(c) (I) A resident individual is allowed an earned income tax credit against the taxes due under this article 22 that is equal to the applicable percentage set forth in subsection (2.7)(c)(II) of this section of the federal credit that the resident individual would have been allowed under section 32 (n)(1) of the internal revenue code, notwithstanding the date limitation set forth in section 32 (n) of the internal revenue code as specified in section 9621 (a) of the "American Rescue Plan Act of 2021", Pub.L. 117-2.

(II) Except as otherwise provided in subsection (3.5) of this section, the percentage used to calculate the amount of credit that can be claimed pursuant to subsection (2.7)(c)(I) of this section is:

(A) For the income tax year commencing on January 1, 2024, fifty percent;

(B) For the income tax year commencing on January 1, 2025, thirty-five percent; and

(C) For income tax years commencing on or after January 1, 2026, twenty-five percent.

(d) (I) For income tax years commencing on or after January 1, 2028, a resident individual is allowed an earned income tax credit against the taxes due under this article 22 that is equal to the applicable percentage, set forth in subsection (2.7)(d)(II) of this section, of the federal credit that the resident individual would have been allowed under section 32 (n)(2) of the internal revenue code, notwithstanding the date limitation set forth in section 32(n) of the internal revenue code as specified in section 9621 (a) of the "American Rescue Plan Act of 2021", Pub.L. 117-2.

(II) Except as otherwise provided in subsection (3.5) of this section, the percentage used to calculate the amount of credit that can be claimed pursuant to subsection (2.7)(d)(I) of this section is twenty-five percent.

(2.8) (a) For income tax years commencing on or after January 1, 2023, but before January 1, 2024, only, the rate of credit allowed for the resident individuals described in subsections (2),

(2.5), and (2.7) of this section, respectively, is increased from twenty-five percent to fifty percent of the federal credit described in the respective subsections (2), (2.5), and (2.7) of this section.

(b) The general assembly finds and declares that increasing the rate of the credit as specified in subsection (2.8)(a) of this section reduces the amount of state revenues, as defined in section 24-77-103.6 (6)(c), for the 2023-24 state fiscal year and is therefore, after excess state revenues for the 2022-23 state fiscal year are refunded pursuant to sections 39-3-209, 39-3-210, and any other refund mechanism provided for in law other than the refund mechanism provided for in part 20 of this article 22, a reasonable method of refunding a portion of any remaining excess state revenues for the 2022-23 state fiscal year that are required to be refunded in the 2023-24 state fiscal year in accordance with section 20 (7)(d) of the state constitution.

(c) This subsection (2.8) is repealed, effective December 31, 2034.

(3) Repealed.

(3.5) (a) As used in this subsection (3.5), unless the context otherwise requires:

(I) "Applicable forecast" means either the quarterly December revenue forecast prepared by legislative council staff or the quarterly December revenue forecast prepared by the office of state planning and budgeting in the December immediately preceding the applicable state fiscal year as determined by which immediately preceding March forecast the joint budget committee of the general assembly used in the preparation of the state budget.

(II) "Applicable state fiscal year" means the fiscal year that begins in the income tax year for which the credit is allowed.

(III) "BV" means the estimate of the state's nonexempt revenue for state fiscal year 2024-25 included in the 2024 office of state planning and budgeting March revenue forecast.

(IV) "CAGR" means the estimated compound annual growth rate.

(V) "Estimated adjustment factor" means, for a given income tax year, the CAGR for nonexempt revenue that is calculated by the executive director according to the following formula:

$$CAGR = \left( \left( \frac{EV}{BV} \right)^{1/n} - 1 \right) \times 100$$

(VI) "EV" means the estimate of the state's nonexempt revenue for the applicable state fiscal year included in the applicable forecast excluding the projected aggregate amount of the increased portion of the earned income tax credit allowed pursuant to subsection (3.5)(b) or (3.5)(c) of this section and the projected aggregate amount of the credit allowed pursuant to

section 39-22-130, created in House Bill 24-1311, enacted in 2024, for the given income tax year.

(VII) "n" means, for the applicable state fiscal year, the number of state fiscal years that have passed since the 2024-25 state fiscal year.

(VIII) ***[Editor's note: This version of subsection (3.5)(a)(VIII) is effective unless Senate Bill 26-135 is approved by the voters at the 2026 statewide election and becomes law.]*** "Nonexempt revenue" means, for the applicable state fiscal year, the revenues that are identified as nonexempt revenues in the annual comprehensive financial report published by the office of the state controller.

(VIII) ***[Editor's note: This version of subsection (3.5)(a)(VIII) takes effect only if Senate Bill 26-135 is approved by the voters at the 2026 statewide election and becomes law.]*** "Nonexempt revenue" means, for the applicable state fiscal year, the revenues that are identified as nonexempt revenues in the annual comprehensive financial report published by the office of the state controller; except that, for state fiscal years commencing on or after July 1, 2026, nonexempt revenue includes state public education funding as defined in section 24-77-301 (2).

(b) (I) For the income tax year commencing on January 1, 2025, the percentage of the federal earned income tax credit that the resident individual claimed or could have claimed that is used to calculate the amount of earned income tax credit allowed pursuant to subsections (2)(d), (2.5)(e), (2.7)(c), and (2.7)(d) of this section is increased by fifteen percentage points if the estimated adjustment factor is equal to or greater than two percent.

(II) This subsection (3.5)(b) is repealed, effective December 31, 2035.

(c) For income tax years commencing on or after January 1, 2026, the percentage of the federal earned income tax credit that the resident individual claimed or could have claimed that is used to calculate the amount of earned income tax credit allowed pursuant to subsections (2)(d), (2.5)(e), (2.7)(c), and (2.7)(d) of this section is increased as follows if the estimated adjustment factor is as follows:

(I) Equal to or greater than three percent but less than three and eighteen one-hundredths percent, by five percentage points;

(II) Equal to or greater than three and eighteen one-hundredths percent but less than three and thirty-seven one-hundredths percent, by ten percentage points;

(III) Equal to or greater than three and thirty-seven one-hundredths percent but less than three and fifty-six one-hundredths percent, by fifteen percentage points;

(IV) Equal to or greater than three and fifty-six one-hundredths percent but less than three and seventy-five one-hundredths percent, by twenty percentage points; and

(V) Equal to or greater than three and seventy-five one-hundredths percent, by twenty-five percentage points.

(4) The amount of the credit allowed under this section that exceeds the resident individual's income taxes due is refunded to the individual.

(5) In the case of a part-year resident, the credit allowed under this section is apportioned in the ratio determined under section 39-22-110 (1).

(6) The credit allowed under this section is not considered to be income or resources for the purpose of determining eligibility for the payment of public assistance benefits and medical assistance benefits authorized under state law or for a payment made under any other publicly funded programs.

**39-22-123.7. Earned income tax credit - pilot program - pre-populated tax return - rules - report - repeal.**

(1) There is created in the department of revenue a pilot program to assist up to one hundred thousand households in filing or amending a federal income tax return, a state income tax return, or both, and claiming the federal and state earned income tax or child tax credits for up to two prior tax years. Depending upon the available resources of the third-party entity described in subsection (2) of this section, the pilot program shall:

(a) Assist resident individuals in filing a federal or state income tax return and claiming the federal or state earned income tax credit, the federal or state child tax credit, or both, for up to two prior tax years; or

(b) Assist resident individuals in amending their federal income tax returns, their state income tax returns, or both, for up to two prior tax years in order to claim the federal and state earned income tax and child tax credits.

(2) As third-party resources allow, a third-party entity shall create a pre-populated federal or state income tax return, or both, for one of the two options described in subsection (1) of this section for up to one hundred thousand resident households that appear to qualify for the earned income tax credit or child tax credit in up to two prior tax years. For participating residents, the third-party entity may also pre-populate other parts of the tax returns using information provided by the resident for completing necessary tax credit applications, and, where possible, submit the pre-populated forms to the department of revenue or internal revenue service, as applicable.

(3) (a) To develop, implement, and administer the pilot program described in this section, the department of revenue shall:

(I) Collaborate with a third-party entity to identify the population of up to one hundred thousand resident households who may be eligible to claim the prior year tax credits identified in subsection (1) of this section;

(II) Notify the households identified pursuant to subsection (3)(a)(I) of this section about the availability of the pilot program and instruct them on how to access the program and provide the consent required by subsection (3)(a)(III) of this section;

(III) Develop a mechanism to share wage data with the third-party entity; and

(IV) Develop a system for resident individuals to digitally consent to having wage data shared with the third-party entity.

(b) The department of revenue may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

(c) As resources permit, the department of revenue may collaborate with the internal revenue service.

(d) The department of revenue shall develop, implement, and begin to administer the pilot program no later than August 15, 2025.

(4) (a) Information that the department of revenue may provide pursuant to this section is subject to any limitations imposed pursuant to section 6103 of the internal revenue code. The third-party entity shall secure the information shared pursuant to this section.

(b) Information provided to the third-party entity pursuant to this section remains confidential, and all agents, clerks, and employees of the third-party entity are subject to the limitations set forth in section 39-21-113 (4) and the penalties contained in section 39-21-113 (6) to the same extent as agents, clerks, and employees of the department of revenue.

(5) The third-party entity selected pursuant to subsection (3)(a)(I) of this section shall provide a written report to members of the senate and house finance committees no later than December 15, 2025. The report shall provide information that includes:

(a) The number of pre-populated federal income tax returns completed;

(b) The total number of each tax credit claimed as a result of the pilot program set forth in this section;

(c) An estimate of the amount of money claimed through the pilot program set forth in this section;

(d) The number of returns that were supported through information shared pursuant to this section; and

(e) Recommendations for improving and continuing the pilot program.

(6) This section is repealed, effective January 1, 2027.

**39-22-129. Child tax credit - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) The federal child tax credit, which includes the refundable portion of the credit commonly known as the additional child tax credit, supports low- and middle-income working families whose earnings are below an income threshold and who have children under seventeen years of age;

(II) Since its establishment at the federal level in 1997, the credit has increased family income, reduced child poverty among families with children, and supported local economies; and

(III) The credit has a positive impact on the early childhood development and health of children whose families gain income from the credit.

(b) Now, therefore, it is the intent of the general assembly to establish a permanent and refundable state child tax credit for eligible Colorado taxpayers. The intended purpose of this credit is to support Colorado working families with young children, reduce child poverty, and to help Colorado's economy.

(2) As used in this section:

(a) (I) "Eligible child" means, for income tax years commencing before January 1, 2024, a qualifying child for purposes of the federal child tax credit who is under six years of age at the end of the taxable year for which the credit is claimed.

(II) "Eligible child" means, for income tax years commencing on or after January 1, 2024, a qualifying child, as defined in section 152 (c) of the internal revenue code, who is under six years of age at the end of the taxable year for which the credit is claimed.

(b) "Federal child tax credit" means the child tax credit allowed under section 24 of the internal revenue code, or any successor section, and includes the refundable portion of the tax credit, which portion is referred to as the additional child credit.

(3) (a) Except as provided in subsection (4) of this section, for income tax years commencing on or after January 1, 2022, but before January 1, 2024, a resident individual who claims a federal child tax credit for an eligible child on the individual's federal tax return is allowed a child tax credit in the amount set forth in subsection (3)(b) or (3)(c) of this section against the income taxes due under this article 22 for the same tax year.

(b) (I) For a resident individual who files a single return, the amount of the credit is equal to:

(A) Thirty percent of the federal child tax credit that the resident individual claimed on his or her federal tax return for each eligible child, if the individual's federal adjusted gross income is twenty-five thousand dollars or less;

(B) Fifteen percent of the federal child tax credit that the resident individual claimed on his or her federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than twenty-five thousand dollars but less than or equal to fifty thousand dollars; and

(C) Five percent of the federal child tax credit that the resident individual claimed on his or her federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than fifty thousand dollars but less than or equal to seventy-five thousand dollars.

(II) A resident individual who files a single return and whose federal adjusted gross income is greater than seventy-five thousand dollars is not allowed a credit under this section.

(c) (I) For two resident individuals who file a joint return, the amount of the credit is equal to:

(A) Thirty percent of the federal child tax credit that the resident individuals claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is thirty-five thousand dollars or less;

(B) Fifteen percent of the federal child tax credit that the resident individuals claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than thirty-five thousand dollars but less than or equal to sixty thousand dollars; and

(C) Five percent of the federal child tax credit that the resident individuals claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than sixty thousand dollars but less than or equal to eighty-five thousand dollars.

(II) Two resident individuals who file a joint return and whose federal adjusted gross income is greater than eighty-five thousand dollars are not allowed a credit under this section.

(3.5) (a) Except as provided in subsection (4) of this section, for income tax years commencing on or after January 1, 2022, but before January 1, 2024, a resident individual who could have claimed a federal child tax credit for an eligible child on the individual's federal tax return had section 24 (h)(7) of the internal revenue code not applied to the definition of qualifying child, is allowed a child tax credit in the amount set forth in subsection (3.5)(b) or (3.5)(c) of this section against the income taxes due under this article 22 for the same tax year.

(b) (I) For a resident individual who files a single return, the amount of the credit is equal to:

(A) Thirty percent of the federal child tax credit that the resident individual could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is twenty-five thousand dollars or less;

(B) Fifteen percent of the federal child tax credit that the resident individual could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than twenty-five thousand dollars but less than or equal to fifty thousand dollars; and

(C) Five percent of the federal child tax credit that the resident individual could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than fifty thousand dollars but less than or equal to seventy-five thousand dollars.

(II) A resident individual who files a single return and whose federal adjusted gross income is greater than seventy-five thousand dollars is not allowed a credit under this section.

(c) (I) For two resident individuals who file a joint return, the amount of the credit is equal to:

(A) Thirty percent of the federal child tax credit that the resident individuals could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is thirty-five thousand dollars or less;

(B) Fifteen percent of the federal child tax credit that the resident individuals could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than thirty-five thousand dollars but less than or equal to sixty thousand dollars; and

(C) Five percent of the federal child tax credit that the resident individuals could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than sixty thousand dollars but less than or equal to eighty-five thousand dollars.

(II) Two resident individuals who file a joint return and whose federal adjusted gross income is greater than eighty-five thousand dollars are not allowed a credit under this section.

(4) In any income tax year commencing on or after January 1, 2022, but before January 1, 2024, if the changes specified in section 9611 of the "American Rescue Plan Act of 2021", Pub.L. 117-2, are no longer applicable to the federal child tax credit allowed in section 24 of the internal revenue code, then the amount of the child tax credit allowed in this section is as follows:

(a) (I) For a resident individual who files a single return, the amount of the credit is equal to:

(A) Sixty percent of the federal child tax credit that the resident individual claimed or could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is twenty-five thousand dollars or less;

(B) Thirty percent of the federal child tax credit that the resident individual claimed or could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than twenty-five thousand dollars but less than or equal to fifty thousand dollars; and

(C) Ten percent of the federal child tax credit that the resident individual claimed or could have claimed on their federal tax return for each eligible child, if the individual's federal adjusted gross income is greater than fifty thousand dollars but less than or equal to seventy-five thousand dollars.

(II) A resident individual who files a single return and whose federal adjusted gross income is greater than seventy-five thousand dollars is not allowed a credit under this section.

(b) (I) For two resident individuals who file a joint return, the amount of the credit is equal to:

(A) Sixty percent of the federal child tax credit that the resident individuals claimed or could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is thirty-five thousand dollars or less;

(B) Thirty percent of the federal child tax credit that the resident individuals claimed or could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than thirty-five thousand dollars but less than or equal to sixty thousand dollars; and

(C) Ten percent of the federal child tax credit that the resident individuals claimed or could have claimed on their federal tax return for each eligible child, if the individuals' federal adjusted gross income is greater than sixty thousand dollars but less than or equal to eighty-five thousand dollars.

(II) Two resident individuals who file a joint return and whose federal adjusted gross income is greater than eighty-five thousand dollars are not allowed a credit under this section.

(4.5) (a) (I) For income tax years commencing on or after January 1, 2024, a resident individual who files a single return is allowed a child tax credit against the income taxes due under this article 22 for each eligible child of the taxpayer in the following amounts:

(A) One thousand two hundred dollars if the individual's federal adjusted gross income is twenty-five thousand dollars or less;

(B) Six hundred dollars if the individual's federal adjusted gross income is greater than twenty-five thousand dollars but less than or equal to fifty thousand dollars; and

(C) Two hundred dollars if the individual's federal adjusted gross income is greater than fifty thousand dollars but less than or equal to seventy-five thousand dollars.

(II) For income tax years commencing on or after January 1, 2024, two resident individuals who file a joint return are allowed a child tax credit against the income taxes due under this article 22 for each eligible child of the taxpayer in the following amounts:

(A) One thousand two hundred dollars if the individuals' federal adjusted gross income is thirty-five thousand dollars or less;

(B) Six hundred dollars if the individuals' federal adjusted gross income is greater than thirty-five thousand dollars but less than or equal to sixty thousand dollars; and

(C) Two hundred dollars if the individuals' federal adjusted gross income is greater than sixty thousand dollars but less than or equal to eighty-five thousand dollars.

(b) (I) A resident individual who files a single return and whose federal adjusted gross income is greater than seventy-five thousand dollars is not allowed a credit under this section.

(II) Two resident individuals who file a joint return and whose federal adjusted gross income is greater than eighty-five thousand dollars are not allowed a credit under this section.

(5) The amount of the credit allowed under this section that exceeds the resident individual's income taxes due is refunded to the individual.

(6) In the case of a part-year resident, the credit allowed under this section is apportioned in the ratio determined under section 39-22-110 (1).

(7) The credit allowed under this section is not considered to be income or resources for the purpose of determining eligibility for the payment of public assistance benefits and medical assistance benefits authorized under state law or for a payment made under any other publicly funded programs.

(8) (a) For income tax years commencing on or after January 1, 2025, the department of revenue shall adjust the federal adjusted gross income amounts set forth in this section to reflect inflation for each income tax year in which the credit described in this section is allowed if cumulative inflation since the last adjustment, when applied to the current limits, results in an increase of at least one thousand dollars when the adjusted limits are rounded to the nearest one thousand dollars.

(b) As used in this subsection (8), "inflation" means the annual percentage change in the United States department of labor bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable successor index.

(9) Subsections (3), (3.5), and (4) of this section and this subsection (9) are repealed, effective December 31, 2026.

**39-22-130. Family affordability tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) Colorado families struggle to afford many necessary goods and services, such as child care, housing, and health care. Eighty-three percent of Colorado parents worry that their children won't be able to afford to live in the state in the future.

(II) Targeted tax credits are a proven tool to lift families out of poverty. Research has shown that families that claim these types of tax credits, such as the state and federal child tax credit and the state and federal earned income tax credit, have better health, improved schooling outcomes, and increased adult earning potential. As the cost of raising children has increased, a family affordability tax credit is critical for the well-being of many children and families across Colorado.

(III) According to the Institute on Taxation and Economic Policy, "[t]o cut child poverty rates by half, the majority of states would require a base credit value of between three thousand dollars and four thousand five hundred dollars per child plus a twenty percent boost for young children." When coupled with the state and federal earned income tax credit and the state and federal child tax credit, the additional investment provided by the family affordability tax credit would establish Colorado as a national leader in equitable economic policy.

(IV) Colorado is dealing with rising costs and funding shortfalls in many areas across our state, and it is necessary to provide tax credits to the people who need it most in a way that will do the most good. Establishing the family affordability tax credit is a proven way to do that.

(V) By prioritizing the state's lowest-income families, expanding the child age eligibility, and including more families, the state can provide research-backed investments for families. Through thoughtful and strategic investment, Colorado can cut child poverty nearly in half.

(b) The general assembly declares its intent to periodically review the tax credit created in this section in an effort to prevent a significant increase or decrease, adjusted for inflation, in the total amount of the credit claimed by taxpayers year over year starting in income tax year 2025.

(c) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to substantially reduce child poverty, make Colorado more affordable for families, and help families afford expenses associated with having children by providing tax relief for certain individuals.

(d) The general assembly and the state auditor, in consultation with the department of revenue, shall measure the effectiveness of the exemption allowed by this section by determining the number of Colorado families who, after claiming a credit or credits in this section, no longer fall below the federal poverty level in the tax year in which they claimed the credit or credits.

(2) As used in this section, unless the context otherwise requires:

(a) "Eligible child" means a qualifying child, as defined in section 152 (c) of the "Internal Revenue Code of 1986"; except that the age requirements are as set forth in subsections (3)(a)(I), (3)(a)(II), (3)(b)(I), and (3)(b)(II) of this section.

(b) (I) "Estimated adjustment factor" means, for a given income tax year, the CAGR for nonexempt revenue that is calculated according to the following formula, as adjusted pursuant to subsection (2)(b)(IV) of this section:

$$CAGR = \left( \left( \frac{EV}{BV} \right)^{1/n} - 1 \right) \times 100$$
$$CAGR = \left( \left( \frac{EV}{BV} \right)^{1/n} - 1 \right) \times 100$$

(II) As used in this subsection (2)(b):

(A) "Applicable forecast" means either the quarterly December revenue forecast prepared by legislative council staff or the quarterly December revenue forecast prepared by the office of state planning and budgeting in the December immediately preceding the applicable state fiscal year, as determined by which immediately preceding March forecast the joint budget committee of the general assembly used in the preparation of the state budget.

(B) "Applicable state fiscal year" means the fiscal year that begins in the income tax year for which the credit is allowed.

(C) "BV" means the estimate of the state's nonexempt revenue for state fiscal year 2024-25 included in the 2024 office of state planning and budgeting March revenue forecast.

(D) "CAGR" means the estimated compound annual growth rate.

(E) "EV" means the estimate of the state's nonexempt revenue for the applicable state fiscal year included in the applicable forecast excluding the projected aggregate amount of the tax credit allowed pursuant to this section and the projected aggregate amount of the increased portion of the earned income tax credit allowed pursuant to section 39-22-123.5 (3.5), created in House Bill 24-1134, enacted in 2024, for the given income tax year.

(F) "n" means, for the applicable state fiscal year, the number of state fiscal years that have passed since the 2024-25 state fiscal year.

(G) ***[Editor's note: This version of subsection (2)(b)(II)(G) is effective unless Senate Bill 26-135 is approved by the voters at the 2026 statewide election and becomes law.]*** "Nonexempt revenue" means, for the applicable state fiscal year, the revenue that is identified as nonexempt TABOR revenues in the annual comprehensive financial report published by the office of the state controller.

(G) *[Editor's note: This version of subsection (2)(b)(II)(G) takes effect only if Senate Bill 26-135 is approved by the voters at the 2026 statewide election and becomes law.]* "Nonexempt revenue" means, for the applicable state fiscal year, the revenue that is identified as nonexempt TABOR revenues in the annual comprehensive financial report published by the office of the state controller; except that, for state fiscal years commencing on or after July 1, 2026, nonexempt revenue includes state public education funding as defined in section 24-77-301 (2).

(H) "TABOR" means section 20 of article X of the state constitution.

(III) The executive director shall calculate the estimated adjustment factor in accordance with this section.

(IV) The estimated adjustment factor must be increased by one-tenth of one percentage point if the Colorado unemployment rate, as calculated by the United States bureau of labor statistics, reaches five percent and must be increased by an additional one-tenth of one percentage point for every one percentage point increase in the Colorado unemployment rate above five percent.

(c) "Federal poverty level" means the poverty line that is required to be updated annually within the federal poverty guidelines adopted by the United States department of health and human services pursuant to 42 U.S.C. sec. 9902 (2).

(d) "Inflation" means the annual percentage change in the United States department of labor bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable successor index.

(3) (a) In addition to the child tax credit allowed by section 39-22-129, for income tax years commencing on or after January 1, 2024, but before January 1, 2034, a resident individual who files a single return is allowed a family affordability tax credit against the income taxes due under this article 22 for:

(I) Each eligible child of the resident individual who is five years of age or younger at the close of the income tax year in the amount of three thousand two hundred dollars, adjusted for inflation and as modified by subsections (4), (5), and (6) of this section; and

(II) Each eligible child of the resident individual who is six years of age or older but less than seventeen years of age at the close of the income tax year in an amount that is seventy-five percent of the amount allowed in subsection (3)(a)(I) of this section, as modified by subsections (4), (5), and (6) of this section.

(b) In addition to the child tax credit allowed by section 39-22-129, for income tax years commencing on or after January 1, 2024, but before January 1, 2034, two resident individuals who file a joint return are allowed a family affordability tax credit against the income taxes due under this article 22 for:

(I) Each eligible child of the resident individuals who is five years of age or younger at the close of the income tax year in the amount of three thousand two hundred dollars, adjusted for inflation and as modified by subsections (4), (5), and (6) of this section; and

(II) Each eligible child of the resident individuals who is six years of age or older but less than seventeen years of age at the close of the income tax year in an amount that is seventy-five percent of the amount allowed in subsection (3)(b)(I) of this section, as modified by subsections (4), (5), and (6) of this section.

(4) For income tax years commencing on or after January 1, 2024, but before January 1, 2025, the credit amounts in:

(a) Subsection (3)(a)(I) of this section are reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(b) Subsection (3)(b)(I) of this section are reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars.

(5) For income tax years commencing on or after January 1, 2025, but before January 1, 2026, if the estimated adjustment factor is:

(a) Greater than or equal to two percent:

(I) The full credit amount set forth in subsection (3)(a)(I) of this section is allowed for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the full credit amount set forth in subsection (3)(b)(I) of this section is allowed for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section is reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section is reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars; or

(b) Less than two percent, no credit is allowed pursuant to this section.

(6) For income tax years commencing on or after January 1, 2026, but before January 1, 2034, if the estimated adjustment factor for the income tax year is:

(a) Greater than or equal to three and seventy-five one-hundredths percent:

(I) The full credit amount set forth in subsection (3)(a)(I) of this section is allowed for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the full credit amount set forth in subsection (3)(b)(I) of this section is allowed for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section is reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section is reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars;

(b) Greater than or equal to three and fifty-six one-hundredths percent, but less than three and seventy-five one-hundredths percent, then:

(I) The full credit amount set forth in subsection (3)(a)(I) of this section is allowed for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the full credit amount set forth in subsection (3)(b)(I) of this section is allowed for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section is reduced, but not below zero, by an amount equal to nine and six one-hundredths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section is reduced, but not below zero, by an amount equal to nine and six one-hundredths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars;

(c) Greater than or equal to three and thirty-seven one-hundredths percent, but less than three and fifty-six one-hundredths percent, then:

(I) The full credit amount set forth in subsection (3)(a)(I) of this section is allowed for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the full credit amount set forth in subsection (3)(b)(I) of this section is allowed for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section is reduced, but not below zero, by an amount equal to thirteen and fifty-nine one-hundredths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section is reduced, but not below zero, by an amount equal to thirteen and fifty-nine one-hundredths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars;

(d) Greater than or equal to three and eighteen one-hundredths percent, but less than three and thirty-seven one-hundredths percent, then:

(I) The credit amount set forth in subsection (3)(a)(I) of this section is reduced to two thousand six hundred dollars, adjusted for inflation, for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the credit amount set forth in subsection (3)(b)(I) of this section is reduced to two thousand six hundred dollars, adjusted for inflation, for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section, as modified by subsection (6)(d)(I) of this section, is reduced, but not below zero, by an amount equal to nineteen and twenty-three one-hundredths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section, as modified by subsection (6)(d)(I) of this section, will be reduced, but not below zero, by an amount equal to nineteen and twenty-three one-hundredths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars;

(e) Greater than or equal to three percent, but less than three and eighteen one-hundredths percent, then:

(I) The credit amount set forth in subsection (3)(a)(I) of this section is reduced to one thousand six hundred fifty dollars, adjusted for inflation, for a resident individual who files a single return with an adjusted gross income of fifteen thousand dollars or less, and the credit amount set forth in subsection (3)(b)(I) of this section is reduced to one thousand six hundred fifty dollars, adjusted for inflation, for two resident individuals who file a joint return with an adjusted gross income of twenty-five thousand dollars or less;

(II) The credit amount in subsection (3)(a)(I) of this section, as modified by subsection (6)(e)(I) of this section, is reduced, but not below zero, by an amount equal to thirty and thirty one-hundredths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds fifteen thousand dollars; and

(III) The credit amount in subsection (3)(b)(I) of this section, as modified by subsection (6)(e)(I) of this section, is reduced, but not below zero, by an amount equal to thirty and thirty one-hundredths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds twenty-five thousand dollars; or

(f) Less than three percent, no credit is allowed pursuant to this section.

(7) For income tax years commencing on or after January 1, 2025, the department of revenue shall adjust the federal adjusted gross income amounts set forth in this section to reflect inflation for each income tax year in which the credit described in this section is allowed if cumulative inflation since the last adjustment, when applied to the current limits, results in an increase of at least one thousand dollars when the adjusted limits are rounded to the nearest one thousand dollars.

(8) In the case of a part-year resident, the credit allowed under this section is apportioned in the ratio determined under section 39-22-110 (1).

(9) The credit allowed under this section is not considered to be income or resources for the purpose of determining eligibility for the payment of public assistance benefits and medical assistance benefits authorized under state law or for a payment made under any other publicly funded programs.

(10) The amount of the credit allowed under this section that exceeds the resident individual's income taxes due is refunded to the individual.

(11) The department of revenue is authorized and encouraged to develop a means of refunding the credits allowed by this section to resident individuals who qualify for the credits in twelve equal monthly refunds rather than annually.

(12) This section is repealed, effective December 31, 2037.

**39-22-131. Family affordability credit - tax preference performance statement - legislative declaration - definitions.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the income tax credit created in this section are the same as the family affordability tax credit: To substantially reduce child poverty, make Colorado more affordable for families, and help families afford expenses associated with having children by providing tax relief for certain individuals.

(b) The general assembly and the state auditor, in consultation with the department, shall measure the effectiveness of the income tax credit created in this section in combination with the family affordability tax credit and, in the same manner as the general assembly and the state auditor measure the effectiveness of the family affordability tax credit by determining the number of Colorado families that, after claiming a credit pursuant to this section and the family affordability tax credit, no longer fall below the federal poverty level in the tax year in which they claimed the credits.

(2) As used in this section, unless the context otherwise requires:

(a) "Credit" means the credit against income tax created in this section.

(b) "Department" means the department of revenue.

(c) "Eligible child" means a qualifying child, as defined in section 152 (c) of the "Internal Revenue Code of 1986"; except that the age requirements are as set forth in subsections (3)(a)(I), (3)(a)(II), (3)(b)(I), and (3)(b)(II) of this section.

(d) "Federal poverty level" means the poverty line that is required to be updated annually within the federal poverty guidelines adopted by the United States department of health and human services pursuant to 42 U.S.C. sec. 9902 (2).

(e) "Inflation" means the annual percentage change in the United States department of labor bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable successor index.

(f) "Joint filer adjusted base income" means, for income tax years commencing before January 1, 2034, an amount of adjusted gross income equal to the amount of adjusted gross

income determined by the department pursuant to section 39-22-130 (7) to be necessary for two resident individuals who file a joint return to qualify for the family affordability tax credit pursuant to section 39-22-130 for the income tax year commencing on January 1, 2027.

(g) "Single filer adjusted base income" means, for income tax years commencing before January 1, 2034, an amount of adjusted gross income equal to the amount of adjusted gross income determined by the department pursuant to section 39-22-130 (7) to be necessary for a single resident individual who files a single return to qualify for the family affordability tax credit pursuant to section 39-22-130 for the income tax year commencing on January 1, 2027.

(3) (a) In addition to the child tax credit allowed by section 39-22-129 and the family affordability tax credit allowed by section 39-22-130, for income tax years commencing on or after January 1, 2027, a resident individual who files a single return is allowed a credit against the income taxes imposed pursuant to this article 22 for:

(I) Each eligible child of the resident individual who is five years old or younger at the close of the income tax year in an amount determined by staff of the legislative council pursuant to subsection (5)(b) of this section; and

(II) Each eligible child of the resident individual who is six years old or older but less than seventeen years old at the close of the income tax year in an amount that is seventy-five percent of the amount allowed in subsection (3)(a)(I) of this section.

(b) In addition to the child tax credit allowed by section 39-22-129 and the family affordability tax credit allowed by section 39-22-130, for income tax years commencing on or after January 1, 2027, two resident individuals who file a joint return are allowed a credit against the income taxes due imposed pursuant to this article 22 for:

(I) Each eligible child of the resident individual who is five years old or younger at the close of the income tax year in an amount determined by staff of the legislative council pursuant to subsection (5)(b) of this section; and

(II) Each eligible child of the resident individual who is six years old or older but less than seventeen years old at the close of the income tax year in an amount that is seventy-five percent of the amount allowed in subsection (3)(b)(I) of this section.

(4) (a) Notwithstanding subsection (3) of this section, for income tax years commencing on or after January 1, 2027, the credit amounts in:

(I) Subsection (3)(a)(I) of this section are reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which a resident individual's adjusted gross income exceeds the single filer adjusted base income; and

(II) Subsection (3)(b)(I) of this section are reduced, but not below zero, by an amount equal to six and eight hundred seventy-five one-thousandths percent for each five thousand dollars by which two resident individuals' adjusted gross income exceeds the joint filer adjusted base income.

(b) For income tax years commencing on or after January 1, 2028, the department shall adjust the joint filer adjusted based income and single filer adjusted base income to reflect inflation for each income tax year in which the credit described in this section is allowed if cumulative inflation since the last adjustment, when applied to the current limits, results in an increase of at least one thousand dollars when the adjusted limits are rounded to the nearest one thousand dollars.

(5) Beginning with the quarterly June revenue forecast that legislative council staff presents in June of 2027, and for each June revenue forecast thereafter, as part of the quarterly June revenue forecast, legislative council staff shall determine:

(a) For the current calendar year, a projection of the change in state revenue directly attributable to the changes made in this House Bill 26-1223, notwithstanding the credit created in this section;

(b) A dollar amount of the credit available pursuant to subsections (3)(a)(I) and (3)(b)(I) of this section, which dollar amount must be the same for both subsections (3)(a)(I) and (3)(b)(I) of this section, such that the staff of the legislative council projects, for the current calendar year, that the total dollar amount of credits claimed pursuant to subsection (3) of this section will equal the dollar amount that staff of the legislative council determines pursuant to subsection (5)(a) of this section.

(6) In the case of a part-year resident, the credit is apportioned in the ratio determined under section 39-22-110 (1).

(7) The credit is not considered to be income or resources for the purpose of determining eligibility for the payment of public assistance benefits and medical assistance benefits authorized under state law or for a payment made under any other publicly funded program.

(8) The amount of the credit that exceeds the resident individual's income taxes due is refunded to the individual.

(9) The department is authorized and encouraged to develop a means of refunding the credits to resident individuals who qualify for the credits in twelve equal monthly refunds rather than annually.

(10) Notwithstanding section 39-21-304 (4), the credit does not repeal after a specified period of tax years.

**Source: L. 2026:** Entire section added, (HB 26-1223), ch. 379, p. 2348, § 1, effective June 4.

**Editor's note:** Section 10 of chapter 379 (HB 26-1223), Session Laws of Colorado 2026, provides that the act adding this section takes effect only if HB 26-1221 and HB 26-1222 do not become law. HB 26-1221 and HB 26-1222 did not become law.

## PART 2

### PARTNERS AND PARTNERSHIPS

#### **39-22-201. Partners, not partnership, subject to tax.**

A partnership as such shall not be subject to tax under this article. Persons carrying on business as partners shall be liable for the tax and the alternative minimum tax under this article only in their separate or individual capacities.

**Source: L. 64:** R&RE, p. 766, § 1. **C.R.S. 1963:** § 138-1-25. **L. 67:** p. 849, § 1. **L. 87:** Entire section amended, p. 1437, § 3, effective June 22.

#### **39-22-202. Resident partners - definition.**

(1) In determining the federal taxable income of a resident partner for Colorado income tax purposes, any modification described in section 39-22-104 which relates to an item of partnership income, gain, loss, or deduction shall be made in accordance with the partner's distributive share, for federal income tax purposes, of the item to which the modification relates. Where a partner's distributive share of any such item is not required to be taken into account separately for federal income tax purposes, the partner's distributive share of such item shall be determined in accordance with his distributive share, for federal income tax purposes, of partnership taxable income or loss generally.

(2) Each item of partnership income, gain, loss, deduction, or credit shall have the same character for a partner under this article as for federal income tax purposes.

(3) Where a partner's distributive share of an item of partnership income, gain, loss, deduction, or credit is determined for federal income tax purposes by special provision of the partnership agreement with respect to such item and where the principal purpose of such provision is the avoidance or evasion of tax under this article, the partner's distributive share of such item and any modification required with respect thereto shall be determined as if the partnership agreement made no special provision with respect to such item.

(4) For purposes of section 39-22-108, each resident partner is considered to have paid a tax on each resident partner in an amount equal to each resident partner's pro rata share of any net income tax paid by the partnership to a state that does not measure the income of partners of a partnership by reference to the income of the partnership. As used in this subsection (4), "net income tax" means any tax imposed on, or measured by, a partnership's net income.

#### **39-22-203. Nonresident partners.**

(1) (a) In determining Colorado nonresident federal taxable income of a nonresident partner of any partnership, there shall be included only the portion of such partner's distributive share of items of partnership income, gain, loss, deduction, or credit derived from sources within Colorado determined in accordance with the provisions of section 39-22-109 or, at the partnership's election, apportioned or allocated to this state pursuant to section 39-22-303.5, 39-22-303.6, or 39-22-303.7.

(b) Repealed.

(2) In determining the sources of a nonresident partner's income for the purposes of Colorado income tax, no effect shall be given to a provision in the partnership agreement which:

(a) Characterizes payments to the partner as being for services or for the use of capital; or

(b) Allocates to the partner, as income or gain from sources outside Colorado, a greater portion of his distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside Colorado to partnership income or gain from all sources, except as authorized in subsection (4) of this section; or

(c) Allocates to the partner a greater proportion of a partnership item of loss or deduction connected with sources within Colorado than his proportionate share, for federal income tax purposes, of partnership loss or deduction generally, except as authorized in subsection (4) of this section.

(3) Repealed.

(4) The executive director may authorize the use of such other methods of determining a nonresident partner's portion of partnership items derived from or connected with sources within Colorado, and the modifications related thereto, as may be appropriate and equitable, on such terms and conditions as he may require.

(5) (a) A nonresident partner's distributive share of items shall be determined under section 39-22-202 (1).

(b) The character of partnership items for a nonresident partner shall be determined under section 39-22-202 (2).

(c) The effect of a special provision in a partnership agreement having the principal purpose of avoidance or evasion of tax under this article shall be determined under section 39-22-202 (3).

PART 3  
CORPORATIONS  
SUBPART 1  
C CORPORATIONS

**39-22-300.1. Short title - citation.**

This subpart 1 shall be comprised of sections 39-22-300.1 to 39-22-310 and may be cited as subpart 1. This subpart 1 shall be known and may be cited as the "Colorado C Corporation Income Tax Act".

**ANNOTATION**

**Law reviews.** For article, "Choice of Entities in Colorado", see 23 Colo. Law. 293 (1994).

**39-22-301. Corporate tax imposed - repeal.**

(1) (a) to (c) Repealed.

(d) (I) A tax is imposed upon each domestic C corporation, foreign C corporation, and combined group, as defined in section 39-22-303 (12)(a.3), doing business in Colorado annually in an amount of the net income of such C corporation during the year derived from sources within Colorado as set forth in the following schedule of rates:

(A) to (I) Repealed.

(J) Except as otherwise provided in section 39-22-627, for income tax years commencing on or after January 1, 2020, but before January 1, 2022, four and fifty-five one-hundredths percent of the Colorado net income. This subsection (1)(d)(I)(J) is repealed, effective December 31, 2026.

(K) Except as otherwise provided in section 39-22-627, for income tax years commencing on or after January 1, 2022, four and forty one-hundredths percent of the Colorado net income.

(II) For purposes of this paragraph (d), income from sources within Colorado shall be determined in accordance with the provisions of this part 3 and includes income from tangible or intangible property located or having a situs in this state and income from any activities carried on in this state, regardless of whether carried on in intrastate, interstate, or foreign commerce. In the case of a C corporation which is a component member of a controlled group of corporations as defined in section 1563 (a) of the internal revenue code, the sum of the Colorado net incomes of all the component members of the controlled group, but not the losses of each component member thereof, shall be used in computing the tax bracket for the controlled group. The tax bracket for the controlled group may be allocated between or among the component members thereof as agreed to by such members. If such an agreement is not reached, the executive director shall allocate the tax bracket based on the ratio of the Colorado net income of each component member to the total Colorado net incomes of all component members.

(1.1) to (2) Repealed.

(3) (a) As used in this section:

(I) "Charitable organization" means a charitable organization exempt from federal income taxation under the provisions of the internal revenue code.

(II) "Crop" means an agricultural crop, including but not limited to grains, fruits, and vegetables, which is usable as food for human beings.

(III) "Crop contribution" means a contribution of a crop or portion of a crop to a charitable organization by a taxpayer engaged in the trade or business of farming or processing of a crop.

(IV) "Livestock" means cattle, swine, poultry, or other animals raised for profit and usable as food for human beings.

(V) "Livestock contribution" means a contribution of livestock to a charitable organization by a taxpayer engaged in the trade or business of raising or processing of livestock.

(VI) "Most recent sale price" means an amount equal to the price which the taxpayer would have received for the crop or livestock contributed, determined as if the crop or livestock had been sold on the date of the most recent sale of such a crop or livestock and at the same price per unit as the crop or livestock which was sold on that date.

(VII) "Wholesale market price" means the average wholesale market price for the crop or livestock contributed in the nearest regional market during the month in which the contribution is made, determined without consideration of grade or quality of the crop or livestock and as if the quantity of the crop or livestock contributed were marketable.

(b) For income tax years commencing prior to January 1, 2023, there shall be allowed to taxpayers, as a credit with respect to the income taxes imposed by this part 3, an amount equal to twenty-five percent of the wholesale market price or twenty-five percent of the most recent sale price of crop contributions or livestock contributions, or both, made to a tax-exempt charitable organization. Credit, as provided for in this subsection (3), may not exceed one thousand dollars per tax year.

(c) Unused portions of such credit may be carried forward to subsequent tax years as credit against income taxes due for those years. However, such credit must be used within five years of the end of the tax year in which the contribution was made.

(d) The credit under this section is available only if the following conditions are met:

(I) The crop is harvested or the livestock is slaughtered by or on behalf of the donee charitable organization;

(II) The use of the crop or livestock by the donee charitable organization is related to the purpose or function constituting the basis for the organization's tax-exempt status;

(III) The crop or livestock is not transferred by the donee charitable organization in exchange for money, other property, or services. This condition shall not apply in those cases where the donee charitable organization functions as a clearinghouse for distribution, without expectation of remuneration, of such crops or livestock, or both, to other charitable organizations. These secondary donees shall be subject to the provisions of this section in the same measure as if the contribution were received by that tax-exempt charitable organization directly from the original donor.

(IV) The taxpayer and any subsequent donors shall receive from the donee charitable organization a written statement declaring that its use and disposition of the crop or livestock will be in accordance with this section;

(V) No taxpayer who donates items of food to a tax-exempt charitable organization for use or distribution in providing assistance shall be liable for damages in any civil action or subject to prosecution in any criminal proceeding resulting from the nature, age, condition, or packaging of such crop contributions or livestock contributions, or both. However, the exemption shall not apply to the willful, wanton, or reckless acts of donors which result in injury to the recipients of such contributed foods.

(e) This subsection (3) is repealed, effective July 1, 2029.

### **39-22-303. Dividends in a combined report - foreign source income - affiliated groups - definitions - rules - repeal.**

(1) to (5) (Deleted by amendment, L. 2008, p. 955, § 7, effective January 1, 2009.)

(6) In the case of two or more C corporations, whether domestic or foreign, owned or controlled directly or indirectly by the same interests, the executive director may, to avoid abuse,

on a fair and impartial basis, distribute or allocate the gross income and deductions between or among such C corporations in order to clearly reflect income.

(7) (Deleted by amendment, L. 2008, p. 955, § 7, effective January 1, 2009.)

(8) (a) Except as provided in subsection (8)(b) of this section, for tax years beginning before January 1, 2027, neither the taxpayer nor the executive director shall include in a combined report any C corporation that conducts business outside the United States if eighty percent or more of the C corporation's property and payroll, as determined by factoring pursuant to section 24-60-1301, is assigned to locations outside the United States. For the purpose of this subsection (8), "United States" is restricted to the fifty states and the District of Columbia.

(b) (I) For tax years beginning on or after January 1, 2022, but before January 1, 2027, a taxpayer shall include in the combined group any member of an affiliated group of C corporations that is incorporated in a foreign jurisdiction for the purpose of tax avoidance.

(II) A C corporation is presumptively incorporated in a foreign jurisdiction for the purpose of tax avoidance if it is incorporated in a listed jurisdiction. A C corporation is not incorporated in a foreign jurisdiction for the purpose of tax avoidance if the taxpayer proves to the satisfaction of the executive director, or if the executive director determines, that such corporation is incorporated in a listed jurisdiction for reasons that meet the economic substance doctrine described in section 7701 (o) of the internal revenue code.

(III) For purposes of this subsection (8)(b), the term "C corporation" includes any business entity defined as a "corporation" under the internal revenue code and the rules and regulations promulgated pursuant thereto, regardless of whether such entity is subject to federal income tax. Any business entity included in a combined group under subsection (8)(b)(I) of this section is deemed to be a "C corporation" for purposes of this article 22, notwithstanding section 39-22-103 (2.5).

(c) This subsection (8) is repealed, effective December 31, 2031.

(8.5) (a) For income tax years beginning on or after January 1, 2027, the members of an affiliated group of C corporations required to file a combined report pursuant to subsection (11.5)(b)(I) of this section may make a water's-edge election as set forth in subsection (8.5)(c) of this section. Pursuant to a water's-edge election, the combined group shall take into account the net income and apportionment factors of the members of the affiliated group pursuant to subsection (11.5) of this section to the extent set forth in subsection (8.5)(b) of this section.

(b) (I) The combined group shall take into account the entire net income and apportionment factors of:

(A) Every member of the affiliated group that is incorporated in the United States or formed under the laws of any state, the District of Columbia, or any territory or possession of the United States;

(B) Every member of the affiliated group, regardless of the place where the member was incorporated or formed, if twenty percent or more of the member's property and payroll, as determined by factoring pursuant to section 24-60-1301, is assigned to locations within the United States. For the purpose of this subsection (8.5)(b)(I)(B), "United States" is restricted to the fifty states and the District of Columbia.

(C) Every member of the affiliated group that is a domestic international sales corporation as described in sections 991 to 994 of the internal revenue code or an export trade corporation as described in sections 970 and 971 of the internal revenue code; and

(D) Every member of the affiliated group that is incorporated in a foreign jurisdiction for the purpose of tax avoidance.

(II) To the extent such amounts are not already taken into account pursuant to subsection (8.5)(b)(I) of this section, the combined group shall also take into account:

(A) The apportionable income of a member of the affiliated group that is effectively connected or treated as effectively connected pursuant to the internal revenue code with the conduct of a trade or business within the United States and, for that reason, subject to federal income tax and the related apportionment factors; and

(B) In the case of a member of the affiliated group that is a resident of a country that does not have a comprehensive income tax treaty with the United States and earns more than twenty percent of its net income, directly or indirectly, from intangible property or service-related activities that are deductible from the apportionable income of one or more members of the combined group, the related net income and the apportionment factors.

(III) For purposes of this subsection (8.5)(b), a member of the affiliated group is presumptively incorporated in a foreign jurisdiction for the purpose of tax avoidance if the member is incorporated in a listed jurisdiction. A member is not incorporated in a foreign jurisdiction for the purpose of tax avoidance if the combined group proves to the satisfaction of the executive director, or if the executive director determines, that the member is incorporated in a listed jurisdiction for reasons that meet the economic substance doctrine described in section 7701 (o) of the internal revenue code.

(c) (I) The combined group must make a water's-edge election on a timely filed, original return for an income tax year.

(II) (A) Except as provided in subsection (8.5)(c)(II)(C) of this section, a combined group's water's-edge election is binding for and applicable to the income tax year when the combined group makes the election and each of the nine income tax years thereafter.

(B) Upon the expiration of the period described in subsection (8.5)(c)(II)(A) of this section, a combined group may withdraw the water's-edge election. The combined group must withdraw the election on a timely filed, original tax return for the first income tax year after the period described in subsection (8.5)(c)(II)(A) of this section, or by other written withdrawal made in the time and manner prescribed by rules promulgated by the executive director. Except as provided in subsection (8.5)(c)(II)(C) of this section, a combined group's withdrawal of an election is binding for and applicable to the income tax year when the combined group withdraws the election and each of the nine income tax years thereafter. If the combined group does not withdraw the election as described in this subsection (8.5)(c)(II)(B), the election is deemed renewed for an additional ten-year period, subject to the same conditions as applied to the original election.

(C) A combined group may petition the executive director to withdraw a water's-edge election prior to the expiration of the period set forth in subsection (8.5)(c)(II)(A) of this section, or to reinstate a withdrawn election, upon a showing of reasonable cause based upon extraordinary hardship due to unforeseen changes in state tax statutes, law, or policy. If the executive director grants a withdrawal of an election, the executive director may impose reasonable conditions as necessary to prevent the evasion of tax or to clearly reflect net income for the election period prior to or after the withdrawal.

(III) The executive director may promulgate rules governing the effect, if any, on the scope or application of a water's-edge election, including the procedures for election and termination or deemed election, resulting from a change in the composition of the unitary group, the combined group, the members, and any other similar change.

(d) The executive director may disregard a water's-edge election in part or in whole, and the net income and apportionment factors of any member of the unitary group may be included in the combined report, without regard to subsections (8.5)(a) to (8.5)(c) of this section, if:

(I) Any member of the unitary group knowingly fails to comply with or recklessly disregards any provision of this article 22 or any provision of article 21 of this title 39; or

(II) A person otherwise not included in the water's-edge combined group is used for a substantial state income tax avoidance purpose.

(e) A combined group's water's-edge election pursuant to this subsection (8.5) has no effect on whether a person excluded from the water's-edge combined group may be separately liable for the tax imposed by this article 22. A person excluded from a water's-edge combined group and

subject to the tax imposed by this article 22 shall separately file and pay such tax as provided in this article 22.

(9) Dividends which a C corporation includable in a combined report receives from another C corporation also includable in the combined report shall be excluded from taxable income.

(10) As used in this subsection (10), "foreign source income" means taxable income from sources without the United States, as used in section 862 of the internal revenue code. In apportioning and allocating income pursuant to section 39-22-303.5, 39-22-303.6, or 39-22-303.7, foreign source income shall be considered only to the extent provided in this subsection (10):

(a) If, for federal income tax purposes, the taxpayer has elected to claim foreign taxes paid or accrued as a deduction, then all foreign source income minus such deduction shall be considered;

(b) (I) If, for federal income tax purposes, the taxpayer has elected to claim foreign taxes paid or accrued as a credit, then foreign source income shall be considered only to the extent that such income exceeds the exclusion provided by this paragraph (b).

(II) For income tax years commencing prior to January 1, 2000, the amount to be excluded is determined by multiplying the foreign source income by a fraction, the numerator of which is the total of taxes paid or accrued to foreign countries and United States possessions by or on behalf of the C corporation pursuant to section 901 of the internal revenue code, deemed paid pursuant to section 960 of the internal revenue code for the tax year, or carried over or carried back to such tax year pursuant to section 904 (c) of the internal revenue code. The denominator of said fraction shall be forty-six percent of the foreign source income.

(III) For income tax years commencing on or after January 1, 2000, the amount to be excluded is determined by multiplying the foreign source income by a fraction, the numerator of which is the total of taxes paid or accrued to foreign countries and United States possessions by or on behalf of the C corporation pursuant to section 901 of the internal revenue code, deemed paid pursuant to section 960 of the internal revenue code for the tax year, or carried over or carried back to such tax year pursuant to section 904 (c) of the internal revenue code. The denominator of said fraction shall be the same percentage as the effective federal corporate income tax rate multiplied by the foreign source income. As used in this subsection (10), "effective federal corporate income tax rate" means the taxpayer's federal corporate income tax calculated in accordance with section 11 (a) and (b) of the internal revenue code for such tax year divided by the taxpayer's federal taxable income.

(c) Foreign source income from a foreign C corporation within an affiliated group of C corporations shall be determined without regard to section 882 (a)(2) of the internal revenue code.

(11) For tax years beginning before January 1, 2026:

(a) In the case of an affiliated group of C corporations, the executive director may require, or the taxpayer may file, a combined report, but such report shall only include those members of an affiliated group of C corporations as to which any three of the following facts have been in existence in the tax year and the two preceding tax years:

(I) Sales or leases by one affiliated C corporation to another affiliated C corporation constitute fifty percent or more of the gross operating receipts of the C corporation making the sales or leases; or, purchases or leases from one affiliated C corporation by another affiliated C corporation constitute fifty percent or more of the cost of goods sold or leased by the C corporation making the purchases or leases. This subparagraph (I) shall not apply to the following transactions between affiliated C corporations: The issuance of commercial paper or other debt obligations and the use of the proceeds therefrom to make loans or to purchase receivables between affiliated C corporations.

(II) Five or more of the following services are provided by one or more affiliated C corporations for the benefit of another affiliated C corporation: Advertising and public relations services; accounting and bookkeeping services; legal services; personnel services; sales services; purchasing services; research and development services; insurance procurement and servicing exclusive of employee benefit programs; and employee benefit programs including pension, profit-sharing, and stock purchase plans. A service shall be deemed provided if fifty percent or more of the service is provided without provision for an "arm's length charge" within the meaning of the United States treasury regulation 1.482-2 (b)(3).

(III) Twenty percent or more of the long-term debt of one affiliated C corporation is owed to or guaranteed by another affiliated C corporation. For the purposes of this subparagraph (III), "long-term debt" means debt which becomes due more than one year after incurred.

(IV) One affiliated C corporation substantially uses the patents, trademarks, service marks, logo-types, trade secrets, copyrights, or other proprietary materials owned by another affiliated C corporation.

(V) Fifty percent or more of the members of the board of directors of one affiliated C corporation are members of the board of directors or are corporate officers of another affiliated C corporation.

(VI) Twenty-five percent or more of the twenty highest-ranking officers of an affiliated C corporation are members of the board of directors or are corporate officers of another affiliated C corporation.

(b) The net income of the affiliated C corporations which are to be included in a combined report shall be determined pursuant to the rules and regulations promulgated pursuant to section 1502 of the internal revenue code, as modified by section 39-22-304.

(c) If an affiliated C corporation is included in a combined report, section 39-22-303.5, 39-22-303.6, or 39-22-303.7 shall be applied with the following modifications:

(I) Intercompany transactions among the affiliated C corporations shall be excluded from the numerator and denominator of the apportionment calculation set forth in section 39-22-303.5, 39-22-303.6, or 39-22-303.7; and

(II) (A) For income tax years commencing before January 1, 2022, the numerator of the apportionment calculation set forth in section 39-22-303.5 or 39-22-303.6 shall be, to the extent applicable, the sum of the sales of those affiliated C corporations doing business in Colorado.

(B) For income tax years commencing on or after January 1, 2022, the combined group apportionment factor is a fraction determined under section 39-22-303.6, as modified, if applicable, by section 39-22-303.7, where the numerator of the factor includes amounts sourced to the state, regardless of the separate entity to which those factors may be attributed, and the denominator of the factor includes amounts associated with the combined group's business wherever located.

(d) The executive director shall not require returns to be made on a consolidated basis, but an affiliated group of C corporations may elect to file a consolidated return as otherwise provided in this article.

(e) (Deleted by amendment, L. 2008, p. 955, § 7, effective January 1, 2009.)

(f) For purposes of this section, any C corporation formed under the laws of any state or the United States with de minimis or no property and payroll, as determined by factoring pursuant to section 24-60-1301, shall be deemed to satisfy the requirements of subsection (11)(a) of this section. The department of revenue shall adopt rules to determine the manner in which the de minimis standard will be uniformly applied to taxpayers.

(g) For the purpose of satisfying the requirements of subsections (11)(a)(I) to (11)(a)(IV) of this section, the activities of any entity formed under the laws of any state or the United States that is treated as a partnership pursuant to part 2 of this article 22, shall be treated as activities performed by the member of the affiliated group of C corporations that owns a portion of the entity if more than fifty percent of the entity's ownership interest is held in the aggregate by one or more members of the affiliated group. If the entity is owned by more than one member of the affiliated group, the activities of the entity shall be treated as activities performed by each member that owns a portion of the entity.

(11.2) Subsection (11) of this section and this subsection (11.2) are repealed, effective December 31, 2031.

(11.5) (a) The general assembly finds and declares that:

(I) Subsection (11)(a) of this section was enacted in 1985 to implement unitary combined reporting in Colorado. However, that subsection is unique among states that employ unitary combined reporting, uses arbitrary tests that have been difficult for taxpayers and the department of revenue to apply, and has created unnecessary tax compliance challenges because Colorado's approach diverges from other states.

(II) Including all amounts sourced to Colorado for the combined group best effectuates unitary combined reporting, regardless of the separate entity to which those factors may be attributed. Doing so recognizes that the unitary group is a single taxpayer and prevents corporate form from governing economic substance.

(III) Section 39-22-301 and this section, as amended by House Bill 24-1134, enacted in 2024, allow Colorado to join other states with similar combined reporting standards and implement unitary combined reporting in a manner that simplifies the preparation of corporate income tax returns in Colorado without arbitrary tests that are difficult to apply.

(b) For tax years beginning on and after January 1, 2026:

(I) Except as provided in subsection (8) or (8.5) of this section, all of the members of an affiliated group of C corporations, wherever incorporated or domiciled, that are members of a unitary business shall file a combined report as a combined group.

(II) (A) The net income of each member of the combined group, as determined under section 39-22-304, is combined, eliminating items of income, expense, gain, and loss from transactions between members of the combined group, applying the consolidated filing rules under the internal revenue code, and the regulations thereunder, as if the combined group was a consolidated filing group.

(B) A combined group shall eliminate dividends from a combined report to the extent permitted under subsection (9) of this section.

(C) For income tax years beginning on or after January 1, 2027, to the extent the net income of a member of a combined group includes subpart F income or net CFC tested income with respect to another member of the combined group of which the member is a United States shareholder, the combined group shall eliminate such subpart F or net CFC tested income from a combined report.

(III) (A) Except as otherwise provided in this section, section 39-22-303.6, as modified, if applicable, by section 39-22-303.7, determines how income or loss, or items making up income or loss, are allocated and apportioned to this state.

(B) The combined group apportionment factor is a fraction determined under section 39-22-303.6, as modified, if applicable, by section 39-22-303.7, where the numerator of the factor includes amounts sourced to the state for the combined group's unitary business, regardless of the

separate entity to which those factors may be attributed, and the denominator of the factor includes amounts associated with the combined group's unitary business wherever located.

(C) Intercompany transactions among members of the combined group are excluded from the numerator and denominator of the apportionment calculation set forth in section 39-22-303.6, as modified, if applicable, by section 39-22-303.7.

(D) If a member of the combined group holds a partnership interest from which it derives apportionable income, the share of partnership's apportionment factor to be included in the apportionment factor of the combined group is determined by multiplying the partnership's factor by a ratio, the numerator of which is the amount of the partnership's apportionable income properly included in the member's income, whether received directly or indirectly, and including any guaranteed payments, and the denominator of which is the amount of the partnership's total apportionable income. In the case of a partnership that is unitary with the partner, receipts from intercompany transactions between the partnership and the partner, or any other member of the combined group, are excluded from the numerator and denominator of the apportionment calculation as follows: Receipts from sales by the partner, or any member of the partner's combined group, to the partnership to the extent of the partner's interest in the partnership; and receipts from sales by the partnership to the partner, or any member of the partner's combined group, not to exceed the partner's interest in all partnership sales. If a member of the combined group directly or indirectly receives an allocation of a partnership tax item, such as an item of loss or expense, so that it is not possible to determine the member's share of apportionable income, the executive director may promulgate rules for inclusion of particular partnership factors, or portions of factors, in the combined group's factors.

(IV) The combined report must be filed under the name and federal employer identification number of the parent corporation if the parent is a member of the combined group. If there is no parent corporation, or if the parent is not a group member, the members of the combined group shall choose a member to file the return. The filing member must remain the same in subsequent years unless the filing member is no longer the parent corporation or is no longer a member of the combined group. The return must be signed by a responsible officer of the filing member on behalf of the combined group members as required by section 39-22-601 (2).

(V) Members of the combined group are jointly and severally liable for the tax liability of the combined group included in the combined return.

(VI) The executive director shall not require returns to be made on a consolidated basis, but an affiliated group of C corporations may elect to file a consolidated return as otherwise provided in this article 22.

(12) As used in this section, unless the context otherwise requires:

(a) "Affiliated group" means:

(I) One or more includable C corporations connected directly or indirectly through stock ownership with a common parent C corporation that is an includable C corporation if:

(A) Stock possessing more than fifty percent of the voting power of all classes of stock and more than fifty percent of each class of the nonvoting stock of each of the includable C corporations, except the common parent C corporation, is owned directly or indirectly by one or more of the other includable C corporations; and

(B) The common parent C corporation owns directly or indirectly stock possessing more than fifty percent of the voting power of all classes of stock and more than fifty percent of each class of the nonvoting stock of at least one of the other includable C corporations.

(II) As used in this subsection (12)(a), the term "stock" does not include nonvoting stock that is limited and preferred as to dividends, employer securities, within the meaning of section 409 (1) of the internal revenue code, while such securities are held under a tax credit employee stock ownership plan, or qualifying employer securities, within the meaning of section 4975 (e)(8) of the internal revenue code, while such securities are held under an employee stock ownership plan which meets the requirements of section 4975 (e)(7) of the internal revenue code.

(a.3) "Combined group" means the affiliated group of C corporations that must file a combined report as required by subsection (11.5) of this section.

(a.5) "Combined report" means a tax return required to be filed for the combined group containing information as provided in this article 22 or required by the executive director.

(b) "Listed jurisdiction" means:

(I) For income tax years commencing before January 1, 2026, Andorra, Anguilla, Antigua and Barbuda, Aruba, the Bahamas, Bahrain, Barbados, Belize, Bermuda, Bonaire, British Virgin Islands, Cayman Islands, Cook Islands, Curaçao, Cyprus, Dominica, Gibraltar, Grenada, Guernsey-Sark-Alderney, Isle of Man, Jersey, Liberia, Luxembourg, Malta, Marshall Islands, Mauritius, Monaco, Montserrat, Nauru, Niue, Panama, Saba, Samoa, San Marino, Seychelles, Sint Eustatius, Sint Maarten, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Turks and Caicos Islands, U.S. Virgin Islands, and Vanuatu;

(II) For income tax years commencing on or after January 1, 2026, but before January 1, 2027, the jurisdictions listed in subsection (12)(b)(I) of this section and Hong Kong, Republic of Ireland, Liechtenstein, Netherlands, and Singapore; and

(III) For income tax years commencing on or after January 1, 2027, the jurisdictions listed in subsection (12)(b)(I) of this section and Hong Kong, Republic of Ireland, Netherlands, and Singapore.

(c) Repealed.

(c.3) "Net CFC tested income" means income included as federal gross income pursuant to section 951A (a) of the internal revenue code.

(c.5) "Subpart F income" means income included as federal gross income pursuant to section 951 (a) of the internal revenue code.

(d) "Taxpayer" means a C corporation or combined group subject to the tax imposed by section 39-22-301.

(e) "Unitary business" means a single economic enterprise made up either of separate parts of a single C corporation or of an affiliated group of C corporations that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. A unitary business includes that part of the business that is conducted by a taxpayer through the taxpayer's interest in a partnership, whether the interest in that partnership is held directly or indirectly through a series of partnerships or other pass-through entities.

(13) Repealed.

(14) (Deleted by amendment, L. 2008, p. 955, § 7, effective January 1, 2009.)

(15) Repealed.

(16) (a) During the state fiscal year beginning July 1, 2027, and every fourth state fiscal year thereafter, the department shall engage a contractor to examine whether a country that is identified as a listed jurisdiction should remain a listed jurisdiction.

(b) The department shall require the contractor to examine each listed jurisdiction and to make recommendations about the status of a listed jurisdiction in a written report submitted to the executive committee of the legislative council and the governor no later than one hundred eighty calendar days after the effective date of the contract engaging the contractor to conduct the study.

(c) When examining a listed jurisdiction, the department shall require the contractor to recommend whether a listed jurisdiction should continue to be a listed jurisdiction based on whether the listed jurisdiction:

(I) Assesses a corporate tax rate of less than fifteen percent;

(II) Allows tax deductions, incentives, or credits that lower effective tax rates artificially, with special consideration given to intellectual property and foreign-source royalties;

(III) Targets profit-shifting of foreign-controlled corporations;

(IV) Lacks transparency and does not engage in data sharing or cooperate with other countries' revenue agencies during audits and investigations or does not participate in country-by-country reporting;

(V) Does not require a corporation to engage in substantial activity or deliver economic substance in the listed jurisdiction in order to be incorporated in that jurisdiction;

(VI) Does not maintain a beneficial ownership registry or does not provide the public with access to company information;

(VII) Allows hybrid-mismatch relationships;

(VIII) Allows overly lenient transfer pricing;

(IX) Allows income-shifting between corporate affiliates or other indicators of profit-shifting;

(X) Has not undertaken reforms to address allegations that it is a tax haven and that it should not be a listed jurisdiction;

(XI) Provides certain tax or other benefits exclusively for foreign firms and not to domestic entities;

(XII) Engages in other tax evasion indicators; or

(XIII) Issues corporate profit or foreign direct investment statistics that are significantly out of proportion to local economic development or the local workforce.

(d) A country may submit to the contractor or the department information about international tax reform and evolving best practices.

(e) The contractor may recommend that a country be deemed a listed jurisdiction or recommend that a country no longer be a listed jurisdiction.

## ANNOTATION

**Two-factor formula constitutional.** The two-factor formula, consisting of sales and property factors in the computation of income tax for a foreign corporation is not intrinsically arbitrary, and, thus, is constitutional. *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**Difference of nine-tenths percent too small to be unconstitutional.** A difference of nine-tenths percent between the computation of a railroad and that of the director of revenue concerning the allocation of apportionable income to Colorado is too small to constitute an unlawful burden upon interstate commerce, a violation of due process, or a violation of equal protection. *Union P.R.R. v. Heckers*, 181 Colo. 374, 509 P.2d 1255 (1973).

**General assembly decides which taxation formula economically sound.** It is not the trial court's function, nor that of the supreme court, to decide which formula for the taxation of a foreign corporation is the most economically sound, as this is a policy decision for the general assembly. *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**Presumption that percentage allocation for foreign corporation fair.** Where a statutory formula for the taxation of a foreign corporation is not intrinsically invalid, there is a strong presumption that the percentage allocation is fair. *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**Regulation may not modify or contravene existing statute.** A regulation must further the will of the general assembly and may not modify or contravene an

existing statute. *Miller Int'l, Inc. v. State Dept. of Rev.*, 646 P.2d 341 (Colo. 1982).

**Else it is invalid.** A method of allocation of income which is established by regulation, but which is inconsistent with this section, is invalid. *Miller Int'l, Inc., v. State Dept. of Rev.*, 646 P.2d 341 (Colo. 1982).

**Fairness is not equated with absolute precision.** *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**Heavy burden lies on party challenging constitutional validity of tax apportionment formula.** *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**Party must show by "clear and convincing evidence"** that the use of the particular formula results in extraterritorial values being taxed. *GMC v. State*, 181 Colo. 360, 509 P.2d 1260 (1973).

**The economic substance doctrine does not give the department the authority to disregard a company's corporate structure and tax it** when there are no factual grounds to support a conclusion that the structure was put in place to avoid state taxes. *Agilent Techs. v. Dept. of Rev.*, 2017 COA 137, 442 P.3d 938, *aff'd*, 2019 CO 41, 441 P.3d 1012 (case decided prior to 2019 amendments to subsections (8) and (12)(c) and addition of subsections (11)(f), (11)(g), and (15)).

**Allocation method valid if calculates income "reasonably attributed" to state transactions.** The method of allocation of unitary income between states is valid if it is fairly calculated to assign to a state that

portion of the net income "reasonably attributable" to the business transacted in that state. *Union P.R.R. v. Heckers*, 181 Colo. 374, 509 P.2d 1255 (1973).

**Direct deduction of ad valorem taxes from net income is not required.** *Union P.R.R. v. Heckers*, 181 Colo. 374, 509 P.2d 1255 (1973).

**Director may change method of allocation.** The fact that a corporation uniformly has been permitted to allocate Colorado and out-of-state income does not mean that the director may not change the method of allocation. *Coors Porcelain Co. v. State*, 183 Colo. 325, 517 P.2d 838 (1973).

**Department may allocate income among corporations owned by same interests.** The department of revenue may distribute or allocate the income of corporations owned or controlled by the same interests if it concludes that is the most effective method of taxing all the income that Colorado can constitutionally tax. *Joslin Dry Goods Co. v. Dolan*, 615 P.2d 16 (Colo. 1980); *Hewlett-Packard Co. v. State Dept. of Rev.*, 749 P.2d 400 (Colo. 1988).

**Subsection (6) does not provide the department with an alternative method of allocating income** among affiliated C corporations in order to impose a tax on that income apart from the tests under subsections (11)(a) and (12)(c). *Agilent Techs. v. Dept. of Rev.*, 2017 COA 137, 442 P.3d 938, *aff'd*, 2019 CO 41, 441 P.3d 1012 (case decided prior to 2019 amendments to subsections (8) and (12)(c) and addition of subsections (11)(f), (11)(g), and (15)).

**Recognized test for a unitary business** is "whether or not the operation of the portion of the business within the state is dependent upon or contributory to the operation of the business outside the state". *Joslin Dry Goods Co. v. Dolan*, 615 P.2d 16 (Colo. 1980).

**Subsection (6) does not provide the department with an alternative method of allocating income** apart from the test for affiliated groups of C corporations outlined in subsection (12)(c). Because a holding company is not an includable C corporation, it cannot be a member of an affiliated group, and in turn falls outside the director's power to require its inclusion in a combined tax return. *Oracle Corp. v. Dept. of Rev.*, 2017 COA 152, 442 P.3d 947, *aff'd*, 2019 CO 42, 441 P.3d 1021; *Agilent Techs. v. Dept. of Rev.*, 2017 COA 137, 442 P.3d 938, *aff'd*, 2019 CO 41, 441 P.3d 1012 (both cases decided prior to 2019 amendments to subsections (8) and (12)(c) and addition of subsections (11)(f), (11)(g), and (15)).

**The income of foreign subsidiaries** of a unitary business, even though such income is not federal taxable income, should be included in determining the net income base for a corporation. *Hewlett-Packard Co. v. State Dept. of Rev.*, 749 P.2d 400 (Colo. 1988).

**A holding company that has no income or payroll of its own cannot, by definition, have twenty percent or more of its factors assigned to locations in the United States**, and therefore cannot be included on a parent C corporation's combined tax return. *Oracle Corp. v. Dept. of Rev.*, 2017 COA 152, 442 P.3d 947, *aff'd*, 2019 CO 42, 441 P.3d 1021; *Agilent Techs. v. Dept. of Rev.*, 2017 COA 137, 442 P.3d 938, *aff'd*, 2019 CO 41, 441 P.3d 1012 (both cases decided prior to 2019 amendments to subsections (8) and (12)(c) and addition of subsections (11)(f), (11)(g), and (15)).

**Section authorizes department to require combined reports.** It is this section's provision for the distribution and allocation of income and deductions which authorizes the department to require combined reports. *Joslin Dry Goods Co. v. Dolan*, 615 P.2d 16 (Colo. 1980).

**A combined-consolidated filing is permissible.** An affiliated group that is required to file a combined return may also elect to file a consolidated return. This type of return was clearly allowed under the published statutes and the related department regulations. *Cendant Corp. & Subs. v. Dept. of Rev.*, 226 P.3d 1102 (Colo. App. 2009).

### **39-22-303.1. Interstate banking or branching - nondiscriminatory tax treatment.**

(1) On or before June 1, 1997, the executive director shall promulgate regulations to ensure nondiscriminatory tax treatment of financial organizations engaged in interstate banking or interstate branching and, in connection therewith, shall consider:

(a) Any recommendations of the multistate tax commission established under the provisions of section 24-60-1301, C.R.S., regarding the taxation and allocation of income and expenses of financial organizations; and

(b) Applying the multistate tax compact, as set forth in part 13 of article 60 of title 24, C.R.S., to financial organizations.

**39-22-303.5. Single-factor apportionment of business income - allocation of nonbusiness income - rules - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Business income" means the net income of the taxpayer arising from the transactions and activity in the regular course of a taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. For purposes of administration of this section, the income of the taxpayer is business income unless clearly classifiable as nonbusiness income.

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(c) "Nonbusiness income" means all income other than business income.

(d) "Sales" means all gross receipts of the taxpayer not allocated under subsection (5) of this section and not otherwise excluded from the calculation of net income; except that, for the sale of intangible property, "sales" means the gain from the sale and not the gross receipts.

(e) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(f) "Taxpayer" means a C corporation or any nonresident individual, nonresident partner, or S corporation that is permitted or required pursuant to another provision of law to apportion and allocate revenue pursuant to this section.

(2) (a) For income tax years commencing prior to January 1, 2009, a taxpayer shall apportion and allocate income pursuant to section 24-60-1301, C.R.S., or apportion income pursuant to section 39-22-303, as those sections existed immediately prior to January 1, 2009.

(b) For income tax years commencing on or after January 1, 2009, but prior to January 1, 2019, a taxpayer shall apportion and allocate the taxpayer's entire net income as provided in this section.

(3) (a) If a taxpayer has no income from business activity outside of Colorado, the taxpayer's entire net income shall be allocated to Colorado.

(b) A taxpayer having income from business activity that is taxable both within and without Colorado shall apportion and allocate the taxpayer's net income as provided in this section.

(c) For purposes of apportionment and allocation of income under this section, a taxpayer is taxable in another state if:

(I) In that state, the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, a corporate stock tax, or any similar tax; or

(II) That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state subjects the taxpayer to such tax.

(4) (a) A taxpayer's business income shall be apportioned to Colorado by multiplying such business income by a fraction, the numerator of which is the total sales of the taxpayer in Colorado during the tax period and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

(b) Sales of tangible personal property, including gross receipts from leases and other uses of tangible personal property, are in Colorado if:

(I) The property is delivered or shipped to a purchaser in Colorado regardless of the f.o.b. point or other conditions of the sale; or

(II) The property is shipped from an office, store, warehouse, factory, or other place of storage in Colorado and the taxpayer is not taxable in the state to which the property is shipped.

(c) Sales, other than sales of tangible personal property, are in Colorado as follows:

(I) Revenue from services rendered in Colorado;

(II) Rents and royalties from real property located in Colorado;

(III) Gross proceeds from the sale of real property located in Colorado;

(IV) Interest and dividend income to the extent included in taxable income, if the taxpayer's commercial domicile is in Colorado;

(V) Gain from the sale of intangible property if the taxpayer's commercial domicile is in Colorado;

(VI) Patent and copyright royalties, if and to the extent that:

(A) The patent or copyright is utilized by the payer in Colorado; or

(B) The patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in Colorado; and

(VII) Revenue from the performance of purely personal services, if the income-producing activity is performed in Colorado.

(d) Notwithstanding any other provision of this subsection (4), in apportioning the income of a taxpayer engaged in the business of publishing magazines or periodicals either through print or electronic media, sales related to advertising in magazines or periodicals shall be part of the taxpayer's total sales in Colorado only to the extent that such magazines or periodicals are delivered within Colorado. The determination of the extent to which magazines or periodicals are delivered within Colorado shall be based upon the ratio that the delivery of magazines or periodicals by such taxpayer or tax-reporting entity in Colorado bears to the total delivery of magazines and periodicals by such taxpayer or tax-reporting entity.

(e) Notwithstanding any other provision of law, no foreign source income that is included in taxable income shall be included as sales of the taxpayer in Colorado for purposes of apportioning business income pursuant to this subsection (4).

(f) For purposes of subparagraph (VI) of paragraph (c) of this subsection (4) and paragraph (g) of subsection (5) of this section:

(I) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of the receipts from the patent royalties cannot be reasonably assigned to states or if the accounting procedures do not reflect the states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(II) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties cannot be reasonably assigned to states or if the accounting procedures do not reflect the states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(5) A taxpayer's rents and royalties from real or tangible personal property, capital gains, interest, dividends, patent or copyright royalties, or other income, to the extent that they constitute nonbusiness income, shall be allocated as follows:

(a) Net rents and royalties from real property located in Colorado shall be allocated to Colorado;

(b) (I) Net rents and royalties from tangible personal property shall be allocated to Colorado:

(A) If and to the extent that the property is utilized in Colorado; or

(B) In their entirety if the taxpayer's commercial domicile is in Colorado and the taxpayer is not organized under the laws of, or taxable in, the state in which the property is utilized.

(II) For purposes of this paragraph (b), the extent of utilization of tangible personal property in Colorado shall be determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in Colorado during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property shall be utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(c) Capital gains and losses from sales of real property located in Colorado shall be allocated to Colorado;

(d) Capital gains and losses from sales of tangible personal property shall be allocated to Colorado if:

(I) The property had a situs in Colorado at the time of the sale; or

(II) The taxpayer's commercial domicile is in Colorado and the taxpayer is not taxable in the state in which the property had a situs;

(e) Capital gains and losses from sales of intangible property shall be allocated to Colorado if the taxpayer's commercial domicile is in Colorado;

(f) Interest and dividends shall be allocated to Colorado if the taxpayer's commercial domicile is in Colorado;

(g) Patent and copyright royalties shall be allocated to Colorado if and to the extent that:

(I) The patent or copyright is utilized by the payer in Colorado; or

(II) The patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in Colorado; and

(h) Nonbusiness income that is not otherwise allocated pursuant to this subsection (5) shall be allocated pursuant to subsection (7) of this section.

(6) Notwithstanding any other provision of this section, for each taxable year commencing on or after January 1, 2009, but prior to January 1, 2019, a taxpayer may elect to treat all income as business income. This election shall be made in accordance with rules adopted by the

department of revenue and shall be made by the extended due date of the tax return. Once made, the election shall be irrevocable for such tax year.

(7) (a) In the case of certain industries where unusual factual situations produce inequitable results under the apportionment and allocation provisions of this section, the executive director shall promulgate rules for determining the apportionment and allocation factors for each such industry, but such rules shall be applied uniformly.

(b) If the apportionment and allocation provisions of this section do not fairly represent the extent of the taxpayer's activities in Colorado, the taxpayer may petition for, or the executive director may require, with respect to all or any part of the taxpayer's business activities, if reasonable:

(I) Separate accounting;

(II) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in Colorado; or

(III) The employment of any other method to effectuate an equitable apportionment or allocation of the taxpayer's income, fairly calculated to determine the net income derived from or attributable to sources in Colorado.

(c) If the executive director requires the taxpayer to change its present method of reporting, the executive director shall notify the taxpayer in writing of the reason for the required change. The notice shall be made by first-class mail as set forth in section 39-21-105.5 and shall be sufficiently particular to give the taxpayer adequate information as to the reasons for the change so that the taxpayer may frame an answer for and defend its present method of reporting if it decides to appeal.

(d) The department of revenue, from time to time, shall publish all rulings of general public interest with respect to any application of the provisions of this subsection (7).

(e) If requested by the director of research of the legislative council, the executive director shall require taxpayers to provide additional information related to apportionment and allocation of income to support an income tax return for the purpose of providing such information to legislative council staff to improve the accuracy of fiscal notes and reports to the legislature. The executive director shall aggregate such additional information so as to preserve the confidentiality of the taxpayer's information and comply with section 39-21-113.

(8) A bank, savings and loan, credit union, or other taxpayer making or purchasing loans whose only business activity within Colorado is the ownership of property acquired through the process of foreclosure, or was obtained through a procedure exercised in lieu of the entity exercising its right to foreclose, which property is later disposed of within twenty-four months after obtaining ownership, shall directly allocate net income for such property during such time

and any gains or losses realized from the sale of such foreclosed property to the state where the property is located. Such limited activities shall not render a bank, savings and loan, credit union, or other entity subject to the other allocation and apportionment provisions of this section.

(9) The executive director shall promulgate rules in accordance with article 4 of title 24, C.R.S., to apply and administer the provisions of this section. Any rules that the executive director promulgated in order to apply and administer section 39-22-303 or 24-60-1301, C.R.S., that may be used to apply and administer the provisions of this section, including provisions to apply and administer the sales factor for special industries, which are set forth in 1 CCR 201-2, shall continue to be in effect unless inconsistent with the provisions of this section or specifically withdrawn by the executive director.

(10) On or before January 1, 2014, the director of the office of economic development shall prepare a report describing the economic impacts related to apportionment and allocation of taxable income pursuant to this section and deliver the report to the finance committees of the senate and house of representatives, or any successor committees.

**39-22-303.6. Market-based apportionment of the income of a taxpayer engaged in business - allocation of nonapportionable income - rules - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Apportionable income" means:

(I) Any income that would be allocable to this state under the United States constitution, but that is apportioned rather than allocated pursuant to the laws of this state; and

(II) All income that is apportionable under the United States constitution and is not allocated under the laws of this state, including:

(A) Income arising from transactions and activity in the regular course of a taxpayer's trade or business; and

(B) Income arising from tangible and intangible property if the acquisition, management, employment, development, or disposition of the property is or was related to the operation of the taxpayer's trade or business.

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(c) "Nonapportionable income" means all income other than apportionable income.

(d) "Receipts" means all gross receipts of the taxpayer that are not allocated under subsection (7) or (9) of this section, and that are received from transactions and activity in the regular course of the taxpayer's trade or business; except that receipts of a taxpayer from hedging transactions and from the maturity, redemption, sale, exchange, loan, or other disposition of cash or securities are excluded.

(e) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(f) "Taxpayer" means any person that is permitted or required pursuant to another provision of law to apportion and allocate income pursuant to this section.

(2) For income tax years commencing on or after January 1, 2019, a taxpayer shall apportion and allocate the taxpayer's entire net income as provided in this section.

(3) (a) A taxpayer that has no income from business activity outside of Colorado shall allocate all net income to Colorado.

(b) A taxpayer that has income from business activity that is taxable both within and without Colorado shall apportion and allocate the taxpayer's net income as provided in this section.

(c) For purposes of apportionment and allocation of income under this section, a taxpayer's income is taxable in another state if:

(I) In that state, the taxpayer is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, a corporate stock tax, or any similar tax; or

(II) That state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state subjects the taxpayer to such tax.

(4) (a) A taxpayer's apportionable income shall be apportioned to Colorado by multiplying such apportionable income by a fraction, the numerator of which is the total receipts of the taxpayer in Colorado during the tax period and the denominator of which is the total receipts of the taxpayer everywhere during the tax period.

(b) Notwithstanding any other provision of law, foreign source income that is included in taxable income is not included as receipts of the taxpayer in Colorado for purposes of apportioning apportionable income pursuant to this section.

(5) Receipts from the sales of tangible personal property are in Colorado if:

(a) The property is delivered or shipped to a purchaser in Colorado regardless of the f.o.b. point or other conditions of the sale; or

(b) The property is shipped from an office, store, warehouse, factory, or other place of storage in Colorado and the taxpayer is not taxable in the state to which the property is shipped.

(6) Receipts, other than receipts described in subsection (5) of this section, are in Colorado if the taxpayer's market for the sales is in Colorado. The taxpayer's market for sales is in Colorado if:

(a) In the case of the sale of a service, to the extent the service is delivered to a location in Colorado;

(b) In the case of the sale, rental, lease, or license of real property, to the extent the real property is located in Colorado;

(c) In the case of the rental, lease, or license of tangible personal property, to the extent the tangible personal property is located in Colorado;

(d) In the case of intangible property:

(I) That is rented, leased, or licensed, to the extent the intangible property is used in Colorado, provided that the intangible property utilized in marketing a good or service to a consumer is used in Colorado if that good or service is purchased by a consumer who is in Colorado; or

(II) That is sold, to the extent the intangible property is used in Colorado, provided that:

(A) A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is used in Colorado if the geographic area includes all or part of Colorado; and

(B) Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property are treated as receipts from the rental, lease, or licensing of the intangible property under subsection (6)(d)(I) of this section;

(III) All other receipts for sales of intangible property that are not described in subsection (6)(d)(II) of this section are excluded from the numerator and denominator of the apportionment fraction set forth in subsection (4)(a) of this section;

(e) If the state or states of assignment under this subsection (6) cannot be determined, the state or states of assignment must be reasonably approximated; and

(f) With respect to any receipt, if the state of assignment cannot be determined under this subsection (6) or reasonably approximated under subsection (6)(e) of this section, such receipts are excluded from the denominator of the apportionment fraction set forth in subsection (4)(a) of this section.

(7) A taxpayer's rents and royalties from real or tangible personal property, capital gains, interest, dividends, patent or copyright royalties, or other income, to the extent that they constitute nonapportionable income, are allocated as follows:

(a) Net rents and royalties from real property located in Colorado are allocated to Colorado;

(b) (I) Net rents and royalties from tangible personal property are allocated to Colorado:

(A) If and to the extent that the property is utilized in Colorado; or

(B) In their entirety if the taxpayer's commercial domicile is in Colorado and the taxpayer is not organized under the laws of, or the taxpayer's income is not taxable in, the state in which the property is utilized.

(II) For purposes of this subsection (7)(b), the extent of utilization of tangible personal property in Colorado is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in Colorado during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

(c) Capital gains and losses from sales of real property located in Colorado are allocated to Colorado;

(d) Capital gains and losses from sales of tangible personal property are allocated to Colorado if:

(I) The property had a situs in Colorado at the time of the sale; or

(II) The taxpayer's commercial domicile is in Colorado and the taxpayer's income is not taxable in the state in which the property had a situs;

(e) Capital gains and losses from sales of intangible property are allocated to Colorado if the taxpayer's commercial domicile is in Colorado;

(f) Interest and dividends are allocated to Colorado if the taxpayer's commercial domicile is in Colorado;

(g) (I) Patent and copyright royalties are allocated to Colorado if and to the extent that:

(A) The patent or copyright is utilized by the payer in Colorado; or

(B) The patent or copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in Colorado.

(II) For purposes of this subsection (7)(g), a patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of the receipts from the patent royalties cannot be reasonably assigned to states or if the accounting procedures do not reflect the states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(III) For purposes of this subsection (7)(g), a copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties cannot be reasonably assigned to states or if the accounting procedures do not reflect the states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

(h) Nonapportionable income that is not otherwise allocated pursuant to this subsection (7) is allocated pursuant to subsection (9) of this section.

(8) Notwithstanding any other provision of this section, for each taxable year commencing on or after January 1, 2019, a taxpayer may elect to treat all income as apportionable income. This election must be made in accordance with rules adopted by the department of revenue and made by the extended due date of the tax return. Once made, the election is irrevocable for the tax year.

(9) (a) (I) If the allocation and apportionment provisions in this section do not fairly represent the extent of business activity in Colorado of taxpayers engaged in a particular industry or in a particular transaction or activity, the executive director may, in addition to the authority provided in subsection (9)(b) of this section, and notwithstanding any other provision in this section, establish appropriate rules, including the application of a variance allowed under subsection (9)(b) of this section on an industry-wide, transaction-wide, or activity-wide basis, for determining alternative allocation and apportionment methods for such taxpayers.

(II) A rule adopted pursuant to this subsection (9)(a) must be applied uniformly; except that, with respect to any taxpayer to whom such rule applies, the taxpayer may petition for, or the executive director may require, adjustment pursuant to subsection (9)(b) of this section.

(b) If the apportionment and allocation provisions of this section do not fairly represent the extent of the taxpayer's business activities in Colorado, the taxpayer may petition for, or the executive director may require, with respect to all or any part of the taxpayer's business activities, if reasonable:

(I) Separate accounting;

(II) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in Colorado;

(III) The inclusion of any receipts of a taxpayer otherwise excluded under subsection (1)(d) of this section, including those from hedging transactions or from the maturity, redemption, sale, exchange, loan, or other disposition of cash or securities; or

(IV) The employment of any other method, notwithstanding any other provision of this section, to effectuate an equitable apportionment or allocation of the taxpayer's income, fairly calculated to determine the net income derived from or attributable to sources in Colorado.

(c) (I) The taxpayer petitioning for, or the executive director requiring, the use of any method to effectuate an equitable allocation and apportionment of the taxpayer's income pursuant to subsection (9)(b) of this section shall prove, by a preponderance of the evidence, that:

(A) The allocation and apportionment provisions in this section do not fairly represent the extent of the taxpayer's business activity in Colorado; and

(B) The alternative to such provisions is reasonable.

(II) The same burden of proof applies whether the taxpayer is petitioning for, or the executive director is requiring, the use of any reasonable method to effectuate an equitable allocation and apportionment of the taxpayer's income; except that, if the executive director can show that in any two of the prior five tax years, the taxpayer had used an allocation and apportionment method at variance with its allocation and apportionment method or methods in other tax years, then the executive director does not bear the burden of proof described in subsection (9)(c)(I) of this section in imposing a different method.

(d) If the executive director requires any different method to effectuate an equitable allocation and apportionment of the taxpayer's income pursuant to this subsection (9), the executive director shall not impose any civil or criminal penalty with reference to the tax due that is attributable to the taxpayer's reasonable reliance solely on the allocation and apportionment provisions of this section.

(e) A taxpayer that has received written permission from the executive director to use a reasonable method to effectuate an equitable allocation and apportionment of the taxpayer's income shall not have that permission revoked with respect to transactions and activities that

have already occurred unless there has been a material change in, or a material misrepresentation of, the facts provided by the taxpayer upon which the executive director reasonably relied.

(f) If the executive director requires the taxpayer to change its present method of reporting, the executive director shall notify the taxpayer in writing of the reason for the required change. The notice must be made by first-class mail as set forth in section 39-21-105.5 and must be sufficiently particular to give the taxpayer adequate information as to the reasons for the change so that the taxpayer may frame an answer for and defend its present method of reporting if it decides to appeal.

(g) The department of revenue, from time to time, shall publish all rulings of general public interest with respect to any application of this subsection (9).

(h) If requested by the director of research of the legislative council, the executive director shall require taxpayers to provide additional information related to apportionment and allocation of income to support an income tax return for the purpose of providing such information to legislative council staff to improve the accuracy of fiscal notes and reports to the legislature. The executive director shall aggregate such additional information so as to preserve the confidentiality of the taxpayer's information and comply with section 39-21-113.

(10) A bank, savings and loan, credit union, or other taxpayer making or purchasing loans whose only business activity in Colorado is the ownership of property acquired through the process of foreclosure, or was obtained through a procedure exercised in lieu of the entity exercising its right to foreclose, which property is later disposed of within twenty-four months after obtaining ownership, shall directly allocate net income for such property during such time and any gains or losses realized from the sale of such foreclosed property to the state where the property is located. Such limited activities do not render a bank, savings and loan, credit union, or other entity subject to the other allocation and apportionment provisions of this section.

(11) The executive director shall promulgate rules in accordance with article 4 of title 24 to apply and administer this section. Any rules that the executive director promulgated in order to apply and administer section 39-22-303, 39-22-303.5, or 24-60-1301 that may be used to apply and administer this section, including provisions to apply and administer the sales factor for special industries, which are set forth in 1 CCR 201-2, continue to be in effect unless inconsistent with this section or specifically withdrawn by the executive director.

(12) Repealed.

### **39-22-303.7. Sourcing of sales of mutual fund service corporations - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Administration services" includes, but is not limited to, clerical, fund, or shareholder accounting and participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal, and tax services performed for a regulated investment company. Services qualify as "administrative services" only if the provider of such services during the taxable year also provides, or is affiliated with a person that provides, management or distribution services to a regulated investment company during the same taxable year.

(b) "Distribution services" includes, but is not limited to, the services of advertising, servicing, marketing, or selling shares of a regulated investment company. The services of advertising, servicing, or marketing shares qualify as "distribution services" only when the service is performed by a person that is, or in the case of a closed-end company was, either engaged in the business of selling regulated investment company shares or affiliated with a person that is engaged in the service of selling regulated investment company shares. In the case of an open-end company, such service of selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. sec. 80a-15 (b), as amended.

(c) "Domicile" presumptively means the shareholder's mailing address on the records of the regulated investment company. If, however, the regulated investment company or the mutual fund service corporation has actual knowledge that the shareholder's primary residence or principal place of business is different from the shareholder's mailing address, the presumption shall not control. If the shareholder of record is a company that holds the shares of the regulated investment company as depositor for the benefit of a separate account, then the shareholder shall be the contract owners or policyholders of the contracts or policies supported by the separate account determined using any reasonable basis, such as zip codes of underlying shareholders or United States census bureau data in order to determine the proper location for the assignment of these shares. If the regulated investment company or the mutual fund service corporation has actual knowledge that the shareholder's principal place of business is different from the shareholder's mailing address, the presumption shall not control.

(d) "Management services" includes, but is not limited to, any of the following: The rendering of investment advice, directly or indirectly, to a regulated investment company, making determinations as to when sales and purchases of securities are to be made on behalf of the regulated investment company, or providing services related to the selling or purchasing of securities constituting assets of a regulated investment company, and related activities. Services

qualify as "management services" only when such activity or activities are performed pursuant to a contract with the regulated investment company entered into pursuant to 15 U.S.C. sec. 80a-15 (a), as amended, for a person that has entered into such contract with the regulated investment company or for a person that is affiliated with a person that has entered into such a contract with a regulated investment company.

(e) "Mutual fund sales" means gross receipts derived within the taxable year directly or indirectly from the rendering of management, distribution, or administration services to a regulated investment company, including gross receipts received directly or indirectly from trustees, sponsors, and participants of employee benefit plans that have accounts in a regulated investment company.

(f) "Mutual fund service corporation" means any corporation doing business in Colorado that derives gross income from the provision directly or indirectly of management, distribution, or administration services to or on behalf of a regulated investment company and from trustees, sponsors, and participants of employee benefit plans that have accounts in a regulated investment company.

(g) "Regulated investment company" means a regulated investment company as defined in section 851 of the federal "Internal Revenue Code of 1986", as amended.

(2) Notwithstanding any provision of section 39-22-303.5 or 39-22-303.6, for taxable years commencing on or after January 1, 2009, mutual fund sales by a mutual fund service corporation shall be considered Colorado sales for purposes of section 39-22-303.5 (4)(c) and section 39-22-303.6 (6), to the extent that shareholders of the regulated investment company are domiciled in Colorado as follows:

(a) (I) By multiplying the mutual fund service corporation's total dollar amount of mutual fund sales of such services on behalf of each regulated investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the regulated investment company's shareholders domiciled in Colorado at the beginning of and at the end of the regulated investment company's taxable year that ends with or within the mutual fund service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the regulated investment company shareholders everywhere at the beginning of and at the end of the regulated investment company's taxable year that ends with or within the mutual fund service corporation's taxable year.

(II) Notwithstanding subparagraph (I) of this paragraph (a), a mutual fund service corporation may use the year-end of the regulated investment company's fund advisor for this calculation, as long as the mutual fund service corporation consistently uses this method from year to year. For purposes of this paragraph (a), a regulated investment company's fund advisor is the person that is directly and primarily responsible for providing investment advice to the

regulated investment company under a contract entered into pursuant to 15 U.S.C. sec. 80a-15 (a).

(b) If the domicile of a shareholder is unknown to the mutual fund service corporation because the shareholder of record is a person that holds the shares of a regulated investment company as a depositor for the benefit of others, the mutual fund service corporation may utilize any reasonable basis, such as zip codes of underlying shareholders or United States census bureau data, in order to determine the proper location for the assignment of the shares.

(c) A separate computation shall be made to determine the mutual fund sales for each regulated investment company, the sum of which shall equal the total mutual fund sales sourced to Colorado.

**39-22-303.9. Apportionment of the income of a taxpayer with enterprise data center operations in the state - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Capital investment" means the:

(I) Purchase and construction of real estate; or

(II) Purchase and deployment of capital equipment, machines, building systems, infrastructure, or other depreciable assets, including capital leases.

(b) "Enterprise data center operation" means a business that:

(I) Physically houses information technology equipment such as servers, switches, routers, data storage devices, or related equipment;

(II) Manages and processes digital data and information to provide application services or management for data processing, such as web hosting, internet, intranet, telecommunication, and information technology services;

(III) Is owned by a taxpayer; and

(IV) Is operated substantially for the taxpayer's own use.

(c) "Office of economic development" or "office" means the Colorado office of economic development created in section 24-48.5-101.

(d) "Person" has the same meaning as provided in section 39-21-101 (3).

(e) "Taxpayer" means a person or an affiliated group of C corporations authorized to elect to make a consolidated return under section 39-22-305, and an affiliated group as defined in section 39-22-303 (12).

(2) Notwithstanding any provision of section 39-22-303.5, for taxable years commencing on or after the July 1 in the year in which the office provides written certification to the taxpayer and to the department of revenue that the requirements described in subsection (3)(a) of this section have been met by the taxpayer, but no sooner than the taxable year commencing July 1, 2018, pursuant to the schedule set by the office as described in subsection (3)(c)(II) of this section, in apportioning the income of a taxpayer with enterprise data center operations in the state, sales from services are Colorado sales for purposes of section 39-22-303.5 (4)(c)(I) to the extent such sales constitute revenues from services that are delivered to the taxpayer's customer's location in the state, as demonstrated by the customer's billing address.

(3) (a) Except as provided in subsection (3)(d) of this section, if a taxpayer makes a capital investment in an enterprise data center operation in the state as described in subsection (3)(b) of this section and enters into a memorandum of understanding with the office as described in subsection (3)(c) of this section, then the taxpayer is authorized to use the apportionment method set forth in subsection (2) of this section pursuant to the schedule set forth in the memorandum of understanding when the capital investment is fully funded.

(b) The taxpayer shall make a capital investment in an enterprise data center in the state equal to at least one hundred fifty million dollars within any consecutive five-year period commencing on or after January 1, 2013.

(c) (I) The taxpayer shall enter into a memorandum of understanding with the office that sets forth:

(A) The amount of the capital investment;

(B) The specific consecutive five-year period in which the capital investment will occur;

(C) The minimum number of net new employees that will be hired by the taxpayer; and

(D) Any other investments or actions on the part of the taxpayer that will support the economic development of the state.

(II) The memorandum of understanding must include a schedule, to be set by the office, that incrementally transitions the taxpayer, over a period not to exceed eight years, to the apportionment method described in subsection (2) of this section.

(III) When negotiating the terms of the memorandum of understanding with the taxpayer, the office may seek input from the department of revenue. The department of revenue shall provide

taxpayer-specific information that will assist the office in setting the terms of the memorandum of understanding. Notwithstanding section 39-21-113, it is lawful for the department of revenue to provide such taxpayer-specific information to the office. The office shall not disclose taxpayer-specific information to the public that it receives pursuant to this subsection (3)(c)(III) and subsection (3)(c)(V) of this section and shall keep such taxpayer-specific information confidential. All employees of the office are subject to the limitations set forth in section 39-21-113 (4) and the penalties set forth in section 39-21-113 (6).

(IV) (A) The memorandum of understanding must be signed by the office and the taxpayer no later than one year after the last year of the consecutive five-year capital investment period described in subsection (3)(b) of this section.

(B) When the taxpayer fully funds the capital investment and signs the memorandum of understanding, the office shall provide written certification to the taxpayer and the department of revenue that the requirements described in subsection (3)(a) of this section have been met by the taxpayer and the taxpayer shall attach a copy of the signed memorandum of understanding with its tax return in order to provide the department of revenue with the transition schedule described in subsection (3)(c)(II) of this section for the apportionment method.

(V) The taxpayer shall provide any information required by the office for the office to determine compliance with the terms of the memorandum of understanding.

(VI) The office and the department of revenue have the right to audit compliance with the memorandum of understanding and review any information provided by the taxpayer pursuant to the memorandum of understanding or requested by the office as allowed under subsection (3)(c)(V) of this section.

(d) If the taxpayer fails to fully fund the capital investment or fails to fulfill the obligations established in the memorandum of understanding, the taxpayer may no longer use the apportionment method set forth in subsection (2) of this section and apportionment shall be determined pursuant to section 39-22-303.5.

(4) Notwithstanding section 24-1-136 (11), on November 1, 2019, and each November 1 thereafter, the office and the department of revenue shall submit a report to the finance committee of the house of representatives and the finance committee of the senate, or any successor committees, that includes a summary of the use of this section, the capital investments made, and the number of memoranda of understanding entered into and that includes an update on the use of market-based apportionment in the state.

**39-22-304. Net income of corporation - legislative declaration - definitions - repeal.**

(1) (a) The net income of a C corporation means the C corporation's federal taxable income, as defined in the internal revenue code, for the taxable year, with the modifications specified in this section.

(b) (I) (A) For income tax years commencing on or after January 1, 2022, but before January 1, 2027, in the case of a C corporation that is not incorporated in the United States, or included in a consolidated federal corporate income tax return, "federal taxable income" means the C corporation's income or loss as determined from a profit and loss statement prepared for that C corporation on a separate entity basis in the currency in which its books of account are regularly maintained, provided this profit and loss statement is subject to an independent audit, adjusted to conform to the accounting principles generally accepted in the United States for the preparation of such statements and further modified to take into account any book-tax adjustments necessary to reflect federal and state tax law. Income or loss so computed includes all income wherever derived and is not limited to items of income from sources within the United States or effectively connected income within the meaning of the internal revenue code. Items of income, expense, gain or loss, and related apportionment factors that are denominated in a foreign currency must also be translated into United States dollars on a reasonable basis consistently applied year-to-year and entity-by-entity. Unrealized foreign currency gains and losses are not recognized. Income apportioned to this state is to be expressed in United States dollars.

(B) For income tax years commencing on or after January 1, 2027, in the case of a C corporation that is included in a combined group pursuant to section 39-22-303, and that is not incorporated in the United States, or included in a consolidated federal corporate income tax return, "federal taxable income" means the C corporation's income or loss as determined from a profit and loss statement prepared for that C corporation on a separate entity basis in the currency in which its books of account are regularly maintained, provided this profit and loss statement is subject to an independent audit, adjusted to conform to the accounting principles generally accepted in the United States for the preparation of such statements, and further modified to take into account any book-tax adjustments necessary to reflect federal and state tax law. Income or loss so computed includes all income wherever derived and is not limited to items of income from sources within the United States or effectively connected income within the meaning of the internal revenue code. Items of income, expense, gain or loss, and related apportionment factors that are denominated in a foreign currency must also be translated into United States dollars on a reasonable basis consistently applied year-to-year and entity-by-entity. Unrealized foreign currency gains and losses are not recognized. Income apportioned to the state is to be expressed in United States dollars.

(C) Subsection (1)(b)(I)(A) of this section and this subsection (1)(b)(I)(C) are repealed, effective December 31, 2031.

(II) In lieu of the procedures set forth in subsection (1)(b)(I) of this section, or in any case where it is necessary to fairly and consistently reflect the income or loss and apportionment factors of foreign operations included in a combined report, the executive director may provide for other procedures to reasonably approximate the income or loss and apportionment factors of members with foreign operations.

(2) There shall be added to federal taxable income:

(a) Any income, war profits, or excess profits taxes paid or accrued to any foreign country or to any possession of the United States that were deducted on the federal income tax return;

(b) Interest income less amortization of premium on obligations of any state or any political subdivision thereof, other than interest income on obligations of this state or a political subdivision thereof which are issued on or after May 1, 1980. Interest income on obligations of this state or a political subdivision thereof which were issued before May 1, 1980, shall be exempt from income tax to the extent that such interest is specifically so exempt under the laws of this state authorizing the issuance of such obligations. The amount of such interest shall be the net amount after reduction by the amount of the deductions related thereto which are required by the internal revenue code to be allocated to such classes of interest.

(c) The federal net operating loss deduction;

(d) Income taxes imposed by this state to the extent deducted in determining federal taxable income, except the tax imposed by article 29 of this title;

(e) (I) Any expenses incurred by a taxpayer with respect to expenditures made at, or payments made to, a club licensed pursuant to section 44-3-418 that has a policy to restrict membership on the basis of sex, sexual orientation, gender identity, gender expression, marital status, race, creed, religion, color, ancestry, or national origin. Any such club shall provide on each receipt furnished to a taxpayer a printed statement as follows:

The expenditures covered by this receipt are  
nondeductible for state income tax purposes.

(II) The general assembly finds, determines, and declares that the people of the state of Colorado desire to promote and achieve tax equity and fairness among all the state's citizens and further desire to conform to the public policy of nondiscrimination. The general assembly further

declares that the provisions of this paragraph (e) are enacted for these reasons and for no other purpose.

(f) For the income tax years commencing on or after January 1, 2000, an amount equal to the charitable contribution deduction allowed by section 170 of the internal revenue code to the extent such deduction includes a contribution of real property to a charitable organization for a conservation purpose for which an income tax credit is claimed pursuant to section 39-22-522;

(g) Repealed.

(h) An amount equal to a business expense for labor services that is deducted pursuant to section 162 (a)(1) of the internal revenue code but that is prohibited from being claimed as a deductible business expense for state income tax purposes pursuant to section 39-22-529;

(i) For income tax years ending on and after the enactment of the March 2020 "Coronavirus Aid, Relief, and Economic Security Act", Pub.L. 116-136, referred to in this section as the "CARES Act", but before January 1, 2021, and for income tax years beginning on and after the enactment of the "CARES Act", but before January 1, 2021, an amount equal to the amount in excess of the limitation on business interest under section 163 (j) of the internal revenue code without regard to the amendments made by section 2306 of the "CARES Act".

(j) (I) For income tax years commencing on or after January 1, 2022, but before January 1, 2023, an amount equal to a federal deduction claimed for the income tax year for a food and beverage expense that exceeds fifty percent of the amount of the expense and that was allowed under section 274 (n)(2)(D) of the internal revenue code.

(II) This subsection (2)(j) is repealed, effective December 31, 2030.

(k) (I) For income tax years commencing on or after January 1, 2024, but before January 1, 2031, an amount equal to a federal deduction claimed for a business meal pursuant to section 274 (k) of the internal revenue code.

(II) This subsection (2)(k) is repealed, effective December 31, 2035.

(l) For income tax years commencing on or after January 1, 2026, an amount equal to a federal deduction claimed for the income tax year for foreign-derived deduction eligible income pursuant to section 250 of the internal revenue code.

(m) (I) (A) For income tax years beginning on and after January 1, 2027, the excess of any gain excluded from federal gross income pursuant to section 1400Z-2 (a)(I)(A) of the internal revenue code over the amount of that gain invested by the taxpayer in a Colorado qualified opportunity fund in a manner that qualifies for exclusion from federal gross income pursuant to section 1400Z-2 (a)(I)(A) of the internal revenue code.

(B) For amounts invested in a qualified opportunity fund after December 31, 2026, other than a Colorado qualified opportunity fund, the amount of gain excluded from federal gross income as a result of an election made by the taxpayer pursuant to section 1400Z-2(c) of the internal revenue code.

(II) As used in this subsection (2)(m), "Colorado qualified opportunity fund" means a qualified opportunity fund that holds at least ninety percent of its assets in Colorado qualified opportunity zone property. Colorado qualified opportunity zone property is:

(A) Qualified opportunity zone business property, substantially all of the use of which, during substantially all of the fund's holding period for the property, was in a qualified opportunity zone within Colorado; or

(B) Qualified opportunity zone stock or a qualified opportunity zone partnership interest in a qualified opportunity zone business, in which substantially all of the tangible property owned or leased is qualified opportunity zone business property as described in section 1400Z-2 (d)(3)(A)(i) of the internal revenue code and substantially all of the use of which is in a qualified opportunity zone within Colorado.

(III) For purposes of subsection (2)(m)(II) of this section:

(A) Property held in the fund shall be measured under rules similar to the rules of section 1400Z-2 (d)(I) of the internal revenue code; and

(B) The terms used have the same meaning as set forth in section 1400Z-2 of the internal revenue code.

(3) There shall be subtracted from federal taxable income:

(a) Interest income on obligations of the United States and its possessions to the extent included in federal taxable income;

(b) Interest or dividend income on obligations or securities of any authority, commission, or instrumentality of the United States to the extent included in federal taxable income but exempt from state income taxes under the laws of the United States;

(c) The portion of any gain or loss from the sale or other disposition of property having a higher adjusted basis for Colorado income tax purposes than for federal income tax purposes on the date such property was sold or disposed of in a transaction in which gain or loss was recognized for purposes of federal income tax that does not exceed such difference in basis, but, if a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to the portion of such gain which is included in federal taxable income;

(d) (I) Prior to January 1, 2024, the portion of any gain received during the taxable year from a qualified sale.

(II) As used in this paragraph (d), "qualified sale" means a sale, in good faith, of real or personal property to a buyer who initiates the transaction to purchase real or personal property of the seller and who had or could have obtained the power to condemn such property, if the transaction was not between persons defined in section 267 (b) of the internal revenue code.

(III) The purpose of this paragraph (d) is, for purposes of Colorado income tax, to accord a seller in a qualified sale the same treatment received by a taxpayer under section 1033 of the internal revenue code relating to gains from involuntary conversion, even though said seller does not qualify under said section 1033 due to the absence of condemnation or the threat or imminence thereof and the buyer of the property purchased initiates the transaction. The executive director shall promulgate such reasonable rules and regulations as are necessary to accomplish the purpose of this paragraph (d).

(IV) This subsection (3)(d) is repealed, effective December 31, 2028.

(e) Repealed.

(f) (I) The amount of any refund or credit for overpayment of income taxes imposed by this state to the extent included in federal taxable income;

(II) The purpose of the subtraction authorized in this subsection (3)(f) is to avoid re-taxing a taxpayer's state income tax refund when a state refund is required to be included as income on the taxpayer's federal return pursuant to the internal revenue code; and

(III) The effectiveness of the subtraction authorized in this subsection (3)(f) is measured by the number of taxpayers claiming the subtraction and the total amount of state refunds claimed as subtractions from Colorado taxable income;

(g) The net operating loss deduction allowed under section 39-22-504;

(h) (I) Prior to January 1, 2024, an amount equal to the difference between the depletion allowance permitted under the internal revenue code for oil shale and an amount which would be permitted as the depletion allowance for oil shale if: The percentage depletion rate were twenty-seven and one-half percent; and the crushing, retorting, condensing, and other processes by which oil, gas, or both oil and gas are removed from oil shale, were deemed to be treatment processes considered as mining.

(II) This subsection (3)(h) is repealed, effective December 31, 2028.

(i) (I) For income tax years beginning before January 1, 2027, that portion of wages or salaries paid or incurred for the taxable year, the deduction for which is disallowed by section 280C of the internal revenue code.

(II) This subsection (3)(i) is repealed, effective December 31, 2031.

(j) Any amount treated as a section 78 dividend under section 78 of the internal revenue code;

(k) (I) Prior to January 1, 2025, any amount contributed to a medical savings account pursuant to section 39-22-504.7 (2)(e), to the extent such amount is not claimed as a deduction on the taxpayer's federal tax return.

(II) This subsection (3)(k) is repealed, effective December 31, 2028.

(l) Repealed.

(m) For income tax years commencing on or after January 1, 2014, if a taxpayer is licensed under the "Colorado Marijuana Code", article 10 of title 44, or its predecessor codes, an amount equal to any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the internal revenue code because marijuana is a controlled substance under federal law;

(m.5) For income tax years commencing on or after January 1, 2024, if a taxpayer is licensed pursuant to the "Colorado Natural Medicine Code", article 50 of title 44, an amount equal to any expenditure that is eligible to be claimed as a federal income tax deduction but is disallowed by section 280E of the internal revenue code because natural medicine is a controlled substance under federal law;

(n) and (o) Repealed.

(p) (I) (A) Except as provided in subsections (3)(p)(I)(B) and (3)(p)(II) of this section, for income tax years beginning on or after January 1, 2021, but before January 1, 2022, the sum of the amount by which taxable income for the specified tax years exceeds the taxable income for the modified specified tax years computed separately for each income tax year, plus the amount added back by the taxpayer as specified in subsection (2)(i) of this section.

(B) For any income tax year included in the calculation under subsection (3)(p)(I)(A) of this section in which the taxpayer was required to apportion or allocate income to Colorado under the provisions of this article 22 applicable to that income tax year, the amount included in the calculation under subsection (3)(p)(I)(A) is the following amount multiplied by the taxpayer's apportionment factor for the tax year: The amount by which taxable income for the specified tax year exceeds the taxable income for the modified specified tax year, plus the amount added back by the taxpayer as specified in subsection (2)(i).

(II) (A) The subtraction calculated under subsection (3)(p)(I) of this section applies after the application of the other subtractions provided for in this subsection (3) and is limited to the lesser of the taxpayer's Colorado taxable income or three hundred thousand dollars.

(B) Any amount of the subtraction calculated under subsection (3)(p)(I) of this section that a taxpayer may not claim by operation of subsection (3)(p)(II)(A) of this section may be carried

forward to subsequent tax years as a subtraction from the taxpayer's federal taxable income until exhausted; except that each tax year's subtraction may not exceed the lesser of the taxpayer's Colorado taxable income or one hundred fifty thousand dollars for the income tax years commencing on or after January 1, 2022, but before January 1, 2026, and each year's subtraction may not exceed the taxpayer's Colorado taxable income in any income tax years thereafter. Any subtraction must be applied first to the earliest income tax years possible.

(C) In the case of a taxpayer that apportions and allocates net income as required by section 39-22-303.6 (3)(b) in the taxpayer's income tax year beginning on or after January 1, 2021, but before January 1, 2022, the subtraction applies to the taxpayer's net income apportioned and allocated to Colorado. Any carry forward amount subtracted in a subsequent tax year under subsection (3)(p)(II)(B) of this section is applied to net income apportioned and allocated to Colorado for that subsequent tax year.

(III) A taxpayer that applies the subtraction allowed in this subsection (3)(p) with respect to qualified improvement property shall calculate the gain or loss on a sale of such qualified improvement property for purposes of the subtraction in subsection (3)(c) of this section using the basis reported on their federal income tax return at the time of the sale.

(IV) As used in this subsection (3)(p), unless the context otherwise requires:

(A) "CARES Act" means the March 2020 "Coronavirus Aid, Relief, and Economic Security Act", Pub.L. 116-136.

(B) "Colorado taxable income" means federal taxable income as modified by this article 22 without regard to this subsection (3)(p).

(C) "Retroactive provisions of the CARES Act" means the changes made to the internal revenue code in sections 2306 and 2307 of the CARES Act.

(D) "Taxable income for the modified specified tax years" means the taxpayer's Colorado taxable income for tax years ending before March 27, 2020, as calculated under the internal revenue code and Colorado law applicable to the taxpayer's return as of the date the return was due, as modified by the application of the retroactive provisions of the CARES Act applied to the calculation of the taxpayer's federal taxable income, but only to the extent the taxpayer appropriately applied those provisions to the taxpayer's federal income tax returns for each tax year.

(E) "Taxable income for the specified tax years" means the taxpayer's Colorado taxable income for tax years ending before March 27, 2020, as calculated under Colorado law applicable to the taxpayer's return as of the date the return was due.

(q) (I) For income tax years beginning on or after January 1, 2022, but before January 1, 2027:

(A) Any amount included in federal taxable income pursuant to section 951 (a) of the internal revenue code with respect to a controlled foreign corporation that is a C corporation incorporated in a foreign jurisdiction for the purpose of tax avoidance pursuant to section 39-22-303 (8)(b)(II); and

(B) The amount of any income included in federal taxable income pursuant to section 951A (a) of the internal revenue code with respect to a controlled foreign corporation that is a C corporation incorporated in a foreign jurisdiction for the purpose of tax avoidance pursuant to section 39-22-303 (8)(b)(II), less any amount deducted under section 250 (a)(1)(B) of the internal revenue code with respect to such income.

(II) This subsection (3)(q) is repealed, effective December 31, 2031.

(r) Repealed.

(s) (I) For income tax years commencing on or after January 1, 2027, but before January 1, 2038, an amount equal to qualifying capital gains that are subject to tax under this article 22 and that are realized by an owner during the taxable year for the qualified sale of a qualified business.

(II) As used in this subsection (3)(s), unless the context otherwise requires:

(A) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(B) "Owner" has the same meaning as set forth in section 39-22-542 (2)(h).

(C) "Qualified business" has the same meaning as set forth in section 39-22-542 (2)(i).

(D) "Qualified employee-owned business" has the same meaning as set forth in section 39-22-542 (2)(j).

(E) "Qualified sale" means the conversion to a qualified employee-owned business; except that the conversion must be by an increment of at least twenty percent of the total ownership of the entire qualified employee-owned business.

(F) "Qualifying capital gains" means the amount of net capital gains, as defined in section 1222 (11) of the internal revenue code, subject to the limitation set forth in subsection (3)(s)(V) of this section.

(III) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the income tax subtraction provided in this subsection (3)(s) is to:

(A) Induce certain designated behavior by taxpayers, specifically for businesses to establish employee stock ownership plans or employee ownership trusts or to convert to a worker-owned cooperative; and

(B) Provide tax relief for certain businesses or individuals, specifically to businesses that establish employee stock ownership plans or employee ownership trusts or that convert to a worker-owned cooperative.

(IV) The general assembly and the state auditor shall measure the effectiveness of the subtraction in achieving the purpose specified in subsection (3)(s)(III) of this section based on the number and aggregate amount of subtractions claimed in a tax year.

(V) (A) On or before June 30, 2026, the office shall establish and post on its website the total amount of capital gains that may be subtracted from an owner's federal taxable income pursuant to this subsection (3)(s), which amount is in effect for income tax years commencing on or after January 1, 2027, but before January 1, 2038, or until the office adjusts the amount as set forth in subsection (3)(s)(V)(B) of this section.

(B) After June 30, 2026, on or before June 30, 2027, and on or before June 30 of each year thereafter until June 30, 2036, the office may adjust the total amount of capital gains that may be subtracted from an owner's federal taxable income that the office has previously established in accordance with this subsection (3)(s)(V). The adjusted amount must be posted on the office's website and is in effect for income tax years commencing on or after January 1 of the year immediately following the year in which the adjustment is made but before January 1, 2038, or until the office subsequently adjusts the amount as set forth in this subsection (3)(s)(V)(B).

(C) An owner may not subtract more than the amount of capital gains established by the office in accordance with subsection (3)(s)(V)(A) or (3)(s)(V)(B) of this section in the income tax year.

(D) Beginning in January 2027, and in January every year thereafter following a year in which the office adjusts the amount of capital gains that may be subtracted from an owner's federal taxable income pursuant to subsection (3)(s)(V)(B) of this section, the office shall include, as part of its presentation during its "SMART Act" hearing required by section 2-7-203, information concerning the amount of capital gains that may be subtracted from an owner's federal taxable income that the office has established pursuant to subsection (3)(s)(V)(A) or (3)(s)(V)(B) of this section and the method that the office used to establish the amount.

(VI) This subsection (3)(s) is repealed, effective July 1, 2042.

(t) (I) For income tax years commencing on or after January 1, 2027, but before January 1, 2038, an amount equal to a qualified taxpayer's federal taxable income for the tax year not to exceed one million dollars.

(II) As used in this subsection (3)(t), unless the context otherwise requires:

(A) "Qualified taxpayer" means a taxpayer that is subject to tax under this article 22 and that is a worker-owned cooperative.

(B) "Worker-owned cooperative" has the same meaning as set forth in section 1042 (c)(2) of the internal revenue code.

(III) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the income tax subtraction provided in this subsection (3)(t) is to:

(A) Induce certain designated behavior by taxpayers, specifically for businesses to convert to a worker-owned cooperative; and

(B) Provide tax relief for certain businesses, specifically to provide ongoing support to businesses that convert to a worker-owned cooperative.

(IV) The general assembly and the state auditor shall measure the effectiveness of the subtraction in achieving the purpose specified in subsection (3)(t)(III) of this section based on the number and aggregate amount of subtractions claimed in a tax year and the number of subtractions claimed year over year.

(V) This subsection (3)(t) is repealed, effective July 1, 2042.

(u) For income tax years commencing on or after January 1, 2027, the amount of gain included in federal gross income pursuant to section 1400Z-2 (b) of the internal revenue code to the extent that such gain was added to federal taxable income pursuant to subsection (2)(m) of this section for a prior tax year.

## ANNOTATION

**Law reviews.** For article, "2006 Immigration Legislation in Colorado", see 35 Colo. Law. 79 (Oct. 2006).

### **39-22-305. Consolidated returns.**

(1) An affiliated group of C corporations, as defined in section 1504 of the internal revenue code, may elect to make a consolidated return with respect to the corporate income tax imposed by section 39-22-301 (1) for the taxable year in lieu of separate returns. The making of a consolidated return shall be upon the condition that all C corporations which at any time during the taxable year have been members of the affiliated group consent to be included in such return. The making of a consolidated return shall be considered as such consent. Such election may not be revoked in less than four years unless approved by the executive director.

(2) The executive director shall prescribe such regulations as the executive director may deem necessary in order that the tax liability of any affiliated group of C corporations making a consolidated return and of each C corporation in the group, both during and after the period of affiliation, may be returned, determined, computed, assessed, collected, and adjusted, in such manner as clearly to reflect the income tax liability and the various factors necessary for the determination of such liability and as the executive director may deem necessary in order to prevent avoidance of the tax liability.

#### ANNOTATION

**A combined-consolidated filing is permissible.** An affiliated group that is required to file a combined return may also elect to file a consolidated return. This type of return was clearly allowed under the

published statutes and the related department regulations. *Cendant Corp. & Subs. v. Dept. of Rev.*, 226 P.3d 1102 (Colo. App. 2009).

#### **39-22-306. Accounting periods and methods.**

The provisions of section 39-22-111 shall apply to C corporations to the extent not inconsistent with sections 39-22-301 to 39-22-305.

**39-22-308. Credit allowed for purchase of Colorado coal.**

(1) For income tax years commencing on or after January 1, 1989, but prior to January 1, 2005, there shall be allowed, as a credit against any taxes imposed on income by this part 3, an amount equal to one dollar per ton for each ton of Colorado coal purchased by and delivered to the taxpayer in excess of the number of tons of Colorado coal purchased by and delivered to the taxpayer in the income tax year commencing on or after January 1, 1988. If the amount of the tax credit allowed by this section exceeds the amount of income tax due for the taxable year, the excess amount may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding three years and shall be applied first to the earliest income tax years possible. For purposes of this section, "Colorado coal" means coal mined in Colorado, as certified by the producer of such coal.

(2) (a) Any public or private corporate purchaser who is not liable for or subject to state income tax during the year the coal is purchased and who is otherwise eligible for the credit allowed by subsection (1) of this section may by written agreement transfer such credit to the producer of the coal. Said producer shall be allowed, as a credit against any taxes imposed on income by this part 3, an amount equal to the amount of credit for which the purchaser would otherwise have been eligible pursuant to subsection (1) of this section. Any such credit shall be subject to any limitations established in subsection (1) of this section. Said producer shall reduce the purchase price of said coal to such corporate purchaser by the amount of the credit so transferred.

(b) The corporate purchaser shall file a copy of the written agreement with the department of revenue. The agreement shall contain, but shall not be limited to, terms stipulating the number of tons of Colorado coal purchased by the corporate purchaser in the 1988 base income tax year and the number of tons of Colorado coal over and above that base amount which is being purchased pursuant to the agreement.

**39-22-310. Legislative declaration - statutory interpretation and construction.**

It is the intent of the general assembly that, in interpreting or construing the provisions of this part 3, statutes shall be given the strongest weight, then rules and regulations, and then the administrative interpretation or construction of said provisions by the executive director or the department of revenue; the administrative interpretation shall be given no greater weight than the interpretation of the taxpayer regardless of how long-standing such administrative interpretation or construction might be, unless such administrative interpretation or construction is set forth in rules and regulations promulgated by the executive director.

**ANNOTATION**

**Law reviews.** For article, "Choice of Entities in Colorado", see 23 Colo. Law. 293 (1994).

**39-22-321. Definitions.**

For the purposes of this subpart 2, unless the context otherwise requires:

(1) "Income attributable to the state" means items of income, loss, deduction, or credit of the S corporation apportioned or allocated to this state pursuant to section 39-22-303.5, 39-22-303.6, or 39-22-303.7.

(2) "Income not attributable to the state" means all items of income, loss, deduction, or credit of the S corporation other than income attributable to the state.

(3) "Post-termination transition period" means that period defined in section 1377 (b)(1) of the internal revenue code.

(4) "Pro rata share" means the portion of any item attributable to an S corporation shareholder for a taxable period determined in the manner provided in, and subject to any election made under, section 1377 (a) or 1362 (e), as the case may be, of the internal revenue code.

(5) "Taxable period" means any taxable year or portion of a taxable year during which a corporation is an S corporation.

### **39-22-322. Taxation of an S corporation and its shareholders.**

(1) An S corporation shall not be subject to the tax imposed by this article.

(2) For the purposes of section 39-22-104, each shareholder's pro rata share of the S corporation's income attributable to the state and each resident shareholder's pro rata share of the S corporation's income not attributable to the state, all as modified pursuant to section 39-22-323, shall be taken into account by the shareholder in the manner provided in section 1366 of the internal revenue code.

(3) For the purposes of determining the amounts taken into account by the shareholders of an S corporation pursuant to subsection (2) of this section, the amount of any tax imposed on the S corporation under the internal revenue code shall proportionately reduce the S corporation's income attributable to the state and income not attributable to the state.

**39-22-323. Modification and characterization of income.**

(1) An S corporation's income attributable to the state shall, for the purposes of section 39-22-322, be subject to the modifications provided in section 39-22-304.

(2) Each resident shareholder's pro rata share of the S corporation's income not attributable to the state shall, for the purposes of section 39-22-322 (2), be subject to the modifications provided in section 39-22-104.

(3) The character of any S corporation item taken into account by a shareholder of an S corporation pursuant to section 39-22-322 (2) shall be determined as if such item were received or incurred by the S corporation and not its shareholder.

**Source: L. 92:** Entire section added, p. 2261, § 1, effective April 16.

**39-22-324. Basis and adjustments.**

The basis in the hands of a shareholder of an S corporation in the stock of the S corporation and any indebtedness of the S corporation to the shareholder shall be determined in the manner provided under the internal revenue code.

**Source: L. 92:** Entire section added, p. 2261, § 1, effective April 16.

**39-22-325. Carryforwards and carrybacks - loss limitation.**

(1) Carryforwards and carrybacks to and from taxable periods of an S corporation shall be restricted in the manner provided in section 1371 (b) of the internal revenue code.

(2) The aggregate amount of losses or deductions of an S corporation taken into account by a shareholder of the S corporation for a taxable period pursuant to section 39-22-323 (2) shall not exceed such shareholder's combined adjusted basis, as determined pursuant to section 39-22-324, in the stock of the S corporation and any indebtedness of the S corporation to such shareholder.

(3) Any loss or deduction of an S corporation which is disallowed for a taxable period pursuant to subsection (2) of this section shall be treated as incurred by the corporation in the succeeding taxable period with respect to that shareholder.

(4) (a) Any loss or deduction of an S corporation which is disallowed pursuant to subsection (2) of this section for the corporation's last taxable period as an S corporation shall be treated as incurred by a shareholder on the last day of any post-termination transition period.

(b) The aggregate amount of losses and deductions taken into account by a shareholder pursuant to paragraph (a) of this subsection (4) shall not exceed such shareholder's adjusted basis in the stock of the corporation, as such adjusted basis is determined pursuant to section 39-22-324 at the close of the last day of any post-termination transition period and without regard to this subsection (4).

**Source: L. 92:** Entire section added, p. 2261, § 1, effective April 16.

#### **39-22-326. Part-year residence.**

For the purposes of this subpart 2, if a shareholder of an S corporation is both a resident and a nonresident of this state during any taxable period, such shareholder's pro rata share of the S corporation's income attributable to the state and income not attributable to the state for the taxable period shall be further prorated between such shareholder's periods of residence and nonresidence during the taxable period, in accordance with the number of days in each period.

**Editor's note:** Subsection (2) provided for the repeal of this section, effective January 1, 2024. (See L. 2023, p. 1755.)

**39-22-329. Tax credits.**

(1) For the purposes of section 39-22-108, each resident shareholder shall be considered to have paid a tax imposed on each resident shareholder in an amount equal to each resident shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders of an S corporation by reference to the income of the S corporation. For the purposes of this section, the term "net income tax" means any tax imposed on, or measured by, an S corporation's net income.

(2) Each shareholder of an S corporation shall be allowed a credit against the tax imposed by section 39-22-104 in an amount equal to each shareholder's pro rata share of the tax credits described in sections 39-30-103.5 to 39-30-105.6 earned by the S corporation.

## SUBPART 3

### SALT PARITY ACT

**39-22-340. Short title - citation.**

This subpart 3 is comprised of sections 39-22-340 to 39-22-347 and may be cited as subpart 3. This subpart 3 shall be known and may be cited as the "SALT Parity Act".

**Source: L. 2021:** Entire subpart added, (HB 21-1327), ch. 300, p. 1801, § 1, effective June 23.  
**L. 2024:** Entire section amended, (HB 24-1450), ch. 490, p. 3424, § 77, effective August 7.

### **39-22-341. Legislative declaration.**

The general assembly hereby finds and declares that the deductibility of state income taxes should be the same for C corporations, S corporations, and partnerships.

**Source: L. 2021:** Entire subpart added, (HB 21-1327), ch. 300, p. 1801, § 1, effective June 23.

### **39-22-342. Definitions.**

As used in this subpart 3, unless the context otherwise requires:

(1) "Electing pass-through entity" means, with respect to a taxable period, an S corporation or partnership that has made the election under section 39-22-343 with respect to the taxable period.

(2) "Electing pass-through entity owner" means, with respect to an S corporation, a shareholder of the S corporation and, with respect to a partnership, a partner in the partnership; except that a partner does not include a C corporation that is unitary with the partnership.

(3) "Income attributable to the state" means, with respect to an S corporation, the portion of the items of income, gain, loss, or deduction of the S corporation apportioned or allocated to this state in accordance with the provisions of section 39-22-321 (1) and (2), and, with respect to a partnership, the portion of the income, gain, loss, deduction, or credit of the partnership derived from sources within Colorado determined in accordance with the provisions of section 39-22-203.

(4) "Income not attributable to the state" means all items of income, gain, loss, or deduction of an electing pass-through entity other than income attributable to the state.

(5) "Resident electing pass-through entity owner" means an electing pass-through entity owner that is a resident of Colorado as defined in section 39-22-103 (6), (7), (8), (9), and (10).

(6) "Taxable period" means any taxable year or portion of a taxable year during which a corporation is an S corporation or a noncorporate entity is a partnership.

**Source: L. 2021:** Entire subpart added, (HB 21-1327), ch. 300, p. 1801, § 1, effective June 23.

### **39-22-343. Election.**

(1) (a) Notwithstanding sections 39-22-201, 39-22-302, and 39-22-322, and except as provided in subsection (2) of this section, for income tax years commencing on or after January 1, 2018, an S corporation or partnership may annually elect to be subject to tax at the entity level for the taxable period.

(b) Except as set forth in subsection (1)(c)(I) of this section, the S corporation or partnership shall make the election on the return filed by such S corporation or partnership under section 39-22-601. The filing of a return filed under section 39-22-601 or subsection (1)(c)(I) of this section is binding on all electing pass-through entity owners.

(c) (I) For income tax years commencing on or after January 1, 2018, but prior to January 1, 2022, the S corporation or partnership must make the election on or after September 1, 2023, but before July 1, 2024, in a composite amended tax return for all of the years for which the election is made that is filed on behalf of the S corporation or partnership and all of the electing pass-through entity owners. The department of revenue shall establish the return, which shall not include any changes to the past returns other than those that are directly related to the election. The provisions of sections 39-21-107 (2) and 39-21-108 (1) shall not apply to the payment or refund of the tax made pursuant to the return.

(II) Notwithstanding any other provision of law, if an S corporation or partnership files a return specified in subsection (1)(c)(I) of this section, neither the S corporation or partnership nor the electing pass-through entity owners shall incur any penalties for filing late nor owe interest on such amounts, and the department shall not be required to pay penalties or interest on any amounts owed to the taxpayers.

(III) Notwithstanding the dates provided in subsection (1)(c)(I) of this section, the department shall have one year from the date the composite amended tax return is filed to review the return and make a written proposed adjustment in accordance with section 39-21-103. The department must make any assessment within one year after a final determination is made under section 39-21-103 (8). Any final determination made as specified in this subsection (1)(c)(III) may be enforced at any time within six years from the date of the final determination.

(2) The election allowed under subsection (1) of this section is only allowed in an income tax year where there is a limitation on the deductions allowed to individuals under section 164 of the internal revenue code.

**39-22-344. Imposition of tax.**

(1) With respect to any taxable period for which it has made the election under section 39-22-343, an electing pass-through entity is subject to a tax in an amount equal to the tax rate set forth in section 39-22-301 for the applicable income tax year multiplied by the sum of the following, all as determined pursuant to sections 39-22-202, 39-22-203, 39-22-322, and 39-22-323:

(a) Each electing pass-through entity owner's pro rata or distributive share of the electing pass-through entity's income attributable to the state; and

(b) Each resident electing pass-through entity owner's pro rata or distributive share of the electing pass-through entity's income not attributable to the state.

(2) An electing pass-through entity is treated as a corporation under section 39-22-606 with respect to the tax imposed under this subpart 3; except that the requirement to make estimated payments under section 39-22-606 does not apply for income tax years commencing prior to January 1, 2023.

(3) Any credit allowed pursuant to this article 22 that is attributable to the activities of an electing pass-through entity in the taxable year is passed through to and must be claimed by the electing pass-through entity owner.

(4) The executive director of the department of revenue may promulgate rules in accordance with article 4 of title 24 to require or permit an electing pass-through entity to make returns, set forth information, or furnish copies of information as required in section 39-22-601 (2.5)(a) through (2.5)(c) and (5)(a) through (5)(c) as is necessary to execute the provisions of this subpart 3. Notwithstanding the specificity of the foregoing, the executive director may promulgate such other rules as are, in the executive director's view, necessary or expedient in enforcing the provisions of this subpart 3.

(5) The provisions of section 39-22-601 (2.7)(d) and (5.5)(d) are not applicable to an electing pass-through entity.

(6) The provisions of article 21 of this title 39 regarding the collection, administration, and enforcement of tax is applicable to the tax due under this section, and, notwithstanding the provisions of sections 39-22-201, 39-22-302, and 39-22-322, an electing pass-through entity is a taxpayer.

**39-22-347. Credit for electing pass-through entity owner - tax preference performance statement - legislative declaration.**

(1) (a) The general assembly hereby finds and declares that the purpose of this tax credit is to:

(I) Ensure the state does not have a net tax revenue change while accomplishing the purpose set forth in section 39-22-341; and

(II) Replace a related state income tax deduction.

(b) (I) Notwithstanding section 39-21-304 (2), the purpose of the tax expenditure created in this section is to avoid double taxation of income on electing pass-through entity owners.

(II) The general assembly and the state auditor shall measure the effectiveness of the credit created in this section in achieving the purpose specified in subsection (1)(b)(I) of this section

based on whether the amount of the credit is equal to the amount of the tax revenue collected under section 39-22-344.

(2) Subject to the limitations set forth in subsection (3) of this section, for income tax years commencing on or after January 1, 2018, an electing pass-through entity owner is allowed a credit against the tax imposed by this article 22 that is an amount equal to the share of the tax imposed pursuant to section 39-22-344 (1) on the electing pass-through entity with respect to the electing pass-through entity owner's income.

(3) No credit is allowed to an electing pass-through entity owner under subsection (2) of this section unless the electing pass-through entity paid the tax imposed under this article 22 and provided sufficient information on the electing pass-through entity tax return, as prescribed by the department of revenue, to identify that electing pass-through entity owner.

(4) Any amount of the credit allowed by this section that exceeds the electing pass-through entity owner's income taxes due is refunded to the electing pass-through entity owner.

## PART 4

### ESTATES AND TRUSTS

#### **39-22-401. Income of a resident estate or trust for purposes of Colorado income tax.**

(1) The income of a resident estate or trust subject to the tax imposed by this article shall be its federal taxable income as determined pursuant to section 63 of the internal revenue code with the following modifications:

(a) There shall be added or subtracted the modifications described in section 39-22-104 to the extent such items are excluded from federal distributable net income of the estate or trust.

(b) There shall be added or subtracted the share of the estate or trust in the Colorado fiduciary adjustment determined under section 39-22-402.

**Source: L. 64:** R&RE, pp. 656, 771, §§ 14, 1. **C.R.S. 1963:** § 138-1-45. **L. 78:** (1)(a) amended, p. 485, § 8, effective May 5. **L. 87:** Entire section R&RE, p. 1444, § 12, effective June 22.

**39-22-402. Share of a resident estate, trust, or beneficiary in Colorado fiduciary adjustments.**

(1) (a) An adjustment shall be made in determining the federal taxable income subject to tax by Colorado of a resident estate or trust under section 39-22-401, or the federal taxable income subject to tax by Colorado of a resident beneficiary of any estate or trust under section 39-22-104, in the amount of the share of each in the Colorado fiduciary adjustment as determined in this section.

(b) Repealed.

(2) The Colorado fiduciary adjustment shall be the net amount of the modifications described in section 39-22-104, except to the extent such items are excluded from federal distributable net income of the estate or trust.

(3) (a) The respective shares of an estate or trust and its beneficiaries, including, solely for the purpose of this allocation, nonresident beneficiaries, in the Colorado fiduciary adjustment shall be in proportion to their respective shares of federal distributable net income of the estate or trust.

(b) If the estate or trust has no federal distributable net income for the taxable year, the share of each beneficiary in the Colorado fiduciary adjustment shall be in proportion to his share of the estate or trust income for such year, under local law or the governing instrument, which is required to be distributed currently and any other amounts of such income distributed in such year. Any balance of the Colorado fiduciary adjustment shall be allocated to the estate or trust.

(4) The executive director may, by regulation, establish such other method of determining to whom the items comprising the fiduciary adjustment shall be attributed, as may be appropriate and equitable. Such method may be used by the fiduciary in his discretion whenever the allocation of the fiduciary adjustment, pursuant to subsection (3) of this section, would result in an inequity which is substantial both in amount and in relation to the amount of the fiduciary adjustment.

**39-22-403. Income of a nonresident estate or trust subject to income tax.**

(1) In the case of a nonresident estate or trust, the tax imposed by section 39-22-104 shall be apportioned in the ratio of the Colorado-source federal taxable income to the total federal taxable income, both modified as provided in section 39-22-104.

(2) Colorado-source federal taxable income of an estate or trust means:

(a) Its share of the Colorado-source federal distributable net income as determined in section 39-22-404; and

(b) Its share of any Colorado-source income, gain, loss, and deduction recognized for federal income tax purposes but excluded from the definition of federal distributable net income of the estate or trust as determined under section 39-22-109, as in the case of a nonresident individual, and modified as provided in section 39-22-104.

**39-22-404. Share of a nonresident estate, trust, or beneficiary in income from sources within Colorado.**

(1) The share of a nonresident estate or trust under section 39-22-403 and the share of a nonresident beneficiary of any estate or trust under section 39-22-109 in estate or trust income, gain, loss, and deduction from sources within Colorado shall be determined as follows:

(a) There shall be determined the items of income, gain, loss, and deduction derived from sources within Colorado which enter into the definition of federal distributable net income of the estate or trust for the taxable year, including such items from another estate or trust of which the first estate or trust is a beneficiary. Such determination of source shall be made in accordance with the applicable rules of section 39-22-109 as in the case of a nonresident individual.

(b) There shall be added or subtracted the modifications described in section 39-22-104, to the extent relating to items of income, gain, loss, and deduction, derived from sources within Colorado, which enter into the definition of federal distributable net income, including such items from another estate or trust of which the first estate or trust is a beneficiary. No modification shall be made under this paragraph (b) which has the effect of duplicating an item already reflected in the definition of federal distributable net income.

(c) (I) The amounts determined under paragraphs (a) and (b) of this subsection (1) shall be allocated among the estate or trust and its beneficiaries, including, solely for the purpose of this

allocation, resident beneficiaries, in proportion to their respective shares of federal distributable net income.

(II) The amounts so allocated shall have the same character under this article as for federal income tax purposes.

(2) (a) If the estate or trust has no federal distributable net income for the taxable year, the share of each beneficiary, including, solely for the purpose of this allocation, resident beneficiaries, in the net amount, determined under paragraphs (a) and (b) of subsection (1) of this section, shall be in proportion to his share of the estate or trust income for such year, under local law or the governing instrument which is required to be distributed currently and any other amounts of such income distributed in such year. Any balance of such net amount shall be allocated to the estate or trust.

(b) The executive director may, by regulation, establish such other method or methods of determining the respective shares of the beneficiaries and of the estate or trust in its income derived from sources within Colorado and in the modifications related thereto as may be appropriate and equitable. Such method may be used by the fiduciary in his discretion whenever the allocation of such respective shares under subsection (1) of this section or paragraph (a) of this subsection (2) would result in an inequity which is substantial both in amount and in relation to the total amount of the modifications referred to in paragraph (b) of subsection (1) of this section.

## PART 5

### SPECIAL RULES

**39-22-501. Taxation of regulated investment companies.**

(1) (a) For purposes of this article, a "regulated investment company" shall have the same meaning as set forth in section 851 of the internal revenue code.

(b) For purposes of this article, the "net income" of a regulated investment company in each year in which the corporation is taxed as a regulated investment company for federal income tax purposes shall be the "investment company taxable income" of such corporation, adjusted as provided in section 39-22-304 (2) and (3).

(2) (a) For purposes of this article, a "captive regulated investment company" means a regulated investment company of which the shares or beneficial interests are not regularly traded on an established securities market and of which more than fifty percent of the voting power or value of the beneficial interests or shares are owned or controlled, directly, indirectly, or constructively, by a single entity that is:

(I) Treated as an association taxable as a corporation under the internal revenue code; and

(II) Not exempt from federal income tax pursuant to the provisions of section 501 (a) of the internal revenue code.

(b) Any voting stock in a regulated investment company that is held in a segregated asset account of a life insurance corporation, as described in section 817 of the internal revenue code, shall not be taken into account for purposes of determining whether a regulated investment company is a captive regulated investment company.

**Source:** L. 64: R&RE, p. 777, § 1. **C.R.S. 1963:** § 138-1-57. **L. 91:** Entire section repealed, p. 1986, § 1, effective April 20.

**39-22-503. Taxation of real estate investment trusts - definitions.**

(1) (a) For purposes of this article, a "real estate investment trust" shall have the same meaning as set forth in section 856 of the internal revenue code.

(b) For purposes of this article, the "net income" of a real estate investment trust in each year in which the trust is taxed as a real estate investment trust for federal income tax purposes shall be the "real estate investment trust taxable income" of the trust as computed for federal income tax purposes and adjusted as provided in section 39-22-304 (2) and (3).

(2) (a) For purposes of this article, a "captive real estate investment trust" means a real estate investment trust of which the shares or beneficial interests are not regularly traded on an established securities market and of which more than fifty percent of the voting power or value of the beneficial interests or shares are owned or controlled, directly, indirectly, or constructively, by a single entity that is:

(I) Treated as an association taxable as a corporation under the internal revenue code; and

(II) Not exempt from federal income tax pursuant to the provisions of section 501 (a) of the internal revenue code.

(b) A "captive real estate investment trust" shall not include a real estate investment trust that is intended to be regularly traded on an established securities market and that satisfies the requirements of section 856 (a)(5) and (a)(6) of the internal revenue code by reason of section 856 (h)(2) of the internal revenue code; except that, if such real estate investment trust does not become regularly traded on an established securities market within one year of the date on which

it first becomes a real estate investment trust, such real estate investment trust shall be deemed to be a captive real estate investment trust.

(3) For purposes of this section, the constructive ownership rules of section 318 (a) of the internal revenue code, as modified by section 856 (d)(5) of the internal revenue code, shall apply in determining the ownership of stock, assets, or net profits of any person.

(4) For purposes of this section, unless the context otherwise requires:

(a) "Association taxable as a corporation under the internal revenue code" shall not include:

(I) Any real estate investment trust other than a captive real estate investment trust;

(II) Any qualified real estate investment trust subsidiary other than a qualified real estate investment trust subsidiary of a captive real estate investment trust;

(III) Any listed Australian property trust; or

(IV) Any qualified foreign entity.

(b) "Australian property trust" means an Australian unit trust registered as a managed investment scheme under the Australian corporations act in which the principal class of units is listed on a recognized stock exchange in Australia and is regularly traded on an established securities market or an entity organized as a trust, provided that a listed Australian property trust owns or controls, directly or indirectly, seventy-five percent or more of the voting power or value of the beneficial interests or shares of such trust.

(c) "Qualified foreign entity" means a corporation, trust, association, or partnership that is organized outside the laws of the United States and that satisfies the following criteria:

(I) At least seventy-five percent of the entity's total asset value at the close of its taxable year is represented by real estate assets as defined in section 856 (c)(5)(B) of the internal revenue code, cash and cash equivalents, or United States government securities;

(II) The entity is not subject to tax on amounts distributed to its beneficial owners or is exempt from entity-level taxation;

(III) The entity distributes at least eighty-five percent of its taxable income, as computed in the jurisdiction in which it is organized, to the holders of its shares or certificates of beneficial interest on an annual basis;

(IV) Not more than ten percent of the voting power or value in such entity is held, directly, indirectly, or constructively, by a single entity or individual, or the shares or beneficial interests of such entity are regularly traded on an established securities market; and

(V) The entity is organized in a country that has a tax treaty or agreement with the United States.

(d) "Qualified real estate investment trust subsidiary" has the same meaning as set forth in section 856 (i) of the internal revenue code.

**Source:** **L. 64:** R&RE, p. 777, § 1. **C.R.S. 1963:** § 138-1-58. **L. 91:** Entire section amended, p. 1986, § 2, effective April 20. **L. 2009:** Entire section amended, (HB 09-1093), ch. 75, p. 269, § 3, effective April 2.

**Cross references:** For the legislative declaration contained in the 2009 act amending this section, see section 1 of chapter 75, Session Laws of Colorado 2009.

### **39-22-504. Net operating losses.**

(1) (a) A net operating loss deduction shall be allowed in the same manner that it is allowed under the internal revenue code except as otherwise provided in this section. The amount of the net operating loss that may be carried forward and carried back for Colorado income tax purposes shall be that portion of the federal net operating loss allocated to Colorado under this article 22 in the taxable year that the net operating loss is sustained.

(b) For losses incurred after December 31, 2017, the eighty percent limitation set forth in section 172 (a)(2) of the internal revenue code shall apply without regard to the amendments made in section 2303 of the March 2020 "Coronavirus Aid, Relief, and Economic Security Act", Pub.L. 116-136.

(2) With respect to individuals, estates, and trusts:

(a) A net operating loss incurred in a taxable year beginning prior to January 1, 1987, may be carried forward the same number of years a federal net operating loss may be carried forward. Such net operating losses may not be carried back to an earlier tax year.

(b) Net operating losses incurred in taxable years beginning on or after January 1, 1987, may be carried back to the same years as is a federal net operating loss incurred in such year; except that no such loss may be carried to a taxable year beginning on or after January 1, 1987. Such losses may not be carried forward to subsequent tax years.

(3) (a) Net operating losses of corporations generated in income tax years commencing before January 1, 2021, may be carried forward for the same number of years as allowed for a federal net operating loss. Net operating losses of corporations may not be carried back to an earlier tax year.

(b) Net operating losses of corporations generated in income tax years commencing on or after January 1, 2021, may be carried forward for twenty years. Net operating losses of corporations may not be carried back to an earlier tax year.

(4) If a financial institution suffers a net operating loss for any taxable year beginning on or after January 1, 1984, and before January 1, 2021, the amount of the unused net operating loss may be carried forward to each of the fifteen years following the taxable year of such loss. For the purposes of this subsection (4), "financial institution" means any institution to which section 585 or 593 of the internal revenue code applies.

(5) No corporation may carry forward a net operating loss to an income tax year commencing prior to January 1, 2009, if, for such year, the corporation uses a different method of allocating or apportioning income from the one it used in the period in which the loss occurred, unless such different method is approved by the executive director. A corporation may carry forward a net operating loss to any income tax year commencing on or after January 1, 2009, regardless of the method of allocating or apportioning income for such year.

(6) (a) Notwithstanding any other provision of this section, the maximum amount of net operating loss that a corporation may subtract from federal taxable income pursuant to section 39-22-304 (3)(g) for a tax year commencing on or after January 1, 2011, but prior to January 1, 2014, is two hundred fifty thousand dollars.

(b) All net operating losses may be carried forward one additional year for each tax year that a corporation is prohibited pursuant to paragraph (a) of this subsection (6) from subtracting a portion of such net operating losses from the corporation's federal taxable income.

(c) An amount equal to the amount of all net operating losses that a corporation is prohibited pursuant to paragraph (a) of this subsection (6) from subtracting from federal taxable income multiplied by a rate of interest equal to three and one-quarter percent per annum for the period during which such net operating losses are prohibited shall be added to the allowable net operating loss that is carried forward by the corporation, and, for the purpose of section 39-22-304 (3)(g), shall be considered net operating loss.

#### **39-22-504.5. Short title.**

Sections 39-22-504.5 to 39-22-504.7 shall be known and may be cited as the "Medical Savings Account Act of 1994".

**Source: L. 86:** Entire section added, p. 1121, § 1, effective June 23. **L. 94:** Entire section amended, p. 2840, § 6, effective January 1, 1995.

#### **39-22-504.6. Definitions.**

As used in sections 39-22-504.5 to 39-22-504.7, unless the context otherwise requires:

(1) "Account administrator" means:

(a) A state chartered bank, savings and loan association, credit union, or trust company authorized to act as a fiduciary and under the supervision of the financial institutions bureau of the United States department of commerce;

(b) A national banking association, federal savings and loan association, or credit union authorized to act as a fiduciary in this state;

(c) An insurance company; or

(d) An employer if such employer maintains a self-insured health plan meeting the requirements of the federal "Employee Retirement Income Security Act of 1974", as amended.

(1.3) "Account holder" means an employee on whose behalf a medical savings account is established.

(2) "Dependent child" means any person who is:

(a) Under the age of twenty-one years;

(b) Legally entitled to or the subject of a court order for the provision of proper or necessary subsistence, education, medical care, or any other care necessary for his or her health, guidance, or well-being and who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States; or

(c) So mentally or physically incapacitated that he or she cannot provide for himself or herself.

(2.4) "Eligible medical expense" means any medical expense that is deductible for purposes of section 213 (d) of the internal revenue code.

(2.5) "Employee" means the individual for whose benefit a medical savings account is established.

(2.6) "Employer" means a person or entity employing one or more persons in this state, excluding the federal government.

(3) "Medical savings account" means an account established to pay the eligible medical expenses of an account holder and his or her spouse and dependent children, if any.

(3.5) "Qualified higher deductible health plan" means a health coverage policy, certificate, or contract that provides for the payment of covered benefits that exceed the deductible, which shall be at least one thousand five hundred dollars but no more than two thousand two hundred fifty dollars for individual coverage or at least three thousand dollars but no more than four thousand five hundred dollars for family coverage, and that is purchased by an employer for the benefit of an employee who makes deposits into a medical savings account.

**39-22-504.7. Medical savings accounts - establishment - contributions - distributions - restrictions - taxation - portability - repeal.**

(1) (a) **Establishment of accounts.** On and after January 1, 1995, and prior to January 1, 2025, an employer may offer to establish medical savings accounts.

(b) Prior to January 1, 2025, an employee on whose behalf a medical savings account has not been established by his or her employer may establish such an account on his or her own behalf.

(2) (a) Each year an employer may contribute to an employee's medical savings account an amount that does not exceed three thousand dollars.

(b) If an employer establishes a medical savings account for an employee but contributes less than the maximum set forth in paragraph (a) of this subsection (2), the employee may contribute the difference in accordance with the provisions of paragraph (d) of this subsection (2).

(c) An employee who establishes his or her own medical savings account may contribute to such account an amount that does not exceed the maximum set forth in paragraph (a) of this subsection (2). Any such contribution is to be made in accordance with the provisions of paragraph (d) of this subsection (2).

**(d) Employee contributions - pretax.**

(I) All employee contributions to medical savings accounts are made on a pretax basis, pursuant to section 39-22-104.6. Such contributions are subject to the same limitations as employer contributions.

(II) An employee shall elect to make contributions to his or her medical savings account by signing a written election. Such election is to be in the form prescribed by the executive director of the department of revenue and is to be signed prior to the date the employer withholds the first contribution.

(e) **Employer contributions - tax deduction.** Prior to January 1, 2025, employer contributions to employee medical savings accounts constitute a deduction from the employer's federal taxable income, pursuant to sections 39-22-104 (4)(h) and 39-22-304 (3)(k).

**(3) Distributions.**

(a) An account holder shall submit documentation of eligible medical expenses paid during the tax year to the account administrator, and the account administrator shall reimburse the account holder for such expenses.

(b) Moneys may be distributed from a medical savings account only for the purpose of:

(I) Reimbursing the eligible medical expenses of the account holder or his or her spouse or dependent child;

(II) Cashing out the balance in the account of a deceased account holder; or

(III) (A) Cashing out an account holder's prior years' balance.

(B) An account holder may withdraw the balance in his or her account for any reason if such withdrawal occurs after the end of the year in which the moneys were contributed; however, such distributed moneys are subject to state income tax pursuant to subsection (6) of this section.

(4) (Deleted by amendment, L. 94, p. 2841, § 8, effective January 1, 1995.)

(5) **Restrictions.** An account holder may not use account moneys to fund a policy that covers the deductible for a qualified higher deductible health plan, as defined in section 39-22-504.6 (3.5).

(6) **Taxation of account moneys.**

(a) Account moneys, including interest income, are not to be taxed as Colorado adjusted gross income if they are:

(I) In an employee's medical savings account; or

(II) Withdrawn to pay eligible medical expenses.

(b) Account moneys are to be taxed as Colorado adjusted gross income when such moneys are withdrawn for purposes other than the payment of eligible medical expenses.

(c) Upon the death of the account holder, the account principal, as well as any accumulated interest, is to be distributed to and taxed as part of the decedent's estate, as provided by law.

(7) **Portability.** An account holder is the owner of his or her medical savings account and may change the account administrator of such account upon leaving the employ of his or her employer.

**39-22-507.5. Credits against tax - investment in certain property - repeal.**

(1) Except as otherwise provided in this section, there shall be allowed to any person as a credit against the tax imposed by this article 22, for income tax years commencing on or after January 1, 1979, but prior to January 1, 2023, an amount equal to the total of:

(a) Investment tax credit carryovers claimed by such person for such taxable year;

(b) Ten percent of that part of the credit allowed for the same income tax year by section 38 of the internal revenue code, as determined under the provisions of section 46 of the internal revenue code, without regard to the limitations imposed by said section 38, to the extent such part of such credit is determined by reference to property which is used in Colorado; and

(c) Investment tax credit carrybacks claimed by such person for such taxable year.

(1.5) For taxable years beginning on or after January 1, 1987, the provisions of paragraph (b) of subsection (1) of this section shall apply only with respect to taxes imposed by part 3 of this article.

(2) The executive director shall promulgate regulations which will prescribe the extent to which property must be used in Colorado to qualify for the credit allowed under the provisions of subsection (1) of this section, which regulations shall include a method or methods of determining what portion of the property shall qualify in the case of property which is used both within and without Colorado.

(3) The credit allowed by this section for any income tax year shall not exceed:

(a) The taxpayer's actual tax liability for the income tax year to the extent such liability does not exceed five thousand dollars; plus

(b) Twenty-five percent of that portion of said tax liability for the income tax year which exceeds five thousand dollars.

(4) Repealed.

(5) In the case of a "controlled group of corporations", as defined in section 1563 (a) of the internal revenue code, the five thousand dollars specified in subsection (3) of this section shall be apportioned among the members of the controlled group as they may elect. The election shall apply to the income tax year of the members of the controlled group ending with or including a common December 31. Should such members fail to agree on an allocation of the five thousand dollars, said five thousand dollars shall be divided equally among all members of the controlled group.

(6) In the case of a regulated investment company or a real estate investment trust, the five thousand dollars referred to in subsection (3) of this section shall be reduced to an amount which shall be five thousand dollars multiplied by the taxable income for the income tax year and divided by the taxable income for the income tax year plus the amount of the deduction for dividends paid.

(7) If the amount of the credit allowed by paragraph (b) of subsection (1) of this section exceeds the amount of the limitation imposed by subsection (3) of this section reduced by the credit allowed by paragraph (a) of subsection (1) of this section for any income tax year, referred to in this subsection (7) as the "unused credit year", such excess shall be:

(a) An investment tax credit carryback to each of the three income tax years preceding the unused credit year; except that no credit shall be carried back to an income tax year commencing prior to January 1, 1979; and

(b) An investment tax credit carryover to each of the seven income tax years following the unused credit year.

(8) No carryover or carryback of unused investment credit will be allowed in the case of a taxable cooperative as defined in section 1381 (a) of the internal revenue code.

(9) (a) For any income tax year beginning on or after January 1, 1979, if any taxpayer is required to redetermine the credit allowed by section 38 of the internal revenue code due to the provisions of section 47 of the internal revenue code, such taxpayer must redetermine the credit allowed by subsection (1) of this section for the same income tax year. If the redetermination results in a reduction of the credit allowed by this section for the income tax year or for any income tax year to which the credit was carried back or carried forward, the reduction shall constitute an increase in the tax imposed by this article for the income tax year during which the disposition or reclassification of the nature of the property occurs, and the amount of any unused investment tax credit carryback or carryover must be redetermined as appropriate. The increase in tax shall not be included as tax liability for the purposes of subsection (3) of this section.

(b) If, during any income tax year which commences on or after May 26, 1983, "section 38 property" which was first placed in service by the taxpayer in a taxable year beginning on or after January 1, 1982, is disposed of by or otherwise ceases to be such property with respect to the taxpayer before the close of the property's recapture period, as determined for federal income tax purposes, the credit allowed by this section and the decrease, if any, in the investment tax credit carryback or carryover with respect to the property shall be redetermined in accordance with the recapture percentage table contained in:

(I) Section 47 (a) of the internal revenue code, as it existed immediately prior to the enactment of the federal "Revenue Reconciliation Act of 1990", for such property which was disposed of by or otherwise ceased to be such property with respect to the taxpayer prior to January 1, 1991; or

(II) Section 50 (a) of the internal revenue code for such property which is disposed of by or otherwise ceases to be such property with respect to the taxpayer on or after January 1, 1991.

(10) and (11) Repealed.

(12) In lieu of the amount of the investment tax credit allowed by subsection (1) of this section, a person who has invested in property used in an enterprise zone, as designated pursuant to section 39-30-103, shall be allowed a credit in the amount designated in section 39-30-104, subject to the terms and conditions of that section.

### **39-22-507.6. Credits against corporate tax - investment in certain property - repeal.**

(1) Except as otherwise provided in this section, there shall be allowed to any person as a credit against the tax imposed by part 3 of this article 22, for income tax years commencing on or after January 1, 1988, but prior to January 1, 2023, an amount equal to the total of:

(a) Investment tax credit carryovers claimed by such person for such taxable year; and

(b) Ten percent of that part of the credit that would have been allowed for the same income tax year by section 38 of the internal revenue code, as determined under the provisions of subsection (a) of section 46 of the internal revenue code without regard to the limitations imposed by said section 38, had section 49 of the internal revenue code not been enacted, to the extent such part of such credit is determined by reference to property which is used in Colorado. The references in this paragraph (b) to sections 38, 46, and 49 of the internal revenue code mean sections 38, 46, and 49 of the internal revenue code as they existed immediately prior to the enactment of the federal "Revenue Reconciliation Act of 1990".

(2) The executive director shall promulgate regulations which will prescribe the extent to which property must be used in Colorado to qualify for the credit allowed under the provisions of subsection (1) of this section, which regulations shall include a method or methods of determining what portion of the property shall qualify in the case of property which is used both within and without Colorado.

(3) The credit allowed by this section for any income tax year shall not exceed the taxpayer's actual tax liability for the income tax year to the extent that the liability does not exceed one thousand dollars.

(4) In the case of a "controlled group of corporations", as defined in section 1563 (a) of the internal revenue code, the one thousand dollars specified in subsection (3) of this section shall be

apportioned among the members of the controlled group as they may elect. The election shall apply to the income tax year of the members of the controlled group ending with or including a common December 31. Should such members fail to agree on an allocation of the one thousand dollars, said one thousand dollars shall be divided equally among all members of the controlled group.

(5) If the amount of the credit allowed by paragraph (b) of subsection (1) of this section exceeds the amount of the limitation imposed by subsection (3) of this section reduced by the credit allowed by paragraph (a) of subsection (1) of this section for any income tax year, referred to in this subsection (5) as the "unused credit year", such excess shall be an investment tax credit carryover to each of the three income tax years following the unused credit year.

(6) The limitations on the credits allowed by this section shall be reduced by any credit allowed by section 39-22-507.5 for the same tax year.

**39-22-509. Credit against tax - employer expenditures for alternative transportation options for employees - legislative declaration - definitions - repeal.**

(1) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(a) The general legislative purposes of the tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers, specifically the provision of alternative transportation options by employers to employees; and

(II) To provide tax relief for certain employers that provide alternative transportation options to their employees;

(b) The specific legislative purpose of the tax credit allowed by this section is to increase the use of alternative transportation options by employees in going to and returning from their places of employment by providing an incentive to employers to provide alternative transportation options to employees. In order to allow the general assembly and the state auditor to measure the effectiveness of the credit, the department of revenue, when administering the credit, shall require each employer that claims the credit to provide, at a minimum, information about the specific alternative transportation options offered, the number of employees offered an alternative transportation option, and, to the extent feasible, the number of employees actually using an alternative transportation option and the number of trips taken by employees using an alternative transportation option.

(2) As used in this section, unless the context otherwise requires:

(a) "Alternative transportation options" means free or partially subsidized generally accepted transportation demand management strategies provided to employees working in Colorado, including but not limited to ridesharing arrangements, provision of ridesharing vans or low-speed conveyances such as human-powered or electric bicycles, shared micromobility options such as bikesharing and electric scooter sharing programs, car sharing programs, and guaranteed ride home programs for employees, including, but not limited to:

(I) Providing vehicles for ridesharing arrangements;

(II) Cash incentives, not to exceed the value of such transportation demand management strategies, including for participation in ridesharing or bikesharing;

(III) The payment of all or part of the administrative cost incurred in organizing, establishing, or administering alternative transportation options programs for employees;

(IV) Free or partially subsidized mass transit tickets, tokens, passes, or fares for use by employees in going to and returning from their places of employment; and

(V) Free or partially subsidized prearranged rides, as defined in section 40-10.1-602 (2), or free or partially subsidized rides provided by bikesharing arrangements for use by an employee in traveling between the employee's residence, the employee's place of employment, or a mass transit facility that connects the employee to the employee's residence or place of employment.

(b) "Bikesharing arrangement" means a rental operation at which bicycles, as defined in section 42-1-102 (10); electrical assisted bicycles, as defined in section 42-1-102 (28.5); or electric scooters, as defined in section 42-1-102 (28.8), are made available to pick up and drop off for point-to-point use within a defined geographic area.

(c) "Employer" means an entity, including but not limited to a corporation, nonprofit organization, partnership, joint venture, common trust fund, limited association, pool or working agreement, local government, or limited liability company, that employs three or more persons in this state.

(d) "Local government" means any home rule city, town, county or city and county, and any statutory city, town, or county.

(e) "Ridesharing arrangement" means the vehicular transportation of passengers traveling together primarily to and from such passengers' places of business or work or traveling together on a regularly scheduled basis with a commonality of purposes if the vehicle used in such transportation is not operated for profit by an entity primarily engaged in the transportation business and if no charge is made therefor other than that reasonably calculated to recover the direct and indirect costs of the "ridesharing arrangement", including, but not limited to, a reasonable incentive to maximize occupancy of the vehicle. However, nothing in this subsection (2)(e) excludes from this definition an arrangement by an employer engaged in the transportation business that provides ridesharing arrangements for its employees. "Ridesharing" includes "ridesharing arrangements" commonly known as carpools and vanpools, but does not include school transportation vehicles operated by elementary and secondary schools when they are operated for the transportation of children to or from school or on school-related events.

(3) (a) For income tax years beginning on or after January 1, 2023, but before January 1, 2027, there is allowed a credit to each employer in an amount equal to fifty percent of the amount spent by the employer to provide alternative transportation options to its employees, subject to the limitations that the maximum amount spent in any income tax year for which an

employer may claim a credit is two hundred fifty thousand dollars and that the maximum amount spent in any income tax year for any one employee for which an employer may claim a credit is two thousand dollars.

(b) (I) For income tax years commencing before January 1, 2024, a local government or nonprofit organization shall file a corporate income tax return for informational purposes for each income tax year that the local government or nonprofit organization claims the credit allowed in subsection (3)(a) of this section.

(II) For income tax years commencing on or after January 1, 2024, but before January 1, 2025, a local government or nonprofit organization that claims the credit allowed in subsection (3)(a) of this section shall file a return pursuant to section 39-22-601 (7)(b).

(c) As a prerequisite for claiming a credit, an employer shall provide to the department, on a form provided by the department or otherwise in such form as the department may require and by an annual deadline specified by the department, its plan for notifying its employees of the availability of the alternative transportation options that it offers and the steps beyond such notification that it plans to take to encourage employees to use those alternative transportation options.

(d) An employer may claim a credit only for amounts spent by the employer for alternative transportation options that it makes available to all of its employees who are employed in Colorado; except that, if it is not feasible to offer a particular alternative transportation option to certain employees, an employer may offer a substantially equivalent alternative transportation option to such employees. The requirement that an alternative transportation option be offered to all employees who are employed in Colorado applies regardless of the position that an employee holds, whether the employee is employed on a full-time or part-time basis, or whether an employee is salaried, compensated in whole or in part through commissions or tips, or paid on an hourly basis.

(4) The amount of any credit allowed under this section that exceeds the employer's income taxes due is refunded to the employer.

(5) The executive director may prescribe forms and promulgate rules as necessary to administer this section.

(6) This section is repealed, effective January 1, 2031.

**39-22-514. Tax credit for qualified costs incurred in preservation of historic properties.**

(1) (a) Except as otherwise provided in paragraph (b) of this subsection (1), for income tax years commencing on or after January 1, 1991, but prior to January 1, 2020, there shall be allowed a credit with respect to the income taxes imposed pursuant to the provisions of this article to each taxpayer:

(I) Who is the owner or qualified tenant of qualified property and who incurs qualified costs in an amount equaling or exceeding five thousand dollars in the qualified rehabilitation of such qualified property; or

(II) Who is allowed a credit for costs incurred in the rehabilitation of property located in Colorado pursuant to the provisions of section 38 of the internal revenue code.

(b) Any taxpayer who is allowed a credit for qualified expenditures incurred in the rehabilitation of property pursuant to the provisions of section 39-30-105.6 shall not be allowed the credit provided in paragraph (a) of this subsection (1).

(2) (a) The credit provided for in paragraph (a) of subsection (1) of this section shall not exceed an aggregate of fifty thousand dollars per qualified property or an amount equal to twenty percent of the aggregate qualified costs incurred per qualified property, whichever is less.

(b) (Deleted by amendment, L. 99, p. 1278, § 1, effective June 3, 1999.)

(3) (a) Except as otherwise provided in paragraph (b) of this subsection (3) and subsection (6) of this section, in order for any taxpayer to qualify for the credit provided for in paragraph (a) of subsection (1) of this section, the taxpayer shall:

(I) Except as otherwise provided in this subparagraph (I), submit a fee of two hundred fifty dollars, the plans and specifications for such proposed restoration, rehabilitation, or preservation, and a signed agreement, if any, specified in subsection (4) of this section to the appropriate reviewing entity and receive preliminary approval, in writing, from said reviewing entity stating that such proposed restoration, rehabilitation, or preservation constitutes qualified rehabilitation. In the discretion of the reviewing entity, the fee imposed pursuant to this subparagraph (I) may be reduced or eliminated when the amount of qualified costs expected to be incurred in

connection with the restoration, rehabilitation, or preservation is less than fifteen thousand dollars. If any restoration, rehabilitation, or preservation has commenced prior to the submission of the application fee, plans and specifications, and signed agreement, if any, pursuant to the provisions of this subparagraph (I), the taxpayer shall also submit documentation satisfactory to the reviewing entity indicating the condition of the qualified property prior to commencement of the rehabilitation, including, but not limited to, photographs of the property and written declarations from persons knowledgeable about the property. For the purposes of this subparagraph (I), any owners of qualified property and any qualified tenants leasing said qualified property who wish to qualify for the credit provided for in paragraph (a) of subsection (1) of this section for said qualified property may jointly submit the fee and the plans and specifications, or such owners may submit the fee, the plans and specifications, and a list of qualified tenants leasing said qualified property and, if such owners or tenants have commenced restoration, rehabilitation, or preservation prior to the submission of the application fee, plans and specifications, and signed agreement, if any, pursuant to the provisions of this subparagraph (I), they shall also jointly submit such documentation as is required pursuant to this subparagraph (I).

(II) Except as otherwise provided in subsection (5) of this section, complete the qualified rehabilitation of the qualified property within a period of twenty-four months from the date upon which preliminary approval was given pursuant to the provisions of subparagraph (I) of this paragraph (a);

(III) Obtain a form from the reviewing entity verifying compliance with the provisions of this subsection (3). If more than one of the taxpayers have complied with the provisions of this subsection (3) for the same qualified property, the reviewing entity shall issue such verification form to each such taxpayer, and such verification form shall specify the proportion of the amount of the tax credit allowed to such taxpayer as determined pursuant to the provisions of subsection (4) of this section. The reviewing entity shall issue said verification form only upon the submittal of an accounting of total qualified costs incurred in said qualified rehabilitation and the names of the owners and qualified tenants who incurred such qualified costs, the payment of a fee in an amount determined pursuant to the provisions of paragraph (a) of subsection (11) of this section, and the making of the determination that such completed qualified rehabilitation:

(A) Conforms to the plans and specifications approved pursuant to subparagraph (I) of this paragraph (a);

(B) Was completed within the appropriate period of time; and

(C) Preserves and maintains those qualities of such qualified property which made it eligible for inclusion individually or as a contributing property in a district in the state register of historic places or for designation as a landmark or as a contributing property in a historic district by a certified local government.

(IV) Submit the verification form obtained pursuant to the provisions of subparagraph (III) of this paragraph (a) with the income tax return being filed by the taxpayer for the income tax year in which such qualified rehabilitation is completed.

(b) The provisions of paragraph (a) of this subsection (3) shall not apply to any taxpayer who is allowed a credit for costs incurred in the rehabilitation of property located in Colorado pursuant to the provisions of section 38 of the internal revenue code.

(4) When more than one taxpayer qualify for the tax credit provided for in paragraph (a) of subsection (1) of this section for the same qualified property, the amount of the tax credit allowed pursuant to the provisions of this section shall be divided pro rata according to the number of such taxpayers unless a binding agreement has been filed with the reviewing entity, as specified in subparagraph (I) of paragraph (a) of subsection (3) of this section, that is signed by all of the taxpayers who qualify for said tax credit for the same qualified property and that specifies the manner in which the amount of the tax credit allowed is to be divided among such taxpayers. Nothing in this subsection (4) shall preclude the state income tax credit created pursuant to this section from being allocated among taxpayers in a different manner than the allocation of any credit claimed pursuant to section 38 of the internal revenue code.

(5) The reviewing entity may grant, upon request, a one-time extension of the completion deadline specified in subparagraph (II) of paragraph (a) of subsection (3) of this section. Such extension shall be for a period not to exceed twenty-four months and shall be granted only upon a showing of good cause.

(6) (a) (I) Any taxpayer who was given preliminary approval prior to January 1, 2020, pursuant to the provisions of subparagraph (I) of paragraph (a) of subsection (3) of this section; whose completion deadline as set forth in subparagraph (II) of paragraph (a) of subsection (3) and in subsection (5) of this section is subsequent to December 31, 2019; and who has not completed the qualified rehabilitation prior to January 1, 2020, shall, in order to qualify for the credit provided for in paragraph (a) of subsection (1) of this section, obtain a form from the reviewing entity verifying compliance with the provisions of subparagraph (I) of paragraph (a) of subsection (3) of this section and this subsection (6). If more than one of the taxpayers have complied with said provisions for the same qualified property, the reviewing entity shall issue such verification form to each such taxpayer, and such verification form shall specify the proportion of the amount of the tax credit allowed to such taxpayer as determined pursuant to subsection (4) of this section.

(II) The reviewing entity shall issue said verification form only upon the submittal of an accounting of total qualified costs incurred in said qualified rehabilitation prior to January 1, 2020, and the names of the owners and qualified tenants who incurred such qualified costs, the payment of a fee in an amount determined pursuant to the provisions of paragraph (a) of

subsection (11) of this section, and the making of the determination that the portion of such qualified rehabilitation that was completed as of January 1, 2020:

(A) Conforms to the plans and specifications approved pursuant to subparagraph (I) of paragraph (a) of subsection (3) of this section; and

(B) Preserves and maintains those qualities of such qualified property which made it eligible for inclusion individually or as a contributing property in a district in the state register of historic places or for designation as a landmark or as a contributing property in a historic district by a certified local government.

(III) The taxpayer shall submit the verification form obtained pursuant to this paragraph (a) with the income tax return being filed by the taxpayer for the income tax year commencing on or after January 1, 2019, but prior to January 1, 2020.

(b) (Deleted by amendment, L. 99, p. 1278, § 1, effective June 3, 1999.)

(7) (a) Except as otherwise provided in paragraph (b) of this subsection (7), if the amount of the credit allowed pursuant to the provisions of this section exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding ten years and shall be applied first to the earliest income tax years possible. Any amount of the credit that is not used after said period shall not be refundable to the taxpayer.

(b) Any taxpayer who has refunded an amount pursuant to the provisions of subsection (8) of this section shall no longer be eligible to carry forward any amount of the credit which had not been used as of the date such refund is made.

(8) Notwithstanding any other law to the contrary, if any taxpayer who is the owner of qualified property and who has claimed the credit pursuant to the provisions of this section sells such qualified property within five years of the completion of the qualified rehabilitation or if any taxpayer who is a qualified tenant leasing qualified property and who has claimed the credit pursuant to the provisions of this section terminates the lease of such qualified property within five years of the completion of the qualified rehabilitation, the taxpayer shall refund the amount of the credit which has been used to offset income taxes which exceeds the following amounts:

(a) Within the first year, an amount equal to zero percent of the amount of the credit allowed;

(b) Within the second year, an amount equal to twenty percent of the amount of the credit allowed;

(c) Within the third year, an amount equal to forty percent of the amount of the credit allowed;

(d) Within the fourth year, an amount equal to sixty percent of the amount of the credit allowed;

(e) Within the fifth year, an amount equal to eighty percent of the amount of the credit allowed.

(9) Within eight months after April 20, 1990, the state historical society shall create appropriate forms and shall establish and promulgate criteria and procedures by which the restoration, rehabilitation, and preservation of qualified properties shall be determined to be qualified rehabilitation for the purposes of the credit provided for in paragraph (a) of subsection (1) of this section.

(10) (a) Each certified local government shall adopt a resolution stating whether such certified local government will act as a reviewing entity for the purposes of subsections (3) and (6) of this section. A copy of such resolution shall be sent to the state historic preservation officer.

(b) Any certified local government which has decided to act as a reviewing entity for any given year for the purposes of subsections (3) and (6) of this section shall be required to perform all duties and responsibilities pursuant to said subsections (3) and (6) for all qualified rehabilitations which received preliminary approval from said reviewing entity during such year.

(11) (a) The amount of the fee required to be paid pursuant to the provisions of subparagraph (III) of paragraph (a) of subsection (3) and subparagraph (II) of paragraph (a) of subsection (6) of this section shall be an amount equal to the appropriate amount determined pursuant to the following schedule minus the amount of the fee paid pursuant to subparagraph (I) of paragraph (a) of subsection (3) of this section; except that, in the discretion of the reviewing entity, the fee imposed pursuant to this paragraph (a) may be reduced or eliminated where the amount of the qualified costs incurred is less than fifteen thousand dollars:

| <b>Amount of qualified costs incurred</b>   | <b>Amount of fee</b> |
|---------------------------------------------|----------------------|
| \$5,000 up to and including \$15,000        | \$ 250               |
| Over \$15,000 up to and including \$50,000  | \$ 500               |
| Over \$50,000 up to and including \$100,000 | \$ 750               |
| Over \$100,000                              | \$ 1,000             |

(b) (I) Any certified local government which has decided to act as a reviewing entity for the purposes of subsections (3) and (6) of this section shall create a preservation fund. All fees

collected pursuant to the provisions of subparagraphs (I) and (III) of paragraph (a) of subsection (3) and subparagraph (II) of paragraph (a) of subsection (6) of this section by a certified local government shall be credited to the preservation fund of such certified local government. The moneys in such fund shall be used for expenditures of such certified government incurred in the performance of its duties pursuant to the provisions of this section.

(II) All fees collected pursuant to the provisions of subparagraphs (I) and (III) of paragraph (a) of subsection (3) and subparagraph (II) of paragraph (a) of subsection (6) of this section by the state historic preservation officer shall be transmitted to the state treasurer, who shall credit said fees to the state historic preservation fund, which fund is hereby created. The moneys in the state historic preservation fund shall be subject to annual appropriation by the general assembly to the state historical society for expenditures of the state historic preservation officer and the state historical society incurred in the performance of their duties pursuant to the provisions of this section and for expenditures incurred in the administration and general operations of the state historical society.

(11.5) Notwithstanding the amount specified for any fee in this section, the executive director by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the executive director by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

(11.7) (a) If the revenue estimate prepared by the staff of the legislative council in December 2010 and each December thereafter indicates that the amount of the total general fund revenues for that particular fiscal year will not be sufficient to grow the total state general fund appropriations by six percent over such appropriations for the previous fiscal year, then the credit authorized in this section shall not be allowed for any income tax year commencing during the calendar year following the year in which the estimate is prepared; except that any taxpayer who would have been eligible to claim a credit pursuant to this section in the income tax year in which the credit is not allowed shall be allowed to claim the credit earned in such income tax year in the next income tax year in which the estimate indicates that the amount of the total general fund revenues will be sufficient to grow the total state general fund appropriations by six percent over such appropriations for the previous fiscal year.

(b) The department of revenue shall, through its website, specify on or before January 1, 2011, and on or before each January 1 thereafter, whether the credit authorized in this section shall be allowed for a given income tax year pursuant to paragraph (a) of this subsection (11.7).

(4) **Development of standards for approval of commercial or residential rehabilitation projects.**

(a) The office, in consultation with the historical society, shall develop standards for the approval of the substantial rehabilitation of qualified commercial structures for which a tax credit under this section is being claimed. The standards must consider whether the substantial rehabilitation of a qualified commercial structure is consistent with the standards for rehabilitation adopted by the United States department of the interior.

(b) The historical society shall develop standards for the approval of the substantial rehabilitation of qualified residential structures for which a tax credit under this section is being claimed. The standards must consider whether the substantial rehabilitation of a qualified residential structure is consistent with the standards for rehabilitation adopted by the United States department of the interior.

**(5) Submission by owner of application and rehabilitation plan.**

(a) The owner shall submit an application and rehabilitation plan to either the office for a qualified commercial structure or to the reviewing entity for a qualified residential structure, along with an estimate of the qualified rehabilitation expenditures under the rehabilitation plan. If an application and rehabilitation plan is for a qualified commercial structure, the owner shall specify whether the owner is seeking to reserve a credit allowed pursuant to subsection (12)(a) of this section or a credit allowed pursuant to subsection (12)(a.5) of this section, and an owner may only apply for one of these two credits for a single qualified rehabilitation plan as described in subsection (7) of this section. An owner, at the owner's own risk, may incur qualified rehabilitation expenditures no earlier than twenty-four months prior to the submission of the application and rehabilitation plan that an owner submits prior to January 1, 2026, and no earlier than twelve months prior to the submission of the application and rehabilitation plan that an owner submits on or after January 1, 2026, but only if satisfactory documentation is submitted to the office or the reviewing entity, as applicable, indicating the condition of the qualified structure prior to commencement of the rehabilitation, including but not limited to photographs of the qualified structure and written declarations from persons knowledgeable about the qualified structure. An owner may submit an application and rehabilitation plan and may commence rehabilitation before the property:

(I) Is listed individually on, or as a contributing property in a district included within, the national register of historic places;

(II) Is listed individually on, or as a contributing property in a district included within, the state register of historic properties pursuant to article 80.1 of title 24; or

(III) (Deleted by amendment, L. 2018.)

(IV) Is listed individually by, or as a contributing property within a designated historic district of, a certified local government.

(b) Notwithstanding the provisions of subsection (5)(a) of this section, an owner may incur qualified rehabilitation expenditures at the owner's own risk.

(b.5) On or after January 1, 2025, an owner shall not submit an application and rehabilitation plan for an already completed rehabilitation project.

(c) Within ninety days after receipt of the application and rehabilitation plan, the office and the historical society, in the case of a qualified commercial structure, and the reviewing entity, in the case of a qualified residential structure, shall notify the owner in writing if the rehabilitation plan is preliminarily determined to be a certified rehabilitation.

**(5.5) Issuance of tax credit certificate for qualified residential structures - rules.**

(a) (I) Following the completion of a rehabilitation of a qualified residential structure, the owner shall notify the reviewing entity that the rehabilitation has been completed and shall certify that the qualified rehabilitation expenditures incurred in connection with the rehabilitation plan. The owner shall also provide the reviewing entity with a cost and expense certification for the total qualified rehabilitation expenditures and the total amount of tax credits for which the owner is eligible. The reviewing entity shall review the documentation of the rehabilitation and verify its compliance with the rehabilitation plan. Except as otherwise provided in subsections (5.5)(a)(II) and (5.5)(a)(III) of this section, within ninety days after receipt of the foregoing documentation from the owner the reviewing entity shall issue a tax credit certificate in an amount equal to twenty percent of the actual qualified rehabilitation expenditures; except that the amount of the tax credit certificate awarded for tax years commencing before January 1, 2025, shall not exceed fifty thousand dollars for each qualified residential structure, the amount of the tax credit certificate awarded for tax years commencing on or after January 1, 2025, shall not exceed one hundred thousand dollars for each qualified residential structure, and both the fifty thousand dollar and one hundred thousand dollar amounts are to be calculated over a ten-year rolling period that commences with each change in ownership of the qualified residential structure.

(II) For income tax years commencing prior to January 1, 2030, and for applications submitted pursuant to subsection (5) of this section prior to January 1, 2025, with respect to a qualified residential structure located in an area that the president of the United States has determined to be a major disaster area under section 102 (2) of the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", 42 U.S.C. sec. 5121 et seq., or that is located in an area that the governor has determined to be a disaster area under the "Colorado Disaster Emergency Act", part 7 of article 33.5 of title 24, the amount of the tax credit specified in subsection (5.5)(a)(I) of this section is increased to twenty-five percent for an application that is filed within six years after the disaster determination.

(III) For income tax years commencing on and after January 1, 2020, with respect to a qualified residential structure located in a rural community, the amount of the tax credit specified in subsection (5.5)(a)(I) of this section is increased to thirty-five percent for an application that is properly filed in accordance with this section.

(b) Repealed.

(c) For the purposes of this section, a certified local government may act as a reviewing entity only for a qualified residential structure. Each certified local government shall adopt a resolution or ordinance stating whether the government will act as a reviewing entity for the purposes of this section. The local government shall send a copy of the resolution or ordinance to the historical society. Any certified local government that decides to act as a reviewing entity for the purposes of this section shall perform all duties and responsibilities in connection with a certified rehabilitation that receives preliminary approval from such entity. The historical society

shall promulgate rules on standards and reporting, in accordance with article 4 of title 24, as it deems necessary to facilitate the effective implementation of this subsection (5.5)(c).

(d) In the case of a qualified residential structure, the reviewing entity may impose a reasonable application fee.

(e) The historical society shall promulgate any and all rules necessary to further implement the tax credits to be claimed for the substantial rehabilitation of qualified residential structures under this section. Any rules must be promulgated in accordance with article 4 of title 24.

(f) By March 15, 2019, and on a quarterly basis thereafter, the historical society shall provide a report to the department specifying the ownership of tax credits to be claimed for the rehabilitation of qualified residential structures under this section covering the period since the last report. The historical society shall share with the department all necessary information about the tax credit created by this section to enable the historical society and the department to properly administer the tax credit.

**(6) Application and issuance fees for qualified commercial structures.**

(a) For a qualified commercial structure for which the amount of tax credit requested under this section is two hundred fifty thousand dollars or more, the office may impose a reasonable application fee that does not exceed five hundred dollars. For a qualified commercial structure for which the amount of tax credit requested under this section is less than two hundred fifty thousand dollars, the office may impose a reasonable application fee that does not exceed two hundred fifty dollars.

(b) (Deleted by amendment, L. 2018.)

(c) The office may impose on the owner a reasonable issuance fee of up to three percent of the amount of the tax credit issued, which must be paid before the tax credit is issued to the owner. With respect to both an application fee and an issuance fee, the office shall share on an equal basis any such fees collected with the historical society and the department. Money collected from such fees must be credited to the commercial historic preservation tax credit program cash fund created in subsection (17) of this section and applied to the administration of the tax credit created by this section.

(d) (Deleted by amendment, L. 2018.)

**(7) Reservation of tax credits for qualified rehabilitation plans for qualified commercial structures.**

(a) In the case of a qualified commercial structure, a reservation of tax credits is permitted in accordance with the provisions of this subsection (7). The office and the historical society shall review the application and rehabilitation plan for a qualified commercial structure to determine that the information contained in the application and plan is complete. If the office and the

historical society determine that the application and rehabilitation plan are complete, the office shall reserve for the benefit of the owner an allocation of a tax credit as provided in subsection (12)(a) or (12)(a.5) of this section and subsection (8)(c)(II) of this section, and the office shall notify the owner in writing of the amount of the reservation. The reservation of tax credits does not entitle the owner to an issuance of a tax credit until the owner complies with all the other requirements specified in this section for the issuance of the tax credit. The office shall separately reserve tax credits allowed pursuant to subsection (12)(a) of this section and tax credits allowed pursuant to subsection (12)(a.5) of this section in the order in which it receives completed applications and rehabilitation plans for each of those two categories of credits. The office shall issue a reservation of tax credits authorized by this subsection (7) within a reasonable time, not to exceed ninety days after the filing of a completed application and rehabilitation plan. The office shall stamp each completed application and plan with the date and time it receives the application and plan and shall review a plan and application on the basis of the order in which the documents were submitted by date and time. The office shall only review an application and plan submitted in connection with a property for which a property address, legal description, or other specific location is provided in the application and plan and for which the owner has specified the category of credit sought as required by subsection (5)(a) of this section. The owner shall not request the review of another property for approval in the place of the property that is the subject of the application and plan. Any application and plan disapproved by the office will be removed from the review process, and the office shall notify the owner in writing of the decision to remove the property from the review process. Disapproved applications and plans lose their priority in the review process. An owner may resubmit a modified application and plan, but a resubmitted application and plan is a new submission for purposes of the priority procedures described in this subsection (7)(a). If a resubmitted application and plan are submitted, the office may charge a new application fee in an amount specified in accordance with subsection (6) of this section.

(a.5) In the case of any project for a qualified commercial structure the qualified rehabilitation expenditures for which amount to less than fifty thousand dollars, if the total number of applications for such projects that are received but not reserved for credits allowed pursuant to either subsection (12)(a) or (12)(b) of this section reaches fifteen, the office may suspend the submission of additional applications for that credit for such projects until such time as the fifteen projects have been duly reserved or disapproved. The notification period that is specified in subsection (5)(c) of this section is extended to one hundred twenty days after receipt of the application and rehabilitation plan for the fifteen projects. Any application for a qualified commercial structure the qualified rehabilitation expenditures for which amount to fifty thousand or more dollars is not subject to this subsection (7)(a.5).

(b) If, for any calendar year, the aggregate amount of reservations for tax credits allowed pursuant to either subsection (12)(a) or (12)(a.5) of this section that the office has approved is equal to the total amount of tax credits available for reservation pursuant to the applicable

subsection (12)(a) or (12)(a.5) of this section during that calendar year, the office shall notify all owners who have submitted applications and rehabilitation plans for reservation of a tax credit allowed pursuant to the applicable subsection (12)(a) or (12)(a.5) of this section then awaiting approval or submitted for approval after the calculation is made that no additional approvals of applications and plans for reservations of tax credits will be granted during that calendar year. The office shall additionally notify the owner of the priority number given to the owner's application and plan then awaiting approval. The applications and plans remain in priority status for two years from the date of the original application and plan and are considered for reservations of tax credits in the priority order established in this subsection (7) if additional credits become available resulting from the rescission of approvals under subsection (8)(a) of this section or because a new allocation of tax credits for a calendar year becomes available.

(c) Notwithstanding any other provision of this section, this subsection (7) does not apply to a qualified residential structure because no reservation of tax credits is necessary in the case of a qualified residential structure.

**(8) Deadline for incurring specified amount of estimated costs of rehabilitation - proof of compliance - audit of cost and expense certification - issuance of tax credit certificate - commercial structures.**

(a) An owner receiving a reservation of tax credits under subsection (7)(a) of this section shall incur not less than twenty percent of the estimated costs of rehabilitation contained in the application and rehabilitation plan not later than eighteen months after the date of issuance of the written notice from the office to the owner granting the reservation of tax credits. An owner receiving a reservation of tax credits shall submit evidence of compliance with the provisions of this subsection (8)(a). If the office determines that an owner has failed to comply with the requirements of this subsection (8)(a), the office may rescind the issuance it previously gave the owner approving the reservation of tax credits and, if so, the total amount of tax credits made available pursuant to subsection (12)(a) or (12)(a.5) of this section, as applicable, for the calendar year for which reservations may be granted must be increased by the amount of the tax credits rescinded. The office shall promptly notify any owner whose reservation of tax credits has been rescinded and, upon receipt of the notice, the owner may submit a new application and plan for which the office may charge a new application fee in accordance with subsection (6) of this section.

(b) Following the completion of a rehabilitation of a qualified commercial structure, the owner shall notify the office that the rehabilitation has been completed and shall certify the qualified rehabilitation costs and expenses. The applicant shall include a review of the certification by a licensed certified public accountant that is not affiliated with the qualified applicant, and the review of the certification must align with office policies for certification of qualified rehabilitation expenditures. The office and the historical society shall review the documentation of the rehabilitation and the historical society shall verify that the documentation

satisfies the rehabilitation plan. Within ninety days after receipt of such documentation from the owner, the office shall issue a tax credit certificate in an amount equal to the following subject to subsection (8)(c) of this section:

(I) Twenty-five percent of the actual qualified rehabilitation expenditures that are less than two million dollars; plus

(II) Twenty percent of the actual qualified rehabilitation expenditures in excess of two million dollars.

(c) Notwithstanding subsection (8)(b) of this section:

(I) The total amount of the tax credit certificate issued for any particular project shall not exceed the amount of the tax credit reservation issued for the project under subsection (7)(a) of this section;

(II) The amount of a tax credit certificate to be issued pursuant to subsection (12)(a) of this section for any one qualified commercial structure shall not exceed one million dollars, and the amount of a tax credit certificate to be issued pursuant to subsection (12)(a.5) of this section for any one qualified rehabilitation plan shall not exceed one million five hundred thousand dollars in any one calendar year;

(III) For income tax years commencing prior to January 1, 2030, and for applications submitted pursuant to subsection (5) of this section prior to January 1, 2026, with respect to a certified historic structure that is a qualified commercial structure that is located in an area that the president of the United States has determined to be a major disaster area under section 102 (2) of the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", 42 U.S.C. sec. 5121 et seq., or that is located in an area that the governor has determined to be a disaster area under the "Colorado Disaster Emergency Act", part 7 of article 33.5 of title 24, the tax credit amounts specified in subsections (8)(b)(I) and (8)(b)(II) of this section must be increased as follows for an application that is filed within six years after the disaster determination:

(A) The twenty-five percent credit amount specified in subsection (8)(b)(I) of this section is increased to thirty percent; and

(B) The twenty percent credit amount specified in subsection (8)(b)(II) of this section is increased to twenty-five percent;

(IV) For income tax years commencing on or after January 1, 2020, with respect to a certified historic structure that is a qualified commercial structure that is located in a rural community, the tax credit amounts specified in subsections (8)(b)(I) and (8)(b)(II) of this section must be increased as follows for an application that is properly filed in accordance with this section:

(A) The twenty-five percent credit amount specified in subsection (8)(b)(I) of this section is increased to thirty-five percent; and

(B) The twenty percent credit amount specified in subsection (8)(b)(II) of this section is increased to thirty percent; and

(V) For a tax credit allowed pursuant to subsection (12)(a.5) of this section only, if, due to a regulatory requirement or condition of financing, the qualified commercial structure for which the tax credit is claimed is subject to a deed restriction that requires the owner to lease rental housing units in the qualified commercial structure only to individuals or households whose income is below a specified amount, then the amount of the tax credit specified in subsection (8)(b) of this section, as increased pursuant to subsection (8)(c)(III) or (8)(c)(IV) of this section, if applicable, is increased by an additional five percent.

(d) If the amount of qualified rehabilitation expenditures incurred by the owner would result in an owner being issued an amount of tax credits that exceeds the amount of tax credits reserved for the owner under subsection (7)(a) of this section, the owner may apply to the office for the issuance of an amount of tax credits that equals the excess. The owner must submit its application for issuance of such excess tax credits on a form prescribed by the office. The office shall automatically approve the application, which it shall issue by means of a separate certificate, subject only to the availability of tax credits and the provisions concerning priority provided in subsection (7)(a) of this section.

(e) (Deleted by amendment, L. 2018.)

(f) Repealed.

(9) **Filing tax credit certificate with income tax return.** In order to claim the credit authorized by this section, the owner shall file the tax credit certificate with the owner's state income tax return. The amount of the credit claimed that the owner may claim under this section is the amount stated on the tax credit certificate.

(10) (Deleted by amendment, L. 2018.)

(11) **Residential and commercial.**

(a) For tax years commencing prior to January 1, 2027, the entire tax credit to be issued under this section for either a qualified residential structure or a qualified commercial structure may be claimed by the owner in the taxable year in which the certified rehabilitation is placed in service. If the amount of the credit allowed under this section exceeds the amount of income taxes otherwise due on the income of the owner in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year may be carried forward as a credit against subsequent years' income tax liability for a

period not to exceed ten years and will be applied to the earliest income tax years possible. Any amount of the credit that is not used after such period shall not be refunded to the owner.

(b) (I) For tax years commencing on or after January 1, 2027, the entire tax credit to be issued under this section for either a qualified residential structure or a qualified commercial structure may be claimed by the owner in the tax year in which the certified rehabilitation is placed in service.

(II) If the amount of the credit allowed under this section for a qualified commercial structure, but not a qualified residential structure, exceeds the amount of income taxes otherwise due on the income of the owner in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not to exceed ten years and shall be applied to the earliest income tax years possible. Any amount of the credit that is not used after such period shall not be refunded to the owner.

(III) If the amount of the credit allowed under this section for a qualified residential structure, but not a qualified commercial structure, exceeds the amount of income taxes otherwise due on the income of the qualified applicant in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the income tax year is refunded to the qualified applicant.

**(12) Limit on aggregate amount of all tax credits that may be reserved for qualified commercial structures - assignability and transferability of tax credits for qualified commercial structures - tax preference performance statement - legislative declaration.**

(a) Except as otherwise provided in subsections (12)(a.5) and (12)(b) of this section, the aggregate amount of all tax credits in any calendar year that may be reserved for qualified commercial structures by the office upon the certification of all rehabilitation plans under subsection (7)(a) of this section for such structures must not exceed:

(I) For qualified commercial structures estimating qualified rehabilitation expenditures in the amount of two million dollars or less, two and one-half million dollars in the aggregate for the 2016 calendar year, five million dollars in the aggregate for each of the 2017, 2018, and 2019 calendar years, in addition to the amount of any previously reserved tax credits that were rescinded under subsection (8)(a) of this section during the applicable calendar year;

(II) For qualified commercial structures estimating qualified rehabilitation expenditures in excess of two million dollars, two and one-half million dollars in the aggregate for the 2016 calendar year, five million dollars in the aggregate for each of the 2017, 2018, and 2019 calendar years, in addition to the amount of any previously reserved tax credits that were rescinded under subsection (8)(a) of this section during the applicable calendar year;

(III) For qualified commercial structures estimating qualified rehabilitation expenditures in any amount, ten million dollars in the aggregate for each of the 2020 through 2032 calendar years, in addition to the amount of any previously reserved tax credits that were rescinded under subsection (8)(a) of this section during the applicable calendar year; except that the aggregate amount of the ten million dollars in tax credits in any tax year that may be reserved by the office must be equally split between qualified commercial structures for which the estimated qualified rehabilitation expenditures are equal to or less than two million dollars and qualified commercial structures for which the estimated qualified rehabilitation expenditures are in excess of two million dollars.

(a.5) For calendar years commencing on or after January 1, 2025, but before January 1, 2030, in addition to the tax credits allowed to be reserved by the office pursuant to subsection (12)(a) of this section, the office shall separately reserve credits pursuant to this subsection (12)(a.5) for an owner of a qualified commercial structure that submits an application and rehabilitation plan for rehabilitation of the qualified commercial structure so that at least fifty percent of the square footage of the qualified commercial structure will be net new rental housing units, as defined by the office. Except as otherwise provided in subsection (12)(b) of this section, the aggregate amount of all tax credits in any calendar year that may be reserved pursuant to this subsection (12)(a.5) for qualified commercial structures by the office upon the certification of all rehabilitation plans under subsection (7)(a) of this section for such structures must not exceed five million dollars per year in the aggregate, in addition to the amount of any previously reserved tax credits that were rescinded under subsection (8)(a) of this section during the applicable calendar year.

(b) Notwithstanding any other provision of this subsection (12), if the entirety of the allowable tax credit amount for any calendar year is not requested and reserved under:

(I) Subsection (12)(a) of this section, the office may use any such unreserved tax credits in reserving tax credits in another category for that same calendar year, and the office may also use any remaining unreserved tax credits for that calendar year in reserving tax credits in subsequent calendar years; or

(II) Subsection (12)(a.5) of this section, the office shall use any remaining unreserved tax credits for that calendar year in reserving tax credits in subsequent calendar years.

(c) Any tax credits issued under this section to a partnership, a limited liability company taxed as a partnership, or multiple owners of a property must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

(d) Any tax credits issued under this section for a qualified commercial structure are freely transferable and assignable, subject to any notice and verification requirements to be determined

by the office; except that the owner or a subsequent transferee may only transfer the portion of the tax credit that has neither been applied against the income tax imposed by this article 22 nor used to obtain a refund. Any transferee of a tax credit for a qualified commercial structure issued under this section may use the amount of tax credits transferred to offset against any other tax due under this article 22 or the transferee may freely transfer and assign all or any portion of the tax credits that have neither been applied against the income taxes imposed by this article 22 nor used to obtain a refund to any other person or entity, including an entity that is exempt from federal income taxation pursuant to section 501 (c) of the internal revenue code, as amended, and the other person or entity may freely transfer and assign all or any portion of the tax credits that have neither been applied against the income taxes imposed by this article 22 nor used to obtain a refund to any other person or entity. The tax credits may be transferred or assigned on multiple occasions until such time as the credit is claimed on a state tax return. The transferor and the transferee of the tax credits shall jointly file a copy of the written transfer agreement with the office within thirty days after the transfer. Any filing of the written transfer agreement with the office perfects the transfer. The office shall develop a system to track the transfers of tax credits and to certify the ownership of tax credits. A certification by the office of the ownership and the amount of tax credits may be relied on by the department and the transferee as being accurate, and the office shall not adjust the amount of tax credits as to the transferee; except that the office retains any remedies it may have against the owner. The office may promulgate rules to permit verification of the ownership and amount of the tax credits; except that any rules promulgated shall not unduly restrict or hinder the transfer of the tax credits. Notwithstanding any other provision of this section, only tax credits issued under this section for a qualified commercial structure, and not tax credits issued under this section for a qualified residential structure, are freely transferable and assignable in accordance with this subsection (12)(d).

(e) (Deleted by amendment, L. 2018.)

(13) **Appeal.** Any owner or any duly authorized representative of an owner may appeal any final determination made by the office, the historical society, or the department, including, without limitation, any preliminary or final reservation, or any approval or denial, in accordance with the "State Administrative Procedure Act", article 4 of title 24. The owner or the owner's representative shall submit any such appeal within thirty days after receipt by the owner or the owner's representative of the final determination that is the subject of the appeal.

(14) **Deadline for submitting application and rehabilitation plan.** Notwithstanding any other provision of this section, the tax credits authorized by this section for the substantial rehabilitation of a qualified structure are not available to an owner of a qualified structure that submits an application and rehabilitation plan after December 31, 2032. No action or inaction on the part of the general assembly has the effect of limiting or suspending the issuing of tax credits authorized by this section in any past or future income tax year with respect to a qualified structure if the owner of the structure submits an application and rehabilitation plan with the

office on or prior to December 31, 2032, even if the qualified structure is placed into service after December 31, 2032. Any tax credits that have been reserved for a qualified commercial structure in accordance with subsection (7)(a) of this section and any applicable rules promulgated under this section prior to December 31, 2032, may still be issued by the office through and including December 31, 2036.

**(15) Report to the department - rules - qualified commercial structures.**

(a) On or before March 15, 2016, and on a quarterly basis thereafter, the office shall provide a report to the department specifying the ownership and transfers of tax credits for the rehabilitation of qualified commercial structures under this section covering the period since the last report.

(b) The office, in consultation with the historical society, may promulgate any and all rules necessary to further implement the tax credits to be claimed for the substantial rehabilitation of qualified commercial structures under this section and shall solicit advice from the department in promulgating rules for transfers of such tax credits. Any such rules must be promulgated in accordance with article 4 of title 24.

(c) Notwithstanding any other provision of law, a taxpayer shall not claim a credit under this section in connection with the rehabilitation of a historic structure for which the taxpayer is also claiming a credit under section 39-22-514.

**(16) Tax preference performance statement.**

(a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly declares that the general purposes of the tax credit created in this section are to induce certain designated behavior by taxpayers and to provide tax relief for certain businesses or individuals. The specific purposes of the tax credit are to provide an incentive to taxpayers to rehabilitate qualified structures in a way that increases the number of net new rental housing units in the state and to provide a greater incentive for taxpayers who develop such units for rental to low- and moderate-income renters who need affordable and middle-income housing.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (16)(a) of this section based on the information required to be maintained and reported by the office to the state auditor pursuant to subsection (16)(c) of this section.

(c) The office shall maintain a database of any information determined necessary by the office to evaluate the effectiveness of the income tax credit allowed in this section in meeting the purposes set forth in subsection (16)(a) of this section and shall provide such information, which must include the number and value of tax credits claimed pursuant to this section, the number of

net new rental units developed, including the number of such units developed for rental only to low- and moderate-income renters, through the rehabilitation of qualified commercial or residential structures for which tax credits were allowed pursuant to this section, and, if available, any other information that may be needed, to the state auditor as part of the state auditor's evaluation of the tax credit required by section 39-21-305.

