this subsection (24).

(b) As used in this subsection (24):

(I) "Health-care services related to living organ donation" means an organ donation recovery operation and all services required before and after the operation.

(II) "Living organ donor" means a living individual who has donated all or part of an organ.

(III) "Organ donation recovery operation" means a procedure to recover an organ from a living organ donor.

(25) Nonpharmacological alternative treatment to opioids.

(a) A health benefit plan issued or renewed on or after January 1, 2023, must align cost-sharing amounts for nonpharmacological treatment for a patient with a pain diagnosis where an opioid might be prescribed, which must include a cost-sharing amount for each visit not to exceed the cost-sharing amount for a primary care visit for nonpreventive services for a minimum of six physical therapy visits, six occupational therapy visits, six chiropractic visits, and six acupuncture visits.

(b) At the time of a covered person's initial visit for treatment, a physical therapist, occupational therapist, chiropractor, or acupuncturist shall notify the covered person's carrier that the covered person has started treatment with the provider.

(c) (I) The division shall submit to the federal department of health and human services:

(A) Its determination as to whether the benefit specified in this subsection (25) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(II) This subsection (25) applies to large employer policies or contracts issued or renewed on or after January 1, 2022, and to individual and small group policies and contracts issued on or after January 1, 2023, and the division shall implement the requirements of this subsection (25), if:

(A) The division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (25) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B);

(B) The federal department of health and human services has otherwise informed the division that the coverage does not require state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(C) More than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (25) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department's unreasonable delay a preclusion from requiring defrayal by the state.

(d) The division shall conduct an actuarial study to determine the effect, if any, the cost-sharing benefit required by this subsection (25) has on premiums.

(26) Abortion care - rules - definition.

(a) Except as provided in subsections (26)(d) and (26)(g) of this section and subject to subsection (26)(e) of this section, all individual and group health benefit plans issued or renewed in this state shall provide coverage for the total cost of abortion care.

(b) The coverage required pursuant to this subsection (26) is not subject to policy deductibles, copayments, or coinsurance; except that copayments may apply as required by a grandfathered health benefit plan.

(c) The commissioner shall adopt rules consistent with and as are necessary to implement this subsection (26).

(d) An employer is not obligated to provide the coverage required by this subsection (26) if providing the coverage conflicts with the employer's sincerely held religious beliefs.

(e) This subsection (26) applies to, and the division shall implement the requirements of this subsection (26) for, large employer health benefit plans issued or renewed in this state on or after January 1, 2025; except that copayments may apply as required by a grandfathered large employer health benefit plan.

(f) Repealed.

(g) The provisions of this subsection (26) do not apply to a high deductible health benefit plan pursuant to 26 U.S.C. sec. 223, as amended, issued or renewed in this state until an eligible insured's deductible has been met, unless allowed pursuant to federal law.

(h) As used in this subsection (26), "abortion care" has the same meaning as "abortion", as defined in section 25-6-402 (1).

(27) Pediatric acute-onset neuropsychiatric syndrome (PANS) and pediatric autoimmune neuropsychiatric disorder associated with streptococcal infections (PANDAS) - rules - definitions.

(a) As used in this subsection (27), unless the context otherwise requires:

(I) "PANDAS" means pediatric autoimmune neuropsychiatric disorder associated with streptococcal infections.

(II) "PANS" means pediatric acute-onset neuropsychiatric syndrome.

(b) (I) Except as provided in subsection (27)(g)(III) of this section and to the extent that such coverage is not in addition to benefits provided pursuant to the benchmark plan, all individual and group health benefit plans issued or renewed in this state shall provide the prophylaxis, diagnosis, and treatment of PANS and PANDAS.

(II) Coverage for PANS and PANDAS must adhere to the treatment recommendations developed by a consortium of medical professionals convened to research, identify, and publish

clinical practice guidelines and evidence-based standards for the diagnosis and treatment of PANS and PANDAS.

(III) The coverage required pursuant to this subsection (27) includes treatments and therapies prescribed or ordered by the treating health-care provider, including:

(A) Antibiotics;

(B) Medication and psychological and behavioral therapies to manage neuropsychiatric symptoms;

(C) Immunomodulating medicines;

(D) Plasma exchange; and

(E) Intravenous immunoglobulin therapy.

(c) Coverage for PANS and PANDAS must include up to six immunomodulatory courses of intravenous immunoglobulin therapy for the treatment of PANS and PANDAS when the following conditions have been met:

(I) Clinically appropriate trials, which may be done concurrently, of two or more less intensive treatments:

(A) Were not effective;

(B) Were not tolerated; or

(C) Did not result in sustained improvement in symptoms, as measured by a lack of clinically meaningful improvement on a validated instrument directed at the patient's primary symptom complex; and

(II) The patient's treating health-care provider recommends the treatment or therapy or the treatment or therapy is recommended by a pediatric or, for an adolescent patient, an adult subspecialist, after consultation with the treating health-care provider.

(d) The carrier may require that the patient be clinically reevaluated at three-month intervals.

(e) For billing and diagnostic purposes, PANS and PANDAS shall be coded as autoimmune encephalitis until the American Medical Association and the federal centers for medicare and medicaid services create and assign a specific code or codes for PANS and PANDAS. After the creation of the code or codes, PANS and PANDAS may be coded as autoimmune encephalitis, PANS, or PANDAS. If PANS or PANDAS becomes known by a different common name, it may be coded under that name, and this section applies to that disorder or syndrome.

(f) The carrier shall not:

(I) Impose deductibles, copayments, coinsurance, or other limitations on coverage for PANS or PANDAS that are different from deductibles, copayments, coinsurance, or other limitations imposed on benefits for services covered under the health benefit plan that are not related to PANS or PANDAS;

(II) Deny or delay coverage for PANS or PANDAS treatments or therapies because the covered person previously received treatment or therapy, including the same or similar treatment or therapy, for PANS or PANDAS or because the covered person was diagnosed with or received treatment or therapy for the condition under a different diagnostic name, including autoimmune encephalitis;

(III) Delay timely determination of prior authorization requests for treatments or therapies or fail to expedite requests for urgent health-care services; or

(IV) Limit coverage of immunomodulating therapies for PANS or PANDAS in a manner that is inconsistent with the treatment recommendations made pursuant to subsection (27)(b)(II) of this section and shall not require a trial of therapies that treat only neuropsychiatric symptoms before authorizing coverage of immunomodulating therapies pursuant to this section.

(g) (I) The division shall submit to the federal department of health and human services:

(A) Its determination as to whether the benefit specified in this subsection (27) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department of health and human services confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(II) This subsection (27) applies to, and the division shall implement the requirements of this subsection (27) for, large employer health benefit plans issued or renewed in this state on or after January 1, 2025.

(III) This subsection (27) applies to, and the division shall implement the requirements of this subsection (27) for, individual and small group health benefit plans issued or renewed in this state on or after January 1, 2026, if:

(A) The division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (27) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B);

(B) The federal department of health and human services has otherwise informed the division that the coverage does not require state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(C) More than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (27) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department of health and human services' unreasonable delay a preclusion from requiring defrayal by the state.

(h) The commissioner shall adopt rules consistent with and as are necessary to implement this subsection (27).

(28) Biomarker testing - rules - definitions.

(a) All large group health benefit plans and, to the extent that such coverage is not in addition to the benefits provided pursuant to the benchmark plan, all individual and small group health benefit plans shall provide coverage for biomarker testing pursuant to this subsection (28).

(b) Coverage must include biomarker testing for diagnosis, treatment, appropriate management, and ongoing monitoring of a covered person's disease or condition to guide treatment decisions when the test is supported by medical and scientific evidence, including:

- (I) Labeled indications for an FDA-approved or FDA-cleared test;
- (II) Indicated tests for an FDA-approved drug;
- (III) Warnings and precautions on FDA-approved drug labels;
- (IV) Centers for medicare and medicaid services national coverage determinations or medicare administrative contractor local coverage determinations; or
- (V) Nationally recognized clinical practice guidelines, consensus statements, and peer-reviewed studies.

(c) The coverage required by this subsection (28) is subject to annual deductibles, copayments, or coinsurance requirements under the health benefit plan but is not subject to any annual or lifetime maximum benefit limit.

(d) The coverage required by this subsection (28) must be provided in a manner that limits unreasonable disruptions in care, including limiting the need for multiple biopsies or biospecimen samples.

(e) Nothing in this subsection (28) shall be construed to require coverage for biomarker testing for screening purposes.

(f) A carrier may require prior authorization for biomarker testing in the same manner that prior authorization is required for any other covered benefit and consistent with section 10-16-112.5.

(g) (I) Within one hundred twenty days after June 3, 2024, the division shall submit to the federal department of health and human services:

(A) A determination as to whether the benefit specified in this subsection (28) is in addition to essential health benefits and would be subject to defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); and

(B) A request that the federal department of health and human services confirm the division's determination within sixty days after receipt of the division's request and submission of its determination.

(II) This subsection (28) applies to, and the division shall implement the provisions of this subsection (28) for, large employer health benefit plans issued or renewed in this state on or after January 1, 2025.

(III) This subsection (28) applies to, and the division shall implement the requirements of this subsection (28) for, individual and small group health benefit plans issued or renewed in this state twelve months after the earlier of the following:

(A) The division receives confirmation from the federal department of health and human services that the coverage specified in this subsection (28) does not constitute an additional benefit that requires defrayal by the state pursuant to 42 U.S.C. sec. 18031 (d)(3)(B);

(B) The federal department of health and human services has otherwise informed the division that the coverage does not require state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B); or

(C) More than three hundred sixty-five days have passed since the division submitted its determination and request for confirmation that the coverage specified in this subsection (28) is not an additional benefit that requires state defrayal pursuant to 42 U.S.C. sec. 18031 (d)(3)(B), and the federal department of health and human services has failed to respond to the request within that period, in which case the division shall consider the federal department of health and human services' unreasonable delay a preclusion from requiring defrayal by the state.

(h) The commissioner shall implement this subsection (28) and shall adopt rules consistent with and as are necessary to implement this subsection (28).

(i) As used in this subsection (28):

(I) "Biomarker" means a characteristic that is objectively measured and evaluated as an indicator of normal biological processes, pathogenic processes, or pharmacologic responses to a specific therapeutic intervention, including known gene-drug interactions for medications being considered for use or already being administered. "Biomarker" includes gene mutations, characteristics of genes, or protein expression.

(II) "Biomarker testing" means the analysis of a patient's tissue, blood, or other biospecimen for the presence of a biomarker. "Biomarker testing" includes single-analyte tests, multiplex panel tests, protein expression, and whole exome, whole genome, and whole transcriptome sequencing. "Biomarker testing" does not include direct-to-consumer genetic tests.

(III) "Consensus statements" means statements developed by an independent, multidisciplinary panel of experts utilizing a transparent methodology and reporting structure and with a conflict of interest policy. Consensus statements are developed for specific clinical circumstances and are based on the best available evidence for the purpose of optimizing the outcomes of clinical care.

(IV) "Nationally recognized clinical practice guidelines" means evidence-based clinical practice guidelines developed by independent organizations or medical professional societies utilizing a transparent methodology and reporting structure and with a conflict of interest policy. Clinical practice guidelines:

(A) Establish standards of care informed by a systematic review of evidence and an assessment of the benefits and risks of alternative care options; and

(B) Include recommendations intended to optimize patient care.

(29) Treatment for obesity and pre-diabetes. [Editor's note: Subsection (29) is effective January 1, 2027.]

(a) All large group health benefit plans issued or renewed in this state must provide coverage for the treatment of the chronic disease of obesity and the treatment of pre-diabetes, including coverage for a comparable program to the national diabetes prevention program, medical nutrition therapy, intensive behavioral or lifestyle therapy, and metabolic and bariatric surgery.

(b) For a large group health benefit plan offered in this state, a carrier shall offer the policyholder the option to purchase coverage for FDA-approved anti-obesity medications, including at least one FDA-approved GLP-1 medication. This subsection (29) does not require a carrier to offer coverage for which premiums would not cover expected benefits.

(c) The commissioner may adopt rules to implement this subsection (29).

(d) As used in this subsection (29):

(I) "FDA-approved anti-obesity medication" means a medication approved by the federal food and drug administration with an indication for weight management in patients with chronic obesity.

(II) "FDA-approved GLP-1 medication" means a glucagon-like peptide-1 receptor agonist that is approved by the federal food and drug administration with an indication for regulating blood sugar levels and appetite.

(III) "Intensive behavioral or lifestyle therapy" means an evidence-based, multi-component behavioral or lifestyle modification intervention designed to support healthy weight management as recommended by current clinical standards of care. Interventions include obesity screening, dietary assessment, and behavioral counseling and therapy aimed at weight loss through lifestyle modifications such as changes in diet and increased physical activity. Therapy for obesity must be consistent with the United States Preventive Services Task Force's 5-A behavioral counseling framework: Ask, advise, assess, assist, and arrange. Interventions may be provided in-office, virtually through telehealth, or in community-based settings to support patient access and needs.

(IV) "Medical nutrition therapy" means the following nutrition care services that prevent, manage, or treat diseases or medical conditions, which services may be provided in-office or virtually through telehealth:

- (A) Nutrition assessment;
- (B) Nutrition diagnosis;
- (C) Nutrition intervention; and
- (D) Nutrition monitoring and evaluation.

(V) "Metabolic and bariatric surgery" means metabolic and bariatric surgery recommended according to the guidelines published in the 2022 American Society for Metabolic and Bariatric Surgery and International Federation for the Surgery of Obesity and Metabolic Disorders: Indications for Metabolic and Bariatric Surgery.

(VI) "National diabetes prevention program" means a structured, evidence-based lifestyle modification program designed to prevent or delay the onset of diabetes in individuals at high risk in accordance with 42 U.S.C. sec. 280g-14. The program follows a standardized curriculum and is focused on promoting healthy lifestyle changes, including weight loss, increased physical activity, and healthier eating habits, through individual and group intervention.

(30) Gender-affirming health care - rules - definitions.

(a) As used in this subsection (30), unless the context otherwise requires:

(I) "Gender-affirming health care" means all supplies, care, and services of a medical, behavioral health, mental health, psychiatric, habilitative, surgical, therapeutic, diagnostic, preventive, rehabilitative, or supportive nature relating to the treatment of gender dysphoria. "Gender-affirming health care" includes the following, or any combination of the following:

- (A) Hormone therapy;
- (B) Blepharoplasty, eye and lid;
- (C) Face, forehead, or neck skin tightening;

- (D) Facial bone remodeling;
- (E) Genioplasty;
- (F) Rhytidectomy for the cheek, chin, or neck;
- (G) Cheek, chin, or nose implants;
- (H) Lip lift or augmentation;
- (I) Mandibular angle augmentation, creation, or reduction;
- (J) Orbital recontouring;
- (K) Rhinoplasty;
- (L) Laser or electrolysis hair removal;
- (M) Breast or chest augmentation, reduction, or construction; and
- (N) Genital and nongenital surgical procedures.

(II) "Medically necessary" means a physical or behavioral health-care provider has determined that the prescribed gender-affirming health care is necessary for the treatment of gender dysphoria.

(b) Subject to the requirements set forth in subsection (30)(d) of this section, all health benefit plans issued or renewed in the state shall provide coverage for gender-affirming health care. The health benefit plan must provide the coverage regardless of the covered person's sex or gender.

(c) The commissioner shall adopt rules consistent with and as necessary to implement this subsection (30).

(d) A health benefit plan shall not deny or limit gender-affirming health care that is:

(I) Medically necessary, as determined by the physical or behavioral health-care provider who prescribes the gender-affirming health care; and

(II) Prescribed in accordance with generally accepted standards of care for the profession.

Editor's note: (1) (a) The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

(b) Subsection (16) was relocated to § 10-16-105 (7) in 2013.

(2) Amendments to subsection (4)(a) by Senate Bill 92-012 were harmonized with amendments to subsection (4) by Senate Bill 92-179.

(3) Amendments to subsection (6) by Senate Bill 94-164 were harmonized with amendments by House Bill 94-1029.

(4) If the commission on mandated health insurance benefits twice fails to reach a quorum to consider the mandated health insurance coverage established by subsection (18) or concludes that the benefits of such mandated health insurance coverage outweigh its harms, amendments to subsections (15) and (18) shall take effect. (See L. 2008, p. 2077.) On January 16, 2009, the revisor of statutes received notice from the division of insurance that the commission was unable to reach a quorum.

(5) Subsection (1.5) was amended in Senate Bill 09-292. Those amendments were superseded by the amendment to subsection (1.5) in House Bill 09-1204, effective January 1, 2010.

(6) Amendments to subsection (18)(a)(I) by HB 21-1068 and SB 21-016 were harmonized.

(7) Section 2(2) of chapter 284 (SB 25-118), Session Laws of Colorado 2025, provides that the act changing this section applies to health insurance policies issued or renewed on or after January 1, 2027.

(8) Section 5(2) of chapter 365 (SB 25-048), Session Laws of Colorado 2025, provides that the act changing this section applies to large group health benefit plans issued or renewed on or after January 1, 2027.

ANNOTATION

Insurance policy provision excluding disability coverage for normal pregnancies is discrimination on the basis of sex and violates § 29 of art. II, Colo. Const., and § 24-34-402. *Civil Rights Comm'n v. Travelers Ins.*, 759 P.2d 1358 (Colo. 1988) (decided under law in effect prior to the 1992 repeal and reenactment).

The legislature intended that the reimbursement provisions of former subsection (7) apply to individual policyholders, that is, individual consumers — not to health-care providers. *Abercrombie v. Aetna Health, Inc.*, 176 F. Supp. 3d 1202 (D. Colo. 2016) (decided under law in effect prior to the 2013 repeal).

10-16-104.1. Prohibition on discrimination for organ transplants based solely on disability - definition.

(1) A carrier that offers, issues, or renews a health benefit plan that provides coverage for anatomical gifts, organ transplants, or related treatments or services shall not, solely on the basis of a covered person's disability:

(a) Deny coverage to a covered person for an organ transplant or related treatment or services;

(b) Decline or limit coverage of a covered person solely for the purpose of avoiding the requirements of this section; or

(c) Penalize a covered person or reduce or limit coverage for a covered person for health-care services related to organ transplantation, as determined in consultation with the attending physician and the covered person or the covered person's representative.

(2) This section does not require a health benefit plan to provide coverage for the donation of an anatomical gift, an organ transplant, or related treatment or services.

(3) For the purposes of this section, "anatomical gift" means the donation of part of a human body for the purpose of transplantation to another person.

Source: L. 2021: Entire section added, (HB 21-1169), ch. 99, p. 400, § 2, effective May 6.

10-16-104.2. Coverage for contraception - rules - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Carrier" means a carrier offering a health benefit plan.

(b) "Contraception" has the same meaning as "contraceptive" or "contraception" set forth in section 2-4-401 (1.5).

(c) "Dispensing entity" means a pharmacy, other outlet, or other facility registered by the state board of pharmacy under part 1 of article 280 of title 12 that dispenses or furnishes contraception.

(2) As part of the coverage required for contraception pursuant to section 10-16-104 (3)(a)(I), (18), or (18.1), as applicable, a carrier or a pharmacy benefit management firm acting on behalf of the carrier shall provide coverage for, and shall reimburse a provider or an in-network dispensing entity for, the single dispensing or furnishing of contraception intended to last the covered person for a duration of twelve months, as permitted by the covered person's

prescription, dispensed or furnished at one time, unless requested otherwise by the covered person.

(3) A carrier or pharmacy benefit management firm acting on behalf of the carrier shall:

(a) Allow for the continuous use of clinically appropriate contraception as determined by the prescribing provider;

(b) Reimburse a provider or an in-network dispensing entity per unit for dispensing or furnishing contraception;

(c) Not implement step therapy, prior authorization, or other utilization management practices, including quantity or fill limits, for contraception coverage if the practice would result in a covered person receiving less than a twelve-months' duration of contraception dispensed or furnished either at one time or, if requested by the covered person at the point of dispensing or furnishing, over a twelve-month period;

(d) Include an alternative prescribed contraception without prior authorization, step therapy, or cost sharing if, in the determination and judgment of the prescribing provider, the alternative prescribed contraception is medically necessary;

(e) Make available an easily accessible, timely, and transparent exceptions process for a covered person to obtain coverage, without cost sharing, for medically necessary contraception that is not otherwise included in the formulary or available without cost sharing;

(f) Not require a prescription for coverage of FDA-approved, -cleared, or -granted over-the-counter contraception; and

(g) Include point-of-sale coverage for over-the-counter contraception at in-network dispensing entities without prior authorization, step therapy, utilization management, or cost sharing.

(4) (a) Carriers shall report annually to the commissioner regarding the coverage of contraception required pursuant to section 10-16-104 (3)(a)(I), (18), or (18.1). At a minimum, the reporting requirements must include annual reporting of data relating to contraception coverage provided in the previous calendar year.

(b) For purposes of the carrier's required reporting to the commissioner pursuant to subsection (4)(a) of this section, a pharmacy benefit management firm acting on behalf of a carrier shall annually provide data to the carrier relating to contraception coverage in the previous calendar year, and the carrier shall include the data provided by a pharmacy benefit management firm in its annual report required by subsection (4)(a) of this section.

(5) The commissioner may promulgate rules to implement this section.

Source: L. 2017: Entire section added, (HB 17-1186), ch. 324, p. 1745, § 1, effective January 1, 2019. **L. 2019:** (2)(a) amended, (HB 19-1172), ch. 136, p. 1654, § 42, effective October 1. **L. 2023:** Entire section R&RE, (SB 23-284), ch. 276, p. 1629, § 1, effective August 7.

10-16-104.3. Health coverage for persons under twenty-six years of age - coverage for students who take medical leave of absence.

(1) (a) A carrier that offers a health benefit plan in the state and that makes dependent coverage for children available under the health benefit plan shall make the coverage available for a child who is under twenty-six years of age. The carrier shall not deny or restrict coverage for a child who is under twenty-six years of age based on a factor such as:

- (I) Residency with the policyholder or any other person;
 - (II) The presence or absence of financial dependence on the policyholder or any other person;
 - (III) Marital or civil union status;
 - (IV) Student status;
 - (V) Employment status; or
 - (VI) A combination of any of the factors listed in paragraphs (a) to (d) of this subsection (1).
- (b) A carrier shall not deny dependent coverage of a child based on the child's eligibility for other coverage.
- (c) Except as otherwise provided in state law, a carrier offering dependent coverage of children in a health benefit plan shall not vary the terms of coverage in the policy or contract based on age, except for premium rates for children who are twenty-one years of age or older.
- (d) Nothing in this subsection (1) requires a carrier to make coverage available for the child of a child receiving dependent coverage unless the grandparent becomes the permanent legal guardian or adoptive parent of that grandchild.

(2) Repealed.

(3) (a) All individual and group sickness and accident insurance policies providing coverage within the state by an entity subject to the provisions of part 2 of this article and all group health service contracts issued by an entity subject to the provisions of part 3 or 4 of this article that provide dependent coverage to a child who is enrolled in a postsecondary educational institution shall not terminate coverage due to a medically necessary leave of absence before the date that is the earlier of:

- (I) One year after the first day of the medically necessary leave of absence; or
 - (II) The date the coverage would otherwise terminate under the terms of the plan or health insurance coverage.
- (b) For purposes of this subsection (3), "medically necessary leave of absence" means a leave of absence from a postsecondary educational institution or a change in enrollment of the dependent at the institution that:
- (I) Begins while the dependent is suffering from a serious illness;
 - (II) Is medically necessary; and
 - (III) Causes the dependent to lose student status for the purpose of dependent coverage.

Editor's note: Subsection (6) provided for the repeal of this section, effective January 1, 2014. (See L. 2011, p. 468.)

10-16-104.5. Autism - treatment - not mental illness - repeal. (Repealed)

Source: L. 93: Entire section added, p. 956, § 3, effective May 28. **L. 2009:** Entire section amended, (SB 09-244), ch. 391, p. 2118, § 4, effective July 1, 2010. **L. 2015:** (4) added by revision, (SB15-015), ch. 106, p. 310, §§ 3, 4.

Editor's note: Subsection (4) provided for the repeal of this section, effective January 1, 2017. (See L. 2015, p. 310.)

10-16-104.6. Off-label use of cancer drugs.

(1) A health benefit plan that provides coverage for prescription drugs shall not limit or exclude coverage for any drug approved by the FDA for use in the treatment of cancer on the basis that the drug has not been approved by the FDA for the treatment of the specific type of cancer for which the drug is prescribed if:

(a) The drug is recognized for treatment of that cancer in the authoritative reference compendia as identified by the secretary of the United States department of health and human services; and

(b) The treatment is for a covered condition.

Source: L. 2010: Entire section added, (HB 10-1355), ch. 229, p. 989, § 1, effective August 11. L. 2022: IP(1) amended, (HB 22-1264), ch. 126, p. 888, § 2, effective August 10.

10-16-104.7. Substance use disorders - court-ordered treatment coverage.

(1) An individual or group health benefit plan delivered or issued for delivery within this state by an entity subject to the provisions of part 2, 3, or 4 of this article 16 that provides coverage for treatment of a substance use disorder must provide coverage for such treatment regardless of whether the treatment is voluntary or court-ordered as a result of contact with the criminal justice or legal system. The health benefit plan is only required to provide coverage for benefits that are medically necessary and otherwise covered under the plan. Such coverage is subject to copayment, deductible, and policy maximums and limitations. Health benefit plans issued by an entity subject to the provisions of part 4 of this article 16 may provide that the benefits required pursuant to this section are covered benefits only if the services are deemed medically necessary and are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) Nothing in this section mandates or is meant to construe that any health benefit plan must provide coverage for treatment of a substance use disorder.

Source: L. 2002: Entire section added, p. 750, § 1, effective January 1, 2003. L. 2017: Entire section amended, (SB 17-242), ch. 263, p. 1264, § 36, effective May 25.

Cross references: For the legislative declaration in SB 17-242, see section 1 of chapter 263, Session Laws of Colorado 2017.

10-16-104.8. Behavioral, mental health, or substance use disorder services coverage - court-ordered.

(1) An individual or group health benefit plan delivered or issued for delivery within this state by an entity subject to the provisions of part 2, 3, or 4 of this article 16 that provides coverage for behavioral, mental health, or substance use disorder services must provide coverage for behavioral, mental health, or substance use disorder services regardless of whether the services are voluntary or court-ordered as a result of contact with the criminal justice or juvenile justice system. The health benefit plan is required to provide coverage only for benefits that are medically necessary and otherwise covered under the plan. Such coverage is subject to applicable in- or out-of-network copayment, deductible, and policy maximums and limitations. The court order for behavioral, mental health, or substance use disorder services must not mandate the type of behavioral, mental health, or substance use disorder services or the length and frequency of treatment that is to be covered by the health benefit plan. The health benefit plan is only responsible for those benefits that are covered by the health benefit plan and not those that are court-ordered that exceed the scope of benefits as provided by the health plan. Determination of medically necessary behavioral, mental health, or substance use disorder services must be made by the health benefit plan based on the submitted clinical treatment plan from a provider who is designated by and affiliated with the health benefit plan. Health benefit plans issued by an entity subject to the provisions of part 4 of this article 16 may provide that the benefits required pursuant to this section are covered benefits only if the services are deemed medically necessary and are rendered by a provider who is designated by and affiliated with the health maintenance organization.

(2) Nothing in this section mandates or is meant to construe that a health benefit plan provide coverage for behavioral, mental health, or substance use disorder services.

(3) For purposes of this section, "behavioral, mental health, or substance use disorder services" includes the prevention of, screening for, and treatment of behavioral, mental health, or substance use disorders as described in section 10-16-104 (5.5).

(4) For purposes of this section, "behavioral, mental health, or substance use disorder services" does not include services that are outside the scope of the contract. Such behavioral, mental health, or substance use disorder services that are outside the scope of the contract may include: Services that are custodial or residential in nature, probation assessments, testing for ability, aptitude, or intelligence, or performing evaluations, such as placement evaluations,

custody evaluations, reunification assessments, or community risk assessments for any purpose other than treatment of behavioral, mental health, or substance use disorders.

10-16-104.9. Geographic areas for small employers.

(1) The commissioner shall promulgate a rule concerning geographic case characteristics, which may include metropolitan statistical areas for small employers. In promulgating such rule, the commissioner shall take testimony from all interested parties, including, but not limited to, consumer advocates and consumers, insurers, health-care providers, the state demographer, and producers. The rule shall include, without limitation, the following features:

(a) If the rule establishes separate geographic areas, in rate filings to the commissioner, a carrier shall be required to show that rates reflect a relativity to rates for other areas in the state and that rates and relativities are not excessive, inadequate, or unfairly discriminatory in such geographic areas;

(b) The rule shall contain a determination of the appropriate population base for statistical reliability in determining geographic areas or metropolitan statistical areas;

(c) (I) The rule shall provide justifications of why any separate geographic areas, which may include metropolitan statistical areas, serve the public interest in regard to ensuring that premium rates for different geographic areas of the state are not excessive, inadequate, or unfairly discriminatory;

(II) If the commissioner determines that metropolitan statistical areas are no longer the best method for addressing geographic case characteristics, the commissioner shall provide detailed justifications concerning the separate geographic areas, in connection with which the commissioner shall make public the impact the geographic case characteristics may have on insurance premiums for the separate geographic areas; and

(d) In adopting such rule, the commissioner may consider the cost of health care in a geographic area, experience of health care of any separate geographic area, and information including actuarial opinions or certifications and set loss ratios for loss ratio guarantees submitted by small employer carriers pursuant to section 10-16-107 (1). The cost of health care and experience and the population that may be served may be a consideration when determining whether separate geographic case characteristics are necessary, but shall not be the sole factors of separate geographic case characteristics, nor shall it compromise the public interest of insureds and potential insureds of this state.

Source: L. 2002: Entire section added, p. 1294, § 7, effective June 7. L. 2003: (1)(c)(I) amended, p. 1988, § 21, effective May 22.

Editor's note: This section was originally enacted as § 10-16-104.7 in House Bill 02-1003 but has been renumbered on revision for ease of location.

10-16-105. Guaranteed issuance of health insurance coverage - individual and small employer health benefit plans.

(1) (a) (I) Subject to subsections (2) and (4) to (6) of this section, each carrier that offers an individual health benefit plan in this state shall issue any applicable health benefit plan to any eligible individual who applies for the plan and agrees to make the required premium payments and satisfy the other reasonable provisions of the health benefit plan consistent with this article.

(II) During any period of open enrollment, a carrier shall offer child-only plan coverage to all applicants under twenty-one years of age on a guaranteed-issuance basis.

(b) (I) Subject to subsections (2) to (6) of this section, each carrier that offers a small employer health benefit plan in this state shall issue any small employer health benefit plan to any eligible small employer that applies for the plan and agrees to make the required premium payments and satisfy the other reasonable provisions of the health benefit plan not inconsistent with this article.

(II) A carrier offering small employer health benefit plans as described in subparagraph (I) of this paragraph (b):

(A) Shall offer coverage to all of the eligible employees of the eligible small employer and the employees' dependents, if the small employer offers dependent coverage to its employees, who apply for enrollment during the period in which the employee first becomes eligible to enroll under the terms of the plan; and

(B) Shall not offer coverage to only certain individuals or dependents in the small group or to only part of the small group.

(2) A carrier offering individual or small employer health benefit plans:

(a) May restrict enrollment in an individual or small employer health benefit plan to open or special enrollment periods; and

(b) Shall establish special enrollment periods for triggering or qualifying events consistent with section 10-16-105.7 and in accordance with rules adopted by the commissioner.

(3) A carrier offering small employer health benefit plans:

(a) Shall not apply any waiting period that exceeds ninety days;

(b) Shall apply any requirements it uses to determine whether to provide coverage to a small employer, including requirements for minimum participation of eligible employees and minimum employer contributions, uniformly among all small employers with the same number of eligible employees applying for or receiving coverage from the small employer carrier;

(c) May vary the application of minimum participation requirements and minimum employer contribution requirements based on the size of the small employer group and by product;

(d) In applying minimum participation requirements with respect to a small employer, shall not consider employees or dependents who have creditable group coverage or individual coverage that has been consistently maintained and that was in force before the individual's eligibility for group coverage under an existing group plan when determining whether the applicable percentage of participation is met. However, a small employer carrier may consider employees or dependents of the small employer who have coverage under another health benefit plan that is sponsored by the small employer.

(e) Shall not increase any requirement for minimum employee participation or for minimum employer contribution with respect to a small employer at any time after the small employer carrier accepts the small employer for coverage.

(4) (a) Subject to paragraph (c) of this subsection (4), with respect to coverage offered through a managed care plan, a carrier is not required to offer coverage under that plan or accept applications for that plan pursuant to subsection (1) of this section in the following situations:

(I) In an area outside of the carrier's established geographic service area for the managed care plan;

(II) (A) Under an individual health benefit plan, to an individual when the individual does not live or reside within the carrier's established geographic service area for the managed care plan; or

(B) Under a small employer health benefit plan, to an employee when the employee does not live, work, or reside within the carrier's established geographic service area for the managed care plan; or

(III) Within the geographic service area for the managed care plan where the carrier reasonably anticipates, and demonstrates to the satisfaction of the commissioner, that it will not have the capacity within its established geographic service area to deliver service adequately to any additional individuals and the members of the small employer groups because of its obligations to existing covered persons.

(b) A carrier that cannot offer coverage pursuant to subparagraph (III) of paragraph (a) of this subsection (4) shall not offer coverage in the individual or small group market in the applicable geographic service area to new individuals or small employer groups until the later of:

(I) One hundred eighty days following each refusal; or

(II) The date on which the carrier notifies the commissioner that it has regained capacity to deliver services.

(c) A carrier shall apply the requirements of this subsection (4) uniformly to all individuals and small employers in this state consistent with applicable law and without regard to the claims experience of or any health-status-related factor relating to an individual and his or her dependents or the small employer and its employees and their dependents.

(5) (a) A carrier offering individual or small employer health benefit plans is not required to provide coverage if:

(I) For any period of time, the carrier demonstrates, and the commissioner determines, that the carrier does not have the financial reserves necessary to underwrite additional coverage; and

(II) The carrier is applying this subsection (5) uniformly to all individuals in the individual market and to all small employers in the small group market in this state consistent with applicable state law and without regard to the claims experience of or any health-status-related factor relating to the individual and his or her dependents or the small employer and its employees and their dependents.

(b) A carrier that denies coverage in accordance with paragraph (a) of this subsection (5) shall not offer coverage in the applicable individual market or small group market in this state until the later of:

(I) One hundred eighty days after the date the coverage is denied; or

(II) The date on which the carrier demonstrates to the commissioner that it has sufficient financial reserves to underwrite additional coverage.

(6) This section does not require a carrier:

(a) Offering health benefit plans only in connection with group health plans to offer coverage in the individual market;

(b) Offering health benefit plans only in connection with individual health plans to offer coverage in the small group market;

(c) Offering health benefits plans only through one or more bona fide associations to offer coverage in the individual market. However, if the carrier offers bona fide association health benefit plan coverage in the individual market, the health carrier shall offer the coverage to eligible individuals in the individual market as required under paragraph (a) of subsection (1) of this section; or

(d) Offering only student health insurance coverage to otherwise offer coverage in the individual market, as long as the carrier is offering student health insurance coverage consistent with the provisions of federal law.

(7) Issuance of coverage to members of military.

(a) All sickness and accident insurance policies and all service or indemnity contracts issued by any entity subject to part 3 or 4 of this article shall not refuse to provide coverage to an individual, refuse to continue to cover an individual, or limit the amount or extent of coverage available to an individual solely based on that individual's membership in the uniformed services of the United States. Nothing in this section prohibits a carrier from excluding or limiting coverage for some other factor permitted by law.

(b) As used in this subsection (7), unless the context otherwise requires:

(I) "Membership" means active duty, National Guard, or reserve duty in or retirement from the uniformed services of the United States.

(II) "Uniformed services of the United States" means the United States Army, United States Navy, United States Marine Corps, United States Air Force, United States Coast Guard, United States Space Force, national oceanic and atmospheric administration commissioned officer corps, and United States public health service commissioned corps.

(8) **Domestic partner coverage.** Notwithstanding any provision of law to the contrary, a small employer carrier may offer, and a small employer may accept or reject, coverage for employees' domestic partners and their dependents or for employees' designated beneficiaries and their dependents.

Editor's note: (1) (a) The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

(b) Subsection (7) is similar to former § 10-16-104 (16) as it existed prior to 2013.

(c) In 2013, former subsections (8)(c)(II) and (8)(d) were relocated to § 10-16-107 (6)(b) and (6)(c); former subsection (12) was relocated to § 10-16-102 (61)(e); former subsection (13)(a) was relocated to § 10-16-105.6 (3)(a), (3)(b), and (3)(c); former subsection (13)(d) was relocated to § 10-16-105.6 (3)(d); and former subsection (14)(a) was relocated to § 10-16-105.6 (4).

(2) Section 8(1) of Senate Bill 06-036 provided that subsection (7.2)(b) is effective January 1, 2007; except that section 8(2)(c) of Senate Bill 06-036 provided that subsection (7.2)(b)(IV) is effective January 1, 2008.

(3) Amendments to subsection (5)(g)(I) by Senate Bill 07-004 and Senate Bill 07-078 were harmonized.

(4) If the commission on mandated health insurance benefits twice fails to reach a quorum to consider the mandated health insurance coverage established by section 10-16-104 (18) or concludes that the benefits of such mandated health insurance coverage outweigh its harms, amendments to subsections (7.2)(b)(I), (7.2)(b)(III), IP(7.2)(b)(IV), and (7.2)(b)(IV)(A) shall take effect. (See L. 2008, p. 2077.) On January 16, 2009, the revisor of statutes received notice from the division of insurance that the commission was unable to reach a quorum.

(5) Subsection (8.5)(a)(II)(C) provided for the repeal of subsection (8.5)(a)(II)(C), effective January 1, 2009. (See L. 2007, p. 1754.)

10-16-105.1. Guaranteed renewability - exceptions - individual and small employer health benefit plans - rules - notice to revisor of statutes - repeal.

(1) Except as otherwise provided in subsection (2) of this section, a carrier providing coverage under a health benefit plan shall renew or continue the coverage at the option of the policyholder.

(2) A carrier may refuse to renew or discontinue coverage under a health benefit plan only for the following reasons:

(a) Nonpayment of the required premium or failure to timely pay premiums in accordance with the terms of the health benefit plan;

(b) The policyholder or the policyholder's representative has performed an act or practice that constitutes fraud or has made an intentional misrepresentation of a material fact under the terms of coverage;

(c) For small group health benefit plans, the policyholder fails to comply with the carrier's minimum participation or employer contribution requirements or the small employer is no longer actively engaged in the business in which it was engaged on the effective date of the plan;

(d) In the case of a carrier that offers coverage through a managed care plan, there are no longer any enrolled individuals or employees living, working, or residing within the carrier's established geographic service area and the carrier would deny enrollment in the plan pursuant section 10-16-105 (4)(a)(III);

(e) In the case of an individual or small employer health benefit plan that is made available only through one or more bona fide associations, the membership of the policyholder or small employer in the association on the basis of which the coverage is provided ceases, but only if the coverage is terminated under this paragraph (e) uniformly without regard to any health-status-related factor relating to any covered person;

(f) In the case of individual health benefit plans that are made available as student health insurance coverage, the student policyholder covered under the coverage ceases to be a student at the institution of higher education through which the student health insurance coverage is offered, as long as the coverage is terminated under this paragraph (f) uniformly without regard to any health-status-related factor related to any covered person;

(g) The carrier elects to discontinue offering a particular individual or small group health benefit plan, but only if the carrier:

(I) Provides notice of the decision not to renew coverage at least ninety days before the nonrenewal of the health benefit plan to each policyholder, individual, certificate holder, participant, or beneficiary covered by the plan;

(II) Offers each policyholder covered by the plan the option to purchase any other health benefit plans currently being offered by the carrier in this state and specifies the special enrollment periods for the plans pursuant to section 10-16-105.7;

(III) In exercising the option to discontinue that particular type of health benefit plan, acts uniformly without regard to the claims experience of the policyholders or any health-status-related factor relating to any individual, participant, or beneficiary covered by the plan or new individuals, participants, or beneficiaries who may become eligible for coverage;

(IV) Provides notice to the commissioner before providing the notice pursuant to subparagraph (I) of this paragraph (g) and certifies the following to the commissioner:

(A) The premiums for other health benefit plans the carrier offers pursuant to subparagraph (II) of this paragraph (g) are not excessive, inadequate, or unfairly discriminatory relative to the plan that the carrier is discontinuing; and

(B) The benefit levels the carrier offers in the other health benefit plans comply with the requirements of law applicable to individual and small employer health benefit plans; or

(h) (I) The carrier elects to discontinue offering and renewing all of its individual, small group, or large group health benefit plans delivered or issued for delivery in this state, but only if the carrier:

(A) Provides notice of the decision to discontinue coverage, at least one hundred eighty days before the discontinuance, to all policyholders and covered persons; and

(B) Provides the notice to the commissioner at least three business days before the date the notice is sent to the affected policyholders and covered persons pursuant to sub-subparagraph (A) of this subparagraph (I).

(II) In the case of a discontinuance under subparagraph (I) of this paragraph (h), the carrier shall:

(A) Continue to provide coverage through the first renewal period not to exceed twelve months after the notice provided pursuant to subparagraph (I) of this paragraph (h); and

(B) Not write new health benefit plans of the same type as those the carrier discontinued in this state for five years after the date of the notice to the commissioner pursuant to sub-subparagraph (B) of subparagraph (I) of this paragraph (h).

(3) A carrier offering individual or small employer health benefit plans shall clearly disclose in its contracts and marketing materials the conditions of renewability, which conditions must conform with the requirements of this section.

(3.5) (a) If a carrier issues a small group health benefit plan to a small employer that, at the time the plan was issued, was a small employer but subsequently employs more than fifty eligible employees, this article 16 and any rules promulgated by the commissioner concerning small group health benefit plans continue to apply to the health benefit plan as long as the employer renews its current small group health benefit plan or a similar plan offered by the carrier pursuant to subsection (3.5)(b) of this section, in accordance with the renewal requirements applicable to other small group health benefit plans subject to this article 16 and rules promulgated by the commissioner pursuant to this article 16.

(b) If a small employer was issued a small group health benefit plan and subsequently employs more than fifty employees and the employer opts to renew the small group health benefit plan, the carrier that issued the small group health benefit plan shall offer the employer the same small group health benefit plan or, if the same plan is no longer being offered to any small employer, a similar small group health benefit plan that the carrier offers to other small employers.

(c) A carrier that issued a small group health benefit plan to a small employer shall notify the employer, within sixty days after becoming aware that the employer employs more than fifty employees, but no later than the anniversary date of the issuance of the employer's health benefit plan, that the provisions of Colorado law governing small group health benefit plans will cease to apply to the employer if the employer fails to renew its current small group health benefit plan or elects to enroll in a different health benefit plan.

(d) (I) If an employer was issued a small group health benefit plan before January 1, 2026, and employs between fifty-one and one hundred employees, the employer may elect to remain in the small group health benefit market for five years after the date of the issuance of the employer's existing health benefit plan or elect to enter the large group health benefit market at the expiration of the employer's existing health benefit plan.

(II) (A) An employer that was issued a small group health benefit plan before January 1, 2026, and employs between fifty-one and one hundred employees may switch between small group health benefit plans being offered by the carrier for five years after the date of the issuance of the employer's health benefit plan.

(B) An employer that switches between small group health benefit plans offered by the carrier must switch to a small group health benefit plan that is one metal level above or below the employer's existing small group health benefit plan.

(III) If an employer that was issued a small group health benefit plan before January 1, 2026, and employs between fifty-one and one hundred employees elects to enter the large group health benefit market and not to continue receiving coverage under a small group health benefit plan before the expiration of the five-year period described in subsection (3.5)(d)(I) of this section, the employer may not switch back to receiving small group health benefit coverage within the five-year period and is classified as a large employer, as defined in section 10-16-102 (40.5).

(e) (I) On or before July 1, 2025, carriers offering small group health benefit plans shall submit to the commissioner two rate filings for plan year 2026. The two rate filings must demonstrate the impact of Senate Bill 24-073, enacted in 2024, on premiums for small group health benefit plans for employers with fewer than fifty-one eligible employees.

(II) This subsection (3.5), section 10-16-102 (40.5) and (61), and section 10-16-1401 (15), as amended by Senate Bill 24-073, enacted in 2024, will be repealed if the rate filings submitted by carriers pursuant to subsection (3.5)(e)(I) of this section demonstrate that the premiums for the majority of individuals covered by small group health benefit plans would increase by more than three percent after accounting for normal premium trends for small group health benefit plans.

(III) The commissioner shall notify the revisor of statutes in writing of the date when the conditions specified in subsection (3.5)(e)(II) of this section have occurred by emailing the notice to revisorofstatutes.ga@coleg.gov. This subsection (3.5), section 10-16-102 (40.5) and (61), and section 10-16-1401 (15), as amended by Senate Bill 24-073, enacted in 2024, are repealed upon the date identified in the notice that the conditions specified in subsection (3.5)(e)(II) of this section have occurred or, if the notice does not specify that date, upon the date of the notice to the revisor of statutes.

(IV) Notwithstanding section 10-16-155, the commissioner shall utilize resources allocated for actuarial review pursuant to section 10-16-155 to analyze the rate filings submitted by carriers pursuant to subsection (3.5)(e)(I) of this section.

(4) A carrier offering a large group health benefit plan may modify the plan at renewal if the carrier modifies the plan uniformly for all large groups covered by the same plan.

(5) With respect to benefits provided under an individual or small employer health benefit plan, a carrier may make reasonable modifications if:

- (a) The modification is effective only upon renewal of the plan;
- (b) The carrier modifies the benefits uniformly for all individuals and groups covered by the plan;
- (c) The carrier provides the proposed modification to policyholders and the commissioner at least ninety days before the effective date of the modification; and

(d) The carrier provides each affected policyholder the opportunity to purchase any other health benefit plan offered by the carrier.

(6) (a) The commissioner may promulgate rules as necessary to implement and administer this section.

(b) Repealed.

Source: **L. 2013:** Entire section added, (HB 13-1266), ch. 217, p. 930, § 7, effective May 13. **L. 2021:** (3.5) added, (SB 21-090), ch. 21, p. 104, § 1, effective September 7. **L. 2024:** (3.5) amended, (SB 24-073), ch. 146, p. 590, § 2, effective January 1, 2026 (see editor's note).

Editor's note: (1) Subsection (6)(b)(II) provided for the repeal of subsection (6)(b), effective January 1, 2015. (See L. 2013, p. 930.)

(2) Section 5 of chapter 146, (SB 24-073), Session Laws of Colorado 2024, provides that subsection (3.5)(e) takes effect May 1, 2024, and the remainder of subsection (3.5) takes effect January 1, 2026.

(3) As of publication date, the revisor of statutes has not received the notice referred to in subsection (3.5)(d).

10-16-105.2. Small employer health insurance availability program.

(1) (a) Except as provided in paragraphs (b) and (d) of this subsection (1), this article applies to any health benefit plan that provides coverage to the employees of a small employer in this state if any of the following conditions are met:

(I) Any portion of the premium or benefit is paid by or on behalf of a small employer;

(II) An eligible employee or dependent is reimbursed, whether through wage adjustments or otherwise, by or on behalf of a small employer for any portion of the premium;

(III) The health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of section 106, 125, or 162 of the federal "Internal Revenue Code of 1986", as amended, except as provided in paragraph (d) of this subsection (1); or

(IV) The plan is marketed to individual employees through an employer or at a place of business, except as otherwise allowed by rule. The division of insurance shall promulgate a rule to allow, with the permission of or at the request of the employer:

(A) Agents to market health benefit plans through an employer or at an employer's place of business to such employer's ineligible employees;

(B) Small employer carriers to market individual health benefit plans through an employer or at an employer's place of business to such employer's ineligible employees and to dependents of eligible employees when the carrier has group coverage in place with the employer.

(b) The provisions of this article shall not apply to a multiple employer health trust, as set forth in section 10-3-903.5 (7)(b), or a multiple employer welfare arrangement, as set forth in section 10-3-903.5 (7)(c).

(c) Repealed.

(d) A plan shall not be subject to the small group provisions of this article if the premium for the plan is paid for through a section 125 plan or program of the federal "Internal Revenue Code of 1986", as amended, the employer makes no contribution to the section 125 plan or program, the employer does not have in place an employer-sponsored health benefit plan, and the employer does not pay for any portion of the premium or benefit paid.

(1.5) Notwithstanding any other provision of law, a small employer that does not have, and has not had in the previous twelve months, a small group health benefit plan providing coverage to its employees under this article may reimburse an employee, whether through wage adjustments or health reimbursement arrangements, for any portion of the premium for a health coverage plan.

(2) (a) Except as provided in paragraph (b) of this subsection (2), carriers that are affiliated companies or that are eligible to file a consolidated tax return shall be treated as one carrier and any restrictions or limitations imposed by this article shall apply as if all health benefit plans delivered or issued for delivery to small employers in this state by such affiliated carriers were issued by one carrier.

(b) An affiliated carrier that is a health maintenance organization having a certificate of authority under this article may be considered to be a separate carrier for purposes of this subsection (2).

(c) Part 7 of article 3 of this title applies if a small employer carrier cedes or assumes all of the insurance obligation or risk with respect to one or more health benefit plans delivered or issued for delivery to small employers in this state.

(3) and (4) Repealed.

Source: L. 2004: Entire section added, p. 986, § 6, effective August 4; (1)(c)(I)(A) amended, p. 1214, § 109, effective August 4. **L. 2011:** (1.5) added, (SB 11-019), ch. 78, p. 214, § 1,

effective March 29. **L. 2013:** IP(1)(a) amended and (1)(c), (3), and (4) repealed, (HB 13-1266), ch. 217, p. 933, § 8, effective May 13. **L. 2014:** (2)(c) amended, (HB 14-1315), ch. 295, p. 1218, § 8, effective January 1, 2015.

10-16-105.3. Health benefit plans - not prohibited.

(1) A carrier shall not be prohibited from offering to a small employer additional options of health benefit plans that:

(a) Provide for different benefits for insureds and dependents of such insureds covered by the same policy; and

(b) Encourage appropriate health-care condition management based on clinical guidelines by providing case management benefits to covered persons.

Source: L. 2003: Entire section added, p. 1778, § 12, effective January 1, 2004.

10-16-105.5. Individual health plans - federally eligible individual - limited guarantee issue. (Repealed)

Source: L. 97: Entire section added, p. 637, § 5, effective May 1. **L. 2001:** (1) and (2) amended, p. 1049, § 32, effective June 5. **L. 2009:** (2) amended, (HB 09-1349), ch. 377, p. 2052, § 2, effective June 1. **L. 2013:** Entire section repealed, (HB 13-1266), ch. 217, p. 978, § 28, effective May 13.

10-16-105.6. Rate usage.

(1) A carrier offering an individual or group health benefit plan shall not require any individual, as a condition of enrollment or continued enrollment under the plan, to pay a premium or, for group plans, a contribution that is greater than the premium or contribution for a similarly situated individual enrolled in the plan on the basis of any health-status-related factor in relation to the individual or to an individual enrolled under the plan as a dependent of the individual.

(2) The prohibition in subsection (1) of this section does not:

(a) Restrict the amount that a carrier may charge an employer for coverage under a group health benefit plan; or

(b) Prevent a carrier from establishing premium discounts or rebates or modifying otherwise applicable copayments, coinsurance, or deductibles in return for adherence to programs of health promotion and disease prevention if otherwise allowed by state or federal law.

(3) Repealed.

(4) A small employer carrier may impose a premium surcharge of up to thirty-five percent above the modified community rate on a small employer group whose small group insurance has been discontinued because of nonpayment of premiums or fraud. The small employer carrier may impose the premium surcharge when the small business group reapplies for coverage in the small group market. A small employer carrier may require the increased premium to apply to the small business group for up to twelve months.

Source: **L. 2013:** Entire section added with relocations, (HB 13-1266), ch. 217, p. 934, § 9, effective May 13. **L. 2016:** (2)(b) amended, (SB 16-189), ch. 210, p. 756, § 14, effective June 6. **L. 2017:** (3) repealed, (SB 17-249), ch. 283, p. 1549, § 19, effective June 1.

Editor's note: Subsections (1) and (2) are similar to former § 10-16-107 (6); subsections (3)(a), (3)(b), and (3)(c) are similar to former § 10-16-105 (13)(a); subsection (3)(d) is similar to former § 10-16-105 (13)(d); and subsection (4) is similar to former § 10-16-105 (14)(a), as those sections existed prior to 2013.

10-16-105.7. Health benefit plan open enrollment periods - special enrollment periods - rules.

(1) (a) A carrier offering an individual health benefit plan in this state shall permit an individual to purchase an individual health benefit plan during the initial and annual open enrollment periods.

(b) The initial open enrollment period begins October 1, 2013, and extends through March 31, 2014.

(c) For benefit years beginning on or after January 1, 2015, the annual open enrollment period begins October 15 and extends through December 7 of the preceding calendar year.

(d) For purposes of this subsection (1), the benefit year for health benefit plans purchased during the initial and annual enrollment periods is a calendar year.

(e) The commissioner shall establish rules in accordance with federal law for the implementation of this subsection (1).

(2) (a) A carrier offering a group health benefit plan in this state shall permit an employer to purchase a group health benefit plan at any point during the year.

(b) In the case of health benefit plans offered in the small group market, a carrier may decline to offer coverage to a small employer that is unable to comply with a material plan provision relating to employer contribution or group participation rules, as required by section 10-16-105 (3)(b), and that carrier may limit the availability of coverage for a group it has declined to an enrollment period that begins November 15 and ends December 15 of each year or begins and ends on dates set by the commissioner by rule.

(c) The coverage is effective consistent with the dates determined by the commissioner by rule.

(3) (a) (I) A carrier offering an individual health benefit plan in this state shall establish special enrollment periods during which an individual for whom a triggering event has occurred may enroll in an individual health benefit plan offered by the carrier.

(II) A triggering event occurs when:

(A) An individual involuntarily loses existing creditable coverage for any reason other than fraud, misrepresentation, or failure to pay a premium;

(B) An individual gains a dependent or becomes a dependent through marriage, civil union, birth, adoption, or placement for adoption or by entering into a designated beneficiary agreement pursuant to article 22 of title 15, C.R.S.;

(C) An individual's enrollment or nonenrollment in a health benefit plan is unintentional, inadvertent, or erroneous and is the result of an error, misrepresentation, or inaction of the carrier, producer, or exchange established pursuant to article 22 of this title;

(D) An individual adequately demonstrates to the commissioner that the health benefit plan in which the individual is enrolled has substantially violated a material provision of its contract in relation to the individual;

(E) The exchange established pursuant to article 22 of this title determines an individual to be newly eligible or newly ineligible for the federal advance payment tax credit or cost-sharing reductions available through the exchange pursuant to federal law;

(F) An individual gains access to other creditable coverage as a result of a permanent change of residence;

(F.5) An uninsured individual was included in the calculation of "family size" as defined in the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 36B (d)(1), as amended, by a tax

filer who filed an income tax return for the prior calendar year by the April 15 tax deadline, and the exchange notifies the individual based on information provided through the Colorado affordable health care coverage easy enrollment program created in section 10-22-113 that the individual qualifies for a subsidized health benefit plan;

(G) Any other event or circumstance occurs as set forth in rules of the commissioner defining triggering events; or

(H) Beginning January 1, 2024, an individual who does not have existing creditable coverage receives certification from a health-care provider acting within the provider's scope of practice that the individual is pregnant. Coverage is deemed effective as of the first month in which the individual receives certification of the pregnancy, unless the individual elects to have coverage effective on the first day of the month following the date that the individual makes a plan selection. Any person or entity enrolling an individual in coverage pursuant to this special enrollment period shall provide a notice, developed by the department through a stakeholder process, to the individual regarding the individual's option to begin coverage either prospectively or retroactively and the financial and tax implications of those options. The notice must be in, at a minimum, English and Spanish.

(III) For the purposes of subsection (3)(a)(II)(F.5) of this section, a carrier is not required to further verify that an individual is eligible for a special enrollment period.

(b) (I) A carrier offering a group health benefit plan in this state shall establish special enrollment periods during which an individual for whom a qualifying event has occurred may enroll in a group health benefit plan offered by the carrier.

(II) A qualifying event occurs when:

(A) An individual loses coverage under a health benefit plan due to the death of a covered employee; the termination or reduction in number of hours of the covered employee's employment; or the covered employee becoming eligible for benefits under Title XVIII of the federal "Social Security Act", as amended;

(B) An individual loses coverage under a health benefit plan due to the divorce or legal separation of the covered employee from the covered employee's spouse or partner in a civil union;

(C) An individual becomes a dependent of a covered person through marriage, civil union, birth, adoption, or placement for adoption, by entering into a designated beneficiary agreement pursuant to article 22 of title 15, C.R.S., or pursuant to a court or administrative order mandating that the individual be covered;

(D) An individual loses other creditable coverage due to the termination of his or her employment or eligibility for the coverage; reduction in number of hours of employment;

involuntary termination of coverage; or reduction or elimination of his or her employer's contributions toward the coverage;

(E) An individual loses eligibility under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., or the children's basic health plan, article 8 of title 25.5, C.R.S.; or

(F) Any other event or circumstance occurs as set forth in rules of the commissioner defining qualifying events.

(c) The commissioner shall adopt rules in accordance with federal law for the implementation of this section. The commissioner may adopt rules to allow individuals enrolled in a health benefit plan through an exchange established under article 22 of this title to enroll in or change from one health benefit plan to another under circumstances specified in the rules.

10-16-105.9. Health benefit plan - carrier insolvency - covered persons - deductible amounts - rules - definition.

(1) As used in this section:

(a) "Out-of-pocket expenses" means expenses paid toward a health benefit plan:

(I) Deductible for medical services and prescription drugs that were credited under the covered person's health benefit plan; and

(II) Out-of-pocket maximum for medical services and prescription drugs that were credited under the person's health benefit plan, including any coinsurance amounts.

(b) "Out-of-pocket expenses" does not include premium payments made for a health benefit plan.

(2) For individual health benefit plans, if a covered person has paid any out-of-pocket expenses for services covered by a health benefit plan in a given plan year, and the carrier that provides the health benefit plan to the covered person exits the health insurance market and can

no longer provide health insurance benefits to that person during the same plan year, a carrier of a new health benefit plan that covers the person during the same plan year shall credit all of the out-of-pocket expenses paid by the covered person to the new health benefit plan.

(3) If a covered person's out-of-pocket expenses credited to the new health benefit plan in accordance with subsection (2) of this section for coverage under the original health benefit plan are greater than the amount of out-of-pocket expenses required by the new health benefit plan, the new carrier is not required to apply the amount in excess to the new health benefit plan.

(4) The commissioner shall promulgate rules to implement this section that include protocols for each carrier to follow when crediting out-of-pocket expenses paid by a covered person to a new health benefit plan and protocols for the division to follow to ensure that the necessary data to determine the amount of the out-of-pocket expenses credit for each new member is delivered to each carrier in a timely and accurate manner by the commissioner. The commissioner shall collect the necessary data from the carriers for the division's determination of the amount of the out-of-pocket expense credits. The protocols must be based on the out-of-pocket maximum amounts, as described in section 10-16-161, from the division. The commissioner shall consult with the exchange to develop the protocols.

(5) The new health benefit plan is required only to credit out-of-pocket expenses toward the deductible and the out-of-pocket maximum, which are reported by the previous health benefit plan, the health benefit plan's conservatorship, or the division in a time and manner determined by the commissioner.

(6) (a) The new carrier may file a claim for the amount of the credited out-of-pocket expenses as a result of this section with the estate of the original health benefit plan carrier.

(b) (I) A carrier may recoup, over a reasonable length of time, a sum equal to the amount of out-of-pocket expenses credited to covered persons, in accordance with this section. The amount must be reasonably calculated to recoup these expenses and is subject to review by the commissioner. An amount recouped is not considered a premium for any other purpose, including the computations of gross premium tax or an agent's commission.

(II) A carrier that imposes a surcharge to recoup the amount of out-of-pocket expenses credited pursuant to this section must include the amount of the surcharge as part of the carrier's rate filing pursuant to section 10-16-107 (1). The carrier must show the surcharge in the rate filing as a separate component of the rate and shall include supporting documentation.

(7) A carrier shall not file a claim for the amount of the increase in claims liability due to this section with the estate of the original health benefit plan if the carrier has recouped costs for out-of-pocket expenses credited to covered persons in accordance with subsection (6)(b) of this section.

(8) Subject to approval by the commissioner, a carrier is not required to credit all of the out-of-pocket expenses paid by the covered person to the new health benefit plan in accordance with subsection (2) of this section if doing so would cause the carrier to become insolvent.

Source: L. 2024: Entire section added, (HB 24-1258), ch. 335, p. 2272, § 1, effective January 1, 2025.

10-16-106. Group replacement - extension of benefits.

(1) This section shall indicate which carrier is liable where one carrier's group contract replaces a plan of similar benefits of another carrier within thirty-one days after the termination, cancellation, or expiration of the contract that is being replaced.

(2) The prior carrier remains liable only to the extent of its accrued liabilities, extensions of benefits as specified in the policy contract, and benefits for covered persons until release from an in-patient facility as required by section 10-16-705 (4). The position of the prior carrier shall be the same whether the group policyholder or other entity secures replacement coverage from a new carrier, self-insures, or foregoes coverage.

(3) Liability of a succeeding carrier is as follows:

(a) Each person who is eligible for coverage in accordance with the succeeding carrier's plan of benefits, with respect to classes eligible and actively at work and nonconfinement rules, if allowable, shall be covered by the succeeding carrier's plan of benefits except with respect to accrued liabilities and extensions of benefits provided for in subsection (2) of this section.

(b) Each person who is not eligible under the succeeding carrier's plan of benefits in accordance with paragraph (a) of this subsection (3) shall be covered by the succeeding carrier in accordance with the following guidelines if such individual was validly covered, including benefit extension, under the prior plan on the date of discontinuance. Such guidelines are as follows:

(I) The minimum level of benefits to be provided by the succeeding carrier shall be the applicable level of benefits of the prior carrier's plan reduced by any benefits payable by the prior plan.

(II) Coverage shall be provided by the succeeding carrier until at least the earliest of the following dates:

(A) The date the individual becomes eligible under the succeeding carrier's plan as described in paragraph (a) of this subsection (3);

(B) The date the individual's coverage would terminate in accordance with the succeeding carrier's plan provisions applicable to individual termination of coverage, where employment is terminated or where the individual ceases to be an eligible dependent.

(C) (Deleted by amendment, L. 99, p. 196, § 2, effective January 1, 2000.)

(III) Nothing in this paragraph (b) shall be construed to limit the duration of continuation coverage provided for in section 10-16-108.

(c) (Deleted by amendment, L. 99, p. 196, § 2, effective January 1, 2000.)

(d) Each person previously covered by a policy which included deductibles or waiting periods shall be given credit for the satisfaction or partial satisfaction of the same or similar provisions in the succeeding policy where it provides similar benefits. In the case of deductible provisions, the credit shall apply for the same or overlapping benefit periods and shall be given for expenses actually incurred and applied against the deductible provisions of the prior carrier's plan during the ninety days preceding the effective date of the succeeding carrier's plan but only to the extent these expenses are recognized under the terms of the succeeding carrier's plan and are subject to a similar deductible provision.

(e) Where a determination of the extent of the prior carrier's benefits is required, the prior carrier shall furnish a statement of such benefits or other pertinent information sufficient to permit verification of the benefit determination or sufficient to allow the succeeding carrier to make the determination. For the purposes of this paragraph (e), benefits of the prior plan will be determined in accordance with all of the definitions, conditions, and covered expense provisions of the prior plan rather than those of the succeeding plan. The benefit determination will be made as if coverage had not been replaced by the succeeding carrier.

Source: L. 92: Entire article R&RE, p. 1637, § 1, effective July 1. L. 99: (1), (2), (3)(a), (3)(b), and (3)(c) amended, p. 196, § 2, effective January 1, 2000.

Editor's note: The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-106.3. Uniform claims - billing codes - electronic claim forms.

(1) On or before July 1, 2002, all carriers shall accept the claim form adopted by the American dental association for use by all dental providers and carriers in the state, and the federal centers for medicare and medicaid services' claim forms CMS-1500 and CMS-1450,

otherwise known as form UB-04, as amended, as the uniform health-care claim forms for use by all other health-care providers and carriers in the state. All carriers shall accept such claim forms from health-care providers in electronic form. A carrier shall not prohibit submission of health-care claims in hard copy form, nor shall a carrier be prohibited from requiring that a claim be submitted in hard copy form. A carrier shall not require submission of a claim on a form other than those set forth in this section, except as provided in subsection (3) of this section.

(2) On or before July 1, 2002, the commissioner shall adopt a uniform list of required elements to be used on the uniform claim forms accepted by carriers pursuant to this section. Such elements shall be used by health-care providers in order for a claim to be considered a clean claim.

(3) Concurrent with the effective date for implementation of the federal "Health Insurance Portability and Accountability Act of 1996", as amended, and the federal regulations implemented pursuant to such act, as amended, for claims filed electronically, carriers shall require the submission of electronic claims with the elements in the format required by such act and such regulations and shall not require the submission of forms and elements pursuant to subsections (1) and (2) of this section.

Source: L. 2002: Entire section added, p. 312, § 1, effective April 19. **L. 2007:** (1) amended, p. 921, § 1, effective May 17. **L. 2023:** (1) amended, (HB 23-1301), ch. 303, p. 1817, § 9, effective August 7.

10-16-106.5. Prompt payment of claims - legislative declaration - rules.

(1) The general assembly finds, determines, and declares that:

(a) Patients and health-care providers often do not receive the reimbursements to which they are entitled from health insurance entities in a timely manner, even in the case of claims that are submitted on standard forms and do not require additional information for processing; and

(b) Unnecessary delays in the payment of routine and uncontested claims for reimbursement represent an unwarranted drain on health-care providers' resources, which could be better spent attending to the needs of patients, as well as wasting the time and money of the patients themselves. Therefore, it is in the interest of the citizens of Colorado that reasonable standards be imposed for the timely payment of claims.

(2) As used in this section, "clean claim" means a claim for payment of health-care expenses that is submitted to a carrier on the uniform claim form adopted pursuant to section 10-16-106.3 with all required fields completed with correct and complete information, including all required documents. A claim requiring additional information shall not be considered a clean claim and

shall be paid, denied, or settled as set forth in paragraph (b) of subsection (4) of this section. "Clean claim" does not include a claim for payment of expenses incurred during a period of time for which premiums are delinquent, except to the extent otherwise required by law.

(2.5) This section shall apply to claims made as a result of injuries sustained in a motor vehicle accident regardless of whether fault in such accident has been determined.

(2.7) (a) A policyholder, insured, or provider may submit a claim:

(I) By United States mail, first class, or by overnight delivery service;

(II) Electronically;

(III) By facsimile (fax); or

(IV) By hand delivery.

(b) (I) A carrier shall make a mechanism available to providers that shall enable a provider to confirm the receipt of a claim that is filed with the carrier in a manner other than electronically. Within ten business days after the submission of the claim as determined by the provider, the carrier shall list such claim on the notification mechanism as received. The claim shall be deemed received on the date it is listed on the notification mechanism by the carrier. If a claim is not listed on the notification mechanism, the provider may contact the carrier for the purposes of resubmission of the claim. The carrier shall have a separate facsimile process to receive the resubmission of the paper claims. The resubmitted claim shall be deemed received on the date of the facsimile transmission acknowledgment. If such mechanism is accessible only by electronic means, upon request of the provider, the information must be made available in hard-copy form within three business days.

(II) If the claim is submitted electronically, the claim is presumed to have been received on the date of the electronic verification of receipt by the carrier or the carrier's clearinghouse. The carrier or carrier's clearinghouse shall provide a confirmation within one business day after submission by a provider.

(3) Every carrier shall provide a copy of its filing requirements to:

(a) Every enrollee or insured upon enrollment in the carrier's plan or upon issuance of the policy when applicable;

(b) Every enrollee or insured, upon request, within fifteen calendar days;

(c) Every participating provider upon acceptance of the provider into the carrier's network; and

(d) Every enrollee, insured, and participating provider within fifteen calendar days after any change in the standard form or the accompanying instructions or requirements when applicable.

(4) (a) Clean claims shall be paid, denied, or settled within thirty calendar days after receipt by the carrier if submitted electronically and within forty-five calendar days after receipt by the carrier if submitted by any other means.

(b) If the resolution of a claim requires additional information, the carrier shall, within thirty calendar days after receipt of the claim, give the provider, policyholder, insured, or patient, as appropriate, a full explanation in writing of what additional information is needed to resolve the claim, including any additional medical or other information related to the claim. The person receiving a request for such additional information shall submit all additional information requested by the carrier within thirty calendar days after receipt of such request. Notwithstanding any provision of an indemnity policy to the contrary, the carrier may deny a claim if a provider receives a request for additional information and fails to timely submit additional information requested under this paragraph (b), subject to resubmittal of the claim or the appeals process. If such person has provided all such additional information necessary to resolve the claim, the claim shall be paid, denied, or settled by the carrier within the applicable time period set forth in paragraph (c) of this subsection (4).

(c) Absent fraud, all claims except those described in paragraph (a) of this subsection (4) shall be paid, denied, or settled within ninety calendar days after receipt by the carrier.

(d) (I) Except as otherwise provided in paragraph (b) of this subsection (4), if the carrier intends to prospectively conduct a charge audit, such carrier shall, not later than the forty-fifth day after the date the carrier receives the claim, pay the charges submitted by any participating institutional provider at a rate of at least eighty-five percent of the contracted rate on the claim, less deductibles, coinsurance, and copayments, and shall pay a nonparticipating institutional provider at least sixty percent of the amount due on the claim, less deductibles, coinsurance, and copayments. The carrier shall complete the charge audit, and make any additional payment not later than the ninetieth day after receipt of a claim.

(II) The institutional provider shall allow reasonable access to the records necessary to conduct the audit within the time period required by this paragraph (d).

(III) For the purposes of this paragraph (d), "charge audit" means an audit to determine whether data in an enrollee's medical record documents the health-care services listed on a claim for payment submitted to a carrier. "Charge audit" does not mean a review of the medical necessity of the services provided.

(5) (a) A carrier that fails to pay, deny, or settle a clean claim in accordance with paragraph (a) of subsection (4) of this section or take other required action within the time periods set forth in paragraph (b) of subsection (4) of this section shall be liable for the covered benefit and, in addition, shall pay to the insured or health-care provider, with proper assignment, interest at the rate of ten percent annually on the total amount ultimately allowed on the claim, accruing from the date payment was due pursuant to subsection (4) of this section.

(b) A carrier that fails to pay, deny, or settle a claim in accordance with subsection (4) of this section within ninety days after receiving the claim shall pay to the insured or health-care provider, with proper assignment, a penalty in an amount equal to twenty percent of the total amount ultimately allowed on the claim. Such penalty shall be imposed on the ninety-first day after receipt of the claim by the carrier. If a carrier denies a claim in accordance with subsection (4) of this section within ninety days after receiving the claim and the denial is determined to be unreasonable pursuant a civil action in accordance with section 10-3-1116, the carrier shall pay the penalty in this paragraph (b) to the insured or to the assignee.

(c) To the extent that penalties are not paid concurrently with the claim, the penalties in this section may be paid on a quarterly basis or when the aggregate penalties for a provider exceeds ten dollars.

(6) This section shall not prohibit a carrier from retroactively adjusting payment of a claim that is not subject to the provisions of section 10-16-704, if:

(a) The policyholder notifies the carrier of a change in eligibility of an individual; and

(b) The adjustment is made within thirty days after the carrier's receipt of such notification.

(7) If a carrier delegates its claims processing functions to a third party, the delegation agreement shall provide that the claims processing entity shall comply with the requirements of this section. Any delegation by the carrier shall not be construed to limit the carrier's responsibility to comply with this section or any other applicable section of this article.

(8) This section does not apply to a claim filed:

(a) Pursuant to the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S.; or

(b) For an individual entitled to a three-month grace period as described in section 10-16-140 (1), when the claim is for services rendered after the first month of the three-month grace period. The commissioner may adopt rules as necessary to implement and administer this paragraph (b).

(9) The commissioner may investigate claims against a health coverage plan that is authorized to conduct business in this state when such claims are filed by a provider related to the improper handling or denial of benefits pursuant to this section.

amended, p. 977, § 1, effective January 1, 2007. **L. 2008:** (5)(b) amended, p. 2174, § 7, effective August 5. **L. 2013:** (8) amended, (HB 13-1266), ch. 217, p. 939, § 11, effective May 13.

10-16-106.7. Assignment of health insurance benefits.

(1) (a) Any carrier that provides health coverage to a covered person shall allow, but not require, such covered person under the policy to assign, in writing, payments due under the policy to a licensed hospital or other licensed health-care provider; an occupational therapist, as defined in section 12-270-104 (9); an occupational therapy assistant, as defined in section 12-270-104 (11); or a massage therapist, as defined in section 12-235-104 (5), also referred to in this section as the "provider", for services provided to the covered person that are covered under the policy.

(b) The covered person may, with or without the agreement of the provider, revoke the assignment. Such revocation shall be in writing and shall be sent to the carrier. The carrier shall send a copy of the revocation to the provider who is the subject of the revocation. The revocation shall be effective when it has been received by both the carrier and the provider and shall only affect those charges incurred after such receipt by both.

(2) (a) When a provider receives an assignment from a covered person, it is the responsibility of the provider to bill the carrier and notify the carrier that the provider holds an assignment on file. The carrier shall honor the assignment the same as if a copy of the assignment had been received by the carrier. Only upon request of the carrier shall the provider be required to give the carrier a copy of the assignment.

(b) The carrier shall honor the assignment and make payment of covered benefits directly to the provider. If the carrier fails to honor the assignment by making payment to the covered person and if the covered person, upon receipt of such payment, fails to pay an amount equivalent to such payment to the provider within forty-five days, the carrier shall be liable for the payment directly to the provider. It shall be the responsibility of the provider to notify the carrier if payment has not been received. In such case, the carrier shall make payment of covered benefits as specified in section 10-16-106.5.

(c) If the provider collects payment from the enrollee and subsequently receives payment from the carrier, the provider shall reimburse the enrollee, less any applicable copayments, deductibles, or coinsurance amounts, within forty-five days.

(3) Nothing in this section shall be construed to limit a carrier's ability to determine the scope of its benefits, services, or any other terms of its policies, or from negotiating contracts with licensed hospitals or other licensed health-care providers on reimbursement rates or any other lawful provisions.

Source: **L. 2005:** Entire section added, p. 489, § 1, effective August 8. **L. 2008:** (1)(a) amended, p. 830, § 7, effective July 1. **L. 2009:** (1)(a) amended, (SB 09-292), ch. 369, p. 1945, § 18, effective August 5. **L. 2010:** (1)(a) amended, (HB 10-1220), ch. 197, p. 856, § 23, effective July 1. **L. 2019:** (1)(a) amended, (HB 19-1172), ch. 136, p. 1654, § 43, effective October 1. **L. 2021:** (1)(a) amended, (SB 21-003), ch. 4, p. 28, § 5, effective January 21.

10-16-107. Rate filing regulation - benefits ratio - rules.

(1) (a) A carrier subject to part 2, 3, 4, or 5 of this article 16 shall not establish rates for any sickness, accident, or health insurance policy, contract, certificate, or other evidence of coverage or dental coverage plan, as defined in section 10-16-165 (1)(b), issued or delivered to any policyholder, enrollee, subscriber, or member in Colorado that are excessive, inadequate, or unfairly discriminatory. To assure compliance with the requirements of this section that rates are not excessive in relation to benefits, the commissioner shall promulgate rules to require rate filings and, as part of the rules, may require the submission of adequate documentation and supporting information, including actuarial opinions or certifications and set expected benefits ratios. The carrier shall submit expected rate increases to the commissioner at least sixty days prior to the proposed implementation of the rates. If the commissioner does not approve or disapprove the rate filings within a sixty-day period, the carrier may implement and reasonably rely upon the rates on the condition that the commissioner may require correction of any deficiencies in the rate filing upon later review if the rate the carrier charged is excessive, inadequate, or unfairly discriminatory. A prospective rate adjustment is the sole remedy for rate deficiencies pursuant to this subsection (1). If the commissioner finds deficiencies in the rate filing after a sixty-day period, the commissioner shall provide notice to the carrier, and the carrier shall correct the rate on a prospective basis.

(b) The commissioner may review expected rate filing increases filed with the commissioner and shall disapprove the rate increase and require the carrier to resubmit for approval if any of the provisions of subsection (3) of this section apply. Rate filings that do not involve a requested rate increase, or that involve a requested rate increase of less than five percent for dental insurance, do not require preapproval, and the carrier may implement the rate upon filing with the commissioner.

(c) The filing requirements of this subsection (1) do not apply to nondeveloped rates, including rates for medicaid, medicare, and the children's basic health plan, as defined by the commissioner.

(d) If the carrier fails to supply the information required by this section, the filing is incomplete. The commissioner shall make a determination of completeness no later than thirty

days following submission of the filing for review. All filings not returned on or before the thirtieth day after receipt are considered complete.

(e) The commissioner may review filings for substantive content and, if reviewed, shall identify and communicate to the filing carrier, on or before the forty-fifth day after receipt, any deficiency in the filing. The carrier shall apply a correction of a deficiency, including a deficiency identified after the forty-fifth day, on a prospective basis, and the commissioner shall not assess a penalty against the carrier if the violation identified was not willful.

(f) Carriers shall file rate filings for insurance regulated under parts 1 to 5 of this article 16 electronically in a format made available by the division, unless exempted by rule for an emergency situation as determined by the commissioner. The division shall post on its website a rate filing summary for insurance regulated under parts 1 to 5 of this article 16 in order to provide notice to the public.

(g) This section does not:

(I) Limit the right of the public to inspect a rate filing and any supporting information pursuant to part 2 of article 72 of title 24, C.R.S.; or

(II) Impair the commissioner's ability to review rates and determine whether the rates are excessive, inadequate, or unfairly discriminatory.

(2) (a) (I) Rates for an individual health coverage plan issued or delivered to any policyholder, enrollee, subscriber, or member in Colorado by an insurer subject to part 2 of this article 16 or an entity subject to part 3, 4, or 5 of this article 16 shall not be excessive, inadequate, or unfairly discriminatory to assure compliance with the requirements of this section that rates are not excessive in relation to benefits. Rates are excessive if they are likely to produce a long run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to services rendered. In determining if rates are excessive, the commissioner may consider:

(A) The expected filed rates in relation to the actual rates charged;

(B) Whether the carrier's products are affordable; and

(C) Whether the carrier has implemented effective strategies to enhance the affordability of its products.

(II) Rates are not inadequate unless clearly insufficient to sustain projected losses and expenses, or the use of the rates, if continued, will tend to create a monopoly in the market.

(III) Rates are unfairly discriminatory if, after allowing for practical limitations, price differentials fail to reflect equitably the differences in expected losses and expenses.

(b) Notwithstanding any other provision of this article 16, a carrier subject to part 2, 3, 4, or 5 of this article 16 shall not vary the premium rate for an individual health coverage plan due to the gender of the individual policyholder, enrollee, subscriber, or member. Any premium rate based on the gender of the individual policyholder, enrollee, subscriber, or member is unfairly discriminatory and is not allowed.

(3) (a) The commissioner shall disapprove the requested rate increase if any of the following apply:

(I) The benefits provided are not reasonable in relation to the premiums charged;

(II) The requested rate increase contains a provision or provisions that are excessive, inadequate, unfairly discriminatory, or otherwise do not comply with the provisions of this title;

(III) The requested rate increase is excessive or inadequate. In determining if the rate is excessive or inadequate, the commissioner may consider profits, dividends, annual rate reports, annual financial statements, subrogation funds credited, investment income or losses, unearned premium reserve and reserve for losses, surpluses, executive salaries, expected benefits ratios, any factors in section 10-16-111, and any other appropriate actuarial factors as determined by current actuarial standards of practice.

(IV) The actuarial reasons and data based upon Colorado claims experience and data, when available, do not justify the necessity for the requested rate increase;

(V) The rate filing is incomplete;

(VI) The rate filing fails to demonstrate compliance with the MHPAEA. The commissioner shall adopt rules to establish the process and timeline for carriers to demonstrate compliance with the MHPAEA in establishing their rates.

(VII) The rate filing reflects a cost shift between the standardized plan, as defined in section 10-16-1303 (14), offered by the carrier and the health benefit plan for which rate approval is being sought. The commissioner may consider the total cost of health care in making this determination.

(b) In determining whether to approve or disapprove a rate filing, the commissioner may consider, without limitation, the expected benefits ratio for a health benefit plan or any other cost category determined appropriate by the commissioner. If the carrier achieves a benefits ratio of eighty-five percent or higher for large group insurance, eighty percent for small group insurance, and eighty percent for individual insurance, the commissioner may expedite the review of the approval process for the carrier.

(c) The commissioner shall adopt rules that establish the benefits ratio for carriers to use for rate filing purposes for health benefit plans, other than grandfathered health benefit plans. The rules must include, as supplemental criteria that will be considered during review, requirements

for carriers to provide information on activities to improve health-care quality as set forth under the authority of section 2718 of the federal "Public Health Service Act", as amended, and in 45 CFR 158.150 and expenditures related to health information technology and meaningful use as set forth in 45 CFR 158.151.

(3.5) The commissioner shall promulgate rules establishing affordability standards. These standards must include appropriate targets for carrier investments in primary care. In developing these standards, the commissioner shall consider the recommendations of the primary care payment reform collaborative created in section 10-16-150.

(4) The commissioner may require the submission of any relevant information the commissioner deems necessary in determining whether to approve or disapprove a filing made pursuant to this section.

(5) (a) (I) With respect to the premium rates charged by a carrier offering an individual or small employer health benefit plan, the carrier shall develop its premium rates based on, and vary the premium rates with respect to the particular plan or coverage only by the following case characteristics:

- (A) Whether the plan or coverage covers an individual or family;
- (B) Geographic rating area, established in accordance with federal law;
- (C) Age, except that the rate must not vary by more than three to one for adults; and
- (D) Tobacco use, except that the rate must not vary by more than one and one-fifteenth to one.

(II) The carrier shall not vary a premium rate with respect to any particular individual or small employer health benefit plan by any factor other than the factors described in subparagraph (I) of this paragraph (a).

(III) With respect to family coverage under an individual or small employer health benefit plan, the carrier shall apply the rating variations permitted under sub-subparagraphs (C) and (D) of subparagraph (I) of this paragraph (a) based on the portion of the premium that is attributable to each family member covered under the plan in accordance with rules of the commissioner.

(b) The carrier shall not adjust the premium charged with respect to any particular individual or small employer health benefit plan more frequently than annually; except that the carrier may change the premium rates to reflect:

- (I) With respect to a small employer health benefit plan, changes to the enrollment of the small employer;
- (II) Changes to the family composition of the policyholder or employee;

(III) With respect to an individual health benefit plan, changes in geographic rating area of the policyholder, as provided in sub-subparagraph (B) of subparagraph (I) of paragraph (a) of this subsection (5);

(IV) Changes in tobacco use, as provided in sub-subparagraph (D) of subparagraph (I) of paragraph (a) of this subsection (5);

(V) Changes to the health benefit plan requested by the policyholder or small employer; or

(VI) Other changes required by federal law or regulations or otherwise expressly permitted by state law or commissioner rule.

(c) (I) A carrier shall consider all individuals in all individual health benefit plans, other than grandfathered health benefit plans, offered by the carrier, including those individuals who do not enroll in the plans through an exchange established under article 22 of this title, to be members of a single risk pool.

(II) A carrier shall consider all covered persons in all small employer health benefit plans, other than grandfathered health benefit plans, offered by the carrier, including those covered persons who do not enroll in the plans through an exchange established under article 22 of this title, to be members of a single risk pool.

(d) Any individual who does not qualify for a lower rate based on tobacco use may be offered the option of participating in a bona fide wellness program, as defined under the federal "Health Insurance Portability and Accountability Act of 1996", as amended. A carrier may allow any individual who participates in a bona fide wellness program the lower rate. The carrier shall disclose the availability of a tobacco rating adjustment and any bona fide wellness program to each potential insured. The provisions of this paragraph (d) are applicable only if allowed under federal law.

(e) The commissioner may adopt rules to implement and administer this subsection (5) and to assure that rating practices used by carriers are consistent with the purposes of this article.

(f) A carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of all of the following:

(I) How premium rates are established;

(II) The provisions of the coverage concerning the carrier's right to change premium rates, the factors that may affect changes in premium rates, and the frequency with which the carrier may change premium rates; and

(III) (A) With respect to individual health benefit plans, a listing of and descriptive information about, including benefits and premiums, all individual health benefit plans offered by the carrier and the availability of the plans for which the individual is qualified; and

(B) With respect to small employer health benefit plans, a listing of and descriptive information about, including benefits and premiums, all small employer health benefit plans for which the small employer is qualified.

(g) (I) Each carrier shall maintain at its principal place of business a complete and detailed description of its rating practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(II) Each carrier shall annually file with the commissioner, on or before March 15, an actuarial certification certifying that the carrier is in compliance with this article and that the rating methods of the carrier are actuarially sound. The certification must be in a form and manner and must contain information as specified by the commissioner. The carrier shall retain a copy of the certification at its principal place of business.

(III) (A) A carrier shall make the information and documentation described in subparagraph (I) of this paragraph (g) available to the commissioner upon request.

(B) Except in cases of violations of this section, the information is considered proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside of the division except as agreed to by the carrier or as ordered by a court of competent jurisdiction.

(6) (a) The carrier shall use the applicable index rate for the premium rate for all of the carrier's individual and small group health benefit plans and shall adjust the applicable index rate for total expected market-wide payments and charges under the risk adjustment and reinsurance programs in the state, subject only to the adjustments permitted in federal and state law. The commissioner may establish, by rule, the components and adjustments that carriers are able to use and make to the index rate.

(b) A carrier shall treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(c) For the purposes of this subsection (6), a health benefit plan that contains a restricted network provision is not similar coverage to a health benefit plan that does not contain a restricted network provision if the restriction of benefits to network providers results in substantial differences in claim costs.

(7) Starting in 2021, as part of the rate filing required pursuant to this section, each carrier shall provide to the commissioner, in a form and manner determined by the commissioner, information concerning the utilization of out-of-network providers and facilities and the aggregate cost savings as a result of the implementation of section 10-16-704 (3)(d)(I) and (5.5)(b)(I).

(8) (a) The commissioner may adopt rules designed to:

(I) Maximize the purchasing power of exchange consumers whose household income is up to four hundred percent of the federal poverty line; and

(II) Assure premium pricing that complies with the requirements in the federal act for modified community rating.

(b) In adopting these rules, the commissioner may consider the results of the evaluation and study of the reinsurance program conducted pursuant to section 10-16-1104 (2).

10-16-107.1. False or misleading information - penalties.

(1) A person or organization shall not knowingly withhold information that will affect the rates or premiums chargeable under this part 1 or knowingly give false or misleading information to the commissioner or any statistical agent, advisory organization, or carrier. A person or organization who violates this section shall be subject to the penalties in subsection (2) of this section.

(2) Upon a finding that any person or organization has knowingly violated subsection (1) of this section, the commissioner may impose a penalty of not more than ten thousand dollars for each violation but, if the violation is found to be willful, a penalty of not more than twenty-five thousand dollars for each violation. The penalties may be in addition to any other penalty provided by law.

Source: L. 2008: Entire section added, p. 2255, § 7, effective July 1.

Cross references: In 2008, this section was enacted by the "Fair Accountable Insurance Rates Act". For the short title and legislative declaration, see sections 1 and 2 of chapter 439, Session Laws of Colorado 2008.

10-16-107.2. Filing of health policies - rules.

(1) All carriers authorized by the commissioner to conduct business in Colorado shall submit an annual report to the commissioner listing any policy form, endorsement, or rider for any sickness, accident, nonprofit hospital and health service corporation, health maintenance organization, or other health insurance policy, contract, certificate, or other evidence of coverage issued or delivered to any policyholder, certificate holder, enrollee, subscriber, or member in Colorado. Each carrier shall submit the annual report by December 31 of each year and shall include in the report a certification by an officer of the carrier that, to the best of the carrier's good-faith knowledge and belief, each policy form, endorsement, or rider in use complies with Colorado law. The commissioner shall determine the necessary elements of the certification.

(2) All carriers authorized by the commissioner to conduct business in Colorado shall also submit to the commissioner a list of any new policy form, application, endorsement, or rider at least thirty-one days before using the policy form, application, endorsement, or rider for any health coverage. The carrier shall include in the listing a certification by an officer of the carrier that each new policy form, application, endorsement, or rider proposed to be used complies, to the best of the carrier's good-faith knowledge and belief, with Colorado law. The commissioner shall determine the necessary elements of the certification. A carrier shall not deliver or issue a new policy form, application, endorsement, or rider until the carrier files the listing and certification required by this subsection (2).

(3) The commissioner shall promulgate rules, as needed, setting forth the standards for policy forms, endorsements, and riders marketed in Colorado.

(4) The commissioner may examine and investigate carriers authorized to conduct business in Colorado to determine whether policy forms, endorsements, and riders comply with the certification of the carrier and statutory mandates.

Editor's note: (1) Although the effective date for the repeal and reenactment of this article was July 1, 1992, this section was added, effective June 2, 1992.

(2) The former subsection (2)(b) was relocated to § 10-16-107.5 in 2013.

Cross references: For the legislative declaration contained in the 2006 act amending subsection (2)(b)(I), see section 1 of chapter 236, Session Laws of Colorado 2006.

10-16-107.3. Health insurance policies - plain language required - rules.

(1) (a) A carrier issuing or renewing a health benefit plan, limited benefit health insurance, dental plan, or long-term care plan subject to this article shall not issue or renew the plan unless the text of the plan does not exceed the tenth-grade level as measured by the Flesch-Kincaid grade level formula or does not score less than fifty as measured by the Flesch reading ease formula.

(b) In conjunction with the report submitted to the commissioner pursuant to section 10-16-107.2, the carrier shall report the readability scores prior to the issuance or renewal of a policy or the use of the plan.

(2) The health benefit plan, limited benefit health insurance, dental plan, or long-term care plan shall contain an index or table of contents if the plan is more than three pages in length or if the text of the plan exceeds three thousand words. The index, table of contents, and text of the plan shall be printed in not less than ten-point type.

(3) For purposes of subsections (1) and (2) of this section, the following shall apply:

(a) (I) A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall count as one word;

(II) A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and

(III) A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. If the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciations containing fewer syllables may be used.

(b) "Text" includes all printed matter except the following:

(I) The name and address of the carrier; the name, number, or title of the policy; the table of contents or index; captions and subcaptions; and specification pages, schedules, or tables; and

(II) Any policy language that is drafted to conform to the requirements of any federal law or regulation; any policy language required by any collectively bargained agreement; any medical terminology; any words that are defined in the policy; and any policy language required by law or regulation if the carrier identifies the language or terminology excepted and certifies in writing that the language or terminology is entitled to be excepted.

(4) The commissioner shall promulgate rules regarding the electronic dissemination of newly issued or renewed policy forms or endorsements.

(5) For the purposes of subsection (1) of this section, for group health benefit plans, the evidence of coverage or certificate of coverage that is provided to the covered person shall be the only text for the purposes of the Flesch-Kincaid grade level formula and the Flesch reading ease formula.

Source: L. 2010: Entire section added, (HB 10-1166), ch. 143, p. 487, § 2, effective January 1, 2012. **L. 2013:** IP(3) amended, (HB 13-1300), ch. 316, p. 1666, § 15, effective August 7.

10-16-107.4. Health-care sharing plan or arrangement - required reporting and certification - noncompliance - information posted on division website - rules.

(1) A person not authorized by the commissioner pursuant to article 3 of this title 10 to offer insurance in this state that offers or intends to offer a plan or arrangement to facilitate payment or reimbursement of health-care costs or services for residents of this state, regardless of whether the person is domiciled in this state or another state, shall submit to the commissioner by October 1, 2022, and by March 1 each year thereafter:

(a) The following information:

(I) The total number of individuals and households that participated in the plan or arrangement in this state in the immediately preceding calendar year;

(II) The total number of employer groups that participated in the plan or arrangement in this state in the immediately preceding calendar year, specifying the total number of participating individuals in each participating employer group;

(III) If the person offers a plan or arrangement in other states, the total number of participants in the plan or arrangement nationally;

(IV) Any contracts the person has entered into with providers in this state that provide health-care services to plan or arrangement participants;

(V) The total amount of fees, dues, or other payments collected by the person in the immediately preceding calendar year from individuals, employer groups, or others who participated in the plan or arrangement in this state, specifying the percentage of fees, dues, or other payments retained by the person for administrative expenses;

(VI) The total dollar amount of requests for reimbursement of health-care costs or services submitted in this state in the immediately preceding calendar year by participants in the plan or arrangement or providers that provided health-care services to plan or arrangement participants;

(VII) The total dollar amount of requests for reimbursement of health-care costs or services that were submitted in this state and were determined to qualify for reimbursement under the plan or arrangement in the immediately preceding calendar year;

(VIII) The total amount of payments made to providers in this state in the immediately preceding calendar year for health-care services provided to or received by a plan or arrangement participant;

(IX) The total amount of reimbursements made to plan or arrangement participants in this state in the immediately preceding calendar year for health-care services provided to or received by a plan or arrangement participant;

(X) The total number of requests for reimbursement of health-care costs or services submitted in this state in the immediately preceding calendar year that were denied, expressed as a percentage of total reimbursement requests submitted in that calendar year, and the total number of reimbursement request denials that were appealed;

(XI) The total amount of health-care expenses submitted in this state by plan or arrangement participants or providers in the immediately preceding calendar year that qualify for reimbursement pursuant to the plan or arrangement criteria but that, as of the end of that calendar year, have not been reimbursed, excluding any amounts that the plan or arrangement participants incurring the health-care costs must pay before receiving reimbursement under the plan or arrangement;

(XII) The estimated number of plan or arrangement participants the person is anticipating in this state in the next calendar year, specifying the estimated number of individuals, households, employer groups, and employees;

(XIII) The specific counties in this state in which the person:

(A) Offered a plan or arrangement in the immediately preceding calendar year; and

(B) Intends to offer a plan or arrangement in the next calendar year;

(XIV) Other states in which the person offers a plan or arrangement;

(XV) A list of any third parties, other than a producer, that are associated with or assist the person in offering or enrolling participants in this state in the plan or arrangement, copies of any training materials provided to a third party, and a detailed accounting of any commissions or other fees or remuneration paid to a third party in the immediately preceding calendar year for:

(A) Marketing, promoting, or enrolling participants in a plan or arrangement offered by the person in this state; or

(B) Operating, managing, or administering a plan or arrangement offered by the person in this state;

(XVI) The total number of producers that are associated with or assist the person in offering or enrolling participants in this state in the plan or arrangement, the total number of participants enrolled in the plan or arrangement through a producer, copies of any training materials provided to a producer, and a detailed accounting of any commissions or other fees or remuneration paid to a producer in the immediately preceding calendar year for marketing, promoting, or enrolling participants in a plan or arrangement offered by the person in this state;

(XVII) Copies of any consumer-facing and marketing materials used in this state in promoting the person's plan or arrangement, including plan or arrangement and benefit descriptions and other materials that explain the plan or arrangement;

(XVIII) The name, mailing address, email address, and telephone number of an individual serving as a contact person for the person in this state;

(XIX) A list of any parent companies, subsidiaries, and other names that the person has operated under at any time within the immediately preceding five calendar years; and

(XX) An organizational chart for the person and a list of the officers and directors of the person;

(b) A certification by an officer of the person that, to the best of the person's good-faith knowledge and belief, the information submitted is accurate and satisfies the requirements of this subsection (1).

(2) (a) If the person subject to the requirements of subsection (1) of this section fails to submit the information or certification required by said subsection, the submission is incomplete. The commissioner shall make a determination of completeness no later than forty-five days after the submission. If the commissioner has not informed the person of any deficiencies in the submission within forty-five days after receiving the submission, the submission is considered complete.

(b) (I) If the commissioner determines that a person fails to comply with the requirements of subsection (1) of this section, the commissioner shall:

(A) Notify the person that the submission is incomplete and enumerate in the notification each deficiency found in the person's submission; and

(B) Allow the person thirty days after notice of the incomplete submission to remedy the deficiency found in the submission.

(II) If the person does not remedy the deficiency within the thirty-day period, the commissioner may levy a fine not to exceed five thousand dollars per day.

(III) If the person does not remedy the deficiency or deficiencies within thirty days after the initial fine is levied, the commissioner may issue a cease-and-desist order in accordance with section 10-3-904.5.

(3) On or before April 1, 2023, and on or before each October 1 thereafter, the commissioner shall:

(a) Prepare a written report summarizing the information submitted by persons pursuant to subsection (1) of this section; and

(b) Post on the division's website the report and accurate and evidence-based information about the persons who submitted information pursuant to subsection (1) of this section, including how consumers may file complaints.

(4) The commissioner may adopt rules as necessary to implement this section.

(5) This section does not apply to:

(a) Direct primary care agreements as defined in article 23 of title 6; or

(b) Other consumer payment arrangements identified by the commissioner by rule, including consumer payment plans offered directly by a provider to a patient or the party responsible for payment on behalf of the patient.

Source: L. 2022: Entire section added, (HB 22-1269), ch. 444, p. 3125, § 1, effective June 8.

10-16-107.5. Uniform application form - use by all carriers - rules.

(1) The commissioner, by rule, shall develop a uniform application form for health benefit plans and shall require all carriers providing health benefit plans that are authorized by the commissioner to conduct business in Colorado to exclusively use the uniform application form for the conduct of business in this state. By a date specified by the commissioner, all carriers that provide health benefit plans shall use the uniform application form for their health benefit plans.

(2) The commissioner may permit carriers to use a modified electronic version of the uniform application form.

Source: L. 2013: Entire section added with relocations, (HB 13-1266), ch. 217, p. 951, § 14, effective May 13.

Editor's note: This section is similar to former § 10-16-107.2 (2)(b) as it existed prior to 2013.

10-16-107.7. Nondiscrimination against providers.

(1) A carrier offering an individual or group health benefit plan in this state shall not discriminate with respect to participation under the plan or coverage against any provider who is acting within the scope of his or her license or certification under applicable state law.

(2) This section does not:

(a) Require a carrier to contract with any provider willing to abide by the terms and conditions for participation established by the plan or carrier; or

(b) Prevent a carrier from establishing varying reimbursement rates based on quality or performance measures.

Source: L. 2013: Entire section added, (HB 13-1266), ch. 217, p. 952, § 15, effective May 13.

10-16-108. Continuation privileges.

(1) Group health benefit plans.

(a) Every employer group health benefit plan issued by a carrier must contain a provision specifying that if a covered employee's employment is terminated and the health benefit plan remains in force for active employees of the employer, the covered employee whose employment is terminated may elect to continue the coverage for himself or herself and his or her dependents. The provision must conform to the requirements, where applicable, of paragraphs (b), (c), and (e) of this subsection (1).

(b) An employee is eligible to make the election described in paragraph (a) of this subsection (1) on the employee's own behalf and on behalf of eligible, covered dependents if:

(I) The employee's eligibility to receive insurance coverage has ended for any reason other than discontinuance of the group policy in its entirety or with respect to an insured class;

(II) Any premium or contribution required from or on behalf of the employee has been paid through the employment termination date; and

(III) The employee has been continuously covered under the group health benefit plan, or under any group health benefit plan providing similar benefits that it replaces, for at least six months immediately prior to termination.

(c) The employer is not required to offer continuation of coverage to any person if the person is covered by medicare, Title XVIII of the federal "Social Security Act", or medicaid, Title XIX of the federal "Social Security Act".

(d) Once payment of disability benefits has started, a carrier shall not reduce benefits due under a policy of insurance insuring against disability from sickness or accident based on an increase in federal social security benefits.

(e) (I) Upon the termination of employment of an eligible employee, the death of an eligible employee, or the change in marital or civil union status of an eligible employee, the employee or dependent has the right to continue the coverage for a period of eighteen months after loss of coverage or until the employee or dependent becomes eligible for other group coverage, whichever occurs first. However, should the new coverage exclude a condition covered under the continued plan, coverage under the prior employer's plan may be continued for the excluded condition only for eighteen months or until the new plan covers the condition, whichever occurs first.

(II) The employer shall notify the employee in writing of the employee's right to continue health-care coverage upon termination from employment. A written communication signed by the employee or a notice postmarked within ten days after termination mailed by the employer to the last-known address of the employee satisfies the notice requirements of this subparagraph (II). The notification must inform the employee of:

(A) The employee's right to elect to continue the existing coverage at the applicable rate;

(B) The amount the employee must pay monthly to the employer to retain the coverage, which payment includes the employer's contribution for the employee in addition to the employee's own contribution;

(C) The manner in which, and the office of the employer to which, the employee must submit the payment to the employer;

(D) The date and time by which the employee must submit the payments to the employer to retain coverage; and

(E) The fact that the employee will lose the coverage if the employee does not timely submit the payment to the employer.

(III) The employee shall notify the employer in writing of the employee's election to continue coverage and shall make proper payment to the employer as soon as possible upon notification by the employer of termination. In no case shall the employee submit the notification of election or the proper payment more than thirty days after the date of termination of employment unless the employer has failed to give timely notice in accordance with subparagraph (II) of this paragraph (e). If the employee timely submits the required payment and notice, the employee's health-care coverage is continued as if there had been no interruption of coverage. If the employee fails to timely submit proper payment and notice, the employer is relieved of any responsibility to the employee for the continuation of health-care coverage.

(IV) If the employer fails to notify an eligible employee of the right to elect to continue the coverage, the employee has the option to retain coverage if, within sixty days after the date the employment is terminated, the employee makes the proper payment to the employer to provide continuous coverage.

(V) After timely receipt of the monthly payment from an eligible employee, if the employer fails to make the payment to the carrier, with the result that the employee's coverage is terminated, the employer is liable for the employee's coverage, but to no greater extent than the amount of the premium.

(2) **Group policies and group service contracts - reduction in hours of work.** Every group policy or group service contract delivered or issued for delivery in this state by an insurer subject to part 2 of this article or by an entity subject to part 3 or 4 of this article that covers full-time employees working forty or more hours per week shall contain a provision that the policyholder may elect to contract with the insurer or other entity to continue the policy or contract under the same conditions and for the same premium for the employees and their dependents even if the policyholder or employer reduces the working hours of the employees to less than thirty hours per week, if the following conditions are met:

(a) The covered employee is employed as a full-time employee of the policyholder or employer and is insured under the group policy or group service contract, or under any group policy or group service contract providing similar benefits that the group policy or group service contract replaces, immediately prior to the reduction in working hours;

(b) The policyholder has imposed the reduction in working hours due to economic conditions or due to the employee's injury, disability, or chronic health conditions; and

(c) The policyholder intends to restore the employee to a full forty-hour work schedule as soon as economic conditions improve or as soon as the employee is able to return to full-time work.

Editor's note: The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

ANNOTATION

Law reviews: For article, "The Group Health Insurance", see 17 Colo. Law. Terminated Employee's Right to Continue 53 (1988).

10-16-108.3. Continuation privileges - special election period - notice requirements - definitions - repeal. (Repealed)

Source: **L. 2009:** Entire section added, (HB 09-1349), ch. 377, p. 2049, § 1, effective June 1.

Editor's note: Subsection (10) provided for the repeal of this section, effective January 1, 2010. (See L. 2009, p. 2049.)

10-16-108.5. Fair marketing standards - rules.

(1) Each carrier offering individual or small employer health benefit plans shall actively market health benefit plan coverage to eligible individuals or small employers in the state, as applicable.

(2) (a) Except as provided in paragraph (b) of this subsection (2), no carrier or producer shall, directly or indirectly, engage in the following activities:

(I) Encouraging or directing individuals or small employers to refrain from filing an application for coverage with the individual or small employer carrier because of the health status, claims experience, industry, occupation, or geographic location of the individual or small employer;

(II) Encouraging or directing individuals or small employers to seek coverage from another carrier because of the health status, claims experience, industry, occupation, or geographic location of the individual or small employer.

(b) The provisions of paragraph (a) of this subsection (2) shall not apply with respect to information provided by a carrier or producer to an individual or a small employer regarding the established geographic service area or a restricted network provision of a carrier.

(3) (a) Except as provided in paragraph (b) of this subsection (3), a carrier shall not, directly or indirectly, enter into any contract, agreement, or arrangement with a producer that provides for or results in the compensation paid to a producer for the sale of a health benefit plan to be varied because of the health status, claims experience, industry, occupation, or geographic location of the individual or small employer.

(b) Paragraph (a) of this subsection (3) shall not apply to a compensation arrangement with a producer on the basis of a percentage of premium if such percentage does not vary because of the health status, claims experience, industry, occupation, or geographic area of the individual or small employer.

(4) Repealed.

(5) A carrier shall not terminate, fail to renew, or limit its contract or agreement of representation with a producer for any reason related to the health status, claims experience, occupation, or geographic area of the individuals or small employers placed by the producer with the carrier.

(6) No carrier shall induce or otherwise encourage a small employer to exclude an employee from health coverage or benefits provided in connection with the employee's employment.

(7) Any denial by a carrier of an application for coverage from an individual or a small employer shall be in writing and shall state any reason for the denial.

(8) The commissioner may establish regulations setting forth additional standards to provide for the fair marketing and broad availability of health benefit plans to individuals and small employers in this state.

(9) A violation of this section by a carrier or a producer is an unfair or deceptive act or practice pursuant to the provisions of part 11 of article 3 of this title.

(10) If a small employer carrier enters into a contract, agreement, or other arrangement with a third-party administrator to provide administrative marketing or other service related to the offering of health benefit plans to small employers in this state, the third-party administrator shall be subject to this section as if it were a small employer carrier.

(11) (a) Effective January 1, 2014, all carriers offering or providing health benefit plan coverage shall provide a summary of benefits and coverage form that complies with the requirements of federal law. The commissioner shall adopt rules specifying when carriers are required to provide the form.

(b) (I) To the extent consistent with the summary of benefits and coverage form requirements in federal law, and in addition to the summary of benefits and coverage form required by paragraph (a) of this subsection (11), the commissioner may adopt and require carriers to provide any supplemental health benefit plan description forms the commissioner deems appropriate. The commissioner, by rule, may determine the format for and elements of the supplemental health benefit plan description form.

(II) The commissioner shall design the supplemental health benefit plan description form to facilitate the comparison of different health benefit plans. The form must also include informational materials specifying the plan's cancer screening coverages and their respective parameters.

(III) A carrier shall provide a completed supplemental health benefit plan description form when the carrier provides the form described in paragraph (a) of this subsection (11).

10-16-109. Rules.

Pursuant to article 4 of title 24, C.R.S., the commissioner may promulgate reasonable rules consistent with this article that are necessary or proper for implementing and administering this article, including rules necessary to align state law with the requirements imposed by federal law regarding health-care coverage in this state.

Source: L. 92: Entire article R&RE, p. 1655, § 1, effective July 1. **L. 2013:** Entire section amended, (HB 13-1266), ch. 217, p. 956, § 18, effective May 13.

Editor's note: The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-110. Fees paid by health coverage entities.

(1) (a) There shall be paid to the division of insurance by every corporation subject to the provisions of this part 1 and part 3 of this article such fees as are prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(b) Every nonprofit hospital and health service corporation representative subject to this part 1 and part 3 of this article shall pay to the commissioner the following fees:

(I) For each enrollment representative's initial license, ten dollars;

(II) For each enrollment representative's renewal license, six dollars.

(c) To defray the cost of administering this article, every corporation subject to the provisions of this part 1 and part 3 of this article shall pay annually to the commissioner on March 1 an amount equivalent to five cents per person exceeding ten thousand in number enrolled in the health service plans of such corporation.

(2) (a) Every health maintenance organization subject to this part 1 and part 4 of this article shall pay to the commissioner the fees as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(b) Every health maintenance organization representative subject to this part 1 and part 4 of this article shall pay to the commissioner the following fees:

(I) For each enrollment representative's initial license, ten dollars;

(II) For each enrollment representative's renewal license, six dollars.

(3) Coincident with the filing of the annual report prescribed by section 10-16-111, each prepaid dental care plan organization subject to this part 1 and part 5 of this article shall pay to the state treasurer through the commissioner fees for transacting a prepaid dental care plan. The fees shall be as prescribed pursuant to sections 10-3-207 and 24-31-104.5, C.R.S.

(4) Notwithstanding the amount specified for any fee in this section, the commissioner by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the commissioner by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

Editor's note: The provisions of this section are similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-111. Annual statements and reports - rules.

(1) Nonprofit hospital, medical-surgical, and health service corporations.

(a) All corporations subject to the provisions of this part 1 and part 3 of this article doing business in this state on July 1, 1967, or which may thereafter do business in this state, shall make and file annually with the commissioner, on or before the first day of March of each year, a statement under oath upon a form prescribed by the commissioner stating the amount of all membership dues or subscriber fees collected in this state or from residents thereof by the corporation making such statement during the year ending the last day of December next preceding; the amounts actually paid during such year for hospital, medical-surgical, and other health services for the subscribers or members of the corporation, and the amounts placed in established reserves for cases billed but not yet paid, unreported and unbilled cases, retroactive cost adjustments, membership dues or fees paid in advance but not yet earned, and all other liabilities and obligations required of domestic insurers which are consistent with the responsibilities of such corporations. The annual statement made to the commissioner pursuant to this subsection (1) shall at least include the substance of that which is required by what is known as the convention blank form for hospital, medical, and dental service or indemnity corporations adopted from year to year by the national association of insurance commissioners, including any instructions, procedures, and guidelines not in conflict with any provision of this title for completing the convention blank form.

(b) In preparing the statements required by paragraph (a) of this subsection (1), all insurance companies shall follow the instructions, procedures, and guidelines of the national association of insurance commissioners. If the initial application of any such instruction, procedure, or guideline would cause a reduction in the total capital and surplus of a domestic insurer of ten percent or more or would cause the capital and surplus of a domestic insurer to fall to or below the company action level as defined by the commissioner by rule, such insurer may, within thirty days after the effective date of such instruction, procedure, or guideline, file with the commissioner a request to phase in the effect of the instruction, procedure, or guideline over a period not to exceed three years or a time period approved by the commissioner.

(c) Any request made pursuant to paragraph (b) of this subsection (1) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the insurer making the request that is expected to result from application of the subject instruction, procedure, or guideline and, if a phase-in is requested, a description of the insurer's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and the opportunity for a hearing as provided in section 24-4-105, C.R.S.

(d) Any request for a hearing made pursuant to paragraph (c) of this subsection (1) shall include a description of the basis on which relief is sought. Upon receiving such a request, the commissioner shall postpone the effective date of the subject instruction, procedure, or guideline pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

(2) Health maintenance organizations.

(a) Every health maintenance organization shall annually, on or before March 1, file a report verified by at least two principal officers with the commissioner covering the preceding calendar year.

(b) The report must be on forms prescribed by the commissioner and shall include:

(I) A financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent public accountant;

(II) Any material changes in the information submitted pursuant to section 10-16-401 (3);

(III) The number of persons enrolled during the year, the number of enrollees as of the end of the year, and the number of enrollments terminated during the year;

(IV) A summary of information compiled pursuant to section 10-16-402 (1)(b)(III) in such form as required by the commissioner;

(V) Such other information relating to the performance of the health maintenance organization as is necessary to enable the commissioner to carry out the commissioner's duties under this part 1 and part 4 of this article.

(c) and (d) Repealed.

(e) Each health maintenance organization shall report to the commissioner within five days of receipt or determination of a noncompliance order issued by the United States department of health and human services. Each health maintenance organization shall report to the commissioner within five days of receipt of determination by the United States department of health and human services or the health maintenance organization or a creditor or guarantor as to repayment schedule of loans or modification of financial commitments. The report shall include any determination for the ensuing twelve-month period. Upon providing such report, the health maintenance organization shall submit a revised financial statement recognizing the appropriate amounts as a direct liability.

(3) Prepaid dental care plan organizations.

(a) Every prepaid dental care plan organization subject to this part 1 and part 5 of this article shall file with the commissioner annually, on or before March 1, a report verified by at least two principal officers covering the preceding calendar year.

(b) Such report shall be on forms prescribed by the commissioner and shall include:

(I) A financial statement of the organization, including its balance sheet and receipts and disbursements for the preceding year certified by an independent public accountant;

(II) Any material changes in the information submitted pursuant to section 10-16-503 (1);

(III) The number of persons enrolled during the year, the number of enrollees as of the end of the year, and the number of enrollments terminated during the year;

(IV) Statistics relating to the cost of its operations, the pattern of utilization of its services, and the availability and accessibility of its services;

(V) Such other information relating to the performance of the organization as is necessary to enable the commissioner to carry out the commissioner's duties under this part 1 and part 5 of this article.

(4) Carriers.

(a) On or before June 1 of each year, a carrier doing business in this state that satisfies qualifications as determined by rule of the commissioner shall submit to the commissioner, where applicable, the following cost information for the previous calendar year:

(I) Medical trend itemized by medical provider price increases, utilization changes, medical cost shifting, and new medical procedures and technology;

(II) Medical trend itemized by pharmaceutical price increases, utilization changes, cost shifting, and the introductions of new brand and generic drugs;

(III) Dividends paid;

(IV) Executive salaries, stock options, or bonuses;

(V) Insurance producer commissions;

(VI) Payments to legal counsel;

(VII) Provision for profit and contingencies;

(VIII) Administrative expenditures with breakdowns for advertising or marketing expenditures, paid lobbying expenditures, and staff salaries;

(IX) Expenditures for disease or case management programs or patient education and other cost containment or quality improvement expenses;

(X) Charitable contributions;

(XI) Losses on investments or investment income;

(XII) Reserves on hand;

(XIII) The amount of surplus and the amount of surplus relative to the carrier's risk-based capital requirement;

(XIV) Taxes itemized by category;

(XV) Administrative ratio;

(XVI) Actual benefits ratio;

(XVII) The number of lives insured under each benefit plan the carrier offers to small employers;

(XVIII) The cost of providing or arranging health-care services; and

(XIX) A list of each intermediary with whom the carrier has a contractual relationship.