**(17) Commercial historic preservation tax credit program cash fund.**

(a) The commercial historic preservation tax credit program cash fund is created in the state treasury. The fund consists of gifts, grants, donations, fee revenue credited to the fund pursuant to subsection (6) of this section, and any other money that the general assembly may appropriate, transfer, or require by law to be credited to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the commercial historic preservation tax credit program cash fund to the fund.

(c) Money in the fund is continuously appropriated to the office for the purpose of administering the tax credit issued pursuant to this section.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on December 31, 2051, to the general fund.

**39-22-516.7. Tax credit for innovative motor vehicles - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) As used in this section, unless the context otherwise requires:

(a) (I) (A) "Actual cost incurred" means the actual cost paid by the purchaser for a used motor vehicle or conversion minus any credits, grants, or rebates, including federal credits, grants, or rebates for which the purchaser is eligible, but excluding the credit specified in this section.

(B) "Actual cost incurred" means the manufacturer's suggested retail price for a new motor vehicle that a person purchases minus any credits, grants, or rebates, including federal credits, grants, or rebates for which the person is eligible, but excluding the credit specified in this section.

(II) For purposes of a lease, the "actual cost incurred" means the total of payments contracted in the lease for the motor vehicle minus:

(A) Any security deposit included in the total of payments;

(B) The rent charge included in the total of payments;

(C) Any sales tax included in the total of payments;

(D) Any titling and registration fees included in the total of payments;

(E) Any disposition fee included in the total of payments;

(F) Any administrative fee or any other fee that does not reflect the value of the motor vehicle included in the total of payments; and

(G) Any credits, grants, or rebates, including federal credits, grants, or rebates for which the lessee or lessor is eligible, but excluding the credit specified in this section.

(b) "Alternative fuel" has the meaning set forth in section 24-30-1104 (2)(c)(III)(A).

(c) "Battery capacity" means the quantity of electricity that a battery is capable of storing, expressed in kilowatt hours, as measured from a one hundred percent state of charge to a zero percent state of charge.

(d) "Category 1" means an electric motor vehicle and a plug-in hybrid electric motor vehicle.

(e) "Category 1 A" means a conversion of a motor vehicle to an electric motor vehicle or a plug-in hybrid electric motor vehicle.

(f) and (g) Repealed.

(g.5) "Department" means the department of revenue.

(h) to (j) Repealed.

(k) "Electric motor vehicle" or "plug-in hybrid electric motor vehicle" means a motor vehicle that:

(I) Has a gross vehicle weight rating that does not exceed eight thousand five hundred pounds;

(II) Has a maximum speed capability of at least fifty-five miles per hour; and

(III) Is propelled to a significant extent by:

(A) An electric motor that draws electricity from a battery that has a capacity of not less than four kilowatt hours and is capable of being recharged from an external source of electricity; or

(B) Power derived from one or more cells which convert chemical energy directly into electricity by combining oxygen with hydrogen fuel which is stored on board the vehicle in any form and may or may not require reformation prior to use.

(k.5) "Financing entity" means the entity that finances the purchase or lease of a category 1 vehicle eligible for a credit allowed by this section.

(l) "Gross vehicle weight rating" or "GVWR" shall have the same meaning as set forth in section 42-2-402 (6), C.R.S.

(m) "Hybrid motor vehicle" means a motor vehicle with a hybrid propulsion system that operates on both electricity and an alternative fuel or traditional fuel.

(n) Repealed.

(o) "Light-duty passenger motor vehicle" means a private passenger motor vehicle, including vans, capable of seating twelve passengers or less; except that the term does not include motor homes as defined in section 42-1-102 (57), C.R.S., or motor vehicles designed to travel on three or fewer wheels in contact with the ground.

(p) "Light-duty truck" means a truck between zero and fourteen thousand pounds GVWR.

(p.5) "Manufacturer's suggested retail price" has the same meaning as set forth in section 42-1-102 (50).

(q) "Medium-duty truck" means a truck with a gross vehicle weight rating greater than fourteen thousand pounds up to twenty-six thousand pounds.

(r) (I) "Motor vehicle" means, for tax years commencing prior to January 1, 2017, a self-propelled vehicle with four wheels, including a truck and a hybrid motor vehicle, that is:

(A) Titled and registered in the state; and

(B) Required to be licensed or subject to licensing for operation upon the highways of the state.

(II) "Motor vehicle" means, for tax years commencing on or after January 1, 2017, a self-propelled vehicle with four wheels, including a truck and a hybrid motor vehicle, that is:

(A) New, not used, unless the motor vehicle is being converted;

(B) Titled and registered in the state; and

(C) Required to be licensed or subject to licensing for operation upon the highways of the state.

(r.1) "Motor vehicle dealer" has the same meaning as set forth in section 44-20-102 (18).

(r.3) (I) "Purchaser" means the buyer or the lessee of a category 1 vehicle, but, for income tax years commencing before January 1, 2024, does not include the state or any political subdivision of the state. For tax years commencing on or after January 1, 2017, a lessee seeking to claim a credit allowed in this section must enter into a lease with a term of not less than two years.

(II) For income tax years commencing on or after January 1, 2024, "purchaser" includes a person or a political subdivision of the state that is exempt from taxation under section 39-22-112 (1).

(s) "Traditional fuel" means a petroleum-based motor fuel commonly used on the highways of the state in the year 2008.

(1.5) (a) In accordance with section 39-21-304 (1), which requires each bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided for in this section is to induce certain designated behavior by taxpayers, specifically the sale and purchase or lease of electric motor vehicles, by providing a reduction in income tax liability to the purchaser or lessee or to a motor vehicle dealer or financing entity in connection with the sale and purchase or lease of an electric motor vehicle.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1.5)(a) of this section based on the number and value of credits claimed.

(2) (a) With respect to the tax years commencing on or after January 1, 2013, but prior to January 1, 2029, there is allowed to any person a credit against the tax imposed by this article 22, not to exceed the amount specified in subsection (4) of this section, for the purchase or lease of a motor vehicle defined as category 1.

(a.3) to (b) Repealed.

(c) With respect to the tax years commencing on or after January 1, 2014, but prior to January 1, 2022, there is allowed to any person a credit against the tax imposed by this article, not to exceed the amount specified in subsection (4) of this section, for the conversion of a motor vehicle defined as category 1 A.

(d) Repealed.

(e) (I) A purchaser may assign the tax credit allowed in this section for the purchase or lease of a category 1 or category 1 A vehicle completed on or after January 1, 2017, but prior to January 1, 2024, to a financing entity as follows:

(A) The assignment to the financing entity must be completed at the time of purchase or lease by entering into an election statement as set forth in subparagraph (III) of this paragraph (e);

(B) The purchaser must title and register the vehicle in the state as required by state law;

(C) The purchaser must assign the tax credit to the financing entity and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for good and valuable consideration; and

(D) The financing entity shall compensate the purchaser for the full nominal value of the tax credit; except that the financing entity may collect an administrative fee not to exceed one hundred fifty dollars for processing the assignment. The compensation paid to the purchaser is considered a refund of state taxes and is not income.

(II) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a financing entity pursuant to this paragraph (e), the financing entity receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(III) To complete the tax credit assignment, the purchaser and the financing entity must enter into an election statement that must:

(A) Identify the vehicle identification number of the category 1 or category 1 A vehicle for which a credit is allowed in this section; and

(B) Affirm that the requirements specified in subparagraph (I) of this paragraph (e) were met.

(IV) The financing entity may authorize an agent or a designee to sign the election statement on its behalf.

(V) The financing entity shall electronically submit a report containing the information contained in the election statement described in subparagraph (III) of this paragraph (e) to the department of revenue within thirty days of the purchase or lease of a category 1 or category 1 A vehicle in such a form and in such a manner as required by the department.

(VI) The financing entity shall also file the election statement described in subparagraph (III) of this paragraph (e) with the original tax return for the taxable year in which the category 1 or category 1 A vehicle is purchased or leased.

(VII) The department of revenue, in consultation with the Colorado energy office created in section 24-38.5-101, C.R.S., shall develop a model report and election statement no later than December 1, 2016.

(VIII) This subsection (2)(e) is repealed, effective December 31, 2028.

(f) (I) A purchaser may assign the tax credit allowed in this section for the purchase or lease of a category 1 vehicle completed on or after January 1, 2024, to a financing entity or to a motor vehicle dealer as follows:

(A) The assignment to the financing entity or the motor vehicle dealer must be completed at the time of purchase or lease by entering into an election statement as set forth in subsection (2)(f)(III) of this section;

(B) The purchaser must title and register the vehicle in the state as required by state law;

(C) The purchaser must assign the tax credit to the financing entity or the motor vehicle dealer and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for the good and valuable consideration described in subsection (2)(f)(I)(D) of this section; and

(D) The financing entity or the motor vehicle dealer shall compensate the purchaser for the full nominal value of the tax credit including, if applicable, the amounts allowed pursuant to subsections (4)(a)(XI) and (4)(a.5) of this section; except that the financing entity or the motor vehicle dealer may collect an administrative fee not to exceed two hundred fifty dollars for processing the assignment. The compensation paid to the purchaser is considered a refund of state taxes and is not income.

(II) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a financing entity or to a motor vehicle dealer pursuant to this subsection (2)(f), the financing

entity or the motor vehicle dealer receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(III) To complete the tax credit assignment, the purchaser and the financing entity or the motor vehicle dealer shall enter into an election statement that:

(A) Identifies the vehicle identification number of the category 1 vehicle for which a credit is allowed in this section;

(B) Identifies the manufacturer's suggested retail price of the category 1 vehicle for which a credit is allowed in this section;

(C) Specifies the value of the credit allowed; and

(D) Affirms that the requirements specified in subsection (2)(f)(I) of this section were met.

(IV) The financing entity or the motor vehicle dealer may authorize an agent or a designee to sign the election statement on its behalf.

(V) For the purchase or lease of a category 1 vehicle completed on or after January 1, 2024, the financing entity or the motor vehicle dealer shall electronically submit a report containing the information contained in the election statement described in subsection (2)(f)(III) of this section to the department on a quarterly basis in a form and manner required by the department for all purchases or leases of a category 1 vehicle completed in the reporting period.

(VI) The financing entity or the motor vehicle dealer shall maintain the election statement described in subsection (2)(f)(III) of this section and produce it upon request by the department for an audit.

(VII) For income tax years commencing on or after January 1, 2025, the financing entity or motor vehicle dealer may elect advance payments of credits assigned under this subsection (2)(f) as specified in section 39-22-629.

(3) If a motor vehicle is leased, the lessee, not the lessor, is allowed to claim the credit allowed pursuant to this section. The lessee may elect to assign the tax credit allowed pursuant to this section for the lease of a category 1 vehicle to a financing entity or to a motor vehicle dealer as specified in subsection (2)(e) or (2)(f), as applicable, of this section.

(4) The amount of the credit allowed pursuant to this section is calculated as follows:

(a) **Category 1.**

(I) With respect to the tax years commencing on or after January 1, 2013, but prior to January 1, 2017, the actual cost incurred by the taxpayer during the tax year for purchasing or

leasing a category 1 motor vehicle multiplied by the battery capacity of the motor vehicle and divided by one hundred, not to exceed six thousand dollars;

(II) With respect to the tax years commencing on or after January 1, 2017, but prior to January 1, 2020, five thousand dollars for a purchase or two thousand five hundred dollars for a lease;

(III) With respect to the tax years commencing on or after January 1, 2020, but prior to January 1, 2021, four thousand dollars for a purchase or two thousand dollars for a lease;

(IV) With respect to the tax years commencing on or after January 1, 2021, but prior to January 1, 2023, two thousand five hundred dollars for a purchase or one thousand five hundred dollars for a lease;

(V) With respect to the purchase or lease of a category 1 vehicle sold or leased on or after January 1, 2023, but prior to July 1, 2023, two thousand dollars for a purchase or one thousand five hundred dollars for a lease;

(VI) Except as otherwise provided in subsection (4)(a)(XI) of this section, with respect to the purchase or lease of a category 1 vehicle sold or leased on or after July 1, 2023, but before January 1, 2025, five thousand dollars for a purchase or a lease;

(VII) Except as otherwise provided in subsection (4)(a)(XI) of this section, with respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2025, but before January 1, 2026, three thousand five hundred dollars;

(VIII) Except as otherwise provided in subsection (4)(a.7) of this section, with respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2026, but before January 1, 2027, one thousand five hundred dollars;

(IX) Except as otherwise provided in subsection (4)(a.7) of this section, with respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2027, but before January 1, 2028, two thousand dollars;

(X) Except as otherwise provided in subsection (4)(a.7) of this section, with respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2028, but before January 1, 2029, one thousand dollars; and

(XI) With respect to a purchase or lease of a category 1 vehicle sold or leased at a location where the credit allowed in this section may be assigned and if the credit is assigned pursuant to subsection (2)(f) of this section in a tax year that commences on or after January 1, 2024, but before January 1, 2026, an additional amount of six hundred dollars may be claimed by a financing entity or motor vehicle dealer when the purchaser assigns the credit to the financing entity or motor vehicle dealer.

(a.3) **Limitation on credit.**

(I) No credit is allowed for a purchase or lease made on or after July 1, 2023, but before January 1, 2027, of a category 1 vehicle that exceeds a manufacturer's suggested retail price of eighty-thousand dollars.

(II) No credit is allowed for a purchase or lease made on or after January 1, 2027, but before January 1, 2029, of a category 1 vehicle that exceeds a manufacturer's suggested retail price of fifty thousand dollars.

(a.5) (I) **Category 1 for vehicles under \$35,000 threshold.** With respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2024, but prior to January 1, 2027, with a manufacturer's suggested retail price below thirty-five thousand dollars there is allowed an additional two thousand five hundred dollars of credit in addition to the amount of credit allowed pursuant to subsection (4)(a) of this section.

(II) **Category 1 for vehicles under \$40,000 threshold.** With respect to the purchase or lease of a category 1 vehicle sold or leased in tax years commencing on or after January 1, 2027, but prior to January 1, 2029, with a manufacturer's suggested retail price below forty thousand dollars there is allowed an additional two thousand five hundred dollars of credit in addition to the amount of credit allowed pursuant to subsection (4)(a) of this section.

(a.7) (I) If the June 2025 revenue forecast, as prepared by either legislative council staff or the office of state planning and budgeting, projects that state revenues, as defined in section 24-77-103.6 (6)(c), will not increase by at least four percent for the next fiscal year, the amount of the credit allowed pursuant to subsection (4)(a)(VIII), (4)(a)(IX), or (4)(a)(X) of this section for the income tax year commencing in the calendar year that begins during said next fiscal year is reduced by fifty percent; except that if the amount of reduced credit is equal to or less than five hundred dollars, then no credit is available for that income tax year.

(II) This subsection (4)(a.7) is repealed, effective December 31, 2031.

(b) **Category 1 A.**

(I) With respect to the tax years commencing on or after January 1, 2013, but prior to January 1, 2017, seventy-five percent of the actual cost incurred by the taxpayer during the tax year for the conversion of a motor vehicle defined as category 1 A, not to exceed six thousand dollars;

(II) With respect to the tax years commencing on or after January 1, 2017, but prior to January 1, 2020, five thousand dollars;

(III) With respect to the tax years commencing on or after January 1, 2020, but prior to January 1, 2021, four thousand dollars;

(IV) With respect to the tax years commencing on or after January 1, 2021, but prior to January 1, 2022, two thousand five hundred dollars.

(c) to (g) Repealed.

(5) With respect to any model year 2004 and newer hybrid motor vehicle, a taxpayer that converts such a motor vehicle to a category 1 A motor vehicle shall be eligible for the category 1 A credit.

(6) Repealed.

(7) If a credit authorized in this section exceeds the income tax due on the income of the taxpayer for the taxable year, the excess credit may not be carried forward and shall be refunded to the taxpayer.

(8) With respect to tax years commencing on or after January 1, 2017, the taxpayer claiming a credit allowed in this section shall provide the department of revenue with, and the department shall commence tracking, the vehicle identification number of the motor vehicle for which a credit is claimed as allowed in this section.

(9) Making the purchaser aware of the income tax credit allowed in this section or helping the purchaser assign the income tax credit to a financing entity or to a motor vehicle dealer as allowed in this section does not rise to the level of providing the purchaser with unauthorized tax advice.

(9.5) With respect to the tax years commencing on or after January 1, 2019, a transportation network company, as defined in section 40-10.1-602 (3), or a third-party vehicle supplier that contracts with a transportation network company to provide category 1 motor vehicles for short-term rental to transportation network company drivers, as defined in section 40-10.1-602 (4), that enters into long-term leases with a duration of not less than two years for category 1 motor vehicles shall be treated as having purchased each category 1 motor vehicle for purposes of the credit calculation specified in subsection (4)(a) of this section if the vehicles are offered to transportation network company drivers, as defined in section 40-10.1-602 (4), for short-term rental periods of not more than sixty days.

(10) A purchaser, as set forth in subsection (1)(r.3)(II) of this section, who claims the credit under this section shall file a return pursuant to section 39-22-601 (7)(b).

(11) A purchaser who claims a tax credit under this section or who assigns a tax credit pursuant to subsection (2)(f) of this section is entitled to additionally receive any rebate that is part of an electric vehicle program pursuant to sections 40-3-116 and 40-5-107.

(12) This section is repealed, effective December 31, 2033.

(a) (I) "Actual cost incurred" means the actual cost paid by the purchaser for a new or used truck or clean fuel refrigerated trailer, conversion of a truck or clean fuel refrigerated trailer, idling reduction technologies, or aerodynamic technologies, minus any credits, grants, or rebates, including federal credits, grants, or rebates for which the purchaser is eligible, but excluding the credit specified in this section.

(II) For purposes of a lease, "actual cost incurred" means the total of payments contracted in the lease for the truck minus:

(A) Any security deposit included in the total of payments;

(B) The rent charge included in the total of payments;

(C) Any sales tax included in the total of payments;

(D) Any titling and registration fees included in the total of payments;

(E) Any disposition fee included in the total of payments;

(F) Any administrative fee or any other fee that does not reflect the value of the truck included in the total of payments; and

(G) Any credits, grants, or rebates, including federal credits, grants, or rebates for which the lessee or lessor is eligible, but excluding the credit specified in this section.

(b) "Aerodynamic technologies" means a device on the United States environmental protection agency's smartway verified technology list that minimizes drag and improves air flow over a truck and trailer; except that "aerodynamic technologies" do not include tires.

(c) "Alternative fuel" has the meaning set forth in section 24-30-1104 (2)(c)(III)(A).

(d) "Battery capacity" means the quantity of electricity that a battery is capable of storing, expressed in kilowatt hours, as measured from a one hundred percent state of charge to a zero percent state of charge.

(e) "Bus" means a motor vehicle with a minimum seating capacity of thirty-three, including the driver.

(f) "Category 4" means original equipment manufacturer trucks that are equipped to operate on compressed natural gas or on liquefied petroleum gas. For purposes of this paragraph (f), "operate on compressed natural gas or on liquefied petroleum gas" means a truck that operates exclusively on compressed natural gas or on liquefied petroleum gas, or a bi-fuel truck with a

multi-fuel engine capable of running on either compressed natural gas or traditional fuel, or on either liquefied petroleum gas or traditional fuel, or a dual-fuel truck with a multi-fuel engine capable of running on both compressed natural gas and traditional fuel, or on both liquefied petroleum gas and traditional fuel.

(g) "Category 4 A" means compressed natural gas or liquefied petroleum gas conversions certified by the United States environmental protection agency. For purposes of this paragraph (g), "compressed natural gas or liquefied petroleum gas conversions" means a conversion to a truck that operates exclusively on compressed natural gas or on liquefied petroleum gas, or a bi-fuel truck with a multi-fuel engine capable of running on either compressed natural gas or traditional fuel, or on either liquefied petroleum gas or traditional fuel, or a dual-fuel truck with a multi-fuel engine capable of running on both compressed natural gas and traditional fuel, or on both liquefied petroleum gas and traditional fuel.

(h) "Category 4 B" means original equipment manufacturer trucks that are equipped to operate on liquefied natural gas. For purposes of this subsection (1)(h), "operate on liquefied natural gas" means a truck that operates exclusively on liquefied natural gas, or a bi-fuel truck with a multi-fuel engine capable of running on either liquefied natural gas or traditional fuel, or a dual-fuel truck with a multi-fuel engine capable of running on both liquefied natural gas and traditional fuel.

(i) "Category 4 C" means liquefied natural gas conversions certified by the United States environmental protection agency. For purposes of this subsection (1)(i), "liquefied natural gas conversions" means a conversion to a truck that operates exclusively on liquefied natural gas, or a bi-fuel truck with a multi-fuel engine capable of running on either liquefied natural gas or traditional fuel, or a dual-fuel truck with a multi-fuel engine capable of running on both liquefied natural gas and traditional fuel.

(j) "Category 5" means the installation of any idling reduction technologies on or in a truck.

(k) "Category 6" means the installation of any aerodynamic technologies on or in a truck.

(l) "Category 7" means an original equipment manufacturer electric truck and plug-in hybrid electric truck.

(m) "Category 7 A" means a conversion of a truck to an electric truck or a plug-in hybrid electric truck.

(n) "Category 8" means a clean fuel refrigerated trailer.

(o) "Category 8 A" means a conversion of a refrigerated trailer to a clean fuel refrigerated trailer.

(p) "Category 9" means a hydraulic hybrid truck.

(q) "Clean fuel refrigerated trailer" means a trailer capable of being pulled by a truck with a gross vehicle weight rating greater than fourteen thousand pounds, with a power unit and fuel storage used for climate control that:

(I) (A) Is installed on the trailer by the original equipment manufacturer; or

(B) Is installed on the trailer through a conversion certified by the United States environmental protection agency; and

(II) Operates on either compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen, or electricity, or any combination thereof.

(q.5) "Department" means the department of revenue.

(r) "Electric truck" or "plug-in hybrid electric truck" means a truck that:

(I) Has a gross vehicle weight rating that exceeds eight thousand five hundred pounds;

(II) Has a maximum speed capability of at least fifty-five miles per hour; and

(III) Is propelled to a significant extent by:

(A) An electric motor that draws electricity from a battery that has a capacity of not less than four kilowatt hours and is capable of being recharged from an external source of electricity; or

(B) Power derived from one or more cells which convert chemical energy directly into electricity by combining oxygen with hydrogen fuel which is stored on board the vehicle in any form and may or may not require reformation prior to use.

(r.5) "Financing entity" means the entity that finances the purchase or lease of a category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle eligible for a credit allowed by this section.

(s) "Gross vehicle weight rating" or "GVWR" has the same meaning as set forth in section 42-2-402 (6), C.R.S.

(t) "Heavy-duty truck" means a truck with a gross vehicle weight rating greater than twenty-six thousand pounds.

(u) "Hybrid truck" means a truck with a hybrid propulsion system that operates on both electricity and an alternative fuel or traditional fuel.

(v) "Hydraulic hybrid truck" means the conversion of a truck with a gross vehicle weight rating of more than fourteen thousand pounds to a truck with a hybrid propulsion system that operates on both pressurized fluid and either compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen, electricity, or a traditional fuel; except that the converted hydraulic hybrid truck must increase the fuel economy of the original truck.

(w) "Idling reduction technologies" means idling reduction devices or advanced insulation, as those terms are defined in section 4053 of the internal revenue code, as amended, that are exempt from federal excise tax pursuant to said section 4053.

(x) "Light-duty electric truck" means an electric truck with a gross vehicle weight rating less than or equal to ten thousand pounds but does not include a light-duty passenger motor vehicle.

(y) "Light-duty passenger motor vehicle" means a private passenger motor vehicle, including vans, capable of seating twelve passengers or less; except that the term does not include motor homes as defined in section 42-1-102 (57), C.R.S., or motor vehicles designed to travel on three or fewer wheels in contact with the ground.

(z) "Light-duty truck" means a truck with a gross vehicle weight rating less than or equal to fourteen thousand pounds but does not include a light-duty passenger motor vehicle.

(aa) "Medium-duty electric truck" means an electric truck with a gross vehicle weight rating greater than ten thousand pounds and up to twenty-six thousand pounds.

(bb) "Medium-duty truck" means a truck with a gross vehicle weight rating greater than fourteen thousand pounds and up to twenty-six thousand pounds.

(bb.1) "Motor vehicle dealer" has the same meaning as set forth in section 44-20-102 (18).

(bb.3) (I) "Purchaser" means the buyer or the lessee of a category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle, but, for income tax years commencing before January 1, 2024, does not include the state or any political subdivision of the state. For tax years commencing on or after January 1, 2017, a lessee seeking to claim a credit allowed in this section must enter into a lease with a term of not less than two years.

(II) For income tax years commencing on or after January 1, 2024, "purchaser" includes a person or political subdivision of the state who is exempt from taxation under section 39-22-112 (1).

(cc) "Traditional fuel" means a petroleum-based motor fuel commonly used on the highways of the state in the year 2008.

(dd) "Trailer" has the same meaning as in section 42-1-102 (105), C.R.S.

(ee) (I) "Truck", for tax years commencing prior to January 1, 2017, has the same meaning as in section 42-1-102 (108), C.R.S., includes a hybrid truck, a light-duty passenger motor vehicle, and a bus, has a maximum speed capability of at least fifty-five miles per hour, is licensed or subject to licensing for operation upon the highways of the state, and is either:

(A) Titled and registered in the state; or

(B) Registered under the international registration plan and base plated in the state.

(II) "Truck", for tax years commencing on or after January 1, 2017, has the same meaning as in section 42-1-102 (108), C.R.S., and includes a hybrid truck, a light-duty passenger motor vehicle, and a bus, has a maximum speed capability of at least fifty-five miles per hour, is licensed or subject to licensing for operation upon the highways of the state, is new, not used, unless the truck is being converted, and is either:

(A) Titled and registered in the state; or

(B) Registered under the international registration plan and base plated in the state.

(1.5) (a) In accordance with section 39-21-304 (1), which requires each bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers, specifically the sale and purchase or lease of electric light-duty, medium-duty, or heavy-duty trucks, by providing a reduction in income tax liability to the purchaser or lessee or to a financing entity in connection with the sale and purchase or lease of an electric light-duty, medium-duty, or heavy-duty truck.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1.5)(a) of this section based on the number and value of credits claimed.

**(2) Category 4.**

(a) With respect to the income tax years commencing on or after January 1, 2014, but before January 1, 2017, there is allowed to any person a credit against the tax imposed by this article as a percentage set forth in paragraph (b) of this subsection (2) of the actual cost incurred by the taxpayer during the tax year for each purchase or lease of a category 4 truck, not to exceed the amount set forth in paragraph (b) of this subsection (2). For purposes of the income tax year commencing on or after January 1, 2014, but before January 1, 2015, the purchase or lease of a category 4 truck must occur on or after July 1, 2014, but before January 1, 2015.

(12) A taxpayer claiming the credit authorized by this section shall not claim the credit in an amount that exceeds the incremental cost of the actual cost incurred for the category 4, 4 A, 4 B, 4 C, 7, or 7 A truck or motor vehicle over the manufacturer's suggested retail price of a comparable traditional fuel truck or light-duty passenger motor vehicle.

(13) If a credit authorized in this section exceeds the income tax due on the income of the taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the taxpayer.

(13.5) (a) A purchaser may assign the tax credit allowed in this section for the purchase or lease of a category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle completed on or after January 1, 2017, but before January 1, 2024, to a financing entity as follows:

(I) The assignment to the financing entity must be completed at the time of purchase or lease by entering into an election statement as set forth in paragraph (c) of this subsection (13.5);

(II) The purchaser must title and register the vehicle in the state or register the vehicle under the international registration plan and base plate the vehicle in the state as required by state law;

(III) The purchaser must assign the tax credit to the financing entity and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for good and valuable consideration; and

(IV) The financing entity shall compensate the purchaser for the full nominal value of the tax credit; except that the financing entity may collect an administrative fee not to exceed one hundred fifty dollars for processing the assignment. The compensation paid to the purchaser is considered a refund of state taxes and is not income.

(b) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a financing entity pursuant to this subsection (13.5), the financing entity receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(c) To complete the tax credit assignment, the purchaser and the financing entity must enter into an election statement that must:

(I) Identify the vehicle identification number of the category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle for which a credit is allowed in this section; and

(II) Affirm that the requirements specified in paragraph (a) of this subsection (13.5) were met.

(d) The financing entity may authorize an agent or a designee to sign the election statement on its behalf.

(e) The financing entity shall electronically submit a report containing the information contained in the election statement described in paragraph (c) of this subsection (13.5) to the department of revenue within thirty days of the purchase or lease of a category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle in such a form and in such a manner as required by the department.

(f) The financing entity shall also file the election statement described in paragraph (c) of this subsection (13.5) with the original tax return for the taxable year in which the category 4, category 4 A, category 4 B, category 4 C, category 7, category 7 A, or category 9 vehicle is purchased or leased.

(g) The department of revenue, in consultation with the Colorado energy office created in section 24-38.5-101, C.R.S., shall develop a model report and election statement no later than December 1, 2016.

(h) This subsection (13.5) is repealed, effective December 31, 2028.

(13.7) (a) A purchaser may assign the tax credit allowed in this section for the purchase or lease of a category 7 vehicle sold or leased on or after January 1, 2024, to a financing entity or to a motor vehicle dealer as follows:

(I) The assignment to the financing entity or the motor vehicle dealer must be completed at the time of purchase or lease by entering into an election statement as set forth in subsection (13.7)(c) of this section;

(II) The purchaser must title and register the vehicle in the state or register the vehicle under the international registration plan and base plate the vehicle in the state as required by state law;

(III) The purchaser must assign the tax credit to the financing entity or the motor vehicle dealer and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for the good and valuable consideration; and

(IV) The financing entity or the motor vehicle dealer shall compensate the purchaser for the full nominal value of the tax credit; except that the financing entity or the motor vehicle dealer may collect an administrative fee not to exceed two hundred fifty dollars for processing the assignment. The compensation paid to the purchaser is considered a refund of state taxes and is not income.

(b) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a financing entity or to a motor vehicle dealer pursuant to this subsection (13.7), the financing entity or the motor vehicle dealer receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(c) To complete the tax credit assignment, the purchaser and the financing entity or the motor vehicle dealer shall enter into an election statement that:

(I) Identifies the vehicle identification number of the category 7 vehicle for which a credit is allowed in this section;

(II) Specifies the value of the credit allowed; and

(III) Affirms that the requirements specified in subsection (13.7)(a) of this section were met.

(d) The financing entity or the motor vehicle dealer may authorize an agent or a designee to sign the election statement on its behalf.

(e) For the purchase or lease of a category 7 vehicle completed on or after January 1, 2024, the financing entity or the motor vehicle dealer shall electronically submit a report containing the information contained in the election statement described in subsection (13.7)(c) of this section to the department on a quarterly basis in a form and manner required by the department.

(f) The financing entity or the motor vehicle dealer shall maintain the election statement described in subsection (13.7)(c) of this section and produce it upon request or audit by the department.

(g) For income tax years commencing on or after January 1, 2025, the financing entity or motor vehicle dealer may elect advance payments of credits assigned under this subsection (13.7) as specified in section 39-22-629.

(14) (a) During the calendar year ending December 31, 2018, the Colorado energy office created in section 24-38.5-101, C.R.S., shall determine whether category 4, 4 A, 4 B, 4 C, 7, 7 A, or 9 medium- or heavy-duty trucks generate life-cycle emissions materially greater than comparable medium- or heavy-duty trucks using traditional fuel. Such a life-cycle analysis must include the direct emissions regulated by the United States environmental protection agency or by the department of public health and environment that are associated with producing, transporting, and using the alternative or traditional fuels. The Colorado energy office shall consider the likely adoption of future technology at each stage of the life-cycle.

(b) In making the determinations described in paragraph (a) of this subsection (14), the Colorado energy office shall consider public input, any analysis or reports prepared by the department of public health and environment, other states, or the United States environmental

protection agency, and any peer-reviewed studies conducted in the United States that evaluate similar matters.

(c) In the event that category 4, 4 A, 4 B, 4 C, 7, 7 A, or 9 medium- or heavy-duty trucks are shown to generate life-cycle emissions materially greater than comparable traditional fuel trucks, then the Colorado energy office shall notify the department of revenue that no tax credit specified in this section is available for such trucks for the income tax years commencing on or after January 1, 2019, but before January 1, 2022; except that the Colorado energy office may determine if a particular category 4, 4 A, 4 B, 4 C, 7, 7 A, or 9 truck model or engine does not generate life-cycle emissions materially greater than a comparable traditional fuel truck model or engine and is thus allowed a credit for a given income tax year, or the Colorado energy office may allow a credit if the taxpayer can demonstrate that the taxpayer has a long-term fuel contract for his or her category 4, 4 A, 4 B, 4 C, 7, 7 A, or 9 truck from a green fuel provider, such that the life-cycle emissions from such truck are not materially greater than the emissions of a comparable traditional fuel truck. For purposes of this paragraph (c), "green fuel provider" means the alternative fuel is produced and delivered by providers that have adopted best practices for low life-cycle emissions. On or before January 1, 2019, and on or before each January 1 thereafter through January 1, 2021, the Colorado energy office and the department of revenue shall, through their respective websites, specify which category 4, 4 A, 4 B, 4 C, 7, 7 A, or 9 medium- or heavy-duty trucks are not allowed a credit for a given income tax year.

(15) No more than one tax credit shall be granted pursuant to this section and section 39-22-516.7 for any individual motor vehicle or truck.

(16) With respect to tax years commencing on or after January 1, 2017, the taxpayer claiming a credit allowed in this section shall provide the department of revenue with, and the department shall commence tracking, the vehicle identification number of the motor vehicle or truck for which a credit is claimed as allowed in this section.

(17) Making the purchaser aware of the income tax credit allowed in this section or helping the purchaser assign the income tax credit to a financing entity as allowed in this section does not rise to the level of providing the purchaser with unauthorized tax advice.

(17.5) A purchaser, as set forth in subsection (1)(bb.3)(II) of this section, who claims the credit allowed by this section shall file a return pursuant to section 39-22-601 (7)(b).

(18) This section is repealed, effective December 31, 2037.

### **39-22-517. Tax credit for child care center investments - repeal.**

(1) With respect to taxable years commencing on or after January 1, 1992, and prior to January 1, 2029, there is allowed to any person operating a child care center licensed pursuant to section 26-6-905 or 26.5-5-309, family child care home licensed pursuant to section 26.5-5-309, or foster care home licensed pursuant to section 26-6-905 a credit against the tax imposed by this article 22 in the amount of twenty percent of the taxpayer's annual investment in tangible personal property to be used in such child care center, family child care home, or foster care home.

(2) With respect to taxable years commencing on or after July 1, 1992, and prior to January 1, 2029, there is allowed to any sole proprietorship, partnership, limited liability corporation, subchapter S corporation, or regular corporation that provides child care facilities that are incidental to their business and are licensed pursuant to section 26-6-905 or 26.5-5-309 for the use of its employees a credit against the tax imposed by this article 22 in the amount of ten percent of the taxpayer's annual investment in tangible personal property to be used in such child care facilities.

(3) The credit allowed by this section for any income tax year shall not exceed the taxpayer's actual tax liability for such taxable year. If the amount of the credit allowed by this section exceeds the taxpayer's actual tax liability for any income tax year in which the child care center investment credit is claimed, referred to in this subsection (3) as the "unused credit year", such excess shall be an investment tax credit carryover to each of the three income tax years following the unused credit year and shall be applied first to the earliest income tax years possible.

### **39-22-518. Tax modification for net capital gains - definitions - repeal.**

(1) For income tax years commencing on or after July 1, 1995, a modification, in the form of a reduction of income taxable by the state of Colorado, shall be allowed to any qualified taxpayer for the amount of income attributable to qualifying gains receiving capital treatment earned by the qualified taxpayer during the taxable year and included in federal taxable income.

(2) For the purposes of this section:

(a) (I) "Qualified taxpayer" for income tax years commencing before January 1, 2022, means any taxpayer with no overdue state tax liabilities and not in default on any contractual obligations owed to the state or to any local government within Colorado at the time the modification created under this section is claimed. This subsection (2)(a)(I) is repealed, effective December 31, 2030.

(I.5) "Qualified taxpayer" means, for income tax years commencing on or after January 1, 2022, any taxpayer that has no overdue state tax liabilities; that is not in default on any contractual obligations owed to the state or to any local government within Colorado at the time the modification created under this section is claimed; and that is required to file a schedule F, profit or loss from farming, or successor form, as an attachment to the taxpayer's federal income tax return for the tax year in which the net capital gains arise.

(II) For the purposes of this paragraph (a), "overdue state tax liabilities" includes uncollectible tax liabilities resulting from bankruptcy.

(b) (I) "Qualifying gains receiving capital treatment" means the amount of net capital gains, as defined in section 1222 (11) of the internal revenue code, included in any qualified taxpayer's federal income tax return and:

(A) and (B) Repealed.

(B.5) For income tax years commencing before January 1, 2022, earned by the qualified taxpayer on either real or tangible personal property located within Colorado that was acquired on or after May 9, 1994, but before June 4, 2009, or on tangible personal property only located either within or outside Colorado that was acquired on or after June 4, 2009, and either of which has been owned by the qualified taxpayer for a holding period of at least five years prior to the date of the transaction from which the net capital gains arise if the transaction from which the net capital gains arise occurred during an income tax year that commenced on or after January 1, 2010; except that no more than one hundred thousand dollars of net capital gains described in this subsection (2)(b)(I)(B.5) are qualifying gains receiving capital treatment for any single income tax year. This subsection (2)(b)(I)(B.5) is repealed, effective December 31, 2030.

(B.7) For income tax years commencing on or after January 1, 2022, earned by the qualified taxpayer on qualified real property that was acquired on or after May 9, 1994, but before June 4, 2009, and has been owned by the qualified taxpayer for a holding period of at least five years prior to the date of the transaction from which the net capital gains arise; except that no more than one hundred thousand dollars of net capital gains described in this subsection (2)(b)(I)(B.7) are qualifying gains receiving capital treatment for any single income tax year.

(C) to (F) Repealed.

(II) For purposes of this subsection (2)(b):

(A) Repealed.

(B) "Holding period" means an uninterrupted period of time.

(C) "Qualified real property" means real property located in Colorado that is sold by the taxpayer and generates the qualifying gains receiving capital treatment and that is classified by the county property tax assessor immediately preceding the sale as agricultural land under section 39-1-102 (1.6)(a). If real property is sold as a type of investment package, then, in order to be qualified real property, at least seventy-five percent of the real property sold in the package must be classified by the county property tax assessor immediately preceding the sale as agricultural land under section 39-1-102 (1.6)(a).

(3) Any reduction in Colorado taxable income caused by the modification allowed by this section shall not create any right to a cash refund for the year for which the modification is claimed, nor shall the reduction create any right to a financial or other tax benefit which may be carried forward by the qualified taxpayer.

(4) Any taxpayer claiming a modification pursuant to this section shall submit with the taxpayer's income tax return in which such modification is claimed an affidavit, signed under penalty of perjury, stating that the taxpayer meets the definition of a qualified taxpayer as stated in paragraph (a) of subsection (2) of this section.

(5) to (8) Repealed.

(1) The general assembly hereby recognizes that businesses and other aspects of the economy need trained, educated, and motivated workers. It is therefore the intent of the general assembly to encourage private investment in programs that integrate traditional education with on-the-job training. It is further the intent of the general assembly to foster and encourage cooperation among the private sector and the educational community in creating programs that will open doors of opportunity for students and enable them to develop the knowledge and skills that will empower them to become productive members of society.

(2) (a) For income tax years beginning on or after January 1, 1997, and prior to January 1, 2025, there shall be allowed to any person as a credit against the tax imposed by this article 22 an amount equal to ten percent of the total qualified investment made in a qualified school-to-career program.

(b) For purposes of this subsection (2):

(I) "Qualified investment" means moneys directly expended for wages, workers' compensation insurance, unemployment insurance, and training expenses to employ a student to work or to allow a student to participate in an internship through a qualified school-to-career program.

(II) "Qualified school-to-career program" means a program that integrates school curriculum with job training, that encourages placement of students in jobs or internships that will teach them new skills and improve their school performance, and that is approved by:

- (A) The board of education of the school district in which the program is operating;
- (B) The state board for community colleges and occupational education;
- (C) The private occupational school division created pursuant to section 23-64-105; or
- (D) The Colorado commission on higher education.

(3) If the amount of the credit provided for pursuant to subsection (2) of this section exceeds the amount of income taxes due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year shall not be allowed as a refund but may be carried forward as a credit

against subsequent years' tax liability for a period not exceeding five years and shall be applied first to the earliest income tax years possible. Any amount of the credit that is not used during said period shall not be refundable to the taxpayer.

(4) This section is repealed, effective December 31, 2034.

**39-22-521. Credits against tax - employer expenses - public assistance recipients - repeal.**

(1) With respect to taxable years commencing on or after January 1, 1998, and prior to January 1, 2025, there shall be allowed to an employer of any person receiving public assistance pursuant to the Colorado works program set forth in part 7 of article 2 of title 26, a credit, for not more than two years, against the tax imposed by this article in the amount of twenty percent of the employer's annual investment in any one or more of the following services that are incidental to the employer's business:

(a) The provision of child care services or the payment of the costs associated with child care services for children of employees receiving public assistance;

(b) The provision of health or dental insurance for employees receiving public assistance, which health or dental insurance coverage, if less than the coverage provided through medicaid, shall be supplemented by medicaid to provide full medicaid benefits to the employee;

(c) The provision of job training or basic education of employees receiving public assistance;

(d) The provision of programs for the transportation of public assistance employees to and from work.

(2) The tax credit described in subsection (1) of this section shall be in addition to any other credits for which the employer may be eligible pursuant to the provisions of article 30 of this title.

(3) The credit allowed by this section for any income tax year shall not exceed the employer's actual tax liability for such taxable year. If the amount of the credit allowed by this section exceeds the employer's actual tax liability for any income tax year in which the credit authorized in this section is claimed, such excess shall be a tax credit carryover to each of the three income tax years following the unused credit year and shall be applied first to the earliest income tax years possible.

**39-22-522. Credit against tax - conservation easements - definitions - tax preference performance statement - repeal.**

(1) For purposes of this section:

(a) For income tax years commencing prior to January 1, 2021, "taxpayer" means a resident individual or a domestic or foreign corporation subject to the provisions of part 3 of this article, a partnership, S corporation, or other similar pass-through entity, estate, or trust that donates a conservation easement as an entity, and a partner, member, and subchapter S shareholder of such pass-through entity.

(b) For income tax years commencing on or after January 1, 2021, "taxpayer" means any person or entity filing a state income tax return or a domestic or foreign corporation subject to the provisions of part 3 of this article 22, a partnership, S corporation, or other similar pass-through entity, estate, trust, nonprofit entity, or an entity that has authority to conduct water activities, as defined by section 37-45.1-102 (3) and created pursuant to article 41, 45, 46, 47, 48, or 50 of title 37, or article 42 of title 7, that conveys a conservation easement in gross pursuant to section 38-30.5-104. A ditch or reservoir company formed pursuant to article 42 of title 7, or otherwise, is entitled to act on its own behalf in granting a conservation easement and earning and transferring tax credits under this section, whether or not any of its shareholders or members are governmental entities.

(2) (a) For income tax years commencing on or after January 1, 2000, but prior to January 1, 2014, and, with regard to any credit over the amount of one hundred thousand dollars, for

income tax years commencing on or after January 1, 2003, but before January 1, 2037, subject to the provisions of subsections (4) and (6) of this section, there shall be allowed a credit with respect to the income taxes imposed by this article to each taxpayer who donates during the taxable year all or part of the value of a perpetual conservation easement in gross created pursuant to article 30.5 of title 38 upon real property the taxpayer owns to a governmental entity or a charitable organization described in section 38-30.5-104 (2). The credit shall only be allowed for a donation that is eligible to qualify as a qualified conservation contribution pursuant to section 170 (h) of the internal revenue code, as amended, and any federal regulations promulgated in connection with such section. The amount of the credit shall not include the value of any portion of an easement on real property located in another state.

(b) For income tax years commencing on or after January 1, 2014, but before January 1, 2037, and, with regard to any credit over the amount of one hundred thousand dollars, for income tax years commencing on or after January 1, 2003, but before January 1, 2037, subject to the provisions of subsections (4) and (6) of this section, there shall be allowed a credit with respect to the income taxes imposed by this article to each taxpayer who donates during the taxable year all or part of the value of a perpetual conservation easement in gross created pursuant to article 30.5 of title 38 upon real property the taxpayer owns to a governmental entity or a charitable organization described in section 38-30.5-104 (2). The credit shall only be allowed for a donation that meets the requirements of section 170 of the federal "Internal Revenue Code of 1986", as amended, and any federal regulations promulgated in accordance with such section. The amount of the credit shall not include the value of any portion of an easement on real property located in another state.

(2.5) Notwithstanding any other provision of this section and the requirements of section 12-15-106, for income tax years commencing on or after January 1, 2011, a taxpayer conveying a conservation easement and claiming a credit pursuant to this section shall, in addition to any other requirements of this section and the requirements of section 12-15-106, submit a claim for the credit to the division of conservation in the department of regulatory agencies. The division must prioritize tax credit applications in the order received. The division must assign each application with the date and time received based on the order in which a completed application was submitted pursuant to section 12-15-106 (5). Incomplete applications do not get priority in the review process. Disapproved applications lose their priority in the review process. After certificates have been issued for credits that exceed an aggregate of twenty-two million dollars for all taxpayers for the 2011 and 2012 calendar years, thirty-four million dollars for the 2013 calendar year, forty-five million dollars for each of the 2014 to 2024 calendar years, and fifty million dollars for each of the 2025 to 2036 calendar years, any claims that exceed the amount allowed for a specified calendar year shall be issued for use in the next year for which the division has not issued credit certificates in excess of the amounts specified in this subsection (2.5). The division shall not issue credit certificates that exceed twenty-two million dollars in each of the 2011 and 2012 calendar years, thirty-four million dollars for the 2013 calendar year,

forty-five million dollars for each of the 2014 to 2024 calendar years, and fifty million dollars for each of the 2025 through 2036 calendar years. No claim for a credit is allowed for any income tax year commencing on or after January 1, 2011, unless a certificate has been issued by the division. If all other requirements under section 12-15-106 and this section are met, the right to claim the credit is vested in the taxpayer at the time the credit certificate is issued. In the case of a tax credit certificate issued to a taxpayer who files an income tax return for a tax year other than a calendar year, the credit must be used in the income tax year that begins during the calendar year for which the tax credit certificate is issued.

(2.7) Notwithstanding any other provision, for income tax years commencing on or after January 1, 2014, no claim for a credit shall be allowed unless a tax credit certificate is issued by the division of real estate prior to May 30, 2018, or by the division of conservation on or after May 30, 2018, in accordance with sections 12-15-105 and 12-15-106 and, for income tax years commencing on or after January 1, 2014, but prior to January 1, 2022, the taxpayer files the tax credit certificate with the income tax return filed with the department of revenue.

(3) For conservation easements donated prior to January 1, 2014, in order for any taxpayer to qualify for the credit provided for in subsection (2) of this section, the taxpayer shall submit the following in a form approved by the executive director to the department of revenue at the same time as the taxpayer files a return for the taxable year in which the credit is claimed:

(a) A statement indicating whether a deduction was claimed on the taxpayer's federal income tax return for a conservation easement in gross;

(b) A statement that reflects the information included in the noncash charitable contributions form used to claim a deduction for a conservation easement in gross on a federal income tax return and whether the donation was made in order to get a permit or other approval from a local or other governing authority;

(c) A statement to be made available to the public by the department of revenue that includes a summary of the conservation purposes as defined in section 170 (h) of the internal revenue code that are protected by the easement; the county, township, and range where the easement is located; the number of acres subject to the easement; the amount of the tax credit claimed; and the name of the organization holding the easement;

(d) A summary of a qualified appraisal that meets the requirements set forth in subsection (3.3) of this section; however, if requested by the department of revenue, the taxpayer shall submit the appraisal itself;

(e) A copy of the appraisal and accompanying affidavit from the appraiser submitted to the division of real estate in the department of regulatory agencies in accordance with the provisions of section 12-61-719, C.R.S., as said section existed prior to its repeal on July 1, 2013;

(f) If the holder of the conservation easement is an organization to which the certification program in section 12-15-104 applies, a sworn affidavit from the holder of the conservation easement in gross that includes the following:

(I) Repealed.

(II) An acknowledgment of whether the transaction is part of a series of transactions by the same donor; and

(III) An acknowledgment that the holder has reviewed the completed Colorado gross conservation easement credit schedule to be filed by the taxpayer and that the property is accurately described in the schedule.

(3.3) The appraisal for a conservation easement in gross donated prior to January 1, 2014, and for which a credit is claimed shall be a qualified appraisal from a qualified appraiser, as those terms are defined in section 170 (f)(11) of the internal revenue code. The appraisal shall be in conformance with the uniform standards of professional appraisal practice promulgated by the appraisal standards board of the appraisal foundation and any other provision of law. The appraiser shall hold a valid license as a certified general appraiser in accordance with the provisions of part 6 of article 10 of title 12. If there is a final determination, other than by settlement of the taxpayer, that an appraisal submitted in connection with a claim for a credit pursuant to this section is a substantial or gross valuation misstatement as such misstatements are defined in section 1219 of the federal "Pension Protection Act of 2006", Pub.L. 109-280, the department shall submit a complaint regarding the misstatement to the board of real estate appraisers for disciplinary action in accordance with the provisions of part 6 of article 10 of title 12.

(3.5) (a) For conservation easements donated prior to January 1, 2014:

(I) The executive director shall have the authority, pursuant to subsection (8) of this section, to require additional information from the taxpayer or transferee regarding the appraisal value of the easement, the amount of the credit, and the validity of the credit. In resolving disputes regarding the validity or the amount of a credit allowed pursuant to subsection (2) of this section, including the value of the conservation easement for which the credit is granted, the executive director shall have the authority, for good cause shown and in consultation with the division of conservation and the conservation easement oversight commission created in section 12-15-103 (1), to review and accept or reject, in whole or in part, the appraisal value of the easement, the amount of the credit, and the validity of the credit based upon the internal revenue code and federal regulations in effect at the time of the donation. If the executive director reasonably believes that the appraisal represents a gross valuation misstatement, receives notice of such a valuation misstatement from the division of real estate, or receives notice from the division of real estate that an enforcement action has been taken by the board of real estate appraisers against the appraiser, the executive director shall have the authority to require the taxpayer to

provide a second appraisal at the expense of the taxpayer. The second appraisal shall be conducted by a certified general appraiser in good standing and not affiliated with the first appraiser that meets qualifications established by the division of real estate. In the event the executive director rejects, in whole or in part, the appraisal value of the easement, the amount of the credit, or the validity of the credit, the procedures described in sections 39-21-103, 39-21-104, 39-21-104.5, and 39-21-105 shall apply.

(II) In consultation with the division of conservation and the conservation easement oversight commission created in section 12-15-103 (1), the executive director shall develop and implement a separate process for the review by the department of revenue of gross conservation easements. The review process shall be consistent with the statutory obligations of the division and the commission and shall address gross conservation easements for which the department of revenue has been informed that an audit is being performed by the internal revenue service. The executive director shall share information used in the review of gross conservation easements with the division. Notwithstanding part 2 of article 72 of title 24, in order to protect the confidential financial information of a taxpayer, the division and the commission shall deny the right to inspect any information provided by the executive director in accordance with this subsection (3.5)(a)(II).

(b) (I) For conservation easements donated on or after January 1, 2014, and subject to the restrictions of section 12-15-106 (4), the executive director shall have the authority, pursuant to subsection (8) of this section, to require additional information from the taxpayer or transferee regarding the amount of a credit transferred prior to January 1, 2021, and the validity of the credit. In resolving disputes regarding the validity or the amount of a credit allowed pursuant to subsection (2) of this section, the executive director shall have the authority, for good cause shown, to review and accept or reject, in whole or in part, the amount of the credit and the validity of the credit based upon the internal revenue code and federal regulations in effect at the time of the donation, except those requirements for which authority is granted to the division of conservation, the director of the division of conservation, or the conservation easement oversight commission pursuant to section 12-15-106.

(II) For tax credit certificates issued by the division for use on or after January 1, 2021, the transferor and transferee of the tax credit shall jointly file a copy of the written transfer agreement with the division of conservation within thirty days after June 30, 2021, or the date of the transfer, whichever is later. If the credit being transferred was issued for a year other than the year in which it is transferred, the transferor shall further submit a copy of the transferor's DR1305 form for each year from the year for which the credit was issued through the most recent year for which taxes were due. The division shall issue a certificate to the transferee in the amount of the tax credit transferred and, if any amount is retained by the transferor, issue a certificate to the transferor in the amount retained. In no event shall a transferee be allowed to claim an amount greater than the amount specified in the certificate issued to the transferee. The

division shall develop a system to track the transfers of tax credits and to certify the ownership of tax credits. A certification issued for use on or after January 1, 2021, by the division of the ownership and amount of tax credits shall be relied upon by the department of revenue and the transferee as being accurate, and neither the division nor the department of revenue shall adjust the amount of tax credits certified by the division as to the transferee; except that the division and department retain any remedies it may have against the landowner. The division may promulgate rules to permit verification of the ownership and amount of the tax credits; except that any rules promulgated shall not unduly restrict or hinder the transfer of the tax credits.

(3.6) (a) For conservation easements donated on or after January 1, 2014, in order for any taxpayer to claim the credit provided for in subsection (2) of this section, the taxpayer must submit the following in a form, approved by the executive director, to the department of revenue at the same time as the taxpayer files a return for the taxable year in which the credit is claimed:

- (I) A tax credit certificate issued under section 12-15-106; and
- (II) The information required in subsections (3)(a) and (3)(b) of this section.

(b) Notwithstanding any other provisions of law, the executive director retains the authority to administer all issues related to the claim or use of a tax credit for the donation of a conservation easement that are not granted to the director of the division of conservation or the conservation easement oversight commission under section 12-15-106.

(3.7) If the gain on the sale of a conservation easement in gross for which a credit is claimed pursuant to this section would not have been a long-term capital gain, as defined under the internal revenue code, if, at the time of the donation, the taxpayer had sold the conservation easement at its fair market value, then the value of the conservation easement in gross for the purpose of calculating the amount of the credit shall be reduced to the taxpayer's tax basis in the conservation easement in gross. The tax basis of a taxpayer in a conservation easement shall be determined and allocated pursuant to sections 170 (e) and 170 (h) of the internal revenue code, as amended, and any federal regulations promulgated in connection with such sections. This subsection (3.7) shall be applied in a manner that is consistent with the tax treatment of qualified conservation contributions under the internal revenue code and the federal regulations promulgated under the internal revenue code.

(3.8) Repealed.

(4) (a) (I) For a conservation easement in gross created in accordance with article 30.5 of title 38, C.R.S., that is donated prior to January 1, 2007, to a governmental entity or a charitable organization described in section 38-30.5-104 (2), C.R.S., the credit provided for in subsection (2) of this section shall be an amount equal to one hundred percent of the first one hundred thousand dollars of the fair market value of the donated portion of such conservation easement in gross when created, and forty percent of all amounts of the donation in excess of one hundred

thousand dollars; except that in no case shall the credit exceed two hundred sixty thousand dollars per donation.

(II) For a conservation easement in gross created in accordance with article 30.5 of title 38, C.R.S., that is donated on or after January 1, 2007, and prior to January 1, 2015, to a governmental entity or a charitable organization described in section 38-30.5-104 (2), C.R.S., the credit provided for in subsection (2) of this section shall be an amount equal to fifty percent of the fair market value of the donated portion of such conservation easement in gross when created; except that, in no case shall the credit exceed three hundred seventy-five thousand dollars per donation.

(II.5) For a conservation easement in gross created in accordance with article 30.5 of title 38 that is donated on or after January 1, 2015, but prior to January 1, 2021, to a governmental entity or a charitable organization described in section 38-30.5-104 (2), the credit provided for in subsection (2) of this section shall be an amount equal to seventy-five percent of the first one hundred thousand dollars of the fair market value of the donated portion of such conservation easement in gross when created, and fifty percent of all amounts of the donation in excess of one hundred thousand dollars; except that in no case shall the credit exceed five million dollars per donation. Credits shall be issued in increments of no more than one million five hundred thousand dollars per year. Credits for easements donated in a prior year shall be eligible for tax credit certificates in subsequent years in order of application and before new applications and those credit applications, if any, on the wait list.

(II.7) For a conservation easement in gross created in accordance with article 30.5 of title 38 that is donated to a governmental entity or a charitable organization described in section 38-30.5-104 (2), the credit provided for in subsection (2) of this section is an amount equal to:

(A) For conservation easements donated on or after January 1, 2021, but before January 1, 2027, ninety percent of the fair market value of the donated portion of such conservation easement in gross when created; except that in no case shall the credit exceed five million dollars per donation; and

(B) For conservation easements donated on or after January 1, 2027, eighty percent of the fair market value of the donated portion of such conservation easement in gross when created; except that, in no case shall the credit exceed five million dollars per donation.

(II.8) Credits shall be issued in increments of no more than one million five hundred thousand dollars per year. Credits for easements donated in a prior year are eligible for tax credit certificates in subsequent years in order of application.

(III) In no event shall a credit claimed by a taxpayer filing a joint federal return, or the sum of the credits claimed by taxpayers who may legally file a joint federal return but actually file separate federal returns, exceed the dollar limitations of this paragraph (a).

(b) (I) For income tax years commencing on or after January 1, 2000, in the case of a joint tenancy, tenancy in common, partnership, S corporation, or other similar entity or ownership group that donates a conservation easement as an entity or group, the amount of the credit allowed pursuant to subsection (2) of this section must be allocated to the entity's owners, partners, members, or shareholders in proportion to the owners', partners', members', or shareholders' distributive shares of income or ownership percentage from such entity or group.

(II) (A) For income tax years commencing on or after January 1, 2000, but prior to January 1, 2003, the total aggregate amount of the credit allocated to such owners, partners, members, and shareholders shall not exceed one hundred thousand dollars, and, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by such partners, members, and shareholders shall not exceed twenty thousand dollars for that income tax year.

(B) For income tax years commencing on or after January 1, 2003, but prior to January 1, 2007, the total aggregate amount of the credit allocated to such owners, partners, members, and shareholders shall not exceed two hundred sixty thousand dollars, and, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by such owners, partners, members, and shareholders shall not exceed fifty thousand dollars for that income tax year.

(C) For income tax years commencing on or after January 1, 2007, and prior to January 1, 2015, the total aggregate amount of the credit allocated to such owners, partners, members, and shareholders shall not exceed three hundred seventy-five thousand dollars, and, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by such owners, partners, members, and shareholders shall not exceed fifty thousand dollars for that income tax year.

(D) For income tax years commencing on or after January 1, 2015, but before January 1, 2027, the total aggregate amount of the credit allocated to such owners, partners, members, and shareholders shall not exceed five million dollars, and, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by such owners, partners, members, and shareholders shall not exceed fifty thousand dollars for that income tax year.

(E) For income tax years commencing on or after January 1, 2027, the total aggregate amount of the credit allocated to such owners, partners, members, and shareholders shall not exceed five million dollars, and, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by such owners, partners, members, and shareholders shall not exceed two hundred thousand dollars for that income tax year.

(5) (a) If the tax credit provided in this section exceeds the amount of income tax due on the income of the taxpayer for the taxable year, the amount of the credit not used as an offset against income taxes in said income tax year and not refunded pursuant to paragraph (b) of this subsection (5) may be carried forward and applied against the income tax due in each of the twenty succeeding income tax years but shall be first applied against the income tax due for the earliest of the income tax years possible. Any amount of the credit that is not used after said period shall not be refundable.

(b) (I) Subject to the requirements specified in subparagraphs (II) and (III) of this paragraph (b), for income tax years commencing on or after January 1, 2000, if the amount of the tax credit allowed in or carried forward to any tax year pursuant to this section exceeds the amount of income tax due on the income of the taxpayer for the year, the taxpayer may elect to have the amount of the credit not used as an offset against income taxes in said income tax year refunded to the taxpayer.

(II) (A) Before January 1, 2027, a taxpayer may elect to claim a refund pursuant to subsection (5)(b)(I) of this section only if, based on the financial report prepared by the controller in accordance with section 24-77-106.5, the controller certifies that the amount of state revenues for the state fiscal year ending in the income tax year for which the refund is claimed exceeds the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution and the voters statewide either have not authorized the state to retain and spend all of the excess state revenues or have authorized the state to retain and spend only a portion of the excess state revenues for that fiscal year.

(B) This subsection (5)(b)(II) is repealed, effective December 31, 2031.

(III) If any refund is claimed pursuant to subsection (5)(b)(I) of this section, then the aggregate amount of the refund and amount of the credit used as an offset against income taxes, excluding amounts transferred to or used by a transferee, for that income tax year shall not exceed fifty thousand dollars for that income tax year for income tax years commencing before January 1, 2027, and shall not exceed two hundred thousand dollars for that income tax year for income tax years commencing on or after January 1, 2027. In the case of a partnership, S corporation, or other similar pass-through entity that donates a conservation easement as an entity, if any refund is claimed pursuant to subsection (5)(b)(I) of this section, the aggregate amount of the refund and the credit claimed by the partners, members, or shareholders of the entity shall not exceed the dollar limitation set forth in this subsection (5)(b)(III) for that income tax year. Nothing in this subsection (5)(b)(III) shall limit a taxpayer's ability to claim a credit against taxes due in excess of fifty thousand dollars for tax years commencing before January 1, 2027, and two hundred thousand dollars for tax years commencing on or after January 1, 2027, in accordance with subsection (4) of this section.

(6) (a) For conservation easements donated prior to January 1, 2014, a taxpayer may claim only one tax credit under this section per income tax year; except that a transferee of a tax credit under subsection (7) of this section may claim an unlimited number of credits. A taxpayer who has carried forward or elected to receive a refund of part of the tax credit in accordance with subsection (5) of this section shall not claim an additional tax credit under this section for any income tax year commencing prior to January 1, 2014, in which the taxpayer applies the amount carried forward against income tax due or receives a refund. A transferor who has transferred a credit to a transferee pursuant to subsection (7) of this section shall not claim an additional tax credit under this section for any income tax year commencing prior to January 1, 2014, in which the transferee uses such transferred credit. Commencing January 1, 2014, a taxpayer may claim one tax credit per year regardless of whether the taxpayer has credits remaining from any prior conservation easement donation.

(b) For conservation easements donated on or after January 1, 2000, a taxpayer may claim only one tax credit under this section per income tax year; except that a transferee of a tax credit under subsection (7) of this section may claim an unlimited number of credits.

(7) For income tax years commencing on or after January 1, 2000, a taxpayer may transfer all or a portion of a tax credit granted pursuant to subsection (2) of this section to a transferee for such transferee to apply as a credit against the taxes imposed by this article 22 subject to the following limitations:

(a) The taxpayer may only transfer such portion of the tax credit as the taxpayer has neither applied against the income taxes imposed by this article nor used to obtain a refund;

(b) The taxpayer may transfer a pro-rated portion of the tax credit to more than one transferee;

(c) A transferee may not elect to have any transferred credit refunded pursuant to paragraph (b) of subsection (5) of this section;

(d) Repealed.

(e) To the extent that a transferee paid value for the transfer of a conservation easement tax credit to such transferee, the transferee shall be deemed to have used the credit to pay, in whole or in part, the income tax obligation imposed on the transferee under this article, and to such extent the transferee's use of a tax credit from a transferor under this section to pay taxes owed shall not be deemed a reduction in the amount of income taxes imposed by this article on the transferee;

(f) The transferee shall submit to the department a form approved by the department. The transferee shall also file a copy of the form with the entity to whom the taxpayer donated the conservation easement.

(g) A transferee of a tax credit shall purchase the credit prior to the due date imposed by this article, including any extensions, for filing the transferee's income tax return;

(h) A tax credit held by an individual either directly or as a result of a donation by a pass-through entity, but not a tax credit held by a transferee unless used by the transferee's estate for taxes owed by the estate, shall survive the death of the individual and may be claimed or transferred by the decedent's estate. This paragraph (h) shall apply to any tax credit from a donation of a conservation easement made on or after January 1, 2000.

(i) For a donation made prior to January 1, 2021, the donor of an easement for which a tax credit is claimed or the transferor of a tax credit claimed for the donation of the easement transferred pursuant to this subsection (7) is the tax matters representative in all matters with respect to the credit. The tax matters representative is responsible for representing and binding the transferees with respect to all issues affecting the credit, including, but not limited to, the charitable contribution deduction, the appraisal, notifications and correspondence from and with the department of revenue, audit examinations, assessments or refunds, settlement agreements, and the statute of limitations. The transferee is subject to the same statute of limitations with respect to the credit as the transferor of the credit.

(j) For a tax credit claimed for the donation of an easement made prior to January 1, 2021, final resolution of disputes regarding the tax credit between the department of revenue and the tax matters representative, including final determinations, compromises, payment of additional taxes or refunds due, and administrative and judicial decisions, is binding on transferees.

(7.5) (a) For income tax years commencing on or after January 1, 2021, in lieu of a credit with respect to the income taxes imposed by this article 22, there is allowed a transferable expense amount to each qualified entity that donates during the taxable year all or part of the value of a perpetual conservation easement in gross created pursuant to article 30.5 of title 38 upon real property the qualified entity owns to a governmental entity or a charitable organization described in section 38-30.5-104 (2). A transferable expense amount shall be treated in all manners as a tax credit for purposes of this section, including provisions governing the amount, valuation, and transfer of a tax credit; except that the transferable expense amount may only be transferred to a transferee to be claimed by the transferee as a credit pursuant to this section. A qualified entity may transfer a transferable expense amount to be claimed as a credit by a transferee pursuant to this section regardless of whether the qualified entity receives value in exchange for the transfer.

(b) As used in this subsection (7.5), "qualified entity" means a governmental entity that meets the definition of "taxpayer" as set forth in subsection (1)(b) of this section but is otherwise exempt from the income taxes imposed by this article 22.

(8) The executive director of the department of revenue may promulgate rules for the implementation of this section. Such rules shall be promulgated in accordance with article 4 of title 24, C.R.S.

(9) Any taxpayer who claims a credit for the donation of a conservation easement contrary to the provisions of this section shall be liable for such deficiencies, interest, and penalties as may be specified in this article or otherwise provided by law.

(10) and (11) Repealed.

(12) For income tax years commencing on or after January 1, 2024, every taxpayer exempt from taxes pursuant to section 39-22-112 that claims the credit allowed in this section shall file a return pursuant to section 39-22-601 (7)(b).

(13) Any transferee who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128, and who is therefore exempt from the payment of income tax and who is otherwise eligible to claim a tax credit pursuant to this section may claim the tax credit and carry the tax credit forward against the insurance premium tax to the same extent as the transferee would have been able to claim or carry forward the tax credit against income tax. All other provisions of this section with respect to the tax credit, including the amount and allocation of the tax credit and the years for which the tax credit may be claimed shall apply to a tax credit claimed pursuant to this section.

(14) For any conservation easement granted on or after January 1, 2025, the conservation easement may include a provision providing that if technological or legal changes allow an expanded use of wind and solar power generation, transmission, and storage to be compatible with the protection of conservation values considered as a whole and pursuant to section 170 (h) of the internal revenue code and any federal regulations promulgated in connection with such section, then the holder of the conservation easement may, in its sole discretion, approve expanded wind and solar power generation, transmission, or storage that is compatible with and does not diminish or impair conservation values.

(14.3) The division of conservation shall not issue any additional credit certificates or amend any previously issued credit certificates as a result of the additional authority granted by House Bill 26-1230, enacted in 2026, for a donation made prior to June 1, 2026. This subsection (14.3) does not limit the authority of the division of conservation to issue a tax credit certificate against the limits set forth in subsection (2.5) of this section for a calendar year prior to 2032 with respect to a donation made prior to June 1, 2026.

(14.5) (a) The general assembly hereby finds and declares that:

(I) Over the last sixty years, Colorado families have conserved over three million five hundred thousand acres of working farms, ranches, and private lands across the state;

(II) Since 2000, Colorado has proactively invested in conservation through the conservation easement tax credit program;

(III) The conservation easement tax credit program incentivizes private landowners to voluntarily protect their properties, which creates public benefits to Colorado's lands, waters, wildlife, and people;

(IV) The benefits of conservation are unique and wide-ranging. Conservation has contributed significantly to the protection of wildlife habitat, critical wetlands, urban open space, and working farms and ranches;

(V) The conservation easement tax credit program has aided Colorado in reducing its carbon emissions and accomplishing its biodiversity goals, while supporting rural economic resiliency, benefiting all Coloradans;

(VI) In pursuit of greater equity in conservation, it is crucial to enhance programs that promote public benefits for all Coloradans;

(VII) Equity in conservation requires ongoing collaboration with private landowners, state and federal public land managers, and counties and municipalities. Underscoring and investing in the inclusion of underserved communities, tribes, and historically marginalized land interests will further amplify these efforts; and

(VIII) It is in the best interests of Coloradans to enhance the conservation easement tax credit program.

(b) (I) In accordance with section 39-21-304 (1), which requires each bill that extends an expiring tax expenditure to include a tax preference performance statement, the general assembly further finds and declares that the general purpose of the extension of the expiring tax credit provided for in subsections (2) and (2.5) of this section is to induce certain behavior by taxpayers. Specifically, this extension of an expiring tax expenditure is intended to induce private landowners to voluntarily protect their properties through conservation easements.

(II) The general assembly and the state auditor shall measure the effectiveness of the tax credits in achieving the purposes specified in subsection (14.5)(b)(I) of this section based on the number and value of the credits claimed and the total amount of property protected by conservation easements.

(15) This section is repealed, effective January 1, 2057.

For article, "Changes to Colorado's Conservation Income Tax Credit Law", see 32 Colo. Law. 65 (Feb. 2003). For article, "Recent Developments With Conservation Easements", see 43 Colo. Law. 53 (Mar. 2014).

**The general assembly's intent in enacting subsection (7)(i)** was to ensure that the department of revenue would have only one taxpayer with whom to address the question of value and validity of a credit. Markus v. Brohl, 2014 COA 146, 412 P.3d 647.

**The department of revenue only has four years from the time a conservation easement tax credit is first claimed to review the validity and value of the credit.**

Markus v. Brohl, 2014 COA 146, 412 P.3d 647.

**The statute of limitations period begins when the donor of the conservation easement, not the transferee of the credit, claims the conservation easement tax credit.** This accrual applies to and binds any transferees of the credit. State v. Medved, 2019 CO 1, 433 P.3d 33.

**The \$100,000 "per donation" cap on the amount of the tax credit that could be claimed under a prior version of this section was an aggregate cap on the amount of the credit that could be claimed by all tenants in common for the donation of undivided property.** The department of revenue therefore properly reduced to a total of \$100,000 total conservation easement tax credits of \$154,700 claimed in equal shares by two

tenants in common. *Huber v. Kenna*, 205 P.3d 1158 (Colo. 2009) (decided under former law).

**The general assembly did not intend to require joinder of transferees; however, this section and § 39-22-522.5 cannot be construed to preclude mandatory joinder of transferees or notice to transferees by service of summons and complaint, if required by due process.** *Kowalchik v. Brohl*, 2012 COA 49, 411 P.3d 681.

**Due process does not require joinder of transferees in litigation where the transferee is represented by its tax matters representative.** The transfer of a conservation easement tax credit creates a prelitigation relationship between the tax matters representative and the transferee, in

which their interests are closely aligned in upholding the validity of the conservation easement credit, and the tax matters representative is motivated to defend the credit. This section informs tax matters representatives that they are representing transferees who will be bound by the outcome of litigation, and transferees have an absolute right to intervene under § 39-22-522.5. Thus, the procedure is designed to provide for a full and fair consideration of transferees' issues. *Kowalchik v. Brohl*, 2012 COA 49, 411 P.3d 681.

**A transferee is a taxpayer within the meaning of subsection (1) and is subject to liability for deficiencies, interest, and penalties under subsection (9).** *Kowalchik v. Brohl*, 2012 COA 49, 411 P.3d 681.

### **39-22-522.5. Conservation easement tax credits - dispute resolution - legislative declaration.**

(1) The general assembly hereby finds, determines, and declares that:

(a) Colorado's conservation easement program is an important preservation tool used to balance economic needs with natural resources such as land and water preservation. Colorado's conservation easement tax credit and the federal tax deduction have allowed many farmers and ranchers the opportunity to donate their development rights to preserve a legacy of open spaces in Colorado for wildlife, agriculture, and ranching.

(b) Citizens throughout Colorado believe good, sound conservation practices are important to Colorado's quality of life, agriculture, and wildlife heritage;

(c) Colorado's conservation easement tax credit program was designed to give landowners an incentive to conserve and preserve their land in a predominantly natural, scenic, or open condition;

(d) While the department of revenue has allowed the great majority of claimed conservation easement tax credits, hundreds of claimed credits have been denied but have not yet been finally adjudicated through the existing administrative process;

(e) Due to the unique issues of confidentiality and multiple interested and related parties involved in the litigation of disputed conservation easement tax credits, the general assembly determines that it is appropriate to enact procedural changes that will provide for equitable and expedited litigation or resolution of these cases;

(f) It is the intent of the general assembly to enact procedural changes that further important matters of public policy concerning the equitable and efficient resolution of disputes regarding claimed conservation easement tax credits. It is the intent of the general assembly that any appeal brought pursuant to subsection (2) of this section shall be expedited to the extent practicable and administered in the manner deemed most efficient and fair by the executive director or the district court.

(g) The procedural changes set forth in this section shall apply to any dispute regarding a tax credit from a donation of a conservation easement made on or after January 1, 2000, for which a final determination has not been issued;

(h) It is the intent of the general assembly to provide taxpayers with incentives to waive an administrative hearing and proceed directly to a de novo appeal to the district court in accordance with the procedures set forth in this section. The incentives include waiver of the bond requirement and waiver of accrual of interest and penalties during the time the matter is on appeal to the district court.

(i) The general assembly strongly encourages the executive director of the department of revenue to agree to waive interest and penalties for tax matters representatives and credit buyers who have acted in good faith to resolve disputed conservation easement tax credits; and

(j) This section is intended to effect changes to the law that are procedural or remedial in nature. The procedural changes set forth in this section shall not be construed to take away or impair any vested right acquired under existing law, or to create any new obligation, impose any new duty, or attach any new disability with respect to any past transaction or consideration. The provisions of this section are designed to address matters of public policy related to the fair and equitable resolution of conservation easement tax credit disputes in accordance with applicable laws and court rules.

(2) For any credit claimed pursuant to section 39-22-522, for which a notice of deficiency, notice of disallowance, or notice of rejection of refund claim has been mailed by the department of revenue as of May 1, 2011, but for which a final determination has not been issued before May 19, 2011, the tax matters representative may elect to waive the administrative process provided by section 39-21-103 and appeal the notice of deficiency, disallowance, or rejection of refund claim directly to a district court in accordance with the following provisions, which also apply to an appeal filed in accordance with subsection (6) of this section; except that paragraphs (a), (c), and (d) of this subsection (2) shall not apply to such an appeal:

(a) The tax matters representative shall make the election by mailing a written notice of appeal that includes the certified signature of the tax matters representative to the executive director and the district court for the county that has venue in the case as specified in paragraph (b) of this subsection (2) on or before October 1, 2011. The notice shall be sent by certified mail.

(b) Appeals brought pursuant to this section shall be filed in the district court for the county where the land encumbered by the easement is located. At the discretion of the chief justice, the state may be divided into three regions for purposes of consolidating appeals, with each region consisting of the following judicial districts:

| <b>Region</b> | <b>Judicial Districts</b>                       |
|---------------|-------------------------------------------------|
| Region 1      | 1st, 2nd, 8th, 13th, 17th, 18th, 19th, and 20th |
| Region 2      | 3rd, 4th, 10th, 11th, 12th, 15th, and 16th      |
| Region 3      | 5th, 6th, 7th, 9th, 14th, 21st, and 22nd        |

(c) If a tax matters representative elects to waive the administrative process and appeal directly to a district court pursuant to this subsection (2), no surety bond or other deposit shall be required in connection with the appeal. This paragraph (c) shall not apply to tax matters representatives who do not elect to waive the administrative process.

(d) If the tax matters representative elects to waive the administrative process and appeal directly to a district court pursuant to this subsection (2), additional interest and penalties shall cease to accrue while the matter is on appeal before the district court, beginning with the date the notice of appeal is received by the district court. This paragraph (d) shall not apply to tax matters representatives who do not elect to waive the administrative process.

(e) Upon receipt of the notice of appeal by the court, the executive director shall be deemed to be a party to such appeal, and the clerk of the district court shall docket the cause as a civil action. The appellant shall cause summons to be issued and cause the same to be served upon the executive director in accordance with the manner provided by law in civil cases. The answer of the executive director shall contain a brief, plain statement of the legal issues, a detailed itemization of the total amount in controversy, and any proposal regarding the joinder or consolidation of related parties and appeals.

(f) Any transferee of the tax credit or any other person who has claimed a tax credit related to the tax matters representative's claimed conservation easement tax credit shall be allowed to intervene as a matter of right pursuant to the Colorado rules of civil procedure.

(g) Notice of the date of any hearing or any phase of the trial shall be mailed to the tax matters representative, any other party, and to the executive director at least thirty days prior thereto.

(h) Jurisdiction to hear and determine appeals pursuant to this section is conferred upon the district courts of this state. A court, in its discretion, may allow for the assertion, consolidation, and settlement of any claims at law or at equity, for the intervention of additional parties, and for such other matters as the court deems appropriate in accordance with any applicable laws or court rules governing such issues; except that resolution of disputes between private parties may be limited to the third phase of the case as described in paragraph (m) of this subsection (2). In determining matters regarding joinder or consolidation, the court may consider common issues of law and fact, including but not limited to ownership of the property subject to the easement, relationships of taxpayers, and location of the easements.

(i) Following the court's order identifying the parties and consolidating cases and parties, the court may hold a hearing to determine the validity of the conservation easement credit claimed pursuant to section 39-22-522 and to determine any other claims or defenses touching the regularity of the proceedings. The court shall determine whether the donation is eligible to qualify as a qualified conservation contribution. The court may set an expedited briefing schedule and give the matter priority on the docket. The court may order preliminary discovery, limited to validity of the easement credits and any other claims or defenses raised at this stage of the proceeding.

(j) Upon a determination of validity of the credit as claimed, the court may schedule a case management conference with all parties to the proceeding. Any case management conference shall address the proceedings as set forth in paragraph (m) of this subsection (2). Prior to the case management conference, the court may order all parties to make the following disclosures:

(I) The department of revenue shall disclose, consistent with any orders of the court, individuals with knowledge of, and documents related to:

(A) Notices to the tax matters representative disallowing the conservation easement credit;

(B) Notices to any taxpayer of deficiency or rejection of claim for refund;

(C) Correspondence with the tax matters representative or donee of the easement as well as any party to the conservation easement tax credit action;

(D) Appraisals and review appraisals or other expert reports used in connection with review of the tax matters representative's application for tax credit;

(E) Tax returns of the tax matters representative, transferee, or any party to the conservation easement tax credit action, for relevant tax years; and

(F) Statements of adjustment.

(II) The tax matters representative shall disclose individuals with knowledge of, and documents related to:

- (A) Tax returns for the relevant tax years;
- (B) The appraisal used to determine the value of the easement;
- (C) The conservation easement deed and amendments;
- (D) Agreements between the tax matters representative and the transferees; and
- (E) Any other expert report, basis, or other evidence relating to the valuation and substantiation of the amount of the underlying easement or credit.

(III) Transferees or other persons claiming all or part of the conservation easement tax credit who are parties to the conservation easement tax credit action shall disclose individuals with knowledge of, and documents related to:

- (A) Agreements related to the transfer of credits;
- (B) Tax returns for the relevant tax years; and
- (C) Any other expert report, basis, or other evidence relating to the valuation and substantiation of the amount of the underlying easement or credit.

(k) The court may make any order it deems appropriate to control and limit discovery to avoid unnecessary duplication between or among parties, including setting such limitations in accordance with the phases of the proceedings as set forth in paragraph (m) of this subsection (2).

(l) In advance of the trial date, the court may require the parties to confer and submit a proposed trial management order to the court.

(m) After a determination pursuant to paragraph (i) of this subsection (2) of the validity of the credit as claimed, the court shall resolve all remaining issues as follows:

- (I) The first phase shall be limited to issues regarding the value of the easement.
- (II) The second phase shall be limited to determinations of the tax, interest, and penalties due and apportionment of such tax liability among persons who claimed a tax credit in relation to the conservation easement. The conservation easement tax credit action shall be final at the conclusion of the second phase as to the department of revenue and as to any taxpayer, transferee, or other party with regard to that party's tax credit dispute with the department of revenue.
- (III) The third phase shall address all other claims related to the conservation easement tax credit, including those between and among the tax matters representative, transferees, other

persons claiming a tax credit in connection with the donation, and any third party joined as a party to the action. The department shall not be required to participate in or be a party to this third phase. Any participation in these proceedings by parties other than the tax matters representative, transferees, or other persons who have claimed all or part of a conservation easement tax credit is limited to this third phase.

(n) The district court shall hear the appeal in accordance with the Colorado rules of civil procedure and the rules of evidence.

(o) The chief justice of the supreme court may designate judges to hear appeals brought pursuant to this subsection (2), and may determine that only judges so designated may hear such appeals. For the convenience of the parties and in order to facilitate the use of available court facilities, hearings may be conducted at the discretion of the court in any county within the region for which venue has been established for a case pursuant to paragraph (b) of this subsection (2).

(p) The district court shall enter judgment on its findings. The court shall have the authority to establish the amount of any deficiency and to waive or otherwise modify the amount of any interest, penalties, or other amounts owed. The court shall indicate in any order whether the judgment of the court is a final judgment subject to appeal as to any party.

(q) It is the intent of the general assembly that any appeals brought pursuant to this subsection (2) shall be expedited to the extent practicable and administered in the manner deemed most efficient and fair by the courts.

(3) A tax matters representative who does not make an election to waive a hearing pursuant to subsection (2) of this section and appeal directly to a district court may send a written request for hearing and final determination by certified mail to the executive director on or before October 1, 2011. If a tax matters representative files a request pursuant to this subsection (3), the executive director shall issue a final determination on or before July 1, 2014, unless the executive director and the tax matters representative mutually agree in writing to extend such date to a specified date. The executive director shall send a copy of the final determination to the tax matters representative by certified mail on or before July 1, 2014. If the United States post office returns the final determination as undeliverable by certified mail, the department shall then mail the final determination in accordance with section 39-21-105.5. This subsection (3) shall apply only to those tax matters representatives for which a notice of deficiency, notice of disallowance, or notice of rejection of refund claim has been mailed by the department of revenue as of May 1, 2011, but for which a final determination has not been issued before May 19, 2011.

(4) The executive director shall issue a final determination on or before July 1, 2016, for any tax matters representative who does not make an election to waive a hearing pursuant to subsection (2) of this section or file a written request for final hearing and final determination

with the executive director pursuant to subsection (3) of this section. The executive director shall send a copy of the final determination to the tax matters representative by certified mail on or before July 1, 2016. If the United States post office returns the final determination as undeliverable by certified mail, the department shall then mail the final determination in accordance with section 39-21-105.5. If a tax matters representative does not make an election to waive a hearing pursuant to subsection (2) of this section or file a written request for final hearing and final determination with the executive director pursuant to subsection (3) of this section, any person who has claimed a credit or who may be eligible to claim a tax credit in relation to the tax matters representative's donation may petition the department on or before November 1, 2011, to change the tax matters representative's designation. The executive director shall promulgate rules on or before September 1, 2011, specifying the procedures for a change to the tax matters representative's designation when the executive director determines that the tax matters representative is unavailable or unwilling to act as the tax matters representative. If the department grants the petition, the new tax matters representative may file an appeal pursuant to subsection (2) of this section or file a written request for final hearing and final determination with the executive director pursuant to subsection (3) of this section within thirty days of the department's order regarding the petition. This subsection (4) shall apply only to those tax matters representatives for which a notice of deficiency, notice of disallowance, or notice of rejection of refund claim has been mailed by the department of revenue as of May 1, 2011, but for which a final determination has not been issued before May 19, 2011.

(5) In order to expedite the equitable resolution of requests for an administrative hearing regarding any conservation easement tax credit, avoid inconsistent determinations, and allow the executive director or the executive director's designee to consider the full scope of applicable issues of law and fact, the executive director or the executive director's designee shall have discretion to issue orders as set forth in paragraphs (a) to (e) of this subsection (5) as follows:

(a) To consolidate cases involving common or related issues of fact or law. In identifying related cases, the executive director or the executive director's designee may consider any common issues of law or fact, including but not limited to common ownership of the property subject to the easement, relationships of the taxpayers, and location of the easements.

(b) To issue a final order finding that a case cannot reasonably be resolved through the administrative process and transferring jurisdiction of the case to the district court in accordance with subsection (2) of this section. Such a final order may issue for reasons including but not limited to a waiver of administrative process pursuant to paragraph (a) of subsection (2) of this section by another tax matters representative where consolidation would otherwise be appropriate pursuant to paragraph (a) of this subsection (5). Prior to issuance of such a final order, the parties shall have the opportunity to file written briefs addressing the proposed transfer.

(c) If a tax matters representative fails to appear at a hearing or the tax matters representative has failed to adequately participate in such hearing, including but not limited to a failure to file the required pleadings or to appear at a scheduled conference, the executive director may without further proceedings issue a final determination.

(d) To invite participation in the administrative process by any person who may be affected or aggrieved by a final determination, including but not limited to transferees. Such participation shall include the right to be admitted as a party to a hearing. Upon the person's filing of a written request setting forth a brief and plain statement of the facts that entitle the person to be admitted and the matters to be decided, the executive director or the executive director's designee shall have the authority to admit such person for limited purposes. This process shall be available only to persons who have claimed a credit or who may be eligible to claim a tax credit in relation to the conservation easement.

(e) If a tax matters representative has not provided any document related to the credit that was required to be provided as part of the taxpayer's return, including the return itself, or, if requested by the department for conservation easements donated prior to January 1, 2014, a copy of the complete appraisal obtained at the time of donation, the department may send a written request to the taxpayer for such document. Failure to provide the requested documents within sixty days of any such request shall constitute grounds for the issuance of a final determination denying the credit.

(6) For any tax matters representative for which the executive director issued a final determination on or after May 1, 2011, the tax matters representative may appeal the final determination of the executive director pursuant to the provisions of section 39-21-105. The procedure governing such appeal shall be in accordance with the provisions of subsection (2) of this section; except that paragraphs (a), (c), and (d) of said subsection (2) shall not apply. If a tax matters representative fails to file a timely appeal pursuant to this subsection (6), any person who has claimed a credit or who may be eligible to claim a tax credit in relation to the tax matters representative's donation may petition the department to change the tax matters representative's designation within ten days after the final date for filing an appeal. The executive director shall promulgate rules on or before September 1, 2011, specifying the procedures for a change to the tax matters representative's designation when the executive director determines that the tax matters representative is unavailable or unwilling to act as the tax matters representative. If the department of revenue grants the petition, the new tax matters representative may file an appeal pursuant to the provisions of this subsection (6) within thirty days of the department's order regarding the petition.

(7) If the executive director fails to issue a final determination on or before the dates specified or agreed to in subsection (3) or (4) of this section, the authority of the executive director to dispute the claim of the credit shall be waived, the full amount of the credit in dispute shall be allowed, and no interest or penalties shall be imposed upon such amount.

(8) Repealed.

(9) The executive director shall send a notice to each tax matters representative eligible to waive a hearing and appeal a notice of deficiency, notice of rejection of refund claim, or notice of disallowance to a district court pursuant to subsection (2) of this section to notify the tax matters representative of the provisions of this section. The notice shall be sent by certified mail to the tax matters representative's last-known address on or before July 1, 2011. If the United States post office returns the notice as undeliverable by certified mail, the department shall then mail the notice in accordance with section 39-21-105.5. The notice shall not be included with any other mailing and shall include the words "Important Tax Document Enclosed" on the exterior of the mailing. The executive director shall further provide notice of the provisions of this section on the department of revenue's website and by such other means as the executive director deems appropriate. The executive director shall maintain adequate records to verify compliance with the provisions of this subsection (9).

(10) If the executive director makes a determination that the tax matters representative has transferred a disputed credit to another person who has not claimed the credit or that a person who claimed or may claim a disputed credit pursuant to section 39-22-522 cannot be identified or located, the executive director shall provide notice to such person as follows:

(a) The executive director shall file an affidavit with the district court having jurisdiction over an appeal of the credit setting forth that the executive director has made diligent inquiry and has been unable to locate such person.

(b) The district court shall then order a notice to be published by the department of revenue in some local newspaper of general circulation named by the judge and on the department's website. The notice shall identify the property that is subject to the conservation easement and the date of the donation, and shall explain the right of the person to request joinder in the action on the disputed credit before the court, the time and place at which such request must be filed, and the title and address of the court at which the request must be filed.

(11) If a tax matters representative proceeds with the hearing process before the executive director rather than appeal to a district court pursuant to subsection (2) of this section and either the tax matters representative or one or more transferees pays an amount on or before June 30, 2012, that satisfies a deficiency in an amount agreed to by the department of revenue for the tax owed by the tax matters representative or the transferee, all additional amounts of penalties and interest owed shall be waived.

(12) and (13) Repealed.

(14) Prior to the issuance of a final determination or the conclusion of an appeal of a notice of deficiency, notice of disallowance, or notice of rejection of refund claim for a tax credit claimed by a tax matters representative or a transferee pursuant to section 39-22-522, the

executive director shall cease all actions to collect any amount of the disputed taxes, interest, or other charges asserted to be owed. The executive director shall provide notice of the provisions of this subsection (14) in accordance with subsection (9) of this section.

#### ANNOTATION

**The general assembly did not intend to require joinder of transferees; however, this section and § 39-22-522 cannot be construed to preclude mandatory joinder of transferees or notice to transferees by service of summons and complaint, if required by due process.** *Kowalchik v. Brohl*, 2012 COA 49, 411 P.3d 681.

**Due process does not require joinder of transferees in litigation where the transferee is represented by its tax matters representative.** The transfer of a conservation easement tax credit creates a prelitigation relationship between the tax matters representative and the transferee, in which their interests are closely aligned in upholding the validity of the conservation easement credit, and the tax matters representative is motivated to defend the credit. Under this section, transferees have an absolute right to intervene, and § 39-22-

522 informs tax matters representatives that they are representing transferees who will be bound by the outcome of litigation. Thus, the procedure is designed to provide for a full and fair consideration of transferees' issues. *Kowalchik v. Brohl*, 2012 COA 49, 411 P.3d 681.

**Appeal dismissed due to lack of final judgment.** When a district court has issued an order determining only that a credit claimed under this section is invalid pursuant to subsection (2)(i) and has not yet determined the amount of tax, interest, and penalties owed to the department of revenue by the taxpayer who had improperly claimed the credit, the order is not a final judgment subject to appeal notwithstanding the district court's erroneous statement to the contrary. *Atherton v. **39-22-526. Credit for environmental remediation of contaminated land - legislative declaration - definition - repeal.**

(1) (a) For income tax years commencing on or after January 1, 2014, but prior to January 1, 2030, there is allowed a credit against the income taxes imposed by this article 22 for any approved environmental remediation of contaminated property to any taxpayer who meets the following requirements:

(I) The property where the environmental remediation takes place must be located within the state; and

(II) The taxpayer seeking the credit must possess a certificate issued by CDPHE pursuant to section 25-16-306 (5)(b) and subsection (3) of this section.

(b) (I) The tax credit allowed in this section must not exceed forty percent of the first seven hundred fifty thousand dollars expended for the approved remediation, and must not exceed thirty percent of the next seven hundred fifty thousand dollars expended for the approved remediation. For income tax years commencing on or after January 1, 2022, with respect to approved remediation of a site located in a rural community, the amount of the tax credit shall not exceed fifty percent of the first seven hundred fifty thousand dollars expended for the approved remediation, and must not exceed forty percent of the next seven hundred fifty thousand dollars expended for the approved remediation. A tax credit is not allowed for expenditures exceeding one million five hundred thousand dollars on any individual project.

(II) As used in this subsection (1)(b) and subsection (2)(b) of this section, "rural community" means:

(A) A municipality with a population of less than fifty thousand people that is not located within the Denver metropolitan area; or

(B) The unincorporated area of any county that is not located in the Denver metropolitan area and that has a total population of less than fifty thousand people.

(III) As used in this subsection (1)(b) and subsection (2)(b) of this section, "Denver metropolitan area" means Adams, Arapahoe, Boulder, and Jefferson counties, the city and county of Broomfield, the city and county of Denver, and all of Douglas county other than the town of Castle Rock and the town of Larkspur.

(c) If the credit allowed by this section exceeds the tax otherwise due, the excess credit may be carried forward and claimed on the earliest possible subsequent tax return for a period not to exceed five years.

(d) A taxpayer may transfer all or a portion of a tax credit granted pursuant to this subsection (1) to another taxpayer for such other taxpayer, as transferee, to apply as a credit against the taxes imposed by this article 22 subject to the following limitations:

(I) The taxpayer may only transfer a portion of the tax credit that the taxpayer has neither applied against the income taxes imposed by this article nor used to obtain a refund.

(II) The taxpayer may transfer a prorated portion of the tax credit to more than one transferee.

(III) Any transferee of a tax credit issued under this section may use the amount of the tax credits transferred to offset against any other tax due under this article 22. The transferor and the transferee of the tax credits shall jointly file a copy of the written transfer agreement with the Colorado department of public health and environment, referred to in this section as "CDPHE", within thirty days after the transfer. Any filing of the written transfer agreement with CDPHE perfects the transfer, and CDPHE shall develop a system to track the transfers of tax credits and to certify the ownership of tax credits. A certification by CDPHE of the ownership and the amount of tax credits may be relied on by the department of revenue and the transferee as being accurate, and neither CDPHE nor the department of revenue shall adjust the amount of tax credits as to the transferee; except that CDPHE and the department of revenue retain any remedies they may have against the owner.

(IV) A transferor may transfer a credit pursuant to this paragraph (d) regardless of whether the transferor receives value in exchange for the transfer. The transferee may use the credit to pay, in whole or in part, the income tax obligation imposed on the transferee under this article. The transferee's use of a tax credit from a transferor under this section to pay taxes owed is not deemed a reduction in the amount of income taxes imposed by this article on the transferee.

(V) Repealed.

(VI) The transfer of a tax credit must occur prior to the due date imposed by this article, not including any extensions, for filing the transferee's income tax return.

(VII) A tax credit held by an individual either directly or as a result of distribution by a pass-through entity, but not a tax credit held by a transferee unless used by the transferee's estate for taxes owed by the estate, survives the death of the individual and may be claimed or transferred by the decedent's estate.

(VIII) The transferor of a tax credit transferred pursuant to this subsection (1)(d) is the tax matters representative in all matters with respect to the credit. The transferee is subject to the same statute of limitations with respect to the credit as the transferor of the credit.

(IX) and (X) Repealed.

(2) (a) For income tax years commencing on or after January 1, 2014, but prior to January 1, 2030, there is allowed to any qualified entity a transferable expense amount for expenses incurred by the qualified entity in performing approved environmental remediation. The transferable expense amount may only be transferred to a taxpayer to be claimed by the taxpayer as a credit pursuant to the provisions of this subsection (2). The transferrable expense amount is allowed to any qualified entity that meets the following requirements:

(I) The property where the environmental remediation takes place must be located within the state; and

(II) CDPHE must have issued a certificate for the property pursuant to section 25-16-306 (5)(b) and subsection (3) of this section.

(b) The transferable expense amount allowed in this section must not exceed forty percent of the first seven hundred fifty thousand dollars expended by the qualified entity for the approved remediation, and must not exceed thirty percent of the next seven hundred fifty thousand dollars expended by the qualified entity for the approved remediation; except that, for income tax years commencing on or after January 1, 2022, but before January 1, 2030, with respect to approved remediation of a site located in a rural community, the amount of the transferable expense shall not exceed fifty percent of the first seven hundred fifty thousand dollars expended for the approved remediation, and must not exceed forty percent of the next seven hundred fifty thousand dollars expended for the approved remediation. A transferable expense amount is not allowed for expenditures exceeding one million five hundred thousand dollars on any individual project.

(c) A qualified entity may transfer all or a portion of a transferable expense amount allowed pursuant to this subsection (2) to a taxpayer for such taxpayer, as transferee, to apply as a credit against the taxes imposed by this article 22 subject to the following limitations:

(I) The qualified entity may transfer a prorated portion of the transferable expense amount to more than one transferee.

(II) Any transferee of a transferable expense amount issued under this section may use the amount of the transferable expense amount transferred to offset against any other tax due under this article 22. The transferor and the transferee of the transferable expense amount shall jointly file a copy of the written transfer agreement with CDPHE within thirty days after the transfer. Any filing of the written transfer agreement with CDPHE perfects the transfer, and CDPHE shall develop a system to track the transfers of transferable expense amounts and to certify the ownership of transferable expense amounts. A certification by CDPHE of the ownership and the amount of transferable expense may be relied on by the department of revenue and the transferee as being accurate, and neither CDPHE nor the department of revenue shall adjust the amount of transferable expense as to the transferee; except that CDPHE and the department of revenue retain any remedies they may have against the owner.

(III) A qualified entity may transfer a transferable expense amount to be claimed as a credit by a transferee pursuant to this subsection (2) regardless of whether the qualified entity receives value in exchange for the transfer. The transferee may use the credit to pay, in whole or in part, the income tax obligation imposed on the transferee under this article. The transferee's use of a tax credit from a qualified entity under this section to pay taxes owed is not deemed a reduction in the amount of income taxes imposed by this article on the transferee.

(IV) Repealed.

(V) The transfer of a transferable expense amount to a transferee must occur prior to the due date imposed by this article, not including any extensions, for filing the transferee's income tax return.

(VI) A transferable expense amount held by a transferee's estate for taxes owed by the estate, survives the death of the transferee and may be claimed or transferred by the decedent's estate.

(VII) The qualified entity that transfers a transferable expense amount to be claimed as a credit by a transferee pursuant to this subsection (2) is the tax matters representative in all matters with respect to the credit.

(VIII) Repealed.

(d) As used in this subsection (2), "qualified entity" means a county, home rule county, city, town, home rule city, home rule city and county, school district, charter school, special district, district authorized by article 20 of title 30, article 25 of title 31, and articles 41 to 50 of title 37, state institution of higher education, quasi-governmental entity, or municipal, quasi-municipal, or public corporation organized pursuant to law, or a private nonprofit entity that is exempt from the income taxes imposed by this article 22.

(3) In addition to any other requirements of this section, a taxpayer shall submit a claim for a credit and a qualified entity shall submit a claim for a transferrable expense amount to CDPHE. The department shall issue certificates for the claims received in the order submitted. After certificates have been issued for credits and transferrable expense amounts in the aggregate amount of three million dollars for all taxpayers and qualified entities combined for the 2014 to 2021 calendar years and five million dollars for the 2022 to 2029 calendar years, any claims that exceed the amount allowed for the calendar year shall be placed on a wait list in the order submitted and a certificate shall be issued for use of the credit or transferrable expense amount in the next year for which the department has not issued credit certificates in excess of three or five million dollars respectively. The department shall not issue certificates for any calendar year, including certificates placed on a wait list for that year, in an aggregate amount that exceeds three or five million dollars respectively. Two million dollars of the five million dollar cap is reserved only for projects in a rural community. The remaining three million dollars each year may be used by rural or nonrural communities. No claim for a credit or a transferrable expense amount is allowed for any income tax year commencing on or after January 1, 2014, unless a certificate has been issued by the department pursuant to this subsection (3).

(3.5) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(a) The general legislative purposes of the income tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers; and

(II) To provide tax relief for certain businesses or individuals;

(b) The specific legislative purpose of the income tax credit allowed by this section is to encourage voluntary environmental remediation of contaminated sites by providing a financial incentive to move forward with costly remediation projects; and

(c) In order to allow the general assembly and the state auditor to measure the effectiveness of achieving the purposes specified in subsections (3.5)(a) and (3.5)(b) of this section, CDPHE is required to provide data that indicates for each calendar year how many projects qualified for the credit and the number of credit recipients.

(3.7) For income tax years commencing on or after January 1, 2024, but prior to January 1, 2025, every taxpayer exempt from taxes pursuant to section 39-22-112 that claims the credit allowed in this section shall file a return pursuant to section 39-22-601 (7)(b).

- (1) As used in this section, unless the context otherwise requires:
  - (a) "Labor services" means the physical performance of services in this state.
  - (b) "Unauthorized alien" shall have the same meaning as set forth in 8 U.S.C. sec. 1324a(h)(3), as amended.
- (2) On or after January 1, 2008, no wages or remuneration for labor services paid to an unauthorized alien of six hundred dollars or more in a year shall be claimed as a deductible business expense for state income tax purposes by a taxpayer who, at the time the taxpayer hired the unauthorized alien, knew of the unauthorized status of the alien. The provisions of this subsection (2) shall apply regardless of whether an internal revenue service form 1099-MISC is issued in conjunction with the wages or remuneration.
- (3) This section shall not apply to:
  - (a) Any business domiciled in the state that is exempt from compliance with federal employment verification procedures under federal law that makes the employment of unauthorized aliens unlawful;
  - (b) Any individual hired by the taxpayer before December 31, 2006;
  - (c) Any taxpayer where the individual being paid is not directly compensated or employed by the taxpayer; or
  - (d) Wages or remuneration paid for labor services to any individual who holds and presents to the taxpayer a valid license or identification card issued by the department of revenue.
- (4) The executive director is authorized to prescribe forms and promulgate rules that are necessary to administer this section.

(B) The common parent owns interests possessing more than fifty percent of the voting power of all classes of ownership interests and more than fifty percent of each class of the nonvoting ownership interests of at least one of the other persons in the chain.

(II) As used in this paragraph (a), the term "ownership interest" does not include nonvoting stock that is limited and preferred as to dividends; employer securities, within the meaning of section 409 (1) of the internal revenue code, while such securities are held under a tax credit employee stock ownership plan; or qualifying employer securities, within the meaning of section 4975 (e)(8) of the internal revenue code, while such securities are held under an employee stock ownership plan that meets the requirements of section 4975 (e)(7) of the internal revenue code.

(III) As used in this paragraph (a), the term "person" does not include natural persons.

(b) "Commission" means the Colorado economic development commission created in section 24-46-102, C.R.S.

(c) "Credit certificate" means a statement issued by the commission certifying that the project qualifies for the job growth incentive tax credit allowed in this section and specifying the amount of the credit allowed.

(d) (I) For income tax years commencing before January 1, 2014, "credit period" means a period not to exceed sixty consecutive months from the first month of the initial tax year in which a credit allowed pursuant to this section is first claimed, for which a taxpayer may claim a credit that is calculated annually by the commission.

(II) For income tax years commencing on or after January 1, 2014, "credit period" means a period not to exceed ninety-six consecutive months from the first month of the initial tax year in which a credit allowed pursuant to this section is first claimed, for which a taxpayer may claim a credit that is calculated annually by the commission.

(e) "Department" means the department of revenue.

(f) "Net job growth" means the difference between the total number of full-time equivalent employees employed by the taxpayer in the state for the project at the end of each calendar year of the project and the total number of full-time equivalent employees employed by the taxpayer in the state for the project at the commencement of the project.

(g) "Person" shall have the same meaning as provided in section 39-21-101 (3).

(h) "Project" means a project that encourages, promotes, and stimulates economic development in key economic sectors, including, but not limited to, aerospace, bioscience, life science, clean energy technology, tourism, film and television production, and information technology, and that is approved by the commission as specified in subsection (3) of this section.

(h.3) "Qualified partnership" means an agreement between the taxpayer and a state institution of higher education that aligns with or furthers the academic mission of the state institution of higher education, results in positive benefits for the community and the local economy, and allows a taxpayer to utilize the following for a project:

- (I) The tangible intellectual property of the state institution of higher education;
- (II) The body of academic knowledge and expert skills of the state institution of higher education; or
- (III) Any specialized equipment owned or developed by the state institution of higher education.

(h.5) "State institution of higher education" means a state institution of higher education as defined in section 23-18-102 (10), C.R.S., a local district college, or an area technical college.

(i) "Taxpayer" means any person doing business in the state. For purposes of this section, taxpayer includes an affiliated group.

**(1.5) Tax preference performance statement.**

(a) In accordance with section 39-21-304 (1), which requires each bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the credit provided for in this section is to create or retain jobs by allowing certain employers to receive a credit against income tax if certain criteria are met. Specifically, this tax expenditure is intended to incentivize the creation of new jobs in the state of Colorado.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1.5)(a) of this section based on the number of new jobs created and the value of the credits allowed and made available annually to taxpayers.

(2) For income tax years commencing on or after January 1, 2009, but prior to January 1, 2035, at the discretion of the commission as specified in subsection (3) of this section, there may be allowed to any taxpayer an annual job growth incentive tax credit with respect to the income taxes imposed by this article that a taxpayer may claim for a credit period in an amount determined by the commission pursuant to subsection (5) of this section.

(3) The commission may approve any job growth incentive tax credits allowed pursuant to subsection (2) of this section subject to the following:

(a) During a credit period a project must:

(I) (A) For income tax years commencing before January 1, 2014, except as provided in subparagraph (B) of this subparagraph (I), bring a net job growth of at least twenty new jobs to the state with an average yearly wage of at least one hundred ten percent of the average yearly

wage of the county in which the taxpayer is located and, for income tax years commencing on or after January 1, 2014, except as provided in sub-subparagraphs (B) and (C) of this subparagraph (I), bring a net job growth of at least twenty new jobs to the state with an average yearly wage of at least one hundred percent of the average yearly wage of the county in which the taxpayer is located.

(B) For income tax years commencing before January 1, 2014, if the project will be located in a designated enhanced rural enterprise zone as such zone is described in section 39-30-103.2 (1) and the local community of the designated enhanced rural enterprise zone provides rationale to the commission outlining the project's economic importance to the community, the project shall, during a credit period, bring a net job growth of at least five new jobs to the state with an average yearly wage of at least one hundred ten percent of the average yearly wage of the enhanced rural enterprise zone in which the taxpayer is located. For income tax years commencing on or after January 1, 2014, if the project will be located in a designated enhanced rural enterprise zone as such zone is described in section 39-30-103.2 (1) and the local community of the designated enhanced rural enterprise zone provides rationale to the commission outlining the project's economic importance to the community, the project shall, during a credit period, bring a net job growth of at least five new jobs to the state with an average yearly wage of at least one hundred percent of the average yearly wage of the enhanced rural enterprise zone in which the taxpayer is located.

(C) For income tax years commencing on or after January 1, 2015, but prior to January 1, 2018, if the project is a qualified partnership the project must bring a net job growth of at least five new jobs to the state with an average yearly wage of at least one hundred percent of the statewide average yearly wage, be located on or within one mile of the campus of or on other property owned by the state institution of higher education, and include a description of the project's alignment with or furtherance of the academic mission of the state institution of higher education.

(D) For income tax years commencing on or after January 1, 2024, but prior to January 1, 2029, if the project constitutes advanced manufacturing, as defined in section 24-46-108 (1)(a), or semiconductor manufacturing, as defined in section 24-46-108 (1)(j), the project must bring a net job growth of at least twenty jobs to the state with an average yearly wage of seventy-five percent or such greater amount of the average yearly wage of the county in which the taxpayer is located, as the commission deems proper under its discretion.

(II) Result in the retention of any new employees hired for the project for at least one year; and

(III) (A) For income tax years commencing before January 1, 2014, be approved by the commission only if the project would not occur but for the credit allowed in this section;

(B) For income tax years commencing on or after January 1, 2014, be approved by the commission only if the credit allowed in this section is a major factor in the decision to locate or retain the project in Colorado; except that, if the project is a qualified partnership, then the limitation in this sub-subparagraph (B) does not apply.

(b) A taxpayer shall submit a complete written application for a credit allowed in this section to the commission before the project commences in the state. The application must include:

(I) An identification of the specific jobs that will be created.

(II) An identification of the cost differential in the projected costs of the project compared to the projected costs were the project commenced in a competing state; except that, if the project is a qualified partnership, then the identification of the cost differential is not required. The cost differential shall include any impact of the competing state's incentive programs and may include:

(A) Specific costs for labor, utilities, taxes, and any other costs of a competing state's site; and

(B) The cost structure of the taxpayer's industry in the competing state.

(III) For income tax years commencing before January 1, 2014, documentation to demonstrate that without the credit allowed in this section, the project would not occur in this state. Such documentation shall include information that indicates that:

(A) The taxpayer could reasonably and efficiently locate the project outside of this state;

(B) At least one other state is being considered for the project;

(C) Receipt of the credit allowed in this section is a major factor in the taxpayer's decision; and

(D) Without the credit allowed in this section, the taxpayer is not likely to commence the project in the state.

(IV) For income tax years commencing on or after January 1, 2014, documentation to demonstrate that the credit allowed in this section is a major factor in the decision to locate the project in Colorado; except that, if the project is a qualified partnership, then such documentation is not required. Such documentation shall include information that indicates that:

(A) The taxpayer could reasonably and efficiently locate the project outside of this state;

(B) At least one other state is being considered for the project;

(C) Receipt of the credit allowed in this section is a major factor in the taxpayer's decision; and

(D) Without the credit allowed in this section, the taxpayer has a reduced probability of commencing the project in the state.

(c) In the exercise of the commission's discretion granted by this subsection (3), the commission shall only consider the following:

- (I) The economic health of this state;
- (II) The economic viability of the proposed new jobs;
- (III) The economic benefits to the state of the new jobs; and
- (IV) The maximum amount of the credit needed to attract the new jobs to this state.

(4) (a) (I) The commission shall review each application for a credit allowed in this section submitted by any taxpayer. Based on the application submitted, the commission may offer conditional approval to a taxpayer for a credit. The conditional approval shall include the maximum amount of the credit available to the taxpayer for the credit period calculated pursuant to paragraph (a) of subsection (5) of this section and the specific terms that shall be met to qualify for the credit.

(II) A taxpayer that receives conditional approval for a credit allowed in this section shall notify the commission promptly if the project is canceled or otherwise becomes ineligible for the estimated credit, in which case the conditional approval may be canceled. The conditional approval shall be void and any credit claimed shall be repaid if a taxpayer that receives conditional approval does not commence the project within one and a half years of the receipt of the conditional approval or fails to meet the terms of subsection (3) of this section.

(b) By March 1 of the calendar year after the commencement of the project, and each March 1 of any calendar year following a year of the credit period, a taxpayer that received conditional approval as specified in paragraph (a) of this subsection (4) shall submit an annual request for a credit certificate. The request shall include documents that detail the number of employees hired for the project, the net job growth for the taxpayer, all documentation necessary to calculate the credit as specified in subsection (5) of this section, and any other information requested by the commission.

(c) If the project has commenced and the project meets or exceeds the conditions of a project as specified in paragraphs (a) and (b) of subsection (3) of this section, the commission shall calculate the annual amount of the credit allowed in this section as specified in paragraph (b) of subsection (5) of this section and shall issue a credit certificate for that calendar year in that amount to the taxpayer. The credit certificate shall be submitted by the taxpayer to the department with the taxpayer's income tax return for the tax year that includes the December 31 of the calendar year for which the credit certificate is issued.

(5) The credit allowed in this section shall be calculated by the commission as follows:

(a) For the maximum amount of the credit allowed in this section available to the taxpayer for the credit period, the commission shall multiply the estimated net job growth for each of the years in the credit period by fifty percent of the taxpayer's total estimated taxes imposed on the employer each year for the new employees of the project under the "Federal Insurance Contributions Act", 26 U.S.C. sec. 3111 (a) and (b). The maximum amount of the credit shall be the result of this calculation or such lesser amount as the commission deems proper under its discretion as specified in paragraph (c) of subsection (3) of this section.

(b) For the annual amount of the credit allowed in this section available to the taxpayer, the commission shall multiply the actual net job growth for that year by fifty percent of the taxpayer's taxes imposed on the employer for the new employees of the project under the "Federal Insurance Contributions Act", 26 U.S.C. sec. 3111 (a) and (b). The amount of the credit allowed in this section shall be the result of this calculation; except that no credit certificate shall be issued if the aggregate of all credits claimed or to be claimed by the taxpayer, including the current credit certificate, exceeds the maximum amount of the credit as calculated pursuant to paragraph (a) of this subsection (5).

(6) Except as provided in sections 24-46-104.3, 24-46-107, and 24-46-108, if the amount of the credit allowed in this section exceeds the amount of income taxes otherwise due on the taxpayer's income in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the current income tax year and not used to claim a refund pursuant to section 24-46-108 may be carried forward and used as a credit against subsequent years' income tax liability for a period not to exceed ten years and shall be applied first to the earliest income tax years possible. Any credit remaining after said period shall not be refunded or credited to the taxpayer.

(7) The commission or its designee may audit the accounts of a taxpayer up to twelve months following the issuance of any credit certificate.

(8) The commission shall include information regarding all conditional approvals granted and credit certificates issued pursuant to this section, including the credits claimed, the names of the recipients of the credits, and the amounts claimed, in its annual report required to be presented to the general assembly pursuant to section 24-46-104 (2), C.R.S.

(9) If a taxpayer receiving a credit allowed in this section is a partnership, limited liability company, S corporation, or similar pass-through entity, the taxpayer may allocate the credit among its partners, shareholders, members, or other constituent taxpayers in any manner agreed to by such partners, shareholders, members, or other constituent taxpayers. The taxpayer shall certify to the commission and the department the amount of the credit allocated to each partner, shareholder, member, or other constituent taxpayer, and the commission shall issue credit certificates in the appropriate amounts to each partner, shareholder, member, or other constituent

taxpayer. Each partner, shareholder, member, or other constituent taxpayer shall be allowed to claim such amount subject to any restrictions set forth in this section.

(10) No later than September 1, 2010, and no later than September 1 of each year thereafter through September 1, 2042, the commission shall provide the department with an electronic report of the taxpayers receiving a credit allowed in this section for the preceding calendar year or any fiscal year ending in the preceding calendar year, and any credits disallowed pursuant to subparagraph (II) of paragraph (a) of subsection (4) of this section for any year, that includes the following information:

- (a) The taxpayer's name;
- (b) The taxpayer's Colorado account number and federal employer identification number;
- (c) The amount of the credit allowed in this section; and
- (d) Any associated taxpayer's names, Colorado account numbers, and federal employer identification numbers or social security numbers, if the credit allowed in this section is allocated from a pass-through entity pursuant to subsection (9) of this section.

(11) The executive director of the department may promulgate rules as may be necessary to administer and enforce any provision of this section. The rules shall be promulgated in accordance with article 4 of title 24, C.R.S.

(12) Any taxpayer who offsets a tax deficiency with a credit allowed in this section that is disallowed pursuant to this section shall be liable for such tax deficiency, interest, and penalties as may be specified in this article or otherwise provided by law.

(13) This section is repealed, effective July 1, 2059.

## ANNOTATION

**Law reviews.** For article, "Applying for the Colorado Job Growth Incentive Tax Credit", see 39 Colo. Law. 83 (Jan. 2010).

### **39-22-532. Advanced industry investment tax credit - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Advanced industry investment tax credit" or "tax credit" means the credit against income tax created in this section.

(b) "Qualified investment" shall have the same meaning as set forth in section 24-48.5-112 (1)(e), C.R.S.

(c) "Qualified investor" shall have the same meaning as set forth in section 24-48.5-112 (1)(f), C.R.S.

(d) "Qualified small business" shall have the same meaning as set forth in section 24-48.5-112 (1)(g), C.R.S.

(e) "Tax credit certificate" means a tax credit certificate issued to a qualified investor pursuant to section 24-48.5-112 (3), C.R.S.

(2) There shall be allowed an advanced industry investment tax credit against the income taxes imposed pursuant to this article for a qualified investment in a qualified small business. The amount of the credit is the amount determined and authorized by the Colorado office of economic development pursuant to section 24-48.5-112, C.R.S., and set forth in a tax credit certificate.

(3) To claim the advanced industry investment tax credit, the taxpayer shall attach to the taxpayer's tax return a copy of the tax credit certificate. No tax credit is allowed under this section unless the taxpayer provides the copy of the tax credit certificate.

(4) If the allowable advanced industry investment tax credit exceeds the amount of income tax due on the income of the taxpayer for the tax year during which the qualified investment was made, the amount of the tax credit not used as an offset against income taxes in such income tax year is not allowed as a refund. The taxpayer may carry forward and apply the unused credit against the income tax due in each of the five succeeding income tax years, but the taxpayer shall apply the credit against the income tax due for the earliest of the income tax years possible. Any amount of the tax credit that is not used after this period is not refundable.

(5) Repealed.

(6) If the department of revenue determines that there has been a misrepresentation on an application submitted to the Colorado office of economic development pursuant to section 24-48.5-112, C.R.S., the department of revenue shall deny the advanced industry investment tax credit if the misrepresentation relates to whether the applicant was a qualified investor or made a qualified investment. If the misrepresentation relates to whether the investment was made to a qualified small business, the department of revenue shall deny the tax credit only if the applicant knew or should have known at any time before the certification that the representation was false.

(7) If a qualified investor receiving a credit allowed in this section is a partnership or S corporation, the qualified investor may allocate the credit among its partners or shareholders in any manner agreed to by such partners or shareholders. If the qualified investor receiving the credit allowed by this section is a trust, the qualified investor may allocate the credit between the trust and its beneficiaries in any manner determined by the trust. The qualified investor shall certify to the Colorado office of economic development the amount of the credit allocated to each partner, shareholder, or beneficiary and the office shall issue credit certificates in the appropriate amounts to each partner, shareholder, or beneficiary. Each partner, shareholder, or beneficiary shall be allowed to claim such amount subject to any restrictions set forth in this section and section 24-48.5-112.

**39-22-537.5. Credit for personal property taxes paid - legislative declaration - definitions - repeal.**

(1) The general assembly declares that the purpose of the tax expenditure in this section is to minimize the negative impact of the business personal property tax on businesses.

(2) As used in this section, unless the context otherwise requires:

(a) "Property tax" means the ad valorem tax imposed pursuant to section 3 of article X of the state constitution but does not include public utilities assessed pursuant to section 39-4-102, and does not include the graduated annual specific ownership tax imposed pursuant to section 6 of article X of the state constitution.

(b) "Taxpayer" includes an organization exempt from federal taxation pursuant to section 501 (c) of the internal revenue code.

(3) (a) For income tax years commencing on or after January 1, 2019, but before January 1, 2026, a taxpayer is allowed a credit against the tax imposed by this article 22 equal to the property tax paid in Colorado during the income tax year on up to eighteen thousand dollars of the total actual value of the taxpayer's personal property.

(b) A taxpayer may not claim a tax credit under this section for the payment of delinquent property taxes that were owed for a prior property tax year.

(c) The amount of the credit under this section that exceeds the taxpayer's income taxes due is refunded to the taxpayer.

(4) To claim a credit under this section, a taxpayer must submit to the department of revenue a copy of a property tax statement described in section 39-10-103 for all of the taxpayer's personal property for the property tax year for which the credit is claimed.

(5) This section is repealed, effective December 31, 2036.

**39-22-538. Credit for health-care preceptors working in health professional shortage areas - legislative declaration - definitions.**

(1) (a) The general assembly finds, determines, and declares that:

(I) to (III) (Deleted by amendment, L. 2022.)

(IV) The COVID-19 pandemic and subsequent economic crisis have caused significant challenges for Colorado's health-care system and exacerbated the workforce shortage across multiple disciplines and sectors of the health-care industry;

(V) While the pandemic has had lasting impacts on the entire health-care system across the state, rural Colorado is experiencing the most severe workforce turnover and shortages, and as a result these communities experience reduced access to primary care services and exhibit poorer health outcomes;

(VI) Rural communities often face challenges in recruiting an adequate health workforce, making it difficult to provide needed patient care or to meet staffing requirements for their facilities. Therefore, rural health-care facilities should be proactive and strategic about recruiting and retaining primary care personnel, which includes professionals in physical, dental, behavioral, and mental health.

(VII) Most of Colorado's forty-seven rural and frontier counties are also designated as primary care health professional shortage areas by the Colorado primary care office;

(VIII) Preceptorship programs are a critical component of clinical training and a proven approach to developing one-on-one relationships between expert professionals and students needing to develop the clinical skills and practical experience of working with patients in rural settings;

(IX) Health professional students who obtain a significant amount of their clinical training in rural communities and under the guidance of rural health-care providers are much more likely to live and work in a rural or frontier area after completing their health professional training;

(X) Recent studies and surveys by the American academy of family physicians have shown that primary care physicians are more likely to engage in preceptorships when professional recognition and financial incentives are provided; and

(XI) The general assembly therefore finds that maintaining a highly qualified and sustainable rural health-care workforce depends on the extension and expansion of the rural and frontier health-care preceptor tax credit to provide sufficient financial incentives to preceptors statewide.

(b) and (c) (Deleted by amendment, L. 2022.)

(d) In accordance with section 39-21-304 (1), which requires each bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(I) The general legislative purposes of the tax credit allowed by this section are:

(A) To induce certain designated behavior by taxpayers, specifically the offering of professional instruction, training, and supervision to students seeking careers as primary health-care providers in rural areas and frontier areas of the state; and

(B) To provide tax relief to preceptors in rural and frontier areas of the state who offer the professional instruction, training, and supervision described in subsection (1)(d)(I)(A) of this section; and

(II) The specific legislative purpose of the tax credit allowed by this section is to encourage preceptors to offer professional instruction, training, and supervision to students matriculating at Colorado institutions of higher education who are seeking careers as primary health-care providers in rural and frontier areas of the state. In order to allow the general assembly and the state auditor to measure the effectiveness of the credit, the department of revenue, when administering the credit, shall require each taxpayer who claims the credit to submit a certification form with each income tax return form in accordance with subsection (4) of this section. The certification form must verify that the taxpayer has satisfied the requirements for allowance of the tax credit as specified in this section and state the number of eligible health professional students that the taxpayer has instructed, trained, or supervised during the applicable income tax year.

(2) As used in this section, unless the context otherwise requires:

(a) "AHEC" or "AHEC program" means the area health education center.

(b) "Frontier area" means a county in the state that has a population density of six or fewer individuals per one square mile.

(c) Repealed.

(c.5) "Health professional student" means an individual matriculating at any accredited Colorado institution of higher education seeking a degree or certification in a primary health-care field.

(d) "Preceptor" means a medical doctor, doctor of osteopathic medicine, advanced practice nurse, physician assistant, doctor of dental surgery, doctor of dental medicine, registered nurse, registered dental hygienist, pharmacist, licensed clinical or counseling psychologist, licensed clinical social worker, licensed professional counselor, licensed marriage and family therapist, psychiatric nurse specialist, licensed addiction counselor, or certified addiction counselor working in an outpatient clinical setting who has been licensed in his or her primary health-care field in the state by the applicable licensing authority.

(e) "Preceptorship" means an uncompensated mentoring experience in which a preceptor provides a program of personalized instruction, training, and supervision for a total of not less than four consecutive or nonconsecutive working weeks or twenty consecutive or

nonconsecutive business days per calendar year that is offered to eligible health professional students to enable the students to obtain eligible professional degrees or certifications.

(f) "Primary health-care" means the provision of integrated, equitable, and accessible health-care services provided by clinicians who are accountable for addressing a large majority of personal health-care needs, developing a sustained partnership with patients, and practicing in the context of family and community. Integrated health-care encompasses the provision of comprehensive, coordinated, and continuous services that provide a seamless process of care.

(g) "Rural area" means an area listed as eligible for rural health funding by the federal office of rural health policy.

(h) "Taxpayer" means a preceptor who files an income tax return under this article.

(3) (a) (I) For income tax years commencing on or after January 1, 2017, but prior to January 1, 2025, and subject to the requirements of subsection (3)(b)(I)(A) of this section, a taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to one thousand dollars for a preceptorship provided by the taxpayer during the applicable income tax year for which the credit is claimed.

(II) For income tax years commencing on or after January 1, 2025, but prior to January 1, 2033, and subject to the requirements of subsection (3)(b)(I)(B) of this section, a taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to two thousand dollars for each preceptorship provided by the taxpayer during the applicable income tax year for which the credit is claimed. A credit is allowed for a maximum of three preceptorships per applicable income tax year. The maximum total credit in a taxable year is six thousand dollars.

(b) Notwithstanding any other provision of this section:

(I) (A) For income tax years commencing before January 1, 2025, the aggregate amount of the credit awarded to any one taxpayer under this section shall not exceed one thousand dollars for any one income tax year regardless of the number of preceptorships undertaken by the taxpayer during the applicable income tax year or the number of eligible health professional students the taxpayer instructs, trains, or supervises during the applicable income tax year.

(B) For income tax years commencing on or after January 1, 2025, but prior to January 1, 2033, the aggregate amount of the credit awarded to any one taxpayer under this section shall not exceed six thousand dollars for any one income tax year regardless of the number of preceptorships undertaken by the taxpayer during the applicable income tax year or the number of eligible health professional students the taxpayer instructs, trains, or supervises during the applicable income tax year.

(II) A taxpayer is eligible to claim the credit allowed by this section if the taxpayer performs a preceptorship that lasts a total of not less than four consecutive or nonconsecutive working weeks or twenty consecutive or nonconsecutive business days during the income tax year in which the credit is claimed and the preceptor is practicing in the preceptor's primary health-care field in a rural or frontier area; and

(III) Not more than three hundred preceptors are entitled to claim the credit authorized by this section for any one income tax year. The department shall promulgate by rule, in accordance with article 4 of title 24, a method for determining the manner in which taxpayers who have obtained certification under subsection (4) of this section are able to claim the tax credit.

(4) To qualify for the credit provided by this section, the taxpayer shall submit a certification form with each income tax return. Certification may be provided by either the institution for which the taxpayer teaches, whether it is an institution of higher education or a hospital, clinic, or other medical facility, or by the particular regional office of the AHEC program with jurisdiction over the area in which the preceptor's medical practice is located. In the case of certification by an institution for which the taxpayer teaches, the institution must execute the form certifying that the taxpayer has satisfied the requirements for allowance of the tax credit as specified in this section and identifying the number of eligible health professional students that the taxpayer has instructed, trained, or supervised during the applicable income tax year through all preceptorships provided by the taxpayer. In the case of certification by the AHEC program, the certification form must be obtained from the particular regional office of the AHEC program with jurisdiction over the area in which the preceptor is practicing, which office shall certify that the taxpayer has satisfied the requirements for allowance of the tax credit as specified in this section and identify the number of eligible health professional students the taxpayer has instructed, trained, or supervised during the applicable income tax year through all preceptorships provided by the taxpayer. The AHEC program may charge the taxpayer a reasonable fee for providing such certification, which fee shall not exceed the actual costs incurred by the AHEC in completing the certification.

(5) Where a taxpayer claims the credit provided by this section but fails to satisfy the requirements of this section during the income tax year for which the credit is claimed, the taxpayer shall repay the entire amount of the total credit that is attributed to him or her pursuant to this section. The taxpayer shall report the recapture required by this subsection (5) by increasing his or her income tax liability by the amount of the total credit claimed for the year in which the recapture occurs.

(6) If the amount of the credit allowed pursuant to this section exceeds the amount of the income tax otherwise due on the taxpayer's income in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the income tax year is not allowed as a refund but may be carried forward and applied against the income tax

due in each of the five succeeding income tax years, but must first be applied against the income tax due for the earliest of the income tax years possible.

(7) Nothing in this section modifies or changes the definition of "public employee" specified in section 24-10-103 (4)(b)(II) and (4)(b)(V), C.R.S.

(8) Repealed.

**39-22-539. Credit for employer contributions to employee 529 qualified state tuition programs - legislative declaration - definitions - repeal.**

(1) The general assembly hereby finds and declares that the qualified state tuition savings program administered by collegeinvest helps empower families to save for higher education and enables residents to further educational opportunities and pursue professional goals. The purpose of this section is to provide an incentive for employers to help their employees enhance education savings goals by contributing directly to the employees' qualified state tuition program accounts administered by collegeinvest.

(2) As used in this section:

(a) "529 qualified state tuition program account" means a qualified state tuition program account established by collegeinvest created in section 23-3.1-203.

(b) "Employee" means any person in the employment of an employer for a salary or for hourly wages, whether full-time or part-time and whether temporary or permanent.

(c) "Employer" means any person doing business in the state.

(3) For income tax years commencing on or after January 1, 2019, but prior to January 1, 2032, if an employer makes a contribution of money to a 529 qualified state tuition program account owned by an employee during the income tax year, without regard to the named

beneficiary of the account, then the employer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to twenty percent of the contribution. The maximum total credit an employer may claim under this section for each employee in a taxable year is five hundred dollars.

(4) If the amount of the credit allowed in this section exceeds the amount of income taxes otherwise due on the employer's income in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the current income tax year may be carried forward and used as a credit against subsequent years' income tax liability for a period not to exceed three years and must be applied first to the earliest income tax years possible. Any credit remaining after the period may not be refunded or credited to the employer.

(5) No later than January 1, 2019, and quarterly thereafter, collegeinvest shall provide the department with an electronic report containing information for 529 qualified state tuition program account holders, beneficiaries, and donors that the department determines is necessary for the administration of the credit allowed in this section. The report must include, but is not limited to:

(a) The name and social security number of the account holder of each 529 qualified state tuition program account;

(b) The name, date of birth, and social security number of the beneficiary of each 529 qualified state tuition program account; and

(c) Contribution data that contains the:

(I) Amount of each contribution;

(II) Date of each contribution; and

(III) Source of each contribution, including the social security number or federal employee identification number of the contributor.

(6) The department of revenue may seek, accept, and expend gifts, grants, or donations from private or public sources for the department's costs in administering the income tax credit allowed in this section. The department may expend money received through gifts, grants, or donations consistent with any terms and conditions imposed as a condition of receiving such money for administering the income tax credit allowed in this section within existing appropriations; except that, notwithstanding part 13 of article 75 of title 24, the general assembly may appropriate state funds to the department in the future to administer the income tax credit allowed in this section.

(7) This section is repealed, effective December 31, 2036.

**39-22-540. Credit - organ donor - leave of absence period - legislative declaration - definitions.**

(1) (a) The general assembly hereby finds and declares that:

(I) Nearly two thousand four hundred Coloradans are currently on the waiting list for lifesaving organ transplants, and ninety-six percent of those people could receive an organ, such as a kidney or liver, from a living donor;

(II) Last year, two hundred fifty-eight Coloradans died or became too sick to remain on the waiting list, which is thirty-eight percent more than all the homicides in the state;

(III) These lives would be saved if more people became living donors;

(IV) If just one out of one thousand one hundred adults in the state became living donors, the waiting list for kidney and liver transplants in the state would be eradicated; and

(V) The ability to get paid time off work is an enormous barrier for living organ donors, and the loss of income and fear of losing their job has deterred many would-be donors.

(b) Now, therefore, the general assembly declares that the intended purpose of the tax credit in this section is to support living donors and the companies that employ them.

(2) As used in this section:

(a) "Employee" has the same meaning as set forth in section 39-22-604 (2)(a).

(b) "Leave of absence period" means the period, not exceeding ten working days or the hourly equivalent of ten working days per employee, during which a taxpayer provides a paid leave of absence to an employee for the purpose of organ donation. The term does not include a period during which an employee utilizes any annual leave or sick days that the employee has been given by the employer.

(c) "Taxpayer" means an employer that deducts and withholds amounts from the wages paid to a qualified employee pursuant to section 39-22-604 (3).

(d) "Wages" has the same meaning as set forth in section 3401 (a) of the internal revenue code.

(3) Except as set forth in subsection (4) of this section, for any income tax year commencing on or after January 1, 2020, but before January 1, 2025, a taxpayer is allowed a credit against the tax imposed by this article 22 that is an amount equal to thirty-five percent of the taxpayer's expenses incurred:

(a) Paying an employee during his or her leave of absence period; and

(b) For the cost of temporary replacement help, if any, during an employee's leave of absence period.

(4) A taxpayer shall not claim a tax credit under this section related to a leave of absence period for an employee who the taxpayer pays wages of eighty thousand dollars or more during the income tax year.

(5) If the amount of a credit under this section exceeds a taxpayer's actual tax liability for an income tax year, the amount of the credit not used to offset income tax liability for the income tax year is not refunded to the taxpayer. The taxpayer may carry forward and apply the unused credit against the income tax due in each of the five succeeding income tax years, but the taxpayer shall apply the credit against the income tax due for the earliest of the income tax years possible. Any amount of the tax credit that is not used after this period is not refundable.

(6) Upon request of the department of revenue as part of an audit, a taxpayer must provide the department with documentation from the employee's medical provider, which the taxpayer received from the employee, that verifies the employee's organ donation. If the taxpayer cannot provide the documentation, then the taxpayer is ineligible for the credit under this section.

**39-22-541. Credit for retrofitting a residence to increase a residence's visitability - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) In accordance with section 39-21-304 (1), which requires any bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that:

(a) The general legislative purpose of the tax credit allowed by this section is to provide tax relief for certain individuals;

(b) The specific legislative purpose of the tax credit allowed by this section is to make retrofitting a residence for health, welfare, and safety reasons more affordable; and

(c) The credit certificates required from the division of housing pursuant to subsection (3)(b)(I) of this section will allow the general assembly and the state auditor to measure the effectiveness of the credit in achieving its purpose based on the number and amount of credits that are claimed.

(2) As used in this section:

(a) "Dependent" means:

(I) A qualifying child or qualifying relative as defined in sections 152 (c) and 152 (d), respectively, of the internal revenue code; and

(II) A qualified individual's spouse or the person in a civil union with the qualified individual.

(b) "Division of housing" means the division of housing in the department of local affairs created in section 24-32-704.

(c) "Qualified individual" means an individual with a family income at or below one hundred fifty thousand dollars for the income tax year commencing on or after January 1, 2019, and as adjusted for inflation for each income tax year thereafter.

(d) "Retrofit" means changes made to a residence that must:

(I) Be necessary to ensure the health, welfare, and safety of a qualified individual or a dependent;

(II) Increase the residence's visitability;

(III) Enable greater accessibility and independence in the residence for a qualified individual or a dependent;

(IV) Be required due to a qualified individual's or dependent's illness, impairment, or disability; and

(V) Allow a qualified individual or dependent to age in place.

(e) "Visitability" means a measure of a residence's ease of access for persons with disabilities.

(3) (a) (I) Except as provided in subsection (3)(b)(III) of this section, for income tax years commencing on or after January 1, 2019, but prior to January 1, 2029, a qualified individual who retrofits or hires someone to retrofit the qualified individual's residence and who meets any additional requirements established by the division of housing is allowed a credit against the income taxes imposed by this article 22 in an amount equal to the cost of the retrofit or five thousand dollars per residence, whichever is less. Only one credit is allowed per residence; except that, if a retrofit is required for the qualified individual and for one or more dependents residing in the qualified individual's residence or a retrofit is required for more than one dependent residing in the qualified individual's residence, then a credit is allowed in an amount equal to the cost of the retrofit or five thousand dollars per individual for whom the retrofit is required, whichever is less.

(II) The division of housing shall consult with stakeholders in establishing any additional requirements for the income tax credit as required in subsection (3)(a)(I) of this section.

(b) (I) The division of housing is responsible for issuing credit certificates to qualified individuals. The credit certificate must identify the taxpayer and certify that the individual meets the requirements set forth in this section.

(II) To claim the credit under this section, the qualified individual must include the credit certificate with the income tax return filed with the department of revenue.

(III) The division of housing shall track all the credit certificates issued under this section in each income tax year and, when the total amount of credit certificates issued equals one million dollars per income tax year, shall cease issuing credit certificates in that income tax year. Until the one million dollar per income tax year cap is reached, the credit certificates shall be issued in the order in which they are requested.

(4) If the amount of the credit allowed in this section exceeds the amount of income taxes otherwise due on the qualified individual's income in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the current income tax year may be carried forward and used as a credit against subsequent years' income tax liability for a period not to exceed eight years and must be applied first to the earliest income tax years possible. Any credit remaining after the period may not be refunded or credited to the qualified individual.

(5) No later than January 1, 2020, and no later than January 1 of each year thereafter through January 1, 2029, the division of housing shall provide the department of revenue with an electronic report of the taxpayers receiving a credit certificate as allowed in this section for the previous calendar year that includes the following information:

- (a) Each taxpayer's name;
  - (b) Each taxpayer's social security number or federal employee identification number; and
  - (c) The amount of the credit allocated.
- (6) This section is repealed, effective December 31, 2041.

**Source: L. 2018:** Entire section added, (HB 18-1267), ch. 345, p. 2061, § 1, effective August 8. **L. 2019:** (2)(a), (2)(d), (3)(a)(I), (3)(b)(II), and (4) amended, (HB 19-1135), ch. 107, p. 381, § 1, effective August 2. **L. 2023:** (1), (3)(a)(I), (4), IP(5), and (6) amended, (SB 23-196), ch. 280, p. 1657, § 1, effective August 7.

**39-22-542. Employee ownership tax credit - definitions - legislative declaration - repeal.**

**(1) Legislative declaration.**

(a) The general assembly hereby finds and declares that:

(I) The purpose of this section is to provide an incentive for businesses to establish employee stock ownership plans or employee ownership trusts or to convert to a worker-owned cooperative, and to provide an incentive to entities that support businesses in such establishment or conversion;

(II) An employee stock ownership plan allows companies to share ownership with employees without requiring employees to invest their own money;

(III) This section encourages business owners to sell their businesses to the very employees that contributed to their success; and

(IV) This section will help to ensure that local businesses are not sold to out-of-state buyers, which is often detrimental to the fabric of local communities.

(b) It is the general assembly's intent that the Colorado office of economic development provide relevant and ascertainable metrics and collect any necessary data to allow the state auditor to measure the effectiveness of the tax credit in this section in achieving the purpose set forth in subsection (1)(a) of this section.

**(2) Definitions.** As used in this section, unless the context otherwise requires:

(a) (I) "Alternate equity structure" means a mechanism under which an employer grants to employees a form of employee ownership, including but not limited to an employee stock purchase plan, LLC membership, phantom stock, profit interest, restricted stock, stock appreciation right, stock option, or synthetic equity. An alternate equity structure must at a minimum:

(A) Grant rights to or be offered to at least twenty percent of an employer's eligible workers, or grant rights to or be offered to at least twenty percent of eligible workers of an employer that is owned by or operated for the benefit of eligible workers in a broad-based employee ownership transition. For purposes of this subsection (2)(a)(I), "eligible workers" means all full-time employees, regular employees, non-seasonal employees, non-managerial employees, and contract labor.

(B) Have the participation of at least twenty percent of an employer's eligible workers;

(C) Allocate at least twenty percent of the fully diluted securities or rights to a synthetic interest in securities to participating eligible workers, or allocate twenty percent of net profit from operations to participating eligible workers; and

(D) Grant to participating eligible workers informational rights, decision-making rights, and non-financial rights that are equal to or greater than the rights that are granted to holders of the employer's common stock or holders of the employer's residual membership interest.

(II) The office shall develop guidelines that clarify the types of employee ownership grants that qualify as an alternate equity structure. The office may develop guidelines that adjust the percentages set forth in subsection (2)(a)(I) of this section; except that the percentages shall not be adjusted to an amount less than twenty percent. The office may periodically update any guidelines issued pursuant to this subsection (2)(a)(II).

(b) "Colorado office of economic development" or "office" means the Colorado office of economic development created in section 24-48.5-101.

(c) "Conversion costs" means professional services, including accounting, legal, and business advisory services, as detailed in the guidelines issued by the office, for the transition of a business to employee ownership trust, an employee stock ownership plan, or a worker-owned cooperative. "Conversion costs" include costs to audit the cost certification as required in subsection (7)(b) of this section.

(c.5) "Corporate headquarters" means the sole location within a regional or national area where the majority of the taxpayer's or qualified support entity's staff members or employees are domiciled and employed and where the majority of the taxpayer's or qualified support entity's financial, personnel, legal, planning, or other business functions are conducted on a regional or national basis.

(d) "Department" means the Colorado department of revenue.

(e) "Employee ownership trust" means an indirect form of employee ownership in which a trust holds at least twenty percent of the fully diluted securities in a qualified business and benefits all employees on an equal basis.

(f) "Employee stock ownership plan" has the same meaning as set forth in section 4975 (e)(7) of the internal revenue code, as amended.

(g) "Expansion costs" means professional services, including accounting, legal, and business advisory services, as detailed in the guidelines issued by the office, for the expansion of a qualified employee-owned business's employee ownership trust, employee stock ownership plan, worker-owned cooperative, or alternate equity structure. Expansion costs include costs to audit the cost certification as required in subsection (7)(b) of this section.

(h) "Owner" means the owner of a qualified business before a conversion occurs.

(i) "Qualified business" means a taxpayer subject to tax under this article 22, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, a sole proprietorship, or other similar pass-through entity, that is not owned in whole or in part by an employee ownership trust, that does not have an employee stock ownership plan, that is not, in whole or in part, a worker-owned cooperative, or does not have an alternate equity structure, and that is approved by the office for the tax incentives in this section.

(j) "Qualified employee-owned business" means a taxpayer that is subject to tax under this article 22, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity, that:

(I) Repealed.

(II) Has its corporate headquarters located in this state;

(III) (A) Is owned in whole or in part by an employee ownership trust;

(B) Has an employee stock ownership plan;

(C) Is in whole or in part a worker-owned cooperative; or

(D) Has an alternate equity structure; and

(IV) Is approved by the office for the tax incentives in this section.

(j.5) "Qualified support entity" means an organization exempt from taxation under section 501 (c)(3) of the internal revenue code or a taxpayer subject to tax under this article 22, including a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity that:

(I) Has been in existence for not less than twelve months prior to January 1 of the income tax year for which the qualified support entity claims the credit;

(II) Either has provided services that have supported at least one successful conversion to or expansion of a qualified employee-owned business in the income tax year or has provided services that have supported at least three either qualified businesses that have the intent of converting to qualified employee-owned businesses or qualified employee-owned businesses that have the intent of expanding;

(III) Has its corporate headquarters located in this state; and

(IV) Is approved by the office for the tax incentives in this section.

(k) "Securities" has the same meaning as the term "security" set forth in 15 U.S.C. sec. 77b (a)(1).

(k.5) (I) "Support costs" means, subject to guidelines developed by the office pursuant to subsection (5)(a) of this section, costs that are or are related to:

(A) Staff salaries and benefits for staff involved in business development, marketing, and outreach;

(B) Marketing and outreach for producing educational materials or hosting workshops or conferences on converting a business to employee-ownership and similar costs; and

(C) A proportional amount of basic organizational overhead costs including general or administrative costs, expenses, rent, and facilities costs.

(II) "Support costs" does not include any costs that are conversion or expansion costs.

(l) "Worker-owned cooperative" has the same meaning as set forth in section 1042 (c)(2) of the internal revenue code, as amended.

(3) (a) Except as otherwise provided in subsection (3)(a.3) of this section and subject to certification by the office pursuant to this section, for income tax years commencing on or after January 1, 2022, but before January 1, 2032, a qualified business is allowed a credit with respect to the income taxes imposed pursuant to this article 22 as follows:

(I) Up to fifty percent of the conversion costs, not to exceed forty thousand dollars, incurred by a qualified business for converting the qualified business to a worker-owned cooperative or an employee ownership trust;

(II) Up to fifty percent of the conversion costs, not to exceed one hundred fifty thousand dollars, incurred by a qualified business for converting the qualified business to an employee stock ownership plan; or

(III) Up to fifty percent of the conversion costs, not to exceed twenty-five thousand dollars, incurred by a qualified business for converting the qualified business to an alternate equity structure.

(a.3) For income tax years commencing on or after January 1, 2026, but before January 1, 2032, the allowable percentage of conversion costs incurred by a qualified business for the applicable conversion of the qualified business set forth in subsections (3)(a)(I), (3)(a)(II), and (3)(a)(III) of this section for purposes of calculating the credit is up to seventy-five percent of the conversion costs.

(a.5) (I) Except as otherwise provided in subsection (3)(a.5)(III) of this section and subject to certification by the office pursuant to this section, for income tax years commencing on or after January 1, 2024, but before January 1, 2032, a qualified employee-owned business is allowed a credit with respect to the income taxes imposed pursuant to this article 22 of up to fifty percent of the expansion costs, not to exceed twenty-five thousand dollars, incurred to expand a qualified employee-owned business's employee ownership trust, employee stock ownership plan, worker-owned cooperative, or alternate equity structure.

(II) To be eligible for the credit allowed pursuant to this subsection (3), a qualified employee-owned business must expand its employee ownership trust, employee stock ownership plan, worker-owned cooperative, or alternate equity structure by an increment of at least twenty percent of the total ownership of the entire qualified employee-owned business.

(III) For income tax years commencing on or after January 1, 2026, but before January 1, 2032, the allowable percentage of expansion costs incurred by a qualified employee-owned business to expand a qualified employee-owned business as set forth in subsection (3)(a.5)(I) of this section for purposes of calculating the credit is up to seventy-five percent of the expansion costs.

(a.7) Subject to certification by the office pursuant to this section, for income tax years commencing on or after January 1, 2027, but prior to January 1, 2032, a qualified support entity is allowed a credit with respect to the income taxes imposed pursuant to this article 22 of up to seventy-five percent of the support costs, but not to exceed one hundred sixty-seven thousand dollars, incurred in providing services that support the conversion of qualified businesses to qualified employee-owned businesses or the expansion of qualified employee-owned businesses.

(b) (I) In the case of a qualified business or qualified employee-owned business that is a C corporation, the credit is allowed to the qualified business or the qualified employee-owned business.

(II) In the case of a qualified business or qualified employee-owned business that is a partnership or an S corporation, the credit is allowed to the owner of the business.

(III) In the case of a qualified support entity, the credit is allowed to the qualified support entity.

(c) The maximum amount of all tax credit certificates that the office may reserve under subsection (6)(a) of this section is:

(I) Ten million dollars for any income tax year commencing on or after January 1, 2022, but before January 1, 2026; and

(II) Two million dollars for any income tax year commencing on or after January 1, 2026, but before January 1, 2032.

(d) (I) A qualified business or qualified employee-owned business may apply for and claim only one tax credit for the conversion or expansion costs incurred per tax year.

(II) A qualified support entity may apply for and claim only one tax credit per tax year.

(4) (a) A business or, where applicable, a nonprofit organization shall submit an application to the office for the issuance of a credit certificate for the credit allowed in this section by the deadlines established in the office's guidelines. Except as otherwise provided in subsection (4)(b) of this section, the application must include information, as set forth in the office's guidelines, regarding the type of conversion or expansion the business intends to undertake, a list of the expected conversion or expansion costs, and an estimated amount, as calculated by the business, of the expected conversion or expansion costs.

(b) An application for a business or a nonprofit organization submitting the application to be approved as a qualified support entity must include information, as set forth in the office's guidelines, regarding the support services the business or the nonprofit organization provides to qualified businesses or qualified employee-owned businesses, whether the business or the nonprofit organization supported a successful conversion of a qualified business to a qualified employee-owned business or expansion of a qualified employee-owned business in the taxable year, if the business or the nonprofit organization has not supported a successful conversion or expansion, the number of qualified businesses or qualified employee-owned businesses the business or the nonprofit organization is supporting that intend to convert or expand, as applicable, and the status of the anticipated conversions or expansions, and information regarding support costs incurred in the income tax year.

(5) (a) The office shall develop guidelines for the administration of this section, including, but not limited to:

(I) Application requirements, including a list of the data the office needs to meet the requirements in subsections (11) and (12) of this section;

(II) Guidelines regarding the issuing of credit certificates;

- (III) Detailed guidelines regarding conversion costs;
- (IV) Guidelines and standards for certifying a business as a qualified business;
- (V) Detailed guidelines regarding expansion costs;
- (VI) Guidelines and standards for certifying a business as a qualified employee-owned business; and
- (VII) Guidelines and standards for certifying a business or a nonprofit organization as a qualified support entity.

(b) Before the office begins to provide reservations of tax credits under subsection (6) of this section, the office shall provide the finance committees of the house of representatives and the senate, or any successor committees, with a written report setting forth the clear, relevant, and ascertainable metrics and data requirements that the office will track under subsection (12) of this section in order to allow the general assembly and the state auditor to measure the effectiveness of the tax expenditure allowed in this section in achieving the purpose set forth in subsection (1)(a) of this section.

(6) (a) (I) After the office provides the written report required in subsection (5)(b) of this section, a reservation of tax credits is permitted for the tax credit allowed in this section. If the office determines that the application filed under subsection (4) of this section is complete, the office shall determine whether the business or, if applicable, the nonprofit organization is a qualified business, a qualified employee-owned business, or a qualified support entity, review the list of the expected conversion or expansion costs, and review the estimated conversion, expansion, or support costs as calculated by the business or, if applicable, the qualified support entity. If the office approves the business or, if applicable, the nonprofit organization as a qualified business, a qualified employee-owned business, or a qualified support entity, the list of expected conversion or expansion costs, and the estimated conversion, expansion, or support costs, the office may reserve for the benefit of the qualified business, the qualified employee-owned business, the owner of the business, or the qualified support entity an allocation of a tax credit subject to the limitation specified in subsection (3)(c) of this section. The office shall notify the qualified business, the qualified employee-owned business, or the qualified support entity in writing of the amount of the reservation. The reservation of a tax credit does not entitle the qualified business, the qualified employee-owned business, the owner of the business, or the qualified support entity to an issuance of a tax credit certificate until the qualified business, the qualified employee-owned business, or the qualified support entity complies with all of the other requirements specified in this section for the issuance of the tax credit certificate.

(II) A business may apply for a staged conversion or staged expansion. If the office receives an application for a staged conversion or staged expansion, and the office determines the requirements set forth in subsection (6)(a)(I) of this section have been met, the office shall

reserve tax credits for all stages of the qualified business's conversion or the qualified employee-owned business's expansion in the year the application is filed. The office may certify the staged conversion costs or staged expansion costs and issue tax credit certificates under subsection (7)(b)(II) of this section when the costs are incurred.

(b) (I) The office must reserve tax credits in the order in which it receives completed applications that comply with the requirements of this section and the guidelines developed by the office. The office shall provide written notice of any reservation of tax credits authorized by this subsection (6) or disapprove the application within a reasonable time, not to exceed ninety days after the filing of a completed application.

(II) The office shall stamp each completed application with the date and time the application was received and shall review the application on the basis of the order in which it was submitted by date and time.

(III) Any application disapproved by the office will be removed from the review process, and the office shall notify the business in writing of the decision to remove its application from the review process. Disapproved applications lose their priority in the review process. A business may resubmit a disapproved application, but such resubmitted application is deemed to be a new submission for purposes of the priority procedures described in this subsection (6)(b).

(c) If, for any calendar year, the total amount of reservations for tax credits the office has approved is equal to the total amount of tax credits available for reservation during that calendar year, the office shall notify all businesses who have submitted applications then awaiting approval that no additional approvals of applications for reservations of tax credits will be granted during that calendar year. The office shall additionally notify each business of the priority number given to the business's application then awaiting approval. The applications will remain in priority status for two years from the date of the original application and will be considered for reservations of tax credits in the priority order established in this subsection (6) in the event that additional credits become available resulting from the rescission of approvals under subsection (7)(a) of this section or because a new allocation of tax credits for a calendar year becomes available.

(7) (a) Any qualified business or qualified employee-owned business with respect to which the office has made a reservation of tax credits under subsection (6) of this section shall incur not less than twenty percent of the estimated conversion or expansion costs not later than eighteen months after the date of the written notice from the office to the qualified business or qualified employee-owned business granting the reservation of tax credits. The qualified business or qualified employee-owned business shall submit evidence of compliance with the provisions of this subsection (7)(a). If the office determines that a qualified business or qualified employee-owned business has failed to comply with the requirements of this subsection (7)(a), the office may rescind the written notice it previously gave the business or the owner approving the

reservation of tax credits and, if so, the total amount of tax credits made available for the calendar year for which reservations may be granted must be increased by the amount of the tax credits rescinded. The office shall promptly notify any qualified business, any qualified employee-owned business, or the owner of the business whose reservation of tax credits has been rescinded and, upon receipt of the notice, the qualified business or qualified employee-owned business may submit a new application.

(b) (I) Following the completion of the conversion or expansion, the qualified business or the qualified employee-owned business shall notify the office that the conversion or expansion has been completed and shall provide the office with a cost certification of the estimated conversion or expansion costs. The cost certification must be audited by a licensed certified public accountant that is not affiliated with the qualified business or the qualified employee-owned business. The office shall review the cost certification, and within ninety days after receipt of the cost certification, the office shall certify the conversion or expansion costs and issue a tax credit certificate in the amounts allowed in subsection (3) of this section. The office shall promptly notify the qualified business or the qualified employee-owned business of any disallowed conversion or expansion costs.

(II) If a conversion or expansion is a staged conversion or staged expansion as set forth in subsection (6)(a)(II) of this section, and the qualified business or the qualified employee-owned business meets the requirements in this subsection (7), the office shall issue pro rata tax credit certificates to the qualified business, qualified employee-owned business, or owner of the business based on the percent of the conversion or expansion completed during each tax year.

(c) Notwithstanding subsection (7)(b) of this section, the total amount of the tax credit certificate issued to a qualified business, a qualified employee-owned business, or the owner of the business shall not exceed the amount of the tax credit reservation under subsection (6)(a) of this section.

(d) If the amount of certified costs incurred by the qualified business or the qualified employee-owned business would result in the qualified business, qualified employee-owned business, or owner of the business being issued an amount of tax credits that exceeds the amount of tax credits reserved for the business under subsection (6)(a) of this section, the qualified business or the qualified employee-owned business may apply to the office for the issuance of an amount of tax credits that equals the excess. The qualified business or the qualified employee-owned business must submit its application for issuance of such excess tax credits on a form prescribed by the office. Unless the office is concerned that the application it received under this subsection (7)(d) is fraudulent, the office shall automatically approve the application, which it shall issue by means of a separate certificate, subject only to the availability of tax credits and the provisions concerning priority provided in subsection (6)(a) of this section.

(8) If the credit allowed under this section exceeds the income taxes due on the income of the qualified business, qualified employee-owned business, owner of the business, or qualified support entity, the amount of the credit not used to offset income taxes must be refunded to the qualified business, qualified employee-owned business, owner of the business, or qualified support entity.

(9) Any tax credits issued under this section to a partnership or an S corporation must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis according to their ownership percentage.

(10) (a) To claim the income tax credit allowed in this section, the qualified business, qualified employee-owned business, owner of the business, or qualified support entity shall attach a copy of the credit certificate to its state income tax return. No tax credit is allowed under this section unless the qualified business, qualified employee-owned business, owner of the business, or qualified support entity provides the copy of the credit certificate with its filed state income tax return. The amount of the credit that the qualified business, the qualified employee-owned business, or the qualified support entity may claim under this section is the amount stated on the tax credit certificate.

(b) A qualified support entity that is an organization exempt from taxation under section 501 (c)(3) of the internal revenue code and that claims the credit allowed by this section shall file a return pursuant to section 39-22-601 (7)(b) and attach a copy of the credit certificate in accordance with subsection (10)(a) of this section.

(11) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified business, qualified employee-owned business, owner of a business, and qualified support entity that the office approved for the income tax credit allowed in this section for the preceding calendar year that includes the following information:

- (a) The taxpayer's name; and
- (b) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(12) The office shall maintain a database of any information necessary to evaluate the effectiveness of the tax credit allowed in this section in meeting the purposes set forth in subsection (1)(a) of this section, and shall provide such information, and any other information that may be needed, to the state auditor as part of the state auditor's evaluation of tax expenditures under section 39-21-305.

(13) The office shall conduct statewide outreach efforts, within existing resources, to minority owned businesses, as defined in section 24-48.5-127 (2)(g), about the availability of the tax credit allowed in this section.

(14) This section is repealed, effective December 31, 2037.

**39-22-542.5. Tax credit for new employee-owned businesses - employee ownership cash fund - tax preference performance statement - legislative declaration - definitions - repeal.**

**(1) Tax preference performance statement.**

(a) In accordance with section 39-21-304, which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purposes of the tax credit created in this section are to induce certain designated behavior by taxpayers, to create or retain jobs, and to provide income tax relief for certain businesses or individuals. Specifically, the tax credit facilitates employee ownership and the retention of community investment and wealth by business owners and employees in a community.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (1)(a) of this section based on the information required to be maintained by and reported to the state auditor by the employee ownership office pursuant to subsection (7)(b) of this section.

**(2) Definitions.** As used in this section, unless the context otherwise requires:

(a) "Alternate equity structure" means a mechanism under which an employer grants to employees a form of employee ownership, including but not limited to an employee stock purchase plan, LLC membership, phantom stock, profit interest, restricted stock, stock

appreciation right, stock option, or synthetic equity. The office may develop guidelines that clarify the types of employee ownership grants that qualify as an alternate equity structure. The office may develop guidelines that adjust the percentages set forth in this subsection (2)(a); except that the percentages shall not be adjusted to an amount less than twenty percent. An alternate equity structure must at a minimum:

(I) Grant rights to or be offered to at least twenty percent of an employer's eligible workers, or grant rights to or be offered to at least twenty percent of eligible workers of an employer that is owned by or operated for the benefit of eligible workers in a broad-based employee ownership transition. For purposes of this subsection (2)(a), "eligible workers" means all full-time employees, regular employees, nonseasonal employees, nonmanagerial employees, and contract labor.

(II) Have the participation of at least twenty percent of an employer's eligible workers;

(III) Allocate at least twenty percent of the fully diluted securities or rights to a synthetic interest in securities to participating eligible workers, or allocate twenty percent of net profit from operations to participating eligible workers; and

(IV) Grant to participating eligible workers informational rights, decision-making rights, and nonfinancial rights that are equal to or greater than the rights that are granted to holders of the employer's common stock or holders of the employer's residual membership interest.

(b) "Department" means the Colorado department of revenue.

(c) "Eligible costs" means costs incurred as a result of being a new employee-owned business, as detailed in the guidelines issued by the office, including costs associated with accounting, legal, business advisory, and similar professional services that are incurred as a result of being a new employee-owned business.

(d) "Employee-owned business" means a taxpayer that is subject to tax under this article 22, including but not limited to a C corporation, S corporation, limited liability company, partnership, limited liability partnership, sole proprietorship, or other similar pass-through entity, that:

(I) Repealed.

(II) (A) Is owned in whole or in part by an employee ownership trust;

(B) Has an employee stock ownership plan;

(C) Is beneficially owned in whole or in part by a worker-owned cooperative; or

(D) Has an alternate equity structure; and

(III) Has its corporate headquarters located in this state. For purposes of this subsection (2)(d), "corporate headquarters" means the sole location within a regional or national area where the majority of the taxpayer's staff members or employees are domiciled and employed, and where the majority of the taxpayer's financial, personnel, legal, planning, or other business functions are conducted on a regional or national basis.

(e) "Employee ownership office" or "office" means the employee ownership office created in section 24-48.5-135.

(f) "Employee ownership trust" means an indirect form of employee ownership in which a trust holds at least twenty percent of the fully diluted securities in a business and benefits all employees on an equal basis and otherwise meets the definition of an alternate equity structure.

(g) "Employee stock ownership plan" has the same meaning as set forth in section 4975 (e)(7) of the internal revenue code, as amended.

(h) "New employee-owned business" means an employee-owned business that has been an employee-owned business for seven years or fewer.

(i) "Qualified business" means a taxpayer that is a new employee-owned business.

(j) "Securities" has the same meaning as the term "security" set forth in 15 U.S.C. sec. 77b (a)(1).

(k) "Tax credit" means the credit against income tax created in this section.

(l) "Taxpayer" means a person subject to tax pursuant to this article 22.

(m) "Worker-owned cooperative" has the same meaning as set forth in section 1042 (c)(2) of the internal revenue code, as amended.

**(3) Tax credit for new employee-owned businesses.**

(a) Subject to certification by the office pursuant to this section, for income tax years commencing on or after January 1, 2025, but before January 1, 2030, a qualified business is allowed a credit against the income taxes imposed by this article 22 in an amount equal to fifty percent of the eligible costs, not to exceed fifty thousand dollars, incurred by the qualified business.

(b) (I) A qualified business may apply for and claim only one tax credit allowed in this subsection (3) for the eligible costs incurred in any tax year.

(II) In the case of a qualified business that is a C corporation, the tax credit is allowed to the qualified business.

(III) In the case of a qualified business that is a partnership or an S corporation, the tax credit is allowed to the owners of the qualified business.

(IV) In the case of a qualified business that is taxed pursuant to subchapter T of the internal revenue code, 26 U.S.C. sec. 1381 et seq., as amended, the tax credit is allowed either to the qualified business or to the owners of the qualified business as permitted under subchapter T of the internal revenue code.

**(4) Tax credit certificate.**

(a) A qualified business shall submit an application to the office for the certification and issuance of a tax credit certificate for the tax credit allowed in subsection (3) of this section by the deadlines established in the office's guidelines. The application must include the information set forth in the office's guidelines. The office may impose a reasonable application fee not to exceed two hundred fifty dollars. The office shall transmit all fees collected to the state treasurer, who shall credit the money to the employee ownership cash fund created in subsection (8) of this section.

(b) To claim the tax credit allowed in subsection (3) of this section, a qualified business must annually apply for and receive a tax credit certificate from the office pursuant to this subsection (4). The submission of an application does not entitle the qualified business to the issuance of a tax credit certificate.

(c) The office shall document the date and time that a complete application was received and shall review complete applications in the order in which they are received. If the office determines that an applicant is not entitled to a tax credit certificate, the office shall notify the applicant of its disapproval in writing.

(d) If the office is satisfied that the requirements of this section and the office's guidelines for the tax credit are met, then the office shall issue to the qualified business a tax credit certificate that evidences the qualified business's right to claim the tax credit allowed in subsection (3) of this section. The office shall not issue tax credit certificates in excess of the maximum aggregate amount for any single income tax year specified in subsection (4)(e) of this section.

(e) The maximum aggregate amount of all tax credit certificates that the office may issue pursuant to this section in any single income tax year is one million five hundred thousand dollars.

**(5) Claiming tax credit.** To claim the tax credit allowed in subsection (3) of this section, the qualified business shall file the tax credit certificate with the qualified business's state income tax return. The amount of the tax credit that the qualified business may claim under this section is the amount stated on the tax credit certificate issued pursuant to subsection (4) of this section.

**(6) Tax credit refundable.** If the amount of the tax credit exceeds the taxes due on the income of the qualified business for the taxable year for which the tax credit is claimed, the amount of the tax credit not used to offset income taxes must be refunded to the qualified business.

**(7) Guidelines and reporting requirements.**

(a) The office shall develop guidelines for the administration of this section and post the guidelines on the website of the office of economic development and international trade. The guidelines must include:

- (I) Application requirements;
- (II) Guidelines for issuing tax credit certificates;
- (III) Guidelines regarding eligible costs; and
- (IV) Guidelines for approving a business as a qualified business.

(b) The office shall maintain a database of any information determined necessary by the office to evaluate the effectiveness of the tax credit allowed in this section in achieving the purposes set forth in subsection (1)(a) of this section and shall provide this information, and any other information that may be needed, to the state auditor as part of the state auditor's evaluation of tax expenditures under section 39-21-305.

(c) The office shall review the effectiveness of the tax credit and include the results of the review in the annual report submitted to the general assembly by the office of economic development. Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in this subsection (7)(c) continues until the annual report following the income tax year commencing January 1, 2030.

(d) The office shall provide the department with an electronic report of each qualified business and owner of a qualified business to which the office issued a tax credit certificate for the preceding calendar year. The office shall provide this report in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section. This report must include:

- (I) The taxpayer's name;
- (II) The tax identification number of the taxpayer to whom the tax credit certificate is issued; and
- (III) The amount of the tax credit certificate.

**(8) Employee ownership cash fund.**

(a) The employee ownership cash fund is created in the state treasury. The fund consists of money from fees collected and credited to the fund pursuant to subsection (4)(a) of this section and any other money that the general assembly may appropriate, transfer, or require by law to be credited to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the employee ownership cash fund to the fund.

(c) Money in the employee ownership cash fund is continuously appropriated to the office for the purpose of administering this section.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on December 31, 2034, to the general fund.

(9) **Repeal.** This section is repealed, effective January 1, 2035.

**Source: L. 2024:** Entire section added, (HB 24-1157), ch. 370, p. 2488, § 3, effective August 7. **L. 2025:** IP(2)(a), (2)(d)(II), (2)(d)(III), and (2)(f) amended and (2)(d)(I) repealed, (HB 25-1021), ch. 311, p. 1626, § 4, effective August 6.

**39-22-543. Credit for wildfire hazard mitigation expenses - legislative declaration - definitions - repeal.**

(1) The general assembly declares that the purpose of the tax expenditure in this section is to reimburse a landowner for the costs incurred in performing wildfire mitigation measures on the landowner's property located within the state.

(2) As used in this section, unless the context otherwise requires:

(a) "Costs" means any actual out-of-pocket expense incurred and paid by the landowner to a third-party service provider, documented by receipt, for performing wildfire mitigation measures. "Costs" does not include any inspection or certification fees, in-kind contributions, donations, incentives, or cost sharing associated with performing wildfire mitigation measures. "Costs" does not include expenses paid by the landowner from any grants awarded to the landowner for performing wildfire mitigation measures. "Costs" does not include any amount paid by the landowner for the purchase or rental of any article of tangible personal property for the landowner's own use.

(a.5) "Infestation mitigation measures" means the thinning of woody vegetation that is at risk of mountain pine beetle or spruce beetle infestation or that has been killed by mountain pine beetles or spruce beetles, if such activities meet or exceed any Colorado state forest service standards or any other applicable state rules.

(b) "Inflation" means the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable predecessor or successor index.

(c) "Landowner" means any individual owner of record of private land located within the state, including any easement, right-of-way, or estate in the land, and includes the heirs, successors, and assigns of such land. "Landowner" shall not include any partnership, S corporation, or other similar entity that owns private land as an entity.

(d) "Wildfire mitigation measures" means the creation of a defensible space around structures; the establishment of fuel breaks; the thinning of woody vegetation for the primary purpose of reducing risk to structures from wildland fire; or the secondary treatment of woody fuels by lopping and scattering, piling, chipping, removing from the site, or prescribed burning; so long as such activities meet or exceed any Colorado state forest service standards or any other applicable state rules.

(3) (a) The amount of the credit allowed by this section is the same whether it is claimed by a single taxpayer or two taxpayers who file a joint return. In the case of two taxpayers who may legally file a joint return but actually file separate returns, only one of the taxpayers may claim the credit specified in this section.

(b) In the case of real property owned by tenants in common or joint tenants, the credit allowed pursuant to this section is only allowed for one of the individuals of the ownership group.

(4) (a) For income tax years commencing on or after January 1, 2023, but prior to January 1, 2025, a landowner with a federal taxable income at or below one hundred twenty thousand dollars for the income tax year commencing on or after January 1, 2023, as adjusted for inflation and rounded to the nearest hundred dollar amount for each income tax year thereafter, is allowed a credit against the income taxes imposed by this article 22 in an amount equal to twenty-five percent of up to two thousand five hundred dollars in costs for wildfire mitigation measures. The maximum total credit in a taxable year is six hundred twenty-five dollars.

(b) For income tax years commencing on or after January 1, 2025, but prior to January 1, 2027, a landowner with a federal taxable income at or below one hundred twenty thousand dollars for the income tax year commencing on or after January 1, 2023, as adjusted for inflation and rounded to the nearest hundred dollars for each income tax year thereafter, is allowed a credit against the income taxes imposed by this article 22 in an amount equal to the landowner's costs incurred for wildfire mitigation measures in an amount up to one thousand dollars. The maximum total credit in a taxable year for a landowner is one thousand dollars.

(c) For income tax years beginning on or after January 1, 2027, but before January 1, 2031, a landowner with an adjusted gross income at or below three hundred thousand dollars for the

income tax year beginning on or after January 1, 2027, as adjusted for inflation and rounded to the nearest hundred dollars for each income tax year thereafter, is allowed a credit against the income taxes imposed by this article 22 in an amount equal to the landowner's costs incurred for wildfire mitigation measures, infestation mitigation measures, or both in an amount up to two thousand dollars. The maximum total credit in a taxable year for a landowner is two thousand dollars.

(5) (a) If the amount of a credit under this section exceeds a taxpayer's actual tax liability for an income tax year beginning before January 1, 2027, the amount of the credit not used to offset the taxpayer's income tax liability is not refunded to the taxpayer and shall not be carried forward as a tax credit against the taxpayer's income tax liability in any subsequent tax year.

(b) For income tax years beginning on or after January 1, 2027, if the amount of a credit allowed by this section exceeds the taxpayer's income taxes due, the excess may not be carried forward and is refunded to the taxpayer.

(6) This section is repealed, effective January 1, 2040.

**39-22-544. Credit against tax - qualifying seniors - creation - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) Colorado's affordable housing shortage is hurting seniors, making it more difficult for many seniors to afford housing;

(II) The senior property tax exemption was adopted by Colorado voters in 2000 in order to help seniors afford to stay in their homes;

(III) Many seniors are ineligible for the senior property tax exemption because they have owned their home for fewer than ten years or because they rent; and

(IV) Property tax rebates or tax-equivalent rebates for renters available under section 39-31-102 only assist seniors with incomes below very low thresholds.

(b) (I) Therefore, in order to help more seniors afford the high cost of housing in Colorado, the general assembly hereby intends to establish a refundable income tax credit for income-qualified seniors who do not qualify for the senior property tax exemption to help them afford the high cost of housing.

(II) In accordance with section 39-21-304 (1), the purpose of the tax expenditure created in this section is to provide tax relief for income-qualified seniors.

(c) The general assembly and the state auditor shall measure the effectiveness of the exemption in achieving the purpose specified in subsection (1)(b)(II) of this section based on the number of taxpayers who have claimed the exemption.

(2) As used in this section, unless the context otherwise requires:

(a) "Credit" means a credit against income tax that is created in this section.

(b) Repealed.

(3) (a) (I) For the income tax year commencing on January 1, 2022, a qualifying senior is allowed a credit against the tax imposed by this article 22 in an amount set forth in subsection (4) of this section.

(II) As used in this subsection (3)(a), "qualifying senior" means a resident individual who:

(A) Is sixty-five years of age or older at the end of 2022;

(B) Has a federal adjusted gross income that is less than or equal to seventy-five thousand dollars for the income tax year commencing on January 1, 2022; and

(C) Has not claimed a property tax exemption under section 39-3-203 for the property tax year commencing on January 1, 2022.

(b) (I) For the income tax year commencing on January 1, 2024, a qualifying senior is allowed a credit against the tax imposed by this article 22 in an amount set forth in subsection (4.5) of this section.

(II) As used in this subsection (3)(b), "qualifying senior" means a resident individual who:

(A) Is sixty-five years of age or older at the end of 2024;

(B) Has, for the income tax year commencing on January 1, 2024, a federal adjusted gross income less than or equal to seventy-five thousand dollars for an individual filing a single return, or has a federal adjusted gross income less than or equal to one hundred twenty-five thousand dollars for an individual filing a joint return; and

(C) Has not claimed a property tax exemption under section 39-3-203 for the property tax year commencing on January 1, 2024, on or before August 15, 2024.

(4) (a) For the income tax year commencing on January 1, 2022, the amount of the credit is one thousand dollars for a qualifying senior with federal adjusted gross income that is twenty-five thousand dollars or less. For every five hundred dollars of adjusted gross income above twenty-five thousand dollars, the amount of the credit is reduced by ten dollars.

(b) For the income tax year commencing on January 1, 2022, the credit is the same whether it is claimed by one taxpayer filing a single return or two taxpayers filing a joint return. In the case of two taxpayers who share the same primary residence and who may legally file a joint return but actually file separate returns, both taxpayers may claim the credit, but the maximum credit for each is five hundred dollars and, for every five hundred dollars of adjusted gross income above twenty-five thousand dollars, the amount of the credit is reduced by five dollars.

(c) (I) For the income tax year commencing on January 1, 2022, notwithstanding subsections (4)(a) and (4)(b) of this section, a taxpayer who also qualifies for a grant under article 31 of this title 39 during calendar year 2022 is eligible to receive the full credit without an income-based reduction that otherwise applies for the taxpayer under subsection (4)(a) or (4)(b) of this section.

(II) This subsection (4)(c) is repealed, effective December 31, 2026.

(4.5) For the income tax year commencing on January 1, 2024:

(a) The amount of the credit is eight hundred dollars for a qualifying senior filing a single return with a federal adjusted gross income that is twenty-five thousand dollars or less. For every five hundred dollars of adjusted gross income above twenty-five thousand dollars, the amount of the credit is reduced by eight dollars.

(b) The amount of the credit is eight hundred dollars for two taxpayers filing a joint return with a federal adjusted gross income that is twenty-five thousand dollars or less. For every five hundred dollars of adjusted gross income above twenty-five thousand dollars, the amount of the credit is reduced by four dollars.

(c) In the case of two taxpayers who share the same primary residence and who may legally file a joint return but actually file separate returns, both taxpayers may claim the credit, but the maximum credit for each taxpayer is four hundred dollars and, for every five hundred dollars of adjusted gross income above twenty-five thousand dollars, the amount of the credit is reduced by four dollars.

(d) Notwithstanding subsections (4.5)(a), (4.5)(b), and (4.5)(c) of this section, a taxpayer who also qualifies for a grant under article 31 of this title 39 during calendar year 2024 is eligible to receive the full credit without an income-based reduction that otherwise applies for the taxpayer pursuant to subsections (4.5)(a), (4.5)(b), and (4.5)(c) of this section.

(e) In the case of a part-year resident, the credit allowed under this subsection (4.5) is apportioned in the ratio determined under section 39-22-110 (1).

(5) (a) Any amount of the credit that exceeds the qualifying senior's income taxes due is refunded to the qualifying senior.

(b) To the extent permitted by federal law, the credit is not income or resources for the purpose of determining eligibility for the payment of public assistance benefits and medical assistance benefits authorized under state law or for a payment made under any other publicly funded programs.

(6) The department of revenue may use the reports received from the property tax administrator in accordance with section 39-3-207 (8) for purposes of confirming that a taxpayer meets the eligibility requirement set forth in subsection (3)(b)(II)(C) of this section.

**39-22-545. Credit against tax - heat pump systems - heat pump water heaters - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) The general assembly has committed to reduce greenhouse gases through numerous policy and regulatory measures to meet the goals established in 2019;

(II) Great quantities of emissions are released in the traditional process of heating and cooling private sector residential buildings;

(III) There is great potential for businesses and individuals in the state to reduce greenhouse gas emissions generated in the heating and cooling of residential buildings by installing heat pump systems or heat pump water heaters, which reduce net greenhouse gas emissions;

(IV) Providing an income tax credit for heat pump systems and heat pump water heaters will encourage businesses and individuals to purchase and use heat pump systems and heat pump water heaters rather than traditional heating and cooling methods; and

(V) The purchase and use of heat pump systems and heat pump water heaters will benefit public health in the heating and cooling of homes and businesses and take advantage of latent heat sources and available renewable power during low demand periods.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and use of heat pump systems and heat pump water heaters; and

(II) Contribute to the state's effort to achieve its climate goals.

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credits in achieving the purposes specified in subsection (1)(b) of this section based on the number of heat pump systems and the number of heat pump water heaters sold and used in the state. The Colorado energy office shall provide the state auditor with any available information that would assist the state auditor's measurement.

(2) As used in this section, unless the context otherwise requires:

(a) "Air-source heat pump system" has the same meaning set forth in section 39-26-732 (2)(a).

(b) "Ground-source heat pump system" has the same meaning set forth in section 39-26-732 (2)(b).

(c) "Heat pump system" means an air-source heat pump system, ground-source heat pump system, water-source heat pump system, or variable refrigerant flow heat pump system.

(d) "Heat pump water heater" has the same meaning set forth in section 39-26-732 (2)(d).

(e) "Purchase price" means the amount actually paid by the purchaser for the tangible personal property installed, including charges for sales tax and freight, but not including any charges for assembly, installation, or other construction services, or permit fees.

(f) "Purchaser" means a taxpayer who is the buyer of a heat pump system or heat pump water heater.

(g) "Seller" means the entity that sells a heat pump system or heat pump water heater to a purchaser.

(h) "Taxpayer" means a person subject to tax under this article 22, or a person or political subdivision of this state who is exempt from tax under section 39-22-112 (1), but does not include insurance companies subject to the tax imposed on gross premiums by section 10-3-209.

For purposes of this section, a person or political subdivision of this state who is exempt from tax under section 39-22-112 (1) is a taxpayer even if the person or political subdivision has no unrelated business income.

(i) "Variable refrigerant flow heat pump system" has the same meaning set forth in section 39-26-732 (2)(f).

(j) "Water-source heat pump system" has the same meaning set forth in section 39-26-732 (2)(e).

(3) (a) Subject to the provisions of subsection (4) of this section, for income tax years commencing on or after January 1, 2023, but before January 1, 2024, any purchaser that installs a residential or commercial heat pump system into real property in this state or that installs a residential or commercial heat pump water heater into real property in this state is allowed a credit against the tax imposed by this article 22 in an amount equal to ten percent of the purchase price paid by the purchaser for the heat pump system or heat pump water heater.

(b) The credit allowed pursuant to this section is for the income tax year in which the heat pump system or heat pump water heater is purchased.

(4) (a) (I) To be eligible to claim a tax credit pursuant to this section, the purchaser shall certify, as specified in subsection (4)(b) of this section, that all necessary mechanical, plumbing, and electrical work performed in connection with the installation of a heat pump system or heat pump water heater in a new or existing industrial, commercial, or multifamily residential building containing twenty thousand square feet or more of conditioned floor space was or will be performed by a contractor on the certified contractor list created pursuant to section 40-3.2-105.6 (3)(a), or by employees of a utility, subject to state licensing requirements and all applicable state and local rules, codes, and standards.

(II) The requirements of this subsection (4)(a) do not apply to the installation of a heat pump system or heat pump water heater that is limited to in-unit work in a multifamily building or unit and that is initiated by the owner or tenant of the multifamily building or unit.

(b) The purchaser shall certify, in a form and manner to be determined by the department of revenue, that the heat pump system or heat pump water heater was or will be installed in accordance with the provisions of subsection (4)(a) of this section, if applicable. The seller shall provide the certification to the purchaser for the purposes of subsection (5) of this section.

(5) (a) A purchaser may assign the tax credit allowed in this section to the purchaser's seller as follows:

(I) The assignment to the seller must be completed at the time of purchase of a new heat pump system or heat pump water heater by entering into an agreement as set forth in subsection (5)(c) of this section;

(II) The purchaser must certify in writing that the purchaser will comply with the provisions regarding installation of the heat pump system or heat pump water heater specified in subsection (4) of this section, if applicable;

(III) The purchaser must assign the tax credit to the seller and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for good and valuable consideration; and

(IV) The seller must compensate the purchaser for the full nominal value of the tax credit. The compensation paid to the purchaser is considered a refund of state taxes and is not state taxable income.

(b) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a seller pursuant to this subsection (5), the seller receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(c) To complete the tax credit assignment, the purchaser and the seller must enter into an agreement that:

(I) Includes the purchaser's written certification to comply with the provisions regarding installation of the heat pump system or heat pump water heater specified in subsection (4) of this section, if applicable; and

(II) Affirms that the requirements specified in subsection (5)(a) of this section were met.

(d) The seller may authorize an agent or a designee to sign the agreement on its behalf.

(e) The seller shall electronically submit a report containing the information required in the agreement described in subsection (5)(c) of this section to the department of revenue within thirty days of the purchase of a heat pump system or heat pump water heater in a form and manner to be determined by the department.

(f) The seller shall also file the agreement described in subsection (5)(c) of this section with the original tax return for the taxable year in which the heat pump system or heat pump water heater is purchased.

(g) The department of revenue, in consultation with the Colorado energy office, shall develop a model report and agreement no later than December 1, 2022.

(6) If a credit authorized in this section exceeds the income tax due on the income of the seller for the taxable year, the excess credit may not be carried forward and shall be refundable to the seller.

(7) Making a purchaser aware of the income tax credit allowed in this section or helping a purchaser assign the income tax credit to a seller as allowed in this section does not rise to the level of providing the purchaser with unauthorized tax advice.

(8) This section is repealed, effective January 1, 2028.

**39-22-546. Credit against tax - residential energy storage systems - tax preference performance statement - legislative declaration - definition - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and installation of residential energy storage systems; and

(II) Contribute to the state's effort to achieve its climate goals.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credits in achieving the purposes specified in subsection (1)(a) of this section based on the number of residential energy storage systems installed in the state. The Colorado energy office shall provide the state auditor with any available information that would assist the state auditor's measurement.

(2) As used in this section, unless the context otherwise requires:

(a) "Energy storage system" means any commercially available, customer-sited system, including batteries and the batteries paired with on-site generation, that is capable of retaining, storing, and delivering energy by chemical, thermal, mechanical, or other means.

(b) "Purchase price" means the amount actually paid by the purchaser for the tangible personal property installed, including charges for sales tax and freight, but not including any charges for assembly, installation, or other construction services, or permit fees.

(c) "Purchaser" means a taxpayer who is the buyer of an energy storage system.

(d) "Seller" means the entity that sells an energy storage system.

(3) (a) For income tax years commencing on or after January 1, 2023, but before January 1, 2030, any purchaser that installs an energy storage system in a residential dwelling in this state is allowed a credit against the tax imposed by this article 22 in an amount equal to ten percent of the purchase price paid by the purchaser for the energy storage system.

(b) The credit allowed pursuant to this section is for the income tax year in which the energy storage system is purchased.

(4) (a) A purchaser may assign the tax credit allowed in this section to the purchaser's seller as follows:

(I) The assignment to the seller must be completed at the time of purchase of a new energy storage system by entering into an agreement as set forth in subsection (4)(c) of this section;

(II) The purchaser must assign the tax credit to the seller and forfeit the right to claim the tax credit on the purchaser's tax return in exchange for good and valuable consideration; and

(III) The seller must compensate the purchaser for the full nominal value of the tax credit. The compensation paid to the purchaser is considered a refund of state taxes and is not state taxable income.

(b) Notwithstanding section 39-21-108 (3), if a purchaser assigns the tax credit to a seller pursuant to this subsection (4), the seller receives the full amount of the tax credit that the purchaser is allowed in this section. Any unpaid balance or unpaid debt of the purchaser may not be credited from the amount of the tax credit allowed in this section.

(c) To complete the tax credit assignment, the purchaser and the seller must enter into an agreement that affirms that the requirements specified in subsection (4)(a) of this section were met.

(d) The seller may authorize an agent or a designee to sign the agreement on its behalf.

(e) The seller shall electronically submit a report containing the information required in the agreement described in subsection (4)(c) of this section to the department of revenue within thirty days of the purchase of an energy storage system in a form and manner to be determined by the department.

(f) The seller shall also file the agreement described in subsection (4)(c) of this section with the original tax return for the taxable year in which the energy storage system is purchased.

(g) The department of revenue, in consultation with the Colorado energy office, shall develop a model report and agreement no later than December 1, 2022.

(5) If a credit authorized in this section exceeds the income tax due on the income of the seller for the taxable year, the excess credit may not be carried forward and shall be refundable to the seller.

(6) Making a purchaser aware of the income tax credit allowed in this section or helping a purchaser assign the income tax credit to a seller as allowed in this section does not rise to the level of providing the purchaser with unauthorized tax advice.

(7) This section is repealed, effective January 1, 2033.

**39-22-547. Early childhood educator income tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly finds and declares that:

(I) The benefits of quality child care and early childhood education are well documented and a striking connection exists between children's learning experiences well before kindergarten and their later school success;

(II) Small business owners and parents who rely on child care to work would also experience lower turnover in child care staff when early childhood educators experience better economic stability; and

(III) When early childhood educators improve the quality of their education by receiving early childhood professional credentials or attaining higher credential levels, it improves the quality of children's early learning experiences.

(b) In accordance with section 39-21-304 (1), the purpose of this tax expenditure is to:

(I) Induce certain designated behavior by taxpayers, which in this instance is for early childhood educators to receive an early childhood professional credential or to attain higher credential levels; and

(II) Provide tax relief for early childhood educators.

(c) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(b)(I) of this section based on a comparison of

the number of early childhood professional credentials at the various levels before and with the credit.

(d) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(b)(II) of this section based on the number of credits that are claimed.

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means the department of revenue.

(b) "Early childhood professional credential" means the early childhood professional credentials issued by the department of education, or a successor department, and designated as early childhood professional I, early childhood professional II, early childhood professional III, early childhood professional IV, early childhood professional V, and early childhood professional VI.

(c) "Eligible early childhood educator" means an individual who:

(I) Has a federal adjusted gross income less than or equal to seventy-five thousand dollars for an individual filing a single return, or has a federal adjusted gross income less than or equal to one hundred fifty thousand dollars for an individual filing a joint return;

(II) Holds an early childhood professional credential for at least part of the income tax year for which the credit is claimed; and

(III) For at least six months of the income tax year for which the credit is claimed, is either the licensee of an eligible program or employed by an eligible program.

(d) "Eligible program" means either an early childhood education program as defined in section 26.5-2-202 (3) or a licensed family child care home. An eligible program must have held at least a level one quality rating pursuant to the Colorado shines quality rating and improvement system established in section 26.5-5-101 for the income tax year for which the credit is claimed.

(e) "Family child care home" has the same meaning as set forth in section 26.5-5-303 (7).

(f) "Inflation" means the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood for all items paid by all urban consumers, or its applicable successor index.

(3) (a) For income tax years commencing on or after January 1, 2022, but before January 1, 2026, an eligible early childhood educator is allowed a credit against the tax imposed by this article 22 in an amount as set forth in subsection (3)(b) of this section.

(b) (I) Except as provided in subsection (3)(b)(II) of this section, the amount of the credit equals, for:

- (A) Seven hundred fifty dollars for an early childhood professional I;
  - (B) One thousand dollars for an early childhood professional II; and
  - (C) One thousand five hundred dollars for an early childhood professional III, early childhood professional IV, early childhood professional V, or early childhood professional VI.
- (II) For the income tax years commencing on or after January 1, 2023, the department shall adjust the credit amounts set forth in subsection (3)(b)(I) of this section to reflect inflation for each income tax year in which the credit described in this section is allowed.
- (c) Each eligible early childhood educator is only allowed one credit per income tax year, even if the eligible early childhood educator earns a higher level early childhood professional credential in the same year. In such case, the eligible early childhood educator's credit is based on the highest early childhood professional credential attained during the income tax year.
- (4) The amount of the credit under this section that exceeds the eligible early childhood educator's income taxes due is refunded to the eligible early childhood educator.
- (5) No later than January 1, 2023, and each January 1 thereafter through January 1, 2026, the department of human services, or a successor department, shall provide the department of revenue with an electronic report of each individual who held an early childhood professional credential during the previous calendar year for which the credit is allowed. The department shall include the following information in the report, if available:
- (a) The name of the individual who holds the early childhood professional credential;
  - (b) The individual's social security number or tax identification number;
  - (c) The highest level of early childhood professional credential held by the individual during the year; and
  - (d) The length of time that the individual held an early childhood professional credential at any level.
- (6) This section is repealed, effective July 1, 2030.

**Source: L. 2022:** Entire section added, (HB 22-1010), ch. 347, p. 2475, § 2, effective August 10. **L. 2023:** (2)(e) amended, (HB 23-1301), ch. 303, p. 1844, § 86, effective August 7. **L. 2024:** (2)(d) amended, (HB 24-1450), ch. 490, p. 3426, § 82, effective August 7.

**39-22-548. Colorado homeless contribution tax credit - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the general legislative purpose of this tax expenditure is to induce certain designated behavior by taxpayers. Specifically, this tax expenditure is intended to encourage taxpayers to make contributions to approved nonprofit organizations providing certain qualifying activities to leverage financial contributions from Colorado residents and businesses to support providing appropriate housing and services to assist individuals and families experiencing homelessness. The tax expenditure will catalyze and strengthen statewide efforts to address the effects of homelessness through private investment and civic engagement in Colorado-based service providers for individuals and families experiencing homelessness.

(b) The annual review presented by the division as set forth in subsection (6) of this section will allow the general assembly and the state auditor to measure the effectiveness of the tax expenditure.

(c) In the first year that the tax expenditure was available, eight thousand three hundred twenty donations with a value of twenty million four hundred fifty-one thousand two hundred forty-three dollars were leveraged. The total number and value of donations increased in the next income tax year. Therefore, the general assembly finds and declares that this tax expenditure has successfully catalyzed and strengthened statewide efforts to address the effects of homelessness through private investment and civic engagement in Colorado-based service providers for individuals and families experiencing homelessness and that the tax expenditure should be extended into future income tax years.

(2) As used in this section, unless the context otherwise requires:

(a) "Approved nonprofit organization" means a nonprofit organization that provides a qualifying activity and that has been reviewed and approved by the division as specified in subsection (5) of this section and has a history or track record of success in delivering services and demonstrated financial viability.

(b) "Approved project" means a project administered by an approved nonprofit organization that has been evaluated, reviewed, and approved by the division as specified in subsection (5) of this section, and that implements one or more qualifying activities.

(c) "Capital campaign" means a campaign that encourages public and private partnerships and is focused on raising funds for a specific capital project. The capital project must involve construction and implementation that commences within three years of the project being

approved by the division. A "capital campaign" must include a campaign for one or more of the following:

- (I) Supportive housing for individuals or families experiencing homelessness;
- (II) Community overnight shelters, community day shelters, or emergency shelters;
- (III) Facilities, including the acquisition or rehabilitation of facilities, used to provide housing or services to individuals or families experiencing homelessness, including facilities that are necessary to perform qualifying services; or
- (IV) Facilities needed to provide administrative support for approved projects.

(d) "Division of housing" or "division" means the division of housing in the department of local affairs created in section 24-32-704.

(e) "In-kind contribution" means a contribution that is not a monetary contribution and is valued over five thousand dollars pursuant to an independent third-party valuation, including a contribution of property, services, stocks, bonds, or other intangible property.

(f) "Monetary contribution" means a contribution in United States currency in any form, including cash, payment made by check, electronic funds transfer, debit card, or credit card.

(g) "Nonprofit organization" means any organization in good standing with the secretary of state that is exempt from taxation pursuant to section 501 (a) of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 501 (a), as amended, and listed as an exempt organization in section 501 (c)(3) of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 501 (c)(3), as amended.

(h) "Operational service" means a service with the primary focus on assisting individuals or families experiencing homelessness or, in the case of prevention, individuals or families facing imminent risk of homelessness. An operational service must also be a service that supports or provides:

- (I) Outreach efforts to engage or provide services to unsheltered individuals or families experiencing homelessness;
- (II) Safe emergency, temporary, or transitional shelters, such as day shelters, that may include supportive services to individuals or families experiencing homelessness;
- (III) Prevention services that target individuals or families facing imminent risk of homelessness as defined by the department of local affairs;
- (IV) Supportive housing for individuals or families experiencing homelessness or who would otherwise be homeless;

(V) Services designed to assist individuals or families experiencing homelessness to obtain an employment outcome, including job placement services and services that help individuals become workforce ready;

(VI) Case management, including establishing client goals for individuals or families experiencing homelessness and coordination of referrals to address health or mental health benefit procurement and procurement of other essential services for individuals or families experiencing homelessness;

(VII) Shelters and services for survivors of domestic violence who are fleeing an abusive household; or

(VIII) The implementation and operation of successor projects or other services for individuals or families experiencing homelessness that are identified by the division as emerging, promising, and providing best practices.

(i) "Qualifying activity" means a capital campaign or an operational service.

(j) "Taxpayer" means a resident individual or a domestic or foreign corporation subject to part 3 of this article 22, a partnership, S corporation, or other similar pass-through entity, estate, or trust that makes a contribution as an entity, and a partner, member, and subchapter S shareholder of such a pass-through entity.

(3) (a) For income tax years commencing on or after January 1, 2023, but before January 1, 2031, except as provided in subsection (3)(b) of this section, any taxpayer who makes a monetary or in-kind contribution to an approved nonprofit organization, or to an approved project administered by an approved nonprofit organization, is allowed a credit equal to twenty-five percent of the total value of the contribution, subject to the limitations specified in subsection (3)(d) of this section.

(b) If a taxpayer makes a monetary or in-kind contribution to an approved nonprofit organization, or to an approved project administered by an approved nonprofit organization, in an underserved, rural county, as defined by the division in its guidelines for the program, then the taxpayer is allowed a credit equal to thirty percent of the total value of the contribution, subject to the limitations in subsection (3)(d) of this section.

(c) The approved nonprofit organization that receives the allowable contribution shall issue a tax credit certificate to each taxpayer that makes an allowable contribution pursuant to subsections (3)(a) or (3)(b) of this section; except that the approved nonprofit organization shall not issue tax credit certificates that total more than seven hundred fifty thousand dollars per income tax year, and if the approved nonprofit organization administers one or more approved projects, in addition to providing a qualifying service, then the approved nonprofit organization shall not issue tax credit certificates for allowable contributions to one or more approved projects that total more than an additional seven hundred fifty thousand dollars per income tax year. The

tax credit certificate must state a unique certificate identification number, the amount of the allowable contribution, the taxpayer's name, the last four digits of the taxpayer's social security number or the taxpayer's full federal employer identification number, the type of the contribution, the date the taxpayer made the contribution, the amount of the tax credit that is authorized for that taxpayer, and any other information that the executive director of the department of revenue may require. Tax credit certificates shall be issued in the order of received allowable contributions.

(d) (I) (A) The credit allowed in subsections (3)(a) and (3)(b) of this section shall not exceed one hundred thousand dollars per taxpayer per tax year.

(B) For a contribution made pursuant to subsections (3)(a) or (3)(b) of this section that is made in a cash payment, the contribution must be equal to or greater than one hundred dollars.

(C) In the case of a partnership, S corporation, or other similar pass-through entity, the limitations in this subsection (3)(d) apply at the entity level.

(II) In no event is a credit allowed pursuant to this section for contributions that directly benefit the taxpayer. If a taxpayer receives a benefit for the contribution, the value of the contribution is reduced by the value of the benefit received by the taxpayer to arrive at the contribution that may be certified for the income tax credit allowed in this section.

(III) If the amount of the allowed credit exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in that income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding five years and must be applied first to the earliest income tax years possible. Any credit remaining after the period may not be refunded or credited to the taxpayer.

(4) On or before November 1, 2022, and on or before November 1 of each year thereafter, the division shall develop and post on the division's website a list, including a description, of all approved nonprofit organizations and any approved projects administered by an approved nonprofit organization to which taxpayers may contribute during the next calendar year for the purpose of receiving a tax credit pursuant to this section. Any modifications to the list, including nonprofit organizations or proposed projects of an approved nonprofit organization that are later approved, must be posted on the division's website no later than sixty days after the modification is made. The division shall review a proposed nonprofit organization and any proposed project of an approved nonprofit organization for eligibility and approval as described in subsection (5) of this section.

(5) (a) (I) A nonprofit organization shall apply to the division for approval to receive allowable contributions under this section, including approval of a proposed project. The application must:

(A) Set forth the qualifying activity that the nonprofit organization provides, and, in addition, for a proposed project, the qualifying activity that the project will implement;

(B) Provide a letter of approval from the nonprofit organization's board of directors;

(C) Provide evidence that the nonprofit organization is in good standing with the secretary of state; and

(D) Submit a recent audit or financial report to the division in a form that is acceptable to the division.

(II) An organization that has a program as set forth in section 39-30-103.5 (3)(a) that has been approved by the Colorado economic development commission under section 39-30-103.5 is deemed approved for purposes of compliance with this section to receive eligible contributions unless otherwise specifically disapproved by the division so long as the organization:

(A) Is a nonprofit;

(B) Provides or has the intent to provide a qualifying activity;

(C) Can provide a letter of approval from its board of directors;

(D) Submits a recent audit or financial report to the division in a form that is acceptable to the division; and

(E) No later than four years from August 10, 2022, submits an application for reapproval pursuant to subsection (5)(g) of this section.

(III) When reviewing applications and organizations for approval pursuant to subsections (5)(a)(I) and (5)(a)(II) of this section, with respect to a nonprofit organization's proposed qualifying activity or activities, the division shall consider the financial management capacity and operational capacity of the nonprofit organization and evaluate the capability of the nonprofit organization to enter a monitoring agreement for the purpose of the division evaluating the efficacy of the nonprofit organization and its qualifying activity or activities.

(b) The division shall review applications received pursuant to subsection (5)(a) of this section in a timely manner and in a time frame set forth in the division's guidelines for the program. The division shall issue a notice of approval or disapproval of a nonprofit organization, a proposed project, or both in writing.

(c) The division is authorized to hold hearings in order to review a nonprofit organization's request to reconsider a decision regarding disapproval within thirty days after the date of the disapproval notice.

(d) Once approved, the nonprofit organization shall maintain an accounting system and appropriate records to track contributions received by taxpayers for which a tax credit was

allowed under this section and to accurately associate the use of the contributions with qualifying activities, an approved project, or both.

(e) The division shall specify in program guidelines what information regarding qualifying activities must be reported by the nonprofit organization and can request from the nonprofit organization an audit or financial report in a form that is acceptable to the division.

(f) (I) No later than June 30, 2025, the division shall complete a review of every organization and project deemed approved under subsection (5)(a)(II) of this section, and no later than June 30, 2026, and June 30 of each year thereafter, the division shall complete a review of every other approved nonprofit organization and approved project to evaluate performance and compliance with the requirements of this section. The division must review the qualifying activities being provided and determine how the activities are addressing current and emerging needs of individuals and families experiencing homelessness in each approved nonprofit organization's community, or, if applicable, each approved project's community.

(II) The division has the authority to monitor and audit approved nonprofit organizations and their performance and may disapprove an approved nonprofit organization or an approved project of an approved nonprofit organization if the approved nonprofit organization is not meeting expectations or if the approved nonprofit organization is otherwise not in compliance with objectives outlined in this section or program guidelines, or, if applicable, in the project proposal. The division shall immediately notify the department of revenue if an approved nonprofit organization or an approved project of an approved nonprofit organization is disapproved as a result of a review or audit in order to ensure that contributions made by taxpayers on or after the date of disapproval are no longer eligible for the tax credit allowed in this section.

(g) An approved nonprofit organization shall apply for reapproval with the division every four years in the same manner provided for approval in subsection (5)(a)(I) of this section. When applying for reapproval, the nonprofit organization may add or remove qualifying activities in the reapproval application. It is expected that a nonprofit organization will revise any previously approved goals, objectives, and expected outcomes of its qualifying activities to adjust to changes in community needs, emerging best practices, and feedback from the division.

(6) The division shall present an annual review of approved nonprofit organizations and any approved projects administered by an approved nonprofit organization to the state housing board created in section 24-32-706. The annual review must include individual and collective outputs and outcomes of each approved nonprofit organization described in this section and must summarize contributions received and tax credit certificates issued for the reporting period, including an estimate of expected contributions for the upcoming calendar year.

(7) The division shall develop program guidelines, with stakeholder involvement, for the administration of this section.

(8) (a) On or before September 30 of each calendar year, the state director of housing or the director's designee shall transmit to the department of revenue the data regarding income tax credits allowed pursuant to this section that are certified or approved by the division from January 1 through June 30 of the same calendar year.

(b) On or before March 31 of each calendar year, the state director of housing or the director's designee shall transmit to the department of revenue the data regarding income tax credits allowed pursuant to this section that are certified or approved by the division from July 1 through December 31 of the previous calendar year.

**39-22-549. Credit against tax - small food business recovery and resilience grant program equipment - community food consortium duties and responsibilities - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that, in accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and use of small food business recovery and resilience grant program equipment and the increase of activities of the community food consortium for small food retailers and Colorado-owned and Colorado-operated farms; and

(II) Contribute to the state's effort to improve access to and lower prices for healthy foods in low-income and underserved areas of the state by supporting small food retailers and small family farms.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credits in achieving the purposes specified in subsection (1)(a)(I) of this section based on the number of the tax credits created in this section that taxpayers claim. The department of agriculture and the department of revenue shall provide the state auditor with any available information that would assist the state auditor in this measurement.

(2) As used in this section, unless the context otherwise requires:

(a) "Amount certain spent by the member of the consortium on completing its duties and responsibilities" means the amount spent on pallet, pallet break, distribution, and delivery fees that is eligible for a subsidy from the consortium but is not otherwise covered by the consortium.

(b) "Duties and responsibilities" means the duties and responsibilities of the members of the consortium pursuant to section 35-1-117 (2)(a).

(c) "Member of the consortium" means any member of the community food consortium for small food retailers and Colorado-owned and Colorado-operated farms created in section 35-1-117 (2)(a).

(d) "Purchase price" means the amount actually paid by the purchaser for the small food business recovery and resilience grant program equipment, including charges for sales tax and freight, but not including any charges for assembly, installation, other construction services, or permit fees.

(e) "Purchaser" means:

(I) For income tax years commencing before January 1, 2027, a small food retailer or small family farm that purchases small food business recovery and resilience grant program equipment.

(II) For income tax years commencing on or after January 1, 2027, a qualified distributor, small food retailer, or small family farm that purchases small food business recovery and resilience grant program equipment.

(e.5) "Qualified distributor" means a Colorado-owned and operated business or nonprofit organization that:

(I) Is subject to tax pursuant to this article 22 or that is exempt from tax pursuant to section 39-22-112 (1);

(II) Actively manages the aggregation, distribution, and marketing of source-identified raw Colorado agricultural products;

(III) Prioritizes the aggregation, distribution, and marketing of source-identified raw Colorado agricultural products from Colorado producers to satisfy wholesale, retail, and institutional demand; and

(IV) Has managed the aggregation, distribution, and marketing of source-identified raw Colorado agricultural products to a member of the consortium in the income tax year for which the business or organization is claiming a tax credit pursuant to this section.

(f) "Small family farm" has the same meaning as set forth in section 35-1-117 (8)(d) for income tax years commencing before January 1, 2027. For income tax years commencing on or after January 1, 2027, "small family farm" means a farm that is Colorado-owned and Colorado-operated, files a schedule F with the internal revenue service, and acts as a wholesaler or vendor to a charitable food program, small food retailer, school, child care center, or older adult facility that is located in or provides food to a local, state, or federally defined "low income, low access neighborhood".

(g) "Small food business recovery and resilience grant program equipment" means the items listed in section 35-1-117 (3)(a)(II) and (3)(a)(IV).

(h) "Small food retailers" has the same meaning as set forth in section 35-1-117 (8)(e) for income tax years commencing before January 1, 2027. For income tax years commencing on or after January 1, 2027, "small food retailers" means:

(I) An independent, Colorado-owned, and Colorado-operated small food retail business, defined as a food retailer that:

(A) Is subject to tax pursuant to this article 22 or is exempt from tax pursuant to section 39-22-112 (1);

(B) Has five or fewer separate Colorado retail locations with less than twenty-two thousand square feet of retail space per location;

(C) Carries at least three categories of federally defined staple foods, as described in the federal "Food and Nutrition Act of 2008", secs. 3 and 9; the federal "Consolidated Appropriations Act of 2017", sec. 76; and the federal "Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program", 81 Fed. Reg. 90675; and

(D) Is located in or provides food to local, state, or federally defined low-income, low-access neighborhoods; or

(II) Is a farmer's market or farm-direct operation that is already or demonstrates an intent to become SNAP and WIC authorized where allowed.