(a.5) Repealed.

(b) A carrier licensed in multiple jurisdictions may satisfy the requirements of paragraph (a) of this subsection (4) by filing the Colorado allocated portion of national data if the actual data is not otherwise available.

(c) The commissioner shall aggregate the data submitted pursuant to paragraph (a) of this subsection (4) for all carriers and publish the information on the division's website. Notwithstanding section 24-1-136 (11)(a)(I), the commissioner shall submit a report annually to the general assembly that analyzes the cost of health care and the factors that drive the cost of health care on an individual and group basis in this state.

(d) Notwithstanding section 24-1-136 (11)(a)(I), the commissioner shall report annually to the general assembly regarding financial information on carriers that includes, but is not limited to, benefits ratios, rate increases, and the reasons or data tracked for cost increases, as applicable for health insurance provided pursuant to this article.

(e) When promulgating rules pursuant to paragraph (a) of this subsection (4), the commissioner shall ensure that at least ninety-two percent of the market share reports cost information.

10-16-112. Private utilization review - health-care coverage entity responsibility - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Private utilization review organization" means an entity, other than a hospital or public reviewer following federal guidelines, that conducts utilization review or reviews and makes determinations on prior authorization requests for health-care services as described in section 10-16-112.5. This definition shall not apply to any independent medical examination provided for in any policy of insurance.

(b) "Utilization review" means an evaluation of the necessity, appropriateness, and efficiency of the use of health-care services, procedures, and facilities, but does not include any independent medical examination provided for in any policy of insurance.

(2) Any private utilization review organization providing services to an insurance carrier, nonprofit hospital and health-care service corporation, or health maintenance organization regulated pursuant to the provisions of this article is the direct representative of the insurance carrier, nonprofit hospital and health-care service corporation, or health maintenance organization. Any insurance carrier, nonprofit hospital and health-care service corporation, or health maintenance organization is responsible for the actions of any private utilization review organization acting within the scope of any contract and on its behalf within the scope of any contract which result in any violation of this title or any rules or regulations promulgated by the commissioner.

Source: L. 93: Entire section added, p. 494, § 2, effective April 26. L. 2019: (1)(a) amended, (HB 19-1211), ch. 165, p. 1910, § 3, effective August 2.

Cross references: For the legislative declaration in HB 19-1211, see section 1 of chapter 165, Session Laws of Colorado 2019.

10-16-112.5. Prior authorization for health-care services - disclosures and notice - determination deadlines - criteria - limits and exceptions - enforcement - definitions - rules.

(1) **Applicability.**

(a) On or after January 1, 2020, a carrier or, if a carrier contracts with a private utilization review organization to perform prior authorization for health-care services, the organization shall use the prior authorization process and comply with the requirements specified in this section.

Except as otherwise specified in this section, this section applies to prior authorization requests for health-care services, excluding requests for drug benefits pursuant to section 10-16-124.5.

(b) This section does not apply to:

(I) A health maintenance organization with respect to managed care plans that provide a majority of covered professional services through a single contracted medical group;

(II) A nonprofit health maintenance organization operated by or under the control of the Denver health and hospital authority created by article 29 of title 25 or any subsidiary of the authority; or

(III) Carriers, organizations, and medical benefits subject to the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8.

(2) Disclosure of requirements - notice of changes - rules.

(a) (I) A carrier shall post current prior authorization requirements and restrictions, including written, clinical criteria, on the carrier's public-facing website in a readily accessible, standardized, searchable format. The prior authorization requirements must be described in detail and in clear and easily understandable language.

(II) If a carrier contracts with a private utilization review organization to perform prior authorization for health-care services, the organization shall provide its prior authorization requirements and restrictions, as required by this subsection (2), to the carrier with which the organization contracted, and that carrier shall post the organization's prior authorization requirements and restrictions on its public-facing website in the manner required by subsection (2)(a)(I) of this section.

(b) If a carrier or organization intends to implement a new prior authorization requirement or restriction or to amend an existing requirement or restriction, the carrier or organization shall:

(I) Notify any participating providers of the new or amended requirement or restriction in the manner and within the time specified in section 25-37-102 (9)(c) or 25-37-104 (1), as applicable; and

(II) Update the prior authorization information posted on the carrier's website pursuant to subsection (2)(a) of this section to reflect the new or amended prior authorization requirement or restriction before implementing the new or amended requirement or restriction.

(c) (I) A carrier shall post, on a public-facing portion of its website, data regarding approvals and denials of prior authorization requests, including requests for drug benefits pursuant to section 10-16-124.5, in a readily accessible, standardized, searchable format and that include the following:

(A) The total number of prior authorization requests received in the immediately preceding calendar year in each of the following categories of services: Medical procedures, diagnostic tests and diagnostic images, prescription drugs, and all other categories of health-care services or drug benefits for which a prior authorization request was received;

(B) The total number of prior authorization requests that were approved in each of the categories specified in subsection (2)(c)(I)(A) of this section;

(B.5) The total number of prior authorization requests for which an adverse determination was issued and the service was denied in each of the categories specified in subsection (2)(c)(I)(A) of this section;

(C) The reason for the denial in each of the categories specified in subsection (2)(c)(I)(A) of this section, with the denial reasons sorted by categories defined by rule; and

(D) In each of the categories specified in subsection (2)(c)(I)(A) of this section, the total number of adverse determinations that were appealed and whether the determination was upheld or reversed on appeal.

(II) An organization or PBM that provides prior authorization for a carrier shall provide the data specified in subsection (2)(c)(I) of this section to the carrier with which the organization or PBM contracted, and the carrier shall post the organization's or PBM's data on its public-facing website in the manner required by subsection (2)(c)(I) of this section.

(III) Carriers and organizations shall use the data specified in this subsection (2)(c) to refine and improve their utilization management programs. Carriers and organizations shall review the list of medical procedures, diagnostic tests and diagnostic images, prescription drugs, and other health-care services for which the carrier or organization requires prior authorization at least annually and shall eliminate the prior authorization requirements for those procedures, diagnostic tests and diagnostic images, prescription drugs, or other health-care services for which prior authorization neither promotes health-care quality or equity nor substantially reduces health-care spending. Each carrier and organization shall annually attest to the commissioner that it has completed the review required by this subsection (2)(c)(III) and has eliminated prior authorization requirements consistent with the requirements of this subsection (2)(c)(III).

(IV) A carrier shall post, on a public-facing portion of its website, in a readily accessible, standardized, searchable format, data on the number of exemptions from prior authorization requirements or alternatives to prior authorization requirements provided pursuant to a program adopted by the carrier, organization, or PBM pursuant to subsection (4)(b)(II) of this section or section 10-16-124.5 (5.5), as applicable. The carrier shall include the following data:

(A) The number of providers offered an exemption or alternative program, including their specialty areas;

(B) The number and categorized types of exemptions or alternative programs offered to providers; and

(C) The prescription drug, diagnostic test, procedure, or other health-care service for which an exemption or alternative program was offered.

(V) The commissioner shall adopt rules to:

(A) Implement subsections (2)(c)(I) and (2)(c)(IV) of this section to ensure that the data fields required to be posted pursuant to subsections (2)(c)(I) and (2)(c)(IV) of this section are presented consistently by carriers; and

(B) Define categories of prior authorization request denials for purposes of subsection (2)(c)(I)(C) of this section.

(3) Nonurgent and urgent health-care services - timely determination - notice of determination - deemed approved.

(a) Except as provided in subsection (3)(b) of this section, a prior authorization request is deemed granted if a carrier or organization fails to:

(I) (A) Notify the provider and covered person, within five business days after receipt of the request, that the request is approved, denied, or incomplete and indicate: If denied, what relevant alternative services or treatments may be a covered benefit or are required before approval of the denied service or treatment or, if incomplete, the specific additional information, consistent with criteria posted pursuant to subsection (2)(a) of this section, that is required to process the request; or

(B) Notify the provider and covered person, within five business days after receiving the additional information required by the carrier or organization pursuant to subsection (3)(a)(I)(A) of this section, that the request is approved or denied and, if denied, indicate what relevant alternative services or treatments may be a covered benefit or are required before approval of the denied service or treatment; and

(II) For a prior authorization request for urgent health-care services:

(A) Notify the provider and covered person, within two business days but not longer than seventy-two hours after receipt of the request, that the request is approved, denied, or incomplete and, if incomplete, indicate the specific additional information, consistent with criteria posted pursuant to subsection (2)(a) of this section, that is required to process the request; or

(B) Notify the provider and covered person, within two business days but not longer than seventy-two hours after receiving the additional information required by the carrier or organization pursuant to subsection (3)(a)(II)(A) of this section, that the request is approved or denied.

(b) If a carrier or organization notifies the provider and covered person pursuant to subsection (3)(a)(I)(A) or (3)(a)(II)(A) of this section that a prior authorization request is incomplete and that additional information is required, the provider shall submit the additional information within two business days after receipt of the notice from the carrier or organization. If the provider fails to submit the required additional information within two business days after receipt of the notice, the request is not deemed granted pursuant to subsection (3)(a) of this section. After receipt of the required additional information, the carrier or organization shall respond to the prior authorization request in accordance with subsection (3)(a)(I)(B) of this section or, for a prior authorization request for urgent health-care services, subsection (3)(a)(II)(B) of this section.

(c) (I) When notifying the provider of the determination on a prior authorization request, the carrier or organization shall provide a unique prior authorization number attributable to that request and the particular health-care service that is the subject of the request.

(II) If the carrier or organization denies a prior authorization request based on a ground specified in section 10-16-113 (3)(a), the notification is subject to the requirements of section 10-16-113 (3)(a) and commissioner rules adopted pursuant to that section and must:

(A) Include information concerning whether the carrier or organization requires an alternative treatment, test, procedure, or medication and what alternative services or treatments would be approved as a covered benefit under the health benefit plan; or

(B) In the case of the denial of a prior authorization request for a prescription drug, specify which prescription drugs and dosages in the same class as the prescription drug for which the prior authorization request was denied are covered prescription drugs under the health benefit plan.

(III) A carrier's, organization's, or pharmacy benefit manager's compliance with subsection (3)(c)(II) of this section does not constitute the practice of medicine.

(d) This subsection (3) does not apply to prior authorization requests for drug benefits that are subject to section 10-16-124.5; except that subsection (3)(c)(II) of this section applies to prior authorization requests for drug benefits.

(3.5) (a) Starting January 1, 2027, a carrier or organization shall have, maintain, and use a prior authorization application programming interface that automates the prior authorization process to enable a provider to:

(I) Determine whether prior authorization is required for a health-care service;

(II) Identify prior authorization information and documentation requirements; and

(III) Facilitate the exchange of prior authorization requests and determinations from the provider's electronic health records or practice management systems through secure electronic transmission.

(b) A carrier's or organization's application programming interface must meet the most recent standards and implementation specifications adopted by the secretary of the United States department of health and human services as specified in 45 CFR 170.215 (a).

(c) If a provider submits a prior authorization request through the carrier's or organization's application programming interface, the carrier or organization shall accept and respond to the request through the interface.

(4) Criteria, limits, and exceptions - program.

(a) Carriers and organizations shall:

(I) Use prior authorization criteria that are current, clinically based, aligned with other quality initiatives of the carrier or organization, and aligned with other carriers' and organizations' prior authorization criteria for the same health-care services;

(II) Ensure that prior authorization requests are reviewed by appropriate providers; and

(III) Make eligibility, benefit coverage, and medical policy determinations as part of the prior authorization process.

(b) (I) Carriers and organizations shall consider limiting the use of prior authorization to providers whose prescribing or ordering patterns differ significantly from the patterns of their peers after adjusting for patient mix and other relevant factors and present opportunities for improvement in adherence to the carrier's or organization's prior authorization requirements.

(II) No later than January 1, 2026, a carrier or an organization shall adopt a program, developed in consultation with providers participating with the carrier, to eliminate or substantially modify prior authorization requirements in a manner that removes the administrative burden for qualified providers, as defined under the program, and their patients for certain health-care services and related benefits based on any of the following:

(A) The performance of providers with respect to adherence to nationally recognized, evidence-based medical guidelines, appropriateness, efficiency, and other quality criteria; and

(B) Provider specialty, experience, or other objective factors; except that eligibility for the program must not be limited by provider specialty.

(III) A program developed pursuant to subsection (4)(b)(II) of this section:

(A) Must not require qualified providers to request participation in the program; and

(B) May include limiting the use of prior authorization to providers whose prescribing or ordering patterns differ significantly from the patterns of their peers after adjusting for patient mix and other relevant factors and in order to present those providers with opportunities for improvement in adherence to the carrier's or organization's prior authorization requirements.

(IV) At least annually, a carrier or an organization shall:

(A) Reexamine a provider's prescribing or ordering patterns;

(B) Reevaluate the provider's status for exemption from prior authorization requirements or for inclusion in the program developed pursuant to subsection (4)(b)(II) of this section; and

(C) Notify the provider of the provider's status for exemption or inclusion in the program.

(V) A program developed pursuant to subsection (4)(b)(II) of this section must include procedures for a provider to request:

(A) An expedited, informal resolution of a carrier's or an organization's failure or refusal to include the provider in the program; and

(B) If the matter is not resolved through informal resolution, binding arbitration as specified in subsection (4)(b)(VI) of this section.

(VI) If a provider requests binding arbitration pursuant to the procedures a carrier or an organization develops under subsection (4)(b)(V)(B) of this section, the following provisions govern the arbitration procedure:

(A) The provider and carrier or organization shall jointly select an arbitrator from the list of arbitrators approved pursuant to section 10-16-704 (15)(b). Neither the provider nor the carrier or organization is required to notify the division of the arbitration or of the selected arbitrator.

(B) The selected arbitrator shall determine the provider's eligibility to participate in the carrier's or organization's program based on the program criteria developed pursuant to subsection (4)(b)(II) of this section;

(C) Within thirty days after the date the arbitrator accepts the matter, the provider and the carrier or organization shall submit to the arbitrator written materials in support of their respective positions;

(D) The arbitrator may render a decision based on the written materials submitted pursuant to subsection (4)(b)(VI)(C) of this section or may schedule a hearing, lasting not longer than one day, for the provider and carrier or organization to present evidence;

(E) Within thirty days after the date the arbitrator receives the written materials or, if a hearing is conducted, the date of the hearing, the arbitrator shall issue a written decision stating whether the provider is eligible for the program; and

(F) If the arbitrator overturns the carrier's or organization's failure or refusal to include the provider in the program, the carrier or organization shall pay the arbitrator's fees and costs, and if the arbitrator affirms the carrier's or organization's failure or refusal to include the provider in the program, the provider shall pay the arbitrator's fees and costs.

(c) (I) When a carrier or an organization approves a prior authorization request for a surgical procedure for which prior authorization is required, the carrier or organization shall not deny a claim for an additional or a related health-care procedure identified during the authorized surgical procedure if:

(A) The provider, while providing the approved surgical procedure to treat the covered person, determines, in accordance with generally accepted standards of medical practice, that providing a related health-care procedure, instead of or in addition to the approved surgical procedure, is medically necessary as part of the treatment of the covered person and that, in the provider's clinical judgment, to interrupt or delay the provision of care to the covered person in order to obtain prior authorization for the additional or related health-care procedure would not be medically advisable;

(B) The additional or related health-care procedure is a covered benefit under the covered person's health benefit plan;

(C) The additional or related health-care procedure is not experimental or investigational;

(D) After completing the additional or related health-care procedure and before submitting a claim for payment, the provider notifies the carrier or organization that the provider performed the additional or related health-care procedure and includes in the notice the information required under the carrier's or organization's current prior authorization requirements posted in accordance with subsection (2)(a)(I) of this section; and

(E) The provider is compliant with the carrier's or organization's post-service claims process, including submission of the claim within the carrier's or organization's required timeline for claims submissions.

(II) When a provider provides an additional or a related health-care procedure as described in this subsection (4)(c), the carrier or organization shall not deny the claim for the initial surgical procedure for which the carrier or organization approved a prior authorization request on the basis that the provider provided the additional or related health-care procedure.

(5) Duration of approval.

(a) Upon approval by the carrier or organization, a prior authorization is valid for at least one calendar year after the date of approval and continues for the duration of the authorized course of treatment. Except as provided in subsection (5)(b) of this section, once approved, a carrier or an organization shall not retroactively deny the prior authorization request for a health-care service.

(b) If there is a change in coverage of or approval criteria for a previously approved health-care service, the change in coverage or approval criteria does not affect a covered person who received prior authorization before the effective date of the change for the remainder of the covered person's plan year.

(c) Subsections (5)(a) and (5)(b) of this section do not apply if:

- (I) The prior authorization approval was based on fraud;
- (II) The provider never performed the services that were requested for prior authorization;
- (III) The service provided did not align with the service that was authorized;
- (IV) The person receiving the service no longer had coverage under the health coverage plan on or before the date the service was delivered; or
- (V) The covered person's benefit maximums were reached on or before the date the service was delivered.

(6) Rules - enforcement.

- (a) The commissioner may adopt rules as necessary to implement this section.
- (b) The commissioner may enforce the requirements of this section and impose a penalty or other remedy against a person that violates this section.

(7) Definitions. As used in this section:

(a) "Approval" means a determination by a carrier or organization that a health-care service has been reviewed and, based on the information provided, satisfies the carrier's or organization's requirements for medical necessity and appropriateness and that payment will be made for that health-care service.

(b) "Clinical criteria" means the written policies, written screening procedures, drug formularies or lists of covered drugs, determination rules, determination abstracts, clinical protocols, practice guidelines, medical protocols, and other criteria or rationale used by the carrier or organization to determine the necessity and appropriateness of health-care services.

(c) "Medical necessity" means a determination by the carrier that a prudent provider would provide a particular covered health-care service to a patient for the purpose of preventing, diagnosing, or treating an illness, injury, disease, or symptom in a manner that is:

- (I) In accordance with generally accepted standards of medical practice and approved by the FDA or other required agency;
- (II) Clinically appropriate in terms of type, frequency, extent, service site, and level and duration of service;

- (III) Known to be effective in improving health, as proven by scientific evidence;
 - (IV) The most appropriate supply, setting, or level of service that can be safely provided given the patient's condition and that cannot be omitted;
 - (V) Not experimental or investigational;
 - (VI) Not more costly than an alternative drug, service, service site, or supply that is not contraindicated for the patient's condition or safety and is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of an illness, injury, disease, or symptom; and
 - (VII) Not primarily for the economic benefit of carriers and purchasers or for the convenience of the patient, treating provider, or other provider.
- (d) "Prior authorization" means the process by which a carrier or organization determines the medical necessity and appropriateness of otherwise covered health-care services prior to the rendering of the services. "Prior authorization" includes preadmission review, pretreatment review, utilization review, and case management and a carrier's or organization's requirement that a covered person or provider notify the carrier or organization prior to receiving or providing a health-care service.
- (e) "Private utilization review organization" or "organization" means a private utilization review organization, as defined in section 10-16-112 (1)(a), that has a contract with and performs prior authorization on behalf of a carrier.
- (f) "Urgent health-care service" means a health-care service that, in the opinion of the provider based on the covered person's medical condition, if subjected to the prior authorization time period for a nonurgent health-care service, could:
- (I) Seriously jeopardize the life or health of the covered person or the ability of the covered person to regain maximum function;
 - (II) For a person with a physical or mental disability, create an imminent and substantial limitation on the person's existing ability to live independently; or
 - (III) Subject the covered person to severe pain that cannot be adequately managed without the particular health-care service.

Cross references: For the legislative declaration in HB 19-1211, see section 1 of chapter 165, Session Laws of Colorado 2019. For the legislative declaration in HB 24-1149, see section 1 of chapter 333, Session Laws of Colorado 2024.

10-16-112.7. Use of artificial intelligence systems - utilization review - prohibition on payment for AI-delivered psychotherapy services - definitions.

[Editor's note: This section is effective January 1, 2027.]

(1) As used in this section:

(a) "Artificial intelligence system" has the meaning set forth in section 6-1-1701 (2).

(b) "Behavioral health administrative services organization" means an organization selected by the behavioral health administration pursuant to section 27-50-402 to establish and maintain a network of behavioral health providers.

(c) "Managed care entity" has the meaning set forth in section 25.5-5-403 (4).

(d) "Private utilization review organization" or "organization" means a private utilization review organization, as defined in section 10-16-112 (1)(a), that has a contract with or performs prior authorization on behalf of a carrier.

(2) **Utilization review.** Subsections (3), (4), and (5) of this section apply to:

(a) A carrier that:

(I) Uses an artificial intelligence system for the purpose of utilization review; or

(II) Contracts with or otherwise works through a person that uses an artificial intelligence system for the purpose of utilization review;

(b) A pharmacy benefit manager or private utilization review organization that contracts with a carrier to provide utilization review services on behalf of the carrier and uses an artificial intelligence system for the purpose of conducting the utilization review; and

(c) A behavioral health administrative services organization or managed care entity that uses an artificial intelligence system for the purpose of conducting utilization review of mental or behavioral health services.

(3) A person described in subsection (2) of this section that uses an artificial intelligence system to conduct utilization review shall ensure that:

(a) The artificial intelligence system bases its determination on the following information, as applicable:

- (I) An individual's medical or other clinical history;
- (II) Individual clinical circumstances as presented by the requesting provider; and
- (III) Other relevant clinical information contained in the individual's medical or other clinical record;

(b) The artificial intelligence system does not base its determinations solely on group data, without reference to the individual's data;

(c) The artificial intelligence system is not used in any way that discriminates against individuals in violation of other state or federal laws;

(d) The artificial intelligence system is fairly and equitably applied, including in accordance with applicable regulations and guidance issued by the federal department of health and human services;

(e) The artificial intelligence system produces and retains documentation, audit logs, and model-governance records in order to demonstrate compliance with this section and section 10-3-1104.9;

(f) The artificial intelligence system's performance, use, and outcomes are periodically reviewed to maximize accuracy and reliability;

(g) An individual's health data is not used beyond its intended or stated purpose, consistent with applicable state and federal laws; and

(h) The artificial intelligence system's or algorithm's criteria and guidelines comply with other applicable state or federal laws concerning utilization review and coverage for health-care services.

(4) A person described in subsection (2) of this section shall provide written disclosures to the division, the department of human services, or the department of health care policy and financing, as applicable, that identify:

- (a) The utilization review functions for which the artificial intelligence system will be used;
- (b) The points in the utilization review process when the artificial intelligence system is used;
- (c) The human oversight process, including the qualifications of the reviewer and whether a human must approve an adverse determination; and

(d) The process for maintaining audit information sufficient to demonstrate compliance with subsection (3) of this section.

(5) (a) Notwithstanding subsection (3) of this section, an artificial intelligence system may be used to assist with utilization review, including expedited approvals.

(b) A carrier's denial of coverage based in whole or in part on medical necessity shall not be issued solely on the output of an artificial intelligence system without human review and approval of the denial by a licensed clinician, licensed physician, or other regulated professional that is competent to evaluate the specific clinical issues involved in the health-care services requested by the provider and a review of the health benefit plan's terms of coverage for the health-care service.

(6) Prohibition on payment for AI-delivered psychotherapy services.

(a) A carrier offering a health benefit plan issued or renewed in the state on or after January 1, 2027, shall not provide coverage for services that constitute psychotherapy services, as defined in section 12-245-202 (14), that are provided directly to an individual and that are conducted by an artificial intelligence system.

(b) Subsection (6)(a) of this section does not prohibit the use of billing software, electronic health records, video platforms, or other nontherapeutic software tools incident to services provided by a human provider.

(c) The use of videoconferencing, messaging platforms, or other communications software to enable supervision or consultation by a licensed, registered, or certified individual does not constitute supervision or consultation that is conducted by an artificial intelligence system, as referenced in subsection (6)(a) of this section.

Source: L. 2026: Entire section added, (HB 26-1139), ch. 325, p. 1890, § 2, effective January 1, 2027.

Editor's note: Section 4(2) of chapter 325 (HB 26-1139), Session Laws of Colorado 2026, provides that the act adding this section applies to actions taken on or after January 1, 2027.

Cross references: For the legislative declaration in HB 26-1139, see section 1 of chapter 325, Session Laws of Colorado 2026.

10-16-113. Procedure for denial of benefits - internal review - rules - definitions.

(1) (a) A carrier shall not make an adverse determination, in whole or in part, with respect to a health coverage plan unless the determination is made pursuant to this section.

(b) For the purposes of this section:

(I) "Adverse determination" means:

(A) A denial of a preauthorization for a covered benefit;

(B) A denial of a request for benefits for an individual on the ground that the treatment or covered benefit is not medically necessary, appropriate, effective, or efficient or is not provided in or at the appropriate health-care setting or level of care;

(C) A rescission or cancellation of coverage under a health coverage plan that is not attributable to failure to pay premiums and that is applied retroactively;

(D) A denial of a request for benefits on the ground that the treatment or service is experimental or investigational; or

(E) A denial of coverage to an individual based on an initial eligibility determination for all individual sickness and accident insurance policies issued by an entity subject to part 2 of this article, and all individual health-care or indemnity contracts issued by an entity subject to part 3 or 4 of this article, except supplemental policies covering a specified disease or other limited benefit.

(II) "Health coverage plan" does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, or property and casualty insurance.

(III) "Individual" means a person and includes the designated representative of an individual.

(c) If a carrier denies a benefit because the treatment is an excluded benefit and the claimant presents evidence from a medical professional licensed pursuant to the "Colorado Medical Practice Act", article 240 of title 12, or, for dental plans only, a dentist licensed pursuant to the "Dental Practice Act", article 220 of title 12, acting within his or her scope of practice, that there is a reasonable medical basis that the contractual exclusion does not apply to the denied benefit, such evidence establishes that the benefit denial is subject to the appeals process pursuant to this section and section 10-16-113.5.

(2) Following a denial of a request for benefits or an adverse determination by the carrier, the carrier shall notify the individual in writing. The commissioner shall adopt rules specifying the content of the notification and the deadlines for making the notification, and the carrier shall notify the individual in accordance with those rules.

(3) (a) (I) All denials of requests for reimbursement for medical treatment, standing referrals, or adverse determinations made on the ground that a treatment or covered benefit is not medically necessary, appropriate, effective, or efficient, is not delivered in the appropriate setting or at the appropriate level of care, or is experimental or investigational, must include:

- (A) An explanation of the specific medical basis for the denial;
- (B) The specific reasons for the denial or adverse determination;
- (C) Reference to the specific health coverage plan provisions on which the determination is based;
- (D) A description of the carrier's review procedures and the time limits applicable to such procedures and a statement that the individual has the right to appeal the decision; and
- (E) A description of any additional material or information necessary, if any, for the individual to perfect the request for benefits and an explanation of why the material or information is necessary.

(II) In the case of an adverse determination by a carrier:

(A) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, the carrier shall furnish the individual with either the specific rule, guideline, protocol, or other similar criterion, or a statement that the rule, guideline, protocol, or other criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other criterion will be provided free of charge to the individual upon request; or

(B) If the adverse determination is based on a medical necessity or experimental treatment or similar exclusion or limit, the carrier shall furnish the individual with either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the individual's medical circumstances, or a statement that the explanation will be provided free of charge upon request.

(III) In the event of an adverse determination by a carrier concerning a request involving urgent care, a carrier:

(A) Shall provide to the individual a description of the expedited review process applicable to the request;

(B) May communicate the other information required pursuant to subparagraph (I) of this paragraph (a) to the individual orally within the time frame outlined in 29 CFR 2560.503-1(f)(2)(i) so long as a written or electronic copy of the information is furnished to the individual no later than three days after the oral notification; and

(C) May waive the deadlines specified in sub-subparagraph (B) of this subparagraph (III) and in subparagraph (IV) of this paragraph (a) to permit the individual to pursue an expedited external review of the urgent care claim under section 10-16-113.5.

(IV) A carrier shall notify an individual of a benefit determination, whether adverse or not, with respect to a request involving urgent care as soon as possible, taking into account the medical exigencies, but not later than seventy-two hours after the receipt of the request by the carrier, unless the individual fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under the coverage.

(b) (I) A group health coverage plan issued by a carrier subject to part 2, 3, or 4 of this article must specify that an appeal of any adverse determination includes a two-level internal review of the decision, followed by the right of the individual to request an external review if allowed under section 10-16-113.5. The individual has the option of choosing whether to utilize the voluntary second-level internal appeal process.

(II) The carrier shall notify the individual of his or her right to appeal a denial of benefits through a two-level internal review process and that the second level of internal review may be utilized at the individual's option.

(III) (A) A physician shall evaluate the first-level appeal and shall consult with an appropriate clinical peer or peers, unless the reviewing physician is a clinical peer; except that, in the case of dental care, a dentist may evaluate the first-level appeal, and the reviewing dentist shall consult with an appropriate clinical peer or peers, unless the reviewing dentist is a clinical peer. A physician, dentist, or clinical peer who was involved in the initial adverse determination shall not evaluate or be consulted regarding the first-level appeal. A person who was previously involved with the denial may answer questions.

(B) This subparagraph (III) does not apply to an adverse determination described in sub-subparagraph (C) or (E) of subparagraph (I) of paragraph (b) of subsection (1) of this section.

(IV) (A) The second-level internal review of an appeal from the denial of a request for covered benefits pursuant to subparagraph (I) of this paragraph (b) shall be reviewed by a health-care professional who has appropriate expertise, who was not previously involved in the appeal, and who does not have a direct financial interest in the appeal or outcome of the review.

(B) The carrier shall allow the individual to be present for the second-level internal review, either in person or by telephone conference. The individual may bring counsel, advocates, and health-care professionals to the review, prepare in advance for the review, and present materials to the health-care professional prior to the review and at the time of the review. Upon request, the carrier and the individual shall provide copies of the materials they intend to present at the review to the other party at least five days prior to the review. If new information is developed after the five-day deadline, the material may be presented when practicable. The carrier shall

notify the individual that the carrier will make an audio or video recording of the review unless neither the individual nor the carrier wants the recording made. If a recording is made, the carrier shall make the recording available to the individual. If there is an external review, the carrier shall include the audio or video recording in the material provided by the carrier to the reviewing entity if requested by either party.

(c) In addition to the requirements specified in subsections (3)(a) and (3)(b) of this section, unless a denial is based on nonpayment of premiums, a denial of reimbursement for services for the prevention of, screening for, or treatment of behavioral, mental health, and substance use disorders under a health benefit plan must include the following, in plain language:

(I) A statement explaining that covered persons are protected under the MHPAEA, which provides that limitations placed on access to mental health and substance use disorder benefits may be no greater than any limitations placed on access to medical and surgical benefits;

(II) A statement providing information about contacting the division or the office of the ombudsman for behavioral health access to care established pursuant to part 3 of article 80 of title 27 if the covered person believes his or her rights under the MHPAEA have been violated; and

(III) A statement specifying that covered persons are entitled, upon request to the carrier and free of charge, to a copy of the medical necessity criteria for any behavioral, mental health, and substance use disorder benefit.

(4) (a) Each carrier issuing individual health coverage plans shall notify the individual of his or her right to appeal an adverse determination through a single level of internal review.

(b) (I) A physician shall evaluate the appeal and consult with an appropriate clinical peer or peers unless the reviewing physician is a clinical peer; except that, in the case of dental care, a dentist may evaluate the appeal, and the reviewing dentist shall consult with an appropriate clinical peer or peers. A physician, dentist, or clinical peer who was involved in the initial adverse determination shall not evaluate or be consulted regarding the appeal. A person who was previously involved with the denial may answer questions.

(II) This paragraph (b) does not apply to an adverse determination described in sub-subparagraph (C) or (E) of subparagraph (I) of paragraph (b) of subsection (1) of this section.

(c) The carrier shall allow the individual to be present for the appeal. The individual may bring counsel, advocates, and health-care professionals to the review, prepare in advance for the review, and present materials to the physician or dentist prior to the review and at the time of the review. Upon request, the carrier and the individual shall provide copies of the materials they intend to present at the review to the other party at least five days prior to the review. If new information is developed after the five-day deadline, the material may be presented when practicable. The carrier shall notify the individual that the carrier will make an audio or video

recording of the review unless neither the individual nor the carrier wants the recording made. If a recording is made, the carrier shall make the recording available to the individual. If there is an external review, the carrier shall include the audio or video recording in the material provided by the carrier to the reviewing entity if requested by either party.

(5) All written adverse determinations, except an adverse determination described in subparagraph (C) or (E) of subparagraph (I) of paragraph (b) of subsection (1) of this section, must be signed by a licensed physician familiar with standards of care in Colorado; except that, in the case of written adverse determinations relating to dental care, a licensed dentist familiar with standards of care in Colorado may sign the written adverse determination.

(6) An individual's health-care provider may communicate with the physician or dentist involved in the initial decision to make an adverse determination.

(7) Nothing in this section precludes or denies the right of an individual to seek any other remedy or relief.

(8) In the case of the failure of a carrier to adhere to the requirements of this section with respect to a coverage request, the individual may be deemed to have exhausted the internal claims and appeals process of this section if the commissioner determines that the carrier did not substantially comply with the requirements of this section or that any error the carrier committed was not de minimis, as defined by the commissioner by rule, in which case the individual may initiate an external review under section 10-16-113.5.

(9) Carriers shall maintain records of all requests and notices associated with the internal claims and appeals process for six years and shall make such records available upon request for examination by the individual, the division of insurance, or the federal government.

(10) The commissioner may promulgate rules as necessary for the implementation and administration of this section.

(2) For the short title ("Behavioral Health Care Coverage Modernization Act") in HB 19-1269, see section 1 of chapter 195, Session Laws of Colorado 2019.

10-16-113.5. Independent external review of adverse determinations - legislative declaration - definitions - rules.

(1) The general assembly hereby finds, determines, and declares that, in the interest of improving accountability for health-care coverage decisions, individuals should have the option of an independent external review by qualified experts when there has been an adverse determination with respect to a health coverage plan pursuant to a carrier's procedures as required by section 10-16-113.

(2) As used in this section, unless the context otherwise requires:

(a) "Adverse determination" means a denial of:

(I) A preauthorization for a covered benefit;

(II) A request for benefits for an individual on the grounds that the treatment or covered benefit is not medically necessary, appropriate, effective, or efficient or is not provided in or at the appropriate health-care setting or level of care;

(III) A request for benefits on the grounds that the treatment or services are experimental or investigational;

(IV) A benefit as described in section 10-16-113 (1)(c); or

(V) A request for benefits for a prescription drug that is unavailable in the state because a manufacturer has withdrawn the prescription drug from sale or distribution within the state under section 10-16-1412.

(b) "Division" means the division of insurance in the department of regulatory agencies, established in section 10-1-103.

(c) "Expedited review" means a review following completion of procedures for expedited internal review of an adverse determination involving a situation where the time frame of the standard independent external review procedures would seriously jeopardize the life or health of

the individual or would jeopardize the individual's ability to regain maximum function. Expedited review is available if the adverse determination concerns an admission, availability of care, continued stay, or health-care services for which the individual received emergency services, and the individual has not been discharged from a facility.

(d) (I) "Expert reviewer" means a physician or other appropriate health-care provider assigned by an independent external review entity to conduct an independent external review. An expert reviewer shall not:

- (A) Have been involved in the individual's care previously;
- (B) Be a member of the board of directors of the carrier;
- (C) Have been previously involved in the review process for the individual requesting an independent external review;

(D) Have a direct financial interest in the case or in the outcome of the review; or

(E) Be an employee of the carrier.

(II) Physicians or other appropriate health-care providers who are expert reviewers must:

(A) Be experts in the treatment of the medical condition of the individual requesting an independent external review and knowledgeable about the recommended treatment or service that is the subject of the review through the expert's actual, current clinical experience;

(B) Hold a license issued by a state and, for physicians, a current certification by a recognized American medical specialty board in the area appropriate to the subject of review; and

(C) Have no history of disciplinary action or sanction, including loss of staff privileges or participation restrictions, taken or pending by any hospital, government, or regulatory body.

(e) (I) Except as specified in subparagraph (II) of this paragraph (e), "health coverage plan" has the same meaning as set forth in section 10-16-102 (34).

(II) "Health coverage plan" does not include insurance arising out of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., or other similar law, automobile medical payment insurance, property and casualty insurance, or insurance under which benefits are payable with or without regard to fault and that is required by law to be contained in any liability insurance policy or equivalent self-insurance.

(f) "Independent external review entity" means an entity that meets the requirements of this section, is accredited by a nationally recognized private accrediting organization, and is certified by the commissioner to conduct independent external reviews of adverse determinations by a carrier.

(g) (I) "Individual requesting an independent external review" means a covered person who:

(A) Has gone through at least one of the internal appeals review levels offered by a carrier and established pursuant to section 10-16-113 and has requested an independent external review of a carrier's decision to uphold an adverse determination; or

(B) Has pursued an expedited review of an adverse determination.

(II) "Individual requesting an independent external review" also includes the designated representative of an individual requesting an independent external review.

(h) "Medical and scientific evidence" includes the following sources:

(I) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff;

(II) Peer-reviewed literature, biomedical compendia, and other medical literature that meet the criteria of the national institute of health's national library of medicine for indexing in index medicus, excerpta medicus ("EMBASE"), medline, and MEDLARS database of health services technology assessment research ("HSTAR");

(III) Medical journals recognized by the United States secretary of health and human services, pursuant to section 1861 (t)(2) of the federal "Social Security Act", 42 U.S.C. sec. 1395x;

(IV) The following standard reference compendia:

(A) The American hospital formulary service-drug information;

(B) The American medical association drug evaluation;

(C) The American dental association accepted dental therapeutics; and

(D) The United States pharmacopoeia - drug information.

(V) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the federal agency for health care policy and research, national institutes of health, the national cancer institute, the national academy of sciences, the health care financing administration, the congressional office of technology assessment, and the national board recognized by the national institutes of health for the purpose of evaluating the medical value of health services.

(3) Carriers shall make available an independent external review process that meets the requirements of this section. The carrier shall pay the cost of an independent external review. There is no restriction on the minimum dollar amount of a claim for it to be eligible for external review.

(4) (a) To qualify for certification by the commissioner as an independent external review entity, the entity must meet the following requirements:

(I) The independent external review entity shall ensure that cases are reviewed by expert reviewers knowledgeable about the recommended treatment or service through the expert reviewers' actual, current clinical experience and who have appropriate expertise in the same or similar specialties as would typically manage the case being reviewed.

(II) The independent external review entity shall ensure that the decision is based upon a case review that includes a review of the medical records of the individual requesting an independent external review and a review of relevant medical and scientific evidence.

(III) The independent external review entity shall have a quality assurance procedure that ensures the timeliness and quality of the reviews conducted pursuant to this section, the qualifications and independence of the expert reviewers, and the confidentiality of medical records and review materials.

(IV) The independent external review entity shall maintain patient confidentiality pursuant to Colorado and federal law.

(b) In addition to the requirements set forth in paragraph (a) of this subsection (4), the commissioner shall certify only an independent external review entity that:

(I) Is not a subsidiary of, or owned or controlled by, a carrier, a trade association of carriers, or a professional association of health-care providers;

(II) Maintains documentation available for review by the division upon request that includes the following:

(A) The names of all stockholders and owners of more than five percent of stock or options;

(B) The names of all holders of bonds or notes in amounts in excess of one hundred thousand dollars;

(C) The names of all corporations and organizations that the independent external review entity controls or is affiliated with, and the nature and extent of any ownership or control, including the affiliated organization's business activities;

(D) The names of all directors, officers, and executives of the independent external review entity and a statement regarding any relationship the directors, officers, or executives may have with any carrier;

(III) Does not have any material professional, family, or financial conflict of interest with:

(A) The carrier or any officer, director, or executive of the carrier. This requirement does not prohibit a physician or qualified health-care professional who contracts with the carrier as a

participating provider from serving on a review panel of the independent external review entity if the physician or qualified health-care professional meets the requirements of paragraph (d) of subsection (2) of this section. If a participating provider serves on the panel reviewing the case of an individual requesting an independent external review, the review entity shall notify the individual requesting an independent external review that a health-care professional serving on the review panel has a contract as a participating provider with the carrier.

(B) The physician or physician's medical group that treated the individual requesting an independent external review;

(C) The institution at which the treatment or service would be provided;

(D) The development or manufacture of the principal drug, device, procedure, treatment, or service proposed for the individual requesting an independent external review whose treatment is under review; or

(E) The individual requesting an independent external review.

(c) Nothing in subparagraph (III) of paragraph (b) of this subsection (4) includes affiliations that are limited to staff privileges at a health-care institution.

(d) The commissioner shall promulgate rules as necessary for the certification of independent external review entities under this section. The commissioner may deny, suspend, or revoke the certification of an independent external review entity that does not comply with the requirements of this section. The commissioner may contract with any person or entity to develop the certification rules and for implementation and administration of the certification program.

(5) Upon receipt of a request from an individual requesting an independent external review of a denial, the carrier shall contact the division. The division or its contractor shall inform the carrier of the name of the independent external review entity to which the appeal should be sent.

(6) All health coverage plan materials dealing with the carrier's grievance procedures must advise individuals in writing of the availability of an independent external review process, the circumstances under which an individual requesting an independent external review may use the independent external review process, the procedures for requesting an independent external review, and the deadlines associated with an independent external review.

(7) An individual requesting an independent external review shall make the request within four months after receiving notification of the denial of the individual's internal appeal of an adverse determination. In the internal appeal denial notification, the carrier shall inform the individual of his or her right to an independent external review. An individual requesting an independent external review shall notify the carrier if the individual requests an expedited

review. An individual requesting an expedited independent external review may obtain such external review concurrently with an expedited internal appeal request under section 10-16-113.

(8) An individual may request an independent external review or an expedited independent external review involving a denial of coverage of a recommended or requested medical service that is experimental or investigational if the individual's treating physician certifies in writing that the recommended or requested health-care service or treatment that is the subject of the denial would be significantly less effective if not promptly initiated. The individual's treating physician must certify in writing that at least one of the following situations applies:

(a) Standard health-care services or treatments have not been effective in improving the condition of the individual or are not medically appropriate for the individual; or

(b) There is no available standard health-care service or treatment covered by the carrier that is more beneficial than the recommended or requested health-care service, and the physician is a licensed, board-certified or board-eligible physician qualified to practice in the area of medicine appropriate to treat the individual's condition. The physician must certify that scientifically valid studies using accepted protocols demonstrate that the health-care service or treatment requested by the individual that is the subject of the denial is likely to be more beneficial to the individual than any available standard health-care services or treatments.

(8.5) An individual requesting an independent external review may request the review or an expedited review to determine if section 10-16-704 (3) or (5.5) applies to the items or services that were provided or may be provided to a covered person by an out-of-network provider or at an out-of-network facility.

(9) After receipt of a written request for an independent external review, the carrier shall notify the individual requesting an independent external review in writing. The notification must include descriptive information on the independent external review entity that the division or its contractor has selected to conduct the independent external review.

(10) (a) The carrier shall provide to the independent external review entity a copy of the following documents after the division or its contractor has selected an independent external review entity for the case:

(I) Any information submitted to the carrier, under the carrier's procedures, in support of the request for an independent external review, by an individual requesting the review or by the physician or other health-care professional of the individual seeking the review. The independent external review entity shall maintain the confidentiality of any medical records submitted pursuant to this subsection (10).

(II) A copy of any relevant documents used by the carrier in making its adverse determination on the proposed service or treatment, and a copy of any denial letters issued by the carrier concerning the individual case under review. The carrier shall provide, upon request to the

individual requesting an independent external review, all relevant information supplied to the independent external review entity that is not confidential or privileged under state or federal law concerning the individual case under review.

(III) The individual requesting an independent external review may submit additional information directly to the independent external review entity within five business days after the notification under subsection (9) of this section. The independent external review entity shall provide a copy of the information submitted by the individual to the carrier whose adverse determination is being reviewed within one business day after receipt of the information.

(b) The independent external review entity shall notify the individual requesting an independent external review, the physician or other health-care professional of the individual requesting an independent external review, and the carrier of any additional medical information required to conduct the review after receipt of the documentation required or provided pursuant to this subsection (10). The individual requesting an independent external review or the physician or other health-care professional of the individual requesting an independent external review shall submit the additional information, or an explanation of why the additional information is not being submitted, to the independent external review entity and the carrier after the receipt of such a request.

(c) The carrier may determine that additional information provided by the individual requesting independent external review or the physician or other health-care professional of the individual requesting independent external review under subparagraph (III) of paragraph (a) and paragraph (b) of this subsection (10) justifies a reconsideration of its adverse determination, and a subsequent decision by the carrier to provide coverage terminates the independent external review upon notification in writing to the independent external review entity and the individual requesting an independent external review.

(11) (a) The independent external review entity shall submit the expert determination to the carrier, the individual requesting independent external review, and the physician or other health-care professional of the individual requesting an independent external review within forty-five calendar days after the independent external review entity has received a request for external review. In the case of an expedited review, the independent external review entity shall submit the determinations as expeditiously as possible and no more than seventy-two hours after the independent external review entity received a request for an expedited external review. If the notice of the determination in an expedited review is not made in writing, the independent external review entity shall provide written confirmation of the decision within forty-eight hours after the date the notice of decision is transmitted to the individual, the physician, or other health-care professional.

(b) The expert reviewer's determination must:

(I) Be in writing and state the reasons the requested treatment or service should or should not be covered;

(II) Specifically cite the relevant provisions in the health coverage plan documentation, the specific medical condition of the individual requesting an independent external review, and the relevant documents provided pursuant to this section to support the expert reviewer's determination; and

(III) Be based on an objective review of relevant medical and scientific evidence.

(c) Determinations must also include:

(I) The titles and qualifying credentials of the persons conducting the review;

(II) A statement of the understanding of the persons conducting the review of the nature of the grievance and all pertinent facts;

(III) The rationale for the decision;

(IV) Reference to medical and scientific evidence and documentation considered in making the determination; and

(V) In cases involving a determination adverse to the individual requesting an independent external review, the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination.

(12) The determinations of the expert reviewer are binding on the carrier and on the individual requesting independent external review. A determination of the expert reviewer in favor of the individual requesting independent external review creates a rebuttable presumption in any subsequent action that the carrier's adverse determination was not appropriate. A determination of the expert reviewer in favor of the carrier creates a rebuttable presumption in any subsequent action that the carrier's adverse determination was appropriate.

(13) Where an expert determination is made in favor of the individual requesting an independent external review, the carrier shall provide coverage for the treatment and services required under this section subject to the terms and conditions applicable to benefits under the health coverage plan.

(14) An independent external review entity and an expert reviewer assigned by the independent external review entity to conduct a review pursuant to this section are immune from civil liability in any action brought by any person based upon the determinations made pursuant to this section. This subsection (14) does not apply to an act or omission of the independent external review entity that is made in bad faith or involves gross negligence.

(15) A carrier is not liable for damages arising from any act or omission of the independent external review entity.

(16) A carrier may require a surety bond to indemnify the carrier for the independent external review entity's noncompliance with this section.

(17) An independent external review entity shall maintain written records of reviews on all requests for external review for which it was assigned to conduct an external review for at least three years.

10-16-113.7. Reporting the denial of benefits to division.

Each carrier shall report the number and outcome of second-level internal appeals pursuant to section 10-16-113 to the division by February 1 of each year. On at least an annual basis, the division shall compile the information reported by each carrier along with the number and outcome of third-level external appeals of each health coverage plan and make such information available on the division website and for public inspection. The commissioner may specify the format in which the information shall be submitted by a carrier.

10-16-115. Definitions. (Repealed)

Source: L. 94: Entire section added, p. 742, § 1, effective January 1, 1995. **L. 2013:** Entire section repealed, (HB 13-1266), ch. 217, p. 978, § 27, effective May 13.

Editor's note: This section was relocated to § 10-16-116 (6) in 2013.

10-16-116. Catastrophic health insurance - coverage - premium payments - reporting requirements - definitions - short title - rules - repeal.

(1) This section shall be known and may be cited as the "Colorado Catastrophic Health Insurance Coverage Act".

(2) (a) An employer may offer catastrophic health insurance to its employees pursuant to this section.

(b) Prior to January 1, 2025, employees who elect the coverage shall pay the cost of the insurance pursuant to subsection (5) of this section.

(c) This subsection (2)(c) and subsection (2)(b) of this section are repealed, effective December 31, 2028.

(3) Each catastrophic health insurance policy issued pursuant to this section must:

(a) Be issued to the employer unless issued as an individual plan pursuant to section 10-16-105.2 (1)(d);

(b) In order to be considered a qualified higher deductible plan for purposes of a medical savings account pursuant to section 39-22-504.7, C.R.S., or other provisions of state law, meet the requirements for a qualifying plan for a health savings account under federal law and have a minimum deductible of at least one thousand five hundred dollars but no more than two thousand two hundred fifty dollars for individual coverage or at least three thousand dollars but no more than four thousand five hundred dollars for family coverage;

(c) Offer coverage for the spouse or partner in a civil union and dependent children of the insured employee;

(d) Cover all employees who elect coverage and are not otherwise covered by medicare or another health insurance policy;

(e) For group coverage, cover an employee and eligible dependents regardless of health status;

(f) Be priced according to appropriate rating requirements for health benefit plans as specified by law;

(g) Provide a clearly written contract of coverage, including a list of procedures covered under the policy;

(h) Comply with requirements for health benefit plans specified in this article.

(4) When catastrophic health insurance is purchased pursuant to this section, the employer, at its option, may pay all or a part of the cost of the insurance.

(5) (a) Prior to January 1, 2025, if claiming an exclusion of premium payments for state income tax purposes pursuant to section 39-22-104.5, an employee shall elect to purchase catastrophic health insurance by signing a written election, which must be in the form prescribed by the executive director of the department of revenue and signed by the employee prior to the date the employer withholds the first contribution.

(b) Prior to January 1, 2025, an employer shall withhold the premium payments for catastrophic health insurance from the wages of an employee who has elected coverage pursuant to subsection (5)(a) of this section and shall remit the premiums to the insuring entity on the employee's behalf. All premiums collected by an employer are withheld from the employee's wages on a pretax basis pursuant to section 39-22-104.5.

(c) Prior to January 1, 2025, an employer withholding premium payments from an employee's wages pursuant to subsection (5)(b) of this section shall report the amount withheld to the department of revenue, pursuant to rules promulgated by the executive director of the department.

(d) This subsection (5) is repealed, effective December 31, 2028.

(6) As used in this section, unless the context otherwise requires:

(a) "Catastrophic health insurance" means insurance meeting the requirements set forth in subsection (3) of this section. The term does not include a catastrophic plan as defined in section 10-16-102 (10).

(b) "Dependent child" means an adopted or natural child of an employee who is:

(I) Under twenty-one years of age;

(II) Legally entitled to or the subject of a court order for the provision of proper or necessary subsistence, education, medical care, or any other care necessary for the individual's health, guidance, or well-being and who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States; or

(III) So mentally or physically incapacitated that the individual cannot provide for himself or herself.

(c) "Employee" means an individual who resides in this state and is employed by an employer.

(d) "Employer" means a person or entity employing one or more individuals in this state, excluding the federal government or businesses providing health insurance coverage through a self-insured plan that has benefits equal to or greater than a catastrophic health insurance plan set forth in this section.

10-16-119. Requirements for excess loss or stop-loss health insurance used in conjunction with self-insured employer benefit plans under the federal "Employee Retirement Income Security Act" - data collection 2013-18 - rules.

(1) Any entity issuing excess loss insurance shall file all policy forms with the division and certify compliance with the provisions of this title.

(2) All excess loss insurance shall be issued to cover the employer's liability under the employer's self-insured obligation. Excess loss insurance shall meet the following requirements:

- (a) The policy shall only be issued to insure an employer and not the employer's employees;
 - (b) Payment by the issuer of the insurance shall only be made to the employer and not the employees or providers;
 - (c) Commencing with policies issued or renewed on and after January 1, 2003, the minimum retention to the employer shall be no less than fifteen thousand dollars per person per plan year with a minimum one hundred twenty percent of expected claims aggregate.
- (3) Repealed.

Source: L. 94: Entire section added, p. 1913, § 9, effective July 1. **L. 2002:** (2)(c) amended, p. 1293, § 6, effective January 1, 2003. **L. 2013:** (3) added, (HB 13-1290), ch. 339, p. 1975, § 1, effective July 1.

Editor's note: Subsection (3)(d) provided for the repeal of subsection (3), effective September 1, 2019. (See L. 2013, p. 1976.)

10-16-119.5. Stop-loss health insurance for small employers of not more than fifty employees - requirements - definitions - rules.

(1) Notwithstanding section 10-16-119, the purpose of this section is to establish criteria for the issuance of stop-loss health insurance policies to any person, firm, corporation, partnership, or association actively engaged in business that employed an average of at least one but not more than fifty eligible employees on business days during the immediately preceding calendar year. This section does not impose any requirement or duty on any person other than an insurer offering stop-loss health insurance policies to any person, firm, corporation, partnership, or association actively engaged in business that employed an average of at least one but not more than fifty eligible employees on business days during the immediately preceding calendar year or treat any stop-loss health insurance policy as a direct policy of health insurance.

(2) An insurer shall not issue a stop-loss health insurance policy to any person, firm, corporation, partnership, or association actively engaged in business that employed an average of at least one but not more than fifty eligible employees on business days during the immediately preceding calendar year that:

- (a) Has an annual attachment point for claims incurred per individual that is lower than twenty thousand dollars;
- (b) Has an annual aggregate attachment point lower than the greater of:

- (I) One hundred twenty percent of expected claims; or
 - (II) Twenty thousand dollars;
 - (c) Provides direct coverage of health-care expenses of an individual;
 - (d) Varies by individual within the group the annual attachment point for claims incurred per individual; or
 - (e) Excludes any employee or eligible dependent from the stop-loss health insurance coverage.
- (3) The commissioner may, by rule, change the dollar amounts in subsection (2) of this section based upon changes in the medical components of the Denver-Aurora-Lakewood consumer price index or its applicable predecessor or successor index. Any change in these dollar amounts must be made at least six months prior to the effective date of the change.
- (4) An insurer that issues one or more stop-loss health insurance policies to any person, firm, corporation, partnership, or association actively engaged in business that employed an average of at least one but not more than fifty eligible employees on business days during the immediately preceding calendar year shall file with the commissioner annually an actuarial certification certifying that the insurer is in compliance with this section. The certification must be in a form and manner and contain information as required by the commissioner.
- (5) For each stop-loss health insurance policy delivered, issued for delivery, or entered into, the insurer shall prepare a separate exhibit to be given to the insured with the policy containing at least the following information:
- (a) The complete costs for the stop-loss health insurance policy;
 - (b) The date on which the stop-loss health insurance policy takes effect and terminates, including renewability provisions;
 - (c) The aggregate attachment point and the specific attachment point for the stop-loss health insurance policy;
 - (d) Any limitations on coverage;
 - (e) An explanation of monthly accommodation and disclosure about any monthly accommodation features included in the stop-loss health insurance policy; and
 - (f) A description of terminal liability funding, including:
 - (I) Costs of processing claims before and after the termination of the policy; and
 - (II) Maximum claims liability to the employer.
- (6) As used in this section:

(a) "Actuarial certification" means a written statement by a member of the American academy of actuaries, or by another individual acceptable to the commissioner, that an insurer is in compliance with this section, based upon the individual's examination and including a review of the appropriate records and the actuarial assumptions and methods used by the insurer in establishing attachment points and other applicable determinations in conjunction with the provision of stop-loss health insurance coverage.

(b) "Attachment point" means the claims amount incurred by an insured group beyond which the insurer incurs a liability for payment.

(c) "Expected claims" means the amount of claims that, in the absence of a stop-loss health insurance policy or other insurance, are projected to be incurred by an insured group through its health plan.

10-16-121. Required contract provisions in contracts between carriers and providers - definitions.

(1) A contract between a carrier and a provider or its representative concerning the delivery, provision, payment, or offering of care or services covered by a managed care plan must make provisions for the following requirements:

(a) The contract must contain a provision stating that neither the provider nor the carrier is prohibited from protesting or expressing disagreement with a medical decision, medical policy, or medical practice of the carrier or provider.

(b) (I) The contract must contain a provision that states the carrier may not take an adverse action against a provider because the provider expresses disagreement with a carrier's decision to deny or limit benefits to a covered person or because the provider assists the covered person to seek reconsideration of the carrier's decision or because a provider discusses with a current, former, or prospective patient any aspect of the patient's medical condition, any proposed treatments or treatment alternatives, whether covered by the plan or not, policy provisions of a plan, or a provider's personal recommendation regarding selection of a health plan based on the provider's personal knowledge of the health needs of such patients.

(II) The contract between a carrier and the provider must state that the carrier may not take an adverse action against a provider because the provider, acting in good faith:

(A) Communicates with a public official or other person concerning public policy issues related to health-care items or services;

(B) Files a complaint, makes a report, or comments to an appropriate governmental body regarding actions, policies, or practices of the carrier the provider believes might negatively affect the quality of, or access to, patient care;

(C) Provides testimony, evidence, opinion, or any other public activity in any forum concerning a violation or possible violation of any provision of this section;

(D) Reports what the provider believes to be a violation of law to an appropriate authority; or

(E) Participates in any investigation into a violation or possible violation of any provision of this section.

(c) Any contract providing for the performance of claims processing functions by an entity with which the carrier contracts must require such entity to comply with section 10-16-106.5 (3), (4), and (5).

(d) The contract must contain a provision that the provider shall not be subjected to financial disincentives based on the number of referrals made to participating providers in the health plan for covered benefits so long as the provider making the referral adheres to the carrier's or the carrier's intermediary's utilization review policies and procedures.

(e) The contract must contain a provision that states the carrier shall not take an adverse action against a provider or provide financial incentives or subject the provider to financial disincentives based solely on a patient satisfaction survey or other method of obtaining patient feedback relating to the patient's satisfaction with pain treatment.

(f) (I) A provision that prohibits the carrier from taking an adverse action against a provider or subjecting the provider to financial disincentives based solely on the provider's provision of, or assistance in the provision of, a legally protected health-care activity, as defined in section 12-30-121 (1)(d), in this state, so long as the care provided did not violate Colorado law.

(II) As used in this subsection (1)(f), "adverse action" means refusing or failing to pay a provider for otherwise covered services as defined in the applicable health benefit plan.

(2) Nothing in subsection (1) of this section shall be construed to prohibit a carrier from:

(a) Including in its provider contracts a provision that precludes a provider from making, publishing, disseminating, or circulating directly or indirectly or aiding, abetting, or encouraging the making, publishing, disseminating, or circulating of any oral or written statement or any pamphlet, circular, article, or literature that is false or maliciously critical of the carrier and calculated to injure such carrier; or

(b) Terminating a contract with a provider because such provider materially misrepresents the provisions, terms, or requirements of a carrier's products; or

(c) Terminating a contract with a provider pursuant to a contract provision that allows either party to the contract to terminate the contract without cause pursuant to specific notice requirements that are the same for both parties.

(3) Each contract between a carrier and an intermediary shall contain a provision requiring that the underlying contract authorizing the intermediary to negotiate and execute contracts with carriers, on behalf of the providers, shall comply with the requirements of subsection (1) of this section.

(4) The commissioner shall not act to arbitrate, mediate, or settle disputes between a carrier, its intermediaries, or a provider network arising under or by reason of a provider contract or its termination. Existing dispute resolution mechanisms available in contract law shall be used to resolve such disputes. Notwithstanding any provision of law to the contrary, the commissioner is not prohibited from enforcing the applicable provisions of this article.

(5) The commissioner shall, after notice and hearing, promulgate reasonable regulations as are necessary or proper to carry out the requirements of this section.

(6) No contract between a carrier and a provider or its representative or between a carrier and an intermediary that concerns the delivery, provision, payment, or offering of care or services covered by a managed care plan shall be issued, renewed, amended, or extended in this state after January 1, 1997, unless it complies with the requirements of this section.

(7) (a) A provider who is aggrieved by a violation of this section may bring an action for injunctive relief in a court of competent jurisdiction and may seek recovery of reasonable court costs. This section does not change the standards for obtaining injunctive relief.

(b) If a court deems an action frivolous, the court may award costs to the defendant.

(8) As used in this section:

(a) "Adverse action" means a decision by a carrier to terminate, deny, or otherwise condition a provider's participation in one or more provider networks, including a decision pertaining to participation in a narrow network or allocation within a tiered network.

(b) "Narrow network" means a reduced or selective provider network that is a subgroup or subdivision of a larger provider network and from which providers who participate in the larger network may be excluded.

(c) "Tiered network" means a provider network in which:

(I) Providers are assigned to, or placed in, different benefit tiers, as determined by tiering; and

(II) Patients receive benefits and pay the copayment, coinsurance, or deductible amounts that are associated with the benefit tier to which the provider from whom services were received is assigned.

(d) "Tiering" means a system that compares, rates, ranks, tiers, or classifies a provider's performance, quality of care, or cost of care against objective standards or against the practice or performance of other health-care providers. "Tiering" includes quality improvement programs, pay-for-performance programs, public reporting on health-care provider performance or ratings, and the use of tiered or narrowed networks.

ANNOTATION

This section and § 10-16-705 (7) are expressions of the intent of the general assembly that termination clauses should be permitted in contracts between doctors

and health care providers. Grossman v. Columbine Medical Group, Inc., 12 P.3d 269 (Colo. App. 1999).

10-16-121.3. Limitations on provisions in contracts between carriers and licensed health-care providers - methods of payment - fees - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Billing service" means a person or entity that contracts with a licensed health-care provider to:

(I) Process bills for health-care services provided by the licensed health-care provider; and

(II) Pursuant to the terms of the contract, submit bills, request reconsideration of payments, and receive payments or reimbursements for health-care services provided by the licensed health-care provider.

(b) "Contract" means a contract between a carrier and a licensed health-care provider for the provision of health-care services to covered persons under a health coverage plan issued by the carrier.

(c) "Health-care electronic funds transfers and remittance advice transaction" has the same meaning as defined in 45 CFR 162.1601 and incorporates the standards described in 45 CFR 162.1602.

(2) In a contract entered into, amended, or renewed on or after August 7, 2023, the carrier shall:

(a) Offer at least one method of payment to the licensed health-care provider that does not require an associated fee charged to the health-care provider; and

(b) Not restrict the method or form of payment to the licensed health-care provider so that the only acceptable payment method is a credit card payment.

(3) If a carrier initiates a payment to a licensed health-care provider using, or changes the payment method to, electronic funds transfer payments, including virtual credit card payments, the carrier shall:

(a) Notify the licensed health-care provider if any fee is associated with a particular payment method;

(b) Advise the licensed health-care provider of the available payment methods and provide clear instructions to the licensed health-care provider as to how to select an alternative payment method; and

(c) With each payment, remit an explanation of benefits.

(4) For any contract that is in effect on or before August 7, 2023, or that is entered into, amended, or renewed on or after August 7, 2023, a carrier that initiates a payment to a licensed health-care provider using, or changes the payment method to, a health-care electronic funds transfers and remittance advice transaction shall not charge a fee solely to transmit the payment to the licensed health-care provider unless the licensed health-care provider consents to the fee. A licensed health-care provider's billing service may charge a reasonable fee related to transaction management, data management, portal services, or other value-added services above and beyond the bank transmittal when transmitting an electronic funds transfer.

(5) The commissioner has the authority to enforce this section and impose a penalty or remedy against a person who violates this section.

Source: L. 2023: Entire section added, (HB 23-1116), ch. 59, p. 208, § 1, effective August 7.

10-16-121.5. Prohibited contract provisions in contracts between carriers and providers for dental care services - definitions.

(1) A contract between a carrier and a dentist licensed to practice under article 220 of title 12 must not require, directly or indirectly, that a dentist who is a participating provider provide services to a covered person at a fee set by, or subject to the approval of, the carrier unless:

(a) The services are covered services under the person's policy; and

(b) The carrier provides payment for the services under the person's policy in an amount that is reasonable and not nominal or de minimis.

(2) The dentist may charge the covered person for noncovered items or services in any amount determined by the dentist and agreed to by the patient that is equal to, or less than, the usual and customary amount that the dentist charges individuals who do not have coverage for such items and services.

(3) If the commissioner determines that a carrier has not complied with this section, the commissioner shall institute a corrective action plan that the carrier shall follow or may use any of the commissioner's enforcement powers to obtain the carrier's compliance with this section.

(4) As used in this section:

(a) "Affirmative consent" means a dental provider's express consent to a third party accessing the dental provider's dental care services and contractually agreed-upon discounts. The terms of the affirmative consent must be clear and readily understandable. Affirmative consent must include the dental provider's signature. The signature may be an electronic signature if the form of the signature is recognized as a valid signature under applicable federal or state law, including checking a box indicating affirmative consent.

(b) "Covered services" means dental care services for which:

(I) Reimbursement is available under a covered person's plan contract; or

(II) A reimbursement would be available but for the application of contractual limitations, such as deductibles, copayments, coinsurance, waiting periods, annual or lifetime maximums, frequency limitations, alternative benefit payments, or any other contractual limitations.

(c) "Third party" means an entity that enters into a third-party network lease agreement with a carrier or a dental benefits administrator.

(d) "Third-party network lease agreement" means an agreement or contract entered into between a carrier or a dental benefits administrator and a third party to gain access to the dental care services and contractually agreed-upon discounts provided by a participating provider that has entered into a contract with the carrier or the dental benefits administrator.

(5) A carrier shall not enter into a third-party network lease agreement to provide access to dental care services or contractually agreed-upon discounts provided by a dental provider who is contracted as a participating provider with the carrier, unless the participating provider gives affirmative consent to allow the third party to access the participating provider's dental care services and contractually agreed-upon discounts.

(6) A carrier shall not cancel or otherwise terminate a contract with a participating provider on the grounds that the participating provider refuses to allow access by a third party to the dental care services and contractually agreed-upon discounts provided by the participating provider. When initially contracting with a dental provider, a carrier shall not refuse to contract with the dental provider solely on the basis that the dental provider does not consent to allow a third party to access the dental provider's dental care services and contractually agreed-upon discounts.

(7) If a participating provider gives affirmative consent to allow a third party to access the participating provider's dental care services and contractually agreed-upon discounts through a third-party network lease agreement entered into between a carrier and a third party, the carrier shall:

(a) Allow the participating provider the option of contracting directly with the third party instead of allowing the third party to access the participating provider's services and contractually agreed-upon discounts through the third-party network lease agreement;

(b) Require that the third-party network lease agreement obligate the third party to comply with all applicable terms, fee schedules, limitations, and conditions of the contract between the carrier and the participating provider;

(c) At the time a contract between a carrier and a participating provider is entered into, renewed, or extended, or whenever there is a material modification to the contract relevant to granting access to a third party through a third-party network lease agreement:

(I) Give to the participating provider, in writing or electronically, a list of all third parties known by the carrier to which the carrier has provided or will provide access to the dental care services and contractually agreed-upon discounts provided by the participating provider; and

(II) Allow the participating provider to remove consent to participate in a third-party network lease agreement;

(d) Maintain a website through which the participating provider may obtain a list, reviewed every ninety days and, if needed, updated, of all third parties that have access to the participating provider's dental care services and contractually agreed-upon discounts;

(e) Require a third party to identify on each remittance or explanation of payment sent to the participating provider the source of any contractual discount in rates taken by the third party;

(f) Notify the participating provider at least thirty days before the effective date of a new third-party network lease agreement;

(g) Notify each third party described under subsection (7)(c)(I) or (7)(d) of this section of the termination of the contract between a carrier and a participating provider at least thirty days before the effective date of the termination; and

(h) Make available to the participating provider within thirty days after the participating provider's request a copy of the contract currently in force that was relied upon by the carrier in the adjudication of the participating provider's claim.

(8) The notice required under subsection (7)(f) or (7)(g) of this section may be provided by any reasonable means, including written notice or electronic communication.

(9) Subject to any applicable continuity of care requirements, agreements, or contractual provisions, a third party's right to access a dental provider's services and contractually agreed-upon discounts terminates on the date the contract between the carrier and the provider is terminated.

(10) This section does not apply if:

(a) A provider network contract for dental services is provided to beneficiaries of programs for medical assistance sponsored by the state, including programs administered pursuant to the "Children's Basic Health Plan Act", article 8 of title 25.5, and the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, to the extent the provider network contract is provided to beneficiaries of these programs; or

(b) Access to a provider network contract is granted to a carrier or an entity operating in accordance with the same brand licensee program as the contracting entity, and a list of the carriers or entities with the same brand licensee program as the contracting entity is made available to a provider on the contracting entity's website.

10-16-121.7. Prohibited contract provisions in contracts between carriers and eye care providers - definitions.

(1) A carrier or entity that offers a vision care plan shall not require that an eye care provider with whom the carrier or entity contracts:

(a) Provide services or materials to a covered person at a fee set by, or subject to the approval of, the carrier or entity unless the services or materials are covered services or covered materials under the covered person's vision care plan and the amount of coverage is neither nominal nor de minimis;

(b) Charge a covered person for a noncovered service or noncovered materials in an amount less than the usual and customary amount that the eye care provider charges individuals who do not have coverage for such materials and services; or

(c) Participate, as a condition of participation in a vision care plan, in any of the carrier's or entity's other vision plan networks.

(2) A carrier or entity shall not change the terms of the contract between the carrier or entity and an eye care provider without communication with the eye care provider.

(3) If the commissioner determines that a carrier or entity has not complied with this section, the commissioner shall do one or both of the following:

(a) Institute a corrective action plan for the carrier to follow;

(b) Use any of the commissioner's enforcement powers to obtain the carrier's or entity's compliance with this section.

(4) For purposes of this section:

(a) "Covered materials" means materials for which reimbursement is available under a covered person's vision care plan, or for which reimbursement would be available but for the application of contractual limitations such as deductibles, copayments, coinsurance, waiting periods, annual or lifetime maximums, frequency limitations, alternative benefit payments, or any other contractual limitations.

(b) "Covered services" means eye care provider services for which reimbursement is available under a covered person's vision care plan, or for which a reimbursement would be available but for the application of contractual limitations such as deductibles, copayments, coinsurance, waiting periods, annual or lifetime maximums, frequency limitations, alternative benefit payments, or any other contractual limitations.

(c) "Eye care provider" means:

(I) An optometrist licensed to practice under article 275 of title 12; or

(II) An ophthalmologist licensed to practice under article 240 of title 12.

(d) "Materials" means ophthalmic devices including lenses, devices containing lenses, artificial intraocular lenses, ophthalmic frames and other lens mounting apparatus, prisms, lens treatments and coatings, contact lenses, and prosthetic devices to correct, relieve, or treat defects or abnormal conditions of the human eye.

(e) "Usual and customary amount" means an amount established pursuant to an appropriate methodology that is based on generally accepted industry standards and practices.

(f) "Vision care plan" means:

(I) A vision care insurance policy or contract that provides vision benefits to a covered person; and

(II) A vision discount plan that provides discounts to vision benefits to a covered person.

(5) This section does not apply to an entity offering a vision discount plan to the entity's members if the entity is not primarily engaged in the business of offering vision care plans.

Source: L. 2018: Entire section added, (HB 18-1012), ch. 79, p. 665, § 1, effective January 1, 2019. **L. 2019:** (4)(c) amended, (HB 19-1172), ch. 136, p. 1655, § 46, effective October 1.

10-16-122. Access to prescription drugs.

(1) Except as provided in section 25.5-5-406.1 (1)(s), any pharmacy benefit management firm or intermediary whose contract with a carrier includes an open network shall allow participation by each pharmacy provider in the contract service area. If a pharmacy benefit management firm or intermediary offers an open network, the pharmacy benefit management firm or intermediary may offer such network on a regional or local basis.

(2) For purposes of this section, "open network" means any pharmacy network created by a pharmacy benefit management firm or intermediary through a contracting process with pharmacy providers that does not include competitive bidding and allows participation by any pharmacy provider that agrees to the terms and conditions of the contract offered by the pharmacy benefit management firm or intermediary.

(3) A pharmacy benefit management firm or intermediary shall not be prohibited from contracting with exclusive pharmacy networks if, sixty days before the termination or effective date of an exclusive pharmacy network contract between the pharmacy providers and the pharmacy benefit management firm or intermediary, notice of such termination or of the effective date of an exclusive pharmacy network contract is published in one or more newspapers of general circulation in the affected contract service area. Notice shall include information about where in Colorado a copy of the pharmacy provider selection criteria may be obtained.

(4) (a) No pharmacy benefit manager or carrier offering a managed care plan shall transfer or request that a pharmacy provider transfer the prescription or prescriptions of a covered person or subscriber, wholly or in part, to a different participating pharmacy provider than the provider selected by the covered person or subscriber unless one or more of the following conditions have been met:

(I) The participating pharmacy provider to whom the covered person or subscriber's prescription is to be transferred or the carrier or pharmacy benefit manager has obtained a document, signed by the covered person or subscriber, that contains a clear, conspicuous, and unequivocal request by the covered person or subscriber for a change of provider;

(II) The participating pharmacy provider carrier or pharmacy benefit manager to whom the covered person or subscriber's prescription is to be transferred has obtained the covered person or subscriber's oral authorization for the transfer and is able to furnish proof of such authorization through verification by an independent third party or an electronic record; or

(III) The pharmacy provider's participation in the pharmacy network of the carrier or pharmacy benefit manager has changed and the pharmacy provider selected by the covered person or subscriber is no longer a participating provider in the network, provided that the covered person or subscriber has been notified of the proposed transfer of pharmaceutical care services and is given an opportunity to affirmatively select a participating pharmacy provider other than the proposed transferee.

(b) Nothing in this subsection (4) shall require a carrier offering a managed care plan or a pharmacy benefit manager to pay for pharmaceutical benefits received from a nonparticipating provider.

Source: **L. 98:** Entire section added, p. 1188, § 1, effective August 5. **L. 2001:** (4) added, p. 1230, § 2, effective January 1, 2002. **L. 2006:** (1) amended, p. 1999, § 35, effective July 1. **L. 2013:** (1) amended, (HB 13-1266), ch. 217, p. 988, § 48, effective May 13. **L. 2018:** (1) amended, (HB 18-1431), ch. 313, p. 1891, § 8, effective August 8.

10-16-122.1. Contracts between PBMs and pharmacies - carrier submit list of PBMs - PBM registration - fees - prohibited practices - exception - rules - enforcement - short title - definitions.

(1) The short title of this section is the "Pharmacy Fairness Act".

(2) (a) Starting in 2022, each carrier shall submit to the commissioner, contemporaneously with its rate filing pursuant to section 10-16-107 and in a form and manner specified by the commissioner by rule, a list of all pharmacy benefit managers the carrier contracts with or otherwise uses for claims processing services or other prescription drug or device services under health coverage plans the carrier offers.

(b) The list of PBMs submitted to the commissioner pursuant to this subsection (2) is considered proprietary and confidential information and is not subject to disclosure under the "Colorado Open Records Act", part 2 of article 72 of title 24.

(2.5) (a) Starting in 2024, a person shall not establish or operate as a PBM in this state unless the person has registered with the commissioner in accordance with this subsection (2.5) and commissioner rules. Notwithstanding the definition of a PBM in section 10-16-102 (49), this

registration requirement applies to all PBMs doing business in this state, including a PBM that is not directly connected with a carrier.

(b) (I) The commissioner shall establish, by rule, the form and manner for a person to register with the commissioner and shall charge application and renewal fees as established by rule. The commissioner shall set registration fees at amounts that are commensurate with the amounts of registration fees assessed in other states.

(II) The commissioner may deny a registration to a PBM; suspend, revoke, or refuse to issue, continue, or renew the registration of a PBM; or issue a cease-and-desist order to a PBM if, after notice to the PBM and after a hearing held in accordance with sections 24-4-104 and 24-4-105, the commissioner finds that the PBM, or an officer, director, or employee of the PBM, has:

(A) Made a material misstatement, misrepresentation, or omission in a registration or registration renewal application;

(B) Fraudulently or deceptively obtained or attempted to obtain a registration or renewal of a registration;

(C) In connection with the administration of prescription drug benefits management services, committed fraud or engaged in illegal or dishonest activities; or

(D) Violated any provision of this title 10.

(III) A determination of the commissioner is a final agency action subject to judicial review pursuant to section 24-4-106.

(c) The commissioner shall transmit any fees collected pursuant to this subsection (2.5) to the state treasurer for deposit in the division of insurance cash fund created in section 10-1-103 (3). The commissioner shall use the fees collected pursuant to this subsection (2.5) to fund the division's costs in administering and enforcing this subsection (2.5) and the requirements and prohibitions on the conduct and actions of PBMs as specified in this article 16.

(3) A PBM or the representative of a PBM shall not:

(a) (I) With regard to individual and group health benefit plans, preclude covered persons from accessing prescription drug benefits under the health benefit plan at an in-network retail pharmacy unless:

(A) The FDA has restricted distribution of the prescription drug; or

(B) The prescription drug requires special handling, provider coordination, or patient education that cannot be provided by a retail pharmacy.

(II) A health benefit plan may impose a different cost-sharing amount for obtaining a covered prescription drug at a retail pharmacy, but all cost sharing must count towards the plan's annual

limitation on cost sharing specified in 45 CFR 156.130 and must be accounted for in the plan's actuarial value calculated under 45 CFR 156.135.

(b) Charge a pharmacy or pharmacist a fee related to the adjudication of a pharmacist services claim, other than a one-time, reasonable fee, not to exceed the lesser of twenty-five percent of the pharmacy dispensing fee or twenty-five cents, for receipt and processing of the same pharmacist services claim;

(c) Require pharmacy accreditation standards or certification requirements inconsistent with, more stringent than, or in addition to requirements applicable to similarly situated PBM-affiliated pharmacies within the same PBM network; or

(d) (I) Prohibit a rural independent pharmacy from using a private courier or a delivery service to deliver a prescription drug to a patient; or

(II) Require a rural independent pharmacy to obtain consent from the PBM to use a private courier or delivery service to deliver a prescription drug to a patient.

(4) This section does not apply to the administration or management of the drug assistance program authorized pursuant to section 25-4-1401.

(4.5) With regard to the requirements of this section applicable to PBMs, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a PBM that fails to comply with this section.

(4.7) The commissioner may adopt rules to implement and enforce this section.

(5) As used in this section and section 10-16-122.9, unless the context otherwise requires:

(a) "Claims processing services" means the administrative services performed in connection with processing and adjudicating claims related to pharmacist services, which services include:

(I) Receiving payments for pharmacist services; or

(II) Making payments to pharmacies or pharmacists for pharmacist services.

(b) "Other prescription drug or device services" means services, other than claims processing services, provided directly or indirectly and either in connection with or separate from claims processing services. The term includes:

(I) Managing or participating in incentive programs or arrangements for pharmacist services;

(II) Negotiating or entering into contractual arrangements with pharmacies or pharmacists;

(III) Developing formularies;

(IV) Designing prescription drug benefits programs; and

(V) Advertising or promoting services.

(c) "PBM-affiliated pharmacy" means a pharmacy or pharmacist that, either directly or indirectly through one or more intermediaries, owns or controls or is owned or controlled by a PBM.

(d) "PBM network" means a network of pharmacies or pharmacists that are offered an agreement or contract to provide pharmacist services for a health benefit plan.

(e) "Pharmacist" has the same meaning as set forth in section 12-280-103 (35).

(f) "Pharmacist services" means products, goods, and services provided as a part of the practice of pharmacy, as defined in section 12-280-103 (39).

(g) "Pharmacy" has the same meaning as set forth in section 12-280-103 (43).

Source: **L. 2021:** Entire section added, (HB 21-1297), ch. 452, p. 2992, § 3, effective July 6. **L. 2023:** (2.5), (4.5), and (4.7) added, (HB 23-1227), ch. 160, p. 694, § 1, effective August 7. **L. 2025:** IP(3) amended and (3)(d) added, (HB 25-1222), ch. 259, p. 1328, § 3, effective August 6.

Cross references: For the legislative declaration in HB 21-1297, see section 1 of chapter 452, Session Laws of Colorado 2021. For the legislative declaration in HB 25-1222, see section 1 of chapter 259, Session Laws of Colorado 2025.

10-16-122.3. Pharmacy benefit management firm payments - retroactive reduction prohibited - enforcement - rules - dispensing fees - definitions.

(1) (a) A pharmacy benefit management firm shall not reimburse a pharmacy in an amount less than the amount that the pharmacy benefit management firm reimburses any affiliate for the same pharmacy services.

(b) This subsection (1) does not prohibit a pharmacy benefit management firm from reimbursing an affiliate for satisfying the terms of a performance-based contract.

(1.5) On and after January 1, 2026, a pharmacy benefit management firm shall reimburse a rural independent pharmacy for a prescription drug in an amount not less than the national average drug acquisition cost for the dispensed prescription drug ingredients and a dispensing fee. If the national average drug acquisition cost is not available at the time a prescription drug is administered or dispensed, a pharmacy benefit management firm shall not reimburse in an amount that is less than the wholesale acquisition cost of the prescription drug.

(2) (a) A contract or agreement, including a performance-based or value-based contract or agreement, between a pharmacy benefit management firm and a pharmacy or a pharmacy services administrative organization with respect to prescription drug benefits administered or managed by the pharmacy benefit management firm must provide that after the date the pharmacy benefit management firm receives a clean claim submitted by a pharmacy, the pharmacy benefit management firm shall not retroactively reduce payment on the claim after the point of sale except as the result of an audit conducted in accordance with section 10-16-122.5.

(b) Nothing in this subsection (2) prohibits a pharmacy benefit management firm from retroactively increasing a payment to a pharmacy pursuant to a written agreement between the pharmacy benefit management firm and the pharmacy or making adjustments to claims in the case of a clerical error.

(3) Each carrier that contracts with a pharmacy benefit management firm to manage or administer prescription drug benefits on the carrier's behalf shall include in a new, amended, or renewed contract with the pharmacy benefit management firm a requirement that the pharmacy benefit management firm comply with this section. The carrier shall annually audit the pharmacy benefit management firm to monitor and ensure compliance with this section.

(4) The division may promulgate rules to implement and enforce this section, including rules to establish the manner in which carriers and pharmacy benefit management firms are required to show compliance with this section.

(5) This section applies to contracts and agreements between pharmacy benefit management firms and pharmacies or pharmacy services administrative organizations in effect on or after January 1, 2021.

(5.5) With regard to the requirements of this section applicable to pharmacy benefit management firms, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a pharmacy benefit management firm that fails to comply with this section.

(6) As used in this section:

(a) "Affiliate" means a pharmacy that directly or indirectly, through one or more intermediaries, owns or controls, is owned or controlled by, or is under common ownership or control with a pharmacy benefit management firm.

(b) "Clean claim" means a claim that has no defect or impropriety, including any lack of required substantiating documentation, or particular circumstance requiring special treatment that prevents timely payment from being made on the claim. "Clean claim" does not include a claim based on fraud, waste, or abuse.

(b.3) "Dispensing fee" means the reimbursement amount for costs associated with filling a prescription, as published for rural pharmacies in 10 CCR 2505-10 sec. 8.800.13.M, as specified in the version of the rule adopted on July 12, 2024. On January 1, 2027, and on January 1 of every year thereafter, a pharmacy benefit management firm shall increase the amount of the dispensing fee by one percent to account for inflation.

(c) "Pharmacy" means an in-state or nonresident prescription drug outlet, as defined in section 12-280-103 (43); an other outlet, as defined in section 12-280-103 (32); a hospital satellite pharmacy, as defined in section 12-280-103 (20); or other setting, including a practitioner's office or clinic, where a practitioner, as defined in section 12-280-103 (40), dispenses prescription drugs to patients as authorized by section 12-280-120 (6).

Source: **L. 2020:** Entire section added, (HB 20-1078), ch. 98, p. 381, § 1, effective September 14. **L. 2023:** (4) amended and (5.5) added, (HB 23-1227), ch. 160, p. 695, § 2, effective August 7. **L. 2025:** (1.5) and (6)(b.3) added, (HB 25-1222), ch. 259, p. 1328, § 4, effective January 1, 2026.

Cross references: For the legislative declaration in HB 25-1222, see section 1 of chapter 259, Session Laws of Colorado 2025.

10-16-122.4. Pharmacy benefits - formulary change prohibition - exceptions - enforcement - definition - rules.

(1) (a) Starting in 2024, except as provided in subsection (2) of this section, a carrier or, if a carrier uses a PBM for claims processing services or other prescription drug or device services, as those terms are defined in section 10-16-122.1, under a health benefit plan offered by the carrier in the individual market, the PBM, or a representative of the carrier or the PBM, shall not modify or apply a modification to the current prescription drug formulary during the current plan year.

(b) As used in this subsection (1), "modify" or "modification" includes eliminating a particular prescription drug from the formulary or moving a prescription drug to a higher cost-sharing tier.

(2) A carrier offering a health benefit plan on the individual market in this state that includes a prescription drug benefit and uses a prescription drug formulary or list of covered drugs may:

(a) Remove a prescription drug from the prescription drug formulary or list of covered drugs, with notice to a covered person and the covered person's provider, if:

(I) The FDA issues an announcement, guidance, notice, warning, or statement concerning the prescription drug that calls into question the clinical safety of the prescription drug; or

(II) The prescription drug is approved by the FDA for use without a prescription;

(b) Move a prescription drug from a prescription drug cost-sharing tier that imposes a lesser copayment or deductible for the prescription drug to a cost-sharing tier that imposes a greater copayment or deductible for the prescription drug if the carrier adds to the prescription drug formulary or list of covered drugs a generic prescription drug or biosimilar drug that is:

(I) Approved by the FDA for use as a therapeutic equivalent; and

(II) In a prescription drug cost-sharing tier that imposes a copayment or deductible for the generic prescription drug or biosimilar drug that is less than the copayment or deductible that is imposed for the brand-name prescription drug in the cost-sharing tier to which the brand-name prescription drug is moved; or

(c) Remove a prescription drug from the prescription drug formulary or list of covered drugs, or move a prescription drug to a higher cost-sharing tier, with advance notice to a covered person and the covered person's provider, if:

(I) The prescription drug has a wholesale acquisition cost greater than five hundred dollars at the start of the benefit year and the carrier's net cost increases by fifteen percent or more during that benefit year; and

(II) The prescription drug will be replaced on the formulary with a therapeutically equivalent generic or multi-source brand-name drug, an interchangeable biologic, or biosimilar drug at a lower cost to the enrollee.

(3) Prior to removing a drug from a formulary pursuant to this section, the carrier must attest and demonstrate to the division, in a form and manner determined by the commissioner by rule, that it has complied with the requirements of this section and has provided advanced notice to its enrollees.

(4) This section does not prohibit a carrier from adding a prescription drug to a prescription drug formulary or list of covered drugs at any time.

(5) The commissioner may promulgate rules to implement and enforce this section.

(6) With regard to the requirements of this section applicable to PBMs, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a PBM that fails to comply with this section.

Source: L. 2022: Entire section added, (HB 22-1370), ch. 184, p. 1229, § 2, effective August 10. **L. 2023:** (6) added, (HB 23-1227), ch. 160, p. 695, § 3, effective August 7.

Editor's note: Subsection (3) was numbered as subsection (2)(d) in House Bill 22-1370 but was renumbered on revision, resulting in the renumbering of subsections (3) and (4) in House Bill 22-1370 to subsections (4) and (5), respectively.

10-16-122.5. Pharmacy benefit manager - audit of pharmacies - time limits on on-site audits - enforcement - rules.

(1) A pharmacy benefit manager, a carrier, or an entity acting on behalf of a pharmacy benefit manager or a carrier that audits a pharmacy shall:

- (a) Give the pharmacy at least seven days' written notice prior to commencing an audit;
- (b) Conduct the audit by or in consultation with a licensed pharmacist to the extent the audit requires the application of clinical or professional judgment;
- (c) Not use extrapolation or other statistical expansion techniques in calculating the amount of a recoupment or penalty resulting from an audit of a pharmacy;
- (d) Allow the pharmacy to produce additional claims documentation using any commercially reasonable method, including facsimile, mail, or electronic claims submission, if an audit results in the dispute or denial of a claim;
- (e) Establish a written appeals process that includes procedures to allow a pharmacy to appeal to the pharmacy benefit manager or the carrier the preliminary reports resulting from the audit and any resulting recoupment or penalty;
- (f) Not subject a pharmacy to the recoupment of funds when an audit results in the identification of a clerical error in a required document or record unless the error results in actual financial harm to the pharmacy benefit manager, a health benefit plan providing prescription drug benefits that are managed by the pharmacy benefit manager, or a consumer; and
- (g) When subjecting a rural independent pharmacy to a recoupment of funds of more than one thousand dollars or a penalty of more than one thousand dollars as the result of an audit:
 - (I) Electronically notify the rural independent pharmacy of the rural independent pharmacy's rights to appeal pursuant to subsection (1)(e) of this section at least thirty days before the recoupment of funds;
 - (II) If the rural independent pharmacy does not respond to the electronic notification provided pursuant to subsection (1)(g)(I) of this section within thirty days after the electronic

notification, again electronically notify the rural independent pharmacy of the rural independent pharmacy's rights to appeal pursuant to subsection (1)(e) of this section at least thirty days before the recoupment of funds; and

(III) If the rural independent pharmacy does not respond to the second electronic notification provided pursuant to subsection (1)(g)(II) of this section within thirty days after the second electronic notification, serve process on the rural independent pharmacy notifying of the rural independent pharmacy's rights to appeal pursuant to subsection (1)(e) of this section at least thirty days before the recoupment of funds.

(2) A pharmacy may use verifiable statements or records, including medication administration records of a nursing home, assisted living facility, hospital, physician, or other authorized practitioner, to validate the pharmacy record and delivery.

(3) Any legal prescription may be used to validate claims in connection with prescriptions, refills, or changes in prescriptions, including medication administration records, faxes, electronic prescriptions, or documented telephone calls from the prescriber or the prescriber's agent.

(4) The time period covered by an audit may not exceed twenty-four months from the date that the prescription was submitted to or adjudicated by the entity, unless a longer period is required by state or federal law.

(5) The time periods specified are waived for audits of pharmacy records when fraud or other intentional or willful misrepresentation is indicated through review of claims data, statements, physical review, or other investigative methods. The pharmacy benefit manager, carrier, or entity acting on behalf of the pharmacy benefit manager or carrier shall deliver to the pharmacy at the time of the audit a written or verbal explanation of the information that led to the conclusion that there is an indication of fraud or other intentional or willful misrepresentation. The explanation is not required if law enforcement has intervened due to the indication of fraud.

(5.5) Except under circumstances specified in subsection (5) of this section, on or after July 6, 2021, a pharmacy benefit manager, a carrier, or an entity acting on behalf of a PBM or a carrier shall not conduct an on-site audit of a pharmacy for which the PBM, carrier, or entity acting on behalf of a PBM or a carrier has conducted an on-site audit within the immediately preceding twelve months.

(5.7) With regard to the requirements of this section applicable to pharmacy benefit managers, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a pharmacy benefit manager that fails to comply with this section.

(5.9) The commissioner may adopt rules to implement and enforce this section.

(6) As used in this section, "pharmacy" includes any entity authorized under article 280 of title 12 to dispense prescription drugs.

Source: L. 2013: Entire section added, (HB 13-1221), ch. 118, p. 403, § 1, effective August 7. **L. 2019:** (6) amended, (HB 19-1172), ch. 136, p. 1655, § 47, effective October 1. **L. 2021:** (5.5) added, (HB 21-1297), ch. 452, p. 2993, § 4, effective July 6. **L. 2023:** (5.7) and (5.9) added, (HB 23-1227), ch. 160, p. 696, § 4, effective August 7. **L. 2025:** (1)(e) and (1)(f) amended and (1)(g) added, (HB 25-1222), ch. 259, p. 1329, § 5, effective August 6.

Cross references: For the legislative declaration in HB 21-1297, see section 1 of chapter 452, Session Laws of Colorado 2021. For the legislative declaration in HB 25-1222, see section 1 of chapter 259, Session Laws of Colorado 2025.

10-16-122.6. Pharmacy benefit managers - contracts with pharmacies - maximum allowable cost pricing - enforcement - rules.

(1) (a) In each contract between a pharmacy benefit manager and a pharmacy, the pharmacy shall be given the right to obtain from the pharmacy benefit manager, within ten days after any request, a current list of the sources used to determine maximum allowable cost pricing. The pharmacy benefit manager shall update the pricing information at least every seven days and provide a means by which contracted pharmacies may promptly review pricing updates in a format that is readily available and accessible.

(b) A pharmacy benefit manager shall maintain a procedure to eliminate products from the list of drugs subject to maximum allowable cost pricing in a timely manner in order to remain consistent with pricing changes in the marketplace.

(2) In order to place a prescription drug on a maximum allowable cost list, a pharmacy benefit manager shall ensure that:

(a) The drug is listed as "A" or "B" rated in the most recent version of the United States food and drug administration's approved drug products with therapeutic equivalence evaluations, also known as the orange book, or has an "NR" or "NA" rating or similar rating by a nationally recognized reference; and

(b) The drug is generally available for purchase by pharmacies in this state from a national or regional wholesaler and is not obsolete.

(3) Each contract between a pharmacy benefit manager and a pharmacy must include a process to appeal, investigate, and resolve disputes regarding maximum allowable cost pricing that includes:

(a) A twenty-one-day limit on the right to appeal following the initial claim;

(b) A requirement that the appeal be investigated and resolved within twenty-one days after the appeal;

(c) A telephone number at which the pharmacy may contact the pharmacy benefit manager to speak to a person responsible for processing appeals;

(d) A requirement that a pharmacy benefit manager provide a reason for any appeal denial and the identification of the national drug code, as defined in section 10-16-122.9 (2)(f), of a drug that may be purchased by the pharmacy at a price at or below the benchmark price as determined by the pharmacy benefit manager; and

(e) A requirement that a pharmacy benefit manager make an adjustment to a date no later than one day after the date of determination. This requirement does not prohibit a pharmacy benefit manager from retroactively adjusting a claim for the appealing pharmacy or for another similarly situated pharmacy.

(4) The commissioner has the authority to enforce this section and to impose a penalty or other remedy against a pharmacy benefit manager that fails to comply with this section.

(5) The commissioner may adopt rules to implement and enforce this section.

Source: L. 2023: Entire section added with relocations, (HB 23-1227), ch. 160, p. 697, § 7, effective August 7.

Editor's note: This section is similar to former § 25-37-103.5 as it existed prior to 2023.

10-16-122.7. Disclosures between pharmacists and patients - carrier and PBM prohibitions - enforcement - short title - legislative declaration - preemption by federal law - rules.

(1) The short title of this section is the "Patient Drug Costs Savings Act".

(2) The general assembly hereby finds and declares that:

(a) Consumers have the right to know about options to reduce the amount of money they pay at a pharmacy for prescription drugs; and

(b) This section will save consumers money by allowing pharmacists to provide information concerning the cost of prescription drugs.

(3) A carrier that has a contract with a pharmacy or pharmacist, or a pharmacy benefit management firm acting on behalf of a carrier, shall not:

(a) Prohibit a pharmacy or pharmacist from providing a covered person information on the amount of the covered person's cost share for the covered person's prescription drug and the clinical efficacy of a more affordable alternative drug that is therapeutically equivalent, as defined in section 12-280-103 (52), to the prescribed drug if one is available;

(b) Penalize a pharmacy or a pharmacist for disclosing the information described in subsection (3)(a) of this section to a covered person or selling a more affordable alternative to a covered person; or

(c) Require a pharmacy to charge or collect a copayment from a covered person that exceeds the total charges submitted by the network pharmacy.

(4) (a) If the commissioner determines that a carrier has not complied with this section, the commissioner shall institute a corrective action plan for the carrier to follow or use any of the commissioner's enforcement powers under this title 10 to obtain the carrier's compliance with this section.

(b) With regard to the requirements of this section applicable to PBMs, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a pharmacy benefit management firm that fails to comply with this section.

(5) If any provision of this section is inconsistent with, or in conflict with, an applicable federal law, rule, or regulation, the applicable federal law, rule, or regulation applies.

(6) The commissioner may adopt rules to implement and enforce this section.

Source: L. 2018: Entire section added, (HB 18-1284), ch. 181, p. 1233, § 1, effective August 8. **L. 2019:** (3)(a) amended, (HB 19-1172), ch. 136, p. 1655, § 48, effective October 1. **L. 2023:** (4) amended and (6) added, (HB 23-1227), ch. 160, p. 696, § 5, effective August 7.

10-16-122.8. Pharmacy benefit manager practices - agreements - fees - documentation - rules.

[Editor's note: This section is effective January 1, 2027.]

(1) A pharmacy benefit manager may earn income derived from the assessment of a single, flat-dollar service fee for the provision of a prescription drug, which service fee is transparently expressed in a written agreement between the PBM and health benefit plan. The single, flat-dollar service fee may vary from client to client of the PBM based on the number of health benefit plan participants, clinical and administrative services provided, value-based payment arrangement, and other considerations.

(2) (a) Throughout the course of providing prescription drug benefits and claims processing services for health benefit plans, a PBM shall not:

(I) Earn any income that is directly or indirectly based on the price or cost of a prescription drug, including income from prescription drug mark-ups, copayments that exceed the cost of prescription drugs, up-charging or spread-pricing, or manufacturer-derived revenues; or

(II) Design a prescription drug formulary to favor a certain branded pharmaceutical or biologic over a therapeutically equivalent generic or biosimilar, unless the branded pharmaceutical or biologic has a lower net acquisition cost and that lower cost is reflected in a lower out-of-pocket expense for consumers.

(b) A PBM must be reimbursed by a health benefit plan for lowering aggregated prescription drug spending for the plan over a given period of time. A PBM must also be reimbursed for the direct services the PBM provides to the health benefit plan.

(c) A PBM may include in its contracts or other agreements with prescription drug manufacturers provisions that limit the increase of the wholesale acquisition cost of prescription drugs that they include in their formularies and benefit designs.

(d) This subsection (2) does not prevent a PBM from negotiating a prescription drug rebate or other discount as a percentage of the prescription drug's list price.

(3) Throughout the course of providing prescription drug benefits and claims processing services for health benefit plans, a PBM shall reimburse an unaffiliated pharmacy or a PBM-affiliated retail, mail order, or specialty pharmacy for the fulfillment of a prescription drug in an amount equal to the national average drug acquisition cost for the dispensed prescription drug ingredients and a reasonable and adequate dispensing fee. If the national average drug acquisition cost is not available at the time a prescription drug is administered or dispensed, a PBM shall not reimburse in an amount that is less than the wholesale acquisition cost of the prescription drug.

(4) (a) A contract between a PBM and a covered person's health benefit plan must include a provision that requires the PBM to disclose prescription drug cost information to the health benefit plan, including claims-level pharmacy data and PBM income derived from prohibited sources that the PBM must pass through to the health benefit plan. The information must be provided within thirty days after the date of the notification to the PBM by the health benefit plan or at regular negotiated reporting intervals necessary for the health benefit plan to determine the PBM's compliance with the contract terms and this section. The PBM shall assess no additional fees with regard to provision of this information.

(b) The contract between the PBM and a covered person's health benefit plan must include a provision authorizing the covered person's health benefit plan to annually execute an audit for the purpose of validating compliance with contract terms and this section.

(5) The commissioner may adopt rules as necessary to enforce this section.

Source: L. 2025: Entire section added, (HB 25-1094), ch. 303, p. 1583, § 1, effective January 1, 2027.

Editor's note: Section 2(2) of chapter 303 (HB 25-1094), Session Laws of Colorado 2025, provides that the act adding this section applies to conduct occurring on or after January 1, 2027.

10-16-122.9. Prescription drug benefits - real-time access to benefit information - enforcement - definitions - rules.

(1) (a) Upon request of a covered person, the covered person's provider, or a third party on behalf of the covered person or provider, a carrier or, if a carrier uses a pharmacy benefit manager for claims processing services or other prescription drug or device services under a health benefit plan offered by the carrier, the PBM shall furnish the cost, benefit, and coverage data set forth in subsection (1)(c) of this section to the covered person, the covered person's provider, or the third party acting on behalf of the covered person or provider and shall ensure that the data is:

(I) Current and updated no later than one business day after any change is made;

(II) Provided in real time; and

(III) Provided in the same format that the request is made by the covered person, provider, or third party that made the request.

(b) (I) A covered person, the covered person's provider, or a third party acting on behalf of the covered person or provider shall submit the request for cost, benefit, and coverage data and the carrier or PBM shall respond to the request using established industry content and transport standards published by:

(A) A standards-developing organization accredited by the American National Standards Institute or its successor entity, including the National Council for Prescription Drug Programs, the Accredited Standards Committee, or Health Level Seven International, or their successor entities; or

(B) A relevant federal or state governing body, including the CMS or the office of the national coordinator for health information technology in the federal department of health and human services.

(II) A facsimile, proprietary payer or patient portal, or other electronic form is not an acceptable electronic format pursuant to this section.

(c) (I) Upon receipt of a request for cost, benefit, and coverage data pursuant to this subsection (1), the carrier or PBM, as applicable, shall provide the following data for any drug covered under the covered person's health benefit plan:

(A) The covered person's eligibility information for the drug;

(B) A list of any clinically appropriate alternatives to the drug that are covered under the covered person's health benefit plan;

(C) Cost-sharing information for the drug and for clinically appropriate alternatives, including a description of any variance in cost-sharing based on a pharmacy, whether retail or mail order, or provider dispensing or administering the drug or alternatives; and

(D) Any applicable utilization management requirements for the drug or clinically appropriate alternatives, including prior authorization, step therapy, quantity limits, and site-of-service restrictions.

(II) The carrier or PBM shall furnish the data specified in subsection (1)(c)(I) of this section, whether the request is made using the drug's unique billing code, such as a national drug code or Healthcare Common Procedure Coding System code, or a descriptive term, such as the brand or generic name of the drug. A carrier or PBM shall not deny or delay a request for cost, benefit, and coverage data as a method of blocking the data from being shared based on how the drug was requested.

(d) A carrier or PBM furnishing the data requested pursuant to this subsection (1) shall not:

(I) Restrict, prohibit, or otherwise hinder a provider from communicating or sharing with the covered person:

(A) Any of the data set forth in subsection (1)(c)(I) of this section;

(B) Additional information on any lower-cost or clinically appropriate alternatives, whether or not the alternatives are covered under the covered person's plan; or

(C) Additional payment or cost-sharing information that may reduce the covered person's out-of-pocket costs, such as cash price or patient assistance and support programs, whether sponsored by a manufacturer, foundation, or other entity;

(II) Except as may be required by law, interfere with, prevent, or materially discourage access, exchange, or use of the data set forth in subsection (1)(c)(I) of this section, which may include:

(A) Charging fees;

(B) Failing to respond to a request, at the time the request is made, when a response is reasonably possible;

(C) Implementing technology in nonstandard ways or instituting covered person consent requirements, processes, policies, procedures, or renewals that are likely to substantially increase the complexity or burden of accessing, exchanging, or using the data; or

(III) Penalize a provider for disclosing the information to a covered person or prescribing, administering, or ordering a clinically appropriate or lower-cost alternative.

(e) A carrier or PBM shall treat a personal representative of a covered person as the covered person for purposes of this section. If, under applicable law, a person has authority to act on behalf of a covered person in making decisions related to health care, a carrier or PBM, or affiliates or entities acting on behalf of the carrier or PBM, must treat the person as a personal representative of the covered person for purposes of this section.

(1.5) With regard to the requirements of this section applicable to PBMs, the commissioner has the authority to enforce this section and to impose a penalty or other remedy against a PBM that fails to comply with this section.

(1.7) The commissioner may adopt rules to implement and enforce this section.

(2) As used in this section, unless the context otherwise requires:

(a) "CMS" means the federal centers for medicare and medicaid services in the United States department of health and human services.

(b) "Cost-sharing information" means the amount a covered person is required to pay for a drug that is covered under the covered person's health benefit plan.

(c) "Covered" or "coverage" means those health-care services to which a covered person is entitled under the terms of the covered person's health benefit plan.

(d) "Drug" means any prescription drug or medication covered under a health benefit plan, whether ordered, prescribed, or administered.

(e) "Healthcare Common Procedure Coding System" means the system developed by the CMS for identifying health-care services in a consistent and standardized manner.

(f) "National drug code" means the unique, three-segment identifier number used by the FDA to identify drugs that are manufactured, prepared, propagated, compounded, or processed for sale in the United States.

(g) "Third party" means a person, other than a PBM, that is not an enrollee in or a covered person under a health benefit plan.

L. 2023: (1.5) and (1.7) added, (HB 23-1227), ch. 160, p. 696, § 6, effective August 7.

Cross references: (1) For additional definitions applicable to this section, see § 10-16-122.1.

(2) For the legislative declaration in HB 21-1297, see section 1 of chapter 452, Session Laws of Colorado 2021.

10-16-123. Telehealth - definitions.

(1) It is the intent of the general assembly to recognize the practice of telehealth as a legitimate means by which an individual may receive health-care services from a provider without in-person contact with the provider.

(2) (a) A health benefit plan or dental plan that is issued, amended, or renewed in this state shall not require in-person contact between a provider and a covered person for services appropriately provided through telehealth, subject to all terms and conditions of the health benefit plan or dental plan. Nothing in this section requires the use of telehealth when a provider determines that delivery of care through telehealth is not appropriate or when a covered person chooses not to receive care through telehealth. A provider is not obligated to document or demonstrate that a barrier to in-person care exists to trigger coverage under a health benefit plan or dental plan for services provided through telehealth.

(b) (I) Subject to all terms and conditions of the health benefit plan or dental plan, a carrier shall reimburse the treating participating provider or the consulting participating provider for the diagnosis, consultation, or treatment of the covered person delivered through telehealth on the same basis that the carrier is responsible for reimbursing that provider for the provision of the same service through in-person consultation or contact by that provider.

(II) A carrier shall not restrict or deny coverage of a health-care service that is a covered benefit solely:

(A) Because the service is provided through telehealth rather than in-person consultation or contact between the participating provider or, subject to section 10-16-704, the nonparticipating provider and the covered person where the health-care service is appropriately provided through telehealth; or

(B) Based on the communication technology or application used to deliver the telehealth services pursuant to this section.

(III) Section 10-16-704 applies to this subsection (2)(b), and the availability of telehealth services does not modify the requirements imposed on carriers under that section to provide a

sufficient network of providers available in the community to provide in-person health-care services.

(c) A carrier shall include in the payment for telehealth interactions reasonable compensation to the originating site for the transmission cost incurred during the delivery of health-care services through telehealth; except that, for purposes of this subsection (2)(c), the carrier is not required to pay or reimburse for any transmission costs the covered person incurred or originating site fees, regardless of how or by whom the fees are billed, for the delivery of health-care services through telehealth to or from the covered person's home or a private residence.

(d) A carrier may offer a health coverage plan or dental plan containing a deductible, copayment, or coinsurance requirement for a health-care service provided through telehealth, but the deductible, copayment, or coinsurance amount must not exceed the deductible, copayment, or coinsurance applicable if the same health-care services are provided through in-person diagnosis, consultation, or treatment.

(e) A carrier shall not:

(I) Impose an annual dollar maximum on coverage for health-care services covered under the health benefit plan or dental plan that are delivered through telehealth, other than an annual dollar maximum that applies to the same services when performed by the same provider through in-person care;

(II) Impose specific requirements or limitations on the HIPAA-compliant technologies that a provider uses to deliver telehealth services, including limitations on audio or live video technologies;

(III) Require a covered person to have a previously established patient-provider relationship with a specific provider in order for the covered person to receive medically necessary telehealth services from the provider; or

(IV) Impose additional certification, location, or training requirements on a provider as a condition of reimbursing the provider for providing health-care services through telehealth.

(f) If a covered person receives health-care services through telehealth, a carrier shall apply the applicable copayment, coinsurance, or deductible amount to the telehealth services under the health benefit plan or dental plan, which copayment, coinsurance, or deductible amount shall not exceed the amounts applicable to those health-care services when performed by the same provider through in-person care.

(g) (I) Repealed.

(II) This section does not apply to:

(A) Short-term travel, accident-only, limited or specified disease, or individual conversion policies or contracts; or

(B) Policies or contracts designed for issuance to persons eligible for coverage under Title XVIII of the "Social Security Act", as amended, or any other similar coverage under state or federal governmental plans.

(h) Nothing in this section prohibits a carrier from providing coverage or reimbursement for health-care services appropriately provided through telehealth to a covered person who is not located at an originating site.

(3) A health benefit plan or dental plan is not required to pay for consultation provided by a provider by telephone or facsimile unless the consultation is provided through HIPAA-compliant interactive audio-visual communication or the use of a HIPAA-compliant application via a cellular telephone.

(4) As used in this section:

(a) "Distant site" means a site at which a provider is located while providing health-care services by means of telehealth.

(b) "Originating site" means a site at which a patient is located at the time health-care services are provided to him or her by means of telehealth.

(b.5) "Remote monitoring" means the use of synchronous or asynchronous technologies to collect or monitor medical and other forms of health data for individuals at an originating site and electronically transmit that information to providers at a distant site so providers can assess, diagnose, consult, treat, educate, provide care management, suggest self-management, or make recommendations regarding a covered person's health care.

(c) "Store-and-forward transfer" means the electronic transfer of a patient's medical information or an interaction between providers that occurs between an originating site and distant sites when the patient is not present.

(d) Repealed.

(e) "Telehealth" means a mode of delivery of health-care services through HIPAA-compliant telecommunications systems, including information, electronic, and communication technologies, remote monitoring technologies, and store-and-forward transfers, to facilitate the assessment, diagnosis, consultation, treatment, education, care management, or self-management of a covered person's health care while the covered person is located at an originating site and the provider is located at a distant site.

10-16-124. Prescription information cards - legislative declaration.

(1) It is the intent of the general assembly to lessen patients' waiting times for prescriptions, to decrease administrative burdens for pharmacies, and to improve care to patients by minimizing confusion, eliminating unnecessary paperwork, and streamlining the dispensing of prescription drugs paid for by third party payors.

(2) Each health benefit plan that offers coverage for prescription drugs shall issue to the named insured a card or other device containing uniform prescription drug information. Such card or device shall be in the format approved by the national council for prescription drug programs, shall include all of the required and situational fields and shall conform to the most recent pharmacy identification card or device implementation guide produced by the national council for prescription drug programs.

(3) (a) A new uniform prescription drug information card or device, as required pursuant to subsection (2) of this section, shall be issued by a carrier:

- (I) When a person enrolls in a health benefit plan that offers prescription drug coverage; and
- (II) When a person's coverage changes and the change affects data contained on the card or device.

(b) Newly issued cards or devices shall be updated with the latest coverage information and shall conform to the national council for prescription drug programs' standards then in effect and to the implementation guide then in use.

(4) No health maintenance organization that supplies benefits to its plan subscribers through an in-house drug or pharmacy outlet and has received a certificate of authority pursuant to part 4 of this article shall be subject to this section.

(5) The provisions of the section shall not apply to the children's basic health plan as described in article 8 of title 25.5, C.R.S.

Source: L. 2002: Entire section added, p. 1311, § 1, effective January 1, 2003. **L. 2006:** (5) amended, p. 1999, § 36, effective July 1.

10-16-124.5. Prior authorization form - drug benefits - program - chronic maintenance drugs - rules of commissioner - definitions - repeal.

(1) (a) Notwithstanding any other provision of law but subject to paragraph (b) of this subsection (1), on and after January 1, 2015, a carrier or, if a carrier contracts with a pharmacy benefit management firm to perform prior authorization services for drug benefits, the pharmacy benefit management firm, shall utilize the prior authorization process developed pursuant to subsection (3) of this section when requiring prior authorization for drug benefits.

(b) This section does not apply to a nonprofit health maintenance organization with respect to managed care plans that provide a majority of covered professional services through a single contracted medical group.

(2) (a) Except as provided in subsection (2)(b) or (2)(c) of this section, a prior authorization request is deemed granted if a carrier or pharmacy benefit management firm fails to:

(I) Utilize the prior authorization process developed pursuant to subsection (3) of this section;

(II) For prior authorization requests submitted electronically:

(A) Notify the prescribing provider, within two business days after receipt of the request, that the request is approved, denied, or incomplete and, if incomplete, indicate the specific additional information, consistent with criteria posted pursuant to subsection (3.5)(a) of this section, that is required to process the request; or

(B) Notify the prescribing provider, within two business days after receiving the additional information required by the carrier or pharmacy benefit management firm pursuant to sub-subparagraph (A) of this subparagraph (II), that the request is approved or denied;

(III) For nonurgent prior authorization requests submitted orally or by facsimile or electronic mail, notify the prescribing provider, within three business days after receipt of the request, that the request is approved or denied; and

(IV) For urgent prior authorization requests submitted orally or by facsimile or electronic mail, notify the prescribing provider, within one day after receipt of the request, that the request is approved or denied.

(b) If a carrier or pharmacy benefit management firm notifies the prescribing provider pursuant to sub-subparagraph (A) of subparagraph (II) of paragraph (a) of this subsection (2) that a prior authorization request is incomplete and that additional information is required, the prescribing provider shall submit the additional information within two business days after receipt of the notice from the carrier or pharmacy benefit management firm. If the prescribing provider fails to submit the required additional information within two business days after receipt of the notice, the request is not deemed granted pursuant to paragraph (a) of this subsection (2). After receipt of the required additional information, the carrier or pharmacy benefit management firm shall respond to the prior authorization request in accordance with sub-subparagraph (B) of subparagraph (II) of paragraph (a) of this subsection (2).

(c) For nonurgent prior authorization requests related to a covered person's HIV prescription drug coverage, the prior authorization request is deemed granted if a carrier or pharmacy benefit management firm fails to:

(I) Utilize the prior authorization process developed pursuant to subsection (3) of this section;

(II) For prior authorization requests submitted electronically:

(A) Notify the prescribing provider, within one business day after receipt of the request, that the request is approved, denied, or incomplete and, if incomplete, indicate the specific additional information, consistent with criteria posted pursuant to subsection (3.5)(a) of this section, that is required to process the request; or

(B) Notify the prescribing provider within one business day after receiving the additional information required by the carrier or pharmacy benefit management firm pursuant to subsection (2)(a)(II)(A) of this section that the request is approved or denied; and

(III) For nonurgent and urgent prior authorization requests submitted orally, by facsimile, or by electronic mail, notify the prescribing provider within one day after receipt of the request that the request is approved or denied.