(3) (a) Subject to the provisions of subsection (4) of this section:

(I) (A) For income tax years commencing on or after January 1, 2024, but before January 1, 2025, any member of the food consortium is allowed a credit against the tax imposed by this article 22 in an amount equal to eighty-five percent of the amount certain spent by the member of the consortium on completing its duties and responsibilities minus any amount awarded to the member of the consortium pursuant to section 35-1-117 (2) for the completion of its duties and responsibilities;

(B) For income tax years commencing on or after January 1, 2025, but before January 1, 2031, any member of the food consortium is allowed a credit against the tax imposed by this article 22 in an amount equal to seventy-five percent of the amount certain spent by the member of the consortium on completing its duties and responsibilities minus any amount awarded to the member of the consortium pursuant to section 35-1-117 (2) for the completion of its duties and responsibilities;

(II) (A) For income tax years commencing on or after January 1, 2024, but before January 1, 2025, any purchaser of small food business recovery and resilience grant program equipment is allowed a credit against the tax imposed by this article 22 in an amount equal to eighty-five percent of the purchase price of the relevant small food business recovery and resilience grant program equipment minus the amount of any grant awarded under the small food business recovery and resilience grant program for the purchase of the same small food business recovery and resilience grant program equipment;

(B) For income tax years commencing on or after January 1, 2025, but before January 1, 2031, any purchaser of small food business recovery and resilience grant program equipment is allowed a credit against the tax imposed by this article 22 in an amount equal to seventy-five percent of the purchase price of the relevant small food business recovery and resilience grant program equipment minus the amount of any grant awarded under the small food business recovery and resilience grant program for the purchase of the same small food business recovery and resilience grant program equipment; and

(III) Notwithstanding subsection (3)(a)(I) and (3)(a)(II) of this section, for income tax years commencing on or after January 1, 2027, a taxpayer is only allowed a credit against the tax imposed by this article 22 pursuant to this section if the credit would be in an amount equal to or greater than three hundred seventy-five dollars.

(b) The credit allowed pursuant to this section is for the income tax year in which a member of the consortium spent an amount certain on completing its duties and responsibilities or a purchaser purchases the relevant small food business recovery and resilience grant program equipment.

(4) (a) For income tax years commencing prior to January 1, 2027, a member of the consortium or a purchaser of small food business recovery grant program equipment may submit an application to the department of agriculture for the issuance of a letter of eligibility for a tax credit certificate allowed in this section by the deadlines established in the rules promulgated by the department of agriculture. The application must include:

(I) A certification that the applicant is either:

(A) A purchaser who is a small food retailer or small family farm that purchased small food business recovery and resilience grant program equipment; or

(B) A member of the consortium that spent an amount certain on completing its duties and responsibilities; and

(II) Detailed information regarding:

(A) The purchase price that would be incurred by a purchaser of small food business recovery and resilience grant program equipment and the date on which the purchase would be made; or

(B) An itemized total of the amount certain that would be spent by a member of the consortium on completing its duties and responsibilities, and the date or dates on which the member of the consortium would spend the amounts.

(b) If the department of agriculture determines that the application filed pursuant to subsection (4)(a) of this section is complete, the department of agriculture shall determine whether the applicant would qualify for the credit allowed pursuant to this section if the applicant made the purchase described in the application and the department of agriculture had not issued tax credit certificates in excess of a total of ten million dollars for the income tax year. If the department of agriculture approves the application, the department of agriculture shall issue a letter of eligibility to the applicant that indicates the amount of the tax credit that the purchaser or member of the consortium could claim for the specified income tax year if they were to make the purchase described in the application and if the department of agriculture has not issued tax credit certificates in excess of a total of ten million dollars for the income tax year.

(5) (a) A member of the consortium or a purchaser of small food business recovery grant program equipment shall submit an application to the department of agriculture for the issuance of a tax credit certificate allowed in this section by the deadlines established in the rules promulgated by the department of agriculture. The application must include:

(I) A certification that the applicant is either:

(A) A purchaser who is a qualified distributor, small food retailer, or small family farm that purchased small food business recovery and resilience grant program equipment; or

(B) A member of the consortium that spent an amount certain on completing its duties and responsibilities; and

(II) Detailed information regarding:

(A) The purchase price incurred by a purchaser of small food business recovery and resilience grant program equipment and the date that the purchase was made; or

(B) An itemized total of the amount certain spent by a member of the consortium on completing its duties and responsibilities, and the date or dates that the member of the consortium spent the amounts.

(b) If the department of agriculture determines that the application filed pursuant to subsection (5)(a) of this section is complete, the department of agriculture shall determine whether the applicant qualifies for the credit allowed pursuant to this section. If the department of agriculture approves the application, the department of agriculture shall issue a tax credit certificate to the applicant that indicates the amount of the tax credit that the purchaser or member of the consortium may claim for the specified income tax year; except that:

(I) The total amount of tax credit certificates issued by the department of agriculture in a given calendar year must not exceed a total of ten million dollars for calendar years commencing before January 1, 2027, a total of five million dollars for the calendar year commencing on January 1, 2027, and, for calendar years commencing on or after January 1, 2028, a total of five million dollars.

(II) For an income tax year commencing on or after January 1, 2027, the maximum allowable credit amount for a small family farm that claims a credit pursuant to this section is three hundred thousand dollars and is one million dollars for any other taxpayer that claims a credit pursuant to this section.

(c) (I) For income tax years commencing before January 1, 2027, the department of agriculture shall issue tax credit certificates allowed in this section in an order that accords with the rules promulgated by the department of agriculture. The department of agriculture shall review and approve or disapprove an application filed pursuant to subsection (5)(a) of this section within a reasonable time, not to exceed ninety days after the filing of a completed application.

(II) For income tax years commencing on or after January 1, 2027, the department of agriculture shall review and approve or disapprove an application filed pursuant to subsection (5)(a) of this section within a reasonable time, not to exceed one hundred fifty days after the filing of a completed application.

(6) To claim the income tax credit allowed pursuant to this section, the purchaser or member of the consortium shall attach a copy of the tax credit certificate to its state income tax return. No tax credit is allowed pursuant to this section unless the purchaser or member of the consortium provides a copy of the tax credit certificate with its filed state income tax return. The amount of the credit that the purchaser or member of the consortium may claim pursuant to this section is the amount stated on the tax credit certificate. If the purchaser is exempt from tax pursuant to section 39-22-112 (1), the purchaser shall file a return pursuant to section 39-22-601 (7)(b).

(7) In a sufficiently timely manner to allow the department of revenue to process returns claiming the income tax credit allowed pursuant to this section, the department of agriculture shall provide the department of revenue with an electronic report of each purchaser or member of the consortium that the department of agriculture approved for the income tax credit allowed pursuant to this section for the preceding calendar year that includes the following information:

- (a) The taxpayer's name; and
  - (b) The taxpayer's social security number, Colorado account number, or federal employer identification number.
- (8) If a credit authorized in this section exceeds the income tax due on the income of the member of the consortium or purchaser for the taxable year, the excess credit may not be carried forward and is refundable to the member of the consortium or purchaser.
- (9) The department of agriculture and the department of revenue may promulgate rules in accordance with article 4 of title 24 as may be necessary to effectuate the purposes of this section.
- (10) This section is repealed, effective December 31, 2035.

**39-22-550. Tax credit for reducing emissions from certain lawn equipment - tax preference performance statement - legislative declaration - definitions - report - repeal.**

- (1) (a) The general assembly finds and declares that:
- (I) Gasoline-powered lawn equipment, such as lawn mowers, leaf blowers, trimmers, and snowblowers, emits high levels of air pollutants, including nitrogen oxides and volatile organic compounds that, together, form ozone and particulate matter;
  - (II) Replacing such gasoline-powered lawn equipment with electric-powered lawn equipment can reduce ozone pollution; and
  - (III) The purpose of the tax credit in subsection (3) of this section is to incentivize the voluntary transition from gasoline-powered to electric-powered lawn equipment.
- (b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure, or extends an expiring tax expenditure, to include a tax preference performance

statement as part of a statutory legislative declaration, the general assembly further finds and declares that:

(I) The general legislative purpose of the tax credit allowed by subsection (3) of this section, and the general legislative purpose of its extension, is to induce certain designated behaviors by taxpayers, specifically the purchase of electric-powered lawn equipment; and

(II) In order to allow the general assembly and the state auditor to measure the effectiveness of the tax credit, the department of revenue shall submit to the general assembly and the state auditor an annual report in accordance with subsection (5) of this section detailing the sales of new, electric-powered lawn equipment, as reported by taxpayers claiming the tax credit authorized under subsection (3) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Lawn equipment" means a lawn mower, leaf blower, trimmer, or snowblower.

(b) "Purchase price" has the meaning set forth in section 39-26-102 (7).

(c) "Qualified retailer" means a retailer that sells lawn equipment and:

(I) Holds a state sales tax license;

(II) Has timely filed a monthly sales tax return showing a tax liability for at least twelve months;

(III) Has paid the taxes due on the monthly sales tax return;

(IV) Has registered with the department of revenue pursuant to subsection (3)(e)(II) of this section; and

(V) Has not been disqualified by the department pursuant to subsection (3)(f) of this section.

(d) "Retailer" has the meaning set forth in section 39-26-102 (8).

(e) "Retail sale" has the meaning set forth in section 39-26-102 (9).

(3) (a) For income tax years commencing on or after January 1, 2024, but before January 1, 2030, a qualified retailer pursuant to subsection (3)(e)(II) of this section is allowed a tax credit against the tax imposed pursuant to this article 22 in an amount equal to thirty-three percent of the aggregate purchase price for all retail sales of new, electric-powered lawn equipment that the qualified retailer sold in the state during the tax year.

(b) In order to qualify for the tax credit allowed under this subsection (3), the qualified retailer shall provide to the purchaser, at the time of the retail sale of new, electric-powered lawn equipment, a discount on the purchase price of the lawn equipment equal to thirty percent of the

purchase price and shall show the discount as a separate item on the receipt or invoice provided to the purchaser.

(c) To determine whether a qualified retailer sold new, electric-powered lawn equipment in this state, the rules of section 39-26-104 (3)(a) apply.

(d) The qualified retailer may retain from the credit allowed in this section an administrative fee not to exceed three percent of the purchase price of the new, electric-powered lawn equipment sold.

(e) (I) The qualified retailer shall electronically submit a report to the department of revenue, on a quarterly basis and in the form and manner required by the department, that details the number of pieces of new, electric-powered lawn equipment sold by the qualified retailer in the reporting period for which the qualified retailer provided a discount as described in subsection (3)(b) of this section. The department may require the qualified retailer to include additional information in the report.

(II) Before selling a piece of new, electric-powered lawn equipment for which a retailer intends to claim a credit pursuant to this section, the retailer shall register as a qualified retailer by filing with the department of revenue a registration statement in the form and manner that the department prescribes and receive approval of their registration from the department.

(III) For income tax years beginning on or after January 1, 2027, the qualified retailer may elect advance payments of the credit allowed pursuant to this section as specified in section 39-22-629.

(f) (I) After the notice and hearing held in accordance with sections 24-4-104 and 24-4-105, the department may disqualify a qualified retailer if the department determines:

(A) The qualified retailer requested advance payment or claimed a credit with respect to a transaction that does not qualify for the credit allowed by this section;

(B) The qualified retailer provided false or misleading information to the department; or

(C) The qualified retailer no longer holds a sales tax license.

(II) A retailer that has been disqualified pursuant to this subsection (3)(f) may not reapply to be a qualified retailer. The department shall not approve a registration submitted by a disqualified retailer.

(4) If a credit authorized by this section exceeds the income tax due on the income of the qualified retailer for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified retailer.

(5) Pursuant to section 39-21-304 (3), notwithstanding section 24-1-136 (11)(a)(I), and for the purpose of providing data that allows the general assembly and the state auditor to measure

the effectiveness of the tax credit created in subsection (3) of this section, the department of revenue, on or before January 1, 2025, and on or before January 1 of each year thereafter through January 1, 2031, shall submit to the general assembly and the state auditor a report detailing the sales of new, electric-powered lawn equipment, as reported by a qualified retailer claiming the tax credit authorized under subsection (3) of this section. The tax credit established in this section meets its purpose if sales of new, gasoline-powered lawn equipment are significantly reduced within five years after the tax credit becomes effective, as determined by the general assembly and the state auditor pursuant to section 39-21-304 (3).

(6) This section is repealed, effective December 31, 2036.

**39-22-551. Industrial clean energy tax credit - tax preference performance statement - definitions - report - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided for in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses or individuals by allowing an owner of an industrial facility to receive a credit against income tax for the costs associated with conducting industrial studies or for implementing a plan to put into service greenhouse gas emissions reduction improvements.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1)(a) of this section based on the information required and reported by the office pursuant to subsection (10)(b) of this section, and based on the number and value of the credits claimed.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Applicable percentage" means thirty percent, except as provided in subsection (3)(b)(II) of this section.

(b) "Certified greenhouse gas emissions reduction improvements" means greenhouse gas emissions reduction improvements to a qualified industrial facility that have been certified by the office as meeting the standards of the office.

(c) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(d) "Department" means the department of revenue.

(e) "Greenhouse gas emissions reduction improvements" means improvements that help to measurably reduce greenhouse gas emissions. "Greenhouse gas emissions reduction improvements" may include one or more of the following equipment purchases, improvements, retrofits, or investments:

(I) Replacing fossil-fuel-powered off-road equipment such as forklifts and construction equipment with electric equipment;

(II) Replacing fossil-fuel-fired equipment for space or water heating or industrial process heating with high-efficiency electric equipment;

(III) Replacing fossil-fuel-fired or compressed air-driven industrial process equipment with high-efficiency electric equipment;

(IV) Placing in service advanced refrigeration systems that reduce greenhouse gas emissions;

(V) Placing in service electric charging infrastructure for electric vehicles at an industrial facility;

(VI) Placing in service waste heat recovery technology;

(VII) Upgrading or implementing energy monitoring systems;

(VIII) Installing high efficiency electric pumps, motors, compressors, and lighting;

(IX) Installing variable volume or load efficiency equipment;

(X) Installing carbon capture equipment which provides supporting information that demonstrates a net reduction in greenhouse gas emissions when accounting for energy-related emissions released to operate the carbon capture equipment and provides a permanent durable carbon storage plan; except that the captured carbon may not be used for enhanced oil recovery;

(XI) Installing equipment used for collection of biomethane, and, for income tax years commencing on and after January 1, 2027, installing equipment used for utilization of biomethane;

- (XII) Replacing fossil-fuel-fired equipment with hydrogen fueled equipment;
  - (XIII) Installing hydrogen fueling stations for fuel cell vehicles at industrial facilities;
  - (XIV) Converting fossil-fuel-powered pumps, compressors, and controllers to compressed air-driven or electric-driven pumps, compressors, and controllers;
  - (XV) Installing onsite energy storage;
  - (XVI) Installing or upgrading to utility service feed equipment to directly support the implementation of any of the electrification improvements set forth in this subsection (2)(e);
  - (XVII) Placing in service carbon management systems including direct air capture and other forms of carbon dioxide removal;
  - (XVIII) Material substitutions within industrial processes to reduce industrial process greenhouse gas emissions by a minimum of fifteen percent when compared to existing production practices;
- (XVIII.5) For income tax years commencing on or after January 1, 2026, embodied carbon investments, which are investments in the production of eligible materials, as defined in section 24-92-118 (2)(b), that result in the reduction of the eligible materials' cradle-to-gate embodied emissions, as established in policies created by the Colorado energy office, created in section 24-38.5-101, and in consultation with the office of the state architect. To qualify as an embodied carbon investment, an investment must result in a fifteen percent or greater reduction in cradle-to-gate embodied emissions of the eligible materials when compared to the eligible materials' cradle-to-gate baseline as established in standards and guidelines created by the Colorado energy office and in consultation with the office of the state architect. A cradle-to-gate measurement or baseline considers the life cycle stages for a product including, but not limited to, the raw material extraction and processing related to the product, and the transport to the manufacturer and manufacturing of the product.
- (XIX) Other similar purchases and improvements identified and set forth in the standards developed by the office pursuant to subsection (4) of this section that result in at least a twenty percent reduction in greenhouse gas emissions when compared to current technology, equipment, or production processes being deployed by the owner.
- (f) "Greenhouse gas emissions reduction plan" or "plan" means project implementation plans or specifications for the proposed greenhouse gas emissions reduction improvements to a qualified industrial facility that are sufficiently detailed to enable the office to evaluate whether the improvements are in compliance with the standards developed under this section and whether the plan will measurably reduce greenhouse gas emissions at a qualified industrial facility. The plan must include, but is not limited to, a property address, legal description, or other specific

location of the industrial facility, and must include information on the estimated costs for the proposed greenhouse gas emissions reduction improvements.

(g) (I) "Industrial facility" means any real property in the state, and the machinery or equipment on the real property, where the principal trade or business activity is the mechanical or chemical transformation of organic or inorganic substances into new products, characteristically using power-driven machines and materials handling equipment.

(II) "Industrial facility" does not include a landfill, an electric utility subject to regulation by the public utilities commission, or an upstream or mid-stream oil and gas operation.

(h) "Industrial process greenhouse gas emissions" means greenhouse gas emissions that occur as a result of the chemical or physical transformation of process input materials.

(i) "Industrial study" means an energy and emissions audit, a feasibility study, a pre-front-end or a front-end engineering design study that meets or exceeds the standards established by the office, or any other industrial studies as outlined in program standards adopted by the office.

(j) "Owner" means a person or developer of a project to be implemented at a qualified industrial facility subject to tax under this article 22 who applies for and claims the credit allowed by this section. For income tax years commencing on and after January 1, 2027, "owner" also includes a person or political subdivision of the state that is a developer of a project to be implemented at a qualified industrial facility and that is exempt from taxation under section 39-22-112 (1).

### **(3) Availability of credit and amount.**

(a) For income tax years commencing on or after January 1, 2024, but prior to January 1, 2033, there shall be allowed a credit with respect to the income taxes imposed pursuant to this article 22 to the owner of a qualified industrial facility in an amount equal to:

(I) The applicable percentage of the costs paid and approved by the office for completing an industrial study during the tax year in which the credit is claimed; except that the credit cannot be claimed in an amount exceeding one million dollars; or

(II) The applicable percentage of the capital costs paid by the owner, not including the cost for design, and approved by the office for certified greenhouse gas emissions reduction improvements that are placed in service during the tax year in which the credit is claimed; except that the credit must be claimed in an amount that is not less than seventy-five thousand dollars and does not exceed eight million dollars.

(b) (I) If the office approves the owner's industrial study or greenhouse gas emissions reduction plan and reserves credits under subsection (6) of this section, the office shall apply the applicable percentage of the costs paid for completing an industrial study or the capital costs paid for greenhouse gas emissions reduction improvements to calculate the amount of the credit that

the owner will receive for the tax year in which the industrial study is completed or the greenhouse gas emissions reduction improvements are placed in service.

(II) The office may on a case by case basis determine that the applicable percentage may be increased to an amount not to exceed fifty percent upon request by an owner for greenhouse gas emissions reduction improvements that have significant potential to significantly advance reductions in greenhouse gas emissions but may not be in the commercial stage of development. In evaluating such a request, the office may use United States department of energy technology readiness level criteria, scientific literature detailing potential decarbonization impacts of proposed technology, or subsequent literature on technology results to date to determine whether the requested increase of the applicable percentage sufficiently satisfies the office's criteria to justify the increase.

(c) An owner that claims the credit allowed by this section cannot, for the same greenhouse gas emission reduction improvements:

(I) Claim the credit allowed by section 39-30-104; or

(II) Receive grant money under the industrial and manufacturing operations clean air grant program created in section 24-38.5-116 (3)(a).

**(4) Office to develop standards.**

(a) The office shall develop standards for the approval of industrial facilities as qualified industrial facilities for which a tax credit under this section is allowed to an owner.

(b) The office shall develop standards for the approval of industrial studies, for the approval of an industrial facility owner's greenhouse gas emissions reduction plan, for certifying greenhouse gas emissions reduction improvements, including verification of reduction in greenhouse gas emissions, and for reviewing the cost certifications for the costs of the industrial study and the costs related to the implementation of a greenhouse gas emissions reduction improvements plan. The standards that are adopted pursuant to this subsection (4)(b), must provide that a plan propose greenhouse gas emissions reduction improvements that lead to direct reductions through project implementation.

(c) Any standards developed by the office under this subsection (4) must be posted on the office's website.

(d) The office may annually review and update as necessary standards adopted pursuant to this subsection (4).

**(5) Application and industrial study or plan submission.**

(a) An owner that intends to claim a credit pursuant to subsection (3)(a)(I) of this section shall submit to the office an application on a form prescribed by the office and any

documentation that the office requires to demonstrate the anticipated completion of an industrial study in the current or in a future tax year, including the cost of the industrial study and the amount of credit requested.

(b) An owner that intends to claim a tax credit pursuant to subsection (3)(a)(II) of this section shall submit to the office an application and plan as set forth in the standards developed by the office. The office shall prescribe a form for the application, which must include a place for owners to provide the following information:

(I) Detailed estimates of the capital costs for the proposed greenhouse gas emissions reduction improvements;

(II) Estimates of expected energy consumption avoided by the use of the greenhouse gas emissions reduction improvements;

(III) Estimated timing for the greenhouse gas emissions reduction improvements to be placed into service;

(IV) For carbon management projects, net reductions in greenhouse gas emissions;

(V) Estimated dollar savings;

(VI) Estimated dollars leveraged, including any private investment, state grant funding, and federal grants or tax credits;

(VII) The type and age of equipment being replaced, if applicable;

(VIII) The type and estimated life span of new equipment, if applicable;

(IX) The amount of credit requested; and

(X) Any other information as specified in the standards set forth by the office.

(c) (I) The office shall accept applications through June 30, 2024, and semi-annually through each December 31 and June 30 thereafter, through June 30, 2032.

(II) (A) The office shall review applications and documentation related to industrial studies to be conducted or plans for greenhouse gas emissions reduction improvements at a qualified industrial facility to determine that the application, documentation, and plan, if applicable, are complete and in compliance with the requirements of this section and the standards established by the office.

(B) If the office determines that the application, documentation, and plan, if applicable, are complete and in compliance, the office shall add the application to an evaluation pool for the application period.

(C) If the office determines that the application is incomplete or that it does not comply with the requirements of this section or the standards established by the office, the office shall remove the application from the review process and notify the owner in writing of its decision. An owner may resubmit a disapproved application, documentation, and plan, if applicable, to be evaluated in a future application period.

**(6) Merit-based review and reservation of credits.**

(a) (I) For each application period, the office shall conduct a merit-based evaluation of the applications that have been placed in the evaluation pool pursuant to subsection (5)(c)(II)(B) of this section. Before tax years beginning January 1, 2027, the office shall complete its review, and award reservations, within ninety days after the end of the application period. For income tax years commencing on or after January 1, 2027, the office shall complete its review, and award reservations, within one hundred twenty days after the end of the application period.

(II) Based upon the totality of the factors set forth in subsection (6)(c) of this section, the office may adjust the applicable percentage as provided in subsection (3)(b)(II) of this section and reserve for the benefit of each owner all, part, or none of the credit amount requested by the owner; except that the office shall not reserve an amount in excess of the credit allowed by subsection (3)(a) of this section, and the aggregate amount of credits reserved for all owners may not exceed the reservation limits set forth in subsection (8) of this section.

(III) The office may reserve credits for the current or any future tax year based upon the anticipated completion or in service date indicated in the application; except that credits may not be reserved for an industrial study completed or for greenhouse gas emissions reduction improvements placed in service prior to the end of the application period. The office shall not reserve tax credits for any tax year beginning on or after January 1, 2033.

(b) (I) If the office reserves credits for the benefit of an owner under subsection (6)(a) of this section, the office shall notify the owner of the reservation and the amount reserved. The reservation of tax credits does not entitle the owner to an issuance of any tax credit certificates until the owner complies with all of the requirements specified in this section, or by the office, for the issuance of a tax credit certificate.

(II) The office shall notify any owner for which it reserved no credit under subsection (6)(a) of this section of its decision in writing.

(III) If the office reserves less than the full amount of credit requested by the owner, the owner may submit a new application for the remaining balance up to the amount of credit allowed by subsection (3)(a) of this section in a future application period.

(c) (I) In conducting the merit-based review pursuant to subsection (6)(a) of this section, the office shall consider the factors set forth in this subsection (6)(c) in addition to any other factors the office may establish in its guidelines. The office may weigh the factors equally or differently.

(II) The office shall:

(A) Consider additional resources leveraged by the owner to conduct the industrial study or implement the plan; and

(B) Prioritize the location of the industrial facility that is the subject of the industrial study or the plan, in particular if the location is in a disproportionately impacted community or within a non-attainment area.

(III) In addition to the factors set forth in subsection (6)(c)(II) of this section, for an application that is requesting a reservation of credit for the credit allowed pursuant to subsection (3)(a)(II) of this section, the office shall also consider:

(A) The annual greenhouse gas emissions reduction impact, considering both the total impact and the per dollar impact for the amount of credit requested to be reserved;

(B) Any co-benefits of a project that will implement the plan with prioritization given to projects that limit the amount of pollutants emitted by emerging technologies, including projects that include electrification and use of renewable electricity;

(C) The readiness of a greenhouse gas emissions reduction improvement that will be implemented by the plan; and

(D) The innovative nature of the plan and proposed greenhouse gas emissions reduction improvements.

**(7) Proof of compliance - audit of cost certification - issuance of tax credit certificate.**

(a) Any owner receiving a reservation of tax credits under subsection (6) of this section for credits allowed pursuant to subsection (3)(a) of this section shall complete the approved industrial study or put the approved greenhouse gas emissions reduction improvements identified in the plan in service during the tax year for which the reservation is approved. When the approved industrial study is complete or the approved greenhouse gas emissions reduction improvements are placed in service, the owner shall notify the office of the completion of the industrial study or plan and shall provide the office with a cost certification of the costs for the approved industrial study or approved greenhouse gas emissions reduction improvements. The cost certification must be audited by a licensed certified public accountant that is not affiliated with the owner. The office shall review the cost certification and verify that it satisfies the information provided in the owner's application, including, if applicable, the plan, within ninety days after receipt of the cost certification. If the office determines that the industrial study is complete or that the plan is complete and that the greenhouse gas emissions reduction improvements have been placed in service, and the office approves the cost certification, the office shall issue a tax credit certificate in the amount allowed pursuant to subsection (3) of this section.

(b) Notwithstanding subsection (7)(a) of this section, the total amount of the initial tax credit certificate issued for an industrial study or certified greenhouse gas emissions reduction improvement must not exceed the amount of the tax credit reservation approved pursuant to subsection (6)(a) of this section.

(c) If the amount of certified costs incurred by the owner would result in an owner being issued an amount that exceeds the amount of tax credit reserved for the owner under subsection (6) of this section, the owner may apply to the office for the issuance of an amount of tax credits that equals the excess. The owner shall submit its application for issuance of such excess tax credits on a form prescribed by the office. The office shall review the application for an additional tax credit amount in the same manner it reviews all other applications and in accordance with subsection (6)(a) of this section. Subject to the availability of tax credits for the application period during which the owner applies for the additional credit award pursuant to this subsection (7)(c), the office may approve the application and shall issue a separate certificate.

**(8) Limit on aggregate amount of tax credits available to be reserved.**

(a) For the application period ending June 30, 2024, and for each semiannual application period commencing on or after July 1, 2024, but before July 1, 2028, the aggregate amount of all tax credits that may be reserved under subsection (6)(a) of this section and awarded under subsection (7)(c) of this section must not exceed eight million dollars. For application periods commencing on or after July 1, 2028, but before July 1, 2032, the aggregate amount of all tax credits that may be reserved under subsection (6)(a) of this section must not exceed twelve million dollars.

(b) Notwithstanding the provisions of subsection (8)(a) of this section, the office may increase the periodic aggregate amount of tax credits available for the application period ending June 30, 2024, and for any semiannual application period commencing on or after July 1, 2024, but before July 1, 2028. If so increased, the office shall decrease accordingly the amount of tax credits available for the application periods commencing on or after July 1, 2028, but before July 1, 2032.

(c) Notwithstanding the provisions of subsection (8)(a) of this section, if the aggregate amount of all tax credits reserved pursuant to subsection (6)(a) of this section and awarded pursuant to subsection (7)(c) of this section for an application period is less than the amount available under subsections (8)(a) and (8)(b) of this section, then the aggregate amount of all tax credits that may be reserved and awarded in the next application period is increased by the unreserved and unawarded amount.

(d) Notwithstanding the provisions of subsection (8)(a) of this section, for any semiannual application period commencing on or after July 1, 2026, the office may adjust the limits in subsection (8)(a) of this section as set forth in section 39-22-522 (4)(f).

(9) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each owner to which the office has issued a tax credit certificate, as allowed in subsection (7) of this section, for the preceding tax year that includes the following information:

- (a) The taxpayer's name;
- (b) The amount of the credit; and
- (c) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(10) **Guidelines.**

(a) In addition to the standards that the office is required to establish pursuant to subsection (4) of this section, the office may establish guidelines to implement this section. All guidelines established by the office must be posted on the office's website.

(b) The office shall maintain a database of any information necessary to evaluate the effectiveness of the tax credit allowed in this section in meeting the purpose set forth in subsection (1)(a) of this section and shall provide this information and any other information requested, if available, to the state auditor as part of the state auditor's evaluation of this tax expenditure required by section 39-21-305. Information provided by the office to the state auditor may include approved industrial studies or approved plans for greenhouse gas emissions reduction improvements.

(11) In order to claim the credit authorized by this section, the owner shall file the tax credit certificate with the owner's state income tax return. The amount of the credit that the owner may claim under this section is the amount stated on the tax credit certificate.

(12) (a) An owner shall submit a report to the office by the end of the first month after the end of any income tax year in which the owner received a tax credit under this section and shall annually submit a report for three years thereafter verifying the greenhouse gas emissions reduction improvements are, notwithstanding circumstances evaluated and determined by the office to be justified, in use at the location identified in the owner's application for a tax credit certificate and remain owned by the owner.

(b) If an owner was allowed a credit under this section and fails to demonstrate the greenhouse gas emissions reduction improvements are, notwithstanding circumstances evaluated and determined by the office to be justified, in use at the location identified in the owner's application for a tax credit certificate or are owned by the owner in any of the three taxable years immediately following the taxable year in which the greenhouse gas emissions reduction improvements were placed in service, the office shall notify the department in writing that the

credit allowed in this section must be disallowed for that owner. The owner shall add the amount of the disallowed credit to its return as a recaptured credit for the tax year in which the credit is disallowed pursuant to this subsection (12).

(13) If a credit authorized by this section exceeds the income tax due on the income of the owner for the taxable year, the excess credit may not be carried forward and must be refunded to the owner.

(14) This section is repealed, effective December 31, 2038.

**39-22-552. Tax credit for expenditures made in connection with a geothermal energy project - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses or individuals by providing a financial incentive for the development of thermal energy networks and electricity generation from geothermal sources.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the number and value of the credits claimed.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) (I) "Applicable amount" means, except as provided in subsection (2)(a)(II) of this section, an amount of tax credit not to exceed thirty percent of a qualified expenditure by an eligible taxpayer that is allowed pursuant to this section as set by the office in accordance with subsection (4)(c) of this section.

(II) The office may, on a case-by-case basis, determine that the applicable amount may be increased to an amount not to exceed fifty percent of a qualified expenditure by an eligible taxpayer if the office determines that a geothermal energy project has significant potential to result in geothermal electricity production or technological demonstration of geothermal electricity production.

(b) "Approved geothermal energy project" means a geothermal energy project that has been approved to receive qualified expenditures by the office pursuant to the standards developed by the office in accordance with subsection (5) of this section.

(c) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(d) "Department" means the department of revenue.

(e) "Eligible taxpayer" means any of the following people or entities that made a qualified expenditure:

(I) A person engaged in a trade or business that is subject to tax pursuant to this article 22;

(II) A person or political subdivision of this state that is exempt from tax pursuant to section 39-22-112 (1); or

(III) A tribal government.

(f) "Geothermal electricity project" or "project" means a project in the state that is intended to evaluate and develop a geothermal resource for the purpose of electricity production, that meets the standards developed pursuant to subsection (5) of this section, and that involves any of the following:

(I) The exploration and development of wells;

(II) Drilling exploration and confirmation wells;

(III) The use of any heat extracted with produced fluids in an oil and gas operation if the heat is only utilized to reduce emissions from the operation in the same location as the well from which it was produced and would otherwise not be economically feasible as a stand-alone geothermal energy project;

(IV) Drilling injection wells;

(V) Flow testing;

- (VI) Reservoir engineering;
  - (VII) Geothermal energy storage;
  - (VIII) Coproduction of geothermal energy, including for industrial uses or thermal energy networks;
  - (IX) Power generation equipment; or
  - (X) Studies to identify and explore resources that may be suitable for geothermal electricity generation and may include hydrogen generation or utilization of direct air capture technology.
- (f.5) "Geothermal energy project" means a geothermal electricity project, thermal energy network, or a thermal energy network study.
- (g) "Qualified expenditure" means the total monetary cost approved by the office and expended on or after January 1, 2024, but before January 1, 2033, by an eligible taxpayer in connection with an approved geothermal energy project in the tax year for which the credit allowed in this section is claimed.
- (h) "Thermal energy network" has the same meaning as set forth in section 39-22-554 (2)(n).
- (i) "Thermal energy network study" means an energy and emissions scoping study, a feasibility study, an investment grade energy audit, a detailed engineering design, or a combination of these options that meets or exceeds the standards established by the office.
- (j) "Tribal government" means a federally recognized Indian tribe, including its business operations and wholly owned entities, with reservation lands within the state of Colorado or operating within the state.
- (3) (a) For income tax years commencing on or after January 1, 2024, but before January 1, 2033, an eligible taxpayer that makes a qualified expenditure is allowed a credit against the tax imposed under this article 22 in the applicable amount and subject to the limitations set forth in subsection (3)(b) of this section.
- (b) An eligible taxpayer is not allowed a tax credit pursuant to this section in an aggregate amount of more than five million dollars in tax credits for all income tax years for which the tax credit may be claimed pursuant to this section per approved geothermal energy project.
- (4) (a) An eligible taxpayer shall submit an application in a form and manner determined by the office for a tax credit certificate for the credit allowed in this section. The application must include:
- (I) Information sufficient for the office to evaluate the geothermal energy project for which the eligible taxpayer proposes making an expenditure and to approve the project if the project has not been previously approved by the office;

- (II) Information related to the specific costs associated with the proposed expenditure;
- (III) Estimated timing for the proposed expenditure to be made by the eligible taxpayer;
- (IV) The amount of credit requested; and
- (V) Any other information as specified in the standards set forth by the office.

(b) (I) The office shall accept applications through June 30, 2024, and semi-annually through each December 31 and June 30 thereafter, through June 30, 2032.

(II) (A) The office shall review applications and documentation provided pursuant to subsection (4)(a) of this section to determine whether the application and documentation are complete and in compliance with the requirements of this section and the standards established by the office.

(B) If the office determines that the application and documentation are complete and in compliance with the requirements of this section and the standards established by the office, the office shall add the application to the evaluation pool for the application period.

(C) If the office determines that the application or documentation, or both, are not complete or do not comply with the requirements of this section or the standards established by the office, the office shall remove the application from the review process and notify the taxpayer in writing of its decision. A taxpayer may resubmit a disapproved application and documentation to be evaluated in a future application period.

(c) (I) (A) For each application period, the office shall conduct a merit-based evaluation of the application in the evaluation pool. The office shall complete its review and award reservations within ninety days after the end of the application period.

(B) Based upon the totality of the factors set forth in subsection (4)(d) of this section and based on considerations required for geothermal energy projects as set forth in subsection (5) of this section, which the office may weigh equally or differently, the office shall determine an applicable amount of credit that may be reserved for the benefit of the eligible taxpayer which may be all, part, or none of the credit amount requested in the eligible taxpayer's application; except that the office shall not reserve an amount in excess of the limitations set forth in subsection (3)(b) of this section, and, except as provided in subsection (4)(f) of this section, the aggregate amount of credits reserved for all owners must not exceed thirty-five million dollars for all taxpayers in all years the credit is allowed.

(C) The office may reserve credits for the current or any future tax year based upon the anticipated timing of the expenditure; except that credits may not be reserved for an expenditure that is made prior to the end of the application period. The office shall not reserve credits for any tax year beginning on or after January 1, 2033.

(II) (A) If the office reserves credits for the benefit of an eligible taxpayer pursuant to subsection (4)(c)(I) of this section, the office shall notify the owner of the reservation and the amount reserved.

(B) The office shall notify any taxpayer for which it reserved no credit pursuant to subsection (4)(c)(I) of this section of its decision in writing.

(C) If the office reserves less than the full amount of credit requested by the taxpayer, the taxpayer may submit a new application for the remaining balance up to the limitation of the credit set forth in subsection (3)(b) of this section.

(d) In conducting the merit-based review pursuant to subsection (4)(c) of this section, the office shall consider the following factors in addition to any other factors that the office may establish in its standards:

(I) The workforce development and geothermal sector growth that the expenditure in the project will promote, including supporting workforce transition;

(II) Whether the project the expenditure is made in connection with demonstrates effective and unique technology and circumstances that are supported by public outreach and education;

(III) Demonstration of community resilience through utilization of geothermal energy in support of building heating and cooling decarbonization or enhancement of electric grid resiliency, including for dispatchability and energy storage, especially for rural or isolated communities; and

(IV) Whether the project the expenditure is made in connection with serves a disproportionately impacted community or a just transition community or is within a non-attainment area.

(e) (I) The reservation of tax credits does not entitle an eligible taxpayer to an issuance of any credits until the eligible taxpayer provides the office with any documentation required by the office and a cost certification of the expenditure made in connection with an approved geothermal energy project during the tax year in which the reservation is approved. The cost certification must be audited by a licensed public accountant that is not affiliated with the eligible taxpayer. The office shall review the cost certification to verify that it satisfies the information provided in the eligible taxpayer's application. If the office determines that the eligible taxpayer made a qualified expenditure, the office shall issue a tax credit certificate in the applicable amount.

(II) If the applicable amount of qualified expenditures made by the eligible taxpayer is less than the amount reserved pursuant to subsection (4)(c) of this section, the office may reserve the excess credit for the benefit of the eligible taxpayer for a future tax year or reserve the excess for

the benefit of another applicant as set forth in subsection (4)(c) of this section; except that the office shall not reserve credits for any tax year beginning on or after January 1, 2033.

(f) (I) Beginning July 1, 2026, the office may increase the limit on the aggregate amount of credits reserved for all owners set forth in subsection (4)(c)(I)(B) of this section to the extent of the excess of the aggregate amount of credit available pursuant to section 39-22-551 (8)(b) over the amount of credits reserved or awarded by the office pursuant to section 39-22-551 (6)(a) or (7)(c), respectively. The office shall decrease accordingly the aggregate amount of credit available pursuant to section 39-22-551 (8)(b).

(II) Beginning July 1, 2026, the office may increase the aggregate amount of credit available pursuant to section 39-22-551 (8)(b) by any amount not reserved or allowed pursuant to this subsection (4). The office shall decrease accordingly the limit on the aggregate amount of credits reserved for all owners set forth in subsection (4)(c)(I)(B) of this section.

(5) The office shall develop standards for the implementation of the tax credit allowed pursuant to this section. Any standards developed by the office must be posted on the office's website. At a minimum, the standards must provide for the evaluation and approval of geothermal energy projects and require the office to consider whether the project:

(a) Demonstrates technology to further the adoption of clean, firm carbon-free electricity derived from geothermal energy in the state;

(b) Supports replicable, cost-effective reduction outcomes to stimulate the geothermal sector or otherwise expand geothermal energy capacity in the state; and

(c) Directly, or through technological demonstration evaluated and approved by the office, will lead to measurable greenhouse gas reduction outcomes for the state.

(6) (a) The office shall maintain a database of any information necessary to evaluate the effectiveness of the tax credit allowed in this section in meeting the purpose set forth in subsection (1)(a) of this section and shall provide such information, and any other information that may be needed, if available, to the state auditor as part of the state auditor's evaluation of this tax expenditure required by section 39-21-305.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each eligible taxpayer to which the office issued a tax credit certificate for the preceding tax year that includes the following information:

(I) The taxpayer's name;

(II) The amount of the credit; and

(III) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(7) An eligible taxpayer that claims the credit allowed by this section may not claim the credit allowed by section 39-30-104 for the same project.

(8) In order to claim the credit authorized by this section, an eligible taxpayer shall file the tax credit certificate with the qualified entity's state income tax return and, if the eligible taxpayer is exempt from tax pursuant to section 39-22-112 (1), the eligible taxpayer shall file a return pursuant to section 39-22-601 (7)(b). The amount of the credit that the eligible taxpayer may claim pursuant to this section is the amount stated on the tax credit certificate.

(9) If a credit authorized in this section exceeds the income tax due on the income of the eligible taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the eligible taxpayer.

(10) This section is repealed, effective December 31, 2038.

**39-22-553. Geothermal electricity generation production tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses or individuals by providing a financial incentive for production of geothermal electricity generation and related infrastructure.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the information

required to be maintained by and reported to the state auditor by the office pursuant to subsection (4)(b)(I) of this section and based on the number and value of the credits claimed.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(b) "Department" means the department of revenue.

(c) "Qualified entity" means any of the following people or entities that produce electricity derived from geothermal energy for sale or use:

(I) A person engaged in a trade or business that is subject to tax pursuant to this article 22;

(II) A person or political subdivision of this state that is exempt from tax pursuant to section 39-22-112 (1); or

(III) A tribal government.

(d) "Tribal government" means a federally recognized Indian tribe, including its business operations and wholly owned entities, with reservation lands within the state of Colorado or operating within the state.

(3) For income tax years commencing on or after January 1, 2024, but before January 1, 2033, a qualified entity is allowed a credit against the income taxes imposed by this article 22 in an amount equal to three one-thousandths of a dollar per kilowatt hour of geothermal electricity that is produced by the qualified entity in the state in the tax year. In order to claim the credit, the qualified entity shall apply for and receive a tax credit certificate from the office pursuant to subsection (4) of this section.

(3.5) The office shall annually review and evaluate the effectiveness of the tax credit and may modify the amounts set forth in subsection (3) of this section. The office shall maintain the current applicable tax credit on its website and shall provide the applicable tax credit in writing to the department no later than December 31, 2024, and each December 31 thereafter through December 31, 2031.

(4) (a) A qualified entity shall submit an application to the office for a tax credit certificate to claim the tax credit allowed by this section on a form and in a manner prescribed by the office. The application must include sufficient information to allow the office to determine that the applicant is a qualified entity and to certify the amount of the tax credit for which the tax credit certificate is applied.

(b) (I) The office shall maintain a database of any information necessary to evaluate the effectiveness of the tax credit allowed by this section in meeting the purpose set forth in subsection (1)(a) of this section, and shall provide such information, and any other information

that may be needed, if available, to the state auditor as part of the state auditor's evaluation of this tax expenditure pursuant to section 39-21-305.

(II) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified entity to which the office issues a tax credit certificate for the preceding tax year that includes the following information:

- (A) The taxpayer's name;
- (B) The amount of the credit; and
- (C) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(5) In order to claim the credit authorized by this section, the qualified entity shall file the tax credit certificate with the qualified entity's state income tax return and, if the qualified entity is exempt from tax pursuant to section 39-22-112 (1), the qualified entity shall file a return pursuant to section 39-22-601 (7)(b). The amount of the credit that the qualified entity may claim pursuant to this section is the amount stated on the tax credit certificate.

(6) A qualified entity that claims the credit allowed by this section may not claim the credit allowed by section 39-30-104 for the same project.

(7) If a credit authorized in this section exceeds the income tax due on the income of the qualified entity for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified entity.

(8) This section is repealed, effective December 31, 2038.

**39-22-554. Heat pump technology and thermal energy network tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses or individuals by providing a financial incentive for the installation of heat pump technology and the use of heat pump technology and thermal energy networks.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the number and value of the credits claimed.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) (I) "Air-source heat pump system" means a system that:

(A) Is certified pursuant to the federal environmental protection agency's energy star program;

(B) Repealed.

(C) Is listed in the Air-conditioning, Heating, and Refrigeration Institute directory of certified product performance as a matched system;

(D) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications; and

(E) Is installed in accordance with the manufacturer's specifications.

(II) "Air-source heat pump system" may include supplemental heat so long as:

(A) The air-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of total annual heating for the building; and

(B) The system is capable of distributing produced heat to all conditioned areas of the building.

(III) Repealed.

(b) "Applicable percentage" means a percentage annually established by the office as specified in subsection (4) of this section.

(c) (I) "Campus" means a collection of two or more buildings that are owned and operated by the same person, that have a shared purpose and function as a single property, that do not lease space to tenants, and that do not provide energy or heat services for a fee.

(II) "Campus" includes two or more of the buildings that comprise the capitol complex, as defined in section 24-82-101 (3)(f).

(c.5) "Cold-climate heat pump" means a type of air-source heat pump system that:

(I) Meets the qualification criteria of the federal environmental protection agency's Energy Star program's cold-climate heat pump designation or meets the highest tier of the Consortium for Energy Efficiency's northern air-source heat pump specifications, not including an advanced tier;

(II) Is installed with controls that set a crossover temperature specified by guidelines established by the office pursuant to subsection (7) of this section;

(III) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(IV) Is installed in accordance with the manufacturer's specifications; and

(V) Is listed in the Air-conditioning, Heating, and Refrigeration Institute directory of certified product performance as a matched system.

(d) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(d.5) "Crossover temperature" means the point that a heat-pump-based HVAC system switches either partially or fully from the heat pump to a supplementary heating source.

(e) "Department" means the department of revenue.

(f) "Eligible taxpayer" means a taxpayer that meets the requirements for and is included on the list of eligible taxpayers described in subsection (5) of this section.

(g) (I) "Ground-source heat pump system" means a system that:

(A) Is certified pursuant to the federal environmental protection agency's energy star program;

(B) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(C) Has blowers that are high-efficiency motors that meet or exceed efficiency levels listed in the National Electrical Manufacturers Association MG 1-1993 publication;

(D) Complies with all state and local drinking water guidelines and regulations and public water system requirements; and

(E) Is installed in accordance with the manufacturer's specifications.

(II) "Ground-source heat pump system" may include supplemental heat so long as:

(A) The ground-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of total annual heating for the building; and

(B) The system is capable of distributing produced heat to all conditioned areas of the building.

(III) and (IV) Repealed.

(g.5) "Heat pump" means an electrically powered mechanical device that uses the refrigeration cycle to transfer thermal energy from one location to another.

(h) "Heat pump technology" means an air-source heat pump system, ground-source heat pump system, water-source heat pump system, variable refrigerant flow heat pump system, any combination of these systems, or a heat pump water heater.

(i) (I) "Heat pump water heater" means an electric water heater that uses heat pump technology to transfer heat from the surrounding air to water in a tank and that is certified pursuant to the federal environmental protection agency's Energy Star program.

(II) "Heat pump water heater" may include:

(A) An electric resistance heating element; and

(B) Mechanical and electrical equipment central to the operation of a heat pump water heater, including an upgraded electrical panel if necessary.

(i.5) Repealed.

(j) "List" means the list of eligible taxpayers created by the office as specified in subsection (5) of this section.

(k) "Multifamily property" means a building with multiple separate housing units for residential inhabitants including a residential building that is a duplex, triplex, or multi-structure of four or more units.

(l) "Taxpayer" means a person subject to tax pursuant to this article 22 or a person or political subdivision of this state that is exempt from tax pursuant to section 39-22-112 (1).

(m) (I) "Thermal energy" means piped, noncombustible fluids used for adding or removing heat from buildings for the purpose of efficient building temperature control and domestic hot water, including space heating and cooling and refrigeration.

(II) "Thermal energy" includes methods of exchanging the piped, noncombustible fluids through the ground, wastewater treatment facilities, or other sources that achieve desired fluid temperatures; except that any source of thermal energy for this purpose must:

(A) Not cause incremental greenhouse gas emissions or rely on increased, long-term combustion of fossil fuels; and

(B) Be evaluated by the office to protect against increased emissions of harmful co-pollutants, negative impacts to communities including to disproportionately impacted communities, as defined in section 24-4-109 (2)(b)(II), and the risk of stranded assets, if the thermal energy is from any industrial source including a system for which the primary purpose is to generate electricity, including any process involving engine-driven generation.

(n) "Thermal energy network":

(I) Means all real estate, fixtures, and personal property that are operated, owned, used, or intended to be used for, in connection with or to facilitate, a distribution infrastructure project that supplies thermal energy to two or more buildings that are not a campus and that assists in reducing greenhouse gas emissions in the state;

(II) Consists of pipe loops between multiple buildings and energy sources carrying piped, noncombustible fluids at the desired thermal temperature;

(III) Includes a network that can be used for heating, cooling, and other building services; and

(IV) May also be known as a geothermal exchange district, networked geothermal system, geoexchange system, geogrid system, community geothermal heating and cooling district, or geothermal heating district.

(o) "Thermal energy system" includes a geothermal system or other method of exchanging the piped, noncombustible fluids through the ground, wastewater treatment facilities, or other sources of thermal energy that achieve desired fluid temperatures.

(p) (I) "Variable refrigerant flow heat pump system" means a system that:

(A) Is certified pursuant to the federal environmental protection agency's energy star program;

(B) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(C) Has blowers that are high-efficiency motors that meet or exceed efficiency levels listed in the National Electrical Manufacturers Association MG 1-1993 publication;

(D) Complies with all state and local drinking water guidelines and regulations and public water system and wastewater system requirements; and

(E) Is installed in accordance with the manufacturer's specifications.

(II) "Variable refrigerant flow system" may include supplemental heat so long as:

(A) The variable refrigerant flow system is used as the primary source of a building's heat and is designed to supply at least eighty percent of the total annual heating for the building; and

(B) The system is capable of distributing produced heat to all conditioned areas of the building.

(III) Repealed.

(q) (I) "Water-source heat pump system" means a system that:

(A) Is certified pursuant to the federal environmental protection agency's Energy Star program;

(B) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(C) Has blowers that are high-efficiency motors that meet or exceed efficiency levels listed in the National Electrical Manufacturers Association MG 1-1993 publication;

(D) Complies with all state and local drinking water guidelines and regulations and public water system and wastewater system requirements; and

(E) Is installed in accordance with the manufacturer's specifications.

(II) "Water-source heat pump system" may include supplemental heat so long as:

(A) The water-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of the total annual heating for the building; and

(B) The system is capable of distributing produced heat to all conditioned areas of the building.

(III) Repealed.

(3) (a) For income tax years commencing on or after January 1, 2024, but before January 1, 2033, an eligible taxpayer that installs heat pump technology in a building in the state, on a campus in the state, or develops, through purchase and installation of necessary equipment, a thermal energy network in the state is allowed a credit against the tax imposed under this article 22 in an amount set forth in subsection (3)(c) of this section in the tax year that the heat pump technology or thermal energy network is placed into service.

(b) In order to qualify for the tax credit allowed under this section the eligible taxpayer shall provide a discount from the amount charged for the installation of heat pump technology or a thermal energy network in an amount equal to the amount of the credit set forth in subsection (3)(c) of this section minus the applicable percentage of the credit, and shall show the discount as a separate item on the receipt or invoice; except that the requirement in this subsection (3)(b) does not apply to an eligible taxpayer who installs their own heat pump technology or thermal energy network.

(c) Subject to the modifications set forth in subsection (3)(d) of this section and the annual review required pursuant to subsection (3)(e) of this section and except as otherwise provided in subsection (3)(f) of this section, the amount of the credit allowed pursuant to this section is calculated as follows:

(I) For the installation of an air-source heat pump system or for a variable refrigerant flow heat pump system:

(A) For tax years commencing on or after January 1, 2024, but before January 1, 2026, one thousand five hundred dollars;

(B) For tax years commencing on or after January 1, 2026, but before January 1, 2029, one thousand dollars; and

(C) For tax years commencing on or after January 1, 2029, but before January 1, 2033, five hundred dollars;

(II) For the installation of a ground-source heat pump system, water-source heat pump system, a combined air-source and ground-source heat pump system, a combined water-source and ground-source heat pump system, a combined variable refrigerant flow and ground-source heat pump system, or a combined variable refrigerant flow and water-source heat pump system:

(A) For tax years commencing on or after January 1, 2024, but before January 1, 2026, three thousand dollars;

(B) For tax years commencing on or after January 1, 2026, but before January 1, 2029, two thousand dollars; and

(C) For tax years commencing on or after January 1, 2029, but before January 1, 2033, one thousand dollars; and

(III) For the installation of a heat pump water heater:

(A) For tax years commencing on or after January 1, 2024, but before January 1, 2026, five hundred dollars; and

(B) For tax years commencing on or after January 1, 2026, but before January 1, 2033, two hundred fifty dollars.

(d) Notwithstanding the amounts set forth in subsection (3)(c) of this section, the amount of the credit allowed by this section may be modified as follows:

(I) For heat pump technology installed at a multifamily property, unless the heat pump technology is installed for an individual unit by the eligible taxpayer for use by the occupant of the individual unit, the amount of the credit is the amount of the credit permitted pursuant to subsection (3)(c) of this section multiplied by the number of units in the multifamily property that will utilize the heat pump technology;

(II) For a nonresidential building, the amount of the credit is the amount of the credit permitted pursuant to subsection (3)(c) of this section multiplied by the number of increments of four tons of heating capacity; and

(III) For a thermal energy network or for a campus, the amount of the credit is the amount of the credit permitted pursuant to subsection (3)(c) of this section multiplied by the total number of residential buildings and multifamily property units networked in a single system, plus the credit determined for each nonresidential building networked in the system pursuant to subsection (3)(d)(II) of this section.

(e) The office shall annually review and evaluate the effectiveness of the tax credits and may, for the subsequent tax year:

(I) Modify the amounts set forth in subsection (3)(c) of this section; and

(II) Establish, modify, or remove limits on the credits calculated pursuant to subsection (3)(d) of this section.

(f) (I) If the June 2025 revenue forecast, as prepared by either legislative council staff or the office of state planning and budgeting, projects that state revenues, as defined in section 24-77-103.6 (6)(c), will not increase by at least four percent for the next fiscal year, the amount of the credit allowed pursuant to subsection (3)(c)(I)(B), (3)(c)(I)(C), (3)(c)(II)(B), (3)(c)(II)(C), or (3)(c)(III)(B) of this section, as may be modified by subsections (3)(d) and (3)(e) of this section, for any tax year commencing in the calendar year that begins during said next fiscal year is reduced by fifty percent if the heat pump technology is installed at an existing residential or nonresidential building; except that if the amount of the reduced credit is equal to or less than two hundred fifty dollars, then no credit is available for that income tax year.

(II) This subsection (3)(f) is repealed, effective December 31, 2031.

(4) An eligible taxpayer may retain an applicable percentage of the amount of the tax credit allowed under subsection (3)(c) of this section to support the industry-wide adoption and deployment of heat pump technologies in the state. The office shall annually determine the applicable percentage, which must be the same for each eligible taxpayer, pursuant to guidelines established by the office. The office shall maintain the current applicable percentage on its

website and shall provide the applicable percentage in writing to the department no later than December 31, 2023, and each December 31 thereafter through December 31, 2031.

(5) (a) The office shall create, and update at least annually, a list containing the names and contact information of eligible taxpayers. To become an eligible taxpayer, and be included on the list described in this subsection (5), a taxpayer shall demonstrate to the office that the taxpayer and any of its employees who will be installing heat pump technology or thermal energy networks:

(I) Are licensed as required by the state;

(II) Are knowledgeable of and agree to follow the relevant system requirements set forth in subsections (2)(a), (2)(c.5), (2)(g), (2)(h), (2)(i), (2)(m), (2)(n), (2)(p), and (2)(q) of this section;

(III) Repealed.

(III.5) Have received training pursuant to the guidelines issued by the office pursuant to subsection (7) of this section;

(IV) Will, where applicable, ensure that all piping for a split system is installed by technicians certified to the NITC R78 brazing procedure and trained in the safe handling of flammable refrigerants; and

(V) Will meet any additional standards established by the office in its guidelines.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, annually provide a secure electronic copy of the list described in subsection (5)(a) of this section to the department that includes the social security number or Colorado account number and federal employer identification number of each eligible taxpayer.

(c) The office shall maintain a current copy of the list on its website.

(d) (I) Every eligible taxpayer shall keep and maintain for a period of four years such books and records as may be necessary to determine that:

(A) It is an eligible taxpayer;

(B) It and any of its employees who will be installing heat pump technology or thermal energy networks meet the requirements described in subsection (5)(a) of this section;

(C) The credit it claimed pursuant to this section was for the installation of heat pump technology or thermal energy networks in this state; and

(D) The amount of the credit was properly calculated under subsection (3) of this section.

(II) (A) The office shall periodically examine a sample of the eligible taxpayers on the list described in this subsection (5) to substantiate that the eligible taxpayers are meeting the office's standards and properly claiming the credit allowed by this section. Every eligible taxpayer shall produce the books and records described in subsection (5)(d)(I) of this section for examination at any time by the office.

(B) If the office determines that an eligible taxpayer is no longer meeting the standards, the office shall notify the taxpayer in writing that they are no longer eligible, remove the ineligible taxpayer from the list, update the list on its website, and promptly notify the department in writing of its decision.

(C) If the office determines that a taxpayer was not eligible for all or part of the credit claimed, the office shall notify the department in writing of its decision. The department shall issue the taxpayer a notice of deficiency for the unpaid tax owed, together with applicable penalties and interest, and proceed to collect the deficiency in the same manner as other tax deficiencies.

(6) The office shall maintain a database of any information necessary to evaluate the effectiveness of the tax credit allowed in this section in meeting the purpose set forth in subsection (1)(a) of this section, and shall provide such information, and any other information that may be needed, to the state auditor as part of the state auditor's evaluation of this tax expenditure pursuant to section 39-21-305.

(7) The office may establish guidelines to implement this section. All guidelines established by the office must be posted on the office's website.

(8) If a credit authorized by this section exceeds the income tax due on the income of the eligible taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the eligible taxpayer or the installer.

(9) This section is repealed, effective December 31, 2038.

**39-22-555. Electric bicycle tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers, specifically the purchase of electric bicycles, and to provide tax relief to certain businesses, specifically retailers, that provide a discount on the sale of an electric bicycle.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the information required to be maintained by and reported to the state auditor by the office and the department pursuant to subsection (4)(b) of this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(b) "Department" means the department of revenue.

(c) "Electric bicycle" has the same meaning as "electrical assisted bicycle" as set forth in section 42-1-102 (28.5). "Electric bicycle" includes an electric adaptive bicycle.

(d) "Purchase price" has the same meaning as set forth in section 39-26-102 (7).

(e) "Qualified electric bicycle" means an electric bicycle that satisfies the standards for approval developed by the Colorado energy office pursuant to subsection (4)(a)(I) of this section.

(f) "Qualified purchaser" means a person who is a resident of the state and who has not previously purchased a qualified electric bicycle that was discounted by a qualified retailer claiming a tax credit allowed by this section for the retail sale in the same income tax year.

(g) "Qualified retailer" means a retailer that sells qualified electric bicycles and:

(I) Holds a state sales tax license;

(II) Has timely filed a monthly sales tax return showing a tax liability for at least twelve months;

- (III) Has paid the taxes due on the monthly sales tax return;
- (IV) Has registered with the department pursuant to subsection (3)(e)(III) of this section; and
- (V) Has not been disqualified by the department pursuant to subsection (4)(c) of this section.
- (h) "Retailer" has the same meaning as set forth in section 39-26-102 (8).

(3) (a) Except as otherwise provided in subsection (6) of this section, for income tax years commencing on or after January 1, 2024, but before January 1, 2033, a qualified retailer is allowed a credit against the tax imposed pursuant to this article 22 in an amount equal to five hundred dollars for each retail sale of new qualified electric bicycles sold in the state during the income tax year to a qualified purchaser; except that for the income tax year commencing on January 1, 2024, the credit is allowed only for retail sales made on or after April 1, 2024, but on or before December 31, 2024.

(b) In order to qualify for the tax credit allowed pursuant to this section, the qualified retailer shall provide to the qualified purchaser at the time of the retail sale of the new qualified electric bicycle a discount on the purchase price of the qualified electric bicycle equal to the lesser of four hundred fifty dollars or the purchase price and shall show the discount as a separate item on the receipt or invoice provided to the qualified purchaser. Except as otherwise provided in subsection (4)(a)(II) of this section, the qualified retailer shall, at the time of the retail sale, collect from a purchaser an affidavit on forms prescribed by the office affirming that the purchaser is a qualified purchaser.

(c) To determine whether a qualified retailer sold new qualified electric bicycles in the state, the rules set forth in section 39-26-104 (3)(a) apply.

(d) The qualified retailer may retain from the credit allowed in this section an administrative fee not to exceed fifty dollars for providing the discount.

(e) (I) The qualified retailer shall electronically submit a report to the department on a quarterly basis in a form and manner required by the department that details the number of new qualified electric bicycles sold by the qualified retailer in the reporting period for which the qualified retailer provided a discount as described in subsection (3)(b) of this section, and that includes any other information the executive director of the department may require. The qualified retailer shall submit with the quarterly report required by this subsection (3)(e)(I) the affidavits from qualified purchasers that the qualified retailer is required to collect pursuant to subsection (3)(b) of this section and the office shall inspect the affidavits to determine that retail sales have been made to qualified purchasers.

(II) For income tax years commencing on or after January 1, 2025, the qualified retailer may elect advance payments of the credit allowed pursuant to this section as specified in section 39-22-629.

(III) Prior to selling a qualified electric bicycle for which a retailer intends to claim a credit pursuant to this section, the retailer shall:

(A) Register as a qualified retailer by filing with the department a registration statement in the form and manner prescribed by the department and receive approval of their registration from the department; and

(B) Provide the office detailed information as the office may require regarding each model of qualified electric bicycle the retailer intends to sell for the credit allowed by this section. The office may require a qualified retailer to periodically update the information required by this subsection (3)(e)(III)(B).

(IV) A qualified retailer may authorize the office to publicize the qualified retailer's intention to sell qualified electric bicycles pursuant to this section on the office's website.

(4) (a) (I) The office shall develop standards for determining allowable electric bicycle manufacturers for purposes of determining the type of electric bicycle that is a qualified electric bicycle eligible for the tax credit allowed pursuant to this section. The office shall consider the design and manufacture of allowable electric bicycles and certification of allowable electric bicycles for compliance with consensus safety standards, such as the ANSI/CAN/UL 2849 standard for safety for electrical systems for electric bicycles or similar, in order to determine that an electric bicycle is a qualified electric bicycle. The office may annually review the standards. The standards must be posted on the office's website.

(II) If on or before June 30, 2025, the office determines, in connection with its inspection of the affidavits required pursuant to subsection (3)(b) of this section, that a registration process is needed and would be cost effective in curtailing fraud or abuse related to claiming the credit allowed under this section, the office shall develop a process in lieu of the affidavits for purchasers to register as qualified purchasers, through the office and prior to purchasing a qualified electric bicycle from a qualified retailer, by affirming the purchaser's residency and that the purchaser has not previously purchased a qualified electric bicycle that was discounted pursuant to this section in the same income tax year. The process must allow for a qualified retailer to access qualified purchaser information in order to confirm a purchaser is a qualified purchaser.

(b) Pursuant to section 39-21-304 (3), and for the purpose of providing data that allows the effectiveness of the tax credit allowed pursuant to this section to be measured, the department, on or before January 1, 2025, and on or before January 1 of each year thereafter through January 1, 2034, shall provide to the state auditor information that details the number of sales of new qualified electric bicycles for which credits are claimed as reported by taxpayers claiming the credit for consideration during the state auditor's evaluation of this tax expenditure pursuant to section 39-21-305.

(c) (I) After the notice and hearing held in accordance with sections 24-4-104 and 24-4-105, the department may disqualify a qualified retailer if the department determines:

(A) The qualified retailer requested advance payment or claimed a credit with respect to a transaction that does not qualify for the credit allowed by this section;

(B) The qualified retailer provided false or misleading information to the department or the office;

(C) The qualified retailer failed to comply with the requirements set forth in subsection (3)(e)(III)(B) of this section; or

(D) The qualified retailer no longer holds a sales tax license.

(II) The department may consult with the office for the purpose of making a determination pursuant to this subsection (4)(c).

(III) A retailer that has been disqualified pursuant to this subsection (4)(c) may not reapply to be a qualified retailer. The department shall not approve a registration submitted by a disqualified retailer.

(IV) Upon notification by the department of a retailer's disqualification, the office shall remove the disqualified retailer from the list published pursuant to subsection (3)(e)(IV) of this section.

(5) If a credit authorized by this section exceeds the income tax due on the income of the qualified retailer for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified retailer.

(6) (a) If the June 2025 revenue forecast, as prepared by either legislative council staff or the office of state planning and budgeting, projects that state revenues, as defined in section 24-77-103.6 (6)(c), will not increase by at least four percent for the next fiscal year, the amount of the credit allowed pursuant to this section, the discount required pursuant to subsection (3)(b) of this section, and the administrative fee allowed pursuant to subsection (3)(d) of this section for any tax year commencing in the calendar year that begins during said next fiscal year, is reduced by fifty percent.

(b) This subsection (6) is repealed, effective December 31, 2031.

(7) The office shall provide technical assistance to ensure that qualified retailers have access to low-cost financing to support them in claiming the credit allowed under this section.

(8) This section is repealed, effective December 31, 2038.

**39-22-556. Tax credit for sustainable aviation fuel production facility - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of this tax expenditure is to induce certain designated behavior by taxpayers, specifically the construction of sustainable aviation fuel production facilities in the state, by providing tax relief for certain businesses and individuals that construct or operate these facilities in the state.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1)(a) of this section based on the information required by and reported to the department pursuant to subsection (7) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(b) "Department" means the department of revenue.

(c) "Qualified taxpayer" means a taxpayer that is an aviation business, a sustainable aviation fuel producer, or an airport.

(d) "Sustainable aviation fuel" has the same meaning as set forth in section 40B (d) of the internal revenue code.

(e) "Sustainable aviation fuel production facility" means:

(I) A facility which produces sustainable aviation fuel; or

(II) A facility directly related to enabling the production or distribution of sustainable aviation fuel as determined under the standards established by the office.

(f) "Taxpayer" means a person subject to tax pursuant to this article 22.

(3) (a) For tax years commencing on or after January 1, 2024, but before January 1, 2027, a qualified taxpayer is allowed a credit against the income tax imposed under this article 22 for an amount of the actual cost paid to construct, reconstruct, or erect a sustainable aviation fuel production facility in the state equal to:

(I) Thirty percent for a facility for which construction begins on or after January 1, 2024, but before January 1, 2027;

(II) to (IV) (Deleted by amendment, L. 2026.)

(b) The credit allowed by subsection (3)(a) of this section is allowed for the tax year in which the sustainable aviation fuel production facility is placed in service.

(4) (a) A qualified taxpayer shall submit an application to the office for a tax credit certificate to claim the credit allowed by this section on a form and in a manner prescribed by the office. The application must include information to allow the office to make a determination that the applicant is a qualified taxpayer and that the amount for which the tax credit certificate is applied is the actual cost paid to construct, reconstruct, or erect a sustainable aviation fuel production facility in the state for which a credit is allowed by this section.

(b) The aggregate amount of all tax credit certificates issued by the office pursuant to this subsection (4) must not exceed one million dollars for the 2024 income tax year and two million dollars per year for the 2025 and 2026 income tax years.

(c) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified taxpayer that the office approved for the income tax credit allowed in this section for the preceding calendar year that includes the following information:

(I) The taxpayer's name;

(II) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number; and

(III) The amount of the tax credit certificate.

(5) (a) The office shall develop standards for the approval of qualified taxpayers for which a tax credit under this section is allowed.

(b) The office shall develop standards for the approval of the construction, reconstruction, or erection of a sustainable aviation fuel production facility in the state and for reviewing the cost certification for the costs related to the construction, reconstruction, or erection of the sustainable aviation fuel production facility. In the standards, the office shall determine the manner in which a taxpayer will demonstrate actual costs for purposes of calculating the amount of the tax credit

set forth in the tax credit certificate issued by the office to the taxpayer; except that actual costs must not include legal fees, land cost, or design costs.

(c) The standards developed by the office under this subsection (5) must be posted on the office's website.

(6) (a) A qualified taxpayer shall submit a report to the office by the end of the first month after the end of any income tax year in which the qualified taxpayer received a tax credit under this section and shall annually submit a report for three years thereafter reporting sustainable aviation fuel production and total fuel production for the facility.

(b) If the sustainable aviation fuel production of a facility for which a qualified taxpayer was allowed a credit under this section comprises less than sixty percent of the total fuel production of the facility in any of the three taxable years immediately following the taxable year in which the facility was placed in service, the office shall notify the department in writing that the credit allowed in this section must be disallowed for that qualified taxpayer. The qualified taxpayer shall add the amount of the disallowed credit to its return as a recaptured credit for the tax year in which the credit is disallowed pursuant to this subsection (6).

(7) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), for the purpose of providing data that allows the general assembly and the state auditor to measure the effectiveness of the credit created in subsection (3) of this section pursuant to section 39-21-304 (3), the office on or before January 1, 2026, and on or before January 1 of each year thereafter until January 1, 2027, shall submit to the general assembly and the state auditor a report detailing the construction, reconstruction, and erection of sustainable aviation fuel production facilities as reported by qualified taxpayers claiming the credit in this section. The tax credit meets its purpose if the construction, reconstruction, and erection of sustainable aviation fuel production facilities in the state increase significantly in tax years for which the credit is allowed.

(8) If the credit authorized by this section exceeds the income tax due on the income of the qualified taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified taxpayer.

(9) This section is repealed, effective December 31, 2033.

**39-22-556.5. Tax credit for the purchase of sustainable aviation fuel - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of this tax expenditure is to induce certain designated behavior by taxpayers, specifically the purchase of sustainable aviation fuel for use in the state, by providing tax relief for certain businesses and individuals that purchase sustainable aviation fuel for use in the state.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1)(a) of this section based on the information required by and reported to the office pursuant to subsection (5) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Carbon intensity" means the amount of greenhouse gases generated per gallon of sustainable aviation fuel produced.

(b) "Colorado energy office" or "office" means the Colorado energy office created in section 24-38.5-101.

(c) "Department" means the department of revenue.

(d) "Qualified taxpayer" means a person who purchases sustainable aviation fuel for uplift and use in the state if that person is subject to tax pursuant to this article 22 or is a person or political subdivision of the state that is exempt from taxation pursuant to section 39-22-112 (1); except that "qualified purchaser" does not include a sustainable aviation fuel producer or blender.

(e) "Sustainable aviation fuel" has the same meaning as set forth in section 40B (d) of the internal revenue code.

(3) (a) (I) For tax years commencing on or after January 1, 2027, but before January 1, 2033, a qualified taxpayer is allowed a credit against the income tax imposed under this article 22 in an amount not less than one dollar and fifty cents, increased by one cent for each whole percentage of carbon intensity reduction in excess of fifty percent, but no greater than one hundred percent, for each gallon of sustainable aviation fuel that the qualified taxpayer purchased for use in the state during the income tax year, except as otherwise provided in subsection (3)(b) of this section.

(II) For tax years beginning on or after January 1, 2028, the office may allow an additional credit of fifty cents for each gallon of sustainable aviation fuel produced in the state that the qualified taxpayer purchased for use in the state during the income tax year, except as otherwise provided in subsection (3)(b) of this section.

(b) The office shall annually review and evaluate the effectiveness of the tax credit allowed pursuant to this section and may, notwithstanding subsection (3)(a) of this section, for the subsequent tax year, modify the amount per gallon, including the increase as a result of carbon intensity reduction, that a qualified taxpayer is allowed as a credit against the income tax imposed under this article 22 pursuant to this section. The office shall post the modified amount on its website.

(c) For purposes of this section, sustainable aviation fuel is deemed to be purchased for use in the state if it is delivered to and used for fueling aircraft at a Colorado airport, airfield, or airpark notwithstanding the subsequent operation of such aircraft outside the state. Except as provided in this subsection (3)(c), fuel loaded into a cargo tank or otherwise exported from the state is not deemed to be purchased for use in the state.

(d) If a credit is allowed pursuant to this section to a qualified purchaser that is an airport, airfield, or airpark, no additional credit is allowed to a qualified purchaser that purchases the sustainable aviation fuel, directly or indirectly, from the qualified purchaser to which the credit was allowed. The qualified purchaser for which a credit was reserved shall disclose to any purchaser that it has reserved a credit with respect to the sustainable aviation fuel sold.

(4) (a) Prior to purchasing sustainable aviation fuel for use in the state, a qualified taxpayer shall submit an application to the office for a tax credit certificate to reserve the credit allowed by this section on a form and in a manner prescribed by the office. The application must include information to allow the office to make a determination that the applicant is a qualified taxpayer, documentation regarding the carbon intensity of the sustainable aviation fuel that will be purchased, and an estimate of the amount of sustainable aviation fuel the qualified taxpayer plans to purchase for use in the state during the income tax year.

(b) After reviewing the application, the office shall determine whether the applicant qualifies for the credit and the amount of credit to be reserved for the benefit of the qualified taxpayer, which may be all, part, or none of the amount requested in the application. The office shall notify the applicant in writing of its decision and the amount reserved, if any. The aggregate amount of credit the office may reserve pursuant to this subsection (4) must not exceed three million dollars per calendar year. In the case of a qualified taxpayer with an income tax year other than a calendar year, credit reserved pursuant to this subsection (4) may be claimed for the tax year that begins during the calendar year.

(c) Following the close of the tax year, in accordance with the standards developed by the office pursuant to subsection (4)(e) of this section, the qualified taxpayer shall submit

documentation substantiating the qualified taxpayer's purchases of sustainable aviation fuel for use in the state during the tax year. Upon a determination by the office that the purchases qualify for the credit allowed by this section, the office shall issue the taxpayer a tax credit certificate for the lesser of the credit allowed pursuant to subsection (3)(a) of this section with respect to the amount of sustainable aviation fuel actually purchased for use in the state or the amount of credit reserved for the benefit of the qualified taxpayer pursuant to this subsection (4).

(d) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified taxpayer that the office approved for the income tax credit allowed in this section for the preceding calendar year that includes the following information:

(I) The taxpayer's name;

(II) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number; and

(III) The amount of the tax credit certificate.

(e) The office shall develop standards for the approval of qualified taxpayers for whom a tax credit under this section is allowed and the awarding of tax credit certificates pursuant to this subsection (4) and shall post those standards on its website.

(5) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), for the purpose of providing data that allows the general assembly and the state auditor to measure the effectiveness of the credit created in subsection (3) of this section pursuant to section 39-21-304 (3), the office, on or before January 1, 2028, and on or before January 1 of each year thereafter until January 1, 2034, shall submit to the general assembly and the state auditor a report detailing the purchase of sustainable aviation fuel by taxpayers claiming the credit in this section. The tax credit meets its purpose if the purchase of sustainable aviation fuel in the state increases significantly in tax years for which the credit is allowed.

(6) If the credit authorized by this section exceeds the income tax due on the income of the qualified taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified taxpayer.

(7) This section is repealed, effective December 31, 2038.

**Source: L. 2026:** Entire section added, (HB 26-1289), ch. 364, p. 2207, § 18, effective June 3.

**39-22-557. Clean hydrogen tax credit - qualified uses - tax preference performance statement - definitions - legislative declaration - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers. Specifically, the tax expenditure is intended to provide tax relief for certain businesses or individuals for purposes of encouraging them to engage in certain qualified uses of clean hydrogen.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the information required to be maintained by and reported to the state auditor by the office pursuant to subsection (4)(b) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Clean hydrogen" has the meaning set forth in section 40-2-138 (1)(a).

(b) "Department" means the department of revenue.

(c) "Hard to decarbonize end use" has the meaning set forth in section 40-2-138 (1)(e).

(d) "Lifecycle greenhouse gas emissions rate" means lifecycle greenhouse gas emissions, as defined in 26 U.S.C. sec. 45V (c)(1)(A), as amended, measured in accordance with any applicable federal internal revenue service regulations or guidance, subject to the rules adopted by the public utilities commission pursuant to section 40-2-138 (3)(a)(II).

(e) "Office" means the Colorado energy office created in section 24-38.5-101.

(f) "Qualified use" has the meaning set forth in section 40-2-138 (1)(i).

(g) "Taxpayer" means a person subject to tax pursuant to this article 22 or a person or political subdivision of the state that is exempt from tax pursuant to section 39-22-112 (1).

(h) "Tier one greenhouse gas emissions rate" means a qualified use of hydrogen that results in lifecycle greenhouse gas emissions rates that are within the range set forth in 26 U.S.C. sec. 45V (b)(2)(D), as amended.

(i) "Tier two greenhouse gas emissions rate" means a qualified use of hydrogen that results in lifecycle greenhouse gas emissions rates that are within the range set forth in 26 U.S.C. sec. 45V (b)(2)(C), as amended.

(3) (a) Subject to the limitations set forth in subsection (3)(b) of this section, for income tax years commencing on or after January 1, 2024, but before January 1, 2033, a taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to:

(I) One dollar per kilogram of clean hydrogen used for a qualified use that results in a tier one greenhouse gas emissions rate in the income tax year; or

(II) Thirty-three cents per kilogram of clean hydrogen used for a qualified use that results in a tier two greenhouse gas emissions rate in the income tax year.

(b) In order to claim the credit, the taxpayer must annually apply for and receive a tax credit certificate from the office pursuant to subsection (4) of this section. If the office determines that an applicant is not entitled to a tax credit certificate under this section, the office shall notify the applicant of its disapproval in writing.

(c) (I) For income tax years commencing on and after January 1, 2024, but before January 1, 2026, and not before the public utilities commission adopts rules pursuant to section 40-2-138 (3)(a)(II), the office shall not issue a tax credit certificate to a taxpayer indicating eligibility for a tax credit for an amount exceeding one million dollars in a tax year.

(II) For income tax years commencing on and after January 1, 2026, but before January 1, 2029, the office shall not issue a tax credit certificate to a taxpayer indicating eligibility for a tax credit for an amount exceeding five hundred thousand dollars in a tax year.

(III) For income tax years commencing on and after January 1, 2029, but before January 1, 2033, the office shall not issue a tax credit certificate to a taxpayer indicating eligibility for a tax credit for an amount exceeding two hundred fifty thousand dollars in a tax year.

(4) (a) (I) A taxpayer shall submit an application to the office for a tax credit certificate to claim the credit allowed by this section on a form and in a manner prescribed by the office. The application must include information to allow the office to make a determination that the use is a qualified use and that the hydrogen used meets the definition of clean hydrogen pursuant to subsection (2)(a) of this section and to verify the amount for which the tax credit certificate is applied. A taxpayer is entitled to receive one tax credit certificate per income tax year.

(II) The application described in subsection (4)(a)(I) of this section must also include verification from the hydrogen producer passed to the user at the point of sale that the hydrogen used meets the definition of clean hydrogen pursuant to subsection (2)(a) of this section.

(b) (I) The office shall maintain a database of any information determined necessary by the office to evaluate the effectiveness of the income tax credit allowed in this section in meeting the purpose set forth in subsection (1)(a) of this section and shall provide such information, and any other information that may be needed, if available, to the state auditor as part of the state auditor's evaluation of this tax expenditure required by section 39-21-305.

(II) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report for the preceding tax year listing each taxpayer to which the office issued a tax credit certificate and that includes the following information:

- (A) The taxpayer's name;
- (B) The amount of the income tax credit that the certificate indicates the taxpayer is eligible to claim; and
- (C) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(III) The office shall develop standards for the qualified uses for which an income tax credit under this section is allowed. The office shall post the standards on the office's website.

(5) In order to claim the credit authorized by this section, a taxpayer shall file the tax credit certificate with the taxpayer's state income tax return, and, if the taxpayer is exempt from tax pursuant to section 39-22-112 (1), the taxpayer shall file a return pursuant to section 39-22-601 (7)(b). The amount of the credit that the taxpayer may claim pursuant to this section is the amount stated on the tax credit certificate.

(6) If an income tax credit authorized in this section exceeds the income tax due on the income of the taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the taxpayer.

(7) This section is repealed, effective December 31, 2036.

**39-22-558. Tax credit for employer's contribution to employee for eligible expenses in connection with a qualifying home purchase - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), the general assembly finds and declares that the purpose of this tax expenditure is to induce certain designated behavior by taxpayers to

encourage home ownership by providing tax relief to employers who contribute money to an employee for a down payment and related closing costs on a home purchase.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsection (1)(a) of this section based on the information required to be maintained by and reported to the state auditor upon request by the department pursuant to subsection (4) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means the department of revenue.

(b) "Eligible expenses" means a down payment and any closing costs included on a real estate settlement statement, including but not limited to appraisal fees, mortgage origination fees, and inspection fees.

(c) "Employee contribution" means the amount an employee authorizes an employer to withhold from the employee's earnings for deposit into the savings account established pursuant to subsection (3)(b)(I) of this section for use by an employee for eligible expenses in connection with a qualifying home purchase.

(d) "Employer" means a private, nonpublic person that employs one or more employees within the state.

(e) "Employer contribution" means the amount an employer contributes to a savings account established pursuant to subsection (3)(b)(I) of this section for use by an employee for eligible expenses in connection with a qualifying home purchase.

(f) "Qualifying home purchase" means a property purchased by an employee as a primary residence.

(3) (a) For any income tax year commencing on or after January 1, 2024, but before January 1, 2027, if an employer makes a contribution of money to an employee during the income tax year for use by the employee for eligible expenses in connection with a qualifying home purchase, then the employer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to five percent of the amount of the employer contribution; except that an employer cannot claim a credit of more than five thousand dollars for any one employee and the maximum total credit that an employer may claim in a taxable year is five hundred thousand dollars.

(b) (I) In order to claim the tax credit allowed by this section, the employer shall establish one or more savings accounts for the purpose of depositing the money for the employer's contribution to an employee.

(II) The employer shall establish policies concerning the contribution, including how the employer contribution is to be made and procedures for an employee to follow to withdraw money for qualifying expenses and for an employer to follow to withhold an employee's earnings as an employee contribution.

(III) An employee may authorize an employer to withhold a specified portion of the employee's earnings as an employee contribution, which money shall be deposited in a savings account established pursuant to subsection (3)(b)(I) of this section.

(c) If an employee ends the employee's employment with the employer or if the employee chooses to use money in a savings account established pursuant to subsection (3)(b)(I) of this section that is an employee contribution for something other than an eligible expense, the employee is not entitled to any unexpended amount of the employer contribution, and the employer shall remit to the employee any amount in the savings account which is all or the remaining amount of the employee contribution, plus any interest earned on the amount. The employer shall pay the entire amount of the credit received for the employer contribution. The employer shall report the recapture required by this subsection (3)(c) by increasing their income tax liability by the amount of the total credit claimed for the year in which the recapture occurs.

(4) (a) To claim the credit for an income tax year, an employer must keep records related to the credit as required by the department. The executive director of the department may promulgate rules to implement this section. Notwithstanding any other requirements of the department, records maintained by an employer must show:

(I) The number of employees to whom the employer made employer contributions in the tax year;

(II) The amount the employer contributed to each employee in the tax year as employer contributions;

(III) The number of employees who expended money from a savings account established pursuant to subsection (3)(b)(I) of this section on eligible expenses for a home purchase in the tax year; and

(IV) The total amount of any employer contributions made by the employer for use by the employee for eligible expenses in connection with a qualifying home purchase that an employee has forfeited pursuant to subsection (3)(c) of this section in the tax year.

(b) Upon request by the state auditor, the department shall provide to the state auditor the information contained in records required by subsection (4)(a) of this section.

(5) If the amount of the credit allowed under this section exceeds the amount of income taxes otherwise due on the employer's income in the income tax year for which the credit is claimed, the amount of the credit not used as an offset against income taxes in the current income tax year

may be carried forward and used as a credit against income tax liability in subsequent years for a period not to exceed five years and must be applied first to the earliest income tax year possible. Any credit remaining after the period may not be refunded or credited to the employer.

(6) (a) Nothing in this section is intended to preclude an employee who receives a contribution from their employer in accordance with subsection (3) of this section from having a first-time home buyer savings account pursuant to part 47 of this article 22.

(b) This subsection (6) is repealed, effective December 31, 2028.

**Source: L. 2023:** Entire section added, (HB 23-1189), ch. 446, p. 2626, § 1, effective August 7. **L. 2024:** (6) amended, (HB 24-1036), ch. 373, p. 2532, § 23, effective August 7.

**39-22-559. Film incentive tax credit - tax preference performance statement - review - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) Colorado is home to many talented film industry members, many of whom travel out of state for work as they cannot find enough work locally to support them;

(II) With a competitive film incentive that is comparable to surrounding western states with similar beautiful landscapes, Colorado will have the ability to attract high-profile projects that will bring in more film tourism and increase Colorado's impact on the global film industry; and

(III) Colorado's film industry has the ability to be a true economic driver in the state.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided for in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain business or individuals by allowing production companies to receive a credit against income tax for qualified expenditures if certain criteria are met. Specifically, this tax expenditure is intended to incentivize production companies to film in Colorado and attract more film projects, in particular high-budget film projects, that will employ more Coloradans.

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (1)(b) of this section based on the number and value of the credits claimed and, when available, taking into consideration the results of the review performed by the office of economic development and the office pursuant to subsection (8) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Credit" means the credit against income tax created in this section.

(b) "Film" has the same meaning as set forth in section 24-48.5-114 (1).

(c) Repealed.

(d) "Office" has the same meaning as set forth in section 24-48.5-114.

(e) "Office of economic development" means the office of economic development created in section 24-48.5-101 (1).

(f) "Originates" means that a production company has been a resident of the state or registered with the secretary of state for at least twelve consecutive months and, as of the date of applying for a tax credit as specified in subsection (3) of this section, has engaged in production activities in the state for other projects in the past twelve consecutive months; except that if the production company creates a business entity for the sole purpose of conducting production activities in the state, then such business entity need not be registered with the secretary of state for twelve consecutive months, but the manager of the business entity must be a resident of the state for at least twelve consecutive months as of the date of applying for a tax credit as specified in subsection (3) of this section. As used in this subsection (2)(f), "manager of the business entity" means a manager with decision-making authority to make financial or legal commitments on behalf of the production company or business entity.

(g) "Production activities" means the shooting of a film, support activities related to such shooting, and any preshooting or postshooting activities that commence on or after January 1, 2024, and that are necessary to produce a finished film, including but not limited to editing and the creation of sets, props, costumes, and special effects.

(h) "Production company" means a person, including a corporation or other business entity, that engages in production activities for the purpose of producing all or any portion of a film in Colorado.

(i) "Qualified local expenditure" means a payment made by a production company operating in Colorado to a person or business in Colorado in connection with production activities in Colorado. "Qualified local expenditure" includes, but need not be limited to:

(I) Payments made in connection with developing or purchasing the story and scenario to be used for a film;

(II) Payments made for the costs of set construction and operations, wardrobe, accessories, and related services;

(III) Payments made for the costs of photography, sound recording and synchronization, lighting, and related services;

(IV) Payments made for the costs of editing, postproduction, music, and related services;

(V) Payments made for the costs of renting facilities and equipment, including location fees, leasing vehicles, and providing food and lodging to people working on the film production;

(VI) Payments for airfare purchased through a Colorado-based travel agency or company;

(VII) Payments for insurance and bonding purchased through a Colorado-based insurance agent;

(VIII) Payments for other direct costs incurred by the film production company that are deemed appropriate by the office;

(IX) Payments of up to one million dollars per employee or contractor, made by a production company to pay the wages or salaries of employees or contractors who participate in the production activities. In order for any wage or salary to be considered a qualified local expenditure, all Colorado income taxes shall be withheld and paid either by the production company or the individual. Any payments in excess of one million dollars per employee or contractor shall be excluded.

(X) Payments of up to one million dollars per calendar year per personal service corporation, as defined in section 24-48.5-114 (4.5)(a), made by a production company to a personal service corporation to pay the wages or salaries of an employee-owner of a personal service corporation, as defined in section 24-48.5-114 (4.5)(b), who participates in the production activities. In order for any wage or salary to be considered a qualified local expenditure, the production company must file an information return pursuant to section 39-22-604 (21) regarding the payments made to the personal service corporation. Any payments in excess of one million dollars per personal service corporation are excluded.

(3) Subject to the limitations set forth in subsections (5) and (6) of this section, for income tax years commencing on or after January 1, 2024, but before January 1, 2032, there shall be allowed a film incentive tax credit with respect to income taxes imposed pursuant to this article 22 to any production company making at least one hundred thousand dollars in actual qualified local expenditures and employing a workforce for any in-state production activity made up of at least fifty percent Colorado residents in an amount not to exceed twenty-two percent of the actual qualified local expenditures.

(a) to (c) (Deleted by amendment, L. 2024.)

(4) The director of the office of economic development may, in the director's discretion, approve a tax credit in an amount that exceeds twenty percent or twenty-two percent, as applicable, of qualified local expenditures for a production company that qualifies for a tax credit under subsection (3) of this section.

(5) (a) For the 2024 calendar year, and for each calendar year thereafter, the maximum aggregate amount of all tax credits that the office may reserve pursuant to subsection (6) of this section is five million dollars per calendar year.

(b) Repealed.

(c) A production company shall not apply for and the office shall not approve a tax credit allowed under subsection (3) of this section for any qualified local expenditures for which the production company has applied or been awarded a performance-based incentive pursuant to section 24-48.5-116.

(6) (a) For a production company to claim a tax credit pursuant to subsection (3) of this section, the production company must apply to the office for a tax credit reservation, in a manner to be determined by the office prior to beginning production activities in the state for the project for which the production company is seeking a tax credit. The application for a tax credit reservation must include a statement of intent by the production company to produce a film in Colorado for which the production company will be eligible to receive the tax credit. The production company must submit, in conjunction with the application, any documentation necessary to demonstrate that:

(I) The production company's projected qualified local expenditures will satisfy the minimum expenditure requirement specified in subsection (3) of this section; and

(II) If the production company seeks a tax credit specified in subsection (3) of this section, the production company will originate production activities in Colorado, including copies of income tax forms, proof of voter registration, or copies of utility bills, to provide documentary evidence that, as of the date of applying for a tax credit:

(A) The production company engaged in production activities in the state for other projects in the past twelve consecutive months; or

(B) If the production company created a business entity for the sole purpose of conducting production activities in the state, the manager of the business entity was a resident in the state for the past twelve consecutive months.

(b) (I) The office shall review each application for a tax credit reservation submitted by a production company before the production company begins work on a film in Colorado. Based on the information provided in the production company's application for a tax credit reservation,

the office may determine that a production company is entitled to a tax credit reservation in accordance with the provisions of this section. The office shall issue tax credit reservations subject to the limitations set forth in this subsection (6) and in subsection (5) of this section. The office shall not issue tax credit reservations after December 31, 2029.

(II) If the office reserves a tax credit for the benefit of a production company, the office shall notify the production company in writing of the reservation and the amount reserved. The reservation of a tax credit by the office for a production company does not entitle the production company to the issuance of a tax credit certificate until the production company complies with all of the other requirements specified in this section for the issuance of the tax credit certificate. When the office approves a tax credit reservation, the office may also impose additional requirements, which a production company shall satisfy as part of completing the production activities before a tax credit certificate is issued to the production company.

(III) If approved, the office may issue a tax credit reservation to a production company in an amount not to exceed twenty-two percent of the estimated qualified local expenditures.

(c) (I) (A) A production company shall complete the production activities in Colorado on or before December 31, 2031. Upon completion of the production activities in Colorado, a production company that received a tax credit reservation from the office must retain a certified public accountant licensed to practice in the state or a certified public accounting firm that is registered in the state to review and report in writing, and in accordance with professional standards, regarding the accuracy of the financial documents that detail the expenses incurred in the course of the film production activities in Colorado. The certified public accountant's written report must include documentation of the production company's actual expenditures, including its actual qualified local expenditures, and any documentation necessary to show that the production company employed a workforce for the in-state production activities made up of at least fifty percent Colorado residents. When the production company provides a copy of the certified public accountant's written report and the production company certifies in writing to the office that the amount of the production company's actual qualified local expenditures equals or exceeds the applicable minimum total amount of the production company's qualified local expenditures as specified in subsection (3) of this section, the office shall conduct a review of the certified public accountant's written report to ensure the requirements of this section are met. If the office is satisfied that the requirements of this section are met, and the office confirms that the certified public accountant who provided the written report is from the list described in subsection (6)(c)(II)(B) of this section, then the office shall issue to the production company a tax credit certificate that evidences the production company's right to claim the tax credit allowed under subsection (3) of this section. The tax credit certificate must include the taxpayer's name, the taxpayer's social security number or federal employer identification number, the approved tax credit amount, the income tax year for which the tax credit is being allowed, and any other information that the executive director of the department of revenue may require.

(B) If the office determines that a production company has failed to comply with the requirements of this subsection (6), the office shall notify the production company and may rescind the tax credit reservation. If the office rescinds the tax credit reservation, the production company may submit a new tax credit reservation application pursuant to this subsection (6). When the office rescinds a tax credit reservation in a calendar year, the maximum aggregate amount of all tax credits that the office may reserve in that calendar year set forth in subsection (5)(a) of this section is increased by the amount of the rescinded tax credit reservation.

(II) (A) Any services provided by a certified public accountant to meet the requirements of this subsection (6)(c) must be performed in Colorado.

(B) The office shall develop a list of certified public accountants that meet the requirements of this section. Such list must be made available to all production companies and must be posted on the office of economic development's website.

(d) The office shall develop procedures for the administration of this section, including application guidelines for production companies applying to receive a tax credit reservation.

(7) (a) A production company shall claim the credit allowed under subsection (3) of this section by including the credit certificate issued to the production company by the office pursuant to subsection (6)(c)(I) of this section with its income tax return for the income tax year for which the certificate was issued. If the amount of the tax credit exceeds the production company's income taxes due on the income of the production company for the income tax year, the excess credit is not carried forward and shall be refunded to the taxpayer.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each production company to which the office issued a tax credit certificate for the preceding income tax year that includes the following information:

(I) The production company's name;

(II) The amount of the income tax credit; and

(III) The production company's social security number or the production company's Colorado account number and federal employer identification number.

(8) The office of economic development and the office shall jointly review the effectiveness of the credit and report the results of the review to the house of representatives finance committee and the senate finance committee, or their successor committees, no later than July 1, 2028.

(9) This section is repealed, effective December 31, 2034.

**39-22-560. Tax credit for certification of aircraft to use unleaded aviation gasoline - tax preference performance statement - review - legislative declaration - definitions - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers, specifically the modification of aircraft that are powered by leaded aviation gasoline so that such aircraft can be certified to be powered by unleaded aviation gasoline and no longer use leaded aviation gasoline.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the number of credits claimed.

(2) As used in this section, unless the context otherwise requires:

(a) "Aircraft" has the same meaning as set forth in section 43-10-102 (1).

(b) "Aviation gasoline" means gasoline-based fuel that is used to power an aircraft.

(c) "Leaded aviation gasoline" means any aviation fuel containing tetraethyl lead additives.

(d) "Qualifying aircraft" means an aircraft that has been powered by leaded aviation gasoline and for which a supplemental type certificate or any other authorization that approves the completed modification of the aircraft to be powered by unleaded aviation gasoline has been issued.

(e) "Qualifying expenses" means any actual out-of-pocket expenses incurred and paid by a qualifying taxpayer for the purpose of modifying an aircraft registered with the federal aviation administration in this state so that it is a qualifying aircraft.

(f) "Qualifying taxpayer" means a person subject to tax under this article 22 who is the owner of an aircraft as indicated on the aircraft registry maintained by the federal aviation administration.

(g) "Supplemental type certificate" means a type certificate issued by the federal aviation administration to an applicant that has modified an aeronautical product from its original design with federal aviation administration approval.

(h) "Unleaded aviation gasoline" means aviation gasoline that does not include lead.

(3) For any income tax year commencing on or after January 1, 2025, but before January 1, 2030, a qualifying taxpayer who incurs qualifying expenses is allowed a credit against the income taxes imposed by this article 22 in the tax year in which the qualifying aircraft is registered by the federal aviation administration in this state in an amount equal to fifty percent of all qualifying expenses incurred; except that the maximum amount of the credit that may be claimed for qualifying expenses incurred in modifying any one aircraft is five hundred dollars.

(4) If the amount of a credit authorized by this section exceeds the amount of income taxes otherwise due on the income of the qualifying taxpayer claiming the credit in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in that income tax year may not be carried forward and must be refunded to the qualifying taxpayer.

(5) This section is repealed, effective December 31, 2039.

**39-22-561. Agricultural stewardship tax credit - tax preference performance statement - legislative declaration - definitions - rules - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly declares that the purpose of the tax credit created in this section is to induce certain designated behavior by taxpayers, specifically to encourage an individual to actively practice one or more qualified stewardship practices on a farm or ranch, including any practice that increases soil health, improves water efficiency, or creates more diverse and beneficial ecosystems while maintaining the productivity of the farm or ranch.

(b) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1)(a) of this section based on the information

required to be maintained by and reported to the state auditor by the department of agriculture pursuant to subsection (4)(b) of this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Credit certificate" means a certificate issued by the department of agriculture certifying that a qualified taxpayer qualifies for an income tax credit authorized in this section and specifying the amount of the credit allowed and the income tax year for which the credit may be claimed.

(b) "Qualified stewardship practice" means any agricultural practice, as specified by rules issued by the commissioner of the department of agriculture, that may include a grazing or cropping practice that improves soil health, improves water retention and drought resilience, or creates more diverse and beneficial ecosystems while maintaining the productivity of the farm or ranch, including rotational crops, reduced tillage, no tillage, cover cropping, integrating managed livestock grazing on cropland, range improvements, interseeding, or compost application.

(c) "Qualified taxpayer" means a person subject to tax pursuant to this article 22 who actively practices a qualified stewardship practice on a farm or ranch located in the state during an income tax year, whether the qualified stewardship practice is newly practiced during the income tax year or is being continued from a prior income tax year.

(3) (a) Subject to the limitations set forth in subsection (3)(b) of this section, for income tax years commencing on or after January 1, 2026, but before January 1, 2031, a qualified taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to:

(I) A minimum of five dollars and a maximum of seventy-five dollars per acre of land subject to one qualified stewardship practice, as specified by rule issued by the commissioner of the department of agriculture, limited to a maximum credit amount of one hundred fifty thousand dollars per income tax year;

(II) A minimum of ten dollars and a maximum of one hundred dollars per acre of land subject to two qualified stewardship practices, as specified by rule issued by the commissioner of the department of agriculture, limited to a maximum credit amount of two hundred thousand dollars per income tax year; and

(III) A minimum of fifteen dollars and a maximum of one hundred fifty dollars per acre of land subject to three or more qualified stewardship practices, as specified by rule issued by the commissioner of the department of agriculture, limited to a maximum credit amount of three hundred thousand dollars per income tax year.

(b) The department of agriculture may only issue tax credit certificates to a qualified taxpayer:

(I) For three income tax years; and

(II) If the qualified taxpayer has not received a tax credit, tax deduction, or grant related to the agricultural land and the qualifying stewardship practice during an income tax year for which a tax credit is claimed pursuant to this section from any other source.

(4) (a) A qualified taxpayer shall submit an application to the department of agriculture for a tax credit certificate to claim the credit allowed by this section on a form and in a manner prescribed by the department of agriculture. The application must include a means for the taxpayer to note whether the taxpayer files income taxes on a calendar year or fiscal year basis and information to allow the department of agriculture to make a determination that the stewardship practice is a qualified stewardship practice, that the qualified taxpayer is actively practicing the qualified stewardship practice, and to verify the amount for which the tax credit certificate is applied. A qualified taxpayer may receive only one tax credit certificate per income tax year.

(b) (I) The department of agriculture shall maintain a database of any information determined necessary by the department of agriculture to evaluate the effectiveness of the income tax credit allowed in this section in meeting the purpose set forth in subsection (1) of this section and shall provide such information, and any other information that may be needed, if available, to the state auditor as part of the state auditor's evaluation of this tax expenditure required by section 39-21-305.

(II) The department of agriculture shall, in a sufficiently timely manner to allow the department of revenue to process returns claiming the income tax credit allowed in this section, provide the department of revenue with an electronic report for the preceding tax year that lists each qualified taxpayer to which the department of agriculture issued a tax credit certificate and includes the following information:

(A) The qualified taxpayer's name;

(B) The amount of the income tax credit that the certificate indicates the qualified taxpayer is eligible to claim; and

(C) The qualified taxpayer's social security number or the qualified taxpayer's Colorado account number and federal employer identification number.

(5) In order to claim the credit authorized by this section, a qualified taxpayer shall file the tax credit certificate with the qualified taxpayer's state income tax return. The amount of the credit that the qualified taxpayer may claim pursuant to this section is the amount stated on the tax credit certificate.

(6) The department of agriculture shall issue certificates for credit claims received in the order submitted, but shall not issue credit certificates that exceed three million dollars in a calendar year. After certificates have been issued for credits in an aggregate amount of three million dollars for all qualified taxpayers during a calendar year, any additional claims must be

placed on a wait list, with priority first given to a qualified taxpayer who has been issued a tax certificate in the calendar year preceding the calendar year in which the qualified taxpayer is placed on the wait list and second to a qualified taxpayer who applied for the tax credit authorized in this section but was placed on the wait list, and a certificate must be issued for use of the credit in the next calendar year; except that no more than two million dollars in claims shall be placed on the wait list in any given calendar year. No claim for a credit is allowed for any income tax year unless a certificate has been issued by the division. If all other requirements of this section are met, the right to claim the credit is vested in a qualified taxpayer at the time a credit certificate is issued.

(7) If an income tax credit authorized in this section exceeds the income tax due on the income of the qualified taxpayer for the taxable year, the excess credit may not be carried forward and must be refunded to the qualified taxpayer.

(8) The commissioner of the department of agriculture may issue rules to administer this section, including specifying requirements for implementing and demonstrating qualified stewardship practices, and may issue tax credit certificates pursuant to this section. Before promulgating any rules, the commissioner shall initiate a public stakeholder process to advise the commissioner about the requirements for implementing and demonstrating qualified stewardship practices.

(9) This section is repealed, effective December 31, 2034.

**Source: L. 2024:** Entire section added, (HB 24-1249), ch. 244, p. 1609, § 1, effective August 7.

**39-22-562. Apprenticeship tax credit - tax preference performance statement - legislative declaration - definitions - rules - repeal.**

(1) (a) The general assembly finds and declares that:

(I) Colorado is committed to accelerating new apprenticeship program growth on a diverse basis, especially in new and emerging industries that have been traditionally underrepresented in registered apprenticeships; and

(II) Many employers are interested in providing high-quality registered apprenticeships to address their skilled worker shortages but face financial barriers, especially small businesses.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided

for in this section is to induce certain designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses that hire apprentices. Specifically, this tax expenditure is intended to incentivize the hiring of apprentices and growth of registered apprenticeship programs in new and emerging industries.

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (1)(b) of this section based on the number and value of the credits claimed.

(2) As used in this section, unless the context otherwise requires:

(a) "Apprentice" has the same meaning as set forth in section 8-15.7-101 (1).

(b) "Certificate of registration" has the same meaning as set forth in section 8-15.7-101 (6).

(c) "Credit" means the credit against income tax created in this section.

(d) "Department" means the department of revenue.

(e) "Employee" has the same meaning as set forth in section 39-22-604 (2)(a); except that "employee" includes only those individuals who perform services for the taxpayer for at least one thousand forty hours per income tax year.

(f) "New and emerging industry" does not include the building and construction trades as described in section 8-15.7-105 (4).

(g) "Qualified taxpayer" or "taxpayer" means a person subject to tax pursuant to this article 22 that is doing business in this state and that employs an apprentice in the relevant tax year.

(h) "Registered apprenticeship program" has the same meaning as set forth in section 8-15.7-101 (13).

(i) "Small business" means a business with fewer than fifty employees.

(j) "State apprenticeship agency" or "SAA" has the same meaning as set forth in section 8-15.7-101 (16).

(3) (a) Subject to the limitations set forth in subsection (3)(b) of this section, for income tax years commencing on or after January 1, 2025, but before January 1, 2035, a qualified taxpayer in a new and emerging industry is allowed an apprenticeship tax credit against the income tax imposed by this article 22 for each apprentice who is an employee of the taxpayer in this state for no less than six months during the taxpayer's income tax year. The credit is equal to up to six thousand three hundred dollars for six months of employment plus up to one thousand fifty dollars for each additional month of employment, for a maximum of twelve thousand six hundred dollars per apprentice per income tax year; except that the taxpayer shall not claim a credit for:

- (I) More than ten apprentices per income tax year;
  - (II) The same apprentice for more than two consecutive income tax years; and
  - (III) An apprentice for months when the apprentice did not receive wages from the taxpayer.
- (b) A qualified taxpayer must either:
- (I) Have established a registered apprenticeship program in good standing with the SAA and received a certificate of registration from the state apprenticeship agency; or
  - (II) Be an employer-partner of a registered apprenticeship program in good standing with the SAA as verified by the qualified taxpayer's inclusion on the Colorado state apprenticeship resource directory pursuant to section 8-83-308.
- (c) To claim the credit, the taxpayer must reserve the credit as set forth in subsection (4) of this section and annually apply for and receive an income tax credit certificate from the state apprenticeship agency pursuant to subsection (5) of this section.
- (4) (a) To claim a credit pursuant to this section, a taxpayer must submit an application for the reservation of a tax credit to the SAA in the form and manner prescribed by the SAA.
- (b) The SAA shall review all submitted applications to:
- (I) Determine whether the applicant is a qualified taxpayer;
  - (II) Determine whether the applicant has complied with the requirements of subsection (3)(b) of this section;
  - (III) Determine whether the individual for whom the application is submitted is an apprentice, is an employee, and complies with any standards set forth in article 15.7 of title 8; and
  - (IV) Calculate the number of months each prospective apprentice is expected to be employed.
- (c) (I) Based upon the number of apprentices the qualified taxpayer expects to employ, and the number of months each apprentice is expected to be employed, the SAA may reserve for the benefit of each qualified taxpayer all or part of the credit amount requested by the qualified taxpayer; except that the SAA shall not reserve an amount in excess of the credit allowed by subsection (3)(a) of this section.
- (II) The aggregate amount of credits reserved for all qualified taxpayers must not exceed fifteen million dollars per calendar year. The SAA may reserve credits for the current or any future calendar year based upon the expected employment dates indicated in a qualified taxpayer's application. For a qualified taxpayer whose income tax year is not a calendar year, the

reservation is effective for the income tax year that begins during the calendar year for the reservation.

(III) If, for any calendar year, the aggregate amount of reservations for tax credits the SAA has approved is equal to the total amount of tax credits available for reservation for a current or future calendar year, the SAA shall notify all qualified taxpayers that have submitted applications then awaiting approval or that have submitted applications for approval after the calculation is made that additional approvals of applications for reservations of tax credits shall not be granted for the calendar year. The pending applications must remain pending in the order received for up to two years after the date the original application is received by the SAA and shall be considered for reservations of tax credits in the event that additional credits become available pursuant to subsection (5)(b) of this section.

(d) (I) If the SAA reserves credits for the benefit of a qualified taxpayer, the SAA shall notify the qualified taxpayer of the reservation and the amount reserved. The reservation of tax credits does not entitle the qualified taxpayer to an issuance of a tax credit certificate until the qualified taxpayer complies with all of the requirements of this section or standards of the SAA for the issuance of a tax credit certificate.

(II) The SAA shall notify any qualified taxpayer for which the SAA did not reserve a credit under subsection (4)(c) of this section of its decision in writing. If the SAA determines that a qualified taxpayer's application is incomplete or that the application does not comply with the requirements of this section or the standards established by the SAA, the SAA shall remove the application from the review process and notify the qualified taxpayer in writing of its decision.

(5) (a) (I) A qualified taxpayer shall submit an application to the SAA for an income tax credit certificate to claim the credit allowed by this section on a form and in a manner prescribed by the SAA. The application must include identifying information for each apprentice employed in the state for which the qualified taxpayer is submitting an application for a tax credit, the amount of credit requested, and sufficient information to allow the SAA to make a determination that:

(A) The taxpayer meets the requirements set forth in this section;

(B) The apprentice for whom the application is submitted meets the standards set forth in article 15.7 of title 8; and

(C) The apprentice for whom the application is submitted has not been the subject of a taxpayer's application for more than two income tax years.

(II) Except as provided in subsection (5)(b)(II) of this section, the SAA:

(A) May issue one income tax credit certificate per income tax year to each qualified taxpayer that, at a minimum, specifies the taxpayer's identifying information and the total amount of the credit allowed; and

(B) Shall not issue an income tax credit certificate in excess of the amount reserved for the qualified taxpayer for the calendar year pursuant to subsection (4) of this section.

(b) If the actual aggregate amount of income tax credit certificates issued for a calendar year is less than the maximum aggregate amount of credits allowed to be reserved for all qualified taxpayers, the SAA shall apply the remaining balance in the following order:

(I) Reserve the remaining balance for any applications pending in order of priority pursuant to subsection (4)(c)(III) of this section; and

(II) Issue an additional tax credit certificate up to the amount allowed pursuant to subsection (3)(a) of this section to any qualified taxpayer whose actual credit earned exceeded the amount reserved pursuant to subsection (4) of this section.

(c) (I) The SAA shall maintain a database of any information determined necessary by the SAA to evaluate the effectiveness of the income tax credit allowed in this section in meeting the purpose set forth in subsection (1)(b) of this section and shall provide such information, and any other information that may be needed, if available, to the state auditor as part of the state auditor's evaluation of the tax expenditure required by section 39-21-305.

(II) The SAA shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report for the preceding tax year listing each qualified taxpayer to which the SAA issued an income tax credit certificate and that includes the following information:

(A) The taxpayer's name;

(B) The amount of the income tax credit that the tax credit certificate indicates the taxpayer is eligible to claim; and

(C) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(III) (A) The SAA shall prescribe forms and promulgate rules pursuant to article 4 of title 24 establishing the standards for which an income tax credit certificate under this subsection (5) is issued.

(B) In establishing the standards required by subsection (5)(c)(III)(A) of this section, the SAA shall obtain input from employers and apprentices on elements of program quality for registered apprenticeship programs in new and emerging industries.

(C) Qualified taxpayers that have previously claimed the income tax credit and seek to claim the income tax credit in future tax years shall provide information regarding how they have satisfied the standards issued pursuant to subsection (5)(c)(III)(A) of this section related to program quality in their reapplication for the income tax credit.

(IV) The SAA shall conduct outreach to small businesses to ensure they are aware of the tax credit and provide technical assistance to minimize the administrative burden of submitting an application for the reservation of a tax credit.

(6) To claim the credit authorized by this section, a taxpayer shall file the income tax credit certificate with the taxpayer's state income tax return. The amount of the credit that the taxpayer may claim pursuant to this section is the amount stated on the income tax credit certificate.

(7) If a taxpayer claims the credit allowed in this section, the taxpayer shall not claim a credit for the same apprentice pursuant to section 39-22-531, 39-30-105.1, or 39-30.5-105.

(8) If an income tax credit authorized in this section exceeds the income tax due on the income of the taxpayer for the taxable year, the excess credit shall not be carried forward and must be refunded to the taxpayer.

(9) This section is repealed, effective December 31, 2037.

**39-22-563. Tax credit for freight rail use - tax preference performance statement - legislative declaration - definitions - repeal.**

**(1) Tax preference performance statement.**

(a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purposes of the tax credit provided in this section are to provide tax relief to certain businesses, specifically those businesses engaged in new or expanded manufacturing, repair or refurbishing, agriculture, recycling, distribution centers for consumer products, or energy production that will utilize freight rail that is in danger of going out of service due to coal production reductions and closures, and to induce certain designated behaviors by taxpayers, specifically expenditures on freight rail transportation service in a coal transition community.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credits awarded pursuant to this section in achieving the purposes specified in subsection (1)(a) of this section based on the number and value of tax credits claimed pursuant to this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Certified freight rail use" means the use of freight rail transportation:

(I) Of freight either originating or terminating at a business located in a coal transition community; and

(II) On a rail line in this state that the department of transportation has determined is at risk of inactivity or abandonment due to a lack of demand resulting from coal transition.

(b) "Coal transition community" has the same meaning as set forth in section 8-83-502 (1).

(c) "Department" means the department of revenue.

(d) "Freight rail use plan" means a plan submitted by a qualified applicant to the office pursuant to subsection (4) of this section.

(e) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(f) "Qualified applicant" means a person subject to tax under this article 22 whose engagement in manufacturing, agriculture, repairing or refurbishing, recycling, distribution centers for consumer products, or energy production with a regular demand for substantial new or expanded rail freight transportation causes the person to incur a qualified expenditure.

(g) "Qualified expenditure" means the amount paid by a qualified applicant for certified freight rail use.

(3) **Reservation of tax credit and tax credit allowed.**

(a) On or after January 1, 2025, but prior to January 1, 2036, the office may reserve the allocation of a credit against the income taxes imposed by this article 22 for a qualified applicant pursuant to subsection (5) of this section.

(b) In order to claim a tax credit reserved pursuant to subsection (5) of this section, a qualified applicant must, on or before December 31, 2038, execute the freight rail use plan that it submits to the office pursuant to subsection (4) of this section.

(c) For income tax years commencing on or after January 1, 2026, and before January 1, 2039, a qualified applicant is allowed a credit against the income taxes imposed by this article 22 in the amount set forth in the tax credit certificate issued by the office pursuant to subsection (6) of this section.

(4) **Submission and review of application, freight rail use plan, and qualified expenditures estimate.**

(a) To receive a tax credit reservation pursuant to subsection (4)(b) of this section, a qualified applicant must submit an application, freight rail use plan, and qualified expenditures estimate to the office in accordance with policies and procedures created by the office. At a minimum, the application must include an estimate of the amount of qualified expenditures that the qualified applicant expects to incur for one or more future tax years for which the applicant is applying for the tax credit reservation.

(b) The office shall review a qualified applicant's application, freight rail use plan, and qualified expenditures estimate to:

- (I) Determine whether such information is complete;
- (II) Make preliminary determinations of whether the applicant is a qualified applicant and whether the freight rail use plan will result in a certified freight rail use;
- (III) Make final determinations of whether the applicant is a qualified applicant and whether the freight rail use plan will result in a certified freight rail use; and
- (IV) Determine which freight rail use plans to approve in connection with the reservation of a tax credit as provided in subsection (5) of this section.

(c) For any application, freight rail use plan, and qualified expenditures estimate that the office determines pursuant to subsection (4)(b)(I) of this section is incomplete, the office shall notify the qualified applicant in writing of the office's determination and remove the application, freight rail use plan, and qualified expenditures estimate from the review process.

(d) The office shall make the preliminary determinations, pursuant to subsection (4)(b)(II) of this section, of whether the applicant is a qualified applicant and whether the freight rail use plan is a certified freight rail use within ninety days of receiving the application, freight rail use plan, and qualified expenditures estimate pursuant to subsection (4)(b) of this section.

(e) The office shall develop standards in consultation with the just transition office created in section 8-83-503 (1) and the department of transportation to inform the office's determinations, pursuant to subsection (4)(b)(III) of this section, of whether the applicant is a qualified applicant and whether the freight rail use plan will result in a certified freight rail use.

(f) In making the determination, pursuant to subsection (4)(b)(IV) of this section, of which freight rail use plans to approve for the reservation for the benefit of the qualified applicant of an allocation of a tax credit, the office shall prioritize freight rail use plans that:

- (I) Specify regular, frequent, ongoing, and substantial long-term freight rail use;
- (II) Provide substantial economic development benefits;
- (III) Demonstrate financial viability;

- (IV) Incorporate environmentally responsible and sustainable use of resources; and
- (V) Incentivize a diverse group of businesses and sectors to use targeted rail lines.

(5) **Reservation of tax credits.** Subject to subsection (7) of this section, the office may reserve a tax credit for the benefit of a qualified applicant for any future tax year in an amount not to exceed seventy-five percent of the qualified applicant's qualified expenditure estimate submitted by the qualified applicant pursuant to subsection (4)(a) of this section. If the office reserves a tax credit for the benefit of a qualified applicant, the office shall notify the qualified applicant in writing of the reservation and the amount reserved. The reservation of a tax credit by the office for a qualified applicant does not entitle the qualified applicant to the issuance of a tax credit certificate until the qualified applicant complies with all the requirements specified in this section for the issuance of the tax credit certificate. When the office approves a reservation of tax credits, the office may also impose additional requirements that a qualified applicant shall satisfy as part of executing a freight rail use plan before the office issues a tax credit certificate to the applicant. The office may use the reservation of a tax credit in support of business recruitment and expansion.

**(6) Deadline for incurring qualified expenditures - proof of compliance - audit of freight rail use plan execution - issuance of tax credit certificate.**

(a) A qualified applicant receiving a reservation of tax credits pursuant to subsection (5) of this section shall incur the qualified expenditures described in the qualified expenditures estimate submitted by the qualified applicant pursuant to subsection (4)(a) of this section in the tax years set forth in the qualified expenditures estimate and in the reservation made by the office pursuant to subsection (5) of this section.

(b) After executing a freight rail use plan, the qualified applicant shall notify the office that it has done so and shall annually certify the relevant qualified expenditures. In this notice, the applicant shall include a review of the certification that aligns with office policies for certification of qualified expenditures by a licensed certified public accountant that is not affiliated with the qualified applicant. The applicant shall also certify and provide documents demonstrating that the applicant satisfied any requirements imposed by the office pursuant to subsection (5) of this section. Within one hundred eighty days after receipt of such documentation from the qualified applicant, the office shall review the qualified applicant's documentation of qualified expenditures, determine whether the documentation satisfies the freight rail use plan and other requirements, and, if the office determines that the documentation satisfies the freight rail use plan and other requirements, the office shall issue a tax credit certificate in an amount equal to seventy-five percent of the amount of the actual qualified expenditures incurred by the qualified applicant, subject to subsection (6)(d) of this section.

(c) If the office determines that a qualified applicant has failed to comply with the requirements of subsection (6)(a) or (6)(b) of this section, the office shall promptly notify the

qualified applicant and may rescind the issuance of the written notice it previously gave the qualified applicant granting the reservation of a tax credit in whole or in part. If the office so rescinds an issuance of the written notice, the qualified applicant may submit a new application, freight rail use plan, and qualified expenditures estimate in accordance with the requirements of subsection (4) of this section, and the total amount of tax credits made available for reservation in the calendar year during which the office rescinds the issuance of the written notice must increase by the amount of the tax credit reserved in the written notice.

(d) Notwithstanding subsection (6)(b) of this section, the total amount of the tax credit certificate issued for any particular freight rail use plan must not exceed the amount of the tax credit reserved by the office pursuant to subsection (5) of this section.

(e) To the extent that the actual qualified expenditures incurred by a qualified applicant are less than the amount described in the relevant reservation issued by the office for a tax year pursuant to subsection (5) of this section, the total amount of tax credits made available for reservation in the calendar year in which the qualified applicant filed the certification required by subsection (6)(b) of this section must increase by the difference between actual qualified expenditures incurred by the qualified applicant and the amount described in the relevant reservation issued by the office for a tax year pursuant to subsection (5) of this section.

(f) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report for the preceding tax year listing each taxpayer to which the office issued a tax credit certificate and that includes the following information:

- (I) The taxpayer's name;
- (II) The amount of the income tax credit that the certificate indicates the taxpayer is eligible to claim; and
- (III) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

**(7) Limit on aggregate amount of all tax credits that the office may reserve.**

(a) The aggregate amount of all tax credits that the office may reserve pursuant to this section must not exceed five million dollars in any calendar year, in addition to the amount of any previously reserved tax credits that were rescinded or not utilized pursuant to subsections (6)(c) and (6)(e) of this section during the calendar year and the amount described in subsection (7)(c) of this section. In the case of a tax credit reserved for the benefit of a qualified applicant that files an income tax return for a tax year other than a calendar year, the amount reserved must count against the limit for the calendar year in which the qualified applicant's income tax year begins.

(b) The amount of each tax credit that the office may reserve is determined pursuant to subsection (5) of this section; except that, if the office determines that reserving each tax credit certificate in an amount determined pursuant to subsection (5) of this section will cause the total amount of tax credits reserved by the office for a calendar year to exceed the limit set forth in subsection (7)(a) of this section, the office shall proportionally reduce the amount of each tax credit reservation so that the total amount of tax credits reserved by the office for that calendar year equals the limit set forth in subsection (7)(a) of this section.

(c) If the aggregate amount of all tax credits reserved by the office for any calendar year is less than the amount available as calculated pursuant to subsection (7)(a) of this section, then the aggregate amount of all tax credits that the office may reserve in the next calendar year is increased by the unreserved amount.

(8) **Filing tax credit certificate with income tax return.** In order to claim the tax credit authorized by this section, a qualified applicant shall file the tax credit certificate issued by the office pursuant to subsection (6) of this section with the qualified applicant's state income tax return. The amount of the tax credit that a qualified applicant may claim pursuant to this section is the amount stated on the tax credit certificate.

(9) **Refundability.** The entire tax credit to be issued pursuant to this section may be claimed by the qualified applicant for the qualified expenditures made in the taxable year in which the qualified applicant executes a freight rail use plan. If the amount of the tax credit allowed pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified applicant in the income tax year for which the tax credit is being claimed, the entire amount of the tax credit not used as an offset against income taxes in the income tax year is refunded to the qualified applicant.

(10) **Policies and procedures.** The office may create and modify policies and procedures as necessary to further implement this section and shall solicit advice from the department in creating and modifying such policies and procedures.

(11) **Insufficient taxpayer interest.** Notwithstanding any law to the contrary, for calendar years beginning on or after January 1, 2031, the office may determine that there is insufficient taxpayer interest to continue offering the tax credit pursuant to this section. After the office makes such a determination, it shall not accept any more applications for tax credits pursuant to this section and it shall inform the department that it has discontinued the credit.

(12) **Repeal.** This section is repealed, effective December 31, 2045.

**Source: L. 2024:** Entire section added, (SB 24-190), ch. 280, p. 1862, § 5, effective August 7.

**Editor's note:** This section was numbered as § 39-22-560 in SB 24-190 but was renumbered on revision for ease of location.

**Cross references:** For the legislative declaration in SB 24-190, see section 1 of chapter 280, Session Laws of Colorado 2024.

**39-22-564. New railroad operator tax credit - tax preference performance statement - legislative declaration - definitions - rules - repeal.**

**(1) Tax preference performance statement.**

(a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purposes of the tax credit provided in this section are to provide tax relief to certain businesses, specifically railroad operators, and to induce certain designated behavior by taxpayers, specifically maintaining rail line access to coal transition communities.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (1)(a) of this section based on the number and value of tax credits claimed pursuant to this section.

**(2) Definitions.** As used in this section, unless the context otherwise requires:

(a) "Coal transition community" means a tier one transition community as defined in section 8-83-502 (10).

(b) "Department" means the department of revenue.

(c) "Qualified expenditure" means direct operating and capital improvement expenditures necessary to maintain or improve a qualified rail line.

(d) "Qualified rail line" means a rail line in this state that the department of transportation has determined is both:

(I) At risk of inactivity or abandonment due to a lack of demand; and

(II) Covered by an access agreement for passenger rail access on the line between the qualified taxpayer and the state through at least January 1, 2038.

(e) "Qualified taxpayer" means a common carrier engaged in the transportation of freight on a qualified rail line.

(3) **Tax credit allowed.** For income tax years commencing on or after January 1, 2027, but before January 1, 2038, a qualified taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount equal to the amount stated on the tax credit certificate issued by the department of transportation pursuant to subsection (4)(c) of this section.

(4) **Application - tax credit certificate issuance.**

(a) (I) In order to claim a tax credit pursuant to this section, a taxpayer must submit an application to the department of transportation on or before December 31 of the year for which the taxpayer wishes to claim the tax credit, and the taxpayer must submit the application in a form and manner determined by the department.

(II) A taxpayer's application submitted pursuant to subsection (4)(a)(I) of this section must include a certification of the taxpayer's qualified expenditures and a review of the certification that aligns with department of transportation policies for certification of qualified expenditures by a licensed certified public accountant that is not affiliated with the taxpayer.

(b) The department of transportation shall review a taxpayer's application submitted pursuant to subsection (4)(a) of this section to determine:

(I) Whether the taxpayer is a qualified taxpayer;

(II) Whether the taxpayer incurred qualified expenditures;

(III) The amount of the qualified expenditures incurred by the taxpayer; and

(IV) The amount of the tax credit that the taxpayer may claim for the relevant tax year, which amount must not exceed seventy-five percent of the amount of qualified expenditures incurred by the taxpayer.

(c) Upon approving a qualified taxpayer's application and making the determinations described in subsection (4)(b) of this section, and subject to the limitations set forth in subsection (5) of this section, the department of transportation shall issue a tax credit certificate to the qualified taxpayer in an amount equal to the amount determined by the department of transportation pursuant to subsection (4)(b)(IV) of this section.

(d) The department of transportation shall, in a sufficiently timely manner to allow the department to process returns claiming the tax credit allowed in this section, provide the department with an electronic report for the preceding tax year that lists each qualified taxpayer to which the department of transportation issued a tax credit certificate and includes the following information:

(I) The qualified taxpayer's name;

(II) The amount of the income tax credit that the certificate indicates the qualified taxpayer is eligible to claim; and

(III) The qualified taxpayer's social security number or the qualified taxpayer's Colorado account number and federal employer identification number.

**(5) Limit on aggregate amount of all tax credits that the department of transportation may reserve.**

(a) The aggregate amount of all tax credit certificates that the department of transportation may issue pursuant to this section must not exceed five million dollars in any calendar year, in addition to the amount of any previously issued tax credit certificates that were rescinded or not utilized during the calendar year and the amount described in subsection (5)(c) of this section. In the case of a tax credit certificate issued for the benefit of a qualified taxpayer that files an income tax return for a tax year other than a calendar year, the amount in the tax credit certificate must count against the limit for the calendar year in which the qualified applicant's income tax year begins.

(b) The amount of each tax credit that the department of transportation may issue in a tax credit certificate is determined pursuant to subsection (4) of this section; except that, if the department of transportation determines that the issuing of each tax credit certificate in an amount determined pursuant to subsection (4) of this section will cause the total amount of tax credit certificates issued by the department of transportation for a calendar year to exceed the limit set forth in subsection (5)(a) of this section, the department of transportation shall proportionally reduce the amount of each tax credit certificate issued by the department of transportation so that the total amount of tax credit certificates issued by the department of transportation for that calendar year equals the limit set forth in subsection (5)(a) of this section.

(c) If the aggregate amount of all tax credit certificates issued by the department of transportation for any calendar year is less than the amount available as calculated pursuant to subsection (5)(a) of this section, then the aggregate amount of all tax credit certificates that the department of transportation may issue in the next calendar year is increased by the unissued amount.

(d) If, pursuant to section 39-22-563 (11), the Colorado office of economic development determines that there is insufficient interest in the tax credit offered pursuant to section 39-22-563, the aggregate amount of all tax credit certificates that the department of transportation may issue is increased by five million dollars for each of the following calendar years through calendar year 2037.

**(6) Refundability.** If the amount of the tax credit allowed pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in the income tax year is refunded to the qualified taxpayer.

(7) **Filing tax credit certificate with income tax return.** In order to claim the tax credit authorized by this section, a qualified taxpayer shall file the tax credit certificate issued by the department of transportation pursuant to subsection (4)(c) of this section with the qualified taxpayer's state income tax return. The amount of the tax credit that a qualified taxpayer may claim pursuant to this section is the amount stated on the tax credit certificate.

(8) **Compliance monitoring and recapture.**

(a) If, as of the last day of any taxable year during the compliance period, the qualified rail line is not in good operating condition or the qualified taxpayer is not meeting one or more of the service criteria specified in access agreements to the qualified rail line for passenger operations, the department of transportation shall notify the qualified taxpayer and the department that all or a portion of the total amount of the tax credits allowed to the qualified taxpayer pursuant to this section for the tax year that preceded the compliance period and any tax year thereafter is disallowed. The qualified taxpayer shall add the amount of the tax credit that is disallowed to its return as a recaptured tax credit for the taxable year in which the tax credit is disallowed pursuant to this subsection (8).

(b) (I) The department of transportation shall establish reporting requirements to monitor compliance with this subsection (8), including requirements regarding the reporting of the status of a qualified rail line by the qualified taxpayer and whether the qualified taxpayer is or is not meeting any service criteria specified in access agreements.

(II) If a dispute arises about whether a qualified rail line is not in good operating condition or the qualified taxpayer is not meeting any service criteria specified in access agreements, the department of transportation shall resolve the dispute and notify the department of the resolution.

(c) As used in this subsection (8), unless the context otherwise requires, "compliance period" means the period of three years following any year in which the qualified taxpayer claimed a tax credit pursuant to this section.

(9) **Application of tax credit.** A qualified taxpayer who claims a tax credit pursuant to this section shall provide the state or other passenger rail operator full credit for the value of that tax credit against any costs, fees, or other charges that the qualified taxpayer may charge for passenger rail operations access, operations, or maintenance on the qualifying rail line pursuant to an access agreement between the qualified taxpayer and the state for passenger rail access.

(10) **Rules.** The department of transportation and the department may promulgate rules in accordance with article 4 of title 24 as may be necessary to effectuate the purposes of this section.

(11) **Repeal.** This section is repealed, effective December 31, 2045.

**Source: L. 2024:** Entire section added, (SB 24-190), ch. 280, p. 1867, § 5, effective August 7.

**Editor's note:** This section was numbered as § 39-22-561 in SB 24-190 but was renumbered on revision for ease of location.

**Cross references:** For the legislative declaration in SB 24-190, see section 1 of chapter 280, Session Laws of Colorado 2024.

**39-22-565. Workforce shortage tax credit - tax preference performance statement - report - legislative declaration - definitions - repeal.**

(1) **Tax preference performance statement.** In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that:

(a) The general legislative purposes of the tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers; and

(II) To provide tax relief for certain businesses or individuals.

(b) The specific legislative purpose of the tax credit allowed by this section is to encourage workforce development in industries that are facing worker shortages by providing financial assistance for facility improvement and equipment acquisition costs associated with training programs designed to alleviate worker shortages.

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsections (1)(a) and (1)(b) of this section based on the information required to be maintained and reported by the office pursuant to subsection (12) of this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Applicant" means a person subject to tax pursuant to this article 22, an entity that is exempt from taxation pursuant to section 39-22-112 (1), or a political subdivision of the state.

(b) "Application" means an application in the form and manner approved by the office for the tax credit allowed in this section.

(c) "Department" means the department of revenue.

(d) "Federal investments" means the federal "Infrastructure Investment and Jobs Act", Pub.L. 117-58, the federal "Inflation Reduction Act of 2022", Pub.L. 117-169, and the federal "CHIPS and Science Act of 2022", Pub.L. 117-167.

(e) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(f) "Potential qualified asset" means an asset that may be a qualified asset upon the determination of the office.

(g) "Qualified applicant" means an applicant that makes a qualified investment to train individuals in a qualified industry and that is selected pursuant to subsection (5) of this section.

(h) (I) "Qualified asset" means:

(A) Land in this state;

(B) Buildings, fixtures, and other structural components of buildings in this state for which the applicant is allowed a deduction for depreciation pursuant to section 167 of the internal revenue code, including purchasing or constructing a facility, renovating a facility, making tenant improvements, and funding a capital lease with capitalized labor, construction, and installation costs;

(C) Tangible personal property acquired for use exclusively in this state for which the applicant is allowed a deduction for depreciation pursuant to section 167 of the internal revenue code; and

(D) Computer software acquired for use exclusively in this state for which the applicant is allowed a deduction for depreciation under section 167 of the internal revenue code.

(II) For purposes of this subsection (2)(h), if an applicant is not subject to federal income tax, the applicant is deemed to be allowed a deduction for depreciation if such a deduction would have been allowed were the applicant subject to federal income tax.

(i) "Qualified industry" means an industry affected by federal investments that has a demonstrated workforce shortage, as determined by the office as specified in the policies and procedures developed by the office pursuant to subsection (13) of this section.

(j) "Qualified investment" means the amount paid by a qualified applicant to acquire, construct, reconstruct, or erect a qualified asset to the extent the amount paid reflects new activity and to the extent the amount is required to be capitalized pursuant to the internal revenue code or the amount is allowed to be deducted under section 179 of the internal revenue code.

(k) "Selection committee" means a selection committee appointed by the office consisting of members who have expertise and experience as employers, in education, or in other relevant areas.

**(3) Tax credit allowed.**

(a) Except as provided in subsection (3)(c) of this section, a qualified applicant is allowed to use a tax credit certificate issued by the office pursuant to subsection (8) of this section against the income taxes imposed by this article 22 in the income tax year that the qualified applicant places a qualified asset in service in the amount specified on the tax credit certificate issued by the office; except that the tax credit certificate may not be used in an income tax year commencing before January 1, 2026, and may not be used in an income tax year commencing on or after January 1, 2033.

(b) In order to claim the tax credit allowed pursuant to this section, the qualified applicant must submit an application as specified in subsection (5) of this section, place the qualified asset into service before January 1, 2033, obtain a tax credit certificate from the office as specified in subsection (8) of this section, and, once issued by the office, file the tax credit certificate with the qualified applicant's income tax return as specified in subsection (9) of this section.

(c) A tax credit is not allowed pursuant to this section if:

(I) The amount refunded pursuant to subsection (10) of this section is used to supplant local, state, or federal money that would otherwise be appropriated; or

(II) The qualified applicant expends money received from the state to offset at least half of a qualified investment, not including the amount refunded pursuant to subsection (10) of this section.

**(4) Tax credit administration.** Except as otherwise provided in subsection (7) of this section, the office is the administrator of the tax credit allowed by this section.

**(5) Application submission and review.**

(a) An applicant that intends to claim a tax credit pursuant to this section shall submit an application to the office.

(b) The office shall accept applications for annual application periods by deadlines established in the policies and procedures developed by the office pursuant to subsection (13) of this section; except that the office may only receive applications between January 1, 2025, and December 31, 2029.

(c) The office shall review all submitted applications to determine whether:

(I) The applicant is a qualified applicant; and

(II) The application is complete and includes a description of a potential qualified asset and the estimated qualified investment.

(d) If the office determines that the application is complete and in compliance, the office shall add the application to an evaluation pool for the application period. Within a reasonable period after the end of the application period, the office shall forward the evaluation pool to the selection committee for the merit-based review described in subsection (7) of this section.

(e) If the office determines that the application is incomplete or that it does not comply with the requirements of this section or the policies and procedures developed by the office pursuant to subsection (13) of this section, the office shall remove the application from the review process and notify the applicant in writing of its decision. An applicant may resubmit a disapproved application to be evaluated in a future application period.

**(6) Application and issuance fees.**

(a) (I) For an application for which the amount of the tax credit requested by an applicant pursuant to this section is two hundred fifty thousand dollars or more, the office may impose a reasonable application fee on an applicant that does not exceed five hundred dollars.

(II) For an application for which the amount of the tax credit requested by an applicant pursuant to this section is less than two hundred fifty thousand dollars, the office may impose a reasonable application fee on an applicant that does not exceed two hundred dollars.

(b) The office may impose on a qualified applicant a reasonable issuance fee of up to three percent of the amount of the tax credit specified on the tax credit certificate issued by the office as specified in subsection (8) of this section, which must be paid before the tax credit certificate is issued to the qualified applicant.

(c) Any fee revenue collected pursuant to this subsection (6) must be applied to the administration of the tax credit created by this section.

**(7) Merit-based review and tax credit reservation.**

(a) (I) For each application period, the selection committee shall conduct a merit-based review of the applications that have been placed in the evaluation pool pursuant to subsection (5)(d) of this section. The selection committee shall complete its review and award reservations within a reasonable period after the end of the application period, not to exceed ninety days.

(II) Except as provided in subsection (7)(a)(IV) of this section, based upon the totality of the factors set forth in subsection (7)(c) of this section, the selection committee may reserve for the benefit of a qualified applicant a tax credit in an amount to be determined by the selection committee not to exceed fifty percent of the estimated qualified investment; except that the aggregate amount of tax credits reserved for all qualified applicants in an annual application period may not exceed fifteen million dollars.

(III) The selection committee may reserve tax credits to be used by a qualified applicant for income tax years commencing on or after January 1, 2026, but before January 1, 2033, based upon the anticipated date the qualified asset is placed into service.

(IV) If the September 2025 revenue forecast, and each September revenue forecast through the September 2028 revenue forecast as prepared by either legislative council staff or the office of state planning and budgeting, projects that state revenues, as defined in section 24-77-201 (4), will not increase by at least four percent for the current fiscal year, the aggregate amount of tax credits reserved for all qualified applicants in the application period commencing in the calendar year that begins during the current fiscal year is reduced by fifty percent; except that, if the amount of a reduced tax credit reservation is equal to or less than five hundred dollars, then the selection committee shall not issue a tax credit reservation.

(b) (I) If the selection committee reserves tax credits for the benefit of a qualified applicant under subsection (7)(a) of this section, the selection committee shall notify the office of the reservation and the amount of tax credits reserved. The office shall notify the qualified applicant of the tax credit reservation. The reservation of a tax credit does not entitle the qualified applicant to an issuance of a tax credit certificate until the qualified applicant complies with all the requirements specified in this section, by the selection committee or by the office, for the issuance of a tax credit certificate pursuant to subsection (8) of this section.

(II) The office shall notify any qualified applicant in writing for which the selection committee reserved no tax credit under subsection (7)(a) of this section.

(c) (I) In conducting the merit-based review pursuant to subsection (7)(a) of this section, the selection committee shall consider the factors set forth in this subsection (7)(c) in addition to any other factors the selection committee may request the office to include in its policies and procedures developed pursuant to subsection (13) of this section. The selection committee may weigh the factors equally or differently.

(II) The selection committee shall consider:

(A) Whether the qualified applicant's qualified investment will influence competitiveness in a qualified industry;

(B) Whether the qualified applicant's qualified investment will result in increased job placements in qualified industries or increased job placements with a living wage in qualified industries;

(C) The type, scope, and quality of the qualified applicant's qualified asset and the resulting training of individuals in a qualified industry; and

(D) Whether the qualified applicant's qualified investment will result in increased training and workforce development in a qualified industry.

(d) The selection committee may impose additional requirements on the qualified applicant as a condition of awarding the tax credit reservation pursuant to this subsection (7).

**(8) Proof of compliance - audit of eligible expenditure certification - issuance of tax credit certificate.** After a qualified applicant places a potential qualified asset in service, the qualified applicant shall notify the office that the potential qualified asset has been placed in service and shall certify the qualified investment, after which the office shall make a final determination whether the potential qualified asset is a qualified asset. The qualified applicant shall include a review of the certification by a licensed certified public accountant that is not affiliated with the qualified applicant and that aligns with office policies for certification of a qualified investment. The qualified applicant shall also certify and provide documents demonstrating that the qualified applicant satisfied any additional requirements imposed by the selection committee pursuant to subsection (7) of this section. Within a reasonable time after receipt of such documentation from the qualified applicant, the office shall review the qualified applicant's documentation of certified qualified investment and determine whether the documentation satisfies the requirements of the office, and, if the office determines that the documentation satisfies the requirements of the office, the office shall issue a tax credit certificate in the amount specified in the tax credit reservation, not to exceed fifty percent of the certified qualified investment, issued to the qualified applicant pursuant to subsection (7) of this section; except that a tax credit certificate may not be issued for an income tax year commencing before January 1, 2026, or for an income tax year commencing on or after January 1, 2033.

**(9) Filing tax credit certificate with income tax return.**

(a) In order to claim the tax credit authorized by this section, a qualified applicant shall file the tax credit certificate issued by the office pursuant to subsection (8) of this section with the qualified applicant's state income tax return. If the qualified applicant is a political subdivision of the state or is exempt from tax pursuant to section 39-22-112 (1), the qualified applicant shall file a return pursuant to section 39-22-601 (7)(b). The amount of the tax credit that a qualified applicant may claim pursuant to this section is the amount stated on the tax credit certificate.

(b) A tax credit certificate issued to a partnership, a limited liability company taxed as a partnership, or multiple owners of a property must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

**(10) Refundability.** If the amount of the tax credit allowed pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified applicant in the income tax year for which the tax credit is being claimed, or the qualified applicant is a political subdivision of the state or a person who is exempt from taxation pursuant to section 39-22-112

(1), the amount of the tax credit not used as an offset against income taxes in the income tax year is refunded to the qualified applicant.

**(11) Compliance monitoring and recapture.**

(a) Except as provided in subsection (11)(b) of this section, if, as of the last day of any taxable year during the compliance period, the equipment, building, structure, or facility that was deemed a qualified asset is not being used as a qualified asset, the office shall notify the qualified applicant and the department that the tax credit allowed in this section is disallowed. The qualified applicant shall add the full amount of the tax credit that was actually used to offset the qualified applicant's income tax or refunded to the qualified applicant to its return as a recaptured tax credit for the taxable year in which the tax credit is disallowed pursuant to this subsection (11).

(b) The potential increase in tax required pursuant to subsection (11)(a) of this section does not apply:

(I) If a building, structure, or facility is not a qualified asset as a result of a casualty loss if the loss is restored by reconstruction or replacement within a reasonable period established by the office;

(II) Solely by reason of the disposition of a building, structure, or facility, or an interest therein, if it is reasonably expected that the building, structure, or facility will continue to be operated as a qualified asset for the remainder of the compliance period; or

(III) If a qualifying asset is replaced or upgraded in the normal course of its use.

(c) (I) The office shall establish reporting requirements to monitor compliance with this subsection (11) that shall include:

(A) A disposition of a qualified asset by the qualified applicant;

(B) The number of annual trainees who have used a qualified asset;

(C) The geographic distribution of trainees who have used a qualified asset;

(D) Demographic information about the trainees who have used a qualified asset;

(E) The location and disposition of assets displaced by a qualified asset, if any; and

(F) To the extent a qualified asset is used to expand or create a training facility, an assessment of training capacity prior to implementation of the qualified asset.

(II) If a dispute arises about whether a potential qualified asset is a qualified asset, the office shall adjudicate the dispute and notify the department of the resolution.

(III) Notwithstanding section 39-21-107 (2), if a qualified asset is disposed of during any taxable year during the compliance period, and thereafter the asset is not a qualified asset:

(A) The qualified applicant shall add the full amount of the tax credit to its return as a recaptured tax credit for the taxable year in which the tax credit is disallowed pursuant to this subsection (11) notwithstanding the disposition of the qualified asset;

(B) The statutory period for the assessment of any deficiency with respect to the disallowed tax credit must not expire before the expiration of three years from the date the office is notified, in such a manner as the office determines, that the structure is not a qualified asset; and

(C) The department shall assess any deficiency before the expiration of such three-year period together with any applicable interest and penalty imposed pursuant to this article 22.

(d) As used in this subsection (11), unless the context otherwise requires, "compliance period" means the period of fifteen years following the taxable year in which the qualified applicant placed the qualified asset in service.

**(12) Reporting.**

(a) No later than December 31, 2025, and, notwithstanding the requirement in section 24-1-136 (11)(a)(I), no later than December 31 of each year thereafter through 2033, the office shall provide a written report to the general assembly and shall further make the report available to the public. In connection with tax credits issued pursuant to this section, the report must include:

(I) The number of qualified assets placed in service;

(II) A description of the use or uses of each qualified asset and a statewide summary of the number of qualified assets for each use; and

(III) The amount of any disallowed tax credit recaptured pursuant to subsection (11) of this section.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified applicant to which the office issues a tax credit certificate for the preceding tax year that includes the following information:

(I) The qualified applicant's name;

(II) The amount of the tax credit; and

(III) The qualified applicant's social security number or the qualified applicant's Colorado account number and federal employer identification number.

(c) The office, the office of the state auditor, or the office of the state controller may review the qualified applicant's finances, expenses, equipment, employment, and training documentation relating to a qualified investment in a qualified asset.

**(13) Policies and procedures.**

(a) The office may create and modify policies, procedures, and guidelines as necessary to further administer the tax credits allowed pursuant to this section and shall solicit advice from the department in creating and modifying such policies, procedures, and guidelines.

(b) The office shall develop standards for determining which industries are included as a qualified industry for which a tax credit under this section is allowed to a qualified applicant.

(c) Any standards developed by the office pursuant to this subsection (13) must be posted on the office's website. The office may annually review and update as necessary standards developed pursuant to this subsection (13).

(d) The office shall determine the annual application period.

**(14) Workforce development tax credit program cash fund.**

(a) The workforce development tax credit program cash fund is created in the state treasury. The fund consists of gifts, grants, donations, and fee revenue credited to the fund pursuant to subsection (6) of this section and any other money that the general assembly may appropriate, transfer, or require by law to be credited to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the workforce development tax credit program cash fund to the fund.

(c) Money in the fund is continuously appropriated to the office for the purpose of administering the tax credit issued pursuant to this section.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on December 31, 2050, to the general fund.

**(15) Repeal.** This section is repealed, effective December 31, 2050.

**39-22-567. Tax credit for investments in fixed capital assets for a shared quantum facility - tax preference performance statement - legislative declaration - definitions - report - repeal.**

(1) **Tax preference performance statement.** In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that:

(a) The general legislative purposes of the tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers; and

(II) To improve industry competitiveness;

(b) The specific legislative purpose of the tax credit allowed by this section is to induce a qualified applicant to invest in fixed capital assets to create a hub that is a shared quantum

facility that accomplishes translational research and incubation, low-volume manufacturing and fabrication and rapid prototyping in a laboratory environment and to provide related services and workforce development to support the development of quantum businesses and the quantum ecosystem in the state; and

(c) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsections (1)(a) and (1)(b) of this section based on the information reported by the office pursuant to subsection (11) of this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Consortium" means a group of nonprofit or for-profit entities, or both, that are jointly making qualifying investments in an eligible project to create and operate a shared quantum facility. A consortium may include one or more members exempt from tax pursuant to section 39-22-112.

(b) "Department" means the department of revenue.

(c) "Eligible project" means a capital project undertaken in the state to create a shared quantum facility for which a qualified applicant makes qualifying investments and that is approved by the office in accordance with the policies, procedures, and guidelines for the implementation and administration of the tax credit allowed by this section adopted by the office pursuant to subsection (12) of this section.

(d) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(e) (I) "Qualified applicant" means a nonprofit or for-profit entity that submits an application for the reservation and issuance of tax credits to the office pursuant to this section. An applicant may be a consortium as set forth in subsection (4) of this section.

(II) A "qualified applicant" includes a person that is exempt from taxation pursuant to section 39-22-112.

(f) (I) "Qualifying fixed capital assets" means:

(A) Land in this state;

(B) Buildings, fixtures, and other structural components of buildings in this state for which the qualified applicant is allowed a deduction for depreciation pursuant to section 167 of the internal revenue code, including purchasing or constructing a facility, renovating a facility, making tenant improvements, funding a capital lease, capitalized labor, construction, and installation costs;

(C) Tangible personal property acquired for use exclusively in this state for which the qualified applicant is allowed a deduction for depreciation pursuant to section 167 of the internal

revenue code, including furniture, fixtures and equipment such as outfitting an office, laboratory machines, refrigeration, HVAC systems, piping, measuring, monitoring and instrumentation equipment, fabrication machines, tools and equipment, and any hardware and software developed by third parties necessary for quantum technology applications; and

(D) Computer software acquired for use exclusively in this state for which the qualified applicant is allowed a deduction for depreciation pursuant to section 167 of the internal revenue code.

(II) "Qualifying fixed capital assets" is limited to property acquired, constructed, reconstructed, or erected as part of a coordinated plan to create a shared quantum facility.

(III) For purposes of this subsection (2)(f), if a qualified applicant is not subject to federal income tax, the qualified applicant is deemed to be allowed a deduction for depreciation if such a deduction would have been allowed were the qualified applicant subject to federal income tax.

(IV) "Qualifying fixed capital assets" shall be acquired, constructed, reconstructed, or erected where possible by a certified contractor on a certified contractor list that is obtained from the Colorado department of labor and employment and that contains the information specified in section 40-3.2-105.6 (3)(a).

(g) "Qualifying investment" means the amount paid by a qualified applicant to acquire, construct, reconstruct, or erect qualifying fixed capital assets to the extent such amount is required to be capitalized pursuant to the internal revenue code or such amount is allowed to be deducted under section 179 of the internal revenue code. "Qualifying investment" includes an amount capitalized by a lessee of qualifying fixed capital assets for a lease that is treated as a sale for federal income tax purposes.

(h) "Quantum business" means a private for-profit trade or business or nonprofit organization that has quantum technology as a key part of its business model or organizational purpose, including but not limited to manufacturing, testing, production, research and development, or enhancement of hardware or software to perform or use quantum technology as a key input or output of its business model, and companies that produce goods or services that are key inputs for other quantum business.

(i) "Shared quantum facility" means a primary place in the state where an applicant performs activities and provides economic benefits related to supporting quantum businesses and the quantum ecosystem.

### **(3) Credit allowed.**

(a) Subject to the provisions of subsection (3)(c) of this section, for income tax years commencing on or after January 1, 2025, but prior to January 1, 2033, a qualified applicant is allowed a credit against the income taxes imposed by this article 22 for placing an eligible

project in service in an amount specified on the credit certificate issued by the office pursuant to subsection (7) of this section.

(b) To claim the credit allowed pursuant to this section, the qualified applicant must submit an application for a tax credit reservation as specified in subsection (5) of this section, place the eligible project in service prior to January 1, 2031, obtain a tax credit certificate from the office as specified in subsection (7) of this section, and, once issued by the office, file the tax credit certificate with the qualified applicant's income tax return as specified in subsection (8) of this section.

(c) The tax credit created in this section is not allowed to any qualified applicant unless a Colorado-based entity receives a multimillion dollar federal grant from the economic development administration for the regional technology and innovation program or a comparable federal grant program. The office shall notify the department if a grant specified in this subsection (3)(c) is received.

**(4) Consortium as qualified applicant - tax matters representative.** If a qualified applicant is a consortium:

(a) The basis of the credit allowed by this section includes the aggregate qualifying investment by all the members of the consortium as described in subsection (7)(a)(II) of this section.

(b) Whether the applicant performs the activities and provides the economic benefits related to quantum business is based upon the activities performed by and the benefits provided by all the members of the consortium.

(c) The members of the consortium shall designate one member to be the tax matters representative. The tax matters representative shall disclose to the office that it is the tax matters representative acting on behalf of the consortium. The tax matters representative shall also disclose to the office the name and taxpayer identification number of each member of the consortium.

(d) The tax matters representative is responsible for representing and binding the consortium with respect to all issues affecting the credit, including submitting the application for a tax credit reservation, representing the consortium before the office with respect to the application, notifying the office that the eligible project has been placed in service, submitting proof of compliance, submitting ongoing compliance reports, submitting any other report or document required by the office or the department, adjudicating any disputes, and taking any other action required of a qualified applicant by this section. The acts of the tax matters representative are binding upon all members of the consortium.

(e) The office shall issue a tax credit certificate to, and in the name of, the tax matters representative. The tax matters representative shall file the return and claim the full amount of

the tax credit pursuant to subsection (8) of this section. The department shall pay any amount refunded pursuant to subsection (9) of this section to the tax matters representative.

(f) If the credit allowed by this section is recaptured pursuant to subsection (10) of this section, the tax matters representative shall add the recaptured credit, plus any applicable penalties and interest, to its return. Nevertheless, every member of the consortium is jointly and severally liable for any resulting deficiency.

**(5) Application submission and review for tax credit reservation.**

(a) An applicant may submit an application for a tax credit reservation to the office on or after January 1, 2024, but no later than December 31, 2025; except that, if the federal government has not announced the grant recipient described in subsection (3)(c) of this section by June 30, 2025, the office may extend the application deadline to no more than six months after an announcement that a Colorado-based entity has received the grant described in subsection (3)(c) of this section. The application shall include a project plan for a shared quantum facility.

(b) The office shall review all submitted applications for a tax credit reservation to:

(I) Determine whether the applicant is a qualified applicant;

(II) Determine whether the application for a tax credit reservation is complete and includes a plan to make investments in qualifying fixed capital assets for the creation of a shared quantum facility;

(III) Make a preliminary determination whether the project plan for a shared quantum facility is for an eligible project based on the policies and procedures developed by the office pursuant to subsection (12) of this section; and

(IV) Determine whether the eligible project is entitled to a tax credit reservation as specified in subsection (6) of this section.

(c) The office shall make the determinations specified in subsection (5)(b) of this section within ninety days of the date the office receives the complete application for a tax credit reservation.

(d) If the office determines that an application for a tax credit reservation is incomplete or that it is unable to make the determination specified in subsection (5)(b) of this section, the office shall notify the applicant in writing of the office's decision and may remove the application for a tax credit reservation from the review process.

(e) As part of the application review process required pursuant to subsection (5)(b) of this section, the office may request clarifications and modifications to the application.

(f) The office may include performance requirements and criteria that a qualified applicant is required to satisfy before the office will issue a tax credit reservation pursuant to subsection (6) of this section or a tax credit certificate pursuant to subsection (7) of this section. The office must document in writing any requirements created pursuant to this subsection (5)(f).

**(6) Tax credit reservation.**

(a) Based on the factors specified in subsection (6)(d) of this section, the office may determine that a qualified applicant is entitled to a tax credit reservation in accordance with the provisions of this section. The office shall issue tax credit reservations subject to the limitations set forth in this subsection (6) and in accordance with the policies and procedures established pursuant to subsection (12) of this section.

(b) If the office reserves a tax credit for the benefit of a qualified applicant, the office shall notify the qualified applicant in writing of the reservation and the amount reserved. The reservation of a tax credit by the office for a qualified applicant does not entitle the qualified applicant to issuance of a credit certificate until the qualified applicant complies with all the other requirements specified in this section for the issuance of the tax credit. When the office approves a tax credit reservation, the office may also impose additional requirements, which a qualified applicant shall satisfy as part of completing the qualifying investment, before a tax credit certificate is issued to the qualified applicant.

(c) (I) Subject to the limitations in this subsection (6)(c), if approved, the office may issue a tax credit reservation to a qualified applicant for an eligible project in an amount equal to the qualified applicant's estimated qualifying investment.

(II) The aggregate amount of all fixed asset investment tax credit reservations that the office may issue pursuant to this section must not exceed forty-four million dollars.

(III) The office may establish policies and procedures to cap the total amount of any tax credit reservation issued to a qualified applicant pursuant to this subsection (6).

(d) In making the final determination of which project plan to issue tax reservations to pursuant to this subsection (6), the office may prioritize a project plan that:

(I) Is submitted by a qualified applicant that is a consortium that includes the following or is submitted by a qualified applicant that is not a consortium and that collaborates with the following:

(A) A nonprofit entity created by institutions of higher education of high research activity, classified as R1 universities, led by a public R1 university with a demonstrated history of quantum-related research and investment in Colorado; and

(B) A nonprofit entity that has received a substantial federal award for the purposes of cultivating and expanding a quantum-related ecosystem within Colorado;

(II) Is submitted by a qualified applicant that demonstrates an ability to meet application requirements designated by the office, including:

(A) The submission of a budget for the project plan that includes the sources of funding for the project and anticipated uses of the funding;

(B) The submission of an explanation for the ways in which the shared quantum facility will be used and how it will benefit the quantum industry in this state; and

(C) The submission of a community benefits plan developed by a nonprofit entity described in subsection (6)(d)(I)(B) of this section, through engagement with the community surrounding the shared quantum facility and labor organizations;

(III) Is submitted by a qualified applicant that:

(A) Demonstrates that the project plan is agreed upon by the entities described in subsections (6)(d)(I)(A) and (6)(d)(I)(B) of this section;

(B) Demonstrates an intent to equitably and effectively distribute the tax credits or the refund proceeds of the tax credit;

(C) Demonstrates an intent to leverage the proceeds of the refundable tax credit pursuant to this section for the purpose of creating and financing a shared quantum facility to accomplish the goals specified in subsection (1)(b) of this section;

(D) Includes a summary of any third-party resources apart from the tax credits allowed pursuant to this section that will be used to create or finance the shared quantum facility; and

(E) Includes a proposed collaboration plan that outlines the operational and governance plan for the shared quantum facility;

(IV) Proposes a suitable location for the shared quantum facility; and

(V) Is made by a qualified applicant that is a newly created nonprofit organization dedicated to the purpose of promoting the quantum ecosystem and its commercial growth.

(e) As part of the tax credit reservation process pursuant to this subsection (6), the office may request clarifications or modifications to the application submitted pursuant to subsection (5) of this section.

(f) The applicant, at the applicant's own risk, may begin making investments in qualifying fixed capital assets before a tax credit reservation is awarded to the qualified applicant pursuant to this subsection (6). If a tax credit reservation application is approved for a qualified applicant, investments in qualifying fixed capital assets that the qualified applicant made up to twelve months before the date the tax credit reservation was submitted may be included in the

calculation of qualifying fixed capital assets for the purpose of determining the amount of the tax credit certificate issued pursuant to subsection (7) of this section.

**(7) Proof of compliance - audit of qualifying investments certification - issuance of tax credit certificate.**

(a) (I) After a qualified applicant completes a project or a phase of a project, the qualified applicant shall notify the office that the project or phase of the project has been placed in service and shall certify the types and amount of the qualifying investments and how the investments were used in an eligible project, after which the office shall make a final determination as to whether the project is an eligible project. The applicant shall include a review of the certification by a licensed certified public accountant that is not affiliated with the qualified applicant that aligns with office policies for certification of qualifying investments. The applicant shall also certify and provide documents demonstrating that the applicant satisfied any additional requirements imposed by the office pursuant to subsections (6) and (12) of this section.

(II) Qualifying investment expenditures that are eligible for the tax credit allowed pursuant to this section may be made by the applicant, members of a consortium, if applicable, or other entities contracted to make the expenditures on behalf of the applicant or members of a consortium as part of a coordinated plan to create the shared quantum facility. The source of money for the qualifying investment expenditures that are eligible for the tax credit can be from any source of money that the applicant or members of a consortium or other entities have available for making the investments.

(III) Within ninety days after receipt of the complete documentation required in subsection (7)(a)(I) of this section from the qualified applicant, the office shall review the qualified applicant's documentation of certified qualifying investments, determine whether the documentation satisfies the project plan and other requirements, and, if the office determines that the documentation satisfies the project plan and other requirements, the office shall issue a tax credit certificate for the lesser of the amount specified in the tax credit reservation issued to the qualified applicant pursuant to subsection (6) of this section or the amount of the qualifying investment.

(b) If there are any unreserved amounts of tax credits available under subsection (6) of this section, and if the amount of certified qualifying investments incurred by the qualified applicant would have resulted in the qualified applicant being issued a tax credit certificate that exceeds the amount of the tax credit reservation issued to the qualified applicant, the qualified applicant may apply to the office for the issuance of an additional tax credit certificate in an amount equal to the difference between the amount that would have been issued as a result of the certified qualifying investments if that amount was not limited to the amount of the tax credit reservation pursuant to subsection (7)(a)(III) of this section and the amount of the tax credit reservation by submitting an application in a form and manner determined by the office. The office shall review

the application as specified in subsection (5) of this section and, if approved, shall issue a separate tax credit certificate awarding the qualified applicant the additional credit.

(c) The first application for tax credit issuance may include qualifying investments for the entire eligible project or just the initial phase and must be submitted by the qualified applicant no later than December 31, 2028.

(d) A qualified applicant may submit additional applications for tax credit issuance pursuant to this subsection (7) as the qualified applicant completes additional phases of the project that are placed in service. The qualified applicant may submit such applications through December 31, 2030, and up to the amount of tax credits reserved by the applicant.

**(8) Filing tax credit certificate with income tax return.**

(a) To claim the credit authorized by this section, a qualified applicant shall file the tax credit certificate issued by the office pursuant to subsection (7) of this section with the qualified applicant's state income tax return. If the qualified applicant is exempt from tax pursuant to section 39-22-112 (1), the qualified applicant shall file a return pursuant to section 39-22-601 (7)(b). The amount of the tax credit that a qualified applicant may claim pursuant to this section is the amount stated on the tax credit certificate.

(b) A qualified applicant may not use a tax credit certificate issued pursuant to this subsection (8) before the income tax year that begins on or after January 1, 2026, but must use the tax credit certificate before the last income tax year that commences before January 1, 2033.

(c) A tax credit certificate issued to a partnership, a limited liability company taxed as a partnership, or multiple owners of a property must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

**(9) Refundability.**

(a) Except as otherwise provided in subsection (9)(b) of this section, not more than the aggregate of twenty-four million dollars of credits to be issued to all qualified applicants pursuant to this section may be claimed by the qualified applicants in the taxable year in which the eligible project is placed in service. If the qualified applicants are issued more than an aggregate of twenty-four million dollars in credits pursuant to this section, not more than twenty million dollars of the total amount of credits to be issued may be claimed in any single future taxable year; except that credits may not be claimed for any income tax year that begins on or after January 1, 2033.

(b) If the amount of the credit allowed to be claimed in the applicable taxable year pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified

applicant in the income tax year for which the credit is being claimed, or the qualified applicant is a person who is exempt from taxation pursuant to section 39-22-112 (1), one hundred percent of the amount of the credit that is allowed to be claimed for the applicable tax year that is not used as an offset against income taxes in the income tax year is refunded to the qualified applicant.

**(10) Compliance monitoring and recapture.**

(a) Except as provided in subsection (10)(b) of this section, if, during the compliance period, the qualified applicant sells, transfers, abandons, or repurposes a substantial portion of the qualifying fixed capital assets for which the qualified applicant was allowed a credit pursuant to this section, or otherwise ceases to operate the shared quantum facility in this state, the office shall notify the qualified applicant and the department that the credit allowed in this section is disallowed. The qualified applicant shall add the full amount of the credit that was actually used to offset the qualified applicant's income tax or refunded to the qualified applicant to its return as a recaptured credit for the taxable year in which the credit is disallowed pursuant to this subsection (10).

(b) The potential increase in tax required pursuant to subsection (10)(a) of this section does not apply if:

(I) All or part of the shared quantum facility experiences a casualty loss and if the qualifying fixed capital assets lost are restored within a reasonable period established by the office;

(II) Solely by reason of the disposition of land, a building, a structure, or a facility, or an interest therein, the shared quantum facility is relocated within this state to a property approved by the office; or

(III) A qualifying fixed capital asset is replaced or upgraded in the normal course of its use.

(c) (I) The office shall establish reporting requirements to monitor compliance with this subsection (10), including requirements regarding the reporting of a disposition of a building, structure, or facility by the qualified applicant.

(II) If a dispute arises about whether a building, structure, or facility is a shared quantum facility, the office shall adjudicate the dispute and notify the department of the resolution.

(III) Notwithstanding section 39-21-107 (2), if a building, structure, or facility, or an interest therein, is disposed of during any taxable year during the compliance period, and thereafter the building, structure, or facility or any replacement for the building, structure, or facility is not a shared quantum facility, then:

(A) The qualified applicant shall add the full amount of the credit to its return as a recaptured credit for the taxable year in which the credit is disallowed pursuant to this subsection (10) notwithstanding the disposition of the building, structure, or facility;

(B) The statutory period for the assessment of any deficiency with respect to the disallowed credit must not expire before the expiration of three years from the date the office is notified, in such a manner as the office determines, that the project is not an eligible project; and

(C) The department shall assess any deficiency before the expiration of such three-year period together with any applicable interest and penalty imposed pursuant to this article 22.

(d) As used in this subsection (10), unless the context otherwise requires, "compliance period" means the period of fifteen years following the taxable year in which the qualified applicant placed the eligible project or the initial phase of the eligible project in service.

**(11) Reporting.**

(a) No later than December 31, 2027, and, notwithstanding the requirement in section 24-1-136 (11)(a)(I), no later than December 31 of each two years thereafter through 2033, the office shall provide a written report to the general assembly and shall further make the report available to the public. In connection with tax credits issued pursuant to this section, the report must include:

(I) A description of each eligible project placed in service;

(II) A description of the use or uses of the eligible project;

(III) The number and quality of jobs supported in the quantum industry as a result of the eligible project;

(IV) The number of quantum businesses that have been supported through the eligible project;

(V) An overview of the types of intellectual property that have been advanced through the eligible project; and

(VI) The amount of federal money that has been awarded to the eligible facility.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified applicant to which the office issues a tax credit certificate for the preceding tax year that includes the following information:

(I) The qualified applicant's name;

(II) The amount of the credit; and

(III) The qualified applicant's social security number or the qualified applicant's Colorado account number and federal employer identification number.

**(12) Policies and procedures.**

(a) The office may create and modify policies, procedures, and guidelines as necessary to further implement the tax credits to be claimed for the completion of eligible projects pursuant to this section and shall solicit advice from the department and quantum industry participants in creating and modifying such policies, procedures, and guidelines.

(b) With respect to making the preliminary determination as to whether a project plan is a plan for an eligible project pursuant to subsection (5)(b)(III) of this section, the office shall develop standards that include, but are not limited to:

- (I) Performance standards and guidelines for a shared quantum facility;
- (II) A detailed cost estimate for the project plan;
- (III) Evidence of site control of the site where the project will occur; and
- (IV) The financing or funding that is available for the project plan.

(c) With respect to making the preliminary determination as to whether a project plan is a plan for an eligible project pursuant to subsection (5)(b)(III) of this section, the office shall consider job quality standards and guidelines for the shared quantum facility that adhere to the "Good Jobs Principles" established by the United States department of labor and United States department of commerce.

(13) **Repeal.** This section is repealed, effective December 31, 2050.

**39-22-568. Quantum business loan loss reserve income tax credit - tax preference performance statement - cash fund - legislative declaration - definitions - report - repeal.**

(1) **Tax preference performance statement.** In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that:

- (a) The general legislative purposes of the tax credit allowed by this section are:
- (I) To induce certain designated behavior by taxpayers; and

(II) To improve industry competitiveness;

(b) The specific legislative purpose of the tax credit allowed by this section is to support and facilitate the development of the quantum business ecosystem and high-quality jobs in the state by encouraging qualified applicants to make loans that the qualified applicants might not otherwise make or at more favorable terms than they would otherwise make to borrowers that have limited access to capital; and

(c) The general assembly and state auditor shall measure the effectiveness of the credit in achieving the purposes specified in subsections (1)(a) and (1)(b) of this section based on the information reported by the administrator pursuant to subsection (11) of this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Administrator" means the office, a third party selected by the office, or the third party working in combination with the office to administer the tax credit created in this section.

(b) "Borrower" means a quantum company doing business in Colorado that is an early-stage or growth-stage company at the time a qualified applicant makes a loan to the company and that, except as otherwise provided in subsection (12)(c) of this section, had an annual revenue of less than one hundred million dollars in the year prior to the year in which a qualified applicant made a loan to the company.

(c) "Department" means the Colorado department of revenue.

(d) "Eligible loan" means a loan made by a qualified applicant to a borrower.

(e) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(f) "Qualified applicant" means a commercial bank, depository institution, private lending fund, or other entity that makes loans for commercial purposes and makes a loan to a borrower.

(g) "Quantum company" means a private for-profit or nonprofit organization that has quantum technology as a key part of its business model, including but not limited to manufacturing, testing, production, research and development, or enhancement of hardware or software to perform or use quantum technology as a key input or output of its business model, and companies that produce goods or services that are key inputs for other quantum companies.

(h) "Registered loan" means an eligible loan made to a borrower that is registered with the administrator pursuant to subsection (7)(a) of this section.

(3) **Credit allowed.**

(a) Subject to the provisions of subsection (3)(c) of this section, for income tax years commencing on or after January 1, 2026, but prior to January 1, 2046, a qualified applicant is

allowed a credit against the income taxes imposed by this article 22 to offset losses incurred in connection with one or more registered loans in an amount specified on the registered loan loss certificate issued by the administrator pursuant to subsection (8) of this section; except that, if a qualified taxpayer claims more than one registered loan loss, in no event may the aggregate registered loan losses claimed by the qualified taxpayer exceed the total amount specified on the tax credit certificates issued pursuant to subsection (7) of this section.

(b) To claim the credit allowed pursuant to this section, the qualified applicant must submit an application as specified in subsection (5) of this section, make an eligible loan and register the eligible loan prior to June 30, 2036, obtain a tax credit certificate from the administrator as specified in subsection (7) of this section, incur a loss in connection with a registered loan and obtain a registered loan loss certificate from the administrator as specified in subsection (8) of this section prior to January 1, 2045, and, once issued by the administrator, file the tax credit certificate and the registered loan loss certificate with the qualified applicant's income tax return as specified in subsection (9) of this section.

(c) The administrator shall determine the method it will use to distribute tax credit certificates to qualified applicants pursuant to subsection (7) of this section. In selecting the distribution method used to distribute the tax credit certificates, the administrator may consult with quantum industry participants. The distribution method may be:

(I) On a first-come, first-served basis to qualified applicants who apply to the administrator for a tax credit pursuant to subsection (5) of this section for one or more eligible loans each, after the qualified applicant has made the loan;

(II) Based on a competitive lender selection process where the administrator chooses which lenders are eligible to apply for the tax credit allowed by this section in advance of accepting applications and requests to register loans and in advance of issuing tax credits. In selecting lenders to be allowed a tax credit pursuant to this section, the administrator may allocate some or all of the credits solely to selected lenders. If the administrator uses this distribution method, the selected lenders are the only qualified applicants that are allowed to apply to the administrator, request registration of the loan, and be issued a tax credit certificate and registered loan loss certificate pursuant to this section.

(III) A combination of the methods described in subsections (3)(c)(I) and (3)(c)(II) of this section.

(d) The tax credit created in this section is not allowed to any qualified applicant unless a Colorado-based entity receives a multi-million dollar federal grant from the economic development administration for the regional technology and innovation program or a comparable federal grant program.

**(4) Credit administration.**

(a) Except as otherwise provided in subsection (4)(b) of this section, the office is the administrator of the credit allowed pursuant to this section. The office may work with a third-party program administrator selected by the office to assist in administering the credit. In addition, the office may contract with the Colorado housing and finance authority created in section 29-4-704 without recourse to a competitive process to provide services to the office in its role as the administrator.

(b) In lieu of the office serving as the administrator pursuant to subsection (4)(a) of this section, the office may contract with another entity to be the administrator. However, if the office contracts with another entity to be the administrator, then the office must select the third-party administrator using a competitive selection process.

**(5) Application submission and request for loan registration.**

(a) An applicant that has made a loan for the purposes of the tax credit allowed pursuant to this section may submit an application for a tax credit certificate described in subsection (7) of this section and request that the administrator register the loan pursuant to this subsection (5) on or after January 1, 2025, but no later than June 30, 2036.

(b) (I) The administrator shall review all submitted applications to:

(A) Determine whether the applicant is a qualified applicant;

(B) Determine whether the quantum company that is the loan recipient is a borrower;

(C) Determine whether the application is complete and includes a description of the loan that the qualified applicant made or will make to a borrower and a description of the purposes for which the borrower will use the loan;

(D) Make a determination of whether the loan is an eligible loan and whether the administrator may register the loan pursuant to subsection (5)(c) of this section; and

(E) Determine whether, based on the eligible loan, the qualified applicant is entitled to a tax credit certificate as specified in subsection (7) of this section.

(II) If the administrator determines that an application is incomplete or that it is unable to make the determinations specified in subsection (5)(b)(I) of this section, the administrator shall notify the applicant in writing of the administrator's decision and shall not review any loan to determine whether the loan may be registered pursuant to subsection (5)(c) of this section.

(c) (I) To be eligible to receive a tax credit certificate pursuant to subsection (7) of this section, a qualified applicant must request that the administrator register the loan for which the tax credit application was submitted pursuant to this subsection (5). To register a loan, a qualified applicant must provide the following information to the administrator:

(A) The name of the borrower and the location where the borrower is doing business;

- (B) The amount and terms of the loan issued to the borrower by the qualified applicant;
  - (C) The purposes for which the borrower will use the loan;
  - (D) An affidavit regarding how the tax credit allowed pursuant to this section induced the qualified applicant to make the loan to the borrower or improve the terms of the loan beyond what normal market conditions would provide;
  - (E) Certification from the borrower that the borrower will primarily use the proceeds of the loan from the qualified applicant to continue or expand the borrower's quantum business operations in Colorado;
  - (F) An affidavit from the borrower confirming that the borrower will adhere to existing labor protection laws; and
  - (G) Any other information that the administrator deems necessary.
- (II) The administrator shall review the information submitted pursuant to subsection (5)(c)(I) of this section and determine whether the loan is an eligible loan. If the administrator determines that the loan that is the basis of the application submitted pursuant to this subsection (5) is an eligible loan, the administrator shall determine the amount of the registration and issuance fee described in subsection (6)(a) of this section as up to eight percent of the amount that will be specified on the tax credit certificate as described in subsection (7)(d)(I) of this section, and shall collect the fee from the qualified applicant or the borrower to which a qualified applicant made an eligible loan. Once the registration and issuance fee is collected, the administrator shall register the loan and keep records of the loan pursuant to subsection (8)(a) of this section and may issue the tax credit certificate as specified in subsection (7) of this section. If the administrator determines that the loan that is the basis of the application submitted pursuant to this subsection (5) is not an eligible loan, the administrator shall notify the qualified applicant and shall not register the loan.
- (III) The administrator may establish policies and procedures that specify additional requirements for loans to be designated as eligible loans and for loans to be registered pursuant to this subsection (5)(c).
- (d) The administrator shall make the determinations specified in subsections (5)(b) and (5)(c) of this section within ninety days of the date the administrator receives the complete application and request for loan registration.
- (e) The administrator may develop a process that allows a potential applicant for a tax credit pursuant to this section to provide information to the administrator regarding a loan that it plans to make to a borrower and to request that the administrator advise the potential applicant regarding whether the loan, if made, is an eligible loan that can be registered pursuant to subsection (5)(c) of this section. Any potential applicant that requests advice from the

administrator pursuant to this subsection (5)(e) and then makes a loan is required to submit an application and request that the loan be registered pursuant to this subsection (5) before the administrator issues a tax credit certificate pursuant to subsection (7) of this section.

**(6) Registration and issuance fee.**

(a) The administrator shall impose on and collect from a qualified applicant or the borrower to which a qualified applicant made an eligible loan a reasonable registration and issuance fee pursuant to subsection (5)(c)(II) of this section.

(b) The administrator shall transfer any fee revenue collected or paid to the office pursuant to this subsection (6) to the quantum business loan loss reserve cash fund created in subsection (13) of this section.

**(7) Tax credit certificate - loan registration - pooled loan loss reserve.**

(a) To receive a tax credit certificate pursuant to this subsection (7), a qualified applicant must first apply to the administrator for the issuance of a tax credit certificate and register the loan for which the tax credit application was submitted pursuant to subsection (5) of this section.

(b) (I) On the basis of any loan that is registered pursuant to subsection (5)(c) of this section, the administrator may determine that a qualified applicant is entitled to a tax credit certificate in accordance with the provisions of this section. The administrator shall issue the tax credit certificate subject to the limitations set forth in this subsection (7) and in accordance with the policies and procedures established pursuant to subsection (12) of this section. The administrator shall not issue tax credit certificates after September 30, 2036.

(II) The administrator may, before issuing a tax credit certificate pursuant to this subsection (7), establish additional policies or procedures for a qualified applicant to be eligible for the issuance of a tax credit certificate.

(c) If the administrator issues a tax credit certificate to a qualified applicant, the administrator shall notify the qualified applicant in writing of the certificate and the amount of the certificate. The issuance of a tax credit certificate by the administrator for a qualified applicant does not entitle the qualified applicant to claim the credit until the qualified applicant has been issued a registered loan loss certificate pursuant to subsection (8) of this section.

(d) (I) Subject to the limitations in this subsection (7)(d), if approved, the administrator may issue a tax credit certificate to a qualified applicant for one or more eligible loans in an amount up to fifteen cents for every dollar of an eligible loan that the qualified applicant has made or will make.

(II) The aggregate amount of all tax credit certificates that the administrator may issue pursuant to this section must not exceed thirty million dollars.

(III) The administrator may establish policies and procedures to set the amount of the tax credit certificate issued on the basis of a registered loan at or below fifteen cents for every dollar of the registered loan or change the amount of the credit allowed from time to time for credit certificates that have not yet been issued. The administrator may also cap the total amount of any tax credit certificates issued to a qualified applicant pursuant to this subsection (7), determine a cap on the total amount of a tax credit certificate allowed to a qualified applicant for a single eligible loan to a single borrower or in the aggregate for multiple eligible loans to one or more borrowers, or determine any other caps deemed necessary by the administrator. The administrator shall make the policies and procedures specified in this subsection (7)(d)(III) based on market conditions and other factors determined to be relevant by the administrator. If the office is not the administrator, the office shall approve the administrator's final decisions on policies and procedures.

(e) The administrator shall distribute the tax credit certificates in the manner that the administrator determines pursuant to subsection (3)(c) of this section.

(f) Each qualified applicant that is issued more than one tax credit certificate pursuant to this subsection (7) shall hold the credit certificates issued to the qualified applicant in a pooled loan loss reserve of all tax credit certificates issued to that qualified applicant. A qualified applicant may use all or any portion of the credit certificates issued to that qualified applicant to offset any loss incurred by that qualified applicant in connection with one or more registered loans, subject to the provisions of subsection (8) of this section.

(g) The administrator may allow a qualified applicant to register an eligible loan pursuant to subsection (5)(c) of this section after the administrator has issued the total amount of tax credit certificates allowed pursuant to subsection (7)(d)(II) of this section or the amount of credits allowed pursuant to any other cap determined by the administrator pursuant to subsection (7)(d)(III) of this section. The administrator shall not issue a credit certificate for any loan registered pursuant to this subsection (7)(g), but the qualified lender may use any amount of tax credit certificates already issued to the qualified lender and not already claimed pursuant to subsection (9) of this section to offset any loss incurred in connection with the registered loan pursuant to subsection (8) of this section.

**(8) Status of registered loans - proof of registered loan loss - issuance of registered loan loss certificate.**

(a) (I) A qualified applicant that was issued a tax credit certificate pursuant to subsection (7) of this section shall provide periodic updates to the administrator, in a form, manner, and frequency to be determined by the administrator, regarding the status of the registered loan that is the basis of the credit certificate. In addition to periodic updates, the qualified applicant shall notify the administrator when any registered loan is paid off, extended, renewed, restructured or refinanced, or has become past due or nonperforming. A qualified applicant that incurs a loss

associated with a registered loan shall notify the administrator and comply with the requirements of subsection (8)(b) of this section before the qualified applicant is eligible to receive a loan loss certificate pursuant to subsection (8)(d) of this section.

(II) The administrator shall keep a record of the status of all registered loans made by each qualified applicant for which the administrator issued a credit certificate pursuant to subsection (7) of this section.

(b) (I) A qualified applicant that incurs a loss in connection with one or more registered loans may apply to the administrator for issuance of a registered loan loss certificate pursuant to subsection (8)(d) of this section. Before applying for a registered loan loss certificate, a qualified applicant that has incurred a loss associated with one or more registered loans shall charge off all or a portion of the outstanding balance of the registered loan in accordance with the qualified applicant's customary policies and procedures and in accordance with the requirements of federal or state regulatory agencies. The qualified applicant shall cease to assess interest on the registered loan in accordance with generally accepted accounting principles and as required by federal and state regulatory agencies and shall take reasonable actions, as determined by the administrator, to obtain partial payments and recovery, including accessing collateral and loan guarantors.

(II) A qualified applicant shall submit to the administrator, with the qualified applicant's application for a registered loan loss certificate, evidence of the qualified applicant's compliance with the provisions of subsection (8)(b)(I) of this section and evidence of the amount of the loss incurred in connection with one or more registered loans, including out-of-pocket expenses incurred by the qualified applicant in pursuing recovery of the registered loan. The applicant shall also provide documents to the administrator demonstrating that the qualified applicant satisfied any additional requirements imposed by the administrator pursuant to subsection (12) of this section.

(c) (I) Within ninety days after receipt of the complete application from the qualified applicant submitted pursuant to subsection (8)(b) of this section, the administrator shall review the qualified applicant's documentation of the loss incurred in connection with a registered loan and determine whether the documentation satisfies the requirements of subsection (8)(b) of this section. If the administrator determines that a qualified applicant has failed to comply with the requirements of subsection (8)(b) of this section, the administrator shall promptly notify the qualified applicant in writing and shall not issue a registered loan loss certificate to the qualified applicant.

(II) If the administrator determines that the documentation provided by the qualified applicant satisfies the requirements of subsection (8)(b) of this section, the administrator shall determine the total amount of the loss incurred in connection with the registered loan and certify the amount of the registered loan loss. The amount of the certified loan loss determined by the

administrator shall be an amount equal to the total of the outstanding and unrecovered principal and accrued interest on the registered loan or loans and the amount of reasonable out-of-pocket expenses incurred by the qualified applicant in pursuing recovery under the registered loan or loans; except that the amount of the certified loan loss determined by the administrator shall not exceed the original principal amount of the registered loan as stated in the documentation provided when the qualified applicant registered the eligible loan. The amount of the certified loan loss shall not include any amount attributable to damages paid by the qualified applicant as a result of a legal claim against the qualified applicant for negligence, misconduct, or any other allegation of wrongdoing or any amount of late charges or unpaid default interest charges imposed on the borrower by the qualified applicant.

(d) The administrator shall issue a registered loan loss certificate to any qualified applicant that has satisfied the requirements of subsection (8)(b) of this section in the amount of the certified loan loss calculated pursuant to subsection (8)(c) of this section; except that the administrator shall not issue a registered loan loss certificate that exceeds the total amount of unclaimed tax credit certificates issued to the qualified applicant pursuant to subsection (7) of this section. The administrator shall not issue a registered loan loss certificate before January 1, 2026, or after December 31, 2045.

**(9) Filing tax credit certificate and registered loan loss certificate with income tax return.**

(a) To claim the credit authorized by this section, a qualified applicant shall file the tax credit certificate issued by the administrator pursuant to subsection (7) of this section and the registered loan loss certificate issued by the administrator pursuant to subsection (8) of this section with the qualified applicant's state income tax return for the income tax year in which the registered loan loss occurs. If the qualified applicant is exempt from tax pursuant to section 39-22-112 (1), the qualified applicant shall file a return pursuant to section 39-22-601 (7)(b). The amount of the tax credit that a qualified applicant may claim pursuant to this section is the amount stated on the registered loan loss certificate.

(b) A qualified applicant may not claim a credit pursuant to this section for any income tax year commencing before January 1, 2026, or after December 31, 2045. Any tax credit certificates and registered loan loss certificates that the administrator issued, but for which a tax credit has not been claimed pursuant to subsection (9)(a) of this section before the tax year commencing on January 1, 2046, expire and no longer have value.

(c) A qualified applicant may claim an income tax credit allowed pursuant to this section more than once, so long as the qualified applicant has remaining tax credit certificates that it has not yet filed with the department pursuant to this subsection (9), incurs an additional loss in connection with a registered loan, and is issued a registered loan loss certificate for the additional loss pursuant to subsection (8) of this section.

(d) A registered loan loss certificate issued to a partnership, a limited liability company taxed as a partnership, or multiple owners of a property must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

(10) **Refundability.** The entire tax credit to be issued pursuant to this section may be claimed by the qualified applicant in the taxable year in which the qualified applicant incurs a loss in connection with a registered loan. If the amount of the credit allowed pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified applicant in the income tax year for which the credit is being claimed, or the qualified applicant is a person who is exempt from taxation pursuant to section 39-22-112 (1), one hundred percent of the amount of the credit not used as an offset against income taxes in the income tax year is refunded to the qualified applicant.

(11) **Reporting.**

(a) No later than November 1, 2027, and, notwithstanding the requirement in section 24-1-136 (11)(a)(I), no later than November 1 of each year thereafter through 2046, the administrator shall provide a written report to the general assembly about the activity in connection with the tax credit allowed pursuant to this section in the previous fiscal year and shall further make the report available to the public. In connection with tax credits issued pursuant to this section, the report must include, but need not be limited to:

(I) The number of eligible loans that have been registered pursuant to subsection (7)(a) of this section;

(II) The number of registered loans for which a qualified applicant notified the administrator of a loan loss pursuant to subsection (8)(a) of this section;

(III) A list of each quantum business in the state that is a borrower pursuant to this section; and

(IV) A summary of the borrower's use or uses of each registered loan and the impact that the loans have had on the development of quantum businesses in this state.

(b) The administrator shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified applicant to which the office issues a tax credit certificate and a registered loan loss certificate for the preceding tax year that includes the following information:

(I) The qualified applicant's name;

(II) The amount of the credit as stated in the registered loan loss certificate; and

(III) The qualified applicant's social security number or the qualified applicant's Colorado account number and federal employer identification number.

**(12) Policies and procedures.**

(a) The administrator may create and modify policies, procedures, and guidelines and specify additional requirements as necessary to further implement the tax credits to be claimed for making eligible loans pursuant to this section and shall solicit advice from the department and from quantum industry participants in creating and modifying such policies, procedures, and guidelines.

(b) The administrator shall develop standards to:

(I) Make the determination of whether a loan is an eligible loan pursuant to subsection (5)(c) of this section;

(II) Determine whether an eligible loan may be registered with the administrator and whether the administrator may issue a tax credit certificate pursuant to subsection (7) of this section; and

(III) Determine the amount of a certified loan loss pursuant to subsection (8)(c)(II) of this section.

(c) The administrator may clarify the definition of quantum company when needed based on input from quantum industry companies, researchers, trade associations, and other sector participants. In addition, the administrator may waive the annual income requirement for a quantum company to be a borrower if the administrator determines that waiving that requirement is in the best interest of this state.

**(13) Quantum business loan loss reserve cash fund - creation.**

(a) The quantum business loan loss reserve cash fund is created in the state treasury. The fund consists of money credited to the fund pursuant to subsection (6)(b) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the quantum business loan loss reserve cash fund to the fund.

(c) Money in the quantum business loan loss reserve cash fund is continuously appropriated to the office for the administration of the quantum business loan loss reserve tax credit created in this section.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on January 1, 2051, to the general fund.

**(14) Repeal.** This section is repealed, effective December 31, 2050.

**39-22-569. Community revitalization tax credit - community revitalization tax credit program cash fund - tax preference performance statement - legislative declaration - definitions - report - repeal.**

(1) **Tax preference performance statement.** In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that:

(a) The general legislative purposes of the tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers; and

(II) To provide tax relief for certain businesses or individuals;

(b) The specific legislative purpose of the tax credit allowed by this section is to revitalize communities by providing financial support and a financial incentive for capital improvement projects in creative districts that support creative industries and creative industry workers by providing affordable housing and live-work spaces for such workers and other mixed-use and creative-use spaces for both such workers and the general public that enjoys and benefits from their work;

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsections (1)(a) and (1)(b) of this section based on the information required to be maintained by and reported by the office pursuant to subsection (11) of this section.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Application" means an application in the form and manner approved by the office for the credit allowed in this section that includes the project plan and estimated eligible expenditures.

(b) "Creative district" has the same meaning as set forth in section 24-48.5-314 (2)(b).

(c) "Department" means the department of revenue.

(d) "Eligible expenditures" means reasonable and necessary expenditures, in accordance with guidelines developed by the office, actually paid by a taxpayer in completing an eligible project.

(e) "Eligible project" means a capital improvement project undertaken in the state within a creative district, a historic district, or a neighborhood commercial center or on a main street that involves the construction, rehabilitation, conversion, remodeling, or other improvement of one or more buildings, structures, or facilities for uses that support creative industries and creative industry workers, including affordable housing and live-work spaces for such workers and other mixed-use, creative-use, performance, and exhibition spaces for such workers and for the general public and that is approved by the office in accordance with the policies, procedures, and guidelines for the implementation and administration of the tax credit allowed by this section adopted by the office pursuant to subsection (12) of this section.

(f) "Office" means the office of economic development.

(g) (I) "Qualified applicant" means a person that:

(A) Has a contractual or real property interest in an existing or planned building, structure, or facility that is to be constructed, rehabilitated, converted, remodeled, or otherwise improved through the completion of an eligible project; and

(B) Makes eligible expenditures.

(II) A qualified applicant may be a person subject to tax pursuant to this article 22 or a person or political subdivision of the state that is exempt from such taxation pursuant to section 39-22-112 (1).

**(3) Credit allowed.**

(a) For income tax years commencing on or after January 1, 2026, but prior to January 1, 2033, a qualified applicant is allowed a credit against the income taxes imposed by this article 22 for placing an eligible project in service in an amount specified on the credit certificate issued by the office pursuant to subsection (7) of this section.

(b) In order to claim the credit allowed pursuant to this section, the qualified applicant must submit an application as specified in subsection (4) of this section, place the eligible project in service prior to January 1, 2033, obtain a tax credit certificate from the office as specified in subsection (7) of this section, and, once issued by the office, file the tax credit certificate with the qualified applicant's income tax return as specified in subsection (8) of this section.

**(4) Application submission and review.**

(a) An applicant may submit an application to the office on or after January 1, 2025, but no later than October 3, 2029.

(b) The office shall review all submitted applications to:

- (I) Determine whether the applicant is a qualified applicant;
  - (II) Determine whether the application is complete and includes a property address, legal description, or other specific location identifier;
  - (III) Make a preliminary determination whether the project plan is a plan for an eligible project based on the policies and procedures developed by the office pursuant to subsection (12) of this section;
  - (IV) Determine whether the eligible project is entitled to a tax credit reservation as specified in subsection (6) of this section;
  - (V) Once the eligible project is placed in service, make a final determination whether the project is an eligible project based on the policies and procedures developed by the office pursuant to subsection (12) of this section; and
  - (VI) If the project is an eligible project, review the certified eligible expenditures and, if approved, issue a credit certificate to the qualified applicant, as specified in subsection (7) of this section.
- (c) The office shall make the determinations specified in subsections (4)(b)(I) to (4)(b)(V) of this section within ninety days of the date the office receives the application.
- (d) (I) If the office determines that an application is incomplete or that it is unable to make the determinations specified in subsections (4)(b)(I) to (4)(b)(V) of this section, the office shall notify the applicant in writing of the office's decision and shall remove the application from the review process.
- (II) If an applicant resubmits an application, the office may charge a new application fee in an amount specified in subsection (5) of this section.

**(5) Application and issuance fees.**

- (a) (I) For an application for which the amount of the tax credit requested by an applicant pursuant to this section is two hundred fifty thousand dollars or more, the office may impose a reasonable application fee on an applicant that does not exceed five hundred dollars.
- (II) For an application for which the amount of the tax credit requested by an applicant pursuant to this section is less than two hundred fifty thousand dollars, the office may impose a reasonable application fee on an applicant that does not exceed two hundred dollars.
- (b) The office may impose on a qualified applicant a reasonable issuance fee of up to three percent of the amount of the tax credit specified on the tax credit certificate issued by the office as specified in subsection (7) of this section, which must be paid before the tax credit certificate is issued to the qualified applicant.

(c) Any fee revenue collected pursuant to this subsection (5) must be credited to the community revitalization tax credit program cash fund created in subsection (13) of this section and applied to the administration of the tax credit created by this section.

**(6) Tax credit reservation.**

(a) Based on the factors specified in subsection (6)(d) of this section, the office may determine that a qualified applicant is entitled to a tax credit reservation in accordance with the provisions of this section. The office shall issue tax credit reservations subject to the limitations set forth in this subsection (6) and in accordance with the policies and procedures established pursuant to subsection (12) of this section. The office shall not issue tax credit reservations after January 1, 2030.

(b) If the office reserves a tax credit for the benefit of a qualified applicant, the office shall notify the qualified applicant in writing of the reservation and the amount reserved. The reservation of a tax credit by the office for a qualified applicant does not entitle the qualified applicant to issuance of a credit certificate until the qualified applicant complies with all the other requirements specified in this section for the issuance of the tax credit. When the office approves a tax credit reservation, the office may also impose additional requirements, which a qualified applicant shall satisfy as part of completing the eligible project, before a tax credit certificate is issued to the qualified applicant.

(c) (I) Subject to the limitations in this subsection (6)(c), if approved, the office may issue a tax credit reservation to a qualified applicant for a single eligible project in an amount equal to the lesser of twenty-five percent of the qualified applicant's estimated eligible expenditures or three million dollars.

(II) Except as provided in subsections (6)(c)(III) and (6)(c)(IV) of this section, the aggregate amount of all tax credit reservations that the office may issue pursuant to this section must not exceed ten million dollars in any calendar year plus the amount of any previously issued tax credit reservations that were rescinded pursuant to subsection (7)(a)(II) of this section from previous calendar years.

(III) If the office's issuance of a tax credit reservation in a calendar year would cause the office to exceed the aggregate limit specified in subsection (6)(c)(II) of this section for that calendar year, then the aggregate amount of all tax credit reservations that the office may issue in the following calendar year is decreased by the amount of the tax credit reservations issued in the previous calendar year that exceeded the limitation set forth in subsection (6)(c)(II) of this section.

(IV) If the office's issuance of tax credit reservations by the end of a calendar year is less than the aggregate limit specified in subsection (6)(c)(II) of this section for that calendar year,

then the aggregate amount of tax credit reservations that the office may issue in the next calendar year is increased by the unreserved amount from the previous calendar year.

(d) In making the final determination of which project plans to issue tax reservations for pursuant to this subsection (6), the office may prioritize eligible project plans in accordance with:

- (I) The number of new affordable housing units to be created by the eligible project;
- (II) The number of live-work spaces to be created by the eligible project;
- (III) The geographic diversity of the applications and project plans that qualified applicants have submitted to the office;
- (IV) The quality and accessibility of makerspace to be provided for creative industry workers by the eligible project;
- (V) Demonstration of community engagement in identifying how the project will satisfy unmet needs and drive the local creative economy;
- (VI) Demonstration of strong evidence that the eligible project has or can attract diverse sources of funding and broad local government support;
- (VII) Demonstration of how the project serves rural, under-resourced, or underserved communities;
- (VIII) Whether the project plan is receiving property tax abatements, credits, rebates, grants, or other incentives from a local taxing jurisdiction;
- (IX) Whether the project will occur without the issuance of a tax credit pursuant to this section;
- (X) Whether the qualified applicant will receive a federal incentive for the project;
- (XI) The proximity of the project to public transportation; and
- (XII) The expected qualification of the building, structure, or facility that is the subject of the eligible project for a certifiable sustainable program both before and after the completion of the project.

**(7) Deadline for incurring specified amount of estimated eligible expenditures - proof of compliance - audit of eligible expenditure certification - issuance of tax credit certificate.**

(a) (I) A qualified applicant receiving a reservation of tax credits pursuant to subsection (6) of this section shall incur twenty percent or more of the estimated eligible expenditures contained in the application and project plan not later than eighteen months after the date of issuance of the written notice from the office to the qualified applicant granting the reservation of a tax credit.

(II) A qualified applicant for whom the office has reserved a tax credit shall submit evidence of compliance with the provisions of subsection (7)(a)(I) of this section. If the office determines that a qualified applicant has failed to comply with the requirements of subsection (7)(a)(I) of this section, the office shall promptly notify the qualified applicant and may rescind the issuance of the written notice it previously gave the qualified applicant granting the reservation of a tax credit. If the office so rescinds an issuance of the written notice, the qualified applicant may submit a new application, project plan, and estimate of eligible expenditures for which the office may charge a new application fee in accordance with subsection (5) of this section, and the total amount of tax credits made available for reservation in the calendar year during which the office rescinds the issuance of written notice must increase by the amount of the tax credit reserved in the written notice.

(b) After a qualified applicant completes a project, the qualified applicant shall notify the office that the project has been placed in service and shall certify the eligible expenditures, after which the office shall make a final determination whether the project is an eligible project as required in subsection (4)(b)(V) of this section. The applicant shall include a review of the certification by a licensed certified public accountant that is not affiliated with the qualified applicant that aligns with office policies for certification of eligible expenditures. The applicant shall also certify and provide documents demonstrating that the applicant satisfied any additional requirements imposed by the office pursuant to subsection (6) of this section. Within ninety days after receipt of such documentation from the qualified applicant, the office shall review the qualified applicant's documentation of certified eligible expenditures, determine whether the documentation satisfies the project plan and other requirements, and, if the office determines that the documentation satisfies the project plan and other requirements, the office shall issue a tax credit certificate in the amount specified in the tax credit reservation issued to the qualified applicant pursuant to subsection (6) of this section; except that a credit certificate may not be issued for any income tax year commencing before January 1, 2026.

(c) If there are any unreserved amounts of tax credits available under subsection (6) of this section, and if the amount of certified eligible expenditures incurred by the qualified applicant would have resulted in the qualified applicant being issued a tax credit certificate that exceeds the amount of the tax credit reservation issued to the qualified applicant, the qualified applicant may apply to the office for the issuance of an additional tax credit certificate in an amount equal to the difference between the tax credit reservation and what would have been issued as a result of the certified eligible expenditures by submitting an application in a form and manner determined by the office; except that the aggregate of the two tax credit certificates for the eligible project may not exceed three million dollars. The office shall review the application as specified in subsection (4) of this section and, if approved, shall issue a separate tax credit certificate awarding the qualified applicant the additional credit.

**(8) Filing tax credit certificate with income tax return.**

(a) In order to claim the credit authorized by this section, a qualified applicant shall file the tax credit certificate issued by the office pursuant to subsection (7) of this section with the qualified applicant's state income tax return. If the qualified applicant is exempt from tax pursuant to section 39-22-112 (1), the qualified applicant shall file a return pursuant to section 39-22-601 (7)(b). The amount of the tax credit that a qualified applicant may claim pursuant to this section is the amount stated on the tax credit certificate.

(b) A tax credit certificate issued to a partnership, a limited liability company taxed as a partnership, or multiple owners of a property must be passed through to the partners, members, or owners, including any nonprofit entity that is a partner, member, or owner, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

(9) **Refundability.** The entire tax credit to be issued pursuant to this section may be claimed by the qualified applicant in the taxable year in which the eligible project is placed in service. If the amount of the credit allowed pursuant to this section exceeds the amount of income taxes otherwise due on the income of the qualified applicant in the income tax year for which the credit is being claimed, or the qualified applicant is a person who is exempt from taxation pursuant to section 39-22-112 (1), ninety percent of the amount of the credit not used as an offset against income taxes in the income tax year is refunded to the qualified applicant. The remainder of the credit is not carried forward and may not be used by the taxpayer.

(10) **Compliance monitoring and recapture.**

(a) Except as provided in subsection (10)(b) of this section, if, as of the last day of any taxable year during the compliance period, the building, structure, or facility that is the subject of an eligible project is not being used as an eligible project, the office shall notify the qualified applicant and the department that the credit allowed in this section is disallowed. The qualified applicant shall add the full amount of the credit that was actually used to offset the qualified applicant's income tax or refunded to the qualified applicant to its return as a recaptured credit for the taxable year in which the credit is disallowed pursuant to this subsection (10).

(b) The potential increase in tax required pursuant to subsection (10)(a) of this section does not apply:

(I) If a building, structure, or facility is not an eligible project as a result of a casualty loss if the loss is restored by reconstruction or replacement within a reasonable period established by the office; or

(II) Solely by reason of the disposition of a building, structure, or facility, or an interest therein, if it is reasonably expected that the building, structure, or facility will continue to be operated as an eligible project for the remainder of the compliance period.

(c) (I) The office shall establish reporting requirements to monitor compliance with this subsection (10), including requirements regarding the reporting of a disposition of a building, structure, or facility by the qualified applicant and the reporting required for such a building, structure, or facility for the remainder of the compliance period.

(II) If a dispute arises about whether a building, structure, or facility is an eligible project, the office shall adjudicate the dispute and notify the department of the resolution.

(III) Notwithstanding section 39-21-107 (2), if a building, structure, or facility, or an interest therein, is disposed of during any taxable year during the compliance period, and thereafter the building, structure, or facility is not an eligible project:

(A) The qualified applicant shall add the full amount of the credit to its return as a recaptured credit for the taxable year in which the credit is disallowed pursuant to this subsection (10) notwithstanding the disposition of the qualified residential structure;

(B) The statutory period for the assessment of any deficiency with respect to the disallowed credit must not expire before the expiration of three years from the date the office is notified, in such a manner as the office determines, that the structure is not a qualified residential structure; and

(C) The department shall assess any deficiency before the expiration of such three-year period together with any applicable interest and penalty imposed pursuant to this article 22.

(d) As used in this subsection (10), unless the context otherwise requires, "compliance period" means the period of fifteen years following the taxable year in which the qualified applicant placed the eligible project in service.

**(11) Reporting.**

(a) No later than December 31, 2027, and, notwithstanding the requirement in section 24-1-136 (11)(a)(I), no later than December 31 of each year thereafter through 2033, the office shall provide a written report to the general assembly and shall further make the report available to the public. In connection with tax credits issued pursuant to this section, the report must include:

(I) The number of eligible projects placed in service;

(II) A description of the use or uses of each eligible project and a statewide summary of the number of eligible projects for each use;

(III) For eligible projects that create affordable housing or live-work spaces for creative industry workers, the number of affordable housing or live-work units planned or created;

(IV) The occupancy rate of created affordable housing and live-work units;

(V) The counties in which qualified commercial structures were converted to qualified commercial residential structures; and

(VI) The amount of any disallowed tax credit recaptured pursuant to subsection (10) of this section.

(b) The office shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credit allowed in this section, provide the department with an electronic report of each qualified applicant to which the office issues a tax credit certificate for the preceding tax year that includes the following information:

(I) The qualified applicant's name;

(II) The amount of the credit; and

(III) The qualified applicant's social security number or the qualified applicant's Colorado account number and federal employer identification number.

**(12) Policies and procedures.**

(a) The office may create and modify policies, procedures, and guidelines as necessary to further implement the tax credits to be claimed for the completion of eligible projects pursuant to this section and shall solicit advice from the department in creating and modifying such policies, procedures, and guidelines.

(b) With respect to making the preliminary determination whether a project plan is a plan for an eligible project pursuant to subsection (4)(b)(III) of this section, the office shall develop standards that include, but are not limited to:

(I) A detailed cost estimate for the project plan;

(II) Evidence of site control of the site where the project will occur; and

(III) The financing or funding that is available for the project plan.

**(13) Community revitalization tax credit program cash fund.**

(a) The community revitalization tax credit program cash fund is created in the state treasury. The fund consists of gifts, grants, donations, fee revenue credited to the fund pursuant to subsection (5) of this section, and any other money that the general assembly may appropriate, transfer, or require by law to be credited to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the community revitalization tax credit program cash fund to the fund.

(c) Money in the fund is continuously appropriated to the office for the purpose of administering the tax credit issued pursuant to this section.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on December 31, 2050, to the general fund.