(c.5) This subsection (2)(c.5) and subsection (2)(c) of this section are repealed, effective July 1, 2027.

(3) (a) The commissioner shall develop, by rule, a uniform prior authorization process that:

(I) Is made available electronically by the carrier or pharmacy benefit management firm, does not require the prescribing provider to submit a prior authorization request electronically, and satisfies the requirements of subsection (3.3) of this section;

(II) Repealed.

(III) Ensures that carriers and pharmacy benefit management firms use evidence-based guidelines, when possible, when making prior authorization determinations;

(IV) Permits, but does not require, a prescribing provider to submit a request for a prior authorization for drug benefits electronically to the carrier or pharmacy benefit management firm;

(V) Requires carriers and pharmacy benefit management firms, when notifying the prescribing provider of its decision to approve a prior authorization request, to include in the notice a unique prior authorization number attributable to the particular request, specification of the particular drug benefit approved, the next date for review of the approved drug benefit, and a link to the current criteria that the prescribing provider will need to submit for reapproval of the prior authorization; and

(VI) Requires carriers and pharmacy benefit management firms, when notifying a prescribing provider of its decision to deny a prior authorization request, to include the information required by section 10-16-112.5 (3)(c)(II) and a notice that the covered person has a right to appeal the adverse determination pursuant to sections 10-16-113 and 10-16-113.5.

(b) In developing the uniform prior authorization process, the commissioner shall take into consideration the following:

(I) National standards pertaining to electronic prior authorization, including, but not limited to, standards referenced in federal law;

(II) Whether the prior authorization process should require carriers and pharmacy benefit management firms, when reviewing a prior authorization request, to use clearly accessible, consistently applied, and written clinical criteria based on medical necessity or the appropriateness of the drug benefit for the covered person;

(III) Whether the prior authorization process should require carriers to take into account, in determining criteria for prior authorizations, the Colorado part B medicare contractor local coverage determinations, the federal centers for medicare and medicaid services national coverage determinations, and specialty society guidelines, such as those of the American Society of Clinical Oncology; and

(IV) Whether carriers and pharmacy benefit management firms could use a rules engine with criteria-driven questions that lead to an immediate determination of a prior authorization request or request for submittal of specific additional information needed to make the determination.

(c) In addition to the prior authorization process, the commissioner shall develop, by rule, a standardized prior authorization form, not to exceed two pages in length, for use in submitting electronic and nonelectronic prior authorization requests. In developing the form, the

commissioner shall take into consideration existing forms, including existing prior authorization forms established by the federal centers for medicare and medicaid services or the department of health care policy and financing.

(3.3) Starting January 1, 2027, if a provider submits a prior authorization request to a carrier or PBM through a secure electronic transmission system the carrier or PBM uses that complies with the most recent version of the National Council for Prescription Drug Programs SCRIPT standard, or its successor standard, and 21 CFR 1311, the carrier or PBM shall accept and respond to the request through the secure electronic transmission system.

(3.5) (a) On and after January 1, 2026, a carrier shall post on the carrier's public-facing website, in a readily accessible, standardized, searchable format, prior authorization requirements as applicable to the prescription drug formulary for each health benefit plan the carrier offers, including the following information:

(I) The carrier's prior authorization requirements and restrictions, including a list of drugs that require prior authorization;

(II) Written clinical criteria that are easily understandable to the prescribing provider and that include the clinical criteria for reauthorization of a previously approved drug after the prior authorization period has expired;

(III) The standard form for submitting prior authorization requests;

(IV) The health benefit plan to which the formulary applies;

(V) Each prescription drug that is covered under the health benefit plan, including both generic and brand-name versions of a prescription drug;

(VI) Any prescription drugs on the formulary that are preferred over other prescription drugs or any alternative prescription drugs that do not require prior authorization;

(VII) Any exclusions from or restrictions on coverage, including:

(A) Any tiering structure, including copayment and coinsurance requirements;

(B) Prior authorization, step therapy, and other utilization management controls;

(C) Quantity limits; and

(D) Whether access is dependent upon the location where a prescription drug is obtained or administered; and

(VIII) The appeal process for a denial of coverage or adverse determination for an item or service for a prescription drug.

(b) The commissioner shall adopt rules as necessary to implement this subsection (3.5).

(4) Repealed.

(5) (a) Notwithstanding any other provision of law, and except as provided in subsections (5)(b) and (5.5) of this section, every prescribing provider shall use the prior authorization process developed pursuant to subsection (3) of this section to request prior authorization for coverage of drug benefits, and every carrier and pharmacy benefit management firm shall use that process for prior authorization for drug benefits.

(b) (I) A carrier or PBM that provides drug benefits under a health benefit plan shall not impose prior authorization requirements under the health benefit plan more than once every three years for a drug that is approved by the FDA and that is a chronic maintenance drug if the carrier or PBM has previously approved a prior authorization for the covered person for use of the chronic maintenance drug.

(II) This subsection (5)(b) does not apply if:

(A) There is evidence that the authorization was obtained from the carrier or PBM based on fraud or misrepresentation;

(B) Final action by the FDA or other regulatory agencies, or the manufacturer, removes the chronic maintenance drug from the market, limits its use in a manner that affects the authorization, or communicates a patient safety issue that would affect the authorization alone or in combination with other authorizations;

(C) A generic equivalent or drug that is biosimilar, as defined in 42 U.S.C. sec. 262 (i)(2), to the prescribed chronic maintenance drug is added to the carrier's or PBM's drug formulary; or

(D) The wholesale acquisition cost of the chronic maintenance drug exceeds a dollar amount as established by the commissioner by rule, which amount must be no less than thirty thousand dollars for a twelve-month supply or for a course of treatment that is less than twelve months in duration.

(III) Nothing in this subsection (5)(b) requires a carrier or PBM to pay for a benefit:

(A) That is not a covered benefit under the health benefit plan; or

(B) If the patient is no longer a covered person under the health benefit plan on the date the chronic maintenance drug was prescribed, dispensed, administered, or delivered.

(IV) As used in this subsection (5)(b), "chronic maintenance drug" has the meaning set forth in section 12-280-103 (9.5).

(5.5) (a) No later than January 1, 2026, a carrier or PBM shall adopt a program, developed in consultation with providers participating with the carrier, to eliminate or substantially modify prior authorization requirements in a manner that removes the administrative burden for qualified

providers, as defined under the program, and their patients for certain prescription drugs and related drug benefits based on any of the following:

- (I) The performance of providers with respect to adherence to nationally recognized, evidence-based medical guidelines, appropriateness, efficiency, and other quality criteria; and

- (II) Provider specialty, experience, or other objective factors; except that eligibility for the program must not be limited by provider specialty.

- (b) A program developed pursuant to subsection (5.5)(a) of this section:

- (I) Must not require qualified providers to request participation in the program; and

- (II) May include limiting the use of prior authorization to providers whose prescribing or ordering patterns differ significantly from the patterns of their peers after adjusting for patient mix and other relevant factors and in order to present those providers with opportunities for improvement in adherence to the carrier's or organization's prior authorization requirements.

- (c) At least annually, a carrier or PBM shall:

- (I) Reexamine a provider's prescribing or ordering patterns;

- (II) Reevaluate the provider's status for exemption from prior authorization requirements or for inclusion in the program developed pursuant to subsection (5.5)(a) of this section; and

- (III) Notify the provider of the provider's status for exemption or inclusion in the program.

- (d) A program developed pursuant to subsection (5.5)(a) of this section must include procedures for a provider to request:

- (I) An expedited, informal resolution of a carrier's or PBM's failure or refusal to include the provider in the program; and

- (II) If the matter is not resolved through informal resolution, binding arbitration as specified in subsection (5.5)(e) of this section.

- (e) If a provider requests binding arbitration pursuant to the procedures a carrier or a PBM develops under subsection (5.5)(d)(II) of this section, the following provisions govern the arbitration procedure:

- (I) The provider and carrier or PBM shall jointly select an arbitrator from the list of arbitrators approved pursuant to section 10-16-704 (15)(b). Neither the provider nor the carrier or PBM is required to notify the division of the arbitration or of the selected arbitrator.

- (II) The selected arbitrator shall determine the provider's eligibility to participate in the carrier's or PBM's program based on the program criteria developed pursuant to subsection (5.5)(a) of this section;

(III) Within thirty days after the date the arbitrator accepts the matter, the provider and the carrier or PBM shall submit to the arbitrator written materials in support of their respective positions;

(IV) The arbitrator may render a decision based on the written materials submitted pursuant to subsection (5.5)(e)(III) of this section or may schedule a hearing, lasting not longer than one day, for the provider and carrier or PBM to present evidence;

(V) Within thirty days after the date the arbitrator receives the written materials or, if a hearing is conducted, the date of the hearing, the arbitrator shall issue a written decision stating whether the provider is eligible for the program; and

(VI) If the arbitrator overturns the carrier's or PBM's failure or refusal to include the provider in the program, the carrier or PBM shall pay the arbitrator's fees and costs, and if the arbitrator affirms the carrier's or PBM's failure or refusal to include the provider in the program, the provider shall pay the arbitrator's fees and costs.

(6) Upon approval by the carrier or pharmacy benefit management firm, a prior authorization is valid for at least one calendar year after the date of approval. If, as a result of a change to the carrier's formulary, the drug for which the carrier or pharmacy benefit management firm has provided prior authorization is removed from the formulary or moved to a less preferred tier status, the change in the status of the previously approved drug does not affect a covered person who received prior authorization before the effective date of the change for the remainder of the covered person's plan year. Nothing in this subsection (6) limits the ability of a carrier or pharmacy benefit management firm, in accordance with the terms of the health benefit plan, to substitute a generic drug, with the prescribing provider's approval and patient's consent, for a previously approved brand-name drug.

(6.2) Consistent with available evidence-based guidelines, a prescribing provider may adjust the dose or frequency of a prescription drug to meet the specific medical needs of a covered person without prior authorization or subsequent utilization management, as defined in section 10-16-1002 (10), related to the dose or frequency adjustment if:

(a) The prescription drug is a chronic maintenance drug, as defined in section 12-280-103 (9.5), that has previously been approved for coverage by the carrier or PBM for the covered person's chronic or debilitating disease and the prescribing provider continues to prescribe the drug for the same chronic or debilitating disease;

(b) The prescription drug is not an opioid or a scheduled controlled substance; and

(c) The dose or frequency has not been adjusted more than two times without prior authorization.

(6.5) The commissioner may enforce the requirements of this section and impose a penalty or other remedy against a person that violates this section.

(7) For purposes of this section, a prior authorization request is submitted "electronically" if the prescribing provider submits the request to the carrier or pharmacy benefit management firm through a secure, web-based internet portal. A prior authorization request submitted by electronic mail is not submitted "electronically".

(8) As used in this section:

(a) "Prescribing provider" means a provider who is:

(I) Authorized by law to prescribe any drug or device to treat a medical condition of a covered person; and

(II) Acting within the scope of that authority.

(b) "Urgent prior authorization request" means a request for prior authorization of a drug benefit that, based on the reasonable opinion of the prescribing provider with knowledge of the covered person's medical condition, if determined in the time allowed for nonurgent prior authorization requests, could:

(I) Seriously jeopardize the life or health of the covered person or the ability of the covered person to regain maximum function; or

(II) Subject the covered person to severe pain that cannot be adequately managed without the drug benefit that is the subject of the prior authorization request.

10-16-125. Reimbursement to nurses.

(1) In counties of the state that are neither part of a metropolitan statistical area nor a primary statistical area, a carrier offering a health benefit plan shall not discriminate between a physician and an advanced practice registered nurse not practicing under the direction of a physician when establishing reimbursement rates for covered services that could be provided by an advanced practice registered nurse or a physician.

(2) In order to improve access to primary care and choices of providers, a carrier providing a health benefit plan shall evaluate an application for status as a participating provider from an advanced practice registered nurse utilizing objective and reasonable criteria and shall take into account the provider-to-covered-person ratio for the covered benefits that appropriately may be provided by the advanced practice registered nurse. The carrier shall make a determination on an application for participating provider status submitted by an advanced practice registered nurse, and notify the applicant of its determination, within the same period in which the carrier makes a participating provider determination for physicians. If the application is denied, the carrier shall specify the reason for the denial. If the application is approved, the carrier shall list the advanced practice registered nurse in the provider directory for the health benefit plan.

Editor's note: This section was originally enacted as § 10-16-124 in House Bill 02-1003 but has been renumbered on revision for ease of location.

10-16-126. Fee-for-service dental plans.

(1) Notwithstanding any provision of this title to the contrary, a fee-for-service dental plan for which premiums are not charged is not subject to the provisions of this title and the offering of such a plan shall not be considered transacting the business of insurance pursuant to section 10-3-903. The offeror of a fee-for-service dental plan shall have no liability for payment of claims and the fees paid to the provider of the services shall be paid directly by the consumer.

(2) Any offeror of such fee-for-service dental plan shall advise the consumer that the plan is not an insurance plan and that the consumer shall be solely responsible for full payment to the provider of any fees or charges incurred by the consumer.

Editor's note: This section was originally numbered as § 10-16-126 but was renumbered on revision for ease of location.

10-16-129. Health savings accounts.

Any carrier authorized to conduct business in this state that offers coverage pursuant to part 2, 3, or 4 of this article may offer a high deductible health plan that would qualify for and may be offered in conjunction with a health savings account pursuant to 26 U.S.C. sec. 223, as amended. A carrier offering a high deductible health plan that may be offered in conjunction with a health savings account may apply the deductible to mandatory health benefits for prostate cancer screening and prosthetic devices pursuant to section 10-16-104 (10) and (14) if those mandatory benefits are not considered by the federal department of treasury to be preventive or to have an acceptable deductible amount.

10-16-130. Disclosure of rate increases to public entities - legislative declaration - definitions.

(1) The general assembly hereby finds, determines, and declares that variability in premiums by carriers offering health benefit coverage to a public entity present difficulties for fiscal planning for the public entity. Therefore, it is in the best interest of the state to promote greater accountability to the public and sound fiscal policy by public entities through disclosure by health insurance carriers of information concerning the public entity's rate, loss ratio, and the total number of claims exceeding ten thousand dollars for the public entity.

(2) A carrier authorized to conduct business in this state that offers coverage pursuant to part 2, 3, or 4 of this article to a public entity, with one hundred or more employees enrolled in such coverage, shall disclose to the public entity, at the request of the public entity, once annually and concurrent with the issuance of the employer's rate renewal, the following information as it relates to the amounts of coverage being considered for calculating the renewal:

- (a) The total number of employees covered by the carrier for the public entity;
- (b) The total dollar amount of claims paid by the carrier on behalf of the public entity;
- (c) Total of premiums paid; and
- (d) The number of claims that exceed ten thousand dollars for any one covered person under health benefit coverage for the public entity.

(3) As used in this section, unless the context otherwise requires:

- (a) "Loss ratio" means the total claims paid for the coverage period divided by the total amount of premiums paid by a public entity.
- (b) "Public entity" shall have the same meaning as that provided in section 24-10-103 (5), C.R.S.

Subsection (5.3)(b) provided for the repeal of subsection (5.3), effective July 1, 2009. (See L. 2008, p. 809.) Subsection (6)(b) provided for the repeal of subsection (6), effective July 1, 2009. (See L. 2008, p. 809.)

10-16-132. Study of factors driving health care costs in Pueblo county - repeal. (Repealed)

Source: **L. 2007:** Entire section added, p. 2101, § 1, effective June 4. **L. 2008:** (2)(c) amended, p. 1881, § 14, effective August 5.

Editor's note: Subsection (4) provided for the repeal of this section, effective January 15, 2009. (See L. 2007, p. 2101.)

10-16-133. Health carrier information disclosure - website - insurance producer fees and disclosure requirements - legislative declaration - rules.

(1) The general assembly finds and determines that consumers deserve to know the quality and cost of their health-care insurance. Health-care insurance transparency provides consumers with the information necessary, and the incentive, to choose health plans based on cost and quality. The general assembly further finds that providing reliable cost and quality information about health-care insurance empowers consumer choice and that consumer choice creates incentives at all levels and motivates the entire system to provide better care and benefits for less

money. Therefore it is the intent of the general assembly to make information regarding the costs of health-care insurance readily available to consumers through the division of insurance.

(2) The commissioner shall implement and maintain a consumer guide on the division of insurance website that is easily accessible and available to consumers regarding each carrier authorized to do business in this state. The website shall:

(a) Be derived from the information that each carrier is required to file with the division, except for records that are not open to public inspection pursuant to part 2 of article 72 of title 24, C.R.S.;

(b) Include such information as the commissioner determines, in his or her discretion and after soliciting input from interested parties, to be useful to consumers and purchasers of health-care insurance; except that records that are not open to public inspection pursuant to part 2 of article 72 of title 24, C.R.S., shall not be included; and

(c) Include a link to the division's complaint form for use by consumers to file a complaint against a carrier and a link to the division's complaint index so that consumers may access information regarding complaints against carriers.

(3) The commissioner is authorized to include additional health plan and quality information on the website from state or nationally recognized organizations that measure performance of health benefit plans.

(4) The commissioner shall consider alternative methods of making the consumer guide accessible to consumers who do not have internet access.

(5) (a) An insurance producer licensed pursuant to part 4 of article 2 of this title 10 who solicits or negotiates an application for health-care insurance on behalf of a carrier shall disclose to the person purchasing the plan that the insurance producer will receive a commission from the carrier. The insurance producer shall provide the consumer with the standard compensation schedule for the product being sold. Any change to the insurance producer's compensation from the initial disclosure to the time of purchase shall be disclosed by the insurance producer to the purchaser at or before the time of sale.

(b) An insurance producer may charge a client a fee for advising the client on the selection of an individual health benefit plan only if the producer:

(I) Will not receive a commission from the insurer offering the individual health benefit plan selected by the client; and

(II) Provides a written disclosure to the client if the producer will charge a fee for the service.

(c) The commissioner shall promulgate reasonable rules that are necessary or proper for implementing and administering this subsection (5). The rules shall include a prohibition on an insurance producer charging a fee to assist a client to enroll in medicaid, as defined in section 10-22-103 (8), or the children's basic health plan, as defined in section 25.5-8-103 (2).

(6) (a) A carrier offering individual health benefit plans or short-term limited duration health insurance policies shall disclose to the covered person the amount of compensation associated with plan selection and enrollment consistent with the federal "No Surprises Act", Pub.L. 116-260, as amended.

(b) The commissioner shall promulgate rules to implement the carrier disclosure requirements under this subsection (6).

Source: L. 2008: Entire section added, p. 2067, § 1, effective January 1, 2009. **L. 2018:** (5) amended, (SB 18-136), ch. 118, p. 817, § 1, effective August 8. **L. 2022:** (6) added, (HB 22-1284), ch. 446, p. 3151, § 7, effective August 10.

**10-16-134. Health-care transparency - information required - website - definition.
(Repealed)**

Source: L. 2008: Entire section added, p. 1265, § 4, effective May 27. **L. 2024:** Entire section repealed, (SB 24-135), ch. 34, p. 105, § 1, effective March 22.

10-16-135. Health coverage plan information cards - rules - standardization - contents.

(1) (a) The commissioner shall adopt rules requiring every carrier providing a health benefit plan to issue to covered persons to whom a health benefit plan identification card is issued a standardized printed or electronic card containing plan information. To the extent possible, the rules shall incorporate and not conflict with the requirements of section 10-16-124 regarding prescription information cards. The format for the printed or electronic card shall include a standard size, shall require the card to be legible and photocopied, and shall delineate the information to be contained on the card, including but not limited to the following information, as applicable:

- (I) The covered person's name and the applicable plan number;
- (II) Copayment and deductible amounts for the most commonly used health-care services;
- (III) Contact information for the carrier or health benefit plan administrator; and

(IV) An indication of whether the health benefit plan is regulated by the state.

(b) A carrier shall issue a standardized printed or electronic card to a covered person to whom a health benefit plan is issued upon the purchase or renewal of or enrollment in a plan.

(c) Nothing in this section shall preclude a carrier from including information on the standardized printed or electronic cards that is in addition to the information required to be included on the card pursuant to rules adopted pursuant to this section.

(d) A carrier shall provide a printed card to a covered person upon request.

(e) The commissioner may adopt rules to implement this section.

(2) (a) No later than thirty days after June 3, 2008, the commissioner, in consultation with the director of the division of professions and occupations in the department of regulatory agencies and the executive director of the department of public health and environment, shall establish a work group comprised of representatives of the divisions of insurance and registrations in the department of regulatory agencies; the departments of public health and environment, personnel, and health care policy and financing; the governor's office of information technology; carriers; providers, including hospitals, physicians, and pharmacists; private businesses; consumers; and other stakeholders deemed appropriate by the commissioner. The work group shall:

(I) Make recommendations on standards for technology and tools through which information may be electronically recognized, exchanged, or transmitted between carriers and providers, which standards shall conform to any standards adopted by a nonprofit organization that sets relevant national technical standards;

(II) Make recommendations as to the specific information that such technology and tools should be able to electronically exchange or transmit;

(III) Make recommendations to simplify eligibility and coverage verification through electronic data interchange utilizing swipe card or other appropriate technology;

(IV) Make recommendations regarding eligibility notification, preauthorization, or service notification and retroactive denial through electronic data interchange using swipe card or other appropriate technology;

(V) Make recommendations regarding how to incorporate the requirements of section 10-16-124 pertaining to uniform prescription drug information as part of the technology and tools for electronically recognizing, exchanging, or transmitting information between carriers and providers;

(VI) Make recommendations regarding whether, once electronic data interchange technology and tools are fully implemented, standardized, printed cards are necessary and, if so, what information needs to be included on the printed cards;

(VII) Make recommendations regarding when such technology could be implemented for medical assistance programs, as defined in sections 25.5-1-103 and 25.5-4-103, C.R.S.; and

(VIII) Make recommendations, if the work group so chooses, to create a pilot program for initial use of the recommended technology and tools.

(b) The work group established pursuant to paragraph (a) of this subsection (2) shall report its recommendations to the commissioner no later than six months after its first meeting; except that, if the work group is unable to complete its duties in six months, it may request that the commissioner extend the deadline by not more than an additional six months.

(c) After receipt of the work group's recommendations, the commissioner shall adopt rules to implement a standardized electronic swipe card or other appropriate technology to be used by carriers, providers, and covered persons under a health benefit plan to allow access to information regarding the applicable coverage under the plan. Carriers shall implement the new technology no later than two years after the effective date of the rules adopted pursuant to this paragraph (c); except that, if the work group concludes that carriers are unable to fully implement the technology by the deadline, the work group may recommend that the commissioner grant an extension of not more than six months for full implementation of the requirements of such rules.

(3) The rules adopted by the commissioner pursuant to this section shall conform to applicable federal guidelines on standardized claims attachment forms once such federal guidelines are adopted.

(4) The commissioner shall amend, modify, reenact, update, or otherwise revise the rules adopted pursuant to this section as necessary to reflect the most current technology available that will allow real-time data exchange, benefits eligibility, coverage determinations, and other appropriate provider-carrier transactions.

(5) Licensed or certified hospitals and physicians licensed pursuant to article 240 of title 12 shall use the standardized, printed card provided to covered persons and children's basic health plan enrollees and, once implemented, shall use the standardized electronic technology for accessing information about the coverage available under a health benefit plan or the children's basic health plan for a covered person or enrollee to whom health-care services are or will be provided by the hospital or physician.

(6) A carrier or provider located in a rural area of the state, as determined by the commissioner, may apply to the commissioner for, and the commissioner may grant, an extension of any of the deadlines imposed by this section if meeting a particular deadline would

impose a financial hardship on the rural carrier or provider. The commissioner may require the rural carrier or provider to submit documentation supporting the financial hardship claim.

(7) The commissioner shall adopt rules that require each carrier that provides a dental coverage plan, as defined in section 10-16-165 (1)(b), to issue to covered persons to whom a dental coverage plan identification card is issued a standardized written or virtual card containing plan information. To the extent possible, the rules must incorporate and not conflict with the requirements of section 10-16-124 regarding prescription information cards. The commissioner shall adopt rules by March 31, 2024, that describe the format of the standardized card to be issued by carriers. The rules establishing the format for the card must include a standard size, must require the card to be legible and photocopied, and must delineate the information to be contained on the card, including the following, as applicable:

- (a) The covered person's name and the applicable plan number;
- (b) Contact information for the carrier or dental coverage plan administrator; and
- (c) An indication of whether the dental coverage plan is regulated by the state of Colorado.

Editor's note: Subsection (8) provided for the repeal of this section, effective July 1, 2015. (See L. 2010, p. 1321.)

10-16-137. Policy forms - explanation of benefits - standardization of forms - rules.

(1) The commissioner shall convene a group of stakeholders, including carriers, providers, and consumers, to develop a standardized format for the following regarding health benefit plans, limited benefit health insurance, and dental plans:

(a) Section names and the placement of those sections in the policy forms issued by all carriers; and

(b) The required information for carriers to provide on an explanation of benefits form sent to covered persons or providers making a claim for benefits under a health benefit plan, limited benefit health insurance, or dental plan.

(2) The commissioner shall adopt rules after considering the input from carriers, providers, consumers, and other stakeholders in developing the standardized format for policy forms and explanation of benefits forms. The rules shall apply to health benefit plans, limited benefit health insurance, and dental plans issued or delivered on or after January 1, 2012.

Source: L. 2010: Entire section added, (HB 10-1004), ch. 141, p. 477, § 1, effective August 11.

10-16-138. Pathology services - direct billing required.

(1) A clinical laboratory or physician that is located in this state or in another state, and that provides anatomic pathology services for patients in this state, shall present or cause to be presented a claim, bill, or demand for payment for these services only to:

(a) The patient;

(b) The responsible insurance carrier or other third-party payer;

(c) The hospital, public health clinic, or nonprofit health clinic ordering such services;

(d) The referring laboratory, excluding a laboratory of a physician's office or group practice that does not perform the professional component of the anatomic pathology service for which such claim, bill, or demand is presented; or

(e) A governmental agency or its specified public or private agent, agency, or organization on behalf of the recipient of the services.

(2) Except for a physician at a referring laboratory that has been billed pursuant to subsection (6) of this section, no licensed practitioner in the state may, directly or indirectly, charge, bill, or otherwise solicit payment for anatomic pathology services unless the services were rendered personally by the licensed practitioner or under the licensed practitioner's direct supervision in accordance with section 353 of the "Public Health Service Act", 42 U.S.C. sec. 263a.

(3) A patient, insurer, third-party payer, hospital, public health clinic, or nonprofit health clinic is not required to reimburse a licensed practitioner for charges or claims submitted in violation of this section.

(4) Nothing in this section:

(a) Mandates the assignment of benefits for anatomic pathology services; or

(b) Prohibits a group practice, as defined in 42 U.S.C. sec. 1395nn (h)(4)(A)(i) to (iv), from billing for anatomic pathology services when a physician in the group practice performs or supervises anatomic pathology services in a laboratory that is owned and operated by at least one member of the group practice.

(5) For purposes of this section, "anatomic pathology services" means:

(a) Histopathology or surgical pathology, meaning the gross and microscopic examination performed by a physician or under the supervision of a physician, including histologic processing;

(b) Cytopathology, meaning the microscopic examination of cells from the following:

(I) Fluids;

(II) Aspirates;

(III) Washings;

(IV) Brushings; or

(V) Smears, including the pap test examination performed by a physician or under the supervision of a physician;

(c) Hematology, meaning the microscopic evaluation of bone marrow aspirates and biopsies performed by a physician, or under the supervision of a physician, and peripheral blood smears when the attending or treating physician or technologist requests that a blood smear be reviewed by a pathologist;

(d) Subcellular pathology or molecular pathology, meaning the assessment of a patient specimen for the detection, localization, measurement, or analysis of one or more protein or nucleic acid targets; and

(e) Blood-banking services performed by pathologists.

(6) This section does not prohibit billing of a referring laboratory for anatomic pathology services in instances where a sample or samples must be sent to another physician or laboratory for consultation or histologic processing. The term "referring laboratory" does not include a laboratory of a physician's office or group practice that does not perform the professional component of the anatomic pathology service involved.

(7) A person who receives a bill for an anatomic pathology service made in knowing and willful violation of this section may maintain an action to recover the actual amount paid for the bill.

Source: L. 2012: Entire section added, (HB 12-1221), ch. 41, p. 142, § 1, effective January 1, 2013.

10-16-139. Access to care - rules - definitions.

(1) **Access to obstetricians and gynecologists.** A health benefit plan that is delivered, issued, renewed, or reinstated in this state on or after January 1, 2014, that provides coverage for reproductive health or gynecological care shall not be delivered, issued, renewed, or reinstated unless the plan provides a woman covered by the plan direct access to an obstetrician, a gynecologist, a physician assistant authorized under section 12-240-107 (6), an advanced practice registered nurse who is a certified nurse midwife pursuant to section 12-255-111, or a certified midwife licensed pursuant to section 12-255-111.5, participating and available under the plan for her reproductive health care or gynecological care.

(2) Eye care services.

(a) A health coverage plan or managed care plan that provides coverage for eye care services shall not be issued or renewed after January 1, 2001, by any entity subject to part 2, 3, or 4 of this article unless the health coverage plan or managed care plan:

(I) Provides a covered person direct access to any eye care provider participating and available under the plan or through its eye care services intermediary for eye care services;

(II) Ensures that all eye care providers on a health coverage plan or managed care plan are annually included on any publicly accessible list of participating providers for the health coverage plan or managed care plan; and

(III) Allows each eye care provider on a health coverage plan or managed care plan panel to furnish covered eye care services to covered persons without discrimination between classes of eye care providers and to provide the services as permitted by their license.

(b) A carrier offering a health coverage plan or managed care plan shall not:

(I) Impose a deductible or coinsurance for eye care services that is greater than the deductible or coinsurance imposed for other medical services under the health coverage plan or managed care plan;

(II) Require an eye care provider to hold hospital privileges as a condition of participation as a provider under the health coverage plan or managed care plan, unless an eye care provider is licensed pursuant to article 240 of title 12; or

(III) Impose penalties upon primary care providers as a result of the direct access provisions of this section.

(c) This subsection (2) does not:

(I) Create coverage for any health-care service that is not otherwise covered under the terms of the health coverage plan or managed care plan;

(II) Require a health coverage plan or managed care plan to include as a participating provider every willing provider or health professional who meets the terms and conditions of the health coverage plan or managed care plan;

(III) Prevent a covered person from seeking eye care services from the covered person's primary care provider in accordance with the terms of the covered person's health coverage plan or managed care plan;

(IV) Increase or decrease the scope of the practice of optometry as defined in section 12-275-103;

(V) Require eye care services to be provided in a hospital or similar medical facility; or

(VI) Prohibit a health coverage plan or managed care plan from requiring a covered person to receive a referral or prior authorization from a primary care provider for any subsequent surgical procedures.

(d) As used in this subsection (2), unless the context otherwise requires:

(I) "Eye care provider" means a participating provider who is an optometrist licensed to practice optometry pursuant to article 275 of title 12 or an ophthalmologist licensed to practice medicine pursuant to article 240 of title 12.

(II) "Eye care services" means those health-care services related to the examination, diagnosis, treatment, and management of conditions and diseases of the eye and related

structures that a health coverage plan or managed care plan is obligated to pay, reimburse, arrange, or provide for covered persons or organizations as specified by a health coverage plan or managed care plan, excluding those health-care services rendered in conjunction with a routine vision examination or the filling of prescriptions for corrective eyewear.

(3) Treatment of intractable pain.

(a) A service or indemnity contract issued or renewed on or after January 1, 1998, by any entity subject to part 2, 3, or 4 of this article 16 shall disclose in the contract and in information on coverage presented to consumers whether the health coverage plan or managed care plan provides coverage for treatment of intractable pain. If the contract is silent on coverage of intractable pain, the contract is presumed to offer coverage for the treatment of intractable pain. If the contract is silent or if the plan specifically includes coverage for the treatment of intractable pain, the plan shall provide access to the treatment for any individual covered by the plan either:

(I) By a primary care physician or physician assistant authorized under section 12-240-107 (6), so long as the physician or physician assistant has demonstrated interest and documented experience in pain management and has a practice that includes up-to-date pain treatment;

(II) By providing direct access to a pain management specialist located within this state and participating in and available under the plan; or

(III) By having procedures in place that ensure that, if the individual requests a timely referral for intractable pain management to a pain management specialist participating in and available under the plan, the carrier shall not unreasonably deny the request for referral.

(b) The commissioner may promulgate rules to implement and administer this subsection (3) that include the following issues:

(I) What constitutes a timely referral;

(II) Circumstances, practices, policies, contract provisions, or actions that constitute an undue or unreasonable interference with the ability of an individual to secure a referral or reauthorization for continuing care;

(III) The process for issuing a denial of a request, including the means by which an individual may receive notice of a denial and the reasons for the denial in writing;

(IV) Actions that constitute improper penalties imposed upon a primary care physician or physician assistant authorized under section 12-240-107 (6) as a result of referrals made pursuant to this section; and

(V) Such other issues as the commissioner deems necessary.

(c) For purposes of this subsection (3), "intractable pain" means a pain state in which the cause of the pain cannot be removed and for which, in the generally accepted course of medical practice, relief or cure of the cause of the pain is impossible or has not been found after reasonable efforts, including evaluation by the attending physician or physician assistant authorized under section 12-240-107 (6) and one or more physicians specializing in the treatment of the area, system, or organ of the body perceived as the source of the pain.

(4) Access to pediatric care.

(a) If a carrier offering an individual or small employer health benefit plan requires or provides for the designation of a participating primary health-care professional, the carrier shall permit the parent or legal guardian of each covered person who is a child to designate any participating physician or physician assistant authorized under section 12-240-107 (6) who specializes in pediatrics as the child's primary health-care professional if the pediatrician or physician assistant is available to accept the child.

(b) The provisions of paragraph (a) of this subsection (4) do not waive any exclusions of coverage under the terms and conditions of the health benefit plan with respect to coverage of pediatric care.

(5) Annual behavioral health screenings. A health benefit plan that is issued or renewed in this state on or after January 1, 2020, that provides coverage for an annual physical examination as a preventive health-care service pursuant to section 10-16-104 (18) shall include coverage and reimbursement for behavioral health screenings using a validated screening tool for behavioral health, which coverage and reimbursement is no less extensive than the coverage and reimbursement for the annual physical examination.

Source: L. 2013: Entire section added with relocations, (HB 13-1266), ch. 217, p. 975, § 25, effective May 13. **L. 2016:** (1), (3)(a)(I), (3)(b)(IV), (3)(c), and (4)(a) amended, (SB 16-158), ch. 204, p. 722, § 6, effective August 10. **L. 2019:** (5) added, (HB 19-1269), ch. 195, p. 2129, § 8, effective May 16; (1), (2)(b)(II), (2)(c)(IV), (2)(d)(I), IP(3)(a), (3)(a)(I), (3)(b)(IV), (3)(c), and (4)(a) amended, (HB 19-1172), ch. 136, p. 1655, § 50, effective October 1. **L. 2023:** (1) amended, (SB 23-167), ch. 261, p. 1546, § 52, effective May 25.

Editor's note: Subsections (1), (2), and (3) are similar to former § 10-16-107 (5)(a), (5.5), and (7), respectively, as they existed prior to 2013.

Cross references: (1) For the legislative declaration in SB 16-158, see section 1 of chapter 204, Session Laws of Colorado 2016.

10-16-140. Grace periods - premium payments - rules.

(1) For individual and small employer health benefit plans issued or renewed for coverage to begin on or after January 1, 2014, for persons receiving a subsidy under the federal act, the commissioner shall establish, by rule that complies with federal law, a requirement that all individual and small employer health benefit plans contain a provision specifying that the policyholder is entitled to a three-month grace period for the payment of any premium due, other than the first premium, during which period the plan continues in force unless the policyholder submits written notice to the carrier, prior to discontinuance of the plan in accordance with the terms of the plan, that the policyholder is discontinuing the coverage. In accordance with federal law, the commissioner's rule may provide that the policyholder is liable to the carrier for the payment of a pro rata premium for the time the coverage was in force during the grace period.

(2) For individual and small employer health benefit plans issued or renewed for coverage to begin on or after January 1, 2014, for persons who are not receiving a subsidy under the federal act, the commissioner shall adopt a rule requiring a thirty-one-day grace period for the payment of any premium due other than the first premium.

(3) If the covered person fails to pay all or part of the premium, the carrier shall notify the covered person of the nonpayment of premium within the grace period established pursuant to this section and in accordance with section 10-16-222, 10-16-325, or 10-16-429, as applicable.

(4) The commissioner may adopt rules as necessary to implement and administer this section.

Source: L. 2013: Entire section added, (HB 13-1266), ch. 217, p. 977, § 26, effective May 13.

10-16-141. Medication synchronization services - cost sharing for partial refills - dispensing fees.

(1) A carrier offering an individual or group health coverage plan in this state that provides prescription drug coverage shall offer, as part of the plan, medication synchronization services developed by the carrier that allow for the alignment of refill dates for a covered person's prescription drugs that are covered benefits.

(2) Under its medication synchronization services, a carrier shall:

(a) Not charge an amount in excess of the otherwise applicable copayment amount under the health coverage plan for dispensing a prescription drug in a quantity that is less than the prescribed amount if:

(I) The pharmacy dispenses the prescription drug in accordance with the medication synchronization services offered under the health coverage plan; and

(II) A network pharmacy dispenses the prescription drug; and

(b) Provide a full dispensing fee to the pharmacy that dispenses the medication to the covered person.

Source: L. 2014: Entire section added, (HB 14-1359), ch. 221, p. 828, § 1, effective May 17.

10-16-142. Physical rehabilitation services - copayments and coinsurance - research.

(1) The Colorado commission on affordable health care created in section 25-46-103, C.R.S., shall conduct a study concerning the costs, including patient cost sharing for physical rehabilitation services. The study shall analyze costs to the health-care system, including payers and individual patients, as well as whether patient cost sharing creates barriers to the effective use of physical rehabilitation services.

(2) On or before November 1, 2015, the commission shall report its findings to the health and human services committee of the senate and the public health care and human services committee and the health, insurance, and environment committee of the house of representatives.

(3) For the purposes of this section, "physical rehabilitation services" means physical therapy, occupational therapy, or chiropractic services for the treatment of a person who has sustained an illness, medical condition, or injury, with the goal of returning the person to his or her prior skill and function level or maintaining the person's current skill and function level.

Source: L. 2015: Entire section added, (HB 15-1083), ch. 321, p. 1305, § 1, effective June 5.

**10-16-143. Single geographic rating area - individual plans - study - report - repeal.
(Repealed)**

Source: L. 2016: Entire section added, (HB 16-1336), ch. 168, p. 533, § 1, effective May 17.

Editor's note: Subsection (3) provided for the repeal of this section, effective December 31, 2016. (See L. 2016, p. 533.)

10-16-143.5. Pharmacy reimbursement - substance use disorders - injections - patient counseling.

(1) If a pharmacy has entered into a collaborative pharmacy practice agreement with one or more physicians pursuant to section 12-280-602 to administer injectable antagonist medication for medication-assisted treatment for substance use disorders, the pharmacy administering the drug shall receive an enhanced dispensing fee.

(2) If a pharmacy dispenses an opioid that is a schedule II or schedule III drug pursuant to section 18-18-204 or 18-18-205 to a patient who has not previously received an opioid prescription and the pharmacy provides counseling concerning the risk of opioids to the patient, the dispensing pharmacy shall receive an enhanced dispensing fee.

(3) Subsection (2) of this section does not require a carrier to contract with a pharmacy or pharmacist willing to abide by the terms and conditions for participation established by the health benefit plan or carrier.

Source: L. 2018: Entire section added, (HB 18-1007), ch. 225, p. 1432, § 4, effective January 1, 2019. **L. 2019:** Entire section amended, (SB 19-228), ch. 276, p. 2601, § 1, effective May 23; entire section amended, (HB 19-1172), ch. 136, p. 1657, § 51, effective October 1.

Editor's note: Amendments to this section by SB 19-228 and HB 19-1172 were harmonized.

10-16-144. Health-care services provided by pharmacists.

(1) A health benefit plan, except supplemental policies covering a specified disease or other limited benefit, that provides hospital, surgical, or medical expense insurance must provide coverage for health-care services provided by a pharmacist if:

(a) The pharmacist is providing services that are within the pharmacist's scope of practice under article 280 of title 12;

(b) The health benefit plan provides coverage for the same service provided by a licensed physician or an advanced practice registered nurse;

(c) The pharmacist is included in the health benefit plan's network of participating providers; and

(d) A reimbursement rate has been successfully negotiated in good faith between the pharmacist and the health plan.

(2) (a) If a pharmacist is willing to abide by the terms and conditions for participation established by the health benefit plan or carrier, a health benefit plan or carrier shall not discriminate, with respect to participation, referral, or reimbursement of covered services or indemnification as to pharmacists who are acting within the scope of their license under state law, solely on the basis of the type of licensure. In selecting providers of health-care services for membership in a provider network, a health benefit plan or carrier shall not discriminate against pharmacists who provide services that are covered by the plan by prohibiting pharmacists from membership in a provider network.

(b) Subsection (2)(a) of this section shall not be construed as:

(I) Prohibiting a health benefit plan or carrier from including providers in a provider network only to the extent necessary to meet the needs of the health benefit plan and its enrollees or from limiting referrals or establishing any other measure designed to maintain quality and control costs consistent with the provisions of the health benefit plan;

(II) Requiring a health benefit plan or carrier to contract with any provider willing to abide by the terms and conditions for participation established by the health benefit plan or carrier; or

(III) Requiring coverage for any service that is not otherwise covered under the terms of a health benefit plan.

(3) (a) Notwithstanding the provisions of subsection (1) of this section to the contrary, a health benefit plan described in subsection (1) of this section that provides treatment for substance use disorders shall reimburse a licensed pharmacist acting within the licensed pharmacist's scope of practice, and in accordance with the requirements in part 6 of article 280 of title 12, for the provision of medication-assisted treatment services if the health benefit plan provides coverage for the same services provided by a licensed physician or an advanced practice registered nurse.

(b) A health benefit plan reimbursing a licensed pharmacist pursuant to subsection (3)(a) of this section shall reimburse a licensed pharmacist at the same rate that the health benefit plan reimburses a licensed physician or an advanced practice registered nurse within the health benefit plan's network of participating providers for the same services.

Source: L. 2016: Entire section added, (SB 16-135), ch. 239, p. 981, § 1, effective August 10. **L. 2018:** (2) added, (HB 18-1112), ch. 112, p. 806, § 1, effective August 8. **L. 2019:** (1)(a)

amended, (HB 19-1172), ch. 136, p. 1657, § 52, effective October 1. **L. 2024:** (3) added, (HB 24-1045), ch. 470, p. 3277, § 2, effective August 7. **L. 2026:** IP(1), (1)(a), and (2) amended, (HB 26-1336), ch. 236, p. 1359, § 1, effective August 12.

10-16-145. Step therapy - limitations - exceptions - definitions - rules.

(1) As used in this section:

(a) "Biosimilar" has the meaning set forth in 42 U.S.C. sec. 262 (i)(2).

(b) "Clinical practice guidelines" means a systematically developed statement to assist providers and covered persons in making decisions about appropriate health care for specific clinical circumstances and conditions.

(c) "Clinical review criteria" means the written screening procedures, decision abstracts, clinical protocols, and clinical practice guidelines used by a carrier or private utilization review organization to determine the medical necessity and appropriateness of the provision of health-care services. Clinical review criteria must not be more restrictive than the FDA's indication for a specific drug or health-care service.

(d) "Exigent circumstance" means a circumstance in which a covered person is suffering from a health condition that may seriously jeopardize the covered person's life, health, or ability to regain maximum functions.

(e) "Medical necessity" has the same meaning as set forth in section 10-16-112.5.

(f) "Private utilization review organization" or "organization" has the same meaning as set forth in section 10-16-112 (1)(a).

(f.5) "Serious mental illness" means the following psychiatric illnesses, as defined by the American Psychiatric Association in the most recent version of the Diagnostic and Statistical Manual of Mental Disorders:

(I) Bipolar disorders (hypomanic, manic, depressive, and mixed);

(II) Depression in childhood and adolescence;

(III) Major depressive disorders (single episode or recurrent);

(IV) Obsessive-compulsive disorders;

(V) Paranoid and other psychotic disorders;

(VI) Schizoaffective disorders (bipolar or depressive); and

(VII) Schizophrenia.

(g) "Step therapy" means a protocol that requires a covered person to use a prescription drug or sequence of prescription drugs, other than the drug that the covered person's health-care provider recommends for the covered person's treatment, before the carrier provides coverage for the recommended prescription drug.

(2) If a carrier, a private utilization review organization, or a PBM requires step therapy, the carrier, organization, or PBM shall use clinical review criteria to establish the protocol for step therapy based on clinical practice guidelines.

(3) A carrier, a private utilization review organization, or a PBM shall:

(a) Make the clinical review criteria and the step-therapy exemption process available on their websites; and

(b) Upon written request, provide all specific clinical review criteria and other clinical information relating to a covered person's particular condition or disease, including clinical review criteria relating to a step-therapy exception, to the requester.

(4) (a) A carrier, a private utilization review organization, or a PBM shall grant an exception to step therapy if the prescribing provider submits justification and supporting clinical documentation, if needed, that states:

(I) The provider attests that the required prescription drug is contraindicated or will likely cause an adverse reaction or harm to the covered person;

(II) The required prescription drug is ineffective based on the known clinical characteristics of the covered person and the known characteristics of the prescription drug regimen;

(III) The covered person has tried, while under the covered person's current or previous health benefit plan, the required prescription drug or another prescription drug in the same pharmacologic class or with the same mechanism of action, and the use of the prescription drug by the covered person was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event;

(IV) The covered person, while on the covered person's current or previous health benefit plan, is stable on a prescription drug selected by the prescribing provider for the medical condition under consideration after undergoing step therapy or after having sought and received a step-therapy exception.

(b) (I) Except as provided in subsection (4)(b)(II) of this section, a carrier, an organization, or a PBM shall grant or deny a step-therapy exception request or an appeal of a denial of a request within:

(A) Three business days after receipt of the request; or

(B) In cases where exigent circumstances exist, within twenty-four hours after receipt of the request.

(II) If a request for a step-therapy exception or an appeal of a denial of a request is incomplete or if additional clinically relevant information is required, the carrier, organization, or PBM shall notify the prescribing provider within seventy-two hours after submission of the request, or within twenty-four hours after the submission of the request if exigent circumstances exist, that the request or appeal is incomplete or that additional clinically relevant information is required. The carrier, organization, or PBM must specify the additional information that is required in order to consider the step-therapy exception request or the appeal of the denial of the request pursuant to the criteria described in subsection (4)(a) of this section. Once the requested information is submitted to the carrier, organization, or PBM, the applicable period to grant or deny a step-therapy exception request or an appeal of a denial of a request, as specified in subsection (4)(b)(I) of this section, applies.

(III) If a carrier, an organization, or a PBM does not make a determination regarding the step-therapy exception request or the appeal of the denial of the request or does not make a request for additional or clinically relevant information within the required time, the step-therapy exception request or the appeal of the denial of the request is deemed granted.

(c) If the initial request for a step-therapy exception is denied, the carrier, organization, or PBM shall inform the covered person in writing that the covered person has the right to an internal or external review or an appeal of the adverse determination pursuant to sections 10-16-113 and 10-16-113.5.

(d) A carrier, an organization, or a PBM shall authorize coverage for the prescription drug prescribed by the covered person's prescribing provider when the step-therapy exception request is granted.

(4.5) With respect to a covered drug prescribed for serious mental illness:

(a) If, under a health benefit plan, a carrier, a private utilization review organization, or a PBM requires step therapy, the step therapy may only require a covered person to try one prescription drug other than the drug prescribed by the provider prior to providing coverage to the covered person for the drug prescribed by the covered person's provider.

(b) Notwithstanding subsection (4.5)(a) of this section, if a covered person's provider attests on a form established by the division that any of the criteria specified in subsections (4)(a)(I) to (4)(a)(IV) of this section are met, the carrier, private utilization review organization, or PBM must cover the drug prescribed by the covered person's provider without requiring step therapy.

(5) This section does not prohibit:

(a) A carrier, an organization, or a PBM from requiring a covered person to try a generic equivalent drug, a biosimilar drug, or an interchangeable biological product as defined by 42 U.S.C. sec. 262 (i)(3), unless the covered person or covered person's prescribing provider has requested a step-therapy exception and the prescribed drug meets the criteria for a step-therapy exception specified in subsection (4)(a) of this section;

(b) A carrier, an organization, or a PBM from requiring a pharmacist to make substitutions of prescription drugs consistent with part 5 of article 280 of title 12; or

(c) A provider from prescribing a drug that is determined to be medically appropriate.

(6) The commissioner may promulgate rules to implement and enforce this section.

Source: L. 2017: Entire section added, (SB 17-203), ch. 296, p. 1627, § 1, effective September 1. **L. 2018:** (1) amended, (HB 18-1148), ch. 109, p. 799, § 1, effective January 1, 2019. **L. 2022:** Entire section R&RE, (HB 22-1370), ch. 184, p. 1230, § 3, effective August 10. **L. 2023:** (1)(f.5) and (4.5) added, (HB 23-1130), ch. 394, p. 2355, § 1, effective January 1, 2025.

10-16-145.5. Step therapy - prior authorization - prohibited - stage four advanced metastatic cancer - non-opioid pain management drug - definitions.

(1) Notwithstanding section 10-16-145, a carrier that provides coverage under a health benefit plan for the treatment of stage four advanced metastatic cancer shall not limit or exclude coverage under the health benefit plan for a drug that is approved by the FDA and that is on the carrier's prescription drug formulary by mandating that a covered person with stage four advanced metastatic cancer undergo step therapy if the use of the approved drug is consistent with:

(a) The FDA-approved indication or the National Comprehensive Cancer Network drugs and biologics compendium indication for the treatment of stage four advanced metastatic cancer; or

(b) Peer-reviewed medical literature.

(2) Notwithstanding section 10-16-145, a carrier that provides prescription drug benefits shall:

(a) Provide coverage for at least one atypical opioid that has been approved by the FDA for the treatment of acute or chronic pain at the lowest tier of the carrier's drug formulary and not require step therapy or prior authorization, as defined in section 10-16-112.5 (7)(d), for that atypical opioid; and

(b) Not require step therapy for the prescription and use of any additional atypical opioid medications that have been approved by the FDA for the treatment of acute or chronic pain.

(2.5) (a) Notwithstanding section 10-16-145, a carrier that provides prescription drug benefits shall require that:

(I) The utilization review requirements, including prior authorization and step therapy, for a non-opioid drug prescribed and approved by the FDA for the treatment or management of chronic or acute pain are no more restrictive than the least restrictive utilization review requirements for opioid drugs prescribed for the treatment or management of chronic or acute pain; and

(II) The cost sharing, copayment, or deductible for a non-opioid drug prescribed for the treatment or management of chronic or acute pain is no greater than the cost sharing, copayment, or deductible for an opioid drug prescribed for the treatment or management of chronic or acute pain.

(b) (I) Except as provided in subsection (2.5)(b)(II) of this section, all individual and small group health benefit plans issued or renewed in this state on or after January 1, 2027, shall ensure there is at least one non-opioid prescription drug available as a clinically appropriate alternative for an opioid prescription drug.

(II) Subsection (2.5)(b)(I) of this section is inoperative and the state shall not assume an obligation for the coverage required pursuant to subsection (2.5)(b)(I) of this section if the division determines that the benefit specified in subsection (2.5)(b)(I) of this section requires state defrayal of the cost of coverage pursuant to a provision of the federal act, including 42 U.S.C. sec. 18031 (d)(3)(B) or a successor provision, and the implementing regulations or the state is otherwise required to defray the cost of coverage required pursuant to subsection (2.5)(b)(I) of this section.

(III) All large employer health benefit plans issued or renewed in this state on and after January 1, 2028, shall ensure there is at least one non-opioid prescription drug available as a clinically appropriate alternative for an opioid prescription drug.

(IV) The coverage required by this subsection (2.5) may be offered through a high deductible plan that would qualify for a health savings account pursuant to 26 U.S.C. sec. 223; except that a carrier may apply deductible amounts for the required coverage if it is not considered by the United States department of the treasury to be preventive or to have an acceptable deductible.

(c) This subsection (2.5) does not apply to a group benefit plan issued pursuant to the "State Employees Group Benefits Act", part 6 of article 50 of title 24.

(3) As used in this section:

(a) "Atypical opioid" means an opioid agonist with a documented safer side-effect profile and less risk of addiction than older opium-based medications.

(b) "Stage four advanced metastatic cancer" means cancer that has spread from the primary or original site of the cancer to nearby tissues, lymph nodes, or other parts of the body.

(c) "Step therapy" has the same meaning as specified in section 10-16-145 (1)(g).

Cross references: For the legislative declaration in HB 21-1276, see section 1 of chapter 364, Session Laws of Colorado 2021.

10-16-146. Periodic updates to provider directory.

Each carrier shall, at least every thirty days, update its provider directory as posted on the carrier's website in accordance with the information contained on the websites maintained by the applicable health-care prescriber board, as that term is defined in section 12-30-104, to remove a provider whose license has been revoked or suspended by the applicable health-care prescriber board.

Source: **L. 2017:** Entire section added, (HB 17-1165), ch. 377, p. 1944, § 1, effective June 6. **L. 2019:** Entire section amended, (HB 19-1172), ch. 136, p. 1657, § 53, effective October 1.

10-16-147. Parity reporting - commissioner - carriers - rules - examination of complaints.

(1) (a) By June 1, 2020, and by each June 1 thereafter, the commissioner shall submit a written report to the health and insurance committee and the public health care and human services committee of the house of representatives, or their successor committees, and to the health and human services committee of the senate, or its successor committee, and provide a presentation of the report to those legislative committees before the next regular legislative session that follows submittal of the report, that:

(I) Specifies the methodology the commissioner uses to verify that carriers are complying with section 10-16-104 (5.5) and rules adopted under that section and with the MHPAEA, any regulations adopted pursuant to that act, or guidance related to compliance with and oversight of that act;

(II) Identifies market conduct examinations initiated, conducted, or completed during the preceding twelve months regarding compliance with section 10-16-104 (5.5) and rules adopted under that section and with the MHPAEA and regulations adopted under that act and summarizes the outcomes of those market conduct examinations;

(III) Details any educational or corrective actions the commissioner has taken to ensure carrier compliance with section 10-16-104 (5.5) and rules adopted under that section and with the MHPAEA and regulations adopted under that act.

(b) The commissioner shall ensure that the report is written in plain language and is made available to the public by, at a minimum, posting the report on the division's website.

(c) Notwithstanding section 24-1-136 (11)(a)(I), the reporting requirement specified in this section continues indefinitely.

(2) A carrier that offers a health benefit plan that is subject to section 10-16-104 (5.5) shall submit to the commissioner and make available to the public, by March 1, 2020, and by each March 1 thereafter, a report that contains the following information for the prior calendar year:

(a) Data that demonstrates parity compliance for adverse determinations regarding claims for behavioral, mental health, or substance use disorder services and includes the total number of adverse determinations for such claims;

(b) A description of the process used to develop or select:

(I) The medical necessity criteria used in determining benefits for behavioral, mental health, and substance use disorders; and

(II) The medical necessity criteria used in determining medical and surgical benefits;

(c) Identification of all nonquantitative treatment limitations that are applied to benefits for behavioral, mental health, and substance use disorders and to medical and surgical benefits within each classification of benefits; and

(d) (I) The results of analyses demonstrating that, for medical necessity criteria described in subsection (2)(b) of this section and for each nonquantitative treatment limitation identified in subsection (2)(c) of this section, as written and in operation, the processes, strategies, evidentiary standards, or other factors used in applying the medical necessity criteria and each nonquantitative treatment limitation to benefits for behavioral, mental health, and substance use disorders within each classification of benefits are comparable to, and are applied no more

stringently than, the processes, strategies, evidentiary standards, or other factors used in applying the medical necessity criteria and each nonquantitative treatment limitation to medical and surgical benefits within the corresponding classification of benefits.

(II) A carrier's report on the results of the analyses specified in this subsection (1)(d) must, at a minimum:

(A) Identify the factors used to determine whether a nonquantitative treatment limitation will apply to a benefit, including factors that were considered but rejected;

(B) Identify and define the specific evidentiary standards used to define the factors and any other evidence relied on in designing each nonquantitative treatment limitation;

(C) Provide the comparative analyses, including the results of the analyses, performed to determine that the processes and strategies used to design each nonquantitative treatment limitation, as written, and the written processes and strategies used to apply each nonquantitative treatment limitation for benefits for behavioral, mental health, and substance use disorders are comparable to, and are applied no more stringently than, the processes and strategies used to design and apply each nonquantitative treatment limitation, as written, and the written processes and strategies used to apply each nonquantitative treatment limitation for medical and surgical benefits;

(D) Provide the comparative analyses, including the results of the analyses, performed to determine that the processes and strategies used to apply each nonquantitative treatment limitation, in operation, for benefits for behavioral, mental health, and substance use disorders are comparable to, and are applied no more stringently than, the processes and strategies used to apply each nonquantitative treatment limitation, in operation, for medical and surgical benefits; and

(E) Disclose the specific findings and conclusions reached by the carrier that the results of the analyses indicate that each health benefit plan offered by the carrier complies with section 10-16-104 (5.5) and the MHPAEA.

(3) The commissioner shall adopt rules as necessary to implement the reporting requirements of subsection (2) of this section, including rules to specify the form and manner of carrier reports.

(4) If the commissioner receives a complaint from the office of the ombudsman for behavioral health access to care established pursuant to part 3 of article 80 of title 27 that relates to a possible violation of section 10-16-104 (5.5) or the MHPAEA, the commissioner shall examine the complaint, as requested by the office, and shall report to the office in a timely manner any action taken by the commissioner related to the complaint.

10-16-148. Medication-assisted treatment - limitations on carriers - rules.

(1) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, a carrier that provides prescription drug benefits for the treatment of substance use disorders shall, for prescription medications that are on the carrier's formulary:

(a) Not impose prior authorization requirements on any prescription medication approved by the FDA for the treatment of substance use disorders;

(b) Not impose any step therapy requirements as a prerequisite for coverage for a prescription medication approved by the FDA for the treatment of substance use disorders;

(c) Place at least one covered prescription medication approved by the FDA for the treatment of substance use disorders on the lowest tier of the drug formulary developed and maintained by the carrier; and

(d) Not exclude coverage for any prescription medication approved by the FDA for the treatment of substance use disorders and any associated counseling or wraparound services solely on the grounds that the medications and services were court ordered.

(1.5) The commissioner, in consultation with the department of public health and environment, may promulgate rules or seek a revision to the prescription drug benefits required under the essential health benefits package concerning prescription medications that must be included on a carrier's formulary for medication-assisted treatment of substance use disorders.

(2) Repealed.

Cross references: For the short title ("Behavioral Health Care Coverage Modernization Act") in HB 19-1269, see section 1 of chapter 195, Session Laws of Colorado 2019.

10-16-149. Commissioner report - parity effects on premiums - repeal. (Repealed)

Source: L. 2019: Entire section added, (HB 19-1269), ch. 195, p. 2131, § 10, effective May 16.

Editor's note: Subsection (2) provided for the repeal of this section, effective March 1, 2023. (See L. 2019, p. 2131.)

10-16-150. Primary care payment reform collaborative - created - powers and duties - report - definition - repeal.

- (1) The commissioner shall convene a primary care payment reform collaborative to:
 - (a) Consult with the department of personnel, the executive director of the department of health care policy and financing, and the administrator of the Colorado all-payer health claims database described in section 25.5-1-204;
 - (b) Advise in the development of the affordability standards and targets for carrier investments in primary care established in accordance with section 10-16-107 (3.5);
 - (c) In coordination with the administrator of the all-payer health claims database described in section 25.5-1-204, analyze the percentage of medical expenses allocated to primary care:
 - (I) By health insurers;
 - (II) Under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5; and
 - (III) Under the "Children's Basic Health Plan Act", article 8 of title 25.5;
 - (d) Develop a recommendation to the commissioner on the definition of primary care for the purposes of this section;
 - (e) Report on current health insurer practices and methods of reimbursement that direct greater health-care resources and investments toward health-care innovation and care improvement in primary care;
 - (f) Identify barriers to the adoption of alternative payment models by health insurers and providers, and develop recommendations to address the barriers;

(g) Develop recommendations to increase the use of alternative payment models that are not paid on a fee-for-service or per-claim basis to:

(I) Increase the investment in advanced primary care delivered by practices that are patient-centered medical homes as defined by national or state-recognized criteria or that have demonstrated the ability to provide high-quality primary care;

(II) Align primary care reimbursement by all consumers of primary care;

(III) Direct investment toward higher value primary care services with an aim toward reducing health disparities; and

(IV) Ensure the development and consideration of alternative payment models that are responsive to the needs of primary care delivery in pediatrics.

(h) Consider how to increase investment in advanced primary care without increasing costs to consumers or increasing the total cost of health care;

(i) Develop and share best practices and technical assistance with health insurers and consumers, which may include:

(I) Aligning quality metrics as developed in the state innovation model;

(II) Facilitating the integration of behavioral and physical primary care;

(III) Practice transformation; and

(IV) The delivery of advanced primary care that facilitates appropriate utilization of services in appropriate settings; and

(j) Annually review the alternative payment models developed by the division pursuant to section 10-16-157 (3) and provide the division with recommendations on the models.

(2) The commissioner shall invite representatives from the following to participate in the primary care payment reform collaborative:

(a) Health-care providers, including primary care providers and pediatric primary care providers;

(b) Health-care consumers;

(c) Employers that purchase health insurance for employees and employers that offer self-insured health benefit plans;

(d) Health insurers, including entities that contract with the department of health care policy and financing as managed care entities;

(e) The federal centers for medicare and medicaid services;

(f) The primary care office in the department of public health and environment created pursuant to section 25-1.5-403;

(g) The executive director of the department of health care policy and financing; and

(h) Experts in health insurance actuarial analysis.

(2.5) In carrying out the duties of subsection (1)(j) of this section, in addition to the members of the collaborative described in subsection (2) of this section, the commissioner shall include health insurers and health-care providers engaged in a range of alternative payment models.

(3) The commissioner shall convene the primary care payment reform collaborative on or before July 15, 2019.

(4) By February 15, 2023, and by each February 15 thereafter, the primary care payment reform collaborative shall publish primary care payment reform recommendations, informed by the primary care spending report prepared in accordance with section 25.5-1-204 (3)(c). The collaborative shall make the report available electronically to the general public.

(5) The division may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

(6) As used in this section, "health insurer" means:

(a) A carrier that is subject to part 2, 3, or 4 of this article 16 and that is offering health benefit plans in Colorado; and

(b) A carrier that provides or administers a group benefit plan for state employees pursuant to part 6 of article 50 of title 24.

(7) This section is repealed, effective September 1, 2032. Before the repeal, the functions of the primary care payment reform collaborative are scheduled for review in accordance with section 2-3-1203.

Source: **L. 2019:** Entire section added, (HB 19-1233), ch. 194, p. 2119, § 2, effective May 16. **L. 2022:** (1)(h), (1)(i)(IV), and (4) amended and (1)(j) and (2.5) added, (HB 22-1325), ch. 181, p. 1208, § 2, effective August 10. **L. 2025:** (1)(g)(II), (1)(g)(III), (2)(a), and (7) amended and (1)(g)(IV) added, (SB 25-193), ch. 371, p. 2002, § 1, effective August 6.

10-16-151. Cost sharing in prescription insulin drugs - limits - definition - rules.

(1) As used in this section, unless the context otherwise requires, "prescription insulin drug" means a prescription drug, as defined in section 12-280-103 (42), that contains insulin and is used to treat diabetes.

(2) A carrier that provides coverage for prescription insulin drugs pursuant to the terms of a health coverage plan the carrier offers shall cap the total amount that a covered person is required to pay for all covered prescription insulin drugs at an amount not to exceed one hundred dollars for the covered person's entire thirty-day supply of insulin, regardless of the amount or type of insulin needed to fill the covered person's prescription or the number of prescriptions.

(3) Nothing in this section prevents a carrier from reducing a covered person's cost sharing by an amount greater than the amount specified in subsection (2) of this section.

(4) The commissioner may use any of the commissioner's enforcement powers to obtain a carrier's compliance with this section.

(5) The commissioner may promulgate rules as necessary to implement and administer this section and to align with federal requirements.

Cross references: For the legislative declaration in HB 19-1216, see section 1 of chapter 248, Session Laws of Colorado 2019. For the legislative declaration in HB 21-1307, see section 1 of chapter 437, Session Laws of Colorado 2021.

10-16-152. HIV prevention and treatment medication - limitations on carriers - step therapy - prior authorization - study - repeal.

(1) A carrier shall not require a covered person to undergo step therapy or to receive prior authorization before a pharmacist may, pursuant to section 12-280-125.7, prescribe or dispense an HIV prevention drug.

(2) Before July 1, 2027, a carrier shall not require a covered person to undergo step therapy or to receive prior authorization before a provider may, acting within the provider's scope of practice, prescribe or dispense any drug approved by the FDA and used for the treatment or prevention of HIV that is included on the carrier's prescription drug formulary as of March 1, 2023.

(3) (a) The division shall contract with one or more entities to conduct a study that includes qualitative patient and provider experience information and an actuarial review to consider the predicted cost and health impacts of removing the requirement for a covered person to undergo step therapy or to receive prior authorization before a provider may, acting within the provider's scope of practice, prescribe or dispense a drug for the treatment of HIV. In conducting the study, the entity contracted to perform the study must consult with community organizations led by people living with HIV. The division shall provide the completed study to the general assembly no later than October 1, 2026.

(b) This subsection (3) is repealed, effective July 1, 2027.

Source: L. 2020: Entire section added, (HB 20-1061), ch. 281, p. 1375, § 3, effective July 13.

10-16-153. Coverage for opioid antagonists provided by a hospital - definition.

(1) As used in this section, unless the context otherwise requires, "opioid antagonist" has the same meaning as set forth in section 12-30-110 (7)(d).

(2) A carrier that provides coverage for opioid antagonists pursuant to the terms of a health coverage plan the carrier offers shall reimburse a hospital for the hospital's cost of an opioid antagonist if the hospital gives a covered person an opioid antagonist upon discharge from the hospital.

Source: L. 2020: Entire section added, (HB 20-1065), ch. 287, p. 1419, § 1, effective September 14. **L. 2024:** Entire section amended, (HB 24-1037), ch. 458, p. 3165, § 8, effective June 6.

Editor's note: This section was numbered as § 10-16-154 in HB 20-1065 but was renumbered on revision for ease of location.

10-16-154. Disclosures - physical therapists - occupational therapists - chiropractors - acupuncturists - patients - carrier prohibitions - enforcement.

(1) A carrier that has a contract with a physical therapist, an occupational therapist, a chiropractor, or an acupuncturist shall not:

(a) Prohibit the physical therapist, occupational therapist, chiropractor, or acupuncturist from providing a covered person information on the amount of the covered person's financial responsibility for the physical therapy, occupational therapy, chiropractic services, or acupuncture services provided to the covered person;

(b) Penalize the physical therapist, occupational therapist, chiropractor, or acupuncturist for disclosing the information described in subsection (1)(a) of this section to a covered person or providing a more affordable alternative to a covered person; or

(c) Require the physical therapist, occupational therapist, chiropractor, or acupuncturist to charge an amount to a covered person or collect a copayment from a covered person that exceeds the total charges submitted to the carrier by the physical therapist, occupational therapist, chiropractor, or acupuncturist.

(2) If the commissioner determines that a carrier has not complied with this section, the commissioner shall require the carrier to develop and provide to the division for approval a corrective action plan or use any of the commissioner's enforcement powers under this title 10 to ensure the carrier's compliance with this section.

Source: L. 2021: Entire section added, (HB 21-1276), ch. 364, p. 2397, § 4, effective July 1.

Cross references: For the legislative declaration in HB 21-1276, see section 1 of chapter 364, Session Laws of Colorado 2021.

10-16-155. Actuarial reviews of proposed health-care legislation - division to contract with third parties - required considerations - confidentiality - limits on expenditures - rate filings - repeal.

(1) On or before November 1, 2022, the division shall retain by contract one or more entities that have experience in actuarial reviews, health-care policy, and health equity, referred to in this section as the "contractors", for the purpose of performing actuarial reviews of legislative proposals that may impose a new health benefit coverage mandate on health benefit plans or reduce or eliminate coverage mandated under health benefit plans, referred to in this section as "legislative proposals". At least one of the contractors must be an actuary or an actuarial firm with experience in analyzing health insurance premiums. The contractors, under the direction of the division, shall conduct actuarial reviews of up to six legislative proposals, regardless of the number of legislative proposals that are requested for each regular legislative session by members of the general assembly.

(2) Before September 1, 2022, the division shall convene a meeting to obtain input and recommendations from stakeholders, including representatives of the health-care industry, consumer advocates, and other interested individuals, concerning the methodology for conducting the analysis described in subsection (4) of this section.

(3) (a) A member of the general assembly who requests an actuarial review of a legislative proposal shall submit the request to the division no later than September 1 of the year preceding the regular legislative session in which the legislative proposal will be proposed.

(b) For each regular legislative session:

(I) Up to two members of the majority party of the house of representatives may submit a request for an actuarial review. If more than two requests are submitted, the division shall notify the majority leader of the house of representatives, who shall select the two proposals that the contractors review.

(II) One member of the minority party of the house of representatives may submit up to one request for an actuarial review. If more than one request is submitted, the division shall notify the minority leader of the house of representatives, who shall select the proposal that the contractors review.

(III) Up to two members of the majority party of the senate may submit a request for an actuarial review. If more than two requests are submitted, the division shall notify the majority leader of the senate, who shall select the two proposals that the contractors review.

(IV) One member of the minority party of the senate may submit up to one request for an actuarial review. If more than one request is submitted, the division shall notify the minority leader of the senate, who shall select the proposal that the contractors review.

(c) On or before each September 15, the majority and minority leaders of the house of representatives and the senate shall notify the division, as may be necessary as described in this subsection (3), of the legislative proposals subject to review under subsection (1) of this section.

(4) An actuarial review performed by the contractors pursuant to this section must consider the predicted effects of the legislative proposal during the five and ten years immediately following the effective date of the legislative proposal, or during another time period following the effective date of the legislative proposal if such consideration is more actuarially feasible, including:

(a) An estimate of the number of Colorado residents who will be directly affected by the legislative proposal;

(b) Estimates of changes in the rates of utilization of specific health-care services that may result from the legislative proposal;

(c) Estimates concerning any changes in consumer cost sharing that would result from the legislative proposal;

(d) Estimates of any increases or decreases in premiums charged to covered persons or employers for health benefit plans offered in the individual, small group, and large group markets that would result from the legislative proposal;

(e) An estimate of the out-of-pocket health-care cost changes associated with the legislative proposal;

(f) An estimate of the potential long-term health-care cost changes associated with the legislative proposal;

(g) Identification of any potential health benefits for individuals or communities that would result from the legislative proposal; and

(h) To the extent practicable, the social and economic impacts of the legislative proposal.

(5) An actuarial review performed pursuant to this section must:

(a) Present the information described in subsection (4)(d) of this section in terms of percentage increase or decrease and in terms of per-member, per-month charges;

(b) Present the information described in subsection (4)(e) of this section in terms of dollar amounts;

(c) Provide, if available, information concerning who would benefit from any cost changes and health benefits from the legislative proposal, as identified in subsections (4)(c), (4)(e), (4)(f), (4)(g), and (4)(h) of this section, and any disproportionate effects that the legislative proposal would have on Coloradans, which information, if available, must be disaggregated, at a minimum, by race, ethnicity, sex, gender, and age; and

(d) Include, to the extent practicable, a qualitative analysis of the impacts of the legislative proposal. For the purposes of this subsection (5)(d), a member of the general assembly who requests an actuarial review of a legislative proposal pursuant to this section may designate one or more persons to provide data to the contractors in order to inform a qualitative analysis of the legislative proposal.

(6) In performing actuarial reviews of legislative proposals, the contractors may utilize data from the all-payer health claims database described in section 25.5-1-204, data collected from carriers, or data from other sources. Carriers shall provide information to, and otherwise cooperate with, the contractors and the division for the purposes of this section.

(7) The commissioner is not required to comply with the state "Procurement Code", articles 101 to 112 of title 24, for the purposes of hiring contractors by November 1, 2022, as described in subsection (1) of this section, or for contracting for the collection of data, but the

commissioner shall comply with the state "Procurement Code" when hiring contractors or contracting for the collection of data after November 1, 2022.

(8) A request for an actuarial review pursuant to this section and the final report resulting from such a request shall be treated as confidential except by the member of the general assembly who made the request until the legislative proposal that is the subject of the actuarial review is introduced in the regular legislative session following the submission of the request for the actuarial review or, if no such legislative proposal is introduced, until after the end of the legislative session following the submission of the request.

(9) (a) Notwithstanding any other provision of this section to the contrary, the division shall not engage any contractor to perform an actuarial review as described in this section unless the division determines that there are adequate resources available within existing appropriations to compensate the contractor for the actuarial review.

(b) After July 1, 2025, the division shall use resources allocated for actuarial reviews of legislative proposals pursuant to this section for the review of rate filings filed with the commissioner pursuant to section 10-16-105.1 (3.5)(e).

(c) In the event that the division determines there are not adequate resources available within existing appropriations to compensate the contractor for an actuarial review in accordance with subsection (9)(a) of this section, the division shall prioritize resources to ensure that an actuarial review of the rate filings submitted to the commissioner pursuant to section 10-16-105.1 (3.5)(e) occurs before December 31, 2025.

(10) The division may seek, accept, and expend gifts, grants, and donations for the purposes of this section.

(11) This section is repealed, effective November 1, 2027.

Source: L. 2022: Entire section added, (SB 22-040), ch. 449, p. 3163, § 1, effective August 10. **L. 2024:** (9) amended, (SB 24-073), ch. 146, p. 591, § 3, effective May 1.

10-16-155.5. Actuarial review of doula services - report - definition.

(1) The division shall contract with an independent entity to conduct an actuarial review of the potential health-care costs and benefits of including coverage for doula services for pregnant and postpartum persons covered by health benefit plans.

(2) The division shall present the results from the actuarial review conducted pursuant to subsection (1) of this section to the general assembly as part of the division's "SMART Act" presentation required by section 2-7-203 during state fiscal year 2024-25.

(3) As used in this section, unless the context otherwise requires, "doula" means a trained birth companion who provides personal, nonmedical support to pregnant and postpartum people and their families prior to childbirth, during labor and delivery, and during the postpartum period.

Source: L. 2023: Entire section added, (SB 23-288), ch. 279, p. 1655, § 3, effective May 30.

Cross references: For the legislative declaration in SB 23-288, see section 1 of chapter 279, Session Laws of Colorado 2023.

10-16-156. Prescription drugs - rebates - consumer cost reduction - point of sale - study - report - rules - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Discount" means price reductions or concessions, including base price concessions or other contractual agreements made by a manufacturer or its affiliate, that reduce payment or liability for prescription drugs, including a reduction in the total amount paid for prescription drugs, without regard to performance, volume, or utilization of the drugs, and all other compensation that reduces payment or liability for prescription drugs. "Discount" does not include a rebate.

(b) "Health insurer" means a carrier:

(I) As defined in section 10-16-102 (8); and

(II) As defined in section 24-50-603 (2).

(c) "Manufacturer" has the same meaning as set forth in section 10-16-1401 (16).

(d) "Prescription drug" has the same meaning as set forth in section 12-280-103 (42); except that the term includes only prescription drugs that are intended for human use.

(e) "Rebate" means all price concessions made by a manufacturer or its affiliate that accrue to a PBM or its health insurer client, including credits or incentives that are based on actual or estimated utilization of prescription drugs; that result in the placement of a prescription drug in a preferred drug list or formulary or preferred formulary position; or that are associated with claims administered on behalf of an insurer client. "Rebate" also includes credits, incentives, refunds, and all other compensation that is performance-based. "Rebate" does not include a discount.

(2) For each health benefit plan issued or renewed on or after January 1, 2024, a health insurer shall ensure that one hundred percent of discounts received or to be received from a manufacturer in connection with dispensing or administering prescription drugs included in the health insurer's formulary, as demonstrated in the health insurer's rate filing pursuant to section 10-16-107, for that plan year are used to reduce costs.

(3) For each health benefit plan issued or renewed on or after January 1, 2024, a health insurer shall ensure that:

(a) One hundred percent of the estimated rebates received or to be received in connection with dispensing or administering prescription drugs included in the health insurer's formulary for that plan year are used to reduce policyholder costs;

(b) For small group and large group health benefit plans, all rebates are used to reduce employer or individual employee costs; and

(c) For individual health benefit plans, all rebates are used to reduce consumer premiums and out-of-pocket costs for prescription drugs and that health insurers will maximize the use of rebates to reduce consumer out-of-pocket costs at the point of sale, not to exceed the consumer's actual out-of-pocket costs for the prescription drug, if the use of such rebates will not:

(I) Increase premiums;

(II) Change the actuarial value of the plan inconsistent with federal and state requirements;
or

(III) Otherwise result in an impact that is not in the best interest of consumers.

(4) (a) On or before June 1, 2023, the division shall conduct and complete a study to evaluate how rebates may be applied in the individual market to reduce a covered person's out-of-pocket costs at the point of sale or to reduce out-of-pocket costs in prescription drug tiers, taking into consideration the following factors:

(I) Premium impacts;

(II) Changes in the plan's actuarial value; and

(III) Other potential impacts to consumers.

(b) Regardless of the results of the study, a health insurer shall comply with subsection (3) of this section.

(c) The division may contract with a third party to conduct the study required by this subsection (4). The commissioner is not required to comply with the "Procurement Code", articles 101 to 112 of title 24, for the purposes of this section, but shall ensure a competitive process is used to select a third party to conduct the study.

(5) Each health insurer shall report annually:

(a) In a form and manner determined by the commissioner, data demonstrating that all discounts and rebates received by health insurers are used to reduce costs for policyholders in compliance with this section. The commissioner may use discount and rebate data submitted by health insurers to the all-payer health claims database described in section 25.5-1-204 to the extent such data are available from the all-payer health claims database.

(b) An actuarial certification that attests that:

(I) The health insurer and PBM are in compliance with subsections (2) and (3) of this section; and

(II) The data reported as required by this section are accurate.

(6) The division may use data from the department of health care policy and financing, the all-payer health claims database described in section 25.5-1-204, and other sources to verify that a health insurer and PBM are in compliance with this section.

(7) Information submitted by the health insurers and PBMs to the division in accordance with this section is subject to public inspection only to the extent allowed under the "Colorado Open Records Act", part 2 of article 72 of title 24, and in no case shall trade-secret, confidential, or proprietary information be disclosed to any person who is not otherwise authorized to access such information.

(8) This section does not prohibit a health insurer from decreasing cost-sharing amounts or premiums by an amount greater than the amount required in subsection (2) or (3) of this section.

(9) The requirements of subsections (2), (3), and (5) of this section apply to a self-funded health benefit plan and its plan members only if the entity that provides the plan elects to be subject to subsections (2), (3), and (5) of this section for its members in Colorado.

(10) The commissioner shall promulgate rules to implement and enforce this section.

Source: L. 2022: Entire section added, (HB 22-1370), ch. 184, p. 1234, § 6, effective August 10.

10-16-157. Alternative payment model parameters - parameters to include an aligned quality measure set - primary care providers - requirement for carriers to submit alternative payment models to the division - legislative declaration - report - rules - definitions.

(1) **Legislative declaration.** The general assembly hereby finds and declares that:

-1313-

(a) Fee-for-service health-care payment models have long been criticized for incentivizing a higher volume of health-care services rather than a greater value, perpetuating health disparities by failing to meet the needs of patients with the highest barriers to care;

(b) Underinvestment in primary care has created barriers to access that have deterred patients from seeking timely preventive care and made it more difficult for providers to expand team-based, comprehensive care models that improve health outcomes and reduce downstream costs;

(c) Numerous efforts have been made to move our health-care system from a fee-for-service model to a value-based payment model, including comprehensive primary care plus, patient-centered medical homes, the state innovation model, the multi-payer collaborative, the health-care payment learning and action network, and the primary care payment reform collaborative;

(d) Value-based payment models also have not always recognized the unique nature of pediatrics, which requires approaches that reflect specific needs in pediatric populations;

(e) Colorado is part of the center for medicare and medicaid innovation's state transformation collaborative project, which creates an opportunity for alignment between medicare, medicaid, and commercial insurance plans;

(f) By establishing aligned parameters for primary care alternative payment models, including quality metrics and prospective payments, it is the intent of the general assembly to:

(I) Improve health-care quality and outcomes in a manner that reduces health disparities and actively advances health equity;

(II) Increase the number of Coloradans who receive the right care in the right place at the right time at an affordable cost;

(III) Encourage more primary care practices to participate in alternative payment models; provide consistent expectations; reduce administrative burdens; and help small, rural, and independent practices stay independent;

(IV) Support collaboration between physical and behavioral health-care services and local public health agencies and human services departments to improve population health; and

(V) Facilitate practice transformation toward integrated, whole-person care, so practices can coordinate care and address social determinants of health such as housing stability, social support, and food insecurity.

(2) As used in this section:

(a) "Aligned quality measure set" means any set of nationally recognized, evidence-based quality measures developed for primary care provider contracts that incorporate quality measures into the payment terms.

(b) "Alternative payment model" means a health-care payment method that uses financial incentives, including shared-risk payments, population-based payments, and other payment mechanisms, to reward providers for delivering high-quality and high-value care.

(c) "Primary care" or "primary care services" means the provision of integrated, equitable, and accessible health-care services by clinicians who are accountable for addressing a large majority of personal health-care needs, developing a sustained partnership with patients, and practicing in the context of family and community.

(d) "Primary care payment reform collaborative" means the primary care payment reform collaborative convened pursuant to section 10-16-150.

(e) "Primary care provider" or "provider" means the following providers, when the provider is practicing general primary care in an outpatient setting:

- (I) Family medicine physicians;
- (II) General pediatric physicians and adolescent medicine physicians;
- (III) Geriatric medicine physicians;
- (IV) Internal medicine physicians, excluding internists who specialize in areas such as cardiology, oncology, and other common internal medicine specialties beyond the scope of general primary care;
- (V) Obstetrics and gynecology physicians;
- (VI) Advanced practice registered nurses and physician assistants;
- (VII) Behavioral health providers, including psychiatrists, providing mental health and substance use disorder services when integrated into a primary care setting; and
- (VIII) Other provider types specified by the commissioner by rule.

(f) "Prospective payment" means a payment made in advance of services that is determined using a methodology intended to facilitate care delivery transformation by paying providers according to a formula based on an attributed patient population to provide predictable revenue and flexibility to manage care within a budget to optimize patient outcomes and better manage population health.

(g) "Risk adjustment" means an adjustment to the payment for primary care services that is determined by quantifying a patient's complexity based on observable data, addressing the time and effort primary care providers spend in caring for patients of different anticipated health needs, and including social factors such as housing instability, behavioral health issues, disability, and neighborhood-level stressors.

(3) (a) (I) The division shall develop alternative payment model parameters by rule for primary care services offered through health benefit plans.

(II) The division shall develop the primary care alternative payment model parameters in partnership with the department of health care policy and financing, the department of personnel, the department of public health and environment, the primary care payment reform collaborative, and carriers and providers participating in alternative payment models in order to optimize and create positive incentives for alignment between health benefit plans offered by carriers and public payers and achieve the following objectives:

- (A) Increased access to high-quality primary care services;
- (B) Improved health outcomes and reduced health disparities;
- (C) Improved patient and family engagement and satisfaction;
- (D) Increased provider satisfaction and retention; and
- (E) Increased primary care investment that results in increased health-care value.

(III) At a minimum, the alternative payment model parameters must:

(A) Include transparent risk adjustment parameters that ensure that primary care providers are not penalized for or disincentivized from accepting vulnerable, high-risk patients and are rewarded for caring for patients with more severe or complex health conditions and patients who have inadequate access to affordable housing, healthy food, or other social determinants of health;

(B) Utilize patient attribution methodologies that are transparent and reattribute patients on a regular basis, which must ensure that population-based payments are made to a patient's primary care provider rather than other providers who may only offer sporadic primary care services to the patient and include a process for correcting misattribution that minimizes the administrative burden on providers and patients;

(C) Include a set of core competencies around whole-person care delivery that primary care providers should incorporate in practice transformation efforts to take full advantage of various types of alternative payment models; and

(D) Require an aligned quality measure set that considers the quality measures and the types of quality reporting that carriers and providers are engaging in under current state and federal law and includes quality measures that are patient-centered and patient-informed and address: Pediatric, perinatal, and other critical populations; the prevention, treatment, and management of chronic diseases; and the screening for and treatment of behavioral health conditions.

(IV) The division shall annually consider the recommendations on the alternative payment model parameters and positive carrier incentive arrangements provided by the primary care

payment reform collaborative and by carriers and providers participating in alternative payment models but not participating in the primary care payment reform collaborative.

(V) The alternative payment models must also:

(A) Ensure that any risk or shared savings arrangements minimize significant financial risk for providers when patient costs exceed what can be predicted;

(B) Incentivize the integration of behavioral health-care services through local partnerships or the hiring of in-house behavioral health staff;

(C) Include prospective payments to providers for health promotion, care coordination, health navigation, care management, patient education, and other services designed to prevent and manage chronic conditions and address social determinants of health;

(D) Recognize the various levels of advancement of alternative payment models and preserve options for carriers and providers to negotiate models suited to the competencies of each individual primary care practice; and

(E) Support evidence-based models of integrated care that focus on measurable patient outcomes.

(b) (I) Except as provided in subsection (3)(b)(II) of this section, for health benefit plans that are issued or renewed on or after January 1, 2025, a carrier shall ensure that any alternative payment models for primary care incorporate the parameters established in this subsection (3).

(II) For managed care plans that are issued or renewed on or after January 1, 2025, and in which services are primarily offered through one medical group contracted with a nonprofit health maintenance organization, a carrier shall ensure that any alternative payment models for primary care incorporate the aligned quality measure set established in subsection (3)(a)(III)(D) of this section.

(c) By December 1, 2023, the commissioner shall promulgate rules detailing the requirements for alternative payment model parameters alignment. The division shall allow carriers the flexibility to determine which network providers and products are best suited to achieve the goals and incentives set by the division in this section.

(4) Once the division has five years of data, the division shall analyze the data and, subject to available appropriations, produce a report on the data that aggregates data across all carriers. The division shall present the findings to the general assembly during the department of regulatory agencies' presentation to legislative committees at hearings held pursuant to the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2.

(5) The division shall retain a third-party contractor to design an evaluation plan for the implementation of primary care alternative payment models by carriers. The plan must include alternative payment models implemented by carriers and providers prior to January 1, 2025. In designing the evaluation plan, the contractor shall, to the extent practicable:

(a) Report on the effects of the alternative payment models on populations that have historically faced systemic barriers to health access;

(b) Report on the effects of the alternative payment models on primary care providers, primary care practices, and primary care practices' ability to stay independent, including the effects on primary care providers' administrative burdens; and

(c) Consider and identify any available data sources or data limitations that should be included or addressed in the evaluation plan to allow for measurement and reporting on the effects of the primary care payment model parameters on such populations, including the collection or analysis of data that is disaggregated, at a minimum, by race, ethnicity, sex, gender, and age.

(6) To support the implementation of aligned primary care alternative payment model parameters by carriers, the division shall retain a third-party contractor to provide technical assistance to carriers. The division shall work with carriers to determine the nature and scope of the technical assistance and other supports that will best facilitate the implementation of aligned primary care alternative payment model parameters.

(7) The commissioner may promulgate rules necessary to implement this section.

(8) Any information submitted to the division in accordance with this section is subject to public inspection only to the extent allowed under the "Colorado Open Records Act", part 2 of article 72 of title 24. The division shall not disclose any trade secret or confidential or proprietary information to any person who is not otherwise authorized to access the information, including any confidential or proprietary contractual information between carriers and providers.

10-16-158. Treatment of sexually transmitted infection - cost sharing - rules - definition.

(1) For health benefit plans issued or renewed on or after January 1, 2025, if the treatment of a sexually transmitted infection, as defined in section 25-4-402 (10), is a covered service, the health benefit plan must provide the coverage without deductibles, copayments, coinsurance,

annual or lifetime maximum benefit limits, or other cost sharing for or limits on the coverage for the treatment of a sexually transmitted infection.

(2) The provisions of this section do not apply to a high deductible health benefit plan pursuant to 26 U.S.C. sec. 223, as amended, issued or renewed in this state until an eligible insured's deductible has been met, unless allowed pursuant to federal law.

(3) The commissioner may promulgate rules to implement this section.

(4) As used in this section, "treatment" means medically necessary care for the management of the existing sexually transmitted infection.

Source: L. 2023: Entire section added, (SB 23-189), ch. 69, p. 257, § 4, effective April 14.

Editor's note: This section is similar to former § 12-170-109 (7) as it existed prior to 2023.

10-16-159. Coverage for sterilization services - cost sharing.

(1) For health benefit plans issued or renewed on or after January 1, 2025, if sterilization services are a covered service, the health benefit plan must provide the coverage regardless of the covered person's sex or gender and without deductibles, copayments, coinsurance, annual or lifetime maximum benefit limits, or other cost sharing for or limits on the coverage for sterilization services.

(2) The provisions of this section do not apply to a high deductible health benefit plan pursuant to 26 U.S.C. sec. 223, as amended, issued or renewed in this state until an eligible insured's deductible has been met, unless allowed pursuant to federal law.

Source: L. 2023: Entire section added, (SB 23-189), ch. 69, p. 258, § 4, effective April 14.

10-16-160. Cost sharing - prescription epinephrine - limits - rules - definition.

(1) As used in this section, unless the context otherwise requires, "epinephrine auto-injector" has the same meaning as set forth in section 12-280-142 (1)(c).

(2) For health coverage plans issued or renewed on or after January 1, 2024, if a carrier provides coverage for prescription epinephrine auto-injectors, the carrier shall cap the total amount that a covered person is required to pay for all covered prescription epinephrine auto-

injectors at an amount not to exceed sixty dollars for a two-pack of epinephrine auto-injectors, regardless of the amount or type of epinephrine needed to fill the covered person's prescription.

(3) Nothing in this section prevents a carrier from reducing a covered person's cost sharing to an amount that is lower than the amount specified in subsection (2) of this section.

(4) The coverage required by this section may be offered through a high deductible plan that includes a health savings account pursuant to 26 U.S.C. sec. 223 of the federal "Internal Revenue Code of 1986"; except that a carrier may apply deductible amounts for the required coverage if the coverage is not considered by the United States department of the treasury to be preventive or to have an acceptable deductible amount.

(5) The commissioner may use any of the commissioner's enforcement powers to obtain a carrier's compliance with this section.

(6) The commissioner may promulgate rules as necessary to implement and administer this section and to align with federal requirements.

Source: L. 2023: Entire section added, (HB 23-1002), ch. 447, p. 2631, § 2, effective August 7.

Cross references: For the legislative declaration in HB 23-1002, see section 1 of chapter 447, Session Laws of Colorado 2023.

10-16-161. Calculation of contribution to out-of-pocket and cost-sharing requirements - exception - definition - rules.

(1) (a) When calculating a covered person's overall contribution to an out-of-pocket maximum or cost-sharing requirement under the covered person's health benefit plan, a carrier or PBM shall include any amount paid by the covered person or by another person on behalf of the covered person for a prescription drug if:

(I) The prescription drug does not have a generic equivalent or, for a prescription drug that is a biological product, the prescription drug does not have a biosimilar drug, as defined in 42 U.S.C. sec. 262 (i)(2), or an interchangeable biological product, as defined in 42 U.S.C. sec. 262 (i)(3); or

(II) The prescription drug has a generic equivalent, a biosimilar drug, or an interchangeable biological product, and the covered person is using the brand-name prescription drug after:

(A) Obtaining prior authorization from the carrier or pharmacy benefit manager;

(B) Complying with a step-therapy protocol required by the carrier or pharmacy benefit manager; or

(C) Receiving approval from the carrier or pharmacy benefit manager through the carrier's or pharmacy benefit manager's exceptions, appeal, or review process.

(b) A covered person is not required to comply with the utilization management processes described in subsection (1)(a)(II) of this section, including prior authorization and step-therapy protocol requirements, when those processes are prohibited under this article 16 or other applicable state law.

(2) If application of subsection (1) of this section would make a covered person's health savings account contributions ineligible under section 223 of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 223, as amended, subsection (1) of this section applies to the deductible applicable to the covered person's health benefit plan after the covered person has satisfied the minimum deductible amount under 26 U.S.C. sec. 223; except that, with respect to items or services that are preventive care pursuant to 26 U.S.C. sec. 223 (c)(2)(C), subsection (1) of this section applies, regardless of whether the minimum deductible under 26 U.S.C. sec. 223 has been satisfied.

(2.5) (a) Beginning January 1, 2028, and except as provided in subsection (2.5)(d) of this section, when calculating a covered person's overall contribution to an out-of-pocket maximum or cost-sharing requirement under the covered person's health benefit plan, a carrier that delivers, issues, renews, amends, or continues coverage for an individual or group health benefit plan in this state shall account for and credit to the covered person's overall contribution to the out-of-pocket maximum or cost-sharing requirement an out-of-pocket expense that the covered person incurs by:

(I) Purchasing a prescription drug; and

(II) Directly paying a pharmacy or direct-to-consumer platform for the prescription drug.

(b) In order to receive credit for an out-of-pocket expense as described in subsection (2.5)(a) of this section, a covered person who purchases a prescription drug in accordance with subsection (2.5)(a) of this section shall provide to the carrier proof of payment for the covered person's purchase of the prescription drug within ninety days after making the purchase. Such proof of purchase may be shown by documentation of the purchase, including by an itemized receipt or a pharmacy record. If the proof of purchase that is submitted to the carrier is insufficient or incomplete, the carrier may request additional information or documentation.

(c) A carrier that accounts for and credits a covered person's out-of-pocket expense in accordance with subsection (2.5)(a) of this section shall apply the credit to the covered person's overall contribution to an out-of-pocket maximum or cost-sharing requirement under the covered

person's health benefit plan, which out-of-pocket maximum or cost-sharing requirement is applicable in the plan year in which the out-of-pocket expense was incurred.

(d) A carrier shall not credit a covered person's out-of-pocket expense in accordance with subsection (2.5)(a) of this section:

(I) For an amount of the out-of-pocket expense incurred that is greater than the amount of an out-of-pocket expense that the covered person would have incurred, according to drug cost data available pursuant to section 10-16-122.9 (1)(c), if the covered person had obtained the same prescription drug in the same plan year from an in-network pharmacy and pursuant to the terms of the covered person's health benefit plan. In such circumstances, the carrier shall apply credit for only the amount that is equal to or less than the amount of the out-of-pocket expense that the covered person would have incurred, according to drug cost data available pursuant to section 10-16-122.9 (1)(c), if the covered person had obtained the same prescription drug in the same plan year from an in-network pharmacy and pursuant to the terms of the covered person's health benefit plan.

(II) If the covered person:

(A) Does not provide proof of payment pursuant to subsection (2.5)(b) of this section;

(B) Incurred the out-of-pocket expense by purchasing a prescription drug that is not covered under the formulary of the covered person's health benefit plan, unless the carrier grants an exception; or

(C) Does not comply with the carrier's utilization management processes, including prior authorization and step-therapy protocols required under the covered person's plan.

(3) The commissioner may adopt rules as necessary to implement this section.

(4) As used in this section, "cost-sharing requirement" means any copayment, coinsurance, deductible, or annual limitation on cost sharing, including a limitation subject to 42 U.S.C. sec. 18022 (c) or 42 U.S.C. sec. 300gg-6 (b), required by or on behalf of a covered person in order to receive a prescription drug covered by the covered person's health benefit plan, whether covered as a medical or pharmacy benefit.

10-16-162. Prohibition on discrimination for coverage based solely on natural medicine consumption - definitions.

(1) A carrier that offers, issues, or renews a health benefit plan shall not, solely on the basis of a person's consumption of natural medicine or natural medicine product:

- (a) Decline or limit coverage of a person; or
- (b) Penalize a covered person or reduce or limit coverage for a person.

(2) A carrier that offers, issues, or renews a health benefit plan that provides coverage for anatomical gifts, organ transplants, or related treatments or services shall not, solely on the basis of a covered person's consumption of natural medicine or natural medicine product:

- (a) Deny coverage to a covered person for an organ transplant or related treatment or services;
- (b) Decline or limit coverage of a covered person solely for the purpose of avoiding the requirements of this section; or
- (c) Penalize a covered person or reduce or limit coverage for a covered person for health-care services related to organ transplantation, as determined in consultation with the attending physician and the covered person or the covered person's representative.

(3) This section does not require a health benefit plan to provide coverage for the donation of an anatomical gift, an organ transplant, or related treatment or services.

(4) As used in this section, unless the context otherwise requires:

- (a) "Anatomical gift" means the donation of part of a human body for the purpose of transplantation to another person.
- (b) (I) "Natural medicine" means the following substances:
 - (A) Dimethyltryptamine;
 - (B) Mescaline;
 - (C) Ibogaine;
 - (D) Psilocybin; or
 - (E) Psilocin.

(II) "Natural medicine" does not mean a synthetic or synthetic analog of the substances listed in this subsection (4)(b), including a derivative of a naturally occurring compound of natural medicine that is produced using chemical synthesis, chemical modification, or chemical conversion.

(c) "Natural medicine product" means a product infused with natural medicine that is intended for consumption.

Source: L. 2023: Entire section added, (SB 23-290), ch. 249, p. 1418, § 32, effective July 1.
L. 2024: (4)(b)(I)(E) amended, (SB 24-198), ch. 452, p. 3138, § 1, effective June 6.

10-16-163. Contracts - health benefit plans - pharmacy benefit managers - policyholders - transparency requirements - rules - definitions.

(1) For a contract between a carrier or pharmacy benefit manager and a certificate holder or policyholder that is issued or renewed on or after January 1, 2025, the amount charged by the carrier or PBM to the certificate holder or policyholder for a prescription drug dispensed to a covered person must be equal to or less than the amount paid by the carrier or PBM to a contracted pharmacy for such prescription drug dispensed to such covered person residing in Colorado.

(2) (a) For group health benefit plans in effect during calendar year 2025 and each calendar year thereafter, a carrier or pharmacy benefit manager shall disclose to each policyholder or the policyholder's specifically designated broker or consultant the prescription drug contract terms required by this subsection (2). For group health benefit plans in effect during calendar year 2023 or 2024 or both, the disclosure must also include any changes in terms between each calendar year.

(b) The disclosures required pursuant to this subsection (2) must include:

(I) The ingredient cost average reimbursement rate for:

(A) Generic drugs dispensed at retail pharmacies;

(B) Brand-name drugs dispensed at retail pharmacies;

(C) Specialty drugs dispensed at retail pharmacies;

(D) Generic drugs dispensed at mail-order pharmacies;

(E) Brand-name drugs dispensed at mail-order pharmacies;

(F) Specialty drugs dispensed at mail-order pharmacies; and

(G) Specialty drugs dispensed at any specialty pharmacy, including a pharmacy that is fully or partially owned by a contracting PBM, a carrier, or the PBM's or carrier's holding companies or affiliates;

(II) The average dispensing fee paid to each type of pharmacy, including each retail, mail-order, and specialty pharmacy;

(III) The charge per prior authorization;

(IV) Utilization management programs and associated fees;

(V) Any other contracted services and associated fees;

(VI) The average rebate across all paid prescriptions for the respective group health benefit plan and the average rebate across all paid prescriptions that pay a rebate for the respective group health benefit plan; and

(VII) The rebate guarantee, where applicable.

(c) For contracts between a carrier or pharmacy benefit manager and a certificate holder or policyholder that are renewed in calendar year 2025 and each calendar year thereafter, the carrier or PBM shall calculate and communicate to the certificate holder or policyholder the value of the difference between the contract terms in the renewed contracts and the contracts that were in effect the previous calendar year, annualizing the previous year's actual data for each respective certificate holder or policyholder. The value communicated shall include annual aggregate savings, annual aggregate savings per employee per year, and annual aggregate savings per covered person per year.

(d) A carrier or pharmacy benefit manager shall provide to each certificate holder or policyholder, for voluntary consideration, options to repurpose aggregate savings in the form of reductions to out-of-pocket costs such as deductibles, copayment amounts, coinsurance, or premium contributions. The carrier or PBM shall provide the information to certificate holders or policyholders no less than ninety days before the date of the contract renewal.

(e) A carrier or PBM shall provide the information specified in subsections (2)(b), (2)(c), and (2)(d) of this section to all certificate holders and policyholders for contracts in effect during calendar year 2025, including certificate holders and policyholders that may not receive a renewal notice due to a multiyear contractual agreement or for any other reason except notice of termination.

(f) The disclosures required in subsections (2)(b)(VI) and (2)(b)(VII) of this section must not disclose any proprietary rebate information between a drug manufacturer and the pharmacy benefit manager or its carrier affiliate. The disclosure of data required by these subsections must represent the aggregate value of rebates passing through from the pharmacy benefit manager or its carrier affiliate to the health benefit plan as defined by rule of the commissioner.

(g) A carrier may exempt a segment of its business from this subsection (2). The carrier's exempted business segment must provide the majority of covered medical professional services through a single, contracted medical group and operate its own pharmacies through which at least eighty-five percent of its aggregate prescription drug claims are filled. On and after August 7, 2023, a carrier that meets the exemption criteria in this subsection (2)(g) shall submit an attestation to the division of such compliance with each rate filing required pursuant to section 10-16-107. The carrier or PBM shall disclose all data requirements as outlined in this subsection (2) to the carrier's group policyholders that are primarily accessing prescription drug benefits through a third-party PBM contracted with the carrier.

(3) The commissioner shall promulgate rules to implement this section.

(4) (a) The commissioner may conduct an audit or market conduct examination of a carrier or pharmacy benefit manager to ensure compliance with this section. The commissioner, pursuant to any rules promulgated by the division, may audit a carrier or PBM annually to determine if there is a violation of this section.

(b) The commissioner may determine a carrier's or PBM's compliance with this section based on a sampling of data or based on a full claims audit. The sampling of data and any extrapolation from the data used to determine penalties must be reasonably valid from a statistical standpoint and in accordance with generally accepted auditing standards. A carrier or PBM that does not comply with a division request for the data required to complete an audit violates this section and may be subject to penalties.

(c) Information obtained through an audit conducted pursuant to this subsection (4) is proprietary and confidential information, available only to the commissioner and the commissioner's auditing designee, and is not subject to disclosure unless specifically required by state or federal law.

(5) The failure of a carrier or PBM to comply with this section is an unfair method of competition and an unfair or a deceptive act or practice in the business of insurance pursuant to section 10-3-1104 (1).

(6) (a) The requirements of subsections (1), (2), and (4) of this section apply to an employer-sponsored health benefit plan, an associated pharmacy benefit manager, and the health benefit plan members only if a person, Taft-Hartley trust, municipality, state, labor union, plan sponsor, or employer that provides the employer-sponsored health benefit plan elects to be subject to subsections (1), (2), and (4) of this section for its members that reside in Colorado.

(b) As used in this subsection (6), "pharmacy benefit manager" means an entity doing business in this state that administers or manages prescription drug benefits, including claims processing services and other prescription drug or device services as defined in section 10-16-122.1, that is in a contractual relationship directly or indirectly through an affiliate with an

employer-sponsored health benefit plan, which includes plans that are self-insured or regulated by the federal "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq., as amended, offered by:

- (I) A person;
 - (II) A Taft-Hartley trust;
 - (III) A municipality;
 - (IV) The state;
 - (V) A labor union;
 - (VI) A plan sponsor;
 - (VII) An employer; or
 - (VIII) A coalition of employers or aggregation of employers working together to negotiate improved contract terms with a pharmacy benefit manager.
- (7) As used in this section, unless the context otherwise requires:
- (a) "Contracted pharmacy" means a pharmacy that has contracted with a carrier, a pharmacy benefit manager, or an affiliate of the carrier or PBM.
 - (b) "Ingredient cost" means the actual amount paid to a pharmacy by a pharmacy benefit manager for a prescription drug, not including a dispensing fee or patient cost-sharing amount.
 - (c) "Pharmacy" means an entity where medicinal drugs are dispensed and sold, including a retail pharmacy, mail-order pharmacy, specialty pharmacy, hospital outpatient setting, or other related pharmacy.

Source: L. 2023: Entire section added, (HB 23-1201), ch. 158, p. 684, § 1, effective August 7.

10-16-164. Hospital facility fee report - data collection.

The commissioner is authorized to collect from a carrier offering a health benefit plan information specified in section 25.5-4-216, if available, for purposes of facilitating the development of the report relating to facility fees.

Source: L. 2023: Entire section added, (HB 23-1215), ch. 277, p. 1635, § 2, effective May 30.

10-16-165. Dental coverage plans - dental loss ratio - rules - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Community benefit expenditure" means an expenditure for an activity or program, or to an organization that seeks to achieve the objectives of improving access to dental services and enhancing dental public health. This includes an activity that:

- (I) Is available broadly to the public and serves low-income consumers;
- (II) Reduces geographic, financial, or cultural barriers to accessing dental services, and, if the activity ceased to exist, would result in access problems;
- (III) Addresses oral health workforce shortages, such as advancing education and training of oral health professionals; or
- (IV) Leverages or enhances dental public health activities.

(b) "Dental coverage plan" means a health coverage plan that includes coverage for the costs of dental care services. "Dental coverage plan" includes a plan issued by a prepaid dental plan organization that has a certificate of authority to operate pursuant to part 5 of this article 16.

(c) (I) "Dental loss ratio" means the percentage of premium dollars collected each year for a dental coverage plan that the dental coverage plan incurs on dental services provided to an enrollee, separate from overhead and administrative costs.

(II) The dental loss ratio is calculated by dividing the numerator by the denominator, where:

(A) The numerator is the sum of the amount incurred for clinical dental services provided to enrollees, the amount incurred on activities that improve dental care quality, and the amount of claims payments identified through fraud reduction efforts; and

(B) The denominator is the total amount of premium revenue, excluding federal and state taxes, licensing and regulatory fees paid, nonprofit community benefit expenditures, and any other payments required by federal law.

(2) (a) The commissioner shall define by rule:

- (I) Expenditures for clinical dental services;
- (II) Activities that improve dental care quality;
- (III) Overhead and administrative cost expenditures; and
- (IV) Nonprofit community benefit expenditures that are aligned with exclusion parameters and limits outlined in 45 CFR 158.162; except that the commissioner shall ensure that only expenditures that improve access to dental services or enhance dental health, and no overhead or administrative costs, are reported under this section.

(b) The definitions promulgated by rule pursuant to this section must be consistent with similar definitions that are used for the reporting of medical loss ratios by carriers offering health benefit plans in the state. Overhead and administrative costs must not be included in the numerator as described in subsection (1)(c)(II)(A) of this section.

(3) (a) On or before July 31, 2024, and on or before July 31 each year thereafter, a carrier that issues, sells, renews, or offers a dental coverage plan shall file a dental loss ratio form electronically with the division for the preceding calendar year in which dental coverage was provided by the dental coverage plan. The commissioner may create a new reporting form or use an existing reporting form to facilitate data collection. The commissioner shall ensure that fields are reported consistently by carriers. The filing must:

(I) Report the calculated dental loss ratio according to the formula in subsection (1)(c)(II) of this section;

(II) Separately report each data element described in subsection (1)(c) of this section;

(III) Report additional data that includes the number of enrollees, the plan cost-sharing and deductible amounts, the annual maximum coverage limit, and the number of enrollees who meet or exceed the annual coverage limit;

(IV) Report data by market segment and product type, as defined by rule of the commissioner; and

(V) Be in a form and manner as prescribed by rule of the commissioner.

(b) For the report to be submitted on or before July 31, 2024, a carrier shall also submit the information required in subsection (3)(a) of this section for the plan years 2021 through 2024.

(c) If the commissioner deems that data verification of a carrier's dental loss ratio for a dental coverage plan is necessary, the commissioner shall give the carrier at least thirty days' notification prior to beginning the verification process with the carrier.

(d) (I) By January 1 of the year after the division receives the dental loss ratio information collected pursuant to subsection (3)(a) of this section, the division shall make the information, including the aggregate dental loss ratio and the data reported pursuant to subsections (3)(a)(II) and (3)(a)(III) of this section, available to the public in a searchable format on a public website that allows members of the public to compare dental loss ratios among carriers by plan type by:

(A) Posting the information on the division's website; or

(B) Providing the information to the administrator of the all-payer health claims database established pursuant to section 25.5-1-204. If the division provides the information to the administrator, the administrator shall make the information available to the public in a format determined by the division.

(II) The division shall report the data in subsection (3)(a) of this section and, if available, subsection (4)(a) of this section to the general assembly during the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearings held pursuant to part 2 of article 7 of title 2.

(4) (a) Once the division has collected the data pursuant to subsection (3) of this section for two calendar years, the commissioner shall promulgate rules that create a process to identify any carriers that significantly deviate from average dental loss ratios and to investigate the causes of the deviation. Such process shall include:

(I) Calculating an average dental loss ratio for each market segment using aggregate data for a three-year period, consisting of data for the dental loss ratio reporting year that is being reported and the data for the two prior dental loss ratio reporting years;

(II) Identifying as outliers the dental coverage plans that fall outside of a set number of standard deviations from the average dental loss ratio, as determined by rule of the commissioner based on review of the data and consideration of the impact of nonprofit community benefit expenditures on any outlier calculation.

(b) The commissioner may apply more restrictive standard deviation metrics over time to prevent declines in the average dental loss ratio in a market segment and may establish by rule additional criteria for use in identifying outliers.

(5) (a) The commissioner may enforce compliance with the reporting requirements in this section and impose a penalty or remedy against a person who violates this section.

(b) The commissioner may investigate or take enforcement actions against carriers that are determined to be outliers pursuant to subsection (4) of this section and rules adopted pursuant to said subsection (4) and impose a penalty or remedy against a person who violates this section.

(6) The commissioner may promulgate rules to implement this section.

10-16-166. Prohibition on using the body mass index or ideal body weight - medical necessity criteria - rules.

(1) (a) Every health benefit plan subject to part 2, 3, or 4 of this article 16, except those described in section 10-16-102 (32)(b), shall not utilize the body mass index, ideal body weight, or any other standard requiring an achieved weight when determining medical necessity or the appropriate level of care for an individual diagnosed with an eating disorder, including but not limited to bulimia nervosa, atypical anorexia nervosa, binge-eating disorder, avoidant restrictive food intake disorder, and other specified feeding and eating disorders as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders.

(b) Subsection (1)(a) of this section does not apply when determining medical necessity or the appropriate level of care for an individual diagnosed with anorexia nervosa, restricting subtype, or binge-eating/purging subtype; however, body mass index, ideal body weight, or any other standard requiring an achieved body weight must not be the determining factor when assessing medical necessity or the appropriate level of care for an individual diagnosed with anorexia nervosa, restricting subtype, or binge-eating/purging subtype.

(2) The following factors, at a minimum, must be considered when determining medical necessity or the appropriate level of care for an individual diagnosed with an eating disorder:

- (a) The individual's eating behaviors;
 - (b) The individual's need for supervised meals and support interventions;
 - (c) Laboratory results, including, but not limited to, the individual's heart rate, renal or cardiovascular activity, and blood pressure;
 - (d) The recovery environment; and
 - (e) Co-occurring disorders the individual may have.
- (3) The commissioner may promulgate rules as necessary to implement and enforce this section.

Source: L. 2023: Entire section added, (SB 23-176), ch. 275, p. 1625, § 1, effective January 1, 2024.

10-16-167. Medical aid-in-dying - carrier prohibitions.

- (1) A carrier shall not:

(a) Deny or alter benefits otherwise available to a covered individual with a terminal disease based on the availability of medical aid-in-dying pursuant to article 48 of title 25.

(b) Attempt to coerce an individual with a terminal disease to make a request for medical aid-in-dying medication.

Source: L. 2024: Entire section added, (SB 24-068), ch. 406, p. 2799, § 20, effective August 7.

10-16-168. Carriers - health care - price transparency - rules - legislative declaration - definitions.

(1) Legislative declaration.

(a) The general assembly finds and declares that:

(I) The federal "Patient Protection and Affordable Care Act", Pub.L. 111-148, was enacted on March 23, 2010, and the federal "Health Care and Education Reconciliation Act of 2010", Pub.L. 111-152, was enacted on March 30, 2010, and these acts are referred to collectively as "PPACA";

(II) PPACA reorganized, amended, and added to the provisions of part A of Title XXVII of the federal "Public Health Service Act", Pub.L. 78-410, relating to health coverage requirements for group health plans and health insurance issuers in the group and individual markets;

(III) Section 2715A of the federal "Public Health Service Act", Pub.L. 78-410, provides that group health plans and health insurance issuers offering group or individual health insurance coverage must comply with section 1311 (e)(3) of PPACA, which addresses transparency in health coverage and imposes certain reporting and disclosure requirements for health plans;

(IV) Effective January 11, 2021, the federal centers for medicare and medicaid services, or "CMS", published the final rule to implement PPACA, codified at 45 CFR 147.210 to 147.212;

(V) In its summary of the final rule, CMS states that requiring plans to disclose in-network provider rates, historical out-of-network allowed amounts and the associated billed charges, and negotiated rates for prescription drugs "can help ensure the accurate and timely disclosure of information appropriate to support an efficient and competitive health care market"; and

(VI) As former United States President Donald Trump's "Executive Order on Improving Price and Quality Transparency in American Healthcare to Put Patients First" explains: "To make fully informed decisions about their healthcare, patients must know the price and quality of a good or service in advance." Additionally, the executive order then notes that "patients often lack both access to useful price and quality information and the incentives to find low-cost, high-

quality care." The lack of this information is widely understood to be one of the root problems causing dysfunction within the United States' health-care system.