**39-22-570. Tuition and fee tax incentive for qualifying students - tax preference performance statement - report - legislative declaration - definitions - repeal.**

(1) (a) The general assembly finds, determines, and declares that:

(I) The cost of higher education and student debt can be a deterrent for many students to pursue postsecondary credentials;

(II) Colorado's postsecondary matriculation rate was less than fifty percent in 2021 with a large share going out of state. Postsecondary education helps students achieve economic mobility, and students are more likely to stay in Colorado if they attend institutions in Colorado. By incentivizing students to attend institutions in Colorado, students will see more economic mobility while benefiting the state workforce.

(III) It is the intent of the general assembly that in the event of a recession, existing support of need-based financial aid be a potential backstop for this incentive;

(IV) The costs of higher education are a barrier to many students. Reducing those costs and student debt can help students not only attend college but also be financially successful. Targeted incentives for attending public institutions of higher education, which have lower tuition, help more students complete higher education with less or no debt and help Colorado retain our own talent.

(V) Building bridges to higher education supports our state's students and economic health;

(VI) To continue to strengthen the educational pipeline, a financial incentive should be provided to low- and middle- income postsecondary Colorado students.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the general legislative purposes of this tax expenditure are to induce certain designated behavior by taxpayers and provide tax relief for certain individuals. Specifically, this tax expenditure is intended to encourage students to attend public Colorado institutions of higher education and reduce student debt by providing a yearly

refundable incentive to students in their first two years of higher education against the tuition and fees paid to a Colorado public institution of higher education.

(c) The tax incentive provides a yearly refundable credit to students against the tuition and fee costs paid to a public two-year or four-year institution, area technical college, or local district college in their first two years of higher education. Eligible students are those who are classified as in-state students, enroll in at least six credit hours in a semester or term, have at least a 2.5 grade point average in a semester or term, matriculated in college within two years of high school graduation, and have a federal adjusted gross household income of ninety thousand dollars or less as indicated on the free application for federal student aid or Colorado application for state financial aid.

(d) The 2022 American community survey conducted by the United States census bureau found that the median household income in Colorado is eighty-nine thousand three hundred two dollars. A ninety-thousand-dollar income threshold ensures that all Colorado households at or below median income will be able to benefit from this incentive.

(e) The general assembly and the state auditor shall measure the effectiveness of the incentive in achieving the purposes specified in subsection (1)(b) of this section based on the number of incentives that are claimed.

(2) As used in this section, unless the context otherwise requires:

(a) "Academic year" means the period beginning with a Colorado public institution of higher education's fall semester or term and ending the following calendar year at the conclusion of the Colorado public institution of higher education's summer semester or term.

(b) "Colorado public institution of higher education" means:

(I) A public, postsecondary institution that is governed by the board of governors of the Colorado state university system, the board of regents of the university of Colorado, the board of trustees of the Colorado school of mines, the board of trustees of the university of northern Colorado, the board of trustees of Adams state university, the board of trustees of Western Colorado university, the board of trustees of Colorado Mesa university, the board of trustees of Fort Lewis college, the board of trustees of Metropolitan state university of Denver, or the state board for community colleges and occupational education;

(II) An area technical college, as defined in section 23-60-103 (1); or

(III) Colorado mountain college and AIMS community college.

(b.5) "Dependent student" means a student who is not an independent student.

(c) "Eligible student" means an individual who:

(I) Completed high school graduation or an equivalent on or after January 1, 2024, or is currently enrolled as of fall 2024;

(I.5) Has matriculated at a Colorado public institution of higher education within two academic years after completion of high school graduation or an equivalent;

(II) Is designated as a degree- or credential-seeking undergraduate student at a Colorado public institution of higher education for the semester or term for which an incentive is claimed;

(III) Qualifies for in-state tuition, as described in article 7 of title 23, for the semester or term for which the incentive is claimed;

(IV) Has completed a free application for federal student aid (FAFSA) or Colorado application for state financial aid (CASFA) for the semester or term for which an incentive is claimed; and

(V) Has a household adjusted gross income for the second preceding income tax year that is ninety thousand dollars or less.

(c.5) (I) "Household adjusted gross income" means:

(A) In the case of a dependent student, the sum of the student's and the parent's or parents', as applicable, adjusted gross incomes to the extent that the parent's or parents' income is taken into account for purposes of 20 U.S.C. sec. 1087oo (f);

(B) In the case of a single independent student, the student's adjusted gross income; and

(C) Except as otherwise provided in subsection (2)(c.5)(II) of this section, in the case of a married independent student, the sum of the student's and the spouse's adjusted gross incomes.

(II) In the case of a student who is divorced or separated, or whose spouse has died, the spouse's adjusted gross income is disregarded.

(d) "Incentive" means the refundable credit allowed by this section.

(d.5) "Independent student" has the same meaning as set forth in 20 U.S.C. sec. 1087vv (d), as amended.

(e) "Qualifying semester or term" means a semester or term that the eligible student:

(I) Begins with fewer than sixty-six credit hours accumulated, including all credits transferred to the Colorado public institution of higher education, except those credits earned through prior learning assessment, concurrent enrollment, advanced placement, the international baccalaureate program, military credits, or any other credits accumulated prior to matriculation at any institution of higher education; and

(II) Completes earning at least six credit hours or equivalent with a grade point average of 2.5 or higher.

(f) "Scholarships or grants" means the sum of any amount paid for the benefit of an eligible student that are required to be taken into account pursuant to section 25A (g)(2) of the internal revenue code.

(g) "Tuition and fees" has the same meaning as "qualified tuition and related expenses" as defined in section 25A (f)(1) of the internal revenue code that are paid by or for the benefit of an eligible student..

(3) (a) (I) For the income tax year commencing on or after January 1, 2025, but prior to January 1, 2026, an eligible student is allowed an incentive against the income taxes imposed by this article 22 for every qualifying semester or term completed during the academic year ending during the income tax year and any other qualifying semester or term completed during the income tax year.

(II) For each income tax year commencing on or after January 1, 2026, but prior to January 1, 2033, an eligible student is allowed an incentive against the income taxes imposed by this article 22 for every qualifying semester or term completed during the income tax year.

(b) The amount of incentive allowed to an eligible student for each qualifying semester or term is equal to the amount paid by or for the benefit of the eligible student in tuition and fees to a Colorado public institution of higher education minus any scholarships or grants for the qualifying semesters or terms.

(c) With regard to whether an individual is an eligible student or whether a semester or term is a qualifying semester or term, a Colorado public institution of higher education shall take into account the facts and circumstances determined on or before January 15 following the income tax year and shall disregard any change in facts or circumstances occurring thereafter.

(4) (a) Each Colorado public institution of higher education is required by January 31, 2026, and every January 31 thereafter until 2033, to electronically report each eligible student, unless prohibited by federal law, in which case each Colorado public institution of higher education shall instead report each student who satisfies the qualifications for being an eligible student set forth in subsections (2)(c)(I) to (2)(c)(IV) of this section without regard to whether the student's household adjusted gross income exceeds the limit set forth in subsection (2)(c)(V) of this section, for any qualifying semester or term for which an incentive is allowed pursuant to this section for the prior calendar year to the department of higher education in a format prescribed by the department of higher education that includes:

(I) The student's tax identification number or social security number; and

(II) The amount of tuition and fees paid minus any scholarships or grants.

(b) By January 31, 2026, and every January 31 thereafter through 2033, the Colorado public institution of higher education shall provide each eligible student, unless prohibited by federal law, in which case each Colorado public institution of higher education shall instead provide each student who satisfies the qualifications for being an eligible student set forth in subsections (2)(c)(I) to (2)(c)(IV) of this section without regard to whether the student's household adjusted gross income exceeds the limit set forth in subsection (2)(c)(V) of this section, with a statement containing the information pertaining to that student's eligibility and the amount reported to the department of higher education pursuant to subsection (4)(a)(II) of this section. A Colorado public institution of higher education may provide the statement electronically and is not required to provide it in physical form.

(c) The department of higher education is required by February 15, 2026, and every February 15 thereafter through 2034, to electronically report the information received pursuant to subsection (4)(a) of this section along with any later corrections or additions to the department of revenue in a format prescribed by the executive director.

(5) The amount of the incentive allowed under this section that exceeds the eligible student's income taxes due is refunded to the taxpayer.

(6) (a) The department of higher education, in consultation with Colorado public institutions of higher education, shall determine each institution's average percentage of state and institutional financial aid allocated to the resident student population who have a family income of ninety thousand dollars or less in each year of the three years prior to 2025.

(b) Each Colorado public institution of higher education shall maintain a percentage of state and institutional financial aid to resident students who have an adjusted gross household income of ninety thousand dollars or less that is equal to or greater than the average percentage of state and institutional financial aid calculated by the department of higher education in each of the three academic years prior to the academic year 2024-25.

(c) If an institution does not maintain the percentage, the institution shall notify the department of higher education by a date determined by the department of higher education and must include in the notification a description of changes to institutional finances or the student population that prevented the institution from maintaining the state and institutional financial aid allocation percentage. The department of higher education shall include this information in its report described in subsection (6)(d) of this section.

(d) (I) On or before December 1, 2026, the department of higher education, in consultation with the department of revenue, shall submit a report to the joint budget committee and the house of representatives and senate education committees, or any successor committees, that describes the implementation of the tax incentive and includes an estimate of the total amount of tax incentives claimed pursuant to this section for income tax years that commence in 2025.

(II) On or before December 1, 2027, and each year thereafter until 2037, the department of higher education shall submit a report to the joint budget committee and the house of representatives and senate education committees, or any successor committees, including, for each institution, the average percentage of state and institutional financial aid allocated to the resident student population who have a family income of ninety thousand dollars or less in the three academic years prior to the academic year 2024-25, and in each academic year thereafter until 2034. The department of higher education shall include in the report available data on student enrollment information for incentive recipients, eligible nonrecipients, and noneligible students, disaggregated by income unless prohibited by federal law, and shall include, once the data are available, disaggregated outcome measures by income, unless prohibited by federal law, for incentive recipients, eligible nonrecipients, and noneligible students, including but not limited to student retention rates, completion rates, and student loan debt. Each Colorado public institution of higher education shall annually report student level financial aid, tuition and fees, student eligibility, and incentive eligibility information to the department of higher education that the department of higher education deems necessary to calculate the costs of the incentive, to provide to the department of revenue for incentive administration or for inclusion in the report.

(III) To allow the department of higher education to complete the report that it annually submits as required by subsection (6)(d)(II) of this section, the department of revenue shall annually provide to the department of higher education data that indicates whether an eligible student has claimed the incentive.

(7) This section is repealed, effective December 31, 2037.

**39-22-571. Film festival incentive tax credit - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly finds and declares that:

(I) Colorado's film festival industry has the ability to be a true economic driver in the state; and

(II) By providing a tax incentive to big film festivals to relocate to Colorado, a single big festival could bring over twenty thousand out of state visitors, leading to a boost in local economies, an increase in sales and use tax revenue, and job creation.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credits provided for in this section is to induce designated behavior by taxpayers and to provide a reduction in income tax liability for certain businesses or individuals by allowing film festival organizers to receive a credit against income tax or an income tax refund for qualified expenditures if certain criteria are met. Specifically, these tax expenditures are intended to incentivize film festival organizers to relocate to Colorado and, in particular, for big film festivals to boost local economies, increase sales and use tax revenue, and create new jobs.

(c) The general assembly and the state auditor shall measure the effectiveness of the tax credit in achieving the purposes specified in subsection (1)(b) of this section based on the amount of qualified expenditures made in Colorado, the number of visitors attending film festivals in the state, and the amount of state and local sales and use tax collected that can be attributed to such film festivals.

(2) As used in this section, unless the context otherwise requires:

(a) "Existing or small Colorado film festival entity" means a film festival entity that is not a global film festival entity. An existing or small Colorado film festival entity may be an entity that provides video, television, new media, or content creation exhibition.

(b) "Global film festival entity" means a film festival entity that:

(I) Is either a tax-exempt entity under section 501 (c)(3) of the internal revenue code or a for-profit entity; and

(II) Has a multi-decade operating history and a verifiable annual track record of attracting one hundred thousand or more in-person ticket sales and tens of thousands of out-of-state and international attendees for the film festival.

(c) "Office" means the Colorado office of economic development created in section 24-48.5-101 (1).

(d) "Qualified expenditure" means a payment made by a global film festival entity or an existing or small Colorado film festival entity operating in Colorado in connection with the film festival taking place in Colorado. Qualified expenditures for an existing or small Colorado film festival are limited to those incurred in Colorado in accordance with policies and procedures determined by the office. "Qualified expenditure" includes, but is not limited to:

(I) Salaries and benefits of employees of the entity that operates the festival;

(II) Costs associated with contractors that facilitate the operation of the festival;

(III) Costs associated with the rental of films, equipment, storage, venues, and office or other space to operate the festival;

(IV) Costs associated with rental expenses or building operation expenses of the entity that operates the festival;

(V) Travel expenses for individuals associated with the entity that operates the festival, including travel expenses for contractors and talent;

(VI) Any other costs incurred by the entity associated with insurance, tickets, marketing, and other related film programming events;

(VII) Capital costs to operate the film festival in Colorado; and

(VIII) Depreciable investments in real or business personal property in Colorado that are needed to operate the film festival.

(3) (a) Subject to subsection (3)(e) of this section, for tax years commencing on or after January 1, 2026, but before January 1, 2036, there is allowed a credit with respect to income taxes imposed pursuant to this article 22 to any global film festival entity or existing or small Colorado film festival entity that receives a tax credit certificate pursuant to this section in the amount of the tax credit certificate.

(b) The office may reserve a tax credit for the benefit of any global film festival entity pursuant to subsection (6) of this section subject to the following limits:

(I) For calendar years commencing on or after January 1, 2027, but before January 1, 2029, the aggregate amount of tax credit that may be reserved is four million dollars per year;

(II) For the calendar year commencing on January 1, 2029, the aggregate amount of tax credit that may be reserved is five million dollars; and

(III) For calendar years commencing on or after January 1, 2030, but before January 1, 2037, the aggregate amount of tax credit that may be reserved is three million dollars per year.

(c) Subject to subsection (3)(e) of this section, the office may reserve a tax credit for the benefit of any existing or small Colorado film festival entity pursuant to subsection (7) of this section. For calendar years commencing on or after January 1, 2027, but before January 1, 2037, the aggregate amount of tax credit that may be reserved pursuant to this subsection (3)(c) is five hundred thousand dollars per year.

(d) The tax credit allowed pursuant to this section shall be administered by the office jointly with the Colorado office of film, television, and media and the division of business funding and incentives, or their successor divisions or offices.

(e) The tax credit created in this section is not allowed to any qualified applicant unless at least one qualified global film festival entity commences the relocation of the festival to Colorado by January 1, 2026. The office shall determine if the relocation requirement of this subsection (3)(e) is satisfied and notify the department.

(4) (a) Subject to the program policies and procedures established by the office, a global film festival entity or an existing or small Colorado film festival entity may be allowed a tax credit for each tax year in which the global film festival entity or existing or small Colorado film festival entity hosts a film festival in Colorado. A global film festival entity or an existing or small Colorado film festival entity may be allowed an additional tax credit in the subsequent tax year with respect to any qualified expenditures incurred in that year.

(b) For purposes of this section, when determining the amount of tax credit for which a global film festival entity or existing or small Colorado film festival entity is eligible, any qualified expenditure that occurred in the eleven months prior to the commencement of a tax year in which the film festival entity hosted a film festival in Colorado may be added to the qualified expenditures that occurred during the tax year in which the film festival entity hosted a film festival in Colorado.

(c) Only one credit is allowed in accordance with this section with respect to a qualified expenditure.

(5) (a) The office shall develop and publish program policies and procedures for the administration of this section, including application guidelines for a global film festival entity and for an existing or small Colorado film festival entity applying to receive a tax credit reservation or issuance under this section. The office may include guardrails or requirements that the applicant must satisfy before a tax credit reservation or issuance occurs.

(b) When determining the priority and amount of a reservation of a tax credit for an existing or small Colorado film festival entity, if there are more requests for tax credit reservations than there are reservations available, the office must provide priority to existing or small Colorado film festival entities according to a competitive evaluation. The office shall evaluate applications based on the following criteria and shall prioritize applications from an entity that:

(I) Faces a substantial market or environmental change that demonstratively impacts the ongoing viability of the entity and is outside of the entity's control;

(II) Demonstrates historic community and economic impact, with special consideration being given to an entity that has run a festival for more than ten years;

(III) Demonstrates innovation and uniqueness;

(IV) Increases geographic equity; or

(V) Demonstrates community support through letters of recommendation including, but not limited to, letters that include demonstrations of historic and economic impact from:

(A) A local elected official, such as a mayor; or

(B) A local governing body, such as a city council or board of county commissioners.

(6) (a) For a global film festival entity to claim a tax credit pursuant to subsection (3) of this section, the global film festival entity must apply to the office for the reservation of a tax credit at a time and in a manner determined in the program policies and procedures. A global film festival entity may request reservations of tax credits in an amount up to thirty-four million dollars in accordance with subsection (3) of this section. The application must include a statement of intent by the global film festival entity to organize a festival in Colorado. The global film festival entity must submit, in conjunction with the application, any documentation necessary to demonstrate that it meets the definition of a global film festival entity, as defined in subsection (2)(a) of this section, and any other information required by the office. If the office is making a multi-year tax credit reservation, it shall document the multi-year tax credit reservation in a written tax credit agreement.

(b) The office shall review each tax credit reservation application submitted by a global film festival entity and, based on the information provided in the application, the office shall make a determination of whether the global film festival entity will receive a tax credit reservation and the amount of that reservation. The office must establish and provide written notice to the global film festival entity of the minimum festival operating requirements as part of the reservation process for the global film festival entity to receive a tax credit, which may include, but are not limited to, the number of films required to be screened, the marketing budget, the length of the festival in days, the location of the festival, the time during the year when the festival is required to take place, and other guardrails as determined by the office.

(c) Upon completion of the qualified expenditures, a global film festival entity that received a tax credit reservation from the office must retain a certified public accountant licensed to practice in the state or a certified public accounting firm that is registered in the state to review and report in writing, and in accordance with professional standards, regarding the accuracy of the financial documents that detail the expenses incurred in the course of the organization of the film festival in Colorado. The certified public accountant's written report must include documentation of the global film festival entity's qualified expenditures. This report must also show which qualified expenditures occurred within Colorado and which occurred outside Colorado according to standards developed by the office.

(d) A global film festival entity shall apply to the office for tax credit issuance in accordance with the program policies and procedures.

(e) When the office is satisfied that the global film festival entity is eligible for a refundable tax credit, the office shall issue to the global film festival entity a tax credit certificate that evidences the global film festival entity's right to claim the tax credit allowed under subsection (3) of this section. The amount of the tax credit is the lesser of the qualified expenditures calculated pursuant to subsection (4) of this section or the amount of the tax credit reserved pursuant to subsection (6)(b) of this section. The tax credit certificate must include the taxpayer's name, the taxpayer's social security number or federal employer identification number, the approved tax credit amount, and the income tax year for which the tax credit is being allowed.

(7) (a) An existing or small Colorado film festival entity may apply to the office for the reservation of a tax credit at a time and in a manner determined by the office and published in the program policies and procedures. An existing or small Colorado film festival entity may request a reservation of a tax credit for up to five hundred thousand dollars or another maximum amount as determined by the office. The application must include a statement of intent by the existing or small Colorado film festival entity to organize a festival in Colorado.

(b) The office shall review each application for a tax credit reservation submitted by an existing or small Colorado film festival entity and, based on the information provided in the application, the office shall make a determination of whether the existing or small Colorado film festival entity will be eligible to receive a tax credit and the amount of the tax credit reservation that will be granted to the existing or small Colorado film festival entity. The office shall inform the existing or small Colorado film festival entity in writing as to whether it has approved or denied the application for a tax credit reservation, the amount of the reservation if approved, and the years of the reservation. If the office is making a multi-year tax credit reservation, it shall document the multi-year tax credit reservation in a written conditional agreement. The office may establish and provide written notice to the existing or small Colorado film festival entity of the minimum festival operating requirements as part of the reservation process for the existing or small Colorado film festival entity to receive a tax credit which may include, but are not limited to, the number of films required to be screened, the marketing budget, the length of the festival in days, the location of the festival, the time during the year when the festival is required to take place, and any other guardrails as determined by the office.

(c) Upon completion of the qualified expenditures, an existing or small Colorado film festival entity that received approval for a tax credit reservation from the office must retain a certified public accountant licensed to practice in the state or a certified public accounting firm that is registered in the state to review and report in writing, and in accordance with professional standards, regarding the accuracy of the financial documents that detail the expenses incurred in the course of the organization of the film festival in Colorado. The certified public accountant's written report must include documentation of the existing or small Colorado film festival entity's qualified expenditures. This report must also show which qualified expenditures occurred within Colorado according to standards developed by the office.

(d) The existing or small Colorado film festival entity shall apply to the office for tax credit issuance in accordance with the program policies and procedures.

(e) When the office is satisfied that an existing or small Colorado film festival entity is eligible for a tax credit, the office shall issue to the existing or small Colorado film festival entity a refundable tax credit certificate that evidences the existing or small Colorado film festival entity's right to claim the tax credit allowed under subsection (3) of this section. The amount of the tax credit is the lesser of the qualified expenditures calculated pursuant to subsection (4) of this section or the amount of the tax credit reserved pursuant to subsection (7)(b) of this section. The tax credit certificate must include the taxpayer's name, the taxpayer's social security number or federal employer identification number, the approved tax credit amount, and the calendar year for which the tax credit is being allowed.

(8) If a credit authorized by this section exceeds the income tax due on the income of the qualified global film festival entity or existing or small Colorado film festival entity, or the entity is a tax-exempt entity under section 501 (c)(3) of the internal revenue code that does not pay Colorado state income taxes, the excess tax credit may not be carried forward and one hundred percent of the unclaimed value of the tax credit shall be refunded by the department to the film festival entity. A tax-exempt entity shall file a return pursuant to section 39-22-601 (7)(b).

(9) This section is repealed, effective December 31, 2041.

## PART 6

### PROCEDURE AND ADMINISTRATION

#### SUBPART 1

#### GENERAL

##### **39-22-600.3. Definitions.**

As used in this part 6, unless the context otherwise requires:

(1) "Frivolous return" means a return filed by any person that purports to be a return of the tax imposed by this article 22 but that:

(a) Does not contain information on which the substantial correctness of the return may be judged; or

(b) Contains information that on its face indicates that the return is substantially incorrect; and

(c) The conduct described in either subsection (1)(a) or (1)(b) of this section is due to either:

(I) A position that is frivolous; or

(II) A desire, which appears on the purported return, to delay or impede the administration of state income tax laws.

**Source: L. 2025:** Entire section added with relocations, (SB 25-275), ch. 377, p. 2104, § 315, effective August 6.

**Editor's note:** This section is similar to former § 39-22-603.5 (1) as it existed prior to 2025.

### **39-22-601. Returns - repeal.**

(1) (a) (I) Whenever a resident individual or a nonresident individual with income from Colorado sources is required to file a federal income tax return under the provisions of section 6012 of the internal revenue code or whenever a resident individual or a nonresident individual has incurred any tax liability under any provision of this article, the individual shall make a return that shall contain a written declaration that it is made under the penalty of perjury in the second degree. The return shall set forth, in such detail as the executive director shall prescribe by regulations, the said individual's federal taxable income, the deductions, modifications, exemptions, and credits required or allowed under this article, and any other information necessary to carry out the purposes of this article. For the purpose of this section, the residence of the individual taxpayer shall be the address supplied by the taxpayer to the department of revenue on the return.

(II) (A) For purposes of this subsection (1)(a)(II), a nonresident individual whose only source of income from this state is compensation that is subtracted from federal taxable income under section 39-22-104 (4)(t) need not file a return.

(B) This subsection (1)(a)(II) applies to tax years commencing before January 1, 2025.

(C) This subsection (1)(a)(II) is repealed, effective December 31, 2028.

(III) For purposes of this paragraph (a), an individual whose only source of income is compensation that is subtracted from federal taxable income under section 39-22-104 (4)(u) need not file a return.

(IV) For purposes of this subsection (1)(a), a nonresident individual whose only source of income from this state is income from an electing pass-through entity under subpart 3 of part 3 of this article 22 need not file a return.

(b) If any individual is unable to make his own return, the return shall be made by a duly authorized agent, guardian, executor, administrator, or other person charged with the care of the person or property of such taxpayer.

(c) Repealed.

(2) Every C corporation subject to taxation under this article shall make a return which shall contain a written declaration that it is made under the penalties of perjury in the second degree. Such return shall set forth, in such detail as the executive director shall prescribe by regulations, federal taxable income and the modifications and credits required or allowed under this article and any other information necessary to carry out the purposes of this article. The return shall be signed by the president, vice-president, treasurer, assistant treasurer, chief accounting officer, or other officer duly authorized to act. In cases where receivers, trustees in bankruptcy, or assignees are operating the property or business of corporations, such receivers, trustees, or assignees shall make returns for such corporations in the same manner and form as corporations are required to make returns. Any tax due on the basis of such returns shall be collected in the same manner as if collected from the corporation for which the return is made.

(2.5) (a) Every S corporation which engages in activities in this state which would subject a C corporation to the requirement to make a return under this section shall make a return which shall contain a written declaration that it is made under the penalties of perjury in the second degree. Such return shall set forth, in such detail as the executive director shall prescribe by regulations, federal taxable income and the modifications and credits required or allowed under this article and any other information necessary to carry out the purposes of this article. The return shall be signed by an officer of the S corporation duly authorized to act, which authorization shall be conclusively presumed by the signature.

(b) In addition to other information which the executive director may by regulation prescribe, the return shall set forth:

(I) The name, address, and social security or federal identification number of each shareholder of the S corporation;

(II) The income attributable to the state and the income not attributable to the state with respect to each shareholder of the S corporation as determined under subpart 2 of part 3 of this article; and

(III) The modifications required by section 39-22-323.

(c) The S corporation shall, on or before the day on which such return is filed, furnish to each person who was a shareholder of the S corporation during the year a copy of such information shown on the return as the executive director may by regulation prescribe.

(d) The department of revenue shall permit S corporations to file composite returns and to make composite payments of tax on behalf of some or all of its nonresident shareholders. The department of revenue may permit composite returns and payments to be made on behalf of resident shareholders.

(e) With respect to each of its nonresident shareholders, an S corporation shall, for each taxable period, either timely file with the department of revenue an agreement, as provided in subsection (2.5)(f) of this section, or make a payment to this state as provided in subsection (2.5)(h) of this section; except that this subsection (2.5)(e) shall not apply to an S corporation that makes the election allowed under subpart 3 of part 3 of this article 22.

(f) The agreement referred to in subsection (2.5)(e) of this section is an agreement of a nonresident shareholder of the S corporation:

(I) To file a return in accordance with this section and to make timely payment of all taxes imposed on the shareholder by this state with respect to the income of the S corporation; and

(II) To be subject to personal jurisdiction in this state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the shareholder by this state with respect to the income of the S corporation.

(g) An S corporation that timely files an agreement as provided in paragraph (e) of this subsection (2.5) with respect to a nonresident shareholder of the S corporation for a taxable period shall be considered to have timely filed such an agreement for each subsequent taxable period. An S corporation that does not timely file such an agreement for a taxable period shall not be precluded from timely filing such an agreement for subsequent taxable periods. The agreement will be considered to be timely filed for a taxable period and for all subsequent taxable periods if it is filed at or before the time the annual return for such taxable period is required to be filed pursuant to paragraph (a) of this subsection (2.5).

(h) The payment referred to in subsection (2.5)(e) of this section shall be in an amount equal to the highest marginal tax rate in effect under section 39-22-104 multiplied by the shareholder's pro rata share of the income attributable to the state as reflected on the S corporation's return for the taxable period. An S corporation shall be entitled to recover a payment made pursuant to this

subsection (2.5)(h) from the shareholder on whose behalf the payment was made. Any such payment for a taxable period must be made at or before the time the annual return for such taxable period is required to be filed pursuant to subsection (2.5)(a) of this section.

(i) Any amount paid by the S corporation to this state pursuant to paragraph (d) or paragraph (h) of this subsection (2.5) shall be considered to be a payment by the shareholder on account of the income tax imposed on the shareholder for the taxable period pursuant to section 39-22-104.

(j) (I) This subsection (2.5) applies to tax years beginning before January 1, 2024.

(II) This subsection (2.5) is repealed, effective December 31, 2028.

(2.7) (a) Every S corporation that engages in activities in the state that would subject a C corporation to the requirement to make a return under this section shall make a return that must contain a written declaration that it is made under the penalties of perjury in the second degree. The return must set forth, in such detail as the executive director shall prescribe, federal taxable income and the modifications and credits required or allowed under this article 22 and any other information necessary to carry out the purposes of this article 22. The return must be signed by an officer of the S corporation duly authorized to act, which authorization is conclusively presumed by the signature.

(b) On or before the day on which the return is filed pursuant to subsection (2.7)(a) of this section, but no later than the due date for the return, including any extensions, in addition to other information that the executive director may prescribe, the S corporation shall report to the executive director:

(I) The name, address, and social security number or federal identification number of each shareholder of the S corporation;

(II) Each shareholder's pro rata share of the S corporation's income, gain, loss, or deduction;

(III) The income attributable to the state, with respect to each nonresident shareholder of the S corporation, as determined under subpart 2 of part 3 of this article 22;

(IV) The modifications required by section 39-22-323 with respect to each shareholder;

(V) Each shareholder's share of any credits allowed pursuant to this article 22 to the extent that the credit is not applied to the composite payment by the S corporation pursuant to subsection (2.7)(d)(III)(B) of this section; and

(VI) Each shareholder's share, if any, of any composite payment made pursuant to subsection (2.7)(d)(III).

(c) On or before the day on which the return is filed pursuant to subsection (2.7)(a) of this section, but no later than the due date for the return, including any extensions, the S corporation shall furnish to each person who was a shareholder of the S corporation during the year a copy of

the information reported to the executive director pursuant to subsection (2.7)(b) of this section with respect to the shareholder.

(d) (I) Except as otherwise provided in this subsection (2.7)(d), every S corporation required to file a return under subsection (2.7)(a) of this section shall also file a composite return and make a composite payment of tax on behalf of all of its nonresident shareholders.

(II) The composite return must not include:

(A) Any resident shareholder, including a shareholder who is a resident of Colorado for only part of the taxable year;

(B) Any nonresident shareholder exempt from tax under section 39-22-112 (1); or

(C) Any nonresident shareholder who timely files an agreement pursuant to subsection (2.7)(e) of this section.

(III) (A) The amount of the composite payment is the aggregate income attributable to the state multiplied by the highest marginal tax rate in effect under section 39-22-104. The aggregate income attributable to the state is the sum of the income attributable to the state that each nonresident shareholder included in the composite return must take into account under section 39-22-322, as modified pursuant to sections 39-22-323 and 39-22-325. If the income calculated for any nonresident shareholder is a negative amount, that nonresident shareholder's income is excluded from the calculation of aggregate income attributable to the state.

(B) The S corporation may claim a nonresident shareholder's pro rata share of any credit allowed with respect to the activity of the S corporation for the taxable year only if the nonresident shareholder is included in the composite return and only to the extent that the nonresident shareholder could have, under any applicable restrictions, claimed the credit himself on a return that the nonresident filed. The total of the credits claimed under this subsection (2.7)(d)(III)(B) for each nonresident shareholder must not exceed the amount of the composite payment calculated under subsection (2.7)(d)(III)(A) of this section with respect to the nonresident shareholder. To the extent that the credit exceeds the amount of the composite payment, the amount not applied to the composite payment is passed through to and may only be claimed by the nonresident shareholder pursuant to subsection (2.7)(d)(VI)(B) of this section.

(IV) Every S corporation required to make a composite payment under this subsection (2.7)(d) is subject to the requirements of section 39-22-606. The composite payment calculated pursuant to subsection (2.7)(d)(III) of this section is regarded as the "tax" or "tax liability" for purposes of section 39-22-606, and the S corporation is regarded as the "taxpayer" or "corporation". Any refund allowed pursuant to section 39-21-108 for any overpayment of estimated tax made pursuant to this subsection (2.7)(d)(IV) must be made to the S corporation that filed the composite return.

(V) An S corporation is entitled to recover from each nonresident shareholder that nonresident shareholder's share of the composite payment made pursuant to this subsection (2.7)(d), including any penalty or interest paid pursuant to section 39-22-621.

(VI) (A) A composite return filed pursuant to this subsection (2.7)(d) satisfies the filing requirement imposed by this section for each nonresident shareholder included therein, unless that nonresident shareholder has any income from Colorado sources that is not included in a composite return or that nonresident shareholder has incurred any tax liability under this article 22 that is not included in a composite return.

(B) A nonresident shareholder who is included in a composite return, and whose filing requirement under this section is satisfied thereby, may file a return in accordance with this section. A nonresident shareholder who files a return may claim a credit for its share of the composite payment made by the S corporation on behalf of the nonresident shareholder pursuant to subsection (2.7)(d)(III)(A) of this section. A nonresident shareholder who files a return may claim its pro rata share of any credit allowed by this article 22 to the extent that the credit was not applied to the composite payment made by the S corporation on behalf of the nonresident shareholder.

(C) The exclusion of a shareholder from the composite return pursuant to subsection (2.7)(d)(II) of this section does not exempt the shareholder from the obligation to file a return or pay the tax imposed under this article 22.

(VII) This subsection (2.7)(d) does not apply to:

(A) An S corporation that makes the election allowed under subpart 3 of part 3 of this article 22; or

(B) An S corporation consisting only of shareholders described in subsection (2.7)(d)(II) of this section.

(e) (I) The agreement referred to in subsection (2.7)(d)(II)(C) of this section is an agreement of a nonresident shareholder of the S corporation for purposes of subsection (2.7)(d)(II)(C) of this section if the agreement:

(A) Requires the nonresident shareholder to file a return in accordance with this section and to make timely payment of all taxes imposed on the shareholder by the state with respect to the income of the nonresident shareholder; and

(B) Provides that the S corporation is subject to personal jurisdiction in the state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the shareholder by the state with respect to the income of the S corporation.

(II) In order to exclude a nonresident shareholder from a composite return pursuant to subsection (2.7)(d)(II)(C) of this section, the S corporation must obtain the agreement described

in this subsection (2.7)(e) from the nonresident shareholder and file it with the return required by subsection (2.7)(a) of this section. An S corporation that timely files an agreement for a taxable period is considered to have timely filed such an agreement for each subsequent taxable period. An S corporation that does not timely file such an agreement for a taxable period is not precluded from timely filing such an agreement for subsequent taxable periods.

(f) This subsection (2.7) applies to income tax years beginning on and after January 1, 2024.

(3) Every fiduciary, except a receiver appointed by authority of law in possession of part only of the property of an individual, shall make a return for any individuals, estates, or trusts for which he acts, which return shall contain a declaration that it is made under the penalties of perjury in the second degree. Such return shall set forth, in such detail as the executive director shall prescribe by regulation, the federal taxable income and the deductions, modifications, exemptions, and credits required or allowed under this article and any other information necessary to carry out the purposes of this article. The individuals, estates, or trusts for which a fiduciary acts are as follows:

(a) Every individual for whom a return is required to be filed under subsection (1) of this section;

(b) Every resident estate or trust and every nonresident estate or trust with income from Colorado sources for which a federal income tax return is required to be filed and every resident estate or trust and every nonresident estate or trust which has incurred any tax liability under any provision of this article.

(c) Repealed.

(4) Every fiduciary of an estate or trust with a nonresident beneficiary which receives net income from real or tangible personal property within Colorado shall withhold and pay over to the executive director, out of the income to be distributed to such nonresident beneficiary, a tax upon the beneficiary's share of said income computed at the rate provided in section 39-22-104 unless the nonresident beneficiary files a timely return of his total income from sources within Colorado, in which case the fiduciary shall withhold and pay over only the amount of tax disclosed by the beneficiary's return. The nonresident beneficiary, at his option within the time limited by this article, may file a return of his income and may claim a refund for the amount of tax withheld in excess of the amount of tax due as shown by said return.

(4.5) Repealed.

(5) (a) Every partnership that engages in activities in this state that would subject a C corporation to the requirement to make a return under this section shall make a return that shall contain a written declaration that it is made under the penalties of perjury in the second degree. Such return shall set forth, in such detail as the executive director shall prescribe, federal ordinary income and the modifications and credits required or allowed under this article and any

other information necessary to carry out the purposes of this article. The return shall be signed by any one of the partners.

(b) In addition to other information that the executive director may prescribe, the return shall set forth:

(I) The name, address, and social security or federal identification number of each partner of the partnership;

(II) The income attributable to the state and the income not attributable to the state with respect to each partner of the partnership as determined under section 39-22-203; and

(III) The modifications required by section 39-22-202.

(c) The partnership shall, on or before the day on which the return is filed, furnish to each person who was a partner of the partnership during the year a copy of such information shown on the return as the executive director may prescribe.

(d) The department of revenue shall permit partnerships to file composite returns and to make composite payments of tax on behalf of any or all of its nonresident partners.

(e) With respect to each of its nonresident partners, a partnership shall, for each taxable period, either timely file with the department of revenue an agreement, as provided in subsection (5)(f) of this section, or make payment to this state, as provided in subsection (5)(h) of this section; except that this subsection (5)(e) shall not apply to a partnership that makes the election allowed under subpart 3 of part 3 of this article 22.

(e.5) Paragraphs (d) and (e) of this subsection (5) shall not apply to a publicly traded partnership, as defined in section 7704 (b) of the internal revenue code, that meets any of the exceptions under section 7704 (c) of the internal revenue code and is not treated as a corporation under section 7704 (a) of the internal revenue code.

(f) The agreement referred to in subsection (5)(e) of this section is an agreement of a nonresident partner of the partnership:

(I) To file a return in accordance with this section and to make timely payment of all taxes imposed on the member by this state with respect to the income of the partnership; and

(II) To be subject to personal jurisdiction in this state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the partner by this state with respect to the income of the partnership.

(g) A partnership that timely files an agreement as provided in paragraph (e) of this subsection (5) with respect to a nonresident partner of the partnership for a taxable period shall be considered to have timely filed such an agreement for each subsequent taxable period. A partnership that does not timely file such an agreement for a taxable period shall not be

precluded from timely filing such an agreement for subsequent taxable periods. The agreement will be considered to be timely filed for a taxable period and for all subsequent taxable periods if it is filed at or before the time the annual return for such taxable period is required to be filed pursuant to paragraph (a) of this subsection (5).

(h) The payment referred to in subsection (5)(e) of this section shall be in an amount equal to the highest marginal tax rate in effect under section 39-22-104 multiplied by the nonresident partner's share of the income attributable to the state as reflected on the partnership's return for the taxable period. A partnership shall be entitled to recover a payment pursuant to this subsection (5)(h) from the nonresident partner on whose behalf the payment was made. Any such payment for a taxable period must be made at or before the time the annual return for such taxable period is required to be filed pursuant to subsection (5)(a) of this section.

(i) Any amount paid by the partnership to this state pursuant to paragraph (d) or (h) of this subsection (5) shall be considered to be a payment by the nonresident partner on account of the income tax imposed on the nonresident partner for the taxable period pursuant to section 39-22-104 or 39-22-301.

(j) (I) This subsection (5) applies to income tax years beginning before January 1, 2024.

(II) This subsection (5) is repealed, effective December 31, 2028.

(5.5) (a) Every partnership that engages in activities in the state that would subject a C corporation to the requirement to make a return under this section shall make a return that contains a written declaration that it is made under the penalty of perjury in the second degree. The return must set forth, in such detail as the executive director prescribes, federal ordinary income and the modifications and credits required or allowed under this article 22 and any other information necessary to carry out the purposes of this article 22. The return must be signed by a partner duly authorized to act, and the authorization is to be conclusively presumed by the signature.

(b) On or before the day on which a return is filed pursuant to subsection (5.5)(a) of this section, but no later than the due date for the return, including any extensions, in addition to other information that the executive director may prescribe, the partnership shall report to the executive director:

(I) The name, address, and social security number or federal identification number of each partner of the partnership;

(II) Each partner's distributive share of partnership income, gain, loss, or deduction;

(III) The income derived from sources within Colorado as determined under section 39-22-203 with respect to each nonresident partner;

(IV) The modifications that may be required by section 39-22-202 or 39-22-203, as applicable, with respect to each partner;

(V) Each partner's share of any credits allowed pursuant to this article 22 to the extent that the credit was not applied to the composite payment by the partnership pursuant to subsection (5.5)(d)(III)(B) of this section; and

(VI) Each partner's share, if any, of any composite payment made by the partnership pursuant to subsection (5.5)(d)(III) of this section.

(c) On or before the day on which the return is filed pursuant to subsection (5.5)(a) of this section, but no later than the due date for the return, including any extensions, the partnership shall furnish to each person who was a partner during the year a copy of the information reported to the executive director pursuant to subsection (5.5)(b) of this section with respect to the partner.

(d) (I) Except as otherwise provided in this subsection (5.5)(d), every partnership required to file a return under subsection (5.5)(a) of this section shall also file a composite return and make a composite payment of tax on behalf of all of its nonresident partners.

(II) The composite return must not include:

(A) Any resident partner, including a partner who is a resident of Colorado for only part of the taxable year;

(B) Any nonresident partner that is a corporation or a partnership;

(C) Any nonresident partner exempt from tax under section 39-22-112 (1); and

(D) Any nonresident partner who timely files an agreement pursuant to subsection (5.5)(e) of this section.

(III) (A) The amount of the composite payment is the aggregate income derived from sources in the state multiplied by the highest marginal tax rate in effect under section 39-22-104. The aggregate income attributable to the state is the sum of the distributive share of partnership income, gain, loss, or deduction derived from sources in Colorado for each nonresident partner included in the composite return, computed pursuant to section 39-22-203, including the modifications provided by that section. If the income computed for any nonresident partner is a negative amount, that nonresident partner's income is excluded from the calculation of aggregate income derived from sources in the state.

(B) The partnership may claim a nonresident partner's distributive share of any credit allowed with respect to the activity of the partnership for the taxable year only if the nonresident partner is included in the composite return and only to the extent that the nonresident partner could have, under any applicable restrictions, claimed the credit themselves on a return that the nonresident filed. The total of the credits applied under this subsection (5.5)(d)(III)(B) for each

nonresident partner must not exceed the amount of the composite payment calculated under subsection (5.5)(d)(III)(A) of this section with respect to the nonresident partner. To the extent that the credit exceeds the amount of the composite payment, the amount not applied to the composite payment is passed through to and may only be claimed by the nonresident partner pursuant to subsection (5.5)(d)(VI)(B) of this section.

(IV) Every partnership required to make a composite payment under this subsection (5.5)(d) is subject to the requirements of section 39-22-606. The composite payment calculated pursuant to subsection (5.5)(d)(III) of this section is regarded as the "tax" or "tax liability" for purposes of section 39-22-606, and the partnership is regarded as the "taxpayer" or "corporation". Any refund allowed pursuant to section 39-21-108 for any overpayment of estimated tax made pursuant to this subsection (5.5)(d)(IV) must be made to the partnership that filed the composite return.

(V) A partnership is entitled to recover from each nonresident partner that nonresident partner's share of the composite payment made pursuant to this subsection (5.5)(d), including any penalty or interest paid pursuant to section 39-22-621.

(VI) (A) A composite return filed pursuant to this subsection (5.5)(d) satisfies the filing requirement under this section for each nonresident partner included in the return unless that nonresident partner has any income from Colorado sources that is not included in a composite return or that nonresident partner has incurred any tax liability under this article 22 that is not included in a composite return.

(B) A nonresident partner included in a composite return, and whose filing requirement under this section is satisfied by filing the composite return, may file a return in accordance with this section. A nonresident partner who files a return may claim a credit for its share of the composite payment made by the partnership on behalf of the nonresident partner pursuant to subsection (5.5)(d)(III)(A) of this section. A nonresident partner who files a return may claim its distributive share of any credit as allowed by this article 22 to the extent the credit was not applied to the composite payment made by the partnership on behalf of the nonresident partner.

(C) The exclusion of a partner from the composite return pursuant to subsection (5.5)(d)(II) of this section does not exempt the partner from the obligation to file a return or pay the tax imposed under this article 22.

(VII) This subsection (5.5)(d) does not apply to:

(A) A partnership that makes the election allowed under subpart 3 of part 3 of this article 22;

(B) A publicly traded partnership, as defined in section 7704 (b) of the internal revenue code, that meets any of the exceptions under section 7704 (c) of the internal revenue code and is not treated as a corporation under section 7704 (a) of the internal revenue code; and

(C) A partnership consisting only of partners described in subsection (5.5)(d)(II) of this section.

(e) (I) The agreement referred to in subsection (5.5)(d)(II)(C) of this section is an agreement of a nonresident partner of the partnership for purposes of subsection (5.5)(d)(II)(C) of this section if the agreement:

(A) Requires the nonresident partner to file a return in accordance with this section and make timely payment of all taxes imposed on the partner by the state with respect to the income of the partnership; and

(B) Provides that the nonresident partner is subject to personal jurisdiction in the state for purposes of the collection of income taxes, together with related interest and penalties, imposed on the partner by the state with respect to the income of the partnership.

(II) In order to exclude a nonresident partner from a composite return pursuant to subsection (5.5)(d)(II)(D) of this section, the partnership must obtain the agreement described in this subsection (5.5)(e) from the nonresident partner and file it with the return required by subsection (5.5)(a) of this section. A partnership that timely files an agreement for a taxable period is considered to have timely filed such an agreement for each subsequent taxable period. A partnership that does not timely file such an agreement for a taxable period is not precluded from timely filing such an agreement for subsequent taxable periods.

(f) This subsection (5.5) applies to tax years beginning on and after January 1, 2024.

(6) (a) Any final determination of federal taxable income made prior to January 1, 2024, pursuant to the provisions of federal law under which federal taxable income is found to differ from the taxable income originally reported to the federal government must be reported by the taxpayer to the executive director by making and filing a Colorado amended return within thirty days of such final determination with a statement of the reasons for the difference, in such detail as the executive director may require. In addition thereto, any taxpayer filing an amended return with the federal internal revenue service that reflects any change in income reportable to the state of Colorado shall, within thirty days of such federal filing, make and file a corresponding Colorado amended return.

(b) For purposes of this subsection (6), final determination means only the first of the following to occur:

(I) The taxpayer's execution of a waiver with and acceptance by the internal revenue service of restrictions on assessment and collection of deficiency in federal tax or acceptance of overassessment in said tax;

(II) The acceptance by the internal revenue service of an offer of waiver of restrictions on assessment and collection of deficiency in tax or acceptance of overassessment;

(III) The execution by the taxpayer of acceptance of an examining officer's findings by a partnership, limited liability company, or fiduciary;

(IV) The payment of any additional tax by the taxpayer; or

(V) Any judgment becoming final, whether by stipulation or otherwise, in any judicial proceeding affecting such change in reported federal taxable income.

(c) If, from such return or from investigation, it appears that the tax with respect to income imposed by this article has not been fully assessed, the executive director shall, within one year after the receipt of such return or within one year of discovery of such final determination, if unreported, assess the deficiency with interest at the rate prescribed in section 39-22-621.

(d) If the taxpayer does not file such amended return within the prescribed thirty-day period, then the statute of limitations shall be tolled from the end of such thirty-day period until the date that such amended return is filed with the executive director or until the executive director discovers such determination or change, whichever shall first occur.

(e) If any taxpayer agrees with the internal revenue service for an extension, or renewals thereof, of the period for assessing deficiencies or paying refunds in federal income tax or for changing reported federal taxable income of a partnership, limited liability company, or fiduciary for any year or if any taxpayer files a federal income tax refund claim or initiates administrative or judicial proceedings which have the effect of extending said period for any year, the period within which the executive director may issue a notice of deficiency for any such year shall be four years after the applicable Colorado return was filed or one year after the date of expiration of the extended period for assessing deficiencies in federal income tax or changing reported federal taxable income of a partnership, limited liability company, or fiduciary, whichever is later.

(f) Repealed.

(g) Notwithstanding any provision of this article or of article 21 of this title, any assessment made by reason of the applicability of the provisions of paragraphs (a) to (f) of this subsection (6), which could not have been made except for the extension or tolling, pursuant to said provisions, of the period of limitations otherwise applicable for assessing income taxes, shall be limited to deficiencies arising as a result of adjustments made by the commissioner of internal revenue in any final determination of federal taxable income, if the taxpayer has been audited by the department of revenue for the year in question and the issues raised in the audit have been settled by agreement for payment or payment of deficiencies arising therefrom.

(h) This subsection (6) is repealed, effective December 31, 2028.

(7) (a) Every person or organization exempt from taxes pursuant to section 39-22-112 shall make and file a return only if said person or organization is required to file a federal return of

unrelated business income, which Colorado return shall contain such information as the executive director may prescribe.

(b) The executive director may require a person or organization not subject to tax under this article 22 or a person or organization exempt from taxes pursuant to section 39-22-112 to make and file a return containing such information as the executive director may prescribe to claim a credit allowed under this article 22 even if the person or organization does not have unrelated business income.

(c) All procedures of law relating to the determination, assessment, collection, and refund of tax apply to a return made and filed under this subsection (7) and the tax payable thereon, if any.

(8) Repealed.

(9) (a) Any person who is required by section 6053 or 6041A of the internal revenue code to file annual information reports concerning tips or remunerations for services or remunerations for direct sales may be required, by rules promulgated by the executive director, to file copies of such reports or otherwise furnish the same to the executive director within the time required by the internal revenue service for the filing of such reports. Such reports shall show, in addition to the information required by the internal revenue service, any amounts deducted and withheld by the payer for income tax due to the state of Colorado from the payee listed on such reports.

(a.5) The executive director may require any magnetic media taxpayer to file the reports described in paragraph (a) of this subsection (9) by magnetic media or in other machine-readable form. For the purposes of this paragraph (a.5), "magnetic media taxpayer" means a taxpayer who is required to file information returns described in section 6041A, 6051, or 6053 of the internal revenue code by magnetic media or in other machine-readable form under section 6011 (e) of the internal revenue code.

(b) Any person required by paragraph (a) of this subsection (9) to file a report who fails to timely file such report shall be subject to a fine of fifty dollars for each such failure.

(10) Repealed.

## ANNOTATION

**Return not containing income information not statutory "return".** A taxpayer's return which does not contain any information relating to the taxpayer's income from which the tax can be computed is not a return within the meaning of subsection (1). *People v. Vickers*, 199 Colo. 305, 608 P.2d 808 (1980).

**Subsection (6)(c) is not an exception to the general statute of limitations, § 39-21-**

107 (2), as subsection (6)(c) merely allows the director to assess a deficiency only to the extent of the information contained in the federal revenue agent's report filed by the taxpayer. *Kraftco Corp. v. Charnes*, 636 P.2d 1300 (Colo. App. 1981).

**Applied** in *People v. Vesely*, 41 Colo. App. 325, 587 P.2d 802 (1978).

### **39-22-601.5. Reporting federal adjustments - definitions.**

- (1) As used in this section, unless the context otherwise requires:
- (a) "Administrative adjustment request" means an administrative adjustment request filed by a partnership under section 6227 of the internal revenue code.
  - (b) "Audited partnership" means a partnership subject to a partnership level audit resulting in a federal adjustment.
  - (c) "Corporate partner" means a partner that is subject to tax under section 39-22-301.
  - (d) "Direct partner" means a partner that holds an interest directly in a partnership.
  - (e) "Exempt partner" means a partner that is exempt from taxation under section 39-22-112 (1), except on unrelated business taxable income under section 39-22-112 (2).
  - (f) "Federal adjustment" means a change to an item or amount determined under the internal revenue code that is used by a taxpayer to compute the tax due under this article 22 whether that change results from action by the internal revenue service, including a partnership level audit, or the filing of an amended federal return, federal refund claim, or administrative adjustment request by the taxpayer. A federal adjustment is positive to the extent that it increases federal taxable income as determined under this article 22 and is negative to the extent that it decreases federal taxable income as determined under this article 22.
  - (g) "Federal adjustments report" includes methods or forms required by the executive director for use by a taxpayer to report final federal adjustments, including an amended Colorado tax return, an information return, or a uniform multistate report.
  - (h) "Federal partnership representative" means the person the partnership designates for the taxable year as the partnership's representative, or the person the internal revenue service has

appointed to act as the federal partnership representative pursuant to section 6223 (a) of the internal revenue code.

(i) "Final determination date" means:

(I) Except as otherwise provided in this subsection (1)(i), if the federal adjustment arises from an internal revenue service audit or other action by the internal revenue service, the first day on which no federal adjustments arising from the audit or other action remain to be finally determined, whether by internal revenue service decision with respect to which all rights of appeal have been waived or exhausted, by agreement, or, if appealed or contested, by a final decision with respect to which all rights of appeal have been waived or exhausted. For agreements required to be signed by the internal revenue service and the taxpayer, the final determination date is the date on which the last party signed the agreement.

(II) For federal adjustments arising from an internal revenue service audit or other action by the internal revenue service, if the taxpayer filed a combined report, a consolidated return, or a combined and consolidated return, the first day on which no related federal adjustments arising from that audit remain to be finally determined, as described in subsection (1)(i)(I) of this section, for the entire group;

(III) If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request, or if it is a federal adjustment reported on an amended federal return or other similar report filed pursuant to section 6225 (c) of the internal revenue code, the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed.

(j) "Final federal adjustment" means a federal adjustment after the final determination date for that federal adjustment has passed.

(k) "Indirect partner" means a partner in a partnership or pass-through entity that itself holds an interest directly, or through another indirect partner, in a partnership or pass-through entity.

(l) "Nonresident partner" means a nonresident individual, a nonresident estate, or a nonresident trust.

(m) "Partner" means a person that holds an interest directly or indirectly in a partnership or other pass-through entity.

(n) "Partnership level audit" means an examination by the internal revenue service at the partnership level pursuant to subchapter C of chapter 63 of subtitle F of the internal revenue code that results in federal adjustments.

(o) "Pass-through entity" means an entity, other than a partnership, that is not subject to tax under section 39-22-301.

(p) "Resident partner" means a partner who is a resident individual, a resident estate, or a resident trust.

(q) "Reviewed year" means the taxable year of a partnership that is subject to a partnership level audit from which federal adjustments arise.

(r) "Taxpayer" means:

(I) A person subject to tax under this article 22;

(II) A partnership subject to a partnership level audit and a tiered partner of that partnership;  
or

(III) A partnership that has made an administrative adjustment request and a tiered partner of that partnership.

(s) "Tiered partner" means any partner that is a partnership or pass-through entity.

(2) Except in the case of final federal adjustments that are required to be reported by a partnership and its partners using the procedures in subsection (3) of this section, and final federal adjustments required to be reported for federal purposes by taking those adjustments into account in the partnership return for the year of adjustment, a taxpayer shall report and pay any tax due under this article 22 with respect to final federal adjustments arising from an audit or other action by the internal revenue service or reported by the taxpayer on a timely filed amended federal income tax return, including a return or other similar report filed pursuant to section 6225 (c)(2) of the internal revenue code, or federal claim for refund by filing a federal adjustments report with the executive director for the reviewed year and, if applicable, paying the additional tax owed under this article 22 by the taxpayer no later than one hundred eighty days after the final determination date.

(3) (a) Except for adjustments required to be reported for federal purposes by taking those adjustments into account in the partnership return for the year of adjustment and the distributive share of adjustments that have been reported as required under subsection (2) of this section, partnerships and partners shall report final federal adjustments arising from a partnership level audit or an administrative adjustment request and make payments as required under this subsection (3).

(b) (I) With respect to an action required or permitted to be taken by a partnership under this subsection (3) and a proceeding under section 39-21-103 or 39-21-105 with respect to that action, the state partnership representative for the reviewed year has the sole authority to act on behalf of the partnership, and the partnership's direct partners and indirect partners are bound by those actions.

(II) The state partnership representative for the reviewed year is the partnership's federal partnership representative unless the partnership designates in writing another person as its state partnership representative.

(III) The executive director may establish reasonable qualifications and procedures for designating a person other than the federal partnership representative to be the state partnership representative.

(c) (I) Final federal adjustments subject to the requirements of this subsection (3), except for those subject to a properly made election under subsection (3)(d) of this section, must be reported as provided in this subsection (3)(c).

(II) No later than ninety days after the final determination date, the partnership shall:

(A) File a completed federal adjustments report with the executive director including any information the executive director may prescribe;

(B) Notify each of its direct partners of their distributive share of the final federal adjustments including any information the executive director may prescribe;

(C) File an amended composite return for direct partners as required under section 39-22-601 (5)(d) or (5.5)(d), as applicable, or an amended return under subpart 3 of part 3 of this article 22, and pay the additional amount that would have been due had the final federal adjustments been reported properly as required; and

(D) For any direct partner for which payment was made under section 39-22-601 (5)(h), pay the additional amount that would have been due had the final federal adjustments been reported properly as required.

(III) Except as provided under subsection (4) of this section, no later than one hundred eighty days after the final determination date, each direct partner that is not included in an amended composite return under subsection (3)(c)(II)(C) of this section and that is subject to tax under section 39-22-104 shall:

(A) File a federal adjustments report reporting their distributive share of the adjustments reported to them under subsection (3)(c)(II)(B) of this section; and

(B) Pay any additional amount of tax due as if final federal adjustments had been properly reported, plus any penalty and interest due under section 39-22-621 and less any credit for related amounts paid or withheld and remitted on behalf of the direct partner under subsection (3)(c)(II)(D) of this section.

(d) (I) No later than ninety days after the final determination date, an audited partnership making an election under this subsection (3)(d) shall file a completed federal adjustments report,

including such information as the executive director may prescribe, and notify the executive director that it is making the election under this subsection (3)(d).

(II) No later than one hundred eighty days after the final determination date, an audited partnership making an election under this subsection (3)(d) shall pay the amount determined under subsection (3)(e) of this section in lieu of taxes owed by its direct and indirect partners.

(III) Final federal adjustments subject to the election provided in this subsection (3)(d) exclude:

(A) The distributive share of final audit adjustments that under part 3 of this article 22 must be included in the unitary business income of any direct or indirect corporate partner if the audited partnership can reasonably determine this; and

(B) Any final federal adjustments resulting from an administrative adjustment request.

(IV) An audited partnership not otherwise subject to any reporting or payment obligation to the state that makes an election under this subsection (3)(d) consents to be subject to Colorado laws related to reporting, assessment, payment, and collection of Colorado tax calculated under the election.

(e) Subject to the limitations in subsection (3)(d)(III) of this section, the amount due under subsection (3)(d)(II) of this section is calculated as follows:

(I) Exclude from final federal adjustments the distributive share of these adjustments reported to a direct exempt partner not subject to tax under section 39-22-112 (1);

(II) For the total distributive shares of the remaining final federal adjustments reported to direct corporate partners subject to tax under section 39-22-301, and to direct exempt partners subject to tax under section 39-22-112 (2), apportion and allocate such adjustments as provided under section 39-22-303.6 and multiply the resulting amount by the highest tax rate in effect under section 39-22-301;

(III) For the total distributive shares of the remaining final federal adjustments reported to nonresident partners that are direct partners subject to tax under section 39-22-104, determine the amount of such adjustments derived from sources within Colorado under section 39-22-203 and multiply the resulting amount by the highest tax rate in effect under section 39-22-104;

(IV) For the total distributive shares of the remaining final federal adjustments reported to tiered partners:

(A) Determine the amount of such adjustments which is of a type that it would be subject to sourcing by a nonresident partner under section 39-22-109 and then determine the portion of this amount that would be sourced to the state applying the rules of that section;

(B) Determine the amount of such adjustments which is of a type that it would not be subject to sourcing by a nonresident partner under section 39-22-109;

(C) Determine the portion of the amount determined in subsection (3)(e)(IV)(B) of this section that can be established, under rules promulgated by the executive director, to be properly allocable to nonresident partners that are indirect partners or other partners not subject to tax on the adjustments or that can be excluded under procedures for a modified reporting and payment method allowed under subsection (3)(g) of this section;

(V) Multiply the total of the amounts determined in subsection (3)(e)(IV)(A) and (3)(e)(IV)(B) of this section and then reduced by the amount determined in subsection (3)(e)(IV)(C) of this section by the highest tax rate in effect under section 39-22-104;

(VI) For the total distributive shares of the remaining final federal adjustments reported to resident partners that are direct partners subject to tax under section 39-22-104, multiply that amount by the highest tax rate in effect under section 39-22-104; and

(VII) Add the amounts determined in subsections (3)(e)(II), (3)(e)(III), (3)(e)(V), and (3)(e)(VI) of this section along with penalty and interest as provided in section 39-22-621.

(f) The direct and indirect partners of an audited partnership that are tiered partners and all of the partners of those tiered partners that are subject to tax under this article 22 are subject to the reporting and payment requirements of subsection (3)(b) of this section, and the tiered partners are entitled to make the elections provided in subsection (3)(d) and (3)(g) of this section. The tiered partners or their partners shall make required reports and payments no later than ninety days after the time for filing and furnishing statements to tiered partners and their partners as established under section 6226 of the internal revenue code and the regulations thereunder. The executive director may promulgate rules to establish procedures and interim time periods for the reports and payments required by tiered partners and their partners and for making the elections under this subsection (3).

(g) Under procedures adopted by and subject to the approval of the executive director, an audited partnership or tiered partner may enter into an agreement with the executive director to utilize an alternative reporting and payment method, including applicable time requirements or any other provision of this subsection (3), if the audited partnership or tiered partner demonstrates that the requested method will reasonably provide for the reporting and payment of taxes, penalties, and interest due under the provisions of this subsection (3) or if the audited partnership or tiered partner can show that their direct partners have agreed to allow a refund of the state tax to the entity. Application for approval of an alternative reporting and payment method must be made by the audited partnership or tiered partner within the time for election as provided in subsection (3)(d) or (3)(f) of this section, as appropriate.

(h) (I) The election made pursuant to subsection (3)(d) or (3)(g) of this section is irrevocable, unless the executive director, in the executive director's discretion, determines otherwise.

(II) If properly reported and paid by the audited partnership or tiered partner, the amount determined in subsection (3)(e) of this section, or similarly under an optional election under subsection (3)(g) of this section, will be treated as paid in lieu of taxes owed by its direct and indirect partners, to the extent applicable, on the same final federal adjustments. The direct partners or indirect partners may not take any deduction or credit for this amount or claim a refund of the amount in the state. Nothing in this subsection (3)(h)(II) precludes a resident partner that is a direct partner from claiming a credit against taxes paid to the state pursuant to section 39-22-108 for any amounts paid by the audited partnership or tiered partner on the resident partner's behalf to another state or local tax jurisdiction.

(i) Nothing in this subsection (3) prevents the executive director from assessing direct partners or indirect partners for taxes they owe, using the best information available, if a partnership or tiered partner fails to timely make any report or payment required by this subsection (3) for any reason.

(4) The executive director may promulgate rules to establish a de minimis amount upon which a taxpayer shall not be required to comply with subsections (2) and (3) of this section.

(5) The executive director shall assess additional tax, interest, and penalties arising from final federal adjustments arising from an audit by the internal revenue service, including a partnership level audit, or reported by the taxpayer on an amended federal income tax return or as part of an administrative adjustment request on or before the following dates:

(a) If a taxpayer files with the executive director a federal adjustments report or an amended return as required within the period specified in subsection (2) or (3) of this section, the executive director may assess any amounts, including in-lieu-of amounts, taxes, interest, and penalties arising from those federal adjustments, if the executive director issues a notice of deficiency to the taxpayer on or before the later of:

(I) The expiration of the limitations period specified in section 39-21-107 (2); or

(II) The expiration of the one-year period following the date of filing with the executive director of the federal adjustments report.

(b) If the taxpayer fails to file the federal adjustments report within the period specified in subsection (2) or (3) of this section, as appropriate, or the federal adjustments report filed by the taxpayer omits final federal adjustments or understates the correct amount of tax owed, the executive director may assess any taxes, interest, and penalties arising from the final federal adjustments if the executive director issues a notice of deficiency to the taxpayer on or before the later of:

- (I) The expiration of the limitations period specified in section 39-21-107 (2);
  - (II) The expiration of the one-year period following the date the federal adjustments report was filed with the executive director; or
  - (III) In the absence of fraud, the expiration of the six-year period following the final determination date.
- (6) A taxpayer may make estimated payments to the executive director, following the process prescribed by the executive director, of the Colorado tax expected to result from a pending internal revenue service audit prior to the due date of the federal adjustments report without having to file the report with the executive director. The estimated tax payments shall be credited against any tax liability ultimately found to be due to Colorado and will limit the accrual of further statutory interest on that amount. If the estimated tax payments exceed the final tax liability and statutory interest ultimately determined to be due, the taxpayer is entitled to a refund or credit for the excess if the taxpayer files a federal adjustments report or claim for refund or credit of tax no later than one year following the final determination date.
- (7) (a) Except for final federal adjustments required to be reported for federal purposes by taking those adjustments into account in the partnership return for the year of adjustment, a taxpayer may file a claim for refund or credit of tax arising from federal adjustments made by the internal revenue service on or before the later of:
- (I) The expiration of the last day for filing a claim for refund or credit of tax pursuant to section 39-21-108 (1), including any extensions; or
  - (II) One year from the date a federal adjustments report prescribed in subsection (2) or (3) of this section, as applicable, was due to the executive director, including any extensions pursuant to subsection (8) of this section.
- (b) The federal adjustments report is the means for the taxpayer to report additional tax due, report a claim for refund or credit of tax, and make other adjustments including to its net operating losses resulting from adjustments to the taxpayer's federal taxable income. Any refund granted to the entity under subsection (3) of this section is in lieu of state tax that may be owed to the partners.
- (8) (a) Unless otherwise agreed to in writing by the taxpayer and the executive director, any adjustments by the executive director or by the taxpayer made after the expiration of the period described in section 39-21-107 (2) or 39-21-108 (1), as applicable, is limited to changes to the taxpayer's tax liability arising from federal adjustments.
- (b) The periods provided for in this section may be extended:
- (I) Automatically, upon written notice to the executive director, by sixty days for an audited partnership or tiered partner which has ten thousand or more direct partners; or

(II) By written agreement between the taxpayer and the executive director.

(c) Any extension granted under this subsection (8) for filing the federal adjustments report extends the last day prescribed by law for assessing any additional tax arising from the adjustments to federal taxable income and the period for filing a claim for refund or credit of taxes.

(9) This section applies to any adjustments to a taxpayer's federal taxable income with a final determination date occurring on and after January 1, 2024.

### **39-22-602. Failure to make return - director may make.**

(1) If any person fails or refuses to make any return required by this article, the executive director may make such return for such person from such information as may be available, and any assessment based on such return made by the executive director shall be as good and sufficient as if such return had been made and filed by the person liable therefor.

(2) If the executive director finds that any nonresident whose name and address were furnished by a county assessor pursuant to section 39-5-102 (3) has not made a return as required by this article, the executive director shall mail notice by first-class mail as set forth in section 39-21-105.5 to the nonresident setting a time within which the return shall be made and may thereafter proceed pursuant to subsection (1) of this section, as necessary.

**Applied** in *Callow v. Dept. of Rev.*, 197 Colo. 513, 594 P.2d 1051 (1979).

**39-22-603. Returns not made under oath.**

Wherever in this article it is required that a return be made under oath, the signing of the return by the person therein required to make oath shall be sufficient compliance with the provisions of said sections if such return contains or is verified by a written declaration that it is made under the penalties of perjury in the second degree. Any individual who willfully makes and signs a return which he does not believe to be true and correct as to every material matter is guilty of perjury in the second degree.

(1) Repealed.

(2) (a) If any person files a frivolous return, the executive director may calculate the person's Colorado taxable income and make an assessment based on such information as is available at the time the return is filed.

(b) If the tax calculated by the executive director is greater than the amount theretofore assessed or paid, a notice of deficiency shall be mailed to the taxpayer by first-class mail as set forth in section 39-21-105.5.

**39-22-604. Withholding tax - requirement to withhold - tax lien - exemption from lien - annual statement - notice - definitions - repeal.**

(1) All of the other provisions of this article shall apply to and be effective as to the provisions of this section to the extent to which they are not inconsistent with this section, and all of the remedies available to the department of revenue for the administration, assessment, enforcement, and collection of tax under other sections of this article and article 21 of this title shall be available to the department and shall apply to the amounts required to be deducted and withheld under the provisions of this section, and all of the penalties, both civil and criminal, shall apply to this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Employee" means and includes every individual who is a resident or domiciled in the state of Colorado performing services for an employer, either within or without or both within and without the state of Colorado, or any individual performing services within the state of Colorado, the performance of which services constitutes, establishes, and determines the relationship between the parties as that of employer and employee, and includes officers of corporations and individuals, including elected officials, performing services for the United States government or any agency or instrumentality thereof or the state of Colorado or any county, city or municipality, or political subdivision thereof.

(b) "Employer" means a person transacting business in or deriving any income from sources within the state of Colorado for whom an individual performs or performed any services, of whatever nature, who has control of the payment of wages for such services or is the officer, agent, or employee of the person having control of the payment of wages.

(b.5) "Magnetic media taxpayer" means a taxpayer who is required to file information returns described in section 6041A, 6051, or 6053 of the internal revenue code by magnetic media or in other machine-readable form under section 6011 (e) of the internal revenue code.

(c) "Wages" shall have the same meaning as is given in section 3401 (a) of the internal revenue code.

(3) (a) (I) Every employer making payment of wages shall deduct and withhold from wages an amount measured by a percentage or percentages of the total amount required to be deducted and withheld by an employer from wages of an employee for federal income tax purposes, or measured by withholding tax tables promulgated by the executive director, or by such other methods as the executive director may prescribe if such percentage, percentages, tables, or other methods result in the withholding from the employee's wages during each pay period an amount which shall approximate as nearly as possible the income tax due to the state of Colorado by such employee.

(II) In addition to the amount required to be deducted and withheld pursuant to subsection (3)(a)(I) of this section, the executive director may require every employer making payment of compensation other than wages to deduct and withhold an amount measured by a percentage or percentages, or measured by withholding tax tables established by the executive director, or by such other methods as the executive director may prescribe if such percentage, percentages, tables, or other methods result in the withholding from the other compensation paid to an employee during each pay period an amount which shall approximate as nearly as possible the income tax due to the state of Colorado by such employee on such other compensation.

(b) The executive director may, upon written application, approve a method of withholding in lieu of the method provided in subsection (3)(a) of this section to authorize a withholding based upon a percentage fixed by the executive director of the adjusted gross income, which percentage shall approximate as nearly as possible the amount of income tax due to the state of Colorado and as nearly as possible the amounts required to be deducted and withheld in subsection (3)(a) of this section.

(c) Every employer, irrespective of whether or not said employer deducts and withholds the amounts as provided in this section, shall be liable for the amounts required to be deducted and withheld unless, in the case of any failure to deduct and withhold such amounts, it is shown that such failure was due to reasonable cause and not due to willful neglect. If the employer, in violation of the provisions of this section, fails to deduct and withhold the amounts as provided in this section and thereafter the tax against which such deducted and withheld amounts would have been credited is paid, the amounts so required by this section to be deducted and withheld shall not be collected from the employer; but in no such case, unless due to reasonable cause, shall the employer be relieved from liability for any penalties or additions to the amounts required under this section to be deducted and withheld otherwise applicable to any such failure to deduct and withhold.

(4) (a) Repealed.

(b) Where practicable, the rules and regulations promulgated pursuant to this section shall not prescribe information report, filing, payment, or withholding requirements which are more frequent or more stringent than corresponding federal requirements; except the executive director may prescribe additional or different requirements when necessary for the efficient administration of differences between the internal revenue code and this article 22.

(5) All amounts deducted and withheld shall be considered as tax collected under the provisions of this section and no employee shall have any right of action against an employer in respect to any amount deducted and withheld from the employee's wages and other compensation and paid over to the department in compliance or in intended compliance with this section.

(6) (a) Every employer shall, in accordance with such rules as shall be prescribed by the department of revenue, provide each employee with a statement of the amounts deducted and withheld from such employee's wages and other compensation in accordance with the provisions of this section. Every employer shall also make an annual statement for each employee to the department of revenue, on such forms as are provided or approved by the department, a copy of which shall be provided each employee, summarizing the total compensation paid and the tax withheld for such employee during the preceding calendar year or any portion thereof, and the said annual statement shall be filed on or before the date established pursuant to section 6071 of the internal revenue code for filing similar federal statements. Failure to file the statements within the time prescribed therefor, unless shown to have been due to reasonable cause, or the willful filing or furnishing of false or fraudulent statements shall subject the employer to a penalty, at the discretion of the executive director, of not less than five dollars nor more than fifty dollars, which shall be in addition to any criminal penalty otherwise provided for failure to file a return or for filing a false or fraudulent return.

(b) The executive director may require any magnetic media taxpayer to file the annual statements described in paragraph (a) of this subsection (6) by magnetic media or in other machine-readable form.

(c) For the income tax years commencing on and after January 1, 2023, an employer shall provide, in addition to the annual statement issued pursuant to subsection (6)(a) of this section, written notice to all employees of the availability of the federal earned income tax credit allowed pursuant to section 32 of the internal revenue code, the state earned income tax credit allowed pursuant to section 39-22-123.5, the federal child tax credit allowed pursuant to section 24 of the internal revenue code, and the state child tax credit allowed pursuant to section 39-22-129. The employer must provide the written notice at least once annually and may provide the written notice to employees electronically, including via an electronic mail message or a text message. The written notice must:

(I) Be written in English and in any other language that the employer typically uses to communicate with the employee to whom the notice is sent; and

(II) Include any content that the department prescribes as necessary for an employer to meet the written notice requirement pursuant to this subsection (6)(c). If the department determines that additional content is necessary, the department shall promulgate rules specifying the additional content.

(7) (a) Every employer who deducts and withholds any amounts under the provisions of this section shall hold the same in trust for the state of Colorado for the payment thereof to the department in the manner and at the time provided for in this section, and the state of Colorado and the department shall have a lien to secure the payment of any amounts withheld and not remitted as provided in this section upon all of the assets of the employer and all property,

including stock in trade, business fixtures, and equipment, owned or used by the employer in the conduct of his business, so long as any delinquency continues, which lien shall be prior to any lien of any kind whatsoever, including existing liens for taxes.

(b) The owner, conditional vendor, or mortgagee of any property, real or personal, or any stock in trade, business fixtures, or equipment owned or used by an employer subject to the lien provided by this subsection (7), may exempt such property from the lien granted in this section to the state of Colorado and the department by requiring the employer to procure a certificate from the department certifying that such employer has posted with the department security for the payment of the amounts withheld under the provisions of this section. When such certificate is procured by the employer and transmitted to the owner, conditional vendor, or mortgagee of any of the assets of the employer, such assets shall thereafter be exempt from attachment under the lien granted to the state of Colorado and the department by this subsection (7).

(c) Any employer shall provide a copy of any lease with an owner to the department of revenue within ten days of seizure of the property and assets described in paragraph (a) of this subsection (7). The department shall verify that such lease is bona fide and notify the owner that such lease has been received by the department. The department shall use its best efforts to notify the owner of the real or personal property which might be subject to the lien created in paragraph (a) of this subsection (7). The real or personal property of an owner who has made a bona fide lease to an employer shall be exempt from the lien created in paragraph (a) of this subsection (7) if such property can reasonably be identified from the lease description or if the lessee is given an option to purchase in such lease and has not exercised such option to become the owner of the property leased. This exemption shall be effective from the date of the execution of the lease. Such exemption shall also apply if the lease is recorded with the county clerk and recorder of the county where the property is located or based or a memorandum of the lease is filed with the department of revenue on such forms as may be prescribed by said department after the execution of the lease at a cost for such filing of two dollars and fifty cents per document. Motor vehicles which are properly registered in this state, showing the lessor as owner thereof, shall be exempt from the lien created in paragraph (a) of this subsection (7); except that said lien shall apply to the extent that the lessee has an earned reserve, allowance for depreciation not to exceed fair market value, or similar interest which is or may be credited to the lessee. Where the lessor and lessee are blood relatives or relatives by law or have twenty-five percent or more common ownership, a lease between such lessee and such lessor shall not be considered as bona fide for purposes of this section.

(c.5) Any coin-operated vending machine or video or other game machine shall be exempt from the lien created in paragraph (a) of this subsection (7) if:

(I) The machine is placed on the premises of an employer under the terms of a lease or other agreement under which the employer is given no right to become the owner of the machine;

(II) The machine is plainly marked in a location accessible to agents of the department of revenue with information sufficient to permit identification of the owner of said machine; and

(III) The owner of the machine has filed with the executive director a schedule listing the machine by serial number and including thereon the owner's full name and the address of his business and such other information as the executive director may require. To protect the anonymity of owners of property, the executive director may permit property covered by this paragraph (c.5) to be marked using numbers or other coded identification.

(d) Any employer who is in possession of property under the terms of a lease, which property is exempt from lien as provided in paragraph (c) of this subsection (7), may be required by the executive director to remit tax funds collected at more frequent intervals than would otherwise be required, but no more frequently than the employer's payroll period, or may be required to furnish security for the proper payment of taxes whenever the collection of taxes appears to be in jeopardy.

(8) The entire amount of income from wages and other compensation upon which tax was deducted and withheld shall be included in the gross income of the income tax return required to be made by the employee, the recipient of the wages and other compensation, without exclusion of such amounts deducted and withheld under this section, and any tax so deducted and withheld shall be credited against the total income tax, as computed in the employee's return, made in accordance with the provisions of this section.

(9) Repealed.

(10) In the event the excess tax deducted and withheld is one dollar or less, no refund shall be made, unless a specific claim for refund is filed by the taxpayer at the time the return is filed. The excess, subject to being refunded, shall in no event and under no condition be allowed as a credit against any tax accruing on a return filed for a year subsequent to the year during which the wages or other compensation were received, and can only be credited against a tax accruing upon a return of wages or other compensation from which such excess was deducted and withheld.

(11) Separate refunds may be made by the department to two taxpayers who have filed a joint return, at the written request of either, the amount payable to each taxpayer being proportioned upon the gross earnings of each as shall be established to the satisfaction of the department. If an employee entitled to a refund dies, payment of such refund shall be made in such manner as provided for by law for distribution of moneys payable by the state of Colorado to a decedent.

(12) (a) (I) Moneys remitted by employers under this section shall be deposited with the state treasurer and by him or her credited to a fund hereby established, denominated the "income tax withholding fund". Refunds as provided for by this section shall be made from this fund in the

same manner as refunds are made under section 39-21-108. Except for moneys to be transferred to the state treasurer pursuant to section 39-21-108 (5), all unexpended balances on hand in said fund on June 30, 1971, and each June 30 thereafter, or at any time as shall be determined by the controller, with the approval of the state treasurer, shall be credited to the general fund of the state. The unexpended balance shall include all moneys that for any reason cannot be refunded. All warrants that cannot be delivered to the taxpayer and that are not presented for payment within six months from the date of issuance thereof shall be void, and the moneys represented thereby shall be included in the unexpended balance in said fund at the expiration of said year. Except as provided in subparagraph (II) of this paragraph (a), persons entitled to the refund of moneys represented by warrants that cannot be delivered to the taxpayer and that are not presented for payment within six months from the date of issuance thereof may file claims for refund at any time within four years from the date the income tax return that establishes the right to the refund was required to be filed. Claims for refund not filed within the prescribed four-year period shall not be allowed or paid by the department of revenue.

(II) On and after October 1, 2002, if the department of revenue has canceled a warrant pursuant to section 39-21-108 that has not been presented and has forwarded to the state treasurer information and an amount of money equal to the amount of the warrant as required by section 39-21-108 (5), the taxpayer must file the claim for the amount of the refund with the state treasurer pursuant to the "Revised Uniform Unclaimed Property Act", article 13 of title 38. The department and the state treasurer shall cooperate to ensure that any taxpayer who contacts the department to claim the amount of a refund represented by a canceled warrant is provided with the information or assistance necessary to obtain the refund from the state treasurer.

(b) All of the additional interest derived from moneys deposited in the income tax withholding fund created in paragraph (a) of this subsection (12) as a result of the enactment of House Bill 91S2-1027 at the second extraordinary session of the fifty-eighth general assembly shall be credited to the general fund.

(13) The department is empowered to make rules and regulations for the enforcement of the provisions of this section, including rules and regulations for determining the amount, up to but not exceeding the amount limited in this section, to be deducted and withheld by employers from wages and other compensation paid to nonresident employees, only a part of whose wages or other compensation are paid for services performed within the state of Colorado.

(14) Nothing in this section shall be construed to prevent any employee, with consent of his employer, from voluntarily subjecting himself to the provisions of this section, and in all such cases, same will be handled by the department of revenue in the same manner as those subjected by the provisions of this section.

(15) Repealed.

(16) (a) On or before the date of the commencement of employment with an employer, the employee shall furnish the employer with a signed withholding certificate. Except as provided by rules established by the executive director pursuant to this section, a comparable withholding certificate filed pursuant to the internal revenue code shall be deemed to satisfy the filing requirement under this subsection (16). Where necessary to cause the proper amount to be withheld, the executive director may adjust the employee's withholding to the amount properly allowable under the internal revenue code or this section.

(b) (I) To enforce the provisions of this section, the executive director may file with the employer a withholding certificate on behalf of the employee. Prior to the filing of such certificate, the executive director shall first notify the employee that the certificate previously filed by the employee is being examined and that the employee may submit satisfactory evidence within ten days of receipt of said notice as to the correct number of withholding exemptions and allowances. Should the executive director, after reviewing any evidence so submitted, find the certificate filed by the employee to be defective, the employer shall accept the certificate filed by the director in lieu of any certificate previously filed by the employee, and such certificate filed by the executive director shall thereafter form the basis for withholding from wages and other compensation as required by this section. The executive director may also require from the employer a copy of any withholding certificate signed by the employee.

(II) Any employer who fails to provide a copy of any withholding certificate signed by the employee required by the executive director shall be subject to a civil penalty of not more than five hundred dollars. Such civil penalty may be assessed and collected by the executive director.

(c) Any employee may request a hearing to protest such certificate filed on his behalf by the executive director. Such hearing shall be conducted pursuant to section 39-21-103, and any final determination shall be appealable in the district court in accordance with section 39-21-105.

(17) Any person making any payment of winnings which are subject to withholding for federal income tax purposes shall deduct and withhold from such payment for Colorado income tax purposes a percentage of such winnings established by rule and regulation of the department of revenue. The amount withheld shall be remitted to the department of revenue in the manner required pursuant to rules and regulations authorized in subsection (4) of this section.

(18) (a) Any person who makes a payment for services to any natural person that is not otherwise subject to state income tax withholding but that requires an information return, including but not limited to any payment for which internal revenue service form 1099-B, 1099-DIV, 1099-INT, 1099-MISC, 1099-OID, or 1099-PATR, the issuance of any of which allows taxpayer identification number verification through the taxpayer identification number matching program administered by the internal revenue service, or any other version of form 1099 is required, shall deduct and withhold state income tax at the rate of set forth in section 39-22-104 or 39-22-301 if the person who performed the services:

- (I) Fails to provide a validated taxpayer identification number; or
- (II) Provides an internal revenue service-issued taxpayer identification number issued for nonresident aliens.
- (b) Any person other than a natural person and any natural person who in the course of conducting a trade or business as a sole proprietor makes any payment for services to a natural person that is not reported on any information return shall deduct and withhold state income tax at the rate of set forth in section 39-22-104, unless the employer making payment has a validated taxpayer identification number from the person to whom payment is made.
- (c) The requirement to withhold and deduct pursuant to paragraph (a) of this subsection (18) shall not apply to an individual who is exempt from federal withholding pursuant to a properly filed internal revenue service form 8233 if a copy of such form has been filed with the department of revenue.
- (d) For purposes of all other provisions of this section, excluding paragraph (a) of subsection (3) of this section, a person who deducts and withholds state income tax from a person who performs services pursuant to the provisions of this subsection (18) shall be treated as an employer withholding and deducting wages from an employee, and such other provisions of this section shall apply accordingly. This paragraph (d) shall not be construed as making the person who performed the services an employee of the person who deducts and withholds state income tax for any other purpose in law.
- (e) The executive director may promulgate rules to authorize any amounts deducted and withheld pursuant to this subsection (18) to be paid to the department of revenue as part of the state income tax return.
- (f) For purposes of this subsection (18), "validated taxpayer identification number" means a social security number or an internal revenue service individual taxpayer identification number that has been confirmed by the person or employer making a payment to a person through an effective form of third-party verification approved by the department of revenue as having been assigned by the social security administration or the internal revenue service to the person to whom payment is made and, in the case of an individual taxpayer identification number, as not having been assigned as a taxpayer identification number issued for nonresident aliens.
- (g) This subsection (18) shall be enforced without regard to race, religion, gender, ethnicity, or national origin.
- (19) (a) Prior to January 1, 2025, no amount is required to be deducted and withheld from an employee's wages pursuant to this section for income tax due to the state if the employee's withholding certificate indicates that the compensation is eligible to be subtracted from federal taxable income pursuant to section 39-22-104 (4)(t).

(b) This subsection (19) is repealed, effective December 31, 2028.

(20) No amount is required to be deducted and withheld from an employee's wages or other compensation pursuant to this section for income tax due to the state if the employee's withholding certificate indicates that the compensation is eligible to be subtracted from federal taxable income pursuant to section 39-22-104 (4)(u).

(21) (a) Any production company, as defined in section 24-48.5-114 (6), that makes a payment for services to any personal service corporation, as defined in section 24-48.5-114 (4.5)(a), must file an information return in a form prescribed by the department of revenue.

(b) No amount is required to be deducted and withheld from a payment for services to a personal service corporation or an employee-owner of a personal service corporation for income tax due to the state if the production company's information return, required by subsection (21)(a) of this section, allows taxpayer identification number verification through the taxpayer identification number matching program administered by the internal revenue service for the personal service corporation. A production company shall deduct and withhold state income tax at the rate set forth in section 39-22-104 or 39-22-301 if the personal service corporation that performed the services:

(I) Fails to provide a validated taxpayer identification number; or

(II) Provides an internal revenue service-issued taxpayer identification number issued for nonresident aliens.

(c) For purposes of all other provisions of this section, excluding subsection (3)(a) of this section, a production company that deducts or withholds state income tax from a personal services corporation that performs services pursuant to this subsection (21) shall be treated as an employer withholding and deducting wages from an employee, and such other provisions of this section shall apply accordingly. This subsection (21)(c) shall not be construed to make the personal services corporation that performed the services an employee of the production company that deducts and withholds state income tax for any other purpose in law.

(d) The executive director may promulgate rules as necessary regarding the information return required by subsection (21)(a) of this section and to authorize any amounts deducted and withheld pursuant to subsection (21)(b) of this section to be paid to the department of revenue as part of the state income tax return.

(e) For purposes of this subsection (21), "validated taxpayer identification number" has the same meaning as set forth in subsection (18)(f) of this section.

**Editor's note:** (1) Section 4 of House Bill 06S-1015 provides that the act enacting subsection (18) applies to services performed and obligations accrued on or after January 1, 2008, unless the portal described in § 24-37.5-107, Colorado Revised Statutes, is not accessible to a person seeking to verify whether a taxpayer identification number is valid on or before said date, in which case said subsection shall take effect on the January 1 that immediately follows the date on which the portal becomes accessible and shall apply to services performed and payment obligations accrued on or after said January 1.

(2) Section 9 of chapter 10 (SB 14-019), Session Laws of Colorado 2014, provides that changes to this section by the act apply to income tax years commencing on or after January 1, 2013, and any other income tax years that are open under § 39-21-107 or 39-21-108.

(3) The introductory portion to subsection (18)(a) and subsection (18)(b) were amended by initiative in 2020. The vote count on Proposition 116 at the general election held November 3, 2020, was as follows:

FOR: 1,821,702

AGAINST: 1,327,025

(1) This section shall be known and may be cited as the "Colorado Bioscience and Clean Technology Innovation Reinvestment Act".

(2) (a) The general assembly hereby finds, determines, and declares that:

(I) Recent legislative initiatives to expand the bioscience and clean technology segments of the Colorado economy have been both economically successful and supportive of Colorado's higher education research institutions;

(II) Such initiatives have demonstrated the potential for establishing Colorado as a national leader in bioscience and clean technology;

(III) Colorado efforts have been recognized as best practices for economic development of these industry sectors;

(IV) Those efforts have also demonstrated the potential to expand the role of Colorado's higher education research institutions in these areas; and

(V) The partnerships created between higher education research institutions and industry through these initiatives provide a model for economic development.

(b) The general assembly therefore declares that it is in the best interest of the state to build on past successes and provide a long-term funding stream that enables the growth of the bioscience and clean technology industries in the state and to support Colorado's higher education research institutions.

(3) As used in this section, unless the context otherwise requires:

(a) "Bioscience and clean technology income tax withholding growth" means an amount equal to the withholding base subtracted from the prior year's withholding total.

(b) "Bioscience or clean technology industry code" means any of the following codes within the North American industry classification system established by the federal office of management and budget: 311221, 311222, 311223, 325193, 325199, 325221, 325311, 325312, 325314, 325320, 325411, 325412, 325413, 325414, 334510, 334516, 334517, 339111, 339112, 339113, 339114, 339115, 339116, 541380, 541710, 621511, 621512, 221111, 221114, 221115, 221116, 221117, 221118, 221330, 237110, 237130, 238220, 325188, 333414, 333611, 334413, 334512, 335312, 335911, 335999, 336111, 336510, 423720, 541620, 541690, 541712, and any successor codes.

(c) "Prior year's withholding total" means the total amount deducted and withheld from employees' wages and paid to the department of revenue pursuant to section 39-22-604 by employers with a clean technology industry code for the target year.

(d) "Target year" means 2013 with respect to the money required to be credited to the specified cash funds beginning on March 1, 2014, pursuant to subsection (4) of this section and one calendar year later for each successive year in which money is credited pursuant to said subsection (4).

(e) "Withholding base" means the annual average of the total amount deducted and withheld from employees' wages and paid to the department of revenue pursuant to section 39-22-604 by employers with a bioscience or clean technology industry code for the three calendar years prior to the target year.

(4) Notwithstanding any provision of law to the contrary, beginning March 1, 2014, and March 1 of the next nineteen years thereafter, the state treasurer shall credit an amount equal to one-half of the bioscience and clean technology income tax withholding growth from the money remitted by employers to the department of revenue pursuant to section 39-22-604 to the advanced industries acceleration cash fund created in section 24-48.5-117 (7).

(5) No later than February 1, 2014, and February 1 of the next nineteen years thereafter, the executive director shall notify the state treasurer of the withholding base and the prior year's withholding total that apply to the money required to be credited beginning on March 1 of that year.

(6) This section is repealed, effective July 1, 2034.

**39-22-604.5. Withholding tax - transfers of Colorado real property - nonresident transferors.**

(1) Except as otherwise provided in this section, in the case of any conveyance of a Colorado real property interest, the title insurance company or its authorized agent or any attorney, bank, savings and loan association, savings bank, corporation, partnership, association, joint stock company, trust, or unincorporated organization or any combination thereof, acting separately or in concert, that provides closing and settlement services as defined herein shall be required to withhold an amount equal to two percent of the sales price of the Colorado real property interest conveyed or the net proceeds resulting from such conveyance, whichever is less, when:

(a) The transferor is a person and either the return required to be filed with the secretary of the treasury pursuant to section 6045 (e) of the internal revenue code indicates or the authorization for the disbursement of the funds resulting from such transaction instructs that such funds be disbursed to a transferor with a last-known street address outside the boundaries of this state at the time of the transfer of the title to such Colorado real property interest or to the escrow agent of such transferor; or

(b) (I) The transferor is a corporation which immediately after the transfer of the title to the Colorado real estate interest has no permanent place of business in Colorado.

(II) For purposes of this section, a corporation has no permanent place of business in Colorado if all of the following apply:

(A) Such corporation is a foreign corporation;

(B) Such corporation does not qualify pursuant to law to transact business in Colorado; and

(C) Such corporation does not maintain and staff a permanent office in Colorado.

(2) No title insurance company or its authorized agent or any attorney, bank, savings and loan association, savings bank, corporation, partnership, association, joint stock company, trust, or unincorporated organization or any combination thereof, acting separately or in concert, that provides closing and settlement services as defined herein shall be required to withhold any amount pursuant to this section:

(a) If the sales price of the Colorado real property conveyed does not exceed one hundred thousand dollars;

(b) When the transferee is a bank or corporate beneficiary under a mortgage or beneficiary under a deed of trust and the Colorado real property interest is acquired in judicial or nonjudicial foreclosure or by deed in lieu of foreclosure;

(c) If the title insurance company or its authorized agent or any attorney, bank, savings and loan association, savings bank, corporation, partnership, association, joint stock company, trust, or unincorporated organization or any combination thereof, acting separately or in concert, that provides closing and settlement services as defined herein in good faith relies upon a written affirmation executed by the transferor, certifying under penalty of perjury one of the following:

(I) That the transferor, if a person, is a resident of Colorado;

(II) That the transferor, if a corporation, has a permanent place of business in Colorado;

(III) That the Colorado real property being conveyed is the principal residence of the transferor; or

(IV) That the transferor will not owe tax reasonably estimated to be due pursuant to this article from the inclusion of the actual gain required to be recognized on the transaction in the gross income of the transferor.

(3) Any title insurance company or its authorized agent which is required to withhold any amount pursuant to this section and fails to do so shall be liable for the greater of the following amounts for such failure to withhold:

(a) Five hundred dollars;

(b) Ten percent of the amount required to be withheld pursuant to this section, not to exceed two thousand five hundred dollars.

(4) (a) Amounts withheld and payments made in accordance with this section shall be reported and remitted to the department of revenue in such form and at such time as specified by rule and regulation of the executive director. Written affirmations executed pursuant to paragraph (c) of subsection (2) of this section shall be submitted to the department of revenue pursuant to procedures specified by rule and regulation of the executive director.

(b) All of the other provisions of this article shall apply to and be effective as to the provisions of this section to the extent to which they are not inconsistent with this section, and all of the remedies available to the department of revenue for the administration, assessment, enforcement, and collection of tax under other sections of this article and article 21 of this title shall be available to the department of revenue and shall apply to the amounts required to be

deducted and withheld pursuant to the provisions of this section, and all of the penalties, both civil and criminal, shall apply to this section.

(5) Whenever a title insurance company or its authorized agent provides escrow services as directed by the parties in compliance with the withholding requirements of this section, such title insurance company or its authorized agent shall charge the parties pursuant to the rates in effect at the time and filed with the division of insurance of the department of regulatory agencies as required by law.

(6) For purposes of this section, unless the context otherwise requires:

(a) "Authorized agent" means a title insurance agent, as defined in section 10-11-102 (9), C.R.S., who is responsible for closing and settlement services in the transaction.

(b) "Closing and settlement services" means closing and settlement services as defined in section 10-11-102 (3.5), C.R.S., and section 38-35-125, C.R.S.

(c) "Colorado real property interest" means an interest in real property located in Colorado and defined in section 897 (c)(1)(A)(i) of the internal revenue code.

(d) "Escrow agent" means an agent for the purpose of receiving and transferring funds to a principal.

(e) "Person" means any individual, estate, or trust who may be subject to taxation pursuant to part 1 of this article.

(f) "Sales price" means the sum of all of the following:

(I) The cash paid or to be paid, but shall not include stated or unstated interest or original issue discount as determined pursuant to sections 1271 to 1275 of the internal revenue code;

(II) The fair market value of other property transferred or to be transferred;

(III) The outstanding amount of any liability assumed by the transferee to which the Colorado real property interest is subject immediately before and after the transfer.

(g) "Title insurance company" means the title insurance company, as defined in section 10-11-102 (10), C.R.S., responsible for closing and settlement services in the transaction.

Title 39 – Taxation

Colorado Revised Statutes 2026

**Law reviews.** For article, "Tax and Estate Owners", see 53 Colo. Law. 34 (Apr. 2024).  
Planning for Nonresident Real Estate

**39-22-605. Failure by individual to pay estimated income tax.**

(1) Every individual subject to taxation under the provisions of this article shall make and file estimated payments in the amounts and as otherwise specified in this section.

(2) As used in this section, unless the context otherwise requires:

(a) An individual is a "farmer" or "fisherman" for any taxable year if:

(I) The individual's gross income from farming or fishing for the taxable year is at least two-thirds of the total gross income from all sources for the taxable year; or

(II) The individual's gross income from farming or fishing shown on the return of the individual for the preceding taxable year is at least two-thirds of the total gross income from all sources shown on such return.

(b) "Return" means a Colorado return required to be made or filed under section 39-22-601.

(c) "Tax" or "tax liability" means the tax imposed under this article 22 minus the credits against tax provided by this article 22 other than the credits against tax for withholding pursuant to sections 39-22-601 (4), 39-22-604, and 39-22-604.5 and the credits against tax for the sales tax refund pursuant to section 39-22-2003 and the refund of excess state revenues from all sources pursuant to section 39-22-2004.

(3) Except as otherwise provided in this section, in the case of any underpayment of estimated tax by an individual, there shall be added to the tax under this article for the taxable year an amount determined by applying the rate of interest established under section 39-21-110.5 to the amount of the underpayment for the period of the underpayment. The penalty imposed by this section shall be the only penalty imposed for underpayment of the estimated tax required by this section.

(4) For purposes of subsection (3) of this section:

(a) The amount of the underpayment shall be the excess of the required installment over the amount, if any, of the installment paid on or before the due date for the installment.

(b) The period of the underpayment shall run from the due date for the installment to whichever of the following dates is earlier:

(I) The fifteenth day of the fourth month following the close of the taxable year; or

(II) With respect to any portion of the underpayment, the date on which such portion is paid.

(c) For purposes of subparagraph (II) of paragraph (b) of this subsection (4), a payment of estimated tax shall be credited against unpaid required installments in the order in which such installments are required to be paid.

(5) For purposes of this section:

(a) There shall be four required installments for each taxable year.

(b) Except as provided in paragraph (c) of this subsection (5), in the case of the following required installments, the due date shall be as follows:

| <b>Installment</b> | <b>Due date</b>                          |
|--------------------|------------------------------------------|
| 1st                | April 15                                 |
| 2nd                | June 15                                  |
| 3rd                | September 15                             |
| 4th                | January 15 of the following taxable year |

(c) If the due date of any installment payment required pursuant to this section falls on a legal federal holiday, then the due date shall be delayed and due on the adjusted federal due date.

(6) For purposes of this section, the amount of the required installments shall be as follows:

(a) The amount of any required installment shall be twenty-five percent of the required annual payment.

(b) For purposes of paragraph (a) of this subsection (6), the term "required annual payment" means the lesser of:

(I) Seventy percent of the taxpayer's actual Colorado tax liability shown on the return for the taxable year or, if no return is filed, seventy percent of the tax for such year; or

(II) (A) One hundred percent of the taxpayer's actual Colorado tax liability shown on the return of the individual for the preceding taxable year.

(B) Sub-subparagraph (A) of this subparagraph (II) shall not apply if the preceding taxable year was not a taxable year of twelve months or if the individual did not file a Colorado return for such preceding taxable year.

(c) Limitation on use of preceding year's tax:

(I) If the taxpayer's federal adjusted gross income shown on the return of the individual for the preceding taxable year beginning in any calendar year exceeds one hundred fifty thousand dollars, sub-subparagraph (A) of subparagraph (II) of paragraph (b) of this subsection (6) shall be applied by substituting one hundred ten percent for one hundred percent.

(II) In the case of a taxpayer who may legally file a joint federal return but actually files a separate return for the taxable year for which the amount of the installment is being determined, subparagraph (I) of this paragraph (c) shall be applied by substituting seventy-five thousand dollars for one hundred fifty thousand dollars.

(III) For purposes of returns for the 2001 tax year, the limitation described in this paragraph (c) shall not apply.

(d) When the taxpayer has elected annualized installments for the payment of federal income tax, the amount of the required installment pursuant to this section and the calculation of any addition to tax shall be determined under rules promulgated by the department of revenue.

(7) (a) No addition to tax shall be imposed under subsection (3) of this section for any taxable year if the tax shown on the return for such taxable year or, if no return is filed, the tax, reduced by the credits allowable under sections 39-22-601 (4), 39-22-604, 39-22-604.5, and 39-22-2003, is less than one thousand dollars.

(b) No addition to tax shall be imposed under subsection (3) of this section for any taxable year if:

(I) The preceding taxable year was a taxable year of twelve months;

(II) The individual did not have any liability for tax for the preceding taxable year; and

(III) The individual was a resident of Colorado throughout the preceding taxable year.

(c) No addition to tax shall be imposed under subsection (3) of this section with respect to any underpayment to the extent the executive director determines that the underpayment was due to good cause shown by the taxpayer.

(d) No addition to tax shall be imposed under subsection (3) of this section with respect to any underpayment if the executive director determines that:

(I) The taxpayer either retired after having attained age sixty-two or became disabled in the taxable year for which estimated payments were required to be made or in the taxable year preceding such taxable year; and

(II) Such underpayment was due to reasonable cause and not to willful neglect.

(8) (a) For purposes of applying this section, the amount of the credits allowed under sections 39-22-601 (4), 39-22-604, 39-22-604.5, and 39-22-2003 for the taxable year shall be deemed a payment of estimated tax and an equal part of such amount shall be deemed paid on each due date for such taxable year, unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts so withheld shall be deemed payments of estimated tax on the dates on which such amounts were actually withheld.

(b) The taxpayer may apply subsection (8)(a) of this section separately with respect to the following:

(I) Wage withholding; and

(II) All other amounts withheld for which credits are allowed under sections 39-22-601 (4), 39-22-604, 39-22-604.5, and 39-22-2003.

(9) If, on or before January 31 of the following taxable year, the taxpayer files a return for the taxable year and pays in full the amount computed on the return as payable, then no addition to tax shall be imposed under subsection (3) of this section with respect to any underpayment of the fourth required installment for the taxable year.

(10) For purposes of this section, if an individual is a farmer or fisherman for any taxable year:

(a) There shall be only one required installment for the taxable year;

(b) The due date for the installment shall be January 15 of the following taxable year;

(c) The amount of the installment shall be equal to the required annual payment determined under paragraph (b) of subsection (6) of this section by substituting fifty percent for seventy percent and without regard to paragraph (c) of said subsection (6); and

(d) Subsection (9) of this section shall be applied by:

(I) Substituting March 1 for January 31; and

(II) Treating the required installment described in paragraph (a) of this subsection (10) as the fourth required installment.

(11) (a) In applying this section to a taxable year beginning on any date other than January 1, there shall be substituted, for the months specified in this section, the months that correspond thereto.

(b) This section shall be applied to taxable years of less than twelve months in accordance with rules prescribed by the department of revenue.

(12) Two taxpayers who file a joint federal declaration of estimated tax shall file a joint Colorado declaration of estimated tax. In such case, if such taxpayers do not file a joint Colorado

return for the taxable year, the estimated tax may be treated as the estimated tax of either taxpayer or may be divided between them.

(13) All of the provisions of this section shall also apply to nonresident or part-year resident taxpayers.

(14) All of the provisions of this article and article 21 of this title relating to the powers of the executive director for the administration, assessment, and enforcement of taxes required to be paid under this article shall apply to the provisions of this section.

(15) The department of revenue shall prescribe such rules as may be necessary to carry out the purposes of this section. Such rules shall be promulgated in accordance with article 4 of title 24, C.R.S.

### **39-22-606. Failure by corporation to pay estimated income tax.**

(1) Every corporation subject to taxation under the provisions of this article and article 29 of this title shall make and file estimated payments in the amounts as specified in this section.

(2) As used in this section, unless the context otherwise requires:

(a) "Return" means a Colorado return required to be made or filed under section 39-22-601 or 39-29-112.

(b) "Tax" or "tax liability" means:

(I) (A) The tax imposed under this article; minus

(B) The credits against tax provided by this article. For purposes of this section, credits include all credits without regard to whether they are prepayment credits or refunds of excess state revenue; and

(II) (A) The tax imposed under article 29 of this title; minus

(B) The credits against tax provided by article 29 of this title other than the credit against tax for withholding provided pursuant to section 39-29-111. For purposes of this section, credits include all credits without regard to whether they are prepayment credits.

(3) (a) Except as otherwise provided in this section, in the case of any underpayment of estimated tax by a corporation, there shall be added to the tax under this article and article 29 of this title for the taxable year an amount determined by applying the rate of interest established under section 39-21-110.5 to the amount of the underpayment for the period of the underpayment.

(b) For purposes of this subsection (3), the amount of the underpayment shall be the excess of the required installment over the amount, if any, of the installment paid on or before the due date for the installment.

(c) The period of the underpayment shall run from the due date for the installment to whichever of the following dates is earlier:

(I) The fifteenth day of the fourth month following the close of the taxable year; or

(II) With respect to any portion of the underpayment, the date on which such portion is paid.

(d) For purposes of subparagraph (II) of paragraph (c) of this subsection (3), a payment of estimated tax shall be credited against unpaid required installments in the order in which such installments are required to be paid.

(4) (a) Except as otherwise set forth in paragraph (b) of this subsection (4), for purposes of this section, there shall be four required installments for each taxable year. The due dates for such installments shall be as follows:

| <b>Installment</b> | <b>Due date</b> |
|--------------------|-----------------|
| 1st                | April 15        |

|     |              |
|-----|--------------|
| 2nd | June 15      |
| 3rd | September 15 |
| 4th | December 15  |

(b) (I) If the due date of any installment payment required pursuant to this section falls on a legal federal holiday, then the due date shall be delayed and due on the adjusted federal due date.

(II) On and after July 1, 2007, for purposes of this section, there shall be twelve installments for the tax imposed pursuant to section 39-29-105 for each taxable year. The due date for such installments shall be the fifteenth day of each month, and the installments shall be paid electronically. The department of revenue shall promulgate rules in accordance with article 4 of title 24, C.R.S., governing electronic payment.

(5) (a) For purposes of this section, the amount of the required installments set forth in paragraph (a) of subsection (4) of this section for the tax imposed under this article and for the tax imposed under article 29 of this title shall be twenty-five percent of the required annual payment for each such tax.

(a.5) On and after July 1, 2007, for purposes of this section, the amount of the required installments set forth in paragraph (b) of subsection (4) of this section for the tax imposed pursuant to section 39-29-105 shall be one-twelfth of the required annual payment for the tax.

(b) For purposes of paragraphs (a) and (a.5) of this subsection (5), "required annual payment" means the lesser of:

(I) Seventy percent of the taxpayer's actual Colorado tax liability shown on the return for the taxable year or, if no return is filed, seventy percent of the tax for such year; or

(II) (A) One hundred percent of the taxpayer's actual Colorado tax liability shown on the return of the corporation for the preceding taxable year.

(B) Sub-subparagraph (A) of this subparagraph (II) shall not apply if the preceding taxable year was not a taxable year of twelve months or if the taxpayer did not file a Colorado return for such preceding taxable year.

(c) (I) If the taxpayer is a large corporation as defined in section 6655 of the internal revenue code, sub-subparagraph (A) of subparagraph (II) of paragraph (b) of this subsection (5) shall not apply; except that the first required installment set forth in paragraph (a) of subsection (4) of this section for any taxable year may be based on twenty-five percent of the taxpayer's actual Colorado tax liability shown on the return of the corporation for the preceding year and except

that the first required installment set forth in paragraph (b) of subsection (4) of this section for any taxable year may be based on one-twelfth of the taxpayer's actual Colorado tax liability shown on the return of the corporation for the preceding year. Any reduction in the first installment pursuant to this subparagraph (I) shall be recaptured by increasing the amount of the next required installment.

(II) For purposes of returns and estimated payments for the 2001 tax year, the limitation on the use of the preceding year's tax liability pursuant to subparagraph (I) of this paragraph (c) shall not apply.

(d) When the taxpayer has elected annualized installments or adjusted seasonal installments for the payment of federal income tax, the amount of the required installment pursuant to this section and the calculation of any addition to tax shall be determined under rules promulgated by the department of revenue.

(6) (a) (I) No addition to tax shall be imposed under subsection (3) of this section for any taxable year if the tax imposed under part 3 of this article shown on the return for such taxable year or, if no return is filed, the tax, is less than five thousand dollars.

(II) No addition to tax shall be imposed under subsection (3) of this section for any taxable year if the tax imposed under article 29 of this title shown on the return for such taxable year, or if no return is filed, the tax, reduced by the credit allowable under section 39-29-111, is less than five thousand dollars.

(b) No addition to tax shall be imposed under subsection (3) of this section with respect to any underpayment to the extent the executive director determines that the underpayment was due to good cause shown by the taxpayer.

(7) (a) Except as otherwise provided in paragraph (b) of this subsection (7), for purposes of applying this section, the amount of the credit allowed pursuant to section 39-29-111 for the taxable year shall be deemed a payment of estimated tax and an equal part of such amount shall be deemed paid on each due date for such taxable year.

(b) If the taxpayer establishes the dates on which all amounts were actually withheld, the amounts so withheld shall be deemed payments of estimated tax on the dates on which such amounts were actually withheld.

(8) (a) In applying this section to a taxable year beginning on any date other than January 1, the corresponding months shall be substituted for the months specified in this section.

(b) This section shall be applied to taxable years of less than twelve months in accordance with rules prescribed by the department of revenue.

(9) All of the provisions of this article, article 29 of this title, and article 21 of this title relating to the powers of the executive director for the administration, assessment, and

enforcement of taxes required to be paid pursuant to said articles shall apply to the provisions of this section.

(10) The department of revenue shall prescribe such rules as may be necessary to carry out the provisions of this section. Such rules shall be promulgated in accordance with article 4 of title 24, C.R.S.

#### **39-22-608. Form, place, and date of filing return - extension - electronic filing.**

(1) All returns required by this article shall be made as nearly as practicable in the same form as the corresponding form of income tax return required by the United States.

(2) (a) Except as provided in subsection (2)(b) of this section, all returns required by section 39-22-601 must be filed in the office of the executive director on or before the fifteenth day of the fourth month following the close of the taxable year.

(b) For taxable years beginning on and after January 1, 2024, every C corporation subject to taxation under this article 22 shall file the return required by section 39-22-601 (2) in the office of the executive director on or before the fifteenth day of the fifth month following the close of the taxable year.

(c) The executive director may grant a reasonable extension of time for filing returns and for paying the tax pursuant to rules prescribed by the executive director.

(3) Residents who are traveling or temporarily residing outside the United States at the time provided in subsection (2) of this section shall be allowed an automatic extension to and including the fifteenth day of the sixth month following the close of the taxable year in which to file returns.

(4) Notwithstanding subsection (2) of this section, if the time for electronic filing of a federal income tax return pursuant to the internal revenue code is changed to a date later than the date specified in subsection (2) of this section, the executive director may adopt a rule changing the time for electronic filing of a return required by this article to the same date.

#### **39-22-609. Payment of tax - applicable when.**

(1) All taxes imposed under the provisions of this article shall be paid on the fifteenth day of the fourth month following the close of the taxable year; but the executive director may grant any taxpayer, upon application therefor, an extension of time for the payment of the tax, or any portion thereof, with interest to be charged on the unpaid balance at a rate imposed under section 39-21-110.5 for the period of such extension. No extension of time shall be authorized for payment of amounts of tax due upon deficiency assessments, or on amended or delinquent returns.

(2) Payment of the estimated income tax or any installment thereof shall be considered payment on account of the income taxes imposed by this article.

#### **39-22-610. Relief for members of the armed forces of the United States - when.**

(1) The period of time commencing with the declaration of war by congress and ending twelve months after the termination of any such declared war during which an individual is a member of the armed forces of the United States, shall be disregarded in determining, under the provisions of this article, any income tax liability, including any interest, penalty, or additional tax, of any such individual, whether any act required of or permitted by such individual or the

state of Colorado, in respect to the income tax liability, was performed within the time prescribed therefor; but this section shall not revive any right or liability previously barred by law.

(2) The period of time during which an individual is serving in the armed forces of the United States or in support thereof in an area designated by presidential order as a combat zone, and a period of one hundred eighty days after such service, shall be disregarded in determining under the provisions of this article any income tax liability, including any interest, penalty, or additional tax, of any such individual, whether any act required of or permitted by such individual or the state of Colorado, in respect to such income tax liability, was performed within the time prescribed therefor.

**39-22-621. Interest and penalties.**

(1) If any tax due under this article is not paid when due, by reason of extension granted, or otherwise, interest shall be added thereto at the rate imposed under section 39-21-110.5 from the due date thereof, in addition to any penalties which may be imposed by other provisions of this section. Interest on any deficiency in tax shall begin to accrue on the date prescribed in this article for payment of the tax.

(2) (a) If any person fails to file a return at the time required by the provisions of this article and no intent to evade the tax exists, and if there is a balance due to be paid with such return, there shall be collected as a penalty the sum of five dollars for such failure or five percent of the proper amount of tax on such return if the failure is for not more than one month, with an additional one-half percent for each additional month or fraction thereof during which such failure continues, not exceeding twelve percent in the aggregate, whichever is greater.

(b) If any person fails to pay any tax by the due date under the provisions of this article, there shall be collected as a penalty the sum of five dollars for such failure or five percent of the amount of such tax if the failure is for not more than one month, with an additional five-tenths of one percent for each additional month or fraction thereof during which such failure continues, not exceeding twelve percent in the aggregate, whichever is greater.

(c) As used in paragraphs (a) and (b) of this subsection (2), "tax" means the net amount of tax required to be shown on the return reduced by any amount paid on or before the date prescribed for payment of the tax and by the amount of any credit against the tax which may be claimed on the return. If the penalties provided for in paragraphs (a) and (b) of this subsection (2) both apply, then only the larger of the two penalties shall be assessed.

(d) If any person fraudulently or willfully fails to file any return, there shall be collected as a penalty for such failure the sum of seventy-five dollars or one hundred percent of the amount of the tax, if any, whichever is greater.

(e) If any person files a fraudulent, frivolous, or willfully false return, there shall be collected as a penalty the sum of one hundred fifty dollars or one hundred fifty percent of the amount of the tax, if any, whichever is greater.

(f) If, after determination and assessment of any tax imposed by this article, any person fails to pay the same within the time limited by any notice and demand sent to him by the executive director, there shall be collected as a penalty for such failure a sum equal to fifteen percent of the amount of the tax demanded.

(g) If any person fraudulently fails to pay any tax when due under the provisions of this article or willfully seeks to evade the payment thereof, there shall be collected as a penalty for such failure a sum equal to one hundred fifty percent of the amount of the tax.

(g.5) (I) If a tax return or a claim for refund is prepared, for compensation, by a person other than the taxpayer and if an understatement of liability with respect to such return or claim is due to the preparer's willful or reckless disregard of applicable laws or rules, as evidenced by the repeated assertion of a position that the preparer knew or should have known did not have a realistic possibility of being sustained on its merits, there shall be collected from the preparer a penalty of five hundred dollars. If the tax return preparer is employed by another person in the business of tax return preparation and if the employer either ordered the understatement of

liability or had knowledge of the understatement of liability and did not attempt to prevent the tax return preparer from making the understatement of liability, an equivalent penalty may also be collected from the employer. A separate penalty shall be collected for each tax return or claim for refund prepared as described in this paragraph (g.5).

(II) This subsection (2)(g.5) shall not apply to:

(A) A certified public accountant who is permitted to practice under article 100 of title 12. If the executive director becomes aware of conduct by a tax return preparer exempted by this subsection (2)(g.5)(II) that would, but for such exemption, subject the tax return preparer to a penalty under subsection (2)(g.5)(I) of this section, the executive director may disclose the name of such tax return preparer to the state board of accountancy.

(B) A person who is regularly or continuously employed by another and, acting at the direction of the employer, prepares that employer's return or claim for refund; or

(C) A person who furnishes only typing, reproducing, or other ministerial or administrative assistance to a tax return preparer.

(h) If any part of any deficiency is due to negligence or disregard of the laws or rules or regulations but without intent to defraud, twenty-five percent of the total amount of the deficiency, in addition to such deficiency, shall be assessed, collected, and paid in the same manner as if it were a deficiency.

(i) All of the penalties provided in paragraphs (a) to (h) of this subsection (2) shall be cumulative and shall be collected at the same time and in the same manner as the tax.

(j) The executive director, for good cause, may waive or reduce any penalties assessed pursuant to this article and interest imposed in excess of the rate imposed pursuant to section 39-21-110.5, upon making a record of his reasons therefor.

(k) The provisions of this section shall not apply to any estimated tax required to be paid by or under the provisions of sections 39-22-605 and 39-22-606.

(3) (a) Any person required under this article or required by regulations made under authority thereof, to make a return, keep any records, or supply any information, for the purpose of the computation, assessment, or collection of any tax imposed by this article, who willfully fails to make such return, keep such records, or supply such information at the time required by law or regulations, in addition to other penalties provided by law, shall be punished as provided in section 39-21-118.

(b) Any person required under this article to collect, account for, and pay over any tax imposed by this article, who willfully fails to collect or truthfully account for and pay over such tax, and any person who willfully fails to pay any tax, or in any manner evades or defeats any tax

imposed by this article or the payment thereof, in addition to other penalties provided by law, shall be punished as provided in section 39-21-118.

(c) "Person", as used in this subsection (3), includes an officer or employee of a corporation or a member or employee of a partnership or limited liability company, who as such an officer, employee, or member is under a duty to perform the act in respect to which the violation occurs.

## ANNOTATION

**Law reviews.** For article, "An Update of Appendices from Collecting Pre- and Post-Judgment Interest in Colorado", see 15 Colo. Law. 990 (1986).

**Provisions not aimed at compelling disclosure of self-incriminating evidence.** Neither the intent nor the effect of the withholding tax provisions is to compel disclosure of self-incriminating evidence as is the case of provisions whose design is essentially to ferret out criminal activities. The withholding tax provisions are directed at those members of the public at large who are employers and pay wages to their

employees. *People v. McNulty*, 184 Colo. 274, 519 P.2d 1195 (1974).

**Subsection (3) applicable to failure to make records or act upon liability.** Subsections (3)(a) and (3)(b) show that the general assembly intended those crimes to apply to a defendant's failure to make records of or truthfully act upon his own tax liability. *People v. Vesely*, 41 Colo. App. 325, 587 P.2d 802 (1978).

**Subsection (3) requires only intentional and knowing behavior.** The word "willfully", as used in subsection (3)(b), requires proof only that a taxpayer failed "to collect, account for and pay over such tax"

intentionally and knowingly and not through accident, mistake, or other innocent cause. *People v. McNulty*, 184 Colo. 274, 519 P.2d 1195 (1974).

**Return not containing income information not statutory "return".** A taxpayer's return which does not contain any information relating to the taxpayer's income

from which the tax can be computed is not a "return" within the meaning of subsection (3)(a). *People v. Vickers*, 199 Colo. 305, 608 P.2d 808 (1980).

**Subsection (3)(a) is not a lesser included offense of subsection (3)(b).** *People v. McNulty*, 184 Colo. 274, 519 P.2d 1195 (1974).

### **39-22-622. Refunds.**

(1) A reserve, in an amount to be determined periodically by the controller, shall be set aside and maintained by the state treasurer from taxes collected under this article and held by the state treasurer for the prompt payment of all refunds.

(2) (a) The department of revenue shall pay refunds within the applicable time period specified in paragraph (b) of this subsection (2). For purposes of this subsection (2), the date of filing shall be the date of receipt of any income tax return by the department of revenue; except that the date of filing of any income tax return received during the month of April shall be deemed to be May 1.

(b) (I) Refunds for income tax returns filed by January 31 of any given year shall be made within fourteen calendar days of the date of filing.

(II) Refunds for income tax returns filed after January 31 but prior to or on the last day of February of any given year shall be made within twenty-one calendar days of the date of filing.

(III) Refunds for income tax returns filed after the last day of February but prior to or on March 31 of any given year shall be made within twenty-eight calendar days of the date of filing.

(IV) Refunds for income tax returns filed after March 31 of any given year shall be made within forty-five calendar days of the date of filing.

(3) If any refund due under this article is not paid when due, interest shall be added thereto at the rate imposed under section 39-21-110.5 from the due date of the refund, as prescribed in subsection (2) of this section, until the refund is mailed to the taxpayer by the department of revenue. In addition to the interest, a penalty equal to five percent of the amount of tax to be refunded shall be added.

(4) (a) The provisions of subsection (2) of this section shall not apply:

(I) To any return that is being audited;

(II) To any return that may take longer than normal to process due to the mathematical or clerical errors contained in said return;

(III) To unforeseen delays caused by the failure of processing equipment;

(IV) Because of a tax credit allowed in section 39-22-531;

(V) Because the taxpayer claimed an enterprise zone tax credit pursuant to article 30 of this title 39 and the department of revenue is awaiting confirmation from the Colorado office of economic development that the taxpayer is eligible for such credit; or

(VI) To any return where there is a suspicion of identity theft or other refund-related fraud.

(b) The department of revenue shall make a determination, in good faith, whether any of the exceptions set forth in subsection (4)(a) of this section apply.

(5) Repealed.

### **39-22-623. Disposition of collections - definition.**

(1) The proceeds of all money collected under this article 22, less the reserve retained for refunds, shall be credited as follows:

(a) (I) Repealed.

(II) (A) Effective July 1, 1987, an amount equal to twenty-seven percent of the gross state cigarette tax shall be apportioned to incorporated cities and incorporated towns that levy taxes and adopt formal budgets and to counties. For the purposes of this section, a city and county is considered a city. The city or town share shall be apportioned according to the percentage of state sales tax revenues collected by the department of revenue in an incorporated city or town as compared to the total state sales tax collections that may be allocated to all political subdivisions in the state; the county share shall be the same as that which the percentage of state sales tax revenues collected in the unincorporated area of the county bears to total state sales tax revenues that may be allocated to all political subdivisions in the state. The department of revenue shall certify to the state treasurer, at least annually, the percentage for allocation to each city, town, and county, and the department shall apply the percentage for allocation certified in all distributions to cities, towns, and counties until changed by certification to the state treasurer. In order to qualify for distributions of state income tax money, units of local government are prohibited from imposing taxes on any person as a condition for engaging in the business of selling cigarettes. For purposes of this subsection (1)(a)(II), the "gross state cigarette tax" means the total tax from ten mills on each cigarette before the discount provided for in section 39-28-104 (1), plus an amount equal to the amount transferred to the general fund for the state fiscal year in accordance with section 24-22-118 (2). For any city, town, or county that was previously disqualified from the apportionment set forth in this subsection (1)(a)(II)(A) by reason of imposing a fee or license related to the sale of cigarettes, the city, town, or county is eligible for any allocation of money that is based on an apportionment made on or after July 1, 2019, but not for an allocation of money that is based on an apportionment made before July 1, 2019.

(B) Money apportioned pursuant to this subsection (1)(a)(II)(B) shall be included for informational purposes in the general appropriation bill or in supplemental appropriation bills.

(C) For state fiscal years commencing on or after July 1, 2023, revenue collected by the state and apportioned pursuant to this subsection (1)(a)(II) is a collection for another government, as defined in section 24-77-102 (1), for the purpose of determining state fiscal year spending, as defined in section 24-77-102 (17).

(b) Following apportionment of the city, town, and county shares pursuant to paragraph (a) of this subsection (1) and pursuant to section 29-21-101, C.R.S., all remaining funds, less the amount credited to the reserve created in section 39-29-107.8, in accordance with subsection (2) of said section, shall be credited to the general fund, and the general assembly shall make appropriations therefrom for the expenses of the administration of this article.

(c) Distribution to each city, town, and county shall be made monthly, no later than the fifteenth day of the second successive month after the month for which cigarette tax collections are made, commencing in October 1973.

(d) Each city, town, and county, upon request and at reasonable times, shall be entitled to verify with the executive director or his designated representative the proceeds to which the local government is entitled pursuant to the provisions of this section.

(e) Where, prior to July 1, 1973, a city or town has pledged the proceeds of all or a portion of its local cigarette tax or tax on the occupation of selling cigarettes for the payment of bonds or other obligations, the city or town shall pledge or place in trust an equivalent amount from its share of the proceeds of the state cigarette tax for the payment of such bonds or other obligations.

(f) Repealed.

**39-22-627. Temporary adjustment of rate of income tax - refund of excess state revenues - authority of executive director - definitions - repeal.**

(1) (a) (I) Subject to the provisions of this section, if, for any state fiscal year commencing on or after July 1, 2024, but before July 1, 2034, the amount of state revenues in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that are required to be refunded for such state fiscal year exceeds the amount specified in subsection (1)(b) of this section, the executive director shall temporarily reduce the state income tax rate for the income tax year commencing during the calendar year in which the state fiscal year ended from its current percentage of the federal taxable income of every individual, estate, trust, and corporation, as specified in sections 39-22-104 (1.7) and 39-22-301 (1)(d)(I), as a method to refund excess state revenues that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution. Except as otherwise provided in subsection (1)(b)(II) of this section, the state income tax rate for the income tax year commencing during the calendar year in which the state fiscal year ended is reduced, depending on the total amount of excess state revenues required to be refunded for a specified state fiscal year pursuant to section 20 (7)(d) of article X of the state constitution as determined by the annual certification of excess state revenues required by section 24-77-106.5 that exceed the amount of excess state revenues less the amount of reimbursement for property tax exemptions, by an applicable amount specified in subsection (1)(a)(II) of this section, subject to the annual adjustments required by subsection (1)(a)(III) of this section.

(II) (A) If the amount of such excess state revenues is greater than three hundred million dollars but less than or equal to five hundred million dollars, the income tax rate is reduced by four one-hundredths of one percent;

(B) If the amount of such excess state revenues is greater than five hundred million dollars but less than or equal to six hundred million dollars, the income tax rate is reduced by seven one-hundredths of one percent;

(C) If the amount of such excess state revenues is greater than six hundred million dollars but less than or equal to seven hundred million dollars, the income tax rate is reduced by nine one-hundredths of one percent;

(D) If the amount of such excess state revenues is greater than seven hundred million dollars but less than or equal to eight hundred million dollars, the income tax rate is reduced by eleven one-hundredths of one percent;

(E) If the amount of such excess state revenues is greater than eight hundred million dollars but less than or equal to one billion dollars, the income tax rate is reduced by twelve one-hundredths of one percent;

(F) If the amount of such excess state revenues is greater than one billion dollars but less than or equal to one billion five hundred million dollars, the income tax rate is reduced by thirteen one-hundredths of one percent; and

(G) If the amount of such excess state revenues is greater than one billion five hundred million dollars, the income tax rate is reduced by fifteen one-hundredths of one percent.

(III) For each state fiscal year commencing on or after July 1, 2025, the executive director shall annually adjust the excess state revenue amounts specified in subsection (1)(a)(II) of this section by a percentage equal to the percentage of allowable increase in state fiscal year spending calculated pursuant to section 24-77-103 (2)(a)(I) for the state fiscal year for which the excess state revenue must be refunded.

(b) (I) The provisions of subsection (1)(a) of this section take effect only if the amount of excess state revenues required to be refunded for the specified state fiscal year, as outlined in subsection (1)(a)(II) of this section, exceeds the total of the amount of reimbursement for property tax exemptions plus the estimated amount by which state revenues would be decreased as the result of the applicable reduction in the state income tax rate.

(II) For any state fiscal year commencing on or after July 1, 2025, if the permanent state income tax rate then in effect is four and twenty-five one-hundredths percent or less of the federal taxable income of every individual, estate, trust, and corporation, any otherwise applicable temporary income tax rate reduction outlined in subsection (1)(a) of this section does not take effect; except that, if the amount of excess state revenues required to be refunded for the state fiscal year is equal to or greater than two billion dollars, the executive director shall temporarily reduce the state income tax rate to the extent necessary to refund all excess state revenues that would not otherwise be refunded by another method established by law other than the methods set forth in sections 39-22-2002 and 39-22-2003.

(c) For the income tax year beginning on January 1, 2024, the executive director shall temporarily reduce the state income tax rate from four and forty one-hundredths percent of the federal taxable income of every individual, estate, trust, and corporation, as specified in sections

39-22-104 (1.7) and 39-22-301 (1)(d)(I), to four and twenty-five one-hundredths percent of the federal taxable income of every individual, estate, trust, and corporation, as a method to refund excess state revenues that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution for state fiscal year 2023-24.

(2) Except as otherwise provided in subsection (3) of this section, no later than October 1, 2024, and no later than each October 1 thereafter of any calendar year during which it is certified in accordance with the provisions of section 24-77-106.5 that state revenues exceed the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution for the state fiscal year ending in that calendar year and exceed any amount that the voters statewide have authorized the state to retain and spend for the state fiscal year ending in that calendar year, the executive director shall estimate the amount by which state revenues would be decreased as the result of the applicable percentage reduction listed in subsection (1)(a)(II), (1)(b)(II), or (1)(c) of this section in the state income tax rate for the income tax year commencing during the calendar year in which the state fiscal year ended.

(3) If one or more ballot questions are submitted to the voters at a statewide election to be held in November of any given calendar year that seek authorization for the state to retain and spend all or any portion of the amount of excess state revenues for the state fiscal year ending during said calendar year, the executive director shall not reduce the state income tax rate until the results of said election are known so that the state income tax rate may be reduced only if, after the results of said election, the amount of excess state revenues required to be refunded for the state fiscal year exceeds the total of the amount of reimbursement for property tax exemptions plus the estimated amount by which state revenues would be decreased as a result of the applicable reduction in the state income tax rate pursuant to this section.

(4) In estimating the amount by which state revenues would be decreased as the result of a reduction in the state income tax rate in accordance with the provisions of this section, the executive director shall utilize the most recent data available from the staff of the legislative council regarding the estimate of state revenues generated by the state income tax for the applicable income tax year.

(5) (a) Upon estimating the amount by which state revenues would be decreased as the result of a reduction in the state income tax rate for any income tax year in accordance with the provisions of this section, the executive director shall notify in writing the executive committee of the legislative council created pursuant to section 2-3-301 (1), C.R.S., of any amount so estimated and the basis for such estimate. Such written notification shall be given within five working days after such estimate is completed, but such written notification shall be given no later than October 1 of the calendar year.

(b) It is the function of the executive committee of the legislative council to review and approve or disapprove such estimated amount within twenty days of receipt of such written

notification from the executive director. Any estimate of the amount by which state revenues would be decreased as the result of a reduction in the state income tax rate as estimated pursuant to the provisions of this section that is not approved or disapproved by the executive committee within said twenty days shall be automatically approved; except that, if within said twenty days the executive committee schedules a hearing on such estimated amount by which state revenues would be decreased as the result of a reduction in the state income tax rate reduction, such automatic approval shall not occur unless the executive committee does not approve or disapprove such estimated amount after the conclusion of such hearing. Any hearing conducted by the executive committee pursuant to the provisions of this paragraph (b) shall be held no later than twenty-five days after receipt of such written notification from the executive director.

(c) (I) If the executive committee of the legislative council disapproves the estimated amount by which state revenues would be decreased as the result of a reduction in the state income tax rate as estimated by the executive director, the executive committee shall specify the estimated amount by which state revenues would be decreased as the result of a reduction in the state income tax rate so that the executive director can determine whether to implement the reduced state income tax rate. Any estimated amount by which state revenues would be decreased as the result of a reduction in the state income tax rate as specified by the executive committee pursuant to this subparagraph (I) shall be estimated in accordance with the provisions of this section.

(II) The executive director shall not adjust the state income tax rate until the estimated amount by which state revenues would be decreased as the result of a reduction in the state income tax rate estimate has been approved pursuant to the provisions of paragraph (b) of this subsection (5).

(d) Repealed.

(6) If, based on the financial report prepared by the controller in accordance with section 24-77-106.5, the controller certifies that the amount of the state revenues for any state fiscal year commencing on or after July 1, 2017, exceeds the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution for that state fiscal year and exceeds the amount of excess state revenues that the voters statewide have authorized the state to retain and spend for that state fiscal year by less than the total of the amount of reimbursement for property tax exemptions plus the estimated amount by which state revenues would be decreased as the result of the applicable reduction in the state income tax rate as calculated by the executive director pursuant to subsection (2) of this section, then the reduction in the state income tax rate allowed pursuant to subsection (1) of this section is not allowed for the income tax year commencing during the calendar year in which the state fiscal year ended.

(7) Repealed.

(8) The general assembly finds and declares that a temporary state income tax rate reduction is a reasonable method of refunding a portion of the excess state revenues required to be refunded in accordance with section 20 (7)(d) of article X of the state constitution.

(9) Repealed.

(10) As used in this section, unless the context otherwise requires:

(a) "Excess state revenues" means the total amount of the state revenues for the state fiscal year in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that voters statewide have not authorized the state to retain and spend and that the state is required to refund under section 20 (7)(d) of article X of the state constitution, including any adjustment for amounts specified in section 24-77-103.7 or 24-77-103.8.

(b) "Reimbursement for property tax exemptions" means the amount of reimbursement for property tax revenues lost as a result of both the property tax exemptions allowed by part 2 of article 3 of this title 39 and the reduced valuation for assessment of qualified-senior primary residence real property pursuant to sections 39-1-104.2 and 39-1-104.6 that is paid by the state treasurer to each county treasurer as required by section 39-3-207 (4) or 39-1-104.6 (9)(c) for the property tax year that commenced during the specified state fiscal year.

**39-22-628. Direct deposit of refund to collegeinvest savings accounts - modification of individual income tax return forms - legislative declaration - definition.**

(1) In addition to the rationale for creation of the college savings program set forth in section 23-3.1-301, C.R.S., the general assembly hereby finds, determines, and declares that it is in the best interest of Colorado citizens to provide them the option of making direct deposits to collegeinvest savings accounts through the Colorado state individual income tax return form.

(2) (a) For Colorado state individual income tax return forms used for tax years beginning on and after January 1, 2013, each such form must allow an individual taxpayer who is owed a refund the option of making a direct deposit to a collegeinvest savings account.

(b) Each form must permit the direct deposit to only a single collegeinvest savings account.

(3) The department of revenue shall collaborate with the department of higher education to:

(a) Modify the state individual income tax return form to enable an individual taxpayer to make a direct deposit of his or her refund to a collegeinvest savings account; and

(b) Include, in the portion of the form allowing direct deposit to a collegeinvest savings account, information or a means to obtain information describing collegeinvest savings accounts and how to establish such an account.

(4) As used in this section, "collegeinvest savings account" means an account established pursuant to part 3 of article 3.1 of title 23, C.R.S.

**39-22-629. Advance payments of income tax credits - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Applicable credit" means:

(I) For income tax years commencing before January 1, 2027, the credits allowed in sections 39-22-516.7, 39-22-516.8, and 39-22-555; and

(II) For income tax years commencing on or after January 1, 2027, the credits allowed in sections 39-22-516.7, 39-22-516.8, 39-22-550, and 39-22-555.

- (b) "Department" means the department of revenue.
- (c) "Taxpayer" means the person authorized to elect advanced payments of an applicable credit.
- (2) A taxpayer may elect to receive advance payments for applicable credits as follows:
- (a) The taxpayer shall annually register with the department for advance payments of one or more applicable credits no later than thirty days before the due date of the first quarterly report filed by the taxpayer under subsection (2)(b) of this section, in a form and manner prescribed by the department; and
- (b) (I) The taxpayer shall electronically file quarterly reports in a form and manner prescribed by the department no later than April 15, June 15, September 15, and December 15 of each tax year for which the taxpayer registers for advance payments; except that:
- (A) For a taxpayer with a taxable year beginning on any date other than January 1, the corresponding months shall be substituted for the months specified in subsection (2)(b)(I) of this section.
- (B) For a taxpayer with a taxable year less than twelve months, the due dates shall be determined in accordance with rules prescribed by the department.
- (II) The quarterly report must include the cumulative total of applicable credit that the taxpayer is seeking advance payment for in the quarter and any information required to be included in the quarterly report as specified in the statute under which the applicable credit is allowed.
- (3) After receipt of a completed quarterly report, the department shall make an advance payment of the applicable credit to the taxpayer in the form of a refund of the taxpayer's overpayment of tax imposed under this article 22; except that the advance payment does not accrue interest pursuant to section 39-21-108 (2) but is subject to intercept for the taxpayer's unpaid balance or unpaid debts, if any, pursuant to section 39-21-108 (3).
- (4) The taxpayer shall reduce the amount of an applicable credit claimed by the taxpayer for any taxable year by the aggregate amount of advance payments that the taxpayer claimed for the applicable credit during the taxable year, and:
- (a) If the aggregate amount of advance payments claimed for the applicable tax year exceeds the amount of the credit allowed to the taxpayer, the amount of the excess is subject to recapture; or
- (b) If the aggregate amount of advance payments for the applicable tax year is less than the amount of the credit allowed to the taxpayer, the amount of the difference may be claimed by the taxpayer as a credit in the taxable year in the same manner as the applicable credit.

(5) In the case of a partnership or S corporation electing advance payments under this section, the partnership or S corporation shall make the election and the department shall make the advance payments to the partnership or S corporation. In the event of an excess amount pursuant to subsection (4)(a) of this section, the partnership or S corporation shall pay the amount of the excess on behalf of the partners or shareholders. In the event of an amount of difference pursuant to subsection (4)(b) of this section, the department shall refund the amount of the difference to the partnership or S corporation.

**39-22-630. Charitable contributions made through qualified intermediaries - eligibility for income tax credits maintained - definitions.**

(1) For income tax years commencing on or after January 1, 2024, a taxpayer may claim a credit for making a contribution to a qualified intermediary to the same extent that the taxpayer could claim a credit for making the contribution directly to a recipient organization so long as the recipient organization is approved or certified, to the extent required and in accordance with the process required by the law authorizing the credit, as meeting the criteria required to receive such a direct contribution. Nothing in this subsection (1) modifies or eliminates any obligation of a recipient organization, as set forth in a state law, rule, or agency guideline, to issue tax credit certificates, collect information from donors, provide information to the department of revenue or any other state agency, or take any other action necessary for the proper administration of a credit.

(2) As used in this section:

(a) "Credit" means any credit against the taxes imposed pursuant to this article 22 or article 30 of this title 39 that is authorized by law.

(b) "Qualified intermediary" means an organization that has attained tax exempt status under section 501 (c)(3) of the internal revenue code if the organization is obligated, except when exercising variance power as required or authorized by law or federal regulations, to disburse contributions received from a taxpayer to a recipient organization as directed by the taxpayer.

(c) "Recipient organization" means an organization that has attained tax exempt status under section 501 (c)(3) of the internal revenue code and includes any program or project of the organization to which a taxpayer may make a contribution for which the taxpayer may claim a credit.

## SUBPART 2

### REPORTABLE TRANSACTIONS

**Cross references:** For the legislative declaration contained in the 2009 act adding this subpart 2, see section 1 of chapter 75, Session Laws of Colorado 2009.

#### **39-22-651. Short title - citation.**

This subpart 2 shall be comprised of sections 39-22-651 to 39-22-659 and may be cited as subpart 2. This subpart 2 shall be known and may be cited as the "Colorado Reportable Transactions Act".

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 271, § 4, effective April 2.

#### **39-22-652. Definitions.**

For purposes of this subpart 2, unless the context otherwise requires:

- (1) "Colorado combined group" means a group of affiliated C corporations required or allowed to file a combined report pursuant to section 39-22-303.
- (2) "Department" means the department of revenue.
- (3) "Income tax" means a tax imposed under this article.
- (4) "Income tax return" means a return filed under section 39-22-601.
- (5) "Listed transaction" means a transaction that is:

(a) The same as, or substantially similar to, a transaction or arrangement specifically identified as a listed transaction by the United States secretary of the treasury in written materials interpreting the requirements of section 6011 of the internal revenue code;

(b) A transaction between a captive real estate investment trust as defined in section 39-22-503 (2) and its more than fifty percent beneficial owner as described in section 39-22-503 (2)(a); or

(c) A transaction between a captive regulated investment company as defined in section 39-22-501 (2) and its more than fifty percent beneficial owner as described in section 39-22-501 (2)(a).

(6) "Material advisor" shall have the same meaning as set forth in section 6111 of the internal revenue code.

(7) "Reportable transaction" means any transaction or arrangement that is the same as any transaction or arrangement described in 26 CFR 1.6011-4 (b)(2) to (b)(6) but shall not include any transactions specifically excluded by the internal revenue service.

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 271, § 4, effective April 2.

### **39-22-653. Taxpayer disclosure of reportable or listed transactions.**

(1) A taxpayer shall be subject to the provisions of this section for each taxable year in which the taxpayer participates in a reportable or listed transaction.

(2) A taxpayer subject to the provisions of this section shall disclose any reportable or listed transaction to the department in a disclosure statement as specified in subsection (5) of this section; except that, in the case of multiple transactions described in section 39-22-652 (5)(b) or (5)(c) that occur within a single tax year, in lieu of a disclosure for each transaction with a regulated investment company or a real estate investment trust, a taxpayer may file a disclosure for multiple transactions with a regulated investment company or real estate investment trust showing the name and ownership of each such entity and each such entity's total assets and total income earned prior to any dividend paid deduction.

(3) If a taxpayer participates in or has participated in any reportable or listed transaction for any period that is still open for assessment pursuant to section 39-21-107 as of the due date of the taxpayer's income tax return, then the taxpayer shall file a disclosure statement as specified in subsection (5) of this section with respect to the reportable or listed transaction.

(4) (a) Any statement that is required to be filed or disclosure required to be made by this section with respect to any tax year for which the return has already been filed by a date sixty

days after April 2, 2009, and that is filed or made prior to or together with the taxpayer's next filed return shall be considered timely filed or made.

(b) Any statement that is required to be filed or disclosure required to be made by this section with respect to any tax year the return for which has not been filed by a date sixty days after April 2, 2009, and that is filed or made on or before July 1, 2010, shall be considered timely filed or made.

(c) The statute of limitations with respect to any return for which a statement is required to be filed or disclosure required to be made by this section shall be tolled from April 2, 2009, until such statement or disclosure is filed or made, but in no event shall the statute of limitations be tolled for more than twenty-four months.

(5) (a) With respect to any reportable transaction or with respect to any listed transaction as specified in section 39-22-652 (5)(a), the taxpayer shall, at the taxpayer's discretion, file with the taxpayer's next filed return a copy of the federal disclosure form or a form specified by the department.

(b) With respect to any listed transaction not specified in section 39-22-652 (5)(a), the department may specify the form and manner of any statement required to be filed or disclosure required to be made, which statement shall be filed with the taxpayer's next filed return.

#### **39-22-654. Additional listed transactions - report.**

(1) The department shall submit a report to the finance committees of the senate and house of representatives, or any successor committees, by January 31, 2010, and on or before every January 31 thereafter, its recommendation for the inclusion of any additional listed transactions for purposes of this subpart 2.

(2) The department shall consult with any interested parties prior to the submission of the report as specified in subsection (1) of this section.

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 273, § 4, effective April 2.

**39-22-655. Penalty for failure to disclose a reportable or listed transaction.**

(1) (a) Except as provided in paragraph (b) of this subsection (1), a taxpayer that fails to disclose a reportable transaction as required by section 39-22-653 shall be subject to a penalty of up to fifteen thousand dollars.

(b) A taxpayer that fails to disclose a listed transaction as required by section 39-22-653 shall be subject to a penalty of up to fifty thousand dollars.

(2) Any penalty imposed by this section shall be in addition to any other penalty imposed by articles 21 and 22 of this title.

(3) For purposes of this section, if two or more members of the same combined report or consolidated return participate in the same reportable or listed transaction, the penalty imposed by subsection (1) of this section shall only be imposed once on the combined report or consolidated return.

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 273, § 4, effective April 2.

**39-22-656. Material advisor - disclosure of reportable or listed transactions.**

(1) (a) A material advisor shall disclose any reportable or listed transaction to the department on a form provided by the department within six months of each transaction.

(b) The disclosure described in paragraph (a) of this subsection (1) shall include information identifying and describing the reportable or listed transaction and any potential tax benefits expected to result from the transaction, and the disclosure may include other information as required by the department by rules promulgated in accordance with section 39-21-112 (1).

(2) If a material advisor is required to file an income tax return disclosing a reportable transaction under section 6111 of the internal revenue code, the material advisor shall provide the department with a copy of the income tax return.

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 274, § 4, effective April 2.

**39-22-657. Material advisor - maintenance of list.**

(1) For each reportable or listed transaction, a material advisor shall maintain a list of the persons to which the material advisor provides material aid, assistance, or advice with respect to

organizing, managing, promoting, selling, implementing, insuring, or carrying out a reportable or listed transaction.

(2) The list required by subsection (1) of this section shall include:

(a) The name of each person described in subsection (1) of this section that is doing business in this state, a member of a Colorado combined group, or a member of an affiliated group as defined in section 1504 of the internal revenue code that includes a taxpayer doing business in this state;

(b) The same information required to be contained in the list described in 26 CFR 301.6112-1; and

(c) Any additional information required by the department by rules promulgated in accordance with section 39-21-112 (1).

(3) The list required by subsection (1) of this section shall be maintained in the same form and manner as the list described in 26 CFR 301.6112-1.

(4) A material advisor required to maintain a list under subsection (1) of this section shall:

(a) Make the list available to the department upon written request by the department; and

(b) Retain the information that is required to be included on the list for seven years from the date that the information is included.

(5) The department shall promulgate rules in accordance with section 39-21-112 (1) establishing procedures to implement this section.

**Source: L. 2009:** Entire section added, (HB 09-1093), ch. 75, p. 274, § 4, effective April 2.

### **39-22-658. Material advisor - penalties.**

(1) The penalty for the failure of a material advisor to disclose a reportable or listed transaction as required by section 39-22-656 (1)(a) shall be up to twenty thousand dollars.

(2) If a material advisor that is required to disclose a reportable or listed transaction in accordance with section 39-22-656 (1)(a) provides false or incomplete information to the department, then an additional penalty shall be imposed of up to twenty thousand dollars.

(3) If a material advisor that is required to maintain a list under section 39-22-657 (1) fails to make that list available to the department within a twenty-day period after the day on which the department mails a written request for that list, the material advisor shall be subject to a penalty

of ten thousand dollars for each day that the material advisor fails to make that list available to the department after the expiration of the twenty-day period.

(4) A penalty imposed by this section shall be in addition to any other penalty imposed by articles 21 and 22 of this title.

## PART 7

### COLORADO NONGAME CONSERVATION AND WILDLIFE RESTORATION VOLUNTARY CONTRIBUTION

**39-22-701. Legislative declaration.**

(1) (a) The general assembly hereby declares that wildlife species that are endangered, threatened with extinction, or not commonly pursued, killed, or consumed either for sport or profit, referred to in this part 7 as "nongame and endangered wildlife", have need of special protection and that it is in the public interest to preserve, protect, perpetuate, and enhance nongame and endangered wildlife resources of this state through preservation of a satisfactory environment and an ecological balance. The general assembly specifically recognizes that such nongame and endangered wildlife includes protected wildlife, endangered and threatened wildlife, aquatic wildlife, specialized habitat wildlife, both terrestrial and aquatic types, and mollusks, crustaceans, and other invertebrates under the jurisdiction of the division of parks and wildlife.

(b) The general assembly further declares that wildlife rehabilitation helps Colorado's game and nongame and endangered wildlife species survive and represents responsible stewardship for the animals in need of assistance. The general assembly recognizes that little public or private funding or formal support exists to finance wildlife rehabilitation, and therefore wildlife rehabilitators provide their services free of charge. Because they perform a vital public service, providing a method by which some rehabilitators' activities may be funded or expenses defrayed is in the public interest.

(2) This part 7 is enacted to provide a means by which the conservation and restoration of wildlife in the state may be financed through a voluntary contribution designation on state income tax return forms. The intent of the general assembly is that this program is supplemental to any funding and in no way is intended to supplant funding that would otherwise be appropriated for this purpose.

#### **39-22-702. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2017, the executive director shall ensure that each Colorado state individual income tax return form contains a line whereby each individual taxpayer may designate the amount of the contribution, if any, the individual wishes to make to the Colorado nongame conservation and wildlife restoration cash fund created in section 33-1-125.

**39-22-703. Contributions credited to Colorado nongame conservation and wildlife restoration cash fund - administration - transfer.**

(1) The department of revenue shall determine annually the total amount of voluntary contributions designated pursuant to section 39-22-702 and shall report the amount to the state treasurer, who shall credit that amount to the Colorado nongame conservation and wildlife restoration cash fund created in section 33-1-125. The general assembly shall appropriate annually from the Colorado nongame conservation and wildlife restoration cash fund to the department of revenue its costs of administering the moneys designated as contributions to the fund. After subtracting the appropriation to the department, all designated moneys in the fund are hereby continuously appropriated for the purposes of this part 7 and section 33-1-125. At the end of each fiscal year, the state treasurer shall transfer all designated moneys in the fund and all interest earned through the investment of fund moneys, after subtracting the appropriation to the department of revenue, as specified in section 33-1-125.

(2) Repealed.

## PART 8

### DOMESTIC ABUSE PROGRAM VOLUNTARY CONTRIBUTION

**Editor's note:** (1) This part 8 was repealed in 2000 and was subsequently recreated and reenacted in 2000, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 8 prior to 2000, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) Prior to this part 8 being recreated and reenacted, § 39-22-803 provided for the repeal of this part 8, effective January 1, 2000. (See L. 94, p. 968.)

#### **39-22-801. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2010, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the taxpayer wishes to make to the Colorado domestic abuse program fund created in section 39-22-802.

**Source:** **L. 2000:** Entire part RC&RE, p. 1013, § 7, effective July 1; entire part RC&RE, p. 1866, § 91, effective August 2. **L. 2006:** Entire section amended, p.1157, § 1, effective August 7. **L. 2010:** Entire section amended, (SB 10-172), ch. 186, p. 671, § 1, effective August 11. **L. 2020:** Entire section amended, (SB 20-208), ch. 243, p. 1168, § 2, effective September 14.

#### **39-22-802. Contributions credited to Colorado domestic abuse program fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-801 and shall report such amount to the state treasurer. The state treasurer shall

credit such amount to the Colorado domestic abuse program fund, a cash fund hereby established in the state treasury. The controller, upon presentation of vouchers properly drawn and signed by the executive director of the department of human services, pursuant to section 26-7.5-105, shall issue warrants drawn on the Colorado domestic abuse program fund. All money in the Colorado domestic abuse program fund at the end of a fiscal year, after appropriations made pursuant to subsection (3) of this section, shall remain in the fund to be used for the purposes set forth in article 7.5 of title 26 and shall not revert to the general fund. Any interest derived from the deposit and investment of money in the fund shall remain in the fund to be used for the purposes of article 7.5 of title 26, except as otherwise provided in section 24-75-226 (4)(c)(II).

(2) The executive director of the department of human services shall sign vouchers to draw on the Colorado domestic abuse program fund exclusively for the purpose of exercising his authority under section 26-7.5-104, C.R.S.

(3) The general assembly shall appropriate annually from the Colorado domestic abuse program fund:

(a) To the department of human services such amount as is necessary for carrying out the purposes set forth in article 7.5 of title 26, C.R.S., including the department's administrative costs in connection therewith;

(b) To the department of revenue its costs of administering the income tax refunds designated as contributions to the fund.

(4) Notwithstanding any provision of subsection (1) of this section to the contrary, on June 30, 2011, the state treasurer shall deduct two hundred thousand dollars from the Colorado domestic abuse program fund and transfer such sum to the general fund. The transfer required by this subsection (4) shall be from moneys deposited in the Colorado domestic abuse program fund that were generated from fees collected pursuant to sections 13-32-101 (1)(a) and (1)(b) and 14-2-106 (1)(a), C.R.S., and such transfer shall not include any moneys that were voluntary contributions received pursuant to section 39-22-801.

## PART 9

### UNITED STATES OLYMPIC COMMITTEE VOLUNTARY CONTRIBUTION

#### **39-22-901 to 39-22-903. (Repealed)**

**Editor's note:** (1) This part 9 was added in 1983, repealed in 1986, recreated and reenacted in 1988, and repealed in 2006. For amendments to this part 9 prior to its repeal in 2006, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) Section 39-22-903 (1) provided for the repeal of this part 9, effective January 1, 2006. (See L. 2002, p. 443.)

## PART 10

### LIMITATION ON VOLUNTARY CONTRIBUTION PROGRAMS

#### **39-22-1001. Limitations on voluntary contribution programs - queue - notice - reestablishment of certain programs.**

(1) (a) Except as otherwise provided in subsection (1)(b) of this section, it is the intent of the general assembly that any program funded by voluntary contributions of income tax refunds that is created on or after June 2, 1985, shall have a sunset clause providing that the program shall apply to no more than three income tax years, unless the program is continued or reestablished by the general assembly acting by bill prior to the date that the program is scheduled to sunset.

(b) All voluntary contribution programs shall remain on Colorado income tax returns for the income tax years specified in the part in which the voluntary contribution is established and shall

be repealed or reestablished as directed in such part; except that there shall be no requirement for a sunset clause for:

(I) The Colorado domestic abuse program fund voluntary contribution established in part 8 of this article 22;

(II) The homeless prevention activities program fund voluntary contribution established in part 13 of this article 22;

(III) The Special Olympics Colorado fund voluntary contribution established in part 18 of this article 22;

(IV) The western slope military veterans' cemetery voluntary contribution established in part 19 of this article 22;

(V) The pet overpopulation fund voluntary contribution established in part 22 of this article 22;

(VI) The American Red Cross Colorado disaster response, readiness, and preparedness fund established in part 43 of this article 22;

(VII) The Habitat for Humanity of Colorado fund voluntary contribution established in part 45 of this article 22;

(VIII) The donate to a Colorado nonprofit fund voluntary contribution established in part 51 of this article 22;

(IX) The Colorado healthy rivers fund voluntary contribution established in part 24 of this article 22;

(X) The Alzheimer's Association fund voluntary contribution established in part 29 of this article 22;

(XI) The military family relief fund voluntary contribution established in part 30 of this article 22;

(XII) The Colorado cancer fund voluntary contribution established in part 33 of this article 22;

(XIII) The Make-A-Wish Foundation of Colorado voluntary contribution established in part 36 of this article 22;

(XIV) The unwanted horse fund voluntary contribution established in part 38 of this article 22;

(XV) The Colorado nongame conservation and wildlife restoration voluntary contribution established in part 7 of this article 22; and

(XVI) The animal protection fund voluntary contribution established in part 56 of this article 22.

(2) to (4) (Deleted by amendment, L. 2003, p. 2060, § 2, effective May 22, 2003.)

(5) Every voluntary contribution established in this article 22 must receive a minimum dollar amount of contributions in each income tax year as follows:

(a) Except as otherwise provided in paragraphs (b) and (c) of this subsection (5), for each period running from January 1 through September 30, if the amount designated on Colorado income tax returns as contributed to any voluntary contribution established in this article does not equal or exceed fifty thousand dollars according to the records of the department of revenue, then such voluntary contribution is no longer effective and shall not be reflected on the Colorado income tax returns made for any subsequent income tax year, unless the voluntary contribution is reestablished by the general assembly pursuant to subsection (1) of this section.

(b) (I) (A) Notwithstanding subsection (5)(a) of this section, for any voluntary contribution that appears on Colorado income tax returns for the first time in the 2002 income tax year or any income tax year thereafter, the amount designated on Colorado income tax returns as contributed under any voluntary contribution established in this article 22 must equal or exceed fifty thousand dollars according to the records of the department of revenue during the January 1 through September 30 period for which moneys are collected for the third income tax year in which the voluntary contribution appears on Colorado income tax returns. Any such voluntary contribution shall not be required to collect fifty thousand dollars in either the first or the second year that it appears on Colorado income tax returns.

(B) For the purposes of sub-subparagraph (A) of this subparagraph (I), a voluntary contribution that previously appeared on income tax returns and was removed for failure to receive the requisite amount of contributions pursuant to either paragraph (a) of this subsection (5) or subparagraph (II) of this paragraph (b) is deemed to be appearing on the form "for the first time" if three income tax years or more elapses between the last year the voluntary contribution appeared on the form and the first year it is replaced on the form.

(II) If any voluntary contribution subject to the requirements of subparagraph (I) of this paragraph (b) does not equal or exceed the requisite amount of contributions for the third income tax year for which it appears on Colorado income tax returns, then the voluntary contribution shall no longer be effective and shall not be reflected on Colorado income tax returns for any subsequent income tax year, regardless of whether the voluntary contribution is reestablished by the general assembly pursuant to subsection (1) of this section.

(III) After any voluntary contribution subject to the requirements of this paragraph (b) has been on Colorado income tax returns for three years, the provisions of paragraph (a) of this

subsection (5) shall apply to such voluntary contribution and the provisions of this paragraph (b) shall no longer apply.

(c) (I) Subsections (5)(a) and (5)(b) of this section shall not apply to the western slope military veterans' cemetery voluntary contribution established in part 19 of this article 22, the donate to a Colorado nonprofit fund voluntary contribution established in part 51 of this article 22, or the animal protection fund voluntary contribution established in part 56 of this article 22. These voluntary contributions are not required to receive a minimum amount of contributions in an income tax year.

(II) (Deleted by amendment, L. 2005, p. 738, § 1, effective August 8, 2005.)

(6) Repealed.

(7) (a) No more than twenty voluntary contributions are permitted to appear on the Colorado income tax return form in any income tax year. If the general assembly, acting by bill in any year, requires more voluntary contributions to appear on the income tax return form than there are lines available on the form, an existing voluntary contribution that is renewed or continued takes precedence and must be placed on the form over a voluntary contribution that does not appear on the form. Any voluntary contribution that does not appear on the form and is not being renewed or continued but does not take effect pursuant to this subsection (7) must be placed in the queue created by subsection (8) of this section and only becomes effective in any year in which there is a line available on the income tax return form, as specified in subsection (8) of this section.

(b) Repealed.

(8) (a) If the general assembly, acting by bill in any year, requires more voluntary contributions to appear on the income tax return form than there are lines available on the form, any voluntary contribution that is to appear on the form for the first time shall, notwithstanding the language in or the effective date of the bill creating the voluntary contribution, be placed in a queue, which queue is hereby created. The order of voluntary contributions that are placed in the queue shall be determined by the date and time on which the governor signs the bill creating the voluntary contribution, or at such time that the bill becomes law without the governor's signature, with the bill that was signed or becomes law without a signature first in time being first in the queue, the bill that was signed or becomes law without a signature next in time being second in the queue, and so on.

(b) On November 1 of each year, the executive director shall certify to the revisor of statutes the amount of lines available for voluntary contributions on the income tax return form for the state income tax year commencing on January 1 of the following year.

(c) If a line becomes available on the income tax return form, and notwithstanding the language in or the effective date of the bill creating the voluntary contribution, the voluntary contribution first in the queue shall appear on the form for the number of consecutive tax years

specified in the part creating the voluntary contribution beginning with the tax year immediately following the year in which the executive director certifies that there is a line available as specified in paragraph (b) of this subsection (8). If there are two lines available on the form, the voluntary contribution that is second in the queue shall appear on the form for the number of consecutive tax years specified in the part creating the voluntary contribution beginning with the tax year immediately following the year in which the executive director certifies that there are lines available as specified in paragraph (b) of this subsection (8), and so on.

(9) The department of revenue shall post and periodically update on its official website the amount of donations received for each voluntary contribution appearing on the Colorado state individual income tax return form.

(10) One year prior to the date on which a voluntary contribution program is scheduled to repeal pursuant to its sunset clause, the department of revenue shall electronically notify the organization to which that voluntary contribution program's moneys are transferred of the upcoming repeal.

### HOMELESS PREVENTION ACTIVITIES PROGRAM FUND - VOLUNTARY CONTRIBUTION

**Law reviews:** For article, "Hunger and Homelessness in America: A Survey of State Legislation", see 66 Den. U.L. Rev. 277 (1989).

**39-22-1301. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 1989, each Colorado state individual income tax return form shall contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, he wishes to make to the homeless prevention activities program fund.

**Source:** **L. 89:** Entire part added, p. 1228, § 2, effective July 1. **L. 91:** Entire section amended, p. 1947, § 5, effective April 17. **L. 94:** Entire section amended, p. 726, § 1, effective April 19.

**39-22-1302. Contributions credited to homeless prevention activities program fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-1301 and shall report such amount to the state treasurer. The state treasurer shall credit such amount to the homeless prevention activities program fund, a cash fund hereby established in the state treasury. All moneys in the homeless prevention activities program fund at the end of a fiscal year, after appropriations made pursuant to subsection (3) of this section, are designated for the purposes set forth in article 7.8 of title 26, C.R.S., and shall not revert to the general fund. Any interest earned on moneys in the fund shall remain in the fund to be used for the purposes of article 7.8 of title 26, C.R.S. At the end of each fiscal year, the state treasurer shall transfer all designated moneys in the fund and all interest earned through the investment of fund moneys to the division of housing within the department of local affairs created in section 24-32-704, C.R.S., for distribution as directed by the advisory committee pursuant to article 7.8 of title 26, C.R.S.

(2) (Deleted by amendment, L. 91, p. 1947, § 6, effective April 17, 1991.)

(3) The general assembly shall appropriate annually from the homeless prevention activities program fund:

(a) (Deleted by amendment, L. 91, p. 1947, § 6, effective April 17, 1991.)

(b) To the department of revenue its costs of administering the income tax refunds designated as contributions to the fund.

(c) Repealed.

(4) The amount of administrative and indirect costs assessed under this section shall be based on the number of FTE allocated by each department referenced in this section for the administration of this part 13, expressed as a percentage of the total FTE of that department. In no case shall the administrative and indirect costs assessed exceed this percentage.

(5) The division of housing within the department of local affairs created in section 24-32-704, C.R.S., is authorized to spend up to five percent of all voluntary contributions to the homeless prevention activities program fund or fifteen thousand dollars, whichever is greater, for costs incurred in administering such program.

### SPECIAL OLYMPICS COLORADO VOLUNTARY CONTRIBUTION

**Editor's note:** (1) This part 18 was added in 1997. It was repealed in 2013 and was subsequently recreated and reenacted in 2013, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this part 18 prior to 2013, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Prior to this part 18 being recreated and reenacted, § 39-22-1804 provided for the repeal of this part 18, effective January 1, 2013. (See L. 2009, p. 1786.)

#### **39-22-1801. Legislative declaration.**

The general assembly hereby finds, determines, and declares that Special Olympics Colorado provides children and adults with developmental disabilities with a unique opportunity to build confidence and social skills through athletic competition. The general assembly recognizes that Special Olympics Colorado benefits all Coloradans by helping children and adults with developmental disabilities successfully integrate into society and become useful and productive citizens. The general assembly further recognizes that citizens of Colorado would be willing to provide additional funds to the Special Olympics Colorado program if given the opportunity. Therefore, the general assembly has enacted this part 18 to provide funding to the Special Olympics Colorado program through voluntary contributions on state individual income tax returns.

**39-22-1803. Contributions credited to the Special Olympics Colorado fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-1802 and shall report such amount to the state treasurer. The state treasurer shall credit such amount to the Special Olympics Colorado fund, which fund is hereby created in the state treasury. At the end of each fiscal year, the state treasurer shall transfer all designated moneys in the fund and all interest derived from the deposit and investment of such moneys to Special Olympics Colorado. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) Special Olympics Colorado shall use moneys received pursuant to subsection (1) of this section only for equipment, training, competitions, and awards for participants in the Special Olympics Colorado program.

## PART 19

### WESTERN SLOPE MILITARY VETERANS' CEMETERY VOLUNTARY CONTRIBUTION

#### **39-22-1901. Legislative declaration.**

The general assembly hereby finds and declares that there is no veterans' cemetery to serve the military veterans who reside on the western slope of Colorado. The general assembly believes that the state owes a duty to all of its military veterans to assist in providing adequate burial facilities close to where surviving relatives of deceased military veterans reside. The general assembly further finds that the federal department of veterans affairs will reimburse the state for one hundred percent of the costs to establish, expand, or improve a state veterans' cemetery. The general assembly further recognizes that citizens of Colorado may be willing to provide additional funds for the operation and maintenance of such cemetery if given the opportunity. Therefore, the general assembly has enacted this part 19 to provide funding to the western slope military veterans' cemetery fund through voluntary contributions on state individual income tax returns.

**Source: L. 99:** Entire part added, p. 780, § 1, effective May 21.

#### **39-22-1902. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2001, each Colorado state individual income tax return form shall contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, such individual wishes to make to the western slope military veterans' cemetery fund created in section 28-5-708 (1)(a), C.R.S. Such moneys credited to the fund shall be used for the operation and maintenance of a western slope military veterans' cemetery pursuant to section 28-5-708, C.R.S.

## PART 20

### REFUND OF REVENUES IN EXCESS OF STATE FISCAL YEAR SPENDING LIMITATION

**39-22-2001. Legislative declaration - revenues exceeding TABOR limit - sales tax refund.**

(1) The general assembly hereby finds and declares that:

(a) Section 20 of article X of the state constitution, which was approved by the registered electors of this state in 1992, limits the annual growth of state fiscal year spending;

(b) It is estimated that for fiscal years commencing on or after July 1, 1998, state revenues from sources not excluded from state fiscal year spending will exceed the limitation on state fiscal year spending;

(c) When revenues exceed the state fiscal year spending limitation for any given fiscal year, section 20 (7)(d) of article X of the state constitution requires that the excess revenues be refunded in the next fiscal year unless voters approve a revenue change allowing the state to keep the revenues;

(d) In addition, section 20 (1) of article X of the state constitution states that refunds need not be proportional when prior payments are impractical to identify or return and authorizes the use of any reasonable method for refunding excess revenues;

(e) If voters statewide either do not authorize the state to retain and spend all of the excess revenues for that fiscal year or authorize the state to retain and spend only a portion of the excess revenues for that fiscal year, the state is required to refund the revenues in excess of the state fiscal year spending limitation for that fiscal year that voters have not authorized the state to retain and spend;

(f) It is within the legislative prerogative of the general assembly to enact legislation to implement the refund of state excess revenues for fiscal years commencing on or after July 1, 1998, in compliance with section 20 of article X of the state constitution;

(g) It is a reasonable and necessary exercise of the legislative prerogative to determine that, due to the impossibility of identifying or returning prior payments, it is not feasible to make proportional refunds of state excess revenues;

(h) It is also a reasonable and necessary exercise of the legislative prerogative to determine what constitutes a reasonable method of refunding state excess revenues after consideration of the best information available at the time regarding: The amount and source of excess revenues to be refunded; the qualifications for and number of eligible recipients; and the related administrative expenses;

(i) It is the considered judgment of the general assembly that:

(I) The state excess revenues that are subject to the state fiscal year spending limitation under section 20 of article X of the state constitution for fiscal years commencing on or after July 1, 1998, will be derived from a wide variety of state taxes and state fees ranging from state sales tax to severance and transportation taxes to health service fees to court fines to permit and license fees to higher education fees and should, therefore, be returned to as large a group of Colorado residents as is identifiable and economically feasible;

(II) It is not feasible to make proportional refunds of state excess revenues for fiscal years commencing on or after July 1, 1998, due to the impossibility of identifying or returning prior payments;

(III) It is reasonable and fair to refund state excess revenues, if any, for fiscal years commencing on or after July 1, 1998, to a large group of individuals as a refund of state sales tax revenues since more Coloradans pay state sales tax than any other state tax;

(IV) Notwithstanding the provisions of subparagraphs (I) to (III) of this paragraph (i), it is reasonable and fair to simplify the process used to refund state excess revenues for any fiscal year for which the amount of such state excess revenues falls below a certain threshold by allowing an identical refund of state sales tax revenues to each qualified individual; and

(V) Refunding state excess revenues for fiscal years commencing on or after July 1, 1998, through the state income tax system in the manner set forth in sections 39-22-2002 and 39-22-2003 is a reasonable method for refunding such excess revenues.

**Source: L. 99:** Entire part added, p. 1305, § 1, effective August 4.

**39-22-2002. Fiscal years commencing on or after July 1, 1998 - state sales tax refund - authority of executive director - definitions.**

(1) If, for any state fiscal year commencing on or after July 1, 1998, the amount of state revenues exceeds the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution and voters statewide either have not authorized the state to retain and spend all of the excess revenues for that fiscal year or have authorized the state to retain and spend only a portion of the excess revenues for that fiscal year, the executive director shall, if the amount of the identical individual refund calculated pursuant to subsection (2)(a) of this section exceeds the identical refund threshold, for the taxable year commencing on or after January 1 of the calendar year in which that fiscal year ended, but prior to January 1 of the subsequent calendar year, calculate a temporary state sales tax refund in accordance with the provisions of this section to refund the amount of excess state revenues.

(2) (a) For the taxable year commencing on or after January 1 of the calendar year in which that fiscal year ended, but prior to January 1 of the subsequent calendar year, the executive director shall divide the total amount of excess state revenues by the number of qualified individuals expected to claim a refund to determine the amount of the refund that each such qualified individual would receive if each individual received an identical refund.

(b) If the amount of the identical individual refund calculated pursuant to subsection (2)(a) of this section is less than or equal to the identical refund threshold, the executive director shall allow each qualified individual an identical refund in the manner set forth in section 39-22-2003 (3)(a) and (3)(b).

(3) As used in this section, unless the context otherwise requires, "excess state revenues" means the total amount of the state revenues for the state fiscal year in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution, that voters statewide have not authorized the state to retain and spend, that the state is required to refund under section 20 (7)(d) of article X of the state constitution, including any adjustment for amounts specified in section 24-77-103.7 or 24-77-103.8, and that are not refunded by another method established by law.

(a) to (c) Repealed.

(3.5) As used in this section, unless the context otherwise requires, "identical refund threshold" means an amount equal to one-half of the lowest amount listed for married, filing jointly, for Colorado in the most recent table prescribed pursuant to section 164 (b)(5)(H)(ii) of the internal revenue code; except that, if, by September 1 of any calendar year, the executive director has not received advice from the internal revenue service that such an identical refund is regarded as a refund of sales tax and not as an accession to wealth, the identical refund threshold is fifteen dollars.

(4) No later than October 1 of any given calendar year commencing on or after January 1, 1999, during which the controller certifies, in accordance with the provisions of section 24-77-106.5, that state revenues exceed the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution for the fiscal year ending in that calendar year, the executive director shall, if the amount of the identical individual refund calculated pursuant to subsection (2) of this section exceeds the identical refund threshold, calculate the income classifications and the amount of the refund allowed for each income classification pursuant to section 39-22-2003 (3) for the taxable year commencing during said fiscal year that would refund the amount of excess state revenues that is not refunded by another method established by law.

(5) If one or more ballot questions are submitted to the voters at a statewide election to be held in November of any given calendar year commencing on or after January 1, 1999, that seek authorization for the state to retain and spend all or any portion of the amount of excess revenues

for the fiscal year ending during said calendar year, no later than October 1 of said calendar year, the executive director shall, in addition to the calculations required by subsection (4) of this section:

(a) (I) Calculate the amount of the state sales tax refund that each qualified individual would receive if each individual received an identical refund by dividing the total amount of excess state revenues required to be refunded if one or more of such ballot questions are approved by voters statewide and that is not refunded by another method established by law by the number of qualified individuals expected to claim a refund;

(II) Calculate the amount of the state sales tax refund that each qualified individual would receive if each individual received an identical refund by dividing the total amount of excess state revenues required to be refunded if all of such ballot questions are not approved by voters statewide and that is not refunded by another method established by law by the number of qualified individuals expected to claim a refund;

(b) If the amount of any identical refund calculated pursuant to subsection (5)(a)(I) of this section exceeds the identical refund threshold, calculate income classifications and the amount of the refund to be allowed for each income classification pursuant to section 39-22-2003 (3) for the taxable year commencing during said fiscal year that would refund the amount of excess state revenues, if any, required to be refunded if one or more of such ballot questions are approved by voters statewide;

(c) If the amount of the identical refund calculated pursuant to subsection (5)(a)(II) of this section exceeds the identical refund threshold, calculate income classifications and the amount of the refund to be allowed for each income classification pursuant to section 39-22-2003 (3) for the taxable year commencing during said fiscal year that would refund the amount of excess state revenues, if any, required to be refunded if all of such ballot questions are not approved by voters statewide.

(5.5) Repealed.

(6) (a) Upon calculating the amount of any identical individual sales tax refund and, if necessary, income classifications and the amount of the refund for each income classification in accordance with the provisions of this section, the executive director shall notify in writing the executive committee of the legislative council created pursuant to section 2-3-301 (1), C.R.S., of any such calculations and the basis for such calculations. Such written notification shall be given within five working days after such calculations are completed, but such written notification shall be given no later than October 1 of the calendar year.

(b) It is the function of the executive committee to review and approve or disapprove such calculated identical individual sales tax refund or such calculated income classifications and refund amount for each income classification within twenty days after receipt of such written

notification from the executive director. Any such income classification or refund amount calculated pursuant to the provisions of this section that is not approved or disapproved by the executive committee within said twenty days shall be automatically approved; except that, if within said twenty days the executive committee schedules a hearing on such income classification or refund amount, such automatic approval shall not occur unless the executive committee does not approve or disapprove such income classification or refund amount after the conclusion of such hearing. Any hearing conducted by the executive committee pursuant to the provisions of this paragraph (b) shall be concluded no later than twenty-five days after receipt of such written notification from the executive director.

(c) (I) If the executive committee disapproves any income classification or refund amount calculated by the executive director pursuant to this section, the executive committee shall specify such income classification or refund amount to be implemented by the executive director. Any income classification or refund amount specified by the executive committee pursuant to this subparagraph (I) shall be calculated or adjusted in accordance with the provisions of this section.

(II) The executive director shall not adjust any income classification or refund amount that has not been approved pursuant to the provisions of paragraph (b) of this subsection (6) or otherwise specified pursuant to subparagraph (I) of this paragraph (c).

(7) Repealed.

**39-22-2003. State sales tax refund - offset against state income tax - qualified individuals - definitions.**

(1) (a) For purposes of this section, "qualified individual" means:

(I) A natural person who is domiciled in this state for the entire taxable year commencing January 1 and ending December 31 of such taxable year and who has state income tax liability under section 39-22-104 for the taxable year or who files a Colorado individual income tax return to claim a refund of Colorado income tax withheld from wages for that tax year;

(II) A natural person who is domiciled in this state for the entire taxable year commencing January 1 and ending December 31 of such taxable year and who is at least eighteen years of age as of December 31 of the taxable year preceding such taxable year;

(III) A natural person who died during the taxable year commencing January 1 and ending December 31, who was domiciled in this state from January 1 of the taxable year until the date of death, and whose estate or spouse has state income tax liability under section 39-22-104 for the taxable year or whose estate or spouse files a Colorado income tax return to claim a refund of Colorado income tax withheld from wages for that tax year; or

(IV) A natural person who died during the taxable year commencing on January 1 and ending December 31, who was domiciled in this state from January 1 of the taxable year until the date of death, and who was at least eighteen years of age as of December 31 immediately prior to that taxable year.

(b) "Qualified individual" does not include:

(I) Any natural person who was convicted of a felony and who served a sentence of incarceration in a correctional facility operated by or under contract with the department of corrections or the federal bureau of prisons for a total of one hundred eighty days or more during the fiscal year ending during the taxable year, regardless of whether such person meets the qualifications set forth in subsection (1)(a) of this section.

(II) and (III) Repealed.

(1.5) For purposes of this section, "adjusted gross income" means:

(a) For the taxable year commencing on January 1, 1999, and ending December 31, 1999, and for the taxable year commencing on January 1, 2000, and ending December 31, 2000, the combined total of:

(I) Federal adjusted gross income; and

(II) Social security benefits excluded from federal adjusted gross income for the tax year.

(b) For the taxable year commencing on January 1, 2001, and ending December 31, 2001, and for each subsequent taxable year thereafter, the combined total of:

- (I) Federal adjusted gross income;
- (II) Social security benefits excluded from federal adjusted gross income for the tax year; and
- (III) Repealed.
- (IV) The amount of interest income from state and local bonds added to federal taxable income pursuant to section 39-22-104 (3)(b).

(1.7) As used in this section, unless the context otherwise requires:

- (a) "Excess state revenues" has the same meaning as set forth in section 39-22-2002 (3).
- (b) "Identical refund threshold" has the same meaning as set forth in section 39-22-2002 (3.5).

(2) With respect to the taxable year commencing on January 1, 1999, and ending December 31, 1999, and for each subsequent taxable year, there is allowed to each qualified individual a state sales tax refund in an amount specified in subsection (3) of this section to be claimed in the manner specified in subsection (4) of this section if there were excess state revenues for the fiscal year ending in that tax year.

(3) The amount of the refund allowed under this section is as follows:

(a) For a qualified individual filing a single return or for a qualified individual filing a joint return with an individual who is not qualified, the amount of the identical individual sales tax refund calculated pursuant to section 39-22-2002 (2) or (5)(a) if the amount of such identical individual refund is less than or equal to the identical refund threshold;

(b) For any two qualified individuals filing a joint return, double the amount of the identical individual sales tax refund calculated pursuant to section 39-22-2002 (2) or (5)(a) if the amount of such identical individual refund is less than or equal to the identical refund threshold;

(c) For a qualified individual filing a single return or for a qualified individual filing a joint return with an individual who is not qualified, if the amount of the identical individual sales tax refund calculated pursuant to section 39-22-2002 (2) or (5)(a) exceeds the identical refund threshold:

(I) If the qualified individual's adjusted gross income for the tax year is less than or equal to twenty-five thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by twenty-

five percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(II) If the qualified individual's adjusted gross income for the tax year is greater than twenty-five thousand dollars but not more than fifty thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by twenty-three percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(III) If the qualified individual's adjusted gross income for the tax year is greater than fifty thousand dollars but not more than seventy-five thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by nineteen percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(IV) If the qualified individual's adjusted gross income for the tax year is greater than seventy-five thousand dollars but not more than one hundred thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by twelve percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(V) If the qualified individual's adjusted gross income for the tax year is greater than one hundred thousand dollars but not more than one hundred twenty-five thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by six percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(VI) If the qualified individual's adjusted gross income for the tax year is greater than one hundred twenty-five thousand dollars, the refund is an amount equal to the amount of excess state revenues required to be refunded pursuant to subsection (1) of this section, multiplied by fifteen percent, divided by the estimated number of said qualified individuals expected to claim the credit for that taxable year;

(d) For two qualified individuals filing a joint return, if the amount of the identical individual sales tax refund calculated pursuant to section 39-22-2002 (2) or (5)(a) exceeds the identical refund threshold, the amount of the refund is based upon the aggregate adjusted gross income of the qualified individuals and is an amount equal to double the amount of the refund allowed under paragraph (c) of this subsection (3) for such aggregate income amount.

(4) (a) The amount of the refund allowed under subsection (2) of this section for the taxable year commencing January 1, 2000, and ending December 31, 2000, and for each subsequent taxable year, shall be the same as provided in subsection (3) of this section; except that, for each such taxable year, the executive director shall adjust:

(I) The amount of adjusted gross income, to the nearest thousand dollars, for each income classification such that the percentage of all qualified individuals who are expected to claim a refund under each income classification for such taxable year remains the same as the percentage of all qualified individuals who claimed a refund under such income classification for the 1999 tax year; and

(II) The amount of the refund allowed for each income classification such that the percentage of excess state revenues to be refunded to all qualified individuals for such income classification for such taxable year remains the same as the percentage of excess state revenues refunded to all qualified individuals for such income classification for the 1999 tax year.

(b) In calculating income classifications or the amount of refund allowed for a given income classification in accordance with the provisions of this section, the executive director shall use the most recent estimate of general fund revenues for the applicable taxable year prepared by the staff of the legislative council of the general assembly.

(5) (a) (I) A qualified individual as defined in subsection (1)(a)(I) or (1)(a)(III) of this section may claim a refund allowed by this section by filing an income tax return with the department of revenue no later than October 15 of the calendar year following the taxable year for which the refund is being claimed, in compliance with the provisions of this article 22.

(II) Repealed.

(III) The department of revenue shall not allow said refund claimed on any income tax return not filed in compliance with the provisions of this article. In no event shall the refund claimed by a qualified individual as defined in subparagraph (I) or (III) of paragraph (a) of subsection (1) of this section on any income tax return be:

(A) Disallowed if said return is filed on or before October 15 of the calendar year following the tax year for which the refund is being claimed; and

(B) Allowed if said return is filed after October 15 of the calendar year following the tax year for which the refund is being claimed.

(b) A qualified individual as defined in subsection (1)(a)(II) or (1)(a)(IV) of this section may claim a refund allowed by this section by filing an income tax return for the taxable year for which the refund is allowed with the department of revenue no later than October 15 of the calendar year following the tax year for which the refund is being claimed.

(c) (I) Notwithstanding any provision of subsection (5)(b) of this section to the contrary, a qualified individual as defined in subsection (1)(a)(II) or (1)(a)(IV) of this section who claims a property tax or heat or fuel assistance grant pursuant to section 39-31-101 may claim a refund authorized by this section on the assistance grant application form described in section 39-31-102 (2). Claiming a refund on such assistance grant application form is in lieu of claiming the

refund on an income tax return pursuant to subsection (5)(b) of this section. Any refund claimed pursuant to this subsection (5)(c) must be claimed on or before October 15 of the calendar year following the tax year for which the refund is being claimed.

(II) The department of revenue shall not allow a refund authorized by this section that is claimed on an assistance grant application form if:

(A) The assistance grant application form is filed after October 15 of the calendar year following the tax year for which the refund is being claimed; or

(B) The qualified individual has claimed the refund authorized by this section on an income tax form filed in accordance with subsection (5)(b) of this section for the tax year for which the refund is allowed.

(6) Except as otherwise provided in this subsection (6), if the refund allowed under this section exceeds the income taxes otherwise due on the claimant's income, the amount of the refund shall be refunded to the claimant. The claimant may elect to carry forward the amount of the refund not used as an offset against income taxes or as an offset against subsequent years' income tax liability.

(7) In addition to any other penalties allowed by law, any person who claims but is not eligible to claim the refund allowed pursuant to this section shall be subject to the criminal penalties imposed pursuant to section 39-21-118, as applicable.

(8) and (9) Repealed.

(9.5) The provisions of section 39-21-108 (3) apply to the refund allowed pursuant to this part 20 in the same manner as an overpayment of tax.

(10) The department of corrections shall provide in a timely manner the information requested by the department of revenue necessary to identify the persons specified in subsection (1)(b) of this section. The information must be provided in the form requested by the department of revenue. The department of revenue shall maintain the confidentiality of any social security number received pursuant to this subsection (10).

#### ANNOTATION

**Limitation of the sales tax refund to full-year Colorado residents did not violate the privileges and immunities clause, the equal protection clause, or the**

**commerce clause of the U.S. Constitution.**  
Thorpe v. State, 107 P.3d 1064 (Colo. App. 2004).

**39-22-2004. Temporary refund of excess state revenues from all sources - definitions - repeal.**

(1) As used in this section, unless the context otherwise requires:

(a) "Additional excess state revenues" means the total amount of the state revenues in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that the state is required to refund under section 20 (7)(d) of article X of the state constitution, including any amount specified in section 24-77-103.8, and that exceeds the amounts projected to be refunded as required by section 39-3-209, section 39-22-627, or both of said sections for the state fiscal year commencing on July 1, 2021.

(b) (I) "Qualified individual" means a natural person who is at least eighteen years of age as of December 31, 2021, who is a resident of the state for the entire income tax year commencing on January 1, 2021, and, except as provided in subsection (1)(b)(II) of this section, who, on or before June 30, 2022, either files a state income tax return for that income tax year or applies for a grant pursuant to article 31 of this title 39.

(II) "Qualified individual" also means a natural person who is at least eighteen years of age as of December 31, 2021, who is a resident of the state for the entire income tax year commencing on January 1, 2021, and who was granted an extension to file a 2021 income tax return and timely files an income tax return on or before the extended filing date.

(c) "Temporary refund amount" means:

(I) Four hundred dollars for a qualified individual filing a single state income tax return or who applies for a grant pursuant to article 31 of this title 39 and eight hundred dollars for two qualified individuals filing a joint state income tax return or who apply for a grant pursuant to article 31 of this title 39; or

(II) The adjusted amount set by the executive director pursuant to subsection (2)(d) of this section.

(d) "Total excess state revenues" means the total amount of the state revenues projected to be in excess of the limitation of state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that the state is required to refund under section 20 (7)(d) of article X of the state constitution, including any amount specified in section 24-77-103.8, for state fiscal year 2021-22.

(2) (a) If, for the state fiscal year commencing on July 1, 2021, there are additional excess state revenues, then there shall be allowed a refund to each qualified individual of the temporary refund amount.

(b) If the requirements set forth in subsection (2)(a) of this section are met, then no later than September 30, 2022, the department of revenue shall issue to each qualified individual and to each joint filing or grant applicant pair of qualified individuals a reimbursement warrant for the applicable temporary refund amount paid from the general fund; except that, for a qualified individual described in subsection (1)(b)(II) of this section, the department of revenue shall issue a reimbursement warrant pursuant to this subsection (2)(b) no later than January 31, 2023.

(c) On or before August 1, 2022, the executive director shall certify the temporary refund amount. The department of revenue shall issue and mail the refund warrant for the temporary refund amount to the most recent correct mailing address provided by the qualified individual.

(d) (I) If before June 30, 2022, and based on the latest projections updated for actual state revenues received through April 30, 2022, the projected aggregate temporary refund amount based on the refund amounts set forth in subsection (1)(c)(I) of this section plus amounts projected to be refunded pursuant to sections 39-3-209 and 39-22-627 will cause the state to refund less than eighty-five percent of the total excess state revenues pursuant to this section, then the executive director, in consultation with legislative council staff, shall increase the temporary refund amount in a manner that maintains an equal temporary refund for every qualified individual that is doubled for each pair of qualified individuals filing a joint return or applying jointly for a grant pursuant to article 31 of this title 39 so that the aggregate amount refunded pursuant to this section plus amounts projected to be refunded pursuant to sections 39-3-209 and 39-22-627 is approximately equal to eighty-five percent of the total excess state revenues.

(II) If before June 30, 2022, and based on the latest projections updated for actual state revenues received through April 30, 2022, the projected aggregate temporary refund amount based on the refund amounts set forth in subsection (1)(c)(I) of this section plus amounts projected to be refunded pursuant to sections 39-3-209 and 39-22-627 will cause the state to refund more than eighty-seven percent of the total excess state revenues pursuant to this section, then the executive director, in consultation with legislative council staff, may decrease the temporary refund amount to avoid an over-refund, as defined in section 24-77-103.7 (1). If the executive director determines that a decrease to the temporary refund amount set forth in subsection (1)(c)(I) of this section should be made, the executive director shall make the decrease in a manner that maintains an equal temporary refund for every qualified individual that is doubled for each pair of qualified individuals filing a joint return or applying jointly for a grant pursuant to article 31 of this title 39.

(III) Notwithstanding any provision of this subsection (2)(d), the executive director shall adjust the temporary refund amount under this subsection (2)(d) to the nearest fifty dollar increment.

(3) The executive director, in consultation with legislative council staff, shall calculate the aggregate temporary refund amount estimated to be allowed to qualified individuals described in subsection (1)(b)(II) of this section, which amount must be held in reserve to make refunds to those qualified individuals and shall not be refunded pursuant to section 39-22-2002.

(4) The refund of excess state revenues from all sources allowed under this section is a reasonable method of refunding a portion of the excess state revenues required to be refunded in accordance with section 20 (7)(d) of article X of the state constitution.

(5) (a) The refund of excess state revenue from all sources allowed to any qualified individual under this section shall not be reported by the department of revenue as a payment of a refund, credit, or offset of state income taxes to the qualified individual in any information return required to be filed pursuant to federal law.

(b) The refund of excess state revenue from all sources set forth in this section is subject to the provisions under section 39-21-108 for a qualified individual to the extent of any unpaid balance or unpaid debt as set forth in section 39-21-108 (3).

(c) A tax preparer is not liable if the preparer is unable to file a taxpayer's 2021 state income tax return by June 30, 2022, when a taxpayer timely filed, and was granted, a tax extension as long as the tax preparer files the tax return by October 17, 2022.

(6) This section is repealed, effective July 1, 2027.

**Source: L. 2022:** Entire section added, (SB 22-233), ch. 209, p. 1381, § 2, effective May 23.

**39-22-2005. Refund of excess state revenues from all sources - definitions - repeal.**

(1) As used in this section, unless the context otherwise requires:

(a) "Qualified individual" has the same meaning as set forth in section 39-22-2003 (1).

(b) "Remaining excess state revenues" means the total amount of the state revenues for the state fiscal year commencing on July 1, 2022, in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that the state is required to refund under section 20 (7)(d) of article X of the state constitution, including any amount specified in section 24-77-103.8, that exceeds the amounts to be refunded as required by sections 39-22-123.5 (2.8), as enacted by House Bill 23B-1002 in 2023, 39-3-209, and 39-3-210, for the state fiscal year. For the purposes of this section, the executive director shall use the amounts required to be refunded as certified by the state controller pursuant to section 24-77-106.5 and the most recent estimates by legislative council staff of the amounts to be refunded as required by section 39-22-123.5 (2.8), as enacted by House Bill 23B-1002 in 2023, 39-3-209, and 39-3-210.

(2) Notwithstanding sections 39-22-2002 and 39-22-2003, any remaining excess state revenues for the state fiscal year commencing on July 1, 2022, are refunded through an identical payment to qualified individuals. The amount of each refund is equal to the amount of the remaining excess state revenues divided by the number of qualified individuals expected to claim a refund pursuant to section 39-22-2003 for the income tax year commencing on January 1, 2023. This is a refund of excess state revenues from all sources of fiscal year spending.

(3) (a) A qualified individual filing a single return is entitled to one refund under this section and two qualified individuals filing a joint return are entitled to two refunds under this section.

(b) Except as provided in subsection (3)(c) of this section, the executive director shall administer the refund in this section in the same manner as the refund set forth in section 39-22-2003.

(c) No later than ten business days after enactment of Senate Bill 23B-003, enacted in 2023, the executive director shall calculate the amount of the identical individual refund calculated pursuant to subsection (2) of this section. For this recalculation only, the department is not required to notify the executive committee of the legislative council, nor seek review of its recalculations as required in section 39-22-2002 (6).

(4) The refund of excess state revenues from all sources allowed under this section is a reasonable method of refunding a portion of the excess state revenues required to be refunded in accordance with section 20 (7)(d) of article X of the state constitution.

(5) The refund of excess state revenue from all sources allowed to any qualified individual under this section shall not be reported by the department of revenue as a payment of a refund, credit, or offset of state income taxes to the qualified individual in any information return required to be filed pursuant to federal law.

(6) This section is repealed, effective December 31, 2028.

**39-22-2102. Credit against tax - affordable housing developments - legislative declaration.**

(1) For income tax years during the credit period, there shall be allowed to any qualified taxpayer a credit with respect to the income taxes imposed by this article in the amount determined by the authority pursuant to this part 21.

(2) The authority may allocate a credit to an owner of a qualified development by issuing to the owner an allocation certificate. The authority may determine the time at which such allocation certificate is issued. The credit shall be in an amount determined by the authority, subject to the following guidelines:

(a) The credit shall be necessary for the financial feasibility of such development;

(b) Repealed.

(c) All allocations shall be made pursuant to the qualified allocation plan; and

(d) The aggregate sum of credits allocated annually shall not exceed the limits set forth in subsection (7) of this section, except for credits allocated for qualified developments that are located in a county that is designated by the qualified allocation plan having been impacted by a federally declared disaster and solely for the purposes of leveraging state and federally natural disaster funds appropriated for such recovery efforts.

(3) If an owner of a qualified development receiving an allocation of a credit is a partnership, limited liability company, S corporation, or similar pass-through entity, the owner may allocate

the credit among its partners, shareholders, members, or other qualified taxpayers in any manner agreed to by such persons regardless of whether any such persons are deemed a partner for federal income tax purposes. The owner shall certify to the department the amount of credit allocated to each partner, shareholder, member, or other qualified taxpayer. Each partner, shareholder, member, or other qualified taxpayer admitted as a partner, shareholder, member, or other qualified taxpayer of the owner prior to the filing of a tax credit claiming the credit is allowed to claim such amount subject to any restrictions set forth in this part 21.

(4) No credit shall be allocated pursuant to this part 21 unless the qualified development is the subject of a recorded restrictive covenant requiring the development to be maintained and operated as a qualified development, and is in accordance with the accessibility and adaptability requirements of the federal tax credits and Title VIII of the "Civil Rights Act of 1968", as amended by the "Fair Housing Amendments Act of 1988", for a period of fifteen taxable years, or such longer period as may be agreed to between the authority and the owner, beginning with the first taxable year of the credit period unless corrected within the time provided by sec. 42 (h)(6)(J) of the internal revenue code as applicable to the covenant described in this subsection (4).

(5) The authority shall not allocate a credit pursuant to this part 21 unless:

(a) The developer of the proposed qualified development has conducted a public hearing in the community in which the proposed qualified development is located concerning the project for which the allocation has been applied. At such hearing, the developer of the proposed qualified development shall specify the total cost of the project, the estimated present value of the allocation, and the estimated total amount of the allocation. Public comments and other information shall be solicited at the hearing. The hearing shall be recorded by the developer of the proposed qualified development and the developer shall make copies of the recording available to interested parties. The authority shall consider any comments or other information provided at the hearing when ranking an application for a credit pursuant to this section.

(b) The authority has obtained a written commitment approved by a public vote of the governing body of a local government to provide some monetary, in-kind, or other contribution benefitting the qualified development.

(6) The allocated credit amount may be taken against the taxes imposed by this article for each taxable year of the credit period. Any amount of credit that exceeds the tax due for a taxable year may be carried forward as a tax credit against subsequent years' income tax liability up to eleven tax years following the tax year in which the allocation was made and must be applied first to the earliest years possible. Any amount of the credit that is not used shall not be refunded to the taxpayer.

(7) During each calendar year of the period beginning January 1, 2015, and ending December 31, 2031, the authority may allocate a credit, the full amount of which may be claimed

against the taxes imposed by this article 22 for each taxable year of the six-year credit period. The aggregate amount of all credits allocated by the authority in each calendar year of the period beginning January 1, 2015, and ending December 31, 2031, shall not exceed the amount of:

(a) Five million dollars for credits allocated annually beginning on January 1, 2015, and ending December 31, 2019, pursuant to subsection (1) of this section and section 39-22-2105 combined, except for credits allocated in 2015 and 2016 for qualified developments that are located in a county that is designated by the qualified allocation plan as having been impacted by a natural disaster;

(a.5) Ten million dollars for credits allocated annually beginning on January 1, 2020, and ending on December 31, 2031, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(a.7) In addition to the amounts described in subsection (7)(a.5) of this section:

(I) Twenty million dollars for credits allocated in calendar year 2024, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(II) Sixteen million dollars for credits allocated in calendar year 2025, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(III) Twelve million dollars for credits allocated in calendar year 2026, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(IV) Twelve million dollars for credits allocated in calendar year 2027, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(V) Sixteen million dollars for credits allocated in calendar year 2028, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(VI) Twenty million dollars for credits allocated in calendar year 2029, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(VII) Twenty million dollars for credits allocated in calendar year 2030, pursuant to subsection (1) of this section and section 39-22-2105 combined; and

(VIII) Twenty million dollars for credits allocated in calendar year 2031, pursuant to subsection (1) of this section and section 39-22-2105 combined;

(b) Unallocated credits, if any, for the preceding calendar years; and

(c) Any credit recaptured or otherwise returned to the authority in the calendar year.

(7.5) A qualified taxpayer shall not claim a credit allocated as part of the credits available pursuant to subsection (7)(a.7) of this section ratably over the credit period. Instead, such a credit

must be accelerated and the full amount must be claimed against the taxes imposed by this article 22 over the credit period according to the following schedule:

(a) The amount of the credit allocated as part of the credits available pursuant to subsection (7)(a.7) of this section that a qualified taxpayer claims in the first year of the credit period must equal seventy percent of the total amount of that credit that the authority allocates to the qualified taxpayer; and

(b) The amount of the credit allocated as part of the credits available pursuant to subsection (7)(a.7) of this section that a qualified taxpayer claims in the second year through sixth year of the credit period must each year equal six percent of the total amount of that credit that the authority allocates to the qualified taxpayer.

(8) Unless otherwise provided in this part 21 or the context clearly requires otherwise, the authority shall determine eligibility for a credit and allocate credits in accordance with the standards and requirements set forth in section 42 of the internal revenue code; however, any combination of federal and state credits allowed shall be the least amount necessary to ensure the financial feasibility of a qualified development.

(9) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(a) The general legislative purposes of the income tax credit allowed by this section are:

(I) To induce certain designated behavior by taxpayers; and

(II) To provide tax relief for certain businesses or individuals;

(b) The specific legislative purpose of the income tax credit allowed by this section is to address the shortage of affordable housing in the state and increase access to affordable housing by encouraging developers to build units specifically restricted for residents with incomes below the area median income and also to encourage private sector investment into the development and preservation of affordable housing; and

(c) In order to allow the general assembly and the state auditor to measure the effectiveness of achieving the purposes specified in subsections (9)(a) and (9)(b) of this section, the Colorado housing and finance authority is required to provide the annual report detailed in section 39-22-2108 to the general assembly and the Colorado state auditor.

### **39-22-2103. Recapture.**

(1) As of the last day of any taxable year during the compliance period, if the amount of the qualified basis of a qualified development with respect to a taxpayer is less than the amount of the qualified basis as of the last day of the prior taxable year, then the amount of the taxpayer's state income tax liability for that taxable year shall be increased by the credit recapture amount.

(2) For purposes of subsection (1) of this section, the credit recapture amount is an amount equal to the aggregate decrease in the credit allowed to the taxpayer pursuant to this part 21 for all prior taxable years that would have resulted if the accelerated portion of the credit allowable by reason of this part 21 were not allowed for all prior taxable years with respect to the reduced amount of qualified basis described in subsection (1) of this section.

(3) For purposes of subsection (2) of this section, the accelerated portion of the credit for the prior taxable years with respect to any amount of qualified basis is the difference between:

(a) The aggregate credit allowed pursuant to this part 21, notwithstanding this subsection (3), for the years with respect to such qualified basis; and

(b) The aggregate credit that would be allowable pursuant to this part 21 for such years with respect to the qualified basis if the aggregate credit that would have been allowable, but for this subsection (3), for the entire compliance period were allowable ratably over fifteen years.

(4) In the event that recapture of any credit is required in any tax year, the return submitted for that tax year to the department shall include the proportion of credit required to be recaptured, the identity of each taxpayer subject to the recapture, and the amount of credit previously allocated to such taxpayer.

#### **39-22-2104. Filing requirements.**

An owner of a qualified development to which a credit has been allocated and each qualified taxpayer to which such owner has allocated a portion of said credit, if any, shall file with their state income tax return a copy of the allocation certificate issued by the authority with respect to such development and a copy of the owner's certification to the department as to the allocation of the credit among the qualified taxpayers having ownership interests in such development.

**Source: L. 2000:** Entire part added, p. 879, § 1, effective August 2.

#### **39-22-2105. Parallel credits - insurance premium taxes.**

(1) Any taxpayer who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128 and who is therefore exempt from the payment of income tax and who is otherwise eligible to claim a credit pursuant to this part 21 may claim such credit and carry such credit forward against such insurance premium tax on its calendar quarter estimated tax payments made in accordance with section 10-3-209 to the same extent as the taxpayer would have been able to claim or carry forward such credit or refund against income tax. All other provisions of this part 21 with respect to the credit, including the amount, allocation, and recapture of the credit and the years for which the credit may be claimed shall apply to a credit claimed pursuant to this section.

(2) For purposes of administering this section, any reference in this article to "income tax year" means calendar year.

#### **39-22-2106. Rules.**

The authority and the executive director of the department, in consultation with each other, shall promulgate rules necessary for their respective administration of this part 21. Rules of the executive director of the department shall be promulgated in accordance with article 4 of title 24, C.R.S. Rules of the authority shall be adopted pursuant to section 29-4-708, C.R.S.

**Source: L. 2000:** Entire part added, p. 879, § 1, effective August 2.

**39-22-2107. Compliance monitoring.**

The authority, in consultation with the department, shall monitor and oversee compliance with the provisions of this part 21 and shall report specific occurrences of noncompliance to the department.

**Source: L. 2000:** Entire part added, p. 879, § 1, effective August 2.

**39-22-2108. Report to the general assembly.**

(1) For each allocation year, the authority shall, by December 31 of that year, provide a written report to the general assembly and shall further make the report available to the public. With respect to allocated state affordable housing tax credits under section 39-22-2102, the report must:

(a) Specify the number of qualified developments that have been allocated such tax credits during the allocation year and the total number of units supported by each development;

(b) Describe each qualified development that has been allocated such credits including, without limitation, the geographic location of the development, the household type and any specific demographic information available about residents intended to be served by the development, the income levels intended to be served by the development, and the rents or set-asides authorized for each development; and

(c) Provide housing market and demographic information that demonstrates how the qualified developments supported by the tax credits are addressing the need for affordable housing within the communities they are intended to serve as well as information about any remaining disparities in the affordability of housing within those communities.

## PART 22

### PET OVERPOPULATION FUND VOLUNTARY CONTRIBUTION

**Editor's note:** (1) This part 22 was repealed in 2004 and was subsequently recreated and reenacted in 2004, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 22 prior to 2004, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Prior to this part 22 being recreated and reenacted, § 39-22-2203 (1) provided for the repeal of this part 22, effective January 1, 2004. (See L. 2001, p. 1056.)

#### **39-22-2201. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2010, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the taxpayer wishes to make to the pet overpopulation fund created in section 42-3-234 (7)(f).

**Source:** **L. 2004:** Entire part RC&RE, p. 1894, § 3, effective June 4. **L. 2007:** Entire section amended, p. 361, § 1, effective August 3. **L. 2010:** Entire section amended, (SB 10-172), ch. 186, p. 671, § 3, effective August 11. **L. 2020:** Entire section amended, (SB 20-208), ch. 243, p. 1169, § 6, effective September 14. **L. 2026:** Entire section amended, (HB 26-1183), ch. 203, p. 1163, § 13, effective August 12.

#### **39-22-2202. Contributions credited to the fund - administration - transfer.**

The department of revenue shall determine annually the total amount designated pursuant to section 39-22-2201 and shall report the amount to the state treasurer, who shall credit such amount to the pet overpopulation fund created in section 42-3-234 (7)(f). The general assembly shall appropriate annually from the pet overpopulation fund to the department the department's costs of administering the money designated as contributions to the fund. After subtracting the appropriation to the department, all designated money in the fund is continuously appropriated for the purposes of this part 22. At the end of each state fiscal year, the state treasurer shall transfer all designated money in the fund and all interest earned through the investment of fund money, after subtracting the appropriation to the department, as specified in section 42-3-234 (7)(f)(II).

### COURT-APPOINTED SPECIAL ADVOCATES VOLUNTARY CONTRIBUTION

**39-22-2301 to 39-22-2304. (Repealed)**

**Editor's note:** (1) This part 23 was added in 2002. For amendments to this part 23 prior to its repeal in 2009, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 39-22-2304 provided for the repeal of this part 23, effective January 1, 2009. (See L. 2005, p. 966.)