(b) Therefore, in order to protect Colorado health-care consumers, it is the intent of the general assembly to require carriers to provide consumer access to accurate and accessible health-care coverage price information.

(2) **Definitions.** As used in this section:

(a) "Carrier price transparency laws" means the requirements codified in 42 U.S.C. sec. 18031 (e)(3), as amended, and the implementing rules adopted by the United States department of health and human services.

(b) "Federal centers for medicare and medicaid services" or "CMS" means the centers for medicare and medicaid services in the United States department of health and human services.

(c) "Items and services" or "items or services" means "items or services" as defined in 45 CFR 147.210 (a)(2)(xiii).

(d) "Pharmacy benefit and drug cost reporting laws" means the requirements codified in 26 U.S.C. sec. 9825, as amended.

(3) **Transparency - rules.**

(a) Beginning July 1, 2024, a carrier shall comply with carrier price transparency laws, including making available an internet-based self-service tool that provides real-time responses to each individual enrolled in a health benefit plan who requests cost-sharing information.

(b) The commissioner may adopt rules to implement this subsection (3) that align, to the extent practicable, with the carrier price transparency laws and any subsequent guidance from the federal centers for medicare and medicaid services.

(4) **Price-transparency files - rules.**

(a) Each carrier shall make publicly available, in a form and manner determined by the commissioner, three price-transparency files. The files must include information regarding:

(I) Beginning July 1, 2025, and every six months thereafter, negotiated rates for all covered items and services between the health benefit plan or carrier and in-network providers;

(II) Beginning July 1, 2025, and every six months thereafter, unique out-of-network allowed amounts and billed charges for covered items and services furnished by out-of-network providers; and

(III) No earlier than twelve months after the date of the finalization of requirements and technical specifications by the United States secretary of labor, the United States secretary of health and human services, and the United States secretary of the treasury, in-network negotiated

rates and historical net prices for all prescription drugs covered by the health benefit plan or carrier.

(b) Information submitted by health insurers and pharmacy benefit managers to the division in accordance with subsection (4)(a) of this section is subject to public inspection under the "Colorado Open Records Act", part 2 of article 72 of title 24.

(c) On or before January 1, 2025, the commissioner shall conduct a stakeholder engagement process that includes representatives from carriers regulated in this state that are required to produce the price-transparency files to create a standardized template, including the format and method of submission, for the price-transparency files. The standardized template must not require data that is in addition to what is required by the United States secretary of labor, the United States secretary of health and human services, and the United States secretary of the treasury. The data and format of the submission shall not be materially different from the data that carriers are required to submit under the federal carrier price transparency laws. Submission of Colorado-specific data shall not be considered a material difference.

(d) The commissioner shall promulgate rules to implement this subsection (4).

(e) Each carrier shall update the price-transparency files and information required by subsection (4)(a) of this section at least every six months. Each carrier shall clearly indicate the date that the files were most recently updated.

10-16-169. Carriers - prescription drug coverage - transparency.

Beginning July 1, 2025, and on or before each July 1 thereafter, each carrier shall submit to the commissioner, in the same form and manner as submitted to the United States secretary of health and human services, information required by federal pharmacy benefit and drug cost reporting laws.

Source: L. 2024: Entire section added, (SB 24-080), ch. 411, p. 2840, § 1, effective June 5.

10-16-170. Delivery of notices and documents by electronic means - definitions - consent required - withdrawal of consent - employers - immunity from liability - posting of plans and endorsements on carrier website - applicability - rules.

(1) As used in this section, unless the context otherwise requires:

-1334-

(a) "Delivered by electronic means" means:

(I) Delivery to an electronic mail address at which a party has consented to receive notices or documents; or

(II) Posting on an electronic network, site, or consumer portal accessible via the internet, a mobile application, a computer, a mobile device, a tablet, or any other electronic device, together with separate notice of the posting provided by electronic mail to the address at which the party has consented to receive notice or by any other delivery method that has been consented to by the party. The separate notice of the posting must contain the internet address at which the documents are posted, and delivery is effective upon the posting or the actual delivery of the separate notice of the posting, whichever occurs later.

(b) "Party" means a recipient of a notice or document required as part of an insurance transaction, including an applicant for health insurance coverage, a covered person, a policyholder, or an annuity contract holder.

(2) (a) Notwithstanding any provision of this article 16 to the contrary, subject to the requirements of this section, a notice to or from a party or other document required by law in an insurance transaction that is related to a provision in a health insurance contract or that is to serve as evidence of health insurance coverage may be delivered by a carrier or to a carrier, stored, and presented by electronic means if the electronic means meet the requirements of the "Uniform Electronic Transactions Act", article 71.3 of title 24.

(b) The delivery of a notice or document in accordance with this section is considered the equivalent to and has the same effect as any delivery method required by law, including delivery by first-class mail, first-class mail with postage prepaid, certified mail, certificate of mail, or certificate of mailing.

(c) A carrier shall establish a consumer portal or other accessible means for policyholders to submit requests, notices, or responses to the carrier by electronic means, including the ability to confirm that the communication by electronic means has been received by the carrier.

(d) A carrier shall not require policyholders to submit requests, notices, or responses by facsimile or nonelectronic means, unless the consumer chooses submission by facsimile or nonelectronic means.

(3) A notice or document may be delivered by electronic means by a carrier to a party pursuant to this section if:

(a) The party has affirmatively consented electronically, or confirmed consent electronically, in a manner that reasonably demonstrates that the party can access information in the electronic form that will be used for notices or documents delivered by electronic means to which the party has given consent, and the party has not withdrawn the consent; and

(b) Before the party consents, the carrier provides the party a clear and conspicuous statement informing the party of:

(I) The hardware and software requirements for access to and retention of a notice or document delivered by electronic means;

(II) The types of notices and documents to which the party's consent applies;

(III) The right of the party to withdraw consent at any time, at no charge, and any conditions or consequences to be imposed in the event consent is withdrawn;

(IV) The procedures a party must follow to withdraw consent, which procedures must be no more burdensome than the procedures required to provide consent, to have a notice or document delivered by electronic means, or to update the party's electronic mail address; and

(V) The party's right to have any notice or document delivered in paper form upon request.

(4) (a) Notwithstanding subsection (3) of this section, an employer offering a health coverage plan may, on behalf of a covered person enrolled in the plan, provide consent to the mailing of all communications related to the plan by electronic means if, before consenting on behalf of a covered person, an employer has:

(I) Confirmed that the covered person routinely uses electronic communications during the normal course of employment and is able to access and retain electronic communications that may be delivered by the carrier; and

(II) Informed the covered person that the consent will be provided and notices and documents related to the plan may be delivered to the covered person's work electronic mail address unless the covered person affirmatively opts out of delivery by electronic means or provides an alternative electronic mail address.

(b) The carrier for the health coverage plan shall:

(I) Provide the covered person with a clear and conspicuous statement informing the covered person of:

(A) The types of notices and documents that may be delivered to the covered person by electronic means;

(B) The right of the covered person to withdraw consent to have a notice or document delivered by electronic means at any time without charge;

(C) The procedures the covered person must follow to withdraw consent to have a notice or document delivered by electronic means and to update the covered person's electronic mail address;

(D) The right of the covered person to have any notice or document delivered, upon request, in paper form free of charge; and

(E) The right of the covered person to submit requests, notices, or responses through electronic means or through a consumer portal; and

(II) Provide the covered person an opportunity to opt out of delivery by electronic means.

(5) A carrier that receives a party's consent for the delivery of notices or documents by electronic means shall ensure that the applicable provisions of the conditions under the "Uniform Electronic Transactions Act", article 71.3 of title 24, are satisfied, as required by subsection (2)(a) of this section.

(6) (a) When a notice or document is provided electronically to a party pursuant to this section, a carrier shall apprise the party of the significance of the notice or document, when it is not otherwise reasonably evident, and of the right to request and obtain a paper version of the notice or document.

(b) A carrier shall take all reasonable measures to ensure that delivery by electronic means pursuant to this section results in the party's receipt of the notice or document.

(7) After a party gives consent for the delivery of notices and documents by electronic means, if a change in the hardware or software requirements needed to access or retain a notice or document creates a material risk that the party will not be able to access or retain a notice or document to which the consent applies, the carrier shall not deliver the notice or document by electronic means unless the carrier complies with subsection (3) of this section and provides the party a statement that describes:

(a) The revised hardware and software requirements for access to and retention of a notice or document delivered by electronic means; and

(b) The right of the party to withdraw consent without the imposition of any condition or consequence that was not disclosed at the time of initial consent.

(8) (a) This section does not affect requirements related to the content or timing of any notice or document required by any other applicable law.

(b) If another applicable law expressly requires a confirmation of receipt of a notice or document, the notice or document may be delivered by electronic means only if the method used provides for active confirmation of receipt by the recipient.

(c) This section does not apply to a notice or document that a carrier delivered by electronic means before January 1, 2026, to a party who, before that date, consented to receive the notice or document by electronic means as otherwise allowed by law.

(d) The legal effectiveness, validity, or enforceability of any contract or policy of insurance executed by a party shall not be denied solely because of the failure of the carrier to obtain or confirm the party's consent for the delivery of notices or documents by electronic means so long as the notice or document is delivered in paper form.

(9) (a) A party's withdrawal of consent does not affect the legal effectiveness, validity, or enforceability of a notice or document that is delivered by electronic means to the party before the party's withdrawal of consent is effective.

(b) A withdrawal of consent by a party shall be effective within a reasonable period of time after receipt of the withdrawal by the carrier.

(c) A carrier's failure to comply with subsection (3) or (4) of this section may be treated, at the election of a party, as a withdrawal of the party's consent for purposes of this section.

(10) If the consent of a party to receive notices or documents by electronic means is on file with a carrier before January 1, 2026, and a carrier intends to deliver additional notices or documents to the party by electronic means pursuant to this section, then prior to delivering the additional notices or documents by electronic means, the carrier shall comply with subsection (2) of this section and shall provide the party a statement that describes:

(a) The notices or documents to be delivered by electronic means that were not previously delivered by electronic means; and

(b) The party's right to withdraw consent to have notices or documents delivered by electronic means, without the imposition of any condition or consequence that was not disclosed at the time of initial consent.

(11) (a) A carrier shall deliver a notice or document by any other delivery method permitted by law other than by electronic means if:

(I) The carrier attempts to deliver the notice or document by electronic means and reasonably believes that the notice or document has not been received by the party; or

(II) The carrier becomes aware that the electronic mail address provided by the party is no longer valid.

(b) A party's consent to have notices or documents delivered by electronic means does not preclude the carrier from delivering a notice or document by any other delivery method permitted by law.

(12) An insurance producer licensed pursuant to part 4 of article 2 of this title 10 is not subject to civil liability for any harm or injury that occurs because of a party's election to receive any notice or document by electronic means or by a carrier's failure to deliver or a party's failure to receive a notice or document by electronic means.

(13) (a) A health coverage plan and an endorsement that does not contain personal identifying information may be mailed, delivered, or, if the carrier obtains separate, specific consent, posted on the carrier's website. If the carrier elects to post a covered person's health coverage plan and an endorsement on the carrier's website in lieu of mailing or delivering the health coverage plan and endorsement to the covered person, the carrier shall comply with the following conditions:

(I) The health coverage plan and endorsement must be accessible to the covered person and producer of record and remain accessible while the health coverage plan is in force;

(II) After the expiration of the health coverage plan, the carrier shall either:

(A) Make the expired health coverage plan and endorsement available upon request, for a period of five years; or

(B) If the carrier continues to make the expired health coverage plan or endorsement available on its website, continue to allow the covered person to access the health coverage plan and endorsement for at least five years;

(III) The carrier shall post the health coverage plan and endorsement in a manner that enables the covered person and producer of record to print and save the health coverage plan and endorsement using a program or application that is widely available on the internet and free to use;

(IV) The carrier shall provide the following information in, or simultaneous with, each declaration page provided at the time of issuance of the initial health coverage plan and any renewals of the health coverage plan:

(A) A description of the exact health coverage plan and endorsement form applicable to the covered person;

(B) A description of the covered person's right to receive, upon request and without charge, an electronic and a paper copy of the health coverage plan and endorsement; and

(C) The internet address at which the health coverage plan and endorsement are posted;

(V) The carrier, upon a covered person's request and without charge following receipt of the initial copy, shall mail a paper copy of the health coverage plan and endorsement to the covered person; except that the carrier may charge a fee for subsequent mailings of paper copies; and

(VI) The carrier shall provide notice, either electronically or in writing at the covered person's option, of:

(A) Any change to the forms or endorsement;

(B) The covered person's right to obtain, upon request and once without charge following receipt of the initial copy, a paper copy of the forms or endorsement; and

(C) The internet address at which the forms or endorsement is posted.

(b) This subsection (13) does not affect the timing or content of any disclosure or document required to be provided or made available to any covered person under applicable law.

(14) The commissioner may adopt rules to implement this section.

Source: L. 2025: Entire section added, (SB 25-010), ch. 11, p. 26, § 2, effective January 1, 2026.

PART 2

SICKNESS AND ACCIDENT INSURANCE

10-16-200.3. Definitions.

As used in this part 2, unless the context otherwise requires:

(1) "Industrial sickness and accident insurance" means sickness and accident insurance under individual policies for which the premium is payable weekly and includes any such policy which covers sickness only or accident only.

Source: L. 2025: Entire section added with relocations, (SB 25-275), ch. 377, p. 2038, § 45, effective August 6.

Editor's note: This section is similar to former § 10-16-213 (1) as it existed prior to 2025.

10-16-201. Form and content of individual sickness and accident insurance policies.

(1) No such policy shall be delivered or issued for delivery in this state unless:

(a) The entire money and other considerations therefor are expressed therein; and

(b) The time at which insurance takes effect and terminates is expressed therein; and

(c) It purports to insure only one person, except as provided in sections 10-16-214 and 10-16-215, and except that a policy or contract may be issued upon the application of an adult

member of a family, who shall be deemed the policyholder, covering members of any one family, including husband, wife, dependent children or any children under the age of nineteen, and other dependents living with the family; and

(d) Every printed portion of the text matter and of any endorsements or attached papers is printed in uniform type of which the face is not less than ten-point; the "text" shall include all printed matter except the name and address of the insurer, name and title of the policy, captions, subcaptions, and form numbers; but, notwithstanding any provision of this article, the commissioner shall not disapprove any such policy on the ground that every printed portion of its text matter or of any endorsement or attached paper is not printed in uniform type if it is shown that the type used is required to conform to the laws of another state in which the insurer is licensed; and

(e) The exceptions and reductions of indemnity are adequately captioned and clearly set forth in the policy or contract; and

(f) Each such form, including riders and endorsements, is identified by a form number in the lower left-hand corner of the first page thereof.

(2) If any policy is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state has advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meet the standards set forth in this section and sections 10-16-202 and 10-16-203.

(3) (a) Each policy in which the insurer reserves the right to refuse renewal on an individual basis shall provide, in substance, in a provision thereof or in an endorsement thereon or in a rider attached thereto, that, subject to the right to terminate the policy upon nonpayment of premium when due, the right to refuse renewal shall not be exercised before the renewal date occurring on, or after and nearest, each anniversary or, in the case of lapse and reinstatement at the renewal date, occurring on, or after and nearest, each anniversary of the last reinstatement and that any refusal of renewal shall be without prejudice to any claim originating while the policy is in force. This paragraph (a) shall not apply to accident only policies.

(b) In addition, each policy shall provide, in substance, in a provision thereof or in an endorsement thereon or in a rider attached thereto, that an insurer shall not exercise its right to refuse to renew the policy on an individual basis after two years from its date of issue or, in the event the policy has been reinstated, two years from the date of its last reinstatement and before the age or other limitation upon renewal stated in the policy solely because of deterioration in the physical or mental condition or the health of any person covered thereunder.

(c) Nothing in this subsection (3) negates the renewability requirements for health benefit plans specified in section 10-16-105.1.

(4) (a) No policy of sickness and accident insurance issued, renewed, or reinstated shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or any covered dependent is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (4) shall apply to all such policies issued, renewed, or reinstated on or after August 1, 1984.

(5) (a) If a person is deployed by or called to active duty in the United States military and the person's individual sickness and accident insurance policy lapses during the deployment or activation, the insurer who insured the person shall issue, upon application, the same individual coverage to the person. The application shall contain reasonable evidence of the individual sickness and accident insurance that covered the person prior to the deployment or activation. The insurer shall not:

(I) Restrict benefits or increase premiums for the coverage as a result of the lapse in coverage;

(II) Use any health condition originating or newly treated during the lapse in coverage to rate the policy; or

(III) Limit benefits by an exclusionary rider or by applying a preexisting condition limitation provision to the policy.

(b) Nothing in this subsection (5) shall be construed to limit the ability of an insurer to increase premiums for such policies based on general rate increases that are applicable to all policyholders.

(6) An individual policy of sickness and accident insurance, other than a long-term care policy, disability income policy, or supplemental policy covering a specified disease or other limited benefit, issued, renewed, or reinstated on or after January 1, 2007, shall not contain any provision that limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or a covered dependent sustained an injury while intoxicated or under the influence of a controlled substance, as defined in section 18-18-102 (5), C.R.S.

Source: L. 92: Entire article R&RE, p. 1658, § 1, effective July 1. L. 2004: (3)(c) added, p. 990, § 10, effective August 4. L. 2005: (5) added, p. 220, § 2, effective April 14. L. 2006: (4)(a) amended, p. 1999, § 37, effective July 1; (6) added, p. 408, § 1, effective January 1, 2007. L. 2013: (3)(c) amended, (HB 13-1266), ch. 217, p. 988, § 49, effective May 13.

Editor's note: The provisions of this section are similar to several former provisions of § 10-8-103 as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

Cross references: For the limitations concerning medical health insurance under the "Colorado Medical Treatment Decision Act", see § 15-18-111.

ANNOTATION

Annotator's note. Since § 10-16-201 is similar to § 10-8-103 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

Applicability of equal fee provisions.
The administrator of the state health plan

was not subject to the provisions of this section because § 10-16-103 (1) provides that non-profit corporations are governed by the provisions of article 16 of this title and not other laws of the state relating to insurance. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

10-16-202. Required provisions in individual sickness and accident policies.

(1) Except as provided in section 10-16-204, each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this section in the words in which the same appear in this section; except that the insurer, at its option, may substitute for one or more of such provisions corresponding provisions of different wording

approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(2) A provision as follows: "Entire contract--changes: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions."

(3) Provisions as follows: "Time limit on certain defenses: (a) Two years after the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period. The policy cannot be retroactively terminated except for fraud or intentional misrepresentation. For any termination other than for fraud or intentional misrepresentation, the carrier shall provide notice thirty days in advance of the cancellation of the policy."

"(The foregoing policy provision does not affect any legal requirement for avoidance of a policy or denial of a claim during such initial two-year period, nor limit the application of section 10-16-203 in the event of misstatement with respect to age or occupation or other insurance.)"

(A policy that the insured has the right to continue in force subject to its terms by the timely payment of premium until at least age fifty, or in the case of a policy issued after age forty-four, for at least five years after its date of issue, may contain, in lieu of the foregoing, the following provision, from which the clause in parentheses may be omitted at the insurer's option, under the caption "Incontestable":

"After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it becomes incontestable as to the statements contained in the application.")

(b) Except for individual disability income insurance policies, no claim for loss incurred or disability, as defined in the policy, commencing one year after the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(c) If this is an individual disability income insurance policy then no claim for loss incurred or disability, as defined in this individual disability income insurance policy, commencing two years after the date of issue of the policy shall be reduced or denied on the ground that a disease

or physical condition not excluded from coverage by name or a specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(4) (a) Except as required by section 10-16-140, in a policy other than a health benefit plan, a provision as follows: "Grace period: A grace period of (insert a number not less than '7' for weekly premium policies, '10' for monthly premium policies, and '31' for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force."

(b) A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the provision referred to in paragraph (a) of this subsection (4), "Unless not less than thirty days prior to the premium due date the insurer has delivered to the insured or has mailed to the insured's last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted."

(5) (a) A provision as follows: "Reinstatement: If any renewal premium is not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy. If the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement."

(b) The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue.

(6) (a) Provisions as follows: "Notice of claim: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at (insert the location of such office as the insurer may

designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer."

(b) In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the provision set forth in paragraph (a) of subsection (6) of this section:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, the insured shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given."

(7) A provision as follows: "Claim forms: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice, the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made."

(8) A provision as follows: "Proofs of loss: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, if such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required."

(9) A provision as follows: "Time of payment of claims: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid

..... (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof."

(10) (a) A provision as follows: "Payment of claims: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured."

(b) The following provisions, or either of them, may be included with the provision set forth in paragraph (a) of this subsection (10) at the option of the insurer:

"If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give valid release, the insurer may pay such indemnity, up to an amount not exceeding \$ (insert an amount which shall not exceed \$1000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment."

"Subject to any written direction of the insured in the application or otherwise, all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person."

(11) A provision as follows: "Physical examinations and autopsy: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law."

(12) A provision as follows: "Legal actions: No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished."

(13) (a) A provision as follows: "Change of beneficiary: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy."

(b) The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.

Editor's note: This section is similar to former § 10-8-104 as it existed prior to 1992.

ANNOTATION

Annotator's note. Since § 10-16-202 is similar to § 10-8-104 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, relevant cases construing that provision have been included in the annotations to this section.

An insured adopts the application when he executes it even though he may not have read the application. *Commercial Ins. Co. v. Smith*, 417 F.2d 1330 (10th Cir. 1969).

Even so, this does not shift the burden of proving fraud which was the critical issue. The company has the affirmative burden in avoiding a policy. The insured contends he did not know the seriousness of the eye disease. The issue of scienter was presented and the jury decided in favor of the insured. Therefore, the insurer failed to prove fraud clearly, cogently, convincingly, and beyond a reasonable doubt. *Commercial*

Ins. Co. v. Smith, 417 F.2d 1330 (10th Cir. 1969).

For "fraudulent misstatements" must have elements of common-law fraud. The insurance company's contention is that the insured knew, at the time he answered the application, of the serious nature of his eye condition and therefore the company is entitled to rescind the insurance contract. The contention concerns a construction of the meaning of the statutory phrase "except fraudulent misstatements". Under this statute, the trial court correctly submitted the case to the jury on instructions that the appellant must establish the legal elements of common-law fraud which includes scienter or intent to defraud, instead of instructions setting out the equitable defense of fraud, as to which scienter or intent to defraud is not a necessary element.

Commercial Ins. Co. v. Smith, 417 F.2d 1330 (10th Cir. 1969).

Initial effective date of policy governs rider if parties intend this. The second part of the policy which increased the benefits was added as a rider within two years of the claim. The language consolidates the rider and the policy initially issued by the words "Attached to and forming part of policy". The parties intended one policy, with the initial effective date to govern the two year contestability clause. This conclusion is more clear when the brevity of the rider application is noted. Commercial Ins. Co. v. Smith, 417 F.2d 1330 (10th Cir. 1969).

The reinstatement of sickness and accident policies is governed by this

section, and the provisions of this section are dispositive of arguments related to the limitations of which insurers are required to notify insureds. Jarnigan v. Banker's Life and Casualty Co., 824 P.2d 11 (Colo. App. 1991).

The language in subsection (3)(b) regarding "preexisting conditions" supersedes that of § 10-16-118 (1)(a)(II) with respect to individual health coverage plans. Thus, the definition of "preexisting conditions" in such plans does not include specified conditions the coverage for which is explicitly limited, denied, or excluded. Usick v. Am. Family Mut. Ins. Co., 131 P.3d 1195 (Colo. App. 2006).

10-16-203. Optional provisions in individual sickness and accident insurance policies.

(1) Except as provided in section 10-16-204, no individual sickness and accident insurance policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section; except that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this section or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(2) A provision as follows: "Change of occupation: If the insured is injured or contracts sickness after having changed the insured's occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes the insured's occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the

policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation."

(3) A provision as follows: "Misstatement of age: If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age."

(4) A provision as follows: "Other insurance in this insurer: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured are in force concurrently herewith, making the aggregate indemnity for (insert type of coverage or coverages) in excess of \$ (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to the insured's estate."; or, in lieu thereof:

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, the insured's beneficiary, or the estate of the insured, as the case may be, and the insurer will return all premiums paid for all other such policies.

(5) (a) A provision as follows: "Insurance with other insurers: If there is other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the 'like amount' of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage."

(b) If the foregoing policy provision is included in a policy which also contains the policy provisions in subsection (6) of this section, there shall be added to the caption of the foregoing provision the phrase "..... Expense incurred benefits". The insurer may include in this provision, at its option, a definition of "other valid coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition, such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, whether provided by a governmental agency or otherwise, shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third-party liability coverage shall be included as "other valid coverage".

(6) (a) A provision as follows: "Insurance with other insurers: If there is other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined."

(b) If the policy provision set forth in paragraph (a) of this subsection (6) is included in a policy which also contains the policy provision in subsection (5) of this section, there shall be added to the caption of the provision set forth in paragraph (a) of this subsection (6) the phrase "..... Other benefits". The insurer may include in this provision, at its option, a definition of "other valid coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition, such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefits provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, whether provided by a governmental agency or otherwise, shall in all cases be deemed to be "other valid coverage" of which the

insurer has had notice. In applying the foregoing policy provision, no third-party liability coverage shall be included as "other valid coverage".

(7) (a) A provision as follows: "Relation of earnings to insurance: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or the insured's average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars, or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time."

(b) The policy provision set forth in paragraph (a) of this subsection (7) may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums until at least age fifty or, in the case of a policy issued after age forty-four, for at least five years from its date of issue. The insurer may include in this provision, at its option, a definition of "valid loss of time coverage", approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. In the absence of such definition, such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute, including any workers' compensation or employer's liability statute, or benefits provided by union welfare plans or by employer or employee benefit organizations.

(8) A provision as follows: "Unpaid premium: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom."

(9) A provision as follows: "Conformity with state statutes: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes."

Editor's note: This section is similar to former § 10-8-105 as it existed prior to 1992.

10-16-204. Inapplicable or inconsistent provisions in individual policies of sickness and accident insurance.

If any provision of part 1 of this article or this part 2 is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part of a provision and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

Source: L. 92: Entire article R&RE, p. 1669, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-106 as it existed prior to 1992.

10-16-205. Order of certain policy provisions in individual policies of sickness and accident insurance.

The provisions which are the subject of sections 10-16-202 and 10-16-203, or any corresponding provisions which are used in lieu thereof in accordance with such sections, shall be printed in the consecutive order of the provisions in such sections, or, at the option of the insurer, any such provision may appear as a unit in any part of the policy with other provisions to which it may be logically related, but the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

Source: L. 92: Entire article R&RE, p. 1669, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-107 as it existed prior to 1992.

10-16-206. Third-party ownership of individual sickness and accident insurance policies.

The word "insured", as used in part 1 of this article and this part 2, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits, and rights provided therein.

Source: L. 92: Entire article R&RE, p. 1670, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-108 as it existed prior to 1992.

10-16-207. Requirements of other jurisdictions.

(1) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of part 1 of this article and this part 2 and which is prescribed or required by the law of the state under which the insurer is organized.

(2) Any policy of a domestic insurer, when issued for delivery in any other state or country, may contain any provision permitted or required by the laws of such other state or country.

Source: L. 92: Entire article R&RE, p. 1670, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-109 as it existed prior to 1992.

10-16-208. Conforming to statute.

(1) No policy provision which is not subject to section 10-16-202 or 10-16-203 shall make a policy, or any portion thereof, less favorable in any respect to the insured or the beneficiary than the provisions thereof which are subject to part 1 of this article and this part 2.

(2) A policy delivered or issued for delivery to any person in this state in violation of part 1 of this article or this part 2 shall be held valid but shall be construed as provided in part 1 of this article and this part 2. When any provision in a policy subject to part 1 of this article and this part 2 is in conflict with any provision of part 1 of this article or this part 2, the rights, duties, and

obligations of the insurer, the insured, and the beneficiary shall be governed by the provisions of part 1 of this article and this part 2.

Source: L. 92: Entire article R&RE, p. 1670, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-110 as it existed prior to 1992.

10-16-209. Application for policy.

(1) The insured shall not be bound by any statement made in an application for a policy unless a copy of such application is attached to or endorsed on the policy when issued as a part thereof. If any such policy delivered or issued for delivery to any person in this state is reinstated or renewed, and the insured or the beneficiary or assignee of such policy makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer, within fifteen days after the receipt of such request at its home office or any branch office of the insurer, shall deliver or mail to the person making such request a copy of such application. If such copy is not so delivered or mailed, the insurer shall be precluded from introducing such application as evidence in any action or proceeding based upon or involving such policy or its reinstatement or renewal.

(2) No alteration of any written application for any such policy shall be made by any person other than the applicant without the applicant's written consent; except that insertions may be made by the insurer, for administrative purposes only, in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant.

(3) The falsity of any statement in the application for any policy covered by part 1 of this article or this part 2 may not bar the right to recovery thereunder unless such false statement materially affected either the acceptance of the risk or the hazard assumed by the insurer.

Source: L. 92: Entire article R&RE, p. 1670, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-111 as it existed prior to 1992.

ANNOTATION

Annotator's note. Since § 10-16-209 is similar § 10-8-111 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, a relevant case construing that provision has been included in the annotations to this section.

The effect of this section is: (1) To bar the insurer from defending against liability to the insured under a policy, on the basis of statements in an application not attached to the policy; and (2) even when the application is attached, to bar the insurer from denying recovery unless the false statement involved materially affected the acceptance of the risk or hazard assumed by the insurer. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

The provisions of this section and § 10-8-116 do not require attachment of a copy of the individual member's application for coverage under group health insurance policy to that policy, or to the certificate of coverage issued thereunder, and the trial court's conclusion to this effect is not in error. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

A group member, as a member of the farm bureau, is not the applicant for a "policy", but only the applicant for a certificate of coverage under the policy.

Colorado farm bureau is the applicant for the group "policy". Further, no "policy" is ever issued to the group member, to which his application must have necessarily been attached; but only a certificate of coverage. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

If representations made in answer to specific questions material to the risk are untrue, the policy will thereby be rendered void, and it is immaterial whether such answers be considered warranties or representations, or whether they were made with the intention to deceive the insurer or without such intention. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

Finder of fact may determine falsity a materiality of answers. The trial judge, as finder of fact, could conclude: (1) That the answer given by a group member regarding his wife's prior medical history, although true to the extent given, was nevertheless false, by omission of mention of several previous, similar illnesses of which the group member was completely aware; and (2) that it therefore constituted a material, fraudulent misrepresentation. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

10-16-210. Notice - waiver.

The acknowledgment by any insurer of the receipt of notice given under any policy covered by part 1 of this article or this part 2, or the furnishing of forms for filing proofs of loss, or the acceptance of such proofs, or the investigation of any claim under such policy shall not operate as a waiver of any of the rights of the insurer in defense of any claim arising under such policy.

Source: L. 92: Entire article R&RE, p. 1671, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-112 as it existed prior to 1992.

10-16-211. Age limit.

If any such policy contains a provision establishing, as an age limit or otherwise, a date after which coverage provided by the policy will not be effective, and if such date falls within a period for which a premium is accepted by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which the premium has been accepted. In the event the age of the insured has been misstated and if, according to the correct age of the insured, the coverage provided by the policy would not have become effective or would have ceased prior to the acceptance of such premium, the liability of the insurer shall be limited to the refund, upon request, of all premiums paid for the period not covered by the policy.

Source: L. 92: Entire article R&RE, p. 1671, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-113 as it existed prior to 1992.

10-16-212. Exemption from attachment and execution.

So much of any benefits under all policies of sickness and accident insurance as does not exceed two hundred dollars for each month during any period of disability covered by such policy shall not be liable to attachment, trustee process, or other process, or to be seized, taken, appropriated, or applied by any legal or equitable process or by operation of law, either before or after payment of such benefits, to pay any debt or liabilities of the person insured under such policy. This exemption shall not apply where an action is brought to recover for necessities contracted for during such period and the writ or complaint contains a statement to that effect. When a policy provides for a lump sum payment because of a dismemberment or other loss insured, such payment shall be exempt from execution by the insured's creditors.

Source: L. 92: Entire article R&RE, p. 1672, § 1, effective July 1.

Editor's note: This section is similar to former § 10-8-114 as it existed prior to 1992.

10-16-213. Industrial sickness and accident insurance.

(1) Repealed.

(2) Any insurer authorized to write sickness and accident insurance in this state has the power to issue industrial sickness and accident policies.

(3) No policy of industrial sickness and accident insurance may be delivered or issued for delivery in this state unless it has printed on such policy the words "industrial policy".

(4) (a) Each such policy shall be subject to the provisions of this part 2; except that no such policy shall be required to contain any of the policy provisions set forth in section 10-16-202 or 10-16-203 and except that no such policy shall contain any provision relative to notice of proof of loss, or the time for paying benefits, or the time within which suit may be brought upon the policy, which in the opinion of the commissioner is less favorable to the insured than would be permitted by said policy provisions. Such policy may contain a provision that, upon proper written request, a named beneficiary shall be designated in or by endorsement on the policy to receive the proceeds thereof on the death of the insured, and there shall be reserved to the insured the power to change the beneficiary at any time by written notice to the insurer at its home office, accompanied by the policy for endorsement of the change on said policy by the insurer. The insurer shall have the right to refuse to designate a beneficiary if evidence satisfactory to the company of such beneficiary's insurable interest in the life of the insured is not furnished on request.

(b) Any such policy may provide in substance that any payment under said policy may be made to the insured or the insured's estate or to any relative by blood or connection by marriage of the insured, or, to the extent of such portion of any payment under the policy as reasonably appears to the insurer to be due to such person or to any other person equitably entitled thereto by reason of having incurred expense occasioned by the maintenance or illness or burial of the insured. If the policy is in force at the death of the insured, the proceeds from said policy shall be payable to the named beneficiary if living, but, upon the expiration of fifteen days after the death of the insured, unless proof of claim in the manner and form required by the policy, accompanied by the policy for surrender, has theretofore been made by such beneficiary, the insurer may pay to any other person permitted by the policy.

Source: L. 92: Entire article R&RE, p. 1672, § 1, effective July 1. **L. 2025:** (1) repealed, (SB 25-275), ch. 377, p. 2109, § 336, effective August 6.

Editor's note: (1) This section is similar to former § 10-8-115 as it existed prior to 1992.

(2) Subsection (1) was relocated to § 10-16-200.3 in 2025.

10-16-214. Group sickness and accident insurance.

(1) Group sickness and accident insurance is declared to be that form of sickness and accident insurance covering groups of persons, with or without their dependents, and issued upon the following bases:

(a) Under a policy issued to an employer, who shall be deemed the policyholder, insuring at least ten employees of such employer for the benefit of persons other than the employer. The term "employees", as used in part 1 of this article and this part 2, includes the officers, managers, and employees of the employer, the bona fide volunteers if the employer is an emergency service provider, the partners if the employer is a partnership, the officers, managers, and employees of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors, partners, and employees of individuals and firms, the business of which is controlled by the insured employer through stock ownership, contract, or otherwise. The term "employer", as used in part 1 of this article and this part 2, may include an emergency service provider, any municipal or governmental corporation, unit, agency, or department thereof, and the proper officers, as such, of an emergency service provider or an unincorporated municipality or department thereof, as well as private individuals, partnerships, and corporations.

(b) Under a policy issued to an association, including a labor union, which has a constitution and bylaws and which is organized and maintained in good faith for purposes other than that of obtaining insurance, insuring at least twenty-five members of the association for the benefit of persons other than the association or its officers or trustees, as such;

(c) On and after July 1, 1994, under a policy issued to any person or organization to which a policy of group life insurance may be issued or delivered in this state to insure any class of individuals that could be insured under such group life insurance policy; except that, on and after July 1, 1994, a group sickness and accident insurance policy must cover at least two or more individuals at date of issue;

(d) Under a policy issued to any other substantially similar group which, in the discretion of the commissioner, may be subject to the issuance of a group sickness and accident policy or contract.

(e) Repealed.

(2) (a) The provisions of this section shall not apply to transactions in this state involving group sickness and accident insurance policies for policies which were lawfully issued and delivered in another jurisdiction in which the company was authorized to do insurance business

and any such policy was issued to a valid multistate association located in the state of issue, if the policy is not designed, administered, or marketed as a plan for employers to provide coverage to one or more employees and is not a bona fide association plan.

(b) Repealed.

(3) (a) Except as required by section 10-16-140 or as provided for in subsection (2) of this section, all policies of group sickness and accident insurance providing coverage to persons residing in the state must contain in substance the following provisions or provisions that, in the opinion of the commissioner, are more favorable to the persons insured or at least as favorable to the persons insured and more favorable to the policyholder:

(I) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the policy shall continue in force, unless the policyholder has given the carrier written notice of discontinuance of the coverage in advance of the date of discontinuance in accordance with the terms of the policy. The policy may provide that the policyholder is liable to the carrier for the payment of a pro rata premium for the time the coverage was in force during the grace period.

(II) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue and that no statement made for the purpose of effecting insurance coverage under the policy with respect to a person shall be used to avoid the insurance with respect to which such statement was made or to reduce benefits under such policy after such insurance has been in force for a period of two years during such person's lifetime unless such statement is contained in a written instrument signed by the person making such statement and a copy of that instrument is or has been furnished to the person making the statement or to the beneficiary of any such person;

(III) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued and that all statements made by the policyholder or by the persons covered shall be deemed representations and not warranties;

(IV) A provision that no agent has authority to change the policy or waive any of its provisions and that no change in the policy shall be valid unless approved by an officer of the insurer and evidenced by an endorsement on the policy or by rider or amendment to the policy signed by the insurer; but any such amendment which reduces or eliminates coverage shall have been either requested in writing or signed by the policyholder;

(V) (A) A provision specifying the additional exclusions or limitations, if any, applicable under the policy with respect to a disease or physical condition of a person, not otherwise excluded from the person's coverage by name or specific description effective on the date of the person's loss, which existed prior to the effective date of the person's coverage under the policy. With respect to a group health coverage plan, such provision shall comply with the provisions of

section 10-16-118; except that, with respect to a group disability income insurance policy, such provision shall comply with the provisions of sub-subparagraph (C) of this subparagraph (V).

(B) In no event shall such exclusion or limitation apply to loss incurred or disability commencing after the earlier of the end of a continuous period of six months commencing on or after the effective date of the person's coverage during all of which the person has received no medical advice or treatment in connection with such disease or physical condition and the end of the six-month period commencing on the effective date of the person's coverage, except as provided in sub-subparagraphs (A) and (C) of this subparagraph (V).

(C) A group disability income insurance policy shall not define a preexisting condition more restrictively than an injury, sickness, or pregnancy for which a person incurred charges, received medical treatment, consulted a health professional, or took prescription drugs within the twelve-month period immediately preceding the effective date of coverage. In no event shall a group disability income insurance policy deny, exclude, or limit benefits for a covered individual because of a preexisting condition for a disability commencing more than twelve months following the effective date of such individual's coverage under the group disability income insurance policy.

(VI) A provision specifying the ages, if any, to which the insurance provided is limited, the ages, if any, for which additional restrictions are placed on benefits, and the additional restrictions placed on the benefits at such ages. If the premiums or benefits vary by age, there shall also be a provision specifying an equitable adjustment of premiums or benefits, or both, to be made in the event the age of a covered person has been misstated, such provision to contain a clear statement of the method of adjustment to be used. In no event, however, shall coverage be required for any person during any period when, according to the person's correct age, coverage would otherwise not be provided for the person under the policy.

(VII) A provision that the insurer will issue to the policyholder, for delivery to each person insured, a certificate, which may be in summary form, setting forth the essential features of the insurance coverage, including any applicable conversion or continuation privilege, and to whom the benefits are payable. If family members or dependents are included in the coverage, only one certificate need be issued for each family unit.

(VIII) A provision that written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy. Failure to give notice within such time shall not invalidate nor reduce any claim if it is shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible.

(IX) A provision that the insurer will furnish, to the person making claim or to the policyholder for delivery to said person, such forms as are usually furnished by it for filing proof of loss. If such forms are not furnished before the expiration of fifteen days after the insurer

receives notice of any claim under the policy, the person making the claim shall be deemed to have complied with the requirements of the policy as to proof of loss upon submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, character, and extent of the loss for which claim is made.

(X) A provision that, in the case of claim for loss of time for disability, written proof of such loss must be furnished to the insurer within ninety days after the commencement of the period for which the insurer is liable, that subsequent written proofs of the continuance of such disability must be furnished to the insurer at such intervals as the insurer may reasonably require, and that, in the case of a claim for any other loss, written proof of such loss must be furnished to the insurer within ninety days after the date of such loss. Failure to furnish such proof within such time shall not invalidate nor reduce any claim if it was not reasonably possible to furnish such proof within such time if such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the claimant, later than one year from the time proof is otherwise required.

(XI) A provision that all benefits payable under the policy, other than benefits for loss of time, will be payable pursuant to section 10-16-106.5 and that, subject to due proof of loss, all accrued benefits payable under the policy for loss of time will be paid not less frequently than monthly during the continuance of the period for which the insurer is liable and that any balance remaining unpaid at the termination of such period will be paid as soon as possible after receipt of such proof;

(XII) A provision that indemnity for loss of life shall be payable to the beneficiary designated by the insured (but, when the policy contains conditions pertaining to family status or provisions pertaining to coverage of family members, the beneficiary may be the family member specified by the policy terms) or, if there is no such designated or specified beneficiary, to such other person as is specified in the policy and that all other indemnities of the policy are payable to the insured; except that the group policy may provide that all or any portion of any benefits on account of hospital, medical, and surgical or other services may be paid, at the insurer's option, directly to the hospital or person rendering such services. The group policy may provide that, if any benefit is payable to the estate of a person or to a person who is a minor or otherwise not competent to give a valid release, the insurer may pay such benefit, up to an amount not exceeding two thousand dollars, to any relative by blood or connection by marriage of such person who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to the provisions of this subparagraph (XII) shall discharge the insurer's obligation with respect to the extent of such payment.

(XIII) A provision that the insurer shall have the right and opportunity to examine the person of the individual for whom claim is made when and so often as it may reasonably require during the pendency of claim under the policy and also the right and opportunity to make an autopsy in case of death where it is not prohibited by law;

(XIV) A provision that no action at law or in equity shall be brought to recover on the policy prior to the expiration of the time requirements for payment pursuant to section 10-16-106.5 and after proof of loss has been filed in accordance with the requirements of the policy and that no such action shall be brought at all unless brought within three years from the expiration of the time within which proof of loss is required by the policy.

(b) (I) The provisions of subparagraph (V) of paragraph (a) of this subsection (3) shall not apply to dental insurance.

(II) The provisions of subparagraphs (V) and (XII) of paragraph (a) of this subsection (3) shall not apply to policies issued to a creditor to insure debtors of such creditor.

(III) The standard provisions required for individual health insurance policies shall not apply to group health insurance policies.

(IV) If any provision of this section is, in whole or in part, inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part thereof and shall modify any inconsistent provision or part thereof in such manner as to make the provision contained in the policy consistent with the coverage provided by the policy.

(4) A carrier offering a group health benefit plan shall not establish rules for eligibility for any individual to enroll under the plan based on any health status-related factors in relation to the individual or a dependent of the individual.

(5) A carrier writing health benefit coverage for an employee leasing company shall ensure that any health benefit plan marketed or sold to such company that covers employees in Colorado complies with all the provisions of Colorado law that apply to large employer health plans, including consumer and provider protections, mandated benefits, nondiscrimination and fair marketing rules, preexisting limitations, and other required health plan policy provisions. All health coverage plans sponsored by or marketed through an employee leasing company shall be fully insured plans.

(6) A group sickness and accident insurance policy, other than a long-term care policy, disability income policy, or supplemental policy covering a specified disease or other limited benefit, issued, renewed, or reinstated on or after January 1, 2007, shall not contain any provision that limits or excludes payments under hospital or medical benefits coverage to or on behalf of the insured because the insured or any covered dependent sustained an injury while intoxicated or under the influence of a controlled substance, as defined in section 18-18-102 (5), C.R.S.

(3)(a)(V)(B) amended and (3)(a)(V)(C) added, p. 726, § 3, effective May 23. **L. 97:** (2)(a) and (3)(a)(V)(A) amended and (4) added, p. 643, § 9, effective July 1. **L. 99:** (5) added, p. 149, § 3, effective March 25. **L. 2004:** (3)(a)(XI), (3)(a)(XIV), and (5) amended, p. 991, § 12, effective August 4. **L. 2006:** (6) added, p. 408, § 2, effective January 1, 2007. **L. 2008:** (1)(a) amended, p. 579, § 2, effective August 5. **L. 2010:** (1)(c) amended, (HB 10-1203), ch. 47, p. 177, § 2, effective March 29. **L. 2013:** (1)(c), IP(3)(a), and (3)(a)(I) amended and (2)(b) repealed, (HB 13-1266), ch. 217, pp. 979, 978, § § 30, 27, effective May 13.

Editor's note: (1) The provisions of this section are similar to several former provisions of § 10-8-116 as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

(2) Subsection (2)(b) was relocated to § 10-16-102 (68) in 2013.

Cross references: For the legislative declaration contained in the 1997 act amending subsections (2)(a) and (3)(a)(V)(A) and enacting subsection (4), see section 1 of chapter 154, Session Laws of Colorado 1997.

ANNOTATION

Law reviews. For article, "The Terminated Employee's Right to Continue Group Health Insurance", see 17 Colo. Law. 53 (1988).

Annotator's note. Since § 10-16-214 is similar to § 10-8-116 as it existed prior to the 1992 repeal of part 1 of article 8 of this title, relevant cases construing that provision have been included in the annotations to this section.

This section requires the inclusion of the mandatory provisions as part of the terms of the contract of insurance, and makes them enforceable as such. Statements made by the policyholder can be used against it only if its application is attached to

the policy. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

Individual employees' applications need not be attached to policy. The general assembly did not intend, by use of the wording of these statutes, that all applications made by individual employees or members of a group be attached to the original policy issued to the group. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

As a condition precedent to use of their statements as defense to liability. Subsection (2) does not require the mandatory inclusion in the policy of a provision that the application of an individual member must be attached to the

policy, or to the certificate issued thereunder, as a condition precedent to the use of statements in that application as a defense to liability, although subsection (2)(b) indicates that any such statements are admissible in evidence whenever contained in a written application submitted to the insurer. *Fallis v. Zurich Ins. Co.*, 28 Colo. App. 235, 472 P.2d 174 (1970).

Preemption of insurance provisions under the federal "Employee Retirement Income Security Act". ERISA does not preempt persons from state laws which regulate insurance, banking, and securities. The test for whether a state law falls under

the "business of insurance" is: (1) Whether the state law has the effect of transferring or spreading a policy holder's risk; (2) whether the state law is an integral part of the policy relationship between the insurer and the insured; and (3) whether the state law is limited to entities within the insurance industry. *Denette v. Life of Indiana Ins. Co.*, 693 F. Supp. 959 (D. Colo. 1988).

This section meets all three requirements of the test and therefore regulates insurance and is not preempted by ERISA. *Denette v. Life of Indiana Ins. Co.*, 693 F. Supp. 959 (D. Colo. 1988).

10-16-215. Blanket sickness and accident insurance.

(1) Blanket sickness and accident insurance is declared to be that form of sickness and accident insurance covering special groups of not less than ten persons as enumerated under a policy or contract issued:

(a) To any common carrier, which shall be deemed the policyholder, covering a group defined as all persons who are passengers on the common carrier;

(b) To an employer, who shall be deemed the policyholder, covering all workers or any group of workers, dependents, or guests defined by reference to activities or operations of the policyholder;

(c) To a college, school, or other institution of learning or to the head or principal of the college, school, or other institution of learning, who shall be deemed the policyholder, covering students or teachers;

(d) In the name of any volunteer fire department, first aid, civil defense, or other similar volunteer group, which shall be deemed the policyholder, covering all of the members of such department or group defined by reference to activities or operations of the policyholder;

(e) To a sports team or camp or to a sponsor of a sports team or camp, which team, camp, or sponsor shall be deemed the policyholder, covering members, campers, employees, officials, supervisors, or volunteers;

(f) To any religious, charitable, recreational, educational, or civic organization, or branch of any religious, charitable, recreational, educational, or civic organization, which organization shall be deemed the policyholder, covering all members or participants defined by reference to activities or operations of the policyholder;

(g) To a restaurant, hotel, motel, resort, or innkeeper, which shall be deemed the policyholder, covering a group defined as all persons who are patrons or guests of the policyholder;

(h) To any other substantially similar group which, in the discretion of the commissioner, may be subject to the issuance of a blanket sickness and accident policy or contract.

(2) An individual application shall not be required from a person covered under a blanket sickness or accident policy or contract, nor shall it be necessary for the insurer to furnish each person a certificate.

(3) All benefits under any blanket sickness and accident policy shall be payable to the person insured or any such person's agent, or to the designated beneficiary of any such person, or to the estate of any such person; except that, if the person insured is a minor, such benefits may be made payable to the parent, guardian, or other person actually supporting such person.

(4) Nothing in this section relieves an employer from any requirement to obtain coverage under the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S. No policy issued under this section may qualify as or substitute for a health benefit plan under federal law. Nothing in this section affects the legal liability of policyholders for the death of or injury to any member of the group. No policy issued under this section may qualify as or substitute for general liability insurance.

Source: L. 92: Entire article R&RE, p. 1679, § 1, effective July 1. L. 2015: (1) amended and (4) added, (SB 15-262), ch. 294, p. 1198, § 1, effective August 5.

Editor's note: This section is similar to former § 10-8-117 as it existed prior to 1992.

10-16-216. Examinations.

(1) The commissioner may, at any reasonable time, make or cause to be made an examination of every admitted health insurer transacting any insurance to which the provisions of part 1 of this article and this part 2 are applicable to ascertain whether each insurer and every rate used by it for every such class of insurance complies with the requirements and standards of

this title applicable thereto. Such examination need not be a part of a periodic general examination participated in by representatives of more than one state.

(2) The officers, managers, agents, and employees of any such insurer may be examined at any time under oath and shall exhibit all books, records, accounts, documents, or agreements governing its method of operation, together with all data, statistics, and information of every kind and character collected or considered by such insurer in the conduct of the operations to which such examination relates.

(3) The commissioner may conduct such examination on the basis of concern for an insurer's solvency or the complaint of a person claiming to be aggrieved or to ascertain compliance by insurers with the requirements of part 1 of this article and this part 2.

(4) Filed reports on examinations conducted pursuant to this section shall be available for public inspection at the division of insurance.

Source: L. 92: Entire article R&RE, p. 1679, § 1, effective July 1; entire section amended, p. 1592, § 115, effective July 1.

Editor's note: This section is similar to former § 10-8-118 as it existed prior to 1992.

10-16-216.5. Hearing procedure and judicial review - violations - penalty.

(1) Any person aggrieved by any rate charged, underwriting rule, policy form, certificate, contract of insurance, or rider followed or adopted by a health insurer may request the insurer to review the manner in which the rate, underwriting rule, policy form, certificate, contract of insurance, or rider has been applied with respect to insurance afforded to any such person. Such request may be made by an authorized representative of any such person and shall be written. If the request is not granted within thirty days after it is made, the request may be treated as rejected. Any person aggrieved by the action of an insurer in refusing the review requested may file a written complaint and request for hearing with the commissioner, specifying the grounds relied upon. If the commissioner finds that probable cause for the complaint does not exist or that the complaint is not made in good faith, the commissioner shall deny the hearing; however, if the commissioner finds that the complaint charges a violation of any provision of this article and that the complainant would be aggrieved if the violation is proven, the commissioner shall proceed as provided in subsection (2) of this section.

(2) If after examination or inspection of an insurer, or upon the basis of other information, or upon sufficient complaint as provided in subsection (1) of this section, the commissioner has

good cause to believe that such insurer, or any rate, underwriting rule, policy form, certificate, contract of insurance, or rider made or used by any such insurer does not comply with the applicable requirements and standards, the commissioner shall, unless the commissioner has good cause to believe such noncompliance is willful, give notice in writing to such insurer, stating therein in what manner and to what extent such noncompliance is alleged to exist and specifying therein a reasonable time, not less than ten days thereafter, in which such noncompliance shall be corrected.

(3) (a) If the commissioner has good cause to believe that noncompliance with the applicable requirements and standards as specified in subsection (2) of this section is willful or if, within the period prescribed by the commissioner in the notice required by subsection (2) of this section, the insurer does not make such changes as may be necessary to correct the noncompliance specified by the commissioner or establish to the satisfaction of the commissioner that such specified noncompliance does not exist, the commissioner may hold a public hearing in connection therewith. Within a reasonable period of time, not less than ten days before the date of such hearing, the commissioner shall mail a written notice of the hearing to such insurer. The notice given under this subsection (3) shall state in what manner and to what extent noncompliance is alleged to exist and the matter to be considered at such hearing. The hearing shall not include subjects not specified in the notice. The hearing shall be conducted in accordance with section 24-4-105, C.R.S., and the commissioner shall have all the powers set forth in said section.

(b) Any insurer aggrieved by an order or decision of the commissioner made without a hearing may, within thirty days after notice of the order or decision, make written application to the commissioner for a hearing thereon. The commissioner shall hold a hearing as provided in the applicable provisions of article 4 of title 24, C.R.S. Within fourteen days after such hearing, the commissioner shall affirm, reverse, or modify the commissioner's previous action, specifying the reasons therefor.

(4) If, after a hearing pursuant to subsection (3) of this section, the commissioner finds:

(a) That any rate violates the provisions of this title applicable to it, the commissioner may issue an order to the insurer which has been the subject of the hearing, specifying in what respects such violation exists and stating when, within a reasonable period of time, the further use of such rate by such insurer in contracts of insurance made thereafter shall be prohibited. In such order the commissioner shall require the excess premium plus eight percent interest to be refunded to the policyholder. The amount of the refund, plus interest, shall be computed from the effective date of the rate used on the policyholder contract to the date of the order by the commissioner pursuant to this section. Interest shall be computed as simple interest per annum.

(b) That an insurer is in violation of the provisions of this title applicable to it, other than the provisions dealing with rates, the commissioner may issue an order to such insurer which has

been the subject of the hearing, specifying in what respect such violation exists and requiring compliance within a specified time thereafter;

(c) That any policy form, certificate, contract of insurance, or rider contains any provision or style of presentation which is deceptive or misleading or renders its use hazardous to the public or the policyholders or otherwise does not comply with the requirements of law, the commissioner may issue an order to such insurer which has been the subject of the hearing, prohibiting the further use of such form in this state;

(d) That the violation of any of the provisions of this title applicable to it by any insurer which is the subject of a hearing is willful, the commissioner may suspend or revoke, in whole or in part, the certificate of authority of such insurer with respect to the class of insurance which has been the subject matter of the hearing.

(5) In addition to any other remedies or penalties provided by law:

(a) The commissioner may suspend or revoke, in whole or in part, the certificate of authority of any insurer which fails to comply with an order of the commissioner within the time limit contained in any such order. The commissioner shall not suspend or revoke the certificate of authority for failure to comply with an order until the time prescribed for an appeal therefrom has expired or, if an appeal has been taken, until such order has been affirmed. The commissioner may determine when a suspension or revocation of any certificate of authority shall become effective. An order of suspension shall remain in effect for the period fixed by the commissioner unless the commissioner modifies or rescinds such suspension or until the order upon which such suspension is based is modified, rescinded, or reversed. No certificate of authority shall be suspended or revoked except upon a written order of the commissioner, stating findings made after a hearing held upon not less than ten days' written notice to such person or organization specifying the alleged violations.

(b) If a failure to comply with an order of the commissioner within the time limit specified in any such order is willful, the insurer shall be liable to the state in an amount not exceeding five thousand dollars for any such failure. The commissioner shall collect the amount so payable and may bring a civil action in the name of the people of the state of Colorado to enforce such collection. Such penalty may be in addition to the remedy provided in paragraph (a) of this subsection (5). All moneys collected by the commissioner under this paragraph (b) shall be transmitted to the state treasurer who shall credit the same to the general fund of the state.

(6) Any finding, determination, rule, ruling, or order made by the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Source: L. 92: Entire section added, p. 1593, § 116, effective July 1.

10-16-217. Application of part 1 of this article and part 2.

(1) Nothing in part 1 of this article or this part 2 shall apply to or affect any policy of workers' compensation insurance or any policy of liability insurance with or without supplementary expense coverage in said policy; or life insurance, endowment, or annuity contracts, or contracts supplemental to said policy which contain only such provisions relating to sickness and accident insurance as provide additional benefits in case of death by accident, and as operate to safeguard such contracts against lapse, or to give a special surrender value or special benefit or annuity in the event that the insured or annuitant becomes totally and permanently disabled, as defined by the contract or supplemental contract.

(2) With the exception of section 10-16-201 (3), the provisions of sections 10-16-201 to 10-16-205 shall not apply to those forms of sickness and accident policies enumerated in sections 10-16-214 and 10-16-215; except that no such policy shall contain any provision relative to notice or proof of loss, or the time for paying benefits, or the time within which suit may be brought upon the policy, which in the opinion of the commissioner is less favorable to the insured than would be permitted by the policy provisions set forth in section 10-16-202 or 10-16-203.

Editor's note: This section is similar to former § 10-8-120 as it existed prior to 1992.

10-16-219. Benefits for care in tax-supported institutions - behavioral health disorders - mental health disorders - intellectual and developmental disabilities.

(1) On and after July 1, 1977, an individual or group policy of sickness, health, or accident insurance or small group sickness and accident insurance delivered or issued for delivery to any person in this state that provides coverage for behavioral or mental health disorders or intellectual and developmental disabilities must not exclude or be construed to diminish benefits for the payment of the direct costs, related directly to the treatment of such behavioral or mental health disorders or intellectual and developmental disabilities, provided by a state institution, including community clinics and centers providing services for persons with behavioral or mental health disorders or intellectual and developmental disabilities if the charges for treatment of such behavioral or mental health disorders or intellectual and developmental disabilities are customarily charged to nonindigent patients by the state institution.

(2) Any policy issued on or after July 1, 1977, on a form approved prior to said date, containing any provisions in conflict with the provisions of this section shall be in effect only if there is attached to such policy at the time of issue a rider or endorsement amending such policy to conform to the provisions of this section.

PART 3

NONPROFIT HOSPITAL, MEDICAL-SURGICAL, AND HEALTH SERVICE CORPORATIONS

10-16-301. Legislative declaration.

(1) It is the policy of the general assembly, and the intent and purpose of this article, to promote the availability of hospital care, medical-surgical care, and other health services on a voluntary nonprofit prepaid basis, and to thereby promote the health and welfare of the people of the state of Colorado.

(2) It is further the policy of the general assembly to conform the laws of the state of Colorado to section 1012 of the federal "Tax Reform Act of 1986", as amended, to ensure uniform federal and Colorado income taxation treatment of nonprofit hospitals, medical-surgical, and health service corporations. The general assembly recognizes that health-care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 3 in this article should in no way be construed so as to alter the distinct organizational and functional character of nonprofit hospital, medical-surgical, and health service corporations or to alter the legal distinctions between such corporations and other health-care coverage entities.

Source: L. 92: Entire article R&RE, p. 1681, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-102 as it existed prior to 1992.

10-16-302. Incorporation and organization - exemptions.

(1) Any nonprofit corporation organized under the laws of Colorado for the purpose of establishing, maintaining, and operating a nonprofit plan whereby prepaid hospital care, medical-surgical care, and other health services are made available to persons who become subscribers to the plan under a contract with the corporation, or for the purpose of providing long-term care insurance to persons pursuant to a contract with the corporation is subject to and governed by part 1 of this article 16 and this part 3 and, except as provided in this article 16 and elsewhere in this title 10, is not subject to the laws of this state relating to insurance or insurance companies. The provisions of section 10-3-128; articles 1 and 2 of this title 10; and parts 4, 5, 7, 8, 11, 12,

-1373-

and 16 of article 3 of this title 10, to the extent applicable, govern corporations organized pursuant to this part 3.

(2) The provisions of this part 3 shall not apply to any employer's health plan or services established and maintained solely for its employees and their immediate families, nor to any labor organization's health plan or services established and maintained solely for its members and their immediate families, which plans or services are self-insured, nor to any such health plan or services established, maintained, and insured jointly by any employer and any labor organization.

Editor's note: (1) This section is similar to former § 10-16-103 as it existed prior to 1992.

(2) Amendments to subsection (1) by Senate Bill 94-206 and House Bill 94-1275 were harmonized.

ANNOTATION

Annotator's note. Since § 10-16-302 is similar to § 10-16-103 as it existed prior to the 1992 repeal and reenactment of this article, a relevant case construing that provision has been included in the annotations to this section.

Nonapplicability of provisions to state health plan. Subsection (2) exempts the state health plan from the provisions of this article. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

10-16-303. Filing of articles of incorporation.

(1) Whenever any number of persons associate to form a corporation for any of the purposes named in section 10-16-302, they shall submit articles of incorporation which shall be issued in triplicate to the commissioner and the attorney general for examination. After being approved by such officers, the articles shall be filed and recorded in the office of the secretary of state who

shall issue a certificate of incorporation. A copy of such articles, certified by the secretary of state, shall be filed with the commissioner.

(2) When not less than the amount required by section 10-16-310 is deposited with the commissioner, as provided for in this part 3, the commissioner shall cause an examination to be made either by the commissioner or some disinterested person, especially appointed by the commissioner for the purpose, who shall certify that the provisions of part 1 of this article and this part 3 have been complied with by said corporation, as far as applicable thereto. Such certificate shall be filed in the office of the commissioner, who shall thereupon deliver to such corporation a certified copy thereof, which, together with a copy of the articles of incorporation, shall be filed in the office of the clerk and recorder of the county wherein the principal office of the company is to be located, before the authority to commence business is granted.

(3) Whenever any such corporation thereafter desires to amend its articles of incorporation, it shall file its certificate of amendment with the commissioner before filing the same with the secretary of state, and if the commissioner, with the advice of the attorney general, finds the same to have been legally adopted and to be in due legal form and not in conflict with the provisions of law governing such corporations, then, and not otherwise, such certificate of amendment shall be filed with the secretary of state.

(4) Any corporation organized under the laws of this state relating to corporations not for profit prior to July 1, 1967, for the purposes named in section 10-16-302, shall within one year after July 1, 1967, comply with all of the provisions of this section and shall thereupon become subject to and be governed by said provisions.

Source: L. 92: Entire article R&RE, p. 1682, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-104 as it existed prior to 1992.

ANNOTATION

Annotator's note. Since § 10-16-303 is similar to §§ 10-8-103, 10-8-116, 10-8-122, 10-8-122.2, 10-16-104, 10-16-114.6, and 10-17-131.6 as they existed prior to the 1992 repeal of part 1 of article 8 and article 17 of this title, and to the 1992 repeal and reenactment of this article 16, relevant cases

construing those provisions have been included in the annotations to this section.

Minimum requirements of all sickness and accident insurance policies. Compliance with this section will not insulate insurance company from liability for aiding and abetting discrimination. Civil

Rights Comm'n v. Travelers Ins., 759 P.2d 1358 (Colo. 1988).

Insurance policy excluding disability coverage for normal pregnancies was discriminatory on the basis of sex. Civil Rights Comm'n v. Travelers Ins., 759 P.2d 1358 (Colo. 1988) (decided prior to the enactment of § 10-16-114.6).

A policy provision that benefits were payable for covered expenses incurred within 52 weeks from the date of the first medical expenses for an injury or sickness which is also the basis for the claim, did not forever bar the recovery of claims resulting from any covered injury or sickness that occurred during any previous period. Bumpers v. Guarantee Trust Life Ins. Col, 826 P.2d 358 (Colo. App. 1991).

10-16-304. Contents of articles.

(1) In addition to the contents required or permitted by the general corporation laws of this state relating to corporations not for profit, the articles of incorporation of any corporation shall comply with the following:

(a) The name of the corporation shall not include the words "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business. The corporate name of any corporation formed under this article shall not be the same as and shall be distinguishable on the records of the secretary of state from the name of any other corporation authorized to do business in this state; and

(b) The statement of purposes shall be in conformity with the provisions of part 1 of this article and this part 3.

(2) Any such corporation organized prior to July 1, 1967, whose existing articles of incorporation shall not be in substantial conformity with part 1 of this article and this part 3 shall forthwith cause to be adopted and filed, as required in part 1 of this article and in this part 3 such amendments thereto as shall be necessary to effect substantial compliance with part 1 of this article and this part 3.

Source: L. 92: Entire article R&RE, p. 1683, § 1, effective July 1. **L. 2000:** (1)(a) amended, p. 988, § 103, effective July 1.

Editor's note: This section is similar to former § 10-16-105 as it existed prior to 1992.

Cross references: For corporation laws relating to corporations not for profit, see article 40 of title 7.

10-16-305. Directors.

(1) The property and lawful business of every such corporation subject to the provisions of part 1 of this article and this part 3 shall be held and managed by a board of trustees or directors with such powers and authority as shall be necessary or incidental to the complete execution of the purposes of each such corporation as limited by its articles or the bylaws. No such board shall be composed of less than ten nor more than twenty-four members. Every such corporation with annual gross subscription income exceeding one million dollars shall have a majority of its board consisting of persons who are not:

- (a) Members of the medical or nursing profession; or
- (b) Employed by a hospital or clinic or employed by a corporation subject to part 1 of this article and to this part 3; or
- (c) Otherwise directly or indirectly connected with hospitals or licensed health-care institutions or purveyors of health services in this state.

(2) It is the duty of all members of a board of trustees or directors to represent the interests of the subscribers or members of health service plans of such corporation.

(3) Any such corporation subject to the provisions of part 1 of this article and this part 3 shall keep correct and complete books and records of account and shall keep minutes of the proceedings of its board of trustees or directors and committees having authority of the board of trustees, and shall keep at its registered office or principal office in this state a record of the names and addresses of its subscribers or members of the health service plans of such corporation. All books and records, excluding privileged medical records and personal records of subscribers or members, of such corporation may be inspected by any subscriber, or his agent or attorney at the registered or principal office of the corporation, for any proper purpose at any reasonable time.

Editor's note: This section is similar to former § 10-16-106 as it existed prior to 1992.

10-16-306. Contracts - benefits for long-term care insurance.

Corporations subject to the provisions of part 1 of this article and this part 3 may enter into contracts for the rendering of long-term care insurance, as defined in section 10-19-103 (5), on behalf of any of their subscribers. Such contracts shall comply with article 19 of this title.

Source: L. 92: Entire article R&RE, p. 1684, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-107 as it existed prior to 1992.

ANNOTATION

Annotator's note. Since § 10-16-306 is similar to § 10-16-107 as it existed prior to the 1992 repeal and reenactment of this article, a relevant case construing that provision has been included in the annotations to this section.

Applicability of equal fee provisions.
The administrator of the state health plan was not subject to the provisions of this section because § 10-16-103 (2) exempts the state health plan from the provisions of this article. *Parrish v. Rocky Mt. Hosp. and Med. Servs.*, 754 P.2d 1180 (Colo. App. 1988).

10-16-307. Authority to do business.

No corporation subject to the provisions of part 1 of this article and this part 3 shall transact any business in this state unless it first procures from the commissioner a certificate of authority stating that the requirements of the laws of this state have been complied with and authorizing it to do business. The certificate of authority shall expire on June 30 each year and shall be renewed annually if the corporation has continued to comply with the provisions of part 1 of this article and this part 3.

Source: L. 92: Entire article R&RE, p. 1684, § 1, effective July 1; entire section amended, p. 1597, § 119, effective July 1.

Editor's note: This section is similar to former § 10-16-110 as it existed prior to 1992.

10-16-308. Automatic extension of certificate.

When the annual statement of a corporation subject to the provisions of part 1 of this article and this part 3 has been filed and all fees due from the corporation have been tendered, the corporation's certificate of authority to do business in this state shall automatically be extended until such time as the commissioner refuses to relicense such corporation, and when the fee involved in the renewal of an enrollment representative's license has been tendered by the corporation, or the individual representative, the license shall automatically be extended until such time as the commissioner refuses to renew such license.

Source: L. 92: Entire article R&RE, p. 1685, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-111 as it existed prior to 1992.

10-16-309. Requirements for certificate of authority.

(1) The commissioner shall not issue or renew a certificate of authority to any corporation operating or proposing to operate a nonprofit hospital, medical-surgical, and other health services plan, unless:

(a) The subscription or membership certificates which the corporation offers to its subscribers or members, together with a schedule of the dues and fees to be paid by subscribers or members, have been filed with the commissioner in accordance with the provisions of section 10-16-107;

(b) The schedule of the dues and fees to be paid by subscribers or members is such as will enable such corporation to meet the expenses of the hospital, medical-surgical, and other health services which are made available to its subscribers or members without impairing the guarantee fund required by section 10-16-310.

Source: L. 92: Entire article R&RE, p. 1685, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-112 as it existed prior to 1992.

10-16-310. Surplus - guarantee fund deposit - regulations.

(1) No corporation subject to the provisions of part 1 of this article and this part 3 shall be permitted to do any business in this state unless, in addition to the other requirements of law, it has and maintains surplus in an amount not less than five percent of the corporation's subscription income collected in the preceding year, not exceeding two million dollars, plus two and one-half percent of such income exceeding two million dollars but not exceeding ten million dollars, plus one percent of such income exceeding ten million dollars; but, in no event shall such surplus be less than one hundred thousand dollars. All corporations subject to the provisions of part 1 of this article and this part 3 shall place on deposit with the commissioner a guarantee fund of cash or approved securities in an amount determined by such formula, but not less than one hundred thousand dollars nor more than one million five hundred thousand dollars. Any amount of said surplus required by this subsection (1) and subsection (3) of this section in excess of one million five hundred thousand dollars shall be maintained by the corporation at all times, but shall not be required to be placed on deposit with the commissioner.

(2) The cash or securities representing the guarantee fund required by this section shall be deposited with the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211.

(3) The regulations authorized in this subsection (3) are to be promulgated to avoid situations where the transactions of a corporation subject to the provisions of part 1 of this article and this part 3 would create undue financial risks to its subscribers or the people of this state. The commissioner may by regulation establish standards consistent with the risk-based capital models applicable to hospital, medical, and dental service or indemnity corporations developed or adopted by the national association of insurance commissioners which require any such corporation to maintain a greater minimum level of surplus than the specified dollar minimums established by subsection (1) of this section. Such minimum level of surplus shall reflect the type, volume, and nature of the business being transacted. Such regulations may additionally require the submission of an opinion by a qualified actuary which states whether or not the surplus level of the entity is sufficient.

Editor's note: This section is similar to former § 10-16-113 as it existed prior to 1992.

10-16-311. Group benefits for depositors of banks - benefits for subscribers in public institutions.

(1) Nonprofit hospitals and health service corporations may contract with any bank located and doing business in any community in this state, the population of which does not exceed ten thousand inhabitants, as shown by the last preceding federal census, to provide group hospital and medical benefits for the depositors of such bank if the premiums are paid by the bank as holder of the master contract from authorized deductions from individual member depositors' accounts in such bank in accordance with applicable laws governing such deductions.

(2) (a) No certificate issued, renewed, or reinstated by a corporation subject to the provisions of part 1 of this article and this part 3 shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the subscriber because the subscriber or any covered dependent is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (2) shall apply to all such certificates issued, renewed, or reinstated on or after August 1, 1984.

Source: L. 92: Entire article R&RE, p. 1686, § 1, effective July 1. L. 2006: (2)(a) amended, p. 1999, § 38, effective July 1.

Editor's note: The provisions of this section are similar to several former provisions of § 10-16-114 as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-312. Contracts with other organizations.

Any corporation subject to the provisions of part 1 of this article and this part 3 may contract with any agency, instrumentality, or political subdivision of the United States of America, or of the state of Colorado for the making available of hospital, medical-surgical, and other health-care services, and in aid or furtherance of such contract may accept, receive, and administer in trust, funds directly or indirectly made available by such agency, instrumentality, or political subdivision. Any such corporation may also subcontract with any organization which has contracted with any agency, instrumentality, or political subdivision of the United States of America or of the state of Colorado for the furnishing of hospital, medical-surgical, or other health services by which subcontract such corporation undertakes to furnish the services specified by the basic contract. Any corporation subject to the provisions of part 1 of this article and this part 3 may also enter into agreements or contracts with other similar organizations or

corporations licensed to do business in this state or any other state for the transfer of subscribers or members, for the reciprocal or joint provision of benefits to the subscribers or members of such corporation and such organizations, or such other joint undertakings as the corporation's board of directors or trustees may approve.

Source: L. 92: Entire article R&RE, p. 1687, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-116 as it existed prior to 1992.

10-16-313. Licensing of representatives. (Repealed)

Source: L. 92: Entire article R&RE, p. 1687, § 1, effective July 1; (2) amended, p. 1598, § 121, effective July 1. **L. 94:** Entire section repealed, p. 597, § 4, effective April 7.

Editor's note: Prior to its repeal in 1994, the provisions of this section were similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-314. Payment for examinations of corporations.

A corporation periodically examined by the commissioner shall pay to the commissioner the cost of such examination, as determined by the commissioner.

Source: L. 92: Entire article R&RE, p. 1688, § 1, effective July 1. **L. 94:** Entire section amended, p. 598, § 5, effective April 7.

Editor's note: This section is similar to former § 10-16-120 as it existed prior to 1992.

10-16-315. Revocation of certificate - appeal.

(1) The commissioner shall not make public the result of any examination or investigation of any corporation found to be insolvent or with its capital impaired prior to suspending or revoking the authority of such company to do business in this state. If the commissioner determines, after examination, hearing, or other evidence, that such corporation is in an unsound condition, or has failed to comply with the law, or with the provisions of its charter, or that its condition is, or its methods are, such as to render its operations hazardous to the public, or to its subscribers, or that its actual assets, exclusive of its capital, are less than its liabilities, or if its officers or agents refuse to submit to examination, or to perform any legal obligation relative thereto, or refuse on behalf of the corporation to pay the examination charges, the commissioner shall suspend or revoke all certificates of authority granted to said corporation, and to its officers or agents, and shall cause notice thereof to be published in one or more daily newspapers published in the city and county of Denver, which shall have a general state circulation, and no solicitation of new business shall thereafter be done by it or its agents in this state while such default or disability continues, nor until its authority to do business is restored. Before suspending or revoking the certificate of authority of any such corporation, unless it is insolvent or its capital impaired, the commissioner shall grant fifteen days in which to show cause why such action should not be taken.

(2) A corporation whose certificate of authority has been suspended or revoked by the commissioner, may appeal any such action to the court of appeals pursuant to section 24-4-106 (11), C.R.S.

(3) The court has the power to make an order suspending or staying the order of the commissioner suspending or revoking the license of a corporation pending the appeal; but the corporation appealing shall give a bond, with sureties satisfactory to the court, in such amount as the court determines to be just and proper, conditioned to pay to the state and to any persons whomsoever any loss that may be sustained by reason of the stay or suspension of such order of said commissioner, and that during the period allowed for taking such appeal, the publication of notice of the revocation or suspension of license of such corporation as provided by this section shall not be made. If the order of the commissioner has been stayed or suspended by the order of said court, such publication shall not be made until after the discharge of such stay or until the affirmation of such order of revocation or suspension.

(4) (Deleted by amendment, L. 92, p. 1598, § 122, effective July 1, 1992.)

(5) (a) In the event of such a finding of insolvency, the commissioner shall have and exercise all of the powers and authority set forth in part 5 of article 3 of this title.

(b) (Deleted by amendment, L. 92, p. 1598, § 122, effective July 1, 1992.)

Source: L. 92: Entire article R&RE, p. 1689, § 1, effective July 1; (2), (4), and (5)(b) amended, p. 1598, § 122, effective July 1.

Editor's note: This section is similar to former § 10-16-121 as it existed prior to 1992.

10-16-316. Complaints.

Any individual subscriber of a corporation subject to the provisions of part 1 of this article and this part 3 who is aggrieved by any act or omission of such corporation or its officers, directors, agents, or representatives, may file a statement in writing of such grievance in the office of the commissioner and the commissioner may make such investigation of such grievance as the commissioner deems appropriate. No such investigation by the commissioner shall act as a bar to any suit in a court of competent jurisdiction instituted by any such member or subscriber, or any defense thereto by the corporation involved.

Source: L. 92: Entire article R&RE, p. 1691, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-122 as it existed prior to 1992.

10-16-317. Exemption of direct payment methods.

Nothing contained in part 1 of this article or this part 3 shall be construed to affect or apply to hospitals, or other licensed health-care institutions, nor to any individuals, partnerships, associations, or corporations which are the direct purveyors of health services; nor shall anything contained in part 1 of this article or this part 3 be construed to in any way limit the rights of such hospitals, or other licensed health-care institutions or purveyors of health services, to establish methods of payment directly with the purchasers of their services; except such methods of payment by all corporations subject to part 1 of this article and this part 3 shall be on a prospective reimbursement basis as required by section 10-16-318; but the commissioner may require from any such institution or purveyor of services such information as will enable the commissioner to determine whether any such arrangements for payment for services are subject to the provisions of part 1 of this article and this part 3.

Source: L. 92: Entire article R&RE, p. 1691, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-124 as it existed prior to 1992.

10-16-317.5. Assignment of benefits.

(1) An individual or group nonprofit hospital or medical service contract issued pursuant to the provisions of this article shall not prohibit a subscriber under the contract from assigning, in writing, benefits payable under the contract to a licensed hospital or other licensed health-care provider for services provided to the subscriber which are covered under the contract.

(2) When a licensed hospital or other licensed health-care provider receives an assignment from a subscriber it is the responsibility of the provider to bill the contract issuer, including a copy of the assignment, and to mail a copy of such bill to the subscriber or certificate holder, stating on such copy that it is for informational purposes only and that the payer has been billed for covered benefits. The issuer of such nonprofit hospital or medical service contract shall honor such assignment and make payment of covered benefits directly to such licensed hospital or other licensed health-care provider. In the event the issuer fails to honor such assignment by making payment to the subscriber and the subscriber, upon receipt of such payment, fails to timely pay an amount equivalent to such payment to the licensed hospital or other licensed health-care provider, then the issuer shall be liable for such covered benefits payment directly to the licensed hospital or other licensed health-care provider. It shall be the responsibility of the licensed hospital or other licensed health-care provider to notify the issuer if timely payment has not been received. In such case, the issuer shall make payment of covered benefits pursuant to section 10-3-1110 (2) within thirty days after receipt of such notification.

(3) (a) Nothing in this section shall be construed to limit any nonprofit hospital, medical-surgical, and health-care service corporation from determining the scope of its benefits or services or any other terms of its subscriber contracts, nor from negotiating contracts with licensed providers on reimbursement rates or any other lawful provisions.

(b) Notwithstanding the provisions of subsection (2) of this section, a licensed provider shall not be entitled to payment greater than the lesser of its charges or any level of reimbursement previously negotiated with any nonprofit hospital, medical-surgical, and health-care service corporation, if applicable; nor shall such payer have any obligation under this section except for covered benefits.

(4) Nothing in this section shall be construed to prevent any nonprofit hospital, medical-surgical, and health-care service corporation from limiting covered benefits to services provided by providers who have contracted with such corporation or from providing different levels of benefits depending on whether the provider has or has not contracted with such corporation.

Source: L. 92: Entire section added, p. 1772, § 1, effective May 20.

Editor's note: (1) Although the effective date for the repeal and reenactment of this article was July 1, 1992, this section was added, effective May 20, 1992.

(2) This section was enacted as § 10-16-124.5 but, because of the repeal and reenactment of this article, was renumbered on revision for ease of location.

10-16-318. Prospective reimbursement.

(1) No corporation subject to the provisions of part 1 of this article and this part 3 which provides a service contract as distinguished from a fixed dollar benefit contract shall provide reimbursement for the rendering of hospital care, medical-surgical care, or other health services on behalf of any of its members or subscribers with hospitals except by contract which provides for reimbursement on a prospective reimbursement basis. As used in this part 3, "prospective reimbursement" means a method of reimbursement whereby the purveyor of health services is reimbursed by each corporation subject to part 1 of this article and this part 3 for such services according to a schedule of rates, determined and agreed upon prior to the rendering of the services by both the purveyor of health services and each corporation subject to the provisions of part 1 of this article and this part 3. Such rates are to remain in force during the term of the contract or for one calendar year if a contract has a longer term, except as adjusted as provided in this section.

(2) (a) The bases for the prospective reimbursement rates shall be:

(I) Determined mutually by the corporation and the hospital using established accounting principles and regulations utilized in the health-care industry for the determination of reimbursement to purveyors. Historic expenses may be one of the bases for reimbursement but not the sole basis.

(II) Supported by current and predicted costs derived through an appropriate budget and accounting system of the hospital, which budget and accounting system shall be available for discussion in detail with the corporation.

(b) The hospitals' operating requirements and the services offered, geographical characteristics, and the changes in price level indices may be included in the bases for prospective reimbursement.

(c) All such contracts shall be, if deemed necessary and only after the parties have exhausted all other efforts, subject to arbitration by the commissioner under the rules and regulations established by such commissioner.

(3) In order to provide incentives for the efficient and economical utilization of purveyor resources, the reimbursement rate agreed upon by the purveyor and the corporation subject to part 1 of this article and this part 3 shall be neither retroactively increased to reflect unforeseen patient costs nor retroactively decreased as a result of efficient purveyor operation. However, gains accruing to the purveyor as a result of a modification of those patient services, of operating requirements, or of changes in price level indices which were included in the bases for the setting of the prospective rate will be subject to downward adjustment.

(4) Provision shall be made between corporations subject to part 1 of this article and this part 3 and the purveyor of health-care services for a mechanism to determine adjustments of prospectively determined rates. Such adjustments will occur when major events that have a fiscal impact occur which were unpredictable or were uncontrollable by the purveyor of health-care services and which would require a rate change to meet the financial requirements of the purveyor of health-care services.

(5) Corporations subject to part 1 of this article and this part 3 shall not pay more for purveyor's services than will be charged to commercial insurers.

(6) Each corporation subject to the provisions of part 1 of this article and this part 3 shall provide the commissioner with a copy of each contract entered into under this section, within thirty days after such contract is entered into, and such other information as the commissioner deems necessary by rule.

Editor's note: This section is similar to former § 10-16-130 as it existed prior to 1992.

Cross references: For the legislative declaration contained in the 1996 act amending subsection (6), see section 1 of chapter 237, Session Laws of Colorado 1996.

10-16-319. Effective date.

Sections 10-16-317 and 10-16-318 shall take effect January 1, 1974, and shall be implemented with the beginning of each hospital's fiscal year.

Source: L. 92: Entire article R&RE, p. 1693, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16-133 as it existed prior to 1992.

10-16-320. Investment of funds.

The investable funds of a corporation subject to the provisions of part 1 of this article and this part 3 may only be invested in those types of investments which are permitted by law for the investment of the assets of life insurance companies and in such other types of investments as the commissioner may permit; notwithstanding any condition, restriction, or exclusion set forth in sections 10-3-218 and 10-3-220, any asset used for a home office building or for rental to others held on May 13, 1981, by a company subject to the provisions of this article shall remain an admitted asset under part 2 of article 3 of this title so long as such company's home office is located in such asset. The provisions of section 10-3-233 shall not apply to such corporation.

Editor's note: This section is similar to former § 10-16-139 as it existed prior to 1992.

10-16-321. Medicare supplement benefit standards.

The provisions of article 18 of this title shall apply to corporations organized pursuant to the provisions of this part 3. On and after July 1, 1983, no corporation subject to the provisions of part 1 of this article and this part 3 shall deliver or issue for delivery in this state any subscription certificate or membership certificate intended as a medicare supplement policy, as defined in section 10-18-101, or any endorsement, rider, or application which becomes a part thereof, until a copy of the form and of the premium rates or dues pertaining thereto have been filed with the commissioner, nor shall any such certificate endorsement, rider, or application be used until the expiration of thirty days after the filing thereof, unless the commissioner sooner gives written approval thereto and of the premium rates or dues pertaining thereto. Within thirty days of such

filing the commissioner shall notify the corporation which has filed any such form in writing if the documents do not comply with the requirements of law or if the rates do not meet the loss ratio standards set forth in section 10-18-105, and shall specify the reasons for such opinion. In all other cases, the commissioner shall give approval. Final orders and decisions of the commissioner relating to medicare supplement policies and rates filed under this section are subject to judicial review as provided in section 24-4-106, C.R.S. All medicare supplement policies, subscription certificates, and benefit forms and the premium rates or dues pertaining thereto which were approved by the commissioner prior to July 1, 1983, shall remain approved under the provisions of this article.

Editor's note: This section is similar to former § 10-16-140 as it existed prior to 1992.

10-16-322. Filing of health policies.

Nonprofit hospital and health service corporations shall be subject to the requirements regarding the filing of health policies pursuant to section 10-16-107.2.

Source: L. 92: Entire section added, p. 1747, § 7, effective June 2.

Editor's note: Although the effective date of the repeal and reenactment of this article was July 1, 1992, this section was added, effective June 2, 1992.

10-16-323. Conversion of corporation to mutual insurance company. (Repealed)

Source: L. 94: Entire section added, p. 598, § 6, effective April 7. L. 96: Entire section repealed, p. 1866, § 2, effective June 6.

10-16-324. Conversion of corporation to a stock insurance company.

(1) It is the intent of the general assembly by the enactment of this section to create a procedure for nonprofit hospital, medical-surgical, and health service corporations subject to the provisions of part 1 of this article and this part 3 to elect to convert to a stock insurance company subject to article 3 of this title. The general assembly in so doing recognizes the substantial and recent changes in market and health-care conditions that are affecting such corporations and further recognizes the need for equal regulatory treatment and competitive equality for health-care insurers. The general assembly further finds that a procedure for conversion to a stock insurance company will be in the best interests of policyholders by providing greater financial stability for such company's policyholders and a greater opportunity to remain a financially independent Colorado company.

(2) Any nonprofit hospital, medical-surgical, and health service corporation, referred to in this section as "corporation", subject to the provisions of part 1 of this article and this part 3 may convert, without reincorporation, to a stock insurance company subject to article 3 of this title under a plan that complies with this section and has been approved by the commissioner pursuant to this section.

(3) In order to convert to a stock insurance company, the corporation shall file with the commissioner a plan for such conversion and apply for an amended certificate of authority pursuant to part 1 of article 3 of this title. The plan shall be available to the public for inspection both at the office of the commissioner and at the office of the proponent of the plan.

(4) The plan shall set forth with specificity the terms and conditions of the proposed conversion and shall do all of the following:

(a) Certify that the plan has been adopted by a majority vote of the board of directors of the corporation;

(b) Establish that the plan and the proposed conversion will not be prejudicial to the subscribers of the corporation or the citizens of the state of Colorado;

(c) Provide a comparative premium rate analysis of the corporation's major plans and product offerings, comparing actual premium rates for the three-year period prior to the filing of the plan and projected premium rates for the three-year period following any proposed conversion. Any such rate analysis shall address the projected impact, if any, of the proposed conversion upon the cost to subscribers as well as the projected impact, if any, of the proposed conversion upon the corporation's underwriting profit, investment income, and loss and claim reserves, including the effect, if any, of adverse market or risk selection upon such reserves.

(d) Provide for the protection of all existing contractual rights of the corporation's subscribers or contract holders for medical and hospital service or claims for reimbursement thereof;

(e) (I) Specify a reasonable treatment for the benefit of the citizens of the state of Colorado of the value of the corporation on all of the following terms that must be approved by the commissioner:

(A) Such treatment shall be deemed to be reasonable if consideration, determined by the commissioner to be equal to the fair market value of the corporation, is conveyed or issued to one or more qualifying entities;

(B) The commissioner shall determine the fair market value of the corporation at the time of conversion, determined as if it had voting stock outstanding and one hundred percent of its stock were freely transferable and available for purchase without restrictions. Consideration shall be given to market value, investment or earnings value, net asset value, and a control premium, if any. If a qualifying entity or entities receive, at the time of conversion, one hundred percent of the shares of the then-outstanding stock of the corporation, the qualifying entity or entities shall be regarded as having acquired the fair market value of the corporation, unless the commissioner finds that such outstanding stock does not represent the fair market value of the corporation.

(C) Nothing contained in sub-subparagraphs (A) and (B) of this subparagraph (I) shall require the auction, sale, or marketing of the corporation or require the commissioner to fix a dollar valuation of the corporation at the time of conversion;

(D) During the first three years after conversion, to avoid dilution of the value of the qualifying entity's ownership of stock, the corporation or its affiliates may not issue stock greater in seniority, including voting rights, or dividends, than the stock, if any, initially transferred to the qualifying entity. The commissioner may waive the requirements of this sub-subparagraph (D) regarding voting rights, if the commissioner determines that the corporation has transferred to the qualifying entity or entities a benefit equivalent to such voting rights.

(E) Each qualifying entity, its directors, officers, and staff shall be and remain independent of the converted stock insurance company and its affiliates and no person who is an officer, director, or staff member of the corporation at the time the plan is submitted or at the time of conversion or thereafter shall be qualified to be an officer, director, or staff member of the qualifying entity. Nothing in this sub-subparagraph (E) shall prohibit a single member of the board of each qualifying entity, selected by such qualifying entity, from serving on the board of the corporation or the board of a holding company that owns the corporation. No director, officer, agent, or employee of the corporation shall benefit directly or indirectly from the conversion of the corporation.

(F) The charitable mission and grant-making functions of each qualifying entity must be dedicated to promoting or serving the health-care needs of the citizens of Colorado; except that in no event shall any qualifying entity use the consideration, or any proceeds or gains thereon, transferred to it by the corporation to compete directly as a licensed carrier with the corporation or any of its affiliates;

(G) The commissioner may permit all or a portion of the consideration conveyed to any qualifying entity to consist of stock of the corporation or a holding company which owns the corporation. Stock transferred to a qualifying entity may be restricted as set out in the plan approved by the commissioner.

(H) Repealed.

(I) At the time of the conversion, the corporation or a holding company that owns the corporation may issue additional voting shares of stock through an initial public offering or private placement, which stock shall not be included in the consideration transferred to a qualifying entity.

(II) (A) For purposes of this paragraph (e), a "qualifying entity" means an independent tax-exempt charitable or social welfare organization, operating under sections 501(c)(3) or 501(c)(4) of title 26 of the United States Code, the federal "Internal Revenue Code of 1986", as amended.

(B) Whether the qualifying entity is organized under said sections 501 (c)(3) or 501 (c)(4) of the federal "Internal Revenue Code of 1986", as amended, the articles of incorporation of the qualifying entity shall contain at least the following provisions: The qualifying entity shall be organized and operated exclusively for charitable, educational, or scientific purposes consistent with sub-subparagraph (F) of subparagraph (I) of this paragraph (e); the qualifying entity shall engage in lobbying or political activities only to the extent permitted an organization exempt under section 501 (c)(3) of the internal revenue code; the qualifying entity shall not engage in campaign activity or the making of political contributions; no part of the net earnings of the qualified entity may inure to the benefit of any individual; the qualifying entity may not engage in any self dealing for the benefit of its directors, officers, or employees; the qualifying entity shall report to the public at least annually information equivalent to that required of organizations qualified under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended. Nothing in this sub-subparagraph (B), however, shall require that a qualified entity divest itself of stock of the corporation.

(C) A "qualifying entity" shall be newly established for purposes of the conversion authorized in this section, unless otherwise approved by the commissioner.

(f) Specify the proposed amendments to the corporation's articles of incorporation, bylaws, and other documents of organization to effectuate the conversion;

(g) Specify the proposed form of notice of the proposed conversion to be published as set forth in subsection (6) of this section; and

(h) Provide such other information as determined by the commissioner to be reasonably necessary and relevant to the evaluation of the plan.

(5) The commissioner may retain, upon notice to the corporation, any qualified expert, such as attorneys, accountants, actuaries, and financial analysts, not otherwise a part of the commissioner's staff, to assist in reviewing the proposed plan, with such reasonable expenses incurred during the review to be borne by the corporation.

(6) Within thirty days after filing the plan of conversion and application for an amended certificate of authority, the corporation shall:

(a) Publish notice, in a form and in newspapers to be approved by the commissioner, of the proposed plan of conversion once a week for three consecutive weeks in at least one daily newspaper of general circulation in the counties in which the corporation does business;

(b) Cause notice, in a form and manner to be approved by the commissioner, of the proposed plan of conversion to be delivered by regular mail to all current subscribers; and

(c) Submit to the commissioner proof of publication of the notice required by paragraph (a) of this subsection (6) and properly executed amendments to the corporation's articles of incorporation, bylaws, and other organizational documents to effectuate the conversion authorized by this section.

(7) The commissioner shall hold a hearing pursuant to article 4 of title 24, C.R.S., before making a final decision to approve or disapprove the plan of conversion within sixty days after completion of publication of notice of the hearing thereon. The commissioner shall issue an order approving or disapproving the plan or approving an amended plan within sixty days after completion of the hearing.

(8) Upon mutual agreement of the corporation and the commissioner, the commissioner may enter an order extending any time limits within this section.

(9) The commissioner shall approve the plan of conversion if the commissioner finds that:

(a) The plan meets the requirements of subsection (4) of this section;

(b) The plan is fair and reasonable and not contrary to law or to the interests of subscribers, contract holders, or the public; and

(c) Upon conversion, the corporation will meet the standards and conditions applicable to stock insurance companies, including minimum surplus required of such companies.

(10) The conversion shall become effective as specified in the plan of conversion and when the revised articles of incorporation have been adopted.

(11) The corporate existence of the corporation shall not terminate upon conversion as provided for in this section, but the converted stock company shall be deemed to be a continuation of the corporation and to have been organized on the date the corporation was

originally organized. Conversion under this section will not cause a dissolution of the corporation.

(12) Except as specifically provided for in this section, upon completion of its conversion to a stock insurance company as provided in this section, the corporation shall no longer be subject to this article and shall be subject to and comply with all laws and regulations applicable to a stock insurance company as provided in article 3 of this title, including all other requirements of a stock insurer as contained in this title.

(13) In the year of conversion, the corporation shall be obligated to pay the subscriber fee provided in section 10-16-110 (1)(c) for the portion of the year before the effective date of the conversion and premium taxes as a stock insurer pursuant to section 10-3-209 for premiums collected or contracted for the portion of the year from and including the effective date of the conversion.

(14) The converted stock insurance company shall be a member insurer under the "Life and Health Insurance Protection Association Act" as provided by article 20 of this title. All subscribers of the corporation existing on the date of conversion will be afforded coverage and protection in accordance with the terms and conditions of the said act. The converted stock insurance company will be subject to assessments as provided in article 20 of this title, and its share of any class B assessment made under section 10-20-109 (3)(b) shall be calculated, as applicable, based upon any Colorado premium or subscriber fees received by it during the calendar years immediately preceding its conversion to a stock insurance company; except that nothing in this subsection (14) shall require the converted stock insurance company to be assessed for insolvencies relating to member insurers who became insolvent insurers prior to the effective date of the conversion.

(15) Any final action by the commissioner pursuant to subsection (7) of this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S., at the initiation of the corporation seeking conversion to a newly created stock insurance company, or any person that was a party to the agency proceeding and was adversely affected or aggrieved by the final agency decision. The remedies set forth in this subsection (15) are exclusive remedies for any person aggrieved by a final action of the commissioner under this section.

Source: L. 96: Entire section added, p. 1861, § 1, effective June 6. L. 99: (4)(e)(I)(H) repealed, p. 1005, § 1, effective May 29. L. 2013: (4)(e)(I)(F) amended, (HB 13-1266), ch. 217, p. 988, § 50, effective May 13.

ANNOTATION

Interests protected by this section include those of a policyholder of the corporation to be converted and of a coalition of nonprofit organizations that could be adversely affected if the entity established to receive the consideration under this section was not sufficiently funded. Accordingly, these persons had standing to challenge the insurance commissioner's order approving the conversion. *Hawes v. Colo. Div. of Ins.*, 32 P.3d 571 (Colo. App. 2001).

Fair market value is not conclusively determined by the highest bid. Where \$160 million offer was conditioned on surrender of a significant contractual right and was not accepted, commissioner of insurance was not required to value

corporation at \$160 million. *Hawes v. Colo. Div. of Ins.*, 32 P.3d 571 (Colo. App. 2001).

The commissioner may award attorney fees under the common fund doctrine where it is necessary for the commissioner to discharge his or her responsibilities in an equitable conversion proceeding of a nonprofit corporation to a for-profit stock insurance company pursuant to §10-16-324 and if nothing prohibits such an award. However, the commissioner does not have discretion to award attorney fees for lobbying effort conducted prior to the establishment of the commissioner's authority to preside over the conversion proceeding. *Hawes v. Colo. Div. of Ins.*, 65 P.3d 1008 (Colo. 2003).

10-16-325. Termination of health policies.

A corporation shall not retroactively terminate a policy issued pursuant to this part 3 except for fraud or intentional misrepresentation. For any termination other than for fraud or intentional misrepresentation, the corporation shall provide notice thirty days in advance of the cancellation of the policy.

Source: L. 2013: Entire section added, (HB 13-1266), ch. 217, p. 980, § 32, effective May 13.

PART 4

HEALTH MAINTENANCE ORGANIZATIONS

10-16-401. Establishment of health maintenance organizations.

(1) The general assembly recognizes that health-care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 4 in this article should in no way be construed so as to alter the distinct organizational

and functional character of health maintenance organizations or to alter the legal distinctions between such organizations and other health-care coverage entities.

(2) Notwithstanding any law of this state to the contrary, any person may apply to the commissioner for and obtain a certificate of authority to establish and operate a health maintenance organization in compliance with part 1 of this article and this part 4; however, the general assembly declares that nothing in part 1 of this article or this part 4 shall be construed to ensure the success of any health maintenance organization and the state accepts no responsibility for the financial obligations of such organizations. No person shall establish or operate a health maintenance organization in this state, nor sell or offer to sell, or solicit offers to purchase or receive advance or periodic consideration in conjunction with a health maintenance organization without obtaining a certificate of authority under this part 4. A foreign corporation may qualify under this part 4 subject to its registration to do business in this state as a foreign corporation.

(3) Every health maintenance organization as of July 6, 1973, shall submit an application for a certificate of authority under subsection (4) of this section within one hundred eighty days of the said date. Each such applicant may continue to operate until the commissioner acts upon the application. In the event that an application is denied under section 10-16-402, the applicant shall henceforth be treated as a health maintenance organization whose certificate of authority has been revoked.

(4) Each application for a certificate of authority shall be verified by an officer or authorized representative of the applicant, shall be in a form prescribed by the commissioner, and shall set forth or be accompanied by the following:

(a) A copy of the basic organizational document, if any, of the applicant such as the articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents and all amendments thereto, in triplicate, for examination by the commissioner and attorney general. Where required, said articles shall be filed and recorded in the office of the secretary of state who shall issue a certificate of incorporation. A copy of such articles shall be filed with the commissioner.

(b) A copy of the bylaws, rules and regulations, or similar document, if any, regulating the conduct of the internal affairs of the applicant;

(c) A list of the names, addresses, and official positions of the persons who are to be responsible for the conduct of the affairs of the applicant, including all members of the board of directors, board of trustees, executive committee, or other governing board or committee, the principal officers in the case of a corporation, and the partners or members in the case of a partnership or association;

(d) A copy of any contract made or to be made between any providers or persons listed in paragraph (c) of this subsection (4) and the applicant;

- (e) A statement generally describing the health maintenance organization, its health-care plan or plans, facilities, and personnel;
- (f) A copy of the form of evidence of coverage to be issued to the enrollees;
- (g) A copy of the form of the group contract, if any, which is to be issued to employers, unions, trustees, or other organizations;
- (h) Financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent regular certified financial statement shall be deemed to satisfy this requirement unless the commissioner directs that additional or more recent financial information is required for the proper administration of part 1 of this article and this part 4.
- (i) A description of the proposed method of marketing the plan, a financial plan which includes a three-year projection of the initial operating results anticipated, and a statement as to the sources of working capital as well as any other sources of funding;
- (j) A power of attorney duly executed by such applicant, if not domiciled in this state, appointing the commissioner and the commissioner's successors in office, and duly authorized deputies, as the true and lawful attorney of such applicant in and for this state upon whom all lawful process in any legal action or proceeding against the health maintenance organization on a cause of action arising in this state may be served;
- (k) A statement reasonably describing the geographic area or areas to be served;
- (l) A description of the complaint procedures to be utilized as required under section 10-16-409;
- (m) A description of the procedures and programs to be implemented to meet the quality of health-care requirements in section 10-16-402 (1)(b);
- (n) A description of the mechanism by which enrollees will be afforded an opportunity to participate in matters of policy and operation under section 10-16-404 (2);
- (o) Such other information as the commissioner may require to make the determinations required in section 10-16-402;
- (p) An access plan for each separate network of the health maintenance organization as specified in section 10-16-704 (9). To the extent that the information in the access plan contains the required information specified in paragraphs (e), (f), (k), (l), (m), and (n) of this subsection (4), the health maintenance organization shall be deemed to be in compliance with said paragraphs.

(5) A health maintenance organization shall, unless otherwise provided for in part 1 of this article or this part 4, file a notice describing any modification of the operation set out in the information required by subsection (4) of this section. Such notice shall be filed with the commissioner prior to the modification. If the commissioner does not disapprove within thirty days of filing, such modification shall be deemed approved.

Source: L. 92: Entire article R&RE, p. 1694, §1, effective July 1; (4)(a) amended, p. 1599, §123, effective July 1. L. 97: (4)(p) added, p. 1332, § 3, effective July 1.

Editor's note: This section is similar to former § 10-17-103 as it existed prior to 1992.

10-16-402. Issuance of certificate of authority - denial.

(1) (a) Repealed.

(b) The commissioner shall determine whether the applicant for a certificate of authority, with respect to health-care services to be furnished:

(I) Has demonstrated the willingness and potential ability to assure that such health-care services will be provided in a manner to assure both availability and accessibility of adequate personnel and facilities and in a manner enhancing availability, accessibility, and continuity of service;

(II) Has arrangements, established in accordance with regulations promulgated by the commissioner, for an ongoing quality of health care assurance program concerning health-care processes and outcomes; and

(III) Has a procedure, established in accordance with regulations of the commissioner, to develop, compile, evaluate, and report statistics relating to the cost of its operations, the pattern of utilization of its services, the availability and accessibility of its services, and such other matters as may be reasonably required by the commissioner.

(c) Repealed.

(2) The commissioner shall issue a certificate of authority upon payment of the application fee prescribed in section 10-16-110 (2) if the commissioner is satisfied that the following conditions are met:

(a) The persons responsible for the conduct of the affairs of the applicant are competent, trustworthy, and possess good reputations;

(b) The commissioner determines in accordance with subsection (1) of this section that the health maintenance organization's proposed plan of operation meets the requirements of subsection (1)(b) of this section;

(c) (I) The health maintenance organization will effectively provide or arrange for the provision of basic health-care services, through insurance or otherwise, except to the extent of reasonable requirements for copayments, deductibles, and payments for out-of-network services received pursuant to section 10-16-704 (2).

(II) Nothing in this paragraph (c) shall prohibit a carrier from offering to a small employer additional options of a health benefit plan that:

(A) Provides for different benefits for insureds and dependents of insureds covered by the same policy; and

(B) Encourages appropriate health-care condition management based on clinical guidelines by providing case management benefits to covered persons.

(d) The health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner may consider:

(I) The financial soundness of the health-care plan's arrangements for health-care services and the schedule of charges used in connection therewith;

(II) The adequacy of working capital;

(III) Any agreement with an insurer, a nonprofit hospital, medical-surgical, and health service corporation, a government, or any other organization for insuring the payment of the cost of health-care services or the provision for automatic applicability of an alternative coverage in the event of discontinuance of the plan;

(IV) Any agreement with providers for the provision of health-care services;

(V) Any surety bond or deposit of cash or securities submitted in accordance with section 10-16-412 as a guarantee that the obligations will be duly performed.

(e) The enrollees will be afforded an opportunity to participate in matters of policy and operation pursuant to section 10-16-404;

(f) Nothing in the proposed method of operation, as shown by the information submitted pursuant to section 10-16-401 or by independent investigation, is contrary to the public interest;

(g) Any deficiencies certified by the commissioner have been corrected.

(3) A certificate of authority shall be denied only after compliance with the requirements of section 10-16-419.

(4) A certificate of authority shall expire on the last day of June in each year and shall be renewed annually if the company has continued to comply with the laws of this state.

Editor's note: This section is similar to former § 10-17-104 as it existed prior to 1992.

10-16-403. Powers of health maintenance organizations.

(1) The powers of a health maintenance organization include, but are not limited to, the following:

(a) The purchase, lease, construction, renovation, operation, and maintenance of hospitals, medical facilities, nursing care and intermediate care facilities, and other institutions of like nature, their ancillary equipment, and such property as may reasonably be required for its administrative offices or for such other purposes as may be necessary to accomplish the business of the organization;

(b) The making of loans to a medical group under contract with it in furtherance of its program or the making of loans to a corporation or corporations under its control for the purpose of acquiring or constructing medical facilities, hospitals, nursing care and intermediate care facilities, and other institutions of a like nature providing health-care services to enrollees;

(c) The furnishing of health-care services through providers which are under contract with or employed by the health maintenance organization;

(d) The contracting with any person for the performance on its behalf of certain functions such as marketing, enrollment, and administration;

(e) The contracting with an insurance company licensed in this state, or with a nonprofit hospital, medical-surgical, and health service corporation authorized to do business in this state, for the provision of insurance, indemnity, or reimbursement against the cost of health-care services provided by the health maintenance organization;

(f) The offering, in addition to basic health-care services, of:

- (I) Additional health-care services;
 - (II) Indemnity benefits not exceeding twenty percent of net medical and hospital expenses incurred on an annual basis;
 - (III) Indemnity benefits, in addition to benefits provided directly or indirectly through contracts with providers, by the health maintenance organization, through insurers or nonprofit hospital, medical-surgical, and health service corporations;
 - (g) The offering of contracts for the rendering of long-term care insurance, as defined in section 10-19-103 (5), on behalf of any of its enrollees. Such contracts shall comply with article 19 of this title.
 - (h) Repealed.
- (2) (a) A health maintenance organization shall file notice, with adequate supporting information, with the commissioner prior to the exercise of any power granted in the introductory portion or paragraph (a) of subsection (1) of this section. The commissioner shall disapprove such exercise of power, if in the commissioner's opinion it would substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations. If the commissioner does not disapprove within thirty days of the filing, it shall be deemed approved.
- (b) The commissioner may promulgate rules and regulations exempting from the filing requirement of paragraph (a) of this subsection (2) those activities having a de minimis effect.

10-16-404. Governing body.

(1) The governing body of any health maintenance organization may include providers, other individuals, or both.

(2) Such governing body shall establish a mechanism to afford the enrollees an opportunity to participate in matters of policy and operation through the establishment of advisory panels, by the use of advisory referenda on major policy decisions, or through the use of other mechanisms.

Source: L. 92: Entire article R&RE, p. 1700, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-106 as it existed prior to 1992.

10-16-405. Fiduciary responsibilities.

Any director, officer, or partner of a health maintenance organization who receives, collects, disburses, or invests funds in connection with the activities of such organization shall be responsible for such funds in a fiduciary relationship to the enrollees.

Source: L. 92: Entire article R&RE, p. 1700, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-107 as it existed prior to 1992.

10-16-406. Evidence of coverage - rules.

(1) Every enrollee residing in this state is entitled to evidence of coverage under a health-care plan. If the enrollee obtains coverage under a health-care plan through an insurance policy or a contract issued by a nonprofit hospital, medical-surgical, and health service corporation, whether by option or otherwise, the insurer or the nonprofit hospital, medical-surgical, and health service corporation shall issue the evidence of coverage. Otherwise, the health maintenance organization shall issue the evidence of coverage.

(2) (a) The commissioner may establish, by rule, the required elements of an evidence of coverage, which must:

(I) Not contain any provisions or statements that are unjust, unfair, inequitable, misleading, or deceptive; encourage misrepresentation; or are untrue, misleading, or deceptive as defined in section 10-16-413 (1); and

(II) Contain a clear and complete statement, if a contract, or a reasonably complete summary, if a certificate, of:

(A) The health-care services and the insurance or other benefits, if any, to which the enrollee is entitled under the health-care plan, including the ability to obtain a second opinion for proposed treatment by the health-care provider, if the health benefit plan provides such coverage;

(B) Any limitations on the services, kind of services, benefits, or kind of benefits to be provided, including any deductible or copayment feature;

(C) Where and in what manner information is available as to how services may be obtained;

(D) The total amount of payment for health-care services and the indemnity or service benefits, if any, that the enrollee is obligated to pay with respect to individual contracts, or an indication whether the plan is contributory or noncontributory with respect to group certificates;

(E) A clear and understandable description of the health maintenance organization's method for resolving enrollee complaints.

(b) The carrier may evidence a subsequent change in coverage in a separate document issued to the enrollee.

(c) A copy of the form of the evidence of coverage to be used in this state, and any amendment to the form, is subject to the filing and approval requirements of section 10-16-107.2.

Source: **L. 92:** Entire article R&RE, p. 1700, § 1, effective July 1. **L. 2013:** Entire section amended with relocations, (HB 13-1266), ch. 217, p. 980, § 33, effective May 13.

Editor's note: (1) This section is similar to former § 10-17-108 as it existed prior to 1992.

(2) Subsection (2) is similar to § 10-16-107 (3)(b), (3)(c), and (3)(d) as they existed prior to 2013.

10-16-407. Information to enrollees.

(1) Every health maintenance organization shall annually provide to its enrollees:

(a) The most recent annual statement of financial condition including a balance sheet and summary of receipts and disbursements;

(b) A description of the organizational structure and operation of the health care plan and a summary of any material changes since the issuance of the last report;

(c) A description of services and information as to where and how to secure them; and

(d) A clear and understandable description of the health maintenance organization's method for resolving enrollee complaints.

(2) Every health maintenance organization shall clearly state in its brochures, contracts, policy manuals, and printed materials distributed to enrollees that such enrollees shall have the option of calling the local prehospital emergency medical service system by dialing the emergency telephone access number 9-1-1 or its local equivalent whenever an enrollee is confronted with a life or limb threatening emergency. For the purposes of this section, a "life or limb threatening emergency" means any event that a prudent lay person would believe threatens his or her life or limb in such a manner that a need for immediate medical care is created to prevent death or serious impairment of health. No enrollee shall in any way be discouraged from using the local prehospital emergency medical service system, the 9-1-1 telephone number, or the local equivalent, or be denied coverage for medical and transportation expenses incurred as a result of such use in a life or limb threatening emergency.

(3) (a) A health maintenance organization that offers basic health-care services to enrollees through a limited health benefit plan pursuant to section 10-16-403 (1)(h) shall clearly state in its brochures, contracts, policy manuals, and printed materials distributed to enrollees the following information:

(I) That a limited health benefit plan may impose a limit on the total maximum benefit amount available to the enrollee on an annual basis and on the total maximum benefit amounts available for particular health-care services provided during a given year;

(II) The specific amount of the annual total maximum benefit amount and the annual total maximum amount for particular health-care services covered by the limited health benefit plan; and

(III) That once the enrollee receives the total maximum amount of benefits under the limited health benefit plan in any given year, or receives the total maximum amount of benefits for a particular health-care service in a given year, the enrollee is responsible for paying out-of-pocket for the costs of any health-care services provided to the enrollee during that year that exceed the total annual maximum benefit amount or the total maximum benefit amount for a particular health-care service, as applicable.

(b) The health maintenance organization shall ensure that the information required by this subsection (3) is prominently displayed, in bold-faced font in at least fourteen-point type, on any materials provided to enrollees.

(c) (I) Each enrollee who participates in a limited health benefit plan shall sign the following statement of understanding indicating his or her understanding of the limitations of the plan:

STATEMENT OF UNDERSTANDING

I, _____, understand that I am enrolling in a limited health benefit plan that contains a total maximum annual amount of benefits available to me and my covered dependents each plan year for basic health care services. The total maximum annual benefit amount is ____.

I understand that once I receive the total maximum amount of benefits under the limited health benefit plan in a plan year, I am fully responsible for paying out-of-pocket for the costs or charges for any health care services I or my covered dependents receive during the remaining portion of the plan year.

I understand that I may exhaust my total annual maximum benefit amount while I am or a covered dependent is undergoing treatment for an illness or injury and that I will be responsible for paying the costs of treatment provided after I have exhausted my benefits under the limited health benefit plan.

I understand that if I exhaust my total annual maximum benefit amount in a plan year, I or my covered dependent may or may not be eligible for the state Medicaid program or other public programs and that it is solely my choice and responsibility to investigate my options and eligibility for participation in any public program.

Signature of Enrollee

Date

(II) The health maintenance organization shall retain the original, signed statement of understanding, shall provide a copy to the enrollee, and shall make the statement available to the commissioner upon request.

Source: **L. 92:** Entire article R&RE, p. 1700, § 1, effective July 1; (2) added, p. 1789, § 1, effective January 1, 1993. **L. 2002:** (2) amended, p. 1295, § 10, effective January 1, 2003. **L. 2009:** (3) added, (HB 09-1143), ch. 114, p. 481, § 3, effective August 5. **L. 2024:** (3)(c)(I) amended, (HB 24-1399), ch. 76, p. 254, § 10, effective July 1, 2025.

Editor's note: (1) This section is similar to former § 10-17-110 as it existed prior to 1992.

(2) Subsection (2) of this section was numbered as § 10-17-110 (2) in Senate Bill 92-104 but was renumbered on revision and harmonized with this section since article 17 was repealed and the substantive provisions of § 10-17-110 were moved to this section.