## PART 24

### COLORADO HEALTHY RIVERS FUND VOLUNTARY CONTRIBUTION

**39-22-2401. Legislative declaration.**

The general assembly hereby finds and declares that the natural heritage and quality of life in Colorado are of fundamental importance to the citizens of the state, and the protection of this

natural heritage and quality of life are essential to sustainable economic development in the state. The general assembly further finds and declares that locally based watershed groups have emerged around the state over the past decade that are committed to collaborative approaches to the restoration and protection of lands and natural resources within Colorado's watersheds in concert with economic development. The general assembly recognizes that the Colorado watershed assembly, a nonprofit corporation, serves as a state-level umbrella organization for such local groups. The general assembly further recognizes that the citizens of Colorado may be willing to provide funds to assist in the restoration and protection of lands and natural resources within watersheds in the state. It is therefore the intent of the general assembly enacting this part 24 to provide Colorado citizens the opportunity to support local watershed efforts by allowing citizens to make a voluntary contribution on their state income tax returns for such purpose.

**Source: L. 2002:** Entire part added, p. 1096, § 1, effective August 7.

#### **39-22-2402. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2016, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the individual wishes to make to the Colorado healthy rivers fund created in section 39-22-2403.

**Source: L. 2002:** Entire part added, p. 1097, § 1, effective August 7. **L. 2005:** Entire section amended, p. 666, § 1, effective June 1. **L. 2008:** Entire section amended, p. 1548, § 1, effective August 5. **L. 2011:** Entire section amended, (HB 11-1177), ch. 50, p. 131, § 1, effective August 10. **L. 2015:** Entire section amended, (HB 15-1252), ch. 303, p. 1247, § 1, effective August 5. **L. 2016:** Entire section amended, (HB 16-1297), ch. 92, p. 258, § 2, effective April 14. **L. 2021:** Entire section amended, (SB 21-145), ch. 53, p. 223, § 2, effective September 7.

#### **39-22-2403. Contributions credited to Colorado healthy rivers fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-2402 and shall report such amount to the state treasurer and to the general assembly. The state treasurer shall credit such amount to the Colorado healthy rivers fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) (a) The general assembly shall appropriate annually from the Colorado healthy rivers fund to the department of revenue its costs of administering money designated as contributions to the fund.

(b) All money remaining in the fund at the end of a fiscal year, after subtracting the appropriation to the department, shall be transferred to the Colorado water conservation board in the department of natural resources. Two designees of the board, in cooperation with two designees of the water quality control commission in the department of public health and environment and upon consultation with the Colorado watershed assembly, shall administer the money in accordance with subsection (3) of this section. Money in the fund may be used to cover all reasonable costs incurred in administering the fund. The money transferred to the Colorado water conservation board pursuant to this subsection (2)(b) is continuously appropriated to the board for the purposes specified in subsection (3) of this section.

(3) The water quality control commission and the Colorado water conservation board shall use the moneys transferred pursuant to subsection (2) of this section to award grants, on a competitive basis and in a manner to be determined jointly by such commission and board, to any qualified resident of Colorado to work toward the restoration and protection of land and natural resources within watersheds in Colorado. Qualifications for such grants shall be determined jointly by the commission and the board in cooperation with the Colorado watershed assembly.

(4) Moneys granted pursuant to subsection (3) of this section shall not be used for lobbying or for any other political purpose, the costs of litigation, or to remove any diversion or improvement structure.

**39-22-2902. Contributions credited to the Alzheimer's Association fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-2901 and shall report such amount to the state treasurer and to the general assembly. The state treasurer shall credit such amount to the Alzheimer's Association fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the Alzheimer's Association fund to the department of revenue its costs of administering moneys designated as contributions to the fund. All moneys remaining in the fund at the end of a fiscal year, after subtracting the appropriation to the department, shall be transferred to the Alzheimer's Association Colorado chapter, a Colorado nonprofit agency. The Alzheimer's Association Colorado chapter shall administer such moneys in furtherance of the work of the association in providing family support services and caregiver education.

## PART 33

### COLORADO CANCER FUND VOLUNTARY CONTRIBUTION

#### **39-22-3301. Legislative declaration.**

(1) The general assembly hereby finds and declares that the eradication of all cancers is essential to the quality of life of Coloradans. The general assembly recognizes that the mission of the Colorado Cancer Coalition is to bring together and coordinate cancer prevention, early detection, treatment support, and research efforts to improve the quality of life of every person in Colorado.

(2) The general assembly further finds and declares that the Colorado Cancer Coalition is a network of organizations and individuals that provide leadership and coordination of services for cancer patients and their families. The general assembly further finds and declares that the coalition serves as a catalyst for cancer prevention and control activities throughout the state. The general assembly further recognizes that the coalition partners with many organizations that strive to ensure that adequate prevention, early detection, treatment, and survivorship care are available and accessible to all Coloradans.

(3) The general assembly further finds and declares that cancer affects not only those who are diagnosed but also their families, friends, communities, and places of work. Education, awareness, and personal advocacy are essential to the eradication of all cancers. The general assembly further finds and declares that the Colorado Cancer Coalition strives to achieve the goals and objectives set forth in the coalition's Colorado cancer plan throughout the state, which are integral in addressing the needs of cancer patients, survivors, and health-care providers.

(4) In order to assist the Colorado Cancer Coalition in fulfilling its mission, the general assembly recognizes that the citizens of Colorado may be willing to provide moneys to assist in the coalition's education, personal advocacy, treatment, and health promotion efforts. The general assembly further recognizes that the Colorado cancer fund advisory board, consisting of appropriate members and partners of the Colorado Cancer Coalition, will be established to ensure moneys are distributed in a fair and equitable manner. It is therefore the intent of the general assembly to provide Colorado citizens the opportunity to support the efforts of the Colorado Cancer Coalition and its partners by allowing citizens to make a voluntary contribution on their state income tax returns for such purpose.

**39-22-3302. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2016, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the individual wishes to make to the Colorado cancer fund created in section 39-22-3303.

**Source: L. 2007:** Entire part added, p. 1501, § 1, effective September 1. **L. 2010:** Entire section amended, (SB 10-172), ch. 186, p. 672, § 5, effective August 11. **L. 2012:** Entire part amended, (HB 12-1104), ch. 63, p. 225, § 1, effective August 8. **L. 2016:** Entire section amended, (HB 16-1297), ch. 92, p. 259, § 8, effective April 14. **L. 2021:** Entire section amended, (SB 21-145), ch. 53, p. 224, § 8, effective September 7.

**39-22-3303. Contributions credited to the Colorado cancer fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-3302 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the Colorado cancer fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the Colorado cancer fund to the department of revenue its costs of administering moneys designated as contributions to the fund. All moneys remaining in the fund at the end of a fiscal year, after subtracting the appropriation to the department, shall be transferred to the Colorado Cancer Coalition, an organization under the direction of the Colorado Foundation for Public Health and the Environment, a Colorado nonprofit organization. The coalition shall administer the moneys in furtherance of its work on behalf of the cancer community.

### **PART 34**

#### **9HEALTH FAIR VOLUNTARY CONTRIBUTION**

#### **39-22-3401 to 39-22-3404. (Repealed)**

**Editor's note:** (1) This part 34 was added in 2008. For amendments to this part 34 prior to its repeal in 2020, consult the 2019 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 39-22-3404 provided for the repeal of this part 34, effective January 1 of the sixth income tax year following the year in which the executive director files written certification with the revisor of statutes as specified in section 39-22-1001 (8) that a line has become available and the 9Health Fair fund voluntary contribution is next in the queue. (See L. 2012, p. 406.) The executive director filed the certification on November 1, 2014, so this part 34 is repealed, effective January 1, 2020.

### **PART 35**

#### **ADULT STEM CELLS CURE FUND VOLUNTARY CONTRIBUTION**

#### **39-22-3501 to 39-22-3503. (Repealed)**

**Editor's note:** (1) This part 35 was added in 2008. For amendments to this part 35 prior to its repeal in 2017, consult the 2016 Colorado Revised Statutes and the Colorado statutory research explanatory note on page vii in the front of this volume.

(2) Section 39-22-3503 provided for the repeal of this part 35, effective January 1, 2017. (See L. 2011, p. 1336.)

## PART 36

### MAKE-A-WISH FOUNDATION OF COLORADO VOLUNTARY CONTRIBUTION

#### **39-22-3601. Legislative declaration.**

(1) The general assembly hereby finds and declares that the Make-A-Wish Foundation of Colorado, a nonprofit entity, grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength, and joy. The general assembly further finds that the Make-A-Wish Foundation of Colorado will consider the wish of any child diagnosed with a life-threatening medical condition who is between the ages of two and a half and eighteen and lives anywhere in the state. The general assembly further finds that the Make-A-Wish Foundation of Colorado uses volunteers who meet with an eligible child and his or her family to determine the child's truest wish, and the entire family participates in the child's wish. The general assembly further finds that a child's wish provides joy, respite, and family healing and provides relief from the child's illness. The general assembly further finds that the happiness the Make-A-Wish Foundation of Colorado provides by granting wishes gets whole families out of hospitals and offers them a time of fun and togetherness. The general assembly further finds that the average cost of granting a wish is six thousand dollars, although some wishes cost much less, and some cost much more, and the Make-A-Wish Foundation of Colorado relies on in-kind gifts and donations from individuals, groups, and corporations as well as the generous donation of time from many volunteers.

(2) In order to assist the Make-A-Wish Foundation of Colorado in fulfilling its mission, the general assembly recognizes that many citizens of Colorado may be willing to provide moneys to assist in the Make-A-Wish Foundation of Colorado's efforts. It is therefore the intent of the general assembly to provide Colorado citizens the opportunity to support the efforts of the Make-A-Wish Foundation of Colorado by allowing citizens to make a voluntary contribution on their state income tax returns for such purpose.

**39-22-3603. Contributions credited to the Make-A-Wish Foundation of Colorado fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-3602 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the Make-A-Wish Foundation of Colorado fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the Make-A-Wish Foundation of Colorado fund to the department of revenue its costs of administering moneys designated as contributions to the fund. All moneys remaining in the fund at the end of a fiscal year, after subtracting the appropriation to the department, shall be transferred to the Make-A-Wish Foundation of Colorado, a Colorado nonprofit organization.

#### **39-22-3701 to 39-22-3704. (Repealed)**

**Editor's note:** (1) This part 37 was added in 2010 and was not amended prior to its repeal in 2021. For the text of this part 37 prior to 2021, consult the 2020 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 39-22-3704 provided for the repeal of this part 37, effective January 1, 2021. (See L. 2010, p. 1604.)

## PART 38

### UNWANTED HORSE FUND VOLUNTARY CONTRIBUTION

#### **39-22-3801. Legislative declaration.**

- (1) The general assembly hereby finds and declares that:
  - (a) Horses are a cherished part of our western heritage and an important aspect of Colorado's culture and economy;
  - (b) Colorado is facing a growing threat of an increasing number of unwanted horses;
  - (c) Approximately six thousand horses become unwanted in Colorado each year;
  - (d) Most of Colorado's horse rescue facilities are operating at capacity and, as such, their ability to care for additional unwanted horses is limited;
  - (e) Documented incidences of horse abuse and neglect are rising; and

(f) The Colorado unwanted horse alliance, a registered nonprofit organization pursuant to section 501 (c)(3) of the internal revenue code, exists to help find solutions to the problem.

(2) In order to assist the Colorado unwanted horse alliance in fulfilling its mission, the general assembly recognizes that many citizens of Colorado may be willing to provide moneys to assist in its efforts. It is therefore the intent of the general assembly to provide Coloradans the opportunity to support the efforts of the Colorado unwanted horse alliance by allowing citizens to make a voluntary contribution on their state income tax returns to the unwanted horse fund for such purpose.

**Source: L. 2010:** Entire part added, (SB 10-139), ch. 305, p. 1440, § 1, effective August 11.

### **39-22-3802. Voluntary contribution designation - procedure.**

For income tax years commencing on or after January 1, 2016, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the individual wishes to make to the unwanted horse fund created in section 39-22-3803 (1).

### **39-22-3803. Contributions credited to the unwanted horse fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-3802 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the unwanted horse fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the unwanted horse fund to the department of revenue its costs of administering moneys designated as contributions to the fund. All moneys remaining in the fund at the end of the fiscal year, after subtracting the appropriation to the department, shall be transferred to the Colorado unwanted horse alliance, a registered nonprofit organization pursuant to section 501 (c)(3) of the internal revenue code.

## PART 43

### AMERICAN RED CROSS COLORADO DISASTER RESPONSE, READINESS, AND PREPAREDNESS FUND VOLUNTARY CONTRIBUTION

#### **39-22-4301. Legislative declaration.**

- (1) The general assembly hereby finds, determines, and declares that:
  - (a) The American Red Cross is a humanitarian organization that brings together well-trained and dedicated volunteers and paid staff to help prevent, prepare for, and respond to emergencies;
  - (b) The American Red Cross:
    - (I) Helps military families deliver messages to their loved ones serving our nation in foreign countries; and
    - (II) Has been instrumental in assisting victims of disasters around the world, including fires, floods, earthquakes, wars, and hurricanes;
  - (c) Under the leadership of the American Red Cross, thousands of volunteers stand ready to assist those displaced by disaster, wherever and whenever it may strike;
  - (d) In Colorado, the American Red Cross has trained tens of thousands of citizens in first aid, cardiopulmonary resuscitation, water safety, and other life-saving techniques; and

- (e) In the 2011 fiscal year alone, the American Red Cross Colorado Chapters:
- (I) Responded to more than four hundred disasters;
  - (II) Assisted nearly eight hundred families affected by disaster;
  - (III) Assisted more than five thousand members of the United States armed forces via emergency communications and other services;
  - (IV) Trained more than ninety-eight thousand individuals in cardiopulmonary resuscitation, first aid, and other health and safety techniques;
  - (V) Gave preparedness presentations at events attended by more than thirty thousand individuals; and
  - (VI) Relied on more than three thousand volunteers to fulfill the American Red Cross mission.
- (2) In order to assist the American Red Cross Colorado Chapters in fulfilling the mission of the American Red Cross, the general assembly recognizes that many citizens of Colorado may be willing to provide moneys to assist in its efforts. It is therefore the intent of the general assembly to provide Coloradans the opportunity to support the efforts of the American Red Cross Colorado Chapters by allowing citizens to make a voluntary contribution on their state income tax return form to the American Red Cross Colorado disaster response, readiness, and preparedness fund for such a purpose.

**Source: L. 2012:** Entire part added, (HB 12-1006), ch. 142, p. 513, § 1, effective August 8.

**39-22-4302. Voluntary contribution designation - procedure - effective date.**

For income tax years commencing on or after January 1, 2019, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the amount of the contribution, if any, the taxpayer wishes to make to the American Red Cross Colorado disaster response, readiness, and preparedness fund created in section 39-22-4303 (1).

**Source: L. 2012:** Entire part added, (HB 12-1006), ch. 142, p. 514, § 1, effective August 8. **L. 2020:** Entire section amended, (SB 20-208), ch. 243, p. 1169, § 8, effective September 14.

**39-22-4303. Contributions credited to the American Red Cross Colorado disaster response, readiness, and preparedness fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-4302 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the American Red Cross Colorado disaster response, readiness, and preparedness fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the American Red Cross Colorado disaster response, readiness, and preparedness fund to the department of revenue its costs of administering moneys designated as contributions to the fund. All moneys remaining in the fund at the end of the fiscal year, after subtracting the appropriation to the department, shall be transferred to the American Red Cross Colorado Chapters.

**PART 45**

**HABITAT FOR HUMANITY OF COLORADO VOLUNTARY CONTRIBUTION**

**39-22-4501. Legislative declaration.**

(1) The general assembly hereby finds, determines, and declares that:

(a) Habitat for Humanity is an organization that welcomes all people, regardless of race, religion, ethnicity, or any other difference, to build and repair simple, decent, affordable houses for those who lack adequate shelter; and

(b) Habitat for Humanity of Colorado supports organization affiliates across the state that provide home ownership to low-income families that commit to a partnership that includes sweat equity, financial training, and a no-interest mortgage.

(2) In order to assist Habitat for Humanity of Colorado in fulfilling the mission of Habitat for Humanity, the general assembly recognizes that many citizens of Colorado may be willing to provide moneys to assist in its efforts. It is therefore the intent of the general assembly to provide Coloradans the opportunity to support the efforts of Habitat for Humanity of Colorado by allowing citizens to make a voluntary contribution on their state income tax return form to the Habitat for Humanity of Colorado fund for that purpose.

**Source: L. 2013:** Entire part added, (SB 13-029), ch. 45, p. 122, § 1, effective August 7.

**39-22-4502. Voluntary contribution designation - procedure - effective date.**

For income tax years commencing on or after January 1, 2019, the Colorado state individual income tax return form must contain a line whereby each individual taxpayer may designate the

amount of the contribution, if any, the taxpayer wishes to make to the Habitat for Humanity of Colorado fund created in section 39-22-4503 (1).

**39-22-4503. Contributions credited to the Habitat for Humanity of Colorado fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-4502 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the Habitat for Humanity of Colorado fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the Habitat for Humanity of Colorado fund to the department of revenue its costs of administering moneys designated as contributions to the fund. After subtracting the appropriation to the department, the state treasurer shall transfer all moneys remaining in the fund at the end of the fiscal year to Habitat for Humanity of Colorado, a Colorado nonprofit organization.

## PART 47

### FIRST-TIME HOME BUYER SAVINGS ACCOUNT

**Law reviews:** For article, "Innovative Housing Solutions: Lessons from Across the Country", see 48 Colo. Law. 42 (Nov. 2019).

**39-22-4701. Short title.**

The short title of this part 47 is the "First-time Home Buyer Savings Account Act".

**Source: L. 2016:** Entire part added, (HB 16-1467), ch. 321, p. 1302, § 2, effective August 10.

**39-22-4702. Legislative declaration.**

The general assembly declares that the purpose for allowing taxable income to be reduced by earnings from a first-time home buyer savings account is to encourage first-time home

ownership through incentivizing saving for a down payment and closing costs because of the significant financial and civic benefits home ownership provides for our state.

**Source: L. 2016:** Entire part added, (HB 16-1467), ch. 321, p. 1302, § 2, effective August 10.

### **39-22-4703. Definitions.**

As used in this part 47, unless the context otherwise requires:

(1) "Account holder" means an individual who establishes an account with a financial institution that is designated as a first-time home buyer savings account in accordance with section 39-22-4704.

(2) "Department" means the department of revenue.

(3) "Eligible expenses" means a down payment and any closing costs included on a real estate settlement statement, including, but not limited to, appraisal fees, mortgage origination fees, and inspection fees.

(4) "Financial institution" means any state bank, state trust company, savings and loan association, federally chartered credit union doing business in Colorado, credit union chartered by the state of Colorado, national bank, broker-dealer, mutual fund, insurance company, or other similar financial entity qualified to do business in the state of Colorado.

(5) "First-time home buyer" means an individual who:

(a) Has never owned or purchased under contract for deed, either individually or jointly, a single-family, owner-occupied primary residence, including, but not limited to, a condominium unit or a manufactured or mobile home that is assessed and taxed as real property; or

(b) As a result of the individual's dissolution of marriage, has not been listed on a property title for at least three consecutive years or more.

(6) "First-time home buyer savings account" or "account" means an account with a financial institution designated as such in accordance with section 39-22-4704 (1).

(7) "Qualified beneficiary" means a first-time home buyer designated by an account holder for whom the money in a first-time home buyer savings account is or will be used for eligible expenses for the purchase of his or her primary residence in the state.

**Source: L. 2016:** Entire part added, (HB 16-1467), ch. 321, p. 1302, § 2, effective August 10.

### **39-22-4704. First-time home buyer savings account.**

(1) Beginning January 1, 2017, and prior to January 1, 2025, any individual may open an account with a financial institution and designate the account, in its entirety, as a first-time home buyer savings account to be used to pay or reimburse a qualified beneficiary's eligible expenses for the purchase of a primary residence in Colorado. An individual may be the account holder of multiple accounts, and an individual may jointly own the account with another person if they file a joint income tax return. To be eligible for the subtraction under section 39-22-104 (4)(w)(I), an account holder must comply with the requirements of this section.

(2) An account holder must designate, no later than April 15 of the year following the taxable year during which the account is established, a first-time home buyer as the qualified beneficiary of the first-time home buyer savings account. The account holder may designate himself or herself as the qualified beneficiary. The account holder may change the designated qualified beneficiary at any time, but there may not be more than one qualified beneficiary at any time. An account holder cannot have multiple accounts with the same qualified beneficiary, but an individual may be designated as the qualified beneficiary of multiple accounts.

(3) (a) The following limits apply to a first-time home buyer savings account:

(I) The maximum contribution to a first-time home buyer savings account for a taxable year is fourteen thousand dollars for an individual and twenty-eight thousand dollars for account holders who file a joint return;

(II) The maximum amount of all contributions for all taxable years to a first-time home buyer savings account is fifty thousand dollars; and

(III) The maximum total amount in an account is one hundred fifty thousand dollars.

(b) If a limit in paragraph (a) of this subsection (3) is exceeded, then thereafter no interest or other income earned on the investment of money in a first-time home buyer savings account may be subtracted from taxable income under section 39-22-104 (4)(w)(I).

(c) Money may remain in a first-time home buyer savings account for unlimited duration without the interest or income being subject to recapture or penalty.

(4) The account holder shall not use money in an account to pay expenses of administering the account; except that a service fee may be deducted from the account by a financial institution. The account holder is responsible for maintaining documentation for the first-time home buyer savings account and for eligible expenses related to the qualified beneficiary's purchase of his or her primary residence.

**Source: L. 2016:** Entire part added, (HB 16-1467), ch. 321, p. 1303, § 2, effective August 10.  
**L. 2024:** (1) amended, (HB 24-1036), ch. 373, p. 2532, § 24, effective August 7.

**Cross references:** For the legislative declaration in HB 24-1036, see section 1 of chapter 373, Session Laws of Colorado 2024.

**39-22-4705. Eligible expenses - penalties for other uses.**

(1) (a) For purposes of the income tax benefit conferred under this part 47, the money in a first-time home buyer savings account may be:

(I) Used for eligible expenses related to a qualified beneficiary's purchase of his or her primary residence in the state;

(II) Used for eligible expenses related to a qualified beneficiary's purchase of his or her primary residence in or outside the state, if the qualified beneficiary is active-duty military and was stationed in Colorado for any time after the creation of the account;

(III) Used for expenses that would have qualified under subparagraph (I) or (II) of this paragraph (a), but the contract for purchase did not close;

(IV) Transferred to another newly created first-time home buyer savings account; or

(V) Used to pay a service fee that is deducted by the financial institution.

(b) Paragraph (a) of this subsection (1) applies regardless of whether the qualified beneficiary is the sole owner of the primary residence or joint owner with another person who does not qualify as qualified beneficiary. The money in a first-time home buyer account may not be used for the purposes in subparagraphs (I), (II), and (III) of paragraph (a) of this subsection (1) related to the purchase of a manufactured or mobile home that is not taxed as real property.

(2) Money withdrawn from a first-time home buyer savings account is subject to recapture in the taxable year in which it is withdrawn based on a proportion from the account subtracted under section 39-22-104 (4)(w)(I) to the total amount in the account, if:

(a) At the time of the withdrawal, it has been less than a year since the first deposit in the first-time home buyer savings account; or

(b) The money is used for any purpose other than those specified in subsection (1) of this section.

(3) If any money is subject to recapture under paragraph (b) of subsection (2) of this section, the account holder shall pay to the department a penalty in the same taxable year as the

recapture. If the withdrawal was made ten or fewer years after the first deposit in the first-time home buyer savings account, then the penalty is equal to five percent of the amount subject to recapture, and if the withdrawal was made more than ten years after the first deposit in the account, then the penalty is equal to ten percent of the amount subject to recapture. But these penalties do not apply if:

(a) The money is used for eligible expenses related to a qualified beneficiary's purchase of his or her primary residence outside of the state; or

(b) The money is from a first-time home buyer savings account for which the qualified beneficiary dies and the account holder does not designate a new qualified beneficiary during the same taxable year.

(4) If the account holder or, if the first-time home buyer savings account is jointly owned, account holders die, then all of the money in the account that was subtracted from taxable income is subject to recapture in the taxable year of the death or deaths, but no penalty is due to the department.

### **39-22-4706. Forms.**

The department shall establish forms for an account holder to annually report information about a first-time home buyer savings account, including, but not limited to, how the money from the fund is used, and identify any supporting documentation that is required to be maintained. To be eligible for the subtraction in section 39-22-104 (4)(w), an account holder must annually file with his or her state income tax return the completed form, the form 1099 for the account issued by the financial institution, and any other supporting documentation the department requires.

**Source: L. 2016:** Entire part added, (HB 16-1467), ch. 321, p. 1305, § 2, effective August 10.

### **39-22-4707. Financial institutions.**

(1) A financial institution is not required to:

(a) Designate an account as a first-time home buyer savings account, or designate the beneficiaries of an account, in the financial institution's account contracts or systems or in any other way;

- (b) Track the use of money withdrawn from a first-time home buyer savings account; or
  - (c) Report any information to the department or any other governmental agency that is not otherwise required by law.
- (2) A financial institution is not responsible or liable for:
- (a) Determining or ensuring that an account holder is eligible for a subtraction under section 39-22-104 (4)(w)(I);
  - (b) Determining or ensuring that money in the account is used for an eligible expense; or
  - (c) Reporting or remitting taxes or penalties related to use of money in a first-time home buyer savings account.
- (3) In implementing this part 47 and section 39-22-104 (3)(k) and (4)(w), the department shall not establish any administrative, reporting, or other requirements on financial institutions that are outside the scope of normal account procedures.

Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 39-22-5004 provided for the repeal of this part 50, effective January 1 of the sixth income tax year following the year in which the executive director files written certification with the revisor of statutes as specified in § 39-22-1001 (8) that a line has become available and the Young Americans Center for Financial Education fund voluntary contribution is next in the queue. (See L. 2018, p. 1345.) The executive director filed the certification on November 1, 2018, so this part 50 is repealed, effective January 1, 2024.

**39-22-5001 to 39-22-5004. (Repealed)**

**PART 51**

**DONATE TO A COLORADO NONPROFIT FUND VOLUNTARY  
CONTRIBUTION**

**39-22-5101. Legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) The program allowing taxpayers to make donations to charitable organizations through their Colorado state individual income tax return forms, commonly known as the "tax check-off program", has been a groundbreaking and profoundly important effort that has touched countless lives in myriad ways;

(b) Colorado's tax check-off program, which was the first of its kind in the country, was established in 1977 and has resulted in over thirty million dollars contributed to benefit the public through the work of Colorado nonprofit entities, inspiring similar programs in almost every state in the country;

(c) In fiscal year 2017, Colorado taxpayers received over one billion dollars in income tax refunds. The average refund was approximately five hundred sixty dollars.

(d) Between January 1, 2017, and November 1, 2017, Coloradans gave over one million seven hundred thousand dollars to support programs through the voluntary contribution options on their individual income tax return forms;

(e) Increasing the number of charitable organizations that taxpayers may designate on their tax forms can expand charitable giving throughout the state;

(f) Charitable organizations help contribute to vibrant communities across the state;

(g) Allowing Colorado taxpayers to designate a registered charitable organization of their choosing through a write-in line on the individual income tax return form will allow charities to raise additional funds earlier in the year, and will increase choices for taxpayers who wish to donate all or part of their tax refunds; and

(h) A program allowing the designation of a registered charitable organization of a taxpayer's choosing through a write-in line on the individual income tax return form would also be the first of its kind in the country.

(2) It is the intent of the general assembly to provide Coloradans the opportunity to designate contributions to registered charitable organizations of their choosing by establishing the donate to a Colorado nonprofit fund, allowing taxpayers to make voluntary contributions from their tax refunds on their income tax return forms. The general assembly further intends that this process be efficient and convenient for taxpayers, nonprofits, and the department of revenue and therefore encourages the department and the secretary of state to use digital resources and formats that increase efficiency and reduce the risk of errors in implementing the fund.

**Source: L. 2018:** Entire part added, (SB 18-141), ch. 290, p. 1787, § 1, effective August 8.

**39-22-5102. Voluntary contribution designation - procedure - effective date.**

(1) (a) The executive director shall ensure that the Colorado state individual income tax return form contains a line for the donate to a Colorado nonprofit fund in the first income tax year:

(I) In which the department has received, on or before August 15, sufficient funds to implement this part 51 from gifts, grants, and donations, pursuant to section 39-22-5105;

(II) That begins on or after January 1, 2019; and

(III) That begins after the year in which the executive director files written certification with the revisor of statutes as specified in section 39-22-1001 (8) that a line on the income tax return form has become available and the donate to a Colorado nonprofit fund, created in section 39-22-5104, is next in the queue established pursuant to section 39-22-1001 (8).

(b) The executive director shall ensure that the line for the donate to a Colorado nonprofit fund appears on the form in each tax year after the year it is added pursuant to subsection (1)(a) of this section. The line must allow each individual taxpayer to designate the amount of the contribution, if any, and the name and such identifying information as the department of revenue may require of a single charitable organization from the list of eligible charitable organizations provided under section 39-22-5103 to receive the contribution.

(2) If a line on the individual income tax return form becomes available before the requirements of subsection (1)(a) of this section are met and the donate to a Colorado nonprofit fund is next in the queue established pursuant to section 39-22-1001 (8), the executive director shall file the written certification as specified in section 39-22-1001 (8) and shall ensure that the line on the form is reserved for the donate to a Colorado nonprofit fund until the requirements of subsection (1)(a) of this section are met. Notwithstanding any other provision of law, the executive director shall not use the line for another fund from the queue.

(3) The executive director shall notify the secretary of state when he or she files the written certification that a line has become available for the donate to a Colorado nonprofit fund under this section.

**Source: L. 2018:** Entire part added, (SB 18-141), ch. 290, p. 1788, § 1, effective August 8.

**Editor's note:** Pursuant to section 39-22-1001 (8)(b), the department of revenue advised the revisor of statutes on November 1, 2019, that the voluntary contribution for the donate to a Colorado nonprofit fund was added to the 2019 individual income tax return form.

### **39-22-5103. List of eligible charitable organizations.**

(1) (a) On or before September 1, 2019, and on or before September 1 of each year thereafter, the secretary of state shall provide to the department of revenue a list of all eligible charitable organizations. To be eligible, a charitable organization must:

(I) Have been registered with the secretary of state under the "Colorado Charitable Solicitations Act", article 16 of title 6, for at least five years as of the date the list is generated;

(II) Be in good standing with the secretary of state under the "Colorado Charitable Solicitations Act", article 16 of title 6, as of the date the list is generated; and

(III) Be a nonprofit organization that is exempt from taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended.

(b) A registered charitable organization may file a written request with the secretary of state, on a form prescribed by the secretary of state, to exclude itself from the list provided to the department of revenue under subsection (1)(a) of this section. The secretary of state shall not include in the list the name or information of any charitable organization that files such a request.

(c) The secretary of state shall provide the list of eligible charitable organizations to the department of revenue in a digital format.

(2) The department of revenue shall make the list of eligible charitable organizations available to the public for each income tax year. The department may make the list available in a digital format or a paper format or both. The list must include, for each charitable organization, all identifying information that the department requires for a taxpayer to designate the organization to receive a donation through the donate to a Colorado nonprofit fund voluntary contribution line established in section 39-22-5102.

(3) A taxpayer may designate one charity from the list made available by the department of revenue for the tax year for which the taxpayer is filing a return using the donate to a Colorado nonprofit fund voluntary contribution line created in section 39-22-5102. If a taxpayer designates an organization that is not eligible under this section, or if the department of revenue cannot determine which charitable organization a taxpayer has designated, the contribution is void.

**Source: L. 2018:** Entire part added, (SB 18-141), ch. 290, p. 1789, § 1, effective August 8.

**39-22-5104. Contributions credited to the donate to a Colorado nonprofit fund - creation - appropriation - distribution.**

(1) There is hereby created in the state treasury the donate to a Colorado nonprofit fund, referred to in this section as the "fund". The fund consists of money credited to the fund pursuant to this part 51 and any other money that the general assembly may appropriate or transfer to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(2) The department of revenue shall determine annually the total amount designated to the fund and the total amounts designated to each individual eligible charitable organization pursuant to section 39-22-5102, and shall report those amounts to the state treasurer and to the general assembly. The state treasurer shall credit to the fund the total amount designated to the fund.

(3) The general assembly shall appropriate annually from the fund to the department of revenue, the secretary of state, and the state treasurer its actual, reasonable costs of implementing this part 51. After the appropriations to the department of revenue, the secretary of state, and the state treasurer are deducted, the state treasurer shall distribute the remaining funds to the eligible charitable organizations as designated by taxpayers after a reduction proportionate to the amount deducted from the fund for the administration of the fund.

(4) The department is not liable to a taxpayer or to an eligible charitable organization for any error in distributing a contribution under this part 51.

**39-22-5202. Uninsured designation - required forms - rules.**

(1) For income tax years commencing on or after January 1, 2021:

(a) The Colorado state individual income tax form must allow tax filers to:

(I) Request that the exchange assess whether uninsured tax household members are potentially eligible for free or lower-cost health coverage under a health-care coverage affordability program using information from their tax return and other sources available to the exchange; and

(II) Identify uninsured household members and provide other information determined necessary by the advisory committee pursuant to section 10-22-113 (3)(a) to facilitate the Colorado affordable health care coverage easy enrollment program created in section 10-22-113;

(b) The associated tax form instruction booklet must explain how to answer the questions added to the state individual income tax form or schedules pursuant to this section and section 10-22-113 (3)(a)(IV) and the effect of asking the exchange to assess whether uninsured household members are potentially eligible for free or lower-cost health coverage under a health-care coverage affordability program.

(2) In implementing subsection (1) of this section, the department shall consider the determinations and recommendations developed by the advisory committee pursuant to section 10-22-113 (3)(a).

(3) The executive director of the department shall promulgate rules as necessary to implement the tax forms and schedules required by this section and to implement the sharing of information authorized by this section with the exchange and the department of health care policy and financing.

## PART 53

### FEEDING COLORADO VOLUNTARY CONTRIBUTION

#### **39-22-5301. Legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) Feeding Colorado is an association of the five Feeding America food banks serving all Colorado. Member food banks include Care and Share Food Bank for Southern Colorado, Community Food Share, Food Bank for Larimer County, Food Bank for the Rockies, and Weld Food Bank.

(b) Feeding Colorado distributes meals to children, older adults, and families in need across all counties in Colorado in an effort to catalyze a movement against hunger in Colorado.

(c) In order to assist Feeding Colorado in fulfilling its mission, the general assembly recognizes that many citizens of Colorado may be willing to provide money to assist in its efforts. It is therefore the intent of the general assembly to provide Coloradans the opportunity to support the efforts of Feeding Colorado by allowing citizens to make a voluntary contribution on their state income tax return form to the Feeding Colorado fund for that purpose.

**Source: L. 2022:** Entire part added, (HB 22-1016), ch. 120, p. 558, § 1, effective August 10.

#### **39-22-5302. Voluntary contribution designation - procedure - effective date.**

For the five consecutive income tax years immediately following the year in which the executive director files written certification with the revisor of statutes as specified in section 39-22-1001 (8) that a line on the income tax return form has become available and that the Feeding Colorado voluntary contribution fund is next in the queue established pursuant to section 39-22-1001 (8), the executive director shall ensure that the Colorado state individual income tax return form contains a line whereby each individual taxpayer may designate the amount of the contribution, if any, that the individual wishes to make to the Feeding Colorado fund created in section 39-22-5303.

**Source: L. 2022:** Entire part added, (HB 22-1016), ch. 120, p. 559, § 1, effective August 10.

**39-22-5303. Contributions credited to Feeding Colorado fund - creation - appropriation.**

(1) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-5302 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the Feeding Colorado fund, which fund is hereby created in the state treasury. All interest derived from the deposit and investment of money in the fund shall be credited to the fund.

(2) The general assembly shall appropriate annually from the Feeding Colorado fund to the department of revenue its costs of administering money designated as contributions to the fund. After subtracting the appropriation to the department, the state treasurer shall transfer all money remaining in the fund at the end of the fiscal year to Feeding Colorado.

**Source: L. 2022:** Entire part added, (HB 22-1016), ch. 120, p. 559, § 1, effective August 10.

**39-22-5304. Repeal of part.**

This part 53 is repealed, effective January 1 of the sixth income tax year following the year in which the executive director files written certification with the revisor of statutes as specified in section 39-22-1001 (8) that a line has become available and the Feeding Colorado fund voluntary contribution is next in the queue, unless the Feeding Colorado fund established by this part 53 is continued or reestablished by the general assembly acting by bill before that date.

## PART 54

### MIDDLE-INCOME HOUSING TAX CREDIT

**39-22-5401. Tax preference performance statement - legislative declaration.**

(1) In accordance with section 39-21-304, which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purposes of the tax credit allowed in this part 54 are to induce certain designated behavior by taxpayers and to provide tax relief for certain businesses or individuals. Specifically, the credit seeks to address the shortage of affordable housing in the state and increase access to affordable housing by encouraging

developers to build units specifically for middle-income individuals and families and also to encourage private sector investment in affordable housing.

(2) The general assembly and the state auditor shall measure the effectiveness of the income tax credit allowed in this part 54 in achieving the purposes specified in subsection (1) of this section based on the information required to be reported to the state auditor by the Colorado housing and finance authority pursuant to section 39-22-5408.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1919, § 1, effective May 30.

### **39-22-5402. Definitions.**

As used in this part 54, unless the context otherwise requires:

(1) "Allocation certificate" means a statement issued by the authority certifying that a qualified development meets the requirements of this part 54 and specifying the amount of the credit allocated to the owner of a qualified development.

(2) "Allocation plan" means the allocation plan adopted by the authority that governs the selection criteria and preferences for allocating the credits allowed in this part 54 and that is posted on the authority's website.

(3) "Authority" means the Colorado housing and finance authority created in section 29-4-704.

(4) "Compliance period" means the period of fifteen years beginning with the first taxable year of the credit period.

(5) "Credit" means the middle-income housing tax credit allowed pursuant to this part 54.

(6) (a) "Credit period" means the period of five taxable years beginning with the taxable year in which a qualified development is placed in service.

(b) As used in this subsection (6), "placed in service" means the date defined by the authority as set forth in the allocation plan and based on 26 CFR 1.46-3 (d).

(7) "Department" means the Colorado department of revenue.

(8) "Middle-income housing unit" means a residential unit in a qualified development that is rent restricted and reserved for occupancy only by middle-income individuals and families.

(9) (a) "Middle-income individuals and families" means individuals and families with an annual income between eighty percent and one hundred twenty percent of the area median income of households of that size in the county in which the qualified development is located;

except that, for individuals and families residing in a rural resort county, the annual household income is between eighty percent and one hundred forty percent of the area median income of households of that size in the county in which the qualified development is located.

(b) As used in this subsection (9), "area median income" means the median household income of households of a given size in the county in which the housing is located, as established for a given year by the United States department of housing and urban development.

(c) As used in this subsection (9), "rural resort county" means any county classified as a rural resort county by the division of housing in the department of local affairs as specified in the final report of the Colorado strategic housing working group, dated July 6, 2021, including updates and modifications to the initial classification of a county.

(10) "Owner" means the owner of a qualified development.

(11) (a) "Qualified basis" means the amount that equals the adjusted basis of the qualified development as of the close of the first taxable year of the credit period multiplied by the applicable fraction.

(b) As used in this subsection (11), "adjusted basis" means the adjusted basis amount calculated according to the allocation plan.

(c) As used in this subsection (11), "applicable fraction" means the fraction that has as its numerator the number of middle-income housing units in the qualified development and as its denominator the number of residential units in the qualified development.

(12) "Qualified development" means a housing development that is located in the state and is determined by the authority to meet the criteria established in the allocation plan, including providing the required number of middle-income housing units.

(13) "Qualified taxpayer" means an individual, person, firm, corporation, or other entity that owns an interest, direct or indirect, in a qualified development and that is subject to the taxes imposed by this article 22.

(14) (a) "Rent restricted" means a residential unit in a qualified development for which the gross rent does not exceed thirty percent of the imputed income limitation applicable to the unit.

(b) As used in this subsection (14), "imputed income limitation applicable to the unit" means the income limitation for occupants of the unit calculated based on the number of bedrooms in the unit and using the area median income target elected by the owner, as follows:

(I) In the case of a unit without a separate bedroom, one individual; or

(II) In the case of a unit with one or more separate bedrooms, one and one-half individuals for each separate bedroom.

(15) "Transferee" means a taxpayer subject to the taxes imposed by this article 22 that acquires credits from a governmental or quasi-governmental entity pursuant to section 39-22-5404.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1920, § 1, effective May 30. **L. 2026:** (15) added, (SB 26-001), ch. 7, p. 22, § 6, effective August 12.

### **39-22-5403. Credit against tax - middle-income housing developments.**

(1) For the income tax years during the credit period, a qualified taxpayer is allowed a credit against the income taxes imposed by this article 22 in an amount determined by the authority pursuant to this part 54.

(2) The authority may allocate a credit to the owner of a qualified development by issuing an allocation certificate to the owner. The authority may determine the time at which it will issue an allocation certificate. The authority shall determine the amount of the credit. All credit allocations must be made according to the allocation plan and each credit must be necessary for the financial feasibility of the qualified development.

(3) The authority shall not allocate a credit to an owner pursuant to this part 54 unless the qualified development meets the following requirements:

(a) The qualified development is the subject of a recorded restrictive covenant requiring the development to be maintained and operated as a qualified development for the length of the compliance period or longer; and

(b) The qualified development meets the accessibility and adaptability requirements of Title VIII of the federal "Civil Rights Act of 1968", as amended by the federal "Fair Housing Amendments Act of 1988", 24 U.S.C. sec. 3601 et seq.

(4) (a) During each calendar year of the period beginning on January 1, 2025, and ending on December 31, 2029, the authority may allocate a credit, the full amount of which may be claimed by a qualified taxpayer against the taxes imposed by this article 22 for each tax year of the five-year credit period.

(b) (I) The aggregate amount of all credits allocated by the authority in each calendar year must not exceed the following amounts:

(A) For calendar year 2025, five million dollars;

(B) For calendar year 2026, five million dollars;

(C) For calendar year 2027, ten million dollars;

(D) For calendar year 2028, ten million dollars; and

(E) For calendar year 2029, ten million dollars.

(II) The authority may also allocate any unallocated credits from preceding calendar years, and these unallocated credits are not included in the annual dollar limits specified in subsection (4)(b)(I) of this section.

(c) The authority shall add the aggregate amount of any unallocated credits remaining as of December 31, 2029, to the amount of credits the authority may allocate pursuant to part 21 of this article 22.

(5) If the amount of a credit allocated pursuant to this section exceeds the taxes due on the qualified taxpayer's income for the taxable year, the excess credit amount may be carried forward as a credit against the qualified taxpayer's income tax liability for up to three tax years following the credit period and must be applied first to the earliest years possible. Any amount of the credit that is not applied against income tax liability within this three-year carry-forward period shall not be refunded to the taxpayer.

(6) If an owner of a qualified development receiving an allocation of a credit is a partnership, limited liability company, S corporation, or similar pass-through entity, the owner may allocate the credit among its partners, shareholders, members, or other qualified taxpayers in any manner agreed to by such persons, regardless of whether any such persons are deemed a partner for federal income tax purposes. The owner shall certify to the department the amount of credit allocated to each partner, shareholder, member, or other qualified taxpayer. Each partner, shareholder, member, or other qualified taxpayer admitted as a partner, shareholder, member, or other qualified taxpayer of the owner prior to the filing of a tax credit claiming the credit is allowed to claim such amount, subject to any restrictions set forth in this part 54 or imposed by the authority or the department.

(7) To claim the tax credit allowed in this part 54, an owner of a qualified development to which the authority allocated a credit and any qualified taxpayer to which an owner has allocated a portion of its credit shall file with its state income tax return the following documents:

(a) A copy of the allocation certificate issued by the authority; and

(b) A copy of the owner's certification to the department regarding its allocation of the credit among the qualified taxpayers having ownership interests in the qualified development, if any.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1921, § 1, effective May 30.

**39-22-5404. Qualified development owned by governmental or quasi-governmental entity.**

(1) Notwithstanding any other provision of this part 54:

(a) The authority may allocate credits to any governmental or quasi-governmental entity, including the middle-income housing authority created in section 29-4-1104, with respect to a qualified development that is owned by such entity.

(b) ***[Editor's note: This version of subsection (1)(b) is effective until January 1, 2027.]***

(I) A governmental or quasi-governmental entity may transfer credits allocated to it by the authority to any qualified taxpayer.

(II) Such a governmental or quasi-governmental entity shall invest in the qualified development any compensation received in connection with a transfer of credits to a qualified taxpayer.

(III) A qualified taxpayer to which a credit is transferred pursuant to this subsection (1)(b) is entitled to claim the credit in the same manner and subject to the same conditions and allocation rights as an owner of a qualified development to which the authority has allocated a credit.

(b) ***[Editor's note: This version of subsection (1)(b) is effective January 1, 2027.]***

(I) A governmental or quasi-governmental entity may transfer credits allocated to it by the authority to a transferee.

(II) Such a governmental or quasi-governmental entity shall invest in the qualified development any compensation received in connection with a transfer of credits to a transferee.

(III) A transferee to which a credit is transferred pursuant to this subsection (1)(b) is entitled to claim the credit in the same manner and subject to the same conditions and allocation rights as an owner of a qualified development to which the authority has allocated a credit.

(c) ***[Editor's note: This version of subsection (1)(c) is effective until January 1, 2027.]***

(I) A credit allocated to a governmental or quasi-governmental entity or a transferee thereof is subject to recapture pursuant to section 39-22-5405.

(II) If a credit transferred to a qualified taxpayer by a governmental or quasi-governmental entity is recaptured pursuant to section 39-22-5405, the governmental or quasi-governmental entity shall notify the department of the identity of the qualified taxpayer to which it transferred a credit.

(c) ***[Editor's note: This version of subsection (1)(c) is effective January 1, 2027.]***

(I) A credit allocated to a governmental or quasi-governmental entity or a transferee thereof is subject to recapture if, as of the last day of any taxable year during the compliance period, the amount of the qualified basis of such governmental or quasi-governmental entity is less than the amount of the qualified basis with respect to such governmental or quasi-governmental entity as of the last day of the prior taxable year.

(II) If a credit transferred to a transferee by a governmental or quasi-governmental entity is recaptured pursuant to subsection (1)(c)(I), the governmental or quasi-governmental entity shall notify the department of the identity of the transferee to which it transferred a credit and such transferee must increase their income tax liability pursuant to section 39-22-5305 in the same manner and to the same extent as a partner, shareholder, member, or other qualified taxpayer of an owner allocated a credit pursuant to section 39-22-5403 (6) must increase their income tax liability pursuant to section 39-22-5405.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1923, § 1, effective May 30. **L. 2026:** (1)(b) and (1)(c) amended, (SB 26-001), ch. 7, p. 22, § 7, effective January 1, 2027.

### **39-22-5405. Recapture.**

(1) As of the last day of any taxable year during the compliance period, if the amount of the qualified basis of a qualified development with respect to a qualified taxpayer is less than the amount of the qualified basis with respect to a qualified taxpayer as of the last day of the prior taxable year, then the amount of a relevant qualified taxpayer's state income tax liability for that taxable year is increased by the credit recapture amount.

(2) For purposes of subsection (1) of this section, the credit recapture amount is an amount equal to the aggregate decrease in the credit allowed to a qualified taxpayer pursuant to this part 54 for all prior taxable years that would have resulted if the accelerated portion of the credit allowable by reason of this part 54 were not allowed for all prior taxable years with respect to the reduced amount of qualified basis described in subsection (1) of this section.

(3) For purposes of subsection (2) of this section, the accelerated portion of the credit for the prior taxable years with respect to any amount of qualified basis is the difference between:

(a) The aggregate credit allowed pursuant to this part 54, notwithstanding this subsection (3), for the years with respect to such qualified basis; and

(b) The aggregate credit that would be allowable pursuant to this part 54 for such years with respect to the qualified basis if the aggregate credit that would have been allowable, but for this subsection (3), for the entire compliance period were allowable ratably over fifteen years.

(4) If recapture of any credit is required in any tax year, the return submitted for that tax year to the department must include the following information:

- (a) The portion of credit required to be recaptured;
- (b) The identity of each qualified taxpayer subject to the recapture; and
- (c) The amount of credit previously allocated to the qualified taxpayer.

**39-22-5406. Parallel credits - insurance premium taxes.**

(1) Any taxpayer who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128 and who is therefore exempt from the payment of income tax and who is otherwise eligible to claim a credit pursuant to this part 54 may claim the credit and carry the credit forward against the insurance premium tax on its calendar quarter estimated tax payments made in accordance with section 10-3-209 to the same extent as the taxpayer would have been able to claim or carry forward such credit against income tax. All other provisions of this part 54 with respect to the credit, including the amount, allocation, and recapture of the credit and the years for which the credit may be claimed, apply to a credit claimed pursuant to this section.

(2) For purposes of administering this section, any reference in this part 54 to "income tax year" means calendar year.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1925, § 1, effective May 30.

**39-22-5407. Rules - compliance monitoring.**

(1) The authority and the executive director of the department, in consultation with each other, shall promulgate rules necessary for their respective administration of this part 54. Rules of the authority are adopted pursuant to section 29-4-708.

(2) The authority, in consultation with the department, shall monitor and oversee compliance with this part 54 and shall report specific occurrences of noncompliance to the department.

**Source: L. 2024:** Entire part added, (HB 24-1316), ch. 287, p. 1925, § 1, effective May 30.

**39-22-5408. Reporting requirements.**

(1) By December 31 of each calendar year during which credits were allocated by the authority pursuant to this part 54, the authority shall provide a written report on the middle-income housing tax credit pilot program created in this part 54 to the general assembly and shall make the report available to the public. The report must:

(a) Specify the number of qualified developments for which the authority has allocated a credit to the owner of the qualified development during the calendar year and the number of units in each development;

(b) Provide housing market and demographic information that demonstrates how the qualified developments supported by the credit are addressing the need for middle-income housing within the communities they are intended to serve and provide information about any remaining disparities in housing affordability within those communities; and

(c) Describe each qualified development for which the authority has allocated a credit, including the following:

(I) The geographic location of the qualified development;

(II) The total number of housing units supported by each qualified development;

(III) The household type and any specific demographic information available about residents intended to be served by the qualified development;

(IV) The income levels intended to be served by the qualified development; and

(V) The rents or set-asides authorized for each housing unit in the qualified development.

(1.5) In addition to the information required pursuant to subsection (1) of this section, by December 31 of the last calendar year during which credits were allocated by the authority pursuant to this part 54, the authority shall include in its annual report the following information summarizing the middle-income housing tax credit pilot program created in this part 54:

(a) An overview of the demand for and utilization of the middle-income housing tax credit program created in this part 54;

(b) A summary of the applications for and allocations of the tax credit created in this part 54, broken down by geographic location and by the taxpayer applying for the credit;

(c) An analysis, as practicable, of the impact of the middle-income housing tax credit program created in this part 54 on the following:

(I) Middle-income individuals and families in the communities that the qualified developments are intended to serve;

(II) Middle-income individuals and families statewide;

(III) Housing needs in the communities that the qualified developments are intended to serve; and

(IV) Housing needs statewide; and

(d) Any challenges or opportunities related to the middle-income housing tax credit program created in this part 54, as identified by the authority.

(2) The authority shall provide any information determined necessary to evaluate the effectiveness of the credit allowed in this part 54 in achieving the purposes set forth in section 39-22-5401 (1) to the state auditor as part of the state auditor's evaluation of tax expenditures pursuant to section 39-21-305.

## **PART 55**

### **COLORADO AFFORDABLE HOUSING IN TRANSIT-ORIENTED COMMUNITIES INCOME TAX CREDIT**

#### **39-22-5501. Tax preference performance statement - legislative declaration.**

(1) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers by supporting the development of affordable housing within transit-oriented communities.

(2) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1) of this section based on the number and value of credits issued and housing units built.

**Source: L. 2024:** Entire part added, (HB 24-1434), ch. 291, p. 1978, § 2, effective May 30.

### **39-22-5502. Definitions.**

As used in this part 55, unless the context otherwise requires:

(1) "Allocation certificate" means a statement issued by the authority certifying that a given development qualifies for the credit and specifying the amount of the credit allowed.

(2) "Allocation plan" means an allocation plan adopted by the authority that governs the selection criteria and preferences for allocating the tax credit allowed pursuant to this part 55.

(3) "Authority" means the Colorado housing and finance authority created pursuant to section 29-4-704.

(4) "Certified transit-oriented community" means:

(a) In calendar years 2025, 2026, and 2027, a transit-oriented community as defined in section 29-35-202 (11); and

(b) In calendar year 2028 and each subsequent calendar year, a transit-oriented community, as defined in section 29-35-202 (11), that has both submitted the housing opportunity goal report described in section 29-35-204 (8) to the division and had the division confirm that the transit-oriented community has met its housing opportunity goal.

(5) "Compliance period" means the period of fifteen years beginning with the first taxable year of a credit period.

(6) "Credit" means the Colorado transit-oriented community housing income tax credit allowed pursuant to this part 55.

(7) "Credit period" means the period of five income tax years beginning with the income tax year in which a qualified development is placed in service. If a qualified development is comprised of more than one building, the development is deemed to be placed in service in the income tax year during which the last building of the qualified development is placed in service.

(8) "Department" means the department of revenue.

(9) "Division" means the division of local government of the department of local affairs created in section 24-32-103.

(10) "Federal tax credit" means the federal low-income housing tax credit provided by section 42 of the internal revenue code.

**39-22-5503. Credit against tax - affordable housing located in a transit-oriented community.**

(1) For income tax years during the credit period, there is allowed to any qualified taxpayer a credit with respect to the income taxes imposed by this article 22 in the amount determined by the authority pursuant to this part 55.

(2) The aggregate amount of credits allocated by the authority in each of the 2025 through 2029 calendar years must not exceed the aggregate amount of:

(a) Credits authorized as follows:

- (I) For the 2025 calendar year, two million dollars;
  - (II) For the 2026 calendar year, two million dollars;
  - (III) For the 2027 calendar year, two million dollars;
  - (IV) For the 2028 calendar year, eleven million dollars; and
  - (V) For the 2029 calendar year, thirteen million dollars; plus
  - (b) Unallocated credits, if any, for the immediately preceding calendar year; and
  - (c) Any credit recaptured or otherwise returned to the authority in the calendar year.
- (3) The authority may allocate a credit to an owner of a qualified development by issuing to the owner an allocation certificate. The authority may determine the time at which such allocation certificate is issued. The credit must be in an amount determined by the authority, subject to the following guidelines:
- (a) The credit must be necessary for the financial feasibility of such development;
  - (b) All allocations must be made pursuant to the allocation plan; and
  - (c) The aggregate sum of credits allocated annually must not exceed the limits set forth in subsection (2) of this section.
- (4) (a) On or after January 1, 2025, but prior to December 31, 2029, the authority may allocate a total amount of thirty million dollars in credits.
- (b) The taxpayer shall not claim the credit ratably over the credit period. Instead, the credit must be accelerated and the full amount must be claimed against the taxes imposed by this article 22 over the credit period according to the following schedule:
- (I) The amount of the credit that a taxpayer claims in the first year of the credit period must equal seventy percent of the total amount of the credit the authority allocates to the taxpayer;
  - (II) The amount of the credit that a taxpayer claims in the second year of the credit period must equal eight percent of the total amount of the credit the authority allocates to the taxpayer;
  - (III) The amount of the credit that a taxpayer claims in the third year of the credit period must equal eight percent of the total amount of the credit the authority allocates to the taxpayer;
  - (IV) The amount of the credit that a taxpayer claims in the fourth year of the credit period must equal seven percent of the total amount of the credit the authority allocates to the taxpayer; and
  - (V) The amount of the credit that a taxpayer claims in the fifth year of the credit period must equal seven percent of the total amount of the credit the authority allocates to the taxpayer.

(5) If an owner of a qualified development receiving an allocation of a credit is a partnership, limited liability company, S corporation, or similar pass-through entity, the owner may allocate the credit among its partners, shareholders, members, or other qualified taxpayers in any manner agreed to by such persons regardless of whether any such persons are deemed a partner for federal income tax purposes. The owner shall certify to the department the amount of credit allocated to each partner, shareholder, member, or other qualified taxpayer. Each partner, shareholder, member, or other qualified taxpayer admitted as a partner, shareholder, member, or other qualified taxpayer of the owner prior to the filing of a tax return claiming the credit is allowed to claim such amount subject to any restrictions set forth in this part 55.

(6) No credit shall be allocated pursuant to this part 55 unless the qualified development is the subject of a recorded restrictive covenant requiring the development to be maintained and operated as a qualified development, and is in accordance with the accessibility and adaptability requirements of the federal tax credits and Title VIII of the "Civil Rights Act of 1968", as amended by the "Fair Housing Amendments Act of 1988", for a period of fifteen income tax years, or such longer period as may be agreed to between the authority and the owner, beginning with the first taxable year of the credit period unless corrected within the time that is applicable to developments receiving federal tax credits pursuant to section 42 (h)(6)(J) of the internal revenue code as applicable to the covenant described in this subsection (6).

(7) The allocated credit amount may be taken against the taxes imposed by this article 22 for each income tax year of the credit period as set forth in subsection (4) of this section. Any amount of credit that exceeds the tax due for an income tax year may be carried forward as a tax credit against the income tax liability for the three subsequent tax years and must be applied first to the earliest years possible. Any amount of the credit that is not used must not be refunded to the taxpayer.

(8) Unless otherwise provided in this part 55 or the context clearly requires otherwise, the authority shall determine eligibility for a credit and allocate credits in accordance with the standards and requirements set forth in the allocation plan; however, the authority shall administer the credit allowed pursuant to this part 55 consistently with the credit pursuant to part 21 of this article 22 except to the extent the allocation plan is inconsistent with part 21 of this article 22, in which case the allocation plan controls. Notwithstanding the foregoing, any combination of federal and state credits, or standalone amount of state credits, allowed must be the least amount necessary to ensure the financial feasibility of a qualified development.

### **39-22-5504. Recapture.**

(1) As of the last day of any taxable year during the compliance period, if the amount of the qualified basis of a qualified development with respect to a taxpayer is less than the amount of the qualified basis as of the last day of the prior taxable year, then the amount of the taxpayer's state income tax liability for that taxable year must be increased by the credit recapture amount.

(2) For purposes of subsection (1) of this section, the credit recapture amount is an amount equal to the aggregate decrease in the credit allowed to the taxpayer pursuant to this part 55 for all prior taxable years that would have resulted if the accelerated portion of the credit allowable by reason of this part 55 were not allowed for all prior taxable years with respect to the reduced amount of qualified basis described in subsection (1) of this section.

(3) For purposes of subsection (2) of this section, the accelerated portion of the credit for the prior taxable years with respect to any amount of qualified basis is the difference between:

(a) The aggregate amount of the credit allowed pursuant to this part 55, notwithstanding this subsection (3), for the years with respect to such qualified basis; and

(b) The aggregate amount of the credit that would be allowed pursuant to this part 55 for such years with respect to the qualified basis if the aggregate credit that would have been allowable, but for this subsection (3), for the entire compliance period were allowable ratably over fifteen years.

(4) In the event that recapture of any credit is required in any tax year, the return submitted for that tax year to the department shall include the proportion of credit required to be recaptured, the identity of each taxpayer subject to the recapture, and the amount of credit previously allocated to such taxpayer.

(5) Notwithstanding subsection (1) of this section, credits issued pursuant to this part 55 must not be recaptured if a qualified development, after the initial award of credits, ceases being located in a transit-oriented center within a certified transit-oriented community or in a neighborhood center within a metropolitan planning organization.

**39-22-5506. Parallel credits - insurance premium taxes.**

(1) Any taxpayer who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128 and therefore exempt from the payment of income tax and who is otherwise eligible to claim a credit pursuant to this part 55 may claim such credit and carry such credit forward against such insurance premium tax on its calendar quarter estimated tax payments made in accordance with section 10-3-209 to the same extent as the taxpayer would have been able to claim or carry forward such credit or refund against income tax. All other provisions of this part 55 with respect to the credit, including the amount, allocation, and recapture of the credit and the years for which the credit may be claimed, apply to a credit claimed pursuant to this section.

(2) For purposes of administering this section, any reference in this article 22 to "income tax year" means calendar year.

## PART 56

### ANIMAL PROTECTION FUND VOLUNTARY CONTRIBUTION

#### **39-22-5601. Legislative declaration.**

(1) The general assembly finds and declares that:

(a) Caring for pet animals and livestock that are displaced due to emergencies or are the victims of cruelty and neglect is important to Coloradans;

(b) Research shows that during emergencies, people may not follow evacuation procedures if such action places their pet animals and livestock at risk of harm;

(c) The removal of animals from cruelty and neglect or emergency situations is costly, including the cost of veterinary care, feeding, and providing shelter;

(d) Agencies and organizations working with the department of agriculture would benefit from more resources to care for pet animals and livestock that are the victims of cruelty and neglect or are in need as a result of an emergency; and

(e) To ensure sustainable funding for the care of pet animals and livestock in crises and during emergencies, the general assembly recognizes that many residents of Colorado may be willing to voluntarily provide money to assist its efforts.

(2) It is the intent of the general assembly to provide Coloradans with the opportunity to support these efforts by allowing citizens to make a voluntary contribution on the Colorado income tax return form for that purpose.

**Source: L. 2025:** Entire part added, (HB 25-1299), ch. 227, p. 1037, § 3, effective August 6.

#### **39-22-5602. Voluntary contribution designation - procedure - effective date.**

For the income tax years immediately following the year in which the executive director files written certification with the revisor of statutes as specified in section 39-22-1001 (8) that a line on the income tax return form has become available and that the animal protection fund voluntary contribution is next in the queue established pursuant to section 39-22-1001 (8), the executive director shall ensure that the Colorado state individual income tax return form contains a line whereby each individual taxpayer may designate the amount of the contribution, if any, that the individual wishes to make to the animal protection fund created in section 35-42-113 (1).

**Source: L. 2025:** Entire part added, (HB 25-1299), ch. 227, p. 1038, § 3, effective August 6.

**39-22-5603. Contributions credited to animal protection fund - appropriation.**

(1) (a) The department of revenue shall determine annually the total amount designated pursuant to section 39-22-5602 and shall report that amount to the state treasurer and to the general assembly. The state treasurer shall credit that amount to the animal protection fund created in section 35-42-113 (1). All interest derived from the deposit and investment of money in the fund shall be credited to the fund.

(b) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in subsection (1)(a) of this section continues unless and until this part 56 is repealed.

(2) The general assembly shall appropriate annually from the animal protection fund to the department of revenue its costs of administering money designated as contributions to the fund.

## PART 57

### COLORADO AFFORDABLE HOUSING IN TRANSIT AND HOUSING INVESTMENT ZONES TAX CREDIT

**Cross references:** For the legislative declaration in HB 26-1065, see section 1 of chapter 157, Session Laws of Colorado 2026.

**39-22-5701. Tax preference performance statement - report.**

(1) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in this section is to induce certain designated behavior by taxpayers by supporting the development of affordable housing within transit and housing investment zones.

(2) The general assembly and the state auditor shall measure the effectiveness of the credit in achieving the purpose specified in subsection (1) of this section based on the report described in subsection (3) of this section.

(3) For each allocation year, the authority shall, by December 31 of that year, provide a written report to the general assembly and make the report available to the public. With respect to tax credits allocated pursuant to this part 57, the report must:

(a) Specify the total number of qualified developments and units supported by each development in connection with the credit;

(b) Describe each qualified development in connection with which the authority issued credits, including in that description the geographic location of the development, the household type and any specific demographic information available about residents intended to be served by the development, the income levels intended to be served by the development, and the rents or set-asides authorized for each development; and

(c) Provide housing market and demographic information that demonstrates how the qualified developments supported by credits are addressing the need for affordable housing within the communities they are intended to serve as well as information about any remaining disparities in the affordability of housing within those communities.

### **39-22-5702. Definitions.**

As used in this part 57, unless the context otherwise requires:

(1) "Allocation certificate" means a statement issued by the authority certifying that a given development qualifies for the credit and specifying the amount of the credit allowed.

(2) "Allocation plan" means an allocation plan adopted by the authority that governs the selection criteria and preferences for allocating the tax credit allowed pursuant to this part 57.

(3) "Authority" means the Colorado housing and finance authority created in section 29-4-704.

(4) "Compliance period" means the period of fifteen years beginning with the first income tax year of a credit period.

(5) "Credit" means the Colorado affordable housing in transit and housing investment zones tax credit allowed pursuant to this part 57.

(6) "Credit period" means the period of six income tax years beginning with the income tax year in which a qualified development is placed in service. If a qualified development is comprised of more than one building, the development is deemed to be placed in service in the income tax year during which the last building of the qualified development is placed in service.

(7) "Department" means the department of revenue.

(8) "Federal tax credit" means the federal low-income housing tax credit provided by section 42 of the internal revenue code.

(9) "Qualified basis" means the qualified basis of the development as determined pursuant to section 42 of the internal revenue code.

(10) "Qualified development" means a housing development that is located in a transit and housing investment zone within the state and is determined by the authority to meet the criteria established in the allocation plan, including providing the required number of affordable housing units.

(11) "Qualified taxpayer" means an individual, a person, a firm, a corporation, or any other entity that owns an interest, direct or indirect, in a qualified development and is subject to the taxes imposed by this article 22.

(12) "Transit and housing investment zone" means the area designated by the Colorado office of economic development in the transit and housing investment zone map pursuant to section 24-48.5-136.

(13) "Transferee" means a taxpayer subject to the taxes imposed by this article 22 that acquires credits from a governmental or quasi-governmental entity pursuant to section 39-22-5703 (5).

**Source: L. 2026:** Entire part added, (HB 26-1065), ch. 157, p. 924, § 10, effective May 27.

**39-22-5703. Credit against tax - affordable housing located in a transit and housing investment zone.**

(1) For income tax years during the credit period, there is allowed to any qualified taxpayer a credit with respect to the income taxes imposed by this article 22 in the amount determined by the authority pursuant to this part 57.

(2) (a) During each calendar year of the period beginning on January 1, 2027, and ending on December 31, 2033, the authority may allocate a credit, the full amount of which may be claimed against the taxes imposed by this article 22, for each income tax year of the six-year credit

period. During each calendar year of the period beginning on January 1, 2027, and ending on December 31, 2033, the aggregate amount of the credits allocated by the authority shall not exceed eight million three hundred thirty-three thousand three hundred thirty-three dollars.

(b) The authority may also allocate any unallocated credits from the immediately preceding calendar year so long as unallocated credits do not exceed more than half of the annual dollar limits specified in subsection (2)(a) of this section, and these unallocated credits are not included in the annual dollar limits specified in subsection (2)(a) of this section.

(c) The aggregate amount of credits allocated by the authority in each of the 2027 through 2033 calendar years must not exceed the aggregate amount of any credit recaptured or otherwise returned to the authority in the calendar year.

(3) The authority may allocate credits to an owner of a qualified development by issuing to the owner an allocation certificate. The authority may determine the time at which the allocation certificate is issued. The credit must be in an amount determined by the authority, subject to the following guidelines:

(a) The credit must be necessary for the financial feasibility of the development; and

(b) The aggregate sum of credits allocated annually must not exceed the limits set forth in subsection (2) of this section.

(4) If an owner of a qualified development receiving an allocation of a credit is a partnership, limited liability company, S corporation, or similar pass-through entity, the owner may allocate the credit among its partners, shareholders, members, or other qualified taxpayers in any manner agreed to by such persons regardless of whether any such persons are deemed a partner for federal income tax purposes. The owner shall certify to the department the amount of credit allocated to each partner, shareholder, member, or other qualified taxpayer. Each partner, shareholder, member, or other qualified taxpayer admitted as a partner, shareholder, member, or other qualified taxpayer of the owner prior to the filing of a tax return claiming the credit is allowed to claim such amount subject to any restrictions set forth in this part 57.

(5) (a) The authority may allocate credits to a governmental or quasi-governmental entity, including the middle-income housing authority created in section 29-4-1104, with respect to a qualified development that is owned by such entity.

(b) (I) A governmental or quasi-governmental entity may transfer credits that the authority has allocated to it pursuant to this subsection (5) to a transferee.

(II) A governmental or quasi-governmental entity that transfers a credit pursuant to subsection (5)(b)(I) of this section shall invest in the relevant qualified development any compensation received in connection with the transfer made pursuant to subsection (5)(b)(I) of this section and shall notify the department of the identity of the transferee.

(III) A transferee to which a credit is transferred by a governmental or quasi-governmental entity pursuant to this subsection (5)(b) is entitled to claim the credit in the same manner and subject to the same conditions and allocation rights as an owner of a qualified development to which the authority has allocated a credit pursuant to subsection (3) of this section.

(c) (I) Credits that the authority has allocated to a governmental or quasi-governmental entity pursuant to subsection (5)(a) of this section or a credit that a governmental or quasi-governmental entity transfers pursuant to subsection (5)(b) of this section are subject to recapture if, as of the last day of any taxable year during the compliance period, the amount of the qualified basis of the governmental or quasi-governmental entity is less than the qualified basis of the governmental or quasi-governmental entity as of the last day of the prior taxable year.

(II) If a credit transferred by a governmental or quasi-governmental entity is recaptured pursuant to subsection (5)(c)(I) of this section, the government or quasi-governmental entity shall notify the department of the identity of the transferee to which it transferred the credit and the transferee must increase the transferee's state income tax liability pursuant to section 39-22-5704 in the same manner and to the same extent as a partner, shareholder, member, or other qualified taxpayer of an owner allocated a credit pursuant to subsection (4) of this section.

(6) No credit shall be allocated pursuant to this part 57 unless the qualified development is the subject of a recorded deed restriction requiring the development to be maintained and operated as a qualified development, and is in accordance with the accessibility and adaptability requirements of the federal tax credits and title VIII of the "Civil Rights Act of 1968", as amended by the "Fair Housing Amendments Act of 1988", 42 U.S.C. sec. 3601 et seq., for a period of fifteen income tax years, or a longer period as may be agreed to between the authority and the owner, beginning with the first income tax year of the credit period unless corrected within the time that is applicable to developments receiving federal tax credits pursuant to section 42(h)(6)(J) of the internal revenue code as applicable to the covenant described in this subsection (6).

(7) The allocated credit amount may be taken against the taxes imposed by this article 22 for each income tax year of the credit period as set forth in subsection (2) of this section. Any amount of credit that exceeds the tax due for an income tax year may be carried forward as a tax credit against the income tax liability for the three subsequent tax years and must be applied first to the earliest years possible. Any amount of the credit that is not used must not be refunded to the taxpayer.

(8) Unless otherwise provided in this part 57 or the context clearly requires otherwise, the authority shall determine eligibility for a credit and allocate credits in accordance with the standards and requirements set forth in the allocation plan; however, the authority shall administer the credit allowed pursuant to this part 57 consistently with the credit pursuant to part 21 of this article 22 except to the extent the allocation plan is inconsistent with part 21 of this

article 22, in which case the allocation plan controls. Notwithstanding the foregoing, any combination of federal and state credits, or standalone amount of state credits, allowed must be the least amount necessary to ensure the financial feasibility of a qualified development.

### **39-22-5704. Recapture.**

(1) As of the last day of any income tax year during the compliance period, if the amount of the qualified basis of a qualified development with respect to a qualified taxpayer is less than the amount of the qualified basis as of the last day of the prior income tax year, then the amount of the qualified taxpayer's state income tax liability for that taxable year must be increased by the credit recapture amount.

(2) For purposes of subsection (1) of this section, the credit recapture amount is an amount equal to the aggregate decrease in the credit allowed to the taxpayer pursuant to this part 57 for all prior income tax years that would have resulted if the accelerated portion of the credit allowable by reason of this part 57 was not allowed for all prior income tax years with respect to the reduced amount of qualified basis described in subsection (1) of this section.

(3) For purposes of subsection (2) of this section, the accelerated portion of the credit for the prior income tax years with respect to any amount of qualified basis is the difference between:

(a) The aggregate amount of the credit allowed pursuant to this part 57, notwithstanding this subsection (3), for the years with respect to the qualified basis; and

(b) The aggregate amount of the credit that would be allowed pursuant to this part 57 for the years with respect to the qualified basis if the aggregate credit that would have been allowable, but for this subsection (3), for the entire compliance period were allowable ratably over fifteen years.

(4) In the event that recapture of any credit is required in any tax year, the return submitted for that tax year to the department shall include the proportion of credit required to be recaptured, the identity of each qualified taxpayer subject to the recapture, and the amount of credit previously allocated to the qualified taxpayer.

(5) Notwithstanding subsection (1) of this section, credits issued pursuant to this part 57 must not be recaptured if a qualified development, after the initial award of credits, ceases being located in a transit and housing investment zone.

**39-22-5706. Parallel credits - insurance premium taxes - definition.**

(1) Any taxpayer who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128 and therefore exempt from the payment of income tax and who is otherwise eligible to claim a credit pursuant to this part 57 may claim the credit and carry the credit forward against the insurance premium tax on its calendar quarter estimated tax payments made in accordance with section 10-3-209 to the same extent as the taxpayer would have been able to claim or carry forward the credit or refund against income tax. All other provisions of this part 57 with respect to the credit, including the amount, allocation, and recapture of the credit and the years for which the credit may be claimed, apply to a credit claimed pursuant to this section.

(2) For purposes of administering this section, any reference in this article 22 to "income tax year" means calendar year.

**39-23.5-101. Short title.**

This article shall be known and may be cited as the "Colorado Estate Tax Law".

**Source: L. 79:** Entire article added, p. 1431, § 16, effective July 3.

**39-23.5-102. Definitions.**

As used in this article, unless the context otherwise requires:

- (1) "Alien" means a decedent who, at the time of the decedent's death, was not domiciled in Colorado or any other state of the United States and was not a citizen of the United States.
- (2) "Colorado return" means the Colorado estate tax return with respect to the credit allowable under section 2011 of the internal revenue code and the Colorado generation-skipping transfer tax return with respect to the credit allowable under section 2604 of the internal revenue code.
- (3) "Decedent" means a deceased natural person.
- (4) "Department" means the department of revenue.

(4.5) Repealed.

(5) "Domiciliary" means a decedent who was domiciled in Colorado at the time of such decedent's death.

(5.5) "Federal additional estate tax return" means any federal estate tax return designated for reporting the recapture of estate tax under section 2032A of the internal revenue code, the additional estate tax imposed for failure to materially participate in a business, dispositions of interests, or other noncompliance under section 2057 of the internal revenue code, and the additional estate tax imposed for failure to implement the agreement under section 2031 of the internal revenue code.

(6) "Federal credit" means the maximum amount of the credit for state death taxes allowable under section 2011 of the internal revenue code or, in the case of an alien, under section 2102 of the internal revenue code.

(7) "Federal return" means the federal estate tax return with respect to the credit allowable under section 2011 of the internal revenue code and the federal generation-skipping transfer tax return with respect to the credit allowable under section 2604 of the internal revenue code.

(8) "Generation-skipping transfer" means every transfer for which a credit for state taxes is allowable under section 2604 of the internal revenue code.

(9) "Gross estate" means gross estate as defined in section 2031 of the internal revenue code or, in the case of an alien, in section 2103 of the internal revenue code.

(9.5) "Internal revenue code" means the "Internal Revenue Code of 1986", as amended, and any regulations thereunder. The change of references in this article from the "Internal Revenue Code of 1954" to the "Internal Revenue Code of 1986" shall not affect any act done or any right accrued or accruing before or after such change, but all rights and liabilities shall continue and may be enforced in the same manner as if such references had not been changed.

(10) "Nondomiciliary" means a decedent, other than an alien decedent, who was not domiciled in Colorado at the time of such decedent's death.

(11) "Other state" means any of the fifty states in the United States (other than Colorado), the District of Columbia, or any possession or territory of the United States.

(12) "Person" includes any natural person, corporation, association, limited liability company, partnership, joint venture, syndicate, estate, trust, or other entity under which business or other activities may be conducted.

(13) "Personal representative" means the personal representative of a decedent's estate, as defined by the "Colorado Probate Code", articles 10 to 17 of title 15, C.R.S., or, if there is no personal representative appointed, qualified, and acting within this state, any person in actual or

constructive possession of any property of the decedent within the meaning of section 2203 of the internal revenue code.

(13.3) "Person required to file" means any person, including a personal representative, qualified heir, distributee, or trustee required or permitted to file a federal return or a Colorado return pursuant to the provisions of the internal revenue code or this article.

(13.6) "Qualified heir" means a qualified heir as defined in section 2032A (e)(1) of the internal revenue code or as defined in section 2057 (i)(1) of the internal revenue code if the family-owned business deduction provisions of the internal revenue code are applicable.

(14) to (16) Repealed.

(17) "Transfer" means a transfer within the meaning of section 2001 of the internal revenue code.

(17.5) Repealed.

(17.7) "Unified credit" means the credit against federal estate tax under sections 2010 and 2102 (c)(1) of the internal revenue code.

(18) Except as provided in section 39-23.5-108 (5)(c)(I), "value" means gross value as finally determined for purposes of the federal estate tax or generation-skipping transfer tax.

**Source:** **L. 79:** Entire article added, p. 1431, § 16, effective July 3. **L. 83:** (1), (2), (6) to (9), (13), (17), and (18) amended, (4.5), (9.5), (13.3), (13.6), and (17.5) added, and (14) to (16) repealed, pp. 1532, 1538, §§ 1, 15, effective July 1. **L. 88:** (2), (7), (8), (9.5), and (17) amended and (4.5) and (17.5) repealed, pp. 1325, 1327, §§ 1, 7, effective April 6. **L. 90:** (12) amended, p. 457, § 39, effective April 18. **L. 92:** (5.5) and (17.7) added and (18) amended, p. 2247, § 2, effective July 1. **L. 98:** (5.5) and (13.6) amended, p. 314, § 1, effective July 1. **L. 99:** (5.5) and (13.6) amended, p. 630, § 43, effective August 4.

**39-23.5-103. Tax on transfer of gross estate of domiciliaries - amount - credit - property of a domiciliary defined.**

(1) A tax in the amount of the federal credit is imposed on the transfer of the gross estate of every domiciliary. For Colorado estate tax purposes, no credit for taxes is allowable in determining such federal credit other than the unified credit.

(2) If any property of a domiciliary is subject to a death tax imposed by another state or states for which a credit is allowable under section 2011 of the internal revenue code, the amount of the tax due under this article shall be reduced by the lesser of:

(a) The amount of the death tax paid the other state which is allowed as a credit against the federal estate tax; or

(b) An amount determined by multiplying the federal credit by a fraction, the numerator of which is the value of the domiciliary's gross estate less the value of the property of a domiciliary, as defined in subsection (3) of this section, that is included in the domiciliary's gross estate and the denominator of which is the value of the domiciliary's gross estate.

(3) Property of a domiciliary includes real property held in trust or otherwise that is not situated in some other state; tangible personal property except that which has an actual situs in some other state; and all intangible personal property, wherever the notes, bonds, stock certificates, or other evidence, if any, thereof may be physically located or wherever the banks or other debtors thereof may be located or domiciled; except that real property in a personal trust shall not be taxed if such real property has an actual situs in some other state.

#### **39-23.5-104. Tax on transfer of gross estate of nondomiciliaries - amount - property of a nondomiciliary defined.**

(1) A tax in an amount determined as provided in this section is imposed on the transfer of the gross estate located in Colorado of every nondomiciliary.

(2) The tax shall be an amount determined by multiplying the federal credit by a fraction, the numerator of which is the value of the property located in Colorado which is included in the gross estate and the denominator of which is the value of the nondomiciliary's gross estate. For Colorado estate tax purposes, no credit for taxes is allowable in determining such federal credit under this subsection (2) other than the unified credit.

(3) Property located in Colorado of a nondomiciliary includes real property situated in this state held in trust or otherwise and tangible personal property which has an actual situs in this

state, but intangibles that have acquired an actual or business situs in this state shall not be taxable.

**39-23.5-105. Tax upon transfer of gross estate of aliens - amount - property of alien defined.**

(1) A tax in an amount determined as provided in this section is imposed on the transfer of the gross estate located in Colorado of every alien.

(2) The tax shall be an amount determined by multiplying the federal credit by a fraction, the numerator of which is the value of the property located in Colorado which is included in the gross estate and the denominator of which is the value of the alien's gross estate. For Colorado estate tax purposes, no credit for taxes is allowable in determining such federal credit under this subsection (2) other than the unified credit.

(3) Property located in Colorado of an alien includes real property situated in this state held in trust or otherwise; tangible personal property which has an actual situs in this state; and intangible personal property if the physical evidence of such property is located within this state or if such property is directly or indirectly subject to protection, preservation, or regulation under the laws of this state, to the extent such property is included in the decedent's gross estate.

**39-23.5-106. Tax on generation-skipping transfer - amount - property included in generation-skipping transfer.**

(1) A tax in an amount determined as provided in this section is imposed on every generation-skipping transfer.

(2) The tax shall be an amount determined by multiplying the maximum amount allowable under section 2604 of the internal revenue code by a fraction, the numerator of which is the value of the property located in Colorado included in the generation-skipping transfer and the denominator of which is the value of all property included in the generation-skipping transfer.

(3) Property located in Colorado includes real property situated in this state held in trust or otherwise; tangible personal property which has an actual situs in this state; and intangible personal property owned by a trust having its principal place of administration in this state at the time of the generation-skipping transfer.

**Law reviews.** For article, "Automatic and Elective Allocation of Generation-Skipping Transfer Tax Exemption", see 32 Colo. Law. 69 (Mar. 2003).

#### **39-23.5-107. Tax returns - date to be filed - extension.**

(1) With respect to every gross estate or generation-skipping transfer, the person required to file a federal return shall file with the department on or before the date the federal return is required to be filed:

- (a) A Colorado return for the tax due under this article; and
- (b) A true copy of the federal return.

(2) If the person required to file has obtained an extension of time for filing the federal return, the filing required by subsection (1) of this section shall be similarly extended until the end of the time period granted in the extension of time for filing the federal return. A true copy of said extension shall be filed with the department within thirty days of issuance.

(3) No Colorado return need be filed if the gross estate or generation-skipping transfer does not require the filing of a federal return.

(4) If the gross estate or generation-skipping transfer does not require the filing of a Colorado return, the person who would otherwise be required to file a Colorado return may apply to the department for the issuance of a certificate of tax determination. If the department is satisfied that the gross estate or generation-skipping transfer is not subject to the tax imposed by this article or that the tax liability has been fully discharged, it shall issue a certificate of tax determination. Such certificate, when issued, shall indicate it has been determined, based upon the Colorado return as filed, that the person who filed the Colorado return is free of any claim by the state for taxes owed under this article.

(5) No tax waiver, consent to transfer, certificate of tax determination, or similar document shall be required for the transfer of any real or personal property located in Colorado included in a gross estate or generation-skipping transfer in the case of decedents dying and generation-skipping transfers occurring on or after July 1, 1980.

(6) If any person fails or refuses to make any return required by this article, the executive director may make such return for such person from such information as may be available, and any assessment based on such return made by the executive director shall be as good and sufficient as if such return had been made and filed by the person liable therefor.

(7) Any person who makes a special use valuation election in a federal return and who is required to file a federal additional estate tax return as a result of a premature disposition of property or premature cessation of the qualified use shall file with the department on or before the date the federal additional estate tax return is required to be filed:

- (a) A Colorado return for the estate tax due under this article; and
- (b) A true copy of the federal additional estate tax return.

(8) Any person who makes a family-owned business deduction election in a federal return and who is required to file a federal additional estate tax return as a result of failure to materially participate in the business, disposition of interest, or other noncompliance with the requirements of section 2057 of the internal revenue code shall file with the department on or before the date the federal additional estate tax return is required to be filed:

- (a) A Colorado return for the estate tax due under this article; and
- (b) A true and correct copy of the federal additional estate tax return.

(9) Any person who elects a qualified conservation easement exclusion in a federal return as allowed under section 2031 of the internal revenue code and who is required to file a federal additional estate tax return as a result of failure to implement the agreement described in section 2031 of the internal revenue code shall file with the department on or before the date the federal additional estate tax return is required to be filed:

- (a) A Colorado return for the estate tax due under this article; and
- (b) A true and correct copy of the federal additional estate tax return.

**39-23.5-108. Payment date - extension - installment.**

(1) The tax due under this section shall be paid to the department by the person required to file not later than the date the Colorado return is required to be filed under section 39-23.5-107.

(2) If the person required to file has obtained an extension of time for payment of the federal tax or has elected to pay such tax in installments, such person may elect to extend the time for payment of the tax due under this article in accordance with such extension, or to pay such tax in installments, in the same manner as provided for payment of the federal tax. Such election shall be made by:

(a) Filing with the department at the time such tax is due a true copy of the application for extension of time for payment or the election to pay the federal tax in installments with the returns required under section 39-23.5-107; and

(b) In the case of installment payments, an agreement consenting to the creation of a special lien under subsection (5) of this section filed with the department on or before the due date for filing the Colorado return, including extensions of time for filing such return. The department may also grant extensions for the filing of such an agreement.

(3) Any person making an estimated federal estate tax payment with the federal application for extension of time for payment shall make an estimated Colorado estate tax payment to the department not later than the date the application for extension of time for payment is filed under subsection (2) of this section. A true copy of the federal extension of time for payment indicating the action taken by the internal revenue service shall be filed with the department within thirty days of issuance.

(4) Any person making the election to pay the Colorado estate tax in installments under subsection (2) of this section may not defer a percentage of such tax exceeding the percentage of federal tax actually deferred and may not defer an amount of tax greater than the tax attributable to the interest in the closely held business subject to such tax. Proof of the federal estate tax installment payment shall be submitted annually with the Colorado estate tax installment payment.

(5) (a) As used in this subsection (5):

(I) "Deferral period" means the period for which the payment of tax under this article is deferred pursuant to the election to pay such tax in installments under subsection (2) of this section.

(II) "Deferred amount" means the amount of tax under this article that is deferred pursuant to subsection (2) of this section.

(III) "Required interest amount" means the interest payable to the department over the first four years that taxes are deferred pursuant to subsection (2) of this section.

(IV) "Section 6166 lien property" means interests in real and other property to the extent that such interests can be expected to survive the deferral period and are designated in the agreement required by paragraph (b) of subsection (2) of this section consenting to the creation of a special lien under this subsection (5).

(b) In the case of installment payments, the deferred amount, plus any interest, penalties, and costs attributable to such deferred amount, shall be a special lien in favor of the state on the section 6166 lien property. Except as otherwise provided in this subsection (5) and subsection (2) of this section, such special lien shall be subject to the same conditions, limitations, definitions, terms, and other provisions of the internal revenue code as the special lien in favor of the United States under section 6324A of such code for federal estate tax deferred under section 6166 of such code. For the purpose of applying the provisions of such code to the special lien under this subsection (5), the terms defined in paragraph (a) of this subsection (5) shall have the meanings given them in such paragraph, and the term "secretary" shall refer to the department.

(c) (I) As used in this paragraph (c), "value" shall have the same meaning as it has when it is used in section 6324A (b) of the internal revenue code.

(II) The value required as section 6166 lien property shall be the deferred amount and the required interest amount. For this purpose, the deferred amount and the required interest amount shall be determined as of the date prescribed for the payment of the tax imposed by this article, and the value required as section 6166 lien property shall be determined by taking into account any encumbrances including any federal tax liens. Only property subject to the jurisdiction of the courts of this state shall be recognized in determining the value of section 6166 lien property required by this subsection (5).

(d) Except as otherwise provided in this subsection (5), the agreement referred to in this subsection (5) shall meet the requirements of the agreement referred to in section 6324A of the internal revenue code. The personal representative shall be named as agent in the agreement consenting to the special lien unless another person is named as the agent in a similar agreement filed with and accepted by the federal tax authorities. In the case that such other person is named in both such agreements, the department shall deal with such other person in matters relating to the installment payments and the special lien.

(e) The special lien shall arise when the department files notice thereof in accordance with the applicable provisions of the internal revenue code and shall continue until the deferred

amount, plus any interest, penalties, and costs attributable to the deferred amount, is satisfied or such lien is released. The department may release such lien in whole or in part.

(f) (I) In the event of any default in the payment of the tax due under this article or any other act or failure to act permitting the acceleration of the payment of installments, the executive director of the department, through the attorney general, may bring and prosecute an action in the name of the state as plaintiff for the purpose of enforcing such lien against all or any of the property subject thereto in all cases where any tax has become a lien upon any property under the provisions of this article. In any such action the owner of any property, or of any interest in the property, against which the lien of any such tax is sought to be enforced, and any predecessor in interest of any such owner whose title or interest was deraigned through any such decedent by will or succession or by decree of distribution of the estate of such decedent or any lien or encumbrance subsequent to the lien of such tax may be made a party defendant.

(II) Actions may be brought against the state by any interested person for the purpose of quieting the title to any property against the lien or claim of lien of any taxes under this article or for the purpose of having it determined that any property is not subject to any lien for taxes, nor chargeable with any tax under this article. An action shall not be maintained where any proceedings are pending in any court of this state wherein the taxability of such transfer and the liability therefor, and the amount thereof, may be determined. All parties interested in said transfer and in the taxability thereof shall be made parties thereto, and any interested person who refuses to join as plaintiff therein may be a defendant. Summonses for the state in such action shall be served upon the attorney general. Should the court determine that the property described in the complaint is subject to the lien of said tax and that such property has been transferred within the meaning of this article, the court shall award affirmative relief to the state, and judgment shall be rendered therein in favor of the state ascertaining and determining the amount of such tax, the person liable, and the property chargeable or subject to the lien.

(6) The personal representative shall file notice with the department of any default in the payment of amounts or other act or failure to act with respect to the payment of the corresponding amounts of federal tax or with respect to any bonds or special liens thereon which could or do result in the termination of the extension or deferral of the payment of the federal tax under the internal revenue code. Such notice shall specify the name and account number of the estate and the nature and circumstances of such default, act, or failure to act and shall be filed within ten days of such default, act, or failure to act. The department may accelerate the payment of tax, and interest and penalties thereon, extended or deferred under subsection (2) of this section when:

(a) Any default, other act, or failure to act with respect to the payment of the corresponding amounts of federal tax results in the termination of the extension or of the deferral of the payment of such federal tax; or

(b) Any similar default, act, or failure to act occurs with respect to the payment of the tax due under this article, including any failure to timely file the notice required by this subsection (6) or, in the case of installment payments, with respect to the special lien under subsection (5) of this section, including any failure to add property as required and within the time allowed under the applicable internal revenue code provisions.

### **39-23.5-109. Interest.**

(1) Any tax due under this article which is not paid within nine months after the date of the decedent's death or the generation-skipping transfer shall bear interest on the unpaid balance due at the rate prescribed by section 39-21-110.5 from nine months after such death or transfer until such tax is paid. The interest imposed by this section shall apply regardless of any extension of time to pay the tax or of any election to use an installment method of payment of the tax.

(2) If a special use valuation election was made in a federal return and thereafter additional Colorado estate tax is due as a result of a premature disposition of property or premature cessation of the qualified use, interest shall accrue from the due date of the federal additional estate tax return regardless of any federal extension of time for payment.

(3) If a qualified family-owned business deduction election was made in a federal return and thereafter additional Colorado estate tax is due as a result of failure to materially participate in the business, disposition of interests, or other noncompliance with the requirements of section 2057 of the internal revenue code, interest shall accrue from the due date of the federal additional estate tax return regardless of any federal extension of time for payment.

(4) If a qualified conservation easement election was made on a federal return and thereafter additional Colorado estate tax is due as a result of any failure to implement the agreement described in section 2031 of the internal revenue code, interest shall accrue from the due date of the federal additional estate tax return regardless of any federal extension of time for payment.

### **39-23.5-110. Penalty.**

(1) If any person fails to pay any tax by the date due under the provisions of this article, there shall be collected as a penalty for such failure the greater of the sum of fifteen dollars or five percent of the amount of such tax if the failure is for not more than one month, with an additional five percent for each additional month or fraction thereof during which such failure continues, not exceeding twenty percent in the aggregate. The executive director may reduce or waive the penalty imposed by this subsection (1) for reasonable cause.

(2) If any person fraudulently or willfully fails to file any return under the provision of this article, there shall be collected as a penalty for such failure the sum of seventy-five dollars or one hundred percent of the amount of the tax, if any, whichever is greater.

(3) If any person files a fraudulent or willfully false return under the provisions of this article, there shall be collected as a penalty the sum of one hundred dollars or one hundred fifty percent of the amount of the tax, if any, whichever is greater.

(4) If, after determination and assessment of any tax imposed by this article, any person fails to pay the same within the time specified by any notice and demand sent to him by the executive director, there shall be collected as a penalty for such failure a sum equal to fifteen percent of the amount of the tax demanded.

(5) If any person fraudulently fails to pay any tax when due under the provisions of this article or willfully seeks to evade the payment thereof, there shall be collected as a penalty for such failure a sum equal to one hundred fifty percent of the amount of the tax.

(6) In the case of failure to file the Colorado return on the date prescribed by section 39-23.5-107, determined with regard to any extension of time for filing, there shall be collected as a penalty for such failure an amount equal to five percent of the amount of the tax due under this article, with an additional five percent per month or portion thereof, during which such failure continues, not exceeding twenty percent in the aggregate. If a similar penalty for failure to file timely the federal return for estate taxes is waived, such waiver shall be deemed to constitute reasonable cause for purposes of this section. The executive director may reduce or waive the penalty imposed by this subsection (6) for reasonable cause.

(7) All of the penalties provided in subsections (1) to (6) of this section shall be cumulative and shall be collected at the same time and in the same manner as the tax, with the exception that, if the penalties provided for in subsections (1) and (6) of this section both apply, then only the larger of the two penalties shall be assessed, or, if equal, only one penalty shall apply.

#### **39-23.5-111. Amended returns - final determination.**

(1) If the person required to file files an amended federal return, he shall immediately file with the department an amended Colorado return and a true copy of the amended federal return. If the person required to file is required to pay an additional tax under this article pursuant to such amended return, he shall pay such additional tax, together with interest as provided in section 39-23.5-109, at the same time he files the amended return, subject, however, to any extension or installment election under section 39-23.5-108.

(2) Upon final determination or redetermination of the federal tax due in respect of any gross estate or generation-skipping transfer, the person required to file shall, within sixty days after such determination or redetermination, give written notice of it to the department, in such form as may be prescribed by regulation. If any additional tax is due under this article by reason of such determination or redetermination, the person required to file shall pay the same, together with interest as provided in section 39-23.5-109, at the same time he files such notice, subject, however, to any extension or installment election under section 39-23.5-108.

#### **39-23.5-112. Refund for overpayment.**

(1) Whenever the department determines that the tax due under this article has been overpaid, the department is authorized to refund the amount of the overpayment, together with interest at the rate prescribed by section 39-21-110.5 from the date of the overpayment or from nine months after the date of the decedent's death or the generation-skipping transfer, whichever is later, pursuant to a claim for refund for the same filed by the person required to file the return or the person who paid the tax. No claim for refund may be filed after the later of either:

(a) The last day provided under the internal revenue code for filing a claim for refund for the corresponding federal tax, taking into account any extensions and suspensions of the period for making such a filing; or

(b) The last date that an assessment could be made by the department with respect to such tax under section 39-23.5-115 (4).

### **39-23.5-113. Criminal acts relating to returns.**

Any person who willfully fails to file a Colorado return when required by this article, or who willfully files a false return, or who willfully fails to pay any tax required by this article shall be punished as provided by section 39-21-118.

**Source:** **L. 79:** Entire article added, p. 1435, § 16, effective July 3. **L. 80:** Entire section R&RE, p. 523, § 3, effective July 1. **L. 83:** Entire section amended, p. 1536, § 11, effective July 1. **L. 85:** Entire section amended, p. 1256, § 8, effective January 1, 1986.

### **39-23.5-114. Liability for payment.**

(1) The tax imposed by this article shall be paid by the person required to file. No person required to file shall be liable for a sum greater than the value of the property actually received by him.

(2) If the tax imposed by this article is not paid when due, the spouse, qualified heir, distributee, transferee, trustee (except the trustee of an employees' trust which meets the requirement of section 401 (a) of the internal revenue code), surviving tenant, person in possession of the property by reason of the exercise, nonexercise, or release of a power of appointment, or beneficiary who receives, or has on the date of the decedent's death, property included in the gross estate or the generation-skipping transfer shall, to the extent of the value of such property for Colorado tax purposes, be personally liable for such tax. The personal liability imposed by this subsection (2) shall, with respect to estates of decedents dying or generation-skipping transfers occurring on or after July 1, 1980, not be valid as against any purchaser, mortgagee, pledgee, or transferee of, or a holder of a security interest in, such property if acquired by him for a full and adequate consideration in money or money's worth. A recorded instrument on which a state documentary fee is noted pursuant to section 39-13-103 shall be prima facie evidence that the transfer described in such instrument was for full and adequate consideration in money or money's worth.

**39-23.5-115. Administration by department - action for collection of tax - appeals - limitations.**

(1) The department is charged with the administration and enforcement of this article and may promulgate such rules and regulations under the "State Administrative Procedure Act", article 4 of title 24, C.R.S., as may be required to effectuate the purposes of this article.

(2) The department is authorized to collect the tax provided for in this article, including applicable interest and penalties, and shall represent this state in all matters pertaining to the same, either before courts or in any other manner. The department may institute proceedings for the collection of this tax and any interest and penalties on the tax under the provisions of sections 24-4-106 and 24-35-109, C.R.S., or any other applicable law, in the probate court of Denver or in any other court of competent jurisdiction. The mailing of a notice of final agency action shall be considered a final agency action or a final order of such an agency for the purposes of judicial review under section 24-4-106, C.R.S., and such action or order shall become effective sixty days after the mailing of said notice. No distraint and sale proceedings under the provisions of section 24-35-109, C.R.S., shall be commenced until such final agency action or final order of such agency is no longer subject to judicial review under the provisions of section 24-4-106, C.R.S.

(3) Nothing in this article shall be construed to deny the right of appellate review as provided by law and the Colorado appellate rules.

(4) (a) As used in this subsection (4) and subsections (5) and (6) of this section, the term "tax" includes penalty.

(b) Except as otherwise provided in paragraphs (c) to (e) of this subsection (4) and subsection (6) of this section, the assessment of any tax imposed by this article shall be made within the later of either:

(I) Three years after the filing of the applicable Colorado return; or

(II) One year after the expiration of the period of time provided under the internal revenue code, together with any extensions and suspensions of such period under such code, for assessing a deficiency in the corresponding federal tax or changing the reported federal gross estate or generation-skipping transfer.

(c) Where, before the expiration of the period of limitations on assessment, both the department and the person required to file have consented in writing to an assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon. The

period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(d) A written proposed adjustment by the department of any tax liability under this article sent to the person required to pay the tax or the representative of such person before the expiration of the period of limitation on assessment under this subsection (4) shall extend such period with respect to such proposed adjustment for one year after a final determination, with respect to such proposed adjustment, or assessment is made.

(e) In the event that a federal amended return is filed, the running of the period of limitations on assessment under this subsection (4) shall be suspended with respect to any additional tax due under this article by reason of such amended return until the date that an amended Colorado return with a true copy of such amended federal return is filed with the department of revenue as required by section 39-23.5-111 (1). In the event that a final determination of federal tax due is made, the running of the period of limitations on assessment under this subsection (4) shall be suspended with respect to any additional tax due under this article by reason of such determination until written notice of such determination, in the form required by regulation, is given to the department as required by subsection (2) of this section.

(f) For the purposes of this subsection (4) and section 39-23.5-112, a tax return filed before the last day prescribed by law or by regulation promulgated pursuant to law for the filing thereof shall be considered as filed on such last day.

(5) (a) Except as provided in paragraph (b) of this subsection (5) and subsection (6) of this section, an assessment of any tax imposed under this article having been made according to law shall be good and valid, and collection thereof and interest thereon may be enforced at any time within six years from the date of said assessment.

(b) The running of the period of limitations for collection of any such tax shall be suspended for the period of any extension of time for payment thereof under the provisions of section 39-23.5-108 (2).

(6) In the case of failure to file a return or the filing of a false or fraudulent return with the intent to evade tax, the tax may be assessed and collected at any time.

(7) In the event that the federal tax authorities collect or otherwise receive payment of the gross federal tax with respect to which the federal credit would be allowable but for the failure to pay the amount of such federal credit to the department as tax under this article by the person required to file the return or to provide such authorities with acceptable proof of such payment, the Denver probate court or other court of competent jurisdiction shall, on motion of the department:

(a) Order such person to secure the refund of the amount of tax from the federal tax authorities attributable to such federal credit on the behalf of the department in payment of the tax under this article; or

(b) Appoint any qualified person or the department as special administrator for the purpose of securing such refund on behalf of the department in payment of the tax under this article.

**39-23.5-116. Deposit of moneys collected - legislative finding.**

(1) In order to provide revenue for the old age pension fund created and established by article XXIV of the state constitution in an amount at least equal to that presently provided by the inheritance tax laws of this state, which laws shall not apply to estates of decedents dying on or after January 1, 1980, all moneys collected by the department under this article are hereby allocated to and shall be deposited in the old age pension fund created and established by article XXIV of the state constitution.

(2) The general assembly finds that subsection (1) of this section repeals no law which provides revenue for the old age pension fund and amends no law so as to reduce the revenue provided for the old age pension fund, except as is allowed by article XXIV of the state constitution.

This article shall be known and may be cited as the "Uniform Act on Interstate Compromise and Arbitration of Inheritance Taxes".

**Source:** L. 53: p. 355, § 1. CRS 53: § 138-8-1. C.R.S. 1963: § 138-7-1.

#### **39-24-102. Definitions.**

As used in this article 24, unless the context otherwise requires:

- (1) "Board" means a board of arbitrators formed pursuant to section 39-24-105.
- (2) "State" means any state, territory, or possession of the United States and the District of Columbia.

**Source:** L. 53: p. 355, § 2. CRS 53: § 138-8-2. C.R.S. 1963: § 138-7-2. L. 2025: Entire section amended, (SB 25-275), ch. 377, p. 2104, § 316, effective August 6.

### **39-24-103. Interpretation.**

This article shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it.

**Source:** L. 53: p. 355, § 3. CRS 53: § 138-8-3. C.R.S. 1963: § 138-7-3.

### **39-24-104. Compromise agreement - filing - penalty.**

(1) When the executive director of the department of revenue claims that a decedent was domiciled in this state at the time of his death and the taxing authorities of another state make a like claim on behalf of their state, the said executive director may make a written agreement of compromise with the other taxing authorities and the executor or administrator of such decedent that a certain sum shall be accepted in full satisfaction of all inheritance taxes imposed by this state, including any interest or penalties to the date of signing the agreement. The agreement shall also fix the amount to be accepted by the other states in full satisfaction of inheritance taxes. The executor or administrator of such decedent is authorized to make such agreement. Such agreement shall finally and conclusively fix and determine the amount of tax payable to this state without regard to any other provision of the laws of this state.

(2) Unless the tax so agreed upon is paid within sixty days after the signing of such agreement, interest or penalties shall thereafter accrue upon the amount fixed in the agreement, but the time between the decedent's death and the signing of such agreement shall not be included in computing the interest or penalties. In the event the aggregate amount payable under such agreement to the states involved is less than the maximum credit allowable to the estate against the United States estate tax imposed with respect thereto, the personal representatives forthwith shall also pay to the department of revenue so much of the difference between such aggregate amount and the amount of such credit as the amount payable to the department under the agreement bears to such aggregate amount. A copy of any such agreement shall be filed in the court having jurisdiction of the administration of the estate and any existing appraisement shall be deemed modified according to said agreement.

(3) In the event no appraisement has been made and filed prior to said agreement, the executive director of the department of revenue shall direct an appraisement to be made and filed in the court having jurisdiction of the administration of the estate in accordance with said agreement.

**39-24-105. Arbitration agreement - board of arbitrators.**

When the executive director of the department of revenue claims that a decedent was domiciled in this state at the time of his death and the taxing authorities of another state make a like claim on behalf of their state, the said executive director may make a written agreement with the other taxing authorities and with the executor or administrator of such decedent to submit the controversy to the decision of a board. The executor or administrator of such decedent is authorized to make the agreement. The parties to the agreement shall select the arbitrator or arbitrators.

**Source: L. 53:** p. 356, § 5. **CRS 53:** § 138-8-5. **C.R.S. 1963:** § 138-7-5. **L. 73:** p. 1475, § 35. **L. 2025:** Entire section amended, (SB 25-275), ch. 377, p. 2104, § 317, effective August 6.

**39-24-106. Hearings.**

The board shall hold hearings at such times and places as it may determine upon reasonable notice to the parties to the agreement, all of whom shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses.

**Source: L. 53:** p. 356, § 6. **CRS 53:** § 138-8-6. **C.R.S. 1963:** § 138-7-6.

**39-24-107. Powers of board.**

The board has power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of books, papers, and documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena, any judge of a court of record of this state, upon application by the board, may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt.

**39-24-111. Penalties for nonpayment.**

If it is determined by the board that the decedent died domiciled in this state, interest or penalties, if otherwise imposed by law for nonpayment of inheritance taxes between the date of the agreement and of filing of the determination of the board as to domicile, shall not exceed ten percent per annum.

**Source: L. 53:** p. 357, § 11. **CRS 53:** § 138-8-11. **C.R.S. 1963:** § 138-7-11.

**39-24-112. Compromise by parties.**

Nothing in this article shall prevent at any time a written compromise, if otherwise lawful, by all parties to the agreement made pursuant to section 39-24-104, fixing the amounts to be accepted by this and any other state involved in full satisfaction of inheritance taxes.

**Source: L. 53:** p. 357, § 12. **CRS 53:** § 138-8-12. **C.R.S. 1963:** § 138-7-12.

**39-24-113. Compensation and expenses.**

The compensation and expenses of the members of the board and its employees may be agreed upon among such members and the executor or administrator and, if they cannot agree, shall be fixed by any court having jurisdiction over probate matters of the state determined by the board to be the domicile of the decedent. The amounts so agreed upon or fixed shall be deemed an administration expense and shall be paid by the executor or administrator.

### **39-26-102. Definitions.**

As used in this article 26, unless the context otherwise requires:

(1) "Agricultural commodity" means any agricultural commodity as defined in section 35-28-104 (1), C.R.S.; except that, for purposes of this article, "agricultural commodity" shall also include sugar beets, timber and timber products, oats, malting barley, barley, hops, rice, milo, and any other feed grain.

(1.3) "Auction sale" means any sale conducted or transacted at a permanent place of business operated by an auctioneer or a sale conducted and transacted at any location where tangible personal property is sold by an auctioneer when such auctioneer is acting either as agent for the owner of such personal property or is in fact the owner thereof. The auctioneer at any sale defined in subsection (10) of this section, except when acting as an agent for a duly licensed retailer or vendor or when selling only tangible personal property that is exempt under the provisions of section 39-26-716 (4)(a) and (4)(b), is a retailer or vendor as defined in subsection (8) of this section and the sale made by the auctioneer is a retail sale as defined in subsection (9) of this section, and the business conducted by said auctioneer in accomplishing such sale is the transaction of a business as defined by subsection (2) of this section.

(2) "Business" includes all activities engaged in or caused to be engaged in with the object of gain, benefit, or advantage, direct or indirect.

(2.5) "Charitable organization" means any entity organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involve the provision of athletic facilities or equipment), or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation, and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office, or any veterans' organization registered under section 501 (c)(19)

of the federal "Internal Revenue Code of 1986", as amended. In determining whether an organization qualifies as a charitable organization, the department of revenue shall presume that an organization that presents the department with a 501(c)(3) determination letter from the internal revenue service qualifies as a charitable organization. The department shall not presume that an organization does not qualify as a charitable organization because of a change in the organization's 501(c)(3) status. Nothing in this subsection (2.5) prevents the department of revenue from reviewing whether an organization qualifies as a "charitable organization" for purposes of this subsection (2.5).

(2.6) "Coins" means monetized bullion or other forms of money manufactured from gold, silver, platinum, palladium, or other such metals now, in the future, or heretofore designated as a medium of exchange under the laws of this state, the United States, or any foreign nation.

(2.7) "Cooperative direct mail advertising" means advertising for one or more businesses which is in the form of discount coupons, advertising leaflets, or other printed advertising which are delivered by mail in a single package or bundle to potential customers of such businesses participating in such advertising.

(2.8) "Direct mail advertising materials" means discount coupons, advertising leaflets, and other printed advertising, including, but not limited to, accompanying envelopes and labels.

(3) "Doing business in this state" means the selling, leasing, or delivering in this state, or any activity in this state in connection with the selling, leasing, or delivering in this state, of tangible personal property or taxable services by a retail sale as defined in this section, for use, storage, distribution, or consumption within this state. This subsection (3) affects the imposition, application, or collection of sales and use taxes only. "Doing business in this state" includes, but shall not be limited to, the following acts or methods of transacting business:

(a) The maintaining within this state, directly or indirectly or by a subsidiary, of an office, distribution facility, salesroom, warehouse, storage place, or other similar place of business, including the employment of a resident of this state who works from a home office in this state; or

(b) The soliciting, either by direct representatives, indirect representatives, manufacturers' agents, or by distribution of catalogues or other advertising, or by use of any communication media, or by use of the newspaper, radio, or television advertising media, or by any other means whatsoever, of business from persons residing in this state and by reason thereof receiving orders from, or selling or leasing tangible personal property to, such persons residing in this state for use, consumption, distribution, and storage for use or consumption in this state.

(c) **Economic nexus.**

(I) Except as provided in subsection (3)(c)(II) of this section, a person is doing business in this state in a calendar year:

(A) If in the previous calendar year the person has made retail sales of tangible personal property, commodities, or services in the state as specified in section 39-26-104 (3), exceeding one hundred thousand dollars; or

(B) On and after the first day of the month after the ninetieth day after the person has made retail sales of tangible personal property, commodities, or services in the state as specified in section 39-26-104 (3), in the current calendar year that exceed one hundred thousand dollars.

(II) Beginning October 1, 2019, for purposes of determining whether the thresholds set forth in subsection (3)(c)(I) of this section are met:

(A) A marketplace facilitator shall include all sales made by marketplace sellers in and through its marketplace; and

(B) A marketplace seller shall not include any sales made in or through a marketplace facilitator's marketplace.

(III) This subsection (3)(c) does not apply to any person who is doing business in this state under subsection (3)(a) of this section but otherwise applies to any other person.

(4) "Farm close-out sale" means a sale by auction or private treaty of all tangible personal property of a farmer or rancher previously used by him in carrying on his farming or ranching operations. Unless said farmer or rancher is making or attempting to make full and final disposition of all property used in his farming or ranching operations and is abandoning the said operations on the premises whereon they were previously conducted, such sale shall not be deemed a "farm close-out sale" within the meaning of this article.

(4.5) (a) "Food" means food for domestic home consumption as defined in 7 U.S.C. sec. 2012 (k), as amended, for purposes of the federal food stamp program, or any successor program, as defined in 7 U.S.C. sec. 2012 (l), as amended; except that "food" does not include carbonated water marketed in containers; chewing gum; seeds and plants to grow foods; prepared salads and salad bars; packaged and unpackaged cold sandwiches; deli trays; and hot or cold beverages served in unsealed containers or cups that are vended by or through machines or non-coin-operated coin-collecting food and snack devices on behalf of a vendor.

(b) In determining whether a food product is for domestic home consumption, unless the vendor is described in section 39-26-104 (1)(e), no inference shall be drawn from the type of vendor selling the product, the location of the product within a store, or the manner in which the product is marketed.

(5) "Gross taxable sales" means the total amount received in money, credits, or property, excluding the fair market value of exchanged property which is to be sold thereafter in the usual course of the retailer's business, or other consideration valued in money from sales and purchases at retail within this state, and embraced within the provisions of this article. The taxpayer may

take credit in this report of gross sales for an amount equal to the sale price of property returned by the purchaser when the full sale price thereof is refunded whether in cash or by credit. The fair market value of any exchanged property which is to be sold thereafter in the usual course of the retailer's business, if included in the full price of a new article, shall be excluded from the gross sales. On all sales at retail, valued in money, when such sales are made under conditional sales contract, or under other forms of sale where the payment of the principal sum thereunder is extended over a period longer than sixty days from the date of sale thereof, only such portion of the sale amount thereof may be counted for the purpose of imposition of the tax imposed by this article as has actually been received in cash by the taxpayer during the period for which the tax imposed by this article is due and payable. Taxes paid on gross sales represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax provided in this article, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts so collected.

(5.5) "Livestock" means cattle, horses, mules, burros, sheep, lambs, poultry, swine, ostrich, llama, alpaca, and goats, regardless of use, and any other animal which is raised primarily for food, fiber, or hide production. "Livestock" shall also mean "alternative livestock" as defined under section 35-41.5-102, C.R.S. "Livestock" shall not mean a pet animal as defined under section 35-80-102 (10), C.R.S.

(5.6) "Livestock production facility" means any structure used predominately for the housing, containing, sheltering, or feeding of livestock, including, without limitation, barns, corrals, feedlots, and swine houses.

(5.7) ***[Editor's note: For the applicability of this subsection (5.7) on or after January 1, 2027, see the editor's note following this section.]*** "Mainframe computer access" means the provision of access to computer equipment for the purpose of storing or processing data. "Mainframe computer access" does not include the provision of access to computer equipment for the purpose of examining or acquiring data maintained by the vendor.

(5.8) "Marketplace" means a physical or electronic forum, including, but not limited to, a store, a booth, an internet website, a catalog, or a dedicated sales software application, where tangible personal property, commodities, or services are offered for sale.

(5.9) (a) "Marketplace facilitator" means a person who:

(I) Contracts with a marketplace seller to facilitate for consideration, regardless of whether the consideration is deducted as fees from the transaction, the sale of the marketplace seller's tangible personal property, commodities, or services through the person's marketplace;

(II) Engages directly or indirectly, through one or more affiliated persons, in transmitting or otherwise communicating the offer or acceptance between a purchaser and the marketplace seller; and

(III) Either directly or indirectly, through agreements or arrangements with third parties, collects the payment from the purchaser and transmits the payment to the marketplace seller.

(b) A "marketplace facilitator" does not include a person that exclusively provides internet advertising services or lists products for sale, and that does not otherwise meet the definition set forth in subsection (5.9)(a) of this section.

(6) "Marketplace seller" means a person, regardless of whether the person is doing business in this state, who has an agreement with a marketplace facilitator and offers for sale tangible personal property, commodities, or services through a marketplace owned, operated, or controlled by a marketplace facilitator.

(6.1) "Medical marijuana" has the same meaning as set forth in section 44-10-103 (34).

(6.2) "Multichannel seller" means a retailer that offers for sale tangible personal property, commodities, or services through a marketplace owned, operated, or controlled by a marketplace facilitator, and through other means.

(6.3) "Person" includes any individual, firm, limited liability company, partnership, joint venture, corporation, estate, or trust or any group or combination acting as a unit, and the plural as well as the singular number.

(6.4) "Packing and crating" means tangible personal property furnished to prepare tangible personal property purchased at retail for delivery to a location designated by the purchaser.

(6.5) "Photocopying" means the sale of a document rendered on paper or other similar material by a machine that creates an accurate reproduction of the original. "Photocopying" does not include the provision of a photocopy in connection with services if the purchaser is not charged separately for photocopying.

(6.6) "Precious metal bullion" means any precious metal, including, but not limited to, gold, silver, platinum, and palladium, that has been put through a process of refining and is in such a state or condition that its value depends upon its precious metal content and not its form.

(6.7) "Pre-press preparation printing materials" means those tangible products converted to use for a specific print job that are subsequently saved but can only be reused for that same print client on rerun. Title to such pre-press preparation printing materials must pass to an independent customer with the sale of the printed materials, and they must be reusable for their original purpose or a similar purpose after the press run. Examples of "pre-press preparation printing materials" include, but are not limited to, photos, color keys, dies, engravings, light sensitive film or paper, masking sheets of any material, plates, rotogravure cylinders, and proofing samples of any material. No disposable materials or materials consumed to a significant degree are pre-press preparation printing materials for the purposes of this article. Examples of disposable or

consumable materials include, but are not limited to, tape, alcohol, glues, adhesives, washes, silicon solutions, pens, markers, and cleaners.

(6.8) "Public school" means a public school of a school district in this state or an institute charter school.

(7) (a) "Purchase price" means the price to the consumer, exclusive of any direct tax imposed by the federal government or by this article 26, exclusive of any retail delivery fee and enterprise retail delivery fees imposed or collected as specified in section 43-4-218, and, in the case of all retail sales involving the exchange of property, also exclusive of the fair market value of the property exchanged at the time and place of the exchange, if:

(I) Such exchanged property is to be sold thereafter in the usual course of the retailer's business; or

(II) Such exchanged property is a vehicle and is exchanged for another vehicle and both vehicles are subject to licensing, registration, or certification under the laws of this state, including, but not limited to, vehicles operating upon public highways, off-highway recreation vehicles, watercraft, and aircraft.

(b) In the case of the sale or transfer of wireless telecommunication equipment as an inducement to a consumer to enter into or continue a contract for telecommunication services that are taxable pursuant to this part 1, "purchase price" means and shall be limited to the monetary amount paid by the consumer and shall not reflect any sales commission or other compensation received by the retailer as a result of the consumer entering into or continuing a contract for such telecommunication services. Nothing in this paragraph (b) shall be construed to define "purchase price" as it applies to the amount a retailer collects from a consumer who defaults or terminates a contract for telecommunication services.

(c) With respect to the purchase price of a heavy truck, trailer, or tractor, the price to the consumer shall also be exclusive of the federal excise tax on the first retail sale of the heavy truck, trailer, or tractor for which the retailer is liable.

(7.5) "Qualified purchaser" means a person domiciled in Colorado who has been issued a direct payment permit number pursuant to section 39-26-103.5.

(7.6) and (7.7) Repealed.

(8) "Retailer" or "vendor" means a person doing business in this state known to the trade and public as such, and selling to the user or consumer, and not for resale. The term includes a marketplace facilitator, a marketplace seller, and a multichannel seller doing business in this state.

(9) "Retail sale" includes all sales made within the state except wholesale sales.

(10) "Sale" or "sale and purchase" includes installment and credit sales and the exchange of property as well as the sale thereof for money; every such transaction, conditional or otherwise, for a consideration, constituting a sale; and the sale or furnishing of electrical energy, gas, steam, telephone, or telegraph services taxable under the terms of this article. Neither term includes:

(a) A division of partnership or limited liability company assets among the partners or limited liability company members according to their interests in the partnership or limited liability company;

(b) The formation of a corporation by the owners of a business and the transfer of their business assets to the corporation in exchange for all the corporation's outstanding stock, except qualifying shares, in proportion to the assets contributed;

(c) The transfer of assets of shareholders in the formation or dissolution of professional corporations;

(d) The dissolution and the pro rata distribution of the corporation's assets to its stockholders;

(e) The transfer of assets from a parent corporation to a subsidiary corporation or corporations which are owned at least eighty percent by the parent corporation, which transfer is solely in exchange for stock or securities of the subsidiary corporation;

(f) The transfer of assets from a subsidiary corporation or corporations which are owned at least eighty percent by the parent corporation to a parent corporation or to another subsidiary which is owned at least eighty percent by the parent corporation, which transfer is solely in exchange for stock or securities of the parent corporation or the subsidiary which received the assets;

(g) A transfer of a limited liability company or partnership interest;

(h) The transfer in a reorganization qualifying under section 368 (a)(1) of the "Internal Revenue Code of 1986", as amended;

(i) The formation of a limited liability company or partnership by the transfer of assets to the limited liability company or partnership or transfers to a limited liability company or partnership in exchange for proportionate interests in the limited liability company or partnership;

(j) The repossession of personal property by a chattel mortgage holder or foreclosure by a lienholder;

(k) The transfer of assets between parent and closely held subsidiary corporations, or between subsidiary corporations closely held by the same parent corporation, or between corporations which are owned by the same shareholders in identical percentage of stock ownership amounts, computed on a share-by-share basis, when a tax imposed by this article was paid by the transferor corporation at the time it acquired such assets, except to the extent

provided by subsection (12) of this section. For the purposes of this paragraph (k), a closely held subsidiary corporation is one in which the parent corporation owns stock possessing at least eighty percent of the total combined voting power of all classes of stock entitled to vote and owns at least eighty percent of the total number of shares of all other classes of stock.

(11) "Sale" or "sale and purchase", in addition to the items included in subsection (10) of this section, includes the transaction of furnishing rooms or accommodations by any person, partnership, limited liability company, association, corporation, estate, receiver, trustee, assignee, lessee, or person acting in a representative capacity or any other combination of individuals by whatever name known to a person who for a consideration uses, possesses, or has the right to use or possess any room in a hotel, apartment hotel, lodging house, motor hotel, guesthouse, guest ranch, trailer coach, mobile home, auto camp, or trailer court and park, under any concession, permit, right of access, license to use, or other agreement, or otherwise.

(12) Except as otherwise provided in this subsection (12), the sales tax is imposed on the full purchase price of articles sold after manufacture or after having been made to order and includes the full purchase price for material used and the service performed in connection therewith, excluding, however, such articles as are otherwise exempted in this article. In connection with the transactions referred to in paragraph (k) of subsection (10) of this section, the sales tax is imposed only on the amount of any increase in the fair market value of such assets resulting from the manufacturing, fabricating, or physical changing of the assets by the transferor corporation. Except as otherwise provided in this subsection (12), the sales price is the gross value of all materials, labor, and service, and the profit thereon, included in the price charged to the user or consumer.

(13) "School" means an educational institution having a curriculum comparable to grade, grammar, junior high, high school, or college, or any combination thereof, requiring daily attendance, having an enrollment of at least forty students, and charging a tuition fee.

(13.5) (Deleted by amendment, L. 2011, (HB 11-1293), ch. 299, p. 1437, § 4, effective July 1, 2012.)

(14) "State treasurer" or "treasurer" means the state treasurer of the state of Colorado.

(15) (a) (I) "Tangible personal property" means corporeal personal property. The term embraces all goods, wares, merchandise, products and commodities, and all tangible or corporeal things and substances that are dealt in and capable of being possessed and exchanged, except as set forth in this subsection (15). The term shall not be construed to include newspapers, as legally defined by section 24-70-102, preprinted newspaper supplements that become attached to or inserted in and distributed with such newspapers, or direct mail advertising materials that are distributed in Colorado by any person engaged solely and exclusively in the business of providing cooperative direct mail advertising; except that, commencing March 1, 2010, for purposes of the state sales or use tax, "tangible personal property" shall include direct mail

advertising materials that are distributed in Colorado by any person engaged solely and exclusively in the business of providing cooperative direct mail advertising.

(II) No funding received from revenues received as a result of the passage of House Bill 10-1189, enacted in 2010, shall be used to fund additional full-time equivalent state employees.

(b) (Deleted by amendment, L. 2011, (HB 11-1293), ch. 299, p. 1437, § 4, effective July 1, 2012.)

(b.5) (I) "Tangible personal property" includes digital goods. The method of delivery does not impact the taxability of a sale of tangible personal property. Examples of methods used to deliver tangible personal property under current technology include but are not limited to compact disc, electronic download, and internet streaming.

(II) As used in this subsection (15)(b.5), "digital good" means any item of tangible personal property that is delivered or stored by digital means, including but not limited to video, music, or electronic books.

(c) ***[Editor's note: For the applicability of this subsection (15)(c) on or after January 1, 2027, see the editor's note following this section.]***

(I) "Tangible personal property" includes computer software.

(II) As used in this subsection (15)(c), unless the context otherwise requires:

(A) (Deleted by amendment, L. 2026.)

(B) "Computer software" means a set of coded instructions that are both designed to cause a computer or other electronic device to perform a task and are delivered by any means, including compact disc, download, or remote access through the internet. "Computer software" includes applications installed on cellular phones, tablets, or other mobile devices.

(C) to (G) (Deleted by amendment, L. 2026.)

(III) and (IV) (Deleted by amendment, L. 2026.)

(16) "Tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he is required to report his collections, as the context may require.

(17) "Taxpayer" means any person obligated to account to the executive director of the department of revenue for taxes collected or to be collected under the terms of this article.

(18) "Wholesaler" means a person doing a regularly organized wholesale or jobbing business, and known to the trade as such and selling to retail merchants, jobbers, dealers, or other wholesalers, for the purpose of resale.

(19) (a) (I) "Wholesale sale" means a sale by wholesalers to retail merchants, jobbers, dealers, or other wholesalers for resale and does not include a sale by wholesalers to users or consumers not for resale, and the latter sales shall be deemed retail sales and subject to the provisions of this article 26.

(II) The purpose of the wholesale sale exemption from the tax levied pursuant to section 39-26-104 (1)(a) is to ensure that sales tax is levied and collected only on a final end sale to a retail consumer and not on wholesale sales to avoid a single product being taxed multiple times before it is sold to a consumer.

(III) The effectiveness of the wholesale exemption from the tax levied pursuant to section 39-26-104 (1)(a) is measured by the number of taxpayers claiming the wholesale exemption from tax and the amount of tax liability not paid.

(b) "Wholesale sale" includes sales of all pre-press preparation printing materials, as defined in subsection (6.7) of this section, that are used by a printer for a specific printing contract where the printed product is sold at retail to a customer accepting delivery within this state.

(c) (I) "Wholesale sale" includes sales of agricultural compounds and spray adjuvants to be consumed by, administered to, or otherwise used in caring for livestock and all sales of semen for agricultural or ranching purposes.

(II) For purposes of this paragraph (c), "agricultural compounds" means:

(A) Insecticides, fungicides, growth-regulating chemicals, enhancing compounds, vaccines, and hormones;

(B) Drugs, whether dispensed in accordance with a prescription or not, that are used for the prevention or treatment of disease or injury in livestock;

(C) Animal pharmaceuticals that have been approved by the food and drug administration.

(III) For purposes of this paragraph (c), "spray adjuvants" means products that are used to increase the effectiveness of a pesticide.

(d) "Wholesale sale" includes sales of pesticides that are registered by the commissioner of agriculture for use in the production of agricultural and livestock products pursuant to the "Pesticide Act", article 9 of title 35, C.R.S., and offered for sale by dealers licensed to sell such pesticides pursuant to section 35-9-115, C.R.S.

(e) "Wholesale sale" includes sales of fertilizer for use in the production of agricultural commodities. For purposes of this subsection (19)(e), "fertilizer" means fertilizer as defined in section 35-12-103 (12), but not including specialty fertilizer as defined in section 35-12-103 (30).

(f) "Wholesale sale" includes sales of spray adjuvants for use in the production of agricultural commodities. For purposes of this subsection (19)(f), "spray adjuvants" means products that are used to increase the effectiveness of a pesticide.

(f.5) "Wholesale sale" includes sales of agricultural compounds for use in the production of agricultural commodities. For purposes of this subsection (19)(f.5), for income tax years commencing on or after January 1, 2026, "agricultural compounds" means soil conditioners, plant amendments, plant growth regulators, mulches, compost, soil used for aboveground production of agricultural commodities, manure, fish for non-stocking purposes, fish embryos, and fish eggs.

(g) (I) Repealed.

(II) For purposes of this subsection (19), on or after July 1, 2025, "agricultural commodities" includes products regulated under article 10 of title 44.

(20) (a) Sales to and purchases of tangible personal property by a person engaged in the business of manufacturing, compounding for sale, profit, or use, any article, substance, or commodity, which tangible personal property enters into the processing of or becomes an ingredient or component part of the product or service which is manufactured, compounded, or furnished, and the container, label, or the furnished shipping case thereof, shall be deemed to be wholesale sales and shall be exempt from taxation under this part 1.

(b) As used in paragraph (a) of this subsection (20) with regard to food products, tangible personal property enters into the processing of such products and is therefore exempt from taxation when:

(I) It is intended that such property become an integral or constituent part of a food product which is intended to be sold ultimately at retail for human consumption; or

(II) Such property, whether or not it becomes an integral or constituent part of a food product, is a chemical, solvent, agent, mold, skin casing, or other material; is used for the purpose of producing or inducing a chemical or physical change in a food product or is used for the purpose of placing a food product in a more marketable condition; and is directly utilized and consumed, dissipated, or destroyed, to the extent it is rendered unfit for further use, in the processing of a food product which is intended to be sold ultimately at retail for human consumption.

(21) (a) Sales and purchases of electricity, coal, gas, fuel oil, steam, coke, or nuclear fuel, for use in processing, manufacturing, mining, refining, irrigation, construction, telegraph, telephone, and radio communication, street and railroad transportation services, and all industrial uses, and newsprint and printer's ink for use by publishers of newspapers and commercial printers shall be deemed to be wholesale sales and shall be exempt from taxation under this part 1.

(b) Repealed.

(c) *[Editor's note: For the applicability of this subsection (21)(c) on or after January 1, 2027, see the editor's note following this section.]*

(I) Beginning July 1, 2026, but before July 1, 2046, a retailer that sells food or drink as described in section 39-26-104 (1)(e) is deemed to use gas and electricity in the processing of prepared food as follows:

(A) If the retailer's sales of prepared food exceed twenty-five percent of the retailer's total sales revenue, one hundred percent of the purchase price paid by the retailer for gas and electricity is exempt from taxation under the provisions of this part 1. The retailer may claim the exemption described in this subsection (21)(c)(I)(A) with the gas or electric service utility or as a credit against the tax collected by the retailer.

(B) If the retailer's sales of prepared food are twenty-five percent or less of the retailer's total sales revenue, the retailer is allowed a credit against the tax collected by the retailer pursuant to this part 1 in an amount equal to one-half of one percent of a retailer's sales of prepared food.

(II) A retailer who chooses to claim the credit allowed by this subsection (21)(c) must claim the credit for the previous calendar year on the sales tax return made for the month of January; except that a seasonal retailer must claim the credit on the sales tax return made for the month of June.

(22) Should a dispute arise between the purchaser and seller as to whether or not any such sale is exempt from taxation, nevertheless the seller shall collect and the purchaser shall pay such tax, and the seller shall thereupon issue to the purchaser a receipt or certificate, on forms prescribed by the executive director of the department of revenue, showing the names of the seller and purchaser, the items purchased, the date, price, amount of tax paid, and a brief statement of the claim of exemption. The purchaser thereafter may apply to the said executive director for a refund of such taxes, and it is the executive director's duty to determine the question of exemption, subject to review by the courts, as provided in section 39-21-105. If any seller fails to collect or purchaser fails to pay the tax levied by this article 26 and on sales on which exemption is disputed, the seller or purchaser commits:

(a) A petty offense if the amount is less than three hundred dollars;

(b) A class 2 misdemeanor if the amount is three hundred dollars or more but less than one thousand dollars;

(c) A class 1 misdemeanor if the amount is one thousand dollars or more but less than two thousand dollars;

(d) A class 6 felony if the amount is more than two thousand dollars but less than five thousand dollars;

(e) A class 5 felony if the amount is five thousand dollars or more but less than twenty thousand dollars;

(f) A class 4 felony if the amount is twenty thousand dollars or more but less than one hundred thousand dollars;

(g) A class 3 felony if the amount is one hundred thousand dollars or more but less than one million dollars; and

(h) A class 2 felony if the amount is one million dollars or more.

(23) Except as provided in section 39-26-713 (1)(a), when right to continuous possession or use for more than three years of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made, such lease or contract shall be considered the sale of such article, and the tax shall be computed and paid by the vendor upon the rentals paid.

**Editor's note:** (1) Subsections (2.6), (2.7), and (2.8) were enacted as (2.8), (2.6), and (2.7) in 1990 but were renumbered on revision in 1991 to put the definitions in alphabetical order.

(2) Subsections (2.6)(b) and (6.5)(b) provided for the repeal of subsections (2.6) and (6.5), respectively, effective April 17, 1995. (See L. 90, p. 1740.) Subsections (2.6) and (6.5) have subsequently been reenacted.

(3) Section 2 of chapter 288, Session Laws of Colorado 1990, provides that section 1 of the act amending subsection (15) shall be deemed to have remedied a defect in the prior law and shall not be construed to interfere with any vested right or contract. In view of the foregoing, the amendment to subsection (15) shall apply to any legal or administrative proceeding, whether commenced prior to, on, or after April 3, 1990.

(4) In 2008, the federal food stamp program was renamed the supplemental nutrition assistance program by Pub.L. 110-234 and Pub.L. 110-246. The term "food stamp program" has been retained in subsection (4.5) to maintain conformity with existing state law and programs.

(5) Amendments to subsection (15) by House Bill 10-1189 and House Bill 10-1192 were harmonized.

(6) Subsection (21)(b)(II) provided for the repeal of subsection (21)(b), effective July 1, 2012. (See L. 2010, p. 41.)

(7) Amendments to subsection (5.8) by SB 19-224 were harmonized with HB 19-1240 and relocated to subsection (6.1).

(8) Section 16(3) of chapter 314, Session Laws of Colorado 2013, provides that the act amending subsection (9) takes effect only if congress enacts an act that authorizes states to require certain retailers to pay, collect, or remit state or local sales taxes. Subsection (9) as amended in section 2 of chapter 314 was further amended by House Bill 19-1240 to repeal the changes made by said chapter 314, effective June 1, 2019, and therefore reverts the statutory language to what is currently in effect.

(9) Section 9 of chapter 379 (HB 26-1223), Session Laws of Colorado 2026, provides that sections 2 and 3 the act changing this section apply to the sale, storage, use, and consumption of tangible personal property on or after January 1, 2027.

(10) Subsection (19)(g)(I)(B) provided for the repeal of subsection (19)(g)(I), effective July 1, 2026. (See L. 2025, p. 917.)

Title 39 – Taxation

Colorado Revised Statutes 2026

I. General Consideration.

II. Retail Sales.

III. Wholesale Sales.

### **I. GENERAL CONSIDERATION.**

**Law reviews.** For note, "The Validity of Colorado's New Chain Store Tax", see 7 Rocky Mt. L. Rev. 138 (1935). For note, "Doing Business in Colorado for Foreign Corporations: Service of Process, Qualification, Taxation", see 49 Den. L.J. 529 (1973). For article, "Recent Developments in Colorado Sales and Use Taxes", see 18 Colo. Law. 2101 (1989). For article, "Taxability of Delivery Services in Colorado Before and After A.D. Stores", see 31 Colo. Law. 97 (May 2002). For article, "The State of Short-Term Rentals in Colorado", see 51 Colo. Law. 34 (Apr. 2022).

**The unconstitutionality of Colorado's tax system prior to 1978 amendments.** Matthews v. State Dept. of Rev., 193 Colo. 44, 562 P.2d 415 (1977).

**Company not selling or leasing equipment not denied equal protection.** The fact that a competing corporation, which purchased telephone equipment and leased it to its subscribers, did not pay any sales or use tax on the purchase did not mean that the imposition of the tax on a telephone company, which purchased equipment but did not sell or lease it to its subscribers, denied equal protection to the telephone company. W. Elec. Co. v. Weed, 185 Colo. 340, 524 P.2d 1369 (1974).

**When the credit specified in subsection (5) of this section is in conflict with a similar deduction allowed in § 39-26-113 (6), the requirements of the specific statute prevail.** The general assembly would not have taken pains in § 39-26-113 (6) to award tax deductions only to seller-financers of motor vehicles if all other motor vehicle retailers might avail themselves of tax credits provided in subsection (5). Daimler Chrysler Fin. v. Dept. of Rev., 2014 COA 24, 384 P.3d 356.

**No limit to number of times merchandise subject to tax.** There is no limit to the number of times a particular article of merchandise may be subject to a sales tax so long as it remains in the stream of commerce and passes through the regular channels of trade, and the dealer must collect the tax unless the property is exempt. Bedford v. Hartman Bros., 104 Colo. 190, 89 P.2d 584 (1939).

**Resold automobile.** Where an automobile dealer accepts a used car in part payment of a new one, he must collect the sales tax on the full price of the new car, and on disposing of the old one he also must collect the tax on the price for which it is sold. The collection of taxes in such a transaction does not constitute double taxation. Bedford v. Hartman Bros., 104 Colo. 190, 89 P.2d 584 (1939).

**When a buyer at a public foreclosure sale receives a public trustee's certificate of purchase and subsequently assigns the certificate of purchase to a third party who had no interest in the property prior to the assignment, the assignment of the**

certificate constitutes a sale or sale and purchase of tangible personal property within the meaning of this section and is therefore a taxable event for sales tax purposes. The fact that the sale is subject to the redemption rights of the debtor and junior interest holders does not alter the character of the transaction at the time it occurred or its tax implications. *Telluride Resort & Spa v. Colo. Dept. of Rev.*, 20 P.3d 1212 (Colo. App. 2000), *aff'd*, 40 P.3d 1260 (Colo. 2002).

**The definition of "charitable organization"** in a municipal tax code lends itself to two conflicting plain-meaning interpretations. In the first interpretation, in order to be eligible for a sales and use tax exemption, both religious and nonreligious charitable organizations must meet strict guidelines; in the second, a distinction is made between religious and charitable organizations, and the guidelines apply only to those organizations whose functions are nonreligious in nature. The court is obligated to support the first interpretation so as to avoid invoking a violation of the establishment clause of the federal constitution. *Catholic Health Initiatives Colo. v. City of Pueblo*, 207 P.3d 812 (Colo. 2009).

**"Person" construed.** *Montgomery Ward & Co. v. State Dept. of Rev.*, 628 P.2d 85 (Colo. 1981).

**"Unit" in subsection (6.3) construed.** To "act as a unit", the constituent members of an organization or group must act as a unit for all purposes, including for purposes of

paying sales tax. *Capital One, N.A. v. Colo. Dept. of Rev.*, 2022 COA 16, 509 P.3d 1078.

**The existence of many specific narrow exclusions from the definition of "sale" and "sale and purchase" is indication** that the general assembly intended the scope of the tax to be very sweeping and all or virtually all encompassing. *Telluride Resort & Spa v. Colo. Dept. of Rev.*, 20 P.3d 1212 (Colo. App. 2000), *aff'd*, 40 P.3d 1260 (Colo. 2002).

**"Tangible personal property" construed.** Corporeal personal property is personal property that can be perceived by any of the senses -- not exclusively the sense of touch. *Netflix, Inc. v. Dept. of Rev.*, 2025 COA 64, 575 P.3d 465.

The tax statutes, and in particular the narrow exception of subsection (10)(j), address whether the sale of land is a taxable event more specifically than the foreclosure and public trustee provisions and is consistent with the general assembly's statutory design and intent in regard to the differing purposes of the tax code and the foreclosure and public trustee provisions. *Telluride Resort & Spa v. Colo. Dept. of Rev.*, 40 P.3d 1260 (Colo. 2002).

**Exclusion from "tangible personal property"** includes property that loses its identity when it becomes an integral and inseparable part of realty and that is removable only with substantial damage to the premises. District court did not err in determining that sand used in oil and gas fracturing was not tangible personal property based on this exclusion. *Noble*

Energy v. Colo. Dept. of Rev., 232 P.3d 293 (Colo. App. 2010).

**Electricity is not tangible personal property** for sales and use tax purposes. Rather, it is taxed as a service. Dept. of Rev. v. Pub. Serv. Co., 2014 CO 59, 330 P.3d 385.

## **II. RETAIL SALES.**

**Unlicensed seller involved in an isolated transaction is not a "vendor" or "retailer"** within the meaning of this section and is not liable to the state for the payment of tax. J. A. Tobin Constr. Co. v. Weed, 158 Colo. 430, 407 P.2d 350 (1965).

**Vendee pays tax to state if vendor not "retailer".** The entire article clearly indicates a legislative intent to impose a tax in the amount levied upon purchases of tangible personal property at retail, such tax to be either in the nature of an addition to the sales price and collected by the seller if he is a licensed "vendor", or a tax to be paid by the consumer when the seller of the merchandise is not a "retailer" or "vendor" as those terms are defined by this section. J. A. Tobin Constr. Co. v. Weed, 158 Colo. 430, 407 P.2d 350 (1965).

**Vendee should not pay tax to unlicensed vendor.** One who makes a purchase from a seller who does not hold a license as a "retailer" or "vendor" cannot with safety pay to the seller the amount of sales tax due. J. A. Tobin Constr. Co. v. Weed, 158 Colo. 430, 407 P.2d 350 (1965).

**Contractors purchasing items to install deemed users and liable for tax.** When painting and electrical contractors purchase

items of personal property and build them into a structure as an integral part of their entire contract, and then dispose of the completed work to the owner, they are users and consumers and not "retailers" to the owner of each item, and they are liable for the sales tax. Craftsman Painters & Decorators, Inc. v. Carpenter, 111 Colo. 1, 137 P.2d 414 (1942).

**Purchase of items, not resold, by a telephone company falls within "retail sales" definition.** The purchase by a telephone company of instruments, apparatus, cable, wire, etc., which the company does not resell to its subscribers, falls within the definition of "retail sales" rather than "wholesale sales" for the purpose of the sales and use tax laws. W. Elec. Co. v. Weed, 185 Colo. 340, 524 P.2d 1369 (1974).

**Characterization of transaction may be corrected from "wholesale" to "retail".** Where the buyer's ultimate disposition of the item purchased cannot be known at the time of purchase, the transaction's tentative characterization as "wholesale" may be corrected to "retail" by considering later events. Int'l Bus. Machs. Corp. v. Charnes, 198 Colo. 374, 601 P.2d 622 (1979).

**In considering the meaning of statutory use tax exemption,** the definitions of wholesale and retail sale established by the general assembly differ from the ordinarily accepted general conception of those terms. Hirschfeld Press v. Denver, 806 P.2d 917 (Colo. 1991).

### III. WHOLESALE SALES.

#### **"Container" exemption construed.**

Glass bottles purchased from bottle manufacturer are exempt, whether or not a bottle is returnable. *Weed v. Occhiato*, 175 Colo. 509, 488 P.2d 877 (1971).

A beer keg is exempt as a "container" regardless of the fact that it is continuously reused by brewer and never sold or given away. *Adolph Coors Co. v. Charnes*, 690 P.2d 893 (Colo. App. 1984), *aff'd*, 724 P.2d 1341 (Colo. 1986).

**Wholesale exemption depends entirely upon disposition of purchased product by buyer.** The definitions of "wholesale sale" and "retail sale" are at variance with the generally accepted meanings of the terms "wholesale" and "retail". A purchaser may buy in large quantities what is commercially known as at "wholesale" and get wholesale prices and still the sale may not be exempt. Exemption depends entirely upon the disposition of a purchased product by the buyer. *Carpenter v. Carman Distrib. Co.*, 111 Colo. 566, 144 P.2d 770 (1943).

**All sales which are not wholesale sales fall within category of retail sales**, even though they are casual or isolated transactions. *Palmer v. Perkins*, 119 Colo. 533, 205 P.2d 785 (1949).

**Purchase of laundry business not wholesale sale.** The purchase of a laundry business, including all tangible and intangible property connected therewith, is deemed not to be a wholesale sale and is therefore within the category of retail sales.

*Palmer v. Perkins*, 119 Colo. 533, 205 P.2d 785 (1949).

**Neither is sale by wholesaler to driverless-car business owner.** Under the provisions of subsections (9) and (19), the sale of an automobile by a wholesaler to the owner of a driverless-car business is a sale by a wholesaler to a user or consumer not for resale, and is therefore subject to a sales tax as a retail sale. The user and consumer of an automobile may be not only he who devotes it to his own personal use, but also he who, for hire, lends or leases it to a third person. *Herbertson v. Cruse*, 115 Colo. 274, 170 P.2d 531 (1946).

**Sales tax collected only on end transaction, not intermediate sales of items.** The exemption from taxation by subsection (20) of the intermediate sales of items incorporated in a product finally sold in a finished form at retail not only was promulgated to avoid a pyramiding of sales taxes into the cost of the finished product, but also contemplated that a sales tax should be collected on the end transaction and that such should be the measure of the total imposition on the composited product. *Carpenter v. Carman Distrib. Co.*, 111 Colo. 566, 144 P.2d 770 (1943).

**Mining operations not "manufacturing" and machinery and equipment purchased by mining company taxable.** The mining operations of a corporation, even though the products thereof are devoted exclusively and necessarily to the manufacture of final products offered for sale by the company, is not "manufacturing" within the meaning of

that term as used in this and following sections, and any machinery and equipment purchased and used in the company's mining operations are taxable. *Bedford v. Colo. Fuel & Iron Corp.*, 102 Colo. 538, 81 P.2d 752 (1938).

**Recapping of tires not manufacturing process.** A recapper of tires does not sell his customers an article which was manufactured by him, and hence itself subject to the sales tax, but rather renders a service by repairing and restoring an article theretofore manufactured, and there is no sales tax collectible on "the end transaction" between the recapper and his customer; accordingly, to hold that recapping is a manufacturing process and that the materials entering into the processing are exempt from taxation, would be contrary to the intent of this section. *Zook v. Perkins*, 118 Colo. 464, 195 P.2d 962 (1948).

**Packaging material used by laundry not exempt.** The sale of wrapping paper, bags, etc., used to package the articles laundered or cleaned for return to customers are not exempted specifically. *Carpenter v. Carman Distrib. Co.*, 111 Colo. 566, 144 P.2d 770 (1943).

**Test for determining whether purchase is purchase for resale** is whether primary purpose of transaction is the acquisition of tangible personal property for resale in unaltered and basically unused condition. In

making determination, court should consider: (1) Nature of purchaser's contractual obligations, if any, to alter or consume property to produce goods or perform services; (2) degree to which items purchased are essential to purchaser's performance of obligations; (3) degree to which purchaser controls manner items are used, altered, or consumed prior to transfer to third parties; (4) and degree to which form, character, and composition of items when transferred to third parties differs from form, character, and composition of items at time of initial purchase. *Colo. Springs v. Inv. Hotel Props.*, 806 P.2d 375 (Colo. 1991).

**Property transferred to an out-of-state vendee without consideration for use outside the state in selling products qualifies for exemption even if vendee is ultimate consumer.** *Scott's Liquid Gold-Inc. v. Charnes*, 772 P.2d 658 (Colo. App. 1989).

**Purchase of hotel property located in guest rooms** does not constitute wholesale sale. *Colo. Springs v. Inv. Hotel Props.*, 806 P.2d 375 (Colo. 1991).

**In considering the meaning of statutory use tax exemption**, the definitions of wholesale and retail sale established by the general assembly differ from the ordinarily accepted general conception of those terms. *Hirschfeld Press v. Denver*, 806 P.2d 917 (Colo. 1991).

**39-26-102.5. Change of references from "Internal Revenue Code of 1954" to "Internal Revenue Code of 1986".**

The change of references in this article from the "Internal Revenue Code of 1954" to the "Internal Revenue Code of 1986" shall not affect any act done or any right accrued or accruing before or after such change, but all rights and liabilities shall continue and may be enforced in the same manner as if such references had not been changed.

**Source: L. 88:** Entire section added, p. 1327, § 5, effective April 6.

**39-26-103. Licenses - fee - revocation - definition.**

(1) (a) Except as otherwise provided in sub-subparagraph (A) of subparagraph (IV) of paragraph (b.5) of subsection (9) of this section, it is unlawful for any person to engage in the business of selling at retail without first having obtained a license therefor, which license shall be granted and issued by the executive director of the department of revenue and shall be in force and effect until December 31 of the year following the year in which it is issued, unless sooner revoked. Such license shall be granted or renewed only upon application stating the name and address of the person desiring such a license, the name of such business and the location, including the street number of such business, and such other facts as the executive director may require.

(b) It is the duty of each such licensee on or before January 1 of the second year following the year in which his license is issued or renewed to obtain a renewal thereof if the licensee remains in retail business or liable to account for the tax provided in this part 1. Unless evidence is submitted to the contrary, any account for which a license has been issued which shows no retail sales activity for any period of twelve consecutive months shall not be renewed. Such inactivity shall be considered prima facie evidence that the licensee is not in the business of selling at retail.

(c) For each license issued, a fee of sixteen dollars shall be paid, which fee shall accompany the application together with an additional fifty-dollar deposit. A further fee of sixteen dollars shall be paid for each two-year period or fraction thereof for which said license is renewed. Payment of a fee for such a license issued after June 30 shall be prorated in increments of six months. The fifty-dollar deposit shall be allowed as a credit against the Colorado sales tax to be remitted. Except for licenses issued pursuant to subsection (9)(b) of this section, all licenses issued pursuant to this section shall be renewed on a biennial basis, effective January 1, 1986.

(2) (a) If a retailer makes retail sales at two or more separate places of business in the state, a separate license for each place of business shall be required.

(b) Repealed.

(2.5) (a) If a retailer obtains a license as required in this section in good faith, the retailer provides an address that correctly indicates the location of the business, the department of revenue assigns an incorrect location code to the retailer, and the retailer in good faith collects and remits sales taxes for the local jurisdictions represented by the assigned location code, then notwithstanding this section, section 39-26-105, or section 39-26-118, the retailer is held harmless for any tax, charge, penalty, interest, or fee payable as a result of failing to collect and remit sales taxes for a local jurisdiction due to the incorrect location code.

(b) For purposes of this subsection (2.5), "location code" means the code assigned by the department of revenue to a retailer, based on the business address, when the retailer obtains a sales tax license as required in this section and represents the geographic region of the state and the local sales taxes that the retailer is required to collect and remit for such region, or means any successor system used by the department to identify the local sales taxes that a retailer is required to collect and remit based on the business location.

(3) Each license shall be numbered and shall show the name, residence, and place and character of business of the licensee and shall be posted in a conspicuous place in the place of business for which it is issued. No license shall be transferable.

(4) The executive director of the department of revenue, after reasonable notice and a full hearing, may revoke the license of any person found by the executive director to have violated any provision of this article 26. Any retailer who makes retail sales without securing a license therefor commits a petty offense and shall be punished according to section 18-1.3-503. Any retailer who makes retail sales without a license may also be subject to a civil penalty of fifty dollars per day to a maximum penalty of one thousand dollars. Such penalty shall be assessed by the executive director or the executive director's authorized agent and shall be waived or reduced if such failure to obtain such license is due to reasonable cause and not willful neglect or intent to defraud.

(5) Any finding and order of the executive director revoking the license of any person shall be subject to review by the district court of the district where the business of the licensee is conducted, upon application of the aggrieved party. The procedure for review shall be, as nearly as possible, the same as provided for the review of findings as provided by proceedings in the nature of certiorari.

(6) No license shall be required for any person engaged exclusively in the business of selling commodities which are exempt from taxation under this part 1.

(7) It is the duty of the executive director of the department of revenue, at the time of issuance of any new license for a retailer who makes retail sales, to notify the county treasurer of the county where the new licensee is located of the name and address of the licensee.

(8) (a) Any person operating exclusively as a wholesaler may apply to the department of revenue for a license to engage in the business of selling at wholesale. The application shall state the name and address of the person applying for such license, the name and location of the person's business, including the street number of such business, and such other information as the executive director of the department of revenue may require.

(b) A person shall pay a fee of sixteen dollars for each license issued under this subsection (8). If the licensee remains in the wholesale business, the licensee shall renew such license on or before January 1 of the second year following the year of issuance or renewal, but nothing in this section shall be construed to empower the executive director to refuse such renewal except revocation for cause of the licensee's prior license. Payment of a fee for a license issued after June 30 of any year shall be prorated in increments of six months. All licenses issued shall be renewed on a biennial basis, effective January 1, 1986.

(9) (a) A person operating as a charitable organization, as defined in section 39-26-102 (2.5), may apply to the department of revenue for a license to engage in the business of selling at retail. The application shall state the name and address of the person applying for such license, the name and location of the person's organization, including the street number of such organization, and such other information as the executive director of the department of revenue may require.

(b) A person conducting a singular sales event may apply to the department of revenue for a license to engage in the business of selling at retail for a temporary period of time. The application shall state the name and address of the person applying for such license, the name and location of the person's organization, including the street number of such organization, and such other information as the executive director of the department of revenue may require.

(b.5) (I) A person engaged in retail sales at more than one special sales event in any two-year period may apply to the department of revenue for a license to engage in selling at retail at such special sales event over a two-year period. Such special sales event license shall only apply to retail sales made by the person to whom the license is issued at such special sales events and shall not apply to sales at such person's business location or to any other sales. The application for such license shall state the name and address of the person desiring such a license and such other information as the executive director of the department of revenue may require. Except as otherwise provided in sub-subparagraph (A) of subparagraph (IV) of this paragraph (b.5), a person to whom a special sales event license has been issued shall file a separate return and payment of sales taxes for each special sales event at which retail sales are made by such person, which return shall be filed on the twentieth day of the month following the month in which such special sales event began.

(II) Any person who organizes a special sales event shall inform each person making any retail sales at such special sales event of the various taxes and tax rates that apply to retail sales at the special sales event and shall mail to the department within ten days of the last day of such

special sales event a list of the name, address, and special sales event license number, if any, of each person making any retail sales at the special sales event.

(III) For purposes of this paragraph (b.5), "special sales event" means an event where retail sales are made by more than three persons at a location other than their normal business location, which event occurs no more than three times in any calendar year.

(IV) (A) Any person engaged in retail sales at a special sales event shall obtain a special sales event license pursuant to the provisions of subparagraph (I) of this paragraph (b.5) unless the person who organizes such special sales event elects to obtain a special sales event license pursuant to sub-subparagraph (B) of this subparagraph (IV) and such person who engages in retail sales at such special sales event elects to remit such sales tax collected to the person who organized such special sales event. Any person engaged in retail sales at a special sales event who has obtained a special sales event license pursuant to the provisions of subparagraph (I) of this paragraph (b.5) may elect to remit sales tax collected at such special sales event to the person who organized such special sales event and to whom a special sales event license has been issued pursuant to sub-subparagraph (B) of this subparagraph (IV).

(B) Any person who organizes a special sales event may apply to the department of revenue for a license for retail sales made at such special sales event. Such special sales event license shall only apply to retail sales made at such special sales event organized by the person to whom the license is issued and shall not apply to any other special sales events or sales. The application for such license shall state the name and address of the person desiring such a license and such other information as the executive director of the department of revenue may require. A person to whom a special sales event license has been issued pursuant to this sub-subparagraph (B) shall file a separate return and shall make payment of sales tax collected by persons making retail sales at such special sales event who have elected to remit such sales tax collections to the person licensed pursuant to the provisions of this sub-subparagraph (B). Such return shall be filed on the twentieth day of the month following the month in which such special sales event began. In addition to the information specified in subparagraph (II) of this paragraph (b.5), any person issued a special sales event license pursuant to this sub-subparagraph (B) shall maintain, at his place of business, a list showing the name and address of each person making any retail sales at such special sales event, the amount of gross retail sales made by such person at such special sales event, and the amount of sales tax collected by such person on such retail sales which are remitted by such licensee.

(c) A person who sells only products which are subject to city or county, but no state, sales tax may petition the department to waive the deposit established in paragraph (c) of subsection (1) of this section.

(d) An individual having an occasional or isolated sale of tangible personal property is not required to have a Colorado retail sales tax license. Such sales must be made from the private

residences of such individuals, and the aggregate dollar amount of such sales may not exceed one thousand dollars for any one calendar year. In addition the following conditions must be met:

(I) Neither the seller nor any member of his household may be engaged in a trade or business where similar items are sold;

(II) An annual report of casual sales must be filed with the department by every individual making such sales, and the sales tax due must be remitted at the time the Colorado income tax return of such person is due as provided in article 22 of this title, on forms provided by the director, showing in detail all such sales made during the year; and

(III) All such returns shall be subscribed by the taxpayer or his agent and shall contain a written declaration that they are being made under the penalties of perjury in the second degree.

(e) In addition, when in the opinion of the executive director it is necessary for the efficient administration of this section to treat any salesman, representative, peddler, or canvasser as the agent of the vendor, distributor, supervisor, or employer under whom he operates or from whom he obtains tangible personal property sold by him or for whom he solicits business, the director may, in his discretion, treat such agent as the vendor jointly responsible with his principal, distributor, supervisor, or employer for the collection and payment over of the tax.

(f) Except as otherwise provided in this paragraph (f), a person shall pay a fee of eight dollars for each license issued under this subsection (9); except that a person shall pay a fee of sixteen dollars for a license issued or renewed under subparagraph (I) of paragraph (b.5) of this subsection (9). Any person to whom a sales tax license has been issued pursuant to paragraph (a) of subsection (1) of this section and to whom a special sales events license has been issued or renewed pursuant to paragraph (b.5) of this subsection (9) shall pay no fee for such new or renewed special sales events license. Payment of a fee for a license issued under paragraph (b.5) of this subsection (9) after June 30 of any year shall be prorated in increments of six months.

(10) Notwithstanding the amount specified for any fee in this section, the executive director of the department of revenue by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the executive director of the department of revenue by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

**Payment to an unlicensed seller is not payment to the state** and provides no protection against a demand by the state upon the purchaser for the payment of the sales tax. *J. A. Tobin Constr. Co. v. Weed*, 158 Colo. 430, 407 P.2d 350 (1965).

#### **39-26-103.5. Qualified purchaser - direct payment permit number - qualifications.**

(1) The executive director of the department of revenue may issue a direct payment permit number to any person that submits an application to the executive director demonstrating that:

(a) For the preceding twelve-month period, such person has purchased in Colorado in the aggregate at least seven million dollars of commodities, services, or tangible personal property that are subject to the tax imposed by this article. Purchases of commodities or tangible personal property to be erected upon or affixed to real property, including, but not limited to, building and

construction materials and fixtures, shall be excluded from the aggregate total of purchases of commodities, services, or tangible personal property described in this paragraph (a).

(b) (I) Except as provided in subsection (2) of this section, if such person has been subject to the collection, remittance, or reporting requirements imposed by this article or any other article in this title administered by the department of revenue for the preceding three years, such person timely filed the required returns and timely remitted the tax shown due on such returns during said three-year period; or

(II) If such person has been subject to the collection, remittance, or reporting requirements imposed by this article or any other article in this title administered by the department of revenue for less than the three preceding years, for the period beginning on the date when such person became subject to such requirements, such person timely filed the required returns and timely remitted the tax shown due on such returns; and

(c) Such person has in place an accounting system, acceptable to the executive director of the department of revenue, that will enable the department to fully and accurately collect and allocate to municipalities, counties, and other local taxing entities all sales taxes that the department collects for such municipalities, counties, and other local taxing entities.

(2) The executive director may waive the requirements of paragraph (b) of subsection (1) of this section if the person submitting the application can show that any failure to comply with such collection, remittance, or reporting requirements was due to reasonable cause.

(3) Nothing in subsection (1) of this section shall be construed to require that a person must be subject to the collection, remittance, or reporting requirements imposed by this article in order to obtain a direct payment permit number.

(4) A person shall become a qualified purchaser upon receipt of a direct payment permit number.

(5) A direct payment permit number shall be in force and effect until December 31 of the third year following the year in which it is issued, unless sooner revoked. Such permit number shall be granted or renewed only upon the filing of an application stating the information described in subsection (1) of this section.

(6) The executive director of the department of revenue may revoke the direct payment permit number of a qualified purchaser that has violated any provision of this article. The executive director shall give a notice of revocation to such qualified purchaser by first-class mail pursuant to section 39-21-105.5. Any such revocation may be appealed by the qualified purchaser within thirty days of receipt of the notice of revocation together with a request for a hearing on such revocation before the executive director or the executive director's designee. The executive director shall promulgate rules specifying the procedures for a revocation appeal hearing. A revocation appeal hearing shall take place within a reasonable time after receipt of the

request for hearing by the executive director. The executive director shall issue a finding upholding the revocation or reinstating the direct payment permit number within a reasonable time after the revocation appeal hearing.

#### **39-26-104. Property and services taxed - definitions.**

(1) There is levied and there shall be collected and paid a tax in the amount stated in section 39-26-106 as follows:

(a) On the purchase price paid or charged upon all sales and purchases of tangible personal property at retail, including, but not limited to, the amount charged for mainframe computer access, photocopying, and packing and crating;

(b) (I) In the case of retail sales involving the exchange of property, on the purchase price paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, excluding, however, from the consideration or purchase price, the fair market value of the exchanged property if:

(A) Such exchanged property is to be sold thereafter in the usual course of the retailer's business; or

(B) Such exchanged property is a vehicle and is exchanged for another vehicle and both vehicles are subject to licensing, registration, or certification under the laws of this state, including, but not limited to, vehicles operating upon public highways, off-highway recreation vehicles, watercraft, and aircraft.

(II) The exchange of three or more vehicles of the same type by any person in any calendar year in transactions subject to the provisions of this article shall be prima facie evidence that such person is engaged in the business of selling vehicles of the type involved in such transactions and that he is thereby subject to any licensing requirements necessary to engage in such activity.

(c) (I) Upon telephone and telegraph services, whether furnished by public or private corporations or enterprises for all intrastate telephone and telegraph service. On or after August 1, 2002, mobile telecommunications service shall be subject to the tax imposed by this section only if the service is provided to a customer whose place of primary use is within Colorado and the service originates and terminates within the same state. In accordance with the "Mobile Telecommunications Sourcing Act", 4 U.S.C. secs. 116 to 126, as amended, on or after August 1,

2002, mobile telecommunications service provided to a customer whose place of primary use is outside the borders of the state of Colorado is exempt from the tax imposed by this section.

(II) (A) If a customer believes that a tax, charge, or fee assessed by the state in the customer's bill for a mobile telecommunications service is erroneous, or that an assignment of place of primary use or taxing jurisdiction on said bill is incorrect, the customer shall notify the home service provider in writing within two years after the date the bill was issued. The notification from the customer shall include the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction, a description of the alleged error, and any other information that the home service provider may require.

(B) No later than sixty days after receipt of notice from a customer pursuant to subparagraph (A) of this subparagraph (II), the home service provider shall review the information submitted by the customer and any other relevant information and documentation to determine whether an error was made. If the home service provider determines that an error was made, the home service provider shall refund or credit to the customer any tax, fee, or charge erroneously collected from the customer for a period not to exceed two years. If the home service provider determines that no error was made, the home service provider shall provide a written explanation of its determination to the customer.

(C) Any customer that believes a tax, charge, or fee assessed by the state in the customer's bill for mobile telecommunications services is erroneous, or that an assignment of place of primary use or taxing jurisdiction on said bill is incorrect, may file a claim in the appropriate district court only after complying with the provisions of this subparagraph (II).

(III) As used in this paragraph (c), unless the context otherwise requires:

(A) "Act" means the federal "Mobile Telecommunications Sourcing Act", 4 U.S.C. secs. 116 to 126, as amended.

(B) "Customer" means customer as defined in section 124 (2) of the act.

(C) "Home service provider" means home service provider as defined in section 124 (5) of the act.

(D) "Mobile telecommunications service" means mobile telecommunications service as defined in section 124 (7) of the act.

(E) "Place of primary use" means the place of primary use as defined in section 124 (8) of the act.

(F) "Taxing jurisdiction" means taxing jurisdiction as defined in section 124 (12) of the act.

(IV) For telephone and telegraph services provided on or after July 1, 2003, when nontaxable services are aggregated with and not separately stated from taxable services, the provider of such

services shall collect the tax imposed by this article only on intrastate telephone and telegraph services. The provider of such services shall maintain for three years documentation of the services provided that are taxable and nontaxable. Such documentation is subject to audit, and the service provider shall be liable for any uncollected tax. A service provider shall notify the executive director of the department of revenue of the percentages of taxable and nontaxable services in a package of aggregated services within thirty days of use on any invoice.

(c.5) (I) Beginning July 1, 2025, upon telephone and telegraph services, whether furnished by public or private corporations or enterprises for interstate telephone and telegraph service, if the telephone and telegraph service originates or terminates in the state and is charged to a Colorado address.

(II) In accordance with the federal "Mobile Telecommunications Sourcing Act", 4 U.S.C. secs. 116 to 126, as amended, mobile telecommunication service provided to a customer whose place of primary use is outside of the borders of the state of Colorado is exempt from the tax imposed by this section.

(III) A taxpayer who pays a tax legally imposed by another state on a telephone or telegraph service that is taxable pursuant to this subsection (1)(c.5) is allowed a credit against the tax imposed by this section in an amount equal to the amount of the tax imposed on a telephone or telegraph service by the other state. A credit allowed pursuant to this subsection (1)(c.5)(III) shall not exceed the tax imposed on a telephone or telegraph service pursuant to this section.

(d) Repealed.

(d.1) Effective July 1, 1980, for gas and electric service, whether furnished by municipal, public, or private corporations or enterprises, for gas and electricity furnished and sold for commercial consumption and not for resale, upon steam when consumed or used by the purchaser and not resold in original form whether furnished or sold by municipal, public, or private corporations or enterprises;

(d.2) Repealed.

(e) Upon the amount paid for food or drink served or furnished in or by restaurants, cafes, lunch counters, cafeterias, hotels, social clubs, nightclubs, cabarets, resorts, snack bars, caterers, carryout shops, and other like places of business at which prepared food or drink is regularly sold, including sales from pushcarts, motor vehicles, and other mobile facilities. Cover charges shall be included as part of the amount paid for such food or drink. However, meals provided to employees of the places mentioned in this paragraph (e) at no charge or at a reduced charge shall be exempt from taxation under the provisions of this part 1.

(f) On the entire amount charged to any person for rooms or accommodations as designated in section 39-26-102 (11).

(2) Repealed.

(3) (a) Except as provided in subsections (3)(b) and (3)(c) of this section, for purposes of determining where a sale of tangible personal property, commodities, or services is made, the following rules apply:

(I) If tangible personal property, commodities, or services are received by the purchaser at a business location of the seller, the sale is sourced to that business location;

(II) If tangible personal property, commodities, or services are not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser occurs, including the location indicated by instructions for delivery to the purchaser, if that location is known to the seller;

(III) If subsections (3)(a)(I) and (3)(a)(II) of this section do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business, when use of this address does not constitute bad faith;

(IV) If subsections (3)(a)(I), (3)(a)(II), and (3)(a)(III) of this section do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including, if no other address is available, the address of a purchaser's payment instrument, when use of this address does not constitute bad faith; or

(V) If subsections (3)(a)(I), (3)(a)(II), (3)(a)(III), and (3)(a)(IV) of this section do not apply, or if the seller is without sufficient information to apply the rules set forth in subsections (3)(a)(I), (3)(a)(II), (3)(a)(III), and (3)(a)(IV) of this section, the sale is sourced to the location indicated by the address from which the tangible personal property, commodity, or service was shipped.

(b) (I) The lease or rental of tangible personal property or commodities, but not property identified in subsection (3)(b)(II) or (3)(b)(III) of this section, not leases or rentals based on a lump sum or accelerated basis, and not on the acquisition of property for lease, are sourced as follows:

(A) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with subsection (3)(a) of this section. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location is as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location is not altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

(B) For a lease or rental that does not require periodic payments, the payment is sourced the same as a retail sale in accordance with subsection (3)(a) of this section.

(II) The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not qualify as transportation equipment is sourced as follows:

(A) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location is as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The location does not change by intermittent use at different locations.

(B) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with subsection (3)(a) of this section.

(III) The lease or rental of transportation equipment is sourced in the same manner as a retail sale in accordance with subsection (3)(a) of this section.

(c) Repealed.

(d) As used in this subsection (3), unless the context otherwise requires:

(I) "Purchaser" may include a donee who is designated as such by the purchaser.

(II) "Receipt" or "receive" means taking possession of tangible personal property or commodities or making first use of services, but does not include possession by a shipping company on behalf of the purchaser.

(III) "Transportation equipment" means:

(A) Locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce;

(B) Trucks and truck-tractors with a gross vehicle weight rating of ten thousand one pounds or greater, trailers, semi-trailers, or passenger buses that are registered under the international registration plan and operated under authority of a carrier authorized and certificated by the United States department of transportation or another federal or foreign authority to engage in the carriage of persons or property in interstate or foreign commerce;

(C) Aircraft that are operated by air carriers authorized and certificated by the United States department of transportation or another federal or foreign authority to engage in the carriage of persons or property in interstate or foreign commerce; and

(D) Containers designed for use on and component parts attached or secured on the items set forth in subsections (3)(d)(III)(A) to (3)(d)(III)(C) of this section.

**Denial of such credit in computing use tax unconstitutional.** It was constitutionally impermissible for the Colorado taxing authorities to deny a trade-in allowance in computing the use tax on a motor vehicle purchased outside the state when such a credit was allowed when the vehicle was purchased in Colorado. Such unequal treatment was discriminatory and constituted an impermissible burden on interstate commerce. *Matthews v. State Dept. of Rev.*, 193 Colo. 44, 562 P.2d 415 (1977).

**Obligation for the payment of the tax is upon the consumer** whether the tax is called a "sales" tax or a "use" tax. *J. A. Tobin Constr. Co. v. Weed*, 158 Colo. 430, 407 P.2d 350 (1965).

**Use tax is supplementary to the sales tax.** *Matthews v. State Dept. of Rev.*, 193 Colo. 44, 562 P.2d 415 (1977).

**There was no credit for property exchanged outside state prior to 1978 amendments.** *Matthews v. State Dept. of Rev.*, 193 Colo. 44, 562 P.2d 415 (1977).

**Electricity taxed under subsection (1)(d.1) is taxed as a service,** not as

tangible personal property. *Dept. of Rev. v. Pub. Serv. Co.*, 2014 CO 59, 330 P.3d 385.

**Subsection (1)(e) intended to impose tax upon food of public-oriented commercial establishments.** The nature of the various facilities enumerated in subsection (1)(e) suggests a legislative intent to impose a tax upon meals or food sold by public-oriented commercial establishments, since all the businesses specifically designated as being subject to the tax are establishments ordinarily commercial in nature. *Colo. Coll. v. Heckers*, 33 Colo. App. 219, 517 P.2d 419 (1973).

**Company cafeterias subject to tax.** Where company operates cafeterias wherein persons numbering approximately 10,000 might, but need not, patronize the cafeterias, the cafeterias are subject to the tax levied by this section. *Bennetts v. Carpenter*, 111 Colo. 63, 137 P.2d 780 (1943) (decided prior to 1978 amendment).

**College snack bars or student unions.** Subsection (1)(e) does not operate to levy a sales tax upon meals or food sold by private colleges in their snack bars or student unions. *Colo. Coll. v. Heckers*, 33 Colo. App. 219, 517 P.2d 419 (1973).

**Nonprofit lodges.** Where a lodge is noncommercial and nonprofit and food service is incidental to its primary activities of furthering charitable and educational purposes and is not for pecuniary gain, and, except for rare occasions, the lodge is closed to nonmembers, this section does not apply to its food sales. *B.P.O.E. Lodge No. 804 v. State Dept. of Rev.*, 41 Colo. App. 88, 582 P.2d 1068 (1978).

**There is a strong presumption that taxation is the rule** and exemption the rare exception. *Sw. Catholic Credit Union v. Charnes*, 665 P.2d 626 (Colo. App. 1982); *Colo. Dept. of Rev. v. Woodmen of the World*, 919 P.2d 806 (Colo. 1996); *A.D. Store Co., Inc. v. Exe. Dir. of Dept. of Rev.*, 997 P.2d 1241 (Colo. App. 1999), *rev'd on other grounds*, 19 P.3d 680 (Colo. 2001).

However, when interpreting a statute, the court must honor the plain meaning of the words when they are clear, and must begin with the proposition that the purchase of personal services is generally not subject to taxation in Colorado; rather, Colorado taxes the purchase of tangible personal property valued at its sales price. *A.D. Store Co., Inc. v. Exe. Dir. of Dept. of Rev.*, 19 P.3d 680 (Colo. 2001).

**No exemption for state chartered credit unions.** No exemption as to payment of sales taxes is provided to state chartered credit unions. *Sw. Catholic Credit Union v. Charnes*, 665 P.2d 626 (Colo. App. 1982).

**Sales tax may be imposed on sale of cocaine by drug dealer** if the sale is construed as a retail, rather than wholesale, transaction. *Eggleston v. Colo.*, 636 F. Supp. 1312 (D. Colo. 1986).

**Access services for interstate telephone calls are taxable as intrastate telephone services.** Since access services are provided by facilities, equipment, and personnel which are all located entirely within the state of Colorado, they are intrastate in nature and are subject to sales tax in Colorado. *AT & T Com. v. Dept. of Rev.*, 778 P.2d 677 (Colo. 1989).

**Personal property which loses its identity when it becomes an integral and inseparable part of realty** is not tangible personal property subject to taxation under this section. *Raynor Door, Inc. v. Charnes*, 765 P.2d 650 (Colo. App. 1988); *Noble Energy v. Colo. Dept. of Rev.*, 232 P.3d 293 (Colo. App. 2010).

**The sales tax statute and applicable regulations provide that no service is taxable except those services specifically listed in the statute itself, and services rendered in "installing" or "applying" personal property are not taxable.** Alteration services rendered in connection with the sale of a garment are separable from the purchase transaction and are not independently taxable. *A.D. Store Co., Inc. v. Exe. Dir. of Dept. of Rev.*, 19 P.3d 680 (Colo. 2001).

**When mixed transaction combining delivery of services and tangible personal property cannot be meaningfully separated, taxability is based on "true object" of the transaction.** *Noble Energy v. Colo. Dept. of Rev.*, 232 P.3d 293 (Colo. App. 2010).

**Factors to determine the "true object" of a mixed transaction are:** (1) The value of the tangible property compared to that of the service; (2) whether there was an alternative method of transfer; (3) the length of time the intangible property provided retains its value; (4) constraints on the buyer's ability to use the tangible property; (5) what is actually done with the tangible property after it has yielded its intangible component; (6) whether the tangible

property represents the finished product sought by the buyer; and (7) the skill and expertise used to create the tangible property. *City of Boulder v. Leanin' Tree, Inc.*, 72 P.3d 361 (Colo. 2003); *Noble Energy v. Colo. Dept. of Rev.*, 232 P.3d 293 (Colo. App. 2010); *Am. Multi-Cinema v. City of Aurora*, 2020 COA 4, 471 P.3d 1139.

Fracturing of oil and gas wells involved services and products that were inseparable. Applying these factors, the "true object" of the transaction is to provide a service to the taxpayer, not the sale of tangible personal property. Accordingly, the transaction was exempt from the sales tax. *Noble Energy v. Colo. Dept. of Rev.*, 232 P.3d 293 (Colo. App. 2010).

**General assembly intended for the qualifying "exchange" in subsection (1)(b) to transpire in a single transaction, in which one vehicle is transferred to another person or entity as all or part of**

**the purchase price of another vehicle.**

Here, plaintiff chose to structure the purchase of the new automobile and sale of the old automobile as two distinct transactions, involving separate parties. The old vehicle was not directly transferred to a person or entity as part of the purchase price for the new vehicle and, therefore, plaintiff cannot qualify for the trade-in allowance credit under this section. *Sternal v. Fagan*, 989 P.2d 200 (Colo. App. 1999).

**When there are multiple transactions, each transaction at which an item is sold to a consumer at retail may be taxed under this section.** Furthermore, this section fails to contain an exemption expressing legislative intent that the collected tax be retained against a taxpayer where the applicable tax was paid by another. In the absence of such an intent, court will not presume an exemption. *Sternal v. Fagan*, 989 P.2d 200 (Colo. App. 1999).

### **39-26-105. Vendor liable for tax - definitions - repeal.**

(1) (a) (I) (A) Except as provided in subsections (1)(a)(I)(B), (1.3), and (1.5) of this section, every retailer shall be liable and responsible for the payment of an amount equivalent to the tax imposed by section 39-26-106 (1).

(B) A retailer who has received in good faith from a qualified purchaser a direct payment permit number issued pursuant to section 39-26-103.5 shall not be liable or responsible for the collection and remittance of the tax imposed by this article on any sale made to the qualified purchaser that is paid for directly from such qualified purchaser's funds and not the personal funds of any individual.

(II) Repealed.

(b) Every retailer shall, before the twentieth day of each month, make a return to the executive director of the department of revenue for the preceding calendar month. The executive

director shall determine what information the returns must contain, how the returns must be made, and the type of forms that must be used.

(c) (I) Every retailer shall remit, along with the return required in subsection (1)(b) of this section, an amount equivalent to the percentage on sales as specified in subsection (1)(a)(I) of this section to the executive director of the department of revenue, less an amount as set forth in subsection (1)(d) of this section to cover the retailer's expense in the collection and remittance of said tax.

(II) (Deleted by amendment, L. 2025, First Extraordinary Session.)

(III) If any retailer is delinquent in remitting said tax, other than in unusual circumstances shown to the satisfaction of the executive director of the department of revenue, the retailer shall not be allowed to retain any amounts under subsection (1)(d) of this section to cover such retailer's expense in collecting and remitting said tax, and an amount equivalent to the said percentage, plus the amount of any local vendor expense that may be allowed by the local government to the vendor, shall be remitted to the executive director by any such delinquent vendor. Any local vendor expense remitted to the executive director shall be deposited to the state general fund.

(d) (I) (A) For sales made on or after January 1, 2020, but before January 1, 2026, the amount retained by a retailer to cover the retailer's expense in collecting and remitting tax in accordance with this section is four percent of the tax reported; except that a retailer shall not retain more than one thousand dollars in any filing period.

(B) (Deleted by amendment, L. 2025, First Extraordinary Session.)

(II) A retailer with multiple locations is treated as a single retailer for purposes of this subsection (1)(d) and is required to register all locations under one account with the department of revenue.

(III) Repealed.

(IV) Beginning January 1, 2022, a retailer is not permitted to retain any money to cover the retailer's expenses in collecting and remitting tax in accordance with this section for any filing period that the retailer's total taxable sales were greater than one million dollars.

(V) Beginning January 1, 2026, a retailer is not permitted to retain any money to cover the retailer's expenses in collecting and remitting state tax in accordance with this section regardless of the retailer's total taxable sales for any filing period.

(1.3) (a) As used in this subsection (1.3), unless the context otherwise requires:

(I) "Alcoholic beverages drinking places industry" means establishments that may make sandwiches or light snacks available for consumption, that are open to the public, and are known

as bars, taverns, sales rooms, vintner's restaurants, brew pubs, distillery pubs, nightclubs, or drinking places primarily engaged in preparing and serving alcoholic beverages for immediate, on-premise consumption. "Alcoholic beverages drinking places industry" does not mean breweries, distilleries, wineries, and retail liquor, or drug stores that offer tastings.

(I.3) "Catering industry" means establishments, not including the mobile food services industry or the food services contractor industry, that are primarily engaged in providing single event-based food services for events such as graduation parties, wedding receptions, business or retirement luncheons, or trade shows and that have equipment and vehicles to transport meals and snacks to events or to prepare food at an off-premise site. "Catering industry" includes banquet halls with catering staff.

(I.5) "Food services contractor industry" means establishments, not including the catering industry, that are primarily engaged in providing food services, for the convenience of the contracting organization or the contracting organization's customers, at institutional, governmental, commercial, or industrial locations of others, based on contractual arrangements with these types of organizations for a specified period of time, such as airline food service contractors; food concession contractors at sporting, entertainment, or convention facilities; or cafeteria food services contractors at schools, hospitals, or government offices.

(I.7) "Hotel-operated restaurant, bar, or catering service" means a restaurant or other eating places industry establishment or an alcoholic beverages drinking places industry establishment located on the premises of an establishment primarily engaged in providing short-term lodging facilities and known as a hotel, motor hotel, resort hotel, motel, bed-and-breakfast inn, tourist home, guest house, youth hostel, or housekeeping cabin, including a hotel facility with a casino on the premises. "Hotel-operated restaurant, bar, or catering service" includes the sale of single event-based food services described in subsection (1.3)(a)(I.3) of this section on the premises of the establishment. "Hotel-operated restaurant, bar, or catering service" does not include sales of rooms or accommodations, gifts and sundries, recreational services, conference rooms, convention services, laundry services, parking, and other services.

(II) "Mobile food services industry" means retailers primarily engaged in preparing and serving meals, snacks, or nonalcoholic beverages for immediate consumption from motorized vehicles or nonmotorized carts. "Mobile food services industry" does not mean retailers delivering food prepared only by third parties and does not mean retailers shipping meal kits, heat-at-home meals, or other unprepared food to consumers for home consumption.

(III) (A) "Qualifying retailer" means, for each month specified in subsection (1.3)(a)(V)(A) of this section, a retailer doing business in the state that timely files sales tax returns as required under subsection (1)(b) of this section and section 39-26-109, and that operates in the alcoholic beverages drinking places industry, the restaurant and other eating places industry, or the mobile food services industry.

(B) "Qualifying retailer" means, for each month specified in subsection (1.3)(a)(V)(B) of this section, a retailer doing business in the state that timely files sales tax returns as required under subsection (1)(b) of this section and section 39-26-109, and that operates in the alcoholic beverages drinking places industry, the catering industry, the food services contractor industry, the restaurant and other eating places industry, or the mobile food services industry, or that operates a hotel-operated restaurant, bar, or catering service.

(C) "Qualifying retailer" means, for the specified sales tax periods in subsections (1.3)(a)(V)(C), (1.3)(a)(V)(D), and (1.3)(a)(V)(E) of this section, a retailer doing business in the state that timely files sales tax returns as required under subsection (1)(b) of this section and section 39-26-109 and that operates in the alcoholic beverages drinking places industry, the catering industry, the food services contractor industry, the restaurant and other eating places industry, or the mobile food services industry, or that operates a hotel-operated restaurant, bar, or catering service.

(IV) "Restaurant and other eating places industry" means establishments, not including establishments selling food from mobile vehicles, establishments presenting live theatrical productions and other entertainment facilities, hotels or bed and breakfast establishments, specialty food stores, vending machines, caterers or other food service contractors, or private cafeterias at workplaces, universities, or hospitals, that are open to the public, are known as restaurants, cafes, lunch counters, and carryout shops, and are primarily engaged in one of the following:

(A) Providing prepared food services at a fixed, physical premises to patrons who order and are served while seated, and who pay after eating;

(B) Providing prepared food services at a fixed, physical premises to patrons who generally order or select items and who pay before eating; or

(C) Preparing or serving specialty snacks or nonalcoholic beverages at a fixed, physical premises to patrons who pay before eating for consumption on or near the premises.

(V) (A) After December 7, 2020, but before June 14, 2021, "specified sales tax period" means sales made in November 2020, December 2020, January 2021, and February 2021, for which monthly returns must be filed pursuant to subsection (1)(b) of this section, on December 21, 2020, January 20, 2021, February 22, 2021, and March 22, 2021, respectively.

(B) On and after June 14, 2021, but before the effective date of this subsection (1.3)(a)(V)(B), as amended, "specified sales tax period" means sales made in June 2021, July 2021, and August 2021, for which monthly returns must be filed pursuant to subsection (1)(b) of this section, on July 20, 2021, August 20, 2021, and September 20, 2021, respectively.

(C) On and after the effective date of this subsection (1.3)(a)(V)(C), as amended, "specified sales tax period" means sales made in July 2022, August 2022, and September 2022, for which

monthly returns must be filed pursuant to subsection (1)(b) of this section, on August 20, 2022, September 20, 2022, and October 20, 2022, respectively.

(D) On and after the effective date of this subsection (1.3)(a)(V)(D), as amended, "specified sales tax period" means sales made in July 2027, August 2027, November 2027, and December 2027, for which monthly returns must be filed pursuant to subsection (1)(b) of this section, on August 20, 2027, September 20, 2027, December 20, 2027, and January 20, 2028, respectively.

(E) In addition to the definition in subsection (1.3)(a)(V)(D), on and after the effective date of this subsection (1.3)(a)(V)(E), as amended, "specified sales tax period" means sales made in July 2028, August 2028, November 2028, and December 2028, for which monthly returns must be filed pursuant to subsection (1)(b) of this section, on August 20, 2028, September 20, 2028, December 20, 2028, and January 20, 2029, respectively.

(VI) "State net taxable sales" means all sales made by the qualifying retailer during the specified sales tax period of tangible personal property, commodities, and services as specified in section 39-26-104, less any deductions and exemptions authorized in this article 26, without regard to the deduction authorized in this subsection (1.3).

(b) (I) A qualifying retailer in the alcoholic beverages drinking places industry, in the restaurant and other eating places industry, in the food services contractor industry, or operating a hotel-operated restaurant, bar, or catering service may deduct from state net taxable sales the lesser of state net taxable sales or, except as provided in subsection (1)(b)(III) of this section, seventy thousand dollars and retain the resulting sales tax collected for each month specified in subsection (1.3)(a)(V) of this section.

(II) For each month specified in subsection (1.3)(a)(V) of this section, one deduction described in subsection (1.3)(b)(I) of this section is allowed per month for each of up to five fixed physical premises that are properly licensed under section 39-26-103 (2)(a), to a qualifying retailer in the alcoholic beverages drinking places industry, in the restaurant and other eating places industry, in the food services contractor industry, or operating a hotel-operated restaurant, bar, or catering service. No deduction is allowed for:

(A) Nonphysical sites that are established for purposes of reporting sales delivered into a taxing area; or

(B) Any temporary place of business or special event.

(III) For each month specified in subsections (1.3)(a)(V)(D) and (1.3)(a)(V)(E) of this section, the maximum deduction allowed pursuant to subsection (1.3)(b)(I) of this section is fourteen thousand dollars.

(c) (I) A qualifying retailer in the mobile food services industry may deduct from state net taxable sales the lesser of aggregate state net taxable sales for all sites or, except as otherwise

provided in subsection (1)(c)(II) of this section, seventy thousand dollars per motorized vehicle or nonmotorized cart, not to exceed five motorized vehicles or nonmotorized carts, and retain the resulting state sales tax collected for each month in the specified sales tax period in subsection (1.3)(a)(V)(A) of this section.

(II) For each month specified in subsections (1.3)(a)(V)(D) and (1.3)(a)(V)(E) of this section, the maximum deduction allowed pursuant to subsection (1.3)(c)(I) of this section is fourteen thousand dollars.

(c.5) (I) A qualifying retailer in the catering industry may deduct from state net taxable sales the lesser of aggregate state net taxable sales for all events or, except as provided in subsection (1)(c.5)(II) of this section, seventy thousand dollars and retain the resulting state sales tax collected for each month specified in subsection (1.3)(a)(V) of this section.

(II) For each month specified in subsections (1.3)(a)(V)(D) and (1.3)(a)(V)(E) of this section, the maximum deduction allowed pursuant to subsection (1.3)(c.5)(I) of this section is fourteen thousand dollars.

(d) If a qualifying retailer is in both the restaurant and other eating places industry and the mobile food services industry, the qualifying retailer may claim the deduction for no more than five physical sites and for no more than five motorized vehicles and nonmotorized carts.

(e) The qualifying retailer must continue to hold state sales taxes in excess of the amount retained in trust until paid to the department of revenue as specified in section 39-26-118.

(f) The deduction and sales tax retention allowed in this subsection (1.3) applies to state net taxable sales only. Qualifying retailers may not retain payment of city, county, or special district sales taxes collected by the department of revenue. Nothing in this subsection (1.3) prevents any local government from rebating sales taxes collected by qualifying retailers pursuant to a local ordinance.

(f.5) To the extent information is available and without changing the sales tax return form, the department of revenue shall include a report to its committee of reference at a hearing held in January 2022 pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" specifying:

(I) The sales tax revenue the state did not collect as a result of the deduction allowed in this subsection (1.3); and

(II) How many retailers elected to take advantage of the deduction allowed in this subsection (1.3).

(f.7) To the extent that information is available, the department of revenue shall include a report to its committee of reference at a hearing held in January each year, pursuant to section 2-

7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" specifying:

(I) The amount of sales tax revenue that the state did not collect in the previous calendar year as a result of the deduction allowed in this subsection (1.3); and

(II) How many retailers elected to take advantage of the deduction allowed in this subsection (1.3) in the previous calendar year.

(g) This subsection (1.3) is repealed, effective December 31, 2026.

(1.5) (a) With respect to sales of tangible personal property, commodities, or services made by marketplace sellers in or through a marketplace facilitator's marketplace, a marketplace facilitator has all of the liabilities, obligations, and rights of a retailer or vendor under subsection (1) of this section and this article 26 whether or not the marketplace seller, because the marketplace seller is a multichannel seller:

(I) Has or is required to have a license under section 39-26-103; or

(II) Would have been required to collect and remit tax under this article 26 had the sale not been made in or through the marketplace.

(b) The liabilities, obligations, and rights set forth in subsection (1.5)(a) of this section are in addition to any requirements the marketplace facilitator has under subsection (1) of this section if it also offers for sale tangible personal property, commodities, or services through other means.

(c) Except as provided in subsection (3)(b) of this section, a marketplace seller, with respect to sales of tangible personal property, commodities, or services made in or through a marketplace facilitator's marketplace, does not have the liabilities, obligations, or rights of a retailer or vendor under subsection (1) of this section and this article 26 if the marketplace seller can show that such sale was facilitated by a marketplace facilitator:

(I) With whom the marketplace seller has a contract that explicitly provides that the marketplace facilitator will collect and remit sales tax on all sales subject to tax under this article 26; or

(II) From whom the marketplace seller requested and received in good faith a certification that the marketplace facilitator is registered to collect sales tax and will collect sales tax on all sales subject to tax under this article 26 made in or through the marketplace facilitator's marketplace.

(2) The executive director of the department of revenue may extend the time for making a return and paying the taxes due under such reasonable rules as the executive director may prescribe, but no such extension shall be for a greater period than is provided for in section 39-26-109.

(3) (a) Except as provided in subsection (3)(b) of this section, the burden of proving that any retailer is exempt from collecting the tax on any goods sold and paying the same to the executive director of the department of revenue, or from making such returns, shall be on the retailer under such reasonable requirements of proof as the executive director may prescribe.

(b) (I) If a marketplace facilitator demonstrates to the satisfaction of the executive director of the department of revenue that the marketplace facilitator made a reasonable effort to obtain accurate information regarding the obligation to collect tax from the marketplace seller and that the failure to collect tax on any tangible personal property, commodities, or services sold was due to incorrect information provided to the marketplace facilitator by the marketplace seller, then the marketplace facilitator, but not the marketplace seller, is relieved of liability under this section for the amount of the tax the marketplace facilitator failed to collect, plus applicable penalties and interest.

(II) If a marketplace facilitator is relieved of liability under subsection (3)(b)(I) of this section, the marketplace seller is liable under this section for the amount of tax the marketplace facilitator failed to collect, plus applicable penalties and interest.

(III) This subsection (3)(b) does not apply to any sale by a marketplace facilitator that is not facilitated on behalf of a marketplace seller or that is facilitated on behalf of a marketplace seller who is an affiliate of the marketplace facilitator.

(4) Every retailer conducting a business in which the transaction between the retailer and the consumer consists of the supplying of tangible personal property and services in connection with the maintenance or servicing of the same shall be required to pay the taxes levied under this article upon the full contract price, unless application is made to the executive director of the department of revenue for permission to use a percentage basis of reporting the tangible personal property sold and the services supplied under such contract. The executive director is authorized to determine the percentage based upon the ratio of the tangible personal property included in the consideration as it bears to the total of the consideration paid under said combination contract or sale that is subject to the sales tax levied under the provisions of this part 1. This section shall not be construed to include items upon which the sales tax is imposed on the full purchase price as designated in section 39-26-102 (12).

(5) (a) A qualified purchaser may provide a direct payment permit number to a retailer that is liable and responsible for collecting and remitting the tax imposed by this article on any sale made to the qualified purchaser. A qualified purchaser holding a direct payment permit number shall, before the twentieth day of each month subsequent to the month in which any sale to the qualified purchaser was made for which the qualified purchaser's direct payment permit number was used, make a return and remit directly to the executive director of the department of revenue the amount of such tax owing on all such sales to the qualified purchaser made in the preceding month. Such returns of the qualified purchaser or duly authorized agent shall contain such

information and be made in such manner and upon such forms as the executive director shall prescribe.

(b) Repealed.

(c) From the amount of the tax required to be remitted pursuant to subsection (5)(a) of this section, a qualified purchaser shall be entitled to retain the amount specified in subsection (1)(d) of this section that a retailer would otherwise be entitled to retain to cover the retailer's expense in collecting and remitting the tax imposed by this article 26 if the qualified purchaser had not provided a direct payment permit number to the retailer.

### **39-26-105.2. Remittance of tax - GIS - vendor held harmless - requirements of GIS database - rules - legislative declaration - definitions.**

(1) As used in this section, "GIS database" means the geographic information system database that the department of revenue owns and maintains, that meets the defined scope of

work set forth in the request for solicitation, and is provided to vendors to determine the jurisdictions to which tax is owed and to calculate appropriate sales and use tax rates for individual addresses.

(2) The department of revenue shall immediately notify vendors when the GIS database is online, tested, and verified by the department of revenue to be operational, supported, and available for use. Notification to vendors may be provided in any way that the department deems appropriate and must be accomplished within existing resources.

(3) Any vendor that collects and remits sales tax to the department of revenue as provided by law, including any local sales or use tax pursuant to part 2 of title 29, may use the GIS database. Any vendor that directly uses the data contained in the GIS database, or uses data from a third-party database that is verified to use the most recent information provided by the GIS database, to determine the jurisdictions to which tax is owed is held harmless for any tax, charge, or fee liability to any taxing jurisdiction that otherwise would be due solely as a result of an error or omission in the GIS database data.

(3.5) (a) The general assembly finds and declares that:

(I) The task force has overseen the implementation of an electronic sales and use tax simplification system, which is commonly known as "SUTS" and includes the GIS database, in furtherance of the general assembly's goal to address the complex and cumbersome nature of Colorado's unique state and local sales tax system, which is a matter of statewide concern;

(II) SUTS and the GIS database are designed, among other things, to assist businesses operating in multiple taxing jurisdictions in Colorado by providing them with a single, reliable source of sales and use tax information for the state and local taxing jurisdictions, including any county, city and county, or municipality governed by a home rule charter;

(III) While the sales and use tax bases and rates of the state and local taxing jurisdictions and the jurisdictional boundaries of such local taxing jurisdictions are subject to change over time, SUTS was specifically designed in anticipation of such changes pursuant to section 39-26-802.5 (1)(c)(IV) and (1)(c)(V);

(IV) It is a matter of statewide concern to ensure that SUTS, including the GIS database, continues to serve and evolve as an effective simplification tool upon which businesses can rely in navigating Colorado's unique and complex state and local sales tax system;

(V) Improving SUTS in this manner will decrease filing complexity, make audits of retailers more uniform for all state and local taxing jurisdictions, help streamline and reduce administrative burdens, and, consequently, encourage more businesses to begin or continue to operate across multiple taxing jurisdictions across this state; and

(VI) Any business that uses the data collected in SUTS, inclusive of data collected in the GIS database, to determine the local taxing jurisdictions to which tax is owed should be held harmless in an audit by the state or any local taxing jurisdiction, including any county, city and county, or municipality governed by a home rule charter for any tax, charge, or fee liability to any local taxing jurisdiction that would be due solely as a result of an error or omission in the SUTS or GIS database data.

(b) As used in this subsection (3.5), unless the context otherwise requires:

(I) "Electronic sales and use tax simplification system" means the electronic system described in section 39-26-802.7 for the collection and remittance of sales and use taxes.

(II) "Local taxing jurisdiction" means a city, town, municipality, county, special district, or authority authorized to levy a sales or use tax pursuant to title 24, 25, 29, 30, 31, 32, 37, 42, or 43 and any county, city and county, or municipality governed by a home rule charter that uses the electronic sales and use tax simplification system.

(III) "Tax rate" means the general sales or use tax rate imposed by a local taxing jurisdiction, without regard to any local sales or use tax exemption or special tax rate.

(c) (I) Any vendor that uses the data contained in the GIS database to determine the tax rate and the local taxing jurisdictions to which sales or use tax is owed is held harmless in an audit by any local taxing jurisdiction for any tax, charge, or fee liability to the local taxing jurisdiction that otherwise would be due solely as a result of an error or omission in the GIS database data.

(II) To be held harmless pursuant to subsection (3.5)(c)(I) of this section, a vendor must collect, retain, and produce upon request documentation reasonably sufficient to demonstrate the vendor's proper use of and reliance on the GIS database data to determine the tax rate and local taxing jurisdiction to which tax was owed.

(III) A vendor that queries the GIS database using an incomplete or erroneous address shall not be held harmless pursuant to subsection (3.5)(c)(I) of this section for the failure to pay any tax, charge, or fee liability to a local taxing jurisdiction.

(d) The department of revenue, or its third-party contractor, shall update the data contained in the GIS database, including jurisdictional boundaries and tax rates, within thirty days of the receipt by the department of revenue of updated or corrected data from a local taxing jurisdiction, and shall maintain the GIS database data in an accurate condition in accordance with subsection (4) of this section. The department shall provide a reasonably convenient method for local taxing jurisdictions to inform the department of any errors in the GIS database data.

(4) (a) The department of revenue shall ensure that the GIS database data, including jurisdictional boundaries and tax rates, is at least ninety-five percent accurate based on a

statistically valid sample of addresses from the database, or based on another acceptable method of proving accuracy.

(b) The department of revenue shall update the GIS database with respect to any geographic boundary changes described in section 29-2-205 (4) within thirty days of receipt of the written notice described in section 29-2-205 (1). If the department of revenue does not timely receive the notice described in section 29-2-205 (1), then the department shall update the GIS database as soon as possible after receiving the geographic boundary change information.

(5) The executive director of the department of revenue shall promulgate rules for the administration of this section. Such rules must be promulgated in accordance with article 4 of title 24.

**Editor's note:** (1) Subsection (8) provided for the repeal of this section, effective 90 days after the revisor of statutes is notified by the department of revenue that a geographic information system that meets the defined scope of work set forth in the request for solicitation, provided by the state, is online, tested, and verified by the department of revenue to be operational, supported, and available for a retailer to use to determine the taxing jurisdiction in which an address resides. The revisor of statutes was notified April 1, 2021, that the conditions specified in subsection (8) have been met. (See L. 2020, p. 81.)

(2) SB 24-025 provided for the repeal of this section, effective July 1, 2025, but that repeal did not take effect due to the repeal of this section, effective 90 days after the revisor received notification from the department of revenue.

**39-26-105.4. Remittance of tax - determination of address - dealer held harmless.**

(1) Any licensed motor vehicle dealer that collects and remits tax to the department of revenue as specified in this part 1 for any sale of a motor vehicle shall be held harmless for any tax, charge, or fee liability to any taxing jurisdiction that the dealer proves was not collected solely because an address that does not meet the requirements of section 42-6-139 was provided by the purchaser for purposes of calculating the amounts of tax either due on the sale and purchase of such vehicle pursuant to this part 1 or section 29-2-211, if the dealer:

(a) Informs the purchaser of a motor vehicle of the key requirements of motor vehicle titling and registration as specified in sections 42-3-103 (4)(a), 42-6-134, 42-6-139, and 42-6-140, C.R.S.; and

(b) Obtains an affidavit signed by the purchaser stating that the purchaser's address is true and correct.

**39-26-106. Schedule of sales tax.**

(1) (a) (I) Repealed.

(II) Except as otherwise provided in section 39-26-901, on and after January 1, 2001, there is imposed upon all sales of commodities and services specified in section 39-26-104 a tax at the rate of two and ninety one-hundredths percent of the amount of the sale to be computed in accordance with schedules or systems approved by the executive director of the department of revenue. Said schedules or systems must be designed so that no such tax is charged on any sale of seventeen cents or less.

(b) Notwithstanding the three percent rate provisions of paragraph (a) of this subsection (1), for the period May 1, 1983, through July 31, 1984, the rate of the tax imposed pursuant to this subsection (1) shall be three and one-half percent.

(2) (a) Except as provided in paragraph (b) of this subsection (2), retailers shall add the tax imposed, or the average equivalent thereof, to the sale price or charge, showing such tax as a separate and distinct item, and when added such tax shall constitute a part of such price or charge and shall be a debt from the consumer or user to the retailer until paid and shall be recoverable at law in the same manner as other debts. The retailer shall be entitled, as collecting agent of the state, to apply and credit the amount of the retailer's collections against the rate to be paid by the retailer under the provisions of section 39-26-105, remitting any excess of collections over said rate, less the fee retained by the retailer for the collection and remittance of the tax pursuant to said section, to the executive director of the department of revenue in the retailer's next monthly sales tax return.

(b) Any retailer selling malt, vinous, or spirituous liquors by the drink or any vendor selling individual items of personal property through coin-operated vending machines may include in his sales price the tax levied under this part 1; except that no such retailer shall advertise or hold out to the public in any manner, directly or indirectly, that such tax is not included as a part of the sales price to the consumer. The schedule set forth in subsection (1) of this section shall be used by such retailer in determining amounts to be included in such sales price. No such retailer shall gain any benefit from the collection or payment of such tax, except as permitted in section 39-26-105 (1), nor shall the use of the schedule set forth in subsection (1) of this section relieve such retailer from liability for payment of the full amount of the tax levied by this part 1.

(3) Repealed.

### 39-26-107. Rules and regulations.

To provide uniform methods of adding the tax, or the average equivalent thereof, to the selling price, it is the duty of the executive director of the department of revenue to formulate and promulgate after hearing appropriate rules and regulations to effectuate the purpose of sections 39-26-105 to 39-26-113.

article. *Craftsman Painters & Decorators, Inc. v. Carpenter*, 111 Colo. 1, 137 P.2d 414 (1942).

### **39-26-108. Tax cannot be absorbed.**

It is unlawful for any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof imposed by this part 1 will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold or if added that it or any part thereof will be refunded. Any person violating any of the provisions of sections 39-26-105 to 39-26-113 commits a class 2 misdemeanor.

## **ANNOTATION**

**Law reviews.** For article, "Colorado Sales and Use Tax Consequences in Sales of Businesses", see 11 Colo. Law. 679 (1982).

**Ultimate responsibility for payment of the sales tax is on the consumer.** While the retailer has the duty to collect the tax, it only acts as an agent of the state in this capacity. *Columbine Beverage Co. v. Continental Can Co.*, 662 P.2d 1094 (Colo. App. 1982).

**Liability does not rest on contractual arrangement with vendor.** The liability of the consumer to pay the sales tax does not rest on any contractual arrangement with the vendor regarding the collection or payment of these taxes. Therefore, it is not necessary for a lessor specifically to include provisions for payment of the tax in its written lease agreement with the lessee. *Columbine Beverage Co. v. Continental Can Co.*, 662 P.2d 1094 (Colo. App. 1982).

### **39-26-109. Reports of vendor - rules.**

(1) If the accounting methods regularly employed by the vendor in the transaction of the vendor's business, or other conditions, are such that reports of sales made on a calendar-month basis will impose unnecessary hardship, the executive director of the department of revenue, upon written request of the vendor, may accept reports at such intervals as will in the executive director's opinion better suit the convenience of the taxpayer and will not jeopardize the collection of the tax as follows:

(a) For returns that must be filed before January 1, 2025, the executive director may by rule permit taxpayers whose monthly tax collected is less than three hundred dollars to make returns and pay taxes at intervals not greater than every three months;

(b) For returns that must be filed on or after January 1, 2025, the executive director may by rule permit taxpayers whose monthly tax collected is less than six hundred dollars to make returns and pay taxes at intervals not greater than every three months; and

(c) For returns that must be filed on or after January 1, 2026, the executive director may by rule increase the amount of monthly tax collected set forth in subsection (1)(b) of this section.

### **39-26-111. Credit sales.**

(1) In case of a sale upon credit, or a contract for sale wherein it is provided that the price shall be paid in installments and title does not pass until a future date, or a chattel mortgage or a conditional sale, there shall be paid upon each payment, upon the account of purchase price, that portion of the total tax which the amount paid bears in the total purchase price. Notwithstanding any other provision of this subsection (1), a retailer doing business wholly or partly on a credit basis may, at his election, make a return, and remit sales tax on credit sales, on the basis of the aggregate amount of cash received during the month from taxable credit sales. The retailer may determine the tax to be remitted on the basis of his reasonable estimate of the aggregate amount of tax which he has collected from his credit customers during the month. A retailer's estimate of the taxes collected on credit sales made in any month (referred to in this section as "base month")

shall be deemed reasonable if the cumulative sum of the monthly amounts of taxes on such credit sales remitted by the retailer on or before the close of the third, sixth, ninth, twelfth, and fifteenth calendar months following the base month is not less than twenty-five percent, forty-three and seventy-five one-hundredths percent, sixty-two and five-tenths percent, eighty-one and twenty-five one-hundredths percent, and one hundred percent, respectively, of the total taxes due on the aggregate credit sales made by the retailer in the base month. In no event, however, shall the amount of taxes remitted by the retailer in any month be less than the amount which the retailer actually estimates to have been collected in that month.

(2) If a retailer transfers, sells, assigns, or otherwise disposes of an account receivable, he shall be deemed to have received the full balance of the consideration for the original sale and shall be liable for the remittance of the sales tax on the balance of the total sale price not previously reported; except that such transfer, sale, assignment, or other disposition of an account receivable by a retailer to a closely held subsidiary, as defined in section 39-26-102 (10)(k), shall not be deemed to require the retailer to pay the sales tax on the credit sale represented by the account transferred prior to the time the customer makes payment on said account.

#### **39-26-112. Excess tax - remittance - repeal.**

(1) If any vendor, during any reporting period, collects as a tax an amount in excess of the tax imposed by section 39-26-106 (1), such vendor shall remit to the executive director of the department of revenue the full net amount of the tax imposed in this part 1 and also such excess. The retention by the retailer or vendor of any excess of tax collections over the said percentage of the total taxable sales of such retailer or vendor, or the intentional failure to remit punctually

to the executive director the full amount required to be remitted by the provisions of this part 1 is declared to be unlawful and constitutes a misdemeanor.

(2) (a) The requirements and penalty in this section do not apply to a qualifying retailer retaining state sales tax as allowed in section 39-26-105 (1.3).

(b) This subsection (2) is repealed, effective December 31, 2026.

**39-26-113. Collection of sales tax - motor vehicles - off-highway vehicles - exemption - process for motor vehicles sold at auction - exception - rules - definition.**

(1) The department of revenue or its authorized agent shall not register a motor or other vehicle for which registration is required or issue a certificate of title for a motor vehicle, off-highway vehicle as defined in section 42-6-102, or manufactured home as defined in section 38-29-106, until any tax due on the sale and purchase of the vehicle under section 29-2-211 or 39-26-106 or imposed by ordinance of any home rule city has been paid.

(2) If an applicant for registration and certificate of title for any motor or other vehicle or for a certificate of title for a mobile home fails to show payment of the sales taxes applicable to the sale and purchase thereof by means of proper receipts therefor, the department of revenue or its authorized agent shall collect all such applicable taxes at the time such application is made.

(3) Revenues due the state and collected pursuant to this section must be distributed as are other revenues under this part 1.

(4) Repealed.

(5) (a) The sale of a new or used automobile to a purchaser who is a nonresident of Colorado and who purchases such automobile for use outside this state is exempt from all sales taxes, the collection of which is provided for by this section.

(b) The executive director of the department of revenue shall attempt to negotiate agreements of reciprocity concerning the collection of sales taxes on motor vehicles with adjacent states.

(c) Repealed.

(5.5) The sale of personal property on which a specific ownership tax has been paid or is payable is exempt from the sales tax imposed by any special district or authority authorized to levy a sales tax pursuant to title 24, 25, 29, 30, 32, 37, or 43, when the sale meets both of the following conditions:

(a) The purchaser is a nonresident of, or has his or her principal place of business outside of, the district or authority; and

(b) The personal property is registered or required to be registered outside the limits of the district or authority under the laws of this state.

(6) (a) In a seller-financed sale in which the seller has added the sales tax due on the sale to the financed sales price of the motor or off-highway vehicle and the purchaser has failed to make payments due to the seller, the seller may deduct all portions of the unreceived payments that are attributable to the sales tax due on the sale from the next sales tax return made by the seller under this article. If the amount to be so deducted exceeds the amount of sales tax to be remitted by the seller for the next reporting period, the seller may carry forward the remaining amount of the deduction to future sales tax returns. This subsection (6) does not create a right to a refund or any other payment by the department of revenue to the seller.

(b) For purposes of this subsection (6), "seller-financed sale" means a retail sale of a motor or off-highway vehicle by a seller licensed under article 20 of title 44 in which the seller, or a wholly-owned affiliate or subsidiary of the seller, collects all or part of the total consideration paid for the vehicle in periodic payments and retains a lien on the vehicle until all payments have been received. Except as otherwise provided in this subsection (6)(b), "seller-financed sale" does not include a retail sale of a vehicle in which a person other than the seller provides the consideration for the sale and retains a lien on the vehicle until all payments have been made.

(c) The department of revenue may promulgate rules and regulations for the implementation of this subsection (6).

(7) (a) Notwithstanding any provision of law to the contrary, for any motor vehicle sold through an auction sale, unless paragraph (b) of this subsection (7) applies, all sales tax due for the purchase of the motor vehicle shall not be collected by the auctioneer, but shall be collected by the county clerk or other authorized agent of the county or city and county in which the motor vehicle is to be registered.

(b) The method of sales tax collection specified by subsection (7)(a) of this section does not apply to the sale of a motor vehicle at auction sale if the auctioneer is also an automobile dealer licensed under part 1 of article 20 of title 44.

(8) Subsections (1) and (2) of this section do not apply to the sale or transfer of off-highway vehicles before July 1, 2014. For an off-highway vehicle that was first purchased or transferred before July 1, 2014, and is being issued its first certificate of title for the first time after this date, the department shall not verify that the person paid any tax due on the vehicle.

### **39-26-115. Deficiency due to negligence.**

If any part of the deficiency is due to negligence or intentional disregard of authorized rules and regulations with knowledge thereof, but without intent to defraud, there shall be added ten percent of the total amount of the deficiency, and interest in such case shall be collected at the rate imposed under section 39-21-110.5, in addition to the interest provided by section 39-21-109, on the amount of such deficiency from the time the return was due, from the person required to file the return, which interest and addition shall become due and payable ten days after written notice and demand to him by the executive director of the department of revenue. If any part of the deficiency is due to fraud with the intent to evade the tax, then there shall be added one hundred percent of the total amount of the deficiency, and, in such case, the whole amount of the tax unpaid, including the additions, shall become due and payable ten days after written notice and demand by the executive director, and an additional three percent per month on said amount shall be added from the date the return was due until paid.

### **39-26-116. Record of sales.**

It is the duty of every person engaging or continuing in business in this state, for the transaction of which a license is required under this part 1 to keep and preserve suitable records of all sales made by him and such other books or accounts as may be necessary to determine the amount of tax for the collection of which he is liable under this part 1. It is the duty of every such person to keep and preserve for a period of three years all invoices of goods and merchandise purchased for resale and all such books, invoices, and other records shall be open for examination at any time by the executive director of the department of revenue or his duly authorized agent.

### **39-26-117. Tax lien - exemption from lien.**

(1) (a) Except as provided in paragraphs (b) and (f) of this subsection (1), the tax imposed by this part 1 shall be a first and prior lien upon the goods and business fixtures of or used by any

-1406-

retailer or qualified purchaser under lease, title retaining contract, or other contract arrangement, excepting stock of goods sold or for sale in the ordinary course of business, and shall take precedence on all such property over other liens or claims of whatsoever kind or nature.

(b) Any retailer or person in possession shall provide a copy of any lease pertaining to the assets and property described in paragraph (a) of this subsection (1) to the department of revenue within ten days after seizure by the department of such assets and property. The department shall verify that such lease is bona fide and notify the owner that such lease has been received by the department. The department shall use its best efforts to notify the owner of the real or personal property which might be subject to the lien created in paragraph (a) of this subsection (1). The real or personal property of an owner who has made a bona fide lease to a retailer shall be exempt from the lien created in paragraph (a) of this subsection (1) if such property can reasonably be identified from the lease description or if the lessee is given an option to purchase in such lease and has not exercised such option to become the owner of the property leased. This exemption shall be effective from the date of the execution of the lease. Such exemption shall also apply if the lease is recorded with the county clerk and recorder of the county where the property is located or based or a memorandum of the lease is filed with the department of revenue on such forms as may be prescribed by said department after the execution of the lease at a cost for such filing of two dollars and fifty cents per document. Motor vehicles which are properly registered in this state, showing the lessor as owner thereof, shall be exempt from the lien created in paragraph (a) of this subsection (1); except that said lien shall apply to the extent that the lessee has an earned reserve, allowance for depreciation not to exceed fair market value, or similar interest which is or may be credited to the lessee. Where the lessor and lessee are blood relatives or relatives by law or have twenty-five percent or more common ownership, a lease between such lessee and such lessor shall not be considered as bona fide for purposes of this section.

(b.5) Any coin-operated vending machine or video or other game machine shall be exempt from the lien created in paragraph (a) of this subsection (1) if:

(I) The machine is placed on the retailer's premises under the terms of a lease or other agreement under which the retailer is given no right to become the owner of the machine;

(II) The machine is plainly marked in a location accessible to agents of the department of revenue with information sufficient to permit identification of the owner of said property; and

(III) The owner of the machine has filed with the department of revenue a schedule listing the machine by serial number and including thereon the owner's full name and the address of his business and such other information as the executive director of the department of revenue may require. To protect the anonymity of owners of property, the executive director of the department of revenue may permit property covered by this paragraph (b.5) to be marked using numbers or other coded identification.

(c) Any retailer who is in possession of property under the terms of a lease, which property is exempt from lien as provided in this section, may be required by the executive director of the department of revenue to remit taxes collected at more frequent intervals than monthly, but no more frequently than semimonthly, or may be required to furnish security for the proper payment of taxes whenever the collection of taxes appears to be in jeopardy.

(d) Any retailer who sells out his business or stock of goods, or quits business, shall be required to make out the return as provided in this part 1, within ten days after the date he sold his business or stock of goods or quit business, and his successor in business shall be required to withhold sufficient purchase money to cover the amount of said taxes due and unpaid until such time as the former owner produces a receipt from the executive director of the department of revenue showing that the taxes have been paid or a certificate that no taxes are due.

(e) If the purchaser of a business or stock of goods fails to withhold the purchase money as provided in paragraph (d) of this subsection (1), and the taxes are due and unpaid after the ten-day period allowed, he, as well as the vendor, shall be personally liable for the payment of the taxes unpaid by the former owner. Likewise, anyone who takes any stock of goods or business fixtures of or used by any retailer under lease, title retaining contract, or other contract arrangement, by purchase, foreclosure sale, or otherwise, takes same subject to the lien for any delinquent sales taxes owed by such retailer and shall be liable for the payment of all delinquent sales taxes of such prior owner, not, however, exceeding the value of property so taken or acquired.

(f) Any qualified purchaser that provides a direct payment permit number issued pursuant to section 39-26-103.5 to a vendor or retailer shall be subject to the lien created in paragraph (a) of this subsection (1) to the extent of any tax owed as a result of purchases made by the qualified purchaser plus any penalty and interest assessed pursuant to this article or article 21 of this title.

(2) Whenever the business or property of any taxpayer subject to this part 1 shall be placed in receivership, bankruptcy, or assignment for the benefit of creditors, or seized under distraint for property taxes, all taxes, penalties, and interest imposed by this part 1, and for which said retailer is in any way liable under the terms of this part 1, shall be a prior and preferred claim against all the property of said taxpayer, except as to preexisting claims or liens of a bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights shall have attached prior to the filing of the notice as provided in section 39-26-118 on the property of the taxpayer, other than the goods, stock in trade, and business fixtures of such taxpayer. No sheriff, receiver, assignee, or other officer shall sell the property of any person subject to this part 1 under process or order of any court without first ascertaining from the executive director the amount of any taxes due and payable under this part 1, and, if there are any such taxes due, owing, or unpaid, it is the duty of such officer to first pay the amount of said taxes out of the proceeds of said sale before making payment of any moneys to any judgment creditor or other claims of whatsoever kind or nature,

except the costs of the proceedings and other preexisting claims or liens as provided in this section. For the purposes of this part 1, "taxpayer" includes "retailer".

**Constitutionality.** This section does not create separate classes of persons in violation of the equal protection clause of the fourteenth amendment. *ITT Diversified Credit Corp. v. Couch*, 669 P.2d 1355 (Colo. 1983).

**This section, as used to seize property of lessor due to lessee's violation, does not violate due process nor does it effect a taking.** This section represents a valid exercise of the sovereign power to assess and collect taxes, which is distinguishable from the taking of private property for a public purpose. *Burtkin Associates v. Tipton*, 845 P.2d 525 (Colo. 1993).

**This section does not violate the equal protection and due process rights of a consignor** when a rational basis exists for exempting leased property from the tax lien while enforcing the tax lien against consigned property. *Van Dorn Retail Mgt., Inc. v. City & County of Denver*, 902 P.2d 383 (Colo. App. 1994).

**Lien imposed by section valid.** In an action involving the priority of liens of a chattel mortgage and that of sales taxes under this section, the statutory lien cannot be considered "secret" and thus without validity. *Sweeney Elec. Co. v. Poston*, 110 Colo. 139, 132 P.2d 443 (1942).

**Any lien for general taxes on personal property is inferior** to the lien under this section. *City & County of Denver v. Armstrong*, 105 Colo. 290, 97 P.2d 448 (1939); *Sweeney Elec. Co. v. Poston*, 110 Colo. 139, 132 P.2d 443 (1942).

**Lien takes priority over security interest.** A lien for sales and service taxes takes priority over a security interest which has previously attached. *Young v. Golden*

State Bank, 632 P.2d 1053 (Colo. App. 1981).

A lien for state sales taxes is a first and prior lien on goods and business fixtures and has priority over a prior perfected security interest. ITT Diversified Credit Corp. v. Couch, 669 P.2d 1355 (Colo. 1983); Wimmer v. Jenkins, 703 P.2d 1326 (Colo. App. 1985).

There is a statutory priority for tax liens over any interest a third party might have in the goods, stock in trade, and business fixtures of a delinquent taxpayer. ITT Diversified Credit Corp. v. Couch, 669 P.2d 1355 (Colo. 1983).

Statutory priority for tax liens over perfected security interests in goods and business fixtures is not limited to the period when the goods are in the control of the delinquent taxpayer and to permit such priority to be terminated upon repossession of the goods by a secured party would defeat the public policy and legislative intent of tax lien priority statutes. ITT Diversified Credit Corp. v. Couch, 669 P.2d 1355 (Colo. 1983).

**Under this section, mere use of personal property subjects it to a lien,** notwithstanding the lack of ownership in the using party. Horacek v. Cherry Creek Corp., 28 Colo. App. 258, 472 P.2d 158 (1970).

**Subsection (1)(a) exemption limited.** The exemption created in subsection (1)(a) protects only the retail customers of the taxpayer who purchased goods from the retailer's inventory in the ordinary course of business. The exception does not apply to persons who obtain the retailer's goods and fixtures by foreclosure, bulk sale of inventory, or repossession. ITT Diversified Credit Corp. v. Couch, 669 P.2d 1355 (Colo. 1983).

**Strict compliance with recording requirements in subsection (1)(b) is required in order to qualify for tax lien exemption.** Charnes v. Norwest Leasing, Inc., 787 P.2d 145 (Colo. 1990).

**Under this section, liens for sales and use taxes are entitled to priority over all other liens, including liens of the FDIC.** Pima Financial Serv. v. Intermountain Home Sys., 786 F. Supp. 1551 (D. Colo. 1992).

### **39-26-118. Recovery of taxes, penalty, and interest - repeal.**

(1) (a) All sums of money paid by the purchaser to the retailer as taxes imposed by this article 26 shall be and remain public money, the property of the state of Colorado, in the hands of such retailer, and the retailer shall hold the same in trust for the sole use and benefit of the state of Colorado until paid to the executive director of the department of revenue, and, for failure to so pay to the executive director, the retailer shall be punished as provided by law.

(b) (I) This subsection (1) does not apply to a qualifying retailer retaining state sales tax as allowed in section 39-26-105 (1.3).

(II) This subsection (1)(b) is repealed, effective December 31, 2026.

(2) (a) (I) If a person neglects or refuses to make a timely return in payment of the tax or to pay or correctly account for any tax as required by this article 26, the executive director of the department of revenue shall make an estimate, based upon the information that may be available, of the amount of taxes due or not accounted for or incorrectly accounted for on a return for the period for which the taxpayer is delinquent. The executive director shall add to the estimated amount of taxes due or not accounted for interest if applicable under section 39-21-110.5, and a penalty equal to the greater of:

(A) The sum of fifteen dollars; or

(B) Ten percent of such unpaid, unaccounted, or incorrectly accounted amount, plus one-half percent per month from the date when due, not exceeding eighteen percent in the aggregate.

(II) The executive director shall provide the delinquent taxpayer written notice of the estimated taxes, penalty, and interest by first-class mail as set forth in section 39-21-105.5.

(b) Such estimate shall thereupon become a notice of deficiency as provided in section 39-21-103. A hearing may be held and the executive director shall make a final determination pursuant to that section. The taxpayer may appeal the said final determination in the manner provided in section 39-21-105.

(3) (a) If any taxes, penalty, or interest imposed by this article and shown due by returns filed by the taxpayer or as shown by assessments duly made as provided in this section are not paid within five days after the same are due, the executive director shall issue a notice, setting forth the name of the taxpayer, the amount of the tax, penalties, and interest, the date of the accrual thereof, and that the state of Colorado claims a first and prior lien therefor on the real and tangible personal property of the taxpayer except as to preexisting claims or liens of a bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the filing of the notice as provided in this section on property of the taxpayer, other than the goods, stock in trade, and business fixtures of such taxpayer.

(b) Said notice shall be on forms prepared by the executive director, and shall be verified by him or his duly qualified deputy, or any duly qualified agent of the executive director, whose duties are the collection of such tax, and may be filed in the office of the county clerk and recorder of any county in the state in which the taxpayer owns real or tangible personal property, and the filing of such notice shall create such lien on such property in that county and constitute notice thereof. After said notice has been filed, or concurrently therewith, or at any time when taxes due are unpaid, whether such notice is filed or not, the executive director may issue a warrant directed to any duly authorized revenue collector, or to the sheriff of any county of the state, commanding him to levy upon, seize, and sell sufficient of the real and personal property of the tax debtor found within his county for the payment of the amount due, together with interest, penalties, and costs, as may be provided by law, subject to valid preexisting claims or liens.

(4) Such revenue collector or the sheriff shall forthwith levy upon sufficient of the property of the taxpayer, or any property used by such taxpayer in conducting his retail business, except property made exempt from lien pursuant to the provisions of section 39-26-117 (1)(b), and said property so levied upon shall be sold in all respects with like effect and in the same manner as is prescribed by law in respect to executions against property upon judgment of a court of record, and the remedies of garnishments shall apply. The sheriff shall be entitled to such fees in executing such warrant as are allowed by law for similar services.

(5) Any lien for taxes as shown on the records of the county clerk and recorders as provided in this section, upon payment of all taxes, penalties, and interest covered thereby, shall be released by the executive director in the same manner as mortgages and judgments are released.

(6) It is the duty of any county clerk and recorder to whom such notices are sent to file and record the same without cost or charge.

(7) (a) The executive director may also treat any such taxes, penalties, or interest due and unpaid as a debt due the state from the vendor. In case of failure to pay the tax or any portion thereof, or any penalty or interest thereon when due, the executive director may receive at law the amount of such taxes, penalties, and interest in such county or district court of the county wherein the taxpayer resides or has his principal place of business having jurisdiction of the amounts sought to be collected. The return of the taxpayer or the assessment made by the executive director, as provided in this article, shall be prima facie proof of the amount due.

(b) Such actions may be actions in attachment, and writs of attachment may be issued to the sheriff, and in any such proceeding no bond shall be required of the executive director, nor shall any sheriff require of the executive director an indemnifying bond for executing the writ of attachment or writ of execution upon any judgment entered in such proceedings; and the executive director may prosecute appeals in such cases without the necessity of providing bond therefor. It is the duty of the attorney general or any district attorney, when requested by the executive director, to commence action for the recovery of taxes due under this article, and this remedy shall be in addition to all other existing remedies or remedies provided in this article and article 21 of this title.

(8) In any action affecting the title to real estate or the ownership or rights to possession of personal property, the state of Colorado may be made a party defendant for the purpose of obtaining an adjudication or determination of its lien upon the property involved therein. In any such action, service of summons upon the executive director or any person in charge of the office of the executive director shall be sufficient service and binding upon the state of Colorado.

(9) The executive director is authorized to waive, for good cause shown, any penalty or interest assessed as provided in this article and article 21 of this title, and interest imposed in excess of the rate imposed under section 39-21-110.5 shall be deemed a penalty.

**Section constitutional.** The provisions of this section, giving to the director of revenue the power of distraint, levy, and sale, do not unconstitutionally confer judicial powers upon the executive branch of government. *Sweeney Elec. Co. v. Poston*, 110 Colo. 139, 132 P.2d 443 (1942).

**Retailer collecting tax deemed trustee.** A retailer who collects the tax by virtue of this section is a trustee and answerable to the state for such moneys until they are paid over to the state treasurer. *Sweeney Elec. Co. v. Poston*, 110 Colo. 139, 132 P.2d 443 (1942).

**Revocation of authority to remit sales tax on cash receipt basis is not notice of deficiency.** A determination that sales tax on credit sales should be remitted on a sales or accrual basis and the revocation of authority to remit on cash receipt basis was not a notice of deficiency and assessment of tax under subsection (2). *Montgomery Ward & Co. v. State Dept. of Rev.*, 675 P.2d 318 (Colo. App. 1983).

**Section 39-26-125 governs the department's attempt to collect sales tax in general, including those held in trust by virtue of this section, which merely describes the nature of the taxes held by the retailer and does not purport to usurp the mandates of the statute of limitations.** *F.W. Woolworth Co. v. State Dept. of Rev.*, 699 P.2d 1 (Colo. App. 1984).

### **39-26-120. False or fraudulent return, statement - penalty.**

(1) It is unlawful for any retailer or vendor to refuse to make any return required to be made in this part 1 or to make any false or fraudulent return or false statement on any return, or fail and refuse to make payment to the executive director of the department of revenue of any taxes collected or due the state, or in any manner evade the collection and payment of the tax, or any part thereof, or for any person or purchaser to fail or refuse to pay such tax, or evade the payment thereof, or to aid or abet another in any attempt to evade the payment of the tax.

(2) A person willfully violating the provisions of this section is guilty of a class 5 felony and shall be punished as provided in section 18-1.3-401. A corporation willfully making a false return or a return willfully containing a false statement is guilty of a class 5 felony and shall be punished as provided in section 18-1.3-401. A court of competent jurisdiction of the county in which the offender resides, or, if a corporation, then the county of its principal place of business, has jurisdiction to enforce this section.

(3) In addition to the foregoing penalties, any person who knowingly and willfully swears to or verifies any false statement commits a class 2 misdemeanor.

(1) As used in this section, unless the context otherwise requires:

(a) Repealed.

(a.5) (Deleted by amendment, L. 2011, (HB 11-1043), ch. 266, p. 1213, § 24, effective July 1, 2011.)

(a.7) "Net revenue" means the gross amount of sales and use tax receipts collected under this article 26, less a fee retained by vendors for the collection and remittance of the tax pursuant to section 39-26-105 (1) and less refunds and adjustments made by the department of revenue in conjunction with its collection and enforcement duties under this article 26.

(b) (I) "Sales and use taxes attributable to sales or use of vehicles and related items" means the net revenue raised from the state sales and use taxes imposed pursuant to this article on the

sales or use of new or used motor vehicles, including motor homes, motor vehicle batteries, tires, parts, or accessories, utility trailers, camper coaches, or camper trailers.

(II) With respect to sales tax, "related items" includes only items sold by persons whose primary business activity is the sale or service of motor vehicles or related items.

(2) The sales and use tax holding fund is hereby created in the state treasury and shall be administered by the state treasurer. The fund shall consist of moneys transferred to the fund pursuant to subsection (3.5) of this section. Interest and income earned on the deposit and investment of moneys in the fund shall be credited to the fund and shall not revert to the general fund of the state or to any other fund. Moneys in the fund shall be transferred from the fund only to the highway users tax fund created in section 43-4-201, C.R.S., and the general fund and only in the manner specified in subsection (4) of this section.

(3) For any state fiscal year commencing on or after July 1, 2013, the state treasurer shall credit eighty-five percent of all net revenue collected under this article 26 to the old age pension fund created in section 1 of article XXIV of the state constitution. The state treasurer shall credit to the general fund the remaining fifteen percent of the net revenue, less:

(a) (I) Ten million dollars, which the state treasurer shall credit to the older Coloradans cash fund created in section 26-11-205.5 (5) for each state fiscal year other than the state fiscal year 2020-21;

(II) Eight million dollars, which the state treasurer shall credit to the older Coloradans cash fund created in section 26-11-205.5 (5) for the state fiscal year 2020-21; and

(b) (I) (A) Except as set forth in subsection (3)(b)(II) of this section, prior to January 1, 2026, an amount equal to the fiscal year increase in sales and use tax revenue attributable to the vendor fee changes made by House Bill 19-1245, enacted in 2019, which amount the state treasurer shall credit to the housing development grant fund created in section 24-32-721 (1).

(B) Except as set forth in subsection (3)(b)(II) of this section and subject to subsection (3)(b)(III) of this section, beginning January 1, 2026, and until December 31, 2026, monthly, an amount equal to one and six hundred fifty-five thousandths percent of net revenue excluding net revenue collected under part 2 of this article 26, which amount the state treasurer shall credit to the housing development grant fund created in section 24-32-721 (1); beginning January 1, 2027, and until December 31, 2028, monthly, an amount equal to one and six hundred twenty-nine thousandths percent of net revenue excluding net revenue collected under part 2 of this article 26, which amount the state treasurer shall credit to the housing development grant fund created in section 24-32-721 (1); and, beginning January 1, 2029, monthly, an amount equal to one and six hundred twenty-five thousandths percent of net revenue excluding net revenue collected under part 2 of this article 26, which amount the state treasurer shall credit to the housing development grant fund created in section 24-32-721 (1).

(II) The amount credited to the housing development grant fund created in section 24-32-721 (1) under subsection (3)(b)(I) of this section is reduced by the following amounts:

(A) Fifteen million three hundred thirty-five thousand seven hundred eighty-one dollars for the state fiscal year 2019-20;

(B) Forty million three hundred twenty-three thousand one hundred fifty-eight dollars for the state fiscal year 2020-21;

(C) Nine hundred eighty-five thousand three hundred thirty-five dollars for the state fiscal years 2021-22, 2022-23, and 2023-24;

(D) Thirty-five million nine hundred eighty-five thousand three hundred thirty-five dollars for the state fiscal year 2024-25 through state fiscal year 2031-32; and

(E) Nine hundred eighty-five thousand three hundred thirty-five dollars for the state fiscal year 2032-33 and each state fiscal year thereafter.

(III) (A) Beginning January 1, 2026, the treasurer shall credit the excess of the amount set forth in subsection (3)(b)(I)(B) of this section over one-twelfth of the amount set forth in subsection (3)(b)(II)(D) of this section on a monthly basis. The treasurer shall first take into account any reduction made pursuant to subsection (3)(b)(II) of this section for the fiscal year to date.

(B) Beginning with state fiscal year 2026-27, the treasurer shall credit the excess of the amount set forth in subsection (3)(b)(I)(B) of this section over one-twelfth of the applicable amount set forth in subsection (3)(b)(II) of this section on a monthly basis.

(c) ***[Editor's note: Subsection (3)(c) is effective only if an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election. See the editor's note following this section.]*** The amount credited to the support road transportation fund created in section 43-4-1601, as required by section 43-4-1601 (5).

(3.5) Repealed.

(4) (a) Except as otherwise provided in sub-subparagraph (B) of subparagraph (VI) of this paragraph (a), all moneys in the sales and use tax holding fund shall be transferred to the highway users tax fund, as follows:

(I) to (III) (Deleted by amendment, L. 2009, (SB 09-228), ch. 410, p. 2266, § 21, effective July 1, 2009.)

(IV) If the revenue estimate prepared by the staff of the legislative council in December of state fiscal year 2017-18 or in December of any succeeding state fiscal year indicates that the amount of total general fund revenues for the state fiscal year will be sufficient to maintain the

four percent or higher reserve required by section 24-75-201.1 (1), C.R.S., on February 1 of the fiscal year the state treasurer shall transfer from the sales and use tax holding fund to the highway users tax fund an amount equal to the lesser of:

(A) Fifty percent of the amount estimated in the December revenue estimate to be accrued and transferred to the highway users tax fund pursuant to this section for the entire fiscal year; or

(B) The balance of the sales and use tax holding fund.

(V) If the revenue estimate prepared by the staff of the legislative council in March of state fiscal year 2017-18 or in March of any succeeding state fiscal year indicates that the amount of total general fund revenues for the state fiscal year will be sufficient to maintain the four percent or higher reserve required by section 24-75-201.1 (1), C.R.S., on April 15 of the fiscal year the state treasurer shall transfer from the sales and use tax holding fund to the highway users tax fund the lesser of:

(A) The amount needed to ensure that the cumulative amount transferred from the sales and use tax holding fund to the highway users tax fund through April 15 equals seventy-five percent of the amount estimated in the March revenue estimate to be accrued and transferred to the highway users tax fund pursuant to this section for the entire fiscal year; or

(B) The balance of the sales and use tax holding fund.

(VI) (A) Effective June 30 of state fiscal year 2006-07, and effective June 30 of each state fiscal year thereafter, the state controller shall accrue all moneys in the sales and use tax holding fund as of that date to the highway users tax fund.

(B) Notwithstanding the provisions of sub-subparagraph (A) of this subparagraph (VI), the state controller shall reduce the amount accrued to the highway users tax fund pursuant to said sub-subparagraph and accrue moneys in the sales and use tax holding fund to the general fund to the extent necessary to ensure that the amount of general fund revenues for the state fiscal year is sufficient to maintain the four percent reserve required by section 24-75-201.1 (1), C.R.S.

(C) The state treasurer shall transfer, out of the amounts accrued by the state controller pursuant to sub-subparagraphs (A) and (B) of this subparagraph (VI), on September 20, 2007, and on September 20 of each succeeding fiscal year, the amounts needed to ensure that the cumulative amounts required to be accrued and transferred from the sales and use tax holding fund to the highway users tax fund and, if applicable to the general fund, equal ninety percent of the aggregate amounts required to be accrued and transferred to the funds pursuant to this section for the entire preceding fiscal year. The state treasurer shall transfer the remainder of the amounts accrued pursuant to said sub-subparagraphs on the date on which the state controller distributes the comprehensive annual financial report of the state.

(b) If a change in tax policy resulting in a significant reduction of general fund revenues is implemented, the general assembly shall:

(I) Examine the exception set forth in sub-subparagraph (B) of subparagraph (VI) of paragraph (a) of this subsection (4) to the general requirement set forth in paragraph (a) of this subsection (4) that all moneys in the sales and use tax holding fund be accrued and transferred to the highway users tax fund and determine whether the exception should be modified in light of the change.

(II) (Deleted by amendment, L. 2009, (SB 09-228), ch. 410, p. 2266, § 21, effective July 1, 2009.)

(4.5) Repealed.

(5) (Deleted by amendment, L. 2009, (SB 09-228), ch. 410, p. 2266, § 21, effective July 1, 2009.)

(6) Repealed.

**39-26-127. Legislation modifying the state sales tax base - no impact on local government sales tax bases - no expansion of local authority to levy sales tax.**

(1) Notwithstanding the provisions of section 29-2-105 (1)(d), C.R.S., any provision of title 32, C.R.S., or any other provision of law, and except as set forth in subsection (3) of this section, the levying of sales tax on, exemption from sales tax for, or local option to levy sales tax on or provide an exemption from sales tax for any tangible personal property or services under the sales tax ordinance or resolution of any county, municipality, special district, authority, or other local government or political subdivision of the state shall not be affected in any way by the elimination, suspension, or modification of any sales tax exemption or any other legislative modification of the state sales tax base resulting from the enactment of any of the following bills:

- (a) House Bill 10-1189, enacted in 2010;
- (b) House Bill 10-1190, enacted in 2010;
- (c) House Bill 10-1191, enacted in 2010;
- (d) House Bill 10-1194, enacted in 2010;
- (e) House Bill 10-1195, enacted in 2010.

(2) Except as set forth in subsection (3) of this section, this section does not create or expand, and shall not be construed to create or expand, any authority of any county, municipality, special district, authority, or other local government or political subdivision of the state to levy sales tax.

(3) Beginning January 1, 2014, subsection (1) of this section does not apply to the regional transportation district established by article 9 of title 32, C.R.S., and the scientific and cultural facilities district established by article 13 of title 32, C.R.S., which levy sales and use tax upon every transaction or other incident with respect to which a sales and use tax is levied by the state.

**39-26-129. Refund for property used in rural broadband service - legislative declaration - tax preference performance statement - definitions - repeal.**

(1) (a) The general assembly finds and declares that:

(I) Expanding access to wireless and other communication services is critical to the economic and social well-being of Colorado's residents and businesses. Reliable communications infrastructure supports education, health care, workforce development, and economic competitiveness.

(II) Colorado receives ongoing federal funding of more than one billion dollars to facilitate broadband deployment to unserved and underserved households in the state;

(III) Requiring communications providers to pay sales and use taxes on federal-funded and state-funded deployment is counterproductive, because it reduces the efficacy and impact of these grants by effectively taxing money intended for communications expansion and creating a structural inefficiency;

(IV) The purpose of this section is to update and streamline the administration of the existing sales tax rebate for broadband infrastructure enacted in 2014. This section ensures that tax relief is more efficiently delivered, more effectively targets areas of Colorado in need of communication services, and eases the administrative burden on communications providers that apply for the existing rebate program.

(V) Wireless telecommunications technologies, while seemingly independent, critically rely on forms of broadband like fiber and landline networks for essential functions, such as backhaul, which connects cell towers to the internet backbone and which is often performed by nonwireless providers. Therefore, the policies that impact broadband infrastructure must consider the interconnectedness of all technologies, including the dependence of wireless telecommunications

on the broader ecosystem, to ensure effective and comprehensive wireless and broadband access for all Coloradans.

(b) Pursuant to section 39-21-304, the general assembly adopts the following tax preference performance statement for the exemption created in this section:

(I) The sales and use tax exemption established in this section is intended to:

(A) Eliminate the structural inefficiency associated with taxing broadband deployment grants;

(B) Streamline the administration of tax relief for providers; and

(C) Incentivize private sector investment in infrastructure; and

(II) The effectiveness of this tax expenditure shall be measured by:

(A) The total amount of private and public investment in broadband infrastructure within Colorado, including infrastructure financed in part by state and federal grants;

(B) The extent to which broadband providers utilize the exemption to increase the efficiency of broadband deployment and to reduce project costs; and

(C) The amount by which administrative burdens on broadband providers are reduced, including the number of entities utilizing the sales tax refund compared to those previously applying for the sales tax refund.

(2) As used in this section, unless the context otherwise requires:

(a) "Broadband provider" means a person that provides broadband service.

(b) "Broadband service" means any communications service having the capacity to transmit data to enable a subscriber to the service to originate and receive high-quality voice, data, graphics, and video at speeds of at least four megabits per second for download and one megabit per second for upload or the federal communications commission's definition of broadband service, whichever is faster.

(c) "Target area" means the unincorporated part of a county or a municipality with a population of less than thirty thousand people, according to the most recently available population statistics of the United States bureau of the census.

(3) Except as provided in subsection (5) of this section, for the calendar year commencing January 1, 2014, and for each calendar year thereafter prior to January 1, 2027, a broadband provider is allowed to claim a refund of all the state sales and use tax the provider pays pursuant to parts 1 and 2 of this article 26 for tangible personal property that is installed in a target area for the provision of broadband service.

(4) To claim the refund allowed by subsection (3) of this section, a taxpayer must submit a refund application to the department of revenue, on a form provided by the department, no earlier than January 1 and no later than April 1 of the calendar year following the calendar year in which the tax is paid. Along with the application, the taxpayer must provide proof of the state sales and use taxes paid by the broadband provider in the immediately preceding calendar year and proof that the tangible personal property was deployed in a target area for the provision of broadband service. A taxpayer must also provide any additional information with the application that the department of revenue requires by rule, which may include, without limitation, a detailed list of all expenditures that support a claim for a refund, the name and addresses of an individual who maintains records of such expenditures, and a statement that the taxpayer agrees to furnish records of all such expenditures to the department of revenue upon request. The department shall not refund any moneys to a taxpayer unless the taxpayer has complied with this subsection (4).

(5) The total amount of the refunds made under this section may not exceed one million dollars for a calendar year. The department of revenue shall not pay a refund for a calendar year until after the application deadline set forth in subsection (4) of this section has passed. If the total amount of approved refunds exceeds one million dollars, the department shall prorate the refunds made to all taxpayers.

(6) This section is repealed, effective December 31, 2030.

### **39-26-201. Definitions.**

In addition to the definitions in section 39-26-102, as used in this part 2, unless the context otherwise requires:

(1) "Acquisition charges or costs" includes "purchase price", as defined in section 39-26-102 (7).

(2) "Person" means an individual, corporation, limited liability company, partnership, firm, joint venture, association, estate, trust, receiver, or group acting as a unit and includes the plural as well as the singular number.

(3) "Storage" or "storing" means any keeping or retention of, or exercise of dominion or control over, tangible personal property in this state.

### **39-26-202. Authorization of tax.**

(1) (a) Except as otherwise provided in subsection (1)(b) of this section, there is imposed and shall be collected from every person in this state a tax or excise at the rate of three percent of storage or acquisition charges or costs for the privilege of storing, using, or consuming in this state any articles of tangible personal property purchased at retail.

(b) Except as otherwise provided in section 39-26-901, on and after January 1, 2001, there is imposed and must be collected from every person in this state a tax or excise at the rate of two and ninety one-hundredths percent of storage or acquisition charges or costs for the privilege of storing, using, or consuming in this state any articles of tangible personal property purchased at retail.

(c) Such tax shall be payable to and shall be collected by the executive director of the department of revenue and shall be computed in accordance with schedules or systems approved by said executive director. The transfer of wireless telecommunication equipment as an

inducement to enter into or continue a contract for telecommunication services that are taxable pursuant to part 1 of this article shall not be construed to be storage, use, or consumption of such equipment by the transferor.

(2) Notwithstanding the three percent rate provisions of subsection (1) of this section, for the period May 1, 1983, through July 31, 1984, the rate of the tax imposed pursuant to this section shall be three and one-half percent.

(3) Repealed.

**Annotator's note.** The following annotations include cases decided under former provisions similar to this section.

**Denial of trade-in allowance on out-of-state purchase unconstitutional.** It is constitutionally impermissible for the Colorado taxing authorities to deny a trade-

in allowance in computing the use tax on a motor vehicle purchased outside the state when such a credit is allowed when the vehicle was purchased in Colorado. Such unequal treatment is discriminatory and constitutes an impermissible burden on interstate commerce. *Matthews v. Dept. of Rev.*, 193 Colo. 44, 562 P.2d 415 (1977).

**When issue of material fact existed as to whether general partnership had been assessed with a use tax, trial court erred in entering motion for summary judgment** in favor of individual partner on grounds that partner could not be held

jointly and severally liable for deficiency owed by partnership. AF Prop. v. Dept. of Rev., 852 P.2d 1267 (Colo. App. 1992).

**Use taxes equalize burden between in-state and out-of-state purchasers.** Use taxes are enacted primarily to equalize the tax burden as between those who purchase within and without the state. Matthews v. Dept. of Rev., 193 Colo. 44, 562 P.2d 415 (1977).

**Use tax is not a separate tax from the sales tax** and should not be viewed in isolation. Matthews v. Dept. of Rev., 193 Colo. 44, 562 P.2d 415 (1977).

**The use tax is supplementary to the sales tax.** Matthews v. Dept. of Rev., 193 Colo. 44, 562 P.2d 415 (1977).

**Multiple taxation is to be avoided.** CF&I Steel Corp. v. Charnes, 637 P.2d 324 (Colo. 1981).

**Use tax no greater than necessary to compensate for earlier avoided sales tax.** Given the supplementary nature and equalizing function of the use tax, the burden on the taxpayer should be no greater than necessary to compensate for the sales tax originally avoided on purchases of materials for manufacturing and resale. A levy upon the "full finished goods cost" or "capitalized cost" of goods withdrawn from a company's inventory inevitably would have the effect of taxing the company's labor and overhead. In effect, it would amount to a value added tax. Int'l Bus. Machs. Corp. v. Charnes, 198 Colo. 374, 601 P.2d 622 (1979).

**Only tangible personalty purchased at retail subject to use tax.** While the use of tangible personal property may constitute a taxable event, only that tangible personal property purchased at retail is subject to the use tax. CF&I Steel Corp. v. Charnes, 637 P.2d 324 (Colo. 1981).

**Use tax liability depends on use, not ownership.** Tri-State Generation & Transmission Ass'n v. Dept. of Rev., 636 P.2d 1335 (Colo. App. 1981); AF Prop. v. Dept. of Rev., 852 P.2d 1267 (Colo. App. 1992).

It is the privilege of using property installed in making an improvement on realty that is taxable under this and following sections. The exercise of the privilege of using it results in the incidence of the tax, and no subsequent use, or failure to use, the completed structure can relieve the owner from its payment. Fifteenth St. Inv. Co. v. People, 102 Colo. 571, 81 P.2d 764 (1938).

**Party controlling construction project "uses" materials.** Where a party shares in the direction and control of a construction project, that party "uses" the materials going into the project for use tax purposes. Tri-State Generation & Transmission Ass'n v. Dept. of Rev., 636 P.2d 1335 (Colo. App. 1981).

**Contractors purchasing out-of-state supplies for in-state job liable for tax.** Painting and electrical contractors who purchase supplies outside the state and use such supplies in a construction job which is delivered complete for a fixed price are liable for the use tax on the supplies.

Craftsman Painters & Decorators, Inc. v. Carpenter, 111 Colo. 1, 137 P.2d 414 (1942).

**Purchase of a laundry business is subject to a use tax deficiency assessment** upon the privilege of storing, using, or consuming the tangible personal property so purchased in connection therewith. *Palmer v. Perkins*, 119 Colo. 533, 205 P.2d 785 (1949).

**Purchase of bar snacks subject to use tax.** Hotel's purchase of bar snacks to promote its bar services is subject to a use tax since the snacks were made available on

a complimentary basis and were not purchased for resale. *Broadmoor Hotel v. Dept. of Rev.*, 773 P.2d 627 (Colo. App. 1989).

**In considering the meaning of the statutory use tax exemption,** the definitions of wholesale and retail sale established by the general assembly differ from the ordinarily accepted general conception of those terms. *Bedford v. Colo. Fuel & Iron Corp.*, 102 Colo. 538, 81 P.2d 752 (1938); *Hirschfeld Press v. Denver*, 806 P.2d 917 (Colo. 1991).

### **39-26-204. Periodic return - collection.**

(1) (a) Every person subject to the provisions of this part 2 who uses, stores, or consumes tangible personal property in the conduct of a business in this state, which property is purchased either inside or outside this state, and who has not paid the sales or use tax imposed by this article to a retailer shall make a return and remit the tax imposed by this part 2 to the executive director of the department of revenue for the preceding period covered by the remittance on forms prescribed by him, showing in detail the tangible personal property stored, used, or consumed by said person in the conduct of his business within the state in the preceding period covered by the remittance and on which property the said sales or use tax has not been paid. Every person subject to the provisions of this part 2 shall maintain monthly records of the amount of tax due. At such time as the cumulative tax due at the end of any month is in excess of three hundred dollars, such person shall make a return and remit the tax due before the twentieth day of the following month. If the total tax due in a calendar year is less than three hundred dollars, such person shall make a single return and remittance for such calendar year before January 20 of the following calendar year.

(b) Every person who is subject to the provisions of this part 2 who uses, stores, or consumes tangible personal property not in the conduct of a business, which is purchased either inside or outside this state, who has not paid the sales or use tax imposed by this article to a retailer, shall make a return and remit the tax annually, at the time the Colorado income tax of such person is

due and payable as provided in article 22 of this title, on forms prescribed by the executive director, showing in detail the tangible personal property stored, used, or consumed by said persons within this state for the preceding taxable year.

(c) All such returns shall be subscribed by the taxpayer or his agent and shall contain a written declaration that it is made under the penalties of perjury in the second degree.

(2) (a) Every retailer, except those retailers described in subsection (2)(b) of this section, doing business in this state and making sales of tangible personal property for storage, use, or consumption in the state, and not exempted as provided in part 7 of this article 26, at the time of making such sales or taking the orders therefor, or, if the storage, use, or consumption of such tangible personal property is not then taxable under this part 2, then at the time such storage, use, or consumption becomes taxable under this part 2, and sourced as provided in section 39-26-104 (3), shall collect the tax imposed by section 39-26-202, from the purchaser and give to the purchaser a receipt therefor, which receipt shall identify the property, the date sold or the date ordered, and the tax collected and paid. The tax required to be collected by such retailer from such purchaser shall be displayed separately from the advertised price listed on the forms or advertising matter on all sales checks, orders, sales slips, or other proof of sales.

(b) Repealed.

(3) It is unlawful for such retailer or agent to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by such retailer or agent, or that it will not be added to the selling price of the property sold, or, if added, that it or any part thereof will be refunded. The tax required to be collected by such retailer or agent shall be remitted to the state in like manner as otherwise provided in this article for the remittance of sales taxes collected by retailers, and all such retailers or agents collecting the tax imposed by section 39-26-202 shall make returns on forms provided by the executive director at such times and in such manner as is provided for the making of returns in the payment of the sales taxes. The procedure for assessing and collecting said taxes from such retailers or agents, or from the user when not paid to a retailer or agent, shall be the same as provided in this article and article 21 of this title for the collection of sales taxes, including collection by distraint warrant, and said taxes due and owing from any retailer or agent for the storage, use, or consumption of tangible personal property shall bear interest and be subject to the same penalties as is provided in this article and article 21 of this title for nonpayment or delinquencies of sales taxes.

(4) All sums of money paid by the purchaser to the retailer as taxes imposed by this article shall be and remain public money, the property of the state in the hands of such retailer, and he shall hold the same in trust for the sole use and benefit of the state until paid to the executive director of the department of revenue. For failure to so pay to the executive director, such retailer shall be punished as provided by law.

(5) (a) (I) If a person neglects or refuses to make a timely return in payment of the tax or to pay or correctly account for any tax as required by this article 26, the executive director of the department of revenue shall make an estimate, based upon the information that may be available, of the amount of taxes due or not accounted for or incorrectly accounted for on a return for the period for which the taxpayer is delinquent. The executive director shall add to the estimated amount of taxes due or not accounted for interest if applicable under section 39-21-110.5, and a penalty equal to the greater of:

(A) The sum of fifteen dollars; or

(B) Ten percent of such unpaid, unaccounted, or incorrectly accounted amount, plus one-half percent per month from the date when due, not exceeding eighteen percent in the aggregate.

(II) The executive director shall provide the delinquent taxpayer written notice of the estimated taxes, penalty, and interest by first-class mail as set forth in section 39-21-105.5.

(b) Such estimate shall thereupon become a notice of deficiency as provided in section 39-21-103. At the delinquent taxpayer's request, a hearing shall be held and the executive director shall make a final determination pursuant to said section. The taxpayer may appeal said final determination in the manner provided in section 39-21-105.

**39-26-205. Tax constitutes lien - exemption from lien.**

(1) The tax imposed by section 39-26-202 shall be a first and prior lien on the tangible personal property stored, used, or consumed, subject only to any valid mortgage or other liens of record on and prior to the recording of notice as required by section 39-26-118 (3), and, when such tax is collected by retailers or agents, shall be a first and prior lien on all the stock of goods or business fixtures of or used by such retailer, excepting goods sold in the ordinary course of business, which lien shall have precedence over all other liens of whatsoever kind or nature, except as to preexisting claims or liens of a bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the filing of the notice on property of the taxpayer, other than the goods, stock in trade, and business fixtures of such taxpayer.

(2) Upon default of payment thereof, the executive director of the department of revenue, after demand upon the person owing such tax, may bring an action in his name as executive director in attachment and seize property as authorized by this section to secure the payment of said tax, interest, and penalties. In any such proceeding, no bond shall be required of the executive director, nor shall any sheriff require from the executive director an indemnifying bond for executing the writ of attachment or levy, and no sheriff shall be liable in damages when acting in accordance with such writs. The remedies provided in this section shall be in addition to all other remedies.

(3) Any taxpayer or person in possession shall provide a copy of any lease pertaining to the assets and property described in subsection (1) of this section to the department of revenue within ten days after seizure by the department of such assets and property. The department shall verify that such lease is bona fide and notify the owner that such lease has been received by the department. The department shall use its best efforts to notify the owner of the real or personal property which might be subject to the lien created in subsection (1) of this section. The real or personal property of an owner who has made a bona fide lease to any taxpayer described in subsection (1) of this section shall be exempt from the lien created therein if such property can reasonably be identified from the lease description or if the lessee is given an option to purchase in such lease and has not exercised such option to become the owner of the property leased. This exemption shall be effective from the date of the execution of the lease. Such exemption shall also apply if the lease is recorded with the county clerk and recorder of the county where the property is located or based or a memorandum of the lease is filed with the department of revenue on such forms as may be prescribed by said department after the execution of the lease at a cost for such filing of two dollars and fifty cents per document. Motor vehicles which are

properly registered in this state, showing the lessor as owner thereof, shall be exempt from the lien created in subsection (1) of this section; except that said lien shall apply to the extent that the lessee has an earned reserve, allowance for depreciation not to exceed fair market value, or similar interest which is or may be credited to the lessee. Where the lessor and lessee are blood relatives or relatives by law or have twenty-five percent or more common ownership, a lease between such lessee and such lessor shall not be considered as bona fide for purposes of this section.

(3.5) Any coin-operated vending machine or video or other game machine shall be exempt from the lien created in subsection (1) of this section if:

(a) The machine is placed on the retailer's premises under the terms of a lease or other agreement under which the retailer is given no right to become the owner of the machine;

(b) The machine is plainly marked in a location accessible to agents of the department of revenue with information sufficient to permit identification of the owner of said property; and

(c) The owner of the machine has filed with the department of revenue a schedule listing the machine by serial number and including thereon the owner's full name and the address of his business and such other information as the executive director of the department of revenue may require. To protect the anonymity of owners of property, the executive director of the department of revenue may permit the marking of property covered by this subsection (3.5) to be marked using numbers or other coded identification.

(4) Any retailer who is in possession of property under the terms of a lease, which property is exempt from the lien as provided in this section, may be required by the executive director to remit tax funds due at more frequent intervals than monthly, but no more frequently than semimonthly, or may be required to furnish security for the proper payment of taxes whenever the collection of taxes appears to be in jeopardy.

**Federal lien possesses priority over inchoate state tax lien.** Federal liens take priority over all competing liens except those which are both earlier in time and

**39-26-208. Collection of use tax - motor vehicles.**

(1) No registration shall be made of a motor or other vehicle for which registration is required and no certificate of title shall be issued for such vehicle or for a mobile home by the department of revenue or its authorized agent until any tax due upon the storage, use, or consumption thereof pursuant to section 39-26-202 or imposed by ordinance of any municipality or resolution of any county has been paid.

(2) If an applicant for registration and certificate of title for any motor or other vehicle or for a certificate of title for a mobile home fails to show payment of the taxes applicable under this section by means of proper receipts therefor, the department of revenue or its authorized agent shall collect all such applicable taxes at the time such application is made.

(3) Revenues due the state and collected pursuant to this section shall be distributed as are other revenues under this part 2, and revenues due any municipality so collected shall be distributed as specified by contract entered into with the department of revenue pursuant to section 24-35-110, C.R.S.

(4) To facilitate collection of taxes as provided in this section, the governing body of each municipality which has imposed a tax upon storage, use, or consumption shall certify to the department of revenue and to the county clerk and recorder of the county in which such municipality is located a true copy of its current applicable tax ordinances and shall likewise certify any subsequent changes therein.

### **39-26-210. Limitations.**

The taxes for any period, together with the interest thereon and penalties with respect thereto, imposed by this part 2 shall not be assessed, nor shall any notice of lien be filed, or distraint warrant issued, or suit for collection be instituted, nor any other action to collect the same be commenced, more than three years after the date on which the tax was or is payable, except as set forth in sections 29-2-208 (2)(a)(III) and 29-2-302 (5)(b), nor shall any lien continue after such period, except for taxes assessed before the expiration of such period, notice of lien with respect to which has been filed prior to the expiration of such period, in which cases such lien shall continue only for one year after the filing of notice thereof. In the case of a false or fraudulent return with intent to evade tax, the tax, together with interest and penalties thereon, may be assessed, or proceedings for the collection of such taxes may be begun at any time. Before the expiration of such period of limitation, the taxpayer and the executive director of the department of revenue may agree in writing to an extension thereof, and the period so agreed on may be extended by subsequent agreements in writing.

### **ANNOTATION**

**Section 39-21-107 applicable where use taxes assessed, no return filed.** It is the intent of the general assembly that § 39-21-107, rather than this section, should be the controlling statute of limitations in the case where use taxes are assessed but no return is filed. *Dye Constr. Co. v. Dolan*, 41 Colo. App. 293, 589 P.2d 497 (1978); *CF&I Steel Corp. v. Charnes*, 637 P.2d 324 (Colo. 1981).

**Statute of limitations applies.** Where a taxpayer erroneously pays use taxes owed to one local government to another local government, this section bars any untimely attempt under § 29-2-106.1 (5) and (6) to force the local government that received the

taxes to forward them to the local government that should have received them. As a consequence, the taxpayer remains liable for payment of the taxes to the correct local government. *Qwest Corp. v. City of Northglenn*, 2014 COA 55, 351 P.3d 505.

**Unlimited waivers of limitation period extend for reasonable time or until terminated.** Unlimited waivers of this section's limitations period are generally construed to extend either for a reasonable time or until the waiver is terminated by either party after reasonable notice. *CF&I Steel Corp. v. Charnes*, 637 P.2d 324 (Colo. 1981).

**39-26-211. Applicability to banks.**

The provisions of this part 2 shall apply to national banking associations and to banks organized and chartered under the laws of this state.

**39-26-212. Legislation modifying the state use tax base - no impact on local government use tax bases - no expansion of local authority to levy use tax.**

(1) Notwithstanding the provisions of section 29-2-105 (1)(d), C.R.S., any provision of title 32, C.R.S., or any other provision of law, and except as set forth in subsection (3) of this section, the levying of use tax on, exemption from use tax for, or local option to levy use tax on or provide an exemption from use tax for any tangible personal property or services under the use tax ordinance or resolution of any county, municipality, special district, authority, or other local government or political subdivision of the state shall not be affected in any way by the elimination, suspension, or modification of any use tax exemption or any other legislative modification of the state use tax base resulting from the enactment of any of the following bills:

- (a) House Bill 10-1189, enacted in 2010;
- (b) House Bill 10-1190, enacted in 2010;
- (c) House Bill 10-1191, enacted in 2010;
- (d) House Bill 10-1194, enacted in 2010;
- (e) House Bill 10-1195, enacted in 2010.

(2) Except as set forth in subsection (3) of this section, this section does not create or expand, and shall not be construed to create or expand, any authority of any county, municipality, special district, authority, or other local government or political subdivision of the state to levy use tax.

(3) Beginning January 1, 2014, subsection (1) of this section does not apply to the regional transportation district established by article 9 of title 32, C.R.S., and the scientific and cultural facilities district established by article 13 of title 32, C.R.S., which levy sales and use tax upon every transaction or other incident with respect to which a sales and use tax is levied by the state.

#### SALES AND USE TAX - COLLECTION OF TAX BY OUT-OF-STATE RETAILERS

##### **39-26-301 to 39-26-307. (Repealed)**

**Editor's note:** (1) This part 3 was added in 1990 and was not amended prior to its repeal in 1994. For the text of this part 3 prior to 1994, consult the 1993 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Section 39-26-306 provided for the repeal of this part 3, effective December 31, 1994. (See L. 90, p. 1745.)

### PART 4

#### SALES AND USE TAX REFUND FOR BIOTECHNOLOGY, CLEAN TECHNOLOGY, AND MEDICAL DEVICES

**Cross references:** For the legislative declaration contained in the 1999 act enacting this part 4, see section 2 of chapter 184, Session Laws of Colorado 1999.

### **39-26-401. Definitions.**

As used in this part 4, unless the context otherwise requires:

(1) "Biotechnology" means:

(a) The application of technologies to produce or modify products, to develop microorganisms for specific uses, to identify targets for small pharmaceutical development, or to transform biological systems into useful processes or products; and

(b) The potential endpoints of the resulting products, processes, microorganisms, or targets are for improving human or animal health-care outcomes.

(2) "Clean technology" means:

(a) Renewable energy generation technologies, including but not limited to solar, wind, biofuel, and geothermal energy generation technologies;

(b) Products and technologies used in renewable energy development and generation on a commercial scale; or

(c) Products and technologies that enhance the efficient extraction, collection, storage, distribution, production, or consumption of energy from any type of source.

(d) Repealed.

(3) "Medical technology" means a therapeutic or diagnostic machine or tool used to improve human or animal health.

(4) "Qualified biotechnology taxpayer" means a C corporation, as defined in section 39-22-103 (2.5), a partnership, as defined in section 39-22-103 (5.6), a limited liability company that is not a C corporation, an S corporation, as defined in section 39-22-103 (10.5), or a sole proprietorship that purchases, stores, uses, or consumes tangible personal property to be used in Colorado directly and predominately in research and development of biotechnology.

(5) "Qualified medical technology or clean technology taxpayer" means a taxpayer that:

(a) Is a C corporation, as defined in section 39-22-103 (2.5); a partnership, as defined in section 39-22-103 (5.6); a limited liability company that is not a C corporation; an S corporation, as defined in section 39-22-103 (10.5); or a sole proprietorship;

(b) Employs thirty-five or fewer full-time employees in Colorado;

(c) Is headquartered in Colorado or has more than fifty percent of its employees in Colorado; and

- (d) Conducts research and development of medical technology or clean technology.
- (6) "Research and development" means qualified research as defined by 26 U.S.C. sec. 41(d)(1).
- (7) "Tangible personal property" includes capital equipment, instruments, apparatus, and supplies used in laboratories, including, but not limited to, microscopes, machines, glassware, chemical reagents, computers, computer software, and technical books and manuals.

**39-26-402. Refund of state sales and use tax for biotechnology - application requirements and procedures.**

(1) For the calendar year commencing January 1, 1999, and for each calendar year thereafter prior to January 1, 2027, each qualified biotechnology taxpayer shall be allowed to claim a refund of all state sales and use tax paid by the qualified biotechnology taxpayer, pursuant to parts 1 and 2 of this article 26, on the sale, storage, use, or consumption of tangible personal property to be used in Colorado directly and predominately in research and development of biotechnology during that calendar year.

(2) To claim the refund allowed by subsection (1) of this section, a qualified biotechnology taxpayer shall submit a refund application to the department of revenue on a form provided by the department. Such application shall be submitted no earlier than January 1 and no later than April 1 of the calendar year following the calendar year for which the refund is claimed. The application shall be accompanied by proof of payment of state sales and use taxes paid by the qualified biotechnology taxpayer in the immediately preceding calendar year. The application shall also include any additional information that the department of revenue may require by rule, which may include, without limitation, a detailed list of all expenditures that support a claim for a refund, the name and addresses of an individual who maintains records of such expenditures, and a statement that the qualified biotechnology taxpayer agrees to furnish records of all such expenditures to the department of revenue upon request. No refund shall be allowed if the qualified biotechnology taxpayer has not complied with this subsection (2).

**PART 7**

**SALES AND USE TAX EXEMPTIONS**

**Editor's note:** This entire part 7 was added in 2004 and includes the relocation of provisions formerly contained in §§ 39-26-114 and 39-26-203. A comparative table showing the relocations is contained in the back of the index.

**39-26-701. Definitions.**

In addition to the definitions in section 39-26-102, as used in this part 7, unless the context otherwise requires:

- (1) "Destination management company" means a person that:
  - (a) Is primarily engaged in the business of providing or arranging for the provision of at least six destination management services in Colorado;
  - (b) Has at least three full-time employees; and
  - (c) Does not prepare or serve beverages, meals, or other food products and does not own or operate a venue at which destination management services are provided, either directly or through a financial interest in another person.
- (2) "Destination management services" means:
  - (a) Booking and managing entertainers;
  - (b) Coordinating tours or recreational activities;
  - (c) Organizing meeting, conference, or event registration;
  - (d) Staffing meetings, conferences, transportation, or other events;
  - (e) Event management;

- (f) Catering or meal coordination;
  - (g) Providing shuttle system services, including vehicle staging, radio communications, signage, and routing services; or
  - (h) Providing airport meet-and-greet services, including the provision of airport permits, manifest management services, portage, and passenger greeting services.
- (3) "Storage" or "storing" means any keeping or retention of, or exercise of dominion or control over, tangible personal property in the state.

#### **39-26-702. Department of revenue - rules.**

The department of revenue shall adopt rules for the administration and enforcement of this part 7.

**Source: L. 2004:** Entire part added with relocations, p. 1016, § 2, effective July 1.

**Editor's note:** This section is similar to former § 39-26-114 (1)(c) as it existed prior to 2004.

#### **39-26-703. Disputes and refunds - repeal.**

(1) Should a dispute arise between the purchaser and seller as to whether or not any sale, service, or commodity is exempt from taxation pursuant to this part 7, nevertheless the seller shall collect and the purchaser shall pay the tax, and the seller shall thereupon issue to the purchaser a receipt showing the tax paid.

(2) (a) (Deleted by amendment, L. 2011, (HB 11-1265), ch. 228, p. 978, § 3, effective May 27, 2011.)

(b) The right of any person to a refund under this article shall not be assignable, and, except as provided in paragraph (c) of this subsection (2) and subsection (2.5) of this section, such application for refund shall be made by the same person who purchased the goods and paid the tax thereon as shown in the invoice of the sale.

(c) A refund shall be made or a credit allowed by the executive director of the department of revenue to any person entitled to an exemption where the person establishes: That a tax was paid by another on a purchase made on behalf of such person; that a refund has not been granted to the person making the purchase; and that the person entitled to exemption paid or reimbursed the purchaser for such tax. No such refund shall be made or credit allowed in an amount greater than the tax paid.

(c.5) The executive director of the department of revenue shall make a refund or allow a credit to any person who establishes that he or she has overpaid the tax due pursuant to this article 26. No such refund shall be made or credit allowed in an amount greater than the tax paid.

(d) An application for refund under subsection (2)(c) or (2)(c.5) of this section must be made within the applicable deadline and must be made on forms prescribed and furnished by the executive director of the department of revenue, which form must contain, in addition to the foregoing information, such other pertinent data, information, or documentation as the executive director prescribes by rules promulgated in accordance with article 4 of title 24. Except as set forth in sections 29-2-208 (2)(a)(III), 29-2-302 (5)(b), and 39-26-734 (4)(d), the deadline for a sales tax refund or a refund of any use tax collected by a vendor is three years after the twentieth day of the month following the date of purchase, and the deadline for any other use tax refund is three years after the twentieth day of the month following the initial date of the storage, use, or consumption in the state by the person applying for the refund.

(d.5) Upon receipt of the application and proof of the matters contained therein, the executive director of the department of revenue shall give notice to the applicant by order in writing of the executive director's decision. Aggrieved applicants, within thirty days after such decision is mailed to them, may petition the executive director for a hearing on the claim in the manner provided in section 39-21-103 and may appeal to the district courts in the manner provided in section 39-21-105.

(e) The proceeds of any claim for refund shall first be applied by the department of revenue to any tax deficiencies or liabilities existing against the claimant before allowance of the claim by the department; except that, if such excess payment of tax moneys in any period is discovered as a result of audit by the department and deficiencies are discovered and assessed against the taxpayer as a result of the audit, the excess moneys shall be first applied against any deficiencies outstanding to the date of the assessment but shall not be applied to any future tax liabilities.

(2.5) (a) Except as set forth in sections 29-2-208 (2)(a)(III) and 29-2-302 (5)(b), within three years after the due date of the return showing the overpayment or one year after the date of overpayment, whichever is later, a vendor shall file any claim for refund with the executive director of the department of revenue. The executive director shall promptly examine such claim and shall make a refund or allow a credit to any vendor who establishes that such vendor overpaid the tax due pursuant to this article 26.

(b) (I) A vendor may claim a refund on behalf of any purchaser of the vendor if:

(A) The purchaser could timely file a claim for a refund on his or her own behalf; and

(B) The vendor establishes to the satisfaction of the executive director of the department of revenue that the amount claimed, including any interest payable pursuant to section 39-21-110, has been or will actually be paid by the vendor to the purchaser.

(II) Nothing in this paragraph (b) shall prohibit a vendor from taking a credit that the vendor believes to be due on a subsequent period return for an overpayment or for tax collected in error and subsequently refunded to a purchaser; except that such credit shall be subject to audit and shall not bear any interest pursuant to section 39-21-110.

(c) No vendor shall be compelled by any party to file a refund claim pursuant to paragraph (b) of this subsection (2.5). It shall be a complete defense to any claim by a purchaser against a vendor for tax collected in error that the vendor has paid the tax over to the department of revenue. Any action by a purchaser for tax collected by a vendor in error that has been remitted to the department must be made pursuant to subsection (2) of this section and section 39-21-108.

(3) If any person is convicted under the provisions of section 39-21-118, the convictions shall be prima facie evidence that all refunds received by the person during the current year were obtained unlawfully, and the executive director of the department of revenue is empowered to bring appropriate action for recovery of such refunds. A brief summary statement of the above mentioned penalties shall be printed on each form application for refund.

(4) The burden of proving that sales, services, and commodities on which tax refunds are claimed are exempt from taxation under this part 7, or were not at retail, shall be on the one making such claim under such reasonable requirements of proof as the executive director of the department of revenue prescribes. Should the applicant for refund be aggrieved at the final decision of the executive director, the applicant may proceed to have the same reviewed by the district courts in the manner provided for review of other decisions of the executive director as provided in section 39-21-105.

(5) (a) (I) If a purchaser files a claim for refund of tax paid described in subsection (5)(b) of this section and pursuant to this article 26 to a vendor on or after July 1, 2022, but before July 1, 2026, the executive director of the department of revenue shall assess and collect, in addition to other penalties provided by law, a civil penalty as follows:

(A) Five percent of the total refund claimed if the claim is found to be materially incomplete; and

(B) Ten percent of the amount of the refund claim that is found to be duplicative or lacking a reasonable basis in law or in fact.

(II) The civil penalty imposed by this subsection (5) applies only to claims totaling five thousand dollars or more.

(III) The executive director of the department of revenue shall assess and collect, in the same manner as a sales or use tax deficiency, the civil penalty imposed by this subsection (5) from the purchaser unless the claim for refund is prepared, in whole or in part, by a person other than the purchaser, in which case the penalty is imposed on that person. The executive director shall give the person against whom the penalty is assessed written notice of the penalty in accordance with section 39-21-105.5. Within thirty days after such notice is mailed, the person against whom the penalty was assessed may petition the executive director for a hearing on the notice in the manner provided in section 39-21-103 and may appeal to the district court in the manner provided in section 39-21-105.

(b) A claim for refund is subject to the penalty under this subsection (5) if:

(I) It is incomplete;

(II) It includes a purchase for which an earlier claim for refund has already been filed; or

(III) It, or any part of it, lacks a reasonable basis in law or in fact.

(c) (I) A claim for refund is incomplete if it does not include the form and substantially all of the pertinent data, information, and documentation required by subsection (2)(d) of this section and the rules promulgated thereunder.

(II) Prior to assessing a penalty for a claim for refund due to incompleteness under subsection (5)(b)(I) of this section, the executive director shall notify the purchaser or the preparer of the claim, if any, that the claim appears to be incomplete. The notification must specify the pertinent data, information, and documentation that appears to be missing and must state that failure to either correct the omission or withdraw the claim for refund within sixty days of the date of the notice, plus such additional time allowed by the executive director for reasonable cause shown, will result in the assessment and collection of the civil penalty allowed under this subsection (5). Correcting the omission requires the purchaser or preparer to provide the missing data, information, and documentation and to demonstrate why the claim is not incomplete.

(d) If an application for refund is identified at the time of filing as a protective claim filed in order to preserve the right to a refund prior to the expiration of the statute of limitations, the executive director shall determine if the claim for refund is subject to the penalty under this subsection (5) after the claim for refund is perfected.

(e) The executive director of the department of revenue may waive the civil penalty imposed by this subsection (5) if the person against whom the penalty is assessed:

(I) Establishes that a duplicate claim was not intentional and was either minimal or immaterial; or

(II) Demonstrates other good cause for waiver of the civil penalty.

(f) This subsection (5) is repealed, effective July 1, 2030.

## ANNOTATION

**Annotator's note.** Since § 39-26-703 is similar to § 39-26-114 and § 39-26-203 as they existed prior to their 2004 repeal and relocation to this part 7, relevant cases

construing those provisions have been included in the annotations to this section.

#### **39-26-704. Miscellaneous sales tax exemptions - governmental entities - hotel residents - schools - exchange of property.**

(1) All sales to the United States government and to the state of Colorado, its departments and institutions, and the political subdivisions thereof in their governmental capacities only shall be exempt from taxation under the provisions of part 1 of this article.

(1.5) All transactions specified in section 29-4-227 (1), C.R.S., are exempt from taxation under the provisions of parts 1 and 2 of this article.

(2) There shall be exempt from taxation under the provisions of part 1 of this article 26 all sales that the state of Colorado is prohibited from taxing under the constitution or laws of the United States or the state of Colorado.

(3) (a) There shall be exempt from taxation under the provisions of part 1 of this article 26 all sales and purchases of commodities and services under the provisions of section 39-26-102 (11) to any natural person who is a permanent resident of any hotel, apartment hotel, lodging

house, motor hotel, guesthouse, guest ranch, trailer coach, mobile home, auto camp, or trailer court or park and who enters into or has entered into a written agreement for occupancy of a room or accommodations for a period of at least thirty consecutive days during the calendar year or preceding year.

(b) Notwithstanding any provision of law to the contrary, on or after January 1, 2021, for any local government or political subdivision of the state that levies a sales or use tax based on the sales or use tax levied by the state pursuant to this article 26, all sales and purchases of commodities and services under the provisions of section 39-26-102 (11) to any occupant who is a permanent resident of any hotel, apartment hotel, lodging house, motor hotel, guesthouse, guest ranch, trailer coach, mobile home, auto camp, or trailer court or park and who enters into or has entered into a written agreement for occupancy of a room or accommodations for a period of at least thirty consecutive days during the calendar year or preceding calendar year shall be exempt from the sales or use tax of such local government or political subdivision, unless the local government or political subdivision expressly subjects such sale to its sales or use tax for the applicable period at the time of adoption of its initial sales or use tax ordinance or resolution or subsequent amendment thereto.

(4) All sales made to schools, other than schools held or conducted for private or corporate profit, shall be exempt from taxation under the provisions of part 1 of this article.

(5) There shall be exempt from taxation under the provisions of part 1 of this article all transactions specified in section 39-26-104 (1)(b)(I) in which the fair market value of the exchanged property is excluded from the consideration or purchase price because the exchanged property is covered by section 39-26-104 (1)(b)(I)(A) or (1)(b)(I)(B), and in which, because there is no additional consideration involved in the transaction, there is no purchase price within the meaning of section 39-26-102 (7).

**Sales to governmental agencies exempt only when used in governmental capacity.** Sales to the United States government and to the state of Colorado, its departments, institutions, and political subdivisions thereof, are exempt under the provisions of the sales and use tax only where they are to be used by them in their "governmental capacities". Sec. Life & Accident Co. v. Heckers, 177 Colo. 455, 495 P.2d 225 (1972).

**Governmental exemption not applicable to independent contractor.** This section does not embrace a contractor which is neither a branch, agency, or alter ego of the United States government, but merely an independent contractor under contract with the United States government. Temple v.

Arthur Venneri Co., 172 Colo. 105, 470 P.2d 576 (1970).

**39-26-705. Miscellaneous use tax exemptions - printers ink and newsprint - manufactured goods.**

(1) The storage, use, or consumption of printers ink and newsprint shall be exempt from taxation under the provisions of part 2 of this article.

(2) There shall be exempt from taxation under the provisions of part 2 of this article the storage, use, or consumption of manufactured goods, including, but not limited to, high technology goods, donated by the manufacturer of such goods to the United States government; the state of Colorado or any department, institution, or political subdivision thereof; or any organization exempt from federal income taxes pursuant to section 501 (c)(3) of the "Internal Revenue Code of 1986", as amended, to the extent that the aggregate value of all such goods included in a single donation exceeds one thousand dollars.

**39-26-706. Miscellaneous sales and use tax exemptions - internet access - refractory materials - precious metal bullion and coins.**

(1) (a) and (b) (Deleted by amendment, L. 2013.)

(c) (I) Notwithstanding any provision of law to the contrary, but except as set forth in subparagraph (II) of this paragraph (c), for any local government or political subdivision of the state that levies a sales or use tax based on the sales or use tax levied by the state pursuant to this article, the sale or storage, use, or consumption of cigarettes is exempt from the sales or use tax of such local government or political subdivision.

(II) Subparagraph (I) of this paragraph (c) does not apply to the regional transportation district established by article 9 of title 32, C.R.S., and the scientific and cultural facilities district established by article 13 of title 32, C.R.S., which, beginning January 1, 2014, levy sales and use

tax upon every transaction or other incident with respect to which a sales and use tax is levied by the state.

(2) (a) On and after May 1, 1998, internet access services, as defined in section 24-79-102 (2)(b), C.R.S., shall be exempt from taxation under the provisions of part 1 of this article.

(b) From May 1, 1998, internet access services, as defined in section 24-79-102 (2)(b), C.R.S., shall be exempt from taxation under the provisions of part 2 of this article.

(3) All sales and purchases of and the storage, use, or consumption of refractory materials and carbon electrodes used by a person manufacturing iron and steel for sale or profit and all sales and purchases of and the storage, use, or consumption of inorganic chemicals used in the processing of vanadium-uranium ores shall be exempt from taxation under parts 1 and 2 of this article.

(4) (a) All sales of precious metal bullion and coins, as defined in section 39-26-102 (2.6) and (6.5), shall be exempt from taxation under the provisions of part 1 of this article.

(b) The storage, use, or consumption of precious metal bullion and coins, as defined in section 39-26-102 (2.6) and (6.5), shall be exempt from taxation under the provisions of part 2 of this article.

(5) On and after July 1, 2010, the collection of the waste tire fee pursuant to section 30-20-1403, C.R.S., is exempt from taxation under part 1 of this article.

**39-26-707. Food, meals, beverages, and packaging - definitions.**

(1) The following shall be exempt from taxation under the provisions of part 1 of this article 26:

(a) All sales of food purchased with food stamps. For the purposes of this subsection (1)(a), "food" has the same meaning as provided in 7 U.S.C. sec. 2012, as such section exists on October 1, 1987, or is thereafter amended.

(b) All sales of food purchased with funds provided by the special supplemental food program for women, infants, and children, as provided for in 42 U.S.C. sec. 1786. For the purposes of this paragraph (b), "food" shall have the same meaning as provided in 42 U.S.C. sec. 1786, as such section exists on October 1, 1987, or is thereafter amended.

(c) Any sale of any article to a retailer or vendor of food, meals, or beverages, which article is to be furnished to a consumer or user for use with articles of tangible personal property purchased at retail, if a separate charge is not made for the article to the consumer or user, if such article becomes the property of the consumer or user, together with the food, meals, or beverages purchased, and if a tax is paid on the retail sale as required by section 39-26-104 (1)(a) or (1)(e); except that, on or after March 1, 2010, any such article that is nonessential to the consumer or user, as determined by rules of the department of revenue promulgated in accordance with article 4 of title 24, C.R.S., shall be subject to state sales taxation;

(d) Any sale of any container or bag to a retailer or vendor of food, meals, or beverages, which container or bag is to be furnished to a consumer or user for the purpose of packaging or bagging articles of tangible personal property purchased at retail, if a separate charge is not made for the container or bag to the consumer or user, if such container or bag becomes the property of the consumer or user, together with the food, meals, or beverages purchased, and if a tax is paid on the retail sale as required by section 39-26-104 (1)(a) or (1)(e); except that, on and after March 1, 2010, any such container or bag that is nonessential to the consumer or user, as determined by rules of the department of revenue promulgated in accordance with article 4 of title 24, C.R.S., shall be subject to state sales taxation;

(e) Commencing January 1, 1980, all sales of food; and

(f) (I) (A) On and after July 1, 2016, all sales of food, food products, snacks, beverages, and meals provided for consumption by residents on the premises of a retirement community;

(B) On and after July 1, 2016, all sales to a retirement community of food, food products, snacks, beverages, and meals for purposes of a sale described in sub-subparagraph (A) of this subparagraph (I);

(C) On and after July 1, 2016, all sales of any container, bag, or article used by or furnished to a consumer for the purpose of packaging, bagging, or use with food, food products, snacks,

beverages, and meals provided for consumption by residents on the premises of a retirement community; and

(D) On and after July 1, 2016, all sales to a retirement community of any container, bag, or article used by or furnished to a consumer for purposes of a sale described in sub-subparagraph (A) of this subparagraph (I).

(II) For purposes of this paragraph (f), "food" includes prepared salads, salad bars, and packaged and unpackaged cold sandwiches.

(1.5) (a) Notwithstanding the provisions of paragraph (e) of subsection (1) of this section, on and after May 1, 2010, sales of candy and soft drinks shall be subject to state sales taxation.

(b) For the purposes of this subsection (1.5):

(I) "Candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruit, nuts, or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" shall not include any preparation containing flour and shall require no refrigeration.

(II) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice, or similar milk substitutes, or greater than fifty percent of vegetable or fruit juice by volume.

(2) The following shall be exempt from taxation under the provisions of part 2 of this article 26:

(a) Effective January 1, 1980, the storage, use, or consumption of food or meals that are provided to employees of the places described in section 39-26-104 (1)(e), if such are provided to such employees at no charge or at a reduced charge;

(b) The storage, use, or consumption of any article by a retailer or vendor of food, meals, or beverages, which article is to be furnished to a consumer or user for use with articles of tangible personal property purchased at retail, if a separate charge is not made for the article to the consumer or user, if the article becomes the property of the consumer or user, together with the food, meals, or beverages purchased, and if a tax is paid on the retail sale as required by section 39-26-104 (1)(a) or (1)(e); except that, on and after March 1, 2010, any such article stored, used, or consumed that is nonessential to the end consumer or user, as determined by rules of the department of revenue promulgated in accordance with article 4 of title 24, C.R.S., shall be subject to state use taxation;

(c) The storage, use, or consumption of any container or bag by a retailer or vendor of food, meals, or beverages, which container or bag is to be furnished to a consumer or user for the purpose of packaging or bagging articles of tangible personal property purchased at retail, if a separate charge is not made for the container or bag to the consumer or user, if the container or

bag becomes the property of the consumer or user, together with the food, meals, or beverages purchased, and if a tax is paid on the retail sale as required by section 39-26-104 (1)(a) or (1)(e); except that, on and after March 1, 2010, any such container or bag stored, used, or consumed that is nonessential to the end consumer or user, as determined by rules of the department of revenue promulgated in accordance with article 4 of title 24, C.R.S., shall be subject to state use taxation;

(d) (I) Effective January 1, 1980, the storage, use, or consumption of food as defined in section 39-26-102 (4.5); except that, on and after May 1, 2010, the storage, use, or consumption of candy and soft drinks shall be subject to state use taxation.

(II) For the purposes of this paragraph (d):

(A) "Candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruit, nuts, or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" shall not include any preparation containing flour and shall require no refrigeration.

(B) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice, or similar milk substitutes, or greater than fifty percent of vegetable or fruit juice by volume.

(e) (I) (A) On and after July 1, 2016, the storage, use, or consumption of food, food products, snacks, beverages, and meals provided for consumption by residents on the premises of a retirement community;

(B) On and after July 1, 2016, the storage, use, or consumption by a retirement community of food, food products, snacks, beverages, and meals for purposes of a sale described in subparagraph (A) of subparagraph (I) of paragraph (f) of subsection (1) of this section;

(C) On and after July 1, 2016, the storage, use, or consumption of any container, bag, or article used by or furnished to a consumer for the purpose of packaging, bagging, or use with food, food products, snacks, beverages, and meals provided for consumption by residents on the premises of a retirement community; and

(D) On and after July 1, 2016, the storage, use, or consumption by a retirement community of any container, bag, or article used by or furnished to a consumer for purposes of a sale described in sub-subparagraph (A) of subparagraph (I) of paragraph (f) of subsection (1) of this section.

(II) For purposes of this paragraph (e), "food" includes prepared salads, salad bars, and packaged and unpackaged cold sandwiches.

(f) The storage, use, or consumption of all food purchased with food stamps. For purposes of this subsection (2)(f), "food" has the same meaning as provided in 7 U.S.C. sec. 2012, as such section exists on October 1, 1987, or is thereafter amended.

(g) The storage, use, or consumption of all food purchased with funds provided by the special supplemental food program for women, infants, and children, as provided for in 42 U.S.C. sec. 1786. For the purposes of this subsection (2)(g), "food" has the same meaning as provided in 42 U.S.C. sec. 1786, as such section exists on October 1, 1987, or is thereafter amended.

(2.5) For purposes of this section, "retirement community" means:

(a) An assisted living residence as defined in section 25-27-102 (1.3), C.R.S.;

(b) An independent living facility designed and operated specifically to serve as the primary residence for persons aged fifty-five or older that provides meals and other services to residents as part of a comprehensive fee, including a facility that qualifies as housing for older persons as defined in section 24-34-502 (7)(b) and a life care institution subject to article 49 of title 11; or

(c) A nursing care facility licensed under the authority of section 25-1.5-103 (1)(a)(I)(A), C.R.S., that provides services to persons who, due to physical condition, mental condition, or disability, require continuous or regular inpatient nursing care.

(3) The department of revenue may promulgate rules, in accordance with article 4 of title 24, C.R.S., to provide a means by which a person who sells candy or soft drinks at retail may, if necessary, reasonably estimate the amount of sales taxes due on such candy and soft drinks. For any return made prior to August 1, 2010, a person who sells candy or soft drinks at retail shall not be liable for any interest or other penalty imposed as a result of an error made in connection with the elimination of the exemption from state sales tax for sales of candy and soft drinks, as defined in paragraph (b) of subsection (1.5) of this section, by House Bill 10-1191, enacted in 2010.

(4) For any return made prior to June 1, 2010, a person who sells or stores, uses, or consumes items described in paragraphs (c) and (d) of subsection (1) and paragraphs (b) and (c) of subsection (2) of this section that are nonessential to the end consumer or user shall not be liable for any interest or other penalty imposed as a result of an error made in connection with the elimination of the exemption for such nonessential items from state sales and use tax by House Bill 10-1194, enacted in 2010.

#### ANNOTATION

**Annotator's note.** Since § 39-26-707 is similar to § 39-26-203 as it existed prior to its 2004 repeal and relocation to this part 7, relevant cases construing that provision have been included in the annotations to this section.

**"Container" exemption construed.** Glass bottles purchased from bottle manufacturer are exempt, whether or not the bottle is returnable. *Weed v. Occhiato*, 175 Colo. 509, 488 P.2d 877 (1971).

A beer keg is exempt as a "container" regardless of the fact that it is continuously

reused by brewer and never sold or given away. *Adolph Coors Co. v. Charnes*, 690 P.2d 893 (Colo. App. 1984), *aff'd*, 724 P.2d 1341 (Colo. 1986).

**Bar snacks not exempt.** Snacks provided by a hotel in connection with its bar services are not exempt because they are not furnished for "use with" food. This exemption applies to certain wooden, paper, and plastic products which are used to serve food and beverages. *Broadmoor Hotel v. Dept. of Rev.*, 773 P.2d 627 (Colo. App. 1989).

#### **39-26-708. Construction and building materials - legislative declaration - definition.**

(1) There shall be exempt from taxation under part 1 of this article 26 all sales of construction and building materials to contractors and subcontractors for use in the building, erection, alteration, or repair of structures, highways, roads, streets, and other public works owned and used by:

(a) (I) The United States government, the state of Colorado, its departments and institutions, and its political subdivisions in their governmental capacities only;

(II) As used in this subsection (1)(a), "governmental capacities" includes the building, erection, alteration, or repair of structures to house employees or contractors of a regional transportation authority, as allowed by sections 43-4-604 (3)(j) and 43-4-605 (1)(l), and as an implied and necessary power within section 43-4-605 (1)(k);

(III) As used in this subsection (1)(a), "governmental capacities" includes the building, erection, alteration, or repair of structures for workforce housing projects undertaken by counties;

(b) Charitable organizations in the conduct of their regular charitable functions and activities; or

(c) Schools, other than schools held or conducted for private or corporate profit.

(2) There shall be exempt from taxation under part 2 of this article 26 the storage, use, or consumption by a contractor or subcontractor of construction and building materials for use in the building, erection, alteration, or repair of structures, highways, roads, streets, and other public works owned and used by:

(a) (I) The United States government, the state of Colorado, its departments and institutions, and its political subdivisions in their governmental capacities only;

(II) As used in this subsection (2)(a), "governmental capacities" includes the building, erection, alteration, or repair of structures to house employees or contractors of a regional transportation authority, as allowed by sections 43-4-604 (3)(j) and 43-4-605 (1)(l), and as an implied and necessary power within section 43-4-605 (1)(k);

(III) As used in this subsection (2)(a), "governmental capacities" includes the building, erection, alteration, or repair of structures for workforce housing projects undertaken by counties;

(b) Charitable organizations in the conduct of their regular charitable functions and activities; or

(c) Schools, other than schools held or conducted for private or corporate profit.

(2.5) (a) The general assembly finds, determines, and declares that:

(I) The exemption under this section was enacted by the general assembly to reduce costs involved in the construction of public works;

(II) The exemption codifies the principle that contractors should not be paying a tax levied by governmental entities on building materials used for the benefit of those same governmental entities;

(III) Under current law, out of the state and all local governments across the state, the sales and use tax on construction and building materials used in the construction of public buildings is only levied by home rule cities;

(IV) The state's ability to honor its responsibilities under section 2 of article IX of the state constitution to provide for the establishment and maintenance of a thorough and uniform system of free public schools throughout the state is impaired when home rule cities tax public school construction materials because this tax increases the cost of providing public education within the boundaries of these municipalities as contrasted with public schools located within the boundaries of other municipalities that do not tax these materials;

(V) The state's responsibility to provide a thorough and uniform education is further impaired by the incentives created by the current tax disparities. Specifically, insofar as school districts serve the residents of multiple municipalities and not all of the municipalities tax public school construction materials, school districts are given incentives to build schools within those municipalities where the sales and use tax is not levied, rather than where the public schools are most needed, thereby depriving students and communities of local education resources.

(VI) Extending the exemption to include home rule cities would eliminate these barriers and disparities and assist the state in honoring its responsibilities under section 2 of article IX of the state constitution;

(VII) The current taxing system also creates negative extraterritorial impacts because taxpayers that reside in school districts that serve both taxing and nontaxing municipalities must subsidize the cost of the sales and use tax levied when public schools are built in municipalities that tax public school construction materials, even when such residents do not reside in the taxing municipality and their children do not attend public schools in the taxing municipality;

(VIII) Extending the exemption to include the sales and use tax levied by home rule cities on public school construction materials would reduce the overall costs of constructing such facilities for the many jurisdictions across the state that are home rule cities; and

(IX) Extending the exemption to include home rule cities would also promote a uniform and consistent treatment of the sale of building and construction materials statewide, thereby facilitating a more consistent and uniform tax structure, would limit the negative extraterritorial effects of this disparate tax treatment, and enhance taxpayer equity in all school districts statewide. Accordingly, the matters addressed in subsection (2.5)(b) of this section are matters of statewide concern.

(b) Notwithstanding any other provision of law, in addition to the exemption from taxation created by subsections (1) and (2) of this section, there shall also be exempt from taxation under part 1 of this article 26 any tax levied by a home rule city on all sales of construction and building materials to contractors and subcontractors for use in the building, erection, alteration, or repair of a public school.

(c) As used in subsection (2.5)(b) of this section, "public school" means a school that serves any of grades kindergarten through twelve and that derives its support, in whole or in part, from revenue raised by a general state or school district tax. "Public school" includes a charter school authorized by a school district pursuant to part 1 of article 30.5 of title 22, by the state charter school institute pursuant to part 5 of article 30.5 of title 22, or by the Colorado school for the deaf and the blind pursuant to section 22-80-102 (4).

(3) On application by a purchaser or seller, the department of revenue shall issue to a contractor or subcontractor a certificate of exemption indicating that the contractor's or subcontractor's purchase of construction or building materials is for a purpose stated in subsection (1) of this section and is, therefore, free from sales tax. Unless the department determines pursuant to section 39-26-730 (2) that forms can be consolidated or eliminated, the department shall provide forms for the application and certificate and shall have the authority to verify that the contractor or subcontractor is, in fact, entitled to the issuance of the certificate prior to such issuance.

## ANNOTATION

**Law reviews.** For article, "The Organization Exemption", see 53 Colo. Law. Homeowner Protection Act Charitable 20 (Nov. 2024).

**39-26-709. Machinery and machine tools - definitions.**

(1) (a) The following shall be exempt from taxation under the provisions of part 1 of this article:

(I) (Deleted by amendment, L. 2004, p. 1022, § 2, effective July 1, 2004.)

(II) Except as allowed in section 39-30-106, on or after July 1, 1996, purchases of machinery or machine tools, or parts thereof, in excess of five hundred dollars to be used in Colorado directly and predominantly in manufacturing tangible personal property, for sale or profit, including any machinery or machine tools purchased by a business listed in the inventory prepared by the department of public health and environment pursuant to section 30-20-122 (1)(a)(V), C.R.S.; and

(III) (Deleted by amendment, L. 2008, p. 1323, § 8, effective May 27, 2008.)

(IV) Purchases of machinery and machine tools, or parts thereof, used in the production of electricity in a facility for which a long-term power purchase agreement was fully executed between February 5, 2001, and November 7, 2006, whether or not such purchases are capitalized or expensed.

(b) A parent corporation and all closely held subsidiary corporations, as defined in section 39-26-102 (10)(k), shall be considered one person for the purposes of this section and, as a group, shall be subject to the provisions of paragraph (a) of this subsection (1).

(c) As used in this subsection (1):

(I) "Long-term power purchase agreement" means an agreement executed between one or more independent power producers and a provider of retail electric service for a term of no less than ten years, pursuant to which the independent power producer or producers agree to sell all of the production offered for sale from a particular power generation facility for a specified price over a specified term.

(II) "Machinery" means any apparatus consisting of interrelated parts used to produce an article of tangible personal property. The term includes both the basic unit and any adjunct or attachment necessary for the basic unit to accomplish its intended function.

(III) "Manufacturing" means the operation of producing a new product, article, substance, or commodity different from and having a distinctive name, character, or use from raw or prepared materials, including the processing of recovered materials.

(III.5) (A) "Recovered materials" means those materials that have been separated, diverted, or removed from the waste stream for the purpose of remanufacturing, reuse, or recycling or, as allowed by subsection (1)(c)(III.6) of this section, those materials that have been derived from

scrap metal or end-of-life-cycle metals for remanufacturing, reuse, or recycling into new metal stock that meets applicable standards for metal commodities sales.

(B) As used in this subsection (1)(c)(III.5), "applicable standards" means standards for recycled commodities recognized by the institute of scrap recycling industries.

(III.6) "Scrap metal processor" means any person who is engaged in the business of processing scrap metals who, from a fixed location, utilizes machinery and equipment for manufacturing ferrous and nonferrous metallic scrap into prepared grades and whose principal product is metallic scrap. The following items are exempt when purchased by a scrap metal processor and used in manufacturing prepared grade recycled metals: Mobile metal shears, stationary metal shears, metal shredders, conveyors used to move metal scrap or stock, loaders utilized to load metal scrap or stock, bailers to bundle metal stock, material handlers utilized for metal scrap or metal stock, excavators, magnets, grapples and torches utilized to break down metal scrap, and all other equipment directly used predominantly in the manufacturing of commodity grade recycled metals.

(IV) "Specified price" means a price set by a long-term power purchase agreement that is not dependent on either the cost of production or the market price of electricity; except that a specified price may provide for a percentage increase over time so long as the percentage increase is specified in the original long-term power purchase agreement and is also not dependent on either the cost of production or the market price of electricity.

(d) For purposes of this subsection (1), direct use in manufacturing is deemed to begin for items normally manufactured from inventoried raw material at the point at which raw material is moved from plant inventory on a contiguous plant site and to end at a point at which manufacturing has altered the raw material to its completed form, including packaging, if required. Machinery used during the manufacturing process to move material from one direct production step to another in a continuous flow and machinery used in testing during the manufacturing process is deemed to be directly used in manufacturing.

(e) In order to qualify for the exemption provided in this subsection (1), a purchase shall be of such nature that it would have qualified for the investment tax credit against federal income tax as was provided by section 38 of the federal "Internal Revenue Code of 1954", as amended.

(f) An exemption may not be claimed under this section for sales tax paid in another state that is credited against Colorado sales tax or use tax or both.

(g) Unless the department of revenue determines pursuant to section 39-26-730 (2) that the declaration can be consolidated with another form or eliminated, to receive an exemption under this subsection (1), a declaration of entitlement shall be filed by the purchaser with the vendor of the machinery or machine tools, or parts thereof, and with the executive director of the department.

(2) Effective July 1, 1979, the storage, use, or consumption of machinery or machine tools, or parts thereof, exempt from sales tax by subsection (1) of this section shall be exempt from taxation under the provisions of part 2 of this article.

manufacturing as the term is applied for purposes of § 39-30-106. Pioneer Nat. Res. USA v. Dept. of Rev., 2014 COA 101, 356 P.3d 924.

**Machinery used in the generation of electricity is not exempt** because it does not constitute the manufacturing of tangible personal property. The sales and use tax statutes treat electricity as a service, rather than as tangible personal property. Dept. of Rev. v. Pub. Serv. Co., 2014 CO 59, 330 P.3d 385.

**39-26-710. Railroads - construction and building materials - tangible personal property - work equipment - rolling stock.**

(1) The following shall be exempt from taxation under the provisions of part 1 of this article:

(a) The sale of construction and building materials to a common carrier by rail operating in interstate or foreign commerce for use by the common carrier in construction and maintenance of its railroad tracks; however, any actual use of such construction and building materials shall, at the time of the actual use, be subject to the tax imposed by part 2 of this article 26 and any use tax imposed pursuant to article 2 of title 29, except as provided in subsection (2)(c) of this section;

(b) The sale of tangible personal property that is to be affixed or attached as a component part of a locomotive, a freight car, railroad work equipment, or other railroad rolling stock; and

(c) The sale of locomotives, freight cars, railroad work equipment, and other railroad rolling stock used or purchased for use in interstate commerce by a railroad company.

(2) The following shall be exempt from taxation under the provisions of part 2 of this article 26:

(a) The storage, use, or consumption of any tangible personal property that is to be affixed or attached as a component part of a locomotive, a freight car, railroad work equipment, or other railroad rolling stock;

(b) The storage, use, or consumption of locomotives, freight cars, railroad work equipment, and other railroad rolling stock used or purchased for use in interstate commerce by a railroad company; and

(c) For tax periods beginning on or after July 1, 2027, the storage, use, or consumption of construction and building materials by or on behalf of a common carrier by rail operating in interstate or foreign commerce when the storage, use, or consumption of the construction and building materials is pursuant to a contract with the state, a department or institution of the state, a political subdivision of the state, or a special district that allows the state, a department or institution of the state, a political subdivision of the state, or a special district to use the railroad's property or tracks for the provision of public passenger rail service. The department of transportation shall notify the department of revenue of the identity of any common carrier eligible for the exemption allowed by this subsection (2)(c).

**39-26-711.5. Aircraft - use outside state.**

(1) The sale, storage, use, and consumption of a new or used aircraft shall be exempt from taxation under the provisions of part 1 and part 2 of this article 26 if:

(a) The aircraft is sold to a person who is not a resident of the state;

(b) The aircraft will be removed from the state within the longer of the following periods:

(I) One hundred twenty days after the date of the sale; or

(II) Thirty days after the completion of maintenance, interior refurbishment, paint, or engine work associated with the sale of the aircraft; and

(c) The aircraft will not be in the state more than seventy-three days in any of the three calendar years following the calendar year in which the aircraft is removed from the state pursuant to paragraph (b) of this subsection (1).

(2) A purchaser of an aircraft who claims the exemption allowed by this section shall, at the time of purchase and unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated, provide to the seller an affidavit that the purchaser is not a resident of the state and that the purchaser agrees to pay the tax imposed by part 1 of this article 26 if the purchaser fails to comply with the requirements of subsection (1)(b) or (1)(c) of this section.

(3) An aircraft that is hangared or parked overnight shall be considered to be in the state for purposes of this section.

**39-26-711.8. Aircraft - use outside state - on-demand air carriers.**

(1) Notwithstanding section 39-26-711.5, on and after July 1, 2014, but prior to July 1, 2019, the sale of a new or used aircraft shall be exempt from taxation under the provisions of part 1 and part 2 of this article if:

(a) The aircraft is purchased for use by an on-demand air carrier, regardless of whether the purchaser is a resident of the state;

(b) The aircraft will remain in the state only for the purpose of final assembly, maintenance, modification, or completion;

(c) The aircraft will be removed from the state within the longer of the following periods:

(I) One hundred twenty days after the date of the sale; or

(II) Thirty days after the completion of maintenance, interior refurbishment, paint, or engine work associated with the sale of the aircraft; and

(d) The aircraft will not be in the state more than seventy-three days in any of the three calendar years following the calendar year in which the aircraft is removed from the state pursuant to paragraph (c) of this subsection (1).

(2) A purchaser of an aircraft who claims the exemption allowed by this section shall, at the time of purchase and unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated, provide to the seller an affidavit that the aircraft will be used by an on-demand air carrier and that the purchaser agrees to pay the tax imposed by part 1 or part 2 of this article 26, as applicable, if the purchaser fails to comply with the requirements of subsections (1)(b), (1)(c), and (1)(d) of this section.

**39-26-711.9. Historic aircraft on loan for public display - definition.**

(1) On and after August 9, 2017, a historic aircraft that is on loan for public display, demonstration, educational, or museum promotional purposes is exempt from taxation under the provisions of parts 1 and 2 of this article 26 if:

(a) The historic aircraft is on loan for public display, demonstration, educational, or museum promotional purposes to a publicly owned museum in the state or to a nonprofit museum in the state that operates under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended;

(b) The historic aircraft will be used only for public display, demonstration, educational, or museum promotional purposes while within the state but away from the museum to which the historic aircraft is on loan; and

(c) The museum to which the historic aircraft is on loan for public display, demonstration, educational, or museum promotional purposes is open to the public for at least twenty hours every week.

(2) For purposes of this section, "historic aircraft" means any original, restored, or replica of a heavier-than-air aircraft that is at least thirty-five years old.

### **39-26-712. Trailers and trucks.**

(1) The following are exempt from taxation under the provisions of part 1 of this article 26:

(a) The sale of a new or used trailer, semitrailer, truck, truck tractor, or truck body manufactured within this state if such vehicle is purchased from the manufacturer for use exclusively outside this state or in interstate commerce and is delivered by the manufacturer to the purchaser within this state, if the purchaser drives or moves such vehicle to any point outside this state within thirty days after the date of delivery, and if, the purchaser furnishes an affidavit to the manufacturer that such vehicle will be permanently licensed and registered outside this state and will be removed from this state within thirty days after the date of delivery, unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated; and

(b) The sale of a new or used trailer, semitrailer, truck, truck tractor, or truck body if such vehicle is purchased for use exclusively outside this state or in interstate commerce and is delivered by the manufacturer or licensed Colorado dealer to the purchaser within this state, if the purchaser drives or moves such vehicle to any point outside this state within thirty days after the date of delivery, and if the purchaser furnishes an affidavit to the seller that such vehicle will

be permanently licensed and registered outside this state and will be removed from this state within thirty days after the date of delivery, unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated.

(2) The following are exempt from taxation under the provisions of part 2 of this article 26:

(a) The storage or use of a new or used trailer, semitrailer, truck, truck tractor, or truck body manufactured within this state if such vehicle is purchased from the manufacturer for use exclusively outside this state or in interstate commerce and is delivered by the manufacturer to the purchaser within this state, if the purchaser drives or moves such vehicle to any point outside this state within thirty days after the date of delivery, and if the purchaser furnishes an affidavit to the manufacturer that such vehicle will be permanently licensed and registered outside this state and will be removed from this state within thirty days after the date of delivery, unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated;

(b) The storage or use of a new or used trailer, semitrailer, truck, truck tractor, or truck body if such vehicle is purchased for use exclusively outside this state or in interstate commerce and is delivered by the manufacturer or licensed Colorado dealer to the purchaser within this state, if the purchaser drives or moves such vehicle to any point outside this state within thirty days after the date of delivery, and if the purchaser furnishes an affidavit to the seller that such vehicle will be permanently licensed and registered outside this state and will be removed from this state within thirty days after the date of delivery, unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated; and

(c) The storage or use of a new or used trailer, semitrailer, truck, truck tractor, or truck body if the vehicle has been relocated within this state, was used in interstate commerce, and the owner can provide evidence of the vehicle being previously registered in another state for at least six months.

**39-26-713. Tangible personal property.**

(1) The following shall be exempt from taxation under the provisions of part 1 of this article 26:

(a) Any right to the continuous possession or use for three years or less of any article of tangible personal property under a lease or contract, if the lessor has paid to the state of Colorado a sales or use tax on such tangible personal property upon its acquisition. The department of revenue may permit a lessor of tangible personal property leased for a period of three years or less to acquire the property free of sales or use tax if the lessor agrees to collect sales tax on all lease payments received on the property.

(b) Repealed.

(c) The sale of tangible personal property for testing, modification, inspection, or similar type of activities in this state if the ultimate use of the property in manufacturing or similar type of activities occurs outside of this state and if the test, modification, or inspection period does not exceed ninety days; and

(d) All sales and purchases of tangible personal property by a manufacturer that uses the property as a component part of goods that it manufactures, including, but not limited to, high technology goods, and that donates such goods to the United States government; the state of Colorado or any department, institution, or political subdivision thereof; or any organization exempt from federal income taxes pursuant to section 501 (c)(3) of the "Internal Revenue Code of 1986", as amended, to the extent that the aggregate value of the goods included in a single donation exceeds one thousand dollars.

(2) The following are exempt from taxation under part 2 of this article 26:

(a) The storage, use, or consumption of any tangible personal property the sale of which is subject to the retail sales tax imposed by part 1 of this article, including transactions that are exempt from taxation under section 39-26-704 (5);

(b) (I) The storage, use, or consumption of any tangible personal property purchased for resale in this state, either in its original form or as an ingredient of a manufactured or compounded product, in the regular course of a business.

(II) For purposes of this subsection (2)(b), any motor vehicle purchased and held for resale in this state by a licensed motor vehicle dealer, as defined in section 44-20-102, who meets the eligibility requirements to receive a full-use dealer plate set forth in section 42-3-116 (6)(a)(I) shall be considered to be in the regular course of business and shall not be subject to taxation under part 2 of this article 26. A motor vehicle shall be considered to be purchased and held for resale if:

(A) The manufacturer's certificate of origin or certificate of title for the motor vehicle is assigned to the motor vehicle dealer;

(B) The motor vehicle is included in a current list of vehicles for retail sale that is prepared by the motor vehicle dealer in the ordinary course of business; and

(C) At any given time, the motor vehicle is available to be purchased and delivered to a retail customer within three business days.

(c) The storage, use, or consumption of tangible personal property brought into this state by a nonresident for his or her own storage, use, or consumption while temporarily within this state;

(d) The storage, use, consumption, or loan of tangible personal property by or to the United States government, the state of Colorado or its institutions or political subdivisions in their governmental capacities only, or any charitable organization in the conduct of its regular charitable functions and activities;

(e) (I) The storage, use, or consumption of tangible personal property by a person engaged in the business of manufacturing or compounding for sale, profit, or use any article, substance, or commodity, which tangible personal property enters into the processing of or becomes an ingredient or component part of the product or service that is manufactured, compounded, or furnished, and the container, label, or the furnished shipping case.

(II) As used in subparagraph (I) of this paragraph (e) with regard to food products, tangible personal property enters into the processing of such products and is therefore exempt from taxation when:

(A) It is intended that such property become an integral or constituent part of a food product that is intended to be sold ultimately at retail for human consumption; or

(B) Such property, whether or not it becomes an integral or constituent part of a food product, is a chemical, solvent, agent, mold, skin casing, or other material; is used for the purpose of producing or inducing a chemical or physical change in a food product or is used for the purpose of placing a food product in a more marketable condition; and is directly utilized and consumed, dissipated, or destroyed, to the extent it is rendered unfit for further use, in the processing of a food product that is intended to be sold ultimately at retail for human consumption.

(f) The storage, use, or consumption of any article of tangible personal property the sale or use of which has already been subjected to a tax equal to or in excess of that imposed by part 2 of this article. A credit shall be granted against the use tax imposed by part 2 of this article with respect to a person's storage, use, or consumption in this state of tangible personal property purchased by the person in another state. The amount of the credit shall be equal to the tax paid by the person to another state by reason of the imposition of a similar tax on the purchase or use

of the property. The amount of the credit shall not exceed the tax imposed by part 2 of this article.

(g) The storage, use, or consumption of tangible personal property and household effects acquired outside of this state and brought into it by a nonresident acquiring residency;

(h) The storage, use, or consumption of tangible personal property purchased by a resident of Colorado while outside the state in amounts of one hundred dollars or less; and

(i) Repealed.

(j) The testing, modification, inspection, or similar type activities of tangible personal property acquired for ultimate use outside of this state in manufacturing or similar type of activities if the test, modification, or inspection period does not exceed ninety days.

(3) The sale, storage, use, or consumption of computer software, as defined in section 39-26-102 (15)(c)(II)(B), is exempt from taxation under the provisions of parts 1 and 2 of this article 26 if that sale, storage, use, or consumption of computer software is either governed by a negotiable license agreement or developed for use by a particular user.

(a) As used in this article 26, "negotiated license agreement" means a written agreement or contract that is individually bargained between the licensor and licensee and that is signed in writing by authorized representatives of both the licensor and licensee prior to or contemporaneous with the licensee's access to or use of the software.

(b) As used in this article 26, "individually bargained between the licensor and licensee" specifically excludes a standard, form, or boilerplate agreement that is offered by the licensor on a nonnegotiable or substantially nonnegotiable basis to multiple licensees, regardless of whether the agreement bears a handwritten or electronic signature, or the agreement is printed on, within, or affixed to the software packaging; embedded within the computer software itself; or presented as part of the terms and conditions of any website or application through which the software is acquired, accessed, or used.

(c) As used in this article 26, "signed in writing by authorized representatives of both the licensor and licensee" specifically excludes an acceptance by the licensee on a click-through, browse-wrap, shrink-wrap, embedded signature, implied, account creation, or any other automated basis; except that "signed in writing by authorized representatives of both the licensor and licensee" may include a signature performed through an electronic signature method authorized pursuant to section 39-21-120 and department rules and specifically includes electronic signature methods such as docuSign or a similar authenticated electronic signature.

(d) The executive director of the department of revenue may adopt rules necessary to implement this section.

**Editor's note:** (1) The provisions of this section are similar to several former provisions of §§ 39-26-114 and 39-26-203 as they existed prior to 2004. For a detailed comparison, see the comparative tables located in the back of the index.

(2) House Bill 04-1241 amended § 39-26-203 (1)(b), effective April 26, 2004, but that amendment did not take effect in that section since the entire section was repealed by Senate Bill 04-087, effective July 1, 2004. The amendment to § 39-26-203 (1)(b) by House Bill 04-1241 was harmonized with Senate Bill 04-087 and relocated to subsection (2)(b).

(3) Subsections (1)(b)(II) and (2)(i)(II) provided for the repeal of subsections (1)(b) and (2)(i), respectively, effective January 1, 2023. (See L. 2022, p. 946.)

## ANNOTATION

**Annotator's note.** Since § 39-26-713 is similar to § 39-26-114 and § 39-26-203 as they existed prior to their 2004 repeal and relocation to this part 7, relevant cases construing those provisions have been included in the annotations to this section.

**Denial of trade-in allowance on out-of-state purchases unconstitutional.** It is constitutionally impermissible for the Colorado taxing authorities to deny a trade-in allowance in computing the use tax on a motor vehicle purchased outside the state

when such a credit is allowed when the vehicle is purchased in Colorado. Such unequal treatment is discriminatory and constitutes an impermissible burden on interstate commerce. *Matthews v. State Dept. of Rev.*, 193 Colo. 44, 562 P.2d 415 (1977).

**Use taxes equalize burden between in-state and out-of-state purchasers.** Use taxes are enacted primarily to equalize the tax burden as between those who purchase within and without the state. *Matthews v.*

State Dept. of Rev., 193 Colo. 44, 562 P.2d 415 (1977).

**Use tax no greater than necessary to compensate for earlier avoided sales tax.** Given the supplementary nature and equalizing function of the use tax, the burden on the taxpayer should be no greater than necessary to compensate for the sales tax originally avoided on purchases of materials for manufacturing and resale. A levy upon the "full finished goods cost" or "capitalized cost" of goods withdrawn from a company's inventory inevitably would have the effect of taxing the company's labor and overhead. In effect, it would amount to a value added tax. *Int'l Bus. Machs. Corp. v. Charnes*, 198 Colo. 374, 601 P.2d 622 (1979).

**In considering the meaning of the statutory use tax exemption,** the definitions of wholesale and retail sale established by the general assembly differ from the ordinarily accepted general conception of those terms. *Bedford v. Colo. Fuel and Iron Corp.*, 102 Colo. 538, 81 P.2d 752 (1938); *Hirschfeld Press v. Denver*, 806 P.2d 917 (Colo. 1991).

**The primary purpose of a purchase, as determined by objective criteria, determines whether the purchase is for resale.** *Hirschfeld Press v. Denver*, 806 P.2d 917 (Colo. 1991).

**The determination of whether a transaction constitutes a purchase for resale** turns on whether the item purchased is acquired primarily for resale in an unaltered condition and basically unused by

the purchaser. *Hirschfeld Press v. Denver*, 806 P.2d 917 (Colo. 1991).

**Only price of parts, not labor, taxable.** Of the contract prices of elevators installed in a building, that part representing the amount expended for labor is exempt from the tax, the balance representing the cost of materials being taxable. *Fifteenth St. Inv. Co. v. People*, 102 Colo. 571, 81 P.2d 764 (1938).

**Section prevents use tax on property for which sales tax paid.** This section is intended to prevent the imposition of a "use" tax on tangible personal property in those instances where the consumer has actually paid to a licensed "vendor" the statutory sales tax due on the sale. *J. A. Tobin Constr. Co. v. Weed*, 158 Colo. 430, 407 P.2d 350 (1965).

**Phrase "in the regular course of a business" in subsection (1)(b)** involves a requirement of commercial continuity of consistency. *Rose v. Exec. Dir. of Dept. of Rev.*, 42 Colo. App. 319, 593 P.2d 982 (1979).

**The question of whether a purchase of an item of personal property is a purchase for resale** as contemplated by subsection (1)(b) requires a determination of whether the item is purchased primarily for resale in an unaltered condition and basically unused by the purchaser. *Reg'l Transp. Dist. v. Martin Marietta Corp.*, 805 P.2d 1102 (Colo. 1991).

The use to which the purchaser puts the property will often define the true nature of a particular transaction. The test of whether

a purchase of an item of tangible property is a purchase for resale does not emphasize the subjective intent of the purchaser, but rather focuses on the conduct of the purchaser. Reg'l Transp. Dist. v. Martin Marietta Corp, 805 P.2d 1102 (Colo. 1991).

**Exemption for tangible personal property purchased for resale in the regular course of business was construed in** Martin Marietta v. Reg'l Transp. Dist., 772 P.2d 668 (Colo. App. 1989).

**Only property becoming constituent part of finished product entitled to exemption.** In order to be exempt under the processing clause of the sales and use tax provisions, tangible personal property purchased by a manufacturer must become a constituent part of the finished product, wholly or partially, by either chemical or mechanical means. CF & I Steel Corp. v. Charnes, 637 P.2d 324 (Colo. 1981).

**City should have imposed sales tax on golf cart rentals** because city acted in a proprietary capacity in renting golf carts. Since sales tax had not been collected, requiring city to pay use tax in lieu of sales tax was appropriate. Colo. Dept. of Rev. v.

City of Aurora, 32 P.3d 590 (Colo. App. 2001).

**City liable for use tax on golf cart rentals.** City acted in a proprietary capacity in renting golf carts and was therefore liable to the state under § 39-26-105 for sales tax that it failed to collect from customers renting golf carts. Since sales tax had not been collected, requiring city to pay use tax in lieu of sales tax was appropriate. Colo. Dept. of Rev. v. City of Aurora, 32 P.3d 590 (Colo. App. 2001).

**Purchase of communications apparatus by telephone company.** The purchase by a telephone company of instruments, apparatus, cable, wire, etc., does not "enter into the processing of" the service rendered by the company, and therefore is not exempt from the sales and use tax. W. Elec. Co. v. Weed, 185 Colo. 340, 524 P.2d 1369 (1974).

**Components of beer manufacturer's load-out facility and the brewing adjunct used by the manufacturer were exempt** from use tax pursuant to subsections (1)(y) and (1)(f), respectively. Coors Brewing Co. v. Fagan, 949 P.2d 110 (Colo. App. 1997).

#### **39-26-714. Vending machines - definitions.**

(1) (a) Every vendor selling individual items of personal property through vending machines shall pay a sales tax pursuant to section 39-26-106 (2)(b) on the personal property sold in excess of fifteen cents through the vending machines unless the sale is otherwise exempt under the provisions of this part 7.

(b) To be eligible for the exemption provided for in this subsection (1), each vendor shall:

(I) Be licensed under section 39-26-103;

(II) Maintain a record of the identification number, ownership, location, and disposition of every vending machine used by the vendor in his or her operation as a vendor;

(III) Within sixty days after commencing business as such vendor, submit to the department of revenue an accurate list containing the information required under subparagraph (II) of this paragraph (b) and submit such list annually thereafter on January 1, commencing in 1971;

(IV) Make application to the department of revenue for identification numbers to be affixed to every such vending machine, in accordance with rules promulgated by the executive director of the department of revenue;

(V) Remit a fee of ten cents per machine with the application submitted under subparagraph (IV) of this paragraph (b), to defray the expenses of the department of revenue in furnishing the identification numbers; except that the executive director of the department of revenue by rule or as otherwise provided by law may reduce the amount of the fee if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of the fee is credited. After the uncommitted reserves of the fund are sufficiently reduced, the executive director by rule or as otherwise provided by law may increase the amount of the fee as provided in section 24-75-402 (4), C.R.S.

(c) Any unregistered vending machine found being used for retail sales at any place in this state without the prescribed identification number affixed thereto may be seized without warrant by the department of revenue, its agents, or employees or by any peace officer when directed or requested by the department. At the time of seizure, written notice of seizure shall be given to the proprietor or person in charge of the business, or to the agents or employees of the proprietor or person in charge of the business, where the vending machine is seized. The department shall also give notice by first-class mail as set forth in section 39-21-105.5 to the person whose name and mailing address appear on the machine. The department shall not be required to seize and confiscate any unregistered vending machine or assess a penalty when there is reason to believe that the owner is not intentionally evading the tax imposed by this article.

(d) In addition to any other penalty provided by law, the department of revenue is authorized to assess and collect a penalty of twenty-five dollars for each unregistered vending machine being operated in this state.

(e) Upon proof of ownership, the department of revenue shall deliver to the owner any vending machine seized under paragraph (c) of this subsection (1) after payment of the twenty-five-dollar penalty and seizure costs, if the owner is liable therefor, and upon registration of the machine. At the expiration of sixty days after the date of notice, any unregistered vending machine and the contents therein still in the possession of the department may be sold at public sale to the highest bidder, but, prior to any such sale, ten days' notice of the sale shall be given by first-class mail as set forth in section 39-21-105.5 to those entitled to notice under paragraph (c) of this subsection (1).

(2) On and after January 1, 2000, all sales and purchases of food, as defined in section 39-26-102 (4.5), by or through vending machines shall be exempt from taxation under the provisions of part 1 of this article; except that, on and after May 1, 2010, sales and purchases of candy and soft drinks by or through vending machines shall be subject to state sales taxation. Absent an express provision in the contract to the contrary, any vending machine contract that references the price at which products shall be sold from a vending machine shall be interpreted to include any applicable sales tax as an addition to the referenced price.

(3) On and after January 1, 2000, the storage, use, or consumption of food, as defined in section 39-26-102 (4.5), purchased by or through vending machines shall be exempt from taxation under the provisions of part 2 of this article; except that, on and after May 1, 2010, the storage, use, or consumption of candy and soft drinks purchased by or through vending machines shall be subject to state use taxation.

(4) For the purposes of this section:

(a) "Candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruit, nuts, or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" shall not include any preparation containing flour and shall require no refrigeration.

(b) "Soft drinks" means nonalcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice, or similar milk substitutes, or greater than fifty percent of vegetable or fruit juice by volume.

(5) The department of revenue shall promulgate rules, in accordance with article 4 of title 24, C.R.S., to provide a means by which a person who sells candy or soft drinks purchased by and through vending machines may, if necessary, reasonably estimate the amount of sales taxes due on such candy and soft drinks. For any return made prior to August 1, 2010, a person who sells candy or soft drinks at retail shall not be liable for any interest or other penalty imposed as a result of an error made in connection with the elimination of the exemption from state sales tax for sales of candy and soft drinks, as defined in subsection (4) of this section, by House Bill 10-1191, enacted in 2010.

**Editor's note:** The provisions of this section are similar to several former provisions of §§ 39-26-114 and 39-26-203 as they existed prior to 2004. For a detailed comparison, see the comparative tables located in the back of the index.

**39-26-715. Fuel and oil - definitions.**

(1) (a) The following are exempt from taxation under the provisions of part 1 of this article:

(I) All commodities that are taxed under the provisions of article 27 of this title; and all commodities that are taxed under said provisions and the tax is refunded; and all sales and purchases of aviation fuel upon which no Colorado sales tax was in fact collected and retained prior to July 1, 1963; except that aviation fuel used in turbo-propeller or jet engine aircraft and upon which a sales tax was collected prior to January 1, 1989, shall not be exempt.

(II) On and after June 10, 2016, all sales and purchases of electricity, coal, wood, gas, fuel oil, or coke sold for residential use. Residential use is presumed when a utility company charges a residential utility rate and such utility company may conclusively rely on such presumption. For purposes of this subparagraph (II):

(A) "Gas" includes natural, manufactured, and liquefied petroleum gas.

(B) "Residence" means a separate dwelling in a multiunit apartment, condominium, townhouse, or mobile trailer home park, or a separate single-unit dwelling, that is either billed under a single utility meter or a master utility meter and either charged at a residential, commercial, or other nonresidential utility rate. "Residence" includes minor buildings associated with the residence that are billed under the residential utility meter, such as a shed, garage, or barn.

(C) "Residential use" means the use of electricity, coal, wood, gas, fuel oil, or coke for domestic purposes, including powering lights, refrigerators, stoves, water heaters, space heaters, air conditioners, or other domestic items that require power or fuel in a residence.

(III) All sales of dyed diesel.

(b) Based upon reports submitted by retailers pursuant to the provisions of part 1 of this article, the department of revenue shall compile a monthly report showing the amount of sales taxes collected on aviation fuel used in turbo-propeller or jet engine aircraft during the previous month by each retailer. The monthly report shall be transmitted to the aeronautics division created in section 43-10-103, C.R.S., for use by the division in distributing moneys in the aviation fund in accordance with section 43-10-110, C.R.S.

(2) The following are exempt from taxation under the provisions of part 2 of this article 26:

(a) (I) The storage, use, or consumption of gasoline that is taxed under the provisions of part 1 of article 27 of this title 39 and all gasoline that is taxed under said provisions and the tax on which is refunded; except that aviation fuel used in turbo-propeller or jet engine aircraft and upon which a tax was collected pursuant to the provisions of part 2 of this article 26 prior to January 1, 1989, shall not be exempt.

(II) Based upon reports submitted by users or consumers pursuant to the provisions of part 2 of this article, the department of revenue shall compile a monthly report showing the amount of use taxes collected on aviation fuel used in turbo-propeller or jet engine aircraft during the previous month by each user or consumer. The monthly report shall be transmitted to the aeronautics division created in section 43-10-103, C.R.S., for use by the division in distributing moneys in the aviation fund in accordance with section 43-10-110, C.R.S.

(b) (I) The storage, use, or consumption of electricity, coal, coke, fuel oil, steam, nuclear fuel, or gas for use in processing, manufacturing, mining, refining, irrigation, building construction, telegraph, telephone, and radio communication, street and railroad transportation services, and all industrial uses.

(II) and (III) Repealed.

(IV) Beginning July 1, 2026, but before July 1, 2046, for purposes of this subsection (2)(b), the deemed usage rules set forth in section 39-26-102 (21)(c)(I) apply.

(c) On and after June 10, 2016, the storage, use, or consumption of electricity, coal, wood, gas, fuel oil, or coke sold for residential use. Residential use is presumed when a utility company charges a residential utility rate and such utility company may conclusively rely on such presumption. For purposes of this paragraph (c):

(I) "Gas" includes natural, manufactured, and liquefied petroleum gas.

(II) "Residence" means a separate dwelling in a multiunit apartment, condominium, townhouse, or mobile trailer home park, or a separate single-unit dwelling, that is either billed under a single utility meter or a master utility meter and either charged at a residential, commercial, or other nonresidential utility rate. "Residence" includes minor buildings associated with the residence that are billed under the residential utility meter, such as a shed, garage, or barn.

(III) "Residential use" means the use of electricity, coal, wood, gas, fuel oil, or coke for domestic purposes, including powering lights, refrigerators, stoves, water heaters, space heaters, air conditioners, or other domestic items that require power or fuel in a residence.

(d) The storage, use, or consumption of dyed diesel.

(3) In any case in which a sales tax has been imposed under part 1 of this article on lubricating oil used other than in motor vehicles, the purchaser shall be entitled to a refund equal

to the amount of the state sales tax paid on that portion of the sale price that is attributable to the federal excise tax imposed on the sale of such lubricating oil. In any case in which a use tax has been imposed under part 2 of this article on lubricating oil used other than in motor vehicles, the payer of such tax is entitled to a refund equal to the amount of such use tax paid on that portion of the amount upon which the use tax was imposed that is attributable to the federal excise tax paid on such lubricating oil. The refund allowed under this subsection (3) shall be paid by the executive director of the department of revenue upon receiving evidence that the purchaser has received under section 6424 of the federal "Internal Revenue Code of 1986", as amended, a refund of the federal excise tax paid on the sale of such lubricating oil. The claim for a refund shall be made upon such forms as shall be prescribed and furnished by the executive director, which forms shall contain such information as the executive director may prescribe.

(4) As used in this section, "dyed diesel" has the same meaning as set forth in section 39-27-101 (8).

### **39-26-716. Agriculture and livestock - special fuels - definitions.**

(1) For purposes of this section, unless the context otherwise requires:

-1485-

(a) Repealed.

(b) "Attachments" means any equipment or machinery added to an exempt farm tractor or implement of husbandry that aids or enhances the performance of such tractor or implement.

(c) "Dairy equipment" means any item that is used at a farm dairy in connection with the production of raw milk and not at a commercial dairy in connection with the production of pasteurized, separated milk products for retail sale, including, without limitation, milking claws, shells, inflators, pulsators, meters, cow identification systems, transponders, automatic takeoffs, piping, receiver jars, pumps, filter assemblies, milk containment tanks, cooling compressors, wash vats, clean in place assemblies, wash lines, wash control units, pulsator controls, milking system controls, programmable logical control systems, vacuum pumps, vacuum distribution tanks, backflush and related valves, rubber and similar hoses, rubber and similar gaskets, and any other similar or related item used in any farm dairy facility or farm dairy operation or in the production of raw milk, regardless of whether or not the item has become a fixture. To the extent the farm dairy is also involved in the production of pasteurized, separated milk products for retail sale, only the equipment used exclusively in the production of raw milk constitutes dairy equipment for purposes of this section.

(d) "Farm equipment" means any farm tractor, as defined in section 42-1-102 (33), any implement of husbandry, as defined in section 42-1-102 (44), and irrigation equipment having a per unit purchase price of at least one thousand dollars. "Farm equipment" also includes, regardless of purchase price, attachments and baling wire, binders twine, and surface wrap used primarily and directly in any farm operation. On and after July 1, 2000, "farm equipment" also includes, regardless of purchase price, parts that are used in the repair or maintenance of the farm equipment described in this subsection (1)(d), all shipping pallets, crates, or aids paid for by a farm operation, and aircraft designed or adapted to undertake agricultural applications. On and after July 1, 2001, "farm equipment" also includes, regardless of purchase price, dairy equipment. On and after September 1, 2019, "farm equipment" also includes, regardless of purchase price, any visual, electronic identification, or matched pair ear tags and electronic identification readers used to scan ear tags that are used by a farm operation to identify or track food animals, including animals used for food or in the production of food. Except for shipping pallets, crates, or aids used in the transfer or shipping of agricultural products, "farm equipment" does not include:

(I) Vehicles subject to the registration requirements of section 42-3-103, C.R.S., regardless of the purpose for which such vehicles are used;

(II) Machinery, equipment, materials, and supplies used in a manner that is incidental to a farm operation;

(III) Maintenance and janitorial equipment and supplies; and

(IV) Tangible personal property used in any activity other than farming, such as office equipment and supplies and equipment and supplies used in the sale or distribution of farm products, research, or transportation.

(e) "Farm operation" means the production of any of the following products for profit, including, but not limited to, a business that hires out to produce or harvest such products:

(I) Agricultural, viticultural, fruit, and vegetable products;

(II) Livestock, as defined in section 39-26-102 (5.5);

(III) Milk;

(IV) Honey; and

(V) Poultry and eggs.

(2) and (3) Repealed.

(4) The following are exempt from taxation under the provisions of parts 1 and 2 of this article 26:

(a) All sales and purchases of livestock, all sales and purchases of live fish for stocking purposes, and all farm close-out sales and the storage, use, or consumption of such property;

(b) All sales and purchases of feed for livestock, all sales and purchases of seeds, and all sales and purchases of orchard trees and the storage, use, or consumption of such property;

(c) All sales and purchases of straw and other bedding for use in the care of livestock and the storage, use, or consumption of straw and other bedding for use in the care of livestock;

(d) The sale of special fuel, as defined in section 39-27-101 (29), used for the operation of farm vehicles when such vehicles are being used on farms and ranches and the storage, use, or consumption of such special fuel;

(e) All sales and purchases of farm equipment and the storage, use, or consumption of farm equipment; and

(f) (I) Any farm equipment under lease or contract, if the fair market value of the equipment is at least one thousand dollars and the equipment is rented or leased for use primarily and directly in any farm operation.

(II) Unless the department of revenue determines pursuant to section 39-26-730 (2) that the affidavit can be consolidated with another form or eliminated, the lessor or seller of such farm equipment shall obtain a signed affidavit from the lessee, renter, or purchaser affirming that the farm equipment will be used primarily and directly in a farm operation.

- (m) (I) All sales of period products purchased on and after January 1, 2023.
- (II) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:
  - (A) The general legislative purpose of the exemption allowed by this subsection (2)(m) is to provide tax relief for certain individuals;
  - (B) The specific legislative purpose of the exemption allowed by this subsection (2)(m) is to increase the affordability of period products and to redress the inequitable burden that the imposition of sales tax places on millions of women in Colorado for whom such products are essential; and
  - (C) In order to allow the general assembly and the state auditor to measure the effectiveness of the exemption, the state auditor shall identify available data sources and estimate the savings that the exemption provides to taxpayers in Colorado for whom period products are essential during the state auditor's evaluation of the exemption pursuant to section 39-21-305.

(III) Notwithstanding section 39-21-304 (4), the exemption in this subsection (2)(m) continues indefinitely.

(n) (I) All sales of incontinence products and diapers purchased on and after January 1, 2023.

(II) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(A) The general legislative purpose of the exemption allowed by this subsection (2)(n) is to provide tax relief for certain individuals;

(B) The specific legislative purpose of the exemption allowed by this subsection (2)(n) is to increase the affordability of incontinence products and diapers and to redress the inequitable burden that the imposition of sales tax places on millions of parents, individuals caring for infants and young children, and other users of incontinence products in Colorado for whom such products are essential; and

(C) In order to allow the general assembly and the state auditor to measure the effectiveness of the credit, the state auditor shall identify available data sources and estimate the savings the exemption provides to taxpayers in Colorado for whom incontinence products and diapers are essential during the state auditor's evaluation of the exemption pursuant to section 39-21-305.

(III) Notwithstanding section 39-21-304 (4), the exemption in this subsection (2)(n) continues indefinitely.

(3) The storage, use, or consumption of any item that is exempt from sales tax by operation of subsection (2) of this section is exempt from taxation under the provisions of part 2 of this article 26.

**39-26-718. Charitable organizations - association or organization of parents and teachers of public school students.**

(1) The following shall be exempt from taxation under the provisions of part 1 of this article 26:

(a) All sales made to charitable organizations, in the conduct of their regular charitable functions and activities;

(b) (I) All sales by a charitable organization of tangible personal property, commodities, or services otherwise subject to tax under this article 26 if:

(A) The net proceeds from sales by the charitable organizations of tangible personal property, commodities, or services otherwise subject to tax under this article 26 do not exceed forty-five thousand dollars during the preceding calendar year; and

(B) The funds raised by the charitable organization through these sales are retained by the organization to be used in the course of the organization's charitable service.

(II) The exemption in this subsection (1)(b) shall not apply to sales made by a charitable organization on and after the date that the net proceeds from sales by the charitable organization of tangible personal property, commodities, or services otherwise subject to tax under this article 26 exceeds forty-five thousand dollars during the current calendar year.

(c) On or after September 1, 2008, a sale by an association or organization of parents and teachers of public school students that is a charitable organization, if the association or organization uses the funds raised through the sale for the benefit of a public school or an organized public school activity or to pay the reasonable expenses of the association or organization.

(2) The storage, use, or consumption of any item that is exempt from sales tax by operation of subsection (1)(b) or (1)(c) of this section is exempt from taxation under the provisions of part 2 of this article 26.

#### ANNOTATION

**Annotator's note.** Since § 39-26-718 is similar to § 39-26-114 and § 39-26-203 as they existed prior to their 2004 repeal and relocation to this part 7, relevant cases construing those provisions have been included in the annotations to this section.

**Law reviews.** For article, "State and Local Sales and Use Tax Exemptions for Colorado Charitable Organizations", see 29 Colo. Law. 55 (Aug. 2000).

**The definition of "charitable organization"** in a municipal tax code lends itself to two conflicting plain-meaning interpretations. In the first interpretation, in order to be eligible for a sales and use tax exemption, both religious and nonreligious charitable organizations must meet strict guidelines; in the second, a distinction is made between religious and charitable organizations, and the guidelines apply only to those organizations whose functions are

nonreligious in nature. The court is obligated to support the first interpretation so as to avoid invoking a violation of the establishment clause of the federal constitution. Catholic Health Initiatives Colo. v. City of Pueblo, 207 P.3d 812 (Colo. 2009).

**Tax incentives that inure only to the benefit of religious organizations** solely by virtue of their religious nature violate the establishment clause. Catholic Health Initiatives Colo. v. City of Pueblo, 207 P.3d 812 (Colo. 2009).

**A sales or use tax exemption for a charitable organization, whether religious or secular, must serve a broad, secular purpose.** Catholic Health Initiatives Colo. v. City of Pueblo, 207 P.3d 812 (Colo. 2009).

**Company purchases made for charitable functions exempt.** Purchases made by a company in connection with its

charitable functions and activities, regardless of the nature of its ordinary business, are exempt from the operation of this article. *Bedford v. Colo. Fuel & Iron Corp.*, 102 Colo. 538, 81 P.2d 752 (1938).

**Only purchases used in regular charitable activities.** Only those purchases by charitable organizations which are for use in the conduct of their regular charitable functions and activities are exempt from the sales and use tax. *Sec. Life & Accident Co. v. Heckers*, 177 Colo. 455, 495 P.2d 225 (1972).

**Purchases by charitable organizations for use in charitable functions exempt.** Those purchases by charitable organizations which are for use in the conduct of their regular charitable functions and activities are exempt from the sales and use tax. *Sec. Life & Accident Co. v. Heckers*, 177 Colo. 455, 495 P.2d 225 (1972).

**Fraternal benevolent societies are not exempt from sales taxes that were not contemplated** in 1911 when they were

declared to be "charitable and benevolent institution[s]" when such sales tax was first adopted in 1935 and the legislature imposed the tax on "all sales and purchases of tangible personal property at retail". This is particularly true if the legislation that created the tax listed specific exemptions that did not include fraternal benevolent societies. *Colo. Dept. of Rev. v. Woodmen of the World*, 919 P.2d 806 (Colo. 1996).

**The reintroduction of the words "and every" to a phrase making it read "all and every state tax" does not strengthen and reaffirm the broad scope of the exemption for fraternal benefit societies,** it merely was replaced after being determined by the revisor of statutes to be redundant. The meaning of the phrase remains unchanged. *Colo. Dept. of Rev. v. Woodmen of the World*, 919 P.2d 806 (Colo. 1996).

**Applied** in *First Lutheran Mission v. Dept. of Rev.*, 44 Colo. App. 417, 613 P.2d 351 (1980).

### **39-26-719. Motor vehicles - tax preference performance statement - definitions - repeal.**

(1) (a) Prior to January 1, 2025, and on and after August 1, 2025, but prior to January 1, 2029, there shall be exempt from taxation under the provisions of part 1 of this article 26 the sale of any motor vehicle, power source for any motor vehicle, or parts used for converting the power source for any motor vehicle, if:

(I) Repealed.

(II) For sales occurring on or after July 1, 2014:

(A) The gross vehicle weight rating of the motor vehicle is greater than twenty-six thousand pounds and if the power source or parts used for converting the power source are certified by the United States environmental protection agency as provided in the federal heavy-duty national

program that includes new greenhouse gas emissions standards as established by the United States environmental protection agency; or

(B) The gross vehicle weight rating of the motor vehicle is greater than ten thousand pounds and if the motor vehicle, power source, or parts used for converting the power source meets the definition of a category 4, 4 A, 4 B, 4 C, 7, or 7 A truck as defined in section 39-22-516.8.

(b) For purposes of this subsection (1), unless the context otherwise requires:

(I) "Motor vehicle" means any self-propelled vehicle required to be licensed or subject to licensing for operation upon the highways of this state, including a vehicle that uses a hybrid propulsion system.

(II) "Parts used for converting" shall mean the wiring, fuel lines, engine coolant system, fuel storage containers, fuel control system, and other components associated with reducing the emissions characteristics of an engine or motor.

(III) "Power source" means the engine or motor and associated wiring, fuel lines, engine coolant system, fuel storage containers, and miscellaneous components.

(c) This subsection (1) is repealed, effective January 1, 2034.

(1.5) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure or extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purposes of the tax exemption provided in this section are, by providing an exemption from taxation pursuant to the provisions of part 1 or part 2 of this article 26:

(a) To provide tax relief for certain businesses and individuals, specifically businesses and individuals that purchase, store, use, or consume low-emitting heavy motor vehicles, power sources for such motor vehicles, or parts used for converting the power source of motor vehicles to a low-emitting power source; and

(b) To induce certain designated behavior by taxpayers, specifically the sale, purchase, storage, use, and consumption of low-emitting heavy motor vehicles, power sources for such motor vehicles, and parts used for converting the power sources of motor vehicles to a low-emitting power source.

(2) The following shall be exempt from taxation under the provisions of part 2 of this article 26:

(a) The storage, use, or consumption of a motor vehicle, if the owner is or was, at the time of purchase, a nonresident of Colorado and the owner purchased the vehicle outside of this state for use outside this state and actually so used it for a substantial and primary purpose for which it

was acquired and the owner registered, titled, and licensed said motor vehicle outside of Colorado.

(b) (I) Prior to January 1, 2025, and on and after August 1, 2025, but prior to January 1, 2029, the storage, use, or consumption of a motor vehicle, power source for a motor vehicle, and parts used for converting the power source of a motor vehicle, if:

(A) Repealed.

(B) For sales occurring on or after July 1, 2014, the gross vehicle weight rating of the motor vehicle is greater than twenty-six thousand pounds and if the power source or parts used for converting the power source are certified by the United States environmental protection agency as provided in the federal heavy-duty national program that includes new greenhouse gas emissions standards as established by the United States environmental protection agency; or

(C) For sales occurring on or after July 1, 2014, the gross vehicle weight rating of the motor vehicle is greater than ten thousand pounds and if the motor vehicle, power source, or parts used for converting the power source meets the definition of a category 4, 4 A, 4 B, 4 C, 7, or 7 A truck as defined in section 39-22-516.8.

(II) For purposes of this paragraph (b), unless the context otherwise requires:

(A) "Motor vehicle" means any self-propelled vehicle required to be licensed or subject to licensing for operation upon the highways of this state, including a vehicle that uses a hybrid propulsion system.

(B) "Parts used for converting" shall mean the wiring, fuel lines, engine coolant system, fuel storage containers, fuel control system, and other components associated with reducing the emissions characteristics of an engine or motor.

(C) "Power source" means the engine or motor and associated wiring, fuel lines, engine coolant system, fuel storage containers, and miscellaneous components.

(III) This subsection (2)(b) is repealed, effective January 1, 2034.

### **39-26-721. Manufactured homes and tiny homes.**

(1) Forty-eight percent of the purchase price of a manufactured home, as defined in section 42-1-102 (48.8), is exempt from taxation under part 1 of this article 26; except that the entire purchase price in any subsequent sale of such a manufactured home, after it has been once

subject to the payment of sales tax by virtue of section 39-26-113, is exempt from taxation under part 1 of this article 26.

(2) The storage, use, or consumption of a manufactured home, as defined in section 42-1-102 (48.8), after the manufactured home has been once subject to the payment of use tax by virtue of section 39-26-208, is exempt from taxation under part 2 of this article 26.

(3) (a) Prior to January 1, 2025, the sale, storage, usage, or consumption of a manufactured home, as defined in section 39-1-102 (7.8), or a tiny home, as defined in section 24-32-3302 (35), is exempt from taxation under parts 1 and 2 of this article 26.

(b) On and after January 1, 2025, the sale, storage, usage, or consumption of a manufactured home, as defined in section 39-1-102 (7.8), a modular home, as defined in section 39-1-102 (8.3), a tiny home, as defined in section 24-32-3302 (35), or any closed panel system utilized in construction of a factory-built residential structure, as defined in section 24-32-3302 (10), is exempt from taxation under parts 1 and 2 of this article 26.

**39-26-723. Colorado wood products - tax preference performance statement - legislative declaration - repeal.**

(1) For state fiscal years commencing on or after July 1, 2008, but prior to the state fiscal year commencing on July 1, 2020, and for state fiscal years commencing on or after July 1, 2021, but prior to the calendar year commencing on January 1, 2031, all sales, storage, and use of wood from salvaged trees killed or infested in Colorado by mountain pine beetles or spruce beetles, including but not limited to products such as lumber, furniture built from the salvaged trees, and wood chips or wood pellets generated from the salvaged trees, are exempt from taxation under the provisions of parts 1 and 2 of this article 26.

(2) For purposes of the exemption specified in subsection (1) of this section, unless the department of revenue determines pursuant to section 39-26-730 (2) that the form can be consolidated with another form or eliminated, a wholesaler shall certify on a form prescribed by the department of revenue that a product is from salvaged trees killed or infested in Colorado by mountain pine beetles or spruce beetles.

(2.5) In accordance with section 39-21-304 (1), which requires any bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in subsection (1) of this section is to induce certain designated behavior by taxpayers by continuing to encourage the sale, storage, and use of wood from salvaged trees killed or infested in Colorado by mountain pine beetles or spruce beetles. The general assembly and the state auditor shall measure the effectiveness of the credit in achieving this purpose based on the value of exempt sales.

(3) This section is repealed, effective July 1, 2034.

**39-26-724. Components used to produce energy from a renewable energy source - definitions.**

(1) (a) For fiscal years commencing on or after July 1, 2006, all sales, storage, and use of components used in the production of alternating current electricity from a renewable energy source, including but not limited to wind, shall be exempt from taxation under parts 1 and 2 of this article.

(b) and (c) Repealed.

(2) As used in this section:

(a) and (a.5) Repealed.

(b) (I) "Components used in the production of alternating current electricity from a renewable energy source" shall include, but shall not be limited to, wind turbines, rotors and blades, solar modules, trackers, generating equipment, supporting structures or racks, inverters, towers and foundations, balance of system components such as wiring, control systems, switchgears, and generator step-up transformers, and concentrating solar power components that include, but are not limited to, mirrors, plumbing, and heat exchangers.

(II) "Components used in the production of alternating current electricity from a renewable energy source" shall not include any components beyond the point of generator step-up transformers located at the production site, labor, energy storage devices, or remote monitoring systems.

(c) Repealed.

(3) The purpose of the exemption authorized in this section is to create additional incentives for developing renewable energy projects not already created by other state or federal law.

**39-26-725. Sales related to a school - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Parent" means a parent of a student as defined in paragraph (d) of this subsection (1).

(b) "Sale that benefits a Colorado school" means a sale of a commodity or service from which all proceeds of the sale, less only the actual cost of the commodity or service to the person or entity described in subsection (2) of this section, are donated to a school or a school-approved student organization.

(c) "School" means a public or nonpublic school for students in kindergarten through twelfth grade or any portion thereof.

(d) "Student" means any person enrolled in a school as defined in paragraph (c) of this subsection (1).

(2) On or after September 1, 2008, a sale that benefits a Colorado school shall be exempt from taxation under the provisions of part 1 of this article, if the sale is made by any of the following:

(a) A school;

(b) An association or organization of parents and school teachers;

(c) A booster club or other club, group, or organization whose primary purpose is to support a school activity; or

(d) A school class or student club, group, or organization.

(3) Nothing in this section shall be construed as creating an exemption, or otherwise affecting an existing exemption, for a sale to a person or entity described in subsection (2) of this section.

(4) The storage, use, or consumption of any item that is exempt from sales tax by operation of subsection (2) of this section is exempt from taxation under the provisions of part 2 of this article 26.

**39-26-726. Medical marijuana - debilitating conditions and ability to purchase.**

(1) All sales of medical marijuana to a patient who is determined to be indigent for purposes of waiving the fee required by section 25-1.5-106 are exempt from taxation under part 1 of this article 26. If the patient is determined to be indigent, the state health agency shall mark the patient's registry identification card as such and the patient shall present the card to the licensed medical marijuana center to receive the tax exemption.

(2) On or after July 1, 2025, all sales of medical marijuana to an individual who presents a valid electronic benefits transfer card or other form of identification used to receive state or federal benefits at the time of sale to a licensed medical marijuana center are exempt from taxation under part 1 of this article 26.

**Source:** **L. 2010:** Entire section added, (HB 10-1284), ch. 355, p. 1688, § 14, effective July 1. **L. 2025:** Entire section amended, (HB 25-1296), ch. 202, p. 918, § 16, effective May 16.

**39-26-727. Tribal exemption - motor vehicles - partial interest - definition - legislative declaration.**

(1) The general assembly hereby declares that on-reservation sales to the Ute Indian Tribes and tribal members are exempt from state and local sales and use tax under federal law and that the purpose of the tax exemption created in this section is to:

(a) Codify this exemption so that it generally reflects the department of revenue's interpretation of current law;

(b) Ensure consistent application of the state tax and applicable Indian taxation rules;

(c) Provide guidance for tribes, tribal members, vendors, and the department of revenue; and

(d) Continue the department of revenue's practice of not requiring the delivery of a motor vehicle for the exemption to apply.

(2) As used in this section, with respect to a particular sale to a tribe or tribal member, "reservation" means either the Southern Ute Indian Reservation or the Reservation of the Ute Mountain Ute Tribe.

(3) (a) All sales of tangible personal property or services to the Southern Ute Indian Tribe, Ute Mountain Ute Tribe, or an enrolled member of either tribe, are exempt from taxation under part 1 of this article if the vendor is located:

(I) On a reservation; or

(II) Outside of a reservation but the property or service is delivered by the vendor and received by the tribe or the tribal member on a reservation.

(b) All sales of motor vehicles to the Southern Ute Indian Tribe or Ute Mountain Ute Tribe, or to an enrolled member of either tribe who resides on a reservation, are exempt from taxation under part 1 of this article if the motor vehicle is to be registered to an address on a reservation. A vendor may reasonably rely on a tribal member's certification of his or her enrolled membership status and residence.

(4) The storage, use, or consumption of tangible personal property or a service on a reservation that is exempt from sales tax pursuant to subsection (3) of this section is exempt from the use tax levied pursuant to part 2 of this article; except that this use tax exemption only applies to a motor vehicle that is registered to an address on a reservation.

(5) If the Southern Ute Indian Tribe, Ute Mountain Ute Tribe, or an enrolled member of either tribe has a partial or undivided interest in any type of legal entity, the exemptions created in this section apply to a sale of goods or services to such entity in proportion to the interest. To be eligible for the exemption, the tribe or tribal member must file a declaration with the department of revenue that identifies the entity, each tribe and tribal member that has an interest in the entity, and the amount of each interest.

**39-26-728. Property for use in space flight - definitions - repeal.**

(1) (a) Except as otherwise provided in subsection (1)(b) of this section, all sales, storage, and use of qualified property, on or after July 1, 2024, but before January 1, 2027, for use in space flight is exempt from taxation under parts 1 and 2 of this article 26.

(b) On or after January 1, 2030, all sales, storage, and use of qualified property for use in space flight is exempt from taxation under parts 1 and 2 of this article 26.

(c) Subsection (1)(a) of this section and this subsection (1)(c) are repealed, effective December 31, 2029.

(2) As used in this section:

(a) "Qualified property for use in space flight" means any of the following:

(I) A space vehicle and any component thereof;

(II) Tangible personal property to be placed or used aboard a space vehicle, regardless of whether such personal property is to be ultimately returned to the state for subsequent use, storage, or other consumption; and

(III) Fuel of a quality that is not adaptable for use in an ordinary motor vehicle and that is produced, sold, and used exclusively for space flight.

(b) "Space flight" means any flight designed for suborbital, orbital, or interplanetary travel by a space vehicle.

(c) "Space vehicle" means any tangible personal property that has space flight capability and is intended for space flight and includes, but is not limited to, an orbital space facility, space propulsion system, satellite, or space station of any kind.

(3) The tax exemption established by this section may not be denied to a taxpayer because of a failure, postponement, destruction, or cancellation of a launch of a space vehicle.

(4) The executive director of the department of revenue shall annually provide information to the finance committees of the house of representatives and the senate, or any successor committees, on the number of exemptions claimed pursuant to this section. Such information may be incorporated into an existing report provided on an annual basis by the executive director to the committees.

**39-26-729. Retail sales of marijuana.**

(1) (a) Except as otherwise provided in subsection (1)(b) of this section, on and after July 1, 2017, all retail sales of marijuana upon which the retail marijuana sales tax is imposed pursuant to section 39-28.8-202 are exempt from taxation under part 1 of this article 26 by the state or by any special district or other limited purpose governmental entity that was not levying sales tax on retail sales of marijuana under part 1 of this article 26 before July 1, 2017. Notwithstanding any other law to the contrary, any special district or other limited purpose governmental entity that was levying sales tax on retail sales of marijuana under part 1 of this article 26 before July 1, 2017, retains its authority to continue levying sales tax upon retail sales of marijuana under this article 26.

(b) Any metropolitan district that levies a general uniform sales tax as authorized by section 32-1-1106 (1), health assurance district that levies a general uniform sales tax as authorized by section 32-19-112 (1), or health service district that levies a general uniform sales tax as authorized by section 32-19-112 (1) may levy its general uniform sales tax on retail sales of marijuana upon which the retail marijuana sales tax is imposed pursuant to section 39-28.8-202 regardless of whether or not the district was levying any sales tax on such sales before July 1, 2017.

(2) The governing body of any special district or limited purpose governmental entity that was levying sales tax upon retail marijuana sales before July 1, 2017, and the governing body of any metropolitan district, health assurance district, or health service district that is authorized by subsection (1)(b) of this section to levy a general uniform sales tax on retail marijuana sales shall determine whether the levying of such sales tax complies with the Colorado constitution and applicable decisions of the Colorado supreme court and Colorado court of appeals and, if the governing body of any such special district or limited purpose governmental entity determines that additional voter approval is required to levy sales tax upon retail sales of marijuana, the special district or limited purpose governmental entity shall not resume levying sales tax upon such sales until voter approval is obtained.

(3) The storage, use, or consumption of any retail marijuana that is exempt from sales tax by operation of subsection (1) of this section is exempt from taxation under the provisions of part 2 of this article 26.

### **39-26-730. Sales and use tax exemption forms - simplification - legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) In many cases, a person who wishes to establish the right to obtain an exemption allowed by this part 7 is required to complete a form created by the department of revenue which, depending on which exemption is sought, may be described as an affidavit, application, certificate, certification, declaration, or statement; and

(b) The burdens of establishing the right to an exemption allowed by this part 7 that are imposed on persons making tax-exempt purchases should be minimized to the extent feasible without impairing the proper administration of the exemptions.

(2) The department of revenue shall examine its sales and use tax exemption forms and its requirements relating to their use and, to the extent feasible without impairing the proper administration of the exemptions, simplify the forms, which simplification may include elimination of certain forms or consolidation of forms, and form-related requirements for persons making tax-exempt purchases as allowed by this article 26. The department shall complete the initial simplification on or before July 1, 2023, and shall continue to pursue simplification thereafter as the provisions of this part 7 or other relevant circumstances change.

**39-26-731. Eligible decarbonizing building materials - tax preference performance statement - legislative declaration - definition - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) The general assembly has committed to reduce greenhouse gases through numerous policy and regulatory measures to meet the goals established in 2019;

(II) Great quantities of emissions are released during the manufacture and transport of building materials used in construction projects;

(III) There is great potential for businesses and individuals in the state to reduce greenhouse gas emissions in construction projects by purchasing and using eligible decarbonizing building materials, which are building materials with a maximum acceptable global warming potential as determined by the office of the state architect;

(IV) Providing a sales and use tax exemption for eligible decarbonizing building materials will encourage businesses and individuals to purchase and use those building materials rather than industry standard materials; and

(V) The purchase and use of eligible decarbonizing building materials will help improve environmental outcomes and accelerate necessary greenhouse gas reductions to protect public health and the environment and conserve a livable climate by incorporating emissions information from throughout the supply chain and product life cycle into building material purchasing and use decisions.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and use of eligible decarbonizing building materials; and

(II) Contribute to the state's effort to achieve its climate goals.

(c) The general assembly and the state auditor shall measure the effectiveness of the exemption in achieving the purposes specified in subsection (1)(b) of this section based on the quantity of eligible decarbonizing building materials sold and used in the state. The Colorado energy office and office of the state architect shall provide the state auditor with any available information that would assist the state auditor's measurement.

(2) As used in this section, unless the context otherwise requires, "eligible decarbonizing building materials" means building materials that have a maximum acceptable global warming potential as determined by the office of the state architect pursuant to section 24-92-117. "Eligible decarbonizing building materials" includes:

- (a) Asphalt and asphalt mixtures;
- (b) Cement and concrete mixtures;
- (c) Glass;
- (d) Post-tension steel;
- (e) Reinforcing steel;
- (f) Structural steel; and
- (g) Wood structural elements.

(3) On and after July 1, 2024, all sales, storage, and use of eligible decarbonizing building materials that are on the list of eligible materials maintained by the office of the state architect pursuant to section 24-92-117 (7), are exempt from taxation under parts 1 and 2 of this article 26.

(4) By January 1, 2024, the office of the state architect shall provide the list it compiles and maintains pursuant to section 24-92-117 (7) to the department of revenue. Based on the list from the office of the state architect, the department shall create and maintain a database of products, including the manufacturers of the products, that are eligible for the sales and use tax exemption allowed pursuant to this section for use by entities that sell decarbonizing building materials.

(5) This section is repealed, effective July 1, 2034.

**Source: L. 2022:** Entire section added, (SB 22-051), ch. 333, p. 2352, § 4, effective August 10.

**39-26-732. Heat pump systems - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) The general assembly hereby finds and declares that:

(I) The general assembly has committed to reduce greenhouse gases through numerous policy and regulatory measures to meet the goals established in 2019;

(II) Great quantities of emissions are released in the traditional process of heating and cooling private sector commercial and residential buildings;

(III) There is great potential for businesses and individuals in the state to reduce greenhouse gas emissions generated in the heating and cooling of commercial and residential buildings by installing heat pump systems and heat pump water heaters, which reduce net greenhouse gas emissions;

(IV) Providing a sales and use tax exemption for heat pump systems and heat pump water heaters will encourage businesses and individuals to purchase and use heat pump systems and heat pump water heaters rather than traditional heating and cooling methods; and

(V) The purchase and use of heat pump systems and heat pump water heaters will benefit public health in the heating and cooling of homes and businesses and take advantage of latent heat sources and available renewable power during low demand periods.

(b) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and use of heat pump systems and heat pump water heaters; and

(II) Contribute to the state's effort to achieve its climate goals.

(c) The general assembly and the state auditor shall measure the effectiveness of the exemption in achieving the purposes specified in subsection (1)(b) of this section based on the number of heat pump systems and heat pump water heaters sold and used in the state. The Colorado energy office shall provide the state auditor with any available information that would assist the state auditor's measurement.

(2) As used in this section, unless the context otherwise requires:

(a) (I) "Air-source heat pump system" means a system that:

(A) Is certified pursuant to the federal environmental protection agency's energy star program;

(B) Has a variable speed compressor;

(C) Is listed in the air-conditioning, heating, and refrigeration institute directory of certified product performance as a matched system; and

(D) Is installed by a licensed contractor, plumber, or employee of a gas utility in accordance with the national electrical code and the manufacturer's specifications.

(II) "Air-source heat pump system" may include an electric resistance heating element or a dual fuel system for supplemental heat so long as:

(A) The air-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of total annual heating for the building;

(B) The system is capable of distributing produced heat to all conditioned areas of the building;

(C) The dual fuel system has a furnace with an annual fuel utilization efficiency rating of ninety percent or higher;

(D) All piping for a split system is installed by technicians certified to the NITC R78 brazing procedure; and

(E) The system is installed by technicians that are trained on the safe handling of flammable refrigerants.

(III) "Air-source heat pump system" includes mechanical and electrical equipment central to the operation of an air-source heat pump, including an upgraded electrical panel if necessary.

(b) (I) "Ground-source heat pump system" means a system that:

(A) Is certified to the international organization for standardization's latest standards;

(B) Is installed by a licensed contractor, plumber, or employee of a gas utility in accordance with the national electric code and manufacturer's specifications;

(C) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(D) Has blowers that are variable speed, high-efficiency motors that meet or exceed efficiency levels listed in the national electrical manufacturers association MG1-1993 publication; and

(E) Complies with all state and local drinking water guidelines and regulations and public water system requirements.

(II) "Ground-source heat pump system" may include a dual fuel system so long as:

(A) The ground-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of total annual heating for the building;

(B) The system is capable of distributing produced heat to all conditioned areas of the building;

(C) The furnace has an annual fuel utilization efficiency rating of ninety percent or higher;

(D) All piping for a split system is installed by technicians certified to the NITC R78 brazing procedure; and

(E) The system is installed by technicians that are trained on the safe handling of flammable refrigerants.

(III) "Ground-source heat pump system" includes mechanical and electrical equipment central to the operation of a ground-source heat pump, including an upgraded electrical panel if necessary.

(IV) "Ground-source heat pump system" may include a heat exchanger for water heating.

(c) "Heat pump system" means an air-source heat pump system, ground-source heat pump system, water-source heat pump system, combined water-source and air-source heat pump system, or variable refrigerant flow heat pump system.

(d) (I) "Heat pump water heater" means an electric water heater that uses heat pump technology to transfer heat from the surrounding air to water in a tank and that is certified pursuant to the federal environmental protection agency's energy star program.

(II) "Heat pump water heater" may include:

(A) An electric resistance heating element; and

(B) Mechanical and electrical equipment central to the operation of a heat pump water heater, including an upgraded electrical panel if necessary.

(e) (I) "Water-source heat pump system" means a system that:

(A) Is certified to the international organization for standardization's latest standards;

(B) Is installed by a licensed contractor, plumber, or employee of a gas or wastewater utility in accordance with the national electric code and manufacturer's specifications;

(C) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;

(D) Has blowers that are variable speed, high-efficiency motors that meet or exceed efficiency levels listed in the national electrical manufacturers association MG1-1993 publication; and

(E) Complies with all state and local drinking water guidelines and regulations and public water system and wastewater system requirements.

(II) "Water-source heat pump system" may include a dual fuel system so long as:

(A) The water-source heat pump is used as the primary source of a building's heat and is designed to supply at least eighty percent of the total annual heating for the building;

(B) The system is capable of distributing produced heat to all conditioned areas of the building;

- (C) The furnace has an annual fuel utilization efficiency rating of ninety percent or higher;
  - (D) All piping for a split system is installed by technicians certified to the NITC R78 brazing procedure; and
  - (E) The system is installed by technicians who are trained in the safe handling of flammable refrigerants.
- (III) "Water-source heat pump system" includes mechanical and electrical equipment central to the operation of a water-source heat pump.
- (f) (I) "Variable refrigerant flow heat pump system" means a system that:
- (A) Is certified to the international organization for standardization's latest standards;
  - (B) Is installed by a licensed contractor, plumber, or employee of a gas or wastewater utility in accordance with the national electric code and manufacturer's specifications;
  - (C) Conforms to all applicable municipal, state, and federal codes, standards, regulations, and certifications;
  - (D) Has blowers that are variable speed, high-efficiency motors that meet or exceed efficiency levels listed in the national electrical manufacturers association MGI-1993 publication; and
  - (E) Complies with all state and local drinking water guidelines and regulations and public water system and wastewater system requirements.
- (II) "Variable refrigerant flow system" may include a dual fuel system so long as:
- (A) The variable refrigerant flow system is used as the primary source of a building's heat and is designed to supply at least eighty percent of the total annual heating for the building;
  - (B) The system is capable of distributing produced heat to all conditioned areas of the building;
  - (C) The furnace has an annual fuel utilization efficiency rating of ninety percent or higher;
  - (D) All piping for a split system is installed by technicians certified to the NITC R78 brazing procedure; and
  - (E) The system is installed by technicians who are trained in the safe handling of flammable refrigerants.
- (III) "Variable refrigerant flow system" includes mechanical and electrical equipment central to the operation of a variable refrigerant flow system.

(3) On and after January 1, 2023, but before January 1, 2024, subject to the provisions of subsection (4) of this section, all sales, storage, and use of heat pump systems and heat pump water heaters that are used in commercial or residential buildings are exempt from taxation under parts 1 and 2 of this article 26.

(4) (a) (I) To be eligible for the sales and use tax exemption pursuant to this section, the purchaser of a heat pump system or heat pump water heater shall certify, as specified in subsection (4)(b) of this section, that all necessary mechanical, plumbing, and electrical work performed in connection with the installation of a heat pump system or heat pump water heater in a new or existing industrial, commercial, or multifamily residential building containing twenty thousand square feet or more of conditioned floor space will be performed by a contractor on the certified contractor list created pursuant to section 40-3.2-105.6 (3)(a), or by employees of a utility, subject to state licensing requirements and all applicable state and local rules, codes, and standards.

(II) The requirements of this subsection (4)(a) do not apply to the installation of a heat pump system or heat pump water heater that is limited to in-unit work in a multifamily building or unit and that is initiated by the owner or tenant of the multifamily building or unit.

(b) The purchaser shall certify, in a form and manner to be determined by the department of revenue, that the heat pump system or heat pump water heater will be installed in accordance with the provisions of subsection (4)(a) of this section, if applicable.

(5) This section is repealed, effective January 1, 2027.

**39-26-733. Residential energy storage systems - tax preference performance statement - legislative declaration - definition - repeal.**

(1) (a) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that the purposes of the tax expenditure created in subsection (3) of this section are to:

(I) Induce certain designated behavior by taxpayers, specifically the purchase and installation of residential energy storage systems; and

(II) Contribute to the state's effort to achieve its climate goals.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax exemption in achieving the purposes specified in subsection (1)(a) of this section based on the number of residential energy storage systems sold and used in the state. The Colorado energy office shall provide the state auditor with any available information that would assist the state auditor's measurement.

(2) As used in this section, unless the context otherwise requires, "energy storage system" means any commercially available, customer-sited system, including batteries and the batteries paired with on-site generation, that is capable of retaining, storing, and delivering energy by chemical, thermal, mechanical, or other means.

(3) On and after January 1, 2023, all sales, storage, and use of energy storage systems that are used in a residential dwelling are exempt from taxation under parts 1 and 2 of this article 26.

(4) This section is repealed, effective January 1, 2033.

**39-26-734. Rebuilding from declared wildfire disaster - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(a) The general legislative purpose of the exemption allowed by this section is to provide tax relief for certain individuals;

(b) The specific legislative purpose of the exemption allowed by this section is to provide financial relief to Coloradans recovering and rebuilding from declared wildfire disasters; and

(c) The general assembly and the state auditor shall measure the effectiveness of the exemption allowed by this section based on the number of wildfire exemption certificates issued pursuant to subsection (5) of this section, the number and amount of all refund claims allowed pursuant to this section, and an estimate by the state auditor of the proportion of homeowners

affected by declared wildfire disasters who benefitted from the exemption in the rebuilding or repairing of their homes.

(2) As used in this section, unless the context otherwise requires:

(a) "Building permit" means the document or documents issued by a local government to a qualified homeowner showing the estimated amount of use tax collected, if any, in connection with rebuilding or repairing the qualified homeowner's qualified residential structure.

(b) "Declared wildfire disaster" means a wildfire that was declared a disaster emergency by the governor pursuant to section 24-33.5-704 (4) on or after January 1, 2020, but before January 1, 2023.

(c) "Department" means the department of revenue.

(d) "Estimated construction and building materials cost" means the cost amount used by the local government to collect estimated use tax in connection with the issuance of a building permit. If no estimated use tax has been collected, "estimated construction and building materials cost" means half of the total contract price or total cost for rebuilding or repairing a qualified residential structure.

(e) "Executive director" means the executive director of the department of revenue.

(f) "Local government" means a county, city and county, or municipality.

(g) "Qualified homeowner" means a homeowner that is rebuilding or repairing or has employed a contractor to rebuild or repair a qualified residential structure that the homeowner owned at the time of a declared wildfire disaster.

(h) "Qualified residential structure" means a residential structure that was damaged or destroyed by a declared wildfire disaster.

(i) "Wildfire rebuild exemption certificate" means a written certification provided by a local government to a qualified homeowner that certifies that one or more building permits specifically identified therein have been issued to the qualified homeowner for rebuilding or repairing a qualified residential structure.

(3) (a) The sale, storage, use, or consumption of construction and building materials used directly in rebuilding or repairing a qualified homeowner's qualified residential structure is exempt from taxation under parts 1 and 2 of this article 26 as set forth in this section.

(b) The exemption created in subsection (3)(a) of this section shall be administered solely as a refund allowed to qualified homeowners to be applied for in accordance with this section and section 39-26-703. No retailer may exempt any sale pursuant to this section.

(c) The exemption created in subsection (3)(a) of this section applies only to the state sales and use taxes levied pursuant to this article 26. Notwithstanding any other provision of law, the exemption shall not apply to the sales or use taxes levied by any local government, including any city, town, county, special purpose district, or limited purpose governmental entity; except that this subsection (3)(c) does not apply to the regional transportation district established by article 9 of title 32 or the scientific and cultural facilities district established by article 13 of title 32.

(4) (a) A qualified homeowner may claim a refund allowed pursuant to subsection (3) of this section for each qualified residential structure for which the qualified homeowner obtains a building permit and a wildfire rebuild exemption certificate issued by a local government in accordance with subsection (5) of this section.

(b) The amount of a refund claimed pursuant to this section shall be equal to four percent of the estimated construction and building materials cost for repairing or rebuilding the qualified residential structure that is the subject of the building permit and wildfire rebuild exemption certificate.

(c) A qualified homeowner must submit a claim for refund on the form and in the manner prescribed by the executive director. The claim for refund must include the wildfire rebuild exemption certificate issued in accordance with subsection (5) of this section and a true and correct copy of each building permit identified in the wildfire rebuild exemption certificate.

(d) The three-year application deadline in section 39-26-703 (2)(d) for a sales tax refund or refund of any use tax collected by a vendor does not apply to a claim for refund made pursuant to this section. A claim for refund made pursuant to this section must be filed on or before June 30, 2028.

(5) (a) The local government with jurisdiction to issue a building permit in an area affected by a declared wildfire disaster may issue a wildfire rebuild exemption certificate to a qualified homeowner. A wildfire rebuild exemption certificate must clearly identify the qualified homeowner, the contractor employed by the homeowner, if applicable, and each building permit issued by the local government to the qualified homeowner for rebuilding or repairing a qualified residential structure.

(b) To obtain a wildfire rebuild exemption certificate, a homeowner must certify, in a form prescribed by the executive director, that:

(I) The homeowner was the owner of each qualified residential structure to be rebuilt or repaired at the time the structure was damaged or destroyed by the declared wildfire disaster; and

(II) The replacement cost for each qualified residential structure to be rebuilt or repaired exceeds the homeowner's coverage under any homeowner's insurance policy associated with the structure.

(c) On or before September 30, 2023, and on or before September 30 of each calendar year thereafter through September 30, 2025, a local government shall provide the department with an electronic report of the number of wildfire rebuild exemption certificates issued by the local government for the preceding calendar year.

(6) The executive director shall:

(a) Provide a form for the wildfire rebuild exemption certificate to the proper official of the local government with jurisdiction to issue a building permit in an area after determining that the area was affected by a declared wildfire disaster;

(b) Modify existing forms or create new forms as necessary to facilitate refund claims made pursuant to this section; and

(c) Adopt rules for the administration and enforcement of this section.

(7) In making a refund or allowing a credit pursuant to section 39-26-703, the department shall prioritize applications for refunds submitted pursuant to this section over refund applications submitted pursuant to other provisions of law.

(8) This section is repealed, effective July 1, 2028.

**39-26-735. Destination management fees - tax preference performance statement - legislative declaration.**

(1) In accordance with section 39-21-304 (1), which requires each bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly hereby finds and declares that:

(a) The general legislative purpose of the exemption allowed by this section is to incentivize destination management companies to bring destination management business to the state;

(b) The specific legislative purpose of the exemption allowed by this section is to prevent the imposition of sales and use tax on the destination management company's subsequent provision of destination management services to a client of the destination management company; and

(c) The general assembly and the state auditor shall measure the effectiveness of the exemption allowed by this section based on the statewide economic impact of destination management companies.

(2) Notwithstanding any other provision of law, beginning July 1, 2027, the sale, storage, use, or consumption of tangible personal property, commodities, or services sold by a destination management company are exempt from taxation pursuant to part 1 or part 2 of this article 26, if the destination management company has paid to the state the applicable sales or use tax on such tangible personal property, commodities, or services upon its acquisition.

(3) Notwithstanding section 39-21-304 (4), this section does not repeal.

## PART 9

### TEMPORARY STATE SALES AND USE TAX RATE REDUCTIONS

#### **39-26-900.3. Definitions.**

As used in this part 9, unless the context otherwise requires:

(1) "Excess state revenues" means the total amount of the state revenues for the state fiscal year in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that voters statewide have not authorized the state to retain and spend and that the state is required to refund under section 20 (7)(d) of article X of the state

constitution, including any adjustment for amounts specified in section 24-77-103.7 or 24-77-103.8.

**Source: L. 2025:** Entire section added with relocations, (SB 25-275), ch. 377, p. 2105, § 320, effective August 6.

**Editor's note:** This section is similar to former § 39-26-901 (3) as it existed prior to 2025.

**39-26-901. Temporary adjustment of rates of state sales and use taxes - refund of excess state revenues - legislative declaration - definition - repeal.**

(1) (a) If, for any state fiscal year commencing on or after July 1, 2024, but before July 1, 2034, the estimated amount of state revenues in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution that are required to be refunded for the state fiscal year is greater than one billion five hundred million dollars, the executive director shall temporarily reduce, for the following state fiscal year, the state sales tax rate set forth in section 39-26-106 and the state use tax rate set forth in section 39-26-202 by thirteen one-hundredths of one percent.

(b) (I) The calculation of the estimated amount of excess state revenues for a state fiscal year required by subsection (1)(a) of this section is based on the March economic and revenue forecast that is selected by the joint budget committee as the basis for the state's budget for the following state fiscal year.

(II) For each state fiscal year commencing on or after July 1, 2025, the executive director shall annually adjust the excess state revenue amount specified in subsection (1)(a) of this section by a percentage equal to the percentage of allowable increase in state fiscal year spending calculated pursuant to section 24-77-103 (2)(a)(I) for the state fiscal year for which the excess state revenue must be refunded.

(c) The temporary state sales and use tax rate reduction in subsection (1)(a) of this section takes effect only if the amount of excess state revenues required to be refunded for a state fiscal year exceeds the total of the amount of reimbursement for property tax revenues lost as a result of both the property tax exemptions allowed by part 2 of article 3 of this title 39 and the reduced valuation for assessment of qualified-senior primary residence real property pursuant to sections 39-1-104.2 and 39-1-104.6 that is paid by the state treasurer to each county treasurer as required by section 39-3-207 (4) or 39-1-104.6 (9)(c) for the property tax year that commenced during the state fiscal year plus the estimated amount by which state revenues will be decreased as the result of a reduction in the state individual income tax rate required by section 39-22-627.

(2) If, at a statewide election, voters authorize the state to retain and spend all or any portion of an amount of excess state revenues for a state fiscal year that was equal to or exceeded the amount specified in subsection (1)(a) of this section, and therefore required a reduction of the state sales and use tax rates, so that the amount of remaining excess state revenues is less than the amount specified in subsection (1)(a) of this section, the executive director shall restore the state sales and use tax rates to the standard rates imposed by section 39-26-106 (1) or 39-26-202 (1) beginning on January 1 of the following calendar year. Any amount refunded by such a reduction in the state sales and use tax rates constitutes an over-refund as defined in section 24-77-103.7 (1).

(3) Repealed.

(4) Any temporary state sales and use tax rate reduction pursuant to subsection (1) of this section does not affect the calculation of the amount of:

(a) The vendor fee credited to the housing development grant fund in accordance with section 39-26-123 (3)(b);

(b) The state sales tax increment revenue for regional tourism zones in accordance with part 3 of article 46 of title 24;

(c) The aviation fund created in section 43-10-109; or

(d) The state sales tax increment revenue for transit and housing investment areas in accordance with part 4 of article 46 of title 24.

(5) The general assembly finds and declares that temporary state sales and use tax rate reductions are reasonable methods of refunding a portion of the excess state revenues required to be refunded in accordance with section 20 (7)(d) of article X of the state constitution.

(6) This section is repealed, effective July 1, 2035.

**Source: L. 2024:** Entire part added, (SB 24-228), ch. 170, p. 903, § 13, effective August 7. **L. 2025:** (3) repealed, (SB 25-275), ch. 377, p. 2109, § 336, effective August 6. **L. 2026:** (4)(b) and (4)(c) amended and (4)(d) added, (HB 26-1065), ch. 157, p. 929, § 11, effective May 27.

## PART 1

### GASOLINE TAX

#### **39-27-101. Construction - definitions.**

As used in this part 1, unless the context otherwise requires:

- (1) "Air carrier" means any domestic or foreign aircraft carrying passengers or cargo for hire.
- (1.5) "Biodiesel fuel" means a motor vehicle fuel that is produced from plant or animal products or wastes, as opposed to fossil fuel sources.
- (2) "Blended gasoline" means any mixture of taxable or tax-exempt gasoline with any other liquid on which the excise tax has not been imposed pursuant to this section.
- (3) "Blended special fuel" means any mixture of taxable or tax-exempt special fuel with any other liquid on which the excise tax has not been imposed pursuant to this section, other than special fuel that has been dyed in accordance with federal regulations.
- (4) "Blender" means a person who produces blended gasoline or blended special fuel outside of the bulk transfer and terminal system.
  - (4.1) "Bulk transfer" means any transfer of gasoline or special fuel by pipeline or vessel and any transfer of gasoline or special fuel by railcar from a refinery to a terminal operated by the refiner.
  - (4.2) "Bulk transfer and terminal system" means the distribution system for gasoline and special fuel consisting of refineries, pipelines, vessels, and terminals. Gasoline or special fuel in the tank of any vehicle or in any trailer, truck, or other equipment suitable for ground transportation is not in the bulk transfer and terminal system. Gasoline or special fuel in any railcar is not in the bulk transfer and terminal system unless it is being transferred from a refinery to a terminal operated by the refiner.
  - (4.3) "Cargo tank" means a bulk packaging that:
    - (a) Is a tank intended primarily for the carriage of liquids, gases, solids, or semi-solids and includes appurtenances, reinforcements, fittings, and closures;
    - (b) Is permanently attached to or forms a part of a motor vehicle, or is not permanently attached to a motor vehicle but that, by reason of its size, construction, or attachment to a motor vehicle, is loaded or unloaded without being removed from the motor vehicle;
    - (c) Is not fabricated under a specification for cylinders, intermediate bulk containers, multiunit tank car tanks, portable tanks, or tank cars; and
    - (d) Is not primarily intended to provide fuel for the propulsion of the motor vehicle.

(4.7) "Cargo tank motor vehicle" means a motor vehicle with one or more cargo tanks permanently attached to or forming an integral part of the motor vehicle.

(5) "Common carrier" or "carrier" means a person, including a railroad operator, who transports gasoline or special fuel from a terminal located in this state or transports gasoline or special fuel imported into this state and who does not own the gasoline or special fuel, but does not include transportation by bulk transfer.

(6) "Direct air carrier" means a person who provides or offers to provide air transportation and who has control over the operational functions performed in providing that transportation. A direct air carrier that provides air transportation services to a public charter operator as defined in subsection (24) of this section has a binding commitment to furnish air transportation to the public charter operator via a charter contract pursuant to 14 CFR 380.29 and shall actively provide such air transportation services to the public charter operator.

(7) (a) "Distributor" means:

(I) A gasoline or special fuel broker, any person who sells special fuel to another distributor, broker, or vendor, and any vendor of liquefied petroleum gas or natural gas;

(II) Any person who acquires gasoline or special fuel from a supplier, importer, blender, or another distributor for the subsequent sale and distribution by tank cars, tank trucks, or both;

(III) Any person who refines, manufactures, produces, compounds, blends, or imports special fuel or gasoline;

(IV) A private commercial fleet operator that uses natural gas from a public utility, as defined in section 40-1-103 (1), C.R.S., if:

(A) The public utility is not a distributor with respect to the sale of the natural gas; and

(B) The commercial fleet operator has not contracted with another person to be a distributor under subparagraph (V) of this paragraph (a);

(V) Any person who contracts with a private commercial fleet operator to be a distributor on behalf of the operator; or

(VI) A private commercial fleet operator that uses liquefied petroleum gas, if the operator has not contracted with a person to be a distributor on behalf of the operator.

(b) "Distributor" includes every person importing gasoline or special fuel by means of a pipeline or in any other manner but does not include persons importing gasoline or special fuel contained only in the fuel tank of a motor vehicle.

(c) Notwithstanding any provision of this subsection (7) to the contrary, a public utility as defined in section 40-1-103 (1), C.R.S., is only a distributor if it sells special fuel as a vendor

through an alternative fuel vehicle charging or fueling facility that is unregulated under section 40-1-103.3, C.R.S., but only with respect to those sales.

(d) Notwithstanding any provision of this subsection (7) to the contrary, a person who meets the requirements of section 39-27-104 (5)(a) is not a distributor.

(8) "Dyed diesel" means diesel fuel that is dyed under the rules of the United States environmental protection agency or the internal revenue service for high sulphur diesel fuel or low sulphur diesel fuel or under any other requirements subsequently set by such agencies for special fuel sold for nontaxable uses.

(9) "Exporter" means a person who acquires gasoline or special fuel in this state exclusively for delivery to another state in which he or she is licensed.

(9.5) "Ex-tax" means gasoline or special fuel sold by a distributor upon which the tax imposed by this part 1 has not been paid, or for which the distributor will obtain a credit or refund pursuant to section 39-27-102.5.

(10) "Fuel tank" means any receptacle on a motor vehicle from which fuel is supplied for the propulsion of the vehicle, exclusive of a cargo tank, and includes any separate compartment of a cargo tank used as a fuel tank and any auxiliary tank or receptacle of any kind from which fuel is supplied for the propulsion of the vehicle, whether or not such tank or receptacle is directly connected to the fuel supply line of the vehicle.

(11) "Gallons" means gallons as measured on a gross gallons basis, as defined in section 8-20-201 (3), C.R.S.; except that:

(a) (I) For a vendor who sells compressed natural gas at retail, "gallons" means gallons as measured in accordance with the mass labeling requirements for gasoline equivalents that are included in section 3-3 of the rules promulgated by the division of oil and public safety in the department of labor and employment, or any successor rule;

(II) For all distributors of compressed natural gas other than those specified in subparagraph (I) of this paragraph (a), "gallons" means gallons as measured in accordance with whichever of the following was the basis for the sale of the gas to the distributor:

(A) The volumetric reporting requirements that are included in the federal excise tax return, form 720, established by the federal internal revenue service, or any successor form that is used for paying the federal fuel tax;

(B) The mass labeling requirements for gasoline equivalents that are included in section 3-3 of the rules promulgated by the division of oil and public safety in the department of labor and employment, or any successor rule; or

(C) The energy measure included in the definition for gasoline gallon equivalent in section 1-6 of the rules promulgated by the division of oil and public safety in the department of labor and employment, or any successor rule; and

(b) For purposes of liquefied petroleum gas, "gallons" means gallons as measured on a net gallon basis as defined in section 8-20-201 (5), C.R.S.

(12) "Gasoline" means any flammable liquid used primarily as a fuel for the propulsion of motor vehicles, motor boats, or aircraft. "Gasoline" does not include diesel engine fuel, kerosene, liquefied petroleum gas, or natural gas; except that "gasoline" does include products, including kerosene, specially prepared for, sold for, and used in aircraft. Except as otherwise provided in this subsection (12), any product once blended with gasoline is considered gasoline for purposes of the excise tax imposed pursuant to this part 1.

(13) "Highway" means any way or place in this state of whatever nature, open to the use of the public, for purposes of traffic, including highways under construction.

(14) "Importer" means a person who imports gasoline or special fuel by bulk transfer or by truck or rail transport load into this state from another state by truck, rail, or pipeline.

(15) "In this state" means within the exterior limits of the state of Colorado and includes all territories within these limits owned by or ceded to the United States of America.

(16) "Indirect air carrier" means any person who engages directly in air transportation operations and who uses the services of a direct air carrier for such transportation services.

(17) "Licensee" means any person holding a valid license issued by the department of revenue pursuant to section 39-27-104, to act as a supplier, terminal operator, importer, exporter, distributor, carrier, or blender.

(18) "Motor vehicle" means any self-propelled vehicle required to be licensed or subject to licensing for operation upon the highways of this state.

(19) "Part 121 air carrier" means an aircraft operator that conducts operations pursuant to 14 CFR 121 between any two points within the forty-eight contiguous states of the United States or within the United States and a specifically authorized point located outside the United States, operating any of the following:

- (a) A turbojet-powered airplane;
- (b) An airplane having a passenger-seat configuration of more than nine passenger seats, excluding each crewmember seat; or
- (c) An airplane having a payload capacity of more than seven thousand five hundred pounds.

(20) "Part 135 commuter air carrier" means an aircraft operator that conducts operations pursuant to 14 CFR 135, operating a minimum of five round trips per week on at least one route between two or more points according to the published flight schedules, operating either of the following:

(a) Any airplane, other than a turbojet-powered airplane, that has a maximum passenger-seat configuration of nine seats or fewer and a payload capacity of seven thousand five hundred pounds or fewer; or

(b) A rotorcraft.

(21) "Part 135 on-demand operator" means an aircraft operator that conducts operations for hire or compensation pursuant to 14 CFR 135 in an aircraft with nine or fewer passenger seats and a payload capacity of seven thousand five hundred pounds or fewer. A part 135 on-demand operator operates on an on-demand basis and does not meet the flight scheduled qualifications of a part 135 commuter air carrier.

(22) (a) "Person" means every individual, firm, association, joint stock company, syndicate, limited liability company, partnership, joint venture, corporation, estate, trust, or any group or combination thereof acting as a unit, this state, any county, city and county, municipality, special district, or other political subdivision of this state, or any group or combination of such governmental entities acting as a unit.

(b) Whenever used in any clause in this part 1 prescribing or imposing a fine, imprisonment, or both, "person":

(I) As applied to a firm, association, limited liability company, partnership, joint venture, joint stock company, receiver, or syndicate, means the partners or members thereof;

(II) As applied to a corporation, means the officers or resident managing agent thereof; and

(III) As applied to an estate, trust, or business trust, means the administrator or trustee thereof.

(23) "Public charter" means a one way or round trip charter flight performed by one or more direct air carriers as defined pursuant to subsection (6) of this section and that is arranged and sponsored by a public charter operator pursuant to 14 CFR 380.

(24) "Public charter operator" means a United States or foreign indirect air carrier as defined in subsection (16) of this section that is authorized to engage in the formation of groups for transportation on public charters in accordance with 14 CFR 380.

(25) "Refiner" means a person who processes crude oil or who produces, refines, prepares, distills, or manufactures gasoline or special fuel in this state.

(26) "Refinery" means any place where gasoline, special fuel, or crude oil is produced, refined, compounded, blended, or manufactured.

(26.5) "Remove" means to physically transfer gasoline or special fuel. However, gasoline or special fuel is not removed when it evaporates or is otherwise lost or destroyed.

(27) "Retailer" means every person selling gasoline in this state at the retail level of trade.

(28) "Sell" means to transfer title or possession, exchange, or barter in any manner or by any means whatsoever.

(29) "Special fuel" means diesel engine fuel, kerosene, liquefied petroleum gas, and natural gas used for the generation of power to propel a motor vehicle on the highways of this state. "Special fuel" does not include gasoline as defined in subsection (12) of this section.

(30) "Supplier" means a person who owns and stores gasoline or special fuel in a pipeline terminal, terminal, or refinery in or outside of this state for sale or use within or outside the boundaries of this state.

(31) "Tank farm" means any collection of tanks for storage of gasoline or special fuel located at or appurtenant to any refinery or pipeline terminal for storage of gasoline or special fuel before the sale thereof in this state.

(32) "Terminal" means a gasoline or special fuel storage and distribution facility that is supplied by a pipeline, vessel, or refinery, a storage and distribution facility operated by a refiner and supplied by a railcar, or a tank farm from which gasoline or special fuel may be removed for distribution.

(33) "Terminal operator" means the person who by ownership or contractual agreement controls the operation of a terminal.

(34) "Use" or "uses" means the placing of special fuel into any fuel tank, unless it is established to the satisfaction of the executive director of the department of revenue that the fuel was consumed for a purpose other than to propel a motor vehicle on the highways of this state. With respect to fuel brought into this state in a fuel tank, "use" means the consumption of the fuel in this state. A vendor placing special fuel other than liquefied petroleum gas into a fuel tank of a motor vehicle not owned by the vendor is not deemed to have used the fuel.

(35) "User" means any person who uses special fuel.

(36) "Vendor" means any person who sells special fuel in this state and places the fuel, or causes the fuel to be placed, into any fuel tank or receptacle from which a fuel tank is supplied; including service station dealers, brokers, and users who sell special fuel to others and distributors who sell special fuel to users. For the purposes of this part 1, a vendor of liquefied

petroleum gases shall be deemed a distributor and shall comply with all of the requirements imposed upon distributors in this part 1.

## ANNOTATION

**Law reviews.** For note, "'Criminal Equity' in Colorado", see 8 Rocky Mt. L. Rev. 273 (1936).

**Part 1 of article does not violate interstate commerce clause of federal constitution.** State v. Tolbert, 98 Colo. 433, 56 P.2d 45 (1936).

**The title of the underlying statutory act is sufficiently broad** under § 21 of art. V, Colo. Const., to include the transportation of gasoline and distributors' licenses. State v. Tolbert, 98 Colo. 433, 56 P.2d 45 (1936).

### **39-27-102. Tax imposed on gasoline and special fuel - deposits - penalties.**

(1) (a) (I) (A) An excise tax is imposed upon and is required to be paid by a distributor on all gasoline or special fuel acquired in, sold in, imported into, removed from any terminal in, or used in this state for any purpose whatsoever, but only one tax is required to be paid upon the same gasoline or special fuel in this state. For purposes of this subsection (1)(a)(I)(A), "special fuel" does not include liquefied petroleum gas.

(B) An excise tax is imposed upon and is required to be paid by a distributor on liquefied petroleum gas when it is placed in a fuel tank, unless the use of the special fuel is exempt. If the liquefied petroleum gas is placed in the fuel tank by a distributor, the distributor shall pay the tax to the department of revenue in accordance with this section.

(C) If a distributor uses liquefied petroleum gas from a cargo tank to propel a cargo tank motor vehicle on the highways in this state, an excise tax is imposed upon and is required to be paid by a distributor on the liquefied petroleum gas that is used as special fuel. The liquefied petroleum gas that is carried in the cargo tank but not used as special fuel is not subject to the excise tax. The tax imposed is computed upon an estimate of the total amount of liquefied petroleum gas, measured in gallons, used to propel the cargo tank motor vehicle based on the number of miles that the vehicle traveled. A distributor shall report to the department of revenue the number of miles that the vehicle traveled based on odometer readings. The department shall establish the form to be used to report this information.

(D) The tax imposed by this subsection (1)(a)(I) shall not apply to any acquisition, sale, import, or removal of gasoline or special fuel by bulk transfer to, from, or within a terminal or refinery in this state if the person acquiring, importing, or removing the gasoline or special fuel and the terminal operator or refinery are licensees. For purposes of this subsection (1)(a)(I)(D), a refinery is a licensee if the refiner is licensed to act as a terminal operator or a supplier in this state.

(II) (A) ***[Editor's note: This version of subsection (1)(a)(II)(A) is effective unless an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election. See the editor's note following this section.]*** Except as provided in subsection (1)(a)(IV) of this section, the excise tax imposed on gasoline is twenty-two cents per gallon or fraction thereof.

(II) (A) ***[Editor's note: This version of subsection (1)(a)(II)(A) is effective only if an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election. See the editor's note following this section.]*** Except as provided in subsection (1)(a)(IV) of this section, the excise tax imposed on gasoline is twenty-two cents per gallon or fraction thereof; except that, on and after January 1, 2027, but before July 1, 2030, the excise tax imposed on gasoline is fourteen cents per gallon or a fraction thereof.

(B) ***[Editor's note: This version of subsection (1)(a)(II)(B) is effective unless an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election. See the editor's note following this section.]*** The excise tax imposed on special fuel by subsection (1)(a)(I) of this section is twenty and one-half cents per gallon or a fraction thereof. This subsection (1)(a)(II)(B) does not apply to any special fuel specified in subsections (1)(a)(VI), (1)(a)(VII), and (1)(a)(VIII) of this section.

(B) ***[Editor's note: This version of subsection (1)(a)(II)(B) is effective only if an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election. See the editor's note following this section.]*** The excise tax imposed on special fuel by subsection (1)(a)(I) of this section is twenty and one-half cents per gallon or a fraction thereof; except that, on and after January 1, 2027, but before July 1, 2030, the excise tax imposed on special fuel by subsection (1)(a)(I) of this section is thirteen cents per gallon or a fraction thereof. This subsection (1)(a)(II)(B) does not apply to any special fuel specified in subsections (1)(a)(VI), (1)(a)(VII), and (1)(a)(VIII) of this section.

(III) (Deleted by amendment, L. 2005, p. 863, § 1, effective July 1, 2005.)

(IV) (A) The excise tax imposed by subsection (1)(a)(I) of this section is six cents per gallon or fraction thereof on gasoline used as fuel for the propulsion of nonturbo-propeller or nonjet engine aircraft and is four cents per gallon or fraction thereof on gasoline used as fuel for the propulsion of turbo-propeller or jet engine aircraft.

(B) (Deleted by amendment, L. 2021.)

(C) Based upon reports submitted pursuant to this article 27, the department of revenue shall compile a monthly report showing the amount of excise taxes collected on gasoline pursuant to this subsection (1)(a)(IV). The department shall transmit the monthly report to the division of aeronautics created in section 43-10-103 for use by the division in distributing money in the aviation fund in accordance with section 43-10-110.

(V) Repealed.

(VI) The excise tax imposed on compressed natural gas by subparagraph (I) of this paragraph (a) is:

(A) Three cents per gallon or a fraction thereof for the 2014 calendar year;

(B) Six cents per gallon or a fraction thereof for the 2015 calendar year;

(C) Nine cents per gallon or a fraction thereof for the 2016 calendar year;

(D) Twelve cents per gallon or a fraction thereof for the 2017 calendar year;

(E) Fifteen cents per gallon or a fraction thereof for the 2018 calendar year; and

(F) Eighteen and three-tenths cents per gallon or a fraction thereof for calendar years beginning on and after January 1, 2019.

(VII) The excise tax imposed on liquefied natural gas by subparagraph (I) of this paragraph (a) is:

(A) Three cents per gallon or a fraction thereof for the 2014 calendar year;

(B) Five cents per gallon or a fraction thereof for the 2015 calendar year;

(C) Seven cents per gallon or a fraction thereof for the 2016 calendar year;

(D) Eight cents per gallon or a fraction thereof for the 2017 calendar year;

(E) Ten cents per gallon or a fraction thereof for the 2018 calendar year; and

(F) Twelve cents per gallon or a fraction thereof for calendar years beginning on and after January 1, 2019.

(VIII) The excise tax imposed on liquefied petroleum gas by subparagraph (I) of this paragraph (a) is:

(A) Three cents per gallon or a fraction thereof for the 2014 calendar year;

(B) Five cents per gallon or a fraction thereof for the 2015 calendar year;

(C) Seven cents per gallon or a fraction thereof for the 2016 calendar year;

(D) Nine cents per gallon or a fraction thereof for the 2017 calendar year;

(E) Eleven cents per gallon or a fraction thereof for the 2018 calendar year; and

(F) Thirteen and one-half cents per gallon or a fraction thereof for calendar years beginning on and after January 1, 2019.

(b) (I) In the case of gasoline or special fuel removed from a terminal, the tax is imposed upon the person first receiving the gasoline or special fuel at the terminal even if such person is also the supplier. In the case of gasoline or special fuel removed from a terminal by a common carrier, the consignor who owns the gasoline or special fuel removed by the common carrier is deemed to be the remover and first recipient thereof. The amount of gasoline or special fuel removed is deemed to be the amount shipped from the terminal, measured in gallons, as shown by the terminal manifest; except that, for tax periods beginning before January 1, 2027, the licensed distributor shall deduct an allowance of two percent of the total amount of gasoline or special fuel acquired during any calendar month, as shown by terminal manifests, to cover losses in transit and in unloading the gasoline or special fuel but there is no allowance for liquefied petroleum gas or removal by bulk transfer, and, for tax periods beginning on or after January 1, 2027, the licensed distributor shall deduct an allowance of one and one-half percent of the total amount of gasoline or special fuel acquired during any calendar month, as shown by terminal manifests, to cover losses in transit and in unloading the gasoline or special fuel, but there is no allowance for liquefied petroleum gas or removal by bulk transfer. The allowance provided under this subsection (1)(b)(I) is allowed whether the terminal is within or outside of the state.

(II) (Deleted by amendment, L. 2021.)

(III) In the case of gasoline or special fuel imported into this state, except as provided in subsection (1)(a)(I)(D) of this section, the tax is imposed upon the importer at the time the gasoline or special fuel is first brought into this state from another state for sale, use, or storage and is measured by the number of gallons of gasoline or special fuel imported.

(IV) In the case of liquefied petroleum gas or natural gas sold by a vendor or by a distributor described in section 39-27-101 (7)(a)(V), or used by a private commercial fleet operator, the tax is imposed upon the vendor, distributor, or private commercial fleet operator at the time of such sale or use and is measured by the number of gallons placed into a fuel tank or receptacle from which a fuel tank is supplied.

(V) In the case of blended gasoline or blended special fuel sold by a blender thereof, the tax is imposed upon the blender at the time of sale. If the blender establishes that a tax was imposed and paid under this section, by the blender or by a licensed distributor from whom the blender acquired the gasoline or special fuel, the amount of tax so paid is allowed as a credit against the tax imposed by reason of this subsection (1)(b)(V).

(VI) In the case of a user, the tax imposed by this section is measured by the gallons of special fuel imported into this state or acquired without payment of the tax imposed by this section and used in the propulsion of a motor vehicle on the highways of this state.

(VII) In any other case, the tax imposed by this section is imposed upon the acquisition by each distributor and computed upon the total amount of gasoline or special fuel, measured in gallons, acquired by each distributor in this state and is required to be paid in the manner provided in this part 1. If the distributor establishes that a tax was imposed by this section upon the gasoline or special fuel acquired and paid by a licensed distributor, the amount of tax so paid is allowed as a credit against the tax imposed by reason of this subsection (1)(b)(VII).

(1.5) (Deleted by amendment, L. 2000, p. 1916, § 2, effective October 1, 2000.)

(2) (a) Except as set forth in section 39-27-102.5 (9), every person who uses any gasoline or special fuel for propelling a motor vehicle on the public highways of this state, upon which gasoline or special fuel a licensed distributor has not paid or is not liable to pay the tax imposed in this section, is deemed to be a distributor and is liable for and shall pay an excise tax at a rate established by subsection (1)(a) of this section on all such gasoline or special fuel so used in this state. Such person shall pay such tax to the department of revenue in the same manner as a distributor under section 39-26-105, on or before the twenty-sixth day of the calendar month following the month in which such gasoline or special fuel was used and shall, at the time of payment, render to the department, on forms provided by it, an itemized statement, signed under the penalties of perjury in the second degree, as defined in section 18-8-503, of all such gasoline or special fuel so used or imported during such preceding calendar month. When such gasoline or special fuel is delivered from a terminal in a carload lot, the quantity thereof and the amount of tax thereon is computed in the same manner as in the case of a distributor.

(b) A person operating a passenger car into this state may bring into the state, for the operation of such passenger car, not more than the capacity for gasoline or special fuel in the ordinary fuel tank attached to such passenger car without being liable for payment of the tax on such gasoline or special fuel. Any person operating a motor truck or motor bus into this state, except those persons operating a qualified motor vehicle pursuant to motor fuel tax cooperative agreement entered into under part 3 of this article, may bring into this state, for the operation of such motor truck or motor bus, not more than the capacity for gasoline or special fuel in the ordinary fuel tank attached to such motor truck or motor bus without being liable for payment of the tax on such gasoline or special fuel. Any person operating an aircraft into this state, other than an aircraft operated by scheduled air carriers or commuter airline operators, may bring into this state, for the operation of such aircraft, not more than the capacity for gasoline or special fuel in the ordinary fuel tank attached to such aircraft without being liable for payment of the tax on such gasoline or special fuel. In the event of a disagreement between the operator, driver, or owner of any vehicle, truck, or bus and any officer or inspector of this state regarding the capacity of the ordinary fuel tank of any vehicle traveling upon the highways, the operator,

driver, or owner shall be required, at his or her own expense, to prove to the satisfaction of the officer or inspector the capacity of the ordinary fuel tank attached to such vehicle, and, in the event it exceeds that exempted by law, he or she shall be required to pay the tax on any additional gallonage then and there, securing a receipt from the officer or inspector with whom such disagreement occurred.

(c) and (d) Repealed.

(2.5) to (9) Repealed.

(10) Nothing in this section shall be construed to prohibit the criminal prosecution of any person who commits a criminal offense in connection with or as a result of violating any provision of this part 1.

(11) The tax imposed by this section is a debt owed to this state. Every person subject to it shall pay the tax imposed by this section in the manner prescribed by this part 1 irrespective of when payment is received by such person for the amount of any invoice for the sale of gasoline or special fuel including the tax thereon.

(12) On and after January 1, 2022, no supplier, distributor, importer, or terminal operator may sell gasoline or special fuel on a tax-deferred or tax-exempt basis, except as provided in section 39-27-102.5.

(2) The amendment to this section made by chapter 1, L. 91, First Extraordinary Session, p. 7, section 12, supersedes the amendment made by chapter 330, L. 91, p. 2397, section 22. Both acts contained a July 1, 1991, effective date. However the Governor did not sign the act enacted at the First Extraordinary Session until July 5. The act contained in chapter 1 from the First Extraordinary Session was subject to an interrogatory submitted to the Supreme Court by the Governor. The court held the act constitutional on its face. (3) Section 3 of chapter 107 (HB 14-1105), Session Laws of Colorado 2014, provides that changes to this section by the act apply to fuel sales between governmental entities that occur prior to, on, or after August 6, 2014.

(4) Section 24(7) of chapter 406 (HB 26-1430), Session Laws of Colorado 2026, provides that the act changing this section takes effect on the date of the official declaration of the vote thereon by the governor or January 1, 2027, whichever is later, only if an initiative that amends the state constitution to change existing law on transportation funding and to increase the amount of state revenue dedicated to road transportation is approved by the people at the next general election.

#### ANNOTATION

**Subsection (1)(a)(III) held constitutional.** Archer Daniels Midland Co. v. State, 690 P.2d 177 (Colo. 1984).

**General assembly has the power to tax gasoline used in propelling motor vehicles** on the streets of home-rule cities. People v. City & County of Denver, 90 Colo. 598, 10 P.2d 1106 (1932).

The excise tax provided in this section is a tax which in its discretion the general assembly, as the coordinate law-making branch of the government, has ample power to impose. State v. Tolbert, 98 Colo. 433, 56 P.2d 45 (1936).

**Tax imposed deemed excise, not property, tax.** The tax imposed on the various products of petroleum offered for sale or used for power purposes in propelling motor vehicles is an excise, and not a property, tax. Altitude Oil Co. v. People, 70 Colo. 452, 202 P. 180 (1921);

People v. City & County of Denver, 84 Colo. 576, 272 P. 629 (1928).

**Tax is not tax on gasoline, but on right to sell it,** offer it for sale, or use it to propel motor vehicles. People v. City & County of Denver, 84 Colo. 576, 272 P. 629 (1928).

**Tax is not only an excise tax but it is indirect tax,** and taxes of this character, if not always, usually are levied upon and collected from a person other than the one who ultimately pays them. It is competent for the lawmakers to require payment in the first instance by the seller and for him, in turn, to pass it on to the user. Miller v. People, 76 Colo. 157, 230 P. 603 (1924).

**Distributor receiving product prima facie liable for tax.** The one who first receives the fuel product in this state which he sells or offers to sell to a consumer is prima facie liable for the amount of the tax

on the number of gallons so received. *Miller v. People*, 76 Colo. 157, 230 P. 603 (1924).

**Although he neglects or intentionally refuses to collect from user.** It would be a novel doctrine to announce that a dealer, who is made primarily liable for a tax, may escape payment merely because he neglects or intentionally refuses to collect it from the one ultimately liable, to whom he sells and from whom the law gives him the right to reimburse himself. *Miller v. People*, 76 Colo. 157, 230 P. 603 (1924).

**No tax can be levied on gasoline sold to the United States.** *People v. Texas Co.*, 85 Colo. 289, 275 P. 896 (1929).

This exemption applies to purchases of gasoline by the United States for sale in exchange service stations on military reservations in this state. *U.S. v. State of Colo.*, 666 F. Supp. 1479 (D. Colo. 1987) (decided prior to 1988 amendment to subsection (1)(b)).

**Allowance for losses in transit and unloading not statutory "exemption".** The two percent allowance to cover losses in

unloading and transit granted in subsection (1)(b) is not an "exemption" within the meaning of the rule that if a taxpayer claims an exemption under a taxing statute the burden is on him to establish clearly his right to it. *Champlin Ref. Co. v. Cruse*, 115 Colo. 329, 173 P.2d 213 (1946).

**Injunction maintainable to restrain use of motor fuel on which tax not paid.** Although the violation of this section is made a crime by § 39-27-103, a suit for an injunction may be maintained by the state to restrain the use of motor fuel upon which the statutory tax has not been paid, as provided by this section. *State v. Tolbert*, 98 Colo. 433, 56 P.2d 45 (1936).

**Distributor's eligibility for five-cent reduction in fuel tax for alcohol-blended fuels** is to be determined on the basis of quantity of alcohol actually produced and sold for fuel, not on the basis of production capacity. *W. Refining v. Dept. of Rev.*, 767 P.2d 772 (Colo. App. 1988).

**Applied** in *Armstrong v. Driscoll Constr. Co.*, 107 Colo. 218, 110 P.2d 651 (1941).

### **39-27-102.5. Exemptions on tax imposed - ex-tax purchases - performance statement - definition - repeal.**

(1) (Deleted by amendment, L. 2005, p. 866, § 2, effective July 1, 2005.)

(1.5) Except as otherwise provided in this section, diesel engine fuel and kerosene is presumed to be for use for a taxable purpose unless indelible dye meeting federal regulations is added to the diesel engine fuel or kerosene before or upon removal from a terminal. Such dyed special fuel is exempt from the excise tax imposed pursuant to this part 1. The tax-exempt special fuel shall not be used for taxable purposes; except that dyed special fuel may be used for a taxable purpose to the extent that such use is allowed under federal law or regulations with such fuel being subject to the excise tax imposed pursuant to this part 1. For purposes of this

subsection (1.5), "taxable purpose" means any use on which an excise tax on special fuel is imposed pursuant to this part 1. The terminal operator shall ensure that tax-exempt special fuel is dyed before it leaves the terminal. Every seller thereafter shall give notice to any purchaser in accordance with federal regulations that the dyed special fuel may not be used for a taxable purpose.

(2) (a) Dyed diesel fuel purchased to propel farm vehicles, when the same are being used on farms and ranches, farm tractors, and implements of husbandry only incidentally operated or moved on a highway, when operated off the public highways, and vehicles or construction equipment operated within the confines of highway construction projects when the same are actually being used in the construction of such highways is exempt from the excise tax imposed pursuant to this part 1. In accordance with section 39-27-104 (1)(d.5), dyed diesel fuel may be blended by a licensed distributor with biodiesel fuel after withdrawal at a terminal up to the maximum federally allowable blend. Such blended special fuel is exempt from the excise tax imposed pursuant to this part 1, so long as it is purchased for the purposes set forth in this subsection (2)(a). A person who purchases undyed special fuel for the purposes set forth in this subsection (2)(a) may, in accordance with section 39-27-103, apply to the department of revenue for a refund of the excise tax paid thereon.