Cross references: For the legislative declaration contained in the 2009 act adding subsection (3), see section 1 of chapter 114, Session Laws of Colorado 2009.

10-16-408. Open enrollment.

(1) After a health maintenance organization has been in operation twenty-four months, it shall have an annual open enrollment period of at least one month during which it accepts enrollees up to the limits of its capacity, as determined by the health maintenance organization, in the order in which they apply for enrollment. A health maintenance organization may apply to the commissioner for authorization to impose such underwriting restrictions upon enrollment as are necessary to preserve its financial stability, to prevent excessive adverse selection by prospective enrollees, or to avoid unreasonably high or unmarketable charges for enrollee coverage for health-care services. The commissioner shall approve or deny such application within thirty days of the receipt thereof from the health maintenance organization.

(2) Health maintenance organizations providing or arranging for services exclusively on a group contract basis may limit the open enrollment provided for in subsection (1) of this section to all members of the group or groups covered by such contracts.

(3) Except as provided in subsection (2) of this section, the enrollment policies of health maintenance organizations may not be such as to prevent or hinder the enrollment by, or in any other manner discriminate against, persons eligible for medical benefits under Titles XVIII and XIX of the federal "Social Security Act" as authorized under Public Law 89-97; such policies shall be grounds for suspension or revocation of the organization's certificate of authority issued pursuant to this article.

Editor's note: This section is similar to former § 10-17-111 as it existed prior to 1992.

10-16-409. Complaint system.

(1) (a) Every health maintenance organization shall establish and maintain a complaint system that has been approved by the commissioner to provide reasonable procedures for the resolution of written complaints initiated by enrollees concerning health-care services.

(b) Each health maintenance organization shall maintain written records relating to its complaint system in a form prescribed by the commissioner, for examination by the commissioner, which form must include:

(I) A description of the procedures of such complaint system;

(II) The total number of complaints handled through such complaint system and a compilation of causes underlying the complaints filed;

(III) The number, amount, and disposition of malpractice claims settled during the year by the health maintenance organization and any of the providers used by it which involve services covered by the health maintenance organization.

(2) The health maintenance organization shall maintain records of written complaints filed with it concerning other than health-care services and shall submit to the commissioner a summary report at such times and in such format as the commissioner may require. Such complaints involving other persons shall be referred to such persons with a copy to the commissioner.

(3) The commissioner may examine the complaint system required by subsection (1) of this section, subject to the limitations concerning medical records of individuals set forth in section 10-16-416 (3).

Editor's note: This section is similar to former § 10-17-112 as it existed prior to 1992.

ANNOTATION

-1407-

No conflict exists between the Health Care Availability Act and the Colorado Health Maintenance Organization Act. An agreement to arbitrate professional negligence claims obtained on behalf of persons or entities that unquestionably are health care providers must comply with the provisions of the Health Care Availability Act. *Evans v. Colo. Permanente Medical Group, P.C.*, 902 P.2d 867 (Colo. App. 1995), *aff'd*, 926 P.2d 1218 (Colo. 1996).

If dispute resolution procedures include arbitration of professional negligence claims against health care providers who provide medical services, the patient must be notified of this fact in a manner consistent with the Health Care Availability Act requirements; this section does not conflict with requirements of that act. *Evans v. Colo. Permanente Medical Group, P.C.*, 902 P.2d 867 (Colo. App. 1995), *aff'd*, 926 P.2d 1218 (Colo. 1996).

10-16-410. Investments.

With the exception of investments made in accordance with section 10-16-403 (1)(a) and (2), the investable funds of a health maintenance organization shall be invested only in securities or other investments permitted by the laws of this state for the investment of assets constituting the legal reserves of life insurance companies or such other securities or investments as the commissioner may permit.

Source: L. 92: Entire article R&RE, p. 1702, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-113 as it existed prior to 1992.

10-16-411. Protection against insolvency.

(1) (a) Before issuing any certificate of authority, the commissioner shall require that the health maintenance organization have an initial minimum surplus of one million five hundred thousand dollars. "Surplus" means total assets less all liabilities with the exception of long-term loans from the secretary of the United States department of health and human services or other loan or obligation with terms and conditions acceptable to the commissioner. Such loan or obligation shall be considered equity until such time as the funding source shall declare that repayment shall commence. Upon such declaration, the amount necessary to fund the repayments, including accrued interest thereon, for the ensuing twelve months will be included as a direct liability and so classified in the determination of minimum surplus as provided by this subsection (1).

(a.5) The minimum surplus required by paragraph (a) of this subsection (1) may be reduced by up to five hundred thousand dollars if the health maintenance organization has available to it an administrative infrastructure that the commissioner considers appropriate to reduce, control, or eliminate start-up costs associated with the administration of the health maintenance organization. Such infrastructure includes office space and equipment, computer systems, software, management services contract, and personnel recruitment fees.

(b) Every health maintenance organization shall maintain a minimum surplus at least equal to one million dollars.

(c) and (d) (Deleted by amendment, L. 99, p. 80, § 2, effective July 1, 1999.)

(1.5) (a) Notwithstanding any provision of subsection (2) or (4) of this section to the contrary, a health maintenance organization whose sole business is providing health-care services to recipients under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., the children's basic health plan, article 8 of title 25.5, C.R.S., or medicare under Title XVIII of the federal "Social Security Act", as amended, shall maintain a minimum surplus of not less than four million dollars and shall maintain a claims liability within its financial statement equal to the greater of:

(I) One month of federal and state reimbursements received by the health maintenance organization for services provided to health-care recipients; or

(II) The health maintenance organization's total outstanding claims liabilities.

(b) A health maintenance organization subject to this subsection (1.5) annually shall submit an opinion by a qualified actuary that attests that the health maintenance organization's surplus level and outstanding claims liability meet the requirements of this subsection (1.5).

(2) The commissioner may, by rule, establish standards consistent with the risk-based capital models applicable to managed care organizations developed or adopted by the national association of insurance commissioners that require any such corporation to maintain a greater minimum level of surplus than the specified dollar minimums established by subsection (1) of this section. Such minimum level of surplus shall reflect the type, volume, and nature of the business being transacted. Such rules may additionally require the submission of an opinion by a qualified actuary that states whether or not the surplus level of the entity is sufficient.

(3) If a health maintenance organization fails to comply with the surplus requirements of this section, the commissioner is authorized to take appropriate action to assure that the continued operation of the health maintenance organization will not be detrimental to its enrollees.

(4) (a) If the initial application of this section would cause a reduction in the total capital and surplus of a health maintenance organization of ten percent or more or would cause the capital and surplus of a health maintenance organization to fall to or below the company action level as

defined by the commissioner by rule, such health maintenance organization may, within thirty days after the effective date of such rule, file with the commissioner a request to phase in the requirements of this section over a period not to exceed three years or another time period as approved by the commissioner.

(b) Any request made pursuant to paragraph (a) of this subsection (4) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the health maintenance organization making the request, that is expected to result from application of this section and, if a phase-in is requested, a description of the health maintenance organization's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and an opportunity for a hearing as provided in section 24-4-105, C.R.S.

(c) Any request for a hearing made pursuant to paragraph (b) of this subsection (4) shall include a description of the basis upon which relief is sought. Upon receipt of such a request, the commissioner shall, with regard to the health maintenance organization making the request, postpone the effective date of the section pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

Source: L. 92: Entire article R&RE, p. 1702, § 1, effective July 1. L. 99: Entire section amended, p. 80, § 2, effective July 1. L. 2007: (1.5) added, p. 1355, § 5, effective May 29.

Editor's note: This section is similar to former § 10-17-114 as it existed prior to 1992.

10-16-412. Statutory deposit.

(1) Unless otherwise provided in subsections (2) and (3) of this section, each health maintenance organization shall furnish cash or securities acceptable to the commissioner to be held by the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211. The primary purpose of this deposit shall be to protect the interests of the enrollees and to assure continuation of health-care services to enrollees of a health maintenance organization and to cover reasonable administration costs attributed to rehabilitation, liquidation, or conservation under section 10-16-418.

(2) (a) Every health maintenance organization shall have an initial deposit of three hundred thousand dollars.

(b) (Deleted by amendment, L. 99, p. 83, § 3, effective July 1, 1999.)

(3) Health maintenance organizations shall establish and maintain the following minimum deposits:

(a) The following schedule, based upon enrollment levels achieved on December 31 of the preceding year:

(I) to (III) (Deleted by amendment, L. 99, p. 83, § 3, effective July 1, 1999.)

(IV) \$300,000: Enrollment of less than 60,000;

(V) \$350,000: Enrollment of 60,000 but less than 100,000;

(VI) \$400,000: Enrollment of 100,000 or more.

(b) The statutory deposit shall at all times equal or exceed twenty-five percent of the health maintenance organization's uncovered expenditures for the previous calendar year. At such time as the deposit is less than twenty-five percent of the health maintenance organization's uncovered expenditures for the previous calendar year, additional deposits will be required to maintain this level. The maximum deposit required, however, shall not exceed one million dollars.

(4) (a) If the initial application of this section would create undue financial risks to the enrollees of a health maintenance organization, such health maintenance organization may, within thirty days after July 1, 1999, file with the commissioner a request to phase in the requirements of this section over a period not to exceed three years or another time period as approved by the commissioner.

(b) Any request made pursuant to paragraph (a) of this subsection (4) shall include a complete analysis, in a form prescribed by the commissioner, of the impact upon the health maintenance organization making the request, that is expected to result from application of this section and, if a phase-in is requested, a description of the health maintenance organization's plan for the phase-in period. The commissioner shall not deny a request for a phase-in except upon notice and an opportunity for a hearing as provided in section 24-4-105, C.R.S.

(c) Any request for a hearing made pursuant to paragraph (b) of this subsection (4) shall include a description of the basis upon which relief is sought. Upon receipt of such a request, the commissioner shall, with regard to the health maintenance organization making the request, postpone the effective date of the section pending the conclusion of the hearing and the taking of final agency action thereon. The hearing shall commence within sixty days after the commissioner receives the request and shall be conducted in accordance with section 24-4-105, C.R.S.

Source: **L. 92:** Entire article R&RE, p. 1704, § 1, effective July 1. **L. 99:** (2) and (3) amended and (4) added, p. 83, § 3, effective July 1. **L. 2019:** (3)(a)(IV) amended, (HB 19-1291), ch. 188, p. 2094, § 5, effective August 2.

Editor's note: This section is similar to former § 10-17-114.5 as it existed prior to 1992.

10-16-413. Prohibited practices.

(1) No health maintenance organization, or representative thereof, may cause or knowingly permit the use of advertising which is untrue or misleading, solicitation which is untrue or misleading, or any form of evidence of coverage which is deceptive. For purposes of part 1 of this article and this part 4:

(a) A statement or item of information is deemed to be untrue if it does not conform to fact in any respect which is or may be significant to an enrollee of, or person considering enrollment in, a health-care plan.

(b) A statement or item of information is deemed to be misleading, whether or not it may be literally untrue, if, in the total context in which such statement is made or such item of information is communicated, such statement or item of information may be reasonably understood by a reasonable person not possessing special knowledge regarding health-care coverage, as indicating any benefit or advantage or the absence of any exclusion, limitation, or disadvantage of possible significance to an enrollee of, or person considering enrollment in, a health-care plan, if such benefit or advantage or absence of limitation, exclusion, or disadvantage does not in fact exist.

(c) An evidence of coverage is deemed to be deceptive if the evidence of coverage taken as a whole, and with consideration given to typography and format, as well as language, shall be such as to cause a reasonable person, not possessing special knowledge regarding health-care plans and evidences of coverage therefor, to expect benefits, services, charges, or other advantages which the evidence of coverage does not provide or which the health-care plan issuing such evidence of coverage does not regularly make available for enrollees covered under such evidence of coverage.

(2) Part 11 of article 3 of this title shall apply to health maintenance organizations, health-care plans, and evidences of coverage except to the extent that the commissioner determines that the nature of health maintenance organizations, health-care plans, and evidences of coverage render such article clearly inapplicable.

(3) An enrollee may not be canceled or nonrenewed on the basis of the status of such enrollee's health.

(4) No health maintenance organization, unless licensed as an insurer, may use in its name, contracts, or literature any of the words "insurance", "casualty", "surety", "mutual", or any other words descriptive of the insurance, casualty, or surety business and shall be distinguishable on the records of the secretary of state from the name or description of any insurance or surety corporation doing business in this state.

Source: L. 92: Entire article R&RE, p. 1705, § 1, effective July 1. L. 2000: (4) amended, p. 988, § 104, effective July 1.

Editor's note: This section is similar to former § 10-17-115 as it existed prior to 1992.

10-16-413.5. Return to home - legislative declaration - definitions.

(1) The general assembly hereby finds that:

(a) As individuals "age in place" in their own homes or other settings, they frequently contract with continuing care retirement communities, assisted living facilities, nursing facilities, or facilities for persons with dementia diseases and related disabilities to receive the services they need in order to maximize their independence;

(b) Elderly individuals and individuals with disabilities select particular facilities because of proximity to family and friends, religious affiliation, reputation in the community, or the security offered in a particular setting;

(c) Some health-care service plan contracts require that an enrollee be placed in a skilled nursing facility participating in the plan;

(d) Requiring an elderly individual or an individual with a disability to move into an unfamiliar environment can be traumatic and have an adverse effect on the person's psychological, social, and physical well-being;

(e) Elderly individuals and individuals with disabilities who require hospitalization need to be able to "return to home" without interference from health-care coverage providers, if the facility is able to provide the needed services and is willing to accept payment on the same terms as a network provider.

(2) As used in this section, unless the context otherwise requires:

(a) "Continuing care" means furnishing, pursuant to an agreement, shelter, food, and either nursing care or personal services whether such nursing care or personal services are provided in a facility or another setting designated by the agreement for continuing care, nursing care, or

personal care services, to an individual not related by consanguinity or affinity to the provider furnishing care upon payment of an entrance or rental fee.

(b) "Enrollee" means an individual who is eligible for health-care benefits under a contract with a carrier.

(3) On and after January 1, 2000, no carrier, including a carrier that offers a medicare supplement policy pursuant to article 18 of this title, shall deny payment for continuing care provided to an enrollee even if the provider is not under contract with the carrier if all of the following apply:

(a) The service is a covered benefit under the terms of the contract covering the enrollee;

(b) The enrollee:

(I) Prior to being hospitalized, resided where the continuing care services are to be provided;

(II) Had a contractual or other right to return to such location; and

(III) Returned to such location regardless of whether he or she returned to a different part of a facility in which he or she resided prior to hospitalization;

(c) The level of care that the enrollee needs may be provided at the location where the continuing care services are to be provided and the location is licensed by the state of Colorado as a skilled nursing facility and certified as participating in medicare; and

(d) With respect to an enrollee returning to the location where the continuing care services are to be provided pursuant to this section, the provider of continuing care services agrees to abide by the same terms and conditions that apply to participating providers under contract with the carrier, including but not limited to:

(I) Utilization review, quality assurance, peer review, and access to health-care services; and

(II) Management and administrative procedures including data and financial reporting procedures that may be required by the carrier.

(4) The carrier shall pay the provider of continuing care services for covered benefits at the same rate for the same level and intensity of services as providers under contract with the carrier.

(5) The enrollee shall have a cause of action against the carrier for a violation of this section. The action may be commenced by the enrollee or on behalf of the enrollee by an adult relative, friend, or guardian of the enrollee who has an interest in or the responsibility for the enrollee's welfare.

Source: L. 99: Entire section added, p. 1095, § 1, effective June 1. **L. 2014:** (1)(b), (1)(d), and (1)(e) amended, (SB 14-118), ch. 250, p. 984, § 15, effective August 6. **L. 2018:** (1)(a) amended, (HB 18-1091), ch. 74, p. 644, § 9, effective August 8.

10-16-414. Regulation of agents.

The commissioner may, after notice and hearing, promulgate such reasonable rules and regulations as are necessary to provide for the licensing of agents. An agent means a person directly or indirectly associated with a health-care plan who engages in solicitation or enrollment.

Source: L. 92: Entire article R&RE, p. 1706, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-116 as it existed prior to 1992.

10-16-415. Powers of insurers and nonprofit hospital, medical-surgical, and health service corporations.

(1) An insurance company licensed in this state, or a nonprofit hospital, medical-surgical, and health service corporation authorized to do business in this state, may either directly or through a subsidiary or affiliate, organize and operate a health maintenance organization under the provisions of part 1 of this article and this part 4. Notwithstanding any other law which may be inconsistent, any two or more such insurance companies, nonprofit hospital, medical-surgical, and health service corporations, or subsidiaries or affiliates thereof, may jointly organize and operate a health maintenance organization. An insurance company shall not be considered in violation of the laws regulating insurance by the providing of health care by a health maintenance organization owned or operated by an insurer or a subsidiary thereof.

(2) Notwithstanding any other provision of law, an insurer or a nonprofit hospital, medical-surgical, and health service corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group under such laws. Among other things, under such contracts, the insurer or nonprofit hospital, medical-surgical, and health service corporation may make benefit payments to health maintenance organizations for health-care services rendered by providers pursuant to contracts with health maintenance organizations.

Source: L. 92: Entire article R&RE, p. 1706, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-117 as it existed prior to 1992.

10-16-416. Examination.

(1) The commissioner may make an examination of the affairs of any health maintenance organization and providers with whom such organization has contracts, agreements, or other arrangements pursuant to its health-care plan as often as the commissioner deems it necessary for the protection of the interests of the people of this state but not less frequently than once every five years.

(2) Repealed.

(3) Every health maintenance organization and provider shall submit its books and records relating to the health-care plan to the examination required by subsection (1) of this section and shall in every way facilitate the examination. Medical records of individuals and records of physicians providing service under a contract to the health maintenance organization are not subject to the examination, although they may be subject to subpoena upon a showing of good cause. For the purpose of the examination, the commissioner may administer oaths to, and examine, the officers and agents of the health maintenance organization and the principals of its providers concerning their business.

(4) The expenses of examinations under this section shall be assessed against the organization being examined and remitted to the commissioner.

(5) In lieu of an examination, the commissioner may accept the report of an examination made by the commissioner or the head of the health department of another state.

(6) To supplement the examination powers of the commissioner, as provided in this section, the commissioner may request or require any foreign company, entity, or new applicant, or any domestic company may make a request to the commissioner, to be examined by independent examiners certified by the society of financial examiners, actuaries who are members of the American academy of actuaries, or other qualified loss reserve specialists, independent risk managers, independent certified public accountants, or other qualified examiners of insurance companies deemed competent by the commissioner, or any combination of such qualified persons. The commissioner may also accept, as part of the commissioner's examination, reports made by any qualified person pursuant to this subsection (6). Neither such persons nor members of their immediate families shall be officers of, connected with, or financially interested in the

entity, company, or applicant being examined other than as policyholders, nor shall they be financially interested in any other corporation or person affected by the examination, investigation, or hearing. The commissioner shall establish guidelines for assuring the neutrality of those persons to be authorized to supplement the examination procedures authorized in this section. The reasonable expenses and charges of such persons so retained or designated shall be paid directly by any foreign company, entity, or new applicant or domestic company to any such outside authorized examiner.

Source: **L. 92:** Entire article R&RE, p. 1706, § 1, effective July 1. **L. 97:** (1) amended, p. 530, § 3, effective April 24. **L. 2017:** (2) repealed and (3), (4), and (5) amended, (SB 17-249), ch. 283, p. 1546, § 9, effective June 1.

Editor's note: This section is similar to former § 10-17-118 as it existed prior to 1992.

10-16-417. Suspension or revocation of certificate of authority.

(1) The commissioner may suspend or revoke any certificate of authority issued to a health maintenance organization pursuant to part 1 of this article 16 and this part 4 if the commissioner finds that any of the following conditions exist:

(a) The health maintenance organization is operating significantly in contravention of its basic organizational document, its health-care plan, or in a manner contrary to that described in and reasonably inferred from any other information submitted pursuant to section 10-16-401, unless amendments to such submissions have been filed with and approved by the commissioner;

(b) The health maintenance organization issues evidence of coverage or uses a schedule of charges for health-care services which do not comply with the requirements of section 10-16-406;

(c) The health-care plan does not provide or arrange for basic health-care services;

(d) The commissioner determines that:

(I) The health maintenance organization does not meet the requirements of section 10-16-402 (1)(b); or

(II) The health maintenance organization is unable to fulfill its obligations to furnish health-care services as required under its health-care plan;

(e) The health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees;

(f) The health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation pursuant to section 10-16-404;

(g) The health maintenance organization has failed to implement the complaint system required by section 10-16-409 in a manner to reasonably resolve valid complaints;

(h) The health maintenance organization, or any person on its behalf, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(i) The continued operation of the health maintenance organization would be hazardous to its enrollees;

(j) The health maintenance organization has otherwise failed to substantially comply with part 1 of this article or this part 4.

(2) A certificate of authority shall be suspended or revoked only after compliance with the requirements of section 10-16-419.

(3) When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

(4) When the certificate of authority of a health maintenance organization is revoked, such organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit such further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health-care coverage.

Editor's note: This section is similar to former § 10-17-119 as it existed prior to 1992.

10-16-418. Rehabilitation, liquidation, or conservation of health maintenance organization.

(1) Any rehabilitation, liquidation, or conservation of a health maintenance organization is deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the commissioner pursuant to the law governing the rehabilitation, liquidation, or conservation of insurance companies, except as otherwise provided in this section.

(2) A provider which has not expressly agreed to hold enrollees harmless if the provider is not paid by the health maintenance organization may elect to take the priority of a person stated in section 10-3-541 (1)(b); except that, if such election is made, the claim by such provider shall only be paid upon condition that the provider shall not assert such claim against any enrollee of the health maintenance organization.

Editor's note: This section is similar to former § 10-17-120 as it existed prior to 1992.

Cross references: For provisions pertaining to the rehabilitation and liquidation of insurers, see part 5 of article 3 of this title 10.

10-16-419. Administrative procedures.

(1) When the commissioner has cause to believe that grounds for the denial of an application for a certificate of authority exist, or that grounds for the suspension or revocation of a certificate of authority exist, the commissioner shall notify the health maintenance organization in writing specifically stating the grounds for denial, suspension, or revocation and fixing a time of at least twenty days but, in the case of a denial, not more than sixty days thereafter for a hearing on the matter.

(2) After a hearing held pursuant to subsection (1) of this section or upon the failure of the health maintenance organization to appear at the hearing, the commissioner shall take action as is deemed advisable on written findings, which shall be mailed to the health maintenance organization.

(3) The provisions of article 4 of title 24, C.R.S., shall apply to proceedings under this section to the extent they are not in conflict with subsections (1) and (2) of this section, and any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals.

Source: L. 92: Entire article R&RE, p. 1710, § 1, effective July 1; (3) amended, p. 1600, § 125, effective July 1. L. 2017: (1) and (2) amended, (SB 17-249), ch. 283, p. 1547, § 11, effective June 1.

Editor's note: This section is similar to former § 10-17-122 as it existed prior to 1992.

Cross references: For judicial review by the court of appeals, see § 24-4-106.

10-16-420. Penalties and enforcement.

(1) The commissioner may, in lieu of suspension or revocation of a certificate of authority under section 10-16-417 and pursuant to the provisions of article 4 of title 24, C.R.S., levy an administrative penalty in an amount not less than one hundred dollars nor more than five hundred dollars, if reasonable notice in writing is given of the intent to levy the penalty and the health maintenance organization has a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation. The commissioner may augment this penalty by an amount equal to the sum that the commissioner calculates to be the damages suffered by enrollees or other members of the public.

(2) (a) If the commissioner, for any reason, has cause to believe that any violation of part 1 of this article 16 or of this part 4 has occurred or is threatened prior to levy of a penalty or suspension or revocation of a certificate of authority, the commissioner shall give notice to the health maintenance organization and to the representatives, or other persons who appear to be involved in such suspected violation, to arrange a conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation, and, if it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violations.

(b) Proceedings under this subsection (2) are not governed by any formal procedural requirements, and may be conducted in such manner as the commissioner deems appropriate under the circumstances.

(3) (a) The commissioner may issue an order directing a health maintenance organization or a representative of a health maintenance organization to cease and desist from engaging in any act or practice in violation of the provisions of part 1 of this article or this part 4.

(b) Within thirty days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of part 1 of this article or this part 4 have occurred. Such hearings shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(4) In the case of any violation of the provisions of part 1 of this article or this part 4, if the commissioner elects not to issue a cease-and-desist order or in the event of noncompliance with a cease-and-desist order issued pursuant to subsection (3) of this section, the commissioner may institute a proceeding to obtain injunctive relief or seek other appropriate relief through the attorney general.

(5) Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Source: **L. 92:** Entire article R&RE, p. 1710, § 1, effective July 1; (5) added, p. 1600, § 126, effective July 1. **L. 94:** (1) amended, p. 1630, § 29, effective May 31. **L. 2017:** (2) amended, (SB 17-249), ch. 283, p. 1547, § 13, effective June 1.

Editor's note: This section is similar to former § 10-17-124 as it existed prior to 1992.

10-16-421. Statutory construction and relationship to other laws.

(1) Except for sections 10-1-102, 10-1-116, 10-1-117, 10-1-118, 10-3-128, and 10-3-208, part 2 of article 1 of this title, and parts 4 to 8 of article 3 of this title, and as otherwise provided in this article, the provisions of the insurance law and provisions of nonprofit hospital, medical-surgical, and health service corporation laws shall not be applicable to any health maintenance organization granted a certificate of authority under this part 4.

(2) Solicitation of enrollees by a health maintenance organization granted a certificate of authority, or its representatives, shall not be construed as violating any provision of law relating to solicitation or advertising by health professionals; but such health professionals shall be individually subject to the laws, rules and regulations, and ethical provisions governing their individual profession.

(3) Any health maintenance organization authorized under part 1 of this article and this part 4 shall not be deemed to be practicing medicine and shall be exempt from the provisions of laws relating to the practice of medicine.

Editor's note: (1) This section is similar to former § 10-17-125 as it existed prior to 1992.

(2) Amendments to subsection (1) by House Bill 01-1064 and House Bill 01-1319 were harmonized.

ANNOTATION

Breach of contract or tort claim may not be brought against a health maintenance organization for negligently providing or failing to provide medical services and plaintiffs' attempt to distinguish "health care services" from "medical services" was not factually presented to the trial court in a timely manner. *Evans v. Colo. Permanente Med. Grp., P.C.*, 902 P.2d 867 (Colo. App. 1995), *aff'd in part, rev'd in part on other grounds*, 926 P.2d 1218 (Colo. 1996).

"Provisions of the insurance law" construed. In subsection (1), "provisions of the insurance law", when read in the context of this article (on health maintenance organizations), refers to the provisions of title 10 concerning general statutory regulations of the insurance industry. *Rederscheid v. Comprecare, Inc.*, 667 P.2d 766 (Colo. App. 1983).

10-16-421.5. Acquisition of control of or merger of a health maintenance organization.

No person may make a tender for or a request or invitation for tenders of, or enter into an agreement to exchange securities for or acquire in the open market or otherwise, any voting

security of a health maintenance organization or enter into any other agreement if, after the consummation thereof, that person would, directly or indirectly, (or by conversion or by exercise of any right to acquire) be in control of the health maintenance organization, and no person may enter into an agreement to merge or consolidate with or otherwise to acquire control of a health maintenance organization, unless, at the time any offer, request, or invitation is made or any agreement is entered into, or prior to the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the health maintenance organization information required by sections 10-3-801, 10-3-802, 10-3-803 (2) to (11), and 10-3-803.5 and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner.

Editor's note: This section is similar to former § 10-17-126 as it existed prior to 1992.

10-16-423. Confidentiality of health information.

Any data or information pertaining to the diagnosis, treatment, or health of any enrollee or applicant obtained from such person or from any provider by any health maintenance organization shall be held in confidence and shall not be disclosed to any person except to the extent that it may be necessary to carry out the purposes of part 1 of this article or this part 4; or upon the express consent of the enrollee or applicant; or pursuant to statute or court order for the production of evidence or the discovery thereof; or in the event of claim or litigation between such person and the health maintenance organization wherein such data or information is pertinent; or as otherwise required or permitted by state or federal law. A health maintenance organization shall be entitled to claim any statutory privileges against such disclosure that the

provider, who furnished such information to the health maintenance organization, is entitled to claim.

Source: **L. 92:** Entire article R&RE, p. 1712, § 1, effective July 1. **L. 2003:** Entire section amended, p. 1785, § 18, effective July 1.

Editor's note: The provisions of this section were similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

ANNOTATION

A patient's medical record may be examined by the patient's health maintenance organization (HMO) to the extent it is relevant to the claims against the HMO when the patient sues the HMO for the medical care it provided to the

patient. A review of the patient's complete medical record is relevant to the HMO's ability to prepare a defense. *Ortega v. Colo. Permanente Med. Group, P.C.*, 265 P.3d 444 (Colo. 2011).

10-16-424. Commissioner's authority to contract.

The commissioner, in carrying out his or her obligations pursuant to sections 10-16-402 (1)(b) and 10-16-417 (1), may contract with qualified persons concerning the determinations required to be made by the commissioner.

Source: **L. 92:** Entire article R&RE, p. 1713, § 1, effective July 1. **L. 2017:** Entire section amended, (SB 17-249), ch. 283, p. 1548, § 14, effective June 1.

Editor's note: The provisions of this section were similar to provisions of several former sections as they existed prior to 1992. For a detailed comparison, see the comparative tables located in the back of the index.

10-16-425. Applicability of provisions.

Nothing contained in part 1 of this article or this part 4 shall be construed to affect or apply to any trust, association, or nonprofit corporation which is established and administered by an employer, a labor organization or labor organizations, or jointly by an employer and a labor organization or labor organizations, and which on or after July 6, 1973, provides or arranges for health-care services only for employees of such employer and members of the families of such employees, or only for members of such labor organization or labor organizations and the families of such members, and for no other person or persons.

Source: L. 92: Entire article R&RE, p. 1713, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-129 as it existed prior to 1992.

10-16-426. Medicare supplement benefit standards.

Except for the requirements of section 10-18-105, the provisions of article 18 of this title shall not apply to all health maintenance organizations granted a certificate of authority under part 1 of this article or this part 4.

Source: L. 92: Entire article R&RE, p. 1713, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-132 as it existed prior to 1992.

10-16-427. Contractual relations.

(1) Every contract between a health maintenance organization and a medical group, independent practice association, or health professional employed by a health maintenance organization shall be written and include a hold harmless provision which shall provide that in the event a health maintenance organization fails to pay for health-care services rendered to an enrollee pursuant to a written contract between the health maintenance organization and a medical group, independent practice association, or health professional employed by the health maintenance organization, the enrollee shall not be liable for any moneys owed by the health maintenance organization.

(2) No medical group, independent practice association, or health professional employed by a health maintenance organization referred to in subsection (1) of this section or any agent, trustee, or contractee thereof may maintain any action against an enrollee for sums owed by the health maintenance organization.

Source: L. 92: Entire article R&RE, p. 1713, § 1, effective July 1.

Editor's note: This section is similar to former § 10-17-133 as it existed prior to 1992.

10-16-428. Prohibition concerning state-funded medical assistance. (Repealed)

Source: L. 92: Entire article R&RE, p. 1714, § 1, effective July 1. **L. 94:** Entire section repealed, p. 1594, § 2, effective July 1.

Editor's note: This section was similar to former § 10-17-134 as it existed prior to 1992.

10-16-429. Termination of contract.

A health maintenance organization shall not retroactively terminate a policy or contract issued pursuant to this part 4 except for fraud or intentional misrepresentation. For any termination other than for fraud or intentional misrepresentation, the health maintenance organization shall provide notice thirty days in advance of the cancellation of the policy or contract.

Source: L. 2013: Entire section added, (HB 13-1266), ch. 217, p. 981, § 34, effective May 13.

PART 5

PREPAID DENTAL CARE PLANS

10-16-501. Legislative declaration.

It is the policy of the general assembly and the intent and purpose of this part 5 to promote the availability and assure the competent quality of dental care on a prepaid basis, and to thereby

promote the health and welfare of the people of Colorado. The general assembly recognizes that health-care coverage may be offered to the citizens of this state by various entities with distinct organizational and functional forms. The placement of this part 5 in this article should in no way be construed so as to alter the distinct organizational and functional character of prepaid dental care plans or to alter the legal distinctions between such plans and other health-care coverage entities.

Source: **L. 92:** Entire article R&RE, p. 1714, § 1, effective July 1. **L. 94:** Entire section amended, p. 1649, § 92, effective May 31.

Editor's note: This section is similar to former § 10-16.5-102 as it existed prior to 1992.

10-16-502. Establishment of prepaid dental care plan organizations.

(1) No person, unless otherwise authorized pursuant to this title, may establish or operate a prepaid dental care plan organization in this state or sell or offer to sell, or solicit offers to purchase, or receive advanced or periodic consideration in conjunction with a prepaid dental care plan without obtaining and maintaining a certificate of authority pursuant to part 1 of this article and this part 5.

(2) Within ninety days after January 1, 1980, every prepaid dental care plan organization operating in this state and pursuant to part 1 of this article and this part 5 shall submit an application for a certificate of authority to the commissioner. Each such applicant may continue to operate as an organization until the commissioner acts upon the application.

(3) A prepaid dental care plan organized under part 1 of this article and this part 5 shall be subject to part 5 and part 11 of article 3 of this title but shall not be subject to any other laws of this state relating to insurance or insurance companies.

Source: **L. 92:** Entire article R&RE, p. 1714, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16.5-104 as it existed prior to 1992.

10-16-503. Application for certificate of authority.

(1) An application for a certificate of authority to operate as a prepaid dental care plan organization formed under part 1 of this article 16 and this part 5 shall be filed with the commissioner on a form prescribed by the commissioner. Such application shall be verified by an officer or authorized representative of the applicant and shall set forth, or be accompanied by, the following:

(a) A copy of any basic organizational document of the applicant such as the articles of incorporation, articles of association, partnership agreement, trust agreement, or other applicable documents and all amendments to such documents;

(b) A copy of all bylaws, rules and regulations, or similar documents regulating the conduct of the internal affairs of the applicant;

(c) A list of the names, addresses, and official positions of the persons who are responsible for the conduct of the affairs of the applicant, including, but not limited to, all members of the board of directors, board of trustees, executive committee, or other governing board or committee, the principal officers in the case of a corporation, and the partners or members in the case of a partnership or association;

(d) If the prepaid dental care plan organization is a corporation, evidence that the board of directors of such corporation includes:

(I) Dentists, duly licensed pursuant to article 220 of title 12, who have contracted with the corporation to render dental care services to enrollees;

(II) Enrollees of the prepaid dental care plan, who shall comprise at least one-third of the members of the board;

(e) A copy of any contract made or to be made between any providers or persons listed in paragraph (c) of this subsection (1) and the applicant;

(f) A statement generally describing the prepaid dental care plan organization and its dental plan or plans, facilities, and personnel;

(g) A copy of the form of enrollee coverage to be issued to the enrollees;

(h) A copy of the form of any group contract which is to be issued to employers, unions, trustees, or other applicants;

(i) Financial statements showing the applicant's assets, liabilities, and sources of financial support. If the applicant's financial affairs are audited by independent certified public accountants, a copy of the applicant's most recent regular certified financial statement shall satisfy this requirement unless the commissioner determines that additional or more recent

financial information is required for the proper administration of part 1 of this article and this part 5.

(j) A description of the proposed method of marketing the prepaid dental care plan, a financial plan which includes a three-year projection of the initial operating results anticipated, and a statement as to the sources of working capital as well as any other sources of funding;

(k) A power of attorney duly executed by such applicant, if not domiciled in this state, appointing the commissioner as the true and lawful attorney of such applicant in and for this state, upon whom all lawful process in any legal action or proceeding against the prepaid dental care plan organization on a cause of action arising in this state may be served;

(l) Repealed.

(m) Such other information as the commissioner may require.

(2) Any existing domestic prepaid dental care plan organization with fifteen hundred or more dental plan enrollees on January 1, 1980, shall have three years to meet the requirements of sections 10-16-505 and 10-16-506. However, such organization shall submit with its application or certificate of authority, a plan approved by the commissioner to meet the requirements of sections 10-16-505 and 10-16-506 at ten percent the first year of operation, fifty percent the second year of operation, and one hundred percent the third year of operation. In addition to exemptions provided elsewhere in this subsection (2), the commissioner may grant a one-year waiver from the provisions of this subsection (2).

(3) Within ten days following any significant modification of any matter furnished pursuant to subsection (1) of this section, a prepaid dental care plan organization shall file notice of such modification together with such supporting documents as are necessary to fully explain the modification with the commissioner.

Source: L. 92: Entire article R&RE, p. 1715, § 1, effective July 1; (1)(l) repealed, p. 1601, § 129, effective July 1. **L. 2019:** IP(1) and (1)(d)(I) amended, (HB 19-1172), ch. 136, p. 1657, § 54, effective October 1.

Editor's note: This section is similar to former § 10-16.5-105 as it existed prior to 1992.

10-16-504. Issuance of certificate of authority.

(1) Issuance of a certificate of authority shall be granted by the commissioner if the commissioner is satisfied that the following conditions are met:

- (a) The requirements of section 10-16-503 have been fulfilled;
 - (b) The prepaid dental care plan organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees;
 - (c) The agreement with providers for the provision of prepaid dental care services has been deemed sufficient;
 - (d) Each officer responsible for conducting the affairs of the prepaid dental care plan organization has filed with the commissioner, subject to the commissioner's approval, a fidelity bond in the amount of fifty thousand dollars.
- (2) A certificate of authority shall expire at 12 midnight on June 30 next following the date of issuance or renewal and shall be renewed as provided in section 10-3-117. A prepaid dental care plan organization shall pay a renewal fee as prescribed pursuant to section 10-3-207.

Source: L. 92: Entire article R&RE, p. 1717, § 1, effective July 1; (2) amended, p. 1601, § 130, effective July 1.

Editor's note: This section is similar to former § 10-16.5-106 as it existed prior to 1992.

10-16-505. Guarantee fund deposit.

- (1) A prepaid dental care plan organization subject to the provisions of part 1 of this article and this part 5 shall place on deposit with the commissioner a guarantee fund of cash, approved securities, or letter of credit approved by the commissioner in the amount of two dollars per enrollee for all enrollees entitled to dental care services pursuant to contracts issued by the prepaid dental care plan or ten thousand dollars, whichever is greater.
- (2) The cash or securities representing the guarantee fund required by this section shall be deposited with the commissioner under joint control in the same manner as prescribed in sections 10-3-206, 10-3-210, and 10-3-211.
- (3) An unpaid final judgment arising upon an enrollee coverage shall be a lien on the deposit prescribed by subsection (1) of this section, subject to execution after thirty days from the entry of final judgment. If the deposit is reduced, it shall be replenished within ninety days by the prepaid dental care plan organization.
- (4) Upon liquidation or dissolution of a prepaid dental care plan organization formed under part 1 of this article and this part 5 and the satisfaction of all its debts and liabilities, any balance remaining of the deposit prescribed in subsection (1) of this section together with any other

assets of the prepaid dental care plan organization shall be returned by the commissioner to the prepaid dental care plan organization.

(5) The deposit prescribed by subsection (1) of this section shall not apply with respect to a prepaid dental care plan organization which is funded by a federal, state, or municipal government or by any political subdivision thereof to the extent and for such period of time that the prepaid dental care plan organization can demonstrate to the commissioner the presence of operational commitments from such sources equivalent to such deposit.

Source: L. 92: Entire article R&RE, p. 1717, § 1, effective July 1; (2) amended, p. 1601, § 131, effective July 1. **L. 96:** (2) amended, p. 97, § 3, effective July 1.

Editor's note: This section is similar to former § 10-16.5-107 as it existed prior to 1992.

10-16-506. Reserve requirement - exception.

(1) A prepaid dental care plan organization formed under part 1 of this article and this part 5 at all times shall maintain for protection of enrollees a financial reserve consisting of two percent of prepaid charges collected from enrollees for the plan, until such reserve totals five hundred thousand dollars. Such reserve shall be in addition to the deposit prescribed by section 10-16-505.

(2) The reserve prescribed by subsection (1) of this section shall not apply with respect to a prepaid dental care plan organization which is funded by a federal, state, or municipal government or by any political subdivision thereof and which meets the requirements of section 10-16-505 (5).

Source: L. 92: Entire article R&RE, p. 1718, § 1, effective July 1.

Editor's note: This section is similar to former § 10-16.5-108 as it existed prior to 1992.

10-16-507. Enrollee coverage by prepaid dental care plan organizations - form filing requirements.

(1) Every enrollee in a prepaid dental care plan shall be issued an enrollee coverage form by the prepaid dental care plan organization.

(2) (a) No contract issued, renewed, or reinstated by a prepaid dental care plan organization shall contain any provision which limits or excludes payments under hospital or medical benefits coverage to or on behalf of the enrollee because the enrollee is eligible for or receiving medical assistance benefits under articles 4, 5, and 6 of title 25.5, C.R.S.

(b) The requirements of paragraph (a) of this subsection (2) shall apply to all such contracts issued, renewed, or reinstated on or after August 1, 1984.

(3) (a) For prepaid dental care plans, the prepaid dental care plan organization shall not issue or deliver enrollee coverage or an amendment, advertising matter, or sales material to any person in this state until the carrier has filed a copy of the form of the enrollee coverage or amendment, advertising matter, or sales material with the commissioner.

(b) The enrollee coverage must contain a clear and complete statement, if a contract, or a reasonably complete summary, if a certificate of contract, of:

(I) The prepaid dental care services to which the enrollee is entitled under the prepaid dental care plan;

(II) Any limitations of the services, kind of services, or benefits to be provided, including any deductible or copayment feature;

(III) Where and in what manner information is available as to how services may be obtained;

(IV) The enrollee's obligation respecting charges for the prepaid dental care plan.

(c) The enrollee coverage, advertising matter, and sales material must not contain any provisions or statements that are unjust, unfair, inequitable, misleading, or deceptive; encourage misrepresentation; or are untrue or misleading.

(d) The commissioner shall approve any form of enrollee coverage if the requirements of paragraphs (b) and (c) of this subsection (3) are met and the prepaid dental care plan organization is able, in the judgment of the commissioner, to meet its financial obligations under the enrollee coverage. It is unlawful to issue the form until approved by the commissioner. If the commissioner fails to disapprove a form of enrollee coverage within thirty days after the filing, the form is deemed approved. If the commissioner disapproves a form of enrollee coverage, advertising matter, or sales material, the commissioner shall notify the prepaid dental care plan organization, specifying the reasons for disapproval. The commissioner shall grant a hearing on a

disapproval within fifteen days after the commissioner receives a request in writing from the prepaid dental care plan organization.

Editor's note: (1) This section is similar to former § 10-16.5-109 as it existed prior to 1992.

(2) Subsection (3) is similar to former § 10-16-107 (4) as it existed prior to 2013.

10-16-508. Examination of prepaid dental care plan organization.

(1) The commissioner may visit once in each six months for the first three years after organization and once each year thereafter, or more often if deemed necessary by the commissioner, each prepaid dental care plan organization organized under part 1 of this article and this part 5 and examine its financial condition and its ability to meet its liabilities and its compliance with the laws of this state affecting the conduct of its business. The commissioner may visit and examine annually each prepaid dental care plan organization not organized under the laws of this state but authorized to transact business in this state.

(2) The commissioner may in like manner examine each prepaid dental care plan organization applying for an initial certificate of authority to do business in this state under part 1 of this article and this part 5.

(3) In lieu of making an examination, the commissioner may accept a full report of the most recent examination of a foreign or alien prepaid dental care plan organization, certified to by the appropriate examining official of another state, territory, commonwealth, or district of the United States.

Editor's note: This section is similar to former § 10-16.5-110 as it existed prior to 1992.

10-16-509. Operational expenses.

No more than thirty percent of prepaid charges in the first year of any contract, twenty-five percent of prepaid charges in the second year of any contract, and twenty percent of prepaid charges in any subsequent contract year shall be used for the marketing and administrative expenses of a prepaid dental care plan organization, including all costs related to soliciting enrollees and providers.

Editor's note: This section is similar to former § 10-16.5-112 as it existed prior to 1992.

10-16-510. Suspension or revocation of certificate of authority.

(1) The commissioner may suspend or revoke any certificate of authority issued to a prepaid dental care plan organization pursuant to part 1 of this article and this part 5 if the commissioner finds that any of the following conditions exist:

(a) The prepaid dental care plan organization is operating significantly in contravention of its basic organizational document or its prepaid dental care plan or in a manner contrary to that described in and reasonably inferred from any other information submitted pursuant to section 10-16-503, unless amendments to such submissions have been filed with and approved by the commissioner;

(b) The prepaid dental care plan organization issues evidence of coverage or uses a schedule of charges for prepaid dental care services which do not comply with the requirements of section 10-16-507;

(c) The prepaid dental care plan does not provide or arrange for basic prepaid dental care services;

(d) The prepaid dental care plan organization is unable to fulfill its obligations to furnish prepaid dental care services as required under its care plan;

(e) The prepaid dental care plan organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees;

(f) The prepaid dental care plan organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation pursuant to section 10-16-503 (1)(d);

(g) The prepaid dental care plan organization, or any person on its behalf, has advertised or merchandised its prepaid dental care services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(h) The continued operation of the prepaid dental care plan organization would be hazardous to its enrollees;

(i) The prepaid dental care plan organization has otherwise failed to substantially comply with part 1 of this article or this part 5.

(2) When the commissioner has cause to believe that grounds for the suspension or revocation of a certificate of authority exist, he shall notify the prepaid dental care plan organization in writing specifically stating the grounds for suspension or revocation and fixing a time of at least twenty days but not more than sixty days thereafter for a hearing on the matter.

(3) After such hearing, or upon the failure of the prepaid dental care plan organization to appear at such hearing, the commissioner shall take action as is deemed advisable on written findings which shall be mailed to the prepaid dental care plan organization.

(4) The provisions of article 4 of title 24, C.R.S., shall apply to proceedings under this section to the extent they are not in conflict with subsections (2) and (3) of this section.

(5) (a) The commissioner may, in lieu of suspension or revocation of a certificate of authority and pursuant to the provisions of article 4 of title 24, C.R.S., levy an administrative penalty in an amount not less than one hundred dollars nor more than five hundred dollars, if reasonable notice in writing is given of the intent to levy the penalty and the prepaid dental care plan organization has a reasonable time within which to remedy the defect in its operations which gave rise to the penalty citation. The commissioner may augment this penalty by an amount equal to the sum that the commissioner calculates to be the damages suffered by enrollees or other members of the public.

(b) (I) If the commissioner, for any reason, has cause to believe that any violation of part 1 of this article or this part 5 has occurred or is threatened, prior to levy of a penalty or suspension or revocation of a certificate of authority, the commissioner shall give notice to the prepaid dental care plan organization and to the representatives, or other persons who appear to be involved in such suspected violation, to arrange a conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation and, in the event it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violation.

(II) Proceedings under this paragraph (b) shall not be governed by any formal procedural requirements and may be conducted in such manner as the commissioner may deem appropriate under the circumstances.

(c) (I) The commissioner may issue an order directing a prepaid dental care plan organization or a representative of a prepaid dental care plan organization to cease and desist from engaging in any act or practice in violation of the provisions of part 1 of this article or this part 5.

(II) Within thirty days after service of the order of cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of part 1 of this article or this part 5 have occurred. Such hearings shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(d) In the case of any violation of the provisions of part 1 of this article or this part 5 if the commissioner elects not to issue a cease-and-desist order, or in the event of noncompliance with a cease-and-desist order issued pursuant to paragraph (c) of this subsection (5), the commissioner may institute a proceeding to obtain injunctive relief or seek other appropriate relief through the attorney general.

(6) When the certificate of authority of a prepaid dental care plan organization is suspended, the prepaid dental care plan organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees and shall not engage in any advertising or solicitation whatsoever.

(7) When the certificate of authority of a prepaid dental care plan organization is revoked, such organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of such organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner may, by written order, permit such further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing prepaid dental care coverage.

(8) Any final action of the commissioner pursuant to this section shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Editor's note: This section is similar to former § 10-16.5-114 as it existed prior to 1992.

10-16-511. Rehabilitation, liquidation, or conservation of prepaid dental care plan organization.

Any rehabilitation, liquidation, or conservation of a prepaid dental care plan organization shall be deemed to be the rehabilitation, liquidation, or conservation of an insurer and shall be conducted pursuant to part 5 of article 3 of this title.

Source: L. 92: Entire article R&RE, p. 1723, § 1, effective July 1; entire section amended, p. 1499, § 31, effective July 1.

Editor's note: (1) This section is similar to former § 10-16.5-115 as it existed prior to 1992.

(2) Amendments made to § 10-16.5-115 by section 31 of chapter 203, Session Laws of Colorado 1992, have been harmonized with this section since article 16.5 was repealed and the substantive provisions of former § 10-16.5-115 were moved to this section.

10-16-512. Other laws applicable.

In addition to the provisions of part 1 of this article and this part 5, the laws governing insurance companies, except as they are inconsistent with the provisions or purposes of this article, shall apply to prepaid dental care plans regulated pursuant to the provisions of part 1 of this article and this part 5.

PART 6

ACCOUNTABILITY OF INDEPENDENT MEDICAL EXAMINERS TO THEIR PATIENTS

10-16-601. Legislative declaration.

The general assembly declares that the intent of this part 6, which shall only apply to this title and not to articles 40 to 47 of title 8, C.R.S., is to ensure that patients have access to the best possible health-care decisions and information and to increase the confidence of consumers that doctors will be truly independent medical examiners.

Source: L. 96: Entire part added, p. 566, § 1, effective April 24.

10-16-602. Definitions.

As used in this part 6, unless the context otherwise requires:

(1) "Doctor" means a person licensed as a doctor under title 12, C.R.S., to provide health care to a patient.

(2) "Insurer" means a sickness and accident insurer and any health maintenance organization; fraternal benefit society; nonprofit hospital, medical-surgical, and health services corporation; prepaid health plans; or other entity providing health-care coverage or health benefits or health-care services, whether as a principal, indemnitor, surety, or contractor, authorized by the commissioner to conduct business in Colorado. "Insurer" also includes a self-insurer providing any health coverage or health benefit or health-care services certificate, agreement, contract, policy, or plan; except that the term "insurer" under this part 6 shall apply only to this part 6 and shall not include an insurer or self-insured employer under articles 40 to 47 of title 8, C.R.S.

(3) "Patient" means an individual covered by, or denoted as an insured, subscriber, enrollee, or purchaser under any health coverage or health benefit or health-care services certificate, agreement, contract, policy, or plan. "Patient" also includes a covered employee or dependent of an insured person.

Source: L. 96: Entire part added, p. 566, § 1, effective April 24. **L. 2004:** (2) amended, p. 903, § 25, effective May 21.

10-16-603. Independent medical examinations - governing standard.

All independent medical examinations performed by a doctor shall be performed in accordance with generally accepted professional standards of practice or care. It shall be unprofessional conduct for a doctor to perform an independent medical examination not in accordance with generally accepted professional standards of practice or care.

Source: L. 96: Entire part added, p. 567, § 1, effective April 24.

10-16-604. Financial interest in future care of patient prohibited.

No doctor that performs an independent medical examination shall have a financial or economic interest in the type or duration of treatment or the results of the examination.

Source: L. 96: Entire part added, p. 567, § 1, effective April 24.

10-16-605. Independence of examiners.

No insurer, employer, employee, patient, or agent or representative thereof shall attempt to dictate to any doctor performing an independent medical examination the type or duration of treatment or the results of the examination.

Source: L. 96: Entire part added, p. 567, § 1, effective April 24.

10-16-606. Applicability.

Nothing in this part 6 shall be construed to apply to any action under articles 40 to 47 of title 8, C.R.S.

Source: L. 96: Entire part added, p. 567, § 1, effective April 24.

PART 7

**CONSUMER PROTECTION STANDARDS ACT FOR THE OPERATION OF
MANAGED CARE PLANS**

10-16-701. Short title.

This part 7 shall be known and may be cited as the "Consumer Protection Standards Act for the Operation of Managed Care Plans".

Source: L. 97: Entire part added, p. 1325, § 2, effective July 1.

ANNOTATION

Law reviews. For article, "Managed Health Care in Colorado: Current Consumer Protection Standards", see 27 Colo. Law. 91 (July 1998).

10-16-702. Legislative declaration.

(1) The general assembly hereby finds, determines, and declares that the purposes of this part 7 are:

(a) To incorporate consumer protections in the creation and maintenance of provider networks by carriers;

(b) To establish standards to assure the adequacy, accessibility, and quality of health-care services offered under a managed care plan; and

(c) To establish requirements for written agreements between carriers offering managed care plans and participating providers regarding the standards, terms, and provisions under which the participating provider will provide services to covered persons.

Source: L. 97: Entire part added, p. 1325, § 2, effective July 1.

10-16-703. Applicability.

This part 7 applies to all managed care plans, except for workers' compensation and automobile insurance contracts, that are issued, renewed, extended, or modified on or after January 1, 1998.

Source: L. 97: Entire part added, p. 1325, § 2, effective July 1.

10-16-704. Network adequacy - required disclosures - balance billing - rules - legislative declaration - definitions.

(1) A carrier providing a managed care plan shall maintain a network that is sufficient in numbers and types of providers to assure that all covered benefits to covered persons will be accessible without unreasonable delay. In the case of emergency services, covered persons shall have access to health-care services twenty-four hours per day, seven days per week. Sufficiency

shall be determined in accordance with the requirements of this section and may be established by reference to any reasonable criteria used by the carrier, including but not limited to:

- (a) Provider-covered person ratios by specialty, which may include the use of providers through telehealth for services that may appropriately be provided through telehealth;
- (b) Primary care provider-covered person ratios;
- (c) Geographic accessibility, which in some circumstances may require the crossing of county or state lines;
- (d) Waiting times for appointments with participating providers;
- (e) Hours of operation;
- (f) The volume of technological and specialty services available to serve the needs of covered persons requiring covered technologically advanced or specialty care; and
- (g) An adequate number of accessible acute care hospital services within a reasonable distance, travel time, or both.

(1.5) (a) (I) The commissioner shall promulgate rules, consistent with federal law, to:

(A) Require a carrier providing managed care plans to include essential community providers in the carrier's network; or

(B) Allow a carrier providing managed care plans that provides a majority of covered professional services through physicians employed by the carrier or through a single contracted medical group to comply with the alternate standard for essential community providers permitted under federal law.

(II) For purposes of the rules, "essential community providers" includes providers that serve predominately low-income, medically underserved individuals, such as health-care providers defined in the federal law and under part 4 of article 5 of title 25.5; except that nothing in this subsection (1.5) requires any carrier to provide coverage for any specific medical procedure.

(b) The commissioner may promulgate rules to require carriers to be accredited by an accrediting entity recognized by the United States department of health and human services.

(2) (a) In any case where the carrier has no participating providers to provide a covered benefit, the carrier shall arrange for a referral to a provider with the necessary expertise and ensure that the covered person obtains the covered benefit at no greater cost to the covered person than if the benefit were obtained from participating providers.

(b) (I) A carrier offering a managed care plan with out-of-network benefits, that is not a health maintenance organization or a health maintenance organization with a point of service plan, may require that a covered person travel a reasonable distance beyond the requirements of

subsection (6) of this section for care within an adequate provider network in order to receive services from a participating provider. This paragraph (b) shall only apply if:

(A) The covered person resides outside of a metropolitan statistical area or primary metropolitan statistical area and the carrier has no participating providers to provide covered benefits in such geographic area; and

(B) The carrier demonstrates upon request by the commissioner, that the carrier has made unsuccessful good faith efforts to contract with local providers on reasonable terms.

(II) Subsection (2)(b)(I) of this section shall not apply to:

(A) Emergency services or primary care providers; and

(B) Cases in which the covered person is so severely ill or impaired that such person is unable to move from place to place without the aid of a mechanical device; has a physical or mental condition, verified by a physician licensed to practice medicine in this state or practicing medicine pursuant to section 12-240-107 (3)(i), that substantially limits the person's ability to move from place to place; or suffers from a physical hardship such that travel would threaten the safety or welfare of the covered person as verified by the covered person's in-network treating physician. Decisions in which a carrier contests the covered person's ability to travel may be appealed pursuant to section 10-16-113 or 10-16-113.5.

(c) (I) In cases where, as a result of the provisions of subparagraph (I) of paragraph (b) of this subsection (2), a covered person is required to travel a reasonable distance beyond the requirements of subsection (6) of this section for an adequate network in order to receive services from a participating provider, and the covered person knowingly seeks services from a nonparticipating provider, the carrier shall be responsible to pay to the provider the lesser of:

(A) The nonparticipating provider's bill charges;

(B) A negotiated rate; or

(C) In the absence of a negotiated rate, the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area. Nothing in this paragraph (c) shall require either a carrier or a nonparticipating provider to attempt to negotiate a reimbursement rate.

(II) Upon request the carrier shall disclose to the covered person or the nonparticipating provider whether the amount reimbursed to the nonparticipating provider was the nonparticipating provider's billed charges, a negotiated rate, or the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(III) A nonparticipating provider may balance bill the covered person in the event that the reimbursement rate described in subparagraph (I) of this paragraph (c) is not equal to the billed charges.

(IV) The commissioner shall promulgate rules defining the relevant geographic area for the purposes of sub-subparagraph (C) of subparagraph (I) of this paragraph (c). In the promulgation of such rules, the commissioner shall group together counties with similar demographic and economic characteristics. Such characteristics shall include, but not be limited to, average per capita income, the cost of housing, general cost of living, poverty and unemployment levels, or the primary economic base of the county.

(d) The carrier shall provide, in conspicuous, bold-faced type, an understandable disclosure in policy contract materials, certificates of coverage for a policyholder, and marketing materials about the following:

(I) Specific counties of the state where there are no participating providers;

(II) The circumstances under which the covered person may be balanced billed by nonparticipating providers; and

(III) The mechanisms to obtain the carrier's reimbursement rates to nonparticipating providers for specific covered health-care services.

(e) (I) A carrier shall make available upon request from the covered person or the nonparticipating provider, from whom the covered person is seeking treatment, the carrier's usual, customary, and reasonable rate for reimbursement for specific health-care services.

(II) The commissioner may, upon receipt of one or more complaints from a covered person or a covered person's nonparticipating treating provider, review the carrier's usual, customary, and reasonable rate to determine if the rate is established pursuant to an appropriate methodology that is based on generally accepted industry standards and practices.

(III) The carrier's methodology for determining usual, customary, and reasonable reimbursement rates shall be applied in a uniform manner statewide; except that geographic adjustments may be made apart from the standard methodology.

(f) Repealed.

(g) A health maintenance organization offering health benefits in this state may:

(I) Offer health benefit coverage in accordance with paragraph (i) of this subsection (2) to a small employer that is not located, or whose employees do not work or reside, within the health maintenance organization's geographic service area;

(II) Offer health benefit coverage in accordance with paragraph (i) of this subsection (2) in a geographic area within the carrier's service area in which a health maintenance organization is

unable to maintain an adequate network and is able to demonstrate to the commissioner upon request that the carrier has made unsuccessful good faith efforts to contract with local providers on reasonable terms; or

(III) Offer coverage pursuant to this paragraph (g) within a geographic area consistent with the requirements of section 10-16-105 (1) and (4).

(h) The health maintenance organization shall provide a disclosure to a small employer and its employees who purchase health insurance coverage under the circumstance described in this paragraph (h). Such disclosure shall also be given in writing to all interested policyholders and certificate holders as part of the sales and marketing materials before the insurer or entity approves an application for insurance from an insured. The disclosure shall contain the following statement: "Interested policyholders, certificate holders, and enrollees are hereby given notice that this small group policy requires that an insured travel outside of the geographic area to receive covered health benefits." The carrier shall, in a conspicuous location on the policy contract materials, certificates of coverage for a policyholder, and marketing materials, provide the disclosure required by this paragraph (h) in bold-faced, twelve-point type and all capital letters.

(i) (I) A health maintenance organization that offers coverage pursuant to this section may require that a covered person travel a reasonable distance beyond the area specified under subsection (6) of this section in order to receive services from a participating provider. Except for emergency services and benefits available for out-of-network services, in such cases where the covered person is required to travel a reasonable distance to receive services from a participating provider and knowingly seeks services from a nonparticipating provider, the health maintenance organization shall be responsible to pay for the lesser of:

(A) The provider's billed charges;

(B) A negotiated rate; or

(C) In the absence of a negotiated rate, the greater of the health maintenance organization's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(II) Upon request, the health maintenance organization shall disclose to the covered person or the nonparticipating provider whether the amount reimbursed to the nonparticipating provider was the nonparticipating provider's billed charges, a negotiated rate, or the greater of the carrier's average in-network rate for the relevant geographic area or the usual, customary, and reasonable rate for such geographic area.

(j) Nothing in paragraph (i) of this subsection (2) shall require either a carrier or a nonparticipating provider to attempt to negotiate a reimbursement rate.

(k) A nonparticipating provider may balance bill the covered person in the event that the reimbursement rate described in paragraph (i) of this subsection (2) is not equal to the provider's billed charges.

(l) The provisions of subsection (2)(i) of this section shall not apply to cases in which the covered person is so severely ill or impaired that such person is unable to move from place to place without the aid of a mechanical device; has a physical or mental condition, verified by a physician licensed to practice medicine in this state or practicing medicine pursuant to section 12-240-107 (3)(i), that substantially limits the person's ability to move from place to place; or suffers from a physical hardship such that travel would threaten the safety or welfare of the covered person as verified by the covered person's in-network treating physician. Decisions in which a carrier contests the covered person's ability to travel may be appealed pursuant to section 10-16-113 or 10-16-113.5.

(m) Notwithstanding any other provision of law, on and after September 1, 2006, for the duration of the term of a policy in effect when the insured pays the amount charged for a covered health-care service and seeks reimbursement from a carrier for such covered health-care service, the insured shall be liable for no more than the in-network copayment, coinsurance, and deductible for such service if:

(I) The insured seeks reimbursement from the carrier within twelve months after the provision of the service;

(II) Preauthorization is not required for the particular type of service provided; and

(III) A contract between the provider and the carrier was in place when the service was provided.

(2.5) (a) In the event of a material change to the carrier's network that could result in the application of subparagraph (I) of paragraph (b) of subsection (2) of this section, the carrier shall provide at least forty-five days prior to the change, in conspicuous bold-faced type, an understandable disclosure to all affected covered persons about the following:

(I) Specific network changes in the geographic area;

(II) The circumstances under which the covered person may be balance billed by nonparticipating providers; and

(III) The mechanisms to obtain the carrier's reimbursement rates to a nonparticipating provider for specific covered health-care services.

(b) In the event of a material change to the carrier's network that could result in the application of subparagraph (I) of paragraph (b) of subsection (2) of this section, the carrier shall provide notice of the change to the commissioner at least fifteen days prior to the change. Such notice may be provided by electronic means.

(c) In the event that a network of a managed care plan with out-of-network benefits that is not a health maintenance organization or a health maintenance organization with a point of service plan changes, and notice to covered persons is provided pursuant to section 10-16-705 (7), such notice shall include an understandable disclosure of:

(I) The circumstances under which the covered person may be balance billed by nonparticipating providers; and

(II) The mechanisms to obtain the carrier's reimbursement rate to nonparticipating providers for specific covered health-care services.

(d) In the event that a contract with a participating provider terminates or is terminated, notification to covered persons shall be provided pursuant to section 10-16-705 (7).

(2.7) (a) Nothing in subsection (2) or (2.5) of this section shall delay access to health-care services.

(b) Nothing in subparagraph (I) of paragraph (b) of subsection (2) of this section shall exempt a carrier from having a participating provider for all covered benefits. In any case where the carrier has no participating providers to provide a covered benefit, the provisions of paragraph (a) of subsection (2) of this section shall apply.

(3) (a) (I) In 1997, the general assembly enacted this part 7 with the express intent to incorporate consumer protections into the creation and maintenance of provider networks and to establish standards to assure the adequacy, accessibility, and quality of health-care services offered under a managed care plan.

(II) The general assembly hereby finds, determines, and declares that there are situations in which insured consumers receive health-care services, including procedures approved by their insurance carrier, in a network facility, with a primary provider that is a network provider, but in which other health-care professionals assisting with such procedures may not be in-network providers. In such situations, the consumer is not aware that the assisting providers are out-of-network providers. Further, the consumer may have little or no direct contact with the assisting health-care professionals. The division of insurance has interpreted the network adequacy provisions in this section, along with the provisions related to relationships between an insurer and a health-care provider in section 10-16-705, to hold the consumer harmless for additional charges from out-of-network providers for care rendered in a network facility. The division of insurance's interpretation of these statutes was challenged by an insurer and invalidated by a division of the Colorado court of appeals in *Pacific Life & Annuity Co. v. Colorado Div. of Ins.*, no. 04CA2169 (slip op.) (Feb. 23, 2006).

(III) The general assembly finds, determines, and declares that the division has correctly interpreted this section to protect a covered person from the additional expense charged by a provider who is an out-of-network provider, and has properly required carriers to hold the

covered person harmless. The division does not have regulatory authority over all health plans. Some consumers are enrolled in self-funded health insurance programs that are governed under the federal "Employee Retirement Income Security Act of 1974", 29 U.S.C. sec. 1001 et seq. Therefore, health-care facilities, carriers, and providers must provide consumers with disclosures about the potential impact of receiving services from an out-of-network provider or health-care facility and their rights under this section. Covered persons must have access to accurate information about their health-care bills and their payment obligations in order to enable them to make informed decisions about their health care and financial obligations.

(IV) Repealed.

(V) Therefore, the general assembly finds, determines, and declares that the purpose of Senate Bill 06-213 is to codify the interpretation of the division of insurance that holds consumers harmless for charges over and above the in-network rates for services rendered in a network facility.

(b) When a covered person receives services or treatment in accordance with plan provisions at an in-network facility, the benefit level for all covered services and treatment received through the facility shall be the in-network benefit. Covered services or treatment rendered at an in-network facility, including covered ancillary services or treatment rendered by an out-of-network provider performing the services or treatment at an in-network facility, shall be covered at no greater cost to the covered person than if the services or treatment were obtained from an in-network provider. A payment made by a covered person pursuant to this subsection (3)(b) must be applied to the covered person's in-network deductibles and out-of-pocket maximum amounts and in the same manner as if the cost-sharing payments were made to an in-network provider at an in-network facility.

(c) Repealed.

(d) (I) If a covered person receives covered services at an in-network facility from an out-of-network provider, the carrier shall pay the out-of-network provider directly and in accordance with this subsection (3)(d). At the time of the disposition of the claim, the carrier shall advise the out-of-network provider and the covered person of any required coinsurance, deductible, or copayment.

(II) When the requirements of subsection (3)(b) of this section apply, the carrier shall reimburse the out-of-network provider directly in accordance with section 10-16-106.5 the greater of:

(A) One hundred ten percent of the carrier's median in-network rate of reimbursement for that service in the same geographic area; or

(B) The sixtieth percentile of the in-network rate of reimbursement for the same service in the same geographic area for the prior year based on commercial claims data from the all-payer health claims database created in section 25.5-1-204.

(III) Payment made by a carrier in compliance with this subsection (3)(d) is presumed to be payment in full for the services provided, except for any coinsurance, deductible, or copayment amount required to be paid by the covered person.

(IV) This subsection (3)(d) does not preclude the carrier and the out-of-network provider from voluntarily negotiating an independent reimbursement rate. If the negotiations fail, the reimbursement rate required by subsection (3)(d)(II) of this section applies.

(V) This subsection (3)(d) does not apply when a covered person has received notice and given consent as required by section 12-30-112 or 25-3-121, as applicable, to use an out-of-network provider in compliance with the federal "No Surprises Act".

(VI) Repealed.

(4) When a treatment or procedure has been preauthorized by the plan, benefits cannot be retrospectively denied except for fraud and abuse. If a health carrier provides preauthorization for treatment or procedures that are not covered benefits under the plan, the carrier shall provide the benefits as authorized with no penalty to the covered person.

(4.5) (a) All claims paid by a carrier shall be considered final unless adjustments are made pursuant to this subsection (4.5).

(b) Except as otherwise provided in this subsection (4.5), adjustments to claims by the provider or the carrier shall be made within the time period set out in a contract between the provider and the carrier. Such time period shall be the same for the provider and the carrier and shall not exceed twelve months after the date of the original explanation of benefits.

(c) Except as otherwise provided in this subsection (4.5), if there is no contract between a provider and a carrier, adjustments to claims paid to providers shall be made within twelve months after the date of the original explanation of benefits. The time period for adjustments shall be the same for the provider and the carrier.

(d) (I) Adjustments to claims paid under a risk assumption or risk sharing agreement shall be made within six months after the last date of service for a period for which a settlement is being reconciled. The period for which a settlement is reconciled shall not exceed twelve months.

(II) For purposes of this paragraph (d), "risk assumption" and "risk sharing" refer to a transaction whereby the chance of loss, including the expenses for the delivery of service, with respect to the health care of a person is transferred to or shared with another entity in return for full consideration. Such transactions include, but are not limited to, full or partial capitation agreements, withholds, risk corridors, and indemnification agreements. Such transactions do not

include fee-for-service arrangements, per diem payments, and diagnostic-related group payment agreements.

(e) Adjustments to claims related to coordination of benefits with federally funded health benefit plans, including medicare and medicaid, shall be made within thirty-six months after the date of service.

(f) A carrier shall not retroactively adjust a claim based on eligibility if the provider received verification of eligibility within two business days prior to the delivery of services, unless the policyholder notified the carrier of an individual's ineligibility pursuant to section 10-16-103.5 (1).

(g) (I) (A) In circumstances where a carrier determines that a premium has not been received during a grace period required by section 10-16-202 (4) for an individual policy, the carrier may report to the provider that eligibility is contingent on payment of the premium due and that eligibility cannot be confirmed for the period that the premium is outstanding. In such cases, a carrier shall comply with the requirements of section 10-16-705 (12)(b) and (12)(c).

(B) If a carrier fails to report to the provider that eligibility is contingent on payment of premium due pursuant to sub-subparagraph (A) of this subparagraph (I), the carrier shall comply with paragraph (f) of this section.

(II) In circumstances where the provider receives information from the carrier that coverage is contingent upon receipt of a premium, the requirements of section 10-16-705 (3) shall not apply and the provider may collect payment for services from the enrollee.

(III) If the provider has collected payment from the enrollee and subsequently receives payment from the carrier, the provider shall reimburse the enrollee less any applicable copayments, deductibles, or coinsurance amounts.

(h) In circumstances where a carrier determines that a premium has not been received during a grace period required by section 10-16-214 (3) for a group policy, the carrier may report to the provider that the carrier is not required to pay for health-care services rendered to an enrollee during a time in which the carrier can demonstrate that the policyholder has secured coverage with another carrier.

(i) Nothing in this subsection (4.5) shall prohibit the carrier from requiring the enrollee to reimburse the carrier for claims paid by the carrier to the provider if:

(I) A change in eligibility status has occurred making the enrollee ineligible for coverage on the date services were provided; or

(II) An enrollee has committed fraud or material misrepresentation in applying for coverage or in receiving or filing for benefits.

(j) A carrier shall not retroactively adjust a claim based on eligibility if the provision of benefits is a required policy provision pursuant to section 10-16-202 (4) or 10-16-214 (3), unless the policyholder notified the carrier of an individual's ineligibility pursuant to section 10-16-103.5 (1).

(k) Nothing in this subsection (4.5) shall be construed to require a grace period for the payment of premiums to a health maintenance organization.

(l) (I) Any adjustment made by the carrier that recovers carrier overpayments to a provider shall include a written notice to the provider and shall contain a complete and specific explanation of such adjustments and information regarding the carrier's provider dispute resolution procedures pursuant to section 10-16-705 (13). Such notice shall be made to both the provider and the enrollee to the extent that the adjustment will result in enrollee liability. Notice to the enrollee required by this paragraph (l) shall include information regarding the carrier's enrollee appeals procedure rather than the carrier's provider dispute resolution procedures.

(II) (A) For claims adjusted by the carrier due to coordination of benefits, in addition to the requirements of this paragraph (l), upon request of the provider, the carrier shall provide all available information regarding the party responsible for payment of the claim to the provider.

(B) The carrier shall provide notice to the provider with the explanation of benefits regarding the availability of the information related to the party responsible for payment of the claim.

(m) Adjustments to claims made in cases where a carrier, pursuant to section 10-1-128 (5)(a)(IV), has reported fraud or abuse committed by the provider, shall not be subject to the requirements of this subsection (4.5).

(5) A managed care plan shall not deny benefits for emergency services previously rendered, based upon the covered person's failure to provide subsequent notification in accordance with plan provisions, where the covered person's medical condition prevented timely notification.

(5.5) (a) Notwithstanding any provision of law, a carrier that provides any benefits with respect to emergency services shall cover the emergency services:

(I) Without the need for any prior authorization determination;

(II) Regardless of whether the health-care provider furnishing emergency services is a participating provider with respect to emergency services;

(III) For services provided out of network;

(IV) Without imposing any administrative requirement or limitation on coverage that is more restrictive than the requirements or limitations that apply to emergency services received from in-network providers; and

(V) At the in-network benefit level, with the same coinsurance, deductible, or copayment requirements as would apply if the emergency services were provided by an in-network provider or at an in-network facility, and at no greater cost to the covered person than if the emergency services were obtained from an in-network provider at an in-network facility. Any payment made by a covered person pursuant to this subsection (5.5)(a)(V) must be applied to the covered person's in-network deductibles and in-network out-of-pocket maximum amounts and in the same manner as if the cost-sharing payments were made to an in-network provider or an in-network facility.

(a.5) (I) A carrier shall:

(A) Cover post-stabilization services provided by an out-of-network provider or at an out-of-network facility at no greater cost to the covered person than the cost that would apply, and with the same coinsurance, deductible, or copayment requirements as the requirements that would apply, if the post-stabilization services were obtained from an in-network provider or at an in-network facility; and

(B) Reimburse the out-of-network provider for post-stabilization services in accordance with subsection (3)(d)(II) of this section and the out-of-network facility in accordance with subsection (5.5)(b) of this section.

(II) Any payment made by a covered person pursuant to subsection (5.5)(a.5)(I) of this section must be applied to the covered person's in-network deductibles and in-network out-of-pocket maximum amounts.

(b) (I) If a covered person receives emergency services at an out-of-network facility, other than any out-of-network facility operated by the Denver health and hospital authority pursuant to article 29 of title 25, the carrier shall reimburse the out-of-network provider in accordance with subsection (3)(d)(II) of this section and reimburse the out-of-network facility directly in accordance with section 10-16-106.5 the greater of:

(A) One hundred five percent of the carrier's median in-network rate of reimbursement for that service provided in a similar facility or setting in the same geographic area; or

(B) The median in-network rate of reimbursement for the same service provided in a similar facility or setting in the same geographic area for the prior year based on claims data from the Colorado all-payer health claims database created in section 25.5-1-204.

(II) If a covered person receives emergency services at any out-of-network facility operated by the Denver health and hospital authority created in section 25-29-103, the carrier shall reimburse the out-of-network facility directly in accordance with section 10-16-106.5 the greater of:

(A) The carrier's median in-network rate of reimbursement for the same service provided in a similar facility or setting in the same geographic area;

(B) Two hundred fifty percent of the medicare reimbursement rate for the same service provided in a similar facility or setting in the same geographic area; or

(C) The median in-network rate of reimbursement for the same service provided in a similar facility or setting in the same geographic area for the prior year based on claims data from the Colorado all-payer health claims database described in section 25.5-1-204.

(III) Payment made by a carrier in compliance with this subsection (5.5)(b) is presumed to be payment in full for the services provided, except for any coinsurance, deductible, or copayment amount required to be paid by the covered person.

(c) This subsection (5.5) does not preclude the carrier and the out-of-network facility and the carrier and the provider from voluntarily negotiating an independent reimbursement rate. If the negotiations fail, the reimbursement rate required by subsection (5.5)(b) of this section applies.

(d) (I) Subsections (5.5)(a), (5.5)(b), and (5.5)(c) of this section do not apply to service agencies, as defined in section 25-3.5-103 (11.5), providing ambulance services, as defined in section 25-3.5-103 (3).

(II) (A) The commissioner shall promulgate rules to identify and implement a payment methodology that applies to service agencies described in subsection (5.5)(d)(I) of this section, except for service agencies that are publicly funded fire agencies.

(B) The commissioner shall make the payment methodology available to the public on the division's website. The rules must be equitable to service agencies and carriers; hold consumers harmless except for any applicable coinsurance, deductible, or copayment amounts; and be based on a cost-based model that includes direct payment to service agencies as described in subsection (5.5)(d)(I) of this section.

(C) The division may contract with a neutral third-party that has no financial interest in providers, emergency service providers, or carriers to conduct the analysis to identify and implement the payment methodology.

(e) Repealed.

(6) The carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers to covered persons and shall only market a network plan in a geographic area where network providers are accessible without unreasonable delay. In determining whether a health carrier has complied with this subsection (6), consideration shall be given to the relative availability of health-care providers in the service area under consideration.

(7) A carrier shall monitor, on an ongoing basis, the capacity and legal authority of the participating providers and facilities with which it contracts to furnish all covered benefits to covered persons.

(8) No managed care plan shall deny or restrict in-network covered benefits to a covered person solely because the covered person obtained treatment outside the network. This protection shall be disclosed in writing to the covered person. Nothing in this subsection (8) shall be construed to require a managed care plan to pay for any benefit obtained outside the plan's network unless the contract or certificate provides for that out-of-network benefit.

(9) Beginning January 1, 1998, a carrier shall maintain and make available upon request of the commissioner, the executive director of the department of public health and environment, or the executive director of the department of health care policy and financing, in a manner and form that reflects the requirements specified in paragraphs (a) to (k) of this subsection (9), an access plan for each managed care network that the carrier offers in this state. The carrier shall make the access plans, absent confidential information as specified in section 24-72-204 (3), C.R.S., available on its business premises and shall provide them to any interested party upon request. In addition, all health benefit plans and marketing materials shall clearly disclose the existence and availability of the access plan. All rights and responsibilities of the covered person under the health benefit plan, however, shall be included in the contract provisions, regardless of whether or not such provisions are also specified in the access plan. The carrier shall prepare an access plan prior to offering a new managed care network and shall update an existing access plan whenever the carrier makes any material change to an existing managed care network, but not less than annually. The access plan of a carrier offering a managed care plan shall demonstrate the following:

(a) An adequate number of accessible acute care hospital services, within a reasonable distance or travel time, or both;

(a.3) An adequate number of accessible primary care providers within a reasonable distance or travel time, or both;

(a.5) An adequate number of accessible specialists and sub-specialists within a reasonable distance or travel time, or both, or who may be available through the use of telehealth;

(a.7) Geographic accessibility, which in some circumstances may require the crossing of county or state lines;

(a.9) If the covered person has a pharmacy benefit, an adequate number of pharmacy providers within a reasonable distance, travel time, delivery time, or all three. Nothing in this paragraph (a.9) shall preclude the use of a retail or mail-order pharmacy provider.

(b) A carrier offering a managed care plan shall maintain procedures for making referrals within and outside its network that, at a minimum, must include the following:

(I) A comprehensive listing, made available to covered persons and primary care providers, of the plan's network participating providers and facilities;

(II) (A) A provision that referral options cannot be restricted to less than all providers in the network that are qualified to provide covered specialty services; except that a health maintenance organization may offer variable deductibles and copayments to encourage the selection of certain providers.

(B) A health maintenance organization that offers variable deductibles and copayments shall provide adequate and clear disclosure, as required by law, of variable deductibles and copayments to enrollees, and the amount of any deductible or copayment shall be reflected on the benefit card provided to the enrollees.

(III) Timely referrals for access to specialty care;

(IV) A process for expediting the referral process when indicated by medical condition; and

(V) (A) A provision that referrals approved by the plan cannot be retrospectively denied except for fraud or abuse;

(B) A provision that referrals approved by the plan cannot be changed after the preauthorization is provided unless there is evidence of fraud or abuse.

(c) The carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health-care needs of populations that enroll in managed care plans;

(d) The carrier's quality assurance standards, adequate to identify, evaluate, and remedy problems relating to access, continuity, and quality of care;

(e) The carrier's efforts to address the needs of covered persons with limited English proficiency and illiteracy, with diverse cultural and ethnic backgrounds, and with physical and mental disabilities;

(f) The carrier's methods for determining the health-care needs of covered persons, tracking and assessing clinical outcomes from network services, and evaluating consumer satisfaction with services provided;

(g) The carrier's method for informing covered persons of the plan's services and features, including but not limited to the following:

(I) The plan's grievance procedures, which shall be in conformance with division rules concerning prompt investigation of health claims involving utilization review and grievance procedures;

(II) The extent to which specialty medical services, including physical therapy, occupational therapy, and rehabilitation services are available;

- (III) The plan's process for choosing and changing network providers; and
 - (IV) The plan's procedures for providing and approving emergency and medical care;
 - (h) The carrier's system for ensuring the coordination and continuity of care for covered persons referred to specialty providers;
 - (i) The carrier's process for enabling covered persons to change primary care professionals;
 - (j) The carrier's proposed plan for providing continuity of care in the event of contract termination between the carrier and any of its participating providers or in the event of the carrier's insolvency or other inability to continue operations. The description shall explain how covered persons will be notified of the contract termination or the carrier's insolvency or other cessation of operations and transferred to other providers in a timely manner.
 - (k) Any other information required by the commissioner to determine compliance with the provisions of this part 7.
- (10) (a) In determining the reasonableness of travel time and distances for the purposes of this section, consideration shall be given to differences in travel times for rural areas as opposed to urban areas, the relative availability of health-care providers, the location where the majority of people in the area access nonemergency services, and the managed care plan's good faith efforts to contract with local providers at reasonable rates.
- (b) The commissioner, upon the commissioner's authority or upon review of one or more complaints, may require the carrier to demonstrate the adequacy of the network's plan as specified in subsection (9) of this section.
- (c) The commissioner may utilize the remedies outlined in section 10-3-1108 for failing to provide proper disclosures to covered persons pursuant to subsection (2) or (2.5) of this section.
- (11) The division of insurance, in cooperation with the chief medical officer for the state, shall evaluate a carrier's network adequacy plan concerning the use of telehealth for providers who are specialists and sub-specialists for rural areas. The division and chief medical officer shall conduct the review in a timely fashion so as not to delay access to health-care services.
- (12) (a) On and after January 1, 2020, carriers shall develop and provide disclosures to covered persons about the potential effects of receiving emergency or nonemergency services from an out-of-network provider or at an out-of-network facility. The disclosures must, at a minimum, comply with the federal "No Surprises Act" and the rules adopted under subsection (12)(b) of this section.
- (b) The commissioner, in consultation with the state board of health created in section 25-1-103 and the applicable regulators of health-care occupations and professions, shall adopt rules to specify the list of the ancillary services for which an out-of-network provider or out-of-network

facility must not balance bill a covered person and the disclosure requirements under this subsection (12).

(c) Receipt of the disclosures required by this subsection (12) does not waive a covered person's protections under subsection (3) or (5.5) of this section or the right to benefits under the health benefit plan at the in-network benefit level for all covered services and treatment received.

(13) (a) (I) The general assembly finds and declares that:

(A) Under current state law, providers resolve out-of-network reimbursement disputes through an individual, claim-by-claim arbitration process that, for some providers with smaller reimbursement amounts being disputed, is prohibitively expensive and administratively burdensome;

(B) Because the cost of arbitration exceeds the amount of the underpaid claim, this process particularly impacts smaller provider groups;

(C) The division has an established complaint process that allows providers to submit complaints to ensure that payment requirements are met by carriers. This established complaint process requires the resolution of claims within thirty days after the complaint containing the claims has been filed if there are one hundred or fewer claims submitted on the complaint form and allows for additional time when there are more than one hundred claims submitted on the complaint form. However, the complaint process does not ensure prompt payment to providers of money owed when carriers are deemed to have violated payment requirements.

(D) To improve fairness in the health insurance market, the division's existing oversight and enforcement authority of carrier payments to providers should be augmented to compel prompt payment from carriers when underpayment is identified in the complaint process, thereby providing a more effective pathway for providers to challenge underpayment; and

(E) Carriers are not required to disclose when a patient's health benefit plan is governed by state law, so the provider is unable to determine in which jurisdiction the provider may appeal.

(II) The general assembly therefore intends for this subsection (13) to:

(A) Streamline out-of-network dispute resolutions by granting the division additional enforcement authority within its out-of-network complaint process, including a requirement to compel prompt payment from carriers when underpayment is identified;

(B) Require jurisdictional transparency by mandating that carriers clearly state on a remittance advice when a health benefit plan is regulated by state law; and

(C) Empower data-driven enforcement by requiring carriers to disclose the specific methodologies used to determine out-of-network reimbursement and by granting the commissioner authority to order corrective payments and impose fines for noncompliance.

(b) When a carrier makes a payment to a provider or a health-care facility pursuant to subsection (3)(d) or (5.5)(b) of this section, the provider or the facility may request, and the commissioner shall collect, data from the carrier to evaluate the carrier's compliance in paying the highest rate required. The information provided must include the methodology for determining the carrier's median in-network rate and reimbursement for each service in the same geographic area. Data submitted by a carrier pursuant to this subsection (13)(b) is proprietary, a trade secret, and confidential pursuant to section 24-72-204 (3)(a)(IV).

(c) Beginning January 1, 2027, when a carrier makes a payment to a provider or a health-care facility pursuant to subsection (3)(d) or (5.5)(b) of this section, the carrier shall provide a remittance advice that identifies when the health benefit plan the carrier is making the payment pursuant to is regulated by the state and that the payment was made pursuant to subsection (3)(d) or (5.5)(b) of this section.

(d) A carrier shall provide the carrier's median in-network reimbursement rate for out-of-network claims on each remittance advice.

(14) Repealed.

(15) (a) (I) If a provider or a health-care facility believes that a payment made pursuant to subsection (3) or (5.5) of this section or section 12-30-113 or a health-care facility believes that a payment made pursuant to subsection (5.5) of this section or section 25-3-122 (3) was not sufficient given the complexity and circumstances of the services provided, the provider or the health-care facility may initiate arbitration by filing a request for arbitration with the commissioner and the carrier. A provider or health-care facility must submit a request for the arbitration of a claim within ninety days after the receipt of payment for that claim.

(II) Prior to arbitration under subsection (15)(a)(I) of this section, if requested by the carrier and the provider or health-care facility, the commissioner may arrange an informal settlement teleconference to be held within thirty days after the request for arbitration. The parties shall notify the commissioner of the results of the settlement conference.

(III) Upon receipt of notice that the settlement teleconference was unsuccessful, the commissioner shall appoint an arbitrator and notify the parties of the arbitration.

(b) The commissioner shall promulgate rules to implement an arbitration process that establishes a standard arbitration form and includes the selection of an arbitrator from a list of qualified arbitrators developed pursuant to the rules. Qualified arbitrators must be independent; not be affiliated with a carrier, health-care facility, or provider, or any professional association of carriers, health-care facilities, or providers; not have a personal, professional, or financial conflict with any parties to the arbitration; and have experience in health-care billing and reimbursement rates.

(c) Within thirty days after the commissioner appoints an arbitrator and notifies the parties of the arbitration, both parties shall submit to the arbitrator, in writing, each party's final offer and each party's argument. The arbitrator shall pick one of the two amounts submitted by the parties as the arbitrator's final and binding decision. The decision must be in writing and made within forty-five days after the arbitrator's appointment. In making the decision, the arbitrator shall consider the circumstances and complexity of the particular case, including the following areas:

(I) The provider's level of training, education, experience, and specialization or subspecialization; and

(II) The previously contracted rate, if the provider had a contract with the carrier that was terminated or expired within one year prior to the dispute.

(d) If the arbitrator's decision made pursuant to subsection (15)(c) of this section requires additional payment by the carrier above the amount paid, the carrier shall pay the provider in accordance with section 10-16-106.5. A carrier shall not recalculate a covered person's cost-sharing amount based on an additional payment required or made as a result of an arbitration decision.

(e) The party whose final offer amount was not selected by the arbitrator shall pay the arbitrator's expenses and fees. If the parties reach a settlement after an arbitrator is appointed but before the arbitrator makes a final decision, the parties shall split the costs of the arbitration equally unless otherwise agreed by the parties.

(15.5) (a) Beginning January 1, 2027, at least once every twelve months, a carrier shall confirm the network participation of a mental health provider, substance use disorder provider, or psychiatric nurse, as the terms are defined in section 10-16-705.7, who has not submitted a claim in the preceding twelve months or has otherwise communicated with the carrier in a manner evidencing the provider's intent to continue participating in the carrier's network and for whom no change in provider status is reported by a centralized national provider database that collects, standardizes, and maintains provider credentialing and practice information.

(b) The carrier shall contact the provider, or the provider's designated notice contact identified in the provider's contract agreement with the carrier, by mail or the electronic means that the carrier traditionally uses to communicate with providers in the carrier's provider network to confirm the provider's intent to continue participating in the carrier's provider network and to inquire whether the provider is accepting new patients. If, based on the provider's feedback, the provider's information needs to be updated in the carrier's provider network directories, the carrier must update its carrier's provider network directories, as necessary, within five business days after contacting the provider.

(c) If the provider fails to respond to a carrier's inquiry within thirty days after the carrier contacts or attempts to contact the provider or the provider's designated notice contact identified

in the provider's contract agreement with the carrier, the carrier shall mail a follow-up request to the provider by certified mail, return receipt requested, or the electronic means that the carrier traditionally uses to communicate with providers in the carrier's provider network. If the provider fails to respond to the carrier's follow-up request within thirty days after receipt of the request, the carrier must remove the provider from its carrier provider network and update its carrier's provider network directories, as necessary, within five business days after the expiration of the thirty-day period.

(16) Repealed.

(17) The commissioner shall post on the division's website information on the state and federal agencies that a covered person may contact if a provider, facility, or carrier violates this section.

(18) The commissioner may adopt rules to implement this section, including rules necessary to implement the requirements of the federal "No Surprises Act".

(19) As used in this section:

(a) "Ancillary services" means:

(I) Diagnostic services, including radiology and laboratory services, unless excluded by rule of the secretary of the United States department of health and human services pursuant to 42 U.S.C. sec. 300gg-132 (b)(3);

(II) Items and services related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether or not provided by a physician or nonphysician provider, unless excluded by rule of the secretary of the United States department of health and human services pursuant to section 2799B-2 (b)(3) of the federal "No Surprises Act";

(III) Items and services provided by assistant surgeons, hospitalists, and intensivists, unless excluded by rule of the secretary of the United States department of health and human services pursuant to section 2799B-2 (b)(3) of the federal "No Surprises Act";

(IV) Items and services provided by an out-of-network provider if there is no in-network provider who can furnish the needed services at the facility; and

(V) Any other items and services provided by specialty providers as established by rule of the commissioner.

(b) "Applicable regulators of health-care occupations and professions" means the:

(I) Colorado state board of chiropractic examiners created in section 12-215-104;

(II) Colorado dental board created in section 12-220-105;

(III) Colorado medical board created in section 12-240-105;

- (IV) State board of psychologist examiners created in section 12-245-302;
- (V) State board of social work examiners created in section 12-245-402;
- (VI) State board of marriage and family therapist examiners created in section 12-245-502;
- (VII) State board of licensed professional counselor examiners created in section 12-245-602;
- (VIII) State board of unlicensed psychotherapists created in section 12-245-702;
- (IX) State board of addiction counselor examiners created in section 12-245-802;
- (X) State board of nursing created in section 12-255-105;
- (XI) Board of examiners of nursing home administrators created in section 12-265-106;
- (XII) State board of optometry created in section 12-275-107;
- (XIII) State board of pharmacy created in section 12-280-104;
- (XIV) State physical therapy board created in section 12-285-105;
- (XV) Colorado podiatry board created in section 12-290-105; and
- (XVI) The director of the division of professions and occupations in the department of regulatory agencies.

(c) "Balance bill" means:

(I) The amount that an out-of-network provider may charge a covered person for the provision of health-care services, which amount equals the difference between the amount paid by the carrier for the health-care services and the amount of the out-of-network provider's billed charge for the health-care services; and

(II) The act of a nonparticipating provider charging a covered person the difference between the billed amount and the amount the carrier paid the provider.

(d) "Emergency medical condition" means a medical condition that manifests itself by acute symptoms of sufficient severity, including severe pain, that a prudent layperson with an average knowledge of health and medicine could reasonably expect, in the absence of immediate medical attention, to result in:

(I) Serious jeopardy to the health of the individual or, with respect to a pregnant woman, the health of the woman or unborn child;

(II) Serious impairment to bodily functions; or

(III) Serious dysfunction of any bodily organ or part.

(e) (I) "Emergency services", with respect to an emergency medical condition, means:

(A) A medical screening examination that is within the capability of the emergency department of a hospital or a freestanding emergency department, as applicable, including ancillary services routinely available to the emergency department to evaluate the emergency medical condition; and

(B) Within the capabilities of the staff and facilities available at the hospital, regardless of the department in which further examination or treatment is furnished, or the freestanding emergency department, as applicable, further medical examination and treatment as are required to stabilize the patient to ensure, within reasonable medical probability, that no material deterioration of the condition is likely to result from or occur during the transfer of the patient from a facility.

(II) For a covered person who is provided services described in subsections (19)(e)(I)(A) and (19)(e)(I)(B) of this section with respect to an emergency medical condition, unless each of the conditions in subsection (19)(e)(III) of this section are met, the term "emergency services" includes services that are:

(A) Covered under the health benefit plan; and

(B) Provided by a nonparticipating provider or nonparticipating emergency facility, regardless of the department or the facility in which the items or services are provided, after the covered person is stabilized and as part of the outpatient observation or inpatient or outpatient stay, with respect to the emergency visit in which the services described in subsection (19)(e)(I) of this section are provided.

(III) For the purposes of subsection (19)(e)(II) of this section, the conditions described in this subsection (19)(e)(III), with respect to a covered individual who is stabilized and furnished additional items and services described in subsection (19)(e)(II) of this section after the stabilization by a provider or facility are the following:

(A) The out-of-network provider or out-of-network facility determines the covered person is able to travel using nonmedical transportation or nonemergency medical transportation;

(B) The out-of-network provider or out-of-network facility has provided the covered person with notice and obtained consent as required by section 12-30-112 or 25-3-121, as applicable;

(C) The covered person is in a condition to receive the notice and consent described in section 12-30-112 or 25-3-121 and to provide informed consent; and

(D) The out-of-network provider or out-of-network facility is in compliance with, at a minimum, other requirements established in 42 U.S.C. sec. 300gg-111 and any federal regulations adopted pursuant to 42 U.S.C. sec. 300gg-111.

(f) "Federal 'No Surprises Act'" means the federal "No Surprises Act", Pub.L. 116-260, as amended.

(g) "Freestanding emergency department" has the same meaning as set forth in section 25-1.5-114 (5).

(h) "Geographic area" means a specific area in this state as established by the commissioner by rule.

(i) "In-network facility" means a participating provider that is a health-care facility.

(j) "In-network provider" means a participating provider who is an individual.

(k) "Medicare reimbursement rate" means the reimbursement rate for a particular health-care service provided under the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", 42 U.S.C. sec. 1395 et seq., as amended.

(l) "Negotiated rate" means the rate mutually agreed upon between the carrier and the provider in a specific instance.

(m) "Stabilized" means the condition of a patient in which, within reasonable medical probability, no material deterioration of the condition is likely to result from or occur during the transfer of the patient from one facility or department to another.

(n) "Usual, customary, and reasonable rate" means a rate established pursuant to an appropriate methodology that is based on generally accepted industry standards and practices.

ANNOTATION

When an insured receives care or treatment from a nonparticipating provider at an in-network facility, there is no negotiated rate, and the nonparticipating provider is under no contractual obligation to charge a rate other than his or her normal rate, and the insurer is mandated to pay to an

insured only in-network benefits. The insurer is not required to pay the nonparticipating provider's bill balance to shield the insured from making a payment above what it would make to a participating provider. *Pac. Life & Annuity Co. v. Colo. Div. of Ins.*, 140 P.3d 181 (Colo. App. 2006).

10-16-705. Requirements for carriers and participating providers - definitions - rules.

(1) In addition to any other applicable requirements of this part 7, a carrier offering a managed care plan shall satisfy all the requirements of this section.

(2) A carrier shall maintain a mechanism by which providers can access information on the covered health services for which the provider is responsible, including any limitations or conditions on services.

(3) Every contract between a carrier and a participating provider shall set forth a hold harmless provision specifying that covered persons shall, in no circumstances, be liable for

money owed to participating providers by the plan and that in no event shall a participating provider collect or attempt to collect from a covered person any money owed to the provider by the carrier. Nothing in this section shall prohibit a participating provider from collecting coinsurance, deductibles, or copayments as specifically provided in the covered person's contract with the managed care plan.

(4) (a) Every contract between a carrier and a participating provider shall include provisions for continuity of care as specified in this subsection (4).

(b) Each carrier that issues a managed care plan shall allow covered persons to continue receiving care for up to ninety days after the date a carrier has provided notice to an individual enrolled in such plan pursuant to subsection (4)(d)(II)(A) of this section that the contract is terminated. The carrier shall provide the requisite coverage or continuing care to the covered person at the covered person's in-network benefit level cost-sharing amount during the period beginning on the date on which the notice of termination is given pursuant to subsection (4)(d)(II)(A) of this section and ending on the earlier of the ninety-day period beginning on such date or the date on which the covered person is no longer a continuing care patient with the provider or health-care facility.

(c) In the circumstance that coverage is terminated for any reason other than nonpayment of the premium, fraud, or abuse, every managed care plan shall provide for continued care for covered persons being treated at an in-patient facility until the patient is discharged.

(d) (I) A carrier shall comply with the requirements of subsection (4)(d)(II) of this section if a participating provider, whether an individual provider or a facility, is treating a continuing care patient who is a covered person under the plan and if:

(A) The contract between the carrier and the participating provider is terminated due to the expiration or nonrenewal of the contract;

(B) The benefits provided under the managed care plan or the health insurance coverage, with respect to the provider or facility, are terminated due to the expiration or nonrenewal of the contract between the carrier and the provider or facility because of a change in the terms of the participation in the plan or coverage; or

(C) A contract between the group health plan and the carrier offering coverage in connection with the group health plan is terminated due to the expiration or nonrenewal of the contract, resulting in the loss of benefits under the plan with respect to the participating provider that is providing treatment or services to the covered person in compliance with the federal "No Surprises Act".

(II) A carrier subject to this subsection (4)(d) shall:

(A) Notify each covered person who is receiving care from a provider or facility with whom a contract is terminated as described in subsection (4)(d)(I) of this section, at the time of the termination of the contract, that the patient has the right to elect continued transitional care from the treating provider or facility if the termination of the contract affects the status of the provider or facility as a participating provider;

(B) Provide the covered person with an opportunity to notify the managed care plan or carrier of the need for transitional care; and

(C) Permit the covered person to elect to continue to have benefits provided under the covered person's current plan or coverage under the same terms and conditions as would have applied and with respect to the same items and services as would have been covered had a termination described in subsection (4)(d)(I) of this section not occurred, with respect to the course of treatment furnished by the provider or facility relating to the covered person's status as a continuing care patient during the period beginning on the date on which the notice under subsection (4)(d)(II)(A) of this section is provided and ending on the ninety-first day after that date or the date on which the covered person is no longer a continuing care patient with respect to the provider or facility, whichever is earlier.

(III) As used in this subsection (4)(d):

(A) "Continuing care patient" means a covered person who, with respect to a provider or facility whose contract with the covered person's carrier is terminated: Is undergoing a course of treatment for a serious and complex medical condition, which course of treatment is provided by the provider or facility; is undergoing a course of inpatient care provided by the provider or facility; is pregnant and undergoing a course of treatment for the pregnancy provided by the provider or facility; is terminally ill as determined under section 1861 (dd)(3)(A) of the federal "Social Security Act", as amended, and is receiving treatment for the illness from the provider or facility; or is scheduled to undergo nonelective surgery from the provider or facility, including the receipt of postoperative care from the provider or facility with respect to the surgery.

(B) "Serious and complex medical condition" means, in the case of acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm or, in the case of a chronic illness or condition, a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.

(C) "Terminated", with respect to a contract, means the expiration or nonrenewal of the contract; except that "terminated" does not include a contract terminated for failure to meet applicable quality standards or for fraud.

(4.5) (a) As used in this subsection (4.5):

(I) "Facility" means a health-care facility licensed or certified pursuant to section 25-1.5-103.

(II) "Medicaid" means a medical assistance program established pursuant to the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5.

(III) "Serious and complex medical condition" has the same meaning as set forth in subsection (4)(d)(III)(B) of this section.

(IV) "Transferring enrollee" means an individual who:

(A) Was enrolled in medicaid or the children's basic health plan but is no longer eligible for benefits through the program in which the individual was enrolled; or

(B) Was covered under a health benefit plan whose coverage has not been renewed because the carrier is no longer offering any health benefit plans that the individual is eligible for and is therefore enrolled in a new health benefit plan and who: Is undergoing a course of treatment for a serious and complex medical condition that is treated by the provider or facility; is undergoing a course of inpatient care provided by the provider or facility; is pregnant and undergoing a course of treatment for the pregnancy provided by the provider or facility; is terminally ill as determined under section 1861 (dd)(3)(A) of the federal "Social Security Act", 42 U.S.C. sec. 1395x, as amended, and is receiving treatment for the illness from the provider or facility; or is scheduled to undergo nonelective surgery from the provider or facility, including the receipt of postoperative care from the provider or facility with respect to the surgery.

(b) A carrier shall allow a transferring enrollee to continue to receive treatment as an in-network benefit from an out-of-network provider or facility as follows:

(I) A transferring enrollee being treated by an out-of-network provider or facility may continue to receive treatment from that provider or facility until the current episode of treatment ends or until ninety days after the enrollee is covered by a new health benefit plan, whichever occurs first.

(II) A transferring enrollee who is pregnant and being treated by an out-of-network provider or facility may continue to receive treatment through the completion of postpartum care, beginning on the date of the enrollee's first day as a covered person under a new health benefit plan.

(c) (I) During the time periods covered under subsection (4.5)(b) of this section:

(A) A carrier shall reimburse the out-of-network provider or facility at the carrier's standard in-network reimbursement rate; and

(B) The carrier may require the out-of-network provider or facility to adhere to the carrier's terms and conditions, quality of care standards and protocols, referral process, and reporting standards that apply to comparable in-network providers or facilities in order for the out-of-network provider or facility to be eligible for reimbursement under subsection (4.5)(c)(I)(A) of this section.

(II) If an out-of-network provider or facility has been reimbursed pursuant to subsection (4.5)(c)(I)(A) of this section, the transferring enrollee shall not be balance billed.

(d) This subsection (4.5) does not require a provider or facility to continue to provide care for a transferring enrollee after the applicable time period in subsection (4)(b) of this section.

(e) A carrier subject to this subsection (4.5) shall:

(I) Notify the transferring enrollee, in plain language, at the time of enrollment that the enrollee has the right to elect continued transitional care from an out-of-network provider or facility if the enrollee is a transferring enrollee; and

(II) At the request of the transferring enrollee or the enrollee's provider, grant the transferring enrollee an opportunity to notify the carrier of the need for continued transitional care within one month after the transferring enrollee's effective date of coverage.

(f) (I) At the request of the transferring enrollee or provider, a new carrier shall accept a preauthorization for treatment from the previous carrier for coverage by the new carrier or from the department of health care policy and financing for:

(A) The procedures, treatment, medications, or services that are covered benefits under the new health benefit plan; and

(B) A period of ninety days or for the course of treatment, whichever is less, or until the completion of postpartum care.

(II) Subject to state and federal laws relating to the confidentiality of medical records, at the request and with the consent of an enrollee, a carrier shall provide a copy of the enrollee's preauthorization for treatment to the enrollee's new carrier within ten days after receipt of the request.

(III) After the applicable time period under subsection (4.5)(b) of this section has lapsed, the new carrier may elect to perform its own utilization review in order to:

(A) Reassess and make its own determination regarding the need for continued treatment; and

(B) Authorize any continued procedure, treatment, medication, or service deemed to be medically necessary.

(g) This subsection (4.5) does not require a carrier to provide benefits to an enrollee that are not otherwise covered benefits under the health benefit plan.

(h) The commissioner may adopt rules to implement this subsection (4.5).

(5) (a) Except as provided for in paragraph (b) of this subsection (5), notwithstanding any contractual provision to the contrary, a carrier that has entered into contracts with one or more

contractors or subcontractors or their intermediaries to provide covered health-care services to covered persons of the carrier under any managed care plan shall, in the event of nonpayment by, or insolvency of, such contractors or subcontractors or their intermediaries, remain responsible for the payment of all participating providers that have provided covered health-care services to covered persons of the carrier pursuant to one or more contracts with such contractors or subcontractors or their intermediaries. Any contracting provider that provides covered health-care services to covered persons of the carrier under a managed care contract shall, in the event of nonpayment for such services, have legal standing to enforce the managed care contract against the carrier and receive payment for such services. In the event of the insolvency of a carrier, participating provider claims for unpaid services shall be a class 6 claim under section 10-3-541 (1)(f).

(b) A carrier may apply to the commissioner for the use of an alternative mechanism to ensure that all participating providers that have provided covered health-care services to covered persons of the carrier pursuant to one or more contracts with such contractors or subcontractors or their intermediaries receive payment due. If approval is granted, said carrier shall be exempt from the requirements of paragraph (a) of this subsection (5).

(6) A carrier shall notify participating providers of the providers' responsibilities with respect to the carrier's applicable administrative policies and programs, including but not limited to, payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements, and any applicable federal or state programs.

(6.5) A carrier that has entered into a contract with one or more intermediaries to conduct utilization management, utilization review, provider credentialing, administration of health insurance benefits, setting or negotiation of reimbursement rates, payment to providers, network development, or disease management programs shall require the intermediary to comply with the same standards, guidelines, medical policies, and benefit terms of the carrier.

(7) A carrier and participating provider shall provide at least sixty days written notice to each other before terminating the contract without cause. The carrier shall make a good faith effort to provide written notice of termination within fifteen working days after receipt of or issuance of a notice of termination to all covered persons that are patients seen on a regular basis by the provider whose contract is terminating, regardless of whether the termination was for cause or without cause. Where a contract termination involves a primary care provider, all covered persons that are patients of that primary care provider shall also be notified. Within five working days after the date that the provider either gives or receives notice of termination, the provider shall supply the carrier with a list of those patients of the provider that are covered by a plan of the carrier.

(8) The rights and responsibilities under a contract between a carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the carrier, and any subcontracts shall comply with the requirements of this part 7.

(9) A carrier's contract with participating providers shall include a provision that participating providers do not discriminate, with respect to the provision of medically necessary covered benefits, against covered persons that are participants in a publicly financed program.

(9.5) If the health benefit plan provides coverage for a second opinion, the carrier and any entity that contracts with the carrier shall disclose the availability of the second opinion along with the health benefit description form.

(10) A carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, copayments, or deductibles from covered persons pursuant to the evidence of coverage or of the providers' obligations, if any, to notify covered persons of their personal financial obligations for noncovered services.

(10.5) (a) A carrier that has entered into a contract with one or more intermediaries to conduct utilization management, utilization review, provider credentialing, administration of health insurance benefits, setting or negotiation of reimbursement rates, payment to providers, network development, or disease management programs, shall require the intermediary to indicate the name of the intermediary and the name of the carrier for which it is conducting the work when making any payment to a health-care provider on behalf of the carrier.

(b) (I) A violation of subsection (6.5) of this section or this subsection (10.5) is an unfair or deceptive act or practice in the business of insurance pursuant to section 10-3-1104.

(II) The commissioner may examine the actions of a carrier pursuant to subsection (6.5) of this section and this subsection (10.5) when conducting a market conduct analysis pursuant to part 2 of article 1 of this title.

(11) A carrier shall not penalize a provider because the participating provider, in good faith, reports to state or federal authorities any act or practice by the carrier that jeopardizes patient health or welfare, or because the participating provider discusses the financial incentives or financial arrangements between the provider and the managed care plan.

(11.5) A carrier or entity that contracts with the carrier shall not penalize a primary care provider who makes a standing referral of a covered person to a specialist, nor shall the specialist treating the covered person be penalized, with actions that include but are not limited to disincentives or disaffiliation, except for violations of section 10-1-128.

(12) (a) A carrier shall establish one or more mechanisms by which the participating providers may determine, at the time services are provided, whether or not a person is covered by the carrier or is within the grace period established under section 10-16-140 (1), during which

period a carrier may hold a claim for services pending receipt of full premium payment. If a carrier maintains only one mechanism, such mechanism shall not require electronic access.

(b) (I) Each carrier, regardless of the mechanism used, shall issue a verification code that the participating provider may use as proof of verification as required by section 10-16-704 (4.5)(f).

(II) In lieu of the requirements of this paragraph (b), for the purposes of verifying the carrier's communication to the provider pursuant to section 10-16-704 (4.5)(g) or (4.5)(h), a carrier may submit written confirmation to a provider within two business days.

(III) If a carrier provides electronic access as a mechanism to verify coverage, the carrier may, in lieu of the requirement to issue a verification code through such mechanism, accept as proof of verification a dated screen print from the carrier's electronic verification mechanism demonstrating that the member is eligible pursuant to section 10-16-704 (4.5)(g) or that the carrier is not required to pay for services pursuant to section 10-16-704 (4.5)(h).

(c) In lieu of the requirements of paragraph (b) of this subsection (12), a carrier may institute a policy providing that adjustments to claims related to eligibility will be made only if the carrier can demonstrate that the member did not appear as eligible on any of the carrier's verification mechanisms on the date of service.

(d) A carrier shall notify participating providers of the mechanisms available to verify eligibility and the carrier's intent with respect to the requirements of paragraphs (a), (b), and (c) of this subsection (12).

(13) A carrier shall establish procedures for resolution of administrative, payment, or other disputes between providers and the carrier.

(14) Every contract between a carrier or entity that contracts with a carrier and a participating provider for a managed care plan that requires preauthorization for particular services, treatments, or procedures shall include:

(a) A provision that clearly states that the sole responsibility for obtaining any necessary preauthorization rests with the participating provider that recommends or orders said services, treatments, or procedures, not with the covered person; and

(b) A provision that allows a covered person to receive a standing referral for medically necessary treatment to a specialist or specialized treatment center participating in the carrier's network or participating in a subdivision or subgrouping of the carrier's network if the subdivision or subgrouping demonstrates network adequacy pursuant to section 10-16-704. The primary care provider for the covered person, in consultation with the specialist and covered person, shall determine that the covered person needs ongoing care from the specialist in order to make the standing referral. A time period for the standing referral of up to one year, or a longer period of time if authorized by the carrier or any entity that contracts with the carrier, shall be

determined by the primary care provider in consultation with the specialist or specialized treatment center. The specialist or specialized treatment center shall refer the covered person back to the primary care provider for primary care. To be reimbursed by the carrier or entity contracting with a carrier, treatment provided by the specialist shall be for a covered person and must comply with provisions contained in the covered person's certificate or policy. The primary care physician shall record the reason, diagnosis, or treatment plan necessitating the standing referral.

(15) A contract between a carrier and a participating provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or this part 7.

(16) A provider who is not licensed to furnish health-care services in this state and who participates in a network shall be licensed in the state in which the provider practices and shall meet minimum statutory and regulatory standards for that professional practice applicable in this state.

ANNOTATION

Subsection (7) of this section and § 10-16-121 are expressions of the intent of the general assembly that termination clauses should be permitted in contracts between

doctors and health care providers.
Grossman v. Columbine Medical Group, Inc., 12 P.3d 269 (Colo. App. 1999).

10-16-705.5. Participating provider networks - definitions - selection standards - informal reconsideration - enforcement - legislative declaration.

- (1) The general assembly finds and declares that:
 - (a) Carriers create networks of providers that ensure consumers have access to an adequate number of providers to meet their needs;
 - (b) In the current marketplace, carriers offer consumers a multitude of plan options, some of which include a limited provider network that may result in a smaller number of participating providers from which to choose;
 - (c) Limited provider networks allow carriers and providers to work together to improve the quality of care and control the associated costs on behalf of consumers;
 - (d) Transparency in the market provides consumers, payers, and providers with information necessary to make informed decisions about health-care choices; and
 - (e) To ensure that consumers have sufficient access to care and appropriate, transparent information to make decisions related to their health care, carriers should:
 - (I) Disclose the standards used to construct their participating provider networks to the commissioner, providers, and consumers; and
 - (II) Provide a process for existing participating providers to seek reconsideration of a carrier's decision to change participation in a carrier's network, including tiering of a network.
- (2) As used in this section, unless the context otherwise requires:
 - (a) "High-risk population" means a population presenting a risk of higher-than-average numbers of claims, losses, or health-care utilization rates.
 - (b) "Tiered network" means a network that identifies and assigns some or all types of providers and facilities into specific groups to which different provider reimbursement, covered person cost sharing, or provider access requirements, or any combination of reimbursement, cost sharing, and access requirements, apply for the same service.
- (3)
 - (a) A carrier shall develop standards for the selection of providers in the carrier's participating provider network, including the selection of providers in each health-care specialty. If the carrier offers a tiered network, the carrier shall develop standards for tiering participating providers within the tiered network.
 - (b) The carrier and the carrier's intermediary shall use the standards developed pursuant to subsection (3)(a) of this section in selecting and tiering providers.
 - (c)
 - (I) A carrier shall not establish selection and tiering criteria in a manner that would:

(A) Allow a carrier to discriminate against high-risk populations by excluding or tiering providers based on their location in a geographic area that contains high-risk populations; or

(B) Exclude providers because they treat or specialize in treating high-risk populations.

(II) Nothing in this subsection (3)(c) prohibits a carrier from offering specific networks or products that are limited to designated service areas.