(b) (I) (Deleted by amendment, L. 2005, p. 866, § 2, effective July 1, 2005.)

(II) Gasoline and special fuel purchased by the United States or any of its agencies, the state of Colorado or any of its agencies, any town, city, county, city and county, school district of this state, or any other political subdivision of this state is exempt from the excise tax imposed pursuant to this part 1, regardless of whether the special fuel is dyed pursuant to subsection (1.5) of this section, if the gasoline or special fuel is used exclusively by the governmental entity in performing its governmental functions and activities. This exemption only applies if the gasoline or special fuel purchased by the governmental entity is used in machines owned or operated by the governmental entity. Exemptions for persons conducting business for the governmental entities on a contract basis using an aircraft must be based solely on the applicable operating certificate of the aircraft operator pursuant to subsection (2.5) of this section.

(III) (A) Any governmental entity referred to in subsection (2)(b)(II) of this section may obtain an exemption certificate from the executive director of the department of revenue pursuant to subsection (3) of this section.

(B) A distributor may sell ex-tax gasoline or special fuel to a governmental entity with a valid exemption certificate, regardless of whether the special fuel is dyed pursuant to subsection (1.5) of this section.

(C) A governmental entity with a valid exemption certificate may sell to or purchase gasoline or special fuel from another governmental entity that also has a valid tax exemption certificate. The gasoline or special fuel must be used exclusively by the purchasing governmental entity in

performing its governmental functions and activities in machines owned or operated by the governmental entity. A governmental entity is required to keep a copy of the fuel tax exemption certificate on file for any entity to which it resells or distributes fuel. A governmental entity that sells gasoline or special fuel pursuant to this subsection (2)(b)(III)(C) is not required to be a licensee pursuant to section 39-27-104. Sales authorized pursuant to this subsection (2)(b)(III)(C) are intended to facilitate intergovernmental efficiencies with respect to sales for individual vehicles or equipment. This subsection (2)(b)(III)(C) does not apply to intergovernmental sales in excess of five hundred gallons in a single transaction unless required for unusual, unforeseen, or emergency circumstances.

(D) In the case of gasoline or special fuel acquired by a governmental entity upon which the tax imposed by this part 1 was paid, the governmental entity may apply to the department of revenue for a refund of the excise tax paid thereon in accordance with section 39-27-103.

(c) Any person operating a vehicle other than a qualified motor vehicle pursuant to the motor fuel tax cooperative agreement entered into under part 3 of this article may bring into this state for the operation of such vehicle only the amount of special fuel that is in the ordinary fuel tank attached to such vehicle without being liable for the payment of the tax under this part 1.

(2.3) (a) The purpose of the exemption authorized in subsections (1.5) and (2)(a) of this section is to entirely exclude dyed diesel or kerosene from the special fuels excise tax where the dyed fuel is used for specified off-road purposes or by governmental entities.

(b) The effectiveness of the exemption authorized in subsections (1.5) and (2)(a) of this section is measured by the number of taxpayers claiming the exemption and the amount of tax that would have been paid without the exemption.

(2.5) (a) (I) Products, including kerosene, specially prepared, sold, and used in aircraft operated by scheduled air carriers or commuter airline operators exempt from the federal aviation fuels tax are exempt from the tax imposed pursuant to this part 1.

(II) Prior to January 1, 2025, gasoline used by domestic or foreign part 121 air carriers or part 135 commuter air carriers authorized to provide passenger and cargo air transportation services pursuant to the regulations of the office of the secretary of transportation and federal aviation administration of the United States department of transportation is exempt from the tax imposed pursuant to this part 1. For those air carriers that are certificated by the United States department of transportation for both part 121 air carrier operations and part 135 on-demand operations, the provisions of this subsection (2.5)(a)(II) shall not apply to the air carrier's part 135 on-demand operations.

(III) Prior to January 1, 2025, gasoline used by direct air carriers providing air transportation to authorized public charter operators pursuant to 14 CFR 380 is exempt from the tax imposed pursuant to this part 1.

(IV) Subsections (2.5)(a)(II) and (2.5)(a)(III) of this section and this subsection (2.5)(a)(IV) are repealed, effective December 31, 2028.

(b) A distributor or terminal operator may sell ex-tax gasoline or special fuel to an air carrier described in this subsection (2.5). In the case of gasoline or special fuel acquired by an air carrier described in this subsection (2.5) upon which the tax imposed by this part 1 was paid, the air carrier may apply to the department of revenue for a refund of the excise tax paid thereon in accordance with section 39-27-103.

(c) Nothing in this subsection (2.5) exempts sales of aviation fuel from the sales tax imposed under article 26 of this title 39.

(3) (a) (Deleted by amendment, L. 2021.)

(b) (I) The executive director of the department of revenue shall issue an exemption certificate to a user of gasoline or special fuel to purchase ex-tax gasoline or special fuel if the user is exempt under subsection (2) or (2.5) of this section.

(II) A distributor may sell ex-tax gasoline or special fuel pursuant to subsections (2) and (2.5) of this section. The distributor may claim a credit against the tax accrued and payable for taxes due on ex-tax gasoline or special fuel or for taxes paid on ex-tax gasoline or special fuel by such distributor in a prior taxable period. If the distributor establishes that a tax was imposed and paid under this article 27 by a licensed distributor, special fuel is allowed as a credit on the distributor's next return. To the extent the credit exceeds the tax due, the executive director of the department of revenue shall issue a refund of such excess. The manifest, bill of lading, invoice, or other similar document issued by the supplier, importer, or distributor must state that the gasoline or special fuel is sold on an ex-tax basis.

(c) With each sale of gasoline or special fuel made without payment of the tax pursuant to this subsection (3), the distributor shall secure evidence that the user is exempt from tax under this section.

(d) A distributor has the burden of proving that gasoline or special fuel is exempt from tax pursuant to this section. The department of revenue may prescribe reasonable requirements of proof for the exemption.

(4) (Deleted by amendment, L. 2000, p. 1932, § 15, effective October 1, 2000.)

(5) to (8) Repealed.

(9) Compressed natural gas used to propel a motor vehicle on the highways of this state that is supplied to the user at a residential home is exempt from the special fuel tax imposed by this article.

(10) Gasoline or special fuel removed from a terminal by a licensed exporter exclusively for delivery to another state is exempt from the tax imposed by this part 1.

### **39-27-103. Refunds - penalties - checkoff - limits on collections - performance statement.**

(1) A credit against the tax accrued or payable or a refund of tax paid is allowed for the tax imposed by this part 1 on gasoline or special fuel that is lost or destroyed by fire, lightning, flood, windstorm, explosion, accident, or other cause beyond the control of the distributor or transporter of such gasoline or special fuel. This credit or refund is allowed only on gasoline or special fuel in quantities of one hundred gallons or more lost or destroyed at any one time. Any loss of gasoline or special fuel while in transit or while being loaded or unloaded is subject to credit or refund under this section. After any such loss or destruction, the distributor or

-1542-

transporter must notify the executive director of the department of revenue within thirty days of such loss or destruction and, within the same deadline, must file with the executive director proof sufficient to establish the loss or destruction as the executive director may require. A refund of previously paid tax is allowed to the distributor or transporter in control of the gasoline or special fuel at the time it is lost or destroyed regardless of whether such person paid the tax imposed by this part 1 on the gasoline or special fuel lost or destroyed.

(1.5) A refund is allowed for the tax paid on gasoline or special fuel pursuant to this part 1 that was erroneously paid due to mistake of fact, law, or computation. The person who has paid any such tax may, within three years from the date of payment thereof, file with the department of revenue an application for refund of such tax so erroneously paid. The application must be on such forms as prescribed by the department of revenue. This subsection (1.5) does not apply to any refund claimable pursuant to subsection (1), (2), (2.5), or (3) of this section.

(2) Unless purchased ex-tax pursuant to section 39-27-102.5 (2)(b), a refund is made or credit allowed for the tax paid on all gasoline or special fuel that is purchased by the United States or any of its agencies, the state of Colorado or any of its agencies, any town, city, county, or any other political subdivision of the state. Except as provided in section 39-27-102.5 (2)(b)(III)(C), the gasoline or special fuel with respect to which a refund is claimed under this subsection (2) must be used exclusively by the governmental entity in performing its governmental functions and activities in any machines owned or operated by the governmental entity. Any other use or any resale for any other use is a violation of subsection (3)(c) of this section.

(2.5) Unless purchased ex-tax pursuant to section 39-27-102.5 (2.5), a refund is made pursuant to subsection (3) of this section for the tax paid on the following purchases of gasoline or special fuel:

(a) Products, including kerosene, specially prepared, sold, and used in aircraft operated by scheduled air carriers or commuter airline operators exempt from the federal aviation fuels tax;

(b) Gasoline used by domestic or foreign part 121 air carriers or part 135 commuter air carriers authorized to provide passenger and cargo air transportation services pursuant to the regulations of the office of the secretary of transportation and federal aviation administration of the United States department of transportation. For those air carriers that are certificated by the United States department of transportation for both part 121 air carrier operations and part 135 on-demand operations, this subsection (2.5)(b) shall not apply to the air carrier's part 135 on-demand operations; and

(c) Gasoline used by direct air carriers providing air transportation to authorized public charter operators pursuant to 14 CFR 380.

(2.7) A refund is made pursuant to subsection (3) of this section to any person who purchases gasoline or special fuel upon which the tax imposed by this part 1 has been paid if the gasoline or special fuel is used for the purpose of:

- (a) Operating a stationary gas engine;
- (b) Operating a motor vehicle on or over fixed rails;
- (c) Operating a tractor, truck, or other farm implement or machine for agricultural purposes on a farm or ranch;
- (d) Operating a state-licensed agricultural applicator aircraft from a private landing facility used solely and exclusively for agricultural applications, to the extent of fifty percent of taxes payable pursuant to section 39-27-102 (1)(a)(IV);
- (e) Operating a motor boat;
- (f) Cleaning or dyeing;
- (g) Any commercial use other than the operation of a motor vehicle upon the highways of this state and the operation of any aircraft other than the operation of aircraft specified in subsection (2.5) or (2.7)(d) of this section; or
- (h) Any other use that entitles a person to a refund under this part 1 or federal law.

(3) (a) (I) Any person who purchases gasoline or special fuel is entitled to a refund by the controller, upon voucher certified by the department of revenue of the amount of such tax paid upon complying with the applicable conditions and provisions of this section.

(II) Notwithstanding any other provision of this section, no person shall be entitled to a refund on purchases of gasoline or special fuel in quantities of less than twenty gallons.

(III) The executive director of the department of revenue shall calculate the amount of the refund allowed by subparagraph (I) of this paragraph (a) for gasoline or special fuel use in accordance with the industry-specific percentages of such fuel use exempted by said subparagraph (I) that can be justified by studies done by industries that use the fuel for such exempt purposes, studies done by other states for refunds of tax imposed on the fuel used for such exempt purposes, or studies done by the department about the historical fuel usage for such exempt purposes. The executive director shall set such percentages by rule promulgated in accordance with article 4 of title 24, C.R.S.

(a.1) Repealed.

(a.3) (I) Any person who purchases or uses gasoline for the propulsion of an aircraft shall be entitled to a refund by the controller if:

(A) The use of such gasoline in such aircraft is subject to the excise tax levied pursuant to section 39-27-102 (1)(a)(IV)(A); and

(B) The excise tax actually paid was the excise tax levied pursuant to any provision of section 39-27-102 (1)(a), excluding section 39-27-102 (1)(a)(IV)(A).

(II) The amount of such refund shall be the difference between the amount actually paid and the amount that should have been paid pursuant to section 39-27-102 (1)(a)(IV) as certified by the department of revenue.

(b) All applicants claiming a refund under the provisions of this section shall obtain a refund permit from the department of revenue by application therefor on such forms as it prescribes. Such permits shall be obtained before or at the time the first application for refund is made. The application shall be made under oath and shall contain, among other things, the name, address, and occupation of the applicant, and the nature of the business, and a sufficient description of the machines and equipment in which the gasoline or special fuel is to be used for which a refund may be claimed. Upon approval of the application, the department of revenue shall issue to the applicant a refund permit number, and refund claim forms with the approved exemption percentage to calculate the amount of the refund allowed. The department shall make additional copies of the application for refund forms available to dealers. It is the duty of the department of revenue to keep a record for twenty-four months of all permits issued and cumulative records of the amount of refund claimed and paid thereon.

(c) Refund permits shall be canceled by the department of revenue if no claim is filed by the permit holder for a period of twenty-four months. If any person makes any false statement in an application for a permit or upon any claim for refund or submits with any claim for refund an invoice that does not represent a bona fide purchase of gasoline or special fuel at the time and place and in the quantity indicated on the invoice, or if any dealer or other person prepares an invoice that does not represent a bona fide sale of gasoline or special fuel at the time and place and in the quantity indicated in the invoice, or if any person uses gasoline or special fuel on which refunds are claimed in any motor vehicle on the public highways of this state, except as provided in subsection (2) of this section, said person or dealer commits a class 2 misdemeanor. In addition, the executive director shall forthwith cancel the permit of such person, and such person shall not be issued a new permit within one year after such cancellation.

(d) Application for a refund under this section must be made within twelve months after the date of purchase of the gasoline or special fuel but not more than once each calendar quarter. Such application must be made on forms prescribed and furnished by the executive director of the department of revenue, which contain any information as the executive director may deem necessary. At the time of making each sale and delivery of gasoline or special fuel upon which a refund of tax may be claimed, the dealer shall prepare an invoice, in duplicate, in a form approved by the executive director and containing such information as the executive director

may deem necessary and carrying a serial number that shall not be repeated through any one calendar year. No additional invoices covering the same sale and delivery of gasoline or special fuel shall be issued by the dealer. The original copy of such invoice shall be delivered to the purchaser of the gasoline or special fuel, and, upon payment in full of such invoice, the dealer shall enter thereon the dealer's full name and a notation showing payment thereof. With respect to invoices covering the sale and delivery of gasoline or special fuel to the state or those political subdivisions of the state specified in subsection (2) of this section, it is not necessary for the dealer to enter the dealer's name and the notation showing payment thereof. Upon proper application, refund is made directly to such political subdivisions upon presentation of the completed refund claim form. Original invoices together with a certification of the date and number of the warrant by which such invoices were paid must be retained by such political subdivisions for a period of twenty-four months. The duplicate copy of the invoice must be retained by the dealer for a period of twenty-four months at the place of business where issued, and such duplicate invoices and other records of the dealer shall be available for examination by the executive director or the executive director's representatives. The executive director shall make demand for repayment of any refund of tax that has been illegally or erroneously made to any person, and the executive director is authorized to request the attorney general or any district attorney of the state to institute a suit for collection of any money illegally or erroneously refunded to any person.

(e) Except as provided in subsection (2.5) of this section, no refund shall be claimed by or allowed to any person on account of any gasoline or special fuel carried from this state in the ordinary fuel tank of a motor vehicle or aircraft. The application for a refund must be made by the same person who purchased the gasoline or special fuel upon which the tax imposed by this part 1 has been paid as shown in the invoice of the seller thereof. The right of any person to a refund under this part 1 shall not be assignable. No refund of the gasoline or special fuel tax shall be claimed by or allowed to any person on any gasoline or special fuel used for propelling motor vehicles operated in whole or in part during the calendar year upon public highways of the state or upon the streets of any city or town in the state, except as otherwise provided in this subsection (3) or subsection (2) of this section.

(f) (Deleted by amendment, L. 2002, p. 553, § 2, effective May 24, 2002.)

(4) Any applicant for refund under the provisions of this section who willfully makes any false statement in connection with an application for a permit or an application for a refund of any taxes, or who uses the gasoline or special fuel other than as stated in the permit and application, shall be punished as provided by section 39-21-118, and by suspension or revocation of his or her permit or license. These penalties shall be in addition to any other penalty imposed by this part 1. If any applicant for refund under the provisions of this section makes any false statement on any application for permit or credit for refund, or submits any invoices on which erasures, changes, alterations, or additions have been made, or that are otherwise incorrect, the

executive director shall cancel all or part of any pending claim for refund of such applicant and shall also deduct from any subsequent claims an amount equal to one hundred percent of the amount claimed on any altered or incorrect invoice.

(5) If any person is convicted under the provisions of this section, such conviction shall be prima facie evidence that all refunds received by such person during the current year were obtained unlawfully, and the executive director is empowered to bring appropriate action for recovery of such refunds. A brief summary statement of the above mentioned penalties shall be printed on each form of permit and application for refund.

(6) and (7) Repealed.

(8) (a) The purpose of the refund authorized in subsections (2.7) and (3) of this section is to compensate taxpayers who buy and pay the tax on otherwise taxable fuels for the purpose of using the fuels for specified non-taxable purposes under federal law.

(b) The effectiveness of the refund authorized in subsections (2.7) and (3) of this section is measured by the number of taxpayers claiming a refund and the amount of tax that was already collected and is refunded.

#### ANNOTATION

**Right to a refund rests solely on this section,** which does not authorize any excuse for a delay in filing the application therefor. *Armstrong v. Driscoll Constr. Co.*, 107 Colo. 218, 110 P.2d 651 (1941).

**Procedure to obtain refund to be strictly followed.** Refunds of the tax imposed by the preceding section are a matter of grace, and the procedure outlined by this section to obtain the same must be

strictly followed. *Armstrong v. Driscoll Constr. Co.*, 107 Colo. 218, 110 P.2d 651 (1941).

**Section's time limitation undoubtedly is legislative attempt to prevent filing of stale claims** and other corrupt practices that so often materialize when state governmental agencies are authorized to make refunds. *Armstrong v. Driscoll Constr. Co.*, 107 Colo. 218, 110 P.2d 651 (1941).

**Editor's note:** This section was similar to former § 39-27-203 as it existed prior to 2000.

#### **39-27-104. License and deposit - exception.**

(1) (a) It is unlawful for any person to act as a distributor, supplier, terminal operator, importer, exporter, carrier, or blender of gasoline or special fuel in this state without being licensed as such. Any person who acts as a distributor, supplier, terminal operator, importer, exporter, carrier, or blender of gasoline or special fuel within this state without being licensed as such is guilty of a misdemeanor. Each day of operation without a license is considered a separate offense. Such person is also subject to the civil penalties imposed pursuant to subsection (1)(g) of this section.

(b) Each applicant for a license required by this section must file with the executive director of the department of revenue an application in such form and manner as the executive director prescribes, stating the name and address of the applicant and any other information as may be required by this section or by the executive director. The application must include a statement that such application is signed under oath and under the penalty of perjury in the second degree, as defined in section 18-8-503. An applicant for a license to export gasoline or special fuel from this state shall provide verification as required by the executive director that the applicant has an appropriate license valid in any state into which the gasoline will be exported. Each application must be accompanied by a ten-dollar filing fee.

(c) The executive director of the department of revenue shall issue a license to an applicant if the application is in proper form, has been accepted for filing, and meets the other conditions and requirements of this section. The license is valid until surrendered, suspended, or revoked.

(d) A person who engages in the business of blending or compounding any products to make gasoline or special fuel thereof shall obtain a blender license and set forth in his or her application the kind and general characteristics of the products to be blended, the place where such blending is done, the purpose of such blending, and the intended disposition of such blended products and any other information as the executive director of the department of revenue deems necessary or advisable for the enforcement of this part 1.

(d.5) No person shall blend exempt dyed diesel fuel with biodiesel fuel after withdrawal at a terminal rack unless such person is a licensed blender in accordance with subsection (1)(d) of this section who has a valid federal blending permit. Any person who violates this subsection (1)(d.5) or the reporting or other requirements of this section relating to such blending or who misrepresents the amount of biodiesel fuel that is blended with dyed diesel fuel is subject to the following civil penalties:

- (I) A five-thousand-dollar fine for the first violation;
- (II) A ten-thousand-dollar fine for the second or subsequent violation; and

(III) In accordance with rules promulgated pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., revocation of any license issued in accordance with the provisions of this section for the third violation.

(e) When any person ceases to be a distributor, supplier, terminal operator, importer, exporter, carrier, or blender of gasoline or special fuel by reason of discontinuance, sale, or transfer of such person's business at any location, such person shall notify the executive director of the department of revenue in writing at the time the discontinuance, sale, or transfer takes effect. The notice must state the date of discontinuance and, in the event of sale or transfer, the name and address of the purchaser or transferee. All taxes, penalties, and interest not yet due and payable under this part 1, notwithstanding any other provisions of this part 1, are due and payable concurrently with the discontinuance, sale, or transfer; and the person shall make a report and pay all taxes, penalties, and interest and shall surrender to the executive director of the department of revenue the license together with all duplicates issued to him or her.

(f) The license issued under this section is required to be conspicuously displayed in the established place of business of the licensee. A licensee shall obtain a duplicate license for each established branch office or location, which shall be displayed in a like manner as the original license. The executive director of the department of revenue shall issue a duplicate license upon payment of a five-dollar fee.

(g) (I) No person shall act as a distributor, supplier, terminal operator, importer, exporter, or carrier without a valid license pursuant to this section. Any person who violates the reporting requirements of this part 1, exports gasoline or special fuel out of this state without a valid license, or imports gasoline or special fuel into this state without a license or permit, or otherwise operates in this state without the license required by this section is subject to the following civil penalties:

(A) A five-thousand-dollar fine for the first violation;

(B) A ten-thousand-dollar fine for the second violation;

(C) A fifteen-thousand-dollar fine for a third or subsequent violation.

(II) The executive director of the department of revenue is authorized to waive, for good cause shown, any civil penalty assessed pursuant to this paragraph (g).

(III) All moneys collected pursuant to this paragraph (g) shall be credited to the highway users tax fund, created in section 43-4-201, C.R.S., and allocated and expended as specified in section 43-4-205 (5.5)(a), C.R.S.

(IV) Nothing in this paragraph (g) shall be construed to prohibit the criminal prosecution of any person who commits a criminal offense in connection with or as a result of violating any provision of this part 1.

(V) Immediately upon discovery of a violation of this paragraph (g), the department of revenue and agents thereof:

(A) May require payment of the excise tax imposed pursuant to section 39-27-102 (1)(a) and all applicable civil penalties imposed pursuant to this paragraph (g) from any person who violates the provisions of this paragraph (g); and

(B) May detain the shipment of gasoline or special fuel until payment is collected.

(h) The executive director of the department of revenue may refuse to issue a license if the executive director finds, after affording the applicant due notice and an opportunity to be heard, that the application:

(I) Was filed by any person whose license has previously been suspended or revoked for cause by the executive director of the department of revenue;

(II) Contains any misrepresentation, misstatement, or omission of material information required by the application;

(III) Was filed by some person other than the real person in interest whose license has been previously suspended or revoked for cause by the executive director of the department of revenue;

(IV) Was filed by any person who is or has been delinquent in the payment of any fee, tax, penalty, or other amount due to the department of revenue for more than two taxable periods; or

(V) Was submitted by a person who the executive director of the department of revenue determines is unable or unwilling to perform the duties and responsibilities of a licensed gasoline or special fuel distributor, supplier, terminal operator, importer, exporter, carrier, or blender, as applicable, based upon evidence furnished to him or her.

(2) and (2.1) Repealed.

(2.2) (a) The executive director of the department of revenue, in accordance with rules promulgated pursuant to the "State Administrative Procedure Act", article 4 of title 24, C.R.S., may revoke or suspend the license of any licensee who:

(I) Fails to timely file any report required under this part 1 or files a false report;

(II) Fails to pay the tax imposed pursuant to this part 1 together with any applicable penalty and interest;

(III) Fails to pay any civil penalty assessed pursuant to this part 1;

(IV) Is convicted of any criminal offense related to a violation of the provisions of this part 1;

(V) Abuses the privileges for which the license was issued;

(VI) Fails to produce records requested or otherwise fails to cooperate with the department in the administration of the provisions of this part 1.

(b) The executive director of the department of revenue may reinstate a license, terminate a suspension, or grant a new license to a person whose license has been revoked if no fact or condition exists that would constitute grounds for the executive director to refuse to reinstate, grant, or terminate a suspension of a license.

(2.5) and (3) Repealed.

(4) Notwithstanding the amount specified for any fee in subsection (1) of this section, the executive director of the department of revenue, by rule or as otherwise provided by law, may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), C.R.S., to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the executive director, by rule or as otherwise provided by law, may increase the amount of one or more of the fees as provided in section 24-75-402 (4), C.R.S.

(5) (a) A person who sells liquefied petroleum gas at the retail level of trade that is not used as special fuel does not act as a distributor and does not need to be licensed as one under this section if the person:

(I) Submits an affidavit, signed under penalty of perjury, stating that the person will not place liquefied petroleum gas in a fuel tank as part of any sale and that, if the person does place the fuel in a fuel tank, the person is subject to the penalties set forth in this section; and

(II) Conspicuously posts at the distribution point a sign indicating that the liquefied petroleum gas is not for sale for use in motor vehicles.

(b) The department of revenue shall establish the form of the affidavit required under subparagraph (I) of this subsection (5).

### **39-27-105. Collection of tax on gasoline and special fuel - rules.**

(1) Except as otherwise provided in this section, every distributor, supplier, carrier, exporter, importer, blender, refiner, or terminal operator of gasoline or special fuel other than liquefied petroleum gas on or before the twenty-sixth day of each calendar month shall file with the executive director of the department of revenue, on forms prescribed and furnished by the department, an itemized statement made under penalty of perjury in the second degree, showing the following:

(a) The number of gallons of gasoline or special fuel acquired in, imported into, or removed from any terminal in this state from any source whatsoever during the preceding calendar month;

(b) The quantity of the different kinds of gasoline or special fuel so acquired, imported, or removed;

(c) The amount of gasoline or special fuel exported from this state, with the date of shipment, the car number and initials, and the number of invoiced gallons of gasoline or special

fuel contained in each tank car if exported by rail, and the name of the owner and the make and license number of the tank truck or tank wagon if such transportation is used, and the name of the person to whom such exported gasoline or special fuel was sold, the point of shipment, and the point of delivery;

(d) The date of acquisition, import, or removal of each shipment of gasoline or special fuel acquired, imported, or removed, the name of the person from whom purchased or acquired, the point of origin and point of destination of each shipment, the quantity in gallons of each of said purchases or shipments, the name of the carrier, the number of each tank car, its initial, and the number of invoiced gallons contained in each tank car if shipped by rail, and the name of the owner and the make, license number, and capacity in gallons of the tank truck or tank wagon if such transportation was used;

(d.3) In the case of a blender of gasoline or special fuel, the amount and character of the unblended products and the blended products on hand on the last day of the preceding calendar month, the amount of unblended products acquired and the amount of products blended during the calendar month, and any other information relative to the disposition of the blended products as the executive director may deem necessary or advisable for the correct determination of the amount of excise tax applicable to gasoline or special fuel acquired, used, or sold by the blender; and

(e) Any further information as the executive director may require pertaining to the acquisition, import, or removal of gasoline or special fuel and its disposition and the tax due, collected, or paid thereon, if any.

(f) (Deleted by amendment, L. 2021.)

(1.1) The information required for reporting acquisition or disposition of gasoline or special fuel pursuant to this article 27 must be submitted electronically in the manner prescribed by the department of revenue. The department, in consultation with licensees, shall develop standards regarding filing of information that includes, but is not limited to, the data elements, the format of the data elements, and the method and medium of transmission to the department. The department shall incorporate into the standards, to the extent practicable, the uniform forms and reporting methods prescribed by the federation of tax administrators or other similar association of states.

(1.2) (a) Every distributor, exporter, or importer of liquefied petroleum gas on or before the twenty-sixth day of each calendar month shall file with the executive director of the department of revenue, on forms prescribed and furnished by the department, a statement made under penalty of perjury in the second degree, showing the following aggregated amounts:

(I) The number of gallons of liquefied petroleum gas that the distributor placed in a fuel tank and that are subject to the excise tax under this part 1;

(II) The number of gallons of liquefied petroleum gas that the distributor placed in a fuel tank and that are exempt from the excise tax under this part 1;

(III) The number of gallons of liquefied petroleum gas, not placed in a fuel tank, that are sold to the state of Colorado, any of its agencies, any town, city, county, city and county, school district of this state, or any other political subdivision of this state;

(IV) The number of gallons of liquefied petroleum gas sold to a nonprofit transit agency that are not placed in a fuel tank;

(V) The number of gallons of liquefied petroleum gas imported into the state; and

(VI) The number of gallons of liquefied petroleum gas exported from this state.

(b) Repealed.

(1.3) (a) (Deleted by amendment, L. 2005, p. 869, § 5, effective July 1, 2005.)

(b) The executive director of the department of revenue, if said executive director deems it necessary in order to ensure payment of the tax imposed by this part 1 or to facilitate the administration of this part 1, may require a report of a distributor and payment of the tax due by the distributor to be made for other than, or in addition to, the monthly period.

(c) Distributors may aggregate figures stated in the reports required by this part 1 for natural gas for all service stations or other facilities that dispense natural gas for sale to users and that are owned or operated by the same distributor.

(d) Distributors may aggregate figures stated in the reports required by this part 1 for natural gas for sales of such fuels to a particular class or type of individual user. Distributors of natural gas shall not be required to separately report the amount of sales to individual users.

(e) Any inventory reporting requirements established pursuant to this subsection (1.3) shall not apply to distributors of natural gas whose service stations or other facilities receive special fuel for sale through a pipeline and have a maximum special fuel storage capacity of less than one-thousand-gallon equivalents at the site where sales are made to users.

(f) Distributors of liquefied petroleum gas shall aggregate figures stated in the reports required by this part 1.

(1.5) Repealed.

(2) (a) (I) It is the duty of every distributor of gasoline or special fuel other than liquefied petroleum gas to compute the amount of tax payable on all gasoline or special fuel imported, removed from a terminal, or otherwise acquired during the preceding calendar month at the rate of tax per gallon imposed thereon in section 39-27-102 (1). In computing the amount of tax for tax periods beginning before January 1, 2027, the allowance of two percent provided for in

section 39-27-102 (1)(b)(I) must be taken into account. In computing the amount of tax for tax periods beginning on or after January 1, 2027, the distributor shall take into account the allowance of one percent provided for in section 39-27-102 (1)(b)(I).

(II) It is the duty of every distributor of liquefied petroleum gas to compute the amount of tax payable on the liquefied petroleum gas placed in a fuel tank or used to propel a cargo tank motor vehicle in the preceding calendar month at the rate of tax per gallon imposed thereon.

(b) (I) From the amount of tax computed under subsection (2)(a) of this section, the distributor shall deduct one-half of one percent to cover expenses of payment of the tax and bad debt losses and shall pay the remaining balance to the department of revenue and file the statement required by subsection (1) of this section on or before the twenty-sixth day of each calendar month. If any distributor is delinquent in remitting the tax, except in unusual circumstances shown to the satisfaction of the executive director of the department of revenue, the retailer shall not be allowed to deduct any amount under this subsection (2)(b).

(II) For tax periods beginning on or after January 1, 2027, the distributor shall file the statement required by subsection (1) of this section and shall pay the amount of tax computed under subsection (2)(a) of this section on or before the twenty-sixth day of each calendar month.

(c) (I) If any person fails to file any return or statement when due as provided in this section, the executive director shall impose and collect a penalty of one hundred dollars.

(II) If any person fails to pay the tax when due as provided in this section, the executive director shall impose and collect a penalty of thirty dollars or ten percent of the tax due, plus one-half of one percent per month from the date when due, not to exceed eighteen percent in the aggregate, whichever is greater, in addition to any other penalties provided by this part 1. The executive director shall also collect interest at the rate imposed under section 39-21-110.5.

(III) If the penalties provided for in subsection (2)(c)(I) and (2)(c)(II) both apply, then the executive director shall impose and collect only the larger of the two penalties. The executive director may waive, for good cause shown, any penalty or interest added pursuant to this subsection (2)(c).

(d) Repealed.

(3) If any person fails or refuses to make and file the sworn statement required by this section and pay the tax due, if any, for any calendar month or if a person makes and files any incorrect or fraudulent statement or return for any calendar month as required by this part 1, the executive director of the department of revenue, upon such information as is available in his or her office or elsewhere, shall determine the amount of gasoline or special fuel taxes due from that person and shall add to that amount a penalty of thirty percent thereof for failure to file such report or for filing the false or fraudulent report and collect the amount of the tax and penalty plus interest on the whole amount due from that person at the rate imposed under section 39-21-

110.5 from the date due until paid. Upon making such estimate, and adding the penalty and interest as provided in this section, the executive director shall mail a notice of deficiency as provided in section 39-21-103. A hearing may be held and the executive director shall make a final determination pursuant to that section. The taxpayer may appeal that final determination in the manner provided in section 39-21-105. The executive director may waive, for good cause shown, any penalty or interest added as provided in this article 27 and article 21 of this title 39.

(4) (a) (I) Every person who has obtained a passenger-mile tax permit pursuant to section 42-3-309, C.R.S., where such permit relates to a motor vehicle that is powered by special fuel, shall, on or before the last day of the month following the end of the quarter, file with the executive director of the department of revenue a report stating the amount of special fuel subject to the tax imposed by this part 1 consumed by such person during the prior quarter and such other information relating to the use of special fuel for the propulsion of a motor vehicle on the highways of this state as the executive director may require. The executive director, under rules and procedures established by said executive director, may exempt from the reporting requirement of this subsection (4) any motor vehicle used exclusively within this state. Failure to receive the authorized report form does not relieve such person from the obligation of submitting a report to the executive director setting forth all information required on the prescribed report form. The report shall contain or be accompanied by a written declaration that it is made under the penalties of perjury in the second degree, as defined in section 18-8-503, C.R.S.

(II) The tax due pursuant to subparagraph (I) of this paragraph (a) shall be computed by multiplying the rate per gallon as set forth in section 39-27-102 (1)(a)(II)(B) by the number of gallons of special fuel used in this state.

(b) From the tax due, an authorized user may claim credit for tax paid on purchases of special fuel from vendors within this state. Any credit in excess of the tax due from a user under this part 1 may be claimed on a consolidated report authorized under paragraph (c) of this subsection (4) as a credit against the taxes imposed under sections 42-3-304 to 42-3-306, C.R.S. Otherwise, such credit is refundable under the provisions of section 39-27-103 and such rules and procedures as the executive director of the department of revenue may adopt.

(c) The executive director of the department of revenue may authorize, under rules and procedures established by said executive director, the consolidation of the report required by this subsection (4) and the report required by section 42-3-308, C.R.S., into a single report.

(d) Notwithstanding any other provision of this section to the contrary, any owner or operator of a motor vehicle required to pay a special fuel tax imposed by the provisions of paragraph (a) of this subsection (4) may pay the tax and file the statement required by said paragraph (a) on a quarterly basis. The executive director of the department of revenue, under rules and procedures established by the executive director, may exempt from the reporting requirement of this subsection (4) any motor vehicle used exclusively within this state.

(5) (a) Except as provided in subsection (4)(a) of this section and in section 39-27-102.5 (2)(c), every person who imports into this state special fuel within the fuel tank of a motor vehicle and who is not required to report special fuel usage under subsection (4) of this section shall obtain from the port of entry, from the office of the department of revenue nearest the point of entry into this state, or from any officer of the Colorado state patrol a single trip permit that contains a description of the motor vehicle, a description of the points of travel within the state of Colorado, and such other information as the executive director of the department of revenue may require. At the time of issuance of such single trip permit, a tax will be computed and paid based on the consumption rate of four miles per gallon for special fuel consumed within Colorado at the special fuel tax rate provided by section 39-27-102 (1)(a)(II)(B). A fee of one dollar shall be paid for each single trip permit and the permit shall be valid for a period of seventy-two hours.

(b) (I) The holder of a single trip permit shall be entitled to a refund of any tax imposed by this part 1 paid to a vendor within this state if:

(A) The special fuel, upon which such tax is paid, is placed into the fuel tank of the motor vehicle described within the permit; and

(B) The sale and delivery of such special fuel is within the seventy-two-hour period for which the permit is valid.

(II) The refund allowed by this paragraph (b) shall be issued under the provisions of section 39-27-103 and such rules and procedures as the executive director of the department of revenue may adopt.

(c) Any person whose use of special fuel is for the propulsion of a privately operated automobile shall be exempt from the provisions of this subsection (5). A privately operated passenger automobile does not include a motor vehicle used for the transportation of persons for hire or for compensation or designed, used, or maintained primarily for the transportation of property. A motor vehicle exempt from the mileage taxes of article 3 of title 42, C.R.S., is deemed to be a privately operated passenger automobile for purposes of this subsection (5).

(d) Any person who violates this subsection (5) is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of seventy-five dollars, which shall be in addition to the civil penalties imposed by section 39-27-104 (1)(g).

(6) (a) Every person who imports gasoline or special fuel into this state for use or sale in this state without a single trip permit or a valid importer's, supplier's, blender's, or distributor's license is liable for and shall pay an excise tax pursuant to section 39-27-102 (1) on all gasoline and undyed special fuel other than liquefied petroleum gas such person imports for use or sale in this state.

(b) Immediately upon discovering a violation of this subsection (6), the department of revenue and agents thereof:

(I) May demand payment of such excise tax and all applicable fines and penalties associated with the unlicensed importation of special fuel, as set forth in this subsection (6); and

(II) May detain the shipment of gasoline or special fuel until such excise tax, fines, and penalties are collected.

(c) Any person who imports gasoline or special fuel, including liquefied petroleum gas, into this state without a valid license pursuant to section 39-27-104 is subject to the civil penalties set forth in section 39-27-104 (1)(g).

(7) (a) If any person other than a licensed distributor or supplier physically diverts to one or more destinations within the boundaries of this state all or any portion of a shipment of gasoline or special fuel that is claimed as an export on the bill of lading or other affidavit, such person shall report to the department of revenue the destinations within this state to which the diverted gasoline or special fuel shipment was delivered within one working day after such diversion. Such person shall be liable for payment of the excise tax established in this part 1 on the amount of gasoline or special fuel other than liquefied petroleum gas diverted to a destination within this state.

(b) Any licensed distributor or supplier who diverts gasoline or special fuel for use or sale within this state after claiming such shipment as an export shall report such diversion to the department of revenue within one working day after the diversion.

(c) Any person who violates the reporting requirements of this subsection (7) shall be subject to the civil penalties set forth in section 39-27-104 (1)(g).

(d) Immediately upon discovery of a violation of this section, the department of revenue and agents thereof may require payment of the excise tax and all applicable civil penalties from any person who violates this section and may detain the shipment of gasoline or special fuel until payment is collected.

(8) to (10) (Deleted by amendment, L. 2005, p. 869, § 5, effective July 1, 2005.)

(11) Distributors who sell natural gas exclusively to distributors, vendors, or other retailers of special fuels shall be exempt from the reporting and tax collection and remittance requirements of this section. This subsection (11) shall not apply to any distributor who sells natural gas to a user.

## ANNOTATION

**State, not distributor, determines time and place of ascertaining tax.** A distributor cannot usurp the prerogative of the state in determining the time or place of the

ascertainment of the tax due or the payment thereof. *People v. Texas Co.*, 85 Colo. 289, 275 P. 896 (1929).

**Exacting penalty for failure to pay tax valid.** The exacting of a penalty for the failure to pay the gasoline tax is a valid exercise of the police power of the state. *People v. Texas Co.*, 85 Colo. 289, 275 P. 896 (1929).

**Burden of proof in action for collection on distributor.** In an action by the state to collect a gasoline tax, the dealer must show

the quantity sold, and the burden is upon him to show how much, if any, of the product was sold for a nontaxable use. *Miller v. People*, 76 Colo. 157, 230 P. 603 (1924).

**General statute of limitations does not apply to such actions for collection.** *People v. Miller*, 90 Colo. 269, 8 P.2d 269 (1932).

**Source:** **L. 2005:** Entire section added, p. 873, § 6, effective July 1. **L. 2017:** Entire section amended, (HB 17-1136), ch. 76, p. 238, § 3, effective March 23. **L. 2019:** Entire section amended, (HB 19-1256), ch. 395, p. 3515, § 5, effective August 2. **L. 2021:** Entire section repealed, (HB 21-1322), ch. 453, p. 3017, § 7, effective January 1, 2022.

**39-27-105.5. Lien to secure payment of taxes - exemption - recovery.**

(1) (a) The state of Colorado and the department of revenue shall have a lien to secure the payment of the taxes, penalties, and interest imposed pursuant to this part 1 upon all the assets and property of the distributor owing the tax, including the stock in trade, business fixtures, and equipment owned or used by the distributor in the conduct of his or her business, as long as a delinquency in the payment of such tax continues. Such lien is prior to any lien of any kind whatsoever, including existing liens for taxes.

(b) Any distributor or person in possession shall provide a copy of any lease pertaining to the assets and property described in subsection (1)(a) of this section to the department of revenue within ten days after seizure by the department of such assets and property. The department shall verify that such lease is bona fide and notify the owner that such lease has been received by the department. The department shall use its best efforts to notify the owner of the real or personal property which might be subject to the lien created in subsection (1)(a) of this section. The real or personal property of an owner who has made a bona fide lease to a distributor is exempt from the lien created in subsection (1)(a) of this section if such property can reasonably be identified from the lease description or if the lessee is given an option to purchase in such lease and has not exercised such option to become the owner of the property leased. This exemption is effective from the date of the execution of the lease. The exemption also applies if the lease is recorded

with the county clerk and recorder of the county where the property is located or based or a memorandum of the lease is filed with the department of revenue on such forms as may be prescribed by said department after the execution of the lease at a cost for such filing of two dollars and fifty cents per document. Motor vehicles which are properly registered in this state, showing the lessor as owner thereof, shall be exempt from the lien created in subsection (1)(a) of this section; except that said lien applies to the extent that the lessee has an earned reserve, allowance for depreciation not to exceed fair market value, or similar interest which is or may be credited to the lessee. Where the lessor and lessee are blood relatives or relatives by law or have twenty-five percent or more common ownership, a lease between such lessee and such lessor is not considered as bona fide for the purposes of this section.

(c) When the property of any licensee is seized upon any mesne or final process of any court of this state or when the business of any licensee is suspended by the action of creditors or put into the hands of any assignee, receiver, or trustee, then in all such cases all gasoline or special fuel taxes due from and payable by such licensee together with any penalties and interest thereon under this part 1 are considered and treated as preferred claims, and the state of Colorado is a preferred creditor and to be paid in full.

(d) (I) The tax imposed by this part 1, except when paid by the user to a vendor, together with penalties and interest thereon, constitutes a lien against any motor vehicle in connection with which the taxable use is made. The lien shall not be removed until the tax, together with penalties and interest, is paid or the motor vehicle subject to the lien is sold in payment of the tax, penalty, and interest. The lien is prior to all private liens and encumbrances and to the rights of a conditional vendor or other holder of the legal or equitable title to the motor vehicle.

(II) If ownership of a motor vehicle subject to lien under this subsection (1)(d) is transferred by operation of law or otherwise, registration or title with respect to the vehicle shall not be issued until the lien has been removed.

(2) If any person fails or refuses to comply with section 39-27-105, the executive director of the department of revenue may seek to enforce collection of the unpaid taxes, penalties, and interest in accordance with article 21 of this title 39.

### **39-27-107. When users other than distributors must report.**

Except as otherwise provided in section 39-27-102 for persons that export gasoline, every person not a licensed distributor who uses any gasoline in this state or who has in his or her possession any gasoline, other than that contained in the ordinary fuel tank attached to a motor vehicle or aircraft, upon which a licensed distributor has not paid or is not liable for the tax imposed in this part 1 shall file a sworn statement with the executive director of the department of revenue on or before the twenty-sixth day of the calendar month on such form as the executive director prescribes and furnishes, showing the amount of gasoline so used and held, and shall pay to the executive director the tax imposed on all such gasoline. This section does not apply to a user who is exempt from taxation under section 39-27-102.5 (9).

### **39-27-108. Penalty for failure to report or pay tax.**

Any person who willfully fails or refuses to make the report or payment of tax due to the executive director of the department of revenue as provided in sections 39-27-105 to 39-27-108, for which no penalty is expressly provided, and any person who willfully makes any false report or statement as to the amount of gasoline or special fuel acquired, sold, or used or any false

statement relative to the kind or character and the amount of the gasoline or special fuel received by such person and required to be reported, with intent to evade the payment of the tax imposed in this part 1 on gasoline or special fuel, shall be punished as provided by section 39-21-118. The making and filing of any false statement shall be deemed prima facie evidence of intent to evade the payment of tax imposed in this part 1 on gasoline or special fuel by that means.

### **39-27-109.7. Data collection services.**

In order to track the movement of gasoline or special fuel within this state and thereby facilitate and expedite the collection of excise taxes imposed pursuant to this part 1, the executive director of the department of revenue may enter into a contract with one or more private entities for the provision of a computer-based program to monitor and track the data that licensees are required to report to the department pursuant to this part 1. Such computer-based program shall be funded solely with money from the highway users tax fund. The department shall update the computer-based program to monitor and track the data that liquefied petroleum licensees are required to report to the department pursuant to this part 1 based on the changes in House Bill 15-1228, enacted in 2015.

### **39-27-110. Inspection of records.**

(1) Every distributor of gasoline shall keep a true and complete record of all purchases, acquisitions, sales, and distribution of each kind of gasoline handled by the distributor, as to which a record of the total volume of sales and deliveries shall be kept for each calendar month. Every person carrying, transporting, importing, or delivering into or within this state gasoline shall keep true and correct records of shipments of gasoline for each calendar month. Every blender of gasoline shall keep true and accurate records of all blended gasoline on hand, acquired, sold, used, or otherwise disposed of. All the books, records, papers, receipts, invoices, and equipment of every distributor, carrier, or blender that pertain to the acquisition, sale, or shipment of gasoline shall be retained for a period of three years and shall be subject to inspection at any time during ordinary business hours by the executive director or representatives of the department of revenue. Any information gained by the executive director or the director's representatives by the investigation shall be confidential and any person divulging the information, except as such disclosure may be rendered necessary by law, shall be subject to penalties provided in this part 1.

(2) In order that the amount of taxable gasoline may be accurately determined by the department of revenue, every refiner or blender of gasoline in the state of Colorado shall maintain full and complete records of all purchases of whatever kind and of all crude runs, still charges, pumping operations, distillation processes, blending operations, treating operations, transfers of stock, invoices, and any other records as are necessary to determine the correct gallonage, and such additional information as the department of revenue may from time to time require. Every refiner of gasoline shall keep a complete record of all sales made and copies of all refinery invoices and shall submit to the executive director of the department of revenue a report of all such invoices in a form and manner as is prescribed by the executive director. Such records shall be available for inspection by authorized employees of the department of revenue during ordinary business hours.

(3) (a) Every distributor of special fuel shall keep a true and complete record of all purchases, receipts, sales, and distribution of each kind of special fuel handled by such distributor. Every person authorized by the executive director of the department of revenue to purchase special fuel ex-tax from a distributor shall keep a true and complete record of all purchases of each kind of special fuel consumed by motor vehicles operating on the highways of this state and the miles traveled by such vehicles on highways, both within and outside this state. Every person carrying, transporting, importing, or delivering into or within this state special fuel

shall keep true and correct records of such shipments for each calendar month. Every refiner in this state shall keep a true and complete record of all sales made of special fuel and copies of all refiner invoices detailing such sales.

(b) Each sale or transfer of special fuel by a distributor to any person shall be recorded upon a preprinted, serially numbered invoice, which shall contain at least the following information:

- (I) The name and address of the distributor;
- (II) The name and department of revenue identification of the purchaser;
- (III) The date of sale or transfer;
- (IV) The amount of special fuel sold, price per unit volume, and total amount of the sale.

(c) Each sale or transfer of special fuel by a vendor into the tank of a motor vehicle weighing more than ten thousand pounds shall be recorded upon a preprinted, serially numbered invoice, a copy of which shall be furnished the purchaser and shall contain at least the following information:

- (I) The name and address of the vendor;
- (II) The date of sale;
- (III) The amount of special fuel sold, price per unit volume, and total amount of the sale;
- (IV) A description of the motor vehicle sufficiently detailed to identify the motor vehicle into which such special fuel was delivered.

(d) A serially numbered invoice for the sale or transfer of liquefied petroleum gas required under paragraphs (b) and (c) of this subsection (3) does not have to be preprinted.

(4) All the books, records, papers, receipts, invoices, and equipment of every vendor, distributor, carrier, user, refiner, or other person that pertain to the receipt, sale, or shipment of special fuel shall be subject to inspection at any time during regular business hours by the executive director of the department of revenue or the executive director's representative. Any information gained by the executive director or the director's representatives by the investigation shall be confidential and any person divulging the information, except as such disclosure may be rendered necessary by law, shall be subject to penalties provided in this part 1.

(5) The executive director of the department of revenue may, under rules and procedures adopted by the executive director, establish the format under which the records required by this section are to be maintained, adjust the record-keeping requirements of distributors of liquefied petroleum gases, and require such other information as the executive director deems necessary for the proper administration of this part 1. The records required by this section shall be retained for a period of at least three years.

(6) The fact that any books, papers, records, and equipment required to be maintained by this section are not maintained in this state shall not cause the executive director of the department of revenue or representatives of the executive director to lose any right of such examination.

(7) Upon written request by a local government official conducting information gathering or an official investigation related to an alleged violation of this part 1, a distributor shall disclose to a local government official any books, papers, or records required to be maintained by this section. Any information disclosed pursuant to this subsection (7) shall be confidential and any person divulging the information, except as such disclosure may be rendered necessary by law, shall be subject to penalties provided in this part 1.

### **39-27-112. Payment of expenses and distribution of funds.**

(1) Out of the funds thus obtained, the state treasurer shall pay such warrants as may be drawn from time to time by the controller upon vouchers issued by the executive director of the department of revenue for the purpose of making refunds to distributors and others provided for in this part 1.

(2) (a) Repealed.

(b) Effective January 1, 1989, the balance of such funds thus obtained and remaining with the state treasurer shall be placed in the highway users tax fund and distributed in accordance with the provisions of the statute governing that fund; except that, in accordance with section 18 of article X of the Colorado constitution, any moneys included in the balance of such funds which are attributable to the provisions of section 39-27-102 (1)(a)(IV) and which are remaining with the state treasurer on the twentieth day of each month shall be placed in the aviation fund created in section 43-10-109, C.R.S., and distributed in accordance with the provisions of section 43-10-110, C.R.S. The general assembly shall make proportionate appropriations from the highway users tax fund and the aviation fund for the expenses of the administration of this part 1.

### **39-27-116. Authority of executive director - enforcement.**

(1) (a) It is the duty of the executive director of the department of revenue to see that all of the provisions of this part 1 are enforced and obeyed, and that all violations thereof are promptly prosecuted, and that all taxes and penalties are collected. To that end, the executive director has the power to make and adopt such rules and regulations relating to the administration and enforcement of the provisions of this part 1 as may be deemed proper and rules and regulations to govern his proceedings and to regulate the mode and manner of all investigations and hearings and to alter and amend the same.

(b) It is the duty of officers of the Colorado state patrol, and sheriffs, county police officers, city, village, and town police officers, and all other officers whose duty it is to see to the enforcement of state laws to aid the executive director in the enforcement of this part 1. Upon request of the executive director, it is the duty of the attorney general or any district attorney to commence and prosecute to final determination in any court of competent jurisdiction all necessary actions to enforce the provisions of this part 1.

(c) All the remedies and penalties provided by this part 1 shall be cumulative, and no action or suit for recovery of one penalty, or of the tax, shall be a bar to the recovery of any other penalty or to any criminal prosecution under this part 1. The inspectors, investigators, or other persons designated by the executive director have all the powers conferred by law to serve warrants, summonses, and other processes, to conduct sales in any county or city and county of this state, and to require the operator of any vehicle to stop and upon demand to exhibit any permits, licenses, registration cards, or other papers or documents required to be in his possession and to submit to a complete inspection of such vehicle and the equipment, cargo, fuel tanks, interior, and license plates.

(d) If the owner or operator of any vehicle is in violation of any of the provisions of this part 1, officers of the Colorado state patrol, sheriffs, county police officers, and city, village, and town police officers and the inspectors, investigators, or other persons designated by the executive director have the power to detain such vehicle until such time as the violation ceases.

(2) It is the duty of the executive director of the department of revenue, at the time of issuance of any new license to a refiner or distributor under this part 1, to notify the county treasurer of the county where the new licensee is located of the name and address of such licensee.

**39-27-117. Filing with executive director - when deemed to have been made.**

(1) Any report, claim, tax return, statement, or other document required or authorized under this part 1 to be filed with, or any payment made to, the executive director of the department of revenue, which:

(a) Is transmitted through the United States mails, shall be deemed filed with and received by the executive director on the date shown by the cancellation mark stamped on the envelope or other wrapper containing the document required to be filed;

(b) Is mailed, but not received by the executive director, or where received and the cancellation mark is not legible, or is erroneous or omitted, shall be deemed to have been filed and received on the date it was mailed if the sender establishes by competent evidence that the document was deposited in the United States mails on or before the date due for filing. In such cases of nonreceipt of a document by the executive director, the sender shall file a duplicate copy thereof within thirty days after written notification is given to the sender by the executive director of the failure to receive such document.

(2) If any report, claim, tax return, statement, remittance, or other document is sent by United States registered mail, certified mail, or certificate of mailing, a record authenticated by the United States post office department of such registration, certification, or certificate shall be considered competent evidence that the report, claim, tax return, statement, remittance, or other document was mailed to the executive director, to the state officer or state agency to which it was addressed, and the date of the registration, certification, or certificate shall be deemed to be the postmark date.

(3) If the date for filing any report, claim, tax return, statement, remittance, or other document, falls upon a Saturday, Sunday, or a legal holiday, it shall be deemed to have been timely filed if filed on the next business day.

(4) Any report, claim, tax return, statement, or other document required or authorized under this part 1 to be filed with the executive director of the department of revenue that is filed electronically shall be treated for all purposes in the same manner as any other report or other document filed electronically pursuant to section 39-21-120.

### **39-27-120. Penalties.**

Any person who in any way violates any of the provisions of this part 1 for which no penalty is expressly provided is punished as provided by section 39-21-118. In addition to the foregoing penalties, the executive director of the department of revenue may suspend or revoke the license of any person who violates any of the provisions of this part 1 and shall notify the person of the suspension or revocation and, upon application to any court of competent jurisdiction without furnishing bond, is entitled to an injunction restraining the person from operating, transporting, using, selling, delivering, or transferring any gasoline or special fuel in this state while the license or permit of the person has been suspended or revoked. The attorney general shall institute an action on behalf of the state against any person required to collect or pay the tax imposed by this part 1, or the sureties of the person, to collect or recover the amount of tax due from the person, together with penalties and interest thereon.

### **ANNOTATION**

**Injunction lies to restrain use of fuel not taxed.** While it is the general rule that injunction does not lie to restrain the commission of a crime, there are exceptions to that rule, and a suit by the state to restrain

the use of motor fuel upon which the statutory tax has not been paid is within the exceptions. *State v. Tolbert*, 98 Colo. 433, 56 P.2d 45 (1936).

### **39-27-121. State treasurer custodian of deposits.**

All surety bonds and negotiable certificates of deposit deposited in compliance with the provisions of this part 1 shall be delivered into the custody of the state treasurer and held by the treasurer subject to further order of the executive director of the department of revenue. In the event any licensee ceases operations, voluntarily or otherwise, the deposit made by the licensee, or any balance thereof, shall be returned to the licensee after all taxes, penalties, fees, and charges owing by said licensee, pursuant to this part 1, have been paid.

## PART 3

### MOTOR FUELS AGREEMENTS

#### **39-27-301. Definitions.**

As used in this part 3, unless the context otherwise requires:

(1) "Agreement" means a motor fuel tax and fee agreement under this part 3.

(2) "Base jurisdiction" means the jurisdiction in which the motor carrier is legally domiciled or, in the case of a motor carrier who has no legal domicile, the jurisdiction from or in which the motor carrier's vehicles are most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled.

(3) "Department" means the department of revenue.

(3.3) "Fee" means the road usage fee imposed by section 43-4-217 (3) and (4) and the bridge and tunnel impact fee imposed by section 43-4-805 (5)(g.5).

(3.5) "Jurisdiction" means a state, territory, or possession of the United States, the District of Columbia, or a foreign country, including a state, province, territory, or possession of a foreign country.

(4) "Licensee" means a motor carrier who has been issued a fuel tax license under a motor fuel tax and fee agreement.

(5) "Motor carrier" means an individual, limited liability company, partnership, firm, association, or private or public corporation engaged in commercial operation of motor vehicles involving two or more jurisdictions, any part of which is within this state or any other jurisdiction that is party to an agreement under this part 3.

(6) "Motor fuel" means all fuel subject to fees and subject to tax under this article 27.

### **39-27-302. Agreements between jurisdictions.**

The department may enter into a motor fuel tax and fee cooperative agreement with another jurisdiction or jurisdictions that provide for the administration, collection, and enforcement of each jurisdiction's motor fuel taxes and fees on motor fuel used by motor carriers. The agreement shall not contain any provision that exempts any motor vehicle, owner, or operator from complying with the laws, rules, and regulations pertaining to motor vehicle licensing, size, weight, load, or operation upon the public highways of this state.

**Cross references:** For the legislative declaration in SB 21-260, see section 1 of chapter 250, Session Laws of Colorado 2021.

### **39-27-303. Tax imposed.**

The amount of the tax imposed and collected on behalf of this state under an agreement entered into under this part 3 shall be determined as provided in part 1 of this article.

**Source:** **L. 88:** Entire part added, p. 1335, § 1, effective April 14. **L. 2016:** Entire section amended, (SB 16-189), ch. 210, p. 796, § 116, effective June 6.

### **39-27-304. Provisions of agreements.**

(1) An agreement entered into under this part 3 may provide for:

- (a) Defining the classes of motor vehicles upon which taxes and fees are to be collected under the agreement;
- (b) Establishing methods for base jurisdiction fuel tax licensing, license revocation, and tax and fee collection from motor carriers on behalf of the jurisdictions that are parties to the agreement;
- (c) Establishing procedures for the granting of credits or refunds on the purchase of excess tax-paid and fee-paid fuel;
- (d) Defining conditions and criteria relative to bonding requirements, including criteria for exemption from bonding;
- (e) Establishing tax and fee reporting periods not to exceed one calendar quarter and tax and fee report due dates not to exceed one calendar month after the close of the reporting period;
- (f) Penalties and interest for filing of tax and fee reports after the due dates prescribed by the agreement;
- (g) Establishing procedures for the forwarding of fuel taxes, fees, penalties, and interest collected on behalf of another jurisdiction to such jurisdiction;
- (h) Record-keeping requirements for licensees; and
- (i) Any additional provisions which facilitate the administration of the agreement.

### **39-27-305. Credit for purchases.**

Any licensee purchasing more tax-paid and fee-paid motor fuel in this state than the licensee uses in this state during the course of a reporting period shall be permitted a credit against future tax and fee liability for the excess tax-paid and fee-paid fuel purchased. Upon request, this credit may be refunded to the licensee by the department in accordance with the agreement.

**Cross references:** For the legislative declaration in SB 21-260, see section 1 of chapter 250, Session Laws of Colorado 2021.

### **39-27-306. Tax and fee collection.**

(1) The agreement may require the department to perform audits of licensees or persons required to be licensed and who are based in this state to determine whether motor fuel taxes and fees to be collected under the agreement have been reported properly and paid to each jurisdiction that is a party to the agreement. The agreement may authorize other jurisdictions to perform audits on licensees or persons required to be licensed and who are based in such other jurisdictions on behalf of the state of Colorado and forward the audit findings to the department. Such findings may be served upon the licensee or such other person in the same manner as audits performed by the department.

(2) The agreement shall not preclude the department from auditing the records of any person who has used motor fuels in this state. Any licensee or person required to be licensed from whom the department has requested records shall make the records available at the location designated by the department or may request the department to audit such records at that licensee's or person's place of business. If the place of business is located outside this state, the department may require the licensee or such other person to reimburse the department for authorized per diem and travel expenses.

### **39-27-307. Compliance.**

(1) The department may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this part 3 or any rules or regulations issued pursuant to section 39-27-310 (2).

(2) For the purpose of any investigation or proceeding under this part 3, the director or any officer designated by the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the director deems relevant or material to the inquiry.

The agreement shall specify procedures by which a licensee may appeal a license revocation or audit assessment by the department.

**Source: L. 88:** Entire part added, p. 1336, § 1, effective April 14.

### **39-27-309. Exchange of information.**

The agreement may require each jurisdiction to forward to other jurisdictions that are a party to the agreement any information available relating to the acquisition, sales, use, or movement of motor fuels by any licensee or person required to be licensed. The department may further disclose to other jurisdictions that are a party to the agreement information relating to the persons, offices, motor vehicles, and other real and personal property of persons licensed or required to be licensed under the agreement.

### CIGARETTE TAX

#### **39-28-101. Definitions.**

As used in this article 28, unless the context otherwise requires:

(1) "Consumer" means any person, firm, limited liability company, partnership, or corporation who has title to or possession of cigarettes in storage for use or consumption in this state.

(1.3) "Delivery sale" means a sale of cigarettes to a consumer in this state when:

(a) The consumer submits an order for cigarettes to a delivery seller for sale by means other than an over-the-counter sale on the delivery seller's premises, including, but not limited to, telephone or other voice transmission, the mail or other delivery service, or the internet or other online service; and

(b) The cigarettes are delivered when the seller is not in the physical presence of the consumer when the consumer obtains possession of the cigarettes by use of a common carrier, private delivery service, mail, or any other means.

(1.7) "Delivery seller" means a person located outside of this state who makes delivery sales.

(2) "Department" means the department of revenue.

(2.5) "Master settlement agreement" shall have the same meaning as section 39-28-202 (5).

(2.7) "Modified risk tobacco product" means any tobacco product for which the secretary of the United States department of health and human services has issued an order authorizing the product to be commercially marketed as a modified risk tobacco product in accordance with 21 U.S.C. sec. 387k, or any successor section.

(3) "Sale" or "resale" includes installment, credit, and conditional sales and means any exchange, barter, or transfer of title or possession, or both, for a consideration to any other person, firm, partnership, limited liability company, or corporation within this state. It includes:

(a) A gift by a person engaged in the business of selling cigarettes, for advertising, as a means of evading provisions of this article 28 or for any other purpose whatsoever; and

(b) Delivery sales.

(4) "Wholesaler" means any person, firm, limited liability company, partnership, or corporation who imports cigarettes into this state for sale or resale. The term also includes a delivery seller.

(5) "Wholesale subcontractor" means any person, firm, limited liability company, partnership, or corporation who purchases cigarettes from a wholesaler for resale to a retailer in this state.

L. 2020: IP, (3), and (4) amended and (1.3), (1.7), and (2.7) added, (HB 20-1427), ch. 248, p. 1187, § 2, effective January 1, 2021.

**Editor's note:** Section 27(2) of chapter 248 (HB 20-1427), Session Laws of Colorado 2020, provides that changes to this section take effect on the date of the governor's proclamation or January 1, 2021, whichever is later, only if, at the November 2020 statewide election, a majority of voters approve the ballot issue referred in accordance with section 39-28-401. The ballot issue, referred to the voters as proposition EE, was approved on November 3, 2020, and was proclaimed by the Governor on December 31, 2020. The vote count for the measure was as follows:

FOR: 2,134,608

AGAINST: 1,025,182

### **39-28-102. Licensing of wholesalers - rules - fines.**

(1) It is unlawful for any wholesaler to sell or offer for sale in this state cigarettes without first obtaining a license therefor, granted and issued by the department, which license shall be in effect until June 30 following the date of issue, unless sooner revoked. Such licenses shall be granted only to such wholesalers who own or operate the places from which such sales are to be made, and, in case sales are made from two or more separate places by any such wholesaler, a separate license for each place of business shall be required. Such licenses shall be renewed only upon timely application and payment of the required fee prior to expiration. Such licenses may be transferred in the discretion of and pursuant to the rules adopted by the department. The license fee shall be ten dollars per year, and such license fees shall be credited to the general fund. Such license fees shall be reduced at the rate of two dollars and fifty cents for each expired quarter of the license year. The department shall, on reasonable notice and after a hearing, suspend or revoke the license of any wholesaler violating any provision of this article, and no license shall be issued to such wholesaler within a period of two years thereafter. The department may share information on the names and addresses of persons who purchased cigarettes for resale with the department of public health and environment and county and district public health

agencies. The department shall refuse to issue a new or renewal wholesaler license, and shall revoke a wholesaler's license, if the wholesaler owes the state any delinquent taxes administered by the department or interest thereon pursuant to this title that have been determined by law to be due and unpaid, unless the wholesaler has entered into an agreement approved by the department to pay the amount due.

(1.3) (a) In addition to the requirements set forth in subsection (1) of this section, no license shall be issued to a wholesaler unless the wholesaler:

(I) Has a current license issued pursuant to section 39-26-103;

(II) Provides evidence to the satisfaction of the executive director of the department demonstrating that the wholesaler will buy cigarettes from at least one manufacturer that is either part of the master settlement agreement or that places funds into a qualified escrow account pursuant to section 39-28-203 (2); and

(III) Has filed with the department evidence of a surety bond issued by a company authorized to do business in this state in an amount equal to the wholesaler's anticipated total monthly purchase of stamps pursuant to section 39-28-104 for the benefit of the department. The amount of a wholesaler's anticipated total monthly purchase shall be determined solely in the discretion of the wholesaler. A wholesaler may file a replacement surety bond if the wholesaler's anticipated total monthly purchase of stamps changes after the wholesaler has been issued a license pursuant to this section.

(b) In addition to the requirements set forth in subsection (1) of this section, no license shall be renewed unless a wholesaler:

(I) Has a current license issued pursuant to section 39-26-103;

(II) Provides evidence to the satisfaction of the executive director of the department demonstrating that the wholesaler has bought and will continue to buy cigarettes from at least one manufacturer that is either part of the master settlement agreement or places funds into a qualified escrow account pursuant to section 39-28-203 (2); and

(III) Has filed with the department evidence of a surety bond issued by a company authorized to do business in this state in an amount equal to the wholesaler's anticipated total monthly purchase of stamps pursuant to section 39-28-104 for the benefit of the department. The amount of a wholesaler's anticipated total monthly purchase shall be solely in the discretion of the wholesaler. For each consecutive preceding year that a wholesaler has not been delinquent in the payment of taxes imposed under this part 1, as determined by the executive director of the department, the amount of the bond required shall be reduced by twenty percentage points of the wholesaler's anticipated total monthly purchase of stamps. A wholesaler may file a replacement surety bond if the wholesaler's anticipated total monthly purchase of stamps changes after the wholesaler's license has been renewed pursuant to this section. A wholesaler that has not been

delinquent in the payment of such taxes for five consecutive years shall be exempt from the requirement to file a surety bond with the department.

### **39-28-102.5. Licensing of wholesale subcontractors - rules - fines - fund - transfer.**

(1) It is unlawful for any wholesale subcontractor to sell or offer for sale cigarettes to a retailer in this state without first obtaining a license therefor, granted and issued by the department, which license shall be in effect until June 30 following the date of issue, unless sooner revoked. Such licenses shall be granted only to such wholesale subcontractors who own or operate the places from which such sales are to be made, and, in case sales are made from two or more separate places by any such wholesale subcontractor, a separate license for each place of business shall be required. No license shall be issued to a wholesale subcontractor unless the wholesale subcontractor has a current license issued pursuant to section 39-26-103. Such licenses shall be renewed only upon timely application and payment of the required fee prior to expiration. Such licenses may be transferred in the discretion of and pursuant to rules adopted by the department. The license fee shall be ten dollars per year, and such license fees shall be credited to the wholesale and distributing subcontractor license fund, which is hereby created in the state treasury. All moneys in the fund shall be subject to annual appropriation by the general assembly to the department for costs incurred in administering this section and section 39-28.5-104.5. Such license fees shall be reduced at the rate of two dollars and fifty cents for each expired quarter of the license year. The department shall, on reasonable notice and after a hearing, suspend or revoke the license of any wholesale subcontractor violating any provision of this article, and no license shall be issued to such wholesale subcontractor within a period of two years thereafter. The department may share information on the names and addresses of persons who purchased cigarettes from a wholesale subcontractor for resale with the department of

public health and environment and county and district public health agencies. The department shall refuse to issue a new or renewal wholesale subcontractor license and shall revoke a wholesale subcontractor's license, if the wholesaler owes the state any delinquent taxes administered by the department or interest thereon pursuant to this title that have been determined by law to be due and unpaid, unless the wholesaler has entered into an agreement approved by the department to pay the amount due.

### **39-28-103. Tax levied.**

(1) (a) Prior to January 1, 2021, there is levied and shall be collected and paid to the department a tax upon the sale of cigarettes by wholesalers of ten mills on each cigarette.

(b) A tax is levied upon the sale of cigarettes by wholesalers, excluding cigarettes that are modified risk tobacco products, that is equal to:

(I) Six and one-half cents per cigarette for sales on and after January 1, 2021, but prior to July 1, 2024;

(II) Eight cents per cigarette for sales on and after July 1, 2024, but prior to July 1, 2027; and

(III) Ten cents per cigarette for sales on and after July 1, 2027.

(c) A tax is levied on the sale of cigarettes that are modified risk tobacco products that is equal to:

(I) Three and one-quarter cents per cigarette for sales on and after January 1, 2021, but prior to July 1, 2024;

(II) Four cents per cigarette for sales on and after July 1, 2024, but prior to July 1, 2027; and

(III) Five cents per cigarette for sales on and after July 1, 2027.

(d) The wholesaler shall pay the tax set forth in this section to the department, which shall collect the tax.

**Editor's note:** (1) Section 27(2) of chapter 248 (HB 20-1427), Session Laws of Colorado 2020, provides that changes to this section take effect on the date of the governor's proclamation or January 1, 2021, whichever is later, only if, at the November 2020 statewide election, a majority of voters approve the ballot issue referred in accordance with section 39-28-401. The ballot issue, referred to the voters as proposition EE, was approved on November 3, 2020, and was proclaimed by the Governor on December 31, 2020. The vote count for the measure was as follows:

FOR: 2,134,608

AGAINST: 1,025,182

(2) Subsection (2)(b) provided for the repeal of subsection (2), effective January 1, 2024, if a majority of the electors voting in the November 7, 2023, election vote "Yes/For" the ballot issue referred to the voters pursuant to § 39-28-502 (1), as that section existed prior to its repeal on July 1, 2024. (See L. 2023, p. 2023). The ballot issue specified in § 39-28-502 (1) was referred to the registered electors as Proposition II on November 7, 2023. It was approved by the voters and proclaimed by the Governor on December 15, 2023, with the following vote count:

FOR: 1,130,047

AGAINST: 543,405

### **39-28-103.3. Inventory tax - definition.**

(1) As used in this section, "Colorado tax stamp" means a stamp that is affixed to, or an imprint or impression by a suitable metering machine approved by the department on a package containing cigarettes as evidence of the payment of tax imposed by this article 28, excluding the tax set forth in this section.

(2) After January 1, 2022, in addition to any other tax imposed under this article 28 or section 21 of article X of the state constitution, there is levied a tax on cigarettes in a wholesaler's or wholesale subcontractor's possession or control that have a Colorado tax stamp that applies any time that the cigarette tax is increased. The tax is equal to the difference between the tax paid for the Colorado tax stamp currently affixed to a package of cigarettes and the tax that will be owed for the same Colorado tax stamp after the increase in the tax imposed per cigarette. It is unlawful for any person to affix a Colorado tax stamp on or after 12:01 a.m. on the day that a rate increase will take effect, to a package of cigarettes that reflects payment of the tax imposed prior to the increase. Any unaffixed stamps may be redeemed for credit pursuant to section 39-28-104 (3).

(3) (a) After January 1, 2022, a wholesaler shall take an inventory of all packages of cigarettes with a Colorado tax stamp affixed thereto and of all unaffixed Colorado tax stamps in the wholesaler's possession or control as of 12:01 a.m. on the day that a rate increase will take effect.

(b) After January 1, 2022, a wholesale subcontractor shall take an inventory of all packages of cigarettes with a Colorado tax stamp affixed thereto in the wholesale subcontractor's possession or control as of 12:01 a.m. on the day that a rate increase will take effect.

(4) Every wholesaler and wholesale subcontractor shall file a report, on a form created by the department, of the inventory identified in accordance with subsection (3) of this section and pay the tax imposed under this section for the inventory. A wholesaler shall separately identify the number of packages with a Colorado tax stamp and the unaffixed Colorado tax stamps. The wholesaler or wholesale subcontractor shall remit the tax payment on or before the tenth day of the month following the required inventory. For tax periods beginning before January 1, 2027, if payment is made on or before the due date, the wholesaler or wholesale subcontractor may deduct three percent of the tax imposed under this section, but, if any wholesaler or wholesale subcontractor is delinquent in remitting such payment, other than in unusual circumstances

shown to the satisfaction of the executive director of the department, the wholesaler or wholesale subcontractor shall not be allowed to retain any amounts to cover the expense in collecting and remitting the tax, and, in addition, for any tax period, the penalty imposed under section 39-28-108 (2) applies.

(5) The department may require wholesalers and wholesale subcontractors to use electronic funds transfers to remit tax payments due under this section and may require wholesalers and wholesale subcontractors to file tax returns electronically. The department may promulgate rules governing electronic payment and filing.

### **39-28-103.5. Tax levied - state constitution.**

Pursuant to section 21 of article X of the state constitution, there is levied, in addition to the tax levied pursuant to section 39-28-103, a tax on the sale of cigarettes by wholesalers, at a rate of three and two-tenths cents per cigarette. The tax shall be paid to and collected by the department.

**Source:** **L. 2005:** Entire section added, p. 907, § 2, effective June 2; entire section added, p. 922, § 3, effective June 2.

**39-28-104. Evidence of payment of tax - credits - redemptions - repeal.**

(1) (a) (I) Payment of the taxes imposed by sections 39-28-103 and 39-28-103.5 and section 21 of article X of the state constitution shall be evidenced by the affixing of stamps to, or by an imprint or impression by suitable metering machines approved by the department on, packages containing cigarettes. The department shall procure stamps of such design and legend as it deems necessary and suitable for the purpose. Except as provided in this subsection (1), the department shall sell such stamps for cash to licensed wholesalers at a discount of four percent of their face value for sales occurring after July 1, 2005, but before January 1, 2021, and four-tenths percent of their face value for sales occurring on and after January 1, 2021, but before January 1, 2027, if payment is made on or before the tenth day of the month following the month in which the purchase is made to cover the licensed wholesaler's expense in the collection and remittance of such tax; but, if any licensed wholesaler is delinquent in remitting such payment, other than in unusual circumstances shown to the satisfaction of the executive director of the department, the licensed wholesaler shall not be allowed to retain any amounts that may be available for tax periods before January 1, 2027, to cover the wholesaler's expense in collecting and remitting said tax, and, in addition, for any tax period, the penalty imposed under section 39-28-108 (2) shall apply. The department shall keep accurate records of all stamps sold to each wholesaler. No wholesaler shall sell or transfer any stamps purchased pursuant to this article 28.

(II) The executive director of the department may enter into contracts with third parties to act as the department's agents for the sale of stamps and matters relating to the sale of stamps.

(b) The tax imposed pursuant to section 39-28-103.5 and section 21 of article X of the state constitution shall not be subject to the discount provided for in paragraph (a) of this subsection (1).

(c) Repealed.

(1.5) In any month that a wholesaler purchases an amount of stamps that is greater than the wholesaler's anticipated total monthly purchase of stamps, which shall be determined from the surety bond filed pursuant to section 39-28-102 (1.3)(a)(III) and (1.3)(b)(III), the wholesaler shall be required to pay cash or certified funds or use one of the electronic payment options offered by the department for the stamps that exceed the anticipated total monthly purchase of stamps upon the delivery of the stamps. This subsection (1.5) shall not apply if the wholesaler is exempt from the surety bond requirement pursuant to section 39-28-102 (1.3)(b)(III).

(2) Each wholesaler shall affix stamps or cause them to be affixed, in such manner as the department may specify, to each individual package of cigarettes sold or distributed by such wholesaler or, in lieu thereof, an imprint or impression by means of a suitable metering machine approved by the department. Such stamps or imprints or impressions may be affixed by the wholesaler at any time before the cigarettes are transferred out of his possession.

(3) Credit shall be given by the department for all taxes levied pursuant to this article 28 on unsalable merchandise when the department is satisfied that the same has been returned to the manufacturer or has been destroyed by the wholesaler or when the stamps are unusable because the tax rate has changed. The department shall redeem any unused and uncanceled stamps presented by any wholesaler within one year after the date of issue of said stamps at the price paid therefor by such wholesaler.

(4) (a) Prior to January 1, 2025, credit shall be given by the department to a wholesaler for all taxes levied pursuant to this article and section 21 of article X of the state constitution and paid pursuant to the provisions of this article 28 that are bad debts. Such credit shall offset taxes levied pursuant to this article and section 21 of article X of the state constitution and paid pursuant to the provisions of this article only. No credit shall be given unless the bad debt has been charged off as uncollectible on the books of the wholesaler. Subsequent to receiving the credit, if the wholesaler receives a payment for the bad debt, the wholesaler shall be liable to the department for the amount received and shall remit this amount in the next payment to the department under this section or section 39-28-105.

(b) Any claim for a bad debt credit under this subsection (4) shall be supported by all of the following:

(I) A copy of the original invoice issued by the wholesaler;

(II) Evidence that the cigarettes described in the invoice were delivered to the person who ordered them; and

(III) Evidence that the person who ordered and received the cigarettes did not pay the wholesaler for them and that the wholesaler used reasonable collection practices in attempting to collect the debt.

(c) If credit is given to a wholesaler for a bad debt, the person who ordered and received the cigarettes but did not pay the wholesaler for them shall be liable in an amount equal to the credit for the tax imposed in this article on the cigarettes. Subsequent to receiving the credit, if the wholesaler receives a payment for the bad debt and the wholesaler makes a payment to the department, the amount of taxes owed by such person shall be reduced by the amount paid to the department.

(d) As used in this subsection (4), "bad debt" means the taxes attributable to any portion of a debt that is related to a sale of cigarettes subject to tax under this article, that is not otherwise

deductible or excludable, that has become worthless or uncollectible in the time after the tax has been paid pursuant to this section or section 39-28-105, and that is eligible to be claimed as a deduction pursuant to section 166 of the federal "Internal Revenue Code of 1986", as amended. A bad debt shall not include any interest on the wholesale price of cigarettes, uncollectible amounts on property that remain in the possession of the wholesaler until the full purchase price is paid, expenses incurred in attempting to collect any account receivable or any portion of the debt recovered, an account receivable that has been sold to a third party for collection, or repossessed property.

(e) This subsection (4) is repealed, effective December 31, 2028.

**39-28-104.5. Federal requirements - placement of labels - penalty.**

(1) No person shall import into this state any package of cigarettes that violates any federal requirement for the placement of labels, warnings, or other information, including health hazards, required to be placed on the container or individual package.

(2) No person shall sell or offer to sell a package of cigarettes or affix the stamp or imprint required by section 39-28-104 on a package of cigarettes unless that package of cigarettes complies with all federal tax laws, federal trademark and copyright laws, and federal laws regarding the placement of labels, warnings, or any other information upon a package of cigarettes.

(3) No person shall sell or offer to sell a package of cigarettes or affix the stamp or imprint required by section 39-28-104 on a package of cigarettes if the package is marked as manufactured for use outside of the United States or if any label or language has been altered from the manufacturer's original packaging and labeling to conceal the fact that the package was manufactured for use outside of the United States.

(4) (a) No person shall affix a stamp, label, or decal on a package of cigarettes to conceal the fact that the package was manufactured for use outside of the United States.

(b) No person shall sell or offer to sell a package of cigarettes on which a stamp, label, or decal was affixed to conceal the fact that the package was manufactured for use outside of the United States.

(5) The violation of any provision of this section is a class 2 misdemeanor.

(6) (a) Any package of cigarettes found for sale at retail or wholesale at any place in this state that is marked for use outside of the United States is declared to be contraband goods and may be seized without a warrant by the department, by its agents or employees, or by any peace officer in this state when directed or requested by the department to do so. Nothing in this section shall be construed to require the department to confiscate packages of cigarettes that are so marked in quantities less than ten cartons when the packages are held for personal consumption and not for resale.

(b) Any cigarettes seized by virtue of the provisions of this subsection (6) shall be confiscated, and the department shall destroy such confiscated goods.

## ANNOTATION

**The state's ability to declare packages of cigarettes marked in compliance with the federal packaging requirements as contraband is not intrusive on the advertising or promotion** of these cigarettes and is, therefore, not precluded by the supremacy clause. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

**Plaintiff not likely to prevail on equal protection challenge of this statute.** Reviewing the statute under the rational basis test, the state's desire to curb youth smoking and to shift the health-related costs of smoking onto the smoking public are legitimate governmental objectives. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

**Plaintiff not likely to prevail on contract clause challenge of this statute.** The state has demonstrated a significant and legitimate public purpose for the prohibition against repatriated tobacco products in the health and cost shifting goals of the master settlement agreement, reached between various states and the tobacco companies, which are protected by this statute. Additionally, the state's adjustment of the right to sell a product deemed dangerous to the health of its citizenry by prohibiting the further sale and distribution of that product is appropriate to the public purpose. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

### **39-28-105. Use of metering machines.**

(1) The department, if it determines that it is practicable to stamp by imprint or impression on packages of cigarettes by means of a metering machine, may authorize any licensed wholesaler to use any metering machine approved by the department in lieu of requiring the wholesaler to affix stamps to such packages. Such metering machines shall be sealed by the department and shall be used in accordance with rules and regulations prescribed by it. Any wholesaler authorized to use a metering machine shall file with the department evidence of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or a bond issued by a surety company authorized to do business in this state in the

amount of one thousand dollars, conditioned upon the payment of the tax upon cigarettes so imprinted.

(2) (a) The department may cause each metering machine approved by it to be read and inspected at least once each month. The department shall set the machine to the number of units requested by the wholesaler and shall determine as of the time of setting the amount of tax due from the wholesaler using such machine, after allowing the discount provided in section 39-28-104. The tax for each unit placed on the machine at the time of setting, less any discount that is not otherwise prohibited by paragraph (b) of this subsection (2) to cover the licensed wholesaler's expense in the collection and remittance of such tax, shall be due and payable to the department on or before the tenth day of the month following the month in which the meter is set. If any licensed wholesaler is delinquent in remitting such payment, other than in unusual circumstances shown to the satisfaction of the executive director, the licensed wholesaler shall not be allowed to retain any amounts to cover his or her expense in collecting and remitting said tax, and, in addition, the penalty imposed under section 39-28-108 (2) shall apply.

(b) The tax imposed pursuant to section 39-28-103.5 and section 21 of article X of the state constitution shall not be subject to the discount provided for in paragraph (a) of this subsection (2).

### **39-28-106. Nonresident wholesalers.**

(1) When the department determines that the collection of the tax imposed by the provisions of this article and section 21 of article X of the state constitution would be facilitated thereby, it may authorize any person, firm, limited liability company, partnership, or corporation outside of this state and engaged in the business of selling and shipping into this state cigarettes, upon complying with the requirements of this article, to affix or cause to be affixed the stamps, imprints, or impressions required by this article on behalf of the wholesalers within this state. The department may sell such stamps and approve the use of metering machines to such

nonresident wholesalers as provided in this article; except that the nonresident wholesaler shall agree in writing to submit his or her books, accounts, and records to examination during reasonable business hours by any duly authorized agent of the department. Each such nonresident wholesaler shall appoint in writing the secretary of state of the state of Colorado to be his or her agent in this state for service of process, pursuant to part 7 of article 90 of title 7, C.R.S., with respect to foreign corporations.

(2) Any nonresident wholesaler complying with the requirements and provisions of this section shall be deemed a licensed wholesaler within the meaning of this article and shall be subject to all provisions of this article applicable to wholesalers.

**39-28-107. Unstamped packages - tax collected - fines - subject to confiscation - tobacco tax enforcement cash fund - creation.**

(1) (a) Any package of cigarettes found at any place in this state without a stamp or imprint affixed thereto as provided in this article, unless such cigarettes are in the possession of a licensed wholesaler in the original unopened shipping package or in transit to such wholesaler, are declared to be contraband goods and may be seized without a warrant by the department, its agents or employees, or by any peace officer in this state when directed or requested by the department to do so. Nothing in this section shall be construed to require the department to confiscate unstamped packages of cigarettes when it has reason to believe that the owner thereof is not willfully or intentionally evading the taxes imposed by the provisions of this article and section 21 of article X of the state constitution. The executive director may impose a civil penalty on any person, firm, limited liability company, partnership, or corporation for the purchase or possession of unstamped cigarettes, regardless of whether the cigarettes have been confiscated, in an amount that does not exceed twenty-five cents per cigarette purchased or possessed; except that the penalty shall not apply if the cigarettes are in the possession of a licensed wholesaler in the original unopened shipping package or in transit to such wholesaler. Any civil penalties received pursuant to this paragraph (a) shall be remitted to the state treasurer for deposit in the tobacco tax enforcement cash fund created in paragraph (b) of this subsection (1).

(b) There is hereby created in the state treasury the tobacco tax enforcement cash fund. The fund consists of money deposited therein pursuant to subsection (1)(a) of this section and sections 39-28-116 (5), 39-28.5-106 (4), and 39-28.6-107 (4). The money in the fund is subject to annual appropriation by the general assembly to the department for the purpose of enforcing this article 28 and articles 28.5 and 28.6 of this title 39. Any money not appropriated by the general assembly remains in the fund and shall not be transferred or revert to the general fund at the end of any fiscal year.

(c) The provisions of this section shall not apply to cigarettes purchased from a United States military exchange or commissary, so long as the cigarettes are not for resale in this state.

(2) Any cigarettes seized by virtue of the provisions of this section shall be confiscated, and the department shall sell such confiscated goods at a public sale to a licensed wholesaler to the best advantage of this state. The proceeds from such sale shall be remitted to the state treasurer and distributed as provided in section 39-28-110 (1). Such sale by the state shall not relieve the purchaser at such sale from paying the tax and stamping the articles so sold to him or her in the manner provided in this article. The act or omission of any officer, agent, or other person acting for or employed by any person, firm, limited liability company, partnership, or corporation shall be deemed to be the act or omission of such person, firm, limited liability company, partnership, or corporation, as well as his or her own.

**39-28-108. Penalty.**

(1) Any person, firm, limited liability company, partnership, or corporation or agent thereof who at retail sells or offers for sale, displays for sale, or possesses with intent to sell any cigarettes, the package of which does not bear the stamp, or an imprint or impression by a suitable metering machine approved by the department, evidencing the payment of the taxes imposed by this article and section 21 of article X of the state constitution, shall be punished as provided in section 39-21-118.

(2) (a) If a person neglects or refuses to make a return as required by this article, the executive director of the department shall impose a penalty of one hundred dollars.

(b) If a person fails to pay the tax in the time required pursuant to section 39-28-104 (1) or 39-28-103.3, a penalty equal to ten percent thereof plus one-half of one percent per month from the date when due, not to exceed eighteen percent in the aggregate, together with interest on such delinquent taxes at the rate computed under section 39-21-110.5, shall apply.

(c) In computing and assessing the penalty, penalty interest, and interest pursuant to paragraph (b) of this subsection (2), the executive director of the department may make an estimate, based upon such information as may be available, of the amount of taxes due for the period for which the taxpayer is delinquent.

### **39-28-109. Records - examination - returns.**

Each wholesaler shall keep and preserve complete and accurate records of all cigarettes purchased and sold by him in accordance with the provisions of section 39-21-113. Any nonresident wholesaler, authorized pursuant to section 39-28-106, shall make available to the department, in the city and county of Denver, said records or, in the alternative, shall bear the cost of examination by an agent authorized by the executive director of the department of revenue at the place where such books, accounts, and records are kept. Such cost shall consist of a charge of twenty-five dollars per diem for the period required to make such examination, with a minimum charge of seventy-five dollars. The department may investigate and examine the stock of cigarettes upon any premises where the same are possessed, stored, or sold for the purpose of determining whether the provisions of this article have been complied with. The records which the wholesaler keeps shall be of such kind and in such form as the department prescribes. Each wholesaler shall make a return to the department each month containing, among other things, the total number of packages of cigarettes sold by him during the preceding month and the tax due thereon, which return shall be upon forms prescribed and furnished by the department and shall be filed by the tenth day of the month following the month reported.

### **39-28-110. Distribution of tax collected.**

(1) (a) All money received and collected in payment of the tax imposed by this article 28, except license fees received under section 39-28-102 and the money collected pursuant to section

39-28-103.5, shall be transmitted to the state treasurer who shall distribute the money as follows: Fifteen percent to the general fund and eighty-five percent to the old age pension fund.

(b) The net revenue that is credited to the old age pension fund created in section 1 of article XXIV of the state constitution in accordance with subsection (1)(a) of this section and section 2 (a) of article XXIV of the state constitution is transferred to the general fund in accordance with section 7 (c) of article XXIV of the state constitution. Of this money or the fifteen percent that is directly credited to the general fund, the state treasurer shall transfer an amount equal to the total revenue that is attributable to the tax imposed under section 39-28-103.3 and the tax increase set forth in section 39-28-103 approved by the voters at the statewide election in November 2020 to the 2020 tax holding fund created in section 24-22-118 (1).

(2) All moneys received and collected in payment of the tax imposed pursuant to section 39-28-103.5 shall be transmitted to the state treasurer for deposit in the tobacco tax cash fund created in section 24-22-117, C.R.S.

### **39-28-111. Exempt sales.**

The sales of cigarettes to the United States government or any of its agencies, sales in interstate commerce, or transactions the taxation of which is prohibited by the constitution of the United States are exempted from the provisions of this article. Such exempt sales shall be reported to the department with such information as the department shall require.

### **39-28-112. Taxation of cigarettes, tobacco products, or nicotine products by municipalities, counties, and cities and counties - definitions.**

(1) This article 28 does not prevent a statutory or home rule municipality, county, or city and county in this state from imposing, levying, and collecting any special sales tax upon sales of cigarettes, tobacco products, or nicotine products, or upon the occupation or privilege of selling

cigarettes, tobacco products, or nicotine products, nor does this article 28 affect any existing authority of local governments to impose a special sales tax on cigarettes, tobacco products, and nicotine products to be used for local and governmental purposes.

(2) (a) Each county in the state is authorized to levy, collect, enforce, and administer a county special sales tax upon all sales of cigarettes, tobacco products, or nicotine products under the following circumstances:

(I) A county may levy, collect, enforce, and administer a county special sales tax upon all sales of cigarettes, tobacco products, or nicotine products pursuant to this subsection (2) in the unincorporated areas of the county;

(II) A county may levy, collect, enforce, and administer a county special sales tax upon all sales of cigarettes, tobacco products, or nicotine products pursuant to this subsection (2) in the municipalities within the boundaries of the county, in whole or in part, that do not levy a municipal special sales tax on the sale of cigarettes, tobacco products, or nicotine products. The county may levy a special sales tax in a municipality pursuant to this subsection (2)(a)(II) only until the municipality obtains voter approval to levy a municipal special sales tax on cigarettes, tobacco products, or nicotine products. If the municipality obtains such voter approval, the county special sales tax authorized by this subsection (2)(a)(II) is invalid within the corporate limits of the municipality unless the county enters into an intergovernmental agreement with the municipality pursuant to subsection (2)(a)(III) of this section that authorizes the county to continue to levy, collect, enforce, and administer the special sales tax on cigarettes, tobacco products, or nicotine products within the corporate limits of the municipality.

(III) A county may levy, collect, enforce, and administer a county special sales tax upon all sales of cigarettes, tobacco products, or nicotine products pursuant to this subsection (2) in each municipality within the boundaries of the county, in whole or in part, that levies a municipal special sales tax on the sale of cigarettes, tobacco products, or nicotine products, if the governing body of the county and the governing body of the municipality enter into an intergovernmental agreement pertaining to the county's levy, collection, enforcement, and administration of a county special sales tax upon all sales of all cigarettes, tobacco products, or nicotine products within the corporate limits of the municipality. An intergovernmental agreement pursuant to this subsection (2)(a)(III) may include a provision for the apportionment of a specified percentage of the gross county cigarettes, tobacco products, or nicotine products special sales tax revenue collected by the county to the municipality.

(b) Notwithstanding section 29-2-103 (2), a county may levy, collect, enforce, and administer a special sales tax pursuant to this subsection (2) in less than the entire county when the county satisfies one or more of the conditions of this subsection (2).

(c) No special sales tax shall be levied pursuant to this subsection (2) until the proposal has been referred to and approved by the eligible electors of the county in accordance with part 1 of

article 2 of title 29. Any proposal for the levy of a special sales tax in accordance with this subsection (2) shall be submitted to the eligible electors of the county only on the date of the state general election or on the first Tuesday in November of an odd-numbered year. Any election on the proposal must be conducted by the county clerk and recorder in accordance with the "Uniform Election Code of 1992", articles 1 to 13 of title 1.

(3) If a county levies, collects, enforces, and administers a special sales tax in a municipality that has already obtained voter approval to levy a municipal special sales tax on the sale of cigarettes, tobacco products, or nicotine products, the county special sales tax is invalid within the corporate limits of the municipality unless the county enters into an intergovernmental agreement with the municipality pursuant to subsection (2)(a)(III) of this section that authorizes the county to continue to levy, collect, enforce, and administer the special sales tax on cigarettes, tobacco products, or nicotine products within the corporate limits of the municipality.

(4) (a) Each municipality in the state is authorized to levy, collect, enforce, and administer a municipal special sales tax upon all sales of cigarettes, tobacco products, or nicotine products.

(b) A special sales tax shall not be levied pursuant to subsection (4)(a) of this section until the proposal has been referred to and approved by the eligible electors of the municipality in accordance with article 10 of title 31. Any proposal for the levy of a special sales tax in accordance with subsection (4)(a) of this section must be submitted to the eligible electors of the municipality on the date of the state general election, on the first Tuesday in November of an odd-numbered year, or on the date of a municipal biennial election. Any election on the proposal must be conducted by the clerk of the municipality in accordance with the "Colorado Municipal Election Code of 1965", article 10 of title 31.

(5) If a county or municipality obtained approval from the eligible electors of the county or municipality prior to July 1, 2019, to levy, collect, enforce, and administer a special sales tax on the sale of cigarettes, tobacco products, or nicotine products, the special sales tax is valid and the county or municipality is authorized to continue to levy, collect, enforce, and administer the special sales tax; except that, in the case of a county, the county is authorized to continue to levy, collect, enforce, and administer the special sales tax so long as the county complies with subsection (2) of this section. If a county levies, collects, enforces, and administers a special sales tax in a municipality that has already obtained voter approval to levy a municipal special sales tax on the sale of cigarettes, tobacco products, or nicotine products, the county special sales tax is invalid within the corporate limits of the municipality unless the county enters into an intergovernmental agreement with the municipality pursuant to subsection (3) of this section that authorizes the county to continue to levy, collect, enforce, and administer the special sales tax on cigarettes, tobacco products, or nicotine products within the corporate limits of the municipality.

(6) (a) Notwithstanding article 2 of title 29, a special sales tax imposed by a county or municipality pursuant to this section shall not be collected, administered, or enforced by the

department of revenue, but shall instead be collected, administered, and enforced by the county or municipality imposing the special sales tax.

(b) A county or municipality in which a special sales tax is imposed pursuant to this section may authorize a retailer selling cigarettes, tobacco products, or nicotine products to retain a percentage of the special sales tax collected pursuant to this section to cover the expenses of collecting and remitting the special sales tax to the county or municipality. The county or municipality shall determine the percentage that a retailer may retain pursuant to this subsection (6)(b).

(7) A county or municipality in which the eligible electors have approved a special sales tax pursuant to this section may credit the revenues collected from the special sales tax to the general fund of the county or municipality or to any special fund created in the county's or municipality's treasury. The governing body of a county or municipality may use revenues collected from the special sales tax imposed pursuant to this section for any purpose as determined by the governing body.

(8) As used in this section, unless the context otherwise requires:

(a) "Cigarettes, tobacco products, or nicotine products" has the same meaning as set forth in section 18-13-121 (5).

(b) "Special sales tax" means a sales tax imposed by a local government that is separate from a general sales tax imposed pursuant to section 29-2-102 or 29-2-103, as applicable, and may be imposed in addition to the taxes imposed pursuant to this part 1.

**39-28-116. Minimum price for cigarettes.**

(1) On and after January 1, 2021, but before July 1, 2024, no person shall sell or offer for sale cigarettes to a consumer for less than seven dollars per package of twenty cigarettes or seventy dollars per carton of two hundred cigarettes, including all applicable taxes.

(2) On and after July 1, 2024, no person shall sell or offer for sale cigarettes to a consumer for less than seven dollars and fifty cents per package of twenty cigarettes or seventy-five dollars per carton of two hundred cigarettes, including all applicable taxes.

(3) A person who violates subsection (1) or (2) of this section, in addition to other penalties provided by law, shall be liable for a civil penalty in the following amounts:

- (a) Five hundred dollars for a first violation within a five-year period;
- (b) One thousand dollars for a second violation within a five-year period; and
- (c) One thousand five hundred dollars for a third violation within a five-year period.

(4) No person shall be liable under this section for more than one violation of this section during a single day.

(5) The department of revenue shall remit any civil penalties received pursuant to this section to the state treasurer for deposit in the tobacco tax enforcement cash fund created section 39-28-107 (1)(b).

(6) In its annual June forecast, legislative council staff shall report an estimate for the current state fiscal year of the additional sales tax revenue that is attributable to the applicable minimum price set forth in this section. On June 30 of the fiscal year, the state treasurer shall transfer an amount equal to seventy-three percent of the legislative council staff estimate from the general fund to the preschool programs cash fund created in section 26.5-4-209.

The ballot issue, referred to the voters as proposition EE, was approved on November 3, 2020, and was proclaimed by the Governor on December 31, 2020. The vote count for the measure was as follows:

FOR: 2,134,608

AGAINST: 1,025,182

## PART 2

### TOBACCO ESCROW FUNDS

#### **39-28-201. Legislative declaration.**

(1) The general assembly hereby finds, determines, and declares:

(a) That cigarette smoking presents serious public health concerns to the state and to the citizens of the state. The surgeon general has determined that smoking causes lung cancer, heart disease and other serious diseases, and that there are hundreds of thousands of tobacco-related deaths in the United States each year. These diseases most often do not appear until many years after the person in question begins smoking.

(b) That cigarette smoking also presents serious financial concerns for the state. Under certain health-care programs, the state may have a legal obligation to provide medical assistance to eligible persons for health conditions associated with cigarette smoking, and those persons may have a legal entitlement to receive such medical assistance.

(c) That under these programs, the state pays millions of dollars each year to provide medical assistance for these persons for health conditions associated with cigarette smoking.

(d) That it is the policy of the state that financial burdens imposed on the state by cigarette smoking be borne by tobacco product manufacturers rather than by the state to the extent that such manufacturers either determine to enter into a settlement with the state or are found culpable by the courts.

(e) That on November 23, 1998, leading United States tobacco product manufacturers entered into a settlement agreement, entitled the "master settlement agreement," with the state. The master settlement agreement obligates these manufacturers, in return for a release of past, present and certain future claims against them as described therein, to pay substantial sums to the state, tied in part to their volume of sales; to fund a national foundation devoted to the interests of public health; and to make substantial changes in their advertising and marketing practices and corporate culture, with the intention of reducing underage smoking.

(f) That it would be contrary to the policy of the state if tobacco product manufacturers who determine not to enter into such a settlement could use a resulting cost advantage to derive large, short-term profits in the years before liability may arise without ensuring that the state will have an eventual source of recovery from them if they are proven to have acted culpably. It is thus in the interest of the state to require that such manufacturers establish a reserve fund to guarantee a source of compensation and to prevent such manufacturers from deriving large, short-term profits and then becoming judgment-proof before liability may arise.

### **39-28-202. Definitions.**

As used in this part 2:

(1) "Adjusted for inflation" means increased in accordance with the formula for inflation adjustment set forth in exhibit C to the master settlement agreement.

(2) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned," and "ownership" mean ownership of

an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation, or any other organization or group of persons.

(3) "Allocable share" means allocable share as that term is defined in the master settlement agreement.

(4) (a) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:

(I) Any roll of tobacco wrapped in paper or in any substance not containing tobacco; or

(II) Tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or

(III) Any roll of tobacco wrapped in any substance containing tobacco that, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in subparagraph (I) of this paragraph (a).

(b) The term "cigarette" includes roll-your-own, i.e., any tobacco that, because of its appearance, type, packaging, or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes.

(c) For purposes of this definition of "cigarettes", 0.09 ounces of roll-your-own tobacco shall constitute one individual "cigarette".

(5) "Master settlement agreement" means the settlement agreement and related documents dated November 23, 1998, entered into by the state and leading United States tobacco product manufacturers and attached as exhibit A to the consent decree approved by the district court for the city and county of Denver on November 25, 1998, in civil action no. 97CV3432.

(6) "Qualified escrow fund" means an escrow arrangement with a federally or state chartered financial institution having no affiliation with any tobacco product manufacturer and having assets of at least one billion dollars, where such arrangement requires that such financial institution hold the escrowed funds' principal for the benefit of releasing parties and prohibits the tobacco product manufacturer placing the funds into escrow from using, accessing, or directing the use of the funds' principal except as consistent with section 39-28-203 (2).

(7) "Released claims" means released claims as that term is defined in the master settlement agreement.

(8) "Releasing parties" means releasing parties as that term is defined in the master settlement agreement.

(9) (a) "Tobacco product manufacturer" means an entity that, after July 1, 1999, directly and not exclusively through any affiliate:

(I) Manufactures anywhere cigarettes which the manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer; provided, however, that an entity that manufactures cigarettes that it intends to be sold in the United States shall not be considered a tobacco product manufacturer under this paragraph (a) if:

(A) Such cigarettes are sold in the United States exclusively through an importer that is an original participating manufacturer, as that term is defined in the master settlement agreement, that will be responsible for the payments under the master settlement agreement with respect to such cigarettes as a result of the provisions of subsection II(mm) of the master settlement agreement and that pays the taxes specified in section II(z) of the master settlement agreement; and

(B) The manufacturer of such cigarettes does not market or advertise such cigarettes in the United States;

(II) Is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(III) Becomes a successor of an entity described in subparagraph (I) or (II) of this paragraph (a).

(b) "Tobacco product manufacturer" does not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within subparagraphs (I) through (III) of paragraph (a) of this subsection (9).

(10) "Units sold" means the number of individual cigarettes sold in the state by the applicable tobacco product manufacturer, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, during the year in question, as measured by excise taxes collected by the state on containers of roll-your-own tobacco, and on packs of cigarettes bearing the excise tax stamp of the state. The department shall promulgate such rules as are necessary to ascertain the amount of state excise tax paid on the cigarettes of such tobacco product manufacturer for each year.

**Source: L. 99:** Entire part added, p. 945, § 1, effective July 1.

### **39-28-203. Requirements.**

Any tobacco product manufacturer selling cigarettes to consumers within the state, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, after July 1, 1999, shall either:

(1) Become a participating manufacturer as that term is defined in section II(jj) of the master settlement agreement and generally perform its financial obligations under the master settlement agreement; or

(2) (a) Place into a qualified escrow fund by April 15 of the year following the year in question the following amounts as such amounts are adjusted for inflation:

(I) 1999: \$.0094241 per unit sold after July 1, 1999;

(II) 2000: \$.0104712 per unit sold;

(III) For each of 2001 and 2002: \$.0136125 per unit sold;

(IV) For each of 2003 through 2006: \$.0167539 per unit sold;

(V) For each of 2007 and each year thereafter: \$.0188482 per unit sold.

(b) A tobacco product manufacturer that places funds into escrow pursuant to paragraph (a) of this subsection (2) shall receive the interest or other appreciation on such funds as earned. Such funds themselves shall be released from escrow only under the following circumstances:

(I) To pay a judgment or settlement on any released claim brought against such tobacco product manufacturer by the state or any releasing party located or residing in the state. Funds shall be released from escrow under this subparagraph (I):

(A) In the order in which they were placed into escrow; and

(B) Only to the extent and at the time necessary to make payments required under such judgment or settlement;

(II) (A) To the extent that a tobacco product manufacturer establishes that the amount it was required to place into escrow on account of units sold in the state in a particular year was greater than the master settlement agreement payments, as determined pursuant to section IX(i) of that agreement including after final determination of all adjustments, that such manufacturer would have been required to make on account of such units sold had it been a participating manufacturer, the excess shall be released from escrow and revert back to such tobacco product manufacturer;

(B) If Senate Bill 04-182, enacted at the second regular session of the sixty-fourth general assembly, or any portion of the amendment to sub-subparagraph (A) of this subparagraph (II) made by Senate Bill 04-182 is held by a court of competent jurisdiction to be unconstitutional,

then sub-subparagraph (A) of this subparagraph (II) shall be deemed to be repealed in its entirety. If this paragraph (b) shall thereafter be held by a court of competent jurisdiction to be unconstitutional, then Senate Bill 04-182 shall be deemed repealed, and sub-subparagraph (A) of this subparagraph (II) shall be restored as if no such amendments had been made. Neither any holding of unconstitutionality nor the repeal of sub-subparagraph (A) of this subparagraph (II) shall affect, impair, or invalidate any other portion of this section, and such remaining portions of this section shall at all times continue in full force and effect.

(III) To the extent not released from escrow under subparagraph (I) or (II) of this paragraph (b), funds shall be released from escrow and revert back to such tobacco product manufacturer twenty-five years after the date on which the funds were placed into escrow.

(c) (I) Each tobacco product manufacturer that elects to place funds into escrow pursuant to this subsection (2) shall annually certify to the attorney general that it is in compliance with this subsection (2). The attorney general may bring a civil action on behalf of the state against any tobacco product manufacturer that fails to place into escrow the funds required under this section. Any tobacco product manufacturer that fails in any year to place into escrow the funds required under this section shall:

(A) Be required within fifteen days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a violation of this subsection (2), may impose a civil penalty, to be paid to the general fund of the state, in an amount not to exceed five percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed one hundred percent of the original amount improperly withheld from escrow;

(B) In the case of a knowing violation, be required within fifteen days to place such funds into escrow as shall bring it into compliance with this section. The court, upon a finding of a knowing violation of this subsection (2), may impose a civil penalty, to be paid to the general fund of the state, in an amount not to exceed fifteen percent of the amount improperly withheld from escrow per day of the violation and in a total amount not to exceed three hundred percent of the original amount improperly withheld from escrow; and

(C) In the case of a second or subsequent knowing violation, be prohibited from selling cigarettes to consumers within the state, whether directly or through a distributor, retailer, or similar intermediary or intermediaries, for a period not to exceed two years.

(II) Each failure to make an annual deposit required under this section shall constitute a separate violation.

## PART 3

### ADDITIONAL REQUIREMENTS FOR TOBACCO PRODUCT MANUFACTURERS AND STAMPING AGENTS

#### **39-28-301. Legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) Violations of the tobacco escrow funds act threaten the integrity of the master settlement agreement, the fiscal soundness of the state, and the public health.

(b) Enacting procedural enhancements will aid the enforcement of the tobacco escrow funds act and thereby safeguard the master settlement agreement, the fiscal soundness of the state, and the public health.

(c) The provisions of this part 3 are not intended to and shall not be interpreted to amend the tobacco escrow funds act.

**Source: L. 2003:** Entire part added, p. 1752, § 1, effective May 14.

#### **39-28-302. Definitions.**

As used in this part 3, unless the context otherwise requires:

(1) "Brand family" means all styles of cigarettes sold under the same trade mark and differentiated from one another by means of additional modifiers or descriptors, including, but not limited to, "menthol", "lights", "kings", and "100s", and includes any brand name, alone or in conjunction with any other word, trademark, logo, symbol, motto, selling message, recognizable pattern of colors, or any other indicia of product identification identical or similar to, or identifiable with, a previously known brand of cigarettes.

(2) "Cigarette" has the same meaning as set forth in section 39-28-202 (4).

(3) "Department" means the department of revenue.

(4) "Master settlement agreement" has the same meaning as set forth in section 39-28-202 (5).

(5) "Nonparticipating manufacturer" means any tobacco product manufacturer that is not a participating manufacturer.

(6) "Participating manufacturer" has the same meaning as set forth in section II (jj) of the master settlement agreement and all amendments thereto.

(7) "Qualified escrow fund" has the same meaning as set forth in section 39-28-202 (6).

(8) "Stamping agent" means a person that is authorized to affix tax stamps to packages or other containers of cigarettes or tobacco products under section 39-28-104 or a person that is required to pay the tobacco products tax imposed pursuant to section 39-28.5-102 on roll-your-own tobacco for cigarettes.

(9) "Tobacco control special fund" means a separate fund created by this part 3, the revenues of which do not pass through the general fund, and that will be used by the department for the enforcement of this part 3 and the tobacco escrow funds act.

(10) "Tobacco escrow funds act" or "act" means those provisions that are referred to as the model act in the master settlement agreement and that are codified as part 2 of this article.

(11) "Tobacco product manufacturer" has the same meaning as set forth in section 39-28-202 (9).

(12) "Units sold" has the same meaning as set forth in section 39-28-202 (10).

**Source: L. 2003:** Entire part added, p. 1752, § 1, effective May 14.

### **39-28-303. Certifications - directory - tax stamps.**

#### **(1) Certification.**

(a) Every tobacco product manufacturer whose cigarettes are sold in this state whether directly or through a distributor, retailer, or similar intermediary or intermediaries shall execute and deliver in the manner prescribed by the department a certification to the executive director of the department no later than the thirtieth day of April each year certifying under penalty of perjury that, as of the date of such certification, the tobacco product manufacturer either is a participating manufacturer or is in full compliance with the tobacco escrow funds act and all implementing regulations.

(b) A participating manufacturer shall include in its certification a list of its brand families. The participating manufacturer shall update the list thirty days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the department.

(c) A nonparticipating manufacturer shall include in its certification a complete list of all of its brand families, and the list shall:

(I) Separately list:

(A) Brand families of cigarettes and the number of units sold for each brand family that were sold in the state during the preceding calendar year; and

(B) All of the nonparticipating manufacturer's brand families that have been sold in the state at any time during the current calendar year;

(II) Indicate by an asterisk, any brand family sold in the state during the preceding calendar year that is no longer being sold in the state as of the date of such certification; and

(III) Identify by name and address any other manufacturer of such brand families in the preceding calendar year.

(d) A nonparticipating manufacturer shall update a certification thirty days prior to any addition to or modification of its brand families by executing and delivering a supplemental certification to the department.

(e) A certification of a nonparticipating manufacturer shall further certify:

(I) That the nonparticipating manufacturer is registered to do business in the state or has appointed a resident agent for service of process and provided notice thereof as required by section 39-28-304;

(II) That the nonparticipating manufacturer has:

(A) Established and continues to maintain a qualified escrow fund, as defined in section 39-28-202 (6); and

(B) Executed a qualified escrow agreement that has been reviewed and approved by the attorney general and that governs the qualified escrow fund;

(III) That the nonparticipating manufacturer is in full compliance with the tobacco escrow funds act, this part 3, and any rules promulgated pursuant to the tobacco escrow funds act or this part 3; and

(IV) That information pertaining to the qualified escrow fund, including:

(A) The name, address, and telephone number of the financial institution where the nonparticipating manufacturer has established the qualified escrow fund required by section 39-28-203 and all rules promulgated thereto;

(B) The account number of the qualified escrow fund and sub-account number for the state of Colorado;

(C) The amount the nonparticipating manufacturer placed in the fund for cigarettes sold in the state during the preceding calendar year, the date and amount of each deposit, and such

evidence or verification as may be deemed necessary by the department to confirm the foregoing; and

(D) The amounts of and dates of any withdrawal or transfer of funds the nonparticipating manufacturer made at any time from the fund or from any other qualified escrow fund into which it ever made escrow payments pursuant to the tobacco escrow funds act and all rules promulgated thereto.

(f) (I) A tobacco product manufacturer may not include a brand family in its certification unless:

(A) In the case of a participating manufacturer, the participating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of calculating its payments under the master settlement agreement for the relevant year in the volume and shares determined pursuant to the master settlement agreement; and

(B) In the case of a nonparticipating manufacturer, the nonparticipating manufacturer affirms that the brand family is to be deemed to be its cigarettes for purposes of the tobacco escrow funds act.

(II) Nothing in this paragraph (f) shall be construed as limiting or otherwise affecting the state's right to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the master settlement agreement or for purposes of part 2 of this article.

(g) Tobacco product manufacturers shall maintain all invoices and documentation of sales and other such information relied upon for such certification for a period of five years, unless otherwise required by law to maintain them for a greater period.

**(2) Directory of cigarettes approved for stamping and sale.**

(a) Not later than June 1, 2003, the department shall develop and publish on its website a directory listing all tobacco product manufacturers that have provided current and accurate certifications conforming to the requirements of subsection (1) of this section and all brand families that are listed in such certifications; except that:

(I) The department shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the department determines is not in compliance with paragraphs (c) and (d) of subsection (1) of this section, unless the department has determined that the violation has been cured to the satisfaction of the department.

(II) Neither a tobacco product manufacturer nor brand family shall be included or retained in the directory if the executive director of the department concludes that:

(A) In the case of a nonparticipating manufacturer, any escrow payment required pursuant to the tobacco escrow funds act for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the attorney general; or

(B) Any outstanding final judgment, including interest thereon, for violations of the tobacco escrow funds act has not been fully satisfied for the brand family and the manufacturer.

(b) The department shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of this part 3.

(c) The department shall transmit by electronic mail or other practicable means to each stamping agent notice of any addition to or removal from the directory of a tobacco product brand manufacturer or brand family. In addition, the department shall transmit by electronic mail or other practical means to each stamping agent notice of the potential removal from the directory of a tobacco product brand manufacturer or brand family three calendar days before the tobacco product brand manufacturer or brand family is actually removed from the directory. Unless otherwise provided by agreement between a stamping agent and a tobacco product manufacturer, a stamping agent shall be entitled to a refund from a tobacco product manufacturer of any money paid by the stamping agent to the tobacco product manufacturer for any cigarettes of the tobacco product manufacturer still held by the stamping agent on the date of notice by the department of the removal from the directory of the tobacco product manufacturer or the brand family of the cigarettes. The department shall not restore to the directory a tobacco product manufacturer or a brand family until the tobacco product manufacturer has paid the stamping agent any refund due.

(d) Every stamping agent shall provide and update as necessary an electronic mail address to the department for the purpose of receiving any notifications that may be required by this part 3.

(3) **Prohibition against stamping or sale of cigarettes not in the directory.** It shall be unlawful for any person to:

(a) Affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory; or

(b) Sell, offer, or possess for sale in this state cigarettes of a tobacco product manufacturer or brand family not included in the directory.

**39-28-304. Agent for service of process.**

(1) A nonresident or foreign nonparticipating manufacturer that has not registered to do business in the state as a foreign corporation or business entity shall, as a condition precedent to having its brand families listed or retained in the directory, appoint and continually engage without interruption the services of an agent in the state to act as an agent for the service of process on whom all process, and any action or proceeding against the nonparticipating manufacturer concerning or arising out of the enforcement of this part 3 and the tobacco escrow funds act, may be served in any manner authorized by law. Such service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number, and proof of the appointment and availability of the agent to and to the satisfaction of the executive director of the department and the attorney general.

(2) A nonparticipating manufacturer shall provide notice to the executive director of the department and the attorney general at least thirty calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the attorney general of the appointment of a new agent at least five calendar days prior to the termination of an existing agent appointment. In the event an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the executive director and the attorney general of the termination within five calendar days and shall include proof to the satisfaction of the attorney general of the appointment of a new agent.

(3) A nonparticipating manufacturer whose products are sold in this state without appointing or designating an agent as herein required shall be deemed to have appointed the secretary of state as the agent and may be proceeded against in the courts of this state by service of process upon the secretary of state. However, the appointment of the secretary of state as the agent shall not satisfy the condition precedent to having the nonparticipating manufacturer's brand families listed or retained in the directory.

**Source: L. 2003:** Entire part added, p. 1757, § 1, effective May 14.

**39-28-305. Reporting of information - escrow installments.**

(1) **Reporting by stamping agents.** Not later than twenty days after the end of each month, each stamping agent shall submit to the department such information as the department requires to facilitate compliance with this part 3, including, but not limited to, a list by brand family of the total number of cigarettes, or in the case of roll-your-own, the equivalent stick count for which the stamping agent affixed stamps during the previous calendar month or otherwise paid the tax due for such cigarettes. The stamping agent shall maintain and make available to the department

all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the department for a period of five years.

(2) **Disclosure of information.** The department is authorized to disclose to the attorney general any information received under this part 3 and requested by the attorney general for purposes of determining compliance with and enforcing the provisions of this part 3. The department and the attorney general shall share with each other the information received under this part 3 and may share the information with other federal, state, or local agencies only for purposes of enforcement of this part 3, the tobacco escrow funds act, or corresponding laws of other states.

(3) **Verification of qualified escrow fund.** The attorney general may require at any time from a nonparticipating manufacturer, proof from the financial institution in which the manufacturer has established a qualified escrow fund for the purpose of compliance with the tobacco escrow funds act of the amount of money in the fund, exclusive of interest, being held on behalf of the state, the dates of deposits, and the dates and amounts of all withdrawals from such fund.

(4) **Requests for additional information.** In addition to the information required to be submitted pursuant to regulation number 39-28-202 (3) and (4) or any successor rule of the department (1 CCR 201-7), the department or the attorney general may require a stamping agent, distributor, or tobacco product manufacturer to submit any additional information, including, but not limited to, samples of the packaging or labeling of each brand family, as is necessary to enable the department or the attorney general to determine whether a tobacco product manufacturer is in compliance with this part 3.

(5) **Quarterly escrow installments.** To promote compliance with the provisions of this part 3, the department may promulgate rules requiring a tobacco product manufacturer subject to the requirements of section 39-28-303 (1)(c) to make the escrow deposits required in quarterly installments during the year in which the sales covered by such deposits are made. The department may require production of information sufficient to enable the department to determine the adequacy of the amount of the installment deposit.

**Source: L. 2003:** Entire part added, p. 1758, § 1, effective May 14.

### **39-28-306. Penalties and other remedies.**

(1) **License revocation and civil penalty.** In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that a stamping agent has violated section 39-28-303 (3) or any rule adopted pursuant thereto, the executive director of the

department may revoke or suspend the license of any stamping agent in the manner provided by sections 39-28-102 (1) and 39-28.5-104. Each stamp affixed and each offer to sell cigarettes in violation of section 39-28-303 (3) shall constitute a separate violation. For each violation, the executive director may also impose a civil penalty in an amount not to exceed the greater of five hundred percent of the retail value of the cigarettes sold or five thousand dollars upon a determination of a violation of section 39-28-303 (3) or any rules adopted pursuant thereto.

(2) **Contraband and seizure.** Any cigarettes that have been sold, offered for sale, or possessed for sale in this state in violation of section 39-28-303 (3) shall be deemed a contraband article as defined by section 16-13-502 (1), C.R.S. The cigarettes shall be subject to seizure and forfeiture as provided in the "Colorado Contraband Forfeiture Act", part 5 of article 13 of title 16, C.R.S., and any cigarettes so seized and forfeited shall be destroyed and not resold.

(3) **Injunction.** The attorney general, on behalf of the department, may seek an injunction to restrain a threatened or actual violation of section 39-28-303 (3) or 39-28-305 (1) or (4) by a stamping agent and to compel the stamping agent to comply with those statutory provisions.

(4) **Unlawful sale and distribution.** It is unlawful for a person to sell, distribute, acquire, hold, own, possess, transport, import, or cause to be imported cigarettes that the person knows or should know are intended for distribution or sale in the state in violation of section 39-28-303 (3). A violation of this section is a class 2 misdemeanor.

(5) **Colorado consumer protection act.** A person who violates section 39-28-303 (3) engages in an unfair and deceptive trade practice in violation of section 6-1-105, C.R.S.

(6) **Disgorgement of profits for violations of this part 3.** If a court determines that a person has violated this part 3, the court shall order any profits, gain, gross receipts, or other benefit from the violation to be disgorged and paid to the state treasurer for deposit into the tobacco control special fund, which is hereby created. Unless otherwise expressly provided, the remedies or penalties provided by this part 3 are cumulative to each other and to the remedies or penalties available under all other laws of this state.

**Source: L. 2003:** Entire part added, p. 1759, § 1, effective May 14.

### **39-28-307. Miscellaneous provisions.**

(1) **Notice and review of determination.** A determination of the department to not list or to remove from the directory a brand family or tobacco product manufacturer shall be subject to review in the manner prescribed by the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

(2) **Applicants for licenses.** No stamping agent for a license shall be issued a license or granted a renewal of a license unless the stamping agent has certified in writing, under penalty of perjury, that the stamping agent has in the past and will continue to comply fully with this part 3. No applicant for a license shall be issued a license unless the applicant has certified in writing, under penalty of perjury, that the stamping agent will fully comply with this section.

(3) Repealed.

(4) **Promulgation of rules.** The department may promulgate rules necessary to effect the purposes of this statute. The department shall promulgate such rules in accordance with article 4 of title 24, C.R.S.

(5) **Recovery of costs and fees by attorney general.** In any action brought by the state to enforce this part 3, the state shall be entitled to recover the costs of investigation, expert witness fees, costs of the action, and reasonable attorney fees.

(6) **Construction and severability.** If a court of competent jurisdiction finds that the provisions of this part 3 and of the tobacco escrow funds act conflict and cannot be harmonized, then the provisions of the tobacco escrow funds act shall control. If any provision of this part 3 causes the tobacco escrow funds act to no longer constitute a qualifying or model statute, as those terms are defined in the master settlement agreement, then that portion of this part 3 shall not be valid. If any provision of this part 3 is for any reason held to be invalid, unlawful, or unconstitutional, the decision shall not affect the validity of the remaining portions of this part 3 or any part thereof.

## PART 4

### SUBMISSION OF BALLOT ISSUE - CIGARETTES, TOBACCO PRODUCTS, AND NICOTINE PRODUCTS TAXES

#### **39-28-401. Submission of ballot issue - increased tax on cigarettes and tobacco products - new tax on nicotine products - definition.**

(1) As used in this section, "ballot issue" means the question referred to voters in subsection (2) of this section.

(2) At the election held on November 3, 2020, the secretary of state shall submit to the registered electors of the state for their approval or rejection the following ballot issue: "Shall

state taxes be increased by \$294,000,000 annually by imposing a tax on nicotine liquids used in e-cigarettes and other vaping products that is equal to the total state tax on tobacco products when fully phased in, incrementally increasing the tobacco products tax by up to 22% of the manufacturer's list price, incrementally increasing the cigarette tax by up to 9 cents per cigarette, expanding the existing cigarette and tobacco taxes to apply to sales to consumers from outside of the state, establishing a minimum tax for moist snuff tobacco products, creating an inventory tax that applies for future cigarette tax increases, and initially using the tax revenue primarily for public school funding to help offset revenue that has been lost as a result of the economic impacts related to COVID-19 and then for programs that reduce the use of tobacco and nicotine products, enhance the voluntary Colorado preschool program and make it widely available for free, and maintain the funding for programs that currently receive revenue from tobacco taxes, with the state keeping and spending all of the new tax revenue as a voter-approved revenue change?"

(3) For purposes of section 1-5-407, the ballot issue is a proposition. Section 1-40-106 (3)(d) does not apply to the ballot issue.

(4) Repealed.

**Source: L. 2020:** Entire part added, (HB 20-1427), ch. 248, p. 1186, § 1, effective July 8.

**Editor's note:** (1) The ballot issue specified in this section was referred to the registered electors as Proposition EE on November 3, 2020. It was approved by the voters and proclaimed by the Governor on December 31, 2020, with the following vote count:

FOR: 2,134,608

AGAINST: 1,025,182

(2) Subsection (4)(b) provided for the repeal of subsection (4), effective July 1, 2021, if a majority of the electors voting on the ballot issue vote "Yes/For". (See L. 2020, p. 1186.)

## PART 5

### BALLOT ISSUE RELATED TO PROPOSITION EE REFUNDS - RATE REDUCTIONS - PERMITTED USES

**Editor's note:** (1) Section 39-28-506 provided for the repeal of this part 5, effective July 1, 2024, if a majority of the electors voting on the ballot issue specified in § 39-28-502, prior to its repeal, vote "Yes/For". (See L. 2023, p. 2026.) The ballot issue was referred to the registered

-1621-

electors as Proposition II on November 7, 2023. It was approved by the voters and proclaimed by the Governor on December 15, 2023, with the following vote count:

FOR: 1,130,047

AGAINST: 543,405

(2) This part was added in 2023 and was not amended prior to its repeal in 2024. For the text of this part prior to its repeal in 2024, consult the 2023 Colorado Revised Statutes.

**39-28.5-101. Definitions.**

As used in this article 28.5, unless the context otherwise requires:

(1) "Consumer" means any person who has title to or possession of tobacco products for the person's own use or consumption in this state and not for resale.

(2) (a) "Delivery sale" means, except as provided in subsection (2)(b) of this section, the sale of tobacco products to a consumer in this state when:

(I) The consumer submits an order for the tobacco products to a delivery seller for sale by means other than an over-the-counter sale on the delivery seller's premises, including, but not limited to, telephone or other voice transmission, the mail or other delivery service, or the internet or other online service; and

(II) The tobacco products are delivered when the seller is not in the physical presence of the consumer when the consumer obtains possession of the tobacco products by use of a common carrier, private delivery service, mail, or any other means.

(b) "Delivery sale" does not include the sale of cigars or pipe tobacco.

(3) "Delivery seller" means a person located outside of this state who makes delivery sales.

(4) "Department" means the department of revenue.

(5) "Distributing subcontractor" means every person, firm, limited liability company, partnership, or corporation who purchases tobacco products from a distributor for resale to a retailer in this state.

(6) "Distributor" means every person who:

(a) First receives tobacco products in this state;

(b) Sells tobacco products in this state and is primarily liable for the tobacco products tax on such products;

(c) First sells or offers for sale in this state tobacco products imported into this state from any other state or country; or

(d) Is a delivery seller.

(7) (a) "Manufacturer's list price" means, except as provided in subsections (7)(b) and (7)(c) of this section, the invoice price for which a manufacturer or supplier sells a tobacco product to a distributor or remote retail seller exclusive of any discount or other reduction. In the case of cigars and pipe tobacco, "manufacturer's list price" is also known as the acquisition cost and is also exclusive of any discount or other reduction.

(b) For a delivery or remote retail seller, if determining the invoice price described in subsection (7)(a) of this section is impracticable, then "manufacturer's list price" means the average of the actual price paid, exclusive of any rebates or discounts applied, for the tobacco product's stock keeping unit during the preceding calendar year. The department may, by written

notice to the delivery or remote retail seller, prospectively require a delivery or remote retail seller to calculate the tax on the invoice price if the department finds that the delivery or remote retail seller's use of the average price paid was for the purpose of avoiding tax.

(c) For a manufacturer who is also a delivery seller, a remote retail seller, or a retailer, and who sells tobacco products exclusively to consumers and not to suppliers or distributors, "manufacturer's list price" means the manufacturer's cost to manufacture the tobacco product, which includes the manufacturing overhead and the cost of all direct materials and direct labor used.

(8) "Modified risk tobacco product" means any tobacco product for which the secretary of the United States department of health and human services has issued an order authorizing the product to be commercially marketed as a modified risk tobacco product in accordance with 21 U.S.C. sec. 387k, or any successor section.

(9) "Moist snuff" means any finely cut, ground, or powdered tobacco that is not intended to be smoked but does not include any finely cut, ground, or powdered tobacco that is intended to be placed in the nasal cavity.

(10) (a) "Remote retail sale" means the sale of cigars or pipe tobacco to a consumer in this state when:

(I) The consumer submits an order for the cigars or pipe tobacco to a remote retail seller for sale by means other than an over-the-counter sale on the remote retail seller's premises, including, but not limited to, telephone or other voice transmission, the mail or other delivery service, or the internet or other online service; and

(II) The cigars or pipe tobacco are delivered to the consumer by use of a common carrier, private delivery service, mail, or any other means of remote delivery, or when the remote retail seller is not in the physical presence of the consumer when the consumer obtains possession of the cigars or pipe tobacco.

(b) "Remote retail sale" does not include the sale of tobacco products other than cigars or pipe tobacco.

(11) "Remote retail seller" means a person located outside of this state who makes remote retail sales.

(12) "Sale" means any transfer, exchange, or barter, in any manner or by any means whatsoever, for a consideration, including all sales made by any person. The term includes:

(a) A gift by a person engaged in the business of selling tobacco products, for advertising, as a means of evading the provisions of this article 28.5 or for any other purposes whatsoever;

(b) A delivery sale; and

(c) A remote retail sale.

(13) "Stock keeping unit" means the unique identifier assigned by the distributor or remote retail seller to various items in order to track inventory.

(14) "Tobacco products" means cigars, cheroots, stogies, periques, granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco, snuff, snuff flour, cavendish, plug and twist tobacco, fine-cut and other chewing tobaccos, shorts, refuse scraps, clippings, cuttings and sweepings of tobacco, and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or for smoking in a pipe or otherwise, or both for chewing and smoking, but does not include cigarettes that are taxed separately pursuant to article 28 of this title 39.

The ballot issue, referred to the voters as proposition EE, was approved on November 3, 2020, and was proclaimed by the Governor on December 31, 2020. The vote count for the measure was as follows:

FOR: 2,134,608

AGAINST: 1,025,182

## ANNOTATION

**Catchall category of "tobacco products"** includes products that are: (1) a kind or form of tobacco; and (2) prepared in a manner as to be suitable for chewing or for smoking in a pipe or otherwise. Colo. Dept. of Rev. v. Creager, 2017 CO 41M, 395 P.3d 741.

**Blunt Wraps are tobacco products** under the plain language of the definition because they are a form of tobacco that is suitable for smoking. Colo. Dept. of Rev. v. Creager, 2017 CO 41M, 395 P.3d 741.

**39-28.5-102. Tax levied.**

(1) Except as set forth in subsection (3) of this section, there is levied a tax upon the sale, use, consumption, handling, or distribution of all tobacco products in this state, excluding modified risk tobacco products, at the rate of:

(a) Twenty percent of the manufacturer's list price of the tobacco products for the tax levied prior to January 1, 2021;

(b) Thirty percent of the manufacturer's list price of the tobacco products for the tax levied on and after January 1, 2021, but prior to July 1, 2024;

(c) Thirty-six percent of the manufacturer's list price of the tobacco products for the tax levied on and after July 1, 2024, but prior to July 1, 2027; and

(d) Forty-two percent of the manufacturer's list price of the tobacco products for the tax levied on and after July 1, 2027.

(2) There is levied a tax upon the sale, use, consumption, handling, or distribution of modified risk tobacco products in this state at the rate of:

(a) Fifteen percent of the manufacturer's list price of the modified risk tobacco products for the tax levied on and after January 1, 2021, but prior to July 1, 2024;

(b) Eighteen percent of the manufacturer's list price of the modified risk tobacco products for the tax levied on and after July 1, 2024, but prior to July 1, 2027; and

(c) Twenty-one percent of the manufacturer's list price of the modified risk tobacco products for the tax levied on and after July 1, 2027.

(3) (a) If the total of the tax imposed upon the sale, use, consumption, handling, or distribution of moist snuff under subsection (1) of this section and section 39-28.5-102.5 is less than the minimum moist snuff tax specified in subsection (3)(b) of this section, then the tax imposed upon the sale, use, consumption, handling, or distribution of moist snuff under this section is equal to the minimum moist snuff tax minus the tax imposed under section 39-28.5-102.5.

(b) (I) The minimum moist snuff tax is equal to:

(A) One dollar forty-eight cents for each one and two-tenth ounce container for the tax levied on and after January 1, 2021, but prior to July 1, 2024;

(B) One dollar eighty-four cents for each one and two-tenth ounce container for the tax levied on and after July 1, 2024, but prior to July 1, 2027; and

(C) Two dollars twenty-six cents for each one and two-tenth ounce container for the tax levied on and after July 1, 2027.

(II) The amount specified in subsection (3)(b)(I) of this section is proportionally increased for any container larger than one and two-tenths ounces.

(4) (a) The tax set forth in this section is collected by the department.

(b) In the case of the distributor, the tax set forth in this section is imposed at the time the distributor:

(I) Brings, or causes to be brought, into this state from without the state tobacco products for sale;

(II) Makes, manufactures, or fabricates tobacco products in this state for sale in this state;

(III) Ships or transports tobacco products to retailers in this state to be sold by those retailers;  
or

(IV) Makes a delivery sale.

(c) In the case a remote retail seller, the tax set forth in this section is imposed at the time the remote retail seller makes a remote retail sale.

(5) Repealed.

### ANNOTATION

**The tax imposed by this section does not violate the commerce clause of the U.S. Constitution.** A state tax impermissibly discriminates against interstate commerce if it is facially discriminatory, has a discriminatory purpose, or has the effect of unduly burdening interstate commerce. A tax is discriminatory if it taxes out-of-state

transactions, entities, or products at a higher rate or if it exempts in-state transactions, entities, or products from an otherwise uniform tax. The tax imposed by this section is higher the later in the distribution network the event triggering the tax occurs, but this does not render the tax discriminatory. *McLane W., Inc. v. Dept. of Rev.*, 126 P.3d 211 (Colo. App. 2005).

#### **39-28.5-102.5. Tax levied - state constitution.**

Pursuant to section 21 of article X of the state constitution, there is levied, in addition to the tax levied pursuant to section 39-28.5-102, a tax on the sale, use, consumption, handling, or distribution of tobacco products by distributors and remote retail sellers, at a rate of twenty percent of the manufacturer's list price. The tax shall be paid to and collected by the department. The tax shall be imposed in the same manner as the tax described in section 39-28.5-102.

**39-28.5-103. Exempt sales.**

The tax imposed by section 39-28.5-102 shall not apply with respect to any tobacco products which, under the constitution and laws of the United States, may not be made the subject of taxation by this state. Such exempt sales shall be reported to the department with such information as the department shall require.

**Source: L. 86:** Entire article added, p. 1114, § 13, effective July 1.

**39-28.5-104. Licensing required - rules - fines.**

(1) It is unlawful for any person to engage in the business of a distributor of tobacco products at any place of business or to make delivery or remote retail sales without first obtaining a license granted and issued by the department, which license shall be in effect until June 30 following the date of issue, unless sooner revoked. In the case of a distributor located in this state, such license shall be granted only to a person who owns or operates the place from which the person engages in the business of a distributor of tobacco products, and, if such business is operated in two or more separate places in this state by any such person, a separate license for each place of business shall be required. Such license shall be renewed only upon timely application and payment of the required fee prior to expiration. Such licenses may be transferred in the discretion of and pursuant to the rules adopted by the department. The fee for a license shall be ten dollars per year, and such fee shall be credited to the general fund. Such fee shall be reduced at the rate of two dollars and fifty cents for each expired quarter of the license year. The department shall, on reasonable notice and after a hearing, suspend or revoke the license of any person violating any provision of this article 28.5, and no license shall be issued to such person within a period of two years thereafter. The department may share information on the names and addresses of persons who purchased tobacco products for resale with the department of public health and environment and county and district public health agencies. The department shall refuse to issue a new or renewal distributor or remote retail seller license, and shall revoke a distributor's or remote retail seller's license, if the distributor or remote retail seller owes the state any delinquent taxes administered by the department or interest thereon pursuant to this title 39 that have been determined by law to be due and unpaid, unless the distributor or remote retail seller has entered into an agreement approved by the department to pay the amount due. The department shall only issue a new or renewal distributor or remote retail seller license

to a distributor or remote retail seller that has a current license issued pursuant to section 39-26-103.

### **39-28.5-104.5. Licensing of distributing subcontractors - rules - fines.**

(1) It is unlawful for any person to engage in the business of a distributing subcontractor of tobacco products at any place of business without first obtaining a license granted and issued by the department, which license shall be in effect until June 30 following the date of issue, unless sooner revoked. Such license shall be granted only to a person who owns or operates the place from which the person engages in the business of a distributing subcontractor of tobacco products, and, if such business is operated in two or more separate places by any such person, a separate license for each place of business shall be required. Such license shall be renewed only upon timely application and payment of the required fee prior to expiration. Such licenses may be transferred in the discretion of and pursuant to the rules adopted by the department. The fee for a license shall be ten dollars per year, and such fee shall be credited to the wholesale and distributing subcontractor license fund created in section 39-28-102.5. Such fee shall be reduced at the rate of two dollars and fifty cents for each expired quarter of the license year. The department shall, on reasonable notice and after a hearing, suspend or revoke the license of any person violating any provision of this article, and no license shall be issued to such person within a period of two years thereafter. The department may share information on the names and addresses of persons who purchased tobacco products for resale with the department of public health and environment and county and district public health agencies. The department shall refuse to issue a new or renewal distributor license and shall revoke a distributor's license, if the distributor owes the state any delinquent taxes administered by the department or interest thereon pursuant to this title that have been determined by law to be due and unpaid, unless the distributor has entered into an agreement approved by the department to pay the amount due. The department shall only issue a new or renewal distributing subcontractor license to a distributing subcontractor that has a current license issued pursuant to section 39-26-103.

**39-28.5-105. Books and records to be preserved.**

(1) Every distributor shall keep at each licensed place of business complete and accurate records for that place of business, including itemized invoices of tobacco products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of tobacco products made, except sales to the ultimate consumer within the state.

(2) These records shall show the names and addresses of purchasers, the inventory of all tobacco products on hand, and other pertinent papers and documents relating to the purchase, sale, or disposition of tobacco products.

(3) When a licensed distributor sells tobacco products exclusively to the ultimate consumer within the state at the address given in the license, no invoice of those sales shall be required, but itemized invoices shall be made of all tobacco products transferred to other retail outlets owned or controlled by that licensed distributor. All books, records, and other papers and documents required by this section to be kept shall be preserved for a period of at least three years after the date of the documents, unless the department, in writing, authorizes their destruction or disposal at an earlier date.

(4) (a) Every retailer that is not also a licensed distributor shall keep at its place of business complete and accurate records to show that all tobacco products received by the retailer were purchased from a licensed distributor. The retailer shall provide a copy of such records to the department if so requested. The department may establish the acceptable form of such records.

(b) Any expenses incurred by the department related to enforcing paragraph (a) of this subsection (4) shall be paid from the tobacco settlement defense account, created in section 24-22-115 (2)(a), C.R.S., for the state fiscal year 2009-10, and from the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b), for each state fiscal year thereafter.

(5) Every remote retail seller shall keep complete and accurate records necessary for the determination of the correct tax liability, including itemized invoices to validate the actual costs paid by the remote retail seller for all cigars and pipe tobacco offered in remote retail sales to the consumer within this state.

### **39-28.5-106. Returns and remittance of tax - civil penalty.**

(1) Every distributor and remote retail seller shall file a return with the department each quarter. The return, which shall be upon forms prescribed and furnished by the department, shall contain, among other things, the total amount of tobacco products purchased by the distributor or remote retail seller during the preceding quarter and the tax due thereon.

(2) Every distributor and remote retail seller shall file a return with the department by the twentieth day of the month following the month reported and shall therewith remit the amount of tax due, less three and one-third percent of any sum so remitted that consists of tax collected after July 1, 2005, but before January 1, 2021, and less one and six-tenths percent of any sum so remitted that consists of tax collected on or after January 1, 2021, but before January 1, 2027, to cover the distributor's or remote retail seller's expense in the collection and remittance of said tax; except that no part of the tax imposed pursuant to section 39-28.5-102.5 and section 21 of article X of the state constitution shall be subject to the discount provided for in this subsection (2). If any distributor or remote retail seller is delinquent in remitting said tax, other than in unusual circumstances shown to the satisfaction of the executive director of the department, the distributor or remote retail seller shall not be allowed to retain any amounts allowed for tax periods before January 1, 2027, to cover the distributor's expense in collecting and remitting said tax, and in addition, for any tax period, the penalty imposed under section 39-28.5-110 (2)(b) shall apply.

(3) Repealed.

(4) (a) Any person, firm, limited liability company, partnership, or corporation, other than a distributor or remote retail seller, in possession of tobacco products for which taxes have not otherwise been remitted pursuant to this section shall be liable and responsible for the uncollected tax that is levied pursuant to section 39-28.5-102 and section 21 of article X of the state constitution on behalf of the distributor or remote retail seller who failed to pay the tax. The person or entity shall make the payment to the department within thirty days of first taking possession of the tobacco product. The department shall establish a form to be used for remittance of the payment. The department shall remit the proceeds it receives pursuant to this subsection (4)(a) to the state treasurer for distribution as follows:

(I) For all moneys received and collected in payment of the tax imposed pursuant to section 39-28.5-102, fifteen percent shall be credited to the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b), and eighty-five percent shall be credited to the old age pension fund; and

(II) All moneys received and collected in payment of the tax imposed pursuant to section 39-28.5-102.5 shall be credited to the tobacco tax cash fund created in section 24-22-117, C.R.S.

(b) The executive director of the department may impose a civil penalty on any person, firm, limited liability company, partnership, or corporation in possession of tobacco products that fails to make a payment required pursuant to paragraph (a) of this subsection (4) or who is a distributor by virtue of being the first person who receives the tobacco products in the state and who fails to make a payment required pursuant to this section in an amount that does not exceed five hundred percent of such payment. Any moneys received pursuant to this paragraph (b) shall be remitted to the state treasurer for deposit in the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b).

**39-28.5-107. When credit may be obtained for tax paid - repeal.**

(1) Where tobacco products, upon which the tax imposed by this article 28.5 has been reported and paid, are shipped or transported by the distributor to retailers without the state to be sold by those retailers, are shipped or transported by the distributor to a consumer without the state on or after January 1, 2021, or are returned to the manufacturer by the distributor or destroyed by the distributor, credit of such tax may be made to the distributor in accordance with regulations prescribed by the department.

(2) (a) Prior to January 1, 2025, credit shall be given by the department to a distributor or remote retail seller for all taxes levied pursuant to this article 28.5 and section 21 of article X of the state constitution and paid pursuant to the provisions of this article 28.5 that are bad debts. Such credit shall offset taxes levied pursuant to this article 28.5 and section 21 of article X of the state constitution and paid pursuant to the provisions of this article 28.5 only. No credit shall be given unless the bad debt has been charged off as uncollectible on the books of the distributor or remote retail seller. Subsequent to receiving the credit, if the distributor or remote retail seller receives a payment for the bad debt, the distributor or remote retail seller shall be liable to the department for the amount received and shall remit this amount in the next payment to the department under section 39-28.5-106.

(b) Any claim for a bad debt credit under this subsection (2) shall be supported by all of the following:

(I) A copy of the original invoice issued by the distributor or remote retail seller;

(II) Evidence that the tobacco products described in the invoice were delivered to the person who ordered them; and

(III) Evidence that the person who ordered and received the tobacco products did not pay the distributor or remote retail seller for them and that the distributor or remote retail seller used reasonable collection practices in attempting to collect the debt.

(c) If credit is given to a distributor or remote retail seller for a bad debt, the person who ordered and received the tobacco products but did not pay the distributor or remote retail seller for them shall be liable in an amount equal to the credit for the tax imposed in this article 28.5 on the tobacco products. Subsequent to receiving the credit, if the distributor or remote retail seller receives a payment for the bad debt and the distributor or remote retail seller makes a payment to the department, the amount of taxes owed by such person shall be reduced by the amount paid to the department.

(d) As used in this subsection (2), "bad debt" means the taxes attributable to any portion of a debt that is related to a sale of tobacco products subject to tax under this article 28.5, that is not otherwise deductible or excludable, that has become worthless or uncollectible in the time after the tax has been paid pursuant to section 39-28.5-106, and that is eligible to be claimed as a deduction pursuant to section 166 of the federal "Internal Revenue Code of 1986", as amended. A bad debt shall not include any interest on the wholesale price of tobacco products, uncollectible amounts on property that remain in the possession of the distributor or remote retail seller until the full purchase price is paid, expenses incurred in attempting to collect any account receivable or any portion of the debt recovered, an account receivable that has been sold to a third party for collection, or repossessed property.

(e) This subsection (2) is repealed, effective December 31, 2028.

**39-28.5-108. Distribution of tax collected.**

(1) (a) All money received and collected in payment of the tax imposed by this article 28.5, except license fees received under section 39-28.5-104 and the money collected pursuant to section 39-28.5-102.5, shall be transmitted to the state treasurer, who shall distribute such money as follows: Fifteen percent to the general fund and eighty-five percent to the old age pension fund.

(b) The net revenue that is credited to the old age pension fund created in section 1 of article XXIV of the state constitution in accordance with subsection (1)(a) of this section and section 2 (a) of article XXIV of the state constitution is transferred to the general fund in accordance with section 7 (c) of article XXIV of the state constitution. Of this money or the fifteen percent that is directly credited to the general fund, the state treasurer shall transfer an amount equal to the total revenue that is attributable to the tax increase set forth in section 39-28.5-102, approved by the voters at the statewide election in November 2020, to the 2020 tax holding fund created in section 24-22-118 (1).

(2) All moneys received and collected in payment of the tax imposed pursuant to section 39-28.5-102.5 and section 21 of article X of the state constitution shall be transmitted to the state treasurer for deposit in the tobacco tax cash fund created in section 24-22-117, C.R.S.

**39-28.5-109. Taxation by cities and towns.**

This article 28.5 does not prevent a statutory or home rule municipality, county, or city and county from imposing, levying, and collecting any special sales tax upon sales of cigarettes, tobacco products, or nicotine products, as that term is defined in section 18-13-121 (5), or upon the occupation or privilege of selling cigarettes, tobacco products, or nicotine products. This article 28.5 does not affect any existing authority of local governments to impose a special sales tax on cigarettes, tobacco products, or nicotine products, in accordance with section 39-28-112, to be used for local and governmental purposes.

**Source: L. 86:** Entire article added, p. 1115, § 13, effective July 1. **L. 2019:** Entire section amended, (HB 19-1033), ch. 53, p. 189, § 7, effective July 1.

**39-28.5-110. Prohibited acts - penalties.**

(1) It is unlawful for any person to sell and distribute any tobacco products in this state without a license as required in section 39-28.5-104, or to willfully make any false or fraudulent return or false statement on any return, or to willfully evade the payment of the tax, or any part thereof, as imposed by this article 28.5. Any distributor, remote retail seller, or agent thereof who willfully violates any provision of this article 28.5 shall be punished as provided by section 39-21-118.

(2) (a) If a person neglects or refuses to make a return as required by this article and no amount of tax is due, the executive director of the department shall impose a penalty in the amount of twenty-five dollars.

(b) If a person fails to pay the tax in the time allowed in section 39-28.5-106 (2), a penalty equal to ten percent of such tax plus one-half of one percent per month from the date when due, not to exceed eighteen percent in the aggregate, together with interest on such delinquent taxes at the rate computed under section 39-21-110.5, shall apply.

(c) In computing and assessing the penalty, penalty interest, and interest pursuant to paragraph (b) of this subsection (2), the executive director of the department may make an estimate, based upon such information as may be available, of the amount of taxes due for the period for which the taxpayer is delinquent.

**39-28.5-111. Federal requirements - affixing labels - penalty.**

(1) No person shall import into this state any tobacco product that violates any federal requirement for the placement of labels, warnings, or other information, including health hazards, required to be placed on the container or individual package.

(2) No person shall sell or offer to sell any tobacco product unless the package or container of the tobacco product complies with all federal tax laws, federal trademark and copyright laws, and federal laws regarding the placement of labels, warnings, or any other information upon a package or container of tobacco products.

(3) No person shall sell or offer to sell any tobacco product if the package or container is marked as manufactured for use outside of the United States or if any label or language has been altered from the manufacturer's original packaging and labeling to conceal the fact that the package or container of tobacco products was manufactured for use outside of the United States.

(4) (a) No person shall affix a stamp, label, or decal on a package or container of tobacco products to conceal the fact that the package or container of tobacco products was manufactured for use outside of the United States.

(b) No person shall sell or offer to sell any tobacco product on which a stamp, label, or decal was affixed to conceal the fact that the package or container of tobacco products was manufactured for use outside of the United States.

(5) The violation of any provision of this section is a class 2 misdemeanor.

(6) (a) Any package or container of tobacco products found at any place in this state that is marked for use outside of the United States is declared to be contraband goods and may be seized without a warrant by the department, its agents or employees, or by any peace officer in this state when directed or requested by the department to do so. Nothing in this section shall be construed to require the department to confiscate packages or containers of tobacco products that are so marked when it has reason to believe that the owner possesses the tobacco products for personal use and not for resale.

(b) Any tobacco products seized by virtue of the provisions of this subsection (6) shall be confiscated, and the department shall destroy such confiscated goods.

#### ANNOTATION

**The state's ability to declare packages of cigarettes marked in compliance with the federal packaging requirements as contraband is not intrusive on the advertising or promotion** of these cigarettes and is, therefore, not precluded by the supremacy clause. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

**Plaintiff not likely to prevail on equal protection challenge of this statute.** Reviewing the statute under the rational basis test, the state's desire to curb youth smoking and to shift the health-related costs of smoking onto the smoking public are legitimate governmental objectives. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

**Plaintiff not likely to prevail on contract clause challenge of this statute.** The state has demonstrated a significant and legitimate public purpose for the prohibition against repatriated tobacco products in the health and cost shifting goals of the master settlement agreement, reached between various states and the tobacco companies, which are protected by this statute. Additionally, the state's adjustment of the right to sell a product deemed dangerous to the health of its citizenry by prohibiting the further sale and distribution of that product is appropriate to the public purpose. *Premium Tobacco Stores, Inc. v. Fisher*, 51 F. Supp. 2d 1099 (D. Colo. 1999).

#### **39-28.6-101. Legislative declaration.**

- (1) The general assembly hereby finds and declares that:
  - (a) Nicotine is a highly addictive and toxic substance;
  - (b) There has been a significant increase in the use of electronic cigarettes, which heat nicotine, flavorings, and other chemicals to create an aerosol that is inhaled;
  - (c) Children in middle school and high school have reported using electronic cigarettes at alarming rates, and studies have linked electronic cigarette use among youth to nicotine addiction and cigarette smoking;
  - (d) The long-term health risks of this use are unknown, but electronic cigarette aerosol can contain harmful and potentially harmful substances including nicotine, cancer-causing chemicals, heavy metals, flavoring chemicals, ultrafine particles, and volatile organic compounds;
  - (e) Yet nicotine products are not subject to the same excise tax as cigarettes and tobacco products;
  - (f) Taxing nicotine products at the wholesale level will increase the total cost, which may serve as a deterrent to children and adolescents and in turn prevent and reduce consumption; and
  - (g) Revenue from the tax can be used toward positive outcomes in children's lives.

(2) Therefore, the general assembly intends to create a tax on nicotine products so that they are taxed in the same manner as tobacco products, including the licensing requirements that facilitate the collection of the tax.

### **39-28.6-102. Definitions.**

As used in this article 28.6, unless the context otherwise requires:

(1) "Delivery sale" means a sale of nicotine products to a consumer in this state when:

(a) The consumer submits an order for the nicotine products to a delivery seller for sale by means other than an over-the-counter sale on the delivery seller's premises, including, but not limited to, telephone or other voice transmission, the mail or other delivery service, or the internet or other online service; and

(b) The nicotine products are delivered when the seller is not in the physical presence of the consumer when the consumer obtains possession of the nicotine products by use of a common carrier, private delivery service, mail, or any other means.

(2) "Delivery seller" means a person located outside of this state who makes delivery sales.

(3) "Department" means the department of revenue.

(4) "Distributor" means every person who:

(a) First receives nicotine products in this state;

(b) Sells nicotine products in this state and is primarily liable for the nicotine products tax on the nicotine products;

(c) First sells or offers for sale in this state nicotine products imported into this state from any other state or country; or

(d) Makes a delivery sale.

(5) (a) "Manufacturer's list price" means, except as provided in subsections (5)(b) and (5)(c) of this section, the invoice price for which a manufacturer or supplier sells a nicotine product to a distributor exclusive of any discount or other reduction.

(b) For a delivery seller, if determining the invoice price described in subsection (5)(a) of this section is impracticable, then "manufacturer's list price" means the average of the actual

price paid, exclusive of any rebates or discounts applied, for the nicotine product's stock keeping unit during the preceding calendar year. The department may, by written notice to the delivery seller, prospectively require a delivery seller to calculate the tax on the invoice price if the department finds that the delivery seller's use of the average price paid was for the purpose of avoiding tax.

(c) For a manufacturer who is also a delivery seller or a retailer, and who sells nicotine products exclusively to consumers and not to suppliers or distributors, "manufacturer's list price" means the manufacturer's cost to manufacture the nicotine product, which includes the manufacturing overhead and the cost of all direct materials and direct labor used.

(6) "Modified risk tobacco product" means any tobacco product for which the secretary of the United States department of health and human services has issued an order authorizing the product to be commercially marketed as a modified risk tobacco product in accordance with 21 U.S.C. sec. 387k, or any successor section; except that the term does not include a noncombustible product that produces vapor or aerosol for inhalation from the application of a heating element to a liquid substance containing nicotine.

(7) "Nicotine product" means a product that contains nicotine derived from tobacco or created synthetically that is intended for human consumption, whether by vaporizing, chewing, smoking, absorbing, dissolving, inhaling, snorting, sniffing, aerosolizing, or by any other means, and that is not:

(a) A cigarette;

(b) Tobacco products, as defined in section 39-28.5-101 (14); or

(c) A drug, device, or combination product authorized for sale by the United States department of health and human services, as those terms are defined in the "Federal Food, Drug, and Cosmetic Act", 21 U.S.C. sec. 301 et seq.

(8) "Sale" means any transfer, exchange, or barter, in any manner or by any means whatsoever, for a consideration, including all sales made by any person. The term includes:

(a) A gift by a person engaged in the business of selling nicotine products, for advertising, as a means of evading the provisions of this article 28.6, or for any other purposes whatsoever; and

(b) A delivery sale.

**39-28.6-103. Tax levied.**

(1) There is levied a tax upon the sale, use, consumption, handling, or distribution of all nicotine products in this state, excluding nicotine products that are modified risk tobacco products, at the rate of:

(a) Thirty percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2021, but prior to January 1, 2022;

(b) Thirty-five percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2022, but prior to January 1, 2023;

(c) Fifty percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2023, but prior to July 1, 2024;

(d) Fifty-six percent of the manufacturer's list price of the nicotine products for the tax levied on and after July 1, 2024, but prior to July 1, 2027; and

(e) Sixty-two percent of the manufacturer's list price of the nicotine products for the tax levied on and after July 1, 2027.

(2) There is levied a tax upon the sale, use, consumption, handling, or distribution of nicotine products that are modified risk tobacco products in this state at the rate of:

(a) Fifteen percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2021, but prior to January 1, 2022;

(b) Seventeen and one-half percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2022, but prior to January 1, 2023;

(c) Twenty-five percent of the manufacturer's list price of the nicotine products for the tax levied on and after January 1, 2023, but prior to July 1, 2024;

(d) Twenty-eight percent of the manufacturer's list price of the nicotine products for the tax levied on and after July 1, 2024, but prior to July 1, 2027; and

(e) Thirty-one percent of the manufacturer's list price of the nicotine products for the tax levied on and after July 1, 2027.

(3) The tax set forth in this section is collected by the department and is imposed at the time the distributor:

(a) Brings, or causes to be brought, into this state from without the state nicotine products for sale;

(b) Makes, manufactures, or fabricates nicotine products in this state for sale in this state;

(c) Ships or transports nicotine products to retailers in this state to be sold by those retailers;  
or

(d) Makes a delivery sale.

(See L. 2023, p. 2024). The ballot issue specified in § 39-28-502 (1) was referred to the registered electors as Proposition II on November 7, 2023. It was approved by the voters and proclaimed by the Governor on December 15, 2023, with the following vote count:

FOR: 1,130,047

AGAINST: 543,405

#### **39-28.6-104. Exempt sales.**

The tax imposed by section 39-28.6-103 shall not apply with respect to any nicotine products that, under the constitution and laws of the United States, may not be made the subject of taxation by this state. A person shall report the exempt sales to the department, as required by the department.

**Source: L. 2020:** Entire article added, (HB 20-1427), ch. 248, p. 1200, § 18, effective January 1, 2021.

**39-28.6-105. Licensing required - rules - fines.**

Beginning January 1, 2021, it is unlawful for any person to engage in the business of a distributor of nicotine products at any place of business without first obtaining a license granted and issued by the department, which license is in effect until June 30 following the date of issue, unless sooner revoked. The department shall grant a license only to a person who owns or operates the place from which the person engages in the business of a distributor of nicotine products, and, if the business is operated in two or more separate places by the person, a separate license for each place of business is required. A license may be renewed only upon timely application and payment of the required fee prior to expiration. A license may be transferred in the discretion of and pursuant to the rules adopted by the department. The fee for a license is ten dollars per year, and the fee is credited to the general fund. The fee is reduced at the rate of two dollars and fifty cents for each expired quarter of the license year. The department shall, on reasonable notice and after a hearing, suspend or revoke the license of any person violating any provision of this article 28.6, and the department shall not issue a license to the same person within a period of two years thereafter. The department may share information on the names and addresses of persons who purchased nicotine products for resale with the department of public health and environment and county and district public health agencies. The department shall refuse to issue a new or renewal distributor license, and shall revoke a distributor's license, if the distributor owes the state any delinquent taxes administered by the department or interest thereon pursuant to this title 39 that have been determined by law to be due and unpaid, unless the distributor has entered into an agreement approved by the department to pay the amount due. The department shall only issue a new or renewal distributor license to a distributor that has a current license issued pursuant to section 39-26-103.

**Source: L. 2020:** Entire article added, (HB 20-1427), ch. 248, p. 1200, § 18, effective January 1, 2021.

**39-28.6-106. Books and records to be preserved.**

(1) Every distributor shall keep at each licensed place of business complete and accurate records for that place of business, including itemized invoices of nicotine products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of nicotine products made, except sales to the ultimate consumer within the state.

(2) The distributor's records must show the names and addresses of purchasers, the inventory of all nicotine products on hand, and other pertinent papers and documents relating to the purchase, sale, or disposition of nicotine products.

(3) When a licensed distributor sells nicotine products exclusively to the ultimate consumer within the state at the address given in the license, no invoice of those sales is required, but the licensed distributor shall make itemized invoices of all nicotine products transferred to other retail outlets owned or controlled by that licensed distributor. A distributor shall preserve all books, records, and other papers and documents required by this section to be kept for a period of at least three years after the date of the documents, unless the department, in writing, authorizes their destruction or disposal at an earlier date.

(4) (a) Every retailer that is not also a licensed distributor shall keep at its place of business complete and accurate records to show that all nicotine products received by the retailer were purchased from a licensed distributor. The retailer shall provide a copy of such records to the department if so requested. The department may establish the acceptable form of such records.

(b) The general assembly shall appropriate money for any expenses incurred by the department related to enforcing subsection (4)(a) of this section from the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b).

**Source: L. 2020:** Entire article added, (HB 20-1427), ch. 248, p. 1201, § 18, effective January 1, 2021.

#### **39-28.6-107. Returns and remittance of tax - civil penalty - rules.**

(1) Every distributor shall file a return with the department each quarter. The return, which must be upon forms prescribed and furnished by the department, must contain, among other things, the total amount of nicotine products purchased by the distributor during the preceding quarter and the tax due thereon.

(2) Every distributor shall file a return with the department by the twentieth day of the month following the month reported and shall therewith remit the amount of tax due. For tax periods beginning before January 1, 2027, a distributor is entitled to claim a discount of one and one-tenth percent of any amount remitted to cover the distributor's expense in the collection and remittance of the tax. If any distributor is delinquent in remitting the tax, other than in unusual circumstances shown to the satisfaction of the executive director of the department, the distributor is not allowed to retain any amounts allowed for tax periods before January 1, 2027, to cover the distributor's expense in collecting and remitting the tax and, in addition, for any tax period, the penalty imposed under section 39-28.6-111 (2)(b) applies.

(3) The department shall require distributors to use electronic funds transfers to remit tax payments due pursuant to this article 28.6 to the department and shall require distributors to file

tax returns electronically. The department may promulgate rules governing electronic payment and filing.

(4) (a) Any person, firm, limited liability company, partnership, or corporation, other than a distributor, in possession of nicotine products for which taxes have not otherwise been remitted pursuant to this section is liable and responsible for the uncollected tax that is levied pursuant to section 39-28.6-103 on behalf of the distributor who failed to pay the tax. The person or entity shall make the payment to the department within thirty days of first taking possession of the nicotine product. The department shall establish a form to be used for remittance of the payment. The department shall remit the proceeds it receives pursuant to this subsection (4)(a) to the state treasurer, and the state treasurer shall credit fifteen percent of the proceeds to the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b) and eighty-five percent to the old age pension fund created in section 1 of article XXIV of the state constitution.

(b) The executive director of the department may impose a civil penalty on any person, firm, limited liability company, partnership, or corporation in possession of nicotine products that fails to make a payment required pursuant to subsection (4)(a) of this section or who is a distributor by virtue of being the first person who receives the nicotine products in the state and who fails to make a payment required pursuant to this section in an amount that does not exceed five hundred percent of such payment. The department shall remit any money received pursuant to this subsection (4)(b) to the state treasurer for deposit in the tobacco tax enforcement cash fund created in section 39-28-107 (1)(b).

### **39-28.6-108. When credit may be obtained for tax paid.**

Where nicotine products, upon which the tax imposed by this article 28.6 has been reported and paid, are shipped or transported by the distributor to retailers without the state to be sold by those retailers, are shipped or transported by the distributor to a consumer without the state on or after January 1, 2021, or are returned to the manufacturer by the distributor or destroyed by the distributor, credit of such tax may be made to the distributor in accordance with regulations prescribed by the department.

**39-28.6-109. Distribution of tax collected.**

(1) The state treasurer shall credit the money collected for payment of the tax imposed under this article 28.6 to the old age pension fund created in section 1 of article XXIV of the state constitution in accordance with section 2 (a) and (f) of article XXIV of the state constitution and shall further transfer an amount equal to this amount to the general fund in accordance with section 7 (c) of article XXIV of the state constitution.

(2) The state treasurer shall transfer an amount equal to the tax imposed under this article 28.6 from the general fund to the 2020 tax holding fund created in section 24-22-118 (1).

**39-28.6-110. Taxation by cities and towns.**

This article 28.6 does not prevent a statutory or home rule municipality, county, or city and county from imposing, levying, and collecting any special sales tax upon sales of cigarettes, tobacco products, or nicotine products, as that term is defined in section 18-13-121 (5), or upon the occupation or privilege of selling cigarettes, tobacco products, or nicotine products. This article 28.6 does not affect any existing authority of local governments to impose a special sales tax on cigarettes, tobacco products, or nicotine products, in accordance with section 39-28-112, to be used for local and governmental purposes.

**Source: L. 2020:** Entire article added, (HB 20-1427), ch. 248, p. 1203, § 18, effective January 1, 2021.

**39-28.6-111. Prohibited acts - penalties.**

(1) Beginning January 1, 2021, it is unlawful for any distributor to sell and distribute any nicotine products in this state without a license as required in section 39-28.6-105, or to willfully make any false or fraudulent return or false statement on any return, or to willfully evade the payment of the tax, or any part thereof, as imposed by this article 28.6. Any distributor or agent

thereof who willfully violates any provision of this article 28.6 is subject to punishment as provided by section 39-21-118.

(2) (a) If a person neglects or refuses to make a return as required by this article 28.6 and no amount of tax is due, the executive director of the department shall impose a penalty in the amount of twenty-five dollars.

(b) If a person fails to pay the tax in the time allowed in section 39-28.6-107, a penalty equal to ten percent of the tax plus one-half of one percent per month from the date when due, together with interest on such delinquent taxes at the rate computed under section 39-21-110.5, applies.

(c) In computing and assessing the penalty, penalty interest, and interest pursuant to subsection (2)(b) of this section, the executive director of the department may make an estimate, based upon information as may be available, of the amount of taxes due for the period for which the taxpayer is delinquent.

PART 1  
DEFINITIONS

**39-28.8-101. Definitions.**

Unless the context otherwise requires, any terms not defined in this article 28.8 have the meanings set forth in article 26 of this title 39. As used in this article 28.8, unless the context otherwise requires:

(1) "Affiliated marijuana business licensees" means marijuana business licensees that are owned or controlled by the same or related interests, where "related interests" includes individuals who are related by blood or marriage or entities that are directly or indirectly controlled by an entity or individual or related individuals.

(1.5) "Average market rate" means the average price, as determined by the department on a quarterly basis, of all unprocessed retail marijuana that is sold or transferred from retail marijuana cultivation facilities in the state to retail marijuana product manufacturing facilities or retail marijuana stores, less taxes paid on the sales or transfers. An "average market rate" may be based on the purchaser or transferee of unprocessed retail marijuana or on the nature of the unprocessed retail marijuana that is sold or transferred. The "average market rate" must include one or more rates that cover unprocessed marijuana that is allocated to extractions, including fresh frozen indoor unprocessed retail marijuana and fresh frozen outdoor unprocessed retail marijuana. The initial rates for unprocessed marijuana that are allocated to extractions must be lower than the rate for unprocessed marijuana that is allocated for direct sale to consumers. The department shall adopt rules to establish the rates for fresh frozen indoor unprocessed retail marijuana and fresh frozen outdoor unprocessed retail marijuana on or before July 1, 2027.

(2) "Consumer" means a person twenty-one years of age or older who purchases retail marijuana or retail marijuana products for personal use by persons twenty-one years of age or older but not for resale to others.

(2.5) "Contract price" means the invoice price charged by a retail marijuana cultivation facility to each licensed purchaser for each sale or transfer of unprocessed retail marijuana, exclusive of any tax that is included in the written invoice price, and exclusive of any discount or other reduction. In the case of multiple invoices reflecting multiple prices for the same transaction, "contract price" is the highest such price.

(3) "Department" means the department of revenue.

(4) "Hemp" has the meaning set forth in section 35-61-101 (7).

(4.5) "Indoor unprocessed retail marijuana" means unprocessed retail marijuana cultivated in any manner other than outdoor unprocessed retail marijuana, as defined in subsection (6.7) of this section.

(5) "Local government" means a county, municipality, or city and county.

(6) "Medical marijuana store" means an entity licensed by the department to sell marijuana and marijuana products pursuant to section 14 of article XVIII of the state constitution and the "Colorado Marijuana Code", article 10 of title 44, or its predecessor codes.

(6.5) "Natural weather conditions" means ambient temperature, precipitation, and humidity.

(6.7) (a) "Outdoor unprocessed retail marijuana" means unprocessed retail marijuana that, except as provided in subsection (6.7)(b) of this section, was cultivated under natural sunlight without artificial light or light deprivation, with direct exposure to natural weather conditions, and not within an indoor facility, greenhouse, or other structure that prevents exposure to natural sunlight and natural weather conditions.

(b) Outdoor unprocessed marijuana may be:

(I) Cultivated using artificial light to maintain vegetative plants under twenty-four inches in height and to maintain mother plants;

(II) Cultivated using irrigation, fertigation, or similar agricultural practices; and

(III) Protected from an adverse weather event pursuant to a contingency plan approved by the state licensing authority pursuant to section 44-10-602 (14).

(7) (a) (I) "Retail marijuana" means all parts of the plant of the genus *cannabis* whether growing or not, the seeds of the plant, the resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or its resin, including marijuana concentrate;

(II) "Retail marijuana" includes:

(A) A nonintoxicating cannabinoid, as defined in section 44-10-103 (42.5), produced from retail marijuana;

(B) A potentially intoxicating cannabinoid, as defined in section 44-10-103 (48.5), produced from retail marijuana; and

(C) An intoxicating cannabinoid, as defined in section 44-10-103 (22.5), produced from retail marijuana.

(b) "Retail marijuana" does not include hemp, nor does it include fiber produced from the stalks, oil, cake made from the seeds of the plant, sterilized seed of the plant that is incapable of germination, or the weight of any other ingredient combined with marijuana to prepare topical or oral administrations, food, drink, or other product.

(8) "Retail marijuana cultivation facility" means an entity licensed to cultivate, prepare, and package retail marijuana and sell retail marijuana to retail marijuana stores, to retail marijuana product manufacturing facilities, and to other retail marijuana cultivation facilities, but not to consumers.

(9) "Retail marijuana products" means concentrated retail marijuana products and retail marijuana products that are comprised of retail marijuana and other ingredients and are intended for use or consumption, such as, but not limited to, edible products, ointments, and tinctures.

(10) "Retail marijuana product manufacturing facility" means an entity licensed to purchase retail marijuana; manufacture, prepare, and package retail marijuana products; and sell retail marijuana and retail marijuana products to other retail marijuana product manufacturing facilities and to retail marijuana stores, but not to consumers.

(11) "Retail marijuana sales tax" means the sales tax imposed on retail marijuana and retail marijuana products pursuant to part 2 of this article.

(12) "Retail marijuana store" means an entity licensed by the department to purchase retail marijuana from retail marijuana cultivation facilities and retail marijuana and retail marijuana products from retail marijuana product manufacturing facilities and to sell retail marijuana and retail marijuana products to consumers.

(12.5) "Retail marijuana taxes" means the retail marijuana excise tax imposed under section 39-28.8-302 and the retail marijuana sales tax imposed under section 39-28.8-202.

(13) "Sale" means any exchange or barter, in any manner or by any means whatsoever, for consideration.

(14) "Transfer" means to grant, convey, hand over, assign, sell, exchange, or barter, in any manner or by any means, with or without consideration.

(15) "Unprocessed retail marijuana" means marijuana at the time of the first transfer or sale from a retail marijuana cultivation facility to a retail marijuana product manufacturing facility or a retail marijuana store.

## PART 2

### RETAIL MARIJUANA SALES TAX

#### **39-28.8-201. Retail marijuana sales tax - administration - enforcement.**

The tax imposed pursuant to this part 2 shall be administered and enforced in accordance with the provisions of article 21 of this title and part 1 of article 26 of this title, including, without limitation, any penalties for failure to make any return or to collect or pay any tax; except that, in the event of a conflict between the provisions of this part 2 and the provisions of article 21 of this title or part 1 of article 26 of this title, the provisions of this part 2 shall control.

**Source: L. 2013:** Entire article added, (HB 13-1318), ch. 330, p. 1868, § 1, effective May 28.

#### **39-28.8-201.5. Average market rate - unprocessed retail marijuana - description.**

For each average market rate category of unprocessed retail marijuana that the department establishes pursuant to section 39-28.8-101 (1.5), the department shall publish a general description of the methodology and data sources used to calculate the rate, while protecting confidential, proprietary, and identifying information.

**Source: L. 2026:** Entire section added, (HB 26-1077), ch. 348, p. 2113, § 2, effective July 1.

**39-28.8-202. Retail marijuana sales tax.**

(1) (a) (I) In addition to the tax imposed pursuant to part 1 of article 26 of this title 39 and the sales tax imposed by a local government pursuant to title 29, 30, 31, or 32, but except as otherwise set forth in subsections (1)(a)(II) and (1)(a)(III) of this section, beginning January 1, 2014, and through June 30, 2017, there is imposed upon all sales of retail marijuana and retail marijuana products by a retailer a tax at the rate of ten percent of the amount of the sale. Beginning July 1, 2017, there is imposed upon all sales of retail marijuana and retail marijuana products by a retailer a tax at the rate of fifteen percent of the amount of the sale. The tax imposed by this section is computed in accordance with schedules or forms prescribed by the executive director of the department; except that a retail marijuana store is not allowed to retain any portion of the retail marijuana sales tax collected pursuant to this part 2 to cover the expenses of collecting and remitting the tax. The executive director may promulgate rules to implement this section.

(II) If, for the fiscal year 2014-15, fiscal year spending is greater than twelve billion eighty million dollars or if the revenue from retail marijuana taxes is greater than sixty-seven million dollars, then on September 16, 2015, the rate of the tax imposed under subparagraph (I) of this paragraph (a) is reduced as specified in section 20 (3)(c) of article X of the state constitution. On September 17, 2015, in accordance with paragraph (b) of this subsection (1) and the authority that the voters conferred through their approval of proposition AA at the November 2013 election, the rate is increased back to ten percent.

(III) (A) If the ballot issue referred to the voters in accordance with section 39-28.8-603 (1) is placed on the November 3, 2015, ballot and a majority of the electors voting thereon vote "No/Against", then on January 1, 2016, the rate of the tax imposed under subparagraph (I) of this paragraph (a) is reduced to one-tenth of one percent as a method to refund revenues that exceed an estimate included in the ballot information booklet for proposition AA.

(B) If the retail marijuana sales tax rate is reduced in accordance with sub-subparagraph (A) of this subparagraph (III), then on March 3, 2016, and on the third business day of the next three months thereafter, if necessary, the executive director of the department shall determine whether the amount refunded to that date through the rate reduction is greater than or equal to the required retail marijuana sales tax refund. If so, then the rate reduction expires on the fifth day after the determination. If, as of June 3, 2016, the amount refunded through the rate reduction is still less than the required retail marijuana sales tax refund, then the rate reduction expires on June 30, 2016. The executive director shall estimate the amount of the refund for the time included in a determination for which the actual revenue is unknown.

(C) On the day after the temporary retail marijuana rate reduction expires in accordance with sub-subparagraph (B) of this subparagraph (III), the retail marijuana tax rate is increased back to ten percent.

(D) As used in this subparagraph (III), "required retail marijuana sales tax refund" means an amount equal to the total proposition AA blue book refund amount calculated under section 39-28.8-602 (1) minus the sum of the amounts refunded through section 39-28.8-605 (3) and (4).

(b) The maximum tax rate that may be imposed pursuant to this section is fifteen percent. At any time on or after January 1, 2014, the general assembly may, by a bill enacted by the general assembly and that becomes law:

(I) Establish a tax rate to be imposed pursuant to this subsection (1) that is lower than fifteen percent of the sale of retail marijuana or retail marijuana products; or

(II) After establishing a tax rate that is lower than fifteen percent pursuant to subparagraph (I) of this paragraph (b), increase the tax rate to be imposed pursuant to this subsection (1); except that, in no event shall the general assembly increase the tax rate above fifteen percent of the sale of retail marijuana or retail marijuana products. Notwithstanding any other provision of law, an increase in the tax rate pursuant to this subparagraph (II) shall not require voter approval subsequent to the voter approval required pursuant to part 4 of this article.

(2) Nothing in this section shall be construed to impose a tax on the sale of marijuana or marijuana products to any person by a medical marijuana center.

(3) Repealed.

**39-28.8-203. Disposition of collections - definitions.**

(1) The proceeds of all money collected from the retail marijuana sales tax are initially credited to the old age pension fund created in section 1 of article XXIV of the state constitution in accordance with sections 2 (a) and 2 (f) of article XXIV of the state constitution and thereafter are transferred to the general fund in accordance with section 7 of article XXIV of the state constitution. For each fiscal year in which a tax is collected pursuant to this part 2, an amount shall be appropriated or distributed from the general fund as follows:

(a) (I) Before July 1, 2017, an amount equal to fifteen percent of the gross retail marijuana sales tax revenue collected by the department is apportioned to local governments. On and after July 1, 2017, but before July 1, 2025, an amount equal to ten percent of the gross retail marijuana sales tax revenue collected by the department is apportioned to local governments. On and after July 1, 2025, but before July 1, 2026, an amount equal to three and one-half percent of the gross retail marijuana sales tax revenue collected by the department is apportioned to local governments. The city or town share is apportioned according to the percentage that retail marijuana sales tax revenue collected by the department within the boundaries of the city or town bear to the total retail marijuana sales tax revenue collected by the department. The county share is apportioned according to the percentage that retail marijuana sales tax revenue collected by the department in the unincorporated area of the county bear to total retail marijuana sales tax revenue collected by the department.

(I.5) Repealed.

(II) The department of revenue shall certify to the state treasurer, at least annually, the percentage for apportionment to each local government, and the percentage for apportionment so certified shall be applied by said department in all distributions to local governments until changed by certification to the state treasurer.

(III) Distribution to each local government pursuant to this paragraph (a) shall be made monthly, no later than the fifteenth day of the second successive month after the month for which retail marijuana sales tax collections are made.

(IV) Each local government, upon request and during established business hours, shall be entitled to verify with the executive director of the department or the executive director's designee the proceeds to which the local government is entitled pursuant to the provisions of this paragraph (a).

(V) Moneys apportioned pursuant to this paragraph (a) shall be included for informational purposes in the general appropriation bill or in supplemental appropriation bills for the purpose of complying with the limitation on state fiscal year spending imposed by section 20 of article X of the state constitution and section 24-77-103, C.R.S.

(VI) Nothing in this subsection (1)(a) prevents a local government from imposing, levying, and collecting any fee or any tax upon the sale of retail marijuana or retail marijuana products or upon the occupation or privilege of selling retail marijuana products, nor shall the provisions of this subsection (1)(a) be interpreted to affect any existing authority of a local government to impose a tax on retail marijuana or retail marijuana products to be used for local and municipal purposes; however, any local tax imposed at other than the local jurisdiction's general sales tax rate shall not be collected, administered, and enforced by the department of revenue pursuant to part 2 of article 2 of title 29, but shall instead be collected, administered, and enforced by the local government itself.

(b) (I) Until July 1, 2017, the state treasurer shall transfer from the general fund to the marijuana tax cash fund an amount equal to eighty-five percent of the gross retail marijuana sales tax revenue collected by the department.

(I.3) On and after July 1, 2017, but before July 1, 2018, of the ninety percent of the gross retail marijuana sales tax revenue in the general fund remaining after the allocation to local governments required by subsection (1)(a)(I) of this section is made, the state treasurer shall retain twenty-eight and fifteen one-hundredths percent less thirty million dollars in the general fund for use for any lawful purpose and shall transfer from the general fund:

(A) Seventy-one and eighty-five one-hundredths percent to the marijuana tax cash fund; and

(B) Thirty million dollars to the state public school fund created in section 22-54-114 (1) for use as specified in section 22-54-139 (2).

(I.5) On and after July 1, 2018, but before July 1, 2025, of the ninety percent of the gross retail marijuana sales tax revenue in the general fund remaining after the allocation to local governments required by subsection (1)(a)(I) of this section is made, the state treasurer shall retain fifteen and fifty-six one-hundredths percent in the general fund for use for any lawful purpose and shall transfer from the general fund:

(A) Seventy-one and eighty-five one-hundredths percent to the marijuana tax cash fund; and

(B) Twelve and fifty-nine one-hundredths percent to the state public school fund created in section 22-54-114 (1) for use as specified in section 22-54-139 (3).

(I.6) On and after July 1, 2025, but before July 1, 2026, of the ninety-six and one-half percent of the gross retail marijuana sales tax revenue in the general fund remaining after the allocation to local governments required by subsection (1)(a)(I) of this section is made, the state

treasurer shall retain fourteen and fifty-one one-hundredths percent in the general fund for use for any lawful purpose and shall transfer from the general fund:

- (A) Seventy-two and two-tenths percent to the marijuana tax cash fund;
- (B) Eleven and seventy-four one-hundredths percent to the state public school fund created in section 22-54-114 (1) for use as specified in section 22-54-139 (3); and
- (C) One and fifty-five one-hundredths percent to the marijuana cash fund created in section 44-10-801 (1)(a).

(I.7) On and after July 1, 2026, the state treasurer shall retain fourteen percent of the gross retail marijuana sales tax revenue in the general fund for use for any lawful purpose and transfer:

- (A) Seventy-three and seventeen one-hundredths percent to the marijuana tax cash fund;
- (B) Eleven and thirty-three one-hundredths percent to the state public school fund created in section 22-54-114 (1) for use as specified in section 22-54-139 (3); and
- (C) One and fifty one-hundredths percent to the marijuana cash fund created in section 44-10-801 (1)(a).

(II) Repealed.

(III) The general assembly shall make appropriations from the marijuana tax cash fund for the expenses of the administration of this section.

(2) Repealed.

(2.5) On or after November 1, 2027, but prior to April 1, 2028, the joint budget committee shall review the percentage of the gross retail marijuana sales tax revenue that is allocated to local governments pursuant to subsection (1)(a)(I) of this section to determine whether the percentage continues to be appropriate. The committee shall recommend to the general assembly any modifications to the allocation that the committee deems necessary.

(3) As used in this section:

- (a) "Ballot issue" means the ballot issue referred to the voters in accordance with section 39-28.8-603 (1).
- (b) "Marijuana tax cash fund" is the cash fund created in section 39-28.8-501 (1).

## PART 3

### RETAIL MARIJUANA EXCISE TAX

#### **39-28.8-301. Retail marijuana excise tax - administration - enforcement.**

The tax imposed pursuant to this part 3 shall be administered and enforced in accordance with the provisions of article 21 of this title and part 1 of article 26 of this title, including, without limitation, any penalties for failure to make any return or to collect or pay any tax; except that, in the event of a conflict between the provisions of this part 3 and the provisions of article 21 of this title or part 1 of article 26 of this title, the provisions of this part 3 shall control.

**Source: L. 2013:** Entire article added, (HB 13-1318), ch. 330, p. 1871, § 1, effective May 28.

#### **39-28.8-302. Retail marijuana - excise tax levied at first transfer from retail marijuana cultivation facility - tax rate.**

(1) (a) (I) Except as otherwise provided in subsection (1)(b) or (1)(c) of this section, there is levied and shall be collected, in addition to the sales tax imposed pursuant to part 1 of article 26 of this title 39 and part 2 of this article 28.8, a tax on the first sale or transfer of unprocessed retail marijuana by a retail marijuana cultivation facility, at a rate of fifteen percent of the average market rate of the unprocessed retail marijuana if the transaction is between affiliated retail marijuana business licensees. Except as otherwise provided in subsection (1)(b) or (1)(c) of this section, there is levied and shall be collected, in addition to the sales tax imposed pursuant to part 1 of article 26 of this title 39 and part 2 of this article 28.8, a tax on the first sale or transfer of unprocessed retail marijuana by a retail marijuana cultivation facility, at a rate of fifteen percent of the contract price for unprocessed retail marijuana if the transaction is between unaffiliated retail marijuana business licensees. Retail marijuana excise tax shall also be calculated as fifteen percent of the contract price when the first transfer of retail marijuana that has been harvested for sale at a retail marijuana store or extraction by a retail marijuana product manufacturing facility is between unaffiliated retail marijuana cultivation facilities. The tax shall be imposed at the time when the retail marijuana cultivation facility first sells or transfers unprocessed retail marijuana from the retail marijuana cultivation facility to a retail marijuana product manufacturing facility or a retail marijuana store.

(II) If, for the fiscal year 2014-15, fiscal year spending is greater than twelve billion eighty million dollars or if the revenue from retail marijuana taxes is greater than sixty-seven million

dollars, then on September 16, 2015, the rate of the tax imposed under subparagraph (I) of this paragraph (a) is reduced as specified in section 20 (3)(c) of article X of the state constitution. On September 17, 2015, in accordance with paragraph (b) of this subsection (1) and the authority that the voters conferred through their approval of proposition AA at the November 2013 election, the rate is increased back to fifteen percent.

(b) The fifteen percent tax rate specified in paragraph (a) of this subsection (1) is the maximum tax rate that may be imposed pursuant to this section. At any time on or after January 1, 2014, the general assembly may, by a bill enacted by the general assembly and that becomes law:

(I) Establish a tax rate to be imposed pursuant to this subsection (1) that is lower than fifteen percent of the average market rate of unprocessed retail marijuana at the time that it is sold or transferred; or

(II) After establishing a tax rate that is lower than fifteen percent pursuant to subparagraph (I) of this paragraph (b), increase the tax rate to be imposed pursuant to this subsection (1); except that in no event shall the general assembly increase the tax rate above fifteen percent of the average market rate of unprocessed retail marijuana at the time that it is sold or transferred. Notwithstanding any other provision of law, an increase in the tax rate pursuant to this subparagraph (II) shall not require voter approval subsequent to the voter approval required pursuant to part 4 of this article.

(c) The transfer of unprocessed retail marijuana exclusively for microbial control is deemed to not be the first transfer of unprocessed retail marijuana for the purposes of this section.

(2) (a) Except as provided in subsection (2)(b) of this section, the tax imposed pursuant to subsection (1) of this section shall not be levied on the sale or transfer of unprocessed marijuana by a marijuana cultivation facility to a medical marijuana center.

(b) A transfer and change of designation of retail marijuana to medical marijuana pursuant to sections 44-10-502 (9) and 44-10-602 (13) or retail marijuana that has been extracted and is in a concentrated form to medical marijuana that has been extracted and is in a concentrated form pursuant to sections 44-10-503 (12) and 44-10- 603 (15) is not a transaction that creates a right to a refund of a retail marijuana excise tax imposed or paid prior to that transfer and change of designation.

(3) The department of revenue shall provide local governments with information regarding the tax collected pursuant to this section under a confidential shared-use agreement.

### **39-28.8-303. Books and records to be preserved.**

(1) Every retail marijuana cultivation facility shall keep at each licensed place of business complete and accurate electronic records for that place of business, including itemized invoices of all retail marijuana grown, held, shipped, or otherwise transported or sold to retail marijuana product manufacturing facilities, retail marijuana stores, or other retail marijuana cultivation facilities in this state.

(2) The records required by subsection (1) of this section shall include the names and addresses of retail marijuana product manufacturing facilities, retail marijuana stores, or other retail marijuana cultivation facilities to which unprocessed retail marijuana is sold or transferred, the inventory of all unprocessed retail marijuana on hand, and other pertinent papers and documents relating to the sale or transfer of unprocessed retail marijuana.

(3) A retail marijuana cultivation facility shall keep itemized invoices of all unprocessed marijuana transferred to retail marijuana stores owned or controlled by the owners of the retail marijuana cultivation facility.

(4) Every retail marijuana store shall keep at its place of business complete and accurate records to show that all retail marijuana received by the retail marijuana store was purchased from a retail marijuana cultivation facility. The retail marijuana store shall provide a copy of such records to the department if so requested. The department may establish the acceptable form of such records.

**SUBMISSION OF BALLOT QUESTIONS REGARDING RETAIL  
MARIJUANA SALES AND EXCISE TAX**

**39-28.8-401. Submission of ballot questions regarding imposition of retail marijuana sales and excise tax.**

(1) The secretary of state shall submit a ballot question to a vote of the registered electors of the state of Colorado at the statewide election to be held in November 2013, for their approval or rejection. For purposes of title 1, C.R.S., the ballot question is a proposition. Each elector voting at said November election shall cast a vote as provided by law either "Yes/For" or "No/Against" on the proposition: "Shall state taxes be increased by \$70,000,000 annually in the first full fiscal year and by such amounts as are raised annually thereafter by imposing an excise tax of 15% when unprocessed retail marijuana is first sold or transferred by a retail marijuana cultivation facility with the first \$40,000,000 of tax revenues being used for public school capital construction as required by the state constitution, and by imposing an additional sales tax of 10% on the sale of retail marijuana and retail marijuana products with the tax revenues being used to fund the enforcement of regulations on the retail marijuana industry and other costs related to the implementation of the use and regulation of retail marijuana as approved by the voters, with the rate of either or both taxes being allowed to be decreased or increased without further voter approval so long as the rate of either tax does not exceed 15%, and with the resulting tax revenue being allowed to be collected and spent notwithstanding any limitations provided by law?"

(2) The votes cast for the adoption or rejection of the question submitted pursuant to subsection (1) of this section shall be canvassed and the result determined in the manner provided by law for the canvassing of votes for representatives in congress.

## PART 5

### MARIJUANA TAX CASH FUND

**39-28.8-500.3. Definitions.**

As used in this part 5, unless the context otherwise requires:

(1) "Fund" means the marijuana tax cash fund created in section 39-28.8-501 (1).

**Source: L. 2025:** Entire section added, (SB 25-275), ch. 377, p. 2105, § 321, effective August 6.

**39-28.8-501. Marijuana tax cash fund - creation - distribution - legislative declaration - repeal.**

(1) The marijuana tax cash fund is created in the state treasury. The fund consists of any applicable retail marijuana sales tax transferred pursuant to section 39-28.8-203 (1)(b) on or after July 1, 2014, and any revenues transferred to the fund from any sales tax imposed pursuant to section 39-26-106 on the retail sale of products under article 10 of title 44.

(2) (a) (I) The general assembly may appropriate money in the fund to the department of revenue for the direct and indirect costs associated with implementing this article 28.8 and article 10 of title 44.

(II) Repealed.

(b) (I) The general assembly hereby finds and declares that the retail marijuana excise tax and sales tax created a new revenue stream for the state, and the basis of these taxes is the legalization of marijuana, which presents unique issues and challenges for the state and local governments. Thus, there is a need to use some of the sales tax revenue for marijuana-related purposes. But, as this is revenue from a tax, the general assembly may appropriate this money for any purpose.

(II) The general assembly further declares that the new retail marijuana tax revenue presents an opportunity to invest in services, support, intervention, and treatment related to marijuana and other drugs.

(III) Therefore, the purposes identified in this subsection (2) prioritize appropriations related to legalized marijuana, such as drug use prevention and treatment, protecting the state's youth, and ensuring the public peace, health, and safety.

(IV) Subject to the limitation in subsection (5) of this section, the general assembly may annually appropriate any money in the fund for the following purposes:

(A) To educate people about marijuana to prevent its illegal use or legal abuse;

(B) To provide services for adolescents and school-aged children in school settings or through community-based organizations;

(C) To treat and provide related services to people with any type of substance use or mental health disorder, including those with co-occurring disorders, or to evaluate the effectiveness and sufficiency of behavioral health services;

(D) For jail-based and other behavioral health services for persons involved in or diverted from the criminal justice system;

(E) For state regulatory enforcement, policy coordination, or litigation defense costs related to retail or medical marijuana;

(F) For law enforcement and law enforcement training, including any expenses for the police officers standards and training board training or certification;

(G) For the promotion of public health, including poison control, prescription drug take-back programs, the creation of a marijuana laboratory testing reference library, and other public health services related to controlled substances;

(H) To study the use of marijuana and other drugs, their health effects, and other social impacts related to them;

(I) To research, regulate, study, and test hemp or hemp seeds;

(J) to (L) Repealed.

(M) For the expenses of the department of education and the department of public health and environment in developing and maintaining the resource bank for educational materials on marijuana and providing technical assistance as required in section 22-2-127.7;

(N) For housing, rental assistance, and supportive services, including reentry services, pursuant to section 24-32-721;

(O) For the development of local dually identified crossover youth plans and services as described in section 19-2.5-302;

(P) For comprehensive quality physical education instruction pursuant to article 99 of title 22;

(Q) and (R) Repealed.

(S) For the program to support entrepreneurs in the marijuana industry created in section 24-48.5-128 (3);

(T) For expenses relating to the reduction of collateral consequences experienced by people previously sentenced for drug offenses;

(U) For trial court programs administered by the judicial department.

(c) Subject to the limitations in subsection (5) of this section and in addition to the purposes for which the general assembly may appropriate money in the fund specified in subsections (2)(a) and (2)(b) of this section, the general assembly may also direct the state treasurer to transfer money in the fund to the high-cost special education trust fund.

(3) Any moneys in the fund not expended for the purposes specified in subsection (2) of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited or transferred to the general fund or another fund.

(4) Repealed.

(4.1) (a) By June 30, 2026, the state treasurer shall transfer forty million dollars from the fund to the health insurance affordability cash fund created in section 10-16-1206 (1).

(b) This subsection (4.1) is repealed, effective July 1, 2027.

(4.5) (a) On July 1, 2019, the state treasurer shall transfer from the fund to the high-cost special education trust fund, created in section 22-20-114.7, the amount specified in section 22-20-114.7 (2)(b)(I).

(b) This subsection (4.5) is repealed, effective July 1, 2027.

(4.6) and (4.7) Repealed.

(4.8) The state treasurer shall transfer from the fund to the public school capital construction assistance fund created in section 22-43.7-104:

(a) Fifty million dollars on June 1, 2022.

(b) (Deleted by amendment, L. 2023.)

(c) Repealed.

(4.9) (a) On August 1, 2021, and on August 1 of each year thereafter, the state treasurer shall make the following transfers from the fund:

(I) Thirteen thousand dollars to the restorative justice surcharge fund established in section 18-25-101;

(II) Three hundred eleven thousand dollars to the crime victim compensation fund established in section 24-4.1-117, distributed in accordance with subsection (4.9)(b) of this section; and

(III) Two hundred seventy-four thousand dollars to the victims and witnesses assistance and law enforcement fund established in section 24-4.2-103, distributed in accordance with subsection (4.9)(c) of this section.

(b) (I) The state court administrator shall distribute the money transferred pursuant to subsection (4.9)(a)(II) of this section to the crime victim compensation fund in each judicial district in proportion to each district's percentage of total statewide surcharges collected pursuant to section 24-4.1-117 (2) for the three-year fiscal year period beginning July 1, 2016. The state court administrator shall not retain any money transferred pursuant to subsection (4.9)(a)(II) of this section for its administrative costs associated with making the distribution.

(II) Notwithstanding subsection (4.9)(b)(I) of this section, on and after July 1, 2024, the state court administrator shall distribute the money transferred pursuant to subsection (4.9)(a)(II) of this section:

(A) To the eighteenth judicial district crime victim compensation fund in proportion to the total surcharges collected in Arapahoe county for the three-year fiscal year period beginning July 1, 2016; and

(B) To the twenty-third judicial district crime victim compensation fund in proportion to the total surcharges collected in Douglas, Elbert, and Lincoln counties for the three-year fiscal year period beginning July 1, 2016.

(c) (I) The state court administrator shall distribute the money transferred pursuant to subsection (4.9)(a)(III) of this section to the victims and witnesses assistance and law enforcement fund in each judicial district in proportion to each district's percentage of total statewide surcharges collected pursuant to section 24-4.2-103 (1) for the three-year fiscal year period beginning July 1, 2016. The state court administrator shall not retain any money transferred pursuant to subsection (4.9)(a)(III) of this section for its administrative costs associated with making the distribution.

(II) Notwithstanding subsection (4.9)(c)(I) of this section, on and after July 1, 2024, the state court administrator shall distribute the money transferred pursuant to subsection (4.9)(a)(III) of this section:

(A) To the eighteenth judicial district victims and witnesses assistance and law enforcement fund in proportion to the total surcharges collected in Arapahoe county for the three-year fiscal year period beginning July 1, 2016; and

(B) To the twenty-third judicial district victims and witnesses assistance and law enforcement fund in proportion to the total surcharges collected in Douglas, Elbert, and Lincoln counties for the three-year fiscal year period beginning July 1, 2016.

(5) (a) In order to create a reserve within the fund that is available for expenditures if actual revenue is less than anticipated revenue, the total amount that the general assembly appropriates from the fund for a state fiscal year shall not exceed the amount that, based on the most recent estimate available, would cause the portion of the money in the fund that is not appropriated for the state fiscal year to be less than fifteen percent of the total amount appropriated from the fund for the state fiscal year.

(b) For purposes of calculating the reserve set forth in subsection (5)(a) of this section:

(I) The most recent estimate available is as of the date of the introduction of the bill that appropriates money from the fund; and

(II) Any portion of the fund that is designated to constitute part of the state emergency reserve for the state fiscal year is excluded from the reserve amount.

(c) On June 30, 2027, and on each June 30 thereafter, the state treasurer shall transfer from the fund to the state public school fund created in section 22-54-114 (1) an amount equal to the difference between the balance of the fund and:

(I) Fifteen percent of the amount that the general assembly appropriated from the fund in the applicable fiscal year; and

(II) The amount of the fund, if any, designated by the general assembly in the general appropriation bill or by separate bill to constitute all or a part of the emergency reserve pursuant to section 24-77-104 (2) for the applicable state fiscal year.

(6) To increase transparency, the marijuana enforcement division in the department shall include a link on its website that describes the disposition of the retail marijuana excise tax revenue and how the revenue from the fund was appropriated for the fiscal year 2015-16 and each fiscal year thereafter.

(7) to (9) Repealed.

### **39-29-101. Legislative declaration.**

(1) The general assembly hereby finds and declares that, when nonrenewable natural resources are removed from the earth, the value of such resources to the state of Colorado is irretrievably lost. Therefore, it is the intent of the general assembly to recapture a portion of this lost wealth through a special excise tax, in addition to other business taxes, on the nonrenewable natural resources removed from the soil of this state and sold for private profit.

(2) The general assembly further finds and declares that the severance of nonrenewable resources provides a potential source of revenue to the state and its political subdivisions. Therefore, it is the intent of the general assembly to impose a tax on the process of severance in addition to other business taxes.

(3) It additionally is the intent of the general assembly that a portion of the revenues derived from such a severance tax be used by the state for public purposes, that a portion be held by the

state in a perpetual trust fund, and that a portion be made available to local governments to offset the impact created by nonrenewable resource development.

## ANNOTATION

**Law reviews.** For article, "Synthetic Fuels — Policy and Regulations", see 51 U. Colo. L. Rev. 465 (1980).

### **39-29-102. Definitions.**

As used in this article 29, unless the context otherwise requires:

(1) "Coal" means coal which has been processed into the form in which it is sold or otherwise used. Such processing includes, but is not limited to, cleaning and washing.

(1.5) "Commercial production", for a commercial oil shale facility, means production from such facility in excess of the first fifteen thousand tons per day of oil shale or ten thousand barrels per day of shale oil, whichever is greater. The calculation of the daily production shall be determined by dividing the total production of a calendar month by the total number of days in such month.

(2) "Executive director" means the executive director of the department of revenue.

(2.5) For tax years commencing on or after January 1, 2000, "gas" means natural gas, coalbed methane, and carbon dioxide.

(3) "Gross income" means:

(a) For oil and gas, the net amount realized by the taxpayer for sale of the oil or gas, whether the sale occurs at the wellhead or after transportation, manufacturing, and processing of the product. Net amount shall be calculated pursuant to rules promulgated by the department of revenue on the basis of the gross lease revenues, less deductions for direct costs actually paid or accrued by the taxpayer for transportation, manufacturing, and processing of the product. For purposes of this subsection (3)(a), direct costs include depreciation. Where the parties to the sale are related parties and the sales price is lower than the price for which that oil or gas could otherwise have been sold to a ready, willing, and able buyer and where the taxpayer was legally able to sell the oil or gas to such a buyer, gross income shall be determined by reference to comparable arms-length sales of like kind, quality, and quantity in the same field or area, less

deductions for transportation, manufacturing, and processing done prior to the sale. For purposes of this subsection (3)(a), "related parties" shall be defined by the department of revenue pursuant to rules and regulations.

(b) For metallic minerals, the value of ore immediately after its removal from the mine, and does not include any value added subsequent to mining by any treatment processes, such as crushing, grinding or concentration, by transportation from the mine, or by marketing of such ore or any products derived therefrom, but does not include income from the extraction or processing of ores or minerals from mine waste or residue of previously processed ores.

(4) "Gross proceeds", for oil shale, means the value of the oil shale at the point of severance. Such value shall be determined by deducting from the first sales price of the shale oil all costs, including direct and indirect expenditures, for:

(a) Equipment and machinery;

(b) Fragmenting, crushing, conveying, beneficiating, pyrolysis, retorting, refining, and transporting; and

(c) Royalty payments.

(4.5) "Local units of government locally impacted" means units of government in the geographic area wherein reside employees of the operation producing the minerals and mineral fuels taxed pursuant to this article. The geographic area shall be determined on the basis of residence as reported in accordance with section 39-29-110 (1)(d).

(5) "Metallic minerals" means all minerals except molybdenum, oil and gas, carbon dioxide, coal, oil shale, rock, sand, gravel, stone products, earths, limestone, and dolomite.

(6) "Molybdenum ore" means ore which is mined primarily for the extraction of molybdenum therefrom.

(6.5) For tax years commencing on or after January 1, 2000, "oil" means crude oil and condensate.

(7) "Transportation" means the cost of moving identifiable, measurable oil or gas, including gas that is not in need of initial separation, from the point at which it is first identifiable and measurable to the sales point or other point where value is established. Any compression downstream of the meter or measurement point is deductible as a component of transportation. "Gathering" means the movement of an unseparated, bulk production stream to a point, on or off the lease, where the production stream undergoes initial separation into identifiable oil, gas, or free water and is not deductible as transportation. This definition shall not be construed to affect the legal relationship between royalty owners and lessees.

### **39-29-103. Tax on severance of metallic minerals.**

(1) In addition to any other tax, there shall be levied, collected, and paid for each taxable year a tax upon the severance from the earth in this state of all metallic minerals as to all such severance occurring on and after January 1, 1978. Such tax shall be levied against every mining operation engaged in the severance of metallic minerals and shall be based upon the gross income of such mining operation. The rate of the tax for all metallic minerals shall be as follows:

(a) For taxable years commencing prior to July 1, 1999:

| <b>Amount of gross income</b> | <b>Percentage tax on gross income</b> |
|-------------------------------|---------------------------------------|
| First \$11,000,000            | No tax                                |
| Amount exceeding \$11,000,000 | 2.25%                                 |

(b) For taxable years commencing on or after July 1, 1999:

| <b>Amount of gross income</b> | <b>Percentage tax on gross income</b> |
|-------------------------------|---------------------------------------|
| First \$19,000,000            | No tax                                |
| Amount exceeding \$19,000,000 | 2.25%                                 |

(2) There shall be allowed, as a credit against the tax computed in accordance with subsection (1) of this section, an amount equal to all ad valorem taxes assessed during the taxable year in the case of accrual basis taxpayers or paid during the taxable year in the case of cash basis taxpayers on producing mines valued for assessment pursuant to section 39-6-106. Such credit shall not exceed fifty percent of the tax computed in accordance with subsection (1) of this section.

#### **39-29-104. Tax on severance of molybdenum ore.**

(1) In addition to any other tax, there shall be levied, collected, and paid for each calendar quarter a tax upon the severance of all molybdenum ore in this state. Such tax shall be levied against every person engaged in the severance of molybdenum ore. The rate of the tax for each calendar quarter shall be five cents per ton of molybdenum ore. On and after July 1, 1999, no tax provided for in this section shall be imposed on the first six hundred twenty-five thousand tons of molybdenum ore produced each quarter of the taxable year.

(2) Such actual severance shall be reported on quarterly declaration forms prescribed by the executive director. Such forms shall be filed with and the tax owed shall be paid to the department of revenue on or before the fifteenth day following the end of each such quarter.