(d) A carrier shall make all applicable standards used for selecting and tiering available for review by the commissioner and shall communicate the standards to providers that are participating in one or more of its networks. Additionally, a carrier shall make a description of its standards, in plain language, available to the public.

(4) Upon request, and not more often than quarterly, a carrier shall provide a provider that is participating in one or more of its networks with a complete list of all network plans and products the carrier offers to consumers, with an indication of the provider's participation status within each network plan or product. The carrier shall respond to a provider's request within thirty days after it receives the request.

(5) (a) A carrier shall neither terminate a participating provider nor place a participating provider in a tiered network without first complying with the requirements of this subsection (5).

(b) At least sixty days before terminating or placing a participating provider in a tiered network, the carrier shall send a written notice to the participating provider informing the participating provider of the pending action. The notice must:

(I) Contain an explanation of the reasons for the proposed action in sufficient detail to enable the participating provider to challenge the proposed action, referencing the relevant information the carrier is relying on for the determination;

(II) Inform the participating provider of the opportunity to request the carrier to reconsider the pending action and the period for completing the informal reconsideration process; and

(III) Inform the participating provider of the carrier's ability to rescind the pending action.

(c) A carrier shall establish procedures for a participating provider to request a carrier to reconsider its decision to terminate the participating provider or place the participating provider in a tiered network. The procedures must include:

(I) A reasonable method by which the participating provider may submit a request for the carrier to reconsider a proposed pending action, including the name of the person or division to whom or to which the participating provider is to submit the request; and

(II) An opportunity to submit or have the carrier consider evidence that may correct information relevant to the pending action.

(d) The carrier shall complete the informal reconsideration process within forty-five days after the date the carrier received the request for reconsideration from the participating provider unless the carrier and participating provider agree to an alternative deadline to complete the informal reconsideration process.

(e) A carrier shall not implement the pending action specific to the participating provider that is the subject of a request for reconsideration until the carrier issues a final decision to grant or deny the request to reconsider the pending action.

(6) When a carrier does not select a provider to participate in the carrier's participating provider network, the carrier shall provide a written notification to the provider. The carrier is not required to provide an opportunity for reconsideration to a provider who is not participating in any of the carrier's participating provider networks.

(7) This section does not:

(a) Prohibit a carrier from declining to select a provider who fails to meet other legitimate selection criteria developed by the carrier in compliance with this section;

(b) Prohibit a carrier from creating an exclusive provider network; or

(c) Require a carrier to contract with any provider who is willing to abide by the terms and conditions for participation established by the carrier.

(8) (a) If the commissioner determines that a carrier has not complied with this section, the commissioner shall require a corrective action plan that the carrier must follow. The commissioner may use all enforcement powers under this title 10 to obtain compliance by the carrier.

(b) The commissioner and the commissioner's staff shall not arbitrate, mediate, or settle disputes regarding a decision not to include a provider in a network or tiered network or regarding any dispute between a carrier, the carrier's intermediary, or one or more providers arising under or by reason of a provider contract or its termination.

Source: L. 2017: Entire section added, (SB 17-088), ch. 135, p. 451, § 1, effective January 1, 2018.

10-16-705.7. Timely credentialing of providers by carriers - notice of receipt required - notice of incomplete applications required - delegated credentialing agreements - discrepancies - denials of claims prohibited - disclosures - recredentialing - enforcement - rules - definitions.

(1) As used in this section, unless the context otherwise requires:

(a) "Applicant" means a physician, mental health provider, substance use provider, or psychiatric nurse who submits an application to a carrier to become a participating provider in the carrier's provider network.

(b) "Application" means an applicant's application to become credentialed by a carrier as a participating provider in at least one of the carrier's provider networks.

(c) "Carrier credentialing alliance" means an organization of carriers that share activities or responsibilities pertaining to credentialing.

(d) "Credentialing" or "credential" means the process by which a carrier or its designee collects information concerning an applicant; assesses whether the applicant satisfies the relevant licensing, education, and training requirements to become a participating provider; verifies the assessment; and approves or disapproves the applicant's application.

(e) "Delegated credentialing agreement" means an agreement between a carrier and a designee by which the carrier delegates to the designee activities or responsibilities pertaining to credentialing.

(f) "Designee" means a third party to which a carrier delegates activities or responsibilities pertaining to credentialing.

(g) "Health-care facility" means a facility licensed or certified by the department of public health and environment pursuant to section 25-1.5-103.

(g.5) "Mental health provider" means a mental health entity licensed pursuant to article 1.5 of title 25 or mental health professional licensed or certified pursuant to article 245 of title 12, except for unlicensed psychotherapists regulated pursuant to article 245 of title 12.

(g.9) "Participating mental health provider, substance use provider, or psychiatric nurse" means a mental health provider, substance use provider, or psychiatric nurse who is credentialed by a carrier or its designee to provide health-care items or services to covered persons in at least one of the carrier's provider networks.

(h) "Participating physician" means a physician who is credentialed by a carrier or its designee to provide health-care items or services to covered persons in at least one of the carrier's provider networks.

(h.2) "Participating provider" means a participating physician or a participating mental health provider, substance use provider, or psychiatric nurse.

(i) "Physician" means a physician who is licensed pursuant to article 240 of title 12.

(i.5) "Pre-licensed provider" means a "registrant" as defined in section 12-245-202.

(i.7) "Psychiatric nurse" means a registered professional nurse, as defined in section 12-255-104, who, by virtue of postgraduate education and additional nursing preparation, has gained knowledge, judgment, and skill in psychiatric or mental health nursing.

(j) "Recredentialing" or "recredential" means the process by which a carrier or its designee confirms that a participating provider is in good standing and continues to satisfy the carrier's requirements for participating providers.

(k) "Substance use disorder provider" means a mental health entity licensed pursuant to article 1.5 of title 25 that specializes in treating substance use disorders or a mental health professional licensed or certified pursuant to article 245 of title 12 who specializes in treating substance use disorders, except for unlicensed psychotherapists regulated pursuant to article 245 of title 12.

(2) (a) Within seven calendar days after a carrier receives an application, the carrier shall provide the applicant a receipt in written or electronic form.

(b) Upon receiving an application, a carrier shall promptly determine whether the application is complete. If the carrier determines that the application is incomplete, the carrier shall notify the applicant in writing or by electronic means that the application is incomplete within ten calendar days after the date the carrier received the application. The notice must describe the items that are required to complete the application.

(c) If a carrier receives a completed application but fails to provide the applicant a receipt in written or electronic form within seven calendar days after receiving the completed application, as required by subsection (2)(a) of this section, the carrier shall consider the applicant a participating provider, effective no later than fifty-three calendar days following the carrier's receipt of the application.

(3) (a) A carrier shall conclude the process of credentialing an applicant within sixty calendar days after the carrier receives the applicant's completed application.

(b) A carrier shall provide each applicant written or electronic notice of the outcome of the applicant's credentialing within ten calendar days after the conclusion of the credentialing process.

(c) After concluding the credentialing process for an applicant and making a determination regarding the applicant's application, a carrier shall provide to the applicant, at the applicant's

request and as allowed by law, all nonproprietary information pertaining to the application and to the final decision regarding the application.

(4) Notwithstanding any other provision of this section:

(a) A carrier that enters into and complies with the requirements of a delegated credentialing agreement with a health-care facility, which agreement imposes equivalent or higher requirements than those described in this section, is deemed to be in compliance with the requirements of this section with regard to an applicant who works for that facility.

(b) A carrier that participates in and complies with the requirements of a carrier credentialing alliance that imposes equivalent or higher requirements than those described in this section is deemed to be in compliance with the requirements of this section.

(5) A carrier shall correct discrepancies in its provider or network directory within thirty calendar days after receiving a report of the discrepancy from the participating provider. A participating provider shall notify a carrier by mail or the electronic means that the carrier traditionally uses to communicate with the providers in the carrier's provider network of any change in the provider's name, address, telephone number, business structure, or tax identification number within fifteen business days after making the change.

(6) A carrier shall not deny a claim for a medically necessary covered service provided to a covered person if the service:

(a) Is a covered benefit under the covered person's health coverage plan; and

(b) Is provided by a participating provider who is in the carrier's provider network and has concluded the carrier's credentialing process.

(7) A carrier shall make the following nonproprietary information available to all applicants and shall post the information on its website:

(a) The carrier's credentialing policies and procedures;

(b) A list of the information required to be included in an application;

(c) A checklist of materials that must be submitted in the credentialing process;

(d) Designated contact information, including a designated point of contact, an email address, and a telephone number, to which an applicant may address any credentialing inquiries; and

(e) The requirements described in subsection (2) of this section and the authority of the commissioner to enforce the requirements and impose penalties for violations, as described in subsection (10) of this section.

(8) (a) A carrier or its designee may recredential a participating provider if recredentialing is:

(I) Required by federal or state law or by the carrier's accreditation standards; or

(II) Permitted by the carrier's contract with the participating provider.

(b) A carrier shall not require a participating provider to submit an application or participate in a contracting process in order to be recredentialed.

(c) This subsection (8) does not affect the contract termination rights of a carrier or a participating provider.

(9) Except as described in subsection (8) of this section and as may be provided in a contract between a carrier and a participating provider, a carrier shall allow a participating provider to remain credentialed and include the participating provider in the carrier's provider network unless the carrier discovers information indicating that the participating provider no longer satisfies the carrier's guidelines for participation, in which case the carrier shall satisfy the requirements described in section 10-16-705 (5) before terminating the participating provider's participation in the carrier's provider network.

(9.5) A carrier shall not refuse to credential an applicant or terminate a participating provider's participation in a carrier's provider network based solely on the applicant's or participating provider's provision of, or assistance in the provision of, a legally protected health-care activity, as defined in section 12-30-121 (1)(d), in this state, so long as the care provided did not violate Colorado law.

(9.7) (a) A carrier shall reimburse a participating mental health provider, substance use provider, or psychiatric nurse for covered medically necessary treatment, as defined in section 10-16-104 (5.5)(d)(IV), furnished by a pre-licensed provider who is under the supervision of the participating mental health provider, substance use provider, or psychiatric nurse who has satisfied all required supervision rules and criteria.

(b) If a health benefit plan offers out-of-network benefits, the carrier must reimburse the covered person for covered medically necessary treatment, as defined in section 10-16-104 (5.5)(d)(IV), that is provided by an out-of-network pre-licensed provider under the supervision of a nonparticipating mental health provider, substance use provider, or psychiatric nurse in accordance with the terms of coverage applicable to nonparticipating providers under the health benefit plan and the carrier's otherwise applicable requirements, which must be publicly available on the carrier's website, as long as the supervising provider submits documentation evidencing the supervision.

(10) The commissioner shall enforce this section and may adopt rules as necessary to implement this section. Upon receiving more than one complaint from an applicant or a participating provider alleging a violation of this section by a carrier, the commissioner shall investigate the complaints. A carrier that fails to comply with this section or with any rules

adopted pursuant to this section is subject to civil penalties that the commissioner may order pursuant to section 10-1-310.

Cross references: For the legislative declaration in SB 23-188, see section 1 of chapter 68, Session Laws of Colorado 2023.

10-16-706. Intermediaries.

(1) In addition to any other applicable requirements of this part 7, a contract between a carrier and an intermediary shall satisfy all the requirements of this section.

(2) Intermediaries and participating providers with whom they contract shall comply with all the applicable requirements of section 10-16-705.

(3) The responsibility to ensure that participating providers have the capacity and legal authority to furnish covered benefits shall be retained by the carrier.

(4) A carrier shall have the right to approve or disapprove participation status of a subcontracted provider in its own or a contracted network for the purpose of delivering covered benefits to the carrier's covered persons.

(5) A carrier shall maintain copies of all intermediary health-care subcontracts.

(6) If applicable, an intermediary shall transmit utilization documentation and claims paid documentation to the carrier. The carrier shall monitor the timeliness and appropriateness of payments made to participating providers and health-care services received by covered persons.

(7) If applicable, an intermediary shall maintain books, records, financial information, and documentation of services provided to covered persons at the intermediary's place of business in this state.

(8) An intermediary shall allow the commissioner access to the intermediary's books, records, financial information, and any documentation of services provided to covered persons as necessary to determine compliance with this part 7.

(9) A carrier shall have the right, in the event of the intermediary's insolvency, to require the assignment to the carrier of the provisions of a participating provider's contract addressing the provider's obligation to furnish covered services.

Source: L. 97: Entire part added, p. 1331, § 2, effective July 1.

10-16-707. Enforcement.

(1) If it is determined that a carrier has not contracted with enough participating providers to assure that covered persons have accessible health-care services in a geographic area, that a carrier's access plan does not assure reasonable access to covered benefits, that a carrier has entered into a contract that does not comply with this part 7, or that a carrier has not complied with a provision of this part 7, the commissioner may institute a corrective action that shall be followed by the carrier or may use any of the commissioner's other enforcement powers to obtain the carrier's compliance with this part 7.

(2) The commissioner shall not act to arbitrate, mediate, or settle disputes between a managed care plan and a provider concerning a provider's inclusion or termination from the network.

(3) Failure of a provider to comply with the requirements of section 10-16-705 (16) shall preclude a carrier from contracting with a provider.

Source: L. 97: Entire part added, p. 1332, § 2, effective July 1. **L. 2002:** (3) added, p. 1299, § 15, effective January 1, 2003.

10-16-708. Rule-making authority of commissioner.

The commissioner may promulgate rules as necessary for carrying out the commissioner's duties under this part 7.

Source: L. 97: Entire part added, p. 1332, § 2, effective July 1.

10-16-709. Evaluation - nonparticipating health-care providers - legislative declaration - rules.

(1) (a) The general assembly hereby finds and determines that not all health-care providers contract with all health insurers and therefore not all are participating providers. Health-care providers who do not contract with a carrier are considered to be nonparticipating providers as to that carrier. In addition, not all health-care providers are aware of the terms of health insurance coverage for health-care services provided to a consumer insured through individual or group health-care coverage. Therefore, the general assembly determines that there is a need to inform insured consumers of the scope of health insurance coverage available to the consumer for the services of nonparticipating providers who render services in a participating facility and the extent of an insured consumer's responsibility when services are rendered to an insured by a nonparticipating provider.

(b) The general assembly hereby declares that it is in the best interest of the residents of this state to provide administrative direction to health insurance carriers, health-care providers, and health facilities to provide timely notice to a consumer concerning when the person may or may not incur additional charges for covered health benefits received from health care providers.

(2) The insurance commissioner shall, in collaboration with the division of professions and occupations within the department of regulatory agencies, the department of public health and environment, any other state agency, and any interested party, hold public hearings to determine the extent and source of the problem of a consumer being billed for an amount not paid by his or her health insurance as a result of a nonparticipating provider delivering health-care services in a participating facility. These hearings shall also include an evaluation of the following:

- (a) Payments to nonparticipating providers in participating facilities;
- (b) Methods to improve disclosure to consumers of individual and group health insurance;
- (c) When a person may be responsible for amounts in excess of the person's covered benefits from a nonparticipating provider;
- (d) What the carrier's responsibilities are for payment for health benefits covered under the person's health benefit plan; and
- (e) The appropriate appeals process for insurers and health-care providers to settle disputes.

(3) The insurance commissioner, the department of public health and environment, and the division of professions and occupations, including, but not limited to, any **type 1** board under the supervision of the division of professions and occupations, may promulgate rules in accordance with the findings from the evaluation conducted pursuant to subsection (2) of this section.

(4) On or before February 1, 2005, the insurance commissioner shall report the findings of the evaluation pursuant to subsection (2) of this section to the business affairs and labor

committees of the house of representatives and the senate. The insurance commissioner shall include in the report a description of the rules promulgated pursuant to subsection (3) of this section. If a state agency did not promulgate rules pursuant to subsection (3) of this section, that state agency shall submit to the insurance commissioner, for inclusion in the commissioner's report to the business affairs and labor committees of the house of representatives and senate, the reasons why rules were not promulgated pursuant to subsection (3) of this section.

Source: L. 2004: Entire section added, p. 965, § 4, effective May 21.

10-16-710. Reporting to commissioner - medication-assisted treatment - rules.

- (1) A carrier shall report to the commissioner:
 - (a) The number of in-network providers who are federally licensed to prescribe medication-assisted treatment for substance use disorders, including buprenorphine; and
 - (b) The number of prescriptions filled by enrollees for medication-assisted treatment for substance use disorders; and
 - (c) The carrier's efforts to ensure sufficient capacity for and access to medication-assisted treatment for substance use disorders.
- (2) The commissioner shall promulgate rules concerning the reporting requirements specified in subsection (1) of this section, including the reporting period, the frequency of reporting, and any other provisions necessary to comply with the reporting requirement.

Source: L. 2020: Entire section added, (SB 20-007), ch. 286, p. 1391, § 9, effective July 13.

PART 8

TASK FORCE TO EVALUATE HEALTH CARE NEEDS FOR COLORADO

10-16-801. (Repealed)

Source: L. 2003: Entire part repealed, p. 1785, § 17, effective July 1.

Editor's note: This part 8 was added in 2001 and was not amended prior to its repeal in 2003. For the text of this part 8 prior to 2003, consult the 2002 Colorado Revised Statutes.

PART 9

MULTIPLE EMPLOYER WELFARE ARRANGEMENT PILOT PROGRAM

10-16-901 to 10-16-910. (Repealed)

Editor's note: (1) This part 9 was added in 2003. For amendments to this part 9 prior to its repeal in 2008, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 10-16-910 (1) provided for the repeal of this part 9, effective July 1, 2008. (See L. 2003, p. 1779.)

PART 10

HEALTH-CARE COVERAGE COOPERATIVES

Cross references: For provisions relating to health care coverage cooperatives prior to 2004, see article 18 of title 6 as contained in Colorado Revised Statutes 2003.

Law reviews: For article, "H.B. 94-1193: Health Care Purchasing Reform", see 23 Colo. Law. 2763 (1994).

10-16-1001. Legislative declaration.

(1) The general assembly hereby recognizes that, through the sunset review for the division of insurance within the department of regulatory agencies in October 2001, the general assembly adopted a recommendation to consolidate and relocate the regulatory functions concerning health-care cooperatives. The provisions of parts 1, 2, and 4 of article 18 of title 6, C.R.S., were, therefore, repealed and relocated to this part 10.

(2) The general assembly hereby finds that:

(a) Under the current health-care system in this state, individuals risk losing their health-care coverage when they lose or change jobs or when coverage becomes unaffordable;

(b) Continued escalation of health-care costs threatens the continued economic vitality of the state; and

(c) Health care is a critical part of the economy of this state, representing a significant percentage of public and private spending, and affects all industries and individuals in this state.

(3) The general assembly hereby determines that:

(a) Comprehensive health-care benefits that meet the full range of health needs, as mandated by Colorado and federal law, should be readily available to citizens of this state;

(b) The current high quality of health care in this state should be maintained;

(c) Employers and their employees in this state should be afforded a meaningful opportunity to choose from a range of health plans, health-care providers, and treatments;

(d) Competition in the health-care industry should ensure that health plans and health-care providers are efficient and charge reasonable prices;

(e) All individuals should have a responsibility to pay their fair share of the costs of health-care coverage;

(f) Colorado's health-care system should build on the strength of the employment-based coverage arrangements that now exist in this state; and

(g) In order to help control health-care costs, consumers should be empowered to organize to directly negotiate health-care prices with providers.

(4) The general assembly, therefore, declares that the purposes of this part 10 are to:

(a) Promote control of the cost of health care for employers, employees, and individuals who pay for health-care coverage by pooling purchasing power among consumers and organizing providers so that health-care services are delivered in the most efficient manner;

(b) Allow health-care cooperatives established under this part 10 flexibility in the determination of plans and coverages they provide to members and the selection of health provider networks, plans, and providers with which they contract for services;

(c) Promote individual choice among health plans and health-care providers;

(d) Ensure high quality health care; and

(e) Encourage all individuals to take responsibility for their health-care coverage by pooling consumer purchasing power through the organization of health-care markets in a more efficient and effective manner.

(5) The general assembly hereby finds, determines, and declares that the rapidly changing health-care market provides unique opportunities for health-care providers to organize themselves into new forms of collaborative systems to deliver high quality health care at competitive market prices to cooperatives and other purchasers. This part 10 is enacted to encourage such collaborative arrangements and to promote market-based competition among health-care providers.

(6) The general assembly further recognizes that, in order to achieve the most effective use of resources and medical technology to respond to changing market conditions, providers who would otherwise be competitors with each other will need to horizontally integrate in order to develop collaborative arrangements to guarantee an adequate number of providers to service the market and to vertically integrate in order to guarantee that those who receive services will have a continuum of care as appropriate to their care needs.

(7) The general assembly also recognizes that to effect such new forms of collaborative systems and integration of providers to service the market will require an analysis of:

(a) Existing methods of providing services, contracting, collaborating, and networking among providers; and

(b) The extent and type of regulatory oversight of licensed provider networks or licensed individual providers that is appropriate to protect the public.

Source: **L. 2004:** Entire part added, p. 992, § 14, effective August 4. **L. 2019:** (2)(a), (3)(a), (3)(e), (3)(f), (4)(a), and (4)(e) amended and (3)(g) added, (SB 19-004), ch. 205, p. 2190, § 2, effective August 2.

Cross references: For the legislative declaration in SB 19-004, see section 1 of chapter 205, Session Laws of Colorado 2019.

10-16-1002. Definitions.

As used in this part 10, unless the context otherwise requires:

(1) Repealed.

(2) "Cooperative" or "health-care coverage cooperative" means a health-care coverage cooperative created pursuant to this part 10 as an entity that provides to its members health coverage and health-care purchasing services, including but not limited to detailed information on comparative prices, usage, outcomes, quality, and member satisfaction with provider

networks. "Cooperative" does not include a cooperative association organized without capital stock in accordance with article 55 of title 7, C.R.S., that is subject to articles 121 to 137 of title 7, C.R.S., and that had filed articles of incorporation with the secretary of state on or before March 15, 1991.

(3) "Health information" has the same meaning as "medical information", as set forth in section 18-4-412 (2)(b), C.R.S. "Health information" also includes information that relates to the past, present, or future physical or mental health of the member and its eligible employees and to payment for the provision of health care to the member and its eligible employees.

(4) "Licensed provider network" shall have the same meaning as in section 6-18-301.5 (1), C.R.S.

(5) "Managed care" has the same meaning as "managed care plan", as defined in section 10-16-102 (43).

(6) (a) "Member" means any public or private employer that has employees covered for health benefits through a cooperative.

(b) If, pursuant to section 10-16-1009 (3)(1), a cooperative provides coverage to individuals and allows individuals to join the cooperative, "member" may also include an individual who is covered by a plan purchased through a cooperative and any dependent of the individual, including a dependent child who is under twenty-six years of age.

(6.5) "Member class" means the class of member based on whether the member would qualify for coverage in the individual market, the small employer fully insured market, the large employer fully insured market, or the employer self-insured market.

(7) "Person with financial interest in the cooperative's business" means one of the following or an immediate family member of one of the following:

(a) A health-care provider who is contracting or attempting to contract, directly or indirectly, with the cooperative;

(b) An individual who is an employee or member of the board of directors of, has a substantial ownership interest in, or derives substantial income from an entity or person that is contracting or attempting to contract, directly or indirectly, with the cooperative; or

(c) An employee of an association, law firm, or other institution or organization that represents the interests of one or more entities or persons that are contracting or attempting to contract, directly or indirectly, with the cooperative.

(8) "Provider network" means a group of health-care providers formed to provide health-care services to individuals.

(9) "Purchaser" means an individual, an organization, or a governmental entity that makes health benefit purchasing decisions on behalf of a group of individuals.

(9.5) "Self-insured" means not insured under a plan underwritten by a carrier.

(10) "Utilization management" means programs designed to assure appropriate utilization of health services relative to established standards or norms.

(11) Repealed.

10-16-1003. Privacy of health information.

(1) Individually identifiable health information collected for or by a cooperative is subject to HIPAA.

(2) (a) All disclosures of individually identifiable health information shall be restricted to the minimum amount of information necessary to accomplish the purpose for which the information is being disclosed.

(b) Any cooperative shall implement administrative, technical, and physical safeguards for the security of identifiable health information.

(3) (a) Subject to appropriate procedures established by a cooperative, an individual has the right to know whether any individual or entity uses or maintains individually identifiable health information concerning the individual and for what purpose the information may be used or maintained.

(b) Subject to appropriate procedures established by a cooperative, an individual has the right, with respect to identifiable health information concerning the individual that is recorded in any form or medium, to:

(I) See such information;

(II) Copy such information; and

(III) Have a notation made with or in such information including suggestions for amendments or corrections to such information requested by the individual or the individual's representative.

(4) Provider networks and providers in a network shall maintain the confidentiality of medical records as otherwise required by section 18-4-412, C.R.S., or other applicable law.

Source: **L. 2004:** Entire part added, p. 995, § 14, effective August 4. **L. 2019:** (1) amended, (SB 19-004), ch. 205, p. 2191, § 4, effective August 2.

10-16-1004. Health-care coverage cooperatives - establishment - fees.

(1) (a) There is hereby authorized the creation of entities to be known as health-care coverage cooperatives. A health-care coverage cooperative may be created as any lawful entity under articles 55, 56, 58, 101 to 117, or 121 to 137 of title 7, C.R.S., so long as such entity operates for the mutual benefit of its members. Entities created pursuant to this part 10, in addition to the matters otherwise required, are subject to this part 10.

(b) Each cooperative shall follow the organizational requirements and corporate governance requirements of its statutory incorporation and, in addition, shall provide internal procedures that comply with section 10-16-1009.

(2) (a) (I) A cooperative organized on or after August 4, 2004, for the purposes of securing health-care coverage for its members and their eligible employees shall file articles of organization with the secretary of state and shall provide a copy of such articles to the commissioner in such form as the secretary and the commissioner may require consistent with this part 10 and title 7, C.R.S.

(II) For cooperatives formed prior to August 4, 2004, the executive director of the department of health care policy and financing shall provide the commissioner with such cooperatives' articles of organization.

(b) Any person or entity operating or holding itself out as a cooperative shall apply for and obtain a certificate of authority to operate as a cooperative pursuant to sections 10-16-1005 and 10-16-1006.

(c) No individual or entity that organizes a cooperative may become or attempt to become a person with financial interest in the cooperative's business for a period of three years after organization of the cooperative.

(3) (a) A cooperative is organized when the articles of organization are filed with the secretary of state or, if a delayed effective date is specified in the articles as filed with the secretary of state and a certificate of withdrawal is not filed, on such delayed effective date. The existence of the cooperative begins upon organization; except that no cooperative shall secure health-care coverage for its members until a certificate of authority has been issued by the commissioner pursuant to section 10-16-1005 (1).

(b) Except in a proceeding by the state to cancel or revoke the organization of, or involuntarily dissolve, the cooperative, the secretary of state's filing of the articles of organization shall be conclusive and irrefutable proof that all conditions precedent to organization have been met.

(4) Each cooperative shall file a report pursuant to section 7-136-107, C.R.S., and pay the required fee, which shall be determined and collected pursuant to section 24-21-104 (3), C.R.S., in lieu of all franchise or corporation license taxes.

(5) (a) Except as allowed by section 10-16-1014 or subsection (5)(b) of this section, the division of insurance shall not participate in the formation or administration of a health-care coverage cooperative created pursuant to this part 10.

(b) The commissioner may provide technical assistance in the formation of a cooperative created pursuant to this part 10 so long as the cooperative is not formed or administered by the commissioner as an entity or instrumentality of the state.

ANNOTATION

Law reviews. For article, "Physician-Controlled Network Joint Ventures: Antitrust Considerations", see 24 Colo. Law. 1551 (1995).

10-16-1005. Issuance of certificate of authority by commissioner for cooperative to purchase health-care coverage.

(1) (a) (I) (A) On and after August 4, 2004, an unlicensed cooperative conducting business pursuant to this part 10 shall file an application with the commissioner for issuance of a certificate of authority to purchase health-care coverage for members and their eligible employees. An application shall include the following information: The name of the cooperative and any agent for service of process; details concerning provisions to govern the business and affairs of the cooperative, including management and organizational structure; an affidavit signed under oath by an officer of the organization that the cooperative is in compliance with sections 10-16-1004 (2)(c) and 10-16-1008 (3); and the names of managing personnel of the cooperative. The commissioner shall grant a certificate of authority to an applicant under this section unless the application fails to comply with this part 10. The commissioner shall establish an application filing fee, not to exceed one thousand one hundred dollars, to recover the direct costs of the commissioner in conducting the review required by this section. Each cooperative issued a certificate of authority pursuant to this section shall annually submit such information as the commissioner may reasonably require to determine that a cooperative continues to be in compliance with the provisions of this part 10. The commissioner shall establish a fee, not to exceed one thousand one hundred dollars annually, to recover the direct costs of the commissioner in determining annually that a cooperative is in compliance with the provisions of this part 10.

(B) Except as provided in section 10-16-1004 (3)(b), no cooperative shall take any action enumerated in section 10-16-1009 unless a certificate of authority has been issued pursuant to this section by the commissioner. Any person or entity applying to obtain a certificate of authority as required by section 10-16-1004 (2)(b) that fails to obtain a certificate of authority by December 1, 2004, shall cease to engage in any activity for which a certificate of authority is required pursuant to this part 10 until a certificate of authority is issued by the commissioner pursuant to this section and section 10-16-1006.

(C) Cooperatives that have been issued a certificate of authority by the executive director of the department of health care policy and financing prior to August 4, 2004, shall submit proof of such certificate of authority to the commissioner prior to November 1, 2004. The commissioner shall reissue a certificate of authority to the cooperative on or before December 1, 2004.

(II) A cooperative shall be required to post a fidelity or employee dishonesty bond or deposit with the commissioner a certificate of deposit or securities in a minimum amount equal to at least two months' premiums held by the cooperative or its administrator as of its annual renewal date in order to be granted a certificate of authority under this section. If a cooperative contracts with an outside administrator for all premium-handling functions, the cooperative itself will not be

required to post a bond in order to comply with the provisions of this subparagraph (II) so long as the cooperative submits to the commissioner evidence that such administrator has obtained a bond in the required amount.

(b) The commissioner may grant a temporary certificate of authority to any cooperative. Any such temporary certificate of authority shall be valid for a period of one year after the date of issuance.

(c) Notwithstanding the provisions of part 2 of article 72 of title 24, C.R.S., an application, together with any supporting material and responses from the commissioner, shall not be considered a public record until the commissioner approves the application or until an organizer requests a hearing on the commissioner's denial of the application.

(2) The commissioner shall respond in writing to each application for a certificate of authority within thirty days after receipt by the commissioner. The commissioner shall either approve the application or shall inform the organizers of specific changes to the application that the commissioner deems necessary for approval under this part 10. Each applicant shall respond to the commissioner's comments within thirty days after receipt. The commissioner shall either approve the application within thirty days after receipt of such changes or request additional changes to the application. The time limits contained in this subsection (2) shall apply to all phases of the application process except hearings conducted pursuant to article 4 of title 24, C.R.S.

Source: L. 2004: Entire part added, p. 997, § 14, effective August 4.

10-16-1006. Authority to deny application for, revoke, or suspend certificate of authority.

(1) On and after August 4, 2004, the commissioner may deny an application for a certificate of authority pursuant to section 10-16-1005 or revoke or suspend a certificate of authority of any cooperative found to be in violation of this part 10.

(2) (a) Any party may request a hearing pursuant to article 4 of title 24, C.R.S., on any action of the commissioner denying an application for a certificate of authority or revoking or suspending a certificate of authority.

(b) Any hearing conducted under this section shall be conducted pursuant to article 4 of title 24, C.R.S., and section 10-1-127, and the commissioner may use the services of an administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S.

(c) Any final decision of the commissioner under this part 10 shall be subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

Source: L. 2004: Entire part added, p. 999, § 14, effective August 4.

10-16-1007. Prohibition on cooperatives transacting insurance business.

A cooperative shall not perform any activity included in the definition of transacting insurance business in this state, as provided in section 10-3-903, except as otherwise authorized in the powers, duties, and responsibilities of cooperatives as set forth in section 10-16-1009. A cooperative shall not establish or engage in the activities of a health maintenance organization.

Source: L. 2004: Entire part added, p. 999, § 14, effective August 4. **L. 2013:** Entire section amended, (HB 13-1266), ch. 217, p. 990, § 53, effective May 13.

10-16-1008. Administrative structure of cooperatives - board of directors - officers - employees.

(1) (a) (I) The affairs of the cooperative shall be managed in accordance with the legal structure required of the entity and, except as provided in subsection (1)(a)(II) of this section, governed by persons elected by the members from their own number. The governing body of the cooperative shall adopt bylaws and rules for the cooperative.

(II) The members of the cooperative may elect to the governing body up to three individuals who are not able to join the cooperative as members, but at least eighty percent of the governing board must consist of members of the cooperative.

(b) Members of a cooperative shall be entitled to equal participation and benefit from the cooperative; except that a cooperative at its option may extend voting rights to eligible employees.

(c) The governing body of the cooperative shall meet at such times and places as it determines necessary to operate the cooperative in accordance with this part 10.

(2) A cooperative may provide fair remuneration for the time actually spent by its officers and directors in its service and for the service of the members of its executive committee.

(3) An individual who is a member of a governing body of a cooperative may not be a person with financial interest in the cooperative's business during his or her term on the governing body or during the twelve-month period immediately before or after service on such governing body.

(4) The bylaws may provide that no member of the governing body of a cooperative shall occupy any position in the cooperative except the chief executive officer and secretary on regular salary or substantially full-time pay. The bylaws may provide for an executive committee and may allot to the executive committee all the functions and powers of the board of directors, subject to general direction and control by the board.

(5) When a vacancy occurs on the governing body of a cooperative other than by expiration of a member's term, the remaining members of the governing body shall fill the vacancy by majority vote.

(6) The governing body of a cooperative may appoint a chief executive officer of the cooperative and other staff necessary to administer the cooperative. The chief executive officer and other staff serve at the pleasure of the governing body.

(7) No cooperative may assume any liability for payment for health-care services covered by a plan purchased through the cooperative.

Source: L. 2004: Entire part added, p. 999, § 14, effective August 4. L. 2019: (1) amended, (SB 19-004), ch. 205, p. 2192, § 6, effective August 2.

Cross references: For the legislative declaration in SB 19-004, see section 1 of chapter 205, Session Laws of Colorado 2019.

10-16-1009. Powers, duties, and responsibilities of cooperatives.

(1) Each cooperative organized pursuant to this part 10 shall:

(a) Establish the conditions of cooperative membership;

(b) Provide to cooperative members and their eligible employees clear, standardized information about each provider network, licensed provider network, carrier, or other provider contracted with by the cooperative, including, but not limited to, information on price, benefits, costs, quality, patient satisfaction, membership, and responsibilities and obligations;

(c) Offer dependent coverage;

(d) Repealed.

(e) Obtain the necessary contact information and resources to provide to members and their eligible employees the information described in paragraph (b) of this subsection (1);

(f) Contract only for insurance functions listed in section 10-3-903, with entities authorized to do business in this state by the commissioner pursuant to this title that have:

(I) The capacity to administer the health benefit plan or services to be offered;

(II) The ability to monitor and evaluate the quality and cost-effectiveness of care and applicable procedures;

(III) The ability to report quality and outcomes information necessary for the cooperative to report quality information to members and their eligible employees; and

(IV) The ability to assure members and their eligible employees adequate access to health-care providers, including an adequate number and type of providers for the risk pool involved;

(g) Develop and implement a marketing plan that will widely publicize the cooperative to potential members and their eligible employees and develop and implement methods for informing the public about the cooperative and its services;

(h) State clearly all administrative and broker or agent fees associated with membership in all materials published for the purpose of soliciting members and their eligible employees or that may be used by potential members in deciding whether to join the cooperative;

(i) Establish administrative and accounting procedures for the operation of the cooperative and members' services, prepare an annual cooperative budget, and prepare annual program and fiscal reports on cooperative operations;

(j) Maintain all records, reports, and other information of the cooperative;

(k) Maintain a trust account or accounts for the deposit of premium moneys collected pursuant to subsection (3)(e) of this section, to be paid to carriers or licensed provider networks or licensed individual providers for coverage offered through the cooperative. A cooperative shall have a fiduciary duty with respect to premium moneys collected for carriers and licensed provider networks offered through the cooperative.

(l) Annually report on operations of the cooperative, including program and financial operations, and provide for internal and independent audits;

(m) Disclose to members and potential members whether or not the cooperative has been granted a temporary certificate of authority pursuant to section 10-16-1005 (1)(b);

(n) Offer the same premiums and any negotiated health-care prices to all member classes, if any, equally; except that a cooperative may offer different premiums or negotiated health-care prices to members who are not small employers;

(o) Consider all individuals in all individual health benefit plans offered through the cooperative, including those individuals who do not enroll in the plans through the exchange, to be members of a single risk pool;

(p) Consider all covered persons in small employer health benefit plans offered through the cooperative, including those covered persons who do not enroll in plans through the exchange, to be members of a single risk pool.

(2) A self-insured employer may join a cooperative in order to have access to the discounted provider rates that the cooperative may negotiate on behalf of its self-insured members.

(3) Each cooperative organized pursuant to this part 10 may:

(a) Repealed.

(b) Set reasonable fees for membership in the cooperative that will finance all reasonable and necessary costs incurred in administering the cooperative;

(c) and (d) Repealed.

(e) Subject to paragraph (l) of subsection (1) of this section, provide premium collection services for plans and licensed provider networks or licensed individual providers offered through the cooperative;

(f) Reject, or allow a carrier to reject, an employer from membership or drop, or allow a carrier to drop, an employer from membership if the employer or any of its employee members fails to pay premiums or engages in fraud or material misrepresentation in connection with a plan purchased through the cooperative. If an employee is dropped from membership due to the employer's failure to pay premiums or engagement in fraud or material misrepresentation, the cooperative may offer a special enrollment period in accordance with section 10-16-105.7 (3) to allow the employee to enroll in the individual member class, if available.

(g) Contract with qualified independent third parties for any service necessary to carry out the powers and duties authorized or required by this part 10;

(h) Contract with licensed insurance agents or brokers to market coverage made available through the cooperative to its members. A cooperative shall use a uniform fee schedule for all agents and brokers. Such fee schedule shall not vary based on the actual or expected health status or medical utilization of the group to which coverage is sold.

(i) Exclude any carrier, provider network, or provider or freeze enrollment in any carrier, provider network, or provider for failure to achieve established quality, access, or information reporting standards of the cooperative;

(j) Prohibit members who drop coverage through the cooperative from reenrolling for up to twelve months in coverage purchased through the cooperative;

- (k) Repealed.
- (l) Offer coverage for individuals who are members;
- (m) Establish employer contribution requirements. Such requirements may differ by benefit plan, benefit package, or carrier.
- (4) No cooperative organized pursuant to this part 10 may:
 - (a) Exclude from membership in the cooperative any prospective members, or dependents of prospective members, who agree to pay fees for membership and any premium for coverage through the cooperative and who abide by the bylaws and rules of the cooperative and satisfy the requirements of the benefit plan selected;
 - (b) Differentiate classes of membership on the basis of industry type, race, religion, gender, education, health status, or income;
 - (c) Commit any act constituting a rebate prohibited by section 10-3-1104 (1)(g). The commissioner shall enforce this paragraph (c) pursuant to part 11 of article 3 of this title.
 - (d) Prohibit any hospital, health maintenance organization, or other provider, as a condition of contracting to provide services through the cooperative, from providing services through a subcontract or subcontracts with any other hospital, health maintenance organization, or other provider meeting the cooperative's quality standards;
 - (e) Charge any fee not directly related to health care or the administration of health-care purchasing functions;
 - (f) As a condition of membership, require any member, eligible employee, or dependent to subscribe to non-health-care-related products or services;
 - (g) Knowingly operate the cooperative or market the cooperative in a county or primary metropolitan statistical area in a way that would cause the cooperative to select a risk pool with actuarially projected health-care utilization over a two-year period that is below the projected average for all individuals residing in that county or primary metropolitan statistical area. Such measurement and comparison of projected utilization by members of the cooperative to all individuals shall be done on a county or primary metropolitan statistical area basis and not across all members of the cooperative.
 - (h) Knowingly authorize or select any carrier, provider, licensed provider network, licensed individual provider, or individual provider that does not comply with or conform to the applicable requirements or standards of this title.

Source: **L. 2004:** Entire part added, p. 1000, § 14, effective August 4. **L. 2019:** (1)(d), (3)(a), (3)(c), (3)(d), and (3)(k) repealed, (1)(o) and (1)(p) added, and (2), (3)(f), (3)(l), and (4)(a) amended, (SB 19-004), ch. 205, p. 2192, § 7, effective August 2. **L. 2020:** (1)(k) amended, (HB 20-1402), ch. 216, p. 1044, § 17, effective June 30. **L. 2025:** (2) amended, (SB 25-275), ch. 377, p. 2039, § 47, effective August 6.

Cross references: For the legislative declaration in SB 19-004, see section 1 of chapter 205, Session Laws of Colorado 2019.

10-16-1010. Marketing requirements of cooperatives.

(1) A cooperative shall use appropriate, efficient, and standardized means to notify members and prospective members and their eligible employees of the availability of sponsored health-care coverage from the cooperative.

(2) A cooperative shall make available to members and prospective members and their eligible employees marketing materials that accurately summarize the health benefit plans that are offered by its licensed provider networks, licensed individual providers, and other carriers, and rates, costs, and accreditation information relating to those plans. A cooperative shall also summarize the services offered by all other provider networks and individual providers the cooperative offers, the rates for those services, and accreditation information relating to those provider networks.

(3) A cooperative may offer nonlicensed provider networks or individual providers only to self-insured members of the cooperative. Nonlicensed provider networks or individual providers may also be offered to members not self-insured if the services offered do not involve transacting insurance business, as defined in section 10-3-903. The members may choose which health benefit plans shall be offered to eligible employees and may change the selection each year. The employee may be given options with regard to health benefit plans and the type of managed care system under which benefits will be provided.

10-16-1013. Violations of article by persons involved with operations of cooperatives - enforcement - penalties.

(1) As used in this section, unless the context otherwise requires, "responsible party" means a member of the governing body or an executive officer of a cooperative.

(2) (a) After notice and the opportunity for a hearing pursuant to article 4 of title 24, C.R.S., the commissioner may enforce the provisions of this part 10 by issuing orders directed to any responsible party, including but not limited to cease-and-desist orders, as are deemed necessary if the commissioner finds that:

(I) Such person has violated this part 10 or any lawful rule promulgated pursuant to this part 10, engaged in any unsafe or unsound practice in connection with a cooperative, engaged in an act, omission, or practice that constitutes a breach of fiduciary duty to a cooperative, or has been found liable for or guilty of a civil or criminal offense affecting such person's qualification to serve in such capacity; or

(II) (A) The cooperative has suffered or appears likely to suffer substantial financial loss or that the interests of its members and eligible employees could be seriously prejudiced by reason of such violation, practice, breach of fiduciary duty, or offense;

(B) Such person has received financial gain from such violation, practice, breach of fiduciary duty, or offense; or

(C) Such violation involves serious dishonesty or demonstrates a willful or continuing disregard for the safety or soundness of the cooperative.

(b) In addition to the actions authorized in paragraph (a) of this subsection (2), the commissioner may impose a civil penalty of up to twenty-five thousand dollars for each violation.

(c) In addition to the penalty provided in paragraph (b) of this subsection (2), if the commissioner determines that any person is in violation of the provisions of section 10-16-1004 (2)(c) or 10-16-1008 (3), the commissioner may order the responsible party suspended or removed from office.

(d) If the commissioner finds that extraordinary circumstances exist that require immediate action, such action may be taken immediately pursuant to section 24-4-105 (12), C.R.S., but a subsequent hearing shall promptly be afforded upon application to rescind the action taken.

(e) The commissioner may initiate informal actions to enforce this part 10 under this section. Such informal actions may include written agreements with, informal commitment letters from, or the forwarding of a letter of reprimand to, a cooperative or responsible party.

(3) Any person adversely affected by an order issued pursuant to this section may, within twenty days after the date of the order, request judicial review under section 24-4-106 (11). An action for judicial review shall not operate to stay or vacate a decision or order; except that the court may issue a stay pending review.

Source: L. 2004: Entire part added, p. 1007, § 14, effective August 4. L. 2019: (3) amended, (SB 19-004), ch. 205, p. 2196, § 10, effective August 2.

Cross references: For the legislative declaration in SB 19-004, see section 1 of chapter 205, Session Laws of Colorado 2019.

10-16-1014. Technical assistance to authorized cooperatives from division of insurance.

(1) Subject to available appropriations, the commissioner may provide technical assistance to any cooperative that:

(a) to (c) Repealed.

(d) Establishes rules that specify that employer members shall take no action to limit their employees' choice of plans offered through the cooperative or to encourage or discourage employees from making particular choices of plans offered through the cooperative;

(e) Repealed.

(f) Develops and implements a marketing plan to publicize the cooperative to potential members and develops and implements methods for informing the public about the cooperative and its services;

(g) Develops specific plans to expand health-care coverage and to expand access to health care in this state; and

(h) Gives each covered member the opportunity to choose among carriers that contract with the cooperative.

(2) The technical assistance the commissioner may provide pursuant to subsection (1) of this section may include:

(a) Providing technical assistance in the formation of a cooperative pursuant to this part 10 so long as the cooperative is not formed or administered by the commissioner as an entity or instrumentality of the state;

(b) Educating communities, businesses, and nonprofit organizations about cooperatives; and

(c) Advertising or otherwise publicizing successful cooperatives that have been formed in the state.

PART 11

COLORADO REINSURANCE PROGRAM

10-16-1101. Short title.

The short title of this part 11 is the "Colorado Reinsurance Program Act".

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2176, § 1, effective May 17.

10-16-1102. Legislative declaration.

(1) The general assembly hereby finds and declares that:

(a) All Coloradans deserve access to high-quality, affordable health care to help support their well-being and economic security;

(b) Increasing costs of health care in Colorado have led to premium increases for health insurance in the individual market that have created a financial burden for some Coloradans purchasing insurance in the individual market;

(c) That burden is heightened in rural areas of the state, where premiums are considerably higher than in metropolitan areas of the state and there is a lack of competition among health-care providers and carriers;

(d) Because of the financial burden high-cost health insurance places on consumers in rural areas, a considerable number of these cost-burdened consumers may not purchase health insurance, exacerbating the problems of few carriers, few plan options, and high health insurance costs in rural regions, as well as increasing the number of uninsured Coloradans; and

(e) Colorado has historically been a national leader in health-care innovation, and it is important to use that innovative spirit to address the rising costs of health care in the state by directing the commissioner of insurance to create a reinsurance program that will:

(I) Make private health insurance in the individual market more accessible and affordable;

(II) Encourage participation and competition by carriers throughout the state, but particularly in rural areas of the state, in order to give consumers the ability to seek value in health insurance coverage;

(III) Decrease costs of care, leading to lower premiums and restraining, if not decreasing, the growth in federal spending commitments in the individual market; and

(IV) Support and empower, and increase access to affordable, high-value health insurance for, consumers who are ineligible for premium tax credit subsidies while minimizing any potential negative effects on access to affordable, high-value insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions.

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2176, § 1, effective May 17.

10-16-1103. Definitions.

As used in this part 11, unless the context otherwise requires:

(1) "Attachment point" means the amount set by the commissioner pursuant to section 10-16-1105 (2) for claims costs incurred by an eligible carrier for a covered person's covered

benefits in a benefit year, above which the claims costs for benefits are eligible for reinsurance payments under the reinsurance program.

(2) "Benefit year" means the calendar year for which an eligible carrier provides coverage through an individual health benefit plan.

(3) "Coinsurance rate" means the rate set by the commissioner pursuant to section 10-16-1105 (2) at which the reinsurance program will reimburse an eligible carrier for claims incurred for a covered person's covered benefits in a benefit year, which claims exceed the attachment point but are below the reinsurance cap.

(4) "Commissioner" means the commissioner of insurance, the commissioner's deputies, or the division of insurance, as appropriate.

(5) "Eligible carrier" means a carrier that:

(a) Offers individual health benefit plans that comply with the federal act; and

(b) Incurs claims costs for a covered person's covered benefits in the applicable benefit year.

(6) "Hospital" means a hospital licensed or certified by the department of public health and environment pursuant to section 25-1.5-103 (1)(a).

(7) "Medicaid" means federal insurance or assistance as provided by Title XIX of the federal "Social Security Act", as amended, and the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5.

(8) "Medicare" means federal insurance or assistance provided by the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", as amended, 42 U.S.C. sec. 1395 et seq.

(9) "Payment parameters" means the attachment point, reinsurance cap, and coinsurance rate for the reinsurance program.

(10) "Reinsurance cap" means the amount set by the commissioner pursuant to section 10-16-1105 (2) for claims costs incurred by an eligible carrier for a covered person's covered benefits, above which amount the claims costs for benefits are no longer eligible for reinsurance payments.

(11) "Reinsurance payment" means an amount paid to an eligible carrier under the reinsurance program.

(12) "Reinsurance program" or "program" means the Colorado reinsurance program established under section 10-16-1105.

(13) "State innovation waiver" means a waiver of one or more requirements of the federal act authorized by section 1332 of the federal act, codified in 42 U.S.C. sec. 18052, and applicable federal regulations.

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2177, § 1, effective May 17.

10-16-1104. Commissioner powers and duties - rules - study and report.

(1) The commissioner has all powers necessary to implement this part 11 and is specifically authorized to:

(a) Enter into contracts as necessary or proper to carry out the provisions and purposes of this part 11, including contracts for the administration of the reinsurance program and with appropriate administrative staff, consultants, and legal counsel;

(b) Take legal action as necessary to avoid the payment of improper claims under the reinsurance program;

(c) Establish administrative and accounting procedures for the operation of the reinsurance program;

(d) Establish procedures and standards for carriers to submit claims under the reinsurance program;

(e) Establish or adjust the payment parameters in accordance with section 10-16-1105 (2) for each benefit year;

(f) Repealed.

(g) In accordance with section 10-16-1109, apply for a state innovation waiver or an extension of a state innovation waiver; apply for federal funds; or apply for both a waiver or extension of a waiver and federal funds for the implementation and operation of the reinsurance program;

(h) Apply for, accept, administer, and expend gifts, grants, and donations and any federal or state funds that may become available for the reinsurance program; and

(i) Adopt rules as necessary to implement, administer, and enforce this part 11, including rules necessary to align state law with any federal program and rules. The rules shall be adopted in accordance with the "State Administrative Procedure Act", article 4 of title 24, including the requirement to establish a representative group of participants pursuant to section 24-4-103 (2).

(2) (a) If the reinsurance program is approved pursuant to section 10-16-1109, the commissioner, during implementation of the program, shall evaluate the effect of the program on access to affordable, high-value health insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions and minimize any potential negative effects on those consumers.

(b) After the second full year of operation of the program, the commissioner shall complete a study that evaluates:

(I) The effects of the program on access to affordable, high-value health insurance for consumers who are eligible for premium tax credit subsidies and cost-sharing reductions; and

(II) Health plan affordability, including cost sharing and premiums.

(c) The commissioner shall issue a report on the study within one hundred twenty days after the end of the second full year of operation of the program, post the report on the division's website, and submit the report to the governor, the senate committee on health and human services or its successor committee, and the house of representatives health and insurance committee or its successor committee.

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2178, § 1, effective May 17. L. 2020: (1)(f) repealed and (1)(g) amended, (SB 20-215), ch. 201, p. 998, § 3, effective June 30.

10-16-1105. Reinsurance program - creation - enterprise status - subject to waiver or funding approval - operation - payment parameters - calculation of reinsurance payments - eligible carrier requests - definition.

(1) (a) There is hereby created in the division the Colorado reinsurance program to provide reinsurance payments to eligible carriers. Implementation and operation of the reinsurance program is contingent upon approval of a state innovation waiver, an extension of a state innovation waiver, or a federal funding request submitted by the commissioner in accordance with section 10-16-1109.

(b) (I) The reinsurance program is part of the Colorado health insurance affordability enterprise established pursuant to part 12 of this article 16.

(II) (Deleted by amendment, L. 2020.)

(c) If a state innovation waiver, an extension of a state innovation waiver, or a federal funding request submitted by the commissioner pursuant to section 10-16-1109 is approved, the commissioner shall implement and operate the reinsurance program in accordance with this section.

(d) The commissioner shall collect or access data from each eligible carrier as necessary to determine reinsurance payments, according to the data requirements under subsection (3)(c) of this section.

(e) (I) On a quarterly basis during the applicable benefit year, each eligible carrier shall report to the commissioner its claims costs that exceed the attachment point for that benefit year.

(II) For each applicable benefit year, the commissioner shall notify eligible carriers of reinsurance payments to be made for the applicable benefit year no later than June 30 of the year following the applicable benefit year. By August 15 of the year following the applicable benefit year, the commissioner shall disburse all applicable reinsurance payments to an eligible carrier.

(2) (a) For purposes of determining eligibility for and calculating reinsurance payments under the reinsurance program for the 2020 benefit year in order to make private health insurance coverage more accessible and affordable and encourage increased carrier participation in rural parts of the state, the commissioner shall set the payment parameters at amounts to achieve:

(I) A reduction in claims costs of between thirty and thirty-five percent in geographic rating area numbers five and nine;

(II) A reduction in claims costs of between twenty and twenty-five percent in geographic rating area numbers four, six, seven, and eight; and

(III) A reduction in claims costs of between fifteen and twenty percent in geographic rating area numbers one, two, and three.

(a.5) To the greatest extent possible, the commissioner shall set the payment parameters for the 2021 benefit year at amounts to maintain the targeted claims reductions achieved in the 2020 benefit year.

(b) For the 2022 benefit year and each benefit year thereafter, after a stakeholder process, the commissioner shall establish and publish the payment parameters for that benefit year by March 15 of the immediately preceding calendar year. In setting the payment parameters under this subsection (2)(b), the commissioner shall consider the following factors as they apply in each geographic rating area in the state:

(I) Participation and competition by carriers in the individual market;

(II) Enrollment across all income levels and morbidity in the individual market;

(III) Participation and competition by providers; and

(IV) Rates in the individual market.

(c) If the amount of money from funding sources specified in section 10-16-1107 is anticipated to be inadequate to fully fund the payment parameters, the commissioner shall establish new payment parameters within the available money. The commissioner shall allow an eligible carrier to revise an applicable rate filing for the next benefit year based on the final payment parameters established pursuant to this subsection (2)(c) and on actual reinsurance payments received by the eligible carrier.

(3) (a) An eligible carrier that meets the requirements of this subsection (3) and subsection (4) of this section may request reinsurance payments from the reinsurance program.

(b) An eligible carrier must make requests for reinsurance payments in accordance with the requirements established by the commissioner.

(c) To receive reinsurance payments through the reinsurance program, an eligible carrier must, by April 30 of the year following the benefit year for which reinsurance payments are requested:

(I) Provide the commissioner with access to the data within the dedicated data environment established by the eligible carrier under the federal risk adjustment program under 42 U.S.C. sec. 18063; and

(II) Submit to the commissioner an attestation that the carrier has complied with the dedicated data environments, data requirements, establishment and usage of masked enrollee identification numbers, and data submission deadlines.

(d) An eligible carrier shall maintain records sufficient to substantiate the requests for reinsurance payments made pursuant to this section for at least six years. An eligible carrier shall also make those records available upon request from the commissioner for purposes of verification, investigation, audit, or other review of reinsurance payment requests.

(e) The commissioner may have an eligible carrier audited to assess the carrier's compliance with this section. The eligible carrier shall ensure that its contractors, subcontractors, and agents cooperate with any audit under this section.

(4) (a) (I) The commissioner shall calculate each reinsurance payment based on an eligible carrier's incurred claims costs for a covered person's covered benefits in the applicable benefit year. If the claims costs do not exceed the attachment point for the applicable benefit year, the carrier is not eligible for a reinsurance payment.

(II) If the claims costs exceed the attachment point for the applicable benefit year, the commissioner shall calculate the reinsurance payment as the product of the coinsurance rate and the eligible carrier's claims costs, up to the reinsurance cap.

(b) A carrier is ineligible for reinsurance payments for claims costs for a covered person's covered benefits in the applicable benefit year that exceed the reinsurance cap.

(c) The commissioner shall ensure that reinsurance payments made to an eligible carrier do not exceed the total amount paid by the eligible carrier for any eligible claim. "Total amount paid by the eligible carrier for any eligible claim" means the amount paid by the eligible carrier based on the allowed amount less any deductible, coinsurance, or copayment, as of the time the data are submitted or made accessible under subsection (3)(c) of this section.

(d) An eligible carrier may request that the commissioner reconsider a decision on the carrier's request for reinsurance payments within thirty days after notice of the commissioner's decision. A final action or order of the commissioner under this subsection (4)(d) is subject to judicial review in accordance with section 24-4-106.

(5) In order to promote more cost-effective health-care coverage and to be fair to federal taxpayers by restraining growth in federal spending commitments, the commissioner shall require each eligible carrier that participates in the program to file with the commissioner, by a date and in a form and manner specified by the commissioner by rule, the care management protocols the eligible carrier will use to manage claims within the payment parameters.

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2180, § 1, effective May 17. L. 2020: (1)(a), (1)(b), (1)(c), (1)(e)(I), and IP(2)(b) amended and (2)(a.5) added, (SB 20-215), ch. 201, p. 998, § 4, effective June 30.

10-16-1106. Accounting - reports - audits.

(1) The commissioner shall maintain an accounting for each benefit year of all:

- (a) Money expended for reinsurance payments and administrative and operational expenses;
- (b) Requests for reinsurance payments received from eligible carriers;
- (c) Reinsurance payments made to eligible carriers; and
- (d) Administrative and operational expenses incurred for the reinsurance program.

(2) By November 1 of the year following the applicable benefit year or sixty calendar days after the final disbursement of reinsurance payments for the applicable benefit year, whichever is later, the commissioner shall make available to the public a report summarizing the reinsurance program's operations for each benefit year. The commissioner shall post the report on the division's website.

(3) The reinsurance program is subject to audit by the state auditor. The commissioner shall ensure that all of the reinsurance program's contractors, subcontractors, and agents cooperate with the audit.

(4) On or before November 1, 2020, and on or before November 1 of each year thereafter, the division shall include an update regarding the program in its report to the members of the applicable committees of reference in the senate and house of representatives as required by the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2.

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2183, § 1, effective May 17. L. 2020: (4) amended, (SB 20-215), ch. 201, p. 999, § 5, effective June 30.

10-16-1107. Funding for reinsurance program - sources - permitted uses - reinsurance program cash fund - calculation of total funding for program.

(1) (a) There is hereby created in the state treasury the reinsurance program cash fund referred to in this section as the "fund", which consists of:

(I) Federal pass-through funding granted pursuant to 42 U.S.C. sec. 18052 (a)(3) or any other federal funds that are made available for the reinsurance program;

(II) Any money the general assembly appropriates to the fund for the program; and

(III) Any amounts allocated to the fund pursuant to section 10-16-1205 (2).

(b) All money deposited or paid into or transferred, allocated, or appropriated to the reinsurance program cash fund, including interest or income earned on the investment of money in the fund, is continuously available and appropriated to the division to be expended in accordance with this part 11. Any interest or income earned on the investment of money in the fund shall be credited to the fund.

(c) The reinsurance program cash fund is part of the Colorado health insurance affordability enterprise established pursuant to part 12 of this article 16.

(2) The commissioner may seek, accept, and expend gifts, grants, or donations from private or public sources for the operation, reserves, and sustainability of the reinsurance program.

(3) The commissioner may expend money received from the sources specified in subsections (1) and (2) of this section for:

(a) Reinsurance payments under the reinsurance program; and

(b) Administrative and operating expenses of the reinsurance program, the commissioner, and the division under this part 11.

(4) (a) If, after June 30, 2020, the United States congress enacts and the president signs federal legislation establishing or the secretary of the United States department of health and human services implements a federal reinsurance program that provides federal funding for the reinsurance program or otherwise makes additional federal funds available for the reinsurance program in excess of the amount received as federal pass-through funding pursuant to subsection (1)(a)(I) of this section, the commissioner shall notify the health insurance affordability board created in section 10-16-1207 of the amount of federal funding in excess of the federal pass-through funding that will be available for the reinsurance program and the date the funding is expected to be received.

(b) If the reinsurance program receives federal funding as described in this subsection (4) to make reinsurance payments to carriers in a given year after the health insurance affordability enterprise has allocated money to the reinsurance program pursuant to section 10-16-1205 (2) for that year, the commissioner shall return to the enterprise the allocation or a portion of the allocation, as determined by the enterprise, based on the amount of federal funding received for that year.

Editor's note: House Bill 19-1245, referenced in subsection (1)(a)(III), became law and took effect August 2, 2019.

**10-16-1108. Special assessments against hospitals and carriers - rules - enforcement.
(Repealed)**

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2184, § 1, effective May 17. L. 2020: Entire section repealed, (SB 20-215), ch. 201, p. 1001, § 7, effective June 30.

10-16-1109. State innovation waiver - federal funding - Colorado reinsurance program.

(1) (a) For purposes of implementing and operating the reinsurance program as set forth in this part 11 for plan years starting on or after January 1, 2021, the commissioner may apply to the secretary of the United States department of health and human services for:

(I) In accordance with section 1332 of the federal act, codified at 42 U.S.C. sec. 18052, and 45 CFR 155.1300:

(A) One or more extensions of the initial two-year state innovation waiver received before June 30, 2020, of up to five years per extension; or

(B) A new state innovation waiver of up to five years to follow the initial two-year state innovation waiver approved before June 30, 2020, and subsequent extensions of any new state innovation waiver approved by the secretary;

(II) Federal funds for the reinsurance program; or

(III) A new or extended state innovation waiver and federal funds.

(b) An application for a state innovation waiver or for federal funds must clearly state that operation of the reinsurance program is contingent on approval of the waiver or funding request.

(c) The commissioner shall ensure that a waiver application submitted pursuant to this section complies with the requirements specified in section 1332 of the federal act, codified at 42 U.S.C. sec. 18052, and 45 CFR 155.1308.

(d) The commissioner shall include in a waiver application a request for a pass-through of federal funding in accordance with section 1332 (a)(3) of the federal act, 42 U.S.C. sec. 18052 (a)(3), to allow the state to obtain and use, for purposes of helping fund the reinsurance program, any federal funds that would, absent the waiver, be used to pay advance payment tax credits and cost-sharing reductions authorized under the federal act.

(2) The commissioner shall notify the following in writing of any federal actions regarding the waiver or funding request:

(a) The joint budget committee of the general assembly;

(b) The senate committee on health and human services or any successor committee; and

(c) The house of representatives committees on health and insurance and public health care and human services or any successor committees.

Source: **L. 2019:** Entire part added, (HB 19-1168), ch. 204, p. 2186, § 1, effective May 17. **L. 2020:** (1)(a) amended, (SB 20-215), ch. 201, p. 1001, § 8, effective June 30.

10-16-1110. Repeal of part - notice to revisor of statutes. (Repealed)

Source: L. 2019: Entire part added, (HB 19-1168), ch. 204, p. 2187, § 1, effective May 17. **L. 2020:** (2) repealed, (SB 20-215), ch. 201, p. 1001, § 9, effective June 30.

Editor's note: Section 1 of chapter 204, Session Laws of Colorado 2019, provided for the repeal of subsection (1) when the commissioner of insurance received notice from the United States department of health and human services of approval of the waiver or funding requested under § 10-16-1109. The commissioner received notice on August 30, 2023, that pass-through funding was received and notified the revisor of statutes. On October 23, 2023, the revisor of statutes received the notice.

PART 12

HEALTH INSURANCE AFFORDABILITY ACT

10-16-1201. Short title.

The short title of this part 12 is the "Health Insurance Affordability Act".

Source: L. 2020: Entire part added, (SB 20-215), ch. 201, p. 986, § 1, effective June 30.

10-16-1202. Legislative declaration.

(1) The general assembly finds and declares that:

(a) The state, carriers, and hospitals share a common commitment to ensuring all Coloradans have access to affordable health care coverage because access to coverage improves health outcomes and provides financial security for Coloradans;

(b) Hospitals within the state incur the costs of uncompensated care to uninsured and underinsured populations;

(c) The economic downturn due to COVID-19 and its impacts on group and individual health care coverage in the state creates economic challenges for carriers from the potential lost revenue if people drop insurance coverage;

(d) This part 12 is enacted to provide the following services and benefits to carriers:

(I) Reducing the number of Coloradans who lack health care coverage by helping Coloradans to maintain consistent coverage;

- (II) Providing stability in the insurance market;
 - (III) Reducing the movement of individuals between insured and uninsured status;
 - (IV) Offsetting the costs carriers would otherwise pay for covered persons' high medical costs so that premiums are set at more affordable levels; and
 - (V) Creating a healthier risk pool for all carriers by establishing a path for consistent coverage for individuals; and
- (e) This part 12 is enacted to provide the following services and benefits to hospitals:
- (I) Reducing the amount of uncompensated care provided by hospitals;
 - (II) Reducing the need of providers to shift costs of providing uncompensated care to other payers; and
 - (III) Expanding access to high-quality, affordable health care for low-income and uninsured Coloradans.
- (2) The general assembly further finds and declares that, consistent with the determination of the Colorado supreme court in *Nicholl v. E-470 Public Highway Authority*, 896 P.2d 859 (Colo. 1995), the power to impose taxes is inconsistent with enterprise status under section 20 of article X of the state constitution, and the health insurance affordability fees and special assessments charged and collected by the health insurance affordability enterprise are fees, not taxes, because the fees and assessments are imposed for the specific purpose of allowing the enterprise to defray the costs of providing the business services specified in section 10-16-1204 (1)(a) to the carriers and hospitals that pay the fees and assessments and are collected at rates that are reasonably calculated based on the benefits received by those carriers and hospitals.

ANNOTATION

Law reviews. For article, "The Past, Present, and Future of Residential Construction Defect Action Reform in Colorado", see 54 Colo. Law. 28 (Jan.-Feb. 2025).

10-16-1203. Definitions.

As used in this part 12, unless the context otherwise requires:

- (1) "Board" means the health insurance affordability board created in section 10-16-1207.

(1.3) "Bond" means any bond, note, interim certificate, commercial paper, contract, or other evidence of indebtedness of the enterprise authorized by this part 12.

(1.5) "Bond obligations" means the debt service on, and related costs and obligations in connection with, bonds, including:

(a) Payments with respect to principal, interest, prepayment premiums, reserve funds, surplus funds, sinking funds, and costs of issuance;

(b) Payments related to any credit enhancement, liquidity support, or interest rate protection for bonds;

(c) Fees and expenses of any trustee, bond registrar, paying agent, authenticating agent, rebate analyst or consultant, calculation agent, remarketing agent, or credit enhancement, liquidity support, or interest rate protection provider;

(d) Coverage requirements; and

(e) Other costs, fees, and expenses related to any of the obligations specified in subsections (1.5)(a) to (1.5)(d) of this section and any other amounts required to be paid pursuant to the provisions of any documents authorizing the issuance of the bonds.

(2) "Children's basic health plan" has the meaning set forth in section 25.5-8-103 (2).

(2.5) "Enhanced premium tax credit" means the premium tax credit, as amended by the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, and the federal "Inflation Reduction Act of 2022", Pub.L. 117-169, 136 Stat. 1818 (2022), which expanded eligibility for and the amount of the premium tax credit.

(3) "Enterprise" means the Colorado health insurance affordability enterprise created in section 10-16-1204.

(4) "Federal poverty line" has the same meaning as "poverty line", as defined in 42 U.S.C. sec. 9902 (2).

(5) "Fee" means the health insurance affordability fee established and assessed pursuant to section 10-16-1205.

(6) "Fund" means the health insurance affordability cash fund created in section 10-16-1206.

(7) "Household income" has the same meaning as set forth in 26 U.S.C. sec. 36B (d)(2) of the federal "Internal Revenue Code of 1986", as amended.

(8) "Medicaid" means federal insurance or assistance as provided by Title XIX of the federal "Social Security Act", as amended, and the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5.

(9) "Medicare" means federal insurance or assistance provided by the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", as amended, 42 U.S.C. sec. 1395 et seq.

(10) "Premium tax credit" means the refundable tax credit available pursuant to the federal act to assist certain individuals in purchasing a health benefit plan on the exchange.

(11) "Public benefit corporation" means a public benefit corporation formed pursuant to part 5 of article 101 of title 7 that is organized and operated by the exchange pursuant to section 10-22-106 (3) for the purpose of administering and operating a subsidy to reduce the costs of health care coverage offered under a state-subsidized individual health coverage plan.

(12) "Qualified individual" means an individual, regardless of immigration status, who:

(a) Is a Colorado resident;

(b) Has a household income of not more than three hundred percent of the federal poverty line; and

(c) Is not eligible for the premium tax credit, medicaid, medicare, or the children's basic health plan, except for individuals eligible pursuant to section 25.5-5-201 (6) or section 25.5-8-109 (7).

(13) "Reinsurance program" means the Colorado reinsurance program created in part 11 of this article 16.

(14) "Reinsurance program cash fund" means the reinsurance program cash fund created in section 10-16-1107.

(15) "State-subsidized individual health coverage plan" means a subsidized individual health coverage plan offered by carriers to qualified individuals through the public benefit corporation.

Sess.:** (2.5) added, (HB 25B-1006), ch. 10, p. 41, § 1, effective August 28. **L. 2026:** (1.3) and (1.5) added, (SB 26-178), ch. 298, p. 1643, § 1, effective June 2.

10-16-1204. Health insurance affordability enterprise - creation - powers and duties - assess and allocate enterprise fees and assessments.

(1) (a) There is hereby created in the division the Colorado health insurance affordability enterprise. The enterprise is and operates as a government-owned business within the division for the purpose of assessing and collecting the health insurance affordability fee from carriers that

offer health benefit plans in the state and a special assessment on hospitals in the state and using and allocating the fee and assessment for the purposes specified in this part 12 in order to:

(I) Provide the following business services to carriers that pay the fee:

(A) Outreach and related work to increase enrollment in health benefit plans offered by carriers across the state;

(B) Increasing the number of individuals who purchase health benefit plans in the individual market by providing financial support to individuals to purchase private health insurance coverage;

(C) Funding the reinsurance program that offsets the costs carriers would otherwise pay for covering consumers with high medical costs;

(D) Improving the stability of the market throughout the state by providing consistent private health care coverage and reducing the movement of individuals from insured to uninsured status;

(E) Reducing provider cost shifting from the individual market and the uninsured to the group market; and

(F) Creating a healthier risk pool for all carriers by establishing a path for consistent coverage for individuals; and

(II) Provide the following business services to hospitals:

(A) Reducing the amount of uncompensated care provided by hospitals;

(B) Reducing the need of providers to shift costs of providing uncompensated care to other payers; and

(C) Expanding access to high-quality, affordable health care for low-income and uninsured Coloradans.

(b) (I) The enterprise constitutes an enterprise for purposes of section 20 of article X of the state constitution so long as it retains the authority to issue revenue bonds and receives less than ten percent of its total revenues in grants, as defined in section 24-77-102 (7), from all Colorado state and local governments combined. So long as it constitutes an enterprise pursuant to this section, the enterprise is not a district for purposes of section 20 of article X of the state constitution.

(II) The enterprise is hereby authorized to issue revenue bonds for the expenses of the enterprise, secured by revenues of the enterprise.

(2) The enterprise's primary powers and duties are:

(a) To assess and collect the fee specified in section 10-16-1205 (1)(a)(I);

(b) To assess and collect the special assessment on hospitals specified in section 10-16-1205 (1)(a)(II);

(c) To allocate money in the fund in accordance with section 10-16-1205 (2);

(d) To issue revenue bonds payable from the revenues and other available money of the enterprise pledged for their payment as authorized in section 10-16-1213;

(e) (I) To engage the services of third parties serving as contractors and consultants, including the division, for professional and technical assistance and advice and to supply other services related to the conduct of the affairs of the enterprise, without regard to the "Procurement Code", articles 101 to 112 of title 24. The enterprise shall encourage diversity in applications for contracts and shall generally avoid using single-source bids.

(II) The division shall provide office space and administrative staff to the enterprise pursuant to a contract entered into under this subsection (2)(e).

(f) To engage in outreach and related efforts to increase enrollment in health benefit plans across the state;

(g) To adopt and amend or repeal policies for the regulation of its affairs and the conduct of its business consistent with this part 12; and

(h) (I) To invest money in the fund, other than proceeds from the sale of bonds or earnings on such proceeds invested pursuant to section 10-16-1213 (2), without regard to the limitations set forth in section 24-36-103, 24-75-601.1, or 24-75-603.

(II) For purposes of investing the money in the fund, the enterprise may enter into contracts with private professional fund managers to provide expertise, technical support, and advice on investment market conditions. In seeking bids for such contracts, the enterprise shall employ standard public bidding practices, including the use of requests for information, requests for proposals, or any other standard vendor selection practices determined by the enterprise to be best suited for selecting an appropriate private professional fund manager.

(3) The enterprise shall exercise its powers and perform its duties as if the same were transferred to the division by a **type 2** transfer, as defined in section 24-1-105.

Source: L. 2020: Entire part added, (SB 20-215), ch. 201, p. 989, § 1, effective June 30. **L. 2026:** (2)(d), (2)(f), and (2)(g) amended and (2)(h) added, (SB 26-178), ch. 298, p. 1644, § 2, effective June 2.

10-16-1205. Health insurance affordability fee - special assessment on hospitals - allocation of revenues.

(1) (a) (I) Starting in the 2021 calendar year, the enterprise shall assess and collect from carriers, by July 15 each year, a health insurance affordability fee. The fee amount is based on the following percentages of premiums collected by the following carriers in the immediately preceding calendar year on health benefit plans issued in the state:

- (A) One and fifteen hundredths percent of premiums collected by nonprofit carriers; and
- (B) Two and one-tenth percent of premiums collected by for-profit carriers.

(II) For the 2022 and 2023 calendar years, the enterprise shall assess and collect from hospitals a special assessment of twenty million dollars per year, subject to subsection (5) of this section. The enterprise shall not collect the special assessment for the 2022 calendar year before October 1, 2022.

(b) The enterprise shall use the fee, the special assessment on hospitals, and any other money available in the fund as follows, allocated in accordance with subsection (2) of this section:

- (I) To provide funding for the reinsurance program;
- (II) To provide payments to carriers to increase the affordability of health insurance on the individual market for Coloradans who receive the premium tax credit;
- (III) To provide subsidies for state-subsidized individual health coverage plans purchased by qualified individuals;
- (IV) To pay the actual administrative costs of the enterprise for implementing and administering this part 12, limited to three percent of the enterprise's revenues. Actual administrative costs include the following:
 - (A) The administrative costs of the enterprise, including the costs to implement and administer the programs established pursuant to this part 12;
 - (B) The enterprise's actual costs related to implementing and maintaining the fee and special assessment on hospitals, including personal services and operating expenses; and
 - (C) The costs for conducting analyses necessary to determine the payments to be made to carriers for the purposes described in subsection (1)(b)(II) of this section and the requirements for state-subsidized individual health coverage plans offered by carriers; and
- (V) To pay the costs for consumer enrollment, outreach, and education activities regarding health-care coverage, including:
 - (A) Increasing grants to the exchange's certified assistance network;

(B) Marketing for the exchange;

(C) Grants to community-based organizations that are able to assist with outreach and enrollment, particularly in communities that face the greatest barriers to enrolling in health care coverage; and

(D) Improving the connection between unemployment services and enrollment in health care coverage.

(c) This subsection (1) does not apply to plans or benefits provided under medicaid, medicare, or the children's basic health plan.

(2) (a) The enterprise shall transmit the fees and special assessments collected pursuant to this section to the state treasurer for deposit in the health insurance affordability cash fund created in section 10-16-1206 and, except as provided in subsection (4) of this section, shall allocate the money in the fund in accordance with this subsection (2).

(b) The enterprise shall allocate the revenues collected in 2021, and any other money deposited in the fund in 2021, as follows:

(I) Up to three percent for actual administrative costs as set forth in subsection (1)(b)(IV) of this section;

(II) To the reinsurance program cash fund, an amount necessary to fund the payment parameters of the reinsurance program, as determined pursuant to section 10-16-1105 (2), not to exceed ninety million dollars or, if the revenues collected pursuant to subsection (1)(a) of this section are less than ninety million dollars, the amount collected; and

(III) Of any remaining balance in the fund after deducting the allocations specified in subsections (2)(b)(I) and (2)(b)(II) of this section:

(A) Up to one percent of the total amount of revenues collected or deposited into the fund in 2021, but not more than one million five hundred thousand dollars, for implementation costs and consumer enrollment, outreach, and education activities regarding health care coverage as described in subsection (1)(b)(V) of this section; and

(B) The remaining balance to carriers to reduce the costs of individual health plans for individuals who purchase an individual health benefit plan on the exchange and receive the premium tax credit.

(c) The enterprise shall allocate the revenues collected in 2022, and any other money deposited in the fund in 2022, as follows:

(I) Up to three percent for actual administrative costs as set forth in subsection (1)(b)(IV) of this section;

(II) To the reinsurance program cash fund, eighty-eight million dollars; and

(III) Of the remaining balance in the fund after deducting the allocations specified in subsections (2)(c)(I) and (2)(c)(II) of this section:

(A) Thirty percent to carriers to reduce the costs of individual health plans for individuals who purchase an individual health benefit plan on the exchange and receive the premium tax credit; and

(B) Seventy percent for subsidies for state-subsidized individual health coverage plans purchased by qualified individuals.

(d) (I) Except as provided in subsections (2)(d)(IV) and (2)(e) of this section, the enterprise shall allocate the revenues collected in 2023 through 2026, and any other money deposited in the fund in 2023 through 2026, in the following amounts and order of priority:

(A) First, up to three percent for actual administrative costs as set forth in subsection (1)(b)(IV) of this section;

(B) Second, eighteen million dollars for subsidies for state-subsidized individual health coverage plans purchased by qualified individuals;

(C) Third, the amount remaining in the fund, up to seventy-three percent of the total amount of revenues collected or deposited into the fund in the applicable year, but not to exceed ninety million dollars, to the reinsurance program cash fund; and

(D) Fourth, ten percent of the total amount of revenues collected or deposited into the fund in the applicable year or the amount remaining in the fund, whichever is less, to carriers to reduce the costs of individual health plans for individuals who purchase an individual health benefit plan on the exchange and receive the premium tax credit.

(II) If, after making the allocations specified in subsection (2)(d)(I) of this section, there is money remaining in the fund in the applicable year, the enterprise shall allocate the remaining money for subsidies for state-subsidized individual health coverage plans purchased by qualified individuals.

(III) Notwithstanding subsections (2)(d)(I) and (2)(d)(II) of this section, if the approval of the demonstration waiver received pursuant to section 25.5-4-503 (2) sets conditions on the use of the money received, the enterprise shall allocate the money received pursuant to section 25.5-4-503 (2) as set forth in the approval. If the approval does not set conditions on the use of money received, the enterprise shall allocate the money in the manner set forth in subsections (2)(d)(I) and (2)(d)(II) of this section.

(IV) On or after August 28, 2025, the enterprise shall reallocate any amount of revenues collected and allocated pursuant to subsection (2)(d)(I) of this section that has not been expended

on or before August 28, 2025, not to exceed twenty million dollars, for any other purpose specified in subsection (2)(d)(I) of this section except administrative costs described in subsection (2)(d)(I)(A) of this section.

(e) (I) On or after the date on which the state treasurer credits money to the fund in accordance with section 10-16-1206 (1.5)(a), except as provided in subsection (2)(e)(II) of this section, the enterprise shall allocate the money credited to the fund pursuant to section 10-16-1206 (1.5)(a) as follows:

(A) Up to fifty million dollars to the reinsurance program cash fund; and

(B) Up to fifty million dollars to carriers to reduce the costs of individual health plans for individuals who purchase an individual health benefit plan on the exchange and receive the premium tax credit.

(II) The enterprise may allocate up to five million dollars of the money credited to the fund in accordance with section 10-16-1206 (1.5)(a) for any other purpose specified in subsection (2)(d)(I) of this section except administrative costs described in subsection (2)(d)(I)(A) of this section.

(III) Repealed.

(f) (I) The enterprise shall allocate at least the following revenues assessed for the 2027 calendar year and for each calendar year thereafter, the proceeds from the issuance of revenue bonds pursuant to section 10-16-1213, the money transferred to the fund pursuant to section 10-16-1206 (6), and any other money deposited in the fund for allocation in the 2027 calendar year and in each calendar year thereafter as follows:

(A) First, at least twenty percent for subsidies for state-subsidized individual health coverage plans purchased by qualified individuals who pay a premium for such plans, as specified in rules adopted pursuant to section 10-16-1215;

(B) Second, at least fifty percent to the reinsurance program cash fund;

(C) Third, at least twenty-five percent to reduce the costs of individual health benefit plans for individuals who purchase an individual health benefit plan on the exchange;

(D) Fourth, up to three percent for actual administrative costs as set forth in subsection (1)(b)(IV) of this section; and

(E) Fifth, the actual costs of ensuring compliance with the federal Hyde amendment or a similar amendment.

(II) The enterprise shall allocate any amount of revenues remaining after allocating revenues pursuant to subsection (2)(f)(I) of this section and after any reduction in the amount of bonds

issued pursuant to section 10-16-1213 (1)(a) related to the adjustment in the statewide average premium reduction in the reinsurance program to meet the following objectives:

(A) To attain a statewide average premium reduction in the reinsurance program of eighteen percent, provide premium assistance for individuals who purchase insurance on the exchange at the same level of premium assistance provided in the 2026 calendar year, and provide coverage for qualified individuals at the enrollment level achieved in the 2026 calendar year; and

(B) To support additional affordability efforts to maintain or increase coverage in the individual market.

(III) In any calendar year, after making the allocations specified in subsections (2)(f)(I) and (2)(f)(II) of this section, if there is money remaining in the fund on August 1 of that calendar year, the enterprise may reallocate any amount of the revenues collected and allocated pursuant to subsection (2)(f)(I) or (2)(f)(II) of this section that have not been expended on or before August 1 of that calendar year for any other purpose specified in subsection (2)(f)(I) or (2)(f)(II) of this section except the administrative costs described in subsection (2)(f)(I)(D) of this section.

(3) The enterprise shall distribute the allocations specified in subsection (2) of this section in accordance with the requirements determined by the board pursuant to section 10-16-1207 (4).

(4) If the commissioner, pursuant to section 10-16-1107 (4), notifies the board that the reinsurance program will receive federal funding pursuant to a federal reinsurance program or other federal financial assistance for the reinsurance program that is in excess of federal pass-through funding received pursuant to section 10-16-1107 (1)(a)(I), the enterprise may eliminate or reduce the amount of enterprise revenues allocated to the reinsurance program pursuant to subsection (2) of this section based on the amount of federal funding the reinsurance program receives, as indicated in the commissioner's notice, and shall reallocate the portion of the enterprise revenues no longer allocated to the reinsurance program to the other purposes specified in subsection (2) of this section in accordance with that subsection (2).

(5) (a) The special assessments on hospitals under subsection (1)(a)(II) of this section must comply with and not violate 42 CFR 433.68. If the federal centers for medicare and medicaid services in the United States department of health and human services informs the state that the state will not be in compliance with 42 CFR 433.68 as a result of the special assessment on hospitals pursuant to subsection (1)(a)(II) of this section, the enterprise shall reduce the amount of the special assessment as necessary to avoid any reduction in the healthcare affordability and sustainability hospital provider fee collected pursuant to section 25.5-4-402.4.

(b) A hospital shall pay the special assessment imposed pursuant to subsection (1)(a)(II) of this section from its general revenues and is prohibited from:

(I) Collecting an assessment from consumers as any type of surcharge on its fees;

(II) Passing the special assessment on to consumers as any type of increase to fees or charges for services; or

(III) Otherwise passing the special assessment on to consumers in any manner.

Sess.:** IP(2)(d)(I) amended and (2)(d)(IV) and (2)(e) added, (HB 25B-1006), ch. 10, p. 41, § 2, effective August 28 (see editor's note). **L. 2026:** IP(2)(d)(I) amended, (2)(e)(III) repealed, and (2)(f) added, (SB 26-178), ch. 298, p. 1644, § 3, effective June 2.

Editor's note: (1) Section 10-16-1209 (1) provides that subsection (2)(e) is effective if, by December 31, 2025, the United States congress does not enact and the president does not sign federal legislation that extends, recreates, or otherwise reinstates the enhanced premium tax credit for the 2026 plan year. The commissioner of insurance notified the revisor of statutes in writing on June 8, 2026, that the condition specified occurred. As a result, subsection (2)(e) became effective January 1, 2026. For more information, see HB 25B-1006 (L. 2025, 1st Ex. Sess., p. 45).

(2) Subsection (2)(e) was added by HB 25B-1006, effective January 1, 2026. Subsection (2)(e)(III) was subsequently repealed by SB 26-178, effective June 2, 2026. For amendments to subsection (2)(e)(III) in effect from January 1, 2026, to June 2, 2026, see HB 25B-1006. (L. 2025, 1st Ex. Sess., p. 41.)

10-16-1206. Health insurance affordability cash fund - creation.

(1) There is created in the state treasury the health insurance affordability cash fund. The fund consists of:

- (a) The fees collected from carriers pursuant to section 10-16-1205 (1)(a)(I);
- (b) The special assessments collected from hospitals pursuant to section 10-16-1205 (1)(a)(II);
- (c) Repealed.

(d) The proceeds collected from revenue bonds issued pursuant to section 10-16-1213 and any earnings on the investment of bond proceeds invested pursuant to section 10-16-1213 (2);

(e) Money that may be allocated to the fund pursuant to section 10-16-1308;

(f) All interest and income derived from the deposit and investment of money in the fund;

(g) The federal share of the medical assistance payments received pursuant to section 25.5-4-503 (2);

(h) Gifts, grants, or donations received from private or public sources; and

(i) Any other money that may be appropriated or transferred to the fund.

(1.5) (a) The fund also consists of one hundred million dollars from the following sources, which the enterprise shall allocate in accordance with section 10-16-1205 (2)(e):

(I) Up to one hundred million dollars from tax credit sale proceeds credited to the fund pursuant to section 24-36-406; and

(II) (A) If the total amount of tax credit sale proceeds available for deposit in the fund is less than one hundred million dollars, an amount determined and transferred, in accordance with subsection (1.5)(a)(II)(B) of this section, from the general fund to the fund.

(B) The state treasurer shall determine the amount of the transfer from the general fund to the fund by calculating the difference between one hundred million dollars and the amount of tax credit sale proceeds credited to the fund pursuant to section 24-36-406 and, within ten days after making the determination, shall transfer that amount from the general fund to the fund.

(b) This subsection (1.5) takes effect on January 1, 2026, only if the condition specified in section 10-16-1209 (1) occurs.

(2) (a) Money in the fund shall not be transferred to any other fund, except as provided in section 10-16-1205 (2), and shall not be used for any purpose other than the purposes specified in this part 12.

(b) Before allocating any money in the fund for programs funded by the enterprise pursuant to this part 12, the enterprise shall first pay for bond obligations on revenue bonds issued pursuant to section 10-16-1213.

(3) All money in the fund is continuously available and appropriated to the enterprise to use in accordance with this part 12.

(4) The fund is part of the enterprise established pursuant to section 10-16-1204 (1).

(5) Repealed.

(6) By June 30, 2026, the state treasurer shall transfer forty million dollars from the marijuana tax cash fund created in section 39-28.8-501 to the fund.

Source: **L. 2020:** Entire part added, (SB 20-215), ch. 201, p. 994, § 1, effective June 30. **L. 2021:** (1)(d) and (1)(e) amended and (1)(f) added, (HB 21-1232), ch. 241, p. 1293, § 3, effective June 16. **L. 2022:** (1)(e) and (1)(f) amended and (1)(g) added, (HB 22-1289), ch. 399, p. 2835, § 3, effective June 7. **L. 2024:** IP(1) and (1)(c) amended, (HB 24-1470), ch. 491, p. 3446, § 1, effective June 7. **L. 2025:** (1)(f) and (1)(g) amended and (1)(h) added, (HB 25-1309), ch. 233, p. 1105, § 2, effective May 23. **L. 2025, 1st Ex. Sess.:** (1)(g) and (1)(h) amended and (1)(i) and (5) added, (SB 25B-005), ch. 4, p. 12, § 1, effective August 28; (1)(g) and (1)(h) amended and (1)(i) and (1.5) added, (HB 25B-1006), ch. 10, p. 42, § 3, effective August 28 (see editor's note). **L. 2026:** (1)(d) and (2) amended and (6) added, (SB 26-178), ch. 298, p. 1646, § 4, effective June 2.

Editor's note: (1) Subsection (1)(c)(II) provided for the repeal of subsection (1)(c), effective July 1, 2025. (See L. 2024, p. 3446.)

(2) Section 10-16-1209 (1) provides that subsection (1.5) is effective if, by December 31, 2025, the United States congress does not enact and the president does not sign federal legislation that extends, recreates, or otherwise reinstates the enhanced premium tax credit for the 2026 plan year. The commissioner of insurance notified the revisor of statutes in writing on June 8, 2026, that the condition specified occurred. As a result, subsection (1.5) became effective on January 1, 2026. For more information, see HB 25B-1006 (L. 2025, 1st Ex. Sess., p. 45).

(3) For the amendments in SB 25B-005 in effect from August 26, 2025, to July 1, 2026, see SB 25B-005 (L. 2025, 1st Ex. Sess., p. 12).

(4) Subsection (5)(b) provided for the repeal of subsection (5), effective July 1, 2026. (See L. 2025, 1st Ex. Sess., p. 12.)

Cross references: For the legislative declaration in HB 22-1289, see section 1 of chapter 399, Session Laws of Colorado 2022.

10-16-1207. Health insurance affordability board - creation - membership - powers and duties - subject to open meetings and public records laws - annual report - commissioner rules.

(1) (a) There is hereby created the health insurance affordability board, which board is responsible for governance of the enterprise established in this part 12. The board consists of the following eleven voting members:

- (I) The executive director of the exchange or the executive director's designee;
- (II) The commissioner or the commissioner's designee; and
- (III) Nine members appointed by the governor, with the consent of the senate, as follows:
 - (A) One member who is employed by a carrier;
 - (B) One member who is a representative of a statewide association of health benefit plans;
 - (C) One member representing primary care health-care providers who does not represent a carrier;
 - (D) Three members who are consumers of health care who are not representatives or employees of a hospital, carrier, or other health-care industry entity. To the extent possible, the governor shall ensure that the consumer members of the board are individuals who lack affordable offers of coverage from their employers and otherwise struggle to afford to purchase health insurance.
 - (E) One member who represents a health-care advocacy organization;
 - (F) One member who is a representative of a business that purchases or otherwise provides health insurance for its employees; and
 - (G) One member who represents a rural, critical access, or independent hospital.

(b) To the extent possible, the governor shall attempt to appoint board members who reflect the diversity of the state with regard to race, ethnicity, immigration status, income, wealth, ability, and geography. In considering geographic diversity, the governor shall ensure at least one member resides on the eastern plains and one member resides on the western slope and, to the extent possible, shall attempt to appoint members from each congressional district in the state.

(c) The governor shall make initial appointments to the board by October 1, 2020.

(2) (a) (I) Except as provided in subsection (2)(a)(II) of this section, the term of office of the members of the board appointed by the governor is four years, and those members may serve no more than two four-year terms.

(II) In order to ensure staggered terms of office, the initial term of office of the members of the board is:

(A) Two years for the members appointed pursuant to subsections (1)(a)(III)(A), (1)(a)(III)(C), and (1)(a)(III)(F) of this section and for two of the members appointed pursuant to subsection (1)(a)(III)(D) of this section; and

(B) Four years for the members appointed pursuant to subsections (1)(a)(III)(B), (1)(a)(III)(E), and (1)(a)(III)(G) of this section and for one of the members appointed pursuant to subsection (1)(a)(III)(D) of this section.

(b) Members of the board appointed by the governor serve at the pleasure of the governor and may be removed by the governor.

(c) A member who is appointed to fill a vacancy shall serve the remainder of the unexpired term of the member whose vacancy is being filled.

(d) Members of the board may be reimbursed for actual and necessary expenses, including any required dependent care and dependent or attendant travel, food, and lodging, while engaged in the performance of official duties of the board.

(3) The board shall meet as often as necessary to carry out its duties pursuant to this part 12.

(4) The board is authorized to:

(a) Implement and administer the enterprise;

(b) Establish administrative and accounting procedures for the operation of the enterprise;

(c) Recommend, for approval and establishment by the commissioner by rule:

(I) The timing and methodology for assessing and collecting the fee and special assessment, subject to section 10-16-1205 (1)(a);

(II) The distribution of enterprise revenues allocated for carrier payments and subsidies in a manner that improves affordability for subsidized populations and individuals not eligible for the premium tax credit, medicaid, medicare, or the children's basic health plan;

(III) The payments authorized by this part 12 to be made to carriers to reduce the costs of individual health plans for individuals who purchase an individual health benefit plan on the exchange and receive the premium tax credit; and

(IV) The parameters for implementing the subsidies for state-subsidized individual health coverage plans authorized by this part 12, including:

(A) Repealed.

(B) The criteria and procedures for determining whether an individual is a qualified individual eligible to enroll in a state-subsidized individual health coverage plan;

(c.5) Further recommend, for approval and establishment by the commissioner by rule, additional parameters for implementing the subsidies for state-subsidized individual health coverage plans authorized by this part 12, including that the coverage required pursuant to state-subsidized individual health coverage plans must:

(I) Maximize affordability for qualified individuals;

(I.5) Prioritize enrollment stability and customer predictability;

(II) Cover benefits equivalent to those in a qualified health plan; and

(III) For a person who, at the time the person applies for state-subsidized coverage, meets the income requirements to qualify for emergency medical assistance pursuant to section 25.5-5-103 and who is a qualified individual who meets the eligibility criteria established in rule pursuant to subsection (4)(c)(IV) of this section, include coverage and plan design that:

(A) Maximizes enrollment in the plan; and

(B) To the extent possible with available funding, includes cost sharing such that the plan has consumer cost-sharing responsibilities for emergency services equivalent to cost-sharing responsibilities for emergency medical assistance pursuant to section 25.5-5-103;

(d) Establish bylaws, as appropriate and consistent with this part 12, for its effective operation; and

(e) Seek, accept, and expend gifts, grants, or donations from private or public sources that the enterprise may use for any of the purposes set forth in section 10-16-1205, to cover the costs of ensuring compliance in the individual market with the federal Hyde amendment or a similar amendment, and to cover the costs of ensuring that Coloradans have access to legally protected health-care activities, as defined in section 12-30-121 (1)(d). The enterprise shall consider the feasibility of allocating gifts, grants, or donations received from specific localities or directed to specific localities to be used only in those localities.

(4.5) Prior to making any final recommendation pursuant to subsection (4) of this section regarding plans, coverage, and the number of eligible slots, the board shall seek input and recommendations from individuals directly affected by programs funded by the enterprise and shall discuss any input and recommendations received at a board meeting held in accordance with subsection (6) of this section. The board shall take reasonable steps to provide opportunities for individuals to provide input and recommendations in at least English and Spanish, including making written materials and presentations available not later than seven days after meetings, and, to the extent practicable and upon a request submitted at least seven days in advance of the time for providing input and recommendations, in other languages. The board shall also indicate

how input and recommendations from individuals directly affected by enterprise programs were incorporated into any final recommendations made pursuant to subsection (4) of this section.

(5) The commissioner shall adopt rules necessary for the administration and implementation of this part 12. In adopting the rules, the commissioner shall consider the recommendations of the board and shall express in writing the reasons for any deviation from the board recommendations.

(6) Meetings of the board are subject to the open meetings provisions of the "Colorado Sunshine Act of 1972", contained in part 4 of article 6 of title 24. Except as otherwise provided in the "Colorado Open Records Act", part 2 of article 72 of title 24, or other applicable state or federal law, records of the board and the program are subject to the "Colorado Open Records Act".

(7) (a) By February 15, 2026, and by every February 15 thereafter, the board shall prepare a report detailing:

(I) The total revenue received by the enterprise in the previous calendar year;

(II) The share of the total revenue that was received from federal funds;

(III) The share of the total revenue that was received from the fee;

(IV) If any additional amount of the total revenue was received from any sources other than the federal government or the fee, the specific source of those revenues and the specific amount of revenues for each source;

(V) Each specific program that received funding from the enterprise;

(VI) Of the total allocation for each program:

(A) The share of the total allocation that was from federal funding; and

(B) The share of the total allocation that was from state funding and the source of that state funding;

(VII) For the reinsurance program, the amount of the actual allocation of state money to the reinsurance program;

(VIII) If less than the maximum allowable allocation of state money in the fund was allocated to the reinsurance program, an explanation of why the reinsurance program was not fully funded;

(IX) For any allocation that was made at the discretion of the board or commissioner and not defined expressly in statute, an explanation of the allocations, the amount of each allocation, the rationale for the amounts, and the goals intended to be achieved as a result of each allocation; and

(X) The amount of surplus in the fund, if any, and an explanation of why the surplus was not allocated to enterprise programs.

(b) By February 28, 2026, and by each February 28 thereafter:

(I) The board shall submit the report to the house of representatives health and human services committee and the senate health and human services committee, or their successor committees, and the joint budget committee; and

(II) The division shall post the report on the division's public-facing website in an easily accessible location and manner.

(c) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report specified in this subsection (7) continues indefinitely.

Sess.:** (4)(c.5)(III) amended and (4.5) and (7) added, (HB 25B-1006), ch. 10, p. 43, § 4, effective August 28. **L. 2026:** (4)(c.5)(I.5) added and (4.5) amended, (SB 26-178), ch. 298, p. 1646, § 5, effective June 2.

Editor's note: Subsection (4.5) was added by HB 25B-1006, effective August 28, 2025. Those amendments were superseded by the amendment of subsection (4.5) in SB 26-178, effective June 2, 2026. For the amendments to subsection (4.5) in HB 25B-1006 in effect from August 28, 2025, to June 2, 2026, see chapter 10, Session Laws of Colorado 2025 1st Ex. Sess. (L. 2025, 1st Ex. Sess., p. 43.)

Cross references: For the legislative declaration in HB 22-1289, see section 1 of chapter 399, Session Laws of Colorado 2022.

10-16-1208. Limitation on authority - public option.

Nothing in this part 12 authorizes the enterprise, the board, or the commissioner to establish, administer, operate, or require participation by carriers or hospitals in a state or public option health coverage plan.

Source: L. 2020: Entire part added, (SB 20-215), ch. 201, p. 997, § 1, effective June 30.

10-16-1209. Repeal of certain provisions - notice to the revisor.

(1) Sections 10-16-1205 (2)(e), 10-16-1206 (1.5), and 24-75-201.1 (1)(d)(XXVII)(A) will take effect only if, by December 31, 2025, the United States congress does not enact and the president does not sign federal legislation that extends, recreates, or otherwise reinstates the enhanced premium tax credit for the 2026 plan year. The commissioner shall notify the revisor of statutes in writing if the condition specified in this subsection (1) has occurred by emailing the notice to revisorofstatutes.ga@coleg.gov. If the condition specified in this subsection (1) occurs, sections 10-16-1205 (2)(e), 10-16-1206 (1.5), and 24-75-201.1 (1)(d)(XXVII)(A) take effect on January 1, 2026.

(2) This section and sections 10-16-1205 (2)(e), 10-16-1206 (1.5), and 24-75-201.1 (1)(d)(XXVII)(A) will be repealed if, on or before December 31, 2025, the United States congress enacts and the president signs federal legislation that extends, recreates, or otherwise reinstates the enhanced premium tax credit for the 2026 plan year with at least the same eligibility and in the same amount as authorized by the amendments to the premium tax credit in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, and the federal "Inflation Reduction Act of 2022", Pub.L. 117-169, 136 Stat. 1818 (2022). The commissioner shall notify the revisor of statutes in writing if the condition specified in this subsection (2) has occurred and of the date on which the condition occurred by emailing the notice to revisorofstatutes.ga@coleg.gov. This section and sections 10-16-1205 (2)(e), 10-16-1206 (1.5), and 24-75-201.1 (1)(d)(XXVII)(A) are repealed upon the date identified in the notice that the condition specified in this subsection (2) occurred or, if the notice does not specify that date, upon the date of the notice to the revisor of statutes.

Source: L. 2025, 1st Ex. Sess.: Entire section added, (HB 25B-1006), ch. 10, p. 45, § 5, effective August 28.

Editor's note: On June 8, 2026, the revisor of statutes received notice from the commissioner of insurance that the condition referred to in subsection (1) occurred and that the condition referred to in subsection (2) did not occur.

10-16-1210. Regulatory agenda - division review of regulation - repeal.

(1) (a) The division shall conduct a review of regulation 4-2-76, concerning the health insurance affordability fee assessment and collection process, codified in 3 CCR 702-4, in accordance with section 24-4-103.3. The department of regulatory agencies shall include the division's review of regulation 4-2-76 in its departmental regulatory agenda that the department submits to the staff of the legislative council in accordance with section 2-7-203 (4) by November 1, 2026. The health and human services committees of the house of representatives and the senate are the applicable committees of reference to which the staff of the legislative council shall distribute the review of regulation 4-2-76.

(b) The division shall make a presentation of its review, as part of the departmental presentations to the committees in accordance with section 2-7-203, in the 2027 regular legislative session.

(2) This section is repealed, effective July 1, 2027.

Source: L. 2025, 1st Ex. Sess.: Entire section added, (HB 25B-1006), ch. 10, p. 45, § 5, effective August 28.

10-16-1211. Performance audit of the enterprise - repeal.

(1) By December 31, 2027, the state auditor shall complete a performance audit of the enterprise. In conducting the audit, the state auditor shall:

(a) Determine whether the enterprise and the board are in compliance with the purpose and responsibilities of the enterprise and the board as specified in sections 10-16-1202, 10-16-1204, 10-16-1205, and 10-16-1207;

(b) Specify, for each year since the creation of the enterprise:

(I) The annual revenue deposited in the fund from:

(A) The fee collected from carriers pursuant to section 10-16-1205 (1)(a)(I);

(B) The special assessments collected from hospitals pursuant to section 10-16-1205 (1)(a)(II);

(C) Premium tax revenues deposited in the fund pursuant to section 10-3-209 (4)(a)(III) before its repeal on July 1, 2025;

(D) Money allocated to the fund pursuant to section 10-16-1308;

(E) The federal share of the medical assistance payments received pursuant to section 25.5-4-503 (2);

(F) Any revenue collected from revenue bonds pursuant to section 10-16-1213;

(G) Interest and income derived from the deposit and investment of money in the fund; and

(H) Any gifts, grants, or donations received from private or public sources;

(II) The annual expenditures from the fund for the purposes specified in section 10-16-1205 (1)(b), indicating the amounts expended in each year for each of the following purposes and the amount of such expenditures that was paid from revenues described in subsections (1)(b)(I)(D) and (1)(b)(I)(E) of this section:

(A) To provide funding for the reinsurance program;

(B) To provide payments to carriers to increase the affordability of health insurance on the individual market for Coloradans who receive the premium tax credit;

(C) To provide subsidies for state-subsidized individual health coverage plans purchased by qualified individuals;

(D) To pay the enterprise's actual administrative costs to implement and administer this part 12; and

(E) To pay the costs of consumer enrollment, outreach, and education activities regarding health-care coverage; and

(III) The amount of revenues allocated or otherwise designated for a purpose specified in section 10-16-1205 (1)(b) that the enterprise did not encumber or expend;

(c) With regard to the allocation of revenues to the reinsurance program:

(I) Determine, for each year since the enterprise collected or received revenues, whether the enterprise allocated to the reinsurance program cash fund the maximum allowable amount of revenues as specified in section 10-16-1205 (2); and

(II) For any year in which the enterprise did not allocate the maximum allowable amount of revenues to the reinsurance program, analyze:

(A) The enterprise's and the division's rationale for not allocating the maximum allowable amount of revenues to the reinsurance program; and

(B) The impact of that decision on the affordability relief provided to consumers in the individual market and the ability of the enterprise to fund other programs authorized in this part 12;

(d) Determine whether the enterprise's current and projected revenues are sufficient for the enterprise to efficiently and effectively fulfill its duties and responsibilities as specified in this part 12; and

(e) Determine the significance of federal funding on the ability of the enterprise to efficiently and effectively fulfill its duties and responsibilities as specified in this part 12.

(2) Upon completion of the performance audit required by subsection (1) of this section, the state auditor shall submit a written report about the performance audit to the legislative audit committee and to the health and human services committees of the senate and the house of representatives.

(3) This section is repealed, effective December 31, 2028.

Source: L. 2025, 1st Ex. Sess.: Entire section added, (HB 25B-1006), ch. 10, p. 46, § 5, effective August 28. L. 2026: (1)(b)(I)(F) amended, (SB 26-178), ch. 298, p. 1647, § 6, effective June 2.

Editor's note: This section was added by HB 25B-1006, effective August 28, 2025. Those amendments were superseded by the amendment of this section in SB 26-178, effective June 2, 2026. For the amendments to this section in HB 25B-1006 in effect from August 28, 2025, to June 2, 2026, see chapter 10, Session Laws of Colorado 2025 1st Ex. Sess. (L. 2025, 1st Ex. Sess., p. 46.)

10-16-1212. Study concerning optimization of health insurance affordability programs - repeal.

(1) The enterprise shall conduct or contract with a third party to conduct a study, to be completed no later than July 1, 2027, to:

(a) Evaluate the feasibility of restructuring the enterprise programs to increase affordability and maximize enrollment, including the potential creation of a basic health program pursuant to section 1331 of the federal act, 42 U.S.C. sec. 18051; and

(b) Evaluate or explore any other related issues.

(2) Within thirty days after the study is completed, the enterprise shall submit the results of the study to the health and human services committees of the senate and the house of representatives, or their successor committees.

(3) This section is repealed, effective January 1, 2028.

Source: L. 2026: Entire section added, (SB 26-178), ch. 298, p. 1647, § 7, effective June 2.

10-16-1213. Bonds - investments - bonds eligible for investment and exempt from taxation.

(1) (a) On or after January 1, 2027, the enterprise may issue bonds to generate proceeds of up to a total of one hundred million dollars for any of the business purposes specified in this part 12, including to fund the programs specified in this part 12; except that, in determining the total amount of bonds to issue, the enterprise shall take into account and reduce the amount of bonds issued based on the savings realized by the adjustment in the statewide average premium reduction under the reinsurance program pursuant to section 10-16-1205 (2)(f)(II)(A). The bonds shall be issued pursuant to resolution of the board and shall be payable solely out of all or a specified portion of the money in the fund.

(b) Bonds may be executed and delivered by the enterprise at such times; may be in such form and denominations and include such terms and maturities; may be subject to optional or mandatory redemption prior to maturity with or without a premium; may be in fully registered form or bearer form registrable as to principal or interest or both; may bear such conversion privileges; may be payable in such installments and at such times not exceeding forty-five years from the date of issuance; may be payable at such place or places whether within or without the state; may bear interest at such rate or rates per annum, which may be fixed or vary according to index, procedure, or formula or as determined by the enterprise or its agents, without regard to any interest rate limitation appearing in any other law of the state; may be subject to purchase at the option of the holder or the enterprise; may be evidenced in such manner; may be executed by such officers of the enterprise, including the use of one or more facsimile signatures so long as at least one manual signature appears on the bonds, which may be either of an officer of the enterprise or of an agent authenticating the same; may be in the form of coupon bonds that have attached interest coupons bearing a manual or facsimile signature of an officer of the enterprise; and may contain such provisions not inconsistent with this part 12, all as provided in the resolution of the board under which the bonds are authorized to be issued or as provided in a trust indenture between the enterprise and any commercial bank or trust company having full trust powers.

(c) Bonds of the enterprise may be sold at public or private sale at such price or prices, in such manner, and at such times as determined by the board, and the board may pay all fees, expenses, and commissions that it deems necessary or advantageous in connection with the sale of the bonds. The power to fix the date of sale of the bonds, to receive bids or proposals, to award and sell bonds, to fix interest rates, and to take all other action necessary to sell and deliver the bonds may be delegated to an officer or agent of the enterprise. Any outstanding

bonds may be refunded by the enterprise pursuant to article 56 of title 11. All bonds and any interest coupons applicable to the bonds are declared to be negotiable instruments.

(d) The resolution or trust indenture authorizing the issuance of the bonds may pledge all or a portion of the fund; may pledge all or a portion of the rights of the enterprise to impose, and receive the revenues generated by, the fee authorized by section 10-16-1205 (1)(a)(I) and any other revenues generated or received by the enterprise, other than any federal money the enterprise may receive; may contain such provisions for protecting and enforcing the rights and remedies of holders of any of the bonds as the enterprise deems appropriate; may set forth the rights and remedies of the holders of any of the bonds; and may contain provisions that the enterprise deems appropriate for the security of the holders of the bonds, including provisions for letters of credit, insurance, standby credit agreements, or other forms of credit ensuring timely payment of the bonds, including the redemption price or the purchase price.

(e) Any pledge of the fund is valid and binding from the time the pledge is made. The pledged fund is immediately subject to the lien of the pledge without any physical delivery or further act, and the lien of the pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the pledging party regardless of whether the claiming party has notice of the lien. The instrument by which the pledge is created need not be recorded or filed.

(f) Neither the members of the board, nor employees of the enterprise, nor any person executing the bonds is liable personally on the bonds or subject to any personal liability by reason of the issuance of the bonds.

(g) The enterprise may purchase its bonds out of any available money and may hold, pledge, cancel, or resell such bonds subject to and in accordance with agreements with the bond holders.

(2) The enterprise may invest or deposit any proceeds and any interest from the sale of bonds in the manner provided by part 6 of article 75 of title 24. In addition, an issuing enterprise may direct a corporate trustee that holds the bond proceeds and any interest to invest or deposit the proceeds and interest in investments or deposits other than those specified by said part 6 if the board determines, by resolution, that the investment or deposit meets the standard established in section 15-1-304, the income is at least comparable to income available on investments or deposits specified by said part 6, and the investment will assist the enterprise in funding programs specified in this part 12.

(3) All banks, trust companies, savings and loan associations, insurance companies, executors, administrators, guardians, trustees, and other fiduciaries may legally invest any money within their control in any bonds issued under this part 12. Public entities, as defined in section 24-75-601 (1), may invest public money in such bonds only if the bonds satisfy the investment requirements established in part 6 of article 75 of title 24.

(4) The income or other revenues of the enterprise, the bonds issued by the enterprise, and the transfer of and the income from any bonds issued by the enterprise are exempt from all taxation and assessments in the state. In the resolution or indenture authorizing the bonds, the enterprise may waive the exemption from federal income taxation for interest on the bonds. Bonds issued by the enterprise are exempt from the provisions of article 51 of title 11.

Source: L. 2026: Entire section added, (SB 26-178), ch. 298, p. 1648, § 7, effective June 2.

10-16-1214. Report to joint budget committee - annual briefing.

(1) Starting with the forecast issued in September of 2026, within two weeks after the legislative council staff releases the September, March, and June state revenue forecasts, the enterprise shall submit a written report to the joint budget committee of the general assembly regarding the status of the fund, including:

(a) The amount of revenue generated through fees, from the issuance of revenue bonds pursuant to section 10-16-1213, and from any other sources; the amount of federal pass-through funding received pursuant to the state innovation waiver under section 10-16-1109 and section 1332 of the federal act, 42 U.S.C. sec. 18052; and any other money deposited in or transferred to the fund during the immediately preceding twelve months; and

(b) The amount of revenue the enterprise anticipates generating or receiving from all sources in the next twelve months.

(2) (a) No later than January 15, 2027, and no later than January 15 of each year thereafter, the enterprise shall provide an in-person briefing to the joint budget committee on the enterprise, its revenues from all sources, the programs it funds and the amount allocated to each program, and any other information requested by the joint budget committee.

(b) As part of the briefing in January 2027, the enterprise shall also provide to the joint budget committee:

(I) An analysis of the effects of changing the statewide average premium reduction in the reinsurance program to fifteen percent, including the effects of that change on:

(A) Total savings for the enterprise;

(B) Federal pass-through funding from the state innovation waiver under section 10-16-1109 and section 1332 of the federal act, 42 U.S.C. sec. 18052;

(C) Premiums in the nine geographic rating areas in the state; and

(D) Enrollment in the individual market; and

(II) An analysis of the effects of creating a tiered structure, based on income levels, for premium assistance for individuals who purchase insurance on the exchange for the premium wrap, including the effects of that structure on:

(A) Total savings for the enterprise;

(B) Federal pass-through funding from the state innovation waiver under section 10-16-1109 and section 1332 of the federal act, 42 U.S.C. sec. 18052;

(C) Premiums in the nine geographic rating areas in the state; and

(D) Enrollment in the individual market.

(3) Notwithstanding section 24-1-136 (11)(a), the requirement in this section to report to the joint budget committee continues indefinitely.

Source: L. 2026: Entire section added, (SB 26-178), ch. 298, p. 1650, § 7, effective June 2.

10-16-1215. Rules.

Effective for the 2027 calendar year and for each calendar year thereafter, the commissioner, in consultation with the board, shall adopt rules specifying the premiums for state-subsidized individual health coverage plans purchased by qualified individuals.

Source: L. 2026: Entire section added, (SB 26-178), ch. 298, p. 1651, § 7, effective June 2.

10-16-1216. Tax credit for contributions to the enterprise - allocation notice - rules.

(1) (a) For the tax year 2027 and each tax year thereafter, a credit against the tax imposed by sections 10-3-209 and 10-6-128 is allowed to any insurance company that becomes a qualified taxpayer by making a contribution to the enterprise pursuant to this section.

(b) A qualified taxpayer claiming a credit against premium tax liability under this section is not required to pay any additional retaliatory tax as a result of claiming the credit.

(2) The commissioner may adopt rules necessary for the administration of the tax credit allowed by subsection (1) of this section.

(3) (a) For the tax year 2027 and each tax year thereafter, subject to subsection (4)(c) of this section, an insurance company becomes a qualified taxpayer if all of the following conditions are met:

(I) The insurance company declares with its quarterly tax payment due on or about July 31, in the manner prescribed by the commissioner, its intent to contribute to the enterprise on or before October 31 an amount of money equal to the premium taxes paid by the insurance company pursuant to the July 31 tax payment or a lesser amount as specified by the commissioner if required pursuant to subsection (4)(b) of this section;

(II) The total amount of the tax credits granted by the commissioner does not exceed nine million dollars; and

(III) The insurance company:

(A) Receives an allocation notice from the commissioner; and

(B) Makes the contribution to the enterprise as specified in the allocation notice on or before October 31.

(b) Subject to subsection (4)(c) of this section, an insurance company that becomes a qualified taxpayer may claim the tax credit on one or more subsequent quarterly or annual tax payments beginning on or about October 31.

(c) When the board receives a contribution pursuant to this section, the board shall promptly notify the commissioner of the amount and date of the contribution and the name of the contributor.

(4) (a) Subject to subsection (4)(c) of this section, by September 30 of each year, the commissioner shall:

(I) Send an allocation notice to each insurance company whose declaration of intent to contribute to the enterprise has been accepted pursuant to this subsection (4). The allocation notice shall specify the amount of tax credits allocated to the insurance company and the amount of cash the insurance company must contribute to the exchange by October 31, which amounts shall be identical and not exceed the amount of premium taxes paid by the insurance company in its quarterly tax payment due on or about July 31.

(II) Post on the division's website whether the full amount of tax credits authorized to be allocated each year has been allocated.

(b) (I) Subject to subsection (4)(c) of this section, the commissioner shall allocate no more than a total of nine million dollars of premium tax credits per year.

(II) Except as provided in subsection (4)(b)(III) of this section, the commissioner shall allocate to an insurance company that has declared its intent to contribute to the enterprise pursuant to this section tax credits in an amount equal to the amount of premium taxes paid by the insurance company in its quarterly tax payment due on or about July 31 in the order in which the division receives such quarterly tax payments until the full amount of credits available

pursuant to this section has been allocated; except that the commissioner shall prioritize tax credit allocations first to insurance companies that have purchased bonds issued by the enterprise pursuant to section 10-16-1213.

(III) If the amount of premium taxes or the sum of all the premium taxes filed by all the insurance companies on any one day would exceed, singly or in the aggregate, the annual maximum aggregate amount of tax credits available under this section, the commissioner shall reduce the allocation to the insurance company whose contribution first exceeds the annual maximum aggregate to the amount needed to satisfy the annual maximum aggregate. If the commissioner is unable to determine the order of receipt of tax payments on that day, the commissioner shall allocate the tax credits to the company or among the companies on a pro rata basis based on the ratio such company's quarterly tax payment bears to the total amount of all such companies' quarterly tax payments until the full amount of credits available pursuant to this section has been allocated.

(c) (I) For the tax year 2027 and each tax year thereafter, the commissioner shall allow insurance companies to declare their intent to contribute to the enterprise pursuant to this section on the insurance companies' quarterly tax payments due on or about October 31 and shall send such companies allocation notices by February 1 if:

(A) The full amount of tax credits available in any one year has not been fully allocated by the commissioner pursuant to statements of intent filed with insurance companies' quarterly tax payments due on or about July 31; or

(B) The total amount of tax credits has been claimed, but one or more insurance companies failed to timely make a contribution to the enterprise.

(II) An insurance company that declares its intent to contribute to the enterprise pursuant to this subsection (4)(c) shall make the contribution to the enterprise as specified in the allocation notice on or before March 1 and may claim the tax credit on one or more subsequent quarterly or annual tax payments due on or about March 1.

(5) The board shall use money contributed to the enterprise as specified in this part 12.

PART 13

COLORADO STANDARDIZED HEALTH BENEFIT PLAN

10-16-1301. Short title.

The short title of this part 13 is the "Colorado Standardized Health Benefit Plan Act".

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1278, § 1, effective June 16.

10-16-1302. Legislative declaration - intent.

(1) The general assembly, through the exercise of its powers to protect the health, peace, safety, and general welfare of the people of Colorado, hereby finds that:

(a) Health insurance coverage has been demonstrated to have a positive impact on people's health outcomes as well as their financial security and well-being;

(b) Ensuring that all people have access to affordable, quality, continuous, and equitable health care is a challenge that public officials and policy experts have faced for decades despite seemingly constant efforts to address the issue;

(c) Although great strides have been made in increasing access to health-care coverage through federal and state legislation, not enough has been accomplished to address the affordability of health insurance in Colorado, particularly in the state's rural areas and for Coloradans who have historically and systemically faced barriers to health, including people of color, immigrants, and Coloradans with low incomes;

(d) The health-care system is a complex system wherein consumers rely on health insurance carriers to negotiate the rates paid to health-care providers, pharmaceutical companies, and hospitals for services provided and expect that the negotiated rates are closely tied to the amount of the health insurance premiums paid;

(e) Despite efforts to address access to and affordability of health care, underlying health-care costs continue to rise, thus driving up the costs of health insurance premiums, often at disproportionate rates in rural areas of the state; and

(f) In order to ensure that health insurance is affordable for Coloradans, it is critical that the state establish a standardized plan for carriers to offer in the state and set premium reduction targets for carriers to achieve.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1278, § 1, effective June 16.

10-16-1303. Definitions.

As used in this part 13, unless the context otherwise requires:

- (1) "Advisory board" means the board established in section 10-16-1307.
- (2) "Critical access hospital" means a hospital that is federally certified or undergoing federal certification as a critical access hospital pursuant to 42 CFR 485, subpart F.
- (3) (a) "Equivalent rate" means, for a hospital that is part of a pediatric specialty hospital system where over ninety percent of the hospital system's population served is under eighteen years of age and that has a level one pediatric trauma center, the payment rate determined by the medicaid fee schedule for the hospital from the most recent year for which a complete set of hospital financial data is publicly available as of May 10, 2023, multiplied by a conversion factor equal to the ratio of the statewide payment-to-cost ratio for medicare to the hospital's specific payment-to-cost ratio for the most recent set of publicly available hospital financial data as of May 10, 2023, which is 1.52.

(b) In any given year, the rate in subsection (3)(a) of this section must be adjusted annually for cumulative inflation by a factor equal to the average percentage increase in the medicare inpatient and outpatient prospective payment systems over the previous three years.

(c) For any health-care service without an existing medicare reimbursement rate and for services that have low volume statewide relative to other medicare services, including pediatric or obstetric services, an equivalent rate means a rate set by rule of the commissioner after consultation with a statewide association of hospitals, physicians, other providers, and the department of health care policy and financing. The equivalent rate must utilize the ratio of medicaid payment rates to existing medicare payment rates whenever possible.
- (4) "Essential access hospital" means a critical access hospital or general hospital located in a rural area with twenty-five or fewer licensed beds.
- (5) "Essential community provider" has the same meaning as set forth in section 25.5-8-103 (6).
- (6) "General hospital" means a hospital licensed as a general hospital by the Colorado department of public health and environment.
- (7) "Health-care coverage cooperative" has the same meaning as set forth in section 10-16-1002 (2).

(8) "Health-care provider" means a health-care professional registered, certified, or licensed pursuant to title 12 or a health facility licensed or certified pursuant to section 25-1.5-103.

(9) "Health system" means a corporation or other organization that owns, contains, or operates three or more hospitals.

(10) "Medical inflation" means the annual percentage change in the medical care index component of the United States department of labor's bureau of labor statistics consumer price index for medical care services and medical care commodities for the Denver-Aurora-Lakewood area, or its applicable predecessor or successor index, based on the average change in the medical care index over the previous three years.

(11) (a) "Medicare reimbursement rate" means the facility-specific reimbursement rate for a particular health-care service provided under the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", 42 U.S.C. sec. 1395 et seq., as amended.

(b) For a hospital that is reimbursed through the medicare prospective payments systems rate for a critical access hospital, "medicare reimbursement rate" means the rate based on allowable costs as reported in medicare cost reports and the historical cost-to-charge ratios for the specific hospital.

(12) "Public benefit corporation" means a public benefit corporation formed pursuant to part 5 of article 101 of title 7 that may be organized and operated by the exchange pursuant to section 10-22-106 (3).

(13) "Small group market" means the market for small group sickness and accident insurance.

(14) "Standardized plan" means the standardized health benefit plan designed by rule of the commissioner pursuant to section 10-16-1304.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1279, § 1, effective June 16. **L. 2023:** (3)(a) and (10) amended, (HB 23-1224), ch. 159, p. 689, § 1, effective May 10.

10-16-1304. Standardized health benefit plan - established - components - rules - independent analysis.

(1) On or before January 1, 2022, the commissioner shall establish, by rule, a standardized health benefit plan to be offered by carriers in this state in the individual and small group markets. The standardized plan must:

- (a) Offer health-care coverage at the bronze, silver, and gold levels of coverage as described in section 10-16-103.4;
 - (b) Include, at a minimum, pediatric and other essential health benefits;
 - (c) Be offered through the exchange and in the individual market through the public benefit corporation;
 - (d) Be a standardized benefit design that:
 - (I) Is created through a stakeholder engagement process that includes physicians, health-care industry and consumer representatives, individuals who represent health-care workers or who work in health care, and individuals working in or representing communities that are diverse with regard to race, ethnicity, immigration status, age, ability, sexual orientation, gender identity, or geographic regions of the state and that are affected by higher rates of health disparities and inequities;
 - (II) Has a defined benefit design and cost-sharing that improves access and affordability; and
 - (III) Is designed to improve racial health equity and decrease racial health disparities through a variety of means, which are identified collaboratively with consumer stakeholders, including:
 - (A) Improving perinatal health-care coverage; and
 - (B) Providing first-dollar, predeductible coverage for certain high-value services, such as primary and behavioral health care;
 - (e) Be actuarially sound and allow a carrier to continue to meet the financial requirements in article 3 of this title 10;
 - (f) Comply with the federal act, including the risk adjustment requirements under 45 CFR 153, and this article 16; and
 - (g) Have a network that is:
 - (I) Culturally responsive and, to the greatest extent possible, reflects the diversity of its enrollees in terms of race, ethnicity, gender identity, and sexual orientation in the area that the network exists; and
 - (II) No more narrow than the most restrictive network the carrier is offering for nonstandardized plans in the individual market for the metal tier for that rating area.
- (2) (a) In developing the network for the standardized plan pursuant to subsection (1)(g) of this section, each carrier shall:

(I) Include as part of its network access plan a description of the carrier's efforts to construct diverse, culturally responsive networks that are well-positioned to address health equity and reduce health disparities; and

(II) Include a majority of the essential community providers in the service area in its network.

(b) If a carrier is unable to achieve the network adequacy requirements in subsection (1)(g) of this section, the carrier shall file an action plan with the division that describes the carrier's efforts to achieve the requirements in subsection (1)(g) of this section.

(c) The commissioner shall promulgate rules regarding the network adequacy requirements in subsection (1)(g) of this section and the action plan in subsection (2)(b) of this section.

(3) (a) The standardized plan must be offered in a manner that allows consumers to easily compare the standardized plans offered by each carrier.

(b) The exchange, in collaboration with the commissioner and after a stakeholder engagement process with consumers, producers, and carriers, shall develop a format for displaying the standardized plans on the exchange in a manner that allows for standardized plans to be easily identified and compared.

(4) The commissioner may update the standardized plan annually by rule through the stakeholder process described in subsection (1)(d)(I) of this section.

(5) The commissioner shall contract with an independent third party to conduct an analysis of the impact of this section on health plan enrollment, health insurance affordability, and health equity. To the extent available, the analysis must include disaggregated data by race, ethnicity, immigration status, sexual orientation, gender identity, age, and ability. If the data is not available, the analysis must note such unavailability. The analysis must include information concerning total out-of-pocket health-care spending. The analysis must be completed on or before January 1, 2026.

(6) Repealed.

(7) The commissioner is not required to comply with the "Procurement Code", articles 101 to 112 of title 24, for the purposes of this section.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1281, § 1, effective June 16. **L. 2023:** (3) amended, (HB 23-1224), ch. 159, p. 690, § 2, effective May 10.

Editor's note: Subsection (6)(b) provided for the repeal of subsection (6), effective July 1, 2026. (See L. 2021, p. 1281.)

10-16-1305. Standardized health benefit plan - carriers required to offer - premium rates - rules.

(1) Beginning January 1, 2023, a carrier that offers:

(a) An individual health benefit plan in Colorado is required to offer the standardized plan in the individual market in each county where the carrier offers an individual health benefit plan and shall offer the standardized plan throughout the entire county; and

(b) A small group health benefit plan in Colorado is required to offer the standardized plan in the small group market in each county where the carrier offers a small group health benefit plan and shall offer the standardized plan throughout the entire county.

(2) (a) (I) In the individual market, for the plan year beginning January 1, 2023, and in the small group market, beginning January 1, 2023, each carrier shall offer the standardized plan at a premium rate that is at least five percent less than the premium rate for health benefit plans that the carrier offered in the 2021 calendar year, as adjusted for medical inflation, in the individual and small group markets. The commissioner shall calculate the premium rate reduction based on the rates charged in the same county in which the carrier offered health benefit plans in the individual and small group markets in 2021 prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16.

(II) For carriers offering the standardized plan in the 2023 plan year in a county in which the carrier did not offer a health benefit plan in the individual or small group market in the 2021 calendar year, each carrier that offers the standardized plan shall offer the standardized plan:

(A) In the individual market at a premium rate that is at least five percent less than the average premium rate for individual health benefit plans offered in that county in 2021, calculated based on the average premium rate for individual health benefit plans offered in that county, as adjusted for medical inflation, prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16; and

(B) In the small group market at a premium rate that is at least five percent less than the average premium rate for small group plans offered in that county in 2021, as adjusted for medical inflation.

(b) (I) In the individual market, for the plan year beginning January 1, 2024, and in the small group market, beginning January 1, 2024, each carrier shall offer the standardized plan at a premium rate that is at least ten percent less than the premium rate for health benefit plans that the carrier offered in the 2021 calendar year, as adjusted for medical inflation, in the individual

and small group markets. The commissioner shall calculate the premium rate reduction based on the rates charged in the same county in which the carrier offered health benefit plans in the individual and small group markets in 2021 prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16.

(II) For carriers offering the standardized plan in the 2024 plan year in a county in which the carrier did not offer a health benefit plan in the individual or small group market in the 2021 calendar year, each carrier that offers the standardized plan shall offer the standardized plan:

(A) In the individual market at a premium rate that is at least ten percent less than the average premium rate for individual plans offered in that county in 2021, calculated based on the average premium rate for individual plans offered in that county, as adjusted for medical inflation, prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16; and

(B) In the small group market at a premium rate that is at least ten percent less than the average premium rate for small group plans offered in that county in 2021, as adjusted for medical inflation.

(c) (I) In the individual market, for the plan year beginning January 1, 2025, and in the small group market, beginning January 1, 2025, each carrier shall offer the standardized plan at a premium rate that is at least fifteen percent less than the premium rate for health benefit plans that the carrier offered in the 2021 calendar year, as adjusted for medical inflation, in the individual and small group markets. The commissioner shall calculate the premium rate reduction based on the rates charged in the same county in which the carrier offered health benefit plans in the individual and small group markets in 2021 prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16.

(II) For carriers offering the standardized plan in the 2025 plan year in a county in which the carrier did not offer a health benefit plan in the individual or small group market in the 2021 calendar year, each carrier that offers the standardized plan shall offer the standardized plan:

(A) In the individual market at a premium rate that is at least fifteen percent less than the average premium rate for individual plans offered in that county in 2021, calculated based on the average premium rate for individual plans offered in that county, as adjusted for medical inflation, prior to the application of the Colorado reinsurance program pursuant to part 11 of this article 16; and

(B) In the small group market at a premium rate that is at least fifteen percent less than the average premium rate for small group plans offered in that county in 2021, as adjusted for medical inflation.

(d) For the plan year beginning on or after January 1, 2026, and each year thereafter, each carrier and health-care coverage cooperative shall limit any annual percentage increase in the

premium rate for the standardized plan in both the individual and small group markets to a rate that is no more than medical inflation, relative to the previous year.

(3) The premium rate requirements in subsections (2)(a), (2)(b), and (2)(c) of this section for the standardized plan offered in the individual and small group markets must account for policy adjustments adopted consistent with the requirements in section 10-16-107 (8) to prevent people with low and moderate incomes from experiencing net increases in premium costs, such as adopting the induced demand factors utilized as part of the federal risk adjustment program under 42 U.S.C. sec. 18063.

(4) The commissions paid to insurance producers for the sale of the standardized plan must be comparable to the average commissions paid for the sale of other plans offered in the individual and small group markets.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1283, § 1, effective June 16.

10-16-1305.5. Rate filings.

(1) In the rate filings required pursuant to section 10-16-107, each carrier must file rates for the standardized plan at the premium rates required in section 10-16-1305 (2).

(2) In reviewing the rates for the standardized plans, the commissioner may establish uniform limits on all carriers' administrative costs and profits for a standardized plan if the resulting premium rates are actuarially sound and do not entail cost shifting to plans other than standardized plans.

Source: L. 2023: Entire section added, (HB 23-1224), ch. 159, p. 690, § 3, effective May 10.

10-16-1306. Failure to meet premium rate requirements - notice - public hearing - rules.

(1) (a) Repealed.

(b) If a carrier or health-care provider anticipates that the carrier will be unable to meet network adequacy standards or the premium rate requirements in section 10-16-1305 due to a reimbursement rate dispute for the standardized plan, the carrier or health-care provider may initiate nonbinding arbitration prior to filing rates for the standardized plan. The rate filing deadline issued by the commissioner pursuant to section 10-16-107 must still be met and may not be delayed due to arbitration. The commissioner shall not be required to participate or otherwise manage any nonbinding arbitration implemented under this section.

(2) If a carrier is unable to offer the standardized plan as required by section 10-16-1305 (1) at the premium rate required in section 10-16-1305 (2) in any year, the carrier, by March 1 of the year preceding the year in which the premium rates go into effect, shall:

(a) Notify the commissioner of the reasons why the carrier is unable to meet the requirements and the steps the carrier will take to meet the premium rate requirements; and

(b) Provide to the commissioner any supporting documentation related to the hospital or health-care provider that the carrier claims is a cause for the carrier's failure to meet the premium rate requirements.

(3) (a) If, on or after January 1, 2023, and pursuant to subsection (2) of this section, a carrier notifies the commissioner that the carrier is unable to offer the standardized plan at the premium rate required in section 10-16-1305 (2) or the commissioner otherwise determines, with support from an independent actuary and based on a review of the notification submitted pursuant to subsection (2) of this section or the rate and form filings, that a carrier has not met the premium rate requirements in section 10-16-1305 (2) or the network adequacy requirements, the division may hold a public hearing prior to the approval of the carrier's final rates; except that, for the purposes of holding a public hearing, if a carrier does not meet the network adequacy requirements in section 10-16-1304 (1)(g), the commissioner shall consider a carrier to have met network adequacy requirements if the carrier files the action plan required in section 10-16-1304 (2)(b). A public hearing held pursuant to this subsection (3)(a) must be conducted in accordance with subsection (3)(c) of this section and the rules promulgated pursuant to such subsection. The public hearing is not subject to section 24-4-105 except for subsections (13), (14), and (15) of such section.

(b) Information submitted by a party for purposes of a public hearing held pursuant to subsection (3)(a) of this section is subject to the "Colorado Open Records Act", part 2 of article 72 of title 24.

(c) (I) The commissioner shall give notice of the public hearing to the carriers, hospitals, health-care providers, insurance ombudsman, and public at least fifteen days prior to the date of the hearing.

(II) The commissioner shall establish by rule:

(A) The manner in which the commissioner will notify the parties specified in subsection (3)(c)(I) of this section and interested persons of the public hearings;

(B) The manner in which the public may participate in public hearings. The commissioner shall limit the public comment and evidence presented at the hearing to information that is related to the reason the carrier failed to meet the network adequacy requirements or the premium rate requirements in section 10-16-1305 for the standardized plan in any single county.

- (C) The manner in which documents must be served on the parties;
 - (D) The manner in which a carrier shall notify the division and affected hospitals, health-care providers, and the insurance ombudsman of a carrier's failure to meet the network adequacy requirements or the premium rate requirements in section 10-16-1305;
 - (E) The time frames within which the parties will be given the opportunity to submit a complaint and answer and any other necessary pleadings for the hearing;
 - (F) The manner in which the carrier, affected health-care providers, affected hospitals, the insurance ombudsman, and any other person the commissioner determines may be aggrieved by the commissioner's action may present evidence, examine and cross-examine witnesses, and offer oral and written arguments at the hearing;
 - (G) The procedures for keeping requested information confidential and for handling confidential information; and
 - (H) Any other matter the commissioner deems necessary for the implementation of the public hearings.
- (III) The commissioner may issue procedural orders during the public hearing process to facilitate the efficient operation of the public hearing, including ordering the consolidation of proceedings involving the same carrier, hospitals, or health-care providers in counties in the same geographic rating area as established by the commissioner pursuant to section 10-16-107 (5) and the limitation of discovery.
- (d) The office of the insurance ombudsman established in section 25.5-1-131 shall participate in the public hearings and represent the interests of consumers.
- (4) Based on evidence presented at a hearing held pursuant to subsection (3) of this section and other available data and actuarial analysis, the commissioner may:
- (a) (I) Establish carrier reimbursement rates under the standardized plan for hospital services, if necessary, to meet network adequacy requirements or the premium rate requirements in section 10-16-1305.
 - (II) The base reimbursement rate for hospital services shall not be less than one hundred fifty-five percent of the hospital's medicare reimbursement rate or equivalent rate.
 - (III) A hospital that is an essential access hospital or that is independent and not part of a health system must receive a twenty-percentage-point increase in the base reimbursement rate.
 - (IV) A hospital that is an essential access hospital that is not part of a health system must receive a forty-percentage-point increase in the base reimbursement rate.

(V) A hospital that is part of a pediatric specialty hospital system where over ninety percent of the health system's population served is under eighteen years of age and that has a level one pediatric trauma center must receive a fifty-five-percentage-point increase in the base reimbursement rate and is not eligible for additional factors under this subsection (4).

(VI) A hospital with a combined percentage of patients who receive services through programs established through the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, or medicare, Title XVIII of the federal "Social Security Act", as amended, that exceeds the statewide average must receive up to a thirty-percentage-point increase in its base reimbursement rate, with the actual increase to be determined based on the hospital's percentage share of such patients.

(VII) A hospital that is efficient in managing the underlying cost of care as determined by the hospital's total margins, operating costs, and net patient revenue must receive up to a forty-percentage-point increase in its base reimbursement rate.

(VIII) Notwithstanding subsections (4)(a)(III) to (4)(a)(VII) of this section, in determining the reimbursement rates for hospitals, the commissioner may consult with employee membership organizations representing health-care providers' employees in Colorado and with hospital-based health-care providers in Colorado, and shall take into account the cost of adequate wages, benefits, staffing, and training for health-care employees to provide continuous quality care.

(b) Establish reimbursement rates under the standardized plan, if necessary, for health-care providers for categories of services within the geographic service area for the standardized plan to meet network adequacy requirements or the premium rate requirements in section 10-16-1305 (2), which rates may not be less than one hundred thirty-five percent of the medicare reimbursement rates within the applicable geographic region for the same services;

(c) Require hospitals that are licensed pursuant to section 25-1.5-103 to accept the reimbursement rates established pursuant to subsection (4)(a) of this section if necessary to ensure the standardized plan meets the premium rate requirements and the network adequacy requirements;

(d) (I) Require health-care providers to accept the reimbursement rates established pursuant to subsection (4)(b) of this section, if necessary, to ensure the standardized plan meets the premium rate requirements and the network adequacy requirements.

(II) The commissioner shall not require a health-care provider, other than a hospital that provides a majority of covered professional services through a single, contracted medical group for a nonprofit, nongovernmental health maintenance organization, to contract with any other carrier.

(e) Require the carrier to offer the standardized plan in specific counties where no carrier is offering the standardized plan in that plan year in either the individual or small group market. In

determining whether the carrier is required to offer the standardized plan in a specific county, the commissioner shall consider:

(I) The carrier's structure, the number of covered lives the carrier has in all lines of business in each county, and the carrier's existing service areas; and

(II) Alternative health-care coverage available in each county, including health-care coverage cooperatives.

(5) Notwithstanding subsection (4) of this section, the commissioner shall not set the reimbursement rates for:

(a) A hospital at less than one hundred sixty-five percent of the medicare reimbursement rate or the equivalent rate; and

(b) Any hospital for any plan year at an amount that is more than twenty percent lower than the rate negotiated between the carrier and the hospital for the previous plan year.

(6) (a) The commissioner shall promulgate rules to ensure that there is not an unfair competitive advantage for a carrier that intends to offer the standardized plan in the individual or small group market in a county where it has not previously offered health benefit plans in that market or with a hospital with which the carrier has not previously had a contract.

(b) The rules promulgated pursuant to this subsection (6) must align with the hospital reimbursement methodologies described in subsections (4) and (5) of this section.

(7) Notwithstanding subsections (4) and (5) of this section, for a hospital with a negotiated reimbursement rate that is at least ten percent less than the statewide hospital median reimbursement rate measured as a percentage of medicare for the 2021 plan year using data from the Colorado all-payer health claims database described in section 25.5-1-204, the commissioner shall set the reimbursement rate for that hospital at no less than the greater of:

(a) The hospital's commercial reimbursement rate as a percentage of medicare minus one-third of the difference between the hospital's 2021 commercial reimbursement rate as a percentage of medicare and the rate established by subsection (4) of this section;

(b) One hundred sixty-five percent of the hospital's medicare reimbursement rate or equivalent rate; or

(c) The rate established by subsection (4) of this section.

(8) A carrier or health-care provider may appeal a decision by the commissioner made pursuant to subsection (4) of this section to the Colorado court of appeals. The decision of the commissioner is a final agency action subject to judicial review pursuant to section 24-4-106 (11).

(9) For the purpose of making the determination in subsection (3) of this section:

(a) A health-care coverage cooperative, and a carrier offering health benefit plans under agreement with the health-care coverage cooperative, that has offered one or more health benefit plans to purchasers in the individual and small group markets that previously achieved and maintained at least a fifteen percent reduction in premium rates, regardless of the first year the health benefit plans were offered, shall be deemed by the commissioner as having met the requirements for carriers in sections 10-16-1304 and 10-16-1305 with respect to the counties in which the individual and small group plans are being offered by the health-care coverage cooperative.

(b) The commissioner shall take into account:

(I) Any actuarial differences between the standardized plan and the health benefit plans the carrier offered in the 2021 calendar year;

(II) Any changes to the standardized plan; and

(III) State or federal health benefit coverage mandates implemented after the 2021 plan year.

(10) A hospital or a health-care provider in Colorado shall not balance bill consumers enrolled in the standardized plan for services covered by the standardized plan and shall accept the reimbursement rates established by the commissioner pursuant to subsection (4) of this section, if applicable, for the service provided to the consumer.

(11) (a) The commissioner shall only set reimbursement rates pursuant to this section for hospitals or health-care providers that:

(I) Prevented a carrier from meeting the premium rate requirements for a standardized plan being offered in a specific county; or

(II) Caused the carrier to fail to meet network adequacy requirements.

(b) The carrier shall provide the commissioner with reasonable information necessary to identify which hospitals or health-care providers were the cause of the carrier's failure to meet the premium rate requirements or to meet network adequacy requirements.

(12) The commissioner shall not use the failure of a carrier to meet the premium rate requirements for the standardized plan in a county as a reason to deny premium rates for a nonstandardized plan of a carrier in that county.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1285, § 1, effective June 16. **L. 2023:** (1)(a) repealed and (2), (3)(a), (3)(c), (4)(a)(V), IP(7), and (8) amended, (HB 23-1224), ch. 159, p. 690, § 4, effective May 10.

10-16-1307. Advisory board - members - rules.

(1) (a) The commissioner shall consult with an advisory board to implement this part 13. The governor shall appoint the members of the advisory board on or before July 1, 2022, and shall ensure that the membership of the advisory board has demonstrated experience and expertise in most of the areas listed in subsection (2) of this section.

(b) To the extent possible, the governor shall appoint advisory board members who are diverse with regard to race, ethnicity, immigration status, age, ability, sexual orientation, gender identity, and geography. In considering the racial and ethnic diversity of the advisory board, the governor shall attempt to ensure that at least one-third of the members are people of color. In considering the geographic diversity of the advisory board, the governor shall attempt to appoint members from both rural and urban areas of the state.

(2) The governor may appoint up to eleven members to the advisory board and, to the extent practicable, shall include individuals who:

(a) Have faced barriers to health access, including people of color, immigrants, and Coloradans with low incomes;

(b) Have experience purchasing the standardized plan;

(c) Represent consumer advocacy organizations;

(d) Have expertise in health equity;

(e) Have expertise in health benefits for small businesses;

(f) Represent carriers or who have experience with designing a health insurance plan and setting rates;

(g) Represent hospitals or who have experience with contracts between hospitals and carriers;

(h) Represent health-care providers or who have experience with contracts between health-care providers and carriers;

(i) Represent an employee organization that represents employees in the health-care industry;
or

(j) Are licensed or retired physicians practicing or who practiced in this state.

(3) The members serve at the pleasure of the governor.

(4) In addition to consulting with the commissioner pursuant to subsection (1)(a) of this section, the advisory board may:

- (a) Consider recommendations to streamline prior authorization and utilization management processes for the standardized plan;
 - (b) Recommend ways to keep health-care services in the communities where patients live; and
 - (c) Consider whether alternative payment models may be appropriate for particular services, taking into consideration the impacts of such models on health outcomes for people of color.
- (5) The division shall provide technical and administrative support to assist the advisory board.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1289, § 1, effective June 16.

10-16-1308. Federal waiver - commissioner application - use of money.

(1) On or after June 16, 2021, the commissioner may apply to the secretary of the United States department of health and human services for a state innovation waiver to waive one or more requirements of the federal act as authorized by section 1332 of the federal act to capture all applicable savings to the federal government as a result of the implementation of this part 13.

(2) (a) Upon approval of the 1332 waiver application, the commissioner may use any federal money received through the waiver for the implementation of this part 13 or for the Colorado health insurance affordability enterprise created in section 10-16-1204. The commissioner may allocate federal money to the health insurance affordability cash fund created in section 10-16-1206 for the purposes described in section 10-16-1205 (1)(b) for use by the Colorado health insurance affordability enterprise to increase the value, affordability, quality, and equity of health-care coverage for all Coloradans, with a focus on increasing the value, affordability, quality, and equity of health-care coverage for Coloradans historically and systemically disadvantaged by health and economic systems.

(b) The implementation and operation of section 10-16-1305 (2) is contingent on the approval of the 1332 waiver application and the receipt of federal funds.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1291, § 1, effective June 16.

10-16-1309. Standardized plan - cost shift.

(1) If the administrator of a self-funded health insurance plan voluntarily provides to the commissioner its contracted rates and any other information deemed necessary and agreed upon by the administrator and the commissioner, the commissioner may evaluate whether the rates of the self-funded health insurance plan reflect a cost shift between the self-funded plan and the standardized plan offered by a carrier pursuant to section 10-16-1305.

(2) If the commissioner determines there is a cost shift, the commissioner shall, to the extent practicable, provide a description of which categories of services have experienced the greatest cost shift to the administrator of the self-funded health insurance plan.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1291, § 1, effective June 16.

10-16-1310. Reports required - repeal. (Repealed)

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1291, § 1, effective June 16.

Editor's note: Subsection (4) provided for the repeal of this section, effective July 1, 2026. (See L. 2021, p. 1291.)

10-16-1311. State measurement for accountable, responsive, and transparent (SMART) government act report.

(1) The commissioner shall report during the hearings conducted pursuant to the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2:

(a) Beginning in January 2022 and each year thereafter, on the progress of the implementation and operation of this part 13, including the information collected pursuant to section 10-16-1310 (2);

(b) Beginning in January 2024, and each year thereafter, on the carriers' efforts to develop networks that are diverse and culturally responsive pursuant to section 10-16-1304 (1)(g) and the carriers' efforts required by section 10-16-1304 (2); and

(c) In January 2024, January 2025, and January 2026, on the results of the reports required in section 10-16-1310.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1292, § 1, effective June 16.

10-16-1312. Rules.

The commissioner may promulgate rules as necessary to develop, implement, and operate this part 13, including rules necessary to align state law with any federal program requirements and applicable rules.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1293, § 1, effective June 16.

10-16-1313. Severability.

If any provision of this part 13 or application thereof to any person or circumstances is judged invalid, the invalidity does not affect provisions or applications of this part 13 that can be given effect without the invalid provision or application, and to this end the provisions of this part 13 are declared severable.

Source: L. 2021: Entire part added, (HB 21-1232), ch. 241, p. 1293, § 1, effective June 16.

PART 14

COLORADO PRESCRIPTION DRUG AFFORDABILITY REVIEW BOARD

Cross references: For the legislative declaration in SB 21-175, see section 1 of chapter 240, Session Laws of Colorado 2021.

10-16-1401. Definitions.

As used in this part 14, unless the context otherwise requires:

(1) "Advisory council" means the Colorado prescription drug affordability advisory council created in section 10-16-1409.

(2) "Affordability review" means an affordability review of a prescription drug performed by the board pursuant to section 10-16-1406.

(3) "All-payer health claims database" means the all-payer health claims database described in section 25.5-1-204.

(4) "Authorized generic drug" has the meaning set forth in 42 CFR 447.502.

(5) "Biological product" has the meaning set forth in 42 U.S.C. sec. 262 (i)(1).

(6) "Biosimilar drug" means a prescription drug that is produced or distributed in accordance with a biological product license issued pursuant to 42 U.S.C. sec. 262 (k)(3).

(7) "Board" means the Colorado prescription drug affordability review board created in section 10-16-1402.

(7.5) "Board activity" means:

(a) Selecting prescription drugs for an affordability review pursuant to section 10-16-1406 (2);

(b) Determining whether a prescription drug is unaffordable pursuant to section 10-16-1406 (3);

(c) Selecting prescription drugs for which the board establishes an upper payment limit pursuant to section 10-16-1407; and

(d) Establishing an upper payment limit for a prescription drug pursuant to section 10-16-1407.

(8) "Brand-name drug" means a prescription drug that is produced or distributed in accordance with an original new drug application approved pursuant to 21 U.S.C. sec. 355. "Brand-name drug" does not include an authorized generic drug.

(9) "Carrier" has the meaning set forth in section 10-16-102 (8).

(10) "Conflict of interest" means an association, including a financial or personal association, that has the potential to bias or appear to bias an individual's decisions in matters related to the board or the advisory council or the conduct of the activities of the board or the advisory council. "Conflict of interest" includes any instance in which a board member; an advisory council member; a staff member; a contractor of the division, on behalf of the board; or an immediate family member of a board member, an advisory council member, a staff member, or a contractor of the division, on behalf of the board, has received or could receive:

(a) A financial benefit of any amount derived from the results or findings of a study or determination that is reached by or for the board; or

(b) A financial benefit from an individual or company that owns or manufactures a prescription drug, service, or item that is being or will be studied by the board.

(11) "Financial benefit" means honoraria, fees, stock, or any other form of compensation, including increases to the value of existing stock holdings.

(12) "Generic drug" means:

(a) A prescription drug that is marketed or distributed in accordance with an abbreviated new drug application approved pursuant to 21 U.S.C. sec. 355 (j);

(b) An authorized generic drug; or

(c) A prescription drug that was introduced for retail sale before 1962 that was not originally marketed under a new drug application.

(13) "Health benefit plan" has the meaning set forth in section 10-16-102 (32).

(14) "Inflation" means the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable predecessor or successor index.

(15) (a) "Large employer" means any person that:

(I) Is actively engaged in business;

(II) Employed an average of more than fifty eligible employees on business days during the immediately preceding calendar year, except as provided in subsection (15)(c) of this section; and

(III) Was not formed primarily for the purpose of purchasing insurance.

(b) For purposes of determining whether an employer is a "large employer", the number of eligible employees is calculated using the method set forth in 26 U.S.C. sec. 4980H (c)(2)(E).

(c) In the case of an employer that was not in existence throughout the preceding calendar quarter, the determination of whether the employer is a large employer is based on the average number of employees that the employer is reasonably expected to employ on business days in the current calendar year.

(16) "Manufacturer" means a person that:

(a) Engages in the manufacture of a prescription drug that is sold to purchasers located in this state; or

(b) (I) Enters into a lease or other contractual agreement with a manufacturer to market and distribute a prescription drug in this state under the person's own name; and

(II) Sets or changes the wholesale acquisition cost of the prescription drug in this state.

(17) "Optional participating plan" means a self-funded health benefit plan offered in Colorado that elects to subject its purchases of or payer reimbursements for prescription drugs for its members in Colorado to the requirements of this part 14, as described in section 10-16-1407 (8).

(18) "Practitioner" has the meaning set forth in section 12-280-103 (40).

(19) "Prescription drug" has the meaning set forth in section 12-280-103 (42); except that the term includes only prescription drugs that are intended for human use.

(20) "Pricing information" means information about the price of a prescription drug, including information that explains or helps explain how the price was determined.

(21) "Small employer" has the meaning set forth in section 10-16-102 (61).

(22) "State entity" means any agency of state government that purchases or reimburses payers for prescription drugs on behalf of the state for a person whose health care is paid for by the state, including any agent, vendor, contractor, or other party acting on behalf of the state.

(23) "Upper payment limit" means the maximum amount that may be paid or billed for a prescription drug that is dispensed or distributed in Colorado in any financial transaction concerning the purchase of or reimbursement for the prescription drug.

(24) "Wholesale acquisition cost" has the meaning set forth in 42 U.S.C. sec. 1395w-3a (c)(6)(B).

(25) "Wholesaler" has the meaning set forth in section 12-280-103 (55).

Source: **L. 2021:** Entire part added, (SB 21-175), ch. 240, p. 1257, § 2, effective June 16. **L. 2023:** (7.5) added, (HB 23-1225), ch. 162, p. 704, § 1, effective August 7. **L. 2024:** IP(15)(a) and (15)(a)(II) amended, (SB 24-073), ch. 146, p. 592, § 4, effective January 1, 2026.

Editor's note: Subsection (15) is repealed when the conditions under § 10-16-105.1 (3.5)(e)(II) have occurred.

10-16-1402. Colorado prescription drug affordability review board - created - membership - terms - conflicts of interest.

(1) The Colorado prescription drug affordability review board is created in the division. The board is a **type 1** entity, as defined in section 24-1-105. The board exercises its powers and

performs its duties and functions under the department of regulatory agencies and is allocated to the division of insurance. The board is a body politic and corporate and is an instrumentality of the state. The board is an independent unit of state government, and the exercise by the board of its authority under this part 14 is an essential public function.

(2) (a) The board consists of five members, who must each have an advanced degree and experience or expertise in health-care economics or clinical medicine.

(b) The governor shall appoint each board member, subject to confirmation by the senate. All of the initial members of the board must be appointed by October 1, 2021.

(c) The term of office of each board member is three years; except that, as to the terms of the members who are first appointed to the board, two such members shall serve three-year initial terms, two such members shall serve two-year initial terms, and one such member shall serve a one-year initial term, to be determined by the governor. The governor may remove any appointed member of the board for malfeasance in office, for failure to regularly attend meetings, or for any cause that renders the member incapable or unfit to discharge the duties of the member's office, and any such removal is not subject to review.

(d) The governor shall designate one member of the board to serve as the chair. A majority of the board constitutes a quorum. The concurrence of a majority of the board in any matter within its powers and duties is required for any determination made by the board.

(3) (a) An individual who is being considered for appointment to the board shall disclose any conflict of interest to the individual's potential appointing authority. When appointing a member of the board, an appointing authority shall consider any conflict of interest disclosed by the prospective member.

(b) A board member must not be an employee, board member, or consultant of:

(I) A manufacturer or a trade association of manufacturers;

(II) A carrier or a trade association of carriers; or

(III) A pharmacy benefit manager or a trade association of pharmacy benefit managers.

(c) (I) Board members shall recuse themselves from any board activity or vote in any case in which they have a conflict of interest.

(II) Staff members and contractors of the division, on behalf of the board, shall disclose any conflict of interest related to a prescription drug for which the board is conducting an affordability review or establishing an upper payment limit.

(III) Notwithstanding subsection (3)(d) of this section and the reporting requirements set forth in section 10-16-1414 (1)(f), a conflict of interest disclosed by a staff member or by a contractor of the division, which disclosure pertains to a personal association, must remain

confidential. The board, upon review of such a disclosure, may direct the staff member or contractor to recuse themselves based on the conflict of interest.

(d) On and after January 1, 2022, the division shall maintain a page on its public website for the board to use for its purposes. The board shall disclose on the page each conflict of interest that is disclosed to the board pursuant to subsection (3)(c) of this section and section 10-16-1409 (5)(b).

(e) Board members, staff members, contractors of the division, on behalf of the board, and immediate family members of board members, staff members, or contractors shall not accept a financial benefit or gifts, bequests, or donations of services or property that suggest a conflict of interest or have the appearance of creating bias in the work of the board.

(4) The attorney general shall assign an assistant attorney general to provide legal counsel to the board. Any assistant attorney general assigned to the board pursuant to this subsection (4) shall disclose any conflict of interest to the board.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1260, § 2, effective June 16. **L. 2022:** (1) amended, (SB 22-162), ch. 469, p. 3390, § 102, effective August 10. **L. 2023:** (3)(c) amended, (HB 23-1225), ch. 162, p. 705, § 2, effective August 7.

Cross references: For the short title (the "Debbie Haskins 'Administrative Organization Act of 1968' Modernization Act") in SB 22-162, see section 1 of chapter 469, Session Laws of Colorado 2022.

10-16-1403. Colorado prescription drug affordability review board - powers and duties - rules.

- (1) To protect Colorado consumers from excessive prescription drug costs, the board shall:
- (a) Collect and evaluate information concerning the cost of prescription drugs sold to Colorado consumers, as described in section 10-16-1405;
 - (b) Perform affordability reviews of prescription drugs, as described in section 10-16-1406;
 - (c) Establish upper payment limits for prescription drugs, as described in section 10-16-1407; and
 - (d) Make policy recommendations to the general assembly to improve the affordability of prescription drugs for Colorado consumers, as described in section 10-16-1414 (1)(h).

(2) The board may establish ad hoc work groups to consider matters related to the work of the board pursuant to this part 14. Ad hoc work groups may include members of the public.

(3) The division, on behalf of the board, may enter into a contract with a qualified, independent third party for any service necessary to carry out the powers and duties of the board. A third party with which the division contracts pursuant to this subsection (3), including any of the third party's directors, officers, employees, contractors, or agents, shall not release or publish any information that the third party acquires pursuant to its performance under the contract. Any third party with which the division contracts pursuant to this subsection (3) shall disclose any conflict of interest to the board.

(4) In carrying out its duties pursuant to this part 14, the division, when performing its duties on behalf of the board, is exempt from the state "Procurement Code", articles 101 to 112 of title 24.

(5) The board shall promulgate rules as necessary, pursuant to article 4 of title 24, for the implementation of this part 14.

(6) (a) The division, on behalf of the board, may seek, accept, and expend gifts, grants, and donations from private or public sources for the purposes of this part 14, and any such gifts, grants, and donations are continuously appropriated to the department of regulatory agencies; except that the division shall not accept any gift, grant, or donation that creates a conflict of interest or the appearance of any conflict of interest for any board member.

(b) The general assembly finds that the implementation of this part 14 does not rely entirely on the receipt of adequate funding through gifts, grants, or donations. Therefore, the board is not subject to the reporting requirements described in section 24-75-1303.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1261, § 2, effective June 16.

10-16-1404. Colorado prescription drug affordability review board meetings - required to be public - exceptions.

(1) The board shall hold its first meeting within six weeks after all of the board members are appointed and shall meet at least every six weeks thereafter to review prescription drugs; except that the chair may cancel or postpone a meeting if the board has no prescription drugs to review or for good cause.

(2) The board is a state public body for purposes of section 24-6-402, and the board's meetings and the meetings of ad hoc work groups of the board are public meetings.

(3) The board shall meet in executive session to discuss proprietary information. The board and any board members, officers, directors, employees, contractors, and agents shall not disclose or otherwise make available to the public any materials or information containing trade-secret, confidential, or proprietary data that is not otherwise available to the public. Electronic recordings of such executive sessions are not permitted if they would result in the disclosure of any materials or information containing trade-secret, confidential, or proprietary data, and in no case shall minutes from such executive sessions disclose or include materials or information containing trade-secret, confidential, or proprietary data. The board shall not take any of the following actions while meeting in executive session:

- (a) Deliberations concerning whether to subject a prescription drug to an affordability review as described in section 10-16-1406;
- (b) Votes concerning whether to establish an upper payment limit on a prescription drug; or
- (c) Any final decision of the board.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1262, § 2, effective June 16. **L. 2023:** (1) amended, (HB 23-1225), ch. 162, p. 705, § 3, effective August 7.

10-16-1405. Colorado prescription drug affordability review board - reports from carriers and pharmacy benefit management firms required - confidential materials.

(1) Beginning in the 2022 calendar year, for all prescription drugs dispensed at a pharmacy in this state and paid for by a carrier pursuant to a health benefit plan issued under part 2, 3, or 4 of this article 16 during the immediately preceding calendar year, including brand-name drugs, authorized generic drugs, biological products, and biosimilar drugs:

(a) Each carrier and each pharmacy benefit management firm acting on behalf of a carrier shall report to the all-payer health claims database the following information:

(I) The top fifteen prescription drugs by volume, calculated by unit, for which the carrier paid;

(II) The fifteen costliest prescription drugs for which the carrier paid, as determined by total annual plan spending;

(III) The fifteen prescription drugs paid for by the carrier that accounted for the highest increase in total annual plan spending when compared with the total annual plan spending for the same prescription drugs in the year immediately preceding the year for which the information is reported;

(IV) The fifteen prescription drugs that caused the greatest increases in the carrier's premiums;

(V) The fifteen prescription drugs for which the carrier paid most frequently and for which the carrier received a rebate from manufacturers;

(VI) The fifteen prescription drugs for which the carrier received the highest rebates, as determined by percentages of the price of the prescription drug;

(VII) The fifteen prescription drugs for which the carrier received the largest rebates;

(VIII) The total spending for each of the following categories of prescription drugs:

(A) Brand-name drugs purchased from retail pharmacies;

(B) Authorized generic drugs purchased from retail pharmacies;

(C) Brand-name drugs purchased from mail-order pharmacies;

(D) Authorized generic drugs purchased from mail-order pharmacies;

(E) Prescription drugs dispensed by a practitioner in accordance with section 12-280-120 (6);

(F) Prescription drugs administered in an inpatient hospital setting; and

(G) Prescription drugs administered in an outpatient hospital setting; and

(IX) The total spending for the prescription drugs described in subsection (1)(a)(VIII) of this section paid for by a carrier pursuant to a health benefit plan issued under part 2, 3, or 4 of this article 16 during the immediately preceding calendar year for each of the following market sectors:

(A) Individual;

(B) Small employer; and

(C) Large employer.

(b) If the all-payer health claims database does not collect and maintain the data that is required to be reported to the database pursuant to subsection (1)(a) of this section, the administrator of the all-payer health claims database shall amend the requirements regarding the data to be submitted to the database pursuant to section 25.5-1-204 (5) to include the data required by subsection (1)(a) of this section during the next update of such requirements, but no later than June 1, 2022.

(2) The administrator of the all-payer health claims database shall provide to the commissioner, in a form and manner determined by the commissioner, the information that is

reported to the database by carriers and pharmacy benefit management firms pursuant to subsection (1)(a) of this section.

(3) (a) Except as provided in subsection (3)(b) of this section, the commissioner shall:

(I) Post the information reported by carriers and pharmacy benefit management firms pursuant to this section on the division's website; and

(II) Provide the information reported by carriers and pharmacy benefit management firms pursuant to this section to the board, in a form and manner prescribed by the board.

(b) If a carrier or pharmacy benefit management firm claims that information submitted pursuant to this section is confidential or proprietary, the commissioner shall review the information and redact specific items that the carrier or pharmacy benefit management firm demonstrates to be confidential or proprietary. The commissioner shall not disclose redacted items to any person; except that the commissioner may disclose redacted items:

(I) As may be required pursuant to the "Colorado Open Records Act", part 2 of article 72 of title 24; and

(II) To employees of the division, as necessary.

(4) The requirement in this section to report information relating to the cost of prescription drugs is intended to create transparency in prescription drug pricing and does not:

(a) Prohibit a manufacturer of a prescription drug from making pricing decisions about its prescription drugs; or

(b) Prohibit purchasers, both public and private, or pharmacy benefit management firms from negotiating discounts and rebates consistent with existing state and federal law.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1263, § 2, effective June 16.

10-16-1406. Colorado prescription drug affordability review board - affordability reviews of prescription drugs.

(1) The board may conduct affordability reviews of prescription drugs in accordance with this section. The board shall identify, for purposes of determining whether to conduct an affordability review:

(a) Any prescription drug that has:

(I) A wholesale acquisition cost of three thousand dollars or more;

(I.5) An increase of three hundred dollars or more above the wholesale acquisition cost for the prescription drug in the preceding twelve months;

(II) An increase of two hundred percent or more above the wholesale acquisition cost for the prescription drug in the preceding twelve months; or

(III) A current wholesale acquisition cost for an average course of treatment per person per year of thirty thousand dollars or more; and

(b) Any biosimilar drug that has an initial wholesale acquisition cost that is not at least fifteen percent lower than the wholesale acquisition cost of the corresponding biological product.

(c) Repealed.

(1.1) Repealed.

(2) After identifying prescription drugs as described in subsection (1) of this section, the board shall determine whether to conduct an affordability review for an identified prescription drug by:

(a) Evaluating the class of the prescription drug and whether any therapeutically equivalent prescription drugs are available for sale;

(b) Evaluating aggregated data;

(c) Seeking and considering input from the advisory council about the prescription drug;

(d) Considering the average patient's out-of-pocket cost for the prescription drug; and

(e) Considering whether the drug has an approved orphan drug designation for one or more rare diseases and no other indications and, if so, considering input from consumers and the Colorado rare disease advisory council created in section 25-1-1503.

(3) If the board conducts an affordability review of a prescription drug, the affordability review must determine whether use of the prescription drug consistent with the labeling approved for the prescription drug by the FDA or with standard medical practice is unaffordable for Colorado consumers.

(4) In performing an affordability review, to the extent practicable, the board shall consider:

(a) The wholesale acquisition cost of the prescription drug;

(b) The cost and availability of therapeutic alternatives to the prescription drug in the state;

(c) The effect of the price on Colorado consumers' access to the prescription drug;

(d) The relative financial effects on health, medical, or social services costs, as the effects can be quantified and compared to baseline effects of existing therapeutic alternatives to the prescription drug;

(e) The patient copayment or other cost sharing that is associated with the prescription drug and typically required pursuant to health benefit plans issued by carriers in the state;

(f) The impact on safety net providers if the prescription drug is available through section 340B of the federal "Public Health Service Act", Pub.L. 78-410;

(g) Orphan drug status;

(h) Input from:

(I) Patients and caregivers affected by the condition or disease that is treated by the prescription drug that is under review by the board;

(II) Individuals who possess scientific or medical training with respect to a condition or disease treated by the prescription drug that is under review by the board; and

(III) The Colorado rare disease advisory council created in section 25-1-1503;

(i) Any other information that a manufacturer, carrier, pharmacy benefit management firm, or other entity chooses to provide; and

(j) Any other factors as determined by rules promulgated by the board pursuant to section 10-16-1403 (5).

(5) Trade-secret, confidential, or proprietary information obtained by the board pursuant to this section may be accessed only by board members and staff or by a qualified independent third party that has contracted with the division pursuant to section 10-16-1403 (3) and is subject to a nondisclosure agreement prohibiting disclosure of such information. Any person with access to such information shall protect the information from direct or indirect publication or release to any person.

(6) In performing an affordability review of a prescription drug, the board may consider any documents and information relating to the manufacturer's selection of the introductory price or price increase of the prescription drug, including documents and information relating to:

(a) Life-cycle management;

(b) The average cost of the prescription drug in the state;

(c) Market competition and context;

(d) Projected revenue;

(e) The estimated cost-effectiveness of the prescription drug; and

(f) Off-label usage of the prescription drug.

(7) (a) To the extent practicable, the board may access pricing information for prescription drugs by:

(I) Accessing publicly available pricing information from a state to which manufacturers report pricing information;

(II) Accessing available pricing information from the all-payer health claims database and from state entities; and

(III) Accessing information that is available from other countries.

(b) To the extent that there is no publicly available information with which to conduct an affordability review, the board may request that a manufacturer, carrier, or pharmacy benefit management firm provide pricing information for any prescription drug identified pursuant to subsection (1) of this section. The failure of an entity to provide pricing information to the board for an affordability review does not affect the authority of the board to conduct the affordability review, as described in this section.

(8) The board shall issue a report summarizing, to the extent permitted by section 10-16-1404 (3), the data that the board considered in making the board's determination as to whether a prescription drug is unaffordable. The board shall make the report available on its public web page.

Editor's note: (1) Section 97 of HB 23-1301 amended the effective date of HB 23-1225 from January 1, 2026, to January 1, 2025. (See L. 2023, p. 1848.)

(2) Subsection (1.1) provided for the repeal of subsections (1)(c) and (1.1), effective January 1, 2025. (See L. 2023, pp. 705, 709.)

10-16-1407. Colorado prescription drug affordability review board - upper payment limits for certain prescription drugs - rules - severability.

(1) (a) The board may establish an upper payment limit for any prescription drug for which the board has performed an affordability review pursuant to section 10-16-1406 and determined that the use of the prescription drug is unaffordable for Colorado consumers; except that:

(I) The board may not establish an upper payment limit for more than twelve prescription drugs in each calendar year for three years beginning April 1, 2022, unless the board determines that there is a need to establish upper payment limits for more than twelve prescription drugs, in which case the board may establish an upper payment limit for up to eighteen prescription drugs so long as the board has sufficient staff support to do so; and

(II) For each prescription drug for which the board establishes an upper payment limit, the board may include multiple national drug codes, as described in 21 CFR 207.33, that are indicated for the prescription drug.

(b) The failure of an entity to provide information to the board pursuant to section 10-16-1406 (7)(b) does not affect the authority of the board to establish an upper payment limit for a prescription drug.

(2) The board shall determine by rule the methodology for establishing an upper payment limit for a prescription drug to protect consumers from the excessive cost of prescription drugs and ensure they can access prescription drugs necessary for their health. The methodology must include consideration of:

- (a) The cost of administering or dispensing the prescription drug;
- (b) The cost of distributing the prescription drug to consumers in the state;
- (c) The status of the prescription drug on the drug shortage list published by the drug shortage program within the FDA; and
- (d) Other relevant costs related to the prescription drug.

(3) The methodology determined by the board pursuant to subsection (2) of this section must consider the impact to older adults and persons with disabilities and shall not place a lower value on their lives.

(4) The methodology determined by the board pursuant to subsection (2) of this section:

(a) Shall not consider research or methods that employ a dollars-per-quality adjusted life year, or similar measure, that discounts the value of a life because of an individual's disability or age; and

(b) Must authorize a pharmacy licensed by the state board of pharmacy to charge reasonable fees, to be paid by the providing health benefit plan of the consumer, for dispensing or delivering a prescription drug for which the board has established an upper payment limit.

(5) An upper payment limit applies to all purchases of and payer reimbursements for a prescription drug that is dispensed or administered to individuals in the state in person, by mail, or by other means and for which an upper payment limit is established. The board shall promulgate rules that establish upper payment limits and the effective date of any upper payment limit established by the board, which effective date is at least six months after the adoption of the upper payment limit by the board and applies only to purchases, contracts, and plans that are issued on or renewed after the effective date.

(6) The board shall promulgate rules to notify consumers of any decision to establish an upper payment limit pursuant to this section.

(7) Any information submitted to the board in accordance with this section or section 10-16-1405 or 10-16-1406 is subject to public inspection only to the extent allowed under the "Colorado Open Records Act", part 2 of article 72 of title 24, and in no case shall trade-secret, confidential, or proprietary information be disclosed to any person who is not authorized to access such information pursuant to section 10-16-1406.

(8) Notwithstanding any provision of this part 14 to the contrary, with respect to an entity providing or administering a self-funded health benefit plan and its plan members, the requirements of this part 14 apply only if the plan elects to be subject to this part 14 for its members in Colorado. Such a plan is an optional participating plan for the purposes of this part 14.

(9) If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(10) For any upper payment limit established by the board pursuant to this section, the board shall:

(a) Inquire of manufacturers of the prescription drug as to whether each such manufacturer is able to make the prescription drug available for sale in the state and request the rationale for the manufacturer's response; and

(b) Submit annually to the health and human services committee of the senate and the health and insurance committee of the house of representatives, or to any successor committees, the response of each manufacturer to the inquiry described in subsection (10)(a) of this section.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1268, § 2, effective June 16. **L. 2023:** (1) and (5) amended, (HB 23-1225), ch. 162, p. 706, § 5, effective August 7.

10-16-1408. Colorado prescription drug affordability review board - judicial review.

(1) The following board functions are not final agency actions subject to judicial review under the "State Administrative Procedure Act", article 4 of title 24:

- (a) Identification of eligible prescription drugs pursuant to section 10-16-1406 (1);
- (b) Selection of a prescription drug pursuant to section 10-16-1406 (2); and
- (c) Determination that a prescription drug is unaffordable pursuant to section 10-16-1406 (3).

(2) A rule of the board establishing an upper payment limit is a final agency action subject to judicial review under the "State Administrative Procedure Act", article 4 of title 24. A party seeking judicial review of a rule establishing an upper payment limit may seek review of whether the prescription drug satisfies the necessary criteria in section 10-16-1406 to be eligible for an upper payment limit.

(3) Repealed.

(4) Notwithstanding any provision of law to the contrary:

(a) An individual may request an expedited review, as described in section 10-16-113.5, of access to a prescription drug that is unavailable to the individual because a manufacturer refuses to make the drug available as a result of an upper payment limit established for the prescription drug by the board; and

(b) A carrier may disregard the upper payment limit if the independent external review entity that performs the expedited review determines pursuant to such review that the prescription drug should be covered for and available to that individual.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1270, § 2, effective June 16. **L. 2023:** (1) and (2) amended and (3) repealed, (HB 23-1225), ch. 162, p. 707, § 6, effective August 7.

10-16-1409. Colorado prescription drug affordability advisory council - created - membership - powers and duties.

(1) (a) The Colorado prescription drug affordability advisory council is created in the division to provide stakeholder input to the board regarding the affordability of prescription

drugs. The advisory council is a **type 2** entity, as defined in section 24-1-105. The advisory council exercises its powers and performs its duties and functions under the department of regulatory agencies and is allocated to the division of insurance. The advisory council includes fifteen members as follows:

(I) The executive director of the department of health care policy and financing or the executive director's designee; and

(II) Fourteen members appointed by the board as follows:

(A) Two members who are health-care consumers or who represent health-care consumers;

(B) One member representing a statewide health-care consumer advocacy organization;

(C) One member representing health-care consumers who are living with chronic diseases;

(D) One member representing a labor union;

(E) One member representing employers;

(F) One member representing carriers;

(G) One member representing pharmacy benefit management firms;

(H) One member representing health-care professionals with prescribing authority;

(I) One member who is employed by an organization that performs research concerning prescription drugs, including research concerning pricing information;

(J) One member representing manufacturers of brand-name drugs;

(K) One member representing manufacturers of generic drugs;

(L) One member representing pharmacists; and

(M) One member representing wholesalers.

(b) To the extent possible, the board shall appoint council members who have experience serving underserved communities and reflect the diversity of the state with regard to race, ethnicity, immigration status, income, wealth, disability, age, gender identity, and geography. In considering geographic diversity, the board shall ensure at least one council member resides on the eastern plains and one member resides on the western slope, and the board shall attempt to appoint members from each congressional district in the state.

(c) All of the initial members of the advisory council must be appointed by January 1, 2022.

(2) Each member of the advisory council must possess knowledge of at least one of the following subject matters:

- (a) The pharmaceutical business model;
- (b) Supply chain business models;
- (c) The practice of medicine or clinical training;
- (d) Health-care consumer or patient perspectives;
- (e) Health-care cost trends and drivers;
- (f) Clinical and health services research; or
- (g) The state's health-care marketplace.

(3) The term of each member of the advisory council is three years; except that the members initially appointed to the advisory council pursuant to subsections (1)(a)(II)(A) to (1)(a)(II)(E) of this section shall each serve initial terms of two years.

(4) The chair of the board shall designate one member of the advisory council to serve as chair of the advisory council.

(5) (a) An individual who is being considered for appointment to the advisory council shall disclose any conflict of interest to the board in a form and manner prescribed by the board. When appointing a member of the advisory council, the board shall consider any conflict of interest disclosed by the prospective member.

(b) The chair of the advisory council shall report to the board any conflict of interest that is disclosed to the advisory council. The board shall include information concerning such disclosures on its public website pursuant to section 10-16-1402 (3)(d).

(6) The advisory council shall meet at least once every three months; except that the chair may cancel or postpone a meeting.

(7) (a) Except as described in subsection (7)(b) of this section, the advisory council shall conduct all of its meetings in public.

(b) Notwithstanding section 24-6-402, the advisory council may meet privately in groups of three or fewer members for the following purposes, so long as no formal action is taken at the meeting:

- (I) To gather and understand data; or
- (II) To establish, organize, and plan for the business of the advisory council.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1271, § 2, effective June 16. **L. 2022:** IP(1)(a) amended, (SB 22-162), ch. 469, p. 3390, § 103, effective August 10.

Cross references: For the short title (the "Debbie Haskins 'Administrative Organization Act of 1968' Modernization Act") in SB 22-162, see section 1 of chapter 469, Session Laws of Colorado 2022.

10-16-1410. Use of savings - report - rules.

(1) Any savings generated for a health benefit plan that are attributable to the establishment of an upper payment limit established by the board pursuant to section 10-16-1407 must be used by the carrier that issues the health benefit plan to reduce costs to consumers, prioritizing the reduction of out-of-pocket costs for prescription drugs.

(2) On or before March 15, 2023, and on or before March 15 each year thereafter, each state entity and each carrier that issues a health benefit plan or optional participating plan shall submit to the board a report describing the savings achieved during the preceding plan year for each prescription drug for which the board established an upper payment limit during the preceding year and how those savings were used to satisfy the requirement described in subsection (1) of this section.

(3) On or before November 1, 2022, the board shall promulgate rules establishing a formula for calculating savings for the purpose of complying with subsection (1) of this section.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1273, § 2, effective June 16.

10-16-1411. Unlawful acts - enforcement - penalties.

(1) On and after January 1, 2022, it is unlawful for any person to purchase or reimburse a payer for a prescription drug for which the board has established an upper payment limit pursuant to section 10-16-1407 at an amount that exceeds the upper payment limit established by the board for that prescription drug, regardless of whether the prescription drug is dispensed or distributed in person, by mail, or by other means.

(2) On and after January 1, 2023, each state entity, carrier, and optional participating plan shall require compliance with an upper payment limit established by the board.

(3) The attorney general is authorized to enforce this part 14 on behalf of any state entity or any consumer of prescription drugs.

(4) Notwithstanding any provision of this part 14 to the contrary, as used in this section, "person" does not include an individual who acquires a prescription drug for the individual's own use or for a family member's use.

(5) Notwithstanding any provision of this section to the contrary, a carrier or state agency that is required pursuant to state or federal law to purchase or reimburse a payer for a prescription drug for which the board has established an upper payment limit pursuant to section 10-16-1407 is not subject to an enforcement action for a violation of subsection (1) or (2) of this section for that particular prescription drug.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1273, § 2, effective June 16.

10-16-1412. Notice of withdrawal of prescription drugs with upper payment limits required - rules - penalty.

(1) Any manufacturer that intends to withdraw from sale or distribution within the state a prescription drug for which the board has established an upper payment limit pursuant to section 10-16-1407 shall provide a notice of withdrawal in writing at least one hundred eighty days before the withdrawal to:

- (a) The commissioner;
- (b) The attorney general; and
- (c) Each entity in the state with which the manufacturer has contracted for the sale or distribution of the prescription drug.

(2) The board shall promulgate rules to notify consumers of the intent of any manufacturer to withdraw a prescription drug from sale or distribution within the state, as described in subsection (1) of this section.

(3) After providing notice and a hearing as described in section 24-4-105, the commissioner may require a manufacturer to pay a penalty not to exceed five hundred thousand dollars if the commissioner determines that the manufacturer failed to provide the notice required by subsection (1) of this section before withdrawing from sale or distribution within the state a prescription drug for which the board has established an upper payment limit pursuant to section 10-16-1407.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1274, § 2, effective June 16.

10-16-1413. Optional participating plans - notice of election to participate required.

An optional participating plan that elects to subject its purchases of or payer reimbursements for prescription drugs in Colorado to the requirements of this part 14 shall notify the commissioner in writing within thirty days after such election.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1274, § 2, effective June 16.

10-16-1414. Reports.

(1) Notwithstanding section 24-1-136 (11)(a), on or before July 1, 2023, and on or before July 1 each year thereafter, the board shall submit a report to the governor, the health and insurance committee of the house of representatives, and the health and human services committee of the senate, or to any successor committees, summarizing the work of the board during the preceding calendar year. At a minimum, the report must include:

- (a) Publicly available data concerning price trends for prescription drugs;
- (b) The number of prescription drugs that were subjected to an affordability review by the board pursuant to section 10-16-1406, including the results of each affordability review;
- (c) A list of each prescription drug for which the board established an upper payment limit pursuant to section 10-16-1407, including the amount of the upper payment limit;
- (d) The impact of any upper payment limits established by the board pursuant to section 10-16-1407 on health-care providers, pharmacies, and patients' ability to access any prescription drugs for which the board has established upper payment limits;
- (e) A summary of any judicial reviews of board decisions, including an indication of the outcome of any judicial review;
- (f) A description of each conflict of interest that was disclosed to the board during the preceding year;
- (g) A description of any violations of any of the provisions of this part 14, including an indication of any enforcement action taken in response to any such violation; and
- (h) Any recommendations the board may have for the general assembly concerning legislative and regulatory policy changes to increase the affordability of prescription drugs and reduce the effects of excess costs on consumers and commercial health insurance premiums in the state.

(2) The board shall post the report described in subsection (1) of this section on the public web page maintained by the division for the board pursuant to section 10-16-1402 (3)(d).

(3) (a) The chair of the board shall present to the joint health and insurance committee of the house of representatives and health and human services committee of the senate, or any successor committees, which presentation occurs pursuant to the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2, information concerning any prescription drug for which the board established an upper payment limit during the preceding calendar year. The chair shall summarize for the committee members:

(I) The affordability review of the prescription drug, including the results of the board's considerations as described in section 10-16-1406 (4) and, if applicable, section 10-16-1406 (6); and

(II) The establishment of the upper payment limit, including a summary of the methodology used to establish the upper payment limit.

(b) Based on the information presented in subsection (3)(a) of this section, members of the joint health and insurance committee of the house of representatives and health and human services committee of the senate, or any successor committees, may pursue legislation, if the majority of committee members vote to pursue such legislation, to discontinue the upper payment limit for any prescription drug for which the board established an upper payment limit. Any such legislation shall not count against any limitation upon the number of bills that a member of the general assembly may introduce each regular legislative session, which limitation may exist pursuant to rules adopted by the general assembly.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1274, § 2, effective June 16. **L. 2023:** IP(1), (1)(b), and (1)(e) amended, (HB 23-1225), ch. 162, p. 708, § 7, effective August 7.

10-16-1415. Exemption - prescription drugs derived from cannabis.

Notwithstanding any provision of this part 14 to the contrary, the board has no authority to perform an affordability review of, or to establish an upper payment limit for, any prescription drug that is derived in whole or in part from cannabis.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1276, § 2, effective June 16.

10-16-1416. Repeal of part.

This part 14 is repealed, effective September 1, 2031. Before the repeal, the functions of the board are scheduled for review in accordance with section 24-34-104.

Source: L. 2021: Entire part added, (SB 21-175), ch. 240, p. 1276, § 2, effective June 16. **L. 2023:** Entire section amended, (HB 23-1225), ch. 162, p. 708, § 8, effective August 7.

PART 15

340B PRESCRIPTION DRUG PROGRAM ANTI-DISCRIMINATION ACT

10-16-1501. Short title.

The short title of this part 15 is the "Colorado 340B Prescription Drug Program Anti-discrimination Act".

Source: L. 2022: Entire part added, (HB 22-1122), ch. 312, p. 2230, § 1, effective August 10.

10-16-1502. Legislative declaration.

(1) The general assembly declares that the purpose of this part 15 is to:

(a) Prohibit a pharmacy benefit manager or carrier from imposing fees, charge backs, or other adjustments on covered entities or contract pharmacies based on their participation in the 340B drug pricing program;

(b) Prohibit a pharmacy benefit manager or carrier from requiring a claim for a drug to include a modifier to indicate that the drug is a 340B drug unless the claim is for payment, directly or indirectly, by the medicaid program; and

(c) Provide for powers and duties of the commissioner and the division.

Source: L. 2022: Entire part added, (HB 22-1122), ch. 312, p. 2230, § 1, effective August 10.

10-16-1503. Definitions.

As used in this part 15, unless the context otherwise requires:

(1) "340B covered entity" means a covered entity, as defined in section 340B (a)(4) of the federal "Public Health Service Act", 42 U.S.C. sec. 256b (a)(4), as amended.

(2) "340B drug" means a drug purchased through the 340B drug pricing program by a 340B covered entity.

(3) "340B drug pricing program" or "340B program" means the program described in 42 U.S.C. sec. 256b.

(4) "Contract pharmacy" means a pharmacy operating under contract with a 340B covered entity to provide dispensing services to the 340B covered entity as described in 75 Fed. Reg. 10272 (2010) or any superseding guidance.

(5) (a) "Drug coverage" means coverage or payment for a prescription drug dispensed by a pharmacy to a patient pursuant to:

(I) A health coverage plan;

(II) A managed care organization, as defined in section 25.5-5-403 (5); or

(III) Any other contractual or other legal obligation to provide coverage or payment for a prescription drug dispensed by a pharmacy to a patient.

(b) "Drug coverage" does not include:

(I) Reimbursement for covered outpatient drugs, as that term is defined in section 42 U.S.C. sec. 1396r-8 (k)(2), on a fee-for-service basis under the medicaid program; or

(II) Any amounts paid by an individual on the individual's own behalf or on behalf of another individual without a contractual or legal obligation to do so.

(6) "Medicaid program" means the medical assistance program established pursuant to articles 4 to 6 of title 25.5.

(7) (a) "Third party" means:

(I) A carrier or pharmacy benefit manager that provides or manages drug coverage under a health coverage plan; or

(II) A system of health insurance for state or local government employees, their dependents, and retirees, including a group benefit plan, as defined in section 24-50-603 (9), and a group health-care program designed pursuant to section 24-51-1202.

(b) "Third party" does not include:

(I) An insurer that provides coverage under a policy of property and casualty insurance; or

(II) An insurer or entity that provides health coverage, benefits, or coverage of prescription drugs as part of coverage required under the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, or workers' compensation coverage required under federal law.

Source: L. 2022: Entire part added, (HB 22-1122), ch. 312, p. 2231, § 1, effective August 10.

10-16-1504. Applicability - exclusions.

(1) This part 15 applies to any third party that reimburses 340B covered entities or contract pharmacies in this state.

(2) Nothing in this part 15:

(a) Prohibits a third party from maintaining differential reimbursement rates for participating and nonparticipating providers, so long as the rates are not determined on the basis of a provider's status as a 340B covered entity or contract pharmacy;

(b) Affects a third party's ability to establish coverage guidelines and exclude specific drugs from its prescription drug formularies, so long as the guidelines and exclusions are not determined on the basis of a provider's status as a 340B covered entity or contract pharmacy or of a drug's status as a 340B drug; or

(c) Requires a third party to contract with a 340B covered entity or contract pharmacy for purposes of participating in the third party's network, so long as the third party's contracting decisions are not determined on the basis of a provider's status as a 340B covered entity or contract pharmacy.

Source: L. 2022: Entire part added, (HB 22-1122), ch. 312, p. 2232, § 1, effective August 10.

10-16-1505. Prohibition on 340B discrimination.

(1) A third party that reimburses a 340B covered entity or contract pharmacy for 340B drugs shall not:

(a) Reimburse the 340B covered entity or contract pharmacy for a pharmacy-dispensed drug at a rate lower than the amount paid for the same drug to pharmacies similar in prescription volume that are not 340B covered entities or contract pharmacies;

(b) Assess any fee, charge back, or other adjustment against the 340B covered entity or contract pharmacy on the basis that the 340B covered entity or contract pharmacy participates in the 340B program;

(c) Restrict access to the third party's pharmacy network for any 340B covered entity or contract pharmacy on the basis that the 340B covered entity or contract pharmacy participates in the 340B program;

(d) Require the 340B covered entity or contract pharmacy to enter into a contract with a specific pharmacy or health coverage plan to participate in the third party's pharmacy network;

(e) Create a restriction or an additional charge on a patient who chooses to receive drugs from a 340B covered entity or contract pharmacy;

(f) Restrict the methods by which a 340B covered entity or contract pharmacy may dispense or deliver 340B drugs;

(g) Refuse to provide reimbursement or coverage for 340B drugs; or

(h) Create any additional requirements or restrictions on a 340B covered entity or contract pharmacy.

(2) Unless a claim is for payment, directly or indirectly, by the medicaid program, a pharmacy benefit manager or any other third party that reimburses a 340B covered entity or contract pharmacy for 340B drugs shall not require a claim for a 340B drug to include:

(a) A modifier to indicate that the drug is a 340B drug; or

(b) Any other method of identifying the claim for a 340B drug.

(3) With respect to a patient eligible to receive 340B drugs, a pharmacy benefit manager or any other third party that makes payment for the drugs shall not discriminate against a 340B covered entity or contract pharmacy in a manner that prevents or interferes with the patient's choice to receive the drugs from the 340B covered entity or contract pharmacy.

10-16-1506. Enforcement - rules.

(1) A third party that violates this part 15 engages in an unfair or deceptive act or practice in the business of insurance under section 10-3-1104 (1)(tt), and the act of the third party that violates this part 15 is void and unenforceable.

(2) The commissioner may adopt rules as necessary to implement this part 15.

10-18-101. Definitions.

As used in this article, unless the context otherwise requires:

(1) "Applicant" means:

(a) In the case of an individual medicare supplement policy or subscriber contract, the person who seeks to contract for insurance benefits; or

(b) In the case of a group medicare supplement policy or subscriber contract, the proposed certificate holder.

(2) "Certificate" means any certificate issued under a group medicare supplement policy, which certificate has been delivered or issued for delivery in this state.

(3) "Medicare" means the "Health Insurance for the Aged Act", Title XVIII of the federal "Social Security Act", as amended by the social security amendments of 1965, and as later amended.

(4) "Medicare supplement policy" means a group or individual policy of sickness and accident insurance or a subscriber contract of a nonprofit hospital and health service corporation or a health maintenance organization, which policy or contract is primarily advertised, marketed,

or designed as a supplement to reimbursements under medicare for the hospital, medical, or surgical expenses of persons eligible for medicare.

Source: L. 89: Entire article R&RE, p. 498, § 1, effective July 1. **L. 92:** (4) amended, p. 1500, § 34, effective July 1.

Editor's note: This section is similar to former § 10-18-101 as it existed prior to 1989.

10-18-102. Applicability and scope.

(1) Except as otherwise specifically provided, this article shall apply to:

(a) All medicare supplement policies and subscriber contracts delivered or issued for delivery in this state on or after July 1, 1989; and

(b) All certificates issued under group medicare supplement policies or subscriber contracts, which certificates have been delivered or issued for delivery in this state on or after July 1, 1989.

(2) The provisions of this article shall not apply to a policy or contract for employees, former employees, or any combination of employees or former employees or to a policy or contract for members, former members, or any combination of members and former members of labor organizations, which policy or contract is established by one or more employers or labor organizations or the trustees of a fund established by one or more employers or labor organizations or any combination of such employers, labor organizations, or trustees.

(3) The provisions of this article shall not apply to insurance policies or health-care benefit plans, including group conversion policies, provided to medicare eligible persons, which policies are not marketed as or held out to be medicare supplement policies or benefit plans.

Source: L. 89: Entire article R&RE, p. 499, § 1, effective July 1.

10-18-103. Standards for policy provisions - guarantee issue.

(1) No medicare supplement insurance policy, contract, or certificate in force in this state shall contain benefits that duplicate benefits provided by medicare.

(2) The commissioner shall issue reasonable regulations to establish specific standards for policy provisions of medicare supplement policies and certificates. Such standards shall be in

addition to and in accordance with all applicable laws under this title. No requirement of this title relating to minimum required policy benefits, other than the minimum standards contained in this article, shall apply to medicare supplement policies. The standards shall include, but need not be limited to:

- (a) Terms of renewability which shall provide that the policy cannot be canceled or nonrenewed by the insurer solely on the grounds of deterioration of health or of age;
- (b) Initial and subsequent conditions of eligibility, which shall include the guaranteed issue requirements in subsection (5) of this section;
- (c) Nonduplication of coverage;
- (d) Preexisting conditions;
- (e) Benefit limitations, exceptions, and reductions which shall not include those which are more restrictive than those of medicare for any type of care covered under the policy;
- (f) Elimination, waiting, or probationary periods;
- (g) Recurrent conditions;
- (h) Definition of terms, including, but not limited to, accident, sickness, benefit period, hospital, nurse, physician, and skilled nursing facility;
- (i) Readability standards;
- (j) Continuing care coverage as required by section 10-16-413.5.

(3) The commissioner may issue reasonable regulations that specify prohibited policy provisions not otherwise specifically authorized by statute which, in the opinion of the commissioner, are unjust, unfair, or unfairly discriminatory to any person insured or proposed for coverage under a medicare supplement policy.

(4) Notwithstanding any other provision of law of this state to the contrary, a medicare supplement policy may not deny a claim for losses incurred more than six months from the effective date of coverage for a preexisting condition. The policy may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(5) The guaranteed issue period for a medicare supplement policy shall not be for less than six months after a previous policy has been involuntarily terminated for reasons other than nonpayment of premiums or for fraud or abuse. For purposes of this subsection (5), termination of coverage in the CoverColorado coordination of benefits plan due to the plan's termination is an involuntary termination of a previous policy.

Source: L. 89: Entire article R&RE, p. 499, § 1, effective July 1. **L. 99:** (2)(j) added, p. 1097, § 2, effective June 1. **L. 2008:** (2)(b) amended and (5) added, p. 1233, § 2, effective May 27. **L. 2013:** (5) amended, (HB 13-1115), ch. 338, p. 1972, § 13, effective May 28.

Editor's note: This section is similar to former § 10-18-102 as it existed prior to 1989.

10-18-104. Minimum standards for benefits and claims payment.

The commissioner shall issue reasonable regulations to establish minimum standards for benefits and payment of claims under medicare supplement policies.

Source: L. 89: Entire article R&RE, p. 500, § 1, effective July 1.

Editor's note: This section is similar to former § 10-18-103 as it existed prior to 1989.

10-18-105. Loss ratio standards and filing requirements.

(1) Every insurer providing group or individual medicare supplement insurance benefits to a resident of this state pursuant to section 10-18-102 shall file a copy of the group master policy or individual policy and any certificate used in this state in accordance with the filing requirements and procedures of sections 10-16-107.2 and 10-16-406; except that no insurer shall be required to make a filing earlier than thirty days after insurance was provided to a resident of this state under a group master policy issued for delivery outside this state.

(2) Group and individual medicare supplement policies shall return to policyholders benefits which are reasonable in relation to the premium charged. The commissioner shall issue reasonable regulations to establish minimum standards for loss ratios of medicare supplement policies on the basis of incurred claims experience or incurred health-care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and on the basis of earned premiums in accordance with accepted actuarial principles and practices. Every entity providing medicare supplement policies or certificates in this state shall file annually its rates, rating schedule, and supporting documentation demonstrating that it is in compliance with the applicable loss ratio standards of this state. All

filings of rates and rating schedules shall demonstrate that the actual and expected losses in relation to premiums comply with the requirements of this article.

(3) No entity shall provide compensation to its agents or other producers which is greater than the renewal compensation which would have been paid on an existing policy if the existing policy had been replaced by another policy with the same company and the new policy benefits had been substantially similar to the benefits under the old policy and the old policy had been issued by the same insurer or insurer group.

Source: **L. 89:** Entire article R&RE, p. 500, § 1, effective July 1. **L. 92:** (1) amended, p. 1725, § 10, effective July 1. **L. 2013:** (1) amended, (HB 13-1266), ch. 217, p. 990, § 55, effective May 13.

Editor's note: This section is similar to former § 10-18-104 as it existed prior to 1989.

10-18-106. Disclosure standards - regulations necessary for compliance with federal law.

(1) In order to provide for full and fair disclosure in the sale of medicare supplement policies, no individual medicare supplement policy or certificate shall be delivered or issued for delivery in this state unless the outline of coverage as described in subsection (2) of this section is delivered to the applicant for such policy or such certificate at the time application is made.

(2) The commissioner shall prescribe by regulation the format and content of the outline of coverage required by subsection (1) of this section. As used in this subsection (2), "format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. Such outline of coverage shall include:

- (a) A description of the principal benefits and coverage provided in the policy;
- (b) A statement of the exceptions, reductions, and limitations contained in the policy;
- (c) A statement of the renewal provisions, including any reservation by the insurer of a right to change premiums;
- (d) A statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions.
- (e) (Deleted by amendment, L. 92, p. 1605, § 144, effective May 20, 1992.)

(3) The commissioner may further prescribe by regulation a standard form for and the contents of an informational brochure for persons eligible for medicare by reason of age, which brochure is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any prospective insureds eligible for medicare concurrently with delivery of the outline of coverage. With respect to direct response medicare supplement insurance policies, the commissioner may require by regulation that the prescribed brochure must be provided upon request to any prospective insureds eligible for medicare by reason of age, but in no event later than the time of policy delivery.

(4) The commissioner may promulgate regulations for captions or notice requirements determined to be in the public interest and designed to inform prospective insureds that particular insurance coverages are not medicare supplement coverages for all accident and sickness insurance policies sold to persons eligible for medicare by reason of age, which policies fail to meet the definition of a medicare supplement policy in section 10-18-101 (4).

(5) The commissioner may promulgate such regulations as are necessary to allow Colorado to meet the medicare supplement policy standards and requirements imposed by the federal "Health Insurance for the Aged Act" or otherwise required by any federal law or rule or regulation. This shall include the authority to promulgate as regulations the model standards adopted by the national association of insurance commissioners for the purpose of complying with any such federal requirements.

Source: L. 89: Entire article R&RE, p. 501, § 1, effective July 1. L. 91: (5) added, p. 1181, § 1, effective March 27. L. 92: (2)(e) and (3) amended, p. 1605, § 144, effective May 20.

Cross references: For the federal "Health Insurance for the Aged Act", see Title I of Pub.L. 89-97.

10-18-107. Right to examine policy - right to refund of premium.

Medicare supplement policies or certificates shall have a notice prominently printed on the first page of the policy or certificate or attached thereto stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate within thirty days after its delivery and to have any premium refunded if, after examination of the policy or certificate, the policyholder or certificate holder is not satisfied for any reason. Any refund made pursuant to this section shall be paid directly to the policyholder or certificate holder by the insurer in a

timely manner. If a policyholder or certificate holder decides to cancel a policy or certificate after the first thirty days of coverage and the policyholder or certificate holder provides the insurer notice of the cancellation at least thirty days before cancellation, the insurer shall refund a prorated amount of any prepaid premiums for such policy or certificate based on the subsequent full months of coverage being canceled.

Source: L. 89: Entire article R&RE, p. 502, § 1, effective July 1. **L. 2002:** Entire section amended, p. 305, § 1, effective January 1, 2003.

Editor's note: This section is similar to former § 10-18-107 as it existed prior to 1989.

10-18-108. Advertising - copy provided to commissioner.

Every insurer, health-care service plan, or other entity providing medicare supplement insurance or benefits in this state that advertises medicare supplement insurance shall provide the commissioner a written copy of the medicare supplement advertisement used in this state. If there is a complaint filed about a radio or television advertisement, the commissioner may request an audio or video recording from those entities.

Source: L. 89: Entire article R&RE, p. 502, § 1, effective July 1. **L. 2022:** Entire section amended, (SB 22-212), ch. 421, p. 2967, § 19, effective August 10.

10-18-109. Penalties.

In addition to any other applicable penalties for violations of this title, the commissioner may order insurers violating any provision of this article or regulations promulgated pursuant to this article to cease marketing any medicare supplement policy or certificate in this state, which policy or certificate is related directly or indirectly to a violation, may order such insurers to take such actions as are necessary to comply with the provisions of this article, or may make both such orders.

10-19-101. Short title.

This article shall be known and may be cited as the "Long-term Care Insurance Act".

Source: L. 90: Entire article R&RE, p. 643, § 1, effective July 1.

10-19-102. Legislative declaration.

The general assembly hereby declares that the purpose of this article is to promote the public interest and the availability of long-term care insurance policies, to protect applicants for long-term care insurance from unfair or deceptive sales or enrollment practices, to establish standards for long-term care insurance, to facilitate public understanding and comparison of long-term care insurance policies, and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

Source: L. 90: Entire article R&RE, p. 643, § 1, effective July 1.

10-19-103. Definitions.

As used in this article 19, unless the context otherwise requires:

- (1) "Applicant" means:
 - (a) In the case of an individual long-term care insurance policy, the person who seeks to contract for benefits; and
 - (b) In the case of a group long-term care insurance policy, the proposed certificate holder.
- (1.5) Repealed.
- (2) "Certificate" means any certificate issued under a group long-term care insurance policy, which policy has been delivered or issued for delivery in this state.
- (3) "Commissioner" means the commissioner of insurance.
- (3.5) "Dementia diseases and related disabilities" has the same meaning set forth in section 10-16-102 (16.5).
- (4) "Group long-term care insurance" means a long-term care insurance policy which is delivered or issued for delivery in this state and issued to one of the following:
 - (a) One or more employers or labor organizations, or to a trust or to the trustees of a fund established by one or more employers or labor organizations, or a combination thereof, for employees or former employees or a combination thereof or for members or former members or a combination thereof, of the labor organizations;
 - (b) Any professional, trade, or occupational association for its members or former or retired members, or combination thereof, if such association:

(I) Is composed of individuals all of whom are or were actively engaged in the same profession, trade, or occupation; and

(II) Has been maintained in good faith for purposes other than obtaining insurance;

(c) (I) An association or a trust or the trustee of a fund established, created, or maintained for the benefit of members of one or more associations. Prior to advertising, marketing, or offering such policy within this state, the association or the insurer of the association shall file evidence with the commissioner that the association has at the outset a minimum of one hundred persons and has been organized and maintained in good faith for purposes other than that of obtaining insurance, has been in active existence for at least one year, and has a constitution and bylaws which provide that:

(A) The association holds regular meetings not less than annually to further purposes of the members;

(B) Except for credit unions, the association collects dues or solicits contributions from members; and

(C) The members have voting privileges and representation on the governing board and committees.

(II) Thirty days after such filing, the association will be deemed to satisfy such organizational requirements, unless the commissioner makes a finding that the association does not satisfy those organizational requirements.

(d) A group other than as described in paragraph (a), (b), or (c) of this subsection (4), subject to a finding by the commissioner that:

(I) The issuance of the group policy is not contrary to the best interest of the public;

(II) The issuance of the group policy would result in economies of acquisition or administration; and

(III) The benefits are reasonable in relation to the premiums charged.

(5) "Long-term care insurance" means any insurance policy or rider advertised, marketed, offered, or designed to provide coverage for not less than twelve consecutive months for each covered person on an expense-incurred, indemnity, prepaid, or other basis for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services provided in a setting other than an acute care unit of a hospital. "Long-term care insurance" includes group and individual annuities and life insurance policies or riders that provide directly or that supplement long-term care insurance. The term shall also include qualified long-term care insurance contracts. This term does not include life insurance policies that accelerate the death benefit specifically for one or more of the qualifying events of terminal

illness, medical conditions requiring extraordinary medical intervention, or permanent institutional confinement and that provide the option of a lump-sum payment for those benefits and in which neither the benefits nor the eligibility for the benefits is conditioned upon the receipt of long-term care. "Long-term care insurance" also includes a policy or rider that provides for payment of benefits based upon cognitive impairment or the loss of functional capacity. Long-term care insurance may be issued by insurers, fraternal benefit societies, nonprofit hospital, medical-surgical, and health service corporations, prepaid health plans, health maintenance organizations, or any similar organizations to the extent they are otherwise authorized to issue life or health insurance. "Long-term health-care insurance" shall not include any insurance policy that is offered primarily to provide basic medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income or related asset protection coverage, accident-only coverage, specified disease or specified accident coverage, or limited-benefit health coverage. Notwithstanding any other provisions contained herein, any product advertised, marketed, or offered as long-term care insurance shall be subject to the provisions of this article.

(6) "Policy" means any policy, contract, subscriber agreement, rider, or endorsement delivered or issued for delivery in this state by an insurer, fraternal benefit society, nonprofit hospital, medical-surgical, or health service corporation, prepaid health plan, health maintenance organization, or any similar organization.

(7) Repealed.

(8) (a) "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" means an individual or group insurance contract that meets the requirements of 26 U.S.C. sec. 7702B (b) of the federal "Internal Revenue Code of 1986", as amended, as follows:

(I) The only insurance protection provided under the contract is coverage of qualified long-term care services. A contract shall not fail to satisfy the requirements of this subparagraph (I) by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(II) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the federal "Social Security Act", as added by the "Social Security Amendments of 1965", Pub.L. 89-97, as amended, or would be so reimbursable but for the application of a deductible or coinsurance amount. The requirements of this subparagraph (II) do not apply to expenses that are reimbursable under said Title XVIII only as a secondary payer. A contract shall not fail to satisfy the requirements of this subparagraph (II) by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate.

(III) The contract is guaranteed renewable, within the meaning of 26 U.S.C. sec. 7702B (b)(1)(C) of the federal "Internal Revenue Code of 1986", as amended;

(IV) The contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan, or borrowed except as provided in subparagraph (V) of this paragraph (a);

(V) All refunds of premiums and all policyholder dividends or similar amounts under the contract are to be applied as a reduction in future premiums or to increase future benefits; except that a cash refund may be issued in the event of death of the insured or a complete surrender or cancellation of the contract, so long as the refund does not exceed the aggregate premiums paid under the contract;

(VI) The contract meets the consumer protection provisions set forth in 26 U.S.C. sec. 7702B (g) of the federal "Internal Revenue Code of 1986", as amended.

(b) "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" also means the portion of a life insurance contract that provides long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of 26 U.S.C. sec. 7702B (b) and (e) of the federal "Internal Revenue Code of 1986", as amended.

Source: L. 90: Entire article R&RE, p. 643, § 1, effective July 1. L. 95: (5) amended and (1.5) and (7) added, p. 922, § 20, effective May 25. L. 2005: (1.5) and (7) repealed, p. 405, § 1, effective August 8. L. 2007: (5) amended and (8) added, p. 196, § 1, effective January 1, 2008. L. 2018: IP amended and (3.5) added, (HB 18-1091), ch. 74, p. 645, § 10, effective August 8.

Editor's note: This section is similar to former § 10-19-101 as it existed prior to 1990.

10-19-104. Scope and applicability of article.

The requirements of this article shall apply to policies delivered or issued for delivery in this state on or after July 1, 1990. This article is not intended to supersede the obligations of entities subject to this article to comply with the substance of other applicable insurance laws insofar as they do not conflict with this article; except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

Source: L. 90: Entire article R&RE, p. 645, § 1, effective July 1. L. 2007: Entire section amended, p. 198, § 2, effective January 1, 2008.

10-19-105. Extraterritorial jurisdiction - group long-term care insurance.

A group long-term care insurance coverage shall not be offered to a resident of this state under a group policy issued in another state to a group described in section 10-19-103 (4)(d), unless this state or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in this state has made a determination that such requirements have been met.

Source: L. 90: Entire article R&RE, p. 645, § 1, effective July 1.

10-19-106. Rules on disclosure.

The commissioner may adopt rules and regulations that include standards for full and fair disclosure setting forth the manner, content, and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions, and definitions of terms. Such rules and regulations shall be in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

Source: L. 90: Entire article R&RE, p. 645, § 1, effective July 1.

10-19-107. Performance standards.

(1) A long-term care insurance policy may not:

- (a) Be canceled, nonrenewed, or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or
- (b) Contain a provision establishing a new waiting period in the event that existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or
- (c) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than coverage for lower levels of care; or

(d) Exclude coverage for dementia diseases and related disabilities.

(2) A long-term care insurance policy shall:

(a) Offer the policyholder the opportunity to designate an individual who can be contacted in the event the policy is about to lapse. If the policyholder declines to designate someone, the carrier shall obtain a signed statement that the policyholder has been offered this opportunity and declined. The policyholder has the right to periodically update his or her authorized designee.

(b) Provide a ninety-day reinstatement period for policyholders who have allowed their policies to lapse due to nonpayment of premium, who have a cognitive impairment, and who have regularly paid the required premiums. The reinstated policy shall provide the same benefits, terms, and premiums as the lapsed policy.

Source: **L. 90:** Entire article R&RE, p. 646, § 1, effective July 1. **L. 95:** (2) added, p. 923, § 21, effective May 25. **L. 2007:** (1)(c) amended, p. 198, § 3, effective January 1, 2008. **L. 2018:** (1)(d) amended, (HB 18-1091), ch. 74, p. 645, § 11, effective August 8.

10-19-108. Requirements for preexisting conditions.

(1) A long-term care insurance policy or certificate, other than a policy or certificate thereunder, issued to a group as defined in section 10-19-103 (4)(a), shall not use a definition of "preexisting condition" that is more restrictive than the following: "Preexisting condition" means a condition for which medical advice or treatment was recommended by or received from a provider of health-care services within six months preceding the effective date of coverage of an insured person.

(2) A long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group as defined in section 10-19-103 (4)(a), shall not exclude coverage for a loss or confinement which is the result of a preexisting condition, unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

(3) The commissioner may extend the limitation periods set forth in subsections (1) and (2) of this section to specific age group categories or specific policy forms upon findings that the extension is in the best interest of the public.

(4) The definition of "preexisting condition" in subsection (1) of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant and, on the basis of the answers on the application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in

the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subsection (2) of this section expires. A long-term care insurance policy or certificate shall not exclude or use waivers or riders of any kind to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subsection (2) of this section.

Source: L. 90: Entire article R&RE, p. 646, § 1, effective July 1. L. 95: (1) amended, p. 923, § 22, effective May 25. L. 2007: (1), (2), and (4) amended, p. 198, § 4, effective January 1, 2008.

10-19-109. Requirements for prior hospitalization or institutionalization.

(1) A long-term care insurance policy shall not be delivered or issued for delivery in this state if such policy:

- (a) Conditions the eligibility for any benefits on a prior hospitalization requirement;
- (b) Conditions the eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or
- (c) Conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care, or recuperative benefits on a prior institutionalization requirement.

(2) (a) A long-term care insurance policy containing any limitations or conditions on eligibility for post-confinement, post-acute care, or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

(b) Effective July 1, 1991, a long-term care insurance policy containing a benefit advertised, marketed, or offered as a home health care or home care benefit shall not condition receipt of benefits on a prior institutionalization requirement.

(c) A long-term care insurance policy that conditions eligibility for noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

(3) A long-term care insurance policy which provides benefits only following institutionalization shall not condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

Source: L. 90: Entire article R&RE, p. 647, § 1, effective July 1. L. 2007: (1), (2)(a), and (2)(c) amended, p. 199, § 5, effective January 1, 2008.

10-19-110. Loss ratio standards.

The commissioner may adopt rules and regulations establishing loss-ratio standards for long-term care insurance policies if a specific reference to long-term care insurance policies is contained in the regulation. Such rules and regulations shall be in accordance with the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

Source: L. 90: Entire article R&RE, p. 647, § 1, effective July 1.

10-19-111. Right to return policy - free look.

A long-term care insurance applicant has the right to return the policy or certificate within thirty days after its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in section 10-19-103 (4)(a), the applicant is not satisfied for any reason. A long-term care insurance policy or certificate shall contain a notice, prominently printed on the first page or attached thereto, stating in substance that the applicant has the right to return the policy or certificate within thirty days after its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in section 10-19-103 (4)(a), the applicant is not satisfied for any reason. This section shall also apply to a denial of application. Any refund shall be made within thirty days after the return or denial.

Source: L. 90: Entire article R&RE, p. 647, § 1, effective July 1. L. 2007: Entire section amended, p. 199, § 6, effective January 1, 2008.

10-19-112. Outline of coverage - certificate.

(1) (a) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient to the document and its purpose.

(b) The commissioner shall prescribe a standard format, including style, arrangement, and overall appearance, and the content of an outline of coverage.

(c) In the case of agent solicitations, an agent shall deliver the outline of coverage prior to the presentation of an application or enrollment form.

(d) In the case of direct response solicitations, the outline of coverage must be presented in conjunction with any application or enrollment form.

(e) In the case of a policy issued to a group defined in section 10-19-103 (4)(a), an outline of coverage shall not be required to be delivered if the information described in subsection (2) of this section is contained in other materials relating to enrollment. Upon request, these other materials shall be made available to the commissioner.

(2) The outline of coverage shall include all of the following:

(a) A description of the principal benefits and coverage provided in the policy;

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy;

(c) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage shall be specifically described.

(d) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains the governing contractual provisions;

(e) A description of the terms under which the policy or certificate may be returned and premium refunded;

(f) A brief description of the relationship of cost of care and benefits;

(g) A statement that discloses to the policyholder or certificate holder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under 26 U.S.C. sec. 7702B (b) of the federal "Internal Revenue Code of 1986", as amended.

(3) A certificate issued pursuant to a group long-term care insurance policy, which policy is delivered or issued for delivery in this state, shall include:

(a) A description of the principal benefits and coverage provided in the policy;

(b) A statement of the principal exclusions, reductions, and limitations contained in the policy;

(c) A statement that the group master policy determines governing contractual provisions; and

(d) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium. Continuation or conversion provisions of group coverage shall be specifically described.

(4) (Deleted by amendment, L. 2007, p. 200, § 8, effective January 1, 2008.)

(5) Any policy or rider that is advertised, marketed, or offered as long-term care or nursing home insurance shall comply with the provisions of this article.

(6) If an application for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to the applicant no later than thirty days after the date of approval.

(7) (a) Prior to the sale of an individual life insurance policy that provides long-term care benefits either within the policy or by rider, a policy summary shall be delivered to the applicant. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make delivery no later than the time of the sale of the policy. In addition to complying with all applicable requirements, the summary shall also include:

(I) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;

(II) An illustration of the amount of benefits, the length of benefit, and the guaranteed lifetime benefits, if any, for each covered person;

(III) Any exclusions, reductions, or limitations on benefits of long-term care;

(IV) A statement that any long-term care inflation protection option required by section 10-19-113 is not available under the policy.

(b) If applicable to the policy type, the summary shall also include:

(I) A disclosure of the effects of exercising other rights under the policy;

(II) A disclosure of guarantees related to long-term care costs of insurance charges; and

(III) Current and projected maximum lifetime benefits.

(c) The provisions of the policy summary listed in paragraphs (a) and (b) of this subsection (7) may be incorporated into a basic illustration or into the life insurance policy summary.

(8) Whenever a long-term care benefit, funded through a life insurance vehicle by the acceleration of the death benefit, is in benefit payment status, a monthly report shall be provided to the policyholder. The report shall include:

(a) Any long-term care benefits paid out during the month;

(b) An explanation of any changes in the policy, such as death benefits or cash values, due to long-term care benefits being paid out; and

(c) The amount of long-term care benefits existing or remaining.

(9) If a claim under a long-term care insurance contract is denied, the issuer shall, within sixty days of the date of a written request by the policyholder or certificate holder, or a representative thereof:

(a) Provide a written explanation of the reasons for the denial; and

(b) Make available all information directly related to the denial.

Source: L. 90: Entire article R&RE, p. 648, § 1, effective July 1. L. 95: (4) and (5) added, p. 924, § 23, effective May 25. L. 2007: (1)(e), (2)(g), (6), (7), (8), and (9) added and (4) and (5) amended, pp. 200, 202, §§ 7, 9, 8, effective January 1, 2008.

10-19-113. Option for inflation adjustment - renewability.

(1) No insurer may offer a long-term care insurance policy unless the insurer also offers to the policyholder, in addition to any other inflation protection, the option to purchase a policy that provides for benefit levels to increase with benefit maximums or reasonable durations that are meaningful to account for reasonable anticipated increases in the costs of long-term care services covered by the policy. Insurers must offer to each policyholder, at the time of purchase, the option to purchase a policy with an inflation protection feature no less favorable than one of the following:

(a) The inflation protection feature increases benefit levels annually in a manner so that the increases are compounded annually at a rate not less than five percent;

(b) The inflation protection feature guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least five percent for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made; or

(c) The inflation protection feature covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount or limit.

(2) If the policy is issued to a group, the required offer in subsection (1) of this section shall be made to the group policyholder; except that, if the policy is issued to a group defined in

section 10-19-103 (4)(d) other than a continuing care retirement community, the offer shall be made to each proposed certificate holder.

(3) The offer in subsection (1) of this section shall not be required of life insurance policies or riders containing accelerated long-term care benefits.

(4) (a) An insurer shall include the following information in or with the outline of coverage:

(I) A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with the benefit levels of a comparable policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a twenty-year period.

(II) Any expected premium increase or additional premium to pay for automatic or optional benefit increases.

(b) An insurer may use a reasonable hypothetical or graphic demonstration for the purposes of the disclosure required by this subsection (4).

(5) Inflation protection benefit increases under a policy that contains these benefits shall continue without regard to an insured's age, claim status or claim history, or the time the person has been insured under the policy.

(6) An offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium that the insurer expects to remain constant. The offer shall disclose, in a conspicuous manner, that the premium may change in the future unless the premium is guaranteed to remain constant.

(7) (a) Inflation protection as provided in subsection (1) of this section shall be included in a long-term care insurance policy unless an insurer obtains a rejection of inflation protection signed by the policyholder as required in this subsection (7). The rejection may be either in the application or on a separate form.

(b) The rejection shall be considered a part of the application and shall state:

I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I have reviewed plans _____, and I reject inflation protection.

Source: L. 90: Entire article R&RE, p. 649, § 1, effective July 1. **L. 2007:** Entire section amended, p. 202, § 10, effective January 1, 2008.

10-19-113.3. Incontestability period.

(1) With respect to a policy or certificate that has been in force for less than six months, an insurer may rescind a long-term care insurance policy or certificate or deny a long-term care insurance claim under such a policy upon a showing of misrepresentation that is material to the acceptance for coverage.

(2) With respect to a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and pertains to the condition for which benefits are sought. A policy or certificate that has been in force for two years shall not be contested solely on the grounds of misrepresentation. Such a policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

(3) No long-term care insurance policy or certificate may be field issued based on medical or health status. For purposes of this subsection (3), "field issued" means a policy or certificate is issued by a producer or third-party administrator pursuant to the underwriting authority granted to the producer or third-party administrator by a carrier and using the insurer's underwriting guidelines.

(4) If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payment may not be recovered by the insurer in the event that the policy or certificate is rescinded.

(5) In the event of the death of the insured, this section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In that situation, the remaining death benefits under the policies shall be governed by sections 10-7-102 and 10-7-202. In all other situations, this section shall apply to life insurance policies that accelerate benefits for long-term care.

Source: L. 95: Entire section added, p. 924, § 24, effective May 25. **L. 2007:** (3) and (4) amended and (5) added, p. 204, § 11, effective January 1, 2008.

10-19-113.4. Nonforfeiture benefits - rules.

(1) Except as provided in subsection (2) of this section, a long-term care insurance policy may not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate including a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the

policy. If the policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that shall be available for a specified period.

(2) When a group long-term care insurance policy is issued, the offer required in subsection (1) of this section shall be made to the group policyholder; except that, if the policy is issued as group long-term care insurance as defined in section 10-19-103 (4)(d), other than to a continuing care retirement community or other similar entity, the offer shall be made to each proposed certificate holder.

(3) The commissioner shall promulgate rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse as described in subsection (1) of this section.

10-19-113.5. Requirement to offer basic and standard long-term care plans - advisory committee established. (Repealed)

Source: L. 95: Entire section added, p. 924, § 24, effective May 25. **L. 96:** (1) amended, p. 120, § 1, effective March 25. **L. 2005:** Entire section repealed, p. 405, § 2, effective August 8.

10-19-113.6. Producer training requirements.

(1) (a) An individual may not sell, solicit, or negotiate long-term care insurance unless the individual is licensed as an insurance producer for accident and health or sickness or life insurance and has completed a one-time training course and ongoing training every twenty-four months. The training must meet the requirements set forth in subsection (2) of this section.

(b) The training requirements of subsection (2) of this section may be approved as continuing education courses under section 10-2-301.

(2) (a) The one-time training required by this section shall be no less than sixteen hours, eight hours of which shall consist of long-term care, generally, and eight hours of which shall be specific to long-term care partnerships in a classroom setting. The ongoing training required by this section shall be no less than five hours in a classroom setting.

(b) The training required under paragraph (a) of this subsection (2) shall consist of topics related to long-term care insurance, long-term care services and, if applicable, qualified state long-term care insurance partnership programs, including, but not limited to:

(I) State and federal regulations and requirements and the relationship between qualified state long-term care insurance partnership programs and other public and private coverage of long-term care services, including medicaid;

(II) Available long-term care services and providers;

(III) Changes or improvements in long-term care services or providers;

(IV) Alternatives to the purchase of private long-term care insurance;

(V) The effect of inflation on benefits and the importance of inflation protection; and

(VI) Consumer suitability standards and guidelines.

(c) The training required by this section shall not include training that is insurer- or company product-specific or that includes any sales or marketing information, materials, or training other than those required by state or federal law.

(3) (a) Each insurer subject to this article shall obtain verification that a producer receives training required by paragraph (a) of subsection (1) of this section before the producer is permitted to sell, solicit, or negotiate the insurer's long-term care insurance products. The insurer shall maintain records in accordance with all applicable record retention requirements and shall make the verification available to the commissioner upon request.

(b) Each insurer subject to this article shall maintain records with respect to the training of its producers concerning the distribution of its partnership policies that will allow the division of insurance to provide assurance to the state medicaid agency that producers have received the training contained in subparagraph (I) of paragraph (b) of subsection (2) of this section, as required by paragraph (a) of subsection (1) of this section, and that producers have demonstrated an understanding of the partnership policies and their relationship to public and private coverage of long-term care, including medicaid, in this state. These records shall be maintained in accordance with all applicable record retention requirements and shall be made available to the commissioner upon request.

(4) The satisfaction of these training requirements in any state shall be deemed to satisfy the training requirements in this state.

Cross references: For more information concerning medicaid, see title 25.5.

10-19-113.7. Rules.

The commissioner shall adopt rules to promote premium adequacy, to protect the policyholder in the event of substantial rate increases, and to establish minimum standards for marketing practices, producer education, producer compensation, producer examination, penalties, and reporting practices for long-term care insurance. In addition, the commissioner may issue regulations to establish minimum standards concerning suitability.

10-19-114. Compliance.

No policy may be advertised, marketed, or offered as long-term care or nursing home insurance unless it complies with the provisions of this article.

Source: **L. 90:** Entire article R&RE, p. 649, § 1, effective July 1.

10-19-114.5. Penalties.

In addition to any other penalties provided by the laws of Colorado, any carrier or any producer who violates any requirement of Colorado law relating to the regulation of long-term care insurance or the marketing of such insurance shall be subject to a fine of up to three times the amount of any commissions paid for each policy involved in the violation or up to ten thousand dollars, whichever is greater.

Source: **L. 95:** Entire section added, p. 924, § 24, effective May 25.

10-19-115. Severability.

If any provision of this article or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the article and the application of such provision to other persons or circumstances shall not be affected thereby.

10-20-101. Short title.

The short title of this article 20 is the "Life and Health Insurance Protection Association Act".

Source: L. 91: Entire article added, p. 1256, § 1, effective July 1. **L. 2023:** Entire section amended, (HB 23-1303), ch. 195, p. 978, § 2, effective May 15.

10-20-102. Legislative declaration.

(1) The general assembly finds and declares that the purpose of this article 20 is to protect, subject to certain limitations, the persons specified in section 10-20-104 (1) against failure by member insurers in the performance of their contractual obligations under life insurance policies, health insurance policies, health benefit plans, and annuity policies, plans, or contracts specified in section 10-20-104 (2) because of the insolvency of the member insurer that issued the policies, plans, or contracts.

(2) To provide the protection specified in subsection (1) of this section, an association of member insurers shall be created and shall exist to pay benefits and to continue coverages as limited pursuant to this article 20. Member insurers of the association are subject to assessment to provide funds to carry out the purpose of this article 20.

Source: L. 91: Entire article added, p. 1256, § 1, effective July 1. **L. 2023:** Entire section amended, (HB 23-1303), ch. 195, p. 978, § 3, effective May 15.

10-20-103. Definitions.

As used in this article 20, unless the context otherwise requires:

(1) "Account" means any of the three accounts created pursuant to section 10-20-106.

(2) "Association" means the life and health insurance protection association as established by this article.

(2.5) "Authorized assessment" or "authorized" when used in the context of assessments means a resolution passed by the board in which an assessment will be called immediately or in the future from member insurers for a specified amount. An assessment is authorized when the resolution pertaining to the assessment is passed.

(3) "Board" means the board of the association.

(3.5) "Called assessment" or "called" when used in the context of assessments means that a notice has been issued by the association to member insurers requiring that an authorized assessment be paid by the date set in the notice. An authorized assessment becomes a called assessment when notice is mailed by the association to member insurers.

(4) "Commissioner" means the commissioner of insurance.

(5) "Contractual obligation" means any obligation under a policy, contract, or certificate under a group policy or contract, or portion thereof, for which coverage is provided pursuant to section 10-20-104.

(6) "Covered policy", "covered contract", or "covered policy or contract" means a policy or contract, or a portion of a policy or contract, for which coverage is provided under section 10-20-104.

(6.5) "Extracontractual claims" includes claims relating to bad faith in the payment of claims, claims for punitive or exemplary damages, and claims for attorney fees and costs.

(6.6) (a) "Health benefit plan" means any hospital or medical expense policy or certificate, health maintenance organization subscriber contract, or other similar health contract that is subject to the jurisdiction of the commissioner and available for use, offered, or sold in Colorado.

(b) "Health benefit plan" does not include:

(I) An accident only plan;

(II) Credit insurance;

(III) Dental insurance;

(IV) Vision insurance;

(V) A medicare supplement plan;

(VI) Benefits for long-term care, home health care, community-based care, or any combination of such benefits;

(VII) Disability income insurance;

(VIII) Liability insurance including general liability insurance and automobile liability insurance;

(IX) Coverage for on-site medical clinics;

(X) Coverage issued as a supplement to liability insurance, workers' compensation, or similar insurance;

(XI) Automobile medical payment insurance; or

(XII) Specified disease, hospital confinement indemnity, or limited benefit health insurance if the type of coverage does not provide coordination of benefits and is provided under a separate policy or certificate.

(6.7) "Impaired insurer" means a member insurer that is not an insolvent insurer and is placed under an order of rehabilitation or conservation by a court of competent jurisdiction.

(7) "Insolvent insurer" means a member insurer which after July 1, 1991, is placed under an order of liquidation by a court of competent jurisdiction with a finding of insolvency.

(8) "Member insurer" means any insurer or health maintenance organization that is licensed or holds a certificate of authority in this state to write any kind of insurance or health maintenance organization business for which coverage is provided pursuant to section 10-20-104 and includes any insurer or health maintenance organization whose license or certificate of authority in this state may have been suspended, revoked, not renewed, or voluntarily withdrawn. "Member insurer" does not include:

- (a) A nonprofit hospital or medical service organization;
- (b) Repealed.
- (c) A fraternal benefit society;
- (d) A mandatory state pooling plan;
- (e) Repealed.
- (f) A stipulated premium insurance company;
- (g) A local mutual burial association;
- (h) A mutual assessment company or any entity that operates on an assessment basis;
- (i) An interinsurance exchange;
- (i.5) A health-care coverage cooperative with a certificate of authority issued and operating under part 10 of article 16 of this title 10; or
- (j) Any entity similar to those specified in subsections (8)(a) to (8)(i.5) of this section.

(9) "Moody's corporate bond yield average" means the monthly average corporates as published by Moody's Investors Service, Inc., or any successor thereto.

(10) "NAIC" means the national association of insurance commissioners.

(10.5) "Owner" of a policy or contract, "policy owner", "policyholder", "contract holder", or "contract owner" means the person who is identified as the legal owner under the terms of the policy or contract or who is otherwise vested with legal title to the policy or contract through a

valid assignment completed in accordance with the terms of the policy or contract and properly recorded as the owner on the books of the member insurer. The terms "owner", "contract owner", "policyholder", "contract holder", and "policy owner" do not include persons with a mere beneficial interest in a policy or contract.

(11) "Person" means any individual, corporation, limited liability company, partnership, association, or voluntary organization.

(12) (a) "Premiums" means the amount of money or other consideration, however designated, received on covered policies or contracts less returned premiums, returned consideration, and returned deposits, and less dividends and experience credits.

(b) "Premiums" does not include:

(I) Any amount of money or other consideration received for any policies or contracts or for the portions of any policies or contracts for which coverage is not provided under section 10-20-104 (2); except that assessable premiums shall not be reduced on account of section 10-20-104 (2)(b)(III) relating to interest limitations and section 10-20-104 (3)(b) relating to limitations with respect to any one life;

(II) Premiums on an unallocated annuity contract; or

(III) Premiums in excess of five million dollars with respect to multiple nongroup policies of life insurance owned by one owner, regardless of:

(A) Whether the policy owner is an individual, firm, corporation, or other person;

(B) Whether the persons insured are officers, managers, employees, or other persons; or

(C) The number of policies or contracts held by the owner.