**39-29-105. Tax on severance of oil and gas.**

(1) (a) In addition to any other tax, there shall be levied, collected, and paid for each taxable year commencing prior to January 1, 2000, a tax upon the gross income of crude oil, natural gas, carbon dioxide, and oil and gas severed from the earth in this state; except that oil produced from any wells that produce ten barrels per day or less of crude oil for the average of all producing days during the taxable year shall be exempt from the tax. Nothing in this paragraph (a) shall exempt a producer of oil and gas from submitting a production employee report as required by section 39-29-110 (1)(d)(I). The tax for crude oil, natural gas, carbon dioxide, and oil and gas shall be at the following rates of the gross income:

|                               |    |
|-------------------------------|----|
| Under \$25,000                | 2% |
| \$25,000 and under \$100,000  | 3% |
| \$100,000 and under \$300,000 | 4% |
| \$300,000 and over            | 5% |

(b) In addition to any other tax, there shall be levied, collected, and paid for each taxable year commencing on or after January 1, 2000, a tax upon the gross income attributable to the sale of oil and gas severed from the earth in this state; except that oil produced from any wells that produce fifteen barrels per day or less of oil and gas produced from wells that produce ninety thousand cubic feet or less of gas per day for the average of all producing days for such oil or gas production during the taxable year shall be exempt from the tax. The tax for oil and gas shall be at the following rates of the gross income:

|                               |    |
|-------------------------------|----|
| Under \$25,000                | 2% |
| \$25,000 and under \$100,000  | 3% |
| \$100,000 and under \$300,000 | 4% |
| \$300,000 and over            | 5% |

(2) (a) With respect to crude oil, natural gas, carbon dioxide, and oil and gas, there shall be allowed, as a credit against the tax computed in accordance with the provisions of paragraph (a) of subsection (1) of this section for each taxable year commencing prior to January 1, 2000, an amount equal to eighty-seven and one-half percent of all ad valorem taxes assessed during the taxable year in the case of accrual basis taxpayers or paid during the taxable year in the case of cash basis taxpayers upon crude oil, natural gas, carbon dioxide, and oil and gas leaseholds and leasehold interests and oil and gas royalties and royalty interests for state, county, municipal, school district, and special district purposes, except such ad valorem taxes assessed or paid for such purposes upon equipment and facilities used in the drilling for, production of, storage of, and pipeline transportation of crude oil, natural gas, and carbon dioxide. However, no credit shall be allowed for ad valorem taxes paid or assessed on oil wells that produce ten barrels per day or less of crude oil for the average of all producing days during the taxable year.

(b) (I) With respect to oil and gas, there is allowed, as a credit against the tax computed in accordance with the provisions of subsection (1)(b) of this section for each taxable year commencing on or after January 1, 2000, but prior to January 1, 2024, an amount equal to eighty-seven and one-half percent of all ad valorem taxes assessed during the taxable year in the case of accrual basis taxpayers or paid during the taxable year in the case of cash basis taxpayers upon oil and gas leaseholds and leasehold interests and oil and gas royalties and royalty interests for state, county, municipal, school district, and special district purposes, except such ad valorem taxes assessed or paid for such purposes upon equipment and facilities used in the drilling for, production of, storage of, and pipeline transportation of oil and gas.

(II) (A) With respect to oil and gas there is allowed, as a credit against the tax computed in accordance with subsection (1)(b) of this section for each taxable year commencing on or after January 1, 2024, but prior to January 1, 2027, an amount equal to seventy-five percent of all ad valorem taxes assessed during the taxable year in the case of accrual basis taxpayers or paid during the taxable year in the case of cash basis taxpayers upon oil and gas leaseholds and leasehold interests and oil and gas royalties and royalty interests for state, county, municipal, school district, and special district purposes, except such ad valorem taxes assessed or paid for such purposes upon equipment and facilities used in the drilling for, production of, storage of, and pipeline transportation of oil and gas.

(B) With respect to oil and gas there is allowed, as a credit against the tax computed in accordance with subsection (1)(b) of this section for each taxable year commencing on or after January 1, 2027, but prior to January 1, 2028, an amount equal to eighty-seven and five-tenths percent of all ad valorem taxes assessed during the taxable year in the case of accrual basis taxpayers or paid during the taxable year in the case of cash basis taxpayers upon oil and gas leaseholds and leasehold interests and oil and gas royalties and royalty interests for state, county, municipal, school district, and special district purposes, except such ad valorem taxes assessed or paid for such purposes upon equipment and facilities used in the drilling for, production of, storage of, and pipeline transportation of oil and gas.

(III) Notwithstanding subsections (2)(b)(I) and (2)(b)(II) of this section, no credit shall be allowed for ad valorem taxes paid or assessed on oil and gas production that is exempt from the state severance tax pursuant to subsection (1) of this section.

(c) Repealed.

(d) For a taxable year beginning on or after January 1, 2028, for each well that is not exempt from the state severance tax pursuant to subsection (1)(b) of this section, there is allowed a credit against the tax computed in accordance with subsection (1)(b) of this section in an amount calculated by the formula  $C = 0.7656 \times GI \times ML$ , where:

(I) C is the amount of the credit;

(II) GI is the gross income attributable to the well for the current taxable year; and

(III) ML is the total of all mill levies, fixed not later than December 22 of the preceding calendar year pursuant to section 39-1-111, by all local governments for property at the well's location.

**39-29-106. Tax on the severance of coal.**

(1) In addition to any other tax, there shall be levied, collected, and paid for each taxable year a tax upon the severance of all coal in this state. Such tax shall be levied against every person engaged in the severance of coal. Subject to the exemption and credits authorized in subsections (2), (3), and (4) of this section, the rate of the tax shall be thirty-six cents per ton of coal.

(2) (a) Repealed.

(b) On and after July 1, 1999, but before January 1, 2026, no tax provided for in subsection (1) of this section is imposed on the first:

(I) Three hundred thousand tons of coal produced in each quarter of the 2021 taxable year;

(II) Two hundred forty thousand tons of coal produced in each quarter of the 2022 taxable year;

(III) One hundred eighty thousand tons of coal produced in each quarter of the 2023 taxable year;

(IV) One hundred twenty thousand tons of coal produced in each quarter of the 2024 taxable year; and

(V) Sixty thousand tons of coal produced in each quarter of the 2025 taxable year.

(c) Repealed.

(3) For taxable years commencing prior to January 1, 2026, there is allowed, as a credit against the tax imposed by subsection (1) of this section, an amount equal to the percentage set forth in subsection (3.5) of this section of such tax for coal produced from underground mines.

(3.5) The percentage for the credits allowed under subsections (3) and (4) of this section is equal to:

(a) Fifty percent for the 2021 taxable year;

(b) Forty percent for the 2022 taxable year;

(c) Thirty percent for the 2023 taxable year;

(d) Twenty percent for the 2024 taxable year; and

(e) Ten percent for the 2025 taxable year.

(4) For taxable years commencing prior to January 1, 2026, there is allowed, as an additional credit against the tax imposed by subsection (1) of this section, an amount equal to the percentage set forth in subsection (3.5) of this section of such tax for the production of lignitic coal, as such coal is classified by the American society for testing and materials (ASTM) in their D 388 standard for the classification of coals by rank.

(5) For every full one and one-half percent change in the index of producers' prices for all commodities prepared by the bureau of labor statistics of the United States department of labor, the tax rate provided in subsection (1) of this section shall be increased or decreased one percent. The executive director shall determine such adjustments to the rate of tax based upon changes in the index of producers' prices from the level of such index as of January, 1978, to the level of such index as of the last month of the quarter immediately preceding the quarter for which any taxes are due.

**Section establishes a tax with two components:** A base rate of 36 cents per ton of coal and the non-discretionary adjustment

factor that is based upon changes in the index of producers' prices. *Huber v. Colo. Mining Ass'n*, 264 P.3d 884 (Colo. 2011).

Prior voter approval is not required for the tax rate increase on the severance of coal that is caused by the department of revenue applying the adjustment factor in subsection (5). The voter-approval requirement for a tax rate increase only applies to an increase enacted after the constitutional requirement,

but the adjustment factor was enacted prior to it. Accordingly, the rate change is a nondiscretionary, ministerial function of the department and not a tax rate increase. *Huber v. Colo. Mining Ass'n*, 264 P.3d 884 (Colo. 2011).

**39-29-107. Tax on severance of oil shale - repeal.**

(1) (a) (I) Prior to January 1, 2024, in addition to any other tax, there shall be levied, collected, and paid for each taxable year a tax upon the severance of oil shale as to all such severance occurring on and after January 1, 1978. Such tax shall be levied against every person engaged in the severance of oil shale. Subject to the provisions of subsections (2) and (3) of this section, such tax shall be levied on the gross proceeds from each commercial oil shale facility at a rate of four percent of such gross proceeds.

(II) This subsection (1)(a) is repealed, effective December 31, 2027.

(b) On and after January 1, 2024, in addition to any other tax, there shall be levied, collected, and paid for each taxable year a tax upon the severance of oil shale. Such tax shall be levied against every person engaged in the severance of oil shale. Such tax shall be levied on the gross proceeds from each commercial oil shale facility at a rate of four percent of such gross proceeds.

(2) (a) Prior to January 1, 2024, the tax shall only have application to a commercial oil shale facility one hundred eighty days after the facility commences commercial production, as follows:

| <b>Year</b>                     | <b>Fraction of tax imposed by subsection (1)</b> |
|---------------------------------|--------------------------------------------------|
| First year                      | 1/4                                              |
| Second year                     | 1/2                                              |
| Third year                      | 3/4                                              |
| Fourth and each succeeding year | Entire rate imposed by subsection (1)            |

(b) This subsection (2) is repealed, effective December 31, 2027.

(3) (a) Prior to January 1, 2024, the production of the first fifteen thousand tons per day of oil shale or ten thousand barrels per day of shale oil, whichever is greater, shall be exempt from the tax.

(b) This subsection (3) is repealed, effective December 31, 2027.

(3.1) (a) Prior to January 1, 2024, the calculation of the daily production subject to the tax and to the exemption in subsection (3) of this section shall be determined by dividing the total production of a calendar month by the total number of days in such month.

(b) This subsection (3.1) is repealed, effective December 31, 2027.

(4) Repealed.

#### **39-29-107.8. Refunds.**

(1) Prior to the allocation in section 39-29-108, the state treasurer shall set aside and maintain all revenue from the tax imposed pursuant to this article in a reserve that is available for the payment of refunds related to the tax in accordance with section 39-21-108. At the end of each month, any moneys in the reserve that are not required for a refund are the total gross receipts realized that are available for allocation under section 39-29-108.

(2) (a) Prior to July 1, 2016, if the amount in the reserve is less than the amount of refunds that are required to be made from the reserve, then the state treasurer shall credit to the reserve from the proceeds of the money collected under article 22 of this title an amount equal to the deficit.

(b) On or after July 1, 2016, but prior to July 1, 2017, the state treasurer shall credit to the reserve from the proceeds of the money collected under article 22 of this title an amount equal to the amount by which the refunds for the tax imposed pursuant to this article that are made for a month exceed fifteen percent of the gross severance tax revenues for the same month.

(c) (I) If, as of the end of the state fiscal year commencing on July 1, 2017, the amount in the reserve is less than the amount of refunds that are required to be made from the reserve, then the state treasurer shall credit to the reserve from the proceeds of the money collected under article 22 of this title 39 an amount equal to one-fourth of the deficit.

(II) The amount credited to the reserve in accordance with subsection (2)(c)(I) of this section replaces any money from the reserve that was transferred to the severance tax operational fund, and as a result, no amount shall be recouped from the operational fund for purposes of making a refund for the fiscal year commencing on July 1, 2017.

(3) The state treasurer shall credit money to the reserve in accordance with subsection (2) of this section on a monthly basis. If there is insufficient revenue available to be credited, the state controller may authorize an advance under section 24-75-203 (2), C.R.S., to the reserve to be used for the refunds. There is no limit on the amount of an advance that the state controller may make for this purpose.

### **39-29-108. Allocation of severance tax revenues - definitions - repeal.**

(1) The total gross receipts realized from the severance taxes imposed on minerals and mineral fuels under the provisions of this article shall be credited as follows:

(a) For oil and gas, one hundred percent to the state general fund;

(b) For oil shale, forty percent to the state general fund, forty percent to the state severance tax trust fund created by section 39-29-109, and twenty percent to the local government severance tax fund created by section 39-29-110;

(c) For molybdenum, as follows:

(I) For fiscal years ending on or before June 30, 1979, seventy percent to the state general fund, twenty percent to the state severance tax trust fund created by section 39-29-109, and ten percent to the local government severance tax fund created by section 39-29-110;

(II) For the fiscal year ending June 30, 1980, sixty percent to the state general fund, thirty percent to the state severance tax trust fund created by section 39-29-109, and ten percent to the local government severance tax fund created by section 39-29-110;

(III) For the fiscal year ending June 30, 1981, fifty percent to the state general fund, forty percent to the state severance tax trust fund created by section 39-29-109, and ten percent to the local government severance tax fund created by section 39-29-110;

(d) For coal and metallic minerals, as follows:

(I) For fiscal years ending on or before June 30, 1979, forty percent to the state general fund, fifteen percent to the state severance tax trust fund created by section 39-29-109, and forty-five percent to the local government severance tax fund created by section 39-29-110;

(II) For the fiscal year ending June 30, 1980, thirty percent to the state general fund, twenty-five percent to the state severance tax trust fund created by section 39-29-109, and forty-five percent to the local government severance tax fund created by section 39-29-110;

(III) For the fiscal year ending June 30, 1981, twenty percent to the state general fund, thirty-five percent to the state severance tax trust fund created by section 39-29-109, and forty-five percent to the local government severance tax fund created by section 39-29-110.

(2) (a) Repealed.

(b) ***[Editor's note: This version of subsection (2)(b) is effective until July 1, 2027.]*** Except as set forth in subsections (2)(d) and (2)(e) of this section, of the total gross receipts realized from the severance taxes imposed on minerals and mineral fuels under the provisions of this article after June 30, 2017, fifty percent shall be credited to the state severance tax trust fund created by section 39-29-109, and fifty percent shall be credited to the local government severance tax fund created by section 39-29-110.

(b) ***[Editor's note: This version of subsection (2)(b) is effective July 1, 2027.]*** Except as set forth in subsection (2)(d) of this section, of the total gross receipts realized from the severance taxes imposed on minerals and mineral fuels under the provisions of this article after June 30, 2017, fifty percent shall be credited to the state severance tax trust fund created by section 39-29-109, and fifty percent shall be credited to the local government severance tax fund created by section 39-29-110.

(c) Repealed.

(d) The state treasurer shall credit an amount of the increased coal tax that is attributable to the reduction or discontinuation of the exemption in section 39-29-106 (2)(b) and the credits in section 39-29-106 (3) and (4) to the just transition cash fund created in section 8-83-504 (1).

(e) (I) For the state fiscal years 2023-24 through 2026-27, the state treasurer shall credit the discrete increased amount of severance tax for oil and gas production that is attributable to the reduction of the credit against tax pursuant to section 39-29-105 (2)(b)(II) to the decarbonization tax credits administration cash fund created in section 24-38.5-120 (2); except that, for state fiscal years 2024-25 and 2025-26, money credited to the decarbonization tax credits administration cash fund shall not exceed the net revenue from the oil and gas severance tax collection.

(II) Repealed.

(III) As used in this subsection (2)(e), unless the context otherwise requires:

(A) Repealed.

(B) "Discrete increased amount of severance tax for oil and gas production" means the amount of tax collected that is attributable to a twelve and one-half percent reduction in the severance tax credit for oil and gas production set forth in section 39-29-105 (2)(b)(II) for tax years beginning on or after January 1, 2024, but before January 1, 2026.

(C) Repealed.

(IV) This subsection (2)(e) is repealed, effective December 31, 2036.

(V) This subsection (2)(e) is repealed, effective July 1, 2027.

(2.5) and (3) Repealed.

(4) (a) Notwithstanding any provisions of this section to the contrary, for the 1987-88, 1988-89, 1989-90, 1990-91, 1991-92, 1992-93, and 1993-94 fiscal years, those gross receipts realized from the severance taxes imposed on minerals and mineral fuels which would otherwise be credited to the state severance tax trust fund under the provisions of this section shall be credited to the state general fund.

(b) Notwithstanding any provisions of this section to the contrary, for the 1994-95 fiscal year, those gross receipts realized from the severance taxes imposed on minerals and mineral fuels which would otherwise be credited to the state severance tax trust fund under the provisions of this section shall be credited to the uranium mill tailings remedial action program fund created in section 39-29-116 (2); except that the amount credited to such fund during the 1994-95 fiscal year shall not exceed five million dollars. Any receipts in excess of five million dollars shall be credited to the state severance tax trust fund.

(c) Notwithstanding any provisions of this section to the contrary, for the 1995-96 and 1996-97 fiscal years, those gross receipts realized from the severance taxes imposed on minerals and mineral fuels which would otherwise be credited to the state severance tax trust fund under the provisions of this section shall be credited to the uranium mill tailings remedial action program

fund created in section 39-29-116 (2); except that the amount credited to such fund during the 1995-96 and 1996-97 fiscal years shall not exceed two and one-half million dollars per fiscal year. Any receipts in excess of two and one-half million dollars shall be credited to the state severance tax trust fund.

(5) (a) To assist in the preparation of state budgets, the consensus revenue estimate group shall prepare a quarterly forecast of severance revenues, including price and production volume.

(b) As used in this subsection (5):

(I) "Consensus revenue estimate group" means the staff of the legislative council appointed pursuant to section 2-3-304, C.R.S., in consultation with the office of state planning and budgeting created in section 24-37-102, C.R.S.

(II) "Price insurance contract" means a written agreement between the state treasurer and a qualified counterparty relating to a commodity price for crude oil and natural gas based on levels of floor transactions or forward rate transactions executed through standard financial industry mechanisms.

(III) "Qualified counterparty" means a person whose long-term obligations are rated, at the time a price insurance contract is executed, in one of the two top rating categories of a nationally recognized rating agency.

(IV) "Severance revenues" means:

(A) The revenues generated from taxes levied pursuant to this article; and

(B) The state share of federal mineral leasing royalties received pursuant to section 34-63-102, C.R.S.

### **39-29-109. Severance tax trust fund - created - administration - distribution of money - legislative declaration.**

(1) There is hereby created in the state treasury the severance tax trust fund, also referred to in this section as the "fund", which the department of natural resources shall administer. The fund is to be perpetual and held in trust as a replacement for depleted natural resources, for the development and conservation of the state's water resources pursuant to sections 37-60-106 (1)(j) and (1)(l), 37-60-119, and 37-60-122, C.R.S., for the use in funding programs that promote and encourage sound natural resource planning, management, and development related to minerals, energy, geology, and water and for the use in funding programs to reduce the burden of increasing home energy costs on low-income households.

(2) State severance tax receipts must be credited to the severance tax trust fund as provided in section 39-29-108. All income derived from the deposit and investment of the money in the fund must be credited to the fund. At the end of any fiscal year, all unexpended and unencumbered money in the fund remains in the fund and must not be credited or transferred to the general fund or any other fund. All money in the fund is subject to appropriation by the general assembly for the following purposes:

(a) **The severance tax perpetual base fund.**

(I) Repealed.

(I.5) There is hereby created in the state treasury the severance tax perpetual base fund, also referred to in this subsection (2)(a) as the "fund", which the Colorado water conservation board, also referred to in this subsection (2)(a) as the "board", shall administer. The state treasurer shall transfer money to the fund from the severance tax trust fund, as specified in this section. The fund also includes any money that the general assembly may appropriate or transfer thereto. The money in the fund is continuously appropriated to the board for purposes authorized by this subsection (2)(a).

(II) One-half of the severance tax receipts credited to the fund for fiscal years commencing on or after July 1, 2009, shall be credited to the severance tax perpetual base fund and used as specified in subsection (2)(a)(II.5) of this section; except that the total amount of severance tax receipts credited to the severance tax perpetual base fund during the fiscal year shall not exceed fifty million dollars unless the cap established in subsection (2)(a)(III) of this section is exceeded. The authorization and contract for each project must require repayment of principal and interest to the fund, and money repaid is credited to the severance tax perpetual base fund.

(II.5) The board shall use the money in the fund:

(A) For state water projects pursuant to sections 37-60-119 and 37-60-122;

(B) To direct the state treasurer to transfer amounts to the water supply reserve fund created in subsection (2)(c) of this section;

(C) To direct the state treasurer to transfer amounts to the interbasin compact committee operation fund created in section 37-75-107; and

(D) Repealed.

(E) To direct the state treasurer to annually transfer no more than three million dollars to the species conservation trust fund created in section 24-33-111 (2)(a)(I).

(III) For fiscal years commencing on or after July 1, 2009, the state treasurer shall transfer the moneys credited to the fund that are not credited to either the severance tax perpetual base fund or the severance tax operational fund to the small communities water and wastewater grant fund created in section 25-1.5-208 (4), C.R.S.; except that the maximum amount of moneys annually credited to the small communities water and wastewater grant fund shall not exceed ten million dollars.

(IV) to (XIII) Repealed.

(XIV) Notwithstanding any provision of this paragraph (a) to the contrary, on July 1, 2015, the state treasurer shall transfer five hundred thousand dollars from the fund to the Colorado water conservation board construction fund, created in section 37-60-121 (1)(a), C.R.S., for use by the Colorado water conservation board, created in section 37-60-102, C.R.S., to continue the watershed restoration program.

(XV) and (XVI) Repealed.

(XVII) Notwithstanding any provision of this paragraph (a) to the contrary, an amount equal to nineteen million one hundred thousand dollars in the fund is restricted from being used for any purpose whatsoever, until such time that the joint budget committee, by a majority vote, releases the restriction on some or all of the money.

(XVIII) Notwithstanding any provision of this subsection (2)(a) to the contrary, on June 30, 2018, the state treasurer shall transfer eleven million four hundred twenty-five thousand dollars from the fund to the general fund.

(XIX) to (XXI) Repealed.

(XXII) (A) Notwithstanding any other provision of this subsection (2)(a) to the contrary, on July 1, 2020, the state treasurer shall transfer forty-five million five hundred thousand dollars from the fund to the general fund.

(B) The general assembly hereby declares that the transfer specified in subsection (2)(a)(XXII)(A) of this section is necessary as a result of the precipitous decrease in general fund revenues and that it is the intent of the general assembly to transfer an equal amount back to the fund as soon as possible.

(XXIII) Repealed.

**(b) The severance tax operational fund.**

(I) There is hereby created in the state treasury the severance tax operational fund, also referred to in this subsection (2)(b) as the "fund", which the department of natural resources shall administer. The state treasurer shall transfer one-half of the severance tax receipts credited to the severance tax trust fund for tax years commencing on and after July 1, 1995, to the fund. Money in the fund shall be distributed as set forth in section 39-29-109.3.

(II) Repealed.

(III) The fund also includes amounts that were transferred to natural resources and energy grant programs under section 39-29-109.3 and that were transferred back to the fund in accordance with subsection (2)(c)(V) of this section and sections 24-33-111 (2)(a)(I)(C) and 37-75-107 (3).

**(c) The water supply reserve fund.**

(I) There is created in the office of the state treasurer the water supply reserve fund, referred to in this subsection (2)(c) as the "fund", administered by the Colorado water conservation board. The state treasurer shall transfer money to the fund from the severance tax operational fund as specified in subsection (2)(a)(II.5)(B) of this section. The fund also includes any other money that the general assembly may appropriate or transfer to the fund. The money in the fund is

continuously appropriated, for purposes authorized by this subsection (2)(c), to the Colorado water conservation board, referred to in this subsection (2)(c) as the "board". The statewide account of the fund is created. Repayments of both the principal and interest on loans from the fund must be credited to the fund. Any balance remaining in the fund at the end of any fiscal year remains in the fund. The board shall allocate money by grant or loan from the fund only for water activities approved by a roundtable pursuant to article 75 of title 37. The approving roundtable is the roundtable for the basin in which a proposed water diversion or nonstructural activity would occur. If the applicant is a covered entity, as defined in section 37-60-126, the board shall allocate money by grant or loan from the fund only if the applicant has adopted a water conservation plan, as defined in section 37-60-126. The board, in consultation with the interbasin compact committee created in section 37-75-105, shall establish criteria and guidelines for allocating money from the fund, including criteria that ensure that the allocations will assist in meeting water supply needs identified pursuant to section 37-75-104 (2)(c), in a manner consistent with section 37-75-102, and facilitate both structural and nonstructural projects or methods. Eligible water activities include:

- (A) Competitive grants for environmental compliance and feasibility studies;
  - (B) Technical assistance regarding permitting, feasibility studies, and environmental compliance;
  - (C) Studies or analyses of structural, nonstructural, consumptive, and nonconsumptive water needs, projects, or activities; and
  - (D) Structural and nonstructural water projects or activities.
- (I.5) (A) For state fiscal years commencing on or before July 1, 2024, and on or after July 1, 2026, the state treasurer shall credit all interest and income derived from the fund to the statewide account of the fund created in subsection (2)(c)(I) of this section.
- (B) For the state fiscal year commencing on July 1, 2025, in accordance with section 24-36-114 (1), the state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the general fund.
- (C) Repealed.
- (II) On or before October 31 of each year, commencing with the year 2010, the board shall consult with the interbasin compact committee to produce the annual report required by section 37-75-105 (4), C.R.S., regarding how moneys in the fund were allocated in the previous twelve-month period.
- (III) and (IV) Repealed.

(V) On April 30, 2021, the state treasurer shall transfer three million nine hundred ninety-six thousand four hundred ten dollars from the fund to the severance tax operational fund created in subsection (2)(b)(I) of this section.

(VI) Repealed.

**39-29-109.3. Severance tax operational fund - core reserve - grant program reserve - definitions - repeal.**

(1) The executive director of the department of natural resources shall submit with the department's budget request for each fiscal year a list and description of the programs the executive director recommends to be funded from the severance tax operational fund created in section 39-29-109 (2)(b), referred to in this section as the "operational fund". Except as otherwise provided in subsections (10), (11), (12), and (13) of this section, the general assembly may appropriate money from the total money available in the operational fund to fund recommended programs as follows:

(a) (I) For programs or projects within the energy and carbon management commission created in section 34-60-104.3 (1), up to thirty-five percent of the money in the operational fund for fiscal years commencing on or after July 1, 2009.

(II) Money appropriated for programs or projects pursuant to subsection (1)(a)(I) of this section shall be used by the energy and carbon management commission for plugging and abandonment projects, for well-site location reclamation projects, or for regulatory and environmental programs or projects as specifically appropriated by the general assembly for use on such programs or projects; except that, if the commission determines that an emergency exists, the commission may expend any money received for the emergency without any further appropriation. In determining the uses of this money, the commission shall give priority to uses that reduce industry fees and mill levies.

(b) For programs within the Colorado geological survey, up to fifteen percent of the moneys in the operational fund;

(b.5) For the avalanche information center, up to five percent of the moneys in the operational fund;

(c) For programs within the division of reclamation, mining, and safety, up to thirty percent of the money in the operational fund for fiscal years commencing before July 1, 2008, and up to twenty-five percent of the money in the operational fund for fiscal years commencing on or after July 1, 2008;

(d) For programs within the Colorado water conservation board and for purposes authorized by article 75 of title 37, C.R.S., up to five percent of the moneys in the operational fund;

(e) For fiscal years commencing on or after July 1, 2008, only, for programs within the division of parks and wildlife that monitor, manage, or mitigate the impacts of mineral or mineral

fuel production activities on wildlife in any region of the state in which production activity is occurring or, from any location in the state, research such impacts, up to five percent of the moneys in the operational fund, which moneys shall not supplant moneys that would otherwise be made available for such programs;

(f) For fiscal years commencing on or after July 1, 2009, for programs within the division of parks and wildlife that operate, maintain, or improve state parks in any region of the state in which production activity is occurring, up to ten percent of the moneys in the operational fund.

(g) If the general assembly appropriates less than one hundred percent of the money available in the operational fund for the purposes set forth in subsections (1)(a) to (1)(f) of this section, then the general assembly may additionally appropriate:

(I) Up to five million dollars to the species conservation trust fund created in section 24-33-111 (2)(a);

(II) Up to four million six thousand five dollars from the operational fund to the division of parks and wildlife aquatic nuisance species fund created in section 33-10.5-108 (1);

(III) Through the 2023-24 state fiscal year, up to four hundred fifty thousand dollars, and for the 2024-25 state fiscal year and each state fiscal year thereafter, up to seven hundred thousand dollars to the conservation district grant fund created in section 35-1-106.7;

(IV) For the 2022-23 state fiscal year, up to ten million dollars to the wildfire mitigation capacity development fund created in section 24-33-117 (1); and

(V) For the 2023-24 state fiscal year and each state fiscal year thereafter, up to five million dollars to the wildfire mitigation capacity development fund created in section 24-33-117 (1).

(1.5) On June 30, 2021, and July 1, 2022, the state treasurer shall transfer nine million four hundred fifty-six thousand five dollars from the general fund to the operational fund.

(1.7) and (2) Repealed.

(3) (a) It is the intent of the general assembly that the operational fund maintain a reserve equal to two times the current state fiscal year's appropriations made from the operational fund, but if severance tax revenues are less than anticipated, then money in the reserve is available to be used for expenditures authorized by the appropriations.

(b) and (c) Repealed.

(3.5) (a) Repealed.

(b) If at the end of a fiscal year the reserve for the operational fund specified in subsection (3)(a) of this section is full, then, on August 15 following the end of the fiscal year, the state

treasurer shall transfer the remainder to the severance tax perpetual base fund created in section 39-29-109 (2)(a).

(c) Repealed.

(4) to (8) Repealed.

(9) On June 30, 2023, the state treasurer shall transfer twelve million six hundred thousand dollars from the operational fund to the water plan implementation cash fund created in section 37-60-123.3.

(10) and (11) Repealed.

(12) (a) On July 1, 2024, the state treasurer shall transfer seven hundred forty-eight thousand dollars from the operational fund to the clean water cash fund created in section 25-8-210 (4) for use by the department of public health and environment in administering the program described in section 25-8-205.1.

(b) This subsection (12) is repealed, effective July 1, 2027.

(13) (a) Beginning in April 2027, and every April thereafter, the executive director of the department of natural resources shall determine an amount equal to the difference of:

(I) The amount projected by the March revenue forecast relied on by the general assembly in setting the state budget for the next state fiscal year as the amount of total state severance tax receipts that the state treasurer will transfer to the operational fund for the current state fiscal year; and

(II) The amount appropriated by the general assembly for the programs described in subsections (1)(a) to (1)(g) of this section in the current year.

(b) Beginning in April 2027, and every April thereafter, after making the determination pursuant to subsection (13)(a) of this section, the executive director of the department of natural resources shall report an amount equal to the greater of zero or the amount determined by the executive director pursuant to subsection (13)(a) of this section.

(c) On June 30, 2027, and each June 30 thereafter, the state treasurer shall transfer from the operational fund to the general fund an amount equal to the lesser of fourteen million two hundred thousand dollars or the amount reported to the state treasurer pursuant to subsection (13)(b) of this section.

(14) (a) On June 30, 2026, the state treasurer shall transfer seven million two hundred fifty-two thousand nine hundred ninety-six dollars from the fund to the general fund.

(b) This subsection (14) is repealed, effective July 1, 2027.

(15) (a) On June 30, 2027, the state treasurer shall transfer eleven million one hundred fifty thousand dollars from the fund to the general fund.

(b) This subsection (15) is repealed, effective July 1, 2028.

**39-29-110. Local government severance tax fund - creation - administration - definitions - repeal.**

(1) (a) (I) There is created in the department of local affairs a local government severance tax fund. In accordance with section 39-29-108, portions of the state severance tax receipts must be credited to the local government severance tax fund.

(II) Repealed.

(III) The executive director of the department of local affairs shall distribute any moneys and make loans from such fund in accordance with the purposes and priorities provided in paragraph (b) of this subsection (1).

(b) (I) Seventy percent of the funds in the local government severance tax fund shall be distributed to those political subdivisions socially or economically impacted by the development, processing, or energy conversion of minerals and mineral fuels subject to taxation under this article and used for the planning, construction, and maintenance of public facilities and for the provision of public services. Such funds shall also be distributed to political subdivisions to compensate them for loss of property tax revenue resulting from the deduction of severance taxes paid in the determination of the valuation for assessment of producing mines. The executive director of the department of local affairs shall consider the economic needs of a political subdivision for purposes of making distributions pursuant to this subsection (1)(b)(I). The executive director of the department of local affairs may establish an administrative policy for a preference to just transition coal communities. This preference will be available for a three-year period beginning January 1, 2026.

(II) (A) In addition to the distribution of money authorized under subsection (1)(b)(I) of this section, the executive director may distribute money or make loans, or any combination thereof, to the political subdivisions for the planning, design, construction, erection, building, acquisition, alteration, modernization, reconstruction, improvement, or expansion of domestic wastewater treatment works or potable water treatment facilities. Any loan made by the executive director under the authority of this section shall only be made under such terms as will insure repayment of the loan with interest assessed and collected at an interest rate commensurate with an AA-rated ten-year municipal bond rate averaged over the previous six months, at the time of application.

(B) As used in this subparagraph (II), "domestic wastewater treatment works" means a system or facility of a political subdivision for treating, neutralizing, stabilizing, collecting, or disposing of domestic wastewater, which system or facility has a designed capacity to receive more than two thousand gallons of domestic wastewater per day, and "domestic wastewater treatment works" includes appurtenances to such system or facility, such as outfall sewers, pumping stations, and collection and interceptor lines, and the equipment related to such appurtenances.

(C) As used in this subparagraph (II), "potable water treatment facilities" means a system or facility of a political subdivision for treating water to be supplied to the public for domestic use, and "potable water treatment facilities" includes water treatment plants, treated water storage facilities, water mains, water distribution lines, pumps, and appurtenances.

(III) In addition to the distribution of moneys authorized under subparagraphs (I) and (II) of this paragraph (b), the executive director shall distribute:

(A) Moneys to the uranium mill tailings remedial action program fund in accordance with the provisions of section 39-29-116 (3);

(B) Moneys to the department of public health and environment for any direct and indirect costs associated with the monitoring, notification, and handling of designated uranium mill tailings that are authorized in section 25-11-303, C.R.S., and the amount of the distribution made pursuant to this sub-subparagraph (B) shall be equal to the amount appropriated to the department of public health and environment by the general assembly for such direct and indirect costs; and

(C) Up to fifty thousand dollars each state fiscal year to political subdivisions that include mill sites designated for cleanup pursuant to federal Public Law 95-604 for reimbursement of actual, documented costs related to the cleanup of uranium mill tailings.

(IV) In addition to the distribution of moneys authorized under subparagraphs (I), (II), and (III) of this paragraph (b), the executive director may distribute moneys to those privately organized volunteer fire departments serving areas socially or economically impacted by the development, processing, or energy conversion of minerals and mineral fuels subject to taxation under this article, for the purpose of purchasing equipment to fight fires.

(V) In addition to the distribution of moneys authorized under subparagraphs (I), (II), (III), and (IV) of this paragraph (b), the executive director of the department of local affairs may distribute moneys for planning, analyses, public engagement, and coordination and collaboration with federal land managers and stakeholders, or for similar or related local government processes needed by local governments for engagement in federal land management decision-making.

(c) (I) For state fiscal years commencing prior to July 1, 2008, an amount equal to thirty percent of said gross receipts credited to the local government severance tax fund shall be distributed to counties or municipalities on the basis of the proportion of employees of the mine or related facility or crude oil, natural gas, or oil and gas operation who reside in any such county's unincorporated area or in any such municipality to the total number of employees of the mine or related facility or crude oil, natural gas, or oil and gas operation. Such distribution shall be made on the basis of the report required in paragraph (d) of this subsection (1). For state fiscal years commencing on or after July 1, 2008, thirty percent of said gross receipts credited to the local government severance tax fund shall be allocated to counties based upon the following factors:

(A) On the basis of the report required in paragraph (d) of this subsection (1), the proportion of employees of mines or related facilities or crude oil, natural gas, or oil and gas operations who reside in a county to the total number of employees of mines or related facilities or crude oil, natural gas, or oil and gas operations who reside in the state;

(B) The proportion of the mine and well permits issued in a county to the total number of such permits issued in the state; and

(C) The proportion of the overall quantity of mineral production within a county to the total overall quantity of production within the state.

(II) (A) For the state fiscal year commencing on July 1, 2008, the factor set forth in sub-subparagraph (A) of subparagraph (I) of this paragraph (c) shall be weighted fifty percent and the factors set forth in sub-subparagraphs (B) and (C) of subparagraph (I) of this paragraph (c) shall be weighted twenty-five percent each.

(B) For state fiscal years commencing on or after July 1, 2009, each of the three factors set forth in subparagraph (I) of this paragraph (c) shall be weighted thirty percent, and the executive director of the department of local affairs, in consultation with the energy impact assistance advisory committee established pursuant to section 34-63-102 (5)(b)(I), C.R.S., shall establish guidelines that set forth the factor or factors under which the remaining ten percent shall be weighted.

(III) Except as otherwise set forth in subparagraph (IV) of this paragraph (c), the moneys allocated to each county pursuant to this paragraph (c) shall be further distributed to the county and to each municipality within the county based upon the following factors:

(A) The proportion of employees reported as residents under paragraph (d) of this subsection (1) in any such county's unincorporated area or in any such municipality within the county to the total number of employees reported as residents in the county as a whole under paragraph (d) of this subsection (1);

(B) The proportion of the population in any such county's unincorporated area or in any such municipality within the county to the total population in the county, as such population is reported in the most recently published population estimate from the state demographer appointed by the executive director of the department of local affairs; and

(C) The proportion of road miles in any such county's unincorporated area or in any such municipality within the county to the total road miles in the county, as such miles are certified by the department of transportation to the state treasurer pursuant to sections 43-4-207 (2)(d) and 43-4-208 (3), C.R.S.

(IV) With respect to the distribution made pursuant to subparagraph (III) of this paragraph (c), the executive director of the department of local affairs, in consultation with the energy impact assistance advisory committee established pursuant to section 34-63-102 (5)(b)(I), C.R.S., shall establish guidelines that set forth the weight that each of the factors in sub-subparagraphs (A) to (C) of subparagraph (III) of this paragraph (c) shall be given. These guidelines shall apply uniformly across the state; except that the executive director may:

(A) Accept a memorandum of understanding from a county and all municipalities contained therein that establishes an alternative distribution that shall be effective within such county; and

(B) After consultation with the energy impact assistance advisory committee established pursuant to section 34-63-102 (5)(b)(I), C.R.S., vary the weight that each of the factors in sub-subparagraphs (A) to (C) of subparagraph (III) of this paragraph (c) receives in an individual county, in order to more fairly distribute the gross receipts among the county and all municipalities contained therein.

(V) Moneys distributed from the local government severance tax fund pursuant to this paragraph (c) shall be distributed no later than August 31 of each year. Counties and municipalities shall utilize revenues received under this subsection (1) only for the purposes of capital expenses and general operating expenses.

(VI) On or before January 1, 2010, and every second January 1 thereafter, the executive director of the department of local affairs shall submit to each member of the general assembly a report that evaluates the effectiveness of the allocation and distribution of moneys pursuant to this paragraph (c) to counties and municipalities impacted by the development, processing, or energy conversion of minerals and mineral fuels subject to taxation under this article, and, if appropriate, that proposes changes to the allocation and distribution. The provisions of section 24-1-136 (11)(a)(I), C.R.S., shall not apply to the report.

(c.5) (Deleted by amendment, L. 2008, p. 1680, § 6, effective August 5, 2008.)

(d) (I) (A) Ninety days prior to the end of each fiscal year, for each taxable year to which this sub-subparagraph (A) applies, the executive director of the department of revenue shall send every producer who is subject to the severance tax and whose payment is subject to the distribution formula provided in this subsection (1) a form on which the producer shall submit a report to the department of revenue indicating the following: The name and address of the producer, the name of the mine, related facility, or operation, the names of the municipalities or counties in which its employees maintain their actual residences as given by the employees, giving the number of employees for each such municipality or unincorporated area of each such county, and the total number of employees of the mine or related facility or crude oil, natural gas, or oil and gas operation. The producer may use and submit any other report form in lieu of the state form sent by the executive director of the department of revenue that contains the same information as prescribed in the state form. The report shall be due April 30 of each year. The executive director of the department of revenue shall submit a copy of the report required by this paragraph (d) to the executive director of the department of local affairs. In the case of failure of any producer to submit the report on or before the date required by this paragraph (d) to the department of revenue, a written notice shall be sent to the producer by the department of revenue by first-class mail as set forth in section 39-21-105.5 stating that the producer has failed to submit a copy of the report required by this paragraph (d) and informing the producer of the

penalty provision contained in this paragraph (d). If the producer fails within forty-five days after receipt of the written notice to submit the required report, there shall be levied and collected a penalty for the failure in the amount of fifty dollars for each day, or portion thereof, during which the failure continues. Any moneys and interest collected under this paragraph (d) shall be added to the fifteen percent of gross receipts from the local government severance tax fund and distributed to counties or municipalities in the manner prescribed by paragraph (c) of this subsection (1). Moneys distributed from the local government severance tax fund pursuant to paragraph (c) of this subsection (1) shall be distributed no later than August 31 of each year. Any producer not liable for severance tax under this section shall not be required to submit a report under this subsection (1). This sub-subparagraph (A) shall apply to any report for a taxable year commencing prior to January 1, 2008.

(B) Every party that registers exempt production with the department of revenue, withholds income pursuant to section 39-29-111 (1), or files a declaration pursuant to section 39-29-104 (2) or 39-29-112 (2) shall submit a report to the department of local affairs in a format specified by the executive director of the department indicating the following: The name and address of the party; the name of the mine, related facility, or operation; the names of the municipalities or counties in which the party's employees maintain their actual residences as given by the employees, giving the number of the employees for each such municipality or unincorporated area of each such county; and the total number of the employees of the mine or related facility or crude oil, natural gas, or oil and gas operation. The report shall be due April 30 of each year. This sub-subparagraph (B) shall apply to any report for a taxable year commencing on or after January 1, 2008.

(II) (A) (Deleted by amendment, L. 2008, p. 1680, § 6, effective August 5, 2008.)

(B) For purposes of this paragraph (d), an "employee of a crude oil, natural gas, or oil and gas operation" means any individual who is employed and compensated for at least five hundred hours of work in any six months during the calendar year preceding the due date of the report by a producer, interest owner, or party who contracts with a producer or interest owner for the purposes of extracting such crude oil, natural gas, or oil and gas out of the ground and at point of first sale.

(C) In the case of failure of any party to submit the report required pursuant to sub-subparagraph (B) of subparagraph (I) of this paragraph (d) on or before the required date to the department of local affairs, a written notice shall be sent to the party by the department by first-class mail stating that the party has failed to submit a copy of the report required by sub-subparagraph (B) of subparagraph (I) of this paragraph (d) and informing the party of the penalty provision contained in this sub-subparagraph (C). If the party fails within forty-five days after receipt of the written notice to submit the required report, there shall be levied and collected a penalty for the failure in the amount of fifty dollars for each day, or portion thereof, during which the failure continues. Any moneys and interest collected under this sub-subparagraph (C) shall be

added to the thirty percent of gross receipts from the local government severance tax fund distributed to counties or municipalities in the manner prescribed by paragraph (c) of this subsection (1). The notice required pursuant to this sub-subparagraph (C) shall be sent in accordance with the provisions of section 39-21-105.5, and the provisions of that section shall otherwise apply to the notice.

(e) and (f) (Deleted by amendment, L. 2008, p. 1680, § 6, effective August 5, 2008.)

(2) Repealed.

(2.5) In accordance with the provisions of section 34-63-102 (5)(b)(VI), the energy impact assistance advisory committee established pursuant to said section shall make recommendations to the executive director of the department of local affairs regarding the distribution of money authorized pursuant to this section.

(3) Notwithstanding section 24-1-136 (11)(a)(I), the executive director of the department of local affairs shall deliver to the state auditor and file with the general assembly annually before February 1 a detailed report accounting for the distribution of all funds for the previous year. The energy impact assistance advisory committee shall review the report prior to it being delivered and filed.

(4) Repealed.

(5) Notwithstanding any provision of this section to the contrary, on June 1, 2009, the state treasurer shall deduct seven million five hundred thousand dollars from the local government severance tax fund and transfer such sum to the general fund.

(6) Notwithstanding any provision of this section to the contrary, on April 15, 2010, the state treasurer shall deduct fifty million three hundred twenty-seven thousand seven hundred ninety-six dollars from the local government severance tax fund and transfer such sum to the general fund.

(7) Notwithstanding any provision of this section to the contrary:

(a) On June 30, 2011, the state treasurer shall deduct seventy million dollars from the local government severance tax fund and transfer such sum to the general fund.

(b) Due to the transfer made pursuant to paragraph (a) of this subsection (7), for the state fiscal year commencing on July 1, 2010, the amount of the gross receipts credited to the local government severance tax fund that are distributed pursuant to paragraph (b) of subsection (1) of this section shall be decreased by three million dollars and the amount of gross receipts that are distributed pursuant to paragraph (c) of subsection (1) of this section shall be increased by three million dollars.

(c) On June 30, 2012, the state treasurer shall deduct forty-one million dollars from the local government severance tax fund and transfer such sum to the general fund.

(d) On June 30, 2018, the state treasurer shall transfer twenty-two million eight hundred fifty thousand dollars from the local government severance tax fund to the general fund.

(e) On July 1, 2024, the state treasurer shall transfer twenty-five million dollars from the local government severance tax fund to the general fund.

(f) On June 30, 2025, the state treasurer shall transfer ten million dollars from the local government severance tax fund to the general fund.

(g) On June 30, 2026, the state treasurer shall transfer nineteen million four hundred thousand dollars from the local government severance tax fund to the general fund.

(h) On June 30, 2027, the state treasurer shall transfer twenty-seven million three hundred thousand dollars from the local government severance tax fund to the general fund.

(8) Notwithstanding any provision of this section to the contrary, an amount equal to forty-eight million three hundred thousand dollars in the local government severance tax fund that would otherwise be distributed under paragraph (b) of subsection (1) of this section is restricted from being used for any purpose whatsoever, until such time that the joint budget committee, by a majority vote, releases the restriction on some or all of the money. It is the general assembly's intent that the restriction of money in the fund shall not affect the distributions made under paragraph (c) of subsection (1) of this section.

(9) Repealed.

(10) (a) Notwithstanding any provision of this section to the contrary, on July 1, 2025, and on July 1 of each year thereafter through July 1, 2034, the state treasurer shall transfer fifteen million dollars from the local government severance tax fund to the public safety communications trust fund created in section 24-33.5-2510 (1).

(b) This subsection (10) is repealed, effective July 1, 2035.

(11) (a) For state fiscal years commencing on or before July 1, 2024, and on or after July 1, 2026, the state treasurer shall credit all interest and income derived from the local government severance tax fund to the local government severance tax fund.

(b) For the state fiscal year commencing on July 1, 2025, in accordance with section 24-36-114 (1), the state treasurer shall credit all interest and income derived from the deposit and investment of money in the local government severance tax fund to the general fund.

(c) Repealed.

### **39-29-111. Withholding of income from oil and gas interest - definition.**

(1) (a) Every producer or purchaser who disburses funds that are owed to any person owning a working interest, a royalty interest, a production payment, or any other interest in any oil or gas produced in Colorado shall, unless such production is exempt under section 39-29-105 (1) and the producer or purchaser has registered such exempt production with the department of revenue in accordance with rules promulgated by the department, withhold from the amount owed to such person an amount equal to one percent of the gross income from such interest, except for income accruing to the United States or the state of Colorado or to any political subdivision of the state of Colorado. The amount withheld is based on gross income as defined in section 39-29-102 (3)(a). On the first day of each month beginning with July 1, 2007, the aggregate of all such amounts withheld during the calendar month that was three months prior thereto shall be paid to the department in the manner set forth in section 39-21-119.5 (4)(b). Nothing in this section shall be so construed as to reduce the tax imposed by this article 29.

(b) Repealed.

(2) Every person making a return as required by section 39-29-112 may take credit for the amount withheld by the producer or the first purchaser against the tax shown to be due upon such return, and any overpayment shown on such return shall be refunded to the taxpayer.

(3) For the purposes of subsection (1) of this section, "producer or purchaser" means every person producing or extracting oil and gas deposits located within this state or the first purchaser of oil and gas produced from deposits located within this state.

(4) On or before March 1 of each year, every producer or purchaser shall provide each person holding any interest pursuant to subsection (1) of this section with a statement of the amounts deducted and withheld pursuant to this section from disbursements made to such person during the preceding calendar year. Such statements shall be retained in the records of every producer or purchaser for a period of three years and shall be made available to the department of revenue upon the written request of the department.

### **39-29-112. Procedures and reports - definitions.**

(1) Except as set forth in subsections (6) and (7) of this section, every person subject to taxation under the provisions of this article shall make an annual return to the department of revenue, separate and apart from other returns required to be made under the provisions of articles 20 to 28 of this title, upon a form to be prescribed by the executive director. Such return shall be filed with the department of revenue on or before the fifteenth day of the fourth month following the end of the taxable year. Payment of the tax shown to be due shall be made at the time such return is filed. The executive director may grant a reasonable extension of time for filing returns and for paying the tax under such rules as he may prescribe. In the event of the failure to file the return within the time required or the extension of the time granted by the executive director, there shall be added to the tax a penalty as provided for in section 39-29-115.

(2) Every corporation subject to taxation under this article 29 shall make a declaration and payment of estimated tax if the tax imposed by this article 29 for the taxable year can reasonably be expected to exceed five thousand dollars. Such declaration and payment shall be made to the department of revenue, separate and apart from other returns required under articles 20 to 28 of this title 39, upon a form prescribed by the executive director. Such declaration shall be filed with and payment made to the department of revenue in accordance with the provisions of section 39-22-606.

(3) All unexpended balances in any oil shale and oil and gas severance tax withholding fund established to carry out the purposes of this article as of June 30, 1978, and on each June 30 thereafter, or at any time determined by the controller with the approval of the state treasurer shall be credited to the general fund of the state. Such unexpended balances shall include all moneys which for any reason cannot be refunded. All warrants covering refunds from said severance tax withholding fund which cannot for any reason be delivered to the taxpayer to whom due and which are not presented for payment within six months after the date of issuance

thereof shall be void, and the moneys represented thereby shall be included in the unexpended balance in said fund at the expiration of any fiscal year. Persons entitled to the refunds of moneys represented by warrants which cannot be delivered to the taxpayer and which are not presented for payment within six months after the date of issuance thereof may file claims for refund at any time within four years after the date the tax return which establishes the right to the refund was required to be filed. Claims for refund not filed within the prescribed four-year period shall not be allowed or paid.

(4) The tax imposed by this article is hereby declared to be a special classified and limited tax in accordance with the provisions of section 17 of article X of the state constitution.

(5) The taxpayer's taxable year under this article shall be the same as his taxable year for federal income tax purposes.

(6) The provisions of subsections (1) to (3) and subsection (5) of this section shall not apply to persons filing quarterly declaration forms and making quarterly payments of tax pursuant to the provisions of section 39-29-104.

(7) A person is not required to make a separate, annual return to the department of revenue for a taxable year pursuant to subsection (1) of this section if:

(a) The person has less than two hundred fifty dollars withheld by all unit operators or first purchasers pursuant to section 39-29-111 (1) for the taxable year; and

(b) The amount of withholding is greater than or equal to the amount of tax levied pursuant to this article that is owed by the person for the taxable year.

(8) Repealed.

**39-29-113. Exemption prohibited - when.**

(1) If any person likely to be liable for taxes imposed pursuant to the provisions of this article transfers all or part of his property to another person controlled, directly or indirectly, by the transferor before or after the transfer, the executive director may disallow to the transferee any exemption from tax otherwise authorized pursuant to this article unless such transferee establishes by a clear preponderance of the evidence that the securing of such an exemption was not a major purpose of such transfer.

(2) As used in this section, "control" means:

(a) The ownership, directly or indirectly, of more than fifty percent of the voting stock of the transferee corporation; or

(b) With respect to a transferee other than a corporation, that the transferor owns, during any part of the transferee's taxable year, a greater economic interest than any other owner of the transferee.

**Source: L. 77:** Entire article added, p. 1851, § 1, effective January 1, 1978.

**39-29-114. Component members of a controlled group treated as one taxpayer.**

(1) For the purposes of this article, persons who are members of the same controlled group of corporations shall be treated as one taxpayer.

(2) If fifty percent or more of the beneficial interest in two or more corporations, trusts, or estates is owned by the same or related persons (taking into account only persons who own at least five percent of such beneficial interest), the exemptions allowed under this article shall be allocated among all such entities in proportion to their respective quantities of production from the property of such entities.

(3) In the case of individuals who are members of the same family, the exemptions allowed under this article shall be allocated among such individuals in proportion to their respective quantities of production from the property of such individuals. For the purposes of this article, the family of an individual shall be deemed to include only his spouse and children.

(4) For the purposes of this section, the term "controlled group of corporations" has the meaning given to such term by the "Internal Revenue Code of 1986", in section 613A, as of

January 1, 1987. The change of the reference in this section from the "Internal Revenue Code of 1954" to the "Internal Revenue Code of 1986" shall not affect any act done or any right accrued or accruing before or after such change, but all rights and liabilities shall continue and may be enforced in the same manner as if such references had not been changed.

### **39-29-115. Penalties and interest.**

(1) Any person who fails to file a report or to pay the tax due thereon shall pay a penalty of thirty percent of the tax assessed or thirty dollars, whichever is greater, and the interest due under the provisions of section 39-21-110.5.

(1.5) Any person who fails to withhold income and make a payment required pursuant to section 39-29-111 shall pay a penalty of up to thirty percent of the required payment or thirty dollars, whichever is the greater amount, and the interest due under the provisions of section 39-21-110.5. Any person who withholds income pursuant to section 39-29-111 and who fails to file the annual report required by the rules promulgated by the department of revenue related to such withholding shall pay a penalty of up to fifteen percent of the amount of withholding that should have been reflected in the report or one thousand five hundred dollars, whichever is the lesser amount. The penalty set forth in this subsection (1.5) for failing to withhold income and make a payment shall not apply if the income was from a well that qualified for the exemption set forth in section 39-29-105 (1)(b) for the prior taxable year.

(2) Tax assessed pursuant to an error contained on a previously filed return which was due to negligence or disregard of the law shall have added thereto:

(a) A penalty of ten percent of the tax assessed; and

(b) Penalty interest of one-half of one percent per month, in addition to the interest due under section 39-21-110.5, on the tax assessed.

(3) (a) Except as set forth in paragraph (b) of this subsection (3), if any person fails, neglects, or refuses to file a report required by this article, the executive director may, upon such information as may be available to him, estimate the amount of tax due for the period for which no report was filed, with applicable penalties and interest, and mail such estimate to the last-known address of such person. The amount so estimated, together with the penalties and interest, shall become fixed, due, and payable, as if such person had filed a report showing such amounts unless, within ten days after receiving the estimate, such person files a true and correct report for the period and pays the tax, penalty, and interest due thereon.

(b) The executive director shall not send an estimate for a taxable year pursuant to paragraph (a) of this subsection (3) to a person who has less than two hundred fifty dollars withheld by all unit operators or first purchasers for the taxable year pursuant to section 39-29-111 (1), unless the executive director has good cause to believe that such person does not qualify for the exception to the filing requirement set forth in section 39-29-112 (7).

(4) The executive director may waive, for good cause shown, any of the penalties authorized by this section.

**39-29-116. Uranium mill tailings remedial action program fund - creation - oversight committee - repeal.**

(1) The general assembly hereby declares that the purpose of creating the uranium mill tailings remedial action program fund is to provide a funding source to match federal funds available under the federal "Uranium Mill Tailings Radiation Control Act of 1978", 42 U.S.C. sec. 7901 et seq., for the purpose of cleaning up certain sites designated in Colorado for cleanup. The general assembly states that its intent in enacting this section is to assure that Colorado has those state moneys set aside in order to obtain the federal funds before those federal funds are completely used in cleaning up other sites or are no longer available. The general assembly further intends that the amount of moneys transferred into this new fund from the severance tax trust fund and the amounts which will be awarded from the local government severance tax fund and the local government mineral impact fund should be sufficient to clean up all of the federal designated sites in Colorado without additional appropriation, transfers, or awards.

(2) There is hereby created in the office of the state treasurer the uranium mill tailings remedial action program fund for the sole purpose of providing a state match to federal funds available for the cleanup of uranium mill tailing sites as designated for cleanup under the federal "Uranium Mill Tailings Radiation Control Act of 1978", 42 U.S.C. sec. 7901 et seq. The fund shall consist of moneys transferred to the fund from the severance tax trust fund in accordance with section 39-29-109 (5) as it existed prior to its repeal and any other moneys made available or appropriated into the uranium mill tailings remedial action program fund pursuant to subsection (3) of this section. The moneys in the uranium mill tailings remedial action program fund available for remedial costs only shall not exceed fifty-seven million dollars. Moneys in the fund shall be subject to annual appropriation. All interest derived from the deposit and

investment of moneys in the uranium mill tailings remedial action program fund shall be credited to such fund. Any unexpended and unencumbered moneys in the uranium mill tailings remedial action program fund at the end of the 1998-99 fiscal year shall be credited and transferred to the local government severance tax fund established pursuant to section 39-29-110.

(3) (a) The state treasurer may accept and credit to the uranium mill tailings remedial action program fund any donations received by the state for the express purpose of projects for the cleanup of uranium mill tailings. The donations may include any amounts made available from the local government severance tax fund and the local government mineral impact fund as directed by the executive director of the department of local affairs pursuant to section 39-29-110 and section 34-63-102, C.R.S. It is the intent of the general assembly that a minimum of six million dollars be retained in the local government severance tax fund and the local government mineral impact fund for grants and loans to local communities.

(b) Before or during fiscal year 1993-94, the executive director of the department of local affairs shall distribute not less than five million dollars to the uranium mill tailings remedial action program fund from the local government mineral impact fund, the local government severance tax fund, or a combination thereof. The executive director shall determine the amount of moneys, if any, to be distributed from each fund.

(c) Before or during fiscal years 1994-95, 1995-96, and 1996-97, the executive director of the department of local affairs shall distribute in the aggregate not less than five million dollars to the uranium mill tailings remedial action program fund from the local government mineral impact fund, the local government severance tax fund, or a combination thereof; except that at least two and one-half million dollars shall be distributed before or during fiscal year 1995-96. The executive director shall determine the amount of moneys, if any, to be distributed from each fund.

(d) For fiscal years after 1996-97, the executive director of the department of local affairs may distribute moneys from the local government mineral impact fund and the local government severance tax fund pursuant to sections 34-63-102 and 39-29-110 (1)(b)(III)(A), C.R.S., respectively.

(4) Repealed.

(5) No new sites may be added to the uranium mill tailings remedial action program without the approval of the general assembly acting by bill.

### **39-30-101. Short title.**

This article shall be known and may be cited as the "Urban and Rural Enterprise Zone Act".

**Source: L. 86:** Entire article added, p. 1139, § 1, effective July 1.

### **39-30-102. Legislative declaration.**

(1) The general assembly hereby finds and declares:

(a) That the health, safety, and welfare of the people of this state are dependent upon the continued encouragement, development, and expansion of opportunities for employment in the private sector in this state;

(b) That there currently exist in this state both rural and urban areas which require new employment opportunities to overcome conditions of unemployment, underemployment, net out-migration of the population, chronic economic distress, deterioration of main street business districts, or sudden and severe economic dislocations and that such conditions may well exist, from time to time, in other areas of the state; and

(c) That some rural counties in this state continue to have difficulty in promoting economic growth despite the existence of enterprise zones and their associated tax credits.

(2) It is, therefore, declared to be the policy of the state, in order to provide incentives for private enterprise to expand and for new businesses to locate in such economically depressed areas and to provide more job opportunities for residents of such areas, to establish a pilot program for tax incentives and other assistance for enterprises in designated areas to be known as enterprise zones.

(3) (a) It is the intent of the general assembly that state agencies, including but not limited to the division of local government in the department of local affairs, the department of labor and

employment, the department of revenue, the state board for community colleges and occupational education in the department of higher education, and the Colorado office of economic development created in the office of the governor, place special emphasis on providing assistance to designated enterprise zones.

(b) It is further declared to be the intent of the general assembly that areas so designated also be eligible to apply for designation under federal enterprise zone legislation that may be enacted.

**39-30-103. Zones established - annual documentation - review - termination - annual report - definitions.**

(1) (a) Any municipality, county, or group of contiguous municipalities or counties may propose an area of such municipality, county, or group of municipalities or counties to be designated as an enterprise zone if the area has a population of no more than one hundred fifteen thousand persons as calculated pursuant to subsection (1.3) of this section, or one hundred fifty thousand persons as calculated pursuant to subsection (1.3) of this section if the area is a rural area, and meets at least one of the following additional criteria:

(I) An unemployment rate at least twenty-five percent above the state average for the most recent period of twelve consecutive months for which data is available from the United States census bureau or the department of local affairs;

(II) A population growth rate less than twenty-five percent of the state average rate for the most recent five-year period for which data is available from the United States census bureau or the department of local affairs, or, if such data is not available for any five-year period, for the most recent period of not less than five nor more than ten years for which such data is available; or

(III) A per capita income less than seventy-five percent of the state average for the most recent period for which data is available from the United States census bureau or the department of local affairs.

(b) Notwithstanding subsection (1)(a) of this section, on or after July 1, 2024, but before January 1, 2034, any municipality, county, or group of contiguous municipalities or counties may propose an area of such municipality, county, or group of municipalities or counties to be designated as an enterprise zone, so long as that area is a rural area designated as a tier one transition community as defined in section 8-83-502 (10).

(1.3) For the purposes of this article, the population of an enterprise zone shall be calculated using data from the United States census bureau or the department of local affairs at the county, municipal, or block levels. Such calculations that require the use of block level data shall include the entire population of each block in which the enterprise zone is located.

(1.5) As used in this section, "rural area" means:

(a) A county with a population of less than fifty thousand people, according to the most recently available population statistics of the United States bureau of the census;

(b) A municipality with a population of less than fifty thousand people, according to the most recently available population statistics of the United States bureau of the census, that is located ten miles or more from a municipality with a population of more than fifty thousand people; or

(c) The unincorporated part of a county located ten miles or more from a municipality with a population of more than fifty thousand people, according to the most recently available population statistics of the United States bureau of the census.

(2) (a) Except as provided in paragraph (c) of this subsection (2), the director of the Colorado office of economic development shall determine whether an area meets the criteria specified in subsection (1) of this section based on the most recent statistics available. Except as provided in paragraph (c) of this subsection (2), all decisions concerning the designation or termination of an enterprise zone or any portion of an enterprise zone shall be made by the Colorado economic development commission created in section 24-46-102, C.R.S., upon the recommendations of the director of the Colorado office of economic development.

(b) Repealed.

(c) (I) Commencing January 1, 2014, the director of the Colorado office of economic development and the Colorado economic development commission shall review the enterprise zone designations no less frequently than once every ten years to ensure that the existing zones continue to meet the criteria specified in subsection (1) of this section. The director and the commission may modify existing enterprise zone designations based on the review specified in this paragraph (c). If it is determined that existing enterprise zone designations need to be modified, such modification shall not be undertaken in a high unemployment period, but the director and the commission shall review the need for such modifications again as soon as the state is no longer in a high unemployment period. Any modification shall be reported to the legislative audit committee in conjunction with the annual presentation described in paragraph (b.7) of subsection (4) of this section and shall also be reported to the finance committees of the house of representatives and the senate, or any successor committees.

(II) For purposes of this section, "high unemployment period" means a period in which the average of the seasonally adjusted U-3 unemployment rate, or successor index, for Colorado as

determined by the United States secretary of labor, for the most recent three months for which data for Colorado is published, equals or exceeds eight percent.

(3) In proposing an area for designation as an enterprise zone, the local government shall submit to the director of the Colorado office of economic development a development plan. This plan shall include information describing the following items:

- (a) The boundaries of the proposed zone;
- (b) The proposed zone's potential for business development and job creation;
- (c) How the proposed zone will support and be consistent with maintenance of an economically viable central business district;
- (d) The specific economic development objectives, to be achieved in the zone, including specific objectives that have measurable outcomes, and the measures that local government and the private sector will undertake to support those objectives;
- (e) The person or agency to be designated as administrator of the proposed zone;
- (e.5) How the specific economic development objectives of the zone that have measurable outcomes will be measured and the specific, verifiable data that will be used to measure such outcomes;
- (f) Any other pertinent information the director of the Colorado office of economic development or the Colorado economic development commission may require.

(4) (a) The Colorado economic development commission, after consultation with the executive directors of the department of labor and employment and the department of revenue, may approve the designation of not more than sixteen areas as enterprise zones. The commission shall designate administrative entities for enterprise zones.

(b) The Colorado economic development commission shall work with the zone administrators of each enterprise zone to ensure that each zone has specific economic development objectives with outcomes that can be measured with specific, verifiable data. The director of the Colorado office of economic development shall require the zone administrators for each zone to submit annual documentation of efforts to improve conditions in areas designated as enterprise zones and the results of those efforts. Such annual documentation must include specific, verifiable data that can be used to measure whether the zone has achieved the specific economic development objectives for the zone that have measurable outcomes. In order for the commission to determine if the enterprise zones or portions thereof are achieving the specific economic development objectives submitted pursuant to this subsection (4)(b) or to subsection (3)(d) of this section, such annual documentation must include, but need not be limited to, the most recent statistics available for companies claiming enterprise zone tax credits on:

(I) The number of jobs created in the enterprise zone and the North American industry classification system (NAICS) code of each company reporting the creation of jobs within the zone;

(II) The number of jobs retained in the zone;

(III) The average annual compensation level, including benefits, of the jobs created or retained within the zone, categorized by full time permanent, part time, temporary, and contract jobs;

(IV) (Deleted by amendment, L. 99, p. 725, § 2, effective May 20, 1999.)

(V) The number of employees from outside the zone transferred to a facility within the zone;

(VI) (Deleted by amendment, L. 99, p. 725, § 2, effective May 20, 1999.)

(VII) An analysis of capital investment in the enterprise zone, including:

(A) The number and amount of qualified rehabilitation expenses made on rehabilitated vacant buildings;

(B) The amount of investment in qualifying property for which tax credits were claimed pursuant to section 39-30-104;

(VIII) The number of employees trained and the amount of investment in job training programs pursuant to section 39-30-104 (4);

(IX) The number of business facility employees for which a credit is claimed pursuant to section 39-30-105.1;

(X) The amount of investment tax credits claimed pursuant to section 39-30-104 and the amount of credits claimed pursuant to section 39-30-105.1;

(XI) Any other information reasonably required by the zone administrator, the director of the Colorado office of economic development, or the Colorado economic development commission to evaluate the effectiveness of each zone in accomplishing the specific measurable objectives of the zone.

(b.5) In addition to the annual documentation required pursuant to paragraph (b) of this subsection (4), the director of the Colorado office of economic development shall require the zone administrators for each enterprise zone to submit, to the extent practicable, annual documentation on the most recent statistics available on:

(I) Any change in the unemployment rate in the zone;

(II) Any change in per capita income in the zone;

(III) Any change in population in the zone;

(IV) The amount of all monetary or in-kind contributions for the purpose of implementing the economic development plan for the zone and the specific purpose of the contributions as provided in section 39-30-103.5.

(b.7) The director of the Colorado office of economic development, or the director's designee, on behalf of the Colorado economic development commission, shall submit an annual report to the general assembly on or before November 1 of each year summarizing the annual documentation submitted by zone administrators to the director of the Colorado office of economic development each year pursuant to paragraphs (b) and (b.5) of this subsection (4). The director of the Colorado office of economic development, or the director's designee, on behalf of the commission, shall make an annual presentation to the legislative audit committee that reviews and summarizes the information in the report submitted to the general assembly pursuant to this paragraph (b.7).

(c) (I) (Deleted by amendment, L. 2004, p. 364, § 1, effective August 4, 2004.)

(II) The state auditor shall submit a report to the governor and the general assembly, at the discretion of the state auditor and the legislative audit committee, evaluating the implementation of the enterprise zone program, making recommendations for statutory changes, if any, and including any other information requested by the governor or the general assembly. The evaluation shall be based upon the data included in the annual reports submitted by the director of the Colorado office of economic development on behalf of the Colorado economic development commission to the general assembly pursuant to paragraph (b.7) of this subsection (4) and objective verifiable data submitted by the enterprise zone administrators and maintained by the Colorado office of economic development, local governments, and enterprise zone administrators. The report shall also include information concerning the amounts of tax credits claimed and allowed under the program. For purposes of preparing the report required by this paragraph (c), the state auditor shall have access to all records and documents applicable to the program, whether maintained by the Colorado office of economic development, local governments, or enterprise zone administrators.

(c.5) Companies claiming enterprise zone credits shall provide information reasonably required by zone administrators, the director of the Colorado office of economic development, and the Colorado economic development commission to evaluate the effectiveness of each zone in accomplishing the measurable economic development objectives to be achieved in the zone. Such information shall be considered public records as defined in section 24-72-202 (6), C.R.S., shall be preserved for at least five years by the zone administrator who collected the information, who shall be the custodian of such information, and shall be made available by the zone administrator for inspection by any person at reasonable times. Nothing in this paragraph (c.5) shall be construed to require the disclosure to the public of any information that reveals the amount of compensation paid to any individual employee of a company, any Colorado income tax return, or any information regarding expenditures on research and development.

(d) Repealed.

(e) (Deleted by amendment, L. 2008, p. 216, § 2, effective March 26, 2008.)

(5) Repealed.

(6) (a) When the termination of an enterprise zone or portion of an enterprise zone would prevent a taxpayer from qualifying for tax benefits under this article 30 and the taxpayer can identify job creation or capital expansion activities that were planned prior to the termination announcement and that would have otherwise entitled the taxpayer to claim tax benefits under section 39-30-103.5, 39-30-104, or 39-30-105.1, the enterprise zone administrator and the taxpayer shall jointly certify detailed information about such planned activities. A taxpayer who files such certification with the taxpayer's state income tax return may claim tax benefits otherwise actually earned up to the limits of such certified information for a period not to exceed the ten tax years following the year in which the enterprise zone or portion of an enterprise zone was terminated. It is the intent of this subsection (6) only to permit taxpayers to claim tax benefits on which they demonstrably relied in making business planning decisions, and, except as specifically provided in this subsection (6), nothing in this subsection (6) may be construed to authorize the commission or any enterprise zone administrator to grant tax benefits that have been repealed by the general assembly or to grant tax benefits in excess of the limits established by law.

(b) Notwithstanding any date restriction set forth in its text, any certification that was prepared pursuant to paragraph (a) of this subsection (6) prior to June 3, 2002, that extends the right of a taxpayer to claim tax benefits for the maximum period that was allowed by law at the time the certification was prepared, and that allows the taxpayer to claim tax benefits for one or more income tax years that end on or after June 3, 2002, shall extend the right of the taxpayer to claim tax benefits for the maximum period specified in paragraph (a) of this subsection (6).

(7) (a) Beginning on January 1, 2012, before a taxpayer engages in any activity for which the taxpayer intends to claim an income tax credit pursuant to section 39-30-104, 39-30-105.1, 39-30-105.5, or 39-30-105.6, an authorized company official of the taxpayer's business or the taxpayer who is the owner of the business shall submit a precertification form to the enterprise zone administrator as specified in this subsection (7). A taxpayer that completes an activity prior to January 1, 2012, for which the taxpayer intends to claim an income tax credit pursuant to this article 30 shall submit to the zone administrator on or before December 31, 2012, any information related to such completed activity that is necessary to receive certification from the zone administrator that the taxpayer's business is located in the enterprise zone. Nothing in this subsection (7) may be construed to require a taxpayer to submit a precertification form to the zone administrator for activities completed prior to January 1, 2012. In connection with the precertification, the taxpayer shall be required to:

(I) Obtain verification from the enterprise zone administrator that the taxpayer's business is located in an enterprise zone;

(II) Certify that the taxpayer is aware of the enterprise zone income tax credits allowed pursuant to this article;

(III) Certify that the enterprise zone income tax credits allowed pursuant to this article are a contributing factor to the start-up, expansion, or relocation of the taxpayer's business in the enterprise zone; and

(IV) Certify that the taxpayer acknowledges that the precertification required pursuant to this section is for activities that shall commence after the date that the precertification form is executed by the enterprise zone administrator through the end of the business's then-current income tax year.

(b) The department of revenue shall amend the current certification forms that a taxpayer is required to complete in connection with claiming an income tax credit pursuant to this article, to include a section through which the taxpayer or an authorized company official of the taxpayer's business may provide the information required pursuant to subparagraphs (II) to (IV) of paragraph (a) of this subsection (7).

(8) (a) Notwithstanding any other provision to the contrary, for tax years commencing on or after January 1, 2014, only a taxpayer that is engaged in a business that is legal under both state and federal law is eligible to claim a credit pursuant to this article 30, except as provided in subsection (8)(b) of this section.

(b) For tax years commencing on or after January 1, 2025, a business that holds a valid license pursuant to article 10 of title 44 is eligible to claim a credit pursuant to this article 30.

### **39-30-103.2. Enhanced rural enterprise zones - criteria - termination.**

(1) The portion of any county within an enterprise zone designated pursuant to section 39-30-103 shall be designated as an enhanced rural enterprise zone if the county that contains the area to be so designated meets two or more of the following criteria:

(a) The county has an unemployment rate at least fifty percent above the state average unemployment rate for the most recent period of twelve consecutive months for which data are available from the department of labor and employment;

(b) The county has a population growth rate less than twenty-five percent of the state average population growth rate for the most recent five-year period for which data are available from the United States census bureau or the department of local affairs, or if such data are not available for any five-year period, for the most recent period of not less than five nor more than ten years for which such data are available;

(c) The average per capita income in the county is less than seventy-five percent of the state average per capita income for the most recent period for which data are available from the United States census bureau or the department of local affairs;

(d) The total assessed value of all nonresidential property within the county ranks in the lower one-half of all counties based on the total value of nonresidential property for the most recent year for which such data are available from the department of local affairs;

(e) The county has a population of five thousand or less as estimated by the department of local affairs.

(1.5) On January 1, 2025, through December 31, 2035, the portion of any county within an enterprise zone in a rural area, as defined in section 39-30-103 (1.5), that is a tier one transition community, as defined in section 8-83-502 (10), is designated as an enhanced rural enterprise zone pursuant to this section.

(2) By December 1, 2002, and every two years thereafter, the director of the Colorado office of economic development shall determine whether each county meets two or more of the criteria specified in subsection (1) of this section or meets the single criterion specified in subsection (1.5) of this section. Such determination shall be based on the most recent statistics available. The director of the Colorado office of economic development shall provide to each enterprise zone administrator and to the board of county commissioners of each eligible county a list of the counties that meet two or more of the criteria specified in subsection (1) of this section or meet the single criterion specified in subsection (1.5) of this section.

(3) If a county containing a previously designated enhanced rural enterprise zone does not appear on the biennial list of eligible counties provided by the director of the Colorado office of economic development, the enterprise zone within such county shall be terminated as an enhanced rural enterprise zone as of January 1 following the issuance of such list. If the county appears again on a subsequent list of eligible counties, the portion of the county within an enterprise zone shall be designated as an enhanced rural enterprise zone.

(4) The termination of an enhanced rural enterprise zone shall not restrict, curtail, terminate, or otherwise cut off any tax credits that were earned by any taxpayer based on transactions completed while a county was designated as an enhanced rural enterprise zone. In addition, the director of the Colorado office of economic development shall establish procedures for recognizing and allowing credits to taxpayers who have taken actions in reliance on agreements reached with enhanced rural enterprise zone administrators or local governments for long-term investments.

(5) If the termination of an enhanced rural enterprise zone would prevent a taxpayer from qualifying for tax benefits under this article 30 and the taxpayer can identify job creation or capital expansion activities that were planned before the director of the Colorado office of

economic development issued the list of eligible counties and that would have otherwise entitled the taxpayer to claim tax benefits under section 39-30-105.1, the enterprise zone administrator and the taxpayer shall jointly certify detailed information about such planned activities. A taxpayer who files such certification with the taxpayer's state income tax return may claim tax benefits otherwise actually earned up to the limits of such certified information for a period not to exceed the five tax years following the year in which the enhanced rural enterprise zone was terminated. It is the intent of this subsection (5) to permit taxpayers to claim only those tax benefits on which they demonstrably relied in making business planning decisions, and, except as specifically provided in this subsection (5), nothing in this subsection (5) may be construed to authorize any enterprise zone administrator to grant tax benefits that have been repealed by law or to grant tax benefits in excess of the limits established by law.

**39-30-103.5. Credit against tax - contributions to enterprise zone administrators to implement economic development plans - repeal.**

(1) (a) (I) Any taxpayer who makes a monetary or in-kind contribution for the purpose of implementing the economic development plan for the enterprise zone to the person or agency designated as the enterprise zone administrator by the Colorado economic development commission, shall be allowed a credit against the income tax imposed by article 22 of this title 39 in an amount equal to twenty-five percent of the total value of the contribution as certified by the enterprise zone administrator.

(II) (Deleted by amendment, L. 2020.)

(b) The credit allowed by paragraph (a) of this subsection (1) shall not exceed one hundred thousand dollars or the total amount of the income tax imposed on the taxpayer's income by article 22 of this title for the tax year for which the credit is claimed, whichever is less. In-kind contributions shall not exceed fifty percent of the total credit claimed.

(c) Upon request, the enterprise zone administrator, acting on behalf of the department of revenue, shall provide the taxpayer with a form to be filed with the department of revenue for the purpose of claiming the credit allowed by this section which shall be accompanied by a copy of the certification of the value and purpose of the contribution furnished to the taxpayer by the enterprise zone administrator.

(d) If the amount of the credit allowed pursuant to the provisions of this section exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding five years and shall be applied first to the earliest income tax years possible. Any credit remaining after said period shall not be refunded or credited to the taxpayer.

(e) On or before November 1, 2000, and November 1 of each year thereafter, each zone administrator shall provide to the director of the Colorado office of economic development on behalf of the Colorado economic development commission a list of all programs, projects, and organizations to which taxpayers may contribute during the next calendar year for the purpose of implementing the economic development plan of the zone and receiving a tax credit pursuant to this section. The list shall be accompanied by a description of each program, project, or organization, including the purpose and relationship of the program, project, or organization to the economic development goals of the enterprise zone, the expected benefits of the program, project, or organization to the enterprise zone, and an estimate of the amount of potential contributions to the program, project, or organization during the next calendar year. Any modifications to a list, including programs, projects, or organizations that are to be added thereto, shall be submitted to the director of the office of economic development on behalf of the commission by the zone administrator no later than thirty days after the modification is made. Commencing July 1, 1999, the commission is authorized to hold hearings and review any new program, project, or organization included on a list that is submitted to the director of the Colorado office of economic development on behalf of the commission pursuant to this section, any modification to a list, and any other program, project, or organization that the commission determines has changed materially. A list or modification of a list that is submitted to the director of the Colorado office of economic development on behalf of the commission pursuant to this section shall not be considered final until thirty days after the commission has received such information. The commission shall approve any program, project, or organization that it determines is eligible under the requirements of this section or is essential to the mission of the enterprise zone upon a majority vote of the members of the commission present at a meeting at which such approval is considered. The director of the Colorado office of economic development on behalf of the commission shall notify the zone administrator of any program, project, or organization that is not approved within thirty days of receipt of the list or modification of the list. Any program, project, or organization not approved by the commission may request that the

commission reconsider its decision within thirty days after the date the notice indicating that the program, project, or organization was not approved was provided to the zone administrator. A zone administrator may accept contributions for any program, project, or organization it has submitted pursuant to this paragraph (e).

(2) Repealed.

(3) (a) Prior to January 1, 2023, monetary or in-kind contributions to promote temporary, emergency, or transitional housing programs for the homeless that offer or provide referrals to child care, job placement, and counseling services for the purpose of promoting employment for homeless persons in enterprise zones shall be deemed to be for the purpose of implementing the economic development plan for the enterprise zone and shall include but not be limited to the following types of contributions:

(I) Donating money, real estate, or property to the enterprise zone for the establishment of temporary, emergency, or transitional housing for the homeless to include child care and job placement services;

(II) Donating money to the enterprise zone to establish a grant or loan program for homeless individuals requiring financial assistance for temporary, emergency, or transitional housing or child care;

(III) Pooling moneys of several businesses and donating those moneys to the enterprise zone for the establishment of temporary, emergency, or transitional housing programs for the homeless that offer or provide referrals to child care, job placement, and counseling services for the purpose of promoting employment for homeless persons;

(IV) Donating money to the enterprise zone for the training of homeless individuals to obtain employment; and

(V) Donating money, services, or equipment to the enterprise zone for the establishment of an information dissemination program to provide information and referral services to assist a homeless individual in obtaining temporary, emergency, or transitional housing, child care, or employment.

(b) Repealed.

(c) This subsection (3) is repealed, effective December 31, 2032.

(3.5) For income tax years commencing on and after January 1, 2003, monetary or in-kind contributions to promote nonprofit or government-funded community development projects in enterprise zones shall be deemed to be for the purpose of implementing the economic development plan for the enterprise zone.

(4) In no event shall credits be allowed pursuant to this section for contributions that directly benefit the contributor or that are not directly related to job creation, job preservation, or other purposes specified in subsections (2), (3), and (3.5) of this section.

(5) (a) (I) Contributions pursuant to this section may be made directly to programs, projects, or organizations certified by the enterprise zone administrator. The enterprise zone administrator shall only certify programs, projects, or organizations that meet the criteria set forth in this section for the purpose of receiving direct contributions.

(II) Each program, project, and organization certified by the enterprise zone administrator pursuant to this paragraph (a) shall submit a report at least once per year, or more often if required by the enterprise zone administrator, indicating the total value of contributions received for which tax credits would be allowed pursuant to this section and the source of the contribution.

(b) Repealed.

(6) No later than ninety days after making a certification of value pursuant to subsection (1) of this section, the enterprise zone administrator making the certification shall report to the director of the Colorado office of economic development on behalf of the Colorado economic development commission the total value of the contribution as certified by the administrator, the source of the contribution, the purpose of the contribution, and the relationship of the stated purpose of the contribution to the enterprise zone's goals or job creation objectives.

(7) The director of the Colorado office of economic development on behalf of the Colorado economic development commission or the enterprise zone administrator may release information concerning the source and amount of contributions made pursuant to this section, as well as the amount of the credits allowed pursuant to this section.

(8) (a) Any enterprise zone administrator that provides oversight, management, or other administrative services to a program, project, or organization that has been approved by the economic development commission for purposes of the contribution tax credit as defined in this section is authorized to charge reasonable fees to programs, projects, and organizations as defined in this section. Each enterprise zone administrator that charges administrative fees pursuant to this paragraph (a) shall establish a reasonable policy regarding the imposition of such fees and shall submit the policy to the Colorado economic development commission for review and approval.

(b) The Colorado economic development commission shall review the administrative fee policy established by an enterprise zone administrator and shall approve the policy or require that the enterprise zone administrator make modifications to the policy as specified by the commission before approving the policy.

**39-30-104. Credit against tax - investment in certain property - tax preference performance statement - legislative declaration - definitions - repeal.**

(1) (a) (I) There is allowed to any person as a credit against the tax imposed by article 22 of this title 39, for income tax years commencing on or after January 1, 1986, an amount equal to the total of three percent of the total qualified investment, as determined under section 46 (c)(2) of the federal "Internal Revenue Code of 1986", as amended, in such taxable year in qualified property as defined in section 48 of the internal revenue code to the extent that such investment is in property that is used solely and exclusively in an enterprise zone for at least one year. The references in this subsection (1) to sections 46 (c)(2) and 48 of the internal revenue code mean sections 46 (c)(2) and 48 of the internal revenue code as they existed immediately prior to the enactment of the federal "Revenue Reconciliation Act of 1990".

(II) (A) Notwithstanding subsection (1)(a)(I) of this section, for credits allowed beginning in income tax years commencing on or after January 1, 2026, a taxpayer is not allowed a total credit amount against the tax imposed by article 22 of this title 39 pursuant to subsection (1)(a)(I) of this section in excess of two million dollars and a taxpayer may not claim a credit pursuant to this subsection (1)(a) if the qualified property is directly used in the retail sale of gasoline or diesel fuel for use in motor vehicles or a wireless telecommunications facility.

(B) A taxpayer may seek a waiver of the limitation on the amount of credit established in subsection (1)(a)(II)(A) of this section by completing a written application to the Colorado economic development commission for permission to be allowed a credit in excess of that limitation for the income tax year in which the total qualified investment is made. The application must include identification of the substantial positive impact that the waiver of the

limitation would have on investments and on well-paying jobs in the enterprise zone, documentation that demonstrates that without the waiver of the limitation the substantial positive impact on investments and on well-paying jobs in the enterprise zone is not likely to occur, and information that the waiver of the limitation is a substantial factor in the taxpayer's decision to make a qualified investment in the start-up, retention, expansion, or relocation of the taxpayer's business, such that without the waiver the taxpayer is not likely to make the qualified investment. In deciding whether to grant the waiver of the limitation, the commission must consider the overall economic health of this state and the economic viability of the arguments made by the taxpayer in support of the taxpayer's application. The Colorado economic development commission may require the taxpayer to provide an independent analysis, at the taxpayer's expense, that substantiates the taxpayer's arguments in support of the application. The taxpayer's application must be considered at a regularly scheduled meeting of the Colorado economic development commission at which the public is allowed to comment.

(C) The Colorado economic development commission may allow all, part, or none of a taxpayer's application to waive the limitation on the amount of credit established in subsection (1)(a)(II)(A) of this section. The Colorado economic development commission must issue a credit certificate that sets forth the amount of the credit that the taxpayer is allowed for the income tax year in which the total qualified investment is made. The taxpayer shall submit the credit certificate to the department of revenue with the taxpayer's income tax return for the tax year for which the Colorado economic development commission issued the credit certificate.

(D) If the Colorado economic development commission approves, in whole or in part, a taxpayer's application to waive the limitation on the amount of credit established in subsection (1)(a)(II)(A) of this section, the Colorado economic development commission shall include its decision in the enterprise zone annual report to the general assembly, including the taxpayer's name, the amount of the credit that the commission allowed, and the Colorado economic development commission's justification for approving the application.

(E) For purposes of this subsection (1)(a), "wireless telecommunications facility" or "facility" means equipment at a fixed location that enables wireless communications between user equipment and a communications network, including macro and small wireless facilities, transceivers, antennas, backup power supplies, and comparable equipment, regardless of technological configuration; and the support structure or improvements on, under, or within which the equipment is collocated.

(III) Notwithstanding subsection (1)(a)(I) of this section, for credits allowed beginning in income tax years commencing on or after January 1, 2027, a taxpayer is not allowed a credit with respect to a qualified investment in a commercial truck, truck tractor, tractor, or semitrailer with a gross vehicle weight rating of fifty-four thousand pounds or greater that is designated as Class A personal property as specified in section 42-3-106 (2)(a).

(b) (I) Except as provided in subparagraph (IV) of this paragraph (b), for income tax years commencing on or after January 1, 2011, and for each income tax year thereafter, a commercial truck, truck tractor, tractor, or semitrailer with a gross vehicle weight rating of fifty-four thousand pounds or greater that is model year 2010 or newer and is designated as Class A personal property as specified in section 42-3-106 (2)(a), C.R.S., as well as any parts associated with the vehicle at the time of purchase, shall be deemed to be used solely and exclusively in an enterprise zone if it is licensed and registered within the state and predominantly housed and based at the taxpayer's business trucking facility within an enterprise zone for the twelve-month period following its purchase.

(II) The income tax credit for a qualified investment in a commercial truck, truck tractor, tractor, or semitrailer with a gross vehicle weight rating of fifty-four thousand pounds or greater that is model year 2010 or newer and is designated as Class A personal property as specified in section 42-3-106 (2)(a), C.R.S., as well as any parts associated with the vehicle at the time of purchase, shall be allowed in an amount equal to one and one-half of one percent of the total qualified investment if the model year of the commercial truck, truck tractor, tractor, or semitrailer was sold as new during such income tax year;

(III) For purposes of this paragraph (b), "facility" means any factory, mill, plant, refinery, warehouse, feedlot, building, or complex of buildings located within the state, including the land on which such facility is located and all machinery, equipment, and other real and tangible personal property located at or within such facility and used in connection with the operation of such facility, which facility the taxpayer owns, rents, or leases in the business's name at which continuous and ongoing operational activities of the business are maintained and at which at least one full-time employee of the business is employed.

(IV) To qualify for the tax credit granted under this paragraph (b), a claimant shall be certified by the Colorado economic development commission created in section 24-46-102, C.R.S.

(V) The Colorado economic development commission shall certify people eligible for the income tax credit granted in this paragraph (b) but shall not certify the income tax credit granted in this paragraph (b) if the certification results in more credits being claimed than are allocated pursuant to section 42-1-225, C.R.S.

(VI) To implement this section, the Colorado economic development commission shall track the amount of the credits authorized and, by January 30 of each year, transmit to the state treasurer a statement of the amount of tax credits certified pursuant to this paragraph (b) for the previous year.

(VII) No later than September 1, 2012, and no later than September 1 of each year thereafter through September 1, 2014, the Colorado economic development commission shall provide the department of revenue with an electronic report of the taxpayers receiving a credit allowed in

this paragraph (b) for the preceding calendar year or any fiscal year ending in the preceding calendar year and any credits disallowed pursuant to subparagraph (V) of this paragraph (b). The report shall contain the following information:

- (A) The taxpayer's name;
- (B) The taxpayer's Colorado account number and federal employer identification number;
- (C) The amount of the credit allowed in this section; and
- (D) Any associated taxpayers' names, Colorado account numbers, and federal employer identification numbers or social security numbers, if the credit allowed in this section is allocated from a pass-through entity.

(VIII) This subsection (1)(b) is repealed, effective December 31, 2026.

(2) (a) and (b) Repealed.

(c) (I) For income tax years commencing on or after January 1, 2014, except as provided in sections 24-46-104.3 and 24-46-108 and subsection (2)(c)(II) of this section, the amount of the credit set forth in subsection (1) of this section that may be claimed by a taxpayer for an income tax year and that is not applied or refunded under section 24-46-108 is limited to the lesser of:

(A) The sum of up to five thousand dollars of the taxpayer's actual tax liability for the income tax year plus fifty percent of any portion of the tax liability for the income tax year that exceeds five thousand dollars; or

(B) Seven hundred fifty thousand dollars plus any investment tax credit carryovers previously allowed in subsection (2.5) of this section for investments made in income tax years commencing before January 1, 2014.

(II) (A) A taxpayer may seek a waiver of the limitation specified in subparagraph (I) of this paragraph (c) by completing a written application to the Colorado economic development commission for permission to claim a credit in excess of such limit for the income tax year in which the total qualified investment is made. The application must include an identification of the substantial positive impact the waiver of the limitation would have on investments and on well-paying jobs in the enterprise zone, documentation that demonstrates that without the waiver of the limitation the substantial positive impact on investments and on well-paying jobs in the enterprise zone is not likely to occur, and information that the waiver of the limitation is a substantial factor to the start-up, expansion, or relocation of the taxpayer's business, that receipt of the waiver of the limitation is a major factor in the taxpayer's decision, and that without the waiver of the limitation the taxpayer is not likely to make the qualified investment. In deciding whether to grant the waiver of the limitation, the commission must consider the overall economic health of this state and the economic viability of the arguments made by the taxpayer in support of the taxpayer's application. The Colorado economic development commission may require the

taxpayer to provide an independent analysis, at the taxpayer's expense, substantiating the taxpayer's arguments in support of the application. The taxpayer's application must be considered at a regularly scheduled meeting of the Colorado economic development commission where the public is allowed to comment.

(B) The Colorado economic development commission may allow all, part, or none of a taxpayer's application to waive the limitation specified in subparagraph (I) of this paragraph (c). The Colorado economic development commission shall issue a credit certificate that sets forth the amount of the credit that the taxpayer may claim for the income tax year in which the total qualified investment is made. The credit certificate shall be submitted by the taxpayer to the department of revenue with the taxpayer's income tax return for the tax year for which the credit certificate is issued.

(C) In the event the Colorado economic development commission approves a taxpayer's application to waive the limitation specified in subparagraph (I) of this paragraph (c), the Colorado economic development commission shall include its decision in the enterprise zone annual report to the general assembly specified in section 39-30-103 (4)(b.7), including the taxpayer's name, the amount of the credit that the commission allowed the taxpayer to claim, and the Colorado economic development commission's justification for approving the application.

(III) (A) Except as otherwise provided in sections 24-46-104.3 and 24-46-108 and subsection (2)(c)(III)(B) of this section, any excess credit allowed pursuant to this subsection (2)(c) shall be an investment tax credit carryover to each of the fourteen income tax years following the unused credit year.

(B) Except as otherwise provided in section 24-46-104.3, any excess credit allowed pursuant to this subsection (2)(c) for a renewable energy investment made in an income tax year commencing before January 1, 2018, shall be an investment tax credit carryover for twenty-two income tax years following the year the credit was originally allowed.

(IV) The limitation contained in this subsection (2)(c) on the amount a taxpayer may claim for the income tax year in which the total qualified investment is made does not limit the total amount of the credit allowed under subsection (1)(a) of this section, nor does it limit the ability of a taxpayer to carry over a credit to subsequent tax years as allowed in subsection (2)(c)(III) of this section or previously allowed in subsection (2.5) of this section for investments made in income tax years commencing before January 1, 2014.

(V) In computing the amount that may be claimed by a taxpayer pursuant to this paragraph (c), a taxpayer's actual tax liability for the income tax year shall be derived from the calculated tax before any reduction of credits.

(2.5) (a) (I) Notwithstanding section 39-22-507.5 (7)(b), except as provided in section 24-46-107 and except as otherwise provided in subsections (2.5)(a)(II) and (2.5)(b) of this section, any

excess credit allowed pursuant to this section for an investment made in an income tax year commencing before January 1, 2014, shall be an investment tax credit carryover to each of the twelve income tax years following the unused credit year.

(II) Except as provided in section 24-46-107, any excess credit claimed pursuant to this section for a renewable energy investment made in an income tax year commencing before January 1, 2014, is an investment tax credit carryover for twenty income tax years following the year the credit was originally allowed.

(b) (I) For income tax years commencing on or after January 1, 2011, but prior to January 1, 2014, any taxpayer that is eligible to claim a credit pursuant to subsection (1) of this section in excess of five hundred thousand dollars shall defer claiming any amount of the credit allowed pursuant to this section that exceeds five hundred thousand dollars until an income tax year commencing on or after January 1, 2014. The five-hundred-thousand-dollar limitation specified in this subsection (2.5)(b) applies to any credit allowed in the income tax years commencing on or after January 1, 2011, but prior to January 1, 2014, including any amount carried forward from a prior year.

(II) Except as provided in section 24-46-107 and subsection (2.5)(b)(III) of this section, a taxpayer that deferred claiming any credit in excess of five hundred thousand dollars during an income tax year commencing on or after January 1, 2011, but prior to January 1, 2014, pursuant to subsection (2.5)(b)(I) of this section shall be allowed to claim the deferred credit as an investment tax credit carryover for twelve income tax years following the year the credit was originally allowed plus one additional income tax year for each income tax year that the credit was deferred pursuant to subsection (2.5)(b)(I) of this section.

(III) Except as provided in section 24-46-107, a taxpayer is allowed to claim the deferred credit described in subsection (2.5)(b)(II) of this section for a renewable energy investment made in an income tax year commencing before January 1, 2014, as an investment tax credit carryover for twenty income tax years following the year the credit was originally allowed plus one additional income tax year for each income tax year that the credit was deferred pursuant to subsection (2.5)(b)(I) of this section.

(c) This subsection (2.5) is repealed, effective January 1, 2040.

(2.6) (a) Except as provided in section 24-46-104.3 and subsection (2.6)(b) of this section and notwithstanding any other provision in this section, in each income tax year commencing on or after January 1, 2015, but before January 1, 2021, and in each income tax year commencing on or after January 1, 2027, a taxpayer who places a new renewable energy investment in service on or after January 1, 2015, but before January 1, 2021, or who places a new renewable energy investment in service on or after January 1, 2027, that results in a credit pursuant to subsection (1) of this section may elect to receive a refund of eighty percent of the amount of such credit as

specified in this subsection (2.6)(a) and forego the remaining twenty percent as a cost of such election. If eighty percent of the amount of the credit in subsection (1) of this section is:

(I) Seven hundred fifty thousand dollars or less, the taxpayer receives the full refund in the first tax year; or

(II) More than seven hundred fifty thousand dollars, the taxpayer annually receives a refund not to exceed seven hundred fifty thousand dollars per income tax year until eighty percent of the amount of the credit in subsection (1) of this section for the new renewable energy investment described in the final certification is completely refunded to the taxpayer.

(b) A taxpayer may make the election allowed in paragraph (a) of this subsection (2.6) for more than one new renewable energy investment per income tax year. If a taxpayer makes an election allowed in paragraph (a) of this subsection (2.6) for more than one new renewable energy investment, then the taxpayer may only receive the refund allowed in said paragraph (a) for any subsequent new renewable energy investment after the eighty percent of the amount of the credit for the previous new renewable energy investment is completely refunded to the taxpayer. Under no circumstances may a taxpayer making the required election specified in paragraph (a) of this subsection (2.6) receive refunds allowed pursuant to this subsection (2.6) totaling more than seven hundred fifty thousand dollars per income tax year.

(c) The taxpayer makes an election described in paragraph (a) of this subsection (2.6) by filing an election statement on such form as prescribed by the department of revenue not later than the due date, including extensions, for filing the tax return for the taxable year during which the new renewable energy investment described in the final certification is placed into service.

(d) The election described in paragraph (a) of this subsection (2.6) only applies to the renewable energy investment described in the final certification.

(e) The limitations on investment tax credit carryovers specified in subsections (2) and (2.5) of this section do not apply to any credit for which a taxpayer elects to seek a refund pursuant to this subsection (2.6). The refund specified in this subsection (2.6) is in addition to any other credits that a taxpayer may claim for other renewable energy investments pursuant to this section.

(f) For purposes of this subsection (2.6), unless the context otherwise requires:

(I) "Final certification" means a document prepared by the Colorado office of economic development and provided to the taxpayer granting approval for a project after it is placed in service.

(II) "Taxpayer" means the entire affiliated group if the taxpayer is part of an affiliated group.

(2.7) (a) The Colorado economic development commission shall annually post on its website or on the Colorado office of economic development's website the following information regarding any enterprise zone investment tax credit certified under this section:

- (I) The enterprise zone for the certified credit;
- (II) The name of the taxpayer or business;
- (III) The type of business;
- (IV) The tax year for which the credit is certified;
- (V) The total qualified investment reported;
- (VI) Whether the credit is for a renewable energy investment as defined in subsection (2.8) of this section;
- (VII) The number of employees or contractors hired for a qualified investment;
- (VIII) The number of construction personnel hired for a qualified investment;
- (IX) The average salary or hourly wage of the employees, contractors, and construction personnel hired for a qualified investment;
- (X) Any landowner lease payments made or land purchased for a qualified investment;
- (XI) The estimated tax revenues the state and local governments will receive as a result of the qualified investment;
- (XII) Any other economic benefits resulting from the qualified investment;
- (XIII) The amount of the qualified investment that qualifies for the credit;
- (XIV) The calculated credit; and
- (XV) The county where the qualified investment is made.

(b) The taxpayer who made the qualified investment shall use reasonable efforts to obtain, estimate, and provide to the Colorado economic development commission the information required to be reported pursuant to this subsection (2.7).

(c) Notwithstanding section 24-1-136 (11), C.R.S., no later than November 1, 2020, and every November 1 thereafter, the Colorado economic development commission shall post on its website or on the Colorado office of economic development's website the level of renewable energy investment on and after June 5, 2015.

(2.8) For purposes of this section, "renewable energy investment" means an investment that qualifies for the credit specified in paragraph (a) of subsection (1) of this section for projects that generate electricity from eligible energy resources as defined in section 40-2-124 (1), C.R.S.

(3) (Deleted by amendment, L. 96, p. 1127, § 4, effective July 1, 1996.)

(4) (a) (I) In addition to any other credit allowed under this section, for income tax years commencing on or after January 1, 1997, but prior to January 1, 2014, there shall be allowed to any person as a credit against the tax imposed by article 22 of this title an amount equal to ten percent of the total investment made during the taxable year in a qualified job training program.

(II) In addition to any other credit allowed under this section, for income tax years commencing on or after January 1, 2014, there shall be allowed to any person as a credit against the tax imposed by article 22 of this title an amount equal to twelve percent of the total investment made during the taxable year in a qualified job training program.

(b) For purposes of this subsection (4):

(I) "Qualified job training program" means a structured training or basic education program conducted on-site or off-site by the taxpayer or another entity to improve the job skills of employees employed by the taxpayer working predominantly within an enterprise zone.

(II) "Total investment" means:

(A) Land, building, real property improvement, leasehold improvement, or space lease costs and the costs of any capital equipment purchased or leased by the taxpayer and used entirely within an enterprise zone primarily for qualified job training program purposes or to make a training site accessible, when such costs are not the subject of a credit under subsection (1) of this section; and

(B) Expenses of a qualified job training program, whether incurred within or outside of an enterprise zone, including expensed equipment, supplies, training staff wages or fees, training contract costs, temporary space rental, travel expenses, and other expense costs of qualified job training programs for employees working predominantly within an enterprise zone.

(c) If the amount of the credit allowed pursuant to subsection (1) of this section exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is claimed, the amount of the credit not used as an offset against income taxes in the current income tax year may be carried forward and used as a credit against income tax liability in subsequent years for a period not to exceed fourteen years and must be applied first to the earliest possible income tax year. Any credit remaining after that period is not refunded or credited to the taxpayer.

(5) and (6) Repealed.

(7) A person that claims a credit pursuant to section 39-22-551 is not entitled to claim the credit allowed pursuant to this section for the same improvements for which a credit was allowed by that section. A person that claims a credit pursuant to section 39-22-552 or 39-22-553 is not

entitled to claim the credit allowed pursuant to this section for the same project for which a credit was allowed by those sections.

(8) In accordance with section 39-21-304 (1), which requires any bill that extends an expiring tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly finds and declares that the purpose of the tax credit provided in subsection (1) of this section is to induce certain designated behavior by taxpayers by continuing to support the development of new renewable energy investments in enterprise zones. The general assembly and the state auditor shall measure the effectiveness of the credit in achieving this purpose based on the number and value of credits issued and new renewable energy investments in enterprise zones.

**39-30-105.1. Credit for new enterprise zone business employees - definitions.**

(1) (a) (I) For any income tax year commencing on or after January 1, 2014, any taxpayer who operates a business facility in an enterprise zone is allowed a credit against the income tax imposed by article 22 of this title in an amount equal to one thousand one hundred dollars per income tax year for each business facility employee, pursuant to subsection (5) of this section, who is working within the zone, prorated according to the number of months the employee was employed by the taxpayer during the income tax year. An employee whose primary duties consist of operating a commercial motor vehicle with a commercial driver's license shall be deemed to be working one hundred percent within the zone if the employee spends no more than five percent of his or her total time at any business of the employer other than the business within the zone.

(II) For any income tax year commencing on or after January 1, 2014, any taxpayer who operates a business facility in an enhanced rural enterprise zone is allowed an additional credit against the income tax imposed by article 22 of this title in an amount equal to two thousand dollars per income tax year for each business facility employee who is working within the enhanced rural enterprise zone, prorated according to the number of months such employee was employed by the taxpayer during the income tax year.

(III) A business facility qualifying for the credit is allowed the credit for each subsequent tax year for each business facility employee over the number employed in any prior tax year. Any credit is allowed for a maximum of twelve consecutive months for each business facility employee employed by the taxpayer.

(b) (I) Except as provided in subsection (1)(b)(II) of this section, in addition to the credit available under subsection (1)(a) of this section, for any income tax year commencing on or after January 1, 2014, a taxpayer qualified under subsection (1)(a) of this section is allowed for any two of the first ten full income tax years while located in an enterprise zone a credit in an amount equal to one thousand dollars for each business facility employee who is insured under a health insurance plan or program provided through the employee's employer. To be eligible for the credit, the employer must contribute fifty percent or more of the total cost of a health insurance plan or program, and such plan or program must be in accordance with the provisions of article 8 of title 10 or part 1, 2, 3, or 4 of article 16 of title 10, or be a self-insurance program and include partial or complete coverage for hospital and physician services.

(II) For income tax years beginning on or after January 1, 2027, a taxpayer that has fifty or more business facility employees at any time during an income tax year shall not claim the credit provided for in this subsection (1)(b) for that tax year.

(2) For business facilities established in an enterprise zone or an enhanced rural enterprise zone, the number of business facility employees engaged or maintained in employment at the

business facility for each taxable year for which the credit is claimed must equal or exceed one person.

(3) (a) For any income tax year commencing on or after January 1, 2014, any taxpayer who operates a business within an enterprise zone that adds value through manufacturing or processing to agricultural commodities is allowed in addition to the credit allowed under subsection (1) of this section, while located in the enterprise zone, a credit against the income tax imposed by article 22 of this title in an amount equal to five hundred dollars for each additional business facility employee in excess of the maximum number employed in any prior tax year.

(b) For any income tax year commencing on or after January 1, 2014, any taxpayer who operates a business within an enhanced rural enterprise zone that adds value through manufacturing or processing to agricultural commodities is allowed in addition to the credit allowed under paragraph (a) of this subsection (3) a credit against the income tax imposed by article 22 of this title in an amount equal to five hundred dollars for each additional business facility employee in excess of the maximum number employed in any prior tax year.

(4) (a) (I) Except as provided in sections 24-46-104.3, 24-46-107, and 24-46-108, for any income tax year commencing on or after January 1, 2014, if the total amount of the credits claimed by a taxpayer pursuant to subsections (1)(a)(I), (1)(b), and (3)(a) of this section exceeds the amount of income taxes due on the income of the taxpayer in the income tax year for which the credits are being claimed, the amount of the credits not used as an offset against income taxes in said income tax year or refunded under section 24-46-108 may be carried forward as a credit against subsequent years' tax liability for a period not exceeding five years and is applied first to the earliest income tax years possible. Any amount of the credit that is not used during said period is not refundable to the taxpayer.

(II) Except as provided in sections 24-46-104.3, 24-46-107, and 24-46-108 for any income tax year commencing on or after January 1, 2014, if the total amount of credits claimed by a taxpayer pursuant to subsections (1)(a)(II) and (3)(b) of this section exceeds the amount of income taxes due on the income of the taxpayer in the income tax year for which the credits are being claimed, the amount of credits not used as an offset against income taxes in said income tax year and not used to claim a refund under section 24-46-108 may be carried forward as a credit against subsequent years' tax liability for a period not exceeding seven years and is applied first to the earliest income tax years possible. Any amount of the credit that is not used during said period is not refundable to the taxpayer.

(b) For purposes of this section, a partnership, S corporation, limited liability company, or other entity electing not to be taxed as a corporation may pass through the credits earned under this section in any tax year to its participating partners, shareholders, or members, hereinafter referred to as the "investors" of the entity, in any percentage the entity chooses, up to the amount of the credit earned in the tax year. Credits earned but unclaimed in a tax year for which the

entity elects to be taxed as a corporation may not be distributed to investors in a later tax year for which the entity elects not to be taxed as a corporation. In any tax year for which the entity elects not to be taxed as a corporation, all credits passed through to investors may be carried forward at the investor level for the carryover periods specified in this section.

(c) For purposes of this section, a taxpayer may only claim the business facility employee credit for employees for whom:

(I) The taxpayer withholds social security, medicare, and income taxes under the taxpayer's own federal and state taxpayer identification numbers; or

(II) The taxpayer is the work-site employer, as defined in section 8-70-114 (2)(a)(VII), C.R.S., and an employee leasing company, as defined in section 8-70-114 (2)(a)(V), C.R.S., as the employing unit for, or coemployer with, the taxpayer, and withholds social security, medicare, and income taxes under the employee leasing company's own federal and state taxpayer identification numbers.

(5) (a) The number of business facility employees during any taxable year is determined by dividing by twelve the sum of the number of business facility employees on the last business day of each month of such taxable year. If the business facility is in operation for less than the entire taxable year, the number of business facility employees is determined by dividing the sum of the number of business facility employees on the last business day of each full calendar month during the portion of the taxable year during which the business facility was in operation by the number of full calendar months during the period.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (5), for the purpose of determining the credit allowed by this section in the case of a facility that qualifies as a business facility but is a replacement business facility, the number of business facility employees employed in the operation of the facility is reduced by the average number, determined pursuant to paragraph (a) of this subsection (5), of individuals employed in the operation of the facility that the business facility replaces during the three taxable years preceding the taxable year in which commencement of commercial operations occurs at the business facility.

(6) As used in this section, unless the context otherwise requires:

(a) "Building" means only structures within which individuals are customarily employed or that are customarily used to house machinery, equipment, or other property.

(b) "Business facility" means a facility that is operated by the taxpayer in the operation of a revenue-producing enterprise. A facility is not considered a business facility in the hands of the taxpayer if the taxpayer's only activity with respect to the facility is to lease it to another person. If the taxpayer operates only a portion of the facility in the operation of a revenue-producing enterprise and leases another portion of the facility to another person or does not otherwise use

the other portions in the operation of a revenue-producing enterprise, the portion operated by the taxpayer in the operation of a revenue-producing enterprise is considered a business facility.

(c) "Business facility employee" means a person employed by the taxpayer in the operation of a business facility during the taxable year for which the credit allowed by this section is claimed. A person is deemed an employee if the person performs duties in connection with the operation of the business facility on:

- (I) A regular, full-time basis;
- (II) A part-time basis if the person is customarily performing his or her duties at least twenty hours per week throughout the taxable year; or
- (III) A seasonal basis if the person performs his or her duties for substantially all of the season customary for the position in which the person is employed.

(d) "Commencement of commercial operations" means the first taxable year that the business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue-producing enterprise in which the taxpayer intends to use the business facility.

(e) "Facility" means any factory, mill, plant, refinery, warehouse, feedlot, building, or complex of buildings located within the state, including the land on which the facility is located and all machinery, equipment, and other real and tangible personal property located at or within the facility and used in connection with the operation of the facility.

(f) "Revenue-producing enterprise" means an enterprise that engages in the following:

- (I) The production, assembly, fabrication, manufacturing, or processing of any agricultural, mineral, or manufactured product;
- (II) The storage, warehousing, distribution, or sale of any products of agriculture, mining, or manufacturing;
- (III) The feeding of livestock at a feedlot;
- (IV) The operation of laboratories or other facilities for scientific, agricultural, animal husbandry, or industrial research, development, or testing;
- (V) The performance of services of any type;
- (VI) The administrative management of any of the activities listed in subparagraphs (I) to (V) of this paragraph (f); or
- (VII) Any combination of any of the activities referred to in subparagraphs (I) to (VI) of this paragraph (f).

**39-30-105.5. Credit against Colorado income taxes based on expenditures for research and experimental activities - repeal.**

(1) For income tax years beginning before January 1, 2027, any taxpayer who makes expenditures in research and experimental activities, as defined in section 174 of the federal "Internal Revenue Code of 1986", as amended, which activities are conducted in an enterprise zone for the purpose of carrying out a trade or business, shall be allowed a credit against the income tax imposed by article 22 of this title 39 as follows:

(a) For income tax years commencing on or after January 1, 1989, an amount equal to three percent of the amount by which the amount expended for research and experimental activities in the enterprise zone in the income tax year of the taxpayer exceeds the taxpayer's average of the total actual expenditures for such purposes made in the same area as that which comprises the enterprise zone in the next preceding two income tax years.

(b) Repealed.

(c) This subsection (1) is repealed, effective December 31, 2033.

(1.5) For income tax years beginning on or after January 1, 2027, any taxpayer who makes at least one hundred fifty thousand dollars in expenditures in research and experimental activities, as defined in section 174A of the federal "Internal Revenue Code of 1986", as amended, which activities are conducted in an enterprise zone for the purpose of carrying out a trade or business, shall be allowed a credit against the income tax imposed by article 22 of this title 39 in an amount equal to three percent of the amount by which the amount that the taxpayer expended for research and experimental activities in the enterprise zone in the income tax year exceeds the average of the taxpayer's total expenditures for research and experimental activities in the

immediately preceding two income tax years in the area that compromised the relevant enterprise zone.

(2) Except as provided in sections 24-46-104.3 and 24-46-108, in any one tax year, the amount of such credit allowable for deduction from the taxpayer's tax liability and not applied or refunded under section 24-46-108 shall be the total of:

(a) Twenty-five percent of the total amount of such credit, with the balance carrying forward to the next tax year; and

(b) Any applicable carryforward amount, which amount shall be twenty-five percent of the original amount of such credit. The amount by which the credit allowed by subsection (1) of this section in any one taxable year exceeds the credit allowed to be deducted pursuant to paragraph (a) of this subsection (2) may be carried forward until the total amount of the credit is used.

(3) As used in this section, the term "expenditures in research and experimental activities" means expenditures made for such purposes, other than expenditures of moneys made available to the taxpayer pursuant to federal or state law, which are paid as expenses under the provisions of the federal "Internal Revenue Code of 1986", as amended.

### **39-30-105.6. Credit against tax - rehabilitation of vacant buildings - repeal.**

(1) (a) (I) For income tax years commencing on or after January 1, 1989, but before January 1, 2027, any taxpayer who is the owner or tenant of a building that is located in an enterprise zone, which is at least twenty years old, and which has been unoccupied for at least two years and who makes qualified expenditures for the purpose of rehabilitating said building shall be allowed a credit against the income tax imposed by article 22 of this title 39 in an amount equal to twenty-five percent of the aggregate qualified expenditures per building or fifty thousand dollars per building, whichever is less.

(II) This subsection (1)(a) is repealed, effective December 31, 2033.

(b) For income tax years beginning on or after January 1, 2027, any taxpayer who is the owner or tenant of a building that is located in an enterprise zone, is at least twenty years old, and has been unoccupied for any one hundred thirty-five calendar days within the one hundred eighty calendar days preceding the date that the taxpayer places a rehabilitation in service and who makes qualified expenditures for the purpose of rehabilitating said building shall be allowed a credit against the income tax imposed by article 22 of this title 39 in an amount equal to twenty-five percent of the aggregate qualified expenditures per building or two hundred thousand dollars per building, whichever is less.

(2) Any taxpayer who is allowed a credit for costs incurred in the rehabilitation of property pursuant to the provisions of section 38 of the federal "Internal Revenue Code of 1986", as amended, shall not be allowed the credit provided for in subsection (1) of this section.

(3) Except as provided in section 24-46-107, if the amount of the credit allowed pursuant to the provisions of this section exceeds the amount of income taxes otherwise due on the income of the taxpayer in the income tax year for which the credit is being claimed, the amount of the credit not used as an offset against income taxes in said income tax year may be carried forward as a credit against subsequent years' income tax liability for a period not exceeding five years and shall be applied first to the earliest income tax years possible. Any credit remaining after said period shall not be refunded or credited to the taxpayer.

(4) As used in this section, unless the context otherwise requires: "Qualified expenditures" means expenditures associated with any exterior improvements, structural improvements, mechanical improvements, or electrical improvements necessary to rehabilitate for commercial use a building which meets the requirements established in subsection (1) of this section. "Qualified expenditures" includes, but shall not be limited to, expenditures associated with demolition, carpentry, sheetrock, plaster, painting, ceilings, fixtures, doors, windows, sprinkler systems installed for fire protection purposes, roofing and flashing, exterior repair, cleaning, tuckpointing, and cleanup. "Qualified expenditures" does not include expenditures, commonly referred to as soft costs, which include, but are not limited to, costs associated with appraisals; architectural, engineering, and interior design fees; legal, accounting, and realtor fees; loan fees; sales and marketing; closing; building permit, use, and inspection fees; bids; insurance; project signs and phones; temporary power; bid bonds; copying; and rent loss during construction. "Qualified expenditures" also does not include costs associated with acquisition; interior furnishings; new additions except as may be required to comply with building and safety codes; excavation; grading; paving; landscaping; and repairs to outbuildings.

(5) Any form filed with the department of revenue for the purpose of claiming the credit allowed by this section shall be accompanied by a copy of the certification of the qualified nature of the expenditures furnished to the taxpayer by the enterprise zone administrator and by copies of any receipts, bills, or other documentation of the qualified expenditures claimed for the purpose of receiving the credit.

### **39-30-106. Sales and use tax - machinery and equipment exempted.**

(1) (a) On or after July 1, 1995, purchases of machinery or machine tools, or parts thereof, and materials for the construction or repair of machinery or machine tools, in excess of five hundred dollars to be used solely and exclusively in an enterprise zone in manufacturing tangible personal property, for sale or profit, whether or not such purchases are capitalized or expensed, are exempt from taxation under article 26 of this title.

(b) The provisions of section 39-26-709 (1) shall govern the administration of this subsection (1), except to the extent that such section and this subsection (1) are inconsistent. For purposes of this section, in addition to the definition of "manufacturing" found in section 39-26-709 (1)(c)(III), "manufacturing" shall include refining, blasting, exploring, mining and mined land reclamation, quarrying for, processing and beneficiation, or otherwise extracting from the earth or from waste or stockpiles or from pits or banks any natural resource.

(2) Repealed.

#### ANNOTATION

**Only the first \$150,000 of the purchase price of used machinery is exempt from taxation pursuant to this section.** By incorporating the provisions of § 39-26-114 (11) to govern the administration of this exemption, the limitation on purchases of used equipment contained in the federal investment tax credit is also incorporated pursuant to § 39-26-114 (11)(d). Colo. Dept. of Rev. v. Cray Computer Corp., 18 P.3d 1277 (Colo. 2001).

**By its terms, this section governs when it conflicts with § 39-26-114 (11).** The "capitalized and expensed" language in this section thus prevents the depreciability and useful life requirements of the federal investment tax credit from being applied to purchases of machinery that are exempt

from state sales tax made within enterprise zones and the regional transportation district and certain other districts could not impose use tax on such purchases. Ball Corp. v. Fisher, 51 P.3d 1053 (Colo. App. 2001).

**Pipelines and fittings purchased for a natural gas gathering system qualify for the sales tax exemption allowed by this section because they are in direct use in the manufacturing of natural gas.** The pipelines are used to move material from one direct production step to another in a continuous flow as required by § 39-26-709. In addition, this section considers both extracting and processing as manufacturing. Pioneer Nat. Res. USA v. Dept. of Rev., 2014 COA 101, 356 P.3d 924.

#### **39-30-107. Zoning regulations and labor agreements not affected.**

Nothing in this article shall affect any zoning measure or labor-management agreement in effect when an enterprise zone is established or adopted or entered into after the establishment.

**Source: L. 86:** Entire article added, p. 1142, § 1, effective July 1.

**39-30-107.5. Taxable property valuations - sales taxes - incentives - definitions.**

(1) (a) Notwithstanding any law to the contrary, any special district, county, municipality, or city and county within an enterprise zone may negotiate with any taxpayer who qualifies for a credit pursuant to section 39-30-105.1 for an incentive payment or credit equal to not more than the amount of the taxes levied upon the taxable property of the taxpayer; but in no instance shall any such negotiation result in such an incentive payment or credit which is greater than the difference between the current property tax liability and the tax liability for the same property for the year preceding the year in which the enterprise zone was approved.

(b) A special district shall not enter into an agreement pursuant to the provisions of this subsection (1) unless, prior to or simultaneous with the execution of the agreement, the taxpayer also enters into an agreement with a municipality or county pursuant to this section.

(2) Notwithstanding any law to the contrary, any county, municipality, or city and county within an enterprise zone may negotiate with any taxpayer who qualifies for a credit pursuant to section 39-30-105.1 a refund of the sales taxes levied by such county, municipality, or city and county for the purchase of equipment, machinery, machine tools, or supplies used in the taxpayer's business in the enterprise zone.

(3) As used in this section, unless the context otherwise requires:

(a) and (b) Repealed.

**39-30-107.6. Parallel credits and refunds - insurance premium taxes.**

(1) Any taxpayer who is subject to the tax on insurance premiums established by sections 10-3-209, 10-5-111, and 10-6-128, C.R.S., and who is therefore exempt from the payment of income tax and who is otherwise eligible to claim a credit or refund pursuant to this article may claim such credit or refund against such insurance premium tax to the same extent as the taxpayer would have been able to claim such credit or refund against income tax.

(2) For purposes of administering this section, any reference in this article to "income tax year" means the calendar year.

#### **39-30-110. Electronic submissions.**

(1) The Colorado office of economic development shall collaborate with the Colorado economic development commission and the department of revenue to develop the capability to allow taxpayers that intend to claim one or more income tax credits pursuant to this article to obtain any necessary certification, including precertification requirements, from the enterprise zone administrator in an electronic format. The Colorado office of economic development shall implement the electronic submission system by January 1, 2013. If the Colorado office of economic development is unable to implement an electronic submission system by January 1, 2013, the office shall submit a report to the Colorado economic development commission and

the general assembly that explains the reasons that the implementation of such system has not been accomplished.

(2) Nothing in subsection (1) of this section shall be construed to prohibit a taxpayer that intends to claim one or more income tax credits pursuant to this article from submitting printed copies of certification forms, including precertification requirements.

#### **39-30.5-102. Legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) While overall there are improvements to the Colorado economy, there still exists a significant contraction of local economies in certain areas of the state;

(b) Importantly, those areas are experiencing increased economic downturn as measured by changes in such factors as population, employment, weekly wage, assessed value of all property, and concentration of pupils eligible for free lunch; and

(c) Colorado's many diverse aspects are what make it such a unique and wonderful state, with varying economic sectors and regions making its strength greater than the sum of its parts. It is imperative that all sectors of the state be kept independently strong and be given the chance

to improve, prosper, and contribute to the whole, from which all benefit. The general assembly is committed to reaching out to all such areas to ensure this goal is met.

(2) The general assembly further finds and declares that:

(a) Establishing certain rural jump-start zones is best suited to bring about the economic vitality so critically needed in those regions;

(b) Extending the "Rural Jump-start Zone Act" for another five-year period is necessary to meet the purpose of the act, which is to create or retain jobs in order to help address the still significant contraction of local economies in certain areas of the state; and

(c) When the state auditor evaluates the tax expenditures in the "Rural Jump-start Zone Act" as required in section 39-21-305, the evaluation can rely on clear, relevant, and ascertainable metrics and data provided by the commission pursuant to section 39-30.5-107.

(3) The general assembly finds that, by attracting businesses that are completely new to Colorado, economic growth will occur in distressed counties without negatively impacting other areas of the state and, while certain taxes, such as business personal property taxes, will not be collected within the rural jump-start zone, the net impact of those uncollected taxes will result in a net positive impact to the state, the distressed county, and the interested municipality.

(1) "Colorado economic development commission" or "commission" means the Colorado economic development commission created in section 24-46-102, C.R.S.

(1.5) "Colorado office of economic development" or "office" means the Colorado office of economic development created in section 24-48.5-101.

(2) "Credit certificate" means a statement issued by the commission certifying that the new business or new hire qualifies for an income tax credit allowed in section 39-30.5-105. The credit certificate shall not specify the amount of the credit, but must specify that the new business or new hire is eligible for the credit.

(3) "Department" means the department of revenue.

(4) "Distressed county" means a county with a population of less than two hundred fifty thousand and that reflects indicators of economic distress such as:

- (a) Per capita income that is substantially below the statewide average;
- (b) Local gross domestic product or similar performance measures that are substantially below the statewide average over the preceding five-year period;
- (c) Unemployment levels that are substantially above the statewide average over the preceding five-year period;
- (d) A net loss of people of workforce age measured over the preceding five-year period, or a failure to recover from a loss over the preceding ten-year period; or
- (e) A countywide concentration of pupils eligible for free lunch pursuant to the federal "Richard B. Russell National School Lunch Act", 42 U.S.C. sec. 1751 et seq., greater than the statewide average concentration of pupils eligible for free lunch.

(4.5) "Economic development organization" means a nonprofit organization or governmental entity such as a small business development center, a business accelerator or incubator, a workforce center, a local economic developer, or other such organization or entity that promotes local economic development, but does not include the commission or the office.

(5) "Guidelines" means the guidelines developed by the commission as specified in section 39-30.5-104 (1).

(6) "Municipality" means a municipality as defined in section 31-1-101 (6), C.R.S., with boundaries wholly or partly within the distressed county's boundaries.

(7) "New business" means a business that:

- (a) Is not operating in the state at the time it submits its application to a state institution of higher education to participate in the rural jump-start zone program;
- (b) Is not moving existing jobs into the rural jump-start zone from another area in the state;
- (c) Hires at least five new hires; except that, in a county with a population of less than one hundred thousand, hires at least three new hires;
- (d) Is not substantially similar in operation to and, at the time the new business submits its application to participate in the rural jump-start zone program, does not directly compete with the core function of a business that is operating in the rural jump-start zone in which the new business will be located and in a distressed county contiguous to the rural jump-start zone; and
- (e) Adds to the economic base and exports goods and services outside the distressed county.

(8) "New hire" means an individual who has performed labor or services in the rural jump-start zone for the new business for more than six months from the date hired and for which such individual receives a federal form W-2 and where the job performed by the individual:

(a) Is either a full-time, wage-paying job or is equivalent to a full-time, wage-paying job requiring at least thirty-five hours per week; and

(b) Has a salary or compensation equal to or greater than the county average annual wage.

(9) "Rural jump-start zone" means an area within the boundaries of a distressed county that is either:

(a) In one or more incorporated portions of the distressed county if the municipality provides the commission with a general resolution as described in section 39-30.5-106 agreeing to provide incentive payments, exemptions, or credits to offset the imposition of business personal property tax on and, if the municipality wishes, to offset the imposition of any other municipal tax on all new businesses in order to be a participant in the rural jump-start zone program;

(b) In one or more incorporated portions of the distressed county if the municipality provides the commission with a limited resolution as described in section 39-30.5-106 that indicates the municipality agrees to only provide incentive payments, exemptions, or credits to offset the imposition of business personal property tax on and, if the municipality wishes, to offset the imposition of any other municipal tax on a specific new business in order to be a limited participant in the rural jump-start zone program; or

(c) In the unincorporated portions of the distressed county.

(10) "Rural jump-start zone program" means the rural jump-start zone program created in this article.

(11) "State institution of higher education" means a state institution of higher education as defined in section 23-18-102 (10), C.R.S., a local district college, or an area technical college that:

(a) Has a campus located in the distressed county; or

(b) Includes a distressed county in the community college's service area or the regional education provider's service area.

(12) "Tier one transition community" means a coal transition community that is located in a rural jump-start zone and that the office, with the concurrence of the executive directors of the department of labor and employment and the department of local affairs, determines has already experienced or is at risk of experiencing significant economic disruption, the proximate cause of which is either the closure or conversion of a coal-fueled electrical power generating plant in

Colorado or in a contiguous state or a sustained and likely permanent decline in broader coal markets due to similar closures or conversions nationally and globally.

**39-30.5-104. Rural jump-start zone program requirements - commission - guidelines - definitions.**

(1) (a) The commission shall develop guidelines for the administration of the rural jump-start zone program created in this article 30.5, including, but not limited to:

(I) Application requirements, including application requirements for the grant program under section 39-30.5-105 (5) and subsections (7)(c) and (7)(d) of this section;

(II) Guidelines regarding the issuing of credit certificates and grants; and

(III) Guidelines concerning the process by which the commission will determine whether a new business is not substantially similar in operation to and does not directly compete with the core function of a business that is operating in the rural jump-start zone in which the new business will be located and in a distressed county contiguous to the rural jump-start zone at the time the new business submits its application to a state institution of higher education or an economic development organization to participate in the rural jump-start zone program.

(b) The guidelines must be posted on the Colorado office of economic development's website no later than December 1, 2015. All updated guidelines must be posted on the office's website no later than December 1 of any year in which the guidelines are updated.

(c) In developing the guidelines, the commission shall follow the policies of the Colorado commission on higher education regarding service areas and regional education providers.

(2) No later than December 1, 2015, the commission shall determine which of the state's counties are distressed counties. If a distressed county is interested in participating in the rural

jump-start zone program, the distressed county shall provide the commission with a resolution described in section 39-30.5-106.

(3) Each distressed county shall retain its designation as a distressed county for three years from the date of the designation. After the three-year period, the commission shall review the designation. If the commission determines that the county is no longer distressed, the new business and the new hires retain the benefits specified in section 39-30.5-105 for the remaining portion of the four-year period outlined in that section, or the remaining extended period if the commission grants an extension of the period pursuant to section 39-30.5-105 (1)(a)(II), (2)(a)(II), or (3)(b).

(4) (a) A state institution of higher education or an economic development organization intending to participate in the rural jump-start zone program shall adopt a conflict of interest policy. The conflict of interest policy must provide that:

(I) A representative of the state institution of higher education or the economic development organization may not use the relationship between the state institution of higher education or the economic development organization and the new business as a means for inurement or private benefit to the representative of the state institution of higher education or the economic development organization, any relative of such representative, or any business interests of such representative;

(II) A person who engages in the business of selling goods or services to a state institution of higher education or to an economic development organization, an employee of such person, or a person with a business interest in such person's business shall not vote on or participate in the administration by the state institution of higher education or by the economic development organization of any transaction with such business; and

(III) (A) Upon becoming aware of an actual or potential conflict of interest, a representative of the state institution of higher education or the economic development organization shall advise the chief academic officers or executive director of the institution or the executive director of the economic development organization of the conflict.

(B) Each state institution of higher education and each economic development organization shall maintain a written record of all disclosures made pursuant to subsection (4)(a)(III)(A) of this section.

(C) By January 31, 2016, and by January 31 of each year thereafter, each state institution of higher education and each economic development organization shall provide the record maintained under subsection (4)(a)(III)(B) of this section to the commission.

(b) For the purposes of a conflict-of-interest policy developed under subsection (4)(a) of this section:

(I) "Business interest" means that a representative:

(A) Owns or controls ten percent or more of the stock of the entity; or

(B) Serves as an officer, director, or partner of the entity.

(II) "Relative" means any person living in the same household as the representative of the state institution of higher education or of the economic development organization, any person who is a direct descendant of the representative's grandparents, or the spouse of such representative.

(III) "Representative of the state institution of higher education or of the economic development organization" means any employee with decision-making authority over the rural jump-start zone program.

(4.5) An economic development organization intending to participate in the rural jump-start zone program must be approved by the commission as established in the commission's guidelines.

(5) A new business must apply to a state institution of higher education or an economic development organization to participate in a rural jump-start zone program. The state institution of higher education or economic development organization shall require the new business to provide documentation that the new business meets the definition of new business as specified in section 39-30.5-103 (7) and that the new hires will meet the definition of new hire as specified in section 39-30.5-103 (8). If the state institution of higher education or economic development organization approves the new business, then the state institution of higher education or economic development organization shall apply to the commission for the approval of a rural jump-start zone as specified in subsection (6) of this section and approval of the new business for the rural jump-start zone program benefits as specified in subsection (7) of this section.

(6) (a) Upon approving a new business as specified in subsection (5) of this section, the state institution of higher education or economic development organization shall submit a complete written application for approval for a rural jump-start zone to the commission by the deadline established in the commission's guidelines. The application must include:

(I) Either the identification of:

(A) The state institution of higher education and identification of either the distressed county in which a campus is located or the distressed county that is included in the community college's service area or the regional education provider's service area; or

(B) The economic development organization and identification of the distressed county in which the organization is located or serves;

(II) Identification of the new business and documentation indicating that requirements for the new business have been met, including an estimate of the number of new hires that the new business anticipates it will hire;

(III) Satisfactory documentation that there exists a relationship between the new business and the state institution of higher education or between the new business and the economic development organization. Such documentation must show that:

(A) The relationship will result in positive benefits to the community and the local economy; and

(B) The mission and activities of the new business align with or further either the academic mission of the state institution of higher education or the mission of the economic development organization.

(IV) Identification of the municipalities with boundaries wholly or partly within the distressed county's boundaries;

(V) A resolution as described in section 39-30.5-106 from each interested municipality;

(VI) A description of the rural jump-start zone boundaries; and

(VII) Any other information that the commission deems necessary as specified in the commission's guidelines.

(b) A state institution of higher education or economic development organization may also submit a complete written application for approval for a rural jump-start zone to the commission by the deadlines established in the commission's guidelines when such state institution of higher education or economic development organization has not yet approved a new business as specified in subsection (5) of this section. In this case, the application must include:

(I) (A) Identification of the state institution of higher education and identification of either the distressed county in which a campus is located or the distressed county that is included in the community college's service area or the regional education provider's service area; or

(B) Identification of the economic development organization and identification of the distressed county in which the organization is located or serves.

(II) Identification of the municipalities with boundaries wholly or partly within the distressed county's boundaries;

(III) A resolution as described in section 39-30.5-106 from each interested municipality;

(IV) A description of the rural jump-start zone boundaries; and

(V) Any other information that the commission deems necessary as specified in the commission's guidelines.

(7) (a) The commission shall, at a public meeting properly noticed, review each application for a rural jump-start zone submitted by a state institution of higher education or an economic development organization. Based on the application submitted and the commission's guidelines, the commission may approve the rural jump-start zone and may approve the new business for the rural jump-start zone program benefits specified in section 39-30.5-105; except that the commission may not approve more than three rural jump-start zones for the 2016 calendar year and may not approve any rural jump-start zones or approve any new businesses for the rural jump-start zone program benefits on and after January 1, 2031. The commission may only approve a new business for the rural jump-start zone program benefits if the commission is satisfied that the new business meets the definition of new business as specified in section 39-30.5-103 (7), that the new hires will meet the definition of new hire as specified in section 39-30.5-103 (8), and that the new business will be located in the rural jump-start zone for which the state institution of higher education or economic development organization sought approval.

(b) (I) A new business that receives approval as specified in subsection (7)(a) of this section for the rural jump-start zone program benefits must submit a request for the issuance of a credit certificate by the deadlines established in the commission's guidelines. The request must include an estimated amount, as calculated by the new business, of the income tax credits for the new business and any new hires and the sales and use tax refunds allowed in section 39-30.5-105 and an estimated amount, as calculated by the new business, of incentive payments, exemptions, or refunds provided by local governments as specified in section 39-30.5-106.

(II) The office of economic development shall not issue more than a total of two hundred credit certificates in one income tax year for all new hires employed by all new businesses in each rural jump-start zone that receive approval as specified in subsection (7)(a) of this section; except that the office of economic development has the discretion to increase this limit to six hundred credit certificates if the new business is in one of the fourteen industries that the office of economic development targets for economic development in the state.

(III) If the benefit is for new hires, the commission shall provide the credit certificates for such new hires directly to the new business, and the new business shall provide a copy of the credit certificate to the new hire with their federal form W-2.

(IV) If the commission determines the new business or new hire no longer meets the requirements set forth in this article, the commission shall not issue credit certificates for the income tax credits allowed in section 39-30.5-105 (1) and (2) and shall not notify the department that the new business is eligible for the sales and use tax refund allowed in section 39-30.5-105 (3).

(c) (I) A new business that receives approval as specified in subsection (7)(a) of this section for the rural jump-start zone program benefits may be awarded grants, at the commission's discretion:

- (A) For the establishment of operations in a rural jump-start zone; and
  - (B) For each new hire who meets the requirements of section 39-30.5-103 (8), and who is either hired by the new business upon establishing operations in a rural jump-start zone, or in the years after establishing operations in a rural jump-start zone; except that the grants allowed in this subsection (7)(c)(I)(B) must be calculated on an annual basis and may only be awarded one time for each new hire based on the new hire's federal form W-2.
- (II) The commission may issue grants, subject to subsection (7)(c)(I) of this section and subject to available appropriations, as follows:
- (A) Up to twenty thousand dollars to new businesses to establish operations;
  - (B) Up to forty thousand dollars to new businesses to establish operations in a tier one transition community;
  - (C) Up to two thousand five hundred dollars to new businesses for each new hire; or
  - (D) Up to five thousand dollars to new businesses for each new hire who is hired by the new business that is located in a tier one transition community.
- (III) The commission may establish additional terms and conditions that it deems appropriate in awarding grants under this subsection (7)(c).
- (IV) Grants allowed under this subsection (7)(c) may only be awarded to a new business if the new business meets the eligibility requirements for the tax benefits set forth in this article 30.5.
- (d) (I) The commission may issue grants, at the commission's discretion, subject to this subsection (7)(d), and subject to available appropriations, not to exceed thirty thousand dollars per applicant, to a state institution of higher education or an economic development organization that collaborates with a new business that received approval for the rural jump-start zone program benefits under subsection (7)(a) of this section, in order to support the new business in meeting the purposes outlined in subsection (7)(c) of this section.
- (II) When considering whether to issue a grant to a state institution of higher education or an economic development organization, and when considering the size of the grant, the commission shall review:
- (A) An applicant's real and demonstrated costs resulting from the collaboration with a new business;
  - (B) Other nonmonetary benefits afforded to the applicant in collaborating with a new business;

(C) The number of new businesses the applicant is currently collaborating with and likely to collaborate with in the future;

(D) Whether the grant will support workforce development and applied research projects being carried out by the state institution of higher education or the economic development organization in concert with new businesses; and

(E) Any other facts the commission deems necessary when considering the overall mission of the rural jump-start zone program and the role of the applicant in furthering that mission.

(III) The commission may establish additional terms and conditions that it deems appropriate in awarding grants under this subsection (7)(d), including the size of the grant.

(IV) Grants awarded under this subsection (7)(d) may only be awarded to a state institution of higher education or an economic development organization if the grant recipient meets the eligibility requirements set forth in this article 30.5.

(8) The commission may review a new business or new hire up to twelve months following the issuance of any credit certificates to ensure the requirements in this article are being met.

(9) The Colorado office of economic development may make recommendations to the commission regarding any of the commission's duties and responsibilities outlined in this article 30.5, may provide staff assistance to the commission, and may assist the commission in administering the provisions of this article 30.5.

### **39-30.5-105. Rural jump-start zone program benefits.**

#### **(1) New business income tax credit.**

(a) (I) If a new business locates in a rural jump-start zone during the income tax years commencing on or after January 1, 2016, but before January 1, 2031, and the commission has

approved the new business for the rural jump-start zone program benefits as specified in section 39-30.5-104 (7)(a), then except as provided in subsection (1)(a)(II) of this section, the new business is entitled to receive an annual income tax credit in an amount equal to one hundred percent of the income taxes imposed by article 22 of this title 39 on the income derived from its activities in the rural jump-start zone for four consecutive income tax years beginning with the first income tax year designated by the commission in the first credit certificate. The commission shall conduct an annual review to verify that the new business continues to meet the requirements set forth in this article 30.5 and shall issue a credit certificate to the new business for every income tax year during the four-year period only if the commission is satisfied the requirements are being met.

(II) A new business may seek an extension of the four-year benefits period specified in subsection (1)(a)(I) of this section by completing a written application to the commission. The extension may not exceed an additional four years. The application for extension must include an explanation of the new business' need for the extension and any other information the commission deems necessary. In deciding whether to grant the extension, the commission must consider the state of the economy in the rural jump-start zone, the estimated demand for tax credits allowed in this section for other new businesses, and the importance of these credits in incentivizing the new business. The extension application must be considered at a regularly scheduled meeting of the commission where the public is allowed to comment.

(b) To claim the income tax credit allowed in this section, the new business shall attach a copy of the credit certificate to its state income tax return. No tax credit is allowed under this section unless the new business provides the copy of the credit certificate with its filed state income tax return.

(c) If a new business has income both from operations within the rural jump-start zone and operations outside of the rural jump-start zone, the new business shall apportion its income between the operations within and outside the rural jump-start zone in accordance with rules promulgated by the department in order to calculate the amount of income tax credit. Such rules shall calculate the value of the credit, as nearly as practicable, to be equal to the tax due on the income generated by the new business that relates to its activities in the rural jump-start zone on the basis of the new business' property and payroll in the rural jump-start zone relative to its property and payroll everywhere.

(d) The commission shall, in a sufficiently timely manner to allow the department to process returns claiming the income tax credits allowed by this section, provide the department with an electronic report of each new business that the commission approved for the rural jump-start zone program benefits as specified in section 39-30.5-104 (7)(a) for the preceding calendar year that includes the following information:

(I) The taxpayer's name; and

(II) The taxpayer's social security number or the taxpayer's Colorado account number and federal employer identification number.

(e) If a new business receiving an income tax credit allowed in this subsection (1) is a partnership, limited liability company, S corporation, or similar pass-through entity, the commission shall issue credit certificates that allocate the credit among the new business' partners, shareholders, members, or other constituent entities in accordance with their ownership interests. The new business shall certify to the commission, and the commission shall provide to the department no later than the January 15 following each income tax year for which the new business is claiming a credit, the identity and ownership percentage, including such identifying information as the department may require, of each partner, shareholder, member, or other constituent entity of the new business.

**(2) New hire income tax credit.**

(a) (I) Except as provided in section 39-30.5-104 (7)(b)(II) and subsection (2)(a)(II) of this section, if a new hire is employed by a new business, and the commission has approved the new business for the rural jump-start zone program benefits as specified in section 39-30.5-104 (7)(a), for income tax years commencing on or after January 1, 2016, but before January 1, 2031, new hires are entitled to receive an income tax credit in an amount equal to one hundred percent of the income taxes imposed by article 22 of this title 39 on the new hire's wages paid by the new business for work performed in the rural jump-start zone for four consecutive income tax years beginning with the first income tax year in which the new hire is employed by the new business. The commission shall conduct an annual review to verify that the new hire and the new business continue to meet the requirements set forth in this article 30.5 and shall issue a credit certificate to the new business for each new hire for every income tax year during the four-year period only if the commission is satisfied the requirements are being met.

(II) A new business may seek an extension of the four-year benefits period specified in subsection (2)(a)(I) of this section by completing a written application to the commission. The extension may not exceed an additional four years. The application for extension must include an explanation of the new business' need for the extension and any other information the commission deems necessary. In deciding whether to grant the extension, the commission must consider the state of the economy in the rural jump-start zone, the estimated demand for tax credits allowed in this section for other new businesses, and the importance of these credits in incentivizing the new business. The extension application must be considered at a regularly scheduled meeting of the commission where the public is allowed to comment.

(b) To claim the income tax credit allowed in this section, the new hire shall attach a copy of the credit certificate to the new hire's state income tax return. No tax credit is allowed under this section unless the new hire provides the copy of the credit certificate with his or her filed state income tax return.

(c) The commission shall, in a sufficiently timely manner to allow the department to process returns claiming the credit allowed by this section, provide the department with an electronic report of each new hire receiving a credit certificate as allowed in this section for the preceding calendar year that includes the following information:

(I) The new hire's name; and

(II) The new hire's social security number.

**(3) New business sales and use tax refund.**

(a) Each new business is eligible for a refund for all sales and use taxes imposed under parts 1 and 2 of article 26 of this title 39 on the purchase of all tangible personal property acquired by the new business and used exclusively within the rural jump-start zone. Except as provided in subsection (3)(b) of this section, the new business is eligible for the refund allowed in this subsection (3)(a) for four consecutive years beginning with the date the commission approved the new business for the rural jump-start zone program benefits as specified in section 39-30.5-104 (7)(a).

(b) A new business may seek an extension of the four-year period specified in subsection (3)(a) of this section by completing a written application to the commission. The extension may not exceed an additional four years. The application for extension must include an explanation of the new business' need for the extension and any other information the commission deems necessary. In deciding whether to grant the extension, the commission must consider the state of the economy in the rural jump-start zone, the estimated demand for sales and use tax refunds allowed in this section for other new businesses, and the importance of the refund in incentivizing the new business. The extension application must be considered at a regularly scheduled meeting of the commission where the public is allowed to comment.

(c) The commission shall provide the department with a list of every new business eligible for the sales and use tax refund allowed in this subsection (3).

**(4) Restrictions on other credits.** Notwithstanding any law to the contrary, if a new business claims the rural jump-start zone program benefits allowed in this section, the new business may not claim any other tax incentive that the new business is eligible for in this title as a result of establishing the new business in the state, including tax incentives for the new hires hired by the new business.

**(5) Grant program.**

(a) There is hereby created in the office the rural jump-start zone grant program, referred to in this subsection (5) as the "grant program", to provide grants for new businesses in addition to the tax benefits set forth in this article 30.5, and to provide grants to state institutions of higher education or to economic development organizations.

(b) The office shall administer the grant program and the commission shall award grants, in accordance with this subsection (5) and section 39-30.5-104 (7)(c) and (7)(d). Subject to available appropriations, grants shall be paid out of the rural jump-start zone grant fund account in the Colorado economic development fund created in section 24-46-105 (7).

(c) The office shall issue guidelines to implement the grant program as specified in section 39-30.5-104 (1)(a).

### **39-30.5-106. Rural jump-start zone - local government requirements.**

(1) Before the commission may approve a rural jump-start zone as specified in section 39-30.5-104, the following must occur:

(a) An interested distressed county must adopt a resolution affirming that it will provide incentive payments, exemptions, or refunds, as appropriate, to new businesses to eliminate the business personal property tax imposed on all new businesses by the distressed county. The distressed county may adopt an additional resolution affirming that it chooses to provide incentive payments, exemptions, or refunds, as appropriate, to all new businesses to eliminate any other tax imposed on or paid by such new businesses in the distressed county.

(b) Interested municipalities within an interested distressed county must adopt either:

(I) A general resolution affirming that it will provide incentive payments, exemptions, or refunds, as appropriate, to all new businesses to eliminate the business personal property tax imposed on new businesses by the interested municipality. The interested municipality may adopt an additional resolution affirming that it chooses to provide incentive payments, exemptions, or refunds, as appropriate, to all new businesses to eliminate any other tax imposed on or paid by such new businesses in the interested municipality.

(II) A limited resolution affirming that it will provide incentive payments, exemptions, or refunds, as appropriate, to a specific new business to eliminate the business personal property tax imposed on the specific new business by the interested municipality. The interested municipality

may adopt an additional resolution affirming that it chooses to provide incentive payments, exemptions, or refunds, as appropriate, to the specific business to eliminate any other tax imposed on or paid by the specific business in the interested municipality.

**39-31-101. Real property tax - tax equivalent - assistance - heat or fuel expenses  
assistance - eligibility - applicability - definitions - repeal.**

(1) (a) Individuals having resided within this state for the entire taxable year who are sixty-five years of age or older during the taxable year are eligible for a grant to be determined with respect to the income taxes imposed by article 22 of this title 39, subject to the additional qualification requirements of this section, to aid in the payment by such individuals of:

(I) Real estate taxes, including taxes on mobile homes, or trailer coach specific ownership tax on, or tax-equivalent payments with respect to, residences occupied by such individuals; or

(II) Heat or fuel expenses for residences occupied by such individuals.

(b) (I) Spouses are treated as jointly qualifying for the grant under subsection (1)(a) of this section if either spouse meets the age requirement and they jointly meet all the limitations of subsection (3) of this section. In all cases spouses must file one joint claim.

(II) A surviving spouse who is fifty-eight years of age or older qualifies for the grant under subsection (1)(a) of this section if the surviving spouse meets all the limitations imposed by subsection (3) of this section.

(c) (I) Before January 1, 2025, the grant authorized by this section is also allowed to individuals having resided in this state for the entire taxable year and coming within the limitations imposed by subsection (3) of this section who, regardless of age, have a disability during the entire taxable year to a degree sufficient to qualify for the payment to them of full benefits from any bona fide public or private plan or source based solely upon such disability.

(II) An individual has a disability for the purposes of subparagraph (I) of this paragraph (c) if such individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted for a continuous period of not less than twelve months.

(III) This subsection (1)(c) is repealed, effective December 31, 2030.

(d) (I) Eligibility under more than one provision of this subsection (1) does not increase the amount of any grant available to an individual or spouses under subsection (2) of this section; except that an individual or spouses may claim the grant under both subsections (1)(a)(I) and (1)(a)(II) of this section, if applicable.

(II) This subsection (1)(d) is repealed, effective December 31, 2030.

(1.5) (a) The grant set forth in subsection (1) of this section is allowed as follows:

(I) An individual or spouses claiming the grant pursuant to subsection (1)(a)(I) or (1)(c) of this section may claim the grant in an amount set forth in subsection (2) of this section;

(II) An individual or spouses claiming the grant pursuant to subsection (1)(a)(II) of this section may claim the grant in an amount set forth in subsection (2.1) of this section; and

(III) An individual or spouses claiming the grant pursuant to both subsections (1)(a)(I) and (1)(a)(II) of this section may claim the grant in the amount set forth in subsection (2) of this section plus the amount set forth in subsection (2.1) of this section.

(b) (I) The provisions of subsection (1.5)(a) of this section apply to an individual claiming the grant pursuant to subsection (1)(c) of this section.

(II) This subsection (1.5)(b) is repealed, effective December 31, 2030.

(2) A grant is the amount of the general property taxes actually paid on the residence or the amount of taxes actually paid on a mobile home, plus any tax-equivalent payments computed pursuant to subsection (4) of this section, with respect to the rent of a trailer space during the year for which the grant is claimed, the amount of the specific ownership tax actually paid on a trailer coach, or the amount of the tax-equivalent payments, computed pursuant to subsection (4) of this section, actually made during the year for which such grant is claimed, but in no event may it exceed:

(a) Repealed.

(I) and (II) (Deleted by amendment, L. 2014.)

(III) Repealed.

(a.5) Repealed.

(b) Repealed.

(I) and (II) (Deleted by amendment, L. 2014.)

(III) Repealed.

(c) Repealed.

(d) (I) For a grant claimed for the 2023 calendar year, either eight hundred seventy-two dollars reduced by ten percent of the claimant's income over the phase-out amount or the property tax flat grant amount, whichever amount is greater; or

(II) For a grant claimed for years commencing on or after January 1, 2024, either the maximum grant amount allowed under this subsection (2)(d) for the prior year, adjusted for inflation and reduced by ten percent of the claimant's income over the phase-out amount, or the property tax flat grant amount, whichever amount is greater.

(2.1) The amount of a heat or fuel expenses grant is:

(a) For a grant claimed for the 2023 calendar year, either two hundred forty dollars reduced by ten percent of the claimant's income over the phase-out amount or the heat or fuel expenses flat grant amount, whichever amount is greater; or

(b) For a grant claimed for years commencing on or after January 1, 2024, either the maximum grant amount allowed under this subsection (2.1) for the prior year, adjusted for inflation and reduced by ten percent of the claimant's income over the phase-out amount, or the heat or fuel expenses flat grant amount, whichever amount is greater.

(2.3) and (2.5) Repealed.

(3) Such grant is allowed to such persons as described in subsection (1) of this section who meet the following requirements:

(a) Are not claimed as an exemption for purposes of Colorado income tax by any other person for the taxable year;

(b) Have income from all sources for the taxable year of less than the maximum eligible income amount, which includes, but is not limited to, for this purpose, alimony, cash public assistance and relief, pension or annuity benefits, federal social security benefits, veterans' benefits, nontaxable interest, workers' compensation, and unemployment compensation benefits. For the purposes of this subsection (3)(b), the following are not considered income:

(I) Outright gifts;

(II) Medicaid payments specifically provided for the payment of medicare premiums;

(II.5) Payments from or income received by a special needs trust; and

(III) Those specific veterans' benefits that are service-connected disability compensation payments. For the purposes of this subparagraph (III), "service-connected disability compensation payments" means those payments made for permanent disability, which disability shall be limited to loss of or loss of use of both lower extremities so as to preclude locomotion without the aid of braces, crutches, canes, or a wheelchair; loss of use of both hands; blindness in both eyes, including such blindness with only light perception; or loss of one lower extremity together with residuals or organic disease or injury that so affects the functions of balance or propulsion as to preclude locomotion without the use of a wheelchair.

(4) (a) The tax-equivalent amount for individuals otherwise qualified who paid rent for the right to occupy premises as a residence during the taxable year is twenty percent of the actual rent paid during the taxable year, not including any charge for utilities or food, for the purposes of calculating the amount of the grant pursuant to subsection (2) of this section.

(b) To qualify as a tax-equivalent payment set forth in subsection (4)(a) of this section, rent must have been paid as a part of a bona fide tenancy or leasing agreement and does not include any portion of payments made to institutions or facilities commonly known as nursing homes but does include rent paid for the use of a mobile home or paid on trailer space if paid as a part of a bona fide tenancy.

(c) For individuals otherwise qualified who paid heat or fuel expenses indirectly as part of their rental payments, it is presumed that ten percent of the actual rent paid during the taxable year was for heat or fuel expenses for the purpose of calculating the amount of the grant pursuant to subsection (2.1) of this section. For rental payments to qualify under subsection (1)(a)(II) of this section, they must have been paid as a part of a bona fide tenancy or lease agreement. Rental payments made to institutions or facilities commonly known as nursing homes do not qualify, but rental payments for the use of a mobile home qualify if paid as a part of a bona fide tenancy or lease agreement.

(5) As used in this section:

(a) "Heat or fuel expenses flat grant amount" means an amount equal to ninety-two dollars for the 2023 calendar year, and for each year thereafter the amount for the prior year adjusted for inflation.

(b) "Inflation" means the annual percentage change in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its successor index.

(c) "Maximum eligible income amount" means:

(I) For an individual, income that is less than or equal to eighteen thousand twenty-six dollars for the 2023 calendar year and for each year thereafter, the amount for the prior year adjusted for inflation; and

(II) For spouses, income that is less than or equal to twenty-four thousand three hundred forty-five dollars for the 2023 calendar year and for each year thereafter, the amount for the prior year adjusted for inflation.

(d) "Phase-out amount" means:

(I) In the case of an individual, an amount equal to nine thousand six hundred ninety-two dollars for the 2023 calendar year and for each year thereafter, the amount for the prior year adjusted for inflation; and

(II) In the case of spouses, an amount equal to fifteen thousand six hundred sixty-eight dollars for the 2023 calendar year and for each year thereafter, the amount for the prior year adjusted for inflation.

(e) "Property tax flat grant amount" means an amount equal to two hundred eighty-two dollars for the 2023 calendar year, and for each year thereafter the amount for the prior year adjusted for inflation.

**39-31-102. Procedures to obtain grant - department of revenue - responsibilities.**

(1) (a) A grant authorized by section 39-31-101 must be paid from the reserve for refunds created by section 39-22-622. Payments must be made on a quarterly basis, with the amount of each payment equal to the total amount of the grant divided by the number of quarters remaining in the calendar year in which the grant is awarded, with the calculation including the quarter in which the grant is awarded. Claimants meeting all qualification requirements for an entire taxable year are entitled to a grant allowable pursuant to section 39-31-101. Grants paid pursuant to this subsection (1) must be included for informational purposes in the general appropriation bill or in supplemental appropriation bills for the purpose of complying with the limitation on state fiscal year spending imposed by section 20 of article X of the state constitution and section 24-77-103.

(b) The department of revenue shall update its database on a periodic basis as necessary to ensure that all eligible claimants are receiving the grants.

(2) The executive director shall prescribe the forms to be used for the grants authorized by section 39-31-101 and the credit allowed pursuant to section 39-31-104.5 and prepare any instructions related to the forms. The executive director may create an electronic form to be used in addition to the paper form. If a sales tax refund is allowed for any given income tax year in accordance with section 39-22-2002, the executive director shall include provisions on the forms to allow qualified individuals to apply for the refund pursuant to section 39-22-2003 (5)(c). To receive a grant or credit, an individual must claim the grant or credit on the executive director's form.

(3) (a) If two or more individuals, other than spouses, are entitled to a grant authorized by section 39-31-101 or a credit allowed pursuant to section 39-31-104.5, the grant or credit may be claimed by either or any of the individuals. When two or more individuals claim the grant or credit for the same residence, the executive director is authorized to determine the proper allocation of the grant or credit.

(b) No grant or credit received pursuant to this article 31 is treated as income for purposes of determining the eligibility of any individual for old age pension benefits under article 2 of title 26.

(4) A grant authorized by section 39-31-101 that is claimed for general property taxes shall not exceed the amount of the taxes actually paid. A grant for property taxes or tax-equivalent amounts paid under section 39-31-101 shall not be made unless properly claimed on or before the expiration of twenty-four months after the end of the income tax year during which such taxes or tax-equivalent amounts were actually paid.

(5) Repealed.

(6) The grant authorized by section 39-31-101 for heat or fuel expenses shall not exceed the amount of the heat or fuel expenses actually paid, and a grant shall not be made unless the appropriate form claiming the same is filed with the department of revenue on or before the expiration of twenty-four months after the end of the taxable year for which the grant is claimed.

### **39-31-103. Department of human services - outreach - departmental information sharing.**

(1) The department of human services shall conduct outreach for the grants available under this article. As part of this duty, the department shall:

- (a) Target the outreach to participants in other state benefit programs;
- (b) Incorporate the outreach into existing media campaigns;
- (c) Work with county departments of human or social services;
- (d) Collaborate with interested community-based organizations, including sharing of outreach expenses; and
- (e) Undertake any other measures that it deems necessary to ensure collaboration and cost-effective outreach that improves program participation.

(2) The department of human services may solicit, receive, and expend gifts, grants, or donations from any person, including community-based organizations, for the purpose of paying any part of the outreach.

(3) (a) On or before July 1, 2015, and July 1 of every odd-numbered year thereafter, the department of human services shall report to the public health care and human services committee of the house of representatives and the health and human services committee of the

senate, or any successor committees, about its outreach conducted pursuant to this section. In the report, the department shall include a description of:

- (I) The types of outreach undertaken by the department;
  - (II) The success of the outreach as measured by public participation, including the participation by eligible members of racial and ethnic minority populations, or other indicators that the department can evaluate;
  - (III) Any recommendations for statutory changes that would help improve program participation; and
  - (IV) Any other recommendations related to the grants made under this article.
- (b) This subsection (3) is exempt from the provisions of section 24-1-136 (11), C.R.S., and the periodic reporting requirements of this section are effective until changed by the general assembly acting by bill.
- (4) Nothing in this section changes the department of revenue's responsibility to create the grant forms and to pay the grants under this article.
- (5) The department of revenue and the department of human services shall share information and collaborate as is necessary for each department to efficiently administer this article.

**39-31-104.5. Tax credit for assistance for individuals with a disability - tax preference performance statement - legislative declaration - definitions.**

(1) (a) The general assembly finds and declares that in accordance with section 39-21-304, the tax expenditure created in this section is intended to reduce net taxes paid by certain individuals. Specifically, the tax expenditure is intended to provide assistance through an income tax credit for individuals with a disability who do not have income above a certain threshold amount.

(b) The general assembly and the state auditor shall measure the effectiveness of the tax expenditure in achieving the purpose specified in subsection (1)(a) of this section based on the number of taxpayers who have claimed the credit and the total amount of credits claimed.

(2) As used in this section, unless the context otherwise requires:

(a) "Credit" means the credit against income tax that is created in this section.

(b) "Inflation" means the annual percentage change in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its successor index.

(c) (I) "Qualified individual" means a resident individual who has a disability during the entire income tax year to a degree sufficient to qualify for the payment to the individual of full benefits from any bona fide public or private plan or source based solely upon such disability.

(II) An individual has a disability for purposes of subsection (2)(c)(I) of this section if the individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted for a continuous period of not less than twelve months.

(3) For income tax years commencing on or after January 1, 2025, a qualified individual is allowed a credit against the tax imposed by article 22 of this title 39 in an amount set forth in subsection (4) of this section.

(4) (a) The credit may be claimed in an amount equal to:

(I) One thousand two hundred dollars for:

(A) A qualified individual filing a single return who has a federal adjusted gross income less than or equal to ten thousand dollars;

(B) Two qualified individuals filing a joint return with a federal adjusted gross income less than or equal to sixteen thousand dollars; or

(C) A qualified individual and a nonqualified individual filing a joint return with a federal adjusted gross income less than or equal to sixteen thousand dollars;

(II) One thousand dollars for:

(A) A qualified individual filing a single return who has a federal adjusted gross income greater than ten thousand dollars but less than or equal to twelve thousand five hundred dollars;

(B) Two qualified individuals filing a joint return with a federal adjusted gross income greater than sixteen thousand dollars but less than or equal to twenty thousand dollars; or

(C) A qualified individual and a nonqualified individual filing a joint return with a federal adjusted gross income greater than sixteen thousand dollars but less than or equal to twenty thousand dollars;

(III) Eight hundred dollars for:

(A) A qualified individual filing a single return who has a federal adjusted gross income greater than twelve thousand five hundred dollars but less than or equal to fifteen thousand dollars;

(B) Two qualified individuals filing a joint return with a federal adjusted gross income greater than twenty thousand dollars but less than or equal to twenty-four thousand dollars; or

(C) A qualified individual and a nonqualified individual filing a joint return with a federal adjusted gross income greater than twenty thousand dollars but less than or equal to twenty-four thousand dollars;

(IV) Six hundred dollars for:

(A) A qualified individual filing a single return who has a federal adjusted gross income greater than fifteen thousand dollars but less than or equal to seventeen thousand five hundred dollars;

(B) Two qualified individuals filing a joint return with a federal adjusted gross income greater than twenty-four thousand dollars but less than or equal to twenty-eight thousand dollars; or

(C) A qualified individual and a nonqualified individual filing a joint return with a federal adjusted gross income greater than twenty-four thousand dollars but less than or equal to twenty-eight thousand dollars; and

(V) Four hundred dollars for:

(A) A qualified individual filing a single return who has a federal adjusted gross income greater than seventeen thousand five hundred dollars but less than or equal to twenty thousand dollars;

(B) Two qualified individuals filing a joint return with a federal adjusted gross income greater than twenty-eight thousand dollars but less than or equal to thirty-two thousand dollars; or

(C) A qualified individual and a nonqualified individual filing a joint return with a federal adjusted gross income greater than twenty-eight thousand dollars but less than or equal to thirty-two thousand dollars.

(b) (I) A qualified individual who files a single return and has a federal adjusted gross income greater than twenty thousand dollars is not allowed a credit under this section.

(II) Two qualified individuals, or a qualified individual and a nonqualified individual, who file a joint return with a federal adjusted gross income greater than thirty-two thousand dollars are not allowed a credit under this section.

(c) (I) The department of revenue shall annually adjust for inflation the credit amounts set forth in subsection (4)(a) of this section if cumulative inflation since the last adjustment, when applied to the current credit amounts, results in an increase of at least ten dollars when the adjusted credit amounts are rounded to the nearest ten dollars.

(II) The department of revenue shall annually adjust for inflation the adjusted gross income amounts set forth in subsections (4)(a) and (4)(b) of this section if cumulative inflation since the last adjustment, when applied to the current adjusted gross income amounts, results in an increase of at least one hundred dollars when the adjusted gross income amounts, as adjusted, are rounded to the nearest one hundred dollars.

(5) If the credit exceeds the income taxes due on the qualified individual's income, the amount of the credit not used to offset income taxes is not carried forward and must be refunded to the qualified individual.

(6) A qualified individual who claims the credit cannot in the same tax year also claim the grant allowed pursuant to section 39-31-101.

(7) The credit received pursuant to this section is not treated as income for purposes of determining the eligibility of any individual for old age pension benefits under article 2 of title 26.

(8) Notwithstanding section 39-21-304 (4), the credit continues indefinitely.

(9) The credit allowed by this section is administered in the same manner as other credits against the tax imposed by article 22 of this title 39.

**39-32-101. Short title.**

This article shall be known and may be cited as the "Rural Technology Enterprise Zone Act".

**Source: L. 98:** Entire article added, p. 695, § 1, effective May 18.

**39-32-102. Legislative declaration.**

(1) The general assembly hereby finds and declares that:

(a) The ability of the people in all parts of this state to access the internet, also known as the information superhighway, is an important component in the ability of the state to remain competitive in the fields of business and education as well as the ability of government to provide services to these people both now and in the future; and

(b) A disparity currently exists in the state between the ability of people living in urban areas and people living in rural areas to access the internet because of a lack of adequate technology, infrastructure, and advance telecommunications service in rural areas.

(2) The general assembly further finds and declares that it is the policy of the state, in order to provide incentives for private businesses to invest in the infrastructure needed to improve the ability of the people living in rural areas to access the internet, to establish a program to provide a tax incentive to enterprises that provide such infrastructure in designated areas to be known as rural technology enterprise zones.

**Source: L. 98:** Entire article added, p. 695, § 1, effective May 18.

**39-32-103. Needs assessment and inventory - public hearing.**

(1) In order to determine the extent to which the internet can be accessed in rural areas of the state, the public utilities commission shall conduct a technology infrastructure needs assessment and inventory in such areas to determine the status of internet access in rural areas. Such needs assessment and inventory shall specifically examine the following:

(a) The need and ability to provide or improve internet access in rural areas in the state;

(b) The existence and identification of any barriers that prevent or reduce internet access in rural areas; and

(c) The types of technology infrastructure, including advanced and emerging technologies, that would improve internet access in rural areas.

(2) After conducting the needs and assessment inventory pursuant to subsection (1) of this section, the public utilities commission shall conduct a public hearing on the designation of rural technology enterprise zones pursuant to section 39-32-104. The commission shall provide public notice of such hearing to residents living within any proposed rural technology enterprise zone and to any other interested parties the commission may identify. The commission shall consider any testimony or other evidence presented at such hearing in designating any rural technology enterprise zone pursuant to section 39-32-104.

#### **39-32-104. Zones established.**

(1) Based upon the needs and assessment inventory and the evidence received during the public hearing conducted pursuant to section 39-32-103, the public utilities commission may designate rural areas in the state as rural technology enterprise zones. In designating such zones, the commission shall specify by rule, based upon the needs and assessment inventory and the evidence received at the public hearing, the specific technology infrastructure needs of each rural technology enterprise zone and the types of investments that will meet those needs. For each rural technology enterprise zone designated pursuant to this section, the commission shall further specify the following:

- (a) The boundaries of the rural technology enterprise zone;
- (b) The potential for increasing internet access within the rural technology enterprise zone;
- (c) The specific technology infrastructure required to provide adequate internet access within the zone and any unique needs or characteristics of the zone;
- (d) The specific investments in technology infrastructure that will qualify for income tax credits in the zone pursuant to section 39-32-105; and
- (e) Any other information the commission deems pertinent.

**Source: L. 98:** Entire article added, p. 696, § 1, effective May 18.

**39-32-105. Credit against tax - investment in technology infrastructure.**

(1) There shall be allowed to any person as a credit against the tax imposed by article 22 of this title, for income tax years commencing on or after January 1, 1999, but prior to January 1, 2005, an amount equal to ten percent of the amount of the total investment made during such years in technology infrastructure required to provide internet access in rural technology enterprise zones. Such credit may be claimed only for specific capital investments in technology infrastructure that will qualify for income tax credits in such zone as specified by the public utilities commission pursuant to section 39-32-104 (1)(d). The credit claimed by a person pursuant to this section shall not exceed one hundred thousand dollars in any one tax year.

(2) If the credit allowed under this section exceeds the income taxes otherwise due on the claimant's income, the amount of the credit not used as an offset against income taxes may be carried forward as a tax credit against subsequent years' income tax liability for a period not to exceed ten years and shall be applied first to the earliest years possible.

**39-32-107. Rules.**

The public utilities commission shall promulgate rules necessary for the administration of sections 39-32-103 and 39-32-104. The department of revenue shall promulgate rules necessary for the administration of section 39-32-105. Rules promulgated pursuant to this section shall be promulgated in accordance with article 4 of title 24, C.R.S.

The short title of this article 36 is the "CHIPS Zone Act".

**Source: L. 2023:** Entire article added, (HB 23-1260), ch. 227, p. 1189, § 7, effective May 20.

**39-36-102. Tax preference performance statement - legislative declaration.**

(1) The general assembly finds and declares that:

(a) Semiconductors, or chips, are tiny electronic devices that are fundamental to modern industrial and national security activities. These devices power tools as simple as a light switch and as complex as a fighter jet or a smartphone. Semiconductors are also essential building blocks in emerging technologies such as artificial intelligence, 5G communications, and quantum computing.

(b) In 2022, the federal government enacted the "Creating Helpful Incentives for Producing Semiconductors and Science Act", or "CHIPS and Science Act", providing for over fifty billion dollars to be expended in strengthening and revitalizing the country's position in semiconductor research, development, and manufacturing;

(c) The "CHIPS and Science Act" is expected to unlock hundreds of billions of dollars of private sector semiconductor investment across the country;

(d) Enactment of a semiconductor manufacturing zone, or CHIPS zone, program of tax incentives will maximize the opportunity for Colorado businesses to draw down federal dollars under the CHIPS Act and capture some of the billions of dollars of private funds expected to be spent in growing the country's semiconductor manufacturing industry;

(e) The three tax credits available under the program, for qualified investments, business facility employees, and expenditures in research and experimental activities, will encourage investment to expand Colorado's semiconductor manufacturing capacity and make Colorado a new center for innovation and research in this critical industry;

(f) Investing in semiconductor manufacturers in this manner also means investing in Colorado workers, as growth in the semiconductor manufacturing sector will necessarily result in the creation and retention of high-skilled, well-compensated manufacturing jobs in the state;

(g) In accordance with section 39-21-304 (1), which requires any bill that creates a new tax expenditure to include a tax preference performance statement as part of a statutory legislative declaration, the general assembly further declares that:

(I) The general legislative purposes of the tax credits allowed by this article 36 are:

(A) To induce certain designated behavior by taxpayers;

(B) To improve industry competitiveness; and

(C) To create or retain jobs;

(II) The specific legislative purposes of the tax credits allowed by this article 36 are:

(A) To improve the competitiveness of Colorado's semiconductor manufacturing industry;

(B) To induce investment in new and existing semiconductor manufacturing businesses in the state; and

(C) To create well-paying jobs in the private sector as a result of such investment; and

(III) The tax credit certification forms required from taxpayers to be executed by the CHIPS zone administrator pursuant to section 39-36-104 (5), the annual reports that the zone administrator is required to make to the Colorado economic development commission pursuant to section 39-36-104 (3)(b), and the annual reports that the director of the Colorado office of economic development must make to the general assembly and the legislative audit committee under section 39-36-104 (3)(c), will provide objective economic development data points that will allow the general assembly and the state auditor to measure the effectiveness of the CHIPS zone tax credits.

### **39-36-103. Definitions.**

As used in this article 36, unless the context otherwise requires:

(1) "Certification" means the written tax credit certificate documenting a taxpayer's income tax credit claim pursuant to section 39-30-104, 39-30-105.1, or 39-30-105.5 and the estimated value of each credit certified by the CHIPS zone administrator, for which the taxpayer received precertification in accordance with section 39-36-104 (5)(b).

(2) "CHIPS Act" means the federal "Creating Helpful Incentives to Produce Semiconductors and Science Act of 2022", Pub.L. 117-167, as amended.

(3) "CHIPS zone" means a semiconductor manufacturing zone approved by the commission pursuant to section 39-36-104 (2)(a).

(4) "Commission" means the Colorado economic development commission created in section 24-46-102 (1).

(5) "Department" means the Colorado department of revenue.

(6) "Director" means the director of the office.

(7) "Office" means the Colorado office of economic development created in section 24-48.5-101.

(8) "Precertification" means the written precertification of a taxpayer's proposed project and any related income tax credit claims pursuant to section 39-30-104, 39-30-105.1, or 39-30-105.5, by the CHIPS zone administrator in reliance on the taxpayer's representations pursuant to section 39-36-104 (5)(a).

(9) "Refund certificate" has the same meaning as set forth in section 24-46-108 (1)(i).

(10) "Semiconductor manufacturing" has the same meaning as set forth in section 24-46-108 (1)(j).

(11) "Taxpayer" means a person engaged in semiconductor manufacturing that is subject to tax under article 22 of this title 39.

#### **39-36-104. Zones established - zone administrator - review - termination.**

(1) (a) For income tax years commencing on or after January 1, 2023, but before January 1, 2036, any municipality, county, or group of contiguous municipalities or counties may propose an area of such municipality, county, or group of municipalities or counties to be designated as a CHIPS zone in accordance with the policies and procedures established by the office and pursuant to this article 36.

(b) To propose an area for designation as a CHIPS zone, a local government shall submit a development plan to the director. The plan must include the following items:

(I) The boundaries of the proposed zone;

(II) The proposed zone's potential for semiconductor manufacturing business development and job creation;

(III) How the proposed zone will support and be consistent with maintenance of the area's economy; and

(IV) Any other pertinent information the director or the commission may require, which may include information related to local planning, capacity, and infrastructure.

(2) (a) The commission, after consultation with the office, may approve the designation of a CHIPS zone.

(b) All decisions concerning the designation or termination of a CHIPS zone or any portion of a CHIPS zone shall be made by the commission upon the recommendation of the office.

(3) (a) The director, or the director's designee, shall serve as the zone administrator for all approved CHIPS zones. The commission shall work with the zone administrator to ensure that each zone has economic development objectives with outcomes that can be measured.

(b) The zone administrator shall submit an annual report to the commission summarizing the zone administrator's review of documentation, including the most recent statistics available for taxpayers claiming CHIPS zone credits, on:

(I) The number of semiconductor manufacturing jobs created in the zone;

(II) The number of such jobs retained in the zone;

(III) The average annual compensation level, including benefits, of the semiconductor manufacturing jobs created or retained within the zone;

(IV) An analysis of capital investment in the zone, including the amount of investment in qualifying property for which tax credits are claimed pursuant to section 39-30-104;

(V) The number of business facility employees for which tax credits are claimed pursuant to section 39-30-105.1;

(VI) The amount of investment tax credits claimed pursuant to section 39-30-104 and the amount of credits for employees claimed pursuant to section 39-30-105.1;

(VII) The number and amount of tax credits based on expenditures for research and experimental activities claimed pursuant to section 39-30-105.5; and

(VIII) Any other information reasonably required by the commission to evaluate the effectiveness of each zone in accomplishing the economic objectives of the zone.

(c) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the director, or the director's designee, on behalf of the commission, shall submit an annual report to the general assembly on or before November 1, 2023, and on or before November 1 of each calendar year thereafter through November 1, 2036, summarizing the information submitted by the zone administrator to the commission each year pursuant to subsection (3)(b) of this section. The

director, or the director's designee, on behalf of the commission shall make an annual presentation to the legislative audit committee that reviews and summarizes the information in the report submitted to the general assembly pursuant to this subsection (3)(c).

(d) The state auditor shall submit a report to the governor and the general assembly, at the discretion of the state auditor and the legislative audit committee, evaluating the implementation of the CHIPS zone program, making recommendations for statutory changes, if any, and including any information requested by the governor or the general assembly. The evaluation must be based upon the data included in the annual report submitted by the director on behalf of the commission to the general assembly pursuant to subsection (3)(c) of this section and objective, verifiable data submitted by the zone administrator and maintained by the office or obtained from the department. The report must also include information concerning the number and amount of tax credits claimed and allowed under the program. For purposes of preparing the report required by this subsection (3)(d), the state auditor shall have access to all records and documents applicable to the program, whether maintained by the commission, office, local governments, or the zone administrator.

(e) Taxpayers claiming CHIPS zone credits shall provide information reasonably required by the zone administrator, the office, or the commission to evaluate the effectiveness of each zone in accomplishing the measurable economic development objectives to be achieved in the zone.

(4) (a) Subject to the requirements of subsection (5) of this section, every taxpayer that performs an act in a CHIPS zone that would qualify for the income tax credit under section 39-30-104, 39-30-105.1, or 39-30-105.5 if the act was performed in an enterprise zone, created pursuant to section 39-30-103 or 39-30-103.2, is allowed the credit pursuant to the corresponding section and this article 36 with respect to that act.

(b) Notwithstanding subsection (4)(a) of this section or any other provision in this article 36, a taxpayer may not claim an income tax credit pursuant to this article 36 for performing an act in an enterprise zone for which the taxpayer is allowed to claim an income tax credit pursuant to article 30 of this title 39.

(5) (a) Before a taxpayer engages in any activity in a CHIPS zone for which the taxpayer intends to claim an income tax credit pursuant to section 39-30-104, 39-30-105.1, or 39-30-105.5, an authorized company official of the taxpayer's business or the taxpayer who is the owner of the business must submit a precertification form to the CHIPS zone administrator as specified in subsection (3)(a) of this section in accordance with the precertification process set forth in section 39-30-103 (7).

(b) (I) A taxpayer that engages in an activity in a CHIPS zone that was precertified pursuant to subsection (5)(a) of this section for which the taxpayer intends to claim an income tax credit pursuant to section 39-30-104, 39-30-105.1, or 39-30-105.5, must submit to the CHIPS zone administrator all necessary records and information to establish that the taxpayer is entitled to the

income tax credit and all documentation required to be included in the CHIPS zone administrator's annual report pursuant to subsections (3)(b)(I) through (3)(b)(VII) of this section.

(II) The CHIPS zone administrator, taking into consideration the economic development objectives established pursuant to subsection (3)(a) of this section for the zone in which the taxpayer engaged in the activity to be certified, shall approve or deny the taxpayer's certification request in writing within thirty days of its submission.

(c) A taxpayer shall submit the approved certification from the CHIPS zone administrator, including all information required under subsections (5)(a) and (5)(b) of this section, along with any additional documentation required under section 39-36-106 (1)(b) or otherwise required by law, to the department no later than the due date, including extensions, for filing the taxpayer's state income tax return for the tax year in which a tax credit allowed under this article 36 is claimed.

(6) (a) Notwithstanding subsection (2)(b) of this section, all CHIPS zones approved by the commission pursuant to subsection (2)(a) of this section, terminate automatically on December 31, 2040.

(b) A taxpayer that completes an activity in a CHIPS zone that was precertified pursuant to subsection (5)(a) of this section prior to the date of termination of the CHIPS zone under subsection (6)(a) of this section may seek certification to claim an income tax credit pursuant to section 39-30-104 or 39-30-105.1 in accordance with the process set forth in section 39-30-103 (6)(a). Nothing in this subsection (6)(b) authorizes the commission to grant tax benefits that have been repealed by the general assembly or to grant tax benefits in excess of the limits of established law.

### **39-36-105. Electronic submissions - certification data to department of revenue.**

(1) On or before September 1, 2023, and on or before September 1 of each calendar year thereafter through September 1, 2035, the director, or the director's designee, shall transmit to the department data regarding income tax credits allowed pursuant to this article 36 that are certified by the CHIPS zone administrator from January 1 through June 30 of the same calendar year.

(2) On or before March 31, 2024, and on or before March 31 of each calendar year thereafter through March 31, 2036, the director, or the director's designee, shall transmit to the department data regarding income tax credits allowed pursuant to this article 36 that are certified by the CHIPS zone administrator from July 1 through December 31 of the previous calendar year.

(3) The data required to be transmitted by the director, or the director's designee, to the department under subsections (1) and (2) of this section must be in the form of electronic reports that include the following information:

- (a) The taxpayer's name;
- (b) The taxpayer's Colorado account number and federal employer identification number;
- (c) The type and amount of each income tax credit allowed under this article 36 and certified by the CHIPS zone administrator for the taxpayer for the tax year; and
- (d) Any associated taxpayers' names, Colorado account numbers, and federal employer identification numbers or social security numbers if the credit allowed under this article 36 is allocated from a pass-through entity to its partners, shareholders, members, or other constituent taxpayers.

#### **39-36-106. Department of revenue - electronic filings - report - rules.**

(1) (a) For the 2023 income tax year and each income tax year thereafter through the 2035 income tax year, any taxpayer that claims one or more income tax credits pursuant to this article 36 shall file a state income tax return with the department in an electronic format.

(b) A taxpayer must submit the electronic state income tax return required under subsection (1)(a) of this section together with:

(I) A certification form executed by the CHIPS zone administrator pursuant to section 39-36-104 (5)(b) for each income tax credit claimed pursuant to this article 36;

(II) Any waiver certificate issued by the commission to the taxpayer under section 39-30-104 (2)(c)(II) waiving the limit on the amount of the taxpayer's qualified investment tax credit for the income tax year;

(III) A refund election statement on a form prescribed by the department for each tax credit claimed pursuant to this article 36 for which the taxpayer elects to receive a refund pursuant to section 24-46-108;

(IV) A refund certificate issued by the commission to the taxpayer under section 24-46-108 approving each income tax credit claimed pursuant to this article 36 for which the taxpayer elects to receive a refund; and

(V) A carryforward schedule including the type and amount of each income tax credit claimed pursuant to this article 36 that the taxpayer intends to use in a subsequent tax year.

(2) The documents required under subsection (1)(b) of this section must be filed with the department not later than the due date, including extensions, for filing the taxpayer's state income tax return for the income tax year in which the income tax credits are claimed pursuant to this article 36.

(3) (a) For the 2023 income tax year and each income tax year thereafter through the 2035 income tax year, the department shall aggregate and report data on all of the income tax credits that are claimed pursuant to this article 36 for each income tax year. The department shall categorize such aggregated data by the date that the income tax credit was certified by the CHIPS zone administrator, the specific income tax credit allowed pursuant to this article 36 that each taxpayer was authorized to claim, and the total amount of the income tax credits claimed for each income tax credit allowed pursuant to this article 36.

(b) The department shall submit the data collected pursuant to subsection (1)(b)(V) of this section and the data aggregated pursuant to subsection (3)(a) of this section to the office on August 1, 2023, and on August 1 each year thereafter through August 1, 2036.

(4) The executive director of the department, in consultation with the commission and the office, may promulgate rules as necessary for the department to administer and enforce any provisions of this article 36.

PART 1  
FIREARMS AND AMMUNITION EXCISE TAX

**39-37-101. Short title.**

The short title of this article 37 is the "Crime Victim and Survivor Services Funding and Mental Health Security Act".

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2888, § 1, effective December 17 (see editor's note following the article 37 heading).

### **39-37-102. Legislative declaration.**

(1) The general assembly finds and declares that:

(a) Colorado needs consistent and reliable funding from the state to sustain the services crime victims depend on, including wraparound services, housing assistance, legal advocacy, emergency shelter, long-term safe housing, case management, on-site crisis response, emergency financial assistance, counseling, and more;

(b) Inconsistent and fluctuating funding hurts victim and survivor service providers alike. Many agencies are already working beyond their means to attempt to meet the growing needs of victims and survivors in their communities.

(c) Over the last several years, agencies have made the difficult decision to downsize due to a lack of funding while, at the same time, more victims and survivors are seeking existing services and more complex levels of services;

(d) Access to a firearm makes it five times more likely that a woman will die at the hands of an intimate partner. Every month, seventy women nationwide, on average, are shot and killed by an intimate partner. Over thirteen percent of women in America alive today, around twenty million women, have been threatened by an intimate partner using a firearm. In the United States, between 2014 and 2019, sixty percent of mass shooting events were found to be domestic violence attacks or to have been perpetrated by those with a history of domestic violence.

(e) Additionally, individuals experiencing trauma due to gun and other types of violence, including military veterans and at-risk youth, need support to access mental health services in order to recover from their trauma and reclaim their health. Currently, there are significant barriers to access to mental health services in Colorado.

(f) Even before the COVID-19 pandemic, Colorado ranked in the bottom half of all states with regard to the prevalence of mental illness in the state relative to access to care. Since the pandemic began, the Colorado crisis services hotline has received thirty percent more calls and texts than in previous years, and the psychiatric emergency department at children's hospital in Colorado has treated ten percent more children experiencing thoughts of suicide. In 2021, one-third of Colorado youth reported experiencing feelings of sadness and hopelessness for a period of at least two weeks or more.

(g) In Colorado, a gun suicide death occurs every thirteen hours. During an average year, six hundred seventy-seven people die by gun suicide and seventy-three percent of all gun deaths in Colorado are suicides. Colorado has the tenth highest rate of gun suicide in the United States. According to the United States department of veterans affairs, the veteran suicide rate in Colorado is significantly higher than both the national average and the national general population suicide rate. The Colorado board of veterans affairs has reported that current resources are inadequate to meet the needs of the nearly four hundred thousand veterans in

Colorado, and Colorado is expected to experience a thirty-nine percent increase in service needs in the near future.

(h) In Colorado, over half of all gun deaths among children and teens are suicides. According to the Colorado department of public health and environment, suicide is the leading cause of death for youth and young adults, persons aged ten to twenty-four years old. Black children and black teens are five times more likely than their white peers to die by gun.

(i) The excise tax on the net taxable sales of firearms dealers, firearms manufacturers, and ammunition vendors for retail sales in this state is analogous to longstanding federal law, which has, since 1919, placed a ten to eleven percent excise tax on the sale of firearms and ammunition by manufacturers, producers, and importers;

(j) Revenue from this federal excise tax has been used, since passage of the federal "Pittman-Robertson Wildlife Restoration Act" in 1937, to fund wildlife conservation efforts that remediate the effects that firearms and ammunition have on wildlife populations through game hunting, particularly through grants to state wildlife agencies, and for conservation-related research, technical assistance, hunter safety, and hunter development;

(k) This article 37 will similarly place a reasonable state surtax on firearm and ammunition industry members that profit from the sale of firearms and ammunition in order to generate sustained revenue for programs that are designed to remediate the devastating impacts of these products on families and communities across this state;

(l) The National Rifle Association has referred to the federal excise tax scheme as a "legislative model" and "friend of the hunter", and the National Shooting Sports Foundation (NSSF) has repeatedly emphasized the importance of this federal firearm industry excise tax as well. A 2019 statement by an NSSF director published on the NSSF's website emphasized that "an often overlooked, and certainly under-communicated benefit, is the impact that excise taxes on firearms and ammunition have on conservation and wildlife populations", and a similar 2018 statement from NSSF praised Key Pittman and Willis Robertson, the legislators who sponsored the federal excise tax, as "heroes of the most successful conservation model in the world".

(m) This article 37 will similarly provide dedicated revenue to sustain and expand effective gun violence prevention, healing, and recovery programs for families and communities across Colorado, particularly in communities most disproportionately impacted by gun violence;

(n) This article 37 is consistent with our nation's longstanding historical tradition of regulating commercial firearm and ammunition manufacturers and sellers, including through federal, state, and local taxes on this commercial activity. An 1883 California statute, for instance, directed local governments to provide for payment of all revenue assessed as a tax, or received for licenses, on the storage, manufacture, and sale of gunpowder and related products in

order to fund a "Fireman's Charitable Fund" to support professionals tasked with remediating the collateral impacts of firearm-related commercial activity on public safety through fire risk.

(o) In the historical record, other states, including Mississippi (1844), North Carolina (1857), Georgia (1866), Alabama (1867), the then-independent kingdom of Hawaii (1870), Nebraska (1895), Florida (1898), Wyoming (1899), and Virginia (1926), have similarly enacted longstanding commercial, occupational, or other taxes on those selling, purchasing, or possessing firearms and other dangerous weapons;

(p) The tax proposed in this article 37 mirrors the federal excise tax on firearm and ammunition industry participants and is similarly dedicated to funding programs to remediate the direct costs to individuals and communities resulting from the accessibility of firearms and ammunition in this state.

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2888, § 1, effective December 17 (see editor's note following the article 37 heading).

### **39-37-103. Definitions.**

As used in this article 37, unless the context otherwise requires:

(1) "Ammunition" means ammunition or cartridge cases, primers, bullets, or propellant powder designed for use in any firearm.

(2) "Ammunition vendor" means any person who engages in any retail sale of ammunition to a consumer in this state.

(3) "Doing business in this state" means the selling, leasing, or delivering in this state, or any activity in this state in connection with the selling, leasing, or delivering in this state, of firearms, firearms precursor parts, or ammunition by a retail sale, for use, storage, distribution, or consumption, within this state by a person who:

(a) Maintains within this state, directly or indirectly or by a subsidiary, an office, distribution facility, salesroom, warehouse, storage place, or other similar place of business, including the employment of a resident of this state who works from a home office in this state; or

(b) Solicits, either by direct representatives, by indirect representatives, by manufacturers' agents, by distribution of catalogues or other advertising, by use of any communication media, or by use of the newspaper, radio, or television advertising media, or by any other means whatsoever, business from persons residing in this state and by reason thereof receiving orders from, or selling or leasing tangible personal property to, such persons residing in this state for

use, consumption, distribution, and storage, for use or consumption in this state during the following periods:

(I) An entire calendar year if, in the previous calendar year, the person has made retail sales of firearms, firearms precursor parts, or ammunition in this state exceeding twenty thousand dollars; or

(II) On and after the first day of the month after the ninetieth day after the person has made retail sales of firearms, firearms precursor parts, or ammunition in this state in the current calendar year that exceed twenty thousand dollars.

(4) "Excise tax" or "tax" means the tax imposed by this article 37.

(5) "Executive director" means the executive director of the department of revenue.

(6) "Firearm" or "gun" means a firearm as defined in section 18-12-101 (1)(j) and any instrument or device described in section 18-1-901 (3)(h).

(7) "Firearm precursor part" or "gun precursor part" means:

(a) An unfinished frame or receiver as defined in section 18-12-101 (1)(z);

(b) A fire control component as defined in section 18-12-101 (1)(l);

(c) A device marketed or sold to the public that is designed or adapted to be inserted into, affixed onto, or used in conjunction with a firearm if the device is:

(I) Reasonably designed or intended to be used to increase a firearm's rate of fire, concealability, magazine capacity, or destructive capacity; or

(II) Reasonably designed or intended to be used to increase a firearm's stability and handling when the firearm is repeatedly fired; or

(d) Any machine or device that is marketed or sold to the public that is reasonably designed or intended to be used to manufacture or produce a firearm.

(8) "Firearms dealer" or "gun dealer" means any person who is a federally licensed firearms dealer as defined in section 18-12-101 (1)(g) or a licensed gun dealer as defined in section 18-12-506 (6).

(9) "Firearms manufacturer" or "gun manufacturer" means any person who is licensed to manufacture firearms or ammunition pursuant to 18 U.S.C. sec. 921 et seq. and who engages in any retail sale of a firearm, firearm precursor part, or ammunition to a consumer in this state.

(10) "Fund" means the firearms and ammunition excise tax cash fund created in section 39-37-301 (1)(a).

(11) (a) "Law enforcement agency" means a department or agency of the state or of a county, city, city and county, or town within the state that employs at least one peace officer who is authorized to carry a firearm while on duty.

(b) "Law enforcement agency" includes a federal law enforcement agency and a tribal law enforcement agency.

(12) "Net taxable sales" means the aggregate purchase price received or due in money, credits, or property, or other consideration valued in money from all retail sales within this state, and embraced within the provisions of this article 37, less deductions for:

(a) An amount equal to the purchase price of property exempt from tax pursuant to section 39-37-105;

(b) An amount equal to the purchase price of property returned by the purchaser when the full sale price thereof is refunded whether in cash or by credit; and

(c) An amount equal to the purchase price of property sold on account found to be worthless and actually charged off by the taxpayer for income tax purposes, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts collected.

(13) (a) "Peace officer" means a certified peace officer described in section 16-2.5-102.

(b) "Peace officer" includes a police officer or criminal investigator employed by a federal or tribal law enforcement agency and a qualified retired law enforcement officer, as defined in 18 U.S.C. sec. 926C (c).

(14) "Person" has the same meaning as set forth in section 39-26-102 (6.3).

(15) (a) "Purchase price" means the aggregate consideration valued in money paid or delivered or promised to be paid or delivered by the user or consumer in consummation of a sale, exclusive of:

(I) The excise tax;

(II) Any direct tax imposed by the federal government;

(III) Any sales or use tax imposed by this state or by any political subdivision thereof;

(IV) Any retail delivery fee and enterprise retail delivery fees imposed or collected as specified in section 43-4-218;

(V) Another tax or fee imposed by a governmental entity that is collected at the same time as the excise tax.

(b) For purposes of this article 37, "purchase price" includes the full purchase price of the firearm, firearm precursor part, or ammunition sold after manufacture or after having been made

to order and includes the full purchase price for material used and the service performed in connection therewith, and the profit thereon, included in the price charged to the user or consumer.

(16) "Retail sale" means all sales made within this state except wholesale sales.

(17) "Sale" means the acquisition for any consideration by any person of a firearm, firearm precursor part, or ammunition subject to the excise tax including installment and credit sales and the exchange of such property as well as the sale thereof for money and every such transaction, conditional or otherwise, for a consideration constituting a sale.

(18) "Vendor" means a person doing business in this state as an ammunition vendor, a firearms dealer, or a firearms manufacturer or any combination thereof.

(19) "Wholesaler" means a person doing a regularly organized wholesale or jobbing business and known to the trade as such and selling to retail merchants, jobbers, dealers, or other wholesalers, for the purpose of resale.

(20) (a) "Wholesale sale" means:

(I) A sale by a wholesaler to a vendor or other wholesaler for resale; or

(II) A sale to a person engaged in the business of manufacturing, compounding, or furnishing for sale, profit, or use any property which enters into the processing of or becomes an ingredient or component part of the product which is manufactured, compounded, or furnished.

(b) "Wholesale sale" does not include a sale by a wholesaler to a user or consumer not for resale.

**39-37-104. Firearms, firearm precursor parts, and ammunition - excise tax levied upon gross taxable sales - tax rate.**

(1) On and after April 1, 2025, there is levied an excise tax upon every vendor at the rate of six and one-half percent of the net taxable sales from the retail sale in this state of any firearm, firearm precursor part, or ammunition. Every vendor shall pay the tax levied by this section to the executive director in accordance with the provisions of this part 1.

(2) The determination of whether a retail sale occurs in this state is governed by the provisions set forth in section 39-26-104 (3)(a)(I) to (3)(a)(V) and the definitions set forth in section 39-26-104 (3)(d)(I) and (3)(d)(II).

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2894, § 1, effective December 17 (see editor's note following the article 37 heading).

**39-37-105. Exemption.**

The purchase price paid in consummation of the retail sale of any firearm, firearm precursor part, or ammunition to a peace officer or a law enforcement agency employing that peace officer or to an active duty member of the armed forces of the United States is exempt from taxation pursuant to this article 37.

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2894, § 1, effective December 17 (see editor's note following the article 37 heading).

**39-37-106. Administration and enforcement - disputes and refunds - rules.**

(1) The executive director shall administer and enforce the tax levied pursuant to this part 1 in accordance with the provisions of article 21 of this title 39.

(2) The burden of proving that a sale of a firearm, firearm precursor part, or ammunition is not subject to or is exempt from the excise tax, or that a vendor is not doing business in this state, as defined in section 39-37-103 (3), or is otherwise not required to make a return or to remit tax pursuant to this article 37, shall be on the vendor under such reasonable requirements of proof as the executive director may prescribe by rule.

(3) (a) The executive director shall make a refund or allow a credit to any vendor that establishes that the vendor has overpaid the tax due pursuant to this article 37. No such refund shall be made or credit allowed in an amount greater than the tax paid.

(b) The vendor must file any claim for refund or credit under this section within three years after the due date of the return showing the overpayment. The claim must be made on forms prescribed by the executive director and must include such pertinent data, information, or documentation as the executive director may require.

(c) Upon receipt of the application and proof of the matters contained therein, the executive director shall give notice to the vendor in writing of the executive director's decision. Aggrieved vendors may petition the executive director for a hearing on the claim in the manner provided in section 39-21-104.

(4) The executive director shall promulgate rules for the implementation of this part 1.

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2895, § 1, effective December 17 (see editor's note following the article 37 heading).

#### **39-37-107. Registration required.**

(1) (a) It is unlawful for any person to engage in the business of an ammunition vendor, a firearms dealer, or a firearms manufacturer in this state without first having registered as a vendor with the executive director. A registration application properly filed on a form prescribed by the executive director and accepted by the executive director is valid until December 31 of the next odd-numbered year following the date of registration, unless sooner canceled or revoked. A person registering pursuant to this subsection (1) shall disclose the name of the vendor and the vendor's business location, including the street number of the vendor's business location, and any other facts the executive director may require.

(b) It is the duty of every vendor on or before January 1 of each even-numbered year to renew the vendor's registration if the vendor remains in retail business or liable to account for the tax levied pursuant to this article 37.

(c) If a vendor makes retail sales at two or more separate places of business in this state, a separate registration for each place of business is required.

(2) The executive director, after reasonable notice and a hearing, may revoke the registration of any person found by the executive director to have violated any provision of this article 37. Any finding and order of the executive director revoking the registration of any vendor is subject to review by the district court of the district where the business of the vendor is conducted, upon application of the vendor. The procedure for review must be, as nearly as possible, the same as provided for the review of findings as provided by proceedings in the nature of certiorari.

(3) (a) Any vendor who makes retail sales subject to the excise tax without registering commits a petty offense and shall be punished according to section 18-1.3-503.

(b) Any vendor who makes retail sales subject to the excise tax without registering may also be subject to a civil penalty of fifty dollars per day up to a maximum penalty of one thousand dollars. The executive director shall assess the penalty imposed by this subsection (3)(b) in the same manner as the taxes, penalties, and interest imposed by this article 37. The executive director may waive or reduce the penalty assessed pursuant to this subsection (3)(b) if the vendor's failure to register is due to reasonable cause and not willful neglect or intent to defraud.

**Source: L. 2024:** Entire article added, (HB 24-1349), ch. 423, p. 2895, § 1, effective December 17 (see editor's note following the article 37 heading).

### **39-37-108. Books and records to be preserved.**

(1) Every vendor shall keep complete and accurate records necessary for the determination of the correct tax liability, including itemized invoices of all retail sales of any firearms, firearm precursor parts, or ammunition in this state.

(2) A vendor shall provide a copy of the records required to be kept pursuant to subsection (1) of this section, and any other records deemed necessary by the executive director for the determination of the correct tax liability to the executive director, if so requested. The executive director may establish the acceptable form of such records.

### **39-37-109. Returns and remittance of tax - civil penalty - rules.**

(1) Every vendor shall file a return with the executive director each month. The return, which must be upon forms prescribed and furnished by the executive director, must contain the net taxable sales from the retail sale in this state of any firearm, firearm precursor part, or ammunition by the vendor during the preceding month, the tax due thereon, and any other information that the executive director may reasonably require.

(2) Every vendor shall file the return required by subsection (1) of this section with the executive director by the twentieth day of the month following the month reported and with the

report shall remit the amount of tax due. The vendor shall file the return required by subsection (1) of this section electronically and remit the amount of tax due by electronic funds transfer.

(3) The executive director may extend the time for filing a return and remitting the tax due for good cause shown or under such reasonable rules as the executive director may promulgate.

(4) If a person neglects or refuses to file a timely return or payment of the tax, to pay or correctly account for any tax as required by this article 37, or to keep complete and accurate records, as required by section 39-37-109, the executive director shall make an estimate, based upon the information available, of the amount of tax due or not accounted for or incorrectly accounted for on a return for the period for which the vendor is delinquent. The executive director shall add to the estimated amount of tax due or not accounted for or incorrectly accounted for interest, if applicable pursuant to section 39-21-110.5, and a penalty equal to the greater of:

(a) Fifteen dollars; or

(b) Ten percent of such unpaid, unaccounted, or incorrectly accounted for amount of tax, plus one-half percent per month from the date when due, not to exceed eighteen percent in the aggregate.

**PART 2**

**SUBMISSION OF BALLOT ISSUE - FIREARMS AND AMMUNITION  
EXCISE TAX**

**39-37-201. Submission of ballot issue - excise tax on firearms and ammunition - definition.**

(1) As used in this section, "ballot issue" means the question submitted to voters pursuant to subsection (2) of this section.

(2) At the statewide election held in November 2024, the secretary of state shall submit to the registered electors of the state for their approval or rejection the following ballot issue: "Shall state taxes be increased by \$39,000,000 annually to fund mental health services, including for

military veterans and at-risk youth, school safety and gun violence prevention, and support services for victims of domestic violence and other violent crimes by authorizing a tax on gun dealers, gun manufacturers, and ammunition vendors at the rate of 6.5% of the net taxable sales from the retail sale of any gun, gun precursor part, or ammunition, with the state keeping and spending all of the new tax revenue as a voter-approved revenue change?"

(3) For purposes of section 1-5-407, the ballot issue is a proposition. Section 1-40-106 (3)(d) does not apply to the ballot issue.

### PART 3

#### FIREARMS AND AMMUNITION EXCISE TAX CASH FUND

##### **39-37-301. Firearms and ammunition excise tax cash fund - creation - distribution.**

(1) (a) The firearms and ammunition excise tax cash fund is created in the state treasury. The fund consists of money transferred to the fund pursuant to section 39-37-110 (2) and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(2) (a) Except for any money in the fund that is annually appropriated by the general assembly pursuant to subsection (2)(b) of this section, money paid into the fund pursuant to section 39-37-110 (2), or credited to the fund pursuant to subsection (1)(b) of this section must be distributed from the fund as follows:

(I) (A) The first thirty million dollars paid into the fund in the first fiscal year in which money is transferred to the fund must be transferred to the Colorado crime victim services fund created in section 24-33.5-505.5 (2) and used for crime victim services grants, as described in section 24-33.5-505.5 (3).

(B) For each fiscal year thereafter, the executive director or the executive director's designee shall annually calculate and adjust the amount required to be transferred pursuant to subsection (2)(a)(I)(A) of this section for inflation or deflation and shall round the adjusted amount upward or downward to the nearest one thousand dollars. Inflation or deflation is measured by the annual percentage change in the United States department of labor's bureau of labor statistics consumer price index, or a successor index, for Denver-Aurora-Lakewood for all items paid by urban

consumers. The state treasurer shall transfer the amount calculated by the executive director or the executive director's designee pursuant to this subsection (2)(a)(I)(B) in accordance with the requirement in subsection (2)(a)(I)(A) of this section.

(II) After the requirement in subsection (2)(a)(I) of this section is met, the next eight million dollars paid into the fund in each fiscal year must be transferred to the behavioral and mental health excise tax cash fund created in section 39-37-302; and

(III) After the requirement in subsection (2)(a)(II) of this section is met, the next one million dollars paid into the fund in each fiscal year must be transferred to the school security disbursement program cash fund created in section 24-33.5-1811 (1).

(b) Subject to annual appropriation by the general assembly, for state fiscal year 2024-25 and any state fiscal year thereafter, the department of revenue may expend money from the fund for direct and indirect costs associated with implementing and administering this article 37.

(3) Notwithstanding any other provision of this section, on June 30, 2025, and June 30, 2026, the state treasurer shall transfer from the fund to the general fund an amount of money equal to the amount of money used in the state fiscal years 2024-25 and 2025-26 from the general fund to pay the costs of implementing and administering this article 37.

### **39-37-302. Behavioral and mental health excise tax cash fund - creation - distribution.**

(1) (a) The behavioral and mental health excise tax cash fund is created in the state treasury, referred to in this section as the "fund". The fund consists of money transferred to the fund pursuant to section 39-37-301 (2)(a)(II) and any other money that the general assembly may appropriate or transfer to the fund. The general assembly may appropriate money from the fund to a department for behavioral health care.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(2) The first five million dollars of the money transferred to the fund pursuant to section 39-37-301 (2)(a)(II) and section 24-75-230 (3.8) must be used by the behavioral health administration, established pursuant to section 27-50-102, in coordination with the division of veterans affairs, created in section 28-5-701 (1), for the purpose of continuing and expanding the veterans mental health services program in accordance with section 28-5-714. If the money

described in this subsection (2) is in the fund, the general assembly shall annually appropriate the money from the fund in accordance with this subsection (2) until the general assembly has appropriated the full amount of money.

(3) After the requirement in subsection (2) of this section is met, the next three million dollars of the money transferred to the fund pursuant to section 39-37-301 (2)(a)(II) and section 24-75-230 (3.8) must be used by the behavioral health administration for the purpose of continuing and expanding access to behavioral health crisis response system services for children and youth in accordance with article 60 of title 27. If the money described in this subsection (3) is in the fund, the general assembly shall annually appropriate the money from the fund in accordance with this subsection (3) until the general assembly has appropriated the full amount of money.

(4) The general assembly may appropriate any money other than the money described in subsections (2) and (3) of this section that is in the fund to a department for behavioral health care.