(12.5) (a) "Principal place of business" of a person other than an individual means the single state in which the individuals who establish policy for the direction, control, and coordination of the operation of the entity as a whole primarily exercise that function, as determined by the association in its reasonable judgment by considering the following factors:

(I) The state in which the primary executive and administrative headquarters of the entity is located;

(II) The state in which the principal office of the chief executive officer of the entity is located;

(III) The state in which the board of directors or similar governing person or persons of the entity conducts the majority of its meetings;

(IV) The state in which the executive or management committee of the board of directors or similar governing person or persons of the entity conducts the majority of its meetings; and

(V) The state from which the overall operation of the entity is directed.

(b) In the case of plan sponsors, if more than fifty percent of the participants in the benefit plan are employed in a single state, that state is the principal place of business for the plan sponsor.

(c) The principal place of business of a plan sponsor of a benefit plan is the principal place of business of the association, committee, joint board of trustees, or similar group of representatives of the parties who establish or maintain the benefit plan that, in lieu of a specific or clear designation of a principal place of business, is the principal place of business of the employer or employee organization that has the largest investment in the benefit plan.

(12.7) "Receivership court" means the court in an impaired or insolvent insurer's state having jurisdiction over the conservation, rehabilitation, or liquidation of the member insurer.

(13) "Resident" means any person to whom a contractual obligation is owed and who resides in this state on the date of entry of a court order that determines a member insurer to be an impaired insurer or a court order that determines a member insurer to be an insolvent insurer. A person must be a resident of only one state, which, in the case of a person other than a natural person, must be its principal place of business. Citizens of the United States who are residents of a foreign country, United States possession, United States territory, or United States protectorate, which country, possession, territory, or protectorate does not have an association similar to the association created by this article 20, are deemed residents of the state of domicile of the member insurer that issued the policies or contracts.

(13.3) "State" means a state, the District of Columbia, Puerto Rico, or a possession, territory, or protectorate of the United States.

(13.5) "Structured settlement annuity" means an annuity purchased in order to fund periodic payments for a plaintiff or other claimant in payment for or with respect to personal injury suffered by the plaintiff or other claimant.

(14) "Supplemental contract" means any written agreement entered into for the distribution of proceeds under a life, health, or annuity policy or a life, health, or annuity contract.

(15) "Unallocated annuity contract" means an annuity contract or group annuity certificate that is not issued to and owned by an individual, except to the extent of any annuity benefits guaranteed to an individual by an insurer under the contract or certificate.

Editor's note: Subsection (8)(e)(II) provided for the repeal of subsection (8)(e), effective March 31, 2015. (See L. 2013, p. 1973.)

10-20-104. Coverage and limitations - coordination of benefits.

(1) This article 20 provides coverage for the policies and contracts specified in subsection (2) of this section and to persons:

(a) Who are owners of, certificate holders under, or enrollees in such policies or contracts, other than structured settlement annuities, and who:

(I) Are residents; or

(II) Are not residents, but only under all of the following conditions:

(A) The member insurer that issued the policies or contracts is domiciled in this state;

(B) The member insurer never held a license or certificate of authority in the states in which such persons reside;

(C) Such states have associations similar to the association created by this article; and

(D) Such persons are not eligible for any amount of coverage by such associations;

(b) Regardless of where they reside, except for nonresident certificate holders under group policies or contracts, who are the beneficiaries, assignees, or payees, including health-care providers rendering services under a health insurance or health maintenance organization policy, contract, or certificate, of the persons covered under subsection (1)(a) of this section.

(1.3) Subsection (1) of this section shall not apply to structured settlement annuities. Except as otherwise provided in subsections (1.5) and (1.7) of this section, this article shall provide coverage to a person who is a payee under a structured settlement annuity or to a beneficiary of a deceased payee if the payee:

(a) Is a resident, regardless of where the contract owner resides; or

(b) Is not a resident, but only under both of the following conditions:

(I) Either:

(A) The contract owner of the structured settlement annuity is a resident; or

(B) The contract owner of the structured settlement annuity is not a resident, but the insurer that issued the structured settlement annuity is domiciled in this state and the state in which the contract owner resides has an association similar to the association created by this article; and

(II) Neither the payee, the beneficiary, nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.

(1.5) This article 20 does not provide coverage to a person that:

(a) Is a payee or beneficiary of an owner or enrollee who is a resident of this state if the payee or beneficiary is afforded any coverage by the association of another state; or

(b) Acquires rights to receive payments through a structured settlement factoring transaction, as defined in 26 U.S.C. sec. 5891 (c)(3)(A), regardless of whether the transaction occurred before, on, or after the effective date of 26 U.S.C. sec. 5891 (c)(3)(A).

(1.7) This article 20 is intended to provide coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this article 20 is provided coverage under the laws of any other state, the person shall not be provided coverage under this article 20. In determining the application of the provisions of this subsection (1.7) in situations where a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, enrollee, or assignee, this article 20 shall be construed in conjunction with other state laws to result in coverage by only one association.

(2) (a) This article 20 provides coverage to the persons specified in subsections (1) and (1.3) of this section for direct, nongroup life insurance, health insurance, health maintenance organization, annuity, and supplemental policies or contracts and for certificates under direct group life insurance, health insurance, health maintenance organization, or annuity policies or contracts, and for supplemental contracts to any of these, issued by member insurers pursuant to article 7 and parts 1, 2, and 4 of article 16 of this title 10, except as limited by this article 20. Annuity contracts and certificates under group annuity contracts include allocated funding agreements, structured settlement annuities, and any immediate or deferred annuity contracts.

(b) Except as otherwise provided in subsection (2)(c) of this section, this article 20 does not provide coverage for:

(I) Any portion of a policy or contract not guaranteed by the member insurer, or under which the risk is borne by the policy or contract owner;

(II) Any policy or contract of reinsurance, unless assumption certificates have been issued under the reinsurance policy or contract;

(III) Any portion of a policy or contract to the extent that the rate of interest on which it is based, or the interest rate, crediting rate, or other factor determined by use of an index or other external reference stated in the policy or contract employed in calculating returns and changes in value:

(A) When averaged over the period of four years prior to the date on which the association became obligated with respect to the policy or contract, exceeds a rate of interest determined by subtracting two percentage points from Moody's corporate bond yield average, averaged for that same four-year period, or for such lesser period if the policy or contract was issued less than four years before the association became obligated; and

(B) On and after the date on which the association became obligated with respect to the policy or contract, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available;

(IV) Any portion of a policy, contract, plan, or program of an employer, association, or other person to provide life, health, or annuity benefits to its employees, members, or others, to the extent that such plan or program is self-funded or uninsured, including but not limited to benefits payable by an employer, association, or other person under:

(A) A multiple employer welfare arrangement, as defined in section 1002 of title 29 of the United States Code;

(B) A minimum premium group insurance plan;

(C) A stop-loss group insurance plan; or

(D) An administrative services only contract;

(V) Any portion of a policy or contract to the extent that it provides dividends or experience rating credits, voting rights, or that any fees or allowances be paid to any person, including the policy or contract holder, in connection with the service to or administration of such policy or contract;

(VI) Any policy or contract issued in this state by a member insurer at a time when it was not licensed or did not have a certificate of authority to issue such policy or contract in this state;

(VII) Any unallocated annuity contract;

(VIII) Any annuity contract or group annuity certificate which is used by a nonprofit insurance company exclusively for the benefit of nonprofit educational institutions and their employees for the purpose of providing retirement benefits;

(IX) Any policy, contract, certificate, or subscriber agreement issued by a prepaid dental care plan as defined in parts 1 and 5 of article 16 of this title;

(X) Services covered under a policy of sickness and accident insurance as defined in section 10-16-102 (50) when written by a property and casualty insurer as part of an automobile insurance contract;

(XI) Repealed.

(XII) Any member insurer that was insolvent or unable to fulfill its contractual obligations as of July 1, 1991; except that an annuity contract issued or assumed by such a member insurer shall be covered under this article 20 if the member insurer was ordered into liquidation between July 1, 1991, and August 31, 1991;

(XIII) Repealed.

(XIV) Any portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract but such changes have not been credited to the policy or contract, or to the extent the policy or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this article. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this section, the interest or change in value determined by using the procedures defined in the policy or contract shall be credited as if the contractual date of crediting interest or changing values was the date of insolvency, and such interest or changes shall not be subject to forfeiture.

(XV) Repealed.

(XVI) Any policy or contract providing hospital, medical, prescription drug, or other health-care benefits under:

(A) Part C or part D of subchapter XVIII, chapter 7 of title 42, United States Code, or any regulation issued under those parts C or D; or

(B) Subchapter XIX, chapter 7 of title 42, United States Code, or any regulation issued under Subchapter XIX;

(XVII) Any portion of a policy or contract to the extent that the assessment required by this article with respect to the policy or contract are preempted or otherwise not allowed by federal or state law;

(XVIII) Any obligation that does not arise under the expressed written terms of the policy or contract issued by the member insurer to the owner, certificate holder, or enrollee, including:

(A) Claims based on marketing materials, brochures, illustrations, advertisements, or oral statements by agents, brokers, or others used or made in connection with the sale of covered policies and contracts;

(B) Claims based on side letters, riders, or other documents that were issued by the member insurer without meeting applicable policy or contract form filing or approval requirements;

(C) Misrepresentations of, or regarding, policy or contract benefits;

(D) Extracontractual claims; and

(E) Claims for penalties, interest, or consequential or incidental damages;

(XIX) Any contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by a benefit plan or trustee that is not an affiliate of the member insurer;

(XX) Structured settlement annuity benefits to which a payee or beneficiary has transferred the payee's or beneficiary's rights in a structured settlement factoring transaction, as defined in 26 U.S.C. sec. 5891 (c)(3)(A), regardless of whether the transaction occurred before, on, or after the effective date of 26 U.S.C. sec. 5891 (c)(3)(A).

(c) The exclusions from coverage specified in subsection (2)(b)(III) of this section do not apply to any portion of a policy or contract, including a rider, that provides long-term care or any other health insurance benefits.

(3) The benefits for which the association may become liable must not exceed the lesser of:

(a) The contractual obligations for which the member insurer is liable or would have been liable if it were not an impaired or insolvent insurer; or

(b) (I) With respect to any one life, regardless of the number of policies or contracts with that member insurer:

(A) Three hundred thousand dollars in net life insurance death benefits, and no more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance;

(B) For health insurance benefits or coverage received under health maintenance organization contracts: One hundred thousand dollars for coverages not defined as disability, coverage or services under health benefit plans, or long-term care insurance, including any net cash surrender and net cash withdrawal values; three hundred thousand dollars for disability insurance; three hundred thousand dollars for long-term care insurance; or five hundred thousand dollars for coverage or services under health benefit plans;

(C) Two hundred fifty thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values; or

(D) With respect to each payee of a structured settlement annuity, two hundred fifty thousand dollars in present-value annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values.

(E) (Deleted by amendment, L. 2013.)

(II) The association is not obligated to cover:

(A) More than three hundred thousand dollars in benefits, in the aggregate, with respect to any one life under subsection (3)(b)(I) of this section; except that, with respect to benefits for coverage or services under health benefit plans under subsection (3)(b)(I)(B) of this section, the aggregate liability of the association must not exceed five hundred thousand dollars with respect to any one life; or

(B) More than five million dollars in benefits with respect to an owner of multiple nongroup policies of life insurance, regardless of whether the policy owner is an individual, firm, corporation, or other person; whether the persons insured are officers, managers, employees, or other persons; or the number of policies and contracts held by the owner.

(c) The limitations set forth in this subsection (3) are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this subsection (3) may be met by the use of assets attributable to covered policies or reimbursed to the association under its subrogation and assignment rights.

(3.5) For purposes of this article 20, benefits provided by a long-term care rider to a life insurance policy or annuity are considered the same type of benefits as the benefits provided by the underlying life insurance policy or annuity contract to which the rider relates.

(4) In performing its obligations to provide coverage under section 10-20-108, the association is not required to guarantee, assume, reinsure, reissue, or perform, or cause to be guaranteed, assumed, reinsured, reissued, or performed, the contractual obligations of the impaired or insolvent insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

10-20-105. Construction.

This article shall be construed to effect the purpose set forth in section 10-20-102, which shall constitute an aid and guide to interpretation.

Source: L. 91: Entire article added, p. 1261, § 1, effective July 1.

10-20-106. Creation of the association.

(1) There is hereby created a private nonprofit legal entity to be known as the life and health insurance protection association. All member insurers shall be and remain members of the association as a condition of their authority to transact insurance or health maintenance organization business in this state. The association shall perform its functions pursuant to the plan of operation specified in section 10-20-110 and shall exercise its powers through the board of directors provided in section 10-20-107. For purposes of administration and assessment, the association shall maintain three accounts:

- (a) The life insurance account;
- (b) The health insurance account; and
- (c) The annuity account.

(2) The association is under the supervision of the commissioner and is subject to the applicable provisions of the insurance laws of this state. Meetings or records of the association may be opened to the public consistent with the provisions of the insurance laws of Colorado upon majority vote of the board.

Source: L. 91: Entire article added, p. 1261, § 1, effective July 1. **L. 2013:** (2) amended, (SB 13-032), ch. 34, p. 87, § 3, effective March 15. **L. 2023:** IP(1) amended, (HB 23-1303), ch. 195, p. 984, § 6, effective May 15.

10-20-107. Board of directors.

(1) The board of directors of the association consists of no fewer than seven nor more than eleven member insurers serving terms as established in the plan of operation. Member insurers shall select members of the board, subject to the approval of the commissioner. If a vacancy occurs, the remaining board members shall fill the vacancy for the remaining period of the term by a majority vote, subject to the approval of the commissioner. To select the first board and initially organize the association, the commissioner shall give notice to all member insurers of the time and place of the organizational meeting. At the organizational meeting, each member insurer is entitled to one vote in person or by proxy. If the board is not selected within sixty days after notice of the organizational meeting, the commissioner may appoint the initial members.

(2) In approving selections or in appointing members to the board, the commissioner shall ensure that all member insurers are fairly represented between member insurers that write primarily life insurance or annuity contracts and member insurers that write primarily health benefit plans. The commissioner shall also consider whether member insurers with experience in providing large group health benefit plans to employers whose employees are subject to a collective bargaining agreement are represented on the board.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board, but members of the board shall not otherwise be compensated by the association for their services.

Source: L. 91: Entire article added, p. 1262, § 1, effective July 1. **L. 2023:** (1) and (2) amended, (HB 23-1303), ch. 195, p. 984, § 7, effective May 15.

10-20-108. Powers and duties of the association.

(1) If a member insurer is an impaired insurer, the association may, in its discretion and subject to any conditions imposed by the association that do not impair the contractual obligations of the impaired insurer and that are approved by the commissioner:

(a) Guarantee, assume, reissue, or reinsure or cause to be guaranteed, assumed, reissued, or reinsured any or all of the policies or contracts of the impaired insurer; or

(b) Provide such moneys, pledges, loans, notes, guarantees, or other means as proper to effectuate paragraph (a) of this subsection (1) and assure payment of the contractual obligations of the impaired insurer pending action under said paragraph (a).

(2) If a member insurer is an insolvent insurer, the association shall, in its discretion, either:

(a) Guarantee, assume, reissue, or reinsure or cause to be guaranteed, assumed, reissued, or reinsured the covered policies or contracts of the insolvent insurer and provide such money, pledges, notes, guarantees, or other means as are reasonably necessary to discharge those duties; or

(b) Assure payment of the contractual obligations of the insolvent insurer to the residents and provide such moneys, pledges, notes, guarantees, or other means as are reasonably necessary to discharge those duties; or

(c) Provide benefits and coverages in accordance with the following provisions:

(I) With respect only to life insurance, health insurance, health benefit plans, and annuities, assure payment of benefits that would have been payable under the policies or contracts of the insolvent insurer for claims incurred:

(A) With respect to group policies and contracts, not later than the earlier of the next renewal date under the policies or contracts or forty-five days, but in no event less than thirty days, after the date on which the association becomes obligated with respect to the policies or contracts;

(B) With respect to nongroup policies, contracts, and annuities, not later than the earlier of the next renewal date, if any, under the policies or contracts or one year, but in no event less than thirty days, after the date on which the association becomes obligated with respect to the policies or contracts.

(II) Make diligent efforts to provide to all known insureds, enrollees, or annuitants for nongroup policies and contracts, or to group policy or contract owners with respect to group policies and contracts, thirty days' notice of the termination under subsection (2)(c)(I) of this section of the benefits provided.

(III) With respect to nongroup life insurance, health insurance, health benefit plans, and annuities covered by the association, make available to each known insured, enrollee, or annuitant, or to the owner if other than the insured, enrollee, or annuitant, and with respect to an individual formerly insured or enrolled or formerly an annuitant under a group policy or contract who is not eligible for replacement group coverage, substitute coverage on an individual basis in accordance with subsection (2)(c)(IV) of this section, if the insureds, enrollees, or annuitants had a right under law or the terminated policy, contract, or annuity to convert coverage to individual coverage or to continue an individual policy, contract, or annuity in force until a specified age or for a specified time, during which the insurer or health maintenance organization had no right to unilaterally make changes in any provisions of the policy, contract, or annuity or had a right only to make changes in premium by class.

(IV) (A) In providing the substitute coverage required under subsection (2)(c)(III) of this section, the association may offer either to reissue the terminated coverage or to issue an alternative policy or contract at actuarially justified rates approved by the commissioner.

(B) The association shall offer alternative or reissued policies or contracts without requiring evidence of insurability, and the policies or contracts must not provide for any waiting period or exclusion that would not have applied under the terminated policy or contract.

(C) The association may reinsure any alternative or reissued policy or contract.

(V) (A) Alternative policies or contracts adopted by the association are subject to the approval of the commissioner. The association may adopt alternative policies or contracts of various types for future issuance without regard to any particular impairment or insolvency.

(B) Alternative policies or contracts must contain at least the minimum statutory provisions required in this state and provide benefits reasonably related to the premium charged. The association shall set the premium in accordance with a table of rates that the association adopts. The premium must reflect the amount of insurance or coverage to be provided and the age and class of risk of each insured but must not reflect any changes in the health of the insured after the original policy or contract was last underwritten.

(C) Any alternative policy or contract issued by the association must provide coverage of a type similar to that of the policy or contract issued by the impaired or insolvent insurer, as determined by the association.

(VI) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy or contract, the association shall set an actuarially justified premium in accordance with the amount of insurance or coverage provided and the age and class of risk, subject to approval by the commissioner.

(VII) The obligations of the association, with respect to coverage under any policy or contract of the impaired or insolvent insurer or under any reissued or alternative policy or contract, cease on the date the coverage, policy, or contract is replaced by another similar policy or contract by the policy owner, insured, enrollee, or association.

(VIII) When proceeding under this subsection (2)(c), with respect to any policy or contract carrying guaranteed minimum interest rates, the association shall assure the payment or crediting of a rate of interest consistent with section 10-20-104 (2)(b)(III).

(3) and (4) Repealed.

(5) Nonpayment of premiums within thirty-one days after the date required under the terms of any guaranteed, assumed, alternative, or reissued policy or contract or substitute coverage terminates the obligations of the association under the policy, contract, or coverage under this article 20 with respect to the policy, contract, or coverage, except with respect to any claims incurred or any net cash surrender value that may be due in accordance with this article 20.

(6) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer belong to and are payable at the direction of the association, and the association is liable for unearned premiums due to policy or contract owners arising after the entry of the order.

(6.5) The protection provided by this article does not apply when guaranty protection is provided to residents of this state by the laws of the domiciliary state or jurisdiction of the impaired or insolvent insurer other than this state.

(7) In carrying out its duties under subsection (2) of this section, the association may, subject to approval by a court of competent jurisdiction:

(a) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this article are less than the amounts needed to assure full and prompt performance of the duties of the association under this article, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens to be in the public interest;

(b) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value. In addition, in the event of a temporary moratorium or moratorium charge imposed by the receivership court on payment of cash values or policy loans or on any other right to withdraw funds held in conjunction with policies or contracts out of the assets of the impaired or insolvent insurer, the association may defer its payment of cash values, policy loans, or other rights of the association for the period of the moratorium or moratorium charge by the receivership court, except for claims covered by the association to be paid in accordance with a hardship procedure established by the liquidator or rehabilitator and approved by the receivership court.

(8) If the association fails to act within a reasonable period of time as provided in subsection (2) of this section, the commissioner shall have the powers and duties of the association under this article with respect to insolvent insurers.

(9) There shall be no liability on the part of, and no cause of action shall arise against, the association, or any transferee from the association in connection with the transfer by reinsurance or otherwise of all or any part of an impaired or insolvent insurer's business by reason of any action taken or any failure to take any action by the impaired or insolvent insurer at any time.

(10) The association may render assistance and advice to the commissioner, upon the commissioner's request, concerning rehabilitation, payment of claims, continuance of coverage, or the performance of other contractual obligations of any impaired or insolvent insurer.

(11) The association has standing to appear or intervene before any court or agency in this state that has jurisdiction over a member insurer for which the association is or may become

obligated under this article 20, or with jurisdiction over any person or property against which the association may have rights through subrogation or otherwise. The association's standing extends to all matters germane to the powers and duties of the association, including proposals for reinsuring, reissuing, modifying, or guaranteeing the policies or contracts of the member insurer and the determination of the policies or contracts and contractual obligations. The association also has the right to appear or intervene before a court or agency in another state with jurisdiction over a member insurer for which the association is or may become obligated or with jurisdiction over any person or property against whom the association may have rights through subrogation or otherwise.

(12) (a) Any person receiving benefits under this article 20 is deemed to have assigned the rights under, and any causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the association to the extent of the benefits received because of this article 20, whether the benefits are payments of or on account of contractual obligations, continuation of coverage, or the provision of substitute or alternative policies, contracts, or coverage. The association may require any payee, policy or contract owner, beneficiary, insured, enrollee, or annuitant to assign the person's rights under, and causes of action against any person for losses arising under, resulting from, or otherwise relating to, the covered policy or contract to the association as a condition precedent to the receipt of any right or benefits conferred by this article 20 upon the person.

(b) The subrogation rights of the association under this subsection (12) have the same priority against the assets of the impaired or insolvent insurer as the rights possessed by the person entitled to receive benefits under this article 20.

(c) In addition to subsections (12)(a) and (12)(b) of this section, the association has all common-law rights of subrogation and any other equitable or legal remedy that would have been available to the impaired or insolvent insurer, owner, beneficiary, enrollee, or payee of a policy or contract.

(d) If any provision of subsection (12)(a), (12)(b), or (12)(c) of this section is invalid or ineffective with respect to any person or claim for any reason, the amount payable by the association with respect to the related covered obligations is reduced by the amount realized by any other person with respect to the person or claim that is attributable to the policies or contracts or portions of the policies or contracts covered by the association.

(e) If the association has provided benefits with respect to a covered obligation and a person recovers amounts as to which the association has rights as described in subsections (12)(a) to (12)(d) of this section, the person shall pay to the association the portion of the recovery attributable to the policies or contracts, or portions of policies or contracts, covered by the association.

(13) The association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this article;

(b) Sue or be sued, including taking any legal actions necessary or proper to recover any unpaid assessments pursuant to section 10-20-109 and to settle claims or potential claims against it;

(c) Borrow money to effect the purposes of this article 20, and any notes or other evidence of indebtedness of the association not in default are legal investments for domestic member insurers and may be carried as admitted assets;

(d) Employ or retain such persons as are necessary to handle the financial transactions of the association and to perform such other functions as become necessary or proper under this article;

(e) Take such legal action as necessary to avoid payment of improper claims or recover payment of improper claims;

(f) Exercise, for the purposes of this article 20 and to the extent approved by the commissioner, the powers of a domestic life insurer, health insurer, or health maintenance organization, but the association shall not issue policies or contracts other than those issued to perform its obligations under this article 20;

(g) Negotiate and contract with any liquidator or ancillary receiver to carry out the powers and duties of the association;

(g.5) Request information from persons seeking coverage from the association in order to aid the association in determining its obligations under this article with respect to the person; and a person receiving such request shall promptly comply;

(g.7) Take other necessary or appropriate action to exercise its powers and discharge its duties and obligations under this article;

(h) With respect to covered policies for which the association becomes obligated after an entry of an order of liquidation, elect to succeed to the rights of an insolvent insurer arising after the date of the order of liquidation under any contract of reinsurance to which the insolvent insurer was a party, to the extent that such contract provides coverage for losses occurring after the date of the order of liquidation. As a condition to making this election, the association shall pay unpaid premiums due with respect to policies covered by the association for coverage relating to periods both before and after the date of the order of liquidation.

(i) File for an actuarially justified rate or premium increase for any policy or contract that it guarantees, assumes, reinsures, reissues, or otherwise provides coverage under this section in accordance with the terms and conditions of the policy or contract and in accordance with other applicable provisions of state law.

(14) The association may join an organization of one or more other state associations of similar purposes to further the purposes and to administer the powers and duties of the association.

(15) Every insured or claimant seeking the protection of this article shall cooperate with the association to the same extent the person or entity would have been required to cooperate with the impaired or insolvent insurer. The association has no cause of action against the insured of the impaired or insolvent insurer for any sums the association has paid out except those causes of action the impaired or insolvent insurer would have had if the sums had been paid by the impaired or insolvent insurer. If an impaired or insolvent insurer operates on a plan with assessment liability, payments of claims by the association do not reduce the liability of the insured to the receiver, liquidator, rehabilitator, conservator, or statutory successor for unpaid assessments.

(16) The receiver, liquidator, rehabilitator, conservator, or statutory successor of an impaired or insolvent insurer is bound by settlements of covered claims by the association or a similar organization in another state. The association has a claim against the estate of the impaired or insolvent insurer to the extent of claims and expenses paid by the association in connection with the duties of the association as to the impaired or insolvent insurer. The court having jurisdiction shall grant these settled claims in the priority to which the claimant would have been entitled in the absence of this article against the assets of the impaired or insolvent insurer. The expenses, including legal fees of the association or similar organization in handling claims, shall be given the same priority as the expenses of the liquidator, rehabilitator, or conservator.

(17) The association shall periodically file with the liquidator, rehabilitator, or conservator of the impaired or insolvent insurer statements of the covered claims and associated expenses paid by the association and estimates of anticipated claims against the association. This periodic filing preserves the rights of the association for claims against the assets of the impaired or insolvent insurer.

(18) The association shall investigate claims brought against it and adjust, compromise, settle, and pay covered claims to the extent of the obligation of the association and deny all other claims.

(19) A person who has a claim against a member insurer pursuant to a provision of a policy or contract, other than a policy or contract of an impaired or insolvent insurer, that also is a contractual obligation under this article 20, must first exhaust the person's right under that policy or contract. The amount of an approved claim under this article 20 must be reduced by the policy or contract limits of, or amount paid under, that policy or contract, whichever amount is greater. If a claimant exhausts all rights under a policy or contract, other than a policy or contract of an impaired or insolvent insurer, the member insurer issuing that policy or contract is not entitled to sue or continue a suit against the insured of the impaired or insolvent insurer to recover an

amount paid to the claimant under the policy or contract; except that a person having a contractual obligation, as defined by this article 20, under a life insurance policy or an annuity contract issued by an impaired or insolvent insurer is not required to exhaust other coverage for that claim, and the amount of an approved claim under a life insurance policy or annuity contract issued by an impaired or insolvent insurer may not be reduced because of that duplicate coverage.

(20) Where the association has arranged or offered to provide the benefits of this article to a covered person under a plan or arrangement that fulfills the association's obligations under this article, the person shall not be entitled to benefits from the association in addition to or other than those provided under the plan or arrangement.

(21) Venue in a suit against the association arising under this article shall be in the city and county of Denver. The association shall not be required to give an appeal bond in an appeal that relates to a cause of action arising under this article.

(22) In carrying out its duties in connection with guaranteeing, assuming, reissuing, or reinsuring policies or contracts under this section, the association may issue substitute coverage at actuarially justified rates for a policy or contract that provides for the calculation of returns or changes in value or benefits by the use of an interest rate, crediting rate, or similar factor determined by use of an index or other external reference, by issuing an alternative policy or contract in accordance with the following provisions:

(a) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for a fixed interest rate, payment of dividends with minimum guarantees, or a different method for calculating interest or changes in value;

(b) There is no requirement for the evidence of insurability, a waiting period, or any other exclusion that would not have applied under the replaced policy or contract;

(c) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

(23) The board has discretion and may exercise reasonable business judgment to determine the means by which the association is to provide the benefits of this article in an economical and efficient manner.

(24) In carrying out its duties in connection with guaranteeing, assuming, reissuing, or reinsuring policies or contracts under subsection (1) or (2) of this section, the association may issue substitute coverage for a policy or contract that provides an interest rate, crediting rate, or similar factor, determined by use of an index or other external reference stated in the policy or contract, employed in calculating returns or changes in value by issuing an alternative policy or contract in accordance with the following provisions:

- (a) In lieu of the index or other external reference provided for in the original policy or contract, the alternative policy or contract provides for a fixed interest rate, payment of dividends with minimum guarantees, or a different method for calculating interest or changes in value;
- (b) There is no requirement for evidence of insurability, waiting period, or other exclusion that would not have applied under the replaced policy or contract; and
- (c) The alternative policy or contract is substantially similar to the replaced policy or contract in all other material terms.

10-20-109. Assessments.

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board shall assess each member insurer separately for each account at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty days after prior written notice to the member insurers and shall accrue interest at the rate set forth in 28 U.S.C. sec. 1961 on and after the due date.

(2) The board shall impose two assessments, as follows:

(a) Class A assessments must be authorized and called for the purpose of meeting administrative and legal costs and other expenses and examinations conducted under the authority of section 10-20-115; except that the board shall not impose a class A assessment against a member insurer that has not received premiums for a covered policy in the calendar year immediately preceding the calendar year in which the assessment is imposed. Class A assessments may be authorized and called whether or not related to a particular impaired or insolvent insurer.

(b) Class B assessments must be authorized and called to the extent necessary to carry out the powers and duties of the association under section 10-20-108 with regard to an impaired or insolvent insurer.

(3) (a) The amount of any class A assessment must be determined by the board and may be authorized and called on a non-pro rata basis. The amount of any class B assessment shall be allocated for assessment purposes among the accounts pursuant to an allocation formula which may be based on the premiums or reserves of the impaired or insolvent insurer or any other standard deemed by the board in its sole discretion to be fair and reasonable under the circumstances.

(b) (I) The board shall determine class B assessments against member insurers for each account based on the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account for the three most recent calendar years for which information is available preceding the year in which the member insurer became impaired or insolvent, bear to the premiums received on business in this state for those calendar years by all assessed member insurers.

(II) Of the amount of class B assessments for long-term care insurance written by the impaired or insolvent insurer, the board shall allocate:

(A) Fifty percent to the health insurance account; except that a member insurer that is a nonprofit health maintenance organization that provides a majority of covered professional services through physicians it employs or through a single contracted medical group shall be assessed as if the board allocated only twenty-five percent to the health insurance account; and

(B) Fifty percent, on a pro rata basis, to the life insurance account and the annuity account; except that, on a pro rata basis, the life insurance account and the annuity account shall cover the shortfall from the health insurance account that results from the lower assessment rate described in subsection (3)(b)(II)(A) of this section on a member insurer that is a nonprofit health maintenance organization that provides a majority of covered professional services through physicians it employs or through a single contracted medical group.

(c) Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer must not be authorized or called until necessary to implement the purposes of this article. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection (3) shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible. The association shall notify each member insurer of its anticipated pro rata share of an authorized assessment not yet called within one hundred eighty days after the assessment is authorized.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(5) (a) Subject to subsection (5)(b) of this section, the total of all assessments authorized by the association with respect to a member insurer for each account must not exceed, in any one calendar year, two percent of the average premiums received by the member insurer in this state on the policies and contracts covered by the account during the three calendar years preceding the year in which the member insurer became impaired or insolvent.

(b) If two or more assessments are authorized in one calendar year with respect to member insurers that become impaired or insolvent in different calendar years, the average annual premiums for purposes of the aggregate assessment percentage limitation referenced in subsection (5)(a) of this section is equal and limited to the highest of the three-year average annual premiums for the applicable account as calculated under this section.

(c) If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any of the accounts an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this article.

(d) The board shall provide in the plan of operation a method of allocating funds among claims, whether relating to one or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims.

(6) The board shall, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each member insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out, during the coming year, the obligations of the association with regard to that account, including assets accruing from assignment, subrogation, net realized gains, and income from investments. The board shall retain a reasonable amount in each account to provide funds for the continuing expenses of the association and for future losses.

(7) (a) A member insurer, in determining its premium rates and policyholder dividends for any kind of insurance or health maintenance organization business within the scope of this article 20, may consider the amount reasonably necessary to meet its assessment obligations under this article 20.

(b) A member insurer subject to assessments pursuant to subsection (2) of this section shall not cut employment, reduce employee pay or hours, or reduce employment benefits as a result of the assessments levied pursuant to subsection (2) of this section.

(8) The association shall issue to each member insurer paying an assessment for the life and annuity accounts under this article 20, other than a class A assessment, a certificate of contribution from the association, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. The member insurer may show the certificate of

contribution in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve; but the member insurer, at its option, has the right in any event to show the certificate of contribution as an admitted asset at percentages of the original face amount of the assessment for calendar years as follows:

- (a) One hundred percent for the first year after issuance; and
 - (b) One hundred percent less any amount already taken as an offset against premium tax liability pursuant to section 10-20-113 for the second and subsequent years after issuance.
- (9) Any member insurer whose certificate of authority or license has been terminated for any reason whatsoever is liable for any assessment based on insolvencies arising prior to termination of a member insurer's certificate of authority or license.
- (10) (a) A member insurer that intends to protest all or part of an assessment shall pay, when due, the full amount of the assessment in the notice provided by the association. The payment must be available to meet association obligations during the pendency of the protest or any subsequent appeal. Payments must be accompanied by a statement in writing that the payment is made under protest and a brief statement of the grounds for the protest.
- (b) Within sixty days following the payment of an assessment under protest by a member insurer, the association shall notify the member insurer in writing of its determination with respect to the protest unless the association notifies the member insurer that additional time is required to resolve the issues raised by the protest.
- (c) Within thirty days after a final decision, the association shall notify the protesting member insurer in writing of the final decision. Within sixty days after receiving notice of the final decision, the protesting member insurer may appeal the final decision to the commissioner.
- (d) In alternative to rendering a final decision with respect to a protest based on a question regarding the assessment base, the association may refer protests directly to the commissioner for a final decision, with or without a recommendation from the association.
- (e) If the protest or appeal on the assessment is upheld, the association must return the amount paid in error or excess to the member insurer. Interest on a refund due to a protesting member insurer must be paid at the rate actually earned by the association.
- (11) The association may request information of member insurers in order to aid in the exercise of its power under this section. Member insurers shall promptly reply to any request for information from the association.

ch. 34, p. 94, § 5, effective March 15. **L. 2023:** IP(2), (2)(a), (3)(b), (5)(a), (5)(b), (6), (7), IP(8), and (9) amended, (HB 23-1303), ch. 195, p. 989, § 9, effective May 15.

10-20-110. Plan of operation - rules.

(1) (a) The association shall maintain a plan of operation to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall be submitted to the commissioner and be effective upon the commissioner's written approval or after thirty days if said commissioner has not disapproved.

(b) If the association fails to submit a suitable plan of operation or suitable amendments to the plan within sixty days after May 15, 2023, the commissioner shall, after notice and hearing, adopt and promulgate reasonable rules as necessary or advisable to effectuate this article 20. The rules continue in effect until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation must, in addition to any other provisions specified in this article:

(a) Establish procedures for handling the assets of the association;

(b) Establish the amount and method of reimbursing members of the board pursuant to section 10-20-107;

(c) Establish regular places and times for meetings including telephone conference calls of the board;

(d) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board;

(e) Establish the procedures whereby selections for the board will be made and submitted to the commissioner;

(f) Establish any additional procedures for assessments under section 10-20-109;

(g) Contain additional provisions necessary or proper for the execution of the powers and duties of the association;

(h) Establish procedures whereby a director may be removed for cause, including a director or member insurer that becomes an impaired or insolvent insurer;

(i) Require the board of directors to establish a policy and procedures to address conflicts of interest.

(4) The plan of operation may provide that any or all powers and duties of the association, except those established pursuant to sections 10-20-108 (13)(c) and 10-20-109, are delegated to a corporation, association, or other organization that performs, or will perform, functions similar to those of the association established pursuant to this article 20 or its equivalent in two or more states. The association shall reimburse a corporation, association, or organization to which the association has delegated its powers and duties for any payments made on behalf of the association and shall pay the corporation, association, or organization for its performance of any association function. A delegation pursuant to this subsection (4) takes effect only with the approval of both the board and the commissioner, and the association may delegate its powers and duties only to a corporation, association, or organization that extends protection not substantially less favorable and effective than the protection provided by this article 20.

(5) Repealed.

Source: L. 91: Entire article added, p. 1272, § 1, effective July 1. **L. 2013:** IP(3) amended, (3)(h) and (3)(i) added, and (5) repealed, (SB 13-032), ch. 34, p. 96, § 6, effective March 15. **L. 2023:** (1)(b) and (4) amended, (HB 23-1303), ch. 195, p. 991, § 10, effective May 15.

10-20-111. Powers and duties of the commissioner.

(1) In addition to any other powers and duties specified in this article 20, the commissioner shall:

(a) Upon request of the board, provide the association with a statement of the premiums in this and any other appropriate states for each member insurer;

(b) Notify the board of the existence of an impaired or insolvent insurer not later than three days after a determination of impairment or insolvency is made by the commissioner, irrespective of limitations imposed upon the commissioner in section 10-3-401;

(c) In any liquidation proceeding involving a domestic member insurer, be appointed as the liquidator.

(2) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority or license to transact insurance or the business of a health maintenance organization in this state of any member insurer that fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative, the commissioner may levy a forfeiture on any member insurer that fails to pay an assessment when due. The forfeiture must not exceed five percent of the unpaid assessment per month, but a forfeiture must not be less than one hundred dollars per month.

(3) The conservator, rehabilitator, or liquidator of any impaired or insolvent insurer shall notify all interested persons of the effect of this article.

Source: L. 91: Entire article added, p. 1274, § 1, effective July 1. **L. 2013:** (1)(b) and (3) amended, (SB 13-032), ch. 34, p. 97, § 7, effective March 15. **L. 2023:** IP(1), (1)(c), and (2) amended, (HB 23-1303), ch. 195, p. 991, § 11, effective May 15.

10-20-112. Prevention of insolvencies.

(1) To aid in the detection and prevention of member insurer insolvencies, it is the duty of the commissioner:

(a) To notify the commissioners of all the other states, territories of the United States, and the District of Columbia when action is taken in any of the following matters against a member insurer:

(I) Revocation of license;

(II) Suspension of license; or

(III) Issuance of a formal order that the member insurer restrict its premium writing, obtain additional contributions to surplus, withdraw from the state, reinsure all or any part of its business, or increase capital, surplus, or any other account for the security of owners, certificate holders, enrollees, or creditors. The commissioner shall mail the notice to all commissioners within thirty days following the action taken or the date on which the action occurs.

(b) To report to the board when the commissioner has taken any of the actions set forth in paragraph (a) of this subsection (1) or has received a report from any other commissioner indicating that such action has been taken in another state. Such report to the board shall contain all significant details of the action taken or the report received from another commissioner.

(c) To report to the board when the commissioner has reasonable cause to believe from an examination, whether completed or in process, of a member insurer that the member insurer may be an impaired or insolvent insurer;

(d) To furnish to the board the NAIC insurance regulatory information system ratios and listings of companies not included in the ratios developed by the NAIC, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. Such report and the information contained therein shall be kept confidential by the board until such time as made public by the commissioner or other lawful authority.

(2) The commissioner may seek the advice and recommendations of the board concerning any matter affecting the commissioner's duties and responsibilities regarding the financial condition of member insurers and companies seeking admission to transact insurance or health maintenance organization business in this state.

(3) Upon the commissioner's request, the board shall report and make recommendations to the commissioner upon any matter germane to the solvency or liquidation of any member insurer or germane to the solvency of any company seeking to do insurance or health maintenance organization business in this state. The reports and recommendations are not public documents.

(4) The board of directors may, upon a majority vote, notify the commissioner of any information indicating that a member insurer may be impaired or insolvent.

(5) Repealed.

(6) The board may make recommendations to the commissioner for the detection and prevention of member insurer insolvencies.

(7) Repealed.

Source: L. 91: Entire article added, p. 1274, § 1, effective July 1. **L. 2000:** (3), (4), (5), (6), and (7) amended, p. 1023, § 6, effective July 1. **L. 2013:** (1)(c) and (4) amended and (5) and (7) repealed, (SB 13-032), ch. 34, p. 97, § 8, effective March 15. **L. 2023:** IP(1), (1)(a)(III), (1)(c), (2), (3), and (6) amended, (HB 23-1303), ch. 195, p. 992, § 12, effective May 15.

10-20-113. Credits for assessments paid - tax offsets.

(1) (a) A member insurer may offset against its premium tax liability to this state that amount of its class B assessment described in section 10-20-109 that was assessed for the association's life and annuity accounts pursuant to section 10-20-106 to the extent of twenty percent of the amount of such assessment for each of the first, second, third, fourth, and fifth calendar years following the year in which such assessment was paid.

(b) To the extent the offsets specified in paragraph (a) of this subsection (1) exceed the member insurer's premium tax liability, they may be carried forward to offset premium tax liabilities in future years. In the event a member insurer should cease doing business, all uncredited assessments may be credited against its premium tax liability for the year it ceases doing business.

(c) In no event shall the total amount of all such offsets for all member insurers exceed four million dollars in any year. The association shall prorate the amount of such offset among all member insurers if the total amount of offset would otherwise exceed four million dollars in any

such year and shall notify each insurer of the maximum amount of offset allowable for that year and the amount of the excess offset, if any, that may be carried forward to future years.

(d) (I) Each member insurer writing health insurance or health maintenance organization policies or contracts may recoup over a reasonable length of time a sum reasonably calculated to recoup the assessments paid by the member insurer under this article 20 by imposing a surcharge on premiums charged for health insurance or health maintenance organization policies or contracts to which this article 20 applies. Amounts recouped are not premiums for any other purpose, including the computation of gross premium tax or an agent's commission.

(II) A member insurer that imposes a surcharge under subsection (1)(d)(I) of this section shall include the amount of the surcharge as part of the member insurer's rate filing pursuant to section 10-16-107 (1). The member insurer must show the surcharge in the rate filing as a separate component of the rate and shall include supporting documentation.

(III) A member insurer that collects surcharges in excess of assessments paid pursuant to this article 20 for an insolvent insurer shall remit the excess to the association as an additional assessment within one hundred twenty days after the end of the collection period as determined by the association. The association shall apply the excess amount to reduce future assessments for that member insurer in the appropriate category.

(IV) (Deleted by amendment, L. 2023.)

(2) Any sums which are acquired by refund pursuant to section 10-20-109 (6) from the association by member insurers, and which have theretofore been offset against premium taxes as provided in subsection (1) of this section, shall be paid by such insurers to this state in such manner as the tax authorities may require. The association shall notify the commissioner that such payments have been made.

(3) (a) The purpose of the credit authorized in subsection (1)(a) of this section is to offset the cost for an insurer paying required assessments into the life and health insurance protection association created in section 10-20-106 (1).

(b) The effectiveness of the credit authorized in subsection (1)(a) of this section is measured by how many eligible insurers claim the credit and the amount claimed relative to payments into the life and health insurance protection association created in section 10-20-106 (1).

Source: L. 91: Entire article added, p. 1276, § 1, effective July 1. **L. 92:** (1)(d)(II) amended, p. 1726, § 12, effective July 1. **L. 2000:** (1)(a) and (1)(c) amended, p. 1023, § 7, effective July 1. **L. 2023:** (1)(d) amended, (HB 23-1303), ch. 195, p. 992, § 13, effective May 15. **L. 2025:** (3) added, (SB 25-026), ch. 362, p. 1964, § 4, effective August 6.

10-20-114. Miscellaneous provisions - definition.

(1) Nothing in this article 20 reduces the liability for unpaid assessments of the insureds of an impaired or insolvent insurer operating under a plan with assessment liability.

(2) The association must keep records of all meetings of the board to discuss the activities of the association in carrying out its powers and duties pursuant to section 10-20-108. Records of the meetings may be made public only upon the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, upon the termination of the impairment or insolvency of the member insurer, or upon the order of a court of competent jurisdiction. Nothing in this subsection (2) limits the duty of the association to render a report of its activities under section 10-20-115.

(3) For the purpose of carrying out its obligations under this article 20, the association is deemed a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies and covered contracts, reduced by any amounts to which the association is entitled as assignee or subrogee pursuant to section 10-20-108 (12). Assets of the impaired or insolvent insurer attributable to covered policies and covered contracts shall be used to continue all covered policies and covered contracts and pay all contractual obligations of the impaired or insolvent insurer as required by this article 20. "Assets of the impaired or insolvent insurer attributable to covered policies and covered contracts", as used in this subsection (3), means that proportion of the assets that the reserves that should have been established for the policies or contracts bear to the reserves that should have been established for all policies or contracts written by the impaired or insolvent insurer.

(3.5) As a creditor of an impaired or insolvent insurer as established in this section and consistent with section 10-3-533, the association and other similar associations are entitled to receive a disbursement of assets out of the marshaled assets from time to time as the assets become available to reimburse the association, as a credit against contractual obligations under this article 20. If the liquidator has not made an application to the receivership court for approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency within one hundred twenty days after a final determination of insolvency of a member insurer by the receivership court, the association may apply to the receivership court for approval of its own proposal to disburse these assets.

(4) (a) Prior to the termination of any rehabilitation, conservation, or liquidation proceeding, the court may take into consideration the contributions of the respective parties, including the association, shareholders, owners, certificate holders, or enrollees of the impaired or insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of the insolvent insurer. In making a determination under this subsection (4)(a), the court shall consider the welfare of the owners, certificate holders, or enrollees of the continuing or successor member insurer.

(b) A distribution shall not be made to stockholders, if any, of an impaired or insolvent insurer until the total amount of valid claims of the association for reimbursement, including interest, of funds expended in carrying out its powers and duties pursuant to section 10-20-108 with respect to the impaired or insolvent insurer have been fully recovered by the association.

(5) (a) If an order for rehabilitation or liquidation of a member insurer domiciled in this state has been entered, the receiver appointed under the order has a right to recover on behalf of the member insurer, from any affiliate that controlled it, the amount of distributions, other than stock dividends paid by the member insurer on its capital stock, made at any time during the five years preceding the petition for liquidation, subject to the limitations of subsections (5)(b) to (5)(d) of this section.

(b) A distribution described in subsection (5)(a) of this section is not recoverable if the member insurer shows that the distribution, when it was paid, was lawful and reasonable and that the member insurer did not know, and could not reasonably have known, that the distribution might adversely affect the ability of the member insurer to fulfill its contractual obligations.

(c) Any person who was an affiliate that controlled the member insurer at the time the distributions were paid is liable up to the amount of distributions the person received. Any person who was an affiliate that controlled the member insurer at the time the distributions were declared is liable up to the amount of the distributions the person would have received if the distributions had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(d) The maximum amount recoverable under this subsection (5) is the amount needed, in excess of all other available assets of the impaired or insolvent insurer, to pay the contractual obligations of the impaired or insolvent insurer.

(e) If any person liable pursuant to subsection (5)(c) of this section is insolvent, all of its affiliates that controlled it at the time the distribution was paid are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

(6) Nothing in this article 20 imposes any liability or responsibility on the state of Colorado for the obligations of the life and health insurance protection association or the unpaid claims of impaired or insolvent insurers.

Source: L. 91: Entire article added, p. 1278, § 1, effective July 1. **L. 2013:** (1), (2), (3), (4), (5)(a), and (5)(d) amended and (3.5) added, (SB 13-032), ch. 34, p. 98, § 9, effective March 15. **L. 2023:** Entire section amended, (HB 23-1303), ch. 195, p. 993, § 14, effective May 15.

10-20-115. Examination of the association - annual report.

The association shall be subject to examination and regulation by the commissioner. The board shall submit to the commissioner each year, not later than one hundred twenty days after the close of the fiscal year of the association, a financial report in a form approved by the commissioner, and a report of the activities of the board during the preceding fiscal year.

Source: L. 91: Entire article added, p. 1280, § 1, effective July 1.

10-20-116. Tax exemptions.

The association shall be exempt from payment of all fees and all taxes levied by this state or any of its subdivisions, except taxes levied on real and personal property.

Source: L. 91: Entire article added, p. 1280, § 1, effective July 1.

10-20-117. Immunity.

There shall be no liability on the part of and no cause of action of any nature shall arise against any member insurer, its agents, or its employees, the association, its agents, or its employees, members of the board or the commissioner or his representatives for any action or omission by them in the performance of their powers and duties pursuant to this article. Such immunity shall extend to the participation in any organization of one or more other state associations of similar purposes and to any such organization and its agents or employees.

Source: L. 91: Entire article added, p. 1280, § 1, effective July 1.

10-20-118. Stay of proceedings - reopening default judgments.

All proceedings in which the impaired or insolvent insurer is a party in any court in this state shall be stayed for one hundred eighty days after the date an order of conservation, rehabilitation, or liquidation is final to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default, the association may apply to have the judgment set aside by the same court that issued the judgment and shall be permitted to defend against such suit on the merits.

Source: L. 91: Entire article added, p. 1280, § 1, effective July 1. **L. 2013:** Entire section amended, (SB 13-032), ch. 34, p. 99, § 10, effective March 15.

10-20-119. Prohibited advertisement of association article in insurance sales - notice to owners, certificate holders, and enrollees.

(1) A person, including a member insurer and any agent or affiliate of a member insurer, shall not make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, that uses the existence of the life and health insurance protection association for the purpose of sales, solicitation, or inducement to purchase any form of insurance or other coverage covered by this article 20. However, this section does not apply to the association or any other entity that does not sell or solicit insurance or coverage by a health maintenance organization.

(2) The association shall prepare a summary document, in compliance with subsection (3) of this section, describing the general purposes and current limitations of this article 20. The association shall submit the summary document to the commissioner for approval. Sixty days after receiving approval from the commissioner, each member insurer, when delivering a policy or contract as described in section 10-20-104 (2)(a) to an owner, a certificate holder, or an enrollee, shall deliver the summary document concurrently with or before delivering the policy or contract unless subsection (4) of this section applies. The member insurer shall also make the summary document available upon request by an owner, a certificate holder, or an enrollee. The distribution, delivery, or contents or interpretation of the summary document does not mean that either the policy or the contract or the owner, certificate holder, or enrollee will be covered in the event of impairment or insolvency of a member insurer. The association shall revise the summary document as necessary based on amendments to this article 20 or as other circumstances may require. Failure to receive this summary document does not give an owner, a certificate holder, an insured, or an enrollee any rights other than those stated in this article 20.

(3) The summary document prepared pursuant to subsection (2) of this section must contain a clear and conspicuous disclaimer on its face. The commissioner shall establish the form and content of the disclaimer. The disclaimer must:

- (a) State the name and address of the association and the division of insurance;
- (b) Prominently warn the owner, certificate holder, or enrollee that the association may not cover the policy or contract or, if coverage is available, the policy or contract may be subject to

substantial limitations and exclusions and is conditioned on the continued residence in the state by the owner, insured, certificate holder, or enrollee;

(c) State that the member insurer and its agents are prohibited by law from using the existence of the association for the purpose of sales, solicitation, or inducement to purchase any form of insurance or health maintenance organization coverage;

(d) Emphasize that the owner, certificate holder, or enrollee should not rely on coverage by the association when selecting a member insurer; and

(e) Provide other information as directed by the commissioner.

(4) A member insurer or agent of a member insurer shall not deliver a policy or contract that is described in section 10-20-104 (2)(a) but excluded under section 10-20-104 (2)(b)(I) from coverage under this article 20 unless the member insurer or agent, before or at the time of delivery, gives the owner, certificate holder, or enrollee a separate written notice that clearly and conspicuously discloses that the policy or contract is not covered by the association. The commissioner shall specify the form and content of the notice.

10-22-101. Short title.

This article is known and may be cited as the "Colorado Health Benefit Exchange Act".

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1073, § 1, effective June 1.

10-22-102. Legislative declaration - intent.

The general assembly determines and declares that with the March 23, 2010, enactment of the federal "Patient Protection and Affordable Care Act", Pub.L. 111-148, and the March 30, 2010, enactment of the "Health Care and Education Reconciliation Act of 2010", Pub.L. 111-152, which allow each state to establish a health benefit exchange through state law or opt to participate in a national health benefit exchange operated by the federal department of health and human services, and although there are numerous federal lawsuits challenging the constitutionality of the federal act in multiple federal courts, the best option for the state of Colorado is to establish a health benefit exchange at the state level. The general assembly further finds that the federal act requires each state to establish a health benefit exchange to perform certain duties and to assume certain responsibilities set forth in the federal act or make sufficient progress in the creation of a health benefit exchange by January 1, 2013, or default to a federally run national health benefit exchange. Therefore, the general assembly intends to create a health benefit exchange to fit the unique needs of Colorado, seek Colorado-specific solutions, and explore the maximum number of options available to the state of Colorado. The Colorado health benefit exchange, including an American health benefit exchange, is intended to facilitate the access to and enrollment in health plans in the individual market in this state and include a small business health options program to assist small employers in this state in facilitating the enrollment of their employees in health plans offered in the small employer market. The intent of the Colorado health benefit exchange is to increase access, affordability, and choice for individuals and small employers purchasing health insurance in Colorado.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1073, § 1, effective June 1.

10-22-103. Definitions.

As used in this article 22, unless the context otherwise requires:

- (1) "Board" means the board of directors of the exchange, appointed in accordance with section 10-22-105.
- (2) "Committee" means the Colorado health insurance exchange oversight committee created in section 10-22-107.
- (3) "Exchange" means the Colorado health benefit exchange created in this article.
- (4) "Federal act" means the "Patient Protection and Affordable Care Act", Pub.L. 111-148, as amended by the "Health Care and Education Reconciliation Act of 2010", Pub.L. 111-152.
- (5) "Group health plan" means an employee welfare benefit plan as defined in 29 U.S.C. sec. 1002 (1) of the federal "Employee Retirement Income Security Act of 1974" to the extent that the plan provides health-care services, including items and services paid for as health-care services, to employees or their dependents directly or through insurance reimbursement or otherwise. A "group health plan" includes a government or church plan.
- (6) "Health benefit plan" has the same meaning set forth in section 10-16-102; except that the term includes a dental plan.
- (6.5) "Health-care coverage affordability program" means:
 - (a) A medical assistance program under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5;
 - (b) The "Children's Basic Health Plan Act", article 8 of title 25.5; or
 - (c) A health benefit plan offered through the exchange for which a premium tax credit or cost-sharing reductions are available.
- (7) "Insurer" means any entity that provides group health plans or individual health benefit plans subject to insurance regulation in this state, as well as any entity that directly or indirectly provides stop-loss or excess loss insurance to a self-insured group health plan including a property and casualty insurance company.
- (8) "Medicaid" means federal insurance or assistance as provided by Title XIX of the federal "Social Security Act", as amended.
- (9) "Medicare" means federal insurance or assistance as provided by Title XVIII of the federal "Social Security Act", as amended.
- (10) "Number of lives insured" means the number of employees and retired employees and individual policyholders or subscribers in the individual and group markets on March 1 of the

previous calendar year for which a special fee is being assessed. For insurers providing stop-loss, excess loss, or reinsurance, "number of lives insured" does not include employees, retired employees, or individual policyholders or subscribers who have been counted by the primary insurer or primary reinsurer.

(11) "Secretary" means the secretary of the United States department of health and human services.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1074, § 1, effective June 1. **L. 2013:** (5) amended and (6) to (11) added, (HB 13-1245), ch. 258, p. 1359, § 1, effective May 23. **L. 2015:** (2) amended, (SB 15-256), ch. 284, p. 1166, § 1, effective June 5. **L. 2020:** IP amended and (6.5) added, (HB 20-1236), ch. 236, p. 1144, § 2, effective September 14.

10-22-104. Health benefit exchange - creation.

There is hereby created a nonprofit unincorporated public entity known as the health benefit exchange. The board of directors shall govern the operation of the exchange. The board shall determine and establish the development, governance, and operation of the exchange. The exchange is an instrumentality of the state; except that the debts and liabilities of the exchange do not constitute the debts and liabilities of the state, and neither the exchange nor the board is an agency of the state. The board does not have the authority to promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S. The exchange shall not duplicate or replace the duties of the commissioner established in section 10-1-108, including rate approval, except as directed by the federal act. The exchange shall foster a competitive marketplace for insurance and shall not solicit bids or engage in the active purchasing of insurance. All carriers authorized to conduct business in this state may be eligible to participate in the exchange.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1074, § 1, effective June 1.

10-22-105. Exchange board of directors.

(1) (a) There is created the board of directors of the exchange. The board consists of twelve members, including nine voting members appointed pursuant to subsection (1)(b) of this section and three nonvoting, ex officio members as set forth in subsection (1)(c) of this section.

(b) (I) The governor shall appoint five voting members to the board, and the president of the senate, the minority leader of the senate, the speaker of the house of representatives, and the

minority leader of the house of representatives shall each appoint one voting member to the board. The governor shall not appoint more than three members from the same political party.

(II) Appointed members of the board may be removed by their respective appointing authorities for cause. The appointing authority making the original appointment shall fill a vacancy by appointment for the remainder of an unexpired term.

(III) The term of an appointed member is four years; except that the terms shall be staggered so that no more than five members' terms expire in the same year. Members may serve a maximum of two consecutive terms. If a member is appointed to fill a vacancy and serves for more than half of the unexpired term, the member shall be eligible for appointment to only one more consecutive term.

(IV) The appointing authorities shall coordinate appointments to ensure that there is broad representation within the skill sets specified in this subsection (1)(b)(IV) and shall consider the geographic, economic, ethnic, and other characteristics of the state when making the appointments. A majority of the voting members must be business representatives or individuals who are not directly affiliated with the insurance industry, and none shall be state employees. Each person appointed to the board should have demonstrated expertise in at least two, and in any case shall have demonstrated expertise in no less than one, of the following areas:

- (A) Individual health insurance coverage;
- (B) Small employer health insurance;
- (C) Health benefits administration;
- (D) Health-care finance;
- (E) Administration of a public or private health-care delivery system;
- (F) The provision of health-care services;
- (G) The purchase of health insurance coverage;
- (H) Health-care consumer navigation or assistance;
- (I) Health-care economics or health-care actuarial sciences;
- (J) Information technology; or
- (K) Starting a small business with fifty or fewer employees.

(c) The executive director of the department of health care policy and financing, or his or her designee; the commissioner of insurance, or his or her designee; and the director of the office of economic development and international trade, or his or her designee, shall serve as nonvoting, ex officio members of the board.

(d) The board shall elect one of its members as chair of the board.

(2) Each member of the board is responsible for meeting the requirements of this article and all applicable state and federal laws, rules, and regulations; serving in the public interest of the individuals and small businesses seeking health-care coverage through the exchange; and ensuring the operational well-being and fiscal solvency of the exchange.

(3) (a) Board members shall not receive compensation for performance of services for the board but may receive a per diem and reimbursement for travel and other necessary expenses while engaged in the performance of official duties of the board. Per diem and reimbursement expenses are paid through grant moneys received by the board.

(b) A member of the board shall not perform an official act that may have a direct economic benefit on a business or other undertaking in which the member has a direct or substantial financial interest.

(c) A board member or an officer or employee of the exchange is not liable for an act or omission when acting in his or her official capacity, in good faith, without intent to defraud, and in connection with the administration, management, or conduct of this article.

(4) (a) Board members are subject to articles 6, 18, and 72 of title 24, C.R.S.

(b) All moneys received by the board for the exchange are subject to audit by the legislative audit committee. The board shall report all moneys received for the exchange to the legislative audit committee.

(c) The state auditor may conduct or cause to be conducted a performance audit of the exchange, including the operation, contract management, project management, and performance of the shared eligibility system and any other related or corresponding state systems in order to ensure a complete and thorough audit of the operation of the exchange. Upon completion of a performance audit, the state auditor shall submit a written report to the legislative audit committee, together with any findings and recommendations. The state auditor has continuing authority to conduct performance audits of the exchange whenever the state auditor or the legislative audit committee deems appropriate.

(5) Any information provided to a board member pursuant to this article that is exempt from disclosure under either section 24-72-204, C.R.S., or part 4 of article 6 of title 24, C.R.S., shall be and remain confidential and may be used only by the board.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1075, § 1, effective June 1. **L. 2015:** (4)(c) added, (SB 15-019), ch. 69, p. 187, § 1, effective April 3. **L. 2022:** (1) amended, (SB 22-013), ch. 2, p. 7, § 7, effective February 25.

10-22-106. Powers and duties of the board.

(1) The board is the governing body of the exchange and has all the powers and duties necessary to implement this article 22. The board shall:

(a) Appoint an executive director to administer the exchange, subject to approval by the committee;

(b) Create an initial operational and financial plan, subject to approval by the committee;

(c) Apply for planning and establishment grants made available to the exchange pursuant to the federal act and apply for, receive, and expend other gifts, grants, and donations. Each grant application is subject to the review and unanimous approval of the board chair and the chair and vice-chair of the committee prior to the submission of the application. If there is not unanimous approval, each grant application is subject to review and the majority approval of the committee.

(d) Create technical and advisory groups to operate on an ongoing basis and to report to the board and provide guidance at the direction of the board on issues that directly or indirectly affect consumers. The board shall use reasonable efforts to ensure that the technical and advisory groups reflect geographic diversity and diverse opinions on issues affecting consumers. The technical and advisory groups shall meet as necessary to discuss issues related to the exchange and to make recommendations to the board.

(e) Provide a written open enrollment report to the governor and the general assembly annually and present an open enrollment update to the senate health and human services committee and the house of representatives health and human services committee, or their successor committees, during each legislative session;

(f) Review the internet portal operated and maintained by the secretary and the model template for an internet portal made available by the secretary for use by the state exchanges and review other appropriate internet portals. The review must include an examination as to whether the model template may be used to direct individuals and employers to health plans, to assist individuals and employers in determining whether they are eligible to participate in the exchange or eligible for a premium tax credit or cost-sharing reduction, and to present standardized information regarding health plans offered through the exchange to assist consumers in making health insurance choices.

(g) Consider the desirability of structuring the exchange as one entity that includes two underlying entities to operate in the individual and the small employer markets, respectively;

(h) Consider the appropriate size of the small employer market under the exchange, taking into consideration the definition of "small employer" pursuant to section 10-16-102;

(i) Consider the unique needs of rural Coloradans as they pertain to access, affordability, and choice in purchasing health insurance;

(j) Consider the affordability and cost in the context of quality care and increased access to purchasing health insurance; and

(k) Investigate requirements, develop options, and determine waivers, if appropriate, to ensure that the best interests of Coloradans are protected.

(2) The board may enter into information-sharing agreements with federal and state agencies and other state exchanges to carry out its responsibilities under this article so long as the agreements include adequate protections with respect to the confidentiality of the information that is shared and comply with all state and federal laws, rules, and regulations.

(3) The board may create a separate program that shares resources and infrastructure with the exchange to offer ancillary products.

(4) The board may enter into an agreement with the department of personnel to authorize administrative law judges employed by the office of administrative courts to hear and decide matters arising from eligibility and other determinations made by the exchange consistent with applicable state and federal law.

(5) (a) The board, with public input, shall set a policy that makes clear which actions by the exchange require public scrutiny and shall make the policy available to the committee. In determining which actions require public scrutiny, the board shall consider the effects the exchange's actions have on consumers.

(b) Prior to taking an action that requires public scrutiny, the exchange shall post notice of the planned action on the exchange website at least three weeks prior to the date of the board meeting at which the action will be discussed. The exchange shall provide time for public comments and questions at the board meeting and post the final action on the exchange website.

(c) The board may adopt an action without compliance with paragraph (b) of this subsection (5) if the board finds that immediate adoption is necessary to avoid disruption of the continuing operation of the exchange. The exchange shall make the action and the reasons for the action available to the public and the committee.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1076, § 1, effective June 1. **L. 2013:** (3) and (4) added, (HB 13-1245), ch. 258, p. 1360, § 2, effective May 23. **L. 2014:** (4) amended, (HB 14-1363), ch. 302, p. 1262, § 5, effective May 31. **L. 2016:** (1)(d) amended and (5) added, (HB 16-1148), ch. 40, p. 99, § 1, effective June 1. **L. 2024:** IP(1), (1)(d), and (1)(e) amended, (HB 24-1035), ch. 44, p. 158, § 1, effective August 7.

10-22-107. Colorado health insurance exchange oversight committee - creation - duties - repeal.

(1) (a) For the purposes of guiding implementation of an exchange in Colorado, making recommendations to the general assembly, and ensuring that the interests of Coloradans are protected and furthered, there is hereby created the Colorado health insurance exchange oversight committee. The committee shall meet at the call of the chair at least one time during each calendar year when the general assembly is not in session but no more than seven times during each calendar year when the general assembly is not in session. The committee may meet an unlimited number of times at the call of the chair when the general assembly is in session. The committee may use the legislative council staff to assist its members in researching any matters.

(b) and (c) Repealed.

(d) (I) Notwithstanding subsection (1)(a) of this section, the committee shall not meet during the 2026 interim.

(II) This subsection (1)(d) is repealed, effective July 1, 2027.

(2) (a) The president of the senate shall appoint three members to the committee. Two appointees must be members of the senate health and human services committee; the senate business, labor, and technology committee; the legislative audit committee; or their successor committees. One appointee must be a representative of the senate at large.

(b) The speaker of the house of representatives shall appoint three members to the committee. Two appointees must be members of the house of representatives health and human services committee, the house of representatives business affairs and labor committee, the legislative audit committee, or their successor committees. One appointee must be a representative of the house of representatives at large.

(c) The minority leader of the senate shall appoint two members to the committee. One appointee must be a member of the senate health and human services committee; the senate business, labor, and technology committee; the legislative audit committee; or their successor committees. One appointee must be a representative of the senate at large.

(d) The minority leader of the house of representatives shall appoint two members to the committee. One appointee must be a member of the house of representatives health and human services committee, the house of representatives business affairs and labor committee, the legislative audit committee, or their successor committees. One appointee must be a representative of the house of representatives at large.

(e) Members of the committee shall serve at the pleasure of the appointing authority.

(3) Members of the committee shall serve without compensation; except that each member shall receive the sums specified in section 2-2-307 (3)(a) and (3)(b), C.R.S., for attendance at meetings of the committee when the general assembly is in recess for more than three days or is not in session.

(4) During odd-numbered years, the president of the senate shall appoint the chair, and the speaker of the house of representatives shall appoint the vice-chair of the committee. During even-numbered years, the speaker of the house of representatives shall appoint the chair, and the president of the senate shall appoint the vice-chair of the committee.

(5) (a) In any year, the committee may report up to eight bills or other measures to the legislative council created in section 2-3-301. These bills are exempt from any applicable bill limit imposed on the individual committee members sponsoring such bills if the bills have been approved by the legislative council under joint rules of the senate and house of representatives.

(b) and (c) Repealed.

(d) (I) Notwithstanding subsection (5)(a) of this section, the committee shall not report to the legislative council and shall not recommend legislation during the 2026 interim.

(II) This subsection (5)(d) is repealed, effective July 1, 2027.

(6) The committee shall review grants applied for by the board to implement the exchange.

(7) The exchange shall annually present to the committee the financial and operational plans of the exchange and the major actions taken by the board, particularly actions that affect consumers. The committee shall review the financial and operational plans of the exchange and the major actions taken by the board.

(2) Subsections (1)(c)(II) and (5)(c)(II) provided for the repeal of subsections (1)(c) and (5)(c), respectively, effective July 1, 2026. (See L. 2025, p. 567.)

10-22-108. Moneys for implementation, operation, and sustainability of the exchange.

Moneys received by the board for the implementation of this article, and for building reserves for the operation and sustainability of the exchange pursuant to section 10-22-109, must be transferred directly to the exchange for the purposes of this article. The board shall deposit any moneys received in a banking institution within or outside the state. Moneys from the general fund shall not be used for the implementation of this article, except for the sums specified in section 10-22-107 (3) and for legislative staff agency services. The account of the banking institution must be insured by the federal deposit insurance corporation and compliant with the "Public Deposit Protection Act", article 10.5 of title 11, C.R.S.

Source: L. 2011: Entire article added, (SB 11-200), ch. 246, p. 1079, § 1, effective June 1. **L. 2013:** Entire section amended, (HB 13-1245), ch. 258, p. 1360, § 4, effective May 23.

10-22-109. Funding for the operation of the exchange and reserves - special fees - rules.

(1) On and after January 1, 2014, among other funding sources derived through the operation of the exchange, funding for the exchange may be from the following sources:

- (a) Special fees assessed against insurers as provided in subsection (2) of this section; and
- (b) Any moneys accepted through gifts, grants, or donations received by the board for operation, reserves, and sustainability of the exchange, including contributions received pursuant to the premium tax credit allocation in section 10-22-110.
- (c) Repealed.

(2) (a) On and after January 1, 2014, through December 31, 2016, the board shall assess special fees against insurers in an amount necessary to provide funding for the exchange. The board shall determine the amount of the special fees based on the board-approved financial plan and anticipated budgetary needs for the upcoming year to comply with this article and associated federal requirements. The special fees must not exceed one dollar and eighty cents per number of lives insured per month; except that the special fees assessed for lives insured under dental plans must not exceed eighteen cents per number of lives insured per month. The board shall use special fees assessed pursuant to this section for the operating expenses of the exchange, the reserves of the exchange, and related agreements.

(b) The board shall use any money received pursuant to section 10-8-536 (2), as enacted in House Bill 13-1115, enacted in 2013, from the reserves of CoverColorado, as created by part 5 of article 8 of this title, and any moneys received from the unclaimed property trust fund to offset the amount of the fees assessed against insurers pursuant to this subsection (2); except that the money received must not be used to offset the special fees paid by dental plans.

(c) Amounts assessed against insurers to be paid to the exchange pursuant to this subsection (2) are not considered premiums for any purpose, including the computation of gross premium tax or agents' commission.

(d) If an insurer fails to pay the special assessment fee, the commissioner may, after proper notice and hearing, suspend or revoke the insurer's certificate of authority to transact insurance business in this state.

(3) The commissioner shall promulgate rules to implement this section that include:

(a) The reasonable time periods for the billing and collection of the special fees; and

(b) The process for determining the allocation of the assessment among insurers, including the process for obtaining accurate information about the number of policies issued and lives insured by an insurer within the six months prior to the assessment.

Source: L. 2013: Entire section added, (HB 13-1245), ch. 258, p. 1361, § 5, effective May 23.
L. 2017: (1)(c) repealed, (SB 17-294), ch. 264, p. 1385, § 10, effective May 25.

10-22-110. Tax credit for contributions to the exchange or enterprise - allocation notice - rules - repeal.

(1) (a) For the tax year 2013 through the tax year 2026, a credit against the tax imposed by sections 10-3-209 and 10-6-128 is allowed to any insurance company that becomes a qualified taxpayer by making a contribution to the exchange pursuant to this section.

(b) A qualified taxpayer claiming a credit against premium tax liability under this section is not required to pay any additional retaliatory tax as a result of claiming the credit.

(2) The commissioner may promulgate rules necessary for the administration of the tax credit allowed by subsection (1) of this section in accordance with article 4 of title 24, C.R.S.

(3) (a) For each tax year through the tax year 2026, subject to subsection (4)(c) of this section, an insurance company shall become a qualified taxpayer if all of the following conditions are met:

(I) The insurance company declares with its quarterly tax payment due on or about July 31 in the manner prescribed by the commissioner its intent to contribute to the exchange on or before October 31 an amount of money equal to the premium taxes paid by the company pursuant to the July 31 tax payment or a lesser amount as specified by the commissioner if required pursuant to subsection (4)(b) of this section;

(II) The total amount of the tax credits granted by the commissioner does not exceed five million dollars; except that, on and after September 1, 2022, through August 31, 2027, the total amount of the tax credits does not exceed nine million dollars; and

(III) The insurance company receives an allocation notice from the commissioner and the insurance company makes the contribution to the exchange as specified in the allocation notice on or before October 31.

(b) Subject to paragraph (c) of subsection (4) of this section, an insurance company that becomes a qualified taxpayer may claim the tax credit on one or more subsequent quarterly or annual tax payments beginning on or about October 31.

(c) The board shall promptly notify the commissioner when it receives a contribution pursuant to this section of the amount and date of the contribution and the name of the contributor.

(4) (a) Subject to paragraph (c) of this subsection (4), by September 30 of each year, the commissioner shall:

(I) Send an allocation notice to each insurance company whose declaration of intent to contribute to the exchange has been accepted pursuant to this subsection (4). The allocation notice shall specify the amount of tax credits allocated to the insurance company and the amount of cash the insurance company must contribute to the exchange by October 31, which amounts shall be identical and not exceed the amount of premium taxes paid by the insurance company in its quarterly tax payment due on or about July 31.

(II) Post on the division's website whether the full amount of tax credits authorized to be allocated each year has been allocated.

(b) (I) Subject to subsection (4)(c) of this section, the commissioner shall allocate no more than the following total amounts of premium tax credits per year:

(A) Before September 1, 2022, a total of five million dollars; and

(B) On and after September 1, 2022, through August 31, 2027, a total of nine million dollars.

(C) (Deleted by amendment, L. 2026.)

(II) For each tax year through the tax year 2026, except as provided in subsection (4)(b)(III) of this section, the commissioner shall allocate to an insurance company that has declared its

intent to contribute to the exchange pursuant to this section tax credits in an amount equal to the amount of premium taxes paid by the insurance company in its quarterly tax payment due on or about July 31 in the order in which the division receives such quarterly tax payments until the full amount of credits available pursuant to this section has been allocated.

(III) If the amount of premium taxes or the sum of all the premium taxes filed by all the insurance companies on any one day would exceed, singly or in the aggregate, the annual maximum aggregate amount of tax credits available under this section, the commissioner shall reduce the allocation to the insurance company whose contribution first exceeds the annual maximum aggregate to the amount needed to satisfy the annual maximum aggregate. If the commissioner is unable to determine the order of receipt of tax payments on that day, the commissioner shall allocate the tax credits to the company or among the companies on a pro rata basis based on the ratio such company's quarterly tax payment bears to the total amount of all such companies' quarterly tax payments until the full amount of credits available pursuant to this section has been allocated.

(c) (I) For each tax year through the tax year 2026, the commissioner shall allow insurance companies to declare their intent to contribute to the exchange pursuant to this section on the insurance companies' quarterly tax payments due on or about October 31 and shall send such companies allocation notices by February 1 if:

(A) The full amount of tax credits available in any one year have not been fully allocated by the commissioner pursuant to statements of intent filed with insurance companies' quarterly tax payments due on or about July 31; or

(B) The total amount of tax credits has been claimed, but one or more insurance companies failed to timely make a contribution to the exchange.

(II) An insurance company that declares its intent to contribute to the exchange pursuant to this subsection (4)(c) shall make the contribution to the exchange as specified in the allocation notice on or before March 1 and may claim the tax credit on one or more subsequent quarterly or annual tax payments due on or about March 1.

(5) The board shall use money contributed to the exchange as follows:

(a) The amount of contributions from insurers to which the first five million dollars of tax credits is allocated pursuant to subsection (4)(b) of this section and the interest derived from the deposit and investment of the money, to operate and sustain the exchange and to build reserves.

(b) (I) Any amount of contributions from insurers to which any amount in excess of the first five million dollars of tax credits is allocated pursuant to subsection (4)(b) of this section and the interest derived from the deposit and investment of the money, for the public awareness and education campaign in section 10-22-115.

(II) (Deleted by amendment, L. 2026.)

(6) This section is repealed, effective December 31, 2027.

10-22-112. Health benefit exchange - referral to private insurance brokers - fees - rules.

(1) The exchange shall include the following in its protocol for interacting with consumers in order to assist consumers in enrolling in health benefit plans: Upon a consumer's contact with the exchange when seeking assistance in selecting a qualified health plan, whether online or by telephone, the exchange shall inform the consumer that he or she has the option of selecting coverage online, with the assistance of a navigator, or with the assistance of a qualified insurance broker. The exchange shall inform the consumer that a navigator may assist with a health benefit plan selection but may not offer advice on a health benefit plan based on the consumer's individual situation, whereas a qualified broker may offer advice based on the consumer's personal and family situation.

(2) The exchange shall maintain online tools that allow insurance brokers to develop and maintain client relationships for customers who are eligible to enroll in private health benefit plans, when appropriate, if the client requests this option.

(3) (a) An insurance broker may charge a client a fee for advising the client on the selection of an individual health benefit plan offered on the exchange only if the broker:

(I) Will not receive a commission from the insurer offering the individual health benefit plan selected by the client; and

(II) Provides a written disclosure to the client if the broker will charge a fee for the service.

(b) The commissioner may promulgate rules regarding the form and manner by which an insurance broker must provide the disclosure required by this subsection (3). The rules shall include a prohibition on a broker charging a fee to assist a client to enroll in medicaid or the children's basic health plan, as defined in section 25.5-8-103 (2).

10-22-113. Colorado affordable health care coverage easy enrollment program - advisory committee - creation - appointments - duties - definitions - repeal.

(1) There is hereby created the Colorado affordable health care coverage easy enrollment program for the purpose of leveraging the individual income tax filing process to maximize the enrollment of eligible uninsured individuals in a health-care coverage affordability program.

(2) (a) For the purpose of guiding the implementation and administration of the program, there is hereby created the affordable health care coverage easy enrollment advisory committee. The executive directors of the exchange and the department of revenue, or their designees, shall serve as co-chairs of the advisory committee. On or before September 1, 2020, the board shall appoint nine additional members, as specified in subsection (2)(b) of this section, to serve on the advisory committee. In making the appointments, the board shall consider the geographic, economic, ethnic, and other characteristics of the state.

(b) Members of the advisory committee must include:

(I) A representative of the department of health care policy and financing;

(II) A representative of the division;

(III) A representative of consumer advocacy groups;

(IV) A representative of small employers, as defined in section 10-16-102 (61);

(V) A representative of insurers;

(VI) A health-care consumer;

(VII) A health coverage guide or other person with expertise in the process of applying for federal insurance or assistance as provided by:

(A) Title XIX of the federal "Social Security Act", as amended, and the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5; or

(B) The children's basic health plan, as defined in article 8 of title 25.5;

(VIII) An insurance producer, as defined in section 10-2-103 (6); and

(IX) A provider of income tax preparation services.

(c) Of the members first appointed, in order to ensure staggered terms, the initial term of office of five of the members is two years and the initial term of office of four of the members is four years. Thereafter, the term of office of all members is four years.

(d) Members of the advisory committee may be removed for cause by the board or by a majority vote of the advisory committee members.

(e) The advisory committee shall meet as often as necessary to carry out its duties pursuant to this section.

(f) Members of the advisory committee are not entitled to receive per diem or other compensation for performance of services for the advisory committee but may be reimbursed for actual and necessary expenses, including any required dependent care and dependent or attendant travel, food, and lodging, while engaged in the performance of official duties of the advisory committee.

(g) This subsection (2) is repealed, effective September 1, 2030.

(3) (a) The advisory committee shall:

(I) Determine the minimum information necessary to collect through the state individual income tax forms to identify uninsured individuals and allow the exchange to assess whether they are potentially eligible for enrollment in a health-care coverage affordability program or other creditable coverage;

(II) Determine the procedures that will be used to transfer tax filer information from the department of revenue to the exchange in order to facilitate the program;

(III) Recommend revisions to the state individual income tax form, supplemental schedules, or both to be implemented by the department of revenue pursuant to section 39-22-5202 that are needed to implement the program. The recommendations must include:

(A) A question asking if the tax filer wants the exchange to assess whether the uninsured individuals in the tax household are potentially eligible for a health-care coverage affordability program or other creditable coverage using information from the tax filer's state individual income tax return and other sources available to the exchange;

(B) For tax filers that want the exchange to assess potential eligibility, a request for: The identity of the uninsured individuals and any additional information, including the household size of the tax filer, that is not otherwise available to the exchange and that is deemed essential by the advisory committee for making assessments of potential eligibility; except that the request

for additional information shall not include requests for citizenship, immigration, or health status;

(IV) Draft recommended instructions for the individual tax form instruction booklet that explain how to answer the questions added to the tax return form or schedules pursuant to section 39-22-5202 (1)(b) and the effects of indicating that the tax filer would like the exchange to assess the eligibility of uninsured household members;

(V) Determine the process that the exchange will use under the program to assess potential eligibility for and assist with enrollment in a health-care coverage affordability program or other creditable coverage including:

(A) A timeline for assessing each individual's potential eligibility for a health-care coverage affordability program or other creditable coverage;

(B) A process to notify individuals regarding the outcomes of assessments of potential eligibility, which process is designed to maximize health-care coverage enrollment levels; and

(C) A process for handling uninsured individuals whose status as United States citizens cannot be verified through information available to the exchange; and

(VI) Determine the feasibility of and, if feasible, recommend a process for automatic enrollment, through the program, of eligible uninsured individuals in a medical assistance program under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, or other zero-net-premium creditable coverage.

(b) This subsection (3) is repealed, effective September 1, 2030.

(4) The exchange, through procedures determined by the advisory committee, shall:

(a) Assess whether uninsured individuals identified through the program are potentially eligible for a health-care coverage affordability program or other creditable coverage;

(b) Notify the uninsured individuals regarding their potential eligibility;

(c) Enroll or assist with enrolling the uninsured individuals in creditable coverage; and

(d) Not take additional steps to determine eligibility for or enroll an uninsured individual identified through the program if the exchange cannot verify that the uninsured individual is a United States citizen until the individual provides affirmative consent using procedures developed by the advisory committee pursuant to subsection (3)(a)(V)(C) of this section.

(5) As used in this section:

(a) (I) "Advisory committee" means the affordable health care coverage easy enrollment advisory committee.

- (II) This subsection (5)(a) is repealed, effective September 1, 2030.
- (b) "Creditable coverage" has the same meaning as set forth in section 10-16-102 (16).
- (c) "Program" means the Colorado affordable health care coverage easy enrollment program.
- (d) "Uninsured individual" means an individual who does not have creditable coverage.

Source: L. 2020: Entire section added, (HB 20-1236), ch. 236, p. 1144, § 3, effective September 14.

10-22-114. Standardized plan survey - repeal. (Repealed)

Source: L. 2021: Entire section added, (HB 21-1232), ch. 241, p. 1294, § 4, effective June 16.

Editor's note: Subsection (2) provided for the repeal of this section, effective July 1, 2026. (See L. 2021, p. 1294.)

10-22-115. Public awareness and education campaign - board - report - repeal.

(1) (a) On or before July 1, 2023, the board shall create and implement a public awareness and education campaign in order to educate consumers in Colorado regarding the options for obtaining health-care coverage.

(b) (I) On or before September 1, 2023, the board shall use the public awareness and education campaign to educate consumers in Colorado on how to attain and retain health-care coverage based on their health-care needs and financial circumstances so they can access the health care they need. The campaign must include efforts to:

- (A) Improve health literacy among consumers in Colorado;
 - (B) Assist consumers in Colorado who lose minimum essential coverage; and
 - (C) Reduce the number of individuals eligible for health-care coverage who remain uninsured or without health-care coverage.
- (II) The campaign must include information about eligibility and costs where practicable.

(c) The public awareness and education campaign must include marketing and outreach to help consumers in this state who, at the end of the COVID-19 public health emergency as declared and extended by the United States secretary of health and human services, are no longer eligible for benefits under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, or the "Children's Basic Health Plan Act", article 8 of title 25.5, to understand coverage options and to transition to health-care coverage obtained through the exchange.

(d) The board may use print or electronic media, written material, social media, direct mail, or any effective means of outreach to create awareness and educate consumers throughout the campaign.

(2) The board shall annually report to the committee at the first scheduled meeting of the committee each calendar year starting in 2024. The board shall include in the report the following information:

(a) The public awareness and education campaign activities of the board in the prior calendar year;

(b) The amount of money spent on the campaign in the prior calendar year and a detailed accounting of how the money was spent; and

(c) Any recommendations of the board concerning changes to the public awareness and education campaign and the continuation or repeal of the duties of the board concerning the campaign.

(3) This section is repealed, effective December 31, 2028. The committee may report a bill to the legislative council of the general assembly pursuant to section 10-22-107 (5) to extend or eliminate the repeal date in this section.

Editor's note: (1) This article was added in 2017 and was not amended prior to its repeal in 2018. For the text of this article prior to 2018, consult the 2017 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 10-22.5-106 provided for the repeal of this article, effective June 30, 2018. (See L. 2017, p. 1692.)

CASH-BONDING AGENTS

ARTICLE 23

Cash-bonding Agents

10-23-101.	Definitions.	10-23-106.	Discipline - hearing - civil penalty.
10-23-102.	Registration required - qualifications - enforcement.	10-23-107.	Unlicensed practice - penalties.
10-23-103.	Registration requirements - application.	10-23-108.	Bail bond documents - requirements - rules.
10-23-104.	Fees.	10-23-109.	Business practices - price limits - collateral.
10-23-105.	Qualification bond - forfeiture.	10-23-110.	Repeal of article - review of functions.

10-23-101. Definitions.

As used in this article, unless the context otherwise requires:

(1) "Cash-bonding agent" means a person who was licensed by the division as of January 1, 1992, to write bail bonds as a cash-bonding agent.

(2) "On the board" means that the name of the person has been publicly posted or disseminated by a court as being ineligible to write bail bonds under section 16-4-114 (5)(e) or (5)(f), C.R.S.

(3) "Professional cash-bail agent" means a person who furnishes bail for compensation in any court or courts in this state in connection with judicial proceedings by posting a bond with the division. "Professional cash-bail agent" does not mean a full-time salaried officer or employee of an insurer nor a person who pledges United States currency, a United States postal money order, a cashier's check, or other property in connection with a judicial proceeding, whether for compensation or otherwise.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1509, § 41, effective July 1. **L. 2013:** (2) amended, (HB 13-1236), ch. 202, p. 841, § 7, effective May 11.

Editor's note: This section is similar to former § 12-7-101 as it existed prior to 2012.

10-23-102. Registration required - qualifications - enforcement.

(1) No person qualifies to be a professional cash-bail agent unless the person registers with the division. However, any bail bonding agent who was licensed by the division as of January 1, 1992, to write bail bonds as a cash-bonding agent may continue to be registered upon compliance with the other requirements of this article.

(2) No firm, partnership, association, or corporation, as such, shall be registered. No person engaged as a law enforcement or judicial officer shall be registered as a cash-bonding agent or professional cash-bail agent.

(3) (a) All registrations expire in accordance with a schedule established by the commissioner, and the registrant shall renew or reinstate the registration in accordance with the rules of the commissioner. If the commissioner schedules a registration to expire for longer or shorter than a year, the commissioner shall proportionally adjust the renewal fee for the registration. The registrant must satisfy all registration and renewal requirements to qualify to register.

(b) The commissioner shall give a registrant a sixty-day grace period to renew the registration without discipline or sanctions. The commissioner may establish renewal fees and delinquency fees for reinstatement by rule. If a person fails to renew a registration when required by the schedule established by the commissioner, the registration expires.

(4) The division shall transmit all fees collected under this article to the state treasurer, who shall credit the fees to the division of insurance cash fund created in section 10-1-103.

(5) The division shall prepare and deliver to each registrant a pocket card showing the name, address, and classification of the registrant. The pocket card must clearly state that the person is authorized to practice as a cash-bonding agent or professional cash-bail agent.

(6) Repealed.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1510, § 41, effective July 1.

Editor's note: (1) This section is similar to former § 12-7-102 as it existed prior to 2012.

(2) Subsection (6)(d) provided for the repeal of subsection (6), effective July 1, 2015. (See L. 2012, p. 1510.)

10-23-103. Registration requirements - application.

(1) An applicant for registration as a professional cash-bail agent shall supply the following information to the division:

(a) Whether the applicant during the last ten years has been convicted of a felony, entered a guilty plea to a felony, accepted a plea of nolo contendere to a felony, or engaged in or committed an act that violates this article, a rule promulgated under this article, or any act that would violate this article or a rule promulgated under this article if it had been committed in Colorado; and

(b) Any other information required by this article or by the division, including a full-face photograph, for which the applicant shall pay the actual costs if a photograph is required.

(2) (a) Prior to submission of an application pursuant to this article 23, each applicant shall have his or her fingerprints taken by a local law enforcement agency or any third party approved by the Colorado bureau of investigation to obtain a fingerprint-based criminal history record check. If a third party takes the person's fingerprints, the fingerprints may be electronically captured using Colorado bureau of investigation-approved livescan equipment. Third-party vendors shall not keep the applicant information for more than thirty days unless requested to do so by the applicant. The applicant is required to submit payment by certified check or money order for the fingerprints and for the actual costs of the record check when the fingerprints are submitted to the Colorado bureau of investigation. Upon receipt of fingerprints and receipt of the

payment for costs, the Colorado bureau of investigation shall conduct a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation.

(b) When the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this subsection (2) reveal a record of arrest without a disposition, the division shall require that applicant to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(3) To qualify as a professional agent, the applicant must have been licensed as an insurance producer who furnishes bail in Colorado for four years before applying for registration as a professional cash-bail agent.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1512, § 41, effective July 1. **L. 2017:** (2) amended, (SB 17-189), ch. 149, p. 497, § 1, effective August 9. **L. 2019:** (2) amended, (HB 19-1166), ch. 125, p. 538, § 5, effective April 18. **L. 2022:** (2)(b) amended, (HB 22-1270), ch. 114, p. 514, § 7, effective April 21.

Editor's note: Subsections (1) and (2) are similar to former § 12-7-103, and subsection (3) is similar to former § 12-7-102.5 (7), as they existed prior to 2012.

10-23-104. Fees.

(1) (a) Each professional cash-bail agent and cash-bonding agent shall pay an application fee set by the division in an amount to offset the direct and indirect cost of processing registration applications and issuing a registration.

(b) Each professional cash-bail agent and cash-bonding agent shall pay a registration renewal fee set by the division in an amount that offsets the direct and indirect cost of implementing this article, net of the total amount of the fees paid by that agent under paragraph (c) of this subsection (1).

(c) Each professional cash-bail agent and cash-bonding agent shall pay to the division a fee of one percent on the gross amount of all premiums and fees collected or contracted for the furnishing of bail, less any premium or fee refunded after being collected. The division may lower the fee if the amount collected would exceed the amount needed to implement this article plus a reserve of sixteen and one-half percent.

(d) The premium fee is due and payable on the fifteenth day of January in each year. Any professional cash-bail agent or cash-bonding agent failing or refusing to render a statement and

information, or to pay the fee under this section, for more than thirty days after the time specified, is liable for a penalty of up to one hundred dollars for each additional day of delinquency. The division may assess the penalty and interest at a rate of one percent per month or fraction thereof on the unpaid amount from the date when payment was due to the date when full payment is made. The division may suspend the registration of a delinquent agent until any fees, penalties, and interest are fully paid.

(2) The division shall transfer the fees imposed by this section to the treasurer, who shall credit the fee to the division of insurance cash fund created in section 10-1-103.

(3) For the purpose of auditing a professional cash-bail agent's or cash-bonding agent's premium fee statement, the division may examine any books, papers, records, agreements, or memoranda bearing upon the matters required to be included in the premium fee statement. The agent shall make the books, papers, records, agreements, or memoranda available upon request to the division.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1514, § 41, effective July 1.

10-23-105. Qualification bond - forfeiture.

(1) Each cash-bonding agent shall post a cash qualification bond of fifty thousand dollars with the division. The bond must be to the people of the state of Colorado in favor of any court in this state, whether municipal, county, district, or other court, and to the division for the purposes of this section. In the event of a forfeiture of a cash-bonding agent's qualification bond, the division has priority over all other claimants. To comply with this subsection (1), the bond must be conditioned upon full and prompt payment into the court ordering the bond forfeited. Cash-bonding agents shall not issue bonds except in accordance with section 16-4-104 (1)(c)(III), C.R.S. In the event of a qualification bond forfeiture, a cash-bonding agent shall not write new bail bonds until the qualification bond is restored to fifty thousand dollars.

(2) Each professional cash-bail agent shall post a cash qualification bond of no less than fifty thousand dollars with the division. The bond shall be to the people of the state of Colorado in favor of any court in this state, whether municipal, county, district, or other court, and to the division for the purposes of this section. A professional cash-bail agent shall not furnish a single bail greater than twice the amount of the bond posted with the division. In the event of a forfeiture of a professional cash-bail agent's qualification bond, the division has priority over all other claimants to the bond. To comply with this subsection (2), the bond must be conditioned upon full and prompt payment into the court ordering the bond forfeited. Professional cash-bail agents shall not issue bonds except in accordance with section 16-4-104 (1)(c)(III), C.R.S. In the

event of a qualification bond forfeiture, a professional cash-bail agent shall not write new bail bonds until the qualification bond is restored to at least fifty thousand dollars.

(3) To comply with this section, the division must be designated as an authorized signatory with right of survivorship on any bank account, certificate of deposit, commercial instrument, or security that funds the bond required by this section. The right of survivorship terminates on the later of the date on which any liability covered by the bond is satisfied or released or the third anniversary of the death of the professional cash-bail agent or cash-bonding agent. When the right of survivorship terminates, the division shall release the bond to the agent's estate or, if the estate has been settled, to the heirs of the agent.

(4) To qualify under this section:

(a) A bank account, certificate of deposit, commercial instrument, or security must be in the legal name of the professional cash-bail or cash-bonding agent and not a trade name or other business name;

(b) The qualification bond must consist of assets that are solely owned and in the name of the professional cash-bail or cash-bonding agent and be immediately available for liquidation by the commissioner or the division;

(c) The qualification bond must be worth fifty thousand dollars net of any penalty for withdrawal or liquidation;

(d) The professional cash-bail or cash-bonding agent may receive interest thereon, unless the principal amount of the qualification bond falls below the required fifty thousand dollars, if the qualification bond is an interest-bearing instrument;

(e) The terms of the loan, promissory note, and financial arrangement must be submitted to the division if the qualification bond is funded by the proceeds from a loan, promissory note, or other financial arrangement; and

(f) The agreement must terminate at a fixed time and any rate of return is an annual percentage rate and not tied to any premium or collateral or any other direct function from which an agent makes a profit if the qualification bond consists of moneys from a loan, promissory note, or other financial arrangement.

(5) Upon request by the person who posted the qualification bond to be registered under this article, the commissioner shall release the bond if the person has not been registered or licensed to write a bond as a professional cash-bail agent or cash-bonding agent within the last seven years. Neither the commissioner nor the division are liable to any other party for releasing the qualification bond in accordance with this section.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1515, § 41, effective July 1. **L. 2013:** (1) and (2) amended, (HB 13-1236), ch. 202, p. 841, § 8, effective May 11.

Editor's note: Subsection (1) is similar to former § 12-7-103 (3)(a), and subsection (2) is similar to former § 12-7-103 (8)(a), as they existed prior to 2012.

10-23-106. Discipline - hearing - civil penalty.

(1) The division may deny, suspend, revoke, or refuse to renew a registration, or issue a cease-and-desist order in accordance with this section, upon reasonable grounds that the registrant:

(a) Failed to post a qualified bond in the required amount with the division while engaged in business or, if the bond was posted, it was forfeited or canceled;

(b) Knowingly failed to comply with or knowingly violated this article or any proper order or rule of the division or any court of this state where the registrant knew or reasonably should have known of the order or rule;

(c) Violated section 18-13-130, C.R.S.;

(d) Was convicted of a felony or pled guilty or nolo contendere to a felony within the last ten years, regardless of whether the conviction or plea resulted from conduct in or conduct related to the bail bond business;

(e) Served a sentence upon a conviction of a felony in a state correctional facility, city or county jail, or community correctional facility or under the supervision of the state board of parole or any probation department within the last ten years;

(f) Continued to execute bail bonds in any court in this state while on the board if the bail forfeiture judgment that resulted in the registrant's being placed on the board has not been paid, stayed, vacated, exonerated, or otherwise discharged;

(g) Furnished bail in any court in this state in an amount greater than twice the amount of the professional cash-bail agent's bond posted with the division;

(h) Failure to report, preserve without use, retain separately, or return after payment in full, collateral taken as security on any bail bond to the principal, indemnitor, or depositor of the collateral;

(i) Soliciting bail bond business in or about any place where prisoners are confined, arraigned, or in custody;

(j) Failure to pay a final, nonappealable judgment award for failure to return or repay collateral received to secure a bond; or

(k) Any act prohibited by section 18-13-130, C.R.S.

(2) Except for the reasons listed in paragraphs (d) and (e) of subsection (1) of this section, the division, in lieu of revoking or suspending a registration, may in any one proceeding, by order, require the registrant to pay a civil penalty in the sum of no less than three hundred dollars and no more than one thousand dollars for each offense. If the registrant fails to pay the penalty within twenty days after the mailing of the order, postage prepaid, registered and addressed to the last-known place of business of the registrant, the division may revoke the registration or may suspend the registration for such a period as the commissioner may determine, unless the order is stayed by a court of competent jurisdiction. The division shall transmit the civil penalty to the state treasurer, who shall deposit it in the general fund.

(3) Except as otherwise provided in this section, the commissioner need not find that the actions that are grounds for discipline were willful but may consider whether the actions were willful when determining the nature of disciplinary sanctions to be imposed.

(4) (a) The commissioner may commence a proceeding to discipline a registrant when the commissioner has reasonable grounds to believe that the registrant has committed an act enumerated in this section.

(b) In any proceeding held under this section, the commissioner may accept as evidence of grounds for disciplinary action any disciplinary action taken against a registrant in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article.

(5) Disciplinary proceedings, hearings, and opportunity for review must be conducted in accordance with article 4 of title 24, C.R.S., by the commissioner or by an administrative law judge, at the commissioner's discretion. The commissioner may exercise all powers and duties conferred by this article during the disciplinary proceedings.

(6) (a) The commissioner may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin a person from committing an act prohibited by this article. When seeking an injunction under this paragraph (a), the attorney general shall not be required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(b) (I) The commissioner may investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the commissioner.

(II) In order to aid the commissioner in any hearing or investigation instituted under this section, the commissioner or an administrative law judge appointed by the commissioner may

administer oaths, take affirmations of witnesses, and issue subpoenas compelling the attendance of witnesses and the production of all relevant records, papers, books, documentary evidence, and materials in any hearing, investigation, accusation, or other matter before the commissioner or an administrative law judge.

(III) Upon failure of any witness or registrant to comply with a subpoena or process, the district court of the county where the subpoenaed person or registrant resides or conducts business, upon application by the commissioner with notice to the subpoenaed person or registrant, may issue to the person or registrant an order requiring the person or registrant to appear before the commissioner; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. If the person or registrant fails to obey the order of the court, the person or registrant may be held in contempt of court.

(c) The commissioner may appoint an administrative law judge under part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, make findings, and report the findings to the commissioner.

(7) (a) The commissioner, the commissioner's staff, any person acting as a witness or consultant to the commissioner, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as commissioner, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person participating in good faith in making a complaint or report or in an investigative or administrative proceeding under this section is immune from any civil or criminal liability that otherwise might result by reason of the participation.

(8) A final action of the commissioner is subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S. A judicial proceeding to enforce an order of the commissioner may be instituted in accordance with section 24-4-106 (3), C.R.S.

(9) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the commissioner, warrants formal action, no person shall resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(10) (a) If it appears to the commissioner, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public, or that a person is acting or has acted without the required registration, the commissioner may issue an order to cease and desist such activity. The order

must set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist under paragraph (a) of this subsection (10), the registrant may request a hearing on the question of whether acts or practices in violation of this article have occurred. The hearing must be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(11) (a) If it appears to the commissioner, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the commissioner may issue to the person an order to show cause as to why the commissioner should not issue a final order directing the person to cease and desist from the unlawful act or unregistered practice.

(b) The commissioner shall notify a person against whom an order to show cause has been issued of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the commissioner for a hearing on the order. The notice may be served on the person against whom the order has been issued by personal service or by certified, postage-prepaid, United States mail. Personal service or mailing of an order or document constitutes notice of the order to the person.

(c) (I) The commissioner shall hold the hearing on an order to show cause no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the commissioner as provided in this subsection (11). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter.

(II) If a person against whom an order to show cause has been issued does not appear at the hearing, the commissioner may present evidence that notification was properly sent or served on the person under this subsection (11) and such other evidence related to the matter as the commissioner deems appropriate. The commissioner shall issue the order within ten days after the commissioner's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. The commissioner shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the commissioner reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required licensure, or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued, directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The commissioner shall provide notice, in the manner set forth in this subsection (11), of the final cease-and-desist order within ten calendar days after the hearing is conducted to each person against whom the final order has been issued. The final order issued is effective when issued and is a final order for purposes of judicial review.

(12) If it appears to the commissioner, based upon credible evidence presented to the commissioner, that a person has engaged or is about to engage in an unregistered act or practice; an act or practice constituting a violation of this article, a rule promulgated under this article, or an order issued under this article; or an act or practice constituting grounds for administrative sanction under this article, the commissioner may enter into a stipulation with the person.

(13) If any person fails to comply with a final cease-and-desist order or a stipulation, the commissioner may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested, the attorney general shall bring suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(14) A person aggrieved by the final cease-and-desist order may seek judicial review of the commissioner's determination or of the commissioner's final order as provided in subsection (8) of this section.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1517, § 41, effective July 1.

Editor's note: This section is similar to former § 12-7-106 as it existed prior to 2012.

ANNOTATION

Annotator's note. Since § 10-23-106 is similar to § 12-7-106 as it existed prior to its 2012 relocation with amendments to this section, relevant cases construing that provision have been included in the annotations to this section.

This section, in its enumeration of reasons for the denial, suspension and revocation of licenses, suggests the abuses which the general assembly found to exist

in the bail bond business, all (or any) of which are sufficient to justify legislative intrusion into the field. *Herbertson v. Dept. of Ins.*, 173 Colo. 327, 478 P.2d 668 (1970).

Retroactive application of statute. Intent of general assembly is clear concerning the effect of felony convictions that occurred prior to the effective date of this section, where the general assembly clearly intended to exclude from the ranks of

professional bail bondsmen persons who have been convicted of a felony or have served a sentence therefor within ten years from the date of application for renewal. *Ficarra v. Dept. of Reg. Agencies*, 849 P.2d 6 (Colo. 1993).

Suspension of license. This section contemplates mere suspension of a license, rather than nonrenewal, as a possible alternative when a licensee, for example, engaged in a dishonest, though relatively harmless practice in conducting business, but not when proceedings are initiated as a result of a decision of the division of insurance not to renew a license because the applicant for renewal has incurred a felony conviction or has served a sentence thereupon within the past ten years. *Ficarra*

v. Dept. of Reg. Agencies, 849 P.2d 6 (Colo. 1993).

Public policy considerations in determining constitutionality of statute. In light of the strong public policy interest involved and the position of trust held by professional bail bondsmen, the general assembly could rationally conclude that those who have not served sentences upon felony convictions within the last ten years are most likely to safely and honestly carry out the duties of a professional bail bondsmen, and that the public interest at stake in the operation of the bail bond system overrides any private expectation at stake in the renewal of a professional bail bondsmen license. *Ficarra v. Dept. of Reg. Agencies*, 849 P.2d 6 (Colo. 1993).

10-23-107. Unlicensed practice - penalties.

A person who acts or attempts to act as a professional cash-bail agent or cash-bonding agent and who is not registered as such under this article 23 commits a class 2 misdemeanor. Upon conviction, the court shall require the person to disgorge any profits from acting as a professional cash-bail agent or cash-bonding agent and forward the profits to the state treasurer, who shall deposit the moneys in the general fund.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1522, § 41, effective July 1. **L. 2021:** Entire section amended, (SB 21-271), ch. 462, p. 3149, § 118, effective March 1, 2022.

Editor's note: This section is similar to former § 12-7-109 (3) as it existed prior to 2012.

Cross references: For the penalty for a class 2 misdemeanor, see § 18-1.3-501.

10-23-108. Bail bond documents - requirements - rules.

(1) The professional cash-bail agent or cash-bonding agent who posts a bail bond with the court on behalf of a defendant shall ensure that the following documents comply with the following provisions:

(a) An indemnity agreement must:

(I) Be in writing;

(II) Be signed by the professional cash-bail agent or cash-bonding agent;

(III) Be signed by the defendant or indemnitor;

(IV) Set forth the amount of bail set in the case, the name of the defendant released on the bail bond, the court case number if available, the court where the bond is executed, the premium charged, the amount and type of collateral held by the professional cash-bail agent or cash-bonding agent, and the conditions under which the collateral is returned;

(V) Contain documentation that the indemnitor has received copies of signed and dated disclosure forms; and

(VI) If the defendant or indemnitor is illiterate or does not read English, contain a note on the indemnity agreement that the agent or a third party has read or translated the agreement to the defendant or indemnitor and be affixed with an affidavit to the indemnity agreement attesting that the document was translated;

(b) A promissory note must be:

(I) In writing;

(II) Signed by the professional cash-bail agent or cash-bonding agent; and

(III) Signed by the defendant or indemnitor;

(c) A collateral receipt must:

(I) Be dated;

(II) Be in writing;

(III) Be signed by the professional cash-bail agent or cash-bonding agent;

(IV) Be signed by the defendant or indemnitor;

(V) Be prenumbered;

(VI) Contain a full description of the collateral, including the condition of the collateral at the time it is taken into custody; and

(VII) Set forth the amount of bail set in the case, the name of the defendant released on the bail bond, the court case number, the court where the bond is executed, the premium charged, the amount and type of collateral held by the agent, and the conditions under which the collateral is returned;

(d) A bail bond revocation request must be:

(I) Dated;

(II) In writing;

(III) Signed by the professional cash-bail agent or cash-bonding agent; and

(IV) Signed by the defendant or indemnitor.

(2) (a) Before accepting consideration, the professional cash-bail agent or cash-bonding agent shall commit to writing, sign, date, and obtain the defendant's or indemnitor's signature on an arrangement for the payment of all or part of the premium, commission, or fee, including the payment schedule. The signature of the professional cash-bail agent or cash-bonding agent is not an obligation to pay any debt owed to a lender. To be enforceable, interest and financial charges on any unpaid premium must comply with the "Uniform Consumer Credit Code", articles 1 to 9 of title 5, C.R.S.

(b) Before accepting consideration or taking collateral, the professional cash-bail agent or cash-bonding agent shall provide, in a form prescribed by the commissioner, a disclosure statement to each defendant and indemnitor detailing the terms of the bail bond.

(3) (a) A professional cash-bail agent or cash-bonding agent who accepts consideration for a bail bond or undertaking shall, for each payment received, provide to the person tendering payment a prenumbered, signed receipt containing the following:

(I) The date;

(II) The defendant's name;

(III) A description of the consideration and amount of money received;

(IV) The purpose for which it was received;

(V) The penal sum of the bail bond;

(VI) The name of the person tendering payment; and

(VII) The terms under which the money or other consideration is released.

(b) The professional cash-bail agent or cash-bonding agent shall provide the person tendering payment a signed and dated receipt for each premium payment listing the amount paid.

(3.5) (a) If the bond is to be secured by real estate, the bail bonding agent shall provide the property owner with a written disclosure statement in the following form at the time an initial application is filed:

Disclosure of lien against real property

Do not sign this document until you read and understand it! This bail bond will be secured by real property you own or in which you have an interest. Failure to pay the bail bond premiums when due or the defendant's failure to comply with the conditions of bail could result in the loss of your property!

(b) The disclosure required in paragraph (a) of this subsection (3.5) shall be printed in fourteen-point, bold-faced type either:

- (I) On a separate and specific document attached to or accompanying the application; or
- (II) In a clear and conspicuous statement on the face of the application.

(c) Before a property owner executes any instrument creating a lien against real property, the bail bonding agent shall provide the property owner with a completed copy of the instrument creating the lien against real property and the disclosure statement described in paragraph (a) of this subsection (3.5). If a bail bonding agent fails to comply fully with the requirements of paragraphs (a) and (b) of this subsection (3.5) and this paragraph (c), any instrument creating a lien against real property shall be voidable.

(d) (I) The bonding agent shall deliver to the property owner a fully executed and notarized reconveyance of title, a certificate of discharge, or a full release of any lien against real property that secures performance of the conditions of a bail bond within thirty-five days after receiving notice that the time for appealing an order that exonerated the bail bond has expired. The bonding agent shall also deliver to the property owner the original canceled note, as evidence that the indebtedness secured by any lien instrument has been paid or that the purposes of the instrument have been fully satisfied, and the original deed of trust, security agreement, or other instrument that secured the bail bond obligation. If a timely notice of appeal is filed, the thirty-five-day period begins on the day the appellate court's affirmation of the order becomes final.

(II) If the bonding agent fails to comply with the requirements of this subsection (3.5)(d), the property owner may petition the district court to issue an order directing the clerk of the court to execute a full reconveyance of title, a certificate of discharge, or a full release of any lien against real property created to secure performance of the conditions of the bail bond. To be accepted by

the court, the petition must be verified and allege facts showing that the bonding agent has failed to comply with the provisions of this subsection (3.5)(d).

(III) (A) If a bonding agent fails to comply with this subsection (3.5)(d), the property owner may file a complaint with the commissioner requesting that the commissioner petition a district court to file for record a full release of any lien against real property securing performance of the conditions of the bail bond.

(B) To be accepted by the commissioner, the complaint must be verified and allege facts showing that the bonding agent has failed to comply with this subsection (3.5)(d). The complaint must include a copy of the lien the property owner is requesting be released.

(C) Upon receipt of a verified complaint meeting the requirements of subsection (3.5)(d)(III)(B) of this section, the commissioner shall mail a copy of the complaint to the bonding agent at the bonding agent's last-known address.

(D) If the time for appealing an order that exonerated the bail bond has expired at least three years before the complaint is filed, and if the commissioner does not receive a reply from the bonding agent contesting the release of the lien within thirty-five days after mailing the complaint required in subsection (3.5)(d)(III)(C) of this section, the commissioner may petition the district court to issue an order directing the clerk of the court to execute a full reconveyance of title, a certificate of discharge, or a full release of any lien against real property created to secure performance of the conditions of the bail bond. Upon the court issuing an order executing a full reconveyance of title, issuing a certificate of discharge, or releasing the lien, the commissioner shall send a copy of the lien release documents to the bonding agent.

(E) If the commissioner receives, within thirty-five days after mailing the complaint to the bonding agent, a reply from the bonding agent contesting the factual basis of the property owner's complaint, the commissioner shall inform the property owner that the property owner must petition the district court to release the lien.

(e) Any bail bonding agent who violates this subsection (3.5) shall be liable to the property owner for all damages that may be sustained by reason of the violation, plus statutory damages in the sum of three hundred dollars. The property owner shall be entitled to recover court costs and reasonable attorney fees, as determined by the court, upon prevailing in any action brought to enforce the provisions of this subsection (3.5).

(4) The professional cash-bail agent or cash-bonding agent shall prepare or execute separate agreements and documents for each time the agent posts a bail bond with the court. The agent shall give the indemnitor a copy of each document executed in the course of the bail bond transaction.

(5) For three years after the date of discharge of a bail bond and return of any collateral or proof of notice to the defendant or indemnitor that any promissory note has been satisfied, the

professional cash-bail agent or cash-bonding agent shall keep at the agent's business, copies of each receipt, indemnity agreement, bond, disclosure statement, payment plan, bond revocation request, or other document or information related to the bond transaction and shall make these documents available for inspection by the commissioner or the commissioner's authorized representative during normal business hours.

(6) The indemnitor may be the defendant.

(7) The commissioner may examine the business practices, books, and records of any professional cash-bail agent or cash-bonding agent as often as the commissioner deems appropriate.

Source: L. 2012: Entire article added with relocations, (HB 12-1266), ch. 280, p. 1522, § 41, effective July 1. **L. 2013:** (3.5) added, (HB 13-1236), ch. 202, p. 842, § 9, effective May 11. **L. 2017:** (3.5)(d) amended, (SB 17-236), ch. 312, p. 1678, § 3, effective August 9.

10-23-109. Business practices - price limits - collateral.

(1) A professional cash-bail agent or cash-bonding agent shall not charge a premium or commission of more than the greater of fifty dollars or fifteen percent of the amount of bail furnished. A professional cash-bail agent or cash-bonding agent shall not assess fees for any bail bond posted by the agent with the court unless the fee is for payment of a bail bond filing charged by a court or law enforcement agency, the fee is for the actual cost of storing collateral in a secure, self-service public storage facility, or the fee is for premium financing.

(2) If a professional cash-bail agent or cash-bonding agent has issued a disclosure statement in accordance with section 10-23-108 (2)(b), the agent may use collateral received from the defendant or indemnitor to secure the following obligations:

- (a) Compliance with the bond issued on behalf of the principal;
- (b) Any balance due on the premium, commission, or fee for the bail bond; and
- (c) Any actual costs incurred by the professional cash-bail agent or cash-bonding agent as a result of issuing the bail bond.

ANNOTATION

No standing to bring action enjoining release of criminal defendants. Bail bondsmen have no legal interest in bail procedures formulated by a county court decision so as to confer standing on them to bring an action for an injunctive order

prohibiting the county court from releasing criminal defendants pursuant to such pretrial release program. *Wimberly v. Ettenberg*, 194 Colo. 163, 570 P.2d 535 (1977) (decided under former law).

10-23-110. Repeal of article - review of functions.

This article 23 is repealed, effective September 1, 2034. Before the repeal, the functions of the commissioner and the division shall be reviewed in accordance with section 24-34-104.
